Oldtimers Reunion set this Saturday

The Mitchell County Old Timers Reunion is set for this Saturday as registration will begin at 9:30 a.m. and a noon luncheon will be served at the Civic Center at 12 noon. Many local citizens have worked to make this event a memorable one for all concerned.

Thomas Ronald Pritchett, native of Colorado City, presently living in Alamo, CA, where he is a consultant for research and product development, will be the featured speaker.

Mr. Pritchett was born in Colorado City on September 2, 1925. He attended the University of Texas, Texas A&M University, Syracuse University and Ohio State University. He received his Ph.D. from the University of Texas in 1951.

Reservations are requested for the luncheon and may be made by contacting Shirley Delaney at the City National Bank.

Tickets may be purchased without reservations at the First

State Bank, Loraine, First National Bank and City National Bank. The cost of the luncheon is \$5.00.

Entertainment will include special music by Sonja Lawson and Golda Redwine. Others on the program are Deanie Elliott and Tom Moore. Jim Baum will be Master of Ceremonies.

Several local citizens have contributed their time to the organization of this annual event. Committees working this year's reunion include:

Invitations -- Mabel Merritt, chairman, Mary Lloyd, Marilyn Tart, and Blanche Bell.

Registration -- Chrystene Hall, chairman, Sue McCauley, Catherine Morris, Wilma Jean McKenney, Mona Crockett, Charla Aselage, and Janie Henderson.

Decorations -- Brenda Aguilon, chairman along with members of the Garden Club.

Greeters -- Arlene Morris, chairman, Wright and Suda Hock. See REUNION, page 5

Court settlement reached in Gomez, C-City case

A court settlement has apparently been reached in a civil suit filed by the parents of Sammy Gomez against the City of Colorado City but because of a "gag order" issued by the judge, no official details have been released by the court.

The legal action resulted from the 1988 shooting death of Gomez by a Colorado City policeman.

U.S. District Judge Sam R. Cummings signed an order in Abilene's federal court Sept. 11 stating that "the parties have indicated to the court that they have settled this case." The civil suit alleged violation of civil rights and was seeking damages in excess of

\$10,000.

Cummings order stipulated that "the case is administratively closed without prejudice to its being reopened to enter an order of dismissal or if the settlement is not consummated." Attorneys had 30 days from the date of the order to file papers necessary to dismiss the case. Attorneys for either party would not comment on the case Tuesday.

On Sept. 4 Cummings set the trial date for Jan. 4, 1993 and the trial could still begin at that time if the settlement is not finalized or if papers are not filed to dismiss the case.

CISD non-management personnel to get raise

If at first you don't succeed, try and try again may be the motto of those school trustees who were in favor of giving cafeteria, maintenance/custodian and transportation workers a raise in salary for this school year.

Last Thursday, the trustees turned down a 25-cent per hour raise for those hourly employees on a split vote with board president Dwayne Harris casting the deciding no vote.

Monday night, it took four motions before the raise was approved on a 4 to 2 vote.

Asked by trustee Billy Bridgford why the item was brought up again after being defeated only Thursday night, Harris said one board member had asked that it be added to the agenda.

Jesse Munoz stated that "I asked to bring it up."

Yolanda Molina said "when I got on the board, some employees had not gotten a raise in 5 years, now it has been 2 years since the last one...that's a quarter in seven years."

Bridgford had stated last week that he felt the item should be considered in the Spring and he stated again Monday "this is not the time of the year to do this. I don't think it's good business to do this right now." He went on to say "they probably need a raise-lots of

Matlock wins again!

Bobby Matlock won the Record's "football guessing contest" for the second week in a row as two entries tied for the least number of misses but he was closest to the tie-breaker between Dallas and Phoenix.

Gayla Proctor came in second this week.

The Football Guessing Contest runs in the Thursday edition of the Record and has games from high schools, colleges and pros. You are urged to enter weekly and mail in your entries or bring them by the Record office by 5 pm Friday.

READY FOR THE PRE-GAME BAR B QUE: John Martinez is getting the pit ready for the annual Kiwanis Club pre-game Bar B Que set this Friday evening. Serving will begin at 5 pm and will continue until around 7:30 pm. It will take place at the Kiwanis Park in downtown Colorado City and tickets are \$5 for adults and \$3 for children. Take out is available or you can eat at the Park.

Wolves to make home debut

The Colorado City Wolves will make their home debut four games into the season Friday night as they host the Coahoma Bulldogs.

Colorado City and Coahoma sport identical 2 and 1 season marks going into the 8 pm Friday night encounter. Coahoma lost their first game of the season to Midland Greenwood but have come back strong to record two straight wins. Last Friday, they defeated Tahoka, 39-6.

The Wolves started out with two wins, Hawley and Stanton, before losing to Slaton Friday night, 27-0.

Coach Mark Howeth, in speaking of the Slaton game, said, "we looked like we had been on the road for three weeks - we were flat. Football is a tough game to play if

you are not emotionally ready."

He went on to say "if anything good came out of the game, it was the fact that we did play better the second half...it was a learning experience and now it is time to roll up our sleeves and get after it."

The Wolves' coaching staff had to make some changes in a hurry Friday night due to injuries. Brandon Oden was injured in the pre-game warmups and Doug Conner was moved to fill in for him offensively at fullback. Conner was originally slated to play quarterback for the healing David Castillo but Castillo was forced back into action a week early.

"We had decided earlier in the week to keep Castillo out but he

showed great improvement on his injuries and he was about 100% by game time," said Howeth. Oden did play defense but he was hampered throughout the game because of the injury.

The Wolves managed to come out of the Slaton game without any major injuries.

Coahoma boasts two runners capable of scoring at any time. Steven New has rushed for an average of 120 yards per game while a sophomore tailback is averaging about 80 yards per outing.

