3 More US Fighters Downed By Red Guns

By BOB POOS

SAIGON, South Viet Nam (AP) — Communist gunners downed three U.S. jet fighters, including one from the newly arrived atomic-powered aircraft carrier Enterprise, during raids on North and South Viet Nam in the past 24 hours, U.S. spokesmen reported today.

Another fighter from the Enterprise crashed into the sea while trying to land on the 85,000-ton carrier, the world's largest. The accident occurred on the Enterprise's first day of combat operations in the South China Sea.

The losses pushed the number of American planes downed in operations in Viet Nam beyond 150.

One of the planes hit was an Air Force F105 during an attack on a bridge 50 miles north of Hanoi Wednesday night. Pilots reported they saw four surface-to-air missiles in flight in the area but said none scored hits.

U.S. spokesmen said Air Force planes attacked two missile sites 35 and 40 miles northeast of Hanoi Wednesday afternoon. Heavy dust and smoke obscured immediate assessment of damage.

On the ground, 14 Viet Cong were reported killed in a multi-battalion government operation near Go Cong City, 30 miles south of Saigon, Wednesday. The South Vietnamese forces also took four prisoners and seized a large stock of weapons and ammunition while incurring only light casualties, spokesmen said.

River assault boats took part in the day-long hunt by regular army troops, militiamen and popular forces.

Continuing their hit-and-run tactics, the Communists fired mortars and small arms this morning at a district headquarters in Binh Chanh, 10 miles southwest of Saigon. They were beaten off by sorties of U.S. Army helicopters and government mortars and artillery. Spokesmen reported no U.S. or Vietnamese casualties and no confirmed enemy losses.

Other South Vietnamese troops operating in the North near the 17th Parallel demilitarized zone killed 12 Viet Cong Wednesday while suffering only light casualties, the spokesmen said.

U.S. troops saw little action.

Marines conducted numerous patrols in the Da Nang-Chu Lai area. They killed one Communist, nabbed another and took three suspected Viet Cong in a sweep just south of the Chu Lai airport, spokesmen reported. No American casualties were reported.

U.S. spokesmen reported favorable results from attacks on suspected Viet Cong coastal positions by 7th Fleet destroyers Wednesday. The ships trained their five-inch guns at three areas along the northern coast and one in the Mekong Delta south of Saigon. Fire and explosions indicated possible scores on munitions or fuel dumps, spokesmen said.

Big E Takes Combat Role

By JOHN T. WHEELER

ABOARD ENTERPRISE off Viet Nam (AP) — The "Big E," the first nuclear-powered ship ever to go to war, joined in the Viet Nam conflict today as its sleek jets rained bombs on Viet Cong targets in South Viet Nam.

The Enterprise's debut was marred by the loss of two planes and the failure of an expected record to materialize.

Viet Cong ground fire knocked down one F4B Phantom near Song Be, 50 miles north of Saigon. Both crewmen were picked up by rescue helicopters, but one was injured.

The second plane crashed into the South China Sea after the pilot was unable to land in five attempts and the plane ran out of fuel. Both crewmen bailed out and were rescued.

When the day started, officers predicted 140 combat missions would be flown, beating the old record of 131 for a single day's carrier operation against targets in South Viet Nam.

But by midafternoon, the two lost planes, bad weather and other factors had forced cancellation of 16 missions from the 4½-acre flight deck of the world's largest warship.

It was the first day of combat for many of the carrier's pilots. They tried to appear nonchalant after returning, but the undercurrent of nervousness and agitation was readily apparent.

Jet after jet "bolted" — made a faulty landing — and had to roar off the 1,123-foot flight deck for another try.

"Everyone is a little nervous the first day of school," said a senior airman.

Targets for the day ranged from Viet Cong troop concentrations to suspected storage areas and what were termed Viet Cong-dominated buildings.

Although things were a little rough in spots the first day, Rear Adm. Henry Miller said he was confident the "Big E" could break all previous carrier records for the number of sorties, in part because its nuclear reactors eliminated the need for refueling and for large storage space for fuel oil.

Poll Tax Hearing Completed

AUSTIN (AP) — A three-judge federal court has concluded the trial of the federal government's suit to ban the poll tax in Texas, but the tax likely will be required again for next year's elections.

The judges warned Wednesday as federal and state lawyers presented final arguments that appeals to the U.S. Supreme Court will not be completed before the Jan. 31 cutoff for payment of poll taxes as a prelude to voting in 1966.

Both sides found the going rough as the three judges kept them busy answering questions.

U. S. Circuit Judges John Brown of Houston and Homer Thornberry of Austin and U.S. Dist. Judge Adrian Spears of Austin heard the case.

Although he repeatedly challenged arguments of the Justice Department's Stephen Pollak, Brown never found a satisfactory answer from state lawyers to his plea for "a reason for the poll tax as a precondition to vote" or for learning of "one valid state interest served by paying the poll tax as a precedent to voting."

Texas Atty. Gen. Waggoner Carr said the Justice Department's case was based on "strained logic" and was "very speculative." He noted a lack of any evidence citing the use of a poll tax to deny a person the right to vote.

Carr also cited testimony of U.S. Atty. Gen. Nicholas Katzenbach before the U.S. Senate hearings on the 1965 voting rights bill. The Texas suit is one of four filed under the bill.

Katzenbach told the comittee, Carr said, that "the Department of Justice and the Civil Rights Comission has never had one single complaint on voter discrimination arising in Texas ... A higher percentage of Negroes are registered in proportion to the Negro population of Texas than whites."

ASKS WAGE-PRICE LID

President Predicts Record Prosperity

By FRANK CORMIER

JOHNSON CITY, Tex. (AP) — President Johnson told top business leaders today he expects record prosperity without inflation in 1966. He called for wage-price restraint to help achieve that.

In an address prepared for delivery by telephone to the blue-ribbon Business Council, meeting in closed session in Washington, Johnson called for cooperative decisions by industry, labor and government to keep wages and prices in line with federal guideposts designed to guard against inflation.

In so doing, he cited the sacrifices of American troops in Viet Nam, saying: "We must support them from here as they support each other there. We must equal their sacrifice and uphold their cause. . ."

At the same time, he restated his offer of unconditional talks aimed at ending the Viet Nam conflict — an increasingly costly war that has sparked public discussion of potential inflationary pressurers in the months ahead.

Said Johnson:

"I have said it before. I say it again now. This nation is ready to talk, unconditionally, anywhere, with peace as our agenda.

"Peace will come because it must. It will come from courage, from constancy, and from concern. It will come because there is no other answer.

"Peace is our commitment. Peace is our goal. Peace will be the only victory we seek. And peace will come."

Johnsons long-distance audience, an unofficial government advisory group, included many of the biggest names in American business — presidents and board chairmen of the very largest corporations.

For them he offered this forecast:

"We expect next year to be another record year for the American economy. We are ever alert to danger signs, of course, and when we see them, we will act accordingly. But we do not anticipate any major problem that confidence and cooperation cannot solve."

The chief executive noted that wholesale prices have risen 2.3 per cent in the past 12 months while consumer prices have risen 1.8 per cent.

"This situation has now fairly stabilized," he said, "and we do not expect such an outbreak next year. In the past four months both wholesale prices and consumer prices have been advancing at a rate of less than 1 per cent a year."

Johnson said that while needs are growing—partly because of the Viet Nam war—the economy is growing, too.

"We can produce the goods and services we require without 'over-heating' our economy," he asserted.

Gemini Holds To Saturday Blastoff

By JIM STROTHMAN

CAPE KENNEDY, Fla. (AP) — The opening launch in America's Gemini doubleheader held firm to its Saturday blastoff schedule today as astronauts and officials met to review all aspects of the space shot.

