STORMS STRIKE TEXAS

MAINLY ABOUT PEOPLE

By H. N. W.

Former State Senator Thomas W. Perkins is the editor of the McKinney Courier Gazette. This is his point: "Cotton has advanced forty dollars per bale within the last month. This means $90,000,000 in the pockets of Texas cotton growers. The estimate of yield in this state this season is 2,250,000 bales, the smallest crop on record. Collin county will produce about forty thousand bales, according to estimates of local cotton men. The cotton rise has greatly aided business.

There is a paper in Grayson county, The Sherman Daily Democrat, that has been in existence more than forty years. Its editor advises the law makers to save the penitentiary junk. He has a plan. Read it. "Texas penitentiary will be relocated within seventy-five miles of the state capital. This order or provision is in the bill lately passed by the legislature, and the removal will take place after the sale of the prison farms are made and approved by the same body. All this will require time, and the new location is no small affair to be attended to. There must be provision made for industrial plants wherever the institution is located. The state has perhaps a million dollars invested in machinery and equipment of various kinds. Much of this will be junked unless there is some way to move it to be used in manufacturing. There are engines, boilers and vehicles, and at the plant at Sugarland there is said to be more than a quarter million dollars invested in motive power and machinery. There are certain kinds of industrial work, factories, stone crushing plants, for instance, in which some of the machinery could be used. Nothing worth saving should be allowed to go to waste. Some good business head, or several of them, could save the state thousands of dollars.

Jones county was for fifty years a leaner grazing country; then it jumped into prominence as a cotton growing section. This is the viewpoint of Editor G. L. English of the Stamford Leader. "That man who said cotton would go to 20 cents before September 10 got his guess good and strong. Cotton sold on our streets as early as Tuesday this week for 20.50. We hope "hard times" and everything of that nature has at last really given away to 'normalcy,' we do, for a fact."

Speaking of baseball the Abilene editor of the Daily Reporter has a view point. This is for the fans of the west: "The West Texas chamber of commerce is proposing an eight-club circuit for the West Texas League next year, including Abilene, Sweetwater, Ballinger, San Angelo, Stamford, Lubbock, Plainview and Brownwood. Letters have been sent out to chambers of commerce in the latter four towns asking if it is possible to get those towns into the league. This is a move that should prove successful, as all the towns mentioned are live places and could easily support a ball club if the fans would do their part. It is a long time until next year, but many things could happen in the meantime."

Where landscaping is needed appeals to Editor George Robinson of the Waco Times-Herald. This is his view point: "It ain't none of our business, nohow. Still, we occasionally find ourselves wishing that the Southern Pacific management would employ a landscape gardener and instruct him to put the surroundings of all the stations in apple pie order. Of course, we haven't been over the entire system; maybe it's different where we are yet to travel. But we recall how General Manager Hamilton and Superintendent Ramsey Cox made beautiful the landscape of every station along the Texas Central, and we find ourselves wishing for just such treatment of all the stations of the Southern Pacific system, and this little suggestion is sent out neatly wrapped and tied with a pink ribbon."

Editor Seth B. Holman of the Hereford Brand has a view point and there is a real man in it—Hon. Lee Satterwhite. Read the Holman view point: "Hon. Lee Satterwhite, state representative from Amarillo district and chairman of the appropriations committee of the house of representatives, spent a few hours in Hereford Saturday. Mr. Satterwhite brought three interesting news items with him. First, that he has changed his residence from Panhandle to Amarillo and, in connection with John Wright of Amarillo, will begin the publication of a weekly paper at Amarillo on September 16. Second, that the new representative district for this section, composed of the counties of Deaf Smith, Oldham, Randall, Potter, Carson and Armstrong, will be asked to support him for reelection next term and if elected he will be a candidate for speaker of the house. Third, that the joint committee of the house and senate on state parks, composed of Lieutenant Governor Davidson, Speaker Thomas and others will reach Amarillo at noon September 19 for the purpose of inspecting the Palo Duro Canyon as a possibility for a state park. Mr. Satterwhite has not yet decided upon a name for his new paper, which will be devoted to the development of agricultural and live stock interests of the Panhandle. He will edit the sheet while Mr. Wright will be business manager. The latter is a brother of the foreman of the Daily News and has been connected of late with the Nunn Electric company. The new company. The new representative district, Mr. Satterwhite thinks, gives this section better service in the house, is more compact than the old

STANDING OF CONTESTANTS TO BE PRINTED

Sunday Morning Record News Will Contain List of Entrants and Their Position in Auto Campaign.

Many Have Been Nominated Unawares and List Will Doubtless Cause Many Fair Ones Surprise.

In the Sunday Record News tomorrow will be published for the first time the list of names of young women who have been nominated as candidates in The Record News' stupendous automobile and prize campaign, in which $10,000 worth of valuable prizes, including five handsome motor cars, 3 victrolas, 2 electric floor lamps, 1 Sellers kitchen cabinet, 2 vacuum cleaners, and 1 Sealy mattress, all are to be given away free. Publication of the first list is awaited with anxious interest by thousands and thousands of people who, directly or indirectly, are already interested in the outcome of the great race.

Will Contain Many Surprises.

Many happy surprises will be sprung—many young women will find that they have been nominated by friends who, realizing the wonderful oportunity The Record News is offering, filled out the nomination blank for a favorite and sent it in. Publication of the initial list will cause many a fair heart to flutter with joyful expectation anr happy excitement, for the chance to secure a big automobile free is not one that is frequently offered. The realization that friends have selected them as competitors for a share of the big $10,000 prize list will put confidence and assurance in the hearts of many, who thus far have hesitated to send in their own nomination. But with voluntary support they will enter into the race with zip and enthusiasm.

An unusually large number of young women have been nominated from the country districts and towns in the outside districts. Probably there is not a village or hamlet within a radius of 100 miles of Wichita Falls that has not some fair competitor already entered. The splendid liberality of the prize list are to be awarded, which gives country contestants an equal chance with those residing in Wichita Falls and vicinity, has resulted in scores of nominations.

Starts Race in Earnest.

With the publication of the first list the race will open in earnest, and the merry, good-natured tussel for the handsome automobiles will begin. The tremendous value of the prize—each lavish distribution was never before attempted in the state—will doubtless bring about a race that will live in the annals of newspaper history in the Southland. But the Record News never does anything half-way. When it decided to open a voting campaign, that campaign must be a real one or none at all, and the result is apparent.

A number of new nominations were received Thursday. The mailman who delivers the mail to the Campaign Department has some job these days—he is thinking of getting an understudy.

Young women who find their names in the list of candidates tomorrow will lose no time in getting started in the grand scamper for votes—and what a splendid opportunity they will have for the big special offer of 50,000 extra votes for every $15.00 worth of subscriptions payments, will not expire until Saturday night, October 1, and their opportunity of piling up a good vote total will be a wonderful chance to build the foundation of their dreams—ownership of a big, high-powered motor car.

REPORT IMPROVED CONDITIONS IN GENERAL BUSINESS

By Associated Press.

WASHINGTON, Sept. 9.—Informal reports indicating improvement in business conditions throughout the country have reached President Harding, it was said today officially. Improvement in both the cotton and grain situations were said to have been called to the president's attention, although in the livestock sections conditions were reported as no better, despite the administration's efforts to afford credit relief.

As an indication of the country's condition generally, Postmaster General Hays was said to have informed the president that postal receipts increased in August for the first time in several months.

A London court has granted to the Countess of Drogheda a decree against her husband for the restoration of her conjugal rights. The countess, who is a devotee of art and sports, has been called one of the "most beautiful women in England."

COTO OCCUPIED BY COSTA RICA

By Associated Press.

PUNTA ARENAS, Costa Rica, Sept. 9.—Occupation of the Coton region by Costa Rican troops was carried out on August 22, with four hundred American marines present in case of resistance on the part of Panama.

Many public buildings had been burned by the Panamans.

HARDING PICKS DELEGATES TO CONFERENCE

Names Hughes, Root, Lodge and Underwood to Speak for U. S. on Question of Armament.

By Associated Press.

WASHINGTON, Sept. 9.—President Harding today announced the full American delegation to the armament conference. It consists of four members: Charles Evans Hughes, secretary of state, Former Justice of the Supreme Court, one time candidate for the presidency, and twice governor of New York; lawyer by profession.

Elihu Root, once secretary of war, later secretary of state, former senator from New York, lawyer, jurist, and statesman of international reputation. The late President Roosevelt, his close friend and colleague, once paid tribute to his attainments by describing him as "the ablest man in public life in America."

Henry Cabot Lodge, senator from Massachusetts, republican floor leader, chairman of the foreign relations committee; long time student of international affairs and author of many works of an historical nature.

Oscar W. Underwood, democrat, senior senator from Alabama, leader of his party in the senate as he was in the house of representatives, regarded by colleagues of both parties in the senate chamber as "safe and sane," lawyer by profession and in public and political life since 1892. He was for the treaty of Versailles and the League of Nations covenant, with or without reservations.

These four will represent America at the table at which will be gathered four from each other nation represented.

The selections of Secretary Hughes and Senator Lodge were first made known some time ago. The selection of Mr Root was forecast after his conference with President Harding.

TO PENSION TEACHERS

DALLAS, Sept. 9.—Pensions for teachers who have given many years to the cause of education in Texas were advocated in resolutions passed by the Dallas county teachers' institute at its closing session today.

Read The Wichita Falls Sunday Record News—A Newspaper of Quality, Courage, Accuracy and Vision.—

—The Record News is of and for the people of Wichita Falls and the west at all times and under all circumstances and its ambition is to be as widely read and powerful as well as just as any newspaper under Southwestern Skies.

The Sunday Record News is an up-to-date and clean and fearless publication. Its special features should appeal to all the people who think clearly, live sanely, believe in God and home and country—and all men and women who are red blooded Americans should read and think and be on the firing line of intellegent action with their faces turned to the future and their backs upon the past.

The Sunday Record News features are unrivaled. The Record News is served by The Associated Press every day in the year and The Associated Press covers the world with its writers and its wires; its state service covers all the ground and its trained writers and reporters cover all local and near-by fields.

Beginning: Robert Quillen's SMALL TOWN STUFF, a sparkling new series of writings on the foibles of Uncle Gus, Aunt Het and their rustic friends. As full of wit and philosophy as Quillen's Split Second Editorials, most widely quoted and reprinted paragraphs now published in the world. These, too, will continue to appear on the editorial page every day.

Read the fifth of the series of the remarkable story of "The Life of Queen Victoria," most remarkable of all the women rulers who have a place in history.

Read Roger W. Babson's business classics. Babson as a writer on economics has acquired fame that is world wide. He writes exclusively in this territory for the Wichita Falls Record News readers.

Read Nick Carter's sparkling and peppery sport pages. Nick Carter's poems couched in the vernacular which place him in a class with the stars of the New York press.

H. N. F. will have something to say in "Mainly About People;" he will contribute his page of editorial comment. Also a second chapter on "Senatorial Possibilities" and a special review of the incidents of a motor trip over six rich and productive West Texas counties by the boosters for the Baylor County Fair and Rodeo.

There will be a page devoted to The Record News' remarkable auto offering and circulation-getting contest which will close the last of October.

Never before in the history of Texas newspaperdom have the prizes been so costly and attractive and the race is arousing wide-spread interest in city and country wherever contestants have appeared or the busy agents of the manager made their appearance.

Do not overlook the special auto department or pages; the women's pages; the church news and the news of society; the moving picture world and its kings and queens.

All the news when it is news for all the people all the time will be found in the pages of the paper published for the people now on earth. Send in your orders now. All newsdealers supplied on demand.

High Waters Flood San Antonio Streets

H. J. TOUSSAINT CREATES FUROR IN COUNTY JAIL

Man Sentenced to Die for Murder of Father Sets Fire to Bunk Early Hour This Morning.

Henry J. Toussaint, some time ago sentenced to be hanged on a charge of murder for the death of his father, Otto H. Toussaint, created a disturbance at the county jail beginnig at 2:30 o'clock Saturday morning and lasting for more than an hour.

Fellow prisoners said he had been quiet all night and suddenly began throwing glasses and other articles about his cell. For many minutes he stood in the rear of his cell, paying no attention to onlookers and hurling a granite pan against the floor of the bunk and wall of his cell, catching it on the rebound as a boy would play with a ball. At intervals he would grate his teeth together and mutter you

Prisoners said he set fire to his bunk about the time he first began his antics. Jailor Cass Tarver said the south wing of the jail was filled with smoke when he was summoned to the scene by the noise.

While hurling the pan Toussaint did not appear excited and handled the missle rather carefully. His hands nor body were torn.

Prisoners said that Toussaint had had a conference with his wife and a lawyer Friday evening. The prisoners also said that Toussaint's wife had declared she had been insulted by some man, whose name they did not learn.

INSURANCE MEN CHOOSE EL PASO

By Associated Press.

FORT WORTH, Sept. 9.—El Paso was selected today for the 1922 convention of the Texas insurance dealers' association. Officers elected today are president, C. H. Walton, Fort Worth; vice-president, W. B. Smith, Longview, and P. W. Williams, El Paso; secretary-treasurer, H. A. Lawrence, Fort Worth. W. L. Stiles and F. F. Ludolph, of San Antonio, were elected state delegates to the national convention at Los Angeles.

