4 Airmen Die As Jet Planes Crash

GREAT FALLS, Mont. (AP)—A sudden, blinding snowstorm sent three Air Force jet planes crashing out of today's early darkness. Two of the craft carried four airmen to their deaths.

Seconds before their plane crashed, two other airmen bailed out and parachuted safely onto a central Montana ranch.

Rancher Olind Jenni saw one plane crash, its fiery flash illuminating the darkness like daylight at the base of a large hill. Minutes later a second plane crashed against the same hill.

A number of other F89 Scorpion jet fighter interceptor craft, caught in the snow-jammed night skies, barely got onto off-base civilian runways 250 air miles away at Billings. Some apparently ran fuel tanks dry and others near exhaustion.

Their exact number and specific mission were withheld as classified military information at the home Malmstrom Air Force Base here.

Early reports included what happened to eight aircraft. But this list appeared incomplete. Others than those on the training mission were involved.

A T33 jet trainer aircraft, on a separate administrative mission, skidded to an emergency landing on its belly and its two men walked out unharmed.

The 29th Air Defense Headquarters at Malmstrom said the dead were:

Lt. James E. Copher, 25, of Broad Camp, Ark., a pilot, and Lt. Ronald D. Hemby, 23, of Frederick, Md., the radar observer, both in the plane which crashed near Ulm, south of Great Falls.

Lt. Charles G. Daniels, 27, of Hayward, Wis., the pilot, and Lt. Eugene A. Murtha, 23, of New York City, both in a crash near Lewistown.

Parachuting safely in the Lewistown area were Capt. John Buttner, 31, of Bluefield, W. Va., the pilot, and Lt. James Johnson, 27, of Groesbeck, Texas, radarman.

Walking away unharmed from a T33 craft's belly landing at Malmstrom in the first of the series of crashes at 1:30 a.m. were these two from Ellsworth AFB: Lt. Arlan Lasm, 24, of Rapid City, S. D., and Royal, Iowa, the pilot, and Lt. David Collins, 25 Rapid City, and Rome, Ga. Their landing gear apparently would not go down properly.

The crashes near Lewistown were about 100 miles east of here while the other fatal crash was 12 miles south of the Great Falls base.

Landing safely at the Billings airport were Lt. Gerald Hanse, Lt. Bruce Williams, Lt. Richard Rouse, all of Malmstrom AFB, and Lt. John Cameron of Hamilton AFB, Calif.

One airman who made it safely to a civilian base said: "We were in the process of running out of fuel. We landed at Billings out of self preservation."

The airman speculated that the planes which crashed did not have enough fuel to fly as far south as Billings.

Among the planes which also sought shelter in Billings were two Air National Guard craft and a T33 from Hamilton AFB.

Daniels is survived by his parents, Mr. and Mrs. Gerald M. Daniels of Hayward, Wis., and his widow, Darlyen, and four children, at Great Falls. Murtha is survived by his parents, Mr. and Mrs. James Murtha of New York City, and his widow, Helen Ann, of Great Falls.

SEN. JOHNSON COMING HERE—Sen. Lyndon B. Johnson, majority leader in the U. S. Senate who is being boomed for the presidency, will include a stop at the Diamond M Ranch on his busy schedule Thursday. Sen. Johnson will be the guest of C. T. McLaughlin, local oilman and political leader, and invited guests from a 20-county area are due at the ranch to greet the Senator at a noon barbecue. Sen. Johnson also will be joined by Co. E of the Texas Rangers, who serve an area of the state from Breckenridge to El Paso and south to Kerrville.

Report Made On Courthouse Here

Although the present building is sound structurally, Scurry County must go into a substantial construction project if it decides to expand and improve its courthouse and jail facilities.

That was the word county commissioners received Monday from Haynes and Kirby, architects—engineers, who had been retained earlier to survey the courthouse.

The existing building provides approximately 23,000 square feet of gross area, which is less than half the area likely to be needed for all facilities the county has indicated it would require.

Boiled down, the report showed that the present building could be "salvaged" and modernized for an expenditure of about $238,000. However, this would still leave only 12,880 square feet of usable space because, as the report pointed out, the building consists of masonry bearing exterior and interior walls which cannot be altered without great expense if the old building is preserved.

The architects recommended that the open stairway and central shaft be eliminated not only because of wasted space, but the facility does not meet minimum building code requirements and does not comply with the state fire escape law. They also recommended that the wood roof construction be replaced with fireproof construction if the old building is retained.

An expansion project to provide sufficient space for offices, along with the county jail, would cost an estimated $1,275,000 if the old building is utilized, the architects estimated.

Their estimate on a completely new structure was $1,357,000.

If a full expansion project is undertaken, the architects said they doubted that as much as $100,000 could be saved by utilizing the old structure.

Commissioners discussed the report briefly yesterday, and indicated that more study will be given to the situation before a definite proposal is advanced.

Robinson Rites Set

Boss Robinson, 74, died at 2:55 p.m. Monday at Cogdell Memorial Hospital.

Born June 14, 1885, in Johnson County, Texas, Mr. Robinson was a retired rancher and lived in and around Scurry County since 1946.

Services will be held at the Bell Funeral Home chapel at 2 p.m. Wednesday, with the Rev. Charles Spivey, minister of the First Presbyterian Church, officiating. He will be assisted by Rev. Harry Vanderpool, pastor of the First Methodist Church and the Rev. Eugene H. Surface of Eastland.

Interment will be in the Rotan cemetery, with grave side rites at 4 p.m. under the direction of Bell Funeral Home.

Pallbearers are Billy McCombs, Carlton Burrow, Stanley Robinson, Carlton Daughtery, Bill Green and Layman Newton.

Survivors include the widow, Mrs Nora Robinson of Snyder, a son, Major Conner Robinson of Madison, one sister, Mrs. Kate Robinson of Rotan, three granddaughters, and one great granddaughter.

Mr. Robinson was a member of the First Presbyterian Church, and a member of the Masonic Lodge at Rotan. He was married Jan. 28, 1906, in McCaulley. He made his first home near Rotan, moved to Double Mountain River and from there to Snyder.

One daughter, Mona Robinson preceded him in death in April, 1945.

Light Rains Fall In State

By The Associated Press

El Paso and Wink had light rain Tuesday morning while cloudy skies prevailed over the South Plains and Southwest Texas. Fair weather was reported over the rest of Texas.

Lufkin was the coolest spot in Texas Tuesday with a temperature of 33 degrees while the warmest in the state early today were Brownsville and Laredo with a 52 reading. Temperatures elsewhere ranged from near 40 in the Panhandle, Northeast Texas, and the interior portions of South Central Texas, to near 50 over the remainder of the state.

The forecast called for showers in most portions of Texas by Wednesday.

No rain fell in Texas Monday and the high temperature for the day was 73 at Brownsville.

Mother, 6 Children Perish In Explosion

GLENS FALLS, N. Y. (AP)—A mother and her six children perished today in an explosion and fire that destroyed their home near here. The father was burned critically.

The Sheriff's Department said one of the family apparently had thrown kerosene or gasoline into a wood stove in the living room of the one-story frame dwelling.

REUNION—Wendy Jacka, 4, of Perth, Australia, showered all of her love and affection on her pet dog, Droopy, on the dog's return home from a visit at a veterinarian's office. The dog was credited with saving Wendy's life when he pulled a deadly snake away from her and killed it. Droopy was bitten on the nose as he killed the snake and had to go to a vet for treatment.

Veterans Set For Special Day Here

Scurry County veterans of all wars will celebrate their special day tomorrow, although the Nov. 11 date is not a general business holiday here.

Some government agencies, including the U. S. Post Office, along with both local banks, will be closed, however.

Veterans organizations here have taken advantage of the opportunity to remind the public of their many projects, the role they play in the community life, and the objectives of their respective organizations.

Three veterans organizations are active here. They include the American Legion, the Veterans of Foreign Wars and the World War I Veterans.

Requirements for membership, along with a full report on their activities may be found in Section B of today's issue of The Snyder Daily News.

The veterans organizations will climax their observance of Veterans Day with a banquet tomorrow night at the Veterans Club. All members of the organizations and their families are invited to attend the event, which will begin at 7 p.m. There will be no admission charge for members and their families. Also, any other veterans who may be interested in joining one of the organizations may attend free by taking out membership during the session.

Criticism Of Ike Labeled Demagoguery

WASHINGTON (AP) — The White House today described as demagoguery the charge by labor leader Emil Mazey that President Eisenhower's actions in the steel strike were a political payoff to the steel companies.

Press secretary James C. Hagerty told newsmen: "Such demagoguery, leveled against President Eisenhower, is, of course, not really worthy of comment. I am sure that the American people realize that the President acted only when it was clear that the welfare of the United States dictated positive action under the law. Such action was upheld by the courts of our land."

"Sure," Hagerty replied when asked whether his remarks applied to several other labor leaders who had been critical of Eisenhower's handling of the steel strike.

Mazey, secretary-treasurer of the United Auto Workers, made his accusations against Eisenhower in a speech Monday to the convention of the AFL-CIO Industrial Union Department.

Mazey asserted that Eisenhower used the Taft-Hartley law to end the steel strike as a payoff to corporations which backed Eisenhower in the 1956 presidential campaign.

Dag Set To Depart On Laos Trip

By TOM HOGE

UNITED NATIONS, N.Y. (AP) — Secretary-General Dag Hammarskjold leaves for troubled Laos tonight despite a sharp Soviet protest that his trip can only complicate the situation.

Outwardly ignoring Moscow's growing annoyance over his taking an active role in the Laotian issue, Hammarskjold plans to spend a week in the Indochinese kingdom to learn first hand about its troubles with Communist rebels.

The Soviet Union complained publicly after the secretary-general informed the 11-nation Security Council by letter that he might leave a personal representative in the embattled country.

Soviet delegate Arkady Sobolev in a reply to Hammarskjold rejected his reasons for making the trip and possibly leave a "U.N. presence" in Laos.

"All such steps," said Sobolev, "cannot be considered otherwise than attempts to use the United Nations for covering the actions of certain powers, aimed at complete liquidation of the Geneva agreement of 1954 which cannot but entail dangerous consequences for peace in Southeast Asia and in the whole world."

The U.S.S.R. has demanded revival of the International Control Commission, composed of Canada, India and Poland, set up under the 1954 Armistice which ended the Indochina war.

Hammarskjold declined to comment on the Soviet letter.

Man Sought In Holdup Is Nabbed

ST. PETERSBURG, Fla. (AP)—A man sought by a posse of 200 police and sheriff's deputies was arrested Monday night in connection with a holdup in which the bandit escaped through a police cordon while holding a caretaker for protection.

Lyle T. Ennis, 25, was arrested while trying to flag down a car about one mile from the Lakewood Country Club, scene of an exchange of gunfire between officers and a gunman who police said attempted to take $1,800 from the club safe.

Police Chief E. Wilson Purdy said Ennis had a bullet wound in his throat. He said the injury was not serious.

Police were holding three other men and a woman for questioning in the holdup. A car, believed owned by Ennis, was found abandoned near a swamp where the bandit fled.

The gunman surprised Thomas MacDonald, 58, a caretaker at the club, about 3 a.m. Monday. MacDonald's wife Mattie, 52, crawled into a small office and telephoned police that several men in Halloween masks were trying to rob her husband.

When officers attempted to enter the building the gunman opened fire. MacDonald said the man held a gun on him and ordered him to lie on the floor. He told police he saw no accomplices.

"Good luck. Pray for me," MacDonald said the man told him when he released him several blocks from the club.

WEATHER

SNYDER TEMPERATURES: High Monday, 68 degrees; low, 31 degrees; reading at 7:30 a.m. today, 48 degrees.

East and South Central Texas: Increasing cloudiness and warmer Tuesday afternoon and night. Cloudy and mild with scattered light rain Wednesday.

North Central Texas: Mostly cloudy through Wednesday. Warmer Tuesday night. Scattered light rain Tuesday night and Wednesday. Turning colder north portion Wednesday.

Northwest Texas: Considerable cloudiness through Wednesday. Scattered light rain Tuesday night and Wednesday. Turning colder Wednesday and in Panhandle Tuesday night. Lowest 32 to 42 Panhandle and upper South Plains Tuesday night.

Southwest Texas: Considerable cloudiness through Wednesday with scattered light rain turning colder upper Pecos Valley eastward Wednesday.

Gulf Coast: Variable winds 8 to 18 to p.h. northeast portion and northeast to east through Wednesday. Mostly cloudy with

Growers Deny Cranberries On Market Produce Cancer

WASHINGTON (AP) — Growers heatedly denied today that cranberries with a cancer-producing content are on the market. But A. & P. Stores headquarters in New York announced withdrawal of the berries and their products from sale in all of its 4,000-unit nationwide food chain.

One big group of farmers demanded the ouster of Secretary of Welfare Arthur S. Flemming for putting out word, just ahead of the traditional cranberries-with-turkey feast of Thanksgiving, that part of the West Coast crop has been found contaminated by a weed killer.

A county agricultural agent in the area of reported contamination offered to eat all the berries he could hold. He said there is no evidence the material induces cancer in humans.

And the National Agricultural Chemicals Assn. came in with the comment that the amount found in berries is so low a human would have to subsist almost entirely on the fruit for years to approximate the conditions that produced cancer of the thyroid in test rats.

But an A. & P. spokesman said the fruit, whether fresh or canned, was being pulled off the shelves to be on the safe side. He said the firm feels the berries are safe but in the public interest is believes it best to pull out until the situation clears up. He added that most of the chain's berries come from unaffected areas in Wisconsin, Massachusetts and New Jersey.

On the other hand Gristede Bros., which operates 120 stores in the New York metropolitan area, said it was leaving berries on sale. That firm said its berries are from Massachusetts and New Jersey.

The uproar was set off by a statement from Flemming Monday that the contamination, resulting from improper application of the weed killer aminotriazole, had been found in part of the 1959 crop from Washington and Oregon, and the 1958 crop is being checked.

The secretary said the Food and Drug Administration urges that no further sales of cranberries or cranberry products from the area be made until the industry has submitted a workable plan to separate contaminated berries from those not contaminated.

As for the housewife, Flemming said under questioning, "to be on the safe side, she doesn't buy" if she cannot learn the source and year of the berries.

Flemming said no reason has been found to suspect berries from the other big growing areas in Wisconsin, New Jersey and Massachusetts. He did not indicate how much of the Washington-Oregon output may be affected, nor where it may have been sold. Some contaminated berries have been stopped, Flemming said, but he mentioned one lot already distributed before it was identified.

Despite the outcries from the industry, there were reports of fast nonfederal action.

George P. Larrick, FDA commissioner, said Milton Duffy, head of California's State Food and Drug Agency, had told him of plans to stop movement of cranberries and their products from warehouses.

Duffy also said San Francisco health authorities were quarantining all such stocks in the city, Larrick said.

The food and drug chief said he has talked with officials of the growers' principal organization and expects representatives at his offices for conferences, probably soon after Wednesday's veterans holiday.

"I assured them we would welcome them and do everything we could to help them separate the good from the bad," Larrick said.

Larrick also said aid is being asked from states with the necessary equipment to speed analyses. The tests are so complicated, he said, that two chemists can complete analyses of only three samples in one day.

Five Men Charged In Marijuana Raid

NEW YORK (AP)—Five men face arraignment today on charges stemming from what authorities describe as a major break in the Mexico-New York marijuana traffic.

Customs agents seized 180 pounds of marijuana Monday night, along with three men they said brought the dope here from Mexico, hidden in their car. Arrested as receiver at the same time were two New York men.

Lawrence Fleishman, supervisory agent of the customs service for the Metropolitan area, called the seizure a major break in the marijuana trade from Mexico, and said it was also the largest marijuana haul in New York City's history.

