Killed in Action

Leon A. Hartman, who was killed in Navy action recently, Young Hartman, who had been in service for nearly three years, held the rank of baker, first class, and had been in action in both the Atlantic and Pacific war theatres. He was the son of G. C. Hartman of Hereford.

Later Report of War Dept. States Goldston Killed

Staff Sgt. Wade C. Goldston, son of Mr. and Mrs. H. D. Goldston of Hereford, this week was reported as killed in action on Oct. 22 over Ceram, Dutch New Guinea, according to a telegram from the adjutant general's office which had previously listed Goldston as missing in action.

Sgt. Goldston, an engineer-gunner on an Army Air Corps bomber, had been overseas since Feb. 1, 1944, and had taken part in numerous combat missions.

He was reared in the Westway community and had attended schools at Westway and Hereford.

Wheat Yellowing Caused by Lack of Submoisture

Moisture is needed right now if wheat in the Hereford territory is to get a good winter growth and to furnish adequate pasture for the large number of cattle now being turned into wheat fields.

That is the opinion of most Deaf Smith County farmers; and according to County Agent A. R. Bateman, the lack of moisture is the direct cause of the wheat's turning yellow—a condition which is reported as general throughout this territory.

Tests in several sections of the county have revealed that moisture extends no farther down than a maximum of seven inches, Bateman says, pointing out that heavy seeding has aggravated the damage caused by moisture lack. "From an economic standpoint," the county agent states, "farmers ought to" (Continued on Page 12)

Two Local Men Decorated for Combat Records

Two Hereford boys—Lt. Clifford H. Vaughn and Staff Sgt. John T. Estes—have recently been awarded the Oak Leaf Cluster to the Air Medal for "meritorious achievement" while participating in bombing attacks on Germany, according to news stories received this week from Eighth Air Force Bomber Stations in England.

Lt. Vaughn, son of Mrs. Ida May Vaughn of Hereford, is pilot of a B-24 Liberator Bomber. He is a member of the squadron recently cited for flying 68 combat missions without the loss of a man. Vaughn entered service Feb. 25, 1943 and received his wings and commission last spring at Walnut Ridge, Ark.

Sgt. Estes, son of Mr. and Mrs. Cliff Estes of Hereford, is tail gunner on a B-17 Flying Fortress Group is one which has been cited by the President for its distinguished part in the air war on Germany.

Hereford football fans can look forward to a Turkey Day grid battle on Nov. 30, when the Whitefaces will meet the Friona Chiefs in Friona to determine the team which will represent the district in bi-district competition. The game will start at 2:30 o'clock.

The settling of a three-way tie between Tulla, Friona and Hereford was made at a meeting of the district Interscholastic League Executive Committee in Amarillo last Thursday, when it was decided that Dalhart should forfeit to Tulla, giving Tulla the same percentage standing as the Chiefs and Whitefaces. The three schools then drew for the honor of playing a final game to determine the team which will go to bi-district, and Tulla lost in the drawing. However, according to the committee's ruling, Tulla, Friona and Hereford are officially listed as co-champions of District 1-A in 1944.

Necessity for the committee's action came from the fact that Friona beat Tulla, Hereford beat Friona and then Tulla beat Hereford—to create just about the most confusing conference standing ever reported here.

The Chiefs, smarting under their earlier defeat by Hereford, will be out to even the score; and will undoubtedly enjoy a psychological advantage from playing on their home (Continued on Page 12)

Eight girls attended the first meeting Monday afternoon and future meetings will be held on the third Monday of each month, at 5:15 o'clock in the office of the county home demonstration agent.

Legion Sponsors Service School

The American Legion will hold a rehabilitation school of instruction at the Legion Home, 18th and Harrison, Amarillo, beginning at 9 a. m. Monday and Tuesday, Nov. 27 and 28, it was announced this week by Henry Teubel of Tulla, Legion district commander, who said that Sid A. Lowery, department service officer of the American Legion will conduct the meetings assisted by specialists in the various fields of veterans' service.

The purpose of the school is to acquaint the post and county service officers with all the new benefits to which veterans are entitled, and among the benefits to be explained in detail will be the GI Bill of Rights, all claims for dependents, hospitalization, National Life Insurance and unemployment.

All members of the American Legion and the Legion Auxiliary and recently discharged veterans of the present war are urged to attend the school in Amarillo.

Heroes Head "G-I Jamboree" Bond Rally

Combat Veterans Who Will Speak Here

Sgt. Mayo, of Nevada Texas, left his farm in April of 1942 to join the Army and was assigned to cooks and bakers school at Ft. Sam Houston and later sent as a cook to the paratrooper's school at Ft. Benning, Ga., where he had a hard time convincing his commanding officer that he should be with the combat troops and not in the kitchen. But after ten days of arguing he was assigned as a paratrooper and despite his 47 years came through the rigorous paratroop training successfully. On D-Day at 2:45 a. m. he landed on the Cherbourg peninsula. His carrier plane had been hit by anti-aircraft fire and landed 15 miles further inland than the rest of the group—and it took Mayo's paratroopers seven days to fight their way back to the lines. Sgt. Mayo then served 15 days more with his unit before he had to give up as a result of a back injury received in the initial landing.

