Ranger Youth Dies

RANGER, May 16. (AP)—Melvin Dunson, 17, died last night of wounds suffered when he was shot during an altercation with another youth. Oscar Privett, 16, made a statement to officers.

Falls Four Floors

GEORGETOWN, May 16. (AP)—George Nunnery, 50, was in serious condition today from probable fatal injuries suffered yesterday when he fell from the fourth floor of the Williamson county courthouse tower to the second floor rotunda.

Pampa Claims Record

PAMPA, May 16. (AP)—Records for population increase were claimed today by Pampa, which yesterday was reported by the district census supervisor as having a population of 10,453. This figure, compared to 987, in 1920, revealed an increase of 950 per cent.

Covey Withdraws

GOES, May 16. (AP)—E. L. Covey today announced his withdrawal as a candidate for state commissioner of agriculture. He said he would give his support to A. H. King of Throckmorton. Covey is editor of the Goes Advocate and formerly was a member of the legislature.

Young Captured

SAN ANTONIO, May 16. (AP)—Ernest Young, who escaped May 5 from jail at Kerrville, today faced return there to answer to murder charges in the slaying of John Bradshaw. He was captured last night by detectives, who found him hiding in the attic of his wife's home here.

Boy Shoots Brother

WICHITA FALLS, May 16. (AP)—Dorance Eugene Gressett, 3, was shot and fatally injured last night as his brother Billy, 4, was playing with their father's pistol. The younger brother died almost instantly.

H. M. Garwood Dies

HOUSTON, May 16. (AP)—H. M. Garwood, 66, former legislator and jurist, died here yesterday after an illness of one week.

Balance Favorable

WASHINGTON, May 16. (AP)—Commodity exports of the United States for April amounted to \$334,000,000, compared with imports of \$304,000,000, leaving a favorable balance of trade for this country of \$30,000,000 as compared with the favorable balance of \$14,588,000 for the same month last year.

Theater Burns

PAMPA, May 16. (AP)—Starting apparently from faulty wiring, fire today gutted the Crescent theater here with an estimated loss of \$50,000. Firemen, after four hours, were successful in preventing the fire from reaching other buildings in the block, although they were threatened for a time.

Girl In India

RANWOOD, Burma, May 16. (AP)—Miss Amy Johnson, British girl aviator, started from here at 10:30 a. m., in continuation of her flight from Croydon, England, to Australia.

Union Plan Prepared

PARIS, May 16. (AP)—A 6,000 word questionnaire and outline of the constitution of a "European Federal Union," prepared by Aristide Briand, French foreign minister, will be delivered to the governments of the 26 members of the League of Nations tomorrow.

Children Burned

SAN DIEGO, Calif., May 16. (AP)—Three small children were burned to death, and their mother, Mrs. Francis Ybarra, was seriously injured when fire of undetermined origin destroyed their home near Camp, a village about 40 miles east of here, late last night.

Vet Rescues Body

HOUSTON, May 16. (AP)—A disabled war veteran, P. E. Laine, donned a deep sea diving outfit last night and recovered the body of a man, F. W. Kern, 9, from a shipwreck in White Oak bayou where he was drowned yesterday.

Protests Address

ROME, May 16. (AP)—Maurice De Beaumarchais, the French ambassador, today called on Foreign Minister Dino Grandi at the Chigi palace and protested unofficially against the tenor of a speech delivered last Sunday at Leghorn by Premier Mussolini.

Woman Burned

PARIS, May 16. (AP)—Mrs. Jim Herline, 44, was burned seriously today when her clothes caught fire from a blow under a wash pot at her home near the Eiffel tower.

WORKERS ARE TO CLOSE UP ON SATURDAY

TOTAL IS \$900 SHORT OF AMOUNT NEEDED FOR NEW HOME

Approximately \$900 short of their goal, solicitors for the \$12,000 which will be used for a new Allen Brothers post (American Legion) home are expecting to complete their task by Saturday night, it was announced early this afternoon as the campaign continued through the city.

"There are many persons who have promised donations and who are now out of the city," said J. A. Riley, post commander. "These citizens will add more to the fund when they return, but we are now concerned with campaigning among those who have been overlooked in the city-wide drive. We feel that every person will want to contribute something to the building."

Those who have not been solicited are urged to telephone 208, campaign headquarters.

The new building will be constructed on a site, donated by the City of Lubbock, located immediately north of the municipal building on Texas Avenue.

Another Oklahoma Well Blows In Wild

OKLAHOMA CITY, May 16. (AP)—Blowing in for an estimated ten thousand barrels of oil and 75 million cubic feet of gas, a well in the No. 1 Slickman well of the Prairie and Slick companies was running wild today in the Oklahoma City field.

It is a half mile east of the No. 1 Mary Budde well, which blew wild for 11 days before being finally shut in.

Harry K. Thaw En Route To England

NEW YORK, May 16. (AP)—Harry K. Thaw, who on his last visit abroad was refused admittance to England, was on board the Ile De France today in another attempt to crash that country's gate.

He referred questioners to William Glynn, a playwright, who said: "Mr. Thaw doesn't have to fear anything on the part of British officials under the new ministry."

ELEVEN NAMED IN CONSPIRACY

BONDS SET AT \$10,000 FOR SEVERAL; LYNN STEPHENS SOUGHT

SAN ANTONIO, May 16. (AP)—Eleven men, among them more than 70 named in a blanket indictment charging conspiracy with Lynn Stephens to violate the national prohibition law, today were either at liberty under bond or in jail.

They were arrested yesterday by Deputies of the United States marshal's office. Names of other listed in the indictment were not divulged, awaiting their appearance before Commissioner P. A. Lockhart to make bond.

Those arrested yesterday included: L. B. Randall, president of the Merchants and Mechanics bank; Earl Chadwell, domino parlor proprietor; B. Chambers, former assistant district attorney; William Alsbury and John Key, all released on \$10,000 bond each.

R. M. Key and Frank De Salme were held in default of \$10,000 bond. R. C. Caffarelli, wholesale grocer, and J. Franklin Spears, attorney, were released on \$5,000 bonds. Lewis Harris and Otto Cunningham, negroes, were held in default of \$10,000 bonds.

Lynn Stephens under a state court murder indictment in the slaying of Captain Charles Stevens prohibition officer September 24 was still a fugitive.

Model Arson Law Is Asked For State

AUSTIN, May 16. (AP)—The league of Texas municipalities, in annual convention here today was urged by the state fire insurance commission to petition the Texas legislature to enact a "model arson law."

TWO SAW OUT

NACOGDOCHES, May 16. (AP)—Hilbert Parmlay and H. Commanda, both charged with misdemeanors, sawed their way out of the county jail here last night.

RECORD FLAYS MOVIES' ATTEMPT AT PORTRAYING ROLES OF NEWSPAPERMEN

The drunken, shiftless, untidy, irresponsible newspaper man, as portrayed frequently in moving picture and novel, is as worthless to good journalism as he would be to any profession, says James B. Record, managing editor of the Fort Worth Star-Telegram and Record Telegram, who is visiting in this city.

Mr. Record is serving his second term as president of the Texas Managing Editors Association.

MORROW FOR REPEALING OF PROHIBITION

AMBASSADOR OPENS HIS CAMPAIGN FOR U. S. SENATORSHIP

(By Associated Press)

NEWARK, N. J., May 16.—Dwight W. Morrow, ambassador to Mexico, who is seeking the republican nomination for the United States senate, favors repeal of the Eighteenth Amendment and a return to state control of liquor traffic.

In a speech last night, he described conditions after 10 years of federal prohibition as deplorable.

Control Unreasonable

"It is not fair to assume," he said, "that all resentment against national prohibition is due to a desire for unlimited license to be intemperate. The resentment is due to the feeling that an unreasonable control is being imposed."

"States or subdivisions of states whose sympathy is not with the law feel themselves relieved of responsibility for enforcement. They leave to an overburdened federal government, with a wholly inadequate police force, the task of carrying out a great social reform which before 1920 all the communities of the land in one way or another were wrestling with."

"I bring you no panacea for this deplorable condition. I cannot, however, stand before my friends and neighbors and ask for their suffrage without having them know my attitude toward this problem."

"First, I believe that the way out of the present difficulty is to recognize clearly the fundamental difference between the nature of the federal government and the state government. I believe this involves a repeal of the Eighteenth Amendment and the substitution therefore of an amendment which will restore to the states the power to determine their policy toward the liquor traffic and vest in the federal government."

DIRECTORS OF B. C. D. VOTE TO MAKE UP DEFICIT ON SALE OF BONDS THAT WORK ON PORT MIGHT BE BEGUN SOON

Directors of the Lubbock Board of City Development voted this morning to appropriate a fund sufficient to pay the difference between the par and accrued interest and the amount the City Commission can sell the \$75,000 airport bonds for as a means to make immediate improvement of the municipal port, located four miles north of the city.

The directors expressed opinion that the necessary appropriation would amount to no more than \$500.

Delay in sale of the bonds, voted one year ago for the airport, has been due to the slump in the bond market, the City Commission explains.

To Consider Matter

City officials will take the matter into consideration next Thursday. A tonnage survey for Lubbock is being made for the purpose of studying freight rates and industrial development, the directors announced.

The chamber officials voted to entertain adult visitors from South Plains cities who attend the annual second field day here tomorrow with a luncheon at the Hotel Lubbock.

A. B. Davis, manager of the Board of City Development, was requested to attend the State Retail Merchants association convention at New Braunfels next Monday. Tuesday and Wednesday to assist other representatives from Lubbock in a campaign to bring the 1931 convention to this city.

The campaign of the Post Chamber of Commerce, in which efforts are being made to get individual chambers of commerce to promote Texas made products displays and to ask the West Texas Chamber of Commerce to take over the regional promotion of this campaign, was endorsed.

LEVELLAND BEAUTY WINNER IS NAMED

Winning over a bevy of 10 girls, Miss Tyne Walker, 16 year old high school student, was crowned "Miss Levelland" Wednesday evening at the Wallace Theater in the first bathing beauty revue ever staged in Levelland.

Winner is the daughter of Mrs. Jess Harvey, of Levelland. She represented the "M. Smith Grocery Store."

Miss Margaret Pool, as "Miss Struss Dry Goods Company," won second place, and Miss Fairy Belle Miller, as "Miss South Plains Chevrolet company" won third.

Miss Walker will compete with representatives of other cities of the Panhandle and South Plains in the latter part of July in a contest at Lubbock. "Miss Plains" will be selected at that time to represent this section in the State Retail Merchants' association to this city.

Twenty delegates by Saturday night" became the slogan today of the committee seeking a Lubbock representation to the New Braunfels convention, Monday, Tuesday and Wednesday, when a campaign will be staged to bring the 1931 meeting of the State Retail Merchants' association to this city.

Twenty are needed to charter a bus for the convention.

"We need at least eight more merchants or interested persons before we will be able to charter the bus," said B. Sherrod, chairman of the "On to New Braunfels" committee.

The delegation will leave Lubbock early Sunday and will arrive in the South Texas city Sunday afternoon.

Clothes Are Stolen From Laundry Here

Freshly laundered clothes and articles, valued at about \$125, were stolen last night at the Family Service Laundry, 1620 Avenue H.

Included in the loot were three suits of clothes and six bundles of laundered linens.

Entrance was gained after a rear door had been broken.

El Paso Is Awarded Labor Convention

ABILENE, May 16. (AP)—Naming El Paso as the next convention city and hearing final committee reports, the Texas Labor Federation closed its annual session here today.

TO ACT AGAIN

NEW YORK, May 16. (AP)—Maud Adams, below, after a retirement of twelve years, will return to the stage in the fall. Her vehicle said an announcement by the A. L. Erlanger Amusement Enterprises Inc. will be "a modern romantic comedy now in process of completion by well known American playwright."

REPORT URGES CHURCHMEN TO WAGE BATTLE

STRAW BALLOT GETS CRITICISM TODAY IN CONVENTION

(By Associated Press)

NEW ORLEANS, May 16.—Frowning upon the straw ballot and calling for mobilization of all patriotic citizens to oppose the "armed rebellion" against the national prohibition law, the commission on social service of the Southern Baptist Convention today urged the church to seek defeat of any candidate for political office from president down who does not openly and frankly support the present prohibition laws.

"Our people will not be fooled or trapped by the national prohibition survey," or any other of the so-called neutral or impartial movements devised by our friends in New York and Chicago to find a satisfactory solution of the liquor problem," said the report of the commission, submitted by Dr. A. J. Barton, its chairman and chairman of the executive committee of the Anti-Saloon League of America.

"There is no neutral ground in this war. It is war to the knife and to the hilt. Between the forces of sobriety and orderly government on the one hand and the forces of liquor and lawlessness on the other."

The commission said that more routes and additional carriers should be provided on account of the additions to the city and the increased population.

It was turned over to the postoffice department, which has ordered an investigator sent to Austin.

It is charged that the economical record of the postmaster "has been accomplished by ruthlessly overworking the men" and "by threatening them with insubordination."

One employee dropped dead while at work recently, the complaint added, while "several" were under the care of physicians suffering from nervous breakdowns.

The complaint said that more routes and additional carriers should be provided on account of the additions to the city and the increased population.

ATTORNEY OF STATE GIVES GIRL'S WORDS

TENSE MOMENTS FELT IN TRIAL TODAY; CHARGE READ

(By Associated Press)

DALLAS, May 16.—John W. Brady, on trial here for the stabbing of Miss Lehlia Highsmith in Austin last November, wept openly as Andrew J. Priest in the opening argument quoted some of the first and last words the dead girl was alleged to have said to the defendant during their acquaintanceship.

"Speaking for the prosecution, the attorney during a moment of tense silence quoted the girl as saying: 'Daddy, I want you to meet a friend of mine—a man who is going to help me.' That was when she introduced her father to her supposed benefactor five years ago—and then, on the night of November 2, 'Daddy, don't kill me—please have mercy.'"

The attorney pictured the slain girl as a country maid who had been swept off her feet by a man who eventually rewarded her by sinking a knife into her bosom.

After his argument Judge Charles Phippen recessed court for lunch.

ROOM CROWDED

Dallas, May 16. (AP)—The largest crowd so far gathered today-long before court convened to hear arguments in the trial of John W. Brady.

Court officials reported that spectators began arriving at 6 a. m., in their efforts to obtain choice seats. Negro porters picked up much extra money by selling chairs at 50c each, which were placed in the aisles.

SAN ANGELO GETS BANKERS NEXT SESSION

WINTERS MAN NAMED PRESIDENT; WILL CONTINUE REWARD

(By Associated Press.)
FORT WORTH, May 16.—The forty-sixth annual convention of the Texas Bankers' association, which concluded Thursday following the election of officers, the selection of San Angelo as the 1931 convention city, and the election of officers for the Texas Chapter of the American Banking Institute.
John Q. McAdams, Winters, was elected president of the state association and Irwin McCreary, Gateville, was elected treasurer.
Walter P. Smith of Jasper, was named state vice president of the American Banking association and A. D. Simpson, of Houston and W. M. Massie, of Fort Worth were elected members of the A. B. A. executive committee.
Four divisional vice presidents for the A. B. A. were also named. They are R. C. West, Hillsboro, national bank division; Owen Sherill, Georgetown, savings bank division; A. J. Gidley Lytle, state bank division, and Eldred McKinnon, Austin, trust company division.
Continuation of the state association reward of \$5,000 for dead bank robbers was favored in the report of W. M. Massie, Fort Worth, chairman of the association's protective committee. The reward was termed

highly satisfactory by Massie and prolonged applause from the bankers greeted this statement.
Resolutions were adopted denouncing chain banking, advocating reformation in systems of state and local taxation, recommending appointment of a committee of three to redistrict the state, and commending the dead bank bandit reward policy.

No Decision To Be Given On Petition

AUSTIN, May 16. (AP)—Associate Justice William Pierson of the Supreme Court stated that no decision would be rendered today in the mandamus suit brought by Senator Thomas B. Love of Dallas to compel the state democratic executive committee to certify his name on the ballot in the July primary election as a candidate for governor.
He indicated, however, the decision may be forthcoming yet this week.

And so long as he has a place to sleep he'll always have room and board.

JACK WALTON ASKS \$250,000 DAMAGES

OKLAHOMA CITY, Okla., May 16. (AP)—J. C. Walton, former governor of Oklahoma, filed suit in United States district court here against Plain Talk, an eastern magazine, asking damages of \$250,000, charging he was libeled in an article, "Whoopie in Oklahoma," published in the May issue.

Lindbergh Sends Message On Sitar

MEXICO CITY, May 16. (AP)—Colonel Charles A. Lindbergh has sent a message of condolence to the Mexican foreign office for the death of Colonel Pablo Sitar, Mexico's flying colonel.
Colonel Sitar and his co-pilot Captain Carlos Rovirosa were killed last Sunday while attempting to make a non-stop flight to Buenos Aires.

Survey Of Colorado River Is Requested

WASHINGTON, D. C., May 16. (AP)—Representative Mansfield of Texas has urged the house flood control committee to approve his bill which would provide for a survey of the Colorado river in Texas with a view to flood control.
The Texas member pictured the devastation caused by floods which since 1900 have taken a toll of 61 lives and caused damage estimated at \$61,400,000.
To meet the objections of the chief of army engineers against federal participation in the survey, Mansfield contended that sufficient navigation would be developed to warrant the improvement and added that the Texas state board of water engineers recently renewed five permits for construction of dams and power plants on the river.

Flowers have been associated with wedding for thousands of years. Orange blossoms have always been the most-used wedding flower and are supposed to portend luck and happiness.

