300 Due For CofC Banquet

More than 200 persons Saturday had purchased tickets locally or made reservations from out of town for the annual Chamber of Commerce banquet here Thursday night.

The pre-banquet ticket sale and reservations list from area towns indicated that more than 300 will crowd Civic House for the event.

Highlight of the annual program will be the presentation of the chamber's 1957 officers and an address by Dr. Martin L. Cole, prominent New Mexico educator, lecturer and author.

Chamber of Commerce directors Monday and Tuesday will conclude their sale of banquet tickets. Persons desiring banquet tickets and who have not been contacted by a director are requested to phone the chamber office, RA 8-2211.

Pat Bullock, chamber director and former state senator, will be toastmaster. Music will be by Colorado High's award winning chorus, directed by Curtis Baker.

Taking over the leadership of the chamber at the banquet will be Jeff Taylor, city councilman and manager of Rockwell Bros. Taylor has been elected to succeed H. I. Berman as 1957 president.

Other officers for 1957 who will be presented to the membership will be Raymond Perdue, first vice president; R. B. Baker, second vice president; Luke Thomas, secretary, and Gus Chesney, re-elected treasurer.

Outgoing officers also will receive plaudits at the banquet for a job well done in 1956 include Berman, the president; J. W. (Bill) Randle, first vice president; Sam L. (Buzz) Majors, second vice president, and Bullock, secretary.

Outstanding workers with the chamber's continuous membership committee also will be recognized during the program.

Assisting the Chamber of Commerce with banquet arrangements is the Business & Professional Women's Club, who will be in charge of banquet decorations.

Dr. Cole, the principal speaker, is academic dean at Eastern New Mexico University. He has degrees from three university and has held teaching fellowships at

3,000-FOOT OIL TEST

Wildcat Staked in Westbrook Area

A new Mitchell County oil wildcat will drill to 3,000 feet eight miles northwest of Westbrook.

The prospector will be Edward Petroleum Corporation No. 1-X F. M. Sweatt.

Drilling will be with rotary equipment at a site 940 feet from north and 330 feet from east lines, Section 23, Block 29, T-1-N, T&P Survey.

In the county's southwestern area Cosden Petroleum Corporation has amended one location and spotted two more drilling sites in the Albaugh (Yates) Field near Mitchell - Howard County line.

Cosden No. 5 Chalk has been amended to 2,310 feet from south and 1,681 feet from east lines, Section 90, Block 29, W&NW Survey.

Cosden No. 6 Chalk will be 2,310 feet from north and 2,310 feet from east lines, Section 90, and Cosden No. 7 Chalk will be 1,650 feet from north and 1,681 feet from east lines, Section 90.

All three of the Cosden tests will drill to 1,300 feet.

Melton-Krug of Colorado City has completed two oilers in Sharon Ridge-1700 Field 15 miles northwest of the city.

The new wells are No. 1 L. A Strain and No. 2 Strain.

No. 1 Strain has daily pumping potential of 66.20 barrels of 29.5 bravity oil, plus 10 per cent water, with perforations between 1,672 and 1,688 feet. Site is 330 feet from north and west lines, Section 64, Block 97, H&TC Survey.

No. 2 Strain has daily pumping potential of 56.54 barrels of 29.5 gravity oi plus 18 per cent water. Perforations are between 1,664 and 1,680 feet. Site is 330 feet from north and 1,650 feet from west lines, Section 64.

A 115.17-barrel producer completed in Westbrook Field 12 miles north of Westbrook is Brennand-Hefren No. 2 R. S. Brennand.

The oiler, with 22 gravity oil and five per cent water, has a pay area topped at 2,990 feet over total depth of 3,150. Site is 990 feet from south and 330 feet from east lines, Section 3, Block 28, T-1-N, T&P Survey.

School Burglary Nets $3, Ice Cream Treat

Police here Saturday were investigating a break-in at Hutchinson School.

Burglars entered a southeast window of the lunchroom Wednesday night and stole a small amount of money and ice cream.

Doors to three or four classrooms were forced open and attempts made to enter several others, according to local police.

The money — approximately $3 in pennies, nickels, dimes and quarters—was taken from the school lunch room.

Six five-cent cartoons of ice cream were taken from a refrigerator.

The school break-in was one of several theft and break-in incidents reported to police during the week.

A boy was caught Tuesday night in the old Coleman School building after a resident in the area reported hearing glass breaking in the building.

Police Chief Leon Yeager and Assistant Chief Lawrence Powell, who found the boy in the building, turned youth over to county authorities for juvenile hearing.

Vaught Service Station reported to police Wednesday that occupants of a 1956 model auto drove away from station without paying for $4.50 worth of gasoline. The incident happened at 2:10 a. m.

Two side mirrors were reported stolen from the 1957 model auto of Catfish Lee Saturday night. The theft was at Lee's home Saturday night.

FIVE-YEAR PROGRAM PLANNED

REA Approves $711,000 Loan For Lone Wolf Co-op Expansion

A $711,000 Rural Electrification Administration loan has been approved for Lone Wolf Electric Cooperative.

Raymond Perdue, Lone Wolf manager, said the money will pay for a five-year expansion and improvement program.

He received notice this week of the loan's approval from David A. Hamil, Washington, D. C., administrator for the REA.

The $711,000 loan will be the 15th obtained by Lone Wolf Electric Cooperative from the REA since October 1939. Last loan had been made in 1953 as irrigation farming began to expand in the county's eastern area.

Perdue said the new loan money wil pay for expansion and improvements over the system that is necessary to meet the demand created by continued irrigation growth as well as oil well development.

The improvements, financed by the $711,000 loan, will be made as needed in the Lone Wolf system that serves parts of five counties.

Perdue said the improvements would be "general over the entire area."

A major portion of the initial improvements will be in irrigation areas where single phase electric lines of the cooperative will be changed to three phase lines to service irrigation customers.

The Lone Wolf manager emphasized that the loan is not for replacing of equipment in the usual sense, REA does not loan money to cooperatives for that purpose. As in this case, the financing will be for expansion and improvements.

Perdue said the cooperative will execute a new loan agreement before the $711,000 is available. Then the money will be requisitioned as it is needed to pay for new equipment and labor as the five-year program progresses.

Interest on the loan will be two per cent with interest and principal payments paid quarterly.

In the 14 previous loans obtained by Lone Wolf since 1939 the cooperative has received $1,870,373 from the REA. Due payments paid by the cooperative on that loan money has amounted to $220,941.

And, in addition, the cooperative has paid an additional $168,766 to the REA in advance payments on principal.

At the same time total interest paid by Lone Wolf on the loans has amounted to $214,394.

