Tornado Sweeps Two States To Leave Death Toll Of 46

Fatalities In South Are Increased With Seventh Twister

(By The Associated Press)

LIVINGSTON, Tenn., May 10—A tornado that swept down the Kentucky - Tennessee Cumberland valley last midnight left a death toll of 46 and increased the South's spring storms' fatalities to more than 250.

Kentucky reported 24 killed in Monroe, Adair and Russell counties, and Tennessee counted 25 dead in Overton county and two in Wilson county.

Seventh Major Storm

It was the seventh major tornado that has raked Dixie from East Texas to South Carolina since the middle of March.

TEXAS IS HIT

BROWNWOOD, May 10. (AP) A violent wind storm which raged in this section tonight was reported to have caused the death of five or six persons at Jones Chapel, a farming settlement about 5 miles east of Brownwood.

The storm lashed the countryside for nearly two hours, unroofing houses and causing other damage, the extent of which could not be determined immediately. In Jones Chapel settlement at least one house was reported blown down. Ambulances were rushed to the stricken settlement.

Several scores were injured in the latest storm and property damage was enormous, but unestimated.

The tornado struck first at Tomkinsville, Ky., in Monroe county, and then lashed at Adair and Russell counties before unleashing its force on Beaty Swamps in Overton county, Tenn., where it killed at least 20 persons.

Kentucky In Path

Monroe and Adair counties, Ky., across the Tennessee line and in south central section of the Blue Grass state were known to have at least 16 fatalities. Russell county, nearby, reported eight killed.

The tornado flattened Beaty Swamps at midnight and twisted the settlement off its foundation. The little community was only a few miles from this county site, but so fierce was the storm's assault it was impossible for help to reach the stricken hamlet before dawn.

The dead and injured lay exposed to the horrors of the tornado from midnight to daybreak. A lashing rain turned the highways into bogs and ambulances had to pick their way over wreckage-strewn roads. Rescue workers who reached there at dawn found a scene of utter desolation. Injured persons were trapped in debris. Bodies were scattered and mangled.

Awards Made By WTCC Are Announced By Hawk; Post And Anton Honored

Post Is Selected As Best Membership City While Anton Is Designated As "Peppiest"

(By The Associated Press)

BIG SPRING, May 10.—Wilbur C. Hawk, president of the West Texas Chamber of Commerce, today announced the awards of the organization for distinguished services by member cities and individuals during the past year.

J. Thomas Davis, dean of John Tarleton Agricultural college and director from Stephenville, was designated the most useful and active director for the year. He will be given public recognition on the convention program.

John M. Hendrix, secretary of the Sweetwater Chamber of Commerce, won the distinction of being the most active and useful secretary of the chamber during the year.

The City of Post was designated the best membership city. A. C. Surman is the director of the regional chamber at Post. It was pointed out that Post consistently over-subscribed and over-pays its annual quota in the West Texas Chamber of Commerce.

The Eastland county federal relief committee was designated the outstanding relief committee in West Texas. J. E. Spencer of Cisco, is the chairman of the committee. Members are W. E. Tyler, Rising Star, secretary-treasurer; J. T. Elliott, Cisco; Milburn McCarty, Eastland; W. D. Conway, Ranger; O. P. Newberry, Gorman; E. R.

Business Of WTCC Convention Will Center Around Plans Of Relief And Slashing Of Taxes

Annual Program Gets Underway At Big Spring This Morning; James E. Ferguson To Speak At Assembly

(By The Associated Press)

BIG SPRING, May 10.—The program of the annual convention of the West Texas Chamber of Commerce, which opens here at noon tomorrow, is in reality the chamber's "follow through" of individual community service rendered during the past year.

Business of the convention will be centered around the participation of West Texas in the government's many relief plans, and the further reduction of taxation and public expenditures through budgeting. Both of these objectives will be discussed at group conferences to which interested groups in every West Texas city have been invited.

Officers Are Present

Officers and directors were here tonight to discuss plans for the convention's work. Registration will begin at 9 a. m. tomorrow, and the convention will get under way at a noon luncheon for directors of the regional group and presidents of local chambers of commerce.

A plan will be presented at this luncheon by which West Texas cities may avail themselves of direct representatives, through literature and exhibits, at the century of progress exposition in Chicago. District directors for the ensuing year will be elected.

Conference At 2 P. M.

The "public works and emergency relief" conference will open at 2 p. m., attended by relief administration committees, public works committees, mayors, city commissioners, county judges and commissioners, school board members, and local chamber officials. Prominent speakers, including Lawrence Westbrook, Texas director of federal re-

Government Completes Case Against Means And The Fox

WASHINGTON, May 10. (AP)—The government completed its case today against Gaston B. Means and Norman T. Whitaker, alias "The Fox," on trial for conspiracy to swindle Mrs. Evalyn Walsh McLean, who sought to ransom the Lindbergh baby, but the prosecution failed to get before the jury an alleged confession by Whitaker.

It left upon attorneys for the two, however, the task of rescuing them from a closely woven net of evidence, most of which already had been used against Means to secure his conviction and 15-year sentence for taking $104,000 from the society woman in the hoax.

John Garner Is Rumored As A Successor To Jed Adams

DALLAS, May 10 (AP)—The Dallas News says it has learned from reliable sources here and in Austin that Vice-President John N. Garner will succeed Jed. C. Adams as Democratic national committeeman from Texas.

Adams today sent his resignation to National Chairman James A. Farley by telegraph and immediately notified Maury Hughes, chairman of the state executive committee, that he had done so.

Two Men Are Still Sought After Floydada Jail Break

FLOYDADA, May 10. (Special)—Two of four men who escaped from the county jail mid-afternoon Sunday still were at large tonight.

Joe Kimbell, 18, and I. D. Roberts, 23, who are awaiting grand jury action on burglary charges, returned voluntarily about 9 o'clock Sunday night, Deputy Sheriff Scott King said.

Ralph Jones, under burglary indictment, and Fred Jones, 24, charged with burglary, still are sought. The men gained their freedom when they opened their cell door. Six other inmates chose to remain in the cell.

Woman Commits Suicide At Hospital; Husband Explains

CHICAGO, May 10. (AP) — Mrs. Louise Bechtold committed suicide by taking poison today at a local hospital where she had been confined because of a nervous breakdown. Her husband, Edgar Bechtold, said the breakdown resulted from trying to manage the insurance business of her father, Fred V. Ende, who died at Greenville, Tex., last October.

War Declared In Gran Chaco

Paraguay Takes Offensive On Bolivia After 11 Months Of Fighting Between Nations In Border Area

(By The Associated Press)

ASUNCION, Paraguay, May 10 — Paraguay formally declared war today against Bolivia after eleven months of fighting between the two nations in the Gran Chaco border area.

The dispute over the vast, formless wilderness comprising 300,000 square miles of swamps, forests and plains has antedated the independent existence of either nation, and by today's declaration Paraguay tacitly invited Argentina, Brazil, Chile and Peru to blockade its coastless foe.

Important To Bolivia

The Chaco is important to Bolivia, which has no outlet to the sea, because it would mean a river route to Buenos Aires. To Paraguay the disputed territory represents about half the area of the nation.

News that President Eusebio Ayala had signed the declaration under authority recently given him by congress inspired wild demonstrations among Paraguayans, who feel the move will lead South American nations to blockade Bolivia and force the enemy to capitulate by balking the importation of munitions and provisions.

FORT WORTH, May 10. (AP) — The railroad commission hearing on rates being charged by the Lone Star Gas company here recessed here today until May 29. State testimony has been concluded and cross examination will begin on that date.

Tech Officers To Be Chosen

Student Council Heads Are To Be Selected At Convocation Today; Rob O'Hair Is Only Announced Candidate

Texas Technological college students will name student council officers at a convocation in the gymnasium at 11 o'clock this morning.

Rob O'Hair, junior liberal arts student of Lubbock, is only announced candidate. He is offering for student president. Ray Moore, junior liberal arts student of Hamilton, may be a candidate for this office, also.

Toby Greer, junior agricultural student of Comanche, is expected to seek the vice president's place, and possible yell leader candidates are P. J. Minter and Ned Bradley. Marvin Collins is expected to be offered as a representative to the athletic council.

The run-off election for Toreador will be conducted Friday between 8 a. m. and 3 p. m. Bob Tracy of Houston and Calvin Hazlewood of Lubbock are candidates, Hazlewood leading in the primary last week. Ballot boxes will be in the home economics, agriculture, engineering and administration buildings.

Texas House Again Refuses To Set An Adjournment Date

AUSTIN, May 10 (AP)—The Texas house refused again today to set a date for sine die adjournment of the legislature, although two dates, May 20 and June 1 were proposed.

Representative John Mathis, sr., of Houston, offered the May 20 date and Representative W. O. Reed of Dallas proposed June 1. Reed's proposal was defeated 102 to 22 while Mathis' went down 81 to 53.

Slump In Wheat Crop Indicated

Report Shows Production Is To Fall Short

First Time In 20th Century Production Of Wheat In The U. S. Will Be Less Than The Domestic Demand

Draw On Surplus

Winter Production Estimated At 337,485,000 Bushels For Nation; Crop Is Reported 66.7 Per Cent Normal

(By The Associated Press)

WASHINGTON, May 10.—Government statistics indicated today that for the first time in the twentieth century production of all wheat in the United States will be less than estimated domesic needs.

