Dien Bien Phu Falls, Fate Of Defenders Isn't Known

MASS TRUTH TESTS

A. M. Josephson, new La Crosse, Wis., County crime investigator, demonstrates lie detector test methods he will use on 1,750 La Crosse students volunteering in a drive to obtain a lead in the disappearance of Evelyn Hartley, 15, LaCrosse, who vanished while baby sitting Oct. 24, 1953. Authorities believe Evelyn was slain and her body hidden. At right is Sheriff Roger E. Scullin. The youth who posed for the questioning is not identified.

'Anti-Secrecy' Law Needed, Shepperd Says

BRENHAM (AP)—Atty Gen. John Ben Shepperd said today Duval County has demonstrated the need for state "anti-secrecy" laws to prohibit closed governmental meetings and [illegible] public records.

Such laws would prevent a "stranglehold" being gained on other Texas counties in the future he said in a speech for a meeting of the Gulf Coast Press Assn.

"I wouldn't advocate such changes in Texas law merely to squash malfeasance in Duval County," he said. "The tail must not wag the dog."

But he said what has happened in Duval County "need never happen again, if we have laws, and newspapers to see that they are enforced."

A quiet, year-long investigation by the attorney general's department into Duval County affairs flared into the open recently. Public records were ordered impounded and grand jury investigations were ordered in the bailiwick of political boss George Parr.

"Duval County didn't fall merely because it had no government under the constitutional laws of this state," Shepperd said. "It fell also because it had no militant press within the county, and had insufficient law under which the press could have operated effectively as public informant and an instrument of law enforcement."

Shepperd said laws to do these things were needed:

1. To provide for indictment outside the county of persons accused of misusing or embezzling public funds or destroying, altering, injuring or defacing public records.

2. To provide for removal of any public official for refusal to lay his records open to the public.

3. To provide for immediate removal or suspension of any public official refusing under the 5th Amendment of the Constitution to answer questions about his official conduct.

4. To require publication of all financial reports on all governmental levels.

5. To put "teeth" in a present law requiring all district, county and precinct officials to file financial reports with the district clerk.

6. To prohibit closed and secret meetings of governmental bodies, boards and agencies "from the state capitol to the precinct."

Shepperd said there is "no place on an open door for a sign that says 'closed meeting', 'executive session.' "

DULLES HAS PLAN FOR ASIA, SPEAKS TONIGHT

WASHINGTON (AP)—Secretary of State Dulles has developed a two-stage program for organizing an anti-Communist coalition in Southeast Asia and hopes it will produce a provisional arrangement in a matter of weeks.

Dulles is due to hold a series of diplomatic discussions here shortly for the first stage of negotiations. Officials said today it seems certain to begin with a multination military staff conference.

The military conference, and possibly additional diplomatic talks, would be designed to produce a provisional security arrangement to stand until later second-stage talks eventually resulted in a formal security treaty.

A minimum of five and a maximum of 10 or a dozen countries could be represented in the first conferences. Authorities said the British have agreed to cooperate, and they termed this a forward step. Previously the Churchill government had withheld joining in Dulles' proposed "united action" pending efforts for an Indochina peace settlement at Geneva.

Dulles will report to the nation by radio and television tonight on Indochina and on other subjects, notably the Korean peace deadlock, with which he dealt at Geneva last week with Allied nations and the Communists.

The broadcast is scheduled for 8:30 p.m. EST.

His 30-minute talk will be carried at the time of delivery by the ABC TV network and by NBC, CBS and Mutual radio networks.

Rebroadcasts will be carried by CBS TV at 11:15 p.m. and by ABC radio at 11.

Advance information was that he would emphasize his and President Eisenhower's resolve — despite disappointments so far — to form a united front with friendly nations aimed at saving Southeast Asia from Communist conquest.

Then, aides said, he will talk in the next few days with diplomats of a number of countries which could be included in the alliance, particularly about the subject of military negotiations. Informants said it had not been settled just what countries would be included, and they emphasized that the conference is still only a proposal subject to revision.

Dulles is reported to have told a group of congressmen Wednesday night that the United States has little hope of taking any effective action, on a united front basis, in time to strengthen Viet Nam against Red pressure. He was said to have discussed a possibility of making any security pledge applicable to Laos and Cambodia, which have not been as heavily involved in the seven-year fight against Communist-led forces.

Laos and Cambodia have about 4½ million people to Viet Nam's 22 million.

Deep Concern Is Shown In This Nation

WASHINGTON (AP)—President Eisenhower said today the resistance of French Union forces at the now fallen fortress of Dien Bien Phu "will forever stand as a symbol of the free world's determination to resist dictatorial aggression."

The President issued a formal statement, closely following up calls from congressional leaders for united action by free world nations to stem the Communist tide in Asia.

Eisenhower said France has suffered "temporary defeats" in the past, "but always she has triumphed in the end to continue as one of the world's leaders in all things that tend to bring greater richness to the lives of men."

"It is time for our Allies and so-called Allies to stand up and be counted and stop quibbling," Sen. Bridges (R-NH) said.

House Speaker Martin (R-Mass) described the bastion's fall as a "cause of deep concern" and added in an interview:

"Unless the nations who believe in freedom unite quickly in support of the Dulles security plan, all Asia is threatened with Communist domination."

Martin's reference was to Secretary of State Dulles' proposal for a coalition to take "united action" against the Communists in Southeast Asia.

Republican Leader Knowland (Calif) told newsmen the "terrific defense of Dien Bien Phu may awaken the free world to the danger and menace of international communism and inspire the need for a more adequate free world defense."

Knowland, describing the defense there as "one of the greatest epochs in history," said its capture by the Vietminh was "obviously a setback, though it has been very costly to the Communist forces."

86-Degree High Here

The weather continued to get warmer yesterday, rising to a high of 86 degrees. Low last night was 55, and the reading at 7:30 o'clock this morning was 58, according to Mrs. D. P. Strayhorn, weather observer.

Announcement Is Made By Laniel

By The Associated Press

PARIS —Dien Bien Phu has fallen.

Premier Joseph Laniel announced late today the northwest Indochina bastion "has been submerged."

A little fortress named Isabelle, site of the French Union garrison's main artillery, still was holding out three miles south of the bloodied, muddied bastion that had epitomized the Indochina war to the world for 57 days.

One of the last orders Brig. Gen. Christian de Castries, the lanky commander in chief, sent to Isabelle was to fire on his own command post when the Communist-led rebel riflemen finally cut through.

There was no immediate word as to the fate of Gen. De Castries, commander of the fallen garrison, nor that of Genevieve de Galard Terraube, a French nurse and the only woman in the besieged fort. She had been decorated for gallantry twice within the week.

Premier Laniel told the National Assembly counterattacks had been launched in a vain effort to block the rebels from making a juncture in attacks from the northeast and the southwest, but the defense efforts failed.

"The government has just learned that Dien Bien Phu has been submerged after 20 hours of uninterrupted combat," Laniel said.

Laniel said "the French reaction will be the reaction of the virility of a great nation."

He added that France will confirm its instructions to its delegates at Geneva without admitting that the fall of Dien Bien Phu can change anything.

"France will recall to its Allies that during seven years it has never quit defending alone a great region of Asia," Laniel told the Assembly.

All the deputies in the Assembly stood while Laniel announced the fall of Dien Bien Phu—except the Communists. They remained seated.

Gen. Ho Nguyen Giap's rebel siege forces, bidding for victory before the Geneva conference started negotiations for an end to the 7-year-old war, outnumbered De Castries' garrison by 4-to-1 or more.

De Castries was estimated on the eve of the showdown battle to have 14,000 men, including wounded, at his command. These were Frenchmen, Foreign Legionnaires, Vietnamese and North Africans. There were about 1,000 wounded in underground bunkers of the fort. All efforts for a truce to evacuate them had failed.

The fortress, sitting in a broad flat rice plain about six miles long and half that wide, was pounded by artillery and mortars during the long days of the siege.

Each new wave of infantrymen bit off a bit of the original fortress until when the attack started during the past night, a field little bigger than a baseball diamond remained in which the defenders were concentrated.

Defense of the little fortress was made difficult by the fact that all the surrounding hills were held by the Vietminh and, to the surprise of the French Union forces, they were strongly supplied with artillery, for the first time in the more than seven years that they have been fighting the French.

Beyond, that, also, they had antiaircraft guns which some French and American officials insisted were manned by Chinese crews, a fact never formally established.

The end result was, however, that plans to supply the fortress with an airlift from Hanoi proved expensive and extremely difficult. Planes had to drop their supplies from a high altitude, so that much equipment fell immediately into Vietminh hands.

The Dien Bien Phu battle marked the first all-out frontal fighting that the war in Indochina has developed in its nearly eight years. The Communist-led Vietminh hold areas spotted throughout Indochina, but French Union forces still possess the main cities, Hanoi, Saigon and Haiphong. There has been speculation that a rebel success at Dien Bien Phu would pave the way for attacks on Hanoi, 180 miles to the east.

Meanwhile the Geneva conference is ready to take up the problem of making peace in Indochina. The intensity of the Dien Bien Phu attack showed the Communists' determination to present its capture as an accomplished fact before the diplomats at Geneva.

Scores of planes supplied by the United States helped the French Union forces defend Dien Bien Phu, but no U.S. Air Force fliers participated. However, American civilian fliers employed by private concerns did participate in air drop operations, and only today two of these men were lost.

Laniel's announcement made it clear the effort had failed.

Demos See Failure For T-H Changes

WASHINGTON (AP) — President Eisenhower's labor law revision bill was up for a do-or-die Senate vote today with Democratic opponents confident they can push the administration plan aside.

A move to send the Taft-Hartley Act revision measure back to the Labor Committee, to be made by Sen. Hill (D—Ala) or Sen. Murray (D—Mont), was scheduled for an early afternoon vote under a debate limitation agreed to by the Senate.

If the Democratic motion wins, it would all but kill any chance of changing the long-disputed 1947 labor law this year.

Both Southern and Northern Democrats appeared optimistic their lines would hold firm. They outnumber Republicans 48-47, with the other seat held by Sen. Morse (Ind-Ore). Democrats were counting on Morse's vote on this issue.

Sen. H. Alexander Smith (R—NJ), Labor Committee chairman, said, "we're not licked yet." But he refused to predict the outcome.

Sen. Kennedy (D—Mass) said he is "confident" of a Democratic victory.

Northern and Southern Democrats gave widely differing reasons for wanting to send the bill back to committee.

Northerners said they were unsatisfied with the committee bill, which substantially carries out Eisenhower's recommendations, because it fails to correct what they call antilabor sections in the present law.

Southern Democrats said the bill as now written does not contain enough restrictions on labor union conduct nor give the states enough control over strikes, boycotts and picketing. They expressed concern too over an antidiscrimination amendment which Sen. Lehman (D. Lib-NY) has promised to call up if he has a chance.

The Senate has agreed to limit debate on Lehman's amendment and all others, including the motion to recommit, to 90 minutes for each, divided between proponents and opponents.

This debate limitation was described by Southerners as one reason they planned to give substantial support to the recommittal motion. It would prevent any filibuster on Lehman's amendment, designed to forbid discrimination by an employer or a union because of race, creed or color.

4th Pay Zone Indicated In Nolan Project

Another producing pay zone, the Cambrian, has been indicated for the Northwest Hylton field of Southeast Nolan County. This is the fourth pay in the area.

Seaboard Oil of Delaware and others No. 5-A Billie Hanks, a former Stephens-Strawn lime producer, flowed oil on a drillstem test in the Cambrian from 5,969-989 feet. The tool was open one hour and 35 minutes, with gas at the surface in five minutes, mud in 11 and oil in 18. The flow was cleaned to pits for 18 minutes.

The project then flowed to tanks for one hour through a three-eighth-inch choke, making 23.28 barrels of oil. Gas-oil ratio was 523-1.

Top of the Cambrian was at 5,969 feet, minus datum 3,559 feet. Other pays in the field, in addition to the Strawn, are the Canyon reef lime and Fry sand.

Tool was being pulled in the No. 5-A Hanks at last report. It is located 1,884 feet from north and 660 feet from east lines of section 22-N-T&P.

GARZA WILDCAT

The Alamo Corp. of Lubbock No. 1 E. W. Whitton is to be a 3,700-foot wildcat in Northwest Garza, four miles northwest of Post.

Location has been set 330 feet from north and west lines of the lease in section 2, scrap file 1400. Operations are to start at once.

LEASE DEAL

British American Oil Producing Co. has acquired the oil and gas lease on a 160-acre tract in Southeast Nolan County from Texas Pacific Land Trust for a cash bonus payment of $500 per acre.

The concern has also agreed to pay royalty of one-half the oil and gas which might be produced from the lease. British American is obligated in the deal to start drilling by June 6 on a well to test the Cambrian at some point on the lease. The acreage involved is the northeast quarter of section 15-Z-T&P, one-half mile south of the opener of the EA Cambrian field.

