Guardsmen Await Capture Of Negro

POSSE IS CLOSING IN ON SLAYER TODAY IN OKLAHOMA

(By The Associated Press)

WATONGA, Okla., June 26—Two companies of national guardsmen stood on the alert today in the vicinity of Cleo Springs, about 40 miles north of here, while a large posse closed in on the presumed hiding place of a negro who killed one officer and wounded another yesterday before escaping in the officers' automobile.

The guardsmen were called out by Governor W. H. Murray last night upon receipt of information that there was considerable excitement about the countryside here.

The negro, Fillmore Davis, former convict, was traced to Cleo Springs by the officers' automobile found abandoned near that village.

Guy Jarvis, Blaine county undersheriff, was killed by a shotgun charge fired at close range when he and George Gender, a deputy sheriff, were tricked by the negro into leaving their car to approach a house where he had barricaded himself.

CLEO SPRINGS, Okla., June 26 (AP)—Search of a posse of several hundred men and officers for Fillmore Davis, negro, who yesterday shot and killed Guy Jarvis, Blaine county undersheriff and wounded George Gender, deputy sheriff, turned to other sections of major county early today.

After an all-night manhunt in underbrush along Eagle Chief creek near here, Henry Law, Blaine county sheriff, announced this morning the negro had evaded the posse.

Brooks Successor Will Be Selected

WACO, June 26. (AP)—The board of trustees of Baylor university was expected today to turn to its tasks of selecting a permanent president to succeed the late Dr. S. P. Brooks.

It was understood yesterday that the names of former Governor Pat M. Neff, Dr. W. S. Allen, dean and acting president of Baylor, Dr. T. D. Brooks, chairman of the school of education, and Dr. W. B Bizzell, president of the University of Oklahoma would be submitted to the board.

HEADS ROTARY

Sydney W. Pascall, below, of London, will serve as president of Rotary International for the coming year. He was elected by unanimous ballot at the 22nd annual convention of Rotarians at Vienna, Austria.

CHILD - HEALTH CONFERENCES ARRANGED

COUNTY COMMITTEE ON PUBLIC HEALTH IN SESSION TODAY

Two child-health conferences, an adult health club, and a roundup of pre-school children in Lubock county were arranged at a meeting of the Lubock county central committee on public health at 10:30 o'clock this morning at the courthouse.

A child-health conference will be conducted at Union from 2:30 to 4:30 p. m., July 17, a child-health conference and adult health club at Becton from 1:30 to 4:30 p. m., July 10, and a roundup of pre-schol children at Slaton from 9:30 a. m. to 4:30 p. m., July 22.

Eleven Attend

Eleven persons attended the meeting. Dr. W. L. Baugh, county health officer, presided.

Mrs. Nat Edmondson was elected to succeed Mrs. W. L. Baugh, resigned, as civic organizations chairman.

Reports were made by Miss Mae Murfee, rural schools chairman and county superintendent of schools; Mrs. W. W. Ferguson, infant and pre-school children chairman; Mrs. Victor Cade, pre-natal care chairman; James R. Curtis, district sanitarian, and Miss Evelyn Richter, district nurse.

Miss Murfee and Mrs. Joe Smith, Lubbock school health supervisor, volunteered to visit Lubbock county communities and tell about the public health program financed and sponsored by the United States Public health service through state and county health departments.

Advisors Appointed

Three medical and two dental advistors appointed by the county medical and dental societies will serve in the Lubock county program, it was decided.

The next meeting of the Lubbock county central committee will be here July 24, Miss Richter said.

LAY PLANS FOR DRY CAMPAIGN

PROHIBITION LEADERS ARE AT CAPITAL TO OUTLINE DRIVE

(By The Associated Press)

WASHINGTON, June 26—More than a score of prohibition leaders gathered in the capital today as members of a "board of strategy" to lay plans for coordinated action in the 1932 campaign.

Leaders in the group, composed of representatives of both new and old-line prohibition organizations, disclosed the board purposely was meeting as such nearly a year in advance of the coming major party conventions in order to rally support for those two occasions.

Plans Fall Short

As the board met this morning, however, one of its members stood pledged to the statement that the organized dry forces thus far had fallen short in their plans and that his newly created group planned to seek "fresh support for the dry law."

Dr. Daniel A. Poling, of New York, chairman of the allied forces for prohibition, asserted yesterday he believed this new support, from sources he said thus far had not been touched by organized dry efforts, was necessary to "weigh the balance between defeat and victory in 1932."

In discussing details of the allied forces' plans for a campaign into 257 cities in as many days, Dr. Poling said he believed that "instead of disturbing the support now accorded the Anti-Saloon League and the W. C. T. U., we will bring them fresh strength."

Classic Man Dancer Leaps To His Death

CHICAGO, June 26 (AP)—Andreas Pavley, famous classic dancer, plunged to death today from the 16th floor of the McCormick hotel. He was 25 years old.

Internationally known as a dancer, Pavley had led the ballet of the Chicago Civic Opera company for several years and formerly was first dancer of the San Carlo opera. He was also a former associate of Mme. Pavlowa.

McMurray Asks For New Murder Trial

FORT WORTH, June 26 (AP) — Motion for a new trial for Eugene W. McMurray, given a 50-year penitentiary sentence on charges of murder, was pending before criminal district court here today.

The motion was filed late yesterday by Arthur Lee Moore, defense attorney.

McMurray was convicted of slaying Walter M. Poole, his wife's uncle, on May 26.

BIRDMEN HALF WAY AROUND THE WORLD

HILLIG AND HOIRIIS AT COPENHAGEN AS OTHERS CONTINUE

(By Associated Press)

IRKUTSK, Siberia, June 26.—Wiley Post and Harold Gatty, Americans flying around the world, landed at Novo Sibirsk, Siberia at 1:31 p. m. Greenwich time today from Moscow after a flight of 2,000 miles. They planned to take off again at midnight tonight for Irkutsk.

The Americans, who left Moscow, at 5 a. m., (9 p. m. C. S. T. Thursday) traversed the 1450 air miles to Novo Sibirsk in ten hours and thirty two minutes, arriving at 7:32 a. m. C.S.T. Friday.

The hop to Irkutsk is 1,060 miles.

When Wiley Post and Harold Gatty brought their plane down at Novo Sibirsk today they had completed approximately 7,000 miles of their race around the world. The entire route measures between 14,000 and 15,000 according to the direction they take from Irkutsk. So if the speed of the first four days should be continued the American fliers would girdle the globe in eight days. The present record is 22 days established by the German dirigible Graf Zeppelin, and Post and Gatty's ambition is to reduce this to 10 days.

ROUSING WELCOME GIVEN AVIATORS

(By The Associated Press)

COPENHAGEN, Denmark, June 26—Otto Hillig and Holger Hoiriis, the first emigrants to America to come back to the old country by air, landed here today and received

TECH IS VOTED BIBLE CHAIR

BAPTISTS VOTE FOR ESTABLISHMENT OF COURSES HERE

Approved Thursday in Dallas by the executive board of the Baptist general convention of Texas, a Bible chair is to be established by the church at Texas Technological college. The chair is to be in operation by the opening of the fall term, Rev. R. C. Campbell, pastor of the First Baptist church of this city, said today.

"The convention voted in conference to establish the chair if approved by the board, Rev. Campbell said. "The board's approval assures the work if approved by the college."

Dr. W. F. Frye, head of the department of Bible at Simmons University for 20 years, has been recommended for the post here, Rev. Campbell said.

"We'll be glad to cooperate with Baptist officials in the creation of their work at the college, "President Paul W. Horn said this morning. He said the college would lend every aid to the new chair.

Methodist of Texas already have a Bible chair at the college, a full schedule of courses having been taught for the past two years. Regular class rooms, not occupied by other classes, are used for the lectures which are approved and given credit by the college.

Miss Mary De Bardeleben has been instructor for the Methodists.

COWBOY CONVICTED

BIG SPRING, June 26 (AP)—Jack Hall, cowboy, today was convicted at Crane City of murder for the slaying of T. C. Barnsley, ranch owner, and was given a 30-year penitentiary sentence.

"Hunk" Anderson In Serious Condition

ROCHESTER, Minn., June 26 (AP) —Dr. C. J. Barborka, Mayo clinic physician, Notre Dame senior football coach, was in a serious condition.

Dr. Barborka said that while tests had not proceeded far enough to determine the exact cause of severe headaches from which Anderson has been suffering since late May, a serious head condition was indicated.

The physician said the condition of the senior coach, who took up the work of the late Knute Rockne, was not critical.

ANSWER THE NEED! CONTRIBUTE YOUR MILK AND ICE FUND MONEY TODAY!

The Avalanche-Journal's Fifth Annual Goodfellows' Milk and Ice Fund, supplying these necessities to more than 200 underprivileged children and infirm couples, reached $71 this morning.

Lubbock is accepting its responsibility and little more than $125 additional funds will be needed to care for the charity cases throughout the summer.

Statement of fund to date:	
Previously reported	$65.00
George R. Bean, 1610 19th street	$ 5.00
H. K. Porter, 1624 13th street	$ 1.00
Anonymous	$ 1.00
TOTAL	$72.00

Help this good work along by bringing or sending your donation today to the Avalanche-Journal Milk and Ice Editor, 1211-13 Texas avenue.

Any contribution, large or small, will be appreciated by more than 200 poor kiddies and infirm couples, dependent upon the fund for milk and ice.

KEEPING COOL IS PROBLEM OF NATION

EIGHTEEN LIVES ARE SNUFFED OUT BY SUMMER BLAST

(By The Associated Press)

Keeping cool was the paramount problem of the nation today.

From the Alleghenies to the Pacific coast, America sweltered. Heat records wilted away as temperatures climbed high above the century mark in a dozen states.

Eighteen Lives Taken

Eighteen lives were snuffed out yesterday and today by summer's blast. Stampedes to beaches brought a near-score of drownings.

Only in the east and parts of the northwest was it moderately cool.

Illinois suffered most. In Chicago, the thermometer topped the season at 95. Four persons succumbed yesterday and a fifth early today. Hundreds of thousands rushed to Lake Michigan's shores. Four bathers drowned. It was 100 and above over practically all the downstate. A man died in Peoria and a child in East St. Louis.

Ohio had three lives lost in the welter. So did Wisconsin. Indiana had two, Iowa one.

The mercury rose all day yesterday in Detroit, setting a new record of 98. The season high of 99 was recorded in Kansas City. It reached 100 in St. Louis.

Crops Damaged

The continued sun-baking and scorching winds brought near of extensive crop damage to all the middle west farm belt.

The procession of high readings to the far west started at Neodesha Kan., with 106. For nine straight days, the Jawhawk state has burned under 100 degrees. Rain was badly needed for corn.

In San Diego, Cal., a June record of 98 was reached and automatic sprinklers in the top floors of several buildings started flowing.

Thefts Reported To Police Department

Theft of a two-wheel automobile trailer from Avenue G and Ninth street last night was reported to police by J. M. Smedley, the owner, of 2214 Twentieth street. The chassis was black and the bed of new, unpainted lumber.

Four dresses, two suits of men's underwear, a gown, and some towels were taken after the J. H. Rhea residence at 1906 Seventeenth street had been entered, Rhea reported.

Two small boys were caught stealing sacks at the Howard laundry at 1212 Avenue E last night. After being reprimanded at the police station, they were released on their promise not to go to the laundry again.

Wee Willie Doody Sentenced To Life

CHICAGO, June 26 (AP)—Wee Willie Doody, the "baby faced" bandit and killer, was sentenced to imprisonment for life today for the murder of Charles Levy, police chief of suburban Berwyn.

Death had been the penalty pronounced at an earlier trial by jury, but the state supreme court reversed the case and for months the diminutive murdered lingered, a model prisoner, in the Cook county jail awaiting a second trial.

Texas Man Shot To Death From Ambush

WEST COLUMBIA, June 26 (AP)—L. G. Lincecum, about 55, was shot to death from ambush, the authorities were told early today on a highway near here.

Wallace Lincecum, the slain man's nephew, who was driving the truck in which the victim rode, said a man rose from a ditch by the side of the road, fired and fled.

The nephew brought the body back to West Columbia and called officers. The county authorities began an immediate investigation. No motive for the killing could be assigned officially.

Trader Horn-'Young Man Of 82'-Dies In England

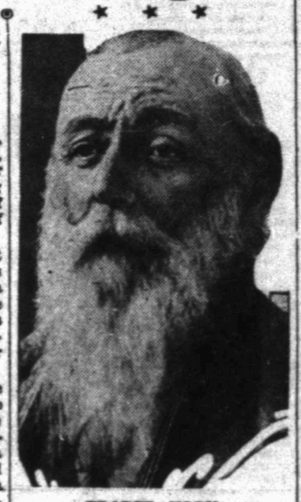

HAPPY, GAY MANNER MAINTAINED UNTIL WRITER'S DEATH

(By The Associated Press)

WHITSTABLE, Kent, England, June 26—Alfred Aloysius Smith, known to the world as "Trader Horn," died today at a nursing home in Tankerton after a brief illness. He was a "young man of 82" in his own words.

He was stricken with a chill at the home of his sister several days ago and did not rally. With a sparkling eye and a great white beard, he maintained until his death bed the happy, breezy manner that had accompanied a career of adventure.

"Trader Horn" came out of the jungles of the dark continent to take a place in the spotlight of the world's literary capitals. In collaboration with Mrs. Ethelreda Lewis, he wrote "Trader Horn" and entertained England and America with fascinating tales of his experiences with African natives.

TRADER HORN

His travels began in 1871 when he left Lancashire for the ivory coast of West Africa on behalf of a Liverpool steamship company.

Among his activities were shooting elephants and lions, prospecting in the Kalahari desert of South Africa, diamond trading in Rand,

SEEK DEBT COMPROMISE

Range Riders Of Half A Century Ago At Reunion

(By Associated Press)

STAMFORD, June 26. — Gray-haired range riders of half a century ago, camping here as guests of the Texas cowboy reunion, spread their bed rolls under the sky last night for the first time in many years; and the ghosts of cowboys who have gone to their last roundup rode the range again in tales that were told.

Visitors thronged this little West Texas city for the reunion, eager to learn something about the real cowboy, who in a few more years will be only a legendary figure.

300 Cowboys Attend

More than 300 cowboys were here to participate in the three-day rodeo program of roping, riding, "bronc busting" and old-time western sports.

Two outlaw horses were killed in the contests last night and a Brahma steer that jumped the arena fence threw spectators into an uproar until it was corraled. One of the horses ran against the slack in a lariat and broke his neck. The other was killed when he bucked into the arena fence while ridden by G. W. Hope of Houston. Hope was unhurt. Several riders narrowly escaped the hooves of horses and steers when thrown. Numerous awards were made to winners in the contests.

Winners in calf roping were: Charles Jones, Van Horn, first, 19 seconds; Roy Matthews, Fort Worth, second, 25 seconds; Oscar Schnaubert, Van Horn, third, 25 3-5 seconds; and Joe Young, Crane, fourth, 29 seconds.

Cow milking: Gaston Brock, Bronte, first, 20 2-5 seconds; Homer Wood, Mertzon, second, 22 1-4 seconds; Roy Matthews, Fort Worth, third, 23 3-5 seconds; and Charles Johnes of Vanhorn, Joe York of

Clara Bow Hasn't Heart Of Huntress

HOLLYWOOD, Cal., June 26 (AP)—Clara Bow has the aim but not the heart of a huntress.

Anyway, that's what Rex Bell, her friend, is telling about the studios. The actress is recuperating from a nervous breakdown at Bell's cow ranch near the California-Nevada state line.

"She's getting to be a crack shot," said Bell. "But the first rabbit she shot, she wept. I looked at her and big tears were running down her cheeks."

"What will she do when the deer season open?" he was asked.