Council, Chamber Directors Act To Speed Champion Creek Lake Project

APPROVED BY UNANIMOUS VOTE

Here's Council Resolution for Cooperation in Champion Lake

Here is the complete text of the resolution approved unanimously by City Council in support of the proposed dam on Champion Creek.

The resolution, a statement of cooperation with Texas Electric Service Company in the project, was approved in a special 5 p.m. session of council as follows:

Be it resolved by the City Council of the City of Colorado City, Texas:

"1. Whereas, City Council has been advised that Texas Electric Service Company intends to make substantial additions to its electric generating plant located near this City and in connection with such enlargement and extension it proposes to construct a dam for the purpose of impounding the waters of Champion Creek; and

"2. Whereas, the enlargement of such generating pant will add substantially to the industrial and other development of our City, and the construction of said dam and lake will add substantially to the available water supply of this City; and

"3. Whereas, the Texas Electric Service Company has agreed that if it is able to secure the necessary land for the construction of said reservoir at reasonable prices, and if nothing interferes with the construction of the entire project such as war or other calamity, and in the event of its completion, that it will extend the present contract with the City concerning the furnishing of the City's requirements for water for an additional period of ten (10) years and increase the quantity of water available to said City as a result of the construction of the dam and reservoir on Champion Creek provided the City will extend the company's franchise for a like period of time; and

"4. Whereas, the construction of said dam and reservoir is entirely contingent upon the securing of necessary and required permits from the State Board of Water Engineers;

"Now, therefore, be it resolved:

"1. That the Officers of the City are hereby authorided, directed and empowered to render such aid and assistance as is necessary to Texas Electric Service Company in connection with the preparation, filing and any hearings that may result therefrom on an application to be filed with the State Board of Water Engineers for a permit to construct a dam on Champion Creek and impounding the water of Champion Creek for the use of Texas Electric Service Company and the impounding of said waters for the municipal use of Colorado City.

"2. That the Officers of the City hereby are directed, authorized and empowered to enter into any and all agreements with Texas Electric Service Company which may be necessary to make available additional quantities of water to the City and which may be necessary in connection with the extension of the present water contract and the present fran-

Trio Named To Aid Site Acquisition

Options for purchase of land for a dam and reservoir on Champion Creek, south of Colorado City, may be sought within two weeks.

The early start toward a second Colorado City lake was expected here Saturday after City Council and Chamber of Commerce officials joined with Texas Electric Service Company in support of the project.

Backing from city and chamber officials came officially Friday after a whirlwind of events within less than a week.

Municipal and community support for the lake project, including assistance in obtaining State Board of Water Engineers permit and in acquiring land, was stated in resolutions passed by City Council and Chamber of Commerce directors.

The resolutions were signals to Texas Electric Service Company, builder of Lake Colorado City, to proceed with its plans for the reservoir and expansion of TESCO's Morgan Creek Power Plant at Lake Colorado City.

J. B. Thomas, president of TESCO, in a luncheon conference in Fort Worth Wednesday told city and chamber officials his company was ready to undertake the lake project and the plant expansion if the city and community would cooperate with the Champion Creek lake plan.

And he said that TESCO would rush printing of option agreements in an effort to begin obtaining land purchase options within two weeks after a signal of cooperation from Colorado City.

* * *

City Council in a special session Friday at 5 p. m. voted unanimously in approval of a resolution supporting the project, aiding TESCO in filing application for permit to construct a dam on Champion Creek, authorizing the city to enter in agreements extension of the city's present water contract with TESCO and for extension of TESCO's franchise, and appointing representatives from the city to obtain options on behalf of TESCO for purchase of reservoir land.

Appointed to the land option committee were Frank Kelley, Magnolia Petroleum land official and former West Texas Chamber of Commerce president; C. C. Thompson, president of City National Bank and chairman of board of Texas Tech and Federal Land Bank of Houston; Pat Bullock, oil and real estate operator and former state senator.

Chamber of Commerce directors, in a special 3 p. m. session Friday, voted to go on record supporting the city in its efforts to obtain the new lake and recomending that it negotiate a favorable contract with TESCO for securing the lake

Ministers Say 'Thanks' for Basket Help

Citizens and groups aiding the community's Christmas basket program has drawn the praise of Colorado City Ministerial Alliance.

The ministers, who through their alliance coordinate the basket program each Yuletide for needy families, expressed their appreciation for cooperation in a special "open letter to the people of Colorado City."

The letter points out that more than 130 baskets were delivered to needy families in the basket program and that clothing and toys were added to the program for the first time.

Text of the "open letter" follows:

"The Colorado City Ministerial Alliance is keenly aware of the work of love contributed by many organizations and individuals in the annual Christmas Basket program. While several weeks have passed since most of the gifts were distributed, we want to express our appreciation to each one who assisted in this program.

"This year more than 130 baskets were taken to people less fortunate than many of us. For the first time clothing and toys were added to the basket program. The toys were collected by the Scouts, and they were repaired by the shop classes in our schools.

"So to each person, school class many of whom gave food or money or time, civic organization, church group, Scout troop, labor union, and above all others, to Tommy Nelson and his volunteer staff, we express our sincere gratitude and thanks.

"As long as such spirit lives in our city, Christ will be praised and His birthdate remembered with the true spirit of Christmas. Thank you, citizens of Colorado City," the letter ends.

Mrs. Davis, 89, Westbrook Pioneer, Dies

Mrs. Mattie E. Davis, 89, Westbrook pioneer, died Thursday night at her home following a lengthly illness.

Funeral services were held Saturday at 2 p.m. in Kiker and Son Funeral Chapel. Burial was in the Westbrook Cemetery.

Officiating were Rev. O. E. Matthews of Oklahoma City and Rev. L. Eastman, pastor of the Westbrook Baptist Church. Mrs. Davis was a member of the Christian Church.

A resident of Westbrook for 51 years, Mrs. Davis was born Oct. 4, 1967, in Alabama. She was married to Ben F. Davis, Oct. 6, 1886, in Rose Hill.

The couple moved to Mitchell County in 1906 and made their home near Westbrook.

Mr. Davis died in November, 1952.

Survivors include one son, W. W. Davis of Westbrook and seven daughters.

The daughters are Mrs. Carmen Schafer of Colorado City; Mrs. Annie Beal of Westbrook; Mrs. Henry Everts of Christoval; Mrs. J. H. Stoneham of Odessa; Mrs. Jim Morris, Mrs. Omer Mars and Mrs. Alvin Rasey, all of Abilene.

Also surviving are 42 grandchildren, 42 great grandchildren and 14 great great grandchildren.

Grandsons were pallbearers.

WITHOUT INJURY

Five Sun Employes Escape Explosion

Five employes of Sun Oil Co. escaped injury Friday when an explosion ripped through the Company's Jameson Gas Plant near Silver.

