A well tilled farm is more valuable to the owner and the community than an oil gusher.

THE CROSBY COUNTY FAIR HAS THREE DAYS EXHIBITION

Wednesday, Thursday and Friday of last week The Crosby County Fair held a very successful three days exhibition of farm products and livestock, including a variety of entertaining features. The showing of farm products was by communities as well as individuals, there being some eight or ten communities contesting for premiums, the showings arranged in booths around the walls of a large tent. It was an exhibition of the very finest farm products, evidencing conclusively that Crosby county is a rich farming section, her soils producing in variety as fine products as any section of country in the great West.

As entertaining features on the grounds were merry go round, ferris wheel, airplane swing, and a hundred real Indians doing the war dance, together with the usual concessions.

Crosby, as well as Dickens and other counties of West Texas, is catching the community spirit of co-operation which makes for bigger things, greater progress and prosperity. Community cooperation will extend into County cooperation, and not many years will pass until the several counties will join in a District Fair showing which will attract the attention of the outside world, and to this end the Northwest Texas Fair has been launched.

THE GIRARD SCHOOLS OPEN MONDAY, OCTOBER FIRST

The Girard Schools opened Monday, October first, with a large attendance.

The Girard School District has just completed a ten thousand dollars additional building to the old building, both of which are of brick and modernly constructed, thus giving adequate school building facilities for several years to come, and one among the most handsome and substantial structures within the entire Western country.

Girard is located in a rich and productive farming belt, her business men and citizens are progressive, and in providing superior educational facilities other good citizens are given material and substantial encouragement to locate, build homes, improve farms and identify themselves with a progressive community and prosperous citizenship.

HAIL AND RAIN STORM DOES DAMAGE AT MATADOR

Is reported that Sunday evening a heavy hail and rain storm did much damage in the Matador country, the hail beating down to mere stubs the crops on approximately fifteen farms. Some four or five inches of rain is also said to have fallen, doing much damage.

This is a real calamity, since crops are all made and ready for the harvest, making the entire year's work a complete loss to the fifteen or more farmers of that territory.

THREE OPERATIONS AT THE NICHOLS SANITARIUM TUES.

Dr. Nichols performed three operations Tuesday at the sanitarium, including the following: Mrs. Fred Ross of Peacock, for appendicitis; Miss Nicholson, of Roaring Springs, for appendicitis; and a child of Mr. and Mrs. Chaney of Jayton, for strangulated hernia.

Saturday, Bill Morrow, an old settler 62 years of age, of Stonewall county, was operated for appendicitis. Also young Simmons of Duck Creek was operated for appendicitis.

And again Thursday night of this week, Richard McMahan was brought in and operated on at twelve o'clock for appendicitis.

Some time ago Dr. Nichols performed five operations in one day. At the present time the sanitarium is filled to its capacity, all patients going nicely. From far and near Spur is recognized as a center for successful surgery.

COTTON PRICE GOES UP AND DOWN DURING WEEK

During the week the price of cotton varied as much as nine dollars a bale on the markets. In Spur it sold as high as 9.15, while today it is bringing only 28 cents.

Showers of rain slowed up picking to a great extent.

DICKENS HIGH SCHOOL BOY GETS ONE OF ARMS BROKEN

Sunday afternoon, while horse back riding with other boys, Jim Koonsman's horse stumbled and fell on him, breaking his arm between the elbow and shoulder. He was brought immediately to Dickens where Dr. Blackwell gave it proper surgical attention.

TEXAS NOW HOLDS THE WORLDS RECORD ON LITTERS

Texas now holds the worlds record in the National Ton-Litter contest with an official weight of 8398 1-2 pounds for a litter of twelve Duroc Jerseys at the end of 180 days feeding. The pigs averaged 324.9 pounds each when weighed Sept. 1st under the supervision of A. L. Ward, Swine Specialist of Texas A. & M. and officials of the McLennan County Farm Bureau. The pigs made an average daily gain of 1.8 pounds during the entire feeding period.

