NUMBER 48

Santa Claus Parade In Perryton Thursday, Dec. 5

Country Blast Accompanied Heavy Panhandle Rain

Bands, Floats, Funny Clowns, Toyland and Mother Goose Characters in Big Parade

Santa Claus will be in Perryton without fail on Thursday, December 5, was the word that came in today from that jolly old gentleman's headquarters far up in the snowy Northlands. He sends word that his gigantic parade of over sixty units with at least nine high stepping school bands will step off promptly at 1:30 o'clock Thursday afternoon.

In the big parade will be old Santa himself riding in his new red cutter pulled by Santa's own ponies, Miss Mary Christmas in her new gold cutter, the Chinese girl in her Jinrickasha, the Three Wise Men with their live camel, the Wizard of Oz float, the Fairy Princess float, Peter-Peter Pumpkin float, the Eskimos and their polar bear float, God Bless America float, Happy New Year float, electric Christmas chimes float, and dozens of toyland characters and funny clowns and many wonders from all over the world.

At the urgent request of Santa Claus, Glenn Truax, director of the music department of the Perryton schools, gladly consented to serve as parade marshal and director of the massed band. In the line of march will be bands from Booker, Pollett, Spearman, Gruver, Liberal, Beaver, Canadian, and the Perryton band and the Perryton drum and bugle corps. The combined musical organizations, 500 in all, will give a massed concert. E. D. Kelley is assisting Mr. Truax. The band members will be fed at the high school cafeteria at the noon hour.

Other committees who are assisting Santa Claus with the plans for the big parade are as follows: shelter for parade animals and floats, P. E. Gidley, chairman; parade personnel, C. Wedgeworth, chairman; parade cars, Irvin R. Buchanan, chairman; feeding band members, Harry Caylor and Van W. Stewart. All schools in this area are closing for the parade and arrangements have been made for bringing the school children to Perryton in a body. If weather conditions are favorable, one of the largest crowds ever to assemble in Perryton is expected on December 5.

The committee in charge of street decorations and Christmas lighting with H. C. Sanford as chairman has the streets in the downtown business district in holiday attire. Small Christmas trees in the flag holders on evergreen entwined street lighting standards, heavy festoons of spruce roping with wreaths and large brilliant Christmas red bells across the streets, myriads of strings of multi-colored lights, with beautiful large Christmas trees gaily decorated and lighted at street intersections give Perryton a real Yuletide atmosphere.

See No. 1, Back Page

Safety Patrols At School

As an additional safety measure at the Perryton schools, Safety Patrols were organized in Junior and Senior high school and the elementary grades. The Senior high school patrol will have charge of safety measures in front of all buildings. The junior patrol is in charge of policing and patrolling the loading and unloading zones of the buses. The elementary school patrol, composed of 5th grade boys, will be responsible for hall, corridors and entrances and exits on the gravel driveway.

All patrols will be on duty before and after school and at the noon hour. The Senior patrol will direct the traffic in front of the buildings. All persons are urged to see No. 3, Back Page.

Rotary Governor Here on Friday

The Perryton Rotary Club will be honored by a visit from the District Governor of the 127th District, Rotary International, Judge Frank S. Roberts of Breckenridge, on tomorrow noon (Friday), November 29, at the Hotel Perryton. This will be Governor Roberts' official visit to the Perryton club.

With Perryton observing Thanksgiving, November 28, no meeting was held. The Friday luncheon is the regular meeting for this week. Preceding the luncheon Friday morning at 10:30, Judge Roberts will confer with Walter B. LaMasler, president, Dean McCutcheon, secretary, and the other directors of the Club.

Toyland Characters and Funny Clowns with Santa Claus

All of the popular Toyland characters as well as dozens of funny clowns and grotesque figures will be in the big parade Santa Claus is bringing to Perryton on Thursday, December 5. Sixty big units with many bands and drum and bugle corps go to make this one of the most interesting parades ever seen in this territory. Plan now to be in Perryton for this big Pre-Christmas event.

Santa Claus Asks Us To Publish Letters

Following his custom of many years Santa Claus has again requested the Herald to publish the letters of his many little friends in the Perryton area who want to tell him their wants for Christmas. In his radiogram from the icy Northland to the Herald, Santa Claus said he was looking forward with great chuckles of joy to seeing the boys and girls of this community when he visits Perryton on Thursday, December 5. He said to tell the children to bring or mail their letters to the Herald and not to give them to him next Thursday.

Red Cross Needs Workers

The Red Cross war relief production program of the Ochiltree County Chapter is getting under way nicely, so reports Mrs. Frank Cox, chairman of the committee.

The materials have been very slow in coming in from headquarters and work has been delayed. Wool dress materials, outing flannel and unbleached muslin are on hand and garments are being distributed almost as rapidly as they can be cut, says Mrs. Cox. She is well pleased with the response from clubs and many volunteer workers.

Yarns for sweaters arrived Wednesday. It is hoped that every person that has time to knit will call for a supply. This chapter accepted a quota of 110 sweaters and knitters are needed at once. Mrs. Henry Richardson is in charge of the knitting and will be glad to instruct any person who wants to learn to knit.

See No. 4, Back Page

Many Will Receive Mattress Benefit

It was announced this week that under the AAA Mattress Program only 30 applications have been received for the mattresses. Material is on hand for the construction of 120 cotton mattresses at a probable cost of from 35 to 50 cents to those eligible to receive the material to make the article.

Application may be made either to E. W. Thomas, county agent, or Mrs. Hazel Martin, county home demonstration agent. Those wishing to make the mattresses during December and January are urged to make applications prior to December 15.

Any family with a net cash income of \$500 a year or less is eligible to receive one of the mattresses and will be assisted by Mrs. Martin, it was said.

Ross Rizley Accepts Invitation to Make Address at C. of C. Banquet

Ross Rizley, prominent Guymon, Oklahoma attorney and former Oklahoma state senator and congressman, elected for the 8th Oklahoma district, has accepted an invitation to be the principal speaker at the annual membership banquet of the Perryton Chamber of Commerce on the evening of Friday, December 13.

Congressman Rizley, when the new Congress convenes shortly after the first of the year, will fall heir to the seat now occupied by Congressman Phil Ferguson of Woodward. The 8th Oklahoma Congressional district takes in the Oklahoma Panhandle and extends to the east including Exid and Pampa City. Ross Rizley is a native son of the Oklahoma Panhandle, born on Clear Creek south of Beaver. After getting his law degree, he entered law practice at Beaver. He later moved to Guymon where he has resided for many years. He also maintains an office in Oklahoma City. Congressman Rizley was the Republican nominee for governor of Oklahoma two years ago.

Complete details of the annual banquet will be announced following the Monday meeting of the Chamber of Commerce directors. Committee of place, program, invitations, and ticket sale will be named.

Chamber Commerce Elects 7 Directors

Members of the Perryton Chamber of Commerce will name seven directors, to serve as members of the Board of Directors for the year 1941. Ballots have been mailed members and must be returned to Harry E. Caylor, secretary of Chamber of Commerce, not later than Saturday, November 30.

A nominating committee, appointed by F. B. Sumpter, president and composed of Sam Hergert, chairman, H. I. Hudson, R. T. Shinder and C. E. Whipple, selected fourteen candidates. The order in which the names were to appear on the ballot was determined by drawing. Following is the list of candidates, and the order they drew on the ballots:

A. P. McCelvey, M. P. Browning, Aldon Bell, H. C. Sanford, D. R. Gathier, Louis Bryan, J. H. Stephenson Jr., L. D. Stinson, W. B. Reid, Harold Hawk, R. H. Daley, Frank Teague, J. H. Nail and R. H. Holland.

Sanford, Reid and Stephenson are members of the present board of directors. They were elected last year.

Court Term Nearing End

The November term of the 84th Judicial District Court draws to a close this week with a number of non-jury cases disposed of since last Thursday. The petit jury for the third week was called Monday and dismissed for the term by Judge Jack Allen.

Reconvener for the term on Tuesday, the Grand Jury returned one indictment for swindling and was dismissed. At the opening session of the Grand Jury one indictment was returned on a felony. Cases disposed of during the past week included the following: First National Bank vs. Roy Jeffroy, dismissed; Cecil Nelson vs. Noah Fletcher, dismissed; Georgia B. Austin, dismissed; Hazel Myers vs. Woodrow Myers, divorce granted; Josephine C. Zelake vs. Unknown heirs of James F. Cochrane, deceased, judgement in favor of plaintiff.

First National Bank vs. Ray Wilkinson, dismissed; First National Bank vs. George Fletcher, judgement in favor of plaintiff; Claude C. Gray vs. E. C. Carver, dismissed; W. E. Stallard vs. Anna Helen Stallard, divorce granted; L. S. Chism vs. A. A. Hendricks, judgement in favor of plaintiff.

An order was made by the Court to transfer a case involving Clara Bennett et al vs. Underwriters Life Insurance Co. to Hemphill County where District Court will convene December 2.

County Enrolls Over 400 Red Cross Members for '41; Report Incomplete

Thru the efforts of the workers and cooperation of the citizens of this area, the Ochiltree County Chapter, American Red Cross, is bringing to a close this week a successful drive for 1941 members. This morning, Mrs. F. B. Sumpter, Roll Call Chairman, and Miss Myrtle Mae Conley, secretary, reported that 428 memberships for 1941 had been turned in to them.

A few workers have not made their final report to Mrs. Sumpter. Apparently the total memberships will go over 450 before the campaign closes Saturday, November 30. The exact amount of money collected is not available, but it in the neighborhood of \$550. Total collection will be given next week.

A list of members will be found in this issue of the Herald. However, ten memberships were received too late for publication. A few contributions were received for less than \$1.00, which is the annual membership. Any membership received too late for publication this week will appear in the Herald next Thursday.

Farmers Veto New Program

Ochiltree County farmers meeting in Perryton last Thursday night for the purpose of discussing the Special Farm Program for this county decided by a unanimous vote to continue the regular program for 1941. Attending the meeting were 125 farmers. A total of 45 ballots mailed in prior to the meeting were against changing the program with the exception of two.

Bookkeeping and Accounting Systems at Stewart Printine Co.

Roy Sanford, medical student in Oklahoma University, and Nelda Rose Wright, university student, came in Wednesday to be at home for the holidays.

Mrs. Claud Shearer and son, Otis Claud III of Booker were Wednesday visitors in the home of Mr. and Mrs. Otis Shearer. They were enroute to Glen Rose, where she will attend a family reunion in the home of her brother.

building now occupied by the Perryton Furniture Co. and opened up a large hardware and furniture store, featuring the International line of farm machinery. The Gray building was moved to Booker where they operated until 1922 before disposing of the Booker store. Sam Hergert became a partner in the business when they moved to Perryton. J. L. Just was active in the business for the first years after it was founded later disposing of his interests to Mr. Neufeld.

The fine modern two story with full basement fireproof building now occupied by the firm was erected in 1929. A few years after this new building was constructed, they disposed of the International farm machinery business to the Perryton Equipment Co. Then in 1939, the furniture department was sold to the Perryton Furniture Co.

No Schick Tests Given at School

The Schick test will not be given at the school, stated Supt. C. Wedgeworth today. Several parents have been inquiring if students, who took the diptheria serum, would be given the Schick test at school. Parents, wishing to know if the diptheria serum was effective, will have to take child to the doctor. A small charge will be made for this service.

Fisher Is New Pastor At Methodist

Rev. and Mrs. W. E. Fisher have accepted the pastorate of the Perryton Methodist Church, and took over their duties here last Friday, coming from the church at Paducah. Rev. Fisher filled the pulpit Sunday morning and used as his subject, "The Great Thanksgiving Psalm."

For next Sunday, December 1, Rev. Fisher announces that his morning subject will be "The Call of the Conference Year," which will be followed by the sacrament of Lord's Supper. His Sunday evening subject is, "First Christmas Anthem."

About three weeks ago, Rev. Fisher held a two weeks meeting here, and met many Perryton people there. And in the early days of the city his brother, Albert C. Fisher, who is now pastor of the Blackwell, Okla., Methodist church, held a revival meeting in the garage building, now occupied by the Ford Motor Co.

Rev. Fisher was born in North Carolina but came to Waco when he was 14 years old. Mrs. Fisher is a native Texan. Their only son, W. S. Fisher, is pastor of the Methodist church at Corsicana. At the age of 16, Rev. Fisher started his career as a minister, and has a continuous record of service to his church.

In addition to his church work, he is a member of the Masonic Lodge, Lions Club and Oddfellows Lodge.

Baumann's to New Building

Lester Baumann, owner of Baumann's Cleaners, announces this week the opening of his plant at his new location, 519-521 South Main street. The firm is now open for business and its many patrons are invited to make an inspection of the new headquarters.

Mr. Baumann announced that several hundred dollars of newest type equipment has been installed in the new building and that fluorescent lighting effects was only one of the modern conveniences now available.

Baumann Cleaners is one of the most up-to-date cleaning establishments in the Southwest and was established by Mr. Baumann here in 1931.

Plainview Hardware Holds Formal Opening New Store on Thursday, December 5th

The formal opening of the new modern, open display store of the Plainview Hardware Co. will be held on Thursday, December 5, so announces Manager B. B. Kent. This store has spent several thousand dollars in an extensive remodeling of the entire interior of their building. The latest trends in modern retailing methods have been followed.

Featured are the open display with plain prices on all items, and a complete departmentizing of the store, grouping related merchandise together. It has been found that such methods have a particular appeal to the woman shopper and in the Plainview store, it will readily be seen that there are more departments for the woman buyer than for men.

The Plainview Hardware Co. is a co-partnership owned by J. H.

Neufeld, B. B. Kent and Sam Hergert. Mr. Kent is general manager and Mr. Hergert is sales manager. Mr. Neufeld is not active in the business except in an advisory capacity.

Other employees are Charley Kent, Clarence Neufeld, Lake Patton, Jake Sodowsky, R. T. Bowen and Mrs. Joy Hergert.

The Plainview Hardware & Furniture Co. was founded at Plainview, Oklahoma in Beaver county in 1910 by Mr. Neufeld and J. L. Just. Plainview, long since an abandoned village, was located near the Bethany school. Sam Hergert joined the firm as an employee on January 1, 1911. In 1912, the store was moved to Gray, Okla. where the following year, B. B. Kent became a partner.

In 1919 when Perryton was founded, they erected the fifty foot

Santa Claus Parade In Perryton Thursday, Dec. 5

Country Blast Accompanied Heavy Panhandle Rain

More Than Two Feet of Rain Is Expected Here

Forecasters are predicting a heavy rain storm for Thursday, December 5, with more than two feet of rain expected in the Perryton area. The rain is expected to begin in the early morning hours and continue through the day. The heavy rain is expected to cause some flooding in low-lying areas and to make travel difficult. The rain is also expected to help replenish the dry ground in the area.

No Schick Tests Given at School

The Schick test will not be given at the school, stated Supt. C. Wedgeworth today. Several parents have been inquiring if students, who took the diphtheria serum, would be given the Schick test at school. Parents, wishing to know if the diphtheria serum was effective, will have to take child to the doctor. A small charge will be made for this service.

Fisher Is New Pastor at Methodist

Rev. and Mrs. W. E. Fisher have accepted the pastorate of the Perryton Methodist Church, and took over their duties here last Friday, coming from the church at Paducah, Ky. Rev. Fisher filled the pulpit Sunday morning and used as his subject, "The Great Thanksgiving Psalm."

For next Sunday, December 1, Rev. Fisher announces that his morning subject will be "The Call of the Conference Year," which will be followed by the sacrament of Lord's Supper. His Sunday evening subject is, "First Christmas Anthem."

About three years ago, Rev. Fisher held a two weeks meeting here, and met many Perryton people then. And in the early days of the city his brother, Albert C. Follett Golden Gloves Tourney Dec. 12-14

The second annual Follett Golden Gloves Tournament will be held in Follett on December 12-13-14, so announces Athletic Director Milam of the Follett High School. The 1939 tournament was very successful and with 203 entries already received, the 1940 show is an assured success. Awards to the winners include 20 white jockey satin monogrammed robes, trophies to first and second place winning teams and twelve 5-day all-expense trips to the state tournament at Fort Worth. For the winners that qualify in the Fort Worth tournament, all-expense trips to the bi-national show at Chicago and the national tourney at New York, are possibilities.

