COMMUNITY FESTIVAL WEEK OPENS MONDAY NIGHT WITH ANNUAL C. OF C. BANQUET

Junction Wins Melvin Battle Here Saturday

Melvin Aggregation Outplays Eagles in Last Half

Saturday afternoon the Junction Eagles won an unimpressive 9 to 0 victory from the Melvin High School Football team on the local gridiron.

In the first few minutes of the game, Junction marched the ball down the field to the goal line, and Harry Witt carried it across for a touchdown. Raymond James made a beautiful place kick for the extra point. In the second quarter the Eagles added two more points on a safety, and this ended the scoring for the afternoon.

In the last half, the Melvin lads clearly outplayed Junction and drove down within scoring distance two or three times. Junction made six first downs and Melvin made six. Four of the Eagle first downs were made in the first half, and Melvin made five of her six first downs in the second half.

Highway Department Allots \$14,499 For Work on Highway 27

Kimble County is among the twenty-three counties that was allotted aid in the meeting of the highway commission in Austin last week. It is reported that some of the dangerous dips on Highway 27 will be removed and that other improvements will be made. One of the greatest needs on the highway is the construction of a bridge across the North Llano at Roosevelt. Kimble County was allotted \$14,499 and Sutton County, \$16,472 for Highway 27.

The recent flood did considerable damage to the highway, but the department is repairing the highway as rapidly as possible and before many weeks will have them in good condition.

Election Will Be Held Next Tuesday

On page six of this issue of the Eagle will be found a sample ballot for the general election next Tuesday. It is quite different from the primary ballot. There are five columns and each column is for a different party. The first column is the Democratic ballot and all those desiring to vote this ticket will mark out the last four columns. The second is the Republican and all voting this ticket will mark out the first column and the last three. Those desiring to vote for any of the other tickets on the ballot will mark out all the columns except the one he is voting.

Voters should not overlook the five amendments at the bottom of the ballot. These amendments were printed in the Eagle some time ago and should receive the careful consideration of all voters.

ADDITIONAL FISH FOR KIMBLE COUNTY STREAMS

S. O. Durst, game warden, reports that 35,000 crappie were received from the San Angelo fish hatchery last week and were placed in the Llano. On the previous week 500 crappie and 20,000 bass and stream were placed in Kimble streams. These 55,500 fish will furnish an abundance of sport for the nimrods.

Approximately 200 are Present at Gala Affair

Opening with a bang and whoopee at the court house Monday evening, the Community Festival Week has been running at full speed and bids fair to have attained a wild speed by the close of the program tomorrow (Friday) evening when the results of the week will be recounted and the gifts presented to those eligible to receive them.

The court house was full from the beginning in spite of the rain the first two days. Preceding the lecture each evening interesting programs have been rendered by local talent, including community singing, reading and stunts. Space forbids attempting to give in detail the many interesting features during the week.

Captain Nusbaum is an experienced lecturer and has a storehouse of information that he has been giving out each evening. The subject this evening is "The Home and the Community." Friday evening he will discuss the "Building of a Real Community."

C. T. Holekamp and Sayres Farmer, with such assistance as they deemed necessary, planned the annual banquet which was served to the delight of almost 200. Barney Williams served the banquet. Caps of various shapes and sizes and variegated colors were presented as long as they lasted. Whistles of many kinds, sizes and volumes were used as plate favors. It was a gala evening and Captain Nusbaum says that in the 200 towns that he has visited in this kind of work that it was the most colorful beginning that he has witnessed.

The membership drive created much friendly rivalry and the results of this drive as well as the past achievements will be given at the final meeting Friday evening.

Merchants Will Give Valuable Prizes Friday

Everybody Has Chance to Win One or More of Prizes

Junction and Kimble County citizens will receive absolutely free at the court house Friday night, October 31, more than one hundred dollars worth of gifts. There are no strings to these gifts. You do not have to purchase anything to share in the distribution of them. The only condition is that you be present at the court house Friday night.

This is a part of the Community Festival Week that has brought more people together in Junction than any event since the June Jubilee. Good programs each evening have pleased the people and the climax will come tomorrow (Friday) night when these gifts will be presented absolutely free.

At the time this is written the following gifts have been offered. Others may be given before the distribution Friday night:

- Loeffler Motor Co.—Five gallons gas to four people.
- West Texas Utilities Co.—1 hot point electric iron and one electric percolator.
- Savage Market—Two pound roast.
- Junction Publishing Co.—One subscription to Junction Eagle.
- Heyman Drug Store—One box

(Continued on page 8)

V. P. Emmons Is Chief Speaker At P.-T. A. Meet

Large Crowd Present Despite Muddy and Rainy Weather

In spite of bad weather, approximately 52 were present at the regular monthly meeting of the Parent-Teachers Association which was held Monday afternoon at the high school auditorium.

Miss Inez Kelly was the program leader, and Mrs. Milton F. Hill led the community singing. Mrs. C. W. Atchison accompanied at the piano.

Members of the Fourth Grade recited the "Safety First Alphabet." V. P. Emmons made a safety talk which was interesting and instructive. He displayed safety devices used by the West Texas Utilities Co. for protection against high wires.

The book which is given as an attendance prize was won by the second grade. Mrs. Astor Wallace is the teacher of this grade.

Capt. C. S. Nusbaum made an instructive speech at the meeting.

Mrs. E. R. Borden was elected chairman of the room mothers. The following delegates were elected to the state convention which meets in San Angelo November 17-21:

Delegates—Mesdames C. T. Holekamp, C. W. McCarroll, E. R. Borden and Miss Austin Durst.

Alternates—Mesdames Clay Secrest, B. L. Smith, Walter Tinsley and Grady Kindrick.

LIONS HONOR LADIES WITH BIG BANQUET

Lions Club Quartet Makes First Public Appearance At Banquet

Fifty-four Lions and their wives and sweethearts were present at a banquet given Thursday evening at the Baptist Church in honor of the wives and sweethearts of the Junction Lions.

Lion B. L. Smith acted as master of ceremonies during the evening.

An interesting program was given during the evening. Short readings were given by B. L. Smith, Jr., Elizabeth Wright, and Edwina Lowgren. Goree Durst sang two short songs. Mrs. Olney Patterson also gave two readings. The youthful speakers were all pupils of Mrs. Patterson.

Among the guests at the banquet was Capt. C. S. Nusbaum. He made a short talk explaining the meaning of the Community Festival which is being held in Junction this week. The Lions have charge of the music and entertainment at the meetings each evening.

The Lions Quartet, composed of Kittrell Durst, Dr. H. E. Wright, Doc Farmer and M. B. Bethel sang some songs. This was the first appearance of the quartet, and the crowd enjoyed the music.

The next regular luncheon of the Lions Club will be at 12:15 noon, November 5.

London Lobos Defeat Burnet 18 to 7 Friday

By defeating the Burnet high school football team Friday afternoon on the Burnet gridiron, the London Lobos acquired their first conference victory. The London team will play Cherokee on the local field Friday afternoon. This is not a district game, however.

The Lobos are pointing to the game with Fredericksburg that will be played in Fredericksburg on November 7.

Junction is Host to Hill Country Bankers Association Saturday Night

DEMOCRATIC NOMINEE FOR GOVERNOR

ROSS STERLING

REPUBLICAN NOMINEE FOR GOVERNOR

W. E. TALBOT

Above are the pictures of Ross Sterling, Democratic nominee for Governor of Texas and W. E. Talbot, Republican nominee. Voters will go to the polls, Tuesday, November 4, to elect a governor and numerous state and county officials.

Hon. Coke R. Stevenson Delivered Welcome Address

Sixty-seven men and women were present at the Hill Country Bankers' Association at Kimble Courts Saturday evening at the first regular quarterly meeting since the organization was perfected in Kerrville in July after a preliminary meeting had been held in June in the same city. Mr. A. F. Burton, president of the association, presided. After a few preliminary remarks he introduced Hon. Coke R. Stevenson, who delivered the welcome address and acted as master of ceremonies during the evening.

John Q. Adams of Winters, president of the Texas Bankers' Association, brought a good message on banking conditions in general. During his talk, he stated that much is said about drouth relief, but that we must provide our own relief. The speaker stated that the good rains are the best relief possible. He said that something must be done with country banking. Eighty per cent of the bank failures are in the small town banks. They have permitted the overhead expenses to undermine their very foundation. Fair and equitable service charges must be made according to Mr. McAdams. By doing this, it was brought out that banks will be made safe for depositors.