The explosion believed to have been caused by an accumulation of gas leaking from a compressor ripped off several pieces of sheet iron, blew out the windows in the west end of the building and ended with a roaring blaze.

Employes at the natural gas plant extinguished the blaze shortly after the explosion happened at 6:15 p. m.

A pumper truck arrived from Robert Lee, 18 miles away, to aid the firefighters, but it was not used.

None of the five employes on the shift were hurt. They were O. L. Snyder, Moe Hargis, J. C. Furr, Eddie Byrd and Herbert Miller.

Snyder had been working in the area of the explosion shortly before the blast.

Snyder said he immediately turned off a fuel valve that shut down the entire plant.

There are five other compressors in the building.

The plant was began operation with the other five compressors Saturday afternoon.

Exact extent of damage will not be known until insurance appraisers make a complete report.

Johnny Shimer is gas plant superintendent.

Jameson Camp, which is supplied by the plant, was without heating or cooking fuel Friday night.

The plant is located south of Silver, about 28 miles south of Colorado City.

Former C-City Couple Are Parents of Son

Mr. and Mrs. Bob Battle of Austin, former Colorado City residents, are parents of a son, Richard Haynes Battle, born Jan. 14.

Mrs. Battle is the former Wenola Martin of Loraine.

Grandpartents are Mrs. Vanda Martin of Loraine, Mr. and Mrs. Lee Battle of Cleburne.

Crymes Reappointed

Dr. J. Melvin Crymes has been reappointed county health officer for 1957. The appointment was made Monday by Commissioners Court.

Commissioners Hike Library Contribution

Three County Commissioners Monday silently sunbbed a requested increase in county funds for operation of Mitchell County library.

A minute later they joined "ayes" and supported a smaller hike in financing for the library.

Approved for the library was a monthly contribution of $132.50. Present county appropriation is $115.

The $132.50 appropriation was proposed in a motion by Commissioners J.C. (Jake) Northcutt and seconded by W.N. (George) Bacon.

Just before Northcutt's motion, however, Precinct 1 Commissioner Sam Thompson sought to raise the library appropriation from the current $115 to $150.

The $150 appropriation has been sought for more than a year from the county and city (which has voted to match county contribution to the library) by the Mitchell County Federation of Women's Clubs.

Club women say $150 per month from each the county and city is needed to provide adequate service, staff, filing and book replacements for the county's only public library.

But when Thompson presented his motion for the request increase, other commissioners kept silent and the motion died for want of a second.

Commissioners Court Monday also voted to keep salaries for all elected county officials and deputies at the same level in 1957 as those salaries were last year.

J.F. Whitney, 88, Dies At Residence for Aged

James F. Whitney, 88, died Friday night in the local hospital following a short illness.

Graveside rites were held Sunday at 5 p. m. in Colorado City Cemetery under direction of Kiker & Son Funeral Home.

Whitney had been residing here only a few days at a home for the aged in south side of the city when he died.

He is believed to have relatives residing in Minnesota.

$10.50 HIGHER THAN 1956

County's Payment Rate Set at $29 for '57 Cotton Reserve

Mitchell County's payment rate in the 1957 acreage-reserve program for cotton is $29 per acre.

The figure was announced here Saturday by Mike Custer, county office manager for Agricultural Stabilization & Conservation.

Mitchell's $29 per acre average Index rate is the county for upland cotton, not the exact figure for each individual farm is higher than the 1956 rate.

In fact, the 1956 rate was $18.50 - $10.50 below the new 1957 rate.

Mitchell County's rate of $29 also is2 higher than numerous other counties within the area. For example, Nolan County received $28 for 1957.

Custer said that the ASC office will begin Monday mailing individual farm payment rates for 1957 acreage reserve (cotton) to each Mitchell County farmer.

Each farmer will have a period of 15 days to appeal it he is dissatisfied with his individual rate.

The ASC experts to begin signing contracts for 1957 acreage reserve within the next 10 days. And the last day to sign up for cotton will be March 1.

But Custer adviser farmers to enter their cropland for the '57 soil bank early.

Contracts, when they are started, will be written on a first-come, first-served basis. And funds will be limited.

There are maximums now on how much of a farm the Department of Agriculture will agree to bank. But later on, extra acres may be allowed. So the advise for the individual farmer is to indicate in his original agreement the additional acres he would like to put into the reserve and later on, if extra acres are taken, he will have his chance for the extra reserve.

The amount of land a farmer may sign up now is 10 acres or 30 per cent of his allotment for upland cotton.

ASC office managers, manager trainees and soil band clerks from District 6 will be here Monday for a conservation meeting in Civic House.

Here for the meeting beginning at 9 a.m. will be representatives from Andrews, Borden, Coke, Dawson, Fisher, Gaines, Glasscock, Howard, Jones, Martin, Midland, Nolan, Runnels, Scurry, Sterling, Taylor and Mitchell County.

From the local ASC office will be Custer, Jack Linam, Mrs. Price Hall and Mrs Fred McClellan.

Tuesday Custer will go to Big Spring for a sub-district managers' meeting concerning review committee regulations. Managers from nine counties will participate.

FOR TEXAS FARMERS

Cost Squeeze to Continue in '57

Texas farmers will continue to be in a price-cost squeeze during 1957 although crop restrictions and increased agricultural exports may tend to relieve pressure created by large surpluses of cotton and wheat, says extension economist John G. McHaney.

Overall large supplies of agricultural products will prevent any great price increases to boost farmer income and production costs may even average slightly higher than 1956 figures, McHaney added.

Additional funds may still be in the farmer's reach, however, in view of a scheduled government agricultural expenditure rise from 4.9 billion dollars in 1955-56 to 5.7 billion for 1956-57 as a result of the Soil Bank Program.

With a fair amount of rain in 1957, McHaney says the Texas farmer can expect a better year than 1956.

The Suez situation and other world trouble spots will not tend to decrease the agricultural export market and a general level of good economic activity is predicted for the new year by McHaney.

Government economic and fiscal policy will definitely play a leading role in the 1957 picture, he points out, and 1956-57 total outlay scheduled by the federal government is up 2.7 billion dollars over a year ago chiefly because of national security programs.

Tighter credit and higher interest rates will probably make for a firmer check on expansive forces, but won't seriously affect continuing strong demand for 1957 agricultural products.

Generally, the value of using a nitrogen fertilizer for increasing the yields of cotton and corn is well known, but according to M. K. Thornton, extension agricultural chemist, small grain producers who fail to give their crop an application of this same plant food are passing up an opportunity to increase yields.

From now until mid-February, farmers in the area south of Waco should apply the nitrogen sidedressing. Those to the north of the area should make the application by March 1 or not later than March 15.

The specialist emphasizes that demonstrations conducted for the past several years have shown that small grain yields can be increased from 25 to 30 per cent through the use of nitrogen fertilizers.

