

## Red Cross Drive Brings \$1,022 Total

The annual Collingsworth County Red Cross Fund Drive brought in \$1,022.16, Charles Carter, chapter chairman, announced following an audit of the drive.

The chapter's books for the past year were also audited by William Jeans, of the District Red Cross office in Amarillo.

Mr. Carter said that the Blood Bank assessment of \$385 for the 1970-71 fiscal year has been paid, enabling St. Joseph's Hospital to continue to receive blood for transfusing patients.

The county chapter retained \$580.16 or 56.77 percent of the remainder, with which to carry out its services to men in the armed forces. Local activities are limited almost altogether to this work, since Red Cross is the liaison unit between the man's family and his commanding officers in case of emergencies.

The remaining \$442, or 43.23 percent, went to the National Red Cross to help support the national program.

## Scout Drive Goes House-to-House for More Funds

More than \$300 has been collected in the annual Boy Scout fund drive, Chairman Paul Hawkins announced Monday, Oct. 26, just prior to a meeting to map further drive plans.

These donations have come from the Wellington business community, the chairman pointed out.

Approximately 35 friends of Scouting were invited to the Monday night meeting at First Christian fellowship hall.

"We hope to be able to wind up this drive in the next ten days," said Mr. Hawkins.

"Scouting is a 12-months program for the boys of Wellington and the surrounding area, as is borne out by the types of activities that are carried out year around.

"We hope if people have not been contacted, or have been overlooked, who believe in the work of the Scouting program, they will feel free to make their contributions either by mail or in person to me," Mr. Hawkins said.

House-to-house contacts will be made to complete the drive.

## Youthful Probation Officer in New Field of Work for Women

A former Wellington girl, who appears no older than a teenager, has become one of Texas first women adult probation officers. LaQuinta Hollingsworth Manuel works in the Lubbock County Probation Office, the only one in the state with two women on the staff.

There was nothing in her home economics major at Texas Tech, where she received her degree this summer, to suggest this field of work. But she admits there was a long-growing desire to go into a profession where she could help people. With her degree, she was free to take the step.

## FARMERS UNION OFFICERS

Directors of the Collingsworth County Farmers Union completed the slate of officers at a recent meeting. From left, they are Lloyd Woolridge, vice president; Rudie Tate

president; Dan Henard Jr., vice president. Mrs. Dudley Phipps, who was unable to be present, is the new secretary.

## Work Begins Wednesday

## Cablecom to Install New System Here

Almost complete replacement of the cable television system which serves Wellington users was announced Tuesday, Oct. 27 by Cablecom General through Hurschel Pruitt, Wellington manager.

A crew of six moved into town Tuesday and construction began Wednesday morning.

All new cables will be installed with the exception of tie-in cables into homes and businesses. Complete new electronic equipment will be put in.

Mr. Pruitt estimated that between two and one-half and three months will be required to complete the work.

The cost of the new system was not announced, since all figures are not in, but he did

say the amount will be "considerable".

Three new channels will be added for Wellington viewers in the future, with more definite plans to be announced upon completion of the new system. Two will be commercial stations and the other an educational channel, it was indicated. No date has been set for these to become available.

With the new system, Wellington's capacity will be increased from the present five channels to 12.

Five of the six crew members working here have brought their families, and the local Cablecom General office was able to find furnished apartments for them, Mr. Pruitt said.

The cost of the new system was not announced, since all figures are not in, but he did

## Services Held Tuesday for Mrs. G. K. Patterson

A long-time Wellington resident, Mrs. G. K. Patterson, died at 8:30 a.m. Monday, Oct. 26, in St. Joseph's Hospital, after a short illness. She was 81 years of age.

Mrs. Patterson came to the Buck Creek community with her family in 1921 from Ada, Okla., and lived there until recent years, when she moved to Wellington, making her home at 401 13th Street.

Born in Little Rock, Ark., Aug. 31, 1889, she was the former Lela Mae Johnson. She was still a small child when her father, Bill Johnson, brought his family westward into Oklahoma, where she grew up.

Mr. and Mrs. Patterson were married June 24, 1906 in Ashland, Okla. A few years later they moved to New Mexico where they homesteaded, but later returned to Ada to live until they came to Buck Creek.

Her life was devoted first of all to her family and then to her church, the Assembly of God, in which she worked actively over many years.

Services were conducted at 3:00 p.m. Tuesday, at the Assembly of God Church. Officiating were the Rev. Tom Rogers, pastor, and the Rev. A. A. Daly of Irving, a former pastor. Burial was in Fairview Cemetery under the direction of Kelso Funeral Home.

Pallbearers were Dennis Lacy, Marvin Blevins, R. J. Branch, J. C. Hartman, Jr., Wayne Martin and Norman Askew.

Survivors are five sons and

## For Pride of Ownership

## Norwood Students Set Auto-Motorcycle Show

The Samnorwood Student Council will sponsor a Automobile-Motorcycle Show—Pride of Ownership on Saturday, Oct. 31. All teenagers in neighboring communities will be welcomed to enter in this show.

This show will be in cooperation with the Samnorwood PTA will sell suppers beginning which will be climaxed with a Queen Coronation at 9 p.m. The auto-motorcycle show will begin at 3 p.m. and end at 5:30 p.m. The Samnorwood PTA will sell slippers beginning at 5:30 p.m. in the school cafeteria.

The purpose of the show is to stress pride of ownership

and scoring will be in three areas: (1) appearance, (2) maintenance, and (3) owner innovations.

Prizes will be awarded to various classes based upon the age of the vehicle. The scoring will be done upon a scoring sheet designed by the Samnorwood Student Council utilizing the three areas stressed: appearance, maintenance, owner innovation, with the primary objective of demonstrating pride of ownership which is reflected through maintenance and care of the vehicle. ## Cortez Barnett, County Leader, Dies Sunday

Cortez Barnett, a leader in Collingsworth County agriculture, in its county administration, and in work to develop its water resources, died in Shamrock General Hospital at 3:00 p.m. Sunday, Oct. 25, after a lengthy illness.

He was 61 years of age.

Mr. Barnett had lived in the Lone Mound community since he was a young man. He was manager of the Dozier Gin for nine years, and at the same time continued his farming and ranching operations.

For 16 years, he served Collingsworth County as Commissioner of Precinct 4, during a period of extensive improvement of its road system, and its post-war development.

At the time of his death he was a member of the Collingsworth County Water Control and Improvement District, and over a number of years he had devoted his time and work and knowledge to the development of an overall water development plan to benefit all sections of the county.

A public spirited man, he served his area in other ways, many of which never carried a title. His long career of community service began when he became a member of the Lone Mound School Board.

He was a member of the Baptist Church, the Samnorwood Lions Club and the Shamrock Sheriff's Posse.

Born at Brandon, Hill County, Dec. 17, 1908, William Cortez Barnett came here with his family in 1927 from Hillsboro. He was married to Miss Goldie McCracken Dec. 31, 1930.

Funeral services were conducted at First Baptist Church in Shamrock at 3:00 p.m. Wednesday. Officiating were the Rev. Lewis Ellis of Mobeetie, the Rev. C. R. Hankins of Glen Davis Memorial Church, Dozier, and the Rev. James Goff, pastor of First Baptist Church, Shamrock.

## Condition of Editor Improved

Deskins Wells, a patient in Baylor Hospital, Dallas, is continuing to show improvement, Mrs. Wells told The Wellington Leader staff Wednesday morning.

He is out of the intensive care unit and is able to be up some and to enjoy television and reading.

Doctors continue to be pleased with the improvement in his condition.

The editor was injured when he was struck by a car as he and Mrs. Wells were crossing a street in downtown Dallas Oct. 10.

## Three Queens

## Harvest Festival Set at Norwood Halloween

The annual Samnorwood Harvest Festival and coronation of the Harvest Queen will be held Halloween evening, Saturday, Oct. 31, Supt. Robert Dwight has announced.

Several events are included to make this a full evening of family entertainment. It is sponsored by the Parent-Teachers Association and all proceeds are used for projects that benefit the school.

A turkey dinner with all the trimmings will be served from 5:30 to 7:30 p.m. There will be homemade pies and cakes.

The theme of the festival will be "Raindrops Over Samnorwood."

A costume contest, with the students in old-fashioned dress, will be held about 7:00 p.m., and prizes will be awarded for the best costumes in three age groups: pre-school, grade school and high school. Mrs. Selba Rainey is in charge of this feature.

The coronation itself will take place at 8:00 p.m. in the school gymnasium, when three queens will be named. One will come from the grade school, another from junior high, and the third from high school.

## Voters Ballot in General Election on Nov. 3

Collingsworth voters will ballot in the general election on Tuesday, Nov. 3, to name their choice for state and district officials and indicate votes of confidence for unopposed local candidates.

