Thirteen Offices To Be Filled In Runoff Election Today

Engineers Open Show Friday

26 Candidates Vie For Council, Yell Leader Positions

Twenty-six candidates are listed on the ballot in today's election run-off. The election is for candidates who did not win a majority in the general election April 12.

Voting time is from 8 a.m. to 5 p.m. in the divisional buildings. The election is being conducted in the same manner as was the general election.

Main feature of the event is selection of head cheer leaders. Vying for head boy cheer leader are James C. "Jimmie" Carter, junior business administration student from Big Spring, and Bob Hogan, junior engineering student from Terrell. Carter polled 1058 votes and Hogan 343 in the general election. They beat out seven other candidates for run-off positions.

Glena Winston, Brownfield, and Lam McKay, Lubbock, are slugging it out for head girl cheer leader. They are both junior arts and sciences students. Miss Winston received 874 votes and Miss McKay 445 in the previous election. There were originally six candidates for the position.

Student Council Representatives
Four Student Council representatives are to be elected from the arts and sciences division. Candidates in the run-off are Jo Simmons, freshman from Lubbock; Bobby Joe Salem, junior from Sudan; Bill Trenfield, junior from Lubbock; Patti Jo Mussen, junior from Lubbock; Guida Miller, sophomore from Amarillo; Marjorie Buck, sophomore from Levelland; Pat Keffer, junior from Odessa; and Jim Choate, freshman from Lubbock.

In the agriculture division two representatives are to be elected. Candidates are Frank Smith, senior from New Hampshire; Cloy Weems, senior from Ralls; J. B. Cooper, junior from Roscoe; and Cecil Mardis, sophomore from Muleshoe.

No candidate from business administration division received a majority a week ago yesterday for council representative. The division is entitled to three. In the run-off are Robert Craig, junior from Brownfield; James Hall, sophomore from Amarillo; Mary Alice Mitchell, junior from Tuhoe; Gale Rogers, junior from Perryton; Bill Gilentine, junior from Sherman; and Bill McCasland, junior from Lamesa.

Two candidates are to be elected from the engineering division. Aspirants are Ken Hancock, junior from Lubbock; James Steele, junior from Whiteface; Jack Burke, senior from Corsicana; and Rex Darling, junior from Houston.

All candidates are responsible for the removal of their campaign posters. Clint Formby, president of the Student association, said.

Dr. D. M. Wiggins, president, is to speak at a banquet at the 20th annual convention of the Texas Hospital association tomorrow in Galveston.

MINIATURE LIGHTNING—Rex N. Brown, Electrical Engineering Show department manager from Tulsa, demonstrates the Tesla Coil, one of the many features of the 17th annual engineering show. The Tesla coil, to be displayed on the lawn East of the Engineering building, is capable of discharging 2,500,000 volts of electricity.

Tech To Be Week-End Host To 1,000 League Entries

Region one of the Interscholastic League will meet at Tech Friday and Saturday, announced Sam Lefeste, director general of the league and assistant professor of marketing and secretarial administration. Approximately 1,000 students from high schools over this region are expected to compete. The regional winners will go to the state meet in Austin May 6-7.

The class AA, A, and B events are as follows:

Debate: AA, A, B preliminaries, 10 a.m. Saturday, in Ad-302; AA, A, B second round, 1 p.m. Saturday, in Ad-302; Dr. J. William Davis, director.

Declamation: AA, A, B all divisions, 10 a.m. Saturday, in the Aggie auditorium; Dr. F. L. Mize director.

Extemporaneous Speech: AA, A, B, 1 p.m. Saturday in Ad-210; B, 1 a.m. Saturday, in Ad-206A; L. K. Kammeidiener, director.

Ready Writers: AA, A, B, 1:30 p.m. Saturday, in Library 11; R. A. Mills, director.

Journalism: 8:30 a.m. Saturday, in Press building 206; Cecil Horne director.

Typewriting: AA, A, 10 a.m. Saturday, in Ad-318; B, 10 a.m. Saturday, in Ad-314; Mrs. Ethel Terrell, director.