J. W. Butler, vice-president of the U. S. Bank of Galveston, was the next speaker. His subject was "What is the Matter with Business." He pointed out that unemployment is our greatest menace but did not tell us how to put all the unemployed men to work. He consoled those present with the fact that the United States is the most prosperous nation and Texas is the most prosperous state. He told several interesting stories and his lecture was enjoyed.

Henry Hart of Houston and G. B. Davidson brought brief messages of greeting from San Antonio and Victoria, respectively.

In a round table discussion the subject of service charges for the various services rendered by the banks was discussed. The overhead expenses of banks have grown to such an extent that it is necessary for the banks to make charges for these services. Overdrafts, "hot checks", acknowledgments and other similar items are expensive to banks.

All bankers present agreed that their institutions should be able to pay dividends if they prosper and serve the community as they should.

Messrs. W. P. Riley and C. T. Holekamp, assisted by their employees and the directors of the bank made the evening pleasant for their guests. Kimble Courts served a fine banquet which was enjoyed by the 67 present.

Fredericksburg was selected as the place for the next meeting which will be held in January, 1931.

MILTON F. HILL IS PAID TRIBUTE BY ROTARIANS

At the Rotary luncheon today Coke R. Stevenson paid a worthy and deserved tribute to Milton F. Hill, who goes next week to Elgin as pastor of the Methodist Church after three years successful work here. This tribute was applauded loudly by every member and guest at the Rotary Club luncheon today.

V. P. Emmons, Guy C. Moses and C. S. Nusbaum made good talks.

The Junction Eagles are ready to MAR MENARD.

Menard Will Attempt to Break Old Junction Jinx Here Saturday

Yellow Jackets Have Never Won From Junction Eagles

Saturday will provide Menard another chance to break the old Junction Jinx, which has hovered over them since football became popular in the Hill Country. In the history of athletic relations between Junction and Menard, the Menard High School has never produced a football team which has defeated the Junction aggregation.

The closest that the Yellow Jackets have come to stinging the Eagles has been two tie games which were played in 1925 and in 1928. Menard is still smarting from a 58 to 0 defeat which they had forced on them last year by the powerful Eagle machine. And this score could have been larger had Coach Bowers wished to pile it higher.

The scene of the annual game is laid on the local field, but many of the actors have changed. Junction is perceptibly weaker this year than last while Menard has one of the strongest elevens which the school has ever produced. They have mowed down all district opposition which has been set before them, and now they are sleeping and dreaming of beating Junction. They want to break that old Junction Jinx.

Comparative scores don't give much enlightenment to the looming conflict. Scores for the Menard team this year are:

Menard 0	Brady 18
Menard 20	Eden 6
Menard 19	Edorado 12
Menard 0	London 6
Menard 6	Sonora 6
Menard 12	Ozona 0
Menard 6	Mevin 0

Junction's record for the season is:

Junction 13	Marfa 0
Junction 12	Del Rio 7
Junction 13	Sonora 0
Junction 19	Rocksprings 0
Junction 25	T. M. I. 0
Junction 9	Melvin 0

About the most consoling thing that Junction supporters can see in the above figures is that while Menard has been scored on in five of her seven games, the Junction lads have been scored on only once during the season. That speaks a cheerful note for the Junction defense.

A record crowd is expected at the game Saturday.

Mr. W. P. Riley had as his guest over the week-end, Mr. J. W. Butler of Galveston.

Milton F. Hill To Preach Last Sermon Sunday

Will Leave Junction to go to Pastorate at Elgin

Rev. Milton F. Hill returned Monday from Harlingen where he attended the West Texas Conference. Brother Hill has many friends in Junction and Kimble County who will regret to learn that he was transferred to Elgin. He has been pastor here for three years and has done a wonderful work and has many friends among all the churches who regret to see him leave.

Brother Hill's three years in Junction have been full of achievements. The erection of the \$21,000 brick church building is an outstanding accomplishment. Bishop Hay said that it is one of the most beautiful buildings in the state. The parsonage has been improved by the addition of a sleeping porch and the installation of bathroom fixtures. Brother and Mrs. Hill acknowledge the gift of a new Ford car, a beautiful set of dishes and other useful gifts.

The spiritual life of the church has been built up. A

(Continued on page 8)

Membership Drive For C. of C. Creates Friendly Rivalry

Considerable friendly rivalry has been displayed this week by the Reds and Blues in the membership drive in the chamber of Commerce under the direction of Captain C. S. Nusbaum, who is leading the Community Festival Week. V. P. Emmons is captain of the Blues and Guy C. Moses is leading the Reds. A show window at Craven's Pharmacy representing a battle between the Reds and the Blues has attracted many people and created much favorable comment.

The contest will close at the meeting at the court house Friday evening. A large crowd is expected to see the last demonstrations of friendly rivalry and hear the results of the drive.

Junction Trade Notes

(By G. G. Co.)

Thursday, October 23: No game; rain.

While practically all Texas has received abundant rains, according to newspaper reports, the drought continues generally from the Rockies to the Appalachians. . . In Junction territory there is considerable movement of lambs, goats and calves, according to Jim Carpenter, local commission man; the stock changing hands at satisfactory prices. . . Paterson-Rieck ranch has sold 1,500 mutton lambs and steer calves from the ranch to Vernon Powell, the stock to be placed in feed lots at Center Point. . . Ridenhower Bros., W. H. Cavaness and Isaac Self have sold yearling and two-year-old weather goats, to be moved to the Mountain Home section. . . In the San Angelo country, according to newspaper reports, there is active demand for ewe lambs at \$3 to \$3.50.

In stock this week: Seed Wheat, Barley and Oats. Gann Grocery Company, Mandeville King flower seeds. The assortment is complete, with four new varieties—a new Zinnia, a pink Petunia, a new Morning Glory, the latest Gypsophila.

Mrs. Hal Holland has moved in from the ranch for the school advantages. . . Judge Roy King will move in from the ranch in a short time and will occupy the Mrs. H. D. Taylor home on East Side. . . Mr. and Mrs. A. P. Urban will move this week to the Bardone residence recently vacated by the John Munnis. . . Ranchman E. G. Hill will be able to put on his boots and leave the Standifer Hospital this week-end.

W. M. Oliver has leased a range in the Big Bend country south of Marathon and is now arranging to move his stock, sheep, goats and cattle, to that section. . . Pierce Hoggett and the Hazelwoods recently negotiated a deal by which Pierce acquires the Hazelwood property in Junction and the Hazelwoods become owners of a tract of grazing land in the vicinity of Sycamore.

New-pack Pork and Beans, Black-eye Peas, Red Beans, Kidney Beans, 10 cents can; assorted \$1.10 dozen. Dollars are now bigger than they were a year or so ago, because of their greater purchasing power. Groceries, clothing, furniture and many other household necessities are 10 to 30% cheaper than they were a year ago.

Gann Grocery Company
"Everybody's Store."

Elections are at times much like South American revolutions; not so very dangerous nor inconvenient to the leaders but mighty fatal to bystanders.

Plant Small Grain Now!

That good rain we have been looking for has come and the ground has sufficient moisture to plant any and all seasonable grain. Wheat, Oats, Rye and Barley planted now will furnish pasture before many weeks. The short range makes it imperative that small grain be planted to supplement the range this winter.

Land that will be planted to other crops in the spring should be planted in rye which makes a fine winter cover crop and turned under in the spring makes good fertilizer.

County Agent R. E. Homann will be glad to confer with our farmers and ranchmen about the best grains to sow in Kimble County and the amount to sow per acre.

Yellow Jackets Have Never Won
From Junction
Eagles

Saturday will provide Menard another chance to break the old Junction Jinx, which has hovered over them since football became popular in the Hill Country. In the history of athletic relations between Junction and Menard, the Menard High School has never produced a football team which has defeated the Junction aggregation.

The closest that the Yellow Jackets have come to stinging the Eagles has been two tie games which were played in 1925 and in 1928. Menard is still smarting from a 58 to 0 defeat which they had forced on them last year by the powerful Eagle machine. And this score could have been larger had Coach Bowers wished to pile it higher.

