Lions edge Wolves in thriller

By STEVEN BELVIN

Friday night at Wolf Stadium the Wolves and Ozona Lions scratched and clawed, battled and fought, and put on a football showcase that left everyone on the edge of their seats; and when the smoke had cleared and the final buzzer had sounded, the

Lions left Wolf Stadium clinging to a precious 26-21 victory.

For the avid football fan the game was a sight to behold. It featured an offensive showcase by each team, and it was every bit as close as the score indicates. The Wolf offense featured the running of Larry

Hamilton and quarterback Doug Chitsey who together rushed for over 300 yards. The Lion offense sparkled with the running of Harvey Huey, the passing of David Badillo and the receiving of Robert Massiey.

For the Wolves, Hamilton was brilliant as

he ripped the Lion defense for 216 yards on 22 carries, including a 55 yard TD run late in the third quarter when the Wolves were trailing 26-14. All night long the speedy junior ran through huge holes opened by his offensive line consisting of Chris McKinney, Tom Rees, Ray-

mond Bassinger, Paul Wood and Fred Dakan. Meanwhile Chitsey was on his way to his first 100 yard rushing game of the season. The sophomore quarterback picked up 101 yards on 16 carries, including several key third down plays turned into first

downs. On the other hand, Huey, a 175 pound bruiser, gained 127 tough yards against a hard hitting Wolf defense. The big back lugged the ball 27 times, getting his real estate the hard way, right at the Pack's defense.

Firemen battle house fire

A house fire was reported Thursday night at the home of the Salazar family at 338 Locust.

The fire was reported at 8:42 p.m. according to Colorado City Police dispatcher Connie Castillo. The blaze took lo-

cal volunteer firemen approximately one hour to put out.

According to Fire Marshall L. O. Schafer, the fire damaged the garage that held some mattresses and furniture. It didn't reach the

house area. Also a car that was parked near the garage, had its windshield blown out, and parts of it were burned. "The guys did an excellent job of confining the fire to the garage. If the wind had

been blowing, it might have been worse," said Schafer.

He also stated that no information was being released on the origin of the fire because it is still under investigation. See FIRE, Page 2

THE GARAGE OF A HOME, located on Locust Street, was completely destroyed by fire Thursday night as firemen battled the blaze for an hour. No one was reported injured in the fire. See related story.

Local man arrested in rape

Jacque Wadley, a 25-year-old black male, was arraigned before Justice of the Peace Charles Watlington Wednesday night on a charge of aggravated rape and is being held in the Mitchell County jail in lieu of \$50,000 bond.

The alleged rape occurred on June 23 between 9:30 and 10 p.m. on East Highway 80. The victim, an 18-year-old housewife, said that she was walking down the highway alone and was pulled behind a building and assaulted.

Chief of Police Ed Wheat stated that he had asked Wadley to come to the police station on Wednesday and See WADLEY, Page 2

Letter to the Editor from concerned citizen

There is a new group in town. The participants are not new or unfamiliar. The fact that they have banded together to form this particular kind of group is unusual, however. The participants are many of our own high school kids. They have named their group COKE, Christians Offering Kindness Everywhere. The unique quality about COKE is that it was formed on the initiative of a small group of caring and courageous teenagers, who want to help other kids avoid some of the dangers and pitfalls of growing up.

COKE has met once each week for the past three weeks. The attendance, about twenty at the first meeting, has doubled with each meeting. While there is some fun time, most of the time they spent together in prayer, and in sharing experiences, problems, and solutions. The emphasis is on Christ as the real answer to the trials and temptations that each of them experiences.

The group lends strength to the individual by saying, "You don't have to do drugs or alcohol. There are those of us here to tell you it's nowhere—it's wrong for you!"

There stems hope and enlightenment from COKE. It lets each member know he is not alone. The kids know they share mutual problems, and will be of support if trouble comes.

This group has already made a difference to our kids. It will be much more widespread, however. It will make a difference in our high school, and in our town.

In a time of history when so much is negative and obscure, these kids have made a positive, affirming step toward more fulfilling lives for themselves and those around them.

They are to be commended for their courage, and appreciated for their sincerity. COKE is indeed a ray of sunshine.

Lions best freshmen, JV

The Ozona Lions got the best of the Colorado City freshmen and junior varsity teams Thursday in Ozona.