Shorthand: AA, A, B, 11 a.m. Saturday, in Ad-320; Mrs. Ethel Terrell, director.

Number Sense: AA, A, B, 3 p.m. Saturday, in Ad-207; Dr. R. A.

Underwood, director.

Slide Rule: AA, A, B, 3:30 p.m. Saturday, in Ad-207; Horace Woodward, director.

One Act Play: AA, 7:45 p.m. Friday, in the high school auditorium; A, 9 a.m. Friday, in the high school auditorium; B, 1:45 p.m. Friday, in the high school auditorium; Miss Annah Joe Pendleton, director.

Track and Field: AA, A, B preliminaries, 9 a.m. Friday, on track of old stadium site; AA, A, B finals field, 1 p.m. Friday, on track of old stadium site; AA, A, B finals track, 2 p.m. Friday, on track of old stadium site; Morley Jennings director.

Tennis: A and B preliminaries, a.m. Friday, in gym; AA, 10 a.m. Saturday, boys on courts north of men's dormitories, girls on courts west of gym; AA, A, B semi-finals, 10 a.m. Saturday; Morley Jennings, director.

The literary winners will be awarded ribbons from Ad-325. The athletic awards will be at Tech field.

Editorship Applications
Applications for the position of editor of The Toreador may be submitted to the Publications committee today through next Wednesday. A. B. Strech, committee chairman, has announced.

The committee is to select the editor at a May 2 meeting which all applicants must attend.

Eleven Departments Offer Exhibits Of Scientific, Mechanical Wonders

By OTTIS HORN
Toreador Staff Writer

The annual Tech engineering show will open its doors to the public for the 17th year 2-10 p.m. Friday and Saturday.

Eight departments in the engineering division have combined with the geology, physics, and military science departments to present the show. Added to the usual attractions will be displays of the newly reorganized petroleum engineering department. Shortly before the show opens, this department will move into its new building and will have all its equipment on display.

A mechanical hula girl, as well as exhibits of a cut-away six cylinder Ford engine, Diesel injectors and an air-powered starter, have been provided by the mechanical engineering department.

Deepwell irrigation pumps will be of interest to farmers visiting the show.

Electrical engineering exhibits make magic of the strange forces of electricity: chess by radio, a nerve tester, an electrical train controlled by voice, a fountain which spurts water merely on electrical impulse when one bends to drink from it. Lightning arcs three feet long will spring from a giant Tesla coil.

The chemical engineering department will feature a display of a complete model plant which shows the extraction of oil from cottonseed and the uses which are made of the oil. Modern distillation processes and a chemical magic show will illustrate the application of chemistry to modern industry.

The department of industrial engineering and engineering drawing is to feature displays showing modern trends in tool design, safety engineering, time and motion studies, and production planning and control. A model paper mill, constructed to produce a continuous strip of paper, will be in operation.

Among the demonstrations of the civil engineering department will be testing of structural strength of concrete and cement blocks used widely in building construction. Architectural design problems, working drawings and life drawings are to be outstanding exhibits of the architecture and applied arts department.

The physics department will display hundreds of exhibits which are basic to the entire field of engineering. Three divisions of the military science department will display equipment.

The show will be staged in the Chemistry, Textile, Engineering, and Petroleum Engineering buildings. Numerous outside displays will also be open to the public.

CLASS CHANGES TO BE SET

Instructors of classes which will meet in different places than usual, or will not meet at all due to interscholastic league and other activities Friday and Saturday, will make announcements to these classes of changes in schedules. Dr. E. N. Jones, vice president, said yesterday.

Changes in Friday classes will be announced Wednesday, and Saturday class changes will be announced Thursday, he said.

Tech Landscape Architect Reports For Work May 1

Elis Urbanovski, of the Veterans administration headquarters in Dallas, will report May 1 for duty as campus landscape architect, W. L. Stangel, dean of agriculture, said yesterday.

Urbanovski is to have the joint titles of professor of landscape design and campus landscape architect, said Stangel.