TEXAS ROYALTY FUND TO GROW

AUSTIN, May 16. (AP)—A royalty fund of \$200,000,000 for the University of Texas was seen today by J. H. Walker, commissioner of the general land office, as highly probable within the next 40 years if the production of oil from lands owned by the university continues at the same rate as at present.
Figures released today by the land office disclosed the royalty and bonus fund now totaled \$13,100,707. In addition to this total, \$1,000,000 was collected for the fund by the attorney general's office in

Census Is Taken For Old Mexico

MEXICO CITY, May 16. (AP)—Mexico Thursday declared a national holiday to take a census. By government order, public offices, commercial houses and even restaurants were closed so that "everyone not engaged in census taking could remain at home to be counted."
This is the first national attempt to make a complete census since about the beginning of the century, when Mexico's population was given as just under 15,000,000.

Flyweights Meet In 15-Round Go Tonight

NEW YORK, May 16. (AP)—Midget Wolgast of Philadelphia, defends his flyweight championship in a 15-round bout with Willie Lamorte of Newark at Madison Square Garden tonight.
As a matter of fact both Wolgast and Lamorte hold "world's" championships. Wolgast is recognized as the legitimate titleholder by the New York State Athletic commission. Lamorte holds the title so far as New Jersey's boxing unions are concerned. Neither can hope for general recognition as 112-pound king until he defeats Frankie Genaro, of New York, the National Boxing association's nominee for the title.

Longhorn Netters Favored To Win

DALLAS, May 16. (AP)—Entering the quarter and semi-finals of the Southwest conference championship tournament without a defeat, the University of Texas Longhorn tennis team today found itself in a position to capture the finals.
Pairings for today's third round in singles were: Hess, Rice Institute, against Key, University of Texas; Taylor, Texas, vs. McDiarmid, Texas Christian university; Barnes, Texas, vs. Storey, A. and M.; and White, A. and M. vs. LaCoste, Texas.
The third round in doubles today found Key and LaCoste, Texas, pitted against Hess and Storey, Rice, and Barnes and Taylor, Texas, matched with Ewell and McDiarmid, T. C. U.

A new thrill awaits you in STAR BACON

Armour's new "double-f" process
gives you Fixed* Flavor and new
 zest to an old favorite

HUNDREDS argued it couldn't be done. "You can't improve on perfection," they said. But we tried—and found the narrow path to Fixed* Flavor. It led to the tenderest, tastiest bacon that ever passed your lips... Armour's Star!

Every good cook who has "fussed" with ingredients will appreciate our search for perfection. We changed our curing mix and the cure itself, and finally our smoking process which drives that North Woods tang deep into every ounce of the meat. Then, with thermometric controls, we made the "double-f" process. Fixed* Flavor, as changeless as the fixed stars.

Try the new Star Bacon tomorrow. Uniformly sliced in cartons, or your dealer will slice it from the original piece. Ask for Star Bacon. When it sizzles in the pan, see how unmanageable your appetite becomes! Armour and Company, Chicago.

ARMOUR'S STAR BACON

with the Fixed* Flavor

They like the Armour radio program — so tell you

"The Armour program is as good as Armour Ham and that is good." — T. H. T., Philadelphia.
"We were charmed beyond words by your program last night." — Mrs. E. L. M., Washington, D. C.
"Every number in your program is a hit with us." — R. M., Warren, Pa.
"I haven't missed an Armour program since you started broadcasting." — B. R. W., Pueblo, Colorado.

Announcing

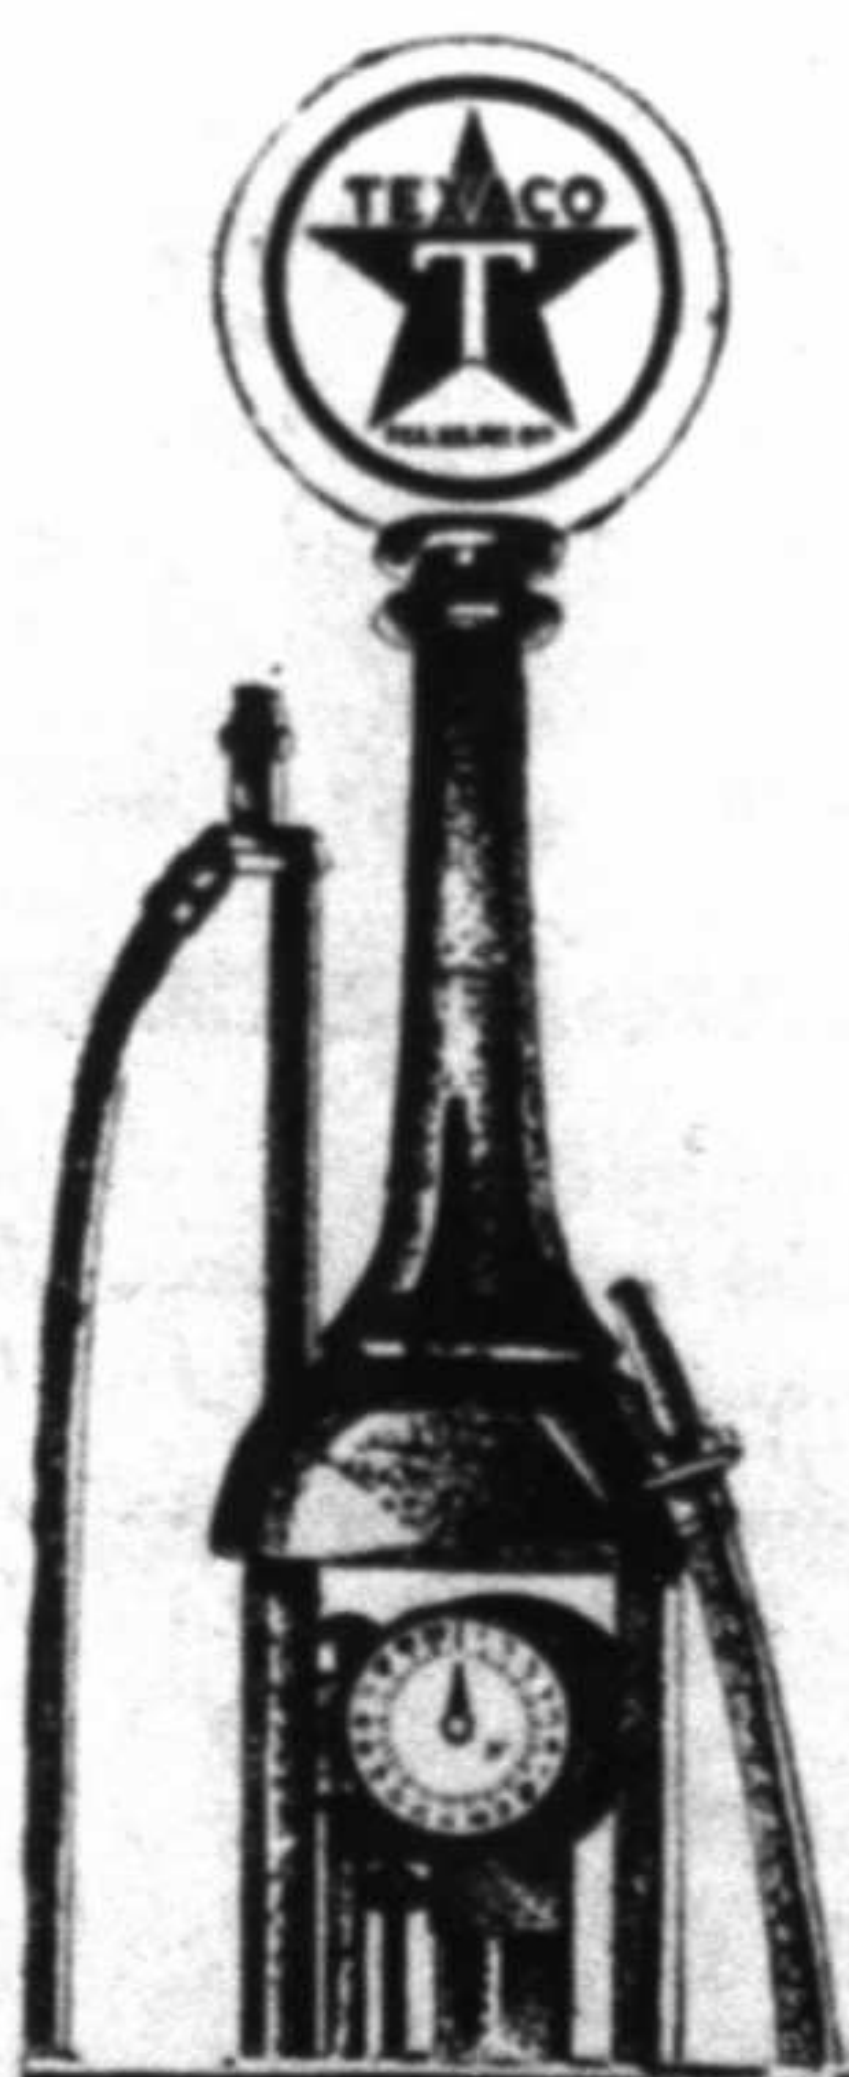

TEXACO-ETHYL

THE "DRY" ETHYL GASOLINE

The Texas Company announces that now Texaco, the original "dry" gas, is available with the Ethyl compound. It means the linking of two famous names in motor fuels to produce one of the finest premium anti-knock gasolines ever offered the motoring public—Texaco-Ethyl!

The Ethyl compound in itself cannot perform miracles. It's the gasoline base that makes the difference in Ethyls. The better the fuel you begin with, the better the resulting Ethyl Gasoline.

The new and better Texaco, the original "dry" gas that vaporizes instantly, *plus* Ethyl, *equals* the last word in automobile fuels. Texaco, the driest of dry gases, permits complete and uniform diffusion of Ethyl through the manifold into the cylinders. It creates higher standards of pick-up, power, speed and mileage for any car, old or new. This new premium grade is now available at Texaco Service Stations to all motorists who desire a superior anti-knock gasoline. Try it today!

New Era Club Has Luncheon Thursday

Members of the New Era Study club entertained with their last social function of the year Thursday afternoon in the Chalmers room of the Hilton hotel.

Three vases of lovely roses adorned the table while this flower in art also was used to mark the places and a rosebud was given as a favor. Mrs. E. L. Banks acted as hostess for the afternoon, and the following program was given: a Spanish dance and a Scotch dance by Marjorie Humphries, accompanied by her mother, Mrs. R. F. Humphries, at the piano; colonial dance, Marjorie Humphries and Chalmers Whitacre; solo, "Texas, Our Texas," the new state song, Mrs. Y. W. Rogers, accompanied at the piano by Mrs. Whitacre.

Members present were Mesdames Della Hawkins, Charles Whitacre, J. W. Story, E. L. Banks, E. Paul Carter, C. W. Moore, R. C. Harvey, A. H. Crawford, R. F. Humphries and Y. W. Rogers.

Guests for the afternoon were Mesdames G. A. Meiser, N. L. Peters, J. J. Graham, H. L. Cain, J. D. Carnett, T. R. Bowles of Roswell, New Mexico, and Mrs. W. R. Lovett of El Paso.

Kil Kare Group Given Party Today

Members of the Kil Kare club are being entertained this afternoon in the home of Mrs. Hurley Carpenter, 2014 22nd street.

Two Hostesses For Needle Club Party

Bowls of pink and white flowers were used to decorate the T. R. Pridemore home, 2408 13th street, when Mrs. Pridemore and Mrs. John C. Granbery joined in entertaining the 1931 Needle club.

Following an hour of needlework, the colors again were stressed in dainty refreshment plates, with a rose being given as a favor to each guest.

Those present were Mesdames W. F. Schenck, Tom Gaston, W. C. Rylander, W. G. Murray, H. D. Woods, P. A. Barclay, R. W. Pore, T. W. Sawyer, J. F. Hankins, F. R. Friend, J. B. Maxey, A. B. McFatter, and Miss Della Wilkinson.

Women who fall victim to the cigaret habit are stated to be heavier smokers than men; many of them consume up to 200 cigarettes a week.

"FINE FOR GAS, SOUR STOMACH"

Black-Draught Also Praised By Illinois Woman For Benefit In Constipation.

Chico, Ill.—"I have used Black-Draught in my home for fifteen years, and it is a splendid medicine," writes Mrs. Bernice Black, of 3301 Commercial Street, this city. "Sometimes I am subject to colds and constipation, and I find it to be the finest thing for this. My mother used Theodor's Black-Draught in her home for years, and it was there that I began taking it. She thought it was so good that she had me to use it, and I have never found any medicine that would take its place satisfactorily."

"I find Black-Draught fine for sour stomach and gas. A few doses taken for several nights rid the system of poison due to constipation, and it makes me feel like a new person."

"I try to keep Black-Draught always on hand, and I treat all small illness with it. I can certainly recommend it for I have found it very good and dependable."

Theodor's Black-Draught is a purely vegetable cathartic or laxative medicine, made of selected medicinal herbs and roots.

SHE'S SELECTED "PERFECT GIRL"

Ann Virginia Green, who is shown above, combines all those attributes that go toward making up the "perfect girl," fellow students at Pennsylvania State College have decided. They voted that she has beauty, popularity, personality and intellect. And what more could young men ask?

Little Theater To Give Play Tonight

"The Show-Off" by George Kelly will be presented by Lubbock Little Theater tonight at 8:25 o'clock in the local high school auditorium as the final presentation of the 1929-30 season.

This play is considered by leading critics to be one of the best ever produced on Broadway and according to Heywood Brown, New York columnist, is "the best comedy which has yet been written by an American."

Donald Murphy is directing the play. Characters are as follows: Clara, Miss Martha Alice Penney; Mrs. Fisher, Mrs. T. A. White; Amy, Miss Lucille Gill; Frank Hyland, C. W. Ratliff; Mr. Fisher, George Smallwood; Joe, John T. Rhodes; Aubrey Piper, B. C. Dickinson; Mr. Gill, Russell Hardin; Mr. Rogers, G. C. Jenkins.

The main characters have appeared in former Little Theater productions. Mrs. T. A. White directed the last two plays and in addition scored a success in "Sun-Up".

OBTAIN EXTENSION

OGDEN, Utah, May 16 (AP)—Counsel for Delbert Green, sentenced to face a firing squad at the Utah state prison today, has obtained a 30 day extension of time in which to complete their appeal to the State Supreme Court.

Former Princess Of Austria Hungary

NEW YORK, May 16 (AP)—A comely young woman with sudden evening slippers and stockings feet sat in family court Thursday and told Magistrate Jean Norris that she was an Austrian princess, great-granddaughter of the Emperor Franz Josef.

After court yesterday she had appeared out of the rain, drenched, cold and hungry, and has asked for shelter, said that she had separated from her husband, a \$37 a week bank clerk, and was destitute.

Vernon Watson, the husband, was in court and said that he and his wife separated because she insisted on having a maid and forced him to cook his own meals and even wash and iron his shirts.

Cop The Show

LONDON—One lady who has been presented at court has a woman chauffeur and a woman footman, both liveried. They attracted about as much attention as the debutantes on the way to last night's function.

Doubts His Work

MADRID—Sydney Franklin, Brooklyn's bullfighter, has a kind face. It so impressed John Hays Hammond that he doubted if Franklin was a bullfighter. "You just ought to see my face when a bull is trying to get me," explained Franklin.

AMERICANS EMERGE VICTORS FOR WALKER CUP

BOBBY JONES LEADS MATES IN TOURNEY

JONES BEATS BRITISH CAPTAIN 9 UP; U. S. WOMAN BEATEN

(By Associated Press)
SANDWICH, Eng., May 16.—The American Walker Cup team today won the cup, emblematic of international team golf supremacy, for the sixth time.

With three points won in the foursomes yesterday, the Americans today had only to win three singles.

SANDWICH, Eng., May 16.—(AP)—Bobby Jones was the first point for the American Walker Cup team today by defeating Roger Wethered, captain of the British team, nine up and eight to play.

And have another to win the contest outright and insure retaining possession of the cup which never has been surrendered by an American team.

Bobby Jones, George Voight and Harrison R. Johnston won their matches today in short order, leaving no doubt as to the outcome since the British could win the five remaining matches and still fail to win the trophy.

When the third straight American victory was reported for the day and the British found they could not win, George Von Elm and Roland MacKenzie were leading in their matches while neither of the two Americans, O. F. F. and Don Moe were far enough behind to count them out. Francis Ouimet trailed T. A. Torrance and seemed likely to suffer defeat.

YOUTHFUL BRITISH STAR DOWNS GLENNA

FORMBY, England, May 16.—Diana Pitt-Rivers, 19-year-old English girl, today won the British women's golf championship, defeating Glenna Collett, American champion, four up and three to play.

Miss Collett was not the player today that she was as she moved through the championship to the final, nor the player who forced Joyce Wethered to play sensational golf to defeat her in the championship last year.

She was five down in the morning, and although she played a better game in the afternoon, she never was able to reduce her young opponent's lead to a point where the American could be considered a contender.

BUSSEY TO MEET MITCHELL TODAY

Clinton Bussey and Don Mitchell clash today in a delayed semi-final match in the Lubbock Country Club open tournament to decide the finalist to meet Jo Dick Slaughter Sunday in the 36-hole championship round.

Slaughter advanced to the final match yesterday by putting out E. Bussey, 6 up and 4 to go. The Bussey-Mitchell match was scheduled Thursday but was postponed until today.

Only one match was likewise played in the second flight, N. L. Peters putting out Bud Roberts on the fourteenth green and winning 4 and 3.

