Gilbert Blackmon Retired Dec. 1

Houston. — Gilbert G. Blackmon, 202 E. Angeline, Groesbeck, Texas, Station Foreman for Humble Pipe Line Company, retired December 1 with more than 45 years of Company service.

Mr. Blackmon and his family were honored at a luncheon at the Mexia Country Club just prior to his retirement. Reed F. Oliver, District Manager for Humble Pipe Line Company at Satsuma, reviewed Mr. Blackmon's long career and commended him for his valuable service to the Company and presented him with a retirement plaque.

A native of Robertson County, Texas, Mr. Blackmon joined the Company permanently in 1923 as a pipeline at Hearne Station. He served in numerous field positions to include oiler, field engineer and station engineer and in 1942 was named chief engineer of Fairfield Station, Fairfield, Texas. He was transferred to Talco Station in 1943 as chief engineer and in 1948 he was named station foreman at Groesbeck, the position he held at retirement.

Mr. Blackmon is a member of the Lions Club of Mexia and the Mexia Country Club. He is married to the former Mattie Faye Evans of Madisonville, Texas. They have two children, Gilbert G. Blackmon Jr., Dallas, and Capt. William C. Blackmon, United States Air Force, stationed at Del Rio, Texas.

Mr. and Mrs. Blackmon plan to continue their residence in Groesbeck during retirement.

Marshall Named All-Dist. Team

George Marshall Jr., son of Mr. and Mrs. George Marshall Sr. of Bogata, and student at Rivercrest High School, has been named to All-District 15-AA team in offense and defense as half-back. Receiving honorable mention as tackle was Lawrence Norman of Rivercrest. The All-District team was selected by coaches of the district.

Mr. and Mrs. C. E. Smith of Ore City, were recent visitors of Mr. and Mrs. Gordon Simmons.

AUSTIN. — A 1968 constitutional amendment did not affect the amount of fees that should be paid county tax assessor-collectors for assessing and collecting county taxes, but it limits the amount that may be paid by the state. So ruled Atty. Gen. Crawford Martin recently. (State cannot be required to pay more than two per cent of state taxes assessed which are actually collected.)

In other recent opinions, Martin concluded that:

• State Department of Public Welfare is authorized to spend money to refurbish the interior of a building which is leased by a county on a long-term basis and furnished the welfare agency rent-free.

• An otherwise recordable affidavit of heirship may be recorded in the office of a county clerk even though the unprobated will is attached. However, the unprobated will not constitute the exhibit to an affidavit may not be recorded with the clerk although it contains acknowledgment.

• Texas Board of Corrections is not obligated to collect, nor must public utilities pay, for placing lines along public roadways transverse state-owned lands under prison system control. (TBC has no authority to reserve the exclusive right to grant utility easements over such public roadways.)

• Harris County Hospital District may legally enter into a lease contract for an X-ray equipment system for a period of five years, contingent on availability of appropriated funds.

DDT BAN URGED — Travis Audubon Society of Austin called on Governor Smith to use "all resources" to ban the use of insecticide DDT in Texas.

Resolution claimed that DDT

is harmful to wildlife, remains toxic in environment for 10 years, is spread by wind and water, and has been "implicated" as a possible cancer cause.

Arizona, California and Michigan, Czechoslovakia, Sweden and Denmark have banned DDT already, the Society contended, further noting that "numerous other insecticides can do the job and become harmless to the environment within a few weeks."

COURTS SPEAK — Supreme Court found that a truck driver who was shot during an overnight stop was not entitled to workmen's compensation for disabilities.

In other cases the high court ruled that:

• A former liquor store executive is not entitled to recover \$1 million in "back salary" from the business.

• Court has no jurisdiction to hear the appeal of a Houston attorney who was disbarred in 1963 for alleged fraudulent and dishonorable conduct.

High Court also heard arguments that refusal to approve a new economy air flight service between Dallas/Fort Worth, Houston and San Antonio would frustrate efforts of Texas Aeronautics Commission to develop an efficient intra-state air carrier system. Air Southwest Company seeks certification for service, but Braniff International, Texas International and Continental airlines have blocked TAC from issuing credentials.

Federal court here took under advisement the government's request to dismiss atheist Madalyn Murray O'Hair's suit to outlaw prayers by astronauts in outer space.

Court of Criminal Appeals upheld the death sentence of a man convicted of slaying during service station robbery in West.

Twins Run Show In Stengler Clan

The Times recently reported the birth of twins to Mr. and Mrs. David Stengler of Houston. The mother is the former Carolyn Wright, granddaughter of Mr. and Mrs. Albert Crosson of Deport and Mrs. L. R. Wright of Bogata. It seems that twins run the show in the Stengler family.

Mr. and Mrs. G. W. Stengler of Pinehurst are grandparents ten times and six of the progeny are twins. The Stenglers have four children. Three of the four have twins. There are two sets of twin boys and one set of girls. The other Stengler daughter has two children and when hearing of the latest twin addition decided not to have any more children because "there is already enough

Rep. Neal Solomon On Milk Committee

Austin. —State Representative Neal Solomon of Mount Vernon has been asked to serve on the Milk and Milk Products Committee during the interim by House Speaker G. F. (Gus) Mutscher. The Committee will be seeking ways and methods to improve the health aspect for the consumer and new avenues of economy for the producers and processors.

look alike chaos in the Stengler family."

The story doesn't end there. Mrs. Crosson and her two sisters, Mrs. Maudie Franks of Deport and Mrs. Jessie Smith of Glade-water are great-grandmothers of twins.

NORWOOD'S SUPERETTE
FOODS & NOTIONSThrill her with a time-saving,
work-saving automatic
dishwasher

She'll be reminded of your thoughtfulness day after day, year after year . . . every time she uses her automatic dishwasher. An automatic dishwasher can save her up to 200 hours of dishwashing time every year. And it gets dishes cleaner than washing them by hand. Dishes are washed in scalding hot water, triple rinsed and dried with clean, flameless electric heat. Make this Christmas something special . . . see your appliance dealer soon for an automatic dishwasher.