The Dallasite will devote half his time to teaching landscape art and design and half to landscaping the college grounds.

Inter-Department Major Available

An interdepartmental major in American civilization will be available to arts and sciences students next fall, Dr. W. B. Gates, professor of English, said yesterday.

This program will cut across departmental lines and place emphasis upon the historical, cultural, and economic development of the United States, he said.

Requirements for the first two years are to be practically the same as those for any other major leading to the degree of Bachelor of Arts. In the junior and senior years, considerable stress will be put on American literature and American history and anthropology. Some new courses in American literature are planned for next year, said Doctor Gates who will be the supervisor of the program.

Dr. Howard E. Golden, associate professor of marketing and secretarial administration, has gone to Gallatin, Missouri to attend the funeral of his brother.

The Campus Whirl

Wednesday, April 20
Alpha Chi, 5 p.m., Ad-220.
American Chemical society, 7 p.m., C.

G. WRA dancing 7-8 p.m. gym.

Thursday, April 21

Flying T's, 5 p.m., Ad-210.

Forum, 5 p.m., Ad-206A.

Red Cross, 7 p.m., Ad-206A.

Tai Beta Sigma, 7 p.m., X-7.

Future Farmers of America, 7:30 p.m., Ag-318.

Army Signals club, 7:30 p.m., X-9.

Chamber of Commerce, 7:30 p.m., C.

101. Rodeo association, 7:30 p.m., Aggie pavilion.

Future Teachers of America, 7:30 p.m., 1310 Avenue R.

Alpha Phi Omega banquet, 8:30 p.m., Phil's Grill.

Friday, April 22

Seventeenth Annual Engineering show, Casa Linda Open house, all day.

WRA basketball, 4-6 p.m., gym.

Dance, 8:30 p.m., Recreation hall.

Men's Dorm IV "Date Club Dance", 8:30-12 p.m., Men's Dorm IV.

3800 Spring sport dance, 9-12 p.m., Lubbock hotel.

Saturday, April 23

Interscholastic League, Region I, Casa Linda open house, all day.

Seventeenth Annual Engineering show, DFD presentation dance, 8-12 p.m., Lubbock hotel.

Foster-Wendt, Watson-Moore Ceremonies Performed April 13

Marsdee Foster, daughter of Dr. and Mrs. Dee Foster of Lockney, and C. E. Wendt, Jr., son of Mr. and Mrs. Emmitt Wendt of Lubbock, were married in a double ring ceremony April 13 at St. John's Methodist Church. Rev. Seth Murphy performed the ceremony.

The bridal party included Thalia, Albertine and Carol Ann Foster, sisters of the bride, who served as bridesmaid, candlelighter and junior bridesmaid, respectively; Betty Caldwell and Gena Winston, Tech students, who were bridesmaid and candlelighter, respectively; and Margene Fry, 1948 Tech graduate, who was maid of honor. Orlin Brewer, Tech student, served as best man. Ushers were A. J. Bishop, Tech student, and G. L. Siebert, cousin of the bridegroom.

A reception followed, after which the couple left for a wedding trip to New Mexico.

The bride is a former Tech student and teaches journalism and English courses at Tahoka high school. The bridegroom is a senior journalism student and is a member of Centaur social club, Kappa Alpha Mu and Press club.

WATSON-MOORE

Jane Watson and William Douglas Moore were united in marriage by a double ring ceremony April 13 at the First Baptist church in Plainview. Dr. A. Hope Owen officiated.

Mrs. Burt Jones of Plainview was matron of honor. Bridesmaids were Mary King, former Tech stu-

dent; Carol Shock and Effie Jean Day of Plainview, Gale Godfrey of Fort Worth was junior bridesmaid.

Bill Whittington was best man. Jeff Hooper, John Harley and Tom Allen, Tech student, served as ushers.

Mrs. Fred McMillen of Fort Worth sang "Yours is My Heart Alone" and "Wedding Prayer".

A reception in the Hilton hotel ballroom followed the ceremony. The couple will be at home at 1009 Avenue T after a wedding trip to Colorado.

