## Telephone, Electrical Tieups Threatened

### GM To Make Formal Statement Today On Firm's Attitude To Fact-Finding

(By The Associated Press)

THE possibility of two big strikes increased the nation's industrial problems last night, while General Motors corporation, party to another dispute, announced its representative would attend President Truman's fact-finding hearing today to present a formal statement regarding the company's position "with respect to further proceedings."

The new strikes—notices of which have been served by two unions—would affect the electrical and telephone industries.

**Walkout "Inevitable"**

Officials of the CIO United Electrical, Radio and Machine Workers in New York termed a walkout of 200,000 workers in plants of General Motors, Westinghouse and General Electric "inevitable" and said it might be called late next week.

The government hoped a meeting set for Jan. 2 between federal labor conciliators, General Electric and Westinghouse might avert the strike. The executive board of the ERMW meets Jan. 5 to arrange the walkout, authorized by the union membership in support of demands for a $2 a day wage rate increase. Negotiations between the union and General Motors are continuing.

Meanwhile, independent union spokesmen said a nationwide work

## Chinese Reds Submit Their Peace Plans

By SPENCER MOOSA
Associated Press Staff Writer

CHUNGKING, Dec. 27.—Chinese Communists, meeting government leaders to arrange for full-dress peace discussions, submitted in writing today their plan for a truce to end China's civil turmoil.

"All we can do is hope," declared Chou En-Lai, head of the Communist delegation, on emerging from the preliminary conference at which the rival factions met formally for the first time since Nov. 17.

**Dinner For Marshall**

Then he set off for a dinner honoring Gen. George C. Marshall at the home of Walter Robertson, U. S. charge d'affaires, also attended by representatives of the government and China's democratic league.

Chou insisted the plan — text of which was withheld — called for an "unconditional" truce, but the government had asserted that as made orally last week it contained some booby traps.

Chou outlined it as calling for a "cease fire" order by each side, settling all problems peacefully and dispatching non-partisan observers to the fronts to make a report.

**"Freeze" Of Troops**

The government charged the oral plan would require its troops to withdraw from the railroads and would freeze in present positions their forces now moving into Manchuria.

The government was represented as seeing the latter condition as a staff barrier to acceptance of the Communist plan.

In fact, there was a report current that the government would ask the Russians to postpone their Jan. 3 withdrawal from Manchuria because national forces still had too far to go before being ready to take over the administration of the vast and rich territory.

**In 83 Miles Of Mukden**

Associated Press correspondent Spencer Davis in a dispatch from Peiping said advance units of nation occupation forces were seven miles northeast of Tahushan, which is more than 60 miles southwest of Mukden, Manchuria's largest city.

A score of high government officials left Peiping by plane for Changchun, the Manchurian capital, to assist advance groups in taking over the civil administration, Davis said.

FIREMEN SEARCH BLAST WRECKAGE — Firemen search for victims in the wreckage of what a few minutes before was a warehouse-apartment building destroyed in Santa Barbara, Calif., by an explosion. At least five bodies were recovered from the ruins. Five other persons were injured. (AP Wirephoto).

## 28 Countries Sign Bretton Woods Pact

By D. HAROLD OLIVER
Associated Press Staff Writer

WASHINGTON, Dec. 27.—Hailed as a fore-runner of an improved world economy, the Bretton Woods monetary agreements were formally signed today by 28 of the 45 nations which had drafted them in July, 1944.

Russia was the only big power absent but she has until Dec. 31 to ratify and sign as one of the original 45. The larger nations signing were the United States, Great Britain, France and China.

**To Funds Established**

The agreements tablish a $9,100,000,000 international bank to make loans to help rebuild and rehabilitate war-torn countries and a $8,800,000,000 fund to keep world currencies stabilized.

They still can be signed until next Monday by the other countries participating in the United Nations 1944 monetary conference at Bretton Woods, N. H. After that date, a nation wishing to participate will have to be approved by the fund or bank boards.

The two agreements were signed in a 26-minute ceremony at the State department.

Treasury Secretary Fred M. Vinson signed for the United States; other signatories were Great Britain, France, China, Belgium, Bolivia, Brazil, Canada, Colombia, Costa Rica, Ecuador, Egypt, Ethiopia, Greece, Guatemala, Honduras, Iceland, India, Iraq, Luxembourg, Netherlands, Norway, Paraguay, Philippine Commonwealth, Poland, Union of South Africa, Uruguary, and Jugoslavia.

**Vinson's Comment**

At the conclusion of the ceremony Secretary Vinson declared: "The birth of these two great international financial institutions is not an end in itself but only a means to the end of international peace and prosperity. Our task, therefore, has but just commenced.

The pact were to take effect only if ratified and signed before Dec. 31, 1945, by governments having 65 per cent of the fund quotas $5,720,000,000) and bank subscriptions ($5,915,000,000). The aggregate quotas and subscriptions of those signing today is well above the 65 per cent requirement.

Forty-four nations have been assigned quotas. No shares have yet been fixed for Denmark.

The fund quota of the United States, first country to ratify is $2,750,000,000, and its subscrip-

## Four-Power Rule Is Approved For Japan

### Curb On Weapons For "Mass Death" Planned; Other Agreements Made

By DOUGLAS B. CORNELL
Associated Press Staff Writer

WASHINGTON, Dec. 27—The United States, Great Britain and Russia today proposed that the United Nations council undertake the job of eliminating "atomic weapons and all other major weapons adaptable to mass destruction."

The foreign secretaries of the three nations announced after their conferences in Moscow that they had suggested the establishment by the United Nations organization of a commission for the control of atomic energy.

The three countries offered a resolution to that effect for consideration at the forthcoming London session of the United Nations general assembly.

**Soviet Agree To Plan**

Russia concurred in the plan proposed by the U. S. and Britain, with Canada, that the United Nations should handle controls over atomic energy to "ensure its use only for peaceful purposes."

In a communique outlining results of their 11-day conference in Moscow, the three foreign ministers announced agreement also on problems arising from Japan, Korea, China, Romania and Bulgaria.

**Agree On Major Issue**

Thus, in contrast to a non-productive conference in London last September, Secretary of State Byrnes, Foreign Secretary Bevin of Britain and Foreign Commissar Molotov of Russia reached accord on troublesome questions worldwide in scope and importance.

They proposed in effect that the United Nations security council take on the job of atomic control, of eliminating fearsome atomic weapons and "all other major weapons adaptable to mass destruction" from the arsenals of all nations.

**Quick Action Planned**

They said the question of establishing a control commission would be laid before the United Nations general assembly at its first meeting in London [illegible] month.

Russia agreed to go along with a control formula that was [illegible] about what Britain and the United States, along with Canada, suggested in November.

But Russia got a louder voice in running conquered Japan. She had been hammering for months for an Allied control council.

The three foreign ministers agreed on one. Russia will sit in on it, along with an American and Chinese member, and a fourth representing Britain, Australia, New Zealand and India.

General Douglas MacArthur still

## Difference In Meets Cited

By JOHN A. PARRIS
Associated Press Staff Writer

LONDON, Dec. 27. — The Big Three succeeded in doing things where the five-power conferences, of foreign ministers failed dismally.

A comparison of the London and Moscow conferences, diplomatic sources said tonight, is as easy as distinguishing between night and day.

While the five-power council failed in London last fall to reach a decision on a single important issue of European peace — the problem on which the other major decisions hinged—the Big Three conference of the United States, British and Russian foreign ministers agreed on the many outstanding questions of the day.

**Blamed On Atomic Bomb**

After failure of the London conference, some commentators blamed its unsuccessful conclusion on the atomic bomb. One London newspaper carried a cartoon showing the foreign ministers of the United States, Great Britain, Russia, France and China seated at a table with an atomic bomb overhead.

Now steps have been taken by the Big Three who concluded their meeting in Moscow today to place the control of atomic energy with the United Nations 11-member security council.

Diplomatic quarters emphasized that while the five-power foreign ministers were unable to agree, the Big Three had far exceeded their most optimistic hopes in reaching decisions by agreeing on the procedure for establishing European peace.

**Dealing Made Possible**

Thus the Big Three have made it possible for the five-power deputies to deal with the major European issues such as Italian colonies, the Italo-Yugoslav frontier disputes, Italian reparations, and drafting of treaties for Romania, Bulgaria and Hungary, as well as for Italy and Finland.

The atmosphere of the London conference was tense and clouded with suspicion, and harsh words passed between some members of the conferees, with Foreign Commissar Molotov threatening to walk out and return to Russia.

**Cordial Conditions**

There was every indication from the Soviet capital that the Moscow talks were held under extremely friendly and cordial conditions. The five-power talks in London lasted three weeks, while the Moscow discussions took only 11 days.

When results of the London five-power parley were made known, observers held out little, if any, hope for future accord, and a wave of pessimism swept 'round the world. The Moscow conference, in the opinion of London diplomats, promisses a revival of the cooperation and trust that existed among the big powers during the war.

## Early Start Planned Here On Big Expansion Program

Several phases of Lubbock's five-year expansion and improvements program will be started as soon as bonds can be sold and contracts let, City commissioners decided in a meeting Thursday afternoon at City hall.

Tentative plans for drawing of plans and specifications and starting negotiations for purchase of property and right-of-way on a greater portion of the improvement program, recently approved by voters in a $5,894,000 bond election, were discussed briefly in the four-hour session.

**Water Supply Is No. 1**

It was decided that as soon as negotiations can be started, work on the city's water supply and improvement program will be begun as the No. 1 project in the development. Approximately $1,100,000 bonds will be sold for this purpose if plans are carried out.

Next in importance is sanitary sewer improvements, which will also be started, as soon as arrangements for sale of bonds are made. Approximately $105,000 in bonds will be needed for this purpose.

Brief discussion on the program revealed that sale of $2,379,800 in bonds is contemplated within the next few months to get the above projects under way as well as phases of the fire stations, recreation and parks, police station expansion, auditorium - coliseum, storage garage, city hall improvements, airport development, storm sewers, street and traffic lights development.

**Water Softening Plant**

Considerable study will be given to the water softening plants before this work is started, it was decided.

Commissioners also took steps toward ultimate revision of Lubbock's charter with Mayor O. W. Ribble appointing a charter committee with Mark Halsey, J. O. Jones, Spencer A. Wells, M. R. Smith, jr., retiring city manager, and Tom B. Duggan, jr., as members.

Other action highlighting the session was passage at first reading of an ordinance providing for double charge for water served to meters outside the city limits and placing service on such meters under the same regulations as that to customers residing within the city limits. The ordinance also provides that water lines and service may be extended to customers on permanently improved premises provided any extension greater than 150 lineal feet is paid for in advance to the city on cost estimates made by the city plus the regular "tapping fee," the size and location of lines to be determined by the city.

**Sanitary Sewer Service**

Another ordinance provided regulation for sanitary sewer service outside the city limits, at cost of the property owner, and fixing a minimum charge of $1.50 a month for four or less fixtures and 25 cents per month additional for each unit or fixture over four in number. Where premises are used for commercial and industrial purposes, a minimum of $2 per month for the first 10,000 gallons of water or less and an additional 15 cents per thousand gallons of water consumed between 10,000 and 20,000 gallons and an additional 10 cents per thousand for water consumed over 20,000 gallons. Only customers with city water connections would be provided sewer service under the ordinance.

The two ordinances, discussed recently at a commission meeting, will go into effect on late February and early March water bills. The ordinance was passed after it was

## Two Men Slain By Hitchhiker

LUTCHER, La., Dec. 27 (AP) — Police concentrated search in Little Rock, Ark., tonight for an unidentified hitchhiker who early today shot and killed two men and seriously wounded another on a highway near here.

State Police Capt. John E. Currie said a driver's license issued in the Arkansas city recently had been found in a suitcase left a few feet from the scene of the shooting. They said the name on the license had been furnished Little Rock authorities.

**Questioning Delayed**

New Orleans officers meanwhile were forced to wait before questioning further the wounded survivor of the triple shooting—Seabee Gordon W. Ray of Electra, Tex. Ray was operated on today at the New Orleans naval hospital and physicians said he could not be questioned before tomorrow.

Earlier he told Deputy Sheriff J. P. Pollett he feigned death while the gunman drove the automobile of one of the dead men to Gramercy, about seven miles south of Lutcher.

There the killer, known to Ray only as "Blackie," abandoned the

## Effect On McCoy Board Unknown

HAMILTON FIELD, Calif., Dec. 27 (AP)—Maj. Gen. Frank R. McCoy, USA, chairman of the Allied Far Eastern commission, said tonight he did not know if the Big Three's formation of a revised Far Eastern policy commission would supersede his 10-nation board.

The foreign ministers of the United States, Britain and Russia announced such a new commission today when they disclosed their Moscow agreements for governing Japan and Korea.

**Enroute T Japan**

McCoy and 38 members of the old commission enroute to study American policies in Japan arrived here tonight.

"Unless we are ordered back, we will proceed," McCoy told newsmen. "We have not heard a thing about a new control commission and there is nothing for us to say; we are proceeding on our original orders."

The party will fly to Hawaii tomorrow at 8 a. m.

Asked whether his commission would meet a Russian delegate in Japan and be reformed into the new commission, McCoy replied:

"If it is so, the Russian delegate would join us."

The McCoy group is made up of delegates from the United States, New Zealand, Great Britain, The Netherlands, China, France, Canada, the Philippines, Australia and India.

The commission was formed two months ago at Washington, but Russia did not join.

Executive Branch Reorganization Starts

## Smaller War Plants Setup Is Abolished

By STERLING F. GREEN
Associated Press Staff Writer

WASHINGTON, Dec. 27—President Truman today abolished the Smaller War Plants Corp., effective Jan. 28, and shifted its duties to other agencies as a step in reorganizing the executive branch of the government.

The Reconstruction Finance Corp. gets SWPC's assignment in surplus disposal activity and its job of lending money to help small firms reconvert and expand. The commerce department takes over the expiring agency's duties of supplying technical and other aid to little businesses.

Maury Maverick, former mayor of San Antonio and former congressman from Texas, who headed SWPC during most of the war, got no new assignment. However, he will continue his current survey of the possibilities of developing new markets in the Pacific for U. S. small business.

The changes were made, Mr. Truman explained, because the government "must have a permanent program to assist small business to grow and prosper." His statement issued at the White House described the shift as an "important step" in that direction and expressed belief it will "simplify and unify the government's aid to small business."

While Congress recently granted Mr. Truman authority to revamp executive agencies, he acted today under the first war powers act of 1941. He referred to the changeover in letters to retiring SWPC directors, however, as part of his reorganization plans.

Maverick has not yet resigned as chairman and general manager of SWPC, although Mr. Truman's letter giving him the overseas assignment and notifying him of the impending consolidation was sent early in November.

There have been reports that the Texan, vociferous foe of red tape and official "gobbledegook," would go into private business, but one official close to the arrangements said a government job would be available if he wanted it.

**Has Visited Far East**

Maverick is due here shortly after New Years day. He has visited China, Japan, Korea, the Philippines, Australia and New Zealand.

The RFC will get the bulk of SWPC's 1,150 employes and all 110 field offices. It also will get the agency's revolving fund of $200,000,000 for loans to little businessmen.

Veterans and little businessmen, both entitled to priority in the purchase of surplus equipment, apply for the goods through the SWPC field offices. Whether RFC will maintain all the branches was not known, since the big lending agency has a field set-up of its own.

## Fate Of Miners Still Unknown

PINEVILLE, Ky., Dec. 27 (AP) — Teams of rescue workers, operating in relays as they fought fire and gas inside a coal mine near here, today pressed to within 2,500 feet of a group of trapped miners.

The fate of the 30 or more men still was undetermined after a day and a half. The trapped men were sealed off from the outside world by an unexplained explosion at 8:30 a. m. yesterday. Best estimates were that the men would not be reached before tomorrow.

**May Require Days**

R. R. Sayers, director of the bureau of mines at Washington, said he believed it would take two to three days to reach the miners.

Officials at the Kentucky Straight Creek Coal company mine number 1, where the explosion occurred, estimated today there were at least 31 men inside the tunnel.

The rescue crews reported they had encountered and put out 17 fires since the first group entered the pit yesterday.

They also reported considerable "black damp," a poisonous gas usually found in mines after a fire or explosion. The crews were equipped with gas masks.

Few of the veteran miners have held out any hope for the rescue of any of the trapped men alive. Duging the first 30 hours of rescue work, not a sign was reported to indicate the fate or even the location of any of the miners inside the tunnel, which extends back more than two miles from the entrance.

A crowd of 300 to 400 persons, remained near the mine entrance throughout last night and today.

There was not a sob, however, as mothers, sisters, wives and sweethearts huddled around bonfires, awaiting word on the fate of the men inside. Many of them have had similar experiences in other mine tragedies.

**ACTRESS LOSES BABY**

HOLLYWOOD, Dec. 27. (AP)—Actress Lois Andrews lost her baby when it was born prematurely today. She was reported in a satisfactory condition at Cedars of Lebanon hospital. Miss Andrews and radio singer David Street were married last Oct. 28.

## Government To Peg Eggs At 29 Cents

WASHINGTON, Dec. 27. (AP)—Secretary of Agriculture Anderson formally announced today that the government will seek to support egg prices at levels designed to reflect a national average farm price of 29 cents a dozen during the heavy production season next spring.

Plans for such a support program had been disclosed previously by poultry officials. They had predicted a surplus of eggs which might cost the government more than $200,000,000 in price support operations.

The government is required by law to support producer prices of eggs at not less than 90 per cent of their parity price.

## Several Dead In Palestine Riots

JERUSALEM, Dec. 27 (AP) — Nine persons were killed tonight in simultaneous Jewish attacks on police headquarters buildings in Jerusalem and in the Jaffa-Tel Aviv area, some thirty miles away.

A communique said one British assistant police superintendent and two British constables and four Baguto police soldiers were killed in Jerusalem, where a three-block area in the heart of the city was damaged and the central police building was partially destroyed by heavy explosions.

**Tel Aviv Attacks**

During the attack against the district police headquarters in Tel Aviv an Arab telephone operator was killed, the communique said, and later in an attempted raid at the royal engineers arms store at the exhibition grounds north of Tel Aviv one British soldier was killed.

The communique added that in addition to the seven killed in Jerusalem, the superintendent of police and six Baguto soldiers were seriously injured and four constables were wounded, placing the latest estimate of wounded in that city at 11.

Eyewitnesses in Jerusalem were

## Vera's Losses In Her Purse Theft Continue Upward

VANCOUVER, Wash., Dec. 27. (AP)—Losses continued to mount today for Vera M. Jones, who lost her purse containing $28 three weeks ago.

Today she got her purse back empty, but for a price. The finder had sent it COD which amounted to $5.58.

Just how the mailer expects to collect the COD money is puzzling the police. The return address was a phoney and according to postal rules the government will get the $5.58.

## Plans Outlined For Men's, Boys' Suits

WASHINGTON, Dec. 27. (AP) — The government tonight announced a program aimed at getting 3,500,000 inexpensive men's and boy's suits produced during the first three months of 1946.

A Civilian Production administration said the output goal for the entire year is between 28 and 30 million suits, with approximately 14,000,000 to sell in low and medium price ranges.

Men's suits to be made under the program will sell at retail at or below $33.

In continuing the government-sponsored clothing program into 1946, OPA said 23,000,000 yards of wool fabrics would be earmarked for use in men's and boys' low and medium priced garments during the first quarter of 1946.

In addition to 3,500,000 suits during that period, the program contemplates production of 7,000,000 pairs of men's and boys' trousers and 1,500,000 overcoats and topcoats.

## Yuri Pleads Innocent On Atrocity Charges

YOKOHAMA, Dec. 27. (AP) — Lt. Ken Yuri pleaded innocent today to atrocity charges, including one that he let a U. S. private be bayoneted to death before the eyes of horrified comrades at Omuta prison camp.

The prosecution told the military commission that it would demand the death penalty for the burly, former commander of the camp in southern Japan.

Yuri was accused specifically of ordering guards to beat the private, Noah C. Heard (hometime unavailable), before he allegidly was bayoneted to death May 31, 1944.

**EVACUATION PROGRESSES**

HONOLULU, Dec. 27. (AP)—The Navy reported today that the evacuation of Japanese military personnel from the Bonin islands north of Iwo Jima was progressing rapidly.

## Texas Holds Two On Seattle Warrants

AUSTIN, Dec. 27. (AP) — State police headquarters tonight announced that city officers in Denison had arrested Richard Britton, 28, and Homer Britton, 22, on warrants from Seattle, charging murder and robbery.

The state police had no details of the arrests. They said a third man wanted in Seattle was still being sought.