Gemini 7 astronaut Frank Borman, whom experts describe as "a sound sleeper who dreams," and his witty copilot, James A. Lovell Jr., confer with the Gemini 6 crew, project officials, contractors and weather experts.

Dr. Charles A. Berry, Gemini flight surgeon, said both crews "are very relaxed" and in good physical condition.

The weatherman held to his prediction that conditions will be satisfactory at Cape Kennedy for the 2:30 p.m. EST blastoff.

Air Force Lt. Col. Borman and Navy Cmdr. Lovell plan to spin around the earth 206 times in 14 days.

Nine days later, on Dec. 13, Gemini 6 astronauts Navy Capt. Walter M. Schirra Jr. and Air Force Maj. Thomas P. Stafford plan to propel into orbit, rendezvous within a few feet of Gemini 7 and fly in formation with its sister craft 185 miles above the earth for six hours.

The Gemini 7 flight could be one of the most [illegible] ever undertaken, despite its planned 329-hour duration.

Berry said 10 hours of every day will be set aside to permit the astronauts to sleep. This, he said, should assure them at least eight hours' sleep.

Astronauts on previous Gemini flights complained that sleeping was difficult — especially if the flight plan required one or the other to stay awake throwing switches or talking to mission control.

Gemini 7 — for the first time — will have both astronauts sleeping at the same time, in conjunction with day-night cycles at Cape Kennedy.

"If they can't sleep now, we will have to attribute some of the problems to the weightless state," Berry said.

Tiny electrodes will be fastened to shaved spots on Borman's head to record his depth of sleep and state of alertness during the first four days of flight, until hair grows back in those spots. Berry said they know from tests on the ground that Borman is a sound sleeper who dreams.

Brain waves sent through the electrodes to a tape recorder will show whether the astronaut is dreaming, but they will not show what he is dreaming about, Berry said.

Jury Deliberates Klansmen's Fate

By DUDLEY LEHEW

MONTGOMERY, Ala. (AP) — A white male jury began deliberating the case of three Alabama Ku Klux Klansmen today following a 58-minute charge from U.S. Dist. Judge Frank M. Johnson Jr.

Klansmen Collie Leroy Wilkins Jr., 22, of Fairfield, Ala.; William Orville Eaton, 41, and Eugene Thomas, 42, both of Bessemer, Ala., are charged with conspiring to violate the civil rights of American citizens.

The indictment against the trio — although not mentioning her name—stems from the killing of Viola Gregg Liuzzo, a Detroit, Mich., white mother of five.

Mrs. Liuzzo, a civil rights worker, was shuttling demonstrators from Montgomery to Selma following a march to the Alabama capital March 25 when she was killed by shots fired into her car.

Johnson told the jurors that although the men were tried together, "they stand guilty or innocent separately from each other."

He said that whether the Ku Klux Klan or the Southern Christian Leadership Conference were involved "is no concern of mine as judge or yours as juror."

Johnson also said that "it is not necessary to establish the defendants . . . did kill Mrs. Liuzzo."

The judge told the jurors it is their duty "to see a fair verdict is rendered in this case." He also said they "cannot be swayed by sympathy, prejudice or passion."

Cold Dips South Again

By The Associated Press

Unseasonably cold again dipped deep into the South today but temperatures appeared near or above normal in most other parts of the nation.

The freezing line again this morning extended into northern Florida but tempratures in most of the Southeast were a little higher than Wednesday when record low marks for the date were set in several cities.

In Georgia, the mercury fell to 25 at Savannah, 26 at Macon, 26 at Atlanta and 30 at Albany, the 25 at Birmingham, Ala., compared to Wednesday's low of 18. Readings were in the 20s and 30s throughout the region, with the 50s and 60s in central and southern Florida. Warmer weather appeared on the way.

Vegetable growers in Florida said they had no reports of damage by the cold weather.

The nation's coldest spots were in sections of the Dakotas and in the southern Appalachians, with readings in the teens and lower.

Clear weather covered the major part of the country.

C-C Banquet Set Jan. 29

Jan. 29 has been set as the date for the annual banquet of the Snyder Chamber of Commerce.

Banquet committees will begin plans for the annual event which will officially close out a year of work and launch a new one for the organization.

Chamber members are in the process of electing six new directors who will formally take over their duties on the board at the annual banquet.

Threat Of Floods Told

By The Associated Press

The Corpus Christi Weather Bureau office issued flood warnings today after heavy rains fell across much of South Central Texas.

The rains were general over Texas, although relatively light at most places.

The flood warnings were for the extreme upper Nueces, upper Frio and upper Sabinal and their tributaries.

The Corpus Christi Weather office said two and three inch rains will cause flash flooding, with low water crossings closed tonight.

Rites Set For J. E. Bailey

Funeral services will be held at 10 a.m. Friday at Calvary Baptist Church for Jonah E. Bailey, 84. Mr. Bailey, who lived at 2503 Avenue C, died at 2:30 p.m. Wednesday in Nicholas Manor Hospital at Crosbyton.

He was a retired construction worker. A native of Tennessee, he had lived in Scurry County for the past 10 years.

The Rev. George Shoff will officiate at the funeral service. Burial will be at 3 p.m. in the Flomott Cemetery near Matador under direction of Bolger Funeral Home.

Surviving are one daughter, Mrs. Mildred Cooper, Houston; four sons, P. W. Bailey, Snyder; Jesse E. Bailey, Houston; and Bryan and R. D. Bailey, both of Sweeney; 20 grandchildren and 27 great-grandchildren.

FIGHTERS POISED

RAF Ready To Defend Zambia

By COLIN FROST

LONDON (AP)—Prime Minister Harold Wilson announced agreement with President Kenneth Kaunda today to supply British planes for the defense of Zambia. He said Royal Air Force fighters could move in imediately.

Wilson told the House of Commons: "Agreement has now been reached on all terms and conditions relating to the stationing of RAF planes and the RAF regiment in Zambia, there is nothing to stop immediate entry of planes into Zambia."

British troops and planes were poised to move into Zambia, on the northern border of rebellious Rhodesia. Wilson's government reinforced its military preparations with stringent new economic sanctions against Prime Minister Ian Smith's rebel regime in Rhodesia.

A squadron of Javelin jet fighters and large air transports waited in Nairobi, Kenya, for orders to fly to Zambia. The 54,000-ton aircraft carrier Eagle cruised off the East African Coast.

