NUMBER 24

Ochiltree County Starts Harvesting 1948 Wheat Crop

Temporary Farm Labor Office Opens in Perryton Monday

Office to Serve Two Counties in Harvest

County Employment Commission will open a temporary farm labor office in the Chamber of Commerce building Monday to serve the wheat growers of Ochiltree and Lipscomb counties. The office has been placed in charge of the office. He comes from Quanah, where he was in charge of a similar office during their wheat harvest.

Grasshopper Poison Has Arrived at Last

The long-awaited carload of poison bran and sawdust for grasshopper control arrived Thursday and county agent Hood Willis invites farmers and ranchers of the area to come and get it. The mixing plant located just east of the courthouse will operate on Mondays, Wednesdays and Fridays and will distribute poisoned sawdust at 4 p. m. on each of these days.

Dalhart Comes Sunday for Doubleheader

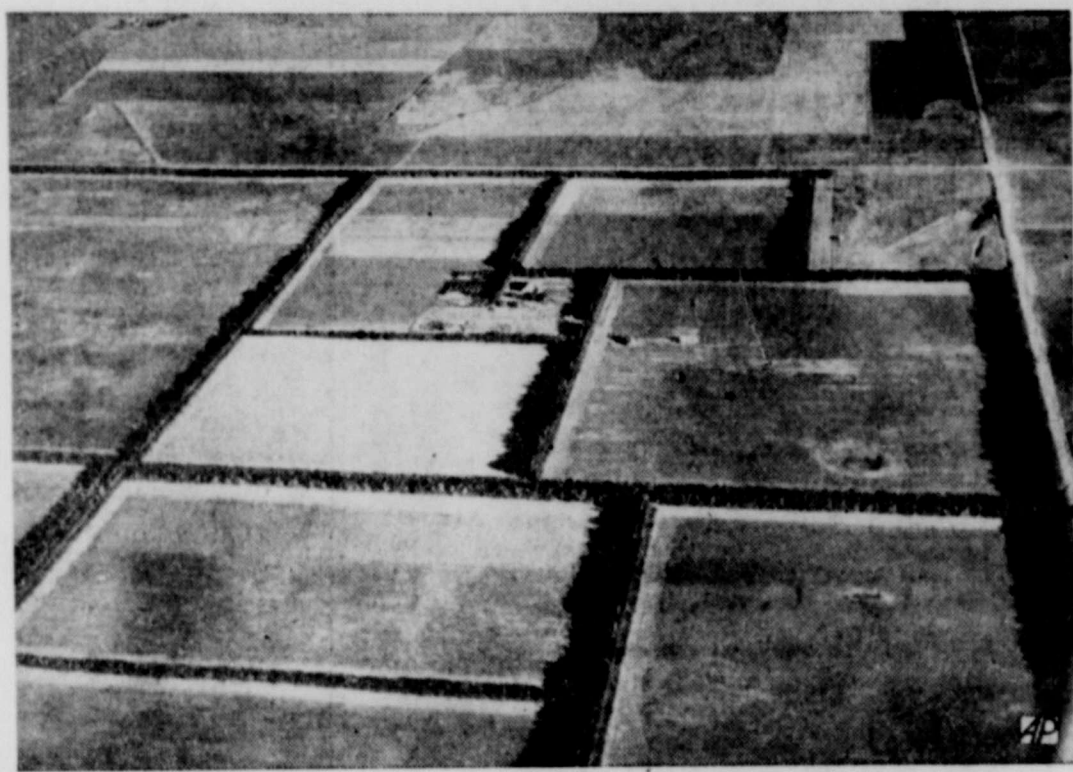

Dalhart and Perryton will play a double header in baseball Sunday afternoon at the local ball park, and both contests promise to be close. Dalhart is bringing their junior team to tangle with the Perryton juniors at 1 p. m., while the regular league contest between Dalhart and Perryton will start at 2:30 p. m.

The Perryton juniors won first place in the NPAA district tournament last week by trouncing the Dumas juniors 28-6. Dalhart is reported to have a fast junior team and a close contest is expected.

Dalhart's league team is tied for second in the NPAA league, having won 4 and lost 2. Perryton is tied for fourth place, having won 3 and lost 3. If Perryton wins over Dalhart, they will advance into a tie for either second or third place, depending upon how Dumas, second place team, fares this week.

Perryton looked much better last week than at any time during the year. After a slow start, the club now has good pitching in Wayne Gyger and Milton Deason, plus at least six good hitters. Their fielding is improving, and the club can put up a battle for league honors if they don't falter.

Admission prices will remain the same for this double header, thus giving local baseball fans a real bargain. For many, it will be the first chance to see the flashy junior team in action at home.

TEXAS WINDBREAKES—This aerial view shows a shelterbelt of trees serving as windbreaks around the J. H. McDougal farm, 18 miles north of Vernon, Texas. The trees were planted in 1939.

Voters of Taz and Perryton School Districts Will Decide Annexation Question Saturday

New Fords Will Go on Display in Perryton June 18

The 1949 Ford automobile, which reveals a radical departure from traditional Ford styling and engineering, was made public yesterday, June 9, by the Ford Motor Co.

The new Ford will be on display in Perryton on Friday, June 18, at the A. & B. Motor Co., local Ford dealers. Gene Akers, owner of the firm, stated that one new Ford would be on display in the sales room and two new Fords would be parked outside and that the public would be invited to ride in them.

Elsewhere in the Herald this week are pictures of the new Fords. Much speculation has gone on about the appearance of the 1949 Ford, and the company has kept their looks a well-guarded secret until the release date.

They are lower, wider, with a design molded along functional lines, resulting in a long, low, sweeping silhouette. The grille is an air scoop design which furnishes fresh air through large intakes just behind the grille.

Both six cylinder and V-8 type motors are employed in the new Fords. The cars have a new springing system, much larger windshields and windows.

Local VFW Men Attend District 9 Convention, Pampa

A delegation from Perryton, headed by O. C. Watson, district commander, attended the district VFW convention held in Pampa last week-end.

The Perryton group asked that the next district convention, to be held in the first part of Sept. be held in Perryton, and were accepted by an overwhelming vote.

Amarillo won the plaque for having the largest membership. O. C. Watson stated that Roger Q. Evans, state VFW commander and a candidate for governor, would be invited to attend the next district convention in Perryton.

Those attending the Pampa convention from Perryton were Mr. and Mrs. Alvin Koehn, Sherman Hinsley, Mr. and Mrs. Elza Kuteh, Mr. and Mrs. Short Symons, Mr. and Mrs. O. C. Watson.

Scrap Lumber Needed For Celebration Feed

Memo to Perryton property owners: If you will haul your scrap lumber from your remodeling job or new house construction to the pile by the barbecue pit instead of to the dump ground, the Jaycees will greatly appreciate it.

Jaycees have been gathering wood for several weeks to be used for the barbecue at the Perryton Celebration.

The Santa Fe has given a good sized pile of used railroad ties, but more wood is needed. The barbecue pit is located on the county property just east of the fair grounds, and the pile of wood can be seen from the highway.

H. E. Young Buys Hotel Barber Shop

H. E. Young, proprietor of Young's Barber Shop, has announced the purchase of the Hotel Barber Shop from Press Kromer. The Hotel Barber Shop was opened a few months ago and is located just off the lobby of the Perryton Hotel.

Young stated that the personnel will be with the store, and the Western Union office will continue as formerly.

S. L. Brose, former manager of the City Drug, has not announced any plans for the future.

Band Rehearsal to Be Held Tonight At Schoolhouse

The second summer band rehearsal of the combined town band and high school band will be held tonight, Thursday, in the school band room, J. D. Davis, band director, has announced.

All former members and prospective members of these organizations are urged to be present. Davis stated that college students who are home for the summer are also cordially invited to attend.

They are lower, wider, with a design molded along functional lines, resulting in a long, low, sweeping silhouette. The grille is an air scoop design which furnishes fresh air through large intakes just behind the grille.

Both six cylinder and V-8 type motors are employed in the new Fords. The cars have a new springing system, much larger windshields and windows.

First in Eating Boy Scouts Report Big Time

The 23 Boy Scouts from Troop 55, sponsored by the American Legion, reported a big time was had by all at Camp Ki-O-Wah, official camp of the Adobe Walls Council. The Perryton troop attended the camp from Sunday, May 29, to Saturday, June 5.

They placed well in various contests held in the camp, too. The archery team of Gene Smith and Jackie Chisum won first in that event, and the team of Louis Flowers and Jim Rifenberg won first place in the canoe race.

Louis Flowers won the 50-yard free style swimming contest and the canoe rodeo was won by the team of Flowers and Rifenberg. Don Chick and Wayne Gum won fourth on the rifle range.

"Myrtle the Turtle," Perryton entry in the reptile race, came in second.

It was reported by scoutmaster

Young stated that the personnel will be with the store, and the Western Union office will continue as formerly.

S. L. Brose, former manager of the City Drug, has not announced any plans for the future.

Juniors Take First Place Cactus Trophy

The Perryton Junior Legion baseball team captured the first place trophy in the junior baseball tournament at the Cactus plant last Sunday by trouncing the Cactus junior team by a convincing 28-6 score.

Perryton had entered the finals by drawing a bye and winning the next game by default. The final game was a close one until the seventh inning. The score at that time was 7-6 with Perryton leading by that one-run margin. However, the Cactus pitcher weakened in the seventh, and the Perryton players jumped on him for six runs. They added eight in the eighth inning and seven in the ninth to compile their 28 runs.

Billy Ray Chase hit a home run, Marvin Smith and Roger Pearsall hit triples, Earl Olmstead hit three doubles, Charles Scott two doubles and Gale Clark one double to lead the hitting for the day.

The Perryton line-up was Gale Clark, p., Roger Pearsall, c., Delbert Smith, 1b., Earl Olmstead, 2b., Billy Ray Chase, ss., Marvin Smith, 3b., John King, lf., Billy Conner, cf., and Charles Scott, rf.

See No. 7, Page 8

Teen Town to be Closed Until Fall For Remodeling

Teen Town will be closed until September while the interior is being painted and renovated, it was decided by the adult council in their meeting Monday night.

The next meeting of the teenagers and the adult council has been set for July 8, when the two groups will discuss plans for activities during the winter months.

New members of the student council will be elected at this July 8 meeting and Rita Smith and Jerry Ward have been named to contact teen-agers for this meeting.

A committee composed of Mrs. Violet Igou, Mrs. Cecil Dodd, Mrs. H. P. Richardson, Joe Watson and La Faun have been named to secure estimates for renovating the building.

Pampa Man Buys Half Interest in City Drug Store

Announcement has been made of a change in ownership of the City Drug store, which became effective last Saturday.

Rex Barton, formerly of Pampa has purchased a half interest in the store and took over the active management of the firm Saturday, J. C. McWilliams of Pampa owns the other half interest.

Barton has had over 15 years experience in the drug business, and was connected with the Wilson Drug store in Pampa before coming to Perryton. His wife, who is an experienced cosmetician, will assist in the store.

The prescription department will be closed, stated Barton, and the store will concentrate on a complete line of drugs, cosmetics, sundries and fountain drinks.

The same personnel will remain with the store, and the Western Union office will continue as formerly.

S. L. Brose, former manager of the City Drug, has not announced any plans for the future.

Early Varieties Now Being Harvested; Expect to be in Full Swing in Another Week

Wheat harvest time, which signals the beginning of feverish activity for men and machines in the Perryton area, got under way this week as combines started pulling into fields in the south part of the county. Trucks, combines and men are arriving in Perryton every day and harvest is expected to be in full swing by next week.

Harvest Rates Of Pay Set By Producers

Rates of pay for harvesting, hauling and labor to apply to the 1948 harvest were set at a meeting of wheat producers held Thursday afternoon at the courthouse. The meeting was sponsored by the Farm Bureau, and was held at the request of the Texas Employment Service, which has called similar meetings in the Panhandle this year.

Rates of pay for common labor was set at \$8 per day, including room and board. Combine men and other skilled labor will receive \$10 per day.

Custom combining rates were set the same as last year. This rate is \$3 per acre up to and including 15 bushels, 10 cents per bushel over 15 bushels per acre.

Hauling rates were left up to the individual producers. While these rates are not binding on either the harvest hands or the producers, it is felt that a uniform wage scale will be of advantage to all.

The local labor clearing office which has been handled for several years by the Farm Labor Committee of the Extension Service, will be handled this year by the Texas Employment Service. Roy K. Warner of the Borger TES office was present at the meeting.

See No. 6, Page 8

Construction of County Farm Roads Due to Start June 17

Construction of the 14.2 miles of farm-to-market roads in Ochiltree county will begin on June 17, it has been announced. The construction will be finished in 100 working days, according to the terms of the contract.

The two roads include 9.1 miles of asphalt paving from Farnsworth south and another road from highway 83 at Perryton east for 5.1 miles.

The Farnsworth road has been designated Farm Highway 376 and the east road, on the old Uncle Sam highway, has been designated Farm Highway 377.

Nearly Half Inch of Moisture During Week

The Perryton area was visited by two showers of short but intense duration last week, bringing a total of .49 inches of moisture. A heavy shower which lasted about thirty minutes Sunday afternoon amounted to .30 inches. This shower was quite local, centering mainly on Perryton. A rain Wednesday night brought .19 inches of moisture for the .49 inches total.

The first load of wheat marketed in Ochiltree county was brought to the Farnsworth Equity elevator Sunday afternoon by Keith Stevenson from land located about eight miles south and east of Farnsworth. The wheat tested 62, with a low moisture content. He estimated that the wheat was yielding 12 bushels per acre.