On the retail market, the dope would bring about $189,000, Fleishman estimated.

He said agents knew that three men were coming across the Mexican border at Eagle Pass, Tex., last Friday, and purposely let them go through without trouble.

Fleischman said the marijuana was hidden under the seats, in the door panels, and in a bogus spare tire of the car.

The three men were watched at checkpoints along the way to New York. A Port of New York Authority policeman spotted them entering the Lincoln Tunnel Sunday on the New Jersey side, and police got on their tail.

About 10 customs agents arrested the three from the dope-carrying car, plus the two New York men, last night at 14th Street and 8th Avenue. Fleishman explained that the long surveillance was to try to learn who the marijuana receivers were.

The five arrested are:

David Martinez, 23, of Morral, Coahuila, Mexico; and David Vazquez, 28, and Benjamin Shacon, 31, both of Eagle Pass, Tex.; Raul Fuentes, 24, of Manhattan and Esteban Lastra Padailla, 21, of the Bronx.

Gasoline Tax Hike To Build Roads Urged By Gov. Daniel

SAN ANTONIO (AP) — Gov. Price Daniel today urged a one-cent boost in the gasoline tax to finance state highways and education.

"When the temporary 21-month increase in the federal gasoline tax expires, Texas should pick up this extra cent for vital improvements in highways and education," the governor said. Daniel said future farm road financing should come from this source, rather than the general fund.

The remarks came in a speech prepared for delivery at the Texas Farm Bureau convention.

Daniel suggested the state should enact the one cent tax before the federal tax runs out, to be effective when the U.S. tax expires. He listed these reasons:

"1. The gasoline tax is a principal source of state revenue for our two most costly functions of government—highways and education. Three fourths of this tax is dedicated by the Constitution to highways and one-fourth to education.

"2. If we do not use this tax source the federal government will be more likely to continue it after 21 months.

"3. Only one state has a lower gasoline tax than Texas, and as long as we fail to collect as much as our neighboring states, it is an open invitation for the refineries to charge more for their product in this state, as was actually done several years ago."

The extra one cent gasoline tax voted by Congress went into effect Oct. 1. It was approved as an emergency measure to help the states finance planned federal aid highway projects.

Daniel told the farm organization that he could see no justification for refunding to non-highway users the portion of present or future gasoline taxes which is collected for public education.

That part of the tax, the governor said, is not a highway user tax.

"I believe the farmers and ranchers of Texas have the patriotism and statesmanship to give up the small share of the refunds which otherwise would go to the public schools," Daniel said.

House Speaker Waggoner Carr also was a speaker at the convention.

He emphasized a belief that the farmer and rancher continues to be an important factor in Texas despite recent great forward strides in industry.

Tiny Transmitter Takes Long Ride

WALLOPS ISLAND, Va. (AP) — A five-stage rocket hurled a tiny radio transmitter 1,051 statute miles into a cold, cloudless sky today. The nose cone dropped into the Atlantic about 28 minutes later some 800 miles off shore.

The instruments it carried aloft sent back new information on the electronic density of space more than 800 miles up.

The vapor trail and smoke left as the rocket roared upward could be seen along most of this Delaware - Maryland - Virginia peninsula. There was virtually no wind, and the long column hung motionless for several minutes.

The shoot was conducted by the Army's Ballistic Research Laboratories based at the Aberdeen Proving Grounds, Md., in cooperation with the National Aeronautics and Space Administration.

The Army said all phases of the shoot — dubbed "Strongarm" — performed just as expected.

The tiny transmitter was designed and packaged by Dr. Lyman W. Orr of the University of Michigan to get a reading on the amount of electronic activity in the upper reaches. It had not been measured at that height before.

The data, when fully compiled, will be distributed to the 66 nations participating in the International Geophysical Year program.

The Army plans to use the information for military purposes. It now will know more accurately what type of space intercontinental ballistic missiles and anti-ICBMs will be operating in.

The rocket assembly consisted of an Honest John rocket, two Nike-Ajax boosters, a modified Recruit, and a "scaled" Sergeant missile. The complete package measured 56½ feet and weighed 7,125 pounds. It was designed to reach a speed of 17,000 feet a second at burnout.

The transmitter operated on two frequencies—37 and 148 megacycles. It began operating 30 minutes before the firing, and continued until it sank into the ocean. Tracking and radio reception were conducted at the launching station here in a specially constructed van.

A spokesman said he could not speculate when the information would be processed and available for distribution.

Castro Again Accused Of False Report

WASHINGTON (AP) — The United States again has accused Fidel Castro's Cuban regime of circulating false reports it said apparently were designed to create hostility between the two countries.

Target of the newest Washington protest was what the State Department called "an offensive brochure" seeking to link this country with violence in Havana Oct. 21 in which two persons were killed and 45 injured.

It was the second time in two weeks this country has protested Cuban charges that the damage was caused by U.S.-based planes which Cuba said dropped not only leaflets but live bombs.

Cuban Ambassador Ernesto Dihigo, called into the State Department to receive the statement, said the brochure "contains nothing against the U.S. government." An earlier protest was handed to Cuban officials in Havana Oct. 27, after Castro charged in a speech that the United States did nothing to stop bombing of a defenseless nation.

The 12-page brochure shows a photograph of two planes in the air and is captioned "as in Pearl Harbor." It shows also photos of wounded men, women and children, and quotes the FBI in Miami as reporting the aggressors took off from Florida bases and returned there.

The FBI has quoted Maj. Pedro Luis Diaz Lanz, former chief of Castro's air force, as saying he had piloted a plane over Cuba but had dropped only leaflets.

Drilling Pace Is Stronger

DENVER (AP)—Drilling of oil and gas wells in 11 western states has set a stronger pace than in 1958 in the first 20 months of this year.

Now that striking steel workers have been ordered back to the mills, Petroleum Information industry publication, said, last year's completion total of 4,620 wells [illegible]

The 20-month completion figure is 3,909 with a success percentage of nearly 53—1,619 oil producers and 442 gassers. The figures by states, showing total completions and oil and gas successes, are: Northern New Mexico, 764-358-306; Wyoming, 758-322-57; Western Nebraska, 756-248-1; Colorado, 639-128-62; North Dakota, 363-233-0; Montana, 268-128-7; Utah, 251-160-7; Western Kansas, 81-33-1; Arizona, 18-2-1; South Dakota, 10-7-0; Nevada, 1-0-0.

Bank Robber Is Sentenced

SHERMAN, Tex. (AP)—Charles Roy McCrory, 19, received two five-year suspended sentences in U.S. District Court here Monday after pleading guilty to robbing a Krum bank.

McCrory was charged on two counts in connection with the taking of $1,865 from the Denton bank in April. He was arrested at nearby Grapevine shortly after the robbery occurred.

The suspended sentences will run concurrently.

Judge Joe W. Sheehy imposed the sentences after the youth's attorney told the court that he "does not believe McCrory is a criminal because he has worked hard every day since he was released on bond."

After he was arrested, McCrory told officers he was unarmed when he went to the Krum bank. He said he robbed the bank because he was worried about his family since his tractor and farm equipment had been repossessed.

Control Of TB Patients Is Urged

AUSTIN (AP)—Steps should be taken quickly to control patients who leave state hospitals while they have active tuberculosis, a state agency was warned Monday.

Mrs. Howard E. Burt, Corpus Christi, told the board of hospitals and Special Schools there are enough former state TB patients in Bexar County.

The agency heard a report on construction at the State School for Mentally Retarded Children being established in Denton. Raymond Vowell, executive director, said the first six cottages are 70 per cent complete and work is well along on the administration building, hospital and two other cottages.

A study of ways to finance care of aged persons in private nursing homes was ordered after French Robertson of Abilene, chairman, said such persons are occupying 2,700 beds in mental hospitals.

Transferring them to privately-owned homes would allow them to receive adequate care at far less cost to the state and would open up space in the hospitals for mentally ill persons on waiting lists, he said.

PUBLIC RECORDS

MARRIAGE LICENSES ISSUED:
Kenneth L. Reeves, 18, Hermleigh, and Mary Ann Wright, 18, Loraine.

DIVORCES GRANTED:
Leslie Gill vs. Bobbie Gill.

FILED IN CIVIL DISTRICT COURT:
Rachel Wright vs. George Wright, suit for divorce.

WARRANTY DEEDS RECORDED:
D. R. Scott and J. L. Browning to Mr. and Mrs. Edwin Charles Neves, all of Lot number 5, Block 4, of the Highlands Addition, except minerals.

D. R. Scott and J. L. Browning to Lorance J. Kimes, all of Lot number 22, Block 4, of Noble Heights Addition, except minerals.

Mr. and Mrs. C. A. Heath to Mr. and Mrs. J. D. Henderson, all of Lot number 4, Block 6, of Noble Heights Addition, except minerals.

Mr. and Mrs. Edward A. Rogers, Jr. to Mr. and Mrs. C. O. Boles, Jr., all of Lot number 19, Block E-2, of the Highland Park Addition, except minerals.

Mr. and Mrs. Buford Thornton to Mr. and Mrs. Billy Joe Rich, all of Lot number 4, Block 4, Chambers Addition.

NEW VEHICLES REGISTERED:
W. W. Miers from Wilson Motors, 1959 Mercury four door Monterey.

H. H. Cary, Ira, from Wilson Motors, 1960 Ford pickup.

Jess Hendricks, Gail, from Wilson Motors, 1960 Ford Club Sedan.

Daniel R. Martin from Wilson Motors, 1960 Mercury four door.

Henry B. Hood from Wilson Motors, 1960 Edsel two door hardtop.

W. R. McLennan from Wilson Motors, 1960 Ford two door hardtop.

W. F. Nicliffer from Lamb Chevrolet Co., 1959 Chevrolet four door station wagon.

The Western Company of North America, Ford, Aerial, from Fred Jones, Inc., Oklahoma City, Okla., 1960 Ford pickup.

Jesse E. Martin from Pollard Motors, 1960 Plymouth four door.

Pair Lose Retrial Bid

ST. LOUIS, Mo. (AP)—Two Truman administration officials, Matthew J. Connelly and T. Lamar Caudle, lost their second bid for a new trial in a ruling Monday by the 8th U. S. Circuit Court of Appeals.

Connelly was appointments secretary to former President Harry S. Truman. Caudle was head of the Justice Department's tax division. They were convicted by a federal jury in 1956 of trying to block prosecution of Irvin Sachs, St. Louis shoe wholesaler, in a tax evasion case.

The pair, sentenced to two years in prison and fined $2,500 each, sought a new trial on the basis of an affidavit by Harry I. Schwimmer, an attorney for Sachs. Schwimmer swore a memorandum from his files that was used as evidence against them was made without their knowledge.

Connelly and Caudle have 20 days in which to petition for a new hearing. If they do not act, an Appeals Court mandate will be filed and the pair then will have 30 days in which to surrender and start serving their prison terms.

Actor Enters Guilty Plea

BRACKETTVILLE, Tex. (AP)—Chester M. Smith, 32, a movie extra from Hollywood, pleaded guilty to murder Monday and was sentenced to 30 years in prison.

The jury, nine women and three men, returned a verdict in 10 minutes. The sentence had been recommended by both the state and the defense.

Smith waived the 10-day waiting period to permit motion for a new trial and accepted immediate sentence. He was jailed at Del Rio.

Smith was accused of murdering LeJean Ethridge, 26, of Hollywood, in a house she shared with him and three other male extras. All were working on "The Alamo," being filmed near here.

Miss Ethridge, who had been given a bit party in the movie by film star John Wayne, was packing to move out of the house. Authorities said Smith killed her because of jealousy and fear that she no longer cared for him.

Venereal Disease Is On Rise Again

WASHINGTON (AP) — A Public Health Service officer says venereal disease is rising again in the nation, with a particularly shocking increase in the 15 to 19 year age group.

Dr. William J. Brown, of the communicable disease Center in Atlanta, said "private physicians, clinics and hospitals have reported increases in both early syphilis and gonorrhea in colored and white, male and female, poor and rich, young and old, urban and rural, and every category in between, all across the country."

Brown blamed partially the false belief that penicillin could wipe out these diseases, with a resulting let down in efforts to stamp out VD.

Coast Guard Bans All Fires Along Ship Channel Segment

HOUSTON (AP) — The Coast Guard today banned all fires along a six-mile strip of the Houston ship channel where high octane gasoline from the burned and ripped Amoco Virginia continued to seep.

The Sunday fire and resulting explosions killed seven on the tanker, and a city fireman drowned while cooling the ship. Twenty-five persons suffered injuries.

The Coast Guard was told Monday that Sunday's fire was caused by a "huge pool of fire which swept upstream."

The captain of the tug "Pan VI" told newsmen he testified at a preliminary investigation at Port Arthur that the fire did not start near our barges, tug or the Amoco Virginia."

Capt. L. G. Hodges said he told the Coast Guard the fire "was being drawn upstream in the wake of another tug pulling a barge."

Lt. Cmdr. R. J. Evans, captain of the port, ordered all smoking, fires, welding torches and other sources of ignition banned three miles above and three miles below the Amoco Virginia. He also banned fires within 300 yards of either bank of the ship channel.

"Although the gasoline is not solid in the channel, it concentrates in pockets and the fumes become thick enough to explode," he said.

The incoming tide carried the seeping gasoline up the channel.

Included in the area affected by Evans' order is the big Sheffield steel plant, just being reopened after the steel strike. A Sheffield spokesman said the plant has one blast furnace within 300 yards of the channel and it will not be rekindled until danger from the gasoline ends.

• • •

HOUSTON, Tex. (AP) — The Coast Guard was told Monday that the fire and explosion aboard the S.S. Amoco Virginia Sunday that killed 7 men and injured 25 was caused by a "huge pool of fire which swept upstream."

The captain of the tug Pan VI told newsmen he testified at a Coast Guard preliminary investigation at Port Arthur that the fire did not start "near our barges, tug or the Amoco Virginia."

Capt. L. G. Hodges said he told the Coast Guard the fire "was being drawn upstream in the wake of another tug pulling a barge."

The Pan VI was tied up next to the Amoco Virginia at the time and Hodges said he watched as the sheet of flame—about 800 feet on diamater—surged toward the tanker.

Hodges said he cast off his lines as the fire approached and left the area. The fire and explosion happened soon after, he said.

Coast Guard Cmdr. Robert Flockhart, said an investigating team will start taking sworn statements here today.

Upper reaches of the Houston ship channel remained shut to traffic because of gasoline fumes seeping from the fire-swept ship.

R. J. Evans, port captain, said "We're just sitting on a lighted dynamite keg."

A Houston fireman drowned Monday while working to cool down the vessel.

Evans warned the public to stay clear of the Hess Terminal area where the smoldering, blackened hulk settled on the muddy bottom of the channel.

Evans said the danger lay in gasoline leaking into the waterway, and in thick fumes around the Hess Terminal area. The situation was especially critical, he said, because stocks of fire-quenching chemicals had been depleted.

The Hess docks are located in the center of a rich industrial area covered by a forest of tank farms, refineries, chemical plants, and a steel plant.

Some Auto Makers May Not Be Hurt

DETROIT (AP)—Steel production probably resumed in time to prevent any serious disruption of car output by Ford, American Motors and Studebaker-Packard, say auto industry spokesmen.

But the pinch of steel shortages is expected to continue to affect General Motors and Chrysler.

GM, largest of the automakers, already has stopped production on all but two of its assembly lines because of inadequate supplies of steel, and one of its remaining assembly lines, at the Flint, Mich., Buick plant, is to suspend operations tonight.

Chrysler, working a four-day week, will be able to turn out cars for two more weeks, company officials said.

Steel shortages have idled more than 210,000 in the auto industry, most of them at GM.

