Commissioners reach agreement

Vote expected Friday on FGE Texas abatement plan

Members of the Mitchell County Commissioners' Court met last week to discuss the specifics of a tax abatement agreement between the county and FGE Texas, LLC with their attorney, Chuck Kimbrough of Bickerstaff, Heath, Delgado and Acosta. After two days of phone conferences, members of the court agreed on abatement details, but the vote will come dur-

ing a meeting planned for Friday morning at 9 a.m.

The order which was agreed upon states that the first tax abatement period will begin in January 2017, with FGE Texas, LLC agreeing to pay Mitchell County \$1.5 million per year for 10 years. This agreement is for Phase I of the power plant operation.

FGE Texas, LLC is planning further construction in Phase II and the tax abatement agreement shows the company paying the county another \$1.5 million per year for 10 years, beginning in 2018.

Under the agreement, the county will be paid \$3 million per year from 2018 to 2027, in lieu of a fluctuating tax amount. Until 2017, FGE Texas will be making de-

ferral payments in the amount of \$50,000 per year.

According to County Judge Ray Mayo, the agreement will be voted on by the court during a called meeting on Friday. He said that the abatement covered only the county, and the hospital district and water district will orchestrate an abatement agreement of their own.

Filing for March primaries begins

November 9th is an important day for anyone interested in running for office in Mitchell County or the State of Texas in the March primaries, as it's the first day any Republican or Democratic Party candidate may file an application for a place on the primary ballot. The filing period continues through December 9th.

The date is also the first day county chairs may accept applications for a place on the primary ballot for office of county chair.

According to County Clerk Debby Carlock, a new Texas law took effect September 1st moving the opening of the filing period back a month. She said that the new filing dates allow for Texas legislators to move the primaries back to February in the future.

Several local offices are up for election this year: County Judge, currently held by Ray Mayo; District Clerk, currently held by Sharon Hammond; County Clerk, currently held by Debby Carlock; and County Treasurer, currently held by Jennifer Rivera.

Luncheon honors D.A., Casares

There were smiles all around on Monday, as District Attorney Ann Reed and DPS State Trooper Frank Casares were honored for their hard work and dedication following the attempted capital murder trial held recently. Two Oklahoma men on trial for attempting to kill Casares were both convicted and sentenced to life in prison recently.

Reed held a luncheon on Monday at the Civic Center, as a way to say thank you to Casares for his dedication to the citizens of Texas. She didn't realize that local law enforcement officers planned to honor her too.

She received a plaque and metal seal given to her by the DA's Office Task Force for the exemplary work she displayed at the trial of the men who shot at Casares on that day in January, almost one year ago.

Casares had been honored in Austin with a Director's Citation back in August, but Reed said she wanted to honor him locally for all he did that day. The award was presented to Casares by the Texas Public Safety Commission and the Department of Public

Tobie Davidson 1928-2013

COLORADO CITY—Tobie Davidson passed away peacefully on October 26, 2013, at 85 years of age. She was born January 3, 1928 in San Angelo as the second oldest of eight children. She married Isidoro Gonzalez in 1950 and eventually moved to Odessa where together they had four children—Alicia (Alice), Arthur, George and Raymond. Tobie was a loving mother, diligent homemaker and good cook for her family during the 18 years they were married. In 1972, she married Ed Davidson and they enjoyed rural living, fishing and camping for many years. They moved to Colorado City in 2005.

The highlight of Tobie's life was becoming a servant of Jehovah God and his Son, Jesus Christ. She felt then that she truly blossomed, losing her shyness and gaining inner peace and strength. Dedicating her life as a Christian witness of Jehovah, she was baptized on July 12, 1968, alongside her daughter Alicia. During her 45 years of faithful service, she helped many to learn Bible truths regarding Jehovah and his wonderful qualities. Treasuring the Bible's hope of living forever in a paradise earth free from pain, mourning and death (Rev. 21:4; Psalm 37:10, 11, 29) and by relying on Jehovah's holy spirit, she was able to share this Bible's message with anyone willing to listen.

Tobie glowed with a youthful spirit, and a kind, generous heart. She quickly made friends and was well-known for her beautiful hats and matching jewelry and shoes. Tobie enjoyed feeding her family tasty dishes; her tamales were a favorite of many. Due to her love of gardening, growing many fruits, vegetables and flowers, she was even recognized in the local newspaper for having the most beautiful yard in her neighborhood.