The crop reporting board estimated winter wheat production as of May 1 at 337,485,000 bushels or 66.7 percent of normal. If this estimate materializes, it will be the smallest harvest of winter wheat since 1904—the result of the most extensive acreage abandonment in the history of American agricultural record-keeping, 33.2 per cent.

May Draw On Surplus

For years past, big surpluses have aggravated a pressing farm problem. The smaller crop may necessitate drawing on the huge existing surplus of wheat, expected to be about 330,000,000 bushels July 1.

The latest government report on spring wheat, which ordinarily accounts for 35 percent of United States wheat production, was made March 15 when the crop reporting board estimated that farmers intended to plant 20,586,000 acres of all spring wheat, a drop of 2.5 per cent from last year.

Production Estimated

The average yield for spring wheat over a 10-year period is 12.75 bushels per acre—which, if realized this year, would result in wheat production of 267,751,500 bushels. This figure added to the winter wheat production estimate points to a probable wheat harvest of 605,056,500.

This would be the smallest wheat production since 1904 when the output was 596,511,000 bushels. At that time, however, consumption was at a much smaller point than in recent years when it has been estimated at 600,000,000 to 650,000,000 bushels annually.

Condition Reported

The condition of winter wheat on May 1 and indicated production by

Schoolboy Sits Stolidly As State Asks Electric Chair

NEW YORK, May 10 (AP)—In a Queens courtroom today, a 16-year-old school boy sat stolidly listening while his erstwhile playmates gave testimony on which the state is asking that he be sent to the electric chair for murder.

John Miller, aged 10, the state's star witness, began the recital yesterday, telling the court and jury that Harry Murch, described as "the playground bully," roped and tied 12-year-old Willie Bender and stabbed him to death because Willie had "snitched" on him.

Mrs. Ferguson Signs Bill Repealing Gin Marriage Law

AUSTIN, May 10 (AP)—Governor Miriam A. Ferguson today signed a bill repealing the law that required couples to give three days notice of intention to wed. Representative Lon A. Alsup of Carthage was author of the bill.

The repealed law, commonly known as the "gin marriage" law, was passed by the 41st legislature to prevent hastily contracted marriages and to prevent marriages where the participants might be under the influence of intoxicants.

Mexican Screen Actress Is Abducted And Beaten

Nancy Torres Found Hysterical; Mouth And Nose Bloody

(By The Associated Press)

LOS ANGELES, May 10.—Nancy Torres, screen actress from Mexico City, told police today a story of having been kidnaped and severely beaten, escaping and then fainting on a doorstep of a mansion in the Pacific Palisades.

Hysterical and bleeding from the nose and mouth, Miss Torres was found on the doorstep of S. M. Schomann, Santa Monica business man. She was clad in an evening gown and fur coat.

Tells Of Abduction

Revived, the actress told of being abducted as she left a night club early today. She said her escort, an old friend, became involved in a fight at the night club.

"I tried to get in a taxicab and run away," Miss Torres told police. "Two men grabbed me and forced me into a big yellow roadster. The men beat me and left."

Stock Market Scores Gains On Wednesday

Sturdiest Advance Thus Far In May Is Reported; More Business And More Jobs Are Bright Spots

(By The Associated Press)

NEW YORK, May 10.—The stock market experienced its sturdiest advance thus far in May today, as midweek statistics spelled more business and more jobs.

Prices in the New York stock exchange surged up $1 to $8 a share for many issues, to the best average level for 1933, and within striking distance of last year's peak, reached in September.

Bonds Join Trend

The bond market joined in the upward procession, and price averages of representative domestic corporation issues reached the best level since last January.

Prices pointed higher in most of the commodity markets as well. Cotton futures at New York gained $1.20 to $1.45 a bale, and at Chicago, wheat and corn advanced 1 to 2 cents a bushel.

Trends in the lesser commodity exchanges, however, were less uniform. Raw sugar futures slid back .03 to .07 of a cent a pound. Raw hide futures, nevertheless, gained .15 to .20 of a cent, and raw silk 1 to 6 cents a pound.

Bar silver for immediate delivery was quoted at 34 1-4 cents an ounce, off 3-8 from yesterday, but futures, after a temporary recession, closed with small gains.

Senate Argues Two Hours On Rule To Limit All Debates

AUSTIN, May 10. (AP)—The Texas senate argued for two hours today on a proposed rule to limit debate during the remainder of the session, then refused to give it the two-thirds vote necessary for its adoption. The vote was 16 ayes and 14 noes.

The rule proposed to prohibit any senator from making a speech of longer than 10 minutes unless the senate extended his time.

HINTON CONVICTED

WELLINGTON, May 10. (AP) — A jury late today convicted Eldon Hinton of murder without malice for the shooting of his father, S. G. Hinton, and sentenced him to five years in the penitentiary, but recommended that the sentence be suspended. Judge A. Sires suspended the sentence.

Angry Farmer Shoots Two Daughters And Then Turns Own Gun On Himself

(By The Associated Press)

EL RENO, Okla., May 10. — Apparently angered because his two young daughters went automobile riding with two youths, Ed Etheridge, Canadian county farmer, late today shot the girls and then killed himself. Bernice, 12, was killed and Elinor, 13, was dangerously wounded. The boys were not harmed.

The shootings occurred at the corner of a cemetery at the northeast edge of El Reno after they had alighted from the boys' car and started to walk toward home.

Etheridge, who had pursued the young couples on his horse, rode to meet the girls, dismounted and shot them with a 32 calibre automatic pistol, Deputy Jim Whalen said.

The farmer then rode about an eighth of a mile down the road to a small bridge and shot himself.

Elinor was quoted as saying "father shot us because we went out with two boys he didn't want us to."

Deputy Sheriff Whalen said the boys were Woody Renfro, high school basketball star, and Charley Clark, another high school youth.

Cocktail Takes Life Of Woman

(By The Associated Press)

COLORADO SPRINGS, Colo., May 10.—A cocktail concocted from stolen cooking extracts cost the life of Nadrene Keefer, 29, and left Mrs. Thelma Day, 25, and Harry Anderson, a recent arrival from Texas, near death in hospitals here today.

The women were stricken at a party last night. Anderson was found critically ill today at the house where the party occurred.

Ray Waugh, held by police at the request of Dr. J. Thomas Coghlan, county coroner, was charged with providing the lethal liquor. He admitted stealing the extracts from a restaurant, District Attorney Clyde L. Starrett said.

Police Move To Block Marchers

WASHINGTON, May 10. (AP)—Police acted swiftly tonight to prevent a repetition of last year's spectacular riot within the shadow of the capitol dome by ordering evacuation of the first 1933 bonus army camp.

Sharp words passed between the bluecoats and leaders of the marchers headed by Harold Foulkrod when they were told to leave a vacant lot behind the house office building.

Inspector Albert J. Headley notified the veterans that they must evacuate within 24 hours because of lack of sanitary facilities.

Heatedly, Mike Thomas of Camden, N. J., told Headley the group could be evicted "but many more are on the way." Thomas was in last year's army which was driven out by federal troops.

Cafe Man Uses His Shotgun With Deadly Effect; Two Die

WACO, May 10. (AP) — Using a shotgun with deadly effect, Frank Cross today killed two men who tried to break into his cafe here, then captured another man suspected of complicity in the burglary attempt.

Cross, a World war veteran, was awakened by a burglary alarm. He said the two men started to run and after he had called several times for them to halt, he fired, hitting them at a distance of about 80 feet. The slain men were identified as Ed Jones of Dallas, 22; and J. C. Wright, 30, both described by officers as former convicts.

School Age In Texas Boosted

Senate Votes To Raise Scholastic Age In State From Six To Seven Years; Text Book Bill Passed

(By The Associated Press)

AUSTIN, May 10.—The Texas senate today voted to raise the minimum scholastic age in Texas to seven years. It had been placed at six years four years ago. The bill must be passed by the house and signed by the governor before it can become law.

Under terms of the bill school trustees could accept children six years old but they would be required to pay tuition. Senators Tom Deberry of Bogata and Walter Woodward of Coleman told the senators the raising of the minimum scholastic age would save the state $1,500,000.

Opponents of the bill claimed it was "a backward step in education."

The house passed a bill that required text books for use of the public schools to be printed, engraved and bound in Texas.

Governor Ferguson Receives Message Carried By A Pigeon

AUSTIN, May 10. (AP)—Governor Miriam A. Ferguson today received a message, carried part of the way by a pigeon, from the S. S. Washington, new liner, which started its maiden voyage from New York to Europe today.

The carrier pigeon was released with the massage by Miss Katherine Speer of Temple. The pigeon was an army bird, named Lone Star, and was trapped at the army signal corps lofts at Monmouth, N. J. The message was relayed from there by telegraph.

Two Battered Bodies Found In Old Office

Department Store Founder Of New York And Secretary Are Mysteriously Slain; Bodies Are Badly Beaten

(By The Associated Press)

NEW YORK, May 10. — As mysteriously as his former secretary was slain in the same office two years ago, Edward A. Ridley, 88-year-old department store founder, and his secretary, Lee Weinstein, 45, were slain today.