"Oh, she says she'll never shoot deer," answered Bell.

OIL WELL FIRES STILL UNCHECKED

(By The Associated Press)

Operations in the two East Texas oil producing sectors were at a standstill today as operators shut down their wells and sent men and equipment to fight flames which for two days and nights have been lapping up the oil from two wells.

Last night the flames ate away the last of the connections in the Frank O'Quinn well near Overton resulting in an increased flow of oil. So heavy was the flow that the fire could not handle it. Small rivulets of fire and oil drained away from the well.

Fire Unchecked

Likewise the Bell and Gaddy number one near Kilgore burned on, unchecked. Efforts to send a torpedo into the mass of flames and blow out the well's "christmas tree" connection failed when the fire melted the line on which the torpedo was extended.

It was expected that efforts would be made today to "blow" both wells.

Mysterious Murder Is Thought Solved

SAN ANTONIO, June 26. (AP)—Mysteries surrounding the disappearance and murder of Frank M Kempf, Devine dairyman, whose half clothed body was found near Natalie Wednesday, were thought by San Antonio officers today to be completely solved.

Three negroes, two men and a woman, arrested yesterday in connection with Kempf's death, were said by officers to have confessed to slaying him.

MELLON IS TO ASK HARMONY OF VIEWS

FRANCE IS IN ACCORD WITH PROPOSAL MADE BY U. S. PRESIDENT

(By The Associated Press)

PARIS, June 26 — Negotiations seeking to harmonize the views of the United States and France on President Hoover's proposal for a war debts and reparations holiday will open tomorrow between Andrew W. Mellon, American secretary of the treasury, and French officials.

Premier Laval today said he would meet Mr. Mellon and Ambassador Edge at the ministry of the interior. The French finance minister, budget minister and Foreign Minister Briand will be present and technical discussions will take place.

The announcement came in the midst of presentation of the interchange of views thus far before the chamber of deputies.

WILLING TO COMPROMISE

WASHINGTON, June 26 (AP)—The willingness of the United States to compromise with France on a war debt and reparations moratorium plan was indicated today by Secretary Stimson in a formal statement.

The suggestions in the French counter-proposal to President Hoover's one year's moratorium plan do not accomplish the full measure of relief contemplated by the president and must therefore be the subject of discussions to reconcile the two viewpoints.

Action Expected

Early conclusions in the discussions now being carried on in Paris by Ambassador Edge and Secretary

(Turn To Page 11, Column 4, Please)

Amarillo Shriners To Come To Lubbock

Fifty to 75 members of Khiva temple of Amarillo will present a program before Lubbock and other South Plains Shriners tomorrow night at the Lubbock hotel. A downtown parade probably will be held late Saturday afternoon.

Khiva temple's drill corps and drum and bugle corps will accompany the delegation. Clad in new scarlet and white uniforms, the Amarillo temple's patrol drill team will perform on the night program, which will begin at about 8 o'clock.

A hundred or more Lubbock Shriners and possibly as many from other South Plains towns are expected to attend the affair. Shriners who do not have 1931 membership cards also are invited to attend, R. H. Hester, president of the Lubbock Shrine club, said today.

TEXAS YOUTH DROWNS

GAINESVILLE, June 26 (AP)—Willard Davis, 16, son of Mr. and Mrs. Ed Davis, was drowned today in a small pond two miles south of Gainesville while swimming. His two small brothers summoned aid and his body was recovered soon afterward, but resuscitation efforts failed.

"COUNT" IS SWINDLED IN ATTEMPT TO SWINDLE KANSAS CITY BUSINESS MAN

ST LOUIS, June 26 (AP) — "Count" Viktor Lustig, whose meticulous dress, foreign accent and claim to nobility make up his stock in trade, was arrested last night at the Coronado hotel as he was preparing, so he told police, to swindle a Kansas City business man out of $40,000 in a counterfeit liberty bond transaction.

Lustig said his potential victim left the hotel with the promise that he was to bring back $40,000 for which the "count" was to give him $80,000 worth of spurious liberty bonds.

He told the detective chief he showed the Kansas City man two genuine bonds worth $180 which he had smeared with soap and water and invited his proposed victim to show them to government men, and assure himself of the excellence of the "counterfeits."

"Now, I regret to say," he continued, "I am out $180 worth of liberty bonds with nothing to show for my work." In the event he had succeeded, Lustig said, he would have made a quick getaway and his victim would have been unable to complain, because of the illegality of the deal.

Just what charge is to be brought against him was undecided Lustig said the name of his proposed victim was "Grace."

INSTRUCTIONS GIVEN JURY BY JUDGE

THREE VERDICTS HELD POSSIBLE AGAINST FORMER DEPUTY

(By The Associated Press)

ARDMORE, Okla., June 26.—Jurors trying W. E. (Bill) Guess for the slaying of Emilio Cortes, shot to death with his student comrade, Manuel Gomez here June 7, were instructed by Judge John B. Ogden today to return a verdict of first degree murder, first degree manslaughter or acquittal.

If the jurors find provocation was sufficient to excite Guess' fear for his life or great bodily harm and that he acted to protect himself, they should find him innocent, the judge said.

Arguments Begin

After the instructions, Frank Dudley, assistant attorney general began the state's opening argument. He was to be followed by H. H. Brown of the defense. Judge Ogden, following a conference today with James Springer, special prosecutor of Governor W. H. Murray, held Marvin Shilling, Carter county attorney, might close for the state. Springer and W. H. Brown, another prosecutor for the governor, had moved to take the lead in the closing sessions of the trial after what Springer described as a "disagreement" among attorneys as to order of arguments.

The first degree murder verdict would carry either the death penalty or life imprisonment although prosecutors did not attempt to qualify the jury for the extreme penalty. The first degree manslaughter verdict carries a minimum sentence of four years. Oklahoma juries set the penalties.

Judge Ogden said that for Guess to have been justified in taking Emilio's life, he must have had some real or apparent necessity and

WOMAN DENIES POISON PLOT

MOTHER OF TWO GIRL VICTIMS HELD IN INVESTIGATION

(By The Associated Press)

LEBANON, Ind., June 26—Held for a grand jury investigation of the poison deaths of her two daughters, Mrs. John W. Simmons reiterated to officers here today that she had no knowledge of how or by whom poisoned capsules were placed in chicken sandwiches eaten by Virginia, 14, and her 10-ylear-old sister, Jean, at a family reunion picnic last Sunday.

The woman's husband, refusing on the advice of an attorney to answer questions, returned to his home at Greenfield to await developments.

Mrs. Simmons, who prepared the sandwiches, was questioned concerning the fact that some of them were held together with one toothpick while others contained two. Authorities said they believed the person who inserted the poison might have used the means to distinguish the poison as a protection to himself.

The victims' mother said she at first placed one tooth pick in all of the sandwiches and later stuck a second on in several when they came apart.

Opinions Heard On Rate Increase Plan

WASHINGTON, June 26. (AP)—The interstate commerce commission is hearing what the country thinks of the proposed increase in railroad freight rates.

Some of it opposes the raise in no uncertain terms; some favors it is definitely in the belief that it will help restore prosperity.

Communications have come from every section of the country. One even from Lucerne, Switzerland.

The file in the case, which is only nine days old, already has filled one file volume and soon will overflow into another. Yet commission officials say, the file has not yet shown indications of approaching that of 1914 when the railroads asked their first wartime increase.

Vacations And Informal Affairs Here Interest Society; Tech Students Marry

Picnics Continue In Popularity With Local People; Many Have Visitors Now

The trek of Lubbock people to vacation points continues and lethargy holds society as stay-at-homes plan little entertaining for summer days.

Younger sets have picnics and parties with parks as principal points for visits. A few events of each week are for visitors in the city.

Mr. and Mrs. O. V. Adams left this morning for Denver, Colo., and do not expect to return to Lubbock until September. Their home is at 2420 20th street.

Mrs James Pryor of Amarillo is the guest of her mother, Mrs. J. S. Johnson and her sister, Mrs. Frank Jones for several days. During her frequent visits Mrs. Pryor's friends here pour many informal courtesies for her

Mrs W. A Shahan and daughters, Norma and Juanita, have returned to their homes in Abilene after visiting in Lubbock.

Picnic Tonight

C. L. Keithley, who graduated this year from the United States Naval academy at Annapolis, Md., is the guest of his sister, Mrs. Alvin Hendricks, until July 5. This evening Mr. and Mrs. Hendricks have invited a few friends to a picnic at the Country club in honor of their visitor. Mr. Keithley is to go to San Francisco to enter naval service when he leaves here.

H. H. Hutton and daughter, Aline, of Snyder, and Mrs. Robert Blackburn, of Cisco have been visiting Mrs. T. B. Williamson.

Wilmer Tidwell and Virgil Medhorn left this morning for their home in Mexia after visiting with Mr. Tidwell's aunt, Mrs. Augie Priddy, 2323 15th street.

Members of the Asbury Methodist Awakened Wesleyan class are to go to the County park this evening at 7:30 o'clock for a picnic according to an announcement made this morning.

Miss Beuna Howell of Waxahachie is visiting her sister, Mrs. E. L. Robertson, and family, 1902 Broadway, for several weeks. Miss Sowell is a frequent visitor here.

Return To Homes

Mrs James L. Williams and daughter, Marguerite, of Knowles, N. M. and Miss Vera Lowe of Lovington, N. M. have returned to their homes after visiting Mr and Mrs. E. L. Pitts, 1919 20th street. They were accompanied by Lois Pitts, who will visit in New Mexico.

Mrs P. W Gordon of Beaumont is visiting Mr. and Mrs. D. L. Skelton. On Tuesday afternoon, Mrs. Skelton, Mrs. Gordon, Mrs. J. C. Powell and Mrs. J. P. Bush went to Slaton, carrying a basket lunch, to give Mrs. Skelton's mother, Mrs. George Marriott, a surprise party.

Dr and Mrs. E. L. Reed have Mrs. Reed's mother Mrs. M. I Reed, of Douglas, Ga., as their guest. Their home is at 2910 21st street.

Mr. and Mrs. R. A. Studhalter and family are visiting in San Antonio

Five girls enjoyed a slumber party at the home of Mr. and Mrs. A. H. Leidigh, 2101 17th street, Thursday evening and were served breakfast by Mrs. Leidigh this morning. These girls were Mary Virginia Ballinger, Kathryn Barr, Ruth Magee, Virginia Byrd of Tulsa and Katherine Leidigh.

Mr. and Mrs. W. H. Bradley and son, Billy, of Dallas, are visiting Mr. and Mrs. Frank Riddle and other relatives.

Lilly-Winfre

Miss Edwin Winfre and R. Warren Lilly, students of Texas Technological college, are to be married this afternoon in Roswell, New Mexico, according to announcement made to friends here today. After a trip to the Caverns at Carlsbad, N. M., they are to return here to spend the summer.

Mr Lilly is a senior student in the school of agriculture. He is the son of Mr. and Mrs. W. S. Lilly of Devine and upon graduation from Tech college in August he is to be associated with his father, who is a rancher.

Miss Winfre was a sophomore student in the school of liberal arts during the last long session of the college. She is the daughter of Mrs. Elizabeth Winfre of Mont Belview and has been visiting Mrs. Vernon Brown, 2410 14th street, for the last few days. Miss Winfre lived with Mrs. Brown during the winter.

The bride-to-be has chosen a frock of pink batiste for her wedding dress and she is to wear a sports suit for her going away costume.

The couple plans to return to Lubbock Sunday.

Mary V. Ballinger Is Picnic Hostess

Mary Virginia Ballinger, 2113 9th street, entertained for her guest, Virginia Byrd of Tulsa, with a picnic on Wednesday afternoon at the City park. Guests were Virginia Lee and Kathryn Barr, Katherine Leidigh, Ruth Magee, Virginia Byrd, Tommie Lou Ballinger, Mary Jane Wright Mesdames C. T Byrd, W. H. Wright and J. O. Ballinger.

Lawrence Greens Are At Home Here

After a wedding trip to Las Vegas, Albuquerque and Santa Fe, N. M., Mr. and Mrs. Lawrence Green are at home in Lubbock. Mrs. Green was Miss Nila Cook before her marriage June 14.

DR. MYERS

Doctor Myers' Daily Column On Child Welfare

BY GARRY C. MYERS, PH. D.
Head Division Parental Education Cleveland College, Western Reserve University

RESPECT FOR AUTHORITY

FEW CHILDREN will entirely escape all diseases. One of the most trying problems of a mother is to manage the child from three to ten when he has a slight illness or when he is convalescing.

Suppose the doctor orders your child to bed, or to remain in bed, who wants to be up and moving about. Suppose he had never learned the alphabet of restraint or consideration for authority. Then the chances are that he will have his way. You won't have the heart then to employ physical force, and he is almost sure to be less co-operative than usual. But how you suffer as you beg and plead and argue with the child, all the while aware of your helplessness and distressed by the knowledge that for the child to be out of bed is likely to prolong his illness, endangering his health, possibly his life.

You do not need scolding: you have punishment enough. We hope you will succeed in getting the child to stay in bed when he should. If you fail to do so you have done the best you could. As soon as he has entirely recovered, work out a careful program to prepare him for better co-operation in the next possible emergency.

Let us prepare our children while they are well for the times when they are going to be sick. Frequently I have, in this column, stressed the importance to the child of his learning at an early age some basic inhibitions, as a means to help further his best conduct later, as a means for building good habits and attitudes of citizenship in him, and as a guarantee of happiness to him.

The child who has very early learned that there are some things he must not have and some things he must not do and who, by and by, discovers that there are a few things he will have to do; who in short, has acquired respect for authority, having learned it from parents, who rarely asserted it and who proved day by day that they were always firm and just and sympathetic—such a child in an emergency will, with little or no emotion, adapt himself when authority needs to be exercised.

The wise parent, at such a time, having taken a definite stand quietly but certainly, will not feel the need of threats, cajolery, or any form of emotional appeal. But having issued the one command, she will prove her best skill through her resourcefulness at making it as easy as possible for the child to adjust himself so as to spend the time in bed as cheerfully and comfortably as possible

Here again her success will depend on what she had done before in cultivating co-operation in the child, in stimulating wide interests in him, habits of self-amusement by creative work, or by listening to stories read. Fortunate such a child who, from the time when he could handle crayons, scissors and paints had spent many happy hours at making things. Most fortunate any slightly ill or convalescent child who had been read to for hours and hours from the time he was less than two years old

Anything we parents do with young children to cultivate healthy restraint and at the same time cooperation, and wide, happy interests, and creative skills of all sorts, bears rich dividends, not only for them, but for us during their succeeding years.

This is discussed further in my pamphlet, "Punishments and Rewards."

EDITOR'S NOTE. Two pamphlets by Dr. Myers may be obtained by sending 10 cents a coin, for each, and a self-addressed, stamped envelope, to Dr Garry C. Myers, in care of this paper, or Central Press Association 1433 East Twelfth street, Cleveland, O. The pamphlets are: "Punishments and Rewards" and "Fear."

Diplomatic Beauty

Perhaps not the least reasons for Georg Sauelly's European reputation as a successful diplomat are the charm and social graces of his wife. A prominent member of the social colony in Budapest, her entertainments are known throughout the continent. Mme. Sautelly, show here in her latest portrait, is one of the leading beauties of the Hungarian capital.

Miss Whittaker Is Hostess To Women

Members of Calvary Baptist Young Woman's auxiliary met Thursday evening with Miss Martha Whittaker at 1419 18th street for a program on "Pianos of Duty" and a social hour. Miss Agnes McCullough was elected secretary at this meeting. Miss Gertrude Schantz was leader of the program.