While we will miss her greatly, we hope to be reunited with her in paradise on earth when she will be awakened from death in the resurrection made possible by the ransom sacrifice of Jesus Christ. John 5:28, 29.

Tobie was preceded in death by her son, George (eight years of age), her infant son, Arthur and infant great grandson, Luke. She is survived by her husband, Ed Davidson; her sisters, Maggie Galindo, Lillie Urban and Andrea Hernandez and brother Pete Hernandez; her daughter, Alicia Davidian and Alicia's husband Tim; her son, Raymond Gonzalez; and many grandchildren and great grandchildren whom she dearly loved.

A memorial service will be held at the Kingdom Hall of Jehovah's Witnesses, 321 Adams Ave., Odessa, Texas 79761 on Saturday, November 9th at 4:00 p.m.

In lieu of flowers, donations may be made at the Kingdom Hall of Jehovah's Witnesses or to Watchtower, 25 Columbia Heights, Brooklyn, NY 11201.

Big Buck Theory:

Managing land for wildlife

By Derrick Fuches, Rangeland Mgt. Specialist USDA-Natural Resources Conservation Service

With the changing of the seasons thoughts of many are turning to deer season. Feeders are being filled, blinds are being repaired or replaced and preparations are being made to spend as much time as possible out in the wilderness. Every hunter is dreaming of harvesting the buck of a lifetime. It seems that every year these preparations to harvest a trophy buck begin closer and closer to opening day. Throughout the year, there are several natural resource saving practices that can be implemented to improve the hunter's odds of harvesting that "dream" buck. Some hunters feed year around, some may plant food plots to provide better forage for wildlife, but this is just scratching the surface of managing a property to improve the wildlife population.

When managing a piece of property for wildlife, it is critical to have the three essentials of good wildlife habitat: food, water and shelter. If one of these three things is lacking, the wildlife habitat is incomplete. The Natural Resources Conservation Services (NRCS) can assist landowners in the planning and implementation of management practices through technical assistance or cost-share programs offered to conserve the natural resources on rangelands and promote healthy wildlife habitat. NRCS assist landowners in evaluating outside resources and then

building a conservation plan that will help set goals, list needed management practices and provides a schedule to implement those practices.

Varied conservation practices can be implemented to help manage a property for wildlife. Possibilities include: mechanical brush management, range seeding, improving water sources, prescribed burning and grazing management.

Conservation practices can address every aspect of essential wildlife habitat. For example, mechanical brush management can be used to increase open areas for feeding and the disturbance caused by the heavy machinery makes for a great seed bed to establish wildlife palatable plants. When implementing brush management it is important to keep the shelter aspect of deer habitat in mind. Deer like to travel to and from feeding, watering and bedding areas and never leave adequate cover. When range seeding, native plant species are best to increase the chances of establishment, and perennial plant species will return year after year.

Prescribed burning is a wildlife friendly practice that will aid in removing invasive brush species and increase the overall vigor of the existing plant community. Grazing management is a must when managing a property for wildlife. Every property has a certain number of animals that it can sustain; this is known as carrying capacity. When a property is used for both livestock and

wildlife, the number of livestock needs to be at or preferably below the carrying capacity to keep the land in good condition. This benefits the wildlife and livestock by allowing desirable plants to remain available and continue to provide adequate forage.

Overgrazing a property can and will be detrimental to all three essential aspects of good wildlife habitat. It will remove desirable food sources, decrease shelter and cause degradation of the quality and quantity of available water. Water is always one of the major limiting factors on rangeland, whether it is for livestock or wildlife. Options for wildlife watering facilities include: utilizing existing livestock water sources, tanks, ponds or wildlife water guzzlers.

These are just a few options to help manage a hunting property. Even though deer season is here, it is never too late to start managing a piece of property to improve wildlife habitat. As I have mentioned, evaluation and planning are the first steps and NRCS is here to help. For additional information on NRCS technical assistance or available programs contact your local NRCS staff at 325-728-3473 or visit the office at 2302 North 208, Colorado City.