Pfc. McCarthy of Albion, N. Y., is a veteran of the campaign to recapture Guam. He went overseas in March of 1944 and was with the first infantry unit to hit the island. He went through the full 17 days of fighting before he was injured and returned to the States for hospitalization.

Sgt. Normand O. Wright is a veteran of six years Army service, 15 months of which were spent overseas. He was wounded in action during the attack on Los Negros.

Headed by three returned war heroes, a special unit of the "G I Jamboree" show will visit Hereford on Monday night, Nov. 27, at a Bond Rally expected to be the high point of the Sixth War Loan Drive here. The show will get underway at 8 o'clock and will be held on the court-house lawn if the weather permits. Otherwise, the program will be held in the District Courtroom.

Accompanying the war heroes will be a GI military show, with band, entertainers and novelty acts from the Amarillo Army Air Field, with a master of ceremonies and a special speaker from Washington, D. C. The "GI Jamboree" unit which will visit Hereford is one of four such units touring 200 Texas towns under the supervision of Phil Isley of the War Activities Committee for the motion picture industry.

Three servicemen who have just returned from the European and Pacific theaters of war and who will speak at the rally in Hereford are Sgt. Clyde Mayo, Pvt. Richard J. McCarthy and Sgt. N. O. Wright. Sgt. Mayo, 47 years old, of Nevada, Tex., is one of the oldest paratroopers in the United States Army. Injured when he landed in France on D-day, Mayo nevertheless continued the fight for 15 days. Pvt. McCarthy, of Albion, N. Y., is a veteran of the campaign to recapture Guam. Sgt. Normand O. Wright, served with the first Cavalry Division in New Guinea and the Admiralty Islands.

Thrilling details of actual battle experience will be supplied by these three men, and the Thirty-Five Piece Military Band from Amarillo Army Air Field will be a feature attraction of the show.

Meeting of Spud Growers To Be Held Here Soon

School Kids Turn Salesmen in 6th War Loan

Hereford school kids are back in the bond selling business and judging from their success in selling more than \$40,000 worth of Series E bonds in a previous drive, they are counting on success in meeting their goal of \$50,000 in E Bond Sales in the Sixth War Loan Drive.

The school kids' bond campaign is being conducted by students from Central and Hereford High, in cooperation with the Star Theatre of Hereford, which is offering a line party as prize to the class from each school which leads its group in bond sales.

The goal of \$50,000 is enough to buy one fighter plane, and the kids have a very real, personal interest in selling the bonds to buy the plane which will carry the air war to the enemy.

World War II Vet Group Calls Second Meeting

Another meeting of the United Veterans of World War II has been called for Tuesday night, Nov. 28 at 8 o'clock at the City Hall and all veterans of the present war are strongly urged to be present.

"All we want is justice—and the equal right to work," a spokesman of the group said this week, pointing out that many veterans of the present war are already back in this community and that they face common problems which can best be solved by organization of the type planned.

Stating that there is much misinformation on problems facing the veteran, the spokesman declared that one program of the new veterans group will be to give the public the true facts relative to the veteran and his return to civilian life.

Postal Department Urges Mailing of Christmas Packages Before Nov. 30

Public response to the Post Office Department's "Shop Now! Mail in November" campaign is good, but it needs to be better, according to Postmaster General Frank C. Walker.

"Extraordinary wartime conditions face us," Walker said. "Unless more people buy and mail this month the postal service simply cannot do its job of delivering all Christmas gifts on time."

"It is not pleasing to us to have to ask the American people to mail packages so far in advance of the delivery date. We do so only because it has to be done."

Unprecedented shortages of manpower and transportation facilities growing out of the war compel early mailing, the postmaster general points out. The postal service has lost 50,000 experienced employees to the armed forces and 300,000 railroad workers have gone to war.

Equally serious is the fact that rail and other transport facilities are taxed to the limit with the great burden of war traffic which claims first priority.

In the past, extra workers hired for the Christmas season were able to work long hours of overtime and to do heavy work. This cannot be expected from the women and high school boys and girls who will form most of the extra help in post offices this year.

"The way in which everyone responded in making it possible for us to handle a volume of 70,000,000 parcels for the armed forces overseas leaves no doubt in my mind that the November Christmas mailing will be equally successful. I ask for the help of the press, radio, business advertisers, civic groups and all Americans in making it possible for the postal service to do its work," Walker said.

"We urge everyone to buy now, mail in November and mark gifts 'Do Not Open Until Christmas.'"

Virgie Sparks has a good opportunity to go to Chicago as a delegate to the national convention of the County Agents Association. Her boss, Alex Bateman, has been named delegate-at-large from Texas and can't make the trip, but Virgie says she won't substitute—maybe because she couldn't stand the rigors of a "windy city."

Cornelia Hamilton is now working at John McLean's Office where she takes the place of Agnes Albracht (Mrs. James McGuire, after her recent wedding in Kansas.)

The government says there will be no cigarette rationing, but in the meantime some local retailers have been forced to take measures which hope will discourage hoarding and lead to better distribution. Beginning next Wednesday, some of the drug stores will not sell cigarettes except when an empty package is returned. The limit of one package to a customer will remain in effect.

