Along The Waterfront

The Mary Lou party boat fishing news as reported by Hugh Johnson, skipper, is as follows:

Mr. Jack Reams of Fort Worth, and party, 159 trout.

Mr. and Mrs. W. M. Hill of Yoakum and party, 138 trout.

Mr. Charles Hoegelin and party, San Antonio, 101 trout.

Mr. and Mrs. Fred Bartel of Dallas, and party, 140 trout.

Mr. and Mrs. Paul Cooper of Dallas and party, 344 trout.

We have had several slow days of fishing at good Luck Pier in Fulton, but C. L. McCarty of Corpus Christi, laying carpet in the new Sandollar Motel, had unusually good luck his first time out. He purchased a new rod and reel from us and with his first bait and cast, brought in a 16-pound drum. He and his wife caught 10 gafftop and 3 trout also.

L. D. Jenkins and party of Grand Prairie strung up 35 trout one evening and 46 the next night.

Frank Malone and son of San Antonio, 32 trout weighing up to 3 pounds.

Dennis Luburick of Dallas, 25 nice trout.

Bill Hunt of Arlington, staying at Pierce Courts, filled his box with 82 trout, caught during the late hours.

Mr. King and son of Temple, also from Pierce Courts, added 13 more trout to their catch, one evening.

Pruitt Krouse of Victoria, 12 trout.

Signs of good fishing this morning (Wednesday). The grandson, Jack Jeffers, brought in two 4-pound trout within five minutes and several 1½ and 2 pound ones since.

King fishing on the Texas coast is picking up. Several large catches have been reported all along the coast. Most of them are being caught around oil wells in the Gulf.

192 FISHERMEN CAUGHT WITHOUT THEIR LICENSES

In all there were 333 arrests. Fines and costs collected amounted to \$7,783.03.

Eleven hunters paid fines for shooting deer out of season. There was only one violation for "telephoning" fish during the month.

Heaviest fine of the month was \$150, paid by a Midland man for possession of doe deer out of season.

New Episcopal Center Entertains First Conference

The first conference for the new Episcopal Center opened last Saturday, June 17, with twenty-six young people and six faculty members taking part in this "Senior Young Churchman's Work Camp."

Rev. Douglas Mould, of Texas Military Institute in San Antonio is the director, and the chaplain is the Rt. Rev. Earl Discus, Suffragan Bishop of the West Texas Diocese of the Episcopal Church.

The conference will run for ten days, and will be divided between work, worship, education and recreation. It is the conference' hope to fulfill the purpose of "Confrontation By Jesus Christ," "Feeding the Flock Through a Living Situation in a Christ-centered Community," and witnessing their belief that whenever two or three are gathered in His name, He is in their midst.

A spokesman for the group said that it is, in a sense, a laboratory situation, wherein people come away from the busy everyday world, to a community at the conference which is real life.

Part of this real life consists in pruning trees, grubbing roots, mixing concrete for walks, building benches, and cleaning windows, as well as the everyday task of living together.

Study will include discussion of the Christian heritage, especially as it illumines life in the center, and those taking part hope that by working and studying together they may come to a better understanding of that life to which they are commanded.

The center was recently finished, and consists of three permanent buildings: Spencer Hall, named after Emory M. Spencer, local oil man and real estate operator, who donated the land, and two four-unit cabins. Other buildings include the McCampbell House, a frame building used at present for storage, and a barbecue pit.

The center was made possible by donations from many people throughout the West Texas Diocese, and the work of the site committee, which consisted of Howell Ward as chairman, Mrs. F. B. Cochran, Jr., Maurice V. Cochran, Mrs. Charles P. Donnelly, Dr. John M. Etheridge, Spencer, and J. W. Heldenfels.

Permanent members of the staff are: Paul C. Cochran, maintenance supervisor; Major Brunner, caretaker; Mrs. Haynes and her assistants, Mrs. S. J. Simmons and Mrs. Thelma Ratisseau.

MORE MERCHANTS TAKE PART IN WELCOMING PROGRAM

Three more local merchants have joined in the Chamber of Commerce program to welcome newcomers to the community.

The new participants in the program are Johnson Drug Company, Mike's Service Station, and the Eureka Laundry.

Mrs. Mary Juergens, manager of the Chamber of Commerce, says that welcoming letters and gift certificates have been sent to all newcomers in the city since the last list was prepared.

258 TEXANS CALLED FOR JULY DRAFT

Austin.—The state quota for Texas draft boards in July calls for 258 men, Col. Morris S. Schwartz, state Selective Service director, announced Tuesday.

