Diplomat Reported Named Jap Premier

Yoshida, Reputed Opponent Of War, Said Ready To Work With MacArthur

TOKYO, Saturday, Oct. 6 — Japan's new premier, the Associated Press learned reliably today, is Shigeru Yoshida, a veteran diplomat jailed by the militarists near war's end after reputedly opposing the war from its beginning.

The tipoff was supplied inadvertently by the resigned premier, Naruhiko Higashi-Kuni, who pulled out with his cabinet rather than execute General MacArthur's directives for a new freedom, including the right of Japanese to criticize the mikado.

He Lets Name Slip

"I am sure things will go smoothly under Minister Yoshida," Higashi-Kuni said in an interview. Yoshida was foreign minister in the resigned cabinet.

Higashi-Kuni made the slip while struggling to converse in a mixture of English, French and Japanese with reporters through a girl interpreter. Earlier he had denied knowing identity of his successor.

"I think it is very important for the emperor to call a man for the job who is familiar with the United States," said Higashi-Kuni, a cousin of the emperor.

"My knowledge of foreign countries is chiefly France and England."

Earlier Hints Given

Chief Cabinet Secretary Takefora Ogata earlier had thrown out strong hints that the 67-year-old Yoshida, former Japanese ambassador to Italy and Great Britain, had accepted the post.

Yoshida had replaced Mamoru Shigemitsu, the surrender-signing foreign minister, in Higashi-Kuni's cabinet. It was Yoshida's first such post in a career going back to 1906 at Tientsin.

Yoshida was secretary to the Japanese embassy in Washington, D. C., in 1916 and 1917; secretary to the Japanese foreign office in 1919; minister to Sweden in 1928; ambassador to Italy from 1930 to 1932 and ambassador to Great Britain from 1936 to 1939.

He went into retirement when recalled from the post in London and was pointedly ignored during the war by the then Premier Hideki Tojo. In 1943, Japan's situation became such that Tojo thought it necessary to set up a "diplomatic advisory committee." But Yoshida, one of Japan's most experienced diplomats, was not consulted.

Ouster of Prince

The fall of Prince Higashi-Kuni's post-surrender cabinet earlier today was traced to his inability to shake loose the bureaucratic fetters of the old order and act in the mounting crisis.

MacArthur dominated the scene. Higashi-Kuni told the Associated Press the new premier would be approved by the supreme commander before being installed, possibly in a day or two.

This plan, the fallen premier said, was proposed by the emperor himself.

Meanwhile, carrying their own luggage, 21 of Japan's highest ranking suspected war criminals were transferred from Yokohama prison to Omori prison camp near Tokyo where American prisoners once were held.

Told that the camp was not yet fixed up, MacArthur declared: "Well, let's use it and fix it up later."

The Japanese ministry of education abolished bayonet drills and other war exercises in the schools.

SPLIT OVER EUROPEAN PEACE PLAN—James F. Byrnes, left, U. S. secretary of state, and Vyacheslav Molotov, Russian foreign commissar, and still hopeful of a central Europe peace plan despite disagreement that brought to almost naught the recent foreign ministers' conference in London.

Byrnes Opposes Dictation Of Peace By Big 3, Holds Hope

By JOHN M. HIGHTOWER
Associated Press Staff Writer

WASHINGTON, Oct. 5. — Secretary of State Byrnes tonight declared firmly against dictation of world peace by the Big Three powers and expressed a "hope that Soviet Russia would agree to hold a general conference to settle the peace of Europe.

The secretary disclosed that at the recent foreign ministers meeting at London Foreign Commissar Molotov of Russia had agreed the proposal for a conference was "correct in principle."

"My hope," Byrnes declared in a radio address, "is that after he has conferred with his government, his government will agree that the nations that fought the war—the world war—shall have a chance to make the world peace."

Stalemate Confirmed

In a 4,000-word report on the foreign ministers council from which he returned less than 24 hours before, Byrnes officially confirmed to the American people and the world that the vital sessions seeking to lay the groundwork for European peace had "closed in a stalemate."

Furthermore, he attributed the major part of the disagreement which split the council, to Soviet suspicions that the western Allies actually do not want governments in Bulgaria and Romania which are friendly to the Soviet Union.

Great Misconception

"There could be no greater misconception of our attitude," Byrnes said adding:

"The American government shares the desire of the Soviet Union to have governments friendly to the Soviet Union in eastern and central Europe. But lasting peace depends not only upon friendship between governments but on friendship between peoples."

The issue which brought on the division in the council and caused it to fail to accomplish its purpose was whether France and China should participate in writing peace treaties for the Balkan nations.

Byrnes related that on September 11 the council, with Russia agreeing, decided that all five of the members—France and China as well as the Big Three—should attend the meetings. Eleven days later, he said Molotov suddenly took the position that this violated the Berlin agreement which stated that peace treaties would be worked out only by the states which had signed armistice terms with the defeated countries. This meant in effect the Big Three for the Balkan countries.

Plan Misunderstood

Byrnes said that neither President Truman nor Prime Minister Attlee had understood that this Berlin decision meant that France and China could not discuss all treaty matters even though they might not sign the final treaties.

The United States finally proposed that the Big Three should do preparatory work on European peace treaties and thereafter submit their proposals to a general European peace conference of victor states.

It is this proposal which Rus-

Soviet Hints Of Big Three Break

By EDDY GILMORE
Associated Press Staff Writer

MOSCOW, Oct. 5—Izvestia today accused Secretaries James F. Byrnes and Ernest Bevin of attempting to break the Potsdam agreements, adding that if the western Allies persist in their stand it "will shake the very basis of collaboration among the three powers."

Action by Byrnes and Bevin at the foreign ministers' council in London placed the Potsdam agreements "under a cloud of doubt," the Soviet government newspaper charged in a front page editorial.

Different Conception

The "real reason" for the breakdown was the "different conception" of the Potsdam agreement held by Russia, and the United States and Britain, Izvestia asserted.

The newspaper charged that when Byrnes and Bevin "insisted on France's participation in the drawing up of peace treaties with Romania, Bulgaria, Hungary and Finland, they thereby sought to break the Berlin (Potsdam) agreement."

(Byrnes said the Potsdam agreement was understood by President Truman and Prime Minister Attlee to permit France and China to discuss the treaties, but not to vote on them).

Called Too Serious

Declaring "the seriousness of what happened in London cannot be underestimated," Izvestia added:

"If the American and British governments will in the future insist upon their position, which in no way can be brought into accord with loyalty to the already concluded tripartite agreements, then this will shake the very basis of collaboratin among the three powers."

Izvestia said the Soviet delegation to the council proposed that the meeting be extended for one more day to "make yet another effort to find a wise compromise," but that Byrnes "for sme reason, categorically refused."

Nationwide Telephone Strike Vote Indicated

Strikers Are Not Satisfied

(By The Associated Press)

FORT WORTH, Oct. 5—The Sinclair refinery here reopens at midnight tonight but over the state other openings still were unscheduled and there were union reports of dissatisfaction with Navy seizure of struck plants.

J. A. Guhl, Oil Workers International official, announced the planned reopening of the Sinclair plant. A union committee had conferred with John Cutter, superintendent of the refinery, he said, and arrangements had been made. The plant was shut down Wednesday by the walkout of 110 CIO workers.

Called Stab In Back

At Houston, a statement issued by Local 227, OWIU, called government seizure of the oil industry a "stab in the back" at labor. The union, which closed the Sinclair and Crown Central refineries at Houston, continued its picketing but pickets did not carry their signs. The policy committee of the union was in "continuous session," the statement said.

Local 367, OWIU, at Houston had taken no action on the back-to-work order issued by O. A. Knight, chairman of the international executive council of the OWIU. In all, seven refineries and two pipe lines are closed in the Houston area.

General Meeting Called

At Texas City, A. F. Grospiron, president of Local 449, said late today that no word had been received from the OWIU executive office but a general meeting of all local members was called for tonight. Grospiron said if an order to return to work was received, local members would still vote on whether to go back to their jobs. Three refineries were silent at Texas City.

Throughout Texas, 26 plants were closed and more than 25,000 workers idle. In struck plants, Navy notices of seizure were posted.

Lee Brown, secretary of the Corpus Christi local, said his men would continue their strike until word was received from union headquarters. In the Corpus Christi area three refineries are shut down.

Houston Statement

The statement issued by Houston Local 227 said in part:

"It was the oil companies, not the OWIU, which refused to arbitrate the wage differences between them and their employes. Yet this action on the part of the government in seizing these plants penalizes the employes and permits the oil companies to successfully flaunt the will of our government and also to withhold from their employes their fair share of the earnings and profits of these companies.

"This stab in the back will not soon be forgotten and the pinch of decreased purchasing power of the worker will soon be felt by business the country over."

The statement was signed by E. W. Johnson, president of the local and J. C. Fike, chairman of the policy committee.

Knight had notified strikers by telegram to cease picketing and return to work, pledging the union's willingness to reopen plants and maintain operation "as long as the industry is under government seizure."

Oil Workers Grudgingly Returning To Jobs After Government Seizure

By STERLIN F. GREEN
Associated Press Staff Writer

WASHINGTON, Oct. 5. — Forty-three thousand oil striking workers were directed by their union today to return to jobs in refineries seized by the United States Navy.

The union president, O. A. Knight, announced here that the workers in 15 states were willing to return to work "for the United States government" but were "still on strike against the companies."

