PLAINVIEW TRIO FREED IN RADIO CASE

SHERMAN, Nov. 28. (AP)—The government lost its first radio station case here today when a jury in federal court acquitted Mr. and Mrs. E. J. Turner and Dick Saye of Plainview on charges of operating a Denton radio station without a license from the federal radio commission.

SAN ANTONIO DRUGGIST BADLY BURNED

SAN ANTONIO, Nov. 28. (AP)—Bellont Gilbert, San Antonio druggist, was seriously burned here today while he and four other persons were escaping from his fire-swept second story apartment.

FORTY MEN TO WORK IN FLOYD COUNTY

FORT WORTH, Nov. 28. (AP)—Forty men went to work today on an emergency highway project in Floyd county, it was announced by C. E. Swain, federal district engineer for the bureau of public roads. The men were employed on a $28,000 project which includes grading and drainage structures, a caliche base and road oil surfacing.

SHANK BASES DEFENSE ON INSANITY

BENTON, Ark., Nov. 28. (AP)—Mark H. Shank, Akron, Ohio, attorney, was characterized as "wholly insane" by his attorney in an opening statement to the jury in Shank's trial for the poison murder of Alvin Colley, also of Akron.

Prison Fugitives Sought In Texas

SIX PRISONERS FLEE AFTER DISARMING EASTHAM GUARDS

(By The Associated Press)

HUNTSVILLE, Nov. 28—The trail of six desperate convicts who escaped from Eastham state prison farm by overpowering and disarming their incautious guards, led into northeast Texas today.

After they had been forced to exchange clothes with two of the fugitives, Guards W. R. Stephenson and G. J. Lundy, along with seven prisoners who took no part in the break, were bound to trees with baling wire.

Hunters Disarmed

Then the escaping prisoners ran through the woods until they came upon two squirrel hunters, whom they disarmed and robbed of their clothing.

Invading the home of a woman Apostolic minister a short distance away, the fugitives made her hand over the keys to her automobile. They climbed into the car and sped to Clapp's ferry across the Brazos river. The ferryman was forced to take them and the stolen green sedan across and they continued their flight through Madisonville in the general direction of Dallas.

Fugitives Described

Descriptions of the escaped prisoners and the car were sent to officers all over the state.

Prisoners who escaped were J. D. Good, from Van Zandt county, serving two years for theft; Forest Gibson, known in Fort Bend, Robertson and McLennan counties, serving four years for burglary and theft; Frank Shelton, from Ector, Sterling, Midland and Howard counties, seven years for robbery with firearms; Monroe Summy, McLennan county, ten years for burglary and theft; Norman Adams, Dallas county, ten years for robbery with firearms; and Charles Oran Harrison, McLennan county, two years for burglary and theft.

Baer Seeking To Settle Love Suit

OAKLAND, Calif., Nov. 28 (AP)—The probability of a settlement out of court of the $250,000 breach of promise suit brought against Max Baer, handsome heavyweight fighter, by Miss Olive Beck was announced by attorneys here today.

Crozier C. Culp, counsel for the Livermore, Calif., waitress who claims Baer broke his promise to marry her, said terms of a settlement have "practically been reached."

Clifford Russell, acting as legal second for Baer, conferred with Culp last night, and agreed that a compromise appeared to be likely. Neither attorney would state what amount had been proposed but intimated it would be a considerable sum.

MONEY POLICY VIEWS VARY

PROGRAM PRAISED AT ONE MASS MEETING, HIT AT ANOTHER

(By The Associated Press)

NEW YORK, Nov. 28—Two schools of monetary thought played oratorical tug-o'-war with the American dollar at rival mass meetings last night.

On one side was the Rev. Charles E. Coughlin, "radio priest" of Royal Oak, Mich., defending at the Hippodrome the Roosevelt money policies. On the other were The Crusaders, urging "sound" money and decrying inflation.

Professors Favored Gold

Coincident with the two meetings a manifesto signed by 37 Columbia university professors was made public. It urged an "expeditious" return to the gold standard by the United States.

Still another element was added to the difference of opinion concerning the administration's money policies by a letter to Senator Borah of Idaho in which James P. Warburg, banker, suggested a "modernized" international gold standard.

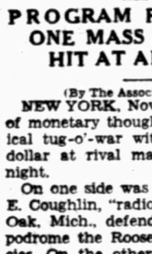

The mass meeting at the Hippodrome attracted a crowd which police estimated at 20,000, only 6,500 of whom were able to obtain entry. A force of 176 policemen had difficulty in keeping the traffic lanes open, and several persons were slightly hurt in the crush.

Eleven Members Of Hooded Band Held

GREENVILLE, S. C., Nov. 28 (AP)—Eleven alleged members of a white-robed and hooded band which on the night of November 16 killed George Gree, a 73-year-old negro, had been rounded up today, and officers promised additional arrests.

The total of arrests was brought to eleven yesterday with the detention of C. M. Suttles, an insurance agent; H. E. Cook, a truckman; James S. Allison, a textile worker, and John Cureton, foreman of a reforestation gang. They were charged with murder.

Lindberghs Pause In Atlantic Flight

DAKAR, Senegal, Nov. 28 (AP)—Col. and Mrs. Charles A. Lindbergh rested today at Calheta in the Cape Verde islands, after a flight across 800 miles of the South Atlantic from Villa Cisneros yesterday.

The colonel said that he and his wife would start the westward trans-Atlantic flight tomorrow.

Inspector Wounded By Smugglers Dies

EL PASO, Nov. 28 (AP)—U. S. Mounted Customs Inspector Rollin C. Nichols, 39, died today from wounds received when he and two brother officers were ambushed by 15 border smugglers Friday night.

Nichols was shot in the head. Three shotgun slugs lodged in his brain.

Inspectors J. H. Shaffer and L. R. Porter narrowly escaped death in the hail of lead fired by the rum runners.

TROOPS CALLED IN LYNCHING PROBE

FOUR MEN ARE ARRESTED IN MARYLAND

MILITIA LEAVES WHEN CROWD ADVANCES ON STATE ARMORY

(By The Associated Press)

SALISBURY, Md., Nov. 28—State troops sent here by Governor Albert C. Ritchie to arrest the alleged Princess Anne lynchers left Salisbury early this afternoon, apparently headed for Baltimore.

It coulrn't be ascertained if they had the four men they arrested early today with them.

As the buses bearing the state militia pulled away, there was n attempt on the part of the crowd to molest them.

Car Is Overturned

Some of the crowd, however, lifted an official car, a large sedan, bodily and turned it over. A negro chauffer at the wheel scrambled out and ran. The car was said to belong to William Preston Lane, jr., state attorney general, who had been inside the armory.

TEAR GAS BOMBS HURLED BY TROOPS

SALISBURY, Md., Nov. 28. (AP)—Tear gas bombs were hurled by state militia when a crowd of 400 men apparently incensed at the arrest of four members of the Princess Anne lynch mob advanced on the state armory here.

The crowd gave way temporarily, but again advanced and the soldiers who arrived last night from Baltimore were driven back into the armory.

A general fire alarm was sounded and firemen came to the rescue of the 300 members of the militia, ordered by Governor Albert C. Ritchie to arrest nine men said to have been members of the mob that lynched George Armwood on the night of October 18.

The screaming crowd appeared to be unmindful of the tear gas, coming closer all the while. A few minutes later another barrage of tear gas was loosed.

Brig. Gen. Milton A. Reckord, adjutant general of Maryland, stepped out in the street and said:

"Get back. We don't want to hurt anybody."

Whereupon, there was a yell from the crowd:

"What right have you to come

SEEK AGREEMENT ON WHEAT POLICY

LONDON, Nov. 28 (AP)—Agreement on policies for the improvement of world wheat conditions was the goal of the international wheat commission today.

The commission still had a mass of reports on conditions and prospects in various countries to study after seven hours of steady work Monday, before attacking questions of policy.

Later, members of the wheat exporters' group were expected to take up issues raised by Russia's insistence on double the 379,000,000-bushels allotment offered.

This was the quota set by the big four representatives—the United States, Australia, Canada, and Argentina.

Liquor And Movie Codes Are Signed

WARM SPRINGS, Ga., Nov. 28. (AP)—President Roosevelt today had the arm of government extended over the newly arising liquor industry and the powerful motion picture business.

In signing the codes covering these two groups the president last night enunciated policies permitting them to regulate themselves but providing for strict federal supervision with power of veto and initiative. In this principle some observers were inclined to see a policy of gradually returning to industry the right of self-regulation but with full government authority to supervise and direct.

ROLPH'S STAND PRAISED AND CONDEMNED

OTHER GOVERNORS AND CHURCH LEADERS EXPRESS VIEWS

(By The Associated Press)

SAN JOSE, Calif., Nov. 28—Praise and censure for San Jose's mob vengeance on the kidnap-slayers of Brooke L. Hart were met here today by official efforts to close the case and wipe out scars of its furious climax.

Governors of other states, church leaders and other prominent persons in all parts of the nation were among those who joined in lauding or condemning the mob's action and the approval of it by Governor James Rolph, jr., of California.

Gov. Murray Approves

Disapproval was expressed by Governor Henry H. Blood of Utah, Governor Henry Horner of Illinois and Governor Pollard of Virginia. Governor W. H. Murray of Oklahoma declared the "citizens would not have taken the law into their own hands" if speedier prosecutions in the courts were assured.

Rabbi Stephen S. Wise of New York declared the lynchers were "more barbaric" than their victims. Henry Darlington, rector of the Church of Heavenly Rest, New York, sent congratulations to Governor Rolph "on the stand you have taken."

In view of Governor Rolph's declaration that he would immediately pardon any one convicted of the lynchings, officials frankly admitted the probability of prosecution was remote.

Lynchers Make Boasts

Several young men were reported to have publicly boasted that they took leading parts in dragging Thomas H. Thurmond and John M. Holmes, the accused kidnapers, from the county jail and hanging them to two elm trees in St. James park.

These reports drew no official recognition. District Attorney Fred L. Thomas expressed regret at the lynchings but said: "I don't see what we can do about it."

Work on repairs to the jail and other buildings damaged by the mob was started and City Manager Claire Goodwin announced the two trees from which Thurmond and Holmes were hanged will be uprooted and destroyed.

Trial Of Kerr For Burglary Is Begun

Trial of M. W. Kerr, charged with burglary, began this morning before Judge Clark M. Mullican in 99th district court and was to be resumed this afternoon.

J. W. Adams, charged with forgery, was acquitted by a jury Monday afternoon. Cases of May Shaw, charged with forgery in companionate activities; J. W. Davis, facing two charges of forgery, and J. P. Seeds, also an accused forger, were to be called today.

FUNGUS CAN LIVE ELEVEN MILES UP, FLIGHT REVEALS

WASHINGTON, Nov. 28 (AP)—First scientific results of Lieut. Comdr. T. G. W. Settle's stratosphere flight were made public today, showing that life in the form of fungus spores or molds can survive 11 miles above earth where humans would die if unprotected.

