A LARGE TREE AT 1135 HICKORY ST. was among several trees that were uprooted and broken off near their bases during a thunderstorm packing winds of more than 60 miles per hour early Tuesday evening, May 25. 52 Oncor customers lost power to their homes.

Strong winds damage trees, cut power to homes in city

A thunderstorm packing winds of more than 60 miles per hour inflicted a wide range of damage in a short time to the northeast area of Mitchell County, including Colorado City, early Tuesday evening, May 25.

National Weather Service meteorologist Seth Nagle of Midland said, "What Colorado City experienced was an outflow of wind from the thunderstorm" that was located north of the city.

"The core or heaviest part of the thunderstorm was to the

north of Colorado City and moved east along the Mitchell-Scurry county line," he said. "These were all straight-line winds."

"We did not see any significant rotation within the thunderstorm to indicate to us that it was a tornado."

The NWS issued a severe thunderstorm warning at 7:05 p.m.

The thunderstorm dropped up to 2 inches of rain in the northeastern part of the county along a line from Dunn to 3

inches of nickle-sized hail.

The strong winds uprooted large trees, breaking many off trees near the base. They also carried the 1,000- to 1,500-pound high jump pit cover at Wolf Stadium over a hurricane fence to a vacant field across from the stadium.

Large trees snapped by the winds downed power lines in several areas in Colorado City, igniting fires on the north end of Walnut Street and off 15th Street.

Scott placed on ballot in November

Mitchell County Constable Tommy Scott is now a candidate for county sheriff.

Scott, who serves as constable for Precincts 2 and 3, will be a candidate on the Independent ticket in the Nov. 2 general election.

Scott will face Democratic incumbent Sheriff Patrick Toombs who was unopposed in the March primary.

Toombs received 495 votes in the Democratic primary.

Scott was placed on the November ballot after he turned in a petition with the necessary number of registered voters.

County Voter Registrar Faye Lee said Scott turned the petition in to County Judge Ray Mayo on May 13 with 121 signatures.

She received the petition May 14 and certified 103 registered voters.

Scott needed signatures of 97 registered voters to be placed on the ballot.

Lee said individuals could sign the petition as long as they did not vote in the Democratic primary since that party had the only candidate.

Anyone voting in the Republican primary could sign the petition since the GOP did not have a candidate running for office.

when she became executive director of the BOED.

Fuller said the two goals she was given when hired for the BOED job was to form a water district and build a sports complex. She wrote the grant for the sports complex.

"The one I am most proud of is the sports complex," she said. "It was a community effort, but I have been so pleased to have been a part of that."

"The water district was formed in February 2002.

Tuesday night, water district directors decided to begin the search for a new executive director. Applications must be postmarked no later than June 25.

The directors were also given the oath of office and they re-elected Stubblefield as president; Morris, secretary; and Lemons, vice president.

They also will begin a search to fill the Precinct 3 director's position. No one filed for election. It is a two-year term.

The police department dispatcher was swamped with phone calls for at least one hour after the storm inflicted its fury, and the Sheriff's Office also received numerous calls.

The winds also snapped one utility pole, damaged at least three others off Rogers Road, and took the roof off a greenhouse at the Ware prison unit.

Randy Ward of Snyder, town operations manager for Onco, said at least 52 customers lost power during the storm because of tree limbs downing power lines and damage to utility poles.

W'brook ISD is awarded grant

The Westbrook Independent School District has been awarded a loss prevention grant of \$3,000 by the Texas Association of School Boards Risk Management Fund.

Edwin Thompson, director of TASB Loss Prevention Services, said the grant will help implement loss prevention and safety initiatives to reduce the

potential for property losses and on-the-job injuries, and to raise loss prevention awareness.

The Westbrook ISD is among 146 schools, one education service center and a county appraisal district awarded \$447,900 in grants from the fund in 2004.

"The safety and well being of all school employees and

prevention of losses have been major objectives of the Fund's Loss Prevention Grant Program since its inception in 1998," Thompson said.

"The Fund is dedicated to partnering with its members to do everything we can to help educate school staff, provide for a healthier workforce, and save valuable district resources," he said.

Thompson said workers' compensation grants focused on personal protective equipment, mechanical lifting devices, and fall prevention equipment.

He said facilities security initiatives, driver improvement, and vehicle safety were the primary areas receiving grants under the property/casualty program area.

The TASB Risk Management Fund, created in partnership with Texas school districts in 1974, provides comprehensive risk management coverage in addition to a variety of services in the areas of workers' compensation, property/casualty, unemployment compensation, and employee benefits, Thompson said.

