MD Telethon To Air Today

Several Mitchell County residents will probably tune their television sets into the Jerry Lewis Muscular Dystrophy Telethon this weekend.

Three residents in particular will be tuned in, and they will be watching for themselves.

In June, Bobby, Scott and Terry Layfield attended the Jerry Lewis Muscular Dystrophy Summer Camp in Brownwood. During their week-long stay, the boys took part in the making of a slide presentation for the Labor Day telethon.

Bobby explained that each of the 67 participants at the camp was given a camera to take pictures. Those pictures will be shown on the telethon.

While at camp, the Layfield brothers took part in an array of activities, including fishing, sports, dances and barbecues.

Bobby explained that the brothers had been attending the camp each summer since 1973.

Born with muscular dystrophy, Bobby, 19, was able to walk until he was 14. Now he uses an electric wheelchair, which he explained was provided to him by the Jerry Lewis Muscular Dystrophy Fund Drive.

Bobby's brothers—Terry, 12, and Scott, 15—also have muscular dystrophy. Scott uses a wheelchair but Terry is able to walk.

The three boys reside at Kristi Lee Manor and attend school in Colorado City.

Bobby, a senior at Colorado High this year, paints as a hobby and hopes to one day turn it into his profession.

In March, Bobby made his first move toward turning professional when he sold a painting of a deer for \$25.

Since then, he has painted three other pictures—one of a sky scene at dusk, one of a couple of ducks and a third of giraffes, which he is still working on.

Baseball Meeting Wednesday

A meeting will be held Wednesday for persons interested in the Texas mid-grade and freshman baseball league program.

J. B. Bodine, league president, has been transferred to the Granbury area and has resigned his position as president.

Thus, a new slate of officers will be elected Wednesday at 7 p.m. at the Lone Wolf Medallion Room.

"Persons interested in keeping the program going should attend this meeting," said Bodine.

Those interested in coaching and managing teams should also attend the meeting, said Bodine.

Bobby said that his interest in art sparked when he was about eight years old. Ideas for his oil paintings come from magazines and photographs.

In October, Bobby hopes to display his paintings at the Railroad Arts & Crafts Round-Up to be held at the Mitchell County Agriculture Barns.

Upon graduation from Colorado High in May, Bobby hopes to attend Western Texas College in Snyder to study art.

Bobby and his brothers moved to Colorado City last year from Snyder. Their mother, Doris Layfield, and grandmother, Ida Chitsey, both live in Colorado City. A sister, Lisa Layfield, graduated from Colorado High in 1978 and is now living in Big Spring.

Besides the Layfield brothers, there are four other confirmed cases of muscular dystrophy in Mitchell County and two cases under observation.

Ruth Burnett is the Mitchell County Muscular Dystrophy chairperson and is in charge of accepting donations to the telethon from county residents.

Mrs. Hollis Assumes Tax Office Duties

Alvah Ruth Hollis is the tax assessor-collector for Westbrook School.

A new tax office is under construction in Westbrook and is scheduled to open Oct. 1.

It became necessary for Westbrook to hire a tax assessor-collector and build a tax office when state law abolished the office of county superintendent effective Jan. 1. Previously, all Westbrook bookkeeping responsibilities were carried out by the county superintendent.

Mrs. Hollis has lived in Westbrook for two years, moving from Odessa. She has had experience working in the tax office in Lamesa.

Mrs. Hollis' husband, Raymond, is principal at Westbrook School. They have one daughter, Ann, who teaches school in Austin. The Hollis' are members of the Westbrook Church of Christ.

Alvah Hollis

Mrs. Burnett has been county chairperson for five consecutive years and holds the record as an individual for the longest operator of a telephone center for the Abilene district.

During the telethon, two telephone numbers will be flashed across the screen. And, Mrs. Burnett will be waiting at the other end of the line to accept pledges and donations. The phone numbers are 728-3494 and 728-3495.

Mrs. Burnett became involved in the Muscular Dystrophy Telethon five years ago when she was watching it on television and noticed that Mitchell County did not have a local number to call. Pledges were received by Sweetwater and Snyder telephone personnel then.

