Ex- Vegas Entertainer To Be In Olton Soon

Chico Holiday, former Las Vegas entertainer now serving as full-time singing evangelist, will be featured in a New Life for a New Year Conference Jan. 13 through Jan. 16 at Hillcrest Temple Church. Services are scheduled for 7 to 9 p.m.

Dick Handley, well known evangelist from Southern California whose ministry reaches into communist countries, prisons and street corner worldwide, will also help conduct the special services.

"Voices of Triumph," popular music group from South Plains, will appear Jan. 14-16.

Holiday made the top ten pop list with several hits. He was also the singing voice for television commercials for Polaroid, Pepsi and Ford.

After reaching super-stardom in his career, his life was changed and he turned to performing only gospel music, doing so in Harold's Club in Reno, Nev. He made a full committment to Christian service and in making the transition, went from a salary as high as $7,500 per week to "whatever the Lord provides."

An invitation is extended to the public to attend the four day conference.

Local Business Sells

R.J. Turner, owner and manager of Turner Oil Company, Shamrock Service station on Hiway 70, announces the sale of the firm to his son, Gary.

Turner, who has operated the business at the intersection of Hiway 70 and FM 168 for 11 years, says "I have enjoyed the work, I am grateful to all patrons for their support through the years, but the hours have been long and hard, and it has caught up with me. I hope to do a lot of resting, fishing and some traveling."

Gary, who has been associated with his father for some time, is familiar with the operation of the station and states that he "will carry on the same honest service with good prices. I look forward to seeing the same customers we have served before, and gaining new ones. There will be no interruption of service, the exchange was made Jan. 1 and I am already carrying on the business with the hope of being of service to the Community."

Turner calls attention to the fact that he offers both self-service and full-service on his driveway. They specialize in fixing flats, for both cars and trucks, washing and lubrication. He also offers Astrostar tires at very competitive prices, and deals in wholesale gas, oil and diesel. Turner honors Shamrock credit cards, and will help prospective customers to secure such cards.

The elder Turners state they will be moving to McLean where they already own a home.

Airport Interest?

New opportunities for air-minded citizens of Olton will be offered before the end of the month in a Private Pilot's ground school course to be taught locally by Julian Perez.

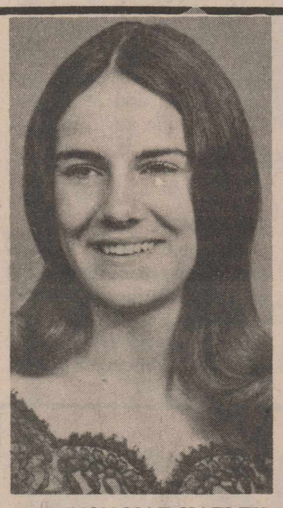

Also to promote interest in flying locally, Perez is presenting an organizational meeting scheduled for Saturday, Jan. 15 in Community Room of Olton State Bank, at 8 p.m.

Shown at this meeting will be a film titled "Airport Means Business" designed to show ways in which an airport in a community will promote business.

The flier states that in this day of modern air travel every community has need for an airport and industry, when looking for a location, will give high priority to accessibility to an airport. Anyone interested in flying is cordially invited to attend the meeting. Everyone interested in an airport for Olton is urgently invited to be present.

When class room facilities have been arranged Perez will begin the Private Pilot Ground School course, for a period of six weeks. Meetings will be held three nights per week, for a period of three and one-half hours per night. Cost for the schooling will be $150, which includes necessary books.

Perez, who will personally teach the course, has four years experience as Professional Ground Instructor. For further information he may be reached by calling 285-2585.

SHANNON MAE HATLEY

Shannon Hatley Follows In Father's Footsteps

Shannon Mae Hatley, 21, has been employed by the City of Plainview police department. She is the daughter of Olton Chief of Police Don Hatley.

Born in Olton, Miss Hatley grew up and attended school in Littlefield. A junior high and high school cheerleader, she graduated from LHS in 1974. She was also selected as FFA Plow Girl while attending Littlefield High School.

