BISHOP CANNON IS GRANTED REVIEW

WASHINGTON, Oct. 23. (AP)—Bishop James Cannon, jr., and his secretary, Ada L. Burroughs, were granted a review by the supreme court today of the ruling of the District of Columbia court of appeals holding they must stand trial on an indictment charging them with violating the corrupt practices act in failing to report contributions received during the 1928 presidential campaign.

ANTI-TRUST LAW BILL SIGNED

AUSTIN, Oct. 23. (AP)—Governor Miriam A. Ferguson today signed a bill exempting industries complying with National Industrial Recovery codes from prosecution for violation of the Texas anti-trust laws.

VETO OF HOSPITAL MEASURE LOOMS

AUSTIN, Oct. 23. (AP)—Veto of a bill to permit cities to borrow money from the federal government for hospital construction on the ground it would endanger the entire public works program in Texas was indicated today by ex-Governor James E. Ferguson, husband and advisor of Governor Miriam A. Ferguson.

Court Will Act On NRA Validity

Word "Chiseler" Is No Longer Slang

NEW YORK, Oct. 23 (AP)—Because President Roosevelt used it in an address last night, the word "chiseler" applied to one who cheats, is no longer slang, Frank H. Vizetelly, lexicographer, declared today.

Several times in the course of two paragraphs, the president spoke of "chiselers," meaning those who shirked in the government's recovery drive.

"President Roosevelt's use of the word automatically elevates it from the status of slang to colloquialism," said Vizetelly. "It is to be expected that consequently 'chiseler' will find its way into good English.

"When a man of such station as the president of the United States employs a slang phrase he clothes it with dignity."

FIRST CHALLENGE OF LEGISLATION GOES TO HIGHEST COURT

(By The Associated Press)

WASHINGTON, Oct. 23.—The supreme court today announced it would decide on its merits the first case to reach it challenging features of industrial recovery legislation. It accepted an appeal by Leo Nebbia challenging the validity of the New York milk control act, and advanced the case for hearing on December 4.

Leo Nebbia, in the city court at Rochester, attacked the New York milk control law, under which the minimum price on milk was fixed at 9 cents a quart. He sold milk at less than that price. The law was sustained by the trial court, and Nebbia was fined.

Conviction Affirmed

He appealed to the Monroe county court, where his conviction was confirmed. Then he took the case to the New York court of appeals and his conviction was again affirmed. From there he appealed to the United States supreme court.

The questions sought to be raised by Nebbia are similar to those involved in cases now pending in the District of Columbia court of appeals attacking the validity of the agricultural adjustment act, under which the price of milk has been fixed by the secretary of agriculture in several milk sheds.

Validity Sustained

The cases now pending were brought by milk dealers in Illinois. The trial court here sustained the validity of the action of the secretary of agriculture.

These cases assert the action in fixing the price of milk higher than that at which dealers want to sell it deprived them of constitutional rights.

FUGITIVE HELD IN LUBBOCK

CONVICT WHO ESCAPED PRISON ADMITS HIS IDENTITY HERE

A fugitive whom county officers arrested Sunday morning after several hours' vigilance at a farm house admitted this morning that he was Teague Lawler, a life-term convict who escaped from the Harlem prison farm at Richmond, in Fort Bend county, last May, the sheriff's department announced.

Lawler said, according to officers, that he had been sentenced to the state penitentiary three times, receiving 15 years for armed robbery, five years for an escape in which a guard was wounded, and 99 years for holding up and robbing a gambling house of $730 near Midland. He had served five years of the life-sentence, he said. He was a fugitive when he executed the larger holdup.

Escaped Prison Twice

Lawler had escaped three times from the prison system and once from the county jail at Stanton.

W. W. Waid, warden of the state penitentiary, this morning informed Sheriff Abel a $25-reward had been posted for capture of Lawler.

When taken into custody, Lawler said he was Joe Allen. He was held in county jail.

Sheriff Abel and three deputies, Baxter Honey, Bedford Carpenter, and Cap Moore went to a farm house about 17 miles west of Lubbock soon after daybreak, expecting to find the suspect there in bed. The place was deserted. Honey and Carpenter remained, arresting Lawler when he arrived afoot about 11:30 a. m. Although empty .45 caliber cartridges were scattered there, a gun was not uncovered, officers said.

THE WEATHER

WEST TEXAS: Partly cloudy, warmer in north portion tonight; Tuesday, partly cloudy.

EAST TEXAS: Partly cloudy tonight and Tuesday; warmer in northwest portion tonight. Light to moderate northeast to east winds on the coast.

OKLAHOMA: Partly cloudy to cloudy, warmer in north and west portions tonight; Tuesday, partly cloudy to cloudy.

Coupe, Police Car Collide; Two Dead

DALLAS, Oct. 23 (AP)—Seeking to determine the cause of a disastrous collision in which a police squad car and a coupe hit at a street intersection, killing two occupants of the coupe and injuring two others, Police Chief Claude W. Trammell today began a detailed investigation of the accident.

The crash occurred as the police car, sounding its siren, sped through a residence section early yesterday in answer to a burglar alarm.

Herbert Lavon Stewart, 30, suffered a skull fracture which caused his death in an ambulance while he was being taken to a hospital. Thelma McCulloch, 26, died in a hospital two hours later.

Ramsey, Tichenor Are Found Guilty

MEMPHIS, Tenn., Oct. 23 (AP)—One defiant, the other broken in spirit, Langford Ramsey and John Tichenor faced two and a half years in prison today for having given refuge to George "Machine Gun" Kelly and his wife.

"I am not through fighting until I prove innocent," Ramsey, young attorney and former brother-in-law of the gunman said. Tichenor, his eyes filled with tears, would say nothing.

The jury in United States district court that convicted them took the case at 12:45 a. m., Sunday and returned its verdict 15 minutes later.

Lupe Says She'll Wed Johnny Oct. 30

HOLLYWOOD, Oct. 23. (AP)—Lupe Velez and Johnny Weissmuller will be married in Las Vegas Nev. "about October 30," the little Mexican actress said today. Two weeks ago the couple obtained a marriage license at Las Vegas but for reasons known only to themselves decided to delay the marriage although they had made a quick trip to the desert gretna green.

Miss Velez said she and Weissmuller will occupy her home in Beverly Hills which is now undergoing alteration.

WHEAT, STOCK PRICES TAKE BIG JUMP

PRESIDENT SAYS THAT RECKLESS INFLATION NOT TO BE ALLOWED

BY CLAUDE A. JAGGER
Associated Press Financial Editor

NEW YORK, Oct. 23. — President Roosevelt's announcement of early inauguration of a plan to control the price of gold gave a decided boost to American financial markets today.

Wheat in the Chicago pit registered extreme advances of more than 4 cents, and shares in the New York stock exchange advanced $1 to more than $5.

No Frenzied Buying

There was no such frenzied flight of dollars into staples and shares, however, as there was when the United States abandoned the gold standard last April, or when the dollar broke severely in terms of other currencies last July.

This was attributed to the President's efforts in his address last night to reassure the nation that reckless inflation would not be permitted, particularly his statement that "government credit will be maintained and a sound currency will accompany a rise in the American commodity-price level."

Comment on the new plan in Wall Street was decidely mixed, with some orthodox sound-money bankers insisting that the step was so novel and untried as to be likely to impair confidence, while other financial experts felt the move was a sound endeavor to bring the dollar fluctuations under control, and would lead eventually to stabilization.

Dollar Takes Drop

While the new plan of having an internal price of gold fixed through RFC purchases of newly mined metal on the basis of experimentation to find a proper level for the dollar, was not yet started, the dollar receded moderately in terms of other currencies, and the price of gold yellow metal as fixed by the treasury, based chiefly on the London market, was advanced 58 cents an ounce to $29.59.

An indication of inflationary fears in some quarters was seen in a

RECOGNITION TOPS CAPITAL INTEREST

WASHINGTON, Oct. 23. (AP) — Russian recognition has eclipsed disarmament, Cuba, Britain war debt discussions and preparations for the Pan-American conference as subject of discussion in official Washington.

It ranks with the domestic recovery plan as a major subject of conversation. Prospective Russian trade is viewed promising stimulation to the cotton, pork products, copper and machinery businesses in this country.

Electrical and agricultural implement stocks immediately were influenced by the announcement that Litvinoff will come to Washington to discuss the restoration of Russo-American relations with President Roosevelt.

WINKLER'S WIDOW BELIEVED MARKED FOR GANG DEATH

MRS. GUS WINKLER

CHICAGO, Oct. 23 (AP)—Was Gus Winkler's widow marked for an underworld death?

This question was brought up today by Colonel Henry Barrett Chamberlin, operating director of the Chicago crime commission, as result of the finding of the 37-year-old widow, Georgette, unconscious in her apartment last night with burners of a gas stove turned on.

"It is not too fantastic to believe that her suicide attempt was the result of gangland intimidations," Col. Chamberlin said as he pointed out that she was found on the eve of the reopening of a coroner's inquest into her gangster husband's slaying two weeks ago.

"I believe Mrs. Winkler has valuable information which I hope she will still reveal at the coroner's investigation," he said.

STRIKE ALLIES ARE SOUGHT

FARM HOLIDAY HEADS HOPE TO PUT DENT IN FOOD BASKET

(By The Associated Press)

Seeking new allies, leaders of the national farm strike, today said they hoped to put a dent in the nation's food basket.

Milo Reno, president of the National Farmers' Holiday association hurried to Chicago to confer with A. F. Whitney, president of the brotherhood of railway trainmen, in an attempt to win their organization's "moral support". He characterized President Roosevelt's assurances of last night that farm prices will be raised, as "pure sophistry."

Produce Trucks Halted

A few produce trucks, bound for Sioux City, Iowa, were halted by pickets near James, Iowa, last night, but it could not be learned if the picketeers were Holiday association members. There was no disorder.

Wheat continued to move out of North Dakota despite an embargo order by Governor William Langer. Activities by county sheriffs in an attempt to enforce the order, were expected.

From North Platte, Neb., came word that Keith Neville, would withdraw his resignation as chairman of the Nebraska NRA board, if employers of less than ten persons are exempted from the provisions of the recovery act. He said there had been no indication whether his proposal would be accepted.

AS MANY MORE ARE UNHURT IN MISHAPS

TOLL CONTINUES ITS ALARMING CLIMB IN SECTION SUNDAY

With week-end pleasure drives increasing the hazard, the South Plains accident toll continued its alarming climb Sunday, when at least 10 persons were hurt and as many more escaped injury in mishaps in the Lubbock area.

Six persons were hurt late Sunday afternoon when a Chevrolet in which they were riding went into a ditch 2 miles northeast of Acuff after a Ford V-8, passing, raked the other automobile. Vernon Britton, driver of the Chevrolet, suffered a lacerated hand, Miss Faye Britton a lacerated knee and a leg injury, and Guy Britton and Mrs. Vernon Britton minor bruises and scratches. All were treated at West Texas hospital. The Brittons were children of Mr. and Mrs. A. G. Britton of Ralls.

Others Are Injured

Miss Marie McCrary, 15, and a brother, Orby McCrary, 20, children of Mr. and Mrs. S. F. McCrary of Ralls, also were in the Chevrolet. They were brought to Lubbock sanitarium. Miss McCrary suffered a back injury. Her brother, a side and arm lacerated, left after emergency treatment.

Paul Payne of Emma was driving the Ford, which skidded in sand in passing the other car and collided with it as Payne whipped the Ford back to its course, Mrs. McCrary said. Three persons riding in the Ford escaped serious injury. The Chevrolet was damaged considerably.

Two Negroes Are Hurt

Two negroes were injured, one perhaps critically, when a Ford-T coupe in which they were riding struck a culvert abutment soon after noon on state highway 53 about 3 miles southwest of Lubbock. Mary Sweat, suffering from a skull and a shoulder fracture, was taken to West Texas hospital in a Bynum-Stahler ambulance. Her husband, A. C. Sweat, whose principal injury was a cut above an eye, was taken into custody by J. C. Roberts, a former

GREEN DEMANDS SHORTER HOURS

WASHINGTON, Oct. 23. (AP)—Another plea for shorter hours today accompanied organized labor's estimate that unemployment dropped 3,600,000 during seven months of the Roosevelt administration.

William Green, president of the American Federation of Labor, said re-employment of 1,700,000 men in August and September, in making the new re-employment total, still left 10,089,000 unemployed.

"The only way we can possibly put them to work is by a further shortening of work hours," said Green, whose federation consistently has advocated a 30-hour week in NRA codes.

Life Of Daladier Cabinet At Stake

PARIS, Oct. 23. (AP)—With the life of his cabinet at stake, Premier Daladier forced the issue today on his program to balance the budget when he demanded an immediate vote in the chamber of deputies on the vital issues in his plan.

Discouraged by parliamentary wrangling, he declared the vote was urged "for the country's sake."

M. Daladier told the radical socialists over the week-end that "only yesterday 200,000,000 gold francs were withdrawn from the Bank of France," adding that foreigners already were speculating against the franc.

ROAD BIDS RECEIVED

AUSTIN, Oct. 23. (AP)—The Texas highway commission today received bids on road construction estimated to cost approximately $1,131,000.

