Deposits Hit Record High

Mitchell County financial houses reported record breaking figures for deposits during 1977 at the close of the business year. Totalling almost \$43 million in deposits, each of the county's four financial institutions tallied record deposits as of Dec. 31.

Money on deposit is one of the best indicators of a community's economy.

At City National Bank, the deposits totaled \$23,987,895.69 as compared to \$21,446,335.08 a year ago. Loans totaled \$11,434,914.66 as compared to \$9,368,705.31 last year.

Colorado City Savings & Loan assets totaled \$12,893,474.36 as compared to last year's \$12,392,139. Loans tallied

\$12,864,960.17, compared to 1976's \$11,151,986.42.

At First State Bank in Loraine, deposits were \$4,803,536.36 as compared to \$4,367,010.59 a year ago. Loans totaled \$2,398,918.87 as compared to \$1,894,025.04 a year ago.

Col-Tex Credit Union deposits were \$1,138,362.74 compared to \$1,011,983.16

last year. Loans for 1977 added up to \$1,177,643.13.

Not only did Mitchell County set all-time highs in deposits but surrounding communities also showed a healthy economic picture with deposit boosts.

The total amount of loans was up in Mitchell County, which suggests an active economy.

Each of Mitchell County's financial institutions set a new record for itself.

This was the first year City National has been over \$23 million and almost to \$24 million.

Two of the four financial houses in Mitchell County reached close to climbing over another million mark, but didn't quite make it. Colorado City Savings & Loan edged near the \$13 million mark during 1977 and First State Bank almost hit \$5 million.

Col-Tex Credit Union went over the \$1 million mark last year and solidly stayed over the mark for 1977.

MRS. ED BOWIE proudly displays her new bathtub made possible through Farmers Home Administration.

Pioneer Couple Receives Loan

Ed (Papa) Bowie, 88, and his wife Lula, 78 of 119 Paris have lived all their lives without the convenience of indoor plumbing.

They carried their water from a faucet outside and heated it on the huge potbellied stove sitting in the center of the living room floor. A small building in back of the house served as a bathroom, according to Bowie.

The Bowies moved to Colorado City in 1963.

Before retiring Bowie (or Papa as he would prefer to be called) helped build Old Highway 80 at a rate of 45¢ a day and acted as foreman for the Cotton Belt Railroad making \$49 every two weeks. He worked hauling logs with three yoke of oxen and was a true pioneer in every sense of the word.

He described his wife as a steadfast Christian woman, the heart and center of her home, totally consumed with taking care of him and others. He lovingly added, "She is a very unselfish woman that loves the unlovely and welcomes all into her home."

The Bowies may be found at most anytime busily working around their small home. Bowie "Papa" shucks corn for what he calls his "herd of chickens." He talks to his "herd" as if they understood and they listen like his own children. Every now and then one of his favorite children will become his favorite dish.

The conveniences which are accepted as a way of life by most people have never before belonged to the Bowies. Now, however, through the Farmers Home Administration, the Bowies' whole way of life will be changed.

They have new flooring in their kitchen, insulation on their walls to keep the cold wind out, a hot water heater and an inside plumbing that includes a bathroom.

The Bowies were the first recipients of a 504-1% loan from the Farmers Home Administration Repair Loan and Grant Program in Mitchell County.

The added structure is six-foot by eight-foot and contains a bathtub, lavatory and commode. It took three weeks to complete.

The Bowies contracted with Bobby Kimmel of Colorado Lumber to construct the new bathroom. Sub-contractor Sammy Parham did the carpentry work.

Auto Crashes Through Store

A car plowed through the E-Z Way Superette at 1715 Vine Thursday at 10:56 a.m., causing a police estimated \$3,000 damage to the store.

