NUMBER 12

CHILICOTHE EAGLES MEET THROCKMORTON IN DISTRICT FOOTBALL COMBAT IN THAT CITY FRIDAY AFTERNOON

MUSE COHORTS REVEALED TRUE ABILITY LAST GO

Lads Are Down to Hard Work In Preparation For Friday's Setto

MUSE'S ELEVEN DOPED TO WIN

Aids and Keys, Impressive In Last Tilt, To Be In Line-Up

Chillicothe high school Eagles football team departs in the morning for Throckmorton where they meet the Skyrockets in a district 3-B game in the afternoon.

After coming out of the battle against Iowa Park with the long end of the 25-9 score, Coach Jim Muse's eleven resumed practice work this week in order to be primed.

Thanks to some wonderful work turned in by Aids and Keys the Eagles were able to serve notice on district opponents they would be heard from here on out. In fact enthusiasm is popping out among fandom so impressive was the work of the eleven at Iowa Park. It was an entirely different team than the one that played Archer City, not in players, understand, but in teamwork and pep. So noticeable was this fans were not set for such a change, and it took some time before they could understand what had come over the players.

After reflecting a bit, however it was not such a big surprise. The lads were due to get going at anytime and it happened it was Iowa Park that had to stand the brunt of attack.

Throckmorton is no set-up for any team in the league. The Eagles want to bear this in mind and moreover, they want to start gunning for touchdowns right from the sound of the whistle, not let-up until the game has run its course. The Eagles are picked to beat Throckmorton.

A considerable number of the faithful fans will accompany the eleven in hopes of aiding Muse's team to win out. However, Throckmorton has caused other teams in the district to have more respect for them following their 19-0 defeat to Archer City, quite an upset as Archer City was predicted to beat them.

On the following Friday the first home game is carded. It happens to be with the Crowell Wildcats. Just how Muse's team will fare against the Crowellites is a question. They will either be in there battling the visitors to a standstill—and that of course is not impossible—or they will be succumbing to a defeat and the kind Crowell delights in handing to Chillicothe. Crowell is not as strong as last year. Todd is not in the line-up, and that happens to make a world of difference in this year's eleven. Therefore, if the home team can get to clicking in nice style the game should prove very interesting—more so than some now predict.

Regardless of the Crowell-Chillicothe conflict the Eagles chances look considerably brighter, and it is this week's game attention should be focused upon. The following Friday's tilt can come up later for discussion.

Gets New Position

Miss Naomi Mehar, R. N., a graduate of Parkland Hospital, Dallas, Texas, was recently favored with a position at St. Paul's Hospital of Dallas, where she is supervisor of nurses and chief counselor to the probationers of that school of nursing.

W. A. Bennett and son, Dunbar, of Paducah were in the city Sunday for a visit with home folks.

TWO-MINUTE SERMON

Successful Man's Advice to His Grandson

By Thomas Hastwell
My daily contained recently an interview with Theodore Gary, telephone magnate, in which Mr. Gary told the story of his life and then devoted the remainder of the interview to the advice he had often given his grandsons. Three things especially attracted me in the interview of this very successful man. The first was that though almost eighty years old and having during his long life

SMALL BORE RIFLE MATCH HELD SUNDAY

Proved One of Most Successful Yet Held in This Part of State

Sponsored by the Chillicothe Rifle Club one of the most successful shoots was held on the local range last Sunday afternoon, with participants entering from several towns around as well as from Chillicothe.

Rules called for a small bore rifle being used, iron sights allowed, with separate firing points and no waiting.

Results of each match follows:

Match No. 1—200 Yards	
1. J. C. Fish	49-48-11 vs
2. Marvin Hudson	49-47-7 vs
3. Carl Putman	49-3-3 vs
4. C. H. Moseley	48-3-3 vs
5. E. O. Wykes	47-4-4 vs
6. L. P. Jones	47-3-3 vs
7. G. W. Pennington	47-2-3 vs
8. A. S. Canel	47-1-1 vs
9. M. Crockett	46-4-1 vs
10. A. E. Aulis	46-1-1 vs
11. J. R. Martin	45-2-2 vs
12. J. M. Brown	45-2-2 vs
13. J. M. Brown	45-1-1 vs
14. E. G. Givins	45-0-0 vs
15. Tom Crockett	44-1-1 vs
16. Ed Gee	44-0-0 vs
17. George Maxon	43-1-1 vs
18. H. W. Bremer	42-0-0 vs
19. J. H. Hines	42-0-0 vs
20. K. Oliver	42-0-0 vs
21. F. M. Klye	42-0-0 vs

CHILICOTHEAN HONORED BY IOOF

A. L. Honeycutt Named Grand Junior Warden

PARIS, Oct. 15—A. L. Honeycutt of Chillicothe Monday was elected grand junior warden of the Texas Odd Fellows encampment, succeeding Conde Hoskins of Gonzales, who was automatically advanced in rank.

A move was started to erect a monument to the late Jesse M. Poncey, past grand master of the Texas IOOF Lodge in San Antonio. No competitive drill was on the program, but the Dallas team was chosen to exemplify patriarchal degree work Monday night, with a patriarchal militant degree for C. B. Couch, superintendent of the Odd Fellows Home in Corsicana. W. R. Francis of Fort Worth, and scribe, 96 per cent of the representatives chosen to attend were present. A barbeque dinner at the Odd Fellows Country Club preceded the evening sessions and a dance.

APPLICATIONS FOR WHEAT CUT BEING PLACED

Co-Operation of Hardeaman County Wheat Growers Is Indicated

MAY FILE HERE OCTOBER 23-26

Will Be Forced to Make Application at Quannah After That Date

Application forms for the new 1935-1936 Wheat Reduction contracts have been received by the county agent's office and are being rapidly executed.

Educational meetings which have been held this week in Quannah, Chillicothe, and Goodlett indicate that the farmers of Hardeaman county are anxious to cooperate with the program and to receive the large adjustment payments.

The new wheat contract follows the same general plan and purpose of the 1933-1935 wheat contract but has several refinements which will make it more satisfactory to many producers. The high lights of the new program are:

(1) A four year program with the privilege of withdrawal at the end of two years. (2) A reduction of only 5 percent in 1935. (3) The same plan of payment as here to fore. (4) A one-year, or two-year base may be established in place of the standard three year base of 1934-1932.

Wheat farmers wishing to make application or desiring information are urged to call at the office of the county agent or to call on their committee men. Applications may be made in the county agent's office at any time, but may be made in Chillicothe and Goodlett only from October 23rd to 26th inclusive.

Producers who do not apply before October 26th will be forced to come to Quannah to make their applications.

Injuries Received In Car Wreck Fatal To Odell Pioneer

C. D. Shelton, 62-year-old farmer-ranchman of Odell, father of Mrs. Leonard Laughmiller of Chillicothe, died at noon Tuesday in a Vernon hospital as a result of injuries received in an automobile accident Saturday night near Granite, Okla.

The pioneer ranchman was the owner of several tracts of land in Wilbarger county and in Oklahoma.

Funeral services were conducted Wednesday afternoon at 3:30 o'clock at the home in Odell, with the Rev. S. J. May in charge.

Surviving are the wife and ten children. Four boys, Porrett, Darrell, Johnnie Clay, and Holloway, all living at Odell and a fifth son, Rex, lives at New Braunfels. Two daughters, Mrs. Wayne Bell and Mrs. James Morrison live at Burk Burnett. Other daughters are Mrs. Arthur Martin of Odell, Mrs. Walter Starr of Quail, and Mrs. Leonard Laughmiller of Chillicothe.

Return to Chillicothe

Rev. and Mrs. Ira L. Parraek together with the Rev. and Mrs. J. A. Phipps, and son, Joe Kemp, returned to the city Tuesday night. The former couple were called to Canada due to the illness of Rev. Parraek's mother. She is now said to be recovering. Rev. and Mrs. Phipps were in attendance at the Texas Synod of the First Presbyterian Church at Austin. Miss Ima Farrack, who accompanied her parents on the trip, remained at Austin for a visit with Mr. and Mrs. W. R. Jenkins, 1700 Willow street.

NO DIRTY SOX IN THIS DEAL

All Clean and Filled With Fruits and Other Goodies

Friday night, starting at eight o'clock, there will be a sock and pie supper at the Elm Grove school house, and before the reader peruses this further, it should be stated the socks will be clean!

In the socks will be delicious fruits and other things good to eat. Moreover, the purchaser gets the sock in the deal. Therefore, sponsors of the event say it is a bargain whatever the price paid. As for pies there will be a goodly number of them—all home-baked, and good to the last bite.

Proceeds from the sales will be used for repairing the lighting equipment at the school house as well as placing the piano in good order.

COTTON HARVEST IS SPEEDED UP

Three Gins Report 699 Bales Week's Turnout

Three gins in Chillicothe reporting the turnout for the past week shows 699 bales to have been brought to the city and boosts the total to 1,939 bales as compared to 1,240 bales a week ago.

W. W. Cole Now At Big Valley Home

W. W. Cole, after a sojourn in a Quannah hospital where he was recuperating from injuries received in an automobile accident, is now at his home in the Big Valley community, and he extends an invitation to all his friends to visit him there.

Young People's Union Meeting

The Fellowship Union will meet at Tolbert Sunday afternoon, and a number of the Methodist Young People will be attending. Miss Odell Freeman, district director of young people's work, with Miss Halley Brooks and Mr. Clifford Killingsworth of Paducah will spend the week-end at the Methodist parsonage and will attend the Tolbert meeting.

Thieves Active

Burglarizing the homes of C. L. Glazener and H. C. Farrington have been reported by the owners following the discovery by Glazener of the loss of a pair of shoes. That was committed between 10 and 2 o'clock Saturday. The Farrington home was entered the same day, also.

Bennett Is Recovering

Archie Bennett, son of Mr. and Mrs. W. A. Bennett, was released from a Dallas hospital Monday, and returned to his home. His condition has greatly improved, according to C. L. Underwood, father-in-law of Bennett, on his return to Chillicothe Tuesday afternoon with Mrs. Underwood.

Honored at Tech

Misses Virginia Carlock and Anna Ruth Williams have been elected as members of the D. F. D. Club, a secret organization at Texas Technological College. Lab book, The two Chillicothe young ladies entered Tech at the beginning of the Fall term.

Baptist Pastor Resigns

Rev. J. B. Rowan, for several years pastor of the First Baptist Church in Quannah, has tendered his resignation, and has been accepted by the board of deacons, to take effect December 1.

VOTE ON 1936 CORN-HOG PLAN BE OCTOBER 26

Program Will Be Offered Provided Two-Thirds Majority Had

MEETINGS TO BE HELD OCTOBER 19

Chillicothe and Quannah Selected Sites for Discussions of Program

The hog producers of Hardeaman county will go to the polls on October 26th to express their wishes in regard to whether or not they desire a Corn-Hog program in 1936.

A Corn-Hog contract for 1936 will be offered only if a two-thirds majority of the producers express their desire for a program.

Discussion meetings will be held on Saturday, October 19th in both Quannah and Chillicothe. In Quannah the meeting will be held at the court house at 3:00 p. m., and in Chillicothe at the chamber of commerce at the same hour.