This record litter was bred and raised by Vic Hill, Chalk Bluff, McLennan County Texas, and is from champion ancestry on both sides. The sire is a son of the Champion Junior yearling boar at the Texas State Fair in 1920 while the dam is by L's Pathfinder that was state grand champion Duroc boar at Dallas in 1919. The pigs were farrowed March 5th, there being fourteen in litter, twelve of which were raised. The dam was a few days less than three years old when the contest ended.

For raising this great litter, Mr. Hill won \$335.00 in cash prizes; \$200.00 of which was offered by the National Duroc-Jersey Redford Association, Peoria, Illinois, and the balance by Waco business houses. On the day weighed, the pigs were valued at 9 and one half cents per pound on the market though Mr. Hill will realize much more for them. He has recorded nine of the pigs and after ace they will be sold for breeding stock.

The total cost of feed consumed including pasture was \$229.84 making the cost of production \$5.89 per cwt. At the market value of 9 1-2 cents a pound the pigs showed a net profit of \$140.51. The pigs were fed corn, corn meal, pig chow and skim milk. When 90 days old the litter weighed 1240 pounds; at 131 days the litter passed the ton mark weighing 2325 and at 160 days the weight was 3117. The last twenty days the daily gain was 3 1-2 pounds per pig.

PANHANDLE-SOUTH PLAINS FAIR NOW ON AT LUBBOCK

The Panhandle-South Plains Fair is now in progress at Lubbock and will continue until the night of October 6th. We acknowledge receipt of a season complimentary pass with the invitation to pour a little juice in our hoopie and come see the sights, including a lot of 'new things' and a 'bigger and better fair' (for who ever heard of a fair that was not bigger and better.) The pass, it was stated, carried with it the right to look wise, offer suggestions and make comparisons with that fair and our own fair, and to tell the officials how much better we and our bunch could have staged the party. It is so seldom a newspaper man gets a real chance to rare back on his dignity, the invitation further stated, that we want to extend it to you.

Lubbock knows how to do things. It is a fine town, a fine country and no doubt will have a fine exhibition. If we can get the juice for our 'hoopie' we may go.

GOING DOWN THE "HOME STRETCH" ON COUPE CONTEST

The Ford Coupe Contest will close Wednesday, October 31st. Contestants for subscriptions to Texas Spur and Dearborn Independent are hustling too, and bringing in the subscriptions slowly, and because Godfrey & Smart are greatly disappointed, we are going to give 500 votes for every one years subscription to Dearborn brought in before Saturday night, October 13th. We are also going to give 10,000 votes to the contestant who brings in the largest number of subscribers to both Texas Spur and Dearborn by October 31st.

Now is the time to hustle subscriptions, and we hope to put on several hundred new names by the end of this special offer. Some one of the contestants will soon be driving the new Ford Coupe.

We stated heretofore that no more double vote offers for Texas Spur and Dearborn Independent, and there will not be. However, since Dearborn Independents are coming slowly, and because Godfrey & Smart are greatly disappointed, we are going to give 500 votes for every one years subscription to Dearborn brought in before Saturday night, October 13th. We are also going to give 10,000 votes to the contestant who brings in the largest number of subscribers to both Texas Spur and Dearborn by October 31st.

FUNERAL OF EARL BRANNEN HELD AT DICKENS MONDAY

Monday afternoon, in the cemetery at Dickens City, while grief stricken friends and relatives gathered 'round, Rev. Jennings, pastor of the Baptist church, pronounced the last rites of burial, and, smothered in flowers, the casket containing all that was mortal of Earl Brannen was lowered to its last resting place beside his mother, who passed this life seven years ago, lacking one day.

Earl met his death at Park City, Utah on Tuesday, September 11th, at about 7:30 o'clock in the evening. He was employed as brakeman on a construction train, and had been in the company's service about a week. It was his first trip out that night. Something broke about the gondola loaded with dirt, precipitating the entire load onto him, breaking one arm, bruising his head and face, and giving other internal injuries from which he expired 40 minutes later.

With him was Trueman L. Hart, also in the company's employ, who had the body carefully prepared for transportation and accompanied it back to the old homestead.

