

Young Cuban Refugee Adjusting To New Life In Snyder

A NEW HOME FOR LEW—Mr and Mrs. Clyde Hall and their sons, Rob and Rick, stand on either side of 10-year-old Lew Capote of Cuba. Lew holds his most prized possessions — his father's watch and swimming medals which were about all he brought with him when he left

BY DICK ROBERTS
It has been a long road from Cienfuegos, Cuba, to Snyder, Tex.
With the revolution, all contact was lost between the college friends. Lew's trip down the road started many years before he was born when his father, Orfilio Capote, was a roommate of Snyder's Clyde Hall at Texas A & M.

off. Within just a month the Castro revolution had begun.
The first word from Capote came this spring in his letter he wondered if the Halls might take his son into their home and give him an American education. He had succeeded in getting Lew and his sister, 16-year-old Louisa, to their aunt's home in San Juan, Puerto Rico.

Harry Vanderpool, pastor of the First Methodist Church, made several calls to Pedro Rico, and the machinery for Lew's entrance into the USA was started.
Lew first was sent to Miami. There he was met by a man whose name had interests in Cuba before Castro's "nationalization" of the industry. His name, and the name of his company, are probably better left unsaid since he is becoming more and more active in his work with the Cuban refugees.

Believe Wreckage Of Big Airliner Sighted

Dave Harlin & Sons Drilling Company of Snyder, No. 1 L. L. Lewis is to be drilled as a 2,700-foot wildcat in Central Scurry County, four miles west of Snyder.

reported the body of one man apparently a European — had been found in the wreckage. They said an Italian lira note was found nearby.
There were no immediate reports of other victims. The police placed the crash site 14 miles northeast of Jannar.

The announcement came after unconfirmed reports reached the Santa Cruz Airport in Bombay that the wreckage of the Italian DC8 had been sighted by a truck driver near the town of Kherd, about 60 miles east of Bombay. Rescue teams were sent to that area.

Earlier police reported investigators had been sent to Murbad, about 50 miles in a more southeasterly direction from Bombay, to check into reports that wreckage of a plane had been found there. They said this report had come from a government official at Murbad.

There had been fears the plane was down east of Bombay in mountainous jungles inhabited by snakes, leopards, tigers and the Wariil and Karkari tribes, who still use bows and arrows.
Six planes of the Indian Air Force were called off at nightfall. But police patrols in jeeps continued the search through an area of several hundred square miles. Continued rains hampered the search.

Final Settlement Bid Due In Congo

By ARTHUR GAVSHON
LONDON (AP) — U Thant served notice today of a firm, new United Nations bid for a final settlement of the Congo crisis involving secessionist Katanga Province and the central government at Leopoldville.
The U.N. acting secretary-general told a news conference he wants the Security Council to debate the worsening situation in the next month or two and perhaps give him fresh orders.

Thant, ending a three-day stay as part of a European tour, also announced U.N. readiness to help the big powers carry out any Berlin settlement they may reach. But he said any transfer of U.N. institutions to the divided city, and any U.N. role in a settlement, must depend on prior agreement by the Big Four occupying powers—the United States, Britain, France and Russia.

Army Moving Into Algeria

By MICHAEL GOLDSMITH
ALGERS (AP) — Algeria's national army was moving into the new nation from east and west Saturday as the hard-pressed central government sought a reconciliation with its dissident deputy premiers, Ahmed Ben Bella and Mohammed Khider.
The 45,000-man national army, stationed in neighboring Tunisia and Morocco during the seven-year-old Algerian war, is regarded as the backbone of the Ben Bella faction.

A light shower at Kingsville, in South Texas, was the only moisture reported.
During the afternoon skies generally were clear in West Texas and clear to partly cloudy in the eastern half.
Most temperatures were in the 90s.
Fair and warm weather was forecast for most of the state Sunday.

A justice of the peace ruled that the mother of four children committed suicide.

Giant Anti-Polio Drive Set

DALLAS (AP) — Two Sunday — July 29 and Aug. 5 — were set Saturday as dates for probably the nation's most gigantic anti-polio oral immunization project.
To be immunized are two million people in the Fort Worth-Dallas area.
The massive immunization will include persons who already have received their Salk vaccine by hypodermic needle.
Dr. P. E. Luecke Jr. said the reason for both vaccines is that a person immunized with Salk vaccine still can infect other persons. Those immunized with the Sabin Oral vaccine do not infect others.

Dr. Luecke is chairman of the steering committee for the Dallas County Medical Society's same program.
Adjacent counties were invited to join the project.
The announcement said Tarrant, adjacent to Dallas and Tarrant counties have been informed of the Dallas plans, and it was hoped they may be able to establish similar programs to coincide with the Dallas and Tarrant county projects.

It is powered by 3,600 solar cells which obtain energy from the sun for power. At top is a helical antenna to transmit a beacon signal to tracking stations. OUR VIEW

'Colonists' Have Reason To Wish Sir Winston Well

If the "Colonists" ever had a soft spot in their hearts for an Englishman—and they have, of course—a big one is reserved for Sir Winston Churchill, who now is confined to a hospital with a broken thigh bone.

At 87, the doughty warrior who served the United Kingdom in such staunch and dignified fashion as prime minister during World War II, is not likely to regain his physical strength without a battle. Indeed, the odds are very much against a man of his age recovering from such an injury.

But, around the world, those who recall World War II days undoubtedly would wager that Sir Winston can do it, if it can be done.

Mr. Churchill, still a member of the British Parliament, although he has appeared less and less frequently on the floor there, is the sole living major political figure in the world to bridge the World War II and space eras as an active participant.

His king-sized pep talks to the British and his stern warnings to the Nazis during World War II are legend. As a "commoner" in the principal post of responsibility during the war, he was never reluctant to make use of the crown in solidifying the strength of his country. Yet, he always seemed able to capture and hold the imagination of the rank and file, not only in his country, but throughout the Allied world.

There is a lot of history, oratory and statesmanship wrapped in his aging personality. The colonists, as well as the crowd and his countrymen, hope he makes it through this physical crisis.

Backstage...

If the problem of public school prayer ever comes to Snyder, we would like to pass along a suggestion that we've heard that should solve the problem to everyone's satisfaction. We all should know our national anthem—not just the first verse—all of it. So what could be wrong with this, except from the third and last stanza: Blessed with victory and peace may the heav'n rescued land Praise the pow'r that has made and preserved us a nation. Then conquer we must, for our cause it is just, And this be our motto: In God is our trust.

Of course the court did not say that there could be no prayers in schools. They only said no government agency could dictate the prayer. But count on it, anybody paid with tax dollars, and that includes teachers, will be considered an agent of the government.

Towle Memorial Park got a good workout on July 4, and possibly the most amazing development is the fact that it appeared none the worse for wear after thousands tramped over its terrain and more than a score of concession stands vended various and sundry wares.

The meager residue of litter (every litter bit hurts, you know) following the big Independence Day celebration has evoked some comment. The organizations which operated the concession stands are due much of the credit, of course. They kept their respective areas well-policed throughout the day. Hot dog wrappers, paper cups, etc., were picked up promptly and dispatched to proper receptacles.

Undoubtedly, the customers cooperated to a great extent, which indicates that the community's pride in its park is at a high level.

Varied Activities Planned For Girls

The Girls' Summer Recreation Program will begin new activities on Monday, July 9.

Twirling lessons will begin at the Towle Barn. Lessons for beginners are to be from 2:30 p.m., and lessons for girls who have had the basic steps will be conducted from 3:40 p.m. They will be on Monday and Thursday, with Sandra Autry conducting the sessions.

The girls' softball team is preparing to play a game with a team from Ira, also. It will be held on Friday, July 13, at the Farm League field beginning at 9 a.m. Mrs. Taylor coaches the Ira girls and Linda Miller the Girls' Recreation line.