**FIRM RAISES WAGES**

HOUSTON, Dec. 27. (AP)—Employes of the Freeport Sulphur company will receive a 15 per cent hourly wage increase and a reduction from a 48-hour week to a 40-hour week, effective Tuesday, company officials announced today.

## Jap Emperor System Destroyed By Series Of Orders By Allies

TOKYO, Friday, Dec. 28. (AP) — The traditionally-worshipped, all-powerful emperor system that Japan has known in the past, is being "destroyed — wiped out of existence," as the result of Allied reforms, Brig. Gen. Frayne Baker, General MacArthur's public relations officer, said today.

His written summary of MacArthur's democratization decrees did not, however, mention Emperor Hirohito; neither did it indicate that the throne itself would be abolished. The statement referred rather to reforms which have eliminated the throne's traditional feudal controls that shackled the nation.

"The last evil roots of the tenno (emperor) system were pulled out and destroyed with the abolition of state Shinto" (ancestor worship directed and supported by the government), Baker asserted.

The first step, his statement explained, was "when the Japanese War and Navy departments were blacked out, and all armament gathered in by the occupation forces.

"This first step was really the main one, because that took away the sword which was the key control.'

Successive MacArthur steps, the statement added, were studied ones, which must be considered in sequence to get the full benefit of the progressive psychology applied.

"Destroyed the whip-hand control of the empire's police force and cancellation of thought control was another far reaching operation," Baker declared.

Removal of the sword, he said, necessarily accorded free speech, free religion, free press, free assembly and free petition, and these foundations for the new government quickly won favorable reaction.

## Bing Crosby Named Box Office Leader, Van Johnson Is Second

HOLLYWOOD, Dec. 27 (AP)—Bing Crosby was named the movie box office leader again in 1945 in a poll of exhibitions conducted by the Motion Picture Herald.

Ranked in the top 10 in six of the 14 annual polls, Crosby scored heavily in "Going My Way," which the Herald said has grossed $8,000,000. Crosby also appeared this year in "Here Comes the Waves," "East Side of Heaven," "Duffy's Tavern," and served as the voice of Eddie Bracken in "Out of This World."

Van Johnson was ranked as the No. 2 drawing power, followed in order by Greer Garson, Betty Grable and Spencer Tracy, with Humphrey Bogart and Gary Cooper tied for sixth; Bob Hope, Judy Garland, Margaret O'Brien and Roy Rogers.

From 10th place to 25th, here's how they finished:

Abbott and Costello, Betty Hutton, Ingrid Bergman, Bette Davis, Alan Ladd, Dane Clark, Joseph Cotten, Claudette Colbert, Walter Pidgeon, Fred MacMurray, Danny Kaye, Gregory Peck, Ginger Rogers, John Wayne and Mickey Rooney.

Crosby won the poll's top spot in 1944, Betty Grable in 1943, Abbott and Costello in 1942, Mickey Rooney in 1939, 1940 and 1941, Shirley Temple from 1935 to 1938 inclusive, Will Rogers in 1934, and Marie Dressler in 1932 and 1933.

For western pictures exclusively, the poll this year shows these top 10:

Roy Rogers, George "Gabby" Hayes, William Boyd, Bill Elliott, Smiley Burnette, Johnny Mack Brown, Charles Starrett, Red Barry, Tex Ritter and Rod Cameron.

## The Weather

# New Year One Of Great Promise For Nation, Businessmen Say

NEW YORK, Dec. 27. (AP) —American business leaders, in an outpouring of year-end statements, today pictured 1946 as a year of tremendous opportunities, with prospects that civilian production in many lines could surpass anything this country had previously known in peacetime.

There were hints of caution in some statements, with obvious reference to the management-labor difficulties and other problems facing the starte of the new year.

**Picture Not Definite**

One of the most outspoken was Paul W. Litchfield, chairman of the board of the Goodyear Tire and Rubber company. After speaking of the "great market awaiting us," and the prospect that "we could be busier than we have ever been," he concluded that "the immediate future is neither clear nor bright."

"Accurate forecasting of business and employment is made impossible by the wave of strikes and fomented unrest," Litchfield said. "The paradox is that while almost everyone recognizes the nature of our problems, effective steps are not being taken on a national scale to meet them."

**West In For Advancement**

In San Francisco, Henry J. Kaiser, who is interested in several industries, declared 1946 "presents far more prospects than problems." He forecast the west in particular was in for its greatest advance, and based his optimism on the return generally of a competitive consumers market.

Clarence Francis, chairman of General Foods Corp., said the American food industry's most competitive era will start in 1946.

Producers, processor and distributors will find keen competition for a share of the consumer's dollar from all industries and from the greater number of units within each industry, Francis said.

"Farmers during 1945 sold seven per cent more crops than in 1944," Francis said. "Net farm income approximated $13,000,000,000. This record current income, plus peak savings, has spurred farmers to buy long-needed equipment, fertilizer, machines, and tools, for greater production efficiency to meet stiffer competition from American and foreign farmers in the coming years.

## Vernon Clark Heads Savings Bond Group

WASHINGTON, Dec. 27. (AP)—Secretary of Treasury Vinson announced today the appointment of Vernon L. Clark, Des Moines lumberman, as national director of the United States savings bond division.

Vinson also announced the resignation of Ted R. Gamble, who directed five war bond campaigns and the Victory Loan drive as director of the war finance division.

## French Foreign Chief Weds His Secretary

PARIS, Dec. 27. (AP)—Foreign Minister Georges Bidault married his assistant chief secretary today.

Serious-looking, bespectacled Suzanne Borel, 41, France's only woman career diplomat, had to have the permission of the foreign minister to wed. But Bidault readily smoothed the way. He went on a 24-hour "vacation"—and the acting foreign minister signed the necessary papers.

## Wichita Falls Man's War Bride Arrives In U.S. As Stowaway

BALTIMORE, Dec. 27. (AP)—A British war bride who cut red tape by stowing away on a freighter reached her objective—the United States—yesterday but after several hours ashore went back to the ferighter, Empire Shamois.

There the girl, Brenda Morgan, 19, must await in the custody of Capt. Harold Sapsworth for the removal of the last legal barriers between her and her husband, ex-GI Jimmy Morgan, of Wichita Falls, Tex.

**Had Little Luggage**

She came ashore at noon with all her luggage, a little bag containing lipstick, powder and a change of clothes, for a preliminary hearing before immigration officials.

The hearing was suspended, Inspector John P. Ryan said, pending the expected arrival of her husband. Then the girl, technically barred from this country, went back to the ship.

Her stowing away solved a lot of her legalistic problems and a bill now on President Truman's desk might fix the rest, immigration official told her. The bill would make it unnecessary for GI brides to have the usual immigration documents, which she doesn't have.

**Husband Must Be Around**

If the bill were signed, Ryan said, her legal entry would be a simple matter. It it isn't signed, a little legal maneuvering probably will accomplish the same result, he said. However, her husband must be on hand. Ryan added that Red Cross officials told him that husband Jimmy was leaving Wichita Falls tomorrow for Baltimore.

Six hours after the freighter sailed from Avanmoutn, England, Dec. 7, the girl was found. Then Captain Spasworth installed the brown-haired girl in a cabin. William Scarlett, a steamship agent, said he had been told she won a beauty contest in England.

"Of course I gave her a cabin," the ship's master said, "what else could I do?"

The voyage was rough but Brenda didn't mind. All she wants is to stay and see her husband.

**TEXAN ON WAY TO AID WIFE TO STAY IN U. S.**

WICHITA FALLS, Dec. 27. (AP) —John William Morgan of Wichita Falls is flying today to Baltimore to help get his stowaway British wife into the United States.

He has five days in which to assure the entry of Brenda Morgan, waiting on the freighter Empire Shamoie which docked in Baltimore yesterday after leaving England Dec. 7.

Mrs. Ethel Morgan, the husband's mother, said in an interview here today Morgan left Dallas by plane today.

Brenda, who had just turned 19 at the time of her marriage to the American infantry lieutenant May 11, 1945, at Bristol, was reported to have stowed away on the freighter after she had been advised she could not hope to sail for the United States with the first contingent of English wives of American soldiers.

She had planned to land at Nova Scottia where an aunt resided. She had sailed when her husband's cable advising her to wait reached England.

Mrs. Morgan said the young couple plans to live in Wichita Falls with her temporarily.

## Scheduled Arrivals Of Overseas Troops

At San Francisco on the SS James Woodrow due Dec. 26 was Pvt. Steve Jones of Anton; on the Rosenberg due Dec. 27 was T/4 Robert Cunningham of Lubbock; on the Cape Newenham due Dec. 26 were S/Sgt. Charles W. Graham of Lubbock and Pvt. Mitchell Williams of Anton; on the General Brewster due Dec. 23 were Capt. James D. McIlyar, Sgt. James C. Greene and Sgt. Irvin B. Littrell, all of Lubbock; T/Sgt. George V. Rogers, of Plainview, S/Sgt. Carl R. Parrish of Floydada, and Pfc. Wilburn W. Carr of Hale Center.

At Tacoma, on the USS General Mann, due Dec. 27: Pfc. G. W. Smith of Lubbock.

## "Foreign" Pope Seen As Next Possibility

ROME, Dec. 27 (AP)—The newspaper Libera Stampa, commenting on the new college of Cardinals with its membership of 42 non-Italians, speculated today on a "foreign" successor to Pope Pius XII.

"In all probability," said the newspaper, "we will have a foreign Pope"—an event which has not occurred in the church since the election of Adrian VI of Utrecht, in 1522.

In the history of the Catholic church all but 52 of its 262 supreme rulers have been Italians.

**BACKACHE, LEG PAINS MAY BE DANGER SIGN**

**Of Tired Kidneys**

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention.

The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day.

If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there's something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills. 44t

**Check Itching First Application**

Agonizing itching of ugly eczema, Rash, Tetter, Ringworm, Pimples, Scabies, Toe Itch is checked on ONE APPLICATION of BLUE STAR OINTMENT. Repeat as needed as nature helps heal. Money back if FIRST jar fails to satisfy. Try it today. 44t

## Slaying Of Two U.S. Soldiers Is Probed

BERLIN, Dec. 27 (AP)—American military authorities and German civilian police pressed a house-to-house search in the Templehof airdrome district today for the persons responsible for the Christmas eve slaying of two American soldiers.

Reports of the shooting were confirmed officially yesterday by U.S. Army authorities, who said the two men had been shot through the head with a .38 caliber gun. Police said they were unable to discover a motive for the shootings—the first to take the life of an American soldier since the occupation of Berlin.

**In Russian Uniforms**

Names of the two victims were not divulged pending notification of next of kin.

Ingard Grossa, 19, German girl, told American authorities she and one of the soldiers were walking down the street after visiting a cafe when they heard a shot and saw a flash close by.

She said they thought boys were shooting firecrackers, when two men wearing Russian uniforms approached. One of the men, the girl declared, stayed on the darkened sidewalk and the other met them in the street and asked in broken English, "Are you an American?"

**Both Were With Girls**

She said the American said "yes," and his assailant then drew a gun and fired at him twice.

The body of the other American was found in the street about 50 yards away. He was previously seen by friends outside a theater early that morning and later with a girl who has not yet been found

## International System Of Spies Is Urged

OKLAHOMA CITY, Dec. 27 (U.P.) —William G. Johnston, petroleum adviser to the United States reparations commission for Japan, was back from Tokyo today with two major conclusions:

1. "We can operate with half the present Army and Navy if we have an international spy system."

2. "We can minimize Japan as a future war threat simply by controlling her imports of oil."

Johnston, an Oklahoma City and Houston, Tex., oil man, also urged universal military training in peacetime as "added insurance" against aggression by greedy nations.

He proposed training of state department representatives in schools similar to staff schools of the Army and Navy. He said "these spy schools" should be set up to "guarantee that we won't be caught napping again."

## Singapore Transport System Tied Up Again

SINGAPORE, Dec. 27 (AP)—A new walkout paralyzed Singapore's public transport system today.

About 20,000 transport, gas and electric workers, newsboys and laborers employed by the British armed forces at this naval base are on strike for higher wages.

Iowa has a total of 102,969 miles of highways.

## Pioneer Resident At Post Dies Thursday

POST, Dec. 27.- (Special)—Mrs. J. Hammons, 82, a resident of this city for 27 years, died at 11:50 a. m. today.

Services will be held at 2 p. m. Friday at the Methodist church, with the pastor, Rev. I. A. Smith, conducting. Burial will be in Post cemetery under direction of Mason and Co. funeral home.

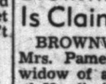

Survivors include the following children: Mrs. J. W. Hillard of Seagraves, Mrs. Stella Smith of Floydada, Mrs. C. L. Ruggles of Phoenix, Ariz., Pryor Hammons of Littlefield, Cecil Hammons of Vega, and Miss Lela Hammons of Post; 27 grandchildren and 17 great-grandchildren.

## Brownwood Pioneer Is Claimed By Death

BROWNWOOD, Dec. 27 (AP)—Mrs. Pamelia Wyatt Gilmer, 85, widow of a former drummer boy of Hood's brigade in the Confederate army, died here today.

The funeral will be held here tomorrow.

Born in Upshur county Jan. 14, 1860, Mrs. Gilmer married William E. Gilmer at Lampasas in 1874 and moved to Brown county 70 years ago. Gilmer died in 1914.

MOROLINE HAIR TONIC

## Fuel Stringency Is Said Facing Nation

WASHINGTON, Dec. 27 (AP)—A "fuel stringency" is facing the country, Secretary of Interior Ickes said today.

Ickes told a news conference that fuel oil is "tightening up" and that coal production is insufficient to meet all needs.

As for oil, he added, it is a question of producing more fuel and less gasoline. He remarked that the oil companies make more money from producing gasoline. "Oil production depends upon the production of fuel oil at the expense of gasoline," he commented.

Several month Ickes recommended an increase in the ceiling price of petroleum in a move to increase production. This was turned down by the Office of Price Administration.

## Lott Youth Is Killed In Shooting Accident

LOTT, Dec. 27 (AP)—Wilfred Neal Harrell, eight-year-old son of Mr. and Mrs. A. Wilfred Harrell, died in a Marlin, Tex., hospital today as the result of gunshot wounds accidentally received at his parents' farm yesterday.

# Congress To Resume Fight Over Merger Proposal Early In Year

WASHINGTON, Dec. 27. (AP)—The congressional controversy over merger of the armed forces will be resumed in mid-January before the House expenditures committee.

Rep. Jennings Randolph (D-W Va) reported today the group has agreed to open hearings after the holiday recess on his bill for a unified command.

The measure would set up a single department of national defense, with under-secretary for War, Navy and Air, as urged recently by President Truman.

**Quick Action Seen**

The committee also will consider bills by Chairman May (D-Ky) of the military committee and Carl Vinson (D-Ga) of the naval committee for a separate air arm, under a secretary for air. Under the May-Vinson plan the separate secretaries for War and Navy would be maintained.

The Senate military committee already has held extensive hearings on the merger proposal, and Senator Edwin C. Johnson (D-Colo) recently predicted the group would have ready for action by February 1 a measure embracing Mr. Truman's request.

Randolph coupled his announcement of House committee hearings with release of correspondence in which he asserted the government has lost millions of dollars because of competitive bidding between the Army and Navy.

Randolph's statement was made in a letter to H. Struve Hensel, assistant secretary of the Navy. Hensel had written Randolph that statements of the services bidding against one another "cannot be supported."

Randolph told Hensel that after the joint Army-Navy procurement agency was formed in 1945 it saved $25,000,000 in the first three months of operations.

## Many Farms In Texas Without Telephones

COLLEGE STATION, Dec. 27. (AP)—There are 337,816 farms in Texas which are not reached by telephone service—more than in any other state.

Thus Texas may well be the biggest customer for use of the carrier telephone when the system has proved itself suitable for commercial use, M. C. Jaynes, cooperative organization specialist of the Texas A. and M. college extension service, has predicted.

Under the new system, Jaynes explained, speech is transmitted on power lines along with the power supply by means of a carrier wave of radio frequency. Transmitting and receiving equipment is installed at the switchboard of the telephone exchange and at the subscriber's end of the line. The dial telephone is used in the same way as in regular service.

Texas' 93 REA cooperatives now have 42,556 miles of rural power lines which service 106,839 consumers.

**FIRECRACKER KILLS CHILD**

BIG SPRING, Dec. 27. (AP)—The accidental explosion of a large firecracker fatally injured David Woodroe Seely, 4, here yesterday afternoon.

## Ship Finally Makes Port After Storm

NEW YORK, Dec. 27 (AP)—The 10,000-ton Liberty ship Alfred Moore with 580 soldiers aboard docked after weathering an Atlantic storm described by the chief mate as the worst he had experienced in 33 years at sea.

The Alfred Moore's passengers had expected to arrive in New York last Sunday in time for Christmas ashore, but the storm was so intense the ship made only 66 miles one day and 83 miles another, said Cmdr. Henry A. Davidson, the vessel's captain.

On Christmas day the civilian crew relinquished its turkey so that it could be added to the soldier's rations, Davidson said.

John Olsen, the chief mate, said the storm was encountered Dec. 11 when the Alfred Moore was two days out of Marseilles. Turbulent seas and headwinds subsided on Christmas day, he said.

The Alfred Moore was one of nine ships due here today. Altogether 29 ships with about 15,000 servicemen aboard were due at three East and three West Coast ports.

## Fight Launched On Shanghai Brothels

SHANGHAI, Dec. 27 (AP)—The newly-created joint Army-Navy veneral disease board here ordered strict enforcement of off-limits regulations against brothels today and instituted a prophylactic educational program.

The records showed 374 cases per thousand in the Navy and 185 in the Army, compared with 95 and 65 per thousand when American forces landed here in September.

## 'Check-Ups' On Vets' Hospitals Is Urged

WASHINGTON, Dec. 27 (U.P.) — Rep. Marion T. Bennett, R., Mo., proposed today that the House Veterans committee be given the permanent right to stage periodic surprise "check-up" visits to veterans hospitals.

Bennett said he had found evidence of past beatings and mistretment of vetern-patients but that most of these abuses had been corrected. He said the possibility of surprise visits by a Congressional committee would do much to prevent their recurrence.

"That would keep hospital administrators on their toes." he said. "They'd have to keep everything in good order if they knew that veterans committee members could drop in at any time to see if anything's wrong."

Bennett is a member of a five-man veterans subcommittee which is now preparing a report on a year-long investigation of veterans hospitals. The House authorized the inquiry after several newspapers and magazines charged that veterans were being given "third rate" medical care.

Bennett said that he intends to ask that his permanent "check-up" idea be included in the official report to [illegible]se.

## San Antonio Estate Valued At Million

SAN ANTONIO, Dec. 27 (AP)—The Community estate of the late W. B. Ethridge, 69, who died here Aug. 11, and his wife, Mrs. Mamie C. Ethridge, was valued at $1,072,047, according to an inventory filed in probate court yesterday.

Ethridge's share of the estate was $536,023, which was left to his family. His wife was named independent executrix. The estate consisted of large holdings in stocks, including 10,300 shares of the R. J. Reynolds Tobacco Co., for whom he was employed before re[illegible]

The widow will receive $1,000 in cash and 500 shares of the R. J. Reynolds Tobacco company, and the family car. The balance of the estate is to be kept in trust. The will also provides that Thomas C. Ethridge of Goldsboro, N. C., a brother, will receive $1000 and $200 a month as long as he lives. Two nephews, William C. Ethridge of Raleigh, N. C., and Jessie W. Ethridge of Raleigh, are willed $5,000 each.

## Freight Rate Cut In State Is Postponed

AUSTIN, Dec. 27 (U.P.)—A scheduled 10 per cent freight rate reduled 10 per cent freight rate rein Texas will be postponed automatically by the ICC order postponing rate changes indefinitely, Col. Ernest O. Thompson of the Texas Railroad Commission said today.

The Texas order, designed to conform intrastate rates to the interstate rates, was drafted to become effective concurrently with new ICC rates.

## Leopard Coat Enters Cline Investigation

DALLAS, Dec. 27 (U.P.)—A leopard coat was disclosed today as a new clue in the mysterious death of a woman, believed to be Mrs. Delora Krebs-Cline, by Harding McGuire of the San Francisco, Calif., district attorney's office.

McGuire told Dallas Detective Chief Will Fritz that A. L. Cline, charged with the death, mailed a package containing belongings of Mrs. Krebs-Cline from Dallas to Chicago on Oct. 19, 1944, two days after the death.