The bride is an instructor in journalism and a 1946 Tech graduate. The bridegroom is an assistant professor of economics and management and a graduate of the University of Pennsylvania.

Band To Reveal 'Prettiest Boy'

"Prettiest Boy" of the Tech band, elected by its members, will be presented at the spring sport dance at 8 p.m. Friday in the band hall.

The dance, sponsored by Tau Beta Sigma, professional honorary band sorority, will feature the spring theme.

Chaperones will be D. O. Wiley, professor and director of the band, Mrs. Wiley, Joe Haddon, assistant professor of band, and Mrs. Haddon.

ARBOR DAY POSTPONED

Arbor Day, sponsored by the Tech Chamber of Commerce and originally scheduled for Thursday, has been postponed until April 28, Andy Behrends, chairman of the Arbor Day committee has announced.

Traditional Santa Fe Services Initiate 29 Ko Shari Members

Traditional initiation services for 29 Ko Shari pledges were held Sunday night in Santa Fe, N. M.

A bracelet was awarded Mary Byars Turner as the best pledge. Initiation services were conducted in the original Ko Shari kiva following dinner at the Arrowhead lodge.

Initiated as members were Ann Covington, Pat Cox, Janet Crandall, Catherine Davis, Ruth Edgerton, Pat Flanagan, Margaret Series, Shelley Furr, Tina Haslan, Marilyn Hill, Barbara Hazlewood, Joe Holmes, Billye Hopping, Jane Eyer.

Betty La Stourgen, Louise Leftwich, Eugenia Luker, Carolyn Lockhart, Harriet Moltz, Helen Moore, Joyce Pember, Beverly Jo Powell, Alice Qualla, Jo Simmons,

Ann Clarice Smith, Pat Tierney, Mary Byars Turner and Nancy Walker.

Club members returned Monday from Santa Fe.

SOCIETY SPORT DANCE

Social club will entertain members and pledges at their annual spring sport dance from 9 to 12 p.m. Friday night at the Lubbock hotel, John T. Hall, secretary of the organization said.

Music will be furnished by Ted Crager and his orchestra.

James E. Sever, January grad in marketing, is with the credit department of the Panhandle State Bank in Borger.

EVENING

I'M IN SEVENTH HEAVEN WITH
YOU, GORGEOUS, BUT DON'T LET'S
FORGET TO THANK JOHNNY
AND PHILIP MORRIS TOO

BUILD YOUR VOCABULARY
NADIR - As low as you can get;
directly under foot.
CORYBANTIC - Wild with excitement.
KALEIDOSCOPIC - Many-colored;
technicolor, in fact.
UNDULATIONS - What panther women
and serpents do, looping around
gracefully.
LOTHARIO - The greatest "maker of
time" before Bulova.
ODALISQUE - An Oriental chamber.
FULMINATING - Exploding, thundering.
CIGARETTE HANGOVER - That stale,
smoked-out taste; that tight, dry feeling
in your throat due to smoking.
IRIDESCENT - Changing colors under light.
AURIOLA - Golden halo.
EUPHONIOUS - Pleasant-sounding.

Pay for it while you use it!

Our Story Points a Real Moral

Our campus story has a definite purpose: to make you realize the genuine DIFFERENCE that PHILIP MORRIS possesses. We have full proof of that, but too extensive to be scientifically detailed here. We cordially invite interested students engaged in chemistry and pre-medical work, to write our Research Department, Philip Morris Company, 119 Fifth Avenue, New York, N. Y.

CALL FOR PHILIP MORRIS

Graduate Assistant, 22, Amazes Sociology Students

'Teacher' Battin Was Honor Grad

By RICKEY ARCHER
Toreador Staff Writer

At the beginning of last semester a student enrolled for sociology 230 wandered into the classroom, took a look at the young woman putting notes on the board and wandered out again.

After checking and rechecking the number of the room with his schedule card, he reentered the room and asked what course was being taught. The small, dark girl with big brown eyes replied that it was sociology and identified herself as the teacher. "I guess it has to be right," he said in amazement and settled down.