Texas amendment election results

Texas voters passed all nine Texas Constitutional Amendments on Tuesday, in an election that saw a very low turnout in Mitchell County. Only 324 ballots were cast in the local election.

Though all propositions passed state-wide, the majority of local voters voted against Proposition 3, with the measure failing here 165 to 132. However, the amendment was approved state-wide.

Proposition 3 authorizes local political subdivisions to extend the length of time that aircraft parts can remain temporarily in this state before being subject to ad valorem taxation. Under the current law, merchandise, wares and goods (including aircraft parts) may remain in this state temporarily for up to 175 days before being subject to ad

valorem taxation. The amendment permits taxing entities to extend the exemption up to 730 days.

The much-talked-about Proposition 6 passed locally and statewide. The acceptance of the amendment creates a state water implementation fund as a special fund inside the state treasury and outside the general revenue fund. Money in the fund will be administered by the Texas Water Development Board (TWDB) and will be used to implement the state water plan, as adopted by general law, by TWDB.

In Mitchell County, Proposition 6 passed, with 212 votes for and 110 votes against the amendment.

All other constitutional amendments passed both state-wide and locally.

OPINION & COMMENTARY

TUMBLEWEED SMITH The Dialville turtle

Dialville is a little place between Rusk and Jacksonville that developed in the 1880's when John Dial opened a store on a railroad line. The place was originally called Dial, but when residents applied for a post office, there was already a Dial in Fannin County, so the post office was named Dialville. It became a shipping point for tomatoes, peaches and other produce. At the town's peak in 1915 it had two churches, a school, a bank, two newspapers and a theater. About 200 people live there now. A store in Dialville sells sandwiches, coffee and a few other essentials. It's a meeting place for neighbors and sometimes there's a domino game going on. Annette Kimbrell of Dialville has a turtle.

"Down at the Dialville store one day, the owner, Rebecca had a big ole turtle in the back of her truck and she asked us if we had a place to keep it. I told her yeah, we had ponds and everything. That turtle was big, really a neat looking turtle. It was a soft shell."

