# Subscription Campaign Off to Whirlwind Start

Workers throughout the Colorado City trade area are busy with pencils and receipt books, starting the big Good Will Subscription Campaign of the Record.

And judging from results the first few days, the campaign promises to be a huge success in every way.

With \$2,000 in prizes awaiting them—\$800 for first, \$400 for second, \$200 for third, \$100 for fourth and \$50 for fifth—the campaign workers hustled here and there for subscriptions.

All workers who do not win a prize will be paid commissions for their sales. This is one campaign in which everybody wins. There are no losers.

Workers are making a special effort to secure subscriptions into votes before April 30. This is the big opportunity period during which candidates will receive 500,000 votes for each club of \$50 turned in to campaign headquarters.

And, naturally, the time to help your favorite candidate is during this big opportunity period.

## Man Given Suspended Term in Trial

A one-day murder trial ended Tuesday with a five-year suspended sentence for Regio Martinez, 30.

The verdict was returned by a jury here in 32nd District Court.

Martinez was charged with the fatal pistol shooting of Leo Garcia, 41, a local painter, outside Coker's Cafe, West Highway 80.

The shooting resulted after an argument between Martinez and Garcia inside the cafe. The pair went outside the cafe and Garcia was slain by bullets fired twice from a .45 caliber automatic pistol.

Testimony in the trial began Tuesday and the case went to the jury for deliberation late that afternoon. Verdict was returned before 11 p. m. that night.

Four persons pleaded guilty to charges in 32nd District Court.

Adolph Weaver, 34, of Odessa, was sentenced to 50 days in jail and fined \$100 after pleading guilty to second offense, driving while intoxicated.

Pleading guilty to theft of television sets from a local motel Feb. 6 were Bartholomew Wells, 34, of Pennsylvania, and Mr. and Mrs. Kenneth Fox of California.

The two men—Wells and Fox—were sentenced to three years in the state penitentiary. Mrs. Wells received a three-year suspended sentence.

## MOSER TELLS BANQUET

# Enthusiasm Goes Into Champions

Abilene High Coach Chuck Moser "scored a touchdown" with sports fans and athletes here Tuesday night.

Moser, head coach of the famed Abilene High football team, was the guest speaker at the first annual All-Sports Banquet sponsored by the Quarterback Club.

Over 200 persons listened attentively as Moser explained "What It Takes To Be A Champion."

Moser, with his ready and sincere smile, pointed out the various traits that he desires in his boys.

"A team must have enthusiasm to be a winner," Moser said.

He explained that when he scouts a team, he always watches the most lowly sub on the bench . . . and if that sub has enthusiasm, it's a good team.

Other traits were determined by Moser.

## Abilene Veep To Install Jaycee Slate

Hubert Howell of Abilene will conduct installation ceremony here Saturday night for new Junior Chamber of Commerce officers.

Howell is the newly-elected state vice president for Texas Jaycees' Region 5.

Heading the officer slate to be installed will be B.J. (Bob) Williams, who will succeed Johnny Grubbs as president.

Other officials will be George Womack, first vice president; Bob Reilly, second vice president; Lewis Williams, secretary; Henry Lewis, treasurer; Marvin Healy, Civic House treasurer; Grubbs, state director; Dr. Seth Cowan, Dr. John Chinn, R. H. (Bob) Ratliff Jr., Joe Ed Boatright and James Hull, directors.

Installation banquet will be at 7:30 p. m. in Civic House, followed by a dance in American Legion Hut.

## Stolen Plane Cracked Up At City Field

Two or three persons stole the use of a plane Sunday at the city's civilian landing strip, damaging the stolen plane and another.

The vandals, reported to have been drinking, cranked up a plane owned by Frank Derigibus, local automobile dealer, and nosed it into a mesquite tree after striking another plane, owned by R. L. Chastain.

"They rushed away from the landing strip, south of Colorado City," immediately after the mishap.

Sheriff R. E. (Dick) Gregory has been investigating the case, but no arrests had been made Tuesday.

Three persons—one of whom was offered a drink by one of the men taking the plane—were witnesses to the incident. But they were vague as to descriptions of the men and the car, according to Derigibus.

Derigibus' plane, a two-place Taylorcraft, was taken from his hangar at about 5:30 p. m. Sunday.

The plane was cranked up with throttle wide open and blocks removed from wheels. Although the gas supply was cut off, the cranking pulled fuel in the carburetor.

