The SDN Column

Department of Public Safety employes here kept their fingers crossed over the long July 4th weekend, and happily this area came through without any serious traffic mishaps.

Highway Patrolman Wendell Rehm, who along with Patrolmen Carold Kornegay and Patrolman Bob Clark, has the state traffic control responsibility for the Snyder area, noted that recent holiday weekends have been good ones from their standpoint. In fact, there has been an improvement in the holiday traffic record here for the past two or three years.

Perhaps the warnings issued before each holiday by safety associations and traffic control agencies are causing drivers to be more cautious than usual. If so, the safety campaigns that precede such periods may be termed successful.

It is encouraging to the agencies and to the communications media which distribute such warnings.

There have been times in past years when it appeared useless to urge people to drive more carefully during holiday congestion on the streets and highways. No matter how long and how often the warnings were issued, the traffic toll always seemed to increase.

★ ★ ★

The figures for Texas as a whole the past weekend were not so good as those in this area, since the state recorded just about the number of traffic fatalities over the July 4th weekend that had been predicted.

The score nation-wide, however, was considerably brighter, falling short of predictions by over 200.

The attitude of the public is difficult to predict on these occasions. For example there have been winter periods of icy roads when there were virtually no traffic mishaps, usually because nobody was travelling except of extreme necessity and those who were on the roads were ever conscious of the ice hazards. There have been other times under similar conditions when it seemed that everyone was trying to drive on the ice and with little caution.

The human factor still is the big one in traffic safety. — WACIL McNAIR.

Today In History

Today is Tuesday, July 9, the 191st day of 1968. There are 175 days left in the year.

Today's highlight in history: On this date in 1816, Argentina declared its independence from Spain.

In 1776, news of the signing of the Declaration of Independence reached New York. Gen George Washington summoned his soldiers and had the document read to them.

In 1819, the inventor of the sewing machine, Elias Howe, was born in Spencer, Mass.

In 1850, President Zachary Taylor died at the White House after serving only one year and four months of his term.

In 1940, the Duke of Windsor was named governor of the Bahamas.

In 1943, Allied forces invaded Sicily in World War II.

In 1947, the engagement of Britain's Princess Elizabeth to Lt. Philip Mountbatten was announced.

Five years ago — President John F. Kennedy proposed that U.S. Supreme Court Justice Arthur J. Goldberg settle a labor dispute which threatened a nationwide railroad strike.

One year ago — The United States sent three large military transport planes to give logistic support to the Congo government in putting down a rebellion led by mercenaries.

Saigon Is Scene Of New Battles

By GEORGE ESPER
Associated Press Writer

SAIGON (AP) — A series of clashes broke out Monday and today around Saigon and in the far northwest, two flash points where big battles are expected soon.

In South Vietnam's northwest corner, U.S. Marines reported killing another 89 North Vietnamese in a two-day running battle near the abandoned Khe Sanh combat base. Thirteen Marines were killed and 68 wounded. Since Friday, when fighting erupted on the eastern edge of the demilitarized zone, Marines have reported killing 290 enemy troops along the northern frontier.

A Marine company fought the North Vietnamese for 3½ hours ending Sunday night. Another Marine company relieved and came under an attack Monday that lasted for five hours.

Two companies of the 101st Airborne Division blocking infiltration routes reported killing 21 enemy soldiers 28 miles northwest of Saigon in a battle that raged into the night. Four Americans were killed and 13 wounded. The companies had artillery and helicopter gunship support.

U.S. 9th Division infantrymen fought for an hour today with an enemy force 19 miles southwest of Saigon and reported killing 13. There were no American casualties.

A new part of Saigon's defenses, U.S. Navy river patrol boats and helicopters, destroyed three enemy sampans carrying rocket launchers toward Saigon along the Dong Nai River, 11 miles east of the capital. Three enemy soldiers were killed.

But enemy gunners shelled three targets within six miles of Saigon in more harassing attacks today.

They picked on one of their favorite targets and set three fuel storage tanks, a power station, a warehouse and a number of fuel drums on fire at the Nha Be fuel depot, the biggest in South Vietnam.

No casualties were reported at the depot, six miles southeast of Saigon, and the fires were reported under control.

Enemy gunners also aimed at a bridge linking Saigon with the Mekong Delta to the south and a military post southwest of the capital. Twelve American soldiers and two government troops were wounded at the bridge and three Americans were wounded at the military post.

Saigon itself has not been shelled since June 21, but allied commanders expect the enemy to make a third attack on the capital later this month.

In continuing counterblows against the expected attack, U.S. B52 bombers flew three more missions Monday night, aiming at fresh enemy regiments believed massing in Phuoc Long Province, near the Cambodian border 75 miles north of Saigon.

Viet Cong troops shelled a small South Vietnamese outpost 58 miles southwest of Saigon.

TALLEST IN THE PLATOON — A U.S. soldier inches his way across a muddy stream south of Saigon, holding on to the tautly held rope with one hand and keeping valuables, such as cigarettes, secure in his helmet with the other hand. (AP Wirephoto)

WIDESPREAD IN TEXAS

More Heavy Rains

BY THE ASSOCIATED PRESS

Showers and thunderstorms increased over Southeast Texas Tuesday after pre-dawn rains of up to 6 inches washed parts of Central Texas and an area of West Texas.

A mid-morning, thundershower stretched along a 125-mile-wide front extending from College Station southeastward over the Gulf of Mexico to about 140 miles southeast of Galveston.

A very heavy thunderstorm boomed in the Hempstead vicinity as the rains moved southeastward. Another area of moderate showers drenched the area from Bosque County, west of Waco, to the College Station section.

Earlier, showers fell in the Panhandle from southwest of Dalhart into New Mexico as fog cut visibility to less than a quarter-mile from the South Plains into Central Texas. The fog was heaviest, the Weather Bureau indicated, at San Angelo, Waco, Childress, Wichita Falls, Texarkana, Tyler, Lufkin Big Spring and Lubbock.

Fog and rain shrouded Austin, College Station, Killeen, Sherman and Denison.

College station reported more than 2 inches of rain since 1 a.m. as precipitation continued. Brief flooding occurred in the Austin area.

Hail and high winds accompanied still other showers and thunderstorms in the Panhandle-Plains section, where the sighting of a funnel cloud five miles southwest of Hale Center caused a half-hour tornado alert for parts of four counties. There was no indication the twister struck ground.

A 6-inch cloudburst at Salado, between Temple and Austin, was the heaviest deluge recorded. Clifton, a little farther north in a section west of Waco, caught 5.80 inches.

Punishing winds accompanied a downpour measuring 4.06 inches in an hour at Rockdale, between Taylor and Bryan. Water rose into half a dozen houses at Rockdale, electric power failed for as long as three hours and streets were flooded temporarily, police dispatcher Bertha Williams reported.

Also in Central Texas the Weather Bureau received word of rains measuring 3.7 inches at Crawford, 3.58 at Chalk Mountain, 2.30 at Cherokee, 2.04 at Florence and 2 inches along with winds hitting 50 miles per hour at Blanco.

More than one inch of rain fell at numerous points in the same general area.

While thundershowers were heavy at many points, Weather Bureau observers said the rainfall was more local than general.

During the evening turbulence in West Texas, winds gusted up to 51 miles per hour at Lubbock and hail the size of marbles rattled off the roofs in the neighboring village of Acuff.

Additional showers in the upper Panhandle and in West Texas, downstate in the area embracing Corsicana, College Station and Huntsville.

Moist air shoving inland from the Gulf of Mexico continued to cover most of the state, and forecasters looked for afternoon heating to touch off further showers in most sections.

A cold ront was expecfed to move southward into Northwest Texas by tonight, bringing a little lower temperatures. Muggy heat was promised the remainder of the state.