The tournament will be held in the Follett school gymnasium where 3,000 seats are available. General admission will be 50c. Reservations for reserved and ringside seats can be made by writing Jack Schultz at Follett.

Mrs. Claud Shearer and son, Otis Claud III of Booker were Wednesday visitors in the home of Mr. and Mrs. Otis Shearer. They were enroute to Glen Rose, where she will attend a family reunion in the home of her brother.

Ross Rizley Accepts Invitation to Make Address at C. of C. Banquet

Ross Rizley, prominent Guyton, Oklahoma attorney and former Oklahoma state senator and congressman elect for the 8th Oklahoma district, has accepted an invitation to be the principal speaker at the annual membership banquet of the Perryton Chamber of Commerce on the evening of Friday, December 13.

Congressman Rizley, when the new Congress convenes shortly after the first of the year, will fall heir to the seat now occupied by Congressman Phil Ferguson of Woodward. The 8th Oklahoma Congressional district takes in the Oklahoma Panhandle and extends to the east including Enid and Ponca City. Ross Rizley is a native son of the Oklahoma Panhandle, born on Clear Creek south of Beaver. After getting his law degree, he entered law practice at Beaver. He later moved to Guyton where he has resided for many years. He also maintains an office in Oklahoma City. Congressman Rizley was the Republican nominee for governor of Oklahoma two years ago.

Complete details of the annual banquet will be announced following the Monday meeting of the Chamber of Commerce directors. Committee of place, program, invitations, and ticket sale will be named.

Bands, Floats, Funny Clowns, Toyland and Mother Goose Characters in Big Parade

Santa Claus will be in Perryton without fail on Thursday, December 5, was the word that came in today from that jolly old gentleman's headquarters far up in the snowy Northlands. He sends word that his gigantic parade of over sixty units with at least nine high stepping school bands will step off promptly at 1:30 o'clock Thursday afternoon.

Store Manager

B. B. Kent, general manager of the Plainview Hardware Co., announces the formal opening of their new open display store for Thursday, Dec. 5. Mr. Kent has been general manager of this business for 28 years. He has been a citizen of Perryton since 1919 when the town was founded. A willing civic worker, much of the credit for the building of Perryton goes to him. As a member of the Perryton school board for many years he led in the building of this school from nothing to the outstanding educational institution it is today. He has been honored by his fellow merchants by a term as president of the Panhandle Hardware & Implement Dealers Association.

Local ITIO Oil Test Abandoned

The deep well oil test by the Indian Territory Illuminating Oil Company on the C. O. Laughlin land, section 2, block 2, WC survey, nine miles northeast of Spearman on the Hansford-Ochiltree county line has been abandoned and plugged at 3,249 feet and was reported as a "duster" here Wednesday.

The Pain Drilling Company of Oklahoma City, Okla., has moved all equipment from the site.

Another test on a 50,000 acre block in Hansford county may be made, it is thought.

Draft Board Sends 80 Questionnaires

Mrs. Scott Amend, clerk to the County Draft Board announced Wednesday that 80 questionnaires had been sent to registrants under the Selective Service Act and that 77 had already been classified. Additional information was needed on three.

It was pointed out that of the first 77 classified, 21 were placed in Class One as being available for immediate service. With Ochiltree County's quota on the first call only one man and with this county having credit for seven volunteers, it seemed unlikely that anyone would be actually drafted until possibly at a much later date.

The local board has been advised that 15 men qualifying for Class One at any one time would be sufficient for an advance call and that in view of so many possible changes in classification over a period of time it would be impractical to classify all registrants at this early date.

You can always criticise the other fellow for doing things which you can excuse yourself for doing.

In the big parade will be old Santa himself riding in his new red cutter pulled by Santa's own ponies, Miss Mary Christmas in her new gold cutter, the Chinese girl in her Jinricksha, the Three Wise Men with their live camel, the Wizard of Oz float, the Fairy Princess float, Peter-Peter Pumpkin float, the Eskimos and their polar bear float, God Bless America float, Happy New Year float, electric Christmas chimes float, and dozens of toyland characters and funny clowns and many wonders from all over the world.

At the urgent request of Santa Claus, Glenn Truax, director of the music department of the Perryton schools, gladly consented to serve as parade marshal and director of the massed band. In the line of march will be bands from Booker, Follett, Spearman, Gruver, Liberal, Beaver, Camelsden, and the Perryton band and the Perryton drum and bugle corps. The combined musical organizations, 500 in all, will give a massed concert. E. D. Kelley is assisting Mr. Truax. The band members will be fed at the high school cafeteria at the noon hour.

Other committees who are assisting Santa Claus with the plans for the big parade are as follows: shelter for parade animals and floats, P. E. Gidley, chairman; parade personnel, C. Wedgeworth, chairman; parade cars, Irvin R. Buchanan, chairman; feeding band members, Harry Gayler and Van W. Stewart. All schools in this area are closing for the parade and arrangements have been made for bringing the school children to Perryton in a body. If weather conditions are favorable, one of the largest crowds ever to assemble in Perryton is expected on December 5.

The committee in charge of street decorations and Christmas lighting with H. C. Sanford as chairman has the streets in the downtown business district in holiday attire. Small Christmas trees in the flag holders on evergreens, entwined street lighting standards, heavy festoons of spruce roping with wreaths and large brilliant Christmas red bells across the streets, myriads of strings of multi-colored lights, with beautiful large Christmas trees gaily decorated and lighted at street intersections give Perryton a real Yuletide atmosphere.

Safety Patrols At School

As an additional safety measure at the Perryton schools, Safety Patrols were organized in Junior and Senior high school and the elementary grades. The Senior high school Patrol will have charge of safety measure in front of all buildings.

The Junior patrol is in charge of policing and patrolling the loading and unloading zones of the buses. The elementary school patrol, composed of 5th grade boys, will be responsible for hall, corridors and entrances and exits on the gravel driveway.

All patrols will be on duty before and after school and at the noon hour. The Senior patrol will direct the traffic in front of the buildings. All persons are urged to respect the Patrols.

Rotary Governor Here on Friday

The Perryton Rotary Club will be honored by a visit from the District Governor of the 127th District, Rotary International, Judge Frank S. Roberts of Breckenridge, on tomorrow noon (Friday), November 29, at the Hotel Perryton. This will be Governor Roberts' official visit to the Perryton club.

With Perryton observing Thanksgiving, November 28, no meeting was held. The Friday luncheon is the regular meeting for this week. Preceding the luncheon Friday morning at 10:30, Judge Roberts will confer with Walter B. LaMaster, president, Dean McCutcheon, secretary, and the other directors of the Club.

Plainview Opens New Store Dec. 5

Is Sales Manager

Sam Hergert, sales manager and a co-partner with B. B. Kent and J. H. Neufeld in the ownership of the Plainview Hardware Co., has been with the company since January 1, 1911. When a young man of 19 years, he went to work for the old Plainview Hardware & Furniture Co., then located at Plainview, Oklahoma, one mile west of the Bethany school. He moved to Gray, Okla. with the business in 1912 and in 1919 when the firm located in Perryton, purchased an interest in the business. Mr. Hergert is very active in the operation of the extensive operations of the Plainview Hardware Co. and in addition finds much time to devote to civic affairs. He is at present a member of the Perryton city council and secretary of the Perryton Lions Club.

Texas has nearly one-fourth of the total oil and gas pipe line mileage in the United States.

Open Display Wall Cases

The above sections of the modernistic wall case installations in the new Plainview Hardware Co. store are typical of the entire store and show how easy it is to shop in this beautifully appointed and conveniently arranged retail outlet.

All wall cases, fixtures and display tables are finished in two-tone light and dark oak. The background is of natural grained fir. Colors of the background vary in the different sections or departments. Major household appliances such as washers, stoves, refrigerators, ironers, etc., will be displayed in front of Flemish green panels. On the women's side of the store, pastel blue shades are used as a background for the displays of kitchen wares. The giftware section has an ivory background. All wall case sections have indirect lighting fixtures.

As throughout every department in the store, all merchandise in the wall case sections will be in plain sight and price marked so that they are easily read. Shopping will be a pleasure in this store, you can just browse around and wait on yourself.

A new bulletin on preparing hot school lunches from surplus agricultural commodities is soon to be released by the Bureau of Home Economics, U. S. Department of Agriculture.

The calm person who has poise, good judgement, and common sense makes a much better impression than the one who hurries, fidgets, and permits his body to run away with his mind.

Deer are ruminants and chew their cud the same as a cow.

A joke is not a joke if it has a sting.

Is Part Owner

J. H. Neufeld, who with B. B. Kent and Sam Hergert owns the Plainview Hardware Co., was one of the founders of the business. In 1910, Mr. Neufeld in partnership with J. L. Just started the business at the now extinct place of Plainview, Oklahoma, the site of the abandoned village being one mile west of the Bethany school. Mr. Neufeld remains active in the advisory management of the business but does not take an active part in its operation. Since becoming a citizen of Perryton on the town's birth on August 22, 1919, Mr. Neufeld has played an important role in the development of Perryton from nothing to the busy little city it is today. He is at the present time a member of the Perryton school board.

Plainview Offers Many Lawn Tools

Beautifications of lawns and yards is made easy with the use of tools stocked by the Plainview Hardware Company.

From the latest word in lawn mowers to the simplest standard garden tool, Plainview Hardware has all lawn equipment necessary for making lawn and yard maintenance easier and more satisfactory.

Other cutting tools offered by the Plainview Hardware Company are shears for trimming grass, pruners, hedge shears, flower and trimming shears, a variety of pruning shears, and scythes.

Virtually every type of sprinkler, from stationary sprays to revolving models, are kept in stock. Hose nozzles and hose repairs are available. The Plainview also has a good quality garden hose. These items, and many more, may be found at the Plainview Hardware Company.

A minute for safety is better than a month for repairs.

COLOR PRINTING

WHEN our experience suggests the use of colored paper, colored ink or a combination of the two for the job you submit, as an aid toward increasing possible returns, we tell you so. If white paper and black ink are best, we suggest them.

Stewart Printing Co.

Plainview Adds Electric Line

A new department of lighting fixtures, appliances and supplies for every electrical need has been added by the Plainview Hardware Co. in their new store.

The very latest and most modern electric lighting fixtures are now available to Perryton shoppers without delays in ordering. A complete department with every possible electrical appliance for home and office use has been installed. Supplies for every kind of wiring or repair will be found in the electrical goods department.

Check up now, for fear you haven't canned enough vegetables and fruits for winter consumption.

Complete Line Of Utensils

The Plainview Hardware Company has such a complete line of cooking utensils there isn't any reason for a housewife to get in a stew over a stew pan. Every conceivable size, design and type known to the expert kitchenware manufacturer is parked on the shelves of the new store waiting to be tucked into your pantry.

One of the featured utensils is of aluminum. But aluminum is not the only kind of cooking pot or pan handled — enameled ware is also very popular with the cooks. Articles included are covered sauce pans, stew pans, triplicate sauce cookers, covered kettles, end-

Storage Space Is Great Timesaver

Adequate and well-arranged storage space is the greatest timesaver a housewife can have. Plan for more shelves, more cabinet space, or at least rearrange and use to better advantage the space you already have.

Most drawers, except those for tea towels and linens, are too deep. Sliding trays which slide from back to front or side to side not only add storage space but help to keep drawers more orderly. Racks on the wall are useful for the storage of lids near the stove. A knife rack made of leather or metal helps preserve the cutting edge and the knife is always convenient.

Every kitchen should have a storage place for newspapers and wrapping paper. Use this paper on the table when shucking corn, peeling tomatoes or arranging flowers. After the task is done the paper can be gathered up, burned, or put into the garbage can, leaving the table clean and no extra pan to wash.—Lillian L. Keller in The Progressive Farmer.

Texas consumed 1,340,893,000 (billion) gallons of gasoline in 1939.

An average of 18½ new oil wells per day were completed in Texas last year.

New "Super-Performance" Floor Furnace FLOODS Your Home With Warm Air!

—Our New Coleman Gives Us Fuel Bills Lower Than We Ever Dreamed Possible!

It's easy to get this new, low cost automatic gas heat—with complete warm air circulation—at a price that saves you real money. The famous Coleman SUPER-PERFORMANCE Floor Furnace costs you about one-third less, installed, than the average basement-type furnace!

It sits under the floor out of sight, yet floods your home with huge volumes of warm air, circulating all over the house!

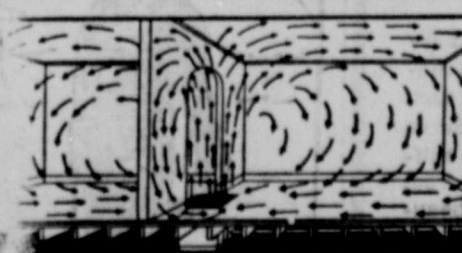

EVEN HEAT From Ceiling To Floor!

The powerful force of this highly efficient Coleman furnace pulls cool air off the floor—puts real comfort in the living zone where you need it most! This is the kind of circulating warm air that health authorities recommend.

Clean, Silent, Automatic Gas Heat!

This clean, silent heat saves hours of housework—helps keep your home clean and attractive all winter long! No fires to build! No fuel to carry! It's automatic, with complete thermostat control. Don't wait any longer! See how easily you, too, can enjoy this low cost automatic gas heat in your home today! Ask us for complete details.

GIVES YOU MULTIPLE-ROOM CIRCULATION 3 TO 5 TIMES AN HOUR!

See how completely the Coleman Floor Furnace circulates warm air throughout your home—from floor to ceiling. Turns the floor area into a comfortable play zone for the children—helps prevent colds and winter illness. This is the kind of winter heat recommended by health authorities.

PLAINVIEW HARDWARE CO. New Store

Because of our many years of pleasant dealings with Plainview Hardware Company, we take pleasure in using this means of congratulating them on the opening of their fine new store.

When you visit their store, we hope you will take the time to see the fine new Perfection oil ranges and Superflex oil burning heaters.

Perfection Stove Co.

CLEVELAND, OHIO

Hardware Has Top Place at New Store

Hardware is the first love of the Plainview Hardware Co., which is opening its new store here on December 5. They have a complete line of tools.

Naturally hardware holds an important place in the Company's vast supply of merchandise. Hardware is stocked for mechanics and skilled craftsmen who demand the best quality obtainable.

The Plainview Hardware also carries another line for the man who occasionally uses tools, a type of tool with a lower price range than that for the professional tool user. In the Plainview's collection will be found such articles as wood and metal chisels, screw drivers, punches, pliers, pinches, planes, emery wheels and stones, files and rasps, squares, drills, bits, saws (wood and butchers), soldering equipment, hammers, hatchets, clamps, trowels, etc.

For household hardware the Plainview offers padlocks, springs, hinges, latches, pulleys, rollers, bolts, paper files, house numbers, door knobs, sash cords, and everything the modern home demands.

Many Changes In New Oil Range

Among the many articles of modern improved merchandise on display at Plainview Hardware Company's new store, none shows more marked improvement in appearance and performance than the Perfection oil ranges.

Included among these oil ranges are several models with the burners and fuel reservoir completely enclosed in white porcelain enameled cabinet.

A special convenience feature of the "Table-Top" type of Perfection oil range is oven burners mounted on a slide that can be drawn out in front of the range for convenience in lighting and cleaning. These burners and the one-gallon fuel reservoir that serves them, can also be lifted out and used, with a folding stove frame, available at small additional cost, as a separate two-burner stove, without interrupting the operation of the cooking top burners.

B. B. Kent, manager is enthusiastic also over a new development—Perfection oil ranges with connections for an outdoor fuel tank, thus making continuous supply of oil available and making it unnecessary for the housewife to handle oil.

Prairie dogs destroy grass and eat roots, starve cows, and cause loss.

Plainview Hardware Offers Convenient Departmentalized Shopping

Customers of the New Plainview Hardware Co. store will quickly realize the added convenience of the modern streamlined departments throughout the store. All related merchandise will be found grouped in attractive displays with plain prices on every item.

Floor Salesman

Charley A. Kent is rounding out ten years in active service with the Plainview Hardware Co. Charley, after graduating from the Perryton High School, attended college at Canyon and Wichita before entering the Plainview organization. He is manager of the floor sales in the hardware department.