All producers of hogs or corn are urged to attend these meetings in order that they may be familiar with the outlook in the corn-hog business.

Former Resident of This City Killed In Car Wreck Oct. 9

J. Reese Shanks, of Dallas, a former resident in Chillicothe, was killed instantly when his automobile overturned in San Antonio early October 9.

Shanks, who was about 35 years of age, was a salesman for the A. P. Cary Dental and Surgical Instrument Co., of Dallas and at the time of the accident was traveling alone. He resided in Chillicothe with his parents, Mr. and Mrs. P. E. Shanks several years ago and had many friends here.

The body was sent to Arlington for burial where Shanks' parents reside at present. Surviving him are his wife and small daughter, his parents, one brother, and four sisters.

19 LISTED ON HONOR ROLL AT GRADE SCHOOL

GEORGE MORRISON AND BERNICE LEE SHIPP LEAD DEPARTMENTS

Honor roll for the first six weeks of the first semester of the Chillicothe grade school, was made public by Principal Claude Smith Wednesday, showing a total of nineteen to be placed on the roll, included are:

Bernice Lee Shipp, Marily Davis, Ima Jewell Hindman, Bobbie Lavern Norwood, Jo Ann Rummel, Billie Joyce Moore, Wanda Faye, Jack Heilhecker, Kenneth Francis, Kirk Hammer, Betty Alice Lewis, Anna Frances Seibert, Clyde Minshew, George Morrison, Richard Morrison, Emmett Bunch, Vance Thompson, Joe Clint Graham and Madeline Bradley.

George Morrison leads the intermediate department with an average of 94 and 5.7 per cent, and Bernice Lee Shipp leads the primary department with an average of 93 and 2.7 per cent.

COTTON GINNED IN STATE MADE PUBLIC OCT. 9TH

Hardeaman County Shows 876 Bales Turned Out to That Date

Department of Commerce, thru the Bureau of Census, announces the preliminary report on cotton ginnings prior to October 1 by counties in Texas, for the crops of 1935 and 1934. The total was made public Tuesday, October 8. Counties in this area, only are listed:

Counties:	1935	1934
Archer	359	350
Baylor	863	1,010
Childress	302	293
Clay	1,696	2,594
Collingsworth	204	81
Cottle	592	883
Foard	487	966
Hall	254	874
Hardeaman	876	1,205
Haskell	3,613	5,941
Jones	1,974	14,118
Knox	4,486	5,771
Throckmorton	262	1,277
Wichita	1,592	3,996
Wilbarger	1,823	2,849
Young	825	2,595

Ginnings for the state shows a total of 927,831 this year as compared to 1,720,630 a year ago. Nueces county is in the lead with 79,690 this year compared to 55,550 in 1934.

MOTORISTS MAY BE PENALIZED

Another One-Cent Tax Is Being Proposed

AUSTIN, Oct. 16—A million and a quarter Texas motorists will be penalized for the principal benefit of a relatively small group of bondholders if the proposed one cent per gallon increase in the state gasoline tax is approved by the legislature. Col. Ike Ashburn, executive manager of the Texas Good Roads Association, declared here today.

The present state gas tax is 4 cents per gallon, of which one cent goes to the common school fund and another cent to refund the outstanding bonds of the various counties spent on construction of state highways. The new proposal, House Bill 89 by Alsup, would raise the state tax to five cents per gallon, using the additional cent to refund all outstanding county securities for lateral and secondary

OCTOBER 23-24 DATES SET FOR LAUGH-MAKER

Will Be Produced At High School Auditorium On Two Nights

PART OF FUNDS TO LIONS CLUB

Will Be Used for Charity Purposes in This Community, Announced

"Sky High," a three-act comedy drama will be given two nights, Wednesday and Thursday, October 23-24, at eight o'clock in the high school auditorium.

The play is directed by Miss Virginia Hughes, who arrived in Chillicothe this last week to begin active work on the production and to hold rehearsals. Arrangements for staging the play were completed Tuesday when she met with the Chillicothe Lions Club, sponsor, of the comedy.

The director comes highly recommended. She holds the Bachelor of Science degree from Oklahoma A. & M. College and has attended Oklahoma University and Cotley College, Nevada, Missouri.

Miss Hughes has confidence in "Sky High," said to be the finest show offered the public of this city for sometime.

Proceeds derived from the production by the Lions Club will be used to carry on charity work in the community. Club members are very enthusiastic over prospects for the biggest community entertainment of this season.

"Sky High" is a new vivid comedy drama in three acts with music specialties, full of comedy, drama and romance. There will be a cast of approximately fifty people, all local talent.

W. E. Hancock plays the part of Walter Stephens, who has designed a new kind of airplane which he hopes to enter in the worlds super race. Miss Bettye Montgomery plays the part of Shirley Shields, the secretary at Brookfield airport. Eva Card is played by Miss Ida Lee Taber, the villainess, who is interested in only men with money or fame.

Mrs. Stephens, Walter's mother, is played by Miss Marie Prosser, a good natured Irish lady. Her brother Sidney Carney, fat, forty and a devil with the ladies, is played by W. W. Bragg. Bedford the government agent who has charge of the race, is played by Bryan Davis. Miss Winnie Lee Williams takes the part of Carino Narrom a Gypsy girl. Harry Hunter, the young pilot, is played by Horace Turner, Jr. Maize, the cleaning girl at the airport, is played by Miss Eva Joe Chambers. Detective Mockshaw, who took his girls by correspondence from Holland, is played by R. M. Leach, and Sam, the colored porter, who never raises any dust when he sleeps, because he uses the slow arm movement, is played by Carter Forbes. The announcer is played by Farwell Boston.

There will be the latest song hits by girls dressed in colorful costumes.

Those taking part in the chorus are: "Troopers chorus," Frances Brock, Eloise Brattin, Samaree Curry, Alyene Cobb, Geraldine Campbell, Minnie Ruth Hanson, "Air Hostess Chorus" Jo Dodson, Lorene Francis, Martinia Boone, Juanita Hayhurst, Mary Louise Higgins, Jo Lance, "High Hats" Ila Rue Young, Virginia Metcalf, Lora Britt, Dorothy Sills, Pat Simmons, Ruby Martin, "Air Chorus" Vivian Metcalf, Lora Davis, Frances Wirtell, Lola Hall, Thelma Lee, Tommie Turner, Otera Campbell.

There will be special numbers given between acts. It is a good play for both old and young.

FUNDS FOR HARDEMAN CANNING

It is good news to learn Hardeaman county is to be given \$22,500.00 for canning. Part of that amount will come to Chillicothe. If apportioned on that basis, more than half ought to come here. The News is told the Chillicothe canning plant has always been the heaviest producer, due mainly to better garden stuff grown in this vicinity.

However, what's the difference if we turn around and haul it over to Quanh where it will be distributed, and all the time being needed here to feed those unfortunate?

DEPRESSION IS OVER

Roger W. Babson, statistician and economist, predicted Wednesday of last week the United States would be out of the depression in six months and headed for prosperity. He said a declining standard of living would accompany the boom because "this administration has taught the people they can be made comfortable without working and can get security by legislation."

Babson believes the next administration, whether democratic or republican, will be more conservative than the present. "A far more conservative Congress will be elected in 1936," he declared.

We sincerely hope Babson is right. However, there have been so many predictions of "good times just around the corner," we have come to the conclusion there is no corner, and that but slightly noticeable to all of us good times will come. We do not think the "boom" predicted by Babson will bring with it such conditions as formerly existed. It might, but we doubt it. A more sane level of living, a better understanding of fellowmen, a greater aptitude to live more religiously are things we believe will exist from now on.

IT'S A FIGHT—BUT WORTH IT!

We hear it, you hear it. It's the talk of the town. We mean this out-of-town buying. We have even known where smaller towns, competing with larger towns nearby, have tried the idea of arousing folks sympathy in the hope of keeping them from going elsewhere to trade. It didn't do much good. Perhaps it kept a few from spending their dollars elsewhere.

The awakening to most smaller towns has come, however. Finally they have learned they must fight to hold business—to offer just as good merchandise, at just as low prices, and with just as good service, as is to be found in the larger places. In other words get business because you have something worth buying, where no excuses must be offered—where you can match goods for goods, dollars for dollars, and not let be said, "I saved so much because I got this at a certain town."

This is the age of merchandising effort. If you lack the effort, then you lose. If you have the effort, and plenty of reserve strength to call on at intervals when competition becomes more keen, you can win a great fight. The merchant depending on what just comes his way without exerting the effort is doomed to bankruptcy. Moreover, he is the same kind who argues, "Oh, pshaw, they all know where my store is, and what I have to sell."

Let's grant they do. Still there is no stimu-

Dallas Selected For Texas Synod Meeting In 1936

At the closing session of the Texas Synod of the Presbyterian Church held in Austin this last week, and attended from here by the Rev. J. A. Phipps, pastor, Dallas was selected as the next meeting place, to be held in 1936. Delegates from all over the state were in attendance. Rev. Phipps and Rev. Carell, the latter of Seymour, were representatives from the Wichita Falls Presbytery.

lus for the public to buy. A desire for a certain thing must be created before it will sell. No one wanted an automobile until they were made to want one. The desire was created by the manufacturers.

Therefore, the small town merchant is none the worse off than years gone by, except, most of them went to sleep, lost the effort to bargain for business. Therein lies the greatest trouble confronting the small town merchant—lack of effort, willing to content himself with what little business might come his way. The final chapter to his life in business, though, happens to have a very bad ending—bankruptcy.

WELL, HE DIDN'T MISLEAD

Says "Hambone": "Dat pol'itian say e'n he lected, us all 'ud hab a eyar in ouah go-rtge. Uh-huh! Dat right whar mine at now."

After all that carries a meaning. You, and you, and you, over and over have been told this and told that by an office-seeker, hoping to land your vote. Too often we find this to be true, and too often these kind of candidates get into office. Were the voting population of our country to turn thumbs down on any candidate who attempted to gain office on promises of which the voters know will not be fulfilled, we might have better politicians.

The News does not mean that a candidate should not be outspoken in what his efforts will be, but it does not countenance plain old lying, and that is what it is when he makes a statement knowing it will not be true.

As for the politician promising Hambone he would have a car in his garage it must be admitted he was not trying to misstate matters. He lived up to his promises, although it was evidently construed differently by Hambone, at least.

John Garner is going to the Orient and meet the Mikado. John dislikes that because he must be presented in his stocking feet.

Well, we are told the cotton crop is going to fall short of what was expected.

Do you ever stop to think . . .

Timely Topics of This World of Ours

A membership in your chamber of commerce establishes you as a live citizen who has the welfare of his city at heart.

Advertising today is one of the greatest blessings which has come to mankind, because it enables rich and poor alike to share in the benefits of modern civilization.

Honor and truth in public and private life were never so essential in order to achieve permanent success or personal satisfaction as at the present time.

Wealth is often sought for its power, yet in the hands of a miser the riches of the entire universe would be useless and helpless.