Generally, Thornton says, an application of 150 to 200 pounds of ammonium sulphate or 100 pounds of ammonium nitrate an acre is sufficient if applied within the suggested dates.

The increased yields will more than pay for the plant food and labor required to put it on the crop. Too, he adds, increased yields are needed now to replenish the short stocks of farm hold small grains in Texas, from 'mother nature' in the form of badly needed moisture will materially aid the cause of production.

For more detailed information on the use of all types of fertilizers, he says, cooperation with the local county agent.

4.39 PER CENT OF FEDERAL TAX LOAD

Texas Taxpayers to Pay 3 Billion Dollars As Their Share of Federal '57 Spending

State Capitol NEWS

Texas taxpayers will be required to pay out approximately $3,152,020,000 in Federal taxes as their share of the cost of the Federal spending program of $71.8 billion proposed by President Eisenhower for the Federal fiscal year 1957-58, according to an estimate today by the West Texas Chamber of ommerce.

The regional chamber pointed out that any reduction which Congress may make in this budget will, of course, reduce the amount that Texas taxpayers will have to bear.

The $3.15 billion share which would be borne by Texas taxpayers to support the President's proposed budget is almost four times the amount of money spent in the fiscal year ending Aug. 31, 1956, to finance the entire government of the State of Texas, the West Texas Chamber said.

The WTCC calculations show that Texas residents and taxpayers presently bear 4.39 per cent of the total Federal tax burden.

Since Federal expenditures are met by taxation, Texan's share of the Federal Government's spending burden for the Federal fiscal year 1957-58 will be 4.39 per cent of $71.8 billion, or $3,152,020,000, the WTCC reported.

The West Texas Chamber officials expressed keen disappointment over the continuing rise in expenditures since the fiscal year 1955 when the spending total was $7.2 billion less than is proposed for 1958.

They said that these rising expenditures are preventing much needed tax reductions which would otherwise be possible from the increasing revenues generated by the nation's economic prosperity.

The West Texas Chamber officials also noted that the spending proposals in the budget offer no encouragement for reductions to come but, rather, point toward even higher spending beyond 1958. It said this is supported by the fact that for the second successive year new spending (or obligational) authority requested is even greater than expenditures.

It added that while national security spending accounts for a large part of the increased budget, many new domestic programs are proposed for initiation in the coming year. These include a $1 ¼ billion school construction grants program and several lesser projects, the cost of which would rise in future years after a modest first year's outlay.

A long range wildlife program, designed to maintain hunting and fishing on a high level, was given further study when the Game and Fish Commission meets in Austin Saturday, according to its executive secretary.

He said the plan is contingent on proposals to be made to the present Legislature including major provisions calling for increased revenue through more representative license fees.

Meanwhile, the commission has authorized distribution of an on-the-scene motion picture, combining statistical data with vivid outdoor cut-ins to illustrate current projects and projected refinements.

The fifteen-minute film entitled "Conservation at the Crossroads" is in sound and color and will soon be available for television use or for private groups, such as Sportsmen's Clubs. Interested persons should contact the Commission's Austin headquarters.

The long-range program would embrace:

Creation of waterfowl management areas, similar to the inland game management plots on the Upper Gulf Coast to serve as outdoor laboratories for wildlife research and to provide a reservoir of huntable ducks and geese for the gunners.

Establishment of protected nesting areas for whitewing doves in the Rio Grande Valley to aid the comeback of this fleet game bird now high on the critical list of menaced game birds.

Further modernization of the progressive deer management program already returning dividends to sportsmen and landowners alike.

Maximum advancement of measures to aid restoration of Texas' prized wild turkey population, decimated by the drought and by land use practices but still the nation's highest.

Provision for more coastal fish passes, such as the one at Rollover; restoration of depleted oyster reefs increased marine life research, including an experimental salt-water fish hatchery.

Extension of fresh water lake renovation work, including control of undesirable water plants and rough fish.

More emphasis on the warden force as the major contact agency to familiarize landowners and sportsmen alike in the basic objectives of the Game and Fish Commission.

"The Commission is using the success of current key projects as the principal supporting evidence for the overall program," said the Executive Secretary. "With adequate funds, personnel and facilities, we are confident we can show gains in proportion to those already made, and to help perpetuate wildlife in Texas."

Farmers in drought stricken Texas benefited by $1,150,073 during the first nine weeks of the period in which the railroads reduced freight rates on shipments of hay by 50 per cent.

The rate slash was made in October at the request of President Eisenhower.

During the first nine weeks the privately-owned railroads moved 92,885 tons of hay into Texas at a million dollar plus savings to the farmers and ranchers, the Texas Railroad Association reported.

The rates were voluntarily reduced in eight western states, but the heaviest volume of business was in Texas. The total saving for and owners in the eight states was $1,650,260, of which two-thirds benefited Texans.

Oklahomans saved $272,786 and Kansans were aided by the railroads by $205,226.

"As far as we know, no other private industry has extended aid to the farmer in this emergency," said Kenneth McCalla, general counsel of the Texas Railroad Association.

"This is comparable to the President's requesting all retail stores to sell to the drought-stricken farmers and ranchers at a 50 per cent reduction. Of course, no such request has ever been made, but it has been sought of the railroads several times and they have responded gladly. The result, in past years, has been a saving of more than $22,000,000 to farmers and ranchers."

First Assembly Of God Has Revival Series

A series of revival services are in progress at First Assembly of God, located at Oak and W. Seventh.

Conducting the revival is the Briggs Evangelistic Party of Ft. Worth.

Services are conducted daily at 7 p. m. according to Fred Robertson, the church pastor.

The evangelist has conducted evangelistic campaigns in states across the nation.

Special music is a feature of each revival service.

The pastor said the public is invited to attend all the services.

Let's see the decisive factors in the '57 Inner Ford

They show you why the new kind of Ford is worth more when you buy it, worth more when you sell it!

The secret of Ford's nationwide success is this: it's a new *kind* of Ford . . . new from the wheels up . . . more than a last year's model with a few "face lift" changes. In a Ford the chassis, engine and body are individually engineered into one spacious rock-solid unit.

If you're a careful car-buyer with whom features count, count the new features of the '57 Ford. Then drive it! There's only one conclusion: the liveliest car in the low-price field is the completely new Ford. For the decisive facts see your Ford Dealer.

This Custom 300 Fordor Sedan has the Mark of Tomorrow at the low Ford price

SCHOOL + PLAYGROUND

Here in America almost every school has a playground. Our American system of public education recognizes the fact that many valuable lessons can be learned better on the playground than in the classroom.

America's churches also have an outstanding system of public education—religious education. And it, too, recognizes the "playground principle."