Their battered bodies—the skulls of both had been crushed in—were found in the modest little sub-cellar office Ridley used in an East Side garage he owned.

Mystery Is Great

The mystery which shrouded motive and the identity of the killers in today's double slaying was as great as that which defied solution when Herman Moench, 60, was found dead in that same dingy office by Ridley back in 1931.

In neither case was there any indication of robbery.

A number of empty cartridges were found beside the scarcely recognizable bodies of Ridley and Weinstein.

Body Outside Office

The body of the man who once owned one of New York's largest department stores—on Grand street in the East Side—and whom neighbors long had termed a millionaire, was discovered just outside the office door.

Inside the office—with its single electric light and its single desk and chair—was the body of Weinstein. No one in the neighborhood remembered having heard any shots.

Mayors Of Texas Cities Are Invited Up By Legislature

AUSTIN, May 10. (AP)—Mayors of Texas cities and county judges have been invited to appear before the house of representatives to show reasons why a $20,000,000 unemployment relief bond issue should be submitted to the electorate. The house today adopted a resolution asking them.

Meanwhile, delegations of unemployed were en route to the capitol to do their bit toward influencing the legislature to submit the proposition. The senate already had voted to place the matter before the voters and the house was expected to take action this week.

Two Texas Sheriffs Win In Appeals On Extortion Cases

AUSTIN, May 10. (AP)—Two Texas sheriffs won their appeals today from convictions based on allegations that they had practiced extortion in the collection of fees of office. They were A. J. Remmert of Austin county and Clint D. Lewis, of Burleson county, assessed two and three years, respectively.

In reversing the Remmert judgment, the higher court ordered the prosecution dismissed. It held the indictment did not define the alleged offense with "sufficient certainty and definiteness."

The Lewis reversal was ordered the court said, because the court did not properly define "wilfully" in his charge to the jury.

Raymond Hamilton Is Given Life Term In Bank Robbery

LAGRANGE, May 10. (AP)—A district court jury today sentenced Raymond Hamilton, 20, to life imprisonment on a charge of participating in the $1,063 robbery of the Carmine state bank last fall.

It was a companion case to that of Gene Odare who was sentenced to life. Both were arrested in Michigan in December and were returned to Texas to face charges.

Start On The Elimination Of Surpluses Is Made As Wheat Crop Is Reported; One Word Is Cut From Measure

(By The Associated Press)

WASHINGTON, May 10. — The spectacular farm relief and inflation bill, launching the government on a price lifting campaign of huge proportions, tonight was as good as law, approved finally by both houses of congress and lacking only routine signatures.

It issued from congress just as the department of agriculture flashed out figures revealing that the United States faces its lowest wheat production of the century, marking a start on elimination of the vast surpluses piled up in the past few years. The department reported the lowest winter wheat crop expectation since 1904.

Surpluses Main Problem

The surpluses have been the insuperable factor in the battle for restoring prosperity to the American farm. Low production in the principal commodities this year has been regarded as the first essential to success for the admittedly experimental farm relief campaign.

The wheat prospect, together with the many indications of improving conditions in industry, quickly raised questions as to whether it would be necessary to use many of the powers conferred by the measure approved today.

Secretary Woodin indicated that the inflation powers might not be invoked if the budding economic resumption progressed satisfactorily.

Powers Are Granted

The huge bill vests unprecedented permissive powers in the president to inflate credit and currency and to devalue the dollar down to fifty per cent; and in the secretary of agriculture to raise commodity prices through marketing agreements, production control and a processing tax, with compensatory tariffs on competing foreign products.

The latter, however, will not be imposed during the tariff truce which is to precede the London economic conference.

It could not be signed today because it lacked the name of Speaker

One Arrested In Beer Raids Here

One man was arrested and charged with possession of beer and more than 70 bottles of the brew were confiscated in two raids made Tuesday afternoon by members of the sheriff's department.

Charles Calhoun of the 2400-block of Twenty-first street was released on $500 bond after he was charged with possession of beer before Justice of the Peace J. S. Connell. Thirty-six bottles of beer, 60 empty bottles, and two large crocks were found.

Forty bottles of brew were broken at a farm home about three and a half miles south of Lubbock. The resident claimed he had moved into the house only yesterday, and that the beer was not his. Raiders were Deputy Sheriffs Cap Moore, Baxter Honey, and Bedford Carpenter, and J. C. Roberts, former constable.

The Woman's Angle

BY BLANCHE BEAN WILSON
Avalanche Woman's Editor

WOMEN need scolding occasionally, particularly concerning their club relations. For, no matter where you look, there are few women's organizations in which there is not some friction.

• • •

Perhaps this happens, too, in men's clubs and I am not as aware of it because I have less contact with them. But, it is entirely probable that men fight out their club differences, as a whole, without letting their personal feelings and ideas enter in.

• • •

Most women like to feel that they are as capable as men and that they are as smart as men about just any thing that comes along. Personally, I think many of them are. But, unfortunately, there are yet too many women who have not learned to carry an inpersonal feeling into their organization activities. And, until a larger number do, this friction will continue.

• • •

That is the reason for this scolding.

• • •

You may not be aware of all of the trouble that comes up in clubs, and that is a fortunate thing for there is no use in airing the difficulties that are, after all, of minor importance in most groups. But an unfortunate thing is that often a woman of great ability and sagacity must spend much of her time and energy diverting and erasing difficulties that are originated and perpetuated by her less discerning sisters. Frequently, the club suffers because some woman of acumen prefers to "let sleeping dogs lie" rather than lead her organization onward when she knows that there will be internal strife.

• • •

Women have come far since the first clubs were formed more than a century ago but they have yet a goal to attain. This petty strife, this internal wrangling that arises because so many women have not yet learned to hide their personal feelings must give way to a more lofty ideal and to the knowledge that the best of friends may have a difference of opinion on many subjects.

• • •

Before women's clubs can reach their goals as small organizations or as unions, they must do away with their wrangling.

• • •

And that scolding is just to the women readers of the column. The men readers, if any, simply didn't see this at all because they must never know that all is not harmonious over on the feminine side.

• • •

FIGURE THIS OUT

BY the way, since we are on the subject, you may be interested in contemplating these figures if you are a woman. According to Lawrence Sterne and company, women own 41 per cent of the wealth of America, yet these same women spend 85 per cent of the national income!

• • •

Which looks like a home run for the women, if you want an argument to use one of these days.

• • •

THE SAME PURPOSE

IN connection with that discussion of clubs, it might be interesting to know the convictions and purposes of the Sorosis, one of the first women's clubs and a leading organization back in the early part of the last century. The club was formed "for the promotion of useful relations among women and society, and for the establishment of an order that would render women helpful to each other and actively benevolent to the world."

• • •

Perhaps if more of us thought of our purposes and aims more often and attempted to do more to establish this mutual order of helpfulness and benevolence, the world would be a much more pleasant place in which to live. And, incidentally, we might realize our common aims sooner.

FOR EVERY TASTE

MISS DORIS BECKER, the Blues singer, who is coming here Saturday evening with Herman Waldman's orchestra should be mentioned in a woman's column, so I am told, so, just in case some men do read the column, here is her name all down in black and white. For the women, there's Bob Harris, Barney Dodd and all the rest—after all, this is the woman's angle.

Miss Lizzie Belle Clements Weds Clarence Whiteside On Wednesday

Candle Light Ceremony Read Before Flower Decked Altar

Methodist Church Auditorium Is Scene For Wedding Late In Afternoon; Reception Is Given In Bride's Home

The marriage of Miss Lizzie Belle Clements, daughter of Mr. and Mrs. Solon Clements of 1920 Seventh street, to Clarence Whiteside, son of Mr. and Mrs. J. H. Whiteside, 2001 Sixteenth street, took place Wednesday afternoon in the First Methodist church auditorium.

The Rev. J. O. Haymes, the pastor, and Marshall Rhew, officiated at the ceremony at four o'clock. A reception was held later in the home of the bride's parents.

Miss Dollie Clements was chosen by her sister to be maid of honor and James Whiteside was best man for his brother. The ushers were Messrs. Garland Newsom, Russell Denison, Ethridge W. Eagan and H. Y. Price, jr.

Gowned In White

The bride was given in marriage by her father. She was lovely in a gown of white mousseline de soie of simple design. Her hem-length tulle veil was caught with orange blossoms and seed pearls. Her shower bouquet was of white roses, sweetpeas and lilies of the valley.

The maid of honor was gowned in turquoise blue crepe with white picture hat with a pink bow. She carried an arm bouquet of roses.

Flower girls were Ruth Parkhill, who wore blue organdy, and Joan Reiger and Rita Joyce Henderson, who were dressed in pink organdie.

The chancel was decorated with Southern smilax and calla lilies and illuminated by candles.

Organ Numbers Played

Preceding the processional, Mrs. Mamie I. Neal, organist, played bridal music, concluding with "At Dawning" with chimes. Mrs. Ethridge W. Eagan sang "I Love You Truly" by Bond.

During the reading of the vows Miss Beulah Dunn, violinist, played "To a Wild Rose" by MacDowell.

The bridal party received about 100 guests at the reception which immediately followed the wedding.