Seven constitutional amendments also will be voted on.

Only 25 applications for absentee ballots had been made Tuesday afternoon, said Mrs. Pat McAlister, deputy county clerk.

A number of county residents have attended rallies for Governor Preston Smith held in Panhandle towns, and most of

these know him personally. The only candidates to visit Wellington as the general election approaches are the two candidates for state senator, Democrat Max Sherman and Republican Malouf Abraham.

Candidates for the various offices, as they will appear on the official ballot are:

U. S. Senator: Democratic party, Lloyd Bentsen; Republican party, George Bush.

U. S. Representative, 18th Congressional District: Republican, Bob Price.

Governor: Democrat, Preston Smith; Republican, Paul Eggers.

Lieutenant Governor: Democrat, Ben Barnes; Republican, Byron Fullerton.

Attorney General: Democrat, Crawford C. Martin; Republican, Edward M. Yturri.

Comptroller of Public Accounts: Democrat, Robert S. Calvert; Republican, S. L. Abbott.

State Treasurer: Democrat, Jesse James; Republican, Robert F. Koennecke.

Commissioner of General Land Office: Democrat, Bob Armstrong; Republican, Harry

## Rotary Plans Haunted House Halloween Night

The Wellington Rotary Club is sponsoring a Haunted House for children Halloween Night, Saturday, Oct. 31, from 7:00 to 10:00 p.m.

Don Hood, chairman, said there will be spooks and ghosts and witches, who will provide all sorts of goodies to delight—and perhaps frighten just a tiny bit—the children.

The Haunted House will be located in the old Ellis Funeral Home located just south of the Post Office.

There will be treats for children under 11 years of age. Older children can come and look and enjoy the fun, but this is primarily for the young, the chairman said.

There is no charge for any of the entertainment.

## Mrs. Tarver Home From Hospital

Mrs. Gary Tarver of the Abbeville community returned on Sunday from an Amarillo hospital, where she was under treatment a week for injuries received in an irrigation system accident.

Her left arm was broken in two places, at the wrist and above this. She is doing well, she said Wednesday, and it is believed her arm will be out of the cast by the first of the year.

Mrs. Tarver said the accident occurred late Sunday, Oct. 18, as she was helping her husband with the system. Her sweater sleeve became caught in the drive shaft of the sprinkler unit and pulled her arm around it. Mr. Tarver could not see her and was not aware of the accident until he heard her call out.

## Methodist Choir to Give Annual Cantata Dec. 13

The Chancel Choir of First United Methodist Church will present its annual Christmas Cantata Sunday evening, Dec. 13 at 5:00 p.m.

The first reading was held Wednesday, Oct. 21, and practice began a week later.

"We are inviting all who like to sing to join us in making up the choir," said Mrs. Hiram Cudd, who is directing this year's cantata. They may come to choir rehearsals on Wednesday nights at the church.

This year's cantata is "His Natal Day," by Edward W. Norman. Like the cantatas that have preceded it, it tells in song and scripture of the birth of Christ, Mrs. Cudd said.

Mrs. Sam Thompson will be the pianist for the production and Mrs. Dan Henard, Jr., the organist.

## Eagles Win, Girls Lose Mobeetie Games

Samnorwood Eagles opened their season with a 76-40 victory over Mobeetie Friday night, Oct. 16. The Eagles, on the other hand, were defeated 72 to 27.

George Bruton led the scoring for Samnorwood boys with 22 points. Ronald Carter scored 18, Bobby Dwight 16, Larry Roberts 10, Larry Oldham and Johnny Christner 4 each, and Feliciano Segura 2. Also seeing action were Richard Barker, John Stages and Randy Garner.

May was the high point player for Mobeetie with 18.

The Eagles jumped to a first-quarter lead of 22 to 8. They widened the score to 38-16 by halftime, and at the end of the third period, Norwood led 60 to 28.

Lyna Coleman was high point for the girls with 16. Janice Snead scored 5 and Beth Sanderson and Connie Knoll had 3 each.

Other Eagles playing in the season opener were Vercie Stembridge, Mary Schaub, Kay Snead, Rosa Oldham, and Diane Barefoot.

Carla Ridgeway scored 41 points to lead Mobeetie's scoring.

## On-Job-Training Offered Vets

Jim Cochran, Commander of the Frank King Post of the American Legion has reminded parents of returning Vietnam veterans of the on-the-job training program offered by the Veterans Administration.

"If the returning veteran will check with the American Legion so we can counsel with him, we have a number of organizations and businesses here in Wellington that will take you in if you like their kind of work," the commander said.

The man's salary is paid jointly by the VA and his local employer during the period he is training on the job, it was pointed out.

## Arnett Junior High Baseball Team Cottonwood Champions

The Arnett Junior High baseball team defeated Southside 6-0 to become the Cottonbelt Conference Champions. They had won the Granite tournament earlier.

Coach Lloyd Hays' team compiled a 12-2 record for the season.

In regular season play, Arnett posted wins over Duke, 26-1; Eldorado, 6-4; Duke 26-3; Blair, 19-1; Gould, 4-1; Eldorado, 3-1; Gould, 2-0; and Southside, 6-0.

The young Indians' only losses were to Gould 6-5 and Eldo-

rado, 13-2.

In the Granite tournament, Arnett posted these victories: Navajo, 5-3; Granite, 11-7 and Gould 11-8.

Pitchers for Arnett included Larry Wilson, who posted a 9-1 record; Danny Thompson, 2-1; and Mike Swinburn, 1-0.

Other team members are Jerry Voight, catcher-pitcher; Larry Stanford, first base; Carl Bigfoot, second base; Walter Sandersome, shortstop and center field; Danny Marry, left field; Vernon Walker, right field; Ray Wood, outfield;

## Rev. Daniels at Conference

The Rev. Philip Daniels, pastor of the Church of the Nazarene, is taking part in a regional Conference on Evangelism held Monday through Wednesday, Oct. 26-28 at the Northside Church of the Nazarene in Fort Worth. Rev. Jerry Tucker of Shamrock accompanied him. The keynote speakers were:

Chuck Conners, outfield; Bryan Brewster, second base; Harold Loftie, outfield.

Dr. Samuel Young, senior general superintendent, and Dr. John L. Knight, executive secretary of the department of evangelism, both of Kansas City, Mo.

The conference outlined the denominational program to win a half million persons to Christ and the church in the decade of the 1970s.

This would about double the size of the denomination which has a world membership of over 480,000.

# Why Preston Smith ?

Preston Smith believes in working hard. For you. And that's why he's doing such a good job as Governor of Texas.

When Preston Smith entered public service, he didn't start by asking Texans to elect him Governor. That would have been foolish, because being Governor carries great responsibilities. And it demands the clear, steady judgement that comes only from experience.

Preston Smith had the good common sense to work his way up—gaining insight into how our state government functions.

He served six years each—as State Representative . . . as State Senator . . . and as Lieutenant Governor. Only then, when he felt fully qualified, did he seek the Office of Governor.

Now, after two years he has expanded the duties of the Governor's Office to better serve all the people of our State.

Yes, Preston Smith believes in hard work. For 20 years, he's been working for Texas—doing a good job. You can help keep him as Governor. Vote. Vote for Preston Smith on Tuesday, Nov. 3.

# Preston Smith

is doing a good job. Let's keep him  
working for Texas.

## Electra Downs Rockets in Second Half Rally

By STAN PARKER

It was in the second half that the Electra Tigers rallied to come from behind to defeat the Wellington Skyrockets by a score of 16-6 Friday night, Oct. 23 at Tiger Stadium.

Jackie Pendleton received the opening kick-off on the 8 yard line and picked up 8 before being brought down on his own 16. The Rockets failed to get a first down on this drive and were forced to punt to the Tigers.

Electra managed one first down on three running plays by Bryan Dunson, before Randall Hodges recovered a Tiger fumble on the Rocket 35.

Wellington, unable to make a substantial drive, relinquished the ball, and the next series of plays saw the ball exchanging hands five times.

Early in the second quarter David Hodges recovered another Tiger fumble on the Electra 26. After two 2-yard gains by Roszell Outley, Quarterback Denny Carter connected with Outley on a 16-yard aerial to bring the Rockets down to the Tiger 6. Two plays later with 8 minutes and 7 seconds remaining in the second quarter, Mark Killian scampered around right end 4 yards to hit pay dirt, putting the Rockets ahead 6-0. The conversion run failed.

Electra's Sam Palmer received the Rocket kickoff on his own 7, managing to pick up 30 yards before being brought down on his own 37. After ten plays highlighted by a 24-yard pass from Isbell to Payton, the Tigers were on the Rockets' 2-yard line. A possible Electra score was evaded when Kim Wauer recovered a Tiger fumble on the 2.

