

Post and Garza now showing small census gains

Both Post and Garza County will have slightly higher census totals in 1980 over the official 1970 count, according to the second preliminary count sent Mayor Giles McCrary and County Judge Giles Dalby.

In the second census total announced this year, Post has 3,964 inhabitants, as compared to 3,854 in the official 1970 count. This is a

gain of 110 persons in 10 years.

Garza County gained 75 persons with the preliminary 1980 count listed at 5,364 as compared to 5,289 officially in 1970.

Both of the newer census figures were increases over the first preliminary count released here in July.

In that count, the city was listed at only 3,807 and the

county at 5,155, both less than the 1970 census totals.

The temporary district census office in Lubbock, which handled the census in 30 West Texas counties including Garza, has been closed, the Bureau of Census announced from Dallas this week.

With the office closing the second preliminary census figures for Post and Garza

County were sent to the mayor and city judge here.

These preliminary census figures were totaled at the Lubbock temporary district census office.

Completed census questionnaires from the Lubbock office have been shipped to a census processing facility where they will be fed through high-speed equipment which microfilms

each page.

The microfilm is then scanned electronically and the date from the census forms — excluding names and addresses — transmitted directly to the census bureau's computers in Suitland, Maryland, just outside Washington, D.C.

Once computer tabulation of the data has been completed, final population

and housing counts will be released early in 1981 and will supersede the preliminary totals.

The mayor and county judge also received housing counts as well as census counts in their letters from Vincent P. Barabba, director of Bureau of Census, Washington, D.C.

Garza County was listed as having 2,018 housing

units with the City of Post having 1,467 of these housing units.

In the first preliminary census figures released in July Post was listed with 1,450 housing units with over 100 listed as vacant. That figure has now been increased by only 17.

The first census count in July was released when census takers out of the

Lubbock office still had six to eight more weeks of work to do in tracking down missing people and housing units.

The possibility of Post and Garza County gaining or losing from this week's preliminary figures will depend upon how accurate the census forms were totaled in Lubbock. (See Census gains, Page 14)

MIGHTY FISHERMEN — Three local fishermen and two former Post fishermen refused to tell where they caught these rainbow trout — the biggest weighing 7½ pounds — when they returned home three weekends ago, except to say "it was near Canada." Top row, l to r, Chris Wyatt of Midland and Curtis Hudman; bottom row, Greg Eubanks of Midland, Jimmy Mitchell and Syd Wyatt.

Gins over half done already, make estimate—

7,577 bale Garza crop

Garza ginners yesterday estimated this year's disastrous 1980 cotton harvest at only 7,577 bales, just one-sixth the size of the 44,996 Garza bales they ginned a year ago.

Already 4,198 of those Garza bales have been ginned, putting the harvest already past the halfway mark. This is in spite of the fact that the Post gin just started ginning Tuesday with its first eight bales.

Ginners estimated it was taking from five to 15 acres to make a bale on this county's dryland cotton. This varied considerably from gin area to gin area.

Some irrigated cotton was grading good with yields of two-thirds of a bale to one bale per acre, the Hackberry Gin reported.

The gin by gin report given Wednesday is as

follows:

Graham Gin, 820 bales ginned, estimated total in area is 2,000 to 2,500 bales; last year ginned 12,311 bales. Biggest part of harvest over by end of next week if weather holds.

Close City Gin: 710 bales ginned, estimated 1,500 bales to be total from area, ginned 8,700 bales a year ago, taking 7 to 12 acres of dryland cotton to make bale. Harvest now at peak in area.

Post Gin: Just got started ginning Tuesday with first eight bales, guessing about 1,000 bales for area as compared with 4,280 bales ginned last year. An estimated 3,000 cotton acres plowed up in area.

Storie Gin: 260 bales ginned, about 500 more bales expected, ginned 4,230 bales last year, taking 10 to 12 acres to make bale on dryland cotton.

Southland Gin: 275 bales ginned, about half gone,

ginned 3,900 bales year ago, hailed thinned much of area cotton besides drought, taking 10 acres of dryland to make a bale.

Hackberry Gin (half of these ginnings Garza Cotton): 3,145 bales ginned to date, little over 4,000 bales expected from area, ginned 13,950 bales last year, taking 10 to 15 acres of dryland cotton to make bale.

Grassland Gin (one third of this counted as Garza

cotton): 685 bales ginned, hoping to get 2,000 bale total, ginned 7,800 bales last year, taking average of 10 dryland acres to make bale. Through in three more weeks if weather holds.

Grassland Coop (one-fourth counted as Garza cotton): 1,300 bales ginned, expect about 2,400 bales for year, last year ginned 7,896 bales, taking five to 10 bales of dryland cotton to make bale.

Number 24

No school decision yet on airconditioning project

No decision was made at the school trustees' November meeting Tuesday night in the high school library on whether or not to air condition Post schools in 1981.

Nor was there any vote on putting new seating or a new playing floor in the high school gym prior to the start of the basketball season which is almost at

hand.

Neither subject was even discussed. In fact, neither was even on the agenda.

Supt. Bill Shiver reported to trustees that to date only 48 percent of school taxes for the new school year have been paid. He said until the tax money is in, he felt the board would not want to make major spending decisions so he had not

included the two items on the agenda.

The gym improvements already are in the budget, but the airconditioning isn't to date.

At the October meeting, the board left the impression that members would be ready to vote on the airconditioning at the November session.

Shiver said tax collections

this year are running behind previous years when peak payments normally were received prior to the date of the November meeting.

Members said current high interest rates probably were affecting decision of oil firms as to when was the best time for them to pay their tax bills.

The subject on which

trustees spent more time discussing than any other in the 90-minute, short agenda session was whether or not evolution was being taught in the Post Middle School as a theory of life's beginning or as a fact.

Trustees Mike Flanigan and Charles McCook said parents have told them that their children were being taught evolution is a fact

and they wanted to check into the matter.

Four of the five board members expressed themselves as not objecting to evolution being taught as a theory, but did object it being taught as a fact.

Principal Bud Davis said no parent had raised this question to him and he would check into the matter and report back to the

board. He said he agreed that it should be taught only as a theory.

No official action was taken.

In the discussion Flanigan raised the question as to whether or not the board shouldn't take a look once a year at what is being taught in local schools.

The point also was made that parents seldom go to

the teachers or principal with questions that are raised with what their children tell them at home. Objections go generally straight to trustees.

It was pointed out too it is difficult to determine what actually has occurred by the impressions individual children take home.

Shiver told the board that (See School board, Page 14)

City, county are seeking oil lease bids

If you don't think the oil lease rush is on in Garza County take a look at this.

The Garza County Commissioners Court at their first November meeting Monday authorized the advertising for bids for leasing the "streets and alleys of Justiceburg."

Don Tonroy Minerals contacted the court for such a lease. The court decided

to put it up for bids and the first bid notice is published in today's Dispatch.

The City of Post you'll also note is advertising for bids in The Dispatch this week for leasing for oil and gas the City-County airport.

In a wide variety of other actions taken by the court Monday, the court:

Approved a resolution supporting the continued

federal funding of revenue sharing.

Authorized the accounting firm of Kelly, Cole & Company to review the accounting system in the county tax office and make corrections and changes where needed.

Approved the bond on Deputy Charles R. Smith.

Authorized purchase by the county clerk's office of four new direct and indirect volumes at a cost of \$1,168.

Authorized County Treasurer Voda Beth Gradine to attend the meeting of the state retirement system, Nov. 12 in Austin.

Approved the request of Justice of the Peace Pat Kitchens of precinct 4 for a part-time secretary as long as justification is shown for one.

Canvassed the November

election balloting and found everything in good order.

The court has received a \$6,069 check from the Texas Parks and Wildlife Department as the final payment of the Southland Park Project.

The court also received a letter from Lubbock Gener-

al Hospital concerning indigency requirements for Garza County indigents. In agreement with the Garza Memorial Hospital, the indigents must complete an application and be approved by the local hospital before being accepted by the Lubbock hospital.

POSTINGS . . .

By Jim Cornish

We hope the kids really get "stirred up" over beating those unbeaten Slaton Tigers at Slaton Friday night, because we think it is within the realm of possibility.

