TRUMANS AND ROYAL COUPLE CONVERSE

President and Mrs. Truman and their daughter Margaret converse with Princess Elizabeth and her husband, the Duke of Edinburg, as they stand in front of a mantel at the Canadian Embassy in Washington. Left to right: Duke of Edinburg, Margaret and Mrs. Truman, Princess Elizabeth and President Truman.

Truman Will Address Nation On Wednesday

By JOHN M. HIGHTOWER

WASHINGTON, Nov. 3. (AP)—President Truman will make a foreign policy address to the nation Wednesday night on what is reported to be a new plan or formula for strengthening world peace.

The plan is said to aim at improving relations between the Western Powers and the Soviet Union.

The White House suddenly announced tonight that the president would speak from his office at 9:30 p.m., CST, Wednesday. All major radio and television networks will carry the speech, the White House said.

It was understood that what Mr. Truman will say is linked with impending developments at the United Nations General Assembly meeting which opens in Paris Tuesday.

NATURE OF MOVES

An indication of the nature of Western Power moves in that session came earlier today from French Foreign Minister Robert Schuman and what he said was borne out in large part by information obtained tonight from authoritative informants here.

The French foreign policy leader told a political meeting at Rennes, France, that the Western Powers will introduce sensational moves for peace in the General Assembly.

"The next days at the United Nations you will see initiatives, in which France is associated, which will make a sensation and whose aim is to strengthen peace," he said.

The best information available here was that the moves would not be particularly sensational — in the sense, for example, of a call for a conference with Prime Minister Stalin. But the Western Powers were reported prepared to put forth a suggestion which, if accepted by the Soviets, could lead to substantial improvement in the prospects for world peace.

It is on this aspect of American foreign policy that Mr. Truman is expected to build his radio address.

Inquiries as to whther the address would constitute a report on the president's scheduled conferences with Gen. Dwight D. Eisenhower, allied defense commander in Western Europe, Monday and Tuesday brought negative replies from responsible authorities.

It was learned, however, that the general knows of the new move and that President Truman probably will discuss the matter with him further when they meet.

Reds Considering New Plan For Buffer Zone

BRIEF MEETING FOR RED

Gus Hall, Communist leader, is greeted briefly by his wife at La Guardia Field, New York, as he arrived to face criminal contempt of court charges stemming from his jumping bail last July. Mrs. Hall burst into tears a moment later as U. S Marshals led her prisoner-husband to a waiting car. Hall, one of 11 top Communists convicted on charges of conspiring to teach and advocate overthrow of the U. S. government by force, had been held in Levenworth Federal Penitentiary after his capture in Mexico City, Oct. 9.

REAL MOUNTAINEER GOES INTO ARMY

SAN ANTONIO, Nov. 3. (AP)—Recruit Peter Grainger of the U. S. Army, who wandered into a recruiting center here after what he said was his first ride in a car, was processed at Fort Sam Houston today.

He will be shipped out to training camp in the middle of next week.

Grainger, 26, came in with a story of life in a remote mountain cabin in Northern New Mexico. The first time he ever went into town, he said, was when he was 17 years old when he went to Beaverhead, a small community "about four or five day riding distance" from his mountain home.

Grainger said he decided to join the Army after his father died last May.

"I buried Paw on the top of a mountain and then set out to join the Army," he told the recruiters here.

Army recruiters questioned Grainger at length before he was sworn in Friday morning.

Kaesong Will Not Belong To Either Party

MUNSAN, Korea, Sunday, Nov. 4. (AP)—An Allied proposal to demilitarize controversial Kaesong brightened prospects for agreement on a buffer zone in the Korean truce talks Saturday.

The Reds had not yet replied, but any such new situation usually requires a higher-level Communist huddle.

It was possible that something concrete might develop at Sunday's meeting of the armistice subcommittees.

The Allied proposal to resolve the knotty buffer zone problem was made orally during Saturday's four hour meeting at Panmunjom. Brig. Gen. William P. Nuckols, command spokesman, said the Communists seemed cool.

The Allies had insisted that the Reds yield some 200 square miles of territory in Western Korea — including Kaesong — in exchange for an equal amount of ground to be given up by the U. N. in Central and Eastern Korea. The Allies also would yield islands north of Parallel 38.

The Peiping radio declared today that the Communists had defended Kaesong "against everything the American Eighth Army could throw against it."

The Red broadcast described as "absurd" the Allied proposal that the Communists give up the Kaesong area. It hinted that charges of Panmunjom neutrality zone violations — like the charges which broke up earlier talks at Kaesong — might be forthcoming from the Communist camp.

Making Kaesong a demilitarized zone could mean that the rubbled city, 34 air miles northwest of the capital city of Seoul, would be placed under joint policing or would be included in the buffer zone strip across Korea.

The opposing sides are in tentative agreement on an Allied-suggested cease-fire line two and one half miles wide generally following the present battlefront inside North Korea. Kaesong is two miles south of Parallel 38, the political boundary of North and South Korea.

Ike Disclaims Any Political Ambitions, Won't Discuss '52

By JOHN M. HIGHTOWER

WASHINGTON, Nov. 3. (AP)—Gen. Eisenhower flew back to America today with a fresh disclaimer of political ambitions, and amid indications he may step swinging into a Washington clash over the speed of re-armament.

"I have never had any political aspirations — period," the supreme commander of the Allied powers in Europe said on his arrival at New York from Paris.

He wouldn't even say whether he was a Democrat or a Republican. Asked whether it would be correct to say that "come what may, you will not be a candidate for the presidency next year," Eisenhower replied:

"Of course you can't say that. I will not indicate political leanings of any kind. I'm doing a job. That's my statement."

The general said the progress of European defense is partly encouraging and partly discouraging.

STAGE IS SET

As Eisenhower spoke the stage was being set for the talks he will have here with President Truman and other leaders Monday and Tuesday.

Informed officials passed the word that Eisenhower is deeply dissatisfied with the rate of military buildup in Europe, and also wants Washington to join in creating a small, battleworthy military force there in six months or so.

This schedule would be far ahead of the long range, full strength defense plans now envisaged. To put it into effect, Eisenhower is expected to press for some changed procedures in U. S. arms production and distribution. Some officials predicted he would bear down hard to get these changes ordered during his Washington talks.

In discussing European defenses, he said:

"The advances of the past year have been encouraging but there is always the gray zone of human affairs. There are some fine advantages and some discouraging ones."

Mrs. Eisenhower flew with her husband from Paris. They will visit their son, Major John Eisenhower, at Fort Knox, Ky., before the general comes on to Washington Sunday for his talks. He will return to Paris Wednesday.

The President and the general are due to meet Monday for a time at least without any other person present. This obviously provides an opportunity for them to discuss matters of a most confidential nature. It provides an opportunity for the President, should he desire, to find out what General Eisenhower is thinking about his own future. Besides Mr. Truman's natural political interest, there is the question of whether a successor need be found for Eisenhower in Europe at any time soon.

Apart from his meetings with the President, Eisenhower's backers among Republicans here have an intense desire to get something more definite on the prospects of the general as a Presidential candidate.

Aside from advocating the change in policy emphasis on building up a European defense force, Eisenhower is expected to make a major effort to speed up the production and delivery of supplies to Western Europe from the United States.

Parlay Cards Easy Way to Lose Money

Want to place a bet? If you think you can beat the "brains" you can lose your money pretty easily with the football parlay cards which are blossoming out all over town.

Parlay cards are distributed locally by persons financially able to back them if the losses are heavy, or by persons acting as agents of organized gambling syndicates.

In either case much money goes to the persons who prepare the parlay cards. At least two different types of the cards are available here to those who wish to play them.

Expert sports forecasters list the major football games to be played each week on the cards, and spot the underdog teams' points. They attempt — pretty successfully—to spot just enough points to make the game end a tie on the card.

Players may choose from three to 10 winners. If they get them all correct they win; if any one of their selections loses or ties, they lose.

Winning odds paid by the card promoters progress with each additional "winner" selected by the bettor.

Parlay cards are seasonal gambling that crops up every football season, but is a definite violation of the state gaming statutes, Bob Davie, district attorney, said.

Local law enforcement officials say there is little that can be done about it.

"You have to catch them with the goods," Ray J. Keenan, police chief, said. He added it is almost impossible to do so, because the local distributors are familiar with the persons who play the cards.

There is no actual proof that the football card business is tied in with so-called syndicate gambling, since cards may be purchased by the local distributors and, backed locally, but the local distributors could, on the other hand, be commission agents for the gambling rings.

At one time there were lots of risks in card gambling. Some failed to pay off. Now, however, it appears that has been straightened out and there is little fleecing, or runout. Pay off is pretty certain-once a player has selected a full string of winners.

Considering the points spotted underdog teams, there is very little chance for a player to win—the odds against winning are much greater than the odds paid if he does win.

British Expel More Workers In Canal Zone

CAIRO, Egypt, Nov. 3. (AP)—The British charged 12 more Egyptians today with threatening workers and threw them out of the bristling Suez Canal Zone.

The expulsions brought to 23 the number of Egyptians expelled on charges of attempting to intimidate Egyptians employed at British camps and ports.

While reinforced British garrisons stood watch under the 1936 alliance which Egypt has declared cancelled, the only other incidents reported today concerned weapons snatching.

British military headquarters issued a general order warning the troops to protect their weapons from being grabbed by Egyptians. Several such incidents have been reported recently. Weapons which vanish in that manner might be used to arm Egyptian "liberation battalion" extremists.

With a threatened fuel oil shortage in Cairo, the canal zone command announced that it hoped to start rail movement of oil from Suez shortly.

All civilian train movements except for the shipment of food have been banned by the British in the canal zone for several days.

NEW DELHI, India — Prime Minister Nehru proposed today internationalization of the Suez Canal, the Panama Canal and other "international highways."

He said this would be in the interests of all nations.

"I see no reason why Suez should not be under Egyptian sovereignty, but with its operations and traffic internationalized," Nehru added.

Nehru advised the world to accept developments in the Middle East, including Egypt and Iran as neutral shifts in the balance of power.

India naturally sympathizes with nationalist aspirations of the Middle Eastern nations, he said, but realization of those aspirations would be best achieved by "non-violent, peaceful methods."

Connally Gives Praise To Ike In Corpus Talk

CORPUS CHRISTI, Nov. 3. (AP)—Gen. Dwight D. Eisenhower's work as supreme commander of Western Europe's defense forces was praised today by Sen. Tom Connally (D-Tex.).

"Eisenhower vanquished the enemy in war. We want him to perform as great a feat in the field of peace," Connally said.

He spoke before the county judges and commissioners association of Texas.

Connally made no mention of politics in connection with Eisenhower's visit to the U. S.

The Senator, who is chairman of the Foreign Relations Committee, referred to a necessity for continuing military aid to Europe while cutting economic aid.

Cold Weather Breaks, Heavy Crop Damage

By The Associated Press

Southerly winds and sunny skies pushed Texas temperatures up into the 50's Saturday.

It was the first real break in the cold wave that was blamed for seven deaths in the state.

Warmer weather was to continue over the week-end.

Temperatures in Amarillo rose from an overnight low of 25 to 50 degrees by 3:30 p.m. Saturday.

At the same time, it was 62 at Lubbock; 58 at El Paso; 83 at Brownsville; 56 at Del Rio; 55 at Dallas, and 54 at Lufkin.

The mercury did not take the drop that was expected Friday night. Instead of near-zero temperatures again expected in the Panhandle, lows in the 20's were reported. At Dalhart, which Thursday night had a low of five degrees, the mercury went down to 21 Friday night.

A low of 27 hit the San Antonio area early Saturday, scotching the hopes of truck growers there.

"Tomatoes, beans and squash are a complete loss," Henry Van de Walle, San Antonio truck grower, said.

Robert B. Tate, Bexar County, agriculture agent, said Johnson grass, cane hay, sorghums and other temporary pastures were all laid low.

The tomato crop in the Laredo area was a complete loss, County Agent Henry Alsmeyer said. The mercury there dropped to 33.

The snow that drove as far south as Corsicana and Waco Friday morning was a new record in first-of-season snows at many points but brought little moisture. During the 24-hour period ended early Saturday only Brownsville, Houston, Beaumont, Texarkana and El Paso reported light moisture.

Churchill's Program To Be Presented At Opening of Commons

LONDON, Nov. 3. (AP)—Winston Churchill will put before a divided House of Commons Tuesday his plans for getting back Britain's prestige and bank account.

The 76-year-old prime minister's program will be presented in the traditional speech of the king at the state opening of the new Parliament.

It will deal with the nation's troubles at home and abroad.

Much of the pomp and pageantry of the state opening will be missing. Ailing King George VI won't attend. His speech will be read for him.

The king doesn't write the speech anyhow. Traditionally this is done by the government in power — in this case by Churchill and his conservative cabinet leaders.

Hardware Man Sells Store

George Stephens, Jr., owner of Stephens Hardware at 2208 Twenty - fifth Street, has announced the sale of the store to G. C. Coleman and Bill Sheid, both of Snyder.

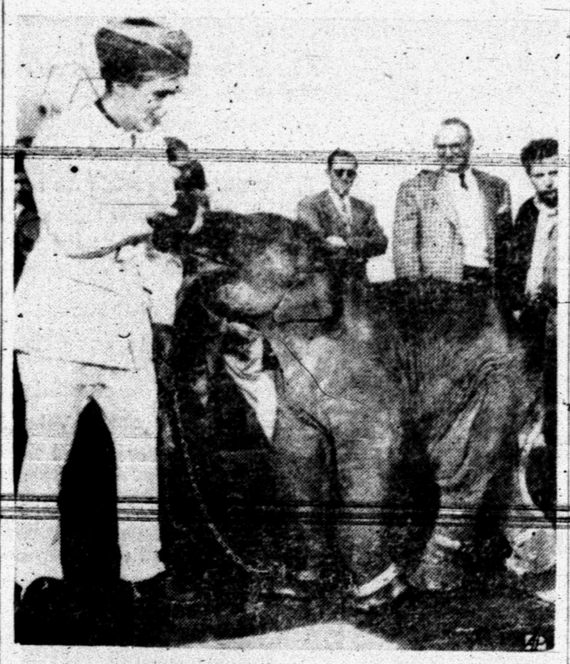

Stephens, who plans to move out of the store sometime this week, began a sale at reduced prices make room for the moving in of the new owners.

Coleman said that he and Sheid plan to eliminate the sale of hardware in the store and sell a more complete line of sporting goods and home appliances. Both the new owners are now employees of Piggly Wiggly.

Stephens opened the business in Snyder two years ago after working in the wholesale business in West Texas several years. Although his plans are still indefinite, he now plans to go back into wholesale work.

Italian Oil Discovery

TURIN, Italy, Nov. 3. (AP)—Agip, the Italian National (State) Oil Company, announced today it has struck oil in the area of Calliano, province of Asti, Southeast of here. Gip already operates several oil wells in the Po valley.

BRINGS ELEPHANT TO U. S.

Joe Mazzuca, 14, of Montebello, Los Angeles, suburb, shows off baby elephant he brought home with him from India on a Pan American passenger plant. The elephant was given to Joey by the Maharajah of Mysore whom he met while shooting pictures near the Indian ruler's palace. The elephant was said to be the smallest ever exported from India.

Small-Scale Fighting On Korean Front

U. S. EIGHTH ARMY HEADQUARTERS, Korea, Sunday, Nov. 4. (AP)—Allied forces hurled back sporadic small-scale Chinese Communist attacks in Western and Central Korea Saturday, but the battlefront was generally quiet.

Gen. Matthew B. Ridgway's headquarters had good news for combat veterans — "Home by Christmas" for infantrymen who were in action as long ago as last Jan. 1.

Headquarters issued the announcement to clear up scuttlebutt rumors that "all" enlisted men would be sent home under the rotation system. The order does not apply to rear echelon troops or officers awaiting "qualified replacements."

Frontline forces of both sides generally marked time while truce negotiators talked at Panmunjom. The Reds mounted eight small attacks near Yonchon, on the Western Front, and southeast of Kumsong, on the Central Front.

Allied troops beat off seven of the assaults and withdrew a short distance in the eighth. But when the U. N. forces moved back up they found that the Communists had pulled out.

There were three brief dogfights in Northwest Korea. Red-nosed MIG-15s shot down a U. S. F-84 Thunderjets near Sinanju. Three MIGs were reported damaged.

The pilot of the shot-down jet was seen parachuting into the arms of Communist ground troops. An Allied flying boat rescued the other flier near Chinampo.

A third Allied plane, a propeller-driven F-51 Mustang, was shot down in flames by Communist ground fire on the Central Front.

Night-flying bombers lashed at an estimated 2,000 Communist vehicles streaming southward on the main supply routes. Pilots reported destroying 200 of them.

Heating Unit Causes Fire at Beacon Lodge

Only slight damage resulted from a fire at the Beacon Lodge at 6 o'clock yesterday afternoon.

Two heating units were in the building but only one was used. The blaze, which started in a heating unit, was extinguished a few moments after firemen arrived.

Mrs. J. B. Nowlin, manager, said a tenant of the room adjacent to the central heating unit, discovered the blaze.

Senator Reported Ill

RENO, Nev., Nov. 3. (AP)—U. S. Sen. Pat McCarran, 75-year-old Nevada Democrat, is in quite serious condition as the result of a heart attack, his physician reported.

Mahon Address Set Wednesday

George Mahon, representative of this congressional district, will address an open luncheon for men of the city to be held Wednesday noon at the Country Club.

The luncheon will be open to the public and those wishing to make reservations may do so by calling the Daily News switchboard, 1234.

Mahon will be in Snyder all day Wednesday to visit with constituents.