Unable to get out of the hole, the Rockets turned to Lindy Norman to punt, but a mix-up resulted in a safety for Electra making the score 6-2, ending the first half of the ball game.

Palmer for the Tigers received the opening kickoff for the second half on his own 14 and picked up 40 yards before being brought down on the Skyrocket 44. Runs by Dunson and Nason saw the Tigers on the 25 when Kim Wauer again halted an Electra drive by recovering a fumble.

The Tigers took over again on their own 34 when the Rockets were unable to gain sufficient yardage for a first down.

| 20         | Penalties 40       |

Ten running plays, headed by Dunson, Marsh and Payton carried the Tigers to the Rocket 4. It was the Skyrocket defense's lucky night — Randall Hodges recovered another fumble in the end zone placing Wellington on its own 20. Again the Rockets were forced to punt giving possession on the Rocket 49. A running attack consisting of 11 plays saw Electra on the 6, knocking at the Skyrockets' goal line. Marsh then danced around the left end to score Electra's first TD, making the score 9-6 after Palmer's conversion kick was a success.

The Tigers' other 7 points came later in the fourth quarter as Nason ran around the left end for 62 yards for the second TD. Nason kicked the conversion.

### Fire Department Receives Check for Dodson Work

The Wellington Fire Department received a check for \$75 recently from Texas Farm Bureau Insurance Companies as an expression of thanks for the Department's work on the property of Ronny Ford of Dodson.

The money will be used for the purchase of equipment. The Texas Farm Bureau Insurance Companies pay fire departments this amount when the department works at a fire in rural areas, involving property insured by them.

The Insurance Company believes fire departments have contributed to reduce the amount of loss involved by fire and, more important, to prevent fires. It is their hope this money will help the Wellington Fire Department in its program.

### Rocket B Team Drops Game to Quanah 29-6

By STAN PARKER

The Wellington B team staged an outstanding first half battle against the Quanah Junior Varsity only to be defeated by a score of 29-6 as the two teams met on Powell Field last Thursday night, Oct. 22.

Early in the first quarter Jay Thomas danced around the right end 19 yards to score the Skyrockets' only TD. Quanah scored a safety in the second quarter and two touchdowns in the third and fourth quarter to make the game end in favor of the Indians 29-6.

This week Coach Don Lacy devised a new feature of the B team games. Outstanding players in their respective positions were chosen by Mr. Lacy. This week's honors go to: John Runnels, outstanding defensive linesman; Randy Von, all-around linesman; Robin Mattocks, outstanding offensive linesman; Keith Davis, all-around back; Mike Williams, outstanding defensive back; Jay Thomas, outstanding offensive back.

The American Indian was the product of one of the divisions of the Mongoloid stock.

### Firecrackers Roll Over Big Quanah Indians 28-8

Wellington Junior High Firecrackers took a 38-8 win over a large, strong Quanah team Thursday, Oct. 22.

Wellington took the opening kickoff and on the first play from scrimmage, Bobby Jo Shrubs swept right end for 65 yards and a touchdown. The extra points try was good on a pass from George Brewer to Larry Wright.

The remainder of the first quarter saw both teams on the defensive.

Early in the second period, Wellington, unable to move the ball, punted, Quanah fumbled and Wellington recovered at the Quanah 12-yard line. This set up another score. Shrubs again got the call and went in for the touchdown. The extra points try was good on a pass from Brewer to Wright.

The final highlight of the first half was a pass interception by Shrubs for a touchdown from 35 yards out. The

extra points try was again good on a pass from Brewer to Wright and the score at halftime was 24-0.

The third quarter saw Wellington controlling the ball again. The fourth score was set up by excellent running and passing by quarterback George Brewer. Larry Wright was on the receiving end of a 30-yard touchdown pass and broke from three tackles and took the ball in to score. This same combination passed for the extra points.

The remainder of the third quarter and all of the fourth quarter saw the Wellington reserves playing a good ball game. The Firecrackers scored the last time on an off-tackle play by Shrubs. The extra point try failed.

The Quanah Little Indian score came late in the fourth quarter with some good running on their part. They scored from four yards out. The try

### Dr. Rapp at Walter Reed

Dr. Gary Rapp, who lived in Wellington as a child, is doing residency in radiology in Walter Reed Hospital, Washington, D.C.

He was graduated from the University of Texas School of Medicine in Galveston and interned at Walter Reed Hospital.

Mr. and Mrs. Dick Rapp of Amarillo are his parents.

for extra points was good and the final score was Wellington 38, Quanah 8.

"The Firecrackers won over the biggest team we've played this year," said Coach Carroll Nunneley. "Our team effort was very good again this week. Our passing game was improved, and Larry Wright made some exceptionally fine catches. George Brewer was consistent in throwing the ball well."

"Defensively outstanding this week were Robert Wolf, Paul Wilbur, Shrubs, Ricky Robinson, Jim Bob Nall and Wright."

## Preston Smith

### Deserves a Second Term as Governor

The Republican opponent of Governor Preston Smith has howled long and loud about the cost of a Special Session of the Texas Legislature. Let me tell you what it was all about.

A Special Session was necessary if Texas was to continue its free-of-debt, pay-as-you-go financial condition. The Legislature passed a teachers pay raise bill and went home without coming up with the money to pay the increased teachers salaries.

Governor Smith called the Legislature back to Austin and required them to find the money for increased teachers salaries, which the Legislature did during the Special Session.

The Special Session of the Legislature the Republican for governor is complaining about was called to keep our schools going and keep our state out of debt.

Thanks to Preston Smith, your state is free of debt and is on a cash, pay-as-you-go basis.

If you approve of that kind of Government, give Preston Smith a second term as your Governor. Vote for Preston Smith for Governor of Texas on November 3.

Respectfully submitted,

## Music Club Entertains District President at Dinner Meeting

Members of the Wellington Music Club and their guests attended the club's annual dinner on October 20 at Bura Handley Community Center.

Special guest was the First District President, Mrs. J. D. Wilbanks of Spearman. She spoke on "Facts of Federation," giving serious and humorous facts of music today and in the next century. The Wilbanks are known by many area couples as recently heading the Panhandle Square Dancers Association.

Presiding as master of ceremonies was the club president, Mrs. Dan Henard, Jr. Theme for the evening, "Music Is—A Gem of Hope," was keyed from the yearbook theme,

"Music — The Gem of Life."

The head table was centered with a tall arrangement of ruby votive lights and gold mums. On the other table were precious and semi-precious gems represented as their vivid colors sparkled in graduated crystal epergnes. Mounted "jewels and gems" were in decorative velvet boxes.

After-dinner music was a piano duet by Mrs. Don Van Pelt and Mrs. Henard. The NFMCC Collect was sung in parts by those attending as the table grace.

Hosting the dinner were Mrs. Henard, Mrs. Allen J. Peters, Mrs. Bura Handley and Mrs. Hiram Cudd.

Attending as guests were Mrs. Wilbanks, Mrs. Don Reeves, Mrs. Rodney Myrick, Mrs. Jimmie Kelso, Mrs. Jack Davis, and Mrs. Marvin Garrison. Members attending were Mrs. L. W. Wells, Mrs. E. H. Harwell, Mrs. Handley, Mrs. Henard, Mrs. Truett Holland, Mrs. D. C. Lacy, Mrs. Peters, Mrs. B. M. Sims, Mrs. Cudd, Mrs. Van Pelt and Mrs. Tony White.

## Mrs. R. T. Dyess Entertains Guild

Wesleyan Service Guild of the First United Methodist Church met at the church parsonage on Thursday, October 22 with Mrs. R. T. Dyess as hostess.

Mrs. Barney Glenn, president, conducted the business meeting. Program chairman, Mrs. Bill Reeves, assisted by Mrs. J. F. Michael and Mrs. Byron Duncan, read the dialogue "The Views of the Optimist and the Pessimist in a Very Real World."

Attending were Mrs. Pearl Aaron, Mrs. Reeves, Mrs. Anita White, Mrs. Frank Anderson, Mrs. Jennie Holcomb, Mrs. J. F. Michael, Mrs. Paul Hawkins, Mrs. Barbara Williamson, Mrs. Glenn, Mrs. Duncan and the hostess, Mrs. Dyess.

## Doss-Hurst Engagement

Mr. and Mrs. Carroll P. Doss of Brownfield announce the engagement and approaching marriage of their daughter, Sharon, to Ronald C. Hurst, son of Mr. and Mrs. Calvin A. Hurst, Wellington, and grandson of Mrs. Ben W. Hurst and C. L. Lowry, also of Wellington. Miss Doss is a junior, majoring in secondary education in Texas Tech University, Lubbock.