Showdown Delayed

The government thus had postponed—by federal seizure in peacetime—the final showdown on the CIO Oil Workers International union's demand for a 30 per cent wage increase to compensate for loss of overtime pay. Twenty-six companies are in Navy hands.

Secretary of Labor Schwellenbach therefore turned to these new crises crowding in upon him:

1. Telephone workers announced plans to call for a nationwide strike vote after employe walkouts this afternoon which tied up telephone communications among the states. The question was considered at union meetings during the demonstration, which was called to protest a preliminary National Labor Relations board order to disestablish an affiliated union. Joseph Beirne, president of the National Federation of Telephone Workers, said 40 per cent of the union's districts had been heard from, and all approved resolutions authorizing NFT officers to ask the NLRB to hold the strike ballot. He said the request "unquestionably" will come.

2. John L. Lewis' miners union agreed to meet with Schwellenbach tomorrow morning on the swiftly spreading strike of 147,000 soft coal miners. So did mine operators, but one of them said their stand in the bitter dispute over recognition of Lewis' foremen's union was "absolutely 100 per cent" unchanged.

3. The secretary announced a decision against advancing the start of the national management-labor peace conference, set for Nov. 5. The National Association of Manufacturers had asked an earlier date, predicting "economic collapse" if the nation's strike wave is not quickly stayed.

4. President Truman headed off an eight-city strike of AFL teamsters against the Railway Express agency this week-end, by creating an emergency board to investigate the wage case. This delays action 60 days.

Work Halted For 4 Hours

(By The Associated Press)

NEW YORK, Oct. 5 — Telephone operators left their posts today for four hours in the country's first nationwide tieup of that type of communication, voted to request a strike vote under the war labor disputes act, and then went back to work.

Joseph Beirne, president of the National Federation of Telephone Workers, independent, which called the stoppage, said in Washington tonight reports he had received showed a strike vote was desired.

Early Request Seen

He told a news conference in Washington the request for the vote probably would be made within 15 days. The vote would be taken 30 days after the request was made.

From 1 p. m. (CST) until five o'clock—a period when 25 percent of long distance calls are made, according to a management spokesman—the operators, maintenance men and clerks absented themselves from their jobs.

When they returned, the American Telephone and Telegraph company said they would not be paid for the time they stayed away.

Union officials said more than 200,000 persons participated in the demonstration, which prevented telephone communication between the states and with several foreign countries in all but emergency and priority calls.

Protest Against NLRB

It was called in protest against a National Labor Relation board trial examiner's report recommending dissolution of the Western Electric Employers union at Kearney, N. J. an affiliate of the federation.

Henry Mayer, counsel for the federation, said he was confident the workers had voted almost unanimously to strike.

Phone Work Stoppage Brings Little Inconvenience Here

The four-hour work stoppage Friday afternoon by 180 union employes of Southwestern Bell Telephone company here passed without incident and apparently with little inconvenience to the public.

Protesting actions of the CIO and the National Labor Relations board in a telephone dispute at Kearney, N. J., and to capture attention of the public, the unionists were convened in a secret meeting during the demonstration period, from 1 to 5 p. m.

Wilson W. Turner, chairman of the plant local, and Mrs. Chloedell Hodges, chairman of the traffic local, declined to discuss the nature of the meeting but Turner said that no strike vote was taken.

The two locals as well as a third local represented here are affiliated with the Southwestern Telephones Workers union, a branch of the National Federation of Telephone Workers. The third local is headquartered at Fort Worth and is for commercial employes, who are not numerous enough here to form their own local, officials explained.

Cecil H. Cale, manager of the Bell company here, said the public gave excellent cooperation. People accepted without question, inability to handle anything but emergency calls.

Calls At Minimum

Where normally 300 long distance calls are placed in the four-hour period, probably no more than 80 were sought yesterday, Cale declared. Of this number only a few were reported under emergency classification.

Ten supervisory employers, ineligible for union membership, remained on duty to handle emergency matters. One union member stayed on the job to take care of military calls.

The entire South Plain area was affected by the local walkout, because Lubbock is the toll center for all long distance calls coming into and originating in the territory. Slaton and Seminole, locations of the only other Bell offices on the Plains, were without local as well as toll service. Systems there are manually operated. The Lubbock dial set-up functioned on as usual.

Slaton Workers Attend

Eleven union employes of the Slaton office attended the meeting here. Unionists at Seminole walked out but were unable to attend the gathering here. They held a session of their own, it was reported.

While repairmen were out no need for important repairs reportedly arose here.

A talk explaining the current position of the NFTW was given yesterday afternoon by Mrs. Hodges in a broadcast over radio station KFYO.

Explaining the union set-up here, Turner said the plant, traffic and commercial locals had been meeting together. Plans are on foot, he revealed, to obtain recognition of an "industrial type" local in Lubbock in which the three locals would be combined.

Many Stranded By Bus Strike

SAN FRANCISCO, Oct. 5. (AP)—Travelers and commuters, stranded in seven western states by the strike of 2,700 Pacific Greyhound drivers and station employes, besieged already overcrowded railroads today with requests for accommodations.

The strike, which Greyhound company officials estimated would affect 140,000 passengers daily, was called at midnight when wage negotiations between the AFL Motor Coach Employes union and the company broke down.

Stop At Nearest Station

At midnight buses were driven to the nearest station and unloaded. On inter-city runs some commuters were left short of their destinations.

Greyhound stations in California, Oregon, Nevada, Utah, Arizona, New Mexico and West Texas closed promtly at midnight and announced there would be no service or sale of tickets today.

Army and Navy buses were taking care of service personnel in many areas.

May Be Several Days

However, because of the already overcrowded travel conditions it is believed some travelers will be stranded for several days, Akerman said.

Wage increases ranging from 12½ to 30 per cent are being asked by the union. Last minute negotiations yesterday failed to bring agreement.

Robert E. Hasselman, union business agent, said the union offered to accept one-half of original increase demands and arbitrate the other half.

Three Suspects Held In Robbery

BROWNFIELD, Oct. 5. (Special)—With three suspects in jail, officers were reported tonight to be searching for a fourth man in their investigation of the $1,600 robbery Thursday of Mr. and Mrs. R. W. Foster of Brownfield.

No charges had been filed in the case, Justice of Peace W. H. Dallas said.

The trio is custody — one of whom is held here and two at Lubbock — range from 25 to 28 years old.

Sought At Hobbs

Deputy Sheriff Mon Telford and Highway Patrolman Finis Carter had not returned tonight from Hobbs, N. M., where the additional suspect is reputedly sought. Telford and Carter arrested the three now in jail, at Hobbs Thursday.

At least three of the suspects were said relatives of the Fosters.

Almost $1,000 of the robbery money had been recovered, according to Telford.

Mr. and Mrs. Foster, in their 60s, said a young man with a handkerchief over his lower face entered their residence about 1 a.m. Thursday, brandished a gun, took the money which had been sent to them by a soldier son who soon is expected to be discharged after overseas service, and fired what probably was a "signal shot" through a window.

The gunman had said there was "another boy at the back door — and we don't want to get anybody hurt." The third man probably waited at the car that later was used in the getaway, officials theorized.

Telford said denomination of bills recovered established the three persons as "those who figured in the robbery—no doubt of it."

Foster does odd jobs about Brownfield, and formerly was janitor of the courthouse here.

War Chest Fund Lags In County

With the War Chest lagging and Lubbock county in danger of falling short of its quota of $50,505, Hubert L. Allen, general chairman of the 1945 campaign, yesterday called a special meeting of the executive board for 9:30 a. m. today to consider strategy for bringing the drive to a successful conclusion.

The conference will be held in the Chamber of Commerce offices at the city hall. H. B. Bryan, James J. Quicksall, and Roy Furr are expected to take part in the meeting. Jack M. Randal, one member of the executive committee, is absent from the city on business.

Backing Is Urged

County Superintendent of Schools Roy Boyd, who is in charge of the rural division, and DeWitt Landis, chairman of the big gifts committee, may make reports today. Complete reports on the collections are not expected until Monday, however.

"All persons who have not been contacted by campaign workers, or who have not yet filled out their subscription pledges, are urged to send them in by mail to the War Chest Fund in care of the Lubbock Chamber of Commerce," Allen said. "Your dollar may help to save a life since a portion of the fund will be used to help prevent starvation in the war devastated countries this winter."

Part of the fund will also go to the USO and will be used in providing entertainment and comforts for soldiers, sailors, marines and other service men and women in foreign lands. A substantial percentage of the amount collected is to be used locally, Allen explained.

One Dead, Three Hurt In Car-Bus Collision

HOUSTON, Oct. 5 (AP)—An Army officer was killed, two others are in Ellington Field hospital and Mrs. W. C. Whatley of Genoa was treated there and sent home after an auto-bus collision on the Galveston highway this morning.

Names of Army personnel involved were withheld pending notification of next of kin.

Two More Hurt In Argentine Rioting

BUENOS AIRES, Oct. 5 (AP)—Mounted policemen, firing their revolvers in the air, today charged a crowd of women demonstrating against the arrest of striking students, injuring one demonstrator and a man who went to her aid.

The incident occurred as about 500 women attempted to enter the central Plaza Mayo in front of the government palace. The two injured were cut down by sabers, and both were removed by police.

Simultaneously, the Argentine supreme court was reported to have dealt a blow at the country's military government by ruling illegal President Edelmiro Farrell's decree dismissing Federal Judge Barraco Marmol of Cordoba.

Marmol had defied the government by ordering the rector and five professors of Cordoba university taken from a train bringing them to Buenos Aires under arrest.