The scene of the annual game is laid on the local field, but many of the actors have changed. Junction is perceptibly weaker this year than last, while Menard has one of the strongest eleven which the school has ever produced. They have mowed down all district opposition which has been set before them, and now they are sleeping and dreaming of beating Junction. They want to break that old Junction Jinx.

Comparative scores don't give much enlightenment to the looming conflict. Scores for the Menard team this year are:

Menard 0 Brady 18
Menard 20 Eden 6
Menard 19 Edorado 12
Menard 0 London 6
Menard 6 Sonora 6
Menard 12 Ozona 0
Menard 6 Mevin 0

Junction's record for the season is:
Junction 13 Marfa 0
Junction 12 Del Rio 7
Junction 13 Sonora 0
Junction 19 Rocksprings 0
Junction 25 T. M. I. 0
Junction 9 Melvin 0

About the most consoling thing that Junction supporters can see in the above figures is that while Menard has been scored on in five of her seven games, the Junction lads have been scored on only once during the season. That speaks a cheerful note for the Junction defense.

A record crowd is expected at the game Saturday.

Mr. W. P. Riley had as his guest over the week-end, Mr. J. W. Butler of Galveston.

Milton F. Hill To Preach Last Sermon Sunday

Will Leave Junction to go to
Pastorate at
Elgin

Rev. Milton F. Hill returned Monday from Harlingen where he attended the West Texas Conference. Brother Hill has many friends in Junction and Kimble County who will regret to learn that he was transferred to Elgin. He has been pastor here for three years and has done a wonderful work and has many friends among all the churches who regret to see him leave.

Brother Hill's three years in Junction have been full of achievements. The erection of the \$21,000 brick church building is an outstanding accomplishment. Bishop Hay said that it is one of the most beautiful buildings in the state. The parsonage has been improved by the addition of a sleeping porch and the installation of bathroom fixtures. Brother and Mrs. Hill acknowledge the gift of a new Ford car, a beautiful set of dishes and other useful gifts.

The spiritual life of the church has been built up. A

(Continued on page 8)

Membership Drive For C. of C. Creates Friendly Rivalry

Considerable friendly rivalry has been displayed this week by the Reds and Blues in the membership drive in the chamber of Commerce under the direction of Captain C. S. Nusbaum, who is leading the Community Festival Week. V. P. Emmons is captain of the Blues and Guy C. Moses is leading the Reds. A show window at Craven's Pharmacy representing a battle between the Reds and the Blues has attracted many people and created much favorable comment.

The contest will close at the meeting at the court house Friday evening. A large crowd is expected to see the last demonstrations of friendly rivalry and hear the results of the drive.

MAR MENARD

Football Edition

Eagles Beat Melvin Team Here Saturday

Last Saturday afternoon the Junction Eagles played Melvin to a 9 to 0 score, which added another game to those won by the Eagles.

The Eagles broke in the first quarter with end runs and passes and scored during the first five minutes of play. The extra point was made by place kick. The second quarter ended without a score.

The Eagles kicked to Melvin and Junction recovered the ball across the goal line for a safety. This ended the scoring for the afternoon.

The Eagles have been practicing for two months. When they went into camp August 25, their ambition was to beat Menard.

Coach Bowers is going to lock the door on every Eagle player Friday night to keep him in. Then Saturday afternoon he is going to turn them loose on the Menard team and let them have their Hallowe'en celebration.

Sophomores Given Hallowe'en Party

The Sophomores were entertained with a Hallowe'en Party Saturday night by their room mothers, Mrs. T. E. Shepard and Mrs. Chris Schraub, at the residence of Mrs. Schraub. The home was gaily decorated with various kinds of Hallowe'en decorations. When the sponsor, Mrs. Joe Felps, came in, all the Sophomores stood up and gave 15 rahs for their sponsor.

Many games were played during the evening. A prize was awarded Arthur Hensley for throwing the most apples thru the horseshoe. Joe Roberts and Reagan Lister chose sides for the football game. Joe's side won.

There was a gypsy fortune teller in the cellar, and each guest had to have his fortune told. A spook, which was standing near the cellar door, rubbed his hands over each guest's face.

Delicious refreshments consisting of chicken sandwiches, cake and hot chocolate were served to the guests.

The Sophomore Class is going to help the Eagles MAR MENARD Saturday.

Player Predicts Win For Eagles Saturday

(By Blake Chenault) According to all dope, Junction should beat Menard. We have to our credit six games, having been scored on one time. Menard has played six games winning only three and tying one.

Although Junction is not as heavy as Menard, we are going to try to play well enough to make up the difference in weight. Junction's line averages 154 pounds; backfield 135. Menard's line average is 168 pounds; backfield, 157.

Virgil Jordan played guard during the first part of training. He now plays half-back. This is his first year to play but he has already made the first team.

Reagan Lister visited Joe Roberts at the ranch Friday.

Capt. C. S. Nusbaum Addresses Students

The school was honored by a visit from Captain C. S. Nusbaum, the community builder. Monday morning, Captain Nusbaum is in charge of the Community week program and will do all in his power to make this a better community in which to live.

The three things which he pointed out as being essential to success are: Cleanliness, honesty and loyalty.

He emphasized the necessity of being clean not only in body but also in mind. If a person's thoughts are clean, his actions will be clean.

According to Capt. Nusbaum, honesty is not the best policy, but the only policy.

Most people, although they are loyal to the organization to which they belong, are not loyal to themselves as individuals. After a person convinces himself that he is right, it is his duty to adhere to that belief.

Judging from comments of the students, the talk was enjoyed by all and some serious thinking has been done by those who heard the Captain speak.

English Class Given Two Lessons Daily

The eleventh grade English class has been having two recitation periods a day. It has one lesson from 9 to 9:45 a. m. and another from 3:30 to 4 p. m.

Mrs. Felps stated that she was pleased with the work this class is doing, and with the work that it has accomplished thus far. She also stated that the class as a whole is making a better record than the eleventh grade classes have heretofore made.

This class is going to help the football boys make a good record when they MAR MENARD.

Pep Squad Members Perform Saturday

Last Saturday when the Junction Eagles met the Melvin Mules on the Junction field the Pep Squad was yelling for the Eagles. When the Eagles came out on the field, the pep squad stood up and gave 15 rahs for the Eagles.

At the Hall, the girls marched out on the field where they formed a "J".

The girls are now practicing for the Menard game. They are determined to see those Yellow Jackets go home defeated. Let everyone be out yelling for the Eagles till the last whistle is blown.

PRACTICE FIRE DRILL

Tuesday afternoon, October 21, the students were suddenly called into action by the fire alarm. At the sound of the bell, the students immediately left their rooms and marched outside. As the result of practice in fire drills during the past years, the students left the building quickly and orderly. Junction hopes to MAR MENARD quickly and orderly Saturday.

Thirty-two boys are out for the football team this year. Mar Menard.

Junction Has Lost Only Three Games In Past Three Years

Coach Bowers has coached the football team for the past three years. During this time he has lost only three games. Two of these were lost the first year and one last year. He has the respect and loyalty of not only the football team but the entire school.

Lawson Johnson is captain of the team. He plays right half. Since experience is the best teacher, Hot knows what to do and when to do it. He's a blonde. Harry Witt plays full back. He entered school here last year having attended school in Houston before coming here. Harry is reporter for the Junior Class. He shows the same pep in writing reports that he does on the football field. True to form as usual, he's a blonde.

Gordon King plays quarterback. This is his second year to play. Last year he played half back. He is enrolled in three classes. These are: the class of Contentment, the Senior Class and the class of Blondes.

We sometimes think that Gerald Ragland should be put back in the sixth grade, so he could join the club of Willing Workers. Gerald plays left half and is always willing to do his part. He is truly a willing worker. Needless to say, he's a blonde.

Wilbur is the "light weight" of the team. He only weighs 160 pounds and 6 ounces. "Nig" is sports editor of the high school paper and is vice-president of the Journalism Club. He knows how to speak the football language and keeps the football news in the spotlight. He has an individuality which is all his own, and he's a brunette. If gentlemen prefer blondes do ladies prefer brunettes.

T. M. is a "short" and dumpy little fellow. Although he has only two feet, he is nearly six feet tall. He plays right guard. He has large blue eyes and dark skin and light hair.

Although Pat is a new one in the Junction High School he has what it takes to make the team. He enters the game with a dimple in each cheek which makes the others feel the confidence in him that he feels for himself.