TO ELECT LEAGUE JUDGES NEXT WEEK

By Associated Press.

GENEVA, Sept. 9.—The international court of justice, on which the hope of the League of Nations seems now largely to be centered was foremost in the pre-occupations of the delegates of the league assembly here today and likely will remain so until the judges of the court are elected next week. The assembly committee meanwhile will establish a basis for the work of the session on disarmament, amendments and blockades.

The time limit for nomination of judges closes Monday with eighty-nine candidates put forward by 35 different states. Five of these have been removed from the list on account of declinations to serve.

HEAVY RAINS AT CORPUS CHRISTI

By Associated Press.

CORPUS CHRISTI, Texas, Sept. 9.—Two and sixteen hundredths inches of rain have fallen in Corpus Christi and vicinity since yesterday, making roads practically impassable. Cotton gins all over Nueces county have closed, as farmers are unable to reach them with their cotton.

Reports indicate that damage to the cotton crop is comparatively slight.

NEGROES PROTEST KLAN ACTIVITIES

By Associated Press.

CHICAGO, Sept. 9. — Protest against the Ku Klux Klan was made by Dr. W. G. Parks, of Philadelphia, vice-president at large of the National Baptist convention, a negro organization, at the third session of the convention here today.

Dr. Parks said that unless the klan was put down now by the federal authorities, it 'would mean civil war in America."

RECEIVERSHIP HEARING

NEW YORK, Sept. 9.—Hearing on a petition for receivership for the Interborough Rapid Transit company was continued by Federal Judge Mayer today until September 1.

By Associated Press.

SAN ANTONIO Sept. 10.—At 2:30 o'clock J. H. Curry, repeater chief for the American Telephone and Telegraph company reported that he could see a fire in progress "on the other side of town." He could not determine its extent, he added. Curry declared that the water was twelve feet deep all around the telephone building and that the San Antonio telephone system was completely out of commission.

SAN ANTONIO, Texas, Sept. 9.—Five persons are missing and property damage estimated at thousands of dollars has been caused in the downtown business and residential districts here tonight by an overflow of the San Antonio river and the Alazan creek, which is described as being the most serious flood here since 1913.

The waters rose suddenly tonight following rains of two days with a precipitation exceeding seven inches.

The missing are:

Mrs. Alma Elam and two children. A neighbor reports seeing their house washed away.

Charles Grant and wife. Grant was seen to hand his baby to a neighbor and enter his house in search of his wife. Neither has been seen since.

The river in the downtown district broke over the embankments protecting St. Mary's street shortly before 12:30 o'clock this morning and sweeping down St. Mary's street into Houston and thence north through Navarro street, inundated the streets in the heart of the city over an area about six blocks long and four blocks wide.

Since before midnight, merchants had been busy removing their goods to places of safety.

Among the buildings where the water already has reached the ground floor are the Gunter hotel, Brady building and Gunter office building.

At the San Antonio Express building the water had risen to the level of the first floor by 12:45 o'clock.

Reports as to the course of the flood varied. Fire chief A. S. Goetz reported at 12:30 o'clock that the river was rising at the rate of a foot, every ten minutes, while on the otherhand, reports telephoned to the Express from the northern end of the city said a slight fall was noticed after midnight.

Advice from every town along the I. and G. N. and M. K. and T. roads from San Antonio to Austin gave the deluge as varying from six to twelve inches.

The post road from San Antonio to Austin a stretch of eighty-nine miles of pavement, has become impassable due to overflow of creeks which cross it.

At 1:30 the cloudburst in Austin had shown no signs of abating.

The greatest property damage thus far reported has been along Alazan Creek where the number of dwellings washed from their foundations has not yet been ascertained.

The flood is the direct result of heavy rains during the past forty-eight hours in the headwaters on the Olmus creek, ordinarily a dry water course, which lies northwest of Brackenridge park. The San Antonio river, rising at the north end of the park could not care for the accumulated flow from the creek and as a result the water broke across the Brackenridge park into River avenue.

By midnight scores of people living near the river in the northern part of the city and along the banks of the Alazan Creek, had been helped from their homes by police and firemen. All available men presumably (soldiers) from Fort Sam Houston were sent to aid in rescue work along River Avenue, where the water is reported eight feet deep.

BRIDGE WASHES OUT.

By Associated Press.

CORPUS CHRISTI, Sept. 9.—The pontoon bridge across the Rio Grande river between Laredo and Nuevo Laredo was destroyed by flood waters tonight severing traffic across the river, according to a special dispatch received by the Caller. The business section of Laredo is said to be partly inundated.

ADVANCE LEAD PRICE

By Associated Press.

NEW YORK, Sept. 9.—The American Smelting and Refining company today advanced the price of lead from 4.50 a pound to 4.60c.

TORNADO HITS VILLAGE NEAR STATE CAPITAL

Several Persons Injured and Property Damaged to Extent of Thousands at Creedmor.

School House and Cotton Gins Demolished by Terrific Wind; Lines of Communication Cut.

By Associated Press.

SAN ANTONIO, Texas, Sept. 9.—Reporting a twelve-foot rise in the colorado river at 1 o'clock police added:

"Anything might happen now."

All families have been taken out of the lowlands to places of safety precluding heavy fatalities in case of disaster.

By Associated Press.

AUSTIN, Sept. 10.—Over ten inches of rain had fallen at 1 o'clock this morning over Austin and all surrounding territory with the cloudburst unabated.

The injury list in the tornado which struck south Austin shortly after noon Friday grew to twelve as reports came in detailing damage at Creedmoor, Pflugerville and elsewhere.

Creeks are on a rampage and city officials are watching the rise of the Colorado river anxiously on account of the Austin dam. No grounds for apprehension have yet been established by five minute reports which a score of observers are sending in.

The many families who moved out of their homes in the lowlands last evening are being followed by others seeking assurances of safety on higher ground.

The M. K. & T. bridge on the main line near Pflugerville has been washed out. All trains over this line have been halted and officials will give no indication of when service can be resumed. The Texas special due at Austin at 7:15 failed to get past Pflugerville before the washout came.

By Associated Press.

AUSTIN, Texas, Sept. 9.—Early reports from the communities where a tornado struck in Travis county this afternoon warranted estimates of from six to ten persons injured, one of whom has not yet regained consciousness.

This was Mose Evetts, Jr., of the Creedmore vicinity southeast of Austin, where it appears the tornado came into being.

On congress avenue in South Austin a grocery store was partly demolished after which the tornado took a westerly direction passing over the State Deaf and Dumb Institute, across the Colorado river into Deep Eddy, a bathing resort here. From there it struck the Colorado river cliffs and glancing down along the Georgetown road demolished a school house. Since then no trace of it has been heard.

A five inch rain came with the disturbance.

WIND IN SOUTH DAKOTA.

By Associated Press.

SIOUX FALLS, S. D., Sept. 9.—A windstorm of cyclonic proportions struck a region from four to ten miles of here tonight, killing one man and doing serious damage to stock and property. It was reported tonight that the village of Hartford west of here had been wiped out. All wires were down.

BURGLARIZE STORE.

WACO, Sept. 9.—M. Marks, general merchandise, and McCollins Brothers' Drug store were burglarized at Crawford last night. More than $1,000 worth of clothing was stolen from Marks.

Laborer Collapes After Bidder Gains Services on Auction Block

By Associated Press.

BOSTON, Sept. 9.—The collapse of Edward Dixon of Philadelphia, apparently from malnutrition, just after his services had been sold to the highest bidder, brought the second day of the auction block for unemployed men on the common to a close after twelve men had been promised work.

Dixon, a world war veteran, had prepared an appeal which Urbain LeDoux, leader of the unemployed group, read to the thousands of persons gathered around the bandstand. As LeDoux was reading an account of the death of Dixon's father in the war which left the young man alone, Dixon swayed and collapsed. One meal a day and sometimes not that, had been his portion, he said. Physicians said tonight that that experience, and exposure from sleeping on the common made his condition serious.

Bidders were more plentiful today than yesterday and many pledges of food and clothing for the men in addition to payment of wages were forthcoming. Women acted as auctioneers and put the men, stripped to the waist, through exercises to show their capability.

LeDoux said that the auction would be continued tomorrow in an endeavor to find work for all the men in his care, as the best he could do for them now was to feed them once a day.

FIND BODY OF SLAIN AUTO SALESMAN

Bloody Axe and Baseball Bat in Cellar of Accused Indicate Terrific Battle.

Police Holding Suspect While Search is Conducted for Body of Second Missing Man.

By Associated Press.

CHICAGO, Sept. 9.—One automobile man was found again today, the body of another was being sought in the Desplaines river and a 20 year old youth to whom they had tried to sell a car was under arrest tonight in one of the most mysterious murders in Chicago police annals.

The body of Bernard J. Dougherty, former Harvard student, and for several years a star salesman for the Packard Automobile company, was found in the Desplaines river this morning. A pair of handcuffs were attached to one wrist, a small rope was twisted about his throat and the head had been almost severed from the body. In addition bruises about his head and shoulders seemed to indicate that he had been unmercifully beaten and kicked. His home was in St. Paul, Minn., and he was widely known as an amateur distance runner in that state.

Was Delivering Car

Dougherty had been employed by the Packard Company for several years. Three weeks ago he came from Philadelphia to join the sales force of the Packard Motor car company of Chicago. Yesterday he undertook to deliver an automobile to H. W. Church, a 20 year old youth, who said that he was buying it for his father. He asked to be driven to a bank so that he could obtain a certified check to pay for the machine. Dougherty accompanied by a driver, Carl Ausmus, and was followed by another car which was to return them to the sales room after the transaction had been completed, started out with Church.

The two machines became separated and the second drove alone to the bank and waited. The driver finally became impatient and entered the bank to look for Dougherty. When he returned he found a note tied to the steering wheel telling him to return to the shop, and signed with Dougherty's name. According to officials of the company, this note was not in Dougherty's handwriting.

Neighbors told of seeing Church drive up to his home shortly afterward in the car accompanied by two men presumed to have been Dougherty and Ausmus. The three were said to have entered the house which is a two story apartment building, the lower floor being occupied by Church and his mother. No one could remember seeing the two automobile men leave, but several hours after Church took the car to drive his mother and another woman to Indiana Harbor. It was late in the evening when they returned. At 6 o'clock this morning, Church and his mother again took the car, telling neighbors they were going to Adams, Wisconsin, to visit at their former home where Church's father had just bought a farm. Young Church was arrested as he entered the town in the machine tonight, but denied all knowledge of Dougherty's death.

Find Bloody Articles

Following the finding of Dougherty's body in the river on the outskirts of the city this morning, the police searched the Church home finding a blood-stained hat with the initials C. A. A.—Ausmus initials—brown hat later identified as having been worn by Dougherty, a blood soaked quilt and an axe and a baseball bat stained with blood. Dougherty's salesman's manuel was found in the bottom of a box of junk. The entire cellar bore evidence of a terrific struggle, the walls being stained with blood.

The police believe that the automobile men were trapped in the basement and slain, that their bodies were handcuffed together, a piece of stone being tied to the leg of one of them, and both thrown into the river. They believe that the handcuff broke allowing Dougherty's body to float to the shallow spot where it was found and that the remains of Ausmus will be found in deeper water.

Church was declared to have had a police record. He claimed to be employed as jewelry salesman and also worked for a time in an automobile repair shop. According to the police his description answers that of a man sought in connection with a recent store holdup.

APPEALS FOR HELP

By Associated Press.

NEW YORK, Sept. 9.—An appeal was made today to Bird S. Coler, city welfare commissioner, for advice as to how to help some 10,000 seafaring men who are out of jobs in Brooklyn. In a letter to Mr. Coler, Carl Brandt, business manager of a seamen's Y. M. C. A., declared that many of these men were destitute and forced to sleep in public parks.

HANG ARMENIAN

By Associated Press.

PHOENIX, Ariz., Sept. 9.—Nichan Martin, an Armenian, was hanged at the state penitentiary at Florence, at five o'clock this morning. He had been convicted of the murder of Arthur De Steunder, a former Canadian soldier, in 1919.

BLACK CAUGHT BURGLARIZING LOCAL STORE

Employe Discovers Negro in Act of Robbing Anderson's Store Early Friday Night.

Negro Asserts He Was Working at Direction of Two Strange White Men.

Chancing to enter the Anderson store, 618 Indiana avenue, Friday night about 10:30 o'clock, W. H. Hamilton, manager of the Anderson branch store at Burkburnett, nipped in the bud one of the biggest dry goods burglaries recently attempted in Wichita Falls, when he found a negro busily engaged in selecting silk shirts from a down stairs shirt case. The negro when discovered immediately ran behind another counter to where he was followed by Hamilton, who staggered the black with a blow from his fist and then forced him to open the door. The negro, here wriggled loose from Hamilton, striking him with his clenched fist and ran. At the corner of Seventh and Indiana the negro crashed into a lamp post and was again grabbed by Hamilton, who forced the black to accompany him to the police station.