Spores of seven kinds of fungi, or tiny plants, which Commander Settle carried to the stratosphere on the outside of his balloon gondola, lived through temperatures far below zero, rarified air, low atmospheric pressure and increased ultra-violet light to which they were subjected on the trip, reported F. C. Meier, plant pathologist of the department of agriculture.

The spores germinated readily after their return.

It was the first time in the history of science that living spores had been sent to such a height above the earth and brought back for scientific analysis. They were carried inside and outside cotton balls tied to the gondola of the balloon.

MOTHER SLAYS SON'S KILLER

WOMAN CONFESSES TO FATAL SHOOTING OF SAN ANTONIO MAN

(By The Associated Press)

SAN ANTONIO, Nov. 28—Minus Doolittle was waylaid and riddled with buckshot last night by Mrs. A. H. Bailey, who, in surrendering to the sheriff, declared she had shot the 24-year-old man "for what he did to my son."

Mrs. Bailey was the mother of Albert James McCoy, who was shot to death as he walked with a woman companion on a downtown street here last January 11. Doolittle surrendered to police at that time and was no-billed by a grand jury on February 7.

At the time he was killed, McCoy was under charges of criminal attack upon Mary Doolittle, sister of Minus. His trial was to have been held in February.

Doolittle was killed last night while walking homeward by a woman who had parked a car at a corner and was waiting for him to come by. Eight buckshot tore through his back.

The woman in the car sped away from the scene of the killing but bystanders obtained the license number of her car and notified police, who were searching for the vehicle when Mrs. Bailey surrendered to Sheriff Albert Hausser.

"I have just killed a man and want to surrender," Mrs. Bailey told the sheriff when she called him to the door. When the sheriff seemed doubtful, she added: "I have just shot Minus Doolittle for what he did to my son. Since my son died, I have nothing to live for."

Then she fainted.

RETRIAL IS SET

COMANCHE, Nov. 28 (AP)—Judge R. B. Cross has set the retrial of A. M. White accused of murder for the slaying of Pink Milton, for December 11. Milton was killed here last January in what was alleged to have been a robbery. White was brought to trial but a mistrial occurred, the jury failing to agree.

WOMEN STUDENTS AT DENTON MUST GO HUNGRY IF THEIR FRENCH FAILS 'EM

(By The Associated Press)

DENTON, Nov. 28—Hunger stalks abroad and lean days stretch ahead when students at Texas state college for women go French at the table. Even the wolf comes in for a look around and the linguistic young women are infinitely more afraid of him than were the three little pigs.

"Parlez vous" is a phrase of sound origin but it won't spell beans and potatoes to a hungry miss who cannot remember the right equivalent. Any number of "voulez vous-s", no matter how carefully enunciated, leave the asparagus and tomatoes as far down the table as they were.

French classes at the college have arranged for a special table in one of the dining rooms and no English is spoken during meals. In spite of hardships the girls are going through with it.

It may be a good system. There will be poise and calm and a great deal of quiet at the table. There may be an unusual amount of eating between meals but it is certain that the food will be passed in French and such conversation as ensues during the dinner hour will be in that language.

After all fifty million Frenchmen get along that way daily, and they can't be wrong.

ROOSEVELT TO TAKE ACTION ON OFFER

$1,000,000 WOULD BE PAID ON $2,133,905 DUE DECEMBER 15

(By The Associated Press)

WASHINGTON, Nov. 28.—Italy has offered a token payment of $1,000,000 to the United States on the $2,133,905 instalment it will owe on war debts December 15.

The offer was made through the Italian embassy to the state department and has been referred to President Roosevelt. Diplomatic officials refused to discuss the token offer until the president takes some action on it.

Under-Secretary Phillips said negotiations on war debt payments also are proceeding with Finland, Latvia and Czechoslovakia.

The projected token payment is greater in percentage than that made by Italy last June 15, when $1,000,000 was paid on an installment of $13,545,000.

No word was forthcoming immediately from official sources as to how Italy's payment would be made, whether in gold or silver.

Britain Offer Made

Great Britain already has agreed to a token payment of $7,500,000 in lieu of the approximately $117,000,000 coming due from that country on December 15. The British payment will be made in American currency.

Last June, England paid about 10 per cent of the amount due, submitting approximately $11,000,000 in silver at the rate of 50 cents an ounce.

Wiggin Denies Row With Pres. Hoover

WASHINGTON, Nov. 28 (AP)—Albert H. Wiggin, former chairman of the Chase National bank, entered formal denial before senate investigators today of testimony that he sent word to President Hoover to "mind his own business."

Wiggin told the senate banking committee the story related last week by William Fox, movie magnate, was "absolutely and entirely false."

Vallees' Marital Difficulties Aired

NEW YORK, Nov. 28. (AP)—The marital difficulties of Rudy Vallee and his estranged wife, the former Fay Webb, were up for a supreme court airing today.

Hyman Bushel, attorney for the orchestra leader, announced that unless the court heeds his demand that Mrs. Vallee's two motions against his client be withdrawn he would reveal the "actual reasons" the marriage reached its present status.

Mrs. Vallee has moved for an injunction restraining Vallee from getting a Mexican divorce. She has also petitioned to have set aside a separation agreement under which he pays her $100 a week.

Retention Of Oil Allowable Sought

AUTIN, Nov. 28. (AP)—Retention of the existing production allowable in the East Texas oil field was recommended to the Texas railroad commission today by Gordon Griffin, the commission's engineer in charge of the field.

The field now is producing at 5.55 per cent of the average hourly potential. Griffin recommended that its production be kept at this rate until the maximum increase in pressure had been reached, at which time he said he would suggest that the field be cut.

DR. WYNEKOOP ILL IN JAIL

WOMAN DOCTOR PLANS TO REPUDIATE HER CONFESSION

(By The Associated Press)

CHICAGO, Nov. 28 — Physicians at the county jail reported today that Dr. Alice Lindsay Wynekoop was seriously ill.

Wracked by a severe bronchial cough and menaced by extremely high blood pressure, the elderly prisoner was described as in danger of pneumonia.

Ordered To Bed

Immediately upon her confinement in the jail Saturday to await grand jury action for the killing of her daughter-in-law, Rheta Gardner Wynekoop, Dr. Alice was ordered to bed. The jail physicians said she was in a state of nervous exhaustion because of the ordeal of questioning that followed Rheta's mysterious death in the Wynekoop operating room a week ago today.

Charles S. Dougherty, assistant state's attorney, deferred placing evidence before the grand jury at least until tomorrow, when he expected to have ballistic evidence to support a charge of murder against Dr. Alice and an accessory charge against her son, Earle, the widower, also a county jail prisoner.

Indictments Expected

Dougherty said he believed the state's evidence was sufficient to procure indictments.

The police and prosecutors marveled at the clear mind and iron will of the aged woman as she faced steady questioning for three days after the girl's death. Dr. Alice had refused to admit knowledge of Rheta's slaying until Friday, when she signed a confession that she had fired a bullet to save her own medical reputation after the girl died of chloroform.

Yesterday, however, her attorney announced that she would repudiate the confession, allegedly wrung from her by exhaustive examination and suggestions by "stupid police." He said Dr. Alice would stand by her original story that an intruder must have killed Earle's wife.

Price Of Domestic Gold Up Nine Cents

WASHINGTON, Nov. 28 (AP)—President Roosevelt's gold buying plan was given a spurt today after a week's price standstill, to top London's gold quotation by the biggest margin since its inauguration.

The RFC offered $33.85 an ounce for the newly-mined domestic metal, an increase of nine cents over yesterday's figure and the first boost since a week ago—before Acting Secretary Morgenthau conferred with Mr. Roosevelt.

The London gold price was $32 on an opening sterling quotation there of $6.10 to the pound.

WHEELER, Nov. 28 (AP)—Jack Shields, charged with the robbery of the First State bank of Mobeetie last May, was sentenced to 20 years' imprisonment here last night.

STATEMENT ON RETIREMENT IS ISSUED

MRS. FERGUSON SAYS SHE WILL UPHOLD 2-TERM CUSTOM

(By The Associated Press)

AUSTIN, Nov. 28.—Governor Miriam A. Ferguson announced today she would not be a candidate for re-election to the executiveship.

"It is the time-honored custom to restrict tenure in the governor's office to two terms," she said. "Though delayed, the people have honored me with a second term and I feel in obedience to a wise custom I should retire."

Her statement said:

"I Do Not Choose To Run"

"In the language of a distinguished statesman 'I do not choose to run'. That is, I do not care to become a candidate again for governor of Texas. At the close of my first term I left the state clear of debt and a surplus of over $5,000,000 in the treasury. At the close of my present term I will leave the state again practically out of debt. This will be made possible by carrying out my platform promise to reduce appropriations in the sum of some $15,000,000 notwithstanding I inherited a deficiency from the preceding administration of approximately $19,000,000. If my successor will adhere to the same course, there can again be a surplus in the treasury and the credit of the state restored.

Has "Enough Honor"

"It is the time honored custom to restrict tenure in the governor's office to two terms. Though delayed, the people have honored me with a second term and I feel that the obedience to a wise custom I should retire. At the close of my present term I will have served four years as governor and will have presided over the governor's mansion for almost seven years. This is enough honor for one family—in all probability it is more than will ever come to any other family. I am deeply grateful to the people for their loyalty, often under trying conditions. While my activities will be as a private citizen in the ranks, yet I intend to exercise my right to be of service to the people who have honored me and mine when I am needed in the defense of those candidates and principles that involve

LONG TAKES PART IN BALLOT PROBE

NEW ORLEANS, Nov. 28 (AP) — Senator Huey P. Long today was granted permission to present rebuttal witnesses before the senate committee investigating the John H. Overton election in answer to testimony of yesterday which Long said "reflected" on him, but his request to be allowed to examine the witnesses on the stand was denied.

Long made a sudden appearance in the committee room and said he had three witnesses to answer testimony in which S. D. Hunter, wealthy oil man of Shreveport, accused Long of trying to force Hunter to make a large contribution to the Overton campaign fund on threat of prosecution for alleged oil and gas conservation violations.

Jury Deliberates In Kidnaping Trial

ST. PAUL, Nov. 28. (AP)—The federal court jury considering the case of four Chicago men charged with the William Hamm, jr., kidnaping resumed its deliberations at 9:15 a. m. today.

Reports were that no verdict had been reached when the jurors were locked up after a three-hour deliberation last night.

Judge Joyce, in his final instructions to the jurors, said they must determine the guilt or innocence of each defendant under both separate indictments, which charge interstate transportation of a kidnaped person, and conspiracy to transport.

An attendance of 85 persons from all parts of the Lubbock district of the Methodist church was reported this morning at Slaton for an all-day district worker's conference, in session at the First Methodist church. The afternoon program was to begin at 1:30 and close at 3 p. m.

