Boulter visits Lockney

Republican candidate for the U.S. Congress, Beau Boulter was in Lockney Friday to address the Lockney Rotary Club.

While discussing his views and ideals with the Rotarians, Boulter stated that the main reason he is running for Congress is the future threat to the people of this nation and their children if government spending is not curtailed.

"A healthier economy, more jobs, and lower inflation rates can only come with lower federal spending. If we want a healthier economy, we have to cut federal spending," Boulter stated.

Boulter said that the surest method to control federal is by structurally changing the way the Congress decides how much money to spend. Though this would require amending the constitution, in the meantime the only way to cut spending and correct the deficit is for Congress to stop voting to increase the federal budget.

Boulter is a supporter of the balanced budget amendment and also the line item veto power for the president. He said he felt that these items coupled with a Congress that is willing to vote against spending measures will help restore our economic security the future

of our country.

In addition to his stands on the balanced budget and the line item veto power for the president, Boulter stands for a strong national defense. "We must maintain the offensive capability equal to that of our enemy so that we will be in a position to deal from strength. A strong defense is imperative until we can be assured of national security through verified arms control."

Boulter said, in addition, "Excessive and unnecessary federal regulations restrict the operation and growth of our businesses. It's time the federal government got off the back of the small businessman." Boulter is also a supporter of voluntary prayer in our schools.

In addition to speaking to the Lockney Rotary Club Boulter attended the pep rally at the high school and spent some time getting to know businessmen and residents in Lockney.

Boulter, a 42 year old Texan, was born in Levelland. He graduated from the University of Texas in 1965 and completed Baylor Law School in 1968. A practicing attorney, he and his wife Rosemary have three children: Becky, age 16; Matt, age 11; and Elizabeth, age 4. They have lived in Amarillo since 1974.

BEAU BOULTER took time to campaign in Lockney last Friday afternoon. Among the local businessmen Boulter met with was Kim King at the First National Bank.

Revival slated at the

First Baptist Church

Revival services will begin with worship at noon on Monday, October 22, at First Baptist Church, Lockney. Murle Rogers, Pastor, extends an invitation to the public to attend all services. Everyone is welcome to bring a covered dish and attend the noon services Monday-Friday. (Lunch will be served in fellowship hall each day at 12:30. Those needing to be at work will be served first). Evening services are scheduled at 7:45 on Monday (High School Youth Night) and 7:30 on Tuesday through Saturday. Regular Sunday services are scheduled on October 28. A nursery is provided for infants through 4 years of age.

The guest evangelist is Don Cass, Pastor of Southcrest Baptist Church in Lubbock. Cass, born in Altus, Oklahoma in 1945, surrendered his life to the preaching ministry at age 19. He is a graduate of Royalty High, Grandfalls, Texas; received a BA Degree from Wayland Baptist University in 1973 and the Master of Divinity Degree from Southwestern Baptist Theological Seminary in Fort Worth in 1978.

He and his wife, Barbara, have one daughter, Paula Sue age 17.

Born in Portales, New Mexico and raised in Dora, New Mexico, Jones attended Eastern New Mexico University, receiving a Masters Degree in Speech Pathology in 1968. He also studied voice and was a member of the acapella choir. Residing in Odessa from 1968-1984, he was director of music at

West Park Baptist Church for eight years and served as interim at Immanuel and Sherwood Baptist Churches also in Odessa.

Jones moved to Lubbock in January of 1984, where he is the Director of Speech-Language-Hearing Center of Lubbock. He and his wife, Kathie, and two daughters, Melissa (14) and Diana (10) are members of Oakwood Baptist Church in Lubbock.

The revival team will be assisted by the local pastor, Murle Rogers; music minister, Terry Keltz; minister of youth, Randall Stotts; and outreach director, Lawson Rowell.

A special emphasis is being placed on high attendance Sunday, October 28th, which is being observed as "Great Day in the Morning" throughout the Southern Baptist Convention. Everyone is reminded to set your clocks back one hour and to use that extra time to go by and bring a friend or neighbor to Sunday school and worship.

HANSEL SANDERS, right, and Duard Reves hold the United Methodist Church Harvest Festival door prize, a mailbox painted by Molly Huffman. The mailbox will be awarded at the conclusion of the festival auction, and the winner must be present to collect the prize.

Harvest Festival set for Saturday, October 20

The First United Methodist Church of Lockney is presently making plans for their 6th annual Harvest Festival which will be held on October 20 at the church.