Think what a way to close the football season by knocking the No. 6 state ranked Tigers out of an unbeaten season.

Look at it this way. The Lopes didn't give the Tahoka Bulldogs a bad game. Had they scored the two times the locals were on the one-yard-line, it would have been a darn close game.

\$100 gift for Community Center

Robert Bartlett president of Caprock CB club, presented a check for \$100 to the Post Community Center here in Post recently. He commented, "The donation is not much, but club members would like to contribute it to the center in appreciation for its community service. It is an exceptional building for club functions and other organizational functions for a town the size of Post."

"It is with our best regards and hope that in some way this contribution will help improve this fine facility for the people in Post."

And we hear the Tahoka coach said the Bulldogs were hit harder by the Lopes three or four weeks ago than by the Tigers last Friday night.

Slaton should be considered fortunate to win at Tahoka Friday night — if not downright lucky, coming from behind with a 78-yard pass play in the final minute to do it, not counting the controversial final play in the first half when Tracy White was denied a touchdown when tackled around the goal line.

Anyway, Slaton has a darn good football team and the best three backs the Lopes will see in the same backfield this season — and possibly next season as well. And they are a whole lot bigger — almost all seniors, etc., and so on.

But the Tigers hit their "high" last week for Tahoka just as Tahoka did with four straight days of pep rallies for Slaton. This (See Postings, Page 14)

STOCKHOLDERS MEETING

The Post Stamped Rodeo Association stockholders meeting has been set for Nov. 24 at 7:30 p.m. in the bank community room. All members are urged to attend.

STANDING ON HIS HEAD — That's what Benny Kennedy is doing in this Cooper game action shot when the Cooper punter went back and covered a high snap on his own 10 to turn the ball over to the Lopes. Kennedy dived over the Cooper kicker in an unusual summersault. Richard Cisneros (no. 44) and Mario Luna (No. 66) standing over the kicker. The official apparently is waving a time out call. — (Staff Photo)

Rites held for Mrs. Knowles

Funeral services for Lola Elizabeth Knowles, 86, a resident of Post since 1911, were conducted Sunday afternoon at 3 p.m. in the Calvary Baptist Church, with Morgan Ashworth, pastor, officiating.

Mrs. Knowles died Nov. 7 in West Texas Hospital in

Lubbock following a short illness. She was a member of the Baptist Church.

She is survived by one sister, Dessie Duren of Post. She was preceded in death by her first husband, Jess Hays in 1949, one daughter, Lila Mae Mickey in 1947 and by her second husband, Clyde Knowles in 1974.

Pallbearers were Joe Duren, Roy Brown, Marvin Williams, Don Hays, Jerry Hays and Paul Duren, Jr.

United Fund is now at \$3,877

Donations for the 1981 Garza United Fund drive climbed to \$3,877.50 this week toward its \$11,175 goal.

Most of the amount received so far have come from the big business division, but not all. The Post teachers unit has made its joint major gift and one big check has been received in the farm and ranch division.

Most business division workers have yet to report back the first time and none of the other division heads have reported.

Jim Cornish, drive chairman, was pleased to note several increases in contributions in the business division as the United Fund goal was hiked about a thousand dollars above last year's goal.

Cornish said he would like to see as many division chairmen and reporters report complete by the end of next week.

He pointed out it is difficult to complete the fund campaign once the Christmas season arrives after Thanksgiving.

New night deputy is hired here

Charles Smith of Wilson has been hired as a Garza night deputy here to fill the vacancy left by the resignation of D. O. (Rob) Robinson from the sheriff's force here, Sheriff Jim Pippin has announced.

Robinson quit his law enforcement job to accept a position as a truck driver for the Compton Corp. here.

Smith is a certified officer with a year's experience, Sheriff Pippin said.

Hospital given 14 dry arrangements

Mrs. Marjorie Compton has presented Garza Memorial Hospital with 14 new flower arrangements, one for each room, one for the lobby and one for the offices.

Mrs. Compton decided after a stay in the hospital here that the rooms were in need of new arrangements and made the arrangements out of silk and dried flowers to coordinate with the rooms' drapes.

The OB room arrangement features blue and pink flowers with a huge stork in the center holding a diaper which can be changed to either pink or blue to suit the tenant at the time.

The lobby arrangement is a huge circular silk flower setting with fall colors.

Mrs. Compton said she wanted to do something for the hospital and decided to

Junior Girl Scout registration set

Junior Girl Scout registration will be held Monday Nov. 17 at 4:30 p.m. in the Girl Scout House, 506 West 7th. Permission slips will need a parents' signature at this time.

Betty Binford is the Scout leader of the 4th and 5th grade troop.

For further information call Patty Kirkpatrick, 495-2865.

NEW FLOWER ARRANGEMENTS — Mrs. Marj Compton is shown with the lobby arrangement she completed to donate to Garza Memorial Hospital. The arrangement features fall colors in silk and dried flowers. — (Staff Photo)

Dispatch Editorials

Page 2 Thursday, Nov. 13, 1980 The Post (Tex.) Dispatch

The census showdown

The census showdown for 1980 is nearing. The district census offices have done their work and closed up shop.

There's no question that they have failed to count every American. They admitted they didn't do it in 1980 or 1970. Now there has been even more complaint about the 1980 effort.

Statisticians in this country keep tab of America's population growth each and every year. Best guess is that the 1980 census will miss about 10 million or more Americans in its nose count.

The ghettos of the big cities obviously pose the biggest problem for census takers. They are dangerous places to visit in broad daylight.

The Dispatch has been concerned about the Post census count. One would think in a small town like this everybody could be counted rather easily.

But a Sunday afternoon counting houses last summer convinced us — if nobody else — that a lot of houses (with people in them) weren't being counted in our poorest section of town.

The census case has gone to court in Detroit and a federal judge has ruled in the city's favor that the census bureau must either make an accurate count or make a reasonable adjustment for all those missing persons.

So this decision is progressing we would presume to the higher courts — and it could affect the counting throughout the country in the end.

The Dispatch is pleased to see that at least Post and Garza county didn't lose population this time, but at present are both showing small gains on new figures released last weekend. But the count isn't as big as it ought to be by a whole bunch.

Looking ahead to 1982

State politics are starting a slow boil in preparation for all the 1982 state races which will see a full slate of officers elected by Texas voters.

The first hat into the ring came last week from State Comptroller Bob Bullock who has declared himself running for a third four-year term for comptroller.

This appears to take Bullock out of the race for the Democratic nomination for governor.

Nobody has declared himself as yet for governor. But after the GOP landslide of last Tuesday most Democratic challengers to Governor Bill Clements have adopted a wait and see attitude.

In particular they want to see how Clements will fare with the Democratic-controlled Texas legislature in January.

Clements will be pushing for voter initiative and referendum and wiretapping in drug cases. Both were planks in his 1978 platform which he didn't get through the last legislature.

The biggest battle Clements will wage with the legislature probably will be on budget matters and on reducing the size of state government.

Clements hasn't been able to come anywhere close to his promise of trimming 25,000 employees from the state payroll, but after two years in office he has learned a lot and may be able to go a long way down this road in the next two years.

Gov. Clements hasn't announced whether or not he will seek a second term, but observers expect him to make the race in 1982.

Former Texas Attorney General John Hill, whom Clements soundly thumped in the 1978 governorship campaign, will watch what Clements gets accomplished with the legislature before making up his mind. But he's interested.

Two others being mentioned frequently for the Democratic gubernatorial nominee are Attorney General Mark White and John White, former Texas Commissioner of Agriculture and currently the National Democratic Party chairman.

Attorney-General White, who has drawn strong support from the minorities in past elections, faces a tough decision before examining his 1982 political aspirations.