Aubrey Winkel plays left tackle. This is his second year to attend Junction High. He joined the team last year and has been an asset to the team. He's a curly-haired blonde with 168 pounds of grit and determination to his credit.

Sherman Hendricks works when he works and plays when he plays, and also sleeps both night and day.

If anyone abides by the rules and puts forth all his effort to win a game, he's bound to come out all right.

Leonard Dunbar is another brunette. Brunettes seem to be few and far between on the team this year. "Dunny" is possessed with remarkable talent for writing in addition to his knack for playing football.

Raymond James plays quarter back. He has a cute little finger wave, has light hair and blue eyes. It is indeed hard to determine whether he is another blonde. "Buckshot" is a living example that it does not take a heavy weight to pour it on 'em.

J. B. Dunbar could be added to the blonde list if his hair was changed from brown to red, his eyes from blue to green, and a bleaching agent employed. Even if his eyes are blue, they can see clear through a football game.

Blake Chenault plays tackle. He tackles the thing that cannot be done and he does it. He is a disappointed blonde. He is secretary of the Journalism Club.

School was necessarily suspended last Friday, because of the cold weather and the lack of heat in the school building. The heating system has been repaired, and the building is now well heated.

Elsie Martin visited in Menard Friday.

FOOTBALL PLAYERS COMMENT ON GAME

The following comments will show how the football boys feel about the game Saturday.

T. M.—If determination has anything to do with it, we'll MAR MENARD November 1.

Gordon—"I have been looking forward to the Menard game as the hardest game that we will play and would rather win it than any of the others."

J. B.—"I have been thinking whether or not the boys on the football team are waiting to win the Menard game as bad as I am. I'm going to do my part."

Leonard—"Menard is rated as a strong district championship contender, but after Saturday it will be rated with the rest of the bunch that has been beaten."

Gerald—"We have been training hard for Menard all year and we're going to beat them or know the reason why."

Raymond F.—"We have been training hard for Menard and we are going to beat them."

Raymond S.—"We have been looking forward to the Menard game for quite a while, and Saturday is the day when Menard goes home defeated."

Sherman—"I've been training hard all season, and I'm going to hit them hard November 1."

Reserve Player Says Game Will be Tough

(By Arthur Stockton) On Saturday, November 1, the Junction Eagles and the Menard Yellow Jackets will meet on the Junction Field.

From heresy, this will be the toughest and hardest game that the Eagles will play this season. This will be the third conference game of the season and if the Eagles intend to win, they will have to fight hard. The Pep Squad is behind them and will be at the game with plenty of pep. Also the reserves will be prepared to take the places of their fellow football players if for any reason, they are called from the field. We hope that if any boy of the reserve team is sent into the game that he will not hinder the first team in any way, because it is going to take all the fight that the Eagles have to win.

Patronize Kimble Co. Merchants

Menard Has Never Defeated Junction

(By James Hodges) In 1929 the Eagles were in Menard 100 per cent. The game was called at 3 o'clock and the Eagles took the Yellow Jackets down 58 to 0.

In 1928 the score was different. The Eagles and Yellow Jackets played a scoreless tie.

There was one game in 1927 and Menard claimed to have the best team in the history of the school. They said they could have beaten Junction in 1927 but there was no game.

In 1926 there was a hard fought game in which Junction won 6 to 0.

In 1925 there were two games played. In Menard, the Eagles were tied, 0 to 0, but in Junction the Eagles won 13 to 0.

The game Saturday is expected to be a real one, as both teams are strong. Menard has never beaten Junction, so the Eagles of 1930 are determined to hold this record. They are not afraid of Menard's cry of "Skunk Junction."

MAR MENARD

(By Betty Kropff) MAR MENARD. That is becoming the by-word of Junction High School. It is seen on all Junction cars and even the "Old Folks at Home" are beginning to realize that the high school ambition at present is to MAR MENARD.

Of course marring Menard may be a comparatively easy task, but it probably will not be. The students with their usual zest for putting things over with flying colors, will be there. Maybe the boys can win the game by themselves, but in case they need any assistance in any way of backing, there will be plenty of it on the sidelines simply aching to help.

It was the enthusiasm of the people of the town and school that put things across with flying colors last year. Everyone plans to do the same thing again this year. If backing and plenty of enthusiasm are what it takes, the students and the town people, knowing what is expected of them, and doing their best to help next Saturday will MAR MENARD.

Miss Owens went the week end with Mrs. W. L. Cooper of London.

V. A. Class Attends Terracing Program

Monday the V. A. Boys went down to Tate Jarvis's place to attend the terracing school. The boys learned many useful things about terracing.

It rained all day and the ground was wet; so the boys did not use the drag which they built. There was a good crowd there, although many had been scared off by the rain.

Good talks were made by several of the men there.

TRAINING FOR MENARD

(By T. M. Tomberlin) Under the supervision of our coach, Mr. Earl Bowers, we have been training for the last eleven weeks for the coming game with Menard.

We have played the following games: Marfa, Del Rio, Sonora, Rocksprings, T. M. I., of San Antonio and Melvin. The Eagles have not been defeated.

The students of the high school are behind us. The business men are with us; and when we go out there on the field Saturday we are going to have more fight and pep than Menard has ever had.

The Menard team is a strong bunch but it has been beaten by Brady and London and tied Sonora Saturday 6 to 6.

The Eagles of this year are determined to uphold the record that was set by the strong eleven last year. We are determined to have the district championship again this year. We must MAR MENARD for District Championship of 1930.

EL CLUB ESPANOL

En el 28 de Octubre se organizo el club espanol. Los siguientes funcionarios fueron elegidos: el presidente—la senorita Hensley; el vice-presidente, la senorita Simon, y la secretaria, la senorita Couey.

Country Correspondence

LONDON LOCALS

Mr. Claude E. Weaver attended the Dallas Fair, and states that he saw exhibits from every county surrounding Kimble. This should not be the case. Kimble County could easily compete with her neighbors and as for that with the entire state along some lines. The Dallas Fair is an institution that attracts attention from a large section and a good display of Kimble County products would give us advertising, especially if we would make it clear that they just grow without much effort. Claude says that he had a real pleasant time the several days he attended.

It is with sorrow that we mention the fact that the London Graphic has suspended publication. It was a clean sheet and contended for law and order and held to the higher ideals. We regret to lose the Graphic. We regret more to lose the Swinney family. These good people would be an asset to any community. They are clean-minded Christians standing with firmness for what they believe to be right. Mr. W. C. Swinney took a lively interest in the welfare of our community while here and we will miss his work and advice. It is too bad that our little town was not able to support the London Graphic, however, such was the case.

Miss Faye McKinney was in from the farm Friday.

The Dry Goods Store of E. F. Amoy closed last week, he having sold his entire stock to a Llano man who moved it to that town. We haven't learned what his future intentions are.

Mr. L. W. Puckett moved last week to the Amberson place south of town. Mr. Edwin Ellebracht moved into the Ellis home vacated by Mr. Puckett.

Mr. R. C. McCollum and son, Frank of Alpine, were guests in the E. H. Kothmann home Friday and Saturday nights, returning to their home Sunday. These gentlemen were here on business. Mr. R. C. McCollum was formerly a leading business man of London. He is now a prosperous ranchman near Alpine. Frank was a fine little boy when they left London, and is now in a good business in Alpine. These good people always meet a hearty welcome at London.

Our football team won another victory Friday over Burnet at Burnet. This was their first league game and they won 18 to 7. We are all proud of their fine record and we all rejoice when they win a game. Their next game will be with Cherokee Friday, October 31 on the London Gridiron. Of course find their home grid with honors. Come see the game.

Mr. Ed Massey left Sunday for his return trip to California. It seems that when one gets the taste of the California fruit, he just naturally can't stay away. Just like it is when one gets thoroughly soaked in the Llano River water and the scenic beauty of Kimble County he has an unquenchable desire to return. When one gets both these desires it keeps him on the road between the two goals and there is not much chance to accumulate much real value from either.

W. M. Nelson, M. C. Reese, L. M. Watson, G. W. Hardesty, Sam Hunter and E. W. Brewer were the old-timers to be seen on our streets Saturday. These men are all wonderful characters; they have all witnessed the change of this country from a wild and woolly west to a strictly law abiding, peaceful, prosperous people, where schools and churches are revered as they should be.