Ford announced it will work five full days at Lorain, Ohio; Kansas City, Mo.; Los Angeles, and Wixom, Mich., this week. It plans to operate five days at all manufacturing plants next week.

American Motors indicated continued production was possible without a serious halt unless there are unforeseen delays in shipments of steel.

Studebaker-Packard said it will be able to build through Dec. 18 with steel on hand.

Abraham Lincoln served in the U. S. Congress as a member of the Whip party.

Smith Rites Held Today

Funeral services were held today at 3 p.m. for Mrs. W. P. Smith, 3105 Avenue U, who passed away at 10:45 a.m. yesterday at Cogdell Memorial Hospital.

Mrs. Smith was born Sept. 1, 1872, at Mexia.

Services were held at the First Methodist Church with the pastor, the Rev. Harry Vanderpool officiating. Interment was in the Snyder cemetery under the direction of Bell Funeral Home.

Pallbearers were Joe York, Colbert Drum, Borden Gray, Raymond Sears, Johnny Boren, and Charlie Ainsworth.

Survivors include four daughters, Effie Goff, Aztec, N.M.; Eunice Smith, Snyder; Floy McCright, Trent, and Rayolene Isaacs of Snyder; one brother, John Milligan of Amarillo; two nephews, three grandchildren and 11 great grandchildren.

Mrs. Smith was married to W. P. Smith, April 16, 1893, at Snyder. To this union five children were born. A son, Elzie P. Smith, preceded her in death in Jan. 1945.

Mrs. Smith joined the Methodist Church in July, 1900, at Gavitt in Borden County.

The first women students were admitted to Pennsylvania State University in 1871.

A British miner, Thomas Riley, won $585,421 on a 60 cent football pool bet in 1938.

KING AND QUEEN EXES—Mr. Elmer Taylor and Mrs. Minnie Davis Sterling were chosen king and queen of the Ira Exes at the homecoming activities held Saturday. Mr. Taylor was student at the Ira school in 1917 and returned as superintendent in 1933. Mrs. Sterling was a student in 1904.

HALFTIME ACTIVITIES—At the homecoming football game at Ira Saturday these two students were named homecoming sweetheart and hero. Miss Anita Patterson is pictured with the arm bouquet of red roses presented her at halftime, along with Bill Murphy who was crowned as hero.

County-Wide 4-H Com. Meet Held

A county-wide 4-H committee meeting was held Saturday.

Members present were. Eudera House, Helen Steril, Karen White, Robin Reavers, Billy Sue Herring, Patsy Jones and Nelda Warren.

Miss House called the meeting to order and gave the 4-H pledge and prayer. Minutes of the previous meeting were read by Helen Stirl.

It was announced that the achievement day event has been changed to Nov. 21, to be held at the livestock barn in Towle Park.

Robin Beavers will have charge of an exhibit of record books. A booth will also be open with year pins, leadership pins, yearbook covers and picture protectors available. Helen Steril, Pasty Jones and Mrs. C. L. Jones will be in charge.

Miss Ruby Butts will speak on 4-H record books, which promises to be helpful to any member.

Awards and certificates of completion will be presented to those eligible.

Karen Roberson, Kenneth Stephens Exchange Vows

Mr. and Mrs. Frank Roberson 2705 Avenue O, announce the marriage of their daughter Karen Sue, to Kenneth Stephens of Earth Tex.

The ceremony was performed in the home of the bride-grooms mother, Mrs. John R. Murrell of Earth on October 24.

Following the ceremony the couple left for Kansas City, Mo. where they made their homee

White And Brown Kisses

INGREDIENTS: 1 large egg white, ¼ cup sugar, ½ teaspoon vanilla, ½ cup coarsely chopped pecans, 1 cup cocoa-flavored crisp rice cereal.

METHOD: Beat egg whites until they hold soft peaks. Gradually beat in sugar, then vanilla; continue beating until very thick. Fold in pecans and cereal. Drop heaping teaspoonfuls of mixture, a couple of inches apart, onto a lightly buttered cookie sheet. Bake in very slow (275 degrees) oven 20 minutes or until firm. Remove at once with spatula to wire rack to cool. Makes 30.

Edam Eggs

INGREDIENTS: For each hearty serving—2 large eggs, 1 tablespoon water, salt, white pepper, ¼ cup finely diced Edam cheese, ½ to 1 tablespoon butter.

METHOD: Whisk eggs just until yolks and whites are combined. Mix in water, a pinch of salt and a dash of pepper. (Go slow on salt because cheese will add some) Melt butter in skillet; when it hisses, add eggs and cook over low heat. Stir with large spoon only as egg sets; just before eggs are as set as desired stir in cheese and remove from heat. Serve at once.

Helps You Overcome FALSE TEETH Looseness and Worry

No longer be annoyed or feel ill-at-ease because of loose, wobbly false teeth. FASTEETH, an improved alkaline (non-acid) powder, sprinkled on your plates holds them firmer so they feel more comfortable. Avoid embarrassment caused by loose plates. Get FASTEETH at any drug counter.

Ira Holds Homecoming Activities

The Ira School held their first invitational homecoming last Saturday with approximately 800 persons registering.

Activities began with a family gathering and registration at the community center, followed by a special program at 4:30 in the school gym. Mr. Roy Sallee, superintendent was master of ceremonies.

Mr. Sallee welcomed the group, followed by a welcome to the exes by Elmer Taylor.

Recognition of the 1929 graduating class, the first at Ira, was given to Miss Mayne Giddens and Mrs. W. E. Knowles. Those recognized fo rtraveling the fartherest distance to attend were, Mrs. Nora Haley, Mrs. Claude Casey and Mrs. Ruby Lewis, all of California.

Former trustees were presented along with the present as was faculty members.

The exes group held an election of officers with the following chosen: Edgar Taylor, president; Ava Moran, vice president; Mrs. Mack Kruse, secretary; and Mrs. Rae Falls, treasurer.

Following the football game, coffee and a visitation was held. About 600 persons were served at the barbecue supper.

The group voted to hold another homecoming event on Oct. 14, 1961.

WOMEN'S CALENDAR

TUESDAY

Business and Professional Women's business meeting, Martha Ann Clubhouse, 7:30 p.m.

Atheneum Study Club, 3:45 p.m. with Mary Brackeen, hostess.

By MRS. N. F. HALL

Mr. and Mrs. Jess Brown and Johnny spent the weekend in Cisco visiting Mr. and Mrs. Dan Hall and Mr. and Mrs. William Walker.

Miss Linda Hairston a student at Tarleton State College, visited her parents and grandparents, Mr. and Mrs. Bill Hairston, and Mr. and Mrs. Joe Hairston over the weekend.

Mrs. N. F. Hall visted her father, L. L. Seale of Roscoe Sunday.

Rev. and Mrs. Jim Fields of Big Spring were Sunday guests of Mr. and Mrs. Charlie White, Mary and Dickie.

Lucky Merket a student of Tarleton State College, spent the weekend with his parents, Mr. and Mrs. Floyd W. Merket.

Mr. and Mrs. Billy Ray and baby of Loraine, visited her parents, Mr. and Mrs. O. N. Laster Jr. Sunday.

Weekend guests of Mr. and Mrs. N. F. Hall and family were, Mr. and Mrs. Clayton Shumate of Loraine, Miss Wilma Prince of Snyder, Mrs. Don Wester, Rickey and Angelia of Midland, and Mrs. Pete White and Glenda of Dunn.

Mr. and Mrs. Leonard Allen visited their son and family, Mr. and Mrs. Rockey Allen of Colorado City Sunday.

Mr. and Mrs. T. J. Webb were Sunday guests of Mr. and Mrs. Whit Farmer and Lena Fay of Ira.

Mr. and Mrs. Jim Merket visited in Colorado City Saturday with Mr. and Mrs. Stanley Merket and Gloria.

WHAT'S GOING ON

MR. AND MRS. BILL McCRIGHT and daughter, PAT, 102 Browning, and MRS. PAULINE SCRIVNER and daughter, KATHY, 407 Thirty-fourth Street, spent the weekend in Austin where they visited their son and brother, ROYCE SCRIVNER, who is a student at the University of Texas.

Peas Frances

INGREDIENTS: 1 bunch (about 8 large) scallions, 3 tablespoons butter or margarine, ½ cup boiling water, 1 teaspoon salt, 2 packages (each 10 ounces) frozen green peas, pepper.

METHOD: Cut root ends from scallions; remove leaf tips and any blemished leaves. Wash in cold water; drain. Cut scallions (including green leaves) into slanting thin 1-inch lengths; there should be 3 cups. Melt butter in 10-inch skillet; add scallions. Cook gently, stirring often, until wilted; remove with rubber spatula to retain butter. Add boiling water; salt add both packages of peas to skillet. Cover and boil gently unskillet. Cover and boil gently until tender—no more than 5 minutes. (If peas are in block, break up before covering.) Drain peas; add onions to them in skillet along with pepper to taste and, if desired, extra butter; reheat. Makes 8 servings.

Registered Nurses Hold Monthly Meeting

The Scurry County Registered Nurses' Club met recently at the Medical Arts Clinic.

Mrs. Eula Williams introduced the guest speaker for the evening, the Rev. Edward Chrisman, pastor of St. Elizabeth's Roman Catholic Church, whose subject was "The Catholic Patient".

Father Chrisman said: "There are three things a Roman Catholic patient wants when hospitalized; confession, sacrament of communion and extreme unction if he is dying.

"Baptism is very important to the catholic mother if her child is critically ill. Anyone can baptize with three things needed: running water, word, doing it according to the mind of Jesus Christ."

Mrs. Wilton Jones presided over the business meeting at which it was decided to leave the meeting date on the first Tuesday of every month. A report was given by the Christmas dance committee.

Hostesses for the evening were: Mrs. Bill Seeker, chairman, Mrs. David McIntosh, Mrs. H. E. Nixon, Jr. and Mrs. Bill Lee.

Seventeen members and two guests were present.

Bob Crosby Denies Wife's Charge Of Saturday Beating

By JAMES BACON
AP Movie-TV Writer

HOLLYWOOD (AP) — "I'm no wifebeater. I didn't lay a finger on my wife."

So says Bob Crosby, Bing's 46-year-old kid brother, in flatly denying his wife's assertion that he beat her Saturday night and that she stabbed him with a letter opener in self-defense.

Crosby suffered a gashed shoulder. His wife June, 39, said one of her ribs was broken in the quarrel.

The incident occurred only a few hours after the bandleader-TV personality had played golf with Vice President Richard M. Nixon.

Crosby said Monday his wife flew into a range when he asked her where their three boys were and she didn't know. Mrs. Crosby told newsmen her husband was in a "violent mood and wanted to fight with someone."

Both agreed that the incident marked the end of their 21-year marriage. Neither announced any plans for divorce, however.

Crosby said a series of family crises led up to the ruckus. Cathy, 20, eldest of the couple's five children, is in a hospital suffering from what her mother calls a mental breakdown.

"We'd been to the hospital earlier in the day, talking to Cathy's doctor about her illness," Crosby said. "We have had problems, like many parents have, with all our children. I'm afraid this latest news will give Cathy a setback."

Mrs. Crosby said her husband had been drinking and had come home in a belligerent mood. Crosby denied he had been drinking.

His injuries took five stitches to close.

Mrs. Crosby said she grabbed the letter opener for self-protection after he knocked her down without provocation. Crosby said the argument got violent when he asked her where the boys were.

"She didn't know," he said. "I told her that we should always know where the kids are and who they are with at all times.

"This enraged her, and she came at me pounding with her fists at my shoulders. I didn't see any letter opener. I didn't feel any, yet she stabbed me with it five times. I didn't realize what had happened until I saw blood on my pajamas."

An interviewer asked him about his wife's report of a broken rib.

"If my wife is hurt, it's only because I had to use force to take the letter opener away from her," he said. "I'm the one who got stabbed not her."

Crosby's injuries apparently were minor. He was playing golf Monday when newsmen tried to ask him for comment. He abandoned his clubs and rolled hurriedly from the scene in an electric golf cart. Later he talked to newsmen at the home of his brother Larry, where he is staying.

The Crosby boys are Christopher, 17, George Robert, 13, and Stephen, 12. Their youngest daughter, Junie-Malia, 8, was at the home Saturday night. According to Mrs. Crosby she witnessed the incident.

Said Crosby: "I wish, for the sake of the children, this squabble had never happened. It's horrible. They're the ones who really got hurt."

Woman Slays 3 Children

ROCKY HILL, Conn. (AP) — A 36-year-old woman, pictured by neighbors as a "wonderful mother, wife and good neighbor," strangled three of her five children Monday, police said.

They said she failed in an attempt to strangle her two other children.

Thelma Grimes returned to his white shingled home Monday night and found the bodies of his son, Daniel, 9, daughter, Patricia, 2, and youngest son, Stephen, 1, sprawled in different parts of the house.

Two other daughters, Katherine, 11, and Roberta, 4, were unconscious. They and their mother were taken to a hospital in Hartford, seven miles away.

Police Chief Alfred Quintiliano said "Mrs. Grimes apparently went berserk."

First Gusher Is Hit In Far East

TOKYO (AP)—A "portable island" imported from Texas has hit the first offshore gusher in the Far East, the Oil Resources Development Corp. (ORCD) announced today.

A well sunk in the Japan Sea, 7,216 feet off Akita City, about 340 miles north of Tokyo, spurted an estimated 300,000 litres (79,200 gallons) with 10,000 cubic meters (13,800 cubic yards) of gas, an ORCD spokesman said.

"This is an extremely rich well for Japan," the spokesman added, "and we are quite pleased."

The "portable island"—a 4,000-ton triangular platform, imported from the R. G. LeTourneau Inc. of Longview, Tex.—was launched near Akita Sept. 8, 1958.

"It sank two other wells near Michikawa about 10 miles south of the present site," the spokesman said. "The two wells yielded some oil, but not to the extent of allowing us to drill offshore." The portable island was moved to Akita last April 2."

He said the portable island named "Hakuryu (White Dragon)" will be moved ten miles further to the north to sink another well.

The "White Dragon" is operated by 45 Japanese technicians who live on the platform and plan eventually to sink scores of wells in the undersea deposits. The deposits are believed to extend some 30 miles on the Japan Sea continental shelf about 30 to 90 feet deep.

"The operation is similar to those being carried out off Texas in the Gulf of Mexico.

The new Akita well was sunk 4,766 feet deep from a 50-foot deep spot on the continental shelf. The spurting oil came from a vein about 1,800 feet deep from the sea bottom, the ORDC said.

The tiny kingdom of Bhutan exports the hair of yaks for use in Santa Claus beards in the West.

Married Couples! Stay Younger Longer

Be full of Pep at 40, 50, 60

Quit feeling weak, worn-out, low in vitality. Try the tonic that has given new vim, vigor to thousands of husbands and wives over 40—Ostrex Tonic Tablets. Policy On Transfusions Challenged

NEW YORK (AP)—Advocacy of a race-to-race policy in blood transfusions is challenged by seven members of the Columbia University Seminar on Genetics and the Evolution of Man.

The seven took exception Monday night to a paper by Dr. John Scudder, an assistant professor at Columbia College of Physicians and Surgeons.

The paper was read last Friday at a meeting of the American Assn. of Blood Banks at Chicago. The paper was signed also by Drs. A. B. Bhonslay and Aaron Himmelstein of Columbia.

The paper developed the thesis that because of variations in the blood of races, less danger is involved in a transfusion if the donor and recipient of blood are of the same race.

The seminar members declared in their dissent: "The only criterion any reputable doctor or hospital dare safely employ in blood transfusion is whether the blood itself is of the right type, and not from whom it came."

They said the paper read in Chicago, by referring to a "new philosophy," emphasized the well-known fact that different races might differ in the relative number of persons carrying different blood group genes.