Is Accountant

Clarence H. Neufeld is head of the accounting department for the Plainview Hardware Co. Clarence is a graduate of the Perryton High School and has been with the Plainview for the past 11 years. He was born at Balco, Oklahoma and came to Perryton with his parents when the town was founded in 1919.

Electrolux Most Popular Refrigerator

Because it is a refrigerator which requires no outside power, but can be operated either on a manufactured gas or kerosene, Electrolux has become the most popular refrigerator in rural homes in this territory.

Conceived as a refrigerator to be operated on natural gas, the Electrolux at once became adaptable to use of butane gas and kerosene. The freeing unit in Servel Electrolux works off of a tiny flame. There are no moving parts. The flame merely goes up or down, due to thermostatic control, according to needs of the box.

In absence of natural gas connection, Electrolux has models equipped with kerosene burners which do just as effective a job as natural gas. The storage tank is ample for keeping the box cold for more than a week in the driest and hottest weather.

Butane gas, increasingly popular in the farm home, is also readily used by the Electrolux. Because it does such an effective job in maintenance of even temperatures, Plainview Hardware Co. keeps a butane gas filling station for the benefit of customers.

Butane gas, under pressure, is delivered as a liquid into storage tanks. Taken out of these tanks in reduced pressure, it at once is transformed into a gaseous state, being usable in the same manner as natural gas.

Because of this utility, farm and ranch homes have found it ideal for their Electrolux refrigerators. The Plainview Hardware Company has worked to make this area Electrolux and butane gas conscious.

Texas has more than 5,000 common schools and more than 1,100 independent school districts. Much of the revenue for the support of the school system is derived from the great oil resources of the State.

The offspring from a single overwintering codling moth will destroy 43 apples.

Some folks worry so much about getting ready for that rainy day that they can't enjoy the sunny ones.

The Great American Home

"You see, sir, I never wore a hat in the coldest weather back home."

Warehouseman

Lake Patton, warehouseman for the Plainview Hardware Co. has been with the organization for 13 years. Mr. Patton, in addition to his warehouse duties, also does much of the outside service work including installation of furnaces, air conditioners and butane gas systems.

Canning Equipment At Plainview Hardware

Thrifty farm families in this area will find supplies necessary for the well rounded canning program in the supply of stock at the Plainview Hardware Company, who is formally opening its new store December 5.

Pressure cookers, used in the first step of canning, are carried in various sizes by the company. To finish the job, the Plainview offers can sealers, giving the farmer equipment for laying in a bountiful store of good canned materials for that "rainy day."

Modern Bathroom is Fully Equipped

One of the outstanding features of the new Plainview Hardware Co. store is the modern bathroom completely equipped with the very latest type of bathroom equipment. The color scheme of the bathroom is cream and white.

A much larger and more complete line of plumbing fixtures and supplies is now being carried by the Plainview.

Field Salesman

Raymond T. Bowen, life long resident of this section of the Panhandle, has been with the Plainview Hardware Co. for a number of years as field salesman for household appliances, stoves, washing machines, furnaces, etc. Mr. Bowen, through his wide acquaintance among farmers and ranchers of this area, has an excellent selling record.

Phone 67 when company comes!

Approved GIFT SUGGESTIONS

From Every
One In Your Family

GIVE YOUR FAMILY A NEW "CHEVROLET"

THE IDEAL GIFT

Make every member of the family happy on Christmas morning by letting us drive a new 1941 CHEVROLET up to your door. There's genuine happiness for not only the holiday season but for months and years to come in the giving of a 1941 CHEVROLET.

GIFTS FOR THE CAR!

If you like to surprise the family, why not try giving them something for the car this Christmas?

Christmas is just a few short days off, in fact it's less than a month. There are a number of gifts to be seen in our displays that will help you decide "What to Give the Family for Christmas." This year, make it a little different . . . "Give Them Something for the Car" and watch their pleasure.

"SAFETY FIRST"

There are a number of our accessories that when equipped on your car will add greatly to the safety of winter driving. If you have a genuine CHEVROLET HEATER and DEFROSTER you have safety against bad cold and stormy weather.

FOG LAMPS not only serve you in dust and fogs but are very good auxiliary lights should something happen to your headlights.

An OVERFLOW TANK conserves your anti-freeze when your radiator boils over on wet, heavy roads. The loss of anti-freeze going down the overflow pipe is much greater waste than you ever thought.

An AUTOMATIC WINDSHIELD WASHER can be installed on your CHEVROLET for only \$3.85. With this you can wash your windshield any time and anywhere. This is indeed a "Safety First" item.

A BACK UP LAMP installed on the rear bumper, with a separate switch, will save you many dented fenders from backing up in the dark.

WHAT can be of greater satisfaction than knowing you have a good, strong, dependable BATTERY in your car on cold winter days? Come in and see our plan on batteries.

THERE is not anything you could give the family that would "beat" them more than a RADIO for the car. We have RADIOS ranging in price from \$24.95. We also have the only SHORT WAVE RADIO available for cars that sells for \$44.50 installed with antenna. We invite you to see the only car RADIO that will pick up London, Berlin and other foreign as well as American stations.

NEW 1941 CHEVROLET

Eye It..Try It..And You'll Say It's
"FIRST BECAUSE IT'S FINEST!"

- ★ THRILLING NEW BIGNESS
IN ALL MAJOR DIMENSIONS
- ★ DASHING NEW "ARISTOSTYLE" DESIGN
WITH CONCEALED SAFETY-STEPS AT EACH DOOR
- ★ DE LUXE KNEE-ACTION ON ALL MODELS
WITH BALANCED SPRINGING FRONT AND REAR AND IMPROVED SHOCKPROOF STEERING
- ★ ORIGINAL VACUUM-POWER SHIFT AT NO EXTRA COST
BUILT AS ONLY CHEVROLET BUILDS IT

It's a SIZE sensation . . . a STYLE sensation . . . a DRIVE and RIDE sensation ☆ Bigger in all major dimensions both inside and out . . . with 3" longer wheelbase and 3-couple roominess in all sedan models ☆ With dashing new "Aristostyle" design and longer, larger, more luxurious Fisher Bodies that set the new style for the new year ☆ With a mighty 90-h.p. Valve-in-Head "Victory" Engine that lifts performance and lowers costs ☆ It's the new low-price leader by the builder of leaders . . . CHEVROLET . . . holder of first place in motor car sales for 9 out of the last 10 years!

- ★ NEW LONGER WHEELBASE
 - ★ LONGER, LARGER, WIDER FISHER BODIES WITH NO DRAFT VENTILATION
 - ★ 90-H.P. VALVE-IN-HEAD "VICTORY" ENGINE
 - ★ SAFE-T-SPECIAL HYDRAULIC BRAKES
- Plus many more outstanding comfort, safety and convenience features.

Again CHEVROLET'S the LEADER

EYE IT..TRY IT..BUY IT!

YOU COULDN'T GIVE A FINER GIFT . . . THAN A GUARANTEED USED CAR!

You don't have to buy a new car to bring happiness and joy on Christmas morn. Mother, sister, grandmother and brother will be just about the happiest people in the world if you'd give the family a guaranteed, late model car. Think back now of all the fun you've had in the car you have now . . . look forward to the added joy of a newer, safer and more luxurious car. Why don't you stop in the next time you go by . . . let us prove to you how little it will cost you to get another car.

Looking to Christmas

There may be some in America who are wondering whether this Christmas should be celebrated with the usual fervor and gladness. Their thought, of course, is that with much of the world on fire, perhaps rejoicing on a wide scale is somewhat out of place.

We beg to differ with them. Our hearts may go out in compassion and sorrow to all those in the war-stricken countries. But here in America, at least, we have peace on earth and good will toward men. We cherish that peace. We want to preserve it. We would like to help other people to have its blessings.

Failing that this year, we can, at least, spread out good will toward mankind as far as possible here in the United States. There are plenty of people to whom all of us can give just a bit of Christmas cheer. There are the lonely and off-forgotten old. There are the children of dire poverty to whom "joyous Noel" may seem a mockery unless we do something about it.

If all of us highly resolve to share our Christmas with those who otherwise would lack, we will have done something toward making real the teaching of the divine being whose birthday Christmas commemorates. We will once more have remembered that it is more blessed to give than to receive.

And that is, after all, the true spirit and the real teaching of the high holy day.

O. E. S. Will Meet
Wednesday, Dec. 3

The O. E. S. Ladies will hold their first meeting of the coming month on December 3, according to announcement made Tuesday. The meeting will be held in the Masonic Hall starting promptly at 7:30 o'clock.

Miss Martha Delon Kirk, who works in the Perryton Hospital, went to her home in Spearman Wednesday to spend Thanksgiving. Her mother, Mrs. Delon Kirk and Mrs. Bill Miller came for her.

A NEW BEAUTY

The Streamlined
McCormick-Deering
Cream Separator

It's easy to look at and easy to clean. It's a beauty, this new streamlined McCormick-Deering Cream Separator! Styled for today and tomorrow. Practical, efficient, clean-skimming. Come in and see it today. It's worth a trip to town!

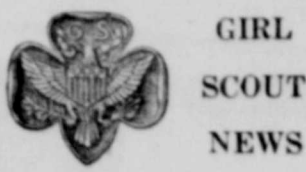

PERRYTON EQUIPMENT CO.

First Draftees Go Marching Off to Camp

With the Stars and Stripes leading the way, the first contingent of midwest draftees march from the reception center at Ft. Sheridan, Ill., for an assignment to army units. It was a hungry group that lined up in mess shack, inset, soon after for first taste of army food.

GIRL
SCOUT
NEWS

The Perryton Girl Scouts gathered Tuesday afternoon, four o'clock, in the American Legion Home for the monthly social and get-together. Joan Boston, Betty Jo Snyder, Audrey Lee Stump, Emma Lee Weldon, Joyce Lance, Billie Fay Bell, O'Neil Wilson, Dorothy Jean Crisp, Mrs. K. H. Crisp, Mrs. J. C. Snyder, and Mrs. W. M. Boston acted as hostesses and served salad, wafers and hot chocolate.

The program entertainment program was song, "Thanksgiving," by Scouts; song, "Little Curly Hair in the High Chair," Betty Jo Snyder; reading, "The Tragedy of an Apple," Joan Boston; piano duet, "Military March," Audrey Lee Stump and Emma Lee Weldon. A review of all scout laws followed.

Others present for the afternoon were JoLayne Allen, Betty Sue Morgan, Betty Lu Buchanan, Colleen Epp, Alvina Records, Shannon Daniels, Imogene Harrison, Betty Jean Jacobs, Norma Hibbs, Kathleen Lee, Jeannine Trux, Earlene Ragan, Ruby Ann Patton, Tommie Jean Weldon, Viola Boren, Sophia Addington, Virginia Caldwell, Patsy Barow, Lucile Bateman, Helen Marie Hudson, Mary K. Evans, Joan Kutch, Mary Lou Rupperecht, Betty Jean Quick, Patsy Ruth Patton, Mesdames Alvin Koehn, Harry Barlow, George Rupperecht, Claud Allen, W. H. Lance and Miss Edith Newman.

Notary Public Law
Amended This Year

The passage of a Constitutional Amendment in November altered the Texas Notary Public Law. Appointments of Notaries Public are now made by the Secretary of State. Under the old law the Governor appointed all Notaries with the advice and consent of the Senate.

Applications for appointment as a Notary Public in Ochiltree County should be filed with Irvin R. Buchanan, county clerk. Notaries file their bond and take their oath of office before the County Clerk.

Appointments made before June 1, 1941, will expire on that date. All appointments made on June 1, 1941, or thereafter, will expire on June 1, 1943. There has been no further change in the existing law other than requiring the applicant to be 21 years of age and a resident of the county.

Hospital Notes

Sam Handly is convalescing nicely following an appendicitis operation and will probably be able to return home in a few days.

M. M. Cudd, who has been in the hospital a week receiving treatment for heart complications, is improving.

Mrs. J. A. Sturdivan, Gray, Okla., underwent a major operation Saturday. Her condition is satisfactory.

Mrs. Roy Sargent left the hospital for her home in the Gray community Tuesday. She received treatment for a hand infection.

A. C. Emberson was dismissed Tuesday after a five day stay for medical observation.

Mrs. Hines Selby and Ray left for Manhattan, Kansas, Wednesday afternoon for a short visit with her brother, John Leer.

J. M. Harris, Amarillo, district maintenance engineer for the State Highway Department, was looking after official business in Perryton and this area Tuesday.

Mr. and Mrs. Freeman L. Garrett visited Wednesday in Beaver with Mr. and Mrs. Oris Bruner and family. Other guests for the day were Mr. and Mrs. George Swingle, Centralia, Ill. Mrs. Swingle is a sister of Mrs. Bruner and Mr. Garrett. The Swingles, former residents of Perryton, will spend today at Cherokee, Okla., with Mr. Swingle's parents.

East Texas has the largest deposit of undeveloped iron ore in the United States, stretching across eleven counties, from Angelina to Bowie. A movement is now on to develop this iron as a war emergency.

Individual Texas oil operators drilled 70 per cent of all the oil wells drilled in Texas last year. Large companies drilled 30 per cent.

An egotistical person is one who wants you to believe what he says while he discounts what you say.

Success cannot be bought.

Hackberry Trees
Stand Storm Best

The trees of the Panhandle suffered the greatest damage during Sunday's ice storm. An article appearing in Tuesday's Amarillo News states that the hackberry trees stood the storm best there. The following, taken from the article, is of interest:

"The hackberry trees can take it! 'Of all the varieties of trees common to this area, perhaps the least damaged by Sunday's ice storm were the hackberries, one of the few varieties that are really Panhandle natives.'

"A survey of the city late Monday revealed that, while hackberry trees suffered some damage, they apparently stood the iceberg better than most any other type. Among the trees examined were trees that are from 25 to 40 years old and others less than five years old.

"A large hackberry standing on the parking lot on Eleventh Avenue, between Jackson and Monroe streets, immediately north of Ellwood Park, lost two minor limbs. Another of similar age, size and shape, located on the parking on Fifth Avenue and Madison street, has a couple of major breaks in the top of the tree. "A large hackberry on the lawn at the J. L. Bivins home, 1300 Madison street, suffered damage that can be doctored and will hardly be noticeable later.

"Two hackberries have graced the lawn of a home at Eleventh Avenue and Van Buren for many years. One of them came through the storm virtually unscathed and the other took a severe beating, the latter being as badly damaged as most other trees of its size in the city.

"A large hackberry at 1800 Lincoln withstood the ice and needs very little if any attention from the tree surgeon.

"While practically every tree in Llano Cemetery was damaged in greater or lesser degree, the only hackberry on the 200 acre plot, a tree of some six or seven years old, didn't lose as much as one twig. It was bent so low by the weight of the ice that guy wires or props will have to be used to return it to its original position, but it did not suffer a single break.

"So, all in all, it appears that the native hackberry tree is the one that can take the punishment of the elements and stand up under it."

Henry Richardson and Miles Edwards left Wednesday for Austin to attend the Texas and A. M. football game today. They will go to Dallas for the Saturday game between T. C. U. and S. M. U. and then to Waco to attend Maonic Grand Lodge all next week.

Mr. and Mrs. C. E. Woods drove to Garden City, Kans. Sunday to meet their daughter-in-law, Mrs. Jerome Woods and son, Jerome of Montrose, Colo., who will visit here two weeks. Myrtle Mae Conley accompanied them to Liberal and stayed until Tuesday with her sister, Mrs. C. W. Claybaugh.

Office Supplies at Herald office!

Ex-Students
To Banquet

Plans are rapidly being completed by the West Texas State College Ex-Student Association for a banquet and general rally featuring Dr. and Mrs. J. A. Hill, president of WTSC, here Friday evening, December 12. The banquet will be held at 7:00 o'clock in the Hotel Perryton. Out of town students are invited.

A special invitation is extended to those ex-students who have not joined the organization to do so at their earliest convenience, according to Miss Virginia Vaughan, president of the club, and Mrs. Orla Burk, secretary. The only qualification needed is to have been at one time or other a student at WTSC. It was pointed out.

Tickets may be secured by ex-students and for those whom they care to invite for 75c each from Miss Frances Finch, Mrs. E. D. Kelley or any official of the organization.