More were expected at noon for the luncheon which the ladies of the church were to serve.

Rev. W. M. Pearce, presiding elder, with Rev. J. O. Haymes and other Lubbock pastors, were in attendance. A number of laymen from Lubbock as well as other communities near here, representing local churches, were there also.

Reverend Pearce presided and speakers included: O. H. Cline, Lubbock, district lay leader; Mrs. G. C. Wolffarth, Lubbock, secretary of the women's missionary society and Miss Gertrude Evans, Meadow, secretary of the district young people's work.

J. Harvey Moore, 904 Avenue K, secretary of the local Masonic lodge, and Earl Jones have gone to Waco to attend a grand lodge meeting.

Mr. and Mrs. T. E. Crites, 2112 Ninth street, are in San Antonio attending a Borden Ice Cream representatives' meeting.

Baptist Units Have All-Day Gatherings

There were several all-day meetings of First Baptist Women's Missionary society circles Monday and other units met in afternoon sessions. The mission book, "Christ and the World", was studied.

Mrs. J. H. Hankins was hostess to members of Circles 7 and 12 in her home, 2401 Broadway, and a covered dish lunch was served at noon. The hostess taught the study.

Those who attended were Mesdames Cora Adams Peoples of Washington, D. C., Ben Condray, T. L. Shepard, Tom Pearce, M. C. Butler, A. M. Leftwich, Cecil Horne, W. A. Clark, C. W. Moses, A. V. Weaver, Ford Benham, Bode Adams, R. M. Chitwood, W. F. Fry, John Porter, Ellis Carter, O. W. McLeod, R. C. Campbell, A. M. Leftwich, jr., Irving L. Jones and Miss Pauline Carnes.

There were 9 women at a meeting of Circles 4 and 5 with Mrs. J. A. Mullins, 502 Avenue R.

Mrs. William Lowrimore taught the lesson at a meeting of Circle 9 with Mrs. H. W. Cherry, 2305 Seventh street. Twelve members and one visitor were present.

Members of Circle 11 attended an all-day meeting as the guests of Mrs. J. W. Reid, 2417 Fifteenth street.

Mrs. Tom Campbell led the lesson for members of Circle 6 in a meeting with Mrs. J. A. Fortenbery, 1909 Twenty-Fourth street.

There were 7 women at an all-day meeting of Circle 1 with Mrs. R. S. Wilkinson, 2430 Twenty-First street. Mrs. Fred Litton taught the lesson, assisted by Mrs. Wilkinson. Mrs. O. J. Hull was received as a new member. Others attending were Mesdames Lee Hinds, B. T. Jordan, Z. L. Wright, Sam Henry and W. R. Beck.

MEDICAL ADVICE

If you want to
. . . keep the bowel action regular and comfortable
. . . make constipated spells as rare as colds
. . . avoid danger of bowel strain
—use a *liquid* laxative

Can constipation be overcome? "Yes!" say medical men. "Yes!" declare thousands who have followed their advice *and know*.

You are not apt to cure your constipation with salts, pills and tablets, or any habit-forming cathartic. But you *can* overcome this condition just by gentle regulation with a suitable liquid laxative.

Dr. Caldwell's Syrup Pepsin has the average person's bowels just as regular as clockwork in a few weeks' time.

Why Hospitals use a *liquid* laxative

The dose of a liquid laxative can be measured. The action can be controlled. It forms no habit; you need not take a "double dose" a day or two later. *Nor will it irritate the kidneys.*

The right liquid laxative will bring a perfect movement, with no discomfort at the time, or afterward.

The wrong cathartic may keep you constipated as long as you keep on using it!

In buying any laxative, *read the label.* If it contains a doubtful drug, don't take it. If you don't know what is in it, don't chance it. The contents of Dr. Caldwell's Syrup Pepsin is stated plainly on the label; fresh herbs, pure pepsin, active senna.

Its very taste tells you syrup pepsin is wholesome. A delightful taste, and delightful action. Safe for expectant mothers, and children. Drugstores have it, ready for use, in big bottles.

THE TEST:

This test has proved to many men and women that their trouble was not "weak bowels," but strong cathartics!

First: select a properly prepared liquid laxative. Second: Take the dose you find suited to your system. Third: gradually reduce the dose until bowels are moving of their own accord.

Dr. Caldwell's Syrup Pepsin has the highest standing among liquid laxatives, and is the one generally used.

Tech Students To Stage Pep Rally

With a fervent hope that the capes of deception and lances of attack of their warrior Matadors will repel the charging Kansas State Agricultural college Wildcats, Texas Technological college students will conduct a pep rally Wednesday night at the Lubbock hotel in preparation for the Thanksgiving day gridiron encounter.

Bill Stubbs, head cheer leader for the Scarlet and Black, last night announced the place of the meeting, scheduled last week to generate "the old fight spirit" which will be needed when Bo McMillin's Purple clad stalwarts invade Matador field.

CHICAGO—Four men seen running around different parts of Chicago with nothing to protect them from a snowstorm but their underwear weren't doing it as a lark, they explained individually to police. Each had been held up by bandits who turned them loose after stripping them down in the early hours of the sabbath.

One of the victims, Harry Flynn, said six men riding in an automobile hailed him with the familiar Legion convention cry of "where's Elmer?" then they pulled him into the car, robbed him of $1.80 and his clothes.

DENVER—For 20 years Lee Taylor Casey, dean of Denver editorial writers, has been writing about other people and their deeds but eight kings in a pinochle game was the vehicle by which he himself finally crashed into page one news. The Rocky Mountain News, of which Casey is one of the oldest employes in point of service, says that the veteran newspaperman melded the eight kings for a score of 800 in a game at the Denver Press club—the first feat of its kind within the portals of that organization.

CUBANS DRAFT PEACE PLAN

SUPPORT OF BUT ONE GROUP LACKING TO NEW PROGRAM

HAVANA, Nov. 28 (AP)—A plan designed to restore political tranquility to strife-racked Cuba apparently lacked only the formal support of one group today to assure its complete acceptance.

That group was the ABC secret society, one of the strongest of the factions opposing President Ramon Grau San Martin. Leaders said a vote would be taken at once.

Other Groups Accept

Fernandez Medina, Uruguayan minister and author of the "formula for cordiality," announced late last night that all other groups in the island's unsettled political picture had accepted it.

As a result, he declared enthusiastically, Cuba "is closer to political tranquility than at any time since the Machado overthrow."

A government spokesman said the Grau regime had given its acceptance to the plan and the minister predicted the formal endorsement of the ABC "will come within a few days."

The plan provides that President Grac remain in power until the constitutional assembly meets shortly after the first of the year— instead of in April as scheduled previously.

Batista Retained

Colonel Fulgencio Batista would remaining in office, it was said there indefinitely.

Despite the provision for Grau's remaining in office, it was sad there was a possibility the president would resign before the assembly meets, although it was added that this was not definite.

The first step in the formula would be an immediate reorganization of the cabinet, "with the true representatives of all sectors of public life named to cabinet posts," Medina said.

Council Would Rule

Thereafter, a council of 60 to be known as the council of state would be named and actually would control the future activities of the government.

Included in the membership of the council would be men from all walks of life and the cabinet and president would be answerable to this group.

The council would be selected by representatives of all present political groups.

Associated Press Staff Writer

AUSTIN, Nov. 28. (AP)—Judge F. L. Hawkins of the court of criminal appeals feels that at last he has reached his niche on the tribunal. He has found out that at least some folks believe he is a "classical judge."

It is a good story as related by the judge. During the convention of the Texas federated clubs recently, Mrs. Hawkins had to have an extra servant. She hired a negro girl.

Has Negro Chauffeur

A negro chauffeur drives the judge to the capitol every morning, returns at noon and drives him home for lunch and his daily siesta. He brings him back to the capitol and comes for him at night after the judge has perused the records of appeals and dictated opinions which free persons in trouble or give them another chance before a trial court jury.

The extra hired girl became curious one day after the chauffeur had delivered Judge Hawkins at the capitol and returned him.

"Where is Judge Hawkins' office?" she inquired.

Not So Sure

The long-time chauffeur scratched his head and replied: "I'se imagine it must be in the capitol, that's where I leave him and get him; but, really, I'm not so sure."

"Taint in the courthouse?" closely inquired the servant girl.

"Oh, no it ain't in the courthouse, I'se sure of that; I'm most positive it must be in the capitol," answered the automobile driver.

"That so; sure, I'se knows now, he's one of those classical judges what works in the capitol," said the negress, settling the question.

These are warm days in the capitol. Not much political activity and contention but the heat is terrifying, sickening. Soft, Indian summer days outside, but within the red granite structure men who must work there go coatless, mop their brows and lose their dispositions while they perspire—or is it transpire? Ever look up "transpire" in the dictionary? Editor called Whirligig down on that once. He wrote something about what was said to have "transpired" in a meeting.

"Hey," he yelled, "do you know what transpire means? It is a synonym for perspire—the dew on the brow!" he was right; that's what it means.

Lamesa Pastor Is Sent To Louisiana

LAMESA, Nov. 28 (Special)—Rev. W. H. "Brother Bill" Wallace, jr., for two years pastor of the First Methodist church here, was named pastor of the Carrollton Avenue Methodist church of New Orleans, by the recent Louisiana Methodist conference, according to word received here. He was transferred from the Northwest Texas conference recently.

A graduate of Southern Methodist university, Dallas, Rev. Wallace was pastor for three years at the Ervay Avenue Methodist church there, from 1924 to 1927. He then was transferred to the Bering Memorial Methodist church at Houston and served until 1930 when he was sent back to Dallas to be pastor of the Kessell Park Methodist church.

In 1931 he was assigned to the Lamesa church. During the two years he has been here, the membership has greatly increased and the church debt reduced.

Matadors Drill On Pass Defense

TECH TEAM WINDS UP SEASON AGAINST KANSAS STATE

Polishing of defense and offense with light but technical drills are occupying the time and activity of Texas Tech's football forces this week as the Matadors prepare to wind up their 1933 season with a climatic game against Kansas State Thursday afternoon.

The Kansas team leaves Manhattan today, following a series of workouts aimed at stopping the Texas Tech running attack. The Aggies will arrive in Lubbock Wednesday night at 10 10 o'clock.

In strict secrecy, the Matadors ended the hardest part of their practice season last Saturday, scrimmaging Coach Dell Morgan's freshmen in a long session. Yesterday afternoon's period was devoted to pass defense, because the Matadors expect the Kansas team to go via the air for much of their gains Thursday afternoon.

Coaches Smith and Cawthon, while pessimistic regarding the possible outcome, are not so down hearted over their prospects as they might seem. Safely through the hardest part of the workout with but one seriously injured athlete, they are depending upon a keyed-up ball club fighting in top form to partially offset the obviously better manned and much heavier Kansas State machine.

