THE SNYDER DAILY NEWS

VOL. 9, NO. 6 — SNYDER, TEXAS, WEDNESDAY, MAY 7, 1958 — EIGHT PAGES—PRICE 5c

Low Bids Are Accepted On New School

Low bids totaling $426,918 were accepted by the Snyder school board last night for construction of the new South Elementary School, which will be built south of Forty-third Street and west of Avenue U.

The low bids were close to $100,000 under original estimates of cost of construction, Fred Buford, architect for the schools in the building program, said.

Successful bidders were Alston Construction Co. of Sweetwater with a low bid of $322,900 on the general contract, C. C. White of Albany with a low of $82,804 on the mechanical contract including an accepted alternate for a sprinkler system, and Phillips Electric of Midland with a low of $21,214 on the electrical contract.

A total of 16 firms bid on the general contract, while there were 11 on the mechanical and five on the electrical. This is the largest field of bidders the Snyder schools have had on a building.

The general contract bids had a range of about $80,000, the highest being more than $400,000. The mechanical bids ranged up to more than $97,000 including the alternate, and the electrical went as high as almost $34,000.

Alton will begin work on the site in about 10 days. He must have the building complete by July next year. School will start in the building in September, 1959.

Other bidders on the general contract and their bids were A. P. Kasch, Big Spring, $353,148 base bid or $439,420 including mechanical; H. A. Padgett, Lubbock, $344,902; S. R. Duncan, Lubbock, $349,965; T. E. Selburne & Son, Snyder, $343,760; Rose Construction, Abilene, $324,500; W. D. Faulkner, Pecos, $339,000; Shiflet Bros., Abilene, $405,598; Warner Construction, San Angelo, $336,115; Templeton-Cannon, San Angelo, $388,070; Jones Construction, Big Spring, $388,800; Suggs Construction, Big Spring, $335,597; Newton Construction, Odessa, $342,150; R. G. Farrell, Odessa, $347,216 base bid, $427,611 including mechanical; Joe B. Wright, Midland, $354,256; Cooper Construction, Odessa, $338,903.

Mechanical bidders, A. P. Kasch Big Spring, $3,400 on sprinkler system; Bowen Plumbing, San Angelo, $82,498 plus $3,959 for sprinkler system; Roundtree Co., Lubbock, $79,980 plus $5,030; R. M. Wells, Quanah, $79,942 plus $5,115; Anthony Co., Lubbock, $81,450 plus $4,500; Bollinger & Sames, San Angelo, $87,550 plus $7,769; Braune & Tate, Abilene, $84,400 plus $3,750; David Vickers, Sweetwater, $83,000 plus $3,900; Burden Bros., Dallas, $90,700 plus $7,000; R. G. Farrell, Odessa, $82,395 plus $3,425.

Other electrical bidders, Howell Electric, Snyder, $23,895; Boss Electric, Snyder, $26,851; Tarver Electric, Lubbock, $33,940; C&D Electric, Big Spring, $32,467.

In action following the bid opening, the board approved preliminary plans on a part of the new junior high school to be built west of El Paso Avenue. Buford is to begin final plans on the main portion of that building, while there will be further discussion on the physical education portion of the plant.

Buford said it will take 75 to 80 days for his firm to complete plans on that building and get them ready for bidding. He said at least 12 months construction time should be allowed after the contract is let. Plans call for that building to be in use by September, 1959.

The board also decided to call for bids on a house the school district owns. The house, which is to be moved by the purchaser, is located on Avenue O between Twenty-seventh and Twenty-eighth Streets on school property. Bids will be opened May 26, at the same time bids are opened for a sprinkler system for the high school campus.

Flood Curb Projects Get Daniel Okay

AUSTIN (AP)— Flood prevention plans for the upper Lake Fork Creek in Northeast Texas and Dry Devils River and Lowrey Draw in West Texas were approved today by Gov. Price Daniel.

The State Soil Conservation Board recommended Daniel approve the projects, estimated to cost almost five million dollars.

The projects will provide flood protection and land treatment for 227 square miles in Hopkins, Hunt and Rains counties and 233 square miles in Sutton and Schleicher counties.

The West Texas project is expected to protect 75 per cent of the town of Sonora, Daniel said.

"Surveys by the soil conservation board indicate that flood damages of the magnitude suffered by Lampasas on May 12, 1957, can be expected if similar rains fall in the Sonora area without protection of the works planned," Daniel said.

The work plan for the upper Lake Fork Creek calls for construction of 23 flood retarding structures and land treatment at a cost of $2,410,000. Thirteen dams will be built on the Dry Devils River and Lowrey Draw. Estimated cost is $2,148,000.

Man Injured By Gunshot

A 27-year-old Snyder man was in serious condition today in Cogdell Memorial Hospital after being shot last night.

He is Sherman Armstrong, 27, of 1704 Avenue N.

Armstrong was wounded at about 9:30 last night about five miles south of Cogdell Hospital on a country road.

The .22 caliber bullet hit him in the cheek and came out the back side of his head. He was taken to the hospital by his wife.

Sheriff Earl Abercrombie, who was investigating the incident, had not completed his investigation this morning.

Georgia Town Has Snow, Sleet, Rain

GAINESVILLE, Ga. (AP) — North Georgia had snow, sleet and rain early today.

The unseasonable weather was reported by Neil Collins of Blairsville, near the North Carolina line. The temperature fell to 37 in early morning hours.

WEATHER

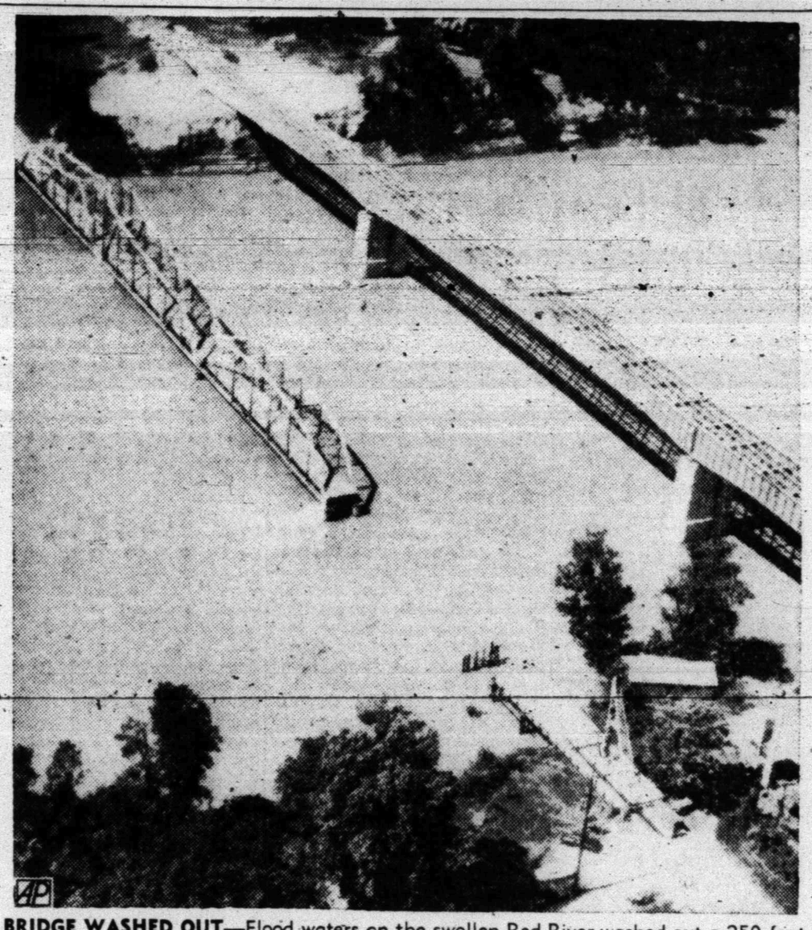

SNYDER TEMPERATURES: High Tuesday, 89 degrees; low, 49 degrees; reading at 7:30 a.m. today, 62 degrees.

LOCAL SOIL TEMPERATURE: Today's reading reported by high school agriculture department, 65 degrees; 10-day average, 60.5 degrees.

East Texas: Fair this afternoon; partly cloudy tonight and Thursday with scattered thunderstorms mainly north portion Thursday; slowly rising temperatures.

South Central Texas: Fair this afternoon; partly cloudy tonight and Thursday with a few thundershowers, mainly north portion Thursday; slowly rising temperatures.

North Central and West Texas: Partly cloudy and warm through Thursday; local thunderstorms Pecos Valley eastward and northward this afternoon and tonight.

BRIDGE WASHED OUT—Flood waters on the swollen Red River washed out a 250-foot section of the Old Red River bridge at Grand Ecore, La., in Natchitoches Parish halting traffic for an indefinite period on State Route 6 between Natchitoches and Clarence. New bridge under construction is shown at right. (AP Wirephoto)

Witness Falls Dead As Probe Panel Prepares To Convene

WASHINGTON (AP) — Sidney Lewis, described as a New York City publishing house official, fell dead of a heart attack in the Senate Office Building today. He was there to testify before the Senate Rackets Investigating Committee.

Robert F. Kennedy, the committee counsel, told newsmen Lewis published the Labor Chronicle, a publication of the Central Trades and Labor Council of Greater New York.

Neither the Council nor the publication has been mentioned previously in the committee's hearings, and Kennedy declined to discuss the matter further.

Samuel R. Schneider, a New York attorney who was with Lewis, told reporters Lewis had appeared in response to a subpoena and had expected to testify today.

Lewis collapsed just 25 minutes before Chairman John L. McClellan (D-Ark) gaveled the committee's hearing to order.

Today's hearing was reportedly to deal with an alleged swindle of New York employers through sale advertisements in a union-sponsored publication.

Chairman John L. McClellan (D-Ark of the special Senate committee used the terms swindling and extortion yesterday in referring to a similar practice in Pennsylvania. Employer witnesses from the Philadelphia area said they were asked to buy advertisements to show friendliness to labor unions.

The ads were sold in yearbook-type publications sponsored by the New York and Pennsylvania state federations of labor, but handled for the groups by Benjamin Lapensohn, a former official of Philadelphia Local 107 of the Teamsters Union.

Chief Counsel Robert F. Kennedy said the committee has evidence of "considerable misappropriation of funds that should have gone to the New York federation," but which he said were pocketed secretly by some individuals.

The committee heard testimony that advertisers in the Pennsylvania Federationist paid $792,329 for advertisements, of which the state federation netted $245,627 over a nine-year period.

James L. McDevitt, former president of the Pennsylvania federation and now an AFL-CIO official, said he was not aware of any improper activities on Lapensohn's part.

Lapensohn has been out of the country for more than a year and cannot be served a Senate subpoena, Kennedy said he arrived in Bermuda Monday.

Both Kennedy and McClellan urged federal action to return him to this country. McClellan told reporters, "His extradition would be justified."

Daniel Challenges Federal Expansion

DALLAS (AP)—Gov. Price Daniel challenged the federal government today to maintain national security and leave school affairs and the tidelands to the states.

"The American people are being subjected to an all-out propaganda campaign on the issue of federal aid to education," Daniel told the Dallas Junior Chamber of Commerce.

"I resent having our schools made a scapegoat for failures of the government to keep ahead of the Communists in the satellite and missile race. Our schools are much better than the propagandists would lead us to believe.

"The federal government has enough responsibility in maintaining the national security without invading new fields which can be adequately provided for by the state and local units of government."

Daniel said the pending suit in the Supreme Court over Texas' tidelands was "the latest attack in an 11-year war by advocates of centralized control to take away this property in violation of our annexation agreement and the solemn treaty of Guadalupe-Hidalgo which recognized our gulfward boundary at 10½ miles or three leagues."

The federal government contends that Texas owns only three miles of the tidelands.