M. E. Stanfield, superintendent of schools, said an attempt is being made to arrange for Mahon to address the student body at the high school, but the address has not been confirmed yet.

Deputy Sheriff Dever Resigns County Post

O. O. (Red) Dever, who has served as a deputy sheriff since early this year, resigned the position, effective yesterday morning.

Dever did not say what his plans for the future were. "I have enjoyed working in the sheriff's department," he said, "and have enjoyed serving the county. My work with the sheriff and fellow officers has been pleasant."

Lloyd H. Merritt, sheriff, said yesterday he did not know who would replace Dever.

Freezing Temperatures Recorded Second Night

Have you put anti - freeze to your radiator?

If not, it's time to do it.

Mrs. D. P. Strayhorn, official weather observer, reported a minimum of 26-degrees Saturday morning.

The maximum Friday was 38.

Big Turnover in Labor Force Is Costing Snyder Employers

Have you, as a Snyder businessman, had difficulty in keeping employees? Have you lost money training workers, only to have them leave when they became worth something to you?

If you have, this bit of news may be of some consolation: it's happening all over town.

A survey conducted this week by the Daily News among 22 employers in 13 different types of business indicated that the personnel turnover for the first 10 months of this year has been great.

ONE GOOD RECORD

Of these 22 businesses, only one reported no turnover at all, and it was a small, permanent warehouse [illegible]

[illegible] no personnel loss, the change varied from 20 per cent at one utility company all the way up to 1200 per cent at a cafe—or, in other words, one cafe owner this year had to replace his entire staff 12 times.

One of the largest businesses in the city with pleasant working conditions and hours reported more than 65 per cent change. The figure is large, but it is relatively small when compared to those with long hours and more undesirable working conditions.

Utility companies had the lowest average of any type business. They reported most of their loss was caused by the draft or by transfer of women employees' husbands to other cities.

The largest percentage of change was in cafes, which employee mostly young women. "Some of these girls just come and go," one restaurant owner said.

SPECIALISTS

Two of the city's largest oil field service specialists had the loss of close to 100 per cent, losing some to the army, firing some, and "Some just quit."

Six of the 22 employers had more than 100 per cent change, and eight more reported more than 50 per cent. One drilling company executive with more than 50 per cent turnover explained that many who work there are drifters, working a few days in one town or one job, then moving on to other grounds.

A trucking company owner who had to replace about one-half his employees this year said most who quit the jobs leave because the work is too hard.

The Daily News is batting fairly well by Snyder standards, having replaced one-third its staff this year.

Many department and variety store managers must find replacements for those moving out of town, as do other downtown businesses. Several stated that the vacancies are not hard to fill this year, since a large number of farmers with crop failures are in town seeking employment.

Practically all agree there is a big turnover, which is expensive to the employer who trains them.

Why is there such a shakeup?

The reasons vary among the different types of business, but many employers in downtown businesses—department stores, grocery stores, laundries, and cafes—said the transfer of men connected with the oil business to other areas is taking away many wives who work.

Others say it's the draft and reserve calls, the move of families who follow oil booms, employees finding higher paying jobs, workers who go into business for themselves, or the unsuitable work of those they must discharge.

The employer using the greatest number of workers said his business is affected mostly, as far as turnover is concerned, by the moving of oil families. He pointed out that his second greatest loss is caused by draft and reserve calls.

Or maybe it's like one employer who uses mostly women puts it—"Some are single girls getting married, and some are married girls getting single."

East Texas Oil Field After 21 Years Is Still World's Largest

KILGORE, Nov. 3. (AP) — Oilmen the world over, in singling out the tops in oil fields, must take off their hats to one that recently passed its 21st birthday but still lays claim to the title of "world's largest."

The East Texas Field, rigidly prorated since the early thirties, is so vast it still produces more than eight million barrels per month.

It has produced nearly three billion barrels. Experts agree there's still almost that much more.

Production is from about 21,500 wells. An amazing point is that more than half this number—11,950 by actual count — still were flowing at the end of September. The others were being pumped.

Generally speaking, wells are prorated to 20 barrels daily with 19 producing days a month.

Exceptions are wells capable of greater production under a formula based on 2.32 per cent of the hourly open-flow potential of each well.

The largest allowable is 25.96 barrels for Well No. 1 on Humble's H. Sexton "C" Lease, Rusk County, in the "south end" of the field.

On actual gauge under official test, this well produced 1,119 barrels in one hour, the greatest flow ever tested in the field. The 24-hour production at that rate would have been 26,856 barrels.

For all practical purposes, the field has been "drilled out," furnishing sites for some 29,500 wells, but a dozen or so new wells are completed each month.

Field spacing is one well for 10 acres—330 feet from property lines and 660 feet from the nearest well. Under statewide rule 37, the Railroad Commission grants exceptions permitting wells to be drilled on five-acre tracts.

It also recognizes the right of the individual property owner to recover minerals underneath his land, regardless of the size of the tract, as long as the subdivision dates back at least to Nov. 26, 1919, when Rule 37 went into effect.

This accounts for the fact that 1,150 wells have been drilled inside Kilgore, a city of about 10,000.

Originally, more than 136,000 producing acres were in the East Texas Field. It measured about 45 miles north to south and up to 12 miles in width, covering more than 200 square miles in Rusk, Gregg, Smith, Upshur and Cherokee Counties.

The number of producing acres now has dropped to about 117,200 because of the encroachment of salt water from the west into the Woodbine sand, a water-drive producing reservoir.

Salt water produced by East Texas Field wells has proved a boon in another respect. About 500,000 barrels daily are returned to the Woodbine in a pressure maintenance program for lengthening the life of the field.

This program has succeeded admirably. The pressure at 1,099.58 pounds Oct. 1 was only 1.13 pounds lower than it was nine years ago, despite the tremendous withdrawals of crude from the Woodbine. Another 40 years of production is expected.

The East Texas field was discovered in September, 1930, by the late C. W. (Dad) Joiner with his Daisy Bradford No. 3 near Joinerville, Rusk County. Experienced as a freak pocket.

But the following December, Ed Bateman's Lou Della Crim No. 1 came in as a giant producer 10 miles north. In January, Arkansas Fuel Oil Company completed the huge Lathrop No. 1, some 14½ miles farther to the northeast.

No doubt remained but that the entire area was sitting on top of the biggest deposit of oil ever discovered.

The boom that followed made this section forget about the bitter depression which gripped the nation.

Long dependent upon oil as the foundation for its economy, the area embraced by the East Texas Field now is turning to other industry to augment this source of revenue.

Basically, though, the entire area —dotted as it with oil and gas fields — remains partial to the oil industry.

The oil industry too has been partial to East Texas.

Attempt Completion Of Pecos Wells as Opener Of New Producing Area

Nelson Bunker Hunt trust estate of Dallas No. 1 W. A. Stroman, Central Pecos County wildcat, is due to take production tests and try to complete as an oil well and the discovery of a new field.

This project is reported by unofficial sources to have drilled to a total depth of 9,644 feet in an unidentified formation.

It has now plugged back to 8,000 feet and has set and cemented 5½ - inch casing at that point with 800 sacks.

It appears that the operator plans to test the pay section in the Wolfcamp above 8,000 feet through perforations in the pipe and try to complete the project as a commercial producer.

The No. 1 Stroman is credited with having flowed oil at the estimated rate of 10 barrels per hour during a drillstem test at 7,718-46 feet.

It is also reported to have recovered some oil and gas cut drilling fluid in a test of the interval at 7,761-7,815 feet.

No official information has been released on this prospect. It is seven miles east of the town of Fort Stockton and 1,320 feet from south and west lines of the lease in section 526, Comanche Creek Irrigation Co. survey.

Martin County Wildcat Recovers Sulphur Water

Sinclair Oil & Gas Co. No. 1 Dickenson, South - Central Martin County wildcat, recovered 270 feet of drilling fluid and 360 feet of sulphur water on a drillstem test of the Ellenburger from 12,040 to 12,073 feet.

Tool was open one hour and 80 minutes. Operator used a 2,000-foot water blanket.

The Ellenburger was topped at 12,015 feet, minus datum point of 9,228 feet. That makes it 116 feet high to the Tide Water No. 1 Dickenson, which was originally completed as a producer in the Ellenburger, but recently the flow died and operator is now testing the Silurian from 11,470 to 11,480 feet.

It was finaled from the Ellenburger at 12,086-105 feet.

Sinclair No. 1 Dickenson is at total depth of 12,073 feet, and operator is conditioning hole.

Location is 660 feet from north and east lines of section 22-37-tln-T&P survey and 10½ miles northwest of Stanton.

Second Producer In Fluvanna Field

Superior Oil Co. and Intex Oil Co. have completed their No. 2-158 W. H. Jones as the second producer in the Fluvanna field of Northeast Borden County.

The well flowed 24 hours through an 18-64th inch choke to make an initial production of 192 barrels of 40.6 gravity oil and a trace of water.

Gas - oil ratio was 735-1. Tubing pressure was 100 pounds and there was a packer on the casing.

Top of the pay was 8,160 feet, and total depth was 8,199 feet. Seven-inch casing is cemented at 8,172. Open hole section was Hydrafraced with 4,000 gallons. Production is from the Mississippian.

Location of the new well is 660 feet from the north and 1,980 feet from the east lines of section 518-97-H&TC survey, and two and one-half miles northwest of Fluvanna.

That makes it one location south of the same operators No. 15-935 Wallace Jones, the discovery well of the field which produces from the Mississippian.

Location Northwest Of Production in East Polar Field of Kent

Kewanee Oil Co. has staked location for its No. 1-G Wil Connell outside production in the northwest side of the East Polar Pennsylvanian field in Southwest Kent County.

Drillsite is 660 feet from the south and east lines of section 5-5-H&GN. That makes it 15 miles southwest of Clairemont.

Rotary tools will be used to projected depth of 7,000 feet, beginning immediately.

Producer in Salt Creek Field Makes 40 Barrels

General Crude Oil Co. and Percy Jones No. 12-4, tract 6, Percy Jones, Salt Creek - Canyon field project, has been completed for 340.68 barrels of 39.8 gravity oil flowing naturally from open hole above 6,470 feet, total depth.

Gas - oil ratio on the test was 341-1. Flowing casing pressure was zero, with tubing pressure 170 pounds. The flow was gauged through a three - eighth inch choke. No water was present. Pay was topped at 6,209 feet.

Location is in section 12-1-H&GN.

Dickens County Wildcat Is Plugged, Abandoned

Nelson Bunker Hunt Trust Estate of Dallas has plugged and abandoned No. 1 Pitchfork Land & Cattle Co., Central - East Dickens County wildcat, at 6,665 feet in sandy lime.

Location was 11 miles west of Guthrie and 1,980 feet from north and 660 feet from east lines of section 7-1-Sam Lazarus survey.

Well Spotted On Scurry-Borden Line

Drilling is to be started by Dec. 1 on a 7,500 - foot wildcat which is almost on the Scurry - Borden County line.

The project is very close the extreme south end of that line and actual determination as to which county it is in cannot be made until after a ground survey has been completed.

The prospector will be drilled as J. H. Jeffers et al, lease of A. (Jim) Price of Midland and Fleeger - Riley Drilling Co. of Odessa No. 1 Conrad.

The location is 660 feet from the east and 1,980 feet from the south lines of section 78-20-Lavaca Navigation survey.

It is in an undeveloped area for any sort of production. The scheduled destination is calcualted to take it through all possible pay sections in the Pennsylvanian lime.

The drillsite is about two and one-half miles southeast of Shell Oil Co. No. 2 Sterling, a Pennsylvanian lime discovery in Southeast Borden County, and it is four miles north and a little east of Lloyd H. Smith, Inc., No. 1 Boyd, a recently completed Pennsylvanian opener in Northeast Howard County.

The wildcat is being drilled on a checkerboarded spread of 800 acres of leases which was worked up by Bartley and Price. Included in the spread is the northeast quarter of section 71, the north 240 acres of the west half of section 72, the south half of the southwest quarter and the south half of the northeast quarter and the east half of the northwest quarter of section 72, and the north half of the northeast quarter and the south half of the northwest quarter and the north half of the southeast quarter of section 78, all in block 20, Lavaca Navigation survey.

Fleeger - Riley is to drill the prospector with rotary tools. That concern will have an interest in the well and in the spread of leases.

Nolan County Wildcat Drillstem Tests Canyon

Union Oil Co. of California No. 1 TXL, wildcat one and three-quarters miles south of the Lake Trammell - Canyon sand pool, of North-Central Nolan County, is being drilled below 5,265 feet after a drillstem test in the Canyon developed gas and heavily oil and gas - cut mud.

The interval tested was from 5,116 to 5,132 feet. Tool was open one and one-half hours. Recovery was 3,700 feet of gas in the drillpipe and 320 feet of oil and gas-cut mud. The top 40 feet was approximately 30 per cent oil. The bottom 280 feet was slightly oil and gas-cut.

Location is 660 feet from south and west lines of section 33-X-T&P survey.

Offset Staked To No. 1 Cox North of City

Sixteen miles north of Snyder in extreme Central - North Scurry County, Imperial Production Corp. spotted drillsite for a one location east offset to its recently completed No. 1 Vernon Cox, opener and lone producer in the Vernon Cox - Canyon Reef field.

The new test will be drilled as No. 2 Vernon Cox, 660 feet from north and east lines of the southeast quarter of section 699, block 97, H&TC survey. It will drill with rotary to approximately 7,500 feet.

No. 1 Cox was completed for a daily flowing potential of 242 barrels of high-gravity oil.

McElroy Well Logs Oil Show In Fusselman

Sinclair Oil & Gas Co. No. 6 McElroy Ranch Co., wildcat three miles north of the Wilshire-Ellenburger field of West - Central Reagan County, logged its first shows of oil on a drillstem test in the Fusselman.

That section, which was topped at 11,803 feet, elevation 2,834 feet, was tested in the interval from 11,815 to 11,900 feet.

Tool was open four hours. A strong blow of air was at the surface in 30 minutes and gas came to the top in 80 minutes. Recovery was a 260-foot water blanket which was slight nallocgdyl s a dantu was slightly oil and gas cut and 50 feet of gas - cut drilling mud.

Open flowing bottom hole pressure was 665 pounds. No shutin pressure was recorded.

Operator is now deepending the wildcat below 11,900 feet.

The Ellenburger is expected to be found in No. 6 McElroy at about 12,550 feet. That would make it 550 feet low to Sinclair No. 1 McElroy, discovery well of the Wilshire field.

It also would make it 530 feet high to Sinclair and Magnolia Petroleum Co. No. 1 Davis, Ellenburger producer six miles north of No. 6 McElroy.

Location is 1,980 feet from south and east lines of section 132-D-CCSD&RGNG survey and 21 miles northwest of Rankin.

Borden Well Abandoned In Lower Pennsylvanian

Chapman & McFarlin Producing Co. of San Antonio No. 1 A. O. Murphy, on the northeast side of the Reinecke field in Southeast Borden County, has been abandoned and plugged as a failure.

It penetrated to a total depth of 7,662 feet in lower Pennsylvanian lime. No shows of oil or gas were reported from any section the project drilled through.

Location was in the southwest quarter of section 67-25-H&TC.

Salt Creek Location

Superior Oil Co. has staked location for the No. 347 H. B. Wood in the Salt Creek field of Kent County.

Location is 467 feet from north and 468 feet from west lines of the lease in section 7, John Redman survey and about 10 miles northwest of Clairemont. Contract depth is 7,000 feet, with operations to begin in the near future.

PICK-UP AND DELIVERY

Rose Marie Roe explains to her hobo guests how to play the popular game of spin the bottle. From left to right are Don Blair, A. C. Floyd, Darrel Green, Louise Crook, and the hostess.

The well filled table at the right seems to indicate that there was plenty of food for all at the Distributive Education dinner held Wednesday night in the home of Patsy Fowler. From left to right are Ronnie Bayouth, Thomas Jordan, Connie Moore, and Patsy Fowler.—(Joe Dave Scott photograph).

A native of Iowa is called a Hawkeye.

The seventh president of the United States was Andrew Jackson.

TEEN TALK

By BILLIE ALFORD

Even the ghosts were probably frightened Halloween night by the sights that they saw at Rose Marie Roe's hobo party.

The hoboes entertained themselves by telling off-the track stories of what had happened to them since the last time they had met.

They were served refreshments of hamburgers, potato chips, and pop.

Guests present were Jane Houston and Don Blair, Marilyn Thomas and Dick Sealy, Louise Crook and Darrel Green, Jennie Cargile and Kenneth Crook, Connie Longbotham and Joe Davis, Sue Hamilton and Reagan White, Shirley Arnold and Billy Kimble, Joe Cargile, Hugh Max Firestone, and Rose Marie and A. C. Floyd.

• • •

A three course Mexican dinner was served Wednesday night to several of the Distributive education students and their guests.

Patsy Fowler was the hostess to the guests.

Some of those attending were Connie Moore, Ronnie Bayouth, Thomas Jordan, John Jarrell, Paul Haynes, LaNoard Bayouth, Nancy Dorman, Betty Tom Norred, Tommy Pherigo, Mozelle Moore, Betty White, Jack Norris, Vernon Hartwell, Shirley Banks, Johnny Brannan, and Mr. and Mrs. Fowler.

• • •

Twenty - one girls of the Senior Girl Scout No. 10 attended the Shriner's Circus Tuesday night in Abilene.

Mr. and Mrs. Hilton Lambert, Miss Jerry McDaniels, Miss Ila Ruth Newton, and P. W. Birdsall and son, Mickey, accompanied the girls.