In the third flight D. A. Dowell reached the finals by beating Oscar Lykes, 3 and 2.

W. B. Powell and Jimmy Ellis became the finalists in the last flight, one former defeating O. L. Peters, 2 up and the latter winning over F. Bradford, 3 and 1.

Cagles Continue To Be Elusive

NEW YORK, May 16.—(AP)—Mr. and Mrs. Christian Keener Cagle, the most elusive bird pair since the Lindberghs, were believed today to be on their way back home to Louisiana.

In the only communication from him since he vanished two days ago from West Point after having admitted his marriage nearly two years ago to Miss Marion Mumford Hale of Baton Rouge, La., the former army football star said:

"I'm on my way."
He said it to an official of a Times Square hotel, who denied at the same time, as he had been denying all along, that the Cagles were at his hotel.

RAIN CHEATS VAN RYN OF VICTORY

PHILADELPHIA, May 16.—(AP)—As a result of a thunder shower which halted play yesterday when Johnny Van Ryn of East Orange, N. J., stood within two points of victory over Dr. Jack Wright, the Canadian captain, a bargain bill of three Davis Cup matches was on the program for today.

First on the schedule was the interrupted match between Van Ryn and Wright. With Van Ryn leading by a score of 6-2, 3-6, 5-6 and deuce on his own service, he had a chance to settle the issue in something less than half a minute.

The second singles match between the United States team's No. 1 man, George Lott of Chicago, and Marcel Rainville of Montreal was not even begun yesterday because of the downpour which drenched the clay surface.

The regularly scheduled doubles engagement between Van Ryn and Wilmer Allison of Austin, Texas, and the Canadian combination of Willard-Crocker winds up the afternoon.

LOCAL ANGLERS GET GOOD CATCH

What is claimed to be the prize catch of the fishing season thus far has been displayed by a party of Lubbock anglers just returned from Two Draw lake near Fort Garza county.

And it's a six-pound bass, lured into captivity by artificial bait. Members of the party include Duke German, Frank Jones, Sid Carraway and Harry Paillet.

The fishermen spent less than three hours at the Garza county resort and report that the site is an ideal spot for lovers of the hook and line.

Athletes Honored By Canyon School

CANYON, May 16.—(Special)—Nine athletes who are members of the senior class of the college were honored by their class this week, when they were presented blankets.

The men who will carry away the narrow blankets are Gordon Thompson, Cleveland Jones, R. E. (Tige) Elkins, Clifford Henry, Pat Gerald, Milton Sanders, Boyce Bandy, Elva Ward and Elson Miller.

Blankets will be sent to Clifford (Red) Keith who is teaching at Cisco and to R. F. (Dumb) Newman who is playing professional baseball this spring.

TWO EARLS TO FEATURE AMERICA'S GREATEST HORSE-RACING CLASSIC; GALLANT FOX STILL REIGNS AS FAVORITE TO WIN

BY ALAN GOULD
Associated Press Sports Editor
LOUISVILLE, Ky., May 16.—(AP)—The color and pageantry of America's greatest horse-racing classic, taking definite form and form today for the fifty-sixth running of the Kentucky Derby, centers about two decidedly contrasting figures of the turf—the English Earl of Derby and the freckle-faced Yankee Earl of Sande.

Though they travel in separate spheres, the paths of these two will bring them into one and the same spotlight late tomorrow afternoon, if racing form and favor mean anything for Earl Sande is the popular choice to ride the great eastern colt, Gallant Fox, to victory and enable his owner to receive the prized gold trophy from the hands of the British patron of the turf.

The Earl of Derby, seventeenth of his line, will witness for the first time the American racing counterpart of the classic English event bearing his name. The guest of Joseph E. Widener, eastern sportsman, while in this country, the English earl was expected to reach Louisville today from Lexington, where he has been visiting the best of blue grass breeding establishments.

The Earl of Sande is no such stranger to Churchill Downs and the route that leads to the laurels of Derby victory. Twice before, in 1923 and 1925, the boy who rode to fame from Idaho to New York has booted home winners in Kentucky's classic. Tomorrow he has the chance to cap the climax of a dramatic comeback by riding home a winner on Gallant Fox, son of Sir Gallahad III.

The odds are all in favor of Gallant Fox, which will race in the colors of the Balair Stud, owned by William Woodward of New York. It has long been a tradition that anything can happen in a horse race, especially the derby, but the eastern colt was backed down today 7 to 5 by an influx of financial support and looked upon generally as the class of the field, with the possible exception of Tannery, chestnut son of Ballet and owned by Edward F. Prichard of Paris, Ky.

Kentucky always strong for its own, has "gone down" heavily on Tannery as the chief hope and pride of the blue grass. That famous master of the Idle Hour farm, Col. Edward R. Bradley, twice rewarded with a "double", again has two crack contenders in Buckeye Post and Breeding Thru to bolster the Three Da stock farm of Arlington, Texas; Uncle Luther, Gallant Knight, Crack Brigade, second to Gallant Fox in the Preakness; Ned O, another eastern star; Longus, High Foot and Gone away.

Italy has granted a complete monopoly over the manufacture, importation and sale of automatic lighters to one concern.

The critical choice of America's millions is responsible for Blue Ribbon Malt being America's Biggest Seller. Uniform quality (always the same) is the reason for its sweeping, ever-increasing popularity.

WEATHER MAN BEATEN; GOOD GAMES PLAYED

BEAUMONT IN THIRD; NIGHT GAMES MAY BE PLAYED

(By Associated Press)
The weather man took it on the jaw at last, and all Texas league teams got in a day on baseball after many postponements because of weather.

Beaumont climbed into third place in the league standing by walloping Shreveport, 4 to 3. McCabe pitched a brilliant game for Port Worth as the Cubs, 2 to 0.

Pinch hitters lived up to their names in the ninth inning, and Dallas edged a little further away from eighth place by taking a 4 to 3 decision from San Antonio, cellar champs. Wichita Falls was perched on top of the league by virtue of a 4 to 2 win over Houston. This game broke a lead for the league leadership.

Night Ball Planned
The day's sidelights included the announcement that night baseball probably would be offered to Houston fans by July 1 and another from the same town that Carlisle Littlejohn had been sold to Rochester for \$3,000. Rochester and Houston are St. Louis Cardinals farms.

Houston and Wichita Falls battled at Houston with Caldwell of the Spuds and Brown of the Buffs going the route and holding rather tight in the pinches.

Indiana Four Huntenmen
The last end club played championship ball when the Indians failed at Steer hunting. The score was 3 to 1 in favor of the Redskins when the final season started. Three straight drives to drive in a run each and gave the Steers the game.

McCabe's performance in shutting out Waco was the stellar hurling act of the day. He had the game well in hand all the way.

In shipping the Shreveporters a notch lower, the Beaumont Exporters took advantage of errors and bases on balls to win. Vaughn for Beaumont allowed nine hits while his two opponents on the slab allowed a total of only seven.

The same teams were scheduled to play in the same towns Friday.

At an inquest at Bledlow Ridge, England, recently, a woman of 91 described her eighty-eight-year-old sister as her "little girl."

Chicago's White Sox, with but three victories in a dozen intercollegiate games, have secured another defeat yesterday when rain descended in the middle of their final game with the Athletics.

Although the Sox could not win, Philadelphia had driven Red Faber from the mound with a six run attack in the second inning. The Sox staged a great comeback against Moose Grove to tie the score in the first half of the fourth just before rain halted proceedings. The score reverted to the fourth inning and there was no official game.

The National league, with the completion of its first intercollegiate series scheduled for today, also got in only one game yesterday. That one was a wild hitting thriller in which the Boston Braves edged out the Chicago Cubs, 10 to 8.

The sea-horse differs from all other fish in having a tail that can be twisted around stems and used to anchor the fish to a certain spot. It gets its name from the resemblance of its head to that of a horse.

ROVING THE SPORTS WORLD

WITH ALLAN CARNEY
JOURNAL SPORTS EDITOR

If present plans of the Texas Tech authorities go through, varsity and freshman athletes of the college will no longer be crowded into the limited dressing quarters of the Matador gymnasium, which has served the growing institution from the start. In-line with other leading schools of the country, Tech athletic officials are planning to build spacious dressing and training quarters immediately under the west-side stands. This plan, if carried through, will relieve congestion in the gymnasium, leaving the present locker rooms for gymnastic classes and intramural sports.

According to preliminary plans, dressing rooms are to be built under the stands for visiting teams as well as for the varsity and freshman squads. Openings are to be made upon the field through the front of the stands, enabling teams to take the field immediately in front of the crowd and just before game time. This undoubtedly adds considerable color and zest to the football season, which after all is the main collegiate attraction of the school year. Numerous advantages of dressing quarters under the grandstand could be mentioned but one of the outstanding aids as we see it will be seen during the track season, especially when the high school athletes from all sections of the district gather here for the annual district meet. This would be handier and considerably more convenient for all concerned.

Four games remain on the T. C. U. schedule before the flag is sewed up and the Diechmen play the same number. The Frogs have two games each with the Texas Aggies and Rice Owls while the Longhorns face S. M. U. in a pair of games and the Aggies in two. Thus far the Mustangs have failed to win a game out of 16 starts and the two additional engagements with Texas will likely make it 18 losses for Jerry Mann's crew. It will be necessary for the Steers to win all their remaining games while the Frogs are breaking even if the champions retain their conference title.

McGoldrick Faces Loss Of Position
ALBANY, Ga., May 16.—(AP)—W. H. McGoldrick has returned from Beaumont, Texas, where he has taken several weeks ago to face embezzlement charges, only to meet additional difficulties here.

McGoldrick was freed of the Texas charges, but on his return was put with details from officials of the Georgia independent baseball league that he is president of the league.

McGoldrick insisted he was still the league's head, however, and said the group would be operated as scheduled under his direction.

Galveston Man Is Handicap Champion
HOUSTON, May 15.—(AP)—D. H. Gilder of Galveston yesterday won the handicap championship of the Texas Trapshooting association. The 1931 shoot was awarded Galveston and the following Galveston marksmen were elected new state officers: J. H. Fougard, president; H. G. Garbode, vice president; and F. J. Herberlein, treasurer.

Unless his opponent shoots above his head, Clinton Bussey should advance through to the final match in the Lubbock Country club open tournament today in his engagement with Don Mitchell. This pair was scheduled to meet yesterday but high winds during the early part of the day caused the match to be postponed until Friday. Jo Dick Slaughter, recognized as the most improved golfer in Lubbock has already won his way to the 36-hole final and it appears that his competition will be the West

Senators Move Up
The Senators put themselves above the 300 mark for the intercollegiate play by that final victory. They won seven games and lost six. Sad Sam Jones and Sam West, pitcher and outfielder, played the leading roles in winning the game. Jones kept Cleveland's ten hits scattered so they could do little damage as he outpitched young Willie

Senators Climb Up To The First Division; West Hits Hard
BY HUGH S. FULLERTON, JR.
Associated Press Sports Writer
Although two rainy days at the finish did some serious damage to the schedule of the first intercollegiate series of the 1936 American league season, results of the past two weeks have given ample proof of a clear margin for the eastern clubs over their western rivals.

Starting May 1, the American league clubs played 49 games and the east's representatives won 32 of them, winning up with Washington's 4 to 2 triumph over the Cleveland Indians in the only American league game which escaped rain and cold weather.

Chicago's White Sox, with but three victories in a dozen intercollegiate games, have secured another defeat yesterday when rain descended in the middle of their final game with the Athletics.

Although the Sox could not win, Philadelphia had driven Red Faber from the mound with a six run attack in the second inning. Although the Sox could not win, Philadelphia had driven Red Faber from the mound with a six run attack in the second inning. The Sox staged a great comeback against Moose Grove to tie the score in the first half of the fourth just before rain halted proceedings. The score reverted to the fourth inning and there was no official game.

The National league, with the completion of its first intercollegiate series scheduled for today, also got in only one game yesterday. That one was a wild hitting thriller in which the Boston Braves edged out the Chicago Cubs, 10 to 8.

The sea-horse differs from all other fish in having a tail that can be twisted around stems and used to anchor the fish to a certain spot. It gets its name from the resemblance of its head to that of a horse.

Senators Climb Up To The First Division; West Hits Hard
BY HUGH S. FULLERTON, JR.
Associated Press Sports Writer
Although two rainy days at the finish did some serious damage to the schedule of the first intercollegiate series of the 1936 American league season, results of the past two weeks have given ample proof of a clear margin for the eastern clubs over their western rivals.

PRORATION OF AREAS TALKED

HOWARD-GLASSCOCK TO BE CUT; YATES, VAN OPERATORS NEXT

(By Associated Press)

FORT WORTH, May 16.—Plans for cutting off the small excess production in the Howard-Glasscock area, and bringing output within the 36,000 barrels per day pipe lines in this district are being taken, were worked out here Thursday at a conference of producers of the area. The desired restriction of production will be achieved by cutting all wells capable of production of over 200 barrels down to that amount, and by allowing wells under 200 barrels daily capacity to produce without restriction.

A lease will be allowed to produce an average of 200 barrels per day per well. This will not only bring present production within the desired limit, but allow for production from scheduled completions during the rest of this month.

A permanent plan of proration on a percentage basis, to be submitted to another meeting of operators concerned at the end of the month, is to be worked out by a committee which was named by E. E. Andrews, umpire of the field, who presided at the meeting. H. C. Hardison of the California company, C. W. Tomlinson of the Behrman Oil company and F. M. Jacobson of the Continental Oil company compose the committee.

A meeting of representative producers of the Yates pool in Pecos county will meet today on proration matters, and Van producers will meet here Saturday.

A new ironing board is intended to be hung to the under side of beds that fold out of sight into recesses in hotel or apartment rooms.

Sour Stomach?

Will never give you any more trouble if you take a tablespoonful of Tanlac before each meal and bedtime.

You'll be amazed at the way Tanlac ends sourness and distress by preventing formation of gases and acids. It must help or you get your money back.

IMPORTANCE OF UTILITIES CITED

AUSTIN, May 16 (AP)—Asserting that there is no adequate regulation of public utilities in Texas, John H. McGlasson, city attorney of Waco, recommended that this question be made one of the issues of the 1930 campaign in an address to the League of Texas Municipalities in session here Thursday. McGlasson urged that the attitude of every candidate for legislative or executive office be ascertained on this subject before any support was pledged.

Public control, ownership and operation of public utilities was advanced to the convention by Col. A. P. Woodbridge of Austin, as one of the ways to eliminate dangerous controversies with public utilities concerns and at the same time save time save the citizens of a city money.

The afternoon was devoted to a discussion of the relations of a city with its public utilities.

Mayor Ernest O. Thompson of Amarillo and J. H. Painter of Houston also discussed briefly the relative merits of the public and private utility ownership.

Kentuckian Named Assembly Moderator
OLNEY, May 16 (AP)—Rev. O. A. Barbee of Owensboro, Kentucky, Thursday was elected moderator of the 100th annual meeting of the general assembly of the Cumberland Presbyterian church, in session here for a six-day meeting.

Rev. Barbee has been pastor of the Cumberland Presbyterian church at Owensboro for the last 21 years and is the son of Dr. J. T. Barbee, past moderator of the 79th general assembly, held in Bensenville, Ark., in 1909.

More than 300 delegates from fifteen states, commissioners and visitors are here attending the general assembly and women's board of missions conventions. Eighty-seven commissioners participated in the election of Moderator Barbee.

OBJECTIONS VOICED
WASHINGTON, May 16 (AP)—Objections to several provisions of the London Naval treaty were voiced today by Rear Admiral Hilary P. Jones before the Senate Foreign Relations committee.

"Who Owns the Air?" a Canadian paper asks. Well, we've heard that all jilted suitors get it.

Prominent Valley Citizen Is Dead

McALLEN, May 16 (AP)—Houston Jones, Rio Grande valley resident for 20 years and republican state committeeman from the Brownsville district, died suddenly Thursday at his home at Pinar, Texas. Jones was a close friend of R. B. Creager of Brownsville, republican national committeeman from Texas. Tentative plans were for holding funeral services at Brownsville.

BAPTISTS GIVEN PLAN OF BUDGET

NEW ORLEANS, May 16 (AP)—The Southern Baptist convention has reports and recommendations up for consideration.

A budget of \$3,000,000 was recommended by the executive committee for the next year's activities. In submitting the report, Austin Crouch, of Nashville, Tenn., said the budget had been framed in conference with representatives of all

southwide agencies. The budget was divided as follows:

Foreign Mission Board, \$1,500,000.
Home mission board (including \$25,000 for New Mexico bonds), \$725,000.
Relief and annuity board, \$210,000.
Educational board (handed by executive committee), \$100,000.
Southern Baptist Theological seminary, \$100,000.
Southwestern Theological seminary, \$152,000.
Baptist Bible Institute, \$110,000.
American Baptist Theological seminary, \$12,000.
New Orleans Baptist hospital, \$75,000.
Woman's Missionary Union Training school, \$16,000.
The total goals set by the nearly a score of states and the District of Columbia for the year is \$5,807,037.50.

DOOLEY HEADS DRUGGISTS

PARIS, May 16 (AP)—M. E. Dooley of Wolfe City Thursday was elected president of the Northeast Texas Druggists' association at the eleventh annual convention here. He succeeded E. R. Stiles of Clarksville.

"PRICES TALK" LEVINE'S

SPECIAL PURCHASE

S DRESSES A L E

Our Eastern buyers have just expressed us 350 new models and they have bought them at a fractional cost of their original value. These dresses were made up to sell for \$22.50 and we are passing them on to you at this extraordinary saving. You will be overjoyed with the many beautiful models from which you can make a selection. These dresses are made up in flat crepe in solid colors, printed crepes, georgettes in pastel shades, and shantung in pastel shades, prints and polka dots. An unlimited selection at this unusually low price.