Mrs. R. E. Nicholas, Southern Baptist Missionary to Egypt, will speak tonight at evening worship services at Green Hill Baptist Church. The service will begin at 8 p.m.

Mrs. Nicholas is now on furlough and is residing temporarily in Fort Worth.

On Monday, she will go to Stanton where she will be the week's missionary at the Girls Auxiliary camp to be held at the District 8 camp there.

The Department of Public Safety reported that Paula Stone, daughter of Mr. and Mrs. James O. Stone of Fort Worth, was killed in the 2:25 a.m. crash 2.5 miles north of Troy in Bell County.

JFK Role Is Boost For Robertson

By JAMES BACON

AP Movie-TV Writer
Hollywood (AP)—Cliff Robertson, long one of the most underrated performers in Hollywood, may make it this year with an assist from the White House.

The actor's movie career has zoomed since he snagged the plum role of Lt. John F. Kennedy, the heroic skipper of "PT Boat 109." And the picture hasn't even started shooting.

Robertson, 36, doesn't resemble Kennedy, won't even try to except for a fluffing up of his thatch of brown hair. But like the President, he is tall, slender, good-looking and resolute.

Most important, the word is that his casting got White House approval. No one will talk officially on that either in Hollywood or Washington. Robertson says his only word came from Pat Kennedy Lawford, the President's sister, who told him the Kennedy family was thrilled at the casting.

Official word or not, strange things happened after Robertson got the role. The movie, when Warren Beatty and Peter Fonda were prominently mentioned for the role, was originally budgeted for \$1.5 million.

Robertson was cast. The budget shot up to \$4 million and Jack Warner, boss of the studio, personally took charge of the production, a rare event.

"And all of those extra millions," says Robertson, are going for production costs—not my salary.

"If it hadn't been for television, I'd be at the bottom of the heap in movies."

"No one ever appeared in any worse movies than I. The only reason I survived is for every lousy picture I balanced it with a good television show. It was television that kept me going."

Robertson, 36, older than the President was when he roamed the Solomon Islands in World War II but that's no problem in the movies.

"It's a simple thing to cast the other actors so that no realism is lost. And a man looks little different in his 20s than he does in his 30s," says Robertson.

The movie originally was going to be shot on actual locale in the Solomon Islands but logistic problems for movies sometimes are as difficult as they are for actual warfare. Most of the movie will be shot in the Florida Keys.

The fan mail secretaries, always a good gauge of an actor's popularity, report an astounding jump for Robertson—even before he checked in the studio.

Robertson knows that he faces a tough challenge.

"There never has been a movie about the life of a president who is still in office. Everything I do will not be compared with the work of living actors—but with the subject himself."

Patient Who 'Died' 8 Times Still Lives

SAN FRANCISCO (AP)—George Argiris, 47, a heart patient who doctors said "died" eight times in a 45-minute period last night, is alive today.

Nine doctors and three nuns used mouth-to-mouth respiration and electric shock to revive him each time during the ordeal.

Argiris, an auto dealer of nearby Daly City, was reported in critical condition in an oxygen tent.

Rotary Rig Count Rises

Rotary rig activity showed another gain during the past week in the Permian Basin fields, according to Reed Roller Bit Company's Friday survey.

The survey showed 230 active rigs; compared to 232 a week ago and 210 at the same time last year.

Scurry County's rig count increased from three to six, while Fisher County had 11 active rigs, compared to 12 a week ago. Mitchell County's count increased from two to three, while Garza County's count was down to three from five and Borden County had one rig running compared to two a week ago.

Lea County, New Mexico, continues as the most active area in the Permian Basin with 32 rotary rigs making holes. Ector County 19, Andrews 18 and Ward County 14.

Tribe Wins On Home Run By Phillips

CLEVELAND (AP)—Rubba Phillips smashed a two-run homer in the eighth inning Saturday to power the league-leading Cleveland Indians to their sixth straight triumph, a 5-3 decision over the Chicago White Sox.

The Indians and ace pitcher Dick Donovan had blown a 3-1 lead in the top of the eighth frame when a walk, Joe Cunningham's triple and a single by Floyd Robinson tied the score.

Bill Dalley (2-0), who pitched the final 1-2-3 innings was a 3-1 lead in the top of the eighth frame when a walk, Joe Cunningham's triple and a single by Floyd Robinson tied the score.

Don Dillard homered in the seventh for Cleveland, his third round-tripper in his last four games.

Donovan, who has lost only three decisions this season, was breezing along until the eighth. The All-Star hurler was aiming for his 10th complete game but starts he had permitted only five hits.

After retiring the first batter in the eighth, Donovan gave up his third walk, to Sadowski, Cunningham, who drove in two of the Sox's runs, then ripped his triple into right field. Manager Mel McGaha went out to talk to the veteran right-hander and permitted him to pitch to the dangerous Robinson, who lashed a single to left to deadlock the score.

With two out in the eighth, Aparicio, the All-Star shortstop, threw wildly to first on Held's grounder. Phillips followed with his sixth homer, scoring Held.

Dave Ragan Surges In Flint Open

FLINT, Mich. (AP)—Sharp-putting Dave Ragan of Orlando, Fla., turned in a sizzling Sunday-par 47 over the long Warwick Hills golf course, Saturday to grab the Flint Open outright.

His score, his best competitive round of the year, left him with a 215 course index of the race at a Pine Cooper of West Palm Beach, Fla., Bill Collins of Miami and Tony Lema of San Leandro, Calif.

Cooper and Lema, co-leaders as the third round began, saw their lead melt away as Ragan, who had eight 1-putts greens and took only 28 putts for the round.

Cooper, a 47-year-old veteran of the pro golf circuit, played consistent though not spectacular golf until the final hole, where he took a costly bogey and Lema both finished with 72.

Collins, the long-hitting, erratic-putting strong man, had trap trouble on three holes on his outgoing nine but steadied down to turn in his third successive sub-par round of 71.

Jerry Barber of Los Angeles, who started the day two strokes behind the leaders, had an even par to stay in contention at 71. He gave the crowd its biggest thrill on the 222-yard 17th hole, where he knocked in a hole-in-one to win himself a new \$5,200 (Buick) convertible.

Bucs Down Phils, 6-4

PITTSBURGH (AP)—Sparked by the hitting of Roberto Clemente, the Pittsburgh Pirates beat the Philadelphia Phillies 6-4 Saturday in a see-saw battle.

Clemente socked two singles and then drove in what turned out to be the winning run with a triple in the seventh. His second single ignited a four-run rally in the sixth that gave the Pirates a 4-3 lead.

Phil's starter Chick Hamilton was pitching a three-litter race that point Chris Short, the third Philadelphia hurler, ended up with the loss.

The Phils tied the game in the seventh after the big Pirate rally on singles by Tony Gonzalez, Bob White and pinch batter Tony Taylor. That's when the game came in and got pinch batter Wes Covington to hit into a double play.

Smoky Burgess opened the Pirates seventh with a single. Clemente then sliced a triple to right center, scoring Howie Goswami who ran for Burgess.

Giants Take First As Kuenn Sparkles

By JACK STEVENSON Associated Press Sports Writer SAN FRANCISCO (AP)—Harvey Kuenn knocked in four runs and scored twice himself Saturday, propelling the San Francisco Giants into the National League lead with a 10-5 victory over the Los Angeles Dodgers.

Willie Mays hit a solo homer for the Giants in the first. John Roseboro hit one for the Dodgers in the top of the eighth and Jim Davenport belted one for San Francisco's final score in the bottom of the inning.

Jack Sanford, who pitched his least ball for the first six innings, was the winner, putting his record at 9-6. The Giants led 9-0 at the end of six.

The victory put the Giants a half game ahead of the second place Dodgers.

Kuenn contributed a pair of doubles and a single in the Giants' 11-hit attack.