These developments followed smashing of a week-old university strike against the government and the jail of 1,500 boys and girls.

Two Die, Trio Hurt In Plane Collision

AMARILLO, Oct. 5. (AP) — Two Army officers were killed and three other Army men were injured today when two planes collided in landing at the Amarillo Army Air field, Capt. Eugene Judd, public relations officer, said.

The pilot and co-pilot of a C-45, both Army majors, were killed when the plane collided with an AT-6 during landing operations. Two other personnel in the C-45 and one in the AT-6 were injured.

Names of those involved were not announced.

Four Die As Plane Crashes Into Peak

SAN BARNARDINO, Calif., Oct. 4 (AP)—An Air Transport command C-46 airplane crashed against the north slope of Mt. San Antonio near here early today killing all four Army personnel, including an Army nurse, air force officials announced.

Scheduled Arrivals Home From Europe

Scheduled arrivals of homeward bound troops as reported by the Associated Press:

At New York Oct. 4 on the Aquitania were S/Sgt. Melvin Adams Spur; Cpl. Jewel Moffett, Snyder; T/Sgt. Thomas A. Hicks and S/Sgt. Wilbert L. Norris, both of Brownfield; S/Sgt. William J. Owen, Plainview; Pfc. Leon G. Witherspoon, Snyder; Cpl. Joe H. Mansard, Sgt. Henry F. Cantrell, and Cpl. George King, all of Lemesa; Sgt. Chas T. Hanes, O'Donnell; 1st Lt. Gibson Kemp, Olton; Cpl. Controls On Cotton Gin Prices Removed

WASHINGTON, Oct. 5. (AP)—The OPA today suspended price ceilings covering cotton ginning services, as well as those for bagging and ties for cotton bales.

Explaining, OPA said there are enough cotton ginning establishments to take care of much more than curren cotton production. The agency noted also that the Agriculture department estimates that than current cotton production. The about 2,000,000 bales less than last year's crop.

This situation, OPA said, should keep ginning prices in line with operating costs.

Five Killed In Bus-Truck Crash

SANTA ROSA, Calif., Oct 5 (AP)—Five persons were killed and more than 30 injured tonight when a fully loaded Navy bus and an Army truck crashed headon on the Redwood highway two miles south of Petaluma.

The truck plowed ten feet into the crammed bus, carrying workers home from Mare Island Navy yard at Vallejo, killing two persons in the bus and the three soldier occupants of the truck.

Identified Dead

Coroner Vernon Silvershield identified the dead as including:

James R. Branhart, Acosta, Pa., a Hamilton Field soldier.

Charles Shelton, Plattsville, Ala., also from Hamilton Field.

An unidentified woman who died at Hamilton Field base hospital.

The bus driver, William Muckolls, of Santa Rosa, escaped with slight injuries although the truck rammed past his seat to the fourth row of seats.

Twenty-five of the injured were taken to the Petaluma hospital and three to the Sonoma county hospital here.

One of the injured at this hospital is a woman whose left leg was torn off.

Fire Follows Crash

A fire that broke out when the vehicles crashed was quickly extinguished.

Some of the passengers were trapped in the bus and were not freed until a fire truck pulled the crushed vehicles apart.

Driver Nuckolls was so stunned that he could not be questioned immediately.

Ford Plants To Be Back At Work Soon

DETROIT, Oct. 5. (AP)—The Ford Motor Co. said tonight automobile, truck and tractor production idle since Sept. 14 would be resumed next week following an expected conclusion of the six-week-old strike of 4,500 Kelsey-Hayes Wheel Co. employes.

The CIO's United Automobile Workers said the strike would end Monday. The strikers had unsuccessfully demanded the reinstatement of four discharged workers.

The layoff of some 50,000 Ford workers throughout the country was attributed to the Kelsey-Hayes stoppage and disputes in other supplier plants.

M. L. Bricker, general superintendent of the Ford company, expressed hope that all Ford workers could be recalled to their jobs by a week from Monday.

Sick Woman Robbed And Her Home Burns

CHARLESTON, W. Va., Oct. 5, (AP)—Mrs. Lillian Miler, 42, suffered a heart attack walking to a hospital. While unconscious she was robbed of $50 and valuable papers. Recovered, she resumed the trip, suffered another attack and was carried the rest of the way.

Meanwhile, her home was destroyed by fire—but the news was withheld temporarily.

Capital Goes All Out To Honor Returning Chief Of Victorious Fleet.

Official Tribute Is Paid Admiral Nimitz

By CHAS. A. GUY
Avalanche Staff Writer

WASHINGTON, Oct. 5. —They dipped this old town in blazing color today and the combination came out red, white and blue as your nation's capital paid tribute to a native Texan, Admiral of the Fleet Chester W. Nimitz.

From the time the sun poked its head up over the Eastern seaboard—five hours before the admiral landed here by Navy plane until nightfall, Washington was Nimitz and Washington was Navy. The town was bedecked with signs reading "Well done, Admiral," and "Welcome, Nimitz," but that wasn't even the half of it. In uniform and mufti, Washington went to town for the son of Fredericksburg; navy gold and blue were the colors of the day, and the name of Nimitz was spelled out in the clouds, N-I-M-I-T-Z, in formations of roaring navy planes which poured across the sky and seemingly just barely missed the capitol's dome, Washington monument and even the Pentagon building—stronghold of the Army—itself.

President Truman touched the match to the Nimitz bomb this morning as he decorated 14 war heroes of the army, navy and marines—including Sgt. Bill Harrell, of Mercedes, Texas—and the government all but closed down so that everybody could line the parade march to cheer the commander of the Pacific fleet who had played such a major role in the smashing of the Japanese.

Congress held a joint session to hear and honor the tanned and white-thatched admiral, but Texas' own celebration preceded Nimitz's appearance before officialdom and the public. In the ornate offices of the Speaker of the House, Rep. Sam Rayburn of Bonham, the sons of Texas and a few newsmen paid their respects to the admiral before the celebration officially began. He was well-supported too, with braid and brass, for at his side as he greeted his fellow staters were, among others, Admiral William Leahy, General of the Army H. H. Arnold, Admiral Ernest J. King, the overall Navy boss; Marine Generals Howlin' Mad Smith, Roy Geiger, and the No. 1 Marine of the war, Gen. Alexander Vandergrift.

Yet withall, there was no battleship in sight here today, although all types of navy air and landing craft were displayed to the populace. Old sea dogs must have felt badly about the remiss, despite the fact that "Anchors Aweigh" was being played through the day by a corps of bands and, undoubtedly, was the No. 1 tune on Washington's big parade.

As the writer completed a tour of Nimitz day events, including the hour-long parade, he noted the streets around the capitol lined with government clerks.

"How much is this costing the humble taxpayers in lost time?" we asked our one-time college roommate, Congressman Mike Monroney, of Oklahoma City.

"Shucks," said the son of Oklaland, "the taxpayer is probably saving money. They can't spend it as long as they aren't in their offices."

It was a great show, and, as usual, Texas stole it—lock, stock and barrel.

Peace Panel Is Held By Altrusa Club

Dr. Pauline H. Miller, 1910 Ave. H was hostess to the Altrusa club Thursday night when three members and a guest presented a panel on "A Peace That Pays." Following are some of the points stressed in the discussion:

That the United States must serve as a balance wheel for the world and we, as individuals, may help by analyzing ourselves and knowing that the same fears we have, i. e. lack of security, poverty are the same felt by peoples the world over; that if Europeans starve or freeze this winter, the chaos will wreck havoc toward peace; that there must be full employment everywhere.

Taking part in the discussions, with Mrs. France Baker as leader, were Miss Esther Sorensen, Miss Opal Wood and Dr. Bernice Moore, of the Hogg Foundation at Austin.

Various Boards Are Discussed

UNRRA, which cares for peoples in overrun countries and international boards of labor, food and control in matter of vital materials, oil, etc., were discussed in the panel. Dr. Moore quoted from a recent issue of "Time" magazine that there must be "one world or none."

During a business session presided over by Mrs. Tom Holden, it was voted for the club to contribute $35 toward an Inter-American scholarship fund, an exchange fellowship with Latin American students. Miss Clara Pratt was elected alternate delegate to a district convention of the organization in Fayette, Ark.

Mrs. Lottie Hilton was assistant hostess.

Others present were Mesdames Vera Maxey, Jessie Byers, Bernice Carnahan, Fay Westmorland, Grace Morris, Miss Effie Puryear.

Dahlias Discussed In Club Meeting

Hog Shows Set In City Today

Following the Lubbock county hog show at 10 o'clock this morning ten county winners will exhibit their first-place gilts in the Sear's district hog show at the Texas Tech aggie pavilion at 1:30 p. m. Four-H club and Future Farmers of America members will participate in both events.

An annual event for farm club boys, the program is sponsored by the Sears-Roebuck company, which awards the gifts to club members on the basis of an essay, on the Sears Cow, Hog and Hen program, submitted to judges during the early spring.

One boar is presented a club boy each year, alternating the clubs. This year's award went to an FFA member. Boars will be exhibited in the district show only.

Boys who are presented gilts return the top gilt of the first litter to the program to insure continuation. All county shows have been held, excepting the Lubbock show, at a previous date.

A free lunch will be served at noon today through the courtesy of Sears-Roebuck. It is to be prepared by the East Side Home Demonstration club and will be served in the pavilion.

County winners receive the privilege of showing their prize-winners in the district show. Others in the top five places receive a specified number of baby chicks as prizes.