He Won't Quit

With the exception of Whacker Barton, first string center, the Matadors will be able to throw their full strength at the Aggies, who defeated the University of Oklahoma in their last game to clinch runner-up honors in the Big Six conference championship race. Barton sustained a broken leg in the Simmons game, but did not know it until a week later. Against the advice of physicians, he continues to work out with the club and expresses a keen desire to wind up his collegiate career by playing against the Aggies.

In Barton's absence, Larry Priddy probably will be called upon to do the bulk of the pivot man's work. Priddy looked exceptionally good in the Baylor game.

Coach Cawthon has not determined which of two teams will start the game, and probably will not know until he learns how Coach A. N. "Bo" McMillin will start his Aggies. If McMillin begins the game with his regulars, Cawthon probably will send his best team to the field in the first quarter. If the Aggie "shock troops" start, so will the Texas Tech "defensive" club. In either case, the regulars of both clubs undoubtedly will play most of the game.

"All-American" Here

Lubbock fans will see at least one All-American prospect, and one other who "has the ability for such honors" when Coach McMillin brings his team here tomorrow night. Captain "Ramming Ralph" Graham, fullback and high scorer of the Big Six conference is the man whom all pickers of All-America teams must consider. Dougal Russell, the big gun in the Oklahoma game, is another. Russell plays halfback.

Local football fans who have ordered tickets "put aside" for the Texas Tech-Kansas State game on Thanksgiving day are urged to call for the ducats at once, otherwise they will be placed on sale again, Tech authorities and the ticket agency announced yesterday.

A large number of potential fans have ordered tickets reserved, but have not called for them. Due to the unusual demand for the pasteboards, it will be impossible, the announcement said to hold these tickets longer.

Approximately two-thirds of the 4,500 grandstand seats have been reserved, and a sell-out is expected today and early tomorrow.

When you see or hear the word Manhattan, immediately there flashes in your mind a reprint of New York skyscrapers, the Statue of Liberty, Wall Street and Chick Meehan. But we're going to tell you about another Manhattan.

• • •

This Manhattan we're going to tell you about is located in the southeastern part of Kansas, and a good night-and-morning drive from Lubbock, as Professors Pete Cawthon and Dutchy Smith will quickly testify.

• • •

A FOOTBALL TEAM

In Manhattan, Kansas, are 2800 homes, 560 high school students, 1800 grade school students, taught by 62 instructors; 44 miles of pavement, 10,136 (remember this) inhabitants, 3,751 automobiles, 2,400 gas meters and 3,000 Kansas Aggies. By this time tomorrow, Manhattan's population and Kansas State college will have been decreased to 10,110 and 2,974 respectively, the others being en route to Lubbock to meet the Texas Tech Matadors in a football game.

• • •

Practically every citizen and all three of our readers are acquainted with facts and figures as apply to Lubbock in comparison with the above figures as apply to Manhattan. But read on, then maybe you'll do a little missionary work. Although there are only 10,136 inhabitants in Manhattan, as compared with the approximately 24,000 in Lubbock, when the Kansas Aggies play football at their home stadium, it's just an ordinary crowd when as few as 17,500 fans turn out. There were about 18,000 at the Kansas State-Oklahoma game, the last one there. The stadium at Kansas State is capable of seating about 25,000. So what?

• • •

We'll leave it hanging right there, and you draw your own conclusions. Remember, though, that until Lubbock can produce football crowds and football enthusiasm at least half as impressive as the above carefully gathered facts show about Manhattan, Texas Tech can never hope to be in big time football, or even in the Southwest conference. It takes dough, and plenty of it, to get along in big time college football, and that's just about all that counts nowadays. Tech lost money on the Baylor game, and the guarantee offered Kansas State is more than twice the amount offered Baylor.

• • •

WHO'LL BE NEXT?

If all the technically ineligible high school football players in Texas were brought to light and laid end to end, it would be a terrible thing for fans who like to see their football championships settled on the gridiron. It is getting so that a school no longer needs a good football team, but a staff of smart and patient examiners or investigators who can prove more teams in and out of title races in two meetings than all the teams could prove in a couple of gridiron seasons. We still don't know, at this writing, the answer to the Pampa question, although it has been fairly well established that the Mackie lad is ineligible, having violated the transfer rule, residence rule and amateur rule. Technically and according to the rule book, he is as ineligible as Corbitt at Amarillo.

• • •

With Corbitt out of the Amarillo lineup, Lubbock's chances to cop a victory on Butler Field are considerably enhanced, but not enough so, it would appear, to assure the Westerners a win. A lot of zip and interest will be missing because no championship or runner up title hinges on the outcome. As far as the district race is concerned, the game might as well be called off. But the teams are getting ready for it, and maybe the natural and traditional rivalry between schools and teams will make for a game good to watch. Captain Corbitt allegedly was the big shot of the Amarillo offense, passer, punter and ball carrier rolled into one. You can chop off about three touchdowns, maybe.

Don't forget the All-America football team contest sponsored by this department this week. Send or bring, before noon Friday, your selection of the eleven best collegiate football players in the country, with their school affiliations and positions. Five dollars in cash prizes go to the three persons whose selections tally with that of the Associated Press, which will be released Sunday in the Avalanche-Journal.

TIGERS, ARMY LOOK TOWARD ROSE BOWL

PRINCETON TO CLASH WITH YALE; CADETS TAKE ON RAMBLERS

BY HERBERT W. BARKER
Associated Press Sports Writer

NEW YORK, Nov. 28 (AP)—Princeton and Army close their regular football campaigns Saturday with their eyes on Yale and Notre Dame respectively but their ears attentive to a possible bid to the Rose bowl game at Pasadena New Year's day.

Sole remaining undefeated and untied major elevens in the east, the Tigers and Cadets both have indicated that any invitation to compete at Pasadena against the far western representative, Stanford, would receive serious consideration. Both likewise intimated they would prefer to wait until after Saturday to even think about a trip to the Pacific Coast, assuming either is invited.

May Not Be Eligible

"After Notre Dame gets through with us," said Maj. L. D. Worsham, graduate manager of athletics at West Point, "Stanford may not consider us eligible for an invitation."

Asa Bushnell, Princeton's graduate manager, pointed out that even should the Tigers get past Yale to finish with a perfect record for the first time since 1922, there still would remain to be waived an agreement with Yale prohibiting post-season games in any sport. This rule was adopted by the two universities in 1926.

"Release from this clause never has been asked," Bushnell said. "I have no idea what Yale's attitude would be. We have heard nothing from Stanford and could scarcely consider the matter until such an invitation was received."

Stanford players have indicated they would prefer to meet Princeton, Army, Michigan, Duke or Navy in that order.

Anything Can Happen

On the face of records to date neither Army nor Princeton should have worries about Saturday's games but the trouble is that the Cadets can no more afford to take anything for granted against Notre Dame than Princeton can against Yale. Both are renewals of traditional rivalries replete with upset after upset.

Despite Yale's rout by Harvard last week, Fritz Crisler sent his Princeton squad through their most strenuous Monday drill of the season yesterday. Two varsity players, Chick Kaufman, fleet sophomore halfback, and John Weller, guard, probably will not be able to play against Yale but Crisler has all kinds of material to fill out the vacancies.

No Changes Planned

At New Haven, Reg Root planned no changes in the Yale lineup. A light leg injury kept Captain Bob Lassiter out of his left halfback post for the day but he was expected to return to practice in a day or two. The workout was devoted principally to a dummy defense against the attack Princeton has uncovered in previous games with Yale. The no-scouting agreement between the two schools still holds good although it will be scrapped after Saturday's duel. The 57th of the Yale-Princeton series which started in 1873.

While Army and Notre Dame were preparing for their 20th clash in the Yankee stadium, it was announced that 74,000 tickets already had been disposed of, within 4,000 of a sellout.

Despite Notre Dame's poor record this year—the Ramblers have been beaten five times—Gar Davidson warned Army's squad that they would have to be at their best to win.

Irish Given Holiday

Notre Dame's regulars were given a holiday while Coach Hunk Anderson searched among his reserves for replacements to use against the Cadets.

"Army looks too strong for us," Anderson said, "but we may fool them if we can get our attack working. It is long overdue now."

Fullback Don Elser was definitely declared out of Saturday's game and neither Tom Gorman nor Hugh Devore may be able to play.

Rivalry To Mark Amarillo Clash

LUBBOCK HAS CHANCE AT GRID TITLE IF PAMPA INELIGIBLE

With traditional rivalry spurring them on, the Lubbock High school Westerners, who still have a chance to win district championship honors, are hustling through hard workouts in preparation for their game Thursday at Amarillo.

Although the game will have no bearing on the District 1 race, Amarillo having withdrawn because of an ineligible player, there is no visible let-up in the preparations here. A loss to Pampa eliminated Lubbock from the district race, but there is a possibility that Pampa, too, may be found guilty of violating the interscholastic league "transfer rule," which would cause the Lubbock-Pampa game to be forfeited to Lubbock, placing the Westerners on top of the heap.

Confer At Plainview

Superintendent M. H. Duncan and Coach W. B. Chapman left this morning for Plainview to confer with Superintendent C. E. Davis regarding Pampa's right to continue. Should the superintendents agree that Pampa is ineligible, Lubbock probably will be named the district champion.

Perhaps the last of a long series of inter-school skirmishes this fall, the Westerners scrimmaged yesterday until the sun went down over the gins, with their old sparring partners, Swede McMurry's Cowhands.

"We are going ahead with our plans for the Amarillo game," said Coach Chapman, "disregarding the ousting of Sandies." A Santa Fe special will be run to the traditional battle and some 500 Lubbock fans will probably be aboard.

In the "game" yesterday, the Westerners threw a tricky line of backfield skullduggery at the Cowhands and came off on the long end of a 28-6 tally.

Ryan To Rayburn

On the first kickoff Captain Ryan took the ball, handed it to Rayburn Hale who slithered through a scattered field for a score. A short time later, a drive down the stretch was good for another counter with Hale going over from the 10 yard line on a cutback between end and tackle. Flankman Starkey Whitehorn converted in both instances.

The teams rocked in mid-field for a space, going dutch on the pass interceptions. Hill, of the Cowhands, intercepted Hales pass, and then Calhoun caught one of Hill's heaves.

A 30 yard pass from Hale to Griggs was good for a touchdown, the cotton-polled wingman taking the pass over the head of a Cowhand back, and scramming with his head held back and his hips weaving for the goal line.

A few minutes with Cowhands scored, White and Hill crowhopping the ball down the field for short gains. White's stiff arm worked well along here, and he went over into paydirt standing up.

The Westerners immediately opened up with a brilliant aerial game, and Ossie Griggs took a 50 yard throw from Hale to place the ball in a nice spot for scoring. Ryan, running the width of the field, took the ball over for the marker.