William N. Doak Taken By Death

SECRETARY OF LABOR IN HOOVER CABINET SUCCUMBS TODAY

(By The Associated Press)

WASHINGTON, Oct. 23—William N. Doak, secretary of labor in the Hoover cabinet and labor leader, died today at his home in nearby Virginia.

Doak died of heart disease. He suffered a severe attack about two weeks ago. He was 51 years old.

Born at Rural Retreat, in Wythe county, Va., he attended school at Bristol, Va., finishing a business college there.

First Native Labor Head

He was the first secretary of labor born in the United States, Senator James J. Davis of Pennsylvania and William B. Wilson, his predecessors, both being born in the British Isles.

Starting out as a trainman he became interested in labor questions and became general chairman of the brotherhood of railroad trainmen on the Norfolk and Western system, in which post he served from 1908 to 1916.

From 1916 until he became secretary of labor about three years ago, he was the legislative representative here of the brotherhood of railroad trainmen.

Recently he has made his home at McLean, Va. Funeral arrangements are to be announced later.

Opposed By Green

Because Doak's union was not connected with the American Federation of Labor, his appointment by Herbert Hoover was bitterly contested by William Green, president of the federation.

Green praised Doak personally, but insisted the precedent of selecting secretaries of labor from the recognized American labor movement not be broken.

Litvinoff Hopes To Travel Incognito

MOSCOW, Oct. 23 (AP)—Foreign Commisar Maxim Litvinoff hopes to travel incognito to Washington for his conversations with President Roosevelt and will leave Moscow without revealing his route to America, the time of his arrival there or the identity of those who will accompany him.

This much was indicated by the foreign office today where officials flatly refused to reveal any information of Litvinoff's plans in representing Russia in negotiations looking to possible American recognition.

One Dead, Fifteen Hurt In Accidents

VICTORIA, Oct. 23. (AP)—Two automobile collisions in this vicinity last night caused one death, one person to be injured seriously and 14 other persons to be otherwise hurt.

Carl Glasgow, 12, of Bloomington, died in a hospital after the car in which he was riding struck an automobile and trailer in which six young persons were returning from a fishing trip on the Guadalupe river.

J. F. Debarbienis, teller of the First National bank in Galveston his wife, and two daughters, in one car and Andrew Calvert, Houston oil man, were hurt in the other collision.

WILLIAM N. DOAK

SUSPECT HELD IN KIDNAPING

MAN RESEMBLING THE LINDY CASE "JOHN" IS UNDER ARREST

(By The Associated Press)

BOSTON, Oct. 23.—Echoes of the Lindbergh kidnaping were in the air today as Boston police delved into the past of John Gorch.

Sergeant Arthur M. Tiernan and Inspector William J. Bonner, who arrested him yesterday in a back bay apartment, noted a strong resemblance to the much sought "John" of the Lindbergh kidnaping—the person to whom Dr. John F. Condon declared he paid $50,000 ransom.

Meanwhile, telegrams sent to the police of several cities brought replies indicating he was wanted for questioning in far spread places.

Deputy Superintendent of Police James McDevitt, said he communicated with Captain Norman Schwartzkopf of the New Jersey state police, and that the New Jersey officer had been seeking Gorch for questioning since the Lindbergh baby was kidnaped March 1, 1932.

Tiernan and Bonner pointed out what they considered a "remarkable resemblance" to the "John" to whom Dr. Condon, "Jafsie" of the Lindbergh case, paid ransom money one midnight.

Police said Gorch had the facial characteristic attributed to "John" by Dr. Condon, including the high forehead, sharp chin and widely spaced eyes.

Resembles Suspect

He gave his age as 37. He weighs 180 pounds, and his height is five feet, eight inches. The "John" sought for questioning by New Jersey authorities was described as having the same facial characteristics.

The circular said "John" spoke with a "Scandinavian or German accent."

Gorch, police said, spoke with a similar accent.

LITTLE STORE KEEPERS TO BE EXEMPT

SALES AT LESS THAN INVOICE FORBIDDEN; EFFECTIVE IN WEEK

(By The Associated Press)

WASHINGTON, Oct. 23—President Roosevelt signed the code for the retail stores just before midnight last night, with an exemption to the little store keepers in towns of 2,500 or less.

The act made it possible for the code to go into effect a week from today at the beginning the new month.

It forbids sales at less than invoice cost.

The provisions apply to chain stores in small towns.

To Continue Policy

The exemption for the small store keepers is a policy expected to be carried through by the president in all codes in order not to drive out of business the little man who finds it impossible to carry out the terms of the NRA without going out of business.

The exemption of stores in communities under 2,500 population apparently removed close to one third of the country's retail establishments from operations under the industrial control law.

The last accurate figures, contained in the 1930 census of distribution, showed that 491,000 of the country's 1,543,000 stores were in the communities now exempt. The number of chain stores in such small towns formed only a small proportion at that time since only 39,000 such establishments were listed from cities of 10,000 or less.

Proportion Held Same

The wave of bankruptcies, which has swept the country during the past four years and which is blamed by NRA officials for putting out of business 400,000 merchants, may have materially altered the figures since the census was taken. Officials, however, were inclined to believe that the proportion between large and small communities was not materially altered.

Of the 1,543,000 stores listed in 1930, 482,000 handled foodstuffs exclusively. Since the code covers almost all lines of merchandise except food and drugs the number affected directly by the president code is expected to be less than 1,000,000. However, the principles established in the present compact are expected to be carried out in all other retail codes whether handled by NRA or as in the case of food dealers by the farm administration.

FIVE THUGS GET LOOT FROM BANK

BRAINERD, Minn., Oct. 23 (AP)—Five bandits overpowered fourteen persons in the First National bank in the heart of this city of 10,000 today, shot up the inside and outside of the structure and adjoining buildings, and fled with at least $28,000.

No one was wounded.

Using at least three sub-machine guns and automatic pistols, the bandits fired a withering blast as they departed, shattering the big front windows of the bank, and spraying the interior with lead.

One Dead And Four Wounded In Fight

JACKSON, Ky., Oct. 23 (AP)—Ambrose Francis, 50, is dead, four others are wounded, three seriously, and three persons are in jail here as the result of a pistol fight Sunday night in a home near Ned, twenty miles south of Jackson in Breathitt county.

Earl Francis, 16, seriously wounded, was brought to the Bach hospital in Jackson. Miss Mary Duncan, 25, and Miss Susie Fugate, 40, each shot through the body, are not expected to recover.

Alex Combs, 30, who was wounded, Tolbert Noble, 18, and Gobel Sizemore, 22, were arrested on shooting charges by Sheriff Lee Combs and deputies. Officers were told drinking preceded the shooting.

GRAF ZEPPELIN ARRIVES IN FLORIDA EN ROUTE TO CHICAGO'S WORLD FAIR

(By The Associated Press)

MIAMI, Fla., Oct. 23.—The Graf Zeppelin, its silver hulk glistening in a brilliant sun, moored at the Opa-Locka naval base today for a day's stop on its flight from Rio De Janeiro to Chicago.

Riding gracefully at 1,000 foot altitude, the Graf appeared over Miami from the southeast and headed direct for the Opa-Locka base. It was moored at 9 a. m. Eastern Standard time.

Dressed in a white suit, white shirt and black bow tie, Commander Hugo Eckener, standing at the controls, waved to the official welcoming party which included Mayor E. G. Sewell, members of the Miami city commission and others.

Thousands of automobiles lined the roads around the air field, half a mile from the mooring mast, which was as close as visitors were allowed. No one was admitted inside the field prior to the craft's landing and all were searched by authorities before being permitted to enter. No explanation for searching was made by officials except to say "every precaution is being taken."

After the Graf was moored, instructions were to admit the public as far as the railroad track that encircles the mast at a distance of 650 feet.

WOMAN AND SCIENCE COMBINE, BRING DENOUEMENT TO THE "PERFECT CRIME"

(By The Associated Press)

CHICAGO, Oct. 23.—Science—and a woman—combined, the police said today, to bring a denouement to Edward J. McCann's "perfect crime"—the slaying and dismemberment of his wife, Luarier, in Detroit, Mich.

McCann, described by authorities as a former operator of a Detroit liquor flat and by his friends there as an amateur student of criminology, was arrested yesterday, and confessed, Police Sergeant James Fitzgerald said.

Science entered the investigation by establishing the identity of Mrs. McCann through finger prints, despite the fact her body was cut to pieces.

The woman who helped the police was Mrs. Loretta Hickman, McCann's sister-in-law. She recognized McCann as he stood in front of a relief station, last Friday. She and her husband, Harry, notified the authorities, but McCann disappeared before they arrived. Yesterday Mrs. Hickman saw him again, and his arrest followed.

"Well," McCann was quoted by police as saying, "I didn't think they'd ever catch me. I didn't count on those finger prints because I didn't know about them."

The finger prints were taken in 1922 when Mrs. McCann encountered difficulty with the immigration

National P-TA Congress Proposes To Aid Schools

Parents To Study School Problems

BY MRS. J. M. CRAIN
Special Correspondent

CLAUDE, Oct. 23 (Special)—Two measures looking toward relief for America's crippled school system were recently adopted by the board of managers of the National Congress of Parents and Teachers at its semi-annual meeting in Washington, D. C.

First, support of emergency legislation providing federal aid to schools was incorporated in the year's legislative program of the congress.

Second, a modern program of financing public schools, a course of study designed to familiarize parents with the problems of school finance, was adopted. Based upon the report of the national conference on the financing of education, held in New York this summer, under the auspices of the joint commission on the emergency in education, the study program will be promoted on a nationwide basis through parent-teacher associations. Presidents of the state congresses of parents and teachers were consultants on this conference.

Study Plan Prepared

The study plan was prepared by Miss Charl O. Williams, fifth vice-president and director of the department of education of the national congress. In proposing the study for consideration of the board, Miss Williams said: "This report represents the very latest thinking on the subject of school finance by experts in the field of education. Because parent-teacher associations are more closely related to the emergency than any other group, they need to understand the problems of school finance. It is hoped that laymen, particularly members of parent-teacher associations, will join with educators in a study of this report."

Miss Williams points out that study of the recommendations of the joint commission does not imply agreement with them, but that the purpose of the study course is to give laymen a better understanding of the problems of financing public schools.

Recommendations of the joint commission on which the study program is based include the following: Better methods of taxation must be effected to continue existing educational offerings and to develop school programs to meet modern social needs.

Need State Responsibility

State responsibility for the foundation program of education must be assumed in the future in order to ease the burden of taxation on local communities.

Federal aid for education must be extended beyond its present scope if educational opportunity is to be maintained in the states.

Reorganization of local school units in some states must be effected before a genuinely economical administration of the schools is possible.

Public education in our modern complex society must be broad in scope.

The national board further adopted a resolution deploring the trend in some states to put high school education on a tuition basis and thus to destroy equality of educational opportunity at the crucial time when such opportunity is most vitally necessary to both individual and social well-being.

The board urges officers and members of the national congress and other citizens to take an active part in defending the rights of all American youth to free and equal educational opportunity until it shall become possible and desirable for them to have suitable employment.

TROUBLES FACED BY GRAU REGIME

HAVANA, Oct. 23. (AP)—A bomb rocked suburban Vendado; fears of a general strike increased; a government financial crisis threatened—and so, today, the harassed regime of President Grau entered its seventh hectic week.

Threats of a general strike, predicted by some observers before the end of the week, gave the government gravest concern. No one was hurt in the bomb explosion.

A company of infantry and one of national militia moved into the interior toward Oriente by train to quell disturbances there.

Meanwhile, in the capital labor leaders in communication, transportation and food distribution fields urged a combined walkout. At the same time, Grau supporters were reported continuing to slip away leaving him only the student group—and dissension was rife among them.

Although the treasury was expected to meet November salaries the lack of improvement in revenues gave promise of a financial crisis later on.

ONE-SLEEVED DRESS

WASHINGTON (AP)—One of the dress successes of a recent dance was the moulded red satin worn by Mrs. Charlotte Mayo. It had only one sleeve. A swirling cape collar served to cover the other arm partially.

NERVOUS, SLEEPLESS

Mrs. M. C. Isom of 621 W. 18th St., North Little Rock, Ark., said: "I almost had a breakdown. My nerves were so bad, sleep was impossible. I took Dr. Pierce's Favorite Prescription as a nerve tonic and was soon enjoying good health again." Write to Dr. Pierce's Clinic, Buffalo, N. Y., for free medical advice. All druggists. New size, tablets 50c, liquid $1.00. Large size, tablets or liquid, $1.35.

"We Do Our Part."

"My Hughie Always Was A Fighter!" Says NRA Chief's Mother; She Once Wanted Her Son To Be The President

By NEA Service

OKMULGEE, Okla. — General Hugh Johnson, who heads the NRA at Washington, may be the second most outstanding person in the United States today, but his mother, Mrs. S. L. Johnson, takes the success of her famous son calmly, saying only that he has done well.

"My Hughie will bring the country out of the depression. I just know he will," said the diminutive, gray lady of 77 years who has lived in Oklahoma for the past half century. Mrs. Johnson's age has not greatly dimmed her memory, and she seemed glad to recall the high points of Johnson's early career.

"Hughie was always a fighter," Mrs. Johnson confided. "When he was 17 years old he wanted to enlist in the Spanish-American war, but I discouraged him. I told him that he as too young to go, and that if he would stay at home his father would get him an appointment to West Point."