The fine rains continue to fall. While this is being written Monday morning a slow rain is falling. The small grain which is possibly the largest acreage ever sown in this section is looking fine. There are others yet who will sow the seed. Pasture land is greatly benefitted by the rains and live stock is doing better.

We rejoice to note the better financial conditions prevailing over the entire country. Many thousands of unemployed are being put to work at good

wages and full time. Others will be employed in the near future and the writer agrees with the editorials in the Star-Telegram that this is the time to expand road work and employ just as many men as possible in the State of Texas. We need the roads and they need the wages.

ROOSEVELT ROUND UPS

School is progressing nicely and everyone seems to be well pleased with the examination grades.

Miss Joe Hart, the Roosevelt primary teacher, spent the week end at the Ragsdale home.

Mr. E. G. Alexander was a Junction visitor Saturday.

Mr. and Mrs. Bay of Roosevelt were Junction visitors Saturday.

Mr. and Mrs. Richard Grosenbacher and Mr. and Mrs. Harry Thiers were Friday visitors at the Ben F. Simon home at Camp Buck Hollow.

The Roosevelt Literary Society will have its meeting October 31.

Estes Smith and Arch Surber are moving Henry Leifeste's goats to Florence.

Burl Fisher and Wilburn Gardner were Junction visitors Saturday.

Commissioner J. F. Ragsdale has been working on the County road two miles above Roosevelt.

Mr. Harry Thiers says croquet playing will open up since he has come back.

Mr. Alfred Thiers has been shearing sheep for the past week.

Mr. Philip Luthringer was at home Sunday.

Mr. W. Wolf, the Lutheran preacher, filled his appointment here Sunday.

Mr. A. F. Flegge is painting his filling station.

Mr. Burl Fisher is working on the Menard road.

As we all understand, Mr. Ernest Cunningham is opening the Surber Garage in a few days.

IVY ECHOES

And still it rains! rains! and rains! Although we are kept inside today (Monday) on account of the rain, we are not grumbling, for haven't we been wanting rain for months. Ivy says, "Let it come."

Let's see one is looking forward to the comic and vaudeville Friday and the Halloween Party Friday night at the home of Mr. and Mrs. W. F. Maass.

Bonnie Ray Ambersen was absent from school Friday on account of her sprained ankle.

Mr. and Mrs. Louie Grobe and small daughter, Ruth, spent the week-end in San Antonio visiting their daughter, Mrs. Wallace Browning.

The primary pupils are quite interested this week in making Halloween posters and decorations for their room.

Bonnie Ray Ambersen spent Saturday night with Mrs. Bill Ivy at London.

Ola Walker was absent from school Monday.

Mr. and Mrs. Albert Smitherman, Mrs. Sam Ivy, Mr. and Mrs. Ernest Copeland and Mrs. Herbst visited at the home of Mr. and Mrs. Jessie Smitherman Sunday.

Mr. and Mrs. Ray Ambersen and daughter, Bonnie Ray, visited at the home of Mr. Ambersen's parents, Mr. and Mrs. R. T. Ambersen, Sunday.

Mrs. John Spruell of Phoenix, Arizona is visiting her parents, Mr. and Mrs. R. T. Ambersen of London.

We enrolled two new pupils in the primary room which increases the number in this room to 16. The new pupils are Thurman and Tiny Rector. The Rector family are employed at the Maass ranch.

"What Would Happen if"— Cecil had straight hair. Bonnie Ray wore hose to school.

Susie was right handed. It didn't rain each week. Elmer failed to wear boots. Eddie didn't have pecans. Marvin drove a Packard to school.

Lester Land should frown. Elvis should head the line at the door. Bennie failed to make a

Next To Home And Business Comes The Car

Aside from their home and their business, an automobile represents the largest single investment made by most people. It is pointed out by the Motor Equipment Association, which is sponsoring the "Care Will Save Your Car" movement. This movement which is built around a program of preventive maintenance, is represented locally by the Junction Battery and Electric Garage, Leonard F. Cowser, manager.

"In spite of the fact that their cars represent such an important investment to practically all drivers," said Mr. Cowser, "Less is done to protect and conserve that investment in most cases than in any other instance."

"An owner's investment in an automobile can be protected at no inconvenience to himself, through our plan of periodic inspection. Under this plan the expensive results of neglected wear and tear can be reduced greatly by making the necessary adjustments, replacements and repairs before they result in conditions that are costly to correct."

Mr. Cowser invites auto owners to bring in their cars for an inspection as the recent rain has been hard on cars. At the beginning of the winter season the battery especially needs an inspection. Drive into the Junction Battery and Electric Garage today.

Mr. Harry Thiers says croquet playing will open up since he has come back.

Mr. Alfred Thiers has been shearing sheep for the past week.

Mr. Philip Luthringer was at home Sunday.

Mr. W. Wolf, the Lutheran preacher, filled his appointment here Sunday.

Mr. A. F. Flegge is painting his filling station.

Mr. Burl Fisher is working on the Menard road.

As we all understand, Mr. Ernest Cunningham is opening the Surber Garage in a few days.

BUSINESS SCHOLARSHIP

If you are planning to attend a business college soon, ask about the scholarship for sale by the Junction Eagle good in the Byrne business colleges in San Antonio, Houston or Dallas.

For Sale or Trade—Two 320-A tracts, well improved, 9 miles above Roosevelt. Will take sheep or goats at right price.

Lawyer
Will practice in all State and U. S. Courts
Office—West side Court House square

"Is Fair Play Passing" Game Officials Ask

Is the spirit of fair play and true sportsmanship passing with the old-time hunter and fisherman? Is a desire to protect and restore wild bird, animal and fish life instinctive, or should one expect to find it only in a generation raised from childhood in an atmosphere of the out-of-doors? These are a few of the questions "Old Timers" and educators are asking.

Violations of game laws are increasing, according to reports received from many state game departments by officials of the American Game Protective Association.

Numerous arrests are made and heavy fines are imposed for shooting quail, deer, turkey and other game species out of season. Many hunters take more game in season than they are allowed. Many persons hunt at night with searchlight or torch—all of this is illegal. As well as unfair, it is illegal.

Large seine nets are used illegally to make huge catches of fish. Some anglers poach on waters that are closed in order to give some species a chance to increase. Numerous fishermen take undersized fish that should be put back into the water until they have reached maturity.

Such practices are not only illegal but they are unsportsmanlike. Game laws have been passed during recent years to protect the wildlife of this nation. The closed season is one way to restore game by protecting it.

Fire is responsible for a direct money loss of about \$500,000,000 a year. We all pay for this whether we individually have a fire or not.

CRADLE ROLL PARTY OF METHODIST CHURCH

Mesdames Clay Secrest and Annie Highsmith were joint hostesses Tuesday afternoon to the members of the Cradle Roll Department of the Methodist Church and their mothers, at Mrs. Secrest's residence.

The feature of the afternoon was the teaching of a lesson to the wee folk by their teacher, Mrs. Secrest. This was done to illustrate to the mothers the work done at Sunday School.

Mrs. Ada Dockery, superintendent of the cradle roll department, gave an interesting talk on the relation of the Cradle Roll Department to the Church. Readings by Barbara Secrest and Elizabeth Wright were enjoyed.

Animal cookies and hot chocolate were served to the little folk, while the older guests enjoyed cake and hot chocolate.

Those present were Katherine Stapp, Elizabeth and Margaret Ann Wright, Joanna Smith Patsy Moses, Leola Mae and Delphine Allen, Patricia Patterson, Rosemary and Barbara Secrest, Adrienne Loeffler, Cecil Martin and Teddy Hokekamp, Horace Weldon Rankin, James Smith, Don Jordan, and Mesdames C. T. Hokekamp, L. Stapp, Omer Wright, J. C. Rankin, J. Rankin, W. Allen, Olney Patterson, Ada Dockery, O. Z. Jones, B. L. Smith, A. W. Loeffler and the hostesses.

BIRTHDAY PARTY

Everybody is invited on Friday, October 31st to the Baptist Church from 3 p. m. to 6 p. m. to a Buckner Orphan's Home Birthday Party.

An interesting program will begin promptly at 3 o'clock; refreshments will be served, and a general good time promised.

Come and enjoy the social hour and don't forget to bring your gift for the orphan children so dear to the heart of us all, and dearer still to the Master who said, "Inasmuch as ye did it unto one of the least of these, ye did it unto me."

