Watlington resigns JP post

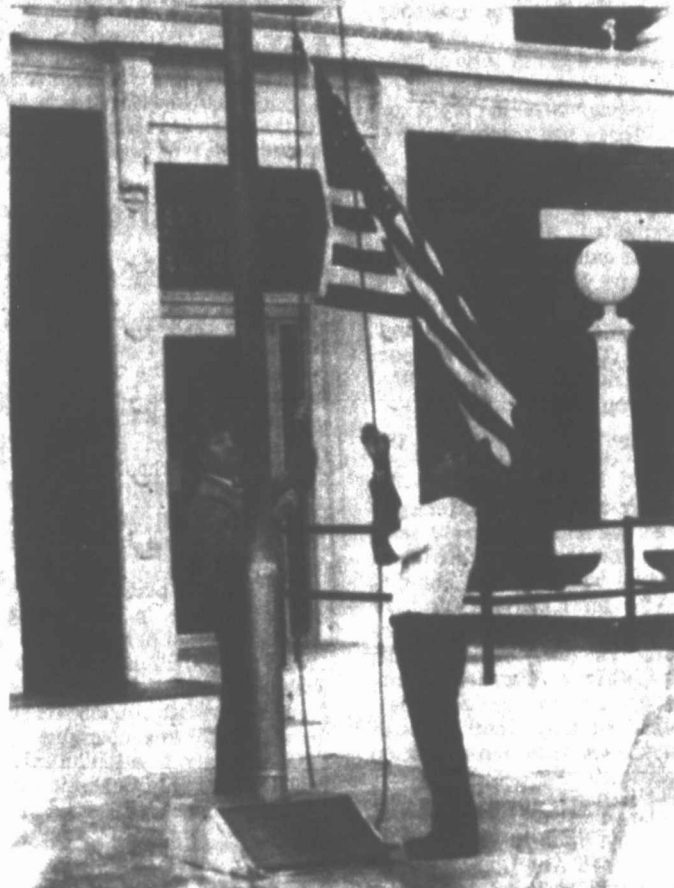

Mitchell County Pet. 1 Justice of the Peace Charles Ray Watlington submitted his resignation to county commissioners Thursday effective June 13.

Watlington, who was defeated in his election bid during the April primary by Joan Merket, said he is resigning to accept employment as a probation officer.

Mrs. Merket will assume the precinct's justice of the peace duties effective January 1 after the county reduced the number of JP precincts from four to two as a cost saving measure. Mrs. Merket is currently justice of the peace in precinct 4.

County Judge Bill Carter said Watlington's job probably will not be filled because Watlington was defeated in the primary.

In other business at the special Thursday meeting, the commissioners opened bids on computer software for the county's new computer system. The bids will be studied and a final decision made at a June 8 meeting.

MEMBERS of VFW Post 9178 and its Ladies Auxiliary conducted a flag raising ceremony at 7 a.m. Friday at the Mitchell County courthouse in observance of Memorial Day. In addition, the group laid a wreath at the monument honoring Mitchell County soldiers who have died in service to their country.

Local man dies in truck crash

A 33-year-old Colorado City man was killed Thursday morning when his pickup truck overturned 3.3 miles southeast of Colorado City on County Road 133.

Jose Angel (Joe) Campos was pronounced dead at the scene at 7:30 a.m. Thursday by Mitchell County Judge Bill Carter after a passerby discovered the body at 7 a.m.

Trooper Tom Johnson of the Texas Department of Public Safety said the accident occurred sometime between 2-5 a.m. Thursday. Campos was westbound in a 1982 Ford pickup when he apparently lost control of the vehicle in loose gravel. The vehicle ran off the north side of the roadway and overturned, throwing Campos from the pickup.

Mass for Campos was 10 a.m. Saturday at St. Ann's Catholic Church with the Rev. John Busch officiating. Burial was in Mitchell County Cemetery under the direction of Kiker-Seale Funeral Home.

He was born in Loraine. He was an oil-field employee and a

C-City man arrested on drug charges

Raymond Ornelas, 30, of Colorado City was arrested and charged with delivery of a controlled substance and possession of a controlled substance by Colorado City police Tuesday.