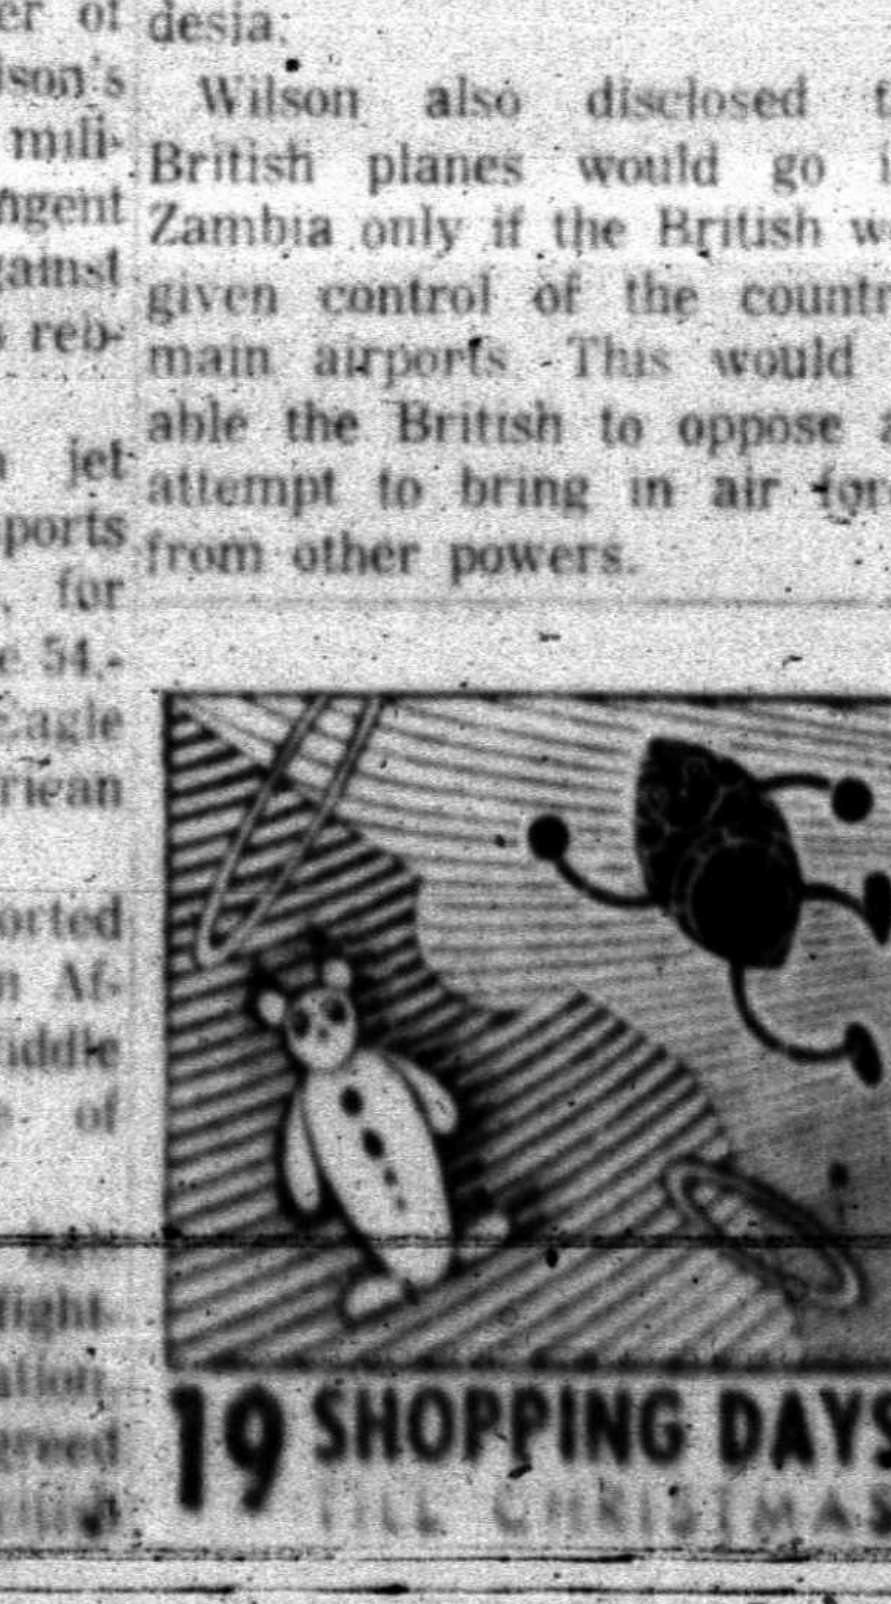
Ground troops were reported alerted at staging depots in Africa, Britain and the Middle East British protectorate of Aden.

Wilson offered Kaunda a battalion of ground troops, a fighter squadron and a radar station, but the two reportedly disagreed over command of the British force. Wilson wants the British to orders while Kaunda reportedly wants at least a share in the command structure.

Kaunda asked for the British forces to guard his country's electrical supply from the Kariba Dam, which the Rhodesians operate on the border between the two countries. He wants the British troops to invade Rhodesia, and overthrow Smith's white minority government.

Wilson told the House of Commons the troops will fight if necessary to protect Zambia's power supply, but he ruled out any unprovoked attack against Rhodesia.

Wilson also disclosed that British planes would go into Zambia only if the British were given control of the country's main airports. This would enable the British to oppose any attempt to bring in air forces from other powers.



Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: My mother refused to give my husband and me consent to marry, so when I turned 18, we eloped. We had my father's consent. In fact, he even helped us. My mother still refuses to recognize our marriage. When she writes a card or letter to me she refuses to put "MRS." in front of my name. She refuses to visit our home when my husband is home, and she won't let him in HER house. She is a very stubborn woman, Abby, but she is my mother just the same, and I still love her. I am going to have a baby. Would I be justified in refusing to let my mother see the baby until she accepts my husband?

DISTRUBED

DEAR DISTURBED: Why don't you wait until you have the baby? Perhaps by then she will have recognized your marriage and accepted your husband? Don't waste your energy trying to solve a problem that doesn't exist. It may never materialize.

• • •

DEAR ABBY: Please help me get my brother back. He needs me as much as I need him only he doesn't realize it. We were very close all our lives until two years ago. Then he married a girl who ran after him for nearly four years. She is not pretty, not smart and she is always sick with something. My brother told me that her doctor called him in and told him HE would have to make a choice between HER and ME, so he was choosing HER!

He said they are moving out of the state very soon because of HER health. When they go I will take a gun and blow my brains out, and it will be all her fault. Sign this,

A LOVING SISTER

DEAR SISTER: If you had sent me your name and address I would have directed you to the nearest Mental Health Clinic in your area. I don't know how sick your brother's wife is, but you are sicker. Please tell your story to a doctor—ANY doctor.

• • •

DEAR ABBY: Please put a word of warning in your column to girls who marry an "M.O.C." (Mother's only child). I've been married to one for 16 years, and she still calls me in the morning to tell me to be sure Freddy wears his heavy coat because it's cold outside. She is always making remarks like, "I hope you haven't been keeping Freddy out too late. He looks so tired lately. And how come he's thin? Has he been eating regularly?" Abby, I am a good wife. I don't keep my husband out late and I do feed him properly. I am perfectly capable of taking care of a husband without the help of his mother. How does a wife cope with such a situation?

END OF ROPE

DEAR END: With understanding, Freddy's mother hasn't been able to break the habit of worrying about him. Just say, "Thank you, Mother." (That's the least you can do for a mother who still feels the need to be needed. It may happen to you one day.)

Porker Squad Flies South

FAYETTEVILLE, Ark. (AP) —Arkansas coach Frank Broyles says his second-ranked Razorbacks want to train at Brownsville, Tex., before the Christmas holidays, then resume drills afterwards at San Antonio, Tex.

Arkansas, which has won 22 straight games, meets Louisiana State University in the Cotton Bowl at Dallas on New Year's Day.

"The practice schedule is tentative right now," Broyles said yesterday. He said a definite decision on a training site would be made after his staff checks into facilities at Brownsville.

Broyles said his team would open practice either Dec. 16 or Dec. 17 and resume drills probably on Dec. 27.

Broyles said the date for opening training was not definite because of difficulty in chartering a flight from Fayetteville. He said cold weather probably would halt any sessions on campus.

Two Firemen Plead Guilty To Arson

MEMPHIS, Tenn. (AP)—Two volunteer firemen who, investigators said, admitted setting two house fires because they like to fight them, have pleaded guilty to arson charges.

Jimmy Franklin Owens, 23, and Willie L. Berryhill, 22, were sentenced Wednesday to three-year terms at the county penal farm.

The fires were set March 31, 1964. Investigators said that in each instance Owens and Berryhill returned to the scene and fought the blaze. They were members of the Chickasaw Village Fire Department.

Two Mishaps Are Reported

Two men escaped serious injury about 3 o'clock this morning when their pickup overturned on [illegible] about 12.7 miles south of Snyder.