"No new evidence was reported and the so-called 'new philosophy' serves no purpose except to reinforce the old 'philosophy' of race prejudice, which has been shown repeatedly to rest on ignorance rather than on biological or medical knowledge," they added.

$100,000 Sought In Suit Against Arnaz

LOS ANGELES (AP) — Actor David O. McCall, 54, demands $100,000 damages for injuries he contends producer-actor Dezi Arnaz gave him last July 10.

McCall charged in a damage suit filed Monday that Arnaz, 42, assaulted him on a set at Desilu Studios without provocation, while "grossly intoxicated." McCall said he suffered back injuries and bruises.

SPORTS

Between You And Me

By JERRY JACKSON

"Black Saturday" finally arrived for the number one and number two ranked teams in the nation, as the law of averages caught up with LSU and a bit of the inevitable shook up Northwestern. The third-ranked eleven, Texas' Longhorns, was treated to a nightmarish afternoon in Memorial Stadium before squeaking by the inspired Baylor Bears, 13-12. And the outcomes of the games from here on out look to be as unpredictable as the bounce of a spiral punt.

The Bayou Bengals of LSU went down fighting in their 13-14 loss to Tennessee, as they went for a game-winning two points after their second touchdown rather than go along with a safer one-pointer, which would've brought about a tie game. Of course, a deadlocked contest would have preserved the Tigers' unbeaten skein of 19 games in a row, which was the longest in college football. However, the prestige lost in settling for a tie would no doubt have been practically as great as the more valiant losing effort.

Northwestern's Wildcats took it on the chin by 24-19 from Wisconsin in the other big upset. The Wildcats opened TV eyes wider than wide in their initial 45-13 lambasting of fallen king Oklahoma, and went on to garner five additional wins before going under this past Saturday.

Texas Almost Loses Shirt

AND TEXAS. Word reaches this corner that Baylor's field house and practice field were both liberally sprinkled with signs proclaiming "It CAN be done!" They believed it, and almost did it. With second string soph quarterback Ronnie Stanley leading the way by completing passes right and left, the Bears romped and stomped to a 12-8 lead, twice repulsing Steer drives inside the 10-yard line in the process. But the Longhorns scored late to save the day, and—as Kern Tipps said following the touchdown—they "were as happy as Dinah Shore on Sunday night."

That single-point victory was one of several Southwest Conference nerve-wrackers, close games being the rule for the day. Arkansas stayed alive by slipping by Rice 14-10, while SMU retained a faint glimmer of hope by downing A&M 14-11. The most pathetic example of how it shouldn't be done was turned in by member-elect Texas Tech, which fell victim to lowly Arizona, 26-30. That constituted the first victory that Arizona has managed to come up with against a Tech eleven in 24 long years, which is quite a lengthy dry spell for the cactus crew. What made it doubly ridiculous is that just the week before Utah had walloped the Arid Zoners by a 54-6 count.

It made the Red Raiders look a little pink, to say the least.

Steers Are Close Second In AP Poll

By JACK HAND

Syracuse has taken over the No. 1 spot among the nation's football powers with a slender lead over Texas in the weekly Associated Press poll of sports writers and sportscasters.

Both Louisiana State and Northwestern, running one-two a week ago, were dumped from the ranks of the unbeaten last Saturday. LSU, the leader for 14 straight weeks, fell before a sturdy Tennessee team. Northwestern was beaten by Wisconsin in a battle for the Big Ten lead.

The race between Syracuse and Texas, both unbeaten, was decided by only 12 points, although Syracuse received 111 first place votes and Texas 85 of the 280 cast.

Texas, a 13-12 winner over Baylor, picked up enough second, third and fourth ballots to finish a tight second.

Syracuse handed Penn State its first defeat 20-18. The victory virtually clinched the Eastern title and a bowl bid for the Orange.

In the 23 years of voting in the AP poll, started in 1936, the only Eastern team ever on top in the final accounting was Army in 1944 and 1945. That was in the Doc Blanchard-Glen Davis era.

Despite its defeat, LSU drew solid support and dropped only to third place. Northwestern fell from second to sixth. The outpouring of 280 votes was the heaviest of the season and the most in several seasons.

The only newcomer among the top ten was Tennessee which displaced Clemson despite Clemson's 6-0 victory over Duke.

The top ten with points based on 10 for a first place vote, 9 for second etc. with first place votes in parentheses:

	Points
1. Syracuse (111)	2,325
2. Texas (85)	2,313
3. Louisiana State (13)	1,848
4. Southern California (14)	1,576
5. Mississippi (14)	1,488
6. Northwestern (2)	1,311
7. Wisconsin (19)	1,243
8. Auburn (9)	808
9. Tennessee (4)	674
10. Penn State	608
Second ten:	
11. Clemson (3)	362
12. Georgia (2)	263
13. Washington	159
14. Oregon (2)	101
15. Georgia Tech	92
16. (tie) Iowa (2)	56
17. North Texas St.	56
18. Texas Christian	40
19. Michigan State	33
20. Arkansas	28

Royal Fearful Of Savage Frog Power

By The Associated Press

Coach Darrell Royal of Texas hopes his team has more enthusiasm for this week's crucial game with Texas Christian than it did for Baylor. He indicated he figured Texas' great winning streak would end if it didn't.

TCU obviously will have plenty of enthusiasm. The boys romped through one of their best workouts of the season Monday as they started preparing for the invasion of Austin. Coach Abe Martin was pleased with the spirit shown.

Royal, however, lamented over the lack of aggressiveness shown by his team against Baylor, whom they beat by only one point. "We had busted assignments on plays that have been standard for three years," he commented. "We were apparently complacement."

He said the Longhorns better snap out of it because it would take a "fanatical" effort to win. He described TCU as having "the most savage power game we've seen."

The game may decide the Southwest Conference championship or at least the Cotton Bowl host spot.

Of almost as much note is the clash of Southern Methodist and Arkansas at Dallas. Victory by SMU could give Texas the championship if the Longhorns also win. An Arkansas victory would knock SMU out of the race and keep Arkansas in it.

Texas A&M and Rice meet in the other conference game on the schedule. It means nothing in the title race but Rice wants to win one and the Aggies would like to snap out of a 4-game losing streak.

The Aggies were in good shape but were warned by Assistant Coach Doug Bradley that Rice had great backfield speed and a big line.

Baylor goes to Los Angeles to meet undefeated, untied Southern California and Coach John Bridgers told his Bears Monday that Southern Cal had "terrific personnel and is every bit as large as Texas Christian—and faster."

Texas Tech will meet University of Houston and Scout Joe Moss said that outfit had powerful running and accurate passing.

Don Dobrino, a halfback on Iowa's 1956 Rose Bowl team, rates baseball over football. He pitched last season for Wilson, N.C., in the Carolina League.

Hermleigh In 26-8 Victory Over Eldorado

HERMLEIGH — Hermleigh's Cardinals breezed to their fourth victory of the year here Friday night, as they threw together a big first half in downing Eldorado by a 26-8 score.

The Cards jumped to an early 6-0 first quarter lead on the strength of fullback James Vernon's two-yard touchdown plunge. Then in the second quarter they were successful in padding this advantage, as halfback Joe Paty rambled for a brace of six-pointers, the first on a 46-yard jaunt and the other by virtue of a 27-yard ramble. Halfback Wallace Wall followed with a successful two-point conversion try.

Neither team was able to tally in the third quarter, but Eldorado managed to break the scoring ice in the final stanza, as Carl Parker went over on a three-yard line buck, than followed up by running the conversion.

Hermleigh's final "insurance" TD was scored on a 40-yard pass play initiated by Paty, with Wall on the receiving end. The extra-point attempt was no good, bringing the count to 26-8.

The Cardinals finish their season this coming Saturday, as they host Trent in an afternoon game.

Quarterback Club Meets This Evening

The Quarterback Club will hold its regular meeting tonight at 7:30 in the High School Cafeteria, at which time all local coaches whose teams played this past week will give reports as to the various outcomes.

The conclusion of the meeting will be highlighted by a showing of the Snyder-Lamesa game film which the Tornadoes won, 22-15, in an upset victory, thus throwing the District 3-AAA race into a turmoil.

SMU-Hog Game On TV

DALLAS (AP) — The Southern Methodist-Arkansas football game here Saturday will be telecast but area won't get to see it.

There will be a blackout in the area because the game is not a sellout.

Ray, Breck Poll Toppers

DALLAS (AP) — Corpus Christi Ray, Breckenridge, Stamford and Stinnett lead the Texas Schoolboy Football parade in the Dallas News poll of the state's sports writers.

Ray heads Class AAAA but is only two points ahead of defending champion Wichita Falls.

Breckenridge tops Class AAA, four points over Nederland. Stamford heards Class AA and has a 15-point lead over Bowie. Stinnett is well in front in Class A. Plains is 17 points behind.

The top 10 by divisions:

Class AAAA — Corpus Christi Ray, Wichita Falls, Abilene, Highland Park, Longview, Dallas Sunset, Houston Reagan, Texas City, Corpus Christi Miller, Amarillo Tascosa.

Class AAA — Breckenridge, Nederland, San Marcos, Cleburne, Brownwood, Brenham, Phillips, Bay City, Levelland, Sweetwater.

Class AA — Stamford, Bowie, Floydada, Belton, Liberty, Denver City, New London, Freer, Olney, Kaufman and Cisco tied for tenth.

Ageless Enos Steps Down

HOUSTON (AP) — Baseball's ageless country boy—Enos Slaughter—steps down from the majors for the first time in 22 years next season.

He'll pilot the Houston Buffs in the American Association. But he says he'll still be in there taking his cuts as a playing manager—the swing that blasted out a .300 career batting average with four big league clubs.

"I'll never be to too old to learn," the 43-year-old outfielder said at a news conference called by the Buffs for the announcement Monday.

"I'll listen to the rawest rookie about things that might help him or me," and, he added, "I think I can be as tough as I have to be. All I want is for my players to give me 100 per cent."

Slaughter signed a one-year pact with the Buffs after obtaining his release from the Milwaukee Braves, with whom he finished the 1959 season. He spent the greater part of his career with the Cards before joining the Yankees in 1955. He also played for the Kansas City Athletics.

Frogs Cast In Role Of 'Spoiler'

AUSTIN, Tex. (AP)—The only thing that appears anywhere near certain about the Texas-Texas Christian football game here Saturday is that it will produce a bowl team.

This has been going on for a long time. In the past 18 years a bowl team or two has come from this gridiron battle 14 times.

If Texas wins it, the Longhorns will be in the Cotton Bowl. If Texas loses Texas Christian might make the Cotton Bowl — or at least some bowl. For that matter Texas might make some other bowl, too.

These are the two bowlingest teams in the Southwest Conference anyway. TCU has been in 10, Texas eight. TCU has been in the Cotton Bowl more than anybody, with six appearances. Texas is second with five.

The Texas - Texas Christian game usually is a good one and this one should be no exception. Texas is favored because of its undefeated, untied record. But Texas Christian has a pretty good record itself. The Horned Frogs have won four straight games and are considered the only outfit in the conference capable of stopping the speed and versatility of Texas.

Steer Fish In Lead

By The Associated Press

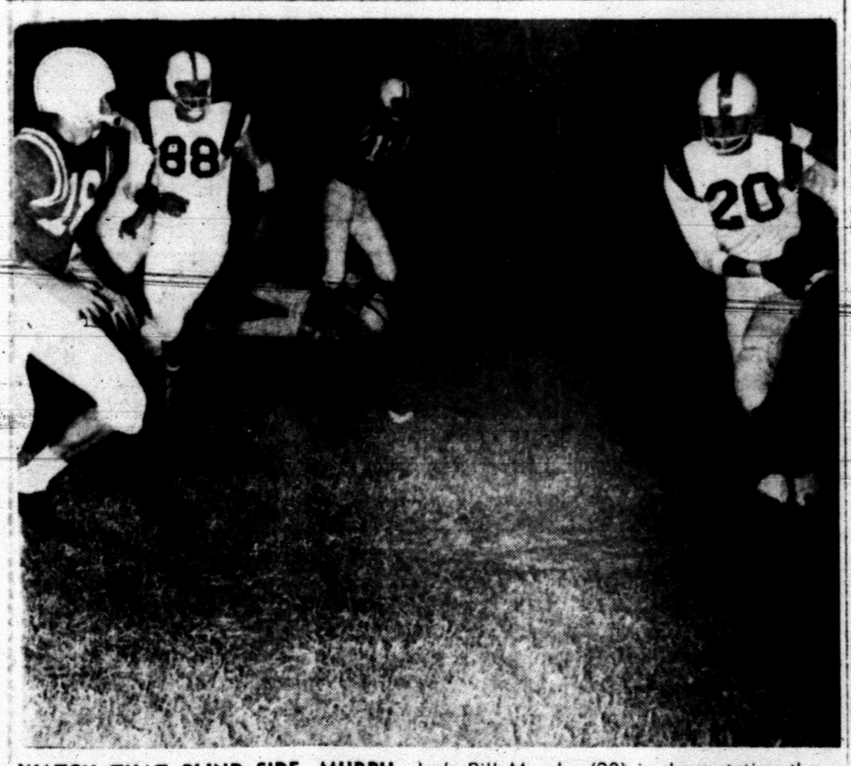

Texas clings to the lead in the Southwest Conference freshman football race with two weeks left of the campaign.

The little Longhorns didn't play last week but Baylor gave them a helping hand with a 14-6 defeat of Southern Methodist. It knocked SMU out of a tie for the lead with Texas, a team the Methodists played a scoreless tie with.

Texas Tech lashed McMurry B 29-12 and Arkansas took its fourth strapping from the Arkansas reserves.

Thursday Texas A&M and Rice play at College Station. Friday Texas Christian and Texas clash at Fort Worth and Saturday Arkansas again plays the Arkansas reserves.

Milo Valenzuela's victory aboard Warfare in the Champagne stakes at Aqueduct racetrack was the rider's first $100,000 victory of 1959. The colt won $138,195.

WATCH THAT BLIND SIDE, MURPH—Ira's Bill Murphy (20) is shown toting the pighide during action in Saturday's Homecoming Game between Ira's Bulldogs and Highland. A close look reveals an outstretched hand being shoved Murphy's way, as an unidentified Highlander attempts to administer a double whammy. Also pictured is end Leroy Lindsey (88), who is coming up to lend assistance. Ira won the game by a 40-31 score, to end a successful season with a 7-3 record. The biggest gun in the Bulldog attack during the game were backs Donnel Eubanks, who tallied three touchdowns, end Elvin Loper, who scored twice, and back Travis Alexander, who hit paydirt once. (Photo by Thomas Boyd)

Archer Wins Decision

TYLER (AP)—Joey Archer, Houston middleweight, won a unanimous decision over Henry Kidburton of Monroe, La., Monday in a 10-round fight. Archer weighed 158, Kidburton 165.

Paul Andrews, 207, of Buffalo, N.Y., a heavyweight, knocked out Otis Tucker 205, of Gilmer, Tex., in 2:13 of the first round of a scheduled 10-round bout.

State Dept. Changes Rapidly Since Herter Came On Scene

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — Secretary of State John Foster Dulles died 170 days ago. In less than six months American foreign policy has undergone a kind of convulsion.

Dulles so completely dominated foreign policy he made President Eisenhower look like a secondary figure in this branch of government. Now Eisenhower dominates it and Dulles' successor, Christian A. Herter, looks secondary.

Dulles was rigid. Eisenhower seems more receptive to give and take. Dulles was almost Jovian in his thunderous threats. Eisenhower talks softer.

Stiff-arm communism by ringing with bases. That was the basic policy laid down by President Truman and Secretary of State Dean Acheson. It was followed out the window by Dulles. It still is basic American policy.