Five turnovers were the key in the freshmen's 14-0 loss to Ozona. Ozona's scoring drives came in the first and third quarters. The Wolves drove to the Ozona 30 once, but the drive was killed by an interception. Coach Raymond Zamarippa said the players held their own offensively and defensively, but just had too many turnovers. The freshmen's record drops to 2-5 for the year.

The junior varsity lost a heart breaker 13-12. The Wolves took the opening kickoff and drove 60 yards for the score. Armando Rivera scored on a two yard run. The try for two was no good.

Ozona came back on the ensuing drive and marched the ball 80 yards for the score. A critical facemask penalty kept the drive alive. The point after touchdown, which would end up being the deciding point, barely made it over the uprights.

Early in the second quarter, Ozona scored with a short pass over the middle. The extra point failed. Late in the second quarter, the Wolves established the last scoring drive of the night. They drove 60

yards and Joey Ritchey scored on a two yard run. The fatal two point conversion was no good, which ended the scoring for the night.

In the second half, the Wolves had three chances to score, but fumbles and missed fourth down conversions kept the Pack out of the end zone.

Perry Conner had one interception for the Wolves. Their record drops to 4-2 for the season.

Middle School splits games with Snyder

The Colorado City seventh grade "B" and eighth grade "A" teams both came away with victories over Snyder in volleyball action last Monday in Wolf Gym.

The seventh grade downed the Tigers 15-3, 5-15 and 15-12. The first two matches saw both teams jumping to large leads and coasting to victory.

In the rubber match, the Wolves held a slim 10-9 lead, and then went on to put Snyder away behind the serving of Mary Ann Molina, Christy Mitchell and Misty Strain.

Leading scorers for the Wolves were Yolanda Salazar with eight points. Molina and Nancy Castillo added five each.

The seventh "A" didn't fare so well as they were downed 15-0, 15-11. Aurora Melendez was the leading scorer for C-City with six points.

In the first match of the eighth grade "A" contest C-City fell behind early 4-0, but Kellie Beights points cut the lead to 6-4. Later on in the match with C-City trailing 11-7, the Wolves roared back behind Robin Edwards and Beights' six points. They went on to down the

Tigers 15-11.

In the second match, the Wolves jumped to a 4-0 lead and never looked back, as they earned a 15-11 win. Leading scorers were Carmen Reyes with eight points. Beights and Edwards added six points each.

The eighth "B" won the first match 15-6 behind Lee Ann Parker and Marie Corando's nine points. Snyder went on to win the next two matches 15-7, 15-8. Leading scorers for C-City were Corando with seven points. Parker and Jennifer Selvera added five each.

Fire

From Page 1

Some helpful tips to help prevent fires in or around the home are:

1. With the start of the winter months, have your heating system checked by a qualified service man.
2. Be careful about burning trash around dry weeds.
3. Be sure to have a screen around the fireplace.
4. Keep matches and lighters out of the reach of small children.
5. Don't carry around gasoline-filled containers in your vehicle.
6. Have your chimney cleaned regularly.
7. Don't smoke in bed.
8. Make sure all flammable materials in your

home are fire retardant.

9. Keep old clothes, newspapers, magazines, etc. stored safely away.

10. Don't leave electrical appliances operating while you are gone from home.

It was also brought up by Schafer that it is a violation of the law to drive within one block of the fire or to drive over the firehoses. Also, vehicles should pull over to the right and stop until the emergency vehicles have passed by.

Wadley

From Page 1

Wadley had complied. "After extensive questioning," Wheat said, "he signed a statement in the presence of myself and Officer Tommy Headrick admitting that he had committed the crime."

Wheat added, "Numerous people were questioned in attempting to develop suspects" during the five-month investigation.

Wadley, a Colorado City resident who is on felony probation for burglary, faces a possible sentence of life or five to 99 years and up to \$10,000 fine, according to District Attorney Lonnie Markley.

Bank

Director Warren Anderson has farmed in Mitchell County since 1925. He is a veteran of World War II and has served on the Chamber of Commerce.

The First National Bank is scheduled to open sometime late this month in temporary quarters on Hickory Street near Interstate 20. Construction on the permanent building will begin soon.

Ministers marriages may be made in heaven, but they're lived out on earth—a place where even husbands and wives in the clergy encounter problems, according to the results of a study conducted by a Texas A&M University graduate student.

In the study of 30 clergy and 30 lay couples, Scott E. Barber found that clergy couples experienced as many marital problems as those not in the ministry.