"Newspaper advertising today is a running account of the commercial history of the times. It includes every development, every activity in the realms of trade, art, science—all of them depend upon advertising for their advancement and expansion," so says James E. Barrett, managing director of an Oklahoma City hotel.

If we are to have war again, somebody should invent a way of having a bloodless one.

The story of human progress is the story of good roads.

ON TEXAS FARMS

By Minnie Fisher Cunninghamham Extension Service Editor

Cover crops to improve his land are a part of the agricultural faith of Henry W. Meyer of Realtoes, Duval county. Mr. Meyer bases his faith on works, having in 1934 planted 24 acres of land to cowpeas which were grazed and then turned under. This land produced eight and a third bales of cotton in 1935, a yield well above the county average.

Louis Young of Katy, Harris county, has a baby beef which has made gains of approximately three pounds daily. The calf is now on a ration composed of 70 percent corn, 20 percent rolled oats and 10 percent pea sized cotton seed meal. Louis, who is a 4-H club boy, is planning to show the calf at Houston.

To J. E. McDaniel, out in the Silled community, goes the distinction of digging the first trench silo in Wise county. This trench, which is 10 feet wide at the top by 8 feet wide at the bottom and 7 feet deep by 90 feet long, has a capacity of about 90 tons of silage and will provide sufficient feed, so far as roughage is concerned, for the entire winter and well into the spring for his dairy cattle.

He was closely followed by L. L. Burres, just out of Decatur, who has completed another silo, 8 feet wide at the top by 6 feet wide at the bottom and 7 feet deep by 70 feet long, with a capacity of about 50 tons of silage.

Mrs. W. A. Nuckles of the community in Lampasas county has saved 730 white leshorn pullets which have been laying. She has a 500 acre farm located on the Lampasas River which produces grain well, and this year's grain crop will be utilized to a large extent in feeding poultry.

Still Squeaky Voice

Joe B. Davis who had his tonsils removed at a Wichita Falls hospital, Wednesday of last week, has returned home but his voice is still squeaky. "Never again, never again!" exclaimed Joseph.

Mr. and Mrs. C. W. Underwood were the guests Sunday of Mr. and Mrs. J. J. Glover in Vernon.

Barney Chandler was a business visitor in Vernon Monday.

SPANISH DESIGN FOR NEW CHURCH BEEN SUBMITTED

Plans Drawn By R. H. Stuckey, Architect of This City

Plans for the proposed Presbyterian Church have been drawn by R. H. Stuckey, local architect, and were presented to one of the church officials this week.

The work of securing financial aid has been underway for the past few days, with results being very gratifying. It is now thought the amount set will be reached without any great amount of trouble. It is hoped to receive help, also, from the missions fund of the Presbyterian Church, with headquarters in Philadelphia. One of the purposes of the pastor, Rev. Phipps, while at the Texas Synod, held in Austin last week was to interest the Board in the proposed structure here.

The plans drawn carry a Spanish design. The present frame structure will not be torn away, other than the roof.

Gene Williams was a business visitor in Fort Worth and Dallas Monday and Tuesday.

Mrs. Earl McPherson of Quanh was in the city Monday.

How Calotabs Help Nature To Throw Off a Bad Cold

Millions have found in Calotabs a most valuable aid in the treatment of colds. They take one or two tablets the first night and repeat the third or fifth night if needed.

How do Calotabs help Nature throw off a cold? First, Calotabs is one of the most thorough and dependable of all intestinal eliminators, thus clearing the intestinal tract of the germ-laden mucus and toxins.

Second, Calotabs are diuretic to the kidneys, promoting the elimination of cold poisons from the system. Thus Calotabs serve the double purpose of a purgative and diuretic, both of which are needed in the treatment of colds.

Calotabs are quite economical; only twenty-five cents for the family package, ten cents for the trial package. (A.S.V.)

LIGHT IT IN THE FALL . . . FORGET IT 'TILL SPRING!

After you light the heater in the fall, you can sit back and enjoy the most pleasant winter you've ever known.

Automatic controls maintain an even temperature. Clean, warm air is in constant circulation, reducing the danger of colds. Venting eliminates wall and window sweating.

Investigate "Controlled Winter Comfort". A Gas Company representative will survey your home and furnish full information about installation and operating costs.

NORTHERN TEXAS UTILITIES COMPANY

Leaf tobacco being sold to highest bidder

United States Treasury Building

From 1900 up to 1934 the leaf tobacco used for cigarettes increased from 13,084,037 lbs. to 326,093,357 lbs.; an increase of 2392%

It takes mild ripe tobacco to make a good cigarette.

During the year ending June 30, 1900, the Government collected from cigarette taxes \$3,969,191

For the year ending June 30, 1934, the same taxes were \$350,299,442 an increase of 8725% — a lot of money.

Cigarettes give a lot of pleasure to a lot of people.

More cigarettes are smoked today because more people know about them—they are better advertised. But the main reason for the increase is that they are made better—made of better tobaccos; then again the tobaccos are blended—a blend of Domestic and Turkish tobaccos. Chesterfield is made of mild, ripe tobaccos. Everything that science knows about is used in making it a milder and better-tasting cigarette. We believe you will enjoy them.

NO UPSETS

The proper treatment for a bilious child

THREE STEPS TO RELIEVING CONSTIPATION

A cleansing dose today; a smaller quantity tomorrow; less each time, until bowels used no help at all.

ANY mother knows the reason when her child stops playing, cuts little, is hard to manage, Constipation. But what a pity so few know the sensible way to set things right!

The ordinary laxatives, of even ordinary strength, destroy all hopes of restoring regularity.

A liquid laxative is the answer, mothers. The answer to all your worries over constipation. A liquid can be measured. The dose can be exactly suited to any age or need. Just reduce the dose each time, until the bowels are moving of their own accord and need no help.

This treatment will succeed with any child and with any adult.

Doctors use a liquid laxative. Hospitals use the liquid form. If it is best for their use, it is best for home use. The liquid laxative they generally use is Dr. Caldwell's Syrup Pepsin. Any druggist has it.

HEALTH TALK

By John W. Brown, M. D.
(State Health Officer)

"The 'open season' for the so-called common cold has again arrived. Victims of this general complaint will constantly increase during the winter months, large numbers of persons will become temporarily incapacitated, many will become dangerously ill, while yet others will succumb to complications," stated Dr. John W. Brown, state health officer.

In spite of the wonderful strides in disease prevention made in the last few decades, the problem of the common cold yet remains to be solved. If the situation lent itself to mass control, there possibly would be no problem. Unfortunately, however, the matter cannot be handled in that way. The solution, in view of present-day limitations rests some what upon the intelligent cooperation of the individual. So far, this has proved to be an insurmountable barrier. The trouble arises because the victim fails to appreciate the possibility of "only a cold". In fact, with the day's work to be done, it is difficult to be self-persuaded that one should remain at home, and possibly in bed, if overtaken by such an infection. Feeling quite able to move around, it is hard to realize that rest and care represent the best treatment not only for the cold itself but as a preventative of more dangerous supplemental conditions.

The average person argues that home and bed are all right when one is too sick to be any place else. However, the scientific facts

Still Coughing?

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with anything less than Creomulsion, which goes right to the seat of the trouble to aid nature to soothe and heal the inflamed membranes as the germ-laden phlegm is loosened and expelled.

Even if other remedies have failed, don't be discouraged, your druggist is authorized to guarantee Creomulsion and to refund your money if you are not satisfied with results from the very first bottle. Get Creomulsion right now. (Adv.)

More Thrills For Gallery In 1935 Football, Says Rice

Annual Guide Explains Rule Changes Which Speed Up The Game

"A GAME made to order for Mr. Average Fan" is how Grant Rice characterizes football as it is played under 1935 rules. In this year's edition of his Football Guide, now being distributed free at all Cities Service service stations, the veteran sports commentator and writer points to the new freedom in passing as a bid for the interest of the rank and file of spectators who find their thrills in the more spectacular moments of play.

Left: Dixie Howell, left, and Don Hutson, above, would run even wilder under 1935 rules.

Citing the new opportunity of the ball carrier to pass to either side or rear at any time before being downed or before the whistle, Rice predicted that "the hawtore secondary defense will have to scatter

to cover the prospective receivers and leave the line more or less on its own initiative." It's now a wide open game, he finds, and sees teams with passing and receiving combinations anything like Alabama's Dixie Howell-Don Hutson pair playing all over the lot many times each quarter.

The famous writer's 1935 Guide carries its usual schedules of every major eleven in the country and illustrated analyses of yard-gaining plays by Andy Kerr, Tiny Thornhill, Pop Warner, Dana X. Billig and other nationally known coaches. For the first time, the booklet includes the schedule of the National Professional Football League.

Woman: "Hubby, I can hear a mouse!"

Hubby: "Well!"

Woman: "I can hear it squeak!"

Hubby: "Do you expect me to get up and oil it?"

Judge: "So your name is Mullins?"

Witness: "Yes."

Judge: "And you want it changed to Pullman? Tell me why you want it changed?"

Witness: "Well, to tell you the truth, Judge, it was my wife's idea. She thinks we ought to have the same name that's on our spoons, forks, knives and towels."

WHAT FARM FOLKS ARE NOW DOING

Timely Tips on What Farmer Folks are Doing in Texas

Denton: E. H. Tatum, Denton county farm, has profited greatly through his corn-hog contract and has entered into the Extension Service feed saving program in a big way on his 580 acre farm according to G. R. Warren, county agent.

"I fattened 153 home produced shoats in 1933, but made very little profit on them," Tatum said. "Since making my corn-hog contract I have reduced the number of my brood sows and this year fattened only 86 pigs. These 86 pigs at an average weight of 225 pounds and a top market price of \$11.25 have made me much more profit than my 153 head fattened in 1933."

Tatum produced barley, corn and wheat and grain sorghum for grain, and uses grain sorghums and Johnson grass for pasture. He buys all over a little protein feed to balance his ration.

Pearsall: One hundred pounds of commercial fertilizer won C. W. Crawford of Frio county the first prize on corn against a field of 50 competitors at a local fair this fall, he reports to N. H. Hunt, county agent.

"The fertilizer put the finishing touches on my corn which enabled it to surpass corn on unfertilized fields. It also increased my corn yield about 15 bushels per acre," Crawford said.

On this farm, Crawford reports that he ran a test on a six acre plot of maize. One acre was fertilized and this acre made more maize than all of the other five acres.

Kountze: By burning out stumps and clearing out underbrush, Judge A. L. Bevil of Hard county has doubled the carrying capacity of a 20 acre pine woods pasture, according to W. P. Barrett, county agent. The pasture is seeded with white clover and persian clover and lespedeza.

Five years ago the pasture was covered with scrub pine and undergrowth but today half of the 20 acres can be mowed, and is mowed regularly to keep down weeds.

Henderson: With a cash expenditure of only 10 cents for nails, Hazel Phillips, yard improvement demonstrator for the Shilo 4-H Club in Rusk county, underpinned her home. Five inch pine boards were made by her father from timber on their place. Hazel herself nailed the strips around the house.

Since this underpinning has kept the chickens and dogs from running under the house, it has been possible for Hazel to start a foundation planting. A temporary planting of zinnias and other annuals was made. These are to be replaced this winter with native shrubs so that the planting will be permanent.