There were no formal calls on the state for May and June and the April call was limited to volunteers.

The July call is the state's share of a national quota of 6,000 men, all for the Army.

Local quotas for the July call already have been figured and sent to the state's 137 local boards.

The July quota will be filled with men who are at least 22 years old on July 1, with the exception of volunteers or delinquents, who may be younger.

No quotas for pre-induction physical and mental examinations in July are planned for local boards.

Little League Gets Under Way

By "SCHULTZY"

In the first game, Tuesday, June 20, between the Giants and Cardinals, under the able pitching of Steven Landgraf the Cardinals took the 7-3 victory. In the six inning contest, Giant coaches; Jim Smith, Milton Court, Charles Atchley sent pitchers Johnny Allen, and Jackie Lanfair to the mound where they allowed seven runs on five hits. Allen allowed three hits, with four strikeouts in his five innings of pitching, while Lanfair struck out four batters, allowing two hits in two innings. Landgraf, under the coaching of Pete Cole and Clarence Harrison for the Cardinals, allowed three hits, striking out two batters.

The first run was made in the bottom of the first when Roy Johnson scored on a Cardinal error. In the top of the second, Mike Tedder and Butch Worden scored making the score 2-1 in favor of the Cardinals. In the fifth inning for the Cardinals, McDavid scored on a single by Rinche, Cole and Rinche scored in the inning after Lanfair replaced Allen for the Giants. A double play by the Giants retired the Cardinals and the score stood 5-1.

In the final sixth inning, Worden was safe on a Giant error, and went home on a wild pitch. Lanfair then retired the side with two strike outs. In the bottom of the sixth for the Giants, Lanfair and Ramirez scored. The final score when the dust cleared stood at 7-3. Umpiring both tilts were: Behind home plate, Johnny Rader; First base umpire, "Bill" Mattheski; Third base, Charles Smith.

The second game of the evening ended in a tie between the league-leading Braves and fourth place, Cubs. Both teams played a tight game with control pitching by both pitchers who went the distance, Roaten for the Braves and Fred Samora for the Cubs. Roaten allowed five hits, struck out fourteen batters, and allowed only two walks. Samora allowed only three hits, struck out seven and walked three.

Coaches, Bill Edward, Garcia, and Eller for the Braves watched their first inning to the plate result—3 up and 3 down. In the bottom of the first for the Cubs, Johnny Jackson led off with a double, but was left on base as two struck out and Tribodaux hit into a fielder's choice.

For the Braves in the second, Roaten walked and was left "holding the bag" when his team went down without score or hit. Coaches Wallace Mahley and Gene Holland for the Cubs, sent G. Rinche, Taylor, Huerta, and Martinez to the plate where they left only Taylor on base. So at the end of two complete innings, the score stood 0-0.

The third inning brought for the Braves, Lassiter, Silchenstedt and Edwards who hit into a double play—three up and three down. The Cubs followed suit with three quick outs, Johnny Jackson, the only hitter with a single, left on base. The score still stood 0-0.

The change came in the top of the fourth for the Braves, when "Mighty" Mike Jeffers hit a double. Yates singled scoring Jeffers, the first score of the game now 1-0 favor of the Braves. In the bottom of this inning for the Cubs, Thibodaux singled, Rinche struck out, Taylor popped up to the first baseman, Huerta struck out for the inning with no runs, one hit, and Thibodaux left on base. The Cubs now had to come from behind against one run on the league leaders. A big challenge for the Cubs.

Samora pitched himself out of a rough fifth inning when he left three Braves standing on the sacks in the top of the fifth. However, Roaten showed his mettle by leaving two Cubs, who wanted badly to pound on the home plate, just a-standing.

In the final inning, the sixth the Braves attempting to strengthen their slim lead, again hit into a double play and popped out retiring the side. No runs and no hits. The Cubs, knowing that "time was running out" made their last stand with the scorebook showing this rundown: Thibodaux struck out, Rinche singled to second on an overthrow. Then Craig Taylor, who has a walk and a pop-fly to his record for the evening, hit a well-driven single scoring Rinche to tie up the game. Roaten then proceeded to end any further hopes of the Cubs to win instead of tie the game by striking out the next two batters, retiring the side and ending the game. The final score stood 1-1 in a well pitched, smooth operated team display of both the Braves and Cubs.

Three Days of Troop Camping Scheduled Here

At the last Board meeting of the Whooping Crane Girl Scouts, it was agreed to have three days of troop camping at Camp Copano, after the regular sessions were completed. Dates set are: Wednesday, July 5, Thursday, July 6 and Friday, July 7.