Legion Meets in
Happy on Dec. 3

Tuesday, December 3, the Happy Post of The American Legion and its Auxiliary will entertain the Legionnaires and Auxiliary members of the 18th District. The Happy Post has arranged an interesting program, which will follow the chicken dinner to be served at 7:30. The short business session will be in charge of J. M. Johnson, Canadian, District Commander, and Mrs. Hupp Clark, District President. Judge E. C. Nelson, Amarillo, will give the principal address. W. L. Cotton, Dalhart, District Community Service chairman is also on the program.

Mrs. W. H. Brown, Farmworth, was called to McLean Wednesday to be at the bedside of her father, H. Hendrix, who is critically ill.

Changes in Pay
To CCC Enrollees

Changes have been announced regarding the pay of all members of the CCC. Beginning January 1 the amount sent home monthly will be reduced from \$22 to \$15. The \$7 will be placed aside for the boy, to be given him upon discharge, and his will be paid to him in cash at camp, as heretofore.

Training is being intensified in building, operations, and repairing bridges, roads and telephone lines so that youths may become competent repair men and fit into the general defense program.

Healthful outdoor work and good food is reflected in the physical improvement of members of the Corps. The average gain in weight is ten pounds within the first two months. With doctors and dentists available in all camps every boy is assured of first class attention.

When serious illness develops the enrollee is sent to one of the Army Hospitals for treatment and care.

Operations may be with the army guards. Afterward, boys to their homes with provisions for everyday life. Personal allowance should not exceed \$22.83 a month. tree County will particulars.

Dr. Purcell, Dr. Throat, will be in the home of Dr. W. Sears.

Mr. and Mrs. G. C. Sease, Kansas, in the home of Dr. W. Sears.

Mr. and Mrs. G. C. Sease, Kansas, in the home of Dr. W. Sears.

Husbands Guests For Dinner Party

The Dorcas class of the Baptist Sunday school entertained their husbands for a chicken dinner at the church, Tuesday evening, seven o'clock.

The invocation was given by Rev. McClung. Mrs. L. L. Lance welcomed the visitors and Mr. Wooten gave the response. A brief history of the class was told by Mrs. Hudson. After the menu, Mesdames Denman, Osterbuer and McGee had charge of a delightful recreation hour.

Those present were Messrs. and Mesdames Stanley D. Key, I. R. Buchanan, J. S. Slaughter, Robert Lawrence, Chester Cooper and Donald, A. K. Wooten, Luther Wade, J. R. Thomas, H. E. Sholwell, S. R. McClung, John Osterbuer, B. B. Lee, Paul Bowen and Billy, L. L. Lance, Tom Evans, H. I. Hudson, R. H. Holland, Tom Denman, F. M. McGee; Mrs. Cora Lawrence, Mrs. Leila Keim, Mrs. Charles McLarty, Mrs. L. T. Tucker and Mrs. J. C. Ebersole.

Shower Courtesy For Mrs. Acker

Mrs. G. W. Acker was complimented with a shower-tea in the home of Mrs. Max W. Boyer, Wednesday afternoon from 3 to 5 o'clock. Mrs. Cecil Dodd and members of the Chi Sigma Phi club, Mrs. Boyer, Miss Beth Richardson, Mrs. Seldon Caradine, Mrs. Cromwell Rogers, Mrs. Henry Richardson, and Mrs. LaRue Norris were the hostesses.

Lovely fall flowers decorated the house. In the dining room, silver and white prevailed. The handsome lace covered table was centered with a quaint replica of the Acker home with the traditional stork ready to descend the chimney. White tapes in silver holders were used at each end of the table. Mrs. Carl Ellis, sister of the honoree, and Miss Beth Richardson presided at the silver tea and coffee service.

The array of beautiful gifts were displayed in the bedroom where blue and white were the hostesses' chosen colors. Tiny shoes or cradles were given each guest with her refreshment plate.

Mrs. Conner Hostess Farnsworth Bridge

Mrs. L. R. Conner entertained Thursday afternoon in her home in Farnsworth with a lovely bridge party for her club.

Refreshments were served at the play to Mrs. J. W. Feaster, Woodward, Okla., Mrs. E. J. Cope-land, Mrs. O. C. Rogers, Mrs. N. P. Dear, Mrs. John Luthi, Mrs. Dean McLarty, Miss Carolyn Chase and the hostess.

High score award went to Miss Chase and second high to Mrs. Feaster.

Mrs. Koehn Hostess For Thursday Bridge

The Thursday Bridge club met last week in the home of Mrs. A. M. Koehn for their regular afternoon meeting.

After the bridge, in which Mrs. Del Hawkins held the high score and Mrs. Harry Barlow second high, games of bingo were played for the third prize. Delicious refreshments were then served.

Those playing were Mrs. Frank Leatherman, Mrs. Paul Williams, Mrs. Dell Hawkins, Mrs. Ray Bowles, Mrs. Harry Barlow, Mrs. Loren Kaup, Mrs. Bill Edwards and the hostess.

Perryton H. D. Club Party on Tuesday

The Perryton Home Demonstration club will hold their annual Christmas and gift exchange party, Tuesday evening, at 7:30 o'clock in the American Legion hall.

Each member will bring a dish for the covered dish supper which will be served at 7:30 o'clock.

Hergert Family Enjoy Reunion

Mr. and Mrs. Sam Hergert were happy to have all of their children home over the week-end, and on Saturday evening, Mrs. Hergert prepared a delicious turkey dinner.

Plates were laid for Mr. and Mrs. Irvin Hergert of Clarendon, Mr. and Mrs. Ike Kelley of Lipscomb, Mr. and Mrs. Joy Hergert, Vernon Dale Hergert and Miss Earlene Ballard of Amarillo.

Recent Bride Honored at Shower

MRS. JAMES D. LANGFORD

Miss Jackie Enfield and Miss Esther Cudd were the charming hostesses Wednesday afternoon when they entertained with a miscellaneous shower as a courtesy for Mrs. James D. Langford, the former Miss Elaine Shockley.

The affair was held in the Enfield home where autumn leaves in many brilliant colors were used

for decorations. Baskets of fall flowers blended into the color scheme and the refreshment plate which was served each guest carried out the fall idea.

Mrs. Don Shockley presided at the guest book and during the calling hours, two to five o'clock, fifty guests were registered.

Parent Teachers Have Nite Session

The Perryton Parent Teacher Association met Monday evening, 7:30 o'clock, in the school auditorium for the regular November meeting.

A large crowd was present for the program which was arranged as follows: Reading of "Objects of the National Congress" by the audience; flute solo, "Narcissus," Mrs. Kendall Kelly accompanied at the piano by Mrs. Drew Ellis; Thanksgiving, "We Thank Thee Lord," an original poem by Mrs. Glen Truax, which she wrote for the Parent

Teacher Association; reports on the play to Mrs. J. W. Feaster, Teachers convention, Mrs. K. H. Crisp and Mrs. Geo. Parker; talk, "Thanksgiving," George M. Parker.

An announcement was made inviting the public to attend the meeting of the preschool division of the Child Study club which meets Monday afternoon, December 2, 3:00 o'clock, in the home of Mrs. Manse Wood.

Sunday School Class Enjoys Weiner Roast

The third grade division of the Methodist Sunday School were entertained with a weiner roast, in the home of their teacher, Mrs. Glen Shrader, Friday afternoon, November 22.

Those present for the happy affair were Diana Kent, Marianna McGibbon, Jimmie Witt, Beverly Seabridge, Verlin Hartman, Don Rogers, Belva Dull, Zona Mabel Donley, Don Buchner, and Mary Lou, Wetah Jean and Glen Jr. Shrader.

Fountain Wade, who attends Allan Academy, Bryan, will be home to spend the Thanksgiving holidays with home folks.

And for meals every day in the week use meats with that added flavor and tenderness that only age, curing and freezing can give to fresh meats. Rent a locker today! It'll save you money on your meat bill.

Fine Arts Club Met Wednesday

The Fine Arts department of the Sororals club was entertained Wednesday afternoon in the home of Mrs. W. B. Reid with Mrs. R. T. Correll, Mrs. H. A. Finch and Mrs. Frank Dodson assisting Mrs. Reid with the hostess duties.

The program on "American Drama" was a study of Robert Sherwood. Mrs. C. B. Rogers read a paper prepared by Mrs. Virgil Castle on "Robert Sherwood and the Decline of the West." Mrs. I. R. Buchanan gave Sherwood's "Abe Lincoln in Illinois." Mrs. Glenn Truax read a number of her poems.

Others enjoying the afternoon's program and the tasty refreshment plate served by the hostesses were Mesdames Stanley D. Key, Paul Bowen, J. R. Thomas, W. E. Landrum, Geo. M. Parker, Manse Wood, LaRue Norris, W. B. LaMaster, K. K. Thomas and her sister, Mrs. Wilson of Los Angeles, Calif., W. E. McMillen, A. P. Spicer, Jack Allen, R. P. Hurn, D. D. Shanks, C. E. Woods and Jerome Woods of Montrose, Colo.

Turkey Dinner Held In LaMaster Home

Mr. and Mrs. W. B. LaMaster entertained Friday evening, November 22, with a delightful Thanksgiving dinner.

Those present were Mr. and Mrs. Walter LaMaster and Gwen Lee, Mr. and Mrs. Ellis Kelly, Mrs. C. S. Tandy and Henry, Joseph, Phillip and Kenneth LaMaster.

Observes Birthday With Turkey Dinner

Mrs. LaRue Norris entertained with a delicious turkey dinner, in honor of Mr. Norris' birthday anniversary, Thursday evening, November 21, at their home 400 Southwest First street.

Guests present to help the honoree celebrate were Mr. and Mrs. Boyer, Mr. and Mrs. Seldon Caradine, Miss Beth Richardson and Ken Fuchscher.

W. H. Lance and J. N. Conley left Sunday for Waco where they will spend two weeks attending the Grand Lodge meetings of the Council, Royal Arch and Blue Lodge Masons.

The marriage of Miss Kathryn Shearer and Mr. Robert Leon Shrader took place Sunday morning in Pampa with the Rev. Gordon Bayliss, Baptist pastor officiating. Mrs. Shrader, daughter of Mr. and Mrs. Gus Shearer, grew to womanhood in Perryton. For several years she has followed the teaching profession and is now teaching her second year as fifth grade instructor in the Canadian Schools.

The bridegroom, a son of Mr. and Mrs. W. M. Shrader, a widely known farmer-stockman family living southwest of Perryton, is a promising young rancher. He was raised in this community.

Mr. and Mrs. Shrader will be at home at the Shrader ranch when she completes her present school term.

Dies Sees Danger in Fifth Column Net

Asks for Money To Fight Activity

WASHINGTON.—Congressman Martin Dies wants Congress to give his committee investigating subversive elements an appropriation of \$1,000,000 to unmask would-be saboteurs and recommend laws for the fuller protection of the United States.

In his view, this country confronts a fifth column peril unlike anything it ever experienced. Agents of the axis, says Dies, have spread a net for sabotage, espionage, and propaganda work. He traces the threads right into German and Italian embassies.

Potential troublemakers are planted right in national defense industries under the direction of diplomatic and consular agents now immune from American law, Dies asserts. The Federal Bureau of Investigation is helpless because it cannot strike. For instance, it is not against the law for a man of the German-American Bund or some Fascist organization to work in an airplane factory or munitions plant.

Dies thinks Congress should pass laws outlawing organizations such as the Bund, the Communist party, the American Fascist party, and other similar outfits.

GERMAN activity here started as soon as Hitler came to power. Agents have seemingly been planted everywhere. For instance, a girl government clerk in Washington received Nazi propaganda. She reported this to the Department of Justice. Propaganda suddenly stopped coming. Somebody on the inside had tipped off the Nazis.

Much has been written about the German-American Bund, but equally active and less noticed have been the branches of the Kiffhauserbund, which holds meetings in many big cities, and the singing of the Horst

Congressman Martin Dies charges fifth column activity in U. S. is centered in German embassy, Washington, shown at right. He says leaders are Dr. Hans Thomsen, top left, and Gaetano Vecchiotti, bottom left.

Wessel song. Loyal citizens of German lineage have been threatened. This happened to a Texas editor who got an intimidating letter from Baron von Spiegel, German consul general in New Orleans.

Fritz Wiedemann, German consul in San Francisco, has been another active propagandist, as has Dr. Hans Thomsen, charge d'affaires at the German embassy in the capital.

SOME investigators think the Italian Fascists have been even more active than the Nazis. Like the German Gestapo, the

Italian Ova is active here. Like the Gestapo, it seeks to have people of its original nationality do its bidding by threats of what will happen to relatives back in Europe if they fail to obey.

The man in general charge of Italian activities in America is believed to be Gaetano Vecchiotti, Italian consul general in New York City. It is estimated these Italian organizations in America have about 25,000 members divided into some 200 branches. Reports on their activities go directly to Salvatore De Cicco of the ministry of foreign affairs in Rome.

Okla. Patrol Sets Top Speed at 60

If you are driving more than 50 miles an hour at night, you are violating Oklahoma's traffic laws, Abe Block, assistant commissioner of the State Department of Public Safety said after watching driving tests conducted by the Oklahoma Patrol.

Capt. John Reading issued orders to patrolmen to begin arresting motorists driving more than 50 miles an hour at night and more than 60 miles an hour in the daytime after observing the tests.

Many persons believe that the state has no speed limit, the officers said and "burn up the pavement" by day or night.

To offset this belief the Patrol inaugurated a series of tests to determine what might be the limit of safe driving speed at night. State laws require a driver at all times to be able to stop within the "assured clear distance ahead."

"At night this distance is the area which is closely illuminated by a car's headlights," said Mr. Block.

Using a new car on a new road, with trained Patrol drivers, the safety chiefs made careful measurements of stopping time required at various speeds. They found that at 50 miles an hour a car would travel 36 feet between the time the driver apprehended danger and began to apply pressure on his foot brake. By locking the brakes on all four wheels of his car a driver was able to stop in from 175 to 180 feet, or total stopping distance of about 210 feet. Further tests showed that in a speeding car a pedestrian or other dark object in the road could not be seen plainly more than 200 feet.—Texas County News, Guyton, Okla.

Mr. and Mrs. Hugh Shotwell spent from Wednesday until Sunday with relatives in Canyon and Amarillo.

Word was received last week from Dick Nies who is in the United States Navy stationed on the USS Houston, stating that he is convalescing nicely following an appendicitis operation.

If all the 1940 United States wheat crop plus the supply in the Ever-Normal Granary were used for food, it would provide every man, woman and child in the nation with twice as much bread, cereal and other wheat foods as each ate in the entire year of 1939.

London Shelter Their Only Home

These children, bombed out of their homes in the east end of London, wash their clothes in playground of the rest center where they have settled down until permanent homes can be found for them.

FFA Supervised Farming Pays Off To Ochiltree County Farm Youth

Utilizing all the resources at his command and setting out with the definite purpose of making farming a paying proposition and a foundation for a future is Joe Buckhaults, 18-year old Ochiltree County farm youth, shown above at a recent Pat Stock Show. In addition to securing the Green Hand and Future Farmer Degrees in vocational agriculture and receiving the Lone Star Farmer Degree, Area 1, awarded by the Texas Association of Future Farmers of America to less than 2 per cent of the 26,000 Texas youths enrolled in vocational agriculture classes in the public schools, he has been recommended by state FFA officials as an applicant for the American Farmer Degree. A degree that is conferred on one in a thousand farm youths. Although he graduated last spring he is still active in FFA work.

Ample proof of the success of comprehensive planning, continuation, growth and increase in scope of a supervised farm project carried out during his three years of class and farm work are assets totaling over \$3,000 without liabilities with the labor income from projects financing practically all of the expenditures for livestock and equipment that he owns. A total labor income of \$2,217.95 has been realized for the three years spent as a student of vocational agriculture in the Perryton schools from projects.

A U. S. Postal Savings Bond for \$200 left by his father opened the way for the projects on his mother's farm of one section southwest of Perryton.

In a statement concerning the candidacy of Buckhaults for the Lone Star Farmer Degree, awarded at Houston last July, C. H. Williams, agricultural instructor in the Perryton schools and advisor to the youth said, "This boy has a good business head and has invested his money in such a way as to give him a good setup in the farming business of Ochiltree County."