Unfortunately there are many children in this area who from time to time experience crisis situations which necessitates that they live away from their parents for a temporary or extended period of time. There are many reasons that this may become necessary—death or illness of a parent, incarceration of parents, physical or sexual abuse of the child or extreme neglect of the child. All of these are very distressing to the children involved. They desperately need sensitive, caring families who will welcome them into their homes and hearts while problems are being resolved and permanent plans are made for them. An orientation meeting to explain the foster parent program will be held in Sweetwater on October 19th, at 7 p.m. in the Texas Electric Reddy Room, 315 E. Broadway, Sweetwater. All persons who have an interest in this program are urged to attend this meeting. For additional information, contact Winona Curfman at the Child Welfare Office in Snyder, 573-6501.

Cook's Corner 'Little time' recipes

"I love to clean house," says Dorothy Drennan, "but cooking is not my 'thing'." She adds with a shrug and a smile, "But I love to eat and if you're going to eat, you have to cook." The recipes Mrs. Drennan utilizes take little time and even less trouble. Her husband, R. H., teases her about her cooking, she says, but the recipes she has chosen to share are really good and they both like them.

Dorothy Drennan

LOSING OUR IDENTITY

BOBBY CHANEY
CHRISTIAN FELLOWSHIP
E. HWY. 80

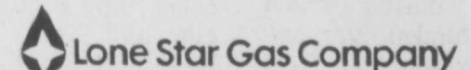

In Genesis 1:26, God said, "Let us make man in our image." In Romans 8:29, Paul writes that God predestinated us to be conformed to the image of His Son. The word image means to be like Him. You and I are to come to the place of changing our identity to identify with Jesus, even to the point of being like Him. In many cases in the Word, the word faith means the leaning of the entire personality on God in Christ in absolute trust and confidence in His power, wisdom and goodness. What a different place the church would be if we would allow God to change our personality to be like Jesus's personality. Each individual has different ministries and different parts in the ministry, but we are to have the same purpose, love, joy, excitement, ideas and relationship, etc. Our speech and our action should be like Christ's. At the trial of Jesus, Peter was identified with Jesus by his speech. In Acts 4:13, Peter and John preached with boldness. The people took note that they had been with Jesus. Another meaning for image is to mirror. In the same manner that our image is seen in a mirror, our lives should be reflecting Jesus. In 2 Corinthians 3:18, we read: "But we all, with open face beholding as in a glass the glory of the Lord, are changed into the same image from glory to glory, even as by the spirit of the Lord." The Bible says in Philippians 2:2 that we are to be likened. And in verse five of that same chapter, it states "Let this mind be in you that was in Christ Jesus." We are to reflect the same thoughts that Christ reflected. 1 Corinthians 1:10 declares that we are to speak the same thing, be joined together with the same mind and the same judgement, and that there be no division among you. It also states in the Word that we are to put off evil speaking, and take evil communications from our mouth. It is the will of the Lord that our actions be like his. You can not come to church and sing glory to God and act like the devil or flesh man the rest of the time. Jesus prayed in John 17 for you and I that we are to be one even as He and the Father are one. Have you looked in the mirror lately?

LEARNING HOW IT'S DONE—Kelley Elementary first grade instructor Susan Scott explains to her class the fine art of planting flowers.

1st graders learn to plant vegetables

The students in Susan Scott's first grade class have been learning about planting flowers and vegetables.

The 21 students at Kelley Elementary, under the direction of Mrs. Scott have planted daffodils, irises and tulips on the side of the school. They have also planted radishes and English peas as their fall vegetables. The vegetables are expected to mature in 25 days.

"We have been studying about the fall season and beautification, and I thought the children would have fun learning

about planting," said Scott.

Mrs. Scott got interested in plants when she took a two week environmental conservation workshop this summer at Abilene Christian University. The building of a weather station for the students is planned later on.

Yes, we offer this coverage and at reduced rates! The policy simply pays off the entire mortgage regardless of who dies first---husband or wife!

Marsha Rickard

Rickard speaks to Garden Society

The V.I.G. Garden Society met recently in Loraine with Marsha Rickard as guest speaker.

Ms. Rickard brought her program on the Gothic Cathedral of Europe, noting that a major purpose of the Cathedral was to serve as a "Bible of the poor."

She explained that few people around the 1200 through 1500 A.D. time period knew how to read or write so the windows and walls of the Cathedral served as visual aids that taught the people about the life and mission of Christ.