From Political Family

The appointment was secured, and this was the turning point of young Hugh's life, Mrs. Johnson believes. Following graduation he entered active army service, where he remained until February, 1929. Returning to his home at Moline, Ill., he became vice-president and general counsel for the Moline Plow Company.

"The men of my family seem to be natural born politicians," Mrs. Johnson remarked with a smile. "When we moved from Alva, Okla., to Okmulgee my husband was offered the position as first mayor there. But I reminded him that he had promised to stay out of politics, so he refused the place. The temptation was too great for him, however, and he served as second mayor. After Oklahoma had won statehood, he was a member of the legislature from his district for eight years. My husband was an attorney and one of Oklahoma's pioneer oil men. He died in 1920."

Mrs. Johnson recalls that during his schooling at West Point, Hugh was only mediocre, scoring high grades in the subjects he liked and very low ones in those he did not care for. Mathematics were always easy for him.

When the World war started Hugh made still another shift in his career, this time studying law. At the time, the United States needed international lawyers, so Johnson and three other West Pointers were sent to the University of California to prepare for new vocations. Johnson completed the four-year course in 18 months, his mother says.

As the war progressed and President Wilson saw that it would be necessary to draft men into the service, Hugh Johnson wrote the draft law which later was accepted by Congress. In the Johnson family now is the first written draft of the ortignal plan, with corrections written in by President Wilson. Before the law was passed, Johnson had set in motion, on his own responsibility, the machinery which made the national draft possible.

Hoped He'd Be President

"Hugh told me at the time that if all the information he had collected and the material he had ordered were placed in boxes they would reach around the world," Mrs. Johnson said.

Johnson has shown the same initiative in taking over the NRA job that he has in every undertaking, his mother believes.

"When Hugh was a little boy I, like all other mothers, wanted him to be president. Now that I have read of the hard work and long hours Hugh is putting in on this job I have changed my mind. I sincerely hope that he never occupies the White House."

Early citizens remember Hugh when his father was postmaster at Alva, and before the family moved to Okmulgee in 1900. When people entered the building Hugh would meet them and announce whether or not they had any mail that day.

She Saw Land Rush

Young Johnson was 11 years old when he, his two brothers, Mead and Alexander, and his mother came to Alva from Kansas to join Mr. Johnson, who had received the postmastership from President Cleveland.

"The town was little more than a watering stop for the railroad, but the government had to establish postoffices in this section of the country and Alva was selected as one," Mrs. Johnson said.

"I remember it all just like it was yesterday," she continued. "We arrived at Alva the night before the famous Cherokee strip was opened, and it was from the top of a freight car that I witnessed the historical event.

"I tied a sunbonnet to a stake during the run and guarded my lot until I became exhausted, only to discover that I could not keep the land because I was a 'sooner.' I had entered the strip before it had been officially opened."

Retain juices in roast by starting off with great heat, lowering it as you continue cooking. Veal and lamb should be cooked a long time.

Felt Much Better By Taking Cardui

"I took Cardui at two different times for a run-down condition," writes Mrs. P. M. Deason, of Tyler, Texas. "I would get nervous and could not sleep well. This would make me feel badly in daytime. I read about Cardui and thought it would be a good idea to take it. I took eight bottles one time and six another. I felt much better after taking it and was able to sleep."

If you are weak, run-down, nervous, take Cardui, for women.

Mrs. S. L. Johnson (above) calmly accepts the success of her famous son, General Hugh S. Johnson (lower left).

"PEACE AND GOODWILL" BECOMES THE RINGING CRY OF NAZIISM OVERNIGHT

BY W. E. BROCKMANN

BERLIN, Oct. 23 (AP)—"Peace and goodwill" has become overnight the ringing cry of German Naziism.

The slogan was sounded by Chancellor Hitler himself in a patriotic blast at Kelheim which marked his personal plunge into the national election campaign.

Peace Pictured As Aim

Addressing massed storm troopers, he declared Germany's new foreign policy is aimed at genuine peace.

"Every one must vote," he shouted, "to show the world that Hitler has the backing of the entire nation."

"He who doesn't vote November 12," asserted Bernhard Rust, commissioner for culture and education, at Hannover, "is guilty not only of high treason, but of the meanest kind of treachery to the people and the nation."

He did not state whether this was to be taken literally.

Given By Ovation

At Regensburg, in another political rally, Chancellor Hitler received a tremendous ovation when he said:

"We are ready at any time to sign treaties if these can be fulfilled and if they are just—but pacts that neither can be fulfilled nor are honorable we will not sign."

LOCALS

Mesdames J. E. Maisen and R. V. Nabors went to Amarillo this afternoon to attend the fifty-first session of the state chapter of the Order of the Eastern Star. Mrs. Ernest Nelson, local worthy matron, is the official delegate. She left this morning with several other members of the chapter.

Mr. and Mrs. J. E. McElroy, who have been visiting Mr. and Mrs. L. H. Shelton, left Friday with their daughter, Mrs. C. H. Abney, for Oklahoma City where they will visit Mr. and Mrs. Abney before returning to their home in Meridian, Miss. Mr. and Mrs. McElroy, Mrs. Abney, Mrs. Shelton and L. H. Shelton, jr., all visited Mrs. Shelton's daughter, Mrs. M. H. Liming, and family in San Angelo last week. Mrs. McElroy and Mrs. Shelton are sisters.

Miss Violet Pickett, Spanish teacher in Post, attended the district Spanish meeting here Saturday.

Mrs. Stringer Gives Children's Party

Mrs. George Stringer, 2418 Texas Avenue, entertained Saturday afternoon with a birthday party for her daughter, Anna Jo, on the latter's seventh birthday. Birthday cake and ice cream were served after a number of games which were participated in by Lois and Florence Pattillo, Grady Allred, Mary and Naomi Martin, Jack and Richard Bailey, Wanda Sue Wells Bruce Altman, Jimmy and George Stringer, jr.

W. D. Vaught Weds In Kansas City

William Dudley Vaught was married Saturday evening in Kansas City, Mo., to Miss Janie Elizabeth Ward, according to word received here. The bride's father, the Rev. William R. Ward, and her brother, the Rev. William Ward of Massachusetts, officiated. Mr. Vaught is foreman for a local cleaning shop.

Loyal Sisters Party To Be At Oslins

Members of the Loyal Sisters Needle club will meet in the home of Mrs. J. G. Oslin, 2401 Twenty-Fourth street, Wednesday afternoon at 3 o'clock. They will be guests of Mrs. W. G. Lofland.

STOPPED-UP NOSTRILS

Open the nostrils and permit free breathing by using Mentholatum night and morning.

MENTHOLATUM

ONE CENT A DAY BRINGS $100 A MONTH

Over $670,000.00 in cash benefits have already been paid to one-cent-a-day policyholders by the National Protective Insurance Co., 500 Pickwick, Bldg., Kansas City, Mo., the oldest and largest company of its kind.

Their new accident policy, paying benefits up to $100 each month or $1,000 to $1,500 at death, is now being sold to all men, women and children between the ages of 7 and 80 years. The cost is only $3.65 a year—just one cent a day.

Send No Money

For 10 days' free inspection of policy, simply send name, age, address, beneficiary's name and relationship. No application to fill out, no medical examination. After reading policy, which will be mailed to you, either return it or send $3.65 which pays you up for a whole year—365 days. Write National Protective today while offer is still open.—Adv.

TURKEYS

Will need plenty of feed to finish them for Thanksgiving market.

The best birds bring the best prices.

"More Than Just A Hardware Store"

Amarillo Teachers Honored At Affair

About 40 people called at the W. H. Meador home, 1631 Main street, Saturday evening when Miss Flora McGee entertained to compliment her house guests, Misses Cora and Louise Russell of Amarillo. The guests were confined to school people in English and Spanish departments.

Miss Mary Meador greeted guests at the door. Miss Pella Phipps of Amarillo was a member of the house party.

Tea was poured by Mesdames Bradford Knapp, R. M. Chitwood and Meador and they were assisted in serving by Misses Lucile Gill Dorothy Lomax and Grace Padley.

The dining table center piece was composed of fruits.

Talks Are Made At Meeting Of D.A.R.

Speaking particularly of the apparent lack of water, Mrs. R. J Allen discussed causes of delayed colonization of the South Plains Saturday afternoon before members of the Daughters of the American Revolution. Dr. Leroy T. Patton talked on the geology of the section stressing the water strata.

The meeting attended by about 15 women was in the O. V. Adams home. Mrs. Adams and Miss Elizabeth West were hostesses.

Mrs. William Dingus, regent, appointed Mrs. Leola Reeves chairman of publicity, Mrs. F. A. Kleinschmidt chairman of the national defense committee and Mrs. Bradford Knapp chairman of the better films committee.

Mrs. R. Decker Will Entertain Club

Members of the S. S. S. club will meet with Mrs. R. Decker at 3 o'clock Thursday afternoon, according to an announcement made this morning.

MEASUREMENT TIPS

Two good sized cups are equal to one pint of liquid. Four cups of flour are equal to a pound, three teaspoons to a tablespoon, two cups of butter, two cups of granulated sugar or three cups of corn meal to a pound. One cup of shelled nuts is equal to a quarter of a pound. 16 squares of chocolate to a pound, five cups of coffee or four cups of cocoa to a pound.

Be sure to grease a dish in which chocolate is to be melted.

WOOLENS will be worn by Everyone

Be dashing...Be daring...but be Advised!

If you haven't already visited our piece goods department then you should. It's an ideal spot to select the season's newest and smartest fabrics. In woolens . . . whether you're an "old smoothie" or a "roughie", whether you are quaint or sophisticated . . . you'll find Fashions' favorites here. Pick your type from these:

	Per Yard
Laredo Crepe Coating a very beautiful and unusual quality of material in black and brown	3.95
Invisible Check Wool Crepe light weight, in green, navy, wine and black. 54 inches wide	1.95
Angorette Crepe a soft hairy woolen in eel grey and black. 54 inches wide	2.95
Frosted Woolens an ideal dress fabric in wine, brick, brown and navy	2.95
Wool Crepes light weight, 54 inch material in black, brown, tan, grey, green, red, wine and blue	1.79
Polo Cloth especially suitable for children's coats in tan and Royal blue	2.50
Kersley Crepe Coating 54 inches wide in wine, brown and blue	1.95

CARTER-HOUSTON

AUTUMN DESSERT

There's nothing like a savory hot pudding for an early autumn dessert. Right now apples are so tasty they cry aloud to be used. Butter a baking dish and line the bottom with a layer of sliced raw apples. Greenings make the best pudding. Any kind will do. Put a second layer of some kind of breakfast flakes. Then fill the dish, alternating with layers of sliced apples and flakes. When full, pour maple syrup enough over the top so that you can see it. Then put the dish in the oven and bake. Serve piping hot with plain cream.

Dry ingredients, such as sugar or flour, should be sifted before measuring.

SLIP COVER BINDINGS

The binding you use on your slip covers is the key to having colors harmonize in a room. Have a printed cover on one chair and use a solid colored binding. A second chair can be the identical color of the binding and a third chair, or the divan, can be covered with striped material to match both the first print and the binding.

Two Papers...One Cost

BANK LEADERS IN QUANDARY

WALL STREET SAID TO BE "BEWILDERED" BY ROOSEVELT PLAN

NEW YORK, Oct. 23 (AP)—The cleavage between Wall Street and Washington, often-discussed phenomenon of the Roosevelt administration, was emphasized anew today by the reception high finance gave to the president's latest speech.

The New York Times, seeking to find out what the leaders of this headquarters of monetary orthodoxy thought about the Roosevelt plan to lift prices by controlling the value of the dollar in relation to gold, interviewed several of them. The newspaper said:

Only Too Pleased

"Out of ten of the most important bankers and economists in Wall Street who were asked to comment on the plan, only two could find any favorable aspect in the proposal, and these two expressed the gravest doubts.

"The others were frankly disconcerted, although some of them suggested that a fuller study of the president's program might reveal redeeming features which did not at first appear."

The paper said the plan "bewildered orthodox bankers and economists" who found it "completely at variance with tested monetary precepts. "There were some, however, who expressed the belief that although it was "a new and undeveloped idea," it might turn out to be "a pretty good thing."

FDR GOLD PLAN

(Continued from Page One)

moderate decline in the price of U. S. government bonds, but this decline was kept to relatively unimportant proportions, in contrast to some of their recent movements.

Gold mining stocks naturally made the most pronounced response in the share market, as some quarters felt that the price raising endeavor might eventually carry it as high as $40 an ounce. Homestake Mining jumped nearly $30 to close at $330 a share, then lost about a third of its gain.

Silver Stocks Jump

Silver stocks also advanced, on the theory that the white metal would go up with gold and other commodities, and the silver price in the New York spot market was increased 3-4 of a cent an ounce to 37 5-8 cents. Shares of U. S. Smelting, an important silver producer, advanced more than $12 to above $90.

Farm implement shares and mail order issues were helped by expectation of increasingly better prices for farm staples. Sears Roebuck and J. I. Case pushed up $5 a share or more. Such issues as U. S. Steel and American Telephone advanced about $3, then lost part of their gains.