TASB is a voluntary, non-profit association formed in 1949 to serve Texas school districts.

Incumbents Kay Barnett and Durwood McAdams and challenger Jerry Graham meet for two places on the council.

They each received 40 votes during the May 15 election.

Incumbent Jennifer Zuniga was the top vote-getter with 64 and returns to the City Council.

City Secretary Connie Harshaw said early voting will be held from 8 a.m. to 5 p.m. June 9-15 at City Hall.

transported Villalon to Mitchell County Hospital. He was airlifted to Lubbock by Critical Air of Sweetwater.

Flores said Villalon has undergone a series of surgeries since the accident, and that additional reconstructive work remains ahead for the youngster who will be a fifth-grader at Hutchinson Elementary School.

Flores said Villalon was struck by a 1986 gray Dodge Ram pickup truck driven by a 16 year old female.

Flores said the accident occurred a quarter-mile from the home of Villalon's grandfather Roberto Molina.

Flores said Molina and his grandson were picking up the mail on the east side of Highway 208 when Villalon said he wanted to run home.

Molina told his grandson to watch for traffic.

Villalon exited the van, went to the backside and crossed the striped line into oncoming traffic, Flores said.

The 16 year old was traveling northbound on Highway 208 when Villalon moved into the path of her vehicle.

Flores said she veered to the right to try to avoid Villalon. Her vehicle skidded to the shoulder and stopped facing west.

Flores said the driver was unable to avoid Villalon because of his walking into oncoming traffic.

Flores said Villalon also suffered a concussion and lacerations to the head.

Flores said no charges will be filed against the driver or pedestrian.

Trooper Jeremy Usener assisted along with Mitchell County Sheriff's Deputies David Moore and Cody Shannon, and the drivers parents.

The winning ways of Jackpot Jan

By Tumbleweed Smith

Jan Bland's house in Mount Vernon is a mess. I don't mean it's not clean. I mean there are stacks of stuff all through the house. It looks kind of like she's getting ready to move. The stacks reflect a variety of interests. You could say the house is colorful.

"I guess you might say I'm colorful, too," says Jan. "I try to be."

She collects everything from antique dolls to live chickens. The colors of red, white and blue are on all kinds of things in her house.

"I'm very patriotic. My forefathers helped settle this country. They fought in the Revolutionary War. One of the wives was a spy and carried secret messages in the lining of her coat. My father served in World Wars One and Two."

Jan is a student of both American and Texas history. She earned BA and MA degrees after her sons left for college.

"I enjoyed it tremendously. I studied at the University of London, went to Madrid to the University of Spain, and to a girls' agricultural school in Florence, Italy."

Jan taught school seventeen years. In her spare time she sold clothes at Canton's First Monday Trade Days.

"It was not expensive clothes. It was clothes primarily for school teachers and people who worked, fun kind of things. In two days, I used to sell twenty-eight thousand dollars worth of clothes. I did go down there to have a good time but I was a walkin' talkin' machine."

She worked at Canton 25 years. Jan spent her extra money on gaming boats in Bossier City, Louisiana. Last year was a good year.

"I went three times in April and won four jackpots which totaled \$27,747. I had played blackjack all day long with a hundred dollars and I was only forty-five dollars ahead, so I decided I'd better go play the slots a little if I was going to win some money. I just walked up to a machine, did not sit down, and put a hundred dollar bill in. It was a ten dollar machine and I pressed the button once and that was twenty dollars and I pressed it again and that was forty dollars and then I hit \$19,600."

Thirty minutes later, she was at another slot machine on the opposite side of the ship.

"I played that machine and hit \$2,800. I had a lot to show for thirty minutes of playing. Then I went back to Bossier City when Willie Nelson was there and hit the jackpot again. On that machine where I won the nineteen thousand dollars, I've hit three other jackpots on that same machine."

When someone wins a jackpot, the casino takes a picture of the player standing by the slot machine, which shows the amount won. Jan has stacks of those pictures. She giggles when she shows them to guests.

"I'm pretty lucky. Everybody wants to go with me. People will ask me if they can touch me for good luck."