Immediately, the plane raced across 60 feet of open space, then struck Chastain's Aeronca before hitting a tree and nosing into the ground.

Apparently nobody was injured.

Firemen, answering the call at 11:30 a. m., quickly extinguished the blaze.

## COACH FUMBLES AWAY HIS SPECS

Coach Homer Jefferson may have a dim view of the first week of Colorado High's football spring training.

But it is not because of the players nor their effort. Instead, the coach is without his glasses.

Jefferson lost his glasses this week near high school. For their return he is offering a reward.

The lost specs are with metal frame and were enclosed in a brown alligator case.

Finder is asked to phone RA 8-3480. He'll help the coach get a better view, maybe, for next season's grid wars.

## FOR STATE SENATOR

# Snyder Attorney Opposes Ratliff

Robert R. Patterson, state representative from Snyder, will seek the Democratic nomination for State Senator of the 24th Senatorial District.

Patterson, 46, a lawyer, has served two terms in the House of Representatives from the 9th Legislative District, composed of Scurry, Garza, Borden, Kent and Crosby counties.

He was chairman of the delegation of the 24th Senatorial District at the Democratic Convention in Fort Worth in 1956.

Patterson's candidacy sets up opposition for State Senator David Ratliff of Stamford, who is seeking re-election to the office.

In making his announcement, Patterson said he would make an on-the-ground, person-to-person campaign from now until election day.

"Based on my experience in the capital during the two regular sessions and two special sessions of the Legislature," Patterson said, "I am convinced that the best interest of the people of West Texas will be served by a change in this office."

"During the course of this campaign I will submit the record to substantiate my opinion."

## Spider Bite Hospitalizes Lee Morris

Lee Morris, 2029 Locust St., was recovering in Root Memorial Hospital Thursday from a spider bite.

Morris was bitten Sunday night when he slipped a glove on his hand. The glove had been in a closet and the spider had crawled inside.

"It felt like a sticker was in the glove at first, but when my wrist began to swell, I knew something else had happened," Morris said.

His wrist continued to swell and red streaks appeared on his arm.

Physicians told Morris that it was probably not a black widow spider.

Morris, who drives a truck for Caddell Transit Corp., said Thursday he was "on his way to complete recovery" with the swelling gone from his arm and only the black spot remaining where the spider bit.

Construction will begin in about 30 days for five miles of Farm-to-Market Road No. 2183 in the southwest area of Mitchell County.

In the same construction contract will be three minor highway improvement projects in Loraine area.

Contract for the overall job—grading, structures, base and surfacing—has been let by the Texas Highway Department to T. M. Brown Jr. and Don Brown of Abilene.

The Abilene firm obtained the contract on a low bid of \$118,465.88, according to Joe J. Smoot, resident engineer in Colorado City for Texas Highway Department.

Smoot will be in charge of the project for the highway department. It is estimated that the work will require 110 days to complete.

The FM 2183 extension will be routed toward Hyman and will end between three and four miles from the community.

Construction projects in the Loraine area will include two-tenths of a mile on Farm-to-Market Road No. 644, a free-way connection route and a section of FM 644 near Loraine.

The FM 644 construction south of Loraine will be a dip in the highway four miles south of the town.

Project in Loraine will be a connecting link for U. S. Highway 80 freeway and Loop 316, the business route looping off the freeway through the Loraine business district.

Additional section of construction on FM 644 at Loraine will be at Loraine Draw.

Total mileage of construction is 5.7 miles, according to Smoot.

Contract for the multiple project was awarded to the Brown brothers this week in Austin.

IN BOB ROBINSON HOME

# Mrs. Gordon Reviews Book For Zetagathian Guest Tea

Mrs. Gerald Gordon presented a review of "By Love Possessed" last Thursday highlighting the guest day tea of the Zetagathian Study Club in the home of Mrs. Bob Robinson.

Mrs. Gordon, a Colorado High School English and Speech teacher, presented the book review for guests and members at the afternoon tea.

"By Love Possessed" was written by James Gould Gozzens, a Pulitzer prize-winner. The theme of the book is love, love viewed in its myriad aspects, in its vast reach and scope; love that provides the most penetrating insight into the qualities of men and women and the very nature of human life.

The story is Arthur Winner's. It covers two days and one hour of his life; during this time the story takes you into the insight of a remarkable man, a man of many interests, friendships, and affections, as he passes through a series of critical tests that probe the heart of his private and professional existence.

For two days Arthur Winner's world is the familiar one he has always known—but the revelations of that one additional hour bring Arthur Winner face to face with the deeper meaning of his world and of himself.