The subject of his amazement was Miss Louise Battin, graduate teaching assistant of philosophy

and sociology.

She is 22 years old, a '48 honor graduate of Tech with majors in English and French and a minor in sociology, and at the end of the present semester will lack only a thesis to complete her master's degree in English and in conjunction with sociology.

She regrets that her language background of four years of French, five years of Latin and one year of Greek cannot be followed up.

During her four years of college Miss Battin also worked. Her jobs included working for Dr. Truman Camp in the English department, as a cashier, as a saleswoman of hats and as manager of the branch exchange at Lubbock Army Airfield. She tutored during her sen-

ior year. Among her students was Guillermo Bello from Venezuela, who received one of the five scholarships granted to foreign students.

Miss Battin enjoys teaching, she says, because her courses are not dogmatic and many of the varied, interesting group of students who are enrolled for her courses are taking the courses of their own accord. Although she is teaching some persons with whom she attended high school and is younger than many of her students, Miss Battin commands their attention and respect.

"As soon as people get over the idea that philosophy is only for people with long hair and a pipe they'll be a lot happier," she says. Her interest in people developed

in philosophy, and sociology is her main hobby. She collects ideas about people and keeps a file of character sketches for future reference.

In junior high school Miss Battin wrote a column, features and editorials but dropped out of journalism because she was restrained in straight news writing.

Her future plans include completing requirements for a master's degree and eventually realizing her ambition, which is creative writing. She has had some pulp material published.

With the energy and ambition evidenced in her scholastic career and her knowledge and interest in human nature, creative writing should be the perfect field for

Miss Battin to enter.

Bored when she isn't busy, Miss Louise Battin just naturally gets things done.

DESERT QUEEN

Mary May Johnson, former Tech student, was crowned Desert Queen at the University of Arizona in Tucson recently. Miss Johnson is now a senior student at the University. While at Tech she was a campus beauty her freshman and sophomore years and a member of Ko Shari social club.

Sylvie Bentley, 1948 Tech graduate, has gone to Minneapolis, Minn., to enter McConnell Airline Training school. She will be in training eight weeks.

New Books

By FRANK McNEILL
Toreador Staff Writer

The Blue Ribbon, by William Irish, and Non Negotiable, by Manning Coles, are both goose bump raisers.

The Tides of Dawn, by E. Louise Mallory, deals with fictitious history and costumed sex. Zulu Woman, by Rebecca Hourwich Reyher, deals with uncouth sex. It is the story of a woman who puts up a fight against polygamy. I didn't read it so I can't tell you whether she won or not.

The Personal Letters of F.D.R. with a foreword by Eleanor, and Eisenhower Was My Boss, by Kay Summersby don't need to be explained—or do they?

The gizmo that has been on the second floor of the library all last week is, if you don't know by now, a display. It is a display of puppets and marionettes and books about same. Mrs. Strout donated the puppets. Various people say that the display has evoked a good deal of interest.

From now there is going to be a different display each week. Anybody who is hepped on a certain hobby may recommend same to Miss Lulu Stine. If she has books about it there will be a display sooner or later.

Varsity Basketball Letters Awarded 8 Red Raiders

Tech 'B' Tennis Team Takes 4-2 Win Over New Mexicans

Texas Tech's 'B' tennis team marked up a 4-2 win over the New Mexico 'B' squad last weekend, while the Red Raider varsity was competing in a River Oaks meet in Houston.

Playing before a biased New Mexico crowd in Albuquerque, the Tech netmen had a rough afternoon, but were able to outlast their foes.

David Hester and Jack Prentiss dropped the first two singles

matches of the afternoon to spot the Lobos that much; then the Raiders rallied to sweep everything before them.

Hester lost to Johnny Allen, 6-3, 6-2, and Prentiss fell before Carl Webb, 6-1, 6-4.

Ernie Beck of Tech upset Bob Kayne, 6-4, and then Stan Barton, Tech, tied the count with a 3-6, 6-2, 6-4, win over New Mexico's veteran but erratic Phil Daly.