One of the real strengths of Coahoma may be their kicking game where they are averaging about 46 yards per boot.

Tax rate set for CISD

A tax rate of .515 per \$100 property valuation was adopted by the trustees of the Colorado Independent School District Monday night. The rate last year was .455.

The adoption of the tax rate followed the approval by the trustees of the revenue side of the budget. Combined with the County Education District's tax rate

of .9420, this in effect establishes a tax rate for property within the Colorado ISD of \$1.457 for the school year.

The rate for the CED last year was .77 per \$100 valuation.

Revenue for the District is set at \$7,476,632. for 1992-93 with \$4,627,057. coming from local general funds. \$1,599,142. is from state funds and special revenues are

tabbed at \$743,697.

Federal funds are expected to generate \$178,194. and debt service soem \$327,542. and the FFA trust, \$1,000.

In other business, the trustees voted to change long distant telephone carriers and award the bid to NTS Communications. This change is expected to save the District some 3 to 6-cents per minute on long distance calls.

Hospital board vacancy tabled

The board of directors of the Mitchell County Hospital District met Tuesday evening for their regularly scheduled monthly meeting.

The vacancy on the board was discussed but no decisions were made. Board members made note that there had been some interest from individuals to serve but the

matter was tabled until a later date.

Reports were heard from Wendell Alford on the Hospital's financial action for the year and Alford also gave the report on the nursing home in the absence of Marsha Rickard.

Alford noted that the Hospital had total net revenues for the month of August totalling \$299,868 and expenses totalling \$345,667. The average daily census for the Hospital was 8 patients and for the month, there had been 47 admissions and 53 discharges. The average daily census for July was 7.3.

For the Lodge in August, the income was reported at \$78,719 and expenses were noted at \$70,521. Alford also stated that improvements are to be made to the living and bathing areas for Valley Fair Lodge and that most of the

Public Notice

Southwestern Bell Telephone Company, in accordance with the rules of the Public Utility Commission of Texas (PUC), hereby gives notice of the Company's intent to implement a new schedule of telephone rates in Texas for optional Custom Calling Services and Touch-tone service, effective March 15, 1993, unless otherwise determined by the PUC.

These proposed rates will not increase or decrease the Company's overall revenues; the net effect will be neutral to the Company's annual revenues.

The Company proposes to decrease the rates for Touch-tone service for residential customers from \$1.00 to 68 cents, and also to reduce the Touch-tone rates for business customers from \$1.75 to \$1.70. In addition, the Touch-tone rates for business PBX trunks will be reduced from \$3.15 to \$2.18.

This proposal to decrease the rates for Touch-tone service does not change the commitment that the Company made in the Docket No. 8585 Stipulation to reduce the rates for Touch-tone service in 1993.

The Custom Calling Services affected by the Company's application are optional telephone service arrangements that provide the following features: Call Waiting, Call Forwarding, Three Way Calling, Speed Calling-8 and Speed Calling-30. Following are the feature combinations and their current and proposed rates.

	Residence		Business	
One Feature per line	Current Rate	Proposed Rate	Current Rate	Proposed Rate
Call Waiting	\$2.10	\$2.85	\$2.65	\$3.25
Call Forwarding	2.10	2.10	2.65	3.50
3-Way Calling	2.10	2.10	2.65	2.50
Speed Call-8	2.10	2.10	2.65	2.50
Two Features per line				
Call Waiting, Call Forwarding	3.75	4.25	4.75	6.00
Call Waiting, 3-Way Calling	3.70	4.25	4.75	4.75
Call Waiting, Speed Calling-8	3.70	4.25	4.75	4.75
Call Forwarding, 3-Way Calling	3.70	3.50	4.80	5.00
Call Forwarding, Speed Calling-8	3.70	3.50	4.75	5.00
3-Way Calling, Speed Calling-8	3.70	3.50	4.75	4.00
Three Features per line				
Call Waiting, Call Forwarding and 3-Way Calling	5.30	5.65	6.90	7.50
Call Waiting, Call Forwarding and Speed Calling-8	5.30	5.65	6.90	7.50
Call Waiting, 3-Way Calling and Speed Calling-8	5.30	5.65	6.90	6.25
Call Forwarding, 3-Way Calling and Speed Calling-8	5.30	4.90	6.90	6.50
Four Features per line				
Call Waiting, Call Forwarding, 3-Way Calling, Speed Calling-8	6.90	7.05	9.00	9.00
Speed Calling - 30 code capacity	3.20	3.20	4.25	3.20

Most of the Company's residence and business customers who subscribe to Custom Calling Features and Touch-tone service will be affected by the proposed rate restructuring.

It is expected that the restructuring of Custom Calling Features will result in a rate increase for approximately 2.9 million residence customers and 280,000 business customers. The reduction in rates for certain Custom Calling Services and Touch-tone Service will affect approximately 4.3 million residence customers and 1.7 million business customers.

This rate restructuring is expected to have a "revenue-neutral" effect on the Company's annual revenues. The proposed rate restructuring of Custom Calling Services will increase the Company's annual revenues by \$19.8 million; while the reduction in Touch-tone rates will decrease the Company's annual revenues by \$19.8 million.

This proceeding has been designated Docket No. 11382. Persons who wish to intervene or otherwise participate in this proceeding should notify the PUC as soon as possible. The deadline to intervene is October 30, 1992. A request to intervene, participate or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the PUC Public Information Office at (512) 458-0256 or (512) 458-0221, teletypewriter for the deaf.

Eighth grade volleyball results

Saturday September 19, the Eighth Grade Volleyball Team played in the Big Spring Tournament.

The first match was played against Andrews. Colorado City lost the match in three games 12-15, 15-11, 3-15.