Mrs. Gordon was introduced by Mrs. Sam L. (Buzz) Majors Jr.

The tea hour proceeded the review and guests were served from a tea table laid with a white cut-work cloth centered with an arrangement of lavender lilac, silver and china appointments were used.

Mrs. Newby Pratt, the club's honorary member, presided at the silver service.

During the short business session a letter was read from the W. S. (Bill) Rhode family expressing appreciation for the club's nomination of outstanding family in Sixth District, Texas Federation of Women's Clubs.

Guests attending the tea and review were Mrs. A. C. Allen, Mrs. Landon Dorn, Mrs. Ken-

neth Cowan, Mrs. Seth B. Gowan, Mrs. Joe Smoot, Mrs. Joe Bell, Mrs. H. Jene Steakley, Mrs. Pratt, Mrs. Henry Lewis, Mrs. Garland Zimmerman, Mrs. Clarence Collins, Mrs. O. B. Trulock Sr., Miss Jane Merrill and Mrs. Gordon.

Mrs. Johnny Moore and Mrs. L. W. Patterson of Sweetwater, former residents, attended the fete.

Members attending were Mrs. H. H. Bodine, Mrs. Paul Boston, Mrs. Trevor Craw-

ford, Mrs. Eldon Mahon, Mrs. Majors, Mrs. Ray Noble, Mrs. W. S. (Bill) Rhode, Mrs. Charles L. Root Jr., Mrs. O. B. Trulock Jr., Mrs. W. J. (Dub) Turner, Mrs. Brady Warren, Mrs. George Witten, Mrs. Ray Fox, Mrs. L. S. (Bunky) Glavin Jr., Mrs. Martin Weaver, Mrs. Earl Clary and the hostess, Mrs. Robinson.

The Carr Home Demonstration Club voted to sponsor a fund raising project at their regular meeting Friday in the home of Mrs. T. A. Rees.

Members voted to sell vanilla and black pepper with proceeds to go into the club treasury.

The afternoon roll call was answered with a redecorating hint.

During the recreation period "Twenty Questions," a game, was directed by Mrs. F. A. Langley.

"Arrangement and Storage of Sewing Equipment" was the program topic directed by a guest speaker, Miss Elinor Harvey, Mitchell County HD agent.

Miss Harvey presented ideas in cutting out, pressing and sewing and suggested convenient ways of storage of all sewing equipment.

The hostess served refreshments to the guests, Miss Harvey, Mrs. Al Byrd and the following members: Mrs. John Latty, Mrs. Tony Jackson, Mrs. Langley, Mrs. Don Henderson, Mrs. Ruth Althart, Mrs. C. N. Adams and Mrs. Louise Rees.

The Carr Club will meet at the Lone Wolf Electric Co-operative building May 15 for a demonstration "Into and Out of the Freezer."

## Personally Yours

By EVELYN GUNNING

Record Women's Editor

Pretty as a picture! That was Anne Robinson, six-year old daughter of Mr. and Mrs. Bob Robinson... awaiting the arrival last Thursday of her mother's guests for the Zetaganian guest day tea.

Large blue-eyed blond, Anne, dressed in a quaint white pinafore dress, nonchalantly sat swinging herself in the Robinson back yard.

Attending the afternoon tea from Sweetwater were Mrs. Johnny Moore and Mrs. L. W. Patterson both former residents and ex-members of the Zetaganian Club.

The Moore's are the proud new owners of a beautiful new brick home which they moved into recently.

Speaking of being proud, Mr. and Mrs. Billie B. Owens have every right to be extra proud of their daughter, Glenda, who was awarded the state degree of Future Homemakers of America last week in San Antonio. Congratulations to Glenda... the second girl from Colorado City ever to receive the honor.

Walter Whipkey met old classmates last Thursday at the reunion of the Class of 1911 of Texas A&M College in College Station. Among the Class of '11 exes was J. B. Thomas of Fort Worth, president of Texas Electric.

You may not know it but Rev. Jack Seleraig is a hi-fi enthusiast for classical music. Right now he has four tickets in his pocket for the opera of "Samson et Dalila," the Metropolitan Opera production in Dallas... starring Rise Stevens and Mario Del Monaco.

A present that has brought lots of joy to the students of the Primary School was the Easter bunny given to Mrs. V. V. Shropshire. The bunny makes his home in Mrs. Shropshire's second-grade room and follows the children around the room as any well behaved pet should do.