She spoke on the aesthetics, theology, technology, sculpture and stained glass of the Gothic Cathedral and showed some photographs of various cathedrals along with some of her own oil paintings.

The rest of the program was as follows: B. N. Grass, "Colorado blue spruce trees make nice windbreaks;" Ann R. Gregory, "Cushion mums supply endless floral displays;" Ricki Harmon, "Smoke trees bloom when most others have quit blooming;" T. K. Rowell, "Rose of Sharon shrubs bloom all

summer;" Berta Fuller, "Periwinkles are good for problem garden spots."

Officers and associate members of the Club are: B. D. Miles, Ms. Rowell, B. N. Grass, Ms. Gregory, R. Preston, Joy Culwell, E. D. Bond, E. M. Burleson, Ricki Harmon, Ms. Rickard and Berta Fuller.

Chainsaw tips listed by county agent

Many Texans will be heading to the woods with their chain saws this fall to cut winter firewood.

Most of these trips will end with a very satisfying stack of fine cut wood ready to warm the hands and hearts of the woodcutter and family back home. However, Bob Benson, county Extension agent with the Texas Agricultural Extension Service cautions that unless chain saws are properly used, woodcutting trips can end in tragedy.

Chain saw users should know that approximately 23,000 persons annually require emergency room treatment for chain saw injuries.

According to Benson, two out of every three serious chain saw injuries involve inadvertent direct contact with the chain saw blade. These accidents may involve an operator reaching across or holding work too near the moving saw, loss of footing, shifting of the chain saw while cutting, or experiencing chain saw "kickback."

The agent explains that kickback can occur when the upper part of the chain on the guide bar grabs in the wood or contacts a nearby object and is suddenly and forcefully pushed backward toward the operator.

Kickback is prevented

by keeping a firm two-hand grip on the saw with the thumb under and around the top handle, sawing only with the bottom part of the chain, maintaining high saw speed when entering or leaving a cut, standing to the side of the chain saw cut, and proper chain saw maintenance.

Benson adds that chain saw safety also involves knowing good technique for felling trees, limbing, and cutting trunk sections.

According to Benson, information regarding choosing a chain saw, chain saw maintenance,

and recommended chain saw operating techniques is contained in a new publication entitled "Safe Chain Saw Operation" (No. B-1409) available through the county Extension office at 728-3111.

Strake to be in Sweetwater Thursday

George Strake

Former Texas Secretary of State, candidate for Lt. Governor, George Strake brings his message of Texas teamwork in Austin October 21, when he meets with supporters at 12:29 p.m. for an Airport Rally at Sweetwater Municipal Airport, Terminal Bldg. The public is invited to come and meet George Strake.

This stop is part of an 8-day campaign swing tour that will take Strake to 108 cities. Strake is challenged by Bill Hobby for the Lt.

Governor's office, the second-highest, and some say the most powerful, office in state government.

Strake, a 47-year-old third-generation Houstonian and Texan, has traveled more than 70,000 miles bringing his message that people want their problems attacked and solved in Austin and that to do it will take "real Texas teamwork in Austin, for a change."

"People tell me," said Strake, "that they want the crime problem addressed, they want their highways fixed, they want a new water plan and that they want the education system improved. To do that, we will need real Texas teamwork down in Austin. I can work with Governor Clements because, as his Secretary of State, I have worked with Governor Clements."

Although this is Strake's first run for political office, he has spent

the past 20 years working on behalf of conservative candidates and causes.

After graduating from college in 1957, he entered the Navy, serving two years with the Pacific Fleet aboard an

LST, the USS RICE COUNTY. In 1961, he entered the oil business, becoming an independent oil operator in 1969.

He was appointed Texas Secretary of State January 22, 1979 and served until resigning October 5, 1981, to run

for Lt. Governor.

Strake has been active in civic and charitable affairs in Houston for the past decade. He and his wife Annette have six children, all of whom are helping their father in his race.