Her fiancé is a chemical engineer with Cabot Corp., Pampa.

The wedding will be solemnized January 16 in First United Methodist Church at Brownfield.

## B&PW Observes National Business Women's Week With Tea Oct. 19

National Business Women's Week was observed by the Wellington Business and Professional Women's Club with a tea Monday afternoon, October 19, in the County Library.

The table was laid with a white imported cutwork linen cloth and appointed in silver. Miss Myra Hays, president, Mrs. Jimmie Kelso, Business Women's Week chairman, and Mrs. Rob Isbell served the guests.

The Club's current scrapbook was on display, and guests looking through it could determine the work the organization has done this year, and the variety of its activities. Wellington business women called between the hours of three and five.

National Business Women's Week is held annually to call to the attention of the public the contribution members of the B&PW Clubs make to their communities.

Earliest reference to rodeo activities is 1847. Place: Santa Fe, N.M.

## Delta Kappa Gamma Meets

Gamma Kappa chapter was hostess to the Delta Kappa Gamma Society regional meeting at Clarendon College in Clarendon October 10.

Theme of the meeting was "This time like all times is a very good time if we but know what to do with it."

After registration and coffee, Mrs. Evelyn Laney, regional director, presided over the general session. Mrs. Winney Gray gave the invocation. After the Delta Kappa song, directed by Mrs. Velma Weaver, Alpha State recording secretary, Kenneth D. Vaughan extended a hearty welcome to the group. Claudia Everly of Theta Delta Chapter gave a report on the international convention.

These program numbers were given by the following chapters: "It's a good time to learn more about wills and property rights of women," by Eta Alpha. "It's a good time to become aware of the social problems of drug addiction, by Theta Delta; "It's a good time for music," arranged by Mildred Sullivan, area director; "Let there be peace on Earth," Theta Delta and chapter trio, Miss Elena Donald, Miss Mary Dean Dozier and Mrs. Ruby Ruddick; "It's a good time to become involved in the social problems of the handicapped," Beta Delta; "It's a good time to become more knowledgeable about the trends in education," Gamma Xi.

Mrs. Audrey Tribble, Gamma Kappa president, presided at the luncheon. The luncheon address, "Delta Kappa Gamma Lifts Its Eyes to the Hills and Moves On," was given by Dr. Madge Davis, past state president, and chairman of international scholarship committee.

Attending from Wellington were Mrs. Rufus Sweat, Mrs. Jack Lowry and Miss Maudie Coffee.

Mr. and Mrs. Nathan Thompson of Groom visited her mother, Mrs. E. Smith late last week.

Mr. and Mrs. Bill Reeves returned home last week after visiting 10 days in Starkville, Miss., with their son and family, Dr. and Mrs. Glenn Reeves and Rhea Ann and Lynn.

## Naomi Class Names Officers

The Naomi Sunday School Class of First Baptist Church met in the home of Mrs. John Brim on Tuesday, October 20, for social and installation of officers.

During the business meeting, directed by Mrs. Bill Harbin, it was voted to continue the socials each month. Mrs. Coy Vaughan was elected as secretary of the class.

Mrs. Rufus Sweat gave the devotional and Mrs. Jack Lowry led the prayer.

Mrs. Cicero Gulley was installing officer, charging each new teacher and officer of her golden opportunity for progress throughout the year.

Those installed were Mrs. Silas Crawford, teacher, Mrs. A. A. McQueary, assistant teacher, Mrs. Bill Harbin, outreach chairman, Mrs. C. T. Hubbard, treasurer, Mrs. Coy Vaughan, secretary, Mrs. Ben Wilhelm, Mrs. T. B. Wilkins, Mrs. C. T. Hubbard and Mrs. Earnest Maxwell, group captain, and Mrs. Cicero Gulley reporter. Mrs. Rufus Sweat closed the installation service with a prayer of dedication for the workers.

The Halloween theme was used in the decorations with a large pumpkin, candles and fall flowers on the serving table.

Attending were Mrs. Sweat, Mrs. Lowry, Mrs. Vaughan, Mrs. Hubbard, Mrs. John Nash, Mrs. Crawford, Mrs. Wilkins, Mrs. Charles Cason, Mrs. C. O. Walden, Mrs. W. F. Harbin, Mrs. Gulley, and the hostesses, Mrs. Ray Clibb, Mrs. Homer Ingram, Mrs. Wilhelm, Mrs. Spurgeon Morgan and Mrs. Brim.

Mr. and Mrs. James Richardson were in Lubbock over the week end visiting their daughter, Linda, who is a student at Texas Tech, and with Mrs. Richardson's sister, Mrs. Bill Powell and children.

### EARLY COINS

What are "bezants"?

These were Byzantine and Arab coins used during the early Middle Ages. They circulated generally throughout Europe. However, these coins became debased in value. In the tenth century Charlemagne decreed a monetary system based on the silver penny, or denarius. He chose silver because there was so little demand for gold coins. These silver pennies were cut from a pound of silver. There were 240 of them to a pound.

To express larger quantities, people wrote "pound" in ledgers. This unit didn't exist then, but it is the basis of the English pound today. The English pound still consists of 240 pennies. The shilling, which comes from Charlemagne's era, still has 12 pennies. The English coins then became the standard coins in the eleventh and the twelfth centuries.

## Should Be Re-elected to a Second Term as Governor

### NO. 1: GOVERNOR SMITH HAS EXPERIENCE

(His opponent has no experience, has never been elected to any public office whatsoever.)

### NO. 2: GOVERNOR SMITH HAS KEPT TEXAS OUT OF DEBT. TEXAS IS THE ONE STATE IN THE NATION THAT HAS NO STATE DEBT.

(Governor Smith's opponent has hollered loud and long about the Special Session of the Legislature that Preston Smith called, but this Special Session was necessary to keep Texas out of debt.)

### NO. 3: GOVERNOR SMITH IS A WEST TEXAN, born and raised at Lubbock, Texas; he knows your problems. He knows how to be your governor.

### NO. 4: GOVERNOR PRESTON SMITH HAS KEPT THE "HIPPIES" OUT OF TEXAS. He refused to speak to demonstrating students.

If you want experienced government and debt-free statesmanship, vote for Preston Smith, the Democratic Candidate for Governor on Tuesday, November 3.

## All Rules to the 1970 Farm Program Haven't Been Made

LUBBOCK. — In this area, where a healthy cotton industry is essential to the economic well being of just about every individual and every business, predicting the effects of new government programs has always been a popular game. And with the Agriculture Act of 1970 waiting in the wings, this year's game is on.

But Donald Johnson, executive vice president of Plains Cotton Growers, Inc., points out that the game this year has to be played by different rules.

"Moreover," he says, "all the rules haven't yet been made."

Cotton programs of recent years have been fairly simple to analyze. They have been distinct and separate parts of overall farm legislation, as were programs for wheat and feed grains. With permissible cotton acreage restricted within a narrow range and with the loan level controlling per-pound prices, arriving at producer income from cotton has been largely a matter of arithmetic.

"But this situation will not exist in 1971, 1972 and 1973," Johnson notes. "The Act of 1970 is a vastly different approach under which an individual farmer's circumstances and his ability to make the right decisions at the right times will have a far greater impact on his ultimate income than at any time in recent years."

Under the 1970 act farmers will be required to "set aside" a specified number of acres as a condition to receiving loan and payment benefits under each of the cotton, wheat and feed grain programs. From that point, each producer will be largely on his own, with freedom to base decisions as to which commodity or commodities he will plant, and in what amounts, on the expected profitability of each under the conditions that exist on his individual farm. And it is this new freedom of choice that makes farm income projections under the program so difficult.

About the only real means of comparing the old program with the new at this point is

by comparing the guaranteed minimum per-pound income under both programs, and that of course doesn't tell the whole story. The new program assures producers 35 cents per pound or more for cotton, basis middling-inch, 3.5 to 4.9 micronaire. The old program, on the same grade, staple and micronaire basis, guaranteed 35.43 cents in 1969 and 36.50 cents in 1970. That puts the 1971 minimum 1.2 percent below 1969 and just less than 4.3 percent below 1970.

The Secretary has yet to announce the levels of set aside acreage that will be required under each of the three programs. He has almost a free hand in determining set aside acreage in the wheat and feed grain sections of the new bill, but is limited in the cotton section to an acreage equal to 28 percent of base cotton allotments.

The Secretary is given the authority to permit a farmer to plant all of his acreage, above the required set aside, to cotton, wheat or feed grains without losing his allotments for the other two crops. The feed grains program language says "... no farm feed grain shall be reduced or lost

A STRANGE COMBINATION. Some say that this rock grew with the tree but whatever the story, the curious combo attracts much attention at Woodruff, Wis.

through failure to plant if the producer elects not to receive payment for such portion of the farm feed grain base not planted."