But there has been a change in the way this policy is handled. Eisenhower appears more willing to consider the notion that perhaps containment is not the only course in dealing with the Soviet Union.

But this change itself is the product of two profound changes.

1. The Truman-Acheson policy was created to stop the mad-dog tactics of Stalin who pushed and probed for weaknesses. For example: The Korean War.

The Soviet Union under Premier Nikita Khrushchev has become infinitely more dangerous, potentially, than under Stalin but now it is far less reckless and militarily aggressive.

2. Truman and Acheson and even Dulles for a brief period could rely on the containment program — bombers with atomic weapons — in the period while the U.S.S.R. was still trying to develop that means of destruction.

Containment became less a sure bet as the Soviet Union produced not only the same weapons as American but pushed ahead with missiles to a degree which startled the world.

So at the time Dulles died the Communist world around which he sought to keep a fence of bombers had changed in both its tactics and its strength.

Dulles was the most active of all secretaries. In time historians —like some of Dulles' contemporaries—may wonder whether his amazing activity was not sometimes a substitute for thinking.

What was true in Dulles' time is still true now: there is a lack of initiative in foreign policy and dealing with the Soviets. The Dulles-Eisenhower actions have been pretty much reactions to Soviet actions.

Says Government Must Aid Colleges

By G. K. HODENFIELD
AP Education Writer

ST. LOUIS, Mo. (AP)—American colleges and universities will need 33 billion dollars to expand facilities over the next 10 years and the federal government will have to provide most of the money, a university president said today.

"The question we face today is not whether there will be federal support but what kind it ought to be," C. Clement French of Washington State University told the convention of the American Assn. of Land Grant Colleges and State Universities.

"We have talked in generalities too long," said French, president of the association. "I think this is a luxury we can no longer afford."

Whether educators like it or not, he said, "we must face squarely the fact that the solution of this problem, if it is to be made in time, must be substantially a federal one. We may deplore the inability of our state to support us adequately, but deploring alone will not solve our problems."

French said many present federal aid programs do more to compound college problems than to solve them.

"At a time when we face the increasing problem of numbers, much of the federal legislative attention is given to the encouragement of additional numbers of students.

"Bills, however, which would make possible loans for college housing, for payment of ROTC facilities and for proper payment of administrative costs in the administration of grants either are not passed or received the presidential veto upon passage."

French acknowledged that federal aid to public institutions inevitably will raise the question of similar aid to private colleges and universities.

"We can no longer ask whether federal funds should go to private institutions, but rather how they should go," he said.

Who Was Greatest American?

By HAL BOYLE

NEW YORK (AP) — Who was the greatest American?

Poet Robert Frost has named as the four greatest Americans: George Washington, Thomas Jefferson, Abraham Lincoln and Ralph Waldo Emerson.

J. Donald Adams of the New York Times Book Review has nominated a fifth figure — president Theodore Roosevelt, who he feels personified in life the virtues America most needs to face the problems of now.

It's a great indoor pleasure to try to place in some order of precedence the mighty names of the American past. It is a fine intellectual game, and a good way to find out yourself what you believe in most, and how you rank people.

What makes the game even better is that few would agree on who have been the five greatest Americans. There are many titans to choose from.

But it is hard to figure how anyone could omit from a catalogue of greatness that first do-it-yourself American — Benjamin Franklin.

In his own lifetime he was the best-known American both in his own country and in Europe, and he remains one of the most many-faceted geniuses in the annals of the human race, a true all-around man.

The range of his accomplishments is so wide — as businessman, writer, diplomat, scientist, inventor and humanitarian — that one would be hard put to find another individual in all history who benefited his country in more ways.

Self-taught from the age of 10, he came a vegetarian so he could spend his meat money on books. He taught himself logic, navigation, algebra and geometry. Later in life he taught himself to read German, French, Spanish, Italian and Latin.

Most everyone knows Franklin discovered that lightning is electricity. They are also probably aware he founded the nation's first circulating library and fire insurance company, and invented a new kind of harmonica, the lightning rod, bifocal glasses, the Franklin stove, and the platform rocking chair.

But few remember that he was also America's most popular writer — his "Poor Richard's Almanack" was outsold only by the Bible. Even fewer know he was the first to make the American postal system pay its own way, or that he introduced into this country silkworms, broom corn, and the use of lime to fertilize soil.

He also pioneered in studying the Gulf Stream, scientific weather prediction, and planned an expedition to the arctic.

A lifelong practical idealist, wise, witty, and humane, he died of gallstones and gout at 84, and the entire civilized world mourned the passing of a human Himalaya.

If breadth of both mind and deed measure greatness, who can tower as an American above this man who in his will humbly described himself as "I, Benjamin Franklin, printer,"?

Drink Is Sought In Wrong Place

WESTBROOK, Maine (AP) — A man pushed his way through swinging doors and demanded of the man on duty, "A glass of ale with a shot of whisky."

Burton F. Richards, 42, discovered too late that the swinging doors led, not to a bar, but to a sergeant's desk in the police station.

Diplomats Accept U. S. Spending Cut

By JOHN SCALI

WASHINGTON (AP — Western diplomats appear reconciled to a United States decision to cut foreign military and economic spending as part of a drive to close the overseas dollar gap.

They are unhappy about the prospect. But they fear there is little or nothing they can do except to hope the cuts will not be drastic. Some foreign finance experts believe the Eisenhower administration is overly alarmed about the problem.

At present, the United States is spending four billion dollars more in other countries each year than it earns from trade and investments.

This record deficit rate has sent administration authorities on an intensive back-stage hunt for ways to cut spending and to boost American exports without sacrificing America's free world leadership.

No final decision have been made but Secretary of the Treasury Robert B. Anderson is reported pushing a drive to cut foreign aid spending as well as some of the 3½ billion dollars which goes to maintain American troops and bases overseas.

Allied diplomats have been watching this trend apprehensively. They fear this budget pruning mood may tempt Congress to hack even further at scaled down requests. Another fear is that Congress may demand some trade protectionist measures to bar certain foreign goods.

President Eisenhower and other administration leaders, although they may cut such spending, show no signs of reversing their stand that trade restrictions must be kept at a minimum to expand world trade.

Many Western countries are reported about ready to ease restrictions on imports of the U.S. goods. Such action, if widespread, could ease this country's trade deficit.

Foreign diplomats who examine the deficits problem repeatedly say they consider the four-billion-dollar deficit a temporary situation. Expanding American trade, they believe, will cut this substantially in the next few years.

American exports are still running ahead of imports, they emphasize, with no sign this favorable balance will be reversed. Further, they anticipate a big upsurge in purchases on the American market within the next two years, now that European nations have recovered from a business recession.

Tentative estimates of Commerce Department analyis back up their predictions of a boost in American exports. These shipments are expected to go up to 19 billion dollars in 1960, compared to an expected 16½ billion dollars this year.

Doctor Hero Going Back To England

NEW YORK (AP) — Dr. P. Shamsuddin, an interne from India, was a hero last weekend when he amputated an actor's leg with makeshift equipment. Today he was an angry young man preparing to quit New York and finish his medical training in England.

The slight, mustachioed doctor said he is leaving because of "extremely rude and impolite" treatment from Dr. Phillip D. Allen, supervising director of Knickerbocker Hospital over the issue of talking to the press.

The 25-year-old physician answered an emergency call in an ambulance Saturday to find English actor Martyn Green with his left leg pinned in an automobile elevator shaft.

Shamsuddin borrowed a penknife from a patrolman and used the thongs of a policeman's nightstick for a tourniquet during the amputation. Green is reported recovering well.

Monday, saying Dr Allen had rudely rebuked him for news accounts of the emergency operation, Shamsuddin resigned from the hospital's staff.

The hospital praised Shamsuddin's emergency work, and scheduled an appointment for him today with Alvin J. Conway, assistant executive director, in an effort to persuade him to withdraw the resignation. Shamsudden said he would see Conway, but has booked passage Wednesday for England where he said he expects to continue his training.

Reds Oppose All Testing

IDAHO FALLS, Idaho (AP)—The Soviet Union's atomic energy administrator, Prof. Vasily S. Emelyanov, says he is opposed to atomic bomb testing of all types, including underground tests.

He also told a news conference Monday, that it is impossible to say at this stage of atomic development whether the Soviet Union or the United States is ahead.

Emelyanov heads a group of nine Soviet scientists touring U.S. atomic facilities under an exchange program he said he hoped would be expanded.

The scientists toured the Atomic Energy Commission's testing station in east Idaho Monday.

Boy Runs Away With Aged Man's Luggage

LEXINGTON, Ky. (AP)—Ulysses S. Howard, 88, of Berea told police a boy offered to carry his bag when he got off a bus here Monday, and then ran away with the bag.

Its contents: a pair of trousers, two shirts—and $25,000 worth certificates and insurance policies.

Junior Editors Quiz on HORSES

QUESTION: What is a "calico pony?"

• • •

ANSWER: You know that horses have different colors and different markings.

For instance, the Palomino has the golden color of a newly minted gold piece. An Arabian saddle horse may have a star, stripe and some white on its legs, but it is never spotted.

The name "calico pony" is used to describe ponies which have markings characteristic of the Shetland pony. A Shetland may be piebald (spotted black and white) or skewbald (spotted-white and bay or chestnut).

These colorful markings make the pony appear to have been painted and that is why such horses are more commonly called pinto ponies. The word "pinto" is the Spanish word for painted and was widely used to describe spotted horses.

The term "calico pony" comes from the name of a colorful fabric. This is printed cotton, often covered with large figures in contrasting colors. The fabric originated in Calicut, India, and that is why it is called calico.

• • •

FOR YOU TO DO: Model a pony in clay. Then spot it in deep red or brown. And do it hit-or-miss, instead of trying to make a pattern. You can practice by coloring this drawing.

• • •

(The $10 award for this question goes to Karen Grubb of Duluth, Minn. Mail your question on a postcard to Violet Moore Higgins, AP Newsfeatures, in care of this newspaper. If duplicate questions are received, Mrs. Higgins will select the winner). 11-10

Callas May Sing At Met Next Season

NEW YORK (AP) — Temperamental soprano Maria Callas says she probably will sing at the Metropolitan Opera next season. She says she and the Met's general manager, Rudolf Bing, are great friends—always have been.

Bing replied, in effect, that it was the first he had heard of it. But he said he would be glad to see her when she returns from abroad.

Miss Callas was en route by plane from Dallas to Milan, after cutting short her appearances with the Dallas Opera Co. to appear at a court hearing in Milan.

Her husband and former manager, Giovan Meneghini, is suing her for a separation. Miss Callas has been seen frequently with Greek shipowner Aristotle Onassis.

At the airport here Monday the soprano at first refused to talk to reporters. Then she changed her mind.

Concerning her dispute with Bing a year ago which led to her being fired by the Met, Miss Callas said it was really her husband who quarreled with Bing.

She said she and Bing "were always friends," and that their differences had been settled through other friends and correspondence.

It hasn't actually been arranged for her to sing at the Met next season, she admitted, but it is an "enormous possibility."

"Everything is fine," she said.

At the Met a spokesman said later that Bing "was not aware that there had been any new developments."

Texas Leads Crude Gains

TULSA (AP)—Texas led an upturn in the nation's daily average production of crude oil and condensate of 36,370 barrels to 6,946,820 barrels during the week ended Nov. 7, the Oil and Gas Journal's survey showed today.

Texas accounted for more than the net increase with a gain of 37,600 barrels to 2,523,200 barrels, a reflection of a slightly higher November production schedule as well as a normal increase in new producers.

The largest loss was in Kansas, down 16,990 barrels to 317,590 barrels.

The Journal noted that after reaching a daily average high of 7,237,000 barrels for the year during the week ended May 23, production gradually fell off to a low average of 6,737,000 barrels during the first week of August. Since then the trend generally has been upward.

Louisiana had the second best increase for the week, 18,850 barrels to 1,038,600 barrels. Oklahoma was up 2,400 to 543,200. Mississippi gained 2,420 to 144,150 and New Mexico advanced 1,750 to 294,150.

Kennedy Has Mild Session

PORTLAND, Ore. (AP) — Sen. John F. Kennedy (D-Mass) stepped into what he half expected would be a rough session with labor here Monday night, and came out unscathed—and pleased.

What opposition may have been built up by bitter attacks leveled against him by Sen. Wayne Morse of Oregon did not show up as Kennedy spoke before the Multnomah County AFL-CIO Central Labor Council.

"The reaction was very favorable," said George Brown, director of political education in Oregon for the AFL-CIO. "It will put at rest much of the speculation over differences of the points of view" of Kennedy and Morse on the labor act passed by the last Congress.

Woman Staffer Top Football Forecaster

JACKSONVILLE, Fla. (AP) — "I must have been crazy to do a thing like that," said Esther Lanort, a 5-foot-3 real estate broker.

Mrs. Lanort Monday went to look over a house she owns which had been burglarized. As she went in she heard voices.

"Who's there?" she called.

"It's us and we are locked in the bedroom," a male voice answered.

"You just get right out the way you got in," Mrs. Lanort snapped.

She hurried to a side window in time to see two men climb out.

Mrs. Lanort ordered them to get in her car and drove them to the police station.

Police booked Olier Davis, 36, and John L. Walden, 40, on charges of breaking and entering.

Rockefeller Asks Firm Work Week

NEW YORK (AP)—Gov. Nelson A. Rockefeller suggests American labor could benefit the national economy by foregoing further reductions in the work week. He says taxes might be cut by 1970 as much as 15 per cent as a result.

But the New York governor says his statement is only an analysis, not a recommendation.

The Republican governor, widely regarded as an undeclared candidate for next year's presidential nomination, addressed the Economic Club of New York Monday night.

"There is no compelling reason why American growth should be fixed at the historic 3 per cent rate, or even the postwar 4 per cent rate," Rockefeller said.

"Since 1930, our average work week has declined from over 48 hours to under 38 hours, or by 3½ hours every decade. The increase in leisure has been an important social gain, but it has also diluted our production record."

In the face of growing union pressure for a 30-hour week, Rockefeller said: "Few would urge that we should keep cutting the work week at this rate for an indefinite period into the future. If we should decide at any point to forego further work week reductions in favor of increased output of goods and services, this of itself could allow us to realize the full benefit of our almost 3 per cent annual increase in output per man hours.

"This normal increase in productivity, plus a reasonably expectable 2 per cent annual increase in the work force, would put a 5 per cent growth rate well within our reach."

The governor predicted, under a 5 per cent growth rate, an average American family income by 1970 of $11,400.

"And on this basis by 1970 we could pay for a 50 per cent expansion of all government services, including defense, at tax rates—federal, state and local—15 per cent under current levels," he said.

Big A-Sub Joins Fleet

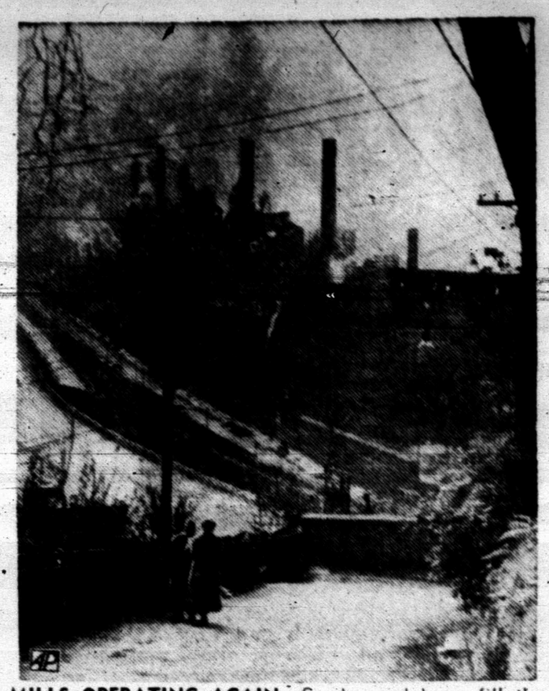

GROTON, Conn. (AP) — The world's largest known atomic submarine, designed as an underwater "early warning station," today becomes a part of America's growing nuclear fleet.