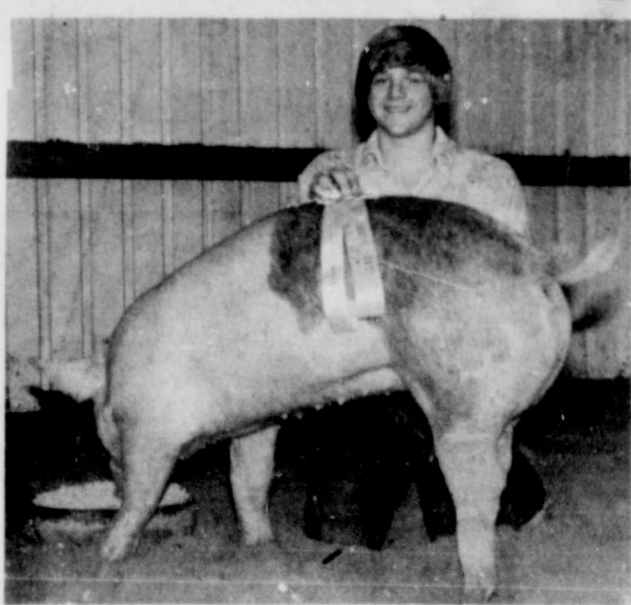

Apparently, Beula Austin Davis of Colorado City lost control of the 1975 automobile she was driving and landed about 26 feet inside the store. She was not injured.

A customer in the store, Eli May of Colorado City, was injured in the accident. According to Travis Cawthron, store owner, May was knocked down and dislocated his shoulder. He was admitted to Root Memorial Hospital.

Cawthron reported that the car went through the front of E-Z Way, hitting a check stand. Apparently a beam in the store stopped the car, but the wheels were still spinning.

FRIENDLIEST salesperson for the month of December was John Williamson of Anthony's. The selection is made monthly by a mystery shopper.

WESTBROOK STOCK SHOW winners are pictured here: top photo is of Allan Dockrey's Grand Champion and Reserve Champion sheep. Trey Smith is holding Dockrey's Reserve Champion winner. Second photo is Grand Champion Swine shown by Jennifer Beasley and third photo is Ron Fryar's Reserve Champion Swine. "CONVERSATIONS ON CARPETING"

By Fred Butts
THE CHOICE IS YOURS.

Confused about what carpeting to buy for your home? Has the dazzling array of colors and textures made your decision a difficult one? Here are some suggestions that will help you make the right choice.

Begin by making a list of your favorite colors. Include only those colors you feel you could live with every day. Keep the list in mind as you view the many carpet colors and select your carpet color from the list.

You can also narrow the possible choice by carefully considering the room you are decorating. Is it spacious or small? Will the carpeting be one of the focal points of the room or a quiet accent to the furnishings? Will there be light or heavy traffic in the room? As you answer these questions, you'll begin to discover what kind of carpeting will best serve your needs.

Now it's time to choose your carpeting. You still must select from many lovely colors and textures. If you're still confused, here's an important rule to remember. "Buy what you like." Trust your own senses. Is the carpet pleasing to you? Do you like its look and feel? You'll be living with the carpet, so what you like really matters.

You're sure to like the large selection of luxurious carpeting at our store.

What's Different About the SWEETWATER

WEIGHT CONTROL SEMINAR?

1. We do NOT advocate QUICK WEIGHT LOSS. Quick weight loss usually results in the weight being regained in a few months. We encourage the loss of one to two pounds weekly in a manner which will enable each person to maintain the desirable weight once it is reached.
2. We do NOT recommend "DIETS". For 90% of overweight people, dieting never has worked over a prolonged period. The Seminar will seek to change attitudes and habits about food and eating, and will help to overcome defeatism about ever being slim permanently.
3. We do NOT recognize EXERCISE as a weight loss technique, although it is good for muscle tone and self-concept. Trying to burn up calories by exercise is a futile effort for most adults. It simply takes too much exercise to burn up a significant amount of calories, and exercise increases the appetite!
4. We do NOT believe in DRUGS to curb the appetite or SURGERY to bypass digestion in our approach to weight control.
5. We DO believe that virtually every person has the potential to develop new attitudes, to control his or her own appetite, to resist what has been irresistible in the past, and to form entirely new and dynamic concepts about the self.
6. We DO believe that the battle of weight control must be fought and won in the MIND, not through PHYSICAL OR CHEMICAL METHODS.

ELIGIBILITY FOR FOLLOW-UP GROUP SESSIONS

Those who attend the Seminar will be eligible to participate in small group sessions which will meet weekly for 10-12 weeks following the seminar. Late afternoon and/or Saturday sessions for working people. Dr. Reeves will lead the group sessions. There will be an additional fee for the 1 1/2 hour sessions.

