Along The Waterfront

Fishermen at the Sea Gun Sports Inn, at Mills' Wharf, just across the bay, reported some good catches over the weekend.

Carlos Behrent and party of Houston, fished two days, and on the first day brought in 101 trout, while on the second they strung 54 more. Most of them were big trout, larger than school size.

Another Houston angler, L. A. Gillespie, also fished two days and on the first caught 23 trout, while on the second he added 32 trout, reds, sheephead and drum to his total.

T. G. Sorenson, of Dallas, caught 23 mixed fish and four big reds on his first day's fishing; on the second day, he brought in 28 reds, drum and sheephead.

D. H. Manning, of Corsicana, caught 57 mixed fish in one day's fishing.

Joe Manning, with a party that filled two boats, from Houston, fished one day, and anglers in each boat came in with 27 mixed fish for a total of 54.

A San Antonio angler, Mr. Witten, was fishing with a companion when, as he said, he thought the top of the bait box flew up and hit him in the face. It wasn't, however, it was a pompano, executing one of the leaps for which these fish are famous.

Bert Marchwardt, San Antonio, fishing with Herb Mills at Cedar Bayou, brought in 64 trout and reds.

John Milstead, from Abilene, also fished at Cedar Bayou and brought in 41 trout, reds and sheephead, with Jimmy Warrach as guide.

G. F. Nicholson, San Antonio, fishing with Herb Mills Tuesday, from Sea Gun Sports Inn, at Mill's Wharf, caught 56 nice trout.

Wednesday morning, Herb Mills radioed in from Chicken Foot Reef in San Antonio Bay, saying trout were biting like mad.

Harry Mills, at the Wharf, said that bait was a little short, but that some was available.

Copano Cove reports: Fishermen (and ladies) continue to enjoy good fishing on the 500' lighter pier. Water is clear and calm with just the right amount of ripple. Boating conditions are excellent.

Mr. and Mrs. J. E. Hammond and Mr. and Mrs. W. M. Hill of Yoakum, enjoyed several nights fishing off the pier. Their total catch of approximately 75 pounds included: redfish, trout, drum, sheephead, and golden croaker. Mr. Hammond's four pound trout caught in August still holds the record for this pier.

Mr. and Mrs. F. V. Crabtree and party from Bishop caught a nice string of trout.

Buddy Adams of San Antonio, is spending a few days with us. He has landed several nice trout and redfish.

Mr. and Mrs. Bright, from Freer, spent the weekend camping and fishing. They returned home with trout, redfish, and golden croaker.

George Parker, also of Freer, returned this past weekend. George caught lots of fish the weekend before and came back for more.

Mr. and Mrs. G. C. Morehead of Rockport have been bringing in nice trout fishing from their boat. Bill Dodson has been plugging all week. He's caught quite a few nice trout and redfish. He landed a four pound flounder on the pier Monday night, and that flounder jumped three feet out of the water on the business end of a 52M27 Mirrolure!

Navigation District To Crack Down On Delinquent Renters

At a special meeting of the Navigation Board, called to consider over \$5,000 in past due accounts against boat stalls, bait stands, and ground leases, the Navigation Commissioners voted to take action against all delinquents, and to enforce strictly the rule that all dockage and rentals of any kind are payable in advance. Such rule was established in 1955, but has been disregarded by many renters until mounting delinquencies have become alarming and constitute a serious threat to the District's financial condition.

The Navigation District puts all of its renters on notice as follows:

1. All rents are payable in advance. Bills are mailed on the first of each month.

2. If bill is not paid within 10 days, the Harbormaster will personally take a second notice to the renter who lives in the county. Out of town renters will receive a second notice by mail or phone. If bill is still unpaid 10 days after the second notice, Harbormaster will put a chain on the boat or baitstand, which chain will not be removed until delinquency is paid in full.

3. If a stall or leased area has been vacated and a delinquency remains, suit for the delinquency will be instituted by the Navigation District's attorney.