FDR TO PUT HIS PLAN IN OPERATION

WASHINGTON, Oct. 23. (AP) — President Roosevelt concentrated today on preparations for immediate initiation of his new monetary plans.

Discussions took place at the White House preliminary to the setting of a price the government will pay for newly mined gold, in proceeding toward its goal of higher price levels and a managed currency.

Jones With President

Jesse Jones, RFC chairman, under whom the policy will be executed, was with the president in the early hours.

Also summoned to the executive's side were Dean Acheson, acting secretary of the treasury, and Henry Morgenthau, jr., chairman of the Farm Credit administration.

At the White House it was stated that the president had received considerable reaction to his speech last night principally favorable.

Chairman Fletcher of the senate banking committee in a talk with Reporters, gave wholehearted approval to the gold purchase policy, but said if this does not do the things hoped for, "less emphasis" should be placed on the yellow metal as a currency base.

"Undoubtedly what the president has in mind will be most helpful and may be all that is needed," he said.

"PERFECT CRIME"

(Continued from Page One)

bureau in entering the United States from Canada.

McCann said that he slew his wife early on the morning of last September 1, after quarreling with her over her fondness for liquor. When he struck her she attempted to fight back, he said so he choked her and smothered her with a pillow. Twelve hours later, Hickman and his wife, arrived at the McCann home for a visit.

"Laurier?" McCann was quoted as saying. "Too bad you missed her. She just went to Chicago to the World's fair."

The Hickmans returned to Chicago, and McCann then went ahead with attempts to prevent identification of the body, he said, by cutting it to pieces with a knife.

Some parts of the body were found in various parts of Detroit.

MEADOW STORE DESTROYED

MEADOW, Oct. 23. (Special)—Fire destroyed the L. C. Lucas Grocery store here Sunday and a vacant building containing government feed and seed besides damaging another building containing dry goods and merchandise from which most of the stock had been removed. Brownfield fire department answered the alarm but was too late to do the local "bucket brigade" much good.

When Baruch Meets Borah, Then—

When Baruch meets Borah, momentous matters may be in the wind. Maybe they talked only of Idaho's famous potatoes, but it's a safe wager that the foreign situation was mulled over, when Bernard M. Baruch, right, financier and adviser of presidents, just back from Europe, stepped off the train at Boise to be greeted by Senator W. E. Borah, left. Baruch, en route to the Pacific coast, spent an afternoon with the Iho-ho senator.

DAILY MARKETS

Cotton Market

NEW YORK REPORT

NEW YORK, Oct. 23. (AP)—Cotton opened firm 23@25 higher on active general buying on a constructive interpretation of President Roosevelt's address. Oct. 9.27; Dec. 9.45; Jan. 9.48; March 9.67; May 9.79; July 9.95.

The opening advance met some southern and spot house selling but the buying continued active after the call with December selling at 9.47 and May at 9.80, or about 6 to 26 points net higher on the active positions. Houses with Japanese connections were reported among the early buyers of March and May while there was also buying here for continental and Liverpool account. However, demand slackened slightly toward the end of the first half hour and there were reactions of 5 or 6 points under realizing.

The more urgent demand promoted by the over-Sunday developments was supplied on the early advance of about 25 to 26 points and prices eased off some 14 or 15 points from the best under southern selling and realizing. There was sufficient buying to give the market a steady undertone, however, and prices firmed up again later in the morning on the firmness reported in stocks and wheat and New Orleans buying. At midday December was ruling around 9.41 and May 9.75 with active months showing net advances of about 20 to 23 points.

NEW ORLEANS REPORT

NEW ORLEANS, Oct. 23. (AP)—Cotton had a firm opening today. Liverpool came in much better than due and sterling showing large gains. Traders expressed a very constructive view of the speech of the president, particularly the gold purchasing feature. First trades showed gains of 22 to 26 points and the market continued to advance after the start on the strength of stocks, December advancing to 9.44 and January to 9.54, and March to 9.66, or 24 to 27 points above Saturday's close.

This advance attracted some hedge-selling and prices reacted 4 to 8 points. December declining to 9.40, January to 9.46 and March to 9.61, still 19 to 21 points net higher.

Later in the first hour the market steadied again, recovering one to two points of the reaction.

The market ruled active all morning. In the second hour, prices rallying. In the second hour, prices eased on rather liberal profit-taking by satisfied longs and some further hedge-selling. December dropped to 9.29, January to 9.38 and March to 9.51, or 15 to 16 points down from the early highs.

Later in the morning, prices rallied again with stocks and wheat and December made a new high at 9.46, or 26 points above the close of Saturday. Later months duplicated their earlier highs.

Near noon the market reacted slightly, losing 4 to 6 points due to a renewal of realizing. The noon level was 20 to 22 points net higher.

Livestock Market

FORT WORTH REPORT

FORT WORTH, Oct. 23 (AP)—(U. S. D. A.)—Hogs 900; fully 10c higher; top 4.65; better 190-250 lb. truck hogs mostly 4.60; medium to good lightweight rail hogs 4.25; packing sows 3.25-50.

Cattle 1,400; calves 2,000; steady; fed steers value sell 3.7'-4.25; some lightweight yearlings 4.35-50; good to choice long yearlings held above 5.00; good cows up to 2.50; butcher and beef cows mostly 1.75-2.25; good bulls 2.00-20; stocker yearlings 3.65; stockers calves 3.35-4.00; slaughter calves mostly 2.75-3.25.

Sheep 3,800; lambs and yearlings fully steady; good fresh shorn fed lambs 5.25; medium grade grass lambs 5.00 down; shorn fed yearlings up to 4.75.

KANSAS CITY REPORT

KANSAS CITY, Oct. 23. (AP) (U. S. Dept. Agr.)—Hogs 4,000; 560 direct; slow, steady; top 4.25 on choice 180-220 lbs.; 140-350 lbs. 3.65@4.25; packing sows 275-550 lbs. 2.50@3.25; stock pigs 70-130 lbs. 3.25@75.

Cattle 22,000; calves 8,000; steers 550-1500 lbs. 4.25@6.25; heifers 550-900 lbs. 4.50@6.25; cows 2.25@3.00; vealers (milk-fed), 3.00@6.50; stocker and feeder steers 3.50@5.00.

Sheep 8,000; native lambs steady; top native lambs to shippers 6.75; lambs (x), 90 lbs. down 6.00@85; yearling wethers 90-110 lbs. 3.50@4.75; ewes 90-150 lbs. 150@2.50; feeding lambs (range) 50-75 lbs 5.25@6.00.

(x)—Quotations based on ewes and wethers.

The United States exports about 3,500,000 railroad ties annually.

Lubbock Markets

These prices are furnished by the following Lubbock firms: Poultry—Lubbock Poultry and Egg company, delivered Lubbock; Grain—S. E. Cone Grain and Seed company, following prices being bid by Lubbock grain dealers: Cotton—Blocker Cotton company. All prices subject to change during day.

Stock Market

WALL STREET REPORT

NEW YORK, Oct. 23 (AP)—Stocks and staples bounded upward today, apparently drawing renewed hope from the presidential announcement of a controlled gold market and a reiteration of his purpose to raise commodity prices.

While leading shares spurted 1 to 5 or more points, and grains jumped 2 to more than 5 cents a bushel, trading generally had little of the "boom-time" fervor. The ticker tape was pressed only at brief intervals and, after a couple of fast flurries, the activity turned rather dull. Quotations, however, showed little evidence of slipping despite considerable profit-taking. All equity groups participated in the sharp recovery, but the metal stocks easily were the leaders. Foreign exchanges soared in terms of dollars, reflecting, dealers said, a revival of inflationary hopes or fears.

Shares of Homestake Mining got up some 20 points, U. S. Smelting gained about 11, and issues advancing 4 to more than 6 included McIntyre Porcupine, Dome Mines, Cerro De Pasco, American Smelting, Allied Chemical, Du Pont, Johns-Manville, National Distillers, Sears Roebuck, Union Pacific, Santa Fe, Delaware & Hudson, Western Union, U. S. Industrial Alcohol and American Commercial Alcohol. U. S. Steel, N. Y. Central, Chrysler and a number of others gained 1 to around 3.

Grain Market

CHICAGO REPORT

CHICAGO, Oct. 23. (AP) — Wheat jumped three cents a bushel at the opening today and corn almost as much. Active buying which took place was associated chiefly with President Roosevelt's address definitely pledging a policy to increase the rise of farm prices.

Opening 2 1-4@3 cents up, wheat afterward reacted somewhat, but then rose higher than before. Corn started at 1 3-4@2 7-8 cents up, and subsequently sagged.

Workers Are Given Boost From League

GENEVA, Oct. 23. (AP)—Borrowing an idea from the international exchange of college professors, a conference convoked by the labor bureau of the League of Nations has gone on record as advocating a similar plan for young workers.

It was argued that this system would lead to more good-will among nations because it would reach the masses.

The discussion emphasized the importance of bilateral agreements, of which much has been said in Latin America, in regard to the recruiting and placing of migrant workers.

It asked the labor bureau to prepare periodically a survey of the regulations in various countries governing the admission of foreign workers to the benefits of labor legislation and particularly of social insurance.

Representatives of 31 countries took part in the deliberations. William H. Stead, an American, executive secretary of the Tri-City Employment Stabilization committee, was one of the vice-presidents.

When they are six to eight weeks old, cockerels should be separated from the pullets.

NAZIS BLAMED FOR BLAZE

ATTEMPT IS MADE TO BURN DOWN VIENNA AIRPORT HANGARS

VIENNA, Oct. 23 (AP)—An attempt was made early today to burn down the hangars at Salzburg airport where police planes guarding the border are kept. Police said the fire undoubtedly was of incendiary origin and probably was started by Nazis.

Timely discovery of the blaze by a customs guard enabled the airmen to extinguish it before any serious damage was done.

Authorities pointed out that the fire occurred at approximately the same hour paper swastikas (the Nazi emblem) were being scattered in all sections of Vienna.

Meanwhile, Vienna newspapers almost without exception, figuratively were setting fires under Prince Von Starhemberg, leader of the fascist heimwehr (home guard.)

As though by a prearranged signal—and certainly without interference either by Chancellor Engelberg Dollfuss or government censors—papers appeared violently attacking the prince as a troublemaker, an insubordinate, a spendthrift, a corruptist, a firebrand and a generally dangerous man whom Dollfuss probably will be forced to squelch or remove in his own and the country's interests.

ACCIDENTS

(Continued from Page One)

constable, who was passing. The light coupe lurched into a ditch after hitting the pier. Both negroes were thrown from the car.

The negro man was held in county jail this morning. Constable L. H. Holt and Deputy Constable Nat Mullin also participated in the arrest. A filling station operator said the negroes were fighting when the coupe, going southwestward, passed him, Roberts said.

Two Trucks Collide

An International truck driven by J. O. Barnett of Sudan and a Ford truck piloted by Bill Gentry of Slaton were in collision as the larger truck was passing the other on state highway 7 just southeast of Posey Sunday afternoon. A 3-year-old son and 9-year-old daughter of Barnett were in the cab with him. None was hurt. Both trucks were loaded with cotton bagging and ties.

Harvey Allen Bates, 10, son of R. H. Bates of Tahoka, suffered a fracture of the right thigh Sunday as he jumped from a pony. He was brought to West Texas hospital. Young Bates was a nephew of W. L. Hester of Lubbock.

A girl about 9-years-old, a daughter of Mr. and Mrs. F. M. Roberts, living about 5 miles east of Lubbock, suffered fractures of both bones of the left leg, and bruises and abrasions of the head, arms, and body Sunday as a result of attempting to close the door of an automobile in which she was riding southeast of here. Wind caught the door, drove it open, jerking the girl out. She received medical attention at West Texas hospital.

Mexican Is Injured

A Mexican hurt in an automobile accident was treated at West Texas hospital early Sunday night.

A Mexican also was reported to have received a laceration of the forehead in an altercation with another Mexican late Saturday or early Sunday.

A Ford sedan driven by Luther Green and a Ford coupe driven by an unidentified woman collided about 6:55 p. m. Sunday at Broadway and Texas avenue. None was hurt. A running-board of the sedan was ripped off. Another man was in the sedan.

A farmer was charged in Justice of the Peace J. S. Connell's court this morning with driving a wagon without a rear light or reflector, as a result of an automobile-wagon collision Saturday night near Posey. The automobile burned, Jack Reaves, state highway patrolman, said. Only one of four occupants of the automobile was hurt.

Adjournment Seen For Arms Conclave

GENEVA, Oct. 23 (AP)—Immediate adjournment may be voted when the world disarmament conference is reconvened Oct. 26 after the ten-day recess.

This was indicated strongly today in international circles where many believe a longer period is needed to permit of a calming of spirits. Also, it is said, nations need to concentrate on grave economic problems confronting them before returning to the council tables.

Man Killed When Found In Church

WACO, Oct. 23 (AP)—Wesley Caldwell, 35, was killed and another man was arrested early today when officers discovered them in the Tabernacle Baptist church where a knob was knocked from a safe.

Passersby informed police that they heard strange thumpings and the investigation was started. Officers found the knob knocked but the safe was not open and they started searching through the church.

The 24 ships in General Balbo's squadron which flew to the United States from Italy were equipped with American made carburetors.