MRS. BERTHA LITTLEPAGE

Littlepage Service Set Wednesday

Mrs. Bertha Littlepage, 88, who lived at 3408 Avenue A, died at 8:15 p.m. Monday in Snyder Hospital.

A native of Johnson County, Mrs. Littlepage had lived in Scurry County for the past 68 years. The daughter of the first county judge of Mills County, Mrs. Littlepage was married on Feb. 2, 1879, to S. J. Littlepage, who preceded her in death in 1949. Two sons, also preceded her in death.

Surviving are two daughters, Mrs. James F. (Lola Mae) Collings of Abilene and Mrs. John D. (Loretta) Curtis of Snyder; 10 grandchildren, 21 great-grandchildren and two great-great-grandchildren.

Funeral service has been set for 3:30 p.m. Wednesday at the Avenue D Baptist Church. The Rev. Jack Riley, pastor of the church will officiate. He will be assisted by the Rev. Lawrence Lewis, pastor of the First Assembly of God Church.

Burial will be in the Snyder Cemetery, under direction of Bolger Funeral Home.

Pallbearers will be Virgil Streety, Jack Berry, Roy Jones, Lloyd Angel, Grover Harris and Ollie Peek. Nephews will be honorary pallbearers.

Hanoi Says Reds Are At Khe Sanh

SINGAPORE (AP) — Hanoi radio said today Viet Cong troops had reached the Khe Sanh combat base, abandoned by U.S. Marines, and raised their flag on the airstrip and surrounding hills.

"This morning the flag of the national liberation forces fluttered on the many hills and on Khe Sanh airstrip," the radio said, citing the Viet Cong's national liberation radio. Actually, Marines have identified the enemy forces around Khe Sanh as North Vietnamese, not the South Vietnamese Viet Cong.

Australian Gunman Surrenders

SYDNEY, Australia (AP) — Gunman Wally Mellish, who held his shotgun bride and their baby hostage for seven days while police kept a cordon around him, surrendered today after he was promised a chance to fight in Vietnam.

Mellish, a 22-year-old former mental patient and convicted car thief, was taken to Ingleburn army camp to see fi the army would have him.

Mellish's 19-year-old bride and childhood sweetheart, Beryl Muddle, was taken wth her 11-week-old son Leslie to her parents. For the time being the police did not enforce a warrant for her arrest for failing to pay a $42 fine for prostitution.

Mellish ended his bizarre holdout after talking for nearly three hours on the telephone with the Rev. Clyde Paton, chaplain at Long Bay Jail. Mellish's chief condition for surrender was that he be given a chance to serve with Australia's forces in Vietnam.

Carrying his baby son, the young man emerged from the house where he had held off police for seven days and six hours with an arsenal of hand grenades, two rifles, and a shotgun and threats to kill his wife and child if the police rushed him.

The young wife followed him from the house.

Donor Wins Citation

WICHITA FALLS (AP) — Lee A. Nielson, a Wichita Falls masonry contractor, has been cited for his blood donations to the Red Cross. He has given a total of three gallons.

Egyptians Count Dead After Clash

CAIRO AP — The Egyptian government reported today that Israeli artillery and tank fire killed 31 civilians and wounded 58 during Monday's gun duel across the Suez Canal.

A military communique said several houses in the heavily populated district of Elarbeen, in the city of Suez were demolished when the Israelis laid down three separate barrages lasting more than two hours. An Egyptian soldier also was reported wounded.

Israel said the battle started when the Egyptians raked Israeli positions north of Port Taufiq with artillery and small arms fire. The fighting spread along a six-mile front, the Israeli army reported, until a cease-fire was arranged.

Israel also reported Jordanian gunners fired today on an Israeli patrol that was digging up two antivehicle mines apparently laid by Arab saboteurs near the Jordan River.

The army said the Israelis fired back and there were no casualties.

The clash along the canal was the first since June 23 and came as Egyptian President Gamal Abdel Nasser was in Moscow conferring with top Soviet officials.

Diplomatic sources in London said the Soviets had advised the British privately they would like to see the big powers force Israel and her neighbors to begin some form of phased peace.

Rodeo Float Entries Due

Reminders have been issued that organizations planning to enter floats in the Rodeo Parade scheduled for Wednesday, July 17, should register their entries at the Chamber of Commerce office.

Floats may be entered by calling the chamber office at 753-3558.

Prizes will be awarded to the top three non-commercial, decorated floats in the parade. The prizes each year, offered by the Scurry County Rodeo Association, are $150 for first place, $90 for second place and $60 for third place. All floats in competition must be registered by July 16.

The parade will precede the opening night of the annual rodeo, which will continue for four nightly performances. George Maule is the Rodeo Association's parade marshal.

C. E. Patrick Dies; Rites Set Thursday

Claud E. Patrick, 72, of Hermleigh, died at 8:40 p.m. Monday in Cogdell Memorial Hospital.

Mr. Patrick was a native of Mansfield and had lived in Scurry County for 28 years.

The funeral service has been set for 2 p.m. Thursday at the Northside Baptist Church. The Rev. Bill Knight, Northside Baptist Pastor, will officiate. He will be assisted by Dr. A. B. Lightfoot, pastor of First Baptist Church.

Burial will be in the Snyder Cemetery, under direction of Bolger Funeral Home.

Mr. Patrick is survived by his wife; two daughters, Mrs. Mozelle Patrick of Fort Worth and Mrs. Otis Bankston of Chowchilla, Calif.; two sons, Vertes and Claud Patrick Jr., both of Grandview; two brothers, M. O. Patrick of Snyder and Jeff Patrick of Arlington; 10 grandchildren and seven great-grandchildren.

Pallbearers will be Carmen Hobbs, Jesse King, Bert O'Neal, Weldon Sumrald, Joe York and Doug Burney.

JOHNSON'S DECISION TO RETIRE

Was Lynda's Question The Clincher?

NEW YORK (AP) — Columnist Drew Pearson says in a magazine article that questions by Lynda Bird about why her husband had to go to Vietnam provided "the final clincher" for President Johnson's decision to retire.

Pearson writes in the current issue of Look magazine that Johnson and his wife asked Secret Service men to awaken them before Lynda Bird arrived at the White House at 6:30 a.m. after a flight to the West Coast to see her husband, Marine Corps Capt. Charles Robb, off to war.

Pearson says the President confided to a friend:

"We didn't want her coming into the White House all alone. So we left word with the Secret Service to notify us 30 minutes in advance.

"We were awake and lying in bed before the Secret Service called. I pulled a pair of britches over my pajamas and we went out to the South Gate to meet her.

"She was pale as a ghost. She talked to me about what a fine boy Chuck was, in the past tense, as if he was never coming back.

And Lynda Bird said: 'Daddy, I want to ask you a question. Why do we have to fight over there when so many people were opposed to the war? Why do we have to send 200 boys over there in Chuck's company

See JOHNSON, Page 2

Three Killed On Rain-Swept Road

SAN ANGELO (AP) — Three persons were killed and one was critically injured late Monday in a headon collision on a rain-swept highway.

The dead, all of Sterling City, were Thomas E. Carr, 71, and his wife, 68, and Luther B. Holland, 74.

The driver of the second automobile, Robert B. Kennedy Jr., 29, of San Angelo, was taken to a San Angelo hospital where he was reported in critical condition in an intensive care ward.

By ABIGAIL VAN BUREN

DEAR ABBY: I am a divorced woman, mid-forties, attractive, (so I'm told), and my hobby is boating.

Let me explain, I am not madly man-hunting as I have a pretty good social life, altho I have no one special at the moment.