These days will be open to troops or individual girls who would like to spend one day and night in the established Camp Copano, enjoying the benefits of a limited staff and a semblance of the established camp program. The water front and its director would be available and the dining hall, with all meals prepared as in established camps, would be used. The fee is \$3 per girl for a day of such camping. Leaders are urged to go with their troops, at the same fee, and enjoy the fun of troop camping with the aid of the paid staff. Deadline for such registration is June 26. This type of camping will be offered if enough girls and troops are registered by deadline date.

A letter explaining the plan was mailed this week to the girls throughout the council who had not already registered for a full week at the camp. Check-in time will be between 9 and 10 a.m., and check-out time will be between 9 and 10 a.m. the next morning. The fee, along with name, age, address, troop number and the day selected to attend camp, should be in the council office no later than Monday, June 26. The girls will also need written permission from their parents as is required for all troop camping. Mail registration to Whooping Crane Girl Scout Council, Box 1067, Sinton.

ROCKPORT NEWS GETS AROUND

Rockport news continues to get around and, thanks to Mrs. Jack Hagar, we learn of appearances in the San Antonio Light, of readers in Pearsall, and of news items in the Boston, Mass. papers.

In a letter from a county agent at Pearsall, he mentions having seen a story on Mrs. Hagar's Malayan visitors in the San Antonio Light, and recalls trips that he and his 4-H boys made to Rockport.

And in a phone call from Boston, Mass., Mrs. Hagar learned that a friend of hers has seen the story on John Nolan and his martins, in a Boston, Mass. paper.

The stories went out from here in cooperation with the publicity program of the Chamber of Commerce.

Boat Races Go On Despite Heavy Rain

Large Crowds See Roaring Outboards As Six Heats Are Run; Only Hydroplane Races Cancelled By Inclement Weather

The Sunday rains played hob with plans for the barbecue sponsored by the Tourist Promotion Committee of the Chamber of Commerce, but despite the drenching downpour, the committee cleared more than expenses.

As for the races themselves, boat drivers decided to go ahead, and staged five races, although at times it looked as though the rain would swamp the speeding boats.

Despite the inclement weather, a good crowd attended the races, lining both sides of the race course

in Little Bay, and enduring the weather philosophically as they watched the roaring outboards which could have been driven above the surface of the bay at times, there was so much water in the air.

Only the hydroplane heats were cancelled. Winners in the other heats were as follows:

Class A, modified: Mike Michalezak, San Antonio, first; Dan Waggoner of Corpus Christi, second.

Class C, modified: Allen Ullrich, San Antonio; Curtis Michalezak, San Antonio; Mel Eardley, San Antonio; and J. D. Bravenach, Bryan.

Class C, stock: Curtis Michalezak; J. E. Hill; M. L. White, Bryan.

Class B, stock Bravenach; Waggoner; White.

Class B, modified: Curtis Michalezak; Waggoner; David Roatz, Corpus Christi; White.

Class D, modified: Bravenach; Dean Schmidt, San Antonio; K. M. Whitworth, Bryan; and Curtis Michalezak.

Other drivers who entered and their home towns were as follows: Temple: W. S. Baca, Robert Betts, Pat Easley, Joe Marshall, J. D. Pulk, and W. R. Stanford.

Corpus Christi: Lee Bollmeyer, Gene Jones, Doyle Rains.

Austin: Bob Holliday, Lloyd Peterson, Joe Bill Wild.

Waco: Sli Busby, Steve Hearn; Dallas, Phil Crown, Joe B. Henderson, and Sam Usery.

San Antonio: Charlie Blackwood, Bob Casper, Donald Johnson, John Jordan, Jerry McDonald, Don Moran, Bob Sweeney, Lee Turney, and David Wimberly.

Fort Worth: Jimmy Epperson, John McBride; Bay City: Tommy Hale; Houston: Hugh Johnson; Binnie Salge; Bryan: Donald Kokemoor; Sinton: Walter Whitehead.

Referee was Cotton Muecke, San Antonio; timekeeper was Melvin Maur, Corpus Christi; and the announcer Bob Holliday, of Austin.

CHESTER JOHNSON TO BE HONORED AT SAN ANTONIO CONVENTION

Chester Johnson, Past Commander of Stewart-Wendell Post 3904, VFW, was congratulated by telegram this morning on his appointment to the "All Texas Team of VFW Post Commanders."

The honor was conferred upon Johnson for outstanding achievement and leadership during his term in office. Only twelve such awards were made throughout the entire state.