Which reminds us that the newest cigarette brand to come to light is "Smoopies"—the kind you have to stoop under the counter for.

And one elderly reader says that she falls to see why anyone is shocked that the ladies turn to pipe smoking—a form of the tobacco habit very popular back in "the good old days," when old ladies smoked pipes and younger ones dipped snuff.

Anyway, it all adds up to the fact that smoking is getting to be a most inconvenient habit. But the only real tragedy of the situation is the fact that the shortage has spread to the front lines in France—while cigarettes continue to sell at exorbitant prices on the Paris black market.

Of't forgot was the spare But now 'days it gets air

War forced closest attention to every motoring detail. And this fine habit of thoughtfulness has grown on car owners.

You'd only be testing human kindness by changing to a half-flat spare and setting out for the next air hose. Where a forgetful man actually tries it, a good Samaritan generally drives up alongside, pointing a helpful warning. America has become as thoughtful as all that toward her indispensable cars. And of all the examples of car-care the greatest single one you can follow is to have your engine OIL-PLATED. In that way—by changing to Conoco Nth motor oil for Winter—by changing to this patented oil that OIL-PLATES—you'll give your engine's insides the nth degree of protection from acid corrosion.

All engine combustion creates corrosive acids. They're bad enough even when "exhaled" fairly well, but from now on they won't be! Winter's extra-low mileage and cool operation mean acids at their worst. Patented Conoco Nth oil, however . . . thanks to costly pioneer research . . . brings the special ingredient whose magnet-like action OIL-PLATES the fine inner engine finish, to cope with corrosion. Attached as closely as protective chrome plating could be, the internal OIL-PLATING keeps up its steadiest possible hindrance to direct contact between acids and engine parts. . . . Then down go the chances of corrosion, just as soon as you change to popular-priced Nth oil for Winter, at Your Mileage Merchant's Conoco station. Continental Oil Company

Miss Albracht Bride of Lt. McGuire In Church Ceremony at Hays, Kansas

Miss Agnes Albracht, daughter of Mr. and Mrs. John S. Albracht, became the bride of Lt. James H. McGuire of Sheffield, Penn., on Saturday, Nov. 18. The wedding took place at St. Joseph's Catholic Church in Hays, Kans., at 8 o'clock in the morning with the Rev. Brian J. Mulgreu, O. F. M. Cap. officiating.

Wearing her grandmother's gold necklace for something old, and a borrowed blue rosary, the bride was escorted to the altar by her father. Her gown was of white net over bridal satin made princess style with sweetheart neckline and short train. The dress was buttoned down the back with tiny covered buttons and the long fitted sleeves ended in points on the hands. The full length illusion veil was held in place with white-gardenias and she carried a bouquet of white carnations.

Miss Monica Albracht was her sister's maid of honor. She wore peach net over satin made bodice type with full skirt, and bridesmaids were Miss Bernadette Albracht, also sister of the bride, and Miss Adeline Koelzer. Both wore identically made blue net and satin dresses. All three wore matching flower and net caps and carried colonial bouquets of pink sweet peas.

Lt. Chas. J. McNamara of New York served as best man and Lt. Chester L. Smock, Oklahoma and Lt. Tom Lumston, Washington, were ushers.

Cathedral tapers burned at the altar and traditional wedding music was furnished by the church organist and choir.

After the ceremony a wedding breakfast was held for the bridal party at the Lammer Hotel.

The bride is a graduate of Hereford High School and before her marriage was employed at the John McLean Insurance Agency. The bridegroom is a graduate of the University of Pennsylvania and is now stationed with the U. S. Army Air Force at Hays, Kans. The couple will be at home at 500 Mission Mount, Hays, Kans. until he completes his training there.

Mrs. Close Conducts Club Program

Continuing their study of American Music members of the Music Study Club met for a lesson on music of the 1850-1909 period Monday afternoon. The meeting was held at the home of Mrs. J. E. Beyer with Mrs. H. A. Close as leader. She described the music of that period, telling how the songs became history as they were written in terms of a given period of time. She mentioned many composers including Julia Ward Howe, Walter Kittredge, Stephen Foster, George Frederick Root and John Phillip Sousa, who made themselves famous with their war songs. Comparing the songs of that period with those of World War I, she said "World War I—songs are not historical documents as those of the Civil War proved to be, and it is impossible at this time to predict whether the World War produced any songs by Americans that will have the immortality of a few from the Civil War."

Illustrating the music of the early American period Mrs. Close played "Virginia Dare Dance" (Stringfield) and a chorus number "When Johnny Comes Marching Home" (Harris) was sung by the club.

After the meeting, chorus practice for the annual Christmas program was held.

Those present were Mesdames J. C. McCracken, G. A. F. Parker, T. W. Roberson, C. R. Smith, Glenn Snyder, A. C. Thompson, J. R. Allison, H. A. Close,

BOOK REVIEW IS GIVEN FOR CLUB

Miss Kathryn Davies reviewed the book "Green Dolphin Street" by Elizabeth Goudge, winner of the \$125,000 Metro-Goldwyn-Mayer Annual Novel Award, for the Calliopean Club Thursday evening.