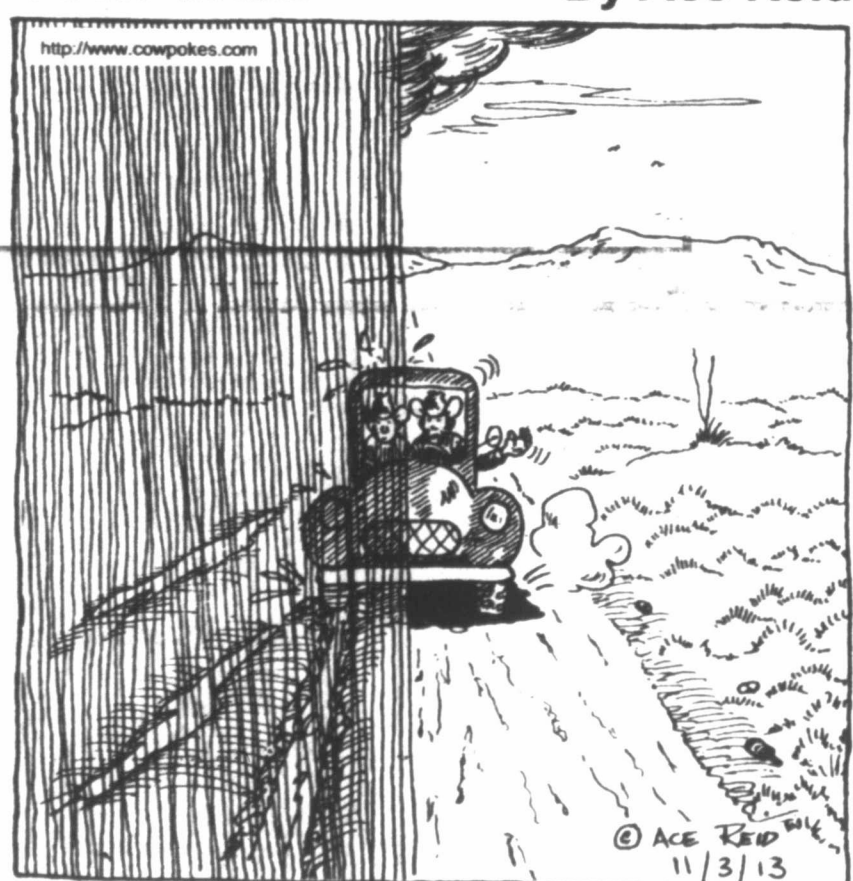

Annette asked Rebecca how she got the turtle. "She said this guy came in and he was drunker than Cooter Brown. He had this big turtle with him and every time that poor turtle would poke his head out, he'd pop it in the head with his fist. So they got to feeling sorry for the turtle and asked the man if they could buy the turtle for five dollars. The guy said, 'why, sure'. About that time that turtle stuck out his big ole long neck, reached around and bit that guy on the belly. He wasn't wearing a shirt. Anyway, they gave us the turtle."

The turtle has found a home in a pond right above a zip line that Annette and her husband Billy started in their backyard in July of 2011. Their business is called Adrenaline Rush Zip Line Tours. Zip lines cross over ponds and treetops on some of the highest elevations in East Texas. During the Christmas season, the zip lines are lighted.

There are group rates, but for 50 dollars a person can ride five zip lines. Sixty dollars gets you on seven and 75 bucks gets you on eight. The most expensive one includes a ride on one of the longest zip lines in Texas. It's 1700 feet long and people hooked to it reach speeds up to 40 miles an hour. Adrenaline Rush provides all the necessary equipment for a ride, but closed toe shoes are required. People eight years and older can ride, provided they weigh between 65 and 275 pounds. The rides are by reservation only (903 683-6855 or info@adaretotrip.com).

Annette and her husband live on 109 acres of land and have mined iron ore on their property and in the neighboring area. Some of that ore is beneath a layer of sandstone, which has some unique patterns in it. Annette thought it was attractive. She rocked the outside of her house with it. "I was thinking of having someone else do it, but when I found out how much it would cost, I thought I would try my hand at it. I rocked that whole entire house all by myself. It took three years to do it."

LETTERS TO THE EDITOR

Letter to the Editor:

Henry Ford said, "Whether you believe you can or can not, you will be correct."

Original American "Indians", for 50,000 years out of Asia via a dry Bering Strait, were nomads who owned no capital other than wild animal skins. They walked wherever they hunted and gathered. Migration was required, and much land was required to sustain a few people. America was no man's land.

About 500 years ago the capitalists came from Europe. Capitalism turned America from wilderness to wealth. Europeans who came believed "I can", and they did. A few generations later, America is half filled with citizens who believe "I can't" or "I will not". Government takes from the "I cans" and barbers to "I can't's" for power. But no amount

of welfare or assistance will change "I can't" believers and love the "I can't" or "I won't" believers.

But government cannot provide. It can only take from the "I cans". Taxation will increase until there is no incentive to excel or produce. The result is a tyranny over serfdom, as Hayek predicted for all democracies.

The Tea Party aims to arrest taxation and the decline and fall of America. The remedy is the Constitution.

Yes, Americans, you can. Take a deep breath, and have a sip of tea and spend 8 hours a day seeking a job or a business and throw the T.V. away.

Else you will doom your children and theirs to slavery under a heartless master.

HOMETOWN HEROES — DPS Trooper Frank Casares (left) and District Attorney Ann Reed were honored by their peers Monday at a luncheon in the Civic Center. Reed holds the Director's Citation issued to Casares following an incident that resulted in the capture of three dangerous criminals.

Safety.

On January 21, 2013, Casares stopped a speeding vehicle on I-20 near Colorado City when an occupant of the car began shooting, and a vehicle pursuit ensued. Although the three suspects were able to evade police, tips led investigators to a residence where the trio was hiding.

A 10-hour standoff ultimately ended with the DPS SWAT team arresting the suspects, who were identified as career criminals and Oklahoma gang members wanted in connection with a bank robbery and several homicides there. Casares' actions saved his own life and prevented additional violence.

During the luncheon on Monday, Reed and Casares were recognized once more; this time by their peers. The Civic Center was full of officers in uniform, honoring one of their own and those

who support him.

Casares said that he remembers the incident as "stressful," but he also remembers getting lots of support from local agencies which brought about a positive ending to a bad situation. He expressed his gratitude to Reed and her staff for the excellent, professional work they did during the trial. "They worked very hard," he said.