District winner is given choice of 10 Jersey heifers. Each county winner who shows in the district contest is given one of these heifers, regardless of place in the show. The winning boar at the district show gets a Jersey heifer, also, and baby chicks go to the next four places.

The ten counties to be represented here in the district exhibit are Lynn, Lamb, Hale, Crosby, Garza, Hockley, Dawson, Bailey, Floyd and Lubbock.

Mrs. Jones, 2418 Twenty-ninth, will be hostess to the club Oct. 17 at 1:30 o'clock. Newcomers who are interested in joining the club are invited to telephone Mrs. Conley at 8944.

Geographical Mexico Discussed By Club

Arnett-Benson Home Demonstration club was presented with a geographical description of Old Mexico Thursday afternoon, when it met with Mrs. J. W. Hilton. Mesdames G. C. Beavers, Paul Bolin, L. Vannoy and George Hopper were on the program.

Achievement day will be observed Oct. 18 when the club meets in the home of Mrs. C. O. White, 2718 Locust.

Those present were Mesdames I. T. Weed, Johnson, White, G. C. Scott and a Mrs. Ellis.

Five Treated After Collision Near Here

Five persons were given emergency treatment at two hospitals here after a 1:40 o'clock Friday afternoon collision of two automobiles north of Lubbock on the Plainview highway. All were released afterward.

Guy Auxer, about 26, a Marine, probably was the most seriously injured. He suffered severed tendons of the left hand, on the middle, ring and little fingers. His wife, about 24, who had been here when her husband was overseas, suffered a deep cut of the lower lip, a lesser cut on the nose and brush burns and contusions on the knees and arms. Charles Weaver, 29, of Amarillo, suffered a cut lower lip, a deep cut across the forehead, and contusions and brush burns generally over his body.

The Auxers and Weaver were treated at West Texas hospital. To Lubbock Memorial hospital went the other victims, A. E. Guthols, about 35, and his son Charles, about 12. The father suffered a bruised knee, the son a bruised knee and chin, a chipped tooth and scratches.

The State Highway patrol, through Sgt. E. L. Stroud and Tom C. Laws, investigated. They filed a law of the road violation against Guthols, who paid a $10 fine in the court of C. E. Lynn, justice of peace. Guthols had driven off the Purina sideroad onto the highway, toward Lubbock, and the car owned by Weaver was proceeding northward. The collision scene is a half-mile from Lubbock's north limits.

At the beginning of the present century, the output of the pulp and paper industry in Canada was valued at about $8,000,000. In 1943, the value had reached $345,500,000.

Take Things Easier Is Pastor's Advice

Dr. H. I. Robinson, pastor of the First Methodist church, told members of the American Business club at their regular luncheon meeting Friday noon in the Hilton hotel that "there are too many widows in today's world because men take life too seriously."

Urging those present to "take things easier" and consider their family responsibilities, Dr. Robinson said the material things of life rank higher on the agenda of men's lives than they should. He suggested that each member devote more time to his home life, concentrate on being kind and take off more frequently from the work-a-day world as ways of living a fuller and longer life.

In the absence of Jimmie Wilson, club president, G. H. Nelson presided. F. V. Hinson, program chairman, introduced the speaker.

Luncheon club visitors were Howard Robertson Sam H. Allred, Dr. J. M. O'Rear Turner Adams, Weldon Voss, and Shelby Boling. New members introduced were Herbert L. Kittle and Douglas Adams.

Lubbock Wins 25 To 6 Decision Over Lamesa

Westerner Line Turns In Fine Play; Brewer, Rampy And Austin Score

By MACK TURNER
Avalanche Sports Editor

Choc Sanders' Lamesa grid machine gave the Lubbock Westerners a lot of stormy moments, but it was not good enough to keep Brewer, Austin and Company from pounding over a 25 to 6 victory last night at Tech stadium.

The gold shirted Lamesa club stayed within a touchdown of the favored Westerners until they wilted before the battering of the bigger Lubbock team. Lamesa, led offensively by Orville Nieman, a great little back, and defensively by a pair of fine ends in Donald Hoover and Bryant Clark, was a constant threat until the fading minutes.

Lubbock Line Shines

The Lubbock line played great football from end to end, but standing out like a sore thumb was Ike Modawell, regular guard, who was doing more to smear the Lamesa attack than any other one man. Paired with him for honors were Robert Collier at end and Charles Presley, big captain and center.

The Lamesa club bottled up the running game of the Westerners in the first quarter, and neither team could offer a serious threat, but the Westerners finally started rolling, marching 65 yards on a sustained drive for the first touchdown.

Austin Counts First

The Westerners worked the ball to the Lamesa 26 as the quarter ended. Three plays moved the ball to the 20, and Don "Speck" Austin cut loose from that point, and went over standing up. A bad pass from center marred the try for extra point.

Lubbock kicked to Lamesa on its 30. A running play was smeared by Collier, and a penalty pushed Lamesa back another five yards. Lamesa kicked out to its own 41. On the first play, Brewer knifed off right tackle, broke into the clear and raced over standing up.

Tornado Rally Fails

A few minutes later, Lamesa started sending chills down the spines of Lubbock fans as Nieman intercepted a pass on his own 15 and galloped to the Lubbock 35, where he lateraled to Rippey, who went on to the Westerner 14. But the drive died on the ten. A penalty pushed Lubbock back to the one, and the Westerners kicked out to the 30.

Clark got off to a running start, took Nieman's pass on the ten, cut back and went over standing up for the Lamesa score, and the half ended with Lubbock nursing a 12-6 lead.

Last Half Easy

The last half was all Lubbock. The Westerners launched a march the first time they had the ball, going from the Westerner 39 to the Lamesa seven, but there the rugged Tornado line blew them back.

Lamesa kicked to its 42, and Westerners bounded right back. Passes from Brewer to Sikes, and Jones to Davis moved to the 20, then Jones smashed to the 15 as the quarter ended.

Brewer made a first down on the six in two stabs at the line, then Rampy ran wide to his left and went over standing up. Brewer kicked the extra point.

Long Drive Pays Off

The next time the Westerners had the ball, they rolled 73 yards on a sustained drive. Brewer went to the 39, and when tackled, the officials stepped on to the Lamesa 45 on a roughing penalty. Jones picked up two, then passed to Collier to the 31. Two plays failed to gain, then Jones passed to George Etz, who made a beautiful one-handed catch on the ten. A loss and a penalty moved them back to the 18, then Jones passed to Collier to the four. Brewer smashed over from there.

The Westerners were rolling again at the end of the game, marching from the Lubbock 21 to Lamesa's 33 where time ran out

Brownfield In 33-18 Win Over Levelland

LEVELLAND, Oct. 5. (Special)—Brownfield's District 1-AA Cubs opened up with a powerful attack here tonight to defeat Levelland in a high scoring game, 33 to 18.

All three Levelland tallies were made on aerials with Left Half Billy Pearcy handling the passing chores. Pearcy opened the scoring for the locals in the first quarter with a 19-yard pass to Burl Pierce, left end. But Brownfield came strong with Fullback Eiche racing 55 yards for the first Cub tally, also kicking the extra point to take a lead the visitors never gave up.

Three minutes later, Brownfield counted again with Right Half Martin galloping 90-yards to count. In the second stanza, Martin chalked up another touchdown for the visitors on a five yard end-around play, Eiche plunging for the point. A few seconds later after Levelland was forced to punt, Eiche rambled back 25 yards on the return for another cub counter to make it 26 to 6. Late in the second quarter, Pearcy again found Pierce for eight yards and the second Levelland tally, making the count 26 to 12 at the half.

In the third period, Eiche passed to left End Bond for 20 yards and the fifth Cub touchdown, Eiche running the point over to make it 33 to 12. Then in the fourth, Pearcy again hit the mark with an aerial to Right Half Stanley Williams for 11 yards and the final Levelland score.

Frenship Takes 13-0 Triumph Over Ropes

Frenship High's Tigers struck in the second and third stanzas at Ropes Friday afternoon to defeat Ropes, 13 to 0, in a Conference 1-B south half grid tussle.

In the second period, Frenship advanced from its own 10 to the Ropes' 20 in five sudden ground gaining plays. Then Quarterback Arthur Pinkerton rifled the ball to Left End Donald Huffaker for the first tally, Fullback B. J. Gafford plunged over or the extra point. In the third, Left Half Curtis Crump intercepted a desperate Ropes pass and returned it 15 yards for the clinching score.

Ropes threatened in the first but was unable to count. Jonas Worsham, Joe Hutchinson and Gafford starred for the winners on defense while Halfback Hobbs and End Rice played good games for the losers.

Golden Sandies Blow Over San Angelo Cats

AMARILLO, Oct. 5 (Special)—Amarillo's Golden Sandies blew over the San Angelo Bobcats, and reaped some sweet revenge for a pair of losses last season, one of them in the state playoff quarterfinals, as the Sandies won 21 to 3 here tonight.

Harland Collins was the star of the night, scoring two touchdowns on runs of six and ten yards, and passing a short aerial over the line to Glassgow for four yards and the other touchdown. Farmer kicked all three extra points for the Sandies.

Littlefield Drops Olton, 45 To 6

(Special To The Avalanche)

OLTON, Oct. 5—Littlefield High's high scoring grid machine roared to another decisive triumph here tonight in smothering the once powerful Olton Mustangs, 45 to 6, in a District 5-A game.

With the lopsided triumph, Littlefield, defending 5-A champion, pushed its scoring total for four straight wins thus far this season to an amazing 252 points to the opposition's 12, an average of 63 points per game.