The group included Jo Ann Strickland, Melba Boggan, Gerry Lyn Hughes, Debora Smith, Carol Sanders, Kay Shirley, Connie McDaniels, Ann Fish, Judy Miller, Carol Ewing, Janice Starr, Gay Birdsall and Kay Birdsall, Sittie Harrell, Emma Duncan, Joyce Blakely, Latrell Elrod, Linda Fowler, Sara Clark, Margie Smith, and Patsy Norred.

• • •

A Halloween party was given Wednesday night in the home of Mr. and Mrs. J. D. Scott.

The guests were served a picnic supper from a long table decorated with Halloween table cloth and colorful napkins.

Those present were Camille Cloud and Miles Davis, Mary Jim Stinson and Bobby Shipley, Rachola Harless and Beckett Reed, Pauline Yandell and Bill Hanks, Rhylene Bishop and Charles Jeffress, Darlene Nixon and Billy John Voss, Lucie Barton and Ray Price, Mary Alice Richardson and Roland Barton, Sandra Fowler and Deannie Floyd, Sue Cox and Bobby May, Sandra Cooper and Sidney Johnson, Bettie Estes, Joan Cockrell, Joe Dave Scott, Billy Don Harris, Ellis Huddleston, Mrs. R. C. Miller, and Mr. and Mrs. Scott.

• • •

Elois McDow was home a week ago from ACC. Visiting with her was her roommate, Nancy Zenor.

• • •

Adene Wells visited Monday night with a friend, Dee Ann Fielder of Abilene.

• • •

A wiener roast was given last Saturday night in the home of Carolyn Holly.

A big bon fire was built on Bull Creek to roast the wieners.

The couples present were Rose Marie Roe and A. C. Floyd, Sandra Fowler and Deannie Floyd, Jane Houston and Don Blair, Suzanne Houston and Stephen Blair, Sammy Rader and Marvin Creswell, and Carolyn and Joe Davenport.

Janey Robbins was hostess to a slumber party Wednesday night in her home.

Those present were Ann Hearn, Jo Jean Joines, Jean Mulkey, and Janey.

Arkansas Puts A&M Out Of Title Race

FAYETTEVILLE, Ark., Nov. 3. (AP)—Lamar McHan, a big sophomore who didn't think he would make the varsity in September, did everything a football quarterback could do this afternoon to lead Arkansas to a stirring 33-21 victory over Texas A&M.

The 190-pound blond from Lake Village, Ark., ran for two touchdowns, passed for another, netted 190 yards on 26 carries, completed four of six passes for 74 yards, punted for a 36-yard average in a strong wind, and ran the Razorbacks split T attack flawlessly.

This was the lad who asked Arkansas Coach Otis Douglas two months ago to let him drop out of the university for seasoning at a junior college.

Douglas talked the youngster out of it. McHan earned a starting role in the fourth game of the season and today made a strong bid for all-star honors.

AGGIES STRIKE FIRST

As they have done in every game this year, the Aggies struck paydirt first against an Arkansas team which had four first stringers out of action with injuries. A 41-yard punt return by Yale Lary set it up and Glenn Lippman went over from the one.

Darrow Hooper made the first of three conversions, but the Aggie lead was temporary.

McHan started propelling Arkansas down field. Before the first quarter ended, Buddy Sutton drove through right guard for the tieing touchdown.

Then McHan, who was described by A&M coach Ray George as "terrific, simply terrific," shot a 33-yard touchdown pass to another sophomore back, Jack Troxell. The next time he got his hands on the ball McHan electrified the crowd of 20,500 with a 58-yard run that pushed the Razorbacks' edge to 20-7.

PORKERS COME BACK

A&M tallied just before half time on a 10-yard pass from Ray Graves to Hooper. The Aggies took a 21-20 lead in the third quarter on a beautiful 56-yard journey by Lippman.

But McHan and the fighting line which was opening the holes were far from through. They began the fourth period by marching 58 yards, with Sutton scoring his second touchdown from the three. Arkansas used up the last eight minutes with a 77-yard drive capped by McHan's two-yard plunge.

The victory evened Arkansas' Southwest Conference record at two wins, two defeats. It left A&M, a pre-season title favorite, with a tie and two losses in loop play.

Texas A&M	7	7	7	0	—21
Arkansas	7	13	0	13	—33

Texas A&M scoring: touchdowns, Lippman 2, Hooper, Conversions Hooper 3.

Arkansas scoring: touchdowns, Sutton 2, Troxell, McHan 2, Conversions — Nix 3.

Yanks Leading At Pinehurst

PINEHURST, N. C., Nov. 3. (AP)—The grip Uncle Sam's golfing nephews have retained on the Ryder Cup for the past 16 years was considerably firmer today as the cream of America's professional crop massed a 3-1 lead over Britain's best opening foursome play.

With play suspended today to avoid conflict with college football, the United States team needed only a split in Sunday's eight singles matches to retain the cup it has held since 1935 in this biennial competition.

The weather man came up with one of his worst days Friday and the experts figured that the British would be more at home in the cold, wet going. Morning long mist turned into a steady rain for the afternoon rounds, but the Americans proved themselves masters of the elements as well as the opposition. It took a surprising 2 and 1 victory by Charles Ward and Arthur Lees over Henry Ransom and Ed (Porky) Oliver to give the confident invaders their only victory and prevent a shut out. The more highly rated English tandems ran into some super sniping and none was able to last beyond the 15th hole of the afternoon round.

Capt. Sam Snead and Lloyd Mangrum dealt a 5 and 4 trimming to Jimmy Adams and John Panton. National Open Champion Ben Hogan of Fort Worth and Jimmy Demaret prevailed by the same score against [illegible] and Jack Burke, Jr., of the losby of the ranches [illegible] Faulkner and David [illegible] Rees, 5 and 3.

Thus it is that the British who came here [illegible] Lacey, not flowing enough described as the best team [illegible] ever sent to this country [illegible] eyes on the veterans [illegible]. Their seventh in the [illegible] efforts.

Burke, [illegible] one of the jitters which might be expected of a newcomer to such a blue ribbon event, paired most effectively with the seasoned Heafner, twice runnerup for the U. S. Open title in the past three years.

Hermleigh Is Winner, Tied For Top Place

The Hermleigh Cardinals pushed a little farther toward District 5B championship Friday night when they made use of two key pass plays to defeat Loraine 13-6.

Playing in freezing temperatures in the Loraine stadium, Cardinal Backs Floyd Hacker and Jimmy Cooper armed up enough to complete nine out of 12 pass tries.

Hacker heaved the first scoring pass to Cooper in the first quarter, and the play as good for the 6-0 lead.

In the third quarter, Cooper tossed a 10-yard pass to End Denzil Knight, who was already in the end zone to receive it for another score. Halfback Rukius Roemish ran over the extra point.

The Loraine crew went to work in the fourth period to push one of their halfbacks 20 yards for their only touchdown.

Hard hitters on the Hermleigh defensive squad were Guards Jimmy Mason and Delbert Hess, Halfback Douglas Chitsey, and Cooper, while Halfbacks Wendell Goodman and Julius Roemish accounted for the most yardage on the ground.

The Cardinal crew played the game without the benefit of two key men, Back Dickey Wall and Tackle Kenneth Simmons.

Friday night's victory for the Cardinals placed them in a tie with Robert Lee, victor over Coahoma 25-12 the same night, for the lead in district play. Hermleigh last week defeated Robert Lee 13-6. Each team now has four wins and one loss.

The Cardinals will go to Bronte next Friday night for their sixth district tilt.

Baytown Flu Epidemic

HOUSTON, Nov. 3. (AP)—Influenza kept more than 400 Baytown children out of school Friday, School Supt. George H. Gentry reported.

TCU Dumps Baylor To Hold Loop Lead

WACO, Nov. 3. (AP)—Texas Christian's giant killers nailed down the leadership in the tough Southwest Conference here today, knocking Baylor from the ranks of the undefeated, 20 to 7.

Baylor's tricky Larry Isbell was great, but not great enough. He was eclipsed by Sophomore Ray McKown, another genius on offense.

A major contributor to the Texas Christian victory was a defensive left halfback, Keith Flowers, who dealt Baylor misery all afternoon. The TCU defense was in top form in chilling Baylor, ranked eighth in the nation last week.

INTERCEPTIONS HELP

Interceptions of two of Isbell's passes set up two TCU touchdowns. The Christians scored in the second, with McKown carrying; in the third with Bobby Jack Floyd; in the fourth with Mal Fowler carrying. Isbell ran for Baylor's only score in the second period.

Baylor's touchdown was an Isbell march. Baylor started on the TCU 49 and drove all the way — all but thirteen of it on the ground. Jerry Coody and Don Carpenter helped on a series of short lunges, but a 13-yard pass from Isbell to Harold Riley was the key play to put the bears on the nine.

On the next play, Isbell faked a pass and sneaked across for the score. C. O. Brocato's place kick for the extra point was true.

Texas Christian then matched Baylor with a 50-yard touchdown drive and it was McKown eating up the yards. He started it with a 9-yard pass to Bobby Jack Floyd. On the next play McKown gobbled up 22 yards over left gurad on a sneak. Two plays later he went 15 through the baffled Baylor line and secondary to score. Flowers place kick was good.

PASS BACKFIRES

An Isbell pass try deep in Baylor territory backfired and led to Texas Christian's second touchdown early in the third period. Wayne Martin intercepted on the Baylor 19 and two plays later McKown, after being thrown for one loss, passed 19 yards to Wilson George on the Baylor five.

Bobby Jack Floyd pounded through to the two, then slanted off tackle for the score. Flowers' try for the extra point was good again.

Fowler ran standing up across the Baylor goal line late in the fourth period for the Christian's final score. Ted Vaught had intercepted an Isbell pass, on the 19, to set it up. A roughing penalty against Baylor had put the ball on the one.

Texas Christian	0	7	7	6	—20
Baylor	0	7	0	0	—7

TCU scoring: touchdowns —McKown, Floyd, Fowler. Conversions —Flowers 2.

Baylor scoring: touchdown —Isbell. Conversions — Brocato.

Cowboys From Texas Do Well In Boston Rodeo

BOSTON, Nov. 3. (AP)—A pair of Texas cowboys took honors Friday night at the rodeo in Boston Garden.

Billy McCullum of Center defeated seven contenders in the wild Brahma bull riding event.

In calf roping, Sonny Lavender of Holiday took second honors with his time of 13.8 seconds — just four seconds away from Milt Simon, of Colorado.

Football Fans Helped Boost State Fair

DALLAS, Nov. 3. (AP)—Some 180,000 football fans paid to see three major college football games held in the Cotton Bowl during the State Fair of Texas.

James H. Stewart, general manager of the Fair, announced that football fans helped boost the total of fair visitors to 2,320,129 this year.

Detective Put Back On Force After Woman In Case Fails To Testify

TYLER, Nov. 3. (AP)—Chief Detective J. E. Adams was back on the Tyler Police force today following a hearing by the Civil Service Commission.

Adams was suspended last month. Two women submitted affidavits against him: Adams had been charged with entering the home of Mrs. Robert Martin and conducting himself in an ungentlemanly manner.

Mrs. Martin informed the commission that she "could not bear the grief of testifying" at Friday's hearing. She did not appear before the commission.

The detective was reinstated without loss of pay.

Sentences For Theft Given In San Saba

SAN SABA, Nov. 3. (AP)—Clarence Simon, charged with the theft of a yearling, was given a five-year suspended sentence Friday night.

In connection with the same theft, Lester Tinney was placed on probation and Pete Berry, who gave State's evidence, was ordered to report at intervals to Sheriff Brantley Barker.

Postal Receipts For Month Off 10 Per Cent

Although postal receipts for October indicated more than $100 gain since September, they fell $1,096.98 short of receipts for October, 1950, H. D. Moreland, postmaster, reported today.

Moreland said receipts for October were $9,246.35, compared to $10,343.33 for a year ago. September receipts were $9,103.19.

BARROW FURNITURE COMPANY
2112-25TH STREET SNYDER, TEXAS PHONE 925

Exhibiting some of their kill bagged in the Fisher Creek area of Colorado are three of a party of seven hunters who brought back 1,600 pounds of dressed meat. Left to right are Tom Farrier, J. R. Robertson, Sr. of Las Cruces, N. M., and Victor Baze.

OPEN SEASON

A big haul of deer and elk dressing down to 1,600 pounds of meat was brought back from Spur City, Colo., by a party of six from Snyder and one from Las Cruces, N.M.

The party, made up of Victor Baze, Red Trevey, Tom Farrier, Swede Swanson, Wayne Eubanks, and J. R. Robertson Jr., all of Snyder, and J. R. Robertson, Sr., of Las Cruces, made the trip in 10 days to bag six elk and three deer.

Baze said the best part of the whole trip was when Farrier shot an elk cow and broke her hip, and the cow took off through the brush. After they had chased her about three hours, they gave up trying on foot, went back and mounted horses, and finally ran the cow down. Farrier took another shot at the cow and downed her while still on the horse, "and we had quite a rodeo out there in the brush," Baze said, adding that the horse almost threw Farrier before calming down.

The party had ridden horses up to the Fisher Creek area, where they couldn't drive cars, about 16 miles out of Spur City.

"We killed 75 or 80 camp robbers," Baze said, explaining that "camp robbers" were small blue birds, flying into their camp and feeding on their bagged game.

The kill included one bull, two spike bulls, two cows, and a calf in the elk and three bucks of 10, eight, and seven points in the deer.

Hunting since he was big enough to hold a rifle paid off for Manuel Hedges, son of Mr. and Mrs. Bushy Hedges, who recently became a member of an 18 - man

Manuel Hedges

rifle team at Arlington State College.

Manuel, who enrolled at Arlington during the summer session as a freshman, entered competition this fall for rifle team membership and became one of 18 from the cadet corps there to be selected.

Shooting 96 out of a possible 100, Manuel numbered fifteenth in high scores to become one of a team which has not lost a match in several years.

The 1951 graduate of Snyder High School has been practicing since he was a boy at the home right outside the west city limits.

The cadet is majoring in aeronautcial engineering at Arlington and is learning to fly.

Former Scurry Rancher, Brother of H. B. Allen, Dies at Sterling City

Funeral services were held yesterday in Sterling City for L. M. Allen, 59, long - time resident of Scurry County.

Allen, who died Friday afternoon after a prolonged illness, was for 15 years a rancher near Dermott. For the last 10 years he had lived on a ranch near Sterling City.

Allen is survived by his wife, two daughters, Mrs. Johnnie Dawson of Sterling City and Mrs. M. L. Baker, Jr., of Lubbock; a brother, Harry B. Allen, 117 Twenty-fifth Street; a sister, Mrs. George Richardson of Dunn; and two grand-daughters, Judy and Janice Baker of Lubbock.

Funeral services were held at the First Baptist Church, Sterling City, and burial was in the Foster cemetery there. The pastor of the church officiated, assisted by the Rev. W. B. Green of the First Baptist Church, Loraine.

No One Injured In Car-Truck Collision

Property damage was heavy, but no one was seriously hurt when a passenger car and pickup truck collided just north of town on the Clairemont Road Friday morning.

E. W. Green, highway patrolmen, said the wreck occurred when a 1950 Ford pickup driven by Clyde Gibson, 39, of Snyder, skidded on slick pavement and collided headon with a 1941 Buick coupe driven by Mrs. Louise Owens, 23, of 612 Thirtieth Street.

With Mrs. Owen were her three children. One of them, Edgar Owen, 6, was taken to the Snyder Hospital in a city police car and treated for minor lacerations and head bruises.

Gibson paid a fine in justice court for traffic violation.

Police Chief Grateful For Mild Halloween

Snyder's quiet and undestructive Halloween night was appreciated, expecially by the police department, Ray J. Keenan, chief, said.

"We wish to thank all youngsters for cooperating is not pulling destructive pranks," Keenan said.

"Wednesday night was probably the quietest Halloween Snyder ever had," he added.

Soap marks on windows and a few misplaced garbage cans were the most serious pranks, he stated.

Mississippi Editor To Address Annual Party Of Electric Co. Staff

About 30 persons from here are expected to attend the annual dinner of Texas Electric Service Company's Quarter Century Club Tuesday night at Sweetwater.

Snyder members of the club are J. E. Blakey, manager of the company office here, and Mrs. Ethel Eiland.

Guest speaker for the occasion will be Clayton Rand, of Gulfport, Miss. Rand is owner of the Dixie Press and editor of the Dixie Guide at Gulfport.

The dinner is to be in the ballroom of the roof of the Bluebonnet Hotel at 6 o'clock.

Government Giving Big Sums Of Money To Vets With Insurance Policies

WASHINGTON, Nov. 3 (AP)—The Treasury Department said today that through Nov. 1. it had mailed out 4,783,007 checks for the second National Service Life Insurance (NSLI) dividend.

The payments to date total $396,568,663.91.

The Veterans Administration estimates that it will take some 8.2 billion checks to complete payment of the $685 million dividend early next year.

The dividend is paid on those NSLI policies that have been in effect for at least three months between 1948 and 1951.

October Collections In Justice Court Are $2,121, Less Than 1950

Fines and court costs paid in justice court during October totaled $2,121, W. C. Davidson, justice of the peace, reported yesterday. Costs amounted to $1,613, and fines totaled $508. The court also collected $12.80 in civil case fees.

Justice court fines for September were $2,374, a little more than they were last month. A year ago, $2,857 were collected in fines and costs in that court during October, 1950.

Pan American Is Sued By Sand & Gravel Co.

A $10,000 damage suit was filed in civil district court last week against Pan American Production Co. by F. J. Crow and his father-in-law, Hubert Deutz, partners in the Cactus Sand & Gravel Co.