Alice: It took \$2.93 worth of labor for Eleanor McClanghery 11 year old 4-H club girl in Jim Wells county, to produce 300 pounds of tomatoes from 100 plants. Eleanor transplanted the plants from a hotbed to her garden and valued the fruit she harvested at \$12.

Besides her tomatoes, Eleanor planted 1250 feet of row space from which she gathered 300 pounds of vegetables with a value of \$15. Among these vegetables were Irish potatoes which she stored for later use.

Georgetown: Storage for her products was made by Mrs. J. L. Perry, Williamson county pantry demonstrator, by removing the shelves from an old fashioned safe and replacing them at a distance of 11 inches apart. The inside of the pantry was painted a light color and the outside varnished. Mrs. Perry has a total of 471 containers of 29 varieties of food valued at \$264.66.

The farm produced a surplus of cane this year, and 100 gallons of syrup were made in the syrup mill on the farm. Some of this will be used at home and some will be sold.

Attend Sing Song J. Early Davis and daughters, Miss Venita Davis, this city, and Mrs. Fulton Davis of Vernon, and Mrs. Myrtice Calhoun, went to Mangum, Okla., Saturday evening where they attended the singing convention. They returned home late Sunday and were accompanied by Mr. Davis' sister, Mrs. Maggie Cooper, who will be here for a time.

Arrest of Lindbergh Kidnapper Difficult Job Due To Gigantic Maze of Misinformation, Stated

A gigantic maze of misinformation—more than 16,000 false clues—was the hurdle Lieutenant James J. Finn of the New York City Police Department had to clear before he could bring about the arrest of the world's most notorious felon, Bruno Richard Hauptmann.

His first personal disclosure of the important part he played in the solution of the Lindbergh kidnaping, murder and extortion, appears in a current magazine and reveals the immense task placed upon the shoulders of Detective Finn when he was selected by his superiors and by Colonel Lindbergh as the man to run down the criminal.

"It has been conservatively estimated," Lieutenant Finn writes, "that 100,000 amateur detectives case crashers, cranks and grandstand manager were co-operating in the search for the slayer of the Lindbergh baby. Sometimes we knew the clue wasn't any good when it came in but, in order to have a bulletproof case against

the murderer when we did get him, we had to eliminate the barest possibility of anybody else's guilt."

Some of these clues reached absurdity, the detective says. They ranged all the way from the illiterate person who thought he had seen the baby, to the amateur detective who had doped it all out with the aid of mirrors. Even after Hauptmann was caught, solutions to the crime kept arriving at police headquarters. Twenty-four big filing cases were hardly enough to hold the mass of information advanced by people trying to break into the case, the article states.

Rain runners offered \$100,000 as an underworld reward for the safe return of the baby because police were stopping all trucks on the highways in the search. "When that didn't produce results," he writes, "we at headquarters were more than ever convinced that it was an amateur's job, or at least a non-gangster's."

TWO TREAD AIR COOLED TIRES ARE SOLD HERE

ARLIDGE OFFERS MOTORIST SEBERLING'S WITH PATENTED IMPROVEMENTS

"How would you like to wear out the treads on the tires of your car and then discover that underneath the original tread of each tire, a second deep anti-skid tread remained ready to give you the same long safe mileage you had received from the first tread? Sounds impossible, doesn't it?" says Chas. Arlidge, local Seiberling tire dealer.

"Nevertheless you can have this thrilling experience if you equip your car with Seiberling Two Tread Air Cooled tires. This amazing tire is like no other tire in the world. It actually has two treads, one underlying the other. When the first tread wears off already, the same mileage you would expect for an ordinary one tread tire, the second tread, as if by magic, wears on. Hence, this patented Seiberling tire actually

DOUBLES your safe mileage, and in addition, it never wears smooth!

In other words, when the first tread wears down to the point where the average one tread tire would become smooth and dangerous, the second tread of the Two Tread Seiberling tire makes its appearance, the tire takes a new lease on life, and is then ready to give you the same long mileage that the first tread gave.

"With this patented Two Tread Seiberling tire," says Arlidge "we are able to absolutely guarantee to double the safe mileage our customers have been accustomed to getting, regardless of the tire they may have been using."

Arlidge Service Station carries a complete line of Seiberling tires, tubes, and accessories at all times.

Mrs. Frank Lindsey, accompanied by her mother, returned to her home in Fort Worth Sunday after spending the week with her parents, Dr. and Mrs. A. S. Kerley.

Chub Hutchens was a visitor in Quannah Sunday night.

Don't Guess But Know

Whether the "Pain" Remedy You Use is SAFE?

Don't Entrust Your Own or Your Family's Well-Being to Unknown Preparations

THE Person to ask whether the preparation you or your family are taking for the relief of headaches is SAFE to use regularly is your family doctor. Ask him particularly about Genuine BAYER ASPIRIN.

He will tell you that before the discovery of Bayer Aspirin most "pain" remedies were advised against by physicians as bad for the stomach and often harmful. Which is food for thought if you seek quick, safe relief.

Scientists rate Bayer Aspirin among the fastest methods yet discovered for the relief of headaches and the pains of rheumatism, neuritis and neuralgia. And the experience of millions of users has proved it safe for the average person to use regularly. In your own interest remember this.

You can get Genuine Bayer Aspirin at any drug store simply by asking for it by its full name, BAYER ASPIRIN. Make it a point to do this — and see that you get what you want.

Bayer Aspirin

DEPENDABLE REFRIGERATION IS ECONOMY

It makes no difference the season of the year, every home needs and deserves dependable refrigeration to protect the family's health. The beauty of electric refrigeration is that it is economical. It will save you money, as it prevents food spoilage, gives the housewife an opportunity to save through quantity purchases and week-end bargains.

Many families find it more convenient to purchase an electrical refrigerator during the Fall and Winter seasons. Let one of our merchandise men tell you the easy way to do this. We have many unusual values in electrical refrigerators. Investigate the ease of enjoying this superior service.

LIBERAL TERMS
● Trade-in allowance
● Small down payment
● Easy monthly terms

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill?

**Birkenfield, Germany, Is Birthplace of "Daddy" Seibert
Now Residing In Clark Community; Came To United States
In 1884 To View What Christopher Columbus Discovered**

Came to Texas and Washington County When 26 Years of Age, Direct From Fatherland; Located In Hardeman County In 1913; Fell In Love With Miss Therese Zellmer At Giddings and Married Her 47 Years Ago; Couple Have Two Sons Living Near Here

BY "THE ROUNDER"

Out in the Clark community there lives a man now rounding out 77 years of life in this and another country. He was born in Birkenfeld, Germany, November 10, 1858.

After reaching the age of twenty-six years "Daddy" Seibert, wanting to see what the new world offered decided to leave the Fatherland and take his chances in the land discovered by Christopher Columbus in 1492. Evidently Dad Seibert liked the new country, else he would have returned to his home land in far off Germany. His coming to the United States was in 1884. He had heard quite a lot about Texas and so he found himself in Washington county, where he remained for two years.

Daddy Seibert was not to find his real home—Hardeman county—until several years later, because from Washington county he spent time in others, Bosque for one and Wilbarger for another. In 1913 he moved to this county and has been a fine resident, a community builder, a lover of better things in life and a true friend to his neighbors. And it is doubtful if he has an enemy, so well is he loved.

For all his 77 years the Hardeman county citizen gets around as good as the next fellow. He enjoys his cigars and without one he is lost. Wherever you see Daddy Seibert you see a cigar, puffing away and enjoying it.

Four years after coming to Texas, direct from Germany, Daddy fell in love, and what is more he fell hard. In fact he was so attentive to the young lady she finally had to marry him in order to keep him from worrying her. Miss Therese Zellmer was the young lady upon which Daddy cast his eyes lovingly and let it be said here during the 47 years of married life she has had no cause for regret. Just

think of that! 47 years—nearly time for a golden wedding anniversary, and when that time comes what a grand and glorious event it will be! How wonderful it is for a couple to travel together uncomplainingly down life's pathway, both shouldering the burdens that come to all. Certainly there can be no argument but there is a love so deep nothing can undo it. And that love belongs to those that are of the Seibert kind.

Mr. and Mrs. Seibert have two sons, both living in this community, doing well as farmers. C. O. Seibert and E. H. Seibert. These boys have shown their parental training through fine character and industry.

"Daddy" has a fine farm, a fine home place. He has earned it through hard work. It can be a lesson to others if they will but heed what Daddy Seibert has done.

As for trading he comes to Chillicothe. He likes the merchants because they treat him fairly, give real service. In turn Chillicothe merchants like Daddy Seibert for what he is, and of course appreciate his buying here. Nearly every trade day, and again on Saturdays you will find him talking to his friends.

This gentleman can be termed one of Hardeman county's successful farmers. He has gained for himself and family much of worldly treasures. To him they are due. And yet, to give credit to Daddy solely for what worldly gains there may be would be unjust to another—Mrs. Seibert. Without her it is doubtful if the husband would be as well off. She, as all sincere helpmates do, gave wise counsel. And, by the way, Daddy is just the kind who believes in giving credit where credit is due.

May this grand old couple continue to live on and on, serve as monuments to the

younger generation. May they continue to come to Chillicothe, mingle with their many friends, talk as freely as they now do, and lastly, may Daddy continue to enjoy his good old cigar.

WITH THE HOME DEMONSTRATION CLUBS.....

Bedroom Dressed Up

A new bedroom suit in an old bedroom which has been made to look like new by papering with a nice light floral patterned paper, a new congoletum rug, shades and drapes of cream color is the work accomplished by Mrs. T. C. Barbee, bedroom demonstrator for the Goodlett home demonstration club. The bedroom suit consists of a vanity dresser and bench, bed, springs, chair and chest of drawers.

The bath room is just off the bedroom so it is not necessary to have the bath facilities in the bedroom. The latest addition to it was made of a dried fruit box. It has one shelf so arranged to accommodate both large and small medicine containers. There are two doors which fasten with a home made lock. The chest is painted to match the woodwork and the only expense was 4 hinges which cost 20 cents. This chest is attractive as well as useful.

The bedroom improvement did not stop with this room but another room was papered, the bedstead repainted and the pictures have been rearranged.

Mrs. Milton Barnes is here for a visit with her parents, Mr. and Mrs. C. S. Rutledge.

Mr. and Mrs. J. J. Browster of Paducah were here Sunday for a visit with Mr. and Mrs. Paul Newson.

Now dear old ladies are shocked to see girls do the things they vainly longed to do at that age!

NOBODY'S BUSINESS

BY JULIAN CAPERS JR.

National politics took the spotlight in Texas last week, as Mrs. Franklin D. Roosevelt visited her son in Fort Worth, spoke for the women's crusade in preparation for the Community Chest drives and visited a Presbyterian mission for Mexicans. Mrs. Roosevelt has some definite ideas about governmental social security activity—a subject dear to the heart of the president—and her radio discussion proved most interesting to Texans.