The winners were hard pressed the first half of the game and the halftime score read only 12 to 6 in their favor, but in the final two quarters the visitors exploded for an easy victory.

Scoring for the winners was quarterback Billy Lyman with two touchdowns, fullback Walter Sewell with two tallies, halfback Oscar Arend with two counters, and right end Gene McCanlies with one. Two of the touchdowns were made on passes, one on an intercepted aerial, the rest on power plays.

Fullback Perry Gullett climaxed a long downfield Olton march in the first half for the lone Mustang tally. First downs were 18 to 13 for the winners, with Littlefield amassing 260 yards on the ground and through the air to Olton's 165.

Cowhands Gold Beat Post Squad, 18 To 6

Showing a greatly improved running game off a complicated "huddle shift" formation, Marlin R. "Shorty" Hayhurst's Cowhands Gold smashed to an 18 to 6 victory over the Post Antelopes Friday afternoon at Chapman field.

The Cowhands did all their scoring in the first half, Gordon Hilton smashing over from eight yards out for one touchdown, Silas Ussery swept 12 yards around left end on a tricky reverse for the second, and Dwight Moore intercepted a pass and galloped 30 yards for the third.

Louis Mills, who with Shorty Hester was a constant threat to the Cowhands, connected with Bill Fumagalli, letterman quarterback, on a pass play that rolled for 45 yards and the lose Post touchdown in the final quarter.

Denver City Defeats Seminole, 25 To 0

SEMINOLE, Oct. 5. (Special)—Denver City's Mustangs, defending District 6-A champions, won their fourth straight victory in a row here tonight with a 25 to 0 conference decision over Seminole's Indians, counting once in each quarter with a crowd of 3,500 watching the game.

Quarterback Grayson Tate was the big gun in the Denver City attack as he passed for three of the winning tallies. Tate hit Left End Tommy Kirkland late in the first quarter for a 15-yard gain for the first Mustang score, the kick for point going awry.

About the middle of the second after a 60-yard downfield march, Tate passed to Halfback Bob Miller for 12 and another tally. Tate kicked the extra point. In the third, Tate and Robert Cox set up the ball in scoring territory and Tate passed to Miller for 25 to count.

Late in the fourth, after Seminole had been backed against its own goal line an attempted punt was partially blocked and Miller caught it on the eight and raced over for the final counter. Seminole threatened in the second, driving to the three but was no match for the winners. Linemen Gene Streety, Calvin Trice and L. C. Reed were standouts for the winners.

O'Donnell Scores 6-0 Win Over Seagraves

O'DONNELL, Oct. 5 (Special)—The O'Donnell eleven proved the best "mudder" here tonight as the local Eagles edged out Seagraves 6 to nothing in a district 6-A contest played on a slippery field which cut down the quality of both teams' play.

Fullback G. W. Jones stole a Seagraves pass in the third quarter and went 40 yards for O'Donnell's touchdown.

The contestants played on fairly even terms throughout the game.

Perhaps O'Donnell's most sparkling play was turned in by a lineman, J. C. Durham, who repeatedly broke through the Seagraves line and threw the visiting backs for losses. Other O'Donnell backs, Joe Harris, Larron Davis, and O. D. Clark also turned in creditable jobs.

Seagraves' outstanding men were Cain and McDaniels, backs, and Tanner, Lamp and Hibbetts, linemen.

Veteran's One-Hitter Gives Cubs Edge

Passeau Hurls Cubs To 3 To 0 Victory

By GAYLE TALBOT
Associated Press Sports Writer

DETROIT, Oct. 5—Thirty-six-year-old Claude Passeau of the Chicago Cubs delivered the greatest pitching performance of World Series history today when he held the Detroit Tigers to a single hit and turned them back, 3 to 0, in the third game of the 1945 classic.

Only Rudy York's clean single to left field in the second inning deprived 55,000 spectators of the thrill of a no-hit, no-run showing by the slender veteran from Lucedale, Miss. Only one other Tiger reached first, on a walk to Bob Swift in the sixth inning, and he was wiped out on a double play.

Cubs Take 2 To 1 Edge

Only 28 American league batters faced Passeau sharp curve and medium fast ball as he hurled the Cubs into a 2 to 1 lead in games won and sent them joyously homeward tonight for the remaining contests necessary to wind up the series.

The only World Series performance even remotely challenging Passeau's brilliant feat was turned in by Ed Reulbach of the Chicago Cubs of 1906, when he limited the White Sox to one safety and beat them, 7 to 1.

Passeau's Pitching Tops Reulbach,

however, issued six passes against the single walk off Passeau today. Also, he hit one batter and delivered a wild pitch, so his game, though undeniably brilliant, scarcely equalled the gem today.

Passeau, who, ironically, is a former chattel of the Detroit farm system, was not particularly fast. His control, however, was magnificent, and his curve seldom failed to slice off the corner Passeau had in mind. So thoroughly did he keep the Tigers under control that there scarcely was a difficult chance for a Chicago fielder.

Given Big Ovation

When the enemy pitcher came up to bat for himself in the final inning, the crowd—biggest ever to see a World Series game in Detroit—stood up almost in a body and gave Passeau the tremendous cheer he deserved. When the last Tiger batter popped up to end the game, the Chicago club stormed out and almost carried their cool ace into the dressing room.

From the fourth inning on Passeau wove his spell over the Tigers behind an adequate lead, his mates having swung on Frank "Stubby" Overmire, the Detroit starter, for three hits and two runs in that inning. Al Benton, his successor, yielded another tally in the seventh when Mickey Livingston doubled, Roy Hughes sacrificed and Passeau drove a long fly into center field.

As a club, the National leaguers fielded and ran the sacks in a manner to show their appreciation of Passeau's pitching. For the third straight game they did not commit an error, and Phil Cavarretta made one really brilliant play on a ball smashed to him at first. The Tigers, on the other hand, cracked under the strain, and Skeeter Webb and Eddie Mayo each committed a bobble in the late innings to spoil any possibility of a perfectly fielded classic.

Cowhands Black Play Petersburg Tonight

PETERSBURG, Oct. 5 (Special)—The Lubbock Cowhands Black will move into Petersburg Saturday night to tangle with the Petersburg eleven in a non-conference game. The game, scheduled for Thursday, was postponed because of bad weather.

Crosbyton Rolls Over Matador Squad, 19-0

CROSBYTON, Oct. 5. (Special)—Crosbyton shoved across touchdowns in the second, third and fourth periods here tonight to win a 19 to 0 victory over Matador in a District 4-A contest.

Late in the first half, Fullback Lawrence Simmons climaxed a long drive with a two-yard plunge, duplicating the feat for the extra point. In the third quarter, Halfback Jack Jones set up the scoring chance with a 26-yard gallop to the Matador five and Quarterback Virgil Lawson made it to the three, then Simmons bounded over. About the middle of the fourth, Jones turned in the most beautiful play of the game, an 85-yard sprint on an intercepted pass. Crosbyton chalked up seven first downs to four, three penetrations to none and 269 yards net to 157.

Sudan Rally Defeats Muleshoe, 14 to 6

MULESHOE, Oct. 5. (Special)—In a district 5-A tilt, the Sudan Hornets came from behind this afternoon to defeat Muleshoe 14 to 6.

The local eleven marked up the first score of the game just before the half on an intercepted pass which was good for 50 yards and the goal.

Waymon Bellar, in the third quarter, set up the Hornets' first touchdown by moving the leather from the 50-yard line to the 5. Jim Eddins sliced off tackle for the count.

In the fourth, the Hornets scored on a march of 50 yards, Leland Buoidin making the touchdown.

The Hornets compiled 16 first downs to the locals' two.

Sky Giants Play LAAF Tonight

Lubbock Army Air Field's Fliers, rocked around after last week's bruising clash with the University of New Mexico Lobos, plays host tonight to the powerful Amarillo AAF Sky Giants, in a game that promises to be tough and wide open. The Fliers will take on their North Plains rivals under the lights at Texas Tech stadium at 8:15 p. m.

Coach Lem Clark, hampered by a shortage of capable reserve strength, has spent most of the week trying to get his first string team back on the firing line, and in shape for tonight's tussle with the big, bad, and very good Giants.

LAAF Veterans Ready

The Fliers will start the same team that teed off against the Lobos last week, with the exception of team Capt. Al Devine, whose leg injury will keep him on the sidelines. Jerry Hugunin is expected to replace him in the backfield, along with big Bob Williams at fullback, Miles Kosanovich at half, and Jake Cristil at quarter. Kosanovich, outstanding for LAAF last week against the Lobos, will captain the team against the Giants.

Capt. Dan Salkeld's Sky Giants appear to be just as big and just as good, and perhaps even better than last season, when they emerged one of the top ten service teams in the country. The Giants will start a line averaging 194 pounds against the LAAF forward wall averaging 189 pounds. The competing backfields are fairly even in weight, averaging about 180 pounds.

The starting lineups for the game are:

FLIERS	Pos.	GIANTS
Glinski	LE	Morse
Gaynor	LT	Timmons
Schultz	LG	Heper
Norby	C	Sadlik
Klatt	RG	Kent
Harned	RT	D'Ambrosi
Johnston	RE	Walteraskirchen
Cristil	QB	Soper
Kosanovich	LH	Pacini
Hugunin	RH	Burton
Williams	FB	Blatnik

Plainview Cops 20-0 Tussle Over Midland

PLAINVIEW, Oct. 5 (Special)—Plainview High's undefeated and powerful pass-minded team rolled over Midland, 20 to 0, here tonight in an inter-district tussle with quarterback Jack Williams completing five tosses of nine attempts, two of which went for touchdowns.