Two Pay Fines—W. C. Bailey and Dolly McDowell paid fines and costs totaling $27.40 each in county court this morning upon pleading guilty of theft of two gallons of gasoline from J. E. Fitzhugh, operator of a Texaco filling station and Camp Sunset at Idalou. Jack Reaves and W. E. Renfrow, state highway patrolmen, and Deputy Sheriff Cap Moore arrested the pair Sunday night on east Broadway, a few moments after Fitzhugh telephoned officers here.

• • •

Trash Catches Fire—Trash in a basket in the office of W. M. Peticolas, jr., an attorney, in the Conley building caught fire Sunday. Firemen, who answered an alarm at 2:10 p. m., and carried out the basket, attributed the fire to a lighted cigaret. No damage occurred.

• • •

Mexican Pays Fine—A Mexican charged with theft Saturday of a package of needles from a department store pleaded guilty in corporation court and paid a $10 fine. A Mexican charged with theft Saturday of a hat from another store pleaded not guilty.

• • •

Checks Received — Sixteen additional cotton checks, amounting to $3,046.10, were received this morning. R. N. McClain, assistant county agent, reported. The checks came in four batches.

• • •

Named District Agent — Miss Ruby Mashburn, home demonstration agent for Lamb county at Amherst for the past several years, has been named district agent leader for the north Panhandle district, according to word received here. Miss Mashburn, who assumes her new post Tuesday, will take the place of Miss Minnie Mae Grubbs, who was transferred to another district. A Miss Westbrook, who has been teaching in Central Texas, is to be the new agent at Amherst.

• • •

To Show Weapons — A detachment from the Fifth cavalry, U. S. A., headed by Captain W. R. Mobley, is to arrive in Lubbock Tuesday for a two or three day stay. There will be ten men in the detachment and they will have a display of modern automatic weapons, including machine guns, 37 MM guns and other equipment. Recruits gathered by this detachment will be turned over to the local recruiting office, Sergeant E. O. Slater, in charge, was advised by Col. James T. Totten, Fort Sam Houston, in charge of eighth corps recruiting.

• • •

Two Are Arrested—A negro porter, free on a six-month sentence suspended in federal court in a liquor case, and a white man who said he had arrived a few moments earlier from San Antonio were arrested late Sunday afternoon by Deputy Sheriff Cap Moore, who said he saw the porter sell a pint of whisky to the white man. Both were held in county jail this morning.

• • •

Car Theft Reported—A 1931 Ford coupe owned by H. T. Stewart, 1905 Seventeenth street, was stolen between 7:30 and 8 p. m. Sunday, he informed police.

• • •

Gambling Charged—Twelve men were arrested in a downtown hotel Sunday afternoon by police, who said the men were playing poker. Seven posted cash bonds of $20 each to appear in corporation court on gambling charges Thursday. Five pleaded guilty of gambling and paid fines of $20 each.

• • •

Revival Opens—Large audiences heard Evangelist C. E. Wallace of Georgetown in his sermons opening a revival at the Broadway Church of Christ Sunday, it was reported today. Two baptisms, one addition to the church by transfer and one restoration were reported in initial services. This evening, Mr. Wallace will preach on "Why Jesus Came and Why He is Coming Again."

• • •

Dr. Reed Returns—Dr. E. L. Reed, member of the Tech faculty, returned over the week-end from Dallas where he represented the college at an annual fall meeting of the Texas Academy of Science. Dr. Reed was chairman of the botany section, his paper being on "Root System of Some Native Plants of West Texas."

• • •

Pickett Girl Buried—Funeral services for Dorothy Jaxine Pickett, 7-year-old daughter of Mr. and Mrs. J. M. Pickett of Lubbock, were conducted at 3:30 p. m. Sunday at Bynum-Stahler Funeral home. Rev. R. C. Campbell, pastor of the First Baptist church, officiated. Burial was in Memorial Park cemetery. The child died of diphtheria early Saturday.

• • •

Split Bill Passing Charged—Earl Dempsey, a Liberty, Ala., youth, was charged before Victor H. Lindsey, United States commissioner, here this morning with passing a split-bill at Littlefield, where a note made of the back of a $5 and the front of a $1 bill was found. Bond was set at $1,000.

Plan New Stratosphere Flight

Major Chester L. Fordney (left), who plans to accompany Lieut.-Com. T. G. W. Settle on a flight into the stratosphere from Chicago, confers with Dr. Arthur Compton (right) of the University of Chicago, who is sending aloft instruments to record cosmic ray findings. (Associated Press Photo)

a new Gladstone bag containing some apparel, still was held in city jail at noon today. Police suspected some of the apparel had been stolen they said.

• • •

Store Windows Broken—An automobile driven by a Lubbock woman struck and broke west display windows of Walton's, The Man's shop, at Broadway and Avenue J late this morning. None was hurt. The woman, driving on Avenue J, had turned toward the curb to park. An obstructing sack of flour prevented quick access to a hand-brake and she was unable to stop in time to avoid the crash, she said.

RETRIAL PLANNED

AUSTIN, Oct. 23 (AP)—District Attorney James P. Hart, planned today to start retrial of W. S. Byars, former state ranger on December 4 on an indictment charging him with the murder of J. R. Munro, Austin carpenter, on last July 3.

Woman Here From Children's Home

A representative of the Volunteers of American Rescue home of Fort Worth, Miss Blanche Welch, was in Lubbock today to place children in homes and to receive subscriptions for the institution. Miss Welch was on her 12th annual tour of Texas.

Fifteen babies in the home are eligible for adoption, she said. The home gives a complete history of a child's parents. A child may be kept, after the foster parents have presented satisfactory references, six months on probation and then returned if not wanted, as provided by state law, Miss Welch explained.

The division of child welfare of the state board of control supervises the rescue home, which cares for unmarried mothers and their children. It is non-sectarian.

CONVENTION OPENS

FORT WORTH, Oct. 23. (AP)—Delegates from numerous cities were present today as the convention of the Texas retail credit bureaus opened here. C. R. Pennington of Abilene presided.

CONSTIPATED After Her First Baby

Finds Relief Safe, All-Vegetable Way

She had given up hope of anything but partial relief until she learned of famous all-vegetable NR Tablets (Nature's Remedy). But now after years of chronic constipation and biliousness—what a change! New pep—new color and vitality—freedom from bowel sluggishness and intestinal poisons. This all-vegetable laxative gently stimulates the entire bowel, gives complete, thorough elimination. Get a 25c box. All druggists'.

NR TO-NIGHT TOMORROW SURE-RIGHT

"TUMS" Quick relief for acid indigestion, heartburn. Only 10c.

Big New Shipment

CROSLEY RADIOS

"With Short Wave Reception"

This new shipment of Crosley radios in every size and style you might desire is *the finest we have ever shown in Lubbock.* At this time we introduce the *'Dual Range'* in Crosley, making it possible for you to get both long and short wave broadcasts. You can now receive the short wave band from 90 to 200 meters or 1500 to 3500 Kc. in low priced sets.

Beside the wonderful reception assured you with Crosley (in both long and short wave lengths) there is a world of beauty packed into the cabinets. *Only Crosley can produce such appearance and performance — at such low prices.* Come in today, let us show you the newest in radio!

Thought For Today

But the tongue can no man tame; it is an unruly evil, full of deadly poison.—James, 3:8.

* * *

It is not of so much consequence what you say, as how you say it.—Alexander Smith.

Thwarting Escape

There is little doubt that the great majority of Americans heartily will endorse Attorney General Homer Cummings' plan for a new federal prison in which the most vicious and "irredeemable" of prisoners can be isolated. The place chosen for such purpose.

Most prisons, unfortunately, are not "escape proof" for the really desperate convicts. We have had enough prison breaks in the last few years to convince us of that. This island prison ought to be something else again. Mr. Cummings is confident that a man immured there would stay there, no matter how great his efforts to get away; and his confidence seems to be justified.

It is hard enough in this country to catch and convict men of the Capone or Kelly type, without having to take chances on seeing them break loose from their cells Such men ought to be isolated in a prison designed especially to hold desperadoes.

Flapper Fanny

Even hard-hearted girls are rarely stone cold.

The PLAINSMAN Says:

That Girl on Broadway says you can blame a preoccupied look on a man's face on business troubles but when it's on a woman it's more than likely heart trouble.

* * *

Lubbock's leading bachelor says there are laws enough already without adding in-laws.

* * *

CALIFORNIA, where you at? Florida, Cuba and Colorado, too? What have you all to boast about?

Did you ever, ever see a sweller day than yesterday—or, for that matter, most of the days we've had in these parts since the fall season set in?

They don't make better days than those — and you might remember that when the sand whips around a bit next spring!

* * *

Good weather in West Texas can't be beat anywhere under the shining sun. In fact, it couldn't be any better in Utopia, or in heaven, simply because good West Texas weather is perfect weather.

The skies are a little bluer in West Texas. The sun shines brighter and the stars are closer to the earth at night.

If, as the Denver Post proudly flaunts, "'Tis a Privilege To Live In Colorado," then it's a rare prerogative to live in West Texas when the weather's acting right!

* * *

REV. JOE HAYMES, sky pilot at First Methodist church, got off a crack yesterday morning that drew a giggle from everybody who heard it—and it's safe to say everyone in the auditorium heard it because it was early in the service!

You'll probably enjoy it, too, so here it is:

"I was driving through Plainview recently," the pastor declared, "and adjacent to a school I saw a sign reading: 'Drive Carefully! Don't Kill A Child.'

"And under it, in a childish scrawl, appeared the postscript: 'Kill A Teacher!'"

Will Rogers had best look to his laurels.

Plainview must have at least one embryo humorist in its school system.

* * *

The other day in this column The Plainsman mentioned the fact that war in Europe is seriously threatening and, to be sure, many students of world affairs expect the Japanese and Russians to be at each other throats the first of the year.

O. O. McIntyre, best reporter in America and whose writings are daily placed before more people than those of any other one commentator, offered similar testimony in his syndicated article appearing in yesterday's Fort Worth Star-Telegram.

"In Japan", reports Mr. McIntyre, "there is a secret hand sign which means that soon the nation will be at war. It is seen everywhere now."

* * *

That Man on Avenue Q says the bride's mother may cry at the wedding but if you see a man wearing a look of supreme content, that's the broken-hearted father."

* * *

A couple of old friends met on the street here the other day, meeting for the first time in almost a year. During the conversation one of them mentioned the name of a third acquaintance.

"Where is Bill now, anyway," he remarked. "I've been looking high and low for him for three months?"

"I don't know whether you'll find him, or not," the second returned, "but you're sure looking in the right places. He's been dead just about that long!"

* * *

THE PLAINSMAN made several visits to the 99th District courtroom last week during the trial of Vert Readhimer, charged with the murder of Stokes Campbell in Floydada last spring.

The sensational hearing, which daily drew capacity crowds, lasted a full week and was marked by testimony severely embarrassing to the defendant and members of his family, as well as to members of the slain boy's family who were also in the courtroom.

And The Plainsman, who was in the courtroom at the time the case went to the jury, was struck by the strain's effects upon the faces of those most interested — the Readhimers and the Campbells.

* * *

The hours of suspense, the long dragging days of heart-rending testimony, the bitter, and oftimes almost brutal allegations presented by opposing counsel left their marks upon the drawn, tired faces of the members of the two families—once friends, now enemies.

There was stark tragedy stalking by the minutes in the first Readhimer case—tragedy which must be repeated when J. R. Readhimer, father of Vert Readhimer, goes to trial next month, charged with murder in the same case.

No one will ever know the intense pain suffered in that courtroom—or the torture forthcoming in the next trial.

* * *

BUT there was an object lesson there of the most striking kind and it is too bad every man and woman in the world could not have seen and noted it.

For if they had there would be fewer occurrences of the kind which sent a mere boy to his grave, a girl to public shame, brought a nameless child into the world and placed two men in the shadow of the penitentiary walls.

What has come to be known the plains over as "the Readhimer case" has depicted to society again what we may best call nature in the raw.

It is not pretty picture—any part of it—but since we have seen it we may at least hope it will prove a deterrent to us all.

We Want To Take A Firm Stand On This Matter

All's Quiet Along Potomac And Government Still Lives Despite Khaki Shirts; Invasion Is A Tragic Burlesque

This column is being conducted by Willis Thornton during the vacation of Rodney Dutcher.

* * *

BY WILLIS THORNTON
The Evening Journal's Washington Correspondent

WASHINGTON, Oct. 23—All's quiet along the Potomac, and the government at Washington still lives.

It still lives despite the Khaki Shirts.

The urge to write something funny about the invasion of the Khaki Shirts is almost irresistible. But to think back to the 44 confused, bewildered, imposed-upon young men who were halted at the District line by nearly twice their number of police and more than half their number of reporters, gives one a sense of melancholy. They didn't have even khaki shirts, most of them.

* * *

"The Boys" Are Detained

"Can we do anything for you boys?" asked urbane Inspector Burke.

"Well—ah—we was expecting to meet a lot of the boys here . . ." began "Gen." George Charles Zirkler. Inspector Burke patiently explained that the Philadelphia boys wouldn't be there, for reasons best known to the Philadelphia police. "Now I think you boys had better turn around. If you come on into Washington there might be a little trouble." Burke went on, patiently.