Earl Brannen, 27 years of age, was a fine young man; clean in life and limb, he was a favorite with his friends. Of high ideals and lofty ambitions, he was also energetic and courageous to a marked degree. It was only a few weeks ago, accompanied by his friend T. L. Hart, that he set out for the Northwest country, to see, to learn and to do things that make for wider experience and greater prosperity. Little did he realize as he bade loved ones good bye that the slender thread of life was to be so soon and so suddenly snapped in to. But in such a world of uncertainty do we all spend our days, of glory lead but to the grave."

Beautiful floral wreaths, sent by many friends, the base ball club of which he was a member and the Baptist church of which he was an attendant, expressed but briefly the esteem in which he was held and the pangs of grief at his sudden demise.

Aside from the immediate family attending the funeral services, there were also present three of his uncles: A. J. Martin, Blum; Leo Martin, Burleson and G. L. Blackshear, of Baileyboro. W. C. Squires of Littlefield was also in attendance. Littlefield Leader.

W. L. Thannisch, of Croton, was here the first of the week.

I will teach my pupils in piano at the home of Mrs. Will Garner, two blocks east of the school building. Pauline Ramsey.

Mrs. Stokes, of Dallas, is visiting her daughter, Mrs. W. C. Presley of

CO-OPERATIVE INSTITUTE TO BE HELD AT STAMFORD

To Superintendents, Principals and Teachers, of the Counties of Shackelford, Jones, Haskell, Knox, Stonewall, Kent and Dickens.

Messrs. Speer and Cameron of Dickens County, Trammell of Stone wall, Thompson and Rogers of Jones, Mrs. Robertson of Haskell, J. Horace Bass of Knox and N. S. Holland, holding a proxy for Shackelford County met and laid plans for a co-operative teachers' institute as follows:

Date for holding: December 17 21; Stamford; chairman, N. S. Holland; secretary, Mrs. Ed Robertson; general director, V. Z. Rogers; fee to be paid by all teachers affected, \$2.00.

These representatives were unanimous in their opinion that the institute should be organized into a week of school, thereby affording opportunity for teachers to learn better methods of handling subject matter.

It was decided that one general session per day would be enough and that such a session would be for one hour only.

One hour per day will be set apart for county superintendents to meet their teachers, as the law provides.

The committee was unanimous in the opinion that some leading talent for instructors should be secured as speedily as possible.

1. Norman G. Crozier, Assistant Superintendent of the Dallas Public Schools was the first choice of the committee to take over the high school subjects. LATER: He has notified your chairman that he is quite hopeful of getting his schedule so arranged that he can spend the week with us.

2. J. F. Peeler, Supervisor of the Intermediate Schools of the City of Dallas, was the choice of all of the committee to direct the work with us in the intermediate grades. He was reached via telephone and a trade was made with him. In Mr. Peeler you will hear the best in the state.

3. A motion prevailed that L. D. Borden, Rural School Supervisor, be asked to spend at least two days with us. Thompson of Jones County was induced to take up this matter with Mr. Borden.

4. It was agreed to get at least two more teachers, one for primary work methods and another for public school music, writing and drawing. Any superintendent, principal or teacher knowing of a supervisor or teacher who would likely meet our requirements is urged to communicate with Mrs. Ed Robertson, Haskell, Texas, as the committee is looking to Mrs. Robertson, a primary teacher of considerable experience, to make nominations for these teachers.

The programme will be published in detail, giving the subjects to be discussed, hours thereof, rooms therein, so that beforehand one may plan to spend the week.

No one need entertain any fears of being cared for, as the Stamford Chamber of Commerce will see that the City of Stamford lives up to its reputation as a host. Reasonable rates, indeed, will prevail for both board and lodging.

STONEWALL BOY ON TRIAL IN RANDALL SLAYING CASE

Abilene, Oct. 1.—A jury was completed here at noon Monday to try Theodore Smith, youth accused of murder in connection with the slaying of Former District Attorney Joe C. Randell of Jones County.

Randell was one of a party in a motor car en route from Aspermont to Hamlin several months ago when a shot from ambush fatally wounded him. The Smith boy was arrested a short time afterward.