"A Million Thanks," the senior toast of thanks, was presented by Virginia Templeton, class president.

During the evening music was presented by "The Shadows," a six piece band from Abilene High School.

Much of the data in the Southwest Collection, he explained, is made up of that kind of information. It is identified and filed so that it can be preserved for safe-keeping, yet accessible for historical use.

**"HEAD KNOCKING" BEGINS EARLY**

# Spring Training Brings 57 Candidates For Team

Fifty-seven enthusiastic football candidates were "knocking heads" this week as spring training got underway at Colorado High School. Head coach Homer Jefferson said he was well-pleased with the response and the entire squad was showing lots of enthusiasm.

The turnout of 57 boys represents the largest squad here in a number of years.

Although its large in number, the Wolf squad is relatively short in experienced gridders. Only seven of the 57 are lettermen, but those seven are well-experienced with six of the number already holding two letters on the Wolf varsity.

The two-year lettermen, who will be seeking their third this coming season, are tackle Raymond Weaver, 190; tackle Ken Simmons, 190; end James Shoemaker, 170; end Bobby Caffey, 175; back Fred Womack, 140 and back Lucky Merket, 144.

The seventh lettermen is Dickie Richardson, 173, who won his first numeral as a sophomore fullback last season.

A scholastic breakdown on the squad reveals 23 freshmen, 21 sophomores and 13 juniors.

As to position there are 20 backs, 17 ends, 8 tackles, 8 guards and 4 centers. Main jobs facing Coach Jefferson and his staff are developing a quarterback to replace Richard Compton, who graduated this year, and finding two guards and a center to bolster the middle of the Wolf line.

Working at the quarterback post this spring are Jay Shimer, 128-pound sophomore; Don Welter, 134-pound junior; Kerry Kendrick, 124-pound sophomore; Jerry McKay, 142-pound freshman; Shorty Thomason, 129-pound sophomore and Dwayne Spivey, 130-pound sophomore.

Among the prime candidates for the guard positions are Larry Hardcastle, 170-pound sophomore; Mike Wheeler, 157-pound sophomore; Louis Hannum, 145-pound junior; Joe Carrasco, 189-pound junior.

Center candidates are Joe Weaver, 171-pound freshman; Rusty Whitaker, 160-pound freshman; Ronaldo Lujan, 182-pound sophomore and Hunter Mann, 150-pound junior.

The tackle positions should be strong with returning regulars Weaver and Simmons, each up to 190-pounds this spring after weighing in at 170 last season.