Deciding that Mitchell County needed a local number, Mrs. Burnett volunteered her time.

Mrs. Burnett explained that she and her son had polio and the March of Dimes assisted them.

"This is my way of repaying the people who donated money and time then," said Mrs. Burnett.

In addition to the telephone pledges, children in Mitchell County will also be going door-to-door collecting donations.

Children who will be participating in the muscular dystrophy fund drive should register at the Bar-B Truck Stop where they will be given an identifying button.

Last year Mrs. Burnett said 14 children volunteered to go door-to-door for donations and Mitchell county residents donated about \$2,200 during the telethon.

"This year our goal is \$1 more than last year," Mrs. Burnett said.

Anyone wishing to make a pledge or donation can phone the amount in and then mail the money or members of the Mitchell County Citizens Band Radio club will be available to collect donations from homes, Mrs. Burnett noted.

During the telethon, a hand-tooled leather belt-donated by Bobby Bradberry of Colorado City—will be auctioned. The belt has been auctioned four consecutive years and each year it is returned to be auctioned again.

M. C. Burnett was the high bidder last year, with a bid of \$70.

A rest stop will be set up at the Bar-B Truck Stop today (Sunday) for motorists and contributions collected will be given to muscular dystrophy. Free coffee and soft drinks will be served.

The Jerry Lewis Muscular Dystrophy Telethon will be aired on Channel 12 today (Sunday) beginning at 8 p.m. It will continue until 6:30 p.m. Monday.

1978 Cotton Production

Ag Officials Estimate 20,000-30,000 Bales

Mitchell County's 1978 cotton crop could prove to be the least productive since 1974 when area farmers yielded 10,083 bales. Estimations for this year's cotton production range from 20,000 to 30,000 bales.

David Marion, Farmers Home Administration supervisor, said that he toured the county recently and "was pleased and surprised by the good area I saw—the potential for the crop is better than I had thought."

Although Marion did not estimate how many bales would be produced, he did say that the quality of the cotton seemed to be high and he expected producers to collect between 51c and 55c per pound this year.

Last year, Mitchell County produced an all-time high cotton crop with 71,963 bales ginned. There was a rainfall measure of 18.03 inches.

This year, reports around the county show between six and 10 inches of rain have fallen to date.

When the 1974 cotton crop of 10,083 bales was produced, the county netted 22.47 inches of rain. The problem that year, an official explained, was that the rain came at the wrong time.

According to Marion, dry, hot winds have hurt the cotton crop this year and inadequate rainfall. But, he noted, some parts of the county are looking promising.

David Kattes, county entomologist, said that he predicted the county would produce about 27,000 bales this year.

"There are places throughout the county that are looking good," said Kattes. "Some in water stress have shed a lot of bolls."

Kattes noted that the boll weevil population this summer has affected the cotton crop some.

"In July, we had an exceptionally high population of boll worms in the cotton fields all over West Texas," said Kattes, explaining that the reason boll weevil population was high was because the wild grasses burned up and the cotton was the only good food source available.

When the boll worms were able to produce enough squares that the flea hoppers didn't hurt them too much," said Kattes. He added that the cotton growth was able to out-run the flea hoppers.

Kattes had predicted a large boll worm problem in August, but it never appeared. He said he related the absence of a heavy population of boll worms to three reasons.

First, the July population of worms comprised the only ones in the area. The moths in the cotton fields were the whole population that would produce

the August generation. Normally, the August generation of boll worms comes from the pastures, but since the grasses were dry, there were no worms.

Secondly, there was a high rate of parasitism in the July generation.

Kattes said a third reason might be the worms pupated in the soil and there was a high mortality because of the heat and dryness of the soil.

But the boll weevil problem is not over, said Kattes.

"The boll weevils are picking up," he noted. "In some fields where the cotton is still green and lush we have up to 40 per cent of boll weevil damaged squares."

Kattes added, "I don't anticipate any economic problems from this population."

Van Mills of the Mitchell County Soil and Conservation Service said that if it doesn't rain within a week, he expects the county will yield between 25,000 and 30,000 bales.