Johnson will be presented with a specially-designed diamond-studded, gold lapel pin at the 41st Annual Convention of the Veterans of Foreign Wars, to be held June 30-July 2 in San Antonio.

Johnson has also been appointed to the membership and post projects committee of the State organization.

WRECK OCCURS FRIDAY NIGHT

The first wreck of any consequence that has occurred at the T. Noah Smith corner since the traffic circle was built last year, happened Friday evening, when cars driven by the Rev. Douglas Mould of Texas Military Institute, San Antonio, and George Nava, Jr., of Rockport, collided about five p.m.

Both cars were severely damaged, but fortunately no one was seriously hurt, although Nava had to be treated at Bayview hospital.

Riding with Rev. Mould were his daughter Miss Dian Mould and Miss Ruth Parker of El Dorado. Gus Morales of Rockport was reported as a passenger with Nava.

The accident was investigated by Sheriff A. C. Shivers and Deputy Sheriff Sherman Mundine.

The election is July 8. Little has filed for another term, and is opposed by Fred Christilles, Sportsman's Club member.

Mrs. F. C. Williams, who has been quite ill, is home from Spohn Hospital, and recovering nicely.

COASTAL SHRIMP GET
DYE STAIN TO STUDY MOVE

Approximately 40,000 Gulf
shrimp have a new head dress in a
research program of the Game and
Fish Commission.

Biologists of the department
during the last two weeks have
netted and stained the heads of
these shrimp. The coloring is in-
jected with a hypo needle. Fisher-
men and netters who take these
shrimp are asked to report them
to the nearest game warden or the
marine laboratory at Rockport.

This is a part of the study of
the migration of shrimp in the coastal
waters. Last year a similar pro-
gram was carried out by the U. S.
Fish and Wildlife Service. As a
result, there are now shrimp in
the Gulf waters that have pink
heads and some with green heads.

When the shrimp are retaken,
it is possible for the biologists
to have some record of the migra-
tory habits of the shrimp. This
will enable better protection in
certain waters, resulting in better
harvests later.

Taggers also have been taken
in Lower Laguna Madre waters,
catching and marking trout, red
fish and drum. Here metal tags
are used. Fishermen taking any
of these tagged fish are requested
to provide information to the
biologists.

Mr. and Mrs. Elvin Haigood
have been on vacation for the past
few days.

Mrs. Pauline Waddle, RN, form-
erly of Corpus Christi is the new
nurse at Bayview Clinic, replacing
Mrs. Wanda Jane Smith.

Miss Carol Currie Weds William S. Minor III In Candlelight Setting Saturday Evening

In a candlelight setting at the First Presbyterian Church on Saturday evening, June 17, Miss Carol Currie became the bride of William Smoot Minor III, of Corpus Christi. Officiating at the double-ring ceremony were the Rev. A. Arnett Ward of Corpus Christi and the Rev. Cecil H. Lang Jr., of Rockport.

The bride is the daughter of Mrs. Charles Sime Currie of Rockport. Parents of the groom are Mr. and Mrs. William S. Minor, Jr. of Corpus Christi.

The vows were pledged before an altar lighted by white cathedral tapers in tall branched candelabra entwined with leather leaf greenery. Flanking this were potted Emerald palms and twin floor baskets holding white gladioli and stock. The center aisle was marked with white standards, holding lighted candles, as were the side windows.

Mrs. J. Allen Frye, organist, rendered the traditional wedding music. J. Allen Frye sang "Because" and "The Lord's Prayer."

Given in marriage by her uncle, Alex Scott, the bride wore a full-length gown of whisper white silk taffeta with round, scalloped neckline etched in Alencon lace motifs sprinkled with seed pearls. Its molded bodice was fashioned with long sleeves that tapered to a petal point at the wrists. The

semi-belle skirt had a carriage back which swept gracefully into a full chapel train. From the waist and overlaying the back of the full-gathered skirt were two looped back panels featuring re-embroidered medallions of Alencon lace on the loops at the ends.

A cream puff rose of silk organza, trimmed with pearls, held her fingertip veil of pure silk French illusion.

She carried a cascade bouquet of yellow roses with English ivy.

Maid of honor was Miss Linda Ferlito of Aransas Pass. Miss Mary Scott, of Fulton, cousin of the bride, was bridesmaid. They wore street-length dresses of yellow silk brocade, in sheath silhouette, with overskirts of yellow silk organza. A tiny front bow of yellow brocade trimmed the overskirt fastening at the waist and was repeated at the hemline of the sheath. Bodices were molded, with round necklines, and short sleeves. They wore small caps, in bandeau shape, of yellow nylon net designed as a series of petals overlaid with silk leaves and tiny sprays of seed pearls. Circular nose veils of yellow, nylon net completed the headdress. They carried Colonial bouquets of tangerine carnations tied with yellow tulle and ribbon.