Crow, of Snyder, and Deutz, of Marshall, Minn., are asking in their petition for $10,000 in lieu of damages they allege their firm suffered because the Colorado River was dammed in June, 1950.

The plaintiff's petition alleges the damming of the river, which was done in an effort to control a burning oil well in Borden County, deprived the sand and gravel firm of its reasonable share of water.

Attorneys for the gravel company are Ross Hemphill and W. W. Park.

The first chief justice of the U. S. Supreme Court was John Jay. He served from 1789 to 1795.

School Visits by Parents Are Urged During Education Week

The public school here will begin observance of National Education Week Thursday morning, Frank Wilson, director of curriculum, has announced.

The week observed by the nation as a whole is Nov. 11 through Nov. 17, Wilson said, but Snyder schools will observe a 10-day period, the first event being open house Thursday night at the North Ward School for its patrons. This event will be sponsored by the Parent - Teacher Association for that school.

The three - fold purpose of the week is to acquaint the parents to school children with teachers; acquaint them with the overall school program; and give them a better understanding of the importance of public education in the American way of life, the director said. Parents are urged to visit the schools anytime during the week beginning Nov. 12.

"This is important for the parents, the schools, and for the students," Wilson said. "The schools can work better with the students, knowing the parents are interested in the school program; the parents will be better acquainted with the work of the schools and their children; and the students will feel their schools are more important."

Posters announcing the week have been placed over town by the student council of the high school. They also give the overall theme for the week, "Unite for Freedom."

The events of the week will also include programs presented at civic clubs by the music department of the high school and daily radio broadcasts by the speech department.

Drouth-Weary Texans Buying In Missouri

CARTHAGE, Mo., Nov. 3 (AP)—The eyes of many Texans are upon the Ozarks.

Lone Star State ranchers, hard hit by drought, are seeking new pastures in the Southern Missouri, Northwest Arkansas and Eastern Oklahoma.

The "spread," common term for a ranch in Texas, is being added to the Ozarks language.

John Olvey, who has a 2,000-head Hereford farm near Harrison, Ark., says he has been "bowled over" by Texans seeking land blessed by rain.

Hilton Terry, who came here from Friona, Tex., to enter the real estate business, says the migration has just begun. He said Texans figure they can get "twice as much meat on Missouri pastures per dollar invested, as they can on the dry Texas ranges."

The movement is reflected in another report from Roscoe L. Chamberlain, president of the United Farm Agency in Kansas City.

Of the first 100 sales to Texans in the third quarter of this year, 75 per cent bought land in Northwest Arkansas, 12 per cent in Eastern Oklahoma and 12 per cent in Missouri.

Using Carthage as headquarters, three Texas cattlemen have bought spreads in Jasper and Lawrence counties. Real estate men say there are others looking for spreads large enough for their herds.

R. A. Halbert of Sonora, Tex., and his ranch partner and son-in-law, Lee Fawcett, bought 1,700 acres near Avilla and brought 600 head of prized Herefords to stock it. Gay Copeland, also of Sonora, bought a 1,300 acre farm in Lawrence County, near Scott City, and leased more land nearby.

W. B. House of La Pryor, Tex., bought a 3,540 acre ranch in Taney County, near the Arkansas-Missouri border.

In Howell County, Bob Evans, another Texan, has begun operations on an 8,100 acre ranch southeast of West Plains. He is running 500 Herefords.

Evans said he traveled in eight states through the West and Middle West before deciding the Ozarks presented the best per unit grazing land he had found for a cattle raising.

TEXAS JET PILOT IS RESCUED FROM SEA OFF KOREA

TOKYO, Nov. 3. —Flashes from a little mirror led to rescue of a U. S. Thunderjet pilot from the cold, choppy Yellow Sea.

Capt. Walter B. Staudt of San Marcos, Texas, bailed out of his F-84 after its engine failed in a duel with a Red MIG-15 jet.

Buoyed up by his "Mae West" life jacket, he bobbed in the sea about an hour then sighted an Albatross amphibian plane from the Third Air Rescue Squadron.

Out of his life jacket emergency equipment he fished the signal mirror — about three by four inches — caught the sun in it and flashed it back and forth in the direction of the plane.

In a matter of minutes the Albatross crew picked up the light and Capt. Robert E. Wood of Memphis, Tenn., put the land-and-sea plane down near Staudt.

The pilot was hauled aboard, dried and given hot coffee, and the big plane took off for United Nations territory.

Newspapermen Will Be Brought Before Grand Jury In Galveston

GALVESTON, Nov. 3. (AP)—Three newspapermen from Houston and Texas City will be asked to report their findings on gambling here to the Galveston County grand jury.

L. E. Dowd, jury foreman, said he would ask for court orders for Thomas Marr, reporter for the Houston Press; Clyde Ragsdale, editor of the Texas City Sun, and Jack Shoop, a Sun reporter, to appear before the jury.

He said the three men had written of gambling and liquor violations here.

Dowd challenged anyone who has evidence that Galveston is a "wide open city" to present it. He said not one case involving gambling had been presented to the grand jury in its month-long session.

Fechteler Flies To Rome

ROME, Nov. 3. (AP)—Admiral William F. Fechteler, U. S. chief of naval operations, arrived by military plane from Naples today to visit Admiral Emilio Ferreri, Italian naval chief of staff.

Young Star Of Opera Cuts New Juke Box Hit

NEW YORK, Nov. 5. (AP)—Through the help of the disc-jockeys and juke-boxes there is humming a new pop tune called "Bella Bimba" as sung by Metropolitan Opera Star Patrice Munsel.

Rudolph Bing, manager of the Met, might not know of this song if you pinned him down to a fast question, but he would recognize Miss Munsel's voice as the one that was heard in Johann Strauss' opera, "Die Fledermaus", which the Met produced in their opera season last year.

She sang "Bella Bimba" with a number called "Look Me Over Once, Look Me Over Twice" and the audience did just that while she did some hupcha-hupcha torso twisting to lyrics by Howard Dietz.

Then it came time for Miss Munsel to record this song and she was willing. Columbia Records wanted to do the entire recording, but RCA-Victor had Miss Munsel under contract.

Clearances were made and Miss Munsel finally was able to make the records.

A record, however, has two sides, one of which is referred to as an "A" side and the second, less important, as a "B" side. But, on this record they chose for the "B" side an American adaptation of "Bella Bimba", an Italian folksong. In English it means "Beautiful Doll." Whether someone was reminded of tuneful 24-year-old Patrice Munsel with the lovely voice and model-size 10 figure, when seeing the title "Bella Bimba", no one can remember. Anyway, it was a honey of a break for Miss Munsel.

"When I was 22, I behaved like a proverbial grandmother," she recalled the other day. "No dates, no fast quips, no low-cut evening gowns. Just plain, dull Munsel. Thank heaven, though, that I went against my better judgment in 'Die Fledermaus' and didn't play demure in that role."

And if you don't think she is carefree again, . . well, she is going to play a role at the Metropolitan Opera this winter where she wears a bushy mustache.

Loans To Communities Running Into Millions

WASHINGTON, Nov. 3. (AP)—The government loaned communities a total of $25,110,423 for planning local public works projects during a two-year program just completed.

This was disclosed by the Housing and Home Finance Agency, which made public a compilation of the 1,343 projects for which planning loans were made.

3 Germans Sentenced

BERLIN, Nov. 3. (AP)—Three West German industrialists were sentenced today to prison terms for illegal sale of iron and steel to the Soviet Zone. Eight other defendants were acquitted.

Last Minute Comeback Brings Rice To 21-13 Score Victory

HOUSTON, Nov. 3. (AP)—Rice rallied its fumbling forces for two touchdowns in the last four minutes of play today and licked Pittsburgh, 21-13.

Trailing 13-7, the Owls first marched 65 yards in just four plays with Dan Drake passing the final 25 to Sonny McCurry. Bill Wright kicked his second extra point and this one put the Owls in front. Just 25 seconds before the game ended, Billy Ed Daniels broke off tackle and ran 25 yards for the score that sealed Pittsburgh's sixth straight defeat this season.

The Panthers had used Rice fumbles as a springboard for touchdowns in the second and third quarters, Lou Cimarolli scoring the first one on one yard line plunge and Bill Reynolds the second one from the two.

Wright kicked three extra points and Paul Blanda one for Pittsburgh.

Some 26,000 fans sat in sunny, frigid weather and watched Rice lose the ball on fumbles six times. In almost every instance, the fumble hurt and as the game waned it looked like the bobbles might break Pittsburgh's victory drouth.

RIGGS IS SPARK

But Teddy Riggs sparked that last grand March with runs of 5 and 33 yards and Bill Howton's key block paved the way for McCurry's touchdown. Then Daniels ripped through the demoralized Panthers for the clincher.

Pittsburgh roared back after Rice had moved 80 yards in seven plays for its first touchdown, Sophomore Bob Garbrecht scoring it in the second period from the two.

Bill Adams snared Garbrecht's fumble and the Panthers took over on their own 34. A 30-yard pass, Bob Bestwick to Chris Warriner, ate up most of the distance to the goal and Cimarolli climaxed the eight-play drive.

In the third, Joe Bozek pounced on David Johnson's fumble to give Pitt the ball on Rice's 35. Here it took ten plays before Reynolds cracked over.

That lead held until Rice got the ball with 4:34 to play. Then the Owls cut loose. Their final touchdown came on the first play after they had stopped a desperate Pittsburgh passing attack. Taking over on the Panther 25, the Owls exploded Daniels through the middle.

Pittsburgh	0	6	7	0	13
Rice	0	7	0	14	21

Pittsburgh scoring: Touchdowns — Cimarolli, Reynolds; conversions — Blanda.

Rice scoring: Touchdowns — Garbrecht, McCurry, Daniels. Conversions — Wright.

Milk Bowl Contest On Tab Again This Year

MARLIN, Nov. 3. (AP)—The third annual Milk Bowl contest here will see a team from Oklahoma in action this year.

Joe Novich, chairman of the milk bowl, said a team from Sequoyah Vocational School at Tallequah, Okla., had been selected. A Texas team to play the Indian reservation eleven will be picked soon.

Perfect Record Lists Drop To 26 Over State

By HAROLD V. RATLIFF
By The Associated Press

The undefeated list was down to 33 and Lubbock was projected as the No. 1 team today as the Texas schoolboy football campaign plunged into its final month.

Lubbock Friday night whipped Pampa 33-7 in the feature game of the week and by so doing not only remained undefeated and untied but pushed to the undisputed leadership of raucous District 1 in Class AAAA.

Pampa, Stephenville, Stamford, Lockhart, Bay City and Hughes Springs were added to the casualty list. Today there are only 26 undefeated, untied teams left in the four divisions of schoolboy football playing to state championships. Seven are undefeated but have been tied.

Stephenville was slammed 33-7 by Breckenridge in the top game of Class AAA.

In Class AA, Anson removed Stamford 12-7. Lockhart, undefeated but tied, was knocked out by Gonzales 13-12. Bay City, in the same category, was tumbled by Lamar of Rosenberg 13-7.

In Class A Hughes Springs fell from the unbeaten and untied before the power of Linden, 38-21.

Newcastle, the team with the best record, rolled on unbeaten, untied and unscored on. Newcastle licked Chillicothe 21-0 and now has scored 191 points to none in eight games.

Undefeated and untied in Class AAAA are Lubbock, Ray (Corpus Christi) and Lamar (Houston).

In Class AAA, Grand Prarie and Palestine remain with unblemished records.

In Class AA Anson, La Vega, Lampasas, Lamarque, La Porte, Cuero and Gonzales are unbeaten and untied. Brownfield, Shamrock, Pittsburg and Center are undefeated but have been tied.

In Class A Canadian, Dimmit, Iraan, Abernathy, Wink, Eden, Eldorado, Wylie of Abilene, Newcastle, Giddings, Whitney, Farmersville, Hawkins and Hondo have perfect records. Elkhart, Wilmer-Hutchins and Taft are undefeated but have been tied. Canadian met Clarendon Saturday night while Wink was matched against Big Lake.

Ray kept its slate clean Friday night by downing Brackenridge (San Antonio) 26-6. Lamar did not play this week.

Grand Prairie rolled on with a [illegible] of Denton while Palestine edged Bryan 14-12.

Lockney could have won the first district championship of the season had it beaten Abernathy but fell 19-7. Abernathy thus virtually sewed up the District 3 crown in Class A.

One of the most impressive showings was that of La Vega in Class AA. La Vega met a strong West team that was expected to give it trouble but won 33-7.

Pro Leaders In Sunday Games

NEW YORK, Nov. 3. (AP)—The Cleveland Browns and the Chicago Bears, National Football league divisional leaders, clash with poorer relations Sunday in bids to strengthen their positions.

Cleveland, riding a four-game winning streak, meets the last-place Chicago Cardinals in Chicago, while the Bears clash with the Washington Redskins in the nation's capitol.

Other games Sunday find Detroit at Green Bay, Philadelphia at Pittsburgh, New York Yanks at New York Giants, and San Francisco at Los Angeles.

The Browns enjoy a half game lead over the Giants in the American Conference by virtue of their 14-13 victory over the New Yorkers last week. The Cardinals have won only one out of five starts but are always a threat.

Washington, under its new coach Dick Todd, may give the Bears some trouble. The Skins have won two straight and with veterans Bill Dudley and Sammy Baugh steering the attack the Bears will have to be on guard. The Bears enjoy a one game lead in the National Conference.

Snyder Drops Two Points In Third Quarter To Lose 14-13

Speedy Moffetts' Snyder Tigers fought in vain last night as they battled out to a close 14-13 defeat from the Rotan Yellowhammers.

Settling down to sixth and last place in District 5AA, the Tigers played before an audience of close to 900 people to become the only district team without a win.

Rotan's greatest hotshots, Quarterback Mickey Martin and his running mate, Halfback Harold Hamlin, took turns grinding out yardage until Martin finally ripped out a short pass from the 10 yard line to End Bud Montgomery, who nabbed it in the end one for the 6-0 lead.

Tiger Fullback N. J. Harrison, not to be outdone, took a quick handoff from Quarter Burney Hagins two plays after the kickoff following the Rotan score and loped 46 yards for a Snyder tally. Fullback Jackie Grimmett ran over a good extra point for a 7-6 lead in the second quarter.

End Billy John Voss was in the right spot to intercept one of Martin's passes on the Rotan 30, and he raced to the five to set up another score. Back Dan Burns bore down on the Rotan line for the TD, and the Tigers led 13-6.

Another quick pass play picked up a Rotan score when End Gerald Roe caught Martin's 12 yard toss on the goal line. Point try was bad and the score was 13-12.

The third quarter was the jinx for Moffett's boys when Back Lloyd Cross punted 52 yards into the Tiger end zone. Harrison picked it up and attempted to run it back, but he was downed for a Rotan safety, and the Yellowhammers took up their winning lead of 14-13.

Rotan Back Harold Hamlin accounted for most of the Yellowhammer scrimmage gain, followed closely by Martin and Back Cecil Weems. The Snyder offensive gain came from Fullback Jackie Grimmett and Backs Dan Burns and N. J. Harrison.

Heaviest hitting on the Snyder line this week were Guards Armin Hegenheiser and Don Keller and Tackle W. G. Hill.

Duke Pops Up To Tie Wrecks

ATLANTA, Ga., Nov. 3. (AP)—Underdog Duke roared from behind today to tie Georgia Tech, the nation's fifth ranked team, 14-14.

A pass interception in the final minutes smirched the Yellow Jackets' perfect record.

The game, rough but clean, ended with about 400 fans and players on the field. The tension packed stands partially emptied when a Tech back was tackled roughly by a Duke man on the final play. It was a legal play.

A quick-witted public address announcer called for the national anthem. When the Star Spangled Banner was completed, the crowd left the stadium in an orderly fashion. A Tech homecoming crowd of 36,000 had leaned back in the fourth quarter when Tech looked safely home for its seventh victory. The score was 14-7.

Then Quarterback Darrell Crawford elected to pass and he will never finish regretting it. Duke's line poured through on Crawford and he hurried his throw.

Dud Hager of Duke caught the pass and ran to Tech's 35. Worth Lutz passed to Blain Earon, Jack Istler punched at Tech's line and Lutz scored from the two.

Tulsa Downs Sooner Aggies

STILLWAER, Okla., Nov. 3. (AP)—Tulsa's Golden Hurricane, stalled in the first quarter by keyed-up Oklahoma A&M, boomed from behind today to win, 35-7, and clinch at least a tie for the Missouri Valley Football Conference title.

The Aggies passed to their lone score in the first quarter but their sophomore quarterback sensation Don Babers was injured in the second period and they couldn't move after that.

Babers went into the game as the nation's leading passer and had completed 8 of 11 for 59 yards and one touchdown when he was knocked unconscious. He was hit under the chin when tackled after being trapped on a pass play.

Only two weeks ago on the same field the nation's leading ground gainer, Johnny Bright of Drake, received a broken jaw.

Tulsa still has to defeat Detroit before it can claim the pennant for the second straight year.

Snow Slows Princeton To Only 12-0 Victory

PRINCETON, N. J., Nov. 3. (AP)—Dick Kazmaier refused to let mud, snow and a surprisingly stubborn Brown defense stop him today and Princeton preserved its all-winning record with a 12-to 0 victory over Brown.

Kazmaier scored both Tiger touchdowns in the snowy first quarter and dominated the show.

The victory, sixth of the season for the Tigers, rated the No. 6 team in the Associated Press national poll, was Princeton's 19th in a row over three seasons.