The white, five-tiered wedding cake was decorated with a tiny bride and groom. The table was covered with a lace cloth and lighted by candles.

The bride cut the wedding cake. She was assisted in serving by her sister and by Misses Lucille McCrummen and Eva Doak and Mesdames Garland Newsom and Doyle Jordan of Plainview.

Several out-of-town guests attended the wedding and the reception.

To Reside Here

The couple left Wednesday evening on a honeymoon and will be at home at 1915-B Nineteenth street, upon their return.

Mrs. Whiteside has the B. A. and B. S. degrees from Texas Technological college. She was a popular student at the college where she held memberships in the Forum Las Leales club and the Double Key society.

Mr. Whiteside, son of Mr. and Mrs. J. H. Whiteside, 2001 Sixteenth street, is a B. A. graduate of Texas Technological college. He has the B. B. A. degree from State university at Austin and is an M. B. A. graudate of New York university. He is manager of a nursery business here.

Dinner Is Courtesy To Bridal Party

Mr. and Mrs. J. H. Whiteside were dinner hosts in their home, 2001 Sixteenth street, Tuesday evening honoring their son, Clarence Whiteside, and Miss Lizzie Belle Clements, who were married Wednesday afternoon.

Guests sat four at a table. Sweetpeas were given as favors. During the dinner, Marshall Rhew proposed a toast to the groom-to-be, and H. Y. Price, jr., toasted the couple.

"You Just Know She Wears Them"

DISCOVERED

—this soap contains precious elements skin itself has...and must have to stay YOUTHFUL!

SCIENTISTS EXPLAIN

THE TRAGEDY OF IT—skin that is growing dull, dry, old looking, unattractive . . . you've often thought about it. Every woman has. But have you ever wondered about the *cause* of aging skin? Did you ever hear that as skin grows older it *loses* something . . . something goes out of it?

The Secret of Youthful Skin

Skin, science has found, contains certain precious elements. These elements, found in youthful skin of every type, keep it fresh, smooth, attractive, young . . . help guard it when exposed to wind, dust and sun.

The gradual loss of these elements is what makes skin get old looking, dry, unattractive. But scientists give this welcome and all-important message—you can now *check the loss* of these precious elements.

This Soap actually contains Precious Elements found in skin itself

Now scientists attest the fact that Lux Toilet Soap, with its complete freedom from harshness, its ready solubility *and its content of precious elements* is an unquestionable aid in keeping the skin young looking . . . smooth.

Small wonder Lux Toilet Soap is used by the screen stars, and has been for years. 686 of the 694 important Hollywood actresses are enthusiastic in their praise. And women everywhere have been proving for themselves that this fine soap actually keeps skin fresher — younger — more attractive.

Lovely screen stars *must* have radiant, youthful skin. Small wonder this fragrant, white soap is the official soap in all the large film studios.

A Younger Looking YOU

SCIENCE tells you pure, safe Lux Toilet Soap actually contains precious elements all skin *must have* to look youthful. These elements are found *in* the skin itself—an abundance in fresh, youthful skin, less in skin that is growing old, unlovely.

HOLLYWOOD has proved through years of daily use this soap actually keeps every type of skin younger looking.

MILLIONS of women (and men) everywhere confirm Hollywood's experience.

Won't YOU prove the beautifying effect this fragrant, white Lux Toilet Soap can have on *your* skin?

"My skin certainly is ever so much more youthful looking since using it,"—
writes Betty Greene of New York

"When I read that the lovely screen stars use Lux Toilet Soap for their marvelous complexions, I began to use it, too. No wonder they are so enthusiastic. My skin certainly is ever so much more youthful looking since using this nice, white soap. Even within the first few weeks I noticed how much smoother and clearer my skin had become."

NEWS BRIEFS

En route to an annual West Texas Chamber of Commerce convention in Big Spring, the Littlefield municipal band will parade through Lubbock's downtown streets about 7:30 o'clock this morning. The Littlefield organization, having 25 pieces, also will play in Tahoka, O'Donnell and Lamesa on the way to Big Spring.

Mrs. Ruth Kane, convicted of murdering an aged rancher with an ax, apparently will accept a five-year penitentiary sentence which a 10th district jury imposed upon her. The Associated Press yesterday reported the state court of criminal appeals in Austin had dismissed Mrs. Kane's appeal upon her request. J. L. Cunningham, Motley county rancher, was the victim in the homicide, which resulted in the conviction of his young woman housekeeper.

Appeal of James W. Baker, convicted of bank robbery at Brownfield last February for robbery of the Seagraves bank in May, 1932, will be heard before the state court of criminal appeals May 24, J. E. Vickers, his attorney, said yesterday. Vickers has completed the appeal papers. G. H. Nelson, Tahoka district attorney, will represent the state.

Oscar M. Herring, freed on a 90 day parole by Governor Miriam A. Ferguson, who was given a 14 year term by a Terry county jury for his alleged part in the Seagraves bank robbery last May, is reported to be in jail at Seminole. Herring was picked up on other charges filed against him, not in connection with the bank case, his attorney, J. E. Vickers said yesterday.

George W. Dupree, Lubbock attorney, will deliver the commencement address for Ralls high school graduating class this year, James M. Rankin, superintendent of schools, said while here yesterday. Date of the exercises will be May 19, he added.

An exhibit of what Texas Tech is doing in the way of weaving home spun cloth is to be shown at West Texas Chamber of Commerce convention this week at Big Spring, according to M. E. Heard of the textile department. The hand loom recently set up, is being shipped to Big Spring and will be set up and operated in a hotel lobby, he added.

Farmers around Amherst have not planted much cotton this spring so far, because of weather conditions, but they will not greatly increase the acreage in that area this year, according to Charles Harmon and Horace Dalton, ginners and farmers of Amherst here Wednesday. So many farmers in Amherst's territory diversify their farms, having livestock, cotton, grain sorghums and other crops, that the increase in cotton acreage will be small.

Lubbock chapter of Veterans of Foreign Wars at a regular meeting Tuesday night voted opposition to "any sort of march on the national capital." The post favored payment of the bonus. J. R. Rogers and J. L. Croft were accepted as new members. All veterans of the city are invited to the next meeting, May 23, when a feed will be served.

Homer D. Grant, president, and Dr. Bradford Knapp, president-elect of the local Rotary club, gave a report of the recent 41st district convention of Rotary International at a luncheon at Hotel Lubbock yesterday. W. A. Jackson was program chairman. Charles Hamilton was introduced as a new member. Visiting Rotarians were James M. Rankin, Percy B. Ralls and E. G. Tusha of Ralls; Fred Haile of Spur, and H. H. Edmondson and Dr. Everett Payne of Slaton. Announcement was made of an inter-city meeting in Amarillo the night of May 18.

Automobile wheels stolen from a Mr. Timmons of Ropesville were identified yesterday by the owner, Sheriff Tom Abel said. Leland Shaver had been charged with the thefts before the tires were reported as missing to the sheriff's office here.

Miss Mae Murfee, county superintendent of schools, was principal speaker at a commencement program Wednesday night at County Line school house. Miss Murfee presented diplomas to graduates at McClung school Friday night.

S. D. Vowell was the man arrested late Tuesday in Abilene as a suspect in kidnaping of John F. Covey, Santa Fe railway agent at Wilson, and theft of his automobile, Sheriff B. L. Parker of Lynn county said here Wednesday afternoon.

Vowell and S. D. Dick, arrested recently in Hugo, Okla., have been charged in Lynn county with robbery with firearms of the station agent, Sheriff Parker said. Vowell as well as Dick had escaped from jail at Sweetwater.

Lubbock police Wednesday were asked to watch for John Willis, 14, and Johnie Embesson, 15, who had left their homes at Post. Willis is four feet tall. Embesson, five feet tall, has brown eyes and hair, and was wearing a white cowboy hat, boots and a blue shirt.

As a result of an accident, in which he was struck by a truck, A. M. Hall yesterday filed suit in 72nd district court against A. S. Meinecke, T. C. Meinecke, and R. L. Meinecke for $10,250 damages. The accident occurred in the 1600-block of Main street Nov. 5, 1932, Hall's petition set out.

Leonard McCarty, fined $16 and costs by Justice of the Peace E. H. Ward of Slaton for disturbing the peace, was placed in county jail late yesterday. A man who today will be charged in county court with carrying a pistol was brought here from Slaton also Tuesday.

A small quantity of lumber in the ware yard of D. N. Leaverton, building contractor, on Fourth street between N and O avenues, was destroyed by fire which originated in some fodder at a nearby mill yesterday morning.

Lubbock High school seniors, who yesterday checked in books and received semester grades, are to go to Silver Falls near Crosbyton today for an annual senior picnic. The students were to meet at high school between 6:30 and 7:30 a. m. to board automobiles. Parents of seniors have been invited to the picnic.

Russell Middleton, Amarillo auditor who has been here on business, left yesterday for Peoria, Ill., where he is to attend funeral services for his brother, C. T. Middleton, 50, who died unexpectedly in Peoria. The rites will be read Saturday.

Regular meeting of City commission will be conducted at City hall this afternoon.