The second match was against Brownfield. The Eighth Grade Lady

Wolves won this match 15-5, 15-7.

In the third match the Eighth Grade Team won Consolation Place in the tournament defeating Sweetwater 15-12, 16-14.

Comments from Coach Mathis were, "The girls played very well together, with team spirit and teamwork."

The next game for the Eighth Grade Team is at Bronte September 21.

Lone Wolf volleyball results

Saturday, September 19, the Lady Wolves started their first game in the Lone Wolf Volleyball Tournament. The game was against Knox City.

The match was won in two games by Knox City. Scores were 15-13, 15-6.

Jeanette Ceballos (6 points, 2 aces, 2 assists), Bethany Bridgford (6 points, 2 aces, 5 assists, 2 kills), Jennifer Ornales (3 points, 1 ace), Elaine McKnight (2 points, 2 kills), Amanda Alvarez (2 points), and Krissy Crawford (3 points).

The second match of the tournament for the Lady Wolves was against Miles. This match was also won in just two games, but this time the victory would go to Colorado City. The scores were 16-14, 15-5.

"Our serving and hitting showed great improvement; we also played much more aggressively on defense. The girls played a fine match," said Coach Graves.

Bethany Bridgford (18 points, 4 aces, 6 assists, 2 kills), Elaine McKnight (4 points, 3 aces, 1 kill), Lorie Ortiz (3 points, 1 ace), Jeanette Ceballos (4 points, 2 assists), Veronica Moreno (1 point, 3 kills), Amanda Alvarez (1 point), and Krissy Crawford (2 kills) were the stars of the game.

The Lady Wolves third match was for the Consolation Trophy. The match was played against Bronte.

The first game Colorado City won with a score of 15-12. Then Bronte came back to win the second game 15-10. The Lady Wolves finished the third 15-7 to win the game, the match and the trophy.

"The girls played with tremendous intensity and confidence. They did a super job against two fine volleyball teams; I'm very proud of them," were the comments from Coach Graves.

Colorado City's next will be against Water Valley September 22.

Championship was won by Plains defeating Water Valley 15-12, 15-12. The third place team was Knox City.

CONVERSATION CORNER

BY BARBIE LELEK

Boo hoo, the Wolves lose their first ball game, Coach Howeth is no longer the only non defeated football coach in C-City. Let me see what can I say about the game--well, Slaton has really good colors (red and black) but who has ever heard of a red and black tiger? Uuuuhh, oh yes, they have good clean bathrooms! THE END

I know several Colorado City folks wimped out on the long drive home and stayed over in Lubbock. It seems most of US stayed at the same motel also!! How about you? Did you stay at the La Quinta too? I actually didn't wimp out though, we stayed over to celebrate my sister Sharon Chambers' 21st birthday. HAPPY BIRTHDAY SIS!! We got lucky because it happened to be the same weekend that the Texas Tech Ranch Heritage exhibits were open. This is a huge exhibit with actual homes from the area dating from the 1800's and early 1900's. These homes and buildings were donated in the memory of the people that owned them. We saw a butter making demonstration and learned how to make ropes. They were also making Son of a Gun Stew. One of the men said it had every part of

a cow in it! That was one sample I didn't try! We also enjoyed riding a horse drawn buggy. It was all very interesting. Someday if you can yourself in Lubbock go by the campus and visit the exhibit. They won't be making butter or ropes but the homes are really interesting to look at.

The other day I had a brainstorm for an invention! Have you ever been to an outdoor function where you sat behind someone smoking and the wind was blowing the smoke in your face? What would be neat would be a windsock in the shape of an arrow with the words smoking section written on it. Whichever way the wind was blowing would be the direction they would sit. Non-smokers would always be up wind!

The only problem I foresee would be if the wind changed directions mid-function!!

Christian Temple held a capture breakfast for the youth. Pastor Pat Savage and his wife Patti went to the homes of the youth and woke them up very early, all the while videoing the poor kids! They had three minutes to put on three things. After breakfast

they enjoyed an embarrassing but fun photo scavenger hunt. Ryan and Bryan Proctor were awakened by a team of scavengers wanting to take a picture with them. It wasn't long afterwards that the other team interrupted their bowl of cereal for a picture with them! Surely they aren't the only twins in town! Bob Ramage and Gene Parham were seen hitchhiking on Hickory with one group of teens. The teams were to get a picture of a teacher in pajamas--Katrina Boger served the purpose well! Tim Atkins was hamming it up when they asked him, Kenny Wadsworth, and an unknown participant (sorry I didn't know you) to take a picture as city/county officials! One youth leader wanted to thank all those good humored folks who helped make the hunt fun and successful. Last Wednesday was "Meet me

at the Flag Pole." This was the day when all across this great country of ours, the christian youth were to meet at the flag pole at school to take a stand for what they believed in. First Baptist youth and music director encouraged the youth to do just that. Between the Middle School and High School about 40 young people met. Several from the other churches attended as well! Good going kids!

I spotted Keith Ruddick signing up to win a door prize at the Arts & Crafts fair this weekend. Sorry Keith, if I can't win, you can't win either! And he didn't!

Jerry Reynolds got his portrait painted by Leola Anderson at the fair Sunday afternoon. She did a very good job. B looked good J.R. (that's what some students called him while he was principal, not me of course!)

Jolinda Troutt and Kevin Ray Murdock

Engagement announced

Jolinda Troutt and Kevin Ray Murdock of Lubbock, formerly of Loraine and Snyder would like to announce their engagement and upcoming marriage. The couple plan to marry on October 17, 1992 at 3 in the afternoon at the First Baptist Church in Loraine.

Jolinda is the daughter of Virgil and Gail Troutt of Loraine. Her grandparents are Jake and Laura Hock of Davis, Oklahoma, formerly of Loraine and the late Roy and Delia Richard.