The playgrounds of our system of religious education reach many miles beyond our churches. They consist of the homes, farms, factories, and offices of the community—every place where boys and girls and men and women have opportunity to practice their Christian religion.

Common sense tells us that playgrounds without schools could not sustain the intellectual level of America. Nor can a busy week—without a Sunday in Church—sustain the spiritual alertness and moral character of individuals.

Attend Church Sunday. Live Your Faith daily.

ON MUSICAL CULTURE

Mmes. Moore, Witten Direct Zetagathian Club Program

Mrs. Johnny Moore and Mrs. George Witten Thursday afternoon directed a program on musical culture for the Zetagathian Study Club in the home of Mrs. Bob Robinson.

The program included a review of the life and work of Rodgers and Hammerstein.

The pair explained that Rodgers' and Hammerstein's partnership began in 1942 with "Oklahoma", which is still a favorite. Other musicals credited to the writers are "Carousal", "State Fair", "Allegro", "South Pacific", "The King and I" and "Me and Juliet".

A trio — composed of Mrs. Witten, Mrs. Ray Noble and Mrs. Curtis Latimer — sang "Everybody's Got a Home But Me", "If I Loved You", "Some Enchanting Evening" and "Getting to Know You".

The entire group sang "Oh What A Beautiful Morning", It's A Grand Night for Singing", "June Is Busting Out All Over" and "Whistle A Happy Tune".

Mrs. W. S. (Bill) Rhode was leader for the afternoon program.

During the business session final plans were made for the club's spaghetti supper to be sponsored Jan. 29 in the Primary School cafeteria.

The supper will be served by Zetagathians from 5:30 p. m. until 8 p. m.

Guests present for the regular meeting and program were Mrs. Earl Clary, Mrs. James E. Brown and Mrs. H. Jene Steakley, president of the Mitchell County Federation of Women's Clubs.

Mrs. Newby Pratt, new honorary member, was also welcomed.

Members attending were Mrs. J. S. (Jay) Craddock Jr., Mrs. Jack Ellzey, Mrs. Latimer, Mrs. Eldon Mahon, Mrs. Sam L. (Buzz) Majors Jr., Mrs. Moore, Mrs. Noble, Mrs. Rhode.

Gift Reception Fetes Miss Barbara Combs

A gift reception Thursday evening in the Loraine home of Mrs. Woodrow Pratt honored Miss Barbara Combs, of Loraine, bride-elect of Calvin O. Haltom.

Co-hostessing the affair with Mrs. Pratt were Mrs. H. E. Thomas, Mrs. Dexter Taylor, Mrs. Kenneth Butler, Mrs. Jay Thompson, Mrs. Bert Sheppard, Mrs. Roy Linder.

Mrs. Howard Tartt, Mrs. W. H. Narrell, Mrs. Harry Hallmark.

Mrs. A. G. Haygood, Mrs. Plez Beaty, Mrs. C. L. Lefevre, Mrs. Lester Webb, Mrs. D. W. Haralson, Mrs. Earl Phillips, Mrs. Bill Stribbling, Mrs. Roy Baird and Mrs. Bob Mote, all of Loraine.

Mrs. Pratt greeted guests and introduced the honoree, her mother, Mrs. Howard Combs of Loraine, and the prospective groom's mother, Mrs. E. O. Haltom.

Miss Sue Narrell and Miss Margaret Horton presided at the refreshment table. Miss Marger Lou Thompson registered guests. Miss Maxie Sheppard and Miss Linda Linder played piano selections during calling hours.

Mrs. Wilmon Tartt read an original toast to the bride. Mrs. Howard Tartt sang "Some Sunday Morning" and "True Love".

"Let the Rest of the World Go By" was sung by Miss Sheppard and Miss Kennie Sue Butler.

Others in the houseparty were Mrs. Jay Thompson, Mrs. Ida Baird and Mrs. Webb.

Dining table was laid with a pink glitter tarnish cloth and centered with an altar wedding scene. Background for the table was a window flanked by white wedding bells and white satin ribbon inscribed with "Barbara" and "Calvin".

Buffet was marked with a large wedding bell. Decoration for the piano included a pink wishing well and wedding bells.

Local residents attending the reception were Mrs. R. J. Porter, Mrs. Clifton Nowell, Mrs. Ollie Ellis, Mrs. Loyd Fortenberry and the groom's mother, Mrs. Haltom.

Willard Pratt Wins Trip to New York

By MRS. C. C. HAMILTON,
Record Correspondent.

LORAINE—Mr. and Mrs. Willard Pratt this week returned to their home in Arlington from an all-expense paid trip to New York, N. Y., financed by the Equitable Life Insurance Company.

Pratt, son of Mr. and Mrs. Woodrow Pratt, won the trip by being second place winner in sales for a 17-state district in 1956.

Ross Pratt visited here with his grandparents while his parents were on the trip.

Both Mr. and Mrs. Willard Pratt are graduates of Hardin-Simmons College in Abilene. Pratt served three years in the Navy, receiving his discharge last March.

* * *

A local group of the Woman's Society of Christian Service of First Methodist Church Thursday attended a sub-district meeting of the WSCS at Buford Methodist Church.

Women making the trip were Mrs. K. L. Taylor, Mrs. J. G. Bruce, Mrs. Harold Martin, Mrs. Clyde Smith, Mrs. Percy Bond and Mrs. J. D. McDonald.

Church Women To Have Board Meeting

Board members of the Colorado City Council of Church Women will meet Monday at 9:30 a.m. in the home of Mrs. Bob Reily.

All officers, department chairmen, presidents of women's organizations in local churches and a representative of each church are urged to attend the meeting, according to Mrs. J. D. White, president.

Next month's meeting will be in the home of Mrs. Gibson at Morgan Creek Village. Mrs. Everett will co-host the affair.

Fashion Wears Spring Cape

Capes wrap a portion of the fashion picture for springtime. Full cape, left, and cape shape, right, are typical examples of the style.

DESIGNERS are readying capes and cape shapes for milady to wear this spring. At left, three-piece wool ensemble in navy and red is inspired by the traditional matador's costume. Slim-skirted sheath is topped by a brief, fitted bolero jacket in red and full-length cape of the same material completes the costume. At right, a beige Italian silk linen costume features a short-cut cape. It tops a belted sheath with square neckline and hip-pegged skirt.

Jaycees See Medical Movie

Jaycees' Health Committee, headed by Dr. John Chinn, presented a movie this week at the civic club's regular luncheon.

The movie portrayed what the medical profession and the automobile manufacturers are doing to combat auto wreck injuries.

The American Medical Association lauded the progress being made by the manufacturers and revealed through tests how much safter the cars of today are.

Also on the program were Joe Boatright and Highway Patrolman H. B. Slaughter. They reported on the President's tour in San Angelo, Monday.