"This package, mailed to a Chicago warehouse company, was later rewrapped at Cline's instructions and mailed to him at Corona Del Mar, Calif., arriving there Dec. 7—after Cline's arrest by San Francisco police," McGuire said. "In the parcel were a leopard-skin coat and handkerchiefs which have been identified as belonging to Mrs. Krebs-Cline."

Cline, 56, ex-convict and former choir singer, is being held by California police while officers over the nation investigate the deaths of at least nine elderly persons who had property valued at more than $300,000.

Dean Gauldin, Dallas district attorney, said the Dallas murder charge against Cline would be presented to the grand jury on Jan. 7.

McGuire eliminated the possibility that Cline might have been connected with the death in 1936 of Mrs. Maude Reynolds in Dallas.

## The Woman's Angle
By Margaret Turner

By GEM BOB CALLEY

(Pinch-hitting for Margaret Turner who is on Christmas vacation).

THE dawn of a new era is breaking! One of the post-war dreams is coming true! The national housing problem which threatens the American way of life is on the verge of being solved in the East because department stores are selling homes across the counter.

What's New York got that we haven't? Precision-Built homes. Looks like the East has stolen a march on the West but who are we to quibble when homes are being provided for the homeless. After all, our time will come, and we know how those people feel without a roof over their head.

INSTEAD of looking in the classified section for an apartment to rent, New Yorkers are probably scanning the display advertisements to compare the prices of a brand spanking new prefabricated house. If they have at least $2,399 stacked away somewhere, they can race to the nearest department store, plunk down the cash and within two weeks after assembly work has begun—move right in.

Since we're way behind times down here (we haven't any department stores that brought us hams when we were hungry, heaters when our fingers were blue, and for 104 years provided us with what we wanted when we wanted it) let's shop around with a New Yorker.

THIS would-be owner of a Precision-Built home is stepping right up to the nearest store for a look-see at one of the marvels of the age. He was a bit skeptical at first, but soon discovered the store wasn't selling just any old piece of wood or metal salvaked from a PBY boat or a battle weary super-fortress, not a doll house or a scale model, but a real home.

It's all assembled right in the store, at least a scale model of his future home, so he reluctuantly admits its the answer to his housing needs. He decides the precision-built home combines the beauty, comfort, and convenience of individual design with the thrift, durability and speed of engineered construction.

The salesperson inquired if he lived within 100 miles of New York City and if so he could have delivered to him a 24'4"x23'8" four-room modern house delivered in prefabricated sections, at a cost of $1,899—the plumbing equipment would be thrown in for an added $500.

BEING a good Joe and a talkative sort of fellow, the salesman didn't miss a thing. Before being questioned he explained the houses were built the way individuals want them: shingled or stuccoed, vast or small, traditional or modern. For instance if Colonial architecture is preferred one can have a lowk, casual, sloping-roofed house that looks New England in every line. Inside there's space and ease, the functional planning that's strictly 1946.

Several other advantages the salesman pointed out were: All Precision-built homes will quality for FHA home financing, and veterans get first crack at homes, in fact they head up the line. He added confidentially, that his particular store doesn't pretend to solve the country's housing problems, but his reliable firm can put a roof over some very lucky people.

THE would-be home owner by this time was firmly convinced he needed a pre-fabricated home and that it was no pie in the sky for the sweet bye and bye, no "come get your house in June or July." He could have it now so what was the use of resisting such fine sales talk when his attention was being called to the insulated plywood roof, properly pitched for drainage, ¾ inch solid oak flooring waxed and polished, Johns-Mansville insulating board applied to rafters and walls; exterior of Homasote board, all windows and doors complete with hardware attached, other hardware furnished in kit, and ornamental trellis at front and rear of house. He must, however, supply the site, foundation, chimney, roofing, electric wiring, plumbing, electrician, and workmen needed to raise the house.

Well, we're champing at the bits for a prefabricated home. Aren't you?

If your small child has been pleading for a dog and you're at your wit's end as to where it can be found just go by 2516 Twenty-fifth, (garage apartment) and the couple living there has a six-weeks old, male, full-blooded spitz they want to give away. Reason: No

## Families Are Reunited At Get-Togethers Held In Homes During The Holidays

In the community house near Ropesville, the Fleet Gill and E. V. Gill families and other relatives had a get-together for Christmas.

Games were played and group singing was led in the afternoon.

Attending were Mr. and Mrs. Fleet Gill of Brownfield; Mr. and Mrs. L. B. Gill, Ropesville; Mr. and Mrs. Hubert Gill and family, Shallowater; Mr. and Mrs. R. W. Gill and family of Sundown; Mr. and Mrs. S. A. Bebnam and family and Mr. and Mrs. Hall McCrummen, Lubbock; Mr. and Mrs. Houston Woody, Stanton; Mr. and Mrs. E. V. Gill, Mrs. Laura Walker, Mrs. Fay Rogers and son, and Charley Reed, Levelland; Mr. and Mrs. R. D. Gill of Monahans; and Mr. and Mrs. Horace Whitney, Ropesville.

• • •

All but one of Mrs. A. B. Knight's nine children have been guests in her home at 2822 Twenty-fourth. The one unable to atend was Capt. A. B. Knight, jr., who has returned to the states recently.

Those here were Mr. and Mrs. Marvin J. Harvey of Hobbs, N. M., Mr. and Mrs. L. M. Taylor of Temple; Mr. and Mrs. Henry Knight, Stamps, Ark.; Mr. and Mrs. Roy Knight, Wichita Falls; Mr. and Mrs. J. C. Smith, jr., of Slaton; Mr. and Mrs. J. K. Knight, Mr. and Mrs. H. G. Knight and Mr. and Mrs. Harold Biffle, aff of Lubbock.

• • •

For the first time in five years all the children of Mrs. Bertha Yarbrough, three sons and two daughters, were reunited at her home, 1810 Ninth, for Christmas celebrations which began Dec. 23.

Earl Yarbrough, recently discharged from the service after two years duty in the Pacific, and his twin brother, Terrell, and wife, all of El Paso, were present. Terrell spent three years in the Navy. The other son, Pfc. J. L. Yarbrough of Key field, Miss., is here on furlough.

Mrs. Yarbrough's daughters, Mrs. R. L. Stovall of Dallas and Mrs. Stever Countess of Idalou were here. Others present were her two sons-in-law, Stovall and Countess, and the three Countess children, Wayne, John and Joyce, and Miss Pauline Rogers of Idalou, fiancee of Earl Yarbrough.

• • •

The six sons of Mr. and Mrs. G. W. Mears, 1940 Ave. N, who served in World war II, gathered at the family home Christmas day for a family reunion. A seventh son of the Mears, Clyde, now deceased, served in World war I.

Arrival of the sixth son, B. R. (Bill) Mears, Christmas day, was a surprise as he was discharged last week on the West coast and was without transportation due to the traffic tie-up. His wife, who resides in Clarendon, met him with their automobile and they drove into Lubbock in time for Christmas.

The six sons present were: Lee, J. O., Robert, W. C., J. C. and Bill. In addition to their six sons in the war, they had eight grandsons in the service.

Mr. and Mrs. Mears celebrated their Golden Wedding anniversary in November, 1942. Last Christmas, Mrs. Mears suffered a heart attack, and her physician said she would only live a few days. "Don't worry about me, I'll live to see my boys come home," she said.

place to keep him.

• • •

Sgt. Paul Sterner stationed at Lubbock Army Air field caught a ride to town Christmas night with someone driving a Model A Ford coupe and left a "good pair of GI gloves" in the car. He doesn't know the driver's name but wishes he would return the gloves to the USO or contact St. Sterner by calling 2-9043.

• • •

Some college or high school girl, while in a whirl of Christmas shopping two weeks ago, left her glasses (shell plastic frame) in a brown leather case at Loflin's Wear, 1102 Ave. J. The glasses are being held for you.

## Personals

Mr. and Mrs. Mark T. Huff and son, George, of Tucumcari, N. M., spent the Christmas holidays with his parents, Mr. and Mrs. M. W. Huff, of near Lubbock.

Guests in the home of Mrs. Lulu Doran, 2313 Twenty-seventh, have been her son and family, Mr. and Mrs. J. Buck Doran and three children of Bellview, N. M.

## Only Northeast Given Chance For UNO Seat

LONDON, Dec. 27 (AP)—All proposed sites in the Middle West and South for a world capital for the United Nations organization were ruled out tonight by the UNO preparatory commission's seven-man investigating committee.

The action by the committee, expected to leave for the United States next week to make "on the spot" investigations, eliminated bids from all cities except those in 10 Atlantic coast seaboard states.

States still in the running, the committe said, are Maine, New Hampshire, Vermont, Massachusetts, Connecticut, Rhode Island, New York, Pennsylvania, New Jersey and Delaware.

The committee announced it would leave for the United States by plane on Jan. 3 or 4 to make a final decision. UNO delegates are generally agreed that the committee's recommendation will be accepted by the UNO general assembly at its first session in London Jan. 10.

## Santa's Appearance Causes Near Panic

KOTZEBUE, Alaska, Dec. 28 (AP)—Santa Claus's appearance at a community observance at this town far north of the Arctic Circle nearly broke up the party.

His resemblance to the feared "little hiding men"—an Eskimo superstition of beings believed responsible for many evil deeds—sent the children into a near panic. Some climbed over the seats and jammed the door trying to get out; others tore the wings off tableau "angels" and broke shepherds' crooks.

Santa unmasked and revealed himself as one of the community's parents. Things quieted down.

## Save Money By Mixing Cough Syrup at Home

**It's So Easy! Needs No Cooking. Gives Very Quick Relief.**

Even if you're not interested in saving good money, you surely want a really effective relief for coughs due to colds. So try mixing it yourself, in your kitchen, and be ready for a surprise.

It's so easy to mix, a child could do it. Make a syrup by stirring 2 cups of granulated sugar and 1 cup of water a few moments, until dissolved. No cooking is needed. Or use corn syrup or liquid honey, instead of sugar syrup.

Put 2½ ounces of Pinex (obtained from any druggist) into a pint bottle. Then fill up with your syrup. This makes a pint—about four times as much for your money. It tastes good—children really like it. It lasts a family a long time, and never spoils.

But what you'll like most is the way it takes right hold of a cough. It loosens the phlegm, soothes irritation, and helps clear the air passages. Eases soreness. Let's you sleep. You'll say you've never seen its superior.

Pinex is a special compound of proven ingredients, in concentrated form, well known for its quick action on throat and bronchial irritations. Try it, and if you're not really delighted your money will be refunded.

Adv.

## News Briefs

Lubbock police last night held a 56-year-old white man for drunk and possibly charges of drunk driving and liquor law violation. Reported three times as "flashing" a gun in 1900-block Ave. P, he was arrested by Officers H. F. McInroe and H. L. Krueger, who said he had a rifle, pistol, and a quantity of liquor.

A charge of drung driving was filed against Frank B. Morris, 45, but he had not been arraigned late Thursday. He was held in county jail. Bond of $2,000 was set for T. J. Knight, 49, of Arlington, charged in Justice D. W. Robertson's court with theft of a $50 watch and $103 in currency from person of Clarence W. Ramsey. City Detective Pat N. Davidson swore to the complaint.

## Ickes Offers Wager On His Resignation

WASHINGTON, Dec. 27 (AP)—Secretary of Interior Ickes offered to risk a dollar today that he could outguess reporters in picking the date he will leave the cabinet.

Without waiting to be prompted, Ickes took cognizance at a news conference of fresh speculation that he might be stepping out soon.

"I think I'll make a pool and let you chip in $1 each and name the date," he said. "Then I'll make my guess."

Asked if he thought it was "honest" for him to participate in the pool, he quipped:

"You'll never get rich being completely honest."

## Rate Change Delay Authorized By ICC

WASHINGTON, Dec. 27 (AP)—A 10 per cent increase in railroad freight rates for the Northeast and an equal cut for rates in the South and West were postponed indefinitely today.

The Interstate Commerce commission authorized the railroads to delay the rate adjustments pending federal court action on ICC's May 15 order changing the rates. The new tariffs had been scheduled to go into effect Jan. 1.

A three-judge federal court at Utica, N. Y., last Friday restrained the commission from enforcing the order until the court reached a final decision. The injunction was asked by nine northeastern states.

## Visitor Here Dies After Heart Attack

N. H. Pyron, 65, of Oakland, Calif., died about 4:30 p. m. Thursday in West Texas hospital of a heart attack after a few days illness, hospital officials said.

He was visiting a neice, Kathleen Pyron of 2405 Ave. L. Funeral arrangements are pending arrival of a brother, Sanders funeral home reported.

"Buy A Victory Bond TODAY."

## Rites Set Friday For Mrs. Sarah Mitchell

LEVELLAND, Dec. 27. (Special)—Funeral services will be held at 3:30 p. m. Friday at the Assembly of God church for Mrs. Sarah Elizabeth Mitchell, 84, with Rev. James Plant conducting. Interment will be in Levelland cemetery under direction of Bryan McDonald and Son funeral home, Lubbock.

Mrs. Mitchell died at her home early today. She had been a Hockley county resident for 19 years.

Survivors are her husband; four daughters, Mrs. Sid Martin of Borger, Mrs. R. H. Brown of 2015 Ninth, Lubbock, Mrs. Roy Shoop of Tucson, Ariz., Mrs. Monroe Perry of Martinsville; three sons, W. M. Mitchell of Levelland, H. A. Mitchell of San Augustine, Marion Mitchell of El Centro, Calif.; 28 grandchildren, 23 great grandchildren and two great, great grandchildren

# Civilian Hospital Space Being 'Borrowed' For Use By Veterans

WASHINGTON, De. 27 (AP) — The Veterans administration is borrowing hospital space for approximately 40,000 patients to meet the fast rising demand for medical care of veterans.

Maj. Gen. Paul R. Howley, acting surgeon general of the VA, announced today that beds for 20,000 disabled veterans have been obtained in civilian hospital, for 9,375 in Navy institutions and for 10,000 in Army hospitals.

This action, Hawley told a news conference, breaks the "bottleneck" in veterans' hospitalization temporarily. However, he warned that, generally speaking, it will mean that the hospital situation for civilians will be "critical" for some months ahead.

"Actually," he added, "we found no new hospital facilities but are placing veterans in hospitals that already exist."

The administration is now providing hospital care for 87,967 veterans and the number is growing approximately 2,000 a month.

The bed in 3,400 civilian hospitals have been promised by Sept. 1 by the American Hospital association, Hawley said. He did not name them but made public a list of Navy hospitals which will supply 9,375 beds. The Army beds have not yet been definitely allocated but are expected to be available by Sept. 1.

**New Hospital Planned**

Congress has approved funds for construction of veterans hospitals with a capacity of 44,000 beds but they are not expected to be completed for two years.

Hawley said the government will pay for the beds in civilian hospitals at the rate "ordinarily charged" by the hospital.

The government also will hire private physicians to care for the veterans. They will be paid on a fee basis.

The Navy made 650 beds available immediately.

Some of the other Navy beds, to be turned over by Sept. 1, are located at: Houston, Tex., 400; Corpus Christi, Tex., 175.

Only Canada Dry Water has "PIN-POINT CARBONATION"—to insure longer-lasting sparkle. And a special formula to *point* up flavor. Always use Canada Dry Water.

## Pneumonia Is Fatal To Lubbock Visitor

The body of Horace B. Kelly, 21-year-old war veteran who died of pneumonia early Thursday in West Texas hospital, was sent Thursday to his home at Winters for burial, Sanders Funeral home reported.

He had been visiting his aunt, Mrs. J. K. Cannon of 1616 Fifteenth, two weeks when he was stricken Monday night.

The ex-serviceman, who was in the armed forces five years, served with General Patton's Third Army in Europe.

Other survivors are his father, H. G. Kelly of Winters; three brothers, Fred, Bobby and William, all of Winters; four sisters, Mrs. Mary Jane Schnell of Lincoln, Neb., Laura Ruth, Patsy and Peggy Kelly, all of Winters.

## Landis Installed As Kiwanis President

Lubbock Kiwanis installed DeWitt Landis, radio station KFYO manager, as president for 1946 at their weekly luncheon Thursday in the Lubbock hotel.

Other officers installed were Jason O. Gordon as first vice president, John C. Reynolds as second vice president, and the following directors: Ben F. Brewer, Milton C. Butler, John Halsey, Clinton Lackey, Tom Pendergraft, Leo C. Riethmayer, Preston E. Smith, Clay E. Thompson, and Thomas B. Zellner.

**Work Is Summarized**

Retiring President W. C. Wood, who will become an ex-officio director, summarized work of the last year for himself and key committees of Kiwanis, and read membership and financial statistics.

Fred Sparks of the educational committee spoke briefly and presented Kiwanis membership tokens to Sam H. Allred, Dale Buckner, Tate Fry and George Wilson.

A cashier's check for $103 as a gift was presented to W. C. Rylander, the club's perennial secretary.

Invocation was pronounced by Dr. Jack Lewis.

Landis received the president's pin from Wood and, in turn, pinned the past president's badge on the retiring official.

## End To Labor Strife And Pressure Urged

PITTSBURGH, Dec. 31 (AP)—William P. Witherow, former president of the National Association of Manufacturers, today called for an end to "the strife and group pressures so evident on all sides."

Witherow, who heads the Blaw-Knox Co., declared in a year-end business statement that "from Pearl Harbor investigations to the wage and price questions, we are fighting yesterday's wars and arguments instead of tackling the new jobs at hand."

Witherow added that we must "give enterprise a free zone in which to function," if we are to "set further examples of industrial progress before the world.

**FALSE ALARM**—The photographer took the picture above thinking he had stumbled upon a big fire at the Southern California Gas Co. plant in Los Angeles. He discovered later that the clouds of steam and smoke are a regular result of the process of "cracking" fuel oil into illuminating gas.

## Greece Rejects War Reparations Setup

ATHENS, Dec. 27 (AP)—Greece announced today rejection of the war reparations award proposed for her by the inter-Allied reparations conference as inadequate and unjust.

The figure was reported here to be $10,500,000,000 from Germany alone, against $14,000,000,000 Greece has claimed from Germany, Italy and Bulgaria.

Announcing a telegram of protest to Allied governments, Foreign Minister John Sophianopoulos declared: "The quota allocated to the Greeks is out of proportion to the sacrifices and damage sustained by Greece through the war and enemy occupation."

**AGENT PLEADS INNOCENT**

COLUMBUS, O., Dec. 27 (AP) — Mrs. Ada Taylor, a rental agent, pleaded innocent in U. S. district court today to an indictment that she required apartment hunters to buy furniture as a condition to renting apartments. Trial was deferred.

"Buy A Victory Bond TODAY."

## Brothers In Reunion After 45-Year Lapse

ATLANTA, Dec. 27. (AP)—Two brothers, W. A. Bedell of San Antonio, Tex., and J. W. Bedell of Atlanta—natives of Columbus, Ga.—were together today for the first time in 45 years.

W. A. Bedell moved from Columbus to Texas and his brother to Atlanta. The former decided to return to Georgia for a holiday visit.

## Sergeant Seeks To Get Bride To States

HOUSTON, Dec. 27 (U.P.)—Sgt. Clement Urban and pretty blonde Lucy Bahrer were happy as two honey-mooners could be after they married in Egypt last July until the Army point system stepped into their family circle.

The sergeant had 89 points and was told he'd have to return to the United States, leaving behind his [illegible]en-haired Viennese bride.

"I didn't want to leave," Urban related today. "I would have stayed indefinitely."

He couldn't buck the Army point system, however, and today he was in Houston where he makes daily visits to the Veterans Service center checking ways to get his bride into this country. He applied for her visa when they were [illegible]arried, he said.

"Home would be wonderful if she were here," he said. "However, the way it is, I'm not sure I care for the point system."

**WOMAN DIES IN FALL**

DALLAS, Dec. 27. (AP)—A 35-year-old woman who left a note identifying herself as Mrs. Sam McKinney, fell or jumped to her death from the tenth story of the Medical Arts building here today, Police Detective C. H. Baldwin reported.

## News Briefs

Mr. and Mrs. Cecil T. Overby have returned to Lubbock to live. He, a first lieutenant who served four years in the Air corps, plans to return to Texas Tech and complete requirements for a degree in civil engineering. He quit school to enlist after having studied there three and a half years. Mrs. Overby is the former Miss Mary Peek, daughter of Mr. and Mrs. C. H. Peek of 2404 Fifteenth.

**DANES ACCEPT PLAN**

COPENHAGEN, Dec. 27 (AP)—Denmark has accepted the Bretton Woods monetary stabilization plan, the Danish foreign office announced today.