Kevin is the son of Donald and Kathy Murdock of Levelland, formerly of Snyder. His grandparents are Marvin and Pearlina King of Colorado City, Texas.

"Right Bed, Wrong Husband" opens October 10th in Rotan

Theatre on the Brazos goes into its twelfth production with "Right Bed, Wrong Husband", a farce in three acts, written by Neil and Caroline Schaffner.

Under the direction of LuDana Baker, the cast consists of Ted Merriweather, a young bachelor played by Chris Boone. Martin Jones the old uncle is played by David Smith. Claude Stevens, a husband, is played by Loyd Greene and another husband played by Ken Myers. We have a young engaged lady Ruth Bland played by Dawn Tandy, Evelyn Stevens, a married lady played by Nina Tandy and Myra Tackelberry who is neither

played by Pat Boone.

The play will be performed in Rotan, Texas four times beginning with Saturday, October 10 at 7:30 p.m. The remaining performances are Sunday, October 11 at 2:00 p.m., Saturday, October 17 at 7:30 p.m. and Sunday, October 18, at 2:00 p.m.

COOK'S CORNER

Sheryl Callaway

Our cook this week is Sheryl Callaway. She was raised in Snyder, attending Snyder Public Schools through her graduation. She met Steve Callaway, a life long C-City resident and when they were married 5 1/2 years ago they chose to live here. They have four children. Shawna Wilking 10, Jennifer Wilking 8, Bridget Callaway 8 and Wesley Callaway 6.

Sheryl instructs aerobics at "Addicted to Aerobics" and teaches the tumble bears at the J&J Gym. Her husband Steve is employed at the Morgan Creek Power Plant.

Sheryl is very talented at crafts. She enjoys making hairbows for the public and sewing.

She learned to cook like most of us do "from Mom." She learned more after getting married.

She remembered a time shortly after her first marriage when she was going to warm some green beans for supper. Not knowing that you couldn't put Pyrex pans on the burners (at that time you couldn't) she did. The pan broke

and beans went everywhere! Sheryl said she cried for days!!

QUICK APPLE DESSERT
1 large can Apple pie filling
12 warm flour tortillas
1 stick butter
Sugar and Cinnamon mixed
Place pie filling in tortillas and roll. Place in 9x13 pan. Melt butter and pour over tortillas making sure all parts are buttered. Sprinkle with sugar and cinnamon mixture. Bake at 350 degrees about 35 to 40 minutes. Great served hot with ice cream!

RITZ CHICKEN
Cut chicken up; salt and pepper.

Melt 1 stick butter; crush about 30 Ritz crackers. Dip chicken in butter; roll in crackers. Bake at 350 degrees for about 1 hour. If the chicken begins to get too brown, cover with foil and finish cooking.

When warming leftover meat in microwave place damp paper towel over it to keep it from drying out.

Hallmark elected to board

Ann Hallmark, Mitchell County Treasurer, was elected to the Board of Directors of The County Treasurer's Association of Texas during their 44th Annual Conference, September 14-18, in Laredo. Mrs. Hallmark will represent Region III of The County Treasurer's Association which includes 19 Texas counties.

The conference included sessions on self-funded health insurance, deferred compensation, investments and Texpool. State Comptroller John Sharp, Senator Judith Zaffarini, Secretary of State John Hannah, and Linda Patterson from the state treasurer's office were among the speakers for the conference.

New service offered to Junior & Senior students

Editor's Note: This letter has been sent to Colorado High School Juniors and Seniors. Principal James McSwain strongly urges all Jr. and Sr. students to take advantage of this opportunity to improve upon the ACT scores.

The Parents of all Colorado High School Junior and Seniors.

Dear Parent(s):

We are pleased to offer a new service to Junior and Senior students of Colorado High School. Beginning September 28, 1992 free A.C.T. tutorial classes will be held from 6:00-8:00 p.m. on Monday and Tuesday evenings. This is an extensive program that will provide your son or daughter an advantage in achieving higher A.C.T. scores. As you know, A.C.T. scores play a major factor in college admissions and in receiving grants, loans and scholarships. In addition to Monday and Tuesday classes, your student may also take advantage of our new IBM computer laboratory. Self-paced software programs are available to provide even greater learning opportunities. The lab will be available on school days during non-instructional time and on Saturdays from 8:00 a.m. to

4:00 p.m. Saturday time slots will be available on a first come first serve basis.

Please encourage your student to participate in the program. Such a course could cost several hundred dollars from a private company. This course is free to all Colorado High School Juniors and Seniors.

The A.C.T. test will be given on October 24, 1992 here at Colorado City High School. Your student must register for the test by Friday, September 25, 1992. Registration forms for the test and tutorial classes are available in the counselor's office. If you have questions please call our office at 728-3424.

Sincerely,
James A. McSwain
Principal, Colorado High School

A.C.T. Tutorial Schedule

Monday and Tuesday: September 28 and 29; October 5 and 6; October 12 and 13; October 19 and 20.

Class times are 6:00 p.m. to 8:00 p.m. Students should meet in the cafeteria at 6:00 p.m. on Monday, September 28, 1992 for room assignments. The computer laboratory will be open on Saturdays from 8:00 a.m. to 4:00 p.m.

Cap Rock Electric elects incumbent directors

Members of Cap Rock Electric endorsed the cooperative's current management Tuesday night by re-electing all incumbent directors whose terms were due to expire.

Nearly 1,800 persons attended the Cap Rock Electric annual meeting at the Chaparral Center on the Midland College Campus.

In the sole contested director's post, incumbent Newell Tate, of Tarzan, won against challenger Sammy Yates, of Tarzan. Directors C. Ray Russell, of Big Spring, Hubert F. "Skeet" Dunn, of Colorado City, and Teddy Stewart, of Stanton, were re-elected without opposition.