MARKET REPORTS

Stocks

WALL STREET REPORT

BY JOHN L. COOLEY
Associated Press Financial Writer

NEW YORK, May 10. (AP)—An accumulation of unusually cheerful business news generated fresh enthusiasm for financial markets today and prices on most exchanges advanced, in some cases buoyantly.

Stocks jumped 1 to 8 points on a wave of buying that reached its peak in the final dealings. Their rise was strongly supported by the bond list, which had an especially good day, while wheat, corn and cotton felt the stimulation to a considerable degree. Sugar reacted, but cocoa, silver and silk and hide futures strengthened. Stocks found ready buyers, particularly in the last half hour.

The Standard Statistics-Associated Press composite of 90 issues went to a new 1933 high at 70, up 3.3 points net and within about 4 points of the 1932 top, established in September; the industrial average exceeded its last year's high. Sales totaled 3,817,860 shares.

Grains

CHICAGO REPORT

CHICAGO, May 10. (AP)—Brisk advances in grain markets today accompanied final steps for enactment of the Roosevelt omnibus farm bill, including $3,000,000,000 inflation.

Actual passage of the bill by the senate took place half an hour after today's grain trading had ended, but indications beforehand left no question of the outcome, and especially that the bill would reach the president in the shape he desired, with price fixing amendments omitted. Leading operators said defeat of price fixing was the most gratifying news which had come on of Washington this session and that it meant free and open markets would be maintained.

Wheat closed strong near the day's top figures, 1 1-4 to 1 5-8 above yesterday's finish, corn 1 1-2 to 2 1-8 up, oats 1-2 to 7-8 advanced, and provisions varying from 2 cents decline to a rise of 25 cents.

Eastern buying was a conspicuous feature of the corn market. Oats followed corn.

Provisions advanced with grains.

Closing indemnities: Wheat, July 69 3-4@70, 75; Sept. 70 1-2@5-8, 75 5-8@7-8; Dec. 72 3-4@7-8, 77 1-2@3-4. Corn, July 43 1-2@5-8, 46 5-8@3-4; Sept. 45 1-8@1-4, 48@48 1-4; Dec. 46 1-8, bids.

Cotton

NEW ORLEANS REPORT

NEW ORLEANS, May 10. (AP)—The cotton market scored sharp advances today in active trade and speculative buying, stimulated by advances in stocks and wheat and a rather bullish weekly weather and crop summary. The close was very steady near the top showing net advances for the day of 30 to 31 points.

The opening was firm as Liverpool cables were considerably better than due and sterling was higher. Private cables said there was persistent trade calling and general speculative buying in Liverpool. Manchester reported good cloth inquiry and a fair trade with India, but buyers were cautious.

The market became very active and firm in the late trading on considerable trade and speculative buying and shorts covering. July advanced to 8.61, October to 8.87 and December to 9.03, new highs for the day and 31 to 33 points above the previous close. The close was at or near the top, July closing at 8.60 or 30 points net higher, October at 8.85 and December at 9.01, both up 31 points net.

Liverpool is due at New Orleans tomorrow 7 to 8 penny points up.

Port receipts 11,428, for week 55,909, for season 7,972,896, last season 9,641,135. Exports 9,973, for week 31,217, for season 6,673,258, last season 7,487,973. Port stock 4,080,061, last season 4,021,087. Combined shipboard stock at New Orleans, Galveston and Houston 122,533, last year 93,017. Spot sales at southern markets 13,802, last year 4,882.

NEW YORK REPORT

NEW YORK, May 10. (AP)—Cotton rose $1.25@1.50 a bale today, showing particular strength in the late trading on news of the senate's adoption of the farm bill minus the price fixing amendment.

July contracts after selling up to 8.56 early, reacted to 8.47 but shot up 8.65 in the late trading or 28 points net higher and closed at 8.64. The final tone of the market was firm at net advances of 25 to 29 points.

Initial prices were 8 to 11 points on higher Liverpool cables, and sold about 5 to 20 points net higher in the second hour on trade and commission house buying encouraged by the early advance in the stock market and unfavorable features in the weather and crop news.

The advance to 8.95 for December brought out considerable realizing, and prices reacted some 8 to 10 points from the best. From the low level of the reaction the market moved sharply upward in the late trading.

December sold up to 9.05, or within 3 points of last week's peak and closing quotations were within a point or two of the best.

Livestock

KANSAS CITY REPORT

KANSAS CITY, May 10. (AP)—Moderate receipts of cattle at most markets produced a generally steady trend on fed steers and yearlings although in a few cases prices were listed as strong to 25 higher. Steer and yearling offerings were of quality to sell around 4.50@5.75, light steers and long yearlings at 6.00@6.50; fed heifers and mixed yearlings, 4.50@5.25.

Receipts for the week to date at eleven markets numbered 123,700 as compared with 124,586 last week and 113,970 the same period a year ago.

Chicago secured a 4.30 hog top.

Fed shorn and wooled lambs brought 5.50@6.50 in most cases with Chicago establishing a new high point on choice 101 lb. Colorado wooled skins at 6.75. Majority of springers cleared at 6.25@7.25.

FORT WORTH REPORT

FORT WORTH, May 10. (AP)—Hogs 1,500 including 217 directs; top 3.80, packing sows 2.50@3.00.

Cattle 1,500; calves 500; market quiet, quotably steady trade; fed yearlings 4.65@5.25; slaughter steers 2.90@4.75; fat cows 2.50; butcher sorts 2.00; slaughter calves a few good heavies 4.50@5.00.

Sheep 7,000; all classes steady; spring lambs 5.00@5.25; springers down to 4.00; medium grade clipped lambs 4.50 down; bidding 4.75 for clipped lambs; fat yearlings and 2-year-old wethers 3.25; shorn aged fat wethers 2.25@2.50.

Yarbrough, Carbon, and O. H. Kountz, Desdemonia.

This committee, President Hawk said, has handled more destitute cases with less overhead expense and less friction in the cities and county than any other relief committee in the region.

The outstanding public expenditure committee was Abilene's headed by C. M. Caldwell. This committee was instrumental in reducing the budget of the city of Abilene more than $100,000.

Hawk said the committee had taken a very active part in supporting other phases of the regional chamber's program, and especially in the work on the state budget that has been done during the last few weeks.

To Dalhart was awarded the honor of carrying on the best West Texas Chamber of Commerce activities during the year, in the opinion of Hawk and other officials of the organization.

The little town of Anton was given the distinction of being the "peppiest" town in West Texas. Anton has a population of approximately 400. It has the official band of the West Texas Chamber and has worked continuously in the interests of the regional chamber.

Public recognition of these distinctions will be given on the last morning of the convention here, according to Hawk.

Two Men Being Held Here Thought Wanted In Carson

The Carson county sheriff yesterday informed Sheriff Tom Abel that he believed M. W. Kerr and Burton Huston, facing burglary charges here, are men who escaped from a Carson county jail some time ago.

Sheriff Abel said description of the men, who were under other names, coincided with the pair held here. He said the car Kerr and Huston had was the one the men had in Carson county. The license plate numbers were the same.

Tech Hand Loom Is To Be Operated At Big Spring

M. E. Heard, textile instructor at Texas Technological college, and Ford Benham, student, will leave today for Big Spring where they are to operate a hand loom.

President Bradford Knapp of Tech has proposed the weaving wool with hand looms as a new West Texas industry. Dr. Knapp has suggested the college give instructions for installing the loom and also for operating it.

A skilled student, he said, could weave a yard of cloth an hour, or even for a suit of clothes or an overcoat in one day.

Misinterpretation Results In News Report On Herring

LAMESA, May 10. (Special) — Misinterpretation by some Lamesa citizens of a newstory appearing in The Lubbock Evening Journal Monday led Judge Gordon B. McGuire of 106th district court to state he never had made a move to assist O. M. Herring, convicted of participation in the Seagraves bank robbery, to obtain a furlough.

The newstory, quoted J. H. Davis, representing Governor Ferguson, said that the district judge, the sheriff and many citizens of Palo Pinto county, of which Herring was former county attorney, signed the recommendation for clemency. Herring was tried before Judge McGuire.

Word Is Eliminated

Final action in the senate today approved a house resolution eliminating the word "basic" from the section relating to licensing of farm product distributors.

This was done to make the section conform with provisions authorizing marketing agreements and would permit the secretary of agriculture to go outside the seven commodities named in the bill, if he so desired, to help producers of other farm products through the marketing and licensing provisions.

The seven commodities specified by the measure are cotton, corn, wheat, hogs, rice, tobacco and dairy products.

Sections In Brief

Briefly, the farm sections of the measure seek to raise prices of all the basic commodities named, except tobacco, to the 1909-1914 level and that on tobacco the average maintained in 1919-1929.

This would be accomplished by marketing agreements through relaxation of the anti-trust laws, the levying of a processing tax and compensatory taxes on competing domestic and foreign products. President Roosevelt will not permit compensatory taxes to go into effect during his proposed tariff truce.

The measure also proposes to refinance farm mortgages at 4 1-2 per cent interest through a federal land bank bond issue of $2,000,000,000.

Two hundred million dollars also is provided through the Reconstruction Corporation for loans to farmers to enable them to refinance other obligations through agreement with creditors, as provided in the new bankruptcy relief act.