My problem is a joker whose boat is tied up next to mine in the marina. He is in his early fifties, very attractive, also divorced. He does a lot of entertaining on his boat. He is always very friendly when he sees me, but the only time I ever hear from him is when he wants to BORROW something. (He's borrowed everything from fishing gear to a fifth of vodka.) He always pays me back, but this is what bugs me:

He asked if he could borrow my boat for a night as he was entertaining a "lady" and wanted to try out my new navigation equipment! Now, what would YOU have told him?

SUNDAY SAILOR

DEAR SAILOR: I would have boxed his compass and told him to get lost.

• • •

DEAR ABBY: All my life my parents have raised me to be courteous and to respect my elders. This is getting harder every day. I will give you an example.

Last week I went to a baseball game with two of my friends. They left their seats in the stadium for a few moments and while they were gone a man about my father's age started to move in and signaled another man to come join him. I told him those seats belonged to my friends who would be back any moment. He said he would move when my friends returned.

Well, when my friends came back, this man refused to move. I reminded him that he had given his word, but he said, "Listen, kid, I'm 30 years older than you. You kids go find other seats."

Not wanting to start trouble, my friends left and sat somewhere else.

Now why are kids expected to show respect and be courteous to adults when adults act like this to us?

DEAR TEEN-AGER: Teen-agers complain (and justifiably so) that they are individuals and don't want to be judged by teen-agers who behave in a discreditable manner. The same goes for adults. The kids were rude and inconsiderate, but they fortunately do not represent ALL adults. Be fair.

• • •

DEAR ABBY: When my husband died eight months ago, a very nice looking man attended the funeral. He said he had been a very good friend of my husband. I never saw the man before, but he couldn't have been nicer to me. He kept calling on me to keep me company in my sorrow, and I invited him over for Sunday meals and so on. I will leave out a lot of details because they are rather personal, but here is what I want to get across:

It turned out that this man had never known my husband! He makes a practice of reading the newspapers to find out where funerals are, how old the deceased was, where he lived, the number of children, and some of the lodges he belonged to, etc. Then he calls on the widow to get acquainted, saying he had been a good friend of her husband.

If I hadn't accidentally found out that he did this to other widows, I might have gotten even more seriously involved than I did. And it would have cost me a lot of money, too. Please print this as a warning to other unsuspecting widows.

Snyderite's Mother Dies

Mrs. Claude E. Martin, 73, of Colorado City, died Monday at 1:20 p.m. in Root Memorial Hospital after an illness of several weeks.

She was the mother of Mrs. E. G. Bruns, of Snyder.

Funeral will be Wednesday at 2:30 p.m. in the Oak Street Baptist Church of Colorado City, with Rev. Calvin Gustin, officiating, assisted by the Rev. Fred Smith. Burial will be in Colorado City Cemetery under direction of Kiker and Son Funeral Home.

Other survivors include a daughter, Mrs. J. D. Gibson of Colorado City; one brother, Offa Bridger of Waco; seven grandchildren and eight great-grandchildren.

Calvert Service Is Set For Wednesday

Funeral service has been set for 3 p.m. Wednesday at Wewoka, Okla., for Mrs. Allies Calvert.

Mrs. Calvert, 66, a former resident of Hermleigh, died Monday morning at Wewoka.

A native of Ada, Okla., she had moved to Wewoka four years ago.

JOHNSON

Continued From Page 1

when there's so much opposition here at home to the war?"

That night, Johnson announced his decision to withdraw from the presidential picture.

That morning, Pearson says, Johnson called on Vice President Hubert H. Humphrey and showed him two alternative endings for his speech that night—one just a "peroration for peace" and the other announcing his withdrawal.

Pearson says Humphrey tried to persuade Johnson not to withdraw, but the President was adamant.

Pearson quotes Johnson as having said:

The time is getting short. We've got to get peace in Vietnam. And I think that with me bowing out the other side is more likely to negotiate.

"There's another thing. I'm tired. I'm getting old. All the men in my family have a record of not living much over the age of 60. I'll be 60 this summer. I've had a heart attack. My health is pretty good. I think my chart is as good as yours. But I'm not sure I could live out another term. And that's not the way I want to end my life."

Aides of Humphrey in Washington said he would have no comment on the magazine article.

Pearson wrote that Johnson told Humphrey he had intended announcing his withdrawal in his Jan. 17 State of the Union address, but mislaid the text. Johnson said he first accused his wife, Lady Bird, of taking the text with her to a beauty parlor, but later discovered the slip of paper near the phone in his White House bedroom, Pearson relates.

Pearson writes that Johnson first wrote out a statement of withdrawal last November and showed it to a few close friends.

Six men had scaled the iron paling fence around the White House last year intent on killing Johnson, Pearson says, and 12,000 letters threatening his life had been written.

The columnist says Johnson once confided:

"What's the use of being President when the country is divided, when the Congress won't pass a tax bill, when the dollar is in jeopardy, and when the press distorts everything you do?

'I think I could get renominated. I think I could get re-elected. But the stockholders are dissatisfied. Perhaps we need a new president."

Public Notice

The Snyder School Board is accepting bids on the following construction work:

1. All weather track - constructed with Reslite materials.
2. Rebuilding of 3 existing tennis courts.
3. Construction of 1 new tennis court. (The courts will be rebuilt and constructed with Plexipave materials)
4. Installation of lights around the courts.

A five year warranty will be required of the successful bidder. Specifications may be picked up at the School Business Office, 2901 37th street. Sealed bids will be due in the School Business Office by 12:00 noon on July 19.

BOY WITH NEW PUPPY — Cuddling his new puppy, Billy Hines, 9, of Miami, Fla., has the bandages off his face after plastic surgery repaired the marks of 70 stitches which were required to close gashes left by a German Shepherd that was threatening a playmate 2 years old. (AP Wirephoto)

New Bond For Suspect

Windell Smith, Snyder man who was released on $10,000 bond after being charged with receiving and concealing stolen property here last week, posted another $2,000 bond in Justice of the Peace J. P. Billingsley's Court this morning.

Bond was set on a new charge of receiving stolen property, which was filed in JP Court here yesterday. Smith was released last night on a writ of habeas corpus signed by Judge Sterling Williams after Smith's attorney filed a motion for the writ. He appeared this morning and bond was set then.

Chief of Police Stephen Clark said officers have taken possession of eight car seats valued at $300 in connection with the new charge.

Applications Due For Patrol School

If you are a man between the ages of 20 and 35 and would like a career as a patrolman with the Texas Department of Public Safety, now is the time to apply.

A school for highway patrolmen has been scheduled to begin July 30 in Austin, and applications are now being received.

Further information may be obtained from local highway patrolmen, Wendell Rehm, Harold Kornegay and Bob Clark.

Archeologists will excavate during the next few years at several sites in the Yucatan Peninsula's Rio Bed area near the Guatemala border, trying to throw light on mysteries of the ancient Maya people.

Guilty Pleas Are Heard

Three guilty pleas were heard in District Court here yesterday.

Jamie Crosson pleaded guilty to 17 charges of burglary, seven charges of breaking and entering an automobile, one charge of burglary of a private residence at night, and one charge of conspiring to commit the crime of theft of edible meat.

Roy Cannon (Sonny) Burditt pleaded guilty to five charges of burglary, four charges of breaking and entering an automobile, and one charge of conspiracy to commit the theft of edible meat.

Buster Morgan pleaded guilty to two charges of burglary and one charge of arson. He received a 2-year probated term.

A judgment providing for a 5-year prison term was entered against Crosson. However, final sentencing will be deferred 10 days so that the defendant can file a motion for a new trial if he so desires. A judgment providing for a 3-year prison term was entered against Burditt. The sentence in this case also will be made final in 10 days.