Field Goal Brings Ohio State Up With Slim 3-0 Victory

COLUMBUS, O., Nov. 3. (AP)—All-America halfback Vic Janowicz booted a 14-yard fourth quarter field goal today to give Ohio State a 3 to 0 victory over Northwestern in a Western Conference game viewed by 71,089.

It was a game of missed opportunities and futile offenses by both squads.

Janowicz missed a field goal from the 27 early in the first period and was well on his way to becoming the goat of the game following two fumbles which Northwestern recovered when he came up with his game-winning kick in the final period.

Colorado Runs Up Big Score On Iowa State

BOULDER, Colo., Nov. 3. (AP)—Springing their speedy backs loose for long runs and intercepting passes for touchdowns, Colorado whizzed by Iowa State 47-20 today.

Sophomore Halfback Ronnie Johnson darted for two scores and Freshman Halfback Farroll Hardy dashed 38 yards for another. Two other Buffalo touchdowns came on runbacks of pass interceptions by Larry Morine and George Figner.

Iowa State's Dick Mann pitched two touchdown passes, one covering 63 yards to Mal Schmidt and another covering 44 yards to Stan Cozzi. He rammed over from the two for another score.

Southern California Spanks Army 28-6

NEW YORK, Nov. 3. (AP)—Frank Gifford and bruising Southern California surmounted miserable weather to trounce Army's Cadets, 28 to 6, today.

The powerful Trojans, undefeated in collegiate play this season and No. 1 choice to represent the coast in the Rose Bowl, spotted the West Point team a quick first period touchdown and then came back in the snow and slush to smash out a convincing victory. Army did not earn a first down. But for the wretched footing, the Trojans' backs almost certainly would have rung up a much higher count.

Stanford Taking High Road To Rose Bowl

PALO ALTO, Calif., Nov. 3. (AP)—Stanford's unbeaten Indians, traveling toward the Pacific Coast Conference title and the Rose Bowl, defeated Washington State today, 21 to 13.

Thee Indians scored touchdowns in each of the first three periods, then got scored upon twice in the final quarter.

A 54-yard drive in the initial period put Stanford into a lead it never relinquished.

Georgia Beats Alabama

ATHENS, Ga., Nov. 3. (AP)—Clell Hobson threw two touchdown screen passes and Red Lutz booted a field goal today to give Alabama an exciting 16 to 14 victory over Georgia.

After trailing 7-0 at intermission, Alabama found room to maneuver in the second half and surged back.

Tennessee On Top Again In Tarheel Win

CHAPEL HILL, N. C., Nov. 3. (AP)—HankLaurice Ila, Tennessee's potent little butcher knife, passed and flashed North Carolina into submission 27-0 today to extend the winning streak of the nation's number one football team to 16 games.

The 169-pound wizard scored two touchdowns, passed for another and set up a fourth.

One of the touchdowns was a 27-yard sweep around his right end in the first period.

The Senior field general, a strong candidate for All-America honors, played only half the game.

Rocked back on their heels for most of the afternoon, the Tar Heels roused themselves for two menacing gestures just before the final gun.

They traveled 66 yards to the 10, where Tennessee's vicious defense rose up to swallow the threat. A few moments later they rolled down to the 10 again, with first down and goal to go.

Three line plays moved the Tar Heels to the five, but that was as far as they could go.

Talks May Give News Of POWs

WASHINGTON, Nov. 3. (AP)—How many U. N. troops are in Chinese and North Korean prison camps — and who are they?

Korean truce talks — if they ever get started — may bring the answers.

Only 173 U. S. servicemen are known without a doubt to be held by the Communists. But 10,753 Americans are missing in action, and many are believed to be POWS.

Next-of-kin of those missing must wait for word until the Communists agree to (1) a man-for-man release by both sides, (2) release of all prisoners by both sides, or (3) merely allow the U. N. some sort of access to its captured troops.

The Defense Department has a rough estimate of the number actually held by the Communists but isn't giving the figures because it fears it might raise false hopes by relatives of missing men.

The Reds aren't saying either, but unofficial estimates place the number at about 10,000 U. N. troops altogether, 4,500 of them American, probably held in North Korea.

The U. N. held 166,931 Communist POW's at last reports. 148,243 North Korean and 18,697 Chinese. The name, grade, serial number and mailing address of all have been reported to the International Red Cross committee in accordance with the Geneva Convention.

The Chinese Nationalist government was a party to the Geneva Convention, buf the Communist government is not. Neither is the North Korean People's Republic.

Illinois Wins Over Michigan

CHAMPAIGN, Ill., Nov. 3. (AP)—Rose Bowl hopeful Illinois scored in the final 65 seconds on an 8-yard pass to defeat Michigan, 7-0, in a snow storm before 71,119 today.

The Illini's victory strike, capping an 83-yard march, came on a toss from Quarterback Tom O'Connell to End Rex Smith, who grabbed the pass wide open in the end zone.

It was the sixth straight win for undefeated Illinois, now in position to win the Big Ten title and a Rose Bowl bid.

Illinois, rated third in the Associated Press Poll, never advanced beyond Michigan's 22 until its payoff blitz.

Michigan had been undefeated in three previous league starts.

Kentucky Beats Miami

LEXINGTON, Ky., Nov. 3. (AP)—Kentucky's Babe Parilli tossed three touchdown passes today to pace a 32-0 football victory over Miami.

He was master as the Kentucky offense rolled at will.

Reservist Who Put Officer On Spot 'Regrets'

SAN FRANCISCO, Nov. 3. (AP)—A marine reserve sergeant from New Orleans today anxiously awaited what might be in store for him after speaking out of turn to the commander of the Marine Corps.

The Marine, M-Sgt. Richard Dempsey, interrupted a press conference of Marine Commandant General Clifton Cates Friday to complain "I'm a reserve, sir, and I have a family problem for which I have requested a transfer. I asked that I be assigned duty with the marine air group at New Orleans so I could be near my family."

The Marine plunged on to say that his transfer was refused without explanation and "I don't think the case was investigated thoroughly."

Silence in the room was appalling.

At last General Cates spoke "Sergeant, I don't know the details of your particular case. But in any regard you should know that a matter such as this should have been taken up with me in the regular manner. This is no place to air such grievances."

Dempsey, a former reporter on a New Orleans paper, later told newsmen that if he had it to do over again he would keep his mouth shut. But, "it was an act of desperation. Here he was talking about reservists and complaints and there I was. I thought he'd take it differently. The worst of it, I realize now how badly I put him on the spot. And I wish it could be forgotten."

Sooners Take Easy Victory

MANHATTAN, Kas., Nov. 3. (AP)—The University of Oklahoma's Sooners moved nearer their fourth successive big seven football title today by overpowering Kansas State, 33-0.

Led by Halfback Dick Heatley's three touchdowns, the Sooners scored in all but the first period.

Oklahoma had its hands full before finally paving the scoring road. A stout Kansas State defense, aimed by Oklahoma fumbles, held the Sooners scoreless the first quarter. The Wildcats trailed 0-13 at the half.

The Sooners' rapid firing ground attack rolled for 422 yards. Passes, coming at the right time, clicked for 158 yards.

In addition to Heatley's three touchdowns, one of them on a 47-yard trip, Oklahoma scored with Buddy Leake and Joe Gaynor crossing the goal line. Jim Weatherall made three of his five conversions by placement.

Maryland Powers To Beat Missouri 35-0

COLLEGE PARK, Md., Nov. 3. (AP)—Unbeaten Maryland, powered by a ground attack which gained 350 yards on a sloppy field, rolled to a 35-0 football victory over Missouri today for its sixth consecutive victory.

Running plays accounted for four touchdowns engineered by the nation's fourth ranking collegiate team, but a 101-yard fourth quarter runback of a pass interception by freshman Joe Horning supplied the big thrill.

Don Bynum Raymon Bynum

Bynum Brothers Tread Similar Paths in Football Careers

Football, as it must seem to both Snyder High School and McMurry College, runs in the L. O. Bynum family of Snyder.

At least it's in the blood of two of the Bynum boys, Raymon and Don, who formerly lived at 2703 Avenue V in their high school days here and both played football from their freshman year in high school through their senior year in college.

Raymon, who is now out of McMurry and coaching at Mineola, is a 1946 graduate of Snyder High School. While there he played four years as an outstanding tackle to earn a football scholarship at the Abilene college. As a guard for the McMurry Indians, he was especially noted for his offensive blocking before graduating in 1949.

As head athletic coach at Mineola High School, Raymon is now playing a team he took to district championship last year.

The younger Don, who graduated from high school here in 1948, followed Raymon's footsteps to a scholarship at McMurry, where he is now a senior. A physicial education major, Don plans to coach after he receives his degree. The 185 - pound end is used particularly for defensive play.

Unlike many college athletes, both the Bynum boys have reached the top scholastically at McMurry. Just recently Don was invited to join Alpha Chi, a national scholastic society of which Raymon is a member.

USO Traveler's Service Is Aid To Servicemen

WASHINGTON, Nov. 5. (AP)—The lanky GI walked up to the USO-Traveler's Aid lounge in Union Station and wistfully asked a volunteer worker to suggest a sightseeing tour of Washington. She mapped a complete day's program, then on request outlined another for a second day, a third and a fourth.

When the soldier said he'd like to visit Mt. Vernon and asked how far it was, she told him it was too far for that afternoon. She suggested instead that he spent the rest of the day walking around in the downtown area she had told him about.

"Oh," said the GI, "I can't take any of these tours. My train leaves in 15 minutes. I was just having a little fun dreaming about the places I could have seen if I'd had the time."

Miss Mary Lucas, director of the lounge, says the youth was one of 17,528 service personnel who visited the lounge in a recent month. Known as the Presidential Lounge, the huge Victorian room, with its vaulted ceiling, was built as a waiting and reception center for outgoing and in-coming dignitaries. Turned over now for the use of servicemen, it also has a waiting vestibule for servicemen's wives, sweethearts and relatives.

Here traveling GI's may check their baggage, watch TV or play games, read or write letters, get help in hunting up relatives or finding out about recreation programs. Fifty lounge chairs provide a place for weary servicemen to catch a cat-nap. In a pinch they can spend a night on the floor.

"We have a wake-up service," explains Miss Davis, who has been in social service work the past 25 years. "We just put tags on the men to tell us what trains they want to take and when they want us to wake them up—and we do."

Pipeline Completion Slated For December 1

COLORADO SPRINGS, Nov. 3. (AP)—The new 216-mile pipeline between the Amarillo, Tex., gas field and Kit Carson, Colo., will be completed about Dec. 1, G. F. Brunston, vice president of Colorado Interstate gas company, said today.

Completion of the new line will make more gas available for Pueblo, Colorado Springs, Denver and other cities on the company's line along the eastern base of the Rocky Mountains by carrying gas from Texas to the company's Kansas-Denver line.

Building Contracts Low Again This Week

AUSTIN, Nov. 3. (AP)—Texas construction contracts totaled a comparatively meager $5,639,711 this week.

The "Texas Contractor", building trade journal, reported residential lettings of $1,255,200; non-residential, $1,215,250; and engineering, $2,969,261.

The year's total rose to $985,842,579.

Rough Weather Lashing Across Many Areas Of Nation Again

By The Associated Press

Snow, rain and whistling winds lashed the East and Midwest Saturday.

The onslaught began at a time when most of the nation was feeling the sting of freezing cold — a cold that set new low records for the date at many points.

The rough weather resulted in at least 20 deaths.

It was autumn by the calendar. But, as a cold fact, it was winter.

The wild weather cut down the size of the crowds in many football stadia. Scores of high school [illegible] games, were postponed or cancelled.

Winds up to a mile a minute accompanied a heavy rainfall in New England. Gusts of 63 miles an hour were reported before the blow began to peter out at noon.

The wind felled trees and twisted television aerials. Power failures hit at least 10,000 homes in the suburbs of Boston.

Eight inches of snow fell in the Buffalo, N. Y., area. Central New York State and Western Pennsylvania had falls that scaled up to four and a half inches. Massena, N. Y., had six inches of snow.

A blanket of two to three inches was laid down in Western Maryland. Two inches or more of snow coated the Western North Carolina mountains. Most of West Virginia was covered by light snow.

Bulldozers scraped four inches of snow off the field at Ithaca, N. Y., so Cornell and Columbia could play football.

Snow, thunder and lightning occurred at the same time in New York City.

A blinding snowstorm swept the gridiron at Madison, Wis., as Wisconsin met Indiana.

Snow accompanied by winds of 30 to 40 miles an hour fell in Minnesota. Hamilton [illegible] Michigan, had [illegible] storm that started Tuesday.

Chardon, Ohio, has seven inches. Most of Iowa had its first snow of the autumn.

Rain, snow and sleet peppered New Jersey.

Temperatures touched lows below the freezing mark in 28 states. Only the far west and a strip of land along the Gulf of Mexico and the South Atlantic escaped the nip.

Dixie was chilly, too. Gun-jumping winter sent the mercury down to 12 above at Lexington, Ky., to 15 at Nashville, Tenn. and to 22 at Jackson, Miss.

New Polio Cases On Increase Over State

AUSTIN, Nov. 3. (AP)—Fifty-six more polio victims were counted in Texas last week.

The State Health Department reported the new cases, five more than for the week preceding, boosted the state's total for the year to 1,640.

The new incidence struck in 20 counties, with 10 cases in Harris County heading the list. Dallas County ran a close second with 8 cases.

Other counties counted cases as follows:

Tarrant 6; Jefferson and Ector 5 each; Bexar and Swisher, 4 each; McLennan, 2; and one each for the following: Austin, Brazos, Dewitt, Ellis, Gray, Grayson, Hall, Hidalgo, Hill, Hopkins, Potter and Smith.

Mahon to Speak Before WTCC

AMARILLO, Nov. 3. (AP)—The West Texas Chamber of Commerce expects the largest attendance of its 5,000 members in a decade at its 34th annual convention here Nov. 14-16.

Keynote speaker will be Rep. George Mahon of Colorado City and Lubbock, who will speak on the morning of Nov. 15. He is chairman of the House Defense Appropriations Sub-Committee which must initiate federal government appropriations.

Other speakers will include Jack D. Neal, acting officer in charge of Mexican affairs of the U. S. Department of State; R. B. Anderson, Vernon, chairman of the State Board of Education; E. H. Thornton, Jr., Galveston, chairman of the Texas Highway Commission; and Dr. Umphrey Lee, president of Southern Methodist University.

Pre-Christmas Record Market Displays Variety of New Wares

If you're a music fan who goes for records, this should be an interesting winter for you whether you prefer the music be-bop, long-hair or any cut in between.

There are now, or will be soon, more new records on the market than you can buy at one sitting with your deduction - riddled pay check, and some of them are really quite memorable. Record companies will be making a lot of them as they seach the market and most of the popular and rising artists are well - represented.

WESTERN TYPE

For Western music, Tex Ritter, Bob Wills, recording of "Silver Bells" is definitely of interest. It's Wills at his best, considering performances in recent years, and fine treatment of the old song. On the flip side is "The Last Good-Bye," a Western waltz with a spoken dedication to Milton Brown, Wills' late partner.

For pop fans, Tony Martin's "Domino" seems to be among the most up and coming. Guy Mitchell, remembered for the twins "Truly Fair" and "Liberty Belle," is taking a chance on Hank Williams "I Can't Help It." Don Cherry, taking the same chance that the song will click in bop circles, has also cut it. Mitchell backs his up with a third "Fair" and "Belle" titled "There's Always Room at Our House," while Cherry uses "Grievin' My Heart Out For You."

Christmas just around the corner has given several popular artists an opportunity to do some traditional numbers in modern dress. Not the least of these artists is Patti Page, who sings "Jingle Bells," "White Christmas" "Silent Night" backed by "Santa Claus is Coming To Town" and "Boogie Woogie Santa Claus." It took Guy Lombardo to do "Christmas Chopsticks," only one of several novelties befitting the season.

RHYTHM HOUNDS

For those who dig the rhythm and blues, Willie Brown has on wax "Cadillac Boogie," something of a novelty with strong backing. Buddy Johnson's orchestra and Arthur Prysock get together for "Ever Since the One I Love's Been Gone" and "Be Careful."

Dinah Washington, among the leaders in her field, has aroused considerable comment with "Baby, Did You Hear?" and "Just One More Chance," wherein she gets torch singing off to a flying rendition.

In the classical field, a new 33 rpm recording of the complete "Carmen" bids fair to make itself a name. Rise Stevens as Carmen and Jan Peerce as Don Jose make an interesting team, and the Robert Shaw Chorale group adds the final dash.

MARIO LANZA

Other best - sellers in the classical field at this time include Mario Lanza's recording of "The Great Caruso," "La Traviata," featuring the NBC symphony and chorus, and Rachmaninoff's "Concerto for Piano and Orchestra No. 2 in C. Minor," also with the NBC symphony. All are on long-playing records.

With the approach of the Christmas season, children's records will also probably be more plentiful. Several recent releases from current movie, and several one or two - record stories come with an illustrated book so that the too - young - to - read can follow the story in pictures.

HOSPITAL NOTES

Patients admitted to the Snyder Hospital Friday included: B. O. Bishop, 29, engineer for the Standard Oil Co., admitted Friday afternoon at 2:30 with a cut arm, condition reported Saturday as very good.

Rosa Torrez, 7-month-old daughter of Mr. and Mrs. Faustino Torrez of Dunn, medical patient admitted at 6:30 Friday evening, satisfactory.

Lloyd Curtsinger, 34, employee of Honda Drilling Co., slight burns, admitted at 8:15 Friday morning, satisfactory.

Relased Friday morning was Clarence Foster of Snyder, an accident patient.