4-H members beautify park

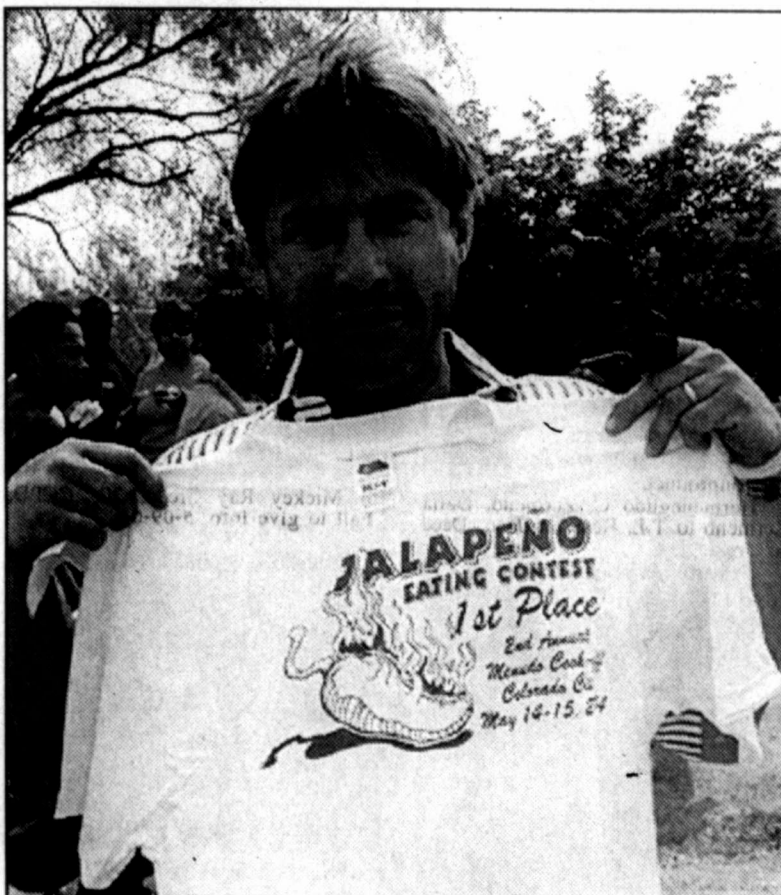

By Amanda Castillo
Mitchell County 4-H members met Saturday, May 22 at Ruddick Park to work on their BAT Project. The members, along with parents and sponsors, worked in the afternoon making a rock garden with cactus and rocks. Thank you to Neff's Nursery, Lorenzo Vasquez and the parents that donated materials for our project.

Families need to go by the Extension office to sign up to water our site weekly. If you have a chance, go by the park and see our project.

Dates to remember are June 5 is the 1st Shot Goat Show. Any parents or members that can help with the show or conces-

sion stand are asked to do so. June 10-12 is the AJRA Rodeo, members and parents are also asked to help with this.

For questions please call the Extension office. I hope everyone has a good summer and see you at the 4-H round-up!

JAKE McCARTNEY of Colorado City won first place in the jalapeno eating contest during the second annual Mex-Tex Menudo Cookoff May 15 at Ruddick Park. McCartney downed 14 of the raw peppers. He won \$100 and a T-shirt.

Cornutt to play football for HSU

Former Colorado Wolf Nolan Cornutt will be one of the more than 100 athletes trying out for a roster spot for the Hardin-Simmons Cowboys this August.

Cornutt, a two-year starter at offensive and defensive tackle, will be attending the Abilene school as a non-scholarship player.

The 6'3", 280 pound Cornutt was a district 3-2A first-team selection at offensive tackle as well as a second-team all-district selection at defensive tackle.

When former Wolf, and now Angelo State University lineman B.J. Graham went down with an injury against Hawley in game three of the 2002 season, Cornutt stepped

in, and did an admirable job. He was rewarded by being named honorable mention at his offensive tackle position.

Cornutt was named "Player of the Week" after his play against Haskell when the Wolves claimed their annual homecoming tilt. He graded out the highest among all the offensive linemen in that game.

Head Wolf coach Frank Johnson said that Cornutt was one of the most pleasant surprises on the offensive line this past season.

"Nolan came in for us and did a good job on the line," said coach Johnson. "He was one of the many reasons we were able to run the ball with the authority we did. We wish

him all the luck in the world as he carries his skills to the next level."

Cornutt is the son of Mark

Cornutt and Pam Cornutt. His paternal grandparents are Billy and Kaye Nell Cornutt of Loraine.

FRESHMAN PAIGE NEWBY gets off a discus throw at the state meet in Austin. Her toss of 128'10" was good enough to nail down third place. On June 5, she will throw the discus and javelin at the Junior Olympics in New Mexico.