Meanwhile, Crosson requested a preliminary hearing on his bond of $3,000 in JP Court. Bond of $5,000 has been set for Burditt. Both men remained in custody at noon today.

IN MATTER OF CROPS

Weatherman Has Final Say

WASHINGTON (AP) — The Weather sometimes has more to say about the adjustment of farm crop supplies than all of the federal farm programs put together.

The cotton situation over the past couple of years is an example.

Two years ago carryover supplies of cotton were a record—more than 16 million bales on Aug. 1, 1966. This year they are estimated to be the lowest in 15 years, around 6.7 million bales by Aug. 1.

The Agriculture Department had something to do with this sharp reduction through its tighter cotton programs for 1966 and 1967, but the weather was the supreme arbiter.

Cotton planting was hampered in both years by the worst conditions on record in many areas. Last year abandonment of planted cotton acreage was 15.4 per cent, compared with an average of 5.1 per cent.

The Agriculture Department had counted on a total production last year of about 11 million bales, but production turned out to be 7,455,000, the lowest level since 1895.

The government's cotton program has not had a chance to operate under normal weather conditions," the department said. "Two years of weather-induced shortages have canceled out, temporarily, some of the benefits expected from it. . .

"With more normal growing conditions, the 1965 legislation would have resulted in a very moderate reduction in acreage, spread over a four-year period, that would have avoided the hardships experienced by growers, ginners and people in related activities in the past two years."

In other words, the government expected to reduce stockpiles and bring cotton production in line more gradually, with less pain all around.

Nature—which most farmers will swear rarely is normal—did the job in half the time, with little concern for what the government had planned so carefully.

Improvement Continues

CAPE TOWN, South Africa (AP) — Heart transplant patient Dr. Philip Blaiberg, stricken by pneumonia on top of hepatitis, continued to improve today after sleeping well Monday night, his wife said.

Cadillac

Cadillac Motor Car Division

This is the most spirited luxury car of all time which doesn't interfere in the slightest with its being the most luxurious.

The year's most surprising driving experience is yours for the asking. We call it a "Command Performance," and it begins the minute you take your seat in a 1968 Cadillac.

This year, our 472 V-8 engine introduced a new level of performance to luxury motoring. The largest production V-8 ever to power a passenger car, it delivers performance that is smooth, quiet and highly responsive—performance to fully match Cadillac's stature.

With its graceful styling, tasteful interior decor and thoughtful driving conveniences, this is the most luxurious Cadillac of all time. Along with unhurried, painstaking craftsmanship, these qualities assure the matchless value and pride of ownership for which Cadillac has long been renowned.

Your authorized Cadillac dealer will gladly stage a "Command Performance" test drive at your convenience. His selection of models is now at its best, so contact him this week.

Ask your Cadillac dealer for a "Command Performance" test drive.

MR. AND MRS. CECIL E. NIXON

Miss Barfoot, C. Nixon Wed In Hermleigh Church

Mr. and Mrs. Cecil E. Nixon are at home at 2112 Forty-first Street, following their marriage on June 1. Double ring vows were read in Hermleigh Methodist Church by Rev. R. C. Nixon pastor.

Parents of the couple are Mr. and Mrs. A. L. Barfoot, Route 1, Hermleigh, and Rev. and Mrs. R. C. Nixon, Hermleigh.

An archway of greenery, tall candelabras and pot flowers were used in the church setting. Juanita Glass was organist and Wanda Nixon, sister of the groom sang "I Love You Truly", "Whither Thou Goest" and "The Lord's Prayer".

Given in marriage by her father, the bride wore a dress fashioned in Empire design of white peau de soie and French Chantilly lace. The bodice and long fitted sleeves were of lace and beaded with pearls. A border of beaded lace appliques complimented the formal length gown and chapel length train. Her shoulder - length Chantilly lace veil was attached to a pearl crown.

She carried an arrangement of gardenias.

Shirley Kruger was maid of honor. Mrs. Peggy Smith of Lubbock was her cousin's matron of honor, and Kayla Brackeen of Portales, N.M., a cousin of the bride was flower girl. They wore matching A - line dresses of blue taffeta with lace sleeves, net crowns and carried blue tinted roses.

Jerry Clift of Hermleigh was best man. Groomsmen and ushers were Mike White of Hermleigh, Jerry Thompson and Tim Thompson of Snyder, and Gary Gambrill of Amarillo. Wesley Smith of Lubbock was ring bearer.

The cafeteria of Hermleigh High School was the setting for the reception. Betse Rosson presided at the tiered cake and Nancy Weyel registered guests.

For her wedding trip the bride chose an aqua blue embroidered taffeta suit with white accessories.

The bride is a graduate of Snyder High School, and the groom graduated from Dumas High School. He is an agent for Farm Bureau Insurance in Snyder.

Out-of-town guests were from Portales, N.M., Amarillo, Lufkin, Lubbock, Merkel, San Antonio, Jayton and Lamesa, Tex.

WHAT'S GOING ON

Mrs. E'Wayne Jernigan and Denise, 3773 Avondale, and Mr. and Mrs. Glendon Bynum, 1909 Fifteenth Street, attended Open House ceremonies at Girlstown, USA, Whiteface, Saturday.

Fresh Fruit Sundaes

Membrane - free sections from 2 medium oranges with any juice
1 cup thinly sliced peeled peaches
2 tablespoons sugar
1 banana
1 pint vanilla ice cream

Gently mix together oranges (and any of their juice) with peaches and sugar; cover and chill. Just before serving, peel banana and slice thin; mix gently with other fruit. Put scoops of ice cream in individual serving dishes and surround with fruit. Makes 4 servings.

By MRS. N. F. HALL

Mr. and Mrs. Dan Hall of Stanton visited Mr. and Mrs. Jess Brown the past week.

Weekend guests of Mr. and Mrs. Pete White were Mr. and Mrs. Tommy Jones and Regina of Lubbock, Mr. and Mrs. Bill Buckley, Rickey and Angie of Midland and Mrs. Gladys Duncan of Coahoma.

Mr. and Mrs. N. F. Hall and Mrs. D. L. Cotton of Dunn accompanied by Mr. and Mrs. Hollis Mize Jr. and Naomi of San Angelo and Miss Wetonia Hall of Snyder, were dinner guests of Mr. and Mrs. Don Goss, Charlotte Ann and Roy Damon of San Angelo, Saturday.

Mrs. Hollis Mize Sr. visited relatives in Garden City the past week.

Mr. and Mrs. Leonard Allen recently visited Mr. and Mrs. Rockey Allen and family of Big Spring.

Mr. and Mrs. Luckey Merket and family of Colorado City visited Mr. and Mrs. Floyd W. Merket over the weekend.

LET'S PRETEND plays an important part in the Girls Summer Recreation Program. It is one of the ways girls have of expressing themselves: Every young girl dreams of herself as a movie star, television actress or a great dramatic star, and even a comedienne. This is the workshop that can aid these ambitions. The girls have opportunities for acting, singing, scene designing, costume designing and all the things that go with the stage productions. The group is directed by Kathy Mott, Empress McFarland and Susan Miller. Miss Mott is a graduate student at University of Texas. Empress is a junior at San Angelo State College, majoring in English, minoring in journalism, and an accomplished pianist. Susan, is an applied arts major at the University of Texas with a major in advertising design. Pictured above first row, Cheryl Taylor, Dawn Foy, Kathy Jones, Tracy Alexander, Vicki Myers, Jana Wesson, Jean Ann Payne and Deborah Cain. Second row, Carolyn Wood, Mitzi Autry, Ruth Ann Fagin, Jessica McMullan, Cydney McDonald, Kay Lockhart and Pam Allmand. Back row, Susan Miller and Empress McFarland.