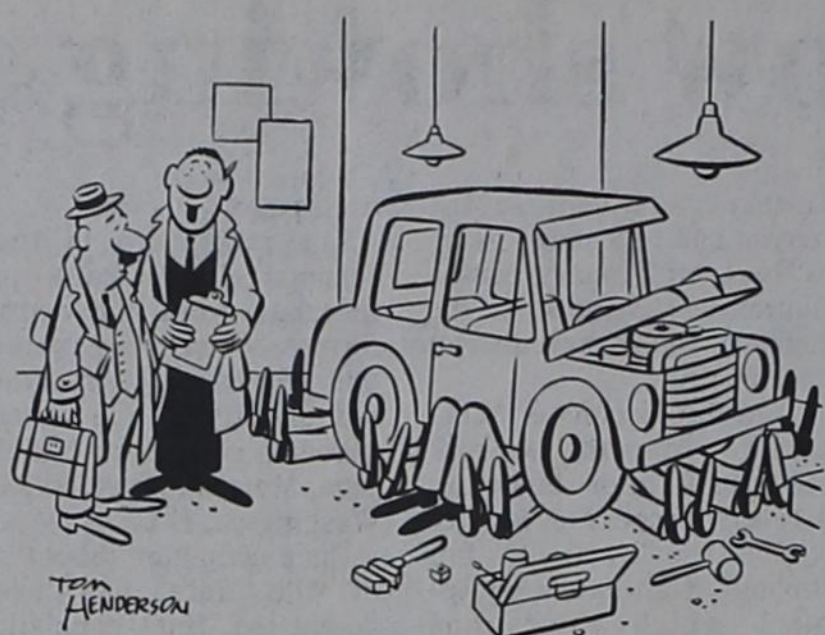

He has been asked to rule on whether Prairie View A & M University and Texas Southern University, two black schools, have been denied a share of proceeds from the rich Permanent University Fund in violation of provisions for education of "colored youths". What's more, if he rules the wrong way he may be taken to court on his ruling. Consequently this could be a long and drawnout process which certainly will affect his minority support.

Democratic Chairman Chairman White needs to patch up a bit on his Texas support base after being away in Washington. He'll also have to reestablish himself with Texas voters who easily forget a candidate if he doesn't stay in sight — and within sound of the voters.

While Republicans registered some gains in the Texas legislature, Democrats will be in control although two or three of leading state senate liberals have been turned out by the voters, just as they were in the U.S. Senate.

Democratic legislative leaders will have to be careful not to be too brazen in their opposition to Clements because of the strong conservative surge last week. Some tactless moves might cost them a lot of legislative seats in 1982, if that conservative tide is still running in two more years.

The next two political years in Texas are shaping up as in the "darned interesting" category.

But along with the many services we offer, you will find a dedication to the prosperity of Post and Garza County that sets us apart . . . We're your bank in Garza County.

THE FIRST NATIONAL BANK

LETTERS to the Editor

THANK YOU KELLY!

Dear Editor:
I didn't know who else to write to, but I'm sure you will print this for me. It's really thank you more than anything.

My friends and I were on our way back to Texas Tech after a weekend at home and our car broke down about five miles out of Post. Well, luckily I had my CB on. Some friends of mine stopped to help but we didn't have enough tools.

A man and a woman heard us on the radio calling for help. He took it upon himself to come all the way out there and get us going again, and to my surprise he didn't charge me anything for it.

The only thing I know about him is that he works at the John Deere house and drives a blue chevy pick-up. I and my friends would like to thank him again.

Post should be proud of having citizens like that who do think of others and not take advantage of certain situations. We would have been in a lot of trouble if it wasn't for him and his wife. Thank you very much.

David Hageman
Betty Donham
Cherly Endebrock

Lubbock, Texas
(Editors note — Taylor Tractor reports its employee who drives a blue chevy pickup is Kelly Mason.)

UNDERGOES SURGERY

Dear Editor:
Billy Snow is having plastic surgery in Louisiana. He's been through one and gone through it real good. He got out of the hospital Monday and is recovering at his sister's home in Bossier City, La. He has to go through another surgery before Christmas.

Billy has great courage and faith. Everyone who knows Billy Snow, please pray for him. Send him cards, letters, and gifts. Let him know all his home folks are thinking of him. That

would mean a lot to him to give him your courage and love.

It takes a lot of faith and determination to go through what Billy is going through.

His address is: In care of Helen Long, 1052 Meadowview Drive, Bossier City, La. 71111.

Opal York

Middle School has 50's day

By Frances Cendalski
The Post Middle school students are having a 50's Day today in honor of the last football game of the season. Students may come to school dressed as students of the 50's.

There will be a contest for the best dressed male and female. A prize of five dollars will be awarded at the pep rally.

The cheerleaders will do some yells and the band will play period music. The pep rally will be at 12:40 p.m. in the Junior High gym. The public is invited.

The student council will be sponsoring this activity.

Carnival is big success

The annual Graham Community Halloween Carnival was very successful with a large crowd turning out for the fun and games.

Proceeds from the event will be used for repairs and to the operating fund for the Community center building. Approximately \$900 was raised.

Winners of the costume contests were Wendy Nelson, daughter of Mr. and Mrs. Ronnie Parrish, and Derick Dunn, son of Mr. and Mrs. Ronnie Dunn.

Mrs. Juanita Peel was named winner of the black and white portable TV with Bob Lusk guessing the nearest correct number of M & M's in the jar.

The donation of cakes was tremendous with approximately 20 cakes being sold at a bake sale Wednesday morning.

Slides shown of 4-H short course

Lance Dunn and Benny Jackson, who attended the National 4-H Citizenship Short Course which included a trip to Washington D.C. and through the South last summer, showed slides of their trip to Post Rotarians at their weekly luncheon Tuesday in the community center.

Huntley Nursing Home News

We were very happy to have an art show conducted by Louise Lindsey and Edna Cook Saturday. Edna is Andrew Cook's wife and Louise is his daughter. They

brought a variety of ceramics they had made and explained the process required to make ceramic products. It was very interesting to view the

different steps from molds to kiln to painting and glazing. Louise painted a dog planter for us and brought many items already completed. Some items were purchased after the show. They will be back with us in two weeks. Our thanks to them and we will be looking forward to their

return visit.

In crafts this week we are making snowmen, fabric Christmas trees and filling orders for octopus made of yarn. We want to thank Faye Maddox for helping with our craft program Thursday.

Some interesting facts were brought up Wednesday

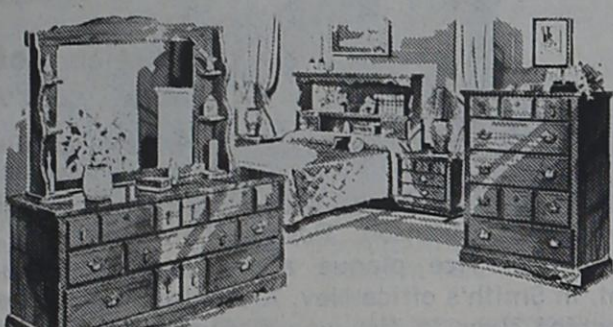

during our discussion in quilting, old books and past history. Mrs. Gladys Woods recalled the first school she attended in Post was in a tent. Mrs. Woods moved to Garza County in 1907. Our discussions are open to all and we would like to invite you to attend. There is a lot of history in our home.

Willie B. Sullivan and Bonnie McMahon went shopping Friday. Nell Mathews accompanied them on their trip to town. Thanks to our kind neighbor for the turnips and greens and the offer of more. We really did enjoy them. Thanks to our regulars

The Post (Tex.) Dispatch Thursday, Nov. 13, 1980 Page 3 Patsy Craig every Tuesday for her Bible Class and to Noel White for his Thursday music time with us. They are very faithful and we appreciate the time they spend with us. Bingo was made fun with the Ladies of the Graham Home Demonstration Club. They help us play and bring us refreshments. This week we were served lemon cherry punch and pound cake by Bernita Maxey, Irene Fluit, Willie Mason, Jewel Parrish, Nona Lusk and Nell Mathews, social activity director at our home. Games are always more fun when you have (See Huntley news, Page 7)

Thank You

GRATITUDE
Perhaps you sent a lovely card, or sat quietly in a chair; perhaps you sent a floral piece, if so, we saw it there. Perhaps you spoke the kindest words, as any friend could say; perhaps you were not there at all, just thought of us that day. Whatever you did to console our hearts, we thank you so much, whatever the part.

We thank those who brought food to the home and the ladies who served it. We thank you all.