Others who attended were Misses Lillian and Vivian Syrett, Imogene Mullins, Gladys Schantz, Irma Lois Harris, Mildred and Helen Jones, Dowena Scott, Mary Alley Roberta May, Gennye Mae Whittaker, Nina Bess Sprawles, Pearl Jackson, Mrs. Larue Dollahite, Mrs. C. A. Paulger, Mrs. Ida Whittaker and Mrs. O. L. Riddlehoover.

Miss Fern High Weds In California

Miss Fern High a former teacher in the Lubbock Public schools, was married to Bill Riddle of El Centro, Calif., on June 13 according to word received by her aunt, Mrs. Jim Fulton, 2204 9th street. The marriage was in the home of the bride's mother, Mrs. Hollie High, in Los Angeles.

Mrs Riddle taught in the Lubbock schools for three years and taught in Los Angeles last year. Mr. and Mrs. Riddle will reside in Los Angeles.

OIL MAN DIES

TULSA, Okla., June 26 (AP)—Eugene B. Lawson, widely known Tulsan and for many years active in the development of the mid-continent oil fields and a director of several banks in this section, died here last night at 10:30 o'clock.

LOCALS

May Tom Howell, daughter of Mr. and Mrs. J. T. Howell, 2204 10th street, is visiting her aunt, Mrs. H. F. Douglas in Fort Worth.

Mr and Mrs F. A. Kleinschmidt and family and Mrs. J. H. Smith are leaving Saturday morning for the summer months. Mr. Kleinschmidt is to study in Harvard university at Cambridge, Mass., and Mrs Kleinschmidt and family and Mrs Smith are to visit in St. Paul, Minn

Mrs. I. F. Kennedy of 1603 8th street is visiting in Galveston.

Mr and Mrs R. L. Clinkscales, 1607 Main street, have as their house guests for the week-end Mr. and Mrs. J. C. Ely and children, Bob and Gwendolyn Rae of Amarillo.

Mr and Mrs. E. S. Jones and baby of Colorado are the guests of Mrs. Mary McComb. Mrs. Jones is Mrs. McComb's daughter.

Miss Karleen Watts of Abernathy is the guest of Mrs. Walker Stanton, 1924 7th street.

Miss Margaret Weeks, dean of the school of home economics, Texas Technological college, is ill at her home at 2421 Broadway.

Men's Society Meets Thursday Night

About thirty men attended a meeting of the Asbury Methodist Fellowship club Thursday evening at the church. Talks were made by O. H. Cline and C. A. Holcomb and a fellowship hour was enjoyed. About 30 attended.

The rare gas xenon has been successfully extracted from the air by a French scientist. It's ratio of contact in the air is one part in ten million.

Picnics Scheduled For Church Groups

Four departmental picnics are planned today for children who are attending the First Methodist Vacation Bible classes and for those who are in corresponding departments in the Sunday school. Today ends the annual summer school that is conducted at the church.

Those in the beginners department met at the church at 10 o'clock for games in the patio and were served a lunch. Mrs. W. E. Baskin and Mrs. H. W. Wylie were in charge of the affair.

Primary department children are to meet at the church this evening at 5:30 o'clock to go to the County park on a picnic. Mrs. J. F. Hawthorne Mrs. Joe Stanton and Miss Dollie Clements will be in charge of the affair.

Junior department children met at the church at 11:30 o'clock and went to the County park for a picnic Mrs. R. L. Fletcher was the superintendent in charge

At 4 o'clock this afternoon those in the intermediate department are to go to the City park for a picnic. Mrs. J. T. Shaver is to be in charge of the outing and Boy Scouts are to give special entertainment.

Nursery Director Talks To Parents

Two score parents, including the mothers of nearly every child in the first annual nursery school of Texas Technological college, listened to Mrs. Jennie Reece Shuman, director, in her first conference with parents, at the home management house Thursday night.

Mrs. Shuman discussed in practical terms, some of the aims and purposes of the school and of methods of child discipline. She told how the children are taught to "play in a friendly way", by precept rather than by "don'ts." She emphasized the necessity of starting early to develop social instincts in children, of teaching them regularity of habits, such as sleep, rest, and play, and also the proper direction of play.

Discipline in the form of isolation from games or pleasures, rather than by physical punishment, and praise when the child does something of its own volition that indicats its growth and development, were illustrated by incidents in the local school and of similar schools Mrs. Shuman has conducted.

Following the lecture Mrs. Shuman gave opportunity for parents to ask numerous questions on problems in the home. There were a number of questions raised and answered. The guests were then shown over the home management house and the work explained. Refreshments of punch and wafers were served, with students of the summer session of the home economics school assisting.

Another conference with parents probably will be held next week, it was announced.

Out-Of-Town Folk Are Party Guests

Mr. and Mrs. J. T. Howell, 2204 10th street, entertained Thursday evening for the Deal Bridge club of Lorenzo, of which Mrs. Howell was formerly a member, and several other guests

In bridge games, high scores were made by Mrs W. E. Still of Fort Stockton and H. F. Pearson of Lorenzo.

Guests included Mr. and Mrs. Pearson, Mr. and Mrs. R. L. Bowman of Lorenzo; Mrs. Bula Nichols of Houston; Mr. and Mrs. Martin Thomas of Wink; Mr. and Mrs. Still of Fort Stockton; Mrs. Fred Aycock Mr. and Mrs. John Porter, Mr. and Mrs. Guion Gregg, of Lubbock.

Wales Aids Her

Because the Prince of Wales was charmed by her performance at the National Theater in La Paz, Bolivia, and south an introduction, he will have a chance to see Senorita Fatma Careil, above, on European stages during the coming season. So unusual was the honor accorded her that contracts were offered for appearances in London and Paris.

Wolffarth Club Has Party Wednesday

Members of the Wolffarth Home demonstration club entertained their husbands with a forty-two party Wednesday evening in the home of Mr. and Mrs. M. T. Daniell. High scores were made by Mrs. Jim Hobgood and H. A. Sullivan.

Those who attended were Messrs and Mesdames O. F. Corley, Henry Sims, B. Landers, Ed Schroeder, O. F. Sims, Jim Hobgood, Wiley Gates, W. H. Meek, H. A. Sullivan, J. D. Fraley, M. T. Daniell, C. B. Tibbit, W. B. Tibbit, F. J. Stryker, Miss Meryle Kimble, Houston Fraley, Juanita Corley and several children.

Camp Fire Girls Are In Work Meeting

Girls in the Nowetompatimmin Camp Fire group met at the headquarters on Broadway Thursday afternoon. Work was done on ceremonial gowns with Miss Margie Taylor, city executive, in charge.

Mrs. Claude Tatum, 1718 Avenue M, is spending the week in Hereford as the guest of her daughter.

Had Awful Bearing Down Pains

"Better after First Bottle"

"AFTER my little girl was born, I was in an awful condition. I had bearing down pains and had to lie down a great deal. I read what other women had to say about Lydia E. Pinkham's Vegetable Compound.

"After taking the first bottle of your wonderful medicine I felt better right away. My pain is gone and the color is coming back.

"Every day I am getting stronger. I will answer all letters asking about this medicine"—Mrs. Gerald A. Ritchey, 1200 Johnson Ave., Portage, Pennsylvania.

FINEST CHOCOLATE CREAMS ARE DIPPED ONE AT A TIME

For a Similar Reason Hills Bros. Roast Their Coffee a Few Pounds at a Time

Candy makers agree that when creams are dipped one at a time in the chocolate, the coating is applied much more evenly than when dipped in big batches.

According to the results achieved by Hills Bros., this same principle holds true in roasting coffee. By roasting a few pounds at a time by a continuous process, instead of large batches, a uniform roast is certain.

This process originated, and patented by Hills Bros., is called "Controlled Roasting." "Controlled" is a most appropriate word because during the entire roasting process there is automatic regulation. This control accurately regulates the flow of coffee through the roasters—also the temperature. Every berry of the rare blend is roasted to a degree that insures perfection. No other coffee has the same delicious flavor of Hills Bros. Coffee.

Freshness is always guaranteed in Hills Bros. Coffee because it is packed in vacuum cans. By this method, air, which destroys the flavor of coffee, is taken out, and kept out of the can. Ordinary cans, even if air-tight, do not keep coffee fresh. Ask for Hills Bros. Coffee by name and look for the Arab—the trade-mark—on the can. Sold everywhere by grocers.

Hills Bros. Coffee, Inc., Kansas City, Missouri. ©1931

Suspect Arrested On Theft Charges

Indicted for theft of a doctor's kit from an automobile at Slaton, Higinio Daiz is in city jail. He was arrested Thursday on a Lynn county farm after a seventy-second district grand jury here had returned a true bill charging him with theft exceeding $50.

The suspect was returned here late Thursday by Deputy Sheriff Will Earnest.

LUBBOCK, TEXAS

NAVY TO BUILD MORE SHIPS

CONSTRUCTION TOTALS $150,000,000 UNDER WAY AT PRESENT

WASHINGTON, June 26 (AP)—The amount called for in naval construction under way today totals more than $150,000,000, and the navy is making ready to let contracts which will raise it above $200,000,000.

Estimates from both coasts are expected on the 11 destroyers due to be started next. These costing $4,000,000 to $5,000,000 each—were authorized in 1916, but congress failed to appropriate funds for beginning work until the last session.

Under Construction

Seven 8-inch gun cruisers at $17,000,000 each are in various stages of construction, as well as a $19,000,000 aircraft carrier and three submarines, at $5,000,000; $4,400,000 and $3,297,000.

Of the cruisers, four are in navy yards and three in private yards. The New York shipbuilding company has two under way in its Camden, New Jersey, yards—the Indianapolis, more than 60 per cent completed, and the Tuscaloosa. The Minneapolis is at the Philadelphia navy yard; the Portland at the Bethlehem shipbuilding corporation works at Fore river, Pennsylvania, and the New Orleans at the New York navy yard.

Out on the Pacific coast are two more—the Astoria at the Puget Sound navy yard and the San Francisco at Mare Island in California.

The aircraft carrier Ranger, is under construction by the Newport News, Virginia, shipbuilding and dry dock company, while the three submarines are all being built in New England. The Dolphin, due for completion in August, 1932, and the Cachalot, due about a year later, are at the Portsmouth, New Hampshire, navy yard.

SPAIN'S FRIENDLY PRESIDENT DEFIES STRAIN OF HIGH POST TO KEEP DOOR OF OFFICE OPEN; CALLERS WELCOME

* * *

BY CLARENCE DU BOSE

MADRID (AP)—His eyes still have a friendly twinkle as he chats with friends, an eagerness as he discusses any of the multitude of problems confronting the provisional president of the second Spanish republic.

But Niceto Alcala Zamora has been studying and reading and writing too much and too long, the oculists say.

Those friendly piercing eyes behind silver-mounted spectacles are puckered around with lines of strain and they need a rest.

"But how can I rest now?" Don gNireto asked the specialists. And, answering his own question, he hasn't.

He has given his personal fortune and recent years of his energy and intelligence to the establishment of the republic he now heads. And he is willing to give his eyes if he has to.

However, it isn't that bad yet. He is not considered in any immediate danger of losing his sight, although it has rapidly weakened of late. Any kind of paper work is a real strain.

Callers Are Welcome

In one way his associates are glad he has such a constant stream of callers day and night. They keep him away from his desk and from peering at documents.

He likes to stand up when he talks, and more often than not walks visitors over to one of the big windows in his office, keeping them standing there during conferences.

He prefers to use Spanish, but speaks French easily and understands English, Italian and Portuguese. He is well read in all five languages.

While he was in jail—between the unsuccessful December revolt to the triumph of April—he read and wrote incessantly by a dim light.

All that, of course, was none too good for eyes already wearied. At least, he has had better light since he has become president.

Office Lacks Pomp

There is not much form and ceremony about his office in the palace of the council of ministers.

The place used to swarm with liveried doormen and ushers and attendants of all sorts—to say nothing of police and civil guards.

Most of them are gone now, or at least are out of uniform and doing some sort of work.

A couple of guards can usually be seen somewhere around, but they seem bored. One liveried usher downstairs, and one on the second floor where the president has his offices, seem to Alcala Zamora quite enough uniform for the headquarters of a republic.

If visitors know the direction, they are at liberty to saunter in, join a crowd that perpetually packs a huge salon adjoining Alcala Zamora's private room, smoke cigarettes and wait to see the president.

And sooner or later everyone with patience succeeds. The president practices the republican principles he preaches. e turns nobody away within the limits of, say, a ten-hour working day and the time he must give to official matters.

ALCALA ZAMORA

NEW CANCER SERUM

LONDON—A new cancer serum, which comes from animals inoculated with cancer germs, has been explained by Dr. Thomas Lumsden, director of the Cancer Research Laboratory of the London Hospital. It has not yet been applied to cancer in man, but in tests with rats it is said to have killed the living cancer tissue.

DOMINIONS GET MORATORIUM

GREAT BRITAIN WILL COMPLY WITH HOOVER DEBT PROPOSAL

LONDON, June 26 (AP)—Great Britain yesterday granted a one-year moratorium to the dominions for their war debts to the United Kingdom, thereby complying with what Chancellor of the Exchequer Snowden told the house of commons was "the spirit as well as the letter" of President Hoover's debts proposal.

This action of the British government will cost the already heavily taxed British budget about 11,000,000 pounds, (about $55,000,000).

"This is a serious sacrifice for the tax-payers of this country following on the heavy calls which have been made on them," Mr. Snowden said in his address in the house.

But we hope that the steps we have taken in cooperation with the United States will be more than justified by the help given in reviving confidence and prosperity."

SCOUTS TO HOLD COURT AT RANCH

Boy Scout troop No. 8, designated as service troop, was to leave early this afternoon for Johnston's ranch to prepare for the arrival tonight of members of Lubbock's seven scout troops, their fathers, and students in the Texas Technological college scout leaders training course for an overnight encampment and campfire court of honor.

The service troop will mark the route, locate the camp, build a council ring and perform other tasks, D. T. Jennings scout executive said. Members of the college training class and other Lubbock troops will arrive this afternoon and early tonight.

A court of honor attendance pennant will be awarded. Similar awards will be made to the troop presenting the best stunt at the campfire program and to the troop establishing the best camp. Troops must cook both supper and breakfast to compete for the latter prize.

A new form of smuggling, in which tradesmen take into England dresses and similar articles as if for their private use and later sell them, is said to have caused the government's revenue department a loss of $1,500,000 in the last 12 months.

Three Bandit Gang Members In Prison

COLUMBUS, O., June 26. (AP)—Three youths, members of the notorious Bowman gang which was sought in Ohio, West Virginia and Kentucky for a long list of robberies, entered Ohio penitentiary today to serve life terms for the robbery of the Higginsport Citizens bank in Brown county of $36,000 a week ago.

They were Howard Bowman, 26, and his brother, Neil, 23, both of Portland, O., and alleged leaders of the gang, and Lyle Cornell, 22, of Texas, a recent recruit.

They pleaded guilty to robbery charges last Saturday.

FLASHES OF LIFE

As Brought Over Associated Press Wires Today

(By The Associated Press)

Rates Solo

ST. LOUIS—Jimmy Doolittle, Jr., flier's son, 10 years old, rates solo, in the opinion of his dad, meaning that he can take a plane up all alone. He has flown with dad at the dual controls but doing little or nothing.

55th Anniversary

NEW YORK—This is the 55th anniversary of the death of General George A. Custer at Little Big Horn, and his widow, a resident of Park avenue, regrets it has been decided to dismantle Fort Abraham Lincoln at Bismarck, N. D., as an economy measure. It was there she waited while her husband marched against the Indians.

History May Repeat

TARRYTOWN, N. Y.—In colonial days this place on the Hudson river was named by wives because their husbands lingered at taverns. Mayor Eugene H. Lehman, a schoolmaster, now proposes that the police obtain a list of patrons of speakeasies and make it available for wives and employers.