Newby to attend Jr. Olympics

Fresh from a third place finish in the discus at the state track meet held in Austin, 14-year old sophomore to be Paige Newby is headed to New Mexico to participate in the USATF Junior Olympics that will be held at Albuquerque.

The meet, scheduled for June 3, 4, and 5, is by invitation only. Newby received her invitation to represent the state

of Texas in the Olympics last week.

Newby will be throwing the discus as well as the javelin, and will throw the discus on Saturday, June 5.

Newby participated in the junior Olympics last summer in Miami Florida where she also threw the discus and javelin.

Wolves summer track program announced

Head Wolf track coach Dan Gainey has announced sign-ups for the inaugural summer track program.

Individuals in the age range of 5-18 are eligible to sign up. Sign-ups will be 8 a.m. till 11 a.m. on Saturday, May 29, at the Lone Wolf Fieldhouse, and again on Monday, May 31st, 5 p.m. till 8 p.m. for those unable to make it on Saturday.

Individuals will be divided into three different age categories, 8 and under, 9 through 14, and 15 through 18.

A fee of \$25 will be assessed for the program in order to help defray expenses such as the athletes track shirt, TAAF registration fees, organizational annual fees, and any equipment needed for the program.

"This is the inaugural year for us to attempt this," said

Gainey. "We know there will be some mistakes made, but I felt a need for us to get this thing started. We are not in it to make money, all money collected will be used to cover our costs. The program will be very beneficial to kids wanting to run track in high school or junior high."

Though the schedule has not been set in stone, Gainey said the first workout is scheduled for Tuesday, June 1st, between the hours of 9 a.m. and noon. Plans are to workout twice weekly for the duration of the program which will last approximately six weeks.

"We plan on having about three meets this summer," said Gainey. "There is one planned for Anson, possibly one here in Colorado City, and the regional meet in San Angelo."

For more information on the program you may call Gainey at 242-2138 or at 728-3103.

WESTBROOK'S ATHLETES OF THE YEAR for 2003-2004 are Jared Matlock (l) and Sykeshia Thurman. They are both juniors.

Matlock, Thurman top athletes

Westbrook junior athletes Jared Matlock and Sykeshia Thurman have been named by the Westbrook coaching staff as the Athletes of the Year.

Matlock is a repeat from last year as he was named in 2003.

Matlock was the District basketball Co-MVP along with Loraine's Ryan Lucas. The three-year starter was also a repeat all-district performer at guard.

In football Matlock was named to the second-team District 8 all-district team as spread back.

He is also a member of the Westbrook golf team, taking the medalist title last season.

Thurman was a key member of the Lady Wildcat basketball

team. Though she did not often put up huge offensive stats, her defensive play was very notable.

Thurman was also a member of the Lady Wildcats track and field team as well as the cross-country team. She was a regional qualifier in the 400-meter dash.

Lady Wildcat basketball coach Cassie Short said Thurman was a real asset to her basketball team.

"Sykeshia was a key member of the basketball team," said coach Short. "She often led the team in rebounding and was a leader of the team. I am looking forward to her coming back for her senior year."

LORAIN ISD students of the week are seated (l to r) Jodi Eaton, 11th grade; Katie Barrera, 1st grade; and Hannah Blaine, Pre-K.

Card of Thanks

The Fisher family would like to thank the newspaper for its story of the life of Chuck Fisher in Colorado City...such caring and sharing!

The Presbyterian Church had just received new members who were such a part of the ministering to Chuck and his family that their seamless acceptance was a joy to us, and I hope to them. The "pink ladies" were everywhere, the hospice care was outstanding and his last trip to the dump to see the results of KCCB clean-up was important to Chuck.

Chuck's memorial service was very basic Presbyterian, and he would have been so proud of his four friends the Rev. Matt Miles, Big Spring; the Rev. Drew Travis, Plainview; and the Rev. Jennifer Martin at MO Ranch, who lead the worship service to celebrate his life.

Our thanks to all who cared for his family for two months, and now we rejoice that he is home with his God and without pain. Shalom.

Jean Fisher
Mrs. C.R. Fisher Sr.

Card of Thanks

The family of A.R. Straub would like to thank all those who sent food, flowers, cards and supported us with prayer during our recent loss. Special thanks to Jesus Name UPC church family, Rev. Bentley Gwyn and Oak Street Baptist for the luncheon, the staff at Kiker-Seale and Nolan County Nursing & Rehab. Your thoughtfulness is greatly appreciated.

loraine

By Bessie Ann Vaughn

Ralston Bruce reports that his cousin Dylan Bruce is hospitalized at this time with a heart problem. He resides in Arlington. Our well wishes go out to him.