Deposit Up To \$1500 TAX-FREE IN THE CITY NATIONAL BANK IRA INDIVIDUAL RETIREMENT ACCOUNT

If You're Not covered under any other retirement plan, start your own.

It is an account called an Individual Retirement Account (IRA) approved by the Internal Revenue Service. It is now possible for wage earners to add to their financial security by establishing their own personal retirement plans. Federal Legislation now permits employees and self-employed persons receiving compensation and not covered under any other retirement plan to establish their own INDIVIDUAL RETIREMENT ACCOUNT. And you can save immediately on income taxes while planning a secure future for you and your family.

What is an Individual Retirement Account?

An Individual Retirement Account (IRA) is a personal tax sheltered retirement plan. It was developed to bring every American worker the opportunity to build a more secure future for themselves and for their family.

Who can establish an IRA?

IRAs are available to any wage-earner. The only requirement is that you not currently be a participant in an employer-sponsored plan.

Can my spouse establish one?

Your working spouse may establish a separate IRA, too, provided he or she is not currently a participant to an employer-sponsored plan.

How much can I contribute to my IRA?

Federal law allows a maximum annual contribution of \$1,500 or 15% of wages, whichever is less. Of course, smaller amounts can be contributed each year.

Are my contributions tax deductible?

For Federal income tax purposes, contributions to an IRA are fully deductible for gross income up to the

maximum allowed by law. You can deduct your contribution even though you don't itemize deductions.

Do I pay taxes on the income earned by my account?

The earnings of your account are not currently taxable. Each dollar of earnings produces additional DOLLARS WHICH ARE ALSO NOT CURRENTLY TAXABLE. This tax-free compounding continues until retirement.

When do I pay taxes on my account?

Your account, including principal and earnings, is not taxed until you receive payment from it.

When can I begin to receive payments?

No payments can be made to you before you reach age 59 1/2 unless you become permanently disabled. If your death should occur sooner, funds in your account will be paid to your named beneficiary. You must begin to receive payments from your account by the time you reach age 70 1/2.

How do I start an account?

Opening an individual Retirement Account is an easy as opening a savings account. Stop in and one of our officers will gladly assist you.

Qualities Of A Friend

Rev. Caddo Matthews

Pastor

Plainview Baptist Church

Friendliness is a desired quality, or should be, in every life. What makes up a
friend & Let us take a look at some things that make a friend.

1. A friend is always "sincere." Never a fake, always real and solid in actions and
thoughts.

2. Always "true" in what he says and does. Truth is ever upper most with a friend.

3. "Faithfulness" is a quality of a friend that always stands out in time of need or
stress. One who is always there, never doubting, never wavering, steady with love
that reaches out.

4. A friend is "forgiving" in his spirit remembering that he too makes mistakes, so
he never pours salt into open wounds, but rather is forgiving with understanding.

5. Friends are "encouraging" to others. How often we need a kind hand shake or
an arm about our shoulder when the way seems dark and dreary.

6. A friend "prays for others." Prayer is a privilege. How we need the prayers of
others and likewise others need our prayers.

7. A friend has "a sweet spirit" about him. It has been said, and how true it is,
that, "all the devils in hell can't defeat a sweet spirit."

8. Being friendly is "Christlike." The Bible says of Jesus that "he is a friend that
sticketh closer than a brother." Jesus laid down his life on the cross for us and calls
us his friends.

9. And last, "a friend loveth at all times." The law of love was given to use by
Jesus himself. Love endureth all things. Love is the greatest of all Christian virtues.
Cultivate love in your person.

A Friend in Need

"A friend in need," my neighbor said to me;

"A friend in need is what I want to be.

In time of trouble I will come to you,

And in the hour of need you'll find me true."

I thought a bit, then took him by the hand;

"My friend," I said, "You don't understand

The inner meaning of that simple rhyme;

A friend is what the heard needs all the time

Here lies the Friend's part--

To be friendly all the time with all your heart.

Residents Complete 520 Hours Of Training

Two Colorado City men are among 14 Paramedics recently certified by the West Central Texas Emergency Medical Services System for completion of the 520 hours Department of Transportation Paramedic course. They are the first Paramedics in our area and are certified with the Texas Department of Health for a two-year period.

The Paramedics are trained in Advanced Life Support and will operate under physician control. They are qualified to start I.V.'s, administer drugs, read electrocardiograms, defibrillate and intubate a patient. The key words are physician control. The Paramedics are the eyes and ears of the physician. They may perform advanced life sup-

port procedures only under direct orders from a physician.