Time Regulator

SANTIAGO, Chile—A million persons living in the valley of which Santiago is the center check their watches and clocks by a noon gun. On San Lucia, an Andean hill park in the heart of the city, a cannon roars. Some folks at a distance take account of the time it takes sound to travel.

Misses Honor

BOURNEMOUTH, England—The Rev. C. W. Sherard missed being a peer by several months. His brother, Lord Sherard, died in Australia, where he had been a gold prospector 30 years. Not until after the vicar died was it found that he was the heir. The barony, created in 1627, is now extinct.

Good—*they've got to be good!*

DIG OUT THE FACTS!

STROUD SERVICES SCHEDULED TODAY

Funeral for Mrs. D. A. Stroud, 35, of 415 Avenue E, was to be held at 4:30 o'clock this afternoon at Rix Funeral home. Rev. R. C. Campbell, pastor of the First Baptist church, was to officiate. Burial was to be at Lawton, Okla., to which the body will be sent tonight.

Mrs. Stroud died early Wednesday morning at a local hospital.

Her brother P. B. Barrett, and sister, Mrs. Mattie Ford, both of Oklahoma City, arrived yesterday to aid in completing funeral arrangements. They were to leave this morning for Lawton.

Besides her brother and sister and another brother living in Oklahoma, Mrs Stroud is survived by her widower and three children, two sons, Wesley and Leon, and a daughter, Mary.

REDUCE HOURS FOR WORKERS

POSTOFFICE PUTS INTO EFFECT NEW 44-HOUR WEEK REGULATION

The new 44-hour-week regulation established by congressional action will become effective at the Lubbock postoffice Saturday, Postmaster John L. Vaughan said.

Twenty-nine employes of the local office will benefit by the reduction in hours. There are 11 carriers, 16 clerks and two supervisory officials affected by the order.

Postmaster Not Affected

"The postmaster is the only office employe not affected by the 44 hour law," Mr. Vaughan said. "Substitute carriers or clerks also are not affected. We have two of each in the Lubbock postoffice."

Residential delivery on Saturday afternoon will be abandoned under the new plan, Mr. Vaughan said. "I am holding back all carriers in the residential sections until the arrival of the Santa Fe and Fort Worth & Denver City trains on Saturday mornings," he explained. "By doing this we will get all of the mail received here in the morning delivered in the residential sections. We have counted mail received on the noon trains for the past three Saturdays and we find it does not average over 60 to 75 letters for persons outside the business sections or the box service."

To Deliver Packages

"We will deliver parcel post packages to all homes during the afternoons on Saturdays," Mr. Vaughan added. "Persons who are expecting an important letter to be delivered on Saturday afternoons can have it sent by special delivery or they can arrange to secure it down town at the office."

Two of the four windows of the finance department of the postoffice will be kept open on Saturday afternoons. There will be two clerks on duty at these windows, one at the money order and the other at the stamp or parcel post window. General delivery will be kept open as usual on Saturday afternoons. All other windows will be closed.

"If the people would buy their stamps in the mornings on Saturdays and also mail their parcel post packages, it would facilitate matters for us very much" Mr. Vaughan explained. "The change would be of benefit to the employes and would sustain the present high class service we are trying to render to patrons of this office."

Little or no additional expense is being anticipated by the reduction of four hours per week for employees here. By arrangement of hours and by use of substitute clerks or carriers, it will be possible to handle the business without additional clerks or carriers, the postmaster said.

HE'S A BIG SHOT

BERLIN,—Heinrich Sahm, recently elected mayor of this city, is a real "big shot." Heinrich is seven feet, one inch tall in his stockings, and is said to be the tallest man in public office in Europe. He was president of the Free State of Danzig at one time.

THRIFT CONGRESS FOR DUBLIN

As the result of a proposal made by the Central Savings Committee to the Free State Minister for Finance, the Irish Free State is to have its first National Thrift Congress. It will be held in Dublin in June or July, and two delegates from each country will attend.

Farmers of Iraq are just beginning to use agricultural machinery.

LIONS WILL BROADCAST

British radio listeners are to hear the real roar of the lion in the jungle. Microphones are to be placed in a remote place in Central Africa, and the beasts will be made to put on their solos, duets, choruses and other concert numbers.

American tractors are being used on farms in Iraq.

CAMPBELL TALKS AT KIWANIS CLUB

Rev. R. C. Campbell, pastor of the First Baptist church, spoke before the Kiwanis club at its luncheon Thursday at the Lubbock hotel. Dr. Fred Standefer was in charge of the program.

"It's the little extra things that we do, the courtesies that we show, things that the ordinary fellow doesn't do, that count most in success," Rev. Campbell said. He gave as illustration a player in a baseball game who had the initiative to steal home and not depend upon his teammates to bring him in. "Too many of us depend on our teammates," he said.

Mason King, Amarillo Kiwanian, made a short talk soliciting Lubbock's aid in his city's invitation for the 1932 convention of the Texas-Oklahoma district.

Vacuum whipping makes it Better

You do get a full measure of Mayonnaise when you buy EL-FOOD. It's vacuum whipped .. which forces the air from the mixture. No wonder it is *better!* EL-FOOD contains almost twice the fresh egg yolk content of any other mayonnaise salad dressing. Thesmooth texture and the zestful flavor of EL-FOOD will convince you of its superiority.

SPYING ON SPORTS

We know that night baseball will be successful now, for Mayor Jerry Clements and The Plainsman are going to officially open the nocturnal season next Friday night. Mayor J. J. will grasp the raised seams of the new "dead" ball and throw it, while the Plainsman, replete in mask and belly-protector, will catch it, or try to.

* * *

The local gentlemen are really third choice, but they shouldn't mind. President Hoover had a fishing engagement and a commission meeting on that date and it was feared that Governor Ross would forget to keep the appointment. So we'll struggle along with the local unemployed.

* * *

That sneak, the departmental photographer happened to peep in when we were petitioning The Plainsman to catch the first ball. There was some argument because The Plainsman thought he should be the one to pitch the first one

over. He finally agreed, however, when we told him the mayor would toss it.

* * *

There's controversy among the staff! One of our number is a former resident and fan of Amarillo, and he cannot forget that old Sandstorm spirit. He requests that his name be kept on letter heads only so we won't give him away. He refuses to come right out and place a wager on the Sandies to win, place or show when Amarillo and Lubbock high schools tangle on Butler Field this fall, stating that he doesn't know how many recruits Lubbock is getting. Evidently he is acquainted with the upper Panhandle situation, and believes the Sandies will win.

* * *

How's this for a plan to get around Roy Henderson's latest legislation against the recruiting of football players? Let each school in District 1 know that all the others are importing some hefty halfbacks, linemen, or whatever they need to round out a team. Then no school will protest against the other, we'll all stay in school and have a good football campaign.

* * *

Of course Lubbock would have to do some importing and this would be a new wrinkle for the locals. The boys who play football on Lubbock High's teams have grown up together, played in each other's back yards from infancy on, and the presence of strangers might so upset them that there would be no good in recruiting. But it's an idea, anyway.

* * *

If one school did protest, all the others could protest and we'd all get tossed out of the league. Then we could recruit and import to our heart's content and what a football season that would be! If there was a tie or if one team was not satisfied and wanted a chance to come back, all that would be necessary would be a mutual agreement. There would be no interscholastic league rules and we'd fight it out all winter if it took that long.

* * *

Henderson's new rule states that if a district committee even so much as thinks that one school is using players who have no legal right to be on the team, that school may be bounced from league play. But since the committee is made up of representatives from various schools, it would hesitate to protest or boost a team for fear it might be booted in return.

* * *

And what of the Class B situation in this district? The redistricting plan did not include Class B schools, there still being sixteen, and the race here in District 2 will a hot one between the same teams that played on gridirons and committee rooms last fall, with the exception of Sour High school, the best in the circuit last year. Spur was unceremoniously booted from the interscholastic league near the close of its campaign last year and was ruled out for two years, including last year. We understand efforts have been made and are being made to gain the reinstatement of the school but we have been informed of no direct results of the campaign.

* * *

The action centered around Spur last winter resulted, more or less directly, in the moving of Gene Taylor, coach, to Brownwood. It was a good move for him but Spur lost a good coach. They may have another in Weir Washam, the former Baylor quarterback and last year a coach at Tahoka. Weir had little chance to expose his wares last year for the material at Tahoka was unusually slim. If he is half as good a coach with good material as he was a quarterback his team should win more games than they lose this season.

FIVE DAYS TO GO IN TEXAS SCRAMBLE

FORT WORTH, HOUSTON AND BEAUMONT SEEK TO LEAD LEAGUE

(By The Associated Press)

With only five days of the first half Texas league pennant race left, Beaumont, Houston and Fort Worth continue their mad scramble for the pinnacle.

Thursday afternoon and night games saw Houston pick up a few points on the leading Exporters by defeating Wichita Falls, 8 to 2. Tex Carleton won his eighth game this season against seven defeats.

Split Twin Bill

In the crucial doubleheader at Fort worth, Beaumont won the first game 6 to 1 on some fine five hit pitching from Marrow. Hollerson, new Beaumont pitcher recently obtained from Hollywood of the Pacific Coast league, hurled the nightcap affair for the leading Exporters, and for seven innings he shutout the Cats, but in the last of the eighth, Krauss, Fort Worth catcher, hit a home run to give the Cats a 1 to 0 victory.

Although not in the first half pennant fight, Shreveport, with Lefty Erickson of no run, no hit fame on the mound, beat San Antonio 8 to 1 but lost the second game, 8 to 3.

At Dallas, Galveston opened the series against the Steers with an easy 9 to 4 decision. It was a listless game with both clubs waiting for the second half to start.

SUAREZ OUT OF THE PICTURE

ARGENTINE BOXER IS KNOCKED OUT BY BILLY PETROLLE

NEW YORK, June 26 (AP)—Billy Petrolle, the "Fargo Express," has belted Justo Suarez of the Argentine right out of the lightweight championship picture.

Fargo Billy, who never has learned the meaning of the word "retreat" and is just as ignorant of the gentle art of holding, slugged Suarez all around Madison Square Garden's ring last night and finally knocked him out in the ninth round.

Gets the Jump

Petrolle got the jump on the South American, floored him twice for short counts in the opening round weakened him badly with terrific smashes to the body during the middle stages of the fight, and then finished him with a flurry of blows after a minute and 51 seconds of the ninth round.

The net result was to remove Suarez, temporarily at least, from consideration as a lightweight challenger and probably to earn Petrolle a "shot" at Tony Canzoneri's 136-pound crown.

STARS OF GAMES ON YESTERDAY

(By The Associated Press)

Red Kress and Walter Stewart, Browns—Former hit homer to win first game from Athletics, latter pitched effectively to win second.

Roy Spencer, Senators—Accounted for all Washington runs against Tigers with two singles and double.

Ben Chapman, Yankees—Hit homers in each game of double bill with White Sox, driving in seven runs and enabling Yankees to win both.

Fred Frankhouse, Braves—Held Cubs to seven hits and beat them, 4-2.

George Watkins, Cardinals—Stole home on Dazzy Vance to beat Robins, 1-0.

Benny Frey, Reds—Held Giants to six hits and won, 6-0.

TWIN BILL TODAY IN CITY LEAGUE

The Advertisers and Legion-Lions of the City league will meet this afternoon in a double header, the first twin bill of the City league season. The first will be a regular scheduled game and the other to play off a tie game of last week.

The Rainbow club won its fourth straight game yesterday by defeating the Wholesalers, 9 to 2, at Rainbow park. The other scheduled game yesterday between the Avalanche-Journal and Texas Utilities was postponed until Monday afternoon.

ASKS FOR PARDON

SACRAMENTO, June 26. (AP)—Albert Einstein, noted German scientist, sent Governor Rolph a letter, translated today, appealing for an "absolute pardon" for Thomas Mooney and Warren K. Billings, who were convicted as perpetrators of the 1916 San Francisco preparedness day parade, oombing. Einstin and the governor met recently in Pasadena.

BRUSHING UP ON SPORTS ---------- BY LAUFER

FULL GAME IS GAINED BY ST. LOUIS

GIANTS AND CUBS ARE DEFEATED THURSDAY; PHILLIES WIN

By HUGH S. FULLERTON, JR.
Associated Press Sports Writer

George Watkins, brilliant young St. Louis outfielder, stole a game at Brooklyn yesterday. The teams were battling on even terms up to the seventh inning and Dazzy Vance had not allowed a man to reach first in his duel with Paul Derringer. Then Watkins beat out a bunt. Jim Bottomley singles and sent him to third. As Vance threw to first to hold Bottomley on the sack, Watkins streaked for home and slid in for a perfect steal of the base and the game.

Cards Gain Game

The Cards gained a full game on New York and Chicago which lost. The Giants could not solve Benny Frey's pitching an dropped a 6 to 0 decision to Cincinnati. Chicago's Cubs were on the short end of a 4 to 3 score in a tight duel with Boston.

Clise Dudley turned in another fine pitching performance, holding Pittsburgh to five hits while the Phillies pounded out a 5 to 1 victory.

The sudden rejuvenation of the St. Louis Browns and the steady play of the Washington Senators in the American league were combined to reduce Philadelphia's lead to a single game. The Browns took two games from the Athletics, winning the first 6 to 5 and the second 8 to 5. The Senators, held to four hits by Vic Sorrell, defeated Detroit 4 to 3.

Home Run Spree

New York went on a home run spree with Ben Chapman in the lead to take two games from Chicago. Chapman hit for the circuit twice, winning the opener 10 to 9. George Pipgras won his first game of the year 9 to 2.

The Boston Red Sox made it two straight over Cleveland to end their series on even terms, winning 8 to 3.

In the last 10 years Dagenham a new London suburb, has grown from a straggling village of 5,000 inhabitants, to a thriving town housing 100,000, the London County Council having erected 25000 houses there.

MAX SCHMELING AND YOUNG STRIBLING NEAR PEAK OF TRAINING PERIODS FOR HEAVYWEIGHT BATTLE ON JULY THIRD

CONNEAUT LAKE PARK, Pa., June 26 (AP)—Max Schmeling begins the welcome slide over the peak of his training today.

The world's heavyweight champion, rested and refreshed after a day's lay off, will begin to bear down on his sparring partners for the next three days to get himself on edge for the defense of his title against Young Stribling in Cleveland's new municipal stadium a week from tonight.

To Perfect Blows

Schmeling will box six to eight rounds daily. He will have plenty of opportunity to perfect his famous straight right hand smash to the head, his new inside right uppercut and his left hook as his quartet of sparring partners have been freshened up for the final days of trading wallops.

The beetle-browed German enters the final week of training full of energy and confidence. His present weight of 190 3-4 pounds is regarded as perfect poundage with five more days or work ahead. He tipped the beam at 190 3-4 yesterday, a pound and one quarter above the figure he will scale on the night of the fight. He probably will melt off a pound or so between today and Sunday as the weather has turned blistering hot and the sun beats down intensely on Schmeling's canvas-shaded outdoor ring.

Schmeling welcomed the day away from the training grind yesterday. He rested from boxing, but not from golf. It was stifling hot, yet the German played 18 holes in the morning and whacked the ball for another 18 late in the afternoon, returning to his cottage in the cool of the evening.

GEAUGA LAKE, O., June 26. (AP)—Fighters must be something like baseball pitchers. One day they feel great and all their stuff is working. Another day they also feel great, but they can't get a man out.

For instance Frank Cawley, a clever young heavyweight sparring partner of Tommy Loughran, wandered into Bill Stribling's training camp for the first time Tuesday night to work with the southern challenger for Max Schmeling's heavyweight title. Frank was fat and out of condition but he did himself proud.

But last night, with a couple of days training to work on, Cawley tackled the husky Georgian again. He got himself thoroughly pasted with left hooks to the head and body and a few times winging right hands thudded off his head guard. He scarcely laid a glove on Stribling. It was by far the most impressive workout the southerner has turned in in seventeen sparring sessions since starting training here for the July 3 battle.