Coughs That Cause Restless Sleepless Nights

Resulting from Colds

But adults can't expect real results from the same sweet syrupy concoctions that you'd give to a child. When you want to throw off a bothersome cough from a cold you've just got to have a real cough medicine; then you should ask your druggist for a bottle of good old Bron-chu-line Emulsion.

Bron-chu-line isn't a cheap cough syrup mind you, for first-raters are never cheap. But if you want relief and are willing to pay a little more for real results, get a bottle today and notice how the first dose takes right hold and gives you real relief from the coughing and soreness.

Don't ignore a cough—get relief as quick as you can. Ask any progressive druggist for a 65 cent bottle of Bron-chu-line Emulsion and keep this in mind—if not joyfully satisfied—money back.

# Candles Light Punch Bowl

By GAYNOR MADDOX
NEA Staff Writer

For a new light on an old subject—light up your New Year's Eve punch bowl. It's a thrilling sight.

Choose large, hard lemons for making floating candle holders: cut them into slices at least ¼ inch thick; pierce centers with point of a sharp knife and insert small birthday candle firmly so that it stands upright.

For a party where carbonated beverages are served, or wine or champagne, select from this list for your buffet supper: sliced chicken or turkey, shrimp, lobster or white fish salad, shrimp or lobster Newburg. When heavier beverages are served, select ham, cold roast beef, cold cuts, potato salad, rye bread, cheeses, pickles.

Delicious New Year's punches can be made without a speck of sugar by using combinations of bottled carbonated beverages. A supply of extra, well-chilled bottles beside the punch bowl keeps it flowing.

**New Year's Sparkle**
**(Makes 32 punch-size cups, serves 8 to 10 guests)**

Two quart-size bottles raspberry soda, 2 small-size bottles lemon-lime type carbonated beverage, 1 quart-size bottle gingerale.

Chill bottles of carbonated beverages thoroughly for several hours. Just before serving, pour slowly into punch bowl. Float lemon slices with candles on the surface; light candles.

**Cranberry Fizz**
**(Makes 24 punch-size cups, serves from 8-10 guests)**

One quart-size bottle gingerale, 1 quart-size bottle orange soda, 1 small-size bottle orange soda, 1 pound (2 cups) cranberries.

Place the bottle of gingerale and the quart-size bottle of orange carbonated beverage in the refrigerator to chill. Pour small bottle of orange soda into saucepan; add cranberries. Boil gently for five minutes, or until berries become soft. Remove from heat; strain through a fine sieve or cheese cloth. Discard cranberry skins and pulp, and chill juice in refrigerator. When ready to serve, pour cranberry juice and the well-chilled bottles of carbonated beverages into punch bowl. Float candles on top.

**Southern Hash**

Start with cooked meat and gravy or meat broth. Or, to take the place of gravy or meat broth, dissolve 1 or 2 bouillon cubes in water. Cut the meat in small pieces and brown in fat. Add diced raw or cooked potatoes, sliced onion, and green pepper, and brown. Add the gravy or broth, and cook slowly on top of the stove, or bake the hash in the oven until it is brown over the top.

Always burn old paint rags and papers out of doors in a trash receptacle.

# Try Sweet Potatoes And Sausage Dish

This is the season for sausage and sweet potatoes—and these two are teamed in a delectable and attractive main dish in this sausage and sweet potato loaf. Apples, brown sugar and spice brighten the sweet potato layer and make it a delightful flavor contrast for the savory sausage. Quick-cooking oatmeal and double-rich evaporated milk are mixed with the sausage—which is a good idea, flavor-wise, texture-wise and nutrition-wise. The Loaf is richly moist and tender and slices evenly and well for serving.

**Sausage and Sweet Potato Loaf**

1 pound sausage meat
1 cup quick-cooking oatmeal
½ cup evaporated milk
2 cups mashed sweet potatoes
¼ cup evaporated milk
¼ teaspoon nutmeg
¼ teaspoon ginger
½ teaspoon salt
¼ cup brown sugar
1 teaspoon cinnamon
1 cup thinly sliced apples

Mix the sausage, oatmeal and the ½ cup evaporated milk thoroughly. Allow to stand about 20 minutes. Blend sweet potatoes, the 1-4 cup evaporated milk, nutmeg, ginger and salt. Grease loaf pan and line with heavy waxed paper. Brush with shortening. Sprinkle the brown sugar and cinnamon on bottom of the pan. Cover with apple slices which have not been peeled. Cover with mashed potato mixture and top with sausage mixture. Press down lightly but firmly. Bake in hot oven 400° F.) 40 minutes. Let stand 5 minutes after removing from oven. Loosen edges and turn out onto a hot platted. Yield: 6 servings.

**HERMITS**

2 cups sifted cake flour
2 teaspoons double-acting baking powder
¼ teaspoon salt
1 teaspoon cinnamon
1 teaspoon mace
½ cup granulated sugar
½ cup brown sugar, firmly packed
¼ cup milk
½ cup shortening
2 eggs, well beaten
1 cup raisins
½ cup broken nut meats

Sift flour once, measure, add baking powder, salt, spices and granulated sugar, and sift together three times. Mix brown sugar and milk. Cream shortening; add sifted dry ingredients, brown sugar mixture, and eggs and stir until all flour is dampened; then beat vigorously 1 minute. Add raisins and nut meats and mix well. Drop from teaspoon on greased baking sheet and bake in moderate oven (350°) 15 minutes, or until done. Makes about four dozen.

The mean elevation of Wyoming is approximately 6,700 feet, varying from 3,125 feet, where the Belle Fourche river enters South Dakota, in Crook county, to 13,785 feet on the summit of Gannett Peak, Fremont county.

Dial-faced potato salad ring, assorted crackers and cold cuts will help you "eat" the New Year in.

# Ring In Year At Buffet Supper And Try These Dunking Mixes

By GAYNOR MADDOX
NEA Staff Writer

PLAN your New Year's Eve party around a substantial buffet with a touch of gaiety. Here's a centerpiece suggestion:

Make a "V" for victory by inserting two sticks of wood into a wood base. Slip rings of serpentine over them. Place alarm clock set for midnight at base, and heap up snappers, horns, paper hats, paper balls, and confetti, around the whole piece. When alarm goes off, signal for first peacetime celebration.

Have a bowl of delicious dunking mixes. Try cream cheese and minced clams, seasoned with chopped chives and Worcestershire sauce; also try Roquefort cheese and mayonnaise, and minced ham, mayonnaise and mustard: Cheese is welcome, so arrange assorted cheeses such as pimento, Bleu, smokel chedder and camembert near the cracker basket. Have a basket of crackers — cheese wafers, oatmeal crackers, whole wheat wafers, pretzel rings and pretzel sticks, butter wafers, sprayed butter rounds, and peanut butter sandwiches among them. Crackers should be very fresh. Place them in the oven for a few minutes just before serving.

Serve assorted cold cuts, such as sliced turkey, chicken or ham, with gherkin pickles and olives. Then this novel dial-faced potato salad ring.

**Dial-faced Potato Salad Ring**
**(Serves 8-10)**

Six cups diced chilled potatoes, 5 hard-cooked eggs chopped in coarse pieces, ¾ cup diced celery, 3 tablespoons minced onion, 1½ teaspoon salt, ⅛ teaspoon pepper, ¾ to 1 cup real mayonnaise or salad dressing (depending on how moist you like it), ¼ cup sliced stuffed olives.

Blend all ingredients. Pack into well-greased ring mold and chill thoroughly. Slip knife gently around sides and unmold on platter. Garnish top with clock numbers cut from pimento, or made with colored cream cheese forced through pastry tube, and garnish platter with lettuce, watercress or chicory.

# Knob Knockers Rob Whiteface Station

WHITEFACE, Dec. 27 (Special)—The knob of a safe in Panhandle and Santa Fe railroad station at Whiteface was knocked Wednesday night and burglars removed $10.58.

The report was made by State Highway Patrolman Sam Fort and Police Detective Charles Lackey, both of Lubbock, who were called to investigate.

Station Agent is L. J. Crawley. He said entrance was through a window.

**STALIN ATTENDS OPERA**

MOSCOW, Dec. 27 (AP)—Generalissimo Stalin attended an opera performance last night in one of his rare visits to the theater.

**CASSEROLE COOKERY**

For days when the temperature is dropping, turn your thoughts toward the many flavorsome casserole combinations. A little nippy cheese or savory meat wil go a long way when combined with macaroni, spaghetti and noodles. Macaroni is especially satisfying these wintry days for not only is its goodness warming but it is chock-full of protein and energy-yielding carbohydrates so necessary these chilly days.

**Sweet Dreams Brew**

Six cups freshly brewed decaffeinated coffee; ½ cup whipped cream; 1-8 teaspoon cinnamon; 1-8 teaspoon nutmeg.

Add a spoonful of whipped cream, into which the spices have been folded, to each piping cup. Serve sugar if desired. Remember that decaffeinated coffee must be "perked," if made in a percolator, from 15 to 20 minutes, or longer than the ordinary kind, to bring out its rich coffee flavor.

# Mary Astor, Chicago Broker Are Married

HOLLYWOOD, Dec. 27 (AP)—Mary Astor of the movies and Thomas Wheelock, Chicago broker, were honeymooning today somewhere in Arizona.

They were married the day before Christmas, but the few friends in attendance kept the secret until Miss Astor made the announcement in a telegram to her studio to investigate.

It was the 38-year-old actress' fourth marital venture. Her husbands, in order of their appearance: Film Director Kenneth Hawks, who died in an airplane crash in 1929; Dr. Franklyn Thorpe, divorced in 1935; Manuel Martinez Del Campo, Mexico City insurance executive, divorced in 1942.

Miss Astor's daughter, Marilyn Thorpe, 15, was maid of honor. She has another child, Anthony Del Campo, 6.

In Chicago, Wheelock was identified as 41 and twice-married, both marriages ending in divorce.

**BOURSE IS ACTIVE**

PARIS, Dec. 27 (AP)—The long-anticipated devaluation of the franc was met today in the Paris bourse with greater activity than usual but with only slight increases in domestic stock values.

# Woods Reenlists In Army Air Forces

David Lee Woods, 2701 Twenty-eighth, reenlisted in the Army Air Forces for three years, signing Thursday at the Lubbock recruiting station.

Woods was discharged from the AAF on Dec. 11 in the grade of first lieutenant. By reenlisting within a period of 20 days he is able to obtain the grade of master sergeant and will receive a 90-day furlough and a reenlistment bonus of $50 for each year's completed service.

He served previously with the 15th Air Force in Italy. For overseas service during his present enlisting, are given preference of theater and branch of service. Other details that are beneficial to those reenlisting are available at the recruiting station, room 203 of the postoffice building.

"FEATURING QUALITY FOODS"

# Reporters Touring Russian Zone Find Full Sovietization Program

By RICHARD R. KASISCHKE
Associated Press Staff Writer

BERLIN, Dec. 27.—Five American correspondents who toured the Russian occupation zone of Germany found a program of Sovietization in progress, with veteran Comunists in key posts. Industry, farming and mining are largely under control of German provincial governments, aided and supported by the Russian military government.

The correspondents toured for eight days through the southeastern section of the Russian zone—from Berlin, 125 miles south to Dresden through Saxony.

**First Time In Area**

This is the first time western correspondents have been admitted into the Russian area, under an exchange plan which also will take Russians into the American zone. Five Americans, conducted by four Russians and driven by U. S. soldier-chauffeurs, traveled an itinerary chosen by the correspondents, and interviewed Russian and German administrators.

The Soviet-sponsored program was observed at work in a sector whose cities largely escaped the terrific bomb damage inflicted on western Germany, and in regions which, though rich agriculturally, were coping with tremendous refugee problems.

**Planned Economy**

The Soviet program is based on a planned economy for industry and business, and widespread agarian reform that has liquidated the aristocratic, militaristic junkers, and distributed their vast holdings among previously landless or improverished peasants.

German government leaders say the program is progressing satisfactorily, despite undeniable initial hardships. The reaction of the German little man ranges from courageous optimism among the new farmers, to helpless doubt in Dresden, and blurting complaints in the streets of Halle and Leipzig.

People in the province of Saxony, which first was occupied by Americans, complained chiefly of the shortages of food and clothing, and of the Russian reparations collections which they called "plundering."

**Life Tough In Saxony**

Farther south, in the state of Saxony, and in its capital, Dresden, where Americans have never been, the people acknowledged that life was hard, but added: "Well, that's to be expected. We lost the war."

Industry in Saxony and throughout the Russian zone has been geared to a strict planned economy, according to production plans drafted by the state governments at Marshal George K. Zhukov's direction.

Under this scheme the governments allocate available raw materials, and direct where the manufacturers should deliver finished products, and at what prices. Similar strict control is enforced on wholesalers and retailers, on all except a few unrationed consumer goods.

Mines and factories are run by boards of directors and workers' council representatives.

**100 Per Cent Unionization**

In factories and mines, unionization is 100 percent. The general plan calls for one big vertical union, with multiple divisions—even one for public administrators, to which the provincial presidents belong.

In agrarian reform, the German governments, with approval of Soviet authorities, split up 7,000 Junker estates which contained more than 247 acres each, among 281,155 new holders throughout the zone.

Along with the land there was division of the livestock and tools. Each new holder got from 12 to 19 acres, for which he must pay the government.

## Food Prices Higher In South And West

WASHINGTON, Dec. 27 (AP)—From the viewpoint of Mrs. America's pocketbook and her food budget, New Orleans, San Francisco and Los Angeles appeared today to be fine places to stay away from.

The place to go is Chicago.

At least, that's the Labor department's best back-fence gossip material for housewives, based on a survey of retail food prices in the nation's larger cities.

Altogether, the survey covered comparative prices on 78 foods as of October 16. And a spot-check of costs of staple foods in seven major cities—New Orleans, Atlanta, Los Angeles, Washington, D. C., Chicago, New York, and San Francisco—put the deep south and the west coast well up in the high-cost-of-living picture.

In contrast, Chicagoans paid the lowest average prices for flour, bread, hamburger and eggs and next to the lowest for butter and bacon.

Average prices for the country as a whole showed Mrs. America last October was paying about 64.1 cents for 10 pounds of wheat flour; 8.8 cents for a pound of bread; 27.3 cents a pound for hamburger; 41.2 cents a pound for bacon; 49.9 cents a pound for butter; 15.6 cents a quart for milk; 62 cents for 15 pounds of potatoes; and 65.7 cents a dozen for eggs.

**RETIRED FIREMAN DIES**

BOONEVILLE, Ark., Dec. 27 (AP) Arthur C. Ray, 64, retired Little Rock fire captain, died here yesterday at the state sanatorium. A native of Texarkana, Tex., he etired in 1926 after 25 years service with the Little Rock fire department. His widow and two sons survive.

## Higher Output For Farm Products Seen

COLLEGE STATION, Dec. 27 (AP)—Texas farmers have been given the green light for large scale production of field crops, livestock, milk, and poultry and poultry prducts in 1946.

Suggested production goals for next year were accepted by a large group of farmers, and representatives of the Texas Extension service, production and marketing administration, teaching departments of the A. & M. College of Texas, and other agencies working with agriculture at a meeting on the college campus Dec. 17. The goals will be carried to the counties in two-day educational meetings conducted by the A. & M. college extension service, with representatives of state and federal agricultural agencies participating, during January and February.

Among major products a goal of 190,740 pigs for spring farrowing was set; cotton, 7,000,000 acres; milk, 4,467,000,000 pounds; turkeys, 4,465,000; hens and pullets on March 1, next, 27,518,000; sheep and lambs, 10,091,000; eggs, 220,818,000 dozen; acreage of legums and grasses (alfalfa and sudan), 94,000; cattle and calves (at year end), 7,600,000; milk cows, 1,396,000; chickens raised, 36,399,000

The suggested goals for small grains and other field crops included: wheat (acreage planted) 5,200,000 acres; corn, 4,950,000 acres; oats 1,830,000 acres; barley, 434,000 acres; sorghum for grain, 4,500,000 acres; sorghums for all purposes (except for syrup), 7,800,000 acres; peanuts for nuts, 605,000 acres; flaxseed, 100,000 acres; sweet potatoes, 56,000 acres; all potatoes, 61,000 acres; commercial potatoes, 24,700 acres; and tame hay, 1,550,000 acres.

B. F. Vance, state director of the production and marketing administration presiding, said that acreage allotments and marketing controls would not apply to 1946 crop, livestock, poultry and dairy production. He added that crop acreage represented in the goals exceeded 1945 planted acreages by more than 1,000,000.

NEW CROP HERE TO ENJOY. Now you can enjoy naturally sweeter grapefruit. All that grand refreshing flavor at its best! And wait till you see how easily the segments spoon out in big, tender, luscious segments! This wonder grapefruit grows only in the unique soil of the Rio Grande Valley under the tropical Texas sun. So to get this kind of naturally sweeter grapefruit every time, get the kind stamped Texsun. The new crop is just arriving now.

GRAPEFRUIT JUICE *labeled Texsun is naturally sweeter, too. No sugar needed!*

TEXSUN CITRUS EXCHANGE, WESLACO, TEXAS

## Studebaker Factories Rehire 5,000 Workers

SOUTH BEND, Ind., Dec. 27 (AP)—H. S. Vance, chairman of the board of the Studebaker corporation, announced today 5,000 employees who were laid off at the beginning of the reconversion period had been notified to report for work Jan. 2.

Vance said the corporation plans full scale resumption of the manufacturing of automobiles on that date.

# 1945 Big Year For Texas Punks As Crime Starts On Steady Uptrend

By DAVE CHEAVENS
Associated Press Staff Writer

AUSTIN, Dec. 26 — Nineteen forty-five was a big year for the tough Texas punks who talk out of the side of their mouths and make their living every way but working.

The department of public safety estimates that when all the statistics on homicide, robbery, burglary, rape and theft are added up, such major crime will show an increase of 25 per cent over 1944.

**Increasing Since War End**

Especially significant, says Homer Garrison, jr., director of the department of public safety, is the trend of increase since the end of the war and the consequent shutdown of industries in which some of the tough boys were making more money working than they could make stealing cars or ration stamps, or cash.

That war-time picture will change, says Garrison, reiterating his prediction of an "era of postwar lawlessness" in Texas and the nation. More criminals will go back to their old ways, he believes.

**Box Score On Change**

Garrison's box score showing the estimated change in occurrence of major types of crime in 1945 over 1944 puts it this way:

Murder and homicide, down 1.6 per cent. This is a technical decrease since in 1944 certain misdemeanor homicides were erroneously tabulated. They were not figured in the picture in 1945 "and actually there has been an increase in the number of real murders," Garrison says.

Rape, up 20 per cent. Sex offenses have been on a steady increase since the start of the war.

Robbery, up 7 per cent.

Burglary, up 37 per cent.

Theft, up 22 per cent.

Automobile theft, up 25 per cent.

**Outstanding Cases**

Although 1945's crime list is a long one, there were only a few that would rate anywhere near the long-standing and unsolved Frome murder case, or the unsolved Heberer-Lorious disappearance case of past years in headline quality.

A three-nation search is still on for Riley McCaine, 40-year-old former Houston salesman, charged with murder in the slaying of Miss Elnora Collins, 30, of Houston. A partially-burned body identified as hers was found in a clump of trees Oct. 4 near Beaumont.

The First State bank of Morton, Cochrane county, was robbed of $18,000 at noon Sept. 5 by three men who fled toward New Mexico. Bank robbery charges were filed against Oliver Melton, 38, of Asher, Okla.; Fred Pair, formerly a deputy sheriff at Dickens; and Matt Kimes, notorious Oklahoma bank robber who had been released from the Oklahoma penitentiary. Melton and Pair were arrested; Kimes was hit by a truck in Little Rock and died of his injuries; Olaf Alvin (Chick) Rogers, 39, who was also charged in connection with the robbery, surrendered shortly before Kimes died.

**Pete Norris Escapade**

As the year came to a close, T. N. (Pete) Norris, notorious robber and penitentiary escape artist, failed in another effort to escape the law. He was serving a life term from Tarrant county for robbery with firearms when he escaped from the Reprieve farm last March. He was subsequently recaptured and awaiting transfer to a federal prison when he tried to break out of the Wharton county jail.

He was shot twice, but was expected to recover.

"Buy A Victory Bond TODAY."

## All Right, Smarty, Here's Good Way To Test Your Spelling

AUSTIN, Dec. 27 (AP)—If you think you're pretty sharp on spelling, maybe you would like to test your edge on a few words the interscholastic league says any school child should know.

The league has just published the words, divided into three lists: One for grades four and five, one for grades six and seven and one for high school students.