The twenty-one-year-old miss has always wanted to be a policewoman, her father reports.

"She applied a couple of years ago but couldn't be hired then because I was a member of the department. After I left, she applied again, it's something she's always been interested in."

Miss Hatley will enroll in special training in the near future.

Evaluation Of Medicaid To Be Made State-Wide

W. Marvin Watson, former Postmaster General and Special Assistant to President Lyndon B. Johnson, will head a state-wide task force to evaluate the Medicaid program in Texas.

Watson, who lives in Daingerfield, will be chairman of the study group that will include representatives of the medical community, business and industry, education, the clergy, and government. Governor Dolph Briscoe, a strong advocate of the study, has named his wife, Janey, as a working member of the committee. Lt. Gov. Bill Hobby and House Speaker Bill Clayton will each have a representative on the group.

The study group, officially termed the Task Force for the Evaluation of Medicaid in Texas, was created at the request of the State Board of Public Welfare.

Jamie Clements of Temple, chairman of the Welfare Board, said that a dilemma of grave proportions exists within Medicaid, in that health care costs, like other costs, have more than doubled since 1974. He said the task force will study the program and make recommendations to the Welfare Board as to whether the program can continue to operate at the present elevated cost levels and also remain within the constraints of recently-lowered federal financial participation and apparent Legislative intent to hold the line on State expenditures.

The Medicaid program makes the Texas State Department of Public Welfare the largest provider of health services in the state. The Department has budgeted $734 million for medical services for the current fiscal year. The program is funded under a federal-state arrangement.

There are 680,000 Texans eligible for the Medicaid program. They represent the state's aged, blind and disabled who are needy and low-income, and some are children who are without the support of one parent for whatever reason, and who live under a pre-determined level of income.

Two Vehicles In Mishap

A two-vehicle accident Tuesday afternoon resulted in extensive damages to the vehicles involved but no injuries resulted.

A 1973 Chrysler, driven by Mrs. Verna B. Parker was in collision with a 1971 Dodge pickup driven by Joe D. Boyd of Lubbock.

Damages to the pickup were estimated at $1200 after being struck at the right front door by Mrs. Parker's car. The accident, occurring at Avenue G and 5th Streets, resulted in about $900 damages to the Parker auto.

Ordinance Reminder

Oltonites are being reminded that a city ordinance requiring residents to have covered trash containers not exceeding 30 gallons will be enforced.

Persons who are placing trash in 55 gallon barrels will not be serviced by the city trash department and trash which litters alleyways and streets may cost residents fines up to $200.

Any unsightly litter accumulation will bring a warning to residents to "clean up" or subject themselves to fines.

Uleta Jenkins Fund Begun

Olton Fellowship of Christian Youth of Olton Junior High School have established the "Uleta Jenkins Fund" at Olton State Bank, according to Mrs. Martha Shackelford, one of the sponsors.

Money originally given for "Bike, Hike, Ride and Rock" in which junior high students and others were participants, was used for the benefit of a "Doctor for Olton". The remaining $90 has been held in the bank awaiting a useful purpose. Decision was made Wednesday to establish the Jenkins Fund.

Correction For Recipes

Attention cooks!

Another error has been detected in the Young Homemakers Cookbook. The yeast bread recipe of Mrs. Ken Burgess on page 12 should have three cups of flour rather than two.

The directions should read for half of the flour to be sifted with the dry yeast. The remainder is added with the salt and sugar.

Clip this and add to your recipe book.

Rash Of Incidents Reported By Police

Chief of Police Don Hatley received a call shortly after 8 p.m. Christmas Eve from Gene Cottrell of Slaton who reported he was attacked and robbed approximately eight miles south of Olton on FM 168.

Cottrell reported a woman standing beside a parked car had flagged him down while he was traveling south. He stopped, backed up to see if he might be of help and was pulled from his car by two Mexican American males. He was knocked to the ground and kicked in the head and some $130 was taken from his shirt pocket.