Our belated condolence is sent to the family and friends of Hattie Banta. She had been a resident of Loraine for several years. She passed away last week.

Loraine United Methodist Church attendants enjoyed a laden table, pot luck style, last Sunday after morning services. This was to honor Sheila Womack who will graduate from high school.

We have a satellite guru living among us in Loraine. If you are blessed with technical savvy, programming and learning about satellite use is a snap. Some of us have grey matter in the brain on this subject. I was told through the grapevine to call Betty Chandler for help. She is a good teacher.

After several months of hard work Ricky Bailey and city workers have the new wastewater treatment facility on line and now in use. The facility is located northwest near Loraine I-

20 exit west. The city workers did a good job.

Gary and Jaleta Owens of Hedley, Texas stopped by the McAdams on Sunday for lunch. They were on their way home from San Angelo. Their son and family have moved there from Tyler.

Ken Kendall sustained a bad accident while working with a lawnmower. He was released from a three-day stay and is feeling some better. He lost a lot of blood. In the not too distant future Kenneth will need more surgery. We in the community send him our speedy recovery wishes.

Millie Rose went to Texas Tech for her grandson's graduation. His name is Derrick Rose. He earned a degree in Administrative Sciences and will go to work in Washington. His parents are Sylvester and Virginia Rose of Lubbock.

Faye and George Lee have returned from Laredo where Faye attended a tax conference. While there, she was appointed chairman of a resolutions committee.

Last Sunday, the Lees had a family birthday party for George M. Lee. We still con-

sider George a Lorainian, but he recently moved to Colorado City.

Christene Britton hopes to see her grandson, staff sergeant Scott Aston, soon. He just returned from Baghdad and has a 30-day leave. He returned to Germany after his leave for permanent duty there. His parents are Carla and Dwight Aston of Abilene.

First Baptist Church hosted a barbeque dinner last Wednesday night. The event was to honor and congratulate the recent graduating high school seniors. Fourteen young people attended the dinner while three had to work and missed the event. The church family gifted each student a Bible with their name engraved on it.

Our congratulations to all!

Senior Center
Last week on Monday, Aubrey Wilson and his western band from Snyder came over to play for us. They are such nice fellas and we love their music.

Friday the 21st, we had a lot of fun and the Stanton "Old Soreheads" were here. Of course, we enjoyed the green enchiladas.

The center will close next Monday in observance of Memorial Day.

Tommy Wright plays and sings Wednesday. This is our birthday party lunch for seniors having birthdays in May.

May 28th is left open to tell jokes and tall tales.

The musicians and singers coming down from Stanton called The Old Soreheads were: Gene Clements, Clara Clements, Louis Roten, Mamie Porter, Robert Roten, Verla Daggett, Pete Morrison and Tom White.

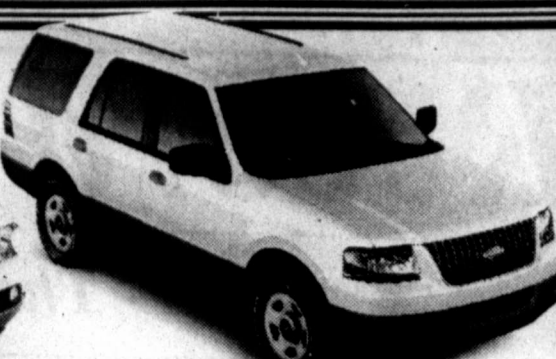

The Aubrey Wilson band is made up with Warren Badger, Don Johnson, Charles Dunn and Aubrey.

Visitors Friday were Iris Preston and Sassy Furlow from Abilene. They are former Lorainians. They visited and had lunch.

Dena Troutt of Roscoe came over.

Gert and Robert Karwedsky from Colorado City and Doris Dockery also from Colorado City.

Free Initial Consultation

If you have been diagnosed with Rhabdomyolysis and have taken Zocor, Lipitor, Crestor, Baycol or any other cholesterol lowering drug or statin, then you may have the right to file a legal claim for monetary damages. These drugs work by partially blocking the synthesis of cholesterol in the liver which leads to increased removal of cholesterol from the blood. Recent studies have shown that these drugs may be the cause of Rhabdomyolysis in many patients.

If you have been diagnosed with Rhabdomyolysis, then call us today Toll Free at 1-800-883-9858 for a free consultation to evaluate your potential claim.