The meeting was held at the home of Mrs. Elizabeth Womble and Miss Davies gave the entire program.

From the Channel Islands to pioneer New Zealand sweeps this story of Marguerite, and Marianne, and William, and the blunder that changed the pattern of three lives. Critics say, "Some readers may see in Green Dolphin Street a solution to their own problems; some may see a love story of adventure, but all will find it a book that has charm and distinction, a story of unusual appeal and interest—a novel out of the ordinary."

Members attending the meeting were Eloyse Pitman, Mary Kate Brotherton, Kathryn Davies, Mesdames J. R. Allison, O. J. Beene, Jack Gilliland, David Rodgers, W. C. Pitman, Carl Perrin, Wayne Evans, W. L. Davis and the hostess, Miss Vida Hicks is a new member of the club.

W. E. Dameron, C. H. Dyar, C. Ferguson, Jeff Gilbreath, Miss Mattie Mae Swisher and the hostess.

FORD H-D CLUB HAS MEETING

Mrs. F. D. Ferguson was hostess on Wednesday afternoon last week for the Ford Home Demonstration Club. Reports from the council meeting were given by Mrs. E. E. Doak and members voted to federate with the state organization. Members also voted to pack boxes for the Red Cross. Miss Sadie Lee Oliver talked on reupholstering furniture and showed patterns for making toys at home.

The next meeting will be held on Dec. 6, at the home of Mrs. Hardy Benson. Five boxes for the Red Cross will be filled and plans for the club's annual Christmas party will be completed.

Refreshments were served to Mesdames Tom Price, E. E. Doak, George Buck, H. Cayton, Hardy Benson, George Epting, Miss Oliver and the hostess.

Mrs. Higgins, Mrs. Seigler Are Hostesses

Mrs. Bob Higgins and Mrs. T. E. Seigler were hostesses at the meeting of the Pioneer Study Club Tuesday afternoon of last week at the home of Mrs. Higgins.

Mrs. P. H. Gilliland presided over the business session when members voted to share in providing packages for wounded in Amarillo Army Hospital. A shower of tea towels was planned for Boys Ranch.

"Freedom of the Press" was the subject of the lesson. Mrs. A. L. Manjeot gave interesting sidelights on "Slanting the News" and "The Press's Freedom," bringing out the thought that freedom is true democracy in the light that democracy is living for the common people for the good of the world. She listed two vital needs for the future; an enlightened reading

public and a press with an honest conscience.

Mrs. Frank Terrell discussed, "It is Not Too Late" telling of situations in Austria and pointing to the thought "that it is not too late to lose the freedom that has been won."

Mrs. Gilliland spoke on "Post War Press Influence" dealing with the idea that we must determine now the factors which will go into the making of a free press in a post war world. In conclusion she said, "The demands of the reading public will set the pace for the post war press."

Members present were Mesdames Fred Barrett, O. G. Hill, A. G. Bell, Geo. Benson, J. E. Beyer, A. B. Christian, J. M. Gilliland, P. H. Gilliland, C. T. Guseman, F. M. Kester, A. L. Manjeot, Wirt Phillips, H. D. Reed, B. E. Roberson, F. L. Terrell, R. A. Tynes, Al Werner and the hostesses.

DAWN STUDY CLUB HAS MEETING IN CARL LUKE HOME

Dawn Study Club was entertained with a book review at the meeting held Nov. 7, at the home of Mrs. Carl Luke.

Mrs. William Wimberley was in charge of the program and gave the review of "The Great Answer" by Margaret Lee Runbeck. She said in part, "This book tells how men and women have had prayers answered during this war. Its stories taken together, give confidence, conviction and trust in tomorrow. Facing the staggering facts of the post war world, many will know that there must be a return to spiritual values before the problems can be settled."

Those present at the meeting were Mesdames Walter Galley, T. L. Welch, Carl Wimberley, T. F. Fain, H. V. McCabe, Minnie Smith, William Wimberley, Iverson Leake, W. A. May and Mrs. Luke.

THANKSGIVING MOTIVE IS USED

The Thanksgiving motif was featured in decorations when Mrs. W. M. Emmons was hostess for the Wednesday Luncheon Club on Wednesday last week. The centerpiece for the table, from which the luncheon was served, was of red roses and a Thanksgiving scene was arranged on the buffet with autumn leaves, nuts and bright colored fruits and berries.

Members and guests present were Mesdames Alton Fraser, H. K. Fox, W. L. Davis, J. C. McCracken, Oscar Easley, Jimmie Gillentine, W. C. Pitman, A. R. Bateman and the hostess, Mrs. J. C. McCracken was high player in the contract games enjoyed after the luncheon.

Arrangements Made For Thanksgiving Dinner at Church

Mrs. John Paetzold announces that arrangements are complete for the Thanksgiving Dinner which will be served at St. Anthony's Hall on Thursday, Nov. 30, and judging from the number of inquiries which have been received from soldiers and townspeople, a large attendance is expected.

Mrs. Ed Loerwald, assisted by the young ladies of the B. V. M. Sodality, will be in charge of arranging the tables and serving the meal. Mrs. Joe Paetzold, who will be in charge of the kitchen, states that preparations are being made for a large number of guests.