Austin, meanwhile, was a scene over preparations for the Monday reception to Jesse Jones of Washington and Houston distinguished democrat and able RFC administrator. Bankers, insurance executives, and politicians trooped to the capital to participate in the portrait unveiling and reception ceremonies. Talk of Jones as a possible 1940 democratic nominee for president is heard frequently among these groups. Jones was met at Dallas by a group of close intimates who rode to Austin and conferred with him for five hours. The group included Gov. and Mrs. Alfred, Maj. Paul W. Walfield, U. S. Centennial assistant commissioner; Col. E. O. Thompson, chairman of the railroad commission, and Mrs. Thompson, Texas' most distinguished grand opera singer.

The Texas highway commission continued its high speed activity last week, announcing a letting of \$2,500,000 worth of road contracts for Oct. 8 and another for Oct. 22 of \$2,200,000. These funds in part represent what will doubtless prove the most valuable part of Texas' share of the \$4,800,000 of federal work-relief money. They will go to build roads that Texans will enjoy for many years, because they will be built by responsible contractors who furnish bonds to complete the work planned. Long after the "leaf-raking" projects, directed by political-minded local officials on the wasteful "force-account" basis, are forgotten, these roads will be carrying traffic. This month's highway lettings will put 10,000 to 15,000 men to work at useful labor.

From state relief headquarters somebody relayed this story of an aged Negro relief applicant who wandered into the Polk county relief office at Livingston and naively inquired:

"Cap'n, is dis heah de 'give-away' house?" He was assured that he was in the right place.

And that revived memories of another Negro story. The only Negro wedding ever held in the governor's mansion was during the Hobby administration when Gov. Hobby permitted two of his Negro servants who had been with him for years to wed in the mansion. They called in a Negro Baptist preacher who was almost overpowered by the importance of the occasion. As he pronounced the final words of the marriage ceremony he glanced up, saw Gov. Hobby standing near by, an interested spectator, so he changed the traditional lines a bit and said:

"Beho' God and Gov. Hobby, I now pronounce you man and wife!"

Something mysteriously killed thousands of tons of fish in the Gulf last June and the learned savants of Texas University rushed to the scene studied the bodies of the fish, tested the water and in a 5,000-word report bristling with large, scientific words, declared the fish were killed by too much fresh rain water flowing into the Gulf, raising the temperature and lowering the saline content. A month's dry, cool weather ensued, and tons of fish began dying in the lower Gulf coast area and have been dying ever since. Coast fishermen declare a volcanic eruption in the bottom of the Gulf is the cause, in their opinion. The scientists frankly baffled, haven't hazarded another guess.

Move to Wellington
Johnnie E. Roberts of Chillicothe, for the past year or more serving as station agent for the F. W. & D. C. Ry., at Harrold, has been transferred to Wellington, being checked in Wednesday. Mrs. Roberts will join him just as soon as he can arrange for living quarters.

Raymond Touchstone made a business trip to Dallas the first of the week.

Mr. and Mrs. Kirby Williams were in Wichita Falls Friday night to attend the Vernon-Wichita Falls football game.

VOCATIONALLY SPEAKING

Timely Topics as Viewed By Local Instructor of Vocational Agriculture

Meat Price Situation

"There is no doubt that part of the reason for the present prices of meat is the supply and demand situation. During the disastrous years of 1932 and 1933 and up to about September 1, 1934, when farmers were forced to liquidate their hogs and cattle at bankrupt prices, consumers accepted those prices as normal and now they want them to continue. They were fed at "sweat shop" prices and they enjoyed it."

The foregoing opinion is editorially expressed by "The Farmer" of St. Paul, Minn. (August 31, 1935,) and continues—"Consumers are being encouraged to believe that the producer is the villain in the piece. Some of the big eastern newspapers and magazines are constantly harping on the "crime" of destroying little pigs and "cutting down production" through the AAA, but rarely is anything said about the forced and disastrous liquidation brought about by the drought. The retailer regularly alibies his high prices by blaming them on the processing taxes, but he does not explain and few city housewives know that there is no processing tax on beef and that the AAA program has had absolutely nothing to do with the beef cattle situation."

How Farmers' Welfare Affects Industry

At the Corn-Hog hearing which opened in Washington last week (September 25) Edward A. O'Neal, president of the American Farm Bureau Federation, in his testimony in behalf of the Administration's corn-hog program, read the following letter into the record. The letter, dated September 21, 1935, was sent him by General E. E. Wood, President of Sears-Roebuck & Company.

"You inquired as to the effect on business conditions of the changed agricultural situation."

General Wood said: "In 1932 the gross farm income had declined from a total of \$12,000,000,000 in 1929 to approximately \$5,250,000,000. This firm, which is the largest concern dealing with the farmers in the United States, had total sales in 1929 of approximately \$250,000,000 and in 1932 of \$105,000,000. The orders that we, in turn placed with the manufacturers of the United States were reduced in like proportion. As nearly as can be estimated, gross farm income this year will reach \$7,000,000,000. Our own catalogue sales should reach a total of \$160,000,000, and our purchases from manufacturers have increased approximately 50 percent from the low point of 1932.

"I attribute the greater part of the improvement in business conditions thus far to the increased purchasing power of the farmer. Our new wealth all springs from the soil. Our purchasing power starts with the purchasing power of the farmer. No firm is in a better position to judge that than our own. We saw, during the depression, how the gradually reduced purchasing power of the farmer worked its way back gradually to the cities and industrial

sections, just as in the reverse process, the increased purchasing power of the farmer is gradually working back to the industrial sections in the cities and putting additional people to work at additional wages.

"I feel that this Administration has accomplished something for the farmer, and that if we can get his income back to the level that prevailed between 1926 and 1929 the country will have real prosperity."

Relation Between Farm Incomes

And Other Incomes
A report on a study disclosing the relationship between farm and other incomes, recently made by George Piper, of the research department of Montgomery Ward & Company, was made by Edward A. O'Neal, President of the American Farm Bureau Federation on the first day of the Corn-Hog hearing in Washington (Sept. 26).

"He has shown, Mr. O'Neal said, that a 19 percent change in the national farm income results in a 10 percent change in the nation's total payroll; a 10 percent change in the value of stocks listed on the New York Exchange; a 14 percent change in the volume of production of United States Steel; a 14 percent change in the profits of the International Harvester Company; a 25 percent change in the profits of General Motors; a 14 percent

Hardin-Simmons and Southern Methodist Football Teams To Collide in Wichita October 26

WICHITA FALLS, Oct. 16.—Hardin-Simmons' University Cowboys, whose aspirations point directly to a berth in the Southwest conference, and the Southern Methodist University Mustangs, already a recognized factor in the Southwest group's 1935 pennant marathon, will furnish Wichita Falls' intercollegiate football classic here the evening of Saturday, October 26, at eight o'clock.

Bringing together two of the Southwest's most colorful aggressions, preparations are being made to handle a crowd of 5,000 or more at the Coyote stadium. Coach M. U. Bobby Wilson, Shuford Smith, et al., under the tutelage of Coach Matty Bell are painting a red streak through the football may this Fall, and unless the

Ponies fall before Rice Institute Owls this week-end, it will be an undefeated team the Hardin-Simmons crew will encounter.

Coach Frank Kimbrough, in his first season at Hardin-Simmons, has started a building program that promises big things for Cowboy football of the future, and his campaign already has brought results this season. Holding Texas Tech to 19 points and Baylor to 14 added new feathers to the Kimbrough bonnet, and such sterling battlers as Cherry, McKinney, Crowell and Tyler are expected to give Southern Methodist plenty of trouble here a week from Saturday night. Kimbrough will furnish one of the most colorful teams to be seen in Texas this year.

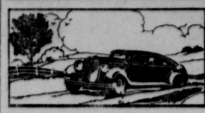

change in the profits of the United Fruit Company; a 19 percent change in the profits of the International Shoe Company; an 8 percent change in the profits of packers; a 10 percent change in the profits of millers; a 12 percent change in the profits of large cotton manufacturers.

"His study also discloses the

fact that a 10 percent increase in the national farm income means a 25 percent increase in the gross profit of all reporting corporations; an 11 percent increase in the dividends from all enterprises; a 30 percent increase of profits to the United States Steel Corporation."

Hints for Motorists

By C. R. Strouse
Director, School of Automobiles, International Correspondence Schools

ON cars equipped with all-felt window channels, trouble is often experienced with the felt swelling up when wet, so that it is almost impossible to raise or lower the glass. Running an ordinary black marking crayon, such as used to label boxes, along the inside of the channels will permit the window to be moved easily, regardless of weather conditions.

When lubricating the chassis of an automobile equipped with four-wheel brakes, never fill the front hub caps with grease. Many greasy and grabbing front brakes have been caused by the presence of grease in the caps. The front wheels should be removed after every 5,000 miles of running, and the bearings washed thoroughly with gasoline. The bearings should then be re-covered with grease and replaced.

LETTERHEADS: Any size, any kind you desire—may be obtained at this office.

• common Everyday Colds!

"Colds" are dangerous! Don't regard them lightly. According to government statistics, diseases of the breathing apparatus are responsible for more deaths than any other single cause, including cancer or heart disease. While respiratory diseases often start seriously, they are closely related to "colds" and in many instances are directly traceable to catching cold.

Municipalities have made great progress in stamping out typhoid fever, smallpox, diphtheria and other communicable diseases that once demanded their grim death toll. But America's Public Health Enemy Number One, the common cold germ, still rages rampant as a constant threat to the health and safety of our loved ones. Frequently "common colds" pave the way for such serious illnesses as pneumonia, bronchitis, influenza, tuberculosis and other serious respiratory diseases that result in so many deaths each winter.

Any sudden change in temperature as you go from a warm room into a cold one disturbs the heat-regulating apparatus of the body and makes it susceptible to the vicious attacks of "cold germs."

Your health and that of your family is your most valuable possession. Guard it this winter with proper ventilation and adequate heat in every room in the house. COMMUNITY NATURAL GAS COMPANY.

Tune in each Thursday night at 6:45, WFAA-WBAP, beginning October 17, for vital facts to help you guard your family against Public Health Enemy No. 1

America's Public Health Enemy Number One, the common cold germ, is marshalling his forces for winter!

HELP KIDNEYS

WHEN kidneys function badly and you suffer backache, burning, scanty or too frequent urination, getting up at night, swollen feet and ankles, feel upset and miserable — use Doan's Pills.
Doan's are especially for poorly working kidneys. Millions of boxes are used every year. They are recommended by users the country over. Ask your neighbor!

DOAN'S PILLS

SOCIETY

FOURTH BIRTHDAY IS CELEBRATED

The fourth birthday of Edith Carver Wofford was celebrated Sunday afternoon when her mother, Mrs. Gene Wofford, entertained for a group of youngsters and their mothers at the home of Mrs. W. B. Scarborough. Outdoor games were played after which the boys and girls gathered around the table where the little Miss Wofford blew out four lighted candles on the birthday cake. Following this ice cream and cake were served to the guests.