Managing to get back into his car, he returned to Olton and called Hatley. Hatley called Lamb County Two to the police department. Lamb County Deputy Ed Heskew asked Hatley to accompany him to the scene of the attack.

A neighbor of the Pedro Carabajal family reported that she had noticed a broken door to the Carabajal home Tuesday morning, Dec. 28. The Carabajal family, she told Chief Hatley, were visiting in Beeville during the holidays.

Investigating, Hatley discovered a side door broken in. Drawers had been opened and dumped in the floor. Cookies, ice cream and pops were about the floor.

When the family returned home, a number of items were discovered to be missing including boy's clothing, bedspreads, wall clocks, wall lamps, jewelry box with jewelry, 22 automatic rifle, 22 pistol and coins, especially pennies and quarters.

John Lopez reported the theft of clothes from a line at his home. Clothes taken were men's shirts and clothes for the Lopezes' four-year-old son.

A Message Of Love

By Rex Boyles

I saw love . . . a little boy playing tag with his dog . . . a little girl playing "house" with her doll. I saw love . . . a mother cuddling her baby girl . . . a father wrestling his son. I saw love . . . a boy and girl living a song . . . a husband and wife sharing a dream. I saw love. It sparkled in their eyes. It chimed in their voices. It lived in their embraces. And I thought . . . "love is for everyone".

Then I saw a little boy . . . he had no dog. I saw a little girl . . . she had no doll. I saw a mother . . . she had no baby. I saw a father . . . he had no son. I saw a boy and girl . . . they had no song. I saw a husband and wife . . . they had no dream. And then I asked . . . "Is love for everyone"?

I searched for the answer. "Is love for everyone?" I searched in science and found only theories. I searched in philosophy and found only questions. I searched in history and found only wars. I searched the pages of a tattered and worn Bible and there I found the answer.

From the words in God's Book came the answer. It was an old rugged cross, stained with blood and planted on a hill called Calvary. On that cross the Lord of Glory, suffering shame, called a lost and straying world back home. On that cross the Father had given up His only Son that He might adopt all the world as sons. On that cross the Prince of Life gave up life that He might offer life to all. On that cross the Righteous One, who knew no sin, was made to be sin that all sinners might become the righteousness of God in Him. " . . for God so loved the world . . ."

That is the answer. God said it. Jesus proved it. I believe it. "LOVE IS FOR EVERYONE"

The Main Street Church of Christ wanted to share this message of love with you. If you are ever in need of someone to love you . . . someone to help you, please call on us. We exist for no other purpose and have no other desire than to share the love of Jesus with you, the love he has given us . . . the love he has offered to the world.

Everything But The Kitchen Sink

BY MOZELLE TROTTER

A week old already - the new year is underway! Its days hold promises of happiness and sorrow, laughs and tears, leisure hours and laboring. Much of what it will be is up to us.

Did you watch the parades and football games? There was a pretty good measure of both.

The marvel of television transports us those many miles away to "ring side" seats for that parade of parades - - the fabulous Tournament of Roses parade.

Each year it seems the float builders have achieved the ultimate, out-doing the efforts of the year before. This year was no exception.

Television earned praises for the great job of bringing such a spectacular into the homes of millions who never will see the "real thing."

So much for the "orchids" of New Year's Day television. Now, for some "onions" -- one gal's disfavor with the networks practice - or in my opinion, malpractice.

Yours Truly threatened, "I'm going to write them a letter!"

No, I haven't yet!

It's so maddening to look forward to the half-time performances, expecting to see the efforts of another group's hours of preparations. Then we're fed with re-plays of what's just been seen with some so-called experts telling us what we saw!

After using up seven-eights of the alloted period called "half-time" they exclaim, "And now, down on the field for half-time performance . . . but first a word from . . ."

When some dozen or so sponsors get their "spots" all crammed into this break in the action, we are then transported to the grid-iton arena just in time to see the re-juvenated, fired-up footballers come charging onto the field all ready for the whistle that sounds the second half!