The family of Mrs. Molly Kelley Rev. Arthur Kelly

We are indeed grateful for the many kindnesses shown us during our recent bereavement. To all those who comforted us with flowers, food, and most of all, their presence, we can only say, "Thank you and God Bless you."

The family of Lola "Pickle" Knowles

The National Traffic Safety Association reports 50,745 fatalities in 1979 traffic accidents, an increase of 0.8 percent over 1978 total of 50,327. Motor cycle deaths increased 52 percent since 1975.

The smaller, lighter car is going to be a larger percentage of vehicles for some years to come. Unless the structural integrity of small cars is improved, the risk of death or serious injury to occupants will increase two-fold.

8th graders learn voting procedures

By **PATTY HALE**
The Post Middle school eighth grade students enjoyed a visit to the student commons room on election day and were treated to a great history lesson. Mrs. Adams, their teacher, and ladies who were in charge of the voting in the presidential election, explained some of what was taking place for the students.

The longest commonly performed opera is Richard Wagner's "Die Meistersinger" which usually runs for 5 hours, 15 minutes.

Gladys and E.B. Morgan
Celebrate 50th Anniversary

Justiceburg pair honored on 50th

Mr. and Mrs. E. B. Morgan of Justiceburg were honored by their children and grandchildren with a celebration of their 50th wedding anniversary, Saturday, Nov. 8. The open house and barbeque was held at their home in Justiceburg.

Gladys Pettigrew and Ewell Morgan were married Nov. 9, 1930 in Lamesa, Texas. Both grew up in the Justiceburg community.

Hosts for the celebration were the couples' four sons, Laurence of Pecos, Philip of Phoenix, Arizona, Bryan of Arlington and David of Austin.

Guests were welcomed by the sons, and members of their families. Granddaughters served cake and punch during the reception. The meal was catered by Jackson's of Post.

All but two of the 14 grandchildren were present and they also had two great grandchildren at the celebration.

Guests attended from Post, Phoenix, Arizona, Roscoe, Stanton, Slaton, Brownwood, Brownfield, Lubbock, Los Cruces, N.M., Arlington, Pecos, Austin, Mesquite and Snyder.

The first night game in baseball history was played on June 2, 1883 in Fort Wayne, Indiana.

'OS weekend' volunteers given 'thank you' party

Approximately 75 of the persons who helped make the 1980 "OS weekend" such an outstanding success early last month were appropriately thanked at the community center Monday evening.

Along with their husbands or wives, they attended a dinner-dance hosted by Jim Prather and West Texas Boys Ranch.

A catered Mexican meal was served with the Rex Thomas band from Lamesa providing the western music for the dance which concluded the evening.

Prather, Hudson Russell, president of West Texas Boys Ranch, and Dave Gottshall, executive director of the ranch, all took their turns with the thank you.

Appreciation gifts were handed out to all workers attending and also will be distributed to about 50 more volunteers who didn't make the "thank you" party.

Those who assisted with the art exhibit were given planters in the form of Levi Wranglers, reportedly made at West Texas boys ranch.

Cowboys, gatekeepers, and a variety of other volunteers were given an OS Ranch cap, a West Texas Boys Ranch cap, and a pocket knife.

A \$500 scholarship was presented to the Tech Rodeo Association.

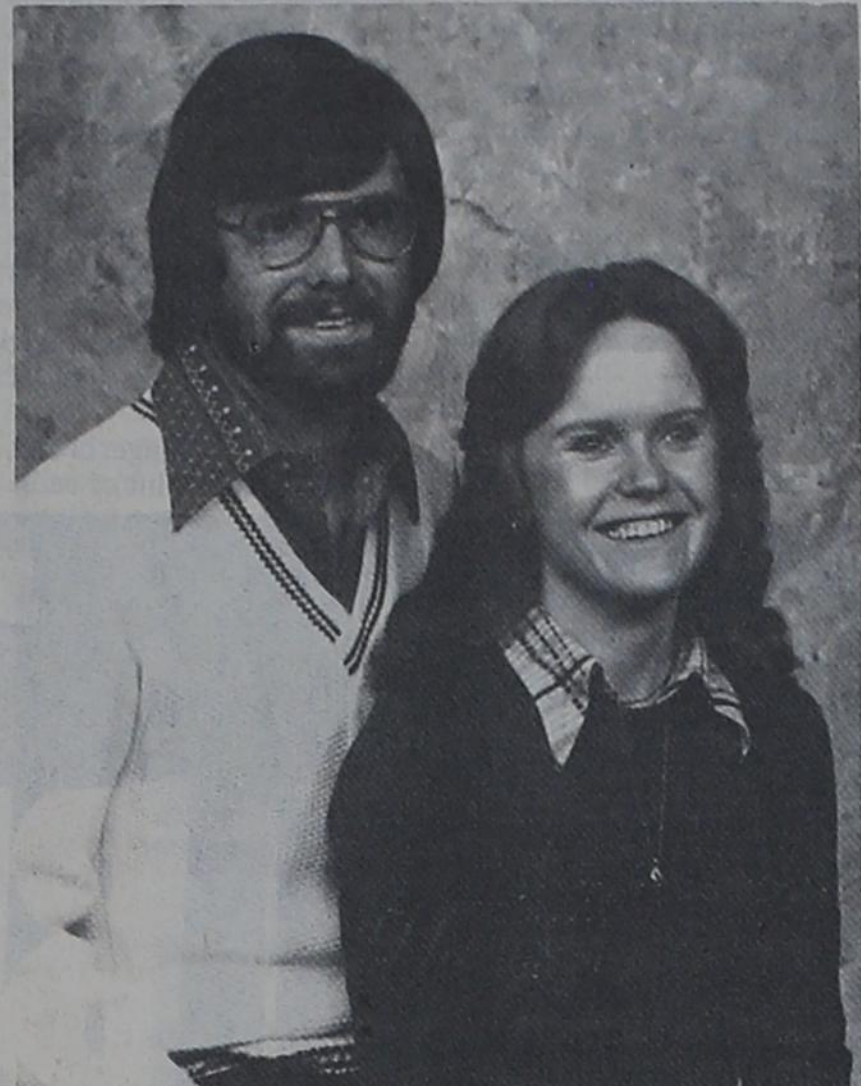

Coffee mugs with OS Ranch markings were given Texas Tech co-eds who assisted.

To members of the "OS weekend" committee went matted copies of the OS Catalog cover autographed by Wayne Baize who painted it.

To the eight "OS weekend" directors and their wives and to some longtime sponsors prints of the 1980 Catalog cover painting by Biaz and autographed by

him. They included Jim Prather, Jack Alexander, A. C. Cash, Giles Dalby, Lin Helton, Jack Kirkpatrick, Giles McCrary and Mike Mitchell, and Bill Price.

There was some horse-play, led by Prather, over a photo studio Helton helped Ed Neff "build", and the first picture, uniquely framed, which came out of the new studio.

ENGAGEMENT ANNOUNCED — Mr. and Mrs. Elvius Davis announce the engagement and approaching marriage of their daughter, Patricia, to Keith Whitworth, son of Mr. and Mrs. Don Whitworth of Lubbock. The couple plan a Feb. 14 wedding at Broadway Church of Christ in Lubbock.

Woman's life in Saudi Arabia told

"A woman's life in Saudi Arabia" was the topic of the program presented by Mrs. Bill Ramage at the Gamma Mu Sorority Monday evening.

The sorority is studying foreign countries this year and Mrs. Ramage told of experiences while living in Saudi Arabia for almost seven years. She had several items that she and her husband had purchased on their travels on display including a brass service for 12, raw gems, jewelry, hand embroidery, batik pictures, and wooden and stone carvings.

All of the group decided that they were glad to live in America.

Jane Mason was hostess

**Pair honored
with supper**

The ranch home of Mr. and Mrs. Jack Lott was the setting for a supper honoring Miss Carol Camp and her fiancé, John DeViny Sunday, Nov. 2 at 7 p.m.

Thirteen guests were present for the steak supper, including special guests, Frances Camp, mother of the honoree.

Thirteen guests were presented with a brass tray from the hosts.

The couple will wed Saturday, Nov. 15 in the First Presbyterian Church.