Betty Earle and Clint McElroy, Rebecca and Pat Davis, Ouida Maude Turner, Billy Joe and Don Stone, Bobby Jo Boothe, Theda Ray and Wayne Campbell, Billy Ray Alfred, Letia Both and Max Leach, Jr., Robbie Jean and Patsy Ruth Shuman, Martha Lou and Earlane Wofford, Martha Jane and Marilyn Campbell, Bobby Fred Dunn; Mesdames W. H. Frazier, W. B. Scarborough, Harace Campbell, R. M. Leach, Jessie Walker, W. O. Stone, the hostess, Mrs. Gene Wofford, and Miss Susie Miller.

HONORED ON 70TH BIRTHDAY SUNDAY

Mrs. W. A. Francis was made happy Sunday with a surprise birthday dinner at the home of her son, Riley and Mrs. Francis. At eleven o'clock the gifts were presented after which little Dolores and Reita Carol Francis, daughters of Mr. and Mrs. Logan Francis, sang, "Happy Birthday to You," as they threw her roses.

The dining room was attractively arrayed with beautiful roses, some being sent by friends, while the table was heavily laden with food, centered with a white cake holding pink candles.

Those present were: Riley Francis and family, Logan Francis and family, Miss Cordie Francis, Roy Francis, of Panama, and Mrs. W. A. Francis of Vernon, the honoree.

JUNIOR BLUEBONNET CLUB

The Junior Bluebonnet Club met Tuesday, Oct. 15, at the home of Mrs. Harry Norwood for an all day quilting. Each member brought a covered dish and at noon a delicious lunch, consisting of meats, vegetables, salads and a desert was served. Immediately after lunch the quilting was resumed and those who were unable to quilt were elected dish-washers and general "cleaner uppers."

At 3:30 o'clock in the afternoon, while the quilting continued, the club had its regular meeting. During the social hour lovely refreshments were served to the following: Mesdames J. C. Pash, Randal Boucher, Bayne Young, Charles Timmins, Price Colwell, Hatton McRee, J. B. Forbes, Wayne Pennington, Alvie McCaslin, Misses Helen Tidmore, Geraldine Hutchens, Matella Campbell, Willis Mae Poole, Fressie Turner, Zetta Boucher, Ida Marie Chambers, Louise Alfred, two guests, Mrs. Timmins and the hostess Mrs. Harry Norwood. Everyone present seemed to enjoy the whole day.

The quilt is to be on display in the window of Graham Dry Goods Company, very soon.

MRS. CLAUD HENRY HOSTESS TO CLUB

Fourteen members of the Chillicothe Home Demonstration Club met with Mrs. Claud Henry in Vernon Friday, October 4th.

The meeting was called to order by Mrs. Roy Stuckey.

The following officers were elected for 1936: President, Mrs. Gene Wofford; vice-president, Mrs. Roy Stuckey; secretary-treasurer, Miss Ina Bryan; assistant secretary-treasurer, Mrs. H. ...

MRS. BOSTON HOSTESS TO DELPHIAN CLUB

The Delphian Study Club met in the home of Mrs. O. L. Boston Wednesday, October 16. Lovely refreshments were served to the following club members: Mesdames S. H. Williams, W. E. Williams, J. M. Rutherford, Roy Quinby, C. E. Carlock, J. T. Muse, Roy Sutton, J. A. Philips, Ed Kenschalo, J. B. Forbes, Hattie E. Beadle, Harlin Cole, Miss Clara Cole, and the hostess, Mrs. Boston.

Mrs. Hardin Cole, supervisor of study, conducted the lesson which concluded the study of the lives and works of Colonial masters, namely: Copely, West, Stuart, Trumbull, and Sally. Prints were displayed of the famous pictures by Trumbull, which are located in the rotunda of the national capitol.

The picture, "The Boy With the Torn Hat," by Sully, was studied and it was interesting to learn this little boys portrait holds the same place in the hearts of the American people as the "Age of Innocence" olds in the hearts of English people.

The lives of the minor colonial masters, Peete, Fulton, Vanderyn, Morse, Harding, Weer and Huntington were discussed. Peete, the most noted of the minor colonial masters, organized the first academy of fine arts in America.

The next meeting will be held in the home of Mrs. Ed Kenschalo October 30 at 3 p. m. The lesson will be the continuation of the "Forerunners of American Art," including the lives and works of Ennis.

MISS HEENE HOSTESS TO SUB DEB CLUB

The Sub Deb club met Monday night, October 14, at the home of Miss Martina Beene.

Motto selected for the club is "Nothing Less Than Best."

A historical, Vada Honeycutt, was elected. Mrs. Buddy Craig, former Chillicothe high school home, economic teacher was chosen as an honorary guest of the club. The program for the night were talks on "Personal Grooming."

Refreshments were served to Geneva Anderson, Mattheilba Brewer, Frances Brock, Obara Campbell, Jewell Boucher, Anna Sue Cole, Mary Louise Higginbotham, Vada Honeycutt, Edna Hightower, Geraldine Shages, Albertson Schmitke, Tommy Turner, Ha Rue Young, and the hostess, Martina Beene.

HONORED WITH BIRTHDAY DINNER

L. N. Higginbotham was honored with a surprise birthday dinner Sunday, October 13, at his home south of the city. Each guest arrived with a well-filled basket and a gift for the honoree.

Those enjoying the occasion were Mr. and Mrs. W. J. Waldrip, Liburn Testers, Mr. and Mrs. Wallace Waldrip and children, Mr. and Mrs. Frontis Waldrip and son, Mr. and Mrs. J. H. Phillips and daughter, Mr. and Mrs. W. M. Tombs and son, Mr. and Mrs. Arthur Jenkins, Mr. and Mrs. Robert Baird, the honoree and children.

All departed at a late hour declaring they had spent an enjoyable day.

DISCUSSES ROSE GARDEN AT MEETING

The rose garden should be at the side of the house or in the back yard, members of the Big Valley Home Demonstration Club were told by Miss Elsie Phillips.

DEMONSTRATION AGENT FOR HARDEMAN COUNTY

at the club meeting last Friday afternoon in the home of Mrs. Lillian Bellamy.

There are two kinds of roses that do well here, the red and pink, the Red Radiant, and Frances Scott Key, the pink radiant and Mrs. Charles Belle. The red radiant climbing rose is also a good one that does well here.

In the spring the rose bush should be sprayed every ten days to kill all insects. One should cultivate very shallow, about two inches being sufficient depth as the roots are near the top of the ground. Do not water too much. Keep the ground well-trained. In the fall there should be two inches of mulch, straw, cotton balls, or leaves put on the ground to protect them from freezing. Will also keep the ground moist. Miss Phillips further asserted.

The next meeting will be at the home of Mrs. M. C. Turner, 2:30 o'clock, Friday afternoon, October 25. All members are urged to be present as new officers are to be elected.

Present for the last meeting were: Katherine Bailey, Rula Bell, Evans, Mrs. L. P. Hightower, Mrs. Therie Wall, Mrs. Carl Wall, Mrs. W. S. Dodson, Mrs. Elbert Easley, Mrs. Edna Stringer, Mrs. Zack Bailey, Frances Bailey, Miss Elsie Phillips and the hostess, Mrs. Lillian Bellamy. Visitors were Mrs. Jackson, Dorothy and Margaret Bellamy.

ELM GROVE NEWS

Regular services morning and night will be held, the evening preaching service at seven-thirty. We are very happy to have had our friends of other denominations to have visited in such numbers last Sunday, and assure them that they will always be more than welcome.

CHRISTIAN ENDEAVOR, 6:45 P. M.

Women's Missionary Society meets Monday at 2:30 p. m.

HIGH SCHOOL NOTES

The library boasts a new twenty dollar dictionary—a Merriam Webster's New International, second unabridged edition. Students seeking new words for their vocabulary can find everything in it from pi to Xanthopore.

A mild flurry of excitement is running through the student body over prospects of a new gym. A new gym means basketball, volleyball, indoor baseball, and physical education classes, no matter what the weather.

Spanish I and II and English II-a met Monday with a new teacher, Mrs. R. M. Leach. Mrs. Leach was put on as a part time teacher to relieve the overload of some of the teachers, notably Miss Saling.

Tomorrow the Eagles play Throckmorton at Throckmorton. Football Fridays are always hard on both students and teachers, as there is an infection of restlessness that runs through everyone, whether or not he attends the game.

Rumors are rife that the science classes are going to publish a sentence paper as a group project for the year. Definite action has not yet been taken.

Last week C. H. S. students received instructions on how to publish a sentence paper as a group project for the year. Definite action has not yet been taken.

No statistics on the subject have been compiled, but nearly every student, before he leaves

Opens Watch Repair Store In This City

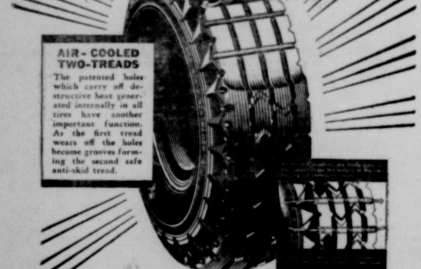

Naylor E. Poque has opened a jewelry and watch repair store in the Boucher building, North Bixie street. He invites all his friends to call on him, and says he hopes to stay this time as Chillicothe is rightly his home.

Naylor has had several years experience in watch repairing here, and while at McLean.

Mrs. Odus Tooley was in Altus Okla., Friday, having taken Mrs. Fay Prescott to her home. Mrs. S. D. King also made the trip and will be there a few days for a visit.

E. H. Kemp was a business visitor in Fort Worth last week end.

THIS TIRE Doubles Safe Mileage

AIR-COOLED TWO-TREADS
The perfect tread which cuts off destructive heat generated internally as all tires have another important function. As the first tread wears off the holes become grooves forming the second safe anti-skid tread.

Double your safe tire mileage by putting Seiberling two-tread Air-Cooled tires on your car today.

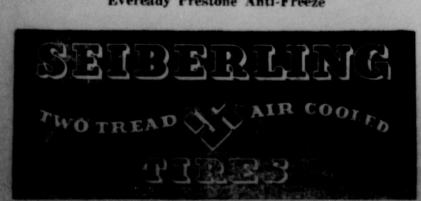

ANGER POINT becomes SAFETY Point
The danger point in ordinary tires becomes the safety point in Two-Tread Seiberlings.

When the first tread design wears off, a new tread appears as if by magic with new hard-gripping tread cleats. These tires are safe—not just for the first few thousand miles but as long as the tires are on your car.

Bring your car up to date with 1935 Tires
When you re-tire your car insist on the new 1935 Two-Tread Air-Cooled tire. There is no other tire on the market as good from the standpoint of mileage, safety and traction.

EAGLES SHUT-OUT IOWA PARK HAWKS IN LEAGUE SETTO

Roll Up 25-0 Count to Annex First Win of Season In Game Thursday Night

In a game replete with thrills, the Chillicothe High School Eagles downed the Iowa Park Hawks at Iowa Park last Thursday night to the tune of 25-0. This was the second conference game for the Eagles. They played Archer City the week end before and were defeated 14-7.

Under rather poor lights and on a ragged field, the Eagles in the first quarter demonstrated they had the stuff they didn't use in the Archer City game.

Chillicothe received, and after three downs, Aulds punted. Iowa Park was held for downs and forced to punt—and then the Eagles got under way. Making three consecutive first downs, the Eagles penetrated to the Hawks' fourteen yard line, but lost the ball. The quarter ended with the ball in Iowa Park's possession on their own fifteen yard line.