Lt. Joseph Edward Minor, of El Paso, served his brother as best

man. Robert Richard Minor of Corpus Christi, was groomsmen. The ushers were Stephen W. Atwood of Rockport, and William M. Burnwell, Jr. and Timothy Brown of Corpus Christi.

The bride's mother wore a sheath dress of rose-beige chiffon over taffeta, with a small flowered hat and accessories in tones of pink. Her corsage was of cymbidium orchids.

Mother of the groom was dressed in wisteria-blue lace with a small beaded hat and accessories in smoke tones. She wore a corsage of cymbidium orchids.

Following the ceremony a reception was held in the Woman's Club. The table was laid with a white taffeta flounced cloth. Its centerpiece was a crystal bowl holding yellow gladioli interspersed with lace fern. Flanking this were white tapers in crystal candelabra. At opposite ends of the table were the crystal punch bowl and the three-tiered wedding cake topped by a miniature bride and groom and decorated with yellow roses and Lilies of the Valley.

Serving the punch was Mrs. Howard T. Lee, and the bride's sister, Mrs. Thomas Joe Neel of El Paso, served the wedding cake.

In charge of the guest register, at a white antique table centered with an epergne of yellow carnations and white candles in crystal holders garlanded with lace fern, was Mrs. Stephen W. Atwood.

Also assisting at the reception were Mrs. Charles Alden Roe, Mrs. Mary Juergens, Mrs. Matt Scott and Mrs. Alex Scott. Mrs. J. Allen Frye played the piano during the evening.

After a short wedding trip, the couple will be at home in Corpus Christi. For her going-away costume, the bride chose a two-piece suit of peacock-blue silk, with fitted jacket, three-quarter sleeves and soft neckline trimmed with a loop tie. A white pique cloche hat and blending accessories completed the ensemble. She wore a double gardenia corsage.

The bride attended Glasgow High School for Girls in Glasgow, Scotland, and was graduated from Rockport High School. She is a graduate of Del Mar College with an Associate of Arts degree in business administration. For the past five years, she has been an employee of the Texas Game and Fish Commission Marine Laboratory at Rockport.

The groom is a graduate of W. B. Ray High School, Corpus Christi, and of Texas A&M College where he received his BS in Civil Engineering. He is a member of Tau Beta Phi national engineering society, and is employed with the Texas Highway Department, District office in Corpus Christi.

Out-of-town guests at the wedding included the following:

Melvin Borchert To Coach At Yoakum

Yoakum High School's new head coach, Melvin Borchert has moved to Yoakum this week, sports fans learned. Borchert moved to Yoakum after a year at Lamar Consolidated in Rosenberg, where he was head track coach and football line coach.

Before that he was at Aransas County High School, Rockport, for a number of years.

Coaching track teams, Borchert acquired six district championships, three at Halletteville, two at Comanche and one at Rockport.

At Halletteville in 1948, Borchert turned out an undefeated football

team, going through regional opposition also. At Comanche, his team tied for district honors, and at Rockport Borchert also did well as head football coach and athletic director.

Borchert himself played football for three years at Howard Payne College while there attaining All-Conference and Little All-American rating. He also had an offer to play professional football with the Philadelphia Eagles.

A native of Lockhart, Coach Borchert in his new position at Yoakum High School will be in his home district, 27AA.

A review of his fifteen year coaching record in football shows 95 games won, 55 lost, two tied.

Robert Reed Has Display at Lab

The Paleontologist, in his study of the fossil remains of the many forms of extinct life which have inhabited this earth since the beginning, finds many fascinating things. They range from the microscopic flagellata, from the mighty saurians, some of which reached a length of more than ninety feet, and weight of eighty tons. Small wonder that they were called Dinosaurs, the word meaning "terrible lizards."

Of all these many forms of life, perhaps none is more interesting to the layman, or amateur paleontologist, than the lowly trilobite, or "three-lobed creature". They were so-named because their shells are divided into three lobes, or sections. First appearing on earth about five hundred million years ago, these little animals are among the earliest of all living creatures to leave distinct fossil remains.

Since there were no fish or other vertebrates of any kind on earth at that time, the trilobites were the undisputed rulers of the world for more than a hundred million years.