"I predict that federal power will meet its match in this fight," Daniel said. "Texans are united as never before in defense of our rights and boundaries, and right and justice are on our side."

Sentence To Death Upheld

AUSTIN (AP)—The Court of Criminal Appeals upheld today the death sentence given Clark Purcell of Caldwell County what what it called "an atrocious killing without justification."

Purcell was convicted of killing his mother-in-law, Mrs. W. T. Fortner, at 2:30 a.m. March 4, 1957, by beating her on the face and head with a vase.

His defense was a plea of insanity. The trial court jury said Purcell was sane and the appeals court agreed.

The appeal was based on Purcell's contention that the trial court erred in not granting a new trial on alleged new evidence produced to show he was insane. The appeals court said the evidence was not sufficient for a new trial. It also said Purcell was sane at the time of the trial and he should have had the other evidence with him at the time.

At the original trial, Dr. John Talley testified that Purcell was legally sane but at the time of the slaying he was insane. He said Purcell "regained his sanity within a matter of a couple of hours, at least."

Beaver Candidate For Commissioner Too

The name of Alf Beaver was inadvertently left out of the list of those carried yesterday in the Daily News who had filed with the county Democratic chairman as candidates for the office of commissioner of precinct 2.

The full slate of candidates includes E. D. McDow, Earl Sneed, W. P. Herring, Lloyd Devenport, Tom DeShazo, Audrey Head, Bill Riley, and Beaver.

Bulldozer Runs Over Child; She Lives

TORONTO (AP)—A bulldozer ran over 2-year-old Shelly Breedon Tuesday night and she lived. She was in a serious condition with skull, leg, shoulder and arm fractures.

The bulldozer was being used for construction work at the suburban home of her parents, Mr. and Mrs. W. L. Breedon. Police said the child escaped instant death only because the earth was wet and soft.

Test Balloon Lands Safely

DUBUQUE, Iowa (AP) — An astronomer and a veteran Navy balloonist made a safe, soft landing in Illinois today after a 12-hour ascent to 40,000 feet on an experimental stars and space flight.

Cmdr. Malcolm D. Ross, Navy aeronaut, called it the best landing he ever experienced. He said delicate equipment aboard the balloon was undamaged.

In Washington, a Navy medical officer said flight data suggested a possible built-in hazard in a pressure-breathing arrangement which had been designed as a safety factor.

Both Ross and astronomer Alfred H. Mikesell, 44-year-old father of eight children, were fatigued but in high spirits. It was the first ascent for Mikesell, whose specialty is studying the scintillation or twinkling of the stars.

"I am very charmed by this unique method of conducting astronomy," Mikesell had radioed during the flight.

The ascent provided the first test of techniques that some day will be used to record men's physical reactions in an orbiting satellite.

Heart beats, respiration and other physical reactions were recorded by radio and piped 1,300 miles by telephone to a naval medical laboratory near Washington, D.C.

Observers described the balloon's return to earth as an expert landing. Ross maneuvered the big bag away from river bluffs and came down about a mile from the Mississippi. The landing site was near U.S. Highway 20 about six miles southeast of East Dubuque, Ill.

Between their 7:50 p.m. ascent from an open mine pit near Crosby, Minn. last night and their 7:26 a.m. landing today, the balloonists crossed parts of Minnesota, Wisconsin, Iowa and Illinois. They were in a small fibreglas basket, open to the air.

As protection against cold that reached 76 degrees below zero at the 40,600-foot stage, Mikesell and Ross wore heavy clothing. Above 12,000 feet they breathed oxygen.

Ross reached 84,000 feet last fall in an ascension in a sealed gondola.

On landing, the men were bundled into a waiting helicopter and flown to the Dubuque, Iowa, airport. There, they transferred to their tracking plane and flew to Minneapolis.

At the naval laboratory near Washington, Capt. Norman L. Barr, a medical officer, said one of the men had a decrease in the rate of electrical conduction from the top to bottom of his heart.

Barr said this apparently happened about the time an automatic safety device cut in at 37,000 feet to increase pressure inside the men's oxygen masks. If the pressure breathing caused the heart condition, he said, the device will have to be re-evaluated.

Further study of flight records will be needed before definite conclusions are reached, Barr added.

The Navy said the flight was the first of its kind for astronomical and aeromedical observations.

Both men are residents of the Washington area. Mikesell is the astronomer to observe the heavens from the stratosphere.

Big Three Willing To Take Partners Into Summit Talks

COPENHAGEN (AP) — The Western Big Three announced today they are willing to take some of their NATO partners into East-West summit talks.

A joint statement by the United States, Britain and France singled out Italy as a possible partner in a future meeting at the top with the Soviet Union.

The statement was issued at Christiansborg palace where the 15 foreign ministers of the North Atlantic Treaty Organization were preparing a communique expressing their firm resolve not to let the Soviet Union dictate the ground rules for a meeting at the summit.

The joint statement said:

"The three countries conducting the preliminary diplomatic contacts with the Soviet Union indicated that they did not consider that they would necessarily be the only Western nations to take part in a possible conference of foreign ministers or in a possible summit conference. Other countries, as for instance Italy, might then be included.

The three-power Western declaration represented a shift from the previous allied line that future summit talks should be conducted on the old four-power basis that has prevailed since World War II.

The Russians themselves sought to break the four-power framework by suggesting East-West parity at the summit with the inclusion of communist Czechoslovakia and Poland.

The Russians also have suggested including a larger number of powers at a top level meeting. These would include such uncommitted nations as India, Egypt or Sweden.

The Western nations so far have resisted any attempt to put East-West talks on a one-for-one basis.

Todays move by the Big Three apparently was designed to meet any Soviet drive in that direction.

Stressing unity of the North Atlantic Powers, the communique is expected to express the determination of the United States, Britan and France to continue negotiations in Moscow for top-level talks.

But it also will make clear the West will resist any Soviet attempt to impose a veto on the issues to be discussed at the summit.

At a private meeting this morning, the ministers heard:

1. Foreign Minister Josef Luns of the Netherlands say Communists may be on the verge of seizing power in Indonesia.

2. U.S. Secretary of State Dulles outline U.S. policy in releasing Egyptian funds frozen in the United States since President Nasser's seizure of the Suez Canal. The funds were released after Nasser's government agreed to compensate stockholders of the seized Suez Canal.

McKnight In Amarillo To Face Charges

AMARILLO (AP)— Unkempt, unshaven David McKnight, shackled in leg irons, arrived here today to face charges of brutally murdering a crippled pawn broker.

The confessed killer still mourned his girl friend, who favored a bullet in the head to trial. Georgia Bryan, 19, killed herself in a filling station office as authorities closed in on the pair Monday in Colorado. She died in a Denver hospital.

Amarillo Police Chief Wiley Alexander, who brought McKnight to this city, said: "We didn't get much out of him on the way back. He answered everything with a shake of his head or a grunt. He hasn't had much to say or eat—a hamburger is all he would take—since he learned the girl died."

McKnight still wept for the girl as Alexander and Detective Sgt. E. N. Smith took custody at Georgetown, Colo., yesterday.

The arrest of McKnight, 21, and the suicide of Georgia ended a crime spree that began here April 19.

They beat Raymond Reed, 52, to death in his pawn shop—to obtain weapons. McKnight later said. They ignored $25 in Reed's open safe and $40 on the body of the pawn shop operator, who was so crippled with arthritis that he moved about only in a wheel chair.

The arrest came after a 40-mile, bullet-spattered chase from the mountain resort town of Idaho Springs to the outskirts of Denver.

Reed confessed to Colorado authorities that he beat Reed to death with a hammer.

Baby Tiger Dies

DALLAS (AP)—A baby Bengal tiger born Friday night died of a respiratory ailment yesterday. The kitten, only one of three which lived, squalled and slept in an incubator for four days after being delivered by Caesarean section.

Folsom Quits; Ike Names Flemming

WASHINGTON (AP) — Marion Folsom resigned today as secretary of welfare, and President Eisenhower picked Arthur Flemming, president of Ohio Wesleyan University, to succeed him.

Folsom, 64, wrote Eisenhower he is leaving the cabinet for personal reasons which he did not specify. He will step down sometime between July 15 and Aug. 1.

Accepting Folsom's resignation, Eisenhower sent to the senate a formal nomination of Flemming to be chief of the Department of Health, Education and Welfare.

Flemming, 53, is a former director of the Office of Defense Mobilization and for many years was a member of the Civil Service Commission.

The White House said Tuesday that Folsom, former treasurer of the Eastman Kodak Co., who came to the administration in 1955, had informed Eisenhower of a desire to return to private life. Press Secretary James C. Hagerty said at that time no letter of resignation had been received from Folsom.

In a letter to Eisenhower dated Tuesday, Folsom reminded the President that "Last year I told you that for personal reasons it would be necessary for me to leave government service sometime this year."

Folsom at present is taking a rest in Florida, reportedly on orders from his physician. In reply to questions, Hagerty said he had no information regarding the state of Folsom's health.

Eisenhower wrote Folsom that his devoted leadership made it most difficult for him to accept his resignation.

In a "dear Marion" note, the president said Folsom's contribution to the strengthening of our social security system, to the greater effectiveness of our public health activities, and to the better meeting of the educational requirements of our age command wide respect. "I warmly share that respect for your achievements..."

Folsom, who served as undersecretary of the Treasury before being named secretary of welfare in 1955, told Eisenhower it has been a great honor and privilege to be associated with the President's administration.

BUFORD BROWNING

Browning In County Race

Buford Browning, 48, of Snyder and Fluvanna has announced that he will be a candidate in the July 26 Democratic primary for the office of county superintendent.

Browning is the second to announce for the office. Forrest Beavers, incumbent, is the other candidate.

The new candidate was born in Scurry County at Dermott Jan. 25, 1910. After graduating from Snyder High School he worked his way through Texas Tech College, receiving a bachelor of science degree.

He entered the teaching field the same year, beginning at Fluvanna, later teaching at Quitaque, and then at Snyder. Science and agriculture were his teaching field. At Snyder and Fluvanna, he taught 11 years.

Browning also taught in the agriculture school for veterans here for one year. He served on the county school board from 1949 to June, 1958.

While teaching agriculture in Snyder, Browning helped to organize the Scurry County Junior Livestock Association and has been active in that association and its show since that time. He has for the past six years served on the Fluvanna school equalization board.

For the past few months, Browning, served as emergency loan supervisor for the Farmers Home Administration, submitting his resignation Monday when he filed for the political office. He served on the county FHA board several years.

Browning has one daughter, Eleanor Jean, a student at Abilene Christian College. He is a member of the Fluvanna Church of Christ.

Man's Body Found In Swollen Trinity

By The Associated Press

Another death was added Wednesday to the weather's toll in Texas the past week as forecasts promised a return of thunderstorms.

The Weather Bureau predicted scattered thunderstorms in the Texas Panhandle-Plains Wednesday afternoon and night, and east of the Pecos Valley Wednesday night and Thursday.

Two fishermen found the body of a man identified by police as Richard B. Johnson, 42, of Dallas in the swollen Trinity River early Wednesday. Officers said he apparently drowned while fishing near flood-stricken Roosevelt Heights in Southeast Dallas.

His death was the third in rampaging waters which inflicted property damage estimated at more than 10 million dollars.

No rain fell during the night or early Wednesday at any weather reporting station. Skies were clear throughout the state early in the day.

Forecasters said a low pressure system pushing into the state from the Great Salt Lake area in Utah was expected to trigger another round of thunderstorms.

Temperatures early Wednesday varied from 49 at Amarillo to 65 at Galveston.

Highs Tuesday varied from 76 at Sherman to 102 at Presidio.

Flood threats eased in Texas Tuesday. Lake Worth crested at 1.66 feet over the spillway and Eagle Mountain Lake crested at 4.48 feet above the dam, lessening the peril of floods to 250 families who had left their homes in the Fort Worth McGee Bend Place.