**Sorority has
fall rush**

Fall rush activities for Gamma Mu Sorority have included a model meeting which was also a salad supper.

Plans and projects for the new year were discussed with the educational theme to be foreign countries "Around the World with Gamma Mu".

Guests attending were Tommie Williams, Debbie Mason and Patricia Metzgar.

The sorority also enjoyed a night out with dinner in Lubbock followed by bowling as the rush social. Ten couples attended.

**Mrs. Eubank
is honored**

The Community Room of the First National Bank was the scene Saturday morning for a surprise layette coffee in honor of Mrs. Gregg Eubank.

The approximately 35 guests called between the hours of 10 and 11:30 a.m. They were registered by Mrs. Eubank's sister, Anissa Wyatt.

The guests were greeted by Mrs. Eubank, her mother, Mrs. Sid Wyatt, and her mother-in-law, Mrs. James Eubank of Brady.

Special guests from out-of-town included Mrs. Chris Wyatt of Midland and Mrs. Bert Cornelius of Ralls.

The serving table was covered with a yellow cloth and centered with a silk flower arrangement surrounded by Papa, Mama and Baby Rabbit. Silver and crystal appointments were used.

An assortment of homemade breads, chocolate cinnamon rolls, coffee and spiced tea were served. Miss Peggy Jackson served.

The twelve hostesses presented the honoree with a pine high chair. They were: Mmes. Loveta Josey, Sue Maxey, Donna Aten, Jane Mason, Lola Mae Ledbetter, Jennie Cowdrey, Judy Bush, Cindy Mitchell, Orabeth White, Mary Stone, Helen Miller and Diane Graves.

Polly Cravy heads guild

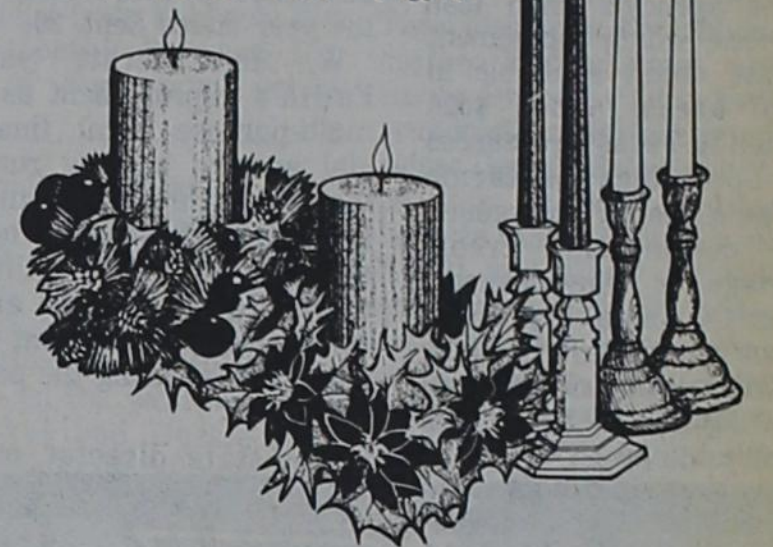

Polly Cravy was elected president of the Post Art Guild when it met in the home of Billie Lou Robison Tuesday, Nov. 11 at 7 p.m. Other officers elected for the new year were vice president, JoAnne Mock, treasurer, Billie Lou Robison, Program chairman,

Minnie Ola Stewart, secretary, Nancy Childers and telephone chairman, Quinie Cook.

The guild also made plans for its annual Christmas party.

It is better to sit tight than to drive that way.

FmHa spends \$837 million in Texas

TEMPLE — Texas received \$837 million during fiscal year 1980 in loans and grants by the U.S. Department of Agriculture Farmers Home Administration (FmHa) supporting farms, home improvement and community development in rural areas, FmHa State Director, W. H. Pieratt, reports.

The agency's farm loan services, which supplement private credit available in rural areas, added \$524 million to Texas's resources for operations of farms during a year of emergency and commercial credit shortage for many farmers. FmHa home loan programs accounted for \$134 million to build or improve 3,847 homes in town and countryside areas.

Loans and supplementary grants to improve rural community water, sewer, health, fire protection and other public facilities totaled \$78 million for 164 projects throughout the state.

FmHa's service in guaranteeing commercial loans for business and industry that employ rural people accounted for \$101 million in the year ended Sept. 30.

W. H. Pieratt said FmHa's improvement as a multi-purpose rural financial agency, serving rural localities through county and district offices, has resulted in \$1 1/4 billion more farm credit and community development in rural Texas during the past two years.

The state director em-

phasized that FmHa has been given a lead responsibility in the system introduced this year to coordinate the Federal Government's rural development assistance with goals adopted in local and regional areas of the states.

"This action to implement the Rural Development Act has provided a clear channel of communication from localities, through their state development organizations, to highest levels of Washington for finding resources to meet the greatest needs of rural areas," W. H. Pieratt said. "We expect to further improve this system of cooperation during the coming year."

The National Safety Council reports Texas deaths for 1979 were 4,175 as compared to 1978's 3,921. Injuries were 184,232 as compared to 175,228 for 1978. This is an increase of 6 percent in fatalities.

Lunch Menus

LUNCH

Monday, Mexican meat loaf, sweet peas, lettuce salad, sweet potato cake with icing, cornbread and 1/2 pint of milk.

Tuesday, spaghetti and meat sauce, green beans, cookies, pears, garlic bread and 1/2 pint of milk.

Wednesday, turkey burger, lettuce, tomatoes, pickles, onions, buttered corn, fruit salad, home made buns and 1/2 pint of milk.

Thursday, burrito, lettuce salad, breaded zucchini, raisin cobbler and 1/2 pint of milk.

Friday, hot dogs with chili, pinto beans, cabbage slaw, chocolate pudding, home made buns and 1/2 pint of milk.

BREAKFAST

Monday, assorted cereal,

Cotton harvest picks up speed

LUBBOCK — Daily cotton sample receipts for Lubbock, Levelland and Brownfield ranged from 30,000 to 38,000 this week, according to Mack Bennett, Area Director at USDA's Marketing Services Office in Lubbock. Receipts ranged from 12,000 to 20,000 during the prior week.

Several gins operated around-the-clock while many expect to go on 24 hour schedules late this

fruit and 1/2 pint of milk. Tuesday, hot cake with syrup, fruit and 1/2 pint of milk.

Wednesday, oatmeal, bacon, toast, juice and 1/2 pint of milk.

Thursday, rice, sausage, toast, juice and 1/2 pint of milk.

Friday, gingerbread, peaches and 1/2 pint of milk.

week or early next week, Bennett said.

Many ginner estimates they were one-fourth to one-half through the season, while one guessed as high as three-fourths.

Lubbock's office classed 97,000 samples during the week ended November 6 as the classing staff increased to 39 from 28 a week earlier. This brought total samples graded at Lubbock this season to 213,000. About 63,000 samples had been classed by the same date last year.

Predominant grades during the week were grade 42 at 56 percent, grade 52 - 14 percent and grade 41-12 percent. About three percent were reduced one grade because of bark, according to USDA's Agricultural Marketing Service. Staple 32 was predomi-

nant at 34 percent. Staple 31 was 30 percent followed by staple 33 at 13 percent.

Average staple for the week was 31.9, up from 31.0 a week earlier.

Micronaire readings of

35-49 accounted for 73 percent. One percent miked higher while 26 percent were lower. The week's average miked at Lubbock was 39, down from 40 a week earlier.

WACO — Nearly 2.3 million veterans, 240,000 surviving spouses and more than 83,000 children of deceased veterans will receive larger Veterans Administration compensation checks in November, VA Administrator Max Cleland announced today.

The increase is the result of recent Congressional action signed into law October 7, by the President which hiked compensation rates by 13 percent for those rated from 10 to 40 percent disabled, and 14.3 percent for more seriously disabled veterans.

Dependency and indemnity, compensation rates for surviving spouses and children of veterans were increased by 14.3 percent also.

Effective on October 1, the new rates will be

reflected in checks received November 1.