The cotton provision is more complicated and subject to interpretation. It reads "The Secretary shall, in the event producers of wheat and feed grains are permitted to do so,

permit producers of cotton to have acreage devoted to soybeans, wheat or feed grains considered as devoted to the production of cotton to such extent and subject to such terms and conditions as the Secretary determines will not impair the effective operation of the cotton or soybean program."

Johnson singled out this paragraph as an example of the broad authority which rests with the Secretary in administering the program.

"In fact," he says, "the Secretary has such a wide range of powers and there are so many unknown factors at this time that it would be possible to visualize anything from a 50 percent increase to a 50 percent decrease in the income of a given farm as compared with the same farm for 1970."

The method to be used in determining cotton yields for payment purposes under the new program is one thing that PCG is pointing to with pride. The House version of the bill would have based payment yields on an average of the previous three years' actual production per acre. But PCG, working with other producer groups, was able to get into the law language that will permit producers to use their projected yield for 1970 in the average instead of the actual yields for 1968 and 1969.

## To the Citizens of Wellington

Tragically, once again Texans are asked to vote on the "Liquor-By-The-Drink" issue November 3, 1970. With the intense liquor lobby and the thousands of dollars being spent to influence the voter to vote "yes", I feel that some true facts should be made known.

In July 1963 the State of Iowa legalized liquor-by-the-drink, and began to provide the first true facts and figures concerning "before" and "after" liquor consumption.

### RETAIL SALES

| Before                                | After                                                |
|---------------------------------------|------------------------------------------------------|
| Liquor by the drink<br>(Bottle sales) | Liquor-by the drink<br>(Bottle sales) (By the drink) |
| 1961—\$44,457,000                     | 1964—\$37,990,000 plus \$37,182,000                  |
| 1962—\$44,831,000                     | 1965—\$39,276,000 plus \$43,767,000                  |
| 1963—\$44,598,000                     | 1966—\$39,901,000 plus \$51,120,000                  |
|                                       | 1967—\$41,852,000 plus \$56,581,000                  |

The total increase in liquor sales in Iowa from 1964 to 1967 was a staggering 243.41%. Not only did the liquor-by-the-drink sales increase (amounts adjusted for population increase), but bottle sales also increased.

While the average business man must be content by an average mark up of 30%-40% in making retail sales from wholesale prices, the bars make tremendous margins of over 200%. This added money must come from somewhere! The additional money spent on alcohol comes from money normally spent in the grocery store, gas station, department store and YOUR store what ever it may be!

Here is some of the FICTION we are asked to believe about liquor.

1. FICTION Liquor-by-the-drink will make for temperance  
FACT With the Texas Restaurant Association actively supporting a return to open saloons (they have spent an estimated \$500,000 on the campaign) do you suppose they intend to sell less liquor?
2. FICTION Liquor-by-the-drink will attract more tourists.  
FACT A U. S. Department of Commerce study on tourist motivations indicates that climate, scenery, relatives and family entertainment are the main tourist attractions.
3. FICTION Liquor-by-the-drink tax income will be significant  
FACT It is true extra revenue will be generated, but when the increase in law enforcement costs, welfare payments, etc. are compared nothing is gained.
4. FICTION The churches are trying to enforce their morality.  
FACT My only motive for this letter is your family and mine.
5. FICTION The return to open saloons will not increase availability of alcohol.  
FACT Every statistic of the Distilled Spirits Industry indicates an amazing increase in outlets with liquor-by-the-drink.

Perhaps the following letter from a medical doctor in Dallas expresses the greatest concern.  
To the Editor:

"Recently we saw another preview of hell in Parkland Hospital emergency room. A woman struck down by a drunken driver, a college student lying semi-conscious, following a head on collision with another drunken driver, who himself was critically injured. The drunk's companion was dead. Four other drunks with lacerations and stab wounds, waiting to be treated. Night after night, year after year, the same bloody trail of horror—major auto accident injuries, stabbings, rapes, wife beatings, the nightly emergencies, treated and released or admitted to the hospital or pronounced dead on arrival, and almost always the bloody trail is led by that honored man of distinction, the week-end drinker. Almost always, the moderate drinker, not the alcoholic. What a quiet place our emergency room would be if beverage alcohol were abolished from our city.

## Bridal Shower Honors Arlington Bride, Mrs. Larry Pipins, Saturday

Mrs. Larry Pipins, the former Cathy Thomason, was honored with a bridal shower on Saturday afternoon, October 24 in the home of Mrs. Shelton Nunnelley.

Sharing hostess duties with Mrs. Nunnelley were Mrs. Cecil Shanks, Mrs. Jack Neeley, Mrs. Buddy Yarbrough, Mrs. Thomas Jessie, Mrs. Troy Stallings, Mrs. L. A. Davis, Mrs. Elmer Hiett, Mrs. Fred Covey, Mrs. Les White, Mrs. Stanley Whitson, Mrs. A. L. Duncan, Mrs. Jack Nelson, and Mrs. Clifford Christian.

In the receiving line were Mrs. Shelton Nunnelley, Mrs. Pipins and her mother, Mrs. D. C. Thomason.

Mrs. Ron Thomason registered the guests. Mrs. Elmer Hiett and Mrs. Fred Covey assisted in displaying the gifts.

The serving table was covered with a lace cloth center-

ed with an arrangement of white chrysanthemums in a gold bowl, surrounded by white candles.

Miss Beth Peters poured.

## Portion Sized Meat Cuts Due

COLLEGE STATION.—In the 1975 supermarket, homemakers will be able to buy portion-controlled sized meat cuts, predicts Dr. Frank Orts, Extension meats specialist at Texas A&M University.

The meat package also may have the calorie count on it, he says, and will be frozen to eliminate rewarming and freezing for the home freezer.

Portion-controlled size cuts now are used in restaurants and institutions.

Medium-sized food stores will disappear in a trend toward small neighborhood stores for quick shopping trips and convenience buying and large multi-department food stores within one and one-half miles radius for weekly shopping, predicts Orts on other market trends.

## Shamrock Church Lists Services

The Rev. Canon Sidney Pratt of Clinton, Okla., will officiate at Holy Communion at the Episcopal Church in Shamrock at 4:00 p.m. Sunday, Nov. 8. Episcopalians of the Wellington area are invited to attend.

Father Pratt comes to the church once each month.

On the first and third Sundays at 10:00 a.m., lay readers conduct morning prayer.

## Store Owners Attend Market

Several Wellington merchants went to Dallas over the week end to attend spring market.

Going from Hatch Dry Goods was Mr. and Mrs. Bill Hatch. Miss Rose Shadid and Miss Marie Shadid went to buy for The Fair Store, and Mrs. John Ingram from Fabric and Ready-to-Wear.

Mr. and Mrs. Hatch returned home Sunday night. The others will return later in the week.

## TUITION CHARGES

The average charges for college tuition, room and board in the U.S. will rise to an estimated \$3,600 for the 1971-72 session, compared with \$750 for the 1957-58 session.

## Aoudad Sheep Doing Well in Palo Duro Canyon

AUSTIN. — Sportsmen who have stalked the sharp-eyed aoudad sheep over Palo Duro Canyon's cliffs and ledges still may be subject to skinned knees and sore muscles—but this year frostbite won't likely be one of the hazards.

The Texas Parks and Wildlife Department has moved the open season from January to November and has increased the length of the season by two days.

This year, hunters may take one sheep by permit only from Nov. 14-20 in the Panhandle Regulatory District.

## Jim Woods Return Home

Mr. and Mrs. Jim Wood returned home Sunday from a 16-day trip through the northeastern states.

They toured Smokey Mountain National Park( Shenandoah National Park, and Washington, D. C.

Returning home by way of Manhattan, Kan., they visited a daughter, Mr. and Mrs. Bill Enlow and family.

## Weather Affects Plane Flights

What happens to an airplane's performance on hot days, 100 degrees F or more?

What happens when the pressure is lower than standard 29.92?

What happens on high elevation airports?

What happens when the humidity is high?

Here is what happens.

When the air is hotter than standard, 59 degrees F: You will use more runway to take off; your rate of climb will decrease; your approach will be faster (true airspeed) whereas indicated airspeed will be the same, and your landing roll will be longer, according to the Texas Aeronautics Commission bulletin.

When the temperature is higher than standard and the pressure is lower: you will need even more runway to take off; your rate of climb will decrease even more; your approach will be even faster, and your landing roll will be even longer.

There is another condition—higher elevation runway and pressure lower than standard. The same results will be noted.