Other and more complex forms of life were developing during this time, and at about the end of the Paleozoic Era, some two hundred million years ago, they disappeared from the earth, without leaving any species that are similar in form. Scientists believe however, that the trilobites are the direct or indirect ancestors of all other joint-legged invertebrates (Arthropoda), which surpass in number of species all other classes of animals combined.

There were many types of these little creatures on earth in past ages. In the Ordovician formation about 100 genera and some 400 species have been classified. They ranged in size from the tiny Eodiscus, less than a quarter of an inch in length to the largest, which is found in Europe and attained a length of twenty-seven

inches. The largest found in America is the Isotelus Mavimus; about two feet in length.

Fossil remains of trilobites are found throughout the world in many places, those found in Texas, however, are mostly in a poor state of preservation, broken and fragmentary in form.

The best preserved specimens come from fossil beds in British Columbia, and the shale beds in Utah. Three species from the latter location are included in the collection of invertebrate marine fossils belonging to Robert Reed, now on display at the Marine Lab building in Rockport.

W. W. MOLESWORTH

One-Man Expeditionary Force

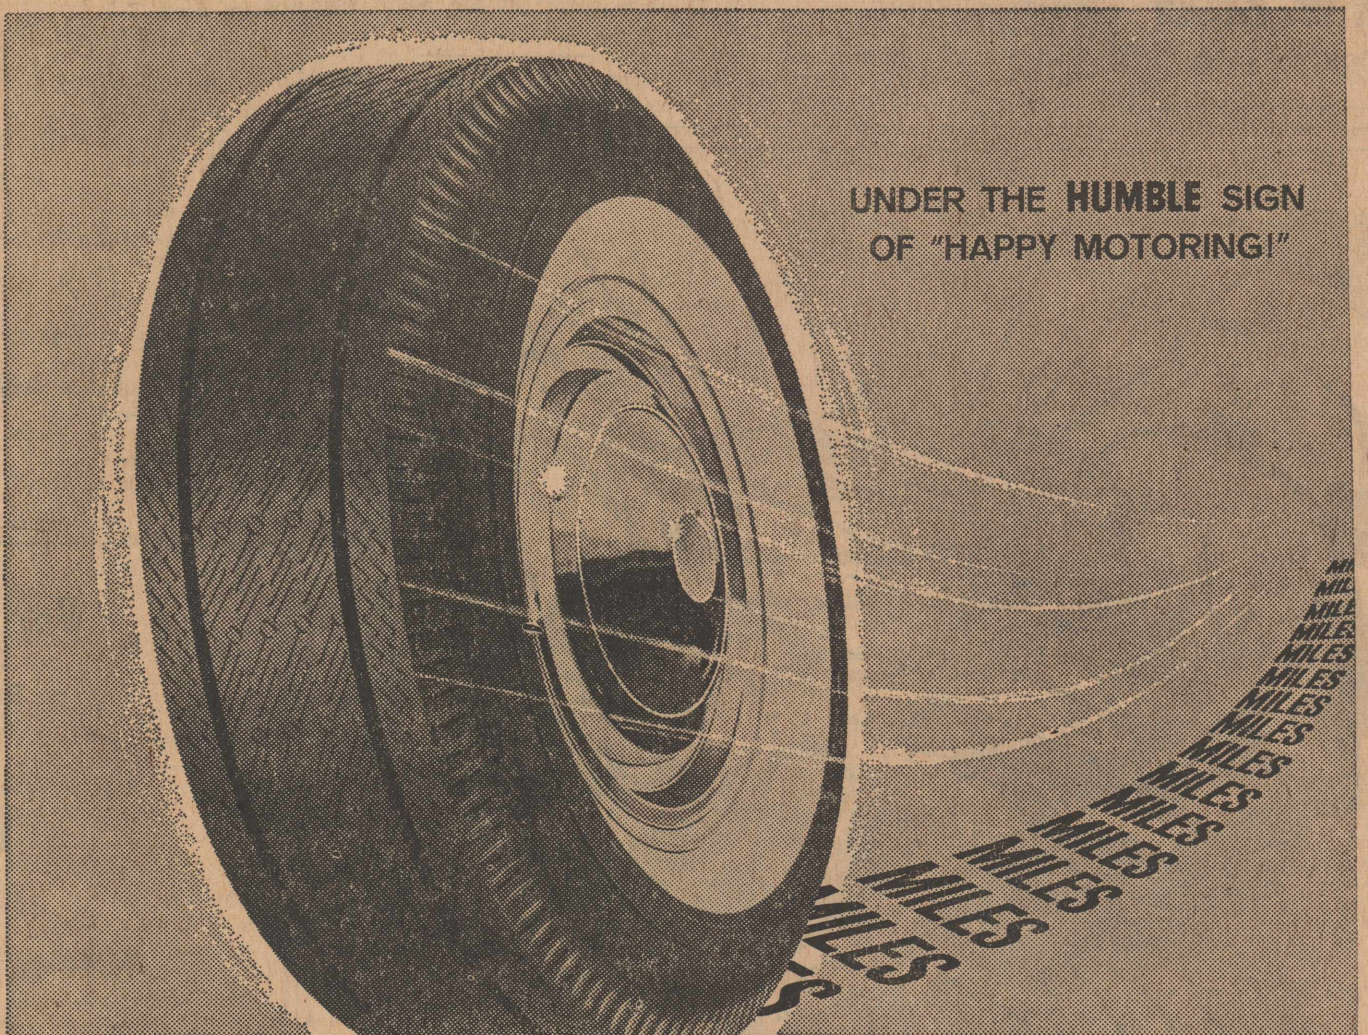

".. no official report .."

Ordinarily quiet and even-tempered, Ranger W. W. Molesworth, at Palefox on the Rio Grande, was considerably riled. It was during the border bandit troubles, about 50 years ago. Across the river at Hidalgo some young hotheads were having fun with bank-to-bank pot shots. Finally, early on a Christmas morning, Molesworth got good and tired of it. Boasting over, he undertook a unique bit of unilateral action. He located the head man and suggested a border-style summit. Sometime later, and no agreement on river bank etiquette in sight, Molesworth's careful patience ran out. Locking the jefe in a cantina, he proceeded to demonstrate excellent marksmanship with all the saloon signs and buzzards in sight as targets. Hidalgo was quiet as a well-fed kitten when Molesworth calmly boated home. Hidalgo stayed quiet, but Molesworth made no official report. He left it to legend that he is the only man, Texan or otherwise, to subdue a foreign city absolutely single handed.

While Texas lawmen were making this a better place to live, industry and commerce played their part. And one industry, brewing, has provided enjoyment as well as employment, the pleasures of moderate beverages as well as revenue for the community. In Texas, "Beer Belongs." Brewers, wholesalers, retailers and the United States Brewers Association are working constantly in cooperation with today's lawmen, to assure the sale of beer and ale under pleasant, orderly conditions.