"This is a mandate for Cap Rock to continue the progressive course it has set," said Rusty Jones, chairman of the Cap Rock board of directors. "Members had the opportunity to signal unhappiness with the cooperative by voting against the incumbent, but they chose, instead, to return him to office 10-to-one," he noted.

Approximately 51% of members voted in the annual election, the highest vote participation in recent history. Cap Rock Electric in 1991 began allowing members to vote by

proxy instead of in person, a change in the process credited with increasing member participation in elections nearly five-fold, said David Pruitt, chief executive officer and general manager.

"We think it's significant that in a year of controversy for our company, our members have expressed more loyalty and support than ever before," Pruitt said. "We're proud to be a part of such a terrific cooperative family."

The board had scheduled a special time period at the end of the meeting to answer questions being raised by a group calling themselves "Concerned Members of Cap Rock Electric," which had been circulating accusations against the co-op and its management for several weeks. However, the group did not avail themselves of the opportunity to air their accusations publicly at the meeting.

WCTOG names local representatives

Mitchell County Judge Ray Mayo and Colorado City Mayor Pro-Tem Bob Reilly were named representatives to the board of directors of the West Central Texas Council of Governments during a sub-region meeting held Wednesday at the Colorado City Civic Center.

The sub-region is comprised of Fisher, Mitchell, Nolan and Scurry counties.

In addition, Mayo was named to the executive committee of WCTOG. The executive committee is comprised of 15 members from the 19-county area served by WCTOG. Scurry County Judge Bob Doolittle was selected alternate to the executive committee.

WCTOG staff members gave updates on various programs including Aging, Housing, Criminal Justice, Regional Services, 9-1-1, Employment and Job Training, Economic Development, Quality Workforce Development and Regional Solid Waste.

The 1992 Lone Wolf has arrived. Yearbook editor Cindy Newman, right, and student life editor Sylvia Flores, center, look over the 1992 yearbook with Taylor Publishing representative Jerry Clark.

Yearbooks being distributed

The Colorado High School yearbook staff began distributing its first-ever "camera ready" yearbook last week. The 1992 annual represents the first time a Colorado High school staff had produced a book using all of the available modern technology, completing every portion of the yearbook from design to final "camera ready" paste-up.

"It's a great deal more work for the students," said yearbook adviser Cliff Vlasin, "but it also results in a valuable learning experience for them. They get to work on every aspect of desktop publishing, leaving them with a marketable skill."

According to Taylor Publishing Company representative Jerry Clark, there are less than 100 high schools in the entire United States using this process of yearbook development.

"It takes a group of students willing to put in a great deal more work," Clark said during a visit to the high school Wednesday. He gave a great deal of the credit to the editor, 1992 graduate Brenda Espinoza.

"It is almost imperative that you have a student like Brenda, especially on the first effort," Clark said. "She was willing to do the work, not only to complete the yearbook, but to learn the computer processes before the work could even begin."

Vlasin echoed these sentiments. "I've always maintained that working with Brenda was more like working with an adult than a student," he said. "She made the job easier."

"We also got 'above the call of duty' performances from Cindy Newman and Sylvia Flores, Vlasin added. "A great deal of the final paste-up work had to be done after school was out, and these two gave unselfishly of themselves to see that Brenda and I weren't left with all the work."

"I'm really proud of everyone who helped," Vlasin said. "These students have a special memory they can carry with them and be proud of their contribution."

Serving on the 1991-92 staff, besides those mentioned above were Tracy Hoover (photo editor), Jennifer Hill (business manager), Elaine McKnight, Stephanie Austin, Sally Cain, Jay Kay, Ryan Galey, Crystal Dempsey, and Crystal Crawford.

A very limited number of 1992 yearbooks are on sale now, while they last, for \$30. For information, call the high school at 728-3424.

Public Notice

Southwestern Bell Telephone Company has asked the Public Utility Commission of Texas (PUC) for approval to offer new optional call management services called Caller Identification Service (Caller ID) and Anonymous Call Rejection (ACR).

Caller ID is a new optional phone service which allows subscribers to see the phone number and/or name of most local calls before they answer the phone. Caller ID also allows the recording of the date, time, name and/or phone number of calls. Currently, Caller ID would work only on most local calls, not long distance calls. It would also require that a separate display unit be connected to the telephone. These units that attach to the telephone will be available from various retail vendors, including Southwestern Bell, at a cost starting at approximately \$50.

Southwestern Bell is also proposing that all customers be able to "block," or stop their name/number from being transmitted and displayed on a Caller ID device, free of charge. You would have this option of "blocking" your name/number on each call free of charge. There would be no need to subscribe to this service. All customers would have this capability when Caller ID is introduced in their area.

If you want to block your name or number, you need only press *67 on your touch-tone pad (or dial 1167 from a rotary phone) before dialing the telephone number. The person you're calling would see displayed a message such as "private" or "anonymous" on their Caller ID display unit.

Southwestern Bell also proposes that qualified domestic violence and law enforcement groups have the option of free per-line blocking, or free per-call blocking.

Anonymous Call Rejection (ACR or "block the blocker") allows subscribers to automatically reject all calls that have been marked anonymous, or "blocked" by the person calling. It is not necessary to subscribe to Caller ID Name/Number to subscribe to ACR. With ACR, your telephone will not ring if the person calling you has "blocked" his/her name or number. The person calling whose identification is blocked will receive a message to hang up and call back with caller identification unblocked. Following are the proposed monthly rates for Caller ID and ACR.