\$7.88

Our entire west window will be just full of these wonderful values and many, many more on our ready-to-wear balcony.

\$7.88

Thrifty women and misses will take advantage of this timely offering of smart new frocks. So varied and so delightful are the models in this group that satisfactory choice is assured for every type and occasion. All well-made and adorably trimmed in hundreds of new and interesting ways.

\$7.88

350 very new models in this big price saving group in frocks that bespeak their value. These dresses are being sold at a fraction of their original cost.

In this group you will find marvelous new frocks for sports or morning wear with flares, godgets, pleats and all new details. Sleeveless or with cap sleeves. Printed, dotted, plain or pastel colors. For street or evening, smart tailored things in silks printed or flat crepes or for evening, sheer, clingy georgettes.

The young miss or matron who is vacation-bound and is planning a wardrobe will find in this group many, many dresses that she could readily include and save the difference for other pleasures. Don't forget Levine's before making your selection.

After making your selection of a frock we can match each one of them admirably with a new model hat in straw and hair braid. Be sure to ask the young lady waiting on you to show one of the hats that would go well with one of the dresses.

HALE RANKS HIGH IN TEST JERSEY COWS

COUNTY HAS 4,500
TESTED COWS; 58
ARE THROWN OUT

(Special To The Journal)
PLAINVIEW, May 16.—Hale county advanced another step toward a livestock tuberculosis free county when two veterinarians of the Livestock Sanitary Commission of Texas and one of the United States Bureau of Animal Industry with the assistance of the county agricultural agent of Hale county completed the test on 2,802 head of cattle. This number represented 167 herds and brings the total for this county to 4,500 head of tuberculosis tested dairy cows.

Dr. Lewis and Dr. Steinman, of the Livestock Sanitary Commission, and Dr. O'Reilly, of the United States Bureau, were assisted in the testing by R. M. Milhollin, county agent. The Hale County Commissioners Court, recognizing the value of such work to the county, assisted in the expense of the testing. Of the 4,500 head of dairy cows that have been tested in the county only fifty-eight reactor cattle were found and removed. However, all the cattle had received a previous test a year ago. Just at this time the Commission is testing Tarrant and

GIANTS OF STEEL CORPORATION

These three men are the largest individual stockholders in the United States Steel corporation, recent report of the corporation shows. They are J. P. Morgan, left; George F. Baker, center and Myron C. Taylor, right. They own more than 125,000 shares.

Dallas county to complete these counties as tuberculosis free and the final testing of herds in Hale county cannot be completed until that work is finished.

The agile camels of Europe balance itself upon dizzy mountain peaks, gathering its forefeet into a space of but a few inches.

READING CONTEST BEING HELD TODAY

Winner of an interpretative reading contest, to be held this afternoon at 4 o'clock in room 302 administration building, will be awarded a \$50 scholarship in the department of speech, Texas Technological college.

Eight students will compete. Four other \$50 scholarships are being offered, according to Mrs. Ray C. Mowery, who is in charge of the contest. Two are to be offered in debate, one each to girls and boys, one for the best boy orator and one for the best actor. The remaining four will be decided next week.

Entries in today's contest include Isabel Patterson, Frances Barks, Rhea Merla Boyles, Mary Frances Senter, Hilma Bartlett, Isabelle Templeton, Pearl O'Dell and Doris Laid Johnson.

Steamer With 1,000 Cases Of Rum Seized

GREEN BAY, Wis., May 16. (AP)—The tramp steamer Ansterberg, with 4,000 cases of Canadian beer and ale aboard valued at \$600,000, was captured late yesterday by a crew of the Plum Island coast guard station as it attempted to run into Green Bay from Lake Michigan.

The crew of six men, armed with rifles, offered no resistance when the coast guardsmen boarded the ship.

The convict who escaped from the Ohio penitentiary disguised as a barber probably talked himself out.

ACTIVITY RECOMMENDED

MANAGUA, Nicaragua, May 16. (AP)—United States Marines and the Marine-officered National guard have recommended intensive activity in northern Nicaragua against groups described in an official statement as bandits. In six encounters between May 5 and May 12 sixteen bandits were killed.

ANNUAL TECH JUDGING SET

FRESHMEN STUDENTS TO COMPETE FOR AWARD SATURDAY

The fourth annual freshman livestock judging contest of Texas Technological college will be staged tomorrow by the department of animal husbandry.

Students eligible to enroll in the contest must have finished the freshman year of animal husbandry. Curtis Grimes, a member of Texas Tech's first international judging team, will be superintendent of the event. O. N. Burroughs and Frank Main will be section leaders. Outside judges are to officiate. Those announced to date include W. T. McGee, county agent of Hockley county; R. B. Davis, Terry county agent, and R. C. Tom, graduate of Texas Tech.

One award is to be offered this year, a gold medal, which has been given by the college book store. High men in contests of previous years were Grady Shepherd, Hale Center, E. Y. Freeland, Lubbock, and Buford Browning, Snyder.

The contest will consist of judging of dairy cattle, beef cattle, sheep, hogs and horses. All of Saturday morning will be devoted to placing of livestock.

Tiny particles of salt in the sea are responsible for its blue color.

WHAT CONGRESS IS DOING

(By Associated Press)
Friday:
Senate:
Resumes consideration of resolution to amend senate rules.
House:
Returns to consideration of Ketham bill to provide for expansion of the agricultural foreign information service.

Thursday:
Senate:
Debated a proposal to amend senate rules.
Adjourned two hours to attend

house memorial service.
Foreign relations and naval committees considered London treaty.
House:
Held memorial services for deceased members of congress.
Immigration committee heard under secretary Cotton of the state department in opposition to the Harris-Box bill to restrict Mexican immigration.
Agricultural committee resumed consideration of a bill to create protein wheat laboratory.
Expenditures committee instructed Chairman Williamson to draft legislation for an investigation of post office leases.

Some snails have their eyes at the tips of two horns which protrude from the head. These eyes can be directed at two separate objects at the same time.

THE SHOCK OF FACING what your figure may become

"Coming events cast their shadows before"

**AVOID THAT
FUTURE SHADOW***
By refraining from over-indulgence

Men who would keep that trim, proper form, women who prize the modern figure with its subtle, seductive curves—eat healthfully but not immoderately. Banish excessiveness—eliminate abuses. Be moderate—be moderate in all things, even in smoking. When tempted to excess, when your eyes are bigger than your stomach, reach for a Lucky instead. Coming events cast their shadows before. Avoid that future shadow by avoiding over-indulgence if you would maintain that lithe, youthful figure.

Lucky Strike, the finest Cigarette a man ever smoked, made of the finest tobacco—The Cream of the Crop—"IT'S TOASTED." Everyone knows that heat purifies and so "TOASTING" not only removes impurities but adds to the flavor and improves the taste.

"It's toasted"

Your Throat Protection—against irritation—against cough.

*Be Moderate! : : Don't jeopardize the modern form by drastic diets, harmful reducing girdles, fake reducing tablets or other quack "anti-fat" remedies condemned by the Medical profession! Millions of dollars each year are wasted on these ridiculous and dangerous nostrums. Be Sensible! Be Moderate! We do not represent that smoking Lucky Strike Cigarettes will bring modern figures or cause the reduction of flesh. We do declare that when tempted to do yourself too well, if you will "Reach for a Lucky" instead, you will thus avoid over-indulgence in things that cause excess weight and, by avoiding over-indulgence, maintain a modern, graceful form.

TUNE IN—The Lucky Strike Dance Orchestra, every Saturday night, over a coast-to-coast network of the N. B. C.

TAHOKA TURNS OUT LARGEST SCHOOL CLASS

GEORGE DUPREE TALKS TO GRADUATES LAST NIGHT

(Special To The Journal)
TAHOKA, May 15.—The largest class in the history of the Tahoka public schools received diplomas of graduation here Thursday night at the school auditorium when the final exercises were held. The growth of the town and school is shown by the fact that in 1920 there was only one graduate; 1921, none; 1922, one; 1923, eleven; 1924, twenty-three; 1925, five; 1926, sixteen; 1927, twenty-three; 1928, twenty-four; 1929, twenty-three; 1930, thirty-two. The school has increased from an enrollment of 273 in 1920 to well over 600 in 1930.

Geo. W. Dupree, Lubbock attorney, and a former schoolmate of Superintendent M. L. H. Baze, delivered the address to the class. Other numbers on the program were: Professional; invocation, Rev. R. T. Freedlove; song, "Texas, Our Texas."

NO TROUBLE AT ALL NOW

Kellogg's ALL-BRAN Has Benefited This Woman

Millions today are eating Kellogg's ALL-BRAN—guaranteed to relieve both temporary and recurring constipation.

The cause of constipation is the lack of roughage in food. Add sufficient roughage and constipation disappears. Kellogg's ALL-BRAN is nearly all roughage.

Here is a letter from Mrs. H. Gilbert, 107 E. Knight Ave., Hollingswood, N. J., which will be interesting to many sufferers:

"I had a very serious operation in October and when I came from the hospital my main trouble was constipation. One day I said to the doctor, 'I am going to eat ALL-BRAN' and since I started I have no trouble what-so-ever. So you see I can't praise it enough, and am always telling my friends what it did for me."

You will enjoy the nut-like flavor of this delicious, ready-to-eat cereal. It is rich in iron, and when eaten with milk or fruit juices, adds important vitamins to the diet.

Kellogg's ALL-BRAN is an essential in any reducing diet. It means every-day health to people all over the world. Your grocer has it in the red-and-green package. Served everywhere. Made by Kellogg in Battle Creek.

Kellogg's
ALL-BRAN

by senior class; salutatory address, Lola Smith; vocal solo, Lucille Slanton; valedictory address, Walter Edwards; pledge of allegiance, Mayor C. H. Cain; presentation of diplomas, County Attorney G. H. Nelson; benediction, Rev. O. J. Hull.

The graduates consist of sixteen boys and sixteen girls as follows: Francis Eblevins, Walter Conway, Edgar Edwards, Baird Fox, Grayson George, Frank Greathouse, Earl Grider, Jess Gurley, Jim Jackson, Russell Keltner, Lonnie King, Ralph Noble, Jack Alley Robinson, James Trussell, Reid Townes, Edward Welch; Misses Ruby Anderson, Loretta Clements, Pearlene Curry, Myrtle Hill, Leona Ingram, Mable Lee, Cora Annice May, Thelma Osborn, Elizabeth Sanders, Lennie Tippitt, Iris Tredway, Junelle Windham, Rose Wood, Mayfair Woosley, Lois Smith.

BRADY TRIAL

(Continued from Page 1)

objected to this move, claiming a solemn agreement had been entered into that no more testimony would be introduced.

The court's charge defined murder with malice, a condition showing a heart regardless of social duty and fatally bent on mischief, and charged that should the jury find the defendant guilty of murder with malice it shall find him guilty and assess his punishment at death, or life imprisonment or any terms of years not less than two. If convicted of murder without malice the punishment shall be not less than two nor more than five years in prison.

Insanity Not Excuse

A state of temporary insanity, induced by the recent and voluntary use of intoxicating liquor, does not excuse or justify the offense, the court's charge directed, but may be considered only in the mitigation of the penalty to be imposed. The charge stipulated that any such temporary insanity must have been of such nature as rendered the defendant unable to distinguish between right and wrong at the time of the alleged offense.

In defining the defense of insanity Judge Phippen charged that no person in this state can be held accountable for a crime committed for an offense committed while he was insane.

The defense, however, must prove such condition of insanity with a preponderance of evidence.

Judge Phippen charged on the law of suspended sentence, pointing out that the jury may, if it so chooses, suspend the defendant's sentence provided the penalty assessed is five years or less.

S. H. THOMPSON

(Continued from Page One)

while production on a per man basis on the farm, as in industry, has been brought to a high efficiency, while labor has seen increase of earning power, per man, agriculture has increased production at no increase of earning power by farmers.

Mr. Thompson spoke to a meeting of business men and farmers at the courthouse, beginning at 2 o'clock, following a visit to Texas Tech.

HEADS ANN ARBOR'S FAIR CO-EDS

Seniors of the University of Michigan have chosen Miss Eileen Yeo, of West Branch, Mich., as the most attractive blond on the Ann Arbor campus. Miss Yeo will be graduated in June.

textile engineering department after the A. B. C. meeting.

"It is because of the fact that the law of supply and demand is not permitted to operate that farmers throughout America have been insisting for more than 50 years that a more equitable condition be brought about," says Mr. Thompson.

"We have built our financial system around our corporations, he continued, and they have received almost every conceivable safeguard through operation of tariff laws. A national money panic was avoided last year, following the crash of the New York stock market, when the government, our banks and other financial institutions and industry in general jumped into the breach to stabilize things.

How Goes Up
"Yet, when the federal farm board recently jumped into the breach following the crash of farm commodity prices? There was no change in stock values. Neither was there any change in commodity values. A speculative market full of manipulations occasioned both depressions."

Mr. Thompson declared that the federal reserve act was passed for effects causing the crashes of stocks and the fall of farm commodity prices. There was no change in stock values. Neither was there any change in commodity values. A speculative market full of manipulations occasioned both depressions."

Mr. Thompson declared that the federal reserve act was passed for

ing out plans on problems affecting farm homes. It was the first to organize cooperative marketing associations and has done more, receiving less credit, than any other organization in the nation.

Not Individual Problem
"We must connect distribution with production," he says, "and we can accomplish nothing individually. The need is greater permanency for agriculture. The farm must be made more attractive, so those on it will desire to remain there. There can be no permanency when 45 per cent of all our farms remain under mortgage, when agriculture is made to bear the greater per cent of our national tax burden and continues the least able to pay such burden."

The nation is getting over the exploiting of new and fertile soil, he declares, with movement of peo-

pies from old agricultural sections to new and undeveloped lands almost wholly halted. The South Plains area, being undeveloped, he states, offers opportunity for one of the best stabilized farming sections of the world, with fertile soil as the basis of building for this permanency.

TEXAS WEATHER

(Continued from Page One)

lines damaged in the district. Communities touched by this storm included Holliday, Dundee and Mankins.

Houses Blown Down

The wind at Pittsburg was reported to have been one of the most destructive in the history of the

city. Eight houses were blown down, barns were unroofed, and many sheds and small outbuildings destroyed. No one was reported injured. The rainfall was reported, unofficially, to have been 61.3 inches. Paris reported the heaviest rain of the season with damage to crops through washing. The storm extended from Paris to Texarkana, and many automobiles were reported stalled in the vicinity of Bagwell and Clarksville. At Texarkana, the storm was accompanied by a severe electrical storm causing delay in telephone and telegraph service.

During an early spring golf tournament in England fair players wore woolen mittens over golf gloves.

India mined nearly 10,000,000 pounds of mica last year.

RIO JANEIRO, (AP)—Men employees of an iron-ore mining plant here get luncheon at the place for an average cost of eleven cents, while women's meals cost less than a dime. The factory is American owned and makes fifty per cent of the lamps used in Brazil.

MOSCOW, (AP)—To train efficient business men with Marxian principles, the commissariat of trade has decided to open commercial academies in the chief cities giving courses in merchandising, credit and banking.

LENINGRAD, (AP)—A glass factory here has made glass from nepheline, an aluminum silicate which, it is claimed, does not require mixture with soda and sulphate as is the case with quartz.

TECH CADETS TO BE CITED

COMMISSIONS, MEDALS
TO BE GIVEN 15
STUDENTS

Ten cadets of Texas Technological college's R. O. T. C. will receive commissions and five others will be awarded gold medals in a ceremonial to be held tonight in the college patio.

Commissions will be given Cadet Colonel Earl Cain, Cadet Major W. L. Chapman and Stewart Galloway, Cadet Captain Chas. Adams, S. M. Moody and E. L. Perry, M. P. Vannoy and T. W. Haynes, and to Second Lieutenants Hugh Russell and F. M. Gunn.

Gold medals are to be given to Cain, A. F. Fisher and Galloway as the best riflemen in the corps, T. M. Moody and E. L. Jenkins, chosen as the best cadets in the corps, will also receive gold medals.

At a meeting of the rifle club held last Tuesday night members of the freshman rifle team, Fisher, R. E. Rogers, F. M. Gunn, J. R. Brennan and L. A. White, who placed in the order named, were awarded bronze medals.

Woman Cuts Throats Of Three Children

TACOMA, WASH., May 16. (AP)—Using a butcher knife, Mrs. Torrey Sadalri, 30, slashed the throats of her three young children and then took her own life by cutting her throat in her home here Thursday. The dead children are Nobuko, 9; Ayako, 7 and Sachiko, 5.

The triple murder and suicide was discovered at noon when the husband came home from work. Mrs. Sadalri was employed in a hotel.

Italy is strictly enforcing its program of government administrative economy and is compelling local authorities to follow suit.

Deputy Is Killed In Raid On Still

HOHENWALD, Tenn., May 16. (AP)—Deputy Sheriff M. L. Newton, 37, was killed and Deputy Luke Hinson was wounded near here Thursday when a party of five officers in search of a moonshine still was fired upon from ambush. The slayer escaped.

Later prohibition officers arrested John P. Himes, Jr., on a murder charge. He denied implication in the shooting.

LEAGUE CLOSES 59TH SESSION

GENEVA, (AP)—The council of the League of Nations Thursday concluded its 59th session, having considered in four days a long list of political and humanitarian questions.