Two Cars Collide At Highland Park Corner

A minor accident occurred at the intersection of Dalton Drive and Sunset Avenue Friday afternoon.

A 1951 DeSoto sedan driven by Barbara Nichols, 2807 Avenue C, and a 1950 Ford driven by John Battle, 2558 Sunset Drive, collided, police reported. There were no injuries.

Allowable Drop For November In Effect

AUSTIN, Nov. 3. (AP)—The November daily oil allowable took effect Thursday, cutting this week's total average calendar day allowable to 2,977,638 as of today. This was a drop of 151,371 barrels from last Saturday's permissive flow.

The railroad Commission reported completion of 198 oil wells, 33 gas wells, and 125 dry holes. Oil well completions for the year to-date 9,253 compared with 9,027 a year ago.

Wildcat drilling produced seven oil wells, one gasser, and 74 dry holes.

Operators plugged 127 dry wells, 9 gassers and 47 oil wells.

High School Principal Undergoes Operation

T. D. Wiman, principal of the high school, underwent spinal surgery in the Baylor Hospital, Dallas, Friday. Mrs. Wiman, who is now in Dallas, said doctors reported the operation a success when it was completed at about noon.

ROGERS MEN'S WEAR
EAST SIDE OF SQUARE SNYDER, TEXAS

For days, he's perched there — but not in a pole-sitting contest. B. G. Ward, for several days, has been splicing the 2,424 wires in a telephone cable in the 1600 block of Twenty-eighth Street. This is part of the work of tying in the old telephone office with the new office at Twenty-seventh Street and Avenue R. Several other similar splicing jobs will be done in various parts of town. — (LaWayne Hulse photograph).

Telephone Crews Tie in Wires Of New System Into Old One

Splicing a telephone cable is more work than one might think at first.

Several cable splicers in different parts of town have been working on scaffolds suspended near the tops of telephone poles for more than a week. They are splicing the wires of the new telephone office into the wires of the present office, a job requiring many tedious hours.

Just how long it will take to finish the splicing may be difficult to figure, but 320 man hours will be required to test the wires after they are spliced, J. D. Miller, cable splicing foreman, said.

B. G. Ward has spent a number of days on the splicing project in the 1600 block of Twenty-eighth Street, where 1,212 pairs of wires are being tied into an equal number.

These wires form a cable which is covered with "Alpeth." This is a trade name for a plastic covering made of aluminum and poly ethlene.

When all the splicing is finished, the wires will be tested again with the new office. Then the new office—with all the cables and all the wires from phones all over town—will be tested, pair by pair, with the old office, Miller said.

Shown Around Washington Gotten Around

WASHINGTON, Nov. 5 (AP)—A senator's wife recently rang up a group of servicemen to luncheon in the Senate dining room at the Capitol building. The Senate was in session, so her husband was unable to join them.

But the lawmaker's wife called him off the floor when she thought he ought to get the "low-down" on what the GI's thought of certain phases of the draft bill. They talked freely, and the senator listened. He agreed with them.

It does the senators and congressmen good to hear directly from the men," says Mrs. Martin Vogel, Washington social leader who is chairman of the Home Hospitality Committee of the city's Armed Services Hospitality Committee. So now many of the 150 prominent women and young girls of residential Washington on her committee arrange luncheons on Capitol Hill for groups from different parts of the country so they can meet congressional leaders.

The wives of Senators Ferguson (R-Mich.), Kefauver (D-Tenn.), Knowland and Nixon (R-Calif.), Saltonstall (R-Mass), Stockman (R-Ore.) and Holland (D-Fla) are among those who have been luncheon hostesses. Mrs. Tom Clark and Mrs. Harold Burton, wives of the Supreme Court justices; Mrs. Frank Pace, wife of the secretary of the Army; Mrs. Oscar Chapman, wife of the Interior secretary, and other wives of officials also have been active in helping the servicemen get acquainted informally with their government big-wigs.

Servicemen on leave in Washington are often treated to afternoon and evening entertainment with an international flavor. Numerous parties have been staged by wives of foreign diplomats at their embassies. The men not only get a gander at foreign decor and furnishings but are treated to musical programs and games and—best of all—to richly-laden buffets of strange and wonderful foods.

Abdullah Having Good Time In Juarez After Divorcing Wife

JUAREZ, Mexico, Nov. 3. (AP)—Sheppard (Abdullah) King stayed up all night to celebrate his Mexican quickie divorce in Juarez.

"I'm surrounded by a bunch of people named Jesus and I'm having a devil of a good time," he said.

King, whose romance with Egyptian Belly Dancer Samia Gamal intrigued millions and revealed some unique events, divorced his wife, Gloria, in a 30-minute session Friday in Judge Jesus Barbara Cornejo's court in Juarez.

He made the rounds to celebrate with Houston Attorney John J. Herrera, and Sunday will be the guest of the city of Juarez at a bullfight.

What his divorce will mean to proceedings pending in Harris County, Texas, courts didn't worry Sheppard.

His wife, Gloria, has an annulment petition pending and says she doesn't remember remarrying Sheppard last June 2.

ANOTHER PETITION

Attorney Robert L. Sonfield has a petition pending to have the annulment refused and also asked the court to take the Kings' son away and make him a ward of the county.

"My son isn't in the county so they can't take him away from me," Sheppard, who has become a Moslem and taken the name Abdullah, said early today. "And I'm Cairo bound in a few weeks. That Sonfield guy's bucking the wrong guy."

"Mexico did all right with me," Sheppard said, "I love the country. And Juarez is twice as much fun as Paris. I sent Samia a cable and told her so."

"Champagne is fine, but Tequila is wonderful. All this town needs is Samia. Wow! What a combination that would be."

Sheppard said he'd "flap back to Houston" in a few days for a brief visit with his mother, then fly to Cairo and marry Samia Nov. 22.

SPECIAL SESSION

Judge Barbara Cornejo called a special session of his court on All Saints Day to grant the divorce. The grounds were incompatability.

Then the judge took up a collection to send Samia a bottle of Tequila.

King met Samia in Paris and courted her there and in Cairo. After their love blossomed, he embraced the Moslem faith and acquired the name Abdullah.

Then it was disclosed he hadn't been divorced from Gloria, whom he married twice.

Samia Gamal was born in a village south of Cairo. She was the second daughter of a modest family.

"My parents brought me to the capital when I was a week old," she told an interviewer in Cairo. "As far as I can remember, I was especially fascinated by Oriental dancing."

PARENTS SPANKED HER

This is the world famous belly-dancing which delights all tourists.

"I used to spend hours before a mirror, imitating the gestures of dancers. This earned me a spanking every time my parents saw me."

But the urge of dancing was stronger than any opposition. In 1941 at 17, Samia, now an orphan, entered Badia, Cairo's best known Oriental nightclub, as a chorus girl.

Success came fast.

She became the main attraction in swanky casinos and night clubs of Cairo. She started her movie career.

Samia Gamal was established as an international star in 1950 when she danced at the Deauville Casino, in an Egyptian Gala, and later at Monte Carlo at one of Europe's most famous charity events.

"This year I travelled to Paris, just for fun," she says, "and I met Shep." Then she added, "Mektoub," the Moslem word meaning "It Was Written."

Two Killed In Collision

HEALDTON, Okla., Nov. 3. (AP)—A Texan and an Oklahoman were killed in Carter County Friday night in a two-car collision.

The Texan was James Clark Roberts, 39, of Dallas. The other victim was David Wesley Griffin, 20, of Healdton.

TEXAS BRANDS

MILIKIN

BY JOHN M. HENDRIX

Probably the prize big brand of the entire collection was that given by F. R. Milliken, who gave his post office as Weatherford, Texas, and his ranch on the Brazos River in Parker County, when he burned a synopsis of his entire name, MILIKIN, on his cattle.

Even at this late date there is no doubt that Mr. Milliken readily recongized his cattle as did others who saw them. We are of the opinion, however, the Mr. Milliken must have dealth with big steers for the calves of that day or this either could hardly accomodate his brand of such proportion.

Building Picks Up, May Equal 1950 Record

Building permits this year are nearing last year's record and could possibly exceed it, W. J. Ramsey, city superintendent, said.

Twenty - one permits issued in October for constructions costing $76,500 pushed this year's total to $3,626,806 about $300,000 shy of last year's total of $3,936,896, he said.

"Residential building is picking up again since government down payment and pay term restrictions were lifted," Ramsey said. "We had a two - months period this year when residential building was at a standstill;" he added.

Heading last month's building were permits issued to Ben Pennington for construction of nine houses in Belmont Park Heights in North Snyder at a cost of $4,000 each.

Other permits were:

Mrs. H. V. Williams, 1720 Twenty-sixth, store, room, $200.

F. O. Sears, 3011 Avenue X, garage, $1,000.

Jerald Smith, 318 Twenty - ninth Street, residence, $3,750.

H. L. Greenlees, 1711 Lubbock Highway, addition to house, $350.

Towle Place Development Co., 3110 Fortieth Street, $10,000.

N. R. Clements, 3005 Avenue U, glass room, $1,200.

Williford Lumber Co., 206 Thirty - first Street, residence, $7,500.

Harvey Shuler, 1306 Twenty - third Street, $300.

Mrs. B. F. Clark, 3302 Cherry Street, addition to house, $5,000.

Claude Warren, 1611 Twenty - seventh Street, apartment, $1,000.

Hundreds of U. S. airmen were stationed in the Azores in World War II.

Compost Pile of Fall Leaves Helps Soil but Is Hard Work

West Texas gardeners have soil which will grow almost anything—provided there is water and the soil is worked.

The soil in this area generally has no serious deficiencies of minerals, but has a tendency to pack too tightly. This prevents the movement of air underground, and cuts down on the amount of moisture the soil will absorb.

A farmer can help combat this packing by deep cultivation and by turning under stubble or a cover crop. The gardener working a small plot, however, must rely mostly on the use of soil conditioning material.

MANURE AND STRAW

A mixture of well - rotted manure and straw and sometimes some sand are commonly used here because they are easily secured and because the manure will serve as a fertilizer as well as helping loosen the soil.

Another excellent soil conditioning material, which takes a great deal more work to prepare, is compost, a mixture of leaves or other organic material and soil which takes about a year to season.

The compost heap may be built on top of the ground or in an eathen pit here, although a special receptacle must be built in areas where there will be enough rain to leach the organic material of its minerals. The soil and organic matter are placed in alternate layers with soil on top and bottom. The soil layers should be one to two inches thick with the organic material four to five inches thick.

The organic matter may be leaves or other types of vegetation or manure. The richness of the final mixture will, of course, depend upon the type of organic material used. Dry stalks, for instance, would provide very little nutritient for the soil and a few handfuls of a nitrogen - enriched fertilizer added as the compost pole is built up would be a good idea.

MUST BE TURNED

The compost pile may be as high or deep as the builder cares to make it, although turning it the required number of times per year (usually three or four) becomes a greater problem as the pile is larger. Turning is essential so that all the material may decay evenly, and the pile should be sliced vertically to be turned in small portions so that the arrangement of soil and organic matter will not be disturbed.

This compost is especially recommended for use in hot or cold beds. It would do your lawn a world of good too, but as Oscar Fowler, county agent, put it, "it really is a lot of work for the result."

There are easier ways to introduce the soil conditioning materials, most of which require only the use of enough labor to spread and mix lightly into the soil itself.

Hearing For Referee In Basketball Fix Set For November 13

NEW YORK, Nov. 3. (AP)—Sol Levy, former basketball referee, will receive a hearing on Nov. 13 on charges he fixed a professional basketball game.

Levy, discharged as a National Basketball Association official last February, is held on $15,000 bail. He is specifically charged with fixing the Indianapolis - at - Boston NBA game, won by Boston, 78-75, last Nov. 12.

Disfrict Attorney Frank Hogan said Levy received $3,000 for rigging the Boston at Washington game, Nov. 11 and Nov. 12 game, and the New York at Syracuse game on Nov. 19. Hogan also said that Levy attempted but failed to fix three other games.

Levy, 41, denied the charges when booked Friday.

Army Seeks to Curtail Black Marketeering In U. S. Occupation Troops

FRANKFURT, Germany, Nov. 3. (AP)—American and German authorities have opened a big drive aganst black marketeering and vice in U. S. troop areas in Germany, it was disclosed today.

Both military and German police are combing the "hot spots" where soldiers congregate. The are looking for the shady dealers and the loose women who always follow troops.

Orders also have gone out to pick up any soldiers caught dealing with black marketeers or living in what the army calls "illegal billets" with their German girl friends.

A recent raid in nearby Hanau netted large quantities of coffee and cigarettes bought from Army post exchanges and sold into the German black market for many times the original cost.

Chairman Of Board At Lamar Tech Resigns

AUSTIN, Nov. 3. (AP)—Gov. Allan Shivers today accepted the resignation of Dr. A. M. McAffee of Port Arhtur as a member and chairman of the board of regents of Lamar State College of Technology.

Dr. McAffee advised the governor he was resigning "in order that there may be no embarrassment on the part of the regents in their consideration of me for president at their meeting on Nov. 19, and in order that I may be on the same level with other applicants for the position.

Dr. McAffee has been reported under consideration as successor to Dr. John E. Gray, who has resigned effective Jan. 1. Dr. Gray will become executive vice president of the First National Bank of Beaumont.

Swindler Finds Safety In Mexican Courts

HOUSTON, Nov. 3. (AP)—The FBI has charged William C. Massey with transporting stolen money from Houston to Mexico.

Massey is accused of swindling Shelby County poultry farmers of about $50,000.

Deputy Sheriff W. E. Isbell and Chief Deputy Sheriff J. M. Hout trailed Massey to Mexico City from Shelby County, but were unable to return him to this country. Massey had obtained a Mexican court order preventing his arrest. Officers hoped the FBI charge will speed his extradition.

Texas Horse Wins Event

SAN FRANCISCO, Nov. 3. (AP)—A Texas horse took a first place in the Grand National Horse Show Friday night.

Accomplishments of Scurry County 4-H club members will be recognized this week during the observance of National 4-H Club Achievement Week. Officers of the Hermleigh 4-H club are shown above around a globe, signifying the 1951 theme, "Working Together for World Understanding." Left to right are Opal Cox, secretary-treasurer; Twilla Jackson, vice president; Joan Halbert, president, and Betty Hillis, who received an award from the Kelvinator Corp. presented to the county 4-H girl outstanding for work in food preparation. Betty lives in the Midway communiy. Joan, who heads the 54-member Hermleigh club, was awarded a gold medal for outstanding leadership. A club member three years, she served as president last year. Her Junior Leadership Award was given by Edward Foss Wilson, president of Wilson & Co.

Coinciding with National 4-H Achievement Week is Future Homemakers of America Week. The three Snyder High School students shown setting a party table in the home economics laboratory are, left to right, Sandra Scott, Rita Johnston, and Latrell Elrod. The local chapter has a membership of 117 girls. Today is Church Day, with each FHA girl planning to sit with her family at church. Bettie Estes is chairman of today's activities Carolyn Holly is chairman of Monday's program. Community Day is Tuesday with Louise Cook as chairman. Sandra Fowler is in charge of Wednesday's activities when courtesy at school and home will be stressed. Family entertainment is scheduled for Thursday when each FHA girl is to plan special family fun.

THE SNYDER DAILY NEWS

VOL. 2, NO. 159 | SNYDER, TEXAS, SUNDAY, NOVEMBER 4, 1951 | SECTION TWO

Helping care for baby brother, Tommie, was one of the activities that merited the 4-H Gold Star Award for Dixie Lee Kimmel, a member of the Ira High School 4-H Club. This coveted award is made by Texas A&M to the girl in each county who does outstanding 4-H Club work. Mrs. Mildred Sparks, county home demonstration agent, works with the 195 girls who are members of the countys four 4-H Clubs at Ira, Hermleigh, Fluvanna and North Ward School. Dixie Lee, whose activities are described in the story on this page, is the daughter of Mr. and Mrs. J. H. Kimmel.

City and County Girls Learning In 4-H, FHA

Tomorrow's homemakers — represented by two large organizations in Scurry County— are marking this week as a special one. Future Homemakers of America in the Snyder High School number 117 and each girl is planning special emphasis on chapter activities throughout the week. Meanwhile, almost 200 4-H Club girls at Ira, Fluvanna, Hermleigh and North Ward School will observe National 4-H Club Achievement Week.

Ranking highest among county 4-H girls is Dixie Lee Kimmel, daughter of Mr. and Mrs. J. H. Kimmel., who received the Star Award. Texas A&M presents this gold pin to the one girl named as outstanding in 4-H work in the county. And Dixie Lee has a long list of achievements to prove her Gold Star pin landed in qualified hands.

Dixie Lee lives on a 395 - acre farm and attends Ira High School. Her 4-H Club career began some six years ago when she was just 8 years old. With two younger brothers and two older brothers, the Gold Star girl pitches in to help Mrs. Kimmel with the inexhaustible list of home tasks to keep the family going.

Sewing, preserving and preparing food, and raising poultry are part of Dixie Lee's projects, with special emphasis on helping care for baby brother Tommie and Phillip, the 4-year-old. Besides baking, basting and baby - sitting, Dixie Lee carries a full share of responsibility at school. She is treasurer of her class, plays basketball and takes part in church activities. Classmates voted her their favorite last year.

Her 4-H Club participation has included serving as president of the club last year and vice president this year. She was voted "Happiest Girl" by her 4-H Club sisters and won second place in a junior dress review sponsored by the club. And with home and 4-H activities Dixie combines study which keeps her in the upper 10 per cent of her class.