The first wheat marketed in Perryton was brought in to the Equity by J. T. Trew at 3:30 o'clock Monday afternoon. This Trew and Boisdorf wheat tested 58, with a low moisture content. Trew estimated that this wheat, located about 14 miles south of Perryton, was making 20 bushels per acre.

This early wheat that is now being harvested is expected to make normal or above normal yields. However, the later varieties are not expected to do so well. Due to the differences in planting times last fall, there will be quite a variance of maturing times for wheat this year, and harvest will probably last longer than last year.

Elevator men and the Santa Fe railroad officials state that the freight car situation is greatly improved this year. There are about 50 per cent more cars available.

New Officers Of American Legion Named

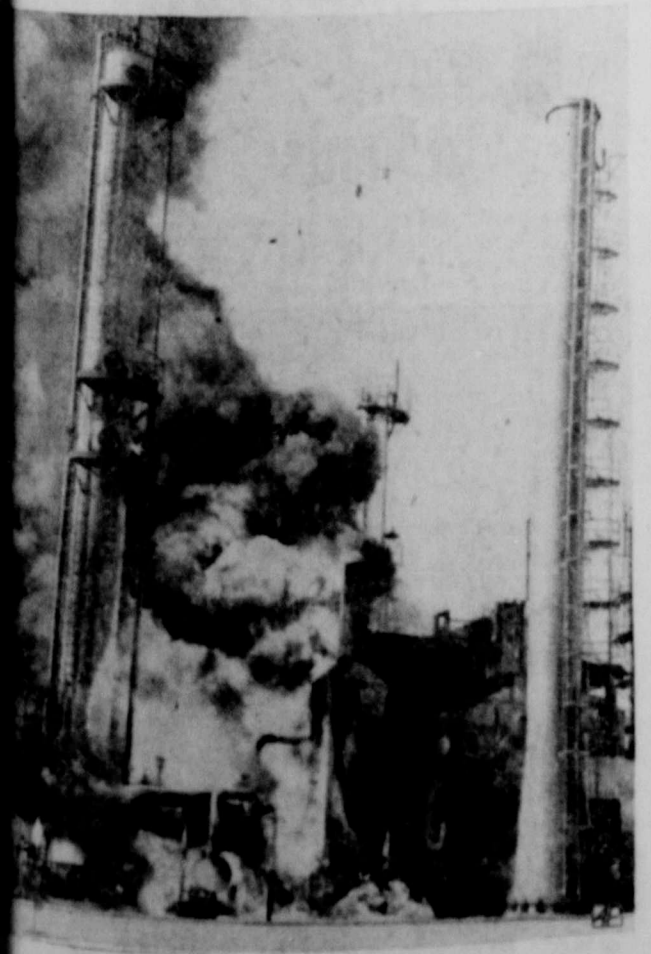

Sidney Jines was elected commander of Pierce Johnson Post, American Legion, at the annual election of officers held Monday night. A World War II veteran, Jines served as adjutant of the post in 1946.

Gilbert Mize was elected first vice president; Dr. Manse Wood, second vice president; Elliott Lee, adjutant; Arch Talley, sergeant-at-arms; Jerome Woods, finance officer; Tommy Manning, chaplain; Mrs. Elliott Lee, historian; Tom Davis, service officer; and Walter LaMaster, liaison officer.

These new officers will be installed in August.

BOOTS AND ALL — Doryce Platt who won the title of "America's Most Beautiful Cowbell" at the Stampeday celebration held in Bandera recently as "Miss Galveston" is shown with cowboy boots, hat and silver cowbell on the beach at Galveston.

REFINERY FIRE—Flames boil around one unit of the polymerization at the Continental refinery plant in Wichita Falls. Refinery attendant John A. Ramsey said the fire was caused by a rupture in a boiler. Damage was estimated at \$5,000 to \$10,000.

Locals Pound Out 7-4 Victory Over Favored Dumas Team

Perryton surprised the league-leading Dumas baseball team Sunday afternoon when they came from behind in the seventh inning to pound out a 7-4 decision.

A heavy shower at game time delayed the game for about 30 minutes, but the diamond dried out after a few innings of play.

Dumas scored two runs in the second inning, another run in the third, and scored once more in the sixth while Perryton was able to garner but one run, in the second inning.

However, in the seventh, Perryton batsmen went to work. Muir, the first man up, singled, then Deason followed with a hard grounder to the Dumas second baseman, Tom Slack, who was running for Muir, drove into the second base bag with such force that the Dumas player dropped the ball, putting men on first and second.

Dave Deal then singled and the bases were loaded. Irvin Hergert connected with a long double which scored Slack, Deason and Deal. Wilbert Hart then rapped out a single which scored Hergert, putting the local team into the lead, 5-4.

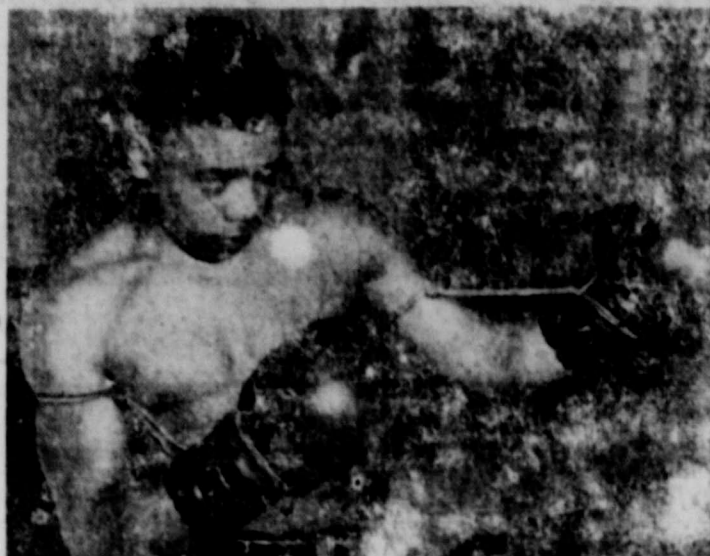

In the eighth inning, the process was nearly repeated. Muir and Deason singled, then Dudley Hargrove hit a double which scored Slack, running for Muir. Deason scored on a long fly ball to center field hit by Hergert.

Mr. and Mrs. Nathan Ferguson and children spent the weekend visiting relatives in Stinnett. On Monday they left for Albuquerque, N. Mex., to make their home.

Miss Carmen Lynn Kennedy is spending her vacation with her grandparents, Mr. and Mrs. C. C. Cofer. The Cofers drove to Henderson for her over the Memorial Day holiday.

LEARNING THE HARD WAY—Buford Ransom, young Seattle welterweight, used to be all offense and no defense in the ring. So his manager, Frisco McGale, tied a short length of clothesline rope from each of Buford's wrists to his arms, trussed him so he couldn't hit. But still had enough freedom to ward off blows. So McGale threw the best boxers of the area, and let Buford dodge 'em. Now he is one of the best defensive boxers on the coast.

BATTING AVERAGES

Although he dropped off slightly from his current average, Irvin Hergert is still leading the Perryton baseball team in hitting. The center fielder has connected 10 times in 22 times at bat for a .454 average.

Wayne Gyger, who played in the outfield and at first base last Sunday, hit 2 for 4 to pull into second place with a .421 average. Porky Holland, who went hitless Sunday, dropped from second to sixth place, but still has a .346 average.

The sharpest climb in batting was registered by catcher Glen Muir, who rose from .285 to .360 after his splendid day at the plate against Dumas, when he hit 3 for 4, getting on once on an error.

Here are the current averages:

	AB	H	Pct.
Hergert, cf	22	10	.454

One and One Are Two For "Slugger Mike"

CHICAGO (AP)—Catcher Mike Tresh of the Chicago White Sox belted a home run early this season against Detroit's Hal Newhouser. It was the second four-master Mike had hit in his major league career which dates back to 1938. Tresh's first homer was hit off Emil (Dutch) Leonard, now of the Philadelphia Phils, in 1940 when Leonard was with Washington. Both were hit in the Sox' home ball yard, Comiskey Park. Commented Tresh after his second shot cleared the wall: "Think of all the homers I've missed by not swinging for the fences." His team mates have dubbed him "Slugger Mike."

Safety Record

GALLITZIN, Pa. (AP)—Lawrence M. Yahner, of Gallitzin, recently retired coal miner, has chalked up a rare safety record. Yahner, charter member of the United Mine Workers, has worked 53 years without a single lost time accident.

Gum arabic was used in medicine at least five centuries before Christ.

STILL FIGHTING—Bob Baird, former intercollegiate boxing champion, is still fighting, but he no longer uses his fists. Baird, who won the eastern 145-pound title as a senior at Penn State in 1942, is a newly-elected councilman in Clairton, Pa. He's fighting now for free swimming and a town ball team.

RUPTURE

Rupture Appliance Specialist, HARRY G. HIGGINS of Minneapolis, Minn., will give a free demonstration of his "Guaranteed Rupture Shield" for men, women and children, in Liberal, Kans. at Hotel Warren, on Saturday, June 19.

From 9 a. m. to 3 p. m. or the evening before, after 7 p. m. I have fitted hundreds of satisfied customers in the midwest and southwest, during the past many years.

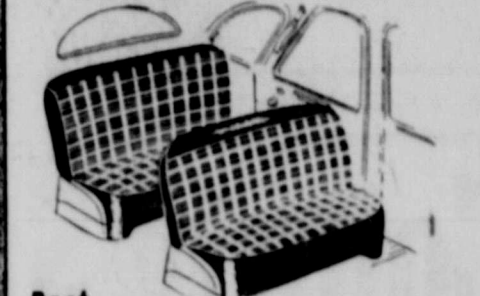

DO NOT EXPERIMENT LONGER. If neglected, rupture may cause gas pains, backache, weakness, nervousness and general "run-down" condition. Special attention is given to persons having ruptures recurring after surgical operations or injection treatments.

If you want the complete relief you can obtain, come in for free demonstration, or if you are unable to see me at this time, write to:

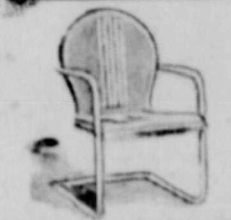

HARRY G. HIGGINS
 Rupture Appliance Specialist
 225 S. 5th St. Minneapolis 1, Minn.

Second Annual Higgins Rodeo This Week-End

HIGGINS, June 9—Higgins will be the mecca for ropers and rodeo enthusiasts Saturday and Sunday June 12 and 13 when the second annual rodeo is staged Saturday night at 8 o'clock and Sunday afternoon at 2:30 in the Higgins rodeo grounds. A galaxy of cowboys from the tri-state area will tangle with 70 head of cattle from Kerrick, Texas, vying for shares in the \$1,000 prize money.

SEEKS GOVERNOR'S POST — Roger Q. Evans (above), Denison, State Commander of the Veterans of Foreign Wars, recently announced that he would seek the post of Governor of Texas in this year's election.

The revolutionary new Ford four-door sedan for 1949 is lower, wider, roomier and provides nearly 25 per cent more visibility.

300,000 Sports Members in Moscow

MOSCOW (AP)—An official of the Moscow Soviet says more than 300,000 Muscovites belong to sports organizations.

That's Gratitude

EAST LANSING, Mich. (AP)—When Baseball Coach Art Mansfield of the University of Wisconsin, now a candidate for that post on Michigan State's baseball team, would be using it in the Michigan State-Wisconsin games.

Sam Hergert and H. E. Young were in Dalhart Thursday night to attend a meeting of North Plains Athletic Association baseball league.

Five events will be contested daily, with \$50 first prize, \$30 second prize, and \$20 third prize each day. Events are: saddle bronc riding, bull riding, bareback riding, bull dogging, and calf roping.

Higgins will be dressed up with flags and streamers across Main St. and Highway 60 to welcome visitors during the two gala days.

Ropers from three Kansas towns, 17 Oklahoma towns and 15 points in Texas will compete.

J. L. Dixon, well known rodeo authority, will be arena director. Johnny Freeman and Earl Bieleu will be judges. Bruce Graham is president of the Rodeo Club, staging the twin shows.

A parade Saturday at 2 p. m. will open festivities, with a ball game between Higgins and Fargo, Okla., at 2:30 p. m.

Higgins rodeo enthusiasts hope to make this an annual event. It

Dick Thomas, son of Mr. and Mrs. E. W. Thomas, came in Sunday from College Station. He graduated from Texas A. & M. last week.

Mrs. Clarence Lewis and children, Guyton, Okla., came in Wednesday for a short visit with her mother, Mrs. Dewey Allen, who is in the Perryton Hospital.

was staged once prior to the 1947 tornado, and the repairs to the fence, stockade and buildings have just been completed.

PROCLAIMS DAIRY MONTH—Gov. Beauford H. Jester (right) issues a proclamation designating June as Dairy month to Herman Heep, Texas Jersey Breeder and Director of Texas Jersey Cattle Club at Heep's farm near Austin. Mr. Heep accepted the proclamation as a salute to thousands of dairymen who own Jersey cows in Texas.

Babson Discusses Land Values

ROGER W. BABSON, Editor-in-Chief

RABSON PARK, Mass., June 4.—The Agriculture Department in Washington is putting out warnings as to the high prices of farm land. Their agents are advising against the purchase of more property at present prices. Readers are also disturbed by the heart which appeared on page 79 of Time Magazine for May 3

of this year. **What Are the Facts** The facts are that these big increases in land values are not the same in different sections of the country. Probably the farm values fairly near large cities are abnormally high. They are selling not on their value as producing farms, but rather on their

speculative value for sub-divisions, etc. This also applies to pasture land near small cities. There seems to be an abnormal demand for "bottom land" which in many cases is selling far above a sensible price.