As in years past, a complete turkey dinner will be served from 11:30 to 12:45. The menu will include turkey, dressing, gravy, green beans, sweet potatoes, rolls, and cobbler. 23 turkeys have been ordered and will be cooked by as many ladies of the church to accommodate the crowd. A variety of fruit cobbler will top off the meal, made by 32 women. 30 gallons of sweet potatoes will also be prepared.

Tickets for the Harvest Festival lunch may be purchased from any church member or at the door on the day of the festival. Ticket prices are \$3.50 for adults and \$2.50 for children under 10 years of age.

Delivery for shut-ins, nursing home residents, and hospital patients wishing to partake of the good food offered by the church has been arranged. Deliveries will begin at 11:00 a.m. and those wishing to have lunches delivered should contact the church at 652-2193 ahead of time to arrange for deliveries. The regular takeout service is available again this year from 11:15 to 12:30. Those planning to pick up takeout orders should use the northeast door at the end of the east patio to pick up their orders. There will be girls in the office on Saturday from 10:00 to 12:30 to take orders over the phone at 652-2193.

The festival will begin at 10:00 a.m. with the opening of the country store which will feature a wide variety of homebaked goods that will be a good buy now or to freeze for the upcoming holiday season. Also in the country store will be jellies, hot sauce, relishes and other homemade small items. Everything in the country store will be priced from 50 cents to \$20.00. A word of caution comes from Carolyn Jackson,

"The country store usually sells out, so come early and pick out what you want."

Those donating items to the country store are asked to have them at the church between 10:00 a.m. and 4:30 p.m. on Friday, October 19, with the exception of baked goods which should be at the church no later than 9:30 a.m. on Saturday morning the day of the festival.

Another feature of the Annual Harvest Festival is the auction which will be conducted starting at 1:00 p.m. on Saturday. Jack Dulin has consented to conduct this year's auction; he will be assisted by Ricky Kellison, Eddie Teeter, and Kim King.

Some of the items already promised for the auction include six afghans, a shaker box, several paintings, a clock made by C.L. Record, a hoop framed large counted cross stitched picture and much more. There will be much more at the event including many handmade items from church members. Those donating items for the auction should have them at the church by 4:30 on Friday, October 19.

Following the auction a drawing will be held for a handpainted mail box donated by Molly Huffman. To register for the door prize sign, names will be placed on the back of the meal tickets for the buffet lunch, and the winner will be drawn from these tickets. One must be present to be eligible for the door prize.

From 12:00 to 1:00 the Harvesters of Petersburg will present a musical concert of gospel music in the church sanctuary for those remaining after lunch for the auction.

This year's festival promises to be a fun filled day to equal or exceed any in the past. Everyone is urged to make their plans to attend.

Good luck at the contest to all the marching band members.

Observe caution this Halloween

The last day of October is a special day for some very special little "goblins". Once again hundreds of our children will take to the neighborhoods dressed in scary attire of all description. This is supposed to be a happy event for children but for some of them, trick or treat may well turn into tragedy. Major V.J. Cawthon, Commander of the Department of Public Safety, Region 5, said, "A few extra precautions on the part of motorists, parents and children could prevent tragedies this Halloween". He also mentioned that adequate visibility of our children is of utmost importance, urging the use of retro-reflective material. This is an effective and inexpensive way to make little "monsters" readily seen.

Parents should also provide children with flashlights which serve a dual purpose of lighting their path and also warning motorists or cyclists of their location. A last minute reminder of basic pedestrian safety rules before they start off is also in order. Home-owners can help by providing porch and sidewalk lighting where possible and try to remove any items in your yard which may become a hazard after dark.

As motorists, be on the look out for kids darting into the street from between parked vehicles. Remember, they are excited and pre-occupied with trick or treating so drivers need to be extra alert.

So let's all be aware of the kids on the streets, so they can enjoy their "trick or treats"!

This Week

BAND BOOSTERS

There will be a meeting of the Lockney Band Boosters on November 12 at 7:00 p.m. at the band hall. The Band Boosters would also like to remind the public that their annual bake sale will be held November 20 at Baccus Motor Company. This would be a good opportunity to support the band and also purchase baked goods to freeze for the upcoming holiday season.

PHONE DRIVE

Any Independents, Republicans and Democrats wishing to help with a phone drive in the Reagan-Bush campaign should contact Mrs. Terry Boedeker in Lockney.

WATER TAPS

In the next few days the Mackenzie Municipal Water Authority will be making water taps on water lines between the water treatment plant and the cities of Floydada, Lockney, Tulia and Silvertown. Should anyone wish a water tap they should contact the water treatment plant at 633-4326. Cost of the taps will be according to the number of taps that will be made on the transmission line.