In all Stribling went ten rounds, six of them with Cawley. He hit each man every time he wanted to with any punch he cared to use.

Stribling will box Saturday and Sunday nights and if his condition continues as fine as it is now he probably will lay the sixteen ounce training gloves aside then and devote himself to nothing but light exercise up to the fight Friday night. He weighed 186 pounds after last night's workout, the notch he wants to hold for the title test.

TO CROWN CHAMPION

DALLAS, June 26 (AP)—For the first time, a golf champion will be crowned in the Texas Woman's Municipal Golf association here today in this afternoon's first annual state tournament at Tenison park, and the champion will be either Mrs. F. C. Roehon of Wichita Falls or Mrs. J. R. English of Dallas. These two left the initial tee today on a long 36-hole championship battle with Mrs. Roehon the favorite.

Japanese manufacturers of the native instrument, the samisen, a kind of banjo, have dedicated a bronze statue in a famous Buddhist temple to the cats and dogs which provide the strings and drumheads for them.

ARMOUR SETS 294 AS GOAL IN OPEN

KANSAS CITY, June 26. (AP)—Give Tommy Armour 294 strokes for the national open golf championship and he will sit in the clubhouse content that total will win.

He said so here yesterday after turning in a 74, four over par, at the Indian Hills Country club, in an exhibition match he and Harold Long, Denver pro, lost, 2 and 1 to Jimmy Thompson, Colorado Springs, and George Von Elm, Los Angeles business man golfer.

After advising a gallery in the finer points of the game, incidentally that shots should be played cleanly with possibly just a nip of turf removed, the "Black Scot" dug divots in profusion. His 74 was the highest medal turned in by the foursome. He blamed the excessive heat.

Armour and Von Elm will go to Tulsa for an exhibition before Armour goes to Toledo to attempt to add the national open title to his collection including the British Open, National P. G. A., and Canadian Open championships.

More than 1000 San Quentin prisoners took correspondence courses from the University of California the past school year.

RYDER CUP MATCH OPENS AT SCIOTO

COLUMBUS, O., June 26 (AP)—On the crest of a heat wave that has baked the fairways of the Scioto Country club the British and American professional golf forces adopted an old Scottish custom today—the two-ball foursomes—for the opening of competition for the Ryder Cup.

Defending the trophy they won from their rivals at Moortown two years ago, the British entered the first day's golfing joust with their captain Charles Whitcombe, withdrawn somewhat unexpectedly from the foursome. The British match play champion will reserve his efforts for the singles tomorrow, together with the baby of the invading team, 24-year-old Bert Hodson.

Reach Semi-Finals In Collegiate Meet

CHICOGO, June 26 (AP)—George T. Dunlap, jr., of Princeton, defending the title, and Tommy Aycock of Yale, winner of the championship in 1929, were paired in one semi-final match of the national intercollegiate golf tournament today, while a pair of Ohio state youngsters, Johnny Florio and Bob Kepler, were opposed in the other.

The four, survivors of the hazards of the Olympia Fields number four course and the terrific heat, were all that remained of the starting field of 119 college stars, and each had earned his place in the semi-finals.

U. S. currency is printed with 98 pounds of ink on every 100 pounds of paper. Each sheet of paper money is counted 18 times, 15 times by hand and three times by machines.

FIGHTS LAST NIGHT

(By The Associated Press)

PROTEST MADE ON PROPOSAL

RESIDENTS AGAINST CHANGING NAME OF DIXIE DRIVE

The first step in creation of a city fire prevention board was effected and a petition protesting changing of the name of Dixie Drive to Paris street was presented at a meeting of City commission at City hall Thursday afternoon.

The change was proposed in connection with a city-wide correction of numbers of homes and business houses. The petition bore about dxty names.

R. Bush Smith, who circulated the petition, and Byron R. Shaw appeared before the commission and stated that the residents of homes fronting on Dixie Drive desired a hearing before the change was finally approved.

To Hold Hearing

Mayor J. J. Clements told the two property owners that an open hearing would be held before any further action was taken in the matter by the commission. The meeting probably will be held within a week, the mayor told Smith and Shaw.

The petition states that the property owners and residents of Dixie Drive are opposed to any change in the name of the two-block thoroughfare, which is between Avenue P and Q and below Nineteenth street.

Name Suitable

"We are satisfied with the name as it is," the petition said.

Mr. Smith said last night he was informed of the proposed change Tuesday when a card was left at his house informing him of his new address.

"Most of the residents on Dixie Drive, except those living in apartment houses, own their homes," Smith said. "We have developed Dixie Drive and take a great deal of pride in it and for that reason, and as a matter of tradition, we oppose any change of name."

Mr. Smith said every person approached signed the petition.

An ordinance providing for creation of a city fire prevention board was passed at its first reading and probably will be introduced at the next regular session of the commission for final passage, commissioners said.

The ordinance would create a board of five members, two of whom would be the city fire marshal and chief of the fire department. The other three members will be named when the bill is finally enacted, it was indicated by the commission.

To Form Nucleus

The new board will form a nucleus for a fire prevention educational campaign Mayor J. J. Clements said. The ordinance was suggested by State Fire Insurance Commissioner Dowese last week when he met with city officials and members of the chamber of commerce fire prevention committee. Credit toward a fire insurance rate is allowed cities for fire prevention educational program, city officials were informed.

The proposed ordinance, in part, follows:

Ordinance Is Given

"It shall be the office and duty of the board to advise and counsel the city government, city officers and employees as to the best and approved means and ways of preventing and extinguishing fires, and also as to the best ways and means to discourage, apprehend and convict for the crime of arson; to advise and counsel the citizens as to the best ways and means for prevention of fires, and to recommend the most approved rules, regulations and equipment relating to preventing and extinguishing fires.

"The board also shall advise and counsel the city officers, citizens and fire insurance writers as to rules, regulations and inspections relative to fire insurance of property in the city, and may, when it deems proper cause an investigation of each fire that occurs. The board shall make an annual written report at the close of each fiscal year, reporting its activities and the events during the past year within its zone of action, with recommendations.

Creates Committee

"The board shall be authorized and empowered as in line with its office to create with its members, a fire inquest committee, whose duty it shall be to work with the city fire marshal in the investigation of fires."

R. C. Smith, manager of the Bell Ice Cream company, was named a member of the Board of City Development to fill the unexpired term of Claude Burrus, who recently resigned. Mr. Burrus, who is a member of the county commissioner's court, in submitting his resignation said he was forced to do so because of press of private business and duties as a county commissioner.

Appointments to the city building code board also were made by the commission. Appointees were Bill McMillan, H. N. Roberts and Hugh Dyer.

Farmer Uses Odd Team For Plowing

After losing his horses during the winter, and failing to have enough money for a new team, StanleyFrakouski, 65-year-old farmer of St. Clairsville, O., rigged up this novel pair. It is composed of an old gray mare and a Jersey bull. His seven-year-old son guides the plow Frakouski coaxes the odd team to pull it through his fields.

FATE OF CANAL WITH JURY

ARGUMENTS FINISHED IN 3-DAY HEARING HELD AT HOUSTON

FORT WORTH, June 26 (AP)—Fate of the Trinity river canal project was in the hands of an army engineer jury today. The last of arguments for and against canalization were presented last night before Major Milo P. Fox, Galveston, who conducted the three day hearing here.

Last words left with the engineer were those of railroad opposition which sought to impeach as "based on assumptions highly inflated and likely to mislead," the evidence introduced by advocates of the canal. Both canal proponents and those antagonistic to the project, however, will have an opportunity to file written answers with the major during the next 30 days.

Railroad representatives who led the opposition to the canal were joined in the last day of the hearing by representatives of three West Texas cities, Wichita Falls, San Angelo, and Amarillo. Since the envoy from each of the towns was a member of the West Texas Chamber of Commerce, traffic committee, railroad attorneys made an attempt to show that their attitude toward the canal is representative of the entire regional organization.

They elicited the statement from D. H. Berry, traffic manager of the San Angelo Chamber of Commerce that four of the five members of the regional traffic board are opposed to the canal. The fifth member, presumably is Ed P. Byars, manager of the Fort Worth Chamber of Commerce freight bureau and leading counsel for the Trinity River Canal association.

Abernathy Wheat Harvest Under Way

(By Staff Correspondent)

ABERNATHY, June 26.—Wheat harvest is well under way in the Abernathy territory with yields reported as higher than had been expected earlier in the month.

The elevators here are running day and night, receiving wheat from farmers who are cutting their crop with combines. Several hundred cars may be handled this year.

Yields reported from west of town indicate an average of between 20 and 25 bushels. Wheat in this section is better than it is east of town, where the average will be between 12 and 20 bushels.

WHEAT POLICY DISCUSSED

REEXAMINATION MOVE GAINS NEW FORCE IN WASHINGTON

WASHINGTON, June 26 (AP)—Demands for a reexamination of the farm board's stabilization wheat sales policy today gained new force.

Representative Andersen, Republican, Minnesota, suggested a round table conference attended by President Hoover, Agriculture Secretary Hyde and Chairman Stone of the farm board to determine exactly what is to be done with the more than 200,000,000 bushels of wheat bought to steady domestic markets.

May Outline Policy

The view is held in some administration quarters that when Stone returns from his western trip, the board, influenced by insistent clamoring for a more definite statement of policy, is likely to study the question again and that the chairman may outline the board's position to the president.

Nevertheless, these same quarters believe the board's recent affirmation of its March 23 policy of handling the stabilization supply "in such a way as to impose the minimum burden on domestic and world prices" will not be modified.

The requests for a definite pledge that the wheat will not be sold for a year, or until prices improve, have come in increasing numbers to both the board and the White House. Mr. Hoover is known to be keenly interested in the situation.

Request Made

Kansas grain men were told last week after a request for a definite pledge had been made that the board would stand on its Mar. 23 statement. Representatives of the grain trade who met with Stone here in May also were given the same answer. Some traders insist the stabilization holdings have a depressing effect on domestic markets.

The board is said to feel that it wants to be fair to take advantage of any favorable situation in the world trade. Stone has said wheat would be sold abroad if a market is found and if it does not adversely effect prices.

Wheat Tests High In Plainview Area

(By Staff Correspondent)

PLAINVIEW, June 26.—Wheat in Plainview's territory now being received here, is testing better than 60 pounds to the bushel, J. B Wallace, federal grain inspector here, says.

"The best wheat tested 62.8 pounds, but the most of it has not run above 62 pounds, Mr. Wallace said. "I do not recall any wheat testing below 60 pounds."

Mr. Wallace is expecting to test between 3,000 and 4,000 cars of wheat this year. The wheat comes from a wide territory and with a number of Plainview men having wheat acreages in the North Panhandle, the federal inspection bureau here has been receiving considerable wheat for inspection enroute to gulf ports.

Rumors Of Second Marriage Confirmed

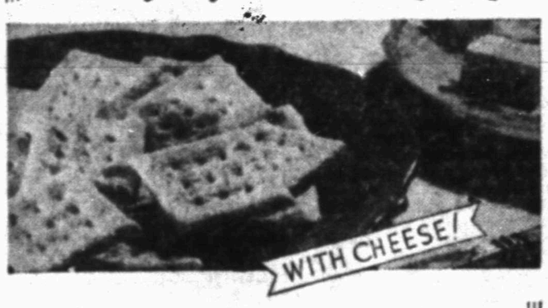

HOLLYWOOD, Cal., June 26 (AP)—Rumors of the second secret marriage of Marceline Day, screen actress, and Arthur J. Klein, New York furrier, were confirmed here today by Miss Day's mother, Mrs. Irene Day.

Mrs. Day said the first ceremony occurred sometime ago in Mexico. The second took place at New York several weeks ago, when the couple began to doubt the legality of the Mexican ceremony.

Break one... you'll see hundreds of tiny, delicate flakes

that's why they are so tenderly crisp!

LAYERS of delicate flakes, tiny, fairy-like caverns...the perfect texture for a crisp bite. The *extra* flakiness of Brown's Saltine Flakes is no accident. It means the finest quality ingredients and special care in baking. The result is the crispest, most flavorful cracker you ever tasted . . . Serve these dainty, slightly salted squares all through meals!

Thought For Today

Take therefore no thought for the morrow; for the morrow shall take thought for the things of itself.—St. Matthew 6:34.

* * *

WORRY is rust upon the blade.—Henry Ward Beecher.

From A New Angle

If the problems of charity are a little bit harder to understand now than they used to be, blame the automobile.

Having changed most other phases of our civilization, the auto has also done things to the old allied issues of poverty, crime and relief work.

In Cleveland the other day a man was arrested while siphoning gasoline from the tank of a parked car into the tank of his own machine.

It developed that he was a hitherto law-abiding citizen; an honest and industrious workman, who had been out of a job for a year or more and who was resorting to theft simply because he had no money to buy gasoline of his own.

Here is a new twist to an old problem. The honest workingman who is driven to crime by poverty, and steals a sack of groceries or snatches a purse in order to keep figure of every business depression. Usually he gets lenient treatment, quite properly. But how about this new case? Is there a parallel? Is a starving auto on the same plane with a starving family?

Somewhat similar are the reports of welfare workers, who point out that families that have reached destitution through unemployment usually hang on to their automobiles like grim death, squeezing out nickles and dimes for gasoline when the larder is actually empty. Most welfare organizations have made it a rule not to extend help to families that have not sold their cars.

At first blush one is inclined to be sharply critical of people who persist in sticking to their automobile when the cupboard is bare. But there is, after all, something to be said of them.

We live in an automobile age. For the majority of Americans the auto has ceased to be a luxury and has become a necessity. Thousands upon thousands of urban workers live far out in the suburbs, beyond the reach of the car lines, and cannot get to and from the city without their autos—unless, of course, they walk three or four miles each way.

Furthermore for a steadily increasing percentage of its population, the automobile has become almost the only form of relaxation. Except for their afternoon and evening drives—aimless, pleasant and healthful—many Americans get almost no recreation at all.

Are such people to be blamed for wanting to keep their autos?

In other words, we have made a civilization in which the automobile is the keystone of the arch. Should we get too indignant when those who, through no fault of their own, are plunged in poverty persist in trying to maintain the family car?

The Difference

News that a mutiny on the yacht of Zane Grey, famous novelist, has forced him to abandon a proposed 18-months' cruise in the South Seas emphasizes the fact that the same experience can mean entirely different things to different people.

A long yachting cruise in the South Seas seems, offhand, like one of the most delightful experiences possible for mortal man. Mr. Grey and his guests undoubtedly, looked at it that way. But the crew didn't.

The crew would have enjoyed the same balmy climate, the same warm tropical nights, the same magnificent ocean vistas and the same palm-decked islands that the afterguard enjoyed. But there was, apparently, a difference.

To get those things in a comfortable deck chair under an awning is not, it would seem, quite the same as working one's way through them. The yachtsmen found it a privilege to leave civilization far behind; the crew felt otherwise. The point of view, apparently, makes all the difference.

The government of Brazil has dropped the letters K, W and Y. Thus intensifying the depression among alphabet soup makers.

The PLAINSMAN Says:

That Girl on Broadway says a piano is one thing you can lock and leave the keys inside.

* * *

Many women unhandy with a needle have no trouble sowing wild oats.

* * *

ADD to your list of home town boys making good the name of T. L. Mullican, formerly of Lubbock and now a leading citizen of Levelland. Although still far from 30 years of age, young Mr. Mullican has established himself as an up-and-coming citizen of the Hockley county community.

* * *

Not long ago, this Lubbock reared product moved to Levelland as part owner of a motor company. Against his wishes—and until the last minute, without his knowledge—friends ran him for mayor and he was defeated by a half dozen votes. Later, when the mayor was called by death he was appointed to the post but declined to serve. Since that time he has purchased the entire business in which he was originally interested, and friends are booming his candidacy for the state senate, based upon his fine record as head of the Texas Cotton Co-operative association in his home territory.