"Livestock has been bought with the idea in mind of establishing him in farming. Therefore, all pig projects have been registered Hampshire hogs. The majority of his cattle are registered milking-shorthorns. Farming equipment is in good condition and has been bought within the last two years."

"Even though his father has been dead ten years, I believe, he has made a wonderful success in farming with the help of his mother, Mrs. Viva Buckhaults."

In becoming the first Ochiltree County youth to receive the Lone Star Farmer Degree Joe Buckhaults presented above the average accomplishments required to conform with the rigid qualifications. In addition to proving ability to make and save from projects several times more than the \$250 minimum in cash income, evidence was to be had of his satisfactory participation in local FFA chapter program including service in three executive offices and as a member of the Poultry and livestock judging team.

In the federation and district program a service record included the following: 2nd vice president of the Pampa District of the FFA for 1939-40, member of judging team that won first place at White Deer in 1939-39; member of judging team competing at Pampa and Claude. He placed with fat pig exhibits at the Amarillo Pat Stock Show in 1939.

A diversified farming program on his mother's farm includes crops planted by acreage as follows: wheat, 383 acres, rented; barley, 122

Santa Fe Sponsors K. C. FFA Winners

Santa Fe Railway sponsored teams from Texas and New Mexico won national honors during the convention of the Future Farmers of America, just closed in Kansas City.

The dairy cattle judging team from the Lubbock, Texas, High School won the National Championship in that class, while the team from Anthony, New Mexico,

1938-39 he lettered as fullback on the football team and in 1939-40 letter as tackle on the Championship RANGER team of Region One, Class A football.

Ochiltree County's first Lone Star Degree farmer at the early age of 18 years has already chosen his life work and has gained much valuable experience that he will need later in life from a planned education in Vocational agriculture.

CCC Enrollees are Given Training

Long ago the CCC ceased being an agency for relief, made up only of boys whose families were receiving some type of assistance. Now the main eligibility qualifications are good character, desire for employment, willingness to learn, and 17 to 23½ years of age.
Those boys with natural aptitudes and interest in mechanics will find plenty of opportunities in CCC camps to learn both the theory and practical sides of gasoline motors under trained instructors. There are over 43,000 units of automotive equipment in the CCC, the largest fleet of motorized equipment in the United States. Over 100,000 expert truck and tractor drivers are turned out each year, and other thousands are trained to do complete overhauling and repair jobs.
Telephone lines construction, building of roads and bridges, radio and signal communications, photography, first aid and many other skills of important defense value are being given attention. Over 5,000 cooks are in training all the time.
Members of the CCC who have no dependents are now allowed to have \$22 of their monthly pay remain on deposit with the Finance Officer, and receive the accumulated amount upon discharge. This provides them with resources to tide them over until employment is found, or allow them to enter some business, or continue their education.
Applications for enrollment in January should be made at once with the County Welfare Worker in your respective county. Ochiltree county applicants should contact Mrs. Ida Garrett, 523 South Main, Perryton.

All Aliens Must Register by Dec. 26

Alien registration will end on December 26 and all non-citizens who have not yet registered are warned that severe penalties will follow failure to comply with this Federal law.
All aliens, 14 years of age and older, must register in person and be fingerprinted.
Alien children, under 14, must be registered by their parents or guardians.
Registration takes place at the post offices.
There is no charge of any kind connected with alien registration.
The Department of Justice warns aliens to beware of racketeers.
The Post Office Department and the Department of Justice will willingly assist the alien in every possible way.

Catholic soldiers are pictured at mass celebrated by a chaplain in trailer church equipped with public address system, altar, pulpit and hymn books. The War Department is providing each division with a trailer church similar to this one.

Leaders at Labor Conventions

Prospects of unity in ranks of labor grew dimmer as two rival organizations met for their conventions. John L. Lewis, upper left, kept promise to resign as president of Congress of Industrial Organizations at Atlantic City gathering, but urged C. I. O. not to accept American Federation of Labor terms for peace parley. At lower left is Philip Murray, who succeeded Lewis. President William Green is pictured addressing A. F. of L. convention at New Orleans.

Earl G. Harrison, Director of Alien Registration of the Department, suggests that those aliens who have not yet registered do so as soon as possible and avoid the Christmas rush at the post offices.
All aliens are also warned that, having registered, they are required to report any change in their permanent residence address within five days to the Immigration and Naturalization Service of the Department of Justice in Washington. Forms for this purpose are obtainable at all post offices.
No alien need be unprepared for the questions he will be asked. Sample registration forms which show him exactly what information he will need at registration are available in all post offices.
Mr. and Mrs. S. N. Henry will spend Thanksgiving holidays with her parents, Mr. and Mrs. W. D. Wilson, Lubbock.

DON'T MISS THE RIDE SENSATION OF THE YEAR!

Get the facts and you'll get the **BIG NEW FORD!**
Have you tried the ride that's the talk of '41? Don't buy any new car till you do try it! It's more by far than an "improved" ride. It's a wholly new Ford ride... a soft, quiet, level ride that took not only increased wheelbase and springbase... but also a dozen vital changes in Ford springs, shock absorbers, frame, stabilizer. It's a ride that tells its own story better than words ever could. Try it today. Come in and meet the biggest Ford car ever built... the roomiest bodies among this year's low-price leaders... the ride that took the world by surprise. Let's talk "trade" now on this really great new Ford!
Graham Motor Company
SEE YOUR FORD DEALER FIRST FOR LOW-COST FINANCING

Marvin Jones Resigns as Congressman

Marvin Jones, Congressman from the 18th District of Texas since 1916, resigned last Friday, and is now Judge of the U. S. Court of Claims. He took his oath of office as Judge on November 20. Jones was offered the judgeship last spring by President Roosevelt and his appointment was approved immediately by the Senate.

Judge Jones will be succeeded in Congress January 3 by Gene Worley of Shamrock, who was nominated in the August Democratic primary and elected in November. The only way the vacancy, caused by Jones' resignation, can be filled before January 3 is by a special election called by the governor. Because of the short time, there is little likelihood of a special election.

When first elected in 1916, Marvin Jones was a young attorney. He took his oath in March 1917. One of his first votes was on the U. S. war declaration against Germany. Jones then obtained leave and joined the army. He was in training in the

MARVIN JONES

bank corps when he was reelected to his second term. The story goes that he was on "kitchen police" duty and was peeling potatoes when he was notified of his reelection. In 1930, when the Democratic party obtained control of the house, Mr. Jones was made chairman of the committee on agriculture. He was author of much of the Roosevelt administration's farm program and was recognized as one of the most powerful men in Congress. He has worked continuously for the good and betterment of his own district.

NO 1 CONTINUED FROM FRONT PAGE

Perryton stores are just jammed with Christmas spirit. Gaily decorated, both inside and out, they are prepared for the biggest Christmas business in the history of the town. Gifts for young and old, practical and useful, frivolous and otherwise, will be found to fill every need and to suit every purse.

Every citizen of Perryton joins with Santa Claus in bidding you and yours welcome to Perryton on Thursday, December 5. Remember the day and the time for the big parade is 1:30 o'clock in the afternoon.

The most serious damage done in this vicinity by the heavy load of ice forming from the rains came when trees of any large proportions snapped and were stripped of limbs. The court house trees and the City Park suffered the most damage.

Electric facilities in Perryton were uninterrupted during the siege with company officials reporting that approximately 140 poles were down between this city and Burger.

All toll lines of the Southwestern Telephone Company out of Perryton were down Sunday, but were rapidly being put in working order with double crews operating from almost every town in this area working continuously linking communication and power lines.

County roads are still in bad condition with as little traffic as possible moving. Traffic was being routed around a mire that serves as a "catch all" after almost every rain where the Perryton-Liberal highway crosses the Oklahoma Panhandle of unpaved road. Scores of transport trucks and cars bogged down on the highway nine miles north of Perryton, with many remaining for as long as 36 hours.

Amarillo was reported to have been the hardest hit by ice damage with more than three inches of freezing rain putting out of commission all communications, power and water service for two days. Water is still restricted in the city and many sections are still without electric power. Mayor Ross Rogers estimated free damage in the city at \$250,000 with a loss of \$100,000 in the two parks.

Other Panhandle towns working their way out of isolation include Dumas, Dalhart, Borger, Spearman, Shinnett, Panhandle and dozens of towns to the westward.

Mrs. C. W. Claybaugh, Liberal, Kans., became suddenly ill last Wednesday night and was taken to the Epworth Hospital where she is still receiving treatment. Her condition, though still serious, is somewhat improved.

Office Supplies at Herald office!

Santa Claus Coming to Perryton

Bands from neighboring cities in Kansas, Oklahoma and Texas will join with the Perryton High School band and the drum and bugle corps in Perryton's gigantic Santa Claus parade on Thursday, December 5. Santa Claus and his 60 parade units of beautiful floats, Toyland and Fairyland characters will participate in the spectacle.

Perryton American Legion Auxiliary Enrolls Large Membership for 1941

The Pierce Johnson Unit of the American Legion Auxiliary has been busy enrolling 1941 members the past month. On Tuesday, Mrs. Hugh Shotwell, membership chairman, Mrs. Dewey R. Allen, president, and Mrs. H. I. Hudson, secretary, reported that 99 members had paid their 1941 dues. Six of this number were junior members.

The Perryton Unit has only one Old Star Mother, Mrs. K. K. Thomas, who has been a member since the Unit first organized. Mrs. Thomas is also the mother of J. R. Thomas, a member of the Perryton Legion Post. The youngest Junior enrolled for 1941 is Miss Donna Cayler, four year old daughter of Mr. and Mrs. Harry Cayler. The Unit has several members at Pollett and Gray, Okla.

Such a large early enrollment indicates that the Unit in 1941 will exceed all former membership records. The Unit had 110 members in 1940.

An invitation is extended to every eligible member of the Auxiliary in this community to attend the meetings of the Unit, and become a member of the organization. Annual dues are \$1.00 for adults, and 50c for junior members. Business meetings are held the first Monday evening of each month, with a pot-luck supper and social the third Monday night of the month.

Junior Members
The Juniors are daughters, or sisters, of Legionnaires, and are under 18 years of age. Juniors who have paid 1941 dues are: Misses Jane Louise Rogers, Mary Newell, Winona Allen, Margaret Jean Orrill, Donna Cayler and Virginia Hogland. Miss Rogers is membership chairman for the Juniors.

1941 Adult Members
To date, 93 mothers, wives and sisters of Legionnaires have paid their 1941 dues in the Perryton Unit. Unless otherwise shown, the address of the member is Perryton. The list of members include:

Mrs. E. W. Hearn, O. O. Cox, Rupert C. Allen, Glenn A. Truax, C. B. Rogers, E. B. Oyger, Blain Carter, C. C. Bull of Amarillo, J. O. Schulte of Pollett, F. L. Garrett, M. A. Boehning, C. E. Presnall of Gray, J. W. Chase, H. I. Hudson, A. W. Henry, Dewey Allen, Amos Schuster, Horace Lackey, W. T. Lackey, E. M. Allen, Emory Castle, B. H. Peckenpaugh, E. M. Padgett of Gray, R. B. Orrill, W. B. Reid, G. L. Kengle, R. B. Ranson of Lipscomb, Lea Keim, Virgil Olmstead, A. P. Spicer, Frank Winn.

Mrs. J. W. Herrell, E. W. Thomas, Walter Daniel, E. E. Barnett, Van W. Stewart, Harry Nail, C. W. Barker, John Luthi, A. N. Dowers, Harold Hawk, H. C. Graham, Maude Stewart of Exochor Springs, Mo., Louise Blankenship of Arlington, J. W. Buckhaults, O. H.

Elect County "Ag" Officers

The Ochiltree County Agricultural Association met at the court house Thursday night, November 21, and elected officers for the coming year with W. M. Deck re-elected as president.

Other officers elected were the following: Audie Conley, vice president; Earl Waide, secretary-treasurer; E. W. Thomas, reporter. Delegates and alternates to attend the annual meeting of the Texas Agricultural Association to be held sometime in January were also selected with Audie Conley, Oscar Flowers and Earl Waide named as delegates. L. R. Conner, Harvey Urban and James Hardy were selected as alternates.

The need for a large membership in the county and state for 1941 in the light of the present critical situation of the farmers and the nation as a whole was pointed out by W. M. Deck.

Deck also stated that the membership dues for the new year would be called for soon. E. W. Thomas, county agent explained the AAA mattress program briefly and urged all present who were eligible to receive a mattress to make application at once and to urge all other eligibles to do likewise.

Mr. and Mrs. George Carley of Topeka, Kansas, returned Saturday to their home after visiting a week in the home of Mrs. Hines Selby and Ray. Mrs. Selby and Ray met them in Liberal, Kans., and returned them to Liberal where they are trained for their home.

Tallman, R. P. Hurn, A. L. Truax, S. L. Brillhart, Ray Skinner, J. R. Thomas, Iva Spangler of Pollett, Otto Fischer of Pollett, Earl Byers of Pollett, A. H. Becker of Pollett, Lester McKee of Pollett, D. O. Murray of Pollett, J. H. Perdue of Gray, W. M. Boston, Herman Hargrove, A. A. Johnson, Ray Veale, Kirt Williams, K. K. Thomas, Bernard Leslie.

Mrs. J. W. Woodworth, Howard Holt, J. O. Young, S. P. Tevis, Harry Cayler, J. L. Black, O. R. Truax, H. T. Cutler, Fred Tarbox, Sibley Jines, A. H. Nichols, Roy Corey, Robert Barlow, Hugh Shotwell, A. L. Carver Sr., Jack Allen, H. B. Urban, A. S. Brillhart, A. R. Hogland, Robert Lawrence Charles Imke of Pollett, Mrs. Pearl Teeter of Pollett, A. C. Cotney of Pollett, Lillia Williams Kemper, F. H. Cox, J. M. Blasigame, and Mames Mildred Hogland and Emily Blasigame of Dallas.

Legion and Auxiliary Business Meet Monday

The Pierce Johnson Post and Unit of the American Legion and Auxiliary will meet Monday night for their regular business session, at the Legion hall, A. R. Hogland, commander, will be in charge of the Post meeting. Mrs. Dewey R. Allen, president, will preside at the Unit's session. The Post and Unit report a combined membership of over 200. Every member, and eligible member, of the two organizations is requested to attend the business session Monday.

CARD OF THANKS

We wish to express our sincere gratitude to the many friends for the kindness and expressions of sympathy shown us during our recent bereavement. The beautiful floral offerings brought much comfort to our hearts. We sincerely thank each one.

Mr. and Mrs. H. N. Elledge and family.

Shanks, Mrs. W. E. Tandy, Miss Annabelle Cox and W. A. Cone.

Buy Xmas Seals And Fight Disease

WASHINGTON, Nov. 26.—In organizing the best possible defense, the American people should make provision to fight tuberculosis, President Roosevelt said today in endorsing the annual Christmas Seal Campaign of the National Tuberculosis Association.

In military preparation, President Roosevelt said tuberculosis, a communicable disease which kills more persons between the ages of 15 and 45 than any other disease, might interfere with mustering the best possible manpower.

"The National Tuberculosis Association and its affiliated state and local organizations can render services of inestimable value to public health officials throughout the country in handling the problem of tuberculosis as it is disclosed from the physical examinations of recruits," said President Roosevelt.

"Therefore, the 34th annual nationwide Christmas Seal Sale of the tuberculosis associations takes on added significance this year. It should receive more than ever before the fullest possible support of all of the people of our country."

"From now until Christmas Day, we, as individuals, by generous purchase of the Seals, can do our part to help the tuberculosis associations free us from the deadly menace of this communicable disease. We know from past experience that our dollars will be well spent in behalf of the public good."

Red Cross Membership Campaign for 1941 Closes November 30; County Reaches Quota

The Annual Roll Call of The American Red Cross will close Saturday, November 30. On Tuesday evening, Ochiltree County Chapter needed only a few members to reach its objective of 421 members. Mrs. F. B. Sumpter, Roll Call Chairman, reported that over 400 members had been enrolled for 1941. On account of the weather, a few rural workers were unable to get their reports to Mrs. Sumpter.