East Texas water courses, swollen by last week's rains, generally eased. The Trinity at Dallas was boosted by water releases from lakes above Dallas.

Flood waters from the Red River surged upward in northwestern and North Central Louisiana.

The Red was expected to crest near 33½ feet at Shreveport Thursday or Friday, about two feet above flood stage. Other points along the river predicted crests above flood stage, but the rises have been lower than expected.

The rampaging waters have killed at least two persons. Property damage was estimated at more than 10 million dollars.

Salvation Army Helps 666 Here

A total of 666 persons have received emergency aid from the Scurry County unit of the Salvation Army since the first of this year, it was disclosed in a Salvation Army committee meeting here this morning.

The meeting was held to discuss the increased need for the welfare program of the Salvation Army here in recent months, and to discuss the budget for the coming year the Salvation Army committee will prepare for presentation to the United Fund budget hearing in July.

Mrs. Vertna Sherrod, treasurer, said that the Salvation Army service unit committee in Snyder had given aid to the 666 persons this year in the form of groceries, clothing, shoes, lodging, rent, gas and oil and bus tickets, at a very economical cost per person.

An expression of appreciation was made by the committee to Bob Smith, unit camp chairman, for his work in helping select boys who can attend the Salvation Army camp this summer. Four Scurry County boys have completed medical examinations qualifying them for the one-week visit to Camp Hoblitzelle, located near Midlothian, Tex., Smith said.

"Salvation Army Appreciation Day," will be held here May 22, and certificates of appreciation will be presented to several individuals who have been long-standing friends of the Salvation army during the Rotary Club luncheon that day.

Members of the Salvation Army Service Unit Committee are Herbert Feather, chairman, Ford Caperton, vice chairman, Mrs. Sherrod, Mrs. Raymond Williams, D. D. Warren Jr., Herman Trigg, the Rev. Jimmie Nelson, the Rev. Robert Owens and Travis Steele.

The Salvation Army regional field representative, Charles Brannen, met with the group in the Chamber of Commerce office.

HOSPITAL NOTES

SNYDER HOSPITAL

ADMISSIONS — E. F. Banks, 4000 Avenue U; Mary Ruth Oaks, Clay Hotel; Billy Harris, 3212 Avenue U; Ernest Junior Brooks, Route 2; Mrs. Tommy Davis, Route 1, Hermleigh.

DISMISSALS — Rosann Martinez, Box 642; Carolyn Aaron, Box 1563; Bruce Caldwall, Clairemont Route.

COGDELL MEMORIAL

ADMISSIONS — Delona Blalock Colorado; Louella Hill, Route 3; Anita Gomez, Route 2; Virginia Belew, Fluvanna; Carolyn Henderson, 2001 Thirtieth Street; Hugh Boren, Jr., Box 496; Joy Morris, 504 Thirty-fourth Street; Nancy Gray, 3300 Avenue U.

DISMISSALS — Martha Spittle, 600 Thirty-fourth Street; May Morrison, 2800 Avenue S; Doris Layfield, Ira; Bruce Kerley, Route; Bunnel Sanford, 1302 Thirty-fourth Twenty-fourth Street; Deborah Patton, 1005 Twenty-fourth Street; Winnie Permenter, Route 2.

TODAY'S MARKETS

FORT WORTH (AP—Hogs 600; steady to 25 higher; choice hogs 21.00-21.50.

Sheep 9,600; strong, good and choice spring lambs 22.00-23.00; cull to medium 17.00-21.00; stocker and feeder spring lambs 18.00-20.00; good to choice old-crop lambs 17.00-17.50; cull to medium old-crop lambs 14.00-16.00; ewes 7.00-9.00.

Cattle 1,500; calves 300; weak; good and choice steers and yearlings 24.00-27.50; common and medium 16.00-24.00; fat cows 18.00-22.00; good and choice calves 24.00-28.50; common and medium 17.00-24.00; culls 14.00-17.00; stock steer calves 25.00-30.00; stock yearlings 27.00 down.

AUSTIN (AP—Poultry steady. East Texas and Waco 2¾-3 lb 20, some East Texas premiums 20½. South Texas 21 few loads 20.

NEW YORK (AP—Cotton was 40 cents to $1.10 a bale higher at noon today. May 36.13, July 36.40, October 37.00.

STOCK AVERAGES

Compiled by The Associated Press

	Indust.	Rails	Utils	60 Stks
Prev. day	250.2	93.7	80.0	169.7
Week ago	246.7	92.4	79.6	167.7
Month ago	237.6	82.6	77.6	160.2
Year ago	266.5	125.5	75.9	182.0

NEW YORK (AP—Stock market prices moved irregularly in active dealings early this afternoon. Most key stocks showed fractional changes.

The market was holding fairly well at its 1958 peak reached after a drive in five straight sessions.

The ticker tape fell behind for the third straight day. Initial prices were slightly higher. As prices became mixed, trading moderated.

Some encouraging company reports gave further ammunition to those who believe a business upturn is not far off.

American Motors continued strong, adding another fraction following news that the company is again increasing production and hiring more workers.

Republic Aviation was ahead around a point.

Lorillard was down about a point in profit taking.

Most major groups were thoroughly mixed. Rails showed slight advantage on average. Santa Fe and Southern Pacific were up a bit. Chespeake & Ohio took a small loss.

U.S. Steel, Goodyear, Caterpillar, Zenith, Texas Co. and International Telephone gained a little. Losers included Gulf Oil, Youngstown Sheet, Kennecott, Anaconda, Du Pont and General Electric.

U.S. government bonds were unchanged to a bit lower.

GROWING UP TOO FAST — **Suzanne Cripps, 12, shown at her Eastbourne, England home, measures 35-24-36 and poses a schoolgirl problem for her mother. Headmistress at her school has asked Suzanne's mother to make other arrangements for her education. Parents of other girls at the school think Suzanne is too precocious. She gave an interview to a newspaper saying she wanted to be a model. The girl's mother says: "I feel my daughter is being penalized because she is growing up too fast." (AP Wirephoto)**

Agreement Is Signed

DALLAS (AP — Delhi-Taylor Oil Corp. of Dallas said yesterday it had signed an agreement with Santos, Ltd., an Australian exploration firm, for exploration rights in Australia.

A spokesman said the agreement covered rights in an 267,000 square mile area in the states of Queensland and South Australia but that Delhi-Taylor will search in only about half of the area. The search will be by a subsidiary, Delhi Australian Petroleum, Ltd.

The amount of money involved in the agreement was not announced.

Thefts Of Tires, Wheels Reported

In the past few days thefts of three late model Plymouth wheels and tires have been reported to police.

On May 4, W. H. Pope, 2409 Twenty-sixth Street, reported theft of a 7.50 14 wheel and tire from his 1957 Plymouth.

The next day, on May 5, N. J. Sealy, 3101 Avenue V, reported the theft of a wheel and tire from his 1957 Plymouth.

Then yesterday, Mrs. Virgil Mobley, 208 Elm, reported theft of a wheel and tire, size 7.70 14, from her 1958 Plymouth.

Spring Weather Due For Next Five Days

DALLAS (AP—The Weather Bureau issued today this 5-day outlook for May 7-12:

East and Central Texas: Temperatures slightly above normal Texas coastal plains, near normal elsewhere; warm, then turning cooler about Saturday; precipitation locally heavy north, otherwise moderate in thundershowers occurring mainly Thursday and Friday.

West Texas: Temperatures near normal; turning cooler Thursday night and Friday, then warmer weekend; precipitation moderate in scattered thunderstorms Wednesday night and Thursday, then again about Monday.

Third Child Born

DALLAS (AP—Mr. and Mrs. Bert Cherry, who met in a polio rehabilitation center, now have their third child. Steven was born last week, joining Janis, 14, and Sheila, 5. Mrs. Cherry is confined to a wheel chair, but does all her own housework. Cherry is manager of a credit union.

Texas Delegations To Give Views On Water Projects

By TEX EASLEY

WASHINGTON (AP—Ten delegations of Texans were called before a House Appropriations subcommittee today to present their views on proposed flood control, navigation and water utilization projects.

One group from deep East Texas and one from West Texas waited turns to oppose construction of dams they contend would flood valuable timber and farm lands.

More Texans were lined up to testify tomorrow on other projects. Most of those appearing today before the House committee also move to the other side of the Capitol tomorrow to plead before a Senate Appropriations subcommittee.

First of the Texas projects set for consideration by the House committee was one for straightening and deepening the San Antonio River channel through San Antonio to reduce flood hazard.

Frank Drought, chairman of the San Antonio River Authority, accompanied by Rep. Paul Kilday (D-Tex, backed the Budget Bureau's recommendation that a million dollars be provided for this work in fiscal 1959.

A delegation from the Rio Grande Valley supported a Budget Bureau recommendation that $1,400,000 be provided for channel improvements to Brazos Island Harbor near Brownsville.

Accompanied by Rep. Joe Kilgore (D-Tex), the group also urged an irrigation system operated by the Cameron County Water Control and Improvement District headquartered at Harlingen, and the Hidalgo and Cameron Counties Irrigation System operated out of Mercedes.

M. T. Martin, manager of the Harlingen project, had data to support a request for 4½ million dollars. W. D. Parish, manager of the Mercedes project, asked $500,000 to $750,000 for the next fiscal year.

The total cost of rehabilitating the Mercedes project is estimated at 10 million dollars. Water users would repay this money to the government over a long period.

Fritz Lanham, onetime congressman from the Fort Worth district and now representing the Trinity River Improvement Assn., asked funds for new surveys on that watershed. He noted that no construction money is being asked this year for a Trinity project.

A controversy swirls around the 50-million-dollar McGee-Bend Dam on the Angelina River, 10 miles from Jasper and 25 miles above the Angelina's confluence with the Neches River, for which $6,427,000 already has been appropriated.

The Budget Bureau recommends 4½ million dollars for fiscal 1959 to complete land acquisition and relocation of utilities and to finish construction of the spillway.

Accompanied by Rep. Jack Brooks (D-Tex), a 10-man delegation was on hand to urge appropriation of the Budget Bureau-recommended amount or more. They group contends water which would be stored in the reservoir would permit largescale industrial development in that part of East Texas.

The group spokesman was W. F. Weed of Beaumont, president of the Lower Neches Valley Authority. Among other proponents were E. W. Easterling and Howard Hicks, Beaumont; Milton Potts, Livingston; Edward Hughes, Jasper; D. N. Beasley and D. G. Butts, San Augustine; Troy Mitchel, Kirbyville; Victor Fain, Nacogdoches, and V. B. Shaw, Quitman.

Opponents of the project contend the reservoir would flood valuable timber and farm lands. Gus Whiteman, president of the Neches iver conservation group, was spokesman for the opposition.

PUBLIC RECORDS

BUILDING PERMITS:

C. T. Caswell, conversion of garage into den, 3757 Dalton Drive, $1,000.

COUNTY CRIMINAL COURT:

Earnest Clifton Stone, charged with driving while intoxicated.

WARRANTY DEEDS RECORDED:

Mr. and Mrs. W. Prentis Baas to Mr. and Mrs. Jack A. Nesbit, lot 4, block 4, Bassridge addition, except minerals.

Mr. and Mrs. Claude W. Kenner and Eury P. Kenner, Taylor County, to Ford Kenner, tract in block 58, Grayum & Nelson addition.

E. P. Kenner and Mr. and Mrs. Claude W. Kenner, Taylor County, to Ford Kenner east 100 feet of part of lots 1 and 4, block 58, Grayum & Nelson addition.