The negro had twenty-two silk shirts in his arms when he was caught by Hamilton and two suit cases containing approximately $500 worth of women's silk underwear and dresses were found beside the skylight to the building, where the negro evidently had gained his entrance. Also approximately $2,000 worth of furs were found piled up near the center of the building evidently rating their turn to be hauled up through the skylight

The negro told police officers that he was working at the direction of two white men, who planned the robbery. The negro after entering at the skylight had climbed down a rope into the building and the suit case evidently had been hauled up by confederates. The negro, however, maintained that he had never seen the white men before Friday night and could not reveal their identity.

W. W. Anderson, manager of the store, asserted that nothing had been removed from the building save the two suit cases full of clothing found by the skylight.

NAVAL SEAPLANE FALLS IN RIVER

ONE OCCUPANT MISSING IN MISHAP NEAR NATIONAL CAPITAL

By Associated Press.

WASHINGTON, Sept. 9.—A naval airplane of the H.S.-2 type fell into the Potomac river off the navy yard late today. The plane carried three men, one of whom, A. J. L. McNickel, a civilian employe of the aeronautical test laboratory, has not been accounted for, officials of the aviation service said.

The accident was witnessed by a number of persons who said the machine, while flying very low attempted to make a turn and fell into a "sideslip" causing it to crash to the water. One man was seen to climb out of the wreckage and begin at once to dive as if to rescue a companion.

LEADING THE FIELD IN RACE FOR NATIONAL LEAGUE PENNANT

The Pittsburgh Pirates.

Though hotly pursued by the Giants, the Pittsburgh Pirates are still leading in the National league race, and are picked by most experts to win. This picture, taken just a few days ago, shows the full Pirate team. DRY WEATHER IS BENEFICIAL TO CORN CROP

By Associated Press.

HOUSTON, Sept. 9.—Dry weather during August was beneficial to the Texas corn crop according to the report issued Friday by E. M. Johnston, agricultural statistician for Texas, federal department of agriculture, which stated that the condition of this crop on September 1 was 83 per cent of normal, or equivalent of 22.8 bushels yield per acre. A production of 174,337,000 bushels is indicated by the report, which states that harvesting in the lower Rio Grande valley is already well under way.

The condition of oats on September 1 was 54 per cent of normal, according to the report and a yield of 43,886,000 bushels is forecast.

Despite unseasonably dry weather the condition figure for sweet potatoes was 75 per cent, or an average yield of 89.25 bushels to the acre. The entire Texas crop is estimated at 8,300,000 bushels. The average condition of all rice on September 1 was 87 per cent, according to the report, which states that harvesting of this grain has been benefitted by the drouth. The rice yield of the state is given as 6,447,000 bushels.

The average yield of all tame and cultivated hays this year is 1.62 short.

NEAR FREEZING IN MONTANA

By Associated Press.

HELENA, Mont., Sept. 9.—With rain or snow in many parts of the state and unseasonably low temperatures, Montana today is having the first autumnal storm of the year. Colder tonight with the mercury near freezing is the weather bureau forecast.

Helena with .06 of an inch of precipitation and a minimum temperature of 34 degrees was the wettest and coldest place in Montana for the 24 hour period ending at 6 o'clock this morning, the weather bureau reported.

The Rockies near Helena and the foothills were white. In the forenoon snow fell in the valley here.

SIGNAL CORPS TO BE REORGANIZED

By Associated Press.

WASHINGTON, Sept. 9.—Reorganization of the army signal corps on the reduced strength basis was announced today by the war department. The seventh field signal battalion, Camp Travis, Texas, was ordered demobilized and the fiftieth signal battalion at Fort Sam Houston was placed on the inactive list.

The 13th signal troops was ordered to march from Camp Travis, Texas to Fort Bliss, Texas, and the fifth signal company from Camp Jackson, S. C., to Camp Alfred Vail, N. J., also given in active status.

The message was dispatched at 9:45 a. m.

RAIL OFFICIALS FILE STATEMENTS

By Associated Press.

WASHINGTON, Sept. 9.—Railroads of the country had a net operating income in July of $69,485,000, the largest since last October and $17,000,000 more than in June, the association of railway executives announced tonight on the basis of reports filed with the interstate commerce commission. The earnings, a statement by the association said, were at the annual rate of 4 1-2 per cent on the tentative valuation fixed by the commission for rate making purposes. The compilations were based on reports from 202 class one railroads having a total mileage of 235,641.

Roads failing to earn their operating expenses and taxes for the month numbered 57 as compared with 72 in June.

SHOOTING ON BELFAST STREETS

By Associated Press.

BELFAST, Sept. 9.—Shortly before ten o'clock this evening there was shooting in Meadow Street between the discordant factions. This street is in the north Queen street area of the city where a truce had been arranged during the day.

WHY BOTHER TO ROLL THEM? ASKS THIS PRETTY MISS

Miss Lucy Day tries out men's socks on Fifth Avenue.

The rolled hose is an old story after a summer of bare knees and short skirts, but Lucy Day, a fair New York miss, has given Fifth Avenue a treat to something really new. She calmly strolled down the avenue the other day wearing men's socks which reached some four inches short of the short skirt hem.

Local Legionaires Launch Campaign to Raise Budget

A campaign for the purpose of completing the club rooms of the Pat Carrigan post, American Legion, will be launched Saturday morning, it was decided at a meeting of the executive committee of the post Friday. The campaign is for the purpose of obtaining a budget of aoout $3,000 toward the next years work of the post, $1,000 of which will be used for completing the furnishing of the club rooms on Ohio.

While members of the legion itself are to figure in the business men who have expressed interest in the work are not to be overlooked by any means, according to members of the committee—in fact a number of the principal business men have expressed a willingness to head the list.

In this connection it was brought out that the extending of aid to former service men during the past two years, first during the boom, and later during the business depression, as well as the incidental expenses in the overhauling of the legion quarters have caused a drain not only on the legion treasury, but on some of the members, the deficit naturally falling on a few, as the dues of the organization are purposely kept low in order that no former service men might not belong.

RAILROADS LIKE ARMY OR NAVY IN NUMBERS OF ORDERS GIVEN

Railroads are like the army and navy in the respect that they have in force a certain "blue book" of rules and regulations, consisting of 1,870 rules, covering every phase of the operating department of a railroad, including the rules governing the movement of trains, forms of train orders, general rules (requirements for employment,) duties of employes and miscellaneus rules not coming under these heads. Continuing in the similarity between the railroads and the services, any infraction of the rules are taken up by the superintendent of the division, as the "skipper" and the "C. O." or Judge Advocate the cases which come before him, deals with who asseses the penalties and deals the demerits in the proper way and according to usage.

Penalties for infraction of any rule or any set of rules are decided by the superintendent, with the findings of an investigation, by reprimands, assessment of demerits or by dismissel from the service. To "get the can" as the railroad men calls it he must be guilty of serious infraction of rules or must have broken enough rules to cause his number of demerits to pass the danger line.

As the demerit is a black mark so is the "merit" in railroad terms a mark of service and opposite in effect to the demerit. A "merit" will offset a demerit and a sufficient number of demerits can be totally obliterated by a number of merits. For instance, if a conductor passed a certain point without getting his orders from the dispatcher he would be given a number of demerits. In the course of a period of time he might perform some creditable service, extraordinary in line of duty and receive enough merits to offset the black marks.

To qualify for promotion in railroad circles, an employe must memorize those rules which govern the particular branch of work he is engaged in.

These examinations are conducted by officials of the road and consist in testing the memory of the applicant by asking him questions pertaining to the rules of the road.

Promotion in the railroad game comes like in the service-through-merit and application convincing the railroad officials that the applicant is capable of carrying on the duties to which he aspires.

Most of the great railroad executives, local railroad men say, won their way to the top of the ladder by starting at the bottom, usually as call boys or station helpers by convincing their superiors that they were worthy of being enstrusted with higher responsibilities.

COTTON HAS NEW GAIN OF 143 POINTS

By Associated Press.

NEW ORLEANS, Sept. 9.—After a period of unsettled trading in the early session today the cotton market acquired a very firm tone and rose about a cent and a quarter a pound on the months undernost buying pressure. Heavy rains in Texas, reports of a good spot demand in most sections of the interior and hurricanes in the West Indies were the main influences. Possibly the hurricane attracted more attention than anything else for it was felt that if a storm of this character should bore into the belt at this time with a world of cotton opening in the fields, the results would be highly disastrous to a crop that has felt one disaster after another throughout the season. Highest prices came late in the day and at that time nearer positions were 135 to 143 points over the close of yesterday. Later positions lagged behind. The close was at net gains of 84 to 124 points on the list. October traded up to 19.38 cents a pound and closed at 19.25.

In early trading a very much higher Liverpool than due and the hurricane warnings caused advances of 55 to 73 points, after which there was a series of reactions and recoveries on a moderate scale. At one time the list was depressed to levels 20 points higher to 26 points lower than the close of yesterday. Liquidation from the long side was the main reason for that. Toward the middle of the day reports were stronger on cables from Liverpool quoting the best showing by British textiles in many months. The market was further helped by the weekly statistics in which world taking of American cotton were put at 232,000 bales against 161,000 this week last year and 167,020 this week two years ago.

OKLAHOMANS IDLE

OKLAHOMA CITY, Sept. 9.—More men are unemployed here at this time than ever before, according to a summary of conditions issued today by the state labor commissioner. It shows 3,210 men in Oklahoma City out out employment totals 1,740.

ENGINEERS STOP CHICAGO WORK AS RESULT OF AWARD

By Associated Press.

CHICAGO, Sept. 9.—Hoisting engineers and pipe trades unions had apparently stopped work on alleged building jobs in the city today, following the wage cut announced by Judge K. M. Landis in his arbitration decision Wednesday. Judge Landis is now out of the city on a vacation.

Numerous walkouts were reported from various parts of the city, although two groups, the electricians and the bricklayers, have already approved the new wage scale. A new agreement was drawn up by the plasterers, who refused to enter the Landis arbitration, for presentation to the contractors.

The carpenters who were not included in the decision were informed by the Associated Builders yesterday that the $1 an hour scale, which Judge Landis announced he considered a fair wage, although not included in the decision, would go into effect immediately.

At headquarters of unions, some of whose members were reported to have quit work, officials said 'they had decided to go fishing too, same as the judge" and added a laconic "draw your own conclusions."

PRICE OF BOOZE IS CUT BY COMPETITION

AKRON, O., Sept. 9.—Competition for business between Akron bootleggers is becoming so keen that a marked drop is reported here by Lieutenant Frank E. McGuire, in charge of enforcement of the state prohibition law. He blames the condition upon low fines and lenient sentences imposed by judges, saying Akron judges put maximum fines at $100.

"So much raisin jack is being made that the price of drinks is coming down," he declared. "The same sized drink that used to cost fifty cents can be obtained for twenty-five or thirty-five cents."

HOLD UP BANK

By Associated Press.

INDIANAPOLIS, Sept. 9.—Three armed bandits held up the Bereh Grove State bank at Bereh Grove, a suburb, at noon today, forced three employes and two customers into a back room, and escaped with approximately $25,000.

BOOSTERS END PUBLICITY TRIP FOR FALL FAIR

Special to the Record News.

SEYMOUR, Texas, Sept. 9.—Seventeen automobiles loaded wtih boosters and the local band returned Thursday evening from a two days booster trip through Seymour territory advertising the Baylor County fair and fall rodeo to be held here September 15, 16, 17. One of the most enthusiastic meetings in the history of the city featured the completion of trip.

Peppy music by the band, and speeches by Judge J. O. A. Wheat, Attorney J. O. Newton and Hon. H. Nugent Fitzgerald, president and editor of the Wichita Falls Record News featured the meeting here Thursday evening. Mr. Fitzgerald praised the spirit and enterprise of the west empnasing the opportunity for Seymour's fair and rodeo and thanked her citizenship for having invited him on one of the greatest advertising trips of his life.

Praises Towns

He was extravagent in his praise of the reception given the boosters by the towns on their route and closed by saying that Seymour could expect him to be in attendance at the fair next week.

The trip covered a radius of four hundred miles about Seymour. Wednesday night was spent at the Frank ranch on Elm creek near Throckmorton where an elaborate feast awaited them. The feast was prepared in the cowboy fashion.

C. M. Russey, J. T. Lively and F. H. Davis were the managers for the trip, and John Croft as Charlie Chaplin, fun producer de luxe, had the real artist beat every way except in salary and reputation.

C. G. Manuel, vice president of the Wichita Falls Record News, also was an invited guest on the booster trip.

The annual fair and rodeo promises to be one of the best and largest attractions ever held in West Texas. New features are being added and the crowds are assured the best entertainments procurable. An aerial circus has contracted to exhibit thrilling and spectacular features during the fair.

Old Fashioned Dances

As a grand finale for the last night, there will be a cowboy's street dance on Seymour's new pavement. Cowboys wth chaps and spurs will dance the old square dances while comrades call such popular figures as "Going to Arkansaw."

Every mail is bringing entries for the rodeo contest. The wild west features are being rehearsed. This performance will have a riot of color, dashing and trained cowponies, wild longhorn Mexican steers, and big Bhrama bulls. Cowboys from the ranches of west Texas and New Mexico will match their skill against the odds of brute, vicious, and man eating bucking broncbos.

Practically all improvements of the fair grounds contemplated will be finished this week, and President F. F. Fisher of the fair association states that 15,000 daily attendance can be cared for very easily.