It isn't fair!

I'm joining the Society For the Preservation of Half-Times. Want to be in my club?

MRS. ROBERT CAREY

Church In The Wildwood Scene Of Carey-Bass Vows

Church in the Wildwood in Green Mountain Falls, Colo., was the setting Thursday, Dec. 30, for the marriage of Miss Virginia Marie Bass and Robert Hood Carey.

Parents of the bride are Mrs. George Redinger of the city and J.O. Bass Jr., of Plainview. She is granddaughter of Mrs. Charlotte Wilmeth also of Plainview. Carey is the son of Mr. and Mrs. Robert W.J. Carey of Prescott, Ariz., formerly of Highland Park, Ill.

Escorted by her father, the bride wore the antique ivory satin gown worn by her mother and her mother's sisters, Mrs. Jo Adams of Lubbock and the late Mrs. Ralph Haught of Odessa.

In the tradition of 'something old' and 'something borrowed' she wore a gold bracelet that once belonged to her grandmother's great-grandmother and carried a lace handkerchief belonging to her mother. She wore the traditional 'blue' garter fashioned especially for the bride by her sister, Miss Betty Ann Bass of Denver, Colo.

Miss Bass and Mrs. Tom R. Cook of Lubbock, cousin of the bride, served as bridal attendants wearing floor length gowns. Miss Bass' gown was dark red crepe, Mrs. Cook's of pale green peau de soie. Each carried a bouquet of red and pink sweetheart roses.

William M. Carey of Pacific Palisades, Calif., served as his brother's best man. Groomsmen and ushers were J.O. Bass III, of this city, brother of the bride, and Tom R. Cook of Lubbock.

Holiday greenery, tied with dark red velvet bows, marked the bridal aisle and accented the candelabras before the altar.

Officiating the candlelight ceremony was the Rev. J. Paul Tatter, pastor of the church. Appropriate organ selections were presented by Mrs. Don Lawrie of Colorado Springs, Colo.

Dinner was held following the ceremony in the Green Room of the Broadmoor Hotel in Colorado Springs. Fresh roses and holiday greenery formed centerpieces for the round tables.

Rehearsal dinner the previous evening was hosted by the groom's parents at Rockledge Manor in Manitou Springs. Co-hosting the event were sisters of the groom, Mrs. Geoffrey T. Gordon of Rio del Mar, Calif., and Miss Nancy F. Carey of Chicago, Ill.

Pre-nuptial events honoring the bride included a luncheon at the Lubbock Club, hosted by Mrs. Jo Adams and Mrs. Tom R. Cook; a luncheon and Christmas ornament shower held in the Plainview home of Mrs. C.L. Busby with Mrs. Lawrence Lowe and Mrs. Lon Cartwright assisting. Morning gift-coffees were held in Plainview in the home of Mrs. E.C. Nichol, and in Olton in the home of Mrs. Owen Norfleet.

Mrs. Marie Bass, great-aunt of the bride, hosted a family gathering in her home in Earth, Dec. 22. The couple was honored Dec. 23, at a party in the home of Mr. and Mrs. A.J. Givens. Assisting as co-hostesses were Mrs. P.D. Hammer and Mr. and Mrs. Will Haggard.

THE BUCKET BRIGADE

OR, CARRYING COAL TO HARRINGTON

Planning and scheduling ahead for the future needs of our customers has always been our primary concern.

The first coal-fired electric power plant on Southwestern's lines — Harrington Station — began using coal to generate electricity in 1976. Approximately 11,000 tons are delivered twice a week by a 110-car unit train. Using coal as a fuel in our area will help to stabilize the cost of electric service.

We continue to invest in new equipment and improvements, so you, our customers, will continue to have the electricity you need — at the lowest possible cost.

Elder James Welch, father of the bride, officiated the double ring candlelight ceremony with Patriarch Raymon Carson offering a prayer for special blessing of the marriage.