Wolves, Cranes hook up in district V-ball battle Tuesday

Tuesday at 7 p.m. the first of two games that the Colorado City varsity volleyball team has been working toward all year will take place. The Wolves travel to Crane to do battle with the Crane Golden Cranes in one of two district contests the two teams will have. The second contest will be October 26 here in Colorado City. Since these are the only two schools in district 6AAA with volleyball programs, these games will determine the district champion. But with the new UIL rule of the top two teams advancing to the playoffs, both

teams are assured of post season play. The Cranes stand at 12-2 for the year (not counting tournament play). They are under the direction of coach Wilma Stirl, who grew up in nearby Hermleigh. Stirl returns five starters from a squad that went 15-8 last season, and lost to volleyball power Seminole in the district playoffs. The Cranes run a 6-2 offense led by spikers Lawanda Mitchell (5-10) and Shonda Enos (5-9). Both spikers are averaging 85 percent on their spikes. Junior Julie Brunson (5-6) is the top setter for

Crane with a 78 percent average. Other starters are spiker Sherri Washington, a 5-8 senior, Cheryl Busby a 5-6 junior setter and Delia Ramirez a 5-5 sophomore spiker. Stirl and her troops have been playing a tough non-district schedule with their losses coming to Odessa Permian and Plains. But they also defeated Permian in Odessa 15-8, 15-8, and Plains on their own court 15-12, 15-7. "We try to play tough non district games, because if you play easy games, you tend to think the district games will

be easy. It will be parent's night for the game, and I know the girls will be up for it," said Stirl. The Wolves enter the contest with an 8-8 record, including a championship trophy from the Knox City Tournament. Last year's dis-

trict 5AA champs under the direction of coach George Martin returns 10 letterwomen from a 15-4 squad last year. The Wolves changed their offense from a 4-2 to a 5-1 to give them more spiking potential. Martin has three good power spikers in Laura

Baum, Tomika Randle and Stacy Hamrick. Other capable spikers include Carolyn Green, Robyn Turner, Della Ausbie, Kerry Spivey and Linda Scott. The field general and top setter for the Pack is Pam Wilson. Right behind her is Hollie Tap-

lin. Pam Ehret and Mona Molina are two other fine spikers. Rachael Lujan will probably miss the contest due to a foot injury. The Wolves have played a tough non district schedule also. Playing the likes of Snyder, Odessa High, Abilene Co-

per, San Angelo and Miles will surely pay off against Crane. So it all comes down to the final two games of the season, and even though both teams will get into the playoffs, you can be sure neither squad will be satisfied with second place.

Fun trail slated

The West Texas Britany Club and the Concho Valley Bird Dog Club will be holding a pre quail season fun trail on October 23 at 8 a.m. at Grandview II Park on O. C. Fisher Reservoir near San Angelo.

This event is open to all pointing breeds of dogs regardless of registration. Entry fees are \$12.50 per dog. Dogs will be worked on released quail, and the dog finding and pointing the most birds in the allotted time will be declared the winner.

There will be two classes of dog runs. The derby class is open to dogs up to 24 months of age, and the all class is open to dogs of any age. Trophies will be given to the first four places in each stake. Also a small cash prize to the first two dogs in each stake. Anyone interested in getting his dog ready for the upcoming quail season is welcome. For further information, or to enter your dog, call Tom Lovell at 728-3401.

CHASED BY A PACK OF WOLVES—An Ozona running back tries to get around the corner of the Wolves defense in Thursday night's 8th grade game. In hot pursuit of the runner are Terry Henderson (85), Wylie Dakan (74), Ralph Gonzales (42), Danny Salazar (52) and Michael Swann (10).

Middle School downs Cubs

By STEVEN BELVIN Thursday afternoon at Wolf Stadium the seventh and eighth grade football teams sent the Ozona Cubs back home with defeats under their belts.

In the seventh grade game it was a case of too much Cary Ritchey and Israel Davilla, combined with a tough Wolf defense that led to a 28-0 romp over the Cubs.

Davilla and Ritchey combined for all of the Wolves points, and the Wolf "D" led by Davilla, Edward Garcia, Don Hurt and Cary Redwine never let Ozona get untracked.

In the first quarter Ritchey set the tone for the contest as he scampered 20 yards for the first TD. He also ran in the two point conversion to give the Pack a quick 8-0 lead.

Following a short Cub punt in the second quarter, the Wolves set up shop at the Ozona 26. After a couple of first downs, the Wolves faced a second and six from the six. Ritchey called his own number and went around the end for the score. The try for two was no good, and the halftime lead was 14-0.

At the start of the second half, Garcia thrilled the crowd with a 65 yard kickoff return for a touchdown. But it was nullified because of clipping. A few plays later, Ritchey got around the corner again, turned on the afterburners and showed his heels to everyone as he raced to a 65 yard TD. He then hit Davilla over the middle for two. This upped the Wolf lead to 22-0.