Nine persons gave more than the annual membership of \$1.00. Those giving from \$2 to \$10 were J. W. Daniel, Warren R. Landrum, Mrs. W. M. Pearson, Virby Conley, L. D. Stinson, Katherine Winkler, Albert McGarrugh and Irvin Gerlach. The largest contribution, amounting to \$100, was given by a donor who did not want his name made public.

Following is a list of 1941 members, that were available Tuesday. Other names will be carried in next week's Herald. Any person who has not joined the Red Cross for 1941 may pay dues or make contributions to Mrs. Sumpter, chairman, or Miss Myrtle Mae Conley at the Herald office.

1941 Members

Mrs. Ida E. Garrett, J. R. Cox, Forrest Mays, Carl Allen, Llewellyn Peat, Bill Phillips, Mrs. Dan Archer, Miss Helen May, Opal Poglesong, Elmer Rupperecht, Frank Teague, Earle Glasgow, Mrs. Earle Glasgow, W. E. Perry, A. C. Emberson, Mark Burton, M. C. Martin, T. F. Harlin, W. L. Phillips, Van W. Stewarts, Mrs. Van W. Stewarts, Myrtle Mae Conley, Morris M. Payne, O. W. Dunkle, Raymond Overby, J. W. Payne Jr., Jack Woodward, Joe Schollenbarger, John Schollenbarger, E. M. Allen, P. B. George, Fred Chisum, Ray Halsey, Garland Redfern, G. C. Smith, C. F. Stobbe, T. B. Morris.

Charley Kent, Sam Hegert, Clarence Neufeld, B. B. Kent, Mrs. B. B. Kent, Jake Sadowsky, Mrs. F. A. Edwards, Clara Bailey, W. H. Dunlavy, E. T. Shindler, Mrs. R. T. Shindler, Dean McCutcheon, C. E. Woods, Harold Witt, Claude Allen, P. A. Lowry, Roy Phillips, N. P. Dear, J. W. Herrell, Dr. J. C. May, W. C. Bryan, W. L. Bryan, Rufus Bolerjack, Roy Orrill, W. E. McMillen, Otis Shearer, Mrs. Otis Shearer, Jim Graves, Frank Cunningham, Jinks Braghear, R. B. Yoakley.

W. B. Lilly, Mrs. W. B. Lilly, Shirley Horan, O. A. Burk, Everett Deeds, C. H. Russell, J. W. Ward, H. H. Balzer, Fred Battin, George Powers, Dr. E. R. Jarvis, Mrs. E. R.

LaMaster Named Ochiltree County Chairman for Texas Highway Week

W. B. LaMaster of this city is to be chairman of the observance of Texas Highway Week, December 2 to 6, inclusive, in Ochiltree County. It is announced by the Texas Good Roads Association, sponsor of the week.

Mr. LaMaster has accepted appointment to head the committee to arrange and stage the Highway Week program in this county and will work out details and name committees to assist with arrangements for the event, the Association's office at Austin advises.

Texas Highway Week will be observed throughout the entire state during the designated week by proclamation of Governor W. Lee O'Daniel and the public is urged by the proclamation to take increased interest in their state highway system and its needs. Officials and civic leaders of the state, counties, cities and towns will lead in arranging public meetings and celebrations during the period. The Texas Good Roads Association and the State Highway Department are cooperating in helping plan state-wide observance.

The Governor's proclamation designating the week called upon all citizens "to take inventory of the manifold blessings brought to them by the highways of this state, to consider the progress that has been made in the past towards a completed highway system, and to give

serious thought to the future highway needs of the state so that Texas will continue to grow and prosper as its system of highway transportation is extended and improved."

Motor vehicle transportation has experienced phenomenal growth in Texas during the last two decades, the proclamation said, and it pointed out that in the last fiscal year 1,756,761 motor vehicles were registered, as compared with only 434,628 in 1920.

Not only have peace time needs for more and better highways rapidly increased, but now, in view of the national defense program and the mechanization and motorization of the rapidly expanding Army, new and heavy demands will be made on the Texas highway system as a result, the proclamation declared. Texas, being one of the most important states in the national defense program on account of its extensive coastline and the long international border on the south, has 6,375 miles of highways that have been designated by proper national defense agencies as strategic military highways.

While realizing that highways, as the basis of motor transportation, have revolutionized trade, commerce, industry and agriculture in Texas, and have contributed immeasurably to Texas' growth and

A THOUGHT FOR THANKSGIVING

prosperity, Governor O'Daniel's proclamation also added that:

"Recent surveys by cooperating state and federal agencies have disclosed that the state highway system is far from complete and that it would require an expenditure of approximately \$385,000,000 to bring the Texas highway system to a standard regarded as modern in the light of existing traffic demands. There are 8,800 miles on the state system only partially improved, 5,600 miles in need of reconstruction, 4,836 miles of farm-to-market roads in need of construction, and additional designations pending before the Highway Commission totaling 3,116 miles. Safety on the highways has become a problem of increasing social and economic importance," it also was added. "The building of safety features into the highway system has become a major item in highway needs."

The Texas Good Roads Association is urging observance of Texas Highway Week in every county, city and town possible and is busy with plans for state-wide celebration of the week. Datus E. Proper, executive vice president of the Association, announced.

PICTURE FRAMING at Daley Glass Shop. 18-11-c

Smoked Turkey Is Delicious Food

People who have never eaten smoked turkey have a treat in store for them. And while smoking a turkey requires more time than just roasting one, the finished product pays big dividends, according to George P. McCarthy, poultry husbandman for the A. and M. College Extension Service and Nora Ellen Elliott, extension specialist in food preparation.

Curing the turkey is the first step. Prepare the turkey for roasting, removing the tendons from the legs, and cool the bird over night. Then make a brine solution containing six pounds of salt, three pounds of sugar, three ounces of salt peter, and four and one-half gallons of water. This mixture is sufficient to cover two turkeys packed in an 8-gallon crock. Should you desire to cure more than two turkeys make sufficient brine to cover all of them. Be sure to use an earthenware crock. The size will be determined by the number of turkeys to be cured. Submerge the birds and weight them down to see that all parts are covered by the mixture. Then place in a cooling vault with a temperature of 34 to 38 degrees F. for two weeks.

At the end of the first week, stir the mixture and change the positions of the turkeys. At the end of the second week remove turkeys from brine, wash in tap water, and place back in the cooling vault for 24 hours.

The turkeys are then ready to be smoked. Hang them in a cloth sack made of thin cheese cloth or similar material and smoke for 8 to 12 hours or until a good nutbrown color is obtained. Good woods for smoking are hickory, oak and pecan. Other good materials are clean corn cobs or any of the hard woods. Be sure to avoid resinous woods such as pine, McCarthy warns.

In cooking smoked turkey, Miss Elliott says:

"Place turkey in a utensil large enough to cover it with cold water and bring to a simmering point (185 degrees F.) and then drain. Add 3 cups of water, cover and bake in a moderate oven (300 degrees F.) for 20 minutes per pound. Baste occasionally. If covered roaster is not available, strip with bacon or place a cloth dipped in melted fat over the turkey to protect the skin as much as possible. Smoked turkeys are seldom stuffed but if stuffing is desired, very little salt should be used in the seasoning. Smoked turkey may be served hot or cold. It makes a delicious cold meat for lunch or supper. Baked apples, broiled peaches and pears, and sautéed apples make nice garnishes for these turkeys."

Fish called Ladyrith Bubble Nest Builders construct a floating nest of bubbles in which eggs, numbering from 100 to 500, are deposited, hatched and the young tended.

Texas produced nearly one-fourth of all the petroleum produced in the entire world last year.

Storm-Trapped Duck Hunters Rescued

This dramatic rescue was the climax of a duck hunting trip for three Davenport, Iowa, men who were marooned for 20 hours on a small Mississippi river island by the season's first big storm. One of the hunters is being helped out of a boat by members of a rescue squad. Gale sank the hunters' boat.

Vegetation Aids in Conservation of Water

Tests show that vegetation on the earth's surface aids in soil and water conservation.

For example, one test was conducted where two tons of grass hay was spread over an acre of land. The acre held six times as much water after a rain as a bare acre of land held. The rain penetrated into the soil three times as fast as on the bare acre.

This winter and next spring the vegetation on pastures, meadows, and woodland will serve the same purpose as was illustrated in the experiment; it will hold moisture and soil.

Everybody should think before they decide to burn off pastures and woodland this winter. It is not wise

to burn the cover on the land. Burning will destroy grass seeds; burning will destroy cover and food for wildlife; and burning will destroy winter grazing for range cattle.

Value of Texas crude oil at the wells in 1938 exceeded the value of all Texas farm crops and livestock, including government payments, by more than \$127,000,000.

While Texas petroleum properties represent 31 per cent of all assessed taxable values in the State, last year the Texas petroleum industry paid 45 per cent of all State taxes save poll and sales taxes paid by individuals.

The big man overlooks little slights.

A worse pain

A Collar a few sizes too small will give you a pain in the neck—but not nearly as serious as the pain in your pocketbook if your insurance is a couple of figures too small and fire cleans you out. Have you enough? Let us check up.

War May Cause Architectural Change

AUSTIN, Texas—One real contribution to civilization may be expected from World War II—a new, better architecture for crowded, unsanitary European cities, a University of Texas architect predicts.

W. T. Rolfe, chairman of the University's architecture department, bracketed the current war along with history's other major catastrophes as "a cause of sudden architectural change."

Rolfe believes that Europe will re-build her bomb-levelled cities in a more decentralized manner, somewhat reminiscent of that trend in America—a community center city.

"In spite of the fact that European architecture will certainly reflect the influence of the victor, her re-built cities will spread over wider areas as people begin to take advantage of modern transportation facilities," he declared.

Leading home cities are expected to be the most of the new architecture. The new architecture is expected to be a result of the war, and it is expected that the new architecture will be a result of the war.

How Winter OIL-PLATING maintains needed lubricant in advance... for Safe Quick Starts

Your Winter oil ought to flow fast from the bottom of your engine to all inner surfaces—a total area bigger than a windshield, but tough for the oil to reach. And that's why many stop depending on fast flow alone, as they learn that their engines can be OIL-PLATED to lubricate "faster than instantly" at every Winter start. Simply changing to Conoco Germ Processed oil

brings your engine OIL-PLATED so can't be late getting started, always PLATED up where needed, you even step out of the house. The extra man-made substance—OIL-PLATING to engine parts—keeps there. And lubricant couldn't be better in smoothing the way for prompt starts. Mileage Merchant's Conoco Germ Processed oil, change to this long-lasting OIL-PLATES. Continental Oil Co.

Thanksgiving Day, Nov. 28

Thanks for the land of America,
For reasons a little child knows,
Its springtimes, its warm summer sunshine,
The peace of its white winter snows.

Thanks for the wealth of America,
Its forests and prairies and hills,
For the challenge to build and to conquer,
For its farms and its mines and its mills

Thanks for the spirit of America,
That shines out far over the sea,
A proof to the world and all nations
That a land can grow great and be free.

Thanks for the strength of America,
A giant that has slumbered so long,
And now stirs in its might and its vigor,
A nation awakened and strong.

Thanks for the love of America,
Love of family, of home and of land.
While we cherish and guard and defend these
The American Dream shall yet stand.

—Stanton M. Meyer

● Elementary, Junior High, and High School Activities ●

Meet the Teachers

Mrs. E. D. Kelley who teaches the first grade attended A. C. C. at Abilene. She also attended the University of Texas. Her favorite subject was Homomaking. Her favorite type of clothes are sport. She says that she doesn't go to shows much but her favorite actress is Joan Crawford and actor is Gary Cooper. Mrs. Kelley's favorite food is salads. She thinks that Perryton School is the grandest in the Panhandle.

Many are Entering Speech Contest

Miss Verna Harris and Miss Eugenia Mitchell report several are preparing to enter the Speech Contest sponsored by radio station KPDN, Pampa. Local winners will be sent to Pampa to compete with students from all over the Panhandle.

The four subjects to choose from are: "What is Democracy," "What America Offers," "Why I like the American Way," and "What I Owe America." The first prize is \$25.00.

Begin Basketball Practice This Week

With the football season ended, there is a necessity for a place for these athletic boys to give room to their energy. Basketball practice has started. We are expecting the boys to push on to greater heights than ever before. The Rangers expect to have a title-winning team this year. Those who are going out for basketball are:

Emil Reimer, Wilber Cotner, Johnnie Luthi, Dale Parvin, Wilbert Hart, Irvin Williams, Arthur Schroeder, Gene Lawrence, Jack Phelps, Jack Allen, H. O. Evans, Lindsay McWilliams, Elton Symons, T. J. Lovett, Abil Holmes, Hal Chase, Jack Tegellas, A. J. Eudy, Charles Patton.

Archie Correll, Joe Pete Lile, Louis Pearson, Joe McClung, Alva Vermillion, Donald Ellis, Junior Powell, Robert Powers, Ray Schwab, Robert Wernberg, Joe LaMaster, Willis Neal Lilly, Tom Boston, Charles Linnell, Jack Edge, Bill Dunlavy, Jimmy Hall, Grady Yearly, and Wilson Brillhart.

Grade School Chapel

Room 3B presented the grade school chapel program under the direction of Mrs. O. W. Dunkle, with Mrs. Kendall Kelly in charge of the music.

The room had been studying about Indians and Pilgrims. They wrote an original play which consisted of songs and speeches pertaining to "Why We Have Thanksgiving." The program was enjoyed very much.

Experience "The Thrill of a Century" by driving the 1941 FORD today. Call Graham Motor Co. No. 150. 48-51-c

Gidley Heads Senior Class

The Senior class met Thursday, November 21, and elected the following officers: Chellis Gidley, president; Johnnie Luthi, vice president; Willie Rae McCartor, secretary and treasurer; Ona Grace Francis, reporter.

The officers will serve the entire year, with no election at mid-term, as has been the custom before. It was decided by the Senior class to sponsor an annual Work will begin the week after Thanksgiving vacation.

Gabs With Grads

While the exes of P. H. S. were home for Thanksgiving holidays, many of them were asked in what ways P. H. S. had changed since they have left. Here are the replies of some.

Lois Flowers—"There is a difference in atmosphere, not as friendly, more new students, different personalities you never miss until you are gone."

"Puss" Lewis—"It's about the same, seems that a lot of the old timers are gone. The 'kids' seem kinda young."

Clarence Morris—"It seems about the same to me. The only change is the students."

Bob Schuster—"Home is still the same old place with the exception of the loss of faces and the advance made by the institution. I walked into P. H. S. to find new buses, drum and bugle corp, new band equipment, and splendid leadership by the faculty and individual students, who were responsible for innumerable other advancements. The lack of old faces makes me feel 'sorta' out of place, but I am aware of the fact that perhaps new faces will continue to fill our places with perhaps still more efficiency. P. H. S. is the best in the world. Here's luck to you."

Kelly Philbrick—"He's not a grad of P. H. S. but he has an opinion anyway." "I like the blond headed girls consequently the school is O. K."

Fine Arts Has Chapel Program

The chapel program, last Friday in charge of E. D. Kelley, was opened with repeating the Lord's Prayer in unison. Mr. Kelley read the scripture from the Third Psalm. The program was furnished by students from the department of fine arts. The numbers were:

Trumpet trio, Ray W. Veale, Bill Thomas and Danny Ellis; piano solo, Mary Jayne Fritz; four numbers, Trade Winds, Perry Boat Serenade, Seria Sue and Pagan Love Song, were given by "Three Little Words," Kathryn McLarty, Marcella Fritz and Ruth Neufeldt, reading, "Back Seat Driving in an Aeroplane," Peggy Jane Thomas.

This and That

Cleo Faye isn't so lonesome now that the football boys are in the eighth period study hall.

Doe Patton just can't concentrate when he is in a certain study hall. What were Ruth N. and Jane R. doing in the study hall Thursday? There was lots of talk about it any way.

As I was strolling down the hall the other afternoon I saw Mary Jayne making eyes at one of our grads.

I heard it whispered in speech class that certain girls wanted to give their pantomimes on Thursday, because they were afraid of the guests that were to be present Friday.

Laverne C. just loves to walk up and down a certain aisle in a certain study hall.

Joe C. entertains all the girls who visit the library. Don't stampede, girls, only three at a time.

What was causing "Pug" H. to rub his eyes in the study hall, was he gazing at some female?

Were the librarians conducting a marathon to see who could put up the least books, or were they just not ambitious?