The legislation made several other changes in VA benefits, including:

An increase from \$25,000 to \$27,500 in the amount of a VA home loan guaranty for conventional homes, and from \$17,500 to \$20,000 for mobile home loans;

Payment of up to \$5,000 for special housing adaptations for veterans with service-connected blindness in both eyes (5-200 visual acuity or less), or with the loss, or loss of use, of both hands;

Provision of headstones or grave markers for a veteran's wife, husband or child buried in a state veterans' cemetery;

Improved pensions for military retirees whose retirement income falls below the poverty level.

The legislation also provides relief for veterans who obtained mortgages during periods of high interest rates and later find they can obtain refinancing at lower rates.

Previously, VA loan guaranty eligibility required that a mortgage be paid off and the property disposed of before a veteran was once again eligible for a VA mortgage guaranty. The new law permits refinancing of the existing mortgage and VA guarantee of the refinanced loan.

Lopes blitz Cooper with 10 touchdowns

Seniors get 9 in home finale

Coach David Thompson's Post Antelopes set a modern day PHS football scoring record in Antelope Stadium Friday night as 14 seniors playing their last home game rang up nine of Post's ten touchdowns in walloping the last place Cooper Pirates, 66 to 7.

The Lopes scored in almost every conceivable way — two 80-yard kickoff returns, a 65-yard punt runback, three on passes, two of which were accurate "long balls", one on a 58-yard dash from the line of scrimmage. The other three were more conventional line plays from the Cooper 10, 5 and 1.

Alonso Luna, Drew Kirkpatrick, and Mark Holly — the Lopes' offensive standouts all season — had a field night.

Offensively, each had the best game of his high school careers.

Tailback Luna scored four touchdowns, had 141 yards rushing in 12 carries and 80 yards on a game-opening kickoff return for a total of 221 total yards.

End Mark Holly had three touchdowns, two coming on long pass receptions in the first quarter and the other on an 80-yard kickoff return in the fourth. He had three pass receptions for 116 yards and intercepted a pass in the final period to set up the Lopes' last touchdown.

Quarterback Kirkpatrick completed seven of 10 passes for 149 yards with no interceptions, scored a touchdown on a 65-yard punt return, and rushed for 72 yards on eight carries for a yardage generated total of 286 yards and four touchdowns.

David Foster, reserve quarterback, also had his own "night" as he took an eight-yard pass for one touchdown, caught a two-point conversion toss and wound up with three receptions as an end. That's not all as he finally got a fourth quarter opportunity to take over the quarterback controls.

He then proceeded to guide the Lopes 44 yards for their final touchdown with sophomore Richard Cisneros, starting fullback in place of Senior Barry Wyatt, scoring it from the one.

The Lopes didn't exactly set any records in their conversion efforts after the ten touchdowns with regular kicker, Gary Lamb, a junior, booting two of four and not getting a kick after the first td because of a high snap.

Junior Mike Sullivan missed one extra, senior reserve Ronnie Compton, and sophomore Will Kirkpatrick each hit one, and senior guard Chris Beggs missed one. The other conversion effort was a successful two-point pass.

This is the way all the action went:

The Pirates were fooled by the Lopes' game-opening kickoff handoff and Luna had only one defender to beat in dashing 80 yards for the score. He faked him out when he was 10 yards away.

The snap on the conversion point was high and holder David Foster threw incomplete into the end zone.

The next time the Lopes got their hands on the football after forcing a Cooper punt, Kirkpatrick rolled left and hit Holly behind his defender for 51 yards and a touchdown. Kirkpatrick then passed to Foster for a two-point conversion making the score 14-0 with less than two minutes gone in the first

period.

The Lopes forced another Pirate kick, took over on their 41 and went 59 yards in three plays, overcoming a 15-yard penalty in addition and a callback of a 20-yard end run by Kirkpatrick on the flag.

This time Kirkpatrick found Holly again behind the Pirate secondary for 43 yards and the third touchdown. Gary Lamb converted for a 21-0 lead and the opening quarter still wasn't half gone.

Cooper marched 47 yards from the kickoff before losing the ball when Kirkpatrick intercepted a Cooper pass in his own end zone.

Early in the second period a bad Cooper center snap sailed over the head of Pirate punter Randall Durrett on fourth down. That gave the Lopes the ball on the Cooper 10 and Luna ran it in standing up on the first scrimmage play. Lamb's kick was low.

On Post's next possession, Luna broke 58 yards for his final touchdown when he bucked off two tacklers five yards beyond the scrimmage line and picked up a bevy of downfield blockers. This time Lamb's conversion kick was wide right.

With 2:27 left in the half, Cooper recovered a Post fumble on the Lopes 30 and punched it down to the 10 where the Lopes held on downs. Kirkpatrick broke for 27 yards to the Post 40 as the half ended.

The first time the Lopes got the ball in the third they went 59 yards to score in eight plays with Kirkpatrick passing the last eight yards to Foster for the td. Lamb converted and it was 41-0.

When the Lope defense forced Cooper to punt, Drew Kirkpatrick playing safety fielded the ball and raced 65 yards for a touchdown. Mike Sullivan missed the conversion kick.

The Pirates were forced to kick four plays after the next kickoff. The Lopes starting from the Cooper 48 scored in eight plays — three of them passes for 41 yards — with Luna slamming it across from the five. Compton made his conversion kick.

Cooper then rallied to march 65 yards from the kickoff to its only touchdown with Glenn Buxkemper sweeping right end from the five.

Glenn Bednarz converted and it was 53-7.

Cooper then kicked off for the second time of the game. This time Holly took the handoff about the 20 and broke up the middle for the ninth touchdown with an 80-yard run.

Will Kirkpatrick converted from placement.

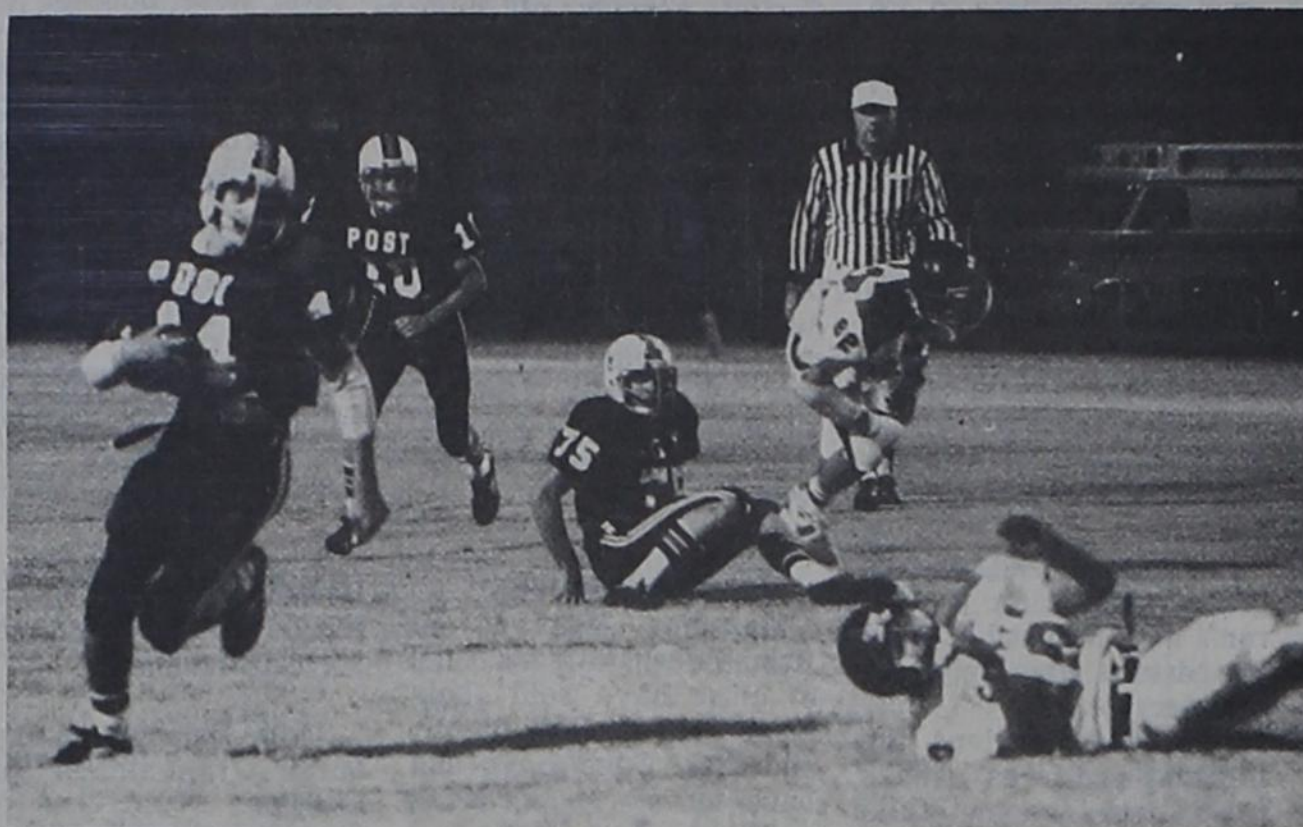

When Holly intercepted a Cooper pass and returned it to the visitors' 44 to give the Lopes a final scoring opportunity, Foster moved to the quarterback controls. This drive wasn't easy as officials stepped off three 15-yard penalties against the Lopes, making it really an 89-yard drive.