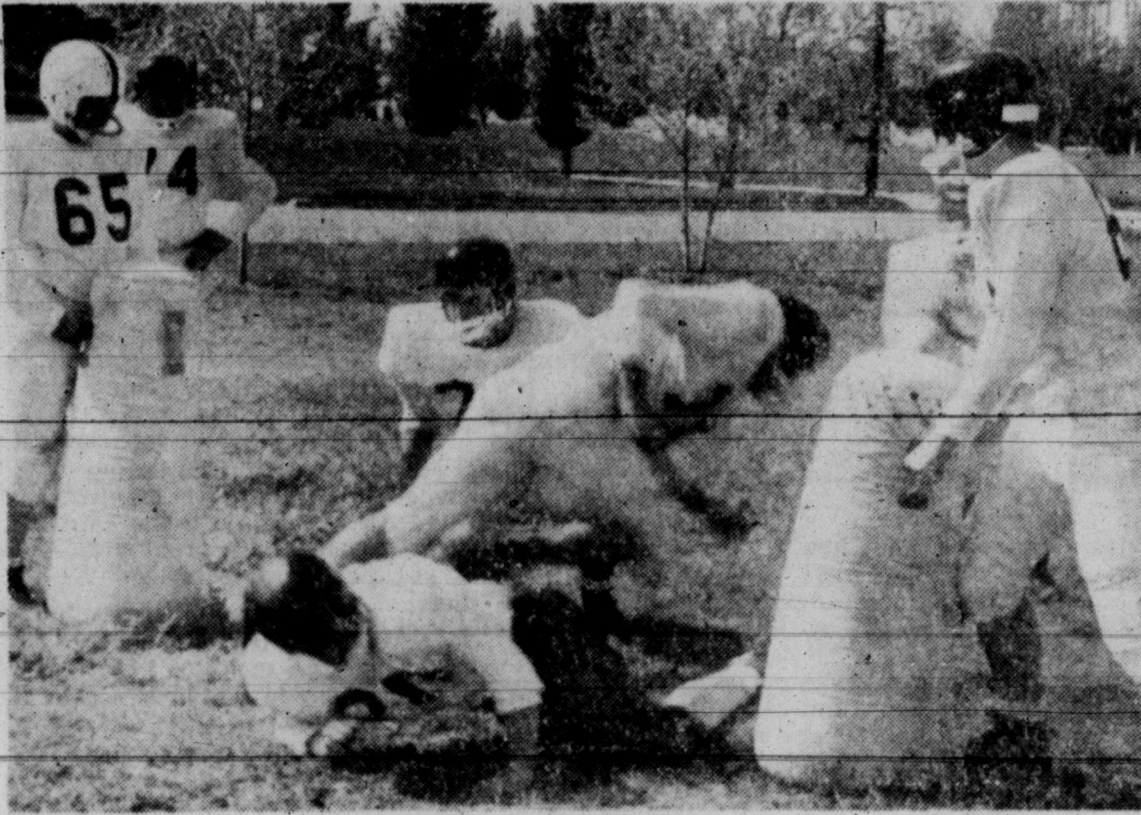

Shoemaker, 170, is a returning regular at end. He is joined by letterman Caffey, 175, who played quarterback last season.

Womack and Merket, also regulars last season, head the list of halfbacks with Richardson, the hard-running sophomore, at fullback.

Jefferson said there will be no intrasquad game this week, but one will probably be held Friday or Saturday of next week.

Working with Jefferson are Dean King, Ron Gurley, Bob McMillan, Larry Morton and Win Talley. Morton and Talley will switch to junior high spring training next week, working with the boys who will play 8th and 9th grade football during the coming season.

The complete list, according to positions, follows:  
Backs — Womack; Merket; Richardson, Mike Hannum, 142 sophomore; Bill Davis,

## Bracero Policy Lacks Practicality

Mitchell County farmers are not just one isolated area beginning to yell about the federal policy eliminating additional contracting of bracero agricultural labor. Cries of protest are from all agricultural areas of Texas.

It is a serious problem that is aggravated by two hardships in separate fields—falling employment in certain industrial areas and rising costs plus lower prices for the farm folk.

Most persons have little difficulty seeing why the U. S. Department of Labor is against moving more Mexican nationals into the U. S. to work for relative low pay when there are large numbers of unemployed U. S. citizens hunting jobs. That is a logical approach.

But there is more to the problem. Infact, the problem is so complex that farmers here in Mitchell County have good reason to doubt the practicality of the present bracero policy.

Local farmers know that an unemployed automobile factory worker in

Detroit is not interested in moving to Texas for a 50-cent-an-hour chore chopping cotton. Yet, that is the theory behind the stoppage of bracero labor contracting. Farmers are required to hunt for their farm workers in cities and communities of the nation where unemployment is evident, instead of bringing in Mexican nationals.

Like we said. The theory behind the Department of Labor policy is good. We can see that. But we haven't seen any "takers" for that 50-cent farm pay.

Which brings us back to the largest problem of all—the downward trend of the nation's agricultural economy. It is a slide that has been evident for a long, long time.

And nothing points up that problem any more than the fact that our farmers can't afford to pay wages for anything like the American standard of living.

## Right Applause

Quarterback Club members deserve applause for a refreshing approach to the tradition of honoring our school athletes.

Their banquet Tuesday night paid tribute to 77 students who have distinguished themselves in sports at Colorado High.

Seventy-seven were on the honored list. They included members of football, basketball, track and tennis teams as well as girls' basketball and volleyball.

In these days over emphasis always is a threatening pitfall, especially with football in schoolboy athletics. That's because football is the spectator's choice, the most popular with the crowds and the biggest money draw.

But a thoroughly rounded sports program is best for any school. And the all-sports banquet sponsored by the Quarterbacks is a splendid manner for pointing up the all-around sports program, its benefits and the students who contribute equally to its success.

### YOU MAY NOT REALIZE

It now, but within a few years you are going to be puffed with pride. All for Colorado High's Wolf Band.

If you have doubts, then take a good look at the band program of Dwight Tmb and Warren Thaxton that stretches from High School to Junior High and into Hutchinson Elementary.

Forty-three students are in the High School band right now.

But the number increases at Junior High, where 63 student musicians are in the band.

And in the fifth and sixth grades only at Hutchinson, 73 youngsters are in the band.

The energetic Tomb gave the downtown for an extraordinary public school band building program last year when he became high school band director. He called in Thaxton to divide the build-

ing chore with him.