## Kathy Crosby Appears in UT Production

AUSTIN.—Mrs. Bing Crosby, actress Kathryn Crosby, returned this fall to the University of Texas—her alma mater—to appear in a drama production.

She had the lead role Oct. 19 to 24 in the UT Austin Drama Department's presentation of "The Prime of Miss Jean Brodie."

Mrs. Crosby, who previously has been honored as a "distinguished alumnus" by the UT Ex-Students Association, earned a bachelor's degree from the University in 1955.

## Texas Corn Crop Not Affected

Dry weather rather than the Southern Corn Leaf Blight cut corn yields over much of Texas this year. Dr. Wendell Horne, Extension plant pathologist, said the fungus disease which played havoc with corn crops in some states reached Texas a bit too late. Greatest yield losses apparently occurred when severe infestation hit the corn plants at the silking and tassel stage. Texas corn was past this stage when the infestations started. Horne does not see the disease as an annual threat to Texas corn production.

The hardy sheep were first stocked in the canyon area in the winter of 1957-58, when 44 animals from a New Mexico ranch were released.

The exotic sheep, which are natives of the Atlas Mountains in North Africa, apparently found the rocky landscape to their liking. Census efforts have indicated a stable population of at least 600 animals in the half-million acre area.

The season change was not made entirely for hunter comfort, however. Pierce B. Uzell, wildlife coordinator for the Department, said the November hunt will provide more biological information about the population and food habits of the herd.

In addition, the aoudad sheep appears to be one species that reproduces virtually all year, although a few more lambs than usual have been seen during March, April and May.

Helicopters have provided a means for counting the animals with accuracy which would have been impossible otherwise. The aoudads unerringly seek the most rugged and inaccessible portions of the available habitat for their home, the census efforts have shown.

The Panhandle Regulatory District is the only district in Texas in which the state has stocked aoudads. But private stocking by ranchers in the Hill Country and in the Davis Mountains have made the aoudad one of Texas' most popular exotics.

The tawny brown animals are truly big-game animals, with the male of the species attaining a height at the shoulder of more than 40 inches and a weight of 320 pounds. The females are smaller, but both sexes have the characteristic curving horns which make the species a desirable trophy.

## Services Held for Reyes Twins

The twin sons of Mr. and Mrs. Regulo Reyes, 801 Haskell St., died within 10 days of their birth on Oct. 13 in Shamrock General Hospital.

Raul died Friday, Oct. 16 and graveside rites were conducted in Wellington on Oct. 18. His brother, Rene, died Oct. 22, and graveside rites were held the same day. Father Patrick Burke of Our Mother of Mercy Catholic Church conducted both services.

The babies are survived by their parents and grandparents, Mr. and Mrs. Trinidad Cantu.

## P&WD Film Wins Award

AUSTIN. — "Crisis on the Coast," a film sponsored by the Texas Parks and Wildlife Department and four other coastal states along with the U.S. Bureau of Sports Fisheries, has won an award for "creative excellence" from the U.S. Industrial Film Festival.

The 14-minute film, renamed from "The Biologist and the Boy," and being shown in commercial theatres over the state, points out the deteriorating condition of the estuarine environment and the implications of this condition.

The film was narrated by Arthur Godfrey.

A similar but longer film, "Estuarine Heritage," is available from the Texas Parks and Wildlife Department film library in Austin.

### Ghost Riders of the Past

We all know that some things are wrong with America: the message comes in clearly and emphatically every day on radio, TV, from commentators and in the press. If we do not know, it's because we have become so saturated with all of that stuff that we ignore most of it. But the other side of the story, what's right with America, makes few headlines; certainly has a poor press. But we are encouraged by the increasing evidence that more and more Americans are aware of this, are doing something about it. We've noted recently that many a major industry or business is devoting part of its advertising outlay to telling the story of America in its advertising.

News Week recently carried just such an advertisement. Its sponsor was the Beech Aircraft Corporation and the title, "Ghost Riders." Most of the full page was taken up by an aerial shot of Kansas prairie and farm lands. From the air, the ruts left by Santa Fe Trail wagon trains are still clearly visible.

Here is the message which accompanied that picture:

Look below. Scars on the plain. That's a piece of history hard to see unless you're in general aviation.

Those deep ruts are all that remain of wagon trains that snaked across Kansas on the first leg of the Santa Fe Trail.

We fly that trail in a couple of hours. It took the frontier people a couple of seasons. Sometimes a year. Sometimes never. It all depended on the opposition. On what there was to eat. On the wild weather.

Yet their wagons rolled on—over strange, hostile terrain as foreign to them as the moon is to us.

What a breed they were. Romantic, inventive, adaptive and stubborn. Remembering our pioneers, we hope to meet their mighty tough standards.

They, too, were faced with frightening changes. They had to help one another to survive. Barriers of reserve fell away. Indifference never blanketed their hearts.

They took each other in—Protected children not their own. Shared scarce food with strangers. Bent their backs to build another man's cabin.

Among us there are only a few who are not proud of their American heritage; proud of this nation's progress, its prosperity and aware of its wide vista of opportunity. Little by little we are learning that we must express that pride, over and over again. More and more of us are doing just that; we know that we have a task ahead. It's our job to save our country.

—Eastern Idaho Farmer, Idaho Falls, Idaho

### The Reward

It was Mary Uhen's requirement as derby queen to kiss the winner after his successful Soap Box Derby victory. The two seemed too bashful or mismatched to accomplish the feat. Mary was a good foot taller than Terry Block.

One of the unsuccessful racers in the derby was heard to say, "If Terry had known about this kissing stuff, he would have kept his foot on the brake all the way down the hill."

AUSTIN. — Auto insurance company spokesmen have called for an "absolute minimum" 11.7% profit allowance after taxes.

Industry representatives told the State Board of Insurance at a two-day hearing that they must have that margin to stay afloat and serve car owners.

At the same time, they told the Board it should consider all sources of insurance company earnings in arriving at rates. Meeting was to hear testimony as to whether company investment income should be included in the auto premium rate base.

Further hearing in November will determine what actual rate recommendations will be. Apparently, no rate change will go into effect before next January.

Industry recommendations — including consideration of all income and fixed allowance for a fair rate of return — would add up to a 6.5% increase in the auto premium rate for most motorists, experts estimated.

Under industry recommendations, future rate inadequacies would be the "sole responsibility of the (state) regulators if they fail to recognize a proper rate of return," spokesmen said.

Expert witnesses told the Board that state-regulated utilities, which have far less risk of loss than casualty insurance companies, are permitted higher profits.

Others said that casualty insurance companies are among those that have the lowest rates of return of any major industry.

Unimpressed, Texas AFL-CIO President H. S. (Hank) Brown promised the biggest fight "since the Battle of the Alamo" if the Board agrees to another rate increase.

#### Courts Speak

Texas Court of Criminal Appeals held that a Houston judge was not disqualified from presiding at the trial of a man whom he prosecuted (as a district attorney) 10 years earlier on another charge.

State Supreme Court set arguments for Dec. 2 over whether a Dallas firm's contracts giving dealers exclusive territories for breath sweeteners is a violation of anti-trust laws. Also set for Dec. 2 were arguments over losses covered by "vandalism and malicious mischief" provisions in insurance policies.

Still another Dec. 2 argument is scheduled in an Austin case involving whether death of a motorist was solely due to an auto accident or whether chronic illnesses contributed. Son of a deceased man would collect \$20,000 in insurance if the accident was ruled to be the sole cause of his death.

#### AG Opinions

A county may pay overtime subject to budget and maximum salary laws and may pay for accumulated vacation time in line with contracts, Atty. Gen. Crawford C. Martin has held.

In other recent opinions, Martin concluded that:

—Public junior college districts are classified as political subdivisions of the state for the purpose of elective coverage of employees under unemployment insurance.

—State employees under the classification system may be reclassified downward without change in duty assignment, without mandatory pay rate reduction not to exceed "step 7" of lower pay group.

—Central Education Agency has authority to contract with private firms to set up and operate experimental diagnostic programs for language-

handicapped children.

—Harris County Commissioners' Court has the mandatory ministerial duty to approve and pay budgetary expenses allotted for the county purchasing agent and fixed by the board of judges.

—Wife of Waller County road administrator may be employed in the county road and bridge department.

#### Bond Limit Raise Urged

Interim study committee has called on the 62nd Legislature to expedite submission of a Constitutional Amendment to remove the 4% interest ceiling on Water Development Bonds.

Texas Water Resources Study Committee, in a special report emphasized that the Water Development Board has authorization to sell 100 million in bonds to make loans to local governments for water improvements, but the interest rate limit makes the bonds unmarketable.