In the second quarter the scoring spree started, after some nice end runs by Keys and Aulds. A fifteen yard penalty was assessed Iowa Park. Davis took the ball on the eight yard line, and in two plunges put it over for a touchdown. Francis' pass for conversion was had.

After the next kickoff, a punt of the Hawks was blocked by Tidmore, and on the first down, Aulds ran the ball around right end for a touchdown. Aulds failed to convert.

Iowa Park received the ball on their own thirty, fumbled it, and Keys recovered. Aulds, Keys, Francis and Davis alternated carrying the ball, advancing it to the six yard line where Aulds skirted right end for a touchdown. Conversion was successful. The half ended with Iowa Park recovering the ball on their own 15 yard line and returning it to the 25 yard line.

In the third quarter the Eagles lacked up a bit in their drive; that, coupled with renewed fight on the part of the Hawks prevented their scoring any during that quarter. The Eagles were held twice, being forced to punt, but in the fourth quarter they began a steady consistent drive down the field again. Aulds skirted end on a play that netted the Eagles 9 yards, putting the ball on the Hawks 28 yard line. On the next play, Francis tossed a pretty pass a matter of 29 yards to Aulds who galloped the remaining ten across for the final touchdown of the game. Aulds failed to convert. Final score, Chillicothe 25, Iowa Park 0.

The entire backfield showed up in stellar roles. Campbell, Dodson, and little Worley were especially good in blocking. W. D. Francis, Tidmore, and O. B. Worley tackled hard. Tubb and Jones were always charging in. Due credit will have to be given the whole team for a fighting, charging night, and to Coach Mus, for a well coached team that could deliver the goods.

Chillicothe punted three times for a total of 193 yards, averaging 34 yards per punt, completed one pass for twenty eight yards, and threw two that were incomplete, fumbled twice, made 233 yards from scrimmage, eleven first downs, and received 59 yards on penalties.

Substitutions: L. D. Worley for Tubb, Young for Campbell, Lankford for Dodson, Morrison for Keys, Sweatman for Jones.

Officials: Referee, Gibson, Durant Teachers of Oklahoma; Umpire, Clifton, E. T. S. T. C.; Head Linesman, O'Leary of Notre Dame

Starting lineups were as follows:

Chillicothe,	Pos.	Iowa Park
Tidmore	Stripling	
Campbell	Right End	Paris, Fred
Jones	Left End	
O. B. Worley	Right Tackle	Craft
Francis	Parish, Leonard	Left Tackle
Tubb	Center	Jackson
Dodson	Left Guard	Sunday
Francis	Right Guard	Cowden
Aulds	Quarterback	Honeycutt
Keys	Right Half	Smith
Davis	Left Half	Furl
	Pollback	Cooksey

Misses Irene and Eula Mae Tarter left Saturday morning for a two week's visit with their sister, Mrs. C. E. Pursley in Decatur, Ala.

Culinary Jingles by Marcia Camp

Ham and eggs can fill the bill When all the world is bleak and chill And wintery blasts assert their will. But when the days are warm and nice, A lighter breakfast will suffice. For instance, have you tried marsh ice?

A MARSH ICE FOR BREAKFAST
A FROZEN dessert for breakfast! That may sound a little odd to unaccustomed ears, but it is sure to taste very good indeed even to unaccustomed palates on a sweltering August morning.

And when the frozen dessert is an orange marsh ice, which amounts to very little more than a containing blend of slightly sweetened fruit juices, it is really a perfectly suitable breakfast dish. The chill gives just that extra flip to a heat-weary appetite which is needed to make the rest of the breakfast welcome, and all the invaluable vitamins of the plain orange juice remain intact.

The only extra work in addition to that of preparing the fruit juices

is melting campfire marshmallows in top of a double boiler. The campfire marshmallows are what keep the ice fine-textured and smooth, adding a certain smoothness of flavor at the same time. Once they are added the mixture may be popped into a freezing tray of the mechanical refrigerator or placed in a tight container in a bucket of ice and salt, and forgotten, except for one stirring midway in the freezing process. It may be kept for two or three days if the family will permit.

ORANGE MARSH ICE
1 pint orange juice 1/4 cup lemon juice
24 campfire marshmallows 1/4 teaspoon orange rind 1/4 teaspoon salt

Pour 1/2 cup of orange juice over the marshmallows and steam in top of double boiler until melted. Remove from stove and add rest of orange juice and other ingredients. Freeze, stirring once. Serve 4 or 5.

This recipe may be varied by using other fruit juices. The marsh ice resulting are excellent accompaniments to any other meal as well as breakfast.

Eli Davis, M. J. Brock and daughter, Mrs. Jack McMichael, Mr. and Mrs. John S. Hayhurst, and daughter, and Mrs. Johnnie E. Roberts, attended the singing convention at Mangum, Okla., Sunday.

CONNALLY OFF TO PHILIPPINES

To Attend Inauguration of First President

United States Senator Tom Connally sailed from Seattle on October sixteenth for the Philippines to attend the inauguration of the first president of the new island republic. He is accompanied by his son Ben Connally, an attorney of Houston.

Senator Connally is one of a group of American officials who were invited by the new Philippine government to attend the ceremonies. The party will be headed by Vice-President John N. Garner, speaker Joseph W. Byrnes and Secretary of War George H. Dern. The group boarded the S. S. President Grant and will go first to Yokohama, Japan, from whence they will visit Tokyo and Kobe.

Proceeding from Japan, the next stop will be Shanghai and then Hong Kong. The party will arrive at Manila on November eighth. The inauguration is on the fifteenth, and the American officials will leave Manila on the twentieth. On the return trip they will stop at the same ports in the Orient and then visit Honolulu. Returning they will reach Seattle aboard the S. S. President Jefferson on December fourteenth.

Statement of the Ownership, Management, Circulation, Etc., Required by the Acts of Congress of August 24, 1912, and March 3, 1933
Of The Chillicothe Valley News published weekly at Chillicothe, Texas, for October, 1935.

State of Texas, County of Hardeman—ss.

Before me, a Notary Public in and for the State and county aforesaid, personally appeared Grady G. Roberts, who, having been duly sworn according to law, deposes and says that he is the owner of the Chillicothe Valley News, and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, as amended by the

Act of March 3, 1933, embodied in section 537, Postal Laws and Regulations, to-wit:

That the names and addresses of the publisher, editor, managing editor, and business manager is: Grady G. Roberts, Chillicothe, Texas.

That the owner is Grady G. Roberts, Chillicothe, Texas.

There are no bondholders, preferred stockholders or creditors of any kind.

Signed: Grady G. Roberts, owner.

Sworn to and subscribed before me this 15th day of October, 1935. (Seal) E. L. Grimes. (My commission expires June 1, 1937.)

John McGinnis and Mrs. Paul McGinnis attended the football game in Wichita Falls Friday night.

Raymond Touchstone and F. L. Moffett were in Wichita Falls Friday night.

Mrs. W. L. Carrant of Petrolia was here Sunday for a visit with her sister, Mrs. A. E. Howard, and Mr. Howard.

Mr. and Mrs. Paul Newsom and baby, J. Ronald, were in Vernon Sunday.

AUNT LUCINDY and JEEMS TOURING THE U.S.A.

by MARY WINN SHOATS

"Well, Lucindy I am powerful proud to hold you ground after Jeems Rainwater and never let him talk you out of coin with him for men folks like to get out by themselves on travelin' towns, remarked Mrs. Tweekins with her mouth full of snuff.

"Well I thought a give in to him sister Tweekins, and let him git on the seemin' Texas town, a seekin' another location, seem as how he had done, got his head set on sorta diversifyin' his farmin' like has been again him on to do in' for several years, instid of plainin' so much cotton, and which I don't reckon he'd ever done a bit weat' for the lie tustin' loose from our land and us suddenly gittin' well to do and havin' to move away fer I didn't want to take no chances on gittin' me washin' all splattered up with lie when the close wuz hancin' out on the line, so wuz sorta fignerin' on movin' some whars' anyhow."

"You say you wuz?"

"Yes, if he hadn't spoke them remarks about fignerin' on goin' down to the special settin' of the Texas Legislature whar I told yous all them wild female vamps holds forth a seekin' who they devour."

"They do?" agreed Saffronia Higgins.

"Yes, I don't blame ye fer wantin' to git yer close all splattered up with that lie a bustin' from the ground."

"Tweekins, but jist what wuz them remarks which got ye so riled up, Lucindy?"

"Well, my ole man he sez as in he pranced up and down the room whilst I wuz a packin' the vesicles, him a chewin' his tobacco and followed by ole Tige a waggin' his tail same as if he also wuz fignerin' on immigratin' down to Hardeman county to be a big dairy farmer and my cock man sez he as he again squared another mouth full of tobacco on ole Tige."

"My Ebenezer says James writes me that a right smart chance of young fellers (which is the sense of their daddys beknowed by me to do) went by, in a new set, in the right that in Chillicothe on top of the earth are helpin' to run the town on account of 'em being the popular fellers, some of the mainest of which is them three fellers Reeb Harris, president, C. E. Carlock who is vice president of the Chillicothe Cotton Oil Co. and Gen. Manner Dan Wilson, secretary and treasurer, and all of 'em hope out of the knowin' Ed Kenshalo who is the superintendent of that big Chillicothe Cotton Oil mill which they manufacture from fine Chillicothe feeds for stock and chickens and got 'em some role right at that Chillicothe Cotton Oil Mill."

"Shore'nough!" Has the three boys done growed up to be big mill fellers? I asks plum lumbounded for it don't seem to me since all 3 of 'em was a wadin' round in Coon Skin Crossin' with their britches rolled up to their knees a catchin' ear fish."

"Well they jist a catchin' no raw fish now but they jist doin' whars' they're still wadin' round that big oil mill with their britches rolled up more'n likely to keep 'em from gittin' full of cotton lint) whilst they're a manufacturin' to the tune of 100 tons day them cotton seeds into them chilio products such as cake and lard which Eryz Jones buys thar jidly and he sez them bulles stock feeds keeps him rock fat them cows givin' plenty 'n milk and them hens of Alvry's givin' plenty of eggs which she sells regular to them 2 M System stores in Chillicothe whar she gets her the highest market for them articles."

"Yes and sez he "Eryz Jones like them oil mill fellers all the ton seeds which he don't sell them 2 obligein' fellers thar at a Turner-Star-Gin which does his cotton ginnin' and mostly his gin cotton a givin' him the market prices."

"Shore'nough!" Then you ort to go partizanize all them 3 boys yer since you knowed their ginnin' in days went by when them boys wuz young jidly they fellers a comin' down to Coon Skin Crossin' with their daddys'."

"Yes I reckon so and thar is I I propose to go myself and take a trade with Harris or Carlock and to furnish me with all I need fer them dairy I am fignerin' on buyin' and them Jersey bulls with which I propose to organize several bull studs until I kin git a good crop of seed planted on my farm th I propose to git as soon as

kin find F. L. Moffett, who they tell me is the daddy of the town as well as the daddy of that fine member of the Legislature, George Moffett, and git F. L. to help me git a good farm may be sell me one of his'n on which farm I fign'er to git the Farmers Lumber Co. to build me a fine house."