Gilliam led off the seventh with a double, Willie Davis tripled and Tommy Davis singled to give the Dodgers their first two runs. Manager Alvin Dark called in Miller who finished the inning with four pitches.

The Giants belted Dodger starter Johnny Podres (4-7) for four runs and then greeted reliever Larry Sherry with a four-run outburst in the sixth. He left without getting a man out. Ron Petranoski took over and a fifth run was charged to Sherry.

San Francisco's two runs in the second were set up by errors. Podres committed the first of the Dodger errors putting Jose Pagan on base with one out. Then on a pitch out, Pagan stole second and went to third on Roseboro's throw into center field.

Kuenn scored in the fourth after reaching base via an error and he doubled home three more runs as the Giants tallied their five in the sixth.

Birds Nudge Tigers, 7-6

BALTIMORE (AP)—Baltimore scored three times in the ninth inning when the Detroit Tigers muffed two double play possibilities and the Orioles scored a 7-6 victory.

The Orioles started the ninth on singles by Jerry Adair and Hobt Landrith and got one run in with one out on Whitey Herzog's single before the Detroit infield collapsed.

Boog Powell hit a routine grounder to second baseman Jake Wood and shortstop Chico Fernandez dropped the throw in his attempt for an easy double play. That loaded the bases.

Jim Gentile then hit a grounder to Wood, who touched second for one out, but his throw to first bounced into the Baltimore dugout as Landrith and Herzog scored the tying and winning runs.

The Tigers had twice jumped into the lead. Norm Cash's second home run of the day, a two-run blast in the seventh, sent the Tigers ahead after the Orioles scored four runs in the top of the inning to tie it 4-4.

The Orioles had been held hitless by Sam Jones the first 5-2-3 innings.

Water Is Barrier To Woman's Title

SOUTH BEND, Ind. (AP)—Some lady golfer with no fear of water will win the 60th Women's Western Amateur Championship next week at the South Bend Country Club.

She could be an unknown, with the 1961 winner and runner-up, Ann Quast Decker and Barbara McIntire, missing from the field. The 129 starters in Monday's qualifying round will find themselves looking at lakes or streams on eight holes of the 6,200-yard par 39-36-75 course, formerly known as Chain-o-Lakes with good reason.

A good rain used to add three or four temporary lakes to the fairways but the big sump pump of a new drainage system can pull off the surplus water over night. It was adapted from equipment used on the big muck crop farms of Northern Indiana.

Just to make things a little tougher, the Women's Western Golf Association made the uphill, cross-wind 14th hole a par 4 instead of its previous par 5 rating. It's only 402 yards but extremely tricky.

The tournament, played without interruption since 1901, has one of its best entry lists of young players. They include Carla Jean

Big Crop Of Rookies Due To Report

By JACK CLARY Associated Press Sports Writer NEW YORK (AP)—One of the strongest contingents of rookies ever to invade the training camps of the teams of the National and American Football leagues begin their attempts during the next 10 days to capture the gold and glory of professional football.

Such top-drawer 1961 college talent as All-Americans Ernie Davis of Syracuse, Bob Ferguson of Ohio State, Jim Saxton of Texas, Bill Miller of Miami, Alex Kroll of Rutgers, Roy Winston of LSU, Billy Neighbors of Alabama and Jerry Hillbrand of Colorado lead this dollar-studded array.

Most of these will report after the college All-Star game against the Green Bay Packers in Chicago on Aug. 3. Until then, countless others will knock heads against experienced pros, oft-times in a fruitless bid to make the grade.

Most of the practice sites are partially deserted small college campuses.

All face the same rigorous schedule. Grueling hours on the practice field under the hot summer sun.

There are more tedious hours spent over voluminous notes, charts, diagrams, movies, talking with veterans, coaches, discussing plays, game situations, nursing bruises and wondering, wondering.

Right now, the odds of success are more in favor of the rookie than five years ago. Professional football has added 10 teams since then, eight of them in the new American Football League, and the other two in the more established National League.

Last year, more than 160 rookies made the grade from the more than 400 who started out.

Chicago Cubs Clip Braves

CHICAGO (AP)—Catcher Dick Bertell singled with the bases full and two out in the tenth inning to give the Chicago Cubs a 2-1 victory over the Milwaukee Braves Saturday.

It was the second time in two days the two teams played a 10-day game. The Braves won the first, 3-2, in the first inning.

Ernie Banks launched the winning spurt with a triple after Billy Williams filed for the first out. Then George Altman and Ron Santo were passed purposely to fill the bases.

Andre Rodgers forced Banks a plate on a grounder to Eddie Mathews for the second out. Then Bertell ran the count to 3 and 2 before delivering his game-winning single.

Milwaukee scored its only run in the first on Mathews' single and Joe Adcock's double. The Cubs matched this in the eighth on rookie Lou Brock's lead-off single. Ken Hubbs' sacrifice and Williams' double.

"We have had a lot of help from rookies in our first two seasons," said Landry. "And I think we'll be able to count on several more this season."

Purkey, who now has beaten every club in the league aided his own cause with his second home run of the season.

The Reds, who couldn't come close to a hit Friday night with men on base, reversed the procedure as they scored six runs in the first three innings on only five hits.

Bonus player Ernie Fazio's third error in two games helped Cincinnati get a run in the first. Frank Robinson doubled home the tally.

The Reds locked it up in the second with four runs on three hits. Vada Pinson homered and Jerry Lynch drove in two runs after a pair of walks and a single had filled the bases. Don Blasingame scored on a wild pitch.

Purkey got his homer in the third and from there on the Reds just kept adding to the total.

Purkey's bid for a shutout, ended in the ninth when Fazio's first major league hit scored Billy Goodman, who had singled and gone to second on a walk to Carl Warwick.

FROM STARVATION TO PARADISE

Some of the world's most beautiful and precious hand woven rugs, bedspreads, linens, costume and Indian jewelry and handwork, that people travel halfway across the continent to buy, are created and manufactured by the Chinese people. Each individual Chinese and his family are creators and manufacturers of these beautiful and priceless treasures.

This art has been handed down from father to son for century after century.

The Chinese people are the world's greatest gardeners and farmers as well as artists, yet thousands of these people die of starvation in Hong Kong, with no home whatsoever. It is a sin and a shame to let these people die of starvation. If we could somehow get some of these people to Snyder, it would be of great benefit to all concerned. We could have sunken gardens that would be of great tourist attractions. Tourists would drive hundreds of miles to purchase their works of art. These wasted acres of land would turn in to small truck farms and from these canneries would be built.

If you end starvation for them and Snyder would become a tourist paradise.

LITTLE LEAGUE ROUNDUP

Giants, Indians Card Victories

The Little League Giants, with the National League hunting tucked neatly away in their hip pockets, added a little more luster to the season's record Friday with a 9-4 lowering of the Cubs.

Gary Bailey hurled the Giants home, giving up six singles during the fourth on the hill. Had one of those hits he gave up in the first inning, however—to Ronnie Lewis, O. L. Cooper and Leland Herod—

when the Cubs collected three of their four runs for the evening. The Giants also experienced their big inning in the first, when they hopped on starter-lesser Mitchell Hamblin for seven runs before he was pulled in favor of Lewis, who finished out the contest. Six hits on balls, a hit batsman, a two-run double by Bill Greif and two singles by Steve Moffett combined to earn for the Giants their seven-run tally.

Sox Shackle Tribe; Giants Nudge Cubs

With 10 runs in the first two innings giving them a comfortable pad on which to ride, the Farm League White Sox Friday night stilled the league-leading Indians by 12-5.

Lewis cooled the Giant bats down through the remainder of the game, giving up two safeties and a run in the second, but holding them harmless the rest of the way.

In the American League, the Indians dropped the league-leading White Sox into a tie for first with the Athletics by shutting them out 7-0.

Roger Claxton chunked the victory, while starter James McDonald went down to the loss. Succeeding McDonald on the mound for the Tribe were Randy Rushing and Brent Bell.