W. A. Bowen to Mr. and Mrs. Tom L. Bowen, Nolan County, tract in north three-eighths of section 230-3-H&TC.

Kenneth E. Murdock to L. A. McClanahan, trustee, two tracts in southwest quarter of section 160-3-H&GN, except minerals.

NEW VEHICLES REGISTERED:

Donnie Finch from Roy V. Lashaway Trailer Sales, 1958 Nashua housetrailer.

W. W. Combs, Arlington, from Dupree Motors, 1958 Rambler four-door.

BJ Service, Inc., from Chief Chamberlain, Parmount, Cal., 1958 Ford sand oil blender truck.

Harold Davidson, Houston, from Pollard Motor Co., 1957 Chrysler four-door.

Scurry Butane Co. from Lamb Chevrolet Co., 1958 Chevrolet tank truck.

Man Shoots Wife, Self

KILGORE, Tex. (AP — Early Green and his estranged wife, both 36, were shot and killed about midnight at her home.

Justice of the Peace Coke Wilkins said Greene, unemployed and minus his left arm from an accident some years ago, fired two shots into his wife, Mrs. Ubie Rose Greene, a tavern waitress.

He then shot himself in the head, Wilkins ruled. Greene died instantly. His wife succumbed about three hours later.

Mrs. Greene had planned to file suit for divorce, the justice of the peace said.

GRANDMOTHER TEA—The Twentieth Century Club held their annual Grandmother's Tea Tuesday afternoon at the Martha Ann Woman's Club. Those receiving special honors were the two ladies pictured above. At left, is Mrs. Alice Jacobs, second oldest grandmother present, and Mrs. G. B. Clark, Sr., who was the oldest grandmother in attendance. (Lee Watson photograph)

WOMEN'S CALENDAR

WEDNESDAY

All local Parent-Teachers Units will hold joint installation services at the Northwest Elementary School at 4:15 p.m.

The Cosmorama Club will meet at 3:45 p.m. at the Martha Ann Clubhouse with a Tea honoring mothers. Hostesses are: Mrs. J. W. Phillips, Mrs. Lyle Alexander and Mrs. Kenneth Wilson.

THURSDAY

AAUW will meet at 7 p.m. at the Martha Ann Clubhouse for installation of officers. Hostess, Mrs. J. Carter Parks Jr. and Mrs. H. G. Burchett.

The Snyder Palette Club meets at 2 p.m. at the Martha Ann Club with Mrs. C. F. Landrum, hostess.

Altrurian Daughters Club will hold their Spring social at 7 p.m. at the Country Club.

Joy Dodson Group of the First Christian Church will meet at the church for a noon luncheon.

Town and Country Garden Club will meet at 2:30 p.m. at the Martha Ann Woman's Club. Mrs. Jim Hardy, hostess. Installation of officers.

Snyder Twilight Garden Club will meet at 7 p.m. at the Martha Ann Clubhouse. Mrs. Sis Ketner will be chairman of a rose demonstration.

Woman's Auxiliary for the Canyon Reef Medical Society meets with Mrs. Thomas F. Hartley as hostess for their annual luncheon, at the Martha Ann Clubhouse.

Eastern Star Tea at 7:30 p.m. in the home of Mr. and Mrs. W. E. Patrick, 2903 Avenue T.

FRIDAY

Ladies Duplicate Bridge, 9:30 a.m. at the Country Club.

El Feliz Club will meet at 3 p.m. at Mary Lynn's Tea Room. Mrs. I. W. Boren, hostess.

Ira Home Demonstration Club meets at 2 p.m. with Mrs. Steve Cox Jr.

One of the biggest criticisms of girls by teen-age boys is messy hair. A simple hair style is most attractive. If clean and well brushed, hair can hardly be offensive. However, a young girl should avoid trying to look older by means of an extreme coiffure. It only makes her look ridiculous, and a young man may be the first to tell her.

BRIDE-ELECT FETED—Miss Alma Lou Ator, bride-elect of Glenn Donald Payne, was honored with a gift tea, Tuesday evening in the home of Mrs. Don Robinson, 2711 Avenue F. The couple will exchange vows on June 8 in the Lipman Church of Christ. Table appointments were in crystal and silver, with Spring flowers used throughout the home. Pictured from left to right are: Mrs. Fenton Allen, aunt of the groom-to-be, from Clovis, N. M.; Mrs. J. E. Payne, mother of the groom, the honoree, Miss Ator, Mrs. Don Robinson, a hostess, and Mrs. Susie Stratton, grandmother of the prospective groom, from Lubbock. (Lee Watson photograph)

NEWS FROM KNAPP

By MRS. RAYMOND ROBINSON

Mr. and Mrs. Homer Ferguson, and Mr. and Mrs. Glyn Ferguson and children of Dallas have been recent visitors of their sister, Mrs. Clifford James and husband.

Mrs. J. E. Sorrells, Mrs. W. R. Dunlap, Mrs. A. J. Ray and Mrs. Murphy were Lubbock shoppers, Wednesday.

Raymond Boyd of the Boyd Lodge, is transacting business in Austin this week for his Insurance firm of Odessa.

Mr. and Mrs. Ben Weathers spent Sunday in the Sam Armstrong home near Coahoma. Mrs. Armstrong and Mrs. Weathers attended a tea in the Edd Carpenter home Sunday afternoon at Vincent.

Jenkins Moreland has recently had as her guests, Mr. and Mrs. Moreland of Lamesa.

Mr. and Mrs. Robert Anthony of Snyder, visited Friday night in the Albert Taylor home of the Amerada camp.

Calvin Allen, son of Mr. and Mrs. T. P. Allen, who is attending college at Eastern N. Mexico has been a recent weekend visitor of home folk.

Mrs. Ralph Crow and three children of Odessa visited Thursday in the Wayne Crow home.

Mr. and Mrs. Jacky Knowles are visiting with home-folk at Rotan.

Mrs. Lola Grant and great-granddaughter Tamera Teaff, spent Friday with Mr. and Mrs. Raymond Robinson and family.

Mrs. C. J. Crow of Bonham is visiting in the home of her son, Mr. and Mrs. Wayne Crow and son Jimmy.

Mr. and Mrs. N. L. Long and Donald, visited over the weekend in the Anse Barr and Long homes in Cross Plains.

Mr. Ray Seifort, Dist. Divisional manager of Midland, and Mr. Dave Capps of Monument, were business callers Friday at the Amerada Petroleum camp.

The wise bride is the one who plans ahead to have her cake and eat it too. That is, she glories in a full, formal wedding gown on the big day. Then she turns it into a party dress, thus being kind to her bridegroom's wallet.

Date-Walnut Torte

Ingredients: ¼ cup sifted flour, ½ teaspoon baking powder, ¼ teaspoon salt, 2 eggs, ¾ cup sugar, ½ teaspoon vanilla, 1 cup thinly sliced dates, 1 cup coarsely chopped walnuts.

Method: Sift together the flour, baking powder and salt. Beat eggs until thick and lemon colored; add sugar and beat until thicker and ivory colored; beat in vanilla. Gently beat in flour mixture; fold in dates and walnuts. Turn into buttered baking pan (8 by 8 by 2 inches). Bake in slow (325 degrees) oven 50 minutes. Place pan on wire rack to cool; cut in squares and remove with spatula; serve warm with whipped cream. Or when cold, store in tightly covered container and serve as desired.

WOMEN

Mrs. H. P. Brown Speaks To Altrurian Club

The Altrurian Club met Friday, May 5 at the Martha Ann Woman's Club with Mrs. I. R. Williams as hostess.

The President, Mrs. J. W. Leftwich presided over the business meeting.

Mrs. Harold P. Brown gave an interesting review of the "Great Religions of the World". She discussed four of the great religions, saying:

"Hinduism, the most ancient, is predominant in India, and has more than 300,000,000 followers. It is a mixture of Barhamianism and of many other cults. It recognizes all of India, and many of them include the Gods of the Jews, the Christian and the Moslem as mere forms of manifestations of "The Great All."

"The stars, containing the religious hyms which are used as chants at Hindu gatherings.

"Islam is the religion of the Mohammedians. Islam means full submission to God.

"The Koran is recognized by all Moslems as their rule of faith and morals. The fundamental doctrine of the Mohammedians is: There is but one God; and that Mohammed is the prophet. The ethics of the Mohammed are of the highest order.

"Buddahism is one of the oldest in India and Buddah, the enlightened one. The philosophy of Buddah lays the greatest stress upon the correctness of life, that is upon the moral as distinct from the ritual element in the religion. It stresses the human conduct which has a great civilizing agent.

"Judiasm the Torah contains the heart of the Jewish religion. The first tribal beginnings; the mosaic revelations and the prophetic movement in the 8th century. The Philosophe is: Righteousness exalteth a nation; unrighteousness casts it down.

"The Torah contains the heart of the Jewish religion. There are two Torahs. The mosaic or written law as embodied in the Pentateuch, and the Mishna, a collection of rabbinieal teachings and interpretations of the mosaic law for the Rabbi only.

"Christianity is the most widely spread religion and with more than two and one-half billion in numbers throughout the world. Statistics show that one out of three is listed as Christians".

The hostess served coffee and cake to 20 members and the guest speaker, Mrs. Brown.

Fashion's Favorite

THE good looking sheath that shows off a slender figure to perfection. As a companion, a neat cropped jacket.

NEWS FROM IRA

By AVA MORAN

Mr. E. M. Eades visited the Baptist Brotherhood at Union Baptist Church, Monday night.

Mrs. Ollie Beaird and grandson, Roddy of San Diego, Calif., are spending a few days with Mrs. F. K. Price.

Mr. and Mrs. Tee Griffin and Lane, spent Wednesday night with Mrs. Dollie Griffin in Colorado City.

Saturday night and Sunday visitors in the Ava Moran home were, Mr. and Mrs. Billy Ray Watson, Barry, Brad and Bambi of Duncan Okla., Mr. and Mrs. Weldon Watson, Leslie and Susan of Big Spring and Mr. and Mrs. E. H. McCright of Sweetwater.

Mrs. F. K. Price is spending this week with the Truman Fargo family in Coahoma.

Mrs. Baily Thornhill is a patient in the Root Memorial Hospital, Colorado City. Sue Thornhill returned home Monday, she was also a patient in the hospital for several days.

Mr. and Mrs. Grady Suiter visited Mr. and Mrs. H. L. Webb of O'Donnell over the weekend.

Ronnie Suiter visited Mr. and Mrs. Hubert Clements, Sunday.

Dry leftover slices of stale bread in a slow oven until crisp and lightly browned, then put through the fine blade of a food chopper for uniform crumbs.

Tell Junior If He's Going To Get Hurt

URBANA, Ill. (AP) - When you take Junior to the doctor, you should tell him if its's going to hurt.

That, says Pat Robinson, University of Illinois child development specialist, is the easiest way around the problem.

Answer a child's questions truthfully. Perhaps he's to be vaccinated. Tell him what the doctor will do. It probably will pain for a minute and then not hurt at all. But tell him that for one minute it will hurt.

When a child has a cut or scratch the medication often hurts. Tell him it will sting. Have him squeeze his fist or his teddy bear. Talk soothingly to him.

If he's to stay in a hospital prepare him for it. His idea of hospitalization may be quite different from an adult's.

Since children can't visit hospitals, it's important for parents to explain what to expect. The best preparation is for parents to visit the hospital or find out as many details as possible from the doctor.

Brief him on what will happen during the day; what his room will look like; what doctors and nurses will do. Tell him things in a humorous way. Beds bend in the middle; patients drink through straws and have their own bed trays.

Up-Side-Down-Dolly

The young lady will not only be delighted but amused when she receives this 'upside-down' dolly. It's fun to make and give! No. 314-N has transfer; sewing and finishing directions.

OUR VIEW

The Decline In Marriages

The marriage business has hit the skids, and economists are warming up their adding machines and calculators in a race to determine what effect it will have on the economy.