Proposed Rates (monthly)	Residence	Business
Calling Number only	\$6.50	\$ 8.50
Calling Name only	\$6.50	\$ 8.50
Calling Name & Number	\$8.00	\$12.00
Anonymous Call Rejection	\$3/\$1**	\$3/\$1**

* These rates are in addition to the initial installation charges and monthly basic service rate. For residence customers, installation charges are \$2.70 per feature, with a maximum charge of \$5.40. For business customers, the charges are \$5.40 per feature, with a maximum charge of \$10.75.

** Anonymous Call Rejection is \$3 per month if purchased without Caller ID and is \$1 per month when purchased with Caller ID Name or Number.

This proceeding has been designated Docket No. 11362, and a hearing on the merits has been scheduled for November 16, 1992. The PUC has jurisdiction to consider this matter pursuant to Sections 16, 18, 37 and 38 of the Public Utility Regulatory Act (PURA). This application was filed pursuant to the provisions of the PUC's Substantive Rule 23.24. Among the issues that will be addressed in this proceeding is the legality of the Caller ID device and service under Texas wiretap laws.

Persons who wish to intervene or otherwise participate in these proceedings should notify the PUC as soon as possible. The deadline to intervene is October 26, 1992. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the PUC Public Information Office at (512) 458-0256 or (512) 458-0221 teletypewriter for the deaf.

The motions then began. +Bridgford made a motion to leave the salary schedule the way it was approved last week with no raises. It died for lack of a second.

+Munoz then proposed a 10-cent an hour raise for all non-management personnel. Only Munoz and Blassingame voted for this motion.

+Yolanda Molina then made a motion for a 25-cent per hour raise for non-management personnel. Voting for was Blassingame, Molina and Diana Garza. Against were Roxie Strain, Bridgford and Harris with Munoz abstaining.

+Munoz then made a motion for a 20-cent per hour raise for the same personnel and the vote was 4 to 2 with Strain and Bridgford voting against.

The raise is slated to go into effect Oct. 1 of this school year.

CHIEF LONE WOLF

BY JIM BAUM

A scene looking west from Lone Wolf Creek, as children play in the Colorado River water which spread all the way through town. Courtesy Charles Ezell.

A worker sits on the trestle after the tank cars were lost. Courtesy the Heart of West Texas Museum.

Most oldtimers remember the Great Colorado City Flood of '39. Some even shake their heads when speaking about it as though it were comparable to the Great Johnstown Flood of 1889.

It wasn't. Some 2200 lives were lost in Johnstown, while our biggest loss was seven or eight railroad tank cars and quite a few bales of cotton.

It rained hard up on the watershed of the Colorado River the night of June 19, 1939. By the next day, the Colorado River, which comes through Colorado City, was completely out of its banks.

Earnest Porter, who grew up in Colorado City, but now lives in Jackson, Mississippi, vividly recalls the flood.

"Water was all the way from the Colorado River to Lone Wolf Creek," he says. "A new bridge had been built on Highway 80 at Lone Wolf Creek and water was above the creek as it backed up from the river."

The big problem, however, was the possibility of cotton bales, which were floating down the river, bowling over a railroad trestle near the west river bridge.

Again Earnest Porter; "The water coming around the Colorado River was pulling bales of cotton from the compress west of the bridge. They (the bales) were floating under the highway bridge and lodging against the trestle there at the railroad."

Men were deployed on the trestle with long poles and they pushed the cotton on through as the bales bunched up forming a barrier. The result; too much stress on the trestle.

"Then," Porter continues, "somebody had the bright idea to put some tank cars on the trestle with the thought that the added weight would undoubtedly stabilize the structure."

"So, they took the switch engine and got about eight or nine tank cars and backed them out on the trestle. They disconnected the switch engine and just as it got back on solid ground, there went the trestle and all the tank cars too."

Over the years the legend of the Great Colorado City Flood has grown. The rumor has proliferated that the tank cars were never found. Porter says, "they searched the banks along the river for several miles" and nary a car was located.

We'll come back to the mystery of what happened to the tank cars shortly, but right now, let's look at some other interesting aspects of the flood.

Charles Ezell's biggest memory of it concerns his neighbor, Yudel Moore, Sr. Moore kept some pigs in pens down by the river.

"When the river started rising, he couldn't get his Plymouth started to go down there," Ezell recalled. ("If you had a Plymouth and you got close to water, it wouldn't start"). So, Yudel had to run all the way from Fifth Street to the Colorado River to save his pigs."

Ezell says his neighbor waded out into the river to get the squealing pigs before they were washed away. "I don't know if pigs can

swim or not," Ezell added, thoughtfully.

Perhaps the oddest sight during the flood was two young men who traversed the waterway in a boat, right through the downtown business district.

They were 21 year old Porter Richardson and his faithful companion Gus Armstrong.

Richardson had just built a ten foot boat and he traded Armstrong a Model "T" Ford for a Maytag washing machine motor.

"Model 'T's' were a dime a dozen back then," Armstrong explained. "Besides, this one didn't even have a radiator."

The two young men launched their boat near the courthouse on Oak Street. On Second, they made a neat left turn and headed east, grinning at the world as it went by.

But, Richardson says the merchants were laughing back.

"They were lookin' out the windows of their sandbagged businesses, shaking their fists at us and threatening us if we made a wave," Richardson said. Armstrong remembers one merchant in particular was upset as they cruised past his place.

"Mr. Thomas, I think it was Nat Thomas, owned a dry goods store and he yelled out at us, 'When you come back by here, I'm going to have my shotgun waiting for you,' Armstrong remembers.

Did he have the gun when you and Porter went back?

"We didn't go back. We abandoned the boat," Armstrong said.

And why did they go on the cruise in the first place?

"It just seemed like a good idea," he answered.

Now, back to what happened to the tank cars. Armstrong says he didn't see the railroad crane retrieve the cars, "but I know they were recovered."