The Sox threatened continually—the first three men up for them in the game singled, as an example, only to all die on base—but could never dent the platter throughout.

Tony Suttle went all the way for the win and gave up six hits, all singles. Bennie Ward and opposing pitcher Kenny Sehested had two of those hits apiece to lead the way. Meanwhile, Suttle struck out nine and walked just one.

Catcher Jerry King was the biggest thorn in the side of the Indians. He connected for two doubles and a single to lead the Sox platter onslaught. Others helping to spark the winning cause included second baseman David Ellidge with three singles and shortstop Pat Smith with a pair of one-base knocks.

Sehested also went the route for the losers. He gave up five hits while striking out eight and walking five.

Gary Smith, the Indian shortstop, delivered the most recent blow of the contest. He blasted a two-run homer in the first.

Right fielder Kent Horsley doubled and singled for the Indians, while Rushing and first sacker John Handy each singled twice for them.

Sebastad also went the route for the losers. He gave up five hits while striking out eight and walking five.

National League action of the evening saw the Giants keeping alive in the nip-and-tuck scramble for supremacy by dropping the Cubs, 9-8.

After an hour before the victory was claimed—starter Bruce Bell and reliever Craig Alexander, Ronald Grant and Charlie Johnson, Rocky Small absorbed the loss for the Cub nine.

Catcher Don Malone paced the Giants in the hitting department with a pair of doubles and a single. Johnson had two doubles in as many trips, while third baseman Terry Warrick and first sacker Bruce Kenner each landed a pair of singles.

LITTLE BRIDE IN BIG WIMBLEDON UPSET — Mrs. Karen Huntze Susman, teen-age bride, goes high into the air to make a smashing return to Britain's Ann Haydon in the semi-finals of the women's singles of the All-England tennis championships at Wimbledon, England. Mrs. Susman, of Chula Vista, Calif., and a student at Trinity University in San Antonio, Tex., scored a big upset, beating Ann Haydon, 8-6, 6-1, to face another upset winner, Mrs. Vera Sukova, of Prague, Czechoslovakia, in the finals. Young Mrs. Scores Wimbledon Victories

By ROBERT JONES
Associated Press Sports Writer
WIMBLEDON, England (AP)—Karen Huntze Susman, a teen-age bride from Texas, clinched her delayed honeymoon Saturday by winning Wimbledon's glittering women's singles crown and then sharing the doubles laurels with Billie Jean Moffitt of Long Beach, Calif.

Mrs. Susman, at 19 the youngest winner of the title since Maureen (Little Mo) Connolly triumphed in 1953, defeated Mrs. Vera Sukova of Czechoslovakia 6-4, 6-1. It made an American the queen of the tennis world for the first time since Althea Gibson of New York won the 1958 title.

After an hour's rest Mrs. Susman and Miss Moffitt successfully defended their tandem title by downing Mrs. Sandra Reynolds Price and Renee Schuurman of South Africa 5-7, 6-4, 7-5. Rod Laver of Australia won the men's singles title Friday and two others from Australia, Bob Hewitt and Fred Stolle, annexed the men's doubles title by defeating Yugoslavians Boris Jovanic and Nicola Pietrangeli 6-2, 5-7, 6-2, 6-4 Saturday.

Wimbledon's yearly fortnight of tennis came to a close with Mrs. Margaret Court of Wilmington, Del., and Neale Fraser of Australia defeating Dennis Ralston of Bakersfield, Calif., and Ann Haydon of England 2-6, 6-3, 13-11, for the mixed doubles title.

Mrs. Susman, the former Karen Huntze of Chula Vista, Calif., stormed to the singles title without losing a set in the two-week journey. She set out to avenge a defeat in the Wimbledon Cup matches last month and played with determination all the way.

But for a time Saturday, the outcome was in doubt. Mrs. Sukova's deceptive low-balling tactics gave the amiable Czech a 3-0 lead in the second set before she began limping. By the end of the match Mrs. Susman was playing a foe who was almost stationary.

"I twisted my ankle coming down some stairs Friday," said Mrs. Sukova, the only unseeded woman ever to gain the Wimbledon final. "But I thought it wouldn't bother me. But I couldn't serve correctly from the start and in the second set it hurt even when I walked. I doubt, though, that I could have beaten Karen at my best. She played a fine game."

The Susmans were married last fall and since then have been living in San Antonio, Tex., where Rodney, the husband, is attending Trinity University. They delayed their honeymoon so that

she might play here. The photogenic American said afterwards she had seen Mrs. Sukova play only on television prior to Saturday but "other girls had warned me to watch out for her disguised passing shots. In the first three of four I found out that this was true and I had no idea where she was hitting the ball.

"When I realized I had won, I looked up into the sky and said 'Thank you, God.' I wanted to sit down on the court and stay there."

It was Mrs. Susman's powerful forehand smashes and Miss Moffitt's deadly volleying that decided the doubles battle.

The losers, who also were replused for the title in 1960, said later that they were retiring from big time tennis.

In the first three of four I found out that this was true and I had no idea where she was hitting the ball.

"When I realized I had won, I looked up into the sky and said 'Thank you, God.' I wanted to sit down on the court and stay there."

It was Mrs. Susman's powerful forehand smashes and Miss Moffitt's deadly volleying that decided the doubles battle.

The losers, who also were replused for the title in 1960, said later that they were retiring from big time tennis.

Wimbledon's yearly fortnight of tennis came to a close with Mrs. Margaret Court of Wilmington, Del., and Neale Fraser of Australia defeating Dennis Ralston of Bakersfield, Calif., and Ann Haydon of England 2-6, 6-3, 13-11, for the mixed doubles title.

Mrs. Susman, the former Karen Huntze of Chula Vista, Calif., stormed to the singles title without losing a set in the two-week journey. She set out to avenge a defeat in the Wimbledon Cup matches last month and played with determination all the way.

But for a time Saturday, the outcome was in doubt. Mrs. Sukova's deceptive low-balling tactics gave the amiable Czech a 3-0 lead in the second set before she began limping. By the end of the match Mrs. Susman was playing a foe who was almost stationary.

"I twisted my ankle coming down some stairs Friday," said Mrs. Sukova, the only unseeded woman ever to gain the Wimbledon final. "But I thought it wouldn't bother me. But I couldn't serve correctly from the start and in the second set it hurt even when I walked. I doubt, though, that I could have beaten Karen at my best. She played a fine game."

The Susmans were married last fall and since then have been living in San Antonio, Tex., where Rodney, the husband, is attending Trinity University. They delayed their honeymoon so that

she might play here. The photogenic American said afterwards she had seen Mrs. Sukova play only on television prior to Saturday but "other girls had warned me to watch out for her disguised passing shots. In the first three of four I found out that this was true and I had no idea where she was hitting the ball.

"When I realized I had won, I looked up into the sky and said 'Thank you, God.' I wanted to sit down on the court and stay there."

Yank Homers Sink Twins

MINNEAPOLIS-ST. PAUL (AP)—Reliever Marshall Bridges checked his own wildness in time to subdue an eighth inning Minnesota rally as the New York Yankees flexed their home run muscles for the second straight game to down the Twins 6-3 Saturday.

Yankee starter Bill Stafford was cruising along with a one-hitter and a 6-0 lead when the Twins finally broke his spell in the eighth.

Two singles and a walk loaded the bases before Bridges replaced Stafford. Bridges then walked in two runs and another scored on a force-out before he struck out Bob Allison and Bernie Allen lined to Jack Reed, who made a diving catch in right field.

The triumph enabled New York to stay a half game behind American League leading Cleveland.

Hector Lopez and Bill Skowron each swatted a two-run homer to provide the Yankee victory margin.

New York also got a run in the first on doubles by Bobby Richardson and Mickey Mantle and had already scored once in the sixth before Skowron's blast.