The special concern of the Agriculture Department, however is in connection with land being bought on mortgage. They are very much opposed at the present time for anyone to buy land for which they cannot pay cash, believing that sooner or later a crash is coming, due to an inevitable decline in farm prices. Of course, the ultimate value of a farm is whether or not it can raise crops which will pay a fair rate of interest on the land after all expenses, and this of course depends upon the price received, as well as the wages and other expenses which must be paid.

City and Town Property The Federal Reserve Bank in Washington is especially disturbed at the continuous climb in mortgage loans on city and town property. This is probably due in part to the activity of the Federal Loan and Savings Banks in soliciting mortgages. Certainly this should be curbed at the present time. It is wrong for mortgage loans on real estate to be climbing during a period in which business loans are dropping off steadily and are being reduced.

These Federal Loan and Savings Banks must be careful not to be part of a vicious circle whereby someday the property, upon which they are now loaning and which loans are in part guaranteed by the Government, will come back into the Government's hands. If the Government then adopts a policy of selling these houses at auction, the houses for which the veteran now pays \$10,000 will be selling in the open market for \$5,000 or even less. It is entirely possible that what happened to city and small town real estate in the 30's could easily repeat in the 50's.

Reasons for Being Cautious There are four definite reasons which people should carefully consider before further bidding up prices for any kind of real estate. These reasons are as follows:

- (1) The upward trend in mortgage indebtedness, which in some localities is reaching a dangerous point.
- (2) Threats of surplus farm products and even certain manufactured goods due to the present higher level of production.
- (3) The recent downward trend in the buying power both of farmers due to lower prices of

THE AMERICAN WAY

Even the Hobo Can't Be Fooled!

June 15 is Deadline for Postponement Of Wartime Income Tax Payments

George J. Schoeneman, Commissioner of Internal Revenue, has reminded taxpayers of the termination, effective June 15, of the wartime provisions which allowed general postponement of income tax returns of persons who were out of the country.

The general postponement provisions were of particular benefit to members of the armed forces, but most of these men and women have long since returned home and have filed whatever returns were necessary. Public Law 384, enacted on August 8, 1947, accordingly terminated the wartime postponements as of December 31, 1947, but authorized the Commissioner to make other provisions to avoid hardships. Under this authority, Commis-

sioner Schoeneman set the termination date at June 15, 1948, for persons still abroad at the beginning of the year, and fixed slightly earlier dates for persons who came back earlier.

Further extensions will be allowed only when necessary to avoid hardship in individual cases. An individual needing additional time should write a letter to the office of the Collector of Internal Revenue for the district where he maintains his legal residence or where he normally files his returns.

The June 15 deadline is primarily for the filing of returns for those years from 1941 to 1947, inclusive, during which the individual's income was sufficient to require a return. In the case of the armed services, the income of officers was usually sufficient to require a return, but enlisted men's active service pay was completely exempt. A twelve-quarterly installment plan for paying the tax is available to servicemen.

Civilians who have been working abroad also are affected by the deadline. Commissioner Schoeneman also reminded families of deceased servicemen that December 31, 1948, will be the deadline for filing claims for the refund of 1941-1944 taxes paid by men who died while in active service in the armed forces between December 7, 1941, and December 31, 1947, inclusive. Claims for later years may be made within three years after the return was filed, or two years after the tax was paid, whichever is later. Claims should be filed on Form 843 with the Collectors of Internal Revenue to whom the tax was paid. The collectors' offices will be glad to help next-of-kin relatives prepare these claims.

How to Invest Use your earnings first to pay up your mortgages and other debts. Then put your buildings and machinery into good shape so you can go through the next depression without any maintenance costs. After this, give your wife a break by buying her a modern kitchen and bathroom. She was patient and thrifty for you during the hard times; she now is getting older and cannot do so much. Be liberal with your church and give your children a useful education in agriculture, mechanics or business. Above all, have a good savings bank account or a safe deposit box of U. S. Government "E" bonds. DON'T KEEP THESE IN YOUR HOUSE.

COMMUNITY PUBLIC SERVICE COMPANY

USE OUR EASY PAYMENT PLAN!

There are only 3 ways to pay Tax money due at death of an estate owner:

1. Borrow the money and repay the loan out of future sale of estate property, or from estate income.
2. Maintain liquid funds sufficient at all times to provide the necessary tax money.
3. Through Life Insurance.

How...

WILL YOU SETTLE YOUR DEATH TAXES?

Yes, just how will you settle your Death Taxes? Federal Estate and State Inheritance Taxes will have to be paid some day. And payment must be made in cash, even though your heirs have to sell some of your most valuable possessions, or liquidate the estate entirely, to meet the obligation. So, just how do you propose to settle those taxes?

If you have such a future financial problem, you can solve it today, with Southwestern Life Insurance, if you want to solve it. You can arrange now to pay your Estate Taxes out of income rather than out of your estate assets after death. You can arrange it so that cash on demand will be available to your executor, and so your estate may be left intact for your family.

The Southwestern Life plan makes it possible for you, rather than your executor, to determine how your Death Taxes will be paid. Now, while you may adopt the plan, is the time to discuss it . . . and both you and your heirs will be glad that you did. Get an analysis of your estate needs today.

Veterans NEWS

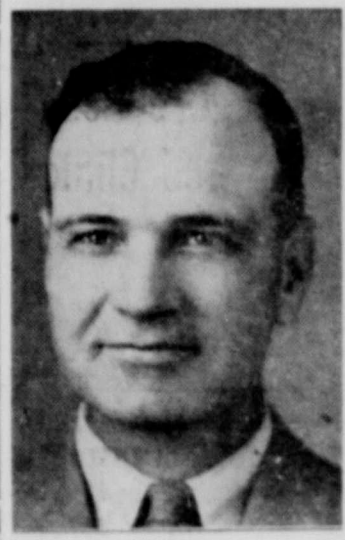

The Veterans Administration has revised its contract requirements to provide a firmer control over tuition rates charged by many private schools for training veterans under the GI Bill.

The changes, effective July 1, 1948, are being made in an attempt to correct and eliminate abuses in tuition charges that have been uncovered in recent months.

With the new contract standards, VA hopes to make certain that the federal government is not paying for more than the veteran actually receives during his training.

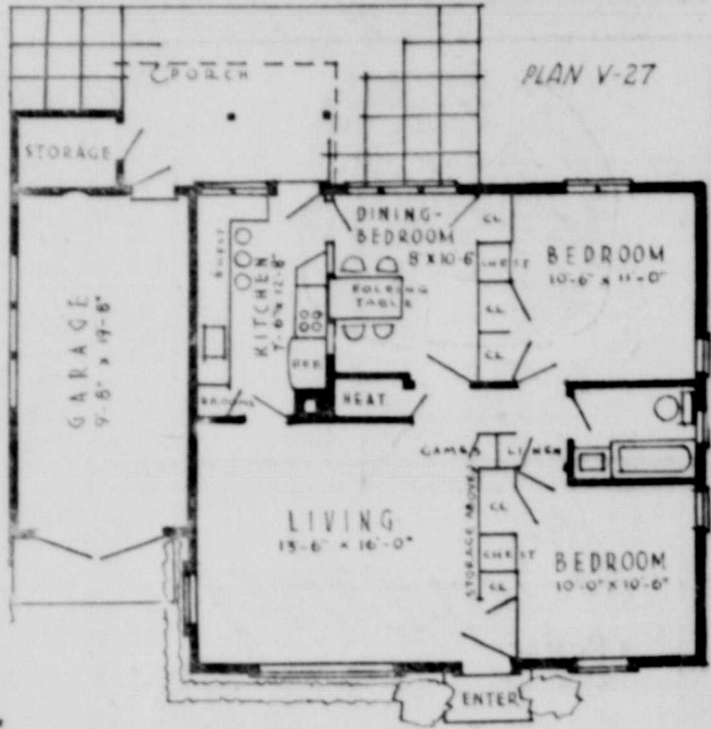

VA emphasized that the new contract requirements affect only the following institutions whose enrollments consist mostly of veterans: (1) schools established since the passage of the GI Bill, and, (2) schools whose charges increased materially since the GI Bill programs began.

No change was made in VA's policy of accepting charges made by other private profit schools not affected by the new ruling.

HOMES FOR AMERICANS

(P) Newsfeatures
A SALT BOX MODERN is the architect's name for this compact cottage of five rooms with six-room capacity. Designed by Jule Robert Von Sternberg, 144 Washington St., Hempstead, N. Y., as his Plan V-27 to solve cost problems, this house covers 811 square feet. Garage and storage shed add 235 square feet. A non-bearing storage wall of thin plywood extends across the house from floor to roof. Trussed construction gives the living room a high ceiling. Rafters can be exposed, painted, stained, or covered. Adding to spaciousness is built-in furniture, including chests of drawers and bureau tops with storage space above. A table folds into the wall of the dining room, where a davenport bed will provide an extra bedroom.

Veterans Administration has eliminated nearly two-thirds of the number of forms used to process veterans' benefits in the past 21 months.

B. L. ROGERS
as
County Judge,

with no other business or farming, could better attend to COUNTY business: honestly executing the orders, programs and decisions of the Commissioner's Court. Would not seek reelection in '52.

Since the VA forms reduction program went into effect on June 30, 1946, the number in use dropped from 19,841 to 7,603 by April 1, 1948—an average decrease of about 580 forms a month.

VA estimates that the minimum number of forms required for effective operations will be between \$3,500 and \$4,000.

In addition to forms reduction, the VA program has been designed to (1) improve administrative procedures through standardization, consolidation and revision of forms, and, (2) reduce printing and binding costs by careful layout and design specifications.

British Traders To Get Aid Plan Goods

LONDON (AP)—The British Government will put no bars in the way of private traders seeking to make a profit from Marshall Plan goods they may buy from the government. And it contemplates no special arrangements for distribution of the goods received under the American aid plan, says Glenvil Hall, Financial Secretary to the Treasury.

Hall says that supplies received under the plan will be used "in the best interests of the country, both socially and economically."

Carol Ann and Mary Beth Sturdevant, daughters of Mr. and Mrs. J. M. Sturdevant, Altus, Okla., are visiting this week in the home of their aunt, Mrs. Bill Cone and Mr. Cone.

Honey Used For Ulcers

MOSCOW (AP)—Honey is being used successfully in the USSR to treat stomach ulcers, says the newspaper "Evening Moscow." About 250 patients suffering from ulcers have been treated in the Ostoumov, Basman and Moscow garrison hospitals, the paper says.

About 250 grams of honey were given the patients for periods of 14 to 18 days. In many cases pains disappeared after the first day. About 80 per cent of those treated had their ulcers healed by the honey treatment. The article says honey was used during the war in treating wounds and that considerable research and experiment has been since conducted along these lines.

German Garden Plan

MUNICH (AP)—The military government has suggested that Americans and Germans team together to grow vegetable and fruit gardens, sharing the yield fifty-fifty. Governor Murray D. Van Wagoner said the "idea would be to utilize land now occupied by Americans. They would provide the seed and fertilizer, obtainable at the FX Germans would provide the labor."

His legal staff said there was nothing in Directives to forbid this despite the MG policy against "living off the land" of an