It was all Tech in the doubles. Beck and Hester teaming to overcome Kayne and Barney Gillespie of New Mexico, 9-7, 3-6, 6-3; while Prentiss and Barton won over Webb and Allen 6-4, 6-8, 7-5.

The Tech golfing team did not fare quite so well. The Techsan golfers lost every match to the Lobos on Saturday's play.

Two Techs survived opening-day play in the 15th Annual River Oaks tennis tournament at Houston Monday.

Jake Broyles was slated to meet Billy Talbert, Wilmington, Del., nation's No. 5 amateur and fourth-ranked at Houston, in Tuesday's action.

Carl Schmidt was to meet Houston's Bobby Kamrath.

Ed Scudday and Glenn Ivey dropped out in the first round of play Monday, Scudday being eliminated by Rice's Bob Alexander, 6-1, 6-3, and Ivey bowing to Hugh Sweeney of the University of Houston, 6-3, 7-9, and 6-3.

Athletic Council Okays Numerals For 9 Freshmen

Eight members of the Texas Tech 1948-49 basketball team have been awarded varsity letters, and nine freshmen have been awarded numerals by approval of the Tech Athletic Council.

Awarded Double-T's were: William Banks, Vernon; Ardis Barton, Hart; Don Grove, Monument, N. M.; Charles Pinnell, Andrews; James Hill, Amarillo; Chester Jackson, Monument, N. M.; Eugene Gibson, Lakeview, and Wayne Bowles, Lubbock. Banks, Barton, Grove, Hill and Bowles completed competition during the past season.

Grove was named to the All-Border conference team for the third consecutive year, the second men in the conference to win such honors for three years.

Freshmen numerals have been awarded: Jack Anderson, Doral Sandlin and Virgil Johnson, Lubbock; Don Bagwell, Claude; Irl Brokaw, Katonah, N. M.; Charlie Campbell, Monument, N. M.; Jimmy Eddins, Sudan; Ted O'Neil, Wellington; and Jim Sharp, Amarillo.

Spring basketball practice started yesterday under Coach Polk Robinson. Much rebuilding will be necessary because of heavy losses through graduation.

Tech is hardest hit by graduation of any of the nine member schools.

Arizona, conference winner the past three years, will lose only two starters and two other squadmen. Other schools will lose two or

three men. Each of the nine schools last season had a strong freshmen squad, and each coach is expecting major aid from this source.

Tech's 1949-50 schedule will be partially worked out at the annual spring meeting of athletic officials of the Border conference May 13-14 in Albuquerque in connection with the conference track meet.

Tech's schedule will include competition with Southwest con-

ference opponents, possibly tournament entry, and Border games.

Freshmen, who have been working out more than a month, now have been joined by members of the varsity squad in daily drills.

Border conference rules do not set any limitation on basketball workouts, as they do on football, and Coach Robinson plans to spend about six weeks with his men this spring.

Techsan Keglers Entered In Meet Slated Saturday

Two Tech bowling teams have entered the West Texas-New Mexico Bowling association tournament slated to begin Saturday at the Lubbock bowling club, 1113 Main.

The Lucky Strikes of the college league will use its regular lineup of Tommy Scott, Paul Knight, Frank Douglas and J. D. Sessums.

The other college team, the Press Bulls, will be composed of Jerry Henderson, C. W. Dukes, Al Simmons, C. D. Wickson and Herman Nelson.

Tech students entering the tournament but on other teams are: T. I. Brown, Jr., Ben Brown, Jay O'Keefe and Bob Gressett.

Entries for the tournament total 63 teams over West Texas and New Mexico. Winners in teams, doubles and singles events will receive trophies.

The tournament will begin Saturday and be played every weekend until May 15.

Schedules Okayed For Ball Tourney Slated Next Week

Official softball rules of the national section on women's athletics will be used in the social club baseball tournament for the first time this year, Jayne Thompson, president of the WICC, has announced.