Tickets will be sold at the door on Thanksgiving day, and dinner will be served from 12 o'clock on. During the meal, vocal selections will be presented by Miss Adeline Koelzer; and Roy Wagner will be in charge of games which will be in progress throughout the afternoon.

Annual Rebekah Event Highlights Year's Program

Rebekah Lodge members entertained their husbands and families at the annual Thanksgiving banquet Tuesday night at the IOOF Hall.

A Pilgrim theme was paramount in appointments and decorations. Tables were decorated with fall flowers, vines, pumpkins and pumpkins with tall white tapers burning in crystal candelabra. Place cards in autumn colors repeated the Thanksgiving theme. Members of the serving committee wore Pilgrim costumes.

Troy Womble gave the welcoming address followed by a Thanksgiving prayer and readings by Eugene Roberson and Myra Jo Sowell.

Appropriate piano music was furnished by Mrs. Gertrude Bailey and Mrs. John Jacobson, Jr. Group singing of patriotic songs was also enjoyed.

Mrs. Lydia Hopson, noble grand, Mrs. Alice Cox and members of the social committee were in charge of arrangements. This program is the highlight of the year for the Rebekahs as members who are not able to attend regular meetings make a special effort to be present. The banquet was served to approximately 75 guests with ages ranging from 6 mo. to 79 years. Visitors included members from Springfield, Black, Friona and Donna.

THIS WEEK... AT THE USO

We received this week 12 books of records of works of the old masters and more modern composers. The records were the gift of the Firestone Rubber Company, which has made similar gifts to all USO Service Clubs. A number of boys have already enjoyed playing the records on a record player graciously loaned to us by Cecilia Guseman. If anyone has a record player they would care to donate, it would be gratefully received.

Pvt. Bob Sherwood nearly missed the 11:30 bus the first night we had the player, trying to hear as many records as possible before going back to camp.

We are a little low on late magazines too, and would appreciate some of those you have finished reading.

Mrs. Umfleet's brother, Seaman Floyd Williams has been visiting here the last few days. He left for further duty Monday night.

The mystery has been solved.

Mrs. Robert Stuart, the missing bride, is in Tennessee, where she owns a beauty shop. She plans to join Pvt. Stuart here around Christmas. We hope the boys did not wear out the trunk of that new car looking for her, Pvt. Stuart.

The Ping Pong tournament seems a little slow getting under way. Boys, please see the bulletin board for your opponent's name and try to arrange to play this week if possible. We would like to award the prizes next Monday night.

A gift very much enjoyed by the boys was a bushel of apples given by the Packard Milling Co. this past week. There's nothing tastes better this time of year than a good, crisp red apple.

Well, the Western Party and Chuck Wagon feed is history now. It was the best attended of the recent USO affairs, there being about 175 persons there. The open, western hospitality was expressed in the jovial welcome everyone received on entering, from old Sourdough at the camp fire and extended on through the old-fashioned square dance later in the evening.

"Pop" Conaway was in charge of the decorations and arrangements for the evening. Everything from bear grass and tumbling tumble weeds to coyotes and an old cow camp with bacon sizzling over the fire were used to carry out the western idea. Many of the girls and guests were in western attire and added to the fun. Much praise was heard for the group of local dancers who gave such an excellent exhibition of the old square dances which were so much enjoyed in the early days. We want to thank everyone of them for coming out to help us entertain the boys, who

thoroughly enjoyed it. As one of them said, "We seem to be better acquainted now." Our thanks again to everyone who helped.

Don't forget, next Monday night is a surprise program at the Center.

Missionary Answers Three Important Questions for Students

Fay Livengood, missionary recently returned from India, answered three questions in the High School assembly last week

Once Fat! Now Has a Model's Figure
"I lost 32 lbs. wear size 14 again!"

Betty Reynolds, Brooklyn lost 156 lbs. Miss Reynolds lost weight wisely with AYDS Vitamin Candy Reducing Plan. Now she has a model's figure. Your experience may or may not be the same but try this new reducing plan. First Box Most Show Results or money back. No exercise. No laxatives. No drugs. Eat plenty. You don't eat out meals, potatoes, etc. you just cut them down. Simple when you enjoy delicious AYDS before meals. Only \$2.25 for 30 days supply. Phone, write Halle Drug Co.—Phone 99

that have been asked by many. Not many understand the situation confronted by the British. These three questions were answered by Mr. Livengood to help the students understand this problem more clearly.

The most frequently asked question is, "What is India doing in the war?" Mr. Livengood answered this with: India didn't fight at first because they felt they might get as-good treatment from the Japanese as the British. Later, however they saw that the Japanese would not be good rulers so they went all out in war against the Japanese. India now has an army of two and a half million, all volunteers. India is helping with the war in hopes that she may have independence after the war.

The second question is simply: "Mahatma Gandhi." This is simply answered, said Mr. Livengood, "because the people will do anything for him except obey him." Gandhi's ideas are not workable, and the people realize this. They will give him anything he wants, but when he tells them to do something about the government, they just go home.