"The worst looking cotton is in the northwest part and southwest parts of the county," Mills said. "In the sub-irrigated land, the cotton is doing real well, especially in the north and northeast part of the county."

Don Stewart, Agriculture Stabilization and Conservation Service executive director, said that the sandy-type soils in the county were producing the best cotton and he estimated between 20,000 and 30,000 bales would be produced.

"The tight land has just about burned up," said Stewart. "Tight land has had it when the water's gone."

Stewart explained that the sandy land tap roots can go down and survive on a minimum amount of water.

Ten farmers have applied for ASCS disaster program, claiming a zero yield.

Before the farmer plows up his field, he must apply for the disaster program.

"If he doesn't apply first, he won't get anything," said Stewart.

Marion said that official steps have been taken to obtain FmHA drought disaster loans for local producers.

"In order to be eligible for the loan, a farmer will have to show that his production in 1978 falls below 20 per cent from his normal production," explained Marion.

Normal production will be established individually for each farming operation by the farmers. He will take the past five years of actual production records, cancel the lowest yield and average the four years to determine his production.

"We're not talking about

ASCS program yield," stressed Marion. "We're talking about actual harvested pounds."

Marion said that previously, several governmental channels had to be passed through before the county could be declared a disaster area and loans could be made, which took between three and six weeks.

Now, however, law has changed the designation procedure.

Under the new procedure, Marion makes a written report to the state director, who forwards the report to the national FmHA office. They notify the secretary of agriculture, who reviews the case and makes a decision.

"It will stay within nor-

mal. FmHA channels all the way," said Marion, adding that it should be "smooth as butter."

Marion sent a report of official notification of a pending disaster to the state director Friday. If the county is declared a disaster, it should take about 48 hours for the farmer to obtain an FmHA loan.

But, Marion stressed, no loans can be made until after the harvest when the farmer will be able to report the situation.

"There's nobody asking for loans yet," said Marion.

Regarding the request Mitchell County made to the Small Business Administration that the county be declared a disaster area, Judge Bill Carter reported that no decision has been made yet.

Carter said he contacted the SBA office in Abilene Friday and after calling Dallas, Senator Omar Burleson's office in Washington contacted Carter.

The Washington office said that they had received a copy of the disaster report.

"I was informed that action on our request for designation would probably be taken next week," said Carter. "As soon as action is taken either way, we will be notified."

Mitchell County schools will not be in session Monday in honor of Labor Day.

Classes will resume on schedule Tuesday morning in Colorado City, Loraine and Westbrook.

ICE CREAM and cake were popular items Tuesday at the annual Wolves Booster Club Ice Cream Supper. It was probably the biggest turnout ever for the event as it was combined with Pigskin Preview where all football players, seventh through 12th grades were introduced, the band played, middle school and high school cheerleaders were introduced as well as officers of the band and Wolverines. About 1,000 persons were on hand and most got in line after the introduction to have a cup of ice cream and a slice of cake. There was plenty for everybody with some left over. BEHOLD THE MAN