Coach Hugo Otopalik, who has developed nationally prominent wrestling teams at Iowa State college, has only three lettermen to start the 1933-34 mat season.

LOCAL WOMEN, ABILENE MEN WIN IN GOLF TOURNEY

Women golfers of Lubbock Country club defeated a picked team of Abilene Country club golfers Sunday in one division of an intercity series, while a team of ten Lubbock men lost six of the ten matches to their Abilene opponents.

The matches were played on the grass greens of Abilene Country club. The Lubbock delegation returned yesterday.

In the women's division, local stars won four and tied one of seven matches. Abilene golfers will return the matches here in the near future, it was announced.

The results: men's division (Lubbock players named first)—John Edmisson beat Budley Raines, 2 up; Paul Denson downed Bob Byrnes in a professional contest, 2 up; Bays Bryant lost to Carnes Wilson, 5 and 4; Jo Dick Slaughter defeated Lee Henry, 4 and 2; Cotton McAfee lost to T. J. Willis, 4 and 2; W. D. Girand, Sr., lost to J. P. Bohannon, 6 and 5; Lee Jones defeated Lane Denson, 2 up; Jay Harston dropped to Ross Jennings, 5 and 4; W. P. Helwig lost to Holt McGee, 5 and 4, and Fred Haile lost to Homer Scott, 3 and 2.

Women's division — Mrs. Rhea Vernon defeated Mrs. Lane Denson, 1 up; Mrs. Paul Denson downed Mrs. Budley Raines, 5 and 4; Mrs. Sue Dean defeated Mrs. Wilson, 5 and 4; Mrs. John Edmisson defeated Mrs. Dan Gallagher, 1 up, 19 holes; Miss Alma Girand lost to Mrs. Musser, 4 and 3; Mrs. Helwig lost to Mrs. Bob Byrnes, 7 and 5, and Mrs. Lee Jones and Mrs. Caplin were all square after 18 holes, calling it a draw.

BACHMAN ASKS FOR CHANGE IN RULES

WOULD GIVE OFFENSE MORE ADVANTAGE IN SCORING ZONE

EAST LANSING, Mich., Nov. 28 (AP)—Coach Charles Bachman of Michigan State college believes that a change in rules governing forward passing in the scoring zone will level out the advantage defensive elevens are supposed to enjoy under present grid rules.

Bachman's recipe involves a change in the rule which gives the ball to a defensive eleven on the 20-yard line when a forward pass is grounded in the end zone on any but the fourth down.

"To Much of Gamble"

"When a team reaches the 10-yard line the signal caller is tempted to abandon passing because loss of the ball and an additional 10 yards is too much of a gamble," Bachman said, "if the rule is changed to make a grounded pass a touchback only on fourth down, it will open up the game to a greater extent and give the offensive at least an even chance inside the 20-yard line.

"Give the quarterback a chance to throw passes in a scoring position without the mental hazard that now exists and you will see a lot more spectacular football and also do away with a lot of tie games."

Bachman also believes that the ball should be brought in 15 yards from the sideline instead of 10 after it has been run out of bounds, to give the team in possession a better chance to get its attack under way.

The Spartan mentor is in accord with the "dead ball" rule which prohibits a ball carrier from advancing after any part of his body other than hands or feet touches the ground.

STRANGLER LEWIS WINS

ST. LOUIS, Nov. 28. (AP)—Ed (Strangler) Lewis, Glendale, Calif., threw Rolland Kirchmeyer, Sweetwater, Tex., in 30 minutes last night in the feature of a wrestling program. Lewis weighed 245 pounds, Kirchmeyer 226.

All-Coast Grid Team Is Chosen

STANFORD, U. S. C. AND OREGON STATE EACH PLACE TWO STARS

BY OSBORNE T. BUCK
Associated Press Staff Writer

SAN FRANCISCO, Nov. 28 (AP)—Three Pacific Coast conference football squads—Southern California, Stanford and Oregon State—are represented by two players each on the Associated Press' ninth annual All-Pacific Coast football team, presented today as the consensus of leading officials, coaches and sports writers.

Oregon, which tied Stanford for the conference title; California university of San Francisco, St. Mary's college and Washington each placed one player on the first eleven.

Fifty Cast Votes

The collective opinion represented the heaviest and most representative balloting in nine years with more than 50 observers in all sections of the west voting.

The 1933 selection presents the lightest and fastest backfield chosen in nine years with an average weight of 173 pounds. The line averages 200 pounds and includes three accurate field goal kickers in Adolphe Schawammel, Oregon State tackle; Bill Corbus, Stanford guard, and Bill Smith, Washington end.

The first team: End: Bill Smith, Washington; Jim Moscrip, Stanford. Tackle: Adolphe Schawammel, Oregon State; Lawrence Lutz, California. Guards: Bill Corbus, Stanford; Aaron Rosenberg, Southern California. Center: Larry Siemering, University of San Francisco. Quarterback: Irvine Warburton, Southern California. Halfbacks: Norman Franklin, Oregon State; George Wilson, St. Mary's. Fullback: Mike Mikulak, Oregon.

KOPECKY WILL MEET HEINZ

LOCAL FAVORITE AND "JUMPING JOE" TO TANGLE HERE

Lubbock wrestling fans will be treated to an "unusual" card tomorrow night featuring "Jumping Joe" Kopecky, one of Texas' premier mat artists, and Tommy "Sunshine" Heinz, one of the local favorites in the main event of Promoter Sled Allen's regular Wednesday night show.

According to Promoter Allen it required considerable manuevering to get Kopecky, who has been pinning all comers down south, out in this neck of the woods. But it is agreed by experts that Red Heinz, Lubbock's new citizen, will give the great Kopecky a wearisome evening. Heinz, one of the most scientific wrestlers in the profession, is especially dangerous with the toe-holds.

Kanthe vs. Tremaine

In the semi-final fans will see two biscuit-bodied grapplers who lean more to the cave-man school of thought. Dick "Professor" Kanthe, wrestler of herculean proportions, will come to grips with that stout young collegian Andy Tremaine, the pride of Arizona.

Kanthe, who has put them in the aisles all over the country with his feats of strength, is, according to Tommy Heinz, one of the strongest men in the ring.

In Tremaine he meets a young hell-for-leather matman who has all the stamina of a marathon runner. He also has shown considerable cleverness and showmanship and is particularly popular with local fans.

Lobo Brown, of Amarillo, who has appeared in several local wrestling operas, tackles Dave Reynolds, of Borger, in the curtain raiser.

Under a new rule, the verdict of a referee in a boxing or wrestling match in Missouri is subject to reversal by the state athletic commission or its representative.

HASHERS TAKE FIRST GAME

PUBLISHERS SEEK TO STAGE COMEBACK IN TILT TONIGHT

Planning a comeback tonight after a miserable showing in the first game last night, Manager Mickey Henly's Avalanche-Journal team meets Mitchell's Cafe team at the Auditorium in the second of a three-game series to determine the championship of the local indoor baseball league.

The Mitchellmen swatted the ball hard in two innings last night, after taking an appreciable lead early in the game, to defeat the Publishers, 36 to 13.

Godeke Takes It Easy

Richard Godeke, probably the outstanding pitcher of the league, took things easy after his team had gained a big lead and had scored fourteen runs in one inning, nine in the other. At that, he whiffed fourteen batsmen, and otherwise had things his own way.

A Cafe victory tonight would wind up the series, but if the Publishers, who defeated the strong J. & J. Sporting Goods team in the first part of the "Shaughnessy system" play-off, win tonight, the third and championship game will be played Friday evening.

Tonight's game is scheduled to start at 7:30 o'clock.

The Publishers used two pitchers, starting Jack Williamson who lasted three innings, then inserting Truman Huston, who starred in the Publishers' victory over the J. & J. Sports.

TARWATER NAMED

N. H. Payne, manager of the Texas Cotton Cooperative association, Monday announced that A. B. Tarwater of Plainview, a director and officer of the Plains Cooperative, inc., was chosen Saturday as a director of the newly organized Texas Cooperatives, inc. Mr. Payne attended the meeting at Sweetwater.

FDR Picks Winner

No one idea of Franklin D. Roosevelt drew more derisive critism during the last presidential campaign than his plan for putting a quarter million young men to work in reforestation projects; nor did any of his ideas work out any better in actual practice.

Now the American Tree Association, having done some research, reports that the late Calvin Coolidge himself had the same idea before the 1932 campaign began. In one of the articles he wrote for the New York Herald-Tribune after leaving the White House, Mr. Coolidge said:

"If the government ever needs to give work to the unemployed, an enlarged system of reforestation would be a partial solution, free from objection. It would not interfere with rates of wages or marketing of production in any existing industries. . . . Under co-operation of federal and local governments, a national policy of reforestation should be adopted without delay."

An interesting footnote, this, to one of the brightest angles of the "new deal."

No Tip For Waiter?

When Grover Whalen, New York City's NRA administrator, suggested the abolition of tips for waiters as the best way of agreeing on wage scales under the restaurant code, he touched on a reform which probably would appeal to both wage-earner and the public.

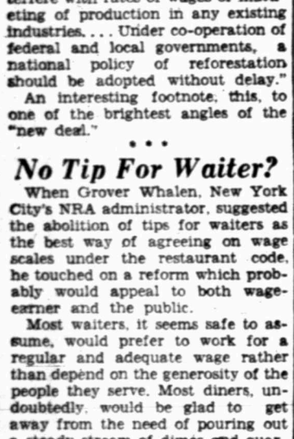

Most waiters, it seems safe to assume, would prefer to work for a regular and adequate wage rather than depend on the generosity of the people they serve. Most diners, undoubtedly, would be glad to get away from the need of pouring out a steady stream of dimes and quarters.

But it is a little hard to see how the step would work out. The expenses of restaurateurs would be increased very materially, and prices on the menus inevitably would go up. Are we ready for such a rise, just now?

MAYOR Clements was in to see The Plainsman yesterday, discussing the local traffic situation of which so much has been said and written in recent days and weeks.

The Mayor is really interested in this problem and told of letters he had written to various other Texas municipalities to find out what they are doing along a similar line.

Every answer thus far received reveals, he says, a problem identical with Lubbock's.

"It just looks", he remarked, "like people everywhere are going speed crazy".

* * *

The Mayor further said that his committee has not, as some critics have suggested, 'tabled' the traffic study but, instead, will grind right along until the thing is worked out.

The city is planning to evolve a practicable system and then sponsor an educational campaign to acquaint every citizen with the law and to get support from parents and school authorities.

* * *

THAT is the best news The Plainsman has heard in some time. Everybody knows that in handling traffic there is a problem of grave dimensions and which must be solved for the benefit of the entire citizenship of Lubbock.

The facilities of The Avalanche and Journal will be at the disposal of the city and the chamber of commerce committees on traffic regulations whenever those groups are ready to begin their city-wide educational campaign.