What Does Your Credit Record Say About You?

People who buy on credit, and pay promptly, have the best credit rating — there's no doubt about it. You can buy almost anything you want on credit, anywhere, anytime, if your paying record is good. THE WAY YOU PAY YOUR BILLS is the basis on which the merchants, doctors, and bankers extend credit to you.

A GOOD CREDIT RATING IS A VALUABLE ASSET. GUARD IT AS A SACRED TRUST.

THE ANNUAL AUDIT IS TO BE MADE
Enjoy the vast privileges of a good credit rating.

The Annual Audit For New Credit Ratings Is To Be Made

About this time of year the Merchants Association Credit Bureau checks each member's ledger as to the manner of payment of customer's charge accounts. This information is assembled and posted to the credit Record of every individual and is used to make up his new Credit Rating.

These Credit Ratings are available to over 3,000 Retail Merchants Associations and Credit Bureaus in the United States, Canada and Europe through our affiliation with the Associated Credit Bureaus of America.

FOR REGULAR MEETING

Parents, Teacher Participate In Hutchinson PTA Panel

A panel discussion Wednesday afternoon highlighted a regular meeting of the Hutchinson School Parent-Teacher Association.

Participating in the discussion were two parents, Mrs. Curtis Latimer and Rev. Jack Ellzey, and a teacher, Mrs. Benton Cain.

Mrs. Latimer and Rev. Ellzey talked on "What I Would Like My Child to Learn at School".

Mrs. Cain responded to the parents' talk by telling "What the Teacher Would Like for a Child to Learn Prior to School Age".

Rev. Jack Selcraig, PTA president, presided in the meeting.

Mrs. Jack L. Jones registered guests. Room prizes went to Bert Scrivner's room and Mrs. Roy Huffman's students. The fourth grade rooms tied for having the most parents present.

Next money-making project of the PTA will be the presentation of two one-act plays to be presented Feb. 26 by Mrs. Arnel Smith's Junior High speech classes.

Admissions for the program, beginning at 7:30 p. m. in the Junior High auditorium, will be 25 cents for adults and 10 cents for children.

Next month's meeting will be conducted jointly with the Primary Parent-Teacher Association Feb. 12 at 7:30 in the Primary School auditorium.

Spanish Potato Omelet Is Hearty Meal

BY DOROTHY MADDOX

IN Spain, land of olive trees, a long, leisurely lunch often means a hearty omelet. Here's a recipe that uses ham, potatoes and onions as well as eggs.

Spanish Potato Omelet
(4 servings)

One-quarter cup Spanish olive oil, 1 cup sliced raw potatoes, ¼ cup sliced onions, ½ cup diced ham, 6 eggs, 1 teaspoon salt, ⅛ teaspoon pepper, 3 tablespoons water.

Heat olive oil in skillet and add potatoes and onions. Cook over moderate heat about 10 minutes until potatoes are almost tender, turning occasionally. Add ham and cook about 10 minutes longer, turning once or twice. Beat eggs with salt, pepper and water just to blend. Pour over potatoes and cook over low heat about 5 minutes or until eggs are just set. As eggs cook, scrape in from outer edge of skillet so that center will cook. Serve at once.

Exciting change of pace with a Spanish touch is this omelet, using eggs, ham, potatoes and onions.

Canned corn is in super-abundance now. So let's take advantage and make this pudding.

Pocahontas Pudding
(6 servings)

Two slices bacon, cut in squares; 1 cup chopped onions, 2 eggs, 1 No. 303 can whole kernel corn, drained; 1 cup milk, 1 teaspoon salt, ¼ teaspoon pepper.

In skillet, saute bacon until golden. Remove bacon bits and drain on paper toweling. In bacon fat in skillet, saute onions until tender and golden. In greased half-quart casserole, beat eggs. Add corn, milk, salt, pepper, browned onions and bacon. Bake in moderate oven (350 degrees F.) 1 hour and 15 minutes, or until silver knife inserted in center comes out clean.

Smoot Home Is Setting for Bridge Party

Home of Mrs. Joe Smoot Jr. was setting for a regular meeting of the Dessert Bridge Club Wednesday afternoon.

Mrs. John Chinn, newly elected president, presided during the short business session.

Mrs. Frank Deregibus won high score in bridge. Mrs. Ben Sparks was second high.

Guests for the afternoon session were Mrs. Warren Costin and Mrs. Erma Moore.

Members attending were Mrs. Goodwin Simpson, Mrs. Deregibus, Mrs. Robert Kirschbaum, Mrs. Sparks, Mrs. Bill Hudson, Mrs. Joe Mundy, Mrs. Chinn, Mrs. Gale Dean, Mrs. Johnny Grubbs and Mrs. Smoot.

Pecan pie and coffee were served by the hostess.

FOR AREA FARMERS

Mahon Backs New Drouth Legislation

Congressman George Mahon of Colorado City has jointed with several other Texas representatives and senators in introducing Washington legislation providing early assistance to drouth-stricken areas of the Southwest.

The proposal, as worked out and presented in the new session of Congress, is termed a "two-fold approach to the drouth problem."

The bill was described on the floor of the House by Rep. Bob Poage of Waco, vice-chairman of the House Committee on Agriculture, as calling for immediate assistance to farmers and ranchers in the wide area of Texas and the Southwest who are in desperate need of help.

Mahon and Poage pointed out that the prime purpose of the bill would require the Department of Agriculture to make payments to land owners who will agree to defer the use of their depleted pasture lands for periods of not less than 12 months.

The program would become effective immediately and would continue over a period of three years after the drouth is broken.

Mahon explained that the present crisis "could well become a permanent condition unless steps were taken to give the parched pasture land a chance to recover."

Another feature of the bill would instruct the Secretary of Agriculture to assist in providing protein feed concentrates such as cottonseed cake. Members of the group said they felt the cake was needed immediately to maintain the range herds of the Southwest and that type feed program would be cheaper and more effective than the hay or grain feeding program now being carried out.

"This bill would enable the stricken areas to take the steps which they know to be sound from a conservation standpoint but which they cannot afford to take in the absence of some government program," the sponsoring lawmakers explained.

chise of Texas Electric Service Company.

"3. That Frank Kelley, C. C. Thompson and Pat Bullock be, and they are hereby appointed as representatives of the City of Colorado City, Texas, to obtain options on behalf of Texas Electric Service Company for the purchase of land required for the reservoir to be created on Champion Creek and for the purpose of obtaining consent from the owners of mineral and leasehold interests under said land authorizing the construction of said dam and reservoir and for the purpose of obtaining agreements that no future exploration for oil, gas or other minerals will interfere with the continued use of said project either for cooling purposes on the part of Texas Electric Service Cmpany or for municipal uses."