Those men from Colorado City completing this extensive training are E. J. (Joe) Stockton, Jr., Director of Respiratory Therapy at Root Memorial Hospital and Milton Dillard, self-employed in Colorado City.

Dale B. Brannom, M.D., West Central Texas EMS Physician Director, was the coordinator and main instructor for the course. In addition to Dr. Brannom, 20 other physicians and 5 registered nurses had direct input into the training.

The classes started April 11, 1977 and ended December 21, 1977. Classes were held two nights a week, 4 hours per night. The facilities

utilized were West Texas Medical Center and Hendrick Medical Center, both in Abilene.

In addition to the new Paramedics, West Central Texas currently has 117 Emergency Care Attendants (ECAs) with 40 hours of training, 238 Emergency Medical Technicians (EMTs) with 120 hours of training, and 9 EMTs that have completed an additional 70 hours in intravenous medication, one of the four modules required for Paramedic certification with the State Department of Health.

This output of highly qualified emergency care personnel is only one component of an Emergency Medical Service System now in full swing in the West Central Texas area.

Loraine Officer Resigns

Loraine is losing one of its policemen.
 Robert Howle informed the Record of his resignation as of midnight Jan. 8 on Friday in the following letter which was addressed to Chief S. L. Vallery and the Loraine City Council.
 "Sir,
 "I would like at this time to advise you that I am resigning from the position of police officer for the city of Loraine.
 "In the seven months that I have been employed for the city police, I have worked with some of the best law enforcement officers in the business and have acquired some very valuable knowledge as well as experience.
 "It is with deep regrets that I must leave due to personal reasons; I must say that I have enjoyed knowing everyone that I have and I deeply regret leaving as I enjoyed working with and for the people in the city of Loraine."

 Colorado High's boys and girls varsity teams were both zapped by Wylie in Friday night's action, each by an even 10 points.

In the girls game, the Wolves district record was left at 0-2 after a 57-47 fall to Wylie.

Opening action with a burst of steam, the girls led the game the first quarter by three points. But by the second quarter, Wylie began to score more heavily and the Wolves couldn't keep up.

High scorer for Colorado High was Beverly

Playhouse Banquet Set

The annual Colorado City Playhouse Awards Banquet has been set for Friday, Jan. 13 at 7 p.m.

The Banquet will be a covered dish supper in the City National Bank Charles C. Thompson Room. Members and guest are invited.

Each year the Playhouse group holds this event to present plaques to winners of acting awards and directors of the past year's productions.

Awards will be given for:

- Best actor and best actress in a starring role.
- Best actor and best actress in a supporting role.
- Best performance in a minor role.
- Directors of each play presented this year.

Fuller with 28 points. Karen Thomas made 15.

The boys game followed much the same pattern as the girls, but the score was higher--Wylie overcame the Wolves 61-51.

Colorado High boys led the action by 3 points in the first quarter, but lagged behind the remainder of the game.

Cornell Ausbie was top scorer with 18 points. Frank Sanchez made 11, Bill Jordan, 10, Rickey Sanchez, 4 and Ronnie Wagner, 2.

"We weren't strong on the boards at all," said Coach Mike Hart. "We had plenty of chances to win it, but we played poor defensively."

Hart said that the team hit 32 per cent from the field and 63 per cent from the free-throw line. "Field goal shooting should have been about 45 per cent," he said.

The Wolves boys district record now stands at 2-2.

 Westbrook varsity boys edged out Highland Friday night in a heart-stopping 57-56 game.
 Highland led the game in

the first half of play by four points. The Wildcats outscored Highland in the third quarter and somehow managed to stay one point ahead until the final buzzer.

Top scorers were Bobby Moody with 19 and John Lightfoot with 11.

The Westbrook varsity girls were creamed by Highland 57-40 in district play Friday night.

Although the Wildcats outscored Highland in the second half, the points were not high enough to nab the win.

Rosemary Lopez was the Wildcat high point-maker with 26.

 The Loraine girls were in good form Friday night when they dominated the Hermleigh court, taking a 47-36 win. But the Loraine boys did not fair as well, as they fell to Hermleigh 66-41.