Navy Enlisted Man Killed In Blast Of A Projectile

WASHINGTON, May 10 (AP)—The death of a navy enlisted man and the injury of a warrant officer at the Dahlgren proving ground in Virginia was revealed today by the navy department.

Thomas Allen Daniels, aviation metalsmith, first class, whose home was Laurel, Miss., was killed. Chief Aviation Pilot Garland Long Williams of Rotan, Texas, suffered head and facial injuries and was brought to the naval hospital here.

The explosion occurred yesterday while Daniels was engaged in welding straps onto discarded projectiles so they might be used as anchors for small boats.

The navy said the projectiles had been fired through armor plate in tests at the proving ground and were thought to be clean of explosives. The shell exploded was the eighth to which Daniels had applied the welder.

LEARNS THE SECRET OF COFFEE HUSBANDS RAVE OVER!

A NEW RARE FLAVOR
In Coffee From A Different Producing Country

Folger's is not merely another "brand" or blend. But brings you the flavor of rare coffees from a totally different producing region.

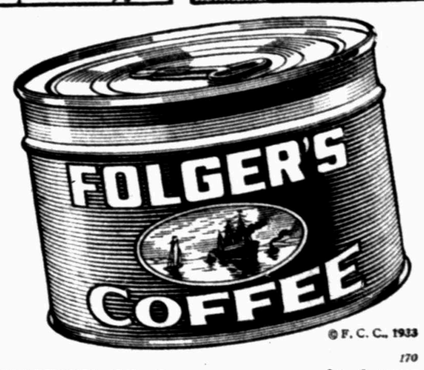

The coffees used by Folger are grown chiefly in tiny, isolated districts along the steep West Coast of Central America. A region that's famed for coffees which experts concede are not duplicated anywhere in the world.

They differ from other coffees largely because they are *mountain-grown*. Because they are produced in an odd type of volcanic soil where altitude and steaming tropical rainfall impart a richness and winy tang that nature has never bestowed on any other coffee.

These are the coffees that give such a distinctive flavor to Folger's—the coffee that appeals *especially* to men. Brought to you with all its original mountain-freshness faithfully preserved in key-opening, vacuum tins.

Please note that Folger's is particularly economical to serve. For, because of greater richness and body, one pound of it goes as far as a pound and one-third of cheap, paper-package coffees. In other words, you use ¼ less and still have richer coffee!

A Deserving Honor

SEVERAL years ago Texas Technological college granted its first honorary degree and to date has granted no other. Entirely fitting and proper, it was, that the first honorary Doctor of Laws degree went to Amon G. Carter, publisher of the Ft. Worth Star-Telegram, shortly after his retirement from the board of directors which he ably and generously served as chairman.

Tech, we think, has acted wisely in limiting its honorary degrees and we trust that the present policy will be continued in the future. But one of these days it will be time to grant another honorary degree—this time to Clifford B. Jones, of Spur.

Mr. Jones became a Tech board member in 1925.

Appointed to the first direcorate of the college, he has served not only long but well, and for the past several years has been the chairman of the board as well as its hardest worker. When the time comes for him to retire, then it will be time for Texas Tech to do its part.

There is no man in West Texas capable of bearing the honor with more grace or more dignity.

Certainly there is none more deserving of the honor.

Without attempting to dictate to Texas Tech, The Morning Avalanche can think of nothing more fitting than the bestowal of a Doctor of Laws degree upon Clifford Jones, whenever the proper time comes.

Because he has been such a great help to the school and because he has been one of its prime advisors and leaders, we hope his official connection with the college never ceases.

But when it does, Mr. Jones is certainly entitled to the highest tribute the college can bestow.

A WORTHY MOVE

The effort of the Maternity Center Association of New York to give a practical value to Mother's day is one that should meet with popular support, especially where the understanding is as worthy as is this one.

The association is engaged in improving maternity care, and it believes much good would be accomplished by emphasizing the need of such work, in connection with Mother's day, and appealing for popular support of it.

The high childbirth death rate among American women is emphasized in a statement sent out by the association, which places the annual death toll from this cause at 16,000. It then observes that "There is biting irony in the fact that in several countries where Mother's day is unknown, motherhood is twice as safe as in America."

At least half of the deaths, experts say, should be prevented.

This situation should prove a most unwelcome one to Americans who like to think of their own nation as being among the most progressive along social lines. It calls for remedying. To concentrate public attention upon the shortcoming ought to prove an important step in correcting the trouble.

This can be done in connection with the observance of Mother's day. The association's appeal is both practical and appropriate. The suggestion deserves to be carried out.

WOMEN IN POLITICS

Increasing interest of women in politics was reported to the general council of the National League of Women Voters at its session in Washington.

Statistics were presented showing that reorganization of government units to eliminate waste had been supported by women voters in 23 states and that in 22 states they had given their backing to readjustment of tax problems.

In what proportion they backed these projects was not shown. The probability is that they divided in about the same proportion as did men.

The increased interest they are taking in political and other public questions is a desirable manifestation. That they have or will raise the general level of politics, though, is a matter for continued speculation. Enlarged participation by any intelligent class in public affairs, nevertheless, is a development of no little importance.

The tariff is like pensions. It ruins the country, but you want your share if everybody else profits by it.

How unfortunate that the livery stable loafer died before his kind of talk was recognized as realism.

What this country needs is less time to drink beer.

"Abolishing special privilege" means taking it from one group and giving it to another.

Plan To Fail Or Succeed

By CHARLES P. STEWART
Central Press Staff Writer

Titanic Memorial

WASHINGTON, May 10.—Currency inflation is destined to be the big issue between the two major parties for a long time to come, in the opinion of many politicians.

How they arrive at this conclusion, with the degree of certainty they express, is not so easy to see, however.

Just now, to be sure, inflation is a Democratic policy, and perhaps it is fair to consider opposition to it Republican policy, inasmuch as it is the policy of the group in control of the G. O. P. official organization.

If it were to remain untried, but simply argued about, as in William Jennings Bryan's day, it might continue to be an issue indefinitely. The present situation is not like that. Inflation is adopted. It will have had its trial before the campaign of 1936; perhaps before next year's congressional campaign.

If Times Improve—

Should the experiment turn out well and times improve (or should times improve, regardless of the experiment, which, in that event, will get the credit for the improvement), criticism of it will not amount to enough to count as an issue.

Should it turn out badly, either failing to end the depression, or ending it only to get entirely out of control and leading into a perfect inflationary orgy, with a terrific smashup as its climax, not enough of the inflationists will be left to require an issue.

The tariff, for example, has been a long-lived issue because it is impossible to fix responsibility upon schedules of import taxation for what follows their enactment. They can be blamed but not convicted.

The coming test with the currency system is of a character that can hardly missfire of obvious results of some sort.

Additional money can be issued, up to a certain point, without producing a visible impression; it will be absorbed by banks instead of circulating. Still, a super-sufficiency will start it moving. As I have heard one of congress' ablest economic experts state the case. "No tank is so huge that it cannot be filled to overflowing finally.

"In the midst of a drought (meaning the prolonged depression) a moderate overflow is desirable, to revive the vegetation," added this authority, "but there is considerable danger that the stream will not be turned off at just the right instant, or the hose will burst and flood the premises."

Too Conservative?

Just as there are alarmists, who fear that President Roosevelt, in whose hands the inflationary machinery has been trusted almost unrestrictedly, will employ it too freely, there are a few who suspect he will be too conservative in his use of it. Of the two the former seems the more reasonable ground for anxiety. That he might accidentally overdo matters is conceivable; it is not apparent why he should be unduly niggardly, except from an excess of caution, which is not characteristic of the present White House tenant.

Another tenable theory is that inflation may result advantageously to agriculture, but disastrously to the industrial classes, as it inevitably will if wages do not advance pretty promptly upon probably advanced living costs. Yet even this, if such a situation develops, will be likely to translate itself into a series of pay clashes between capital and labor; not to take the form of a fight over the inflation issue.

Inflation, in short, promises to give a satisfactory account of itself or to cause serious trouble within a year or two; not to serve as the subject of a couple of generations of debate, like the tariff.

WASHINGTON VACATIONS

Among key men in Washington vacations are to be little in order during the coming summer.

There will be considerable commuting between the capital and President Roosevelt's Krum Elbow home at Hyde Park, N. Y., which is to be the temporary White House from congress' adjournment until early autumn, but no prolonged separation from their jobs by officials prominently connected with the task of getting the country out of the depression.

Secretary of State Hull doubtless will be absent, at the World Economic conferences in London; most of the other cabinet members plan to be at their desks straight through the season, hot as the city will begin to be two or three weeks hence.

* * *

AIM AT 1926 LEVEL

Inflationists practically are agreed that the 1926 price level was the one that monetary readjustment should try to attain and stop at.

* * *

RAILROADS BLAMED

Testimony before the Interstate Commerce commission is almost unanimous that the railroads created their own competition with autobus and autotruck, by their excessive charges.

* * *

WASHINGTON'S PROBLEM

Washington's workers are so generally governmental that joblessness is less prevalent in the capital than in most cities. Nevertheless, its last year's unemployment relief record quintupled 1931's.