With a dockside commissioning ceremony, the 447-foot, 5,900-ton Triton officially joins the Navy. Her skipper, Capt. Edward Beach, calls the Triton "the best and most versatile submarine ever built."

Beach, former naval aide to President Eisenhower, said the radar picket ship has the power to match its huge size and that "we can do just about anything that other nuclear subs now in service can do. And we can do some things they can't."

The Triton was launched here Aug. 19, 1958.

The Triton is the first submarine known to be equipped with two reactors. She will be manned by a crew of 173 officers and men.

MILLS OPERATING AGAIN—Smoke and haze fill the Monongahela Valley again in Pittsburgh, Pa., as Jones and Laughlin Steel Corp's Second Avenue plant gets back into operation after a record 116 day steel strike. A Supreme Court order upheld a Federal injunction sending the striking steelworkers back to work for an 80-day cooling off period. (AP Wirephoto)

Integration Plan Is Due

WASHINGTON (AP)—The Justice Department said Monday a plan is being worked out to integrate a school at Abilene, Tex., operated for children of military personnel.

This school and the one at Huntsville, Ala., are the only two segregated schools left where all the enrollment is drawn from a nearby military installation. Both are operated off the base by the local school district with a major contribution from the federal government.

A similar integration plan is being worked out for the Huntsville school.

The Justice department said local authorities and the defense department are working together on integration.

The Abilene school serves Dyess Air Force Base. The school is now all white. Negro dependents of military personnel attend the nearest Negro school.

More Tourist Trade Development Urged

MINERAL WELLS (AP) — Former State Highway Commission Chairman Marshall Formby today urged Texans to do more to develop the state's tourist trade potential.

"Failure to make the most of the vast tourist trade now pouring into Texas is as much of a financial blunder as kicking several hundred small industries out of the state," he said in a speech prepared for delivery at the annual convention of U.S. 281 Highway Assn.

Formby, a Plainview attorney, has said he will be a candidate for governor next year.

He predicted that more than 10 million tourists will come to Texas in 1959 and will spend more than a half billion dollars.

Biggest Lift Lock To Be Dedicated

FLORENCE, Ala. (AP) — The new Wilson lock, described by engineers as the highest in the world, will be dedicated here today.

The lock with other attendant features cost more than 38 million dollars. The chamber is 110 feet wide and 600 feet long. It is filled in 12 minutes with 50 million gallons of water, and emptied in 12 minutes more.

The lock was three years in construction. It has a maximum lift of 100 feet, making it the largest single lift lock in the world.

Tornadoes hit the town of Codell, Kan., on the same day for three straight years, May 20, 1916-17-18.

LONE STAR GAS COMPANY

VETERANS CLUB cooperates with the civic clubs of Snyder each year in sending a group of selected boys to Boys State, sponsored by the American Legion each year and held in Austin. Above, boys are being presented with their expense checks by Frank Stephenson, Department of Texas Sergeant at Arms.

MEMORIAL DAY SERVICES are an annual affair held jointly by the VFW and American Legion at the memorial plot, donated by the Cemetery Association and the monument erected and grounds, both kept by local veterans organizations, in the Snyder Cemetery. Every grave of a veteran throughout the county is marked with an American Legion or VFW emblem, and a flag is flown on each grave on Memorial Day.

THE SNYDER DAILY NEWS

VOL. 10, NO. 166 SNYDER, TEXAS, TUESDAY, NOVEMBER 10, 1959 SECTION B

Veteran's Day Nov. 11

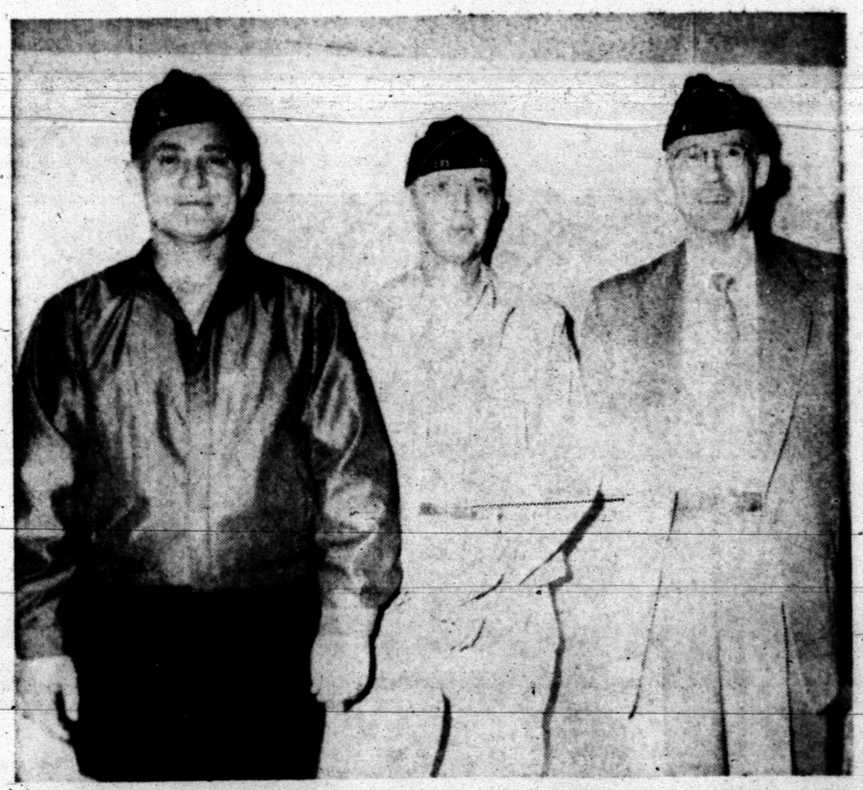

VETERANS DAY PROCLAIMED—J. Ray Martin, county judge, right, is shown signing a document proclaiming Wednesday, Nov. 11, as Veterans Day in Scurry County. At left is Jack Contella, commander of the Ameican Legion Post here. All members of veterans organizations and their families are invited to a free dinner session at the Veterans Club tomorrow at 7 p. m. as local veterans organizations join to celebrate Veterans Day.

HILTON LAMBERT is pictured above with his plane. He was one of a group of local pilots who donated their time and planes in helping the American Legion Ladies' Auxiliary raise more than $1,100 for hospital and community service work. Other pilots were Jimmy Thompson, Theo Lamb, Bill Atwood, Joe Alexander, Cecil McClatchy, Cloyce D. Henry, Bob Clinton, Roger Mize, Phil Burns, Sam Joyce and J. M. (Mule) Kayser. Gasoline was donated by McCormick Phillips "66" Distributor.

PRESENTATION of citations for radio and newspaper coverage of Veterans Affairs were made in 1959 by Milton Mapes, Commander of District 8 VFW, to Mel Gilbert, left, manager of Station KSNY and to Wacil McNair, center, Editor of The Snyder Daily News.

OFFICERS of The American Legion are pictured above. From left to right are Jack Contella, Commander; Hilton Lambert, first vice commander and Elmo Crowder, second vice commander.

THE FORTY AND EIGHT—Pictured above in an organizational meeting of the Forty and Eight for this area. The Forty and Eight is a hospital working group from the American Legion.

American Legion Post Here Had Its Beginning In 1920

Legion ORrganized here 39 years ago

The Snyder post of the American Legion was originated here in 1920.

A group of veterans of World War I met on March 14 in the court house with Clyde C. Leslie as moderator. They made plans for organizing the post and the actual organization took place on April 23 of that year.

In the April 23 meeting Rob Strayhorn was elected commander of the post, and Lee Stinson was elected vice commander. Sydney C. Leslie was named adjutant, James L. Ramsour, finance officer, Ben A. Waskam, historian, Porter King, chaplain, and Roin G. Wilson, master at arms.

Forty members made up the first year's roster of the Legion unit. Growth of the past since then has been continuous, with the biggest growth coming after World War II with influx of veterans of that war. Another fast growth of the post took place when the oil boom hit Snyder, and the population here skyrocketed.

Jack Contella, commander, said that 257 members have been signed up for 1960 to date and the quota set by the state department for 1960 is 413 members.

Contella outlined some of the things the American Legion stands for as a national organization.

"It is a national non-political organization, but the national and state conventions have come out advising less foreign aid, and stronger and more modern defenses for this country," he said.

The Legion also fights for and helps obtain adequate financial help for disabled veterans, he said.

Some of the local projects of the Snyder post include sponsorship of a little league ball team, a girl's league team, a scout troop, a Christmas party for all underprivileged children, not necessarily children of veterans.

Smile May Not Mean Insincerety

OKLAHOMA CITY (AP) — A smile by a television announcer does not necessarily mean insincerity, an Oklahoma County Common Pleas Court jury held Monday.

The jury ruled for Oklahoma City station KWTV in a suit against Necchi-Elna Sewing Machine Center to collect $741 for television commercials.

The sewing machine center had refused to pay the bill because an announcer had laughed during the commercial. Vernon Huey of the center said the announcer's attitude hurt his sales.

JACK CONTELLA
. . . Legion Commander

Jet Crash Described By Witness

LEWISTOWN, Mont. (AP)—We heard jets going over, just enough to waken us a little. We thought they might be the bombers which had been flying over here and going on east to South Dakota or somewhere.

Just a minute later, we heard a noise again. It was just a whoo-sh — no engine. Then you could hear it hit the ground at the base of a large hill.

It sounded like a solid thump. Then there was only silence for a little bit. By that time we had gotten to the window and could see the fire through the snow.

It was lit up like daylight about a half-mile away. It must have been awful close to our house. The way the hole in the ground looks, he must have flown just between my house and my neighbor's house, that of my uncle, Bill Webster.

If it had come down a few seconds earlier, it would have gotten one of our houses surely.

After we saw the one wreck burning, this other plane was just going over. From the roar, it sounded like its engine was on. It must have been three or four minutes after the first wreck. That plane went over a large hill, about a mile away, and we saw the flash of fire from that crash.

At first I thought it might have been pars of the first plane.

We went out and looked at the first plane. The wreckage was scattered all over, parts scattered over an eighth of a mile.

There was one body. Later the sheriff and fire department men found part of another body.

There were two men who parachuted out safely and they went to a farmhouse of a Hutterite colony about a mile away. Then they were taken into Lewistown.

Auxiliary Of VFW Records A Busy Year

We the Ladies Auxiliary to the Veterans of Foreign Wars to Scurry County Memorial Post 8231 would like to explain to you citizens of Snyder and Scurry County, the meaning and part of the work of our organization.

We are Mothers, Wives, Sisters and Daughters of Soldiers, Sailors and Marines, who have seen foreign service and women of the armed forces of the United States, who have seen foreign service. We are banded not for self seeking, but for the relief of those who fought in defense of our great country, and those depending upon them who may need our aid.

Our organization is founded on patriotism and loyalty. We strive to instill true patriotism into the hearts and minds of our children, who are to be our country stay in the next generation.

This is some of the work which we do each year:

Jan. —We contribute to Gonzales Warm Springs foundation and also to the Mothers March on polio.

Feb. — We sponsor an essay contest or carry out some Americanism program and take part and contribute to the Heart fund drive.

March — We contribute to Health and Happiness fund $1 per member, contribute to Headquarters building in Austin and National Memorial building in Washington D. C.

April — We contribute to cancer research fund $1 per member.

May — We conduct the Buddy Poppy sale. The money that you give so generously in our buddy poppy sale is being used once each month for a party for the mentally ill in the rehabilitation ward in the Veterans Hospital, in the memorial service for Veterans in the Snyder cemetery. We also contribute to the palsy fund and needy families in our community.

Aug. — We contribute to Student Nurses fund and have an Americanism program in our auxiliary.

Sept. — We make our hospital pledge and outfit some underprivileged child for school.

Oct. — We donate to the Christmas fund for the orphans in our V.F.W. National Home.

Nov. —We contribute to the Tuberculosis fund and also to the Sweeney Diabetic camp.

Dec. — We give a Christmas party for veterans children and also invite underprivileged children.

This is just part of our work which we do each year, besides community work in which we are engaged at all times. Services such as food, clothing, and money to needy families.

We would like to say to those of you who are eligible, we sincerely solicit your membership, and to those of you, who are not eligible we sincerely solicit your best wishes for our auxiliary and our great veteran band.

CHARTER MEMBERS—Pictured above are three of the charter members of the local VFW Auxiliary who still maintain membership in the organization here. From left, are Bessie Nichols, Amanda Jones and Kaye Pope. Other charter members who were not present for the picture are Christine Stephenson, and Marge Mims.

Service Officer Is Aid To Vets

Scurry County has a veterans service officer who handles many problems for veterans, their families and their survivors.

Elmer Taylor, who serves in that capacity, handles many types of problems through various government agencies etc.

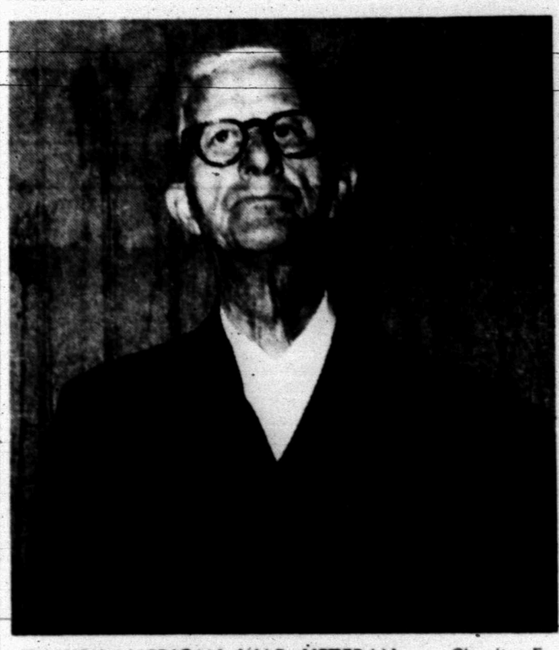

From Jan. 1 to Sept. 30 of this year, the amount of money from the Veterans Administration paid to veterans and their dependents in Scurry County credited to the veterans service officer amounted to $77,037.07.

The types of cases handled by the veterans service officer included: Applications for total disability pensions, 35; applications for service-connected compensation, 2; application and information regarding GI loans, 12; replacement of lost discharge papers, 1; GI school, 6; traced lost or missent VA checks, 6; GI loans, 13; change of address, 13; applications for change of GI insurance beneficiary, 5; Texas veterans land program, 16; assisted with social security problems, 13; assisted in helping reservists with reserve status, 2; bonus application to other state, 1.

Secured aid and assistance pension for disabled veteran, 1; application, for veterans dependent help, 11; social survey for Veterans Administration, 2; TEC help to veteran, 1; cases appealed from VA, 3; rehabilitation cases handled, 3; application form allotments by dependent of soldier, 3; for dental treatment, 4; request ID cards for dependent of soldier, 3.

The service officer also made several trips for the benefit to veterans, including 12 to the VA Hospital in Big Spring, 7 to the VA Regional office in Lubbock and two to Eluvanna.

Next year, widows and children of World War II and Korean conflict veterans will be on the same basis as widows and children of World War I for purposes of pension eligibility. The law, known as Public Law 86-211, becomes effective on July 1, 1960.

SPANISH-AMERICAN WAR VETERAN — Charlie E. Pierce, 1006 Twenty-fourth Street, is the only veteran of the Spanish-American War now living in Scurry County. Mr. Pierce enlisted in 1898 and served in the Philippines before he received his discharge in Kansas City, Mo.