In the girls game, Loraine led the action the first half, with the second quarter scoring the widest lead for the Bulldogs.

Linda Moreno was high shooter with 25 points. Gay Jones made 20 and Emily Deloera, 2.

Proposed Housing Units Approved

Colorado City Housing Authority Board Tuesday night approved a proposal for 20 housing units for the elderly to be built here.

The board's approval is subject to approval by the U.S. Department of Housing and Urban Development (HUD).

The proposal that was approved was submitted by Temple Management, Inc., of Temple, the same firm that built other public housing units here. Their cost estimate was about \$460,000. That is more than the \$448,000 that has been

approved by Congress for the project.

This cost difference will have to be worked out between HUD and the contractor, said Dennis Walding, manager of the local housing authority.

The housing units are to be built in about five locations around the city in duplex arrangements. The units will be one-bedroom and will have from 600-800 square feet.

Colorado City Housing Authority has received a \$4,000 grant to cover the cost of travel, telephone expense and other costs incurred on the project.

In boys action, the Bulldogs managed to outscore Hermleigh only in the third quarter and those points couldn't tally the win.

Jeff Oliver had 16 points and Junior Martinez, 14. Curtis Haden and Wayne Rose each had 4 and Ricky Williams, 3.

 Colorado City 8th grade girls watched a win fall from the basket in Thursday night's action against Coahoma.

Unfortunately, it was the wrong basket.

The Coahoma girls snatched the game 14-11 in final game action.

In the last 50 seconds of the game, the score was 12-11 in favor of Coahoma. The Wolves took the ball, but sacrificed the game with a foul.

Angie Neff was lead scorer with 4 points. Teresa Bradley, Kim Feaster and Deloria Johnson each had one bucket. Karla Herm had one point.

A rural (all of Mitchell County) homeowner whose house needs fixing up may be eligible for a loan and/or grant from FmHA.

The agency makes home improvement loans to families who may not need or cannot afford a new house, to bring it up to minimum property standards. It also makes loans as well as grants to homeowners to remove health or safety hazards from their dwellings. Grants are made only to low-income elderly homeowners, 62 or older.

A borrower's income is the key to the type of assistance for which he is eligible.

For families with somewhat higher income, a home improvement loan may be possible to bring the house up to FmHA minimum property standards.

Anyone interested in obtaining such a loan may contact David Marion at the G-Kell Building at FmHA.

Touring Local Homes

By KATHERINE CLARK

The lake looks cool and crisp in January from the back deck of the Buck and Lorraine Ellis home, located near the landmark rock at Lake Colorado City.

An excellent view of the lake is afforded from the Ellis verandah.

Upon entering the modern structure, which features tall skylights and natural wood and brick, you see framed photos and portraits of family members, attractively displayed in the entrance gallery.

Off to the left is a conventional bathroom, featuring a white Italian cabinet trimmed with gold and topped with black onyx marble streaked with gold flakes. The plush carpet is lemon yellow and lemon and black accessories accent the white walls.

Around the corner and to the left you will find a side entry to a future three-car garage. It is also a convenient laundry room equipped with General Electric washer and dryer. To your right is the high-ceilinged kitchen with com-

handed person as Mrs. Ellis is.

Lighting in the kitchen-dining room is furnished by two chandeliers of wrought iron and copper fashioned as wagon wheels, holding gold lanterns.

Separating the dining and kitchen area is a scalloped carpet of gold and yellow which is the predominate coloring throughout the house. A massive table of highly-polished pine reflects the subdued light as does the hung mirror on the far wall.

The high-beamed Cathedral ceiling is instrumental in giving one the airy spacious feeling of being outside in the living room. The smell of the forest is naturally captured in the inlaid Aspen paneling, adding openness to the entire house. Eight foot reflective windows line two walls which are separated by a corner brick fireplace with brass fittings. The fireplace is also equipped with a heat-distributing fan.

Heavy leather armchairs sit before the fire, adding a tailored but comfortable look to the room. Other furniture reflects the predominant gold coordinates in velvet-striped couch and matching loveseat and solid high-backed chair.

An enormous floral painting centered over the couch adds to the naturalness of the setting.

Down the hall and to the left is the master bedroom with still another view of the lake through three 8 foot tinted double glass sealed windows to help insulate the house while giving a naturally sunny look to the room.