Police Chief Bobby Sparks said a search warrant was obtained for the man's residence at 1345 Cherry Street and four containers of marijuana and

several ounces of a white powder believed to be a controlled substance were confiscated.

Sparks said the arrest was part of an on-going investigation. Assisting with the arrest were the Mitchell County Sheriff's Department and Constable Jerry Hammond.

Ornelas has been released on a \$10,000 bond.

Bank franchise tax checks sent

State Comptroller Bob Bullock Tuesday sent checks totaling over \$35,000 from the second year's collection of the state's franchise tax on banks to six local taxing jurisdictions.

The Colorado Independent School District received the largest check, \$13,515 followed by

City of Colorado City, \$9,342; Mitchell County, \$8,191; Mitchell County Hospital District, \$4,048; and Loraine ISD, \$2,309; and City of Loraine, \$1,437.

The free seminar will focus on effective use of planning and goal setting techniques to prevent wasted time and increase overall professional effectiveness.

Penny Solomon, chamber manager, said the seminar will

be led by Dwight Allen, management training division with Texas A&M University.

The topics to be discussed include:

- analyzing time usage to determine area of effectiveness;
- utilizing planning to improve effective use of time;
- how to set objectives, priorities and deadlines;
- delegation of authority;
- concentration of effort toward result producing activities;
- minimizing routine and av-

oiding detail;
-the importance of visibility to the achievement of goals;

- how to control interruptions;
- the effective use of brevity, and;
- symptoms of poor time utilization.

"Few things these days are free," said Miss Solomon. "That is why you should take full advantage of this unique opportunity to participate in a special seminar on time utilization."

Heritage House donations are sought

Furnishings are now being sought for the Mitchell County Heritage House, formerly the Scott-Majors home, on which restoration is continuing.

Marion Bassham, who is fi-

nancing the restoration work, said "I want everyone in Mitchell County to have an opportunity to contribute, either cash, furnishings or period pictures."

Funds, established at the First

National Bank, City National Bank and First State Bank, will be used for landscaping as well as for the acquisition of hard-to-

Loraine trustees decide on six-man football

When the Loraine High School Bulldogs take to the football field this coming fall there will be 12 men in action—not on the team, but on the field.

In a May 20 meeting of the Loraine school board it was decided to drop Loraine from 11-man to 6-man football said Loraine superintendent Glenn Sanders.

"We kind of have a problem though," said Sanders Tuesday morning. "We are going to have to scrounge for games."

The Bulldogs' problem stems from the fact that 6-man districts have already filled their schedules and it's too late for Loraine to join a district.

"No one had open dates," said Sanders.

Because of the dilemma, all Loraine games will have to be considered as junior varsity contests.

"We'll be a varsity team on a junior varsity schedule. If not, then teams would have to count our games in their season standings."

Sanders said it's possible that Loraine would be playing junior varsity teams and play its games on Thursdays.

"It just depends who we can get games with," said Sanders. "We are going to have 6-man junior high games also."

"We wanted to play 11-man, but with 15 boys there is no way to field an 11-man team. We had no choice really."

Loraine ended the 1985 season

with an 11-man victory over Sands despite having only 12 players and 2 of those were injured.

"When we signed up for 11-man football last fall, we had 22 or 23 players. When we took a count again we only had 15. That's what brought all this about."

If that was not enough, Loraine also needs two coaches.

Sandy McSpadden recently resigned to take the coaching job at Malakoff and Russ Shurbett has informed Loraine officials he will not be back for the next school year. Loraine hired Tommy Meredith on a temporary basis upon McSpadden's departure.

tax for the first time and allocated receipts from the tax to cities, counties, school districts and other local taxing units where the banks are located.

Banks are taxed at the same rate as other Texas corporations. Previously, bank stocks were subject to local property taxes. The Legislature exempted the stocks from property taxes, substituting the new bank franchise tax. Collections are prorated among local taxing units based on their tax rates.