Awards were also in order for other county 4-H girls such as Joan Halbert of Hermleigh, who received the county Junior Leadership award presented by Edward Foss Wilson of Wilson & Co. Another Hermleigh 4-H girl, Betty Hillis, received the Kelvinator Corp., award for outstanding work in food preparation. Cakes are Betty's speciality, according to Mrs. Mildred Sparks, county home demonstration agent who presented the pins to the winners.

Dianne Kerley, daughter of Mr. and Mrs. Bruce Kerley of Fluvanna, won the Clothing Achievement award presented by Spool Cotton Co. She makes some of her cloth-

See on Page 2, Sec. 2

Dianne Kerley, winner of the 4-H Clothing Achievement Award, gets a helping hand from her mother, Mrs. Bruce Kerley, who is an expert seamstress herself and directs her daughters sewing talents. The awards was given by the Spool Cotton Co. to the county girl outstanding in clothing work. Dianne has been a 4-H Club member for three years and has given clothing demonstrations to the Fluvanna club. Popular with her classmates, the young seamstress represented the seventh and eighth grades in a recent Halloween carnival.

Sewing is one of the FHA activities, too. Left to right are Nancy Jordan, Shirley Carroll and Wanda Ashley, pinning a pattern in a clothing lab at the high school. The girls will observe Fun Day when each plans to attend the football game and back the Tiger team. Hobo attire is to be worn by the members Saturday, Fund Day, as they do odd jobs to build the FHA treasury. Then the money will be used for an electric fan for the home economics room. There are 893 FHA chapters in Texas.

FHA members Sandra Ainsworth and June Brown stir up muffins under the direction of Miss Vera Periman, FHA sponsor and home economics teacher in the high school. Working together the girls learn creative leadership in home and community life. Officers of the Snyder FHA chapter are as follows: Marilyn Thomas, president; Mary Alice Richardson, vice president; Sandra Fowler, secretary; Bettie Estes, treasurer; Jeanette Crawford, reporter; Wanda Payne and Ramona Clarkson, parliamentarians; Louise Crook, song leader; Carolyn Branson, pianist; Francine Taylor, historian, and Carolyn Holly and Shirley Ramsey, recreation chairmen.

In another clothing lab where FHA members learn the intricacies of fashion design, Faye Camp presses a seam while LaNell Green, right, fits a skirt on Juanita Cranfill. To promote a growing appreciation of the joys and satisfaction of homemaking is chief purpose of FHA. Local future homemakers are joined by 39,372 other girls in Texas who are stressing the importance of worthy home membership this week. Providing wholesome individual and group recreation is also a main peg of the program.

ENGAGEMENT TOLD

Mr. and Mrs. J. E. Nixon of Snyder and Odessa, Tex., are announcing the engagement of their daughter, Miss Marlene Nixon, to Arlen Stokes, son of Mr. and Mrs. Sam Stokes, route No. 3. The wedding will take place Saturday. The bride-to-be attended Snyder High School where she was head cheerleader this year and was class secretary and class favorite last year. The prospective bridegroom attended Snyder schools and was a member of the Tiger football squad. He is employed bp Scurry Butane Co.

Mr. and Mrs. Roy W. Dacus, 1603 Avenue S, spent the week end with Mrs. Dacus's father, Larry Smith of Abilene, and her sisters, Mrs. Maple Watson and Mrs. Opal Gilliam, both of Haskell.

Mr. and Mrs. Roy Stokes, 2912 Avenue N, had visiting them recently their son, Billy Dick Stokes, who is on a furlough after finishing boot training in San Diego, Calif.

WOMAN'S FORUM

Notice those five Thursdays on the calendar this month?

Among other things, the extra Thursday means we'll celebrate a "legislated Thanksgiving," since local school men and the Chamber of Commerce have designated Nov. 22, the fourth Thursday, as official Turkey Day.

Back in 1939 when President Roosevelt felt it was in the best interests of business men to space our holidays wider apart, Congress decided to set the fourth Thursday instead of the last Thursday in November as national Thanksgiving day. Years have past since the notification, but what is the local feeling about the changed holiday?

• • •

Mrs. Ruth Kruse, 3009½ Avenue N, prefers the traditional holiday, instead of the fourth Thursday, but says, "A holiday is a holiday, and just so I get to go home to Spur, it suits me."

She was joined by a multitide of others, who don't consider it a serious matter, but still prefer the old-fashioned last Thursday Thanksgiving.

• • •

A staunch FDR supporter, Mrs. C. R. Henderson of 2703 Avenue Q, said, "Changing our Thanksgiving was the only thing Roosevelt did wrong. I think the date should have been left alone."

• • •

Mrs. Alvis Minton, 3009 Fortieth Street, and Mrs. I. E. Goodman, 2709 Avenue F, also liked the original time for Thanksgiving celebration. And W. D. Harral rather preferred the traditional fourth Thursday.

• • •

G. D. Green of Hermleigh said it didn't make much difference to him. Along the same line of thought, Miss Lyndal Westbrook of Route No. 2, will be satisfied with the early celebration this year.

• • •

"I think the date should have been left alone," James Vaughn, 3009 Avenue U, commented. Miss Ruth Jones, 2800 Avenue S, added, "It is so much easier to remember when you can take it for granted Thanksgiving will be the last Thursday in the month." E. L. Jones thought so, too.

• • •

Just as a matter of custom, Miss Hazel Lewis, 3101 Avenue M, leans toward the pre-1939 holiday, when the turkey was prepared for the last week in November.

• • •

Most Snyderites contacted agreed that having everybody celebrate the same day was the most important side of the question. Mrs. Dell Smith, a county employee, is especially glad the holiday in her office coincides with the school holiday. She plans to attend the state teachers' convention in Houston over the Thanksgiving holiday with some of her school teacher friends, and the early date this year suits her fine.

• • •

C. A. Walters, a Slumberger employee, believes the fourth Thursday celebration keeps the Christmas holiday farther away and is a good thing.

Why not celebrate both the traditional and the New Deal holiday? County agent Oscar Fowler jokingly suggested this plan, showing no preference for either holiday. Jack Green chimed in agreeing with the two-turkey suggestion. But like a practical housewife, Mrs. Green added, "Who could afford the second turkey?"

New York's "El" trains were electrified in 1902 and 1903.

4-H Girls

Continued from Page 1, Sec. 2

es and has given clothing demonstrations to her 4-H club.

Thirty-eight girls in North Ward school are organized into a 4-H club with Mary Jane Lowery as president. When the new Snyder schools are completed and meeting space is available, club will probably be organized in the elementary grades and in junior high, Mrs. Sparks said.

Scurry County 4-H boys and girls, like youths all over the nation, receive training in fire and accident prevention, health, recreation and leadership and wildlife conservation. Demonstrations at meetings for the girls include work in clothing, food preservation and preparation, garden and orchard management, home grounds beautification, home management and improvement, and livestock and poultry raising.

The 4-H Clubs, getting the name from head, heart, hand and health, are concentrated mainly in rural areas and composed of boys and girls between 10 and 21 years of age. In 1950, there were 118,237 members in the 4,793 Texas 4-H clubs. Floyd Lynch, state 4-H leader, estimates the enrollment to be about the same during 1951.

EAT PLENTY AND TAKE OFF UGLY FAT

Many people have reported amazing results with this home recipe. It's easy—no trouble at all and costs little. Just go to your druggist and ask for 4 ounces of liquid Barcentrate. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take two tablespoonsful twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose bulky fat and help remain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic, from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back.

Lost 39 Pounds

"I was really happy and surprised with the results obtained taking Barcentrate," says Mrs. Lillian Flowers, 214 Barnet St., San Antonio, Texas. "I have lost 39 pounds and feel so much better and look 10 years younger."

Lost 15 Pounds

Mrs. D. C. Baker, Box 31, Bryson, Texas, writes us as follows: "I weighed 215 pounds when I commenced to take Barcentrate. After one month I have lost 15 pounds and am going to continue taking it until I am down to 150 pounds. I have several of my friends taking Barcentrate and they are losing weight also."

Girl Scout Council Schedules Meeting

A Girl Scout Council meeting will be held at 7:30 Monday night in the Girl Scout room of the First Methodist Church.

All council members are urged to be present.

Plans will be discussed for the financial drive and a report will be made on the cook book sales that were held last week.

Mrs. Ethel Duke, 1903 Avenue M, is visiting her daughter, Mrs. Christine Thompson, in Tucumcari, N.M.

Sittie Harrell, daughter of Mr. and Mrs. Garrett Harrell, applies the "smear" to keep flies away after dehorning during roundup last summer. The picture above is one from Look Magazine's feature, "So You Want to be a Cowboy," due on the newsstands Tuesday. Several pictures in the series were made at the Harrell ranch at Camp Springs. Bill Jackson, formerly of the ranch, is shown holding the calf.

TALK OF THE TOWN

SUE HOLMES

Snyder people, Snyder cattle and Snyder ranch scenes are featured in a five page spread in a national magazine. Mrs. GARRETT HARRELL has received tear sheets from the Nov. 6 issue of Look Mag from the Nov. 6 issue of Look Mag tures entitled "So You Want to be a Cowboy." The main photograph was made on the Harrell ranch near Snyder and shows a cutting horse in action.

The pictures were made last summer during roundup by Elna Wilkinson, a Fort Worth photographer and a friend of Mrs. Harrell. SONNY and SITTIE HARRELL are shown in some of the pictures and GARRETT HARRELL is pictured holding a steer being dehorned.

Other Texas cowboys which Mrs. Harrell could identify in the pictures are a Mr. Carter of Thurber, Tex.; George Glasscock of Cresson, Tex., and Jack Copeland and P. H. Thrash of Granbury, shown variously in typical roundup shots. BILL HART of Snyder is also in one of the pictures.

* * *

New gored skirts and pastel "ice cream" colors are in the fashion forecast for spring, according to Mr. and Mrs. STANLEY GRAY, owners of Gray's Style Shop. They returned Thursday night from Dallas where they attended the American Fashion Association spring and summer market.

* * *

Miss MANTHA LANDERIED has returned from Lubbock where she attended post graduate classes at the Isbell University of Beauty Culture.

* * *

Almost before she unpacked an apron, Mrs. J. T. HAMMETT, new hostess at the Country Club, was serving lunch to the Women's Golf Association Friday. She and her husband moved here Wednesday from Breckenridge, Tex., where they managed the country club.

They have quite a family, too, with four little girls whom their mother describes as two sets of "twins." Emnia Lou, 6, Linda Sue, 5, and Carol Ann, 3, and Jimmie Lynn, 2, are the youngsters. Their mother says she does all the sewing for the girls and herself and even finds time "to make the 'old man' a shirt sometimes."

She's a member of Beta Sigma Phi and the First Baptist Church.

* * *

Has Will Rogers, the cowboy philosopher, been forgotten. We don't think so, although the beloved humorist as killed some 16 years ago with Wiley Post in an airplane crash near Point Barrow, Alaska.

Today being Will's birthday, we rounded up just a sampling of the lore which surrounds the man who scoffed at crowned heads and at the same time claimed more popularity with the average person than any man of his day.

W. C. DAVIDSON, local justice of the peace, says his generation will never forget Rogers. He remembers especially the fond references Rogers made to his wife, Betty Blake. And another of the judge's favorite legends concerns the time a man bet the cowboy he couldn't make Pres. Calvin Coolidge laugh.

When Rogers was ushered into Coolidge's office, the justice recalls, the grass roots philospher stalked up to the solemn president, extended his hand and quipped, "Now what's the name?" A chuckle naturall was evoked from the chief executive, making Rogers win the wager.

LEE STINSON, who classes himself as one of Will's greatest admirers, recalls the time Rogers stood on the stage and lassoed a spectator. The unsuspecing man whose neck Rogers encircled with the rope was Franklin Roosevelt.

Mr. and Mrs. E. C. Duff, former residents of Snyder, who are now living in Denison, Tex., are reported to have a new baby boy born Oct. 31.

What Every Hearing Aid User Should Know

"Can I get a hearing aid without anything in the ear?—without any attachment to the head?—that doesn't need batteries? without a cord? Can I get an aid I can wear so that NO ONE will know I am hard-of-hearing?"

A new booklet, prepared by the author of a 700-page text on hearing instruments, now gives you the FACTS to keep you from wasting hard-earned dollars.

This information, "What Every Hearing Aid User Should Know," is FREE for the asking. It tells you the truths about hearing aids. DON'T BUY UNTIL YOU READ IT—until YOU know what every hearing aid user should know.

Write today for your FREE copy. No obligation of any kind. Just put your name and address on a penny post-card and send it to L. A. Watson, Room 91, 21 N. 3rd, Minneapolis, Minn. Your copy of this valuable booklet will come to you, in a PLAIN WRAPPER, by return mail.

Mrs. Autry and Mrs. Hardee Have Party For Their Sister

Mrs. N. W. Autry and Mrs. R. A. Hardee honored their sister, Mrs. Ethel Duke, with a birthday party recently at Mrs. Autry's home, 3205 Avenue U.

The Halloween theme was featured in decorations. Guests played dominoes, forty - two, and pitch, after which gifts were presented to the honoree.

Hot cocoa, cake, and coffee were served to the following: Mr. and Mrs. Clarence Wade, Mr. and Mrs. Ott Martin, Mr. and Mrs. Jack Martin, Mr. and Mrs. LaVerne Duck, Mr. and Mrs. Bill Spirman, Mrs. Annie Rodgers, Mrs. G. L. Autry, Sr., Mrs. Roxy Duke, G. L. Autry, Jr., Mr. and Mrs. J. C. Williamson, N. W. Autry, and R. A. Hardee.

Out of ton guests included Mrs. Albert Leach, Abilene; Mr. and Mrs. Leland Autry, Lamesa; Mrs. Reece Manning, Big Spring; Mr. and Mrs. Buford Sterling, Knapp; Mrs. Drew Clark and Mr. and Mrs. Morris Hardee, all of Ira.

Miss Connie Jean McMullan of Texas Tech visited recently with her grandmother, Mrs. R. L. McMullan, 2311 Avenue N.

Gift Tea For Miss Nixon

Seven young women were hostesses yesterday afternoon for a gift tea honoring Miss Marlene Nixon, bride - elect of Arlen Stokes.

Around 150 high school pep squad members and classmates of the honoree called during the afternoon at the Myron Roe home, 3107 Avenue D. Hostesses were Miss Rose Marie Roe, Miss Barbara Nichols, Miss Gwen Swan, Miss Sandra Fowler, Miss Sue Hamilton, Miss Darlene Taylor, and Miss Betsy White.

Pink and white were featured in decorations on the refreshment table. Pink ribbons in rosette effects topped the lace tablecloth, and pink carnations formed the centerpiece flanked by white candles in crystal candelabra. Members of the house party served Hawaiian punch and pink and white ice box cookies. Pink and silver hearts inscribed "Marlene and Arlen" were favors.

Miss Pauline Yandell assisted in serving and played piano selections throughout the afternoon. She also accompanied Miss Louise Crook who sang three romantic songs. Miss Marilyn Thomas gave a reading.

Miss Nixon and Mr. Stokes will be married Saturday.

W. C. Hammits Mark Golden Wedding Date

Mr. and Mrs. W. C. Hammit, Sr., celebrated their golden wedding anniversary last Sunday with a dinner at their home, 215 Thirty-third Street.

A lace cloth covered the table which was centered with a wedding cake featuring a miniature bride and bridegrom. Yellow chrysanthemums were used in the centerpiece and with giant marigolds throughout the house.

Attending were Mr. and Mrs. Hammit's five children and their families, who are as follows: Mr. and Mrs. Dallas Hammit and children, Nelly Don, Dougless, Wanda and Sue, of Sweetwater; Mr. and Mrs. W. C. Hammit and daughter, Carol Sue, of Midland; Orbie Hammit; Mr. and Mrs. Elmo Hammit and children, Calvin and Billie Jo; and Mr. and Mrs. Morris Sanders and children, William Darrel and Gary, all of Snyder.

Other guests were Bea Whitmore and Mr. and Mrs. R. R. Patterson of Snyder; Dread Hammit of Stamford, and Mrs. John Hammit of the Ennis Creek community.

Mrs. McFarland Is Hostess to Duce Club

Mrs. Armor McFarland was hostess to the Duce Bridge Club Thursday night at her home, 2234 Sunset.

Arrangements of red and pink roses were used in the living room.

Guests were Mrs. E. H. Miller, Mrs. Bernard Longbotham, Jr., and Miss Frances Boren.

Miss Boren won high score and Mrs. Longbotham received low prize. Miss Katherine Northcutt took traveling prize.

The hostess served a dessert plate to the guests and to 10 members.

Billy Bowden, Bride on Trip To New Mexico

The marriage of Miss Betty Campbell to Billy Bowden was solemnized Thursday morning in the sanctuary of the First Baptist Chuch. The Rev. E. K. Shepherd read the double ring ceremony in the presence of immediate friends and relatives. Altar decorations were giant white chrysanthemums.

The bride is the daughter of Mr. and Mrs. C. R. Campbell of Beaumont, Tex., and the bridegroom is the son of Mr. and Mrs. L.H. Bowden of Huntsville, Tex.

Given in marriage by her father, the bride wore a brown wool suit with brown reptile accessories. Her brown hat featured a pearl trim, and her corsage was of white carnations.

Mrs. R. J. Chadwell, matron of honor, wore a black faille suit, black accessories and a corsage of white carnations. R. J. Chadwell served as best man.

Following the ceremony the wedding party attended a luncheon at the Village given by Mrs. Florence C. Galley of Benton, La., aunt of the bride.

The couple will be at home tomorrow in Bell-Air Village following a wedding trip to Carlsbad, N.M.