"Well—a course we don't aim to have any trouble," stammered "General" Zikler, and five minutes later the two Ford dump trucks and the three touring cars of the "revolutionists" had been turned around and were on the road back to Baltimore.

But not before the final insult had been added. One of the trucks crashed a traffic light and the boys had to dig up a $4 fine. Really, you could not laugh, burlesque though the whole performance was. It was all a little pathetic.

Slums Pass Out

No, the government at Washington still stands, despite the Khaki Shirts, the Communists, the isms and the ologies, and the major operation of the New Deal.

The change in physical Washington symbolizes the changes in the government. Rows and blocks of the old red-brick 18th century and early 19th century houses are going down under the steam shovel and the crowbar.

They were picturesque and lovely in their day, but lovers of the picturesque must not forget that most of them had become slums, dirty, insanitary, and squalid.

* * *

Another Commission Dies

The most graphic description of the NRA experiment is that of Donald R. Richberg, its general counsel, when he called it "the largest group insurance policy ever written—one to cover the inhabitants of the United States." . . . John Van Antwerp MacMurray, new minister to Riga, Latvia, is in town, brushing up at the State Department before going to his post. . . . This heightens rumors that he will be the first ambassador to Soviet Russia as MacMurray is a career diplomat of wide experience who would need little departmental coaching for the unimportant Riga job itself. . . . When a commission is abolished in Washington these days — that's news. The National Screw Thread Commission just is winding up its last affairs after 15 years of work in standardizing the threads on bolts and nuts. . . . President Roosevelt knocked it in the head. . . . The American Forestry Association is recommending study of a plan to make the Civilian Conservation Corps a permanent affair. . . . Fewer tourists at the Capitol this summer than for years. . . . Guides blame the Chicago fair.

* * *

The Sun Shines Brighter

Washington today is an exhilarating spectacle. As a new marble and limestone city replaces the red brick and sandstone of earlier buildings, so, in a furious hurry, a new governmental and social order is being built. And the blueprints are clearer for the former than for the latter.

But no one can go among the New Deal officials for even a short few weeks without being impressed by the earnestness with which a vast amount of intelligence, of conscience, of ability are being applied to the nation's problems. They may fail to get all the right answers, but nobody can say they weren't in there trying.

And, somehow, as you pass the beautiful white mansion that stands among the elms at 1600 Pennsylvania avenue, the lamp that hangs behind the graceful columns of the portico seems to shine with a new beauty, to give forth a cleaner, brighter light.

Pin worms have finally been absolved as a cause for appendicitis. We wouldn't care to swallow 'em anyway.

Two Spanish matadors are coming to show Americans how to throw a bull without harming it Wish they'd show our congressmen how to throw the bull without harming us.

Sheffield cutlery factories are booming at the expense of Germany. Knifed again!

BRONCHIAL INFECTIONS NEED CREOSOTE

For many years our best doctors have prescribed creosote in some form for coughs, colds and bronchitis, knowing how dangerous it is to let them hang on.

Creomulsion with creosote and six other highly important medicinal elements, quickly and effectively stops all coughs and colds that otherwise might lead to serious trouble.

Creomulsion is powerful in the treatment of all colds and coughs, yet it is absolutely harmless and is pleasant and easy to take.

Your own druggist guarantees Creomulsion by refunding your money if you are not relieved after taking Creomulsion as directed. Beware the cough or cold that hangs on. Always keep Creomulsion on hand for instant use. (adv.)

GET YOUR PONTIAC READY FOR WINTER

The pleasure your Pontiac has brought you this summer will continue for years to come, if you give it proper winter safeguards.

Don't wait for the first freeze, to have Eveready Prestone put in the cooling-system. It won't evaporate. Put it in now and be safe.

At its new price of $2.95 a gallon, Eveready Prestone is more economical than ever. To protect a 1933 Pontiac "8" to zero, you need only 1¼ gallons, costing $3.72. And that's the *last* cost. No refilling. No expensive repairs for a frozen engine. No worry. Eveready Prestone will protect your car from freezing and rust all winter. For other makes and models, see your dealer's chart.

Eveready Prestone is a distinct, patented product, approved by all car manufacturers, and guaranteed by National Carbon Co., Inc., New York, N. Y.

*The average date for the first freezing weather in Lubbock is October 20. Be ready for it. Save and play safe with Eveready Prestone.

With Whiz BARRY Under The Capitol Dome

BY R. W. BARRY
Associated Press Staff Writer

AUSTIN, Oct. 23. (AP)—Once a legislator, always a legislator! Take the case of W. R. Montgomery of Edinburg who served his district in the Texas House. Since he has not been legislating "Monty" comes to the legislature regularly to help his home folk put over their legislative programs.

He was here during the special session boosting a cluster of bills that the Rio Grande valley wanted passed. Many of them related to conditions caused by the hurricane that prostrated that area. Montgomery saw all of them, save one, adopted by both houses.

Fred Minor of Denton, speaker of the house in the 42nd legislature, did not come to the capital during the special session. He was here during the regular session and at that time it was freely reported he would be a candidate for attorney general. Word is being passed now that he has forsaken his ambition to be elected to that office.

Wirtz Is Lobbyist

Former Senator A. J. Wirtz of Seguin, whose place in the upper house is so ably filled by his young friend, W. K. Hopkins of Gonzales, is one of the "ace" lobbyists. Former Senator W. A. Williamson of San Antonio is frequently here when the legislature is in session. Former Senator John N. Bailey formerly of Cuero, who was one of the oldest members in point of service, until he quit, lives in Austin.

There are many other ex-legislators who mingle with the legislators but those mentioned are some of the well-known faces.

Seldom Misses

Miss Maeda Cuenod seldom misses a session of the Texas highway commission. There is a reason. She is the official reporter, taking the minutes in shorthand as the meeting progresses. She has served through the administrations of Governors Miriam A. Ferguson, when she was first chief executive; Dan Moody and R. S. Sterling. She is working through the second Ferguson tenure. It was the intention in this reference to note Miss Cuenod's absence from the last hearing. She was ill in a hospital in Galveston, her home.

An Enterprising Young Merchant--

NEWSPAPERS are an important factor in the progress of the world, supplying all of the news from at home and abroad to every interested person at a negligible cost. The service which they render has come to be taken more or less for granted, but there is one factor that is deserving of your attention and consideration.

The carrier boy who delivers your newspaper daily, regardless of weather or other interfering forces, is the principal link between the publisher and the reader. It is through his enterprise and industry that you are able to enjoy the convenient service that characterizes newspaper delivery.

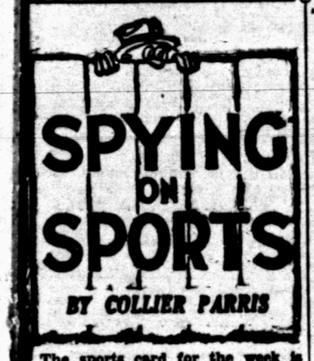

This young man in most cases is not a newspaper employee. He is an independent young merchant, buying and paying for his papers by the week and selling them on a weekly credit basis to his customers. His profits for the service that he renders are small, yet many of these boys, by thrifty management, are paying their way through school with their earnings and at the same time putting something away for the future.

Encourage your carrier boy in the thrifty habit which he is forming by paying him regularly for the service that he is rendering you.

SPORTS

Austin High And Lubbock To Play

The sports card for the week is full again. Indoor baseball tonight, indoor baseball tomorrow night, wrestling Wednesday night, hot-shooting Thursday night, indoor baseball or football Friday night, football (maybe) Saturday afternoon, boxing Saturday night, and skeet shooting Sunday afternoon.

* * *

Lubbock's Westerners are scheduled to play Austin High of El Paso Saturday afternoon, but the game may be moved back to Friday night provided the El Pasoans will come to terms. We'll know later today or tomorrow about that.

* * *

The fact that Austin High was credited as tying with Phoenix Union High for the Southwestern High School association football championship of 1932 adds some lustre and importance to the game here this week-end. They were a long time figuring out the championship of that league, which rates a notch or two below the Texas interscholastic league, but they finally got around to it and announced the winners Saturday night.

* * *

According to communications between Lubbock High and Austin High authorities, the latter is a school which would rather win a ball game than make money, which is something a trifle extraordinary in this day of football money-making. A "hot weather" club, the El Pasoans asked a medium guarantee for coming here Saturday afternoon. When queried as to their disposition toward a Friday night game, they immediately went up on their price a couple of hundred dollars. It may be a Saturday afternoon game.

* * *

Completing the swap of Lubbock and El Paso teams, the Matadors of Texas Tech pull out Thursday night for the border city to do battle Saturday with the Muckers of the School of Mines. A goodly number of local fans may be attached to the retinue, as special low round trip prices have been announced by the Santa Fe. The ride on the rails there and back will cost ten bucks, and you get plenty of ride for your money. The train goes via Sweetwater to hook on the T. & P.

* * *

There's sosnething kinda screwy about the Miners and their game Saturday at Roswell with the New Mexico Military institute eleven. The Cadets defeated Tech's freshmen, 6 to 6, and had plenty of trouble doing it. "If we played 'em again," reports Coach Dell Morgan, "we would smear 'em from goal post to goal post." And the big, bad Miners of Coach Mack Saxon, who downed Howard Payne, who played University of Texas and S.M.U. some very nice ball games, did no better than a 6-6 tie with N.M.M.I. Coach Pete Cawthon was in the crowd that saw the game, which may explain some of it. You can bet your loose change that the Muckers will be tougher than that when they play Tech, whom the always have defeated.

* * *

It is noted that Grantland Rice, another pretty good sports writer, is making a tour of the football country. He visited in the Southwest conference last week, and filled up a lot of space with names and this and that connected with the football set-up in these parts. Had the Tech Matadors beaten S. M. U., old Granty probably would have rushed out to Lubbock to see what about the Matadors. As it was, he wrote the following in a general round up of outstanding players of the section:

* * *

"Texas Tech—Matt Hitchcock, 178-pound senior end. Specializes in catching passes and can go through a broken field when he gets them; good defensive man and fine blocker. Schedule against him."

* * *

Following his 30-minute match last Wednesday night, Swede Larsen, the big ear-twister from the North Plains, popped off with the statement that he'd like to get Jack Van Bebber in the ring for a three-fall finish fight, and "I'd finish him, all right—the young smart aleck." We're not by any means sure of that. We're not sure that there's anybody on the North Plains, South Plains or any other Plains who can "finish" the Texas Tech wrestling coach who hung up seven national titles and an Olympic championship before coming here. He gave away 17 pounds to Larsen and whipped him like a papa punishing a proud protege. Mighty smooth and strong, this Van Bebber. We'll see him again Wednesday night.

Prof. Karl Ritter von Frisch of Munish has trained fish to answer a dinner bell.

TECH MATADORS FACE SCHOOL OF MINES AT EL PASO

Lubbock and El Paso football authorities have made arrangements whereby fans of each city will be interested in what goes on in the other this week-end.

The Texas Tech Matadors entrain Thursday night for El Paso where they met Coach Mack Saxon's Texas College of Mines Muckers Saturday afternoon.

Austin High Here

At about the same time, the Austin High gridders of El Paso entrain for Lubbock where, on Saturday afternoon, they are scheduled to clash with the Lubbock High school Westerners.

A number of local fans expect to take advantage of specially reduced railway rates and accompany the Matadors to El Paso. No doubt there will be several El Paso rooters in Lubbock.

The local game may be shifted to Friday night, Coach Chapman said Sunday. Originally set for Saturday afternoon, the contest will be moved up if El Paso officials can be brought to terms. They seek a higher financial settlement for playing Friday night.

Officials announced Saturday that Austin High school of El Paso and Union High of Phoenix, Arizona, had tied for the 1932 football championship of the Southwestern High school association. The El Paso club defeated Fabens, a traditional rival, 64 to 0 last week-end.

Get Good Start

The Westerners got off to a fair start in the District 1 grid race by defeating Borger Friday night, 19 to 7, on the sand dunes of the Borger athletic field. In so doing, they looked worse than at any time this season.

The usual heated rivalry between Texas Tech and the School of Mines is due to be stronger than ever this week. Never has a Tech team defeated Mack Saxon's Miners, and the latter are more confident than ever of keeping that record clear. After defeating Howard Payne and playing the University of Texas and S.M.U. in good, fast games, the Muckers experienced a let down last Saturday to play the New Mexico Military institute Cadets to a 3-all deadlock. They are expected to come back with plenty of power and venom this week.

OWNER OF BROWNS TAKEN BY DEATH

ST. LOUIS, Oct. 23. (AP) — Death has ended Philip De Catesby Ball's 18-year dream of producing an American league pennant winner.

The veteran of baseball died here yesterday of septicemia at the age of 69.

Since 1916, when he became owner of the St. Louis Browns, Ball had cherished the thought of winning a pennant with his club. The nearest he approached the pinnacle was in 1922 when the Browns finished in second place.

L. C. McEvoy, vice president and general manager, took up the reins temporarily and found before him plans for revamping the team along lines suggested by Rogers Hornsby, manager.

Funeral services will be conducted Tuesday.

REPORTERS WILL BATTLE SPORTS

The Avalanche-Journal and J. & J. Sporting Goods company teams meet tonight in a feature game to start the week's indoor baseball program. Two contests are booked for this evening at Sled Allen's Auditorium.