District Attorney's Office Task Force Officer Ronnie Stiltner presented Reed with a plaque, expressing the department's gratitude for the work she and her staff put into the trial. He said what makes her special is her "undying love for cops." He also credited Reed with making sure justice was served at trial.

Now that all is done, Casares said he's glad to put this behind him and move forward.

Sales tax figures continue to climb

Area cities are still seeing an increase in sales tax rebate payments, according to statistics released by the Texas Comptroller's Office last month. As oil expansion activity is on the rise, so are the payments being sent to cities in the area, a telling sign of a growing economy.

In looking at the sales tax rebate chart, it is easy to see that Mitchell County and the cities that lay within its boundaries are seeing an increase in consumer activity. All four entities, the cities of Colorado City, Westbrook and Loraine, along with Mitchell County, have seen double-digit

increases when comparing 2013 rebates to 2012 rebates.

Westbrook tops the list of cities seeing an increase, as the October payment was up over 129% from the same month in 2012. Last month, the town received \$5,828.42, as compared to the \$2,544.08 received in 2012. Overall Westbrook has seen a 38% increase in sales tax allocations over last year.

The good news continues for Colorado City, as the city received \$60,294.72, an 11% increase over the rebate received in October 2012. Mitchell County's county seat has received over

\$615,000 in sales tax payments so far this year.

Loraine is also in the thumbs up column, as the city has seen an 89% increase in sales tax allocations from a year ago. In October, the city received \$1,183.92, as compared to \$623.24 received this same time last year. Overall, Loraine's rebate allocations are up over 19% so far in 2013.

The \$38,782.18 recently received by Mitchell County is a big jump from the \$25,270.46 the entity received in October 2012. For the year, the county has seen a 64% increase in sales tax payments.

LOCAL NEWS

CAN YOU SAY BIG FUN? Joe Rich and his daughter, Kaitlyn of Midland, were the winners of the Arctic Cat four-wheeler at the hunters' dinner on Friday. They are pictured with chamber representatives Amanda Jo Ritchey and Maria Rubio.

READY FOR HUNTING - Kenny McClure (left) of Westbrook was the winner of a Savage .223, as his ticket number was called during the annual Hunters' Appreciation Dinner held at the Railhead Building Friday night. Ty Wood presented the weapon to McClure.

LEAVING WITH A PRIZE - Greg Chaney (right) of Colorado City was the winner of this Remington .270, donated by Fuller Foods and presented by store manager Rick Alvarez. The gun which comes fully equipped with a scope, is valued at \$1200.

Hunters' dinner draws big crowd

The Railhead Building was a busy place last Friday evening as local hunters and many from out-of-town filled downtown Colorado City to attend the chamber's annual Hunters' Appreciation Dinner. A record crowd attended and Gas N Grub officials said there were 528 plates of B-B-Q served.

The Colorado City Chamber of Commerce gave away guns, a crossbow, and some youth guns at this year's dinner, much to the delight of the hunters in attendance. The Arctic Cat four-wheeler was the prize of the night, as it was awarded to Joe Rich of Midland before the night was over.

Chamber Manager Amanda Jo Ritchey deemed the dinner a great success and confirmed that the event is the biggest fundraiser of the year for the organization. She said the proceeds raised go to fund other chamber-sponsored activities throughout the year.

"It was awesome," Ritchey said. "We had the biggest crowd ever."

Several business in town donated door prizes for the event, such as books, gift baskets, hunting accessories and the like. Those donating door prizes included Curtis Rogers, Alco, Perkins, Quality Livestock, First National Bank, Myers, Wood's Boots, Snyder Lumber Co.,

Lady Wolves beat Denver City to become district champions!

The Colorado City Lady Wolves volleyball team beat Denver City last Friday at Lamesa to break the tie and be crowned District Champions. During the district portion of their schedule, the Lady Wolves had split games with Denver City, losing one and winning one to create the tie. This time, the Colorado City girls rolled into Lamesa with one thing on their minds: winning. And that's just what they did, beating Denver City 3 matches to 1.

Nerves were showing during the first match of the game, as both teams made unforced errors while trying to settle into normal action. A few kills by Heather Merket put the Lady Wolves in the lead, and Mackenzie Kimball hit 5 aces in a row to finish the game and give the girls their first win.