The first report that the number of marriages had declined came with a suggestion that the recession probably is responsible for a general reluctance of young people to march to the altar.

So, before they finish, the experts may well have the problem isolated into the ancient question of which comes first, the chicken, or the egg?

Nevertheless, the marriage slump, as it already has been dubbed, introduces a new factor in the recession talk. According to the Wall Street Journal, trends definitely indicate that the matrimonial drought is linked with the recession, because it has been more pronounced in heavy industrial areas with widespread unemployment than in other regions.

We assume, of course, that the figures are "adjusted" to compensate for the marital turnover in the area embracing Hollywood and certain points in Nevada, which seldom influence the general economy of the nation, excepting the usual crop of alimony paupers.

On the other hand, the experts admit that they have been puzzled by the fact that the marriage business has held a high level since 1950. By all odds, there should have been a decline somewhere for the simple reason that the crop of eligibles was supposed to be short. The smaller "depression" crop of babies was calculated to produce a relatively small number of young people of marriagable age during the early fifties. Yet, paths to the altar were well beaten.

Once again, the experts attribute the unexpected altar traffic to good economic conditions during the first half of this decade.

Efforts are being made and campaigns are being waged to get people to "buy" to provide a stimulant to the economy. Any day now, we expect some experts to advocate a marriage campaign. But we doubt that he will revive the slogan, "two can live as cheap as one."

Don't Give Up On Those Teen-Agers

By CARROLL ARIMOND

CHICAGO (AP)—The high school class of 1927 reassembled in Milwaukee the other night to count gray hairs, compare waistlines and exchange lies such as, "You haven't changed a bit."

Reunions are good ideas for less obvious reasons. They help keep today's headlines in perspective.

Teen-agers of 1927, as today, bedeviled and bewildered their elders who cluck-clucked at their behavior and forecast they'd never amount to much. They weren't called fancy names like juvenile delinquents or miscreants. They were just hell raisers.

We all raised our share of hell in varying degrees. The biggest shareholder of the class of 1927 was Ben who practiced his devilry right into graduation night.

Ben planted an alarm clock inside the grand piano in the school auditorium. No wartime submarine commander ever set a torpedo time fuse more accurately. Just as our distinguished speaker was sending us out into the cruel world on a string of platitudes, the clock sang out with its best dollar chime.

Later, when Ben served as a missionary on an Indian reservation in South Dakota, some of us observed that the Custer massacre finally was being avenged.

And what is Ben doing now: Benjamin V. Delahunt is making a nice serene living selling Bibles.

Our reunion speaker was Red, a name that hangs on although gray has replaced most of the auburn of his thatch.

And what is Red doing now: the Very Rev. Edward J. O'Donnell, S.J., is the president of Marquette University, the largest Catholic university in the United States, if not the world.

Frank, with whom I once played a clumsy bass to his deft treble in a piano recital duet, spent his teens driving a truck.

What is Frank doing now? Frank D. Kelly is the corporate secretary of the Milwaukee Journal Co., whose papers he used to truck to news stands and carrier stations back in the '20s.

By simple projection Al should be doing time somewhere for forgery. At the reunion he whipped out a pen and wrote on the tablecloth the signature of the school principal. It looked as perfect as it did on the phony excuse slips we'd set up to escape "jug"...a short synonym for disciplinary detention.

What's Al doing now: Alfred F. Braun is a sales manager for the Wisconsin Telephone Co., specializing in large installations.

By the time John took his degree in business administration it was 1931 and there was little business to administrate. In good times and bad, people get sick, John observed. So he enrolled in medical school.

What's John doing now? Dr. John S. Hirschboeck has coupled his business and scientific training and is dean of the medical school in Red's university.

And what am I doing? I'm yawning over today's paper with those black headlines over stories about our awful teen-agers, and writing:

"Don't count these kids out yet. Give 'em at least until 1989."

Change In Spending Habits Appraised

By SAM DAWSON

NEW YORK (AP)—The change in the spending habits of a lot of Americans has many businessmen worried today. Their worry is backed up in many instances by a drop in sales and in profits.

A swing one way or the other in spending and saving habits is nothing new. They doubtless will change again. But several new factors have entered the scene and only some of them can be laid to the recession itself. Most of them don't involve any lack of confidence in the nation's economy at all.

Government figures show that Americans are still spending heavily. Consumer outlay for consumption in the early months of this year is put at an annual rate of 281 billion dollars and that is more than four billion dollars higher than in the like 1957 period.

Latest figures of the Securities and Exchange Commission are for the year 1957, showing that Americans socked away in one form or another almost 16½ billion dollars, the highest amount for any year since World War II. Their total holdings less debt gives them a net equity of a record 141¾ billion dollars.

Various forms of savings—bank accounts, savings and loan associations, insurance sales—indicate that savings are still mounting.

But the SEC includes as savings the payment of debt, he figures show that for some time now Americans have been paying off old debts at a greater rate than they have been taking on new ones. Since debt items usually cover such big things as homes, autos and household appliances, the industries supplying these are among those hurt most by the slump.

The many service industries, and most of the soft goods industries, are doing as well as ever. Some expect to do even better this year.

Item: Travel. Advance sales and bookings indicate more Americans than ever are going to Europe this year. Item: Utilities. Power running the household gadgets is flowing at a rate to give most companies higher sales. Item: Cameras. Sales of these and other things that strike the American fancy, like phonograph records, are higher this year.

Item: Food. Grocers report there's no letup in the purchases of the choices meat cuts and the convenience foods, prepared or packaged.

Some of the savings are being earmarked for future spending and not for scare hoarding at all.

Many Americans increased the size of their families during the 1940s. These children are making their painful way through the schools headed for college.

It could be possible that some persons aren't buying a new car this year because Junior is studying for college entrance exams. And going to college gets steadily more expensive, as family budget makers are well aware.

Others may have gone without some big expenditure on durable goods to make that trip to Europe.

And most persons have higher prices to pay on what they do buy, and many have larger families to feed, clothe, school, and send to the doctor and dentist.

Lack of confidence? More likely other things and more expensive things to spend on—and in an unfortunate number of cases less income to spend.

Missionaries Face Problem

ST. LOUIS (AP)—An Australian minister says church missionaries are facing a world dissilusioned with the Western way of life.

Winning the mind of the world to the Christian faith is going to be a hard job, said the Rev. Colin W. Williams of Melbourne. The Rev. Mr. Williams spoke to the Woman's Society of Christian Sevice of the Methodist Church.

The Rev. Mr. Williams said, "Today the church stands under the scrutiny of the huge mass of non-Christians. But are we ready to confess that we have used the Gospel as a mask behind which we have sought to export our human way of life, and even as a weapon for maintaining our own imagined superiority?"

American Tourists Flock To Europe

By GEORGE MCARTHUR

PARIS (AP)—European innkeepers peered over their bulging reservation files today and concluded they could shoehorn in a few more American tourists. One expert admitted:

"You may ask for a double with bath and get an attic with a water bottle."

The one almost hopeless spot is Brussels, where the Belgians are staging a world's fair. Hotels are so packed there that many tourists are commuting to the fair from other cities.

Along the tourist axis of Britain - France - Germany - Italy the harried traveler can still get rooms if he looks around a bit.

By June, airlines say they expect to be handling 20 per cent more passengers than last year.

The French tourist office says low and medium class hotels have rooms during even peak seasons. The better hotels in Paris already are packed.

In Germany and Austria the innkeepers fear occasional bottlenecks but feel they can provide enough pillows for tired tourists. However, the Austrians warn that during events like the Salzburg Festival only an adventurous tourist would go without a prior reservation.

The Italians are building up motels and medium class hotels, especially in the south, but a tourist office spokesman urges travelers to try an off-season vacation in Italy.

Tourists seeking first class hotels in London come up against a mathematical impossibility — the British say demand will exceed supply by about 3,000 roomers. However, there are plenty of smaller hotels and inns—lacking the most modern plumbing perhaps but generally comfortable.

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

ABILENE COACH BLACKY BLACKBURN got the best of a first-inning argument and as result his Eagles got the nod in a non-district game with the Tigers at Towle Park yesterday.

The argument, which lasted about 15 minutes, came on a disputed play on an RBI single off the bat of Tiger first baseman, Jimmy Allen, in the first inning.

Blackburn contended that Allen's bat hit the catcher's glove and should only be awarded first base with no advance of the runners.

Plate umpire Jeston Corbell then waved the Tiger runner, Kenny Drake, who scored on Allen's hit, back to third.

Tiger coach Speedy Moffett then joined in on the hassle and after a bit of consultation, Corbell ruled that the run counted.

This brought Blackburn back to the scene and after several more minutes of arguing, Drake was again sent back to third.

Tigers Lose Argument

Well, no one had a rule book "handy" at the moment so the game was allowed to continue with Drake perched back on third.

However, about an inning later, a rule book was acquired and the ruling on the disputed play read that the run should have counted.

Here is the rule as found in the 1958 rule book, Section 6.09, part C reads:

A Batter Becomes a Runner When —

"Although interfered with by the catcher or any other fielder, he reaches first base on a hit, an error, a base on balls, a hit batter or otherwise, and all other runners advance at least one base."

As it turned out, this run meant the difference since Abilene eked out a 3-2 decision.

The disputed play, of course, is grounds for protest, but Coach Moffett said after the game that since the game wasn't a district or playoff game he wasn't going to lodge a protest.

But, in carrying the score of yesterday's Tiger-Abilene game from now on it should be followed by a "?" mark each time.

A 'Rare' Play

We're not trying to condemn Umpire Corbell because he did what he thought was right and that's all one can expect.

The rule book has caught a lot of umpires at fault, even in professional baseball, and, afterall, umpires are human like the rest of us.

There are plays that come up only "once in a lifetime" and unless a person is really up on his rules, an error is likely to be made on a decision of a rare play.

We've seen hundreds of baseball games during our sports writing career and although we've seen a batter awarded first base because of interference by the catcher many times, yesterday was the first time that we can recall that the batter got a base hit despite the interference.

Abilene's coach, Blackburn, has been in this baseball business for more years than he probably would like to count and he thought, we feel sure, that he was right in his argument yesterday.

But the rule book says he was wrong and the Tigers, in the end, got "rooked."

Hobbs Wins 1st Game In Sophomore Loop

By The Associated Press

The Hobbs Cardinals finally won a Sophomore League game Tuesday, whipping San Angelo 8-3 for their first victory.

Twenty-seven batters struck out in the Hobbs - San Angelo game, but 14 for San Angelo's Pirates and 13 for Hobbs.

The Artesia Giants continued their domination with their ninth straight triumph against no losses. The Giants defeated Carlsbad 7-4.

Donilio Rivas picked up his third victory by stopping Carlsbad for 5⅓ innings without a hit. He was in hot water the rest of the game, but his mates pulled him through.

LITTLE OLYMPIC RESULTS

HEATED RACE. — Pictured is the 75-yard dash in Monday's Little Olympics, 10-11 year old division. Jan Wall of West Elementary won out in a close race that saw Derwood Brunson of Central finish second and Tommy Foree of North place third. Wall's winning time was 10.2. Several hundred boys and girls representing the local elementary schools competed in the Olympics. Results of the Olympics are listed below. (Lee Watson photograph)

Eagles 'Nip' Tigers In Heated Tilt Here, 3-2

The Abilene Eagles choked off a seventh -inning Tiger rally yesterday to eke out a 3-2 decision over the Bengals in a non-district game at Towle Park.

Trailing 3-1 going into the seventh, the Tigers loaded the bases with one away.

Eagle coach Blacky Blackburn summoned his ace, Roger Mac Evans, from the bull pen to relieve Frank Ray who had relieved starter Freddie Martinez in the sixth.