Pronounced near death from pollution a decade ago, the Mediterranean Sea shows surprising signs of recovery. The beaches that once were contaminated are now attracting swimmers and sunbathers. Fish are returning to areas where anglers previously hooked only tin cans.

Though complaints about pollution go back several decades little was done until famed undersea explorer Jacques Cousteau and other experts began to warn in the 1970's that the Mediterranean was becoming another Dead Sea. Finally alarmed, governments in the area set up the Mediterranean Program in 1975 under United Nations auspices.

In France, Greece, and Israel, sewage outfalls have been moved several miles out beneath the sea. Officials in the

While oceans dissipate contamination in many directions, the Mediterranean can cleanse itself only through the 8 mile-wide Strait of Gibraltar. A replenished cycle takes 80 to 100 years.

Despite the many problems, the Mediterranean clearly is perking up. This year more people are swimming and sunning on more beaches than in 1983.

French coastal region around Nice have purchased a fleet of Pelican boats especially designed to sweep up surface trash before it washes ashore. One fourth of the world petroleum is carried through the Mediterranean, into which tankers often pump oil-tainted bilges. Researchers say that 90 percent of the sewage from major cities around the basin flows into the sea.

Running Water Draw Festival set

The ninth annual Running Water Draw Arts and Crafts Festival is scheduled for October 19, 20, and 21 at the Hale County Agriculture Building in Plainview.

Items to be sold will include oil and watercolor paintings, stained glass, scrimshaw, metal sculpture, photography, various Christmas decorations, toys, needlepoint and crochet afghans, jewelry, and handmade clocks.

Lockney residents who will be exhibiting works at the show include Cynthia Bybee, Shelia Poole, and Elsie Sherman, all of Lockney and Ann Glasscock of Floydada.

The Running Water Draw Arts and Crafts Festival presents the perfect opportunity to start early shopping for Christmas gifts. The wide range of items offered for sale, should afford shoppers the opportunity to find that special something for everyone on their Christmas list.

Admission for the event will be \$1.50 for adults and 50 cents for children.

Dr. W.J. Mangold recertified

Dr. W.J. Mangold of Lockney, Texas, has been recertified as a diplomate of the American Board of Family Practice (ABFP) as a result of passing a recertification examination offered by the ABFP. The physician thus maintains specialist status in the medical specialty of family practice.

ABFP diplomates must continue to show proof of competence in the field of comprehensive, continuing care of the family by being recertified every six years. No other major medical specialty requires diplomates to be recertified on a continuing basis.

The written examination is designed to prove the candidate's continuing competence in the basic components of family practice—internal medicine, surgery, obstetrics and gynecology, pediatrics, psychiatry and neurology, and community medicine.

To qualify for certification initially a physician must have successfully completed three years of residency training in family practice and passed an intensive certification examination.

I went to a activity meeting last week, and I missed the bus trip. So I sure do appreciate Dixie Johnson taking my place and taking Mr. Pyle, Mrs. Cunyus, Mrs. Loudermilk, and Mrs. Hunt for a ride on the bus.

Happy Birthday to Mrs. Hassie Arnold, whose birthday was last Saturday!

I've been so busy this past week trying to keep up with these busy people.

We have been exercising every morning trying to work off all the pies from Bingo.

We sure would appreciate any pumpkins you could give. Thanks to Mr. and Mrs. Joe Munoz for the pumpkins they brought us. Until next week.

ACT test dates slated

As the new school year begins, more than one million high school juniors and seniors across the nation are preparing to participate in the ACT Assessment Program.

The ACT Assessment, which consists of four academic tests that measure educational development and a detailed questionnaire that collects information relevant to educational and career planning, is recommended or required by more than 2,700 postsecondary institutions and scholarship programs.

School guidance counselors recommend that students participate in the

ACT Assessment Program during the junior year or early in the senior year, so their results will be available in time for use in planning for postsecondary education and careers.

Students can obtain registration packets that contain all the information necessary and prepare for the Assessment from their high school guidance offices. The basic registration fee for the Assessment is \$9.50. New for 1984-85, late registration will be accepted for an additional \$10.00 late handling fee. For 1984-85, ACT has established this test date schedule:

Test Dates	Registration Deadlines	Late Registration Deadlines
October 27, 1984	September 28, 1984	October 16, 1984
December 8, 1984	November 9, 1984	November 23, 1984
February 9, 1985	January 11, 1985	January 29, 1985
April 20, 1985	March 22, 1985	April 9, 1985
June 8, 1985	May 10, 1985	May 28, 1985

It takes about three hours to complete the four ACT examinations in English, math, social studies, and natural sciences. A sample copy of a full-length test is available in every high school. Students who would like to have copies

of additional tests may obtain them at cost from ACT.