WOMEN'S CALENDAR

TUESDAY

Toperettes meet at Stanfield Cafeteria, 7 p.m. Visitors welcome.

FRIDAY

Duplicate bridge at Country Club, 9:30 a.m. Open.

Tomato Soup

1 can (10 ¾ ounces) condensed cheddar cheese soup
Milk
1 can (10 ¾ ounces) condensed tomato soup
1 can (7 ounces) whole-kernel corn, drained
¼ cup minced parsley
1 to 2 teaspoons Worcestershire sauce

Into a medium saucepan turn cheddar cheese soup; fill can with milk and gradually stir in. Add tomato soup; fill can with milk and add with remaining ingredients. Slowly heat to boiling, stirring occasionally. Makes 6 servings.

Commissions Keep Climbing

By PHIL THOMAS
AP Business Writer

NEW YORK AP — Commissions have multiplied nearly five times in 10 years on Wall Street and wit.. six months of record trading just finished they're expected to keep climbing.

Commissions, currently being looked over by the Securities and Exchange Commission, are geared to volume in that the more shares of stock bought and sold the more commissions are generated for a brokerage house.

Volume on the New York Stock Exchange hit nearly 1.5 billion shares in the first six months this year and exceeded 13 million shares a day 50 times, compared with five days in the first half of 1967. For all of 1967, Big Board volume came to about 2.5 billion shares valued at about $125 billion.

The huge 1967 volume netted the exchange's 650 member firms a commission income of about $1.5 billion with one per cent of this, about $15.5 million, being paid to the exchange itself.

The record volume also meant record taxes for the City of New York which took in an estimated $250 million in stock transferal taxes during the fiscal year ended June 30. This compared with $166 million collected during the 1966-67 fiscal year.

The accelerating volume is in sharp contrast to a decade earlier when 1957 volume of 714 million, valued at $27.4 billion, earned member firms a commission income of $330 million —about one-fifth of last year's total.

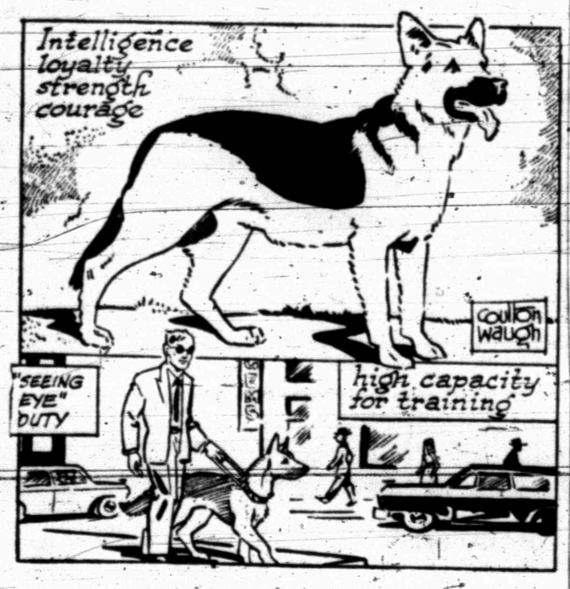

"Commissions average about one per cent of the market value of the stock," a broker said, "but vary depending on the price of the stock."

The percentage paid is higher for lower-priced stocks and for odd lot transactions, those shares bought in lots of less than 100.

"Both the small individual investor and the big buyer, such as a mutual fund, pay at the same commission rate," he said. "For example, a person buying 100 shares of AT&T at $51.50 a share would pay a commission of $44.15—less than one per cent. A fund buying 25,000 shares of the same stock would be charged $11,037.50."

The amount of commission the individual broker gets to keep, accoring to Alvin Schonfeld, managing partner of H. Hentz & Co., "Varies around the Street, with the average rate around a third. If a broker takes in a $100 commission he gets $33.33, although in some houses the more business a broker does the higher the rate of payout."

Junior Editors Quiz on GERMAN SHEPHERD

QUESTION: *What is the story of the German Shepherd?*

ANSWER: The origin of this very well known dog is implied in the name. The breed originated in Germany some time in the 1800's and was once used for herding sheep. Dogs that herd sheep must have special qualities. The herds of sheep spread over large areas, so a dog needs to be exceedingly active to circulate around a large flock, turning wandering, individual sheep back to the main mass. Such a dog also needs courage to protect his flock from attacks by large wild animals. In addition, it must be obedient and loyal to its master. Breeding dogs to such a standard produced the German Shepherd, which is an especially agile, strong and intelligent dog, with a high degree of loyalty and faithfulness to his master. These qualities have made this breed so valuable in police work that the dogs are often called police dogs. A particular service these dogs perform is acting as Seeing Eye dogs for blind people. With their sharp intelligence, they are able to lead their blind masters through the crowded streets of a bustling, modern city.

Memories Too Good To Discard

By HAL BOYLE

NEW YORK (AP) — Every house should have an attic in which to store those things we don't need at the moment but may require later, things too good to throw away.

Every life should have an attic of this kind, too, and every life does—a room of the mind where we retain things which may be a bit out of style but are too precious to discard.

You've got a pretty extensive memory attic if you can look back and remember when—

You could buy a two-seated surrey with a fringe on the top for $48.40.

It was possible to win a local reputation as a sage by makng such profound observations as —"Anybody can make a mistake; that's why they put erasers on pencils and rubber mats under cuspidors."

One of the most wistful dreams of childhood was that sometime the lamplighter, who came by at dusk on his bicycle, would once—just once—let you help him light a lamp.

A sophisticate was someone who pronounced the word vaudeville in only two syllables, whereas the unlettered majority always said, Vaw-duh-ville."

A dude was a guy who wore spats; a fop was a guy who not only wore spats—he also sported a rattan cane.

During the flapper era of the 1920s—40 years before the arrival of the miniskirt—it was agreed by headshaking moralists that women had never worn less in public, or looked worse.

Among the prized possessions of every small boy was a flattened penny he had put on the street car tracks to be run over by a trolley.

Sports fans were more innocent about their heroes. They were more interested in how many home runs Babe Ruth hit in a year than how much he got for doing it.

Men who chewed tobacco referred to cigarettes as "coffin nails" and told anyone who smoked them that he was in danger of getting tuberculosis.

If you didn't know what else to do on election day you could usually go to the polls and vote for William Jennings Bryan.

A mother wept if some heartless gossip told her that her son had been seen emerging from a pool hall in broad daylight.

A kid never really enjoyed a piece of watermelon unless he ate it on the back porch and managed to get both ears wet.

You generally got what you paid for. Nobody tried to charge you a nickel for a penny post card.

Those were the days! Remember?

To Move Headquarters

GREENVILLE, Tex. (AP) — LTV Electrosystems, Inc., plans to move its corporate headquarters from Greenville to Dallas next week, company officials say.

E. F. Buehring, firm president, said rapid growth of the company makes it necessary to move the corporate headquarters to a central location, apart from the operating units.

Buehring said Monday that the Greenvile Division Headquarters would be unaffected by the move. Greenville has been division and corporate headquarters for the firm since 1965. LTV Electrosystems, Inc., is a subsidiary of Ling-Temco-Vaught, Inc., of Dallas.

Buehring said LTV Electrosystems would occupy the entire 11th floor of the LTV Tower in Dallas.

Texas U Chairman

AUSTIN (AP) — An Indiana University professor, Dr. Robert C. Jeffrey, has been appointed chairman of the University of Texas speech department, effective Sept. 1. He will replace Dr. Jesse J. Villarreal, who will return to full-time teaching.

To Assume Post At UT Health Center

AUSTIN (AP) — Dr. Paul C. Trickett, Tulane University health service and athletic medicine director, will take over Sept. 1 as director of the University of Texas Student Health Center.