THE Intertype corporation has given The Plainsman a little doo-dad which operates with sand, like an hour glass, and is used to check long distance calls. It takes three minutes for the sand to run from one receptacle to another and is absolutely perfectly gauged.

Showing it to Owen McWhorter, the barrister, the other day, The Plainsman was struck by a suggestion made by that gentleman of the bar.

* * *

"I've been figuring on getting something along that line", Owen remarked, "based upon the balance of my life to the age of three score years and ten.

"Then every morning, as I start on my work, I could look at that sifting sand and see how I stood with reference to the rest of my life. That, boy, would be an incentive!"

* * *

AND that's not such a bad idea. If all of us had a similar gadget in which we could watch the appalling sifting of the sands of our lives we wouldn't waste so much time.

We'd be spurred on, to get the job done.

And, psychologically, we'd be more tolerant, too, towards others.

All in all it ought to make this a better place in which to live.

Many an embryo geologist thinks the constituents of quartz are pints.

M. H. DUNCAN, school superintendent, has asked The Plainsman to say a word about plans of the Westerners to invade Amarillo for the annual Turkey Day football clash.

The Westerner Special train leaves the squat depot here at 9 o'clock Thanksgiving morning and will arrive in the North Plains village at 11:30, in time for everybody who wants one to get a bottle of beer before dinner time.

On the way back, the choo-choo leaves Amarillo at 7 p. m., arriving here two and a half hours later, or, at 9:30, according to the best arithmetics.

The train will pack the Westerner pep squad and the band, as well as various and sundry other customers.

Cost: Two bucks and a half.

* * *

Mr. Duncan says regardless of the fact that the Sandies have withdrawn from the district race on account of losing one of their best hands, the game will be a typical Lubbock-Amarillo battle during which anything may—and probably will—happen.

Further, he disagrees sharply with our Mr. Collier Parris who thinks the long edge is with the Sandies, and forecasts a Lubbock victory, which would be swell, indeed.

The superintendent wants as many Lubbock fans as possible to follow the Westerners into the haunts of the enemy and lend them encouragement in their fight against the olden foe.

SPEAKING about Amarillo 'withdrawing' from the district race reminds The Plainsman of the story of the henpecked man who came home from work one evening and, in fear and trembling, approached his Amazon spouse.

"My dear," he quavered, "I think I ought to tell you that the boss accepted my resignation today."

"Your resignation!" howled back the gentle wife. "You worm! Haven't you got any better sense than to quit a good job in times like these? So the boss accepted your resignation?"

"Yes, dear", came the answer as the poor man ducked a rolling pin. "He accepted my resignation over my protest!"

That's about the way the Sandies 'withdrew' from the race.

Just one jump ahead of the rules committee!

Carrying The Currency Ball For Roosevelt, Morgenthau Realizes He's On The Spot; He'll Be A Hero Or A Goat

BY RODNEY DUTCHER
Evening Journal's Washington Correspondent

WASHINGTON, Nov. 28—Henry Morgenthau, jr., carrying the currency ball for Roosevelt, realizes that he is on the spot.

He will be a hero in this administration, or just another goat.

Success of the Roosevelt-Warren-Morgenthau monetary policy, with ultimate devaluation and introduction of the commodity dollar, almost automatically would give the acting secretary the treasury secretaryship.

Butcher

Failure would mean Morgenthau's passage from the scene. His friends know his devotion to Roosevelt would lead him to accept that eventuation gracefully.

Meanwhile Roosevelt is saved from tying as definitely to a policy as he would if he had appointed a new secretary of the treasury. Secretary Will Woodin can be called back into the picture if and when it seems advisable.

Devaluation needn't be expected before March or April. Roosevelt will keep plugging toward the 1926 price level and his advisers believe that if the index gets from the present 71 up to 90, the last 10 points will be taken care of in a speculative rush.

A spring pickup is counted on to give commodities their last big boost. Meanwhile, restrictions on the flight of capital abroad are likely. That would divert the flight to domestic commodities and raise prices.

Latest dope from the inside is that silver probably will be bought for issuance of silver certificates perhaps about $200,000,000 worth at around 60 cents an ounce.

They're Old Teammates

William C. Bullitt, new ambassador to Russia, had worked 20-hour days along with Litvinoff before. They recalled it. Their labors were similar when, in Russia in 1919, they negotiated an agreement never approved over here.

It can be told now that Bullitt and Litvinoff didn't discuss recognition when they got together at the London conference. Bullitt was using American political convention methods to get votes for James M. Cox as chairman of the monetary committee—and got Litvinoff to vote against the French candidate.

Too Deep for Wiggin

Albert H. Wiggin, former Chase National Bank head, whose money-making operations have been exposed by a senate committee, is almost heart-broken. He reads every word in the newspapers about himself, unable to understand public reaction to what he considered innocent normal methods.

He goes to movies, trying to forget his troubles. He strives to help the committee, admitting everything.

He plans a final statement, urging banking law reforms which most of his critics would approve.

Raskob Still Boosts Al

John J. Raskob retains his intense devotion to Al Smith. Before reaching the White House for their recent visit, he launched a bitter tirade at newspapermen for their handling of the story which showed that Smith had participated in a stock-buying syndicate designed to support the County Trust company.

Raskob wanted to know why must a great and good man like Smith be subjected to such treatment?

FIRST WHEAT CONTRACT

DIMMITT, (Special) — Bibb B. Bassell was the first Castro county wheat farmer to sign a wheat contract with the government. His allotment was for 8,553 bushels and he will receive approximately $2,309 as a parity payment.

SPORTS EDITOR RAPPED BY WESTERNER FANS

Dear Plainsman: Whereas, it is a well-known fact that the Westerner football team has played an exceedingly hard schedule during the current season and has a winning average far above that of most Class A high schools of the state, and,

Whereas, it is further known that Lubbock High school officials have had no part in bringing protests against Amarillo and Pampa. We have won or lost on the field, neither asking nor giving quarter. Despite their youth and lack of experience our Westerners have set an enviable record thus far against heavier veteran teams. Coaches and players alike have labored with undaunted courage, asking no favors and making no alibi for defeat, and,

Whereas, it is further known that we have had the active support and encouragement of the Editor, Business Manager, and a large percent of the staff personnel of the Avalanche-Journal publication. For this valuable help we are fully appreciative and grateful, but,

Whereas, the sports editor of the above-named papers has apparently held a critical and lukewarm attitude towards the team all the year, we herein voice our protest to this method of criticism. He has praised sparingly—in fact, grudgingly—if at all. Most of the time he has been ready to concede victory to our foes and add a few piteous lamentations to the effect that the Westerners are a hopelessly mediocre ball club. To us he has this attitude: "You were my ball club when you whipped the powerful Ranger team, but when you lost to Pampa I deserted you." Not a word of encouragement for the home boys when they went down fighting before a veteran team. We don't mind to be "panned", but we do not like the cold, calculating, impersonal raps that doom rather than arouse us. We think a home-town sports editor should say "our team" now and then and take it on the chin with the rest of us when we lose rather than to be forever aloof and ready to say, "I told you so." Why not a constructive suggestion now and then? It is easy enough to find fault with a new young team, but it takes a real fan, a real coach, and a real sports editor to mend the breaks and weaknesses that cause them to lose. The sports column of Sunday, November 26th, loudly laments, in fact, almost condones, the passing of Amarillo from District One competition. "It is painful to see Amarillo so treated." Is that so? If Pampa, Lubbock, or even Borger had the best eligible team in the District, why shouldn't they win? Why cry over the passing of a team that withdrew without a struggle?

Therefore, be it resolved by the student body of Lubbock High school in general assembly that we hereby protest the attitude of the local sports editor towards the Westerners. We do this without rancor or ill will. We make no idle boasts of our team, but we do affirm our loyalty to them in defeat as well as victory. We call upon all loyal Westerner fans to accompany us to Amarillo on Thanksgiving Day for that ever-thrilling and traditional battle with the Sandies.

Respectfully submitted,
Student Body of Lubbock High School.

(Dear Author of Above: Thanks for your letter. I am always glad to have communications from readers and to print them in the paper. In this case, however, I would like to offer a few words of rebuttal.

In the first place, it is my judgment that the above letter was not written by the Student Body of Lubbock High school nor by any considerable portion of it. The letter might have been approved in assembly, all right, but I'd be willing to wager a little that it was not spontaneous. Never-the-less, I want to agree thoroughly with the first two paragraphs and to thank you for the third one.

But for the rest, I want to offer my own ideas.

I do not want a 'ballyhoo' sports page. It is not the place of a newspaper of general circulation to rah-rah-rah for any athletic team, but instead to mirror the news of the team, whatever it may be. The school publications are supposed to take care of the ballyhoo. The newspaper is supposed to offer the facts, as it sees them.

Football, both high school and college, has long ceased to be purely a sport. It is a business and a considerable one, which has been builded into a vast public enterprise and as such must be handled in the news.

I always have, as you kindly say, been a staunch supporter of the Westerners and propose always to be just that. But neither Lubbock High nor any other institution can always have the greatest team in the country and whenever it hasn't, in my opinion, it is not the business of the sports editor to say it has. Instead it is his business to report it as he sees it for the information of readers. A newspaper's duty is to give information first, above all things.

I refer you to the present coach, Weldon Chapman, and to the former coach, Henry Frnka—to Superintendent Duncan, too—and if we have ever failed to accede to a reasonable request from them I'd like to know when it was. Further, our papers expect to go on, helping wherever we can and whenever they want us to—but that does not include coloring the news.

The same thing happened here several years ago, with a different sports editor, when Tech's team was overshadowed by the Westerners. Great was the hue and cry at the college, which was natural just as the above letter is natural. But a newspaper cannot get away from one thing unless it wishes to disregard its readers. It cannot get away from putting news, rather than publicity, in the paper whether it is on the front page, the back page or the sports page.

Good luck in Amarillo, Westerners, and everywhere else. This comes from an old friend and long time active supporter—The Plainsman.)

Powerful Since 1914

The Fergusons have been power- l in Texas politics since 1914, when mes E. Ferguson, husband of the vernor, who was at that time a nker at Temple, decided he would e to be chief executive. He was own little outside his home coun- .

Ferguson made a strenuous cam- ign and won the Democratic mination and then the election. e was reelected after his first rm, but was impeached and re- oved from office in 1917. A large n from the brewers figured in the arges against him.

The senate's verdict, removing m, directed that he never could ld a state office of trust. Not- thstanding that, he was a candi- te for the United States senate. t was defeated by Earle B. May- ld, who, in turn, was beaten by Connally, the junior senator Texas at this time.

Formed New Party

Ferguson also organized the merican party and was its candi- te for president. However, his me appeared on the ballots only Texas.