The ACT Assessment also includes a two-part questionnaire that students complete at home when they register. The questionnaire focuses on the student's interests, academic and non-academic accomplishments, and vocational and educational plans and needs.

Colleges use information from the ACT Assessment Program for academic advising, admissions counseling, course sectioning and placement, student services, and institutional research. ACT Assessment reports are sent to students, their high school counselors, and only those institutions and agencies specifically designated by the student.

The ACT Assessment Program is a major service of The American College Testing Program, which has national headquarters in Iowa City, Iowa.

1.4 million students to take PSAT/NMSQT in October

More than 1.4 million students are expected to take the Preliminary Scholastic Aptitude Test/National Merit Scholarship Qualifying Test (PSAT/NMSQT) this fall in over 19,000 high schools across the nation. Among them will be 42 students scheduled to take the test October 23 at Lockney High School, according to Mrs. Jerry Williams of the school's guidance staff.

PSAT/NMSQT will be offered nationally this year on Saturday, October 20 and Tuesday, October 23. Since 1959, nearly 30 million students have taken the test, which measures verbal and mathematical abilities.

"Students take the PSAT/NMSQT for several reasons," said the local guidance official. "The PSAT/NMSQT is the qualifying exam for students wishing to participate in competitions of the National Merit Scholarship Corporation. Students also want to find out how they rank among their peers taking the

test in other parts of the country."

The test also provides an opportunity to become familiar with types of questions similar to those on the Scholastic Aptitude Test, which many college-bound students take. In addition, the test is the first step in qualifying for the National Hispanic Scholar Awards Program, conducted by the College Board under a \$2.1 million grant from the Andrew W. Mellon Foundation.

The College Board provides services that enable counselors and other school personnel to better understand and interpret the test results to students and parents such as school summaries of students' answers, profiles of the academic characteristics and career interests of students taking the test, and a special publication for use with students as part of a general guidance program.

JV open district with win

The Lockney Longhorn J.V. opened the district season in a winning fashion, downing the Petersburg Buffs 30 - 6. Lockney scored on its opening possession on a 6 yard run by Javier Bernal and added the 2 point conversion on a Jimmy Ballejo to Rusty Teeter aerial.

Bernal scored again on a 9 yard run and the same Ballejo to Teeter connection added two points. Bernal's 16 yard and 56 yard runs tallied the Horns final two touchdowns with Matt Williams blasting over from the 3 yard line for the conversion run following Ber-

nal's last T.D.

Petersburg showed great effort and character and scored on a 3 yard run on their last possession to close out the scoring.

Football contest winners named

Well the men are back in the football contest this week. From the entries from wives and husbands one would guess that the men are upset at the women beating them in the contest.

This week's contest must have had lots of upset games because most of the entries missed from three to 10 games. However, we do have three clear winners.

First place this week goes to Bernice Reynolds who missed three of the area and pro games and had Lockney picked to win and a total score of 35. She will receive the \$10.00 first prize.

Second place goes to Kenneth Worford who also missed only three games but he had Lockney picked to win with a total score of 29. Kenneth beat wife, Retha, out this week and will receive the second place prize of \$6.00.

Third place goes to Louis Ray Stapp who turned in a contest page with only four wrong games and a total score of 36 and Lockney to win. He will receive \$4.00.

There were two honorable mentions this week and they are Rodger Stapp who missed four games and had a total score of 29 and Joe Copeland who also missed four games and had a total score of 28.

Winners may pick up their checks at the Beacon office on Friday.

We would like to remind those who enjoy the football contest to please be sure and thank the sponsors on that page because without them we could not provide the contest for you.

Jeff McCormick honored as player of the week at ASU

Jeff McCormick, backup weak safety, was one of three Angelo State football players honored as Ram Club players of the week Monday, October 1, for their efforts in ASU's 18-17 come-from-behind win over Eastern New Mexico Saturday.

McCormick, a 5-11, 175-pound Lockney native, was awarded the club's kicking game player of the week and then was honored by the Lone Star Conference by being named the LSC's defensive player of the week.

The sophomore set up two of the Rams scoring drives against ENMU, blocking a punt and recovering it early in the game and intercepting a pass to give the Rams' offense another chance. He was also in on four tackles, two of them unassisted.

McCormick's blocked punt ultimately resulted in a 13-yard TD run by Cox and his interception, his second of the season, led to a 37-yard Paul Drain field goal that gave the Rams a 12-10 lead.