POSTAL ROBBERIES SHOW BIG DECREASE

ALL BUT $10,000 RECOVERED FROM LOOTING WITHIN PAST FIVE MONTHS.

By Associated Press.

WASHINGTON, Sept. 9.—How postal robberies have decreased since the arming of mail clerks was indicated in a statement today by Postmaster General Hays, stating that during the last five months the losses from robberies amounted to only $88,580, of which $78,000 was recovered. During the year preceding arming of the clerks, robberies amounted to $6,300,000 and recoveries to $3,200,000.

"I don't know whether this represents a reform wave or what," said the postmaster general, "but the postal inspectors believe the arming of clerks had been the cause."

NARCOTIC AGENT KILLS HIMSELF FOLLOWING RAID

By Associated Press.

NEW YORK, Sept. 9.—One of the most spectacular drug raids New York has known, ended today with the mysterious suicide of the chief raider.

Frank J. Fitzpatrick, head narcotic investigator, led 13 agents in a gallant charge up the gang-plank of the Greek steamship king Alexander and engaged in a hand-to-hand fight in which volleys of shots were fired, five seamen wounded, $100,000 worth of drugs and whiskey seized and nearly 225 men aboard the vessel rounded up for examination.

The raid over, Fitzpatrick stepped into a washroom on the Brooklyn pier where the king Alexander was tied. Two shots rang out. Fitzpatrick was found dead, both bullets in his heart.

The suicide completely mystified the raiding party. Their only theory was that their chief, who they said, had been worrying over his health, suddenly had become demented in the excitement of the fight. Tonight they were awaiting the arrival from Washington of Colonel O. G. Forrer, executive assistant to the chief of the narcotic division of the internal revenue bureau, ordered to New York to make a thorough investigation.

The raid had been elaborately planned by Fitzpatrick.

TOKIO GIVES WELCOME TO JAPANESE HEIR

TOKIO, Sept. 9.—Tokio's two and one-half million people today gave a characteristic expression of Japanese loyalty to Crown Prince Hirohito, the heir apparent, whose recent successful tour of the occident has appealed to popular imagination and undoubtedly aroused new and more democratic interests in the imperial family.

Mayor Goto gave a popular reception in honor of the Crown Prince whom the people now regard as the real head of the empire, owing to the illness of the emperor.

Tonight a mammoth procession, bearing a hundred thousand Japanese lanterns, serenaded Prince Hirohito's palace. He addressed the multitude alluding to the necessity of doing everything possible to contribute to the success of the forthcoming Washington conference on limitation of armaments.

The events of the last week tend to show that the throne is being brought closer to an abandonment of the ancient exclusiveness.

FAR EAST DEMANDS REPRESENTATION AT ARMS MEETING

By Associated Press.

PEKIN, Sept. 9.—Citizens of the far eastern republic consider it indispensable that they be given unofficial representation at the conference on limitation of armaments which will be held in Washington late this autumn. M. Yourin, foreign minister of the republic, has sent a note to Washington declaring that the geographical position of the country entitles it to participate and such participation is essential to peaceful issue.

OFFICIAL HELD ON BRIBE CHARGE

WASHINGTON, Sept. 9.—Charged with soliciting a bribe William Jacobus, an auditor of the United States shipping board emergency fleet corportation, was arrested here today by federal authorities. Orders for th arrest were given by Colonel Guy D. Goff, the assistant to the attorney general, who is in charge of the department of justice, war graft investigation.

FROM AROUND THE STATE

CLARENDON

CLARENDON, Texas, Sept. 9.—Donley County will be one of the best counties for sweet potatoes. On the farm of W. L. Butler of Lelia Lake, county agricultural agent, Roy W. Hendrix and R. O. Dunkle, by actual measurement on sixteen-twenty-fifths of an acre, 292 bushels of sweet potatoes were produced. This makes a better average than 500 bushels to the acre. These potatoes sold at $2 per bushel and were of the finest quality. At this rate producing sweet potatoes on the above average would mean $1,000 per acre.

Donley County also this year has produced the finest watermelons in this section. This week, two cars have been shipped from Lelia Lake and three cars from Clarendon, one car was sent as far as Loveland, Colo., another car to Fort Worth.

F. M. Clark and Hedley, the owner of the famous Silver-Crest Hog Farm has just sold one hundred more Poland China pigs and shoats.

W. L. Butler & Sons, owners of the Lake Crest Hog Ranch of Lelia Lake, have sold thirty pure bred hogs averaging around $125 per head. Mr. Butler heads his herd with the famous boar, Franklin Big Bob.

STAMFORD

STAMFORD, Texas, Sept. 9.—At a meeting of the Chamber of Commerce held today it was decided to make a three day trade excursion, instead of two as has been planned.

The first day, next Tuesday, September 13, will be spent upon the Wichita Valley as far as Munday, then coming down the Orient to Sagerton and back to Stamford the first night.

The second day will be spent upon the Stamford & Northwestern railroad and the third day will be given to Rotan, Hamlin, Roby, Anson, Lueders and other towns. The detailed program is being worked out and the plan is to have every business in the city represented. About seventy will make up the party and they will be accompanied by the Stamford brass band.

The city council formally accepted the new trucks purchased by the body in April, and installed the same today. The tests made yesterday were thoroughly satisfactory and with the acquisition of this equipment the city will have the largest fire appartus of any city of its size in the state.

HERE'S NEW WAY TO EQUIP AUTO

AKRON, Ohio, Sept. 9.—Here is a new method—successful, but rather tedious—for obtaining a new auto.

One evening recently an auto hit one driven by R. B. Myers, charity worker. Myers's gas tank was smashed, and the owner of the other car bought Myers a new one.

Another auto a few days afterward smashed one of the wheels on Myers's machine. A new wheel was purchased for Mr. Myers by the okner of the other auto.

During another collision the wind shield on his car was damaged, and Mr. Myers was presented with a new one.

"I am hoping some one bumps into my radiator and musses up my auto top. Then I will have almost a new car," said Mr. Myers.

HERE'S BALM FOR ERRING HUSBANDS

KANSAS CITY, Mo., Sept. 9.—The husband who forgets to mail "friend wife's" letters can now breathe easier. Even post-office officials forget that important marital duty.

W. N. Collins, assistant postmaster of Kansas City, found a letter reposing in his pocket. Investigation proved his wife had given it to him two weks before to mail and that it was an invitation for a visit which is now "how cold."

"That's not the worst," Collins said. "I once had three postcards announcing we were coming on a visit and forgot stamp them. We beat the cards to our destination."

CHILDLESS, SO ENDS LIFE.

BERLIN, Sept. 9.—Heinrich Haggenmacher, a multi-millionaire, 86 years of age, who owned numerous factories, mills, breweries and restaurants throughout the country, has committed suicide.

In a letter which was found on his office desk, Haggenmacher, who was a childless widower, stated that his lonely life had become unbearable.

WOMAN SICK FOUR YEARS
Was Finally Made Well by Lydia E. Pinkham's Vegetable Compound

Steens, Miss.—"I was all run down and nervous with female trouble and my sides pained me so at times that I could hardly walk. I suffered for four years with it. Then I saw your advertisement in the papers and I began taking Lydia E. Pinkham's Vegetable Compound. I feel stronger and am able to do most of my housework now. I recommend your Vegetable Compound to my friends and you may use this letter if you care to do so."—Mrs. W. H. Blake, Route 1, Steens, Miss.
How many women, overworked, tired and ailing, keep up the ceaseless treadmill of their daily duties until they are afflicted with female troubles as Mrs. Blake was, and are run down, weak and nervous. But every such woman should be convinced by the many letters like hers which we are constantly publishing, proving beyond question that Lydia E. Pinkham's Vegetable Compound will overcome such troubles, and write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., in regard to their health.

BUILDING ACTIVITIES ENCOURAGING.

For the first time this year the total value of contract let, as reported in Engineering News-Record of Philadelphia exceeded the total value reported for a corresponding month in 1920, in August. The total value of contracts let in August, 1921, was $104,644,115. as compared to $92,661,818, the value of contracts let during August, 1920.

The value of contracts let during the last month is five per cent more than the average monthly value for the year so far, whereas the August, 1920, contracts were valued at only 62 per cent of the eight-month average.

The total value of contracts let now for the first eight months of the two years follows: 1920, $1,180,632,146; 1921, $789,904,941. No account is made of residential building nor of housing projects, except those of an industrial character.

During August, 1921, the total value of miscellaneous building amounted to more than $50,000,000, as compared with $33,000,000 during the same month of 1920, an increase of approximately 50 per cent.

A still greater increase is noted this year in street and highway work, the total contract value being as follows: 1920, $18,564,595; 1921, $28,692,878. This shows an increase during the last month over the corresponding month of 1920 of 53 per cent.

In only three out of nine classifications of construction work did August, 1920, exceed August, 1921. These three clasifications are excavation and dredging work, industrial building and Federal government work.

In industrial work 1920 far outdistanced 1921 in the total value of contracts let, as there is comparatively little industrial building going on at the present time.

The values of this class of work were for August, 1921 and 1920, about 7,000,000 and $26,000,000, respectively.

The comparisons of the total contracts let for August, 1920 and 1921, have not taken into account the decrease in the cost of construction within the last year. Due to the deflation of prices, $1,000,000 will do a large construction job now than during August, 1920.

MEXICO IS RICH FIELD.

Mexico was cited as the future land of opportunity for America by Carlton Jackson, United States commercial attache, with headquarters in Mexico, following a dinner given for him and Raul G. Dominques, Mexican Consul, by the Foreign Trade Association yesterday. Eugene H. Stearn, president of the association, presided.

In an interview following his formal address Mr. Jackson warned that the United States be alive to the dormant possibilities lying to the south, saying that although American investment and influence predominate at present, there soon will be a big influx into Mexico of foreign enterprise. Foreign business of all types, he said, is growing, "some with English capital, much with German, French and Spanish capital." But American capital leads all the rest in private investment, Mr. Jackson said.

Since 1916, Mr. Jackson declared, American investments in Mexico declared, American investments in Mexico have increased approximately $20,000,000. Britain appears to be the most active rival, while Germany and France are live competitors, Mr. Jackson said.

Now, and in the immediate future, Mr. Jackson declared, there is and will be an increasing demand for machinery, especially in the line of textile machinery. The manufacture of woolen and cotton textiles is one of Mexico's greatest industries, he said, and England is supplying most of this machinery, he added.

According to Washington advices the packers decree may be modified in order that the $15,000,000 fruit crop of California may be marketed. According to the modifiers these canned goods can be sold by the packers in connection with their refrigerator service throughout the country on meats. It is claimed the wholesale grocers have been compelled to make the admission that they are unable to compete with the packers on slow freight service. This is a prediction: Before the passing of the Harding administration the celebrated packers decree obtained by former Attorney General A. Mitchell Palmer will be modified out of existence. This is the way it looks to reads of the sign language.

Uncle Sam is to establish a govegnment owned cable system into the Far East Heavens. Wouldn't this be socialism? If government-owned cables why not government-owned everything else?

TEXANS IN THE LIMELIGHT

(From the Denison Daily Herald)

Hugh Nugent Fitzgerald, editor of the Wichita Falls Record News, is conducting a daily personal column in that interesting publication entitled, "Mainly About People." It is doubtful if there is a single man in public life in Texas today who has a more extensive personal acquaintance than Fitz, and those with whom he has no personal acquaintance he knows somebody who does know them intimately and thus is he brought into close relations with men in all walks of life with a fair knowledge of their personal history. In a recent issue of The Record News, H. N. F. had the following to say about a number of former Texans who are very much in the limelight in other states:

"Walter A. Chandler, a former Texan, is a member of congress from the city of New York. He was a Democratic until he was 40; then Theordore Roosevelt converted him and when the Bull Moose died Chandler slid into the Republican party. Hon. C. A. Caldwell, a former Texan, is a congressman from the city of New York. He was born a Democrat and expects to die in harness a Democrat. The New York Times announces that Judge Charles E. Craig of New York City is a candidate for re-election as comptroller of New York City on the Tammany ticket. Judge Clark was born and reared in Grayson county. He has been in New York for the past 20 years, having located there immediately finishing at Columbia University. His brother, Boyd Craig, is sheriff of Grayson county, Martin W. Littleton, the famous criminal lawyer of New York and Democratic leader, although born in Tennessee, located in Parker county, Texas, in his boyhood. Farming did not appeal to him and so he worked as a section hand on the Texas & Pacific railroad to earn the money that would enable him to attend a law school. Judge Robert S. Lovett, for years the righthand man of the late E. H. Harriman, was born on a rocky farm in San Jacinto county, Texas. He chopped railroad ties in his youth to earn the money to educate his mind. Now he is the chairman or executive head of the Southern Pacific system and his salary is only $150,000 a year. Is American the land of opportunity?"

It is. But to insure success the start had best be made in Texas. The gentlemen named are greatly indebted to Texas for without the inspiration of its soil, its environments, its glorious traditions, they might not have been able to grasp the wonderful opportunity that brought to them distinctive achievements in their respective lines of endeavor. Yes, indeed, America is a land of opportunity and Texans are educated and trained to recognize it when it comes their way.

"HENRY SETS THE PACE."