Mrs. Ferguson was first elected in 24. Her husband did the cam- igning and plainly told the vot- s he would be the governor in ent of her election. She was de- ated for a second term by Dan oody, attorney general, during her iministration. She has been a ndidate frequently since then.

She was elected the last time af- r she won the Democratic nomi- tion from Ross S. Sterling the in- mbent. Both times Mrs. Fergu- n was the Democratic nominee e had stiff opposition from Re- ublican candidates, with many emocrats bolting their party to te for her opponent. Her term ll expire in January, 1935.

Mrs. Ferguson's announcement, nt to the capitol press room in a rmal statement, was unexpected.

There are no announced candi- tes for governor at this time, al- ough Lieut. Gov. Edgar E. Witt of aco and Attorney General James Allred are expected to aspire to e office. Others have been men- ned, including Coke Stevenson of unction, speaker of the house of resentatives.

harles McDonald of Wichita a long time close friend of the sons, and Maury Hughes of , chairman of the state Dem- ic executive committee, also been regarded as likely can- dates.

The name of James E. Ferguson his activities in connection with governor's office have been brought into testimony with refer- ence to the alleged "sale of jobs" in state departments. Witnesses have told a legislative committee about persons contributing money with the expectation of obtaining em- ployment. In most cases the donors never were employed.

DAILY MARKETS

Cotton Market

NEW ORLEANS REPORT

NEW ORLEANS, Nov. 28 (AP) — Cotton had a very irregular opening today. Liverpool came in slightly lower than due and sterling was off. Gold advanced slightly later which caused a rally in sterling. December cotton opened 2 points up, January 4 points down, March unchanged and later months 5 to 7 points up.

The market rallied after the start owing to the advance in gold and sterling, December trading at 9.72, or 7 points above yesterday's close, while March advanced to 9.93, up 13 points net. At the end of the first half hour the market was steady and within a point of the highs.

NEW YORK REPORT

NEW YORK, Nov. 28 (AP)—Cotton opened steady, 7 lower to 7 higher with December liquidation against notices and a good commission house demand for the later positions and also on the advance in the government gold price. Dec. 9.61; Jan. 9.71; March 9.89; May 10.03; July 10.18; Oct. 10.37.

According to early estimates, December notices were issued against 11,400 bales, believed to be mostly in the local stock.

There was an active demand for the cotton from spot and commission houses, and after selling off to 9.60 at the start, December quickly rallied to 9.73, or 4 points net higher. Later months in the meantime increased their initial gains on buying on the advance. May sold up from 10.03 to 10.13, or about 14 points net higher.

The market was less active later in the morning and after showing net advances of about 13 to 18 points on the early demand, held fairly steady within a point or two of the best at midday.

Grain Market

CHICAGO REPORT

CHICAGO, Nov. 28. (AP)—Responsive largely to a rise in the Washington quotation on gold, grain prices scored a decided advance early today. Rallies in British exchange were also a bullish factor.

Opening 1-2 to 7-8 higher, wheat afterward reacted somewhat, and then mounted to well above the preceding top. Corn started unchanged to 1-4 up, dipped a little, and subsequently went strongly higher.

Stock Market

WALL STREET REPORT

NEW YORK, Nov. 28. (AP)—The domestic gold price, sleeping since last Tuesday, was given a nine-cent nudge today, but stocks and staples generally mulled about narrow pathways.

With the lifting of the gold rate to $33.85 an ounce, the British pound and French franc rallied about 10 cents and .13 of a cent respectively, and most metal equities, together with a few specialties, rallied 1 to 3 or more points. Sterling and francs pared their gains later and some of the metals subsided. Other categories were only steady and, in the late afternoon, trading was almost at a standstill. Grains and cotton were fairly firm and silver futures recovered substantially. The bond market, led by U. S. government securities, turned reactionary.

Shares of U. S. Smelting were up more than 3 and advances of around a point were recorded by American Smelting, Cerro De Pasco, Dome and McIntyre Porcupine. The volatile Homestake Mining, contrarily, dropped 7. Allied Chemical, Case and Western Union were up 1 to 2. American Telephone, N. Y. Central, Consolidated Gas, National Distillers and some other leaders were a trifle lower. Slight gains were shown by Montgomery Ward, Sears Roebuck, American Can, Goodyear, Union Pacific, Santa Fe and General Motors. U. S. Steel was about unchanged.

Fire Burns Negro Girl And Mother

A 16-year-old negro girl, Irma Mitchell, was burned, and her mother suffered superficial burns in a fire which destroyed their home at 1907 East Avenue B late Monday afternoon.

An attending physician said the girl was burned on the back, arms, legs, and slightly on the face. Seriousness of her condition could not be determined this morning, he said. The mother's injuries required only emergency treatment.

Fire-fighting apparatus answered an alarm at 5:30 p. m. Virtually all the three-room frame house was a flame. Firemen expressed an opinion an oil stove had exploded.

Her clothing afire, the girl ran from the house, and was caught and wrapped in a blanket.

Mexican Sought On Swindling Charge

Peace officers south of Lubbock this morning sought a young Mexican man, Mauricio Colunga, charged here late Monday with swindling, as a result of a property tangle. His mother was supposed to be with him.

Aurelia Aragon, a Mexican woman, said she bought lot 12, block 13, in Tubbs addition from Colunga for $150, and paid him $50 in cash as the first installment.

Contrary to Colunga's information, city, school, county, and state taxes on the property, which includes a house, were delinquent in an aggregate of $22.26.

Colunga's mother, Lola Colunga, Nov. 24, deeded the property, and a lot elsewhere in Lubbock, to "Mauro." Lola Colunga said she was a sister and the only surviving heir of Manuela Colunga, who died in August and was listed on tax rolls as owner.

ily vault yesterday, was among those regretting the mob action.

"I am so overcome with my own grief," he said, "that I am unable to think of that other terrible thing. My sympathy goes out to the families of those two men."

Governor Rolph reaffirmed his approval of the action Sunday night "by the aroused people" of San Jose, in a statement in San Francisco last night and then went to Sacramento where, for the second time, he cancelled a proposed trip to Boise, Idaho.

Regarding the many messages of condemnation and praise for his attitude, the governor said that criticism was to be expected.

Idalou Gin Razed By Flames Sunday

IDALOU, Nov. 28 (Special)—Fire of undetermined origin early Sunday morning destroyed the J. S. Smith gin and machinery. The blaze, which was not discovered until after 1 o'clock in the morning, had gained such headway that the gin house could not be saved.

The seed house and the cotton house, however, were not damaged by the blaze.

Mr. Smith stated that there had been no fire in the gin since early in the afternoon and he was at a loss to understand the origin. Last summer he added new machinery.

Loss was partially covered by insurance. It has not been announced whether the building would be rebuilt this season or later.

Earlier Saturday a fire occurred at the Jared and Taymen gin but there was no loss as employes discovered the blaze and extinguished it before any damage resulted.

Tickets Are Being Sold For Special

With approximately 150 tickets sold at the high school for a special train to Amarillo Thursday, indications were today that the special will be filled, E. A. Tusha, traveling passenger agent of the Santa Fe, said. The tickets sold do not include those for the team.

The train will leave Lubbock at 9 o'clock and is due in Amarillo at 11:35 a. m. Return will be from Amarillo at 7 p. m. and arrival in Lubbock at 9:30.

MONEY POLICY

(Continued From Page One)

oratory at Wall Street, the "tory press," Alfred E. Smith, J. P. Morgan and all critics of the Roosevelt money policies, referred during his address (which was extemporaneous) to the "sound money" meeting at Carnegie Hall, saying:

"There are only about 1,000 persons there, and 500 of them are my friends. That meeting was intended to ruin Roosevelt and build up Ogie Mills (Ogden Mills, former secretary of the treasury) for president in 1936."

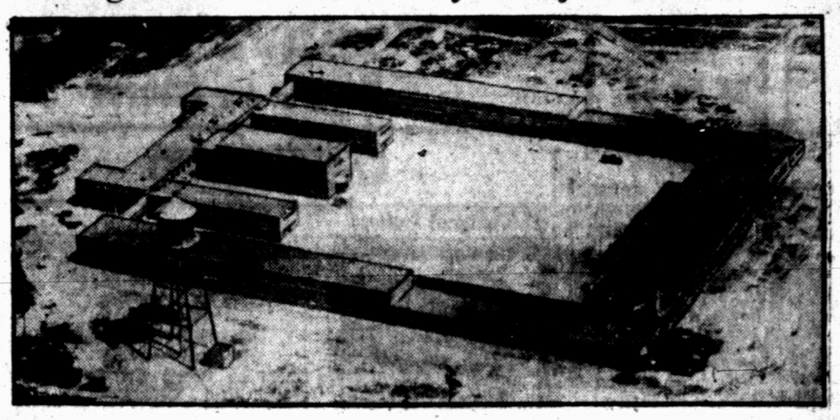

Smith's Name Booed

During the course of Father Coughlin's address the name of Al Smith, long the political princeling of New York City voters, was booed.

The meeting adopted a resolution, offered by Father Coughlin, urging the president to restore the 1926 price level.

At the Carnegie Hall meeting the speakers denouncing inflation included Matthew Woll, vice president of the American Federation of Labor, Martin W. Littleton, New York attorney, Fred G. Clark, commander-in-chief of The Crusaders, and Dr. Walter Spahr, New York university economist.

Michigan Prison Holds Kathryn Kelly and Mother

Kathryn Kelly's most cherished wish—next to freedom—has been granted. She is in the same prison with her mother, Mrs. Ora Shannon. The Urschel case kidnapers were reunited when Kathryn was taken from Cincinnati workhouse and her mother from Memphis penal farm to the federal prison at Milan, Mich., shown here in an air view. A number of long-term women prisoners will be kept at the Milan penitentiary.

State Relief Setup Is Termed Invalid

EDINBURG, Nov. 28 (AP)—Sid L. Hardin, county attorney, declared today that the state relief setup was unconstitutional and said he was prepared to file an injunction suit which would tie up all relief work in the state unless the fight over the Hidalgo county relief board was settled at once.

Hardin said he had no desire to stop disbursement of relief money but would take the extreme step if the disagreement over personnel of the Hidalgo county board were not settled immediately.

THEATER CASHIER ROBBED

MULESHOE, (Special) — While leaving her window in the Palace theater for a few moments to make a call, Mrs. F. C. Moeller, wife of the manager, lost $25 to a sneak theif. Mrs. Moeller had left Mrs. Charles Walker, ticket collector, to look after the window. The thief made his escape from Mrs. Walker, who attempted to hold him. Sheriff

CAR STILL IN USE

PITTSBURGH, Kas. (AP)—A late-design passenger coach exhibited at the Chicago world's fair—of 1893—is still in service on the Kansas City Southern railway. It is now used by officials of the road while making inspection trips.

Livestock Handlers Continue On Strike

CHICAGO, Nov. 28 (AP)—The Chicago stock yards presented a holiday appearance today as the livestock handlers strike continued to hold trade in a paralyzing grasp.