In the nightcap of tonight's double header, the J. C. Penney company meets the Federal Employees in another game promising plenty of fun.

The Reporters will be striving tonight to keep their hold on a tie for the indoor baseball league lead. They are deadlocked for the lead with Mitchell's Cafe now. The Sports, champions of the summer softball season, are in third place.

The schedule continues tomorrow night with the Federal Employees battling J. & J. and Hule-Ribble playing Peoples Ice company.

"Booster" tickets sold at the beginning of the indoor season remain good for admission to games this week, officials have announced.

KLEIN DEAL RUMORED

PHILADELPHIA, Oct. 23. (AP)—Gerald Nugent, president of the National league, refused to either affirm or deny a report that Chuck Klein, slugging Phils outfielders, had been obtained by the Chicago Cubs.

Asked if a deal involving Klein was under consideration, Nugent replied:

"We have 20 deals under consideration, but none can be discussed at present."

CARNERA WINS DECISION IN UZCUDUN GO

WORLD RING CHAMPION BOOED FOR FAILURE TO FLOOR RIVAL

ROME, Oct. 23. (AP)—Primo Carnera's first heavyweight title defense, successful though it was, added little to the mammoth Italian's prestige in his native land today.

A crowd of 70,000 strongly predisposed in Carnera's favor, watched the huge champion punch out a decisive 15-round victory over Paulino Uzcudun yesterday, cheered him for a while and then booed him just as heartily in the last two rounds for his failure to knock out the 34-year-old Spanish veteran of more than ten years' warfare against the world's best heavyweights.

Couldn't Floor Him

Carnera smashed the Basque woodchopper all over the ring with a zipping left and ponderous rights, yet never could floor a rival whose courage alone carried him thrpugh the full 15-round limit.

The crowd, which included Premier Mussolini, other Fascist officials and James Roosevelt, eldest son of the American president, couldn't understand how a man could take such a beating and still remain erect. That, perhaps, explained the chorus of boos that greeted Carnera as he vainly sought to bring his small antagonist down.

DENTON IS TO PLAY FRIDAY

LONE STAR CHAMPS OF LAST YEAR TO PLAY STEPHEN F. AUSTIN

(By The Associated Press)

Conference competition this week-end in the Lone Star circuit will be featured by the 1933 debut of the North Texas Teachers of Denton who won last year's championship. The North Texas gridsters will show their wares and start defense of their championship Friday night at Nacogdoches against the Stephen F. Austin Lumberjacks. North Texas is favored. The Lumberjacks have lost their three conference starts.

Lone Star Standing

Team—	W	L	T	Pts	Op	Pct
East Texas	2	0	0	26	19	1,000
Southwest	1	0	0	27	0	1,000
Trinity	1	0	1	13	0	1,000
Sam Houston Teachers	1	1	1	13	14	.000
S. F. Austin	0	0	0	6	52	.000
North Texas	0	0	0	0	0	.000

Results Last Week

Trinity 14, Stephen F. Austin 0, at Waxahachie.

East Texas Teachers 14, Sam Houston 13, at Huntsville.

Conference Games Friday

North Texas vs. Stephen F. Austin at Nacogdoches.

Trinity vs. East Texas at Commerce.

Non-Conference Games

Texas A. and I., vs. Sam Houston at Huntsville.

SCORING LEADERS HOLD POSITIONS

(By The Associated Press)

Saturday was both a bad and good day for leading Southwest conference scorers. The leaders failed to score touchdowns but all managed to retain their positions in the touchdown race.

Frenchy Domingue, Texas A. & M. galloper, was smothered by Texas Christian but his 39 points still is the conference's best. The leading scorers follow:

Player—	G	Td	Patd	Fg	Pts.
Domingue, A&M	4	5	6	1	39
Hilliard, Texas	3	5	3	0	33
Casper, T.C.U.	6	5	0	0	30
R. Wilson, SMU	5	5	0	0	30
Laforge, Ark.	5	4	1	0	25

SLOAN WINS TITLE

DALLAS, Oct. 23. (AP) — Leonard Sloan of Waco, a daring young rider, is the first official southwestern flat track motorcycle racing champion. Sloan won the title last night in the finals of the tournament sponsored by the Dallas Cycle club and sanctioned by the American Motorcycle association at the Fair park stadium speedway. He finished with 39 points against 26 for his nearest rival, J. B. Jones of Dallas.

VETERAN SHIP DOOMED

BREMERHAVEN, Germany (AP)—The 8,000-ton liner Seydlitz, Admiral von Spee's supply ship at the battle of the Falklands in December, 1914, and the only German vessel to escape that fight, has been sent to the junk yard after 30 years' service.

Grid Fireworks Seen This Week

2ND NEWMAN?

* * *

Bill Renner, sophomore from Youngstown, O., has been picked in early-season dope as the lad most likely to fill the shoes of Harry Newman—if they are to be filled—at the University of Michigan this fall. Renner is one of the most talented of a group of promising Wolverine sophomore backs. (Associated Press Photo.)

LIST OF UNDEFEATED ELEVENS DWINDLING; FAVORITES TOPPLE

BY HERBERT W. BARKER
Associated Press Sports Writer

NEW YORK, Oct. 23. (AP)—The nation's football legions face the third Saturday in October with many perennial favorites already overthrown, the list of unbeaten teams dwindling fast and further fireworks promised all along the line.

The downfall of Pitt's Panthers and Notre Dame and the tieing of Southern California last Saturday proved anew the shaky foundations on which football reputations rest.

Leaders Are Picked

The usual Monday morning recount indicates that temporary leadership at least can be assigned to Michigan and Nebraska in the midwest, Duke and Alabama in the south, Princeton, Fordham and perhaps Army in the east, Arkansas and Southern Methodist in the southwest, Utah in the Rocky Mountain district and Southern California and Stanford in the far west.

The prospects for this week's slate, headed by such pairings as Southern California-California, Yale-Army, Penn-Navy, Harvard-Dartmouth, Fordham-Alabama, Notre Dame-Pitt and Iowa-Minnesota, follow:

East: Princeton and Fordham look most powerful right now but Yale, Army, Dartmouth, Holy Cross, Carnegie Tech, Syracuse, Colgate and Duquesne still are unbeaten and untied. Duquesne has a "breather" against Westminster this week but all the others are in some danger. Yale and Army collide at New Haven, Fordham must tackle formidable Alabama and Dartmouth faces Harvard. Holy Cross, conqueror of Harvard, and Colgate, unimpressive against New York university, may find Brown and LaFayette, respectively, somewhat tough. Princeton and Syracuse confront intersectional foes. The rampant Tigers, whose 20-0 rout of Columbia marked their first major victory since 1928, meet Washington & Lee who upset Kentucky last week.

Michigan Is Favored

Midwest: Michigan, on the basis of its great showing against Ohio State, looks like the class of the conference and should beat Chicago. Iowa's Hawkeyes, conquerors of Northwestern and Wisconsin, tackle Minnesota's Gophers who blasted Pitt's national championship aspirations last week. Purdue looks too good for Wisconsin and Ohio State will try to get going again against Northwestern. What looked like one of the season's classics a month ago, Pitt vs. Notre Dame at South Bend, now is just a game between beaten elevens. Nebraska carries its Big Six title hopes against Oklahoma with Missouri and Iowa State, Kansas and Kansas State clashing in other conference duels.

Pacific coast: Southern California forgets its scoreless tie with Oregon State, breaking a string of 25 consecutive victories, to concentrate on the annual battle with California. Stanford invades the north to meet Washington. Oregon, the leader with two triumphs, will find U. C. L. A. tough. Oregon State and Washington State, which tied California, meet in a battle of "dope-upsetters." Idaho and Montana complete an all-conference program.

Georgia Meets N. Y. U.

South: Georgia's tussle with New York university tops a program otherwise marked by three southeastern, two southern conference games, and three contests pitting representatives of each against one another. Tulane and Auburn, Tennessee and Florida and Louisiana State-Vanderbilt are the southeastern pairings, while Virginia Poly and South Carolina, and Virginia and Virginia Military play Southern conference games. North Carolina and Georgia Tech, Kentucky and Duke, Missippi and Clemsoni are involved in inter-conference tests. Centenary, still unbeaten, confronts another southwest foe in Texas Christian. Kentucky, Florida, Georgia, Alabama, Mississippi State, Vanderbilt and Louisiana State all are unbeaten in the southeast; Duke, Virginia Poly, South Carolina, Virginia, Washington & Lee and North Carolina in the Southern.

ST. EDS LEADS TITLE RACE

TIGERS SCORE THREE VICTORIES; OTHER LOOP GAMES TIED

(By The Associated Press)

The St. Edwards' Tigers, having clicked off three consecutive Texas conference victories with a total of 62 points against none for their opponents, will battle Austin college of Sherman in a feature conference game Friday night at Austin. The Tigers won their third championship game last week by smothering the Daniel Baker Hill Billies of Brownwood, 31 to 0. The Tigers are the only aggregation in the conference with a victory, all other games so far have resulted in ties.

Conference Standing

Team	W	L	T	Pts.	Op.	Pct.
St. Edwards	3	0	0	62	0	1000
A. C. C.	0	0	1	0	0	.000
Austin Col.	0	0	1	6	6	.000
Howard Payne	0	0	1	6	6	.000
Simmons	0	1	0	0	13	.000
Southwestern	0	1	0	0	18	.000
Daniel Baker	0	1	1	0	31	.000
McMurry	0	0	0	0	0	.000

NINE ARE KILLED

BUCHAREST, Rumania, Oct. 23. (AP) — A train carrying passengers crashed into another carrying inflammable petroleum products near Uinaia Saturday night, killing nine persons and injurying six others. The wreckage burst into flames scattering burning oil over a wide area.

AMATEURS ARE DEFEATED BY GOLF PROS

FIRST ANNUAL TEXAS CUP MATCHES GO TO PROFESSIONALS

DALLAS, Oct. 23. (AP)—The first annual Texas cup matches between Texas' ranking amateurs and professionals were played yesterday at the local Brook Hollow Golf club with the professionals winning on the point system, 12 to 3.

Scoring on the basis of one point to each match, the ten ranking members of the Texas Professional Golfers association, fired entirely too many birdies and pars at the high ranking amateurs led by Captain Gus Moreland, Texas and Trans-Mississippi champion.

Pros Easy Winners

The professionals won four of the five doubles matches. They scored victories in eight of the ten singles matches.

Doubles results:

Byron Nelson, Texarkana, and Ben Hogan, Fort Worth, beat Gus Moreland and Dennis Lavender, Dallas amateurs, 4 and 2.

Reynolds Smith and Jack Jackson, Dallas amateurs, beat Francis Scheider and Levi Lynch, Dallas professionals, one up.

Larry Nabholtz and Francis McGonagill, Dallas professionals, beat Charles L. Dexter and Bud McKinney, Dallas amateurs, 3 and 1.

George Aulbach and Graham Ross, Dallas professionals, beat Leland Hamman, Waco, and Louis Nowlin, Dallas amateurs, 2 and 1.

Willie Maguire, sr., Houston, and Harvey Penick, Austin, professionals, beat W. R. Long, Austin, and Peyton Slade, Dallas amateurs, 3 and 2.

Singles results:

Francis Scheider beat Gus Moreland, one up.

Francis McGonagill won from Charles Dexter, 4 and 2.

George Aulbach defeated Reynold Smith, 5 and 4.

Dennis Lavender beat Larry Nabholtz, 2 and 1.

Jack Grout, Fort Worth pro, beat Leland Hamman, 3 and 2.

Howard Estep, Dallas pro, beat Louis Nowlin, 3 and 2.

Ben Hogan defeated O'Hara Watts, Dallas amateur, 4 and 3.

Levi Lynch beat W. R. Long, one up, 20 holes.

Byron Nelson beat Gibson Payne, Dallas amateur, 4 and 2.

FATHER IS SOUGHT

VERNON, Oct. 23. (AP) — Efforts were being made to locate the father of Ray Nelson Dixon, 8, killed in a highway accident Saturday. The father, J. W. Dixon, was dismissed from the veterans' hospital at Muskogee, Okla., four days ago.

Southwest Will See Hard Games

TEXAS A. & M.-BAYLOR, OWL-STEER, PONY-HOG GAMES SCHEDULED

BY BILL PARKER
Associated Press Sports Writer

Southwest conference fans have a football shell game to solve Saturday when six of the seven conference members engage in important championship games.

This week-end will be the toughest of all when it comes to picking probable winners of the Southern Methodist-Arkansas, the Rice University of Texas and the Texas A. & M.-Baylor contests.

This trio of championship games means pay dirt for A. and M., Rice and Baylor. All three have suffered previous 1933 conference defeats and another set-back means their virtual elimination as contenders for this year's crown.

Frogs Meet Centenary

The Texas Christian Frogs will battle Centenary college at Shreveport in a non-conference affair in the only other game on the Southwest schedule.

The Aggies, pre-season favorites for this year's championship, got an unpleasant surprise Saturday at Fort Worth when Texas Christian stopped them, 13 to 7. They entered the game a touchdown favorite but could do nothing with the Christians accuracy through the aid and terrific power on ground formations.