Anderson, Oglesby host club meeting

Minnie Anderson and Helen Oglesby were hostesses for the May 27 meeting of the "C" City Lake TEHA club held at the Golden Age Club in Westbrook.

The meeting was called to order with Fannie Morris leading the club prayer. Lilly Farrar read the minutes of the previous meeting. Plans were discussed

for Recreation Day on June 17.

Belle Snider presented the program on "Abuse of the Elderly, Child, Mental and Emotional". She said neglect is the most common form of abuse. Abuse can be mental as well as physical. An elderly person is someone 65 years and older. Disabled is someone with mental or physical disabilities between the ages of 18-65.

She said abuse is the willful infliction of injury, unreasonable confinement, intimidation or cruel punishment with resulting physical harm, pain or mental anguish. She said exploitation is the illegal or improper act or process of a caretaker using the resources of an elderly or disabled person for monetary or personal benefit, profit or gain. There are protective services and anyone knowing of neglect and abuse should report it, she said. All reports are investigated within 24 hours. Reports can be made to Adult Protective Services, Texas Department of Human Services, Abilene, Texas or by calling 673-5217. There also is a 24-hour toll free number - 1 800 252-5400 - which can also be called.

Marie Harlow brought the crafts.

Refreshments of stuffers, cookies, tea and coffee were served to members who answered roll call with "A Kind Thing to Do for an Elderly Person or Child". Those attending were Marie Harlow, Billie Woods, Lilly Farrar, Fannie Morris, Esther Driver, Belle Snider, Bobbie Norman, Inez Richardson, Minnie Anderson and Helen Oglesby.

The next meeting will be Tuesday, June 10 at 10 a.m. at the Golden Age Club. The program will be presented by 4-H members.

THUNDERSTORMS dumped over two inches of rain on Colorado City Thursday night and the added rainfall in the area helped contribute to an increase in the level at Lake Colorado City. Officials report that the lake was up by a foot and three tenths by Friday and were expecting a greater increase because of the recent rainfall in the watershed area. Continuing rain Friday caused the Colorado High School graduation ceremonies to be moved from Wolf Stadium to the school auditorium.

The Opti-Ms. Club of Colorado City has awarded scholarships to three graduating high school seniors in Mitchell County.

Recipients of the \$500 scholarships are Cheryl Bentley, a Colorado High School graduate; Kellye Smith, a Westbrook High School graduate; and Abram Garcia, a Lorraine High School graduate.

In the Service

Army Pvt. 1st Class Tommy L. Hickson, son of Hubert and Lottie J. Hickson of Colorado City, has arrived for duty with the 15th Engineer Battalion, West Germany.

Letter to Editor

To the Editor:

This morning I attended the Memorial Day ceremonies at the Mitchell County Courthouse. True—the weather was threatening, but it was not raining. The temperature of 65 degrees F would not have kept fishermen, hunters, golfers, or football fans indoors. Seven o'clock a.m. would not have kept any of the aforementioned in either.

I find it appalling that the commander of our local VFW Post, the VFW Auxiliary president, our newspaper editor and nine other persons care enough to behave as Americans should. I was honored when asked to

assist in the raising of the American flag during the Memorial ceremony, yet as I returned to take my place with the rest of the "caring Americans" I was saddened to see such a poor turnout. I wonder just how many Americans deserve the freedom(s) some of us fought (and died) for.

Thank you Mr. Editor for being counted with the few "who care" and appreciate our great

country and show respect for our fallen heroes.

ANSWERED PRAYER

I John 3:22-24

Richard R. Alkire - Pastor

Many times we read the Bible and receive from it what WE want and not what the Lord intended for us to receive. That is why it is imperative to pray before we read His Word. This is done so that we might be freed from the world's many distractions and the devil's multi-facted attacks. We read John 15:7 and automatically believe that whatever we ask for we will receive, just like that, with no commitment or strings attached. We proceed in asking for everything under the sun and then get mad at God and blame Him for unanswered prayer. We testify to others that "my prayers seem to just bounce off the ceiling right back in my face. It seems like I am all alone, like God isn't there anymore.