Evans blazed three quick strikes across to get Johnny Drake for the second out but Jimmy Allen then slapped a 3-2 pitch for a single off third baseman Mac Dumas' glove to score Neil Boyd from third.

Kenny Drake, however, the runner at second base, tried to go all the way home on the hit but shortstop Charles Harrison, who backed up Dumas, picked the ball up and fired it home to catch Drake sliding in for the game's final out.

Norman Gladson went the distance for the Tigers and hurled a creditable game. The sophomore righthander held the Eagles to six hits and only two earned runs.

The Eagles bunched five of their six hits in the first two innings. Pat Armstrong's double in the fifth was the only hit Gladson gave up after the second inning.

Gladson walked just two but one of'em forced in an Eagle run in the first inning.

Harrison, who made a brliliant defensive play in the seventh inning Tiger rally, supplied the necessary plate punch for the Eagles with a two-run single in the second inning to snap a 1-1 tie.

The Tigers outhit the Eagles 9-6 but a disputed play plus some faulty base running held down the Tiger scoring.

The disputed play came in the first inning when play was held up about 15 minutes due to a "mild" rhubarb. A clean single to left by Jimmy Allen was ruled out because Allen's bat hit the catcher's glove. Allen's hit scored Gary Vice from third but after 15 minutes of arguing on the part of both teams, Vice was finally waved back to third and Allen awarded a "free ticket" to first base.

The rule book, however, was brought out later which proved that the run should have counted.

Allen, even with the hit taken away from him, led the Tigers at the plate with two-for-three.

The Tigers will open District play Friday against the Levelland Lobos here. It will be the first of a best-of-three game series for the 1-AAA title.

Second game of the series will be played at Levelland next Tuesday. If a third game is necessary, it will be played in Lubbock either May 16-17.

WHIZ KID HOLDS BUCS TO 3 HITS

Giant Rookie Hurls Shutout

By ED WILKS
The Associated Press

Mike McCormick, the kid southpaw almost every major league club wanted when he was an American Legion whiz in Los Angeles, finally has come into his own with the San Francisco Giants.

The big teen-ager was signed for $65,000 in 1956.

Last night he gave up just three infield singles for his first major league shutout, a 7-0 job that tripped Pittsburgh out of a share of the National League lead.

He walked one, fanned four. The Pirates didn't get a hit off the 19-year-old lefty until Roberto Clemente opened the fifth with a single to deep short. The Giants counted five runs in the first off loser Bennie Daniels and George Perez.

The Chicago Cubs gained a full share of first as Glen Hobbie pitched his first shutout in pro ball, a four-hitter that beat Cincinnati 4-0. Milwaukee took second with a 12-8 fling at St. Louis. Los Angeles moved past Philadelphia into sixth with a 7-6 victory over the Phils in 14 innings.

Hobbie, a 22-year-old right-hander who served mostly in relief in three years of minor league ball, got a 3-0 lead in the first. Bobby Thomson tagged loser Joe Nuxhall for a two-on homer. Hobbie's fast ball and curve took it from there, giving up nothing but singles while striking out seven.

A two-out single off the left field screen gave the Dodges the edge at Los Angeles with Don Drysdale, the expected ace who lost his first five decisions, finally winning one in relief. Charlie Neal walked after catcher Stan Lopata had dropped his pop foul, and scooted home from first with the winning, unearned run. Dick Farrell was the loser.

The Braves blew most of a 7-0 lead built in the first two innings, but after the Cardinals had closed to 7-6 in the eighth, Milwaukee cashed five in the ninth. Bob Buhl, backed by three-RBI performances from Bob Hazle and Frank Torre, won his fourth with relief help.

Pierce Fails Again In Try For 1st Win

By ED WILKS
The Associated Press

Southpaw Billy Pierce still hasn't won a game this season and the Chicago White Sox are still last in the American League.

The White Sox have won but four so far and only two of their last 11.

Pierce (0-2), only member of the Sox staff with a complete game, escaped defeat yesterday, but he didn't last two innings in a 7-5 defeat at Boston.

In the National League, San Francisco tumbled Pittsburgh from a share of the lead with a 7-0 victory after Chicago's first-place Cubs had beaten Cincinnati 4-0. The Los Angeles Dodgers went 14 innings before beating Philadelphia 7-6 in a night game. Milwaukee rapped St. Louis 12-8.

Pierce gave up consecutive home runs by Dick Gernert and Frank Malzone in a three-run Boston first. Then he walked the first man in the second and gave way to Ray Moore, who was shackled with the defeat when the Red Sox cracked him for three in the fourth after Chicago had tied it 4-all.

Three singles loaded the bases against Moore in the fourth. Malzone then singled for the tie-breaking run off reliever Bill Fischer. An infield out and a wild pitch got the payoff runs home.

The White Sox made their move against Mike Fornieles, who left when three singles scored a run in the fourth. Murray Wall relieved, gave up a walk that loaded the bases and Nel Fox's run-scoring fly, then gave the White Sox just four hits and one more run the rest of the way for his first victory.

Brown, Dupas In Title Bout

HOUSTON, Tex. (AP)—Lean Joe Brown, whose fists pack an explosiveness that doesn't coincide with his physical stature, gives young Ralph Dupas his chance to take away the world's lightweight championship here tonight.

A crowd approaching 11,000 and a gate that may reach $60,000 are in prospect, which would make it the largest draw for a fight in Texas history.

There was a slight lag in ticket sales in the New Orleans area, from where the two fighters come, because the bout will be nationally televised (ABC) starting at 9 p. m. EST and go into New Orleans. Houston will be blacked out.

Brown said he would be at about 134. Dupas, who reportedly has been having trouble making the weight, expects to hit the beams at 135 straight up.

It's the alleged weight problem that has caused Brown to predict how the 15-round limit is reached. He says Dupas, who has been fighting middleweights and welters, will come into the ring Dupas, 22, has had 84 fights.

Brown, 31, who won the lightweight championship Aug. 24, 1956 from Wallace (Bud) Smith, hasn't lost a fight in almost three years and has 31 knockouts in his string.

Cat Hurler Loses 3-Hitter

By The Associated Press

Hary Perkowski of Fort Worth allowed only three hits in eight innings, but San Antonio's Texas League - leading Missions beat him 2-1 Tuesday.

Reno Debenedetti's two - run homer was the difference in the seventh inning.

Cellar - dweller Dallas almost had one at Houston but let it get away when Ray Debak's single scored Dick Czekaj from second with a third run in a ninth inning rally. Houston took the victory 5-4, after going into the ninth trailing 3-4.

Austin blankes the Victoria Rosebuds 7-0. The Rosebuds got only four singles off Dale Hendrickson.

In the doubleheader at Corpus Christi, the Giants used two big inning for an 8-3 triumph over Tulsa after dropping the opening game 4-1 in seven innings. The nightcap was marked by a rhubarb that resulted in Al Widmar, Tulsa manager, and his second thrown out of the game. Widmar and Snyder claimed Giant Spider Wilhelm missed second base. Base Umpire Jim Odom disagreed and waved them out when they persisted in arguing.

SMU Salvages Texas Finale

By The Associated Press

The Texas Longhorns failed to gain their one-thousandth victory Tuesday as the SMU Mustangs walloped them 8-1.

Texas had won the Southwest Conference championship Monday with a 15-8 victory over the Mustangs.

Carl Schleymer, who whipped Texas 11-3 in Austin earlier in the year, had no trouble with the Longhorns Tuesday. He scattered nine hits and allowed only one extra-base knock, a double by Texas pitcher Bob Sudderth.

Texas winds up its season Friday and Saturday in Austin against Texas A&M. The Methodist wind up this week end playing the Baylor Bears in Waco Friday and Saturday.

Rice dropped a 9-7 game to Sam Houston State at Huntsville Tuesday. The BearKats led all the way over the third-place SWC team.

Voss Hurls, Bats Hermleigh To Win

Bill Voss pitched and batted Hermleigh to a 2-1 victory over defending champion Sun Oil in a City League baseball contest last night at Towle Park.

Voss turned back Sun on two hits, both coming off the bat of right fielder Wayne Whiteside.

In addition to his pitching chores, Voss knocked in both Hermleigh runs with a double in the first inning.

Last night's game was the league opener for both Hermleigh and Sun. In Monday night's curtain raiser, the Tigers handed the Blue Sox a 10-5 lacing.

Voss struck out four and walked four in hurling Hermleigh to victory. Three of Voss' walks came in the fourth inning, the latter forcing in the only Oiler run. Whiteside preceded the three free passes with his first hit and scored the only Sun run.

Whiteside's other hit came in the seventh.

Hermleigh got seven hits off Don Ballard with Densil Kight collecting two.

Thursday night's game pitting the Tigers against Hermleigh has been postponed due to the Tiger playoff series starting with Levelland Friday.

Next league action will be Friday night when Sun takes on the Blue Sox.

Mineral Wells 3-4A Champs

MINERAL WELLS, May 7 — (Special) — The Mineral Wells Mountaineers captured the District 4-AAA baseball title here Tuesday by winning the second game of a doubleheader, 4-3.

Vernon had won the first game, 20-1, to even up the three game playoff series at 1-1. Mineral Wells had beaten Vernon at Vernon, 9-5 in the first game of the series two weeks ago.

Plagued Day And Night with Bladder Discomfort?

Unwise eating or drinking may be a source of mild, but annoying bladder irritations — making you feel restless, tense, and uncomfortable. And if restless nights, with nagging backache, headache or muscular aches and pains due to over-exertion, strain or emotional upset, are adding to your misery—don't wait—try Doan's Pills.

Doan's Pills act 3 ways for speedy relief. 1 — They have a soothing effect on bladder irritations. 2 — A fast pain-relieving action on nagging backache, headaches, muscular aches and pains. 3 — A wonderfully mild diuretic action thru the kidneys, tending to increase the output of the 15 miles of kidney tubes. So, get the same happy relief millions have enjoyed for over 60 years. New, large, economy size saves money. Get Doan's Pills today!

In your new Arctic Circle Imperial cooler —two filters keep dust and allergy-causing pollen from entering your home! *First*, chemically treated aspen fiber cooling pads screen out large dust particles . . . *Second*, *Microglas* fiber glass filters, treated with a special super adhesive, stop even the finest dust particles. Only *CLEAN*, cool air enters your home! For the best buy in low-cost, CLEAN cooling, insist on Arctic Circle — the cooler with Microglas!

Ike Declares Party Can Win In November, If It Works

By DOUGLAS B. CORNELL

WASHINGTON (AP) — President Eisenhower says GOP prospects are bright and the party can win, if it works, in the November election. But he left himself free today to withhold his support from Republicans who do not back his program.

Teeing off the party's 1958 election campaign, Eisenhower said last night that, in a nutshell, the Republican case before America is "responsive, responsible government at home—plus effective support for programs essential to America's peace and security in this gravely menaced world."

He exhorted Democrats and Republicans alike to line up against what he termed the evil force of tyrannical Communist imperialism and push through Congress his world trade, foreign aid and military reorganization plans.

In a new era of great uneasiness and "balanced terror in the world," he said, "our national survival and human liberty are at stake in the way we form and sustain our national policies."

The approaching decisions on the three key legislative items he named, he said, "demand our attention as Americans, without regard to partisanship" because they are of grave importance to the nation and world peace.

Yet all three are encountering rough going on Capitol Hill—and some members of the President's own party are helping make it rough. Only yesterday a House committee halted work on reciprocal trade extension and called on Eisenhower for a compromise proposal.

At a dinner honoring Republicans in Congress, Eisenhower would up with this political forecast and promise? "If we will but try—if we will never forget the value of good, hard work—we are certain, with our record, to win next November. This is the sure road to a Republican 86th Congress."