Roundup Adds 15 Members For Chamber

Membership gains were reported Saturday by Chamber of Commerce.

The gains were the result of contacts by volunteer workers in the chamber's final membership roundup of its 1956-57 operation.

Ralph Lee, continuous membership chairman for the chamber, signed 15 new members Saturday in only two days of contact.

At the same time Lee said that six local firms had increased their membership dues.

New Chamber of Commerce members obtained in the final roundup, so far, are Francis Winn, Lawarence Ruddick, Farmers Gin, Dr. J. D. Williams, Paul Boston, Fowler Premier Station, Joe Salter, Joe Ed Boatright, The Borden Company, Sun-Up Grocery, Tom Wise Plumbing, Dan Pritchett, H&M Furniture, C. M. Watson, Mrs. Dee Bassham.

Firms increasing their dues are Woody's Drive-In Grocery, Master Cleaners, Del Paso Grill, Bob Elliot, Bodine Bros. Dairy and Thomas Bros.

The membership roundup was opened Thursday morning at a breakfast in Civic House. G. D. Foster, principal speaker at the breakfast, outlined accomplishments of the chamber, its assets for the community and emphasized the need for community wide support for the organization.

LAKE—

Continued from page 1

The directors also approved a resolution of cooperation with TESCO for the project—a resolution similar to the one adopted by City Council.

And Thompson, Kelley and Bullock were named to represent the chamber in the obtaining of land options.

Motion declaring the directors' cooperation was made by J. W. (Bill) Randle, with a second from G. D. Foster.

One Chamber director, Dr. R. D. Bridgford, who was critical of the size of off-limits areas at Lake Colorado City, abstained from voting.

Other directors attending the meeting and backing the plan were H. L. Berman, president; Randle, Foster, Walter Rogers, M. N. Caddell, Sam T. (Buzz) Majors, Raymond Perdue, Luke Thomas, R. B. Baker, Pat Bullock, Jeff Taylor and Joe Bell.

The move for a second Colorado City lake began here Saturday, Jan. 12, at a conference in the Chamber of Commerce office called by Frank Kelley, chairman of the chamber's water resources committee.

Just returned from a trip, he reported that TESCO was considering a plant expansion in this area and had made studies concerning a dam on Champion Creek as a possibility for providing expansion at the Morgan Creek plant.

The Chamber of Commerce, through TESCO's local manager A. L. McSpadden, contacted TESCO officials in Fort Worth for an immediate conference.

And a group of 13, representing the City Council and the chamber, traveled to Ft. Worth Wednesday for a luncheon conference in Worth Hotel.

Representing TESCO at the luncheon were Thomas, president and general manager; R. K. Bob Hanger, vice president and general manager; Jack Wessler, attorney, and Beeman Fisher, vice president and assistant to the president.

In the Colorado City delegation were Chamber Manager Bill Quimby, who opened the discussion; Berman, Walter Grubbs, McSpadden, Harry Rafliff and Bell, representing the chamber; Mayor Trevor Crawford, City Manager R. K. Snethen, City Attorney John Worrell and Councilmen Sie Hamm, Taylor, Simpson and Ruddick, representing City Council.

Here is a general outline of TESCO plans in regard to Champion Creek and Morgan Creek Plant.

1. Construction of a dam on Champion Creek at a site about seven miles south of Colorado City and north of a pronounced bend in Colorado River.

2. The dam will provide a reservoir, according to engineering studies made two years ago, about equal to Lake Colorado City.

3. Cost of acquisition of land and construction of dam and other expenses will be paid by TESCO.

4. Elevation and other data will be checked immediately for decision as to site of the dam. Printing of option agreements is being rushed and application will be made at early date with State Board of Water Engineers.

5. A 175,000 kilowatt generator will be installed at Morgan Creek Lake and, if development of this area continues, the plant will be expanded again within few years to provide it with generating capacity three times its present capacity.

6. The Champion Creek lake will be connected by tunnel with Lake Colorado City to provide a constant level of water and to keep proper temperature of lake water (with increased generating plant facilities).

7. The tunnel connection with constant water level at Lake Colorado City will allow the city to keep its water intake facilities at present location and provide better recreation advantages at the lake by preventing low level periods and receding shore line.

8. The new lake will provide more adequate water supply for the city, offer additional commercial water possibly for petrochemical development in addition to allowing TESCO triple its plants facilities.

9. City contract with TESCO for use of lake water for municipal purposes and for use of lake area for recreational purposes will be extended to cover the Champion Creek lake and will be extended 10 years making the contract for water out of Lake Colorado City and the new lake extend another 35 years.

* * *

Chamber and city officials endorsed the TESCO plan after a detailed study of the city's tax and bond structure.

City officials reported that the city is incapable of financing the project on its own and still maintain private water rates within reason.

TUESDAY AND FRIDAY

Lake View, Snyder High Quints Play Here in Conference Tilts

Coach Ronald Servies' Wolf basketball team faces several big tests this coming week with two big conference home games on tap Tuesday and Friday in Junior High Gym.

Wolves host Lake View High Chiefs of San Angelo in their third District 3-AAA contest here Tuesday night with the B game starting at 6:30 p. m. and the A game at 8 p. m.

This will be the Wolves' chance to climb out of the cellar which they hold now with a 0-2 record.

Lake View is tied with Sweetwater for third place with a 1-2 record. The Chiefs beat Sweetwater this week after the Sweetwater team had whipped the Wolves earlier in conference play.

Lake View was clobbered Friday night by Lamesa High, 70-48, and last week by Snyder, 66-42.

Wolves will have to stop big 6-3 Rex Wilson, Chiefs' center, if they expect to take the measure of the Tom Green County team.

Friday, the big test comes to Junior High Gym when Snyder meets the Wolves in the initial meeting between the two clubs.

Snyder whammed Sweetwater 63-38 Friday night and will be primed for the Wolves.

Snyder is led by all-state football end Milton Hamm, who has averaged 18 points per game in conference play.

The 6-2 forward is joined in the lineup by Dwayne Prince, 6-5 center and second leading scorer; 6-4 forward Roberts Dabbs; 6-1 guard Powell Berry and 6-0 guard Ronnie Smith.

The all-senior Snyder team will be battling a C-City team composed of all juniors, and much shorter than the Tiger quintet.

Coach Servies will counter with Richard Compton, second leading scorer in the district with 41 points, topped only by Lake View's Wilson with 50 points.

Other leading Wolf scorers and top floormen are Don Black and Jimmy Richardson.

Flippin will start at center with either Barton Smith or Bobby Caffey at the other forward.

Wolves go to Merkel Saturday night to battle the undefeated Badgers. Merkel is led by all-state center Robert McLeod.