Charles Ezell says he doesn't specifically remember the recovery, "I just know they did get 'em," he said.

Which brings us to Earnest Porter.

"The rumor was," he says, "metal detectors were used and never a trace was found."

2nd Place.... \$20⁰⁰

RULES FOR THE GAME

Several Mitchell County merchants are again sponsoring a FOOTBALL GUESSING CONTEST with cash prizes totaling \$50.00: \$30.00 for first place and \$20.00 for second place. The \$50.00 will be in football bucks, which are redeemable at any participating merchant.

All you need to do is check each merchant's listing on this page for one of the contest games and its number. Print your choice of the winner of each game in the blank next to the corresponding number of each game on the official entry below. Be sure you select a winner for each game.

On the OFFICIAL ENTRY BLANK, print your guess for the exact score of the Tie-Breaker Game (to be used in case of ties.) Be sure to print your full name and address. Persons under six years of age are not eligible to enter. Each entry must be delivered to The Colorado City Record, or postmarked, if mailed, before 5 p.m. each Friday.

Good morning, isn't this a nice
cool morning. I hope our
extremely hot weather is behind us
for the year. I guess this is about
as near perfect as the weather could
be. Anyway I am enjoying it.

It is Homecoming time again.
Hope everyone knows it will be
next Friday and Saturday, October
2nd and 3rd. It will kick off with a
parade at 2 p.m. on Friday the 2nd.
Our ballgame will be at 7:30 p.m.
at Johnson Field. I surely hope we
have a nice large crowd. Our
Bulldogs played a hard fought game
last week. We did not win but
nevertheless they played hard and
we are proud of them. We also had
a good crowd and we appreciate our
parents, grandparents and all the rest
for supporting our school and our
kids.

I need to tell you that Charles
Bowen is our new Fire Marshall.
He took Glenn Sanders place when
he moved. If you ever need to
discuss something with the Fire
Marshall, Charles will be glad to
help you in anyway he can. He is a
very nice person as is his wife
Mary Rose.

We lost one of our older citizens
yesterday. Mrs. Mary Agnes
Mahon Meadows died at the age of
99 years. She had lived in our
county since 1908, taught school in
several schools in West Texas. She
was a Methodist and attended
Lorraine's First Methodist Church
where she worked for the Lord. To
know Mrs. Meadows was to love
her. She was a very special lady in
my book always had kind words for
all people around her. Our love
goes out to Doris, Hubert, Jane and
their families, also to Elmer Mahon
and Cecil Martin. We loved her
too. We know that you all took
good care of her.

We still have a lot of sick
people around and several who are
on the mend. Kenneth Butler still
needs your prayers as does Juanice
as she stays by his side. Patsy
Graham is home and doing better.
Her leg that was cut real bad still
gives her lots of pain and trouble
but she is better.

We had several people from
Lorraine Manor in the hospital but I
don't know if they are back home or
not. I know that Mr. McDaniel,

Lorene Mills and Kenneth Butler
have been in the hospital but I am
sure most of them are back in the
Manor by now.

I saw Lela Bowles of Rule, her
mother Lula Lefever and Neysa
Beights enjoying a meal at the local
eating place last week. They all
seemed happy.

Oh-by-the-way I noticed we have
some new park benches in our Mini
Park downtown. They sure look
nice and I don't know who is
responsible for them but thanks a
million anyway. Well I just made
a call and found out the extension
club is the donor of the benches,
thanks ladies.

Saw Mrs. Jimmie Smith of
Roscoe Saturday night at the Cree
Mee buying hamburgers for the
Templeton sisters. They were all
out at J.M. and Ovada's homeplace
and at Charles and Mary Rose
Bowens on a work day project. It
was good to see Dixie but I did not
recognize her at first. We are very
happy to have Charles and Mary
Rose living here again.

Effie Wheeler and Jimmie Jacks
returned from Overland Park,
Kansas on Wednesday after visiting
several days in the home of a
daughter and sister Beverly Nichols.
Beverly came and got them and a
grandson Brian Nichols brought
them home. enroute to Kansas
they visited with Winston and Opal
Wilson in Chandler, Oklahoma.
Opal and Effie are sisters.

Mr. and Mrs. James Jacks and
children from Arlington spent
Wednesday and Thursday nights in
the home of Effie Wheeler and
Jimmie Jacks. James and family
are moving to Roanoke, Virginia
where he is now employed.

We had lots of company over
the week-end as a result of the
McMullens 50th Wedding
celebration. Mrs. Eva Phillips
spent Saturday and Saturday night
with us. On Sunday Boots and
Jean Young of Atlanta Texas and a
granddaughter of Ft. Worth were
here. Also Jerry Young and her
daughter of Burleson came.

On Sunday our granddaughter
Patti Beatty and her friend Doug

Blue of Clyde were here visiting her
grandmother Elba Evans, aunt and
uncle Jackie and Patsy Walker and
with us. A grandson Chris, came
by to watch the Cowboy game with
the crew.

I noticed in the Record where
Pauline Smiley had been in the
hospital. Hope she is much better.

Jean Pinkerton tells me that she
and her sister are taking an E.M.T.
course in Sweetwater. She says she
goes to class at 6 p.m. and gets out

at 11 p.m. She likes it but says it
is hard and she hopes she can
outlast the course and I am sure she
can. Good Luck Jeanie.

My friend, Faye Lee keeps on
doing nice things. Thanks a
million Faye.

I am sure you noticed in the
football reports a couple of weeks
ago that a Rickie Lucas did a good
job for Stanton's football team.
Just thought you'd like to know he

is Ronald and Nelda's grandson.
Can't you just see ole Greg
grinning from ear to ear when that
kid does well. It even pleased me
and we have our own Rick Lucas
but he is an announcer. He does
our games, football, basketball and
baseball and we are proud of him.