Plainview counted in the second quarter when fullback Jack Weldon climaxed a Bulldog drive with an 18-yard gallop to paydirt.

A few minutes later in the same period, Williams found halfback Jimmy Graham for a 38-yard pass play that netted the second Plainview tally, Williams kicking both extra points after those counters.

After a quiet third quarter, the Plainview lads exploded again in the fourth quarter with Williams passing to Jack Bond on the Midland three, Graham plunging over for the six points. Williams' five completions of nine attempts went for 94 yards, two Midland passes of six attempts going for 34, one Midland pass being intercepted. First downs were 19 to 9 in favor of the winners with yardage 311 for Plainview and 79 for the losers.

Steers Favored For Tussle With Tech In Austin Today

Texas' Line Set To Shackle Schlinkman; Nunnelly, Ragone Are Ready For Steers

(By The Associated Press)

AUSTIN, Oct. 5.—The University of Texas Longhorns and Texas Tech's Red Raiders meet tomorrow for the third time in the football history of the schools, with the Longhorns definitely favored.

The game should prove to be the first full-dress test for the big Texas line in attempting to stop Walter Schlinkman, Tech's 190-pound driver who has already got a lot of possible All-American mention.

Texas Set For Raiders

Texas coaches have warned all hands to be on the alert for Schlinkman, who not only has shown plenty of power, but speed and open field running ability.

Raymond "Rags" Ragone will break into the Texas starting lineup after having been injury-jagged, but Byron Gillory is still out of service. Guy Nunnelly is back in condition and should alternate with Jack Halfpenny in calling the plays for Texas.

The probable starting lineups (kickoff 2:30 p. m.):

TECH	Pos.	TEXAS
Branton	LE	Bechtol
Snodgrass	LT	Wetz
Lawhorn	LG	Wallace
Turner	C	Harris
McSwane	RG	Harrell
Black	RT	Pixler
Moyers	RE	Schwartzkopf
Haredy	QB	Halfpenny
Shahan	LH	Brechtel
Norris	RH	Ragone
Schlinkman	FB	Sweet

De-Nazification Vital

Gen. Eisenhower Acted Wisely

IN ousting Gen. George S. Patton, jr., from command of the Third Army and as administrator of Bavaria, General Eisenhower has given visible support to one of the ideals for which we fought—the de-Nazification of Germany.

Eisenhower's order transferring the 59-year-old pistol-packing Patton to a "paper army"—that is, one that is engaged in research and other clerical work and not in occupation duty—followed a complaint that Patton was temporarily keeping Nazis in office to help run Bavaria. Despite Patton's ability as a military leader, he has been in hot water before, narrowly escaping disciplinary action over the slapping of a soldier.

Many military men will sympathize with him in his present difficulty. An ardent advocate of efficiency, he, no doubt, found some of the Nazi officials to be more efficient than the "outsiders" who were seeking the jobs, and he left the work in the hands of those he believed to be most capable without inquiring too closely into their political convictions.

However, it is of vital importance that we do not compromise on the ideals for which American soldiers died in Germany. While it will be difficult to separate the sheep from the goats—the good Germans from the goose-stepping Nazis, it should be done. If we leave Nazis in offices of power in Germany, our victory might be short-lived — American blood spilled in vain.

General Eisenhower is right. We must de-Nazify Germany.

Lower Postal Rates Due?

THE tax recommendations made on Monday by Secretary of the Treasury Vinson call for terminating on July 1 the increases in excise taxes made by the 1943 revenue act, but not the increases in postal rates made at that time.

In spite of the Secretary's failure to recommend that the postal rates be placed back at their former levels, a move to reduce them may be made by Congress. Congress will contend that the postal service is a necessity affecting everybody, whereas many of the commodities on which the Treasury proposes excise tax cuts are distinctly in the luxury class.

When the 1943 revenue act was enacted in 1944, over Presidential veto, the estimate was made that the excise tax increases carried in the measure, would yield $1,051,000,000 annually. The increased postal rates were estimated to bring in an additional $96,600,000. Later this postal income estimate was some of the rates were cut.

While parcel post, postal insurance and registration fees were increased, the raises that were noted most by the general public were the increase of first-class mail for local delivery, except postals and postcards, from 2 to 3 cents an ounce, and the increase of airmail, except to those in military service, from 6 to 8 cents an ounce.

One argument that Congress can use effectively in urging a restoration of rates back to pre-1914 levels is that the postal system is now showing a fair surplus. The surplus for the fiscal year 1944 was $38,000,000, and the figure for 1945, not yet made public will be considerably larger.

Of course, postal revenues depend not only upon rates but also on general business conditions. Thus in 1943, when the old rates were in effect and business was booming, a surplus of almost $14,000,000 was realized. In 1932, at the depth of the depression, the deficit was more than $205,000,000.

The Postmaster General estimated in 1944 that the cost of carrying mail free for government offices in that year was $124,500,000 and for members of Congress over $1,000,000.

Closing of many of the government agencies, necessary in wartime but no longer needed, should result in further substantial savings. Yes, lower postal rates appear to be in the making.

May Aid Texas Industry

IN one way Japan's current food shortage may help Texas.

Needing more land on which to grow rice and other food staples, the Nipponese are planning to destroy more than 1,100,000 acres of mulberry trees, used for Japan's vast silk industry.

Since Texas is one of the Southwestern states that can produce silk cocoons and is ideally located, according to scientific tests for silk production, the destruction of Japan's mulberry groves, may provide this state with a new industry. Plans are already under way for the erection of a silk mill at Mineral Wells.

"With less to eat, people will be healthier," says a physician. This raises a moot question, to wit: Is hunger too great a price to pay for health?

PLANS FOR TWO

XVIII

Bob Hale suffered the tortures of the damned as he raced back down the old mine road. It was narrow, and winding, and so required 10 minutes at the best possible speed. He was sobbing in a sort of restrained hysteria. Neither he nor the man with him could speak. Bob had black visions of his village completely buried or at least laid in death and ruin. Specifically, he suffered in seeing Carolyn Tyler dead a thousand ways.

He swerved around the last curve, then, and instantly identified Carolyn herself.

He yelled at her. "CAROLYN! . . . CAROLYN!"

It was a wild, frenzied cry which slipped into infinite gladness when he saw that she was actually running.

The village seemed intact, and other folk were stirring now, but he recognized Carolyn from afar partly because he so desperately wanted to and partly because he couldn't mistake the bright red shirt she still wore, the same one she had worn during the ride.

He stopped his car when he had to, jumped out and started running.

All at once he was holding her. Just clasping her tight, feeling her cry and trembling powerfully with her in sheer intensity of emotions.

It was she who murmured first. "Bob! . . . Bob!"

"Little girl!" He kissed the top of her forehead, still squeezing her close. He shut his eyes tightly. There was a strange, sad, and yet sweet ecstacy between them.

• • •

There was no chance to relax for almost 24 hours. But late on that second day, amid the stirring and the milling and the excitement of peoples arriving and going through all the inevitable, of kindly hullabaloo, Bob said that the time had come to take Carolyn away lest she drop in her tracks. Her mother had already been sent to Blair, along with most of the remaining personnel here in the mountain village.

First thing Bob did was to make Carolyn eat. She had lived only on a sandwich and a few cups of coffee forced on her since yesterday.

"You must eat also," she reminded him, there in the tiny Blair Inn. "Gee, Bob, we do get into the awfullest things!"

"Mind if we don't go back tonight?" he asked wanly, after the twilight meal. "Let's just ride out alone, where we can think."

They didn't have to go far. Only a mile or so to escape the flood of newspaper men, photographers, officers, curious folk who had poured in. They left Bob's car and sat on a flat red boulder near the road.

Stars had begun their timeless winking. Later there would even be a moon, but already the world was beautiful with the soft, evanescent something that is early night.

Presently they found themselves talking. Quietly, intimately, dispassionately going over the whole thing. They agreed never to speak of the truly tragic Leana again. They recounted all the weeks since Carolyn had first come to wrk, re-living the horror of the explosion itself but in a new feeling of deep gratitude for escape.

"I waited for you, Bab, at the guard shack, when the guards told me you had not come by," she repeated for perhaps the tenth time. "I just did! But when it happened, I was afraid you had gone in! The granite cliff saved us even there, but I couldn't know about you."

He held her very close. "You waited. For me! It seems to me that I have waited for you since time began, Carolyn! Waited and hungered for you. If it hand't been for your Ken Palmer, I should have— Carolyn, I warn you I don't intend to be a gentleman ever again! You had told me in the beginning that Ken loved you. I felt it only fair to—"

"But I didn't say I loved him!" She laughed again. "And all this, while I thought you indifferent!"

• • •

They talked for more than an hour ,quietly, tenderly. It was the best solace they could have arranged. He grew, if possible, more dear to her than ever, more grand.

It was he who suggested giving Ken Palmer a far better job in the Schoenfeld Laboratory back home. It was he who swore then to tell the secret of deriving X-999 to a dozen other American scientists picked by the government, so that it might be developed in the way that would best serve the interests of his country.

It was he who, finally, said, "I think I have earned a rest, Carolyn, and I'd like it to be a year, with you. Autumn is near, and the Pacific Northwest is beautiful. Then a lazy sea trip down the coast and across to Mexico City—They say it's romance land, sweetheart! Romance land!"