Major improvement has been noticed all school year in the overall band program and in the public appearances of the Wolf Band.

But think what a splendid concert and marching unit the High School will boast four years from now—when kids at Hutchinson move into the Wolf Band... and with five to six years of thorough training behind them.

**MIGHT KEEP** your eye on the races shaping up for State Senator (24th District) and State Representative (91st District).

Mitchell County will vote their choice of candidates in these two races in the Democratic July Primary. And it looks like the lines will be clearly drawn between the candidates.

Senator David W. Ratliff of Stanford who is seeking reelection from the 24th District, issued a statement that read like a page from Allan Shivers' last gubernatorial campaign.

And Rep. Robert R. Patterson of Snyder, who this week announced also as a candidate for the Senatorial post has a record for opposing Shivers politics.

There is a line of distinction showing up, too, in the representative's race. Max Carrier, the Roby seed farmer and first to announce for the 91st District post, is of a different political breed than the likes of Sweetwater's L. L. Armor, who has been to Austin for two successive terms.

Armor is reluctant to run again. He might make another campaign if a candidate of strength—and his brand of conservatism—doesn't show up.

**MORE AND MORE** eyes are noticing Colorado City's youthful tennis stylist, Bob Rader.

Tommy Hart, sports editor of the Big Spring Herald, reported words of praise about Rader from John Perry Yates, the Big Spring High tennis coach.

"One of the better tennis prospects to come along in West Texas in years... He could be a state champion before he's through," the coach was quoted.

## Farmers Say Crops to Rot in Fields Without Bracero Labor

By VERN SANFORD

TEXAS PRESS ASSOCIATION

Unemployment or no unemployment, most people this side of the Rio Grande aren't willing to bend their backs to pull onions at 50 cents an hour.

So say Texas farmers. Their crops are going to rot in the fields, they add, if the U. S. Labor Department doesn't relax restrictions on importing Mexican nationals.

Spokesmen for organized labor have demanded a ban on importing labor because of climbing unemployment. But farmers say that idle aircraft mechanics, no matter how numerous, are no help in getting the crops in. According to the farmers, abundant rainfall gives promise of the best harvests in years.

If they can get field hands, Labor Dept. has put a limit of 26,500 braceros to be used in Texas during April and May. It's about one-fifth the number used this time last year. Rio Grande Valley growers say they could use the whole bunch in their area.

Texas Employment Commission says there are already about 26,500 here, hence, no more imports.

Under Labor Dept. regulations workers cannot be imported until the TEC certifies the jobs cannot be filled with American citizens. Valley growers recently asked for braceros to harvest vegetables. TEC certified to a shortage of workers in the area and, even after a statewide canvass, was unable to fill the demand.

But the federal suggested recruiting in other states before bringing in Mexicans. Farm groups protested to every regulatory official in reach.

Texas crop and weather conditions are such, they say, that when they need laborers, they need them then and there. Neither, they point out, do they have time or money to run all over the country looking for workers.

Though federal officials catch the brunt of their criticism, farmers put part of the blame for their labor problems on the increasingly fastidious nature of Mrs. Housewife. She won't have dirty old carrot tops any more, say the farmers. She wants clean, topped carrots—packaged in plastic. It means more work.

**ALL-OUT FOR SAFETY**—Gov. Price Daniel has started "the greatest highway safety campaign in the history of the state."

County judges, mayors, police chiefs, sheriffs, prosecuting attorneys and school superintendents are being asked to hold meetings and organize local campaigns. Awards will be given to the local officials and news reporting agencies which do the best job of promoting traffic safety.

Governor's goal is to save "a live per county." This would total 254 lives or approximately 10 per cent of last year's traffic death toll.

(2) Texas A&M's touchy problem of whether to admit women.

**COME TO THE FAIR**—Texas Fine Arts Association is inviting all Texans with any sort of artistic bent to bring their handwork to the Fiesta of Arts and Crafts May 9-11 in Austin.

Artists and craftsmen from over the Southwest will be showing and selling their works from booths scattered over the grounds of Laguna Gloria. TFAA's picturesque headquarters overlooking Lake Austin.

TFAA spokesmen said they particularly wanted to encourage exhibits from small town groups, such as hooked rug clubs and church needlework groups. Booths may be rented for nominal fees. Applications should be made at once by writing Mrs. Willie Burk, P. O. Box 5023, Austin.