BIRTHDAY PARTY

Mrs. Troy Culwell honored little Mary Ellen Fox, with a birthday party, at her residence at Coperas Saturday afternoon.

Various games were enjoyed until the guests were invited to the dining room where they lit the six pink candles which topped the white birthday cake, while wishes were made for the happiness of the little honoree.

The table was beautifully decorated in pink and white. Fruit punch was served with the cake and much merriment was aroused when the cake yielded its fortune favors. Many useful gifts were presented to Mary Ellen.

Aubrey Simon, Frank Emery, Bettie Jo and Tommie Hodges, K. and Mary Katherine Cowser, Omer and Dorothy Culwell, Frank Robert, Odean, Clara and Maybell Fox, Jr., and Amie Probst, Miss Roberts and Mrs. Emery, Mrs. Chas. Fox, Mrs. Thomas Hodges and the hostesses united in wishing the little honoree many happy returns of the day.

Go to Church Sunday.

Society

MRS. H. G. HUBERT HOSTESS TO AFTERNOON CLUB

The members of the Ladies Afternoon Card Club and a few friends were complimented Friday afternoon, by Mrs. H. G. Hubert at her residence.

A green glass salad set rewarded Mrs. Vashti Taylor for her skill in playing bridge. Mrs. C. W. Atchison won the guest prize, a decorated tea pot.

Chicken salad, wafers, potato chips, olives, sandwiches, mints, coffee and puddings were enjoyed at the close of the afternoon.

Those enjoying Mrs. Hubert's hospitality were Misses Flora Mae Spiller, Marie Farris, and Mesdames Lucy Motley Clay Secrest, Omer Wright, Victor Hardeman, S. S. Bundy, W. P. Riley, James Prentice, E. Hokekamp, A. L. Mudge, H. W. Rieck, Sam Woodward, Joe Fritz, R. H. Spiller, C. W. Atchison and H. D. Taylor.

MISS MARY HUBERT IS HOSTESS TO FRIENDS

Miss Mary Hubert entertained a number of friends Friday evening, at the residence of her parents, Mr. and Mrs. H. G. Hubert.

After a series of bridge games, the first prize, a set of rose salad plates, was awarded Mrs. Rowland Martin. Mrs. A. S. Rieck received the cut prize, a double pack of cards bearing modernistic decorations.

A delicious salad course was served to Misses Eloise Hardeman, Mary Ellis Blackburn, Kaleta Taylor, Josephine Urban, Blix Hankins, Mary Martin, and Mesdames P. Joseph, A. S. Rieck, U. D. Kindrick, L. E. Standifer, V. P. Emmons, Guy Wynne, Aubrey Hill, Dorothy Westmoreland, Mattie Patterson, Frank Patterson, Raymond Allen, L. D. Borden, Ed Allen, Watt Turner Rowland Martin, Weldon Williams, Vann Martin, Slaton Fleming, Irvin Jarvis, Rudolph Tatum, H. G. Hubert, Mr. Walter Chadwell and the hostess.

YOUNG PEOPLE ENJOY HALLOWEEN STUNTS

A happy occasion was the entertainment given for the young people of the Methodist Church Friday evening.

The guests met at the residence of Mr. and Mrs. E. R.

Borden and to their delight they were sent on a treasure hunt. They were bidden to watch the telephone poles on which black and orange ribbons were tied. Here were found envelopes that bore further directions for the chase. The hunt ended at a vacant house near the Methodist Church. Miss Inez Kelly and Mr. John D. Hickerson led the opposing sides during the evening.

Hilarious Halloween stunts and ghost stories provided the amusement for the young people.

A weiner roast brought the pleasant occasion to a close.

Those present were Misses Nellie Bennett, Katy Wilson, Ellene Nowly, Marie Sheppard, Lucille Williams, Juanita Cowser, Mae Delle Lowry, Mildred Defreest, Louise King, Paralee Linn, Benita Barnes, Lela McDonald, Norma Taylor, Vernelle Tinsley, Katherine Hodges, Eleanor Highsmith, Vivienne Livingston, Katherine Johnson, Catherine Randolph Inez Kelly, Veola Wahl, Sarah Schneider, Ella Annis Henderson, Grace Hill, Harrie Ethel Hubbell, Elsie Martin, Stella Bissett, Ruth Rankin, and Messrs Bennett Kindrick, James Hodges, Harold Defreest, John D. Hickerson, Warren Braley, Clint Barnes, John Liverman, Raymond Schneider, and Mesdames Anna Bomba and S. P. Kindrick and Mr. and Mrs. Jake Rankin.

Sunday at Our Churches

Presbyterian Services Will be Conducted In Episcopal Church

OUR INVITATION—To you who would worship God, our Father; to you who would serve mankind, our brothers; to you who yearn for greater strength; to you who seek a broader vision; to you who desire forgiveness from sin, comfort in sorrow, victory over failure, and joy in living, in the name of Jesus Christ, our Saviour and Friend, we extend our cordial INVITATION.

Sunday School will meet at ten o'clock. There will be morning worship at eleven o'clock and evening worship at 7:30 o'clock.

GOOD BYE

On behalf of my family and myself, I take this opportunity to say a personal word. The three years we have spent in Junction have been most delightful, and it would be impossible to express our appreciation for the great multitude of courtesies that have been shown us during our stay here, and for the fine spirit of friendship that has inspired them. We take leave of Junction and its people with real regret, but while we leave friends, we hope to carry their friendship with us. That God's richest blessings may be visited upon this community and people is our sincere wish.

Milton F. Hill

SERVICES TO BE HELD AT SEGOVIA SUNDAY

There will be a church service at the Segovia schoolhouse next Sunday (November 2) at three o'clock in the afternoon. Mr. G. W. Crofoot, pastor of the Presbyterian Church at Junction, will preach. Every one is cordially invited to attend.

METHODIST CHURCH NOTES

Sunday School will meet at 10 a. m. Let every teacher and pupil be present.

The morning service will begin at 11 o'clock. Rev. Milton F. Hill, retiring pastor, will preach at this service. In the evening the congregation will unite in the union service to be held.

Epworth League will meet at 6:30. A fine interesting service for young people.

The Mission Study Class being conducted by the ladies of the church will meet Friday, October 31 in the church. Miss Nellie Bennett is teacher of this class, and the study has been interesting and profitable.

Rev. Bolton Boone, the incoming pastor, will arrive next week and begin his work. For several years he has been conference secretary of the Epworth League and has been successful in this important work. He comes well equipped for his service here.

CHURCH OF CHRIST

As I expect to be away over Sunday I am calling in the

preaching for both morning and evening hour. The Bible classes will meet as usual at 10 a. m. and the Communion service at 10:45 a. m.

B. Y. P. U. PROGRAM

4. The Nobleman Returns: Lois Crabb.

5. The Centurion Comes to Jesus: Irma Lawler.

6. Jesus Heals the Slave: Dorothy Weise.

Poem: Lorena Henderson.
Sword Drill.

BARBECUE

It takes a good imagination to realize and indoor barbecue, but if you had been eye witnesses of a barbecue held on Tuesday evening at the Baptist Church honoring the Primary Sunday School, you would know that such a thing is possible, and that the rain and mud did not diminish in the least either the children's appetites, nor their enjoyment. In fact one little girl on leaving asked, "When are we going to have another?"

Mr. and Mrs. C. T. Hokekamp returned last Friday from a visit to Ft. Worth and Dallas.

Mrs. Carl Wolf returned recently from an extended visit in Chicago, Denver, Phoenix and other points.

The Electric Man Shows You a Delightful New Breakfast Method

"Through the use of electric toasters, waffle irons, percolators, egg boilers, electric grills and many other small appliances, the task of cooking breakfast has been made thoroughly enjoyable.

"And now, with the new Home Comfort rate, the low cost of operation adds another advantage to the electrically-prepared breakfast.

"You see, this new schedule of rates makes all service over the first 45 kilowatt-hours, for a five-room house, cost only 4c per kilowatt-hour—3c where service is also used for heating or cooking.

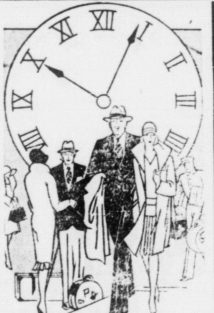

"Just think of the possibilities of this new rate. All the service you want to use, and yet your bill will always be quite moderate, compared with other necessities of the home.