The lease is immediately south of a quarter section for which Humble Oil & Refining is reported to have paid $1,000 per acre cash with royalty of one-quarter of the production. Humble has one producer from the Cambrian on its lease and is completing another.

MAY BE PLUGGED

Rowan Oil No. 1 A. J. Long Estate, Southwest Borden wildcat, is waiting on orders after running electric logs. It is believed the project will be quit as a failure.

A two-hour drillstem test was run from 8,660-706 feet. There was a very weak blow which died after 50 minutes. Recovery was 20 feet of drilling mud, with hydrostatic pressure 4,400 to 4,360 pounds. Flowing pressure and shutin pressure were both zero. Total depth is 8,706 feet.

In Garza County, Blanco Oil and Newman Brothers No. 1-H Swenson has been plugged and

School Strike In East Texas Over Teacher

PARIS, Tex. (AP)—The Detroit High School 16 miles east of here was shut down today by a strike of students who protested a school board action in not rehiring their English teacher.

The teacher, Mrs. C. M. Fisher, left early today with 20 members of the senior class on a trip to Hot Springs, Ark., and did not know of the strike.

The remaining 100 students of the high school did not report for classes. Some paraded in the vicinity of the school, carrying placards which read: "We Want Mrs. Fisher."

A spokesman for the students, basketball and baseball star Odie Adams, said the students did not intend to return to classes until Mrs. Fisher was rehired.

Mrs. Fisher's husband, who is superintendent of the school, and principal C. Z. Clark also were not rehired by the board.

John Chumley, Detroit barber and president of the board, said Mrs. Fisher could have her job back if she wanted it. He said Mrs. Fisher had asked time to think it over.

Snyder Man Is Killed In Car Wreck Today

Travis K. Wright, 19, a resident of Snyder for about four weeks, was killed instantly shortly before noon today when the car he was driving and a large oilfield truck collided just north of Dunn.

Wright, a parts man for Wade Pipkin Motor Co., formerly lived in Abilene. He was driving a 1954 Ford, headed south on State Highway 101. The International truck-tractor, owned by E. M. Little & Son, Contractor, was headed west across the highway on a new farm-to-market road. The truck was driven by Curtis Eugene Green, 27, of Abilene. Neither Green nor a passenger in the truck was injured.

The truck and car collided on the highway pavement. The truck overturned just west of the highway and south of the farm road, coming to rest on top of the car. The car was demolished. The truck was loaded with pipe and other oil field equipment.

Highway patrolmen and officers of the sheriff's department were investigating the collision early this afternoon. Wright's body was taken to Bell Funeral Home.

Wright becomes the eighth traffic fatality in the county this year, more than all the highway deaths in either of the two preceding years.

By this time last year there had been only two traffic fatalities. By this time in 1952 there had been four deaths and four in 1951.

STEVENS SAYS COHN AND JOE THREATENED HIM

WASHINGTON (AP)—Secretary of the Army Stevens swore today that Sen. McCarthy's aides threatened him if Pvt. G. David Schine failed to get favored treatment.

They made "exceedingly serious" threats, Stevens told the Senate subcommittee investigating the McCarthy-Army row.

And, Stevens declared, he had a distinct impression from McCarthy, as well as from the senator's aides, that the more the Army did for Schine the less "hammering" the Army would be subjected to from the McCarthy committee.

Schine, a member of a wealthy New York family, was an unpaid consultant to the McCarthy subcommittee until he was drafted last fall.

The McCarthy-Army row resolves about Army contentions the senator and his aides made improper efforts to get preferential treatment for Schine and McCarthy's countercharges the Army tried to shut off the senator's investigations of Communists in the Army.

McCarthy hammered questions at Stevens and the usually mild-mannered secretary, in his 12th day in the witness chair, snapped back with a sharpness not displayed before.

Pressed by McCarthy to say whether Roy M. Cohn, the McCarthy subcommittee's chief counsel, and Francis P. Carr, its staff director, had ever "threatened" him, Stevens maintained they had.

He said that because of the subcommittee's search for espionage at Ft. Monmouth, N.J., "taken in conjunction with the constant discussion of Schine, it was my feeling that they were threatening me."

"If I did not do something, they were going to do something," Stevens said.

In response to McCarthy's urging to be specific, Stevens cited what he called Cohn's "declaration of war" against the Army after Cohn was denied admittance to a secret radar laboratory at Ft. Monmouth on Oct. 20 and a meeting he had with Cohn and Carr at his Pentagon office on Nov. 16.

McCarthy said that while Cohn was denied admittance to the radar laboratories "Commies have free access."

"I say Commies do not have free access to those laboratories," Stevens flared.

Three days before the Nov. 16 meeting in his office with Cohn and Carr, Stevens recalled, he had said at a news conference that he knew of no current espionage at Ft. Monmouth despite the headlines growing out of McCarthy's probe there.

Stevens said Carr and Cohn told him McCarthy "felt I had pulled the rug from under him."

At the meeting with the senator's two aides, he said, "there was plenty of what was going to happen now."

McCarthy: "You say they told you I was unhappy?"

Stevens: "That's correct."

McCarthy: "And they told you the investigatoins would continue?"

Stevens: "They certainly did."

When McCarthy asked how that was an attempt to win preferential treatment for Schine, Stevens retorted it was "all part of a pattern, in my opinion."

A point of possible explosion as the hearings moved into this 12th day was an assertion by Sen. McCarthy that "I don't intend to" keep secret purported FBI data on security risks at Ft. Monmouth, N.J., unless FBI Director J. Edgar Hoover adds his veto to that of Atty. Gen. Brownell.

Sid Richardson Gets Judgment, To Sell String Of Race Horses

FORT WORTH (AP)—A note for $46,749.68, held by oilman Sid Richardson, will be satisfied by public sale of a string of race horses belonging to the late Fred Browning.

Judge Robert B. Young, 48th District court, yesterday gave Richardson judgment for the debt and ordered foreclosure of a chattel mortgage Richardson holds on the horses.

Young ruled out foreclosure of a lien against Top O' Hill Terrace, onetime widely known gambling spot near Arlington, on grounds it is the homestead of Browning's widow.

The ruling however gave Richardson's note superior claim over three other notes, one of them a $75,000 note to Benny Binion, former Dallas and Nevada gambler now serving a federal term for income tax evasion.

WEATHER

NORTH CENTRAL TEXAS: Partly cloudy, widely scattered showers or thundershowers this afternoon, tonight and Saturday. Cooler north and west this afternoon. Cooler tonight and in southeast portion Saturday.

WEST TEXAS: Partly cloudy, widely scattered showers or thundershowers in Panhandle, South Plains and upper Pecos Valley eastward this afternoon, tonight and Saturday. Cooler South Plains and upper Pecos Valley eastward tonight.

EAST TEXAS: Partly cloudy, widely scattered thundershowers Saturday and in north portion this afternoon and tonight. Cooler extreme north tonight and in north portion Saturday. Genle to moderate south winds on the coast.

SOUTH CENTRAL TEXAS: Partly cloudy this afternoon, tonight and Saturday, widely scattered thundershowers north portion Saturday. No important temperature changes. Moderate to locally fresh southeast winds on the coast.

Indochina Talks Due To Start Saturday

GENEVA (AP)—The Big Three Western powers decided today to propose to the Communists that the Indochinese peace talks begin tomorrow afternoon.

The last apparent obstacle for the opening of the talks was removed when the French agreed to have the chairmanship rotate between British Foreign Secretary Anthony Eden and Soviet Foreign Minister Vyacheslav M. Molotov. This was understood to be satisfactory to the Communists.

The Western powers agreed to have W. D. Allen, British undersecretary of state for foreign affairs, notify Soviet Deputy Foreign Minister Andrei Gromyko that the West is ready to meet tomorrow. It had been arranged several days ago that the meeting would be convened whenever the Western delegations were ready.

News of the agreement on the chairmanship came as the East-West delegates returned to their deadlocked debate on Korea after a three-day recess. But the two-week-old try for unification of that war torn peninsula appeared near its expected unproductive end.

Despite the Western belief the last hurdle had been cleared for the start of the Indochina talks, a potentially jarring note was injected by an official spokesman for Red China, Huang Hua.

He told newsmen his delegation at the opening session would demand admission of the Communist "governments" of Laos and Cambodia, as well as such other "interested states," including India, Indonesia and Burma.

The West considers the "Communist regimes" of Laos and Cambodia are virtually nonexistent.

A French spokesman said his government would refuse to sit at the same conference with representatives of "phantom regimes which exist only in the imagination of the Vietminh."

Some Western observers viewed the prospective Chinese move as purely a propaganda maneuver. They felt the Chinese would not insist on additional invitations if it appeared such demands would wreck the talks.

In setting up the Indochina discussions, Russia and the Western Big Three agreed that nine delegations would be present at the opener. They are the Big Four, Red China, the three Associated States of Indonchina and the Communist-led Vietminh.

The Soviets earlier this week said they would propose India, Burma, Thailand and Indonesia join the talks. But Western sources did not expect the Russians to press this to the point of endangering the negotiations. The United States wants to restrict the Indochina conference to as few nations as possible.

GOLFER GETS BIRDIE

John Fitzpatrick, 69, Pittsford, Vt., shows golf ball to the still-groggy crow he hit with a 165-yard drive from the fourth tee at a Pittsford golf course. Fitzpatrick not only beaned the bird but called his shot in advance to Edward Mooney, a greenkeeper, who was watching as two crows landed on the fairway.

Shivers And Yarborough Take Political Shots At Each Other

By CLAYTON HICKERSON
Associated Press Staff Writer

Politicians aimed blunt, bare-knuckled swings at the opposition and indicated Friday the summer campaign would be a free-swinging, super-heated drive for votes.

Gov. Allan Shivers and his opponent for the Democratic gubernatorial nomination, Ralph Yarborough, traded bitter verbal punches in Austin.

The Texans who lead the Democratic forces in the Senate and House—Senator Lyndon Johnson and Rep. Sam Rayburn—directed enough steam at Republican policies to virtually end any last semblance of the Eisenhower "honeymoon" and bi-partisal foreign policy.

Shivers said he felt there was some "tie-in" between Yarborough's announcement as candidate for governor and the announcement in South Texas that political boss George Parr was a candidate for district judge. He did not elaborate.

The governor said he expected to be attacked during the campaign by "Communist sympathizers, George Parr sympathizers and by Ralph Yarborough sympathizers and by Yarborough personally."

Yarborough struck back with the assertion that Shivers was "widely slinging buckets of mud in all directions."

"Anybody who can manufacture that much mud in one sitting ought to go to work and do something about the drouth," Yarborough added.

In Washington, Johnson delivered a smashing blow at the Eisenhower administration for its Indochina policy. He said the country had been placed "in clear danger of being left naked and alone in a hostile world."

Johnson and Rayburn spoke to a $100-a-plate Jefferson-Jackson Day dinner, the first held in Washington since the 1952 presidential race sent the Democrats down in defeat.

Rayburn said practically the only change Republicans had made in the Truman-Acheson foreign policy was "to administer it in sorry fashion."

FINAL BAND CONCERT OF YEAR SLATED TONIGHT

The Snyder High School concert and stage bands will be presented at 8 o'clock tonight in the high school auditorium in the annual spring band revue.

This will be the final full appearance of the bands this year. The two bands have played for various occasions during the year, and both have been top winners in all contests they entered.

Melvin Motgomery is director of the two groups. The concert band plays all concert and march music. It is composed of 50 members. The smaller stage band handles popular music. Montgomery will be aided in presentation of the two bands by Tim Dennis, junior high band director and arranger for the stage band, and Bob Clinton, school choral director.

Separate concerts will be presented by the two bands. The concert band will be on the stage first. It will begin with a march, "Fairest of the Fair," by Sousa, followed by the overture, "Morning, Noon and Night," by Von Suppe. Next will be the "Triumphal March," by Rossa, from the MGM movie, "Quo Vadis."

"Trombrero," a Latin-American rhythm, will feature P. W. Cloud, Jr., Gene Newton, and Lynn Tankersley, all of the trombone section. Next will be "Overture Eroica," by Skornicka, followed by "Burst of Trumpets," by Walters. Dennis will direct that number. "Colorama," by Yoder, a medley made up of several tunes pertaining to colors, is next on the program, then will come "Peck Horn's Revenge," by Bowles, featuring the French horn section and narrated by Karen Crooks.

An intermission will follow that number. Mrs. James Rosser will present an organ interlude, then the stage band will begin its concert. Vocalists, with the stage band are Jane Houston, Suzanne Houston, Joe Devenport, and Jimmy Don Boyd.

Hearing On Motion In Merritt Case Slated Here Monday Morning

A hearing on the motion for judgment in the case of Peggy Nell Merritt vs. Glen H. Merritt has been set for 10 o'clock Monday morning, Garland Armstrong, attorney for Mrs. Merritt, said today.