Now just hand this article over to your spouse or someone else you can depend on to keep your final score strictly within the family, and let's test your spelling prowess.

Sample words that the league officials say a fourth or fifth grade pupil should be able to spell include palate, hoenig, parasol, pshaw, gnaw, pier, reindeer, giraffe, cucklebur, kafir corn and sorghum.

If you're proud of yourself on that list, try the sixth and seventh grade samples: chord, Laguna Madre, Chesapeake, cartridges, numskull, parceled, mileage, catarrh, plateaus, serums, clique, hardihood, deign, isthmus and gauges.

Still in the mood? Here are a few high school samples: bronchitis, mein, luxuriance, supercilious, corollary, arbor vitae, appendixes, aphorism, saengerfest, baccalaureate, anodyne, tonneau, hygiene, niche, queue, and Apennines.

Discouraging, isn't it?

## Price Curbs On Some Lumber Are Ordered

WASHINGTON, Dec. 27. (AP)—The OPA today authorized its regional offices to fix dollar-and-cent price ceilings for retail sales of softwood lumber, shingles and hardwood flooring.

The agency described this as a move to obtain more effective control over prices for building materials.

Previously ceilings for these products had been determined under a formula which made it difficult, OPA said, for purchasers to calculate prices for themselves.

**FOUNDATION SAID ACTIVE**

NEW YORK, Dec. 26. (AP)—Basil O'Connor, president of the National Foundation for Infantile paralysis, said today local chapters discurbed $6,500,000 in March of Dimes funds in 1945 to combat the disease.

## Navy Laboratory At New Mexico May Be Kept In Operation

WASHINGTON, Dec. 27. (AP)—Bureau of ordnance officials said today they "rather expect" the Navy's experimental laboratory at the University of New Mexico would be continued as a peace time project.

The laboratory was used in the development of the proximity fuse, which causes shells to explode when reaching a point near the target.

The future of the laboratory is being discussed with heads of the University at Albuquerque and an agreement may be reached within two weeks, it was stated.

"The Navy wishes to continue the laboratory, but there apparently is some question in the minds of the university officials as to whether they wish to go on with this type of work," one Navy officer said. "We think, however, that it is probable it will be continued. We would like to complete a project that is underway."

Navy officials said they had no information as to whether the department might purchase the former Sandia school for girls at Albuquerque. It has been used by the Army as a convalescent hospital.

In the summer of 1945, more than 1,792,000 pounds of black pepper were imported from India.

# Jap War Chiefs Now Reap Seeds Of Defeat For Folly Of War

By MAJES HALSEMA
Associated Press Staff Writer

(Now a member of the Manila staff of the Associated Press, Halsema was interned four years ago by the Japanese in the Philippines.)

MANILA, Dec. 27.—It seems a long time ago, now that the guns are silent and Lt. Gen Masaharu Homma languishes in a Filipino prison awaiting trial as a war criminal.

But just four years ago today his Japanese troops came barging into Baguio and began rounding up the first American civilians to be interned in these islands.

**U. S., Filipinos Flee**

The Japanese bombers that were blasting a southward path of conquest were roaring overhead, en route to loose their freight of destruction on Manila and the fortress island of Corregidor.

Once in a while, a bomb fell on Baguio.

The small American and Filipino garrison of Baguio had fled into the hills in the forlorn hope of somehow getting south to join the main American force ahead of Homma's troops, pouring ashore at Lingayen gulf to the southwest.

Frightened Filipino refugees jammed the roads.

**Hauls Down U. S. Flag**

And then early in the morning, the first Japanese patrol, grimy, cocky, arrogant came up the road and entered Baguio.

The colonel in command led the way to the city hall and hauled down the American and Filipino flags.

"Henceforth," he proclaimed to the little knot of citizens gathered around, "you are under the protection of the imperial Japanese Army. We have come to liberate the Filipinoes from American oppression. If anyone interferes he will be shot."

**Japs Reap Sown Seeds**

That was the beginning of more than 1,000 days of imprisonment, brutality, starvation and death for many of the 500 Americans seized on that first day in Baguio.

Today those Americans who survived breathe the fresh air of freedom.

And where are the Japanese? Scattered to the winds — dead, back home as beaten men, in prison camps or in jail with General Homma.

CROWN PRINCE — Akihito Tsugo-No-Miya (above), 12, is the crown prince of Japan and potential ruler of 70,000,000 people. (AP Wirephoto).

# Strike Threats

(Continued From Page One)

stoppage by telephone employes might result from a strike set for next Thursday by Western Electric company workers in the New York-New Jersey area.

**Plan Picket Lines**

Henry Mayer, counsel for the Independent Western Electric employes association, affiliated with the Independent National Federation of Telephone Workers, said the Western Electric strikers would establish picket lines around telephone companies in New York and New Jersey Jan. 3.

The Western Electric workers are seeking a 30 per cent wage increase. Mayer said that if the strike continued and "additional pressure" was believed necessary to support the wage demand, picket lines would spread to all Bell system companies using W. E. equipment.

**Support W. E. Strike**

Joseph A. Beirne, president of the telephone workers, said his group would support the W. E. strike. Western Electric spokesmen, however, said the company "always welcomes a resumption of negotiations in the hope of reaching an accord." The union has rejected a company offer of a 15 per cent wage increase.

In Detroit, the General Motors announcement that it would be represented at the fact-finding board hearing, which resumes today, did not state whether or not the company would continue its participation in the government study.

**Plan Formal Statement**

The giant corporation said it would issue a formal statement at the hearing regarding its position "with respect to further proceedings of the board."

The President's board, which has no statutory authority, was named to inquire into the strike which has idled 175,000 workers for more than a month in support of the CIO United Auto Workers' demand for a 30 per cent wage rate increase.

Including the GM walkout, the nation's total of workers idle because of labor disputes was approximately 386,000.

# Hitchhike Slayings

(Continued From Page One)

car, swapped the khaki clothes he had been wearing for a civilian suit, and walked away, Pollett said Ray told him.

The dead were Cpl. Irvin A. Pincus of New Orleans and a man tentatively identified as Walter Smith, about 21, address unknown.

Police broadcasts in Louisiana, Mississippi and parts of Alabama and Texas carried this description of the fugitive—about 26 years old, 5 feet 10 inches tall, weighing 175 pounds and with dark hair and a dark complexion.

## Communist Rioters Storm Piraeus Jail

ATHENS, Dec. 27. (AP) — Communist rioters stormed a police station in a suburb of Piraeus today, as Minister of the Interior Constantine Rentis warned that the release of between 8,000 and 10,000 left-wing political prisoners might result in a wave of vengeance killings throughout Greece.

The Communists sought the release of two members of the KKE, Communist organization, who had been arrested for allegedly disarming a police officer. The Communists fought their way to the cell where the men were held, but were dispersed after arrival of reinforcements from Piraeus, port of Athens.

In the American colonies, in 1673, Connecticut adopted branding instead of the death penalty.

# Truman To Return To Capital Today

KANSAS CITY, Dec. 27. (AP)—President Truman ordered his big C-54 readied tonight for his return to Washington as his Christmas holiday came to an end with another round of visiting and handshaking.

The "Sacred Cow," in which he flew to Kansas City Christmas day, was scheduled to take off at 8:30 a. m. CST tomorrow for the capital where he will begin work on a nation-wide speech to the people.

The President's activities today were highlighted by an informal lunch where he was guest of newspaper, radio and photographic representatives who accompanied him on his trip to Missouri.

## Holy Cross Puts Ban On Florida Gamblers

MIAMI, Fla., Dec. 27. (AP)—Fear of Miami gamblers has led Coach John (Ox) Dagrosa to clamp down a rigid ban of seclusion on his Holy Cross Crusaders football team, it was disclosed today, five days before the Orange Bowl game on New Year's day.

Not even sports writers are permitted to talk to the visitors from Massachusetts.

All "dope" on the team is given out at a daily press conference.

Dagrosa told the boys on the train coming down not to talk to anybody because "we know this is a great gambling country," said Ed Kennedy, the team's publicity director.

"It's not that we're afraid the gamblers might tempt any of the boys to throw the game. It's just that we don't want the gamblers to get their hands on any secret plays or other information about the team."

**SENS SIGN CATCHER**

WASHINGTON, Dec. 27 (AP)—The Washington Senators today received a signed contract for the 1946 season from Catcher Jake Early, returning war veteran.

Homemakers will welcome the supplies of smoked fish now coming to market. There is a variety of choice. All smoked fish are good served with eggs, boiled potatoes, rice and vegetables. They excel as the filling for sandwiches, hors d'oeuvres and canapes.

# British Royal Family Getting Along With New Socialist Setup

By DeWITT MACKENZIE
Associated Press World Traveler

LONDON, Dec. 27—Britain's King George VI seems, rather paradoxically, to fit supremely well into the frame-work of the new Socialist regime, the reason being that he not only is exceedingly Democratic by nature but that he is said to have no personal ambitions.

Not to be outdone by my observations, the distaff side of this column team has penetrated deeply into a quarter very close indeed to royalty itself and has emerged with information showing that the King owes a good half of his success and popularity to Queen Elizabeth.

**Hadn't Been Prepared**

We must record that the royal partnership has been a love match from the beginning, and the home life of the King and Queen and their two princesses has been wonderfully happy.

To get the full significance of this, we must know that King George, despite his appearance of smiling tranquility, is high strung. As a counter-balance we have the steady calm of his very Scottish queen.

Because kingship of the British commonwealth is one of the world's toughest jobs at best, and George was thrown into it by fate without having had full training. Virtually everything had been centered in his elder brother, who became Edward VIII and then abdicated so he could marry "the woman I love."

One of George's hardest tasks of course, has been speech-making before great assemblages, or broadcasting addresses which have been heard around the world. On these occasions the King always wants his Queen with him, for she gives him courage.

She is gentle and sweet but she has a mind of her own and when her Scotch is made up, it is made up. If she is convinced that she has the right of a thing, it's very hard to budge her from it.

Eighteen-year-old Princess Elizabeth, who one day will be ruler of the empire in the ordinary course of events, has inherited her mother's calm, and couples conscientiousness with this sterling quality. She is being tutored in the wide field of learning which a ruling Queen must possess, and is beginning to play her part at public functions.

That's the sort of royal family with which the Socialist government has to deal, and relations are said to be in utmost harmony.

# Homesick Soldiers Stage Protest March

FRANKFURT, Germany, Dec. 27. (AP) — More than 100 air corps enlisted men, protesting that their redeployment had been delayed, marched on U. S. Army headquarters here today, but dispersed when the Army explained a lack of ships held up their return to the United States.

The soldiers charged there was the "possibility" their passage home had been delayed because of plans, they said, to accept paying civilians passengers on the European transport service, continental branch of the Air Transport command.

Brig. Gen. Alvan C. Kincaid, chief of staff of the air force, denied such plans and told the men their redeployment had "not been held up for any reason apart from the lack of available water transportation."

## Heavy Seas Take Two Lives On Transport

WASHINGTON, Dec. 27. (AP)—The War department tonight disclosed that two men are dead, one missing and 22 injured as a result of heavy seas encountered last week by the USS Portland enroute to New York from Europe.

The casualty list, as released by the department included:

Injured: Master Sgt. Hoyt T. Humble. Mother, Mrs. Leonora E. Humble, San Antonio.

## Institute Optimistic On Brick And Tile

WASHINGTON, Dec. 27. (AP) — Supplies of brick and tile should be large enough by Jan. 1 to meet home building needs in most communities, the Structural Clay Products institute reported today.

By March 1, the institute said in a statement, the supply probably will be adequate to fill demands for other types of construction.

**NEW TROPHY OFFERED**

NEW YORK, Dec. 27 (AP)—Future winners of the National Invitational basketball tourney at Madison Square Garden will receive the Edward A. Kelleher memorial trophy, the tourney's executive committee announced today.

# City Speeds Up Expansion Plan

(Continued From Page One)

revealed that repeated requests had been made for water service outside the city limits.

**Revenues About Equal**

A survey showed that revenues from the water department and those from taxes being about equal, causing commissioners to impose the double rate in order to offset city taxes collected from customers residing within the city limits.

The move is expected to create renewed agitation for extension of the city limits to include those areas now served by city water and sewer, thereby equalizing water rates as compared to city tax charges.

Ordinance No. 736, extending the city limits to include the Tech Terrace addition, was passed at second reading and commissioners followed this action by authorizing paving of streets in the addition providing specifications meet city requirements and regular inspections are permitted by the city engineer's department.

**City Limit Extension**

Other ordinances approved during the afternoon included passage at second reading extension of the city limits to include parts of blocks 65, 66, 67, 68 and 69 of the Wheelock second addition in southeast Lubbock.

Ordinance No. 738, passed at first reading, established building lines on Ave. H from Thirtieth to Thirty-fourth, Texas avenue from Nineteenth to Thirtieth, Ave. G from Nineteenth to Twenty-fifth and Ave. Q from Eighteenth to Nineteenth streets.

The commission also approved an indefinite leave of absence of Ed Young from the city tax office; sale of a pump house at the old sewage disposal plant to Claud Keeton for $250; resignation of J. F. Anthony and appointment of James Samson as member of the Plumbers Examining board; granting of a request from the Lubbock Kiwanis club for erection of a metal sign on city property near the underpass on the Crosbyton branch of the Santa Fe railroad; approval of a public works bond for Oscar B. Ray and abandonment of the old sewage disposal plant on the southeast outskirts of Lubbock and return of the property to Dr. Fred W. Standefer, original owner.

**Smith Commended**

A resolution accepting the resignation of City Manager Marlin R. Smith and commending him for faithful service to the city was also passed. Smith will be succeeded on Jan. 1 by Homer A. Hunter, present assistant city manager of Dallas.

Mayor O. W. Ribble presided and attending were: Commissioners Hub Jones, Fred Childress and W. B. Price, City Manager Smith, City Attorney Vaughn Wilson and City Secretary Lavenia Williams.

## Canada To 'Loan' Spare Rail Cars

WASHINGTON, Dec. 27. (AP) — Canadian railroads have agreed to make available "all possible spare cars" to help transport American servicemen home from Pacific ports, Senator Mead (D-NY) said today.

Mead, chairman of the war investigating committee which has been looking into transportation bottlenecks, said the Canadian transport comptroller had given the assurance to Col. J. Monroe Johnson, director of the Office of Defense Transportation.

## Hunt Is Intensified For Missing Youth

EL PASO, Dec. 27. (AP) — Concern increased Thursday over the safety of Roger Fleming, 17, El Paso youth missing since Sunday as Sheriff Allan G. Falby issued a call for additional hunters to join in an extended search Friday morning.

No new clues were unearthed Thursday as to the possible cause of the youth's disappearance, following the discovery of his car on a mountain road and empty shells of the type believed used by him in his gun. A search of McKelligon canyon has provided fruitless.

**COLLABORATOR DIES**

PEIPING, Dec. 27. (AP)—Wang Keh-Min, leading North China collaborator with the Japanese, died in the military prison here Christmas day of an illness which local newspapers asserted resulted from his inability to obtain opium, to which he was said to have been addicted.

**LOOKS ARE DECEIVING BUT QUALITY NEVER IS**

# A. E. Brasher Dies In Hospital Here

Last rites for Artie E. Brasher, 38, of route 6, who died about 4:45 p. m. Thursday in West Texas hospital, will be held at 3:30 p. m. Saturday at the Tabernacle Baptist church, conducted by Rev. Ben D. Johnson, pastor.

Burial will be in Lubbock cemetery under direction of Bryan McDonald and Son funeral home.

Brasher suffered a cerebral hemorrhage early Thursday, and was taken to the hospital in a Plains ambulance. He was employed as a fireman at Lubbock Army Air field.

Survivors include the widow, his father, J. W. Brasher of Canton; stepmother, Mrs. Ella Brasher of Canton; a brother, C. W. Brasher of Spur, and three sisters, Mrs. Jesse Jones of Crosbyton, Mrs. M. S. Moudy of Spur, and Mrs. E. H. Akin of Tahoka.

Pallbearers will be Parker Summers, J. O. Stone, Fred Sims, Ollie Vaughn, Carl Johnson and W. A. Blacksone.

## Eight Of Ship Crew Missing In Blast

GALVESTON, Dec. 27 (AP) — Eight crew members are missing and 12 were injured early today when the Swedish ship Sveaborg exploded and sank at Texas City.

The explosion occurred before dawn while the ship was taking on a cargo of gasoline at the Pan American Refining corporation docks.

Sheriff Frank L. Biaggne said a watchman, J. P. Cartwright of Houston, told him the blast occurred in a donkey engine boiler located in the rear of the ship.

The ship immediately sank aft, and the eight crew members were trapped in the crew's quarters, First Mate G. Engh said.

The twelve injured men were rushed to hospitals in Texas City and Galveston.

The Sveaborg carries a crew of 37 men, Engh said.

Biaggne said divers may go into the flooded compartment to bring out the bodies unless officials decide to wait until the ship is refloated. Their names have not been released.

# News Briefs

**Three boys and a girl, including** one who was not a juvenile, were picked up by the police department last night after they had been reported taking a gas tank from a car. Officers found 49 gas tank caps and one radiator cap in their possession. Police suggested that any persons whose cap disappeared last night probably can find it at the police station.

**Eugene Clark, 16-months old** son of Mr. and Mrs. Wm. W. Clark, 1808 Ninth, was reported resting well in St. Mary's hospital here last night following removal at the hospital of a piece of pecan hull from the child's lower throat near the lung. The bronchoscopic removal was done about 9 o'clock. The father is on sea duty with the Navy.

## Two Filings Received For Governor's Post

DALLAS, Dec. 27 (U.P.)—Chairman Harry Seay of the State Democratic committee announced today that two filings have been received so far for state offices on the Democratic ticket.

Both applications for ballot places were in the governor's race.

Some 75 to 80 friends of Jerry Sadler, former railroad commissioner, signed his gubernatorial application. Sadler himself did not sign. The law reads that a candidate must either file in person or 25 or more friends must file for him.

Sadler has made no public announcement as yet of his candidacy.

The other candidate was W. J. Minton, Sherman insurance man. He is about 70 years old.

**HIGBEE BLANKS BASE K**

MANILA, Dec. 27 (AP)—Brooklyn's Kirby Higbee pitched the Manila Dodgers into the baseball finals of the Philippine Olympics today, shutting out the Leyte Base K team 8 to 0.

# Texan Leaves For Baltimore To Meet Stowaway Bride

WICHITA FALLS, Dec. 27. (AP) —A Texan flew to Baltimore today to meet his stowaway British bride.

John William Morgan of Wichita Falls left Dallas by plane for Baltimore where Brenda Morgan, his wife, is waiting.

Brenda had toweed away in the freighter after she had learned she could not sail to the United States with the first contingent of English wives of American soldiers.

She had hoped to land at Nova Scotia where an aunt lives.

Mrs. Ethel Morgan, the husband's mother, said in an interview today that the couple married May 11, 1945, at Bristol after a courtship of a year and a half.

Mrs. Morgan said the couple plans to live with her in Wichita Falls temporarily.

# Bretton Woods

(Continued From Page One)

tion to the bank is $3,175,000,000. This total of $5,925,000,000 represents nearly one-third of the aggregate capital of the two accounts.

Great Britain's aggregate will be $2,600,000,000. Russia's will be $2,400,000,000, when and if she comes in.

The next step will be the appointment by signatory countries of a governor for the fund and a governor for the bank.

## Adjustment Of Sugar Stocks Is Planned

WASHINGTON, Dec. 27. (AP) — OPA today announced provisions under which retailers and wholesalers may replenish their stocks of sugar if their inventories have been depleted.

They may apply between Jan. 1 and Feb. 16 for an adjustment but must show they are faced with hardship, as a result of depleted inventories or a shortage of ration currency.

# Palestine Riots

(Continued From Page One)

reported to have said they saw six young men with haversacks dash across the street toward the central police building. Some of them were said to have been firing revolvers at policemen guarding the gates of the police building, while the rest placed explosives which turned the place into a shambles.

Earlier reports said the explosions were believed to have been caused by bombs thrown from an automobile.

The heaviest blast was in the police buildings, housing the criminal investigation department headquarters, which borders on Jaffa Road, the main thoroughfare in the modern part of the city.

## Heifetz Asks Divorce On Cruelty Charge

SANTA ANA, Calif., Dec. 27 (AP) —Discord in the marital life of Jascha Heifetz and Florence Vidor was climaxed today when the famed violinist filed a divorce suit, charging extreme cruelty against the erstwhile actress of the silent films.