Parents of the couple are Mr. and Mrs. Welch, Dimmitt, and Mr. and Mrs. John Neighbour, Chariton, Iowa.

Miss Leisa Graef of Hale Center, cousin of the bride, registered guests at a table covered by a white linen cloth and decorated by a red candle.

The altar was decorated with oval candelabra flanked by spiral and tree candelabra. All were fitted with white tapers and trimmed with wood fern and leatherleaf. Arrangements of candles and greenery were in the windows of the church.

Escorted to the altar by the groom the bride wore a wedding gown of quiana and silk chiffon. The bodice featured a dutchess neckline. The sleeves of deep bell shaped chiffon draped from the elbow. The A-line skirt gathered to the back forming a full chapel train.

MRS. MARK STERRETT

Cook Of The Week

Authentic Mexican food recipes are shared this week by a young homemaker who has lived in Olton not quite a year. Mrs. Mark Sterrett also shares a prized recipe for cheesecake which comes from a popular Houston restaurant.

Diane and Mark moved to Olton last March from Las Cruces, N.M. where Mark had just received an agricultural degree from New Mexico State University. He is associated with Olton Farm Supply.

The young Sterretts grew up knowing one another. From Roswell, their parents had gone to school together and Diane's mother can make the unusual claim of having been her son-in-law's baby sitter.

A black cat named Inky completes the Sterrett household.

Diane has countless hobbies. She likes to crochet and embroider. Some of her embroidered samplers decorate the kitchen walls of their home and her latest handwork is a beautiful afghan crocheted in the broomstick lace pattern. She likes to do macrame and her green thumb is reflected in her home.

Hunting and fishing are favorite pastimes she shares with Mark but not recently adopted hobbies. She recalls fun fishing trips with her parents ever since she was very little.

Diane and Mark also love to go arrowhead and artifact hunting, a hobby shared by her sister and brother-in-law.

MRS. ROBERT WILLIAM ZETZSCHE

Mr. Zetzsche-Miss Moore Recite Vows In Friona Friday

Wedding vows were solemnized Friday evening in the Church of Christ in Friona for Miss Kenna Sherry Moore and Robert William Zetzsche, both of Friona.

Officiating the double ring ceremony was D.L. Hargness.

Parents of the couple are Mr. and Mrs. Kenneth Moore, former residents of Olton, and Mr. and Mrs. Robert G. Zetzsche, all of Friona.

Given in marriage by her father, the bride chose a formal length Victorian gown of white organza fashioned with crystal pleated ruffling outlining the deep yoke of French imported chantilly lace, the high wedding ring collar and cuffs of the long full sleeves. Seed pearls and irridescents enhanced the re-embroidered lace adorning the bodice. Her full A-line skirt and chapel train were bordered in matching lace with the pleated ruffling extending upon the back skirt in an apron effect.

Her "bubble pouf" veil of imported illusion was held by a lace "cowboy" hat detailed with narrow, crystal pleated ruffling encircling the brim. She carried a bouquet of stephanotis and roses topped with a white orchid "going-away" corsage.

Keeping traditions, she wore a gold wedding band belonging to the bridegroom's great-grandfather as "something old."

Mrs. Steven Hanes of Hart, sister of the bride, was matron of honor. Bridesmaids were Genie Nelson and Marilyn Jones, both of Friona. They wore formal length dresses of rust colored jersey knit and carried permanent baskets of fall colors.

Drew Hanes, niece of the bride, was flower girl. Kyle Hanes, nephew of the bride, was ring bearer. Candles were lighted by Tim and Karen Moore of Paducah.

Hal Blackburn was best man. Groomsmen were John Seright and Bobby Moore. Guests were seated by Tim Bevackman and Bret Moore.

Robin Zetzsche registered guests.

For her daughter's wedding, Mrs. Moore wore a formal gown of emerald green jersey knit with sculptured high necked bodice, long slim sleeves bordered in matching maribou and gathered watteau panel in the back.