Armstrong said the hearing will be on his motion for judgment by Sterling Williams, 132nd district judge, giving Mrs. Merritt a divorce, sole and complete custody of the couple's 21-month-old daughter, Wilma Jean Merritt, setting a monthly child support figure Merritt is to pay, and restoration of Mrs. Merritt's maiden name.

Armstrong said that Eldon Mahon, attorney for Merritt in the case, has indicated that he does not wish to repeat jury trial of the divorce and child custody case.

Oratorical Program At Lincoln School

The Lincoln School is sponsoring an oratorical program tonight at 8 o'clock, Daniel Johnson, principal announced.

Featured on the program will be Rosie Davis and Ruby Spells who won first place in the interscholastic league contests in San Angelo April 10. Rosie Davis is the daughter of Mr. and Mrs. Anderson Davis, Jr.

The other girl on the senior speaking team will be Annette Harrison.

Junior speakers will be Johnnie Ray Garcia, Jack Newsom, Will Clay, Jr., Sherye Sanford and Karen Sue Giff.

Story tellers will be Jearline Turner and Ula Faye Garcia.

The public is invited, Johnson said.

Confidence Racket Is Worked On Old Woman

BOISE, Idaho (AP)—It cost an elderly Boise woman $2,000 yesterday to learn how to play a well-known confidence game.

The woman, who asked her name not be used, told police she was stopped on the street by another lady, who explained she had a lot of money and wanted to know a safe place to put it.

Just then, another woman passed by. She said she had just found a wad of currency, and she promised that each of the other two could have $1,000 of it if they would only loan her some cash for a few hours.

The victim, who is 71, drew $2,000 from her bank and turned it over. That was the last she's seen of the other two.

BIRTHS

Mr. and Mrs. Curtis C. Grant of Snyder are parents of a seven-pound, 10-ounce daughter, born at 6:43 o'clock last night at Cogdell Memorial Hospital.

Born to Mr. and Mrs. Eugene Wilson at 8:01 o'clock this morning in the Cogdell Memorial Hospital was a son, weighing six pounds, six ounces.

Admissions — Mrs. Eugene Wilson, Snyder, obstetric; W. P. Herring, Dermott, medical; J. D. Cloud, 3301 Avenue T, medical; Mrs. Curtis C. Grant, Snyder, obstetric.

Dismissals — Elton Fuchs, Snyder, medical; Mozell Roggenstein, route No. 2, medical.

OIL

Continued from page 1

abandoned on total depth of 7,460 feet. Coronet Oil No. 1 Collins, Howard exploration, has been quit as a dry hold on total depth of 7,815 feet.

Falcon Seaboard No. 1-A Clayton and Johnson, Borden County wildcat, is plugging to abandon after making no shows for production on a final drillstem test.

SCURRY COUNTY

Applications to drill two new field wells in Scurry County have been filed with the Railroad Commission.

Lone Star Producing Co. will drill its No. 1 H. H. Elland in the Kelley-Snyder field eight miles southwest of Snyder. Location is 467 feet from north and west lines of section 176-97-H&TC, and on a lease of 326.4 acres. Elevation there is 2,349 feet. Contract depth is 7,000 feet.

Humble Oil & Refining Co. No. 9 Louis B. Conrad and others is to be drilled in the Diamond M Canyon field 19 miles southwest of Snyder. Drillsite is 660 feet from south and 2,310 feet from west lines of section 77-25-H&TC. Projected depth is 6,900 feet. Operations on both the wells will begin at once.

Woodson Oil No. 1 George W. Noel, Northwest Scurry tester in section 517-97-H&TC, has perforated casing from 7,803-831 feet after running logs. Operator has acidized with 250 gallons and is preparing to test.

Fred Goodstein No. 1 E. G. Browning in section 537-97-H&TC has perforated casing from 7,916-917 feet and is preparing to squeeze cement behind the pipe.

Bright & Schiff No. 1 Ainsworth is drilling in shale below 7,386 feet. Union and Lone Star No. 1 Boone is drilling in lime and shale below 6,290 feet. Superior No. 8-536 Lanham is drilling in lime below 4,[illegible] feet.

BORDEN DRILLING

Hanley No. 1 H. D. Beal, South Borden wildcat, is at total depth of 2,437 feet and shutdown for repairs. Drilling is expected to be resumed by Sunday.

Union Oil No. 1 Porter is drilling in lime and shale below 6,120 feet. Blanco and Newman No. 3 Miller spudded yesterday. Texas Pacific No. 1-A W. D. Johnson is drilling in lime and shale below 7,341 feet.

DRILLING REPORT

Texas Pacific No. 1 Hanson, North Howard field project, has been completed for a 24-hour potential flow of 565.80 barrels of oil. The flow was through a 24-64th-inch choke with gas-oil ratio 898-1. Tubing pressure ranged from 440 to 500 pounds.

Guy Mabee No. 1 Justice, Southeast Garza wildcat, is drilling in lime and dolomite below 8,100 feet.

In Fisher County, General Crude No. 1 Parker is drilling in lime and shale below 4,641 feet. Chicago Corp. No. 1 Schleuter is drilling below 5,415 feet in lime.

General Crude Oil No. 1-100 J. W. Young, Northwest Kent venture, is drilling in lime and shale below 7,164 feet. Honolulu No. 1 Newman brothers is at total depth of 6,678 feet and drillstem testing from 6,653-676 feet. Bruner No. 1 York, located in section 8-1-H&TC, is drilling below 2,268 feet in shale.

Events In 'Coon Dog Trials This Week End Are Described

Several 'coon hunting events are scheduled for tomorrow and Sunday afternoon, when the West Texas Coon Hunters Association will gather at Lake Thomas for a meeting.

The association, which now has 34 members from Scurry County, San Angelo, Stamford, Leuders, and other points, will elect officers and hold its regular business meeting at 5 o'clock tomorrow afternoon. Warren Elliott, a local member, said the group will meet one-half mile south of the dam at the lake on the road leading to the dam from Big Spring. The meeting place will be near a stock tank just east of that road, he said.

President of the organization is now Joe Dillard of Leuders. Elliott and Garland Taylor both of Snyder, have been helping to direct the organization.

Following tomorrow's meeting, the group will put its dogs in a wild coon hunt, the first race of its kind ever held by the association. In this race, four dogs will compete, and judges will be assigned to each dog and its owner. The race will be judged on a point system, with the dog getting points if he is the first to strike the trail, stays to the trail best, or actually trees the coon. No coon will be put into this race — the dogs must find their own wild coons. Points will be docked from the score if the dog gets onto the trail of some other animal, such as a rabbit.

The rest of the activities will get underway at about 1 o'clock Sunday afternoon. Elliott said some of the meet was originally scheduled for Sunday morning but that it was changed so participants could attend church. Mostly cash prizes will be given for winners in the events. There is a $2 entry fee for each dog, and in each event the winner will get 80 per cent of the fee and the association 20 per cent.

One of the main events will be the coon on log. The coon is chained to a log, which is placed about 35 feet from the shore in the water. Dogs are turned loose one at a time, and each dog is timed until he gets the coon off the log and into the water. There is a maximum time of one and one-half minutes on the event.

Another is the drag race. In this race, a scented stick is dragged on a trail to a tree in which a live coon is tied. The dogs follow the trail to the tree and pick up the coon there. Two judges will be posted on each side of the tree. The first dog passing between the judges will get the first line prize, while the first to the tree and "treeing" the coon gets first place in the contest.

In the coon in barrel event, a coon is placed in a barrel, and each dog timed. The dog is placed on a line about 12 feet from the barrel. The dogs get a coon out of the barrel one at a time. There's is a 90-second time limit?

The coon sacking contest includes turning the coon loose about 20 feet from the dog, then loosing the dog. The dog catches the coon, and the dog's owner gets to the dog in time to keep it from killing the coon. He then puts the coon in a sack and ties it. This is a timed event.

The treeing event is conducted with only one dog treeing at a time. The coon, already chained in a tree, is shown to the dog. The owner, after the dog spots the coon, turns the dog loose and then must not talk to the dog. The dog giving the best performance in "treeing" is given first place.

Ed Sorrels of Stamford will direct the meet.

Four Charges Filed In Court

Three charges of swindling by worthless check and one of concealing mortgaged property have been filed in county court by Wayland Holt, county attorney.

None of the persons charged have yet been arrested.

J. E. Sandoval, one of the persons charged with swindling by worthless check, was alleged to have passed a check in the amount of $10.50 on April 3 to George's Automotive Service. George E. Whitted signed the complaint.

Charged with concealing mortgaged property was Raymond Dodson. The complaint said that Dodson had mortgaged a 1952 Nash Rambler with the Bob Dupree Nash Co. and that on or about last Dec. 1 he absented himself from the county or otherwise concealed himself so notice could not be given him by the holder of the mortgage to produce or give the location of the car. Bob Dupree signed that complaint.

Another swindling charge was against G. H. Clanton of Midland, charged with passing a $20 check to W. W. Terry at Terry Grocery on about March 1.

Ghe third person cited for swindling was Mrs. Earl Noseff, charged with giving a worthless check in the amount of $3.64 to Sunbeam Grocery on Jan. 8. Her address was given as 306 Twenty-eighth Street. Malven Stevenson, owner of the store, signed the complaint.

DeMolays Pick New Officers

Five new officers were elected Monday night by the Snyder DeMolay chapter.

They were Johnny Randolph, master councilor; Troy Williamson, senior councilor; Tommy McClatchy, junior councilor; Paul Nelson, senior deacon; and Jerry Roberts junior deacon.

Other officers appointed during the week were Richard Miller, senior steward; Jimmy Pior, junior steward; Elwyn Weathers, marshal; Fred Williams, chaplain; Ed Casebolt, standard bearer; Ray Gordon, orator; Wayne Ramsey, almoner; and Billy Green sentinel.

Preceptors appointed were Fritz Smith, Tom Falls, Nelson Howard, Jackie Riler, Billie Abercrombie, Bobby Glass and Don Boone.

Condition Of Burges Reported Improved

Both Mr. and Mrs. William Burge, who were injured in an automobile accident Monday night, were said improved today at Battenfield Hospital.

Mrs. Burge, the more seriously injured, was doing better, according to Dr. John Y. Battenfield. Mrs. Burge had suffered two fractured vertebrae and a fractured rib. Burge, who had a dislocated neck vertebra and two breaks in a foot bone, will probably be out of bed in a few days, Battenfield said.

The two were injured when their car overturned at about midnight Monday night about 15 miles northeast of Big Spring on State Highway 350. Burge is administrator of the hospital.

Pfc. Harold Rhodes Serving On Okinawa

Pfc. Harold D. Rhodes, the son of Mr. and Mrs. H. L. Rhodes of Snyder, has recently been assigned to the 29th Regimental Combat Team on Okinawa.

Rhodes, 23, is a supply clerk in the service company. A 1948 graduate of White Oak High School, he was employed by Sun Oil Co. before entering the army in April, 1953. His wife, Mrs. Betty Rhodes, lives in Tyler.

PTA INSTALLS 1954-55 OFFICERS

Officers of the various units and city council of the Parent-Teachers Association in Snyder are shown above at installation ceremonies last night. Mrs. E. N. Baker, out-going city council president presented the new officers to the audience. (Lee Watson photograph)

SOCIETY SCRIBBLINGS

It isn't the cost of the gift that makes it appreciated by the receiver—at least, not with Snyder mothers.

Out of more than a dozen mothers contacted by telephone here, not one mentioned cost as a factor in their favorite Mother's Day gifts. Most of them couldn't even single out one gift above the others, and those who did usually named a sentimental or unusual gift as the one they remembered best.

Mrs. J. W. KITCHINGS, for example, remembers best of all a box of candy given to her by her children, Lynette and Billy, when they were about seven and eight years of age. The idea for the gift was their own. They didn't even take Mr. Kitchings into their confidence, and the surprise Mrs. Kitchenings showed was completely real.

One of the gifts Mrs. Kitchings remembers giving was a pot plant she and her husband wired to Mr. Kitchings' mother, Mrs. G. C. Kitchings, in Tyler. They had just moved to West Texas and hadn't had time to select and mail another gift. The plant was a most successful gift, one of the elder Mrs. Kitchings favorites and one she still mentions. Mr. and Mrs. Kitchings and their family have lived in Snyder four years now. He is employed by the Producers Tool & Supply Co.

Gifts her children have made always rate high with Mrs. CHARLES W. GIBSON, who lives in the Sun Pipe Line camp west of Snyder. Her children are Mike, Pat and Robert. Several mothers echoed Mrs. Gibson's sentiments, and it didn't matter if the handmade item was a slightly out-dated May Basket or a more skillfully made piece of furniture from a school shop class.

Mrs. G. L. SEHESTED, 3208 Avenue L, got her favorite Mother's Day gift this year. It was silverware from her husband, delivered early so it could be used at a party. The Sehested's have a daughter, Glenda, six, and a son, Kenneth, three. Mr. Sehested is a mechanic for Halliburton Oil Well Cementing Co.