OPTIMISM KEYED HIGH

Solution To Collegiate 'Raiding' Near At Hand

LUBBOCK, Tex. (AP)—Dr. J. William Davis said Saturday he is "extremely optimistic" that all major colleges soon will approve a plan to end raiding of another school's prospective athletic recruits.

He made the statement in a survey following a session of faculty and conference representatives last weekend in Colorado Springs, Colo.

Dr. Davis is faculty athletic representative at Texas Tech, a member of the Southwest Conference. The NCAA had appointed him to probe the possibility of an inter-conference letter of intent.

The NCAA, athletic governing body of the major colleges, has failed for two years to pass rules providing a letter of intent in survey following a session of faculty and conference representatives last weekend in Colorado Springs, Colo.

Dr. Davis said most faculty representatives, as well as most commissioners of 19 conferences, approved this motion:

"It is the sense of those present, acting as individuals and not as representatives of either institutions or conferences, that there should be established an inter-conference letter of intent which would contain, among other things the following provisions:

"1. The earlier date for the signing of this letter of intent by the prospective student athlete would be June 15 or another agreeable date.

"2. There would be no limit placed on the number of prospective student athletes who could sign letters of intent with an institution during a given year.

"3. The letter of intent would outline the terms of conditions of financial aid to be awarded to the prospective student athlete."

Dr. Davis is to appoint a committee to draft a proposed letter of intent before fall to be submitted to all conferences.

He said there is a strong possibility the inter-conference letter will become official when conference leaders gather at the January NCAA meeting.

play for a school outside that conference.

In effect, the inter-conference letter of intent would make such agreements binding on all participating conferences and schools.

FOR GRAND CHAMPION—Audry Head holds the traveling trophy which he received for his Grand Champion Ram at the Montadale Sheep Breeders Association annual national show and sale in June in Springfield, Ill. Head's ram was chosen second straight year to show the Grand Champion Ram.

Audry Head Shows Grand Champion

Not only are Audry Head's sheep winners, but he's a winner, too. At the Montadale Sheep Breeders Association's annual national show and sale in June in Springfield, Ill., Head's ram was chosen second straight year to show the Grand Champion Ram.

At the same show, Head was elected president of the Montadale Sheep Breeders Association, an association with members from 26 states and Canada. Head served as vice president of the group for the past three years.

For the Grand Champion Ram, Head received two trophies. One is a traveling trophy, which he also won last year. If he wins again next year, he will have permanent possession of the trophy.

More Talks Slated On New Guinea

LONDON (AP)—Acting U.N. Secretary-general U Thant announced today Indonesia and Holland will resume secret negotiations next week on the disputed future of West New Guinea. He told newsmen at the end of a three-day visit to Britain.

"This West New Guinea is one problem that gives cause for happiness. I am optimistic about the outcome."

Envoys of the two countries, he said, will be going to the United States early next week to resume their talks under the auspices of American diplomat Ellsworth Bunker, selected by U Thant to help promote a settlement.

He presented a plan that would transfer the management of the territory from the Dutch to the United Nations for a two-year period. Then the Indonesians would move in and the 800,000 Papuans would get the right freely to choose their own political future.

Indonesian and Dutch delegates opened negotiations in secret near Washington last March, but the talks were interrupted. During the recess, tension mounted in West New Guinea, or West Irian, as the Indonesians call it. Rival armed forces of Indonesians and Dutch were reinforced and there were clashes on a small scale.

Reds Admit Trouble In Harvesting

MOSCOW (AP)—The Soviet government today acknowledged that grain harvesting in the wide virgin lands of Kazakhstan is running into serious trouble.

A statement by the Soviet government and the Communist Party Central Committee said the virgin lands lack not only combines and operators, but also storage bins and transport.

The urgency of the situation was emphasized by the fact that the statement covered the entire front page of the party newspaper Pravda.

The statement said in the Tselina territory alone more than 25,000 combines and 25,000 tractors are out of order. In the Pavlodar region, only a fifth of the combines are capable of operating.

The statement said Kazakhstan authorities have sent out an urgent appeal for 70,000 harvest hands.

The Soviet press has reported that workers remain in the virgin lands—some of Premier Khrushchev's pet projects—only a short time because living conditions are bad.

Vote Contest Testimony To Resume

GILMER, Tex. (AP)—Testimony will resume Monday after a weekend recess in the 2-vote contest for Upshur County tax assessor-collector nomination in the Democratic primary.

The hearing continued all last week except for a July 4th break, with Mrs. Edith Turner the star witness for four days.

The contestants are W. C. Jones, who received 2,741 votes in the Democratic runoff primary, and Tommie Mitchell, who received 2,720.

Mrs. Turner was questioned extensively on her activities in notarizing 197 absentee ballots.

She testified she became a notary solely for the elections and that she did so because she and Jones are members of the same church.

Mrs. Turner said she and Mrs. Jones, the candidate's wife, went to homes to take applications for absentee ballots. Then she and Mrs. Jones obtained doctors' certificates of incapacity for the voters, collected the marked ballots and mailed them to the county clerk.

She said she notarized several ballots for Upshur County residents who were patients in Glade-water in another county.

The witness denied that she or Mrs. Jones electioneered when they went to homes of voters. Later she asked to change her testimony to say that Mrs. Jones asked for votes for Jones when the applications were taken to the voters but did not when the ballots were collected.

Mrs. Turner said in one instance she took a ballot to Mrs. Lydia Thornton, who was asleep, and Mrs. Thornton's son marked the ballot for her.

Mitchell's attorneys are concentrating on the absentee ballot issue. Jones led in these votes better than 3 to 1.

The hearing is before Dist. Judge Morris Baskton of Mt. Pleasant without a jury.

THIS IS 1950 AUTO that took George A. Lloyd, nearing 84, on a 1493 mile tour of Texas during the month of June. Lloyd says he would be ready for another trip, if his car would make it.

Trips Are Nothing For George Lloyd

By ANELLE HOLMAN

If you ever reach the retiring age, don't quit. If you do, you're done.

These were the words of George A. Lloyd of 2402 Ave. 1, who is highly active for his almost 84 years.

Lloyd took a trip during the month of June. A trip that lasted three weeks and covered 1493 miles. And he did all the driving in his '50 Chevy.

Lloyd's extended tour of Texas took him to Abilene, Dallas, Willsboro, Marshall, Highland, Pasadena, Quitman, Houston, Austin and Waco.

He visited with relatives in most of the cities. In Marshall he visited his best friend, brother. In Quitman he attended the Lloyd family reunion which has been an annual affair at the Jim McGehee State Park in Quitman.

Next year the reunion will be in Snyder. The 40-mile jaunt to Quitman for Lloyd would be no problem, but several members of the Lloyd family in this area would be unable to make the trip.

Lloyd, who will turn 84 on Aug. 8, came to Snyder in 1949 after he reached retirement age with the Houston Post Office.

But he is by no means retired. He keeps his neat home and yard on Ave. 1. From 1953 until 1959 he worked on a 32-page Lloyd family history which he typed himself.

Research for the history took him to the Austin, University of Texas, Dallas and other libraries. The history begins in 1781 and includes pictures of six generations of the Lloyd family.

He is now assisting another family with its family history.

Lloyd went to the hospital for the first time last year and was hospitalized again this year—both times for major surgeries. He has had all the communicable diseases, and claims that he doesn't know where he caught any of them.

Lloyd has four sons, Raymond of Snyder, Hollis of Big Spring, and Willie of Austin. Another son, George, died this year.

The sons say that Dad's traveling days are over.

What does Lloyd have to say about it?

"I'm liable to start out anytime now."

Water Demand For June Is 3rd Highest

June water demands were the second greatest for the month and the third largest in history of the Colorado River Municipal Water District.