The jury returned a verdict of guilty Wednesday, giving 16 years. The case will be appealed on the claim of his being a juvenile.

A FINE SUGGESTION

To the Editor of the Texas Spur:

We attended your Fair, saw all of your wonderful exhibits, attractive floats, splendidly managed stock show, and had the pleasure of meeting a few of your many fine citizens; we also noticed that your streets were clean, the homes attractive, lawns well kept and last of all, but greatest of all we caught your air of progressiveness the one factor which makes a town great, a county great, a nation great. We wish there were more like you.

After having offered, in all sincerity, this praise may we not offer one little slice of advice. Spur has put her name on the map with her splendid Fair—so why not ask all the surrounding counties to unite with her and make it a fair that will put this section of country on the map in box car letters.—A Reader.

Mr. and Mrs. N. Travis Cochran arrived Saturday from Dallas. They are visiting Mrs. Cochran's parents, Mr. and Mrs. J. H. Clay. Mr. Cochran has been appointed to take charge of Bush & Gerts Piano Co. business in Houston. Mr. and Mrs. Cochran will leave for that point October 7th.

LOST—A leather suit case, Tuesday afternoon, about 2:30, between Spur and W. A. Johnson's farm. Case belongs to a colored person, and books including other articles, bears the name of Rev. W. M. Windom. Finder leave at the Johnsons farm and get reward. 49 1tp.

Mrs. Coffee and son, a sister, and Mrs. Stafford, mother of Mrs. F. R. Harrington, were here to attend the funeral of Oscar Harrington, and remained a few days with the family. Mrs. Mable Harrell of Wichita, Kansas, and Mr. and Mrs. T. N. Morgan and children, of Sweetwater, daughters of Mrs. Harrington, are also here with the family through this tragic bereavement.

Mrs. Franklin, of Spur, is now in the Nichols Sanitarium, having undergone a successful operation Sunday at the hands of Dr. Nichols.

Mrs. P. H. Miller returned this week from Belton where she accompanied her niece, Miss Thelma Rich, for entrance in the Baylor Female College for the term. While such things may not usually be generally noted, Mr. and Mrs. P. H. Miller are making it possible and sponsoring more than one young person in obtaining an education in the schools and colleges of Texas. This is most worthy and the good of such acts is immeasurable. We pass this way but once, and the real good done is in helping others along the way. Too often, possibly, we recognize the faults and fail to commend the good of others. The world has people who render real service to God and mankind.

Miss Johnson, of Girard, was brought to the Nichols Sanitarium Saturday where she underwent a successful operation. Her sister had just returned home from the sanitarium where three weeks ago she had been operated upon. The Nichols Sanitarium is generally recognized as a safe and successful institution for surgery, and hundreds of operations are being performed upon patients from every section of the country.

W. H. Rogerson, a printer of the old school, passed through Spur Wednesday of this week, paying us a fraternal call. Mr. Rogerson followed the printer's trade in the early days when printers were in demand and paid top prices for long "strings." But since the coming of machines many expert printers are now "drifting" from point to point where hand composition is in demand.

Mrs. Ross was brought from Peacock last Tuesday, undergoing a successful operation at the hands of Dr. Nichols at the Nichols Sanitarium.

N. E. Porter, real estate, insurance and Federal Farm Loan agent, of Jayton, was a business visitor in Spur Tuesday, spending some time here meeting with friends and acquaintances.

Get in the road that leads to Spur.

W. A. Kimmel, of Spur, was here first of the week, and was west the street handed us three dollars to mark his subscription up two years, thus not only materially helping us but boosting one of the contestants for the Ford Coupe. Mr. Kimmel was unfortunate in hitting the cotton market at a time when it had dropped, but nevertheless he, with others, is gratified with a price ranging around twenty eight cents for the staple. Many of us feared the price might be fifteen to twenty cents, but now we would not be surprised to see cotton sell for thirty five or even forty cents a pound before the end of the cotton season. However, it is a risky business to hold cotton for higher prices when it is twenty five to thirty cents on the market. Mr. Kimmel has sold cotton for three cents a pound, and recognizes that the price may drop as well as soar.