One Scurry Veteran In War Of '99

There is one veteran of the Spanish-American War now living in Scurry County.

He is Charlie E. Pierce, 1006 Twenty-fourth Street.

Mr. Pierce enlisted in June, 1898 in the 5th U. S. Volunteer Infantry. He sailed for the Philippine Islands about two months after he enlisted.

His regiment spent about six months putting down the insurrection which was led by Aguanaldo.

The regiment returned to the United States in 1899. Mr. Pierce received his discharge in Kansas City, Mo.

Now 84, Mr. Pierce has lived in Scurry County for more than 50 years.

More Cuts In Cotton Acreage Are Studied

MEXICO CITY (AP)—The National Union of Cotton Producers Monday said the possibility of cutting cotton acreage further next year is being studied.

Veterans Of WWI Have Unit Here

The newest veterans organization in Scurry County is the World War I Veterans barracks.

The WWI barracks here was organized in January of this year.

Membership is composed of men who served in World War I, and its activities include those of particular interest to veterans of the first World War.

In addition, the World War I Veterans work for and in cooperation with other veterans organizations in activities of mutual interest.

The World War I Veterans here meet in the Veterans Club Building, which is maintained by the American Legion and Veterans of Foreign Wars.

Roy Hendricks is commander of the barracks, while Tolly Faver is senior vice commander, Collin Boone is junior vice commander, and Porter King is quartermaster.

Other officer posts are to be filled as a result of officers moving from the county.

The name of the barracks here is the Carroll Porter Barracks No. 1738. It was named in honor of a Snyder soldier who gave his life in France in 1918.

The WWI organization holds a regular meeting each month.

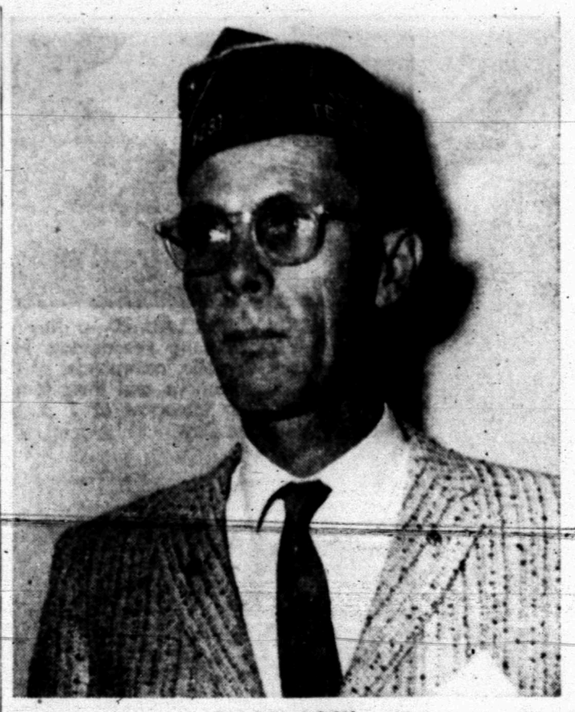

There is an active Ladies' Auxiliary of some 18 members.

About 80 per cent of the WWI veterans also belong to either the American Legion or Veterans of Foreign Wars, or both.

New Growth Cotton Causing A Problem

AUSTIN (AP) — New growth and late blooms on old stalks in Lower Rio Grande Valley cotton fields is giving the State Department of Agriculture a bad time, Commissioner John White says.

White reminded farmers of the pink bollworm control law requiring growers to keep fields clear of all regrowth. The commissioner blamed warm weather and continued rainfall for what he said was unusual growth in Cameron, Hidalgo, Willacy and Starr counties.

CARROL LOCK
. . . V.F.W Commander

Joined Army In 1904

Abner E. Hogg, believed to have had the second earliest military service among present Scurry County residents, enlisted in the U. S. Regular Army in the summer of 1904.

He was placed in the 7th Infantry and shipped to the Philippine Islands soon thereafter. He served for more than a year on the island of Luzon, helping put down the native insurrection. Several outbreaks occurred during his tenure of duty there. His outfit lost several men in the fighting and killed and captured a number of insurrectionists.

Mr. Hogg was discharged in Michigan in 1907.

He has lived in Snyder since 1939, having operated filling stations here for several years. Now 88 years old, he lives on East Twenty-third Street in Snyder.

Harriman Talks Of GOP's Bad Image

LOS ANGELES (AP)—Former Gov. W. Averell Harriman of New York says the Republican administration is well aware of the "unfavorable image of America it has created."

Harriman said President Eisenhower is planning foreign visits to use "his personal prestige to try to undo the damage that has been done."

His comments were made Monday at a luncheon of Women's Democratic Clubs in Beverly Hills.

Another visiting Democratic leader, Sen. Stuart Symington of Missouri, told a news conference he has no immediate plans to announce his candidacy for the presidential nomination.

He said he would not run in the California primary.

LITTLE LEAGUE TEAM — The American Legion sponsors the Yankees each year in the Snyder American Little League. Above are members of the past year's team and their manager.

WORLD WAR I VETS— These Veterans of World War I, who have their own barracks organization in Snyder are shown at a recent meeting. Top row, left to right, are Elmer Taylor, R. R. McKinney of Big Spring, W. C. Fargason of Hermleigh and Jack Burt, bottom row, Porter King, Roy Hendricks, barracks commander, and Roy Harrison of Colorado City.

AUXILIARY OF WWI VETS — The active Ladies' Auxiliary of the World War I Veterans barracks here include the members above, from left, Mrs. W. C. Fargason, Mrs. Etta May Hall, Mrs. H. R. Murray, Mrs. Roy Harrison and Mrs. J. L. Fargason.

COMMUNITY PROJECTS—The American Legion and VFW are always willing to lend a helping hand to community projects. Above, post commanders of the Legion and VFW posts present checks to help in last year's United Fund campaign.

American Legion Is Aided By Active Auxiliary Here

The American Legion Auxiliary of Post 181, is a very active unit, with a membership last year of 36 members, and a Junior Auxiliary of 18 members. The Auxiliary of 18 members. The Auxiliary ary work is divided into four big groups, namely, Rehibilitation or the work the members do at the V.A. Hospital in Big Spring and for all the Hospitals where veterans are treated in the state of Texas. The second group deals with Community Service, Third, Americanism, and Fourth Child Welfare.

Taking the Rehibilitation work the local unit has made outstanding records in this field. Each year the American Legion Auxiliaries assigned to the various hospitals hold a GIFT SHOP, the gifts come from the units and are all new gifts no broken or second hand gifts, each patient in the hospital may without cost to him select a gift for each member of his immediate family.

Last year the Snyder Unit had the largest gift box of any of the towns assigned to Big Spring, largest in numbers of gifts for all ages from the new baby to the aged wife of some of the World War One soldiers. This box consisted of clothing for women valued at $127.00. The clothing was skirts blouses, coats, sweaters, and one member of the local unit had made 42 lovely purses for both women and girls. This member was Mrs. Ernest Taylor who is very active in that division of the gift box this year, making knitted stoles and bags. These bags were valued conservatively at $156.00.

"The mens and boys group consisted of warm caps for boys, a large part was donated to the group by Mrs. R. H. Odom of Lad and Lassie Shop. There were belts, billfolds, socks, ties and bibles. The First Baptist Church Ladies Group donated six large print Bibles.

The Church group also donated pajamas, aprons, pillowcases and some jewelry.

The childrens group consisted of dolls, color books, purses, mittens wool caps, dresses and shirts. Lad and Lassie shop donated to this group of items.

The total value of the box was $725.00.

The American Legion Auxiliary donates $20.00 each month toward a fund for comfort items for hospitalized veterans. Uncle Sam feeds his patients but does not provide tooth paste, shaving cream, razar blades cigarettes, hankies, socks or any of the badly needed items. The Auxiliary sends a cart into the wards each Monday morning with all the above named items along with writing materials and stamps.

This fund, also, is used to pay expenses for trips of relatives of veterans whose families cannot afford to make the trip. A Christmas party is held each year with gifts and entertainment for the veterans.

The Ladies Auxiliary gives a free entertainment and Bingo Party on the fourth Tuesday of each quarter and serves home made cakes and coffee. The Auxiliary trys to see that veterans are not neglected after their return home. He and his family are helped in any way needed both financially and by visits to boost their morale.

The Community Service for this area, consisted of financial assistance to a colored minister, dental care for some needy veterans children, placing of patriotic books in several of the school libraries, assistance with a nurses scholarship with the Big Spring Unit.

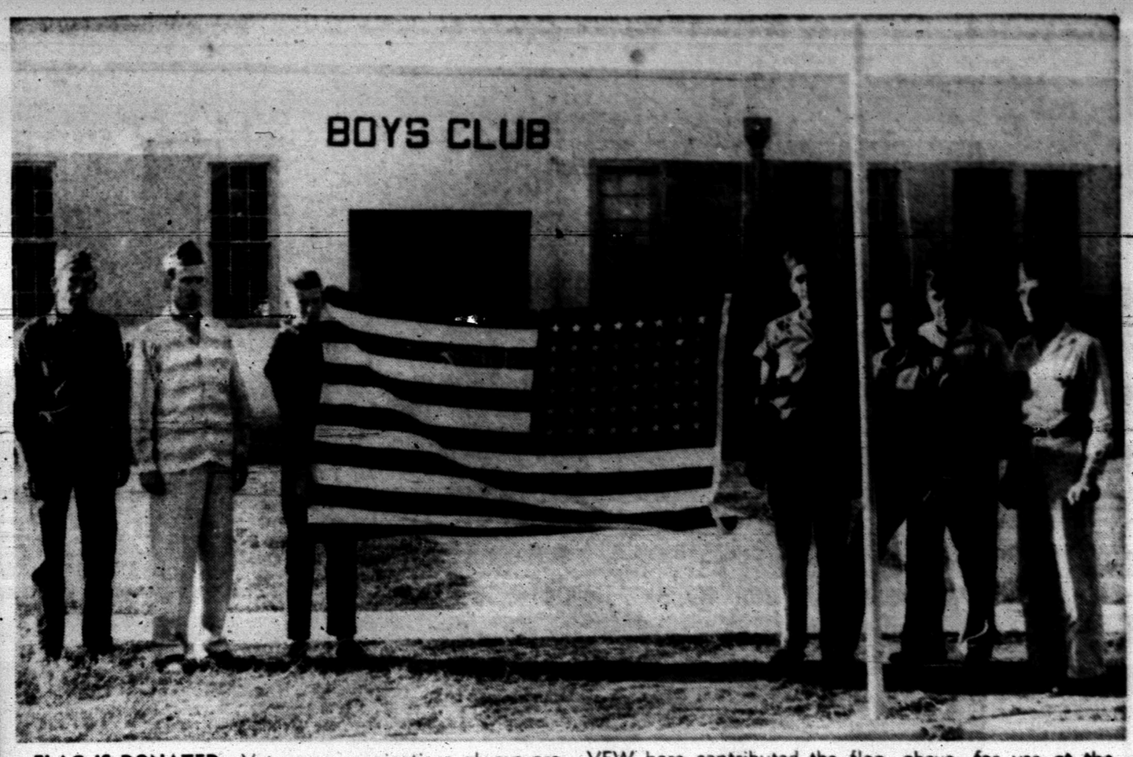

The Auxiliary assisted in the polio drive, heart fund drive and pay your poll tax campaign. They also conducted patriotic programs for several young groups and assisted in the library before the books were set up. They raised funds for the purchase of two wheel chairs and four pair of crutches to be used by anyone in the county who might need them.

The child-welfare activity consisted of gifts taken to some 320 needy families. The gifts consisted of a bag of nuts, candy, fruit and a toy for all children under the age of 12. Clothing and school supplies were given as gifts to older children. These gifts went to Latin-American, White and Negro groups with a special party for all three.

This is only a part of the many activities by the Ladies Auxiliary of The American Legion. Pay your membership dues . . . The money is put to good use.

AUXILIARY ACTIVE—The Veterans of Foreign Wars here is bolstered by an active Ladies' Auxiliary. Pictured above is a group of auxiliary members who participate in many of the activities.

FLAG IS DONATED—Veterans organizations always are interested in the welfare of the community's youth. The VFW here contributed the flag, above, for use at the Scurry County Boys Club.

VFW Post Here Urges All Eligible Veterans To Join

Carrol Lock, commander of Post 8231 of the Veteran's of Foreign Wars, has extended a special invitation to all eligible veterans to join the VFW.

Lock outlined some of the benefits and reasons why he thinks all eligible veterans should be in the organization.

Lock said, "I would like for you to join the Veteran's of Foreign Wars because:

"The VFW works day in and day out for the welfare of disabled veterans — with a nationwide program of service and rehabilitation second to none, and,

"The VFW stands guard over the welfare of the widows and orphans of war veterans — a policy that is reflected in the maintenance of the VFW National Home for widows and orphans, Eaton Rapids, Mich., and

"The VFW, is protecting such laws as the GI Bill of Rights, believes all veterans are entitled to equal treatment in the application of policies dealing with readjustment benefits, and

"The VFW believes unemployable needy veterans, who have rendered honorable service in time of war, are entitled to government pensions in amounts that will portect them against poverty and the stigma of charity, and

The VFW hand of comradeship is always ready to assist a comrade in distress andhis dependents.

"The VFW is waging a two-fisted, militant fight against communism and other subversive movements that would destroy our form of government, and

"The VFW vigorously opposes surrender of the rights and liberties of the American people to any form of world government, and

"The VFW believes good citizenship is best expressed in terms of projects that help make each community a better place to live, and

"The VFW membership is restricted to overseas veterans exclusively, our Cross of Malta emblem is a priceless decoration - one which must be earned as a member of the Armed Forces — and one that can't be purchased with money, power or influence."

Lock added that "your VFW membership card is:

"Proof of your unselfish loyalty to other veterans because your membership helps support the VFW rehabilitation and welfare service program for the nation's disabled and needy veterans—in your home community and elsewhere.

"It is proof of your sympathy for the widows and orphans—because your membership helps support the VFW National Home at Eaton Rapids, Mich., and the VFW fight for adequate pensions for the dependents of the nation's honored dead.

"It is proof that you did not discard your loyalty to America when you became a civilian — because your membership gives added strength to VFW national security policies — and the VFW fight to prevent future world wars.

"It is proof of your devotion to the welfare of the United States — because your membership helps support the VFW program of education in Americanism for all citizens — with emphasis on respect and reverence for our patriotic traditions.

"And it is proof of your interest in civic affairs because your membership helps activate VFW sponsorship of a great variety of community service projects that contribute to the betterment of all the people — veterans and non-veterans alike."

VFW Organization Formed In 1914

The Veterans of Foreign Wars of the United States of America, was organized by the amalgamation of the Army of the Philippines, American Veterans of Foreign Service and the Army of the Philippines, Cuba, and Puerto Rico, on Sept. 14 to 17, 1941, at Pittsburgh, Pa.

The objects of this association are fraternal, patriotic, historical and educational, to preserve and strengthen comradship among its members, to assist worthy comrades, to perpetuate the memory and history of our dead, and to assist their widows and orphans, to maintain true allegiance to the Government of the United States of America, and fidelity to its constitutions and laws, to foster true patriotism, to maintain and extend the institutions of American freedom.

The VFW is made up of people like you and me — 1,300,00 veterans and their families with all types of occupations and interest. VFW members, through their local posts, generate a climate for sales, services, civic interests and employment that benefits everyone.

The VFW members participate in local business and industrial development.