He succeeds Dr. Paul L. White, who has reached the mandatory retirement age, 65, for university administrators.

White will remain on the staff as a full-time psychiatrist.

The university also announced that Dr. Paul H. Mitchell, a health center physician since 1966, will become associate director of the center.

Junior League Pitchers Shine

There were a couple of superb mound performances unreeled in the Junior Teenage League in Towle Park Monday night with the Dodgers beating the Sports 6-0 and the Buffs besting the Bullets 13-1.

Dodger hurler Scotty Sullivan allowed the Sports only one hit — a double by Larry Wall in the last inning. Wall's blast spoiled Scotty's bid for a no-hitter.

Albert Hernandez led the Dodger 6-hit attack with three singles, while Robert Braziel, Butch Buchanan and Steve Northcott each came through with one 1-base hit. The Dodgers tallied twice each in the 3rd, 5th and 7th frames.

Buff pitcher David Thompson gave up only two hits — singles to Gary Norwood and Ricky Freeman. The Bullets got their only run in the 4th with Freeman driving in Leo Jackson, who had walked ahead of him.

Bullet batters socked 10 hits, scoring four times in the 1st, three times in the 2nd, once in the 3rd, twice in the 4th and three times in the 6th inning. Mike Hodge and Bobby Thompson cracked triples and Stewart Sims slammed a double. Hodge also had a single to go with his extra base hit, and Jerry Hardin stroked three singles. Other singles were contributed by Jim Province, William Patterson and Brett Bell.

Sandra Takes It Easy Now

TORONTO (AP) — Sandra Post, the rookie Canadian professional who rocked U.S. golf with a sensational victory in the Women's PGA Championship two weeks ago, shot a par 75 here Monday and said: "I'm exhausted."

The 20-year-old Oakville, Ont., girl played a relaxed practice round for the $23,000 Women's Open Golf Tournament at the Bayview Golf and Country Club July 25-27.

Miss Post flew into Toronto early Monday after a 12th-place finish, worth $540, in the Women's Open Golf Championship at Reading, Pa., Sunday.

After four hours sleep she played 18 holes—matching the interviews, and flew out again Mondy evening to play in a $20,000 Open at Columbus Ohio.

ROCKY GOES GOLFING— Governor Nelson Rockefeller of New York belts golf ball on the third hole of the Mauna kea Beach resort course in Kawaihae, Hawaii. Rockefeller is vacationing in Hawaii.

Pro Grid Owners Getting Alarmed

By CHARLES CHAMBERLAIN
Associated Press Sports Writer

CHICAGO (AP) — National Football League owners sounded the alarm button Monday night.

Art Modell, owner of the Cleveland Browns and president of the NFL, announced that "pro football faces a long and disastrous strike", and then called for a full meeting of owners in Chicago today.

Modell's statement came after the NFL's Players Association said it had failed to resolve its disagreement with the owners over player pensions.

The players are seeking additional pension funds before the 1970 deadline desired by the owners.

Both groups met on the outskirts of Chicago Monday but reached no conclusion.

While the owners refused to give in to the players, the question of the All-Star Game arrived.

Vince Lombardi, general manager of the Green Bay Packers, who as the champions of pro football, must meet the College All-Stars in Chicago Aug. 2, said "the game will have to be delayed or canceled unless the Packers have at least three weeks to get ready."

This resulted from an ultimatum by Modell to hold off the opening of all pro football camps until the present matter is settled.

The San Francisco 49ers were to open their rookie camp Sunday and the Packers were among those scheduled to start workouts Wednesday.

George Strickler, sports editor of the Chicago Tribune whose Chicago Tribune charities sponsors the All-Star Game, said, "Our contract is with professional football including the National Football and the American Football League.

"Our coaches are here and our squad will assemble Thursday and begin workouts Friday. We'll fulfill our end of our contract and we hope professional football will fill its end."

Meanwhile, Modell issued a statement that said, "Despite having granted 21 demands of the players' union, pro football faces a long and disastrous strike on the sole issue of granting pension benefits in 1968 to players, who on the average, will not be eligible to receive such benefits until the year 2,000."

The players' stand, held by John Gordy of the Detroit Lions who also is president of the Players' Association, is that the owners cannot contract for any amount of money cconcerning 1970 "when they do not know what the situation will be then."

The owners claim they have granted 21 demands to the players and the union's leaders "have taken the position that such an agreement cannot be concluded until the ultimate merger with the American Football League is completed."

Modell, meanwhile, refused to claim the players' group is striking. He calls it an "impasse."

A's, Braves Win In FL

There were two exciting clashes in the Farm League last night as the Athletics toppled the Indians 13-3 and the Braves whacked the Giants 6-3 in Towle Park.

Doug Vaughn singled and Roger Tullis tripled as the Injuns got all of their runs in the 1st frame. Subsequent singles by Vance Voss and Randy Collum failed to produce any more tallies as Jimmy Gutierrez put down the Tribe on a 4-hitter.

Gutierrez also sparked the attack for the A's, hitting safely four times. Two singles each were credited to Doug Phipps, Antwony Lewis and Benny Griggs while Dale Hobbs, Eatney Griggs, Jimmy Calloway and Phil Banks each socked one single. The A's collected a total of 14 hits and scored in every inning, including 12 in the 2nd.

Brave hurler Brad Francis and Giant pitcher Delton Caddell hooked up in a tight duel with Francis getting the decision on a 4-hitter. He gave up two singles to Walter Caddell, one to Glen Prescott and a triple to Delton. The Giants scored one run in each of the last three frames.

The Braves, however, were never behind as they countered twice each in the first two frames and added two more in the final stanza. Ricky Jackson socked two singles and David French doubled to pace the Braves. Jeff Brown and Mac Wellborn added singles.

LEAPS FOR RETURN SHOT — Olga Morozova leaps to return ball in mixed doubles quarter-final match at Wimbledon, England. Morozova and her partner Alexander Metreveli, both Russians, defeated the tennis team of Pancho Gonzales, of Los Angeles, Cal., and Rosemary Casals, of San Francisco, Cal., 6-2, 6-4. (AP Wirephoto via cable from London)

It Takes Hard Work, Love

WILMINGTON, Ohio (AP) — Aggressiveness and 100 per cent efforts prevailed during two rough football practice sessions at the Cincinnati Bengals' summer camp Monday.

The reason is that more than 70 rookies and free agents are scared, aware that cuts are coming and are fighting for jobs with the American Football League team. Around 15 are expected to be retained on the squad.

"These guys are more hungry than the Eagles were," George Catavalos said about Philadelphia of the National Football League. "They're not thinking about themselves so much, they just want to make the club," the defensive back from Purdue continued.

Catavalos failed to make the Philadelphia team last year as a rookie and knows well the feeling of being cut and the pressure involved in trying to put out top performances and make the team.

"There are lots of people in my position," he said.

Catavalos, from Cleveland, grew up during the days when Paul Brown, current coach-general manager of Cincinnati, coached the Cleveland Browns.

"I know about Paul Brown teams. Cincinnati will be a good organization," Catavalos said.

He commented that there are a lot of men in camp who really love the game and Harry Gunner, a big defensive end and rookie from Oregon State, added, "This game is just hard . . . if you play, you've got to love it."

Boren's Late Grand Slam Stops Giants

The Texas Aggies ain't got nothing on the National Little League Braves.

Last night, the Braves were trailing the Giants 0-2 with two away in the last inning. The bases were loaded after Dennis Young and Stan Francis singled and Tim Jones reached first on an error.

Judy Boren stepped up to the plate and with everything riding on every pitch, he cracked one over the fence for a grand slam homer, and that was the ball game with the Braves taking a 4-2 verdict.