"Ford pervades Detroit, writes Richard Spillane. His establishment at Highland Park is a city in itself, a city surrounded by the city of Detroit. Its magnitude astounds the person who sees it for the first time. Conditions within and without are excellent. The homes of the workers are better than the homes of most workers. The factory buildings are better lighted, better ventilated, more orderly than in most factory structures. The power house is a monster. Possibly there is a bigger one somewhere in the world but if there is it must be of gigantic size. There is a hospital, free to Ford employes, that cover four city blocks. It has its own ambulances, its own medical staff, its own equipment. Highland Park, too, has its own police force, street cleaning department, everything. Visitors all are eager to see the incubator of the flivver and when they see it they gasp. Business men and others all suggest to visitors that they visit Highland Park. When you ask how business is they start their answer by telling how many men are at work in Henry Ford's plant, his daily payroll, the number of cars he turns out an hour, a day, a week, a month and a year. Henry sets the pace.

Secretary Mellon isn't a theorist. He is a cold blooded, long headed and practical business man. He has notified congress that $4,000,000,000 must be produced during the next fiscal year. Mellon knows. He is a financier more than he is a politician. He was made secretary of the treasury in order that the administration might be able to pull itself out of the ditch and redeem some of the pledges made to the people. Mellon has a program. He submitted it some weeks ago. It was side tracked by politicians. Now he has resubmitted it and the signs are that it will be put over.

Oregon hop growers have been offered twenty cents a pound for the remainder of their 1920 crop, an advance of six to seven cents over the nominal price prevailing up to September. For 1921 contracts thirty cents a pound is being offered, an increase of eight to ten cents over recent offers. The sudden flurry is attributed to demand of British buyers, the English hop crop being reported short. Approximately 10,000 bales of the 1920 crop are on hand. The new Oregon crop is estimated at 60,000 bales, of which 50,000 bales have been contracted for.

Governor Neff signed the bill authorizing lease to the Federal government of the American Legion memorial hospital for tubercular ex-service men and women at Kerrville. The $1,500,000 appropriation made by the state for the hospital stands. Fact of the matter is the federal government should lease the Kerrville purposes. It wasn't a state war. It was a war waged and won by the American people for the preservation of the democracies of the the world and liberty for mankind.

The Producers and Refiners have sold all their interest in the new pipe lines now under construction from Casper, Wyo., to Salt Creek to the Standard Oil interests, according to the Oil City (Pa.) Derrick. Work has been ordered stopped and what pipe has been placed will be removed and the project abandoned. This includes stoppage of construction work on the new refinery.

Enactment of a permanent tariff bill may await the result of the International conference of armament limitation. It seems that President Harding and his congressional leaders have been told that the world trade must be revived and that a high tariff may prevent this. What about the pledges of the past? What about the promises of the past? What about a business administration by business men?

AGE AND BITTERNESS.

Too many men, when they grow old, are prone to sit around and scold, and view things with alarm; they spend the long hours heaving sighs, and everything that meets their eyes is void of worth and charm. I too am old and oft I feel so tough I'd like to raise a spiel of sorrow and dismay; distressed by rheumatis and gout, I'd like to tell the world about a golden yesterday. But when I take my lyre in hand, to celebrate a past long canned, I feel that I am wrong; the world is still a fine resort; the fact that makes me kick and snort, is that I've lived so long. The world is right side up with care, and old men shouldn't tear their hair, and say it's slipping cogs; it still rolls on around the sun, and girls and boys who have their fun aren't going to the dogs. We all admire the fine old guy who views the people going by, and views them with a grin, who joins the laughter of the young, and doesn't sprain a withered lung to prove that mirth's a sin. But if an ancient gent is sore and sits beside his cottage door to prove all things are wrong, he finds he has a lonesome job, for no one cares to hear a sob when he can hear a song.—Copyright by George Matthew Adams.

ON THE SPUR OF THE MOMENT

A NERVOUS SPEAKER

The other night I saw
A street corner speaker
And he was making a speech
From a taxicab. He was standing
On the back seat of the cab,
But he appeared to be nervous,
And he looked at his watch
Every two minutes, and
The driver of the car,
Who sat smoking a cigaret,
Also looked at his watch
Every three minutes,
Then looked at the speaker,
Then turned his attention
Again to his cigaret.
Then they would both look
At their watches again,
And the speaker would go on
With his speech, but I noticed
That every time the driver
Looked at his watch the speaker
Seemed to grow more nervous.
Finally he quit cold and told
The driver to start his engine
And drive him out of there.
I believe it would be
A good thing to have
All speeches made
From taxicabs where the
Charge is so much and
The driver keeps tab.
No man can speak more than
Eight minutes under such
Conditions.

A LETTER TO THE WIFE.

Dear Wife: I know you are having a perfectly lovely time out there in Michigan and so I do not want to urge you to return to New York until you get ready, but, whatever you do, don't haul off and return home without letting me know a couple of days in advance. You know.

I have been sleeping in all the beds during the three months you and the kids have been away, but I found the kids' beds a bit short and had to put a chair at the foot of them and push my feet through the foot of the bed and rest them on the chair. I believe I put it in the paper that Annette Kellermann, your goldfish, is dead, which is the only tragedy we have had.

I have not been feeling so good, myself, but it is nothing serious and you needn't hurry home on that account. I hope you received that ten bucks I sent you in July and if you should need any more I hope you will let me know. It has been very lonesome, but don't hurry home for that reason. I have swept the apartment out once since you went away in June and it looks pretty clean.

I will have somebody come in and wash up the dishes before you get back. They all have eggs in 'em and eggs are hard to get off. I have eaten so many eggs I haven't the heart to look a chicken in the face. You know I never looked at 'em much. If you need any more than that ten bucks I sent you in July, be sure and mention it. Write, don't wire.

THE SIMPLE LIFE.

King George is leading
The simple life, according
To the news that comes
by cable daily from London.
He has cut down the grocery bills
By curtailing the royal menu.
No more corned beef and cabbage.
He says he cannot afford to live
On the salary that he gets.
How like the rest of us!
He has gone to the country
To visit the Duke of Devonshire,
And is living in a shooting box,
Whatever that may be,
And goes to bed at 9 o'clock
By candle light because there
Is no electricity or gas.
It seems very tough, indeed,
But, before we start a
Subscription for George
We are going to try and pay
Our own rent and electric bill
So that we won't have to depend
Upon candle light another month.
We sympathize with the old top;
But charity begins at home.

district, and is a big step forward for the Panhandle. Mr. Satterwhite's battles with the so-called 'People's Club' in the recent legislature at first indicated his elimination from the speakership race but finally turned to his advantage, his friends believe, and he is confident he will be named as speaker at the next session. The Hereford chamber of commerce will be asked to send one or more representatives to Amarillo on the 19th to aid the Amarillo boosters in impressing upon the state park committee the claims of the Palo Duro, Mr. Satterwhite advised. Every county in the Panhandle will be asked to join with Amarillo in this undertaking."

Editor Harry Koch of the Quanah Tribune-Chief has a view point on the labor problem. It is given space: "The Childress Index republishes our editorial about the union carpenters of Quanah reducing their wages, and comments: 'The action of the union carpenters of Quanah is commendable, but Childress carpenters have them bested, for several months ago they reduced their scale to 75c per hour. However, carpenters of Childress are kept busy most of the time, as Childress is up and going all the time.' The Childress carpenters that the Index alludes to do not belong to the union, we are told. For our friend's information we might add that the non-union carpenters of Quanah have been working all the time for 70c per hour, which leaves the Index's boast up in the air.

—THE BEST WEEK OF THE RECORD NEWS' GREAT $10,000 AUTOMOBILE AND PRIZE CAMPAIGN HAS BEGUN!

—"Opportunity Week," it is because—

—Every $15.00 worth of subscription payments turned in before 7 o'clock Saturday night, October 1, entitles the candidate turning them in, to a BONUS OF 50,000 EXTRA VOTES! Three weeks more of opportunity—for you.

—By sending in your nomination TODAY, and starting your campaign for votes, by the time the standing is printed Sunday YOUR name may be in the lead. Never again in all the great campaign will subscriptions be worth more in votes than between now and October 1st. If you have already been nominated, don't lose a minute in getting started. Come right down and see the campaign manager, get materials, and start out for one of the big cars. YOU can win if you try. It's simply a matter of votes, and great will be the reward of the plucky!

—Get your name in a leading position in the vote columns in next Sunday's paper. Start the ball rolling NOW!

—Many country contestants have just received subscription books and are just starting their campaign. In the towns outside Wichita Falls they are entering into the campaign with vim and vigor, and though it is still early to draw any conclusions, present indications are that country contestants are just beginning to realize the tremendous opportunity that confronts them. That they will take advantage of the big bonus vote offer and that many changes will appear in next Sunday's standing is certain, as the great advantages of this opportunity for outside contenders makes starting a simple matter.

—Country contestants have exactly the same opportunity of winning as those in the city—exery contestant regardless of district or division has her chance for the Grand Prizes, and for the cars in their division, country contestants do not compete against those living in the city. In order that country contestants may have an equal opportunity of sharing in this offer and devote an equal amount of time to it, the campaign manager announces that subscriptions enclosed in an envelope bearing a postmark of not later than 7 p. m. Saturday, October 1, will apply, no matter if they are not received in the campaign office for several days. Under this arrangement you can work right up to the last minute—drop your letter in the local post office at 7 o'clock, and the subscriptions will apply on extra votes.

—There is a tremendous field for subscriptions to The Record News in every town in this vast territory.

—Go after them—and get an automobile!

Chicago And Detroit Should Take Their Teams Out Of The American League And Put 'Em On The Grand Circuit.

BEST SHREVEPORT CAN DO IS TO BREAK EVEN--GUESS THAT'LL HOLD BILLY SMITH FOR A WHILE

By C. F. CARTER

Well, whatcha know about the slipping Gassehs, huh? Best those ums could get was an even break against the Spudders yesterday. The aseball team isn't in existence that can lick our Spuds twice in one day, no a'am. Some teams may have done it in the past, but they can't do it any ore—and there isn't a team in the Texas league that could keep the pudders from winning a pennant if it wasn't for that confounded jinx.

Now, there's another story—story bout that jinx. We got our wires ll crossed up recently when we stat d on this page that We, Us & Co. ould chase said jinx to the tall un ut. We have investigated the mat er more deeply since then, and have ade the horrible discovery that we urself are the jinx! We're really not esponsible for the unfortunate situ tion, as we're a sort of Dr. Jekyll nd Mr. Hyde and have been leading double life—one day we pull the pudders over, and the next we jinx em.

We don't know what to do about t, fans. Guess we'll have to continue patiently waiting for the Texas eague season to end, then go settle n Fort Worth and prepare to jinx he Panthers in 1922!

This is all just among us friends, 'understand. Don't let the general ublic know we're the jinx, will ya? Cause if they did, the Ku Klux Klan night order us to leave town—and we've got a sore foot and no railroad fare.

Yes, the best the Gassers could get was an even break. The Spudders held 'em, by gum! Let 'em win the opener 5 to 0, and then licked 'em to 3 in the closing game of the doubleheader. That's fooling the enemy, say we.

Rube Wasn't There.

Rube Marshall didn't have his big red dice in his hip pocket when the first game started, with the result that the Gasser clan thumped him right royally, finally knocking him for a "gool" in the sixth inning. Knadler finished and pitched good ball for the last two innings. Abe Bowman hurled a good steady game, all things considered, in the closing bill, and the boys won the game for Abe in the last inning.

The Gassers did their Christmas scoring early in the first tussle, counting in the opening frame when Joe Jackson lifted the ball over the left field fence after two men were out. They chalked up two more in the fifth, and ended Rube Marshall's baseball career for the day, to wit, namely:

Storey opened the ball with a single to right, and advanced when Ewoldt sacrificed. Jackson kicked in with a wicked triple to left that scored Storey standing up—and Jackson counted behind him when Hack Eibel found Rube for a two-bagger to left. Watt singled to center, and went to second, Eibel scoring, when Johnston made a wild heave toward first base. Long filed to left, but Watt scored when Hartford placed a one-base blow also in the left garden. Vann closed the cadenza by lining out to Tex McDonald.

And that about tells the story of the first game.

Look Better In Second.

The Spudders got a one-run margin over the Gassers in the second contest, after Shreveport had made their customary score in the opening frame. The Spuds made two in the second canto on a timely two-bagger by Caddy Works after Allen was safe on Hartford's error and Griggs had singled.

But the Gassers again took the lead with two markers in the fifth and it began to look like a double defeat for the Wichita Falls crew. But the seventh inning handed the game to the gang in this fashion.

Clark led off with a single to center. Johnston, batting for Allen, filed out to Roy Storey. Ramsey batted for Griggs and struck out. Caddy Works singled to left, putting Danny on second base, and both runners then advanced on a passed ball. Bischoff hit to Ewoldt who pegged wildly to first, Danny and Caddy both scoring—and Abe Bowman fanned.

The boys held 'em in the last of the seventh and there the old pastime ended.

We're still cheerful, despite the percentage column and our sore foot. The boys are trying, and the Lord knows they'd like to win every game a darn sight more than all us fans would like to see 'em do that little thing. No mourners in this neighborhood. Keep smiling.