Momentum was fickle and changed sides during the second game which the Colorado City girls ended up losing 25-13. Coach Anita Graham said, "We were making too many errors, and we were missing our serves."

Play by Makayla Rivera and Kimball set the Lady Wolves up for an outstanding performance, as they took down Denver City 25-11 in the 3rd match. Stellar serving and attacking are credited for the 25-18 win in the fourth match.

Stats from the tie-breaking Denver City game follow.

Kills
Heather Merket - 14, Taylor Griffith - 12, Mackenzie Kimball - 5, Makayla Rivera - 4
Aces

The win over Denver City and a win over Post last week improved the Lady Wolves' district record to 10-1. The girls will take on Highland Park in the area round of the playoffs on Saturday.

Lady Wolves face Highland Park in area play-off round

The Colorado City Lady Wolves varsity volleyball team finished district play as District Champions, and the team will begin post-season play this weekend. This is the second district title for a CHS varsity volleyball team in the last five years and only the third in the last 12 years.

The Lady Wolves will face Amarillo Highland Park on Saturday, November 9th at Lubbock Coronado High School. The game is set to begin at 4 p.m.

Since the Colorado City team finished 1st in district, they had a bye in the bi-district round of the playoffs. The girls will take on Highland Park in the area round on Saturday.

Wolves lose to Cisco

2013 TEAM CAPTAINS - Wolves captains for the 2013 season included (l-r) Jonathon Jackson (Jr.), David Sanchez (Jr.), Scotty Bailey (Sr.), and Josh Sutton (Sr.).

Cisco coach was impressed with Wolves "never give up" mentality

Cisco was as good as advertised! "That's the best football team to play at Wolf Stadium in a long time," head coach Dan Gaaney said Monday. "If they have a weakness, we couldn't find it."

The Lobos cruised to a 53-6 victory and eliminated the Wolves from any possible playoff appearance.

Jumping out to a quick 25-0 first quarter lead, the Lobos added two touchdowns each in the second and third quarter and allowed the Wolves only one score, a 3-yard touchdown run by Dillion Gaaney late in the second quarter. The Wolves had 135 yards of total offense, 105 yards rushing and 32 yards passing.

David Sanchez was the leading rusher with 22 carries for 131 yards. It was the lowest offensive output of the year for the Wolves.

Head coach Brent West of Cisco was still impressed with the Wolves. "I know Colorado City had some injuries and perhaps lost their best player and when you lose a player with exceptional speed, it's very hard to overcome," he said. "The team is well coached as evidenced by how hard the kids were continuing to play the fourth quarter," West said.

"It says a lot about your team, your school and your community to see kids continuing to play hard when trailing big in the fourth quarter," he said.

Wolves face Coleman Friday

The Wolves end their 2013 football season Friday night in Coleman.

Trying to end a 4 game losing streak, the Wolves and Bluecats match-up pretty equally. "They match-up with us about good as anyone since Coahoma," head coach Dan Gaaney said. "The thing that keeps Coleman in most games is they are extremely athletic, they have lots of speed and young players." "Going out on a winning note would help everyone's outlook", Gaaney said.

"We're not going to the play-offs so ending the season on a winning note is important."

Coleman still has a chance of making the playoffs while Colorado City has been eliminated. Coleman lost to Hawley 12-6 last Friday in a close game.

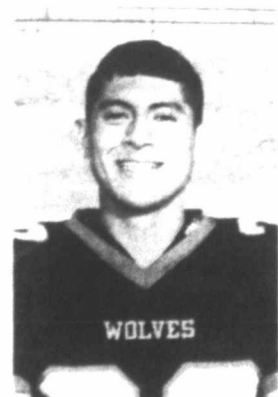

Hamilton the only team with one district victory still has an outside chance of making the playoffs. In class 2A, this year districts will send 4 teams into the playoffs.

Cisco will no doubt represent

our district as the champion and number 1 seed. Hawley Coleman, Ballinger and Hamilton will determine the three other teams after Friday night's results. Thursday night at Wolf stadium is your last chance to see the 7th, 8th and JV Wolves. Three games against Coleman will start at 5 p.m.

Last week in Cisco the 7th grade wolves lost 14-12, 8th grade Wolves lost 40-0, and the JV lost to Cisco 41-0.