Miss Carol Senning left this week for Amarillo where she will remain on an extended visit with her brother, C. Earl Senning and family. Earl Senning is now district manager for the Chevrolet Motor Company, his territory covering Oklahoma, New Mexico and West Texas.

LOST—1 mud Chain 33x4. \$1.00 reward if returned to Ben J. Brothers, Spur, Texas. 49 1t.

Bert N. Brown was in Spur during the week from the 24 Ranch, transacting business affairs and meeting with friends.

Mrs. Earl Senning and children and Miss Dottie Elliott, of Amarillo, spent the week end in Spur guests of Mrs. Kate Senning and Mrs. W. J. Elliott.

MULES FOR SALE—13 1-2 to 15 1-2 hands high, 3 to 7 years old. P. H. Leatherwood. 49 4tp.

FOR SALE—88 head of Angora goats, 2 billie, 5 withers and the rest nannies. I will sell for \$2.00 each at Claremont, Texas.—Lee Duncan.

W. M. Bivins, a good citizen and farmer of the Afton country, was marketing cotton Tuesday in Spur who is crops good in his section. These hogs, a diversified lot, are as yearlings in the country, thousand pounds without, but can be kept and fattened to feed than any other breed.

J. B. Glaze, of Barstow, is spending a few days with his daughter, Mrs. R. L. Collier and family.

lengths to achieve beauty, and put in the shade the painful operation of "dimpling" (making a hole in the chin by means of a drugged needle.)

Many women think nothing of having their noses broken and reset, in a different shape, says a Paris correspondent. Others actually have the eyebrows moved upward or downward, as the fancy dictates. This necessitates a complete removal of the hair and either a false and forced growth in a different position or makeup.

One beauty expert, who undertakes to change the form of a woman's lips, has performed many operations. His latest experiment is to make the upper lip turn up, giving it an alluring pout.

To do this he stretches a thin hair from the upper lip to the tip of the nose. This effect, naturally, is limited to actresses, who use it on the stage only.

Some fashionable women are being laughed at for their insistence on having their cosmetics flavored. One has her lip rouge tasting banana.

POISON CURE FOR RHEUMATISM

Forty-seven rattlesnakes captured at Black's creek, about twelve miles from Boise, Idaho, have been sent by Robert Limbert to the Dutch government for experimental work. The Dutch government is perfecting a serum which, when combined with the poison from rattlesnakes and injected into the muscles will, it is claimed, cure rheumatism, Limbert said. It took less than an hour and a quarter to bag the reptiles. They were found in a space 20 feet square. Limbert stated that the removal of the fangs does not, as commonly believed, render a snake harmless, for other fangs will grow in about three weeks.

Weak Back

Mrs. Mildred Pipkin, of R. F. D. 8, Columbia, Tenn., says: "My experience with Cardui has covered a number of years. Nineteen years ago . . . I got down with weak back. I was run-down and so weak and nervous I had to stay in bed. I read of

and sent for it. I took only one bottle at that time, and it helped me; seemed to strengthen and build me right up. So that is how I first knew of Cardui. After that, . . . when I began to get weak and 'no account', I sent right for Cardui, and it never failed to help me."

will look to the government for such the greatness of America lies in the heartstone. If thrift and industry are taught there, and the example of self sacrifice oft appears, if honor abide there, and high ideals, if there the building of fortune be subordinate to the building of character, America will live in security, rejoicing in an abundant prosperity and good government at home, and in peace, confidence and respect abroad. If these virtues be absent there is no power that can supply these blessings. Look well then to the hearthstone, therein all hope for America lies."

AID FOR THE STRICKEN

Measures taken by this country for the relief of stricken Japan are said to be unparalleled in history. The United States, experienced in relieving foreign distress in these last bitter years, has surpassed itself.

The whole American public seems to have been moved by one impulse sharing the sorrow of an alien race and eager to alleviate its suffering.

For the public safety, for the right of life and liberty and right of trial by jury, to save the sovereignty of this great State, I placed it under martial law. I know of no other method to conquer the invisible empire.