Be sure you don't forget the
Homecoming parade at 2 p.m. on
Friday, at 7:30 football and on
Saturday a luncheon at school,
program and business. See you
there.

Homemakers meet at Singleton home

The North Lorraine Extension
Homemakers met for their regular

LETTER TO THE EDITOR

(Editor's note): This past Friday,
members of the Troy Fraser
campaign were in Colorado City
after touring several other towns in
Mr. Fraser's district. One of the
members of his group lost a
billfold and it could have been in a
number of places. Luckily for this
gentleman that he lost it in
Colorado City and even luckier is
that he lost it at the Chamber of
Commerce office. Chamber
Secretary Rosemary Davila found
the billfold and located local
boosters of Mr. Fraser after some
pretty good detective work.
Rosemary made sure the billfold
was returned to Harry Nichols.

Any other place and the billfold and
the \$70 cash might not have ever
been returned. Way to go
Rosemary, deeds like that are paid
back many times. Following is a
letter from Rep. Troy Fraser to
Rosemary Davila)

September 18, 1992

Ms. Rosemary Davila
% Chamber of Commerce
157 West 2nd Street
Colorado City, Texas 79512

Dear Rosemary:

I wanted to personally thank
you for returning the wallet of Mr.

Harry Nichols. You are a very
noble young woman whom I deeply
respect and admire.

There are few people in our
world today who would be as
honest and as giving as you have
proven to be today. You are a
unique individual!

Thank you again and best of
luck in your future endeavors.
Please feel free to contact me if I
can be of any service to you.

Respectfully yours,
Troy Fraser
State Representative

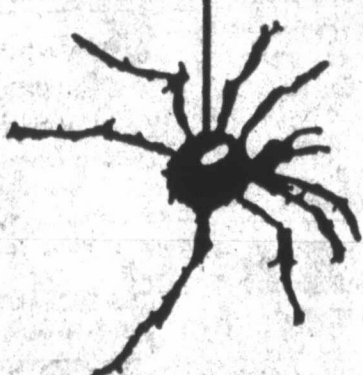

Cancer still one of leading causes of death

Cancer ranked second only to
heart disease as the leading cause of
death in Texas in 1990, claiming
the lives of 28,483 Texans,
according to an article in the
September issue of Texas Medicine.
Texas Medicine is the official news
magazine of the Texas Medical
Association. Texas Department of
Health statistics show 15,622 men
and 12,861 women died of cancer in
1990.

Lung cancer was the leading
cause of death among both men and
women. Nearly 1,700 men died of
prostate cancer, while breast cancer
was the second leading cause of

death among females.
White females experienced
higher rates of lung cancer than
Hispanics and blacks, but black
females had the highest rates of
breast cancer.

TMA sponsors the Physician
Oncology Education Program to
help physicians prevent cancer
deaths. Nearly 1,500 physicians
annually receive continuing medical
education in the early detection and
prevention of cancer through the
POEP. The program also
distributes educational materials
throughout the state.

At one time Mark Twain was an editor
of a small Missouri paper. One day he
received a letter from a subscriber say-
ing that he'd found a spider in his paper.
The reader wanted to know if this was a
good or bad luck omen.

Replied Mark Twain: "Finding a spider
in your paper is neither good luck nor
bad. The spider was merely looking over
our paper to see which merchant was
not advertising so that he could go to that
store, spin his web across the door, and
lead a life of undisturbed peace ever
after.

PUC approves merger of two electric co-ops

The Public Utilities Commission announced Wednesday unanimous approval of a merger between Cap Rock Electric Cooperative and Hunt-Collin Electric Cooperative by stating the action was "in the public interest."

This merger is very similar to the merger between Lone Wolf Electric Coop of Colorado City and Cap Rock Electric in October of 1991.

Hunt-Collin Electric's 2,500 customers should begin enjoying a 30 percent drop in electric bills in about 60 days, when the merger officially closes, attorneys for Cap Rock Electric said.

At that time, Cap Rock Electric will begin the process of combining some overhead expenses, spreading those costs over a greater number of customers.

Commissioner Karl Rabago

pointed out that projected overhead savings plus other non-power related savings that will occur as the result of the merger will produce for Cap Rock "a net cost savings every year beginning in 1992."

"This is a significant victory for Cap Rock Electric and for all electric co-ops in Texas," said David Pruitt, CEO and general manager for Cap Rock. "This has opened the way for cooperatives to grow larger and stronger and to survive into the next century."

Jerry Swindell, president of the board of Hunt-Collin Electric, said, "This a long-awaited victory. It's something our members wanted for a long time. We're proud the Commission chose to find it in the public interest."

In approving the merger, the Commission overturned a

recommendation by the hearing examiner in the case. Chairman Robert Gee, with the concurrence of the other commissioners, struck language in the hearing examiner's report that used hypothetical alternatives to the merger as standards for comparisons. He also eliminated language that claimed the benefit to the co-operatives was not significant enough to warrant the merger.

Gee called the comparison to hypothetical alternatives "inappropriate." He also noted that the "size of the benefit" was not relevant in merger consideration.

The Commission also added language instructing Cap Rock to proceed "expeditiously" with negotiating for a power supply and distribution and delivery agreements for Hunt-Collin, which has been without a power supply contract

since 1990. Its sole supplier of power is TU Electric.

The case was considered significant in setting precedents for other co-op mergers. There are 76 distribution co-ops in Texas, many considered at risk for hostile takeover or buy-outs because of their small size. Mergers are one way used to combat that risk.

Cap Rock Electric is based in Stanton and serves a total of nearly 22,000 meters in 17 counties. Locally, Lone Wolf serves 1341 customers. Hunt-Collin Electric is based in Celeste, about 50 miles northeast of Dallas.