Rev. Bob Manning
Pastor
Westbrook Baptist Church

Zechariah 6:12 says "Behold the man whose name is the Branch; and he shall grow up out of his place, and he shall build the temple of the Lord." The most distinguishing characteristic that separates Christianity from all other religions lies in the personality of its founder. Hinduism is loyalty to principles; Shintoism is loyalty to natural forces; Confucianism is loyalty to a tradition; Islam is loyalty to a code. Christianity, however, is loyalty to a person. It is impossible to think of Christianity without the person of Jesus Christ. We do not have a biography of Jesus in the real sense of the word. There is no detailed, chronologically arranged account of His life from birth to death. All we know is crowded into a few pages at the opening of the New Testament. What we have are four Gospels which are four testimonies, four reflections by four men upon the Son of God. That is all. Yet more books have been written about Him, more changes have come to pass through Him and more songs written about Him than of any other man who ever lived. How, then, can you account for the impact of His life upon the world? Why is it that He has haunted history for centuries? First of all, it is because of His uniqueness. Mankind has been drawn to Jesus because He was sinless. He is the only figure in history who can stand before the passing centuries and ask, "which of you convicts me of sin." The Lord Jesus also made gigantic claims for Himself. He claimed to live a perfect life. He claimed to set a perfect example. He claimed to heal the sick. He claimed to fulfill prophecy. He claimed to forgive sins. He claimed to rise again from the dead. His claims have no parallel in the history of mankind. He stood before His generation saying, "I am the door." "I am the good shepherd." "I am the light of the world." "I am the bread of life." "I am the resurrection, and the life." There were certain reactions to Jesus from the beginning. Little children came enthusiastically, the aged found comfort, and the sick found healing. He had His hours of popularity when the multitudes crowded about Him. But there were also hours of adversity and unpopularity. He was condemned to die a criminal's death. He was betrayed by those He trusted, abandoned by those He loved, scourged by those He pitied. Man has tried to remove the name of Jesus from the hope and heart of the world, but has found it impossible. For He has changed the world. The Christian religion is not so much a philosophy or an ethic as it is a perfect life which, having entered the world, can never be expelled. BEHOLD THE MAN. Have you really looked at Jesus? Have you tried Jesus? Have you invited Jesus into your heart and life? BEHOLD THE MAN.

Saturday Afternoon Wedding Ceremony Unites Miss Julie Hoover, James Smylie

Miss Julie Anna Hoover, daughter of Mr. and Mrs. David H. Hoover of Colorado City, became the

bride of James Wilson Smylie, son of Mr. and Mrs. James C. Smylie Saturday, Sept. 2 at 2 p.m.

The home of the bride's parents was the setting for the afternoon ceremony. The Rev. Kenneth Hoover, brother of the bride, officiated at the wedding.

Double ring vows were exchanged before an archway decorated with English ivy and yellow bows. A medley of traditional and modern wedding music was performed during the ceremony by Marlene Hoover, sister-in-law of the bride.

The bride, presented in marriage by her father, was attired in a sleeveless, floor-length gown of pale candlelight muslin fashioned with lace and satin. The dress featured a single lace ruffle at the neckline and high waistline with self-tie.

The satin underskirt was veiled with three sheer, pleated tiers. She wore a garden hat in a matching candlelight color with apricot colored bow and streamers. Her bouquet, made by Mrs. David M. Hoover, consisted of yellow and peach colored silk flowers. She also carried a cream linen handkerchief and wore a brooch belonging to her mother.

Mrs. Larry (Priscilla) Martin of Colorado City served as matron of honor. She wore a yellow cotton floral print dress, with tie straps and floor-length skirt. She carried 2 long-stemmed yellow roses.

Best man was Glenn Smylie of Snyder, brother of the groom.

Tommy Prescott seated the wedding guests.

A reception followed in the bride's parents' home. The bride's table was centered with an arrangement of silk flowers, also made by Mrs. David M. Hoover, in colors of peach and yellow.

The groom's table was decorated with a candle arrangement. The house-party consisted of Doris Hines, Janie Hines and Valerie Wilson.

The bride chose a casual print dress for the couple's honeymoon trip to Llano River Lodge. Upon return the couple will live in Lubbock where the groom will be attending Texas Tech University.

Out of town guests were Mr. and Mrs. Jack Prescott and family of Lindale, Miss Carol Moore of Austin, Miss Valerie Wilson of Snyder, Mr. and Mrs. Kenneth Hoover and family of Tulsa and Randy Riggs and Wade Sands of Snyder.

Local Church News & Upcoming Events

FIRST UNITED METHODIST CHURCH

The Worship Committee is considering a project which is to involve people who love to do needlepoint. All members who can do this art and would like to participate should call the secretaries at the church office so that further plans can be made.

Evening worship ser-

vices will resume at 6 p.m. in the chapel Sept. 3.

Members of the Sr. Hi U.M.Y. will be electing officers for the new year and will be planning their program for the next two months at their meeting tonight (Sunday) from 7-8:30 p.m. All Sr. Hi youth are urged to attend.