* * *

Wolves lost a thrilling 49-48 overtime game to Anson Thursday night in Junior High Gym. The score was tied 40-40 at the end of regulation play. The lead rocked back and forth in the overtime and the Wolves held a one-point advantage with five seconds remaining on the clock.

But a little Anson guard named Calhoun slipped in to steal the ball from Wolves' Joe Merritt at the center stripe, dribbled in and drop in a field goal with two seconds on the clock to give the Tigers an upset victory.

Wolves swamped the Anson quintet in a game earlier in the season at Anson.

Wolves were not up to their usual playing form in the game.

Wolves were behind 11-10 at the first quarter mark but with Black and Compton finding the range they built up a 23-19 advantage at halftime.

And they increased this lead to 10 points 37-27 as the game entered the fourth quarter.

Wolves tried to play possession type ball in the final quarter, scoring only three points while the Tigers were tallying 13.

Then came the three-minute overtime period and the Anson victory.

Jimmy Roberts with 16 points and Gary Bailey with 8 were tops for Anson.

Black, who played one of his finest games, racked up 15 points on six field goals and three free tosses.

Compton followed him with 11 points on four goals and three charity tosses. Other scorers were Smith, 3; Richardson, 8; Flippin, 4; Merritt, 2.

IN NON-CONFERENCE GAME

Bobcat Cagers Slip By Wolves, 56-44

Colorado High Wolf cagers played a game of catch-up with San Angelo High's Bobcats Friday night but they never quite caught up.

Class AAAA San Angelo walked off the court with a 56-44 victory after the Wolves had nipped at their heels throughout the non-conference contest.

An injury and excessive number of fouls on the Wolves probably hurt as much as anything.

The injury was to the Wolves' 6-5 center Marion Flippin. When the big junior pivot man went out with an ankle injury with 15 seconds left in the first quarter, the Wolves were leading 14-11.

And during Flippin's absence, the San Angeloans took an 11-point lead with a 27-16 count at halftime.

Infact, the Wolves scored only two points during the entire second quarter, that goal a driving crip by Don Black. During that same quarter, the Bobcats were scoring 14 points, mainly on the efforts of forward Bob Steves who plunked in eight points.

Both teams started off nip and tuck with the score tied 9-9 with two minutes left in the initial period.

But two quick buckets by Wolves' Richard Compton shot the Wolves into a 14-13 first period lead.

The before-mentioned second quarter was disastrous with San Angelo leading 27-16 at halftime.

Then with Flippin back in the game the third quarter, the Wolves pulled to within three points of the Bobcats on three charity tosses and field goal by Compton, plus buckets by Flippin and Merritt to make the score 29-26, Bobcats' favor.

Then Jimmy Richardson fouled out with three minutes left in the quarter and the Wolves seem to loose some of their drive.

With every Bobcat finding the range, the San Angelo squad built up a 39-30 lead going into the fourth period.

And they held that lead with Steves, 6-3 center Bryan Barber and Phil Lane all socking in field goals to counteract goals by Black and Compton.

San Angelo scored 17 points that final period while the Wolves were scoring 14.

Barber led the Bobcats with 18 points, followed closely by Steves with 15.

Lane, the Bobcats' vaunted grid quarterback, shoved in eight points.

Compton, the all-around cage ace, led the Wolves with 16 points, dropping in 10 big free tosses.

Wolves' B-team lost a 53-38 affair to San Angelo's Bobkittens.

Jerry Treadwell with 13 and Raymond Weaver with 10 were tops for the little Wolves while Senter paced SA with 11.

COLORADO COUNTRY CLUB

Elects Directors

Five new directors have been elected to the board of Colorado Country Club.

Their election came Tuesday night at the club's annual sttockholders meeting.

In the new group of directors are Jimmy Maddox, W. R. (Jinks) Powell, Sam L. (Buzz) Majors Jr., Charles Root and Joe Bell.

Holdover directors on the club board are Ben R. Wilkinson, Billie D. Craig, Jeff Taylor, Dr. R. D. Bridgford and Max Caddell.

Completing terms as directors and leaving the board are V. T. (Vic) McCabe, Raymond Fuller, Ray Noble, J. Compton Pritchett and Willie Landau.

The directors will meet Tuesday night at the club for the purpose of electing officers, and re-organizing for 1957.

Wilkinson is president of the club and Dick Wistrand is secretary-treasurer.

PUBLIC NOTICE

Concerning the contract awarded Monday by the local City Council

1. John C. Harvey has adequate liability insurance on all construction jobs contracted to him.
2. John C. Harvey has adequate liability insurance because it is good business and because he is a reputable builder and, under the law, a builder must have adequate liability insurance protection.
3. John C. Harvey submitted a low bid Monday to City Council for a building contract and that proposal was backed by liability insurance and workmens compensation.
4. The data concerning the insurance coverage was not submitted by John C. Harvey in his bid for the plain reason that the City of Colorado City did not include the insurance coverage as part of the bid specifications.

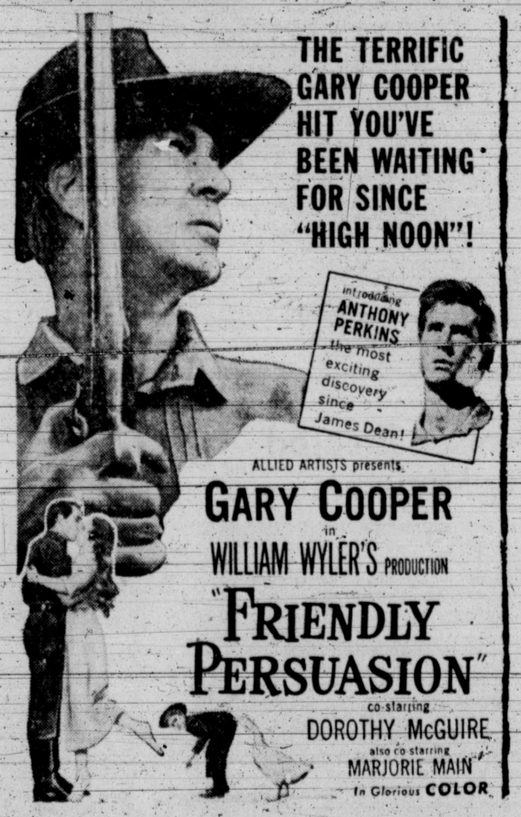

Persons desiring better building may check the following policies which cover John C. Harvey Construction Co.:

Manufacturers' and Contractors' Lability Policy (police No. MCL 20756 in 1956 and No. MCL 21188 in 1957) issued by American Indemnity Co. Also Workmens Compensation (policy No. 2U 779750) issued by Potomac Insurance Co.

The liability policy provides the following maximum benefits: Bodily Injury, $10,000, injury liability, $20,000; property damage (each accident), $5,000; damage liability, $25,000.