Figures released Wednesday by O. H. Ivie, assistant general manager, showed that the district delivered 1,343,820,000 gallons of water, a gain of 21.38 per cent over the 942,343,856 for June of last year. Only June of 1960 with its 1,169,745,000 gallons and August of 1959 with its draw of 1,171,425,000 gallons exceeded this June's pumping.

The member cities of Odessa, Big Spring and Snyder used 902,988,000 gallons, a gain of 20.19 per cent over the 750,489,000 for a year ago. Odessa used 561,947,000, up 17.13 per cent. Spring 279,609,000, up 27.24 per cent. Snyder, 61,632,000, up 18.80 per cent.

Oil companies using water for repressuring took 241,781,000 gallons, a gain of 21.38 per cent. However, this included 32,345,000 gallons to the Standard-Sinclair unit, new operation, and without this the percentage gain to companies was 9.14 per cent.

For the first half of this year, the CRMWD has delivered 4,922,371,000 gallons of water, a gain of 10.32 per cent over the first six months of 1961.

July demands have continued the same high trend as in June, said Ivie.

Yugoslavia produces aluminum for the United States and other customers. It turned out 25,000 tons in 1960.

Truck Driver Burns To Death In Crash

JEFFERSON, Tex. (AP)—James Gentry, 34, of Kilgore, died Saturday in a head-on crash of two trucks in this East Texas town.

Gentry was driving one of the trucks. John Longmire, also of Kilgore, driver of the other truck, escaped unhurt. The accident occurred about 2 a.m.

Investigators said both trucks belonged to the American Supply Co. of Kilgore and were loaded with oil field equipment.

They said Gentry's truck burst into flames as it crashed with the other vehicle as they were coming out of a railroad underpass on the eastern edge of Jefferson.

SCRAPBOOK—An impressive scrapbook is kept by the auxiliary denoting the services members perform. Here Mrs. James McCaleb, scrapbook chairman, points out the various things the "Pink Angels" can help with at the hospital. At left is Pam Roberts and right, Suzy Cribb.

FLOWERS—Mrs. Carl Dillaha is pictured here as she delivers flowers to patients with a cherry smile. This takes a lot of steps off the regular nurses at the hospital.

TELEVISION—Mrs. Billy Huddleston, left, makes out a receipt as Mrs. Johnnie Pitner, unlocks the plug and installs a television in the room of a patient.

THE SNYDER DAILY NEWS

VOL. 13, NO. 59 SNYDER, TEXAS, SUNDAY, JULY 8, 1962 SECTION B

INFORMATION—These Auxiliary ladies perform various duties at the hospital other than giving information to visitors and strangers to our beautiful hospital. From left, Mrs. J. W. Clawson, Mrs. Harry Ward, Mrs. V. T. Tracy and Mrs. Gene Thompson.

AVOID SUMMER SLUMP

With vacation time here and school out, the time some mothers can put in as a member of the Hospital Auxiliary is limited. But as in any organization the same faithful ones try to keep things going.

Any person who has spend some time in the Cogdell Hospital will readily tell you of the appreciation and helpful ways members of the auxiliary have made their stay there a more pleasant one. Since summer vacations are on hand many of the members are taking their families on trips and various travels, but the number of patients at the hospital has not decreased and more help is needed. It is a rewarding seryke, although it is all volunteer work. The look in a patient's face to see those ladies in their cherry pink jumpers and white blouses, performing various services for them is more valuable than money.

Any lady in Snyder and the surrounding area who is interested in putting in a few hours a week or day is asked to contact Mrs. Bette Harman, president, at HI 3-6187. Also dues to the auxiliary are, now-due, payable to Inez Brown.

Several young high school girls also work with the auxiliary and are known as the "Pink Angels". They have a co-sponsor, but at this time are in need of a sponsor. Any person who feels they would like to work with this worthwhile group are asked to contact Mrs. Harman.

PICTURES—Mrs. Bill Butler is pictured here as she takes a picture of twins born recently at the hospital. The auxiliary takes pictures of the few babies as an added service to parents, selling them to add to their treasury used for hospital equipment.

CENTRAL SUPPLY—Mrs. Skipper Joyce, left, assembles a three-day maternity kit in central supply as Mrs. Harley Carmichael looks on. Miss Eloise Hackworth, LVN, watches the operation.

SNACK BAR—Mrs. Bette Harman, president of the Hospital Auxiliary is pictured here in the center of the two regular workers at the snack bar. She waits on customers and takes orders, in the line of a waitress duty. At left is Mrs. A. R. Sutton and right, Mrs. R. J. Watson.

J. Summers Weds F. Baldwin In Ballinger Church Rites

The First Baptist Church of Ballinger was the setting for the marriage of Miss Jereia Ann Summers of San Angelo and Airman 2C Floyd Allan Baldwin of Goodfellow Air Force Base, Saturday evening at 7:30 p.m.

Rev. J. B. Fowler Jr., pastor officiated at the double ring ceremony.

Parents of the couple are Mr. and Mrs. Ray W. Summers, 2605 Avenue V, Snyder and Mr. and Mrs. Gilbert L. Baldwin, Parkville, Missouri.

The bride was costumed in a gown of Chantilly lace over taffeta and net which featured a scalloped neckline and long fitted sleeves. A fingertip veil of illusion was held by a tiara of pearls and iridescent sequins.

The bridal bouquet was an orchid surrounded by carnations. Twenty-one lighted tapers and baskets of white gladioli, touched with purple and silver formed the background for the church affair.

Miss Alvon Hudgens and Miss Lois Shields of San Angelo were bridesmaids, and Mrs. Earl Cope, Ballinger was organist.

Maid of honor was Karen Rodge

Person's Legal Rights

ONE MAN'S FREEDOM By Edward Bennett Williams

One of the great trial lawyers in the tradition of Clarence Darrow expounds of the individual's constitutional rights in modern society and the dangers that beset these rights.

Edward Bennett Williams is as eloquent and forceful in the printed page as he is in the courtroom and his book is easy and useful reading, particularly in a time when there is much emotion and a little objective intellectual thought given to the rights of the individual.

Williams has defended such diverse and controversial characters as the gangster Frank Costello; labor leader James Hoffa, textile magnate Bernard Goldfine, a Soviet diplomat accused of spying, Sen. Joseph McCarthy, Congressman Adam Clayton Powell and a host of lesser known and poorer figures who have become entangled in the law.

These cases have brought a certain amount of criticism on Williams and this book displays some sensitivity to this criticism, but he makes no apologies. Rather he takes the offensive against the critics.

Using illustrations from many of his own experiences, Williams explains the major principles of the Constitution in dealing with the rights of the individual, how they have been used and misused. He goes further and advocates additional protections for the individual on trial.

In an era where many are disturbed by soaring crime rates, daily evidence of corruption in public law enforcement, and the possibilities of subversion, there are bound to be many who will feel Williams' proposals do not contribute to a practical solution to these problems. They can find little to quarrel with, however, on the principles he advocates.

In closing Williams departs from the individual's problems to those of the nation and the world. He sees as the only solution a super authority of law that will govern all nations where problems will be thrashed out before a World Court instead of on battlefields or at summit meetings. In these times this looks like a Utopian solution. This is not the strongest part of the book. Williams is at his best when dealing with the individual.

LAST BUT NOT LEAST—Jeanene Clements packs the heart which shows which tribe she belongs to at the Heart o' the Hills Camp. In the center of the heart is a large star which shows that she was the tribe chief last year. Jeanene entered the second term of camp Saturday, but she had been there several days since she was on hand for the opening exercises of the first term which her younger sister, Carla, attended. The girls are the daughters of Mr. and Mrs. N. R. Clements.

Longer School Term Being Considered

With school vacations here, many parents, a few students and many more educators are analyzing the possibility of shorter vacations and a longer school year.

Although a growing number of school systems are adopting voluntary summer courses, still others are lengthening the school year and the school day. In Switzerland, for example, a student completes his precollege study in nine years, compared to the average twelve years for Americans.