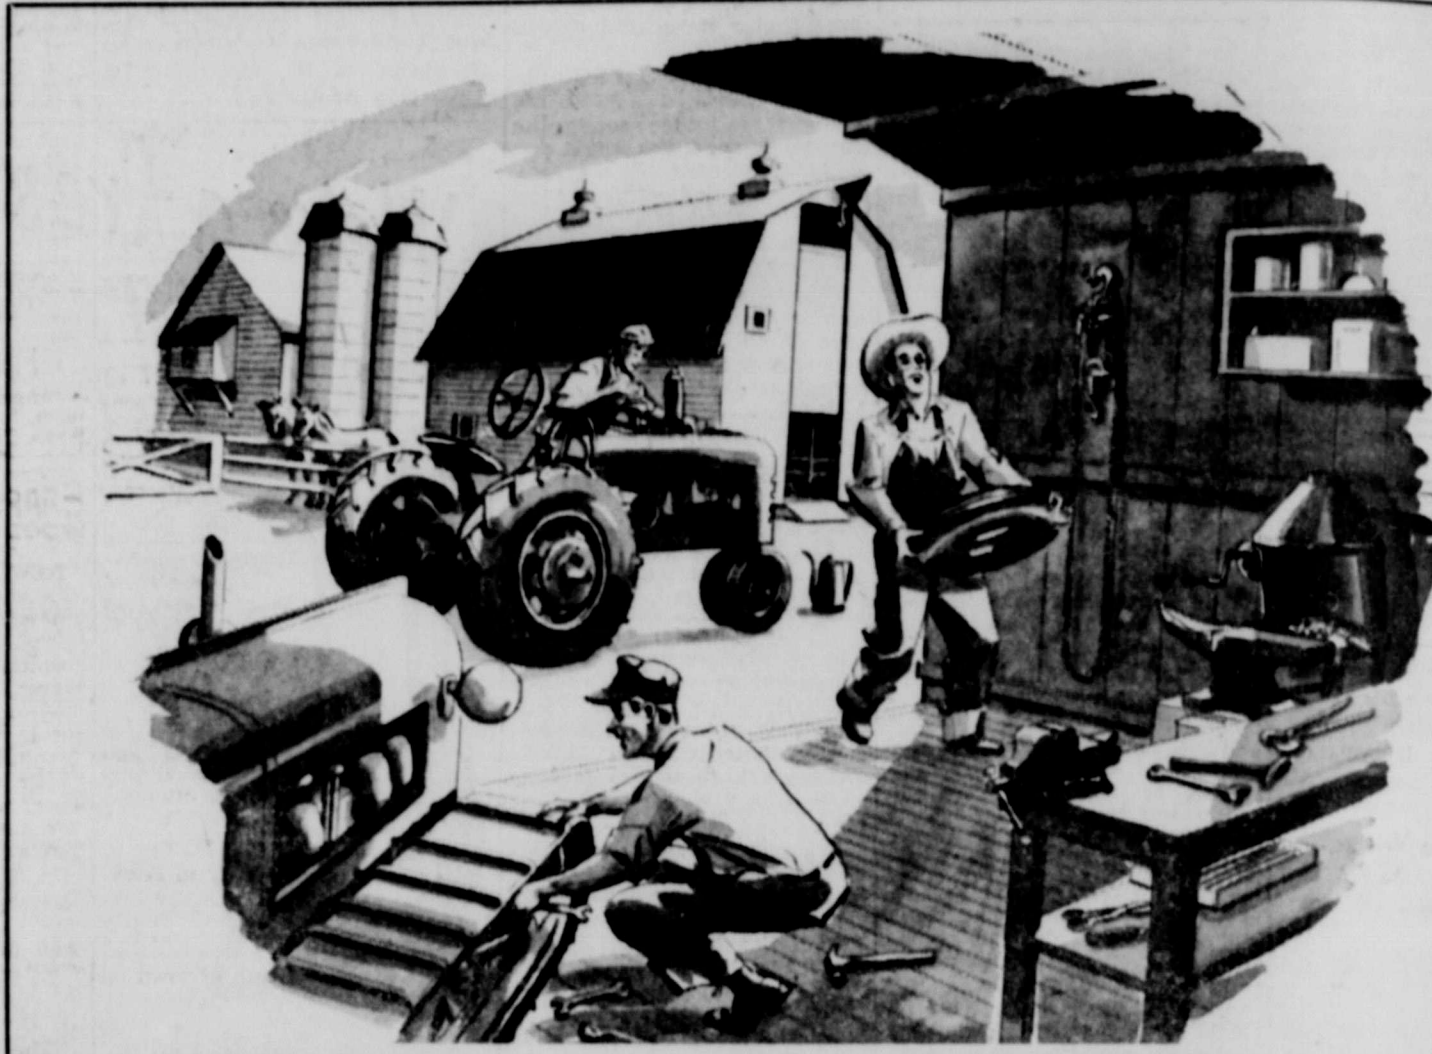

occupied country. The legal branch emphasized though that Americans are forbidden from "selling" any output of such a garden. The plan contemplates the use of requisitioned land only.

R. P. Hurn left Monday for a two week trip to Los Angeles and San Francisco, Calif., to attend ready-to-wear market there.

Cancer Treatment Goes Home

NEW YORK (AP)—Hope for the hopeless and a measure of happiness for the final months of life has been provided by a new hospital home care program for cancer patients. Success of the program, which has been tried out in New York by Montefiore Hospital for a year, is described by Dr. Martin Cherkasky, supervisor, who predicts it will provide a model for other communities all over the country.

After patients have derived all possible benefit from hospital care, says Dr. Cherkasky, it has been found that home environment often gives new hope and comfort to both patient and family. He explains:

"The service provides all the services of the hospital, in the home. This includes medical and nursing care, services of specialists, housekeeping service, medication, hospital equipment and physical therapy. Often it is more important to keep the spirit alive than it is to provide routine treatment in the hospital. Our experiment has proved the truth of the song—'Be it ever so humble, there's no place like home.'"

The longer the nation waits to do something about soil conservation, the more there will be to do, and at a much higher price. Once the top-soil of a farm gets down into the Gulf of Mexico, it won't come back.

He Learns, Foot by Foot SYCAMORE, Ill. (AP)—George White, Sycamore trucker, had a nightmare and visioned a stranger standing at the foot of his bed. White pulled his gun from under his pillow and fired. Only George's foot was there, he told attendants while in the hospital. White added it was the second time he had had such a mishap. Hospital authorities told him to keep his gun elsewhere than under his pillow.

WASHINGTON (AP)—The Interior Department announced recently that one of the tallest peaks in Texas may be named Toll Mountain.

The designation, which is expected to be approved June 10 when the department's "Board of Geographic Names" meets, would honor Roger W. Toll.

Although he was not a Texan and known to but few people in the state, Toll had a role in the establishment of Big Bend National Park. The 7,420 foot flat top peak is located in the Big Bend's Chisos mountains, in Brewster County.

For many years while in the national park service, Toll made a study of the Big Bend country and was so impressed by its potentialities that he strongly recommended the federal government actively aid and encourage Texans who were promoting the idea.

He had just completed a thorough first hand investigation of the rugged west Texas territory along the Rio Grande and was enroute by automobile to Arizona when he was killed in an accident near Deming, N. M.

Toll was born in Denver, Colo., Oct. 17, 1883, and after studying civil engineering at Denver and Columbia universities, became chief engineer for the Denver Tramway Company. Shortly after World War One he entered the National Park service, and at the time of his death was superintendent of Yellowstone National Park. Noted as a mountaineer, he had previously been in charge of Rocky Mountain and Mount Rainier national parks.

The head of the Board of Geographic Names is Dr. Meredith Burrill, who said that the National Park Service had recommended the Texas mountain be named after Toll.

All mountains and rivers of importance, said Dr. Burrill are named after deceased persons. Names usually are selected of well known figures in the locality involved or of individuals associated with the area in some manner. There are some exceptions where through common usage a mountain or river has become well known by the name of a living person.

The board is set up under and responsible only to the Secretary of the Interior. It is the body which determines what name shall be officially recognized by the government on maps and documents—numerous foreign towns and cities as well as rivers and mountains are known by two or more names. For example, the Rio Grande on most Mexican maps is called Rio Bravo.

Periodically, the board issues a list of names which it proposes to apply to various places on the globe. Then, a month or so later, final approval is given if there has been no serious protest to the idea.

VFW Sponsors Carnival at Fair Grounds

The Alamo Exposition Shows will open Monday, June 14, under the auspices of the Veterans of Foreign Wars. The Tri-County post, VFW, will receive a share of the receipts. The show will be located at the county fair grounds.

This show is reported to be the largest carnival ever to play in Perryton. It appears at the San Jacinto Fiesta at San Antonio, the Waggoner Rodeo at Vernon and many other leading fairs and celebrations in the Southwest.

The Miller Duo, formerly with leading American circuses, give a hair raising performance on the midway each night.

The Alamo shows will be in Perryton during the week of June 14-19.

available, and the crop is expected to be about a third of last year's so the wheat can be moved much easier.

In fact, if the same percentage of wheat is stored as last year, there will be enough cars to move it out as fast as it is cut, believes E. L. Smoot, local Santa Fe agent. The Santa Fe is putting on a second train today, Thursday, and will have a train a day running in and out of Perryton.

No shortage of combines, trucks or harvest labor is anticipated. Vacant lots are filling up with harvest crews, waiting for harvest to open up.

Brown, Dwayne Mounts, Billie Drake, Donald Scott, Wayne Gum, R. E. Waide, Jim Rifenberg, Don Chick, Gene Clark, Dale Smith, Dwayne Smith, Gene Smith and Larry Bell.

Mothers Club Solicits Money For C.A.R.E. Work

Persons interested in contributing to the needy in Europe through C.A.R.E. may do so by mailing their donations to Mrs. Grover Crum, who is acting secretary-treasurer for this work locally. The Perryton Mothers Club has been particularly interested in relief work through this channel, and for those who wish to contribute they have furnished the pertinent information.

Those who do not feel able to give the entire amount of \$10 which sends one box overseas

through C.A.R.E. may donate any amount desired. C.A.R.E. sends several kind of boxes overseas: baby boxes, cotton boxes, blanket boxes and food boxes. If the donor desires a particular kind of box to be purchased with his money, the donation should be designed for some particular box.

Any donation sent to Mrs. Crum will go to C.A.R.E. to purchase a box when the full purchase price has been received.

Mr. and Mrs. Arlo Williams and Arla, Colorado Springs, Colo., are in Perryton for the harvest season.

Mrs. W. H. Hamm, Mrs. C. B. Barker and Lee Hamm of Pratt, Kansas are visiting this week in the Arvie Hale home.

East of Boyd

Weather hot, and the only moisture has been a few sprinkles of rain.

Mrs. Douglas Sherrill and Mrs. Geo. Kirton are in the hospital at Liberal, Kans., recovering from injuries received Wednesday evening, June 2, when the car they were in left the highway and overturned. Mrs. Sherrill was driving the car.

Miss Rosalie Gift, Beaver, spent the past week with her great uncle and great aunt, Mr. and Mrs. John Winter.

Hugh Williams and James Rogers were among a group of boys who attended the Boy Scout Camp at Lake Marvin near Canadian, Tex., last week.

Miss Marilyn Rodgers returned

Friday from Stillwater, where she attended the III club round-up with the other girls and went with the home demonstration agent and the county agent to the home demonstration agent and the county agent recently.

Mr. and Mrs. Dewey Jester and daughters have moved from Lee Schallenbarger house to place which Mr. Williams recently purchased and remodeled recently.

Mr. and Mrs. W. H. Williams and Hugh called on Mr. and Mrs. Jack Williams and family Sunday.

Royce Rodgers spent Saturday and Sunday with Mr. and Mrs. John Winter.

Tony Martin Sings to Yvonne De Carlo, Hides in 'Casbah'

The Casbah, famous quarter of Algiers which Boyer and LaMarr made famous a few years ago, is receiving some more publicity through the release of a new "Casbah" film, this time starring Tony Martin and Yvonne De Carlo. It comes to the Ellis on Friday-Sat., June 11-12.

The film is based on the novel, "Pepe Le Moko," and is a musical this time. The picture also marks the screen debut of Marta Toren, Swedish actress recently brought to Hollywood.

"Casbah" concerns Pepe Le Moko, a jewel thief in the Casbah who turns down his girl friend for a visiting French tourist. A secret detective who is trying to lure LeMoko out of the Casbah in order to arrest him, decides to use the French girl as bait and eventually draws Pepe out of hiding and into a police net.

Morgan, Wyman Starred in Epic Of Western Days

"Bad Men of Missouri," featuring Dennis Morgan, Jane Wyman and Wayne Morris is a bandit-hero story, lusty and colorful. The show comes to the PerTex on Tues., Thurs., June 15-17.

Missouri after the Civil War is the setting for the drama, with the Younger brothers back in the saddle, and out to avenge the misdeeds of a skinflint banker, who is robbing the farmers.

The Younger boys' father has been killed by a hoodlum and a murder charge is laid against the eldest son. The boys escape and start a campaign of bank and train robbery, turning the loot back to the farmers so they can hold on to their ranches. A certain amount of love interest contrasts the action, with Miss Wyman providing the magnet. After the boys are captured by a posse, the people of Missouri work for their pardon.

Gets Mail By Underwear

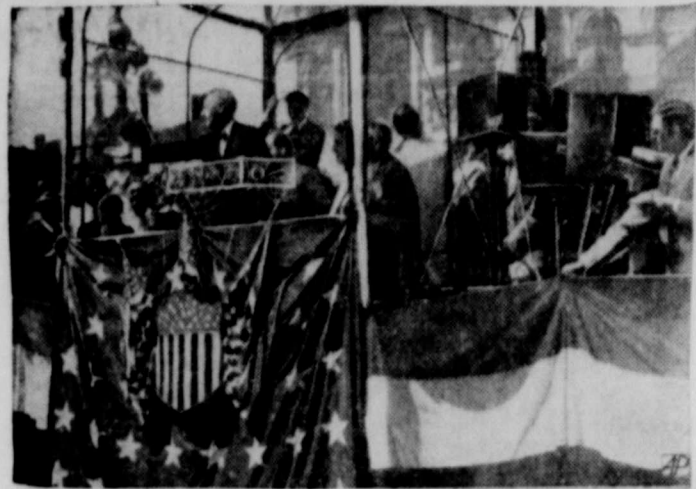

STOCKHOLM (AP)—The Royal Swedish Mail accepts men's drawers as a satisfactory document of identification. At least it did once. A young soldier went up to a Stockholm post office counter to get a registered letter, addressed to himself.

"May I see your credentials?" the clerk asked. The soldier had none.

"You must have some means of identification," the clerk insisted. The soldier's face cleared. Bashfully he loosened his belt and pulled up his drawers. On their waistband, neatly embroidered in red by a loving mother, was his name and draft number. He got his letter.

Miss Sara Alderman and Miss Glenna Williams who are faculty members at Northwestern State College, Natchitoches, La., were in Perryton this weekend to visit Miss Williams' parents, Mr. and Mrs. Alton Williams. They are returning to the college to teach during the summer term.

If we don't have it, we can get it for you. Stewart Printing Co.

TELEVISION, 20 YEARS AGO—Both national conventions will be telecast this year for the first time. The cameras covered the 1940 Philadelphia Republican convention, but subsequent rallies were out of range. However, the first political telecast was Al Smith's acceptance speech in Albany in 1928, shown above. It was relayed by WGY in Schenectady.

DeValera Waits 30 Years to Meet Captor

MELBOURNE, Australia (AP)—When Eamon De Valera, former Eire premier, visited here recently, he met the soldier who captured him 30 years ago. William Carruthers is now a Melbourne masseur, but was in the British Army when De Valera was an Irish rebel.

"You've changed, Mr. De Valera, since that far away day when I arrested you in the name of the king," Carruthers said.

"I've been waiting 30 years to hear the true story of how you found me," De Valera said. Carruthers explained that his com-

Veteran Forum

Have I any recourse to courts if I do not like VA's opinion on my claim for disability compensation?

No. The law specifically states that the decision of the Administrator of Veterans Affairs in such matters is final and conclusive.

I am an ex-GI of World War II and receive disability pension. If I take a three-day job, will my compensation be discontinued?