Mrs. Bowden was graduated from Louisiana State University. The bridegroom received his degree from Texas A&M College and is associated with the Houston Oil Field Material Co. here.

Clairemont HD Club Sponsors Carnival

Sixty - five persons attended a Halloween carnival Wednesday night in the Jim Springfield home north of Snyder. Sponsors of the carnival were members of the North Clairemont Route Home Demonstration Club.

The event marked the first community gathering given by the club and netted $35 for the club budget.

Side shows and games were provided, as well as hot dog and pop corn stands.

Women's Golf Group Has Meeting at Club

Cold weather drove members of the Women's Golf Association from the greens into the bridge tables Friday at the Country Club.

Twenty - four members attended the luncheon meeting. Mrs. R. S. Yorgesen presided at a short business session and appointed Mrs L. C. Younger as reporter.

Plans for a bridge tournament were discussed.

ASK MILDRED

Please send your questions to Mildred Sparks, County Home Demonstration Agent, Courthouse, or to the Daily News.

Is it best to buy a hand iron with a side or back rest? M.N.L.

Side support, heel support or a flat heat proof pad are equally good. Metal stands are relics though, and waste both time and energy.

• • •

We are thinking of buying a live turkey and feeding it out at our house, so that we can have a big fat turkey for Thanksgiving. How much feed will it take to get the turkey big and fat? Mrs. A.C.K.

According to George Draper, poultry husbandman, Extension Service, it will take six pounds of feed to put a pound of gain on the bird. He says that turkey toms now weighing 24 pounds and hens weighing about 14 pounds can be finished in about 3 weeks. The cool weather will help eliminate pin feathers.

• • •

There is a spot of soil on the cuff fur trim of my coat. Is there a way I can clean it at home? G. L.

Slightly soiled fur trim may be cleaned by dampening corn meal or saw dust with a dry - cleaning solvent, such as carbon tetrachloride and rubbing into the fur with the hands. Then shake, bush and air the cleaned area.

• • •

Do you recommend washing blankets in a washing machine? V.M.

No, wool blankets are very likely to shrink and become matted when tumbled or agitated in a washer. I found some very interesting information on washing blankets. Elajne Knowles Weaver, a home economist in Ohio, published the following directions after extensive experiments. Here is the Ohio method in seven steps: (1) Fill washer with lukewarm water, add a low-sudsing detergent (2) Submerge blanket, let soak 15 to 20 minutes, turning once or twice by hand. (3) Drain off wash water, run in rinse water the same temperature and allow to soak 5 minutes; remove water and add fresh water for the second rinse. (4) After extracting second rinse water, the blanket is stretched to its original size and shape by two people pulling from opposite ends. (5) Let blanket dry until just slightly damp, then stretch again and dry. (6) Brush blanket on both sides with a stiff nylon brush. (9) Press bindings of blanket.

For Gifts, Yourself

You couldn't find quicker Christmas sewing than these four beruffled bridge or canasta aprons! Make a set for yourself, too—from a small amount of material!

No. 2880 is cut in one size. Each apron in the set takes 1⅛ yds. 35-in. if one fabric is used.

MUSIC AND DRAMA

Edwin Young, dean of the Hardin-Simmons University school of music, will be presented in a piano concert this afternoon in Sweetwater's city auditorium.

The concert is under the sponsorship of the Sweetwater Music Study Club. It is to begin at 4 o'clock, and there will be no admission charge.

Mr. Young has been dean of the Hardin - Simmons school of music for the past 17 years, and recently presented his annual Abilene concert.

• • •

Tickets for the Dallas presentation of "Die Fledermaus" may now be secured by mail.

Performances are scheduled for Nov. 23 and 24 at the Melba theater. Tickerts are priced from $1.50 to $3.90, and may be secured by writing Melba Theater.

Veronica Lake and Lawrence Tibbett will share starring honors in "Peter Pan," which will be presented at the State Fair Auditorium in Dallas Nov. 10 and 11.

Tickets for the matinee performance on Nov. 11 and evening shows on both Nov. 10 and 11 may be had by writing the auditorium ticket office.

The music of Rodgers and Hammerstein will be presented by a concert orchestra at the State Fair Auditorium for one performance only Friday night. Tickets may be purchased by mail from the auditorium box office.

Music scheduled for the performance includes selections from "Oklahoma," "Carousel," "Allegro," and "The King and I."

• • •

The Fort Worth Opera Association has anounced that season tickets are now on sale. They may be picked up at the Central ticket office in the Texas Hotel Lobby, or may be secured by writing TCU Box 536 in Fort Worth.

The Associtaion will sponsor the presentation of three operas this year. The first will be "Lucia Di Lammermoor" on Nov. 26 and 28. "The Merry Widow" and "Il Trovatore" are to be presented early next year.

• • •

Dallas' Christian Culture Series will open its season Wednesday night with the presentation of Gretta Palmer, former war correspondent, at Fair Park Auditorium.

The series is open to the public, and will include both lectures and concerts. Either season or single admission tickets may be ordered from Mrs. Charles W. Cooper, 9807 Redondo Drive, Dallas.

Halloween Party For Children at DeLuxe Trailer Court Tuesday

Mrs. T. H. Chandler, Geraldine Hall, and Judy Cluck entertained the children of the Deluxe Trailer Court Tuesday night with a Halloween party.

Games were played and about 35 children were served refreshments of cake and punch.

Mrs. McAfee Hostess For Canasta Party

Newcomers' Canasta Club members were entertained Thursday in Mrs. E. L. McAfee's home, 1208 Twenty - first Street.

Mrs. E. E. Dudley won high prize, and Mrs. J. B. Lallande won second high.

The hostess served cake and coffee to nine members and two guests, Mrs. Ray Wilkerson and Mrs. Katherine Weber.

Newcomers Meet For Party at Sunray Camp

Mrs. J. F. Ormond was hostess to the Newcomers' Bridge Club Thursday afternoon at her home in the Sunray Production Camp.

Mrs. Prentis Bass won high and traveling prizes and Mrs. V. V. McGrew won second high.

Refreshments of pie and coffee were served to the 12 members present.

Mrs. A. D. Johnson, 2904 Avenue U, is in Sweetwater where she will remain for some time visiting her daughter and her family, Mr. and Mrs. Martin Norred and their new baby daughter, Karen Treasure. Mrs. Norred was a former resident of Snyder and finished school here.

25 YEARS AGO

(Taken from the files of THE SCURRY COUNTY TIMES for Nov. 4, 1926.)

Hoyt Murphy, one of Scurry County's most prosperous farmers, won the $50 prize offered by the Times - Signal for growing the most maize on five acres.

Mr. Murphy produced 7,242 pounds; other contestents, Walter Moore of the Hermleigh community and J. E. Hardy, produced 6,159 and 7,045 pounds respectively. There were 15 entrants, but the contest finally dwarfed down to these three.

• • •

Gins over the county report a total of 19,972 bales of cotton ginned this year, compared to 11,043 bales ginned at this time last year.

• • •

Mr. and Mrs. Tom Davis of this city were injured at the Santa Fe crossing in this city last Friday night when a freight train that was switching struck their car. The car was almost totally demolished and Mr. and Mrs. Davis suffered serious though not dangerous injuries.

Miss Dean, who lives west of town, was seriously injured Saturday night when a car driven by her brother smashed into the rear of another car near the home of A. B. Campbell in East Snyder.

The car belonged to Bob Champion, who had stopped on the side of the street to make some adjustments and had his head down under the hood when the car in which Miss Dean was riding struck Mr. Champion's car almost squarely in the rear.

• • •

What is commonly known as the "old Green place" in the southeastern part of town burned to the ground Saturday night. It had not been occupied except for short periods of time for several years. It is believed that the fire was of incendiary origin or else accidentally set on fire by gamblers or tramps.

• • •

Mr. Roy Lackey of Fluvanna and Miss Luttrell of Post were married here last Sunday at the home of our good - natured justice of the peace, John Hunnicutt. The circumstances as this scribe has them were about as follows:

The contracting parties called on Mr. Hunnicutt at the time when he was least expecting it.....he suggested that a preacher be called, but no minister was available ..... Seeing no escape, the squire reproached himself for not having previously prepared his lesson, scratched his head while trying to find a ceremony, then swallowde a few times, and bracing himself to steady his nerve, prepared for the ordeal.

PERSONALS

Mr. and Mrs. James Newton and son 1603 Avenue S, went to Big Spring Monday.

Mr. and Mrs. H. A. Mullins, 1704 Seventeenth Street, received word Friday morning that they were great - grand parents. A son was born to their granddaughter and her husband in Bakersfield, Calif. The granddaughter is the daughter of Mrs. Gladys Gunter, formerly of Snyder.

Subsidies Are Dropping, But Millions Still Being Paid Out

By Congressional Quarterly

WASHINGTON, Nov. 3. — (CQ) —Millions of dollars in government "subsidies" are paid to favored corporations and individuals every year, yet no government official claims to know exactly what "subsidies" are or exactly what they cost Uncle Sam.

At one time the President's Bureau of the Budget specifically labeled certain payments as subsidies. Today only payments to private ship lines are so tagged. The other payments, are still going on, although the amount paid out is dropping, according to a survey by Congressional Quarterly.

NO EXACT DEFINITION

Congressmen refer to a number of special payments as subsidies, but at the same time, no Congressional group will hazard an exact definition of the word.

Often recognized as subsidies on Capital Hill are special outlays for airlines, shipping lines, farmers, mining companies and commercial mail users.

When the Bureau of the Budget was defining the word, it calculated that nearly $15 billion was spent in subsidy aid to farmers, shipping companies and miners in the years 1934 to 1948. Benefits to airlines and commercial mail users would have brought the total to $17 billion.

In checking for up-to-date figures Congressional Quarterly found these old subsidy payments are now lumped—with other expenditures—into a category described by the Bureau of the Budget as "yielding benefits over a period longer than the fiscal year." The new category also includes veterans benefits, payments to home owners, etc., which are not ordinarily thought of as subsidies.

COSTS OF PROGRAMS

The costs of some of the programs which have been called subsidies at one time or another were, in fiscal year 1950 (the latest year available): Merchant Marine support, $63 million; excess mail payments to airlines, $85 million; payments to farmers for price support, $247 million; and special payments to sugar growers, $59 million.

Some groups would include as subsidies such outlays as the entire Post Office deficit of $521 million, which provided cheaper postal service for direct mail advertisers, newspapers, magazines, etc. soil conservation and water use payments to individuals, $230 million; air and sea navigation aids, $185 million, and maintenance and operation of river and harbor work, $57 million.

PRICE SUPPORTS

One of the major subsidies, price support payments to farmers, are falling off this year, according to preliminary figures obtained by Congressional Quarterly estimated cost of the program for fiscal 1951 was $345 million. But in the first month of fiscal 1952 (July 1951), the program cost only $7.1 million—indicating the possibility of a drop in farm subsidies to less than $100 million this fiscal year. These payments are made to producers of eggs, peanuts, etc.

Government expenditures for cheaper mail service also will drop. Congress approved a postal rate increase which would wipe out $117 million of the annual deficit. A bill to increase Merchant Marine subsidies cleared the Senate, but not the House.

Many Congressmen have long wanted to know exactly how much is spent in subsidies. The Joint Committee on Reduction of Non-Essential Federal Expenditures, under Sen. Harry F. Byrd (D-Va.), has studied the problem for two years but has not come out with a definition of the term.

The Senate has passed a bill to separate subsidy pay to the air lines from "fair cost" postal payments. The President's "Brannan Plan" to earmark subsidy payments to farmers has had no action in the 82nd Congress.

SUBSIDY SHY

Many farm and business groups and individuals shrink from the word "subsidy". Backers of the metals - support program now pending in a Senate bill, for example, say that such government aid to mine operators is not a subsidy but merely a cost - balancing program intended to increase the supply of scarce metals by stimulating production in low-grade, high-cost mines.

Farm groups and the Department of Agriculture say soil-conservation payments are not subsidies. Spokesmen for newspapers and magaines have told Congress that low postal rates for their publications stimulate circulation and contribute greatly to general business health.

Railroads claim truckers are subsidized by public road construction and maintenance, but the trucking industry says it pays adequate "users" taxes."

Veterans Get Big Share Of U. S. Payments

By Congressional Quarterly

WASHINGTON, Nov. 3. — (CQ) —Veterans receive the bulk of direct federal payments going to individuals in Texas.

Government figures compiled by Congressional Quarterly show that total grants going direct from Uncle Sam to individuals all over the nation were $3,287 billion in 1950 —the latest year for which figures are available. Texas residents received $210,715,226 and ranked third in the nation in total amount received.

Of the money going to Texas, $183,116,400 went to veterans for GI schooling, loans, etc.

Another direct payment program for veterans, restricted to badly disabled ex-servicemen, brought $93,735 into Texas, for specially constructed automobiles. The federal government allows $1,600 for each car.

More than half of the remainder of the direct payment money went to farmers for conservation and land - use measures. These brought Texas farmers $22,179,617, according to the figures obtained by Congressional Quarterly.

Small sums also trickled in for medical research and for pay to National Guardsmen. Further federal money came into the state for indirect payments for Social Security, school lunches, etc.

Father of Mrs. Sparks Dies at Sapulpa, Okla.

Mr. and Mrs. W. I. Sparks left yesterday for Sapulpa, Okla., after receiving word of her father's death there Friday.

Funeral services will be held tomorrow at the Sapulpa Methodist Church for Benjamin M. Harton. Besides Mrs. Sparks, the survivors include the wife, five daughters and nine grandchildren.

Mrs. Sparks is owner and manager of the Merle Norman Cosmetic Studio.

Mr. and Mrs. D. V. Cluck and daughters, Judy and Glenda, of the Deluxe Trailer Courts, left Thursday for a two weeks' vacation trip to Illinois where they will visit with relatives.

Mr. and Mrs. Henry Hall and family of the Deluxe Trailer Courts left Tuesday night for East Texas to attend the funeral of a relative.

Philippine Huks Menace

MANILA, Nov. 3. (AP)—The third oldest Communist group in East Asia — the Philippine Huks — appear readying a supreme effort to wrest another rich piece of territory from the Democratic orbit.

The chance of Communist success or failure seems to hang as much on future events elsewhere as on developments in the Philippines Republic.

Foreigners who live within the armed camp which for many months has been Manila are apt to scoff at any possibility of Red success. However many scoffers are refugees from Shanghai, Tientsin, Peiping and other Chinese cities who apparently learned little despite their hasty evacuation when Mao Tze-Tung's red army swept over China.

Filipinos don't scoff at the Red threat.

It is hard to separate facts from fanciful rumors about the plans of the Huks but the Reds no doubt are playing a deep game for which the stakes are large.

The official viewpoint of both the Philippines and Americans on the seriousness of the Huk menace fluctuates. It waxes when the Philippine Government is asking for more U. S. military and economic aid; it wanes when its leaders are stressing domestic accomplishments for a home audience.

The Huks are played up when U. S. agencies here are trying to influence congressional appropriations at home. They are played down when American agencies are defending their policies from Communist attack.

Dance Director In Hollywood Is Man Who Has Fabulous Past

HOLLYWOOD, Nov. 3 (AP) — It's a good thing that Dance Director Leroy Prinz has saved everything ever printed about him. It helps prove much of the fabulous story of his life.

Even a movie script writer would not try to convince anybody it happened to one man — let alone a movie dance director.

Dance directing has an undeserved reputation as a sissy business, but Prinz is about as sissified as Jack Dempsey. He's a rough, tough guy, as some little giants of five feet five are. His language is colorful.

But what else could you expect from a fellow who ran away from high school, joined the French Foreign Legion, worked for such prominent Chicago citizens as Scarface Al Capone, and spent some time bashing and getting bashed in between other colorful episodes?

Prinz, 55, is not a reluctant witness on the subject of Prinz. He is a great collector, especially of clippings — which fill a dozen oversize scrap books — about himself and his exploits.

FARMS & RANCHES M9

FOR SALE

20,000 acre ranch located between Salida and Canon City, Colorado, all north of the Arkansas River, ½ mile off Highway 50.
4,000 acres deeded taxes $425.00
14,500 Taylor Grazing Government, per year 180.00
1,600 State lease, per year 112.00
Taylor grazing stays with deeded and you won't lose it. 5 pastures with 4-wire fences; 3 small traps for holding; 9 Government cement troughs; plenty of living water in every pasture. About half of this is winter country, south slope. Have wintered some cattle on meal and salt. If you want to feed hay we have it. 100 acres under ditch, 4 feet of water right out of Arkansas River, never cut off. Have cut 400 tons of hay.
6 sets of improvements, 2 extra nice 5-room all modern houses, (one new). Good barn, garage, etc. School ½ mile and high school bus line. 4 houses have REA, 1 house has a telephone, ½ mile to pavement, store and post office.
This ranch carries 350 cows per year around and raises enough hay to feed them. This is a two-man ranch, can be run easily. Not hard to gather cattle and not hard to winter. It is not a snowy country, elevation 6,000 to 7,500 feet. Fishing and hunting the best in Colorado. Contact C. E. Jamison, Phone 85-J or Box 575, Hobbs, New Mexico.

Sale: 150 acres. All good land. 145 acres cultivated. Good 5 room house on good road. $110 per acre, which we consider a real bargain. Aubrey Clark. 3101 Avenue N. Phone 124-W.

Irrigation Farms

Don't miss on account of dry weather, be sure of a crop every year. The farms in the center of the plains irrigation area are still cheap for what they will produce. Come and see our splendid crops now in bravest. Let us show you the available for purchase best buys. We know the land, we know the "in line" price.
Write us now, see us soon. Dependable information is worthwhile.