Interest focused upon the conversations of Aristide Briand, French foreign minister, and Dino Grandi, foreign minister of Italy, who in two meetings reopened negotiations to seek a solution of the naval problems which kept them from participating in all the accomplishments of the London naval conference. With the counsel of Great Britain, they are attempting to find formulas which may transform the three power London naval treaty into a five power pact.

M. Marinkevitch, chairman, told newspaper men before he left Geneva that this session was a useful one, although it was not sensational.

TRAIN JUMPS TRACK

BEEVILLE, May 16. (AP)—A wet track was believed responsible for the derailling of two sleepers and a day coach and the overturning of a baggage car of a southern Pacific passenger train near Alfred, Jim Wells county, yesterday. A Mexican passenger was injured slightly and other passengers and the crew were badly shaken up. The train left Skidmore, 10 miles south of here, slightly late.

LOWER HOUSE PAYS TRIBUTE TO ITS DEAD IN MEMORIAL SERVICE THURSDAY

(By Associated Press)

WASHINGTON, May 16.—The house of representatives laid aside legislative activities Thursday to pay tribute to its dead.

In an hour long memorial service its members listened with bowed heads and in silence to a roll call of the twelve house members and three senators who have passed away in the last fourteen months. Immediately afterward the house adjourned for the day in further tribute.

Flowers and fern banked the speaker's dais. A great vase of Easter lilies stood in the well of the house and to one side a Navy band orchestra played sacred music.

The calling of the roll of the deceased members for the final time began the duty of William Tyler, clerk of the house.

The name was called, a red light was dropped simultane-

ously into a vase standing below the speaker's dais from the hands of Mrs. Mary T. Norton, a democratic member of the house from New Jersey.

The senators whose names were on the roll were Lawrence D. Tyson of Tennessee; Theodore E. Burton of Ohio and Francis E. Warren of Wyoming.

The representatives were Robert Q. Lee of Texas; Royal H. Welles of New York; Charles W. Roark of Kentucky; W. P. Martin of Louisiana; John J. Casey, of Pennsylvania; Wesley J. Egan, of Georgia; O. J. Kvaleo, of Minnesota; William W. Grist, of Pennsylvania; William K. Kaynor, of Massachusetts; Elmer O. Leatherwood, of Utah; James A. Hughes, of West Virginia, and James P. Glynn, of Connecticut.

Two brief memorial addresses were delivered, one by Representative Cawthier of New York and the other by Representative Montague of Virginia. With invocation and prayer by Dr. James Shira Montgomery, the house chaplain, and the singing of sacred music by a male chorus the services were ended.

Army Planes Are In Battle Maneuvers

BALTIMORE, May 16. (AP)—Several more planes prepared to resume theoretical fighting today as the week's air maneuvers of the army air corps centering on the Aberdeen proving grounds north of here entered the fifth day.

Major hoggers thus far rested with the "blue" defending forces, all but three of a score of attacks from the "red" base at Langley Field, Va., having been beaten off. Planes from Selfridge Field, Mich., and Fort Crockett, Tex., also are taking part.

Two brief memorial addresses were delivered, one by Representative Cawthier of New York and the other by Representative Montague of Virginia. With invocation and prayer by Dr. James Shira Montgomery, the house chaplain, and the singing of sacred music by a male chorus the services were ended.

Completion of the 15-mile stretch is expected within 15 weeks. State traffic, which is expected to extend to Slaton or further, is being routed over highway 9 to Woodstock, thence east to Slaton. The road is still open to traffic as far as Posy.

If a mosquito bites you, it is a female. The males are unable to puncture the skin and therefore are not bloodsuckers, but vegetarians.

PAVING STARTED ON SLATON ROAD

Actual paving work was started Thursday on Highway 7, between Lubbock and Slaton, 600 feet of concrete having been laid yesterday.

The initial point of work started two and one-half miles north of Slaton and the first strip of pavement will be from that location to Slaton.

Completion of the 15-mile stretch is expected within 15 weeks. State traffic, which is expected to extend to Slaton or further, is being routed over highway 9 to Woodstock, thence east to Slaton. The road is still open to traffic as far as Posy.

If a mosquito bites you, it is a female. The males are unable to puncture the skin and therefore are not bloodsuckers, but vegetarians.

Completion of the 15-mile stretch is expected within 15 weeks. State traffic, which is expected to extend to Slaton or further, is being routed over highway 9 to Woodstock, thence east to Slaton. The road is still open to traffic as far as Posy.

Silver Forbidden In Mexico By Rubio

NOGALES, Ariz., May 16. (AP)—American bankers here were informed today by Mexican Consul Jose Valenzuela that an order has been received from President Ortiz Rubio forbidding the import of silver in any form into Mexico.

Valenzuela said the order applied to silver coin, bullion and ore and Mexican coin now in the United States as well as coin of other nations.

Completion of the 15-mile stretch is expected within 15 weeks. State traffic, which is expected to extend to Slaton or further, is being routed over highway 9 to Woodstock, thence east to Slaton. The road is still open to traffic as far as Posy.

If a mosquito bites you, it is a female. The males are unable to puncture the skin and therefore are not bloodsuckers, but vegetarians.

Completion of the 15-mile stretch is expected within 15 weeks. State traffic, which is expected to extend to Slaton or further, is being routed over highway 9 to Woodstock, thence east to Slaton. The road is still open to traffic as far as Posy.

MILES SCENE OF NEW ROAD PARTY

MILES, May 16. (AP)—Citizens of Tom Green and Runnels counties gathered here Thursday to celebrate the opening of Highway No. 30 from Ballinger to San Angelo. State Highway commission members and contractors were the counties' guests.

A pageant was planned for the celebration showing the evolution of transportation, from an Indian on his painted pony moving further west to make room for the "pale face" to an attack on a "stage-coach."

San Angelo planned a banquet in honor of members of the State Highway commission and visiting contractors and engineers after the celebration here.

Completion of the 15-mile stretch is expected within 15 weeks. State traffic, which is expected to extend to Slaton or further, is being routed over highway 9 to Woodstock, thence east to Slaton. The road is still open to traffic as far as Posy.

If a mosquito bites you, it is a female. The males are unable to puncture the skin and therefore are not bloodsuckers, but vegetarians.

DIVISION OF TEXAS TALKED IN CONGRESS

ARNER SAYS PLAN WOULD TRANSFER POLITICAL POWER

(By Associated Press)
WASHINGTON, May 16.—Ex-pressing a belief that ultimately Texas will divide itself into five states as stipulated when it ceded to the United States, Representative Garner of Texas, democratic house leader, said Thursday this would transfer the balance of national political power from New England to the South.

This forecast of eventful southern supremacy was contained in a statement prepared by the Texas division of the congressional record. The division, he said, would divide the state into five states, each with a population of about 2,000,000. The division, he said, would transfer the balance of national political power from New England to the South.

The division, he said, would increase southern representation in the senate by eight members and could add eight electoral votes to the existing twenty for the South. Garner pointed to the political power "held by New England and Pennsylvania" in the Hawley-Smoot and Fordney-McCumber tariff bills, which, he said, could have been modified in favor of the South if the democrats had had eight additional votes in the senate.

"In the Hawley-Smoot bill practically every industry of the north Atlantic area has been granted special privilege to exploit southern and western producers of raw materials," he said.

PRACTICES CITED

DALLAS, May 16 (P)—L. I. McQueen of Pittsburgh, Pa., addressing a group meeting of builders attending the annual convention here of the national association of credit men, declared current credit practices are stimulating artificial competition in the building industry, compelling the responsible builder to contribute toward keeping the "showing" builder in business.

ELOPES DESPITE MOTHER'S PROTESTS

"He bought a new roadster—it was spring—and there you are." That's how a friend explained the reported elopement of Preston Sturges young playright, with Eleanor Post Hutton, above right, at New York. The pretty debutante was said to have been married despite the objections of her mother Mrs. Edward P. Hutton, prominent society woman shown with her here. Sturges is the author of the current Broadway play success, "Strictly Dishonorable." The bride, 20, was one of eight American women who was presented to King George and Queen Mary of England in 1922.

POSTPONED!

Venice To Move To Summer Quarters

MILWAUKEE, May 15 (P)—All was in readiness today to transfer Venice, Washington Park zoo elephant, from winter to summer quarters. Eight park policemen were being given shot guns before taking up their posts between the winter quarters and the coral, a block away. Edmund Heller, zoo director, noted the shot guns

and recalled that Venice almost got away last year.

"Shot guns," said Heller, "Why those shots would only sting Venice. Get some elephant guns."

Finally rifles were obtained and police took up their stations.

All was in readiness again. And then it started to rain. "Venice doesn't like to get wet. We'll move her tomorrow," said Heller.

LIAPCHEFF RESIGNS
SOFIA, May 16 (P)—Premier Andrei Liapcheff of Bulgaria, and his cabinet resigned last night. A new cabinet was immediately formed with M. Liapcheff at its head and M. Trankoff, a former premier, as minister of education.

NON-STOP FLIGHT AROUND WORLD MIGHT BE NEXT FEAT OF ADMIRAL BYRD; "WHAT WILL BYRD DO NEXT?" QUESTION

NEW YORK, May 16.—"What will Byrd do next?"

That is a question in the minds of fliers and scientists as the explorer makes his way back toward New York from the Antarctic.

At 41, the rear admiral already has flown across the Atlantic and over both the North and South Poles. He is young enough to look for still more worlds to conquer.

A non-stop refueling flight around the world looms as the next great accomplishment for aviation.

Flying has taken long strides since Lindbergh came down at Le Bourget in 1927. Kingsford-Smith has flown to Australia and the "Lone Eagle" has circled South America.

The Graf Zeppelin has flown around the world in 21 days with four stops.

Will Byrd be the first to do it non-stop?

George Palmer Putnam, a close friend of Byrd, declares such a flight is both possible and practical, though he is non-committal as to whether Byrd might undertake it. The chief difficulty in a non-stop round-the-world flight, says Mr. Putnam, would be the cost.

The Graf Zeppelin rounded the globe in about 12 days flying time last summer. Dale Jackson and Forrest O'Brien, piloting the St. Louis Robin, stayed in the air more than 17 days to set the world's record for refueled endurance flying.

A tri-motored amphibian plane, carrying two pilots, navigator and radio operator, could be the best for the purpose, Mr. Putnam believes. Refueling ships could meet the plane at designated points and load it with additional gasoline without halting the progress of the flight, provided weather at the refueling points was good.

The best route, according to Mr. Putnam, would be by way of Newfoundland, Greenland and Iceland to London, across Europe to Constantinople, Persia and India, then up the Chinese coast to Japan and Siberia, across to Alaska and so back to the United States.

Many Slipping
NEW YORK—A lot of folks are hurt slipping in the bathtub. Of 6,338 cases of non-fatal accidental injuries treated by 22 visiting nurse associations last

A non-stop flight around the world in a heavier-than-air ship might be a "new world" for Admiral Byrd (upper right) to conquer. The Graf Zeppelin made it in about 12 days while the St. Louis Robin (shown refueling) was aloft 17 days.

HURLWOOD SCHOOL HOLDS EXERCISES

HURLWOOD, May 16. (Special to the Journal)—Primary grades of the Hurlwood public schools are to be presented in a program this evening beginning at 8:30 o'clock and the general public is invited to attend. The numbers include: "The Maypole Dance," "Dance of the Peppies," "The Rooster Dyll" and "The Doll Shop."

Baccalaureate services will be held Sunday morning at 11 o'clock with year 46 per cent occurred at home.

the Rev. W. M. Lawrence, Missionary for the Lubbock Baptist Association, delivering the sermon.

On Tuesday evening, May 20, at 8:30 o'clock, members of the senior class will present a play, "Borrowed Money," and another play, "A Noble Outcast," is to be given Thursday evening.

Lubbock Independent Merchants will be presented in a program Thursday evening, May 23.

CONTINUE JONES CASE
BORGER, May 15. (P)—The case of Sam Jones, charged with murder in the slaying of District Attorney John A. Holmes, has been continued until the next term of court in September by agreement of attorneys, a notation on the docket of District Judge E. J. Pickens' court showed.

Kohler Exonerated Of Funds Charges

SHEBOYGAN, Wis., May 16. (P)—Exonerated of excessive campaign expenditures by a jury's special verdict, Gov. Walter J. Kohler today celebrated his "vindication" as he awaited the final verdict in his counter suit from Circuit Judge Gustave Gehrz.

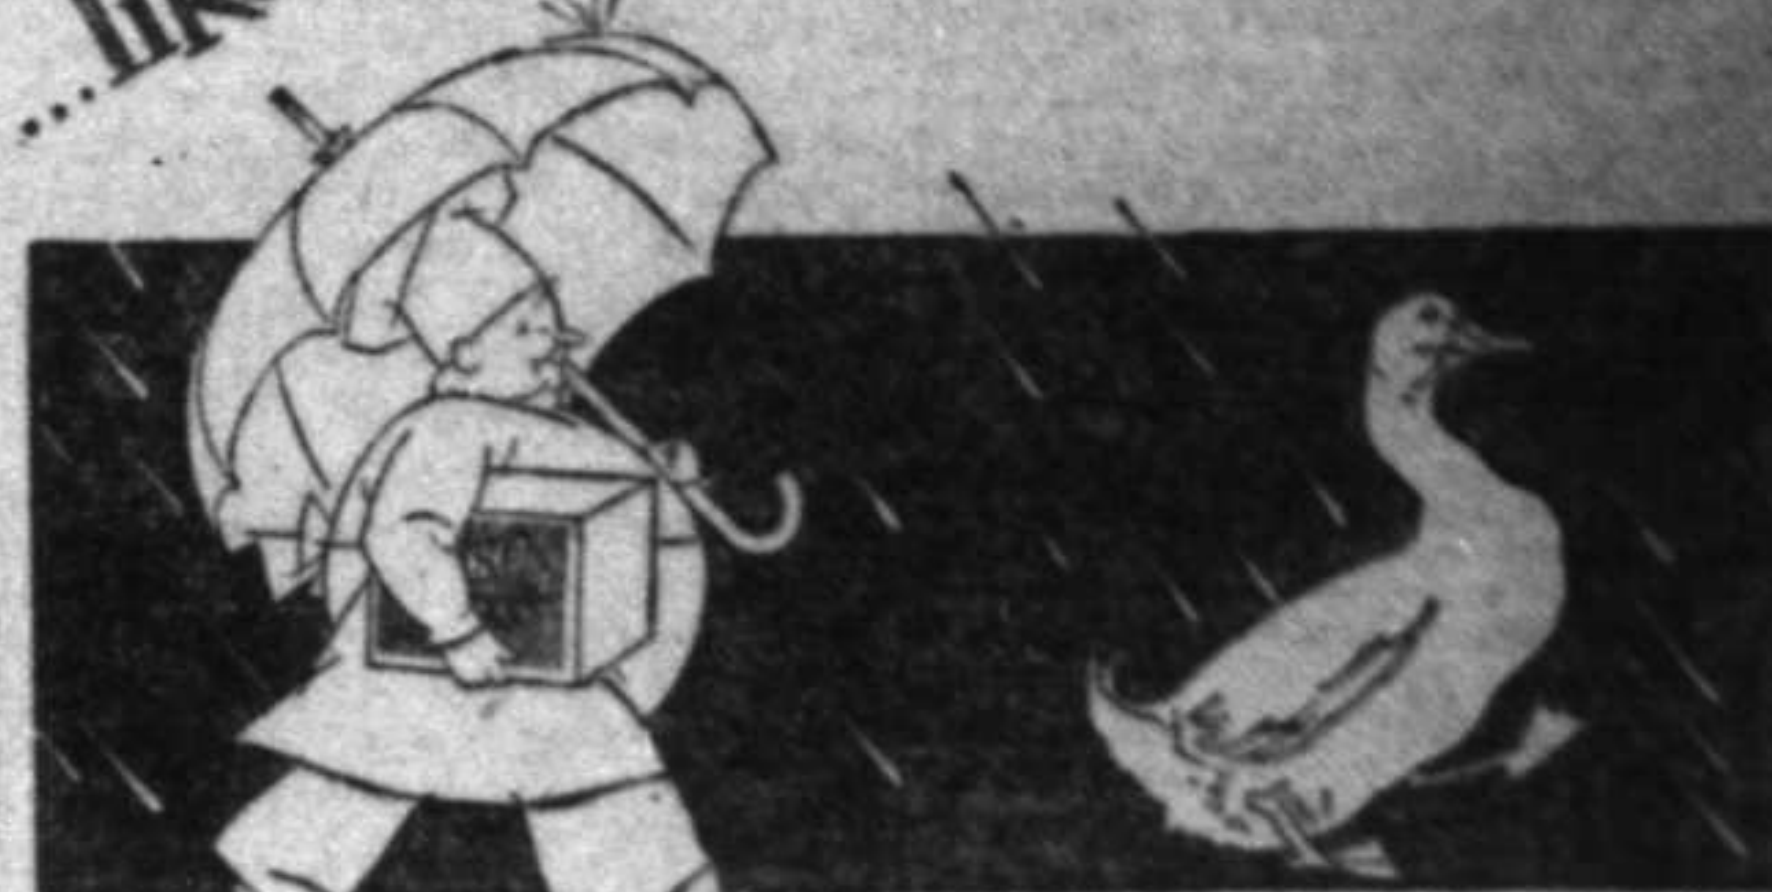

A final decision on the charge

that Kohler violated the state's corrupt practices act by expending more than the legal \$4,000 in his 1928 campaign will be given within a few days.

Macedonia and Thracian expect an extensive agricultural development in the near future.

A moneylender recently arrested in London was charging 400 per cent interest.