The Wolves final tally came late in the third stanza when Davilla went back to punt, but he faked it; went around the end, broke three tackles on his way to a 73 yard score. This ended the scoring for the night. The seventh grade record stands at 3-1-1.

The eighth grade contest was a defensive struggle all the way, with the Wolf "D" and some nifty running by Terry Jackson leading to a 12-7 Wolves win.

The Cubs started off strong in the first quarter. They took the opening kickoff and marched to the Wolves 20. But a fumble recovery by Joe Cantu stopped the drive. Ozona came right back and drove 45 yards for their only score of the night. The PAT was good, and the Cubs had

the lead 7-0.

Following a Wolf fumble at their own 45 the Cubs drove the ball down to the Pack's one foot line, but the defense led by Cantu, Danny Salazar, Paul Arellano, Ricky Salazar and Ralph Gonzales made Ozona cough the ball up to prevent a score.

Following a Scott Dennis fumble recovery, the Wolves drove 55 yards for a score. Jackson got the honors from the three. The Wolves trailed at halftime 7-6.

Early in the third quarter, the Wolves started a picture perfect drive under the direction of quarterback Michael Swann and the running of Jackson and Gonzales. The drive covered 81 yards and ate up six minutes of the clock. Again Jackson took it in

from the three to give the young Wolves their second win in five tries.

Jackson was the leading rusher with 151 yards on 26 carries.

If you're concerned about rising grocery costs, here's something you can do about it.

On November 2, you can make a positive step toward helping hold the line on rising grocery costs.

Proposition 3, one of six proposed Constitutional Amendments which will be offered on the ballot, would correct the tax exemption for agricultural machinery and equipment. The effect of passage of this amendment will be to lower production costs for food and fiber. In the long run, this will be a positive step we can take to help hold the line on grocery price increases.

For you and for your family, both now and especially in the future, this may be one of the most important votes you'll ever cast.

From Page 1

dillo and wide receiver Massey hooked up four times for 57 yards, including two passes in a third quarter scoring drive that put Ozona ahead to stay.

The Wolves started out just where they left off against Coahoma last week, ripping off yardage on the ground.

They made it look easy in their opening drive. They drove 77 yards in 12 plays for the score. L. Hamilton was the workhorse as he gained 70 yards in five carries, including runs that covered 19 and 30 yards. He scored the TD from four yards out. Tip Chaney's PAT was good, and the Wolves had a 7-0 lead 5:23 into the quarter.

On the Pack's next possession, they started moving from their own 20 behind the running of

Hamilton and Chitsey. But the drive was stopped when an errant Chitsey pass was picked off at the Ozona 34, one of three the Lion secondary would pick off before the game ended.

From there the Lion offense drove the ball the length of the field for the score and the score was tied 7-7 with 10:35 left in the second quarter.

Following a fake punt attempt by the Wolves that fell short, the Lions set up at the Wolf 45. A holding penalty and personal foul cost the Wolves dearly as Ozona drove in for another score behind the running of Huereca. He got the scoring honors from four yards out, and the Lions had the lead 14-7.

But the Pack roared right back with a seven play 65 yard scoring

drive of their own. The big play was a 34 yard run by Chitsey down to the Lion 25. Gerry Hamilton scored from three yards out. The ever consistent Chaney connected on the PAT and the half ended 14-14. Ozona had a couple of more chances to score, but the drives were stopped on interceptions by Mike Luera and Dennis Rivera.

In the third stanza Ozona came out mixing its plays up. Huereca run the middle, Badillo around the end, and a pass to Massey. This coupled with another personal foul penalty led to the third Ozona touchdown. Huereca went in from the one. The PAT was no good and Ozona had the lead again 20-14.

On the ensuing kickoff Gerry Hamilton took the ball at the 20, found a hole and dashed 55 yards down the sideline before he was hauled down at the Ozona 25. But on a third down pass play, Massey picked off a Wolf pass to end the threat.

After the Lions were forced to punt, disaster struck the Wolves again. Deep man Mike Luera fumbled the ball

and Ozona was in business on the C-City 20. Ozona had to earn the TD as it took four plays inside the five for them to score. The try for two was no good, and with 1:34 left in the third quarter, Ozona held a 26-14 lead.

On their next possession, the Pack gave everybody a lesson in how to score quick. On the first play from the 37, L. Hamilton gained seven yards. On the second play, he broke a couple of tackles, headed to the sidelines and sprinted 55 yards to paydirt. Chaney's PAT was good and all of a sudden the score was 26-21 with 34 seconds still left in the third quarter.