Receiving only minor bruises in the mishap were Otis Lee [illegible] and [illegible] J. Sitton, driver of [illegible]. Damage to the pickup, a 1964 Model Ford, was estimated at $600 to $700.

The mishap was investigated by Highway Patrolmen, who also checked a two-car accident at Thirty-seventh and Ave. O at 2:15 p.m. Wednesday.

Involved were cars of Betty Hembree Johnson, 2706 Ave. O, and Margie M. Pinkerton, 1905 Thirty-third. Damage to Mrs. Johnson's car was set at $40, and damage to the other vehicle was set at $25.

Two-Car Mishap Logged In City

Cars driven by Barbara Neal Gray, Route 3, and Charlie Lee Brown, also of Route 3, were in collision at 5:15 p.m. Wednesday at Twenty-fifth and Avenue M, according to City Police, who investigated the mishap. They estimated damage to the Gray car, a 1965 Model Ford, at $65, and damage to the other vehicle, a 1958 Model Ford Stationwagon, at $50.

Pennzoil May Buy Gas Stock

HOUSTON (AP) — Pennzoil Co. president Hugh Liedtke says his firm is considering the purchase of up to 35 per cent of United Gas Corporation's common stock.

He indicated in a news release Wednesday that Pennzoil might make a $134.5 million bid for control of the Shreveport, La., based firm.

Pennzoil of Houston and Oil City, Pa., bought 275,000 shares of United Gas stock earlier this year. United Gas has about 12.8 million shares outstanding.

"In view of the very large amount of United stock already tendered, Pennzoil is seriously considering purchasing up to 35 per cent of United common stock if tendered," Liedtke said.

Pennzoil offered to buy at least one million shares of United Gas stock at $41 a share Nov. 22. At the time Liedtke said United Gas stock appeared to be "a very interesting investment." The offer is due to expire Dec. 14.

Ed Parkes, president of United Gas, said in a letter to stockholders last week that "should Pennzoil acquire under its offer enough shares so that its holdings exceed 10 per cent of the outstanding stock, grave problems under the Public Utility Holding Company Act would arise for your company, and your management is considering measures to protect the company from such a situation."

A federal court in New York was asked by United Gas to issue a temporary order restraining Pennzoil from purchasing more than 10 per cent of the United Gas stock.

Liedtke said the court refused and another United Gas effort to restrain Pennzoil is scheduled in the New York court Dec. 8.

He said the Securities and Exchange commission has made no determination that Pennzoil's purchase of 10 per cent of United Gas stock would bring United Gas under the holding company act.

Pinched Cars Up For Sale

A law not generally understood by the public came to light this morning with the announcement of a car sale by the Sheriff's office.

The sale will take place at 10 a.m. Dec. 14 at the County Jail, [illegible] Avenue [illegible]. Cars confiscated from "bootleggers" will be sold at public auction to the highest bidders.

The vehicles include a 1957 Model Chevrolet pickup, a 1959 Model Chevrolet, a 1957 Model Chrysler and a 1957 Model Pontiac.

Under state law, vehicles used in the illegal transportation or sale of intoxicating beverages are confiscated and sold at public auction.

"The state not only can take a bootlegger's whiskey and beer, it also can take the vehicle used in the illegal transportation or sale of the stuff," explained a local law enforcement officer.

WOMEN

New Type Of Girls' School At Simon's Rock

By KATHIE DIBELL
AP Newsfeatures Writer

NEW YORK (AP)—Mrs. Livingston Hall is doing what many educators can only dream of over summer vacations. She's setting up her own school, precisely the way she theorized a school should be.

The school, Simon's Rock, will open next fall as a four-year school for girls, covering the last two years of high school and the first two years of college. It is located in a rural area near Great Barrington in northern Massachusetts. Funds and property for the school came from Mrs. Hall's estate.

"The school isn't like anything else in the world. It is an early college with the approach of bringing college teaching down to the high school level," Mrs. Hall, former headmistress of Concord Academy, said in an interview here.

The school will stress seminars with "the investigatory approach of teaching, the technique of borrowing for information. It assumes the preparations are over. Now it is time to spread."

Some 50 girls will be admitted in the first class. An eventual enrollment of 200-400.

Mrs. Hall, wife of a Harvard professor of law, has always deplored required subjects that high school students and college freshmen and sohpomores are forced to take, so Simon Rock will have only two requirements—two years of science and two years of English.

"We need to emphasize hunger for knowledge rather than hunger for credits," she said. "We need to nurture younger peoples' intense interest in what is going on today and lead them so that commencement really becomes not an end."

Mrs. Hall also criticized specialization, "the bogey of liberal arts." She thinks it is unnecessary for girls.

Men are forced to specialize because of their eventual role as breadwinners' but "girls can afford to think broadly, liberally. "Because of the narrowness into which man is forced, women are in a position to exert a tremendous influence on the family and the community.

"She must be broadly educated if that influence is to be good," Mrs. Hall said.

"We will begin with the present and be involved actively with the phenomena of the human race as it can be seen outside the window," she said.

The community around the school will be the students' laboratory.

Life at Simon's Rock—named after a huge rock on the porperty—won't be entirely intellectual for the teen-aged girls.

Mrs. Hall is planning a bunkhouse for boy friends on weekends.

"I do think adequate socialization with boys in absolutely necessary," she said.

An old barn will be converted to a recreation hall where the girls and their dates "can go in ski boots and pants with the inevitable guitar and sit around red-checkered tablecloths and discuss the meaning of life."

A woman's voice alerts B-58 same time a pilot sees a flashing red light, he hears a pleasant female voice caution: "Check for engine fire" or "Landing gear unsafe" or "The nose is too high." Pilots say the recordings catch their attention fast. "You might ignore a man's voice — but you don't ignore a woman's," one said.

Rusk Says CIA Doing Good Job

By EDMOND LE BRETON

WASHINGTON (AP) — Secretary of State Dean Rusk says the Central Intelligence Agency is doing a good job, and not making government policy.

Rusk spoke Wednesday at a concluding session of the White House Conference on International Cooperation, then answered questions from some of the 2,000 delegates.

Confronted with a written statement that the CIA "seems to be making policy completely removed from the public and even from the government," Rusk responded: "The CIA does not make policy and does not initiate actions unknown to the high policy leaders of the government."

Then he added: "There is a tough battle going on in back alleys all over the world. It is not a field that can be left entirely to the other side."

Rusk told the conferees that every suggestion they put forth will be carefully studied by the government.

"None will be brushed aside," he said, and promised to let committee chairmen know what is done with the ideas.

"I will even be prepared," he said, "to tell you which of your suggestions already have been tried out on the Russians and have been rejected."

The proposals covered a variety of subjects ranging from women's rights to avoiding war. They were the product of three days of meetings plus months of preparation by 29 committees.

Rusk and Vice President Hubert H. Humphrey represented Johnson at a final reception at the White House closing the conference Wednesday. It was held in two segments to accommodate participants who had come to Washington at their own expense, hoping to be heard. The two high officials circulated informally to talk to anyone who wanted to buttonhole them.

In his talk at the final conference luncheon, Rusk sought to describe U.S. policy in terms larger than the jungle and rice field fighting in Viet Nam. He said the American commitment in Southeast Asia is "the principal pillar of peace in the world."

The question, he said, is whether an American commitment to help a small country resist outside force would be honored. He said that if it were not, "there are capitals that could make a monstrous miscalculation."

LIGHTEST MEXICO

BY JOHN ABNEY

GUANAJUATO, Mexico — In 1529 Capt. Nuno de Guzman marched in here at the head of a column of Spanish soldiers. It wasn't much of a place.

There was an Indian village on the banks of a little brook and the chronicles state it was virtually abandoned. But it was wild and gorgeous territory, just like today.