TWO SEA CAPTAINS JOHNSON AND SOME OF THEIR FRIENDS

By Hobart Fuson

(continued from last week)

The Huffs were a prominent family of the Hynes Bay section. William Huff, however, lived for a while at Lamar.

William H. Jones, was a surveyor, and a prominent man of Refugio County. He was for many years, county surveyor.

Nicholas Lambert was one of the Lamberts who came to Refugio with Power's colony. This family had their home at Copano. During the war Mrs. Lambert and her daughter, lived in Lamar, where Margaret attended Mrs. O'Connor's school, while Nicholas was in the Confederate army. Later on, Mrs. Lambert was left a widow and she continued to live at Lamar.

Captain Murdock McRae was one of the finest characters ever to live in Lamar. He was a ship carpenter by trade and a man of the sea. He owned and captained the schooner "William." He married Mary Ann Heard, granddaughter of Joel Heard (1860). He served as sergeant in Col. Hobby's 8th Tex. Inf. and at Galveston was detailed to watch and interpret signals of Federal war vessels lying off the island. Among those decipered by him was the one announcing the surrender of General Lee. A daughter of Captain Murdock McRae married James C. Herring.

Captain Philip D. Newcomb was a sea-captain who lived at Newcomb's Point. The point was named for him.

Captain William Nichols was a sea captain who at one time lived on the islands. He was on a Confederate gunboat during the war. His wife was Julia Huff. After the war he moved to Matagorda Island, where he was a bar-pilot. He was drowned there in the storm of Sept. 15, 1875.

Mrs. Jane P. O'Connor was one of the most cultured and beloved women who ever lived in Lamar. She was a widow. Her husband was

Patrick O'Connor, but I never knew him. He had died long before my time. Her maiden name was Benet. (Beniot) Her mother, who was a widow, lived with her. She was a kinsman of the Byrne family, a cousin, I believe. Mrs. O'Connor was a pioneer teacher at Lamar. She taught the public schools for a quarter of a century. For a number of years she conducted a private school called the "Lamar Academy." It was a noted school of the time and attracted patronage from a long distance. The Bowers, O'Connors, Fagans, Sides, Perrys, Huffs, Lamberts, Plummerts, and Wellingtons, whose homes were in other parts of Refugio county. There were perhaps those who did not live in the county who sent their children to Mrs. O'Connor for education.