Charles Linnell has a new nick name, "Booford." He acquired it from an old man in Kansas.

Harry Quinn has the habit of going to drug stores and asking for pine floats. (Confidentially, they are toothpicks in a glass of water.) A certain 4th period algebra class was sick one day because G. K. removed his shoes.

Wonder why Newton B. is always talking? It couldn't be because he can't keep secrets?

Seven II Room Names New Officers Monday

At the activities period on Monday, the Seven Two home room held its regular meeting and elected the following new officers: Dwayne Trooper, president; Shannon Daniel, vice president; Mary Lou Ruppel, secretary; Lewis Helfenbein, treasurer; Coleen Epp, reporter; Jake Helfenbein, program chairman.

Artificial light is being used in some fish hatcheries to advance the time of trout spawning. As much as 2 months has been gained.

Football Season Ends for Rangers

The hard fought game with Panhandle last week ended the season for the Perryton Rangers. For some of the boys, this game ended their career as high school football players. To these senior boys, we wish to say that we have appreciated their playing for P. H. S.

To the juniors and sophomores we would say that we're looking forward to your pushing on to victory next year.

The awards given to the players, will not only show the appreciation and respect of the coaches, but also of the school and community.

One-Minute Interviews

Question: If you could meet the President what would you do?
Virginia Fluit: I wouldn't know what to do.

Bill Thomas: I'll probably never meet him.

Jackie Adams: I would talk to him, and act like I usually do.

Chellis Gidley: It's hard to tell what I might do.

C. J. Prantz: I wouldn't have any idea.

Twila Mae Manning: Say hello.

Harold Gidley: Shake his hand.

Sadie Records: I'd say how do you do (I think).

Virginia Baker: Shake hands with him (western style too).

Miss Robinson: It depends on the place where I meet him, as to what I'd do.

El Toro

Since when has "Bulldog" taken up knitting? It seems that a certain girl is also interested enough to teach him the finer points of how to hold the hands.

What has Weldon W. got that seems to "slay" the girls? Can it be his "duck hunting"? He's showing the girls how to hunt. This seems a bit crude for bagging ducks. Weldon.

Well, well, well, it looks like "Pixie" has got over her thought of going South. I think South came to her "Pixie" says her directions never get mixed. I wouldn't be so sure.

Charlie P. surely has a time with his girl friends. It seems that Charlie (speaking for himself) never knows what's what, when it comes to asking for a date.

Mary Francis C. has a bad habit about asking these good looking boys for their "Senior" pictures. I wonder who it is now. It's not hard to guess.

Junior Red Cross

The Junior Red Cross Club met November 28, and made paper turkeys for tray favors. They were sent to Little Rock, Arkansas, to the Veterans' Hospital. We also are making Christmas menu covers. Mary Lou Ruppel and Helen Marie Hudson served. The meeting then adjourned.

We want you to "try the ride" of the new 1941 FORD. Call Graham Motor Co., No. 150, for a demonstration. No obligation. 48-51-c

The Chinese Girl and Her Jinrickasha

"The most elaborate parade you've ever seen" is the way Santa Claus put it in talking about the big Christmas parade he is bringing to Perryton. For over a year Santa has been thinking up new ideas and his funny little gnomes have been building them and this year they have brought from the Orient a Chinese girl and her jinrickasha and it will be pulled by one of those funny little Chinamen. Santa wants everyone to see this little carriage which is so popular over there, so plan to come to Perryton on Thursday, December 5 to see Santa Claus and his big parade.

Rail Carloadings Are Down This Week

The Santa Fe Railway System carloadings for the week ending November 16, 1940 were 19,826 compared with 20,885 for the same week in 1939. Received from connections were 7,037 compared with 5,794 for the same week in 1939. The total

cars moved were 26,863 compared with 26,639 for the same week in 1939. The Santa Fe handled a total of 28,480 cars during the preceding week of this year.

The American Indian had no common sugar as we know it. The substitutes he used were maple syrup, honey, and slightly sweet fruits and roots.

INTERNATIONAL
SUNDAY SCHOOL LESSON

Discipleship an Exacting Task

The International Uniform Sunday School Lesson for Dec. 1.
Text: Luke 9:49-62.

TWO aspects of sincere and earnest Christian discipleship which have often been regarded as contradictory are emphasized in this lesson.

These two aspects of discipleship are tolerance and intensity. The course of Christian civilization might have been quite different if both had been recognized and practiced as universally as they deserve. Is it not strange how the clearest and most incisive teachings and examples of the New Testament are often most disregarded?

JESUS emphasizes the lesson of tolerance in a striking incident. Some man, observing the course of Jesus and probably under the influence of His teaching, had been casting out demons in His name. That is all we know about him, but evidently the man was acting sincerely and with efficacy.

But John, always very earnest and intense for his Master and for the rights and privileges of the inner group of disciples, rebuked the man and forbade him because, as he said, "the followeth not us." But Jesus rebuked John in very clear and emphatic words, "Forbid him not, for he that is not against us is for us."

That is the lesson of tolerance. The tolerant Christian cares more for right principles and right action and good results than he does for labels and organizations and for agreement with his own particular expression of religious opinions. He realizes that it is by their fruits that faith and teaching are known, and he is willing to recognize the good that is done even though it may be done by and through those with whom he differs very sharply regarding

points of doctrine, organization, or other matters.

Can Christian people be thus tolerant and at the same time be earnest and consecrated in living up to their own convictions? Why not? Here in the lesson Jesus is just as insistent upon the intensity of discipleship. It is enforced in two or three ways.

There is the story of a certain man who came and expressed the purpose to follow Jesus wherever he might go. The reply of Jesus is as impressive as it is sad. "The foxes have holes and the birds of the air have nests, but the Son of man hath not where to lay his head."

THE other incident of the man who would follow Jesus, but who said, "Lord, suffer me first to go and bury my father." This is a little more difficult for us to understand. On the surface, and with the bold statement as it stands, our sympathies seem to be with this man who made what appeared to be a reasonable request; but we do not know what was in the background of the incident. The probability is that Jesus sensed in the man some insincerity and that He said this to put him to the test.

There are passages and incidents in Scripture in connection with which we have to construct an imaginative background unless we are to be misled into harsh and unfair interpretations. The compassionate Christ who wept as he entered the home of Mary and Martha where his friend, Lazarus, was dead, could not have been unsympathetic toward a man professing sincere concern about his father.

But one thing does stand out: that Christian discipleship is exacting. It is the supreme commitment of a man's life; and in the real showdown nothing can stand in its way.

Christian Science

"Ancient and Modern Necromancy, Alias Mesmerism and Hypnotism, Denounced" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, December 1. The Golden Text is: "Look unto me, and be ye saved, all the ends of the earth: for I am God, and there is none else" (Isaiah 45:22). Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Put on the whole armour of God, that ye may be able to stand against the wiles of the devil. For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places" (Ephesians 6:11, 12).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Keys to the Scriptures" by Mary Baker Eddy: "Christians must take up arms against error at home and abroad. They must grapple with sin in themselves and in others, and continue this warfare until they have finished their course. If they keep the faith, they will have the crown of rejoicing" (page 29).

Approximately four million acres of Texas land are now producing oil or gas or both.

Lefty's Pitching Eye Still Sharp

It may be a long while until baseball season, but Pitcher Vernon "Lefty" Gomez of the New York Yankees proves his pitching eye isn't dulled by bagging a deer in Maine. Above, he and Mrs. Gomez, who accompanied him, inspect the prize.

COMMUNITY
PUBLIC SERVICE COMPANY

Texas Wheat Improvement Association Shows Results in Educational Program

In a report to its members, the Texas Wheat Improvement Association states "that by co-operating closely with the A. & M. College of Texas, the association has been able to show considerable progress in the wheat quality educational program among wheat producers, elevator managers, and others connected with the wheat industry. The success attained in bringing about wheat variety interest to its greatest peak in Texas with the accompanying desire for pure seed of adapted, high quality varieties is the main accomplishment of the Texas Wheat Improvement Association to date."

Program New in Texas

The Texas Wheat Improvement Association was organized and put into operation on August 1, 1940, with Frederic T. Dines, formerly in charge of the Oklahoma Farm Wheat Improvement Program, as its director. This association, headquartered in Amarillo, in the heart of the Panhandle wheat belt, is working on a co-operative basis with the A. & M. College of Texas. The association is similar in purpose and operation to the other wheat improvement programs in the Southwest.

Much Good Seed Planted

The report further states:

"Farmers of Texas, realizing that production of inferior quality varieties is detrimental to the extent of purchasing all of the Texas certified seed wheat and large quantities of Colorado, Kansas, New Mexico, and Oklahoma certified seed. Country elevators, mills, and terminal elevators have aided the farmers by purchasing and distrib-

uting at absolute cost certified seed and Grade A seed. At least three different mills have distributed 7,500 bushels of certified seed wheat in their immediate territories, while other mills distributed from 100 bushels to 5,000 bushels of the best seed wheat available.

"The high regard for the hard red winter wheat grown in the Southwest was brought about by the production of the wheat variety known as Turkey. This variety, introduced into Kansas in 1873, was about the only variety of any importance in the Southwest. Because Turkey was a high quality variety satisfactory to the trade, the grain grading system for hard red winter wheat was based on Turkey wheat and farmers learned to think of wheat as 'just wheat.' However, in this day when many varieties are available for farmers to plant, the farmers realize that they cannot think of wheat as 'just wheat.' They must now think of wheat in terms of 'variety'."

Good Varieties is Theme

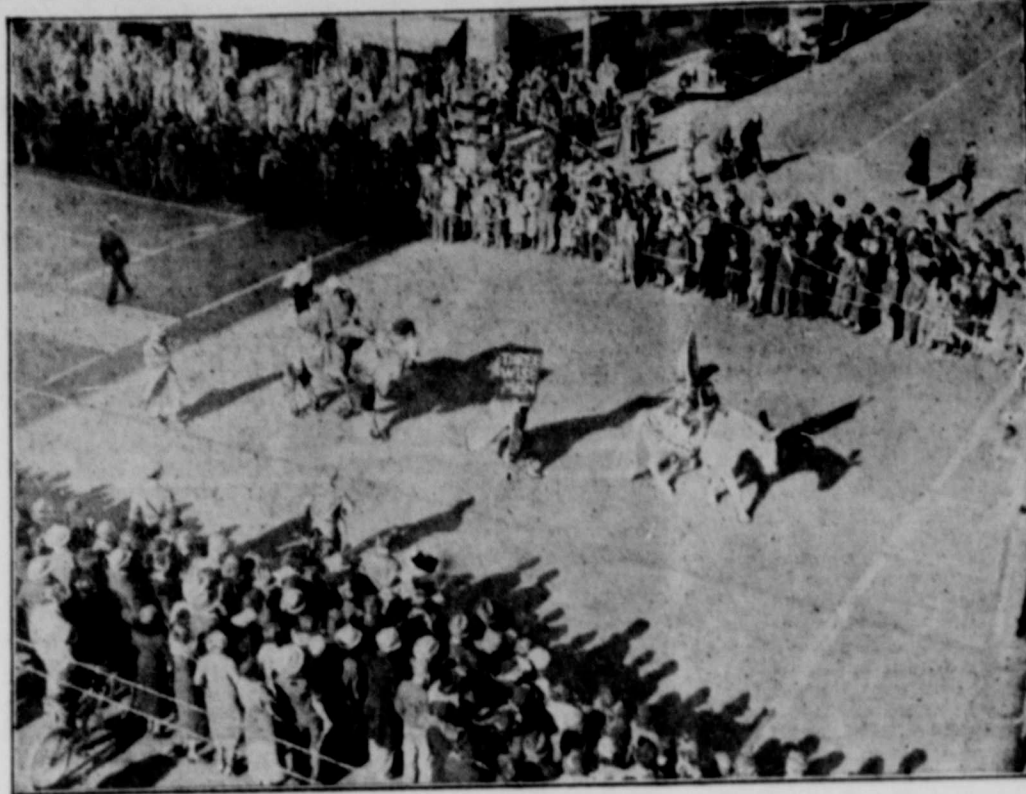

With good varieties of wheat as the theme, the A. & M. College of Texas, immediately after the formation of the association in August, worked with the Texas Wheat Improvement Association in sponsoring wheat improvement meetings throughout the wheat areas of the state of Texas. These meetings, lasting for four weeks with two and three meetings a day, were well attended by wheat farmers, grain men, and millers. Much interest in the work and a co-operative attitude toward the improvement of the quality of wheat grown in Texas were developed.

Milling and Baking Contest

Following intensive series of wheat meetings in the state, a special wheat milling and baking contest was held at the Tri-State Fair in Amarillo in which bread-making quality of wheat entries was taken into consideration for the first time in the history of the show. The results of this contest, which gave the prizes and ribbons to Tenmarq and Turkey wheats, were presented in exhibit form at county fairs throughout Texas.

At the Dallas State Fair, a large wheat improvement exhibit sponsored by P. J. Mims, county agent at Claude, Texas, stressed "Good Quality Wheat Varieties Are Most Satisfactory to Farmer, Grain Man, Miller, Baker, and Consumer."

Live Camel and the Three Wise Men in Parade

From the Orient Santa Claus is bringing a live camel together with the "Three Wise Men" of biblical history. This is only one of the 60 big units Santa Claus is bringing to Perryton for his big parade on Thursday, December 5.

sored by P. J. Mims, county agent at Claude, Texas, stressed "Good Quality Wheat Varieties Are Most Satisfactory to Farmer, Grain Man, Miller, Baker, and Consumer." This exhibit, with others of similar nature at other fairs, attracted a great deal of farmer attention and gave further impetus to the work of wheat improvement in Texas.

For Hard Winter Quality

The wheat improvement program in Texas is operating for the purpose of improving the wheat grown in Texas from the standpoint of production, marketing, milling and baking qualifications. Working closely with the adjoining states in the Southwest for farm wheat improvement, the Texas wheat program aims to help maintain the quality reputation of the hard red winter wheat belt of the United States by the encouragement of the planting of only good quality varieties of wheat in Texas.

Success by Pooling Resources

The report of the progress and accomplishments of the Texas Wheat Improvement Association indicates the success that can be obtained in such an undertaking by the pooling of the resources of the agricultural college, the farmers, the grain men and the millers.

Mr. Dines states: "The real test of our effectiveness in encouraging the production of only good wheat varieties will be in the actual quality of wheat grown in the future; however, there is little doubt in the minds of all connected with the work that we have progressed at a speed and to a degree expected by none of us. This speed in serving our purpose this fall is very largely due to the grand help of our A. & M. College of Texas and their county agricultural agents. Because of the progress made in wheat improvement work in Texas in so short a time, we can expect even greater progress next year when the foundation of wheat improvement has been laid." (Reprint from The Southwestern Miller, Kansas City, Issue of November 12, 1940)

Aid in Control of Venereal Diseases

AUSTIN, Texas—The Texas State Health Department will cooperate with the Army, Navy, and United States Public Health Service in active control of venereal disease in areas where armed forces and national defense employees are concentrated.

Doctor Geo. W. Cox, State Health Officer, announced cooperation in the program which is outlined in an agreement with the War and Navy Departments, the Federal Security Agency, and the State and Territorial Health Officers Conference.

Doctor Cox pointed out that "infections among military personnel originate in the civilian communities. Recent experience indicates that the venereal disease rate in a given military command reflects the efficiency of the venereal disease control program in adjacent communities."

"Effectively carried out," Doctor Cox said, "the eight-point cooperative program will contribute substantially to the physical fitness of men in the armed and industrial defense forces."

Doctor Cox quoted statistics showing that 350,000 officers and men—the equivalent of 23 divisions of 15,000 men each—were treated for venereal disease during World War I. "More than six-and-a-half million man-days were lost to the Army because of syphilis and gonorrhea. Much of that lost time could have been avoided," Doctor Cox emphasized, "if facilities had been provided for proper venereal disease control."

Ground-work for the venereal disease control program in the areas surrounding Texas cantonments where military forces will be concentrated has already been established. Local city and county health departments are cooperating with the State Health Department and the U. S. Army officials in setting up a series of control measures.

"It was agreed by the Surgeon Generals of the Army, Navy, and U. S. Public Health Service," Doctor Cox stated, "that the legal responsibility for the repression of prostitution rests upon the local police and sheriff's departments."