The Tulsa World, which Governor Walton has spoken of as his only press supporter, declares both Governor and Klan menaces to the State. But, it says, "as between supporting a constitutional head of a State who usurps authority, and an unconstitutional and secret organization which usurps authority for the purpose of defying the constitutional authority, the decision ought to be easy for every straight thinking man and woman."

If Governor Walton is supported by only a minority of the Oklahoma press, he would seem, however, to have a majority of the press with him throughout the country. In a State which has had a struggle with the KKK, the New Orleans Item says:

"Regardless of nice distinctions raised by lawyers the Governor of Oklahoma will have the hearty sympathy and support of sane and respectable opinion throughout the United States."

And we find a chorus of newspapers scattered throughout the country singing the same tune, among them being such representative journals as the Wichita Beacon, Kansas City Journal, Topeka Capital, El Paso Times, Wichita Eagle, Omaha World-Herald, Columbus Ohio State Journal, St. Paul Dispatch, Jacksonville Florida Times-Union, Louisville Courier Journal, New York World, Brooklyn Eagle, Washington Post, Newark News, and Philadelphia Record.

Many papers seize upon the occasion to condemn the Ku Klux Klan. Says the Houston Chronicle, for instance:

"Just so long as it plays the role of a holier than thou organization, just so long as it claims the right to intimidate and discipline people because of its peculiar make-up, and just so long as it pretenses to tell lawfully constituted authority what to do, or step in and do it for lawfully constituted authority there will be such upheavals as we are witnessing in Oklahoma."

Finally we note what Klan representatives have to say. The Western American, a Ku Klux Klan paper of Portland, Oregon, says its respect to the "slander and self evident grandstanding" on the part of Governor Walton, and in Texas Colonel Mayfield's Weekly (Houston) says:

"The chief magistrate of the Sooner State is imbued with the hallucination that in the capacity of Governor he is able to make laws to suit his individual notion, and from whose ipse dixit there is no appeal. This old thing of rushing out with loaded rifles every time two or three citizens get together in fraternal association, and threatening to kill them all, will speedily reach the point of national disgust, and end in the Governor's retirement back to the brush from whence he came."

I will teach my pupils in piano at the home of Mrs. Will Garner two blocks east of the school building.—Pauline Ramsey.

J. A. Legg, of Croton, was a business visitor in Spur this week.

COST OF LIVING AT HIGHEST POINT BUT WAGE GAINS MORE

New York, Sept. 24. —The cost of living in the last six months has risen to a point higher than ever before, it is announced by the National Industrial Conference Board; but the earnings of the average American working man have gone proportionately.

Rent has risen more rapidly than

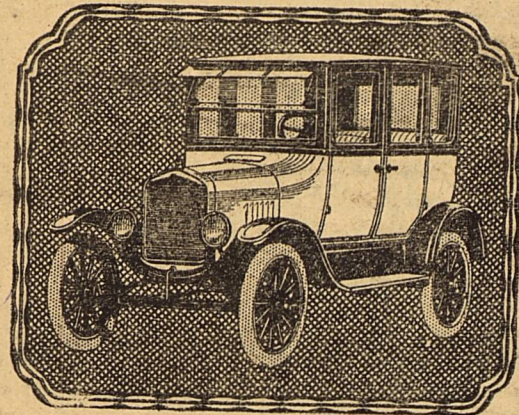

any other item in the family budget, having climbed to a point 75 per cent higher than in 1924. From March, 1922, to last July there was a steady rise in the cost of living amounting to 4.7 per cent.

Between March and July of this year food prices soared 3.5 per cent to a point 47 per cent above the pre-war level, in Washington the increase was 58 per cent, in Chicago

Because the law failed to punish those who they believed ought to be punished, Ku Klux Klanners took the law in their own hands. Because the Klanners punished those whom they had no right to punish, the Governor took the law in his hands.