Commission approved a request from the University of Texas to divert \$1,000,000 from its Available Fund, ordinarily used for buildings, to a research program. Noting that the University needs "brains as well as bricks," President Logan Wilson said the money would be used to attract and hold outstanding research personnel and provide them with equipment and books.

## STATE AGRICULTURE

## Dollars Lost as Farms Combined

By JOHN C. WHITE

Agriculture Commissioner

A North Dakota economist figures that every farm which consolidates with a neighbor, industry and labor will lose some 2 1/2 million dollars over a 100-year period.

E. N. Dornacker of Mayville, N. D., has the theory: the present trend of combining two or more farms into one large one means more land farmed with less equipment, fewer materials and fewer farm hands.

"Each time a farmer is forced to leave the farm, industry loses a customer and labor gains a competitor for a job," says Dornacker.

"And the neighbors who buy the land will destroy the buildings and operate it from their own farm," he adds.

Here is a partial list of the business which industry will lose in the next 100 years from each farm, he says: The sale of 10 tractors, 10 drills, 15 harrows 10 combines, 10 discs, 5 plows, 10 cultivators, 5 corn planters, 12 fertilizer attachments, 10 trucks or pickups, 5 weed sprayers, 200 batteries, 40

tractor and 60 truck tires, 5 manure spreaders, 15 hog feeders, 20 water tanks, \$50,000 in parts, \$5,000 in tools, 1,000 gallons of paint, 1,000 pounds nails, \$15,000 in lumber, 600,000 gallons fuel, etc.

The total of these and other items would amount to \$2 1/2 million over the 100-year period, Dornacker claims.

Of course, his argument has a few holes in it. Actually, two small farms combined into one large one would eventually call for additional machinery over what the buyer owned at the time of consolidation.

And the more hours a machine is run to handle a larger acreage, the quicker it will wear out. In addition, larger farms call for more farm buildings—but not as many as two separate farms.

Even so, underneath all the smoke of Dornacker's theory smolders some fire of truth. It can be more economical to maintain one large farm as opposed to two smaller ones from the farmer's standpoint—resulting in a corresponding loss to industry.

## LOCAL BUSINESS SCENE

## Pricing Boosts Retail Selling

By JOE ED BOATRIGHT

Record Advertising Mgr.

A noted advertising consultant recently described a typical problem he meets while assisting small city retailers with their advertising.

In the case used for an example his client was a dress shop.

After looking over past advertisements of the shop, the consultant told the owner, "You don't give people information about your merchandise."

"We use good illustrations and list brand names and sizes. There's not much else to say," the merchant replied.

"What about the price? That's important to every shopper."

"We always felt that including prices would cheapen our advertising or frighten people away," the shop owner said.

The consultant fished a section of the New York Times from his brief case. He opened it to the advertisements of some of the

highest quality dress shops in the world—prices were shown for every item advertised, including fur coats selling for more than \$6,000. There was certainly no connection between pricing and quality here.

"Our research shows that pricing advertised items may increase results over 100 per cent on goods sold at standard prices. Instead of being a sign of bad taste, pricing is a sign of integrity and fairness," the consultant said.

The consultant added that many prospective customers do not bother to check on unpriced advertised items because they just assume that the prices would be too high.

"Very few American shoppers like to bargain. They want to know what to expect when they go out to buy," he said.

"We know that a lot of small city trade goes to metropolitan stores because all the large city stores include prices in their advertising, and usually the prices are no lower than local prices."

## BIBLE COMMENT

## Be Sure of Own Salvation First

Someone among those following Christ along the wayside was concerned about the destiny of the human race and the number of those who would be saved. Christ reminded those with Him that the thing which primarily concerned them was their own destiny. He advised them to make sure of their own salvation by properly attending to their character and conduct in immediate decisions and commitments of life. "Strive to enter in at the straight gate," Christ made it plain. Salvation does not come by chance and not by association merely.

It would not be enough even for these to say, "I knew the Lord; I ate and drank with Him, and I heard Him teach along the wayside roads and in the streets." What Christ was emphasizing was that the way of

regeneration, of the new birth, is the only way to salvation. Then someone urged Him to go into hiding because Herod, the king, desired to kill Him. Christ made it clear that He wasn't going to interrupt His work because of any threat from Herod, though he was in an earthly sense a king to whom Christ owed his allegiance.

It is a false use of scripture to suggest that there is sanctity attaching to earthly rulers, independent of their character or conduct.