* * *

HOPE FOR FARM HANDS

Representative Charles V. Truax of Ohio, one of congress' best agrarian authorities, estimates that agriculture, if as favorably affected by inflation as he expects, will quickly absorb 3,000,000 men as farm hands, on land whose owners need help but cannot now pay for it.

PRESSING PROBLEMS

Settlement of Chino-Japanese warfare, armament reduction and removal of world trade barriers are civilization's "most immediate problems", announces Dr. James Brown Scott, in his annual report as the Carnegie International Peace Endowment's secretary—not a very original diagnosis but an official one.

Letters To The Editor From The People

H. H. Halsell Attacks Plan To Sell Beer; Believes Prohibition Is Best For The Nation

Dear Editor: There is an idea extent that you can't make people good by law or correct morals by legislation.

The answer to this sophistry is that no man lives to himself and we are our brother's keeper.

When a people in their sovereign rights undertake to prohibit by law the sale of liquor then the defenders of the sale cry out sumptuary laws. Sumptuary laws were in vogue in Greece and Rome and had to do with the control of extravagance in the purchase of furniture, food and clothing. There is a vast difference in the sale of the comforts of life and the sale of poison to our citizens.

The very genius of our government is so construed as to prevent the legislation of the morals of the people away.

The idea that no individual has a natural right to harm his neighbor, or to injure society, originated in the law proclaimed from Mt. Sinai, and that same principle was proclaimed by Christ and runs like a scarlet thread all through the law of the Anglo-Saxon race, down to the date of the last Democratic National convention.

It is a national crime to give power to the brewing interest to corrupt the fountain heads of state and national governments, and debauch the citizenship of the nation.

To advocate the sale as a source of revenue is a reflection on the moral instincts of the people, because you cannot build a city with blood money, or sell a girl as a harlot, and all well informed citizens know that the open saloon breeds gambling halls, and bawdy houses. We do not need these last three named institutions to build a lasting civilization. Set over against these three dangerous and deadly interests is the home, the school and the church. These three if protected against invasion by corrupt institutions will perpetuate this great republic to latest posterity. The love of home and state built the great republic of Rome. The incorporation of vast wealth and immorality into the body politic, furnished Gibbon the material to write "The Decline and Fall of the Roman Empire." If corrupt politicians of America are permitted to dictate the policies of our government, some modern Gibbon can write "The Decline and Fall of the American Republic."

The federal constitution guarantees to the people, life, liberty and tranquility.

The saloon destroys life, blights hope and the dream of tranquility is gone.

The word of God says when evil comes in like a great flood tide, then the Lord will lift up a banner.

The saloon lifts up the black banner of despair. The brewers and crooked politicians hold it aloft. God lifts up a banner of hope, and true patriots follow in that train. The evil is coming on like a flood tide. The lines are clearly drawn. The time has come when men with hearts and brains must rise and take the misdirected reins of government too long left in the hands of aliens and lackeys.

He who stands aside and sees the traditions of our country and its flag dragged in the mire, and makes not bold protest as he can, is no American.

H. H. Halsell.

Estacado, Canyon, Barton And Slaton Teams Left In County Tourney

Barton Meets Estacado For Opener Today

Canyon And Slaton Teams Play Second Battle At City Park This Afternoon; Tourney To Wind Up Tomorrow

Hits and runs are at a premium these days as the Lubbock County Baseball tournament nears the end. The last three games, played yesterday and Tuesday, were decided in the final innings, the victors winning by the slim margin of one run.

The tournament goes into the semi-final round today, and will come to a close tomorrow afternoon.

Four strong teams survived quarter-final play and will fight it out today and tomorrow for first, second and third place prizes.

Estacado, winner over Bunker Hill yesterday, 9 to 8, will meet Barton this afternoon at 1:30 in the first of the twin bill. The Phillips 66 club of Slaton, which defeated a strong 131st Field Artillery nine, 12 to 11, yesterday, will tangle with Canyon in the second game, beginning at 3:30 o'clock.

Yesterday's contests were packed with thrills, even if a sandstorm did take away some of the elements of first class baseball. The teams fought hard and consistently, hitting when hits meant runs and fielding when errors meant victories.

Bunker Hill Battle Lost

In the first game, Bunker Hill who waded through three hot preliminary games, looked like a winner at the outset, scoring four runs off Pitcher Schluter in the first inning. Estacado tallied three times in their first, a home run by Galloway scoring Flowers, who had singled. Robert Eason, first up, triples and scored on Flowers' single.

Bunker Hill tallied in the second, Son McClelland going home after singling and advancing on D. McClelland's single, on an outfield muff.

Estacado gained a one-run lead in the third when Galloway's double brought in Schluter and C. Eason's single scored Galloway. Eason tallied on Bryant's double. Another run in the fifth by Schluter increased the lead, but it was brushed away in the sixth when Bunker Hill scored three times, F. McClelland's triple scoring D. McClelland and S. McClelland, Bud Arnold, who went in to pitch for Bunker Hill in the third, flied out to right and another McClelland clawed the plate.

Rally Wins Game

Estacado came back in the seventh, the last inning, to win. Eason singled and stole second. Bryant singled. Fox went in to hit for Kelsey and got a single, choking the bases. Bryant, another pinch hitter, struck out for the second out. R. Eason was safe as Eason was out at the plate in airtight baseball. Then Pitcher Arnold walked to R Eason to let in a run and tie the score. Flowers was the man of the hour, singling to right for the winning tally.

The second game was close all the way; tied three times, and the lead shifted as many times. The Cadets were off to a lead in the first, Picket and Alvin Crews scoring on Leroy Crews' single. They scored two more times in the second after the Slaton Oilers had scored three times in the second. Juicy Owen, big football tackle, loaded the bases in the first with a pair of walks and a bean ball but struck out two men and put another down at second. The first three men up in the second singled, then two outs and two more singles for three runs. Juicy retired in the fourth, after the Oilers had gained a lead with a brace of runs in the third and one in the fourth, in favor of Harris, who was relieved in the same inning after three runs by Lefty Bryant. Bryant lasted through most of the sixth then gave way to Johnny Walker, who won a 12-11 game for the Cadets the day before.

This Rally Wins Too

Walker held the Oilers to one fun, but that tally came in the last of the ninth after two were out to win the ball game. With the score tied, 11-all, in the ninth, Pitcher Slone singled for the Oilers. Cannon struck out and Slone was caught in a double play at second. Tudor singled, Milliken was safe on an overthrow from third and Porter got one by Williamson, a questionable hit, to score Tudor and win the game.

Lefty Bryant, who played three positions yesterday for the Artillery, had a good day at bat, slapping out a home run, a double and two singles to account for five runs. Cullar, Oiler second sacker, got a home run. Johnny Walker, played a good game at short and in the box, singled four times in succession for the losers.

The game was played with few errors, in spite of the wind, and six double plays were efficiently executed, three per side.

There will be a slight increase in admission prices for the double headers today and tomorrow. Players' passes, with the exception of the four surviving teams, were revoked yesterday.

Reds Cop Twin Bill Off Phils To Break Even

Cincinnati Takes First Game, 10 To 7 And Nudges Enemy Out, 4 To 3, In Second In Only National Loop Games

(By The Associated Press)

PHILADELPHIA, May 10. — The Cincinnati Reds balanced their won and lost columns today as they batted out a double victory over the tail-end Phillies. The scores were 10 to 7 and 4 to 3.

Chuck Klein, slugging right fielder of the Phillies, did his best to stave off defeat, hitting three homers in the two games. He checked out two of them in the curtain raiser to account for five runs and drove in two tallies in the nightcap with the other circuit hit. The three boosted his total for the season to six.

First game:

Cincinnati	201	006	001	—10	14	0
Philadelphia	302	010	100	— 7	13	3

TRINITY NETTER WINS

WAXAHACHIE, May 10. (AP) — John White, Trinity university, today won the singles title of the Lone Star Athletic conference by defeating Nicholson, of Sam Houston State Teachers college, in the finals of the tennis tournament at Huntsville.

The East Texas Teachers won the team championship. Trinity and North Texas Teachers tied for second. The doubles title was won by Traweek and Prim of the East Texas Lions.

Head Play Is Favorite Nag In Preakness

But Broker's Tip Also Is A Candidate; Second Placer In Derby Looks Good During Workout At Pimlico

BALTIMORE, May 10. (AP)—After an almost sensational workout today, Mrs. Silas S. Mason's sterling colt, Head Play, was believed by many to be the likely favorite when a select group of thoroughbreds goes to the post in the Preakness Saturday.

Running for the first time since he was barely nosed out by Col. E. R. Bradley's Broker's Tip in the Kentucky Derby last week, Head Play breezed around a muddy track at Pimlico in fast time until his speed was purposely checked by Jockey Earl Steffen.

The mile was finished in 1:41 3-5 and the mile and an eighth in 1:56 2-5.

In the meantime, other candidates for the $25,000 added Preakness, run over a mile and three sixteenths at the Pimlico track, took workouts, the group including the highly regarded Broker's Tip.

The time for the Bradley colt was 26 seconds for the first quarter, 51 for the half mile, 1:17 3-4 for the three quarters and 1:46 3-5 for the mile.

Texas League Gate Rates To Undergo An Operation Today

DALLAS, May 10. (AP)—Sharp reductions in the prices of admission to Texas League baseball games, effective tomorrow, were announced by the club owners today after a thorough discussion of the matter here.