RALLYING THE TROOPS — Loraine kicker Oscar Gonzales (11) readies the Bulldogs for a kick-off during Loraine's victory over the Westbrook Wildcats. Bulldogs waiting for action are: (l-r) Este Benivamondez (2), Tim Garza (4), Dakota Delgado (21), Ricky Cantu (7) and Patrick Tillis (1). Photo courtesy of Jana Edmonds.

Bulldogs win cross-county game

Loraine jumped out to a quick 32-0 lead and never looked back as the Bulldogs beat cross-county rival Westbrook 75-30 Friday night in Loraine.

It was bombs away, as the Bulldogs' first five touchdowns came by the pass. They added three more touchdown passes in the third quarter in a aerial attack that gained 254 yards and eight touchdowns for the Bulldogs.

Westbrook also put the ball in the air, completing 11 passes in 25 attempts for 267-yards and four touchdowns.

Loraine head coach Kyle Hauk said Monday, "We had a good night. It was a good team effort."

The early lead was too much for the Wildcats to overcome. "They got an early lead on us and we didn't settle down in time to close the gap," Westbrook head coach Randall Petty said.

Loraine got things started in the first quarter when Tim Garza hit Este Benivamondez on a 52-yard touchdown pass with 7:19 remaining in the first quarter. Benivamondez scored again with 5:38 remaining in the first quarter on a 31-yard pass from Patrick Tillis.

The Bulldogs scored twice quickly at the end of quarter one

when Dakota Delgado scored on a 1 yard pass from Ricky Cantu and Benivamondez scored on a 25-yard pass from Garza as time was running out in the first quarter. The four first quarter PAT attempts failed and Loraine took a 24-0 lead into the second quarter.

Early in the second quarter Delgado would score his second touchdown of the night on a 60-yard pass from Benivamondez and a successful PAT kick by Oscar Gonzales put the Bulldogs up 32-0.

Westbrook got their offense going in the second quarter scoring two touchdowns on passes from quarterback Jay Williams. Donovan Harvey hauled in a 28-yard pass from Williams with 7:27 to go and Robert Booth scored the Wildcats' second touchdown in the second quarter on a 43-yard pass from Williams. Williams was good on both PAT kicks, and the Wildcats were on the board with 16 points.

The Bulldogs added another touchdown when J.T. Cooper scored on a 4-yard run late in the second quarter. Five more third quarter touchdowns by the Bulldogs and two third quarter touchdowns by Westbrook ended the game's scoring.

Tillis got things started for Loraine, scoring in the third quarter, on a 17-yard run and Benivamondez added another touchdown on a 17-yard interception.

Williams hit Harvey on a 50-yard touchdown pass and also hit Cody Runnels on a 32-yard pass for the Wildcats' two third quarter touchdowns.

Loraine would end the scoring with three late third quarter touchdowns. Cantu hit Delgado on a 7-yard pass and Benivamondez would strike twice with a 7-yard pass to Delgado and a 4-yard pass to Tristan Mosher for the final touchdown with 2:25 to go in the third quarter and a 75-30 Bulldog victory.

The total offense for the Wildcats was 252-yards and 536-yards for Loraine.

The leading receiver for the Bulldogs was Benivamondez with 3 receptions for 108 yards, and eight touchdowns. The Wildcats were led by Harvey with 4 receptions, two touchdowns and 153 yards.

Defensively, the Bulldogs were led by Cantu who recorded 12 tackles, 1 pass broken up, 1 fumble, 1 fumble cause, and 1 fumble recovery.

Westbrook runners qualify for regional cross country

Westbrook Cross Country teams competed in Eula on October 21st for the district meet where multiple runners qualified for regionals.

The varsity boys qualified as a team in the 3 mile, placing third behind Trent and Eula. Donovan Harvey led the Wildcats placing 9th with a time of 21:37. Freshman Robert Booth finished 17th place, 23:22. Chris Gomez finished 19th, 24:24. Cole Strain 20th, 24:30 and Michael Watson 22nd, 25:24.

Representing the Lady Cats at regionals will be Senior Kaylea Holbrook who took 5th place at the district meet. She will be sporting her personal best time of her high school career at 13:27. Also qualifying for Regionals was freshman standout Emily Whiteley who managed to chip away at the pack of runners mustering up an impressive 8th place finish. Wildcats to face L-A

Westbrook will wrap-up their 2013 football season Thursday night, November 7th at home against Lueders-Avoca.