Inability to sell at prevailing high interest rates is blocking construction of dams, reservoirs and treatment facilities in all parts of the state, said the committee.

Members pledged to offer later recommendations for providing financial assistance to cities and towns to help them get adequate facilities and attract federal matching funds.

#### College Enrollment Soars

There are 427,472 students in Texas public and private junior and senior institutions of higher education this fall. It's a new high!

Percentage of enrollment growth was 8.34% over 1969 when enrollment reached 398,102. Texas growth rate is well above the national average of 4.5%. Figures are preliminary.

Public junior college enrollment jump was phenomenal—16.26%—totaling 112,219. Public

## CROSSROADS REPORT

The phrase "conflict of interest" refers to the ethic that frowns on a public official rendering judgment in cases where his personal interest may not be in the public interest.

Like the custom that keeps a charged felon from sitting on his own jury.

But it is generally accepted that all people on welfare will rise above selfish personal concern at election time and vote for the best man, even if another candidate promises to milk more moola for them out of their tax-paying neighbors.

I see where a highly-degreed lady psychologist is worried about what us people in the Computer Age are going to do with all of the leisure time we have.

Actually, the Leisure epidemic has already hit, with some folks trying a 4-day work week, a vast non-work class on welfare and in Congress, and numerous collegianiacs ensconced on their checks from home and/or Moscow.

And in spite of leisure being the No. 1 generator of devilmint, all of our research is on how to spread it and infect more people with work allergy and holiday hanker.

#### Boundary Sought

Attorney General Martin and former Gov. Price Daniel will tour the Sabine-Neches area this week, Oct. 30, looking over territory involved in Texas-Louisiana boundary dispute.

Louisiana claims the western shore of the Sabine River and Lake as part of the Louisiana Purchase. Texas claims jurisdiction to the middle of the river and lake. Outcome of the lawsuit is seen as of major significance to the Sabine-Neches area. Official party will cruise the Sabine from Orange to Sabine-Neches Waterway at Port Arthur.

#### Pass Easement Accepted

Parks and Wildlife Commission voted 2-1 to accept a 400-foot easement for the \$3 million Corpus Christi water exchange (fish) pass across Mustang Island.

Commission also accepted from Mrs. Sam E. Wilson Jr., of Corpus Christi the gift of 130.5 acres of land on the island to provide fishermen access to the pass from the north.

Meanwhile, at a budget hearing, the Commission directed its staff to ask the Legislature for more general appropriations and to rely less on income from hunting and fishing fees to finance operations.

Actual contract for the pass

will be delayed pending a permit from the U.S. Corps of Engineers and formal approval by the State Building Commission and the governor.

#### Short Snorts

• First moon visitors—Apollo 11 astronauts—received Texas medals of valor in ceremonies at the capitol.

• Attorney general warns that mail-order cigarettes may cost more after state tax stamps are paid for by the purchaser.

• Stream polluters should have to pay the cost of restocking fish, Parks-Wildlife Commission Chairman Pearce Johnson told a Senate committee.

• Mrs. Ima Smith, Texas' first lady, received two truckloads of "Ima Smith" chrysanthemums as a birthday gift.

• State bank charter is being sought at White Oak in Gregg County.

• Coordinating Board, Texas College and University System approved the controversial plan to divide University of Texas School of Arts and Sciences into three schools with divisions.

• Texas Public Employees' Association is waging a get-out-the-vote campaign.

MAX SHERMAN Democrat for State Senate

THE  
PANHANDLE  
NEEDS

Max SHERMAN

If this district is to receive the recognition and consideration it deserves, we need a dynamic, energetic voice to speak for us in Austin. We need a voice that will be heard in the Texas Senate. We need MAX SHERMAN!

FOR EFFECTIVE  
REPRESENTATION  
IN AUSTIN!

HE IS YOUR KIND OF SENATOR!

From the beginning of his campaign Max Sherman has been supported by a team effort which he calls the "solid majority." He describes the "solid majority" as those people who don't have an ax to grind and who don't represent special interest groups, but who want good government and are willing to work for it.

Max Sherman has met and listened to thousands upon thousands of people throughout the district since he became a candidate for the Senate. He promises to continue to listen to you when he is elected. Sherman believes that a representative of the people should be the voice of the people.

## Quail Teams Lose Openers to Flomot

Quail Quails and Bobwhites lost a double header to Flomot to open their season Friday night, Oct. 23. The boys lost 56 to 45, while the girls scored 24 points to their opponents' 52.

"We didn't play a good game, we just didn't get anything open. Also Flomot was playing with one game behind them," said Coach Bill Wilson.

High pointer for Quail was Darrell Feemster with 14. Mark White also made 9. Larry McCann 6, Julian Torrez and Laron Peters 5 each, Jerry Barton 4, and James Culpepper 2.

Leading the scoring for Flomot was David Hunter with 22 points.

Flomot led only 3 points at the end of the first quarter but by half time had widened the margin to 11, with the score being 32 to 23. This trend continued through the remainder of the game.

Brenda Childers led the Bobwhite scoring with 13 points. D. McWilliams and C. Morris scored 18 each for Flomot.

The girls played better than the score indicated, their coach said, and all members of the team got to play, including Mallie McCann, Sheri White, Doris Peters, Sandra Sullivan, Marie McGill, Sheri Canada, Karon Peters, Janet Patterson and Susan Langley.

## Savings Bonds Total \$5,100

September sales of Series E and H United States Savings Bonds in Collingsworth County totaled \$5,100, according to a report from John Forbis, chairman of the County Savings Bonds Committee. A total of \$28,487 has been purchased in this county since Jan. 1. This figure represents 28% of the 1970 goal of \$100,000.

Texans purchased \$15,033,393 in Savings Bonds during the month compared to \$14,480,583 for the same period a year ago — an increase of 3.8%.

Sales for the nine-month period were \$136,303,218, for 76% of the yearly goal of \$179.9 million.

## Halloween Has Hazards, Too

AUSTIN.—Parents can save themselves and their children much avoidable heartache by following one simple safety rule for Halloween, a leading insurance industry spokesman says.

The number one threat to youngsters out trick-or-treating is still automobiles. Another threat that has grown in recent years is the intentional poisoning of defenseless youngsters by candy given them by strangers.

Parents can help protect the children by making sure they are adequately supervised on their trick-or-treating rounds. Either parents or older teenagers should always accompany younger children on Halloween, he pointed out.

Costumes limit the ability of the youngsters to see and the dark color of some of these costumes make the children hard for drivers to see. For unsupervised youngsters these conditions can bring needless tragedy on our city and suburban streets.

Besides helping the younger set negotiate the traffic hazards of Halloween night, having an adult or older teenager along can help the young "ghosts" and "goblins" in their own neighborhoods.

## Oysters Signal Bay Pollution

A portion of Lavaca Bay has been closed to the harvesting of oysters due to mercury pollution. Oysters from this area have shown a mercury density in excess of the U.S. Food and Drug Administration interim guideline of 0.5 parts per million.

The oyster's ability to concentrate bacteria, heavy metals and other impurities that may be present in growing waters makes him a good indicator of water quality.

## Junior High to Meet Childress

Wellington Junior High Firecrackers boast a 5-1 record for their 1970 season, but one of their biggest tests comes next.

The team will travel to Childress for a game with the Junior High Bobkittens Thursday, Oct. 29, Coach Carroll Nunneley announced.

Game time is 7:00 p.m. and fans of this winning young team are invited to accompany them.

## Gulf Names Wellington Native District Head

HOUSTON. — J. C. Phillips has been named manager of the Beaumont Pipe Line District of Gulf Refining Company replacing W. M. Denton who has been transferred to Houston as manager of the Planning Division. The new appointments are effective immediately.

A native of Wellington, Mr. Phillips received a B.S. de-

gree in civil engineering from Southern Methodist University. He joined Gulf at Crane, Tex., in 1950 as a pipefitter. He has subsequently served as a civil engineer, staff assistant to the general manager - operations, area foreman, pipeline analyst and area foreman.

Mr. Phillips, his wife, the former Maurine Johnson of Ft. Worth, and their three children will make their home in Beaumont.

### First Whoopers Make Appearance

AUSTWELL. — Three adult whoopers — one pair and one single — were sighted this week at the Aransas National Wildlife Refuge, it was announced by Acting Regional Director W. O. Nelson, Jr., of the Bureau of Sport Fisheries and Wildlife. The whooping crane migration, slightly ahead of schedule this year, is followed with great interest because of this rare bird's uphill battle for survival.

Birdlovers were overjoyed with last year's record number of 56 whoopers which had reached their winter home on the Texas Gulf Coast. Refuge Manager Gordon Hansen, who supervises the Department of the Interior's wildlife refuge confirmed the sighting of the three early arrivals.