...like water off a duck's back

Brown Bakers carefully guard the delicious taste of these crisp, flaky, crackers from their ovens to your table.

Around this big economical, family caddy, they put

a sturdy wax-wraper that sheds moisture like water off a duck's back.

No wonder that thoughtful housewives make sure to say Brown's Saltine Flakes to their grocers.

Thought For Today

And I will tread down the people
in mine anger, and make them
drunk in my fury, and I will bring
down their strength to the earth.—
Isaiah 63:5

He is a fool who cannot be an-
gry; but he is a wise man who will
not.—Seneca.

Man-Made

For an example of the miracles
which modern invention can work,
we commend to you an event that
took place recently during the
army maneuvers at San Francisco.

An army airplane, circling over
the Golden Gate, spotted two
"enemy" submarines coming in to-
ward that famous entrance to San
Francisco's harbor.

One of the observers in the air-
plane hastily drew a sketch map of
the position of the two submarines.
He handed the map to a radio en-
gineer who was seated in the plane.
This man inserted the paper in a
little cylindrical machine. Just 47
seconds later a complete reproduction
of the map was transcribed on a
receiving apparatus at an army
airport, 75 miles away. Instantly a
fleet of bombers took off to go out
and "destroy" the invading sub-
marines.

There is an uncanny quality to
that miracle that is fairly stag-
gering. Imagine it: a man seated in
an airplane a thousand or more feet
above the earth draws a picture,
which is reproduced almost simulta-
neously on the ground 75 miles
away and enables a group of planes
to go out and sink two vessels which
are not even visible on the surface
of the water!

You could not go much farther
in performing the impossible.
It is a little bit disturbing to
realize that this particular miracle
was devised for the purpose of tak-
ing human lives and destroying
property. Sometimes it seems as if
mankind's inventive faculties work
best only when someone is prepar-
ing to wipe some of the fellow mor-
tals off the face of the earth.

Yet there is a bright side to it,
at that.

Shortly after causing the "de-
struction" of the submarines, these
two airmen, still circling high in the
air, saw another enemy airplane
plunge to the earth, out of control,
saw its pilot leap into the air with
a parachute to save his life. Promptly
they dash off another sketch and
transmitted it to headquarters, so
that the exact location of the ac-
cident could be made known and aid
rushed to the spot at once.

This stunt was a sort of after-
thought, of course, yet it indicates
that this amazing device for making
destruction certain can also be used
for more humanitarian purposes.

In that respect, an outlook can
find the whole business symbolic, if
he wants to.

The human brain is capable of
performing genuine miracles. It can
take liberties with time and space
that would have seemed wildly im-
credible a few years ago. Just at
present many of these devices are
used, not to serve humanity but to
destroy it. Some day, however, we
shall have sense enough—let's hope
—to put them to more constructive
uses.

Capone And Cuba

The Republic of Cuba is not, of
course, nearly as enlightened and
forward as a nation as the mighty
United States of America. Just the
same, our advanced and self-satisfied
United States might take a
small tip, now and then, from the
Cuban way of doing things.

Al Capone, who seems quite able
to follow his career in the United
States in perfect freedom despite all
of the crimes that are laid to his
door, went on a visit to Havana re-
cently. The visit didn't last very long
—only two days, to be exact. Then
Capone left. Cuban police authori-
ties quietly but firmly instructed
him to get out and stay out—and
he obeyed.

In that one respect, Cuba seems
to be a few jumps ahead of us.
Capone has the United States bu-
feted. He comes and goes just
about as he pleases, and no one
seems to know just how to deal
with him. But Cuba—well, it took
Cuba just 48 hours to pitch him
out of the country.

THE PLAINSMAN

That Girl on Broadway says no-
body ever called it propaganda if
they thought it was true.

CLASSIFIED AD. Anybody need-
ing a bus driver who is personally
acquainted with every detail be-
tween Lubbock and Timbuctoo is
requested to write The Plainsman.
Box XYZ. Will work cheap on ac-
count of having driven over them
recently, for nothing.

ON A recent whirlwind motor trip
to Oklahoma The Plainsman
found that the highway depart-
ment in the Sooner state is just
about as efficient as the one in
Texas, if that means anything to
you. The situation in our neighbor-
ing state is very much like that of
Texas. All the paved roads run in
and out of Tulsa and Oklahoma
City, just as they run in and out
of Houston and Dallas in Texas—
and it's against the law to have
any other stretch fit for travel in
anything better than an ox-cart.

The people of Southwest Okla-
homa and West Texas should
get together and stage a revolu-
tion. They should refuse to
continue their contributions to
build roads in other parts of their
respective states and build
some of their own. Then maybe
things would be evened up a
little.

But enough of this prattle. The
other day The Plainsman treated
himself to an outburst on the Lub-
bock Municipal airport—or rather
the lack of it. Then Walter Har-
rison, one of America's leading
editors, hit town and lambasted the
city all over again. Now the fig-
ures on air travel are here, as
compiled by the Board of City De-
velopment, and The Plainsman,
true to his promise of last week, is
going to give 'em to you.

Statistics covering eleven cities
have been compiled. The cities
are Amarillo, Big Spring, Abilene,
Midland, El Paso, Fort Worth, Dal-
las, Oklahoma City, Sweetwater,
Tulsa and Wichita Falls—and you'll
notice that they are located on
every side of Lubbock. In and
through those cities are being op-
erated a total of 46 airlines, with
250 ships on daily and twice-daily
schedules. During the month of
April, just passed, these lines and
planes carried a total of 20,665 pas-
sengers.

And while all this was going
on in our neighboring cities,
dear, quaint Lubbock was still
sitting by doing nothing in an
air way despite the fact that
more than a year has passed since
bonds were voted to pro-
vide this city with adequate
airport facilities. Is Lubbock
behind? You know it is.

But wait a minute. We're not
through. In addition to the pas-
sengers carried by these regular
lines 3,216 other planes dropped into
these eleven cities, carrying an ad-
ditional 10,000 passengers. That
swells the air travel for those cities
to more than 30,000 persons for
April—or an added tourist business
of 1,000 persons per day. And where
was Lubbock all this time? Sitting
back in the ox-cart days with an
order from the citizenship reposing
in the City hall—musty and dust-
covered.

Looking at the individual
towns, here's Sweetwater. While
Lubbock was passing up the air-
tourist business, due to lack of
airport facilities, 230 persons
came in and out of Sweetwater
by air during April. There are
four lines running through that
city.

AMARILLO, with five lines, sees
400 passengers every day and
150 planes land in Amarillo, two
airports every month. Wichita Falls
with three lines, had 989 passengers
during April while Tulsa was host
to 9,264 persons who swooped into
the oil capital via the air. If Lub-
bock had ten the Plainsman is
surprised—and those ten won't ever
want to land here again until the
city has something more to offer
than a more or less flat field and
a tin building, with no facilities.

And don't you think Lubbock
can't get on some airlines if it
offers a decent airport. The
Board of City Development has
been approached several times
during the past few months by
air transport companies wish-
ing to traverse this city. But
that's all the further we have
gotten—and all the further we
will get until Lubbock swings
into line and does something to
keep the pace with the times.

BIRDS roost where nest are
built—airships do too! The day
of airship is over and the time
for action is right now. One city
administration has gone by the
boards since the airport bonds were
voted, now another is getting com-
fortably settled in the saddle for a
two years ride. Every civic organ-
ization in Lubbock should hammer,
hammer until something is done to-
ward selling the bonds and getting
a decent airport.

The Plainsman learns that the
City commission will meet Monday
night to consider the airport propo-
sition. Members of the official
family should be button-holed and

Sketch Your World Exactly As It Goes"—Byron

National Chamber Of Commerce Meeting Saw Real Study
Given To Business Problems, Dutcher Says At Capital

EDITOR'S NOTE: This is
one of several stories reporting
some of the most interesting and
significant things heard at the
annual U. S. Chamber of Com-
merce meeting in Washington.
These are especially timely be-
cause of the current interest in
the business situation.

BY RODNEY DUTCHER
NEA Service Writer

WASHINGTON, May 16.—Busi-
ness received more attention from
American business men at the an-
nual meeting of the Chamber of
Commerce of the United States
here than it ever

received before. If that's possible
The chamber made "What's
Ahead for Business" its program,
voicing a question
interesting the
entire country at
this time and
most poignantly
the business men
themselves.

Besides inspir-
ing the usual pre-
dictions about how
good things are
going to be and the customary com-
plaints about taxes and "govern-
mental interference," the meeting
produced many serious and signifi-
cant discussions and addresses which
indicated that the members were
alive to current problems of all
descriptions, and that they didn't
intend to permit the current depres-
sion to resolve itself into any peri-
od of stagnation or to allow its les-
sons to go unlearned.

Urges Unemployment Study
One of the most impressive mes-
sages given to the chamber was
brought by John H. Fahey, the
Massachusetts publisher, a former
president of the U. S. chamber.
Fahey raised and discussed many
questions of importance which he
said were now being pressed from
many directions for re-examination
following "the unfortunate develop-
ments of last year."

The problem of unemployment,
he said, could not be ignored, if
only because of its inescapable over-
seas effect upon industry. Follow-
ing the study of the Hoover com-
mission on unemployment, business
men, except in individual cases, did
nothing effective to follow up on
results. Some persons, Fahey said,
regarded unemployment as an un-
preventable evil about which little
could be done. But progressive in-
dustrial leaders in many lines had
really stabilized production and em-
ployment.

"Shall we passively await the
establishment of a 'dole system'?"
Fahey demanded. "Important as
other questions are, there is none
which we should attack with more
persistence and determination. If
business men as a whole are un-
able to contribute constructively to-
ward a solution, then we may be
sure that others with less practical
experience will sooner or later apply
remedies far from useful in their
ultimate effects."

"Taking up 'profitless prosperity,'"
Fahey cited figures showing that in
the 1926 tax returns 97 per cent of
corporations had shown a profit
and 43 per cent had losses of \$2-
168,000,000. Less than one per cent
of corporations filing returns made
62 per cent of the profits. The sit-

uation was not so favorable when
confronted with at every opportunity
between now and then to assure
some kind of action. If they dis-
cover that Lubbock demands an
airport they'll act to that end. Let's
keep punching along until we get it!

Diet and Health
By Lulu Hunt Peters MD
Author of "Diet and Health" and "Diet for Children"

VITAMIN A NECESSARY FOR CHILD

Answer to Mothers

God could not be everywhere,
therefore He made mothers.

"Dear Doctor: What may be the
cause of an enlarged abdomen in a
15 months old baby who seems to be
well nourished and in general good
health? Is margarine as good as
butter?"

"MRS. H.:"
Most young
children have a
prominent abdo-
men. Mrs. H. it
is an easy matter
to make one of
the indications of
rickets.

Frequently
mothers think
that children are
getting enough of
vitamin in the
curative and pre-
ventive of
rickets in their diet, when they are
not. See the next answer for more
on rickets.

There is another condition that
causes a very large abdomen in chil-
dren, and that is the disease called
celiac disease, in which the colon is
extremely distended; but in this dis-

ease there will be long periods with-
out any bowel movements and then
an excessive large one passed. In
this condition, there also seems to
be intolerance for ordinary
starchy foods, but bananas agree
surprisingly well and children will
thrive on them.

However, as your child seems to
be well, there is apparently no abnor-
mal condition, unless it is rick-
ets. I must suggest that you take
him to a children's specialist and
have examined. Meanwhile, you
might make a snug abdominal
bander for him.

The manufacturers of the margar-
ine that are churned up with milk
claim that these have vitamins, but
I don't see how they could contain
the chief vitamin of milk, vitamin
A, which is in the cream. Sherman,
in the latest edition of his "Food
Products," says: "It appears, how-
ever, safe to say that none of the
butter substitutes approaches good
butter in vitamin A value, and that
butter, even when of poor quality,
is likely to be much richer in vita-
min A than any other commercial
form of food fat."

However, margarine is a good
heating and energy food, just as any
other is, and if sufficient of the vita-
mins are taken in cream and the
green vegetables, or if cod liver oil
is given to the children, which is
very high in vitamin A, there would
be no danger of a deficiency of that
vitamin. It is undoubtedly better
for the children of the family to
have butter, for they are the ones
who especially need vitamin A.

We have a list of modern books
on the general care and feeding of
children which you may have. See
column rules.

"My son, 14-15 years old, has
what the doctor call pigeon breast.
He always was very healthy and it
is only during the last year that this
trouble arose. I am wondering
if anything can be done?" MRS. N."

There is a form of rickets that
appears around adolescence, and
perhaps that is what your son de-
veloped. Mrs. N. I would take him
to an orthopedic surgeon for advice
and see if the deformity can at least
be modified somewhat.

Rickets during adolescence is due
to the same thing that causes it in
early life—absence of vitamin D and
sunshine. I would certainly see that
he gets some cod liver oil now and
sunlight treatments. Cod liver oil
is high in both the growth vitamin A
and the rickets-preventing-and-cur-
ing vitamin D. The new remedy for
rickets, viosterol, contains only vita-
min D, but has it in very powerful
concentration.

Tomorrow: Valvular Heart.

Gilbert Swan

NEW YORK, May 16.—Having
practiced the not-too-gentle art of
sipping upon patrons until they lost
public confidence, the more unscrup-
ulous night clubs of Broadway have
taken to gipping the performer as
well.

Wherever, loud walls are to be
heard in the glowing guild.

The racket is, briefly, this: Vau-
devillians have been having a par-
ticularly tough season. Hundreds of
the agencies looking for a "break."
A few shady agents made a deal
with a few shady night resorts. They
would send the work-seeking per-
formers to the night clubs, but under
a very tricky arrangement.

The actor would be told that
there was no way of knowing how
well his act would go in a cabaret.
So "audition nights" were invented.
The vaudevillian would get an "au-
dicion" with a chance for a job.
Grabbing at any passing straw, the
jobless ones naturally took the
chance. Not even their carfare was
advanced—yet they showed up and
without realizing that they were
victims of a sucker game, appeared
as entertainers.

For which, of course, they re-
ceived no pay, since this was mere-
ly an "audicion." On subsequent
nights, other entertainers would
thus be gathered and "return try-
outs" would be arranged. So the
night clubs got their talent and the
agents got a rakeoff from supplying
the "free material."

Conditions under which they had
to appear have formed a particu-
lar ground for complaint. Frequent-
ly men and women found them-
selves in a single large dressing
room, with only a screen between
them as they prepared for their
numbers.

Al Crockett sends me one about
Charles H. Sabin, the millionaire
head of the Guaranty Trust Com-
pany.

Sabin had called at the St. Regis
Hotel to see a friend and, while
waiting at the room clerk's desk,
suddenly pointed out two gents
walking across the lobby.

"Do you know who those men
are?" asked Sabin.

The clerk shook his head.

"Well, they're two of the biggest
gunners."

The clerk turned slightly pale
looked around for aid and rang a
secret buzzer for the house detec-
tive.

But when the two men reached
the desk and registered, they put
down the names of Captain James
Purdee and Thomas Purdee of
London, England.

What Sabin had meant to state
was that they were two of the
most famous manufacturers of fire-
ing arms in the world. The House
of Purdee has been in the gun-
making business for a century and a
half, the business having been hand-
ed down from father to son.

Speaking of vaudeville perform-
ers being out of work, reminds me
that Corey Island has been calling
upon many of them to do spelling
for the famous Broadway side-
show attractions.

The trypsin thus far showed them
to be adroit and unusually eloquent
artists of the halibut. They are
well acquainted with the "ad lib,"
which is very necessary to this par-
ticular racket.

concentration. However, it can
never supplant good old cod liver oil
because it lacks the vitamin A. (It
must be prescribed by a physician.)

Editor's Note: Dr. Peters cannot
diagnose nor give personal advice.
Your questions, if of general inter-
est, will be answered in the column
in their turn. Requests for articles
or pamphlets on hand must be ac-
companied by a fully self-addressed,
stamped envelope, plus the following
small charge to help cover cost of
printing and handling: for each
article wanted, two cents in coin; for
each pamphlet ten cents in coin. The
pamphlets are Reducing and Gain-
ing, Hygiene of Women, Kidney and
Bladder Disorders. Address: Dr.
Peters, in care of this paper. Write
legibly, and not over 200 words.

Tomorrow: Valvular Heart.

A popular song is usually a howl-
ing success.

BOX BILL DRAWS
NEW OPPOSITION

WASHINGTON, May 16. (AP)—Op-
position of the State department to
the Harris-Box bill for restriction
of Mexican immigration was regis-
tered before the House Immigration
committee today by Undersec-
tary Cotton.

He said the bill, which was pass-
ed by the Senate yesterday, would
do "no actual good" and might have
an adverse effect on relations with
Mexico.

Citing figures showing a "progres-
sive reduction" in the number of

Mexicans coming into this coun-
try in the past few months, Cotton
said the bill would "keep out only 1.5
Mexicans a year."

The measure would place Mexi-
can immigration under the quota sys-
tem with an annual limit of be-
tween 1,200 and 1,800.

For one invention alone—a n-
electric light—Edison made not
extending to 40,000 pages.

Hoover Signs Bill

Lamesa Man Owns Original Paintings

LAMESA, May 16. (Special)—Two original paintings by R. A. Moore, fish artist of the nineteenth century, are owned by Charles Lamesa, "Tintern Abbey," located in Monmouth, Wales. The set of one painting finished in 1845, while another is "Cockington," which was formerly located in Torquay, Devonshire. The paintings were recently moved to Lamesa's home in England by the noted American art lover. The paintings are devoid of warm color but detail appears to be the

main theme of the artist. Hurst is a talented painter himself and is an excellent judge of paintings.