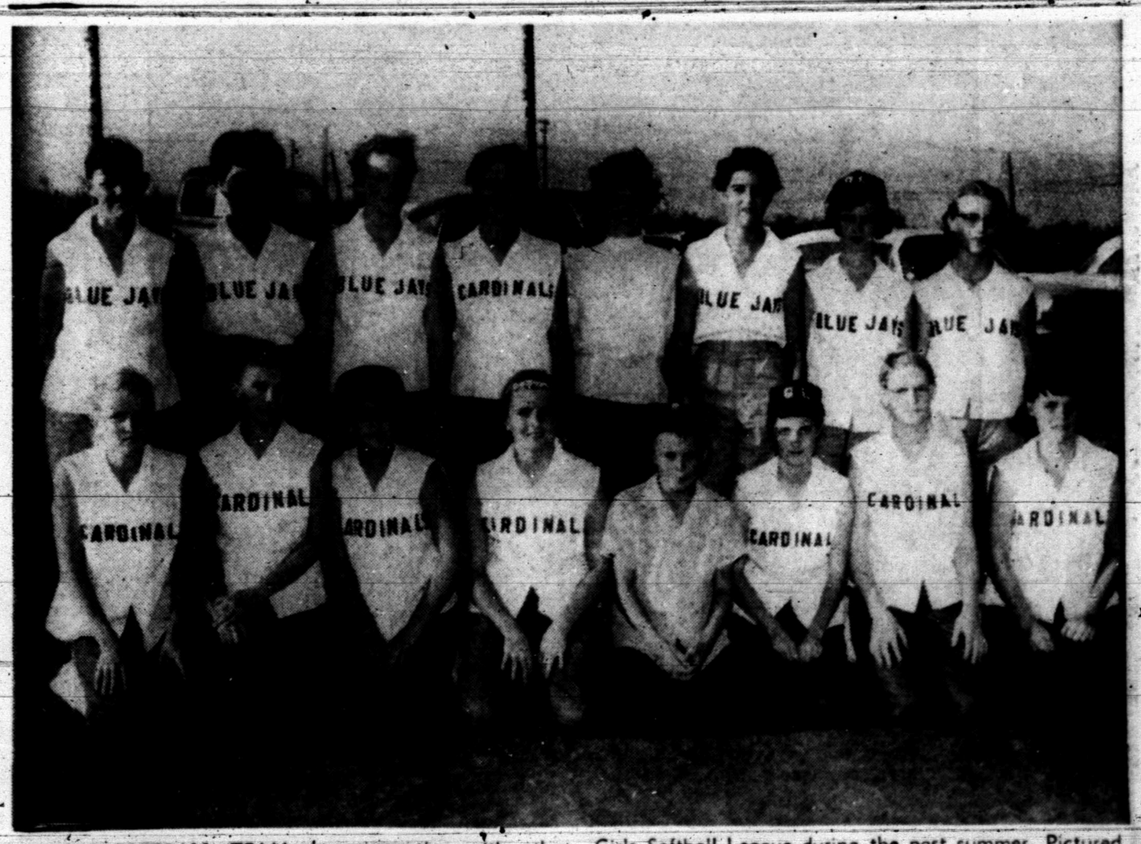

The VFW members contribute to the community growth by the building of GI homes, expansion of schools, recreation centers and civic enterprises.

It is the only veterans organization maintaining a national home for veterans' widows and orphans. The VFW National Home is at Eaton Rapids, Mich.

Founded in 1925 by the Veterans of Foreign Wars to provide a home for widows, sons and daughters of deceased or disabled VFW members.

From the first family, the widow and children of Sgt. Edward Pollett, it has grown to the extent that nearly 250 children may be cared for. From a single farm house and the farm buildings it has increased to nearly 50 units, including a modern hospital, community center, day nursery, guest lodge, memory chapel, clothing and grocery store, on a 50 acre campus with nearly 600 acres of fertile farm, dairy and orchard land. The home is a non-profit, charitable, membership corporation, supported and sponsored by the VFW.

(s)H. C. Lock
Commander

GIRLS SOFTBALL TEAM—In cooperation with other groups, the Veterans of Foreign Wars helped sponsor the Girls Softball League during the past summer. Pictured above are some of the girls who played in the league.

A VFW PROJECT—This shows furnishings in the new prayer room at the Snyder Nursing Home provided by the Veterans of Foreign Wars. The new prayer room was dedicated in ceremonies Sunday afternoon, with VFW members, local clergymen and church groups participating.

PRAYER ROOM DEDICATION—A quartet sings during dedication ceremonies for a prayer room at the Snyder Nursing Home furnished by the Veterans of Foreign Wars. Members of the quartet are, from left, Jerry Roe, Brenda Pitts, Carla Gladson and Jerry Nail.

THEY PARK THE CARS—Above are part of the "parking detail" at a recent Snyder High School football game. Members of local veterans organizations serve as parking directors for all home football games. Their services help eliminate confusion and traffic jams around the stadium before and after the games.

ALL FOR PREPAREDNESS—The VFW and American Legion advocate preparedness and cooperate in every way possible with the local National Guard to keep a ready reserve for any emergency.

JOIN THE VFW!

Carrol Lock, Commander of Veterans Of Foreign Wars, Post 8231

We Invite The Membership Of All Eligible Veterans!

If you served in the armed services over seas, then you should join the Veterans of Foreign Wars. The Veterans of Foreign Wars carry on many important tasks.

Your membership dues help to serve many purposes, combat communism, promote legislation to protect the rights of veterans, support veterans hospitals and homes for children of veterans, & Commuity service for all the people

Why not become a part of one of this great organization by paying your dues on Veterans Day?

Carrol Lock
Commander Veterans Of
Foreign Wars, Post 8231
Snyder, Texas

ALL RANKS, ALL GRADES, ALL AGES — ARMY, NAVY, MARINE CORPS, AIR FORCE

WORLD'S CHEAPEST "INSURANCE POLICY"

VETERANS OF FOREIGN WARS OF THE UNITED STATES

FOUNDED IN 1899

ELIGIBILITY TO MEMBERSHIP in the Veterans of Foreign Wars is a priceless privilege. This distinction must be earned by overseas military service. It can never be purchased with gold or favors. To the eligible veteran, the Veterans of Foreign Wars offers an opportunity to serve the community in which he lives and his country—plus the chance to help protect the benefits to which he is entitled under the law.

The membership dues in the average Post of the Veterans of Foreign Wars seldom exceed the nominal sum of $5.00 per year. This is an insignificant investment for the eligible veteran who appreciates the opportunity to help preserve and protect certain government benefits to which he, or his loved ones, may be presently entitled—and other benefits for which he, or his dependents, may be qualified under future emergencies.

Compare this small investment of $5.00 per year to an insurance premium amounting to at least $200 annually, which non-veterans would be required to pay in exchange for equal benefits.

Every benefit being granted to veterans by the federal government can be credited to the Veterans of Foreign Wars. From the day this organization was founded in 1899, the V.F.W. has fostered the basic veteran welfare principles upon which all veteran legislation is established today.

Every eligible veteran owes it to himself, and to his dependents, to subscribe to the one form of "insurance protection"—membership in the Veterans of Foreign Wars—that will help safeguard benefits to which he is entitled.

GOVERNMENT BENEFITS

1. Free hospitalization for service-connected disabilities in government hospitals, including necessary medical or surgical treatment. Free hospitalization and medical treatment, for non-service-connected disabilities, optional in discretion of Veterans Administration.

2. Out-patient and dental treatment, and prosthetic appliances.

3. Vocational rehabilitation, including education or on-the-job training, for service-disabled war veterans.

4. Domiciliary care in VF Homes or State Soldiers Homes for veterans unable to earn a livelihood due to permanent physical ailments from accidents or old age.

5. Compensation ranging from $15 to $360 monthly for war veterans with 10 per cent or more service-connected disabilities.

6. Compensation ranging from $12 to $288 monthly for peacetime veterans with 10 per cent or more service-connected disabilities.

7. Dependency allowances for dependents of veterans who are service-disabled 50 per cent or more.

8. Pensions from $60 to $120 monthly for war veterans (90 days or more honorable service) with permanent, total non-service-connected disabilities.

9. Compensation for widows and dependent children of service-deceased war veterans starting at $75 per month for a widow, plus allowances for children.

10. Pensions for widows and dependent children of deceased World War I veterans starting at $42 per month for widows, plus extra allowances for children. Same pension provision applies to widows and dependent children of deceased World War II veterans where said veterans had some degree of service-connected disability at time of death.

11. Pensions for Spanish-American War veterans ranging from $60 to $120 monthly.

12. Payment by the VA of up to $10,000 on a specially constructed house on behalf of any veteran who has lost the use of his lower limbs in service.

13. Payment by the Veterans Administration up to $1,600 on an automobile for a veteran of World War II, or service after June 26, 1950, where the veteran has lost the use of one or both feet or hands or is substantially blind, such disability having been incurred in service.

14. Aid to World War II veterans in obtaining loans for homes or business.

15. Burial allowance of $250 for all veterans, regardless of the size of estate left to the next of kin.

16. Free burial privileges in any National Cemetery.

17. Flag for nearest kin when any veteran dies.

18. Special preference in Civil Service employment.

19. Free access to the help of U.S. Employment Service and Veterans Placement Service in every state.

V.F.W. BENEFITS

1. Free assistance from Service Officer, Employment Officer and Welfare Officer in every V.F.W. Post.

2. Free access to the help of V.F.W. National Rehabilitation Service in each Regional Office of the VA.

3. Representation before Service Department Boards in Washington, D.C., as to retirement and correction of service records.

4. Deposit of copies of service records with Post Service Officers so as to insure prompt action in establishing entitlement to hospitalization or to establish eligibility to benefits for widows and orphans in event of veteran's death.

5. Protection of existing veteran benefits and the enactment of new laws favoring veterans, through representation by the V.F.W. National Legislative Service.

6. Free admission to the V.F.W. National Home for the widows and orphans of deceased V.F.W. members.

7. The opportunity to participate in V.F.W. social activities and facilities on the Post level.

8. The right to wear and display the emblem of membership in the only veteran organization that is composed exclusively of overseas veterans.

NOTICE SERVICEMEN!

WHO CAN WEAR THIS Badge Of Distinction?

ELIGIBILITY

SECTION 1. Any person shall be eligible for membership in THE AMERICAN LEGION who was a member of the Army, Navy, Marine Corps, Coast Guard, or Air Force of The United States and assigned to active duty at some time during either of the following periods: April 6, 1917, to November 11, 1918; December 7, 1941, to September 2, 1945; June 25, 1950, to July 27, 1953; all dates inclusive, or who, being a citizen of the United States at the time of his entry therein, served on active duty in the armed forces of any of the governments associated with the United States during either of said periods; provided, however, that such service shall have been terminated by honorable discharge or honorable separation, or continued honorably after either of said periods; provided further, that no person shall be entitled to membership who, being in such service during either of said periods, refused on conscientious, political or other grounds to subject himself to military discipline or unqualified service.

SECTION 2. There shall be no form or class of membership except an active membership, and dues shall be paid annually or for life.

SECTION 3. No person may be a member at any one time of more than one post.

SECTION 4. No person, who has been expelled by a post, shall be admitted to membership in another post, without the consent of the expelling post, except that where such consent has been asked for and denied by such post, he may then appeal to the Executive Committee of the department of the expelling post for permission to be admitted to membership in another post, and shall be ineligible for membership until such permission is granted.

THE EMBLEM INDICATES SERVICE FOR GOD AND COUNTRY

Three War Service

Practically every piece of legislation for World War I, World War II and Korean veterans is American Legion sponsored. Recent examples are the GI Bill of Rights for World War II veterans which was conceived, drafted and piloted through Congress by THE AMERICAN LEGION. Korean veterans get similar benefits as a result of Legion legislation.

Junior Education

Through membership in THE AMERICAN LEGION the veteran supports such youth programs as Boys State and Boys Nation; Oratorical and Essay Contest; Junior Baseball and Boy Scouts; the School Medal Award program and many others.

A Square Deal for Every Child

is the basis of THE AMERICAN LEGION'S Child Welfare program. Through THE AMERICAN LEGION more than $140 million dollars have been spent in the care of children.

Rehabilitation

Service to the disabled veterans—to the widows of veterans, and their dependents—is the cornerstone of THE AMERICAN LEGION.

Reasons for Joining The American Legion

1. Honorable Service. The button of THE AMERICAN LEGION testifies to your honorable service during World War I, World War II or the Korean conflict.

2. Rehabilitation. Every member helps toward providing adequate care and protection for the disabled of World Wars I and II and the Korean conflict and their dependents.

3. Child Welfare. Every member helps to carry out the child welfare program through which the organization stands in place of the father to thousands of needy orphans.

4. Americanism. By being a memebr, the veteran gives full support to the principles of Americanism through which un-American influences are counteracted. He supports patriotic education and helps make all communities better places in which to live.

5. Junior Education. Through membership the veteran supports the teaching of sportsmanship and high ideals to the youth through activities such as Junior Baseball, Boys State and Boys Nation, Oratorical Contests, Boy Scouts and the School Medal Award.

6. National Security. Every member will help the organization in attaining its goal for an adequate national defense to insure the nation against attack.

7. Legislation. While practically every piece of legislation beneficial to veterans of World Wars I and II and the Korean conflict has had the full support of The American Legion, a greater membership will insure the success of future legislative programs.

8. Non-Partisanship. By joining veterans become members of the most democratic organization in the world. There is no distinction of rank, race, or creed.

9. Comradeship. Veterans enrolling in the Legion join a real outfit of he-men who served together in time of war. Friendships made in war service endure. Friendships made in THE AMERICAN LEGION likewise endure.

10. Voice Heard. The voice of the single veteran is not heard, but the voice of millions of veterans in THE AMERICAN LEGION is heard and heeded.

Adjutants Letter . . . American Legion . . .

To all 1959 members who have not renewed for 1960. Our quota, set by the State Department for 1960, is 413 members. We have 257 members as of Nov. 5th. If only 90% of the remaining unpaid 1959 members will renew for 1960, our post 181 will be over the top. Let's all help Commander Contella put Layne-Kite 181 over the quota by Nov. 11. New members are also invited to send check out to, Legion Post 181, in the amount of $6.00, to N. L. Banks, Adj., 2809 Ave. S.

Quartermasters Letter—Veterans of Foreign Wars

Scurry County Veterans of Foreign Wars, Post 8231, was the only Honor Roll Post in District 8 for the VFW in 1959. Our Quota for 1960 is 260 members. The official starting date for the 1960 membership drive is November 11, however, 115 members have already paid their dues for 1960. Help us to go over the top early in our membership drive this year.

Attend the special Supper at the Veterans Club on Veterans Day and pay your dues for 1960 or mail your check for $6.00, made out to the Veterans of Foreign Wars, to VFW, Box 921, Snyder, Texas.

Jack Contella, Commander American Legion, Post 181

–OPEN LETTER TO ALL VETERANS–

On November 11, a day set aside as Veterans Day, our pulse quickens and our hearts beat faster as we remember the boys who fought and died to preserve the freedom we now enjoy. There is no better way of celebrating this day than by becoming a Quota Post in Membership. The question then arises, why this constant striving for more members? The answer is very simple. We cannot be content to remain at a standstill . . . WE MUST PROGRESS. There is an ever-increasing demand for our services. The needs of our veterans and their families are constantly growing. Additional members are needed for service in our many activities. The opportunity for service is unlimited.

The American Legion is recognized throughout the land as a strong group of veterans, dedicated to "Love of Country." It is our duty to work diligently against communism and subversion.

The American Legion is working for the benefit of America and for the welfare of the veteran, his widow, orphans and all children.

In every veterans hospital in Texas, The American Legion is giving faithful service. We stand firmly for the preservation of the Constitution and for the constant stimulation of the principles of Americanism in the minds and hearts of young and old alike.
Let us celebrate Veterans Day by becoming a member of the American Legion.

Jack Contella, Commander American Legion Post No. 181