The skylight overhead floods the room with sunlight in the morning. Popular white wicker is used in the bedroom and master bath for accessories. A chaise lounge with striped velvet cushion occupies the corner in front of wide, his and hers closets featuring louvered doors. The dressing table has a white Italian arched cabinet

topped with black onyx marble. This style cabinet is also used in the master bath, over-shadowed only by the unusual heart-shaped onyx bathtub with ornate gold faucets. The bathtub features a whirlpool.

A special feature of the master bedroom is a bidette in black porcelain to match the commode and convenient coordinating black telephone.

Continuing through to the spacious linen closet you will find a storage area and shoe closet. The next two rooms are a guest room and Lorraine's exercise,

sewing and reading room. Both are decorated in comfortable style, tailored for convenience. The sewing room and adjacent formal sitting room are light and sunny with bright, warm yellow accessories and earth colors giving definition to height of the rooms.

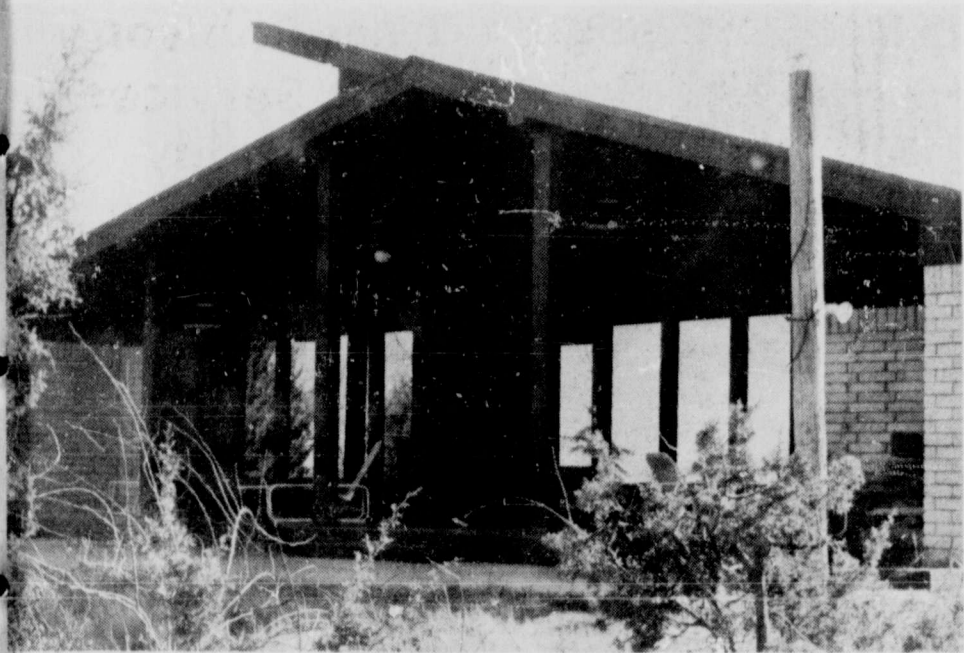

An added feature in this spacious home is an abundance of storage areas.

Sunlight fills the entire house emanating from slender windows and high skylights. For evenings cool beams radiate from indirect lighting illuminating the natural openness of the house.

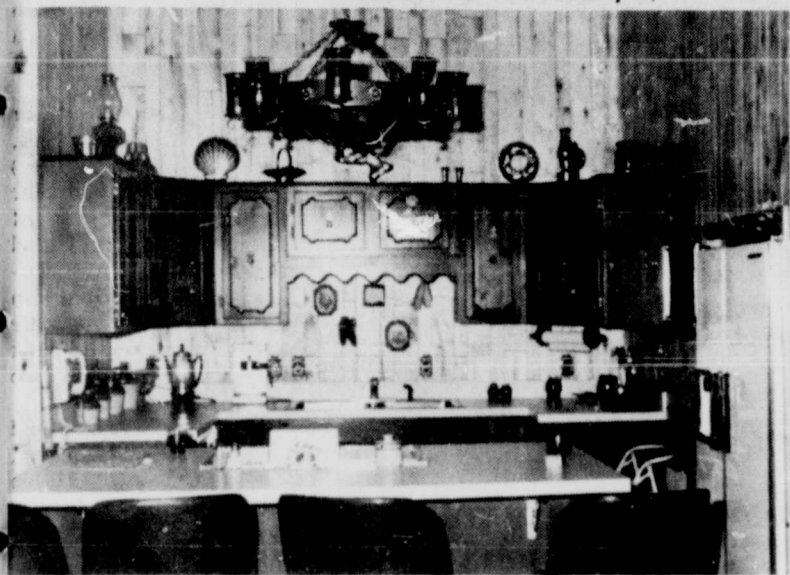

The Ellises say they are still in the building stages with plans in the making for a three-car garage, boat ramp, and landscaping to include a circular drive.