He had slipped into a boyish sort of enthusiasm. Here was a Bob Hale she had never known before! She could not answer, in words; there was a tautness in her throat. But she could press her head a little closer into the crook of his shoulder, where her lips could just touch his chin.

Last thing they saw when they arose to go home was a faint, gray spot high on the hills to the northeast. That was the granite half of Honto Mountain, its peak holding one last hint of day's sun.

"It's still beautiful," Carolyn murmured.

"And strong," said he. "Strong and — triumphant. Like" — he dropped to a whisper, "—like our love, my dear."

Robert J. Cobb Freed From Jap Prison Camp

Mr. and Mrs. Jim Cobb of 1508 Ave. L, were officially informed by the War department this week that their son, Pvt. Robert J. Cobb, a prisoner of the Japanese since the fall of Java, had been liberated and returned to military control.

The parents first knew of their son's safety and liberation last Saturday when they read an Associated Press story in the Avalanche. The War department message said Cobb was in good physical condition and would be returned to the states soon.

Cobb will be 41 years of age Oct. 31 and Mrs. Cobb is hoping he will be home in time for a birthday celebration.

Looking At Life ------ By Erich Brandeis

WHEN you read this little story you'll know why I shed tears of sympathy when I heard it, and you, too, perhaps will feel equally sympathetic with the poor old black marketeer in your neighborhood.

BRANDEIS

This particular blackmarketeer came to me a few days ago and complained about the fickleness of human nature and the incomprehensible disloyalty of friends.

"Less than three months ago," he said, "I had friends by the score. They stopped in my place and called me Charlie. They invited me to their homes. They bought me drinks. They waved at me from their cars. They swore eternal friendship and told me if I wanted anything at all just to call on them.

"I believed them and I gave them the choicest steaks and whole hams and butter and cheese and sugar, and I never once asked them for ration points. I charged them plenty, of course, but they didn't care. The sky was the limit and I was on the way to becoming rich.

"Then suddenly those darn Japs have to surrender and the OPA drops blue points and then the red points on cheese and people can get more meat without having to come to me.

"And now what do you think? One after the other they desert me. They go to their regular markets and get what they need at regular prices, and they have enough points to buy what they want. So now one friend after the other gives me the cold shoulder, and when they see me on the street they look the other way.

"It's a good thing nylons are still scarce and I can get them for the few friends I have left. But how long is that going to last? And then I'll have no friends at all, and instead of getting rich I'll go broke.

"Is that decent, I ask you? Is that loyalty? Why, it's enough to make a guy lose all his faith in human nature!"

• • •

Poor black marketeer. And pity the other black marketeers all over the country. It's too bad those so-called clever fellows were so blind to mistake hypocrisy for friendship. It's too bad they didn't know that real friendship is not for sale nor can it be bought.

I didn't tell this fellow that to have a friend you have to be a friend. Nor did I tell him that many a man and many a woman simulated friendship simply to use him, but that deep down in their hearts they all despised him and simply tolerated him as a necessary evil.

• • •

WELL, the war is over and soon the black marketeer will be nothing but another black spot in the history of a catastrophe that had many brilliant phases but many ugly ones as well.

Because to be a black marketeer required a black heart—and because he never was a friend he never had a friend.

And you cannot lose what you have never had.

HST, Congress May Make Trade

WASHINGTON
By Ray Tucker

PRESIDENT TRUMAN'S unique sympathy and friendship with the legislative branch of the government may enable him to make a trade with Capitol Hill that will have a far-reaching effect on future domestic and foreign problems. The proposed compromise on the respective powers of the Congress and the White House will also tend to restore a nicer balance between the Chief Executive and the National Legislature.

TUCKER

In recent years the relationship has been extremely unstable, and quite contrary to the intent of the founding fathers, who had expected that each would enjoy equal authority in a supposedly ideal state. Three Presidents in the last 50 years bullied and wrangled with the third arm of the government; they were Theodore Roosevelt, Woodrow Wilson and Franklin Roosevelt.

Five grumbled privately over Capitol Hill's behavior, but usually bowed to the opposition or did nothing about it. They were William McKinley, William Howard Taft, Warren Harding, Calvin Coolidge and Herbert Hoover.

In each instance there were bickerings and stalemates which gave a blask eye to our system of managing public affairs. Worse still, the public and private quarrels prevented the timely enactment of needed legislation, especially during the Coolidge and Hoover administrations.

• • •

CHANGES: President Truman had hoped that his service in the Senate and his intimate relationship with leaders in both branches would smooth his Presidential path and aid him in the discharge of his Executive duties. But he has learned otherwise.

His toughest opponents in a legislative sense have been of the Tom (Connally), Dick (Russell) and Harry (Byrd) type—the very men who were once his closest buddies when he was only a senator. He has quickly found that a man must abandon friendship when he crosses the White House threshold and becomes Mister President" even to his family.

Warren Harding, to his chagrin and amazement, made the same discovery. He also learned that even continued intimacy around a little green table could not revive the old camaraderie. Mr. Truman has tried that method, too, on a smaller scale,

• • •

DISAPPOINTMENT: These intragovernmental difficulties have frequently lowered our prestige and cast doubt on our system of government, both at home and abroad. Europeans were dumfounded—and disgusted—when they found that Mr. Wilson could not force or persuade the Congress to ratify the Versailles Treaty or join the League of Nations.

Similar disappointments may await our Allies—Russia and Britain—when pacts settling the affairs of Europe or promising billions in foreign loans are forwarded to the Senate and House for approval.

• • •

EMBARRASSMENT: Mr. Truman regards himself as a Southerner rather than a Middle Westerner, according to his friends. Nevertheless, it is the conservatives from below Mason and Dixon's line who are sabotaging his domestic program, especially his proposals for generous financial grants to people whom the end of the war has thrown out of work.

This opposition from his old cronies causes HST particular embarrassment at home. The CIO-ers and other labor groups, which helped to elect the Roosevelt-Truman ticket after they had engineered the Missourian's nomination for second place, feel that he is "letting them down." They think he ought to be able to boss party members, especially as they are his old friends.

Therefore, it is believed that Mr. Truman will welcome the proposed trade if it can be sold to the Congress and to his official advisers.

• • •

SOLUTION: Rep. Hatton Sumners of Dallas, chairman of the House Judiciary committee and admittedly outstanding Constitutional authority on Capitol Hill, is the man who may have discovered a prospective solution. He believes that the present lopsided arrangement results from wrongful use of the veto power as well as limitations placed on that process by the Constitution.

The Texan thinks it undemocratic and unfair that a two-thirds vote be required in both brances of Congress to override a Presidential disapproval. He points out that if a President's personal friendship or patronage power enables him to influence the vote of 17 Senators, who represent only 8 1/2 states, it means that one man in the White House outweighs the sentiment of representatives from 39 1/2 states. He believes that no individual in a democracy should possess so much authority.

• • •

AGREEMENT: Amazingly enough, and contrary to all his predecessors' viewpoints, President Truman shares this belief. Sumners was almost stunned when HST told him how he felt about this question, for FDR vetoed several proposals to change this system.

On the other hand, administration officials maintain that the requirement of a Senate vote of two-thirds for approval of a foreign treaty is equally absurd. They note that senators from only 8 1/2 states can defeat agreements affecting industry, finance, trade and national defense. And the 17 recalcitrants could—and often do—represent commonwealths with no direct interest in these problems.

Ironically, many of the "isolationists" in the 1919-1924 and 1939-1944 controversies over America's international role have hailed from the President's own state of Missouri. He recently named one to the federal bench—Bennett Clark.

• • •

REDRESS: Anyway, there is the basis for a trade which, according to its sponsors, may redress the balance of the relationship between the President and the Congress. Whether it can be sold to Mr. Truman's cabinet members, who exercise a remote control over the legislative arm through his veto power, and to Sumners' colleagues, is a question which may be decided at the present session. It may be years before we shall have another Chief Extcutive willing to permit any encroachment on his right to say "No."

TEXAS
BY GORDON SHEARER

AUSTIN.—Gov. Coke R. Stevenson must have some private memory system all his own.

Time and again he has astonished hearers with his accurate quoting of figures or topics that come up casually in conversation or discussion.

A typical example was mention the other day of the height of a peak in the Chisos mountains. Someone referred to it in thousands of feet and the governor promptly put in the exact figure.

Another instance was his complaint that the latest Texas Almanac had changed the area of two counties as he remembered them. Many such changes occur as resurveys show differing acreage.

Lt. Gov. John Lee Smith also astonishes with his memory. His special ability is quotations. He can hear an address and quote much of it word for word for a considerable time after the delivery.

Both are lawyers and have learned the value of exactness. If a juror hears a lawyer talk in generalities or quote inaccurately they attribute laxness to all the lawyer says.

HUSH: Newsmen are always annoyed at having to sit outside offices and "cool their heels" while state boards, bureaus and commissions hold executive sessions.

But not so when it comes to meetings of the State Board of Education. At their last three meetings here they have held executive sessions. Spectators are asked to leave the session but newswriters are allowed to remain.

Secretary Vinson's Argument Is Logical

Big Tax Slash Can't Come Now

By THOMAS L. STOKES
Special Correspondent

WASHINGTON — The "Stop, Look and Listen" signs are being hoisted in every direction by the Truman administration.

The warnings are out against letting off the brakes and dashing in front of any oncoming locomotives labeled either "inflation" or "deflation." The temptation is great, with the war over and everybody inclined to "speed 'er up."