* * *

He will not run for the senate, he told The Plainsman a day or two ago, because he has work to do. But T. L. Mullican, son of Mr. and Mrs. Lon Mullican of Lubbock, has no need of seeking political honor to establish his connection in the great, new country he has chosen for his home. He has already made a good record—for a young man a remarkable one.

* * *

SWITZERLAND is the oldest republic in the world—that probably surprises you, but it's true, never-the-less. What is also striking about Switzerland is the fact that throughout its present form of government it has never been engaged in a war or in an international misunderstanding.

Clever people, those Swiss. They have prospered, have remained contented over a period of years when the rest of the world has been riding on a whirligig.

* * *

Congressman Marvin Jones is authority for a story about Switzerland—a story based upon an event of a score of years ago.

Kaiser Wilhelm was a guest in Switzerland and, as a courtesy to the then reigning emperor of Germany, he was asked to review the troops. Switzerland is very proud of its troops, which are particularly well-drilled and well-equipped.

As the columns swung by, one after another, the Kaiser was surprised at what he saw. Turning to the Swiss general, he asked:

"How many men could you place in the field for combat?"

"Five hundred thousand, sire", the general responded proudly.

"Well, what would happen", the emperor pursued, "if I should place a million men against you?"

"In that case, sire", was the still proud answer, "each of my men would be forced to shoot twice!"

* * *

That Man on Avenue Q says it always takes two people to start an argument—his wife and her mother.

* * *

A woman motorist held out her hand correctly and executed a perfect 'U' turn at Texas avenue and Main street yesterday. However, she escaped in a maze of traffic before her identity could be established.

* * *

OUT in El Paso important citizens, led by former mayor and now Congressman R. E. Thomason, are rallying under the banner of Franklin D. Roosevelt, of New York, leading contender for Democratic laurels in the coming presidential derby. More and more it looks like the New Yorker, as far as the nomination is concerned. Other names are mentioned in a whisper but that of Governor Roosevelt is heard in a roar on every side.

* * *

Referring again to the visit here yesterday of Congressman Jones, The Plainsman made bold to ask that gentleman what he thought about the outcome of the pre-convention campaign.

The answer, while somewhat noncommittal, is worthy of consideration.

"Mr. Roosevelt", said Congressman Jones, "is undoubtedly the leading aspirant—if he can be called an 'aspirant'—at this time. He is a very capable man and I believe he can win if nominated.

"But these are unusual, uncertain times and many things can happen. If nothing arises to disturb the present situation, Mr. Roosevelt likely will receive the nomination."

* * *

The coming campaign, however, will be one in which the Democrats, rather than the Republicans, hold the 'hole card'. Faced with the necessity of relying on Herbert Hoover as the standard-bearer, the Republicans are in what is generally known as 'a tight'. The Democrats, on the other hand, have three or four other 'bets', each of which may be expected to run as strong a race as the present favorite, Governor Roosevelt.

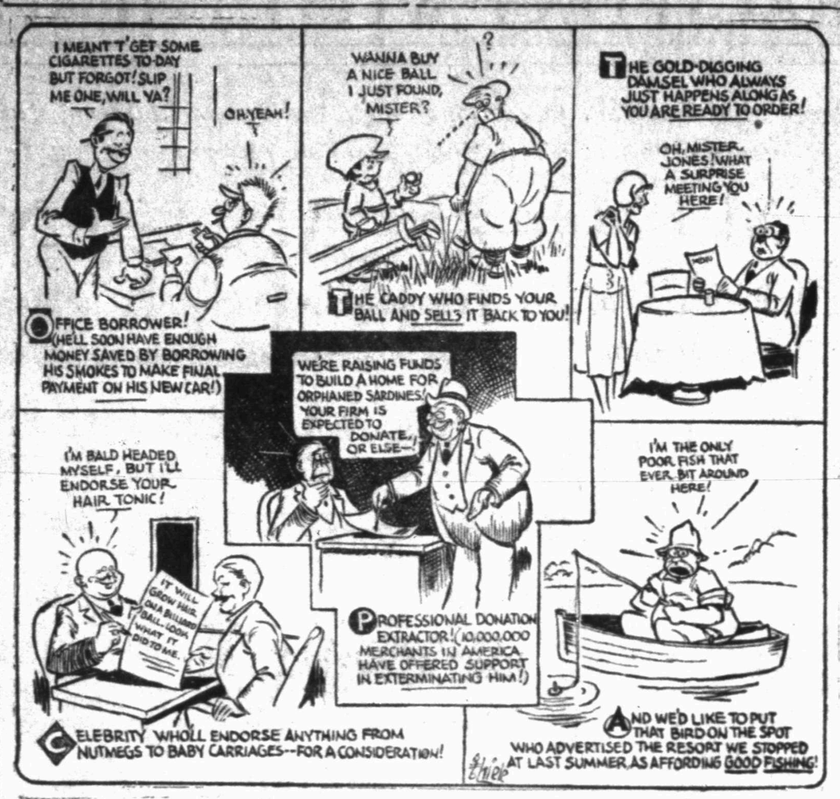

* * *

IF THE GOP's drop Hoover in the middle of the stream, they will be admitting that they 'worked a lemon' on the people in 1928. If they don't drop Hoover, they have an awful fight on their hands.

And the Democrats—with a united front—will be able to laugh at the predicament of their rivals. Cordell Hull, Newton Baker or Joe Robinson can be expected to run strong races if nominated—not to mention the admitted strength of Governor Roosevelt.

The coming campaign will be a lulu—there's little doubt of that.

A Few "Racketeers" We Might Start On Next!

"Without-Or-With, Offense To Friends Or Foes, We Sketch Your World Exactly As It Goes"—Byron

More Than 250,000 Pictures Of George Washington To Be Distributed Next Year On 200th Birthday Anniversary

BY RODNEY DUTCHER
NEA Service Writer

WASHINGTON, June 26—If you can keep George Washington out of your sight next year you'll have to be living in the woods without any money.

DUTCHER

The mint will start putting Washington's portrait on all of the dollar bills. It is also on all the two-cent stamps and just because next year is 1932 the postoffice will put a different picture of George on each of the other 11 stamps in denomination from one-half a cent to 10 cents.

But that isn't the half of it. Listen to Congressman Sol Bloom, director of the George Washington Bicentennial Commission.

"I predict," he says, "that more than 250,000,000 pictures of George Washington will be distributed. Of course, if you get into the copies of Washington pictures appearing in newspapers and magazines it will run into billions."

Pictures Everywhere

In other words, the country is going to be positively plastered with pictures of the Father of the Country on the theory that no one will ever get tired of looking at him.

Every telegraph blank will bear a Washington picture, one is advised at the commission's headquarters. Special posters of the old gentleman will be stuck up in every one of 49,281 postoffices. Separate posters are being officially made for railroad stations in addition to those which railroads themselves will devise to stimulate travel to historic shrines.

To every schoolhouse in America goes another specially designed portrait of Washington in frame and colors. Pullman dining cars will print the face of the immortal George on their menus and some of the very largest railroads have promised to do the same thing to their time-tables.

The latest telephone directory here in Washington bears the reproduction of a George Washington bust along with a reminder of the bicentennial and representatives of the commission are negotiating now with a view to having every telephone directory in the country carry a similar cover next year.

Boosts Souvenir Trade

Five-and-ten-cents stores will sell for a dime handsome little framed portraits. A host of firms are already designing innumerable banners, badges, buttons, plaques, blotters, silk goods for dresses, almanacs, school books and other books—all of which will bear some sort of a likeness of George. The commission gives advice and approves.

The big calendar companies will make 1932 bicentennial calendars and if you get a free calendar from your favorite insurance company, railroad, delicatessen dealer or bank with a brief biography of the great man and one or 12 scenes taken from his life you can thank the Congress which decided that 1932 ought to be celebrated in a big way and the commission which has been whooping it up.

The Masons are getting out a poster called "George Washington the Mason" which will be placed in all their lodges.

And the ads of 1932—did you know that George Washington made his own flour, had his own hogs killed, sent the help down to the river for ice, hunted game and rode in a coach? Well, the commission knew it and it has tipped off the millers, packers, electric refrigerator makers, gun manufacturers, automobile companies and many others that such themes furnish swell ideas for advertising copy. As Bloom suggests, that probably means billions of copies of Washington pictures.

Medals for Schools

If by any chance you should miss seeing what Washington looked like by any of those means you may be able to catch a glimpse of him on a series of medals to be used in school contests on bicentennial automobile tire covers such as may now be seen along with thousands of newspaper and magazine articles about George which the commission expects to be printed and for which it will supply art, at special exhibits of paintings of Washington, at formal presentations of Washington busts to all governors and mayors of large cities, in news reels covering presentations and other ceremonies, in the great movie called "The Story of George Washington" now being prepared and divisible into short subjects, in the commission's own sound-color movies enacting episodes of George's life, through special reels on Washington being prepared for weekly meetings of 840,000 members of 4-H clubs, in portraits furnished for lectures at various culture clubs and historical societies or through slides being produced for stereoptican lectures.

This modest program for the picturization of George Washington is just a mite of what the commission is doing to sell the Father of his Country to his 120,000,000 children on the 200th anniversary of the year of his birth.

Diet and Health

By LOGAN CLENDENING, M.D., Author of "THE HUMAN BODY"

EDITOR'S NOTE: Six pamphlets and six articles by Dr. Clendening can now be obtained by sending 10 cents in coin for each pamphlet and 2 cents in coin for each article, with a self-addressed, stamped envelope, to Dr. Logan Clendening, in care of this paper, or Central Press Association, 1439 East Twelfth street, Cleveland, O. The pamphlets are: "Reducing and Gaining." "Feminine Hygiene". "Indigestion and Constipation." "The Care of the Hair and Skin." "Infant Feeding" and "Instructions for the Treatment of Diabetes." The articles are: "Normal Diet," "List of Books for Mothers," "Bed Wetting," "Diet of the Expectant Mother," "Ear Troubles" and "Tuberculosis."

STANDARDS FOR CAMPS

In selecting a summer camp for your children, inquire into the sewerage system, and method of garbage and refuse disposal. The following standards were recommended several years ago by a writer for the Journal of the American Medical Association.

Dr. Clendening

"Sewerage System, Garbage and Refuse Disposal:

"(a) Choice of a System

"1. Water Carriage. Septic tank followed by intermittent filtration or irrigation. Grade A.

"2. When running water is not available, use deep lined pits with watertight concrete and covered twice daily with dry earth in order not to interfere with normal biologic action. Locate pits to leeward and distant from water supply. If flies are not kept away, treat daily with crude petroleum. Ultimately burn out pit against surface washings and cave-in. Grade B.

"3. Incineration. Use of Horsfall destructor providing carriage through camp properly supervised. Grade C.

"(b) Toilets: Floors clean, of concrete. Wall about urinals and toilets of waterproof material (e. g., slate). Freedom from odors. Bowls, troughs and seats scoured daily. Room properly screened. Automatic flushing where water carriage exists. Free use of insecticide (borax or sodium fluoride.) Screen all outlets. Toilet paper only to be used. In case of pits use of automatic closing seat covers; pit to be dark and fly proof, with urinals emptying at an angle and creened. Daily treatment with petroleum.

"(c) Garbage and Refuse: Incineration (type such as multiple shelf incinerator of Williamson.)"

We have discussed the location and terrain of the camp, the water supply, the sewerage and garbage systems. The fourth important question is food supply.

The food should be ample, of good quality and variety. We have received many letters from parents complaining that children have come home from some of these camps in a half-starved condition. In some camps there are supervisors who are diet faddists; with elaborate and erroneous theories they work on the children's minds and direct the menus. There should be milk, eggs, fresh butter, bread—both brown and white—meat, fresh fruits, vegetables and desserts sufficient to supply enough protein, fat, carbohydrates, vitamins and inorganic salts for healthy, young active bodies.

There should be proper refrigeration and storage facilities. Temperature below 50 degrees F. for all fresh food. Careful inspection of canned foods for spoilage ("swelling"). The storeroom should be dry and well ventilated, and free from vermin. All food should be screened.

The only kind of milk that is considered safe for such camps is such as has been Pasteurized.

QUESTIONS FROM READERS

M. T. R.: "I have a rheumatic heart. As yet I have not had any of the signs—shortness of breath, etc. I am 35 years old and have three babies. I am writing to ask you if there is any chance of recovery or for a life long enough to see my children grown."

Answer: No treatment is indicated at the present time on the basis of the symptoms as you describe them. The outlook for living to a considerable age is very good. I saw a patient presented in a clinic a few weeks ago who had had a rheumatic heart since the age of 15 and he was 77 years old.

DAILY ALMANAC

Fair

WEST TEXAS: Generally fair tonight; Saturday increasing cloudiness, probably showers in southeast portion.

EAST TEXAS: Mostly cloudy, showers in south and east portions tonight and Saturday. Light to fresh shifting winds on the coast.

ARKANSAS and OKLAHOMA: Fair tonight; Saturday increasing cloudiness.

SWAN

In New York With Gilbert Swan

NEW YORK, June 26—"Collector's item" is a snooty way of saying that something is rare enough to belong to the antique class.

And you'd be surprised at how many things common to the youth of most of us are becoming "collector's items."

Take the napkin ring! Well, you better take it and hold on to it, rummage around the garret for those quaint old ones that grandpa used. For one of these days they'll be worth good money. Collectors are buying them up, so I am told. Madison avenue antique stores display them.

And to think that once I used every trick and device to get rid of the little wooden ring that had my name neatly carved on it! I'd let it roll under the table and pretend I couldn't find it. I'd hide it in the cupboard! Anything to avoid neatly tucking my napkin in it after a meal was finished.

* * *

Remember how the kids used to muss the napkin up any old way and stick it into the ring, trying to get away from the table in a hurry to go out and meet "the gang"? Funny, the change that has come in the meaning of the word "gang". Then it was an innocent appellation referring to "the bunch"—the lads you played around with. To be sure, your "gang" probably got in a fight with another "gang" that tried to use your baseball lot on a Saturday morning. And even then there were tough, roving "gangs" from "over the bridge" who would go bullying their way across the little town. And generally wound up in a free-for-all.

Today they prowl with sinister purpose and with gats at their hips. Nor are they altogether the spawn of the great cities. A youngster from a small town on the Ohio River was telling me just the other night that such youthful marauders are abroad in the night; and that young folk are in constant fear of meeting them.

Well, it makes me a bit grateful that I was a youngster when I was. I suppose the neighbors whose gates we removed and on whose fences we tried out our new jackknives thought us a pretty hard lot, and would come to no good end.

* * *

There was an O. Henryesque end to one of my boyhood tales. Just a few blocks down street liver a couple of older boys, brothers, who never failed to roughhouse either myself or a lad who was my particular crony.

One day, down the alley in Goldie's barn, the two of us took a solemn boyish oath to "get even" some day. We didn't call it "revenge" in those days. The idea was that when we grew bigger we would join forces and wallop them roundly.

Well, we "grew bigger"—and my family moved away from Michigan and headed westward toward the Pacific Coast.

I forgot about boyhood and vows and all the rest, grew up and became a newspaper reporter.

One of my cub jobs was in San Bernardino, Calif., where I dug up items in the Santa Fe yards. A train was coming in, headed for the desert. It stopped, as usual, to give passengers time to grab a bite in the depot restaurant. I was leaning against the magazine rack talking with the news butcher. As the people left the train, one young man came over and asked for a package of cigarets. His cheeks were sunken; there were deep hollows under his eyes. One didn't need a second look to explain why he was headed for the desert.

He stood staring at me, and I stared back. It was one of those moments when some vague prompter of the memory asks: "Where have I seen you before?"