The Braves got all three of their hits off Charles McCartney in the last inning. The young Giant twirler had a no-hitter going until then.

Young, the Brave pitcher, just gave up four hits. Herman McAnelly singled in two runs in the 1st. The other hits — all singles — were tapped out by Dee Roach, Steve Wittie and Jerry Webb.

Fans didn't have to wait so long in the Indian - Athletic tussle to see who held the upper hand. The A's tallied three times in the 1st on a double by Ches. Cobb, a single by Aaron Hartsfield, a walk and an error. The A's added five more runs in the 3rd. Cob, who led the Athletic attack with three hits, slammed a 2-run homer, while Sidney Montgomery contributed a double and Bobby Montgomery and Hartsfield contributed singles. Barry Keller doubled and Sidney Montgomery singled in the 3rd as the A's drove in two more runs. The final two in the 4th resulted from walks and back-to-back singles by Cobb and Keller.

Cobb also was credited with the winning mound performance, giving up a doule to Hubert Crayton and a single to Jerry Bob Lee. Neither hit figured in the scoring as the Tribe got its only run in the 2nd on walks, a passed ball and a fielder's choice.

So Whats New, Ralph?

PHILADELPHIA AP) — The Philadelphia 76ers hold a press conference today to tell the sports world what it already knows — that Wilt Chamberlain has been dealt to the Los Angeles Lakers in one of the major trades in National Basketball Association history.

A 76ers spokesman said Monday night that simultaneous press conferences would be held at Los Angeles and Philadelphia to make an announcement. The subject matter was not revealed, but The Associated Press reported Friday that the trade already has been consummated.

The 7-foot-1 center, greatest offensive player in the history of basketball, was swapped to the Lakers for All-Star guard Archie Clark, veteran center Darrall Imhoff and second-year forward Jerry Chambers, plus an undisclosed amount of cash.

Jack Ramsay, the 76ers' general manager for three years, has been named to succeed Alex Hannum as coach. Hannum resigned after the 1967-68 campaign to go with Oakland of the rival American Basketball Association.

Big Solar Flare Disrupts Radios

By BURL OSBORNE
Associated Press Writer

BOULDER, Colo. (AP) — The biggest and brightest solar flare since 1966 fouled up short-wave radio communications around the world Monday, the U.S. Space Disturbance Forecast Center reported.

And, according to the government scientists, there's a better than even chance of further radio trouble from the same flare on Wednesday, with the signs of the sun pointing to more big solar flares in the not-too-distant future.

The sun appeared no larger or brighter than usual to anyone venturing a glance with his naked eye at 1:03 p.m. EDT.

But delicate sun-watching instruments here, and at a dozen "flare patrol" stations around the world, recorded a big change.

Scientists saw a large, intense white spot appear on the red mass the sun appears to be when viewed through their glare-filtering instruments. The spot was the flare, caused by an intensification and heating up of the magnetic field around the sun.

Forecaster Karl Kildahl said these changes in the sun's magnetic field produce corresponding changes in the magnetic field surrounding the earth. These changes disrupt short-wave radio transmissions.

"By our own short-wave monitoring and transmissions, we can see that we have had a tremendous interruption today," Kildahl said.

He said the flare, which lasted about an hour, produced "noise storms" on short-wave transmissions that lasted several hours. By late evening the interference had died down, he said.

The storms affected a wide segment of the short-wave band, knocking out transmission from 184 megacycles to 10 megacycles, Kildahl said.

The flare was rated class 3 on a scale of brightness and size that has a maximum rating of class 4. It was the highest magnut7fe recorded since May 1966, Kildahl said. Two Class 2 solar flares, which also interrupted short-wave communications, were recorded Saturday.

Flares of lesser magnitude are seen at some of the flare patrol stations almost every day, Kildahl said.

Backfire Sets Blaze

NEW CANEY, Tex. (AP) — A backfire from a gasoline truck filling the tanks of a service station injured several men.

"I looked around and there was just a ball of fire," said C. W. Burnett, the night attendant, as the gasoline exploded. He said a backfire from the truck caused the blast.

Burnett said he and George Wallace, the station superintendent, pulled the truck driver from the cab and put out the flames on his clothes.

Burnett said the driver, not identified, appeared to be seriously injured. Wallace also suffered burns.

Volunteer firemen from surrounding Conroe and Porter helped New Caney firemen battle the flames for about two hours. Several firefighters were treated for smoke inhalation.

The station was on U.S. 59 just south of New Caney, which is 35 miles north of Houston.

MOPAC To Stop Runs

WASHINGTON (AP) — The Missouri Pacific Railroad was given permission by the Interstate Commerce Commission Monday to discontinue four passenger trains serving Texas.

The ICC authorized the discontinuance because of "great financial loss" to the railroad in operating the trains.

An ICC spokesman said the stoppage could go into effect Wednesday.

Affected would be trains 7 and 8 between St. Louis and Texarkana; 27 and 28 between Texarkana and Fort Worth; and 23 and 24 between New Orleans and Fort Worth.

The ICC said the Missouri Pacific had shown that the loss would exceed $1 million in 1968.

Reasons given for the losses were diversion of first class mail from trains to trucks, and dwindling use of the trains by travelers.

Port Isabel Audit Reveals Funds Short

BROWNSVILLE, Tex. (AP) — An audit has revealed that $16,000 is missing from funds of the Port Isabel School District, Asst. Dist. Atty. Selden Snedecker said Monday.

Snedecker said the case is being investigated by the Cameron County Sheriff's Office and the district attorney's office.

The audit, according to Snedecker, was ordered by School Superintendent Barry L. Bridgee shortly after he assumed his new position.

Carl Smith, the school district's business manager for the past three years, resigned yesterday, according to Snedecker and school board officials.

TAX ANSWERS

This column of questions and answers on federal tax matters is provided by the U.S. Internal Revenue Service and is published as a public service to tax payers. The column answers questions most frequently asked by taxpayers.

Q — I notified the post office when I moved but my refund still hasn't come. What should I do now?

A — Write the IRS service center where you filed your return giving your present and former address, Social Security Number, and date of filing.

Q — I need someone to represent me on my tax case. Where can I find someone?

A — Contact your local accounting, bar or tax practitioner association. They can give you names of persons qualified to represent you.

Q — Is the room and board you receive as a camp counselor considered taxable income?

A — No, it is not as long as the room and board are furnished on your employer's premises and for his convenience. Acceptance of the lodging must be a condition of your employment.

Q — I just opened a savings account for my daughter. Should I use my social security number to identify the account or do I have to use her number?

A — Use her number.

Q — I just discovered I made a mistake in figuring my sick pay exclusion when I filed my 1967 return. Can I use the Form 1040-X to correct this?

A — Yes, you can. You should also complete and attach a copy of Form 2440, Statement to Support Exclusion of Sick Pay, showing how you compute your corrected sick pay exclusion.

Copies of these forms and necessary instructions for filling them out can be obtained at local IRS offices.

Q — I've heard that there's a tax advantage when you give shares of stock instead of money to a college. Why is that?

A — There is a tax advantage when a donation is made of stock that has increased in value since it was purchased. A tax deduction may be taken for the full market value of the stock on the date the donation was made.

Donations of this sort enable the taxpayer to avoid paying tax on the increase in the value of the stock and get an income tax deduction for it.

Q — I run a dry cleaning store. How often do I have to deposit the taxes I withhold from my employees' wages?

A — Deposits of income tax withheld and employee and employer Social Security taxes must be made semi-monthly when they amount to $2,500 or more for any month in the preceding calendar quarter. Employers with liabilities over $100, but less than $2,500 in a month are required to make monthly deposits.

Employers whose monthly total of these taxes is $100 or less are not required to make monthly deposits.