When it comes to selecting Mother's Day gifts for her mother and mother-in-law, Mrs. K. K. KNOLLENBERG, 2305 Avenue M, has a ready-made answer. She sends nylon hose each year, and the satisfaction is mutual.

Mrs. Knollenberg's fondness for lamps frequently provides simple solution when she is to be the recipient of the gift. It may not work out so well this year, she said, because she already has new lamps and has discouraged additions to the collection for the present. The Knollenberg family includes two sons, Kenneth Knollenberg, Jr., and Bob Knollenberg, and a daughter, Marie. Just having the family together, on Mother's Day and other days as well, is the best gift of all, Mrs. Knollenberg said.

Mrs. R. H. CURNUTTE, 2306 Thirty-second Street, was another mother who couldn't pick out any favorite gift. All her gifts are welcomed and appreciated, she said, and she added a new thought: "I'm glad a Father's Day was instituted. It seems we mothers are always getting praise, and (at my age) you sometimes wonder if you live up to it all!"

• • •

Mrs. L. E. DUDLEY of Abilene, president of the Texas Federation of Women's Clubs, has announced that convention calls have been received by the 952 clubs of the Texas Federation who are members of the General Federation of Women's Clubs for the sixty-third annual convention in Denver, Colo., May 31 to June 4.

Mrs. Dudley will head the delegates at Denver. She is also to make the nominating address for Texas' candidate for second vice president of the General Federation, Mrs. J. W. Walker of Plainview. Texas has not apsired to so high an office in the General Federation since 1912, when the late Mrs. Percy V. Pennybacker of Austin was elected president of the federation. Mrs. John J. Perry of Sweetwater will be campaign manager for the Texas candidate, with headquarters in the Cosmopolitan Hotel. Special train and bus transportation are being arranged for Texas club women who will attend, and Denver is making preparations for one of the largest conventions of the federation.

• • •

Because of the number of out-of-town visitors expected here for Mother's Day this week end, the Acacia Study Club has slightly amended its reservation plan for the benefit bridge Saturday afternoon. Foursomes who cannot make definite plans to attend until Saturday will be allowed to secure tickets at the door—but the foursomes for either bridge or canasta are to be together since additional players cannot be promised by the sponsoring club. Play is to begin at 2 o'clock.

LARGER SIZES!

Patterns ready to fill orders immediately. For special handling of order via first class mail include an extra 5c per pattern.

3 From Here In Texas HD Meet

Three delegates and six visitors from Scurry County home demonstration clubs attended the district Texas Home Demonstration Association meeting in Lubbock Wednesday.

Delegates were Mrs. Will Murphree of the Plainview club, Mrs. Lowell Light of the Pyron club and Mrs. M. L. Andress of the Tri-Community club. Mrs. Andress also served on the resolutions committee.

Visitors at the meeting included Mrs. Ernest Schattel of the Pyron club; Mrs. Dick Martin of the Tri-Community club; Mrs. Bruce Caldwell, Mrs. Bill Pate, Mrs. John Langford and Mrs. Floy Smith all of the Union club. Miss Ruby Butts, county home demonstration agent, also attended.

Included on the program were a demonstration on farm safety given by Willie Ulrich, a member of the staff of the Extension Service, and an address by Miss Maurine Hearn, state home demonstration agent. Miss Hearn has recently returned from a year spent in Bolivia, where she helped introduce home demonstration work.

J. J. Pitners At Home Here

Mr. and Mrs. Johnnie Joe Pitner are at home at 905 Twenty-eighth Street following their marriage Monday in Roswell, N.M.

Mrs. Pitner is the former Mrs. Charlotte Southerland, the daughter of Mr. and Mrs. T. A. Faver, 2005 Avenue M. Mr. Pitner is the son of Mr. and Mrs. John S. Pitner, East Thirty-seventh Street.

The ceremony was read by the Rev. Austin H. Dillon in the parsonage of the Methodist Church. The bride wore a two-piece dress of blue linen with pearl trim. Her hat and gloves were white and she wore a corsage of pink carnations.

Mrs. Pitner is a graduate of Snyder High School. Mr. Pitner attended schools here and in Ira.

Mrs. Etheredge Is Hermleigh PTA Head

HERMLEIGH — Mrs. W. B. Etheredge has been installed as president of the Hermleigh Parent-Teacher Association.

Mrs. Elmer Henry was named vice president and Mrs. Frank Nachlinger treasurer. All three of these officers were re-elected. Mrs. J. J. Hall is the new secretary.

The PTA has voted to buy two duplicators, one for use in the high school and one in the grade school, before classes begin in the fall. The PTA is also to purchase cups and saucers for the lunch room and sheets for the school nurse's office.

Concert Plans Made By Sorority Here

Plans for the piano and violin concert to be presented Tuesday night under the sponsorship of Beta Sigma Phi were discussed at the sorority's meeting Tuesday night.

Dr. Herbert M. Preston and E. Edwin Young, both faculty members at Hardin-Simmons University, will appear on the concert. Advance ticket sales are being directed by Miss Virginia Grove.

Miss Sammie Williams was hostess for the sorority's meeting. Miss Zaida Brown was program speaker, discussing highlights of a nationwide tour.

PERSONALS

Mr. and Mrs. T. J. Sterling, 2511 Thirtieth Street, Mr. and Mrs. Earl Woolever, route 1, and Mrs. Maude Davis, route 1, left Wednesday on a fishing trip to North Concho Lake near San Angelo. They will return today.

Mrs. H. A. Vaught, Jr., and son, O'Neil Street, visited last week end in Abilene with her cousin, Mrs. Burl Nash.

Mrs. W. N. Davis, 3005 Avenue T, returned Sunday from Hobbs, N.M., where she has been for the past four weeks after receiving an eye operation.

Mr. and Mrs. Jack Walker and daughter, Phyllis Kay, of Shreveport, La., arrived Wednesday evening to visit in the home of Mr. and Mrs. Ray Walker, 2805 Avenue N.

Guests of Mr. and Mrs. Claude Ingram, 2205 Twenty-first Street, have been Mr. and Mrs. Melvis Neal from Weatherford, Mrs. W. E. Wadkins from Fort Worth, and Mr. and Mrs. Bill Robinson and Mrs. Arthur Forkner from Odessa.

Mr. and Mrs. D. L. Collins, Lamesa highway, spent last week end in Tyler.

WOMEN'S CALENDAR

Shower Honors Mrs. Hall Here

Mrs. Larry Joe Hall, nee Janet Saffel, was honored at a bridal shower given last night in the home of Miss Peggy Allen, 3801 Muriel Drive. Co-hostesses were Miss Bonita Lyons, Mrs. Joe Falls and Miss Nelda Floyd.

Spring flowers were used to decorate the house. Ellie Contella and Jane Crowder did a tap dance number, wearing costumes to represent a bride and bridegroom.

In the receiving line with the honoree were Mrs. C. E. Hall, Mrs. C. S. Cochran, Mrs. J. J. Henry and Mrs. J. O. Hall. The honoree wore a two-piece dress of purple and orchid linen with a yellow corsage, a gift of the hostesses.

Miss Lyons presided at the guest book, where about 30 persons were registered. Mrs. Falls and Miss Floyd were at the refreshment table.

Pyron H-D Club Sees Washing Equipment

Mrs. Henry Coldeway was hostess to the Pyron Home Demonstration Club recently. Miss Ruby Butts, home demonstration agent, gave a demonstration on proper washing machine equipment and clothes lines.

Business at the meeting included plans for attending the district THDA meeting in Post Wednesday. Refreshments were served by the hostess to Mrs. Forest Hess, Miss Butts, Mrs. Dale Hess, Mr. Buford Light, Mrs. J. L. Light, Mrs. B. J. Clifton, Mrs. Ernest Schattel, and Mrs. P. C. Sanderford.

Helps For Homemakers

Send your questions to "Helps for Homemakers," Snyder Daily News, or call 3-5486.

We can't tell you what the ideal Mother's Day gift would be for those on your list, but we do have an idea for a way to start Mother's Day right for the honoree. Serve her breakfast in bed!

Breakfast is the simplest of all meals to prepare, and if you are strictly a novice in the kitchen you can at least count on beginner's luck to see you through.

Sliced fruit on top of ready to eat cereal, hot buttered toast and coffee will make the easiest breakfast possible. If eggs are a breakfast must at your house, try these deviled scrambled eggs for this special occasion.

2 eggs, slightly beaten
2 tablespoons milk or cream
¼ teaspoon salt
Dash pepper
1 2¼-ounce can deviled ham

Blend the eggs with the cream or milk, salt, pepper and two tablespoons of the deviled ham (about half the can). Pour this mixture into the buttered top of a double boiler. Cook over hot water, stirring often with a fork, until creamy and set. Garnish with an additional teaspoon of deviled ham and parsley. This makes one serving.

Hot cakes or waffles are no problem with the prepared mixes available at any grocery store, and every cook book carries a basic recipe if you think the home-made blends are still the best. Hot biscuits from a can or stirred up from a biscuit mix can also be turned out in a jiffy. The same biscuit mix can be turned into a bevy of special-looking hot breads like these Spiral Prune Rolls.

1 cup pitted, cooked prunes
¼ cup sugar
Grated rind of one small orange
2 cups biscuit mix
½ to 2-3 cup milk
3 tablespoons melted butter
2 tablespoons granulated sugar
½ teaspoon cinnamon.

For the filling, combine the prunes, one-quarter cup sugar and grated orange rind, mixing together thoroughly.

Combine biscuit mix with enough milk to make soft dough. Turn out onto a floured board and roll to a rectangle about 8x12 inches. Spread with one tablespoon butter and prune filling. Sprinkle with sugar and cinnamon. Roll as for a jelly roll. Cut into one-inch slices. Drizzle a tablespoon of butter over the bottom of the pan. Place rolls flat side down in pan and drizzle remaining butter over the top. Bake in a hot oven (400 degrees) about 30 minutes.

Fruit juice or fresh fruit always start a breakfast off right. Instead of serving orange or grapefruit halves, why not cut the fruit into round, peeled slices or in sections as you would for a salad plate? You may be able to find cantaloupes to be served for the first time this season.

You'll find plenty of other ideas in Mother's cook book. Choose what you like, but choose and get into action early Sunday morning!

Scurry County H-D Talks Fund Raising

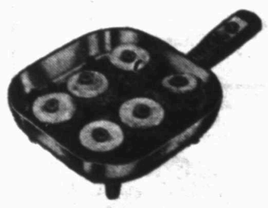

Means of raising funds were discussed at a meeting of the Scurry County Home Demonstration Council yesterday.

Other business at the meeting included a report on the recent dinner honoring Scurry County commissioners. Mrs. M. L. Andress said that district meeting reports were being prepared for presentation at the next council meeting. Miss Ruby Butts, home demonstration agent, reported on the girls' 4-H Club team demonstration meet in Lubbock recently.

The council meeting was closed with the singing of "Happy Birthday" to Mrs. Ernest Schattel.

State Finalists Are Vying For Top Honors In Track And Field

By HAROLD V. RATLIFF

AUSTIN (AP)—The ponderous Texas Schoolboy Track and Field Meet, bringing 675 athletes into alambang competition, moved out today with tight fights due for the championships in all three divisions.

Sunset (Dallas) sought a repeat title in Class AA and Sugar Land aimed at the third championship in a row in Class B but there will be a new Class A champion. Brenham, which won the title in 1953, doesn't have a single man back.

At least three overall records and 10 divisional marks are due to be established and some of them could be hung up in preliminaries and eight finals to be run off today.

RECORD SURE HERE

The record most certain to be cracked is the mile relay before the blistering quarter-milers of Baytown, who last week ripped off a 3:19.8, which tumbled the National Scholastic record of 3:21.2, set by Lyons Township High School of La Grange, Ill., in 1953. The overall state record is 3:22.5, established by Baytown last year.

Jo Irvin, Amarillo, might crack the overall discus record of 170 feet 10½ inches set by Darrow Hooper of North Side (Fort Worth) in 1949. He has consistently hovered around 170 feet all season. The discus throw is down for finals today.

Sunset, headed by its great hurdler, Eddiee Southern, and its ace high jumper, Tom Kelly, is due to finish high but faces the scrap of its life against such stalwarts as Baytown, Pampa and Abilene.

WIDE OPEN RACE

The Class A title race is wide open with Andrews considered most likely to win it because of its great strength in the hurdles, with Leon Chester and Gene Ellis, and the shot put with Bobby Wright.

Class A may produce the third overall record. Vern McGrew of Lamar (Houston) high jumped 6 feet 5 inches in 1946 and that record hasn't been seriously endangered since. But from Crane comes Clarence Miller who has leaped 6 feet 4⅝ inches.

Sugar Land, with its great Ken Hall ready and willing to compete in five events and likely to score about 35 points, is a heavy favorite to win the Class B crown again.