Phillips Petroleum Co. Prepays School Taxes; Compliments Board

A check has been received in prepayment of next years taxes from the largest individual taxpayer in the Aransas County Independent School District, along with a letter of appreciation for the manner in which school finances have been handled, Supt. J. D. Gray told trustees at their regular meeting, as he also presented the report of the school's audit.

In a letter from the tax department of the Phillips Petroleum Company, F. W. Craddock said:

"We are enclosing our check in the amount of \$76,112.44 covering payment of our 1963 taxes. Needless to say, we were gratified at the five cent rate reduction which the Board of Trustees voted at the end of the budget meeting in August. This is certainly evidence of the efforts of the superintendent and the board to operate your district as economically as possible, and we genuinely appreciate it."

The auditor's report which Gray presented showed that expenditures last year were slightly (\$116.47) below the budgetary figures. Revenues from local sources amounted to \$461,372.74, or \$2.26 less than had been anticipated. Revenue from county sources fell .99 cents below anticipations; revenue from state sources was .34 cents lower than the budget had predicted; and federal funds came to \$112.88 less than set up in the budget.

Administration expense last year amounted to \$47,233.68; instructional expenditures were \$366,313.49; transportation of students came to \$16,424.04; plant operation required \$40,442.96; plant maintenance, \$28,581.61; fixed charges were \$14,918.17; food service expenditures were \$16,158.00; student activities consumed \$9,479.32.

Other expenses included \$14,587.19 for capital outlay from current revenue and \$580,477.55 from bonds, for a total of \$595,064.74; debt service, \$90,361.50. Total expenditures last year, including building costs, was \$1,224,977.51, or \$30,851.49 higher than the preceding year.

In other business, Gray reported that the school has been having considerable demand for free lunches this year, some of which he felt, was not justified. As a result, he said, it had become necessary to be very strict in screening applicants for this privilege.

At present, the superintendent said, average luncheon participation in the junior-senior high school cafeteria was 327 for September, and of this 19 free lunches were given to Latin-American children; four to Anglos; and three to negroes.

In Rockport Elementary, average attendance was set at 998 daily, with free lunches going to 43 Latin-Americans and 7 Anglos. At Fulton, average attendance was 113, with free lunches for 68 Latin-Americans, 11 Anglos and seven negroes.

Total average daily participation, he said, was 838 during the month.

Gray told trustees there had been another water failure at Fulton Elementary this week, due to machinery breakdowns, and recommended that an auxiliary storage tank and double pumps be installed to forestall things of this sort in the future. Total cost, he estimated, would be less than \$2,000. The trustees authorized him to proceed with this.

He also reported that the Area III dinner meeting, of Texas Association of School Administrators and Texas Association of School Boards would be held here on Oct. 16, and urged as many trustees as possible to attend. The dinner will be held in the new junior high school cafeteria, he said, and between 150 and 180 people were expected.

Gray told trustees that the total remodeling bill on the high schools, undertaken as part of the construction program, amounted to \$24,674.83, including repair of the gymnasium floor, with a few minor bills yet to be received, but that the present balance in the building fund is \$6,364.23. However, he stated, well houses still have to be built, one at Fulton and another at the junior high, and installation of storage for water at Fulton would be paid from this fund.

SEA BREEZE THETA RHO GIRLS MEET

The meeting was called to order by President Franky Casterline. Routine business was attended to. Phyllis Pollard was initiated. Kay Sparks was elected reporter.

The Texas Youth Association meeting which will be held here Nov. 2 was discussed. Between 125 and 150 people are expected to be at Aransas County High School for the meetings and lunch. Dinner will be at the Del Mar Grill that night.

Fifteen Texas Vessels Lost Last Year

According to the latest figures released by the U. S. Fish and Wildlife Service, 15 Texas fishing vessels sank and/or burned and were a total loss during 1962; 12 more were heavily damaged by various mishaps; 24 transferred to Latin American countries.

Some of the transferred vessels are still considered as registered in the U. S. Customhouse under the American flag; others were sold to neighboring Latin American countries.

About 19 vessels were fined by Mexican authorities, who alleged they fished too close to shore and entered territorial waters of that country as defined by its statutes.