Capt. Guzman undoubtedly walked over to an Indian gentleman sitting by a fire and asked, "Son, what's the name of this place? I can't find it on my map."

The Indian looked up and said "Quanashuato, yer reverence. It's Tarascan for 'mountainous place of frogs' because we got thousands of frogs around here."

Guzman shook his head and said, "For Heaven's sake why don't you give it a name us Christians can pronounce? Like Quanazuato, for instance."

And the Indian shrugged and said, "Quanazuato it is, governor."

Quanazuato it stayed until a few centuries later when it graduated to the present day "Guanajuato."

At any rate, Capt. Guzman asked the Indian gentleman what he was doing and the Indian — call him Fritz — said, "Cookin' frog legs, sire."

"So where's everybody else?" the captain wanted to know.

"Gone. They got tired of frog legs. We don't raise nothin' else around here except a little hell at parties."

"How come you stayed?" Guzman asked.

"Well," said Fritz, "my primitive village is built close to the spring water that flows through the Paxtitlan Brook here and it is an ideal place for dozing and dreaming because of the silence and charm of its romantic garden landscape which contrasts with the steep rocks of the nearby Cerro del Meco."

Fritz, incidentally, was an intellectual and wrote the first guide book on this region. It was a best seller and he saved his money and bought piles of frog legs, until the Spaniards moved on and he had to go back to doing nothing for a living.

Apparently Nuno de Guzman saw no future in frogs and he failed to make a close inspection of the region. So he moved on looking for the end of the rainbow.

In 1546 Rodrigo Vazquez, a soldier of the conquest, was awarded this region by the Victroy. Vazquez set up a country estate in the rugged bowl of mountains and steep gullys.

Two years later a group of mule drivers stopped over long enough to discover some interesting deposits of gold and silver. Business became brisk in Guanajuato and settlers drifted in from everywhere.

Happily, most of the folks brought picks and shovels along and there was considerable digging done. A century later, the town had grown to a neat little city and the region became world famous for its fabulous mines.

The Viceroy took an active interest in the development. Also in the mining for a royal fifth had to go to withholding taxes. Guanajuato boomed and spread up the sides of the mountains along twisting cobblestone streets.

And Fritz sat across the creek writing new chapters to his guide book. And eating frog legs and contemplating all sorts of intellectual things.

Indictments Are Returned

A Scurry County grand jury this week returned indictments of theft over $50 against four persons Herbert Stelzig, William Powell, Robert Jennings and Richard Bourland.

In addition, an indictment charging theft over $50 and forgery was brought against Daniel Eugene Heck.

The grand jury also indicted Patricio Martinez and Kenneth Rogers Twigg on charges of driving while intoxicated (second offense).

The cases will be set for trial in District Court here.

Concert Pianist Dies In Austin

AUSTIN (AP)—Dalies Frantz, 57, former concert pianist and a University of Texas faculty member since 1943, died Wednesday of a heart attack.

A native of Colorado, Frantz played annual concert tours throughout the United States and Canada between 1933 and 1942. He appeared as soloist with most of the major sympho orchestras.

November Heat Set New Highs

By The Associated Press

Record high temperatures in many places gave Texas its hottest November since 1927, the Weather Bureau reported in its monthly resume.

Precipitation was largely confined to the first two weeks of the month, and was heaviest Nov. 3-4 from east of Wichita Falls to Del Rio and the Lower Rio Grande Valley.

Central, South and Southeast Texas received good rains Nov. 8 and 11.

Temperatures averaged 5 to 9 degrees above normal at most weather stations.

For Abilene, Houston and Lubbock it was the hottest November on record.

Several points reported record highs Nov. 25 and 26. San Angelo and Abilene each registered 90-degree maximums Nov. 25 and Presidio a 92-degree sizzler the same day.

The first cold weather showed up Nov. 27. Dalhart saw the mercury dip to a sub-freezing 18 degrees in early morning.

Two days later the first hard freeze hit the southern High Plains. San Antonio's minimum Nov. 30 was 30 degrees.

Rainfall was below normal generally in West Texas but above average in most of Central and South Texas. Moisture along the upper coast and in east Texas varied.

November precipitation, normal for the month, departure from normal, rainfall totals January through November, and percentage of normal through November, respectively:

Abilene 1.85, 1.11, plus .74, 23.38, 196.

Amarillo .07, .66, minus .59, 19.71 104.

Refunds Are Mailed Out By Midwest

Members of Midwest Electric Cooperative will again have a Merry Christmas.

The first week in December capital credit checks totaling $203,438.07 are being mailed to each member who purchased electricity during the years 1948, 1949, 1950 and 1959.

This is the eighth such refund the cooperative has made in the same number of years. It brings the total amount refunded for the eight years to over $769,273.60.

Patronage refunds are not dividends or interest payments. Rather, the checks are for actual capital invested in the financial structure of the cooperative during these years.

Capital credits or patronage refunds are positive proof that Midwest Electric Cooperative is owned by those it serves, officials of the cooperative said.

Club Members Visit Hospital

The "Live Longer and Like It" club, sponsored by the First Baptist Church of Snyder, traveled to San Angelo Tuesday for a tour of the Baptist Memorial Geriatrics Hospital of that city. The group had lunch at the Cactus Hotel.

Those accompanying the group and providing transportation were: Mrs. Ray Lunsford, Mrs. F. G. Sears, Mrs. Gwen Sealy, and Mr. Lester Moore.

The club will closeout the calendar year activities with a special Christmas party this month. Dr. A. B. Lightfoot, pastor of the church, sponsors the club.

BILL LOVE

Snyderite Named To Masonic Post

Bill Love of Snyder has been named District Deputy Grand Master of Masons for Masonic District No. 79, which includes six Masonic Lodges in Mitchell and Scurry Counties.

Love, who is a barber, is a Past Master of Scurry Lodge 706, Snyder. Active in other Masonic organizations, he is also a member of the American Legion and VFW. He has participated in various community activities. Love is a member of the First Baptist Church and serves as Sunday School Superintendent and as a teacher.

The appointment was made by the newly-elected Grand Master of Masons in Texas, H. W. Fullingim of Odessa, as the 130th Annual Communication of the Grand Lodge of Texas was concluded in Waco today.

District Deputy Grand Masters are appointed for each of the 132 Masonic Districts of Texas to represent the Grand Lodge of Texas, which is the state's largest fraternal organization with nearly 250,000 members.

Deadline Set On Insurance

WASHINGTON (AP) — A March 31 deadline has been set for persons 65 and over to enroll in the voluntary medical insurance phase of the new medicare program.

Those who fail to meet the deadline will have to wait two years for another chance.

Social Security Commissioner Robert M. Ball emphasized the deadline affects only those who will be 65 or older by Dec. 31.

Those who reach 65 afterward will have three months after the month in which their birthday occurs to enroll for the additional medical coverage.

The voluntary insurance costs $3 a month and is designed to cover doctor bills and other medical expenses. The medicare program, which goes into effect July 1, provides basic hospital insurance.

Daily Allowable Up

AUSTIN (AP) — The state's total average calendar day oil allowable Wednesday was 3,036,339 barrels, up 33,460 daily from [illegible], the Texas Railroad Commission reported.

Johnson Answers Critics By Just Playing It Cool

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — This place hasn't been the same since the fiery and colorful days of President Harry S. Truman who knocked heads with Congress and anyone who got him mad enough.

Presidents Dwight D. Eisenhower and John F. Kennedy tried to play it cool — in public — no matter how overheated they got in private. President Johnson is trying the same, with a twist of his own.

Ice, the poet Robert Frost said, can be as effective as fire. And Johnson has been using the ice treatment on Sen. J. W. Fulbright, an Arkansas Democrat but one of the President critics.