MORROW HIGH SCORER

Bobby Morrow of San Benito appears the most likely top point-maker in Class AA. He is due to take the 100 and 220-yard dashes, possibly setting a record in the first, and to either win or place high in the broad jump. Morrow has run 9.6 in the 100 this year and the state record in Class AA is 9.7.

Bobby Moashart of Abilene and Mike Stewart of Baytown might trim down the 880-yard record of 1:59.1 and Kelly could erase the high jump record of 6 feet 2⅛ inches. He has leaped 6-3½ this year.

Joe Sullivan of Fort Stockton is a good bet for a record in the Class A 180-yard low hurdles. The record is 19.4 and he has made that time this season.

COX THREATENS RECORD

In Class B Willie Cox of New Deal might eclipse both hurdle records. He has run 14.6 in the highs and 19.6 in the lows and the records are 14.8 and 19.4 respectively.

Finals in the Class AA broad jump and discus throw, Class A pole vault, discus throw and the broad jump and Class B pole vault, discus and broad jump are being held today along with preliminaries in the other events. All other finals will be run off tomorrow afternoon starting at 1 o'clock.

Next Year's Team Beats Exes 53-46

By DALE WALTON

The Snyder Tiger 1954-55 basketball team hit 38.3 per cent of its shots yesterday afternoon in beating the exes 53-46 here.

That percentage would not be very high during the season, when the team has worked together and has had games for practice, but for the only game of the spring and the first time this particular group has worked together, that is a fair country average.

The squad had an even better average on free throws, coming out of the game with 60.7 per cent.

Unlike many exes games, the team yesterday had fair competition, included were Bill Boyd and Joe Galyean, regulars for about two years on the Snyder team; Billy Sellars, a scoring leader for the B team and an A team letterman last season; and several other players with B team experience, including Joe Rollins, Randal DeShan, and Don Stewart.

Jimmy Bennett, scoring leader on the A squad last season, has shown much improvement and shows the potential to lead the team again in his senior year. Jack Spikes, who will be a junior, has the hustle and height to handle the backboard, as does Joel Tankersley. The team also clicked on defense. Bennett hit 58.3 per cent of his field goal attempts and 66.6 per cent of his free throw tries to lead scoring with 22 points.

Bennett, Spikes, Steve Blair, Tankersley, and Hubert O'Neal made up yesterday's first team. Playing a total of about a quarter was last season's freshman ball team, which had one of the best records in the school. That group was made up of Milton Ham, Robert Dabbs, Powell Berry, Floyd Blackwell, and Ronnie Smith, with Orville Ham in the game a part of the time. This squad played most of the second quarter, when the scoring lead was exchanged with the exes twice, and during the last two minutes of the game. The frosh went into the game with the varsity leading by six points. During those final two minutes, the exes managed one free throw, while Dabbs sacked up one field goal.

Three who promise to be regulars yesterday were missing from the varsity lineup. They are Alan Snead and Don McNew, who were regulars last year, and Jerry Taylor, B team scoring leader last year.

Varsity (53)	FGA	FG	FTA	FT	PF	TP
Spikes	9	7	1	4	4	18
Bennett	12	7	10	8	4	22

Double Header Faces Tigers

The Snyder Tigers will play their last baseball games of the season tomorrow afternoon when they go to Wichita Falls for a double header.

The Tigers are trailing the district, with no wins in four tries, while Wichita Falls is tied with Abilene for the lead. Abilene will host Vernon tomorrow in a double header.

If two teams tie for the district lead at the end of tomorrow's games they will go into a best two-out-of-three series for the title.

Alan Snead, who holds a 5-4 record for the season, and Dwayne Prince, whose record is 0-4, will be starting hurlers in tomorrow's games. Ronnie Baker, 1-0, will be relief for both the hurlers. Snead is a sophomore, while Prince and Baker are both freshmen.

The Tigers hold an 8-12 season record. A first year ball club, they have lost eight in a row. Prior to that time they had won four in a row and had an 8-4 record.

Speedy Moffett baseball coach, said his team will make a strong effort to win at least one of tomorrow's games against the Coyotes.

Both Wichita Falls and Abilene, which were in separate districts last year, were champions. Vernon has been playing in a district with Wichita Falls. Snyder, which is playing baseball for the first time since 1950, last played in a district with Rotan and nearby towns.

Roswell Holds One-Game Lead

By The Associated Press

Roswell held a one-game Longhorn League lead Friday after a shattering 16-9 triumph over the Big Spring Bronco that kept them a step ahead of the rampant Artesia Drillers.

Artesia blanked defending champion Carlsbad 8-0, Sweetwater's rejuvenated Spudders shut out San Angelo 4-0, and Midland nudged Odessa 2-1 in 10 innings in the other Thursday night games.

Big Spring led going into the eighth inning in the error-filled game with Roswell. But the Rockets scored eight runs in the eighth and went on to win, the Broncs' former 6-0 lead surpassed.

In a game called at the top of the ninth because of rain, it seemed that a change of scenery was all the Spudders of Sweetwater needed. Playing their first game after their franchise was transferred from Wichita Falls, the Spudders gave southpaw Jay Mattson support afield as he let San Angelo down on five singles and fanned eight. The Spudders collected eight hits off Bill Ewen including two triples by Manager-First Baseman Al McCarty.

Charles Terrasi, Midland third-sacker, punched a single through Odessa's drawn-in infield to score Pete Guzy from third and break up a 10-inning pitching duel. The triumph gave Midland righthander Frank Pickens his second win in three starts and extended the Indian win streak to three games.

Jim Turgerson was in complete command of the situation at Artesia as he held slumping Carlsbad to three hits. Turgerson received 11-hit support as he recorded his fifth win of the season against one loss. Dean Smith and Billy Felder smacked home runs for the Drillers.

Paris In Jr. College Conference This Year

PARIS, Tex. (AP)—Paris has been admitted to the Texas Junior College Conference and will compete in football with Navarro, Allen Academy, Henderson County, Blinn and Cisco.

Paris was in the Big Six Conference until withdrawing this spring. Kilgore and Tyler, other members of that conference, are in the newly-formed Longhorn Conference.

Paris will compete in basketball in a zone with Texarkana, LeTourneau Tech, Panola and Lon Morris.

The Texas Junior College Conference also has tennis and golf for girls.

Catholic Tournament

HOUSTON (AP)—Defending Champion St. Thomas (Houston) was to meet St. Mary's (Fredericksburg) in today's opening round of the State Catholic High School Baseball Tournament.

St. Thomas, with a 12-6 season record is a favorite. Other favorites include undefeated Central Catholic (San Antonio), Corpus Christi Academy and Jesuit (Dallas).

Other first round games:

Jesuit vs Bishop Byrne (Port Arthur); St. Louis (Castroville) vs St. Anthony's (Beaumont); Central Catholic vs St. John's (Ennis), and St. Joseph's (Victoria) vs Corpus Christi Academy. Kirwin (Galveston) drew a bye.

Andy Seminick of Cincinnati batted .279 and hit 14 home runs against southpaw pitching in 1953.

ERASES MILE MARKS

Roger Bannister, former Oxford ace, breasts the tape as he achieves the goal of all trackmen—a mile run in less than four minutes. He was timed in at 3:59.4 in his memorable performance. It was his first race of the year.

Tyler, Austin Deadlocked In Big State Lead

By The Associated Press

Tyler and Austin continued deadlocked at the head of the Big State League Friday with the Galveston White Caps a game off the pace and Waco's Pirates closing in from a game and a half back.

Austin fell 26-2 Thursday night before a mammoth 23-hit Corpus Christi attack that gave the angry Clippers their first win in five starts.

In other games, Waco whipped Bryan 7-1, Galveston swamped Tyler 7-4, and Temple shaded Harlingen 8-7 in 10 innigs.

Corpus Christi jumped to a 6-0 lead in the first inning against the Pioneers and ended their scoring in the seventh with a 10-run splurge. Seven Austin errors made it easier for the Clippers.

Jack Wilkinson got six hits in seven tries for Corpus Christi and Chili Bigham drove in eight runs with two homers and a single.

Marvin Hatcher, new Temple hurler, gave up 13 hits in going the distance for the Eagles. But Temple hits were timelier and a 10th inning single by Earl Hamman that followed Nellie James' booming triple was enough for the Eagle victory.

Lefty Tom Moore held the Tyler Tigers to two hits in seven innings and his mates furnished him with enough runs to get him through the eighth when Ray Hagstrom put out the East Texas fire. Tyler climbed on Moore for three hits and four runs in the eighth as Oran Davis connected with a three-run homer.

Waco's win over Bryan was costly. Jack Paepke, Pirate catcher-manager, suffered a badly-fractured thumb in the first inning and will be out of action for a month at least. Paepke was hitting .348. The Pirates used six unearned runs to whip the Indians for their seventh straight win at home.

Gainesville Knocked Out Of Sooner Lead

By The Associated Press

Seminole knocked Gainesville from thee Sooner State League baseball lead in a wild game at Gainesville Thursday night, and Ardmore took temporary command of the top position.

Seminole defeated Gainesville 13-11 in a slugfest replete with 22 hits, 22 walks, 11 errors, and a parade of 11 pitchers.

Ardmore's slugging Cardinals disposed of Lawton 11-6, Harvey Cohen was on the mound for the Cardinals and scattered nine Lawton hits, quelling a ninth inning Lawton rally that netted the losers three runs.

Shawnee held tenaciously to fourth place, edging Ada 6-5. George Green had a no-hitter in his grasp until the eighth. Bruce Lane of the Herefords hit a bounder to second that hopped over the second baseman's head into the outfield, the only hit off Green.

Texas Leaguers Good Enough For Johnny Temple Of Reds

By BEN PHLEGAR

Associated Press Sports Writer

Tobacco-chewing Johnny Temple, who aims for first base instead of the fences, is proving the sparkplug of the Cincinnati Redlegs' fight for first division.

Sandwiched into a lineup which breathes power at almost every position, this 24-year-old North Carolinian has parlayed his humpback liners over the infield into a .378 batting average, tops on the club.

He has been personally responsible for the winning run in exactly 25 per cent of the Reds' victories this spring.

He drove in the deciding tally again yesterday as Cincinnati shaded the New York Giants 5-4 and moved into second place in the National League with a 12-8 record. The Reds trail the first-place Philadelphia Phillies by half a game.

While Ted Kluszewski, Jim Greengrass, Gus Bell and company aim for outer space, Temple, a graduate from the Texas League, is satisfied with his Texas League singles. Against the Giants he dumped one into right field in the eighth inning that scored pinch runner Nino Escalera from second base for the winning run.

The Brooklyn Dodgers fell before the Chicago Cubs 8-7 in 11 innings and Milwaukee beat Pittsbugh 3-0. The Phillies were rained out at St. Louis.

In the American League the Chicago White Sox stretched their lead to a game and a half over Detroit and Cleveland by edging Washington 5-4. The Indians won their seventh game in eight Eastern starts, 3-2 over Philadelphia, and New York trounced Baltimore 9-0.

Boston and Detroit again lost a decision to the weatherman.

Faulty fielding in left field—a sore point with the Dodgers for two seasons—helped Chicago to its winning run. With Randy Jackson on first in the 11th, Ernie Banks doubled to left. George Shuba couldn't find the handle and Jackson scampered home.

Hal Jeffcoat, an outfielder in previous years, made his first appearance as a pitcher and picked up the victory in relief. He worked eight innings and struck out catcher Rube Walker with the bases loaded in the ninth.

The Braves beat the Pirates behind the five-hit pitching of Lew Burdette, who turned in the first shutout by a Milwaukee pitcher this season. The Braves moved into fifth place.

At Washington the White Sox waited until two were out in the ninth before staging their winning rally. Nellie Fox doubled and rode home on Minnie Minoso's fourth single. Minoso scored after an error and Willard Marshall's single. Harry Dorish, in relief, ran his lifetime margin over the Senators to 14-4.

Early Wynn bested Arnold Portocarrero in a pitching duel at Philadelphia with Al Smith providing the deciding margin with an eighth-inning home run. Vic Power singled home the first Philadelphia run and matched Smith's circuit blast in the bottom of the eighth.

The Orioles, hitless wonders of the American League, managed only one hit—Bobby Young's first-inning single—off Allie Reynolds before the Yankee veteran retired with a cramp in the eighth. The Yanks battered Joe Coleman for four runs in the first inning, with Yogi Berra's homer the big blow.

Putting Is Key To Success In Greenbrier

WHITE SULPHUR SPRINGS, W. Va. (AP)—"Your score is bound to be good if you're putting good and I putted real well," Joe Taylor logically explained for taking the first round lead in the Greenbrier Open yesterday.

Unknowingly at the time, he also put his finger on why Sam Snead came in second a stroke behind Taylor's 65 on the par 70 Old White course.