In the final quarter, the Wolves started a drive from their own 20. Behind the running of Chitsey on the option they ate up five minutes as they moved into Lion territory. But on a fourth and six from the Ozona 15, Chitsey was stopped short at the Lion 12, and with that the Wolves hope for victory went down the drain.

The contest leaves both teams at 1-1 in district play.

The Wolfpack speaks...

Wolves Coach Rick Robinson—"We have to play better defense. Anytime you score 21 points you should win. They had a good ball club. Their offensive line was very quick, their backs blocked well on the pass and their line did a good job pass blocking. Their quarterback was the quickest one we've seen. We shouldn't have any trouble getting up for Ballinger. If we win the next four, we'll get into the playoffs."

Running Back Gerry Hamilton who had a 55 yard kickoff return—"On the return, it was good blocking, I was behind blockers, saw a hole and just took out. We have to get it back up, we made too many mental mistakes. Ballinger is a big rivalry. We are gonna be ready. We can't afford to lose any more games."

Guard Paul Wood who helped pave the way for Wolves 334 yards rushing—"Our line did a good job. We fired off of the ball well. I think we have the best backs in the district. We played better in the second half, but penalties hurt us. Their linemen were quicker than Coahoma, but not as good. I think maybe we took them too lightly. Ballinger is going to run at us too. I guarantee that we will be ready for them."

Safety Dennis Rivera who had his third interception of the year—"They had the one receiver that was good. The others weren't that good. They were about as good as Coahoma, only they capitalized on our mistakes and Coahoma didn't. Our backs are against the walls now, we have to win."

Cornerback Frank Torrez who played good pass defense and tackles prevented some possible long gainers—"They were a little above average. Mental mistakes haunted us and they capitalized. Everyone wants to beat Ballinger. We like a good passing team, it gives us a chance to get some interceptions. All I have to say is that we are still in it."

Running Back Larry Hamilton who had a super night with 216 yards on 22 carries—"We gave them touchdowns on interceptions and penalties, that's what beat us. My offensive line was terrific. They opened up holes for me and gave 100 percent. They made some mistakes, shook it off and got it back together. Ballinger has always been our rivalry. We have to beat them next week."

LOOKING FOR A PLACE TO RUN—Is what Ozona quarterback David Badillo is trying to do as the Wolves converge on him. Closing in on the tackle are Tom Rees (65), Stacy Tarter (10), Raymond Bassinger (51) and Fred Dakan (74).

Study done on aggressiveness

Aggressive boys may improve their behavior by learning to view a situation from another person's perspective, according to the results of a study conducted by a Texas A&M University graduate.

Jody Ann Gilberg, who recently received a Ph.D. in educational psychology, conducted

the study with 30 boys aged 13-19 who had been identified by their teachers and counselors at a Southeast Texas private school as aggressive.

"Our study helped the students to see themselves from the perspective of others. Before the study began many of the boys

couldn't even understand what it was like to be in someone else's shoes."

The Issue:	Burnett's Record	Dorsey's Stand
Should collective bargaining be allowed in our public schools?	YES T.S.T.A. Interview	"No, this can only lead to repeated strikes in public schools as it has done for years in the north and east."
Should certain Farmers and Ranchers be forced to provide their employees with Worker's Compensation Insurance?	†Undecided/ ** YES H.B. 698-53 H.J. 2955 2995	"No, this would unduly burden farmers and ranchers financially at a time when their expenses need to be decreased rather than increased."
Should Texans be required to educate the children of illegal aliens at state expense?	YES H.B. 467 H.J. 2320	"No, even if the court orders us to provide such free education, it should be at federal expense rather than state expense."
‡Should we expand Bilingual education from initial grades to a point where we provide it or English as a second language from kindergarten through high school?	YES S.B. 477 H.J. 4068	"No, to extend this costly program through this many grades actually discourages the learning of English skills necessary for full opportunities in education and in the job market in later years."

** Bill passed on voice vote. Burnett did not register a "No" vote.
† Present not voting.
‡ Kindergarten through Grade 6 requires Bilingual education. Grades 7 through 9 require Bilingual education or English as a second language. Grades 10 through 12 require English as a second language.

Lemons to serve as county chairman

Fred Thornberry

Fred Thornberry, Republican candidate for Texas Agriculture Commissioner, has announced that Bobby Lemons

of Colorado City has volunteered to serve as his campaign chairman for Mitchell County.