The last question is: "What are missions doing in India?" The missions are beginning to bring the "untouchables," the lowest cast in India, up from their misery. When educated, the people realize that all are created equal. Christ's teachings

Louise Green and Dick Oakes Crowned Mr. and Miss H. H. S.

Louise Green, Miss Hereford High, and Dick Oakes, Mr. Hereford High, were crowned at the Senior Carnival last Saturday night. Louise and Dick were the Freshman candidates and were elected by penny votes. Each class will keep the money their candidates received. Other candidates were: senior, Rosemary Phillips and V. C. Hopson; Junior, Dorothy Dishman and Gayle Rogers; and Sophomore, Ann Morgan and Jim Worrell. Miss and Mr. Hereford High were crowned by the Senior class president, Lonidene Martin.

The Senior Class Carnival was a big success, reports the carnival chairman, L. W. Bridges. The money cleared is to be put into a fund for a new curtain for the stage at the high school. The Style Show was one of the big attractions of the evening. Models were beautiful Senior boys in the latest New York fashions in "What a Girl should Wear in War Time."

Also there were cake walks, bingo with prizes donated by Hereford merchants, penny-pitch, fortunes by Mrs. Art Manjeot, cigarette shooting, milk-bottle-turn-over, Roulette, candy and popcorn. The Senior Class wish to thank their mothers, the town people, and the Lion's Club for making their Carnival possible.

Hi-Y Boys Honor Dads With Banquet

Charles Sanders acted as toastmaster when the Hi-Y boys entertained their dads with the annual Father-Son banquet on Tuesday, Nov. 14, at the high school building. There were thirty-six boys and guests present.

L. W. Bridges gave the invocation Dan McCowen gave the welcome to the dads; Rev. Bridges, pastor of the First Christian Church, gave the response; the girls sextet, under the direction of Mrs. Mac Jones, sang "Always" and "Together."

The homemaking II girls prepared the banquet. The menu consisted of grapejuice cocktail, baked ham and nut sauce, spiced apples, green beans, yellow corn, relishes, hot rolls, butter, jelly, chocolate pudding and coffee.

The Hi-Y expresses its appreciation to Mrs. Art Manjeot for the decorations. The tables were arranged in a Y shape to symbolize the ideals of the club. They were decorated with harvest arrangements of autumn leaves, fruits and vegetables and tapers; the holders for the candies were apples and turnips.

H. V. Stanton, coach of the Whitefaces, gave a talk on father-son relationship. In his talk, he stressed that the relations should be not only father to son but also son to father. Mr. Ford, sponsor of the club, introduced the officers. They are: Charles Sanders, president; L. W. Bridges, vice-president; Delmo Williams, secretary; David Phillips, treasurer.

The group was dismissed with the Hi-Y benediction: "Let us stand in the midst of men, oh, Lord, foursquare, ready for service and unafraid of responsibility."

Ten Members Inducted Into HHS Honor Society

New members of the Honor Society were formally inducted in an assembly program Thursday, Nov. 16. The ceremony consisted of an introduction by Helen Acker, who was in charge of the program, followed by talks on scholarship, service, leadership, and character, the standards of the club, given by Helen Acker, Doris Goldston, Naomi Brumley, and Marcella Blue, respectively.

These were followed by an address by Mr. Ford, the principal, on characteristics of members, emphasizing perseverance, patience, work, and success as a result of these. After these speeches, the candidates received the colors of the club, blue and gold, and after repeating the pledge, became members of the National Honor Society. To be a member of this society is one of the greatest honors that can be bestowed upon a student, for it signifies that he possesses good scholarship, leadership, character and service to the school and to others.

Candidates from the Sophomore and Junior classes are chosen each spring by the faculty to be inducted the following fall. The candidates chosen for induction at this ceremony were: Joe Bishop, Jessie Ann Buckner, Betty Jane Euler, V. C. Hopson, Helen Tucker, Juanita Upton, Lloyd Manjeot, Lonidene Martin, Ruth Moreman and Betty Jane Robinson.

Juniors Have Successful Magazine Campaign

There comes a time in the life of every student when he becomes a Junior and has to get together enough money to finance the traditional annual banquet for the Seniors. This year, as the result of a visit from a representative of the Curtis Publishing Company, the Juniors agreed to the plan of selling \$300 worth of magazines, the minimum amount, in turn receiving from 30 per cent to 50 per cent of the price. The class was divided into two groups, and the sale was carried on in contest form. Peggy Barnard headed the "Blues"; Gayle Rogers led the "Reds."

Juniors set out on Oct. 26, to begin the sales. On Nov. 6, when the money was counted for the last time, it was found that the class had sold \$750 worth of magazines, more than doubling their quota. Selling \$400 worth, the "Blues" won and will be rewarded by a party given by the "Reds." The class cleared \$250, and the Curtis Publishing Company gave Charlene Davis, the leading salesman, selling \$107 worth, a Bulova watch for her efforts.

So you can take it from the Juniors that selling magazines is a sure way to make money, especially when the impetus is the Junior-Senior Banquet.

Buy bonds till it hurts!

Go without and do without if need be to help speed the pace of victory

THE young man in this picture obviously is an extreme example. Our Government certainly does not expect any of us to go that far in restricting our buying—even to put the 6th War Loan over the top.