So long as your disability is compensable, it will be

continued. The fact that you are employed does not bar payment of compensation if you are disabled as result of a service-connected condition.

Q. I lost the use of my legs in line of duty during World War I, and would like to know if I can get a car from the Government?

A. Under existing law, the authority to furnish automobiles is limited to World War II veterans.

Q. What kind of insurance is National Service Life Insurance?

A. NSLI is mutual insurance. All premium payments go into

By LOUIE D. NEWTON, D.D.

Esther's Zeal For Her People
Lesson for June 13, 1948

GEORGE MEREDITH has a line that runs like this, "God's rarest blessing is, after all, a good woman." In this study of Esther, you may wish to think of her primarily as a courageous woman—most people do, I guess. But back of her courage was a solid goodness, else she would never have been able to say, "And if I perish, I perish."

Dr. Newton

One must read the Book of Esther, of course, to have any grasp of this great story. It requires but a few minutes, and every reader will be richly rewarded. I have a lawyer friend, a prodigious reader, who tells me that once each month, for the past 50 years, he has read the Book of Esther.

A QUEEN WHO WAS BRAVE DANIEL, we agreed, was a brave person; but not more brave than Esther. There is a verse in Hebrews 13:6 that serves admirably to interpret this first stage of Esther's manifest courage. "The Lord is my helper."

We go to the palace in Shushan, where reigned Ahasuerus. His kingdom stretched from India even unto Ethiopia. His queen, Vashti, refused to come before him when he had made a feast. As a result of this refusal, the king ordered young maidens brought before him that he might choose a new queen. There was in the court a Jew, Mordecai, who had been brought there from Jerusalem. He had in his care the daughter of his uncle, a beautiful maiden, named Esther. Mordecai saw here a great opportunity, and he brought her before the king. She was chosen. This brief sketch accounts for her position.

A QUEEN WHO HELPED HER PEOPLE

HAMAN, who was next to the king in authority, discovering that Mordecai was a Jew and was not worshipping as Haman had commanded, caused a decree to be issued which would put to death all the Jews in the kingdom. Mordecai, learning of this decree, sent word secretly to Esther, urging her to intercede on behalf of her people to the king.

Here is the heart of the story. Space does not permit a detailed retelling. It is sufficient to say that Esther, though still in her early twenties, managed this delicate situation with such skill that the gallows which Haman had built for Mordecai turned out to be the instrument of death for Haman and his sons. Instead of the Jews being slaughtered, those who had planned the death of all the Jews lay dead.

ESTHER RISKED ALL AND WON ALL

IF EVER there was a perfect illustration of staking one's all on one great moment, Esther provides such illustration. "Who knoweth whether thou art not come to the kingdom for such a time as this?" said Mordecai as he bolstered her nerve.

It is such a challenge as young people may be facing today. Obviously, the moment now confronting us calls for great faith and great sacrifice if this spirit is to be saved from utter destruction. It may be that this situation calls for hitherto unknown tactics. And let us pray God there is somewhere an Esther.

THE MESSAGE OF ESTHER

WHICH leads me on to suggest that racial hatred was never more bitter than at this moment. Unless the winds of God blow, unless some mighty manifestation of divine intervention is granted, the world will break up on the rocks of prejudice and selfishness and ambition and all the forms and fashions of sin.

"God moves in a mysterious way, his wonders to perform." Let us pray that we may early witness some mighty stroke of his mercy and deliverance, ere the night let down.

Atomic Hope

Terrifying as is the prospect of atomic energy running wild in the hands of a generation of men morally and spiritually unprepared to handle it, even more thrilling is the prospect of a Divine Will subjecting even such a diabolic thing as the atomic bomb to discipline and control.

Mr. and Mrs. Melvin Coffey, Lubbock, visited her parents, Mr. and Mrs. T. M. Osborne, and her brother, Mr. and Mrs. Jack Osborne, the past week. On Wednesday they drove to Pampa to visit another brother, Mr. and Mrs. Lowell Osborne.

Sunday Services, 11 a. m.
The public is cordially invited "God the Preserver of Man" is the subject of the Lesson-Sermon which will be read in all churches of Christ, Scientist, on Sunday, June 13.
The Golden Text is: "The Lord bless thee, and keep thee; the Lord make his face shine upon thee, and be gracious unto thee; the Lord lift up his countenance upon thee, and give thee peace" (Numbers 6:24-26).
Among the citations which comprise the Lesson-Sermon is the following from the Bible: "But seek ye first the kingdom of God, and his righteousness; and all these things shall be added unto you. (Matthew 6:33).
The Lesson-Sermon also includes the following passage from the Christian Science text-book, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "In divine Science man is sustained by God, the divine Principle of being" (page 530).

Railway Expert

Learns Hard Way
LONDON (AP)—Because every seat in the train was filled, and all available standing room was occupied, Sir Cyril Hurecomb, chairman of the British Transport Commission, had to travel in the baggage car during part of a two day tour of the British Railway's southern region. Later in the day, he traveled in a freight train, in a car loaded with a wooden seat and covered with old lake stone.

Buoyant answer to Back Road and Boulevard

REMEMBER that rough patch of road up yonder where the ruts and ridges make a washboard seem smooth? Recall the tiring tenseness brought on by the drum and hum of road noise and tremor even over smooth concrete highways? Well, clock away the miles in this stunningly styled Buick — and meet up with the sweetest answer to such matters this side of cloud cruising. "It's a ride that's soft and smooth as velvet," folks tell us. And we tell them it comes from a host of things. It comes from the ample road-weight of a two-ton car built low and wide — and so beautifully balanced it handles light as a baton. It comes from the leveling buoyancy of Buick's all-coil springing which puts a pillow of deeply coiled steel at each wheel to soak up the bumps and ripples. It comes from the softness of bigger, lower-pressure tires that cushion away road tremors and roughness — from the sure-footed, swerve-free steadiness of Buick's extra wide Safety-Ride rims, widest in the industry. And it comes in special measure from a brand-new engineering gem we call Vibra-Shielding which banishes vibration build-up. Here for the first time you're freed from the moting fatigue brought on by tiny tremors piling up into bigger ones. Here your miles are made moss-smooth and quiet — long journeys become mere jaunts. So why delay knowing the most buoyant answer to any road you ever traveled? Come visit us now. Know at first hand the distinctive styling, the flashing action, the velvety ride over highway and byway that are Buick's and Buick's alone. Then follow your heart's desire and get your order in promptly. We'll take it in proper sequence whether or not you have a car to trade.

When better automobiles are built BUICK will build them

Washington Letter.

By JANE EADS

WASHINGTON, D. C.—It's the biggest private yacht, the owner, Mrs. Joseph E. Davies, wife of the former U. S. ambassador to Soviet Russia, de- the 350-foot long, 50-foot deep "Sea Cloud" as "just ship."

Sea Cloud, which was for action with the Coast during the war, has been to the style for it was intended and after of cruising is now anchored in Annapolis, Md.

skin, white floating pal- ally is furnished like a home, vying in ele- with the fabulous Davies in Washington. It's a mast, air - conditioned ship. Its sails require miles of lines. There are 72 crew, housed in modern on both sides of immac- Diesel electric engines and three good-sized launch- is for the owners and one for the crew, another it can carry 35 tons a six-month supply for board. It can carry 586,000 of fuel—good for 20,000 has a cruising speed of 15.

There are six master and two small sitting Mrs. Davies' own room is

a French boudoir. It has delicately carved ivory-paneled walls, large mirrors, soft pink and gold-toned upholstery, crystal lamps and Dresden figurines. Mrs. Davies' bed is canopied from a golden crown in flowered French brocade. Aubusson rugs cover the floor.

Bright chintz and dainty white furniture deck the bedroom of her daughter, Mrs. Stanley M. Rumbough, Jr., of New York, who Mrs. Davies says grew up on the yacht.

The four guest rooms are decorated in Colonial and Early American style, with fine old chests and highboys, Currier and Ives prints and other rare items.

Aft, on topside, is a "shelter deck," furnished like an outdoor sitting room and completely protected from winds and weather.

There is a smoking room and bar. Floor, walls and ceiling are fashioned from teakwood. In mid-deck there is a spacious living room with a real fireplace. A handsomely paneled dining room has four large windows looking out over the water.

Mrs. Davies was responsible for most of the ship's planning and decor. It was built in 1931 in Kiel, Germany.

Chile Hunts Jobs For Refugees

SANTIAGO, Chile (AP)—Chile is setting up a central office to find jobs for 700 immigrants from Austria. The immigrants were chosen by a Chilean diplomatic agent in Austria from among displaced persons skilled in industry. The government announced plans to lodge and feed them until jobs are found where they can fit into the country's industrialization program.

Mr. and Mrs. Lynn Matkin, DeSoto, Mo., and Miss Nettie Long, Marionville, Mo., are visiting in the home of Mr. and Mrs. W. A. Long, Gray, Okla.

Jimmie Lee was in Oklahoma City this weekend to visit his daughter, Miss Kathleen Lee, who entered nurses training at St. Anthony's Hospital June 1.

CONVENTION HALL—An inside view of the Philadelphia Convention Hall, taken in 1940, when Wendell Willkie was named as G. O. P. standard-bearer. Willkie was addressing the convention as this picture was taken.

Texas Prep Sports Officials Set To End Stormy Career

By HAROLD V. RATLIFF

NEW FEATURES

AUSTIN, Texas—Roy Bedichek, driving force behind the Texas Interscholastic League—called the largest organization of its kind in the world—will retire June 30.

He has been associated with the league as athletic director and general director for more than 30 years during which the organization included 400,000 contestants.

The league has more than 800 high schools in football, more than 600 in baseball, more than 100 in basketball and some 2,000 in track and field in addition to thousands of contestants in debate, declamation, music and other contests pooled in the division called "literary events."

Bedichek is nearing 70 years of age and under the compulsory retirement rule of the University of Texas, which operates the Interscholastic League, he will go on modified service.

Bedichek, whose life-time hobby has been nature study, wrote a book on birds in 1946. He put the colorful expressions for which he is known, into this work and the book experienced a good sale. Now he's going to write another—and also write a history of the Texas Interscholastic League.

No man should know more about the league, which went through some stormy periods during his connection with it. Bedichek has been hanged in effigy, brought into court and threatened with bodily harm for some of the rulings having to do with contests sponsored by the league.

He once was a newspaperman in New Mexico but there were 16 saloons in the town and his activities in a prohibition campaign didn't endear him to the advertisers or the men who held a mortgage on the plant, he says.

Cowboy Takes to Air

CORNELL, Ill. (AP)—A round-up from the sky brought 10 errant cattle home. Fred Greenman, farmer near here, discovered the cattle missing and suspected rustlers. He searched, sent a general alarm over Cornell rural phones, and notified the sheriff at Pontiac.

Meantime, Greenman's son rented an airplane in Streator and flew over the Cornell area. He spotted the cattle about three miles from the Greenman farm.

Mr. and Mrs. Willie Jones left Saturday to spend two weeks at McAlistier, Okla., visiting relatives.

No Jobs Up North for Mexican Laborers in Spite of Promises

By TOM STONE
OP Staff

SAN ANTONIO, Tex. (AP)—Augustin Trevino stepped off an air-conditioned streamlined train into the hot Texas sun, carefully tucked his three ragged comic books under his arm and started walking to his mother's little house in the Mexican quarters here.

Bareheaded Augustin Trevino carried no luggage. He had none. He wore what clothes he had, a light double-breasted grey coat twice too big for him, a faded sports shirt open at the throat, blue overall pants frayed at the cuffs and small black shoes worn from heel to toe.

It was a day of mixed emotions for the 16-year-old black-haired muchacho. In his heart he was glad to be back home, but his pride was hurt "cause I don't bring back no money for my mother.

Augustin Trevino was one of hundreds of south Texas Latin-Americans who had crowded into the back ends of open trucks and rode standing up to the beet fields of Michigan.

But "they don't give me a job." "They don't do it 'cause I'm too skinny," he explained quickly. "They don't give nobody no job if he is by himself." He told how "field men" signed up only families " 'cause they won't run off before they get through the harvest."

He went up last year, but last year he said he was with a cousin. "I come back with \$150 for my mother. She was very proud of me. This time I don't come back with no money for my mother. She have to send me money to come home on. I don't know where she get it."

"There was 29 of us in the truck we went up on," he said. "We stand up all the way.

ATHLETES JOIN NAVAL RESERVE—Two outstanding athletes of Hardin-Simmons University, Tom Adams, State Golden Gloves light weight boxer, and Wilton (Hook) Davis, 1947 leading football ground gainer in yards gained rushing, are shown with Commander Glen D. Talbett of the United States Navy after signing into the Naval Reserve. The athletes are following in the footsteps of their coach and athletic director, Warren B. Woodson who is Lt. Commander in the Naval Reserve.

Sometimes we go all night. When we get off we hurt."

"When I don't get no work I go stay with a cousin. He used to live here, but he moved to Michigan. But I get homesick. I don't get homesick when I work; I forget everything. But I don't work, I get homesick."

He spoke faltering English. He had to use Spanish words at times to explain.

"I would not get homesick if I take my guitar with me. But my father he would not let me. 'You leave it here,' my father told me, 'if you take it you and the boys will play and sing all the night.'"

In Michigan, he said, "we work in the beet fields for a

while. We go to Illinois for the cherries. We go to Indiana for the tomatoes. We come back to Michigan for the beet harvest. We come home."

He was telling what happened last year. "They don't hire me this year," he repeated.

He came to a little frame house on Vera Cruz street. "I don't think I go next year," he said jerking his thumb over his shoulder toward where he thought Michigan was, "I think I go to school. I don't want to be a beet worker I want to be a mechanic."