IT'LL TAKE MORE THAN SILK LINES TO CATCH WOMEN

NEW YORK, Sept. 9.—Two expert anglers will try to fish Miss Ethelda Bleibtrey, Olympic swimming champion from a 250 foot swimming pool with a bamboo rod and an ordinary silk fish line September 15. She will try to prevent them. The contest was arranged today by a newspaper.

The Anglers are Joseph Cawthorn, expert on tuna and James A. Cruikshank, star troutfisherman. The line will be attached to a belt which Miss Bleibtrey will wear, allowing her full freedom. The fishermen will take turns in trying to pull her the length of the thank and to "land" her.

FIGHTING BOB IS SICK SO HE CALLS OFF BOUT

ST. LOUIS, Sept. 9.—The proposed boxing exhibition here September 15, between Bob Martin, A. E. F. heavyweight champion, and Hug Walker, Kansas City, has been called off it was announced today, because of the serious illness of Martin. The bout was to have been for the benefit of former service men. Jimmy Bronson, Martin's manager, telegraphed from New York that Martin was threatened with pneumonia.

KANSAS CITY GIRL WINS OKLAHOMA TENNIS TITLE

COBB JOINS LAJOIE AND WAGNER IN 3,000-HIT LIST

Honus Wagner, left; Nap Lajoi and Ty Cobb.

While Captain Anson and a few others of the players of long ago have records of 3,000 hits to their credit, only three of the modern crop of ball tossers, dating from 1900 to date, belong to the select circle of 3,000 hitters—Ty Cobb, Nap Lajoi and Hans Wagner.

Wagner, the flying Dutchman, played the same number of years as Larry, the graceful Frenchman, and Lajoi shows a higher batting percentage for his term than Honus, still Wagner tops him in the number of hits by nearly 200.

Ty Cobb, who has played four years less than this pair of famous rivals, has made only 428 hits less than the famous Frenchman, but figures a higher batting average than either of them.

Ty got his 3,000 hit in the last game of a doubleheader August 19 off Elmer Myers of the Red Sox. Ty got his first American league hit on August 30, 1905. It was a double to left off Jack Chesbro of the Yankees and in his first big league time at bat, and drove in two runners.

The records of Cobb, Lajoi and Wagner follows:

Player	AB.	R.	H.	TB.	PC.
sCobb	8095	s1585	3002	4207	.371
Lajoi	9577	1501	3236	4499	.338
Wagner	10427	1740	3430	4874	.329

Cobb played in 2,133 game, Lajoie 2,469 and Wagner 2,794.

REDS KNOCK PFEFFER OUT AND TRIUMPH

CINCINNATI, Sept. 9.—Pfeffer was batted out of the box in the sixth today and Cincinnati won a lopsided game from St. Louis 10 to 3. Roush hurt his leg running bases and retired. The score:

INTER-COUNTY INSTITUTE OF TEACHERS ADJOURNS AFTER CROWDING WORK INTO HALF DAY

Rushing the day's work into a half day to enable the teachers to catch the afternoon trains for their homes, the first annual teachers' institute for Archer, Clay, Wilbarger, and Wichita counties closed at noon Friday.

Dr. H. W. Nutt, conductor of the institute, completed his series of lectures relative to the many problems of the public school teacher. He spoke on "Measuring the results of teaching in terms of the human elements with the process of education deals."

His lecture dealt largely with the use of standardized tests in teaching. He cautioned the teachers that the mental process of learning of some pupils prohibit their completing all tests to a standard, and that credit should be allowed if the pupil works hard during the symester but falls in the tests.

The pupils study best during regular study periods at school, according to Dr. Nutt in speaking before the high school section on "Supervising the study habits of high school pupils." He expressed himself as favoring all study being done at school and none at the pupils' home.

Reverend Fred T. Datson, rector, church of the Good Shepherd, gave the invocation at the first general session. Music under the direction of Harry V. Preston followed the invocation.

Plans for 1922

It was decided at a meeting of the executive committee of the institute to have the executive committee meet in Wichita Falls some time this winter to outline plans for next year's institute.

Superintendent E. L. Dahoney of Vernon was re-elected chairman of the executive committee for next year.

Resolutions were adopted at the closing session of the institute thanking the people of Wichita Falls for their generous treatment of the teachers, the Chamber of Commerce, Superintendent Lee Clark for his fairness in conducting the institute the First Christian church for use of their building, local ministers, the Parent-Teachers federation for their entertainment of the teachers, Dr. Nutt for his helpful and inspiring work during the institute, Mayor W. D. Cline, Dr. Penick of the University of Texas, Mr. Whitley of the East Texas State Normal College, Dinsmore W. Hume of the Federal Reserve Bank of Dallas for their inspiring talks, Miss Anne Webb Blanton for her addresses and the great work she is doing in Texas.

Stands Taken

The institute also went on record as favoring clean athletics and clean literary contests, as urging every teacher to join the state teachers association, and favoring a new constitution for the state of Texas whereby the institutions of higher learning may be established on a firmer and more enduring basis.

Superintendent Lee Clark bid the teachers farewell stating that Wichita Falls regretted to see them go, and would be glad to welcome them here next year. He expressed himself as pleased with the work accomplished during the institute and apologized for failure to provide more entertainment for the teachers attending the institute. He stated that next year, they would devote more thime to that feature of the institute.

Schedule Pleases

Bowie was substituted for Nocona on the football schedule at a meeting of theathletic council at noon. Many of the football coaches for the high schools represented expressed themselves as pleased with the schedule arranged. The University Interscholastic league is supervising all high school football to be played in Texas, that makes it necessary to secure the approval of the director of football for the league before the schedule became official.

LOVE AND LAW WAIT AT GATES OF FEDERAL JAIL

By Associated Press.

LEAVENWORTH, Kans., Sept. 9.—Love and the law waited at the gates of the federal prison here today for the release of Frank Buchanan, third term forger.

Miss H. M. Belknap of Kansas City, who met Buchanan in the penitentiary where she conducted services under the auspices of the Society of the Welfare of Prisoners, was there to marry the released prisoner, but waiting also were federal officers, who came to take him back to Atlanta, Ga., where charges of forging a post-office money order are pending.

Miss Belknap said she and Buchanan planned to go directly to the county court house upon his release to be married. However, it was not indicated whether the federal authorities would interfere with these plans. Miss Belknap declared the arrest of Buchanan could only delay the wedding at any rate.

Warden W. I. Biddle, was advised that Atlanta officers would be ready to take Buchanan into custody when he was set free.

Buchanan, who is 33, has a reputation as an artist.

WILL ARREST SPEEDERS IN NEW CAMPAIGN

Resident automobilists who are, in the future, charged by motorcycle officers with speeding and released on an automobilists five-day notice will in the future be re-arrested on formal warrant, when they fail to appear at the city hall within the time limit, it was announced Friday by Deputy City Clerk Thomas.

The order for this procedure was issued by Police Commissioner Fitts in connection with his campaign to prosecute every case brought before the city court. Numerous old cases were thrown out of court Friday when officials were going over the records because of lack of prosecuting witnesses.

In this connection it was explained that resident automobile owners, who are known to the officer, may when arrested for violating traffic ordinances be, at the discretion of the officer, permitted to sign the notice and make personal appearance at the city court within five days. An intention to prosecute every traffic violation case brought before the city court has been expressed by Police Commissioner Fitts.

WOULD BAR CREAM VENDORS FROM SCHOOLS

Vendors of confections of various kind probably will be prohibited from stationing their wagons within less than two blocks of city school buildings during this scholastic year, if a request made Friday by the City Sanitary department is put into effect.

Dr. W. T. Lucy, assistant city sanitary officer, to whom the request was made by school officials said that the matter will probably be brought before the city council at their next regular session.

According to the announcement school authorities maintain that the peddlers cause the pupils to spend too much money and also are the cause of them eating too great quantities of foods, not deemed best for growing children.

They are also said to interfere with the rules of the schools as children are constantly slipping away from the school grounds to purchase some confection.

NEW YORK COFFEE

NEW YORK, Sept. 9.—Coffee futures were very quiet at the opening and first prices were unchanged, but later there was some improvement in demand owing to special cables reporting firmness in Brazil. December contracts sold up to 7.69 and May to 8.10, or 11 to 13 points net higher on a moderate commission house demand.

Last prices were about the best of the day showing net advances of 12 to 16 points. Sales were estimated at approximately 31,000 bags. September 7.36; October 7.40; December 7.68; January 7.78; March 7.90; May 8.14; July 8.27. Spot coffee was reported in fairly good demand with Rio 7s quoted at 7 7-8 and Santos 4's ta 10 3-4 to 11 1-2.

NEW YORK SUGAR

NEW YORK, Sept. 9.—There was no change in raw sugar today with Porto Ricos quoted ta 4.37 for centrifugal and Cubas held at 4.86.

A stedier feeling prevailed in the raw sugar futures market and prices were higher on covering and scattered trade buying, closing unchanged to 3 points net higher. Final bids: September 2.80; December 2.55; March 2.44 and May 2.41.

Refined sugar was easier and prices were 10 to 15 points lower with fine granulated listed at 5.60 to 5.65. Refined futures were more active and prices were easier under liquidation. Closing bids were unchanged at 12 points net lower. September closed at 5.85; December and March at 5.50 and May at 5.45.

COTTON GOODS PRICES MAKE SOME ADVANCE

By Associated Press.

NEW YORK, Sept. 9.—The tension eased in cotton goods today and more business was transacted with prices advancing irregularly. Yarns advanced sharply, some eastern fine yarns going up to ten cents a pound. Ready to wear trade showed improvement. Burlaps held steady. Raw silks were steady.

KANSAS CITY CASH GRAIN

KANSAS CITY, Sept. 9.—Cash wheat No. 2 hard $1.22@1.30; No. 2 red $1.30@1.35.

CALF MARKET STRENGTHENS AT FORT WORTH

FORT WORTH, Sept. 9.—For the first time this week the calf market strengthened today and the cattle market was also very satisfactory, fully steady prices prevailing for all useful kinds. A car of choice Brahma calves sold at $6.00. Most of the cattle supply was good, but nothing choice was offered. Receipts amounted to 1,200 head of cattle and 2,000 calves.

The hog market showed some strength, but values were not quotably higher. Packers paid $8.40 and $8.25 for good hogs and outside buyers made purchases at $8.60 and $8.40. Bulk sales ranged from $7.75 to $8.25. Pigs brought $6.00 to $6.75. Receipts reached 1,00 head.

Steady prices were offered for the few fat sheep on offer. Around 1,100 head were yarded, some of which came direct to a packer. Quotations.

Cattle—Beeves $3.00@6.25; stockers $3.00@4.75; cows $2.50@4.50; canners $1.50@2.25; heifers $3.00@7.00; yearlings $3.50@7.50; bulls $1.50@2.75; calves $2.00@6.00.

KANSAS CITY LIVESTOCK

KANSAS CITY, Sept. 9.—Hogs receipts 2,000; very uneven; steady to 15c higher; best lights and mixed to packers and shippers $8.60; many mixed loads $7.00@8.00; bulk of sales $7.25@8.50; stock pigs steady; best $8.50.

Cattle 1,100; beef steers steady to higher; top $9.00; other early sales $4.00@7.00; others steady; few cows $3.35@4.50; canners $2.00@2.25; odd vealers $10.00; practical top $9.50; few stock steers $4.50@5.25.

Sheep 2,000; killing classes fully steady; no choice western lambs here. Best offered $8.25; feeding lambs around 25c lower; early top $6.25.

BANDHOLTZ WILL BE RELIEVED ON SEPTEMBER 20

By Associated Press.

WASHINGTON, Sept. 9.—Brigadier General H. H. Bandholtz, commanding federal troops in the West Virginia coal fields, will be relieved of that command September 12, plans for his release on that day having been approved today by the war department.

In making this announcement, war department officials said that troops now stationed in Logan county soon would be transferred to other sections of the area in which disorders recently occurred.

PROFESSIONAL PRESSURE HITS STOCK MARKET

NE WYORK, Sept. 9.—The stock market was subjected to further professional pressure in the first half of today's active session, but rallied later when confident buying by pools more than neutralized bearish aggressions.

Secretary Hoover's forecast of business improvement, the increased production reported by mills at leading industrial centers and further relaxation of money rates, as indicated chiefly by freer offerings of time funds, were among the factors which prompted curtailment of short contracts.

All classes of stocks participated in the afternoon upswing. Equipments, notably Baldwin and American locomotives, General Electric tric, American car and pressed steel, were most prominent at gains of 2 to 5 points.

Motors, steels, coppers, oils and unclassified shares trailed along at an irregular pace, but food specialties were handicapped by another cut in refined sugars. Rails were strong but relatively inactive. Maximum quotations were made along the close, despite extensive realizing for profits and call money's advance from 5 to 5½ per cent. Sales amounted to 700,000 shares.

Mixed conditions prevailed in the foreign exchange market. Weakness in French and Belgian rates was ascribed to offerings from London. Sterling held firm and German and Austrian bills rallied slightly, but Dutch and Scandinavian remittances forfeited part of their recent advances.

Local tractions were among the strongest features of the bond list on the better outlook for interborough. Rails and industrials also improved, but liberties showed mixed gains and losses, internations easing on the irregular exchange market. Total sales, par values $12,400,000.