Snead can hit the ball as far as any golfer but again discovered that tapping it a short distance on the green counts the same. It took him three puts to get down on he 13th hole and a bogey five when a par would have ea ed the stroke necessary to tie Taylor.

Taylor is a newcomer who has made his presence felt quickly in this area. As pro of the new Berry Hills Club near Charleston, W. Va., he won the state PGA title last year and was third, after runner-up Snead, in the State Open. He won the Tri-State Tourney for West Virginia, Pennsylvania, and Ohio area.

Besides Snead, Jack Burke Jr. of Kiamesha Lake, N.Y., and Herman Scharlau of Boca Raton, Fla., are in striking position if Taylor falters. They started the second round today tied for third at 68. Bob Watson, Mike Homa, and Henry Lindner are another stroke back.

EGGS GALORE with POWER SUPER LAYING RATION

At last, here's a feed, made by a formula designed to produce RESULTS from your laying flocks. Once you've tried it you'll say, like thousands of others: "Man, oh man, Power Super Layer does have a profit punch in every pound." Try it....

CHURCH NEWS

Leonard Sachs, an outstanding English stage and television actor, will be seen in the leading role of the film "John Wesley" at a premiere performance in the First Methodist Church on May 30. The film will be shown in 500 churches across the nation, and is the first to tell the story of Wesley's life.

$20,000 In Bonds Are Sold By Calvary Baptist Church Here

The Calvary Baptist Church yesterday completed the sale of $20,000 in bonds to finance its new building, the Rev. T. Gerald Cates, pastor, said.

Work on the building, located on West Thirty-fifth Street, has been underway for several weeks and it is hoped that the building can be completed in about 60 days. Furniture which has already been ordered is not expected to arrive for at least 90 days, Mr. Cates said.

The church has expressed its appreciation to persons who purchased bonds.

Study Of Jeremiah In Methodist Circle

Mrs. J. W. Phillips was hostess for a meeting of the Mary-Martha Circle of the First Methodist Church Wednesday morning in fellowship hall.

Mrs. Charles Tyer led the program which concluded the study of Jeremiah. Mrs. R. L. Mobley gave "A Prayer of Jeremiah." A playlet was presented by Mrs. Ned White, Mrs. Leamon Roberson, Mrs. N. A. Billingsley, Jr., Mrs. O. B. Brown, Mrs. Bob Crowell, Mrs. E. E. Smith and Mrs. James McClure.

Guests at the meeting were Mrs. Stanley Kerbow, Mrs. Lida Hardy and Mrs. Charles Sutton. Twenty-two circle members attended.

Friendly Class Meets With Mrs. J. H. Hillyer

The monthly business meeting of the Friendly Sunday school class of the First Baptist Church was held Tuesday night at the home of Mrs. J. H. Hillyer, 611 Thirty-fourth Street.

The history of the Baptist Church was given by Miss Ethel Roberts. Following the program and business discussion, refreshments were served Miss Roberts, Mrs. J. T. Hillyer, Mrs. J. H. Sullivan, Mrs. Earl Perser, Mrs. H. W. Shuffield, Mrs. B. C. Worley, Mrs. J. B. Mayo, Mrs. Ford Caperton and Mrs. Albert Trammell.

Two Circles Complete Studies Of Latins

Members of the Philathea and Berean circles of the First Methodist Church completed their study of Spanish speaking Americans Monday in a combined meeting in the fellowship hall.

Mrs. J. C. Dorward gave commentary on her recent Caribbean cruise while film slides on the cruise were being shown by Mrs. Woodrow Adcock. Mrs. Fred Beaty gave a review of the book, "My Heart Lies South."

Guests from other Snyder churches attended the meeting.

SERMON TOPICS

"What Shall I Do For My Sons?" is to be the topic of the Rev. E. K. Shepherd at the morning service of the First Baptist Church. "Quest for the Best" is to be his sermon Sunday night.

• • •

Warder K. Novak, minister of the Thirty-seventh Street Church of Christ, will take as his topic Sunday morning "Mother." For the 7:30 service Sunday night, his subject will be "Marriage." Bible study classes meet at 9:45 Sunday morning, with the worship service at 10:45.

• • •

"The Christian Home" will be the topic of the Rev. T. Gerald Cates at the Calvary Baptist Church Sunday at a special Mother's Day service. Gifts are to be presented the oldest and the youngest mothers present. Bible study classes meeting at 10 o'clock Sunday morning will have a lesson on "The Risen Lord, Ministering and Commissioning."

• • •

The oldest and youngest mothers present at the First Methodist Church Sunday morning are to receive special recognition, as will the mother with the largest family present. "Ponder These Things" will be the sermon topic of the Rev. Woodrow W. Adcock for both the morning services, beginning at 8:45 and 10:55. The later morning service will be broadcast. At 8 o'clock Sunday night, Mr. Adcock is to preach on "What Shall I Do About My Son?"

• • •

"Can A Person Go To Heaven by Keeping the Ten Commandments?" will be the question of Ted Norton at the morning worship service of the Twenty-fifth Street Church of Christ. "The Gospel Versus Paganism" is to be his topic at 7:30 Sunday night. Classes meet for Bible study at 9:45 Sunday morning with the worship service at 10:45. Evening classes meet at 6:30.

Officer Training In WSCS Slated Monday

Officer training day will be held Monday morning by the Women's Society for Christian Service of the First Methodist Church.

The WSCS executive committee will meet at the same time, 9:30, in the fellowship hall of the church. All officers, outgoing and incoming, are asked to attend the meeting. Incumbent and outgoing officers are requested to return literature to the church so new officers may study it. The nursery will be open during the morning.

Floyd To Lead Service

O. C. Floyd will lead a program of singing at 7 o'clock tonight at the Primitive Baptist Church. Refreshments will be served at the close of the service. No Sunday meetings are planned at the church.

49 Attend District Guild Meeting Here

Forty-nine guests registered at the Big Spring district's meeting of the Wesleyan Service Guild at the First Methodist Church here Sunday.

The guests were greeted by a reception committee and directed to the register. Refreshments were served from a lace-covered table which carried out the Guild's colors of white and gold.

Mrs. Billie Youree, president of the Snyder guild, presided at the opening of the business session. She also played piano accompaniment for songs led by Mrs. Mildred White, a member of the Mary-Martha Circle here. The devotional, given by Miss Lucille Hester of Big Spring, was followed by the main address given by Mrs. Jewell Richter of Colorado City, district secretary for the guild. A playlet was presented by members of the guilds in Colorado City and Andrews.

After a solo by Mrs. White, reports were heard from various guilds in the district. Midland is to be the scene of the next district meeting in the fall.

Class Sees Slides And Movies During Meeting

Mrs. Forest Sears, 3011 Avenue X, was hostess for the Fidelis Sunday school class of the First Baptist Church Monday night.

Mrs. Sears showed slides and movies of a recent cruise in the Caribbean. Refreshments of pie and coffee were served Mrs. J. E. LeMond, Mrs. J. M. Newton, Mrs. Eunice Weathersbee, Mrs. Edgar Taylor, Mrs. Ola B. Leath, Mrs. Joe Henry, Mrs. Henry Kelley and Mrs. Jack Inman.

Buck up! All of us sometimes feel discouraged, weakened, and overwhelmed. The Episcopal Church can help you cope with difficulties.

Narcotics Agent Bought Milk Sugar, Made Pinch And Lost His $62

CLEVELAND (AP) — The young woman handed the man 31 capsules containing a white powder and accepted $62 in return. Then the man, a federal narcotics agent, arrested her on charges of selling dope.

But Federal Judge Charles J. McNamee yesterday dismissed the charges against Miss Josephine Evans, 24. Laboratory tests showed the capsules she sold contained only milk sugar.

Miss Evans went free, and the agent is out $62.

Circle Meets With Mrs. Ray Lampson

The Afternoon Circle of the Presbyterian Women's Organization met Tuesday with Mrs. Ray Lampson, 3009 Thirty-ninth Street.

Mrs. J. L. Roddy gave the Bible study and Mrs. C. A. Likes the lesson. Mrs. John R. Covey, Sr., presided at the meeting. Refreshments were served the nine members present.

NEGOTIATIONS THIS MONTH

Steel Workers Plan To Seek Guaranteed Annual Wages

PITTSBURGH (AP)—A guaranteed annual wage—long one of labor's principal aims—and an unspecified pay increase keynote 1954 contract objectives of the powerful CIO United Steelworkers.

The union outlined its program for negotiations with the basic steel industry, due to start later this month, as the 170-member USW wage policy committee opened a two-day conference yesterday to draft final bargaining plans.

A four-point program embodying demands for the guaranteed annual wage and a pay boost was adopted by the union's 30-man executive board and presented to the policy committee. Final approval is seen only as a formality.

Rounding out the program are demands for improved insurance and pension plans and better contract terms on such items as seniority, holidays, vacations, overtime, severance pay and local working conditions.

David J. McDonald, USW president, said the policy committee took up the wage and pension-insurance points at the first day's session.

He declined to state what wage hike the union wants for its 600,000 members in basic steel now earning an average of $2.14 to $2.24 an hour.

On the guaranteed annual wage, McDonald said the proposal to be presented at the bargaining table will "likely follow the general trend of a plan which the union has been discussing."

He said the plan calls for formation of a supplemental benefit income to be paid to unemployed workers out of a trust fund. He didn't go into details.

The USW will begin contract negotiations with U.S. Steel Corp. on May 18. U. S. Steel, No. 1 steel producer in the country, generally sets the contract pattern for the industry.

Talks are expected to be scheduled soon with other basic producers such as Bethlehem Steel Corp., Jones & Laughlin Steel Corp. and Republic Steel Corp. Contracts expire June 30.

Agreements worked out with the basic producers probably will form the basis for negotiations later this year with the fabricating and allied industries which employ an additional 600,000 USW members.

FOR BEST RESULTS, USE THE SNYDER DAILY NEWS CLASSIFIED call 3-5486

Maybe most of those cuts and scratches would heal without any medicine. But who can tell when a simple scratch is going to develop into a serious infection?

Mother is alert to every possibility of danger for her children. Guarding them against infection is part of her daily responsibility.

Incidentally, that accounts for Mother's constant concern for her children's religious training. She knows that there are "infections" which destroy our moral and spiritual well-being.

Every Sunday, with her husband and her children, you'll find Mother in Church. For the Church is one of the few things that Mother considers even more essential to the well-being of her family than that bottle of antiseptic in the medicine closet.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Jack Craft, owner of Craft Studio & Camera Shop, is shown placing a cap on Carolyn Sturdivant for a graduation portrait. Craft has caps and gowns at his studio so that portraits can be made any time. (Craft Studio photograph)

Portraits At Graduation Are Recommended

High school graduation is a once-in-a-lifetime occasion, and it should be recorded permanently as a highlight of the career of everyone, Jack Craft, owner of Craft Studio & Camera Shop, located just west of the West Texas State Bank, said.

"Second only to the diploma, the best and most lasting way to permanently preserve the occasion is with a photograph of the graduate in cap and gown," he said.

The idea is not a new one, because photography has furnished the perfect answer to the problem of preserving the memory of most occasions, he said.

Craft said that he has caps and gowns at his studio and the graduation type portraits can be made any time, but he cautioned that they should be made as early as possible if delivery of the finished portraits is desired before graduation day.

"About two weeks are necessary to properly finish the portraits," he said.

Craft said that his studio and camera shop offers the perfect answer to the problem of gifts for the graduates.

"We have a complete stock of movie and still cameras in all price ranges that make ideal gifts for any graduate," he said.

The studio also has a complete stock of all accessories, projectors, screens and other photographic equipment.

Farm Earnings Up In Texas

AUSTIN, May 3 (AP)—Texas Farmers took in $336,600,000 the first three months of this year, 4 per cent more than for the comparable year-ago period, the University of Texas Bureau of Business Research reported today:

Of 17 commodities surveyed, nine showed increases ranging from 1 to 109 per cents. Eight commodities brought less income.

Peanuts showed the biggest gain, income from that crop totaling 2.5 million dollars, more than double the comparatively low income from peanuts of 1.2 million in the first quarter of 1953.

Sheep and lambs, up 106 per cent, brought farmers 5.3 million dollars compared with 2.5 million a year ago.

Oats and grain sorghum revenue were up 64 and 46 per cent, respectively. Cotton was up 16, cattle and wool, 14.

Wheat showed the largest income drop, dropping 40 per cent. Cottonseed and mohair also were down sharply, 39 per cent.

Slight Injury From Three-Story Tumble

BALTIMORE, (AP) — Mrs. Glen Seiber fell three floors to a sidewalk here last night but suffered only a fractured foot. She was released after treatment at St. Joseph's Hospital.

Her husband told police she was calling from their apartment window to one of his relatives on the sidewalk when she apparently fainted.

POLITICS IS CHARGED IN QUAIL RESTOCKING PLANS

AUSTIN, May 1 (AP)—Hart Stilwell, wildlife writer, said today the Texas Game and Fish Commission is "getting ready to throw away $200,000 on a discredited quail restocking project—and purely for political reasons."