Cox, a 5-11, 185-pound sophomore, is from San Antonio Roosevelt.

Horns romp on Petersburg

The Lockney Longhorns journeyed to Petersburg Friday night for the first game of District play and emerged victorious with a 32 to 6 win over the Buffalos. The Horns record for the year is four wins, one loss, and one tie game.

The Horns had possession of the ball first but were unable to score. The ball changed hands with Petersburg starting on their own 25. After only four plays the Horns were back in possession of the ball on the Petersburg 27 yard line. Quarterback Brent Hallmark rared back and hit Jerry Mathis with a 27 yard pass to put Lockney's first score of the game on the scoreboard. Danny Perez added the extra point and with 4:05 left in the first quarter the Horns lead 7 to 0.

In the second quarter Lockney scored twice more. The second touchdown came as Hallmark took the option and ran the ball in from the five yard line. Danny Perez made the conversion for the extra point. In the final seconds of the first half Perez booted a 35 yard field goal to leave a score of Lockney 17, Petersburg 0 at the half.

In the third quarter the ball changed hands several times. Then with 43 seconds left in the third quarter Dickie Hernandez took the ball and ran 10 yards for Lockney's third touchdown of the game. Perez again made the extra point and Lockney lead 24 to 0.

In the fourth quarter Petersburg got their lone score of the game on a ten yard pass. The extra point failed. Lockney, however, did not stop with their already outstanding show, scoring again with 4:53 left in the game. Lockney started with the ball on their own 30 yard line and moved the ball down to the Petersburg eight yard line. On the second and eight play, Hallmark gave the ball to Dickie Hernandez who carried the ball eight yards for the touchdown.

The extra point attempt had to have been seen to be believed. With Hallmark set to hold for Danny Perez, the snap was fumbled and picked up by Hallmark. Failing to find an open

receiver, in the midst of a tackle, Hallmark tossed the ball over his shoulder to have it caught in the end zone by Gary Kent for the two point conversion, bringing Lockney's total to 32 points as opposed to the host team's 6.

The Horns of the Week this week include Randy Race, the offensive lineman, and Dickie Hernandez, offensive back. On the defensive forcing unit Terry Mathis was named. The defensive back spot this week is split between Johnny Torrez and Buffo Rodriguez. This week's big hits went to Danny Perez and Paul Moats. Danny was also the special team's player of the week. MOE of the week was Jerry Mathis.

Coach Bob Purser commented on the game, "We played as well as could be expected. It's hard to come from playing two big tough teams and then

dropping to a team smaller that does not seem to pose quite as much competition for the boys. We are pleased with the boys, and they played hard and deserved to win."

Of the upcoming game against Paducah here Purser said "Paducah will be a little tougher than Petersburg was, and the boys will have to be up for this one."

Athenas hear program presented by Joy Parnell

Athena club members met in the home of Donnie Meriwether Thursday, October 11, and heard an inspiring program given by Joy Parnell entitled "Pack your own chute." The program was based on a study conducted by Dr. Eden Ryl. Parnell announced that everyone has the power to literally decide the direction their life will take.

"The fears we often experience are unrealistic fears, the fear of the unknown," explained Parnell. "These fears often become overwhelming and can be overcome by facing them." She

continued, "Your ride throughout the day depends on packing your own chute carefully. Each of us needs to become aware of how behavior comes about." Parnell emphasized that everyday is a new opportunity to do the best you can do.

Laura Wilson was the co-hostess of the evening and those attending were Sandra Turley, Martha Sue Lusk, Judy Schacht, Linda Ryan, Veda Hrbacek, Barbara Mathis, Charlotte Mitchell, D'Lynn Morgan and Cindy Smith. Gail Sherman was the guest attending the program.

CO-OPS

Americanism at Work

PEOPLE POWER 60,000,000 STRONG

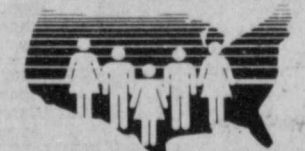

They are all member-owners of the nation's 40,000 cooperatives found in every state from coast to coast.

They are the people you know and work with every day, committed to the cooperative way of conducting business because it's proven to be both highly efficient and an extremely economical way to meet a variety of needs.

There are cooperatives for electric and telephone service, farm credit, farm marketing and farm supply, food, insurance, health and day care, and credit unions. They're found in the city, in the country, and in between. Cooperatives are big and they're small, but they provide the goods, services and jobs that benefit the entire country.

Co-op people are proud of their consumer-owned business. They've grown and flourished and helped their communities thrive. And thriving communities mean a better America in every way.