DUN'S REVIEW

NEW YORK, Sept. 9.—Dun's tomorrow will say:

With a continuance of the favorable tendency lately noted, the general business situation is gradually assuming a more encouraging aspect. While recuperation from depression is still delayed in various quarters, the hopeful phases are now less difficult of discernment, and confidence is slowly gaining. The recent rise of cotton prices, although causing some uncertainty and hesitation in dry goods channels, has had a beneficial influence in the south, where strengthening of financial conditions is being reflected in improving cotton sections and an increasing absorption of merchandise. Developments in other agricultural sections also indicate a turn for the better as crops are marketed in volume and activities are on an enlarging scale in certain strictly manufacturing centers. After many months of decrease, the slight upturn in August pig iron output adds to the accumulating evidences of reviving production in different industries and this feature may conceivably become more pronounced with the advancing season.

EXCITEMENT IN COTTON SUBSIDING

NEW YORK, Sept. 9.—While there were very wide fluctuations in the cotton market again today the extraordinary excitement and activity of the last week or more seemed to be subsiding. An opening advance met quite a flury of heldover liquidation, but reactions of 60 to 80 points were followed by a decidedly firmer market during the afternoon. Near months led the advance and December contracts, which had reacted from 1942 to 18.80 during earlier tradjng advanced to 19.95 compared with 18.85 the closing price of yesterday and 18.40 the low point touched on yesterday's reaction. That delivery closed at 19.83 with the general market closing steady at a net advance of 61 to 125 points. The opening advance of 59 to 73 points reflected the healthier or technical position of the market after the heavy liquidation of the two previous days and firmer ruling of Liverpool.

There was also buying on reports that a tropical storm was near the coast of Trinidad moving toward the belt but there was considerable southern hedge selling which recalled yesterday's rumors that southern bankers were advising holders to sell part of their spot cotton around present prices. This checked the opening advance and later in the morning prices weakened under a renewal of liquidation which sent January and later months 8 to 20 points below last night's closing figures.

January sold off to 18.60 but the decline was checked around 18.45 for October or 15 points above yesterday's final quotation and the buying became more active after midday reports of showers or rains in the south combined with apprehension regarding the course of the tropical storm seemed to account for the relative firmness of the near months.

Anything like general rains in the south at this time would be expected to lower the grade of the new crop which would mean an appreciation in the value of old crop cotton. October sold up to 19.73 and January to 19.80 on buying which came partly from southern spot houses accompanied by reports that some demand was developing for the local stock.

COTTONSEED OIL

NEW YORK, Sept. 9.—After working up some 10 to 17 points through buying on the advance in cotton, cottonseed oil reacted under scattered liquidation, induced by the weakness in lard, but closed steady with near months 2 to 4 lower and later positions generally 5 points net higher. Sales 18,400 barrels. Tenders 100 barrels. Prime crude 7.75 bid; prime summer yellow spot 9.75 @10.00; September 9.75; December 9.62 and March 9.78, all bid.

Sea vapor is not salty, the salt being left behind in the process of evaporation.

WHEAT SELLS AT NEW HIGH FUTURE PRICE

CHICAGO, Sept. 9.—Wheat sold for new highs for September and December here today while May touched new ground for the season. There was a break around 2 1-2c early owing to a bearish construction placed on the government crop report but it was more than recovered later. May advancing 6 cents over the opening, which was the low mark of the day.

September wheat closed 4 1-4 over the opening and 5 1-44 over low of the day; December closed 4 1-4 to 4 3-4 over opening and 5 1-4 over the low.

Corn was helped by the advance in wheat and closing prices showed gains of 3-8 to 7-8. The market showed more activity, and while lower early on the bearish government report, later advanced to above yesterday's finish.

Oats showed independent strength late in the session and with broader trade advanced to a new high on the present movement, being 5-8 to 7-8 up at the finish.

Provisions were easier on scattered commission house selling.

Cash wheat No. 1 $1.10; No. 2 $1.07; No. 3 $1.04.

Oats 30 cents per bushel.

CITATION BY PUBLICATION.
THE STATE OF TEXAS.
TO THE SHERIFF OR ANY CONSTABLE OF WICHITA COUNTY, GREETING:
You are hereby commanded to summon McBest, J. B. Robertson, A. A. Brashear and Frank B. Dunlavy, composing the firm of Block 818 Water Company, a co-partnership, G. B. Runnels and J. H. Runnels, composing the firm of Runnels Brothers, a co-partnership, Producers Supply and Tool Company, a corporation, J. F. Darby and Walter K. Campbell and George W. Snedden, composing the firm of Western Oil Corporation, a co-partnership, J. H. Enderli and R. D. Ragan, composing the firm of Enderli & Ragan, a co-partnership, W. T. Walton and V. E. Hutchings, composing the firm of W. T. Walton & Company, a co-partnership, Fort Worth Well & Machinery Supply Company, a corporation, and The First State Bank of Iowa Park, Texas, a corporation, are defendants, said petition alleging:
That, heretofore, on the 17th day of September, 1919, the plaintiff, Frank L. Dittemier entered into a contract in writing with the defendant, George E. Smith, a copy of which, marked "Exhibit A," is attached to plaintiffs original petition and expressly made a part thereof; that under the terms of said contract the plaintiff, Frank L. Dittmeier agreed to purchase an oil and gas lease covering the south five acres of the west 10 acres of the south 30 acres of the north 60 acres of the A. A. Morgan tract, adjoining Block 71, Red River Valley Lands, Wichita County, Texas, and the defendant, George E. Smith agreed to drill two wells for oil and gas on three acres of the above described 5 acres of land and to furnish all machinery, tools, material, fuel oil, water, and labor to complete said wells in full, agreeing to pay for all of it, and that same would be first class in every particular, and that he would complete said well fully to tankage without cost to Frank L. Dittmeier, and as a consideration therefor said George E. Smith was to receive 7-16 of all oil and gas produced from said premises; that plaintiff, Frank L. Dittmeier performed his contract and executed and delivered to defendant George E. Smith an assignment of 7-16 interest in said oil and gas lease, a copy of which, marked "Exhibit B," is attached to plaintiffs petition and made a part thereof.
That on November 21, 1919, plaintiff, Frank L. Dittmeier and defendant, George E. Smith, entered into a contract in writing, a copy of which, marked "Exhibit C," is attached to plaintiffs' petition and made a part thereof, under the terms of which defendant, George E. Smith agreed to drill two wells on the south 2 acres of the above described 5 acre tract; said 2 wells to be drilled and completed by defendant George E. Smith wholly at his expense and upon completion of the second well the plaintiff, Frank L. Dittmeier agreed to pay him $5500.00, and upon completion of said two wells to make an assignment of an undivided 7-16 interest in all oil and gas that may be produced from said two acres.
That on February 10, 1920, plaintiff Frank L. Dittmeier, together with George Grassmuck and E. P. Peers, sold and assigned to defendant George E. Smith, the remaining one-half interest in said oil and gas lease as to the entire 5 acres in consideration of $225,000.00, of which amount $50,000.00 was paid in cash, the balance of $175,000.00 to be paid out of 7-16 of the oil produced and saved from the premises, a copy of said assignment being attached to plaintiff's petition, marked "Exhibit D," and made a part thereof.
That defendant George E. Smith has wholly failed and refused to carry out and perform the several terms, conditions, and stipulations of said contract and assignments hereinabove mentioned, notwithstanding that plaintiff Frank L. Dittmeier and his successors in interest have in all things carried out all the terms, conditions, and stipulations of said contract and assignments and have made frequent and repeated demands of the said George E. Smith and his successors that the terms be carried out and performed.
That said oil and gas lease and leasehold estate is now owned by the plaintiffs herein and the successors in interest of said Frank L. Dittmeier who owned said oil and gas lease at the time of the execution of said contracts and assignments.
That since the execution of said contracts and assignments the defendants Humble Oil & Refining Company, McBest, J. B. Robertson, A. A. Brashear and Frank Dunlavy, composing the firm of Block 818 Water Co., Sioux Oil & Refining Co., G. B. Runnels and J. H. Runnels, composing the firm of Runnels Brothers, Producers Supply & Tool Company, J. F. Darby and Walter K. Campbell and George W. Snedden, composing the firm of Western Oil Corporation, J. H. Enrell and R. D. Ragan, composing the firm of Enderli & Ragan, W. T. Walton and V. E. Hutchings, composing the firm of W. T. Walton & Co., Fort Worth Well & Machinery Supply Co., and the First State Bank of Iowa Park, Texas, have been asserting some claim or interest in said oil and gas lease, the exact nature of which is unknown to plaintiffs, but said claim is inferior and subject to that of plaintiffs herein.
Plaintiffs pray that defendants be cited in terms of law to appear and answer herein, for judgment cancelling and rescinding said contracts and assignments herein referred to, for the title and possession of the oil and gas lease and leasehold estate as to said 5 acres, for cost of suit, such other and further relief, general or special, in law or in equity, as they may be entitled to in the premises.
Herein fail not, but have before said court, at its aforesaid next regular term, this writ with your return thereon showing how you have executed the same.
Given under my hand and the seal of said court, at office in Wichita Falls, Texas, this the 31st day of August, A. D., 1921.
A. F. KERR, Clerk.
District Court, Wichita County, Texas.
By WINIFRED PICKENS, Deputy.

CITATION BY PUBLICATION.
THE STATE OF TEXAS.
TO THE SHERIFF OR ANY CONSTABLE OF WICHITA COUNTY, GREETING:
You are hereby commanded to summon William L. Durman by making publication of this citation once each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear the next regular term of the Eighty-ninth District Court of Wichita County, to be holden at the court house thereof in Wichita Falls, on the first Monday in October, A. D. 1921, the same being the 3rd day of October, A. D., 1921, then and there to answer a petition filed in said court on the 26th day of August, A. D., 1921, in a suit numbered on the docket of said court No. 11469-C wherein Lucile Durman is plaintiff and William L. Durman is defendant; and said petition alleging that plaintiff was lawfully married to defendant about February 10, 1919, and continued to live with him as his wife until the latter part of June, 1921, at which time defendant wilfully left plaintiff without just cause on her part. That plaintiff at all times conducted herself with propriety, and treated defendant with kindness and forbearance. That defendant has disregarded the solemnity of his marriage vows and has been guilty of extreme cruelty and inhuman treatment of such nature as to render their further living together insupportable. That on numerous occasions he has cursed her and slapped her. That one child, a baby boy now 18 months old was born to this union.
Wherefore plaintiff be cited in terms of law to appear at the next regular term of this court and answer herein, for judgment dissolving the marriage relation now existing between them, for absolute divorce from defendant and for the care and custody of the minor child, William A. Durman, and for such other and further relief, special and general as she may be justly entitled to.
Herein fail not, but have before said court, at its aforesaid next regular term, this writ with your return thereon showing how you have executed the same.
Given under my hand and the seal of said court at office in Wichita Falls, Texas, this the 26th day of August, A. D. 1921.
A. F. KERR, Clerk.
District Court, Wichita Falls, Texas.
By EUNICE JACKSON, Deputy.

CITATION BY PUBLICATION.
THE STATE OF TEXAS
TO THE SHERIFF OR ANY CONSTABLE OF WICHITA COUNTY, GREETING:
You are hereby commanded to summon Charlie Ramsey by making publication of this citation once each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the Eighty-ninth District Court of Wichita County, to be holden at the court house thereof in Wichita Falls on the first Monday in October, A. D. 1921, the same being the 3rd day of October, A. D., 1921, then and there to answer a petition filed in said court on the 4th day of September, A. D., 1920 in a suit numbered on the docket of said court No. 8954-C wherein Beulah Ramsey is plaintiff and Charlie Ramsey is defendant, and said petition alleging that plaintiff was lawfully married to defendant about September 24th, 1911; and continued to live together until about June 3rd, 1916, when defendant abandoned plaintiff; that no children were born to this union and there is no community property. That during the time they lived together plaintiff treated defendant with kindness and forbearance; that defendant abandoned plaintiff as above stated without cause or provocation on her part. That because of the foregoing facts their further living together as husband and wife has been rendered insupportable.
Wherefore plaintiff prays that defendant be cited in terms of law to appear at the next regular term of this court and answer herein for judgment dissolving the marriage relation now existing between them, for cost of suit and for general and special relief, etc.
Herein fail not, but have before said court, at its aforesaid next regular term, this writ with your return thereon showing how you have executed the same.
Given under my hand and the seal of said court, at office in Wichita Falls, Texas, this the 18th day of August, A. D., 1921.
A. F. KERR, Clerk
District Court, Wichita County, Texas.