The Wildcats are eliminated, but Lueders-Avoca has an outside shot at the playoffs if Loraine loses to Trent which probably won't happen.

Westbrook Jr. High boys ran away with the 1.5 mile, taking 1st place as a team. Team members included Jaiden Lopez 3rd, 12:21; Cutter Williams 7th, 12:44; Alex Chavez 9th, 12:51;

over last season.

"If we give it our all I think we can make the game very interesting," Coach Randall Petty said. "It would be good to close out our season with a victory. Our kids need to come ready to play."

Coach Kyle Hauk of the Loraine Bulldogs complemented the Wildcats on the improvements shown this season.

"They're young and much better than last year," Hauk said.

SCHOOL NEWS

EMS class available at reduced cost due to grant

While attending an annual meeting held by the State of Texas, Colorado City EMS representatives were informed that funding was available to begin an educational program for those in this area. Because of a grant, those attending a planned EMS class will get to do so for a greatly-reduced rate, according to EMS representative Rusty Noletubby.

A TEEEX representative was at the meeting held in Abilene recently, and he told local EMS members that due to population here, Colorado City is considered a rural area and qualifies for the grant. Noletubby said that the local emergency medical department is planning to hold the class sometime in the spring of 2014.

In order to qualify to use the grant funds, at least 10 people must sign up for the class. EMS personnel are getting the word out to drum up potential members for the class. Tentatively, the class is planned for two nights per week, from 6 to 10 p.m. each evening.

Those interested in the EMS class should contact Rusty Noletubby at 325-650-3951 or Jason Gruben at 325-728-3483, to allow for planning.

Bulldogs looking to clinch district title

The district-leading Bulldogs hoped to clinch their 2nd district title in two years, Friday night as Loraine takes on Trent to end the 2013 regular season.

A trip to the play-offs has been clinched, but it's the district title folks in Loraine want. Trent is 1-1 in district having lost to Lueders-Avoca 62-16 last week. Trent defeated Westbrook earlier in district play 69-20, October 25th.

A Loraine victory sends the Bulldogs into the playoffs next

week against Robert Lee. Blackwell defeated Robert Lee recently and Loraine catches the runner-up in the first round of the play-offs.

No talks between the two schools have taken place and a time, date and place for the play-off game has not been set, as of press time.

After two home district victories, Loraine will travel to Trent Thursday, Nov. 7th for a 7:30 kick-off.

W'brook JH defeats Loraine JH, 33-12

Westbrook Jr. High beat Loraine Jr. High last week 33-12.

The Wildcats scored first on an 8-yard run by Gabriel Salazar late in the first quarter. The extra point was also good when Jaiden Lopez passed to Cutter Williams.

In the second quarter, Westbrook struck again, this time on a 39-yard pass from Lopez to Salazar. A Lopez to John Rey

pass was good for the extra point.

Third quarter scoring had Westbrook putting up 6 when Salazar scored on a 16-yard run.

Loraine's Michael Garcia put the Bulldogs on the board late in the third quarter with a 37-yard touchdown run. But the Wildcats scored again seconds later on a Salazar 44-yard kick return. An extra point pass from Lopez to Rey was good.

Fourth quarter had both teams scoring touchdowns. Westbrook's Kamrun Martinez scored on a 4-yard run and the Bulldogs' Garcia ran the kick-off back for a touchdown.

Both teams close out their season this week.

Fundraiser golf tourney benefits theater

A Go Digital or Go Dark fundraiser is planned for November 9th. A four-person scramble golf tournament will be held at Wolf Creek Golf Course, and all proceeds raised will go to the Save the Palace Theater fund. The theater is trying to raise funds to convert the local theater to digital, which will cost between \$65,000 and \$80,000.

Registration for the tournament will take place at 8:30 a.m., with tee off at 10 a.m. Entry fee is \$200 per team, which includes green fee and cart. Lunch and drinks will be provided from 11 a.m. to 1 p.m.

Besides the scramble, those playing will be competing in a hole-in-one contest, a longest drive contest and closest to the pin contest. Mulligans cost \$10