Stilwell's criticism was aimed at the decision reached by the commission at a recent meeting in Wichita Falls to consider a pen-raised restocking program when it adopts next year's budget in July.

"The commission is going to raise and plant quail, a procedure so thoroughly discredited that the U.S. Fish and Wildlife Service has for years refused to allocate Pittman-Robertson funds on any such undertaking," Stilwell said in a prepared press statement.

He said commission members appointed by Gov. Allan Shivers have pushed the plan because it would be politically helpful to Shivers.

"Leading the drive, right on up to the temporarily successful conclusion at Wichita Falls, was Frank M. Wood, Wichita Falls oil man," said Stilwell.

"Hunters vote. So a candidate for governor undoubtedly can sway hunters if he gets up and says, 'I am bringing quail back to your land so you can have fine hunting,'" Stilwell said.

Game Commission Executive Secretary Howard Dodgen did not agree with Stilwell that the project was worthless.

Dodgen said the commission's idea is to provide pen-raised quail for restocking only in favorable habitat and with the understanding that the land owner will promise careful supervision.

"It will take a lot of wet nursing," Dodgen conceded.

He agreed with Stilwell that pen-raised quail "would never give you a shootable population within themselves," but he thought "possibly they would give you the seed stock that would provide a shootable population later."

"It's success would depend on how active people are in caring for birds after they receive them. It's got a lot of good in it, and a lot of pitfalls as well," said Dodgen.

He said he had no comment on Stilwell's charge that politics was involved except to say: "I have no reason to believe his statement."

Damage High Over Oklahoma

OKLAHOMA CITY (AP)—Damage estimates range up to a million dollars today in the wake of tornadoes and floods which hit Oklahoma over the weekend, taking four lives and injuring at least 64.

Latest reports showed twisters were seen at, or struck, 29 communities. A fifth death was indirectly caused by the weather.

Billy Shearler, 30, and his 84-year-old grandmother, Mrs. Annie Rubottom, were killed as they tried to outrun a tornado in a truck near Grandfield in southwest Oklahoma.

The twister caught up with the truck, demolished it and killed both occupants.

Frankie La Fallier, 21, of Miami, Okla., and Shirley Jester, 13, of Pocasset, drowned in flash floods.

A Tulsa woman died of a heart attack as she raced to a neighbor's storm cellar when the sirens began to blow, warning a tornado was overhead. She was Mrs. Ethel Olive Bowman, 57.

The state headquarters of the Salvation Army, which sent rescue crews into the storm areas, estimated property damage at over a million dollars.

The Washita River, which flooded Friday after a 10½-inch downpour in Roger Mills Count, flooded again yesterday. The muddy river poured into the lowlands for 10 mi. s northeast of Cordell in Washita County.

Unitarians Ignore Censors, Show Charlie Chaplin Movie Anyway

MEMPHIS, Tenn. (AP) — The Charlie Chaplin movie Carmen, banned by the Memphis Board of Censors, was shown to a laughing audience of 100 at the First Unitarian Church last night.

The slapstick comedy was postponed a week after Chief Censor Lloyd T. Binford said the church would "violate the law" if it showed the movie.

Church trustees later viewed the silent picture, said they found nothing "morally wrong" with it and rescheduled it.

Binford, who earlier said he might send police to stop the showing said last night, "I haven't got anything to say . . ."

All Chaplin films were banned here because Binford objected to the actor's private life.

Medical Missionary Says Red Regime Unpopular In China

WORCESTER, Mass. (AP)—A physician who was held in China for 18 months under "town arrest" says, "Not more than 5 per cent of the Chinese people have any use for the Communist government or any confidence in the party."

He forecasts an ultimate uprising.

Dr. William E. Braisted, graduate of Brown University and McGill University Medical School, went to China first in 1938 for the American Baptist Foreign Missionary Society. He operated a hospital at Kityang, Kwangtung province, in south China. Part of the time it was under control of the Communists.

He believes "it is only a matter of time before the end will be seen in a mass uprising."

He says the only loyal Communists are party officers, members of the military and "stooges."

"And even they," he adds, "are far from 100 per cent loyal."

Dr. Braisted made his comment while here to address the Lincoln Square Baptist Church, which raised funds in 1940 to build a wing for his hospital.

"The mass of people" he says, "are totally disillusioned by the failure of the new government to fulfill promises of better administration. They are deeply resentful of the oppression of the new rulers.

"And they are particularly full of resentment for the murder of many of their [illegible]

"The people are more miserable than before with less food, higher taxes and the loss of all freedoms and security.

"This fits a familiar historial pattern and I believe it is only a matter of time before the end will be seen in a mass uprising."

Dr. Braisted found some lack of enthusiasm for Generalissimo Chiang Kai-shek among Chinese with whom he talked.

He questioned Chinese regarding the generalissimo. He says their reply was: "We didn't like those mice that were eating up our grain a while ago; but we like these rats even less."

Living conditions — hard for the average farmer under Chiang's regime — are now sheer misery, Dr. Braisted says.

He says the Communist government's preoccupation with political control has caused deterioration of services such as that which his hospital performed.

He describes his institution of 70 beds, 5 doctors, 23 graduate nurses and 60 student nurses as the only good medical institution in a country of a million inhabitants but, nevertheless "totally inadequate."

Under the Communists, he says its efficiency has greatly decreased.

BATONS, BOWS AND ARROWS

Conductors Cannot Inflict Authority Upon Orchestra

By HAL BOYLE

NEW YORK (AP) — How does a symphony orchestra conductor make 100 musicians behave when all he has is that little switch in his hand called a baton?

I have always thought a maestro might do better if they'd change the ground rules and let him wield a baseball bat. Or perhaps a bow and arrow. Then, if the bassoon player yawned when he should be bassooning, the maestro could let him have an arrow right in the forehead.

Whether the arrow should be blunt, pointed or poisoned would be entirely up to the maestro. After all who would miss a bassoon player?

But Andre Kostelanetz, a top conductor in both the classical and popular field, says I am all wrong. He says that the general level of music wouldn't be raised even by providing maestros with shotguns. He buys his own batons by the gross, friends say. He may snap half a dozen during rehearsals, and is reported in moments of exasperation to have broken them across his own head.

But this is all in the day's work.

"A conductor cannot inflict his authority upon an orchestra," Kosty said at a luncheon in his duplex apartment overlooking the East River. "His authority is the result of knowing what each of the 100 musicians is supposed to do, getting each to do his task well, and suffusing them all with enthusiasm ... blending 100 voices into one musical effort."

Kosty has done perhaps as much as any man in his own lifetime to make good music enjoyable to the masses as well as the classes. His 200 recordings—the latest is a symphonic treatment of the opera "Carmen"—have sold more widely than those of any other conductor: 25 million disks. A fellow musician estimated that if these were all stacked on top of each other the pile would be three times the height of Mt. Everest. (And how would the mountain climbers like to have to scale that!).

Kostelanetz, born in Russia, started playing the piano at five, and heartily disliked it. Today, at 52, he is a stocky, partly bald, blue-eyed musical precisionist. He works with the intensity of a man leading a revolution which, in the world of music, is what he has helped to do. He has done much to encourage native American composers and feels their work is now being recognized, even in Europe.

"It is very clear we cannot stop," he said. "We must have new people to compose new music to reflect our times.

"Each new piece does not have to be an imperishable masterpiece. Even Beethoven's full stature was not realized when he was alive. Time is the test."

Asked to name a single American piece of music that would still have world recognition a century from now, Kosty immediately picked George Gershwin's "Rhapsody in Blue."

"It shows all the signs of immortality," he said.

The life of a meastro requires endless concentration and energy.

"With us," said Kostelanetz, "the wind is as important as it is to an athlete."

He himself travels 50,000 to 100,000 miles a year conducting 30 to 40 concerts. He estimates he has journeyed a million miles by air. Half the time he wields his baton without a score before him, but may spend a month preparing to conduct a major work.

Kosty never diets but eats sparely, prefers fruit. He keeps fit with calisthenics, motoring and swimming.

His own philosophy of living is simple:

"A certain amount of industriousness is necessary, and one must keep a full-time interest in what one is doing. The exact truth is that success in this world doesn't just fall out of your sleeve."

He has no particular favorite musical composition in the vast repertoire he knows by heart.

"The composition I am working on at any given moment dominates me so that it has to be my favorite music," he said.

Pretty Girl Tied To Tree

READING, Pa. (AP)—A pretty 20-year-old girl was found nude, beaten and tied to a tree with her own garments last night a short time after she attended a church reception.

Reading police said Judith Annette Spang, daughter of a legal secretary, had been beaten and tied to the tree in the back yard of a northwest Reading home.

The scene of the attack is less than a mile from the spot where the nude body of 15-year-old Dorothy Schlappig was found in an ash barrel in January 1953. The Schlappig girl had been raped. Her killer was never apprehended.

The victim of last night's attack was reported in a fair condition at the Reading Hospital. Physicians said she suffered numerous body bruises and shock. It was not immediately determined whether she had been raped.

Police said the girl was suffering from shock and could give no coherent explanation of what happened when admitted to the hospital.

Truman Ballon Lands On New York Lawn

ROCHESTER, N.Y. (AP)—A red, white and blue paper balloon, 18 feet long, drifted down on a suburban lawn yesterday while several startled residents watched.

Miss Jean Smith, among others, rushed over to examine it. She read an attached tag which said: "Fired by H. S. Truman, Independence, Mo."

That's all—except for one thing. The balloon landed in the yard of Eugene Eisenhower, who says he has no prominent relatives. No one had an explanation for the incident.

British Claim Newer, Cheap Type Of H-Bomb

LONDON (AP)—The Daily Express said today Britain has developed a new type of hydrogen bomb "far simpler and cheaper to produce" then the one devised by U.S. scientists.

It was described as "a sensational discovery of which the Russians and Americans are believed to know nothing."

Chapman Pincher, Express science writer, said the British FAP-ON "does not involve the use of large quantities of expensive heavy hydrogen as the ordinary H-bomb does."

Pincher, who did not cite the source of his information, said the new bomb was successfully tested at the Woomera weapons range in Australia Oct. 26.

10-Year-Old Drives Car Over Baby Boy

CINCINNATI, (AP) —Ten-year-old James Lykins Jr. kept begging his father to let him drive the family car.

Finally his father said he could drive it back and forth in the driveway yesterday.

Jimmy lost control. The car struck a baby's play pen near the garage and ran over and killed 15-month-old Douglas Byrnside.

Hearing Aids For Children In Schools

Austin, May 3 (AP)—There are almost no "totally deaf" children in the Texas School for the Deaf, Supt. Roy Stelle says.

Because a high percentage of the children have a useful degree of residual hearing, a statewide movement has been launched to provide hearing aids for young students capable of receiving amplified sound.

Combined with instruction in lip reading, the instruments would help many children to learn to speak more naturally and in some cases, Stelle says, graduates of the school could go out as "hearing individuals."

An Austin woman, Mrs. Homer Mayhall, initiated the movement to collect used hearing aids which will be donated to the school and fitted to selected children. Collection of the instruments is timed to the observance of National Hearing Week, May 3-9.

Stelle estimated 40 per cent of the enrollment could be helped by regular use of individually fitted hearing aids to hard-of-hearing children, but Texas has not appropriated funds for such a program.

Some children in the school for the deaf wear instruments purchased by their families. Many families are unable to meet this expense, however.

Working in the instrument collection plan are W. S. Cochran, Wichita Falls; Jodie Jordan, Lubbock; Raymond Fischer, Abilene; D. M. Bisel, Beaumont; Rosa A. Harman, El Paso.

Study Of Reds In Labor And Education Set

DETROIT, (AP)—Rep. Kit Clardy (R—Mich) opens hearings today to determine how far communism has infiltrated into education and labor in Michigan.

Clardy, chairman of a House Un-American Activities subcommittee, said he expected to call between 8 and 10 witnesses the first day, more than half of them educators.

He said, however, one "pretty important" witness may be called from the labor field.

The white-haired Michigan congressman, commenting on criticism by the CIO United Auto workers, said often the "most trouble is stirred up before a hearing." He said he thought the union, some of whose members have been subpoenaed, would be one of the chief benefactors of the investigation.

The first two witnesses, he said, were Sidney W. Graber, a social studies teacher at a Detroit elementary school, and Dr. Gerald Harrison, a faculty member and physicist at Wayne University.

He said his group is not conducting a trial and is not trying "to determine who is guilty and who is not guilty." He said it is merely trying to determine how far communism had infiltrated into the fields of labor and education.

Clothes Ripped Off Of Diesel Worker

LOUISVILLE, Ky. (AP)—William Thomas' clothes caught in the machinery of a diesel engine yesterday and everything was pulled off except his shoes and socks.

The worst Thomas, a railroad maintenance man, suffered was a broken arm.