"How We Can Improve

Sunday School Attendance will be the topic under discussion Tuesday evening as all Sunday School teachers meet in the fellowship hall at 6:30 p.m. for their regular quarterly teacher meeting and fellowship meal.

Marje Helm will be leading the discussion as the teachers explore the many ways of increasing atten-

dance in the Sunday School.

All teachers are urged to attend the supper meeting. The meeting should last about 1 1/2 hours and the meal will be provided by the church.

The church office will be closed Monday, Sept. 4 for Labor Day.

New officers of the Jr.

Hi U.M.Y. are: Lori Bradley, president; Loretta Morris, vice president; Sheri Morris, secretary; Liza Rivera, treasurer; Larry Hearn, ways and means chairman; and Richy Womack, chaplain.

At their meeting Sunday night, members will meet in their committees and will be making plans for the next two months. All Middle School youth are urged to attend the meeting which will be held from 4:30-6 p.m. at the church fellowship hall.

The Worship Committee has begun a search to find someone who can either repair the present hearing aid system in the sanctuary, or who can help replace the system with units that work. If you can help, please inform the church secretaries.

See Marie Helm to find out about the "Single Encounters of the Best Kind," a ministry to single adults to be held Sept. 8-9 at St. John's United Methodist Church in Lubbock. Cost is \$7.50 plus motel and meals.

The congregation is asked to bring some Green Stamp books to send to the McCurdy School to help them purchase a much-needed bus.

CALVARY BAPTIST CHURCH

The Deacon's meeting regularly scheduled for Sunday, Sept. 3 has been postponed until Sunday evening, Sept. 10 because of the Labor Day weekend.

Just For Children:

The church will be taking the bus to the Shrine Circus Wednesday, Sept. 20. The bus will be at Hutchinson at 3:30 p.m. and will leave from there. Parents are needed for sponsors.

The High School and Middle School Sunday School Departments will be having a swimming party on Saturday, Sept. 9.

Wednesday night there will be a work period at 8 p.m. after Bible Study and prayer service to replace the bad boards in the building trim before aluminum siding is installed. If you can come, bring a hammer and some saw horses if you have them.

JV Wolves Capture Crane Scrimmage

Colorado City's junior varsity Wolves won a controlled scrimmage with Crane Friday night at Crane by the score of one touchdown to nothing while the Wolves varsity lost by the same score.

Record Office To Close

The Colorado City Record office will not be open tomorrow (Monday) in observance of Labor Day. Tuesday the Record will be open for business at 8:30 a.m.

The final three yards. The JV's also got to Crane's six once before running out of plays.

Crane moved the ball against the Wolves JV but were stopped before they could get within the Wolves 30.

In the varsity contest, the Wolves offense proved almost non-existent as they picked only two first downs in the first 40 plays. However, on the final series, it was a different story with the Wolves getting several first downs behind the quarterbacking of Ricky Sanchez. However, after getting just inside Crane's 30, the Wolves' drive stalled.

With the Wolves on defense, Crane moved the ball almost at will, gobbling up huge chunks of real estate as they operat-

ed from a formation the Wolves are not accustomed to seeing. On Crane's first series of downs, they moved quickly in to score with the score chalked up on a 27 yard run through the left side. Before running out of plays they got back to just inside the Wolves 30.

However, as the Wolves got more accustomed to Crane's offensive set,

Loraine Pictures Wednesday

Loraine school pictures will be taken Wednesday for all grades beginning at 8 a.m.

The seniors will be selling their yearly annual ads in Colorado City, Sweetwater, Roscoe and Loraine Tuesday and Wednesday.

Crane had less and less success and finally on their third series of downs, they got little yardage and could chalk up only one first down in 20 plays.

A good crowd of Wolves supporters were on hand in Crane to watch the scrimmage. The Wolves apparently came out of the scrimmage healthy. Crane's coaching staff seemed to be very impressed with the defensive work of Wolves tackle Britt Chaney.

The Wolves open the 1978 season against Slaton at Wolf Stadium Friday night.

Hamiltons Win Golf Tournament

Lynn and Tim Hamilton of Loraine took the championship title at the Member-Guest Golf Tournament held at the Colorado City Country Club Aug. 19-20.