Three vessels were rigged for deep water trawling for royal red shrimp. In general, these craft were fitted with a special wing holding from 300 to 400 fathoms (1800 to 2400 feet) of 1/2 to 9/16 inch cable, with 30 fathoms (180 feet) of 3/4 inch cable for bridges, according to Orman H. Farley, statistician in charge of gathering data in this area.

All vessels used a conventional 60-80 flat trawl, towed at speeds of from 1,000 to 1,200 revolutions per minute, and spread with 8'x44" doors.

One vessel was rigged to fish from an outrigger, the other two towed from the stern. About 4100 pounds of royal red shrimp were taken from water east of the Mississippi delta, but considerable difficulty was encountered keeping the trawl on the bottom and fishing after the gear had hit bottom.

New Organization To Be Formed Here

At a dinner meeting in the Reef Club Wednesday night, over which Jack Sanders presided, plans were laid to organize an area progress association on Monday night, Oct. 14.

The organizational meeting will be held in the District Court Room of the Aransas County Courthouse at 7:30 p.m.

In discussing the purpose of the organization, Sanders said it was designed to promote, assist, create and work earnestly for any measure, project or idea that will benefit this area in growth, visitors, publicity, industry, jobs, youth activities, business, health welfare or in obtaining water, and pointed out what he termed "the need for a strong, aggressive, dedicated group of outstanding people to work together toward a more progressive community."

Sanders said many people agreed that there was a desperate need of an organization to promote these things in this community, and stated that one of the strengths of this organization would be in a large membership that could attend called meetings, to be informed by experts on various problems that may arise in the community, and for which remedies were needed.

Such problems, he said, must be approached from a community standpoint, and individuals should put the development of the community above self or direct personal gain, without prejudice or envy toward any individual or concern, and to serve with total cooperation with association members and other civic groups' members for the ultimate achievement of community excellence.

There would be no dues for the organization Sanders said, and no stated meeting places or times, but that meetings would be called if and when needed.

Sanders said there were always three groups in any community that were against progress. The first, he said, were those people who opposed it because it might cost them money in taxes for bond issues which would hurt them because of their limited incomes.

The second, he said, were many of the summer home owners, who wanted things to remain as they were.

The third group, he said, are those individuals in a community who just don't care about progress and who are opposed to any change, no matter how trivial.

It was these things, he said, that the new organization would be designed to combat.

He pointed out the community must adopt a new attitude toward outside capital from private sources in order to realize the full potential in the area, and said that many people thought the community was not doing enough in this direction. There always seems to be an organized effort against progress, he said, and the association will be organized to promote progress.

Bob Fleming suggested that such an organization might well function as a committee within the Chamber of Commerce, but Sanders demurred at this, saying that strength of the new group would lie in a widespread membership, that would attend meetings.

Beth Steele asked Sanders "Is this in competition with the Chamber of Commerce, or in cooperation?" Sanders said that it was not the intent of the new organization to usurp any function of the Chamber of Commerce, the Area Development Committee, the Navigation Board, the Conservation Board, City Council, School Board, or Commissioners Court, but to cooperate with such civic bodies and political subdivisions.

Steele replied: "I would like to see this group come into the Chamber of Commerce. Wide membership participation could be gained by holding a monthly meeting for all members, at which time everyone that attended would have a chance to inform himself about the various programs."

Sanders said: "All we need to do is put up a united front with a large membership on various projects to help push them on."

It was decided after considerable discussion, to call the organizational meeting for Monday night, at which time, Sanders urged, everyone present should attempt to bring two potential members of the new group, and to invite the public to attend, listen, and join if interested.

Sanders will act as chairman of the Monday night meeting until such time as permanent officers may be elected.

Present at the Wednesday night meeting were Mr. and Mrs. Jack Sanders, Charles Maslonki, W. N. Meigs, Mrs. James A. Jarboe, James Kautz, Seth Steele, Mr. and Mrs. J. B. Jackson, Mr. and Mrs. William Sprigg, Guy Epps, Dan McCullough, Dudley Bracht, E. T. White, Mrs. Charles A. Roe, Sr., Mrs. Joe Johnson, Mr. and Mrs. Charles Vermillion and Robert Fleming.