The tournament is scheduled for 5 p.m. April 25-29, behind the gym. Monday DFDs meet Las Vivas and Ko Sharis play Sans Soucis. Tuesday it will be DFDs vs Ko Sharis and Las Chaps vs Soucis.

Wednesday the Vivas play Ko Sharis and DFDs the Chaps. Thursday DFDs meet Soucis and Vivas meet Chaps.

On Friday, the final day of the tournament, Vivas and Ko Sharis play Soucis and Chaps, respectively.

Officials for the tournament were chosen by the women's physical education department. Umpires include Betty Jay, Jane Williams, Virginia Kennedy and Nina Starkey. Base umpires are Wilda Franklin, Frances Reid, Betty Jo McClendon and Elizabeth Johnson.

Score keepers are Betty Shropshire, Oleta Dowlin, Barbara Crosslin and Jo Cervenka.

Foreign Language Council To Sponsor Dance Friday

Foreign language council is sponsoring a dance to be given at 8 p.m. Friday at Learymore studio. Mrs. Elizabeth Davis, secretary of Sigma Delta Pi, Spanish honorary fraternity, has announced.

The Rainbow Playboys, a Mexican orchestra, will provide music for the evening.

Members of the council will present a floor show featuring dances of various countries. The public is invited to attend the dance. Mrs. Davis said. Price of tickets is 75 cents for date or stag.

Clepper Paces Trackmen To Victory Over Lobos

Barber's Injury Mars Tech Win

Tech's Red Raider track team finally seems to have hits its stride. The tracksters were back at work this week with their first dual meet victory under their belt, victors Saturday over the New Mexico Lobos, 76 2/3 to 45 1/3. It was Ed Clepper again who led the team to victory, piling up

22 points to add materially to his season's total. Clepper won both hurdle races and the high and broad jumps, and tied for second in the pole vault.

Charles Pinnell won the pole vault, chased Clepper to the tape in both hurdles, won second in the broad jump and tied for second in the high jump to win 15 1/3 points.

The meet brought injury to Harold Barber, Tech half miler, which will eliminate him for the season. Barber apparently stepped on a

stone about 50 yards from the finish, stumbled and fell against the track curb, and suffered a broken leg.

Barber, who last year attempted the mile and two mile runs, shifted this season to the 880 yard dash and was making progress in that event, turning in better time each time he ran.

James 'Moon' Mullins, a sophomore, was the surprise performer of the meet, winning both the 100 and 220 yard dashes to turn in the

first victories he has in collegiate competition.

Tech won ten first places Saturday afternoon in Albuquerque and picked up points in every event except the discus.

Twelve of the 15 men Coach Masey McKnight took on the trip assisted in the total, some of them getting their first points in two years of competition.

Edgar Hawkins took a third in the mile; Costin Bufkin hit the tape in the 440-yard dash and ran

on the winning mile relay team; Joe Wilson was right behind

Bufkin in the quarter, and also ran on the relay team; and Jim Elliott won second in the javelin throw.

Joe Overton tied for second in the high jump and was third in the broad jump; Charles Reynolds was second in the 100 yard dash and third in the 220, as well as running on the relay team.

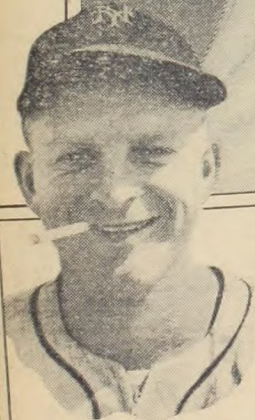

Ben Wilson won the half mile.

WSSF Funds Aid Tuberculosis Fight

A large part of the money raised at Tech in the World Student Service Fund drive April 26-28 will be used to fight the spread of tuberculosis among student groups in Europe and Asia, Marion Baumgardner, WSSF advisory council chairman for Tech, said yesterday.

The WSSF is countering the spread of the disease by medical aid, support of tuberculosis sanatoria for students, and supplementary feeding for students suffering from malnutrition, he said.