Lynn Hamilton is of Loraine and Tim Hamilton lives in Abilene.

Second place in the tourney went to Howard Tarrt of Loraine and Keith Hamilton of Big Spring.

Bob Benson of Loraine and George Humphreys of Abilene took third place and fourth place was awarded to Joe Maddox of Colorado City and Ben Holmes of Abilene.

Some 28 teams were entered in the tournament.

Dove Season Is Underway

Dove season got underway Friday and will continue until Oct. 21, according to Mitchell County Game Warden Ronnie Aston.

Hunting will be from 30 minutes before sunrise and will continue until sunset.

The limit is 10 dove per day, said Aston, and anyone hunting outside the county of residence must have a resident hunting license. People under 17 and over 65 do not need a license.

Aston noted that hunting licenses can be purchased for \$5.50 at Sparks Hardware, White's Auto and Burros Grocery and Market.

"Be sure that you have permission before entering anyone's land," said Aston. "Trespassing fines will be between \$25-\$200."

Aston added that it is against the law to hunt dove from a vehicle or from any public road. Violators will be fined between \$25-\$200.

Tennis Club To Form

Plans are in the making to form a Mitchell County Tennis Association.

According to Coach Dave Redwine, who has directed several tennis tournaments in Mitchell County, persons interested in tennis are invited to join the association.

Members will be registered Sept. 9-10 at the Middle School tennis courts during the handicap tournament.

Redwine noted that a date will be set in the future for an organizational meeting to elect officers and discuss activities.

"The primary purpose of this association will be to promote tennis in Mitchell County," noted Redwine. Members of the association will participate in a team tennis tournament which has been scheduled for the fall.

All ages are encouraged to join the association, stressed Redwine.

Tennis Tourney Next Weekend

It's time to get out the tennis rackets again, and for some, an umbrella, roller skates or a bucket of bricks will be added.

Coach David Redwine has announced plans to hold a handicap tennis tournament Sept. 9-10 at the Middle School tennis courts.

Redwine explained that the tournament will consist of a more advanced team taking on a team of lesser skill.

The stronger team will be handicapped by the weaker team by one of the following methods:

- Carrying a large open umbrella in one hand.
- Wearing a roller skate on one foot.
- Carrying a bucket of bricks.

Teams may either form on their own or may be assigned partners.

Winners will be determined by which non-handi-

capped team wins the most total games and which handicapped team gives up the fewest games.

Trophies will be awarded to the first, second and third place winners in both the handicapped and non-handicapped divisions.

Deadline to enter is Thursday and entry fees are \$4 per person and one can of new tennis balls.

For more information, contact Redwine at 728-3080 or Kitten Arthur at 728-5013.

Sheriff Investigates Burglary

The Mitchell County Sheriff's Department is investigating a burglary of R. C. Bell's home, located in Horn Chapel.

According to Sheriff Bill McGuire, numerous household items were taken from the residence and some vandalism took place.

Several antiques and a citizens band radio base station were among the items reported missing.

Apparently, the incident took place between Aug. 21 and Aug. 29 and was reported to the sheriff's office Tuesday.

Courts Close At 11 p.m.

Colorado City Police have recently received several calls concerning the Middle School tennis courts.

Apparently, the tennis court hours of operation are not being observed by people and the lights are disturbing local residents.

The tennis courts close at 11 p.m. during Daylight Savings Time and close at 10 p.m. during Central Standard Time.

The Colorado Independent School District Administration office has requested that these hours be observed.

Kid's Day Set For Sept. 23

Beginning at 2 p.m., a parade of school bands and youth groups will march through downtown, vying for some \$40 worth of prizes.

After the parade, there will be free watermelon for everyone.

At 7 p.m., a donkey baseball game will be held with the members of the Kiwanis challenging high school students.

Members of the club will teach the course which will be held Tuesday through Saturday (Sept. 5-9).

The classes will last two hours each night and will begin at 7 p.m. Interested persons should be at the Reddy Room at 7 p.m. Tuesday.