"Next week I'm going to tell you about the advantages of this new schedule in connection with your lighting problems, and I'm sure you'll get some ideas from my suggestions."

And Remember—You Can Make Your Own Average Rate

Initial rate 12¢
2nd rate 7¢
Low rate 4¢ 3¢

FIRE IN HOMES

An authority points out that about ten per cent of America's half-billion dollar annual fire loss represents damage done to homes. Approximately \$50,000,000 of domestic property is destroyed each year.

Most of this waste can be laid to carelessness, neglect or false economy in the matter of home construction. Practically all home fires are preventable. Defective flues and electric wiring, lack of fire stops and the like are the causes of a large per cent of suffering and gigantic waste.

It should be remembered that fire is every citizen's problem. Whether or not our own property is damaged, we pay for every fire in the community. Fire loss is reflected in business conditions, in employment and taxes for fire departments. Not to take the steps that prevent fire is to be guilty of criminal neglect.

Of all common foods, cheese is one of the richest in calcium. Many Americans do not get in their foods enough calcium to furnish their bodies with the quantity of this mineral needed for building and repairing teeth and bones. Cheese made from whole milk also contains a considerable quantity of fat. The protein is the same efficient kind as that in meat. A cheese dish is therefore high in food value.

RESOLUTIONS

To the Worshipful Master, Officers and Brothers, Junction City Lodge No. 548, A. F. & A. M.

Whereas it has pleased the Supreme Grand Master and Architect of the Universe to call our worthy brother, Alfred F. Hodges, from labor here to the Celestial Lodge above; therefore, be it

Resolved that in the death of Brother Alfred F. Hodges we lose a worthy member of our Lodge, a just and upright Mason and a good citizen. Brother Alfred F. Hodges was highly esteemed by the members of this Lodge, and his life exemplified many of the Masonic virtues so typical of the pioneer life in Kimble County. He was true to his friends, rugged, honest and loyal to the principles of the Masonic fraternity.

We extend our condolence and sincere sympathy to his widow and children, his brothers and sisters and neighbors and friends who mourn his departure. Let us so live and perform our duties toward God and each other so as to insure a joyful reunion with those who have gone before us to that Supreme Grand Lodge above where the Grand Master of the Universe forever presides.

Respectfully submitted,
Joe Ramsey
R. R. King
Weaver H. Baker.

WEATHER REPORT

Beginning last Thursday the sun shone three days and Monday and Tuesday it rained. Yesterday morning the clouds disappeared and the sun began shining. Today is an ideal day and every body is happy. Grass and weeds are growing as they do in May and the hillsides look more like spring than fall.

Everyone is hoping that the beautiful weather will continue for several weeks. It is cool this (Thursday) morning, but there is little damage, if any, from frost.

Probably the largest acreage of grain ever planted in Kimble County is now up and looking fine. It will not be long until some of the farmers and ranchmen will begin to use the grain fields for pasture. As soon as the ground is dry enough some say they will sow more grain.

Mr. M. C. Reese was in from his ranch this morning and says that everything is looking fine. He has some grain that is growing fast and will soon furnish pasture.

Members of the Junction Methodist Church and friends of the Rev. Milton F. Hill and family are invited to a good bye service at the old Methodist Church building Friday evening at 7:30.

Wanted—Two pacing horses, not over 8 years old; gentle, for women to ride.

W. W. Wilson, Hunt, Texas 28-3p

Terracing Program Attracts Big Crowd

More than 70 people went through the rain Monday to witness the terracing demonstration on the Tate Jarvis farm on the Junction-London road. M. R. Bentley, Agricultural Engineer for the Extension Service, and A. K. (Dad) Short, field man for the Farm Loan Association of Houston, were present and addressed the people present on the value of terracing.

Mr. M. B. Boffel, Vocational Agriculture teacher, and his class were present to assist in the work. The class made the V drag that was used. County Agent R. E. Honan worked all day in the rain in his usual enthusiastic manner. Some members of the commissioners court and a few of the business men of Junction drove through the rain to be present. Instructions were given on how to run the levels and it is hoped that terracing will continue in Kimble County until every farm is properly terraced. One of the benefits of terracing is told in the Junction State Bank's advertisement on the last page of this issue. Turn and read it.

To make grape juices sherry, sweeten the juice to taste with syrup rather than plain sugar, after adding one tablespoon of lemon juice for each quart of grape juice. Turn in the freezer until stiff. Add a beaten egg white after the mixture is frozen, give the dasher a few more turns, remove and pack.

WHY TRADE AT HOME?

(By A. G. Farmer)

It is a big idea and a step in the right direction and will do much to restore normal conditions if everybody would buy something today.

If the producer will buy something he needs today, it opens the way for someone else to buy what he produces and start the "wheels."

We have had depressions, panics and near panics every seven or ten years for 150 years and will always have them. There is nothing new or novel in the situation. Its merely the "swing of the pendulum."

Lets stop pessimism and croaking and preach confidence. There is nothing wrong fundamentally with the country or the government. This situation is not chargeable to Washington, whether Hoover or Smith were in the White House, nor to Wall Street fiasco where a limited group of financial jackasses overplayed their hand.

Our country is in the first position in wealth and general welfare as compared with any other country in the world. What if sheep are selling at \$4 per head. The writer saw them sell at \$1.87 per head and wool at .06 per pound, and still the country snapped out of it, grew and expanded.

This little "tightening up" was merely a natural reflex action to our spending speed, and we needed the jolt to settle down to a sane program, but it does not mean panic. Lets snap out of it.

If your house were to burn down today, would you sit on a stump wringing your hands about it, or would you clean up the debris and rebuild? Lets start doing things. Buy something today whether its a pair of hose or a new dress for the

madam, a chair or piece of furniture for the home, or winter clothes for yourself and children.

Lets try to earn a decent Thanksgiving dinner. Lets get ready for Santa Claus. Lets go out and meet him with a smile instead of hiding in the basement. We can't do it with some frowns and croaks. Lets pack up our troubles in our old kit bag and smile, smile smile.

Money hid in a mattress is not even a good thing to sleep on. Buy something today and show your loyalty and faith in the country and help put every man and woman back into their natural avocations.

"Let dead past bury its dead." Quit griping about the wild-cattling last year. Lets get going and forget it. If you hear a croaker talk about drouth and panic, tell him to get the crepe off his door, buy something today, go places, spend something, make whoopee instead of howling calamity.

Let us resolve to buy that which we have been needing and give the pendulum a push back to Prosperity, so we can get the frozen deposits out of the banks and merchandise moving into the channels of trade. God's sunshine is over us; the government at Washington is still living. We have the greatest country on earth and prosperity and happiness per capita to be found anywhere outside of paradise.

The great wheels of commerce and industries need speeding up. Let everyone who needs an article of wearing apparel, or something to make the home attractive, convenient or comfortable, buy it today. If so, the wheels of our factories would start and the stream of raw materials would find their way to the factories.

THE VALUE OF FAILURE

Abraham Lincoln was a failure for a good many years, if you judge him by the usual standards. He tried to be elected to one office after another without success, tried keeping a store and lost money, failed to build up much of a law practice for many years, and lost the girl he loved. The world would have called him a failure when he reached almost middle age.

But he kept on trying. Sometimes it does us good to fail. It makes us try harder to make good.

And if anyone keeps on trying hard, he cannot really fail. The only real failure is to quit trying and to give up. If we do our very best all the time we are not failing at all. But if we do not do our best we are failing even though we seem to be doing pretty well.

Two boys are running a race. One is a fine runner by nature, but he has not trained and does not try hard. The other is not a good runner by nature but has trained hard and is trying his best in the race. The race ends in a tie. Which one failed? Surely the boy who could have done better if he had tried must be called the failure.

So we learn two things about failure. Temporary failure is good for us if we have the right stuff in us to come back and fight. And the second thing is that the only real failure is the failure to do our best with things as we find them.

BOOST KIMBLE COUNTY

A capitalist once met a man from a small city some miles away and soon found that he was so thoroughly convinced his home town was the best on earth, that the capitalist investigated. The capitalist wired the home town newspaper:

"Just met one of your boosters; he is a wonder, and if your city is anything like him, I want to know more about it."

This led to an arrangement that was of mutual benefit to the capitalist and the city as well.