But our fighting forces certainly will feel that their sacrifices are appreciated if we deny ourselves some things and put the money into extra War Bonds instead.

Remember, War Bonds pay off at maturity at the rate of \$4 for every \$3 invested. Try to buy at least one extra \$100 Bond while this 6th War Loan Drive is on.

"I am a Ph. M. 2-c," writes Skypala. "And I am still evacuating patients from combat areas. I have about 500 flight hours, and in the past 12 months have been to Sydney, Australia, three times and expect to go one more time before returning to the States— which should be about January."

It really is wonderful to get to go to a place like Sydney to rest and really fill up on some good chow.
"There are three of us in one hut, which was built from material that was 'acquired by night.' Skypala writes, adding that their best source of entertainment is their radio, "which never cools off."

"The Philippines" Provides Topics Of Interest for Bay View Club Group

An interesting program on "The Philippines" was presented at the meeting of the Bay View Club held at the home of Mrs. H. G. Conkright Thursday afternoon. Mrs. J. R. Allison acted as hostess.

Mrs. Lee Benefield was leader and introduced a branch of the subject with a discussion of "Our War and Theirs." She also read a paper prepared by Mrs. Travis Dameron on "A Trans-Pacific Highway."

In discussing "Orphans of the Pacific" Mrs. E. W. Harrison

gave the history of the Philippines pointing out that their location largely accounts for the struggle in which they have been involved since early days. Much mention was made of Manila, called the hub of the transportation wheel in the Pacific War, and the fact that the Philippine Islands are already considered a member of the United Nations, was stressed.

Mrs. Essie Cardwell told of the Panama Canal in an article on "Panama Pay Off" in which the importance of the canal in military operations was brought out. Mrs. Cardwell showed that this waterway is the life line to the United States and a water-way to victory.

Members of the club attending the meeting were Mesdames M. L. Boyd, F. T. Roloson, Essie Cardwell, D. H. Alexander, J. W. Kirby, J. W. Spradley, E. W. Harrison, Bob Wilson, J. P. Slaton, C. F. Moore, A. M. Jones, Colby Conkright and Lee Benefield.

100 OCTANE GASOLINE won't grow wings on a car

EXPECT NO MIRACLES from your present car if the tank were filled with 100-octane gasoline.

Its motor was engineered specifically for the gasolines which were available at the time you bought your car. To secure the benefits of very high octane fuels, post-war motors will have much higher compression ratios, will be smaller and lighter, and will deliver greatly increased power and extraordinary mileage.

All this will be possible because of the super gasolines to be made available for motorists in the post-war period. And you have every reason to expect that Phillips will be among the first to offer these vastly improved motor fuels soon after victory.

Why? Because Phillips is today one of the nation's five largest producers of 100-octane aviation gasoline. Phillips is also one of the leaders in the war production of butadiene for synthetic rubber.

These achievements are a direct result of Phillips long years of peacetime research to extend the frontiers of knowledge concerning hydrocarbon chemistry. Other accomplishments, which cannot now be told for security reasons, flow from Phillips wartime exploration of the limitless possibilities of chemical production of new and better things from petroleum gases as well as from petroleum.

This is why we say: Every time you see the Phillips 66 Shield, let it remind you that Phillips refineries, in addition to producing gasolines, lubricants, and fuel oils . . . are also gigantic chemical plants pouring out weapons for victory.

Shore and Mrs. Jewel Womble served as conductress and associate conductress; Mrs. Eula Womble was marshal and Mrs. Madge Holly served as Martha.

After the meeting a fellowship hour was held with Mrs. Horace Hershhey, Mrs. Bob Higgins, Mrs. Dow Mercer and Mrs. H. D. Reed as hostesses.

diers they have developed their trade until today they make up one of the largest group of merchant men of the nation, she said.

Mrs. O. L. Click discussed the early Scandinavian and Norwegian immigrants in the Mississippi Valley, telling how they have clung through the years to their national customs and faiths. They still adhere to the Lutheran faith and one of the

many traditional customs still observed is the lengthy Christmas celebrations.

Those present were Mesdames Lyle Blanton, R. G. Blue, O. L. Click, W. S. Fluit, Jack Grady, Homer Henslee, Jim Higgins, C. D. Kelton, Joe Kendall, Nelson McRight, Forrest Minton, Guy Newsom, Coy Phillips, Earl Phillips, Buren Sowell, Robert Thompson, Ed Warren and the hostess.

Let Us Give Thanks

Thanksgiving, 1944—many of us cannot pause to give our thanks, but must offer them as we go. For this is a war year, and no time for relaxing our efforts.

We do, however, have much to be thankful for, if we look beyond today. Every day of war brings us nearer Victory, provided we do our part and not falter. We still have our country and our homes, unmarred by any invader's hand. We still have more of comfort and prosperity than any other nation on earth.

To many, it is true, the war has brought

sacrifice and bereavement. In these we must be upheld by the conviction that they are the steps to peace and a better world. We must resolve to make sure that they have not been in vain.