"With people like Bobby helping us in this campaign, I feel confident that we can defeat my liberal opponent," Thornberry said.

"I am glad to know that my support is coming from Texans and not the AFL-CIO and the Eastern liberals who are backing my opponent Jim Hightower," Thornberry said.

Thornberry, who is both a practical farmer and an agricultural scientist, is waging his first political campaign. As a

practical farmer-rancher, the Republican candidate for Texas Agriculture Commissioner raises timber and livestock and has an apiary of more than 50 bee hives.

On the scientific side, Thornberry holds three college degrees, including a Doctorate in Agriculture from Texas A&M University. He is an internationally known poultry specialist, and has served as an adviser to producers in more than 30 nations. Thornberry resigned from a high-level extension position with Texas A&M to enter the race for Agriculture Com-

missioner. "A lot of Texans know my opponent Jim Hightower's name, and now they are going to find out what he really stands for and the damage he would do to

farmers, ranchers, and consumers in Texas if he is allowed to put his liberal-leftist philosophy to work as Agriculture Commissioner," concluded Thornberry.

Johnson speaks to club

Mrs. Bruce Johnson, world traveler, presented to the Garden Club members slides and artifacts of China, Wednesday in the C. C. Thompson Room at the regular monthly meeting. She and Dr. Johnson spent 15 days on the China trip.

Stressing the vastness of the land and the 4,000 year old traditions, she presented a people known as the "world's most enduring civilization."

By picture and continuity Mrs. Johnson took the group up the Yangtze River and along a short stretch of the 2,000 mile length of The Great Wall. The Forbidden City was opened up and the wonders of architecture and landscape engineering seemed unreal because of unequal beauty.

The story of the Chinese is like that of none

other except that all land was in the hands of too few. The Period of the Six Dynasties, 220-589, was one of scientific and cultural advancement. During this time there was a Buddhist and Taoist influence.

Peking, city of the Khans and of the Cadres, was approached in the program via the Grand Canal, used in the past for people to take tributes to the Khans.

Mrs. Johnson explained what the dragon means to the Chinese.

The speaker was wearing typical navy blue working person's garments: pants, just above the ankle, smock like coat, a short billed cap with gawgaws pinned on, and heavy black oxfords.

Displays consisted of split cane animals, brocade, silk embroidered

pictures and many other items.

Mrs. Roy Coles modeled a blue silk embroidered mandarin coat.

Mrs. Gerald Gordon presided at the business meeting, during which Mrs. O. B. Trulock reported on progress of the traffic circles' clean-up.

"They look so very much better," she said. She will call a membership work day very soon she concluded.

Mrs. J. B. Hilliard urged all members to participate in the Bake Sale and "Other Items" sale next month. The money raised is to keep up the five circles.

Hobby introduces 5-point water plan

Lt. Gov. Bill Hobby introduced a comprehensive, five-point plan designed to help solve the state's water problems, including provisions to aid dry-land farmers.

Hobby said the plan will be presented to the Legislature in 1983 for consideration. The water plan was developed with the cooperation of the Texas Department of Water Resources, the Governor's Water Task Force and the Texas sources Advisory Council.

"This plan addresses the very real water needs of our farmers," Hobby said. "For too long, we've been waiting on the possibility of imported water rather

than developing smaller-scale plans to alleviate the problem in the short term."

Hobby said he was directed his staff to begin preparing legislation comparable to the Veterans Land Program that would provide long-term low-interest financing for agricultural water conservation equipment, such as drip irrigation systems.

"The technology exists to cut agricultural water applications by 40-50 percent in some cases," Hobby said. "And since more than three-fourths of the water used in Texas is used in agriculture, the potential for saving is enormous."

Hobby said that a workable program providing loans to farmers would make "all Texans winners."

Hobby's plan also would increase state financial assistance to Texas cities and towns by expanding the Water Development Fund and provide financing for construction of major water reservoirs, among other provisions.

TCTA speaks out against news media

During the past few months, numerous misleading reports have appeared in the Texas news media which have misrepresented the position of the Texas Classroom Teachers Association with regard to various state political races. While these reports may not have been intentionally misleading, they have helped to create confusion about TCTA among the teachers of Texas.

Therefore, we would like to clear the air, and reiterate once again that TCTA does not endorse candidates for public office. This is a matter of TCTA policy and applies to all political races. It is TCTA's position that our members, as professionals, are capable of making their own choices in political races.