It merely shows that a community will advance only when it is composed of boosters instead of those who pull back in the harness.

Every resident of Kimble County can be a real asset by saying something good about his county every time he is away from home.

You never know when your words may fall on fertile soil. If you are not enthusiastic about the advantages here, you can not expect one living elsewhere to be.

NEED GLASSES?

KEEP COWS CLEAN

Keep dairy cows clean if you want a low bacterial count in your milk, says the Bureau of Dairy Industry, U. S. Department of Agriculture. In an experiment in which open, sterilized milk pails were used, samples of fresh milk from uncleaned cows had an average bacterial count of 55,208 per cubic centimeter, while samples of fresh milk from clean cows with udders and teats washed had an average count of only 4,947 bacteria per cubic centimeter. Cows kept in stables need a thorough grooming at least once a day. Clip the long hairs from the udder and flanks.

Before milking, wipe the udder, flanks and belly with a clean, damp cloth. Sufficient bedding and proper stable construction also help keep the cows clean.

Don't waste money on medicinal "cures" for infectious abortion of livestock, warns Dr. J. R. Mohler, chief of the bureau of Animal Industry, U. S. Department of Agriculture. Consult a competent veterinarian, or obtain publications or information from your state agricultural experiment station or the Department of agriculture.

Prophets Guessed Wrong

Prophets predicted the city of Peoria, Ill., would retrograde to a mere trading post, when the mammoth distilleries were closed 10 years ago by national prohibition. The census discloses that in no former 10 year period has Peoria shown so great an increase in population and in wealth. It is now the second city in Illinois, and one of the leading industrial cities of the central-west.

BUILD YOUR TOWN BY TRADING AT JUNCTION

There are just two ways to have a good town. First, build one of your own and second, move to one that other people have built.

Most of us are here because we like to live here, and the only way we can hope to have a good town is to build one of our own. A town is called good because of the business it does. The business of a town depends entirely upon the amount of money spent in that town.

The needs of a people should be supplied by the merchants of their town, and not by mail order houses in distant cities. Your merchants are called upon to support the charitable needs of your town, to encourage and contribute to civic enterprises, schools, churches, city and county taxes. His employees depend upon him for their living, his family for their education and support. Are you going to help build your town by trading at home, or give your aid to some distant city by sending your money to some mail order house? Think it over.

NEW LOCATION
We will open Saturday in our new location at the west end of Main Street just three blocks west of our old location. New pumps have been installed and we sell the famous TEXACO PRODUCTS, including TEXACO ETHYL, the "dry" ETHYL GASOLINE. We are also installing a new hydraulic lift and our high pressure washing machine is well known to the people of Junction and Kimble County.

A well equipped repair shop is maintained in connection with our service station, which is in charge of Mr. Nolan Gilliam, a successful and experienced mechanic. All makes of cars receive the same careful and painstaking care. When you drive in our station, you get complete auto service from the filling of your gas tank to an overhauling job, if needed.

We are unsurpassed for service in the Hill Country. If water and air is all you need, please drive in for we welcome you. Satisfactory Service is our motto. When you need road service, phone 51 and count the minutes. For quick tire service, a good washing job, a real greasing service, durable tires and tubes, dependable accessories, satisfactory repair work, free air and water, and a smile and a thank you, drive into our new location at the west end of Main Street.

Junction Trade Notes
(By G. G. Co.)

Junction was recently host to the District Bankers Ass'n and will later be host to the Heart O' Texas Press Ass'n. The acquaintance of both bodies is worth cultivating. . . The editors for what they don't tell and bankers for what they have. . . for it is sometimes desirable to have one's name appear in the papers and it is some satisfaction to be able to borrow a dollar whenever you have a (two) . . . This week Junction is taking valuable lessons in community building, in which both the old and young are taking part, and the entire community should profit by it.

Local thermometer reading (Oct. 30) 40 degrees, with evidence of light frost. . . A. M. Reese in town Thursday from London community, stated there was no frost at his place and that weeds and fall vegetation are covering the earth.

Planting seeds this week: Seed Rye, barley, wheat and oats. Gann Grocery Company. Sugar is cheaper than ever known, but it is due to take a rise, since the Cuban decree segregating 1,500,000 tons from the market with the purpose of dumping it in the sea.

Junction Cattle Loan Co. moved out Thursday the last of its fall accumulation of kid and mohair, consigned to the Coop. There was little fall shearing of wool in this section, the local warehouse receiving only about two carloads, which is held in storage. . . Del Rio dispatch stated the Val Verde company had disposed of its fall wool accumulation (400,000 lbs) at 20c, and the W. G. C. Co. at San Angelo has fixed Nov. 6 as date for offering 1,000,000 lbs. wool. Heads of some leading U. S. industries venture the prediction that, starting with the New Year, depression will be left behind and all will be singing, "Happy Days are here again."

Late arrivals: Sherry wine and Mint Jelly, Black Currant jelly; other Cross & Blackwell high grade products. Gann Grocery Company. Will have home-grown tomatoes Saturday which may be the last of the season.

This week a truckload of select Llano River pecans was loaded out for Arizona consumers. . . Mr. and Mrs. U. D. Kindrick have plans drawn for their new home in Junction and construction is expected to be started next week. . . Rev. and Mrs. Milton E. Hill will leave after next Sunday's service for their new work at Elgin, Texas carrying with them the best wishes of a host of friends.

Coming events: Friday night (31) C. of C. rally and annual election of officers, at court house. . . Saturday (1) on Junction field, "MAR MENARD."

Gann Grocery Company
"Everybody's Store."

Kimble Co. C. of C.
Sends Brady \$200
For Flood Relief

Soon after the Brady Flood the Junction Chamber of Commerce sent the Brady Chamber of Commerce a check for \$200 for the flood sufferers. Mr. C. T. Holckamp, president of the Kimble County Chamber of Commerce, has received the following letter from Mr. Carl Blasig, secretary of the Brady Chamber of Commerce:

"We received your cashier's check for \$200 for the Brady flood sufferers. We have turned this money over to the McCulloch County Chapter of the American Red Cross. This money will be used exclusively for the rehabilitation of the destitute families who need help as a result of the recent floods. . . We want to express our gratitude to Junction and the people of Junction who have so generously aided us with this contribution and for standing by us loyally ever since the disaster first struck us."

Smith County with 6,907 has more individual farms than any other county in Texas. Eight other counties have more than 6,000 farms.

OIL IN 1930

An authoritative estimate, taking into consideration all available data, forecasts that oil production in 1930 will total about 1,444,000,000 barrels—44,000,000 less than in 1929. This is of special interest, as during previous years production has usually made tremendous gains.

In the United States, according to the forecast, normalization of production has been partially attained. This year we will produce about 69,000,000 barrels less than we produced last year in spite of much larger available potential production. This is of great benefit to the domestic industry and the nation as a whole, as it is believed that consumption of oil will be lower this year than in 1929.

Cook cut celery with canned tomatoes. Or with an equal amount of thinly sliced white turnip.

BROTHER HILL LEAVES

(Continued from page 1)
about 100 members have been received into the church, an Epworth League has been organized, and the membership of the Sunday School increased. The women's work has shown increased enthusiasm, and every phase of church life has responded to the leadership of Brother and Mrs. Hill. Mrs. Hill organized and directed the choir during their residence here. Mrs. Hill is an active worker in the church and has done a great work along with Brother Hill.

In addition to his useful service as a pastor Brother Hill has taken an active part in the civic and social movements of the community. He has been an active member of the Rotary Club since its organization here more two years ago. He will be missed by all Junction and Kimble County.

MERCHANTS GIVE PRIZES

Terracing Pays

From study and observation we are convinced that terracing, done properly, pays big dividends. A Comanche County farmer terraced 30 acres of land 12 years ago and the yields from this land have improved year by year. He says that this year he made 23.4 bu. of oats per acre on the terraced land, while only 15.7 bu. were grown on other land of the same kind except that it had not been terraced, a difference of 7.7 bu. or \$2.31 per acre. Terracing saves the soil and conserves the moisture. We are glad to learn that Kimble County farmers are beginning to terrace, as land properly terraced improves each year. County Agent R. E. Homann and M. B. Bethel, vocational agriculture teacher, are rendering valuable assistance to the farmers.

Success awaits the farmer who terraces his land, plants pureline seed and diversifies.