However, if the total taxes for a quarter (reduced on any deposits) are more than $100, the unpaid balance of these taxes must be deposited by the last day of the month following the close of the quarter.

Austin Paper Company Struck By Blaze

AUSTIN (AP) — Fire struck a paper company Monday evening and spread into a block-long blaze before firemen got it under control some two hours later.

The flames severely damaged the Whitley Paper Co. located about eight blocks from the Capitol.

Johnnie Jones, the owner, set preliminary damage estimate of $500,000.

Also damaged were the Texas Mailing and Printing Shop and the Wendlandt Brokerage firm.

Jones said the fire probably started in trash cans. Firemen gained control of the fire at about 9 p.m.

The Ainu people of Japan, whose unique language and non-Mongoloid features set them apart from Japanese, are believed to be descendants of early Caucasoid - type people who once inhabited northern Asia.

Eggers Says Smith Failed The Test

FREEPORT, Tex. (AP) — Charging "widespread scandal" in the regulation of Texas liquor laws, Republican gubernatorial hopeful Paul Eggers said Monday that voters must begin looking at the man, not the party.

He said Lt. Gov. Preston Smith, the Democratic nominee for governor, "failed to pass the test of leadership" during the recent 30-day special legislative session.

"Texans had every right to expect a liquor reform measure in the wake of widespread scandal, yet during the entire session my opponent sat on his experience," Eggers said.

"The day has come in Texas, as the liquor regulation mess proves, that voters must look at the man instead of the party, the candidate added.

Tektites are mysterious bits of glass many scientists believe are pieces of the moon.

let's not let a computer come between us

Sure, we use computers. They are great for speed and accuracy and efficiency. With more than 370,000 customers to serve, we don't know what we'd do without them for paper work and to figure out things.

But computers will never take the place of people, because to a computer everybody's just a number. Computers don't smile, or call you by name, or show a personal interest, or reflect a friendly and helpful attitude. Not even ours.

So we have real living, breathing people . . . friendly people ready and anxious to help when you have a problem or want information about your electric appliances or electric service. We're trying to live down the computers. This may be the computer age, but we're not going to let a computer come between you and us, ever.

TEXAS ELECTRIC SERVICE COMPANY
Working to make our service ever more helpful

FOR THE 1970 CENSUS

Computer To Count Noses

WASHINGTON AP) — The old-fashioned census taker is going to be replaced by a count-by-mail and computer system for most of the American people during the 1970 head-counting.

The Census Bureau says about 60 per cent of the population will be asked to count itself by filling out and returning mailed questionnaires.

Those who don't—and the bureau figures there will be a number, particularly in slum areas—will get a visit from the census taker.

The next census starts April 1 1970, and will be the 19th general head count conducted by the federal government which is required by the Constitution to count its citizens every 10 years.

In the last census, bureau employes visited each household and collected a completed questionnaire which had been mailed in advance.

But with more than 200 million heads to count in 1970, the bureau is trying to step up its efficiency and cut costs in the process.

The mail-by-census technique, in the testing stage since 1961, will be conducted only in the large metropolitan areas where most Americans now live. Four out of every five counties will be counted the old way.

In tests of the two-way mailing thus far, the bureau reported cooperation ranging up to 91 per cent. But it admits to problems in the Negro slums.

Tests in Philadelphia and Cleveland showed about one-third compliance in low-income areas, a bureau spokesman said.

One purpose of these tests is to devise methods to improve the record.

For the next census the Bureau plans to set up about 400 district offices to handle about 500,000 persons each. Each district will handle its operations in only one way—either by two-way mail or by visits from a census taker to collect forms mailed in advance.

Thus, some households in some large metropolitan areas —such as Little Rock and Des Moines—will receive questionnaires by mail but will return them to the census taker, not the postman.

That's because large rural areas are included in the districts containing those cities and the bureau said rural areas don't lend themselves as yet to the new return mail technique.

An area must have accurate and precise addresses and permit volume mailings for the best results, the bureau said.

Package Brings Death To Teacher

LORAIN, Ohio (AP) — Daniel J. Ronek, a teacher who would have been 24 today, received a 6-inch-long, cylindrical package in the mail Monday. The package exploded in his hands, killing him.

The mailman who delivered the package described it as being 2 inches in diameter with a metal screw cap at one end.

It was enclosed in heavy, dark tan cardboard and weighed 8 ounces to one pound, according to the mailman, Herbert Harding.

The package had been forwarded from Columbus, Harding said, and the Columbus address on the package had been scratched out.

Harding said Ronek often received mail forwarded from Columbus to the home where Ronek lived with his mother and an uncle.

Neither Ronek's mother, Mrs. Susan Ronek, nor his uncle, Steve Breznen, were at home when the blast occurred.

Postal authorities joined police in the investigation.

It was the second such death in Lorain County this year. A bomb package received by bus killed 42-year-old Samuel Hammons Jr. at his home in Avon Feb. 24. The FBI linked that death to a love triangle involving a California man and woman. The California man's body was found later in a pond and no charges were pressed in the case.

Ronek was president of his high school class, was a graduate of Miami State University and did graduate work at Ohio State University last year.

A friend said he taught at Central Junior High School on East 40th Street in a predominantly Negro area of Cleveland during the school year that ended in June.

During the summer months Ronek worked at U.S. Steel Corp.'s National Tube works in Lorain.

Texans Among Vietnam Casualties

WASHINGTON (AP) — The Defense Department has identified 62 U.S. servicemen who were killed in action in the Vietnam War.

Also included on the latest Pentagon casualty list were three men who died of wounds and 14 who had previously been named as missing.

Among those killed:

Army

Texas—Pfc. Terry L. Coggins, son of May B. Bess, 208 Anderson Street, Wilmer.

Missing to dead—non hostile:

Army

Texas—1st. Lt. Raymond P. Bosworth Jr., husband of Virginia S. Bosworth, 4338 Moana Drive, San Antonio.

Laguna Beach Police Probe Shooting Death

LAGUNA BEACH, Calif. (AP) — Authorities say they are investigating the gunshot death of Medrick George Johnson, 49, a salesman who lived in South Laguna Beach.

Sheriff's deputies said Johnson was found dead in his bedroom Friday of a rifle wound in the head.

An autopsy report is pending. Investigators refused to disclose further details of the death.

Corn starch forms the base of most wallpaper adhesives.

Oil Import Allocations Cut

WASHINGTON (AP) — The Interior Department says licensed oil importers east of the Rocky Mountains must take another cut in the amount of crude and unfinished oils they can bring in during the second half of 1968.

The allocations, announced Monday, are so structured that petrochemical industries can increase their imports.

The eastern importers Districts 1-4 received similar allocations in February.

These refinery imports, which totaled 592,160 barrels a day in the first half of the year, are to total 565,160 per day in the second half, a reduction of 27,000 barrels a day.

Petrochemical imports, meanwhile, are to rise by that amount from 52,000 to 79,000 barrels a day.

Already established refinery importers will find their quotas cut back even further, because aboot 5,000 barrels a day of their total is being set aside for distribution to newcomers to their ranks.

This apparent shift, however, is really a matter of bookkeeping more that a true reallocation, a department spokesman noted.

It reflects the Interior Department's new definitions separating refinery imports from petrochemical imports, causing some plants to be reclassified from refinery to petrochemical and to take their import quotas with them into their new category.

There were no other changes announced in the District 1-4 allocations, which continue to total 1,101,416 barrels a day, or 12.2 per cent of domestic production.

In District 5, the West Coast, the total import allocation continues at 322,000 barrels a day—the difference between supply and demand in the area.

Salt deposits in 40 great domes along the Gulf Coast of the United States hold ample salt to meet the nation's needs for 26,000 years.