The "war" in Oklahoma began with whippings, which have been going on for some months, the actual number being estimated at any where from a few hundred to 2,500. In briefly retelling the story, on the basis of news dispatches, it should not be forgotten that Jack C. Walton was elected Governor of Oklahoma last fall by the largest majority in the history of the State. He was a Democrat backed by an organization known as the Farmer-Labor Reconstruction League, and he celebrated his entry into office by giving a barbecue to which the whole State was invited. On August 14 the Governor sent a military court of inquiry to Tulsa, which had been the center of the flogging epidemic. By August 27 this court had sentenced four floggers, who had admitted that they belonged to the Klan. The Governor declared martial law in Tulsa on September 1. On September 6 the Associated Press dispatches from Oklahoma City carried the "story of Tulsa" as told by the Governor's executive counselor, in summing up the testimony taken by the military court. In every case examined except two, according to this document, "the evidence had led straight to the doorstep of the invisible empire known as the Knights of the Ku Klux Klan." Some of the cases reviewed in this story are thus briefly summed up in an Associated Press dispatch:

"A mother roughly dealt with when a band of twenty men raided her home and beat her husband, a child born prematurely as the result; a member of a township school board abducted by floggers and coerced in to voting for a school head whom he opposed; an elderly man lashed because he opposed the way the local school was run; a man and a woman routed out of their beds and taken to the whipping-field, where the strap was applied to both, because the whippers charged that they had been selling beer."

Martial law in Tulsa brought protests from citizens and officials. But Secretary of War Weeks refused to interfere. On September 8, Governor Walton said to a thousand people at a county fair: "If one of those masked men comes to your house and attempts to bother you, turn loose both barrels of your shotgun, and I will pardon you." About this time the Grand Dragon of the Oklahoma Klan said, "the Governor and all his cohorts never will be able to break the power of the Klan in Oklahoma" but on September 10 he issued an order complying with one of the Governor's edicts, for bidding to Klansmen "any parade or masked meeting of any kind in the State of Oklahoma." On the same day another installment of the "story of Tulsa" contained the statement that the majority of the Tulsa Coun-

ty of Tulsa, ss: I, James B. Reed, of this county, do hereby certify that the above named bank, do solemnly swear that the above is a true and correct statement of the best of knowledge and belief. —JAMES B. REED, Clerk of Court.

FLOWER SHOW, OCT. 26, 27, 28.

A flower show, under the auspices of the Parent Teachers Club of the Spur Public Schools, is announced to be held October 26, 27, 28.

Every person is invited and urged to compete for any or all prizes that are offered. It is especially urged that people who are interested in the public schools of our town take a part in this show.

The names of the judges of the various departments will be announced later. Any one wanting information concerning the Flower Show and its various departments can receive the same from Mrs. H. Collett, 2nd street; or Mrs. Senning, Mrs. Luther Jones, or Miss Lola Stamey, members of the executive committee.

In competition for prizes, quality shall have preference over quantity. No exhibit shall be removed from the show room until show is over.

The judges of the show shall have power to withhold prizes from any competitor who in any way fails to conform to the rules of the flower show.

All exhibits that are for sale shall be marked in plain figures and tagged. Exhibitors may sell any article while on exhibit, twenty-five per cent of the sale going to the Parent Teachers Association. Each sale must be reported to the chairman of the booth in which it is exhibited, soon as sold.

All exhibits with the exception of cakes, bread and candy, remain the property of those entering same, unless sold during the show. Cakes, bread and candy will be sold during the show and the proceeds will go to the flower show fund.

An admission of ten cents will be charged during the day. At night the admission will be 50c and 25c; season tickets \$1.25 for adults and 75c for children.

Entries in all departments must be made not later than five o'clock p. m., October 25th.

The place of the flower show will be as near central as possible and will be announced later.

Each evening an interesting program will be given by the various departments of school, and on Saturday night a part of the program will be the Old Riddlers Contest.

LIST OF PRIZES.
The funds for prizes has been donated by the citizens of Spur and Teachers Club.

NUTRITION ACTIVITIES BY WORKERS FOR RED CROSS

Organization of all forces that may contribute to a sound educational nutrition program for the community.