We both asked the question at the same time. Oh, well, you've guessed the answer. It was one of the lads I had vowed to "get even" with—headed for the desert, a tubercular!

A ploughing contest is to be broadcast in England. But do you suppose the censors will stand for the dirt?

They called him a hula hula dancer because he had something on the hip.

Flapper Fanny

Marry in haste and you may not have any leisure.

THE TINYMITES

STORY by HAL COCHRAN—PICTURES by KING

(READ THE STORY, THEN COLOR THE PICTURE)

THE toy shop man just bowed his head, smiled at the Tinymites and said, "I love to have the little folks drop in and see my toys. I'm usually busy as can be. I make these things myself, you see. I guess I have most everything to please wee girls and boys."

Said Clowny, "I'm not fooled at all. I know what's hanging on the wall. Big stockings, made for Santa Claus to carry once a year. I've had one every Christmas morning since the day that I was born. Yours look the same as Santa's. Say, what are they doing here?"

"Oh, I made those for Santa Claus to use next Christmas eve because he is afraid that he'll run short. I'm glad to help him out. Right in my shop they're going to stay till he next starts out in his sleigh. If you're real good you will get one at Christmas time, no doubt."

And then they spied fine dolls galore and bigger toys upon the floor. The Tinies spent about an hour just looking 'round the place. The Travel Man then said, "I think I'd like some lunch and a cool drink." "Gee, so would I," snapped Clowny, with a smile upon his face.

Right after lunch the Travel Man said, "Well, boys, we'd best leave Japan. I've hired a monstrous seaplane. To the Philippines we'll hie. Today's the best time for our start. With short goodbye we will depart. I'm sure you all will get a thrill from sailing through the sky."

So, in about an hour or so the Tinymites all shouted, "Oh! That plane is sure a beauty. How are we to get aboard?" The Travel Man replied, "By boat. There's one now waiting, you will note." They rowed out to the plane and then its trusty engine roared.

(The Tinymites arrive in Manila in the next story.)

WHEN SYSTEM NEEDS CLEANING

Take Black-Draught To Help Throw Out the Poisons Attending Constipation.

"I have used Thedford's Black-Draught off and on for twenty-five years, and have found it to be a good medicine," writes Mr. Dave Stewart, of 1912 East Second Street, Austin, Texas. This medicine, he adds, had been used in his father's home for many years and was "our general family medicine."

"My health was always good. About all I ever took I used for constipation and bilious, sick headaches.

"It is a fine medicine to take when a man gets up in the morning feeling dull and sluggish. After a course of it, I feel fine. It seems to rid the system of poisons which come from constipation."

A somewhat similar experience is described by Mr. M. T. Sandies, of 119 Williams Street, Columbia, S. C., who says:

"About all the medicine I need is a laxative for constipation. When I get bilious or constipated, I suffer from sick headache, and feel dull, tired and stupid. Then I take a dose of Black-Draught and get relief. It is splendid to cleanse the system."

"Web Feet" Is Latest For Soldiers

Taking a tip from the web-footed ducks, Austrian soldiers are now trying out pontoons. Here is an infantryman, perfectly balanced, ready to shoot in a recent target practice. The water skis will be used in fording rivers and will also enable troops to give aid in flood times.

RADIO PROGRAMS TO FEATURE FIGHT

NEW YORK, June 26 (AP)—The Schmeling-Stribling heavyweight championship fight at Cleveland July 3 is to be the theme of several broadcasts next week.

Included will be an interview with James J. Corbett, former champion, by Grantland Rice on WEAF-NBC Wednesday night Corbett is expected to give his opinion on the outcome of the scrap.

At noon Friday, WEAF-NBC will carry the story of the weighing in of Schmeling and Stribling which is to take place in the studio of WTAM, Cleveland.

That night, according to arrangements now being made, the fight itself will be described for the NBC network.

Rates, Rules and Requirements of Classified Advertising Of The
Lubbock Daily Journal
(Afternoon)
Lubbock Morning Avalanche
(Morning)
Sunday Avalanche-Journal
(Sunday Morning)

All classified advertising will appear in both the Morning and Afternoon papers—both papers counting one insertion. All classified advertising is printed in the Lubbock Morning Avalanche first and the Daily Journal of the same date, no classified originating the afternoon paper.

Classified for Sunday's issue will appear in the Avalanche-Journal counting one insertion, as this paper is sent to all subscribers of both the afternoon and morning papers.

AVALANCHE-JOURNAL
Combined Rates:
Minimum words, per insertion, 10.
One insertion, per word 4c
Two insertions, per word 6c
Three insertions, per word 7c
Seven insertions, per word 12c
Thirty insertions, per word 45c

These rates are for consecutive insertions only. Additional consecutive insertions over 30 times, of 1½c per word each.

All out of town ads, received by mail must be Cash with order. No exceptions.

PHONE 13 or 14

Our experienced ad taker will receive your ad and help you to word it, then our collector will call the following day. These accounts are "accommodation accounts" for our patrons and for one day only. No advertisements accepted on an "until forbid" order. A specified number of insertions must be given.

We reserve the right to place an advertisements under the proper classification and reject unclean or objectionable copy.

Obituaries and cards of thanks at regular classified advertising rate.

The publishers are not responsible for copy omissions, typographical errors, or any unintentional error that may occur further than to correct it next issue after it is brought to their attention. All advertising orders are accepted on this basis only.

Classified Advertising accepted until 5:30 P. M. on week days, and 5:30 P. M. on Saturdays, and all advertising received after 5:30 P. M. will be placed under "Too Late To Classify."

For classified display advertising information,

PHONE 13 or 14

TO DISCONTINUE AN AD

Notice to Discontinue An Ad must be given after 8 A. M. and before 5 P. M. to some member of the Classified Advertising Department. We cannot be responsible for notices given before or after these Hours, and to a member of some other Department.

DAILY MARKETS

Stock Market

WALL STREET REPORT

NEW YORK, June 26 (AP)—The broad advance in share values was resumed in today's stock market as reports from Paris and Washington and the Franco-American war debt negotiations were distinctly cheerful.

The market opened with a brisk upturn, encountered some extensive profit-taking, but pushed forward again in the late morning. Trading however, was in smaller volume than yesterday.

Steels were conspicuously strong. Bethlehem rose 4 and Youngstown 7 on revived merger rumors. Republic rose 2, and U. S. Steel 3. Miscellaneous issues advancing 2 to 4 included Anaconda, American Smelting, American Telephone American Can, American and Foreign Power, and Atchison. Auburn shot up more than 8.

Call money renewed at 1 1-2 per cent.

Cotton Market

NEW ORLEANS OPEN

NEW ORLEANS, June 26 (AP) — Cotton opened steady today in sympathy with rather better Liverpool cables than due, and first trades showed gains of 1 to 3 points. The market continued to improve after the start due to a firmer opening of the stock market. July traded up to 9.81 October to 10.22 and December to 10.46 or 7 to 10 points above yesterday's close.

Later in the first hour the market eased off on profit taking and on selling on favorable weather in the cotton belt. October eased off to 10.12 and December to 10.38, down 8 to 10 points from the early highs. At the end of the first hour the market was steady, and had recovered 3 to 5 points from the lows.

The market became quite active after the first hour and prices advanced sharply owing to reports of further progress in the international debt proposal and to firmness in the stock market.

October traded up to 10.50 and December to 10.72, or 36 points above yesterday's close.

Near mid-session prices eased off 6 to 7 points from the top on realizing and some selling owing to the weekly statistics which proved less satisfactory than expected, particularly mill taking.

NEW YORK REPORT

NEW YORK, June 26 (AP)—Cotton opened steady today 1 point lower to 1 point higher.

There was considerable realizing but offerings were not heavy, and were sufficiently well taken by trade buying and commission house demand to send the active months about 4 to 7 points net higher right after the call with October selling at 10.21. The market held within a point or two either way of yesterday's closing quotations at the end of the first half hour.

Liverpool cables said local and continental liquidation in that market had been absorbed by covering and trade calling and reported a fair inquiry for cotton cloths from India and Egypt, but said many offers were unworkable.

The early offerings were readily absorbed and the market firmed up later in the morning on the steadiness of stocks and optimism as the prospects for an agreement on the international debt proposals. Prices for all months made new high high ground for the movement with July selling up to 10.04 December to 10.70 making the general list about 28 to 31 points net higher.

There was covering and rebuying by recent sellers for a reaction as well as some trade buying and some observers thought they saw indications of a broadening commission house interest. Prices at midday were firm and within a point or two of the best.

NEW ORLEANS OPEN

NEW ORLEANS, June 26 (AP)—Cotton futures opened steady:

July 9.75; Oct. 10.15; Dec. 10.38; Jan. 10.48 bid; March 10.70; May 10.90.

NEW YORK OPEN

NEW YORK, June 26 (AP)—Cotton futures opened steady today:

July 9.75; Oct. 10.13; Dec. 10.37; Jan. 10.49; March 10.68; May 10.88.

Grain Market

CHICAGO REPORT

CHICAGO, June 26 (AP)—Despite stock market buoyance, wheat pursued a downward course early today. Harvest conditions for new domestic winter wheat were bearish, and trades displayed persistent inclination to await evidence that government sponsored old crop holdings would not compete with the new 1931 crop.

Opening unchanged to 3-8 cents lower, wheat afterward underwent an all around setback. Corn started 1-4 off to 1-8 up and subsequently scored general gains.

Lubbock Markets

These prices are furnished by the following Lubbock firms: Poultry — Lubbock Poultry and Egg company, delivered Lubbock. Dairy Products—Bell Ice Cream company and Mistletoe Creameries: Grain — S. E. Cone Grain and Feed company, following prices being asked by Lubbock grain dealers. Cotton—Blocker Cotton company. All prices subject to change during day.

All Ready For The Most Dramatic Rendezvous In History

Final arrangements are being made for the polar rendezvous of the submarine Nautilus and the Graf Zeppelin, sometime this summer. Photos above show the Nautilus and the Graf, top; below, Sir Hubert Wilkins, left, and Dr. Hugo Eckener, right. Map center, indicates the routes both craft will follow to the pole, where they hope to meet for most dramatic rendezvous in history.

To Guard Against Drinking Tear Gas

WASHINGTON, June 26. (AP)—Tear gas is going to be mixed with methanol radiator anti-freeze solutions and the liquid is to be colored a vivid violet as a safeguard against drinking the deadly poison it contains.

A pledge from manufacturers of anti-freeze solutions using methyl alcohol to mark it plainly and make it as undrinkable as possible after July 1 was made public here today by Surgeon General Cumming of the public health service.

Body Of Youth Is Found In Bushes

FORT WORTH, June 26. (AP)—The bullet-riddled body of Claude Prater, 16, was found this morning on the Winfield Scott ranch, 20 miles southwest of Fort Worth, by two deputy sheriffs.

It was under a clump of bushes, apparently where it had stopped rolling after being tossed over a sloping bluff. The location was several miles from the scene of a gun battle Wednesday night between four youths and men who evidently were defenders of a still on Mary's creek.

RANGE RIDERS

(Continued from Page One)

Snyder and Bill Elliott of Spur, 23 2-5 seconds.

Steer riding: Dock Guynes, Shamrock first; Leonard Young, Avoca, and Jack Wilmeth, Channing, tied for second and third places; Johnnie Williams, Pecos, fourth.

An old-time square dance held in an open pavillian last night attracted cowboys of several generations and retired ranchers found square dancing one contest in which they could still compare favorably with cowboys of the present generation.

Old fiddlers from all sections of West Texas began this morning a contest expected to last most of the day. Fifteen fiddlers were entered, recalling to veteran cowmen memories of bygone days with the lively strains of "Sally Goodin."

Members of the reunion who were cowmen before 1895 today were being awarded certificates of membership, the gift of Walter Cousins of Dallas, publisher of the Southern Pharmaceutical Journal and a native West Texan.

COMPROMISE

(Continued from Page One)

Mellon with French officials were expected by the secretary in his statement.

"The French note shows a gratifying cordiality to the president's proposal," said the secretary's statement. It was issued by the state department simultaneously with the text of the French government's note replying to the president's moratorium plan.

The text of Secretary Stimson's statement follows:

"The French note shows a gratifying cordiality to the president's proposal. As we understand it, the French government is mainly concerned that there should be no breach in the integrity of the Young plan agreements. France expresses a willingness to forego the retention of any German payments for a year.

"The president's plan does not propose a reconsideration or impairment of any international agreements, including our own debt agreements. His suggestion extended only to the simple postponement for one year of the payments under such agreements.

"The question of the method by which this postponement is to be accomplished and the ultimate payment of the postponed amounts are matters requiring negotiation and settlement between different governments.

Hopes For Success

"There are suggestions in the method proposed by the French government which do not accomplish the full measure of relief to debtor nations corresponding to the president's plan and must, therefore, be the subject of further discussion with view to a modification that will bring the full measure of accord of which the fine evidence of cooperation in the French note gives every hope of success.

"In view of the action already taken by some governments in acceptance of the president's plan and the corresponding suspension of payments on inter-governmental debts due July 1, Ambassador Edge and Secretary Mellon are engaged in these discussions with the French government with view to early conclusions."

AMBASSADOR ARRIVES

NEW YORK, June 26 (AP)—Don Salvador de Madariaga, new Spanish ambassador to the United States arrived from abroad last night on the Mauretania. He is the first official of the new provisional republican government to come to this country.

Five bombing airplanes have arrived in Iraq to form the nucleus of the Iraq air force.

FLIERS

(Continued from Page One)

a rousing welcome home.

It was 3:10 p. m. (7:10 a. m. C.S.T.) when their plane alighted at Copenhagen's airport from Bremen, 210 miles away. They had made the hop in 2 hours and 33 minutes.

His Greatest Day

"This is the greatest day of my life" said Hoiriis as he got out of the plane and was picked up by welcomers who paraded about with him on their shoulders.

He clasped his mother in his arms, kissed his sister, shook hands with several other members of the family who were on hand to see his triumphal home-coming, and then heard official welcoming words from the lips of Minister Fruis Skotts, representative of the governments.

It was home for Hoiriis, for he was born in Denmark, leaving here as a boy to go to America. It seemed like home to Hillig, although technically it was not. He is a native of Steinbrucken, Germany, and as soon as the festivities in Denmark are over he and his companion will visit there.

Crowds At Field

The flying field was thronged with Copenhagen residents, many of whom had spent hours there yesterday awaiting news from the fliers while they were making the crossing of the Atlantic from Harbor Grace, Newfoundland.

The aviators received more than welcome words. Former Minister Thyge Rothe, acting in behalf of the aeronautical society, presented them with the society's gold plaquette.

After that ceremony, Hillig and Hoiriis got in a motor car which fought its way through the crowds to city hall where Burgomaster Hedebol welcomed them in behalf of the city of Copenhagen.

BREMEN, Germany, June 26 (AP)—Europe's metric system and a gasoline "jag" were blamed today for the failure of Otto Hillig and Holger Hoiriis to reach Copenhagen last night on their trans-oceanic flight from America.

When they reached Krefeld both were dead tired but ready to push on. Hillig, however, was in poor shape for the reason that in trying to catch a little sleep en route he had stretched out on a gasoline tank and inhaled such a quantity of fumes that he was about ready to slide under the table—if there had been any table.

To add to their troubles, they forgot momentarily that gasoline is sold here in metric liters instead of gallons.

"Pump in fifty," ordered Hoiriis. The mechanics followed his instructions, giving him about 12 1-2 gallons.

"Sure you won't need more?" the mechanics asked.

"No, fifty is more than plenty," replied Hillig, still under the influence of gasoline.

Once in the air, their fuel supply got them over Bremen without difficulty, but when they continued toward Hamburg they noticed that their tanks were dangerously low. Puzzled, they turned back toward Bremen and by the time they had landed it was too dark to continue the journey.