John Henry O'Connor was the only child of Mrs. Jane P. O'Connor. He was reared at Lamar and taught by his mother. When a young man he was given a position in the Wood store at St. Mary's and went to that place. Upon the death of James B. Wood he succeeded to the business and later married Wood's widow, nee Mary Welder. O'Connor was for many years the principal merchant at St. Mary's and one of the largest lumber importers on the coast. He finally moved to Beeville and was a merchant there until the time of his death.

Captain Philip Paul was among the St. Joseph's Island families who came to Lamar. He was a captain, a splendid man, and an outstanding citizen of Refugio county. He was born in Westchester county, New York, and came to Texas when a young man. His wife Elizabeth, was born in Ireland in 1829, and came with her parents to Refugio as members of the Irish colony. She and Captain Paul were married at Refugio in 1849. They first settled on St. Joseph's Island. They later moved to Lamar where they built a concrete house overlooking the bay. Captain Paul died at Lamar in 1888. His widow died there in 1904. They have several children:

1. Simon H. Paul, who was a prominent man in Aransas county and lived most of his life at Lavaca. He married Lydia Brundrett, daughter of John M. Brundrett.

2. Jerome W. Paul, who lives on Matagorda Island.

3. Josephine Paul, who was born on St. Joseph's Island. She married Captain Simon B. Sorenson, a native of Denmark. Captain Soren-

son was for many years a sea captain and operated his boats along the west coast of Texas. He lived at Rockport.

4. "Taddie" Paul, who married Charles Johnson of Charco, Texas.

5. Hortense Paul, who married —, Keagan, of Austin, Texas.

James and Augustus M. Peaks were brothers who came with their mother, Mrs. Elizabeth Talley (wife of Squire Talley) from Galad county. They were originally from Harrison County, Texas.

These boys were reared at Lamar, but at one time had a farm on Quo Warranto Bayou, near St. Mary's. Both of them were Confederate soldiers.

SAN ANTONIO RESIDENT OFFERS CONSTRUCTIVE CRITICISM FOR CITY

In the following letter, E. C. Willis of San Antonio offers some constructive criticism of Rockport, June 14, 1961 addressed to the mayor, the Rockport Pilot and the Chamber of Commerce:

Gentlemen: My wife and I recently returned from one of our often repeated trips to Rockport, having been guests for ten days at the Mars Court on Church Street, (business route No. 35) and with the thought that our friendly interest in your city, as evidenced by our many visits, would permit us to offer constructive criticism on certain bad aspects of the traffic situation as we experienced it.

After leaving Highway No. 35 and entering the business route there is a speed limit sign indicating 30 mph. From the postoffice so far as I recall, there is no sign showing the speed limit on No. 35 out of town. Our observation of the traffic, both ways, on this portion of Church Street found an almost total ignoring of the 30 mph limit. In fact, to and from the vicinity of the postoffice, traffic assumed, almost without exception, highway or greater speeds, day and night. I might add that some of this dangerous speed was by trucks bearing local firm markings. I would suggest that your local enforcement officer spend corrective time on patrolling this street and slow these people down to at least a reasonable speed, if not the legal limit.

In the business district there is a very dangerous backing out situation created by the "head-in" parking, as I witnessed by one near accident, (my own), after which my wife, at all times, went to the rear of the car, in the street and signaled when it was safe to back out. We also saw a tobacco salesman back his truck into the side of a small car moving in the street with damage unknown to us as we were going in the opposite direction. It is absolutely impossible to see on-coming traffic due to adjacent cars until one

has backed out into the traffic lanes.

I think it is essential that parallel parking be instituted at once in the business district. It may be that parking meters in this area, with side street free parking, would be a solution. That, or the removal of the restrictive islands in the center of the streets.

We have been coming to Rockport for several years and I am impelled to say that this hazard is now much worse than prior to the street improvement.

It is a privilege to commend the Rockport Pilot for their efforts to stimulate compliance with traffic regulations and they are to be congratulated for the comprehensive, informative article in the issue published when we were in Rockport.

I trust that what has been said here is received as intended, constructive, and you may be sure that we will continue our long-

standing habit of spending our leisure time in Rockport. Believe me, I have been motivated only by my interest in a town we like very much and where we have friends known and liked a good many years. I do hope that we may return under more favorable traffic conditions.

Sincerely,
E. C. Willis