It's hardly a secret Fulbright infuriated Johnson when he blasted the use of troops in the Dominican Republic revolt. Johnson said nothing publicly.

When Fulbright, who has been at odds with Johnson over the Viet Nam war policy, suggested a suspension of the bombings, the President let his press secretary, Bill D. Moyers, answer for him. Moyers said it would do no good.

Some of Fulbright's fellow senators said he wrote Johnson a get-well note when the President was hospitalized last October and got in a reply a note from a staff member.

Then early last month Johnson approved a big fact-finding trip to Europe and Asia — including a Kremlin conference — by five senators headed by Mike Mansfield of Montana, the Senate Democratic leader.

Mansfield said he had discussed it with Johnson for months. Fulbright, as chairman of the Senate Foreign Relations Committee, might have seemed the logical man to head such a mission.

But it is known Fulbright was surprised by the news. And his committee had never authorized the trip. Fulbright, meanwhile, was to head a group of senators going to a minor conference in New Zealand.

Whereas Mansfield's team traveled by Air Force jet, Fulbright's was told it would have to get slower planes or commercial transportation. Then followed a strange coincidence — if it can be called that.

On his way to New Zealand Fulbright stopped off last Thursday in Australia and was asked by newsmen if he thought enough Australians were fighting beside Americans in South Viet Nam.

He had to ask how many were there, although he heads the Foreign Relations Committee and has had things to say about the war. When told the figure was 1,000, he said that number was very small when compared with the 165,000 Americans in South Viet Nam.

Some Australians interpreted his remark as belittling their war effort. Monday Fulbright called off a news conference. The next day Johnson sent a message to the Australians, praising their efforts in South Viet Nam.

They could interpret this — and so could anyone else — as Johnson's way of saying the American government knew what was going on in Viet Nam if the chairman of the Senate Foreign Relations Committee didn't.

Yesterday, Tomorrow, Or Now?

By HAL BOYLE

NEW YORK (AP) — If you could live in any period of the world's history, which would you choose—past, present or future?

Your answers shows whether you are a romanticist, a realist, or a gambler.

The romantic soul aches for the imagined glamor of bygone times he never knew.

If he is a henpecked husband, he may yearn for the caveman days, when each fellow was master of his niche in the cliff—and women received equal rights by being belted over the head with a club.

Or he may pine for the chivalrous glories of knighthood. He overlooks the fact that riding off to battle in a suit of clanking armor must have been largely just a noisy adventure in claustrophobia.

The gambler, contrary to the romanticist, thrives on great expectations. The future is his dish.

He wants to zoom through space, build a desert villa on the moon, and explore Mars in search of red-eyed, little green people-like creatures with antennas on their noggins. He doesn't have any real idea what life will be like in the 21st or 22nd centuries. But he is sure it would be wild, and wierd and wonderful.

So much for the backward lookers and the forward seekers. That leaves us with the realists. They are the ones who aren't hungry for a fabled past or thirsty for a fabulous future.

They walk the tightrope of the present—between a dream and a dream. They prefer to banquet on the bread and wine of now, satisfied with the menu as it changes in the course of their lifetime.

What is the best time to live? When you get right down to it, what's the matter with right now?

A man who has achieved the full maturity of middle age in this most murderous of centuries is a privileged adventurer indeed.

He has survived two world wars and one of the worst depressions our country ever knew.

He has seen the horse and buggy give way to the auto, the street car replaced by the bus, the railroad succeeded by the jet plane, artillery outmoded by the atomic bomb.

From birth the middle-aged man today has been surrounded by change.

He has seen more change than any other individual his age in history. But it is possible for a man to get a bellyful of change. Change isn't always for the better.

That's the reason that now, for many a thoughtful man, is the best of all times in which to live. He'd rather pause and enjoy today's goodies — before tomorrow comes along and improves him to death.