Personal services in homes where illness or malnutrition exists or where social or economic maladjustments interfere with the sound nutrition of the family. This is arranged on the plan, the nutrition worker calling at the home to give the necessary help as often as is needed. At the time of these visits the nutrition worker endeavors to improve the nutrition of the family by giving specific instruction to the mother concerning the selection of food for her family.

Pre-natal instruction in the home, office, clinic or center to pregnant women concerning the food requirements of this period.

Pre-school work includes individual instruction to mothers concerning the selection of food for the pre-school child; nutrition classes for mothers in which emphasis is placed upon the nutrition of the pre-school child; organizing Big Sister's Classes among the older girls; organizing special classes for malnourished children and their mothers; follow up visits in the homes where definite help concerning the specific nutrition problems of the individual family can be given.

School program includes instruction to all school children concerning food and its relation to health; instruction to grade teachers concerning food requirements with emphasis upon requirements of children of school age; establishment of hot lunches for schools; formation of special nutrition classes for malnourished children; follow up visits in the homes where special help may be given to mothers; consultation hours for the purpose of conference with parents, teachers and pupils; special talks at the Parent-Teachers Association concerning the nutrition of

possible for a nutrition worker to carry on all of them, the choice being determined by the needs, desires of those she serves, the local facilities and resources, and the possibility of accomplishment. Many of activities inaugurated by her will be taken over by public authorities, so that in the end a complete nutrition program will have been developed for the community.

Miss Jean Alva Morrow is anxious to serve in every way possible and welcome calls for her services in any of the above capacities.

MERCHANTS SHOULD PONDER ON FORD'S BIG AD. CAMPAIGN

The antiquated merchant who still believes in that ancient fallacy that advertising doesn't pay, should consider very carefully the recent statement of the Ford Motor Car company that it will spend \$7,000,000 during the coming year to advertise its product.

This advertising is not to be in the form of direct sales letters, nor space in novelty booklets, nor on bill board or in magazine advertising. The money will be spent to buy the kind of space that brings the biggest returns on the dollars—newspaper advertising.

The Ford company, whose success is unprecedented, wants to get its message still more clearly before the American people. It wants to spread this message in a timely fashion—a direct appeal changed each time the paper appears. This cannot be done thoroughly and efficiently through any medium but that of the newspaper column. And in using this medium the Ford company knows it will receive the sort of publicity it seeks to buy.

Everywhere the most successful merchants are the ones that advertise regularly in the newspapers. Intelligent newspaper advertising has made thousands of men wealthy. These things are not disputed. And yet, strange as it may seem, here and there an occasional merchant can still be found who does not realize the possibilities of printer's ink. These, of course, are for the most part elderly men, brought up under old conditions and by nature temperamentally unable to absorb new ideas. They still do things as they were done while they were boys—before they read the newspapers and got into the habit of what they

A Word

I wish to thank my many patrons for the past year. I have been in the barber business for many years and the success I have attained is in a great measure to loyal patrons who have helped me to push my business, none of which I can forget. I have sold my barber fixtures to Mr. Stack and have moved them to his location. Mr. Stack will work for Mr. Simpson and I will work for him for a few days. I hope my old customers will give Mr. Simpson the same liberal patronage that they have to me. I am not leaving Spur, but will install at the same location, a first class Variety Store, as soon as my goods arrive. Will be ready to serve the public, by selling on as close margin as possible. And will appreciate your patronage as in the past.

Sincerely,

J. L. McCulloch, Spur, Texas

Four-wheel brakes not only double the efficiency of the new 1924 Buicks by increasing the braking surface but for the reason lessen the wear on each brake mechanism in proportion. Buick four-wheel brakes last longer. They require less adjustment and the linings do not wear down quickly.

Simple in construction and positive in action, Buick four-wheel brakes give added safety under all circumstances. They are of the Buick external contracting type and each brake has a three-quarter wrap or grip instead of the usual half-way grip.

Buick four-wheel brakes are operated with a light pressure on the service brake pedal. They act quickly, smoothly and easily.

All 1924 Buicks (both tours and sixes) have these new four wheel brakes. In addition, the 1924 Buicks embody further advancements in power, in construction and in beauty that make Buick more than ever the Standard of Comparison.