Sophomores W. Kirkpatrick and Cisneros each got off two sparking runs on this one. Foster got eleven himself on two keepers with Cisneros going the final yard with 2:32 left on the clock.

Chris Beggs then missed the final conversion kick.

Cooper fumbled on its own 40 on the final play of the game and Benny Kennedy recovered for Post.

Cisneros had 57 yards in nine carries and Will Kirkpatrick 16 in two.

GOOD GAIN — Sophomore fullback Mike Cisneros rips off a big gain against the Cooper Pirates here Friday night as the Lopes totaled over 600 yards in total offense, believed to be a modern PHS record if not an all-time record. (Staff Photo)

Post frosh in 30 to 6 win

Tailback Milton Williams scored four touchdowns last Thursday night at Cooper to lead the Post freshmen to a 30 to 6 triumph over the Cooper frosh.

After a scoreless first period, Williams scored from 12 yards out to cap a six-play Post scoring drive. Quarterback Robbie Williams passed to End Jeff Sharp for the two conversion points.

That was all the first half scoring.

In the third, Milton climaxed a 10-play Post drive with a four-yard touchdown run. Wingback Daniel Gonzales got the two conversion points on an end sweep.

Cooper then got its touchdown after recovering a fumble on the Post 10 and scoring on the third scrimmage play.

In the fourth period, M. Williams broke loose on a 50-yard scoring jaunt for the third Post touchdown. A

little later he returned a punt 60 yards for the final touchdown. Quarterback Dale McVay passed to Charles Johnson for the two final conversion points.

Post had two touchdowns called back in the first half by penalties. One of them was a 70-yard run by Williams and the other a 50-yard sprint by Gonzales.

Both Gonzales and M. Williams each also had a pass interception.

Milton rang up 116 yards in 21 carries and had 95 yards in return yardage for a total of 211 yards. Gonzales had 80 yards in eight carries and Fullback L.D. Harper 32 yards on five carries.

James Brown caught three passes for 56 yards.

The freshman team will close out its 1980 season here tonight in Antelope Stadium against the Slaton frosh at 7:30 p.m.

Middle school gal cagers in preseason scrimmages

The Post Middle School 7th and 8th grade girls began their basketball season Nov. 3 with a scrimmage at Floydada and scrimmaged here Monday night, Nov. 10 against Ralls.

Another scrimmage is set Nov. 17 here against Crosbyton before regular play begins.

They will open district play at Cooper Monday, Dec. 1, with the remainder of the schedule as follows:

Dec. 4-6, Jayton Tournay, 8th grade girls and boys.
Dec. 8, Slaton, here.
Dec. 15, Frenship, there.
Jan. 5, Tahoka, here.
Jan. 12, Roosevelt, here.
Jan. 19, Cooper, here.
Jan. 26, Slaton, there.
Jan. 29-30, Shallowater Tournay, 7th girls and boys.
Feb. 2, Frenship, here.
Feb. 5-7, Snyder Tournay, 7th and 8th girls.
Feb. 9, Tahoka, there.
Feb. 16, Roosevelt, there.
Seventh grade girls include Stacy Bell, Golden Capps, Traci Craft, Rochel-

le Delarosa, Judy Dudley, Gina Green, Krishna Mason, Bunny Miller, Karen Moore, Rene Smith, Marcie Sneed, Michelle Soliz, Risa Willard and Kerry Thuet.

The eighth grade girls roster includes 26 girls who are: Delhanna Baldree, Frances Cendalski, Andra Cox, Cathy Davis, Jannette Evans, Marta Holly, Vicki Green, Roxanne McClellan, Missie Helton, Lisa Huntley, Carla Odum, Jana Middleton, Kayla Peel, Patricia Price, Regina Roberson, Raenell Rogers, Cynthia Samora, Kim Scott, Melissa Striblin, Mendy Tatum, Jackie Wartes, Misty West, Jan White, Channa Williams, and Rhonda Williams. Lu Allen coaches both 7th and 8th.

8th graders tie Cooper, 8 to 8

Post's eighth grade defensive unit played one of its best games of the season here last Thursday night, as the eighth graders battled Cooper to an 8-all standoff.

Post got its points early driving 48 yards for a touchdown after a couple of kick exchanges. From the 12 yard line, Quarterback Danny Storie passed to End Rod George for the touchdown on fourth down. Fullback Albert Nava ran in the two-point conversion.

Cooper drove to the Post five late in the second

period, but Post held for downs as the half ended.

After returning the second half kickoff to midfield, Post fumbled the ball away on the third scrimmage play.

Cooper broke a back open after the recovery for 52 yards and its only touchdown and then ran in the conversion points to tie the game.

Neither team threatened the rest of the game.

Post had only 128 yards total offense against a

strong Cooper defense.

Tailback Greg Masey picked up 65 yards in 14 carries, Nava 30 yards in seven, Wingback Rodney Hays 16 yards in three.

Coaches told The Dispatch: "The entire team should be recognized as far as effort is concerned. This bunch is going to be real tough because they learn quickly and the effort is always there."

The 8th graders will close their season tonight in a 7:30 p.m. start in Slaton.

Lopes seek upset over Slaton Friday

Although the Slaton Tigers have clinched the District 4AAA playoff birth by beating Tahoka's Bulldogs at Tahoka last Friday night, Coach David Thompson's Lopes still have a chance to blow their unbeaten season to pieces in the district grid finale for both teams at Slaton Friday night.

Slaton pulled out their victory over Tahoka on a 78-yard touchdown pass play in the final 28 seconds Friday night to come from behind.

Slaton was lucky to win at Tahoka as two Tahoka defenders went for the interception on the winning pass play and knocked each other out of it.

Psychologically, the Tigers should find it hard to peak again for the Lopes, which is a point in the locals' favor and they need all the advantages they can find.

"Slaton is a very good football team, very big, and with three outstanding backs," Coach Thompson told The Dispatch Tuesday afternoon.

Kevin Johnson is a real

stickout at quarterback. He's an 181-pound senior. Jesse Titus, who demolished the Lopes with his bulging runs last year, is the 210-pound senior fullback. The real swiftie is Michael Whaley, the 170-pound senior tailback.

If the Lopes hand't lost that heartbreaker to Frenship two weeks ago, the Lopes would be playing Slaton for a share of the district title.

Incidentally, the decisive play in that loss to Frenship was an interception by Safety Pat Gaston in the end zone with only 36 seconds on the clock. Gaston was injured on the play and carried off the field.

Coach Thompson reports Gaston injured his knee on the play, has undergone knee surgery and was lost to the Tigers for their final two district games.

The Slaton Tigers run out of a slot I offensive formation and play a 5-2 defense.

They start 10 seniors and a sophomore tackle on the offensive unit, and nine seniors, one junior and one

sophomore on the defensive platoon.

Not only will the Lopes end their football season Friday night, but Post's other four teams will wind it up tonight with three of them playing for district championships.

The Post JV's must beat undefeated Slaton JV's here tonight to share the district JV crown with Slaton.