The Arkansas Razorbacks, humbled Saturday in a non-conference game against Louisiana State, will strive to retain their unmarred conference record of two consecutive victories when they tie into the Southern Methodist Mustangs at Fayetteville. It will be home coming day for the Razorbacks. The Razorbacks simply were outclassed by Louisiana State, 20 to 0.

Ponies Face Hard Task

The Mustangs, thanks to Robert Wilson's smashing broken field run of 78 yards, managed to get a 7 to 7 tie against Oklahoma A. and M. The Pony crew will be ready for Arkansas with a strong running and passing attack, but beating Arkansas on home-coming day is just about the hardest job in the conference. Back at Houston after their 13 to 14 defeat by Creighton, the Rice Owls will prepare for their invasion Saturday of Austin where they play the University of Texas Longhorns in a game that looms as a toss-up. The Owls have whipped Texas twice in their last three games. It was Texas last year, 18 to 6.

The Longhorns played a powerful game Saturday to get a scoreless tie against Centenary college—a team that makes a habit of beating Southwest conference opponents. The Longhorns showed greatly improved form by holding Centenary after losing a 26 to 0 game to Nebraska and a 9 to 0 malee to the University of Oklahoma. The Texas Christian Frogs are bound to let down a bit this week after being fired up to whip the Texas Aggies. The Frogs have on of the best running attacks in the conference and should make it interesting for Centenary.

BUS SCHEDULE

BUS NEWS

DID YOU KNOW—

That the Bus Companies have not used the N.R.A. to boost fares? In fact, our fares are lower than they have ever been and we are carrying more passengers than we have carried since 1929. Because of the N.R.A. we have had to employ a number of extra people and it is costing us more to operate, but the increase in our business will more than off-set the additional cost of operation.

CLEAN FOOTBALL by JOCK SUTHERLAND, FAMOUS PITT COACH

WHILE effort by the ball carrier to advance the ball at all costs is commendable, crawling is one means which clean players should avoid.

Crawling is technically defined as an attempt to advance after a player is downed, having touched the ground with some part of his body other than his hands or feet. It is not only illegal but it is dangerous. Once a downed player attempts to crawl, he invites a pile-up.

Crawling makes the referee's task difficult. In many cases, instead of penalizing the crawler, he puts the penalty on the players, causing the pile-up, because he is unable to see that the infringement of rules was caused by a crawler.

Sketch shows player crawling, with one knee on the ground, a position which makes him legally downed.

REPEAL VOTES IN SPOTLIGHT

SIX STATES TO HOLD OFF-YEAR ELECTIONS ON NOVEMBER 7

By CECIL B. DICKSON
Associated Press Staff Writer

WASHINGTON, Oct. 23. (AP)—Prohobition repeal in six states will hold the nation's attention in the off-year elections on November 7.

Administration officials confidently predict the Eighteenth amendment will be stricken from the constitution on that date. Thirty-three of the necessary 36 states already have voted to ratify repeal.

The ballotting will be in Pennsylvania, Ohio, Kentucky, Utah, North and South Carolina. Reports from those states indicate the anti-prohibitionists expect to carry all. But drys are making a strenuous fight and threaten some tight squeezes especially in North Carolina and Ohio.

Ratification Set Dec. 5

Actual repeal, depending upon the vote in these states, cannot come before December 5 or 6, dates set for ratification conventions in them.

The outcome of scattered elections in those states and in Virginia and New Jersey will be scanned closely by national Democratic and Republican leaders for an indication if any, of a swing in political sentiment from the Democratic landslide of 1932. It will be informative as to what they might expect in the congressional elections a year hence. There are minor elections in other states.

The three-cornered mayoral race in New York City is attracting nation-wide attention largely because of the effect the outcome will have politically on President Roosevelt and the Democratic national organization.

Outcome Held Important

Roosevelt's stake in that race in the contest for control of the state assembly are considered important in political circles. The house now is controlled by Republicans, Democrats dominate the senate.

While apparently keeping hands off the New York mayoral race, Roosevelt's control of the state would be improved should Joseph V. McKee be elected over Mayor John P. O'Brien, Tammany Hall candidate, and Fiorello H. La Guardia, fusion contestant, and the Democrats carry the assembly.

In Detroit, the mayoral campaign between Frank Couzens, a son of U. S. Senator Couzens, and Philip Breitmeyer, Democrat, also has significance nationally. A Democrat Frank Murphy, now governor general of the Philippines, held the seat for some time. Couzens, a Republican, received 95,000 votes to Breitmeyer, 23,000 in the primaries.

Fruit Juices Feel Effect Of Colors

GENEVA, N. Y., Oct. 2?. (AP)—Green light has less fading power on fruit juice than any other color, says a report to the American Chemical society by D. C. Carpenter of the New York state agricultural experiment station. He used apple and kraut juices seeking to learn what color of bottle glass was most suitable for fruit juice.

Red, orange and yellow rays darkened the color of the juice. Blue faded it. But the flavor was "favorably affected" by green, red, orange and yellow colors. Green-blue and blue light diminished apple juice aroma and flavor so much that testers had difficulty in recognizing the source.

The Lindberghs Drop in on England

They took off in Norway and here you see Colonel and Mrs. Charles A. Lindbergh as they arrived unannounced in Southampton, England. He was to confer with British aviation officials on his aerial survey of the North Atlantic.

LESS THAN HALF OF WAR VETS WHOSE PAYMENTS DEPEND ON PROVING THEIR SERVICE CLAIMS IN LINE FOR BONUS

BY FRANK B. HARPER
Associated Press Staff Writer

(Copyright, 1933, by The Associated Press)

WASHINGTON, Oct. 23. (AP)—Less than half the war veterans whose future benefit payments depend on proving their presumptive disabilities to be service connected today seemed in line for continued compensation.

Special boards of the veterans administration have reviewed 50 per cent of the presumptive cases. Unofficial, but closely checked, figures showed only 40 per cent of this cross-section entitled to retain their benefits.

Extension Asked

Brigadier General Frank L. Hines, veterans administrator, has asked President Roosevelt to extend the October 31 deadline for the boards to pass on the remainder of cases where compensation has been paid on the presumption the former soldiers contracted their disabilities during war service.

Such an extension would mean that veterans who have been getting 75 per cent of their former compensation since March 20, when the economy act was enacted, will continue to receive that amount beyond October 31, until their cases are acted on.

Order Is Expected

President Roosevelt was expected to issue an extension order soon—possibly this week.

Although previous estimates of the presumptive cases have ranged as high as 150,000, a well-informed quarter placed them at nearer 53,000.

Although no official figures have been announced by the veterans' administration on progress of the presumptive case reviews, unofficial reports indicate a wide variation as between states in the ratio between veterans kept on the rolls and those disallowed. They were reported in some instances to show disallowances running as high as 82 per cent, with 18 per cent continued under benefits, while in others 80 per cent were ruled service connected and only 20 per cent stricken off.

No Cold Feet For Hitler This Year

NEULEWING, Germany, Oct. 23 (AP)—Knitting two pairs of woolen socks for Adolf Hitler to wear at his Bavarian mountain retreat was the greatest joy which Frau Marie Kleeman had when she celebrated her 102nd birthday recently.

A special nazi guard of honor visited her, and a congratulatory telegram from Hitler and a costly porcelain cup and saucer from the Prussian government were among the gifts.

"Mother" Kleeman's pride, however, centered in the socks. She mailed them to Hitler that same day and explained:

"They'll keep Herr Hitler's feet warm even in the coldest weather. I'm sure he'll need them."

Jerusalem was surrendered to General Allenby on December 9, 1917, but he did not enter the city until two days later.

FLASHES OF LIFE

As Brought Over Associated Press Wires Today

Prayers Answered

INDIANAPOLIS — A certain blond young man has found employment.

Last Saturday he robbed two church choir singers of a $55 watch and some cash, saying he "wouldn't have to steal" if he could get work. One said he would pray for him.

Yesterday a blond youth entered the church and left "a package for the pastor." It contained the watch and a note, saying "your prayers are answered."

Honking Meteors

KANSAS CITY—For a half hour, the Sun-Treaders club, an amateur astronomy group, stood atop an apartment hotel counting what they thought a shower of orionids.

Then one of the "orionids" honked. Mixed in the count with the celestial shower were wild ducks, their wings made luminous by city lights.

Pious Battlers

NORMAN, Okla.—Like the praying colonels of Centre college the University of Oklahoma football squadmen enter their games with a benediction ringing in their ears.

Casey Cason, a big blond tackle from Lakeland, Fla., leads the Sooners in prayer before they trot out to face the foe.

Bob Dunlap, Oklahoma's triple threat all-Big Six quarterback teaches a Sunday school class.

NEW STORE AT WILSON

MULESHOE, Oct. 23. (Special)—The third grocery store to be opened by J. T. Gilbreath and Co., of this city, was recently opened at Wilson, near the south county line. E. B. Gilbert will be in charge. The concern has a store at Enochs and one here. Wilson is a new community and is growing. This summer Maple Wilson, Lubbock, built a gin. A service station has been erected and several residences built. There is a school house there and the territory around the community is building up rapidly.

DEFENSE PLAN IS OKEHED

PUBLIC WORKS GROUP MAKES ALLOTMENT OF $24,000,000

WASHINGTON, Oct. 23. (AP)—A $24,000,000 allotment for national defense, to include several hundred additional fighting planes and a $10,000,000 army motorization program, has been approved by the public works administration.

In addition, $6,412,690 was set aside for other federal projects in the effort to increase employment. These were scattered widely throughout the nation.

Basis Not Determined

The $15,000,000 for aviation construction is to be apportioned between the war and navy departments on a basis as yet undetermined. If evenly divided, experts said each branch would obtain approximately 200 planes.

This would be roughly half the number the navy is seeking. More than 100 will be needed for the new aircraft carrier Ranger when it is launched and nearly 300 for the vessel to be constructed in the $238,000,000 building program, navy officials say.

With its $10,000,000 allotment, the army will substitute motor power for horse and mule power in the non-combat branches of the service. Officials said they did not know how the money would be spent, since it was considerably less than the amount sought and they would have to shift their plans.

Health Service Aided

Other allocations included $683,190 to the public health service for construction work at various places, $3,300,000 to the coast and goedetic survey for field surveys and triangulation works, $433,000 to the state department for the international boundary commission in the construction of an international flood control waterway at Nogales, Arizona.

The public health service allotment included a provision for a $41,050 quarantine station at Galveston.

New Mexico Group May Order Strike

CLOVIS, N. M., Oct. 23. (AP)—A. W. Cameron, state president of the New Mexico Farm Holiday association, said the state organization will call a state wide farm strike in cooperation with the nation-wide strike declared by the National Farmers Holiday association.

Cameron said he will issue the call within a short time and said the move started in the middlewest had received the endorsement of the holiday group.

SUBSIDIZES ARTISTS

MOSCOW, (AP)—To encourage soviet artists to depict scenes of the industrial and agricultural revolution, the council of people's commissars has agreed to pay the expenses of sculptors and painters who wish to visit industrial centers and collective farms.

"B.C." Relieves Periodical Pains In Three Minutes

It is so unnecessary to suffer month after month from inorganic pains, because "B. C." will bring soothing relief in three minutes. "B. C." is prepared by a registered pharmacist, compounded on a different principle from most relief-giving agencies in that it contains several ingredients, used by many physicians, so blended and proportioned as to accomplish in a few minutes what we believe no one drug formula can do in so short a time. "B. C." should also be used for the relief of common colds, headaches and neuralgia, muscular aches and pains, reducing fever and for quieting a distressed nervous system without opiates, narcotics or such habit forming drugs. Get "B. C." in 10c and 25c packages, wherever drugs are sold. Adv.

REPEAL VICTORY SEEN IN ICELAND

REYKJAVIK, Iceland, Oct. 23 (AP)—The doom of prohibition in Iceland is sealed, according to prevailing opinion in Reykjavik, but figures to support the claim will not be available for at least a week—and perhaps longer—until the returns from Saturday's repeal election come in.

In Iceland even election news travels slowly from scattered villages and through counties subdivided into voting centers unconnected by telephone and dependent upon slow mail.

Politics was playing a part in the plebiscite. The Icelandic labor party has a prohibition plank and labor, it was admitted, might prove to have voted prohibition. Isafold, a labor stronghold, has voted in favor of retention of prohibition.

In the Reykjavik district, regarded as indicating countrywide sentiment, repeal was approved by a more than 2 to 1 vote.

Sixty thousand families in London have only one room to live in while 135,000 families have only two rooms.

Jangled nerves can make married life miserable

In so many cases it's not the big, important things that make married life unhappy. It's the little sharp words... the bickering... the nagging... the *jangled nerves.*

And the dangerous thing is that we frequently don't even realize that our nerves *are* upset until it is too late.

The more *alive* you are, the more high-strung, the more carefully you must watch yourself.

Get your full amount of sleep every night. Eat regularly and sensibly. Find time for recreation. And smoke Camels ... for Camel's costlier tobaccos never get on your nerves.

COSTLIER TOBACCOS

Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand of cigarettes!

How are YOUR nerves?

TEST No. 5

Place a small coin on the back of each spread finger, approximately at the large knuckle joint. Flip the coins in the air... turn your hand over. Can you catch them all the first time? You should be able to catch them in one of your first 3 tries.

"Blondy" Ryan (Camel smoker), Shortstop of N. Y. Giants, caught them all the first time