The bridegroom's mother chose a gown of metallic shrimp pink knit with brief butterfly sleeves and softly gathered evening length skirt.

A rehearsal dinner was held in The Parmer House, hosted by the bridegroom's parents.

A reception was held in fellowship hall of the church.

The newlyweds are graduates of Friona High School.

Telephone Tax Decrease Told

Telephone customers across the nation will get another of continuing tax breaks this year as the excise tax on telephone bills will be reduced another 1 per cent during 1977, from 6 per cent to 5 as a result of the fifth step of a 10 year reduction.

The tax elimination was enacted as part of the Excise, Estate and Gift Tax Adjustment Act of 1970 which called for successive one per cent reductions in the excise tax on telephone bills on the first of each year until the tax expires on Dec. 31, 1981.

Congress first imposed the tax on telephone bills during World War I as a "temporary" measure. Although repealed briefly after the war, it was reinstituted during the Depression and at one time rates were as high as 25 per cent on long distance calls and 15 per cent on local service.

SWPS Announces Plans For Coming Year

Melvin Rape, Southwestern Public Service Company, manager, has announced that 1976 was one of the best years in the history of the electric company. "We are indeed pleased about our success during 1976 and with our stable financial picture, we will continue to furnish Olton with dependable electric service at the lowest possible cost," Rape said.

To keep pace with the growth of the area, Southwestern constructed and upgraded the primary and secondary system in the residential section of Olton and provided service for an additional 590 H.P. connected load at grain storage and elevator facilities for handling the largest corn crop ever produced in the Olton area.

Rape also announced that Berl Springer, SPS President stated that expenditures for 1977 will be about $84.5 million, while the projected expenditures for the other four years range from $84.5 million to $116.5 million, the latter expenditure scheduled for 1981. The new equipment and improvements are necessary so that SPS can continue providing electric service for the 45,000 square mile area it serves.

"During the five-year period, Southwestern will be required to borrow about $300 million to meet these construction expenditures," Springer said.

Two additional generating facilities to be installed during this period will increase the SPS system capability by more than 700,000 kilowatts, bringing the total capability to almost three and one-half million kilowatts.

Harrington Station, northeast of Amarillo, will be the site for the two new generating units. Construction has just started on Harrington #2 and it is scheduled to go on the line in 1978. Harrington #3 is scheduled for completion in 1980. Both generators will have a capability of 350,000 kilowatts and will use coal as their primary fuel.

"During the latter part of the five-year period, substantial expenditures will be made on a fourth unit, in the 550,000 kilowatt range, presently planned for completion in 1982. This unit will also use a coal-fired boiler," Springer said.

Southwestern has been using low-sulphur coal from Wyoming at its Harrington Station for about five months. Approximately 11,000 tons are delivered twice a week by a 110 car unit train. The Harrington units each use about 1 million tons per year.

Southwestern Public Service Company, through its fuel subsidiary, TUCO INC., is continuing its aggressive program to assure adequate fuel supplies. "The Company's traditional suppliers of natural gas have been successful in acquiring additional reserves and, at the present time, indicate they have adequate supplies to meet their delivery needs," Springer said.

"The introduction of coal as a fuel to this area should act as a stabilizing factor for the cost of electric service, and we do not contemplate asking the regulatory authorities in our service area for an increase in electric rates during fiscal 1977."

Transmission lines and transmission substations scheduled for completion during the five-year period represent an investment of about $75 million with more than $10 million being invested in 1977.

The construction of distribution lines and substations during this same period will require an expenditure of almost $20 million.

Southwestern Public Service Company has offered $100 million plus a plant site for the nation's first gas-cooled fast breeder reactor. Roy Tolk, SPS board chairman and chief executive officer was recently elected a director of the newly-formed Helium Breeder Associates, Inc. (HBA)

The purpose of HBA is to be the coordinating force in support of the GCFR design and development work aimed at the construction and operation in the late 1980s of a 300,000 kilowatt power plant demonstrating the gas-cooled concept.