"For myself—you will find me standing beside you and with you. I shall do my best for every member of oir Grand Old Party and for all others who with them are carrying forward the never-ending fight for peace, for security, for sound, sane and progressive government in America."

The reference to "all others," a last-minute insert, aroused conjectures that the President might even prefer the candidacy of what he called discefning Democrats to that of undiscerning Republicans. He didn't come out and say as much.

The crowd cheered and applauded the President more than a score of times, even if it didn't rock the roof when he made some of his points.

Much of Eisenhower's speech, broadcast nationally by radio and television, was devoted to his legislative program, particularly his battle for Pentagon reorganization.

The pivotal fact of our time, he said, is that the science of destruction has become transformed in just over a decade. Man's ability to destroy and kill has been increased vastly by nuclear age weapons, he said, so that "we simply cannot indulge in business-as-usual attitudes and self-serving practices of an era that is no more."

Describing his program as defense modernization, the former general said the choice is clear: "We must stand on the side of unity, efficiency and flexibility in our defensive system, in the interest of America's safety and solvency. And I believe that on this issue most Americans, regardless of party, stand with me four square."

OPERATION ON HER HEART WILL BE TELEVISED—Three year-old Mable Chin, apparently unaware that she will star in a real-life teuevision drama in New York City, gets cheerful attention from interne, Irene Kriakopolu at University Hospital of the New York University-Bellevue Medical Center. Operation to correct heart defect of little Mable will be televised by DuMont network in program entitled, "Operation Heart Saver." New York Heart Association says the telecast has been arranged to help the public better understand heart surgery. (AP Wirephoto)

No Major Upsets As Three States Vote In Primaries

By The Associated Press

Party candidates were tapped for a variety of offices in primary elections Tuesday in Ohio, Indiana and Alabama. There were no major upsets.

Gov. C. William O'Neill was nominated by the Republicans for another run in Ohio, while Democrats picked Michael DiSalle, who carried the party's banner in 1956 when he was defeated by O'Neill.

Indiana's House contests saw all 11 of the state's congressmen nominated for new terms.

In Alabama, Atty. Gen. John Patterson showed the way in a 14-man field seeking the Democratic nomination for governor. But he faces a runoff primary next month because of a failure to win by a majority. His opponent will be Judge George Wallace.

O'Neill won the Republican gubernatorial primary in Ohio over Charles P. Taft, a brother of the late Sen. Robert A. Taft.

Returns from 11,521 of the State's 12,499 polling places gave Taft, onetime Cincinnati mayor, 186,042 votes to 324,054 for O'Neill.

DiSalle led all the way to score an easy triumph in the seven-man Democratic primary. With 11,521 polling places reporting, he rolled up 226,580 votes to 107,125 for Cleveland Mayor Anthony J. Celebrezze, his closest opponent.

Sen. John W. Bricker was nominated for another term without opposition in the GOP primary. The Democratic senatorial nominee, Stephen M. Young, likewise had no opposition.

Patterson held an 87,291 to 70,369 lead over Wallace on the basis of returns from 1,640 of Alabama's 3,261 precincts. Both men, like all others in the races, were pledged to continue segregated schools.

A sharp fight over a state Democratic loyalty oath was still in doubt in contests for election to the party's Executive Committee. The outcome might determine whether the state — traditionally Democratic — supports the national Democratic ticket in 1960 or leaves the door open to back an independent or third party candidate.

Youngsters Hurt Selves With Rockets

BOSTON (AP)—Teen-age rocketeers are injuring—and "maiming"—themselves at an alarming rate, the National Fire Protection Assn. reported in a survey made public today.

The non-profit fire-safety organization, in a report on 84 children and two adults wounded in a six-weeks period from March 1 to April 15, estimated that count takes in not more than half the actual number of rocketry casualties in that period. Four persons have been killed.

The association urged again a complete ban on the amateur rockets until safe sites and qualified supervision are provided. One amateur society conducts all its tests of rocket engines under elaborate controls at Massachusetts Institute of Technology—in a vault surrounded by armor plate.

Of the 84 children injured, 62 were in the 13-to-16 age group. Eight were younger and 14 were older.

Youngest listed was a four-year-old girl who walked out her front door to be struck by a rocket fired by neighbor boys. The eldest was a 24-year-old laboratory technician for a chemical company. He was carrying liquid fuel in a glass jug which blew up in his face.

Injuries among the 86 rocketry victims ranged from loss of limbs to cuts and bruises. Most suffered multiple injuries.

Cotton Industry To Push New Bill

By ED OVERHOLSER

AUSTIN (AP)—A unified Texas cotton industry began pressing today for congressional passage of a bill giving cotton growers their choice of taking either more acreage or higher price supports.

The recommendation grew out of a meeting yesterday of 50 representatives of all phases of the industry.

W. F. Hofman, president of the Old Cotton Belt Assn. which sponsored the statewide meeting, said he understood there was little chance for a bill to pass unless the cotton interests united on a single bill.

Present cotton acreage allotments expire with this year's crop and allotments will drop to about 13,600,000 acres in 1959, a slice of nearly four million acres unless new legislation is passed.

If Congress approves the bill it would be submitted to the farmers at a referendum later this year.

A seven-man committee, headed by Eugene Butler, editor of the Progressive Farmer, of Dallas, returned these legislation guideposts, adopted without dissent, calling for:

1. Equitable income protection to cotton producers.

2. Abolishment of the acreage reserve of the Soil Bank.

3. A national allotment for the 1959 season of not less than 17½ million acres to be made available for allocation to growers for planting under the following plan: The grower would have his choice of, accepting lower acreage at higher price support or higher allotment at lower parity support.

4. A competitive price to all mill customers of American cotton growers at a price on a level with synthetics and foreign cotton production.

5. Continuation of the organization to promote liaison and harmony among the Texas cotton industries.

Hofman said it was the first time spokesmen from all the cotton producing areas and related industries had met to find a common ground for getting an acceptable bill passed in Washington.

Robber Goes Down While Count Is On

OROVILLE, Calif. (AP)—The man with the big blue eyes was robbing the bank.

Counting out the money was the teller with the pretty face, Mrs. Pat Thelander, 23.

One thousand...two thousand... nearly three thousand dollars she piled on the counter.

Suddenly the robber slid from sight. Mrs. Thelander stood on tiptoe and peered over the counter. There he was, slumped on the floor. Hig big blue eyes were closed.

He had fainted — from hunger. It happened in a branch of the Bank of America, the biggest bank in America.

Police came from the station house a block away and hauled him out on a stretcher.

In his pocket was no gun to back up his threatening robbery note. There was only 2 cents.

He said he was Timothy J. Mahoney, 49, an ex-Army sergeant. He had lost his job in a Feather River Canyon resort.

He had checked into an Oroville hotel. Police said they found remnants of six practice notes he had written and torn up before presenting the robbery note to Mrs. Thelander.

Police hauled him to the local Bastille. They fed him and he felt better.

They left him there for the FBI.

Collection On Check Delayed

SACRAMENTO, Calif. (AP) — T. S. Wong has a good chance to collect—in 1959—$62.37 for a load of cabbage he sold in 1943.

The State Bureau of Market Enforcement collected the money from the purchaser in 1946. But someone filed the check with Wong's records.

In 1952, when the error was discovered, the check was outdated.

The Department of Finance sent new claims for Wong to the state agriculture office in Los Angeles. There, an employe assigned to handle the claim put the papers in a desk, where they weren't discovered until after his death last November.

Wong then wasn't found until February. Yesterday the Board of Control approved the claim.

But now Wong must wait until 1959 for the next session of the Legislature to approve the claim.

Contract Set Tentatively

LOS ANGELES (AP)—Lockheed Aircraft Corp. and International Assn. of Machinists tentatively agreed on a new working contract early today.

The agreement came less than 24 hours before the midnight strike deadline.

The action raised hopes that a threatened strike by the Machinists and the United Auto Workers against Lockheed, Douglas Aircraft Co., North American Aviation, Inc., and Convair could be averted. A strike would involve 125,000 workers.

The agreement would provide wage and benefit increases averaging nearly 22 cents an hour, ranging from 18 to 30 cents, the announcement said.

Inventories Show Decline

WASHINGTON (AP)—Inventories of manufacturers, wholesalers and retailers declined in March, the Commerce Department reported. All of the drop was registered by durable goods.

Sales of manufacturers and wholesalers decreased slightly between February and March, after adjustment for seasonal factors, while those of retailers were unchanged.

The report said total inventories, seasonally adjusted, dropped to 88½ billion dollars in March from $89,300,000,000 a month earlier.

Retail sales held steady at $16,100,000,000. Manufacturers' sales dropped 400 million dollars to about 25¼ billions while those of wholesalers fell 200 millions to about 10¼ billions.

The only Gaelic college in the Western Hemisphere is in St. Ann's Nova Scotia.

Young Widow Is Charged In Poisonings

MACON, Ga. (AP)—A young widow faced murder charges today in the arsenic poisonings of her 9-year-old daughter, two husbands and mother-in-law over a six-year period.

Mrs. Anjette Donovan Lyles, 32, was arrested in a hospital room Tuesday and placed under guard. She reportedly has been hospitalized since shortly after her daughter Marcia Elaine Lyles, died April 5.

Through her attorney, Mrs. Lyles said, "I have committed no crime."

In addition to the death of her daughter, Mrs. Lyles is accused of murdering her first husband, Ben F. Lyles Jr., Jan. 25, 1952; her second husband, Joe Neal Gabbert, Dec. 2, 1955; and her mother-in-law, Mrs. Ben F. Lyles Sr., Sept. 29, 1957.

Murder warrants were obtained by Coroner L. H. Chapman, who said tests by the state crime laboratory showed arsenic poison in the bodies of all four victims.

Mrs. Lyles—she resumed that name through a court order after Gabbert's death—operates a restaurant in downtown Macon.

Sheriff James I. Wood would not release information on a possible motive. He said he has "many facts which need verification before they can be released."

Gabbert, 26, a pilot for Capitol Airlines, was buried in Bibb (Macon) County but the body later was exhumed and sent to El Paso, Tex., home of his parents, Mr. and Mrs. D. K. Gabbert Sr.

What To Do When Trapped In A Loo

By HAL R. COOPER

LONDON (AP) — What is a lady supposed to do when trapped inside a public loo? Be nonchalant? Light a cigarette? Play solitaire?

Mrs. Eileen Sayers did none of these things when she found herself locked in a loo, the British way of saying lavatory. She tried to climb over the door using the toilet tissue roll as a foothold.

The roll rolled. She fell and broke her ankle.

Was all this the fault of the Harlow Urgan District Council, operator of the loo? Should the council pay damages?

The full weight of the British Court of Appeals was brought to bear on the problem today. There were Lord Justice Morris, Lord Justice Omerod and a chairman, Lord Evershed, who bears the court title "master of the rolls."

Mrs. Sayers testified she banged on the jammed lock and shouted for help for a quarter of an hour. She finally tried to climb out. Eventually, a lavatory attendant rescued her.

The Council denied negligence. It said Mrs. Cayers got into a panic instead of waiting calmly for rescue. A lower court agreed.

The high court reached a decision Solomon himself would have been proud of. Mrs. Sayers caused 25 per cent of the trouble by stepping on a revolving toilet roll.

The Council was 75 per cent to blame because it had a loo lock that jammed. Therefore, Mrs. Sayers will get 75 per cent of the amount of damages the court decides upon.

Announcing that the amount of damages will be fixed later, the master of the rolls asked the Council's counsel:

"What would you have done if you were locked in such a cubicle and had tried vainly to attract attention? Would you just sit there light a cigarette and wait for someone to come along?"

"I trust," said Council's counsel, "that I would not have put my weight on a revolving toilet roll."

Junior Editors Quiz on AMERICAN HISTORY

QUESTION: Did Pocahontas marry John Smith?