This feeling of emptiness is caused by our sinfulness and failure to follow God and His word. He has promise to "never leave us or forsake us" (Hebrews 13:5). It is not God who leaves you, it is you who strays. In our text we are told that we will receive anything we ask **Because We Obey His Commands And Do What Pleases Him!** Some strings!! John 15:7 says the same thing, **If We Abide In Him And He In Us!** We Cannot expect to go out and live like the world and expect Him to bless us. It just wouldn't make any sense.

As you pray this week, are you abiding in Him? Is He in you? Do you obey His commands? Do the things you do and say please Him? Is He first in your life? I wonder, if when this happens, will we get the rain we so desperately need? Will the price of cotton go up to where it should be? Will our communities spring up with new life and businesses and people moving in? It just might be worth a try.

Redwine, Strain return from trip

Jerry Strain and Geneva Redwine recently returned from a 10-day visit to Hawaii where they report the weather was warm and sunny.

They spent much of their time on Waikiki Beach, soaking up the sun and every other day was spent touring and shopping.

Some of the places of interest visited included the Polynesian Cultural Center, a 42-acre site in the historic village of Laie on the northern shore of Oahu. The center affords visitors the opportunity to see first-hand the songs, dances and lifestyles of seven unique Polynesian island cultures.

One day was devoted to visiting the Arizona Memorial and Punchbowl National Cemetery, dedicated to America's war heroes. Also on the tour were stops at Oloha Stadium, home of the Pro Bowl and Hula Bowl. Also visited was the Iolani Palace, the only royal palace on American soil. A stop at the Hawaiian state capitol also proved interesting.

The Punchbowl Lookout provided a panoramic view of Honolulu.

Other places visited included Paradise Park, which features an array of tropical birds; Diamond Head Crater, which provided a different view of the city and Pacific Ocean; Sea Life

Park, a marine attraction which houses a 300,000 gallon aquarium where 2,000 species of island marine life is kept; the Ocean Science Theater, where porpoises show their agility and intelligence; the Whaler's Cove,

where a replica of whaling ship Essex is the setting for a narrated pageant featuring leaps and slap dances by false killer whales and dolphins.

The two also enjoyed a cruise of Pearl Harbor.

Thursday's showers. Little League and Church League managed to complete one game before the rain hit. In a 6:30 p.m. contest at Hertenberger Field the First Methodist Church softball team defeated the Over 40 Gang 10-7. Hits by Randy Anderson and Richard Arthur scored rover Bill Baum to give the Methodists a 1-0 lead in the bottom of the first inning. Jim Baum scored for the Gang to tie it up in the top of the second and scored again along with Mickey Rundell, Henry Hoyle and Dan G. to give the Gang a 5-1 lead in the third. The Methodists answered with four in the bottom of the inning to tie it up and went ahead 9-4 with four in the fourth. Rundell and Don Redwine were perfect at the plate for the Gang while Dan G. and Lonnie hit two for three. The second game between the St. Ann's Crusaders and the Presbyterian Rough Riders was stopped because of the weather with the Crusaders leading 4-0. In the bottom of the fourth the Riders had Pee Wee Russell on first with one out and Johnny at the plate. Tuesday's games saw the St. Ann's Crusaders beat the St. Ann's Lowriders 7-4, the Calvary Scrubs beat St. Ann's 7-6, Presbyterian beat Christian Temple 3-2 and Ira beat the First Baptist Saints 19-13. In a Little League game completed Thursday the Indians beat the Astros 18-7. United Girls softball association play was stopped Thursday with the division I Eagles leading the Comets 4-1. In Tuesday's games the Eagles lost to the Cougars 11-7 and the division II Boppers bopped the Bandits 24-4. St. Ann's and the Crusaders are responsible for the field and stand this week.

June 1-7 is safe boating week

Governor Mark White has proclaimed June 1-7 as Texas Safe Boating Week, just in time to help kick off summer vacation for millions of Texans. Texas Safe Boating Week coincides with National Safe Boating Week sponsored by the U. S. Coast Guard. This year's national theme, "Be Smart - Take a Boating Course", is aimed at promoting education about proper boating procedures, equipment and water safety.