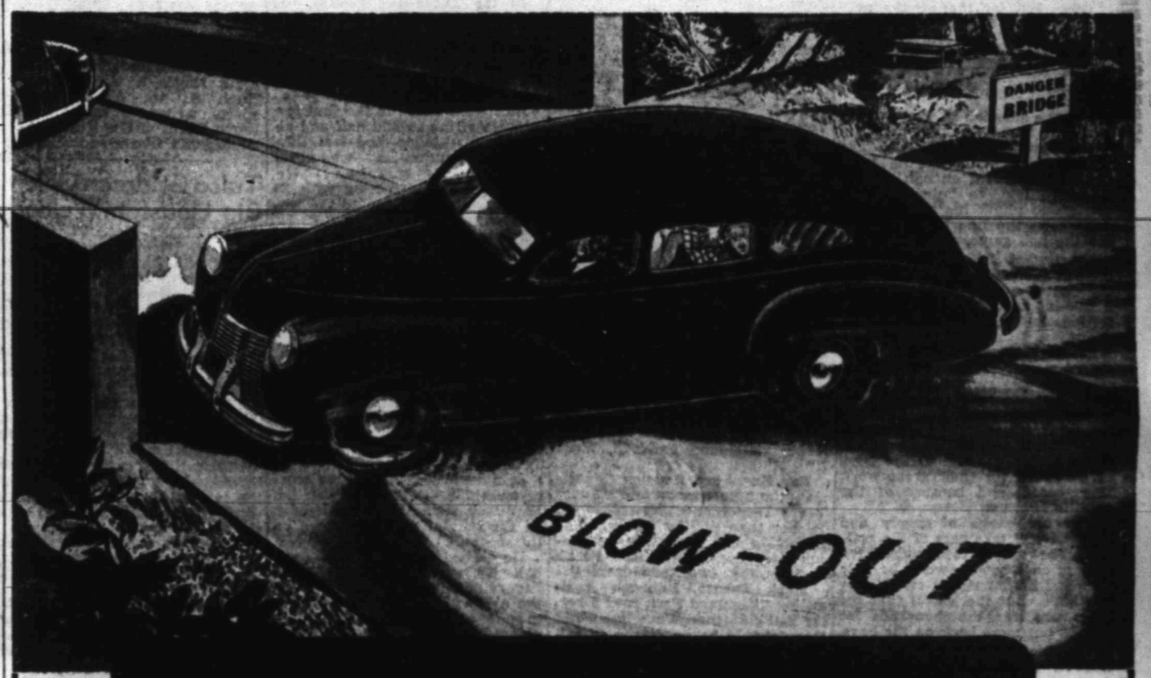

The couple married in New York in 1929 when Heifetz was gaining fame as a violinist, and his bride was at the height of her acting career. They announced a month ago that they had separated.

Heifetz requested that custody of their two children, Josepha, 15, and Robert, 13, go to Mrs. Heifetz but that he be given visitation privileges.

**SCHWARTZ COPS TITLE**

NEW YORK, Dec. 27 (AP)—Sidney Schwartz, of Brooklyn, captured the Eastern Junior tennis championship today when he defeated Alex Hetzeck of Detroit, 7-5, 6-2, 6-3, in the final round.

AGAINST BLOW-OUTS

Everyone dreads the sudden danger of a blowout. That's why Riversides are now built 12% stronger than our extra-safe, *pre-war* tires! Every ply is stronger because each individual cord is stronger to *begin with;* then chemically strengthened to stay stronger longer! Next, the cords are liquid-dipped to "weld" them together . . . then cushioned in rubber! Finally, the plies are cemented together before vulcanizing, as an extra precaution against separation! In a Riverside Tire, every care is taken to provide real protection against the possibility of a blow-out!

If we are temporarily out of your size, remember . . . new tires are arriving at Wards every week. (And selling fast!)

## The SPORTS EYE

By Mack Turner

WORD comes into the office that the Seminole Indians have called off their trip to Dallas to see the Cotton Bowl football game, and we suppose that several other area teams will do the same thing.

The boys are being cheated out of seeing the big game, and getting something out of the sweat and tears they shed to give the home town fans a good football season.

Why?

**All because the Texas Interscholastic League, one of the greatest organizations of it's kind in the world, let somebody slip in a clause in the vast amount of rules that bind the league in red tape, to keep the schools and townspeople from showing a little appreciation for the boys who provided the fun.**

We have written before on our opinion of the silly rule that has put a ceiling on the amount that can be spent on awards for the players. What we wrote then didn't seem to make much difference, so we have no hope of making this cause any stir in the league headquarters down at Austin. But it does let off a little steam.

Before the league put a damper on the idea, we understood that the Amarillo Sandies, Plainview Bulldogs, Littlefield Wildcats, Petersburg Buffs, and Seminole were planning to take the football squads to Dallas to the Cotton bowl. We are sure there were others.

We have been watching high school football in Texas long enough to know the need for some rules to curb the old policy of go out and get the boys. There has to be rules to curb the desires of the boys to loaf on their football reputation, and pay little attention to grades.

Yes, there is a need for rules, but for that particular rule, there is just about as much need as a rottin' hog needs for a side saddle. The rule reflects nothing but greed, and a desire to keep it all.

But the question is, who put the money in the coffers? John Q. Fan. Who interested John Q. Fan? The players who made up the team that was colorful enough on the football field to interest John enough to plunk his hard earned dollars on the line to get in and see the ball game.

Then what does the boy get out of it at the end of the season? All the red tape will let him have is a two-bit jacket that his play afforded the school perhaps $100 profit.

In our long association with school men, coaches, superintendents and players, we have never heard but one man brave enough to admit that he thought the rule had some value. And he is a school man who now will have to back down on his promise to the boys of a reward for their great work this season, and because of the rule he favored.

**The old adage of supply and demand will take care of the matter. The school that makes ten dollars on a season won't be able to spend big money on awards for the boys. But the school that the gate runs into the thousands for should put more back on the boys.**

**The football banquet has long been a tradition in high school football. We have attended scores of them, and always got a kick out of the way the boys enjoyed them. But under the present rules, wouldn't a banquet for the boys also be an award that would make the school ineligible for play in the Interscholastic League?**

We tried to find out where the rule got its start, and how it was put into the vast list of rules that govern the league. We were somewhat surprised to be told that the rule was pushed in by the schools that draw thousands of dollars through the gates for football games, and not the little school that struggles along on the small sideline crowds so common in the little school.

We would certainly hate to think that a school was forced out of the league because of infringement of such a silly rule as this one. We believe in living by the rules, but more than ever, we personally believe that such rules as this greedy ruling on two-bit awards for boys who paid off at the gate in dollars should be knocked out of the league by-laws.

We leave our column open to any area school man who wants to defend this rule, but we reserve the right to answer the challenge in another column. We would still like to hear from the other side, and see if they had a leg to stand on with this rule.

I'll be seeing you.

# Sports Editors Vote Gives Highland Park Favored Role

By HAROLD V. RATLIFF
Associated Press Sports Editor

Highland Park (Dallas) is an overwhelming favorite to beat Waco Saturday and win the Texas schoolboy football championship. The sports writers have spoken.

A poll Thursday showed only three writers venturing a vote for Waco's Tigers. One of these picked Waco on "an inside hunch."

Said Jack Durham, sports editor of the Wichita Falls Record News: "Common sense tells me Highland Park is the next state champion, but an inside hunch says Waco. I'm sticking with the hunch—Waco by the silghtest of margins."

But Perry Winkle of the San Antonio News isn't riding a hunch. He comes out flat-footed like this: "Waco wins state title, beating Highland Park 19-13.

While most of the other writers expect it to be a close game, none hedged in the least in their selections. Here they are:

John Sidney Smith, Dallas News: "Highland Park 13, Waco 7."

Louis Cox, Dallas Times Herald: "Highland Park 14, Waco 7."

Jinx Tucker, Waco News-Tribune: "Highland Park by a touchdown."

H. R. (Doc) Horton, Corpus Christi Caller: "Highland Park. I don't predict scores."

Bill Lee, Corpus Christi Caller: "Highland Park 19, Waco 7."

Fred Maly, San Antonio Express: "Highland Park 25, Waco 7."

Cary Head, Port Arthur News: "Highland Park 14, Waco 7.

Bo Byers, Marshall News Messenger: "Highland Park 27, Waco 0."

Tony Slaughter, Fort Worth Star-Telegram: "Lindloff and Williams no match for Moxley, Elliott, Bristol, Weatherford, Tenison, Flowers and the Smith boys. Too many Scotties in finale last year. Highland Park should take it coasting by two or more touchdowns."

Lorin McMullen, Fort Worth Star-Telegram: "I pick Highland Park."

Paul Moore, Corsicana Sun: "Highland Park by a shade."

**Jack Roberts, Borger Daily Herald: "Highland Park by two Touchdowns."**

**J. P. Woodward, Plainview Herald: "Highland Park 12, Waco 6."**

**Putt Powell, Amarillo News: "We are prejudiced. We don't want Waco to win its fifth state championship and pass our Amarillo Sandies. As you know, the two teams are tied with four titles apiece. We will take Highland Park to down Waco. Coach Eck Curtis should get the breaks at least once against Waco's Harry Stiteler."**

C. L. Whitlock, El Paso Times: "I pick Highland Park for the high school title."

Wilbur Evans, Austin American: "Highland Park 7-0 choice over Waco."

Hal Sayles, Abilene Reporter News: "Highland Park 13, Waco 7."

Ray Kornegay, Houston Chronicle: "I'm a Scotchman and a South Texas Democrat. The blood is thicker than politics this time, so I'll string along with my pre-season favorites, Highland Park's Scotties, by two touchdowns."

**Mack Turner, Lubbock Avalanche: "Highland Park beat a better ball club than Waco last week, there should be no reason to falter now. Highland Park by a touchdown."**

Thad Johnson, Beaumont Enterprise: "Highland Park will win the championship."

Jack Proctor, Galveston News: "Highland Park has a scintillating grid squad and it is dangerout. Waco's line and Cotton Lindoff's power, however, forces us to select the Tigers to win the state title."

Harrison Colson, Wichita Falls Times: "Highland Park's backfield is the smartest in the state, if not the best on the ground. The final score will probably not be as lopsided as the Coyote victory, but the Scotties are a little too clever for Waco. Coach Eck Curtis' aggregation will win but not the hard way. Highland Park by a touchdown."

"Buy A Victory Bond TODAY."

# Aggies, Baylor Play In Finals

OKLAHOMA CITY, Dec. 27 (AP) The Baylor Bears, the darkhorse entry in the All-College basketball tournament here, squeezed into the finals here tonight, nosing out the Oklahoma Sooners in a 43-to-42 thriller.

The Bears from the Southwest Conference will tangle with the favored Oklahoma Aggies in tomorrow's finals.

**Courty Top Scorer**

Paul Courty, Freshman flash of the Sooners, again was top man for his club, and his 21 points set the pace for the game. Johnson paced Baylor with 13 points, closely followed by Bill Hailey, who flipped in ten points.

A smoothly operating Oklahoma Aggie basketball team powered by seven-foot Bob Kurland pushed aside the University of Kansas 46-28 tonight in the semifinal round of the all-college tournament.

Kurland, playing a fine defensive game as well as keeping the bucket hot, rang up 21 points as the Aggies cracked the Jayhawks' string of eight consecutive victories this season.

So tight was the Aggies' defensive grip on Kansas that during the last half the Jays scored only two field goals—and both of them in the first three minutes.

**Owls Nose Longhorns**

Two Southwest Conference teams, Rice and Texas, battled on even terms in the first consolation round today before the Owls finally won 55-52.

Pepperdine college defeated Texas Christian 57-45 in the other first-round affair and the teams clash tomorrow for the consolation title.

In the Texas-Rice contest, the lead changed hands nine times in the initial half with Texas holding a 29-27 edge at halftime. At one time, Rice led 23-16 but some fine shooting by Ray Cox, 5-8 guard, put Texas in front.

Rice went ahead in the first few minutes of the second half and although tied twice—the last time with five minutes left—was never topped.

Cox paced the scoring with 23 points while Bill Tom led the winners with 15 points.

Pepperdine, sparked by Gerald Lowther who hit 23 points, came from behind to stop TCU.

## Missouri Counts On Former Army Gunner

DALLAS, Dec. 27. (AP)—Freshman Wingback Loyd Brinkman didn't rate an All-Big-Six berth the past season, but just the same University of Missouri coaches are counting on the war veteran flash to hit a major lick against Texas in the Cotton Bowl.

Brinkman was the leading scorer on a Tiger team that won the Big Six title and landed four boys on the first all-star team, two on the second.

He earned twelve letters—football, basketball and track — at Perryville, Mo., High school before the Army got him as a tail gunner in one of Uncle Sam's fighting planes.

Brinkman scored both Missouri touchdown's in the Tigers' second half 14-7 victory over Iowa State and he ripped off the first touchdown in the championship clincher with Oklahoma, 14-6.

A rapid starter on Missouri's quick-opening T-plays, Brinkman excells on reverses and cuts down field with the power of a fullback.

# Famous Writer Dies In Florida Hospital

CLEARWATER, Fla., Dec. 27 (AP)—Hugh S. Fullerton, sr., one of the great writers of baseball and the man who first "broke" the "Black Sox" scandal of 1919, died today. He was 72.

Baseball writer in Cincinnati, Chicago, New York, Philadelphia and Columbus, Ohio, for nearly half a century, author and discoverer of other top-flight diamond scribes, Fullerton died in a hospital at adjoining Dunedin. He was a native of Hillsboro, Ohio, where he will be buried.

**Helped Organize BWAA**

Founder with T. A. D. (Tad) Dorgan and Cy Sanborn of the Baseball Writers Association of America in 1908, Fullerton was most famous as a diamond reporter for the system he devised for "doping" the results of baseball games, particularly World Series. He placed certain percentage values on each fielding position as well as individual batting and pitching. For years, his handicapping of World Series resulted in predictions of almost uncanny accuracy.

The introduction of the lively ball, Fullerton said, ruined the system.

**Broke Famous Story**

Suspicious of the performances of some of the Chicago White Sox in the 1919 series with the Cincinnati Reds, Fullerton based his conviction of "crookedness" on his statistical system. A few months after the series wound up, his boss, John Tenant, then managing editor of the old New York Evening World, noted that Fullerton had stopped writing baseball stories and asked him why.

"I'm sick and tired of writing about a game that has gone crooked," Fullerton replied. "That series was crooked."

"Are you sure of that?" Tenant demanded, and directed him to write a series of articles. Late in the 1920 season the prosecution of the scandal began.

He leaves a widow, one son, Hugh S., jr., Associated Press sports writer, a daughter, Mrs. Lloyd Burns of Garden City, Long Island, and five grandchildren.

## Tulsa Gridmen Given Big Houston Welcome

HOUSTON, Dec. 27 (AP)—The Tulsa Hurricanes were literally welcomed with open arms as they arrived here today to participate in the Oil Bowl Tuesday.

In the reception committee was a group of pretty elkadettes, drill squad of the Houston Elks lodge, and the attractive blonde major gave Camp Wilson, Tulsa's great fullback, a rousing hug.

The Tulsans were placed on a big fire truck. A police motorcycle escort blazed the way through downtown Houston.

Coach Henry Frnka, who said the squad was in good shape, sent the team through a limbering up workout this afternoon at high school stadium.

The Tulsa foe, the Georgia Bulldogs, will arrive here at 8:25 a. m. tomorrow and the same sort of welcome is planned for them.

The Tulsa coaching staff was highly respectful of their opponents, pointing out the greatness of Charley Trippi and the Bulldogs.

But there was one confident member of the Tulsa party. Champ Frnka, young son of the Tulsa mentor, when asked how the game would come out, said confidentially "Pop'll take 'em."

## Basketball Scores

Rice 55; Texas 52.
Pepperdine 57; Texas Christian 45.
Oklahoma Aggies 46; Kansas 36.

Ohio State 62; Michigan State 42.
Loyola (Chicago) 53; Central Normal (Danville, Ind.) 39.

Iceland has many hot springs.

# Title Game Set In Cotton Bowl

DALLAS, Dec. 27 (AP)—When failure to obtain tickets to the Highland Park-Waco state high school football game precipitated a near riot today, officials decided to change the site of the contest from Ownby stadium to the Cotton Bowl which seats 45,400.

Twenty-five thousand tickets were asked for through this morning and Ownby stadium can take care of only 23,300, so there was a hurried conference between B. L. Woolley, president of the Highland Park school board, and Dan D. Rogers, chairman of the board of the Cotton Bowl Athletic association. Then the executive board of the Cotton Bowl went into session and soon emerged with the announcement that it had granted permission to Highland Park to transfer the game to the big saucer. The state fair of Texas also gave unanimous permission.

**The battle for the state schoolboy football championship will be broadcast over Radio Station KFYO Saturday afternoon, it was announced here yesterday. The broadcast will start at 2:15 o'clock, and kickoff will be at 2:30 p. m. The game will be played in the Cotton Bowl at Dallas.**

Of the tickets to be made available at the Cotton Bowl over 5,000 are reserved and more than 17,000 are end zones. These will go on sale tomorrow.

At Waco there was a line a block long formed to purchase tickets when the booth opened this morning.

The same prices that prevailed for Ownby stadium will be posted —$2.00 for seats on the side of the bowl, $1.25 for end zones and $3.00 for box seats. A. P. Herring, Highland Park business manager, said tickets would be sent to Waco tomorrow.

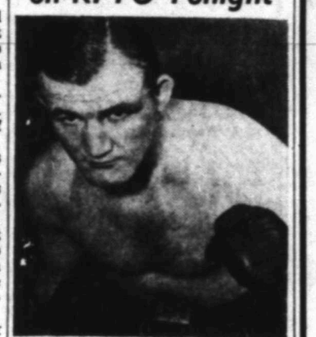

**HEAVYWEIGHT BATTLE**

NEW YORK, Dec. 27 (AP)—Promoter Mike Jacobs dips into his heavyweight filing bin tomorrow night to pit Freddie Schott, Paterson, N. J., youngster unbeaten in his career of 43 punch parties, against Joe Baksi, the Kulpmont walloper from Pennsylvania's coal regions, in a ten-rounder.

**BAYLOR SIGNS JARNAGAN**

WACO, Tex., Dec. 27 (AP)—Clark Jarnagan, former coach at Hardin-Simmons university, tonight was employed as line coach at Baylor university, Athletic Director Ralph Wolff announced. He plans to report Jan. 1.

## Baksi-Schott Fray on KFYO Tonight

Two big boys take over at Madison Square Garden in New York and on the air tonight. Joe Baksi (above) from Kulpmont, Pa., swaps punches with Freddie Schott of Paterson, N. J., in a heavyweight ten-rounder.

Schott, a fast-rising, young husky who has been enjoying a consistent winning streak, encounters his first real major test in Baksi. A terrific body puncher, he possesses one of the best left hands in heavy ranks. Undefeated in 42 starts (half of the wins by kayo) Freddie is bound to throw everything he has to make it 43.

Rough, rugged Baksi is a hard-charging clouter who piles in with both fists flying. He has an impressive list of victims to his credit, including Mauriello, Savold and Nova.

Enjoy the excitement, blow-by-blow, on Gillette's Cavalcade of Sports over American Broadcasting Co. and KFYO (1340 on Your Dial) at 9 p. m.

# The Czar Rules Again

## Petrillo Censors Your Music

JAMES CAESAR PETRILLO, who dictates to all and sundry as president of the AFL American Federation of Musicians, has ordered American radio stations to ban all musical originating in all foreign countries except Canada.

The order, in effect, reinvokes an "understanding" between the union and broadcasters which was suspended during the war at the behest of Petrillo, who desired to promote "good will and good relationship with other countries." As we get the musical commando, there is no longer any need for this country to make friends with its neighbors; now that the war is over, and their friendship is not as valuable as it once was, they can go hang.

Petrillo's crackdown is done to protect American oboe blowers and cymbal clashers from foreign musicians who might displace some of the home talent without ever paying a penny into the bulging dues coffers of the AFM. Every note U. S. fans hear from now on must have Petrillo's personal OK on it.

But what Petrillo is doing is typical of what he and others of his ilk are wont to practice all the time—complete disregard of whatever wishes and desires that the majority of Americans may have. Why should any one man, regardless of whether he is Petrillo or anyone else, have the power to tell the American people what they may or may not hear on their radios? But there are laws passed under the New Deal administration which says Petrillo can do just that.

Petrillo is kind enough to permit continuation of Christmas and Easter broadcasts from the Vatican and Jerusalem, but who knows whether the czar may not sometime in the near future rule that we can hear programs on which only card holders may take part in any radio enactment of the Christmas story?