The giant sequoia trees of the Pacific coast measuring more than 300 feet in height grow from a cone slightly over an inch in length.

AND SPIKES

STOCKS SHOW IRREGULARITY

MARKET WORRIES ON WITHOUT SUPPORT: FEW SHARES SAG

NEW YORK, May 16 (AP)—The stock market was forced to worry along without public support today, and volume again dwindled. There were several up and down price movements in the forenoon. Quotations generally held within a point or so of yesterday's close. Pressure against several favorites, such as United Corporation, Johnson & Johnson, General Electric, A. M. Byers and Warner Brothers Pictures, was not sustained. National Supply dropped 10 points to 102, the year's minimum, on disappointing first quarter earnings. Auburn Auto, Vanadium, Delaware and Hudson, Worthington Pump, J. I. Case and Weith Albee Orpheum Preferred rose 3 to 6 points, while Du Pont, American & Foreign Power, American Tobacco B, United Aircraft, Detroit Edison and Bohn Aluminum rallied 2 points or more.
Call money renewed at 3 per cent.

CHICAGO GRAIN
CHICAGO, May 16 (AP)—Indications of large export business overnight, together with fresh upturn in Liverpool quotations, helped bring about an early advance today of the wheat market here.
Opening 3-3 to 7-8 higher, wheat afterward scored additional gains. Corn and oats were likewise firm, with corn starting at 1-4 to 3-4 advance and subsequently rising a little more. Provisions kept about steady.

Produce

CHICAGO POULTRY
CHICAGO, May 16 (AP)—Poultry steady, fowls 20 to 24, broilers 20 to 22, roosters 13-17; turkeys 20; heavy ducks 16, small 14; spring ducks 20 to 22, old price 14; spring 20-22.
BUTTER AND EGGS
CHICAGO, May 16 (AP)—Butter, creamery extras 34-34, standards 34-34, extra firsts 21-24, 2d firsts 20 to 21; seconds 20 to 21-2.
Eggs unchanged.

WAR MOTHERS

(Continued From Page One)

There had been the usual Sunday services at sea for all creeds and as much entertainment as the mothers wished.
It was when they finally reached the shores of France where their sons had died that they felt most acutely the emotions of grief and tenderness that had sent them upon their long pilgrimage. Many were in tears as they walked down the gang-plank and few eyes were dry in all the crowd when Madame De Roubaix of the society of French Women, General Vertillon, of the French combatants and other officials had finished speaking for the government and city of Cherbourg.

Trapper To Face Examination Today

VICTORIA, May 16 (AP)—P. P. Robidoux, 58, muskrat trapper of Kenyon Island on the Guadalupe river, was due to face continued cross-examination when his murder trial was resumed today. The aged trapper testified yesterday that he killed James and Wilbert Moore, brothers of Reddick, in self-defense the night of Dec. 11, as he attempted to interfere when they were scuffling to determine which was the "better man." James attacked him, he testified, and threatened to "break his neck."

WIN PRIZE

For performing the "most noteworthy" reporting feat in Washington, D. C. in 1929, John A. Kennedy capital correspondent of the Universal Service has been awarded the \$1,000 Pulitzer journalism prize. He wrote an article telling of the presence of Charles L. Ryanon manufacturers' association executive, in secret sessions of the senate finance committee which was drafting the tariff bill.

COTTON MAKES MORE ADVANCE

FIRST TRADES RECORD 4 TO 6 BUT GAINS MORE LATER

NEW ORLEANS, May 16 (AP)—Cotton had a steady opening in response to favorable cables, and first trades showed gains of 4 to 6 points. Although July was inclined to be in shade earlier at the start, probably due to realizing, new crop months were firmer on rains in the western belt, which were not needed. July advanced only six points to 15.93, while October gained 12 points over the previous close and December 10 points, the former advancing to 14.94 and the latter to 15.01.
The market ruled steady all morning although not very active. Continued rains in the western belt and unfavorable crop reports from that section caused a good demand for new crop months, and October traded up to 15.93, and December to 15.18, or 21 to 27 points above the previous close. On the other hand July advanced nearly to 15.90, a gain of but 6 points. It was reported that there had been trading in the selling of July against purchases of October. At noon the market was steady but near the high.

ADVANCE IS 1 TO 7 POINTS IN NEW YORK

NEW YORK, May 16 (AP)—Cotton opened steady at an advance of 1 to 7 points with the new crop relatively firm to unfavorable crop reports from Texas and some parts of the central belt.
The appearance of notices estimated that 9,100 bales seemed to bring in some selling of May, and the price eased off from 15.12 to 14.98 during the first few minutes, or about 4 points net lower. There again seemed to be some selling of July against purchases of May and July declined to 14.19.
Trading continued quiet during the middle of the morning, but prices held fairly steady and buying became a little more active toward midday when the market appeared to be influenced by talk of rains in the southwest.
Old crop months were rather slow to follow the advance, but July sold up to 14.99, or 10 points higher, while the new October selling at 15.02, showed a net advance of 21 points. The market was within a point or two of these prices at midday.

LIVERPOOL SPOTS

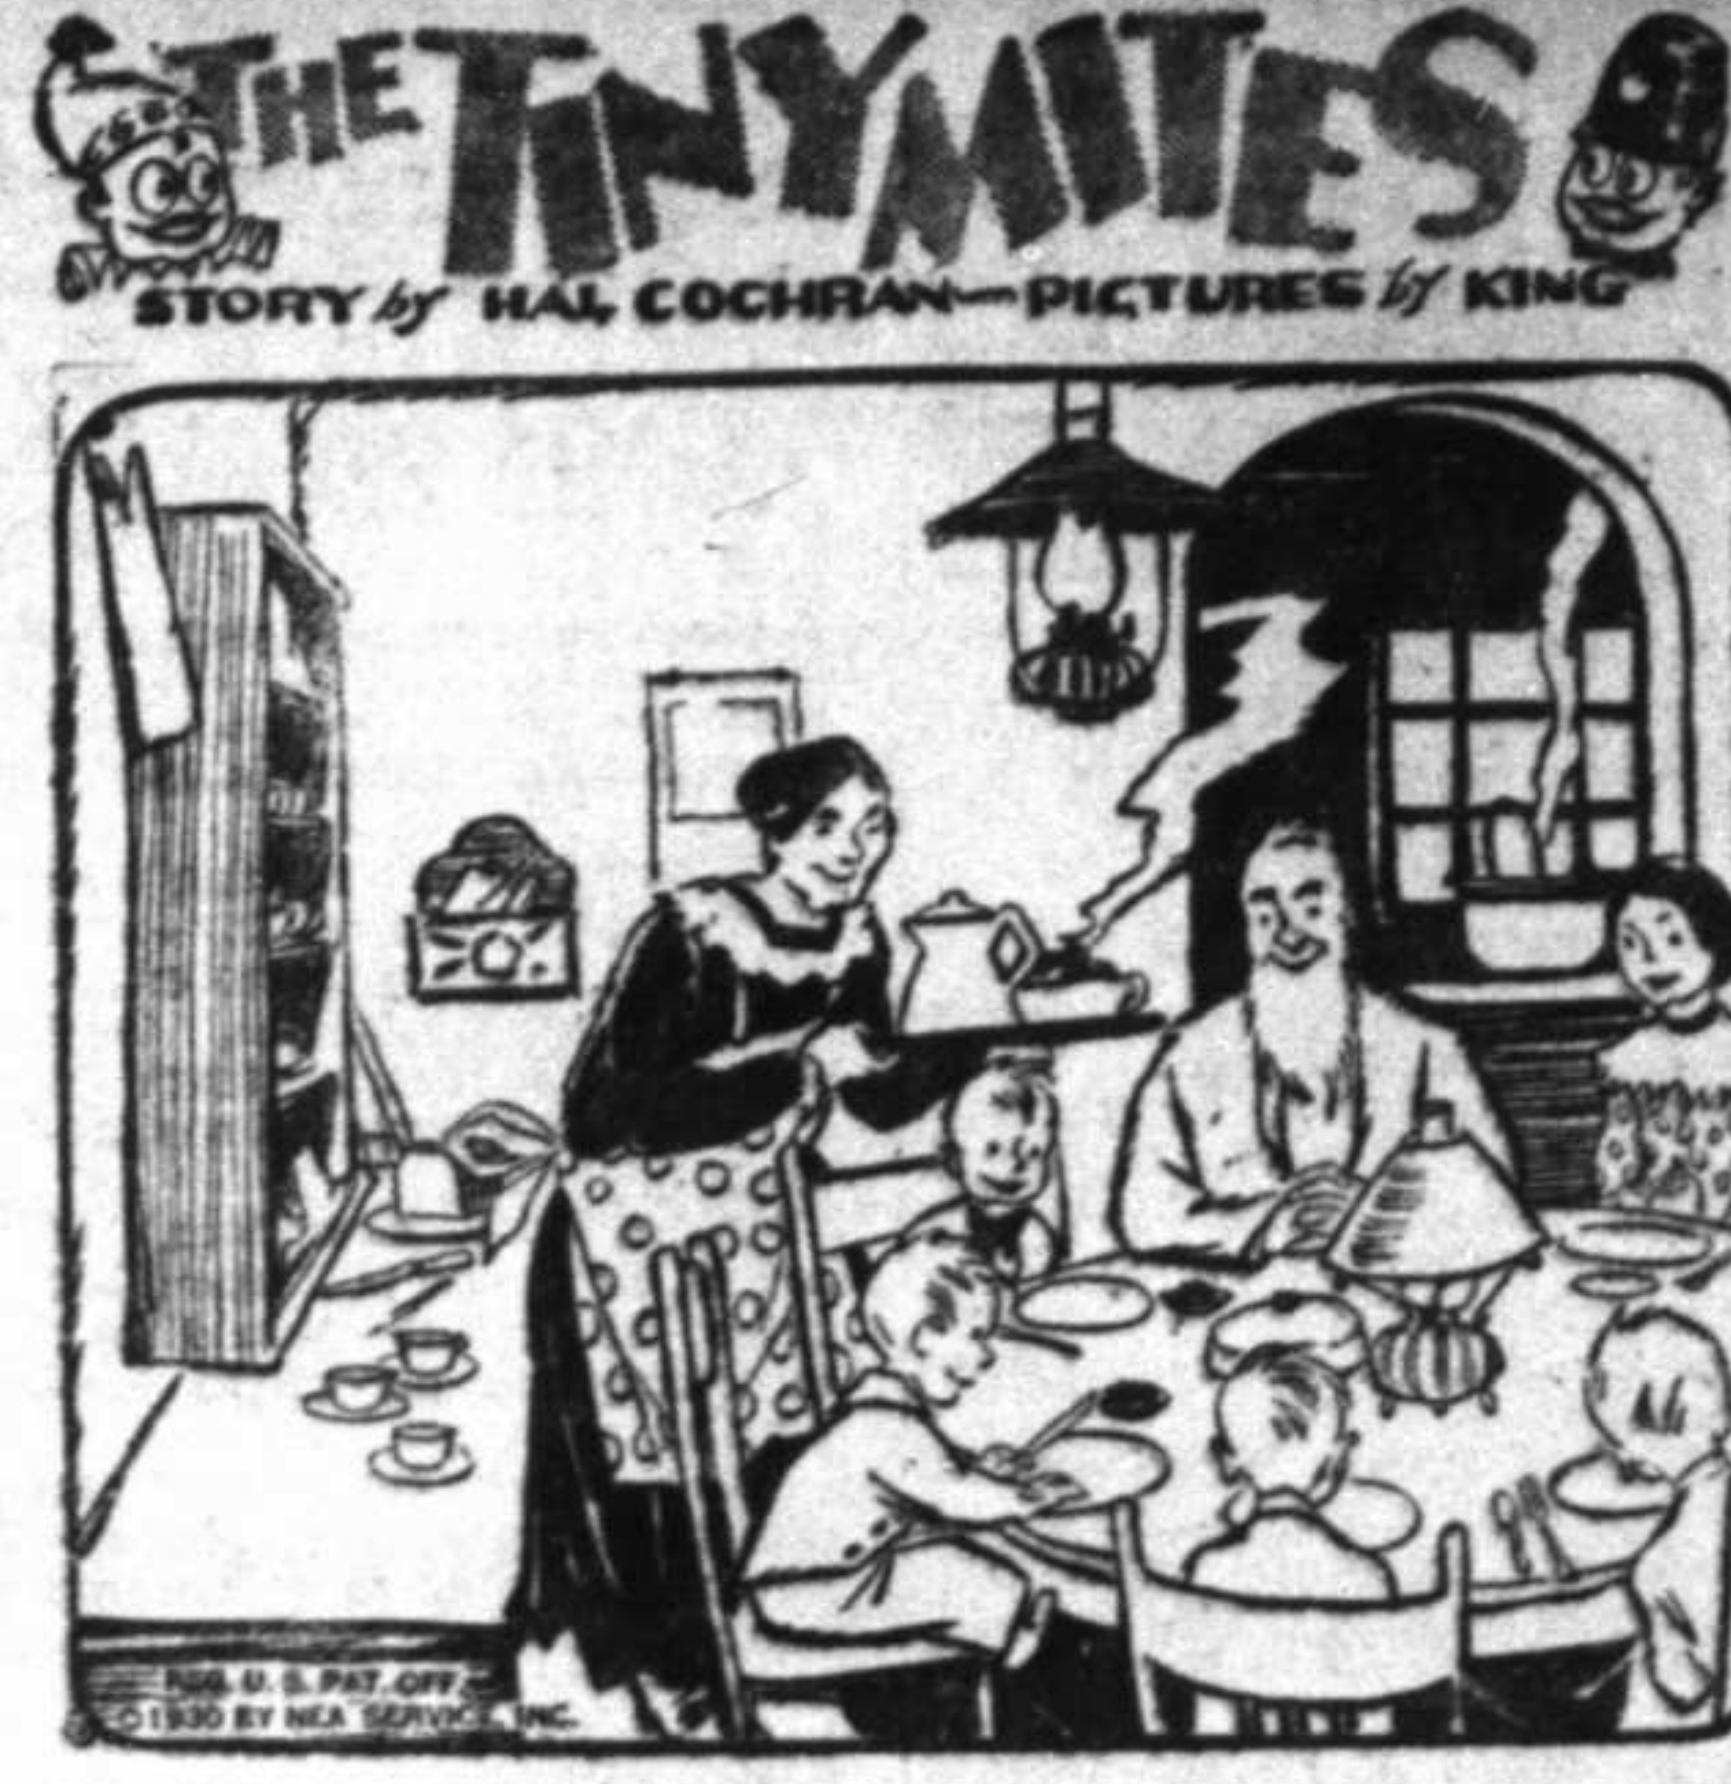

LIVERPOOL, May 16 (AP)—Cotton spot dull, higher; American strict good middling 9.35; good middling 9.04; strict middling 8.74; middling 8.54; strict low middling 8.19; low middling 7.94; strict good ordinary 6.94; good ordinary 6.54. Sales 5,000 bales; 1,500 American Receipts 29,000; American 4,300. Futures closed quiet and steady: May 8.13; July 8.08; October 7.92; December 7.94; January 7.95; March 8.00; May 8.04.

NEW ORLEANS OPEN

NEW ORLEANS, May 16 (AP)—Cotton opened steady. Jan. 14.98-bid; March 15.15-bid; May 15.70; July 15.90; Oct. 14.87; Dec. 14.95.

NEW YORK OPEN

NEW YORK, May 16 (AP)—Cotton opened steady. May 15.12; July 16.27; Oct. 15.16; Dec. 15.21; Jan. 15.25. New contracts, Oct. 14.87; Dec. 14.95; Jan. 14.96; March 15.15.

The farm house that was right nearby, was beautiful against the sky. "Oh, my, I'd like to live there," shouted Scouty, in delight. "I'd work real hard the live long day and then, each evening, have some play. Just living in the open air would keep me feeling right."

WEE CLOWNY frowned and said, "Well, I would gladly pass the work right by. Of course I'd like to play around upon a farm like this, but working wouldn't be much fun, out in the fields, beneath the sun. And, if you worked all day, just think of hours of play you'd miss."

"Oh, my, but you're a lazy lad," snapped Scouty. "It will be too bad if, some day, you are forced to work. I don't know what you'd do. Why don't you realize that it is work that keeps one feeling fit. 'Tw well the world is not chock full of lazy lads, like you."

"Oh, stop the argument right now," cried Copsy. "Please don't start a row. Let's rap upon the farm house door and find out who is here. The milkmaid said that we would get a drink of milk and I'll just bet that it will taste real wonderful. Come on, there's naught to fear."

They rapped upon the door real loud. A woman opened it and bowed and said, "Come in, you Tinymites. A dandy treat's in store. I'll bet you're hungry as can be. Well, now, just wait until you see what you're to get instead of milk. 'Twill be a whole lot more."

And, sure enough, when once inside the milkmaid met them. Then she cried, "I have a big sur-

ATTACKS ON NAVAL TREATY ARE RECORDED

NAVAL EXPERTS TELL OF NEGOTIATIONS IN LONDON

(By Associated Press)

WASHINGTON, May 16.—The cruiser provisions of the London naval treaty were bombarded with objections today by two high officers of the navy, who disclosed that the American negotiators accepted three less eight-inch gun ships than the navy general board had set as the national defense minimum.
Rear Admiral Mark L. Bristol, chairman of the board, told the senate foreign relations committee that the treaty did not represent parity with Great Britain nor a proper

cruiser ratio with Japan, and that the best thought of the navy had been brushed aside at London.
Appearing successively before the naval and foreign relations committees, Rear Admiral Hilary P. Jones said a "vital" and "fundamental" concession was made when the American delegation took 18 eight-inchers in place of 21 "instantly" agreed to by the general board last September in a memorandum to President Hoover.
Both Jones and Bristol, whose opinions do not accord with those of Admiral Pratt, commander of the United States fleet, were hampered exceedingly with cross examination by senators friendly to the treaty. Repeatedly they questioned the accuracy of the admirals' testimony.