Where the staggered quarter plan has been adopted here in the States, actual practice often negates theory. Although taller use of buildings is accomplished, and

four years condensed into three, the fact is that wherever this system has been tried, it has been abandoned.

In practice, operating costs have gone up, repairs are difficult when schools are in constant use, and students object to assigned vacations in winter spring or fall.

In high schools where the program was adopted, grading students were often too young to get regular jobs and mature enough to enter college in colleges, a longer school year and shorter vacation might prove feasible. The University of Pittsburgh, for example, graduated 33

students last April who completed a regular four-year course in two and two-thirds years by using an eleven-month academic year. It should be noted, however, that all had high scholastic averages.

By far, the most popular method is the voluntary summer session. Here students may take makeup courses or courses they would not be able to fit into their programs during the regular term.

Grace S. Wright, a secondary education specialist in the United States Office of Education says, "An extra summer term is not unlike a camp for children. The group is flexible and the results rewarding in many cases."

Wodehouse Defends Edwardian Style

AUTHOR! AUTHOR! By P. G. Wodehouse

At 80, Wodehouse can look back on a prodigious amount of comedy in more than three score novels and innumerable short stories. In this book he looks back and relishes it all.

The format of the volume is a series of letters to an old school friend, from 1920 to the present. Many of these letters have long footnotes of comment and explanation. One omission is an explanation of his radio broadcasts from a Nazi internment camp in the last war.

Presumably Wodehouse will be remembered best for his frothy nonsense about a young English top named Bertie Wooster and an imperturbable butler named Jeeves.

As the author says himself, his novels always were "a sort of musical comedy without music, ignoring real life altogether." But against the charge that he is dated and Edwardian, he raises a fine defense that if other writers can do historical novels about Arthurian knights, he is perfectly justified in relating the foolishness of the second sons in the Edwardian era.

Not everyone will remember that Wodehouse wrote lyrics for some of Jerome Kern's best music, and that he had a finger in a good many musical comedies of the old days. He also had the usual

frustrating experiences in Hollywood, but did not let them bother him.

Through most of these letters there runs a pattern of comment on the trade of the professional writer. There are discussions of his troubles with post and rewriting with story ideas and editors. The student writer, however, will search in vain for any real clues to Wodehouse's gift for yeasty fun.

It is a pleasant excursion into the past, with light anecdotes and reminiscences of some delightful figures of Wodehouse's once frivolous age.

Modern homemakers are rediscovering the hoary art of bread baking. Did you know that Egyptian cooks began making yeast breads almost 2,000 years ago?

As a baker for the royal household accidentally left some bread dough unattended overnight. It fermented and rose. Undaunted—the punishment for culinary error in those days was a beheading—the little baker went ahead and baked the dough. It lasted happily after a delighted king tasted the bread and commended the baker for his "kifably" loaf of bread.

He who will not sail 'til all dangers are over must never put to sea.

JUST ABOUT PACKED—Cheryl Stevenson, left, and Lois Harbaugh take time out from their packing to take a "coke break" and check over the list of things they're taking to the Heart o' the Hills Camp at Hunt, Tex. Cheryl is the daughter of Mr. and Mrs. Malven Stevenson and Lois is the daughter of Mr. and Mrs. Daniel Harbaugh of Edwardsville, Ill., and the granddaughter of Mr. and Mrs. John Sentell of Snyder. It will be the first trip for both of the girls to the camp.

STRAWBERRY CREAM ROLL

- 1 cup sifted cake flour
- 1/2 cup sugar
- 1 1/2 teaspoons baking powder
- 1/4 teaspoon salt
- 1/4 cup salad oil
- 3 eggs (separated)
- 1 tablespoon grated orange rind
- 1-3 cup orange juice
- 1/4 teaspoon cream of tartar
- Strawberry Cream Filling

Into a deep bowl sift the flour, sugar, baking powder and salt. Add oil, egg yolks, orange rind and juice; beat with a spoon until smooth. Beat egg whites with cream of tartar until they form stiff peaks. Fold into egg yolk mixture until blended. Turn into a 15 by 10 inch jelly roll pan that has been greased, wax-paper lined, and the paper greased. Bake in moderate (350 degrees) oven 12 minutes or until cake springs back when lightly touched with fingers. Turn out on towel covered with

confectioners sugar; peel off waxed paper. Roll up in towel, leave ends open and cool. Chill. Shortly before serving unroll and spread with 1/2 cup heavy cream whipped and sweetened with 2 tablespoons sugar; sprinkle with 1 pint strawberries (halved or quartered); re-roll cake and chill until served.

Roast fresh pork spare ribs on a rack in a roasting pan in a moderate oven for 1 1/2 hours or until they're tender, basting occasionally with a barbecue sauce. Before serving, cut the ribs into finger-food sections. As a go-along—lots of paper napkins!

Her finger-tip length veil of pure silk illusion fell from a crown of pearls. She carried a bouquet of yellow throated white orchids with Frenched mums atop a white Bible.

Think Before You Plant

Those Trees If you are planning to plant landscape trees this spring, be selective and think ahead. It won't be very long before you have a thinning job to do in your little home forest if you plant only, or mostly, fast-growing trees. These include ailanthus, chinaberry, Chinese elm, silver maple, willow and poplar.

Overcrowding bars sunlight and prevents proper development of trees. Too much shade also keeps your other flowers from doing their best.

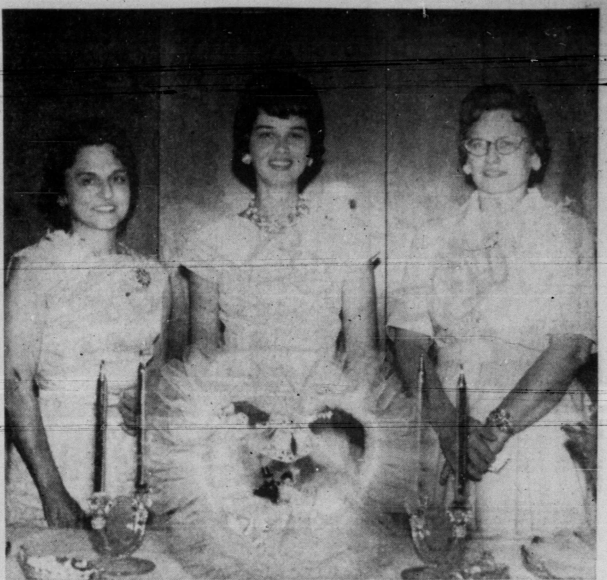

M. W. Stapole, a Davey tree expert, recommends corrective pruning, while trees have no foliage, lawns are dormant and grounds are not being used extensively.

The bigger the tree, the more costly is the task of removal.

Here's a state of a teatime or breakfast-time treat—little Biscuit Honey. For 24 biscuits, sift together 2 cups sifted enriched flour, 1 tablespoon baking powder and 1 teaspoon salt. Cut or rub in 1/4 cup shortening until mixture is crumbly. Stir in two-thirds cup milk. If necessary, add enough more milk to make a soft dough. Turn out on lightly floured board or pastry cloth and knead gently 30 seconds. Roll out into an 8-inch square about 1/4-inch thick. Cut into 24 strips. On ungreased baking sheet coil each strip to form "snails" sealing edges well. Brush biscuits with 3 tablespoons honey and sprinkle with 2 tablespoons chopped nuts. Bake in hot oven (450 F.) 10 to 12 minutes. Serve hot.

When you add anchovies to salad—and they do wonderful things for mixed greens—go slow in adding salt because the fish will supply some of this seasoning.