"Adios," he said as he turned in at his house, pushed open a screen door and walked in.

Indian Eyes South America

MADRAS, India (AP)—Sir C. P. Ramaswami Aiyar says "there is tremendous scope for colonization of Indian nationals in South America." In most parts of South America, he says, there is hardly one house to a square mile and the climate there is more or less like India's.

Aiyar had just returned from a lecture tour of North and South America. He visited Brazil, the Argentine, Peru, Panama and Mexico. He suggested the India government take up the question of Indian colonization with South American governments.

Personally Conducted Jaywalking

JOLIET, Ill. (AP)—Two Joliet patrolmen are shaming jaywalkers into crossing streets at intersections. When Laurence Ruddy or Michael Bolos sees a pedestrian crossing in the middle of a block, he blows his whistle and asks the pedestrian to go to a corner. If the person insists on jaywalking, the patrolmen stop traffic and escort him across the street.

Sell it with a Herald Want Ad

Mr. and Mrs. Merton Smith, Mrs. Wallace Sharpless and Julie spent Sunday and Monday in Oklahoma City visiting Mr. Smith's brother-in-law, Herman Hargrove who is a surgical patient at McBride Hospital, Dudley Hargrove, who had been in Oklahoma City with his father for several days last week returned home Saturday evening.

CITATION BY PUBLICATION

THE STATE OF TEXAS TO: Thomas Davis, Defendant in the hereinafter styled and numbered cause:

You are hereby commanded to appear before the District Court of Ochiltree County, Texas, to be held at the courthouse of said county in the City of Perryton, Ochiltree County, Texas, at or before 10 o'clock a. m. of the first Monday after the expiration of 42 days from the date of issuance hereof; that is to say, at or before, 10 o'clock a. m. of Monday the 19th day of July, 1948, and answer the petition of Barbara Davis, Plaintiff, in Cause Number 1019, styled Barbara Davis vs. Thomas Davis, in which Barbara Davis is plaintiff, and Thomas Davis is defendant, which petition was filed in said Court on the 30th day of June, 1948, and the nature of which said suit is as follows: suit for divorce and custody of minor child.

If this citation is not served within 90 days after date of its issuance, it shall be returned unserved.

Witness Sue Ragan, Clerk of

the District Court of Ochiltree County, Texas. Given under my hand and the seal of said Court at office in the City of Perryton, this 3rd day of June, 1948.

Who is this Man?

Now and then, in the pages of the *Chronicle*, I run a biographical quiz, under the heading of "Who Is This Man?" For instance...

"He was one of the earliest lovers in American history..."

"And yet he was too shy to court a woman outright..."

"He came to the New World on the Mayflower..."

"A cooper to repair the beer barrels accompanying the Pilgrims..."

"Who is this man?"

I thought that everybody was

G. O. P. 'Dark Horses' Stand Good Chance

By ALEXANDER R. GEORGE
Newsfeatures Writer

WASHINGTON — The chance of a dark horse winning the Republican presidential nomination is better than usual this year.

Generally, the Republican nominee has been an outstanding pre-convention favorite. In 14 out of 23 Republican conventions the nominee was chosen on the first ballot. However, the hot contest this spring between Active Candidates Dewey, Stassen and Taft increases the nomination prospects for compromise, or dark horse, candidates.

That's because a close race between two or three leading candidates often develops into a convention deadlock, none of them being able in several ballots to muster a required majority of the delegates' votes. That's where the compromise candidate comes in.

There will be 1084 delegates at the Republican convention which opens in Philadelphia June 21. To win the presidential nomination, a candidate must receive at least 548 votes.

Along with Dewey, Stassen and Taft, four so-called "receptive" candidates have been named on most presidential prospect lists. They are Sen. Vandenberg, Gen. MacArthur, Speaker Joseph Martin and Gov. Earl Warren of California.

Supporters of Vandenberg and MacArthur contend their favorite deserve a higher rating than that of dark horse. What is a dark horse?

The traditional definition is a comparative "unknown" or long-shot possibility who is given a last-minute boom for the nomination in order to break a prolonged deadlock among major contenders. This year, however, the term dark horse has been used to describe all of the presi-

Pro Netters End 'Initial' Battle

Newsfeatures
NEW YORK—The pro tennis battle of the initials is over and the play-for-pay netters are making plans for their June 12-20 championships at the West Side Tennis Club, Forest Hills.

Jack Kramer, Bobby Riggs, Pancho Segura and Dinty Pails, members of Promoter Jack Harris' touring net circus will enter the competition along with Don Budge, runner-up the last two years, Frank Kovacs, Welby Van Horn, Wayne Sabin and other top pro players.

To enter, a player must be a member of the PLTA, the Professional Lawn Tennis Association, backed by the WSTC. In the past, Bill Tilden's PPA, Professional Player's Association, attempted to enter players in the championships, and when that group folded, the WPPA, the World Professional Player's Association, took over.

Headed by Riggs and Budge, the WPPA appointed Vinnie Richards as commissioner of pro tennis. But Riggs was lured away

by Harris' gold and when he left, the WPPA folded, leaving the field to the PLTA.

The entries from Riggs, Kramer, Segura and Pails appear to spell a victory for the West Side Club over Harris, who had intended to withhold the players from the competition. This would have destroyed its value at the gate. The players expect to cut up \$25,000 from this year's tourney. Last season the prize money totaled \$10,000.

Mrs. E. O. Bruner, Evonne and Barbara, Amarillo, spent several days this week visiting in the home of Mrs. Freeman Garrett and other relatives and friends.

Build Barcelona Sports Palace

Newsfeatures
BARCELONA, Spain—A municipal sports palace rivaling the best in Europe is scheduled for construction here soon and officials hope it will be in use by 1950.

Baron de Esponella deputy mayor of Barcelona, says the sports palace would fill a great need in this city where more than a half million fans attend sports events each Sunday.

Plans call for an indoor stadium with a capacity for 25,000 spectators. It would contain a bicycle racing track about 275 yards long; and indoor foot track a swimming pool about 100 yards long by 11 yards wide; a basketball court; a court for roller skating hockey; a boxing and wrestling ring, and an ice skating rink 65 yards long by 44

yards wide. Plans drawn by Javier Barroso a Madrid architect, have been approved by the municipality. The entire project will cost about \$1,000,000.

Only Two Ten Eycks

SYRACUSE, N. Y. — Only Ten Eycks have coached a Syracuse University crew. The present mentor, young Ned Ten Eyck is the son of Jim Ten Eyck, who began coaching the Orange blade-wielders in 1901, first year the college boasted a crew. Ned took over for his dad in 1938.

Mr. and Mrs. J. H. Stephenson and Bill were in Oklahoma City early this week where Bill underwent a post-surgical check-up.

Statisticians estimate there is one mile of railroad for every 4,508 persons in the world.

Graziano - Zale Battles Recall Days of Ketchell and Papke

By FRANK ECK

NEW YORK — Jimmy Bronson likens the Graziano-Zale battles to those waged 40 years ago by Stanley Ketchell and Billy Papke.

Those Ketchell-Papke fights were real knockdown and drag-out affairs, says Bronson, "and the two previous Graziano-Zale meetings remind me of them. You never could tell who would be on the canvas next."

Bronson, who has refereed 5,000 fights and witnessed many times that number, once was the adviser of Gene Tunney.

During World War I he was the U. S. Army's director of boxing wherever the American flag was flown. He was appointed to the post by Gen. John Pershing and hob-nobbed with kings and princes all over the world.

Just as Rocky Graziano and Tony Zale are in a middleweight title fight for the third time, Ketchell and Papke had three bouts with the 160-pound title at stake each time.

In 1908, Ketchell won a 10-round non-title decision over Papke in Milwaukee. Later that year the pair met twice for the title, first in Los Angeles and then in San Francisco. Papke knocked out Ketchell in the 12th round the first time but seven weeks later Ketchell scored an 11-round knockout over Papke.

Their last fight was at Colma, Calif., in 1909 with Ketchell retaining the crown on a 20-round decision.

The following year Ketchell was shot and killed by a ranch hand at Conway, Mo. In 1936 Papke killed himself and his wife at Newport, Calif.

Ketchell, known as the Michigan Assassin, is regarded as the all-time slugger of the middleweights. He knocked out 75 per cent of his rivals, scoring 46 kayos in 61 bouts.

Graziano, having stopped 35 of 59 per cent knockout average while Zale's is 50 per cent. The 34-year-old Gary, Ind., Pole has stopped 44 of his 88 rivals.

The meeting in Newark's Ruppert Stadium on Wednesday, June 9, is New Jersey's first championship fight in seven years. In 1941 Freddie (Red) Cochrane won a 15-round decision over Fritz Zivic for the welterweight crown.

However, New Jersey has had its share of memorable battles. There was the 1921 meeting between Jack Dempsey and Georges Carpentier at Boyle's Thirty Acres in Jersey City. The event drew 80,000 fans and \$1,626,580 without benefit of today's extra curricular moneys that come from television, radio and the movies.

Jess Willard and Luis Angel Firpo drew 70,000 fans when they met in the same Jersey City ring in 1923. In 1922, the late Benny Leonard and Lew Tendler attracted 39,000 customers.

This rubber match between Graziano, who is not recognized as champion in New York—his native state—may attract about 30,000. People from many parts of the country will converge on Newark. Gate receipts figure to reach \$500,000.

Their last meeting in Chicago Stadium last summer, in which Graziano reversed the six-round knockout of 1946, drew an all-time indoor record of \$352,421 with Zale getting \$152,986 as champion and Graziano \$76,484 as challenger.

Off their two fights, Zale has earned \$230,950 and Graziano \$154,576. No wonder the two sluggers keep talking in a "kill or get-killed" vein. Next to the heavy-weight diadem the middleweight crown is worth a pretty penny.

Battery Mates

NTW YORK UP—Bill Stewart, National League umpire, and Billy Meyer, new manager of the Pittsburgh Pirates, once were battery mates. It was in 1919 when they were members of the Louisville Colonels. Stewart was a pitcher then, and Meyer says he wasn't a bad one either.

If we don't have it, we can get it for you. Stewart Printing Co.

There's an appropriate Gibson Card for every occasion of STEWART PRINTING CO.

Avoid Closet Catastrophe

Clothes moths feed upon animal hair, fur, feathers and articles made from these materials, according to Mary Routh, extension clothing specialist of Texas A. & M. College. Woolen lint and hair, which has accumulated in floor cracks, under the quarter-round and baseboard, and other hard to reach places are often fertile breeding grounds. The batch of dog and cat hairs may yield a supply of moths.

After cleaning the clothes closets this spring, apply a DDT spray to the walls, woodwork, baseboards and shelves as a protection against clothes moths for the warm weather season, Miss Routh advises. Approximately one-half pint DDT spray is necessary for an average size closet. An oil spray is preferred because it does not leave a white deposit as a water spray does.

The best DDT spray for this purpose is a residual spray, rather than one of the "aerosol bomb" or space spray type, if it is to be effective over a period of months in killing insects which come into contact with the closet surfaces. The aerosol spray is fine for killing flying insects, or those which happen to be exposed at the time, but it does not have the lasting effect because it doesn't leave a residue.

DDT solutions may also be sprayed lightly on wool clothes without injuring the fabric. Top much of the solution, however, may show up in whitish traces on dark clothes, but these can be removed by brushing or dry cleaning.

DDT spraying is useful for protecting clothes hanging in closets, while the more familiar moth flakes or crystals are advised for clothes stored in tight bags.

MATERIEL INSPECTION

Official Navy Photographs: Once Over, Heavily, for Old Cannon—American sailors on liberty in Malta from the super-aircraft carrier USS Franklin D. Roosevelt seem impressed by the ancient firing piece on Kingsway, Valetta, Malta, despite their familiarity with the mighty 16-inch rifles on their Navy's battleships.

trunks or other containers where a fumigating effect is desired. Added protection may be given stored clothes by spraying them and their container with DDT.

All woolen clothing, of course, should be treated before storing in either treated chests or tight containers, says Miss Routh.

Soaking clothes saves hot water, work, time and wear on garments. Fifteen to twenty minutes soaking in lukewarm water is all that is necessary. Soaping collars, neckbands and extra soiled spots before soaking is a still further saving.

London Times Publisher Will Speak at TPA

SAN ANTONIO, TEXAS (AP)—Gavin Astor, assistant to the publisher of The London Times, has accepted an invitation to address Texas newspaper publishers at their 69th Annual Convention in San Antonio, June 18 and 19. Paul M. Fulks, publisher of the Wolfe City Sun and president of the Texas Press Association made the announcement. Astor is the son of Colonel John Jacob Astor, chairman of the Times Publishing Company.

Two New Orleans men are also scheduled to address the convention. They are Ralph Nicholson, publisher of the New Orleans Item, and Walker Saussey, head of one of the South's largest advertising agencies.

Kenneth Olson, Dean of the Medill School of Journalism, Evanston, Ill., will attend the meeting to discuss readership studies.

Bert A. Stufflebene, member of the Texas Prison Board and president of the First National Bank of Grand Prairie, will tell the convention about conditions in Texas' prison system.

Lynn Landrum, author of the Dallas News column, "Thinking Out Loud," will do some thinking out loud in person, in a talk titled, "Newspapers as Public Servants."

There will be roundtable discussions for daily and weekly newspapers.

Friday evening the San Antonio Express and News will be hosts at a dinner and program.

Texhoma Man is Elected President Tri-State C. of C.

Leon Fields of Texhoma was elected president of the Tri-State Chamber of Commerce at a meeting of that organization held in Goodwell last week. Marvin McKee of Goodwell was elected secretary and W. H. Lance of Perryton was elected one of the two Texas directors.