From a low of 15 birds in 1941, the flock has shown a slow but steady increase ever since the Aransas Refuge was set aside as their winter sanctuary. Last year 48 adults and 8 young made the perilous 2,000 mile trip to Texas from their nesting grounds in northern Canada. In addition to the wild birds, there are now 23 whooping cranes in captivity, most of them at the Patuxent Research Center, operated by the Bureau of Sport Fisheries and Wildlife in Maryland.

### HOLDER FOR JACKET

Cut the clips and about 4 inches of the elastic off a pair of old suspenders. Sew them to the inside of children's coats and jackets. Makes a handy place for them to attach gloves and scarfs.

### SOVIET WOMEN

In the Soviet Union, half the engineers are women, as are 75% of all doctors and 40% of all lawyers.

### LONE STAR KITCHEN

The feature kitchen in the Lone Star Gas Exhibits Building at the 1970 State Fair of Texas is the Mediterranean Garden Kitchen. In keeping with the "Exposition of the Seven Seas" theme of the Fair, it is one of nine kitchens on display that depict countries bordering on the seven seas.

### Texas Hunting Guides Due, Game Seasons Are Listed

AUSTIN. — "Texas Hunting Guide," complete details of the 1970-71 seasons and regulations, will be available around the end of this month at most license dealers and sporting goods stores throughout the state.

The colorful folder, using Texas maps to illustrate the hunting laws for major species, will also be available at all Texas Parks and Wildlife Department regional, district and field offices as well as on request from Department headquarters, John H. Reagan Building, Austin, Texas 78701.

The following summary of seasons and limits by counties has been issued by the Department as an additional aid to hunters:

Panhandle District, including Armstrong, Bailey, Briscoe, Carson, Castro, Childress, Collingsworth, Cottle, Dallam, Deaf Smith, Donley, Floyd, Gray, Hale, Hall, Hansford, Hardeman, Hartley, Hemphill, Hutchinson, Lamb, Lipscomb, Motley, Moore, Ochiltree, Oldham, Parmer, Potter, Randall, Roberts, Sherman, Swisher and Wheeler.

Pheasant, Dec. 12-20, two daily, four possession.  
Quail, Nov. 14 - Jan. 31, 12 daily, 36 possession except in Briscoe, Childress, Cottle, Hall, Hardeman, Motley and Wheeler Dec. 31 - Jan. 31.  
Deer, Nov. 21 - Dec. 6, two deer, no more than one mule deer buck or antlerless and no more than one whitetail buck or antlerless.  
Turkey, Nov. 21 - Dec. 6, one turkey, either sex.

### Hernandez in Germany for Exercise Reforger II

FT. RILEY, Kan. — Army Specialist Four Paul T. Hernandez, 22, son of Mr. and Mrs. Manuel Hernandez of Wellington was among the 11,000 troops of the 1st Infantry Division, who left Ft. Riley, Kan., Oct. 4-10 to be airlifted to Germany to participate in Exercise Reforger II.

The Big Red One soldiers departed from Forbes Air Force Base in Topeka, Kan., and landed at one of three West German airfields, Rhein Main, Ramstein or Echterdingen.

A few hours later the troops picked up weapons, tanks and armored personnel carriers, which had been pre-positioned

in Europe, and departed to the exercise site near the Czechoslovakian border.

During the five-day training exercise, the division opposed aggressor forces from the 3rd Infantry Division, regularly stationed in Germany, and the German 35th Panzer Grenadier Brigade.

Reforger II was designed to test U.S. Army Deployment from stateside bases in defending Western Europe with NATO forces. A similar exercise, Reforger I, was held in Germany in January, 1969.

Members of the 1st Division are scheduled to return to Ft. Riley in late October and November.

Spec. Hernandez is a light vehicle operator in Service Battery, 1st Battalion of the divisions 5th Artillery.

### Girl Scouts to Sell Calendars

Samnorwood residents will soon have the opportunity to support their Girls Scouts.

During the month of November, girls will conduct a door-to-door campaign to sell 1971 calendars.

These colorful calendars make delightful small Christmas gifts and will at the same time help to tell the Girl Scout Story and make their activities known to the general public, according to Mrs. Don Bradley of Shamrock, Calendar Chairman for District III.

Mrs. Paul O'Neal is calendar chairman for Shamrock and Samnorwood.

### Dunson Notifies Veterans, Widows

Riley Dunson, county veterans service officer, has made this announcement to veterans and widows who are receiving pension benefits from the Veterans Administration:

"There is a part of your medical and doctor bills that will be deducted from other income. When you fill out your upcoming questionnaire card, which you will receive with your check in the same envelope Nov. 1, 1970."

### Destroy Cotton Stalks Early

Shredding cotton stalks and poling under all residue immediately after harvest has long been recognized as a good farming and insect control

practice, especially for pink bollworms. John G. Thomas, Extension entomologist, points out that the larger the area involved in a stalk destruction program, the more effective it will be. Community, county and area coverage is suggested.

### The Fly-Paper and the Fly

BY GAYLORD COOK

Men often state that what they do is their business and how they use what is theirs is of no concern to others. But the truth is that man is not his own master. You may have heard of the fly that landed on a nice strip of gooey, sweet-smelling fly-paper. Quickly surveying the situation, and not seeing a challenger in sight, he happily announced, "My fly-paper"! Sinking his nose in the syrupy stuff, he dined sumptuously. Then he blissfully snoozed in an "after-dinner" siesta. Afterward, deciding to leave, he began beating his wings against the air . . . and the paper announced, "My fly"! That is often the way it is with a man and his possessions. Man surveys his accumulations and proudly says, "My possessions!" The possessions knowingly wink at each other and whisper, "Our man". Man and all that he has belongs to God. Many of us had better learn this before it is too late!

# GEORGE BUSH DOESN'T BELIEVE IN HIDING BEHIND A PARTY LABEL. HE BELIEVES IN TELLING YOU EXACTLY WHERE HE STANDS ON THE ISSUES.

## HERE'S WHERE HE STANDS ON AGRICULTURE AND RURAL DEVELOPMENT.

"History has proven that no country is strong unless its farm economy is healthy. During the voting on the 1970 Farm bill, I voted against the proposed \$20,000 limitation on farm subsidies. Without a drastic revision of our Agricultural legislation, I believe such limitations will cause more problems than they will solve. We also need to develop attractive opportunities for young people in rural areas. This is why, for the past two years, I have fought for passage of the Rural Job Development Act. It provides tax incentives for industries locating in rural areas.

I do not pretend to know all the answers to the problem of building a sound rural economy. But, I do know this — economic stability for rural America is vital to this nation."

*George Bush*

Vote for the man, not the party.  
George Bush has done more to pass effective farm legislation.

## GEORGE BUSH. HE CAN DO MORE.

## Scout Leaders Plan Camporee for Late Fall

Plans will be made for the late fall Boy Scout Camporee to be held near Wellington when the Comanche District Scout leaders meet Thursday, Oct. 29. This will be the district Round Table, and will be in the Fellowship Hall of First Christian Church.

Starting time is 7:30, according to Dave Agnew, district Scout executive.

"Scoutmasters or representatives of Scout troops are being urged to attend this meeting to express their feelings on types of activities that should be included at the Camporee," said Mr. Agnew.

Other regular meetings of Comanche District leaders during November were announced.

The Cub Round Table will be Tuesday, Nov. 10 at the First National Bank, Memphis.

Monthly District Committee meeting, Thursday, Nov. 5 in the Greenbelt Electric Cooperative, Inc., directors room.

All of these will begin at 7:30.

Bill Spillman

## Spillman Heads Law Seniors

Bill Spillman recently was elected president of the senior class of Baylor University Law School.

Only a short time earlier, he was chosen an assistant editor of the Baylor Law Review, published quarterly by the Baylor University Law School.

This is the second time he has served as president of his class at Baylor. As an undergraduate, he was head of the junior class.

He had published in the last issue of the Law Review an article, "Tort-Liability of School Districts Under Texas Tort Claims Act."

This Act became effective on Jan. 1, 1970. The Spillman article said: "A specific exception is enacted in Section 19A of the Act which states that the provisions of the Tort Claims Act shall not apply to school districts with the exception of motor vehicles."

This Act does not define Motor Vehicle, but a year earlier, it was defined as "every device in, or by which any person or property is or may be transported or drawn upon a public highway, except devices moved only by human power, or used exclusively upon stationary rails or tracks. This definition includes not only automobiles, but also motor buses, trucks and motorcycles," the law student explained.

The Spillman article points out that under Section 14 (10) the school district is not liable for any "claims arising out of assault, battery, false imprisonment, or any other intentional tort including disciplinary action by school authorities."