He was servicing the locomotive when his rain coat was caught by the spinning shaft of a radiator fan motor.

Luxury Ride Depression

CRANSTON, R.I. (AP)—Sen. Monroney (D—Okla) says he is one Democrat who doesn't think the country is moving into a recession.

"If we're headed on the train for economic perdition," he said in a weekend speech here, "it's the first time I've ever seen the trip being made with all the parlor car seats sold."

COMING OUT FAST

A mortar crew of the 1st Armored Division Combat Command "B" dismounts from their M-59 Armored Personnel Carrier during initial attack phases of the Division's daybreak attack during the third day of Exercise "Spearhead," a field training exercise now taking place at Fort Hood, Tex.

Johnson, Rayburn And Other Demos Attack Administration

WASHINGTON (AP) —Democrats have put up a cry for the administration to be done with "circus luxuries" and "TV spectacles" and come up with action to prevent a cold war from blowing hot.

The Republican campaign slogan of 1952, "Clean Up the Mess in Washington," was thrown back at the party in power last night at a Jefferson-Jackson Democratic dinner that brought out an estimated 1,500 diners at $100 a head—or $150,000 for the drive to elect a Democratic Congress this fall.

Speakers told the cheering throng that Republicans have created "messes of their own" in the McCarthy-Pentagon row and have suffered serious "reversals" on the Indochina question.

Unlike many previous $100-a-plate dinners by the Democrats in Washington, last night's glittering affair was generously attended by Southerners. They sat alongside old "New Dealers" and "Fair Dealers" in at least an outward show of unity.

Former President Truman, who with his family, was a featured guest, told the diners in a brief informal talk: "As leaders of the free world we must have the friendship of our allies and we can't have that if we insult them."

Sen. Lyndon B. Johnson of Texas, Senate Democratic floor leader, declared the Eisenhower administration has been "caught bluffing by our enemies" and this country now stands in danger of being "left naked and alone in a hostile world."

Rep. Sam Rayburn of Texas, House minority leader, said the people heard a lot about a "mess" in 1952 "and you are hearing a great deal more now." He said Sen. McCarthy (R—Wis) is the "problem" of the Republicans, not the Democrats, and declared that if the principals in the McCarthy-Army scrap were Democrats, all Republicans and a majority of the newspapers would be saying:

"This is the biggest mess that Washington has ever witnessed."

Adlai E. Stevenson, the Democratic presidential candidate in 1952, sent a message predicting that the Republicans will have "considerable experience as a minority after November of 1954." He himself was not able to attend the banquet because of a kidney operation.

Truman and Dean Acheson, his secretary of state, were given standing ovations when introduced.

Sen. Johnson said Democrats have opposed Republicans in Congress "in order to save" much of the President's domestic program. Hence, he said, they become confused when they hear Eisenhower say he needs a Republican Congress to put that program across.

Asserting American foreign policy "has never in all its history suffered such a stunning reversal" as in the past few weeks, he said:

"We have been caught bluffing by our enemies. Our friends and allies are frightened and wondering, as we do, where we are headed. We stand in clear danger of being left naked and alone in a hostile world. Only a few days ago we observed our final humiliation in the spectacle of the American secretary of state backtracking the Atlantic from the conference at Geneva.

"And, yes, a few weeks before while in Berlin he had told his own people that Geneva was the world's best hope."

It was something new for Johnson to talk in such critical tones about GOP conduct of foreign policy. He has made a point in the past of cooperating with the Republicans on foreign and military affairs.

Johnson said tomorrow all Asia may be in flames, but America's attention has been distracted "by an American prviate." This was an obvious reference to Pvt. G. David Schine, a figure in the McCarthy probe. Johnson continued:

"We cannot afford these circus luxuries, the TV spectacles. Ours is the tradition of Valley Forge and Iwo Jima . . . What have these silly quarrels to do with the problem of security against the gathering storm that threatens liberty?"

Chemical Cause Of Insanity Explored By Researchers Now

By ALTON L. BLAKESLEE
Associated Press Science Writer

ST. LOUIS (AP)—Maybe people go insane because their bodies start making a queer insanity chemical, a psychiatrist said today.

This chemical might be something made out of adrenalin, the potent hormone which jazzes up our bodies for fight or flight.

Some people may be born with a chemical machinery predisposed to make this chemical. Or it might appear when the body chemistry goes haywire from repeated stresses and strains.

This chemical theory for insanity and new evidence for it were described to the American Psychiatric Assn. in a report by Doctors Max Rinkel, Robert W. Hyde and Harry C. Solomon of the Boston Psychophatic Hospital.

It offers the possibility of pinpointing what the insanity chemical is, and then to counteract it to prevent and treat "mankind's greatest plague, insanity," Dr. Rinkel said.

The theory is based partly upon intensive studies with a drug which gives normal people the feelings and other signs of schizophrenia, one of the worst insanities.

The drug is LSD, meaning D-Lysergic acid diethylamide, discovered in Switzerland by Sandoz Chemical Laboratories.

It's a derivative of a fungus, ergot. Ergot was blamed for causing the fits and "madness from bread" containing ergot which struck the French town of Pont St. Esprit in 1951.

LSD has no taste, no color. Just a trace of it in a glass of water was tested by more than 100 volunteers, including Dr. Rinkel. The idea was to learn what it feels like to be in the shoes of a mental patient.

The drinks containing LSD gave normal humans many of the mental signs of schizophrenia, including inability to think clearly, mood changes, even hallucinations sometimes.

Still other drugs which produce results resembling mental illness create similar kinds of physical and chemical changes.

This is the main reason for theorizing that insanity has a chemical cause, stemming from some interference with the normal chemistry of the body.

The guilty chemical might be adrenoxine, formed when adrenalin is broken down or changes within the body, Dr. Rinkel said. This is a guess, and further studies are under way to find what the insanity chemical, if there is one, might be.

LSD and other drugs which work like it may be interfering with the body's chemical factories so that the insanity chemical starts to be made, Dr. Rinkel said.

Negro Singer Praises Reds

TOKYO (AP) — Josephine Baker, St. Louis-born Negro singer, issued a statement yesterday saying she plans a trip to Russia, "where many races live in harmony . . ."

Miss Baker's statement was released through the Elizabeth Saunders Orphans Home, where she adopted two tiny Japanese boys while on a concert tour of Japan. She and the babies left for Paris yesterday.

She said she hoped the boys "may one day follow in the footsteps" of Paul Robeson, left-wing American Negro singer and actor whom Miss Baker described as "a great man who has fought the battles for racial justice and world peace. . ."

She has renounced her American citizenship and is a citizen of France.

Dog Not Community Property, Wife States

LOS ANGELES (AP)—Concert violinist Elliott Fisher's wife has countersued him for divorce, declaring he has no community interest in Ricky, a 5-month-old Chihuahua puppy.

Mrs. Lisette Fisher, 22, alleged Ricky was a gift to her from her husband before their estrangement.

Fisher's divorce suit, filed earlier, listed the dog as community property along with $1,500 worth of jewelry and $800 worth of household effects.

Draft Board Member Quits Over Conviction Of Cpl. Dickenson

HATTIESBURG, Miss. (AP) —A draft board member here resigned over the court-martial conviction of Cpl. Edward S. Dickenson on charges of helping the Communists while a prisoner of war in North Korea.

"The Army lied to him (Dickenson) and if it will lie to one it will lie to another," Perry County draft board member Albert L. White said yesterday as he resigned.

"The Army told Cpl. Dickenson if he would give up communism and come back to the United States he would be given his freedom," White said.

"Instead he gets 10 years of hard labor and his citizenship taken away from him. I don't call that freedom."

Dickenson was convicted Tuesday and sentenced to 10 years on charges of collaborating with the Communists and informing on his comrades. The conviction and sentence are subject to review.

O YE OF LITTLE FAITH!

Ted Norton

"WHERE IS YOUR FAITH" (LUKE 8:25). This is the question Jesus asked His disciples when they were afraid. Faith has three elements: (1) Belief of testimony (Rom.10:17); (2) Obedience—doing what God says (Heb.11:17-19); and (3) Trust in God, being unafraid (Lk.8:25). It is possible for one to believe testimony from God's word (John 20:30,31) and obey it in becoming a Christian (Acts 2:36-41), and still be filled with worry and anxiety. The following suggestions may be helpful:

LIVE TODAY WELL—ENJOY IT! It is useless to worry about the past which cannot be changed nor about the future which may not be. To do so is to ruin all one has—today! Today "is the day of salvation" (2Cor.6:2b) not only for the person who should be a Christian but also for a Christian (Heb. 3:13). Have faith in God!

TACKLE HARD PROBLEMS WITH COURAGE—BELIEVING THEY CAN BE SOLVED (HEB.11:24-30). Great men of God through the ages have known this lesson. Both Moses and Joshua were men of courage. (Joshua 1:1-9). "Be strong and of good courage" said God to Joshua. God was with Moses and Joshua for they were with God (2 Chronicles 15:2). This principle must work with Christians—they must be with God if God is to be with them! Christians must be free from covetousness (love of money, 1Tim.6:10) and be assured that God is with them. Then it is needless to fear man or what man might do (Heb. 13:5,6). Have faith in God!

ENJOY WORK—PUT LOVE INTO IT (COL.3:22-4:1). Christians must mind their own business and work (1Thess.4:11,12); neither are they to be slothful (Rom.12:11). Put love into work! Note the difference in quality of child-care in that of the mother and in that of the maid! The mother loves her children; the maid loves the pay-check! When a work is of great service to others, it is a good work. If one cannot enjoy his work or learn to put love into it, he should change jobs. The right attitude toward a job is of the utmost importance. Have faith in God!

LEARN TO THINK, "THIS WORK IS GOOD FOR ME." This is especially true when one is a faithful Christian (Phil.4:11-13). Work does not kill but the attitude toward it will destroy peace of mind. "This work is killing me" is very infrequently true; the attitude kills. Here is God's remedy for worry: Philippians 4:6,7; read and meditate upon it. Have faith in God!

NINETEEN HUNDRED YEARS AGO THE CHURCH OF CHRIST WAS ESTABLISHED! Today, she has the same name, worship, organization, doctrine and life! The New Testament not only tells how but it gives examples of how people become members of the church of Christ which is His body (Eph.1:22,23).

WOMEN ARE NEGLECTED

'Who Knows—and What' Tells What 'Who's Who' Forgot

By HAL BOYLE

NEW YORK (AP)—There is a flip saying in this country that "it ain't what you know that counts—it's who you know."

This remark isn't as pertinent as it used to be. Civilization has become so complicated that people with specialized knowledge in any field are becoming more important. The rest of us need them as guides.

There is so much to know in the world today that the guy with the know-it-all complex is as out of touch with reality as a fossil. This is the age of the expert.

But how can the average man, seeking information about a topic, tell an expert from a bragging bum?

Well, the publishers of "Who's Who in America" have solved this problem. They came out today with a big volume called "Who Knows—and What."

The big Blue Book lists some 18,000 authorities on 33,000 subjects, ranging from the Aardvark to the Zuni Indians. It runs to 907 pages and cost the publishers $200,000 and several years of research.

The publishers are hopeful the volume will prove useful to everybody who has a problem—and that means everybody. The housewife plagued with cockroaches, for example, will find listed three authorities whose advice she can seek on how to get rid of these kitchen intruders.

Anybody annoyed by a prowling Aardvark, however, will have to turn for help to Dr. Glenn L. Jepson of the Princeton Museum of Natural History. He has a monopoly on this African mammal.

Emily Post, the hardy perennial in the field of what-fork-to-use-and-when, is the sole authority listed on etiquette—and what Amy Vanderbilt will say about that I shudder to think.

The same way with raindrop erosion. Now there's a field you'd think would be crawling with experts, but Walter David Ellison of the U.S. Navy has it all to himself.

On the other hand "Who Knows—and What" names 2 specialists on horseflies, 2 on porpoises, 9 on turtles and 11 on rabbits. It also names 8 authorities on communism—and doesn't include Sen. McCarthy, although it does mention his former aide, J.B. Matthews.

Only a baker's dozen are identified as authorities on sex, and Dr. Kinsey isn't slighted. But some of their approaches to sex don't make for very racy reading. Dr. Bernard Samuel Greenberg, to cite only one, has written on "some effects of testosterone on the sexual pigmentation and other sex characters of the cricket frog." And of course we all remember his heady study titled, "Some Relations between Territory, Social Hierarchy, and Leadership in the Green Sunfish."

A young girl looking for ways to trap a husband will find slim pickings in "Who Knows—and What." Neither bachelors nor hermits are mentioned. Nor are husbands. Presumably the experts in husband grabbing aren't talking for publication.

As a matter of dismal fact, the vast field of love isn't listed at all. How anybody could list 33,000 separate subjects without mentioning love strikes us as the greatest single feat of pure scholarship in [illegible] century.

Only men could leave out woman's favorite word.