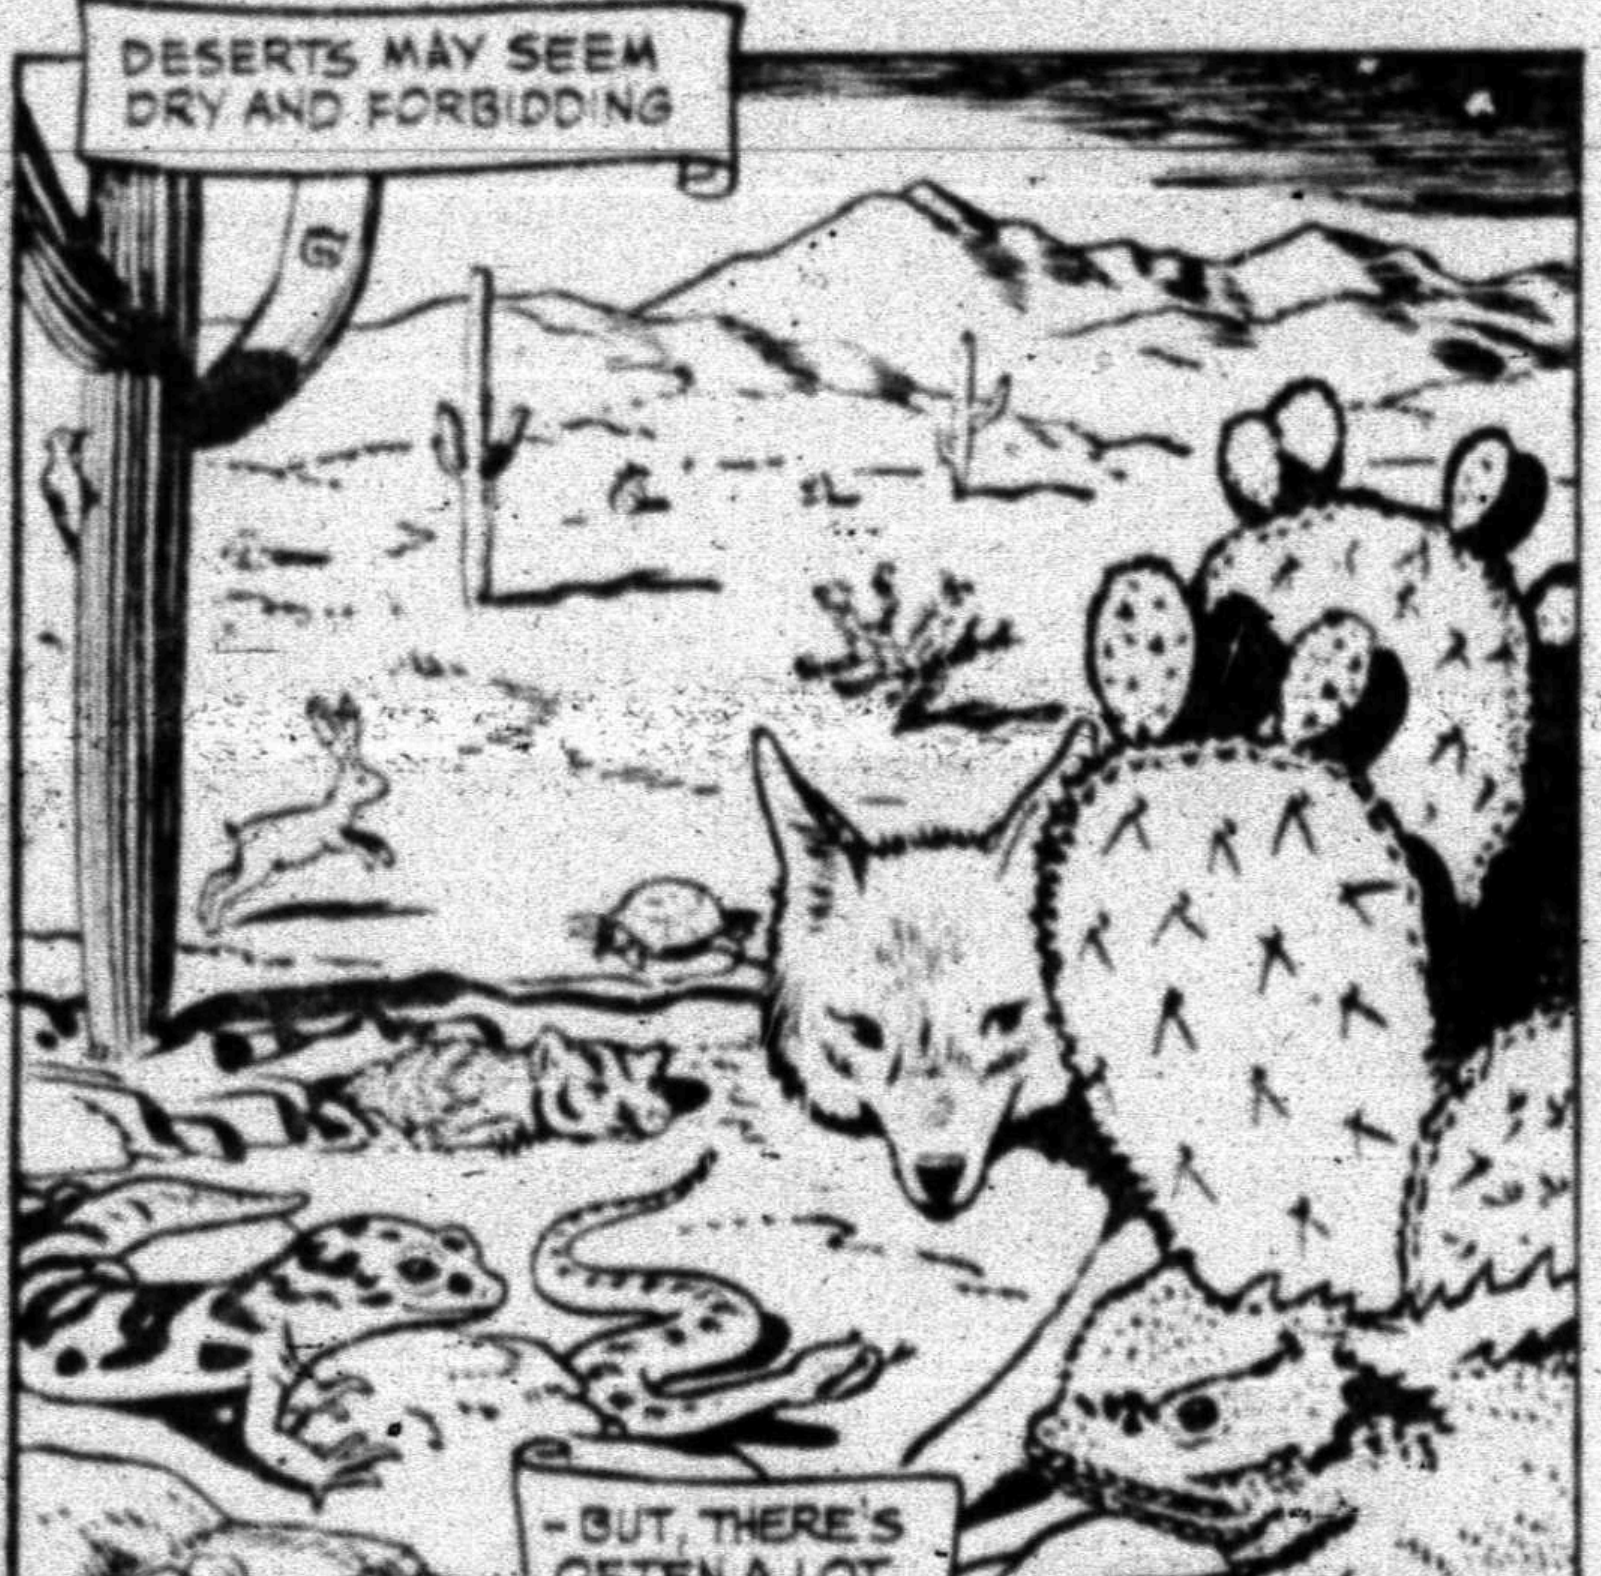
Junior Editors Quiz on DESERTS



DESERTS MAY SEEM DRY AND FORBIDDING
-BUT, THERE'S OFTEN A LOT GOING ON---

QUESTION: How can plants and animals live in the hot, dry desert?

• • •

ANSWER: There are some deserts, such as parts of the Sahara in Africa and of Death Valley in California, where there is so little moisture that hardly any life can exist. In many of our American deserts, however, there will be occasional if infrequent showers. Many plants and animals living there have adopted themselves to the difficult conditions. Most desert plants, for example, have no leaves, because these would lose moisture by radiation. Instead, the green stems make the food the plants need. Tough skin and bristling spines protect precious moisture stored inside cactus plants; shallow, widely spread roots quickly gather rain when it does fall. The anatomy of many desert creatures is arranged so that they get enough moisture from the other animals and plants they eat. Desert animals protect themselves from the fierce heat of midday by hiding in crevices or burrowing in the sand. In our picture, long shadows show that evening is approaching. It is then that the animals make an appearance.

• • •

FOR YOU TO DO: Count the animals in the picture. If you make it eight, you've missed one. Notice the little owl whose head looks out from a hole in the big saguaro cactus to the left. The owl has a fine place to hide on a hot day. 12-2

(Camille Zanasheff of Redwood City, Calif., wins today's combined prize of Compton's Illustrated Science Dictionary plus $10 cash for this question. Mail yours on a postcard to Junior Editors in care of this newspaper.)

Business To Get New Guidelines

WASHINGTON (AP) — Businesses, banks and unions face the prospect of more and tougher "government by guideline" as the Viet Nam war heightens the hazard of inflation.

There is no keen alarm over price trends nor any contemplation of mandatory controls, well-informed officials insisted today. The scale of warfare foreseeable does not justify Korea-type compulsion, they said.

But they indicated there may be broader and deeper federal intervention — if price, wage or interest - rate developments warrant — in the form of publicity, persuasion, and the fixing of voluntary goals and guidelines.

Some specific strategy may result from a meeting next week at the LBJ Ranch in Texas, of President Johnson and the four officials he calls his economic "quadriad."

Though a White House spokesman said the meeting did not imply "undue concern" over prices, the price uptrend has quickened. An announced multi-billion dollar step-up in government spending, mostly for the military buildup in South Viet Nam, could accelerate the rise.

The White House spokesman said the foursome — Secretary of the Treasury Henry H. Fowler, Gardner Ackley, Economic Council chairman; Budget Director Charles L. Schultze and William McChesney, Federal Reserve Board chairman — will "discuss the general economic picture."

Johnson has shown his willingness to lean the government's weight heavily against price or wage excesses.

In the recent aluminum case he risked his popularity with businessmen by an obvious and successful pressure play — the threat of heavy sales from the government stock pile to force producers to cancel a price increase.

That brought complaints of "government by guideline" and "managed economy" from some industry quarters. But most business groups seemed little disturbed; some simply took the episode as evidence that Johnson was more concerned over the price problem than he had ever admitted.

Others quickly raised the question whether Johnson had the inclination — or the weapons — to crack down on a union, if it made a steep wage demand, as he had cracked down on the industry group.

Secretary Fowler vowed that he would — that the administration "stands ready to blow the whistle impartially on labor and on business."

Named To Field Post

WASHINGTON (AP) — James A. Turman, 37, former speaker of the Texas House of Representatives, was named assistant commissioner of field services in the Office of Education Wednesday. He has been in charge of the office's regional headquarters at Dallas.