STOKES

No more sound and sober statement of all that is involved has been made than that by Secretary of Treasury Vinson in presenting a limited tax reduction program to the House Ways and Means committee. Any impression that we could dismiss the war with the Japanese surrender and plunge back into normalcy was dispelled by his concise summing-up of the hard facts. It is worth reading and pondering:

"Every one of us wants to see an end to the burdens of the war as soon as possible. But these burdens do not end quickly. War and its aftermath will keep federal expenditures high for months to come."

• • •

No Miracle Possible

"We cannot liquidate a great fighting machine overnight," Vinson continues. "It will be some time before expenditures for feeding, equipping, and paying the men and women of our armed forces will shrink to the peacetime level. Demobilization itself is expensive. Contract terminations will probably cost between $4 billion and $5 billion. Mustering-out pay will average about $270 per discharged man, to say nothing of the costs of bringing him home. Even after completing demobilization we must meet our obligations to the veterans and to the 85 million bondholders.

"To reestablish veterans in peacetime jobs and to provide care for sick and disabled veterans is a responsibility of first importance. The federal debt, which on September 27, 1945, was $262 billion, must also be serviced at a cost of over $5 billion a year for interest alone."

• • •

"FINALLY, we are determined never again to be caught off guard. The peace must be won. That means occupation of enemy countries to make thme powerless and to put them on the road to a peaceful instead of warlike future. It also means a military establishment large enough to maintain the peace.

"Non-war programs to aid agriculture, the unemployed, and the aged, and delayed public works expenditures, together with the ordinary civilian expenditures of government, will also cost money."

No easy problem there. No easy road ahead.

Mr. Vinson explained how we must chart a careful course between inflation and deflation — "the inflation which disrupts the economy by throwing out of gear the value of our income and the deflation which leads to unemployment, depression and strangulation."

• • •

Stresses Two Dangers

He mentioned inflationary factors: the enormous pent-up demand for capital and consumer goods, accumulated individual and corporate savings, the desire for new houses, new cars, new radios and the like.

As deflationary pressures he listed the declining rate of government expenditures; layoff of millions of workers, with a drop in total income thereby and also through cutting out overtime and reclassifying jobs at lower pay; the necessity of some workers to travel long distances to find new jobs.

Here, too, talking to the committee which has bottled up President Truman's proposal for increased unemployment benefit compensation, he included as a deflationary influence the unemployment compensation in many states which, he said, "will not prove adequate to sustain mass purchasing power."

As guards against deflation he urged "skillful wage policy, price supports for agriculture and adequate unemployment compensation" as "important weapons." As guards against inflation he included price and other direct controls and also taxation.

• • •

TAX reduction now must be modest and designed to "encourage the boldest, quickest and most venturesome expansion of peacetime enterprise by business investors," for which he recommended repeal of the excess profits tax; to take the burden off the little fellow, for which he recommended repeal of the 3 per cent normal tax, and to remove other tax burdens by advancing the date for ending certain excise taxes.

He made a strong case against letting off the brakes too quickly through tax reduction or removal of price and other inflation controls; and for cushioning unemployment and reduced incomes of the transition period by adequate federal aid.

ENROLLMENT SHOWS BOOST

COLLEGE STATION, Oct. 5 (U.P.) —Student enrollment at Texas A. & M. college has jumped 90 per cent over last semester for a total of 2,572 students registered through Wednesday for the first peacetime semester. Registration for the last semester, which ended Sept. 21, numbered 1,353 students, Registrar H. L. Heaton said today.

Plumlee Jury Unable To Agree, Dismissed

FLOYDADA, Oct. 5 (Special)—A jury was unable to reach a verdict in the trial of W. C. Plumlee, Floyd county commissioner, for passing a forged instrument, it reported to District Judge Alton B. Chapman today.

The body deliberated about four hours, then was dismissed.

Plumlee was charged with passing a $17.70 check which the State contended was made out to a person not on Plumlee's precinct payroll.

Another indictment against the official remains to be tried, according to District Attorney Richard F. Stovall. The indictment includes four counts alleging forgery and passing. The case may be tried next month, Stovall said.

Byrnes Report

(Continued From Page One)

sia has not rejected and which Byrnes hopes it will accept.

"The United States is willing to dictate terms of peace to an enemy," Byrnes said, "but it is not willing to dictate terms of peace to its Allies."

Not Trivial Matter

"The matter that caused the suspension of our work is no trivial matter, or technical question," he said. "It presented an issue that had to be met. It is whether the peace shall be made by three or even five nations to the exclusion of other nations vitally concerned in the maintenance and enforcement of the peace which is being prepared.

"The issue goes even deeper The council of foreign ministers acts under the unanimity rule just as the security council of the United Nations must act in many important matters, but in the security council no nation has the veto power in procedural matters while in the council of foreign ministers one nation can veto all action.

No Peace At Any Price

"The veto power is a great power and should not be lightly exercised. We are willing to make many concessions but the United States does not believe in an agreement at any price.

"Peace must be based upon mutual understandings and mutual respect. It cannot be secured by procedural manoeuverings which obscure from the people the real and vital issues upon which their peace depends."

are expected to resume operations by Monday, said H. Struve Hensel, assistant secretary of the Navy.

If most of them are running by that time, he told reporters, "I will consider we have accomplished a good job."

Said Cooperative

Top Navy officials conferred with the union leadership this afternoon and reported its attitude was "very cooperative."

The Navy assured the unionists it was anxious for resumed negotiations between them and the dispossessed managements, so the Navy could step out.

Seizure of the oil companies was ordered last night by President Truman because of "serious shortages" in fuel supplies for the military and the creeping paralysis of transportation in numerous cities.

But it did not settle the basic issue on which workers quit their jobs in refineries and pipeline stations—the CIO demand for wage increases to compensate for the coming cut in hours from 48 to 40 a week. Neither did it provide a formula for quieting the ominous unrest in steel, automobiles and other industries where the CIO demand is the same.

RUSSIA SETS ELECTIONS

LONDON, Oct. 5 (AP)—The Moscow radio announced today that general elections would be held throughout Russia on Feb. 2, 1946, to elect deputies to the Supreme Soviet of the Soviet union.

State debt of North Carolina has been reduced from $178,814,600 in 1930 to $113,596,000 in 1944, and there is a surplus of $70,000,000 in the treasury.

Hypnotism Used To Save Anaesthetics

SAN FRANCISCO, Oct. 5. (AP)—Patients needing minor surgical and dental operations while in [illegible] prison camp were hypnotized in order to save the camp's small store of anaesthetics for major operations, an Aneta, Dutch news agency, dispatch from Singapore said today.

A Netherlands medical officer, Dr. Sampion, recently liberated from the camp near Singapore, related the incidents, Aneta said.

The doctor [illegible] declared he found hypnotism successful in treating victims of bari beri who believed themselves paralyzed as the result of their suffering.

SPECIALTIES TOPS

NEW YORK, Oct. 5 (AP)—Specialties with good peace-time prospects continued to monopolize most of the bidding in today's stock market, while many leaders suffered more from neglect than real selling pressure.

Transfers of 1,420,000 shares compared with 1,340,000 Thursday.

At 1945 peaks were Pepsi-Cola up 3½ on the day's heaviest volume as the outlook for sugar supplies brightened, Loew's and R-K-O, in reflection of bigger box office receipts, National Power and Light and Schenley.

Government seizure of strike-bound oil plants and the union order for the return of workers helped Standard (NJ) and Texas Co., both of which were up more than a point.

The Associated Press 60-stock composite was up .6 of a point at 71.8, equalling its peak since April, 1937. The utility average advanced one-tenth of a point to a top since March 11, 1937.

In front were Johns-Manville, Chrysler, General Motors, Bahia Pe, Woolworth and American Can. Casualties included Youngstown Sheet, American Telephone, Westinghouse, Boeing, Anaconda, Sears Roebuck, Public Service of N. J., and U. S. Gypsum. Secondary railway bonds hardened.

NEW YORK FUTURES

NEW YORK, Oct. 5 (AP)—The cotton futures market fluctuated over a wide range today as traders attempted to appraise prospects for enactment of the Pace bill. Final prices were 35 to 65 cents a bale higher.

Gaines of $1 a bale and new seasonal highs were reached in early dealings following an estimate of the bureau of agriculture economics that the measure to include farm labor costs in parity would boost the cotton parity by 7.06 cents a pound.

The market then lost part of the advance on heavy profit taking with many quarters feeling that the Pace bill would not be passed.

Futures closed 35 to 65 cents a bale higher.

NEW ORLEANS REPORT

NEW ORLEANS, Oct. 5 (AP) — Cotton futures advanced here today on trade and speculative buying which was induced by unfavorable weather in the belt and small private crop estimates. The market closed steady, 25 to 40 cents a bale higher.

CIVILIANS AGAIN

WACO, Oct. 5 (AP)—Almost 1,000 honorable discharges from the armed services have been filed with county clerk Floyd Mitchell here. So far this week, 319 have been filed for the biggest week thus far.

Put a sea tang into your menus. Canned shrimp is always ready to go.

Welcome Home . . . Back In Civvies

EDITOR'S NOTE: The Avalanche-Journal joins friends and relatives in welcoming home these servicemen recently discharged from service and who are now wearing their honorable discharge buttons in civilian clothes. Names of discharged servicemen are from Selective Service records.

Beware Coughs Following Flu

After the flu is over and gone, the cough that follows may develop into chronic bronchitis if neglected. Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.