Practically every county in Texas has special laws regulating the taking of fish.

A bear cub is born while its mother is sound asleep in mid-winter. The cub is smaller than a newborn kitten.

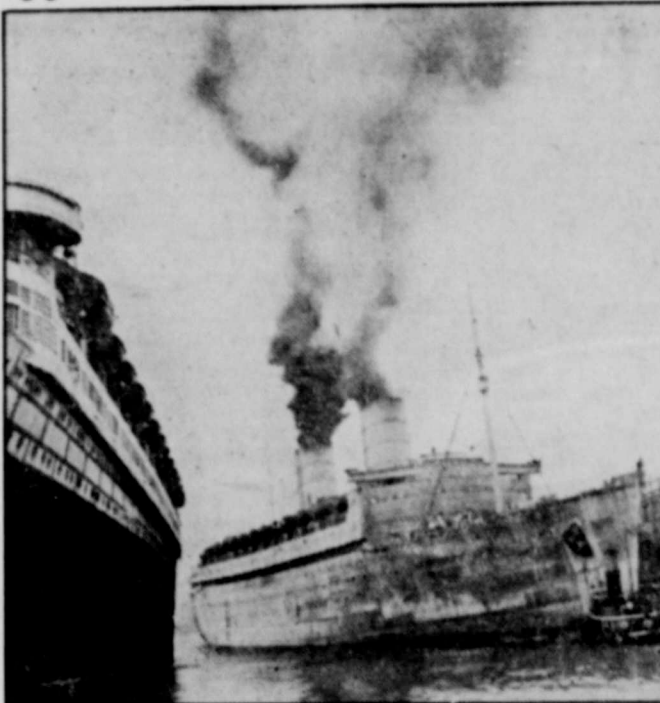

"Communities will emerge with convenient neighborhood shopping centers and humanized shelter, designed to relieve the unsanitary, unsafe and crowded conditions of large cities."

TODAY is the tomorrow you talked about yesterday. Do it NOW!

Biggest Ship Starts Secret Voyage

Belching big clouds of smoke as she leaves dock where she had lain for many months, the world's biggest ocean liner, the Queen Elizabeth, starts out of New York harbor under sealed orders believed to provide for her use as a troop transport. Vessel at left is the S. S. Normandie.

U. S. Strengthens Pacific Defense

One of many large military trucks is loaded on liner Washington at San Pedro, Calif., for voyage to Hawaii, where they will bolster United States Pacific defenses. U. S. is also strengthening manpower in the Pacific.

Rare Books in College Library

AUSTIN, Texas—Five rare religious books—part of the first library brought to the American continent—have been acquired by the University of Texas Library's Latin-American Collection.

The volumes were secured late in 1937 as a part of the private library of Joaquin Gracia Icazabal, Mexican collector and scholar. Included in a copy of the first European edition of Sir Thomas More's Utopia, published in Switzerland. These 400-year-old books—with the original owner's signature still legible—were among a collection of 150 brought to the New World in 1528 by Juan Zumarraga, first bishop of Mexico and sponsor of the first American printing press.

Prophecy of Song Not Fulfilled for Worker

One of the best-loved romantic ballads of all time is "Silver Threads Among the Gold," yet its tender prophecy was never fulfilled for the woman who inspired it.

In 1874, when Hart Pease Danks, musician and singer, and his wife were living happily together in New York City, he composed to her the immortal refrain. The song sold, prosperity came, and with it domestic unhappiness. A separation resulted.

In 1903 an old man was found dead in a rooming house in Philadelphia. Death overtook him as he knelt beside his bed. In his hand was a copy of "Silver Threads Among the Gold." On it was penciled: "It's hard to grow old alone." That was how Danks died, and his widow died in circumstances nearly parallel in a Brooklyn rooming house years later.

Eben E. Rexford is said to have written the words of this song while Danks wrote the melody.—The Progressive Farmer.

Creosote Prolongs Life of Fence Posts

What does it cost to creosote fence posts and how long will they last?

Good creosoted posts by hot and cold vat treatment will last 15 to 30 years. Good chromated zinc chloride treated posts, treated green with bark on, by tire tube method will last 10 to 15 years or longer if ends of posts are painted after treatment. The cost of preservative for chromated zinc chloride treatment for posts 3 to 4 1/2 inches in diameter and six feet long will cost 2 1/2 to 4 1/2 cents and if treated with creosote will cost about 13 to 20 cents. The preparation of posts for creosoting requires thorough bark peeling, seasoning and other labor expense in connection with hot and cold bath treatments. Write for a copy of Farmers' Bulletin No. 744.

Few Accidents on
USHA Projects

WASHINGTON, D. C.—A recent
USHA study covering 44 occupied
projects built by the former PWA
Housing Division and now under
supervision of the United States
Housing Authority, revealed only
244 accidents in 20,000 homes over
a two year period. Commenting on
this remarkable safety record, Na-
than Straus, USHA Administrator
said, "Planning for safety as well
as livability in public housing de-
velopments saves both lives and
money."

The accident experience on these
projects was found to be so favor-
able that in the early part of 1939,
the National Bureau of Casualty
and Surety Underwriters, a rating
organization, announced a 50 per
cent reduction in public liability
rates applicable to low-rent hous-
ing. In the latter part of 1939, they
announced that still further re-
ductions would be made to apply to
USHA-aided projects.

Fire and windstorm rates have
also come in for substantial re-
ductions because of the excellent
construction of USHA projects. The
public housing projects in Savan-
nah, Georgia, recently successfully
withstood the damaging effects of
an 80 mile an hour hurricane.

Some of the projects reported no
accidents. Of those reported, the
accidents ranged from splinters un-
der a fingernail to damage by a
windstorm. Most were the result of
small fires. Falls were second in the
list of accidents.

Sixty-one of the accidents were
directly traceable to carelessness,
either on the part of the person in-
jured, a companion, or some other
person. Almost all of the accidents
reported resulted in such minor
items as scratches, bruises, black
eyes, and sprains. The two fatalities
reported were due to outside causes;
an automobile accident, and a fall
from a ladder.

USHA projects now under con-
struction, it is believed, will show
an even lower number of accidents.
Measures are being taken to elimi-
nate every possibility of accident. In
Philadelphia, at the James Weldon
Johnson project, safety glass has
been installed in all doors leading
from the nursery school to the
playground. The nursery school has
nine doors opening onto the play-
ground and the safety glass will
eliminate the danger of cuts.

Symptoms of Roup and
Colds Among Chickens

Roup is a common disease of
chickens which spreads rapidly
through the flock, causing low pro-
duction and often high mortality.
The symptoms include a watering
of the nose and eyes accompanied
by mouth breathing. An offensive
odor is frequently present. The area
below the eye swells and in some
cases the eyelids stick together. The
pressure and cheesy pus developed
from this condition may eventually
destroy the eye.

In severe cases the birds sit in a
drowsy condition, unable to see or
eat, and since their strength is
rapidly lost they soon die. Some
partially recover and remain weak,
showing signs of the disease for
months.

Bad cases of roup are not worth
treating and should be killed.

Flocks with mild colds should be
given water or wet mash containing
1 pound of Epsom salts per 100
hens. The house should be checked
for drafts and green feed supplied
in abundance. The labored breath-
ing may be eased by dusting the
birds on roost each night with a
chlorine powder made for this pur-
pose and sold by feed and drug
stores.

Potassium permanganate or chlo-
rine tablets should also be used in
the drinking water.—D. F. King in
The Progressive Farmer.

Come Young! Come Old!

SANTA CLAUS PARADE

PERRYTON, TEXAS

Thursday, Dec. 5 - 1:30 p. m.

Be sure to be in Perryton and bring the children to see the biggest Santa Claus
parade ever staged in the Southwest. There will be clowns, beautiful floats,
bands, a live camel and last but not least Santa Claus in his glistening cutter
pulled by his very own ponies. Everyone, both young and old, will enjoy every
minute of the day. Don't miss it! It's the thrill of the year!

SANTA CLAUS IN HIS PONY DRAWN CUTTER

SANTA SAYS

"Yes, little folks and grown-ups too, I am coming to Perryton
on Thursday, December 5 and bringing with me the most
beautiful floats that you've ever seen in any parade. I want
every child in the Southwest to meet me at Perryton. I'll be
looking for you, don't fail me."

"Stories of Fairyland" Floats in Santa's Big Parade

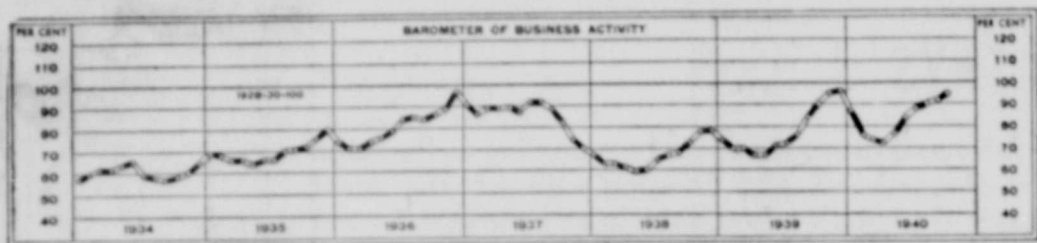

Santa always has to call on good Old Mother Goose to help him build the wonderful floats which go to make up such an important part of his big Christmas parade coming to Perryton on Thursday, December 5 and this grand old lady has outdone herself this year. They will all be there. The Wizard of Oz, Fairy Princess and her favorite story-book characters, Mother Goose herself, Peter-Peter Pumpkin Eater and his wife, and in addition there will be the God Bless America float, an electric chimes float and lastly, the Happy New Year float.

Business on "Great Plains" Equal to Last Year

This map depicts current business conditions as compared with the same period last year. It will appear in the December number of "Nation's Business", published by the United States Chamber of Commerce.

The map shows while retail sales were retarded in some sections by mild weather, trade and industry generally were maintained at high levels. The business barometer indicates continued expansion in industrial output, mainly in connection with the defense program. This is a further uptrend in the barometer, which has risen steadily since May.

He's Champion Cotton Picker

Harold Mason, 15, of Senath, Mo., picked 129 pounds of cotton in two hours to win cotton picking contest, prize of \$1,000. Mason, who was youngest of 132 entrants, plans to use money to go to college.

Mr. and Mrs. Bruce Seitz visited over the week-end in the Ed McMillen home. Monday morning they left for Durango, Colo., where they will spend several weeks visiting with relatives.

Mr. and Mrs. Clyde Kesler and daughters, Sharon and Carol, of Albuquerque, New Mexico, were here the past week visiting in the home of her uncle, Mr. and Mrs. Ed McMillen. They left Thursday for a trip to Limon, Colo., where they will spend several days with his parents. Mrs. Kesler is the former Wilma Lee McMillen.

Mr. and Mrs. Irvin Hergert of Clarendon, were here Saturday and Sunday visiting in the home of his parents, Mr. and Mrs. Sam Hergert and with her mother, Dr. and Mrs. G. L. Kengle and with friends.

Miss Mildred Hogland who teaches at Skellytown spent the holidays visiting with her sisters, Mrs. Ray Neal and Mrs. Harold Hawk.

Red Squill Used To Kill Rats

The U. S. Department of Agriculture is continuously investigating methods of rat control. Some years ago barium carbonate was used as the poison element in preparing baits for rats. Today that poison, which is deadly to all animals, has been largely abandoned in rat control work and red squill powder has taken its place.

This change was due to improvement in control technique and to the following facts concerning red squill. Red squill does not ordinarily kill any animals other than rats and mice; it may make human beings, dogs, cats, and other animals sick, but they won't up the poisoned

bait and recover quickly; red squill does not, in the formulas commonly used, affect poultry; it acts slowly, allowing late cures so the bait is fed without being scared off by finding dying or dead rats lying around; after eating some of the bait the sick animals seek their burrows and in most cases, they die underground, thus preventing the rats that usually follow rat control operations, and baited with red squill can be poisoned and kept indefinitely.

The Bureau of Biological Survey, however, not only stresses control of rats through the use of red squill poisoned bait, but also recommends, as an integral part of the control work, the ratproofing of buildings.

"Truth in Fabrics" Law Requires Labeling of Woolen Materials

College Station—Seven months hence a Federal act, already popularly captioned "Truth in Fabrics," will become a law of the nation. Effective June 14, 1941, manufacturers of all woolen goods, except carpets, rugs, mats and upholsteries, will be required to stamp, tag or label their product to show the proportion of the types of wool as well as the content, other than wool, in it.

"This act," says W. R. Nisbet, Extension Service Animal Husbandman for Texas A. and M. College, "opens the way for women to know precisely the wool content of the fabric, especially wearing apparel, they are buying. Moreover, they can demand labeling of any fabric placed on sale as 'woolen'."

"Manufacturers are obliged under the law to state the percentage of virgin wool in any fabric so labeled, as well as the amount of re-worked wool, or shoddy. If wool content is not claimed for the fabric placed on sale, it may be merchandised without labeling."

Passage of the bill, which culminated a 35-year effort by the National Wool Growers Association for "truth in fabrics," is comparable in its scope to the enactment of the pure food law. It will prevent any misrepresentation of the staple content of cloths offered in retail commerce.

Although bills similar to this, which will be known in the statutes as "Wool products labelling act of 1939," have been introduced in practically every session of Congress since the turn of the century, progress toward realization was more halting than enactment of the pure food law.

The law defines the term "wool" to mean the fibre from the fleece of the sheep or lamb, or hair of the Angora or Cashmere goat, (and may also include the so-called specialty fibres from the hair of the camel, alpaca, llama and vicuña) which has never been reclaimed from any woven or felted wool product.

Enactment of the law may revive the program of the National Wool Growers Association, with which the Southwestern Sheep and Goat Raisers Association co-operates, to raise a fund for a campaign to advertise wool. Mr. Nisbet said. Different proposals have been offered to that end, including a voluntary tax on each bag.

Manufacturers will be required to keep records showing the fabric content of goods placed on sale, which must be retained for at least three years. These records are to be available to the Federal Trade Commission at all times. Refusal to maintain or preserve such records makes the manufacturer liable to forfeiture of \$100 each day of such failure. Persons wilfully violating the act are liable to a fine of \$5,000 a year in jail, or both.

Mildew-Resistant Shower Curtains

In less than an hour a homemaker can give an ordinary shower curtain a treatment that will make it mildew-resistant!

This welcome news from Mrs. Bernice Claytor, specialist in home improvement for the A. and M. College Extension Service, says that this simple treatment requires no special equipment. Only a good laundry soap and crystals of cadmium chloride, available at drug stores are needed.

Here's the method approved by the Bureau of Home Economics which Mrs. Claytor recommends: "Have the cloth thoroughly clean. Heat it in a solution of 1 to 2 ounces of soap to a gallon of water. About 1½ gallons will cover an average-sized shower curtain. Heat 20 minutes, remove the cloth, and squeeze out excess soap."

"Put the wet cloth into a second solution of cadmium chloride crystals, 3 ounces to a gallon of water. Heat about 30 minutes, wring out, and dry without rinsing. Hang to dry on a twine line, since a metal line may stain the fabric."

This treatment does not affect the color of the curtain, and it lasts until the next laundering.

Borger Plans New Residence Section

Fred Phillips of Dumas announced to the City Commission last week that he was ready to open a new residential addition in Borger.

The addition will be a restricted area, Phillips said, and construction of at least Class 2 FHA homes will be required for the section. This includes homes costing \$3,000 or more, it was estimated.

The new addition is located on the west side of the Stinson highway, north of Tenth Street. Construction will get under way as soon as the houses now located there are moved to the east side of the highway.

Technically, the addition is 80 acres in size.

According to present plans, the addition will include 230 locations and will be built up "within 12 to 18 months." — Borger Daily Herald.

Rev. W. A. Hitchcock, who has served as pastor of the First Methodist church in Miami the past two years, has been transferred to Hale Center and will move with his family to that location.—The Miami Chief.

Mr. and Mrs. Noel Keith spent Saturday night and Sunday in the C. F. Jones home.

Mrs. J. W. Payne is confined to her home with illness.

Mrs. Ann Cartwright, Amarillo, spent the week-end visiting relatives.

Present oil-well drilling equipment is designed to penetrate the earth to 17,500 feet, or nearly 2½ miles.