Boaters both in Texas and nationwide have apparently been taking such previous safety reminders to heart. Boating fatalities have been steadily decreasing over the past few years, according to the Texas Parks & Wildlife Department and the U. S. Coast Guard.

With more than 600,000 registered boat owners, Texas ranks as the third largest boating state in the country. Texas also ranks second in the number of miles of inland waterways across the state.

"Boating is one of the most popular forms of family outdoor recreation, and we want to make sure it is enjoyable for everyone," said Buddy Rodgers, president of the Boating Trades Association of Texas (BTAT).

"Taking a boating course is a great way to learn what safety equipment is required and how to use it properly. Parents and their children can learn the rules of water safety together and make sure that everyone more thoroughly enjoys Texas' vast water resources."

In the ceremony at the State Capitol, Governor White joined with representatives of boating industry, service and safety organizations to make the proclamation. Groups represented were BTAT, Marina Association of Texas, Texas Parks & Wildlife Department, Texas Safety Association, U. S. Coast Guard Auxiliary, U. S. Power Squadron and the American Red Cross. Information regarding boating courses and safety requirements are available from these groups and other sources.

ASTIGMATISM

Quite often I am confronted with the request—tell me about Astigmatism in words I can understand—O.K.—here goes!

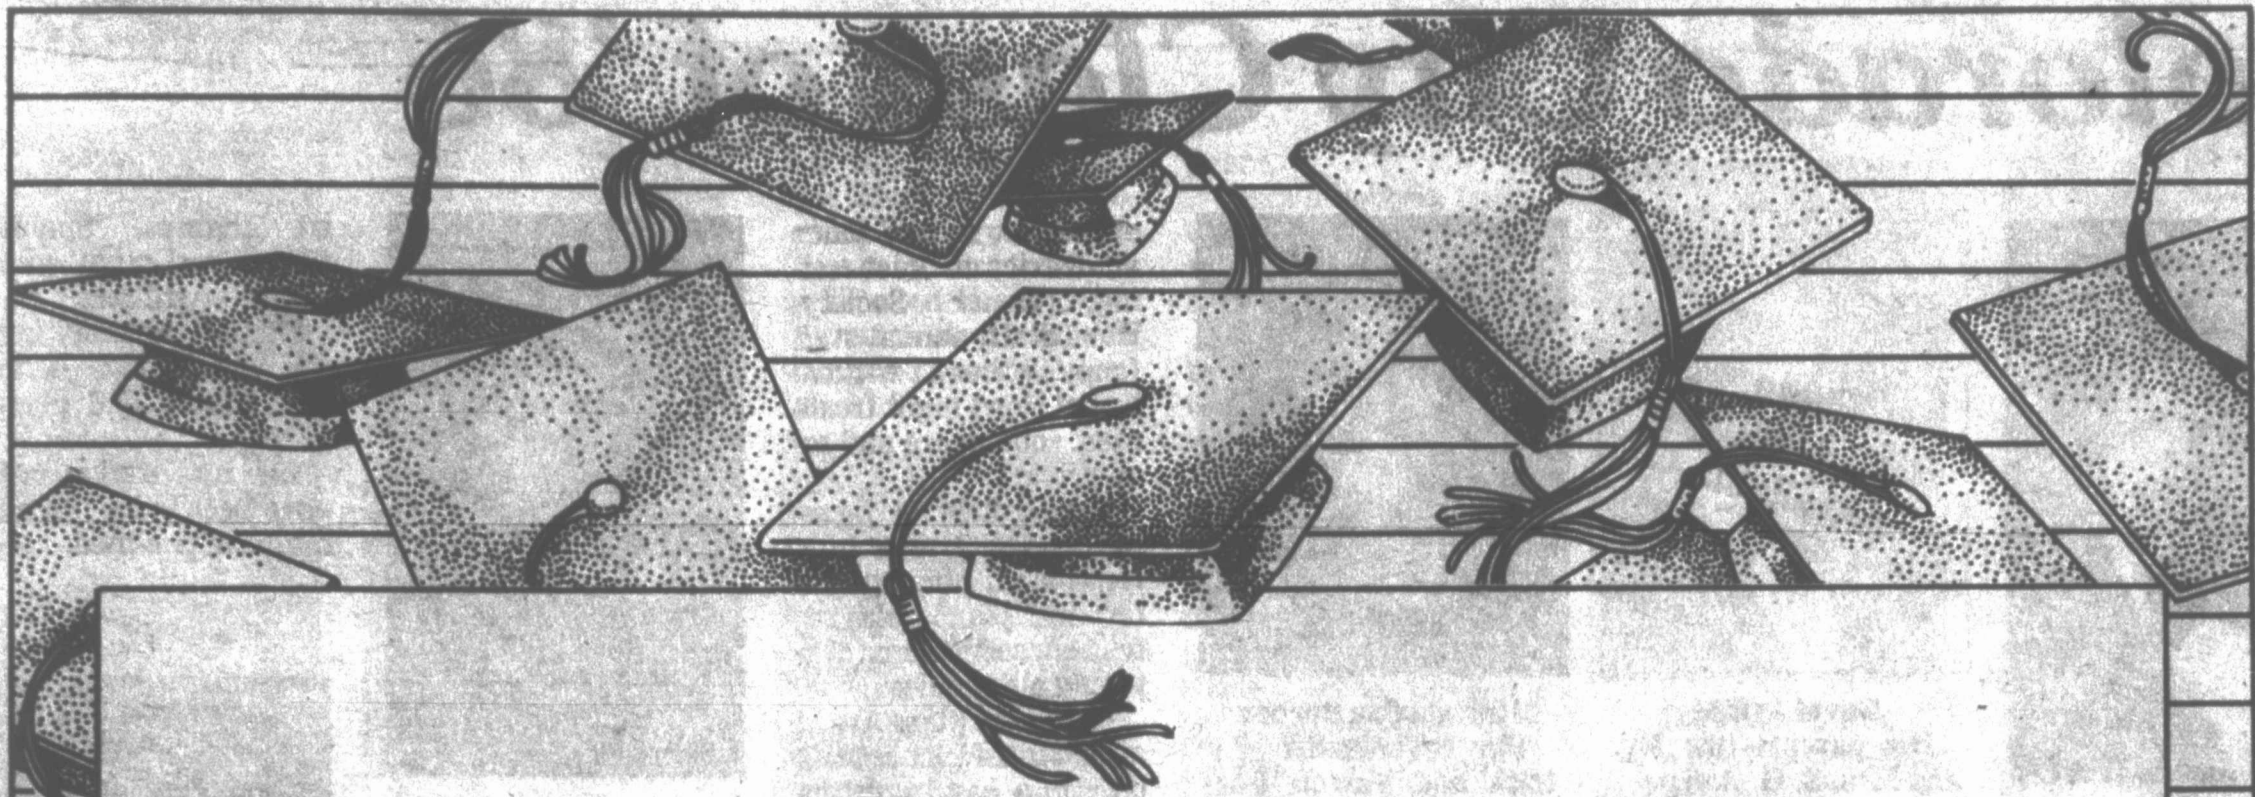

Astigmatism is a vision disorder (not a disease) in which images at all distances may be distorted or blurred. It can occur at any time in life and is sometimes present from birth.

Astigmatism usually occurs when the shape of the eye is more oval than round. Why this happens is not known. Some theories say it is inherited while other theories blame such factors as close work, diet, poor lighting, and excessive rubbing of the eye.

Signs of astigmatism vary from distorted or blurred vision (high degree) to headache or poor school work (low degree). Squinting is a very common sign. The degree of astigmatism usually does not change rapidly, but gradual changes will generally occur. Often there is a slightly greater change during the school year and for elderly persons.

Astigmatism is easily diagnosed by a complete eye examination and can be properly corrected with prescription eyeglasses or contact lenses. Only a few short years ago astigmatism could not be corrected with soft contact lenses. This is no longer true. Today, many of my astigmatic patients are very successfully wearing soft lenses. For more information call or come by our office.