• • •

ANSWER: Captain John Smith was one of the leaders of the struggling English colony at Jamestown. A true soldier of fortune, he often traded with the Indians. On one of his expeditions, the Indians took him prisoner and their chief, Powhatan, condemned him to death. Smith later wrote that Powhatan's daughter placed her head upon his, just as the chief was about to kill him and begged that his life be spared. In a still later writing, however, Smith claimed it was another Indian girl who saved him.

Pocahontas, a child of 12 at the time of the incident, often visited the white settlement at Jamestown. When war broke out between the Indians and settlers, she was captured and held as a hostage. In April, 1614, she married John Rolfe and returned with him to England where she was introduced to society as an American princess. She had one son, Thomas Rolfe, and died in England. Her son moved to Virginia in early manhood and some of the state's most noted families were descended from him.

• • •

FOR YOU TO DO: Captain John Smith had many great adventures, even before coming to America. Get a book at the library and read about him.

• • •

(The $10 award for today's question goes to Hugh Franklin of Torrington, Conn. Mail your question on a postcard to Violet Moore Higgins, AP Newsfeatures, in care of this newspaper, Monday: Why is a porpoise so popular?)

LEGAL NOTICE

LEGAL ADVERTISEMENT FOR BIDS

Sealed bids for the construction and installation of a two section water sprinkler system for the Snyder High School campus, will be received at the Administration Building of Snyder Schools, addressed to E. D. Flynn, Secretary to the Board, until 8:00 p.m., May 26, 1958, at which time bids will be opened and read.

Bids will be submitted for two sections on a per section basis and a bid for the two sections combined. Awards may be on any or all sections.

Work on project will begin June 16, 1958.

Each proposal must be accompanied by a cashier's check, certified check or acceptable bid bond for 10 per cent of bid, made payable to Snyder Consolidated Independent School District as a guaranty that if awarded the contract the bidder will furnish the required bond.

The School Board reserves the right to reject any or all bids.

Plans and specifications may be secured by contacting Mr. Fla Joyce at school warehouse office, 2906 Avenue M, Snyder, Texas.

E. D. Flynn, Secretary to the Board of Trustees

Snyder Consolidated Independent School District, Snyder, Texas.

SPECIAL AWARDS recently went to two Snyder High School students whose aptitudes are high in the science field. Jimmie Guy, left, a junior, has been chosen for the chemistry section of the summer program for talented high school students at the University of Texas, June 16-July 18, a program sponsored by the Ford Foundation. Larry Williams, right, a senior, was picked for a $300 freshman scholarship in the University of Texas school of engineering by the university's board of grants. He is also valedictorian of the graduating class here. Guy was one of 28 Texas students chosen for the program and is the third student from Snyder in three years for such a program. Williams was one of 12 chosen for the engineering scholarships. (Lee Watson photograph)

Civil Defense Adds Mythical Toll

By TOM SHAWVER

BATTLE CREEK, Mich. (AP) — Civil defense forces across the nation today began the task of adding up the mythical death and injury toll from the biggest mock-nuclear attack in the five-year history of Operation Alert.

Millions of Americans theoretically died in the three-hour assault by more than 500 imaginary bombers and a few scattered submarines yesterday.

Uncounted others were marked for death by simulated radiation fallout from 291 bomb blasts swept across the country by prevailing winds today.

Civil defense officials hailed the annual exercise as an apparent success.

"The attack was heavier than ever before, but local and state planning and participation was better than ever too," a spokesman said.

"We've never had such effective simulated evacuations."

Eighty-five key cities undertook hypothetical evacuation. Ten of these, ranking in size from Blytheville, Ark., to Baltimore, Md., reported virtually 100 per cent evacuation.

Half a million civil defense workers took part in the paper test of their ability to cope with an actual attack.

Four million Illinois schoolchildren hurried from classrooms in evacuation drills. Mississippi river boats were tried out at Memphis, Tenn., for use as possible evacuation craft. President Eisenhower rushed to a secret bomb shelter outside Washington.

The test continues through tonight. Most of today's activities will focus on theoretical fallout problems.

Civil defense officials reported mock bombs having the explosive power of as much as 10 million tons of TNT exploded in or near 270 cities and military installations.

The first attack warning came at 10:03 a.m. and the first wave of imaginary bombers roared over the nation's northern borders shortly after noon.

The Ft. Peck dam in Montana crumbled in the blast of the first bomb dropped in the United States.

Fifteen minutes earlier, a submarine lurking off the Pacific Coast theoretically put the Panama Canal out of commission with a pair of intermediate-range missiles that wiped out two locks.

Mythical attacking aircraft also swept in over the Atlantic and Pacific oceans and hit points stretching from Augusta, Maine, to Honolulu, Hawaii and Fairbanks, Alaska.

Air defense forces knocked out 80 imaginary enemy aircraft, but more than 400 other got through.

Hard Landing Ends Problem

TWENTYNINE PALMS, Calif. (AP) hard landing in a heliocopter ended a mercy flight—and the need for it.

When 2-year-old Frank Crouch swallowed a nickel, it lodged in his throat. He began to choke.

Doctors at Twentynine Palms Marine base—where Frank and his parents live—put the boy in a helicopter, fed him oxygen and sent him to Riverside for hospital treatment.

After four minutes the pilot had trouble controlling the craft, and made a precautionary landing on the desert.

Says UAW Demand Will Hike Prices

DETROIT (AP)—George Romney, president of American Motors Corp., says, "The car buyers of the nation need to know that the outlook is for higher car prices—not lower car prices."

Romney said the wage demands of the United Auto Workers and other unions are to blame.

The AMC executive made the statement in attacking a proposal by Sen. Paul Douglas (D-Ill), that federal excise taxes on cars be cut on condition the manufacturers cut prices.

Romney said, "Well-meaning but impractical proposals such as the one just made by Sen. Douglas are retarding the nation's return to full economic health and growth ...It is time for the country to stop ducking some of its real problems."

Romney's statement disclosed that AMC is standing pat on its proposal to the UAW for a two-year freeze on wages and fringe benefits. The company claims its wage costs average several cents higher than at General Motors, Ford and Chrysler.

The UAW has rejected the AMC proposal. It has presented AMC the same demands made upon the Big Three.

The union has rejected Big Three proposals for a two-year renewal of the wage formula in the present contract. This would give workers an annual productivity increase of at least 6 cents an hour plus cost of living allowances.

Romney said the prospect for higher car prices "is increased by the auto union's insistence upon further wage increases this year, and any proposal that ignores the impact of rising wages on costs and prices, is devoid of economic balance and practicality."

The longest covered bridge in the United States and the only covered bridge that carries a Federal highway is at Philippi, W. Va.

Mother Of The Year Thinks Committee Was Confused

By ROBERT FARRINGTON

NEW YORK (AP)—A little Southern lady, who quietly has devoted her life to helping others in a small town, is the American Mother of the Year.

Mrs. May Roper Coker of Hartsville, S.C., was thrilled at the honor, but not quite sure the American Mothers Committee hasn't mistaken her for someone else.

She sidesteps credit for raising eight children and deprecates any fuss over her many civic activities and personal charities.

"Miss May," as they call her back home, is a cultured, educated woman. She is 67. More than 40 years ago, she forsook the social glitter of Washington to become the wife of a plant pioneer in a little farm community.

Her father was a well-to-do former Cabinet officer, Secretary of Commerce Daniel Roper, who served six years in the Franklin Roosevelt administration (1933-39). Long before that, in 1915, she married into one of the prominent families of the Carolinas.

"Miss May" was reared in Washington, where her father was assistant postmaster general and commissioner of internal revenue before becoming secretary of commerce.

While still a college girl, she worked with children on Washington playgrounds during the summer months.

When she was 24, she met and married David R. Coker, a widower with five children and a man with a dream. Coker believed he could improve the lot of farmers by giving them better seed. He took his bride to Hartsville, where visitors came from all over the world to see his experiments and their applications on local farms.

"Miss May," too, believed strongly then and now in social improvement. She followed her husband's experiments and taught classes in vegetable and flower growing to farm hands and mill workers.

Miss Coker was born in Gobson, N.C. Oct. 10, 1890, and has been a friend to white and Negro all her life. She says she is troubled by the current integration problems of the South.

Dennis Is Mum On Brunette's Charge

HOLLYWOOD (AP)—A pretty Hollywood brunette says that Dennis Crosby is the father of her 5-month old daughter.

Dennis, son of Bing Crosby, is honeymooning in Las Vegas, Nev., with a blonde show girl he married Sunday night.

Marilyn Scott, 25, told her story when newspaper reporters produced copies of Denise Michelle Scott's birth certificate, listing the father as Dennis Michael Crosby.

"I'm sorry this had to come out," she said. "All the more sorry for the effect it will have on my baby's future."

She said she met Dennis in a Sunset Strip restaurant, began dating him and went with him for a couple of months.

"When I first told him I was pregnant he made no offer to marry me—nor did he offer to support the baby," she said. "So I went to an attorney. The attorney took care of everything."

When newsmen asked Dennis about the report, he phoned his family's attorneys in Los Angeles and later told reporters: "On my attorney's advice, I am not going to comment on the situation. Until I can straighten some things out with a few people, I cannot make any further statements."

There was no word on the matter from Bing, who was reported on a fishing trip. Reporters have been trying to locate him since Dennis married Pat Sheehan.

Pat is a 26-year-old divorcee. She has a 6-year-old son. She and Bing dated at one time.

Mrs. Scott, a divorcee who came to Hollywood seeking a movie career, said she was sure Pat knew about the baby girl. Pat, like Dennis, wouldn't discuss the subject.

Mrs. Scott is a former model and switchboard operator. She said that she received a settlement from the Crosby family, but wouldn't say how much.

"I saw no reason to say anything to anybody," she said. "The Crosbys have been fair and square with me."

She said Dennis had never seen her baby.

"I met Dennis again in January," she said, "and I invited him to come and see the baby. But he didn't come."

McKeon Doing A Fine Job

CHERRY POINT, N.C. (AP) — "He's a good Marine and he gets along fine. He's doing a fine job."

That was the official verdict here on Matthew C. McKeon two years after the tragic drowning of six men on a training night march at Parris Island, S.C.

The public information office here said McKeon was promoted to corporal May 1 as a regular procedure. He serves as an administrative clerk here. The 33-year-old Marine was a staff sergeant platoon leader at Parris Island the night of April 7, 1956, when his night march exploded into the national headlines.

He was convicted by a court-martial board of negligent homicide and drinking in the barracks before the march. He was sentenced to nine months at hard labor and reduced in rank to a private.

McKeon, who elected to stick it out in the Corps, was transferred from Parris Island and taken out of contact with recruits.

Some Born To Be Hooked

DALLAS (AP)—An authority on drug addiction told the Texas Hospital Assn. convention yesterday "some people are born to be hooked."

Dr. William Ossenfort of Dallas said persons who are addiction prone get far more satisfaction from narcotics than the average person.

He said less than 1 per cent of the population is prone to narcotics addiction.

Mayor Roe Bartle of Kansas City said the shortage of hospital beds in many cities could be eased by erasing the line between private and charity (tax-supported) hospitals.

He said many private hospitals are desperately overcrowded while many charity hospitals are more than half empty. He recommended letting charity patients go to private hospitals of their own choice and having the city or county reimburse the hospital.

General prosperity and hospital insurance have greatly reduced the need for free hospitals, he said.

Ft. Hood Is Proud Of Presley's Record

FT. HOOD, Tex. (AP)—"We're all proud of him," a Ft. Hood spokesman said yesterday of Elvis Presley, who has been in the Army five weeks.

The rock 'n' roll singer started basic training at this central Texas post March 28.

"He is an above average trainee," said Lt. Col. Marjorie Schulten, chief of information for Ft. Hood.