THE STATE OF TEXAS,
To the Sheriff or any Constable of Wichita County—Greeting:
You are hereby commanded to summon T. D. Brown by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the County Court of Wichita County at law, Wichita County, to be holden at the Court House thereof, in Wichita Falls, Texas, on the first Monday in October, A. D., 1921, the same being the 3rd day of October, A. D., 1921, then and there to answer a petition filed in said Court on the 9th day of September, A. D., 1921, in a suit numbered on the docket of said Court No. 4989, wherein A. H. Docker is Plaintiff, and T. D. Brown is Defendant, and said petition alleging in substance: That heretofore, to wit, on or about the 15th day of August, A. D. 1921, defendant listed with plaintiff, as a broker engaged in the buying and selling oil and gas leases and oil field equipment and appliances, one No. 30 Star Drilling Rig with all tools and equipment, then located at Sunshine Hill in Wichita County, Texas, at the agreed price of $3,500.00, and with the understanding that in case of sale by plaintiff at that price, then $3,000.00 of said amount would go to defendant and $500.00 to plaintiff as his commissions; that in conformity to said agreement, plaintiff on the 2nd day of September, A. D. 1921, introduce one A. B. Womack, as a prospective buyer, to defendant, telling said defendant that he had priced said rig to said Womack at $3,500.00 and the defendant confirmed the price named by plaintiff, and said Womack indicated in the presence of plaintiff and defendant that he would take said rig at that price if on examination he found said rig and equipment as represented; that notwithstanding said agreement, defendant afterwards closed a deal with said Womack at $3,000.00 and is attempting to deprive plaintiff of any commission whatsoever arising from said sale. Plaintiff here now sues for $500.00 due him by agreement and also on the ground that $500.00 is a reasonable commission in the case.
Herein Fail Not but have before said Court, at its aforesaid regular term, this writ with your return thereon, showing how you have executed the same.
Given under my hand and the seal of said Court, at office in Wichita Falls, on this the 9th day of Sept., A. D. 1921.
W. I. HARRIS,
Clerk, County Court,
Wichita County, Texas.

CURFEW LAW REQUEST TO BE DISCUSSED

The attitude of the city toward the curfew ordinance proposed by County Juvenile Officer R. L. Yates probably will be determined at a conference between Police Commissioner Fitts, Police Chief R. W. Morgan and Mr. Yates some time Saturday.

The ordinance which was proposed before the Tuesday night session of the city council was referred to the police officials by Mayor Cline for investigation and recommendation.

In referring the matter to the police department Mayor Cline said that he felt the burden of enforcement of the ordinance would be heavy and that he did not feel the council should pass on it until these officials have carefully studied the proposition from every angle.

Commissioner Fitts said Friday that before he will offer his endorsement the county must guarantee a special officer to assist the police during the first sixty days after the law goes into effect, should it be adopted.

The mayor and members of the city council agree that the measure, properly enforced, would be of great benefit to the city, but all assert that every care must be taken to prepare for its enforcement, before it should be adopted.

ASYLUM HEAD EXPECTED TO BE HERE SOON

The new superintendent of the Northwest Texas Insane asylum, Dr. F. S. White of Terrell, is expected here within the next few days, according to information obtained Friday. With his coming selections of other members of the hospital staff, and preparations for the opening of the institution, are expected to be pushed up.

Additional assurances that the work would be pushed, and the institution opened at the earliest possible moment, were contained in a letter from Governor Neff to Dr. M. M. Walker, county health officer. Dr. Walker had wired the governor's office urging that speed be made on the completion of the institution, declaring that there were a number of insane people in Wichita county alone who could not be cared for under present conditions in state institutions.

JUDGE DISMISSES OVER 300 CHARGES

POLICE COURT DOCKET CLEARED BY DISMISSAL OF MANY OLD CASES.

Over 300 police court cases were dismissed Friday by Corporation Judge Ogle in connection with the police department campaign to clear up the docket.

The dismissals were made on the recommendation of Special City Prosecutor John Martin in his campaign to clear up all doubtful and prosecute all outstanding cases on the city police court docket.

In practically every case dismissed, the officials asserted either the arresting officers have left the police service or the case has been on the docket so long that witnesses could not be found.

SAYS INDIAN WAR AGAINST UPLIFT

COLUMBUS, Sept. 9.—"There seems to be a silent revolution among Indians against the British government by native fanatics, led by educated natives who are against the uplift of the lower classes," said W. E. Bancroft of this city. Mr. Bancroft served in India fifteen years as a missionary of the Methodist Episcopal church.

He believes the extensive movement against British rule in India is a cleverly disguised conspiracy against Western Christian civilization.

"For the last thrty years the leaders of the extremists have been striving hard to check the onward progress of western ideals and civilization in India," Mr. Bancroft continued.

"It may be these leaders hope to secure control of the natives to exploit the illiterate masses. Only 10 per cent of the male population and 1 per cent of the female are literate," he declared.

MRS. FREEMAN NOW REJOICES OVER RECOVERY

"My heart fills with gratitude for my wonderful recovery, and I feel like spreading the good news everywhere so everybody can know what Tanlac is doing," said Mrs. Hattie Freeman, 1904 Maple street, Houston, Texas. "For the first time in eight long years I am free from suffering. The pleasure of being able to eat what I want without suffering is alone worth many times what my three bottles of Tanlac cost me. All my troubles are gone now and I feel so strong and well.

"I sleep like a child now, never bothered with nervousness and have gained nine or ten pounds in weight besides. I have no more smothering spells or palpitation of the heart like I used to have and I am entirely rid of headaches. I simply feel like a new person."

Tanlac is sold in Wichita Falls by Miller Drug Store; in Electra by Tarlton Drug Store; in Burkburnett by West End Drug Store and by all leading druggists.—Adv.

BELLE OF FRANCE ACTING IN LONDON

Mlle. Agnes Sourgi

LAST HOURS OF LIFE OF CARUSO TOLD

NEW YORK, Sept. 9.—"Caruso did not want to die. He believed it was the Supreme Will that he should continue to sing. He was broken-hearted and cried like a child when he became aware death was at hand."

This was the information brought by Rosina Galli, premiere dancer of the Metropolitan Opera Company who has just arrived from Italy. Mme. Galli joined Mrs. Caruso immediately after the death of the tenor, and remained with her and the baby, Gloria, until after the funeral. Mme. Galli continued:

"Caruso wanted so much to get well. On his deathbed he called to his wife: 'Don't you think I will recover?' He was quiet then and did not know he was going to die. A little later he felt terrible pains in his chest. He must have suffered awful agony.

"Again he called to Mrs. Caruso in an agonizing voice: 'I am going to die.' She tried to comfort him, saying the pain would soon pass and that he would be better. But it was not so. His eyes closed, his moaning ceased. He was dead.

"The world has lost a voice that will never be replaced and a man of splendid character.

"Mrs. Caruso told me she will return to America as soon as her affairs have been adjusted.

"Mrs. Caruso finds it hard to convince herself that Enrico is dead. She told me she expects him to walk in and greet her any moment. And every time Enrico's brother Giovanni comes before her view her heart almost stops beating. She said to me: 'Whenever I see Giovanni I think it is my Enrico. It is agony fo rme. I cannot realize he is gone.'

"Only a few days before his death he was singing. He sank 'Maria' all the way through and asked everybody, 'How is my voice?' Everybody thought it was wonderful, better than ever. Caruso was confident of that. That was his mistake. He did not pay attention to his lungs, which had become affected. He had not the powe rthere.

Volume Lacking.

"The voice retained the old richness of tone, but he did not breathe as well, and the volume was lacking. He had lost more than he realized or cared to admit, even to himself. I doubt if he would ever have been the same great Caruso had he lived.

"When the abscess began bothering him he made light of it, and Mrs. Caruso did not send for a physician. She was a stranger in Naples and did not know. Someone else should have stepped in and taken the great tenor in hand. Doctors were finally called, but it was too late.

"The Naples physicians would not risk operating on such a man under such circumstances. The abscess had made too much progress. They recommended sending to Rome for celebrated surgeons.

"Moreover, Caruso was opposed to an operation. Indeed, he did not want the doctors around. He said to them: 'Tell me what I have, what the trouble is.' They never did so, but kept him in ognorance of the real condition of his lungs.

"Caruso will be buried like other illustrious Italians. They are now seeking the place. There will be a suitable tomb or monument."

LA FAYETTE CAFE FILES BANKRUPTCY PETITION FRIDAY

An involuntary petition in bankruptcy was filed against M. Theodore, proprietor of the LaFayette cafe in the federal district court Friday, A. H. Fell being the petitioner.

The petitioner alleges that he is a surety on Theodore's note for $2,000, which is now over due and unpaid. He also asserts that Theodore committed an act in bankruptcy in recently disposing of a half interest in his place, the consideration in the deal being given at $4,000.

BARONESS ENDS JAUNT IN JAIL

FLEEING POVERTY IN GERMANY, TITLED WIDOW COMES A-CROPPER.

ALBUQUERQUE, N. M., Sept. 9.—From a castle on the Rhine to a dirty cell in the dilapidated county jail at Albuquerque, New Mexico is a synopsis of the story of the aged Baroness Victoria Wolff von Totenworth, the last chapter of which was written here when agents of the Department of Justice arrested her for entering the United States without a passport as she stepped from the train which carried her from the Mexican border. With her was her son, Erwin Dathe, former German army officer.

The mother and son sailed from Germany on a Dutch steamer, landing at Vera Cruz, Mexico. They traveled by rail to Juarez, Mexico, just across the International bridge from El Paso, Texas. Learning that they could not obtain passports they walked along the banks of the Rio Grande and crossed the border north of El Paso, according to the story of immigration agents.

The fifty-mile hike between Juarez and Las Cruces, New Mexico, over mountains and across desert stretches was made with extreme difficulty. Dathe was forced to carry his aged mother time and time again when her feet refused to carry her through the deep desert sand. They said that only the hope of starting life anew in the United States carried them on.

Husband Lost Fortune.

The baroness told immigration officers that the first installment of her misfortune came when she learned that her husband had gambled away their fortune at Monte Carlo. He ocmmitted suicide and left his titled wife alone to face eviction from their home. At this time their son was stationed in China. As soon as his discharge could be obtained he joined his mother in Hamburg, Germany, and they left for the United States, with just enough money to pay their fare here.

"Living is impossible in Germany" said the baroness, as she pleaded with officers to be allowed to remain here. "I am a good cook. I would rather be a cook in America than depend for my living on my friends in Germany."

The two will be deported to Germany.

SET CASING ON NEW SAND IN ELECTRA

The Planet Petroleum company is setting casing on its second well on the new 1,700 foot sand, in the south Electra pool, according to Thursday reports from the field.

This is the Planet's No. 14, which has been deepened from the 1400 foot sand.

One of the 1400-foot producers of J. S. Bridwell et al, on an adjoining lease to the Planet is also to be deepened to the new sand, it is reported. Drilling will begin here in a short time.

Obituary

KONRAD MYERS

Konrad Myers, 54 years of age, farmer living on the Henrietta road about eight miles from this city and resident of Wichita county for a number of years, died late Thursday night at a local hospital. The deceased leaves a widow and several children.

Funeral services will be held Friday afternoon at the Merkle-Lunn chapel, the Rev. Miller of the Trinity Lutheran church officiating. Burial will be at the cemetery near Lake Wichita.

Rosemont Burial Park is located away from the din and dust of this fast growing city, south of Call Field, on grounds free from rock and water; so suitable to its purpose.—Adv.

IRRIGATION WORK WILL BEGIN SOON

Repeating former assurances that work on the irrigation project would actually begin within a very short time, J. A. Kemp, chairman of the board of directors, who has been away from the city practically al slummer for his health, returned to Wichita Falls Friday. Mr. Kemp's extended rest has apparently restored him to his usual good health.

GENERAL LEE GETS WEST INDIES POST

Brig. Gen. Harry Lee.

Brig. Gen. Harry Lee of the U. S. marine corps, has just been ordered to Santo Domingo to command the second brigade marines. He will relieve Gen. Charles G. Long. The command at Santo Domingo is considered one of the most important in the United States marine corps. Gen. Lee has served with the marine corps since 1898, when he was appointed a lieutenant for the war with Spain.

HEART IS ON WRONG SIDE.

BERLIN, Sept. 9.—An extraordinary discovery was made by a surgeon at the Pankbow Hospital, near Berlin, when operating on a patient for appendicitis. When the patient was cut open it was found that his heart was on the right side of the body and the appendix on the left.

MINIMUM OF THREE BILLION ASKED IN TAX

By Associated

WASHINGTO... ...pt. 9.—A minimum total tax of $3,200,000,000 for this fiscal year is the aim of the republican members of the senate finance committee in revising the house tax bill, Chairman Penrose said today after a conference of a majority committeemen.

That is approximately $100,000 less than treasury experts have figured the house measure would yield, but is the total whic Secreary Mellon has told the committee will be necessary for the conduct of the government, provided economies in departmental expenditures agreed upon at the White House conference last month are effected.

Neither the whole committee, which met this morning, nor the majority members, who were in session this afternoon, reached any agreement on specific revisions proposed yesterday by Secretary Mellon. There was prolonged discussion of some of them at both sessions, with the democratic members launching their fight against retroactive repeal of the excess profits tax, reduction of income surtaxes to 25 per cent and restoration of the transportation taxes at half present rates.

FIX CHARGES FOR HAULING GARBAGE

Charges for hauling garbage, under the provisions of the new garbage ordinance must not be in excess of five cents per gallon, except in the cases of less than five gallon lots, it was announced Friday by Dr. A. H. Douglass, city sanitary officer.

Dr. Douglass explained that licensed garbage haulers may handle the garbage for a smaller rate, if they wish. The ordinance also provides that the haulers need not make a visit for less than a 25 cent charge.

People desiring garbage service to be furnished them, who are not now receiving service, are directed to telephone the city sanitary officer at the city hall.