TOURNEY HOSTS—The Snyder "B" team will be the hosts this weekend for a basketball tournament at Tiger gym. The tourney begins at 1:30 p.m. Friday and continues through Saturday. The hosts are, from left to right, Front Row, Herman Malone, Royce Starnes, Mickey Almond and Benny Garrett; Middle Row, Kye Nitsch, Gary Davidson, Steve Moffett, Gus Tovar and Leon Riggins; and, Back Row, Coach Bill Hartsfield, Craig Bell, O. L. Cooper, Frankie Grimmett, Drake Snyder, and Manager Ronnie Shields. (Staff Photo).

'B' Cage Tournament Here This Weekend

A full slate of basketball games involving Snyder teams is on tap this weekend.

Snyder will host Lubbock, Monterey, Andrews, Brownfield, Midland Lee, Seminole and Big Spring in the fourth annual "B" team tournament Friday and Saturday. The varsity will be at Seminole for a tournament, and both Junior High schools are slated for action.

The "B" team tourney begins at 1:30 p.m. Friday with Lubbock High meeting Andrews. Brownfield and Midland Lee collide at 3 p.m., followed by a 4:30 p.m. clash between Monterey and Seminole. Snyder meets Big Spring at 6:30 p.m.

Winners in the Lubbock - Andrews and Brownfield-Midland Lee games collide at 10 a.m. Saturday in the first game of the semifinals. Winners in the Monterey-Seminole and Snyder-Big Spring tilts collide at 11:30 a.m. Saturday. The two surviving teams clash at 7:30 p.m. Saturday for the championship with the battle for third place set for 6 p.m.

Losers in the upper bracket (Lubbock-Andrews and Brownfield-Midland Lee) meet at 8 p.m. Friday while the losers in the first round of the lower bracket (Monterey-Seminole and Snyder-Big Spring) test each other at 8:30 a.m. Saturday. The Consolation finals is scheduled for 4:30 p.m. Saturday.

The Varsity meets the host Seminole Indians at 8:30 p.m. Friday in first round action, following a 7 p.m. clash between Brownfield and Tulia. The winners play for the title at 8 p.m. Saturday and the losers meet at 7 p.m. the same night.

Today (Thursday), the 8th and 9th grade teams of Travis Junior High School host Stamford while the Lamar 8th and 9th grade units journey to Lamesa for 5 p.m. and 5:45 p.m. tilts respectively.

In action involving area teams, Ira and Hobbs will be at Stanton while Hermleigh is slated to hold a tournament for boys and girls Thursday through Saturday.

First round action of the Hermleigh tourney Thursday finds Borden meeting Rotan at 1:30 p.m., and Loraine taking on Noodle at 5 p.m. in the girls bracket. Highland clashes with Hermleigh at 7:30 p.m. Thursday and Divide tangles with McCaulley at 1:30 p.m. Friday, also in the girls bracket.

The boys schedule: Rotan vs. Borden, 2:45 p.m. Thursday; Loraine vs. Noodle, 6:15 p.m. Thursday; Highland vs. Hermleigh, 8:45 p.m. Thursday; and Divide vs. McCaulley, 2:45 p.m. Friday.

Anderson, Nobis Are All-America

By TED SMITS
Associated Press Sports Editor

NEW YORK (AP) — Mike Garrett and Howard Twilley, all time major college ground gainer and pass receiver, are displayed prominently on the 1965 Associated Press All-America football team.

So are:

—The man who outdid Red Grange, Illinois fullback Jim Grabowski.

—A budding social psychologist, Minnesota defensive end Aaron Brown.

—Quarterback Steve Juday, engineer of Michigan State's meteoric rise to No. 1 ranking.

—Two repeaters: Texas Tech halfback Donny Anderson and Texas guard Tommy Nobis.

—A 160-pound, 23rd man, Princeton's Charley Gogolak, named to honor his unique, record-breaking talent and not as a precedent for future teams. The Hungarian - born, soccer-style, booter place-kicked 81 points on 33-of-33 conversions and 16 field goals.

Sportswriters and broadcasters on the eight regional boards made the recommendations upon which the selections were based, including all games through Nov. 27.

The platoon-oriented squad lists Notre Dame's Nick Rassas, Johnny Roland of Missouri and George Webster of Michigan State as the defensive backs.

In the offensive line Alabama's two-way Paul Crane is at center, Dick Arrington of Notre Dame joins Nobis at guard, Arkansas' Glen Ray Hines and Purdue's Karl Singer are the tackles and Charles Casey of Florida operates the end opposite Twilley of Tulsa.

Defensively, the linebackers are Oklahoma's Carl McAdams, Tennessee's Frank Emanuel and Dwight Kelley of Ohio State. Brown and Ed Weisacosky of Miami are the ends, Nebraska's Walt Barnes and Arkansas' Lloyd Phillips the tackles and George Patton of Georgia the middle guard.

Garrett of Southern California, Heisman Trophy winner as Player of the Year, set a national collegiate three-year rushing mark of 3,168 yards, topping the old standard of 3,166 held by Ollie Matson.

Besides carrying the ball for 1,440 yards and 15 touchdowns, Garrett hauled in nine passes for 94 yards and a score, completed two of the four aerials he attempted for touchdowns and returned kicks 340 yards.

Heisman runner-up Twilley, at 5-feet-10, is the first lineman to win the NCAA scoring crown with 127 points. He snared 134 passes for 1,779 yards and 16 touchdowns to better every NCAA game and season record in sight.

By The Associated Press

Texas Tech, favored to take Southwest Conference basketball championship, bowed to Colorado 86-77 and two other conference teams also lost their season openers Wednesday night.

Only Texas' 99-79 victory over Texas Wesleyan at Austin, was able to win.

Georgia Tech walloped Texas Christian, 112-87 at Atlanta and Kansas State whipped Arkansas 81-52 at Lawrence, Kan.

The remaining conference teams open the 51st campaign Thursday, Friday and Saturday.

Texas Tech was overpowered by ball control in the last five minutes of the game after Colorado had built up an eight-point lead. Tech had trouble with the taller Colorado team, and both teams committed 25 fouls each.

Fancy ball handling by the smaller Georgia Tech players caused Texas Christian to make costly mistakes and enabled Georgia Tech to take a commanding lead early in the game. The Horned Frogs never recovered from a 61-34 halftime deficit.

Kansas pulled away in the last seven minutes of the first half on its way to defeating Arkansas. The Jayhawks were paced by Walt Wesley's 20 points and out - rebounded the shorter Arkansas team 66-44. At halftime Kansas led 43-26.

Texas, on the other hand, handed coach Harold Bradley his 100th victory as he began his seventh season with the Longhorns against Texas Wesleyan. Texas was ahead 42-23 at the half and often led by as much as 20 points while never falling behind after intermission.

By Saturday night, all Southwest Conference teams will have made their season debuts.

Thursday night Rice starts against Auburn at Auburn, Ala., Southern Methodist meets Oklahoma City University at Oklahoma City and Texas A&M plays Trinity at College Station.

Texas Christian engages Georgia at Athens, Ga., Friday night. Baylor is the last conference team to open the season, meeting [illegible] at Abilene [illegible] Saturday night.

Also Saturday, Rice clashes with Alabama at Tuscaloosa and Southern Methodist entertains Georgia Tech. Texas Tech is host to Kansas, Texas meets Mississippi at Austin, and Arkansas is host to Missouri.

Soule Signs Pact

BRUNSWICK, Maine (AP) — Bowdoin College halfback Paul Soule says he has signed a contract with the Dallas Cowboys of the National Football League. He said he received a bonus but would not say how much.