The organization takes in the area between the South Canadian river on the south, the Cimarron river on the north, and between the 100th meridian on the east and the 103rd meridian on the west.

Polish Groups Plan Unity

WARSAW (AP)—All of Poland's youth organizations are planning to merge into a single unit. The move is led by the Communist Fighting Youth Association and the leftwing Socialists. It will also include peasant and so-called "Intelligentsia" youth groups. A national congress has been scheduled to complete the unification.

The impending consolidation of the Communist Workers and Socialist political parties into a single workers party is expected by early fall. The leftist Peasant Party and the Polish Peasants formerly headed by self-exiled opposition leader Stanislaw Mikojajczyk also plan unification.

No Rationing Of Gasoline This Summer

It now appears certain that there will be no government rationing of gasoline this summer.

Secretary of Interior Krug is reported to have made recommendations to the White House to the effect that while there may be "spot" shortages of gasoline and heating oil in the coming twelve months, they will not be serious enough to warrant the imposition of government controls.

The report contains oil supply—demand estimates including imports and exports for the fiscal year beginning with July 1, 1948, as follows: SUPPLY, 6,523,000 barrels daily including domestic production of 5,589,000 barrels daily and natural gas liquids, 439,000 barrels daily; DEMAND, total, 6,453,000 barrels daily including domestic, 6,065,000 barrels daily, and exports, 388,000 barrels daily.

The report further states, "It is not anticipated, however, that these local difficulties will be of sufficient magnitude to warrant the imposition of government controls over the supply and distribution of petroleum. In fact with supply and demand in such close balance, and with the industry already engaged in extraordinary efforts to supply the small increment necessary to prevent local shortages, the imposition of government controls might have a disruptive effect that would make matters worse instead of better."

This is a most gratifying statement, and I know everyone will be happy to know that we are not going to have gasoline rationing.

PRESIDENT—Senator Alben Barkley (D., Ky.), left, and Representative Sam Rayburn (D., Tex.), commended as permanent chairman of Democratic National Convention July 12.

Executive Body Meets Chairman Convention

Rayburn Named Keynote, Commended

In recognition of their long and distinguished service to the Democratic Party and to the nation as a whole, Senator Alben W. Barkley of Kentucky, and Representative Sam Rayburn, of Texas, leading members of the Senate and House respectively, have been unanimously elected to fill the posts of permanent chairman and keynoter of the Democratic National Convention, convening in Philadelphia at 8 P.M. Monday, July 12.

The party executive committee, meeting in Philadelphia recently, elected Senator Barkley as temporary chairman and keynoter and Representative Rayburn as permanent chairman.

Representative Mary Norton, of New Jersey, was commended to the convention as chairman of the platform committee, a more im-

HONORED — Representative Mary Norton (D., N.J.), commended as chairman of credentials committee for convention.

portant post than ever before held by a woman. Commendation by the executive committee is usually tantamount to election by the convention.

The executive committee authorized Senator J. Howard McGrath, of Rhode Island, chairman of the Democratic National Committee, to select a temporary committee to begin the preparation of a platform draft. It also authorized Senator McGrath to make other necessary convention arrangements.

Russell Awarded Building Contract At Booker School

C. D. Russell, Perryton contractor, has been awarded the contract for construction of the new Booker school building. The contract price is \$96,765.00. Construction is expected to begin in about two weeks, stated Russell. The Booker school plant will include classrooms and a new gymnasium.

Architects for the job are J. C. Berry and Kerr and Kerr of Amarillo.

Turn Husband Out to Grass?

STOCKHOLM (AP)—Because her husband is a vegetarian, a woman in Stockholm filed suit for divorce. The woman testified that her husband forbade her to smoke and forced her and the children to eat only his kind of food. "I'm all fed up with grass," she explained, asking for a decree. The judge was sympathetic but decided to think it over.

Inflation in Shoes

BALTIMORE (AP)—Mrs. Delma Darburton acquired, involuntarily, what is probably the most expensive pair of old shoes in Baltimore. They cost her \$200. The Baltimore housewife reported to police that she surprised a burglar in her kitchen. He fled in such haste that he left his shoes behind. He didn't forget the \$200 he had taken from Mrs. Darburton's purse, though.

Mr. and Mrs. John Clifford Daniel have returned home from Albuquerque, N. Mex., where they attended the University last term, and have moved into the Archer Apartments for the summer months.

Soviet Distance Runner Aims for Records

MOSCOW (AP)—Feodosi Vanin, one of the Soviet Union's best distance runners, is going to try this summer to beat two world records—Nurmi's performance for the one-hour race, and the 20 kilometer event.

The difference between Vanin's all-Union performance in the 20 kilometer race and the world record is but 50 seconds.

"Vanin," thinks a Russian sports commentator, "should be able to send that mark by the boards."

Vanin, a plasterer by trade, and a senior lieutenant in the Soviet Army, is no orthodox runner. Noticing his obvious talents when he first appeared in Moscow sporting events, local trainers tried to improve and change his style. When they discovered they

efforts only slowed him down they let him go his way. He's been doing it successfully ever since.

He is one of the bright hopes of the Soviets in distance running.

Linon Handkerchiefs

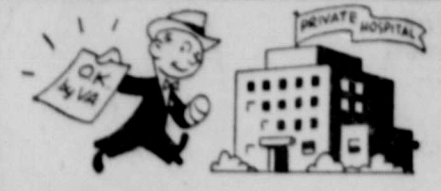

When buying linon handkerchiefs, make sure the weave and weight are compact and even. Embroidered initials and open work, while very pretty, make the handkerchief more fragile.

To score 300, a bowler rolls only 12 balls.

As a colony, Virginia was of ten called The Old Dominion.

Best exercise, not too much and not too little, can prevent or delay the progression of some incurable heart diseases.

VETERAN'S QUIZ ON HOSPITALIZATION

Q. Which veterans are entitled to hospitalization in a VA hospital?
A. Those with service-connected disabilities have top priority. Treatment may be given to non-service cases if the veteran cannot afford treatment elsewhere and a bed is available.

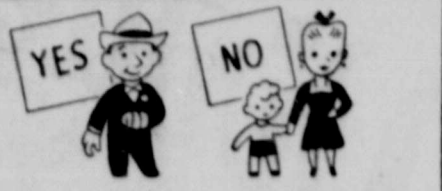

Q. How does a veteran apply for treatment in a VA hospital?
A. Application should be made, either in person or by letter, to the nearest VA office. In an emergency, a relative or friend may telephone a VA hospital or office and reverse the charges.

Q. Does the veteran have a choice of hospitals once treatment is approved?
A. Usually the patient is assigned to the VA hospital nearest his home. But he may be moved to a special center in another section of the country if his disability warrants.

Q. Will VA pay for hospitalization in a private hospital?
A. It will if the request has pre-approval approval of VA and the treatment is for a service-connected disability.

Q. Are dependents of veterans disabled in service entitled to free hospital treatment?
A. No. Under existing laws, only veterans are eligible for VA hospital care.

Q. Does the veteran have a choice of hospitals once treatment is approved?
A. Usually the patient is assigned to the VA hospital nearest his home. But he may be moved to a special center in another section of the country if his disability warrants.

For complete information contact your nearest Veterans Administration office.

WHAT IT MEANS:

Moscow Razzle-Dazzle In Foreign Affairs

By ROBERT E. GEIGER

WASHINGTON — Is the new Russian "peace offensive" sincere? Many Americans are puzzled and confused by this question and the cool reception Stalin's proposals have received here. Why didn't American officials jump at this opportunity to talk things over?

A House Foreign Affairs subcommittee which analyzed Russian tactics predicted weeks ago there would be frequent shifts in Russian policy. Reports like this one, and other knowledge of Russian tactics, help explain the American attitude. The committee decided that "razzle-dazzle" is an important feature of Com-

munist policy and thumbed thru 100 years of Communist history to support this decision.

On the football field razzle-dazzle is the quick and hidden shifting of the ball from player to player amid so much confusion that the opposing team is dazzled. The committee said the Russians attempt to do the same thing in international affairs. Its report said if Communist policy seems headed toward cooperativeness at one moment, toward uncooperativeness at another and nowhere in particular at a third it's only to hide one truth: "Economic and political policy and action, collaboration on the surface and subversion underneath, a swing to the right in one period and a swing to the left in another, are meant to serve a single end, the world revolution."

The State Department's attitude toward Stalin's statement that U. S. Russian differences could be settled along lines suggested by Henry Wallace is this, in brief:

These points of difference that Stalin mentioned are old ones. There has been plenty of opportunity to settle some of them in the United Nations. Russia knows this. If she really wants to settle them the way is always open. The subcommittee's analysis of Russian policy is more blunt and explains why many government-officials look with skepticism on Stalin's proposal. It says:

A zig-zag line of advance and retreat, called the "Leninist line" has been a basic policy explaining Communist strategy for the past 30 years, since the Russian Revolution. This zig-zag line is the cause of most of the confusion as to just what the Communist policy is. The subcommittee traces the zigs and zags this way:

1. After the revolution came three years of war Communism, when the party in Russia drove to the left, nationalizing industries, requisitioning goods and drafting manpower.
2. Then came six years when free enterprise was encouraged, to revive production.
3. Next came the Five Year Plan. The drive to the left brought socialization of agriculture, famine in the Ukraine and the slaughter of so many cattle that livestock never have come back to their former numbers.
4. Hitler's rise to power in 1933 brought a shift to the right in foreign relations. There was an alliance of communism with Socialism in France and other countries. Purges of 1937 and 1938 showed how Russia could

intensify leftism at home and at the same time cooperate with capitalism abroad.

5. Then came the war. The Russians took what they could on their own. They discussed world revolution with the Germans but set their price too high for the Nazis. The failure to make a deal with Hitler brought the German attack on Russia in 1941. The United Kingdom accepted Russia as an ally. The United States moved swiftly to include Russia under lend-lease. Thus began a new "right" period of cooperating with democratic forces.
6. Until repudiation of the Marshall plan in June, 1947, there was cooperation with the democracies. Then Russia began her period of expansion and of "radical leftism."
7. Now there is evidence Russia may be setting on a new "zig" or "zag," possibly touched off by the defeat of Communism

in Italy. Is she sincere in wanting world peace?

Committee members say they see no reason for altering a conclusion they reached before the present Soviet peace drive. They concluded:

"They (Communists) know when and how to emphasize the line of sweet reasonableness, resorting to appeasement tactics, strictly on the psychological level where it costs least."

World Champion Leads Olympic Rifle Team

BERN, Switzerland (AP)—Robert Buerchler of Zurich, world champion rifle marksman from the prone position, will lead Switzerland's sharpshooting team at the London Olympics this summer.

Although final selections have not been made, the team also is expected to include Otto Horber of Zurich, and Emil Gruenig of Kriens, both of whom have placed high in international competition.

Buerchler last August in Stockholm, at the world competi-

Bring Us Your SCRAP IRON

There's Money in Your Old Junk

Russell Wrecking Co.
24 N. Main Phone 71J

tion, placed second to the Finn Janhonen in individual performance, and ranked first in shooting from the prone position, third in shooting from the standing position. In the individual classification, Herber ranked third and Gruenig ranked ninth.

The Swiss in recent competitions have shown a greater aptitude for marksmanship in firing from the prone position. At the Stockholm meet it was at the prone position where the Swiss accumulated enough points to overcome Finnish and Swedish leads in kneeling and standing positions.

When Switzerland's half million riflemen were advised to compete for the Olympic team was open, scores of dates reported.

Careless handling of stock on the farm, on the way to market and at the markets cost American farmers and ranchers around \$14 million annually.

Business at High Level at Mid-Year 1948

ROBERT W. FRENCH for the Associated Press

Business in Texas undoubtedly is at a high level, but it is not certain. The momentum of business in the closing months of 1947 carried through the first months of 1948 without a lull. The State index of business in Texas hit a peak in February 114% above the 1935-39 average. From October 1945, the Texas business was steady, with sharp breaks being reversed in the upward trend of the index. By February 1948 activity was at a level 10.2% below the war-

time peak and within a fraction of the level of July 1945, the last full month of hostilities. Texas business in March appeared to be in a state of uncertain balance. The statewide index of activity fell 1% in that month as the result of declines in payrolls, electric power consumption, and crude runs to stills after adjustment for seasonal factors. On the other hand, the indexes of miscellaneous freight loadings in the Southwest and department and apparel store sales rose between February and March, with employment holding steady. The composite state index and all of its components were substantially higher at the end of the first quarter this year than they were 12 months earlier. Probably the strongest phase of the Texas business situation during the first three months of 1948 was the construction indus-

NORTON SIGNS CONTRACT—Homer Norton (seated left), former head football coach at Texas A & M college, is shown signing a contract to take over the duties of head coach of Kirwin high school in Galveston, a parochial school, Norton, who plans to operate a beachfront hotel in Galveston, said he declined several college offers. Others in photo include: Most Rev. C. E. Byrne, bishop of the Galveston Diocese (center); Rev. J. J. Ruddy, president of Kirwin high school (right); Standing (left to right) are: Brother Gabriel, principal of Kirwin high school and Al Lopez, president of the Kirwin Athletic Association.

Things Are Grimm For Cubs' Charley

NEW YORK (AP)—Bill Bendix, playing Babe Ruth in a movie, tells this story:

A friend of Charley Grimm called the Cub manager recently and excitedly explained that he had just seen a great pitching prospect.

"This kid pitched a no-hitter. He struck out all the batters in the game. Why, only one foul ball was hit off him," reported the friend.

"Listen, what we need are hitters," replied Grimm. "Send me the name of the kid who hit that foul."

Breaks 100 on Links

BELFAST, Northern Ireland (AP)—At the age of 96, Alexander McCann has been elected president of his local golf club. He still plays twice a week.