Pickets were flung about the main entrances of the huge yards, but aside from occasional arguments with workers entering or leaving had little to do but promenade before the watchful eyes of policemen.

Eighty-five thousandths of a degree on the Absolute scale is the lowest temperature ever produced and measured; the feat was accomplished recently at the University of Leyden, Holland.

DROUTH FACES WIDE SECTOR

NEED FOR RAIN HELD ACUTE IN 32 OF THE 48 STATES

BY F. B. COLTON

WASHINGTON, Nov. 28. (AP)—Farmers in 32 of the 48 states are faced with a drouth which the weather bureau describes as the most general need for rain since the great drouth of 1930.

This lack of moisture has been accumulating for the last five or six months, weather bureau records show, until the dryness has become acute in many states, and in other large areas is a handicap to fall farming operations and is causing a shortage of water for both man and beast.

Precipitation Scanty

"Precipitation during the fall season has been decidedly scanty," says the weather bureau, "and for some time there has been a need for moisture over much the greater portion of the country. State weather summaries show a nearly universal need of moisture to a greater or less degree."

The drouth is delaying wheat sowing and drying up the ranges in Texas and hampering much winter wheat in Oklahoma. Arkansas reports little rain.

Missouri needs rain in all sections, with many springs and wells failing. Winter wheat in all parts of Kansas lacks necessary moisture. Nebraska reports moisture badly needed. The Dakotas need rain, and winter grains were considerably injured by dust storms resulting from the drouth. Dryness in Wyoming is causing poor range feeding and scarcity of water. In Colorado, fall-seeded wheat is dying with replanting necessary in the southeast on account of the drouth, and moisture is needed generally for grains, ranges and fall plowing.

Fall plowing is delayed in New Mexico because of dry soil. Arizona and Utah report dry weather and Oregon needs more rain in the east and south. California needs more rains to sustain growth of winter grains and grass.

FOUR EMPLOYED IN WELFARE WORK

There are now four employes of the Lubbock County Welfare board, according to W. E. Inmon, county administrator in charge of the welfare work. Office is at 1312 Avenue G.

Miss Addie Henderson was assigned to Lubbock several months ago to handle cases of needy families. She is the only one engaged in this work, Mr. Inmon pointed out, the other two employes being office workers.

Mrs. Emily Lipscomb is the stenographer and Miss Lois Williamson is bookkeeper. They have charge of records of the office and its several lines of activity.

Besides being county administrator, Mr. Inmon has several other positions, including national employment officer, assistant disbursing officer for the CWA and in charge of registration of unemployed labor. Owing to the greatly increased activities of the office, Mr. Inmon said he was unable to handle the details himself and office help was necessary.

Cub Pack Will Be Formed In Lubbock

A Cub pack, a unit of a movement for boys of pre-Boy Scout age, will be formed, beginning at a meeting of boys and their parents Wednesday afternoon at the home of Dr. R. T. Canon, 2613 Nineteenth street.

Plans for the organization were made at a second meeting last night of a Cub leaders training class at First Presbyterian church. The meeting in the Canon residence will begin at 5 o'clock. Boys 9-11, inclusive, are eligible.

CHANGE IN CAST OF "VIVA VILLA" MOVIE ANNOUNCED

HOLLYWOOD, Nov. 28 (AP)—With many changes made in the cast, production of "Viva Villa" went forward today with Lee Tracy, the actor whose experiences recently in Mexico, D. F., created a sensation, out of the film.

Tracy has been replaced by Stuart Erwin and Leo Carrillo has taken the part originally played by Irving Pichel. Donald Cook was assigned to Donald Reed's role and reports were heard that Dorothy Burgess would be selected to fill the role played by Mona Maris.

Wallace Beery, star of the picture, remains as one of the few of the original cast.

Meantime cameramen are proceeding with background shots in Mexico, the work here having to do with other loose ends of the picture.

Tracy was removed from the cast after he was asserted to have appeared on the balcony of a hotel during a parade of cadets at Mexico, D. F., and insulted them. He was taken into custody, but later released and flew to the states by plane.

Installment Plan Limit Is Wednesday

W. H. Carpenter, county tax collector, has reminded that Wednesday is the last day for payment of county and state taxes by the installment plan.

If the first half of taxes due is not paid before Nov. 30, the full amount must be paid on or before Jan. 31, 1934, to avoid 10 per cent penalty and 6 per cent interest. Additional costs will apply after June 30, 1934, it was said.

If the first half of taxes due is paid before the deadline, the remaining half may be paid on or before June 30, next year. Poll taxes, however, must be paid in full when the first installment is paid.

Ford Controversy Left Up To McCarl

WASHINGTON, Nov. 28. (AP)—A revival of the Henry Ford-Hugh S. Johnson controversy over Ford's failure to sign the NRA automobile code last night put before J. R. McCarl, the comptroller general, the question of whether a car contract must be awarded to the low bidder, regardless of the recovery program.

McCarl's opinion was asked by the agriculture department after Johnson, the NRA administrator, had protested against awarding a contract for about 1,000 machines to the Northwest Motor company of Bethesda, Maryland, a Ford agency.

Feeding Time Not Set—No advices on when W. R. Hearts's cattle will be received at Brownfield for the annual feeding program there have come to local Santa Fe officials from El Paso, E. Kancher, division freight agent, said this morning. The pens are being prepared for the feeding of 9,000 to 10,000 head. This will be the largest feeding project of its kind in the state. The cattle come from the Hearst ranch in Mexico.

• • •

Ships Cattle—Fred Snyder is reported shipping about 14 cars of cattle from Lehman, on the Santa Fe's Bledsoe branch, to Slaton for feeding at the Slaton Oil mill. The loading is expected to be finished Thursday or Friday.

EQUIPMENT FOR MEAT CANNING UNIT IN LUBBOCK IS BEING CONSTRUCTED

Construction of benches, tables and other equipment for a federal meat canning unit being established at 1312 Avenue G, was scheduled to begin this afternoon at 1:30 o'clock. W. E. Inmon, county administrator of federal welfare work, said this morning. Lubbock was recently announced as one of the 16 towns where canning units in Texas were to be established.

Space to be devoted to the work will be 25 by 70 feet, Mr. Inmon said. The rest of the building, which is 50 by 125 feet, will be used for storage and office space.

A shipment of a carload of cans is expected about the time the equipment is sent. This will be enough to take care of the first canning work, it is expected.

Equipment has been ordered sent here by the Austin office, Mr. Inmon said, and he is expecting it to arrive the latter part of the week. Lumber for the construction of necessary tables and other equipment is being secured by the city-county welfare board. This work will be finished before the equipment arrives.

Sealers, meat grinders and four retorts or pressure cookers, will be sent here from Austin, Mr. Inmon was advised. The retorts will have a capacity of 150 No. 2 cans each.

"We will work 40 people a day, in four shifts of 10 each," he explained. "The plant will probably work five days a week. That will give each employe 30 hours a week. Pay will be made from CWA funds."

Members of the city-county welfare board, comprising the county commissioner's court and the city commission, met Monday and went on record assuring their support. The city will furnish the water for the outfit and the West Texas Gas company has agreed to supply the necessary gas, it was announced. Mr. Inmon met with them.

Capacity of local unit is expected to be 7,000 No. 2 cans daily. The product will be distributed to county welfare boards in this area, for distribution as needed, in relief work.

Saving To Cotton Buyers Effected

Considerable saving to cotton buyers and others in the amount of money tied up in freight rates will be had as a result of two new orders issued by railroads according to E. Kancher, division freight agent of the Santa Fe.

Effective November 23, he said, cotton concentrated at compresses will be given 10 days free time instead of five days as heretofore. Sundays and holidays will be counted.

A drastic reduction in freight rates from interior points to compress points for cotton for concentration also is effective. The rate has been cut approximately 66 per cent.

"Twin" Service Is Planned By Church

There will be a "twin" service at the Central Baptist church revival this evening at 7:30 o'clock. All twins and triplets in the city are invited, it was announced.

The Rev. J. A. Welch of Oklahoma City, twin brother of the Rev. J. D. Welch, Central Baptist church pastor, is conducting the revival at the church.

There will be a special Thanksgiving service at 11 o'clock Thursday morning at the church. A basket dinner will be spread at noon and there will be community singing in the afternoon.

Jim Cook was across the street and took up the trail but the man disappeared.

To take off fat—take one half teaspoonful of Kruschen Salts in a glass of hot water in the morning before breakfast—one bottle lasts 4 weeks—get it at Mark Halsey Drug Store. If this first bottle fails to convince you this is the SAFE and HARMLESS way to lose fat—your money returned.

Reduces From 154 to 128

"Less than 4 weeks ago I started taking Kruschen. I weighed 154 and felt tired out all the while. Now I weigh 128. I feel so full of energy I can't seem to work fast enough." Mrs. R. H. Hamilton, Carbondale, Pa.

While losing fat with Kruschen you gain in physical attractiveness—you look and feel younger— no more gas, acidity—no more constipation. adv.

IF YOUR TOES ITCH

you are probably suffering with ATHLETE'S FOOT. This disease is a form of ringworm that is deeply imbedded in the inner layers of skin, causing small blisters that spread the disease when opened by scratching. BROWN'S LOTION will stop the itching instantly and heal any case of ATHLETE'S FOOT within fourteen days or your money will be refunded. No bandage is necessary after using BROWN'S LOTION. 60c and $1.00 per bottle at Mark Halsey Drug Store and all good drug stores everywhere.

Lubbock Man Loses First Court Round

SNYDER, Nov. 28.—(Special)—Judge A. S. Mauzey in 32nd district court ruled a contract, in which Sylvan Sanders, a Lubbock surveyor, had sued Scurry County Commissioners court for breach of contract, was not valid because it did not bear signatures of the state comptroller and the attorney general.

Sanders, however, was given leave to amend the petition, and a hearing was set for Dec. 4.

The disputed contract was made late in 1932 and was for the mapping and platting of Scurry county by the Sylvan Sanders company. Sanders presented a claim when the new court, taking office in January 1933, did not observe the contract. They claimed it was invalid.

C. I. ARTHUR DIES

PLAINVIEW, (Special) — Funeral services for C. I. Arthur, a resident of Plainview since 1924, were held Sunday afternoon at the First Baptist church with Rev. J. Pat Horton, pastor, officiating. Mr. Arthur died Saturday mornin after a lingering illness. His widow, one daughter and three sons survive, as do two sisters and two brothers.

Greatly Relieved By Black-Draught

"Constipation caused me to have a tired, worn-out feeling and a dull headache," writes Mrs. J. W. Alverson, of Danville, Va. "I was anxious to find something to help me for I would not feel like doing my work. I found that by taking small doses of Black-Draught at night I was greatly relieved. It makes me feel just fine. I am glad to tell others about it."