# The Congress And Peace

THE 79th Congress, now recessed, has been one of the most internationalistic bodies in the country's history. Its work has dealt principally with putting the United States in a position to cooperate with other nations. Because it has specialized in international problems, the 79th Congress has been a unique one as U. S. Congresses go.

While a far-reaching program of world cooperation was accepted by the 79th in its first session, little progress was made on the legislative slate to cope with postwar problems in the United States, though both the late Mr. Roosevelt and President Truman pressed hard for programs designed to prepare the country for peacetime recovery.

The United Nations charter, the keystone of the Administration's foreign program, was ratified by the Senate without reservations in July, and in December the charter was implemented by legislation which will permit the use of U. S. troops to put down aggression without further action by Congress. But the Administration's principal domestic proposal, embodied in the Full Employment bill, did not fare so well. It was passed by the Senate in September, with many compromising amendments, but this month the House passed an employment-production bill which bore little resemblance to the original measure. A compromise acceptable to the Senate, the House and the President will be difficult, if not impossible, to work out.

Other major homefront legislative proposals met similar fates. Emergency legislation to draft wage-earners for work in essential industries, asked by President Roosevelt last January, was shelved by the Senate in April. Legislation to provide emergency relief for displaced war workers, asked by President Truman in May, was pigeonholed in September by the House Ways and Means committee. Action on labor-disputes legislation was postponed to 1946. The President had asked, in a special message Dec. 3, that Congress give him authority—"before the Christmas recess"—to impose 30-day cooling off periods while fact-finding boards worked for settlement of disputes in major industries.

The foreign policies of the Truman administration were a continuation, without change, of the foreign policies of President Roosevelt. Legislation to carry them out met no substantial opposition in Congress, which had been friendly to the late President's views on foreign affairs. The opposition to Mr. Truman's domestic program, which largely was founded on the "economic bill o frights" drafted by the late Mr. Roosevelt in 1944, took its roots mainly in the same coalition of bipartisan party members which blocked many New Deal proposals. Therefore, it may be surmised that the new Chief Executive's ideas have been defeated or obstructed not so much because they were propounded by Mr. Truman, but partly because they were leftover fragments from the "left of center" Roosevelt government.

On the surface, the 79th's attitude on the propositions advanced by the new President has been a disrespectful one indeed. About the only measures recommended by President Truman which won congressional approval in 1945 were the tax reduction bill, the government reorganization bill and the bill cutting war appropriations.

Regardless of how little it did on domestic issues, the 79th gave promise that the U. S. Congress will not this time sabotage a world program for peace, as it did following the First World war.

# Marshall's Report On The War

By Gen. George C. Marshall
Wartime Chief Of Staff

(This is the 34th of 42 installments of material selected from General Marshall's report on the winning of World War II).

### LANDING ON LUZON

THE Japanese took heavy troop losses in these repeated sinkings, but they had at the same time made some formidable reinforcements. By the middle of November troops of the U. S. 24th Division west of Jaro, killed a messenger and learned that the Japanese 1st Division was now on the island (Leyte). Yamashita was therefore commanding his best troops. The 1st Division was one of Japan's finest from the Kwantung

MARSHALL

When United States forces from the south and across the Pacific began to gather speed, the 1st began to gather speed, the 1st Japanese Division had been moved to China. After General MacArthur's assault force had been sighted, the 1st Division was rushed from Shanghai to Manila and then on to Leyte.

In the Ormoc valley the Japanese 1st Division fought fiercely and delayed but could not stop Krueger's advance. By the end of November American troops were closing on Limon and another column threatened Ormoc from the south. Violent rain storms and deep mud harassed the supply lines. Forward units were dependent on hand-carry. Casualties were evacuated by native bearers.

But by 1 December seven divisions were well established ashore, five airfields were in operation, and the waters of the Visayas under firm naval control.

The 77th Division landed south of Ormoc on 7 December and captured the town four days later along with great quantities of enemy supplies. Toward the end of December the 7th, 24th, 32d, 77th, and 96th Divisions, the 1st Cavalry Division, and the 11th Airborne Division closed out organized Japanese resistance on the island.

### Jap Soldier Writes of Defeat

It was at Kilometer 79 on the Ormoc highway that the Japanese 1st Division command post, defended by 500 exhausted, defeated soldiers made the last stand. This band, made up of every element General Kataoka had been able to reassemble, quit on the night of 21 December and fled south and west. en of the 32d Division found this letter, written by an unknown Japanese soldier:

"I am exhausted. We have no food. The enemy are now within 500 meters from us. Mother, my dear wife and son, I am writing this letter to you by dim candle light. Our end is near. What will be the future of Japan if this island should fall into enemy hands? Our air force has not arrived. General Yamashita has not arrived. Hundreds of pale soldiers of Japan are awaiting our glorious end and nothing else. This is a repetition of what occurred in the Solomons, New Georgia, and other islands. How well are the people of Japan prepared to fight the decisive battle with the will to win . . .?"

Marshal Terauchi, realizing that the Philippines were slipping from his grasp, fled with his headquarters to Saigon, Indo-China.

Command of the battle of Leyte passed to Eichelberger's Eighth Army on 26 December. For Krueger's Sixth Army there was other business.

While mopping-up continued on Leyte, General MacArthur had sent a landing force of two regiments into southern Mindoro. Within 24 hours American planes and PT boats were operating off the southern coast of Luzon.

In the first week of January a new American assault force gathered east of Leyte, slipped through the Surigao Strait over the sunken wrecks of Japanese warships that had gone down in their attempt to turn aside the invasion more than two months before, and passed into the Mindanao and Sulu Seas. This American force was treading its way through the heart of the Philippine Archipelago and through waters where the Japanese Navy and air forces had for two years maintained unchallenged supremacy, to invade Luzon by effecting a landing in Lingayen Gulf, its classic point of greatest vulnerability.

### Take Luzon Beachhead

No opportunity was overlooked to conceal this bold plan from the Japanese. While the assault force was proceeding up the west coast of Luzon, Kennedy's planes and the guerrillas under MacArthur's direction concentrated on the destruction of roads, bridges, and tunnels to prevent General Yamashita from shifting forces to meet the assault. The gurrillas in southern Luzon conducted noisy demonstrations to divert Japanese attention to the south. Navy mine sweepers swept the Balayan, Batangas, and Tayabas Bays on the south coast of Luzon. Landing ships and merchantmen approached the beaches until they drew fire, then slipped out under cover of night. United States transport planes flew over Batangas and Tayabas and dropped dummies to stimulate an airborne invasion. The Tokyo radio reported that American troops were trying to land on Luzon but had been driven off. Japanese forces on the island, harassed by guerillas and by air, drove north, south, east and west in confusion, became tangled in traffic jams on the roads, and generally dissipated what chance they might have had to repel the landing force. On 9 January the U. S. Sixth Army, now composed of the I and XIV Corps, hit the beaches in Lingayen Gulf. By nightfall, 68,000 troops were ashore and in control of a 15-mile beachhead, 6,000 yards deep.

The landing had caught every major hostile combat unit in motion with the exception of the 23d Infantry Division to the southeast of the beachhead in the central Luzon plain and its supporting 58th independent mixed brigade 25 miles to the north of Lingayen Gulf. Yamashita's inability to cope with General MacArthur's swift moves, his desired reaction to the deception measures, the guerrillas, and General Kennedy's aircraft combined to place the Japanese in an impossible situation. The enemy was forced into a piecemeal commitment of his troops. The Japanese 10th and 105th Divisions in the Manila area which were to secure Highway No. 5 on the eastern edge of the central Luzon plain had failed to arrive in time. The brunt of defending this withdrawal road to the north fell to the 2d Japanese Armored Division which seemingly should have been defending the road to Clark Field.

## Health Inventory Is Urged For Everyone

AUSTIN, Dec. 27 (AP)—Dr. George W. Cox, state health officer, urged a health inventory for every Texan at the beginning of the new year.

"We should give some thought to the mistakes we have made during the past year, and a great deal of thought to planning improvement in our health conditions during the coming year," he said.

Dr. Cox says he is confident that with national health being stressed as one of the nation's most important problems, 1946 will see great strides in the upbuilding of national public health.

### MILLER BUYS PAPER

SPEARMAN, Tex., Dec. 27 (AP) W. J. Miller, veteran of two world wars, has purchased the Spearman Reporter after 14 years as editor and manager, David M. Warren, president of the Panhandle Publishing company, present owners, announced today.

To avoid large pinholes in material, use thin needles instead of pins when fastening a paper pattern on fine silks and satins.

# Looking At Life ------ By Erich Brandeis

I DON'T usually get mad at letters from readers, no matter how insulting they are.

But here is one from a fellow in Texas which really made me see red. Because this letter is so vicious, not toward me, but toward the entire human race, that the fellow who worte it ought to be ashamed of himself.

BRANDEIS

In his signature he makes it clear that he is a B. A., and M. A. and "a former fellow in political science at Yale University."

If what he writes were true, there would be no hope for humanity at all. Intolerance, race hatreds and conceit would be at a premium and with this university man's prejudices we would be back in the dark ages from which we are trying so desperately to emerge.

"You say it does not make any difference what kind of a religion one has," he writes, "that they are all good. By that you say that a Jew's religion is as good as that of the Baptist or Presbyterian. If you accept Jesus as truth, you can not in the same breath say religion is truth, especially when you say that any kind of religion is good.

"When religions differ so much in their claims and viewpoints they certainly cannot all be right. If Jesus is the way, these other claims can not be right. If the Jesus way leads to peace and sunshine, these other ways do not, and you had better get right."

There is much more to the letter, much of it contradictory, much of its insulting, but that excerpt will suffice.

Hasn't this man ever heard of the fundamental American principle of freedom of worship? Does he claim that only a Presbyterian or a Baptist has the right to live and to whatever the hereafter may have in store for us?

Does he have the impudence to declare that all Jews and Mohammedans and Catholics are condemned just because they do not accept his own particular brand of secular religion?

The mere fact that millions and millions of people worship by different methods, and that most of their respective countries, proves that there is no one religion that has the right to claim perfection.

No matter what your faith, the mere fact that you have faith makes you right.

A true Christian respects every religion, just as a true American does not condemn a Frenchman for not speaking English.

• • •

THEREFORE, I repeat what I said in a previous column: All religions are good for those who believe in them. As long as they take you to the same destination, they are merely different roads, all taking you to the common goal.

Whoever denies his fellow man the right to seek God in his own way is not a Christian or a Jew or a Mohammedan but an arrogant, intolerant, trouble-making bigot.

And that is the stuff wars are made of.

# The National Whirligig

## Pearl Harbor Probe Dying Down

WASHINGTON
By RAY TUCKER

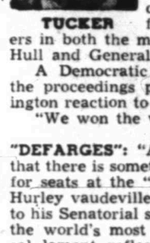

ARMY-NAVY witnesses at the Pearl Harbor inquiry have done such an heroic job of defending the late President Roosevelt's behavior before the naval disaster that Democratic members of the Congressional Investigating committee are willing and eager to shut up shop. They foresee no possible political back fire against the Truman administration.

Headed by former Chief of Staff George Marshall, the top strategists and administrative officers of the two older services have accepted full blame for the affair. They have cheerfully admitted their negligence in handling vital questions at critical moments. It impressed some observers as the coordinated testimony of men who had decided in advance to shoulder all responsibility.

Despite FDR's almost daily conferences with his top commanders during the pre-Pearl Harbor period, not a single witness uttered a word that cast discredit on their late Commander in Chief. Their failures, the impressed on the committee, were individual and personal.

• • •

**APPLAUSE:** The diplomatic witnesses—ex-Secretary Cordell Hull and former Ambassador Joseph C. Grew—also absolved Mr. Roosevelt. They repelled opposition attempts to develop that the former Chief Executive had, consciously or unconsciously, sought a Japanese attack so as to involve the United States in the larger conflict raging in Europe.

TUCKER

They gave testimony and produced hitherto hidden memoranda designed to prove that their dead chieftain tried to stave off a struggle with Tokyo lest it weaken and divert the lend-lease assistance which the U. S. was then forwarding to Britain and Russia.

Spectacular signs of the efficacy of the rescue work lies in the fact that the audience reserved its principal and almost its only applause for Mr. Roosevelt's closest advisers in both the military and diplomatic fields—Mr. Hull and General Marshall.

A Democratic investigator's terse comment on the proceedings probably explains best the Washington reaction to the post-mortem:

"We won the war—so what!"

• • •

**"DEFARGES":** "Atomic" Brien McMahon believes that there is something wrong with people who fight for seats at the "Pearl Harbor scandals" and "Pat Hurley vaudeville skit" but show utter indifference to his Senatorial study of the problem of controlling the world's most deadly weapon. His philosophical lament reflects the conclusion of veteran attaches and habitues of Capitol Hill.

The contrast in public interest in the three inquiries has been comic. Crowds have stood in line outside the doors of the naval and diplomatic inquests.

As happened at such famous affairs as the Teapot Dome, the lobby, prohabition, Daugherty and foreign loan investigations of the twenties, women brought their lunch as as not to lose their seats at the noon-hour recess.

Present-day Madame Defarges, knitting patiently and provokingly from 10:30 a. m. to 4:30 p. m., occupy the front rows of seats. Scores of reporters, writing running stories for afternoon newspapers, wave wildly for estern Union copy boys. Raido commentators and photographers sit at special tables.

• • •

**FOCUS:** Meanwhile, the senator from Connecticut presides in lonely and obscure glory; no fellow-senators present sometimes, no reportorial staff, no still or movie cameras, only a few scientists waiting to testify, as his gallery. Sometimes the chamber is so still that you could hear an atom drop.

"I am not complaining, you understand, but it just all seems out of focus . . . We could settle in Congress the deficit, the housing situation and the wage situation. We could successfully readjust every veteran, erect hospitals all over the country and create here the ideal of a functioning democracy.

"And when we all got through, it would mean literally nothing unless the atomic bomb problem were solved!"

• • •

**RESENTMENT:** The more rank members of Congress admit privately that they have a very special, personal and pocketbook resentment against labor unions at this particular moment. They blame the wave of demands for increased wages for the failure of recent attempts to boost their own pay.

The House voted itself an expense account of $2,500 a year early in 1945, but the boys quickly rescinded the action after a few days of thinking it over. The main reason for the reversal was that the Congress would set a bad example if it obtained more money for its services during the period of the "little steeel formula." They feared that they might be blamed if their precedent inspired strikes in plants manufacturing weapons.

Now that wage disputes threaten an orderly reconversion process in such key industries as automobile and steel ,they do not feel that they can afford to line their wallets. In their opinion, union spokesmen and publicists would seize upon their action as a justification for their walkouts.

A secret vote in both House and Senate would favor additional benefits by an overwhelming majority. And most of the legislators really need the extra cash. After federal and states taxes, maintaining two households, necessary party contributions and political charity, educating their children etc., a Congressman is lucky if he nets $3,300 when he closes his books at the end of the year.

• • •

**UNITED:** President Truman's proposal for establishment of an industrial fact-finding agency and a 30-day "cooling-off" period was the only factor which kept squabbling officials of the CIO's automobile hierarchy from an open break over General Motors strike strategy. The White House intervention enabled them to reorganize their united front overnight in an alliance against any crippling of their walkout weapon.

UAW President R. J. Thomas's mysterious letter agreeing to GM's suggestion that the workers operate factories making parts for other automobile firms precipitated the backstage row. Although Thomas's name was affixed to the communication, and he at first seemed to approve its contents, it was given out at Detroit when he was in Washington. It is supposed to have been written by his publicity representative, David P. Connery.

When the semi-truce with General Motors infuriated the union members, Thomas made haste to explain that he did not mean to commit the local units on strike policy. Then he hustled into a private conference with Walter Reuther, UAW vice president, George F. Addes, secretary-treasurer, and Richard T. Leonard, UAW's Ford plant director. Connery also attended the huddle.

• • •

COMPLAINTS: Reuther and Addes assailed President Thomas, asserting that any opening of the parts and accessories plants would jeopardize the whole fight for higher wages in the automobile, steel and other industries. The more radical secretary-treasurer unloaded charges and complaints which he had been hoarding for months.

The Thomas group blamed Reuther for his staging of a strike at this time. They argued that GM was quite happy to be shut down because of the expiration of certain taxes on December 31, 1945.

They pointed out that the automobile plant could have been closed by calling a strike in such a bottleneck factory as that of its glass providers. Such words as "dumbbells" and "dunderheads" were tossed back and forth.

• • •

**OUT:** The emotional and harassed Thomas was near to tears. Others in the argument seemed about to square off. Bitter feelings that had been suppressed in this overgrown and expanding union flowed to the surface.

Then President Truman chose this moment to advance his scheme for avoiding or settling disputes. His intervention overshadowed the question of who wrote the letter and why. It gave each controversialist an out. From denouncing Thomas and Connery, they turned to a united attack on the White House.

# Side Glances --- By Galbraith

"I have no faith in those radio announcers—just look at my husband's head, and he's the man who's on the air every afternoon telling about a sure-fire hair tonic!"

## Truman Cites Obligations To Nation

# HST Faces Showdown With Solons

By THOMAS L. STOKES
Associated Press Staff Writer

WASHINGTON—President Truman has said a significant thing which deserves some attention.

It was in his message vetoing the bill for return of over $51 billion of unspent war balances to the treasury because of the rider attached by Congress to restore the employment services to the states in three months. He said:

STOKES

"In view of my past legislative experience, I realize the obligations of the President to the Congress as co-ordinate branch of the government. At the same time, I must be equally aware of the constitutional responsibility of the President to the people, and of the obligation of the Congress to help him to discharge that responsibility."

That second sentence should be pondered carefully, particularly "the constitutional responsibility of the President to the people." That is a symbol, at least, after some months of rebuffs by Congress, of the transition of an exmember of Congress, genial and co-operative by nature, into the chief executive in his own right, the President of all the people, and their champion.

It is a clear-cut recognition of the role of President in the best traditions of our Democracy.

• • •

### Solons Saw Chance

It is, at the same time, an interesting metamorphosis in the case of Harry Truman. He came from Congress. His every inclination, when he was thrust suddenly into the presidency, was to establish a co-operative relationship with Congress. He stepped into an emergency. He needed co-operation. We were, as a nation, in a critical period.

But there were some of whom the talk of "co-operation between the President and Congress" meant something a bit different from what might be supposed. These were interests and influences, in Congress and out, who had fought President Roosevelt's domestic program. They now saw a chance for Congress, which had blocked virtually every progressive domestic measure during the war, to become in fact the dominant partner in government. What they meant was "co-operation by the President with Congress." And not maybe.

• • •

FOR their plot they have historical precedents for the seizure of control by Congress on the passing of a strong President. It happened when Martin Van Buren succeeded Andrew Jackson, when Andrew Johnson succeeded Abraham Lincoln, when William Howard Taft succeeded Theodore Roosevelt, and when Warren G. Harding succeeded Woodrow Wilson.

It seems to be happening again. This period has run according to pattern. Congress has put every hindrance in the way of President Truman under domination of a coalition of Southern Conservative Democrats and Republicans. He has spoken out, but in vain. Congress only smiles and goes its own way.

• • •

### Truman's Stand Praised

At long last, however, President Truman has gone to the heart of the matter in pointing out his constitutional responsibility to the people, Congress notwithstanding. He took a strong issue. It would be poor government, indeed, to turn back to the states at this time the finding of jobs for millions of people, including war veterans, when that is a national problem. He clearly cited the dangers in his message.

This is no time to pacify hungry local politicians who want to get their hands back on this piece of patronage. This is no time to give in to selfish business interests which expect to gain in a return now of administration to the states.

• • •

THE veto should serve to dramatize the issue, both to Congress, and to the public. It was comparable in some ways to President Roosevelt's veto of a tax bill—the first such veto in history—on the ground that it was for the relief of the greedy, and not the needy. Congress rose up in its wrath then because of its cherished power over the purse strings.

Congress will rise up in its wrath again.

But don't let that becloud the real issue. The President has stepped out here, and his constitutional role, on behalf of what he considers the public interest. He still has wide, if passive, public support. That support will not help him unless it is turned on Congress.

This is a good time to back up the President and to let your Congressman know how you feel.

## Three Men Held In Theft Of $1,400

LAS CRUCES, N. M., Dec. 27 (AP)—A Mexican farm worker, Jose Ramos, was being held today by Sheriff Santos Rmirez of Dana Ana county, and two others—Arturo Guzman and Ascension Cortez—were in custody of Juarez police in connection with the theft of $1,400 from the home of Refugia Reyes, near Las Cruces.