The Bible doesn't uphold any jus divina of kings but only their obligation, as well as subjects, to obey the will of God and serve their fellowmen with justice and truth.

Rulers in a democracy are worthy of respect only if they exemplify the integrity and devotion to the common cause that is the obligation of every citizen.

# H-SU Choir to Sing at School

Hardin-Simmons University, A Cappella Choir, under the direction of Professor Edward Hamilton, will leave Abilene Sunday on its annual spring concert tour — this time a westward swing into West Texas and New Mexico. The choir will visit Snyder, Seminole, Hobbs, N. M., Artesia, N. M., Eunice, N. M., Odessa, Midland and Colorado City. The choir only returned last week from a Fort Worth and Dallas engagement.

The appearances here in Colorado City will be in the Colorado High Auditorium during the high school's activity period and at the First Baptist Church at 8 p.m.

One feature on the tour will be the University Male Quartet. Members of the group include Sammy Scifres of Rule first tenor, Jack Boggs, of Kress, second tenor, Don Scargall of Santa Fe, N. M., baritone, and Billy Davis, of Brownwood, bass. Each member of the quartet is also a soloist. Peggy McKibben of Lake Jackson will also be a featured soloist.

The choir will sing Sunday at the First Baptist Church in Snyder. Three concerts are scheduled Monday — at Semi-

nole High School, Hobbs High School and the First Baptist Church in Artesia.

Tuesday morning the choir will sing at the Artesia High School and will appear later Tuesday at Eunice High School and finally at the First Baptist Church in Odessa that night. The choir will present a concert Wednesday at Midland High School and another in Colorado City.

Professor Hamilton, director of the choir since last September, came to H-SU from Tennessee where he was minister of music at the First Baptist Church in Knoxville. He was also supervisor of music for the city schools there for many years.

He is a member of the National Association of Teachers of Singing and is a past president of the Southern Division of the Music Educators National Conference and also a member of the national executive committee. He has served on the faculty of the Baptist Music Clinic at Ridgecrest and will conduct a choir and teach conducting at the Gloria Baptist Music Clinic this July.

He has been co-director of the Smoky Mountain Camp for Junior and senior high school band and vocal students for the past 14 years. The camp is located in the Smoky Mountain National Park at Gatlinburg, Tenn. where music students from Texas to New York spend the last weeks of June in intensive music training and recreation.

Professor Hamilton received his undergraduate and graduate training at Maryville College, Nashville Conservatory of Music, New York University and Columbia University.

## AT JUNIOR-SENIOR BANQUET

# Attorney Urges Students to Map Lives with Principles

By MRS. ALTIS CLEMMER  
Record Correspondent  
WESTBROOK — You must be individuals and think in terms of principles.

That's what County Attorney Frank Ginzler told the audience Saturday night at Westbrook High School's annual junior-senior banquet.

More than 50 persons heard the attorney speak at the dinner in Westbrook School's Cafeteria honoring the 1958 graduating class and faculty. "When you leave school," Ginzler stated, "you are not going to be juniors any more. Neither will you be seniors any more."

"You will be individual citizens who must take a stand for what you think is right," the attorney urged the seniors and their junior hosts.

to not "just follow the crowd." "Don't be in a group or program," Ginzler declared, "just to be popular."

"Instead, associate with principle... for America was built on principles."

Theme for the banquet was "Stairway to the Stars." Entrance door was decorated with a tress of pink roses.

Serving tables had centerpieces of baskets of roses flanked by silver candles and gold stars.

Master of ceremonies was Doyce Lankford. Guest speaker was Frank Ginzler of Colorado City. Rev. L. P. Lee spoke the invocation. Welcoming the honor guests and class members was Linda Butler. Danny Swafford gave the response. Edell Morris read the class

will and Juanita Andrews read the class prophecy.

Members of the senior class attending were Edell Morris, Barbara Parrish, Linda Salley, Danny Swafford, John Matlock, Roy Wayne Iglehart, Dan Buchanan and Jerry C. Putnam.

Junior class members attending were Juanita Andrews, Linda Butler, Doyce Lankford, Virginia Wilson, Agn. Rich, Newton Bacon, Richard McCammons and Amalie Rosas.

Rev. Joe McCarthy gave the benediction. Serving at the banquet were sophomore girls; Brenda Butler, Linda McMahon, Brenda Putnam, Jeanette Read, Linda Hart and Lynell Phillips.

The sophomore girls wore dresses made of blue and white crepe paper with stars on them and paper hats with pointed tops and streamers of crepe paper.