The owners were called together by President J. Alvin Gardner in answer to requests by magnates in the northern end of the loop for action, due to a disappointing early-season attendance.

Corn acreage in Illinois will be decreased eight per cent and soy bean acreage increased 25 per cent if March 1 intentions of Illinois farmers are carried out.

Tribe Wins To Tie Yanks For Lead Position

World Champs Almost Blanked By White Sox, Who Jump On Lefty Gomez For Victory; Athletics Win Twin Bill

(By The Associated Press)

CHICAGO, May 10. — The New York Yankees, leaders in the American League race since the opening day, today dropped into a tie with the Cleveland Indians as the Chicago White Sox chased Lefty Gomez from the mound in less than two innings and then went on to a 10-2 victory over the world champions.

The Sox found Gomez and his successors, MacFayden and Jablonowski, for 14 hits while Sam Jones, who'll soon be 41 years old, help the Yanks to six scattered blows for his third victory of the season.

The Yankees had visions of being shut out for the first time in 233 games as Jones shut them out with two hits in the first five frames. In the sixth, however, passes to Byrd and Gehrig and Chapman's single, after two were out, kept the champions' record intact.

England And U. S. Agree On Terms For Tariff Truce

Other Nations Studying Plan

Absence of Replies From Six Other Nations Not Worrying America; Their Acceptance Virtually Assured

BY ALVIN HALLMAN
Associated Press Staff Writer

LONDON, May 10—Great Britain and the United States were brought into agreement today on the terms of an immediate tariff truce and awaited similar acceptance by six other nations represented on the world economic conference organizing committee.

In American circles here it was felt, however, that the absence of replies from France, Germany, Italy, Japan, Belgium, and Norway, was nothing to worry about. All of them originally had agreed to a much stronger truce accord than the revised version Whithall finally found acceptable.

Armistice Provided

The changed plan would provide generally for an armistice on tariff changes during the world economic conference.

Provision arrangements tonight called for a meeting Thursday of the organizing group at which approval of the truce can be formalized and it can be sent to the governments of other nations of the world with a recommendation for their prompt acceptance.

These plans were contingent upon the favorable word from the six countries. The meeting tomorrow might be delayed even further should one or more of the other governments suggest further alterations in the text of the agreement, originally suggested more than a week ago by America.

Trade Barriers Barred

Under the plan all nations would refrain from raising new trade barriers before the end of the world conference, during which new understandings about commerce are expected.

As it stands, the project is something less than what the special American ambassador, Norman H. Davis, originally proposed inasmuch as Great Britain's position was that she had to safeguard her right to continue negotiations for trade pacts already started.

However, it was definitely stronger, according to American circles than the form agreed upon last night by the British.

Accept Provisions

This strengthening was said to have come from suggestions cabled during the night by the American state department which the British government readily accepted at noon today.

These additional suggestions were at once submitted to other members of the organizing committee, who passed them on to their respective governments. The delay in their answers may merely mean it was necessary that additional time be taken to study the revisions.

Mr. Davis and the members of his delegation had a good but diplomatic laugh tonight over the British semi-official announcements of a truce agreement which spoke of American "complete acceptance of the British formula."

Circles close to the American mission said it did not matter so much who took credit for the achievement—that the principal thing was that a definite step forward appeared finally to have been accomplished.

Just 46 Pounds Of Fat Gone

Feels 20 Years Younger

"I surely can recommend Kruschen Salts. I reduced from 156 to 110 lbs., my natural weight and I feel 20 years younger. 'A pinch a day, keeps the fat away.'" Mrs. Vale Watter, Seattle, Washington (Dec. 30, 1932).

Once a day take Kruschen Salts—one half teaspoonful in a glass of hot water first thing every morning. Besides losing ugly fat SAFELY you'll gain in health and physical attractiveness — constipation, gas and acidity will cease to bother—you'll feel younger—more active—full of ambition—clear skin—sparkling eyes.

A jar that lasts 4 weeks cost but a trifle at Mark Halsey Drug Store, City Drug Store, John Halsey Drug Store, or any drug store in the world—but demand and get Kruschen and if one bottle doesn't joyfully satisfy you—money back.

School Is On Modern Theme

Mrs. Leona Rusk Ihrig Is To Conduct Classes Of Modern Theme; Four Day School Is Tenth Annual One Here

The Happy Kitchen Cooking school that is to be brought to Lubbock next week by the Avalanche-Journal Publishing company will present sparkling programs filled with new ideas.

The age-old theory of cookery will be presented in a new dress in the school, which will be presented through the courtesy of this newspaper for four days, starting next Tuesday, May 16. It will be under the personal supervision of Mrs. Leona Rusk Ihrig, well known home economist, and will be at the Uptown Dance palace.

The New Ways

"Every woman who keeps house", says Mrs. Ihrig, "loves to surprise those who gather around her table with some new delicacy . . . some unusual little touch that heightens the joy of housekeeping . . . that brings back the ever evasive romance of home making. These Happy Kitchens have caught the modern trend . . . the remaking of old into new. That is why I emphasize this modern idea so much.

"There is a new spirit in the kitchen . . . a spirit of happiness chasing out the kitchen drudge. No longer does the modern housewife accept the older methods of cooking . . . methods which might ever so ably fit those former days, but are inappropriate today in this modern world of ours".

All-Day Party Is Attended By Club

Members of the Loyal Sisters club attended an all-day meeting in the home of Mrs. John R. Hall, 2020 Main street, Wednesday.

The group quilted a quilt that was presented to Mrs. E. Renfro. Mrs. J. G. Oslin, president, was presented with a shower of gifts, since the occasion marked her birthday.

Other guests were Mesdames R. E. Swain, Fred Owen, W. G. Lofland, N. A. Payne, V. H. Venable, J. A. Hodges, D. A. Atkins, H. W. Cherry, W. E. Holder, M. B. Cross, C. A. Paulger, E. P. Huff, W. H. Trice, Mike Fry, D. A. Davis and Ralph Moore.

Simmons Cowboys Play In Lubbock

Simmons university Cowboy band was well-received by an audience which filled two-thirds of the high school auditorium last night. The concert was sponsored by Lubbock Westerner band.

The Cowboy musicians opened their program with "The Star Spangled Banner," and included classical and semi-classical numbers in the concert. Encores, frequently urged by the audience, were popular numbers. There were instrumental solos, including a xylophone number.

John Regan, international entertainer, received a nice hand for his roping, whip cracking and gymnastic acts. D. O. Wiley is band conductor.

Seniors And Guests Attend Annual Dinner On Wednesday

Ninety-four senior class members and their guests attended a sixth annual senior dinner at Hotel Lubbock last night. Lou Edwards, class president, was toastmaster.

President Bradford Knapp was principal speaker, Basil Hill, student council president, also spoke. A short musical program was given by Milton Harber and Henry Godeke.

So Tired and Nervous She Couldn't Sleep Well

"I was in a very nervous condition," writes Mrs. J. S. Odom, of Waycross, Ga. "I did not sleep well at night. I would get up in the mornings feeling all tired and worn out. My appetite was poor. My mother-in-law thought Cardui would help me. After I began taking it my appetite increased. I rested better at night. I kept taking Cardui until I felt well and strong. I know it did me a lot of good. It is splendid for nervousness and other troubles that young women have."

Galveston Beats Panthers, 4 To 2

FORT WORTH, May 10. (AP)—Galveston's Pirates fortified themselves with a combination of pitching and hitting today that Fort Worth could not conquer and Billy Webb's scrapping invaders were victorious 4-2. Pinch Hitter Dallas Warren smashed one through in the seventh inning with the bases loaded for two runs, but that was as far as the Cat attack reached.

winning both engagements of a double header with Detroit 3 to 2 and 6-4.

While the Tigers outhit the Athletics 8-5 in the opener, the Macks bunched their hits, and Marberry added the necessary walks for the decision. Merritt Cain worked throughout the first game, while Marberry gave way to Whitlow Wyatt at the start of the eighth inning. Johnson's homer in the seventh inning for the A's was the high spot of the game.

Vic Sorrell, who pitched through two outs in the seventh inning of the nightcap, was found for 13 hits before Chief Hogsett relieved him.

Rube Walberg held the Tigers in check until the closing inning when a rally which netted two runs had him momentarily worried.

TRIBE BEATS REDLEGS

CLEVELAND, May 10. (AP)—The Cleveland Indians made only six hits off Lefty Weiland today, but took advantage of three errors to win the first game of the series with Boston, 4-2.

Although Willis Hudlin allowed one more hit than his pitching rival, he would have had a shutout barring a wild throw by Johnny Burnett that let two Boston runners score in the third.

BROWNS TURN TABLES

ST. LOUIS, May 10. (AP)—The St. Louis Browns pounded Whitehill for four hits including two doubles, to score five runs in the eighth inning and thereby give Washington Senators today, 5-0. Two walks and Manush's error also contributed to the scoring. Whitehill allowed only two hits in the first seven innings.

The victory was the fourth in five starts for Blaeholder. It took the Browns out of the cellar where they had dropped yesterday and kept Washington from going into first place ahead of the Yankees who lost to the White Sox.