Baumgardner cited national student sanatoria in India, China, Greece and Poland as positive steps taken to check the spread of the dread disease.

Half-sanatoria and rest homes for the treatment of incipient tubercular cases are also being established and supported by the WSSF. Student hostels are being constructed in many countries to ease the critical housing shortage which forces healthy and ill persons to live together, a condition which is one of the primary causes of the high tuberculosis rate, said Baumgardner.

In Europe and Asia, those rates are reaching an all-time peak, and that is the number one health problem among university students abroad, he stated.

"As Europe and Asia recover, the disease rates will go down. We cannot afford to wait for that day, however. The rapid spread of the disease threatens the entire student group in many countries."

"The WSSF, by the contributions made on this campus and on others over the nation, can help subdue tuberculosis among students in foreign countries and permit foreign universities to create the leaders who are needed abroad," he said.

Deanie Albertson and Nona John, 1948 Tech graduates, are now employed in Austin. They are both former members of Sans Souci.

RALPH CASEY

PAUL WHITE

Dr. Ralph Casey, Paul White To Talk During Journalism Congress Here

Ralph D. Casey, director of Journalism at the University of Minnesota, and Paul White, editor of the Ford News, will be among outstanding speakers to appear on the program of the Southwestern Journalism Congress to be held here April 29-30.

Dr. Casey, a leading teacher of Journalism in the nation, began his career in 1913, when he became a reporter for the Seattle Post-Intelligencer. He later worked for the New York Herald and instructed in several leading colleges and universities.

He has written several books and has served actively on the staffs of several magazines. In 1930, Dr. Casey became director of the School of Journalism at Minnesota.

White, editor of the Ford News, an industrial publication in Dallas, will discuss industrial publications with special emphasis on em-

ployee publications and the outlook for journalism graduates in the industrial field.

The editor is a Texas Tech journalism graduate. In addition to his editorial position he is head of the employee relations department in the company and teaches a course in employee publications at SMU's downtown college.

The Journalism congress is being held at Texas Tech for the first time in 13 years. Delegates will attend from TCU, SMU, A & M University of Texas, University of Oklahoma, Oklahoma A & M, Mary Hardin-Baylor, Tulane, Baylor, Louisiana State University, TCU, Hardin-Simmons and Tech.

Eufus Bezner, a member of the Red Raider team in 1945, is now operating a poultry house in Suds City, Oklahoma.

Tech-Sponsored Contests To Draw 1000 Area High School Students

Some 1000 contestants from 100 high schools over West Texas are expected to participate in the vocational agriculture judging contests to be held here Saturday, Ray L. Chapelle, professor and head of agricultural education, has announced.

Under the sponsorship of the Tech agriculture division, the contests will include livestock, dairy, poultry, crops, dairy products, cotton classing and meats.

Chapelle will be general superintendent of the entire event.

The animal husbandry department is holding the livestock, meats, poultry and dairy cattle contests. Ray C. Mowery, professor of animal husbandry, will be in charge of livestock. Stanley E. Anderson, assistant professor of animal husbandry, will be in charge of meats. H. L. Mathews, associate professor of animal husbandry, will supervise the poultry contest, and Roy Neely, lecturer in animal husbandry, will direct the dairy cattle contest.

The meats contest will be held at Keeton's parking house, where

there will be 25 retail meats to identify. There is also to be a class of pork, lamb, and beef carcasses for judging.

The dairy manufacturing department is holding the dairy products contest. Dr. J. J. Willingham, professor of dairy manufacturing, will be in charge. Milk and cream are to be judged.

The plant industry department will be holding the crops and cotton classing contests. Judd Morrow, lecturer in plant industry, will be in charge of the crops contests. Seed identification, commercial grain grading, and crop judging will be included in that contest. The cotton classing contest will be under the supervision of Earl Burnett, lecturer in plant industry.

Records will be kept and the results are to be computed by the agricultural economics department. The agricultural education department, under the direction of W. L. Stangel, dean of agriculture, will assist in the contests as a whole.

Banners, ribbons and medals will be given as awards.