Let us be thankful for our own great area, for its favorable climate, immense resources, varied agriculture and industrious people. When peace returns it will bring us an opportunity as broad as our landscape. So while we look forward, let us give thanks, with a hope that another year will bring the blessings of Peace all over the world.

Farmers Urged To Vote In AAA Election

Deaf Smith County farmers will choose their AAA committeemen at elections to be held during the week of Dec. 11 to Dec. 16, it was announced today by F. G. Collier of the local AAA office, who states that the exact dates and location of each community polling place will be announced next week.

Though voting has been comparatively light in AAA elections during the past few years, it is hoped that the rapidly-nearing problems of post-war agriculture will result in better participation in the coming election.

For county committeemen, it is pointed out, not only have the duty of supervising the state and national farm program in the county; but they can also secure changes and adaptations of the program to meet local needs. The choice of committeemen gives the individual farmer a chance to a voice in the program, and AAA headquarters has expressed the hope that every farmer taking part in the program will exercise his democratic right of choosing committeemen.

Present committeemen are N. E. Gass, chairman; Paul Mathers, vice-chairman, and J. T. Gilbreath.

Former Hereford Man Killed In Action on Palau

Cpl. Ray T. Brown, formerly of Hereford, was killed in action on Palau on Sept. 18, according to news received here recently by his brother, Wesley Brown, and a sister, Mrs. John Johnson.

Cpl. Brown, who would have been 26 years old on Dec. 28, enlisted in the Marine Corps two years ago.

Prior to his induction, Brown was employed by S. J. Barclay of Hereford, and he had many friends here. He was a son of Mr. and Mrs. G. I. Brown of Nocona.

Fumes Fatal to Parents Of Hereford Man

Mr. and Mrs. H. L. Cox, formerly of Hereford and parents of Chester C. Cox of Hereford who is now on Army duty at Fort Lewis, Wash., were asphyxiated in their home at Perryton Friday night.

A son, Oscar O. Cox of Perryton, found his parents when he went by their home Saturday morning. Mr. Cox's body was about two feet in front of the stove in the room, probably where he fell as he went to turn off the stove. Mrs. Cox's body was a few feet farther away. Investigators thought she had started for the stove when her husband failed to reach it.

Mrs. Chester Cox received word of the deaths Saturday morning, and an emergency funeral for her husband was arranged by the Deaf Smith County Red Cross.

do a little experimenting and discover the results of lighter seeding—say not more than 15 pounds to the acre."

It is Bateman's belief that lighter seeding, especially in a dry year; will enable wheat to get a better growth and in the long run will result in better production.

Yellowing is not the only damage to wheat reported here. Leaf rust has been fairly general, but many farmers believe that this has been caused by the heavy morning dews, and that frost and cold weather will provide better growing conditions and the rust will disappear.

Conservation Exchange

News of the Deaf Smith County Wind Erosion District

Because of the increasing interest in growing better-adapted varieties of grain sorghums and grass seeding for pasture improvement, six Deaf Smith County Wind Erosion District Cooperators recently made a trip to the Bushland Conservation Experiment Station to study tests and experiments of seeding pastures and grain sorghum production applicable to Deaf Smith County soil and climatic conditions.

Experiments of grass seedings were divided into three groups, each consisting of 44 acres. Each group was stocked with ten calves over a period of five months. The first group of seedings observed was a mixture of Western wheatgrass, Lovegrass and Canadian rye. The second seeding mixture was made from seven grasses including Blue grama, Side-oats grama, Buffalo grass, Sanddropseed, crested wheatgrass, Western wheatgrass and Lovegrass. The third group was a native grass pasture consisting of Blue grama and Buffalo grass. This pasture had never been plowed.

From records and observations of these three experiments it develops that grazed on the second group of seven grass mixtures made the highest gain. Cattle grazed on the native grass pasture made second to the highest gain.

The different varieties of grain sorghums examined by the cooperators were Baily Hegari, Standard Hegari, Martin Milo, Plainsman, Double Dwarf, and a new variety (7078 strain) which has not yet been given a name. The unnamed variety is especially good for early maturing and is excellent for "combine" sorghum. Another new sorghum variety which is tall and leafy and is very good for bundles and grain as a cross between a kafir with Sumac cane. These grain sorghums tested for early maturity, drought and disease resistance were found to be well adapted to the High Plains area and seasons.

The best time for planting these sorghums is around the first of June however, the actual date depends on moisture conditions. By planting about the first of June the plants are strong enough to endure the July dry period and are mature before frost.

Not only are Deaf Smith county farmers interested in the production of better varieties of grain sorghum as a feed and cash crop but they are also interested in producing grain sorghum to prevent soil blowing. Sorghum is usually planted on wheat stubble land in the spring; the stubble furnishes a cover for the land during the blow season and many times is not disturbed until time to plant grain sorghum.

Farmers and ranchmen who visited the Conservation Experiment Station were Leo Forrest, Frank Bezner, Wirt Phillips, George Muse, N. E. Gass and Fred W. Baird.

Seed for the new variety grain sorghums may be obtained from the Conservation Experiment Station at Bushland. Soil Conservation Service personnel will be glad to furnish detailed information concerning the farming and ranching experiments carried on by the Conservation Experiment Station.