In disclosing the trio's arrest, Sheriff Ramirez said that except for $280, all the stolen money had been recovered at Juarez, Mexico.

Ramos allegedly drove Guzman and Cortez to El Paso, Tex., following the robbery.

STOCKS SHOW DROP

NEW YORK, Dec. 27 (AP)—Stocks generally retreated without much urging in today's market although strong spots persisted among liquors and assorted specialties.

Prices dipped after a fairly active and steady opening. Recently climbing rails, mail orders, aviations, utilities and coppers registered losses of fractions to around 3 points but distillers generally finishe up 1 to 6. Aided transfers totaled 1,320,000 shares compared with 1,410,000 Wednesday.

The Associated Press 60-stock composite was off .6 of a point at 75.2.

Ahead fractions to 3 or so were Distillers Corp., Hiram Walker, Park and Tilford, Johns-Manville, Santa Fe, M-K-T, North American, Union Carbide, and Oliver Corp. On the offside were N. Y. Central, Southern Pacific, Montgomery Ward, Woolworth, American Airlines, Eastern Air Lines, Glenn Martin, American Water Works, Anaconda and Goodrich.

Bond were mixed.

### HEIRESS GETS DIVORCE

RENO, Nev., Dec. 27 (AP)—Mrs. Barbara Schick Yuile, Schick razor fortune heiress, was granted a divorce here today from Ralph Dougal Yuile of Montreal, Canada, on grounds of cruelty.

## 39—Legal Notice

NOTICE

Notice is hereby given by the Commissioners' Court of Lubbock county, Texas that John Spikes and D. E. Sellers, the owner of Sunshine Addition to the City of Lubbock, Lubbock county, Texas, have made application of said Commissioners' Court for permission to cancel that portion of said subdivision as is included in Blocks One, Two, Five and Six of such subdivision, which petition will be heard at the regular term of said court to be heard in the Court House of Lubbock county, in the City of Lubbock on the 14th day of January, 1946. All persons interested in such lands are commanded to appear at the time specified to protest, if desired, against such action.

This notice shall be given by publication in some newspaper published in the English language in the City of Lubbock for at least three weeks prior to the date on which action shall be taken as set out above.

Given under my hand and the seal of said court at office at Lubbock, Texas, this the 13th day of December, A. D., 1945.

(SEAL) LOUIE F. MOORE,
County Clerk, Lubbock County, Texas.
By FLOE SWENSON, Deputy.

OFFICIAL NOTICE

The Texas State Board of Chiropody examiners will hold its first meeting of 1946 at the Driskill hotel at Austin, Texas, January 28 and 29, 1946 to examine candidates for license and conduct other business.

MARSHALL HARVEY, D. S. C.
Secretary-Treasurer
TEXAS STATE BOARD OF CHIROPODY EXAMINERS

K. T. Harrington to Ethel Harrington, lot 11 of block 67, Overton Add., $2,890.26.

# Court Of Inquiry Set In Bradshaw Slaying

FORT WORTH, Dec. 27 (AP)—A court of inquiry, first to be held in Tarrant county in a routine felony case in more than a quarter of a century, tomorrow will conduct a closed-session questioning of witnesses in the murder with malice complaint against Mrs. Doris Bradshaw.

Mrs. Bradshaw has been charged in connection with the Nov. 11 fatal shooting of her husband, Lt. George B. Bradshaw.

The court of inquiry was asked by District Attorney Al Clyde "Because Mrs. Bradshaw has been unavailable to the district attorney's office."

A subpoena for her appearance was issued today.

Clyde said he will leave next Tuesday for San Diego to question friends of Mrs. Bradshaw in connection with the case.

Commissions to take depositions from the same friends were filed in criminal district court yesterday. The commissions indicate the defense will rely on a plea of self-defense. Mrs. Bradshaw previously has stated the shooting was an unavoidable accident.

# Invitations Go Out For Texas Centennial

AUSTIN, Dec. 27 (AP)—Governors of each of the states and territories of the United States will be invited to attend the Texas Statehood Centennial observance Feb. 19, Gov. Coke R. Stevenson said today.

He said he has letters written and will mail them Saturday in official covers bearing his personal signature and the commemorative stamp which goes on sale at postoffices here Saturday. Postal officials estimated that between 300,000 and 400,000 first day covers will be placed in the mails here Saturday, most of which have been ordered by stamp collectors from all over the country.

There will be two celebrations of the statehood centennial: The first will be Saturday based on a Supreme court ruling naming that date as the one Congress accepted the newly written state constitution and admitted Texas to the union. The second celebration, Feb. 19, will observe the hundredth anniversary of the actual lowering of the republic flag and raising of the Stars and Stripes at the old state capitol.

# Another Traffic Jam Seen For New Year's

WACO, Dec. 27 (AP)—State Highway Patrol Sgt. A. L. Chilcote predicted here today that the New Year traffic jam would be as bad as that of Christmas.

Chilcote said he believed the railroad, bus and interurban snarl would be repeated, and warned automobile drivers to beware of highway jams.

# UNO Control Of Atomic Energy Proposed By Foreign Ministers

(Continued From Page One)

will play a dominant role as the American representative, council chairman, and "sole executive authority for the Allied powers in Japan."

Russia also joins a revised far eastern commission, an 11-nation agency which will consider policy for governing Japan.

### To Recognis Bulgaria

In addition, the Russian-sponsored governments in Romania and Bulgaria are to be recognized by Britain and the United States after they have been broadened to include representatives of additional political parties.

The communique omitted any reference to conditions in Iran, Turkey and Germany. But Bevin told newsmen in Moscow that the Iranian question was discussed at length, that no final agreement was reached, but that assurances were repeated that British, Russian and American troops would be withdrawn from Iran by the treaty date of March 2. Through diplomatic channels, Bevin said, discussions on Iran will continue.

### No Secret Pacts Made

Before he left Moscow, Byrnes said there were no secret agreements beyond the scope of the three-way communique. That ruled out any decision to let Russia in on the secrets of making atomic bombs.

The communique said discussion of atomic energy dealt with the establishment of a control commission.

Plans were made for writing the final peace treaties for Italy, Romania, Bulgaria, Hungary and Finland.

### Peace Treaties Explained

Foreign ministers of the big powers will draft the terms in the first instance—Russia and Britain for Finland, the U. S., Russia and Britain for Romania and Bulgaria, and the "Big Three" plus France for Italy.

Then a conference of all the United Nations which "actively waged war with substantial force against European enemy states" will be called by May 1, to pass upon the treaties. After that the countries which signed the final armistice terms with the former Axis nations in question will draw up the final texts.

### Korea To Get Freedom

The Moscow meeting agreed to set up for Korea a provisional "democratic government" and a four-power, five-year trusteeship—with "a view to the reestablishment of Korea as an independent state."

### No Interference In China

The three foreign secretaries reaffirmed adherence to a policy of "non-interference" in the internal affairs of China. And Byrnes and Molotov said they were in "complete accord as to the desirability of withdrawal of Soviet and American forces from China at the earliest practicable moment consistent with the discharge of their obligations and responsibilities."

There was not a word about the situation in Iran or problems in the occupation of Germany.

The communique was released simultaneously in Washington, London and Moscow. Most of its major points had leaked out ahead of time.

### 21-Nation Conference

The three top diplomats at the conference had announced, on Christmas eve, plans to call a 21-nation conference by May 1 to consider peace treaties for Italy, Romania, Hungary, Bulgaria and Finland. The communique repeated that announcement.

It wound up with the plan for safeguards against atomic destruction. In general, the plan followed the arrangements recommended last November by Britain, Canada and the United States—the countries which share the secret of making atomic bombs.

Russia agreed to join these three nations in offering a resolution on atomic control to the first meeting of the United Nations general assembly in London next month. France and China were invited to sponsor the resolution, too.

It provides for the general assembly to establish a control commission—with the same member nations as the security council, plus Canada.

### Go To Security Council

The commission's reports and recommendations would go to the security council. Thus each of five big powers—the United States, Russia, France, Britain and China—would have veto authority over any major action dealing with atomic questions.

These five powers are permanent members of the security council and must vote unanimously on all but matters of procedure. Six smaller nations will be elected to two-year terms to round out the security council's membership of 11 countries.

The resolution to be submitted to the 51-nation general assembly follows almost exactly the British-Canadian-American formula in outlining the duties of the atomic control commission.

### Specific Proposals

The commission is to proceed with "utmost dispatch," inquire into all phases of the atomic problem, and make recommendations. In addition, the resolution says, it shall make specific proposals:

"(a) For extending between all nations the exchange of basic scientific information for peaceful ends;

"(b) For control of atomic energy to the extent necessary to ensure its use only for peaceful purposes;

"(c) For the elimination from national armaments of atomic weapons and of all other major weapons adaptable to mass destruction;

"(d) For effective safeguards by way of inspection and other means to protect complying states against the hazards of violations and evasion."

### Exact Wording Used

This was the exact wording of the declaration issued Nov. 15 by President Truman, Prime Minister Attlee of Britain and Prime Minister Mackenzie King of Canada.

The pattern for the new Far Eastern commission contemplates big-power veto rights. The commission could take action by less than a unanimous vote only if the United States, Britain, Russia, China and two more of the 11 members agreed.

Thus this country could veto any step to change policies or orders already put into effect by MacArthur as supreme Allied commander in Japan.

The commission would serve more as a policy-shaping than as an advisory board. Its policy decisions would be carried out by MacArthur through directives issued by the United States government.

### Others On Commission

In addition to the Big Four, commission members would be France, The Netherlands, Canada, Australia, New Zealand, India and the Philippines. Headquarters would be in Washington.

The foreign ministers said the decision for a four-power Allied council for Japan was reached with the concurrence of China. On it will be MacArthur or his deputy as chairman and American representative, a representative of Russia and China, and a member jointly representing Britain, Australia, New Zealand and India.

It will meet in Tokyo, at least every two weeks.

It was created to consult with, and advise MacArthur on carrying out surrender terms and on occupation and control of Japan.

But MacArthur still issues all the orders.

### Consult Council In Advance

He will consult the council ahead of time on orders on "matters of substance"—the "exigencies of the situation permitting." And "his decisions upon these matters shall be controlling."

But, if a member of the Allied council disagrees with him, MacArthur is to withhold any orders implementing any policy decisions on a change in the regime of control, fundamental changes in Japan's constitutional structure, and a change in the Japanese government as a whole pending an agreement by the commission.

In "cases of necessity," MacArthur himself can make the decisions on changing individual Japanese cabinet ministers and filling cabinet vacancies after talking the situation over with other members of the council.

### Commission In Korea

Russia and the United States agreed to set up a joint commission in Korea to help form a provisional government. Commission members will be drawn from the American command in southern Korea and the Soviet command in the north.

The commission's recommendations will be submitted to the governments of the United States, Russia, China and Britain.

Once the provisional government is created, the commission will consult it about a five-year trusteeship to be submitted to the four governmens.

For Romania, the Big Three foreign ministers agreed that their governments should give King Michael the advice he sought last August on broadening his government.

### Russia Objects

When Michael asked for this advice, Russia objected and contended that Britain and the United States had inspired the king's action. Britain and the United States had declined to recognize the present Russian-backed government in Bucharest on grounds it was not sufficiently representative of all elements.

Now Russia has agreed that Michael should be advised that one member each of the National Peasant and Liberal parties should be included in the government.

A commission of one Russian, one Briton and one American is to head for Bucharest immediately to satisfy itself that the new members of the government are truly representative of their parties and will work with the government.

America's commission member will be W. Averell Harriman, ambassador to Russia.

### Unfettered Elections

The Big Three said the recognized Romanian government "should declare that free and unfettered elections will be held as soon as possible on the basis of universay and secret ballot." They said all Democratic and anti-Fascist parties should have the right to take part and put forward candidates.

Further, they said, the new government should give assurances that it will grant freedom of the press, speech, religion and association.

### JOYCE—STOLZ MATCHED

NEW YORK, Dec. 27 (AP)—Willie Joyce, ranking lightweight contender from Gary, Ind., and Allie Stolz, Newark, N. J., 135-pounder now making a comeback, were signed by Promoter Mike Jacobs for a ten-round bout in Madison Square Garden February 15.

# Public "Blames Everybody" For Debacle At Pearl Harbor

By GEORGE GALLUP DIRECTOR
American Institute of Public Opinion

PRINCETON, N. J.—Although the Congressional investigation of the Pearl Harbor attack has been going on for more than a month and has been widely reported in the press and over the air, the net effect has been to leave the American public in a state of confusion as to who was at fault.

GALLUP

More than 200 field reporters for the Institute have just completed questioning of the ordinary voters throughout the United States on their feeling about who or what was to blame for the Pearl Harbor incident.

Five out of every six among the voting population were found to have heard or read about the investigation.

But when it come to the question of blame, the people questioned assigned the fault to everyone from "The American People" to "The Japanese."

**Some Are Named**

Names named were Roosevelt, Short, Kimmel, Marshall and Hull in that order, but these men were individually blamed by only a small percentage of the total number polled. Roosevelt was named by nine per cent, Short by theree per cent, Kimmel by two per cent, Marshall by two per cent, and Hull by one per cent.

If, however, all the replies which designate a military arm or someone connected with it are put together, more people blame a military source than any other. Ten per cent name "The Army and Navy" (or those in the Army and Navy named). Four per cent name the Army alone (or someone connected with the Army); two per cent name the Navy alone (or someone in the Navy); eight per cent name a combination of the Army and Navy at Pearl Harbor; one per cent name the Army and/or Navy intelligence.

**"People" Blamed, Too**

Aside from the military, the two largest single groups are "The American People — all of us," and "The Government, Washington." These are named by 12 per cent and 11 per cent respectively.

Negligence and unpreparedness receives the blame of three per cent; the State department (or Hull), two per cent; Congress and the Senate, two per cent, Isolationists, one per cent; others, seven per cent.

Twenty-three per cent say they don't know whom to blame. Five per cent blame the Japanese.

## Communists Want To Postpone Elections

TOKYO, Dec. 17 (AP)—Communists are proposing postponement of Japan's general election for at least a month to allow time for "truly democratic" opposition to old-school politicians, Kyodo news agency said today.

Date of the election has not been announced, pending approval by Supreme Allied Headquarters. It would be held in mid-January under the newly-passed election law now under study by occupation officials.

Tokyo newspapers reported that the government would activate a new land reform measure about January 10, a measure passed reluctantly by the diet under a MacArthur directive calling for a new Agrarian system. The bill limits individual holdings to 12 acres.

Bee-keeping adds more wealth to the United States through flower pollination than through the sale of honey and wax.

# Newspaper Carriers' War Work Is Praised

PHILADELPHIA, Dec. 27 (AP)—Newspaper carrier boys of 937 daily newspapers are laying down their wartime task as salesmen of war saving stamps with the grateful thanks of the U. S. government.

President Truman, addressing the boys in a letter to Howard W. Stodghill, business manager of the Philadelphia Evening Bulletin, who originated the newsboy sales program, wrote:

"I have been told that the end of the Victory loan campaign will mark the closing of an important unit in the war financing program—the newspaper boys' war saving stamp sales program. Since September, 1941, more than 150,000 newspaper boys, representing 937 newspapers, have sold 1,740,735,355 ten-cent war savings stamps or the equivalent—a yield for the treasury of $174,073,535.

"That is truly a remarkable achievement.

"In many thousands of instances your loyal and patriotic efforts have resulted in the sales of war securities that would not otherwise have been made. Your work has had a three fold benefit. First, it has been a practical lesson to you in American citizenship. Second, the appeal that you have made to others reminded that they too had a duty to perform on the home front. Third, the funds you brought into the treasury aided your country in an hour of dire need.

"As President of the United States, I take this occasion to express to you, in behalf of the American people, heartfelt gratitude."

Stodghill said U. S. treasury department statisticians estimated the money raised by the boys would buy any of these: a battleship of the Missouri class; two aircraft carriers; 11 destroyers; 290 superfortresses; 145,000 jeeps, or 348,000,000 clips of ammunition.

St. Augustine, Fla., is the oldest town in the United States. It was founded in 1565.

## $4,000 In Fireworks Lost In Dallas Fire

DALLAS, Dec. 27. (AP) — A series of explosions that startled residents over a wide area occurred here tonight when fire broke out in a fireworks stand.

Ray M. McGhee of Shawnee, Okla., operator of the stand, received cuts and bruises in scrambling out of the popping blaze, and his coat was scorched.

McGhee told Fire Capt. M. E. Meadows that an oil stove in the stand apparently became overheated and started the fire. McGhee said his entire stock of fireworks, which he valued at $4,000, and $800 in cash were lost.

An antelope struck by a passenger train recently near Douglas, Wyo., suffered only the loss of an antler.

**Makes Young Mothers Smile!**

**Modern Way Relieves Miseries of Colds Pleasantly—During Night**

Today, the modern way most mothers use to relieve miseries of colds is to rub Vicks VapoRub on the throat, chest and back at bedtime. Results are so good because VapoRub . . .

**Penetrates** to cold-irritated upper bronchial tubes with special, soothing medicinal vapors.

**Stimulates** chest and back surfaces like a warming poultice.

**Then For Hours** VapoRub's special action keeps on working. Invites restful sleep. Often by morning most of the misery of the cold is gone!

**Only VapoRub** gives you this special penetrating-stimulating action. So be sure you get the one and only VICKS VAPORUB.

## Britain Accepts Plan For Talks On Spain

LONDON, Dec. 27 (U.P.) — The foreign office announced today that Britain has accepted a French proposal for a three-power discussion with the United States of Allied policy regarding the government of Gen. Francisco Franco in Spain.

A spokesman said the government was "willing and eager" to discuss means of bringing an end to the Franco regime. The British doubts, he said, applied only to the question of the best means of achieving the end.

The comment was taken as an indication that Britain was not convinced that a break of diplomatic relations would be the best way to hasten the end of the Franco government.

Asked if Britain had an alternative plan, the spokesman said the British "plans will emerge when the discussions come about."

He said Russia would not take part in such discussion because the Soviet Union does not maintain relations with Spain.

Concerning the possible use of economic measures, the spokesman said the British "wish to consider very carefully whether such measures would affect the Spanish people."

## Five Army Air Forces In Pacific Combined

TOKYO, Dec. 27 (U.P.)—Gen. Douglas MacArthur announced today the consolidation of five Army Air Forces in the Pacific into a single command called PACUSA—Pacific Air Command U. S. Army.

The Commond includes the Fifth, Seventh, Eighth, 13th and 20th Air Forces.

The announcement said PACUSA will provide air control for enforcement of Japanese surrender terms and also provide a striking force in the Pacific.

Gen. George C. Kenney, commander of the Far East Air Forces which included the Fifth, Seventh and 13th, will command PACUSA.

Lt. Gen. Ennis C. Whitehead of Kansas City, Mo., former commander of the Fifth, will be deputy commander of the merged force.

Maj. Gen. Clement McCullen, former commander of the Far East Air Force Service command, will be chief of taff.

PACUSA's advanced echelon will be established in Tokyo and will be operated mainly by Fifth Air Force personnel, headed by Maj. Gen. Kenneth B. Wolfe of Los Angeles, commander of the Fifth.

MacArthur said the five Air Forces would retain their present numerical identities.

PACUSA will encompass the Hawaiian Islands (Seventh Air Force), the Marianas (20th), Philippines (13th), Ryukyus (Eighth) and Japan and Korea (Fifth).

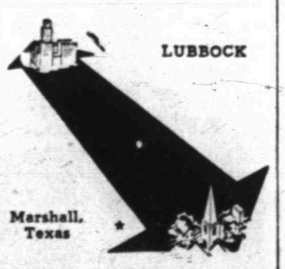

For a different effect, stand party candles in a deep saucer with soft wax. Then float a few fresh flowers.

## Question

What low-priced car delivers 25 to 30 miles on a gallon of gas . . . a 500 to 600 mile week end on a single tankful of fuel?

## Answer

The new Nash "600" . . . the most advanced low-priced car in America!

## American Airlines To Use Jet Type Planes

DALLAS, Dec. 27. (U.P.)—American Airlines system has contracted to purchase 100 jet exhaust propulsion type planes, the airlines' Dallas office reevaled today.

M. D. Miller, regional vice president in Dallas, said the jet propulsion will be used as an auxiliary to propeller drize, and will utilize formerly wasted exhaust gas heat. The planes are twin-engine, forty-passenger planes, made by Consolidated Vultee Aircraft Corp.

The 100 planes, costing $18,000,000, will be used for flights of less than 1,000 miles in the United States, Mexico and Canada. Cruising speed of the new planes will be around 300 miles an hour.