There are a few things they would have done differently if they were to do it again "and we may do it differently yet," Mrs. Ellis added.

The Ellis home is comfortable and spacious enough for the entertaining they enjoy. It also reflects their hobby of fishing as each has his/her own fishing closet. It's a decided addition to the beautiful homes in the area.

Westbrook Women Learn Mission Needs Of North Central States At Tuesday Meeting

"North Central Calling!" was the topic for the Baptist Women's meeting Tuesday at Westbrook Baptist Church. Those presenting the program were Mrs. Alis Clemmer, Mrs. L. M. Dawson, Mrs. Bob Manning and Mrs. Lee Shaw.

"North Central Calling!" is a study of the north central states (Illinois, Indiana, Iowa, Michigan, Ohio, Wisconsin and Minnesota) and the Baptist mission work being done there.

Mrs. Alis Clemmer related stories of the work in Albia, Iowa, a small farming community and the county seat of Monroe County. Albia has no Baptist church at the present time, but through outreach methods, Bible study has been held, a ministry has been started to minister to retarded adults, a crisis closet and services at a nursing home

have been initiated. Missions have also been started in Knoxville and Lovila, Iowa by the Southern Baptists. Mrs. L. M. Dawson told of the mission work now being conducted in Chicago by Alberto Joaquin, a Lebanese born in South America, and his wife, a former Southern Baptist missionary to Mexico before her marriage to Alberto. The Joaquins work with the

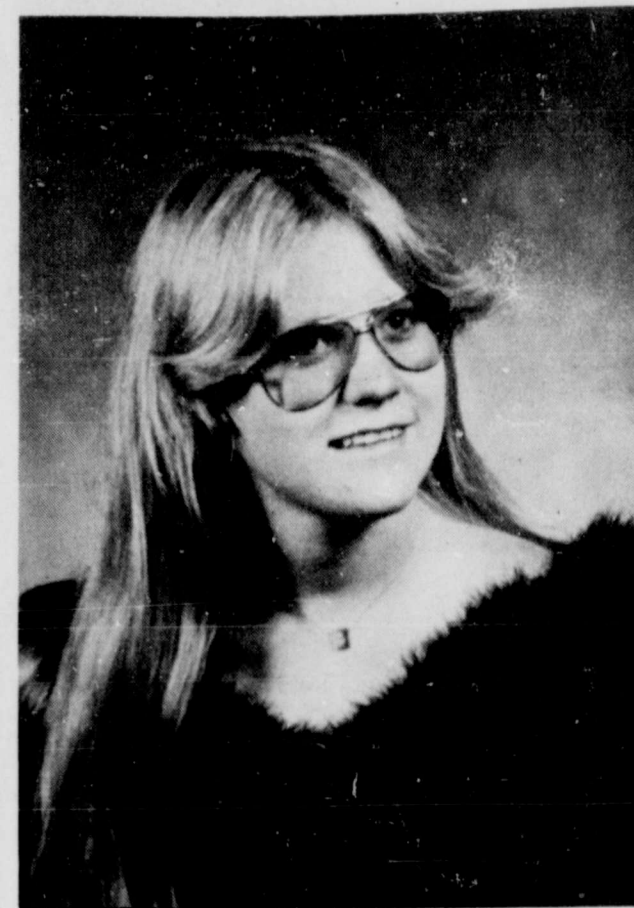

Spanish-speaking population in the Chicago area. In Pontiac, Michigan, Mr. and Mrs. Charles Wilkenson have been instrumental in instigating and encouraging work with the Women's Missionary Union and the Brotherhood in that area. Their work was detailed by Mrs. Bob Manning. Mrs. Lee Shaw presented the call to prayer from Psalms 19:1-8 and worded the prayer. To meet the