Brazil nuts, or "nigger toes," grow on trees sometimes 150 feet high. The nuts grow inside a hard-shelled fruit and are but the seeds. There are about 20 of them in each shell and they are closely packed.

In the first three months of the year 45 feature films were registered in England.

any

time you're hungry, enjoy Kellogg's Corn Flakes and milk or cream. For breakfast, for lunch, for supper—for a late snack. They're great... between meals and at any

meal

Kellogg's CORN FLAKES

*Extra delicious with fruits or honey added. Made by Kellogg in Battle Creek.

Caveat emptor

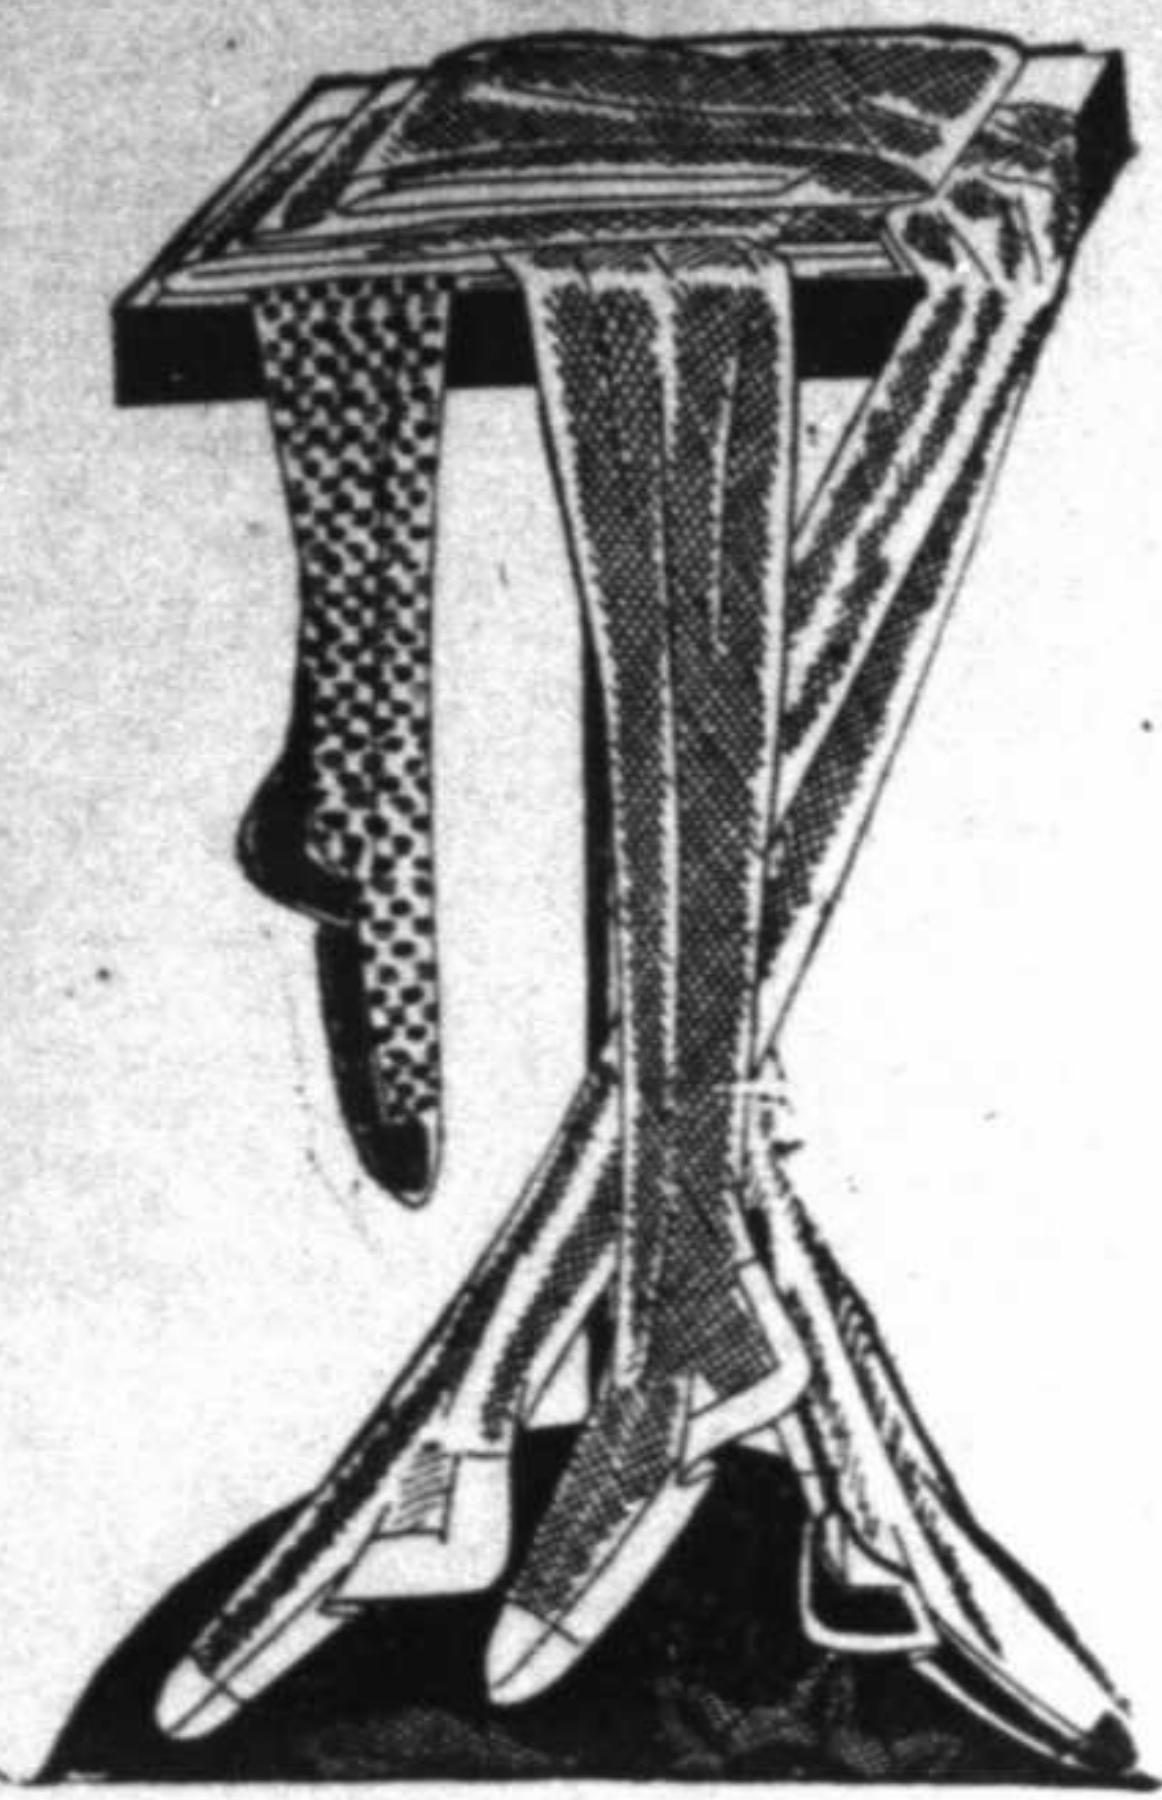

A few years ago "Let the buyer beware" was not so far from being the motto of American business. If a man set out to buy a razor he might get a very excellent one—and, again, he might not. There were some very fine products. And some very poor. And there was no way of choosing the good from the bad, except by test.

Today that condition hardly exists. In every line of merchandise there are trade-marked, standardized products. Products that are unvarying in quality and performance—that can be depended upon year in and year out. When you buy them you know what they are, what they'll do, and what they cost—they're advertised products!

To take full advantage of this—to protect yourself—to save money—watch the advertisements! When you need anything turn to the advertising columns of this paper. Read about the things listed there. When you find the article you need, buy it—not haphazardly, but by name!

The advertisements protect your interests—read them

CANNON GIVES UP CHAIR IN CHURCH MEET

BISHOP SURRENDERS HIS POSITION TO BEAUCHAMP

(By Associated Press)
DALLAS, May 16.—Bishop James Cannon, Jr., of Washington, D. C., today's president of the general conference of the Methodist Episcopal Church, South, surrendered his presidency today to Bishop W. J. Beauchamp of Atlanta, Ga., "because of certain matters before the conference."

He asked Bishop Beauchamp to take the chair after making two statements concerning with the work of the board of temperance and social welfare, one of which he said was unusually pertinent "because of the statement of Dwight Morrow that he was not in favor of a return of the saloon, but was in favor of repeal of the Eighteenth Amendment."

Greeted By Applause
When Bishop Cannon took the chair he was greeted by applause that shook the church building, and which was not ended until more than half the delegates in the church had risen to their feet in tribute to him.
Proceeding without thanks for the unprecedented demonstration, Cannon told the conference that he had had ten thousands copies of the address of James E. Hughson, fraternal delegate from Canada, printed for distribution. The address was the same Hughson made before the prohibition inquiry committee in congress as a reply to the statement of another speaker from Canada who had upheld the Canadian laws in regard to liquor control.

Surrendered Chair
"Now," Cannon continued, "I wish to make a personal statement. Because of certain conditions known to the conference, I wish to surrender the chair to my good friend and colleague, Bishop Beauchamp of Virginia."

Another wave of applause followed, and immediately Bishop H. M. Dubose of Nashville demanded the floor.
A copy of the morning paper, the Dallas News, in his hand, Bishop Dubose said that he wished to publicly express his resentment of the article appearing in the paper.
This article said in effect that those bishops whose political activities had been attacked had "compromised" with members of the episcopacy committee whereby they were to be freed of accusations in regard to politics in return for which they combined with the "Anti-Cannon" forces.

No Truth in Statement
Bishop Dubose declared there was no truth in the statement. "I am sure," he declared, "that no member of this conference sought to bring about a compromise. I do not live in a glass house. I am willing to see everything I do and everything I say printed. But I resent this statement."

Another round of applause, drowning out the speaker's words, greeted this statement.
Bishop E. B. Mouzon of Charlotte, N. C., was the next to gain recognition.
"I merely rose to say," he said, "that I am in full accord with the statements made by my colleague and friend, Bishop Dubose."

Mouzon, with Moore, Dubose and Cannon, were those named by the Rev. Rembert Smith of Washington, Ga., as taking undue part in politics in 1928. All were exonerated of these charges by the episcopacy committee.

The conditions to which Cannon referred were the charges pending against him of gambling on the stock market.

ment power to give all possible protection and assistance to those states that desire complete prohibition against invasion from the states that do not.

CANNON TAKES ISSUE
WITH MR. MORROW
DALLAS, May 16.—Bishop James Cannon, Jr., of Washington, D. C., here attending the general conference of the Methodist Episcopal Church, South, took issue today with Dwight W. Morrow on the latter's proposal for repeal of the Eighteenth Amendment, when shown accounts of Morrow's announcement of his candidacy for the United States senatorship from New Jersey.

"Mr. Morrow's statement is cleverly worded," he said, "but I cannot agree with any such plan for repeal of the Eighteenth Amendment. However, I heartily approve of his advocacy of adequate appropriations for enforcement of existing legislation."

can, Washington, the author of the Jones law providing heavy maximum penalties for offenders against the dry laws.
Morrow's stand was termed "good judgment" by Representative Graham, republican, Pennsylvania, an avowed wet.

JAMES RECORD

(Continued From Page One)

banal gestures have sent laughter into many Theater audiences.
"Newspapers are seeking men of character and ability—men who have the quality to establish public confidence. And those kind of men are found on assignments throughout the Nation."

"There are exceptions, of course, as in any profession, but those exceptions should not dominate the playwright's conception."

"No reporter can go into a drunken orgy, idle around absent-mindedly during working hours, report two or three days later to the city editor and still hold his job, as the screen has frequently depicted. Some newspapers might be that tolerant of worthlessness, but I know of none. It is all a comedy of errors."

Mr. Record believes that Texas newspapers, and particularly those in the Western portion of the State, are showing rapid advancement and are playing a great part in development of this empire. "A few years ago," he said, "there were very few daily papers of any consequence in West Texas. Rapid growth in population, improvement of transportation facilities and an alert citizenship have created some splendid newspapers in this section. Lubbock, Abilene, Amarillo, San Angelo, El Paso, Wichita Falls and many smaller cities are serving their respective territories wonderfully with good papers."

Lubbock is well established in the minds of Texas," says Mr. Record. "This city, by diligent efforts of its citizens, has become one of the best advertised cities in the State."

Managing editors are looking forward with interest to their convention which will be held in Lubbock December 7 and 8. The attendance at the gathering will perhaps be larger than usual, due to the fact that many of the editors have never visited this section. About 50 will attend, while normally the convention attracts 30 to 40 representatives."

SHEPHERD, May 16.—Citizens of Sherman, anxious to restore the good name of their city and preserve order after martial law has been lifted, busied themselves today with plans for organizing a force de-

four non-commissioned officers and 28 constables were treated, indicating the extent of the disturbance.
Raids on the Dharasana salt pans by small parties today continued to be attempted, but without success. Three small parties, each numbering 50 volunteers, were halted at the fringe of the area covered by the magistrate's ban on assembly.

BOMBAY, India, May 16.—Indian peace prospects brightened today when announcement was made in liberal quarters of an early expected government move for negotiations with Mahatma Gandhi, civil disobedience prisoner. A government meeting at Bombay and a secret session of the All-India Congress held simultaneously, presaged decisive action in some direction.
While these reports were going abroad, Mrs. Sarojini Naidu, successor of the Mahatma and Abbas Tyabji, was arrested early today for attempting a raid at Dharasana and shortly afterward set at liberty. Mrs. Naidu and her band of volunteers had sat in the road outside of the village since yesterday forenoon, when halted by police.

Followers Detained
Some of her followers were detained after her release. All were given food and drink from which they had abstained during the time of the roadway impasse.

Violent rioting occurred late yesterday at My Menagah, Bengal, in which about 90 persons were injured. The clash occurred over delivery of liquor and herbs used to make liquor from the government depot to retail shops. Cartas with armed guards were obstructed by civil disobedience volunteers. The police charged when the disturbers became violent. The district magistrate was hurt, as was the superintendent of police. One officer.

VARIETY OF OPINIONS
GIVEN ON STATEMENT
WASHINGTON, May 16 (AP).—The announcement of Dwight W. Morrow that he was seeking the republican senatorial nomination in New Jersey as an advocate of the repeal of the Eighteenth Amendment was followed by the expression of variety of opinions in Washington.

P. Scott McBride, general superintendent of the Anti-Saloon League denounced Morrow's stand as an "out and out wet platform" and said the question of presenting a dry candidate would be left to the decision of the state organization of the league.
Representative Bachrach, republican, dean of the New Jersey delegation in congress, said he approved Morrow's position but that he could not comment on any substitute plan for prohibition without giving the project thorough study.
The opinion that the country would not agree with Morrow was expressed by Senator Jones, republican.

CAPITAL BRIDLE BELLE

Capital bridge paths can hardly be more attractive than capital bridge maids these spring days. Here ou see Elizabeth Wilkins comely society debutante of Tampa, Fla., with her horse "Pastime" in famous Rock Creek Park Washington. Miss Wilkins is enrolled at the Holton-Arms School.

NEW HARDWARE STORE OPENED HERE TODAY

MEINECKE BROTHERS IN NEW LOCATION ON BROADWAY

Announcement is made this morning of the formal opening of the new Meinecke Bros. hardware store, 1117 Broadway, to be held today between the hours of 9 a. m. and 10 p. m.
Interior of the building has been remodelled and, according to the owners, only the new standard nationally advertised products will be offered to the citizens of this city and surrounding territory.
An invitation is extended for everyone to visit the store today on its formal opening. "We are proud of our store which, after Friday, will be your store," Mr. Meinecke stated yesterday in extending the invitation.
The three brothers, R. L. A. S. and T. C. Meinecke, have been associated in the hardware business for several years. Their first venture six years ago was made at Idalou. From that city a store was opened in Plainview and today

TARIFF BILL FATE AWAITS

SENATE'S VOTE TODAY ON NEGOTIATIONS DECIDES MOVE

WASHINGTON, May 16.—The fate of the tariff bill hung today upon a senate vote on the question of giving its conferees a free hand in their negotiations with the conference committee of the house.
Deadlocked on the senate amendment to revoke the authority of the president to proclaim emergency tariff changes, the republican conferees sought to be released from a previously imposed restriction binding them to insist upon this provision.
The house conferees, meanwhile stood steadfastly upon their decision not to carry the negotiation further until the representatives of the senate were given authority to work out a compromise. The senate amendment had been voted down by a large majority in the house.

marks the third expansion. J. Phipps, Jr., of Lubbock, will be a assistant manager of the new establishment.
Souvenirs for all housewives who enter the store today have been promised.

Spicy, firm, CRISP!

Just to think of those crunchy Dill Pickles of Libby's makes your mouth water. And for a good reason. Those crisp delicacies supply many of the elements your system needs—most—vitamins—lactic acid—mineral salts. For health, and for delicious flavor, order Libby's Dill Pickles.