"Then" sez he, "I fign'er on gittin' the leadin' trade of Chillicothe to make me a new pair of britches with coat and vest to match 'em instid of me a gittin' a pair of hand me down britches which would not fit and I'll have to buy 'em from Touchstone, Moffett's son in law, who I heard tell is the leadinest Ford dealer in Hardeman county and I'll see I can't palm off ole Liz on Raymond Touchstone in a trade in one of them up to date '35 Ford V-8s which is so popular, and in that new car I purpose to git I'll wantter forth to Austin to view the special settin' of the Legislature and likely as not git Jimmie Allret to give me a job and more'n likely I'll be givin' my ole man how many married widows is now agittin' them Capitol jobs and some of them state officials, seem as they ort to be givin' their hirsin' their wiv'es to other state officials, so I reckon it is the proper paper and."

"Now sez I, in plum rebukin' touchstone, "Rainwater you needn't be a fignerin' on hirin' me out to no state official as his secretary for it has got to the pint where you can't support me, I'll make a lirin' rakin' turkey and chickens down nigh Valley View but I ain't a goin' to be the secretary of no state official, which is a right smart chance of them state officials, seem as they place bein' at home and not hired out to no other woman's husband."

"Now you spoke a mouth full of snuff, Lucindy."

"Now wouldst' slich talk beat a coose a cacklin' for Jeems Rainwater?"

"Sittin' arrayed out in tailor made britches," said Mrs. Tweekins scornfully as she arose and spat a mouth full of snuff and said to her men folk, "I'll make a lirin' rakin' turkey and chickens down nigh Valley View but I ain't a goin' to be the secretary of no state official, which is a right smart chance of them state officials, seem as they place bein' at home and not hired out to no other woman's husband."

- BROOMS 25c
- MEAT—Dry Salt, pound 21c

J. WALTER DAVIS —NUF SED!

Ford V-8 Streamlining Steps Ahead

THE IMPROVED streamlining of the front end of the Ford V-8 for 1936 is well illustrated by this camera shot. Note the horn set into the fender apron behind a chromium grille and the way the graceful contour of the fender is carried to the edge of the new radiator grille. A glimpse of the new hood louvers is caught behind the headlamps. The V-8 insignia on the prow of the car is of new design.

Ford V-8 cars for 1936 were shown for the first time today to Ford dealers at group meetings in the 24 Ford branch cities in the United States and seven in Canada. The new cars will be publicly shown for the first time next Saturday by dealers.

are no radical changes. The 85 horse power V-8 engine, of which more than 2,000,000 are now in operation, is unaltered.

Of the three principal chassis improvements, one—improved steering—is aimed at greater ease and safety of operation. Two others tend to greater comfort. One is the use of new steel wheels which lessen the unsprung weight and thus provide greater riding comfort. The other is an improved transmission using quiet helical gears, formerly used only in second and high speeds, in all forward speeds and reverse.

The new front-end treatment gives added distinction to the body lines. The hood is longer, extending gracefully over the radiator grille. With its vertical slots and more accentuated "Vee", as well as its smoothly rounded lower edge which blends with the streamline curve of the inner portion of the fenders, the grille contributes a new note of smartness.

Fenders are streamlined, a wild inward flare giving them an imposing appearance. Louvers are of new design. Horns are now recessed in the fender aprons back of small round grilles beneath the streamlined headlamps.

The welded steel body is low and wide, with flowing rear quarter lines. Finish is a Ford-developed baked enamel. There are 5 body colors. Washington blue, gray Vineyard green, Cordora tan, gunmetal and black, of which the first two are new. De luxe body types are available in any of the five colors, with fenders matching and wheels of new design in a harmonizing color. Cars without de luxe equipment come in black or gunmetal, with fenders matching the body color and black wheels.

Thirteen body types are available, ten with de luxe appointments and three without. These are:

De Luxe: Three-window coupe, five-window coupe, roadster with rumble seat, phaeton, cabriolet with rumble seat, convertible sedan, Tudor sedan, Fordor sedan, Tudor, touring sedan and Fordor touring sedan.

Without de luxe equipment: Five-window coupe, Tudor and Fordor sedans.

Interiors, especially luxurious in the de luxe types, reveal a distinctively modern treatment. The color motif is a rich gray, with which the taupe of the upholstery fabrics harmonizes. Seat cushions are deeply pillowed and set off with new piping. In de luxe types, various upholstery options are available. Recessed arm rests give added elbow room in the Fordor and Fordor touring sedans.

All instruments are of new design to conform to the modern feet of the new gray metallic pyroxylin instrument panel. De luxe car panels are fitted with 100-mile speedometer, with trip mileage recorder, ammeter, water temperature indicator, electric fuel gauge and electric oil gauge, as well as cigar lighter, tilting ash tray and glove compartment. The ash tray may be removed and a Ford radio installed upon special order.

All types have clear-vision ventilation. Safety glass is standard

in windshields and all doors and windows.

Steering gear ratio has been increased to 17-to-1 from 15-to-1 and the front axle steering arm lengthened. New roller bearings have been added to the steering arm sector shaft, and teeth of the worm and sector are now ground and lapped. It is estimated effort required in steering has been reduced more than 25 per cent, as a result of these improvements.

Gear shifting is made easier by reducing the length of travel of the gear shift lever.

The number of anti-friction bearings in the chassis is increased to 21 from 25.

The new steel wheels consist of a drawn steel spoke section electrically welded to the rim, forming a single steel unit of exceptional strength. Each wheel is nearly five pounds lighter than the former steel spoke wheel. The wheel is completed by a 12½-inch hub cap with polished stainless steel center carrying the V-8 insignia. Tires are again 6.00 by 16 inches, carrying 30 pounds pressure.

Although no change except in manufacturing fineness has been made in the V-8 engine, the cooling system has been improved and its capacity increased to provide adequate cooling under exceptionally severe conditions.

Aside from these improvements the chassis is unchanged. Its most important feature is the proper combination of three engineering principles to provide what is termed the "centropose" ride. These are improved spring suspension, correct car balance and proper passenger weight distribution.

Other features include a double drop X-type frame, with X and side members forming box sections extending to the end of the frame; mechanical four-wheel brakes with 18½ inches of friction surface; flexible transverse springs perched forward on the front axle and back of the rear axle on the 112-inch wheelbase, providing in excess of 123 inches springbase; easy clutch with application assisted by centrifugal force; full torque-tube drive, three-quarter floating rear axle with straddle-mounted pinion and double acting shock absorbers.

Two-Minute—
(Continued from Page 1)

active career, been engaged in many business enterprises and employed many people he never himself nor permitted any of his employees to be anything other than strictly honest and honorable in all their dealings. The third thing that impressed me in connection with this remarkable life was this portion of his advice to his grandsons: "Think constructively. To illustrate, if you are earning \$1000 a year and spending it do not waste too much thought on how to reduce expenses so as to save \$100. But rather think and plan how to increase your earnings \$100 a year." I like that thought. There is more involved in the philosophy of life than merely the \$100. There were saving of \$100 calls for a retraction, a suppression of one's energies, a drawing in, but the earnings of another \$100 calls forth extra energies, more active and more progressive thought. It tends to develop further the energy and initiative and outlook. Coming from a man like Gary, who has proven its value in a long successful and honorable life, it is splendid advice to any young man or young woman.

Motorists May—
(Continued from Page 1)

roads as well.

Colonel Ashburn, whose organization is composed of 25,000 motorists in all sections of the state, said: "We do not think it right to redeem bonds, many of them heavily depreciated, for the profit of the bondholder and at the expense of the motoring public." He named a Dallas bond artist who is in Austin actively sponsoring the bill.

"We further believe," Colonel Ashburn continued, "that to provide counties, which have not had the benefit of large road programs, to pay off the bonds of counties which have voted large programs, is unsound and unfair."

Moreover, a higher tax does not assure greater revenue, he explained, pointing to Oklahoma, which suffered a 17 per cent decrease in revenue and a 12 per cent drop in auto registrations the year after its state gas tax was raised from four to five cents. The Oklahoma legislature reduced the tax to four cents the following year.

Miss Kathryn Boaz, who is attending McMurry College in Abilene, spent the week-end in Chillicothe with her parents and friends. Miss Boaz brought as her guest, her room mate Miss Mary Phillips of Dumas, who is also attending school at McMurry College.

Adrian Johnston of Berger arrived in the city Wednesday afternoon for a few days visit with his parents.

Prizes offered included a pair of silk socks offered by Graham Dry Goods Company; a can of Admiration coffee, given by the City Food Market; a bottle of pickles by Cole & Heath; box of face powder by V. O. Williams; shaving set by Boaz Rexall Drug Store; bottle of sauce by City Market; a pint jar of College Inn chicken noodle dinner by M-System Stores; and a picture by M. T. York store.

Mr. and Mrs. Jack Craig and children, Dorothy and Bobby, of Frederick, Okla., were in the city for over the week-end as guests of Mrs. L. B. Craig and other relatives.

Mrs. A. J. Kinard of Goodnight is here for a visit with Mr. and Mrs. C. W. Underwood and also Mr. and Mrs. V. O. Williams.

Judge Marvin Poteet and A. J. Carpenter of Vernon were in the city Tuesday to attend the meeting of the local Lions Club.

Rev. Silas Carr Gives Up Work As Elm Grove Pastor

Two years ago, October 1, 1933 Rev. Silas Carr located at Elm Grove. While visiting the Sunday school he was invited to preach on the third Sunday in October. After filling his appointment he was asked to give one Sunday each month to the Elm Grove community.

After showing the situation he found the community in need of missionary work. Since then Rev. Carr has given the people his best services, through a dependence upon the Holy Spirit. After being in the field a few months he was invited to take over the young people's class in the absence of Mr. Sweatman. He enjoyed twelve months working with the young people, and during that time there was an increase in membership from ten to forty-five.

During the two years Rev. Carr has held meetings he has seen nine of the class members he taught give their hearts to Christ. Moreover, he has had many special blessings that will always be with him as he continues his work.

Rev. Carr regrets very much to leave the community, but after giving it a prayerful consideration he finds it a wise thing to do. He is leaving with the community a prayerful heart that the Lord's special blessing will rest upon the people, especially to those who are not Christians. He sincerely trusts that they will not forget to pray for the young preacher who is leaving; that God will give unto him power, spirituality, and wisdom.

Misses Anna Ruth Williams, Helen Sims, Romayne Dodson, and Messrs. Holland Metcalf, Gilmer Davis, and Garland Blanchard, all of whom are students of Texas Technological College at Lubbock, spent the week-end at home in Chillicothe with parents and friends.

Mrs. W. L. Ledbetter, and Mrs. Raymond Touchstone were visitors in Wichita Falls Monday.

As Large PRESCRIPTION Stock

as you will find anywhere. We have two registered pharmacists, ready to serve you at all times.

Our Biological Department

is kept up to state requirements and was just this week inspected by State Biological representative who complimented us highly on the way we handle our biological products.

See Your Doctor. Then See Us.