NEW TRIAL DENIED

ORANGE, June 26 (AP)—A motion for a new trial in the case of N. E. Perkins, sentenced to life imprisonment for the murder of Will C. White, a city policeman last year, was overruled by Judge C. E. Richardson in district court here Thursday at one o'clock after a three-hour hearing.

Ten cranes recently replaced an iron railway bridge over the Tiber in Italy, with one weighing 2,900 tons, in 41 minutes.

MURDER TRIAL

(Continued from Page One)

acted honestly and in good faith.

"Gues was shivering and shaking," cried Dudley, "after he had shot down two men without either firing a shot. What scared him They had already died!"

Dudley pictured Guess as shooting down Gomez because he thought the lad was "getting away."

"Then he looked into the car and took the life instantly of another man."

Searched Body

The prosecutor said Guess "searched the body" of Emilio and took a pistol from his pocket—the pistol Guess claims Emilio was drawing when he shot him.

He said Guess shot young Cortes Rubio "while a brother officer stood on the other side of the car who had already taken a gun away" from the young Mexican.

Dudley attacked Crosby for disarming Emilio and said he did so after he saw a pistol in the pocket of the car which the youth had no intention of using.

The prosecutor reviewed state's testimony in detail to the effect that Guess took the weapon from Emilio's pocket and said Guess was the only one to testify the pistol was found at the youth's side.

"The eyes of two governments on you," shouted Dudley. "But that shouldn't sway you. You owe it to your country to see that nothing in the way of a fault or failure enters your verdict."

Pleading for adequate punishment of Guess M. C. Gonzales, attorney for the Mexican consul general, told the jury that Emilio Cortes Rubio, young kinsman of the Mexican president, was "sacrificed to the sanguinary instinct of an irresponsible officer."

He said he believed Guess "planted" a gun he found in the Mexican youth's motor car on the dead body of Manuel Gomez.

Defense Closes

Gonzales followed H. H. Brown's closing argument for the defense in which Guess was pictured as killing the youths in defense of his life as a protector of the American home.

The Mexican attorney declared Emilio was shot as he sat in his motor car with his hands on the wheel or up. He said Crosby "had a gun" on the youth at the time and that Emilio "couldn't move."

"He shot him while he was unarmed," he cried, pleading for a guilty verdict and punishment "so other Bill Guesses will not be so quick to pull the trigger and kill innocent, defenseless boys going through your state."

Guess shot, said Gonzales, when he "had the upper hand," and "when he was prosecutor, jury and executioner."

TRUCK DRIVER KILLED

LONGVIEW, June 26. (AP)—Clarence Crain, 30, of Venton, La., a truck driver was instantly killed, and his companion, L. L. Dickey, 28, of El Campo, was bruised and cut when a Texas and Pacific train struck their truck at a street crossing here today.

TRADER HORN

(Continued from Page One)

washing gold at Cherry Creek, painting pictures in the southern part of the United States, and helping salvage bullion from the wrecked steamship Empress of India.

He came to England at the outbreak of the World war and tried unsuccessfully to enter the British army, declaring he was 20 years younger than his age.

"Trader Horn" was facile in establishing himself with the black races and though sometimes in danger he was usually on the best of terms with natives. He did not hesitate to describe cannibals as his blood brothers.

Forgery Of Suicide Letters Is Probed

NEW YORK, June 26 (AP)—Stanley E. Faithfull's insistence that suicide letters of his stepdaughter Starr were forged engaged the attention of the Nassau county grand jury today.

District Attorney Elvin N. Edwards of Nassau, who has been investigating since the girl's body was washed ashore at Long Beach on June 7, has been informed by handwriting experts that the letters are genuine.

The letters were written to Dr. G. Jameson Carr, ship's surgeon. Edwards desired to question Mr. and Mrs. Faithfull and Starr's sister Elizabeth before the grand jury.

Elizabeth thinks Starr wrote the letters.

Enjoin Commission In Bridge Opening

AUSTIN, June 26 (AP)—The Texas Highway commission has been enjoined from opening the free bridge across the Red river between Denison and Durant, Okla., on Texas Highway No. 6, Gibb Gilchrist, state highway engineer, said today. The temporary restraining order was issued in federal court at Houston by Judge Kennery. Gilchrist said he had been informed.

Plans had been made by the highway commissions of Texas and Oklahoma to open the bridge July 1 with formal dedication exercises set for July 15.

The suit was brought by the Red River Bridge company as the result of refusal of the Texas commission to delay opening of the free bridge until the company had been given longer time to liquidate cost of the toll bridge between the two points.

Sale Of Washington Post Is Prevented

WASHINGTON, June 26 (AP) — Sale of the Washington Post was prevented finally in the District of Columbia supreme court today by Edward B. McLean, the publisher, who exercised a veto provided by his father's will.

Justice Jesse C. Adkins ended the sale proceeding after McLean's counsel made a dramatic appeal for dismissal.

CHIEF WITNESS IN ASSAULT TRIAL FAILS TO APPEAR; NO TRIAL HELD

Scheduled to appear in corporation court as prosecuting witness in an assault case, Augustee Castillo evidently went automobile riding with a brother of Paul Flores, the defendant.

Flores was in the courtroom at City hall Thursday afternoon to answer charges against him by Castillo in connection with an altercation in which a man was knifed the night of June 13 in Little Juarez, Mexican quarter. There was no trial, as Castillo did not arrive.

Set for 2 p. m., a jury panel was in the courtroom awaiting the opening of court. At 2.15 p. m. officers started investigating in an effort to find the chief witness. The man's mother told officers that her son left at 1.30 p. m. in company with Frank Flores, the defendant's brother, for the city hall.

Court was adjourned at 3 p. m. by Corporation Judge J. T. Inmon because Castillo had not arrived to take the stand.

Ties That Are New

Ever feel out of place putting on a heavy silk tie with a light weight summer suit? We have and wondered then why we hadn't seen some lighter weight ones. Here they are now—made from light Crepes, Foulards and Shantung—just for summer and in summer pastel shades. You can choose them at either—

$1.00 or $1.50

Hemphill-Wells Co.

WRIT OF ERROR IS GRANTED

SUPREME COURT ACTS IN CASE ATTACKING ZONING MEASURE

AUSTIN, June 26 (AP)—The supreme court granted a writ of error in a case attacking the legality of a state law enacted in 1927 permitting cities to pass zoning ordinances. The court's action meant that it would rule on the question.

The suit was brought by Ed McEachern, who had been refused permission to build a filling station on his property in Highland Park, fashionable residential incorporated suburb of Dallas.

Motion Overruled

The supreme court overruled a motion for rehearing in a case in which the highway commission had been denied the right to reroute a highway away from Childress and use on the new location funds from bonds voted before the route was changed. A similar case arose in Lubbock county.

The court dismissed for want of jurisdiction a suit seeking to invalidate a delinquent tax collection contract between Hidalgo county and J. C. Epperson. The San Antonio court of civil appeals had upheld the contract, nullifying the action of the trial court in declaring it void and ordering $16,229.36 paid back to protesting tax payers.

FORMER LOCAL MAN CHARGED

DAWSON PARKER FACES BIGAMY CHARGES AT PAMPA AND HERE

A former Lubbock printer, Dawson P. Parker, who authorities say has been married five times, posted bond of $2,000 last night at Pampa following his arrest there as a result of a seventy-second district court grand jury here indicting him for bigamy.

Parker was arrested yesterday morning by Pampa officers upon the request of Wade Hardy, Lubbock county sheriff. When arrested, Parker was free under bond on a charge of bigamy in Gray county, officers here said.

Wed Five Times

The man was indicted in Lubbock county for an alleged bigamous marriage on September 7, 1928, to Mildred Chism of Slaton.

Mrs. Mildred Chism Parker was his fourth wife, the indictment charged. Officers said the marriage at Pampa was Parker's fifth marriage. He was divorced from two of the five wives. Assistant District Attorney Burton S. Burks said he had been informed.

Married In 1928

Parker was married to Miss Mildred Chism here in 1928 by J. R. Scott, former justice of the peace.

His other marriages prior to 1928 were listed in the indictment as follows:

To Anna Bell Ainsworth in 1921.

To Norma Staff on December 27, 1924, in Hamilton county, Texas.

To Elise Blanc on May 31, 1926, at Sherman.

To Frances Vallier on July 4, 1927, in Wichita county.

Mr Burks said he had not been able to ascertain which unions were legally dissolved.

Parker's case has been set for trial during the September term of 72nd district court, the district attorney's office announced. The Pampa case probably will not be tried until after the case is settled here, officers said.

Several years ago Parker was an employe of the Lubbock Daily Journal and later of the Lubbock Morning Avalanche. After consolidation of the two newspapers he also was employed for a time. Leaving Lubbock he went to Slaton where he was employed by The Slatonite.

NEW "YARDSTICK" MEASURING X-RAY 'DOSE' MAY ADD TO EFFECT IN CANCER CASES; DEMONSTRATION BEING MADE

BY F. B. COLTON,
(Associated Press Science Writer)

WASHINGTON, June 26 (AP)—Cancer patients may receive more benefit from X-ray treatments in the future because a government scientist has found a way to standardize X-ray "doses" as accurately as doses of medicine.

Lauriston H. Taylor, physicist and X-ray expert of the United States bureau of standards, has developed what is believed to be the first portable "X-ray yardstick," a standard unit for measuring intensity of all X-rays. It is known technically as a portable standard ionization chamber.

Few physicians at present give the maximum dose prescribed in X-ray treatments, Taylor points out because they can not measure the dose accurately and fear burning the patient with an unintentional overdose.

An older type of ionization chamber was too unwieldy to be carried about to compare the strength of different X-ray machines.

Such a chamber consists of two electrically-charged metal plates about five inches apart.

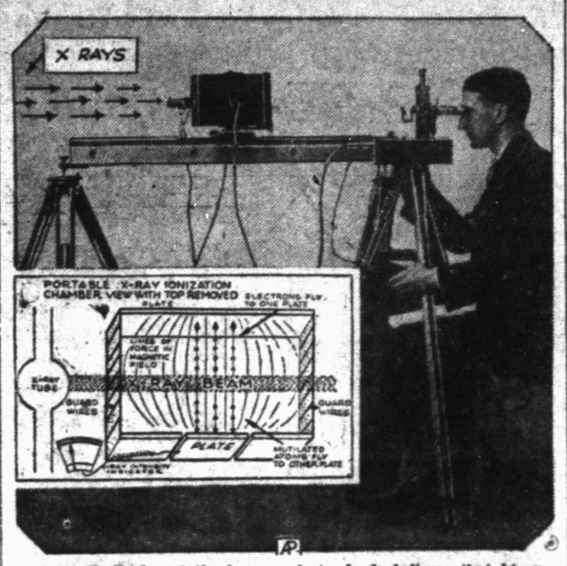

The X-ray beam is passed through the electric field and splits electrons off from the atoms of air in its path.

The electrons fly to one plate the mutilated atoms to the other, both following straight along the lines of force.

The amount of mutilated atoms striking the plate is registered on an indicator, revealing the strength of the X-ray.

The lines of force, however, tend to "bulge" outward, curving the straight route that the electrons and mutilated atoms should travel. To correct this tendency the old-style ionization chamber had very long plates, making it unwieldy.

Taylor found another way to keep the lines of force from curving, by putting a row of charged guard wires across each end of the chamber.

Lauriston H. Taylor of the bureau of standards believes that his new X-ray yardstick may permit more scientific use of the rays in cancer cases. Diagram illustrates the principle of Taylor's new type "ionization chamber."

MICKEY MOUSE CLUB WILL CONTINUE THIS SUMMER; TO AID MILK-ICE FUND

Hot weather or not, the Mickey Mouse club will continue to meet without any summer recess. C. C. Lindsey, manager of the Lindsey and Palace theaters, is the man Lubbock boys and girls have to thank for that.

After the Avalanche-Journal and sponsoring merchants had decided to recess until school began again, club members and their parents asked that the meetings continue through the summer. Mr. Lindsey said yesterday that there would be regular Mickey Mouse club programs each week at the Palace theater.

The meeting this week, Mr. Lindsey announced, will be a benefit program for the Avalanche-Journal's Fifth Annual Goodfellows' Milk and Ice Fund.

Mickey Mouse, it is reported, has heard of the campaign to raise funds to provide milk and ice for the poor children of Lubbock and has generously offered to perform on the silver screen for their benefit Saturday morning. Twenty-five per cent of the receipts will go to the fund.

All members of the club are urged to bring their fathers and mothers, the latter to be admitted for the usual price of 10 cents, with members presenting their cards and the weekly dues.

Ken Maynard, one of the leading western film artists, will appear in a thrilling talkie, "Fightin' Through," and a special comedy attraction, "Toby in the Bughouse," will be included, as well as Mickey Mouse in his own show and a stage program.

World expenditure for new highways in 1931 will total $3,000,000,000, it is estimated by the U. S. Department of Commerce.

Autopsy Ordered In Slaying At Dallas

DALLAS, June 26. (AP)—Following filing of a complaint in his court charging Leo Houck with murder in connection with the death of James H. Gooden, city employe Thursday, Judge John Baldwin ordered an autosy performed on the body of the dead man.

The report on the autopsy is expected to be made to Judge Baldwin today.

Gooden was thrown from an automobile in a semi-conscious condition in front of his home late today. Officers were informed.

Houck appeared at city detective headquarters shortly after he learned that Gooden had died.

Cigarets in their modern form were introduced into America and Europe about 60 years ago.

Appetizing Recipes
To be had absolutely free from our Home Service Department . . .
Consult this department, which is maintained for your convenience for other tempting recipes.

——Ice Box Cookies
2 cups melted shortening
1 cup white sugar
1 cup brown sugar
2 eggs
1 teaspoon salt
1 teaspoon cinnamon
4 cups flour
1 teaspoon soda
Brazil nuts, filberts or almonds.
Mix ingredients in the order given, sifting all the dry ingredients together before adding. Mold in long rolls and roll in wax paper. Let stand in refrigerator until hard. Slice thin, and bake in moderate oven at 380-390 degrees until a golden brown.
A roll may be kept indefinitely in a cold place. In case of an emergency they can be quickly baked. Nuts in these cookies are very attractive when put in whole.

LUBBOCK CITIZENS ASKED TO NOTIFY CORRESPONDENTS OF ADDRESS CHANGE

Lubbock citizens, notify your correspondents of any changes in numbers of your houses, apartments, or business quarters. That is the request of John L. Vaughan, postmaster, of all residents who are patrons of the postal service.

Confusion has resulted from the change in house numbers to a certain extent, although regular carriers on duty have limited it to less than had been expected.

"When our regular carriers go on their vacations and a sub takes the routes then we can expect a great deal of confusion," Mr. Vaughan said. "The regular carriers, knowing the new as well as the old number, do not have as much trouble in putting mail in the proper place. But the substitute carrier, not knowing this, will not know where to deliver the mail, with the result there will be some delays in delivery."

Postmaster Vaughan pointed out that the recent mail traffic count, conducted by John R. Green, superintendent of mails, showed an average of more than 560 pieces of mail daily required changes of address. "This figure does not represent the total, as it includes only those pieces of mail that are given from one carrier to another," Mr. Vaughan said.

The new numbering system is a part of a city wide plan for uniform numbering. It conforms to all governmental requirements of the postoffice department.

The Pacific Ocean covers 68,000,000 miles, the Atlantic 30,000,000. It would take all the sea water in the world 2,000,000 years to flow over Niagara.

Just A Pet!

Seven feet nine inches tall is "Beau Wolf," giant Irish wolf hound shown above reaching for a morsel held aloft by his master, Oliver J. Francis of Glendale, Calif. The dog weighs 175 pounds. Little Avis Francis, 5, rides "Beau" around the yard like a pony.