B&PW To Hold Dinner Meeting

In honor of National Business Women's Week, Oct. 6-12, the Rockport Business & Professional Women's Club will hold a dinner meeting Saturday night, Oct. 12, at 8 p.m. at the Sea Gun Restaurant. All members and any interested women are urged to attend this dinner and hear Edna Borden of Corpus Christi speak on Women's Rights in Texas.

Equal Legal Rights is one of the primary projects of the Texas Federation of B&PW Clubs, and Mrs. Borden, a member of the Corpus Christi club, is prepared to discuss the legal discriminations to the women of Texas and to explain what legislation is proposed and what legislation has been passed.

The price to attend this dinner is \$2.50. Anyone interested in hearing Mrs. Borden speak, as well as eating a fine meal, may do so by contacting Mrs. Naomi Johnson, or Mrs. Ronnee Schultz. The club would be most pleased to have a good turnout for this celebration. Reservations must be made promptly and pay at the door.

Chairman for this affair is Mrs. Roy Lee Hart, and the arrangements are being made by Mrs. Kay Bergel.

Mr. and Mrs. W. H. Hogue returned Sunday after spending two weeks in San Antonio and New Braunfels.

While there, they attended the Golden Anniversary of Mrs. Hogue's sister, the wedding of her grand niece, the Comal Fair and races, and visited a nephew who is in the Austin Hospital.

FULTON SCHOOL HAS LIBRARY ASSISTANTS

The Geo. W. Fulton Elementary School library has adopted a program of "library assistants" who are being trained to operate the library on the days the librarian is not in attendance. Thus far, these fifth and sixth grade students have been running the library for one week, with worthwhile results. They are opening the library in the morning before the regular class bell rings, circulating library books, taking care of shelving and checking of the returned books. They are actually

handling the daily circulation of the entire operation on Monday, Tuesday, Thursday, and Friday. Their fundamental training has been prepared through their regular library period at which time, they are receiving a Library Science course. Those who are maintaining a high scholastic average in this course are eligible for the "assistant" program. So far, there are 13 qualified librarians from the fifth and sixth grade classes of Mrs. Wilkins and Mrs. Griffith. From the fifth grade, assistants are Becky Baldwin, Debbie Brumley, Philip Dannelly, Gary Gray, Martha Lindenmayer, and Pete

Letters to the Editor

To The Editor
The Rockport Pilot

As a taxpayer I feel I am entitled to express my opinion concerning the race course in Little Bay.

I feel that one way in which I can better my position is to improve business conditions in the area.

I feel that one of the best ways I can do this is to support the Chamber of Commerce and the Navigation District, for I think both of them are doing a good job.

If they feel like the race course in Little Bay is a good thing, for the community, they have my full support.

We need attractions to bring new people to our town. We need the business. Races in the past have brought many people here. A race course like this, with three or four races in the winter season ought to be a big help.

If the community is to grow, we need things that will draw people here, and help bring publicity to Rockport.

And, if Little Bay is dredged, we wouldn't have to go to Cedar Bayou to catch redfish, we could do it right in our own front yard.

Sincerely,
N. Taylor

Mrs. Nora Casey will leave for Ft. Worth where she will visit friends and Six Flags Over Texas. From there, she will go to Abilene for a visit with school friends, and on to Snyder where she will attend a home-coming celebration at the school on Oct. 19. She will also visit relatives and friends in Snyder, returning home around the 26th or 27th.

This clipping when presented at the Cove Drive In box office will admit Ruth Gwynn and guest to attend the show on Sunday, Monday or Tuesday, of this week, free of charge.

Mr. and Mrs. W. H. "Bud" McCoy of the Yacht Basin Motel, Rockport, are visiting Mr. and

Mrs. Loyd M. "Jack" Richey, in Carrollton, Texas, to attend the Texas-Oklahoma football game.