Backstop With Toe

VILLANOVA, Pa. (AP)—John Siano, catcher on the Villanova baseball squad, was a tackle on last year's football eleven. His extra point kicking won three games for the Wildcats.

Student Versus Coach

SYRACUSE, N. Y. (AP)—It was student vs. coach when the Syracuse and Penn State lacrosse teams squared off recently. Coach Nick Thiel, mentor at Penn State, was a former star for Coach Roy Simmons, veteran Syracuse pilot.

QUITE A PITCHER—Pistol Pete Pate's pitching record makes him an outstanding professional baseball prospect. Pate, who hails from St. George, S. C., is only 18, but has a world of speed and control. He has 184 strikeouts in 81 innings this season. His best strikeout record is 25 batters in a nine-inning game, his lowest is 13 batters struck out in a five-inning game.

Arizona has within its boundaries more national monuments than any other U. S. state. They are: Pipe Springs, Navajo Grand Canyon, Canyon de Chelly, Wupatki, Sunset Crater, Tuzigoot Ruins, Walnut Canyon, Petrified Forest, Montezuma Castle, Tonto Cliff Dwellings, Casa Grande Ruins, Organ Pipe Cactus, Tumacacori Mission, Saguaro Cactus and Chiricahau, the Wonderland of Rocks.

For thrifty use of food, eat heartily in the day. A good breakfast is important for health and morale, and means more efficient use of food.

Reciprocal Trade Program

By ROBERT E. GEIGER

Throughout the last seven months of 1947 building permits were more than four times the 1935-39 level, and for the first three months of 1948 the index of building permits compiled by the Bureau of Business Research averaged 563% above the prewar (1935-39) base period. Permits issued in Texas cities during the first quarter were 88% above the corresponding quarter of 1947. Total contracts awarded in the first three months this year exceeded the total of the first three months last year by 64%, while residential contracts awarded were 12% above the same period of 1947. The volume of retail trade also made a strong recovery in March, after having declined for two consecutive months. The condition of retail trade now appears to be one of the strongest elements in the current business situation.

Perhaps the weakest part of the business picture in Texas at the end of the third quarter was industrial activity. Industrial electric power consumption dropped 4% even after allowance for seasonal factors. Crude oil runs to stills and crude petroleum production also decreased. Manhours worked in Texas manufacturing establishments declined 2% in March, and stood only 1% higher than in March 1947. The number of employees working in manufacturing industries decreased 1% from February, but was 4% above March of last year.

Second quarter reports indicate continued uncertainty in the Texas business picture. In April retail sales and postal receipts slipped 2%, building contracts awarded dropped 24%, and fruit and vegetable shipments evened off from the previous month. On the supply side the agricultural

sell but wanted higher prices than foreigners asked in this country. After we did this other nations set high tariffs on the goods we wanted to sell them. This increased the prices the public in foreign countries had to pay for American goods. Thus, fewer American goods were exported. The 1934 Democratic Congress changed our system. This was during the depression when this government wanted to start world trade going again. The Democrats set up reciprocal trade agreements. Under this plan, since 1934, we have lowered tariffs by as much as 75 percent on some goods. Other nations lowered some of their tariffs in return.

Thus we can sell our goods at cheaper prices abroad. Some other nations can sell their goods cheaper in this country. The theory is that this stimulates trade and prosperity. Such trade agreements now can be approved by the President without consulting Congress.

One argument against the act has been this: Some business has been damaged by competition let in under the law. One of the act's chief opponents, Rep. Gearhart (R-Calif.) chairman of a House Ways and Means subcommittee, has been holding closed hearings on extending the act. One proposal is that Congress be given authority to review foreign trade agreements, instead of only the President.

Here's the background: In 1930 a Republican Congress passed the Smoot-Hawley law. It set up some of the highest tariffs in U. S. history. This law said to foreign nations: You will have to pay this government a certain price to bring certain products into the U. S. for sale. The effect of this was to increase the price the U. S. public paid for some imported goods. This protected United States citizens who had the same kind of goods to

outlook was dim. Business failures, the value of building permits, pay rolls, and air express shipments held steady at March levels. Employment in Texas was up 1% in April with a fair prospect for continued high employment through the summer. Nevertheless, most of the gain in nonagricultural employment is taking place outside manufacturing industries. The 3% jump in revenue freight loaded in the Southwestern District during April as compared with March is probably the brightest factor in the State's business situation.

Third-quarter business in Texas should bring a resolution of some of the varieties in the present situation. It is impossible at the moment to weigh the effects of a third round of wage increases, the cut in income taxes, the rearmament program, the European Recovery Plan, and the probably return of deficit spending. Until some of these factors are resolved Texas business will remain in its present state of uncertain balance.

Central Figures in TCU's 75th Anniversary Commencement

THE DIAMOND ANNIVERSARY of the founding of T. C. U. in 1873 at Thorp Spring (then Add-Ran College) will be observed at the Fort Worth university's 1948 commencement exercises Sunday, June 6. The largest group of graduates in the history of T. C. U.—345—will receive degrees, seven of them honoraries. From left to right on the top row, the honorary degree recipients include: Don Gillis, director of serious music for the National Broadcasting Company, New York City; Doctor of Music; Joe P. Moore, superintendent of Fort Worth Public Schools, Doctor of Laws; Mrs. L. C. Britte, Marfa rancher and philanthropist, Doctor of Laws; Dr. Ernest Mayfield Ligon, professor of psychology at Union College, Schenectady, N. Y., Doctor of Laws; and the Rev. W. Oliver Harrison, minister of the First Christian Church, Corpus Christi, Doctor of Divinity. Also receiving honorary Doctor of Divinity degrees will be the Rev. Robert Clyde Yarbrough, lower left, minister of the Second Church, Newton, Mass., and the Rev. Thompson Shannon, lower right, minister of the East Dallas Christian Church. Dr. Yarbrough will deliver the baccalaureate sermon Sunday morning, while Dr. Shannon will be the commencement speaker Sunday night. All six of the men receiving honorary doctorates are graduates of T. C. U., while Mrs. Britte is a trustee of both T. C. U. and its Brite College of the Bible, which is named for her late husband. Lower center picture is Dr. M. E. Sadler, president of T. C. U., who will preside at all commencement activities, while the background shows an outline of T. C. U.'s "Campus of Tomorrow."

Aliens by the Thousands are Entering This Country Illegally by Land, Sea, Air Routes

By ROWLAND EVANS, Jr.
WASHINGTON (AP)—By land, sea and air thousands of aliens are trying to get into this country illegally. Some make it. Most do not. The swarm of foreigners streaming to and across our borders has reached an "unprecedented volume," according to the immigration and naturalization service. In 1944 more than 33,500 were caught by our border patrols and sent back. In 1946 the number was 100,785. If the current rate of apprehensions is maintained for the rest of this year the number will

"Doc sure has something there!"

It's no trick at all, Doc tells me, to take out an appendix. The tough job, he says, and the important one is knowing whether it is the appendix that's causing the trouble. Same way with cars. Anybody who calls himself a mechanic can fix cars when somebody tells him and shows him exactly what's causing poor performance. But the fellow who can spot the complaint right off—without costly, time-wasting guesswork and experimenting—there's a real serviceman. And that's the only kind we have at our Chrysler and Plymouth headquarters here. Fact is, our boys are so skilled that they don't even think they know it all. Right now every last one of them is enrolled in the Master Technicians Service Conference. This is post-graduate education in engineering principles... in the fastest, surest ways of finding mechanical difficulties... in all the newest and best service techniques. Doc, himself, says these mechanics are tops when it comes to check-ups and diagnosis. But don't take his word for it—bring in your car and see for yourself. You'll say you never saw such thorough service.

exceed 200,000, a 100 per cent increase in two years. Mexicans are the greatest offenders against our immigration laws. What are those laws? Briefly, no alien may come here who is an illiterate, an alcoholic or a contract laborer, or if he believes in polygamy, has traces of insanity or various contagious diseases, has a criminal record, has been deported before or is a vagrant. There are a few other reasons he may be barred. Perhaps the best known is membership in any organization advocating violent overthrow of the government. Any citizen of a country (not a colony) in the Western Hemisphere can legally enter this country by meeting the conditions and paying a small fee. There is no waiting list, no immigration quota. But in other countries all over the world whose citizens are eligible for naturalization we have set up immigration quotas. These drastically restrict immigration. Citizens of Greece, Turkey, Iran, and many other countries must wait an indefinite period before their turn will come on the quota list. In some cases the "indefinite period" will run for more than 50 years. About 25 other countries (England, Switzerland, Norway, Holland and etc.) have not exhausted their quotas. Their citizens could come here tomorrow. By far the greatest illegal entry activity is along our 2,000-mile Mexican border. Why Chinese and Spaniards, as well as Mexicans and other aliens, use every trick in the book to dodge our armed patrols and get safely across. Murder and sudden death consistently strike down our 650 frontier watchdogs. Since 1924 when the patrol was first authorized, 24 patrolmen have been killed by law-violators along the southern border. Five inspectors were slain before the patrol was authorized. Only 11 have met death on the Canadian border, where illegal immigration is negligible. Aliens travelling by land use two methods of avoiding patrols. 1. They hire transportation to smuggle them through regular "Ports of Entry" on highways and bridges concealed in secret compartments of trucks and au-

tomobiles. 2. They hire native guides and cross at isolated points far away from regular entry ports. The strategy of the patrol is to lie in wait north of the border at intersections of highways and highways where they know illegal entrants are likely to pass. Patrolmen are skilled in the art of tracking, can often tell to the hour when a track was made and the speed of the traveler. Two-way radios, routine equipment for the border patrol, allow information to be relayed ahead. Two-man pincer movements are often used to trap parties of immigrants known to be coming. Other aliens come illegally to this country by sea. Three methods are used. 1. Smuggling on a ocean liner or freighter. 2. Signing on as crew and jumping ship permanently. A Greek ship arrived in New York early last year with a crew of 342, left with one of 80. 3. Hiring a small boat and getting dropped off at an isolated place along the coast. Cuba is the starting point for many of these smuggling expeditions. Officials say that as soon as shipping accommodations between here and Europe become more available there will be a big step-up in illegal immigration. They expect, too, a big increase in the number of aliens

Summertime is Danger Season for Stomach Troubles

AUSTIN, Texas, June 7—Dr. George W. Cox, State Health Officer, has issued a warning to parents that this is the season for an increase in dysentery, diarrhea and "summer complaint." "The chief cause of these intestinal diseases are contaminated milk; water or food; allowing the child to get overheated or exhausted; excessive sugar in the babies formula; and improper amount of food," Dr. Cox said. "All foods should be fresh and clean, and left-overs should be properly refrigerated to prevent spoilage."

Dr. Cox urged extreme care in the preparation of a feeding formula for infants. He said it should be prescribed by a physician, and that cleanliness and refrigeration were absolute essentials. Babies should be fed at regular intervals and on a definite schedule, since their stomach and bowels can be easily upset if fed irregularly or whenever they are fretful or restless.

The State Health Officer declared that dysentery is transmitted by flies and said every home should be well-screened and free of flies.

"If dysentery or diarrhea develop, consult your physician at once," Dr. Cox advised. "This so-called 'summer complaint' can be a very serious menace to your baby's health, if not an actual threat to his life."

Billy Herman Back in Baseball

JEFFERSONVILLE, Ind. (AP)—Billy Herman, once manager of the Pittsburgh Pirates and now a paint purveyor, isn't letting the pigment pushing interfere with his passion for the national pastime.

Herman plays second base on the Jeffersonville semi-pro club and he's one of the leaders in a campaign to bring organized baseball to southern Indiana.

His team has lined up games with Bedford, Bloomington, Vincennes, Tell City, Jasper, Huntington, Edinburg and Princeton. One of these days some or all of those towns probably will blossom out as a new Class D league.

Mr. and Mrs. R. B. Yoakley drove to Shamrock Sunday to visit Mrs. S. E. Nowlin, who has been critically ill. Earlier last week, Mrs. Yoakley had driven to Shamrock with her son, Reece Nowlin and Mrs. Nowlin, when he first learned of his grandmother's illness.

Mr. and Mrs. J. H. Neufeld left Saturday to spend several days visiting their daughter, Rev. and Mrs. Jimmie Cooper and son at Lorena, Texas.

who will use the airplane. They say the airplane is the "most difficult means of smuggling to intercept." Border patrolmen recently broke up an air-smuggling ring which brought at least 19 Chinese and four Europeans to various airports in the East. Each passenger paid the smugglers between \$600 to \$1500.

KNOW YOUR GOLF SHOTS—Herman Barron, noted White Plains, N. Y. golf pro, has written a series of seven articles especially for (UP) Newsfeatures. The display above shows how to use the driver. Barron says that a disgruntled golfer is like a person in ill health. The sick person generally goes to his doctor and the disgruntled golfer—he either gets out on a course and practices or he sees a professional golfer for instruction.

Olympic Athletes Get Customs Break

LONDON (AP)—Britain's customs rules will be relaxed for athletes arriving for the Olympic games.

Foreign athletes will be allowed to bring in equipment, clothing, food and specified baggage free of customs duty, purchase tax and deposits normally made pending re-export.

It is estimated here that more than 200 horses, 100 rowing shells, 50 yachts, firearms, massage equipment, hundreds of fencing foils and about 400 cycles will be part of the baggage of the expected 4,000 or 5,000 competitors.

To ensure that only members of Olympic teams get these concessions, special identity cards have been designed to serve as passports. They will enable teams to travel at half fares on British railways.

Mrs. Oscar Blank, Mrs. Jack Woodward and Mrs. D. B. Pearson Jr. were Amarillo visitors Monday.