Take a snack break with the kids this afternoon. Serve lemon and pass a tray of spicy cinnamon and pass a tray of spicy cinnamon. For about 5 dozen 2-inch cookies, sift together 3/4 cups sifted enriched flour, 3/4 teaspoon salt and 1/2 teaspoon soda. Cream together 1/2 cup shortening and 1/2 cup sugar until light and fluffy. Add 1 cup molasses and 1 beaten egg. Beat thoroughly. Blend in 3 tablespoons water. Add flour mixture gradually, mixing well. Dough will be soft. Combine one-third cup sugar and 2 teaspoons cinnamon. Drop dough by rounded teaspoons into cinnamon sugar, then place on greased baking sheet. Bake in moderate oven (350 F.) 12 to 15 minutes.

After frying food in deep fat, strain the fat through several thicknesses of cheesecloth to get rid of food particles. This way you'll lengthen the life of your frying fat.

QUICK COFFEE CAKES FOR SUMMER BREAKFASTS

"Oh, what a beautiful morning!" And because it is such a lovely summer morning, serve breakfast outside on the porch or patio. Your outdoor breakfast will be a real party if you plan it around a delicious home-baked coffee cake.

Homemade good quick coffee cakes and breads are an important part of summertime and all year round breakfast planning. Every breakfast that begins a busy day should include a serving of enriched bread or cereal products. Add to this other nutritious foods—fruit or fruit juice, protein-packed meat or eggs and milk or other beverage to round out the meal.

The breakfast meal, which includes a serving of enriched bread or cereal, should provide from 1/4 to 1/3 of your total daily nutrient and caloric needs. This is important for you, are literally "breakfasting the fast" between dinner last night and lunch today.

Coffee cakes, rolls, breads and other foods prepared with enriched flour provide an excellent source of food energy, iron and the B-vitamins—niacin, thiamine and riboflavin. These three B-vitamins must be replaced each day, because they cannot be stored in the body. They are all essential for maintaining healthy appetites and sound nervous and digestive systems.

You need the iron in enriched breads for hemoglobin formation in your blood. Hemoglobin is the red coloring material which helps carry oxygen to the body tissues. Iron in combination with certain vitamins is necessary for replacing worn out red blood cells.

Not only do homemade good quick coffee cakes and breads provide good nutrition but add hard-to-beat flavor interest and appeal as well. The fragrant aroma from fresh-baked coffee cakes and rolls will be the only encouragement needed to make the family rise and shine these mornings. Here are three fruit-sparked quick coffee cakes designed to perk up early morning sleepy-heads and get the whole family off to a good start in the day.

BANANA-TOPPED COFFEE CAKE with its spicy baked-on topping of sliced bananas combines fresh fruit and tender quick bread. Complete the breakfast menu with crisp bacon and glasses of milk.

BANANA-TOPPED COFFEE CAKE

COFFEE CAKE
2 cups sifted enriched flour
1/2 cup sugar
1 tablespoon baking powder
1 teaspoon salt
1/4 cup shortening
1 egg, beaten
2-3 to 1/4 cup milk

TOPPING

2 large bananas
2 tablespoons melted butter or margarine
2 tablespoons sugar
1 teaspoon grated orange rind
1/2 teaspoon cinnamon
1/4 teaspoon salt
Sift together flour, sugar, baking powder and salt. Cut or rub in shortening until mixture is crumb-

ly. Combine egg and 2/3 cup milk. Add to flour mixture and stir until smooth. Add more milk, if necessary, to make a thick batter. Spread batter in greased 7 x 11-inch pan. Slice bananas diagonally into 1/4-inch slices. Arrange banana slices on batter, overlapping slices to form diagonal stripes. Brush bananas with melted butter or margarine. Mix sugar, orange rind, cinnamon and salt. Sprinkle evenly over bananas. Bake in moderate oven (350 degrees F.) 45 to 50 minutes.

Makes 1 coffee cake.
If self-rising flour is used, omit baking powder and salt.

On another morning serve **Apple-Cheese Coffee Cake**. Here chopped apples and raisins in a cinnamon-cream topping accent a sharp cheese-filled coffee cake. Dad will like this especially if you add sausage links and man-sized cups of coffee.

APPLE-CHEESE COFFEE CAKE

1 1/2 cups sifted enriched flour
1/2 cup sugar
2 teaspoons baking powder
1/2 teaspoon salt
1/2 cup shredded sharp cheddar cheese (about 1 1/2 ounces)
1 egg, beaten
2-3 to 1/4 cup milk
3 tablespoons melted shortening or oil

APPLE TOPPING

1/4 cup enriched flour
1/4 cup brown sugar
1/2 teaspoon cinnamon
2 tablespoons butter or margarine
1 1/2 cups chopped apple
1/4 cup seedless raisins
1 teaspoon lemon juice

Sift together 1 1/2 cups flour, sugar, baking powder and salt. Add cheese and mix lightly. Combine egg, 2-3 cup milk and melted shortening or oil. Add to flour mixture. Stir until mixture is smooth, adding more milk, if necessary, to make a stiff batter. Pour into greased 8-inch square pan. Prepare Apple Topping by mixing together 1/4 cup flour, brown sugar and cinnamon. Cut or rub in butter or margarine until mixture is crumbly. Combine apples, raisins and lemon juice and add to crumb mixture. Sprinkle evenly over coffee cake batter. Bake in hot oven (400 Degrees, F.) 20 to 35 minutes.

Plan a Sunday brunch around luscious Peach-Glazed Coffee Cake, a quick coffee cake baked in a fluted mold and glazed with

a baked-on topping of peach preserves, coconut and pecans. Serve it with a cheese omelet, juice and a beverage.

PEACH-GLAZED COFFEE CAKE

3 tablespoons soft butter or margarine
Pecan halves
1/2 cup flaked coconut
1-3 cup peach preserves
2 cups sifted enriched flour
1/4 cup sugar
2 teaspoons baking powder
1 teaspoon salt
1/2 teaspoon nutmeg
1 egg, beaten
1/4 to 1 cup milk
1/4 cup melted shortening or oil
2 tablespoons peach preserves

Rub sides and bottom of 11-quart fluted tube mold or 9-inch round cake pan with butter or margarine. Arrange a design of pecan halves in mold. Sprinkle with coconut and spread 1-3 cup peach preserves over all. Sift together flour, sugar, baking powder, salt and nutmeg. Combine egg, 1/4 cup milk and shortening or oil. Stir until smooth adding more milk, if necessary to make a stiff batter. Pour into prepared pan. Drizzle 2 tablespoons peach preserves on top. Bake in moderate oven (350 degrees F.) 35 to 40 minutes for mold, 45 to 55 minutes for 9-inch pan. Unmold and serve warm, design-side up.

Makes 1 coffee cake.
If self-rising flour is used, omit baking powder and salt.

ASPARAGUS, ITALIENNE

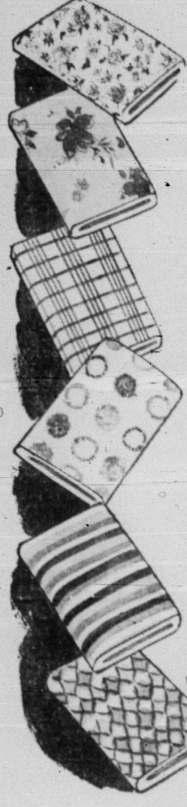

2 pounds asparagus (about 2 dozen fairly thick stalks)
3 tablespoons olive oil
1/4 cup boiling water
1/2 teaspoon salt

Break off tough ends from asparagus, with swivel-blade vegetable peeler pare stalks up to buds; wash in hot water; rinse in cold water. Cut off buds and slice in half lengthwise; slice remaining stalks into 1-inch diagonal lengths, 1/4 inch thick. Put asparagus (both bud and stalk pieces) in a 10-inch skillet with the olive oil, water and salt; stir over low heat until hot. Cover and boil gently just until asparagus is tender-crisp—about 3 minutes. Lift cover and adjust heat if necessary so water evaporates but asparagus does not scorch. Makes 6 servings.

Makes 1 coffee cake.
If self-rising flour is used, omit baking powder and salt.