The Post freshmen can win district outright with a victory over the Slaton frosh in Antelope Stadium at 5:30 p.m., and will share the title if they lose.

If the Post eighth graders win at Slaton tonight they will win or share the district crown with Cooper, depending on how Cooper comes out tonight.

Only the Post seventh grade team will not be playing for a district title. They have a 3-5 record for the season and to date are 2-2 in district play.

The JV's are 6-3 for the season and 3-1 in district. The freshmen are 7-1-1 for the season and 4-0 in district play. The eighth graders are 5-1-2 overall and 2-0-2 in district play.

EAGLE ROUNDUP

Junior High Football
The junior high football team ended the season on a good note, defeating the Loop Longhorns 26-20, Oct. 30 at Loop.

Ignacio Vasquez scored two touchdowns and one extra point, and Dee Farquhar contributed two more touchdowns.

The team consists of 14 players. Sixth graders are Benny Arguello, Gilbert Armendariz, Darrel Becker, Eddie Hernandez, Heath McGehee, and Jesse Villa. Seventh graders are David Armendariz, Dee Farquhar, and Ignacio Vasquez. Eighth graders are Sean Basinger, Steve Ellis, Gregg Haire, Eddie Moreno, and Billy Parker. Coach Marvin Wynn said the entire defensive team turned in an outstanding game in the victory over Loop.

Junior High Basketball Scrimmages

The Junior High Basketball teams scrimmaged their first opponents, Christ the King, in Lubbock Nov. 3.

The A girls came out on top with a score of 29-15. Marlana Adamek was high

scorer with 10 points, followed by Josie Diaz who had 8. Lisa Nelson scored 5, Noelia Castillo put in 4, and Delia Moreno sank 2.

The B girls weren't so lucky as they fell to Christ the King 17-16. Top scorers were Kristy Haire with 8 points, Tanya Basinger with 6, and Donica Basinger with 2.

Southland's A boys flipped the tables with a 17-16 victory. Dee Farquhar led his team with 10 points. Steve Ellis, Paul Rush, and Carl Cummings each put in 2 points, and Ignacio Vasquez made 1 point.

Southland Spanish Club
The Southland Spanish club was first organized Sept. 30 with 27 persons present.

The following officers were chosen: president, Eddie Moreno; vice-president, Max Arguello; secretary, Mary Ellen Garza, and treasurer, Thomas Valdez. The purpose of the club is to help the school and community.

The club participated in the carnival which was a success with the sale of tamales, the ring toss, money throw and the dunking booth.

The club will be selling spices which contain, bacon bits, pepper, onions and salt for \$7 a box or \$1.75 a bottle. This sale will be Nov. 14-21.

There are 42 members in the club. Anyone interested can come to the meeting. They meet once a month as announced. Dues are \$5 per person for one year.

High School Basketball Scrimmages

The Varsity girls gave O'Donnell a hard fight Nov. 4 in a basketball scrimmage at Southland, losing by only three points, 51-48.

The third quarter proved to be the toughest part of the game, ending with Southland 32 and O'Donnell 38. Battling out the fourth, O'Donnell pushed to a sure victory by only 3 points. The final score was Southland 48 and O'Donnell 51.

Cynthia Wheeler was high point with 19 points. Camille Wheeler added 7.

The JV girls narrowly missed a victory in losing by only 2 points to the O'Donnell JV 36-34. Leading scorers were Rosie Vasquez with 15 points and Bonnie Koslan with 13.

Coming Events

Nov. 14, High school football game with Whitharrel at home, 7 p.m.

Nov. 15, girls high school basketball games with LCHS at home, 6:30 p.m. (JV and Varsity) Last day to buy an annual with a name on the cover.

Nov. 17, Junior high basketball games at Sundown, 4:30 p.m.

Nov. 18, high school

Scanning Social Security

By JIM LATIMER

In recent weeks, there has been considerable discussion about the value of social security to the young worker.

Commissioner Driver of the Social Security Administration, has responded publicly to this issue. He has made the following points.

The average young married male worker, with dependents, can expect to receive more than three times what he will pay in taxes. A female worker who never marries and has average earnings can expect to receive more than two times what she will pay in taxes.

The actuarial balance is in the worker's favor. The group of workers age 20 to 24 can expect to get back roughly 15 percent more than the employer and employee taxes paid. If only employee taxes are considered, this group will get back 130 percent more than what they paid.

Comments to the contrary are not true. It should be remembered that social security is an insurance system, and like life or fire insurance, people who suffer the risks insured against, will receive more than those who do not.

Therefore it is wrong to speak in terms of older worker versus younger worker in terms of who receives greater benefits. It should be viewed as a compact between generations for mutual well-being. Example: A worker who retired at the end of 1979, at age 65, paid at most \$11,203 in Social Security taxes, and she or he would recoup that amount in 17.1 months as a beneficiary. Although future retirees will recoup the taxes over a longer period of time because of increased tax rates, they can expect to receive more in benefits than they have paid.

Child welfare board meets

The Child Welfare Board held a regular meeting Thursday, Nov. 6 at 5 p.m. in the Department of Human Resources office.

Jerry Steagal serves as chairman for the board with other members, Ruby Williams, Mona Boles and Suzanne Hudman attending.

The board voted to lend support to the Community Improvement Committee in trying to obtain a Day Care Facility.

The board will meet in early December to plan Christmas for Garza County's foster children.

Protective Case Worker for Garza County is Mrs. Shirley (Tippy) Hays.

basketball games with Union at home, 6:30 p.m. (Boys and Girls)

Nov. 20, picture retakes. Nov. 21, high school basketball games at LCHS, 3:30 p.m. (JV and Varsity girls and boys.)

Defeating Cooper 28-0— 7th graders tally in each period

The Post seventh graders scored a touchdown in each quarter in Antelope Stadium last Thursday night to whitewash the Cooper seventh graders, 28-0.

After returning the game-opening kickoff to the 50 yard line, Tracy Price passed to Bruce Crenshaw for a 40 yard gain. Price then scored from four yards out on a sweep. Price duplicated his touchdown run to add the two conversion points.

Price returned a Cooper punt 45 yards for the second Post tally in the second. Crenshaw returned another

punt 50 yards into the end zone, but this td was called back by a clipping penalty.

Delton Osborn scored Post's third period touchdown, diving in from four yards out to climax a 7-play, 60-yard drive. Steve Gomez added the two extras on another dive play.

The final Post touchdown came on the game's final play when Willie Osby

scored from two yards out. The Post defense held Cooper to a total of 45 yards for the game and but two first downs.

Price was the game's leading rusher with 43 yards on five carries. Steve Gomez had 29 in seven, Simon Salinas 17 in three, Keith Hart 10 in three, Osborn, nine in two, Greg Adams four in two, Osby four in two, Oden two for one, and R. Tidwell one in one.

Price returned two punts for 72 return yards.

The seventh graders will close their season tonight playing Slaton at Slaton, beginning at 5:30 p.m.

TEEN SCENE By Norm

Sorry about missing last week, but the ole excuse of too busy on Wednesday morning wins out. So last week's news first.

Congrats to Kim Norman, Phil and Barry Tyler for their finish in the Post Enduro. I received my introduction of the Enduro crowd at the local meet here last Sunday, and have decided that it's not my thing!!!! After receiving a request from a teacher in Grapevine to take pictures of her beau in the Enduro (this was for a Christmas present and he was not to know that I was doing this), I decided to accept the challenge. After several phone calls describing what he looked like and his number was 7C, and the color and make of his motorcycle, I decided I could do it. So after soliciting Jay Lott's help we were going to pick this dude out of 500 people. So rising BEFORE the sun came up Sunday morning, I was ready to leave when this little teacher showed up at my house at 6:30 a.m., to make sure I found him. After taking several annoying pictures of her beau I called it quits.

Deciding to go home and

back to the warm bed, I ran into Ray Mason, the Tyler brothers and Kim Norman who encouraged me to stay and see what it was all about. After walking up and down hills and running into Mike Macy and finally Jay Lott, they asked me why I was white headed. I knew it was dusty out there, but I didn't realize that every-time I took a step, a little puff of smoke went up from my head from all the dirt. Thanks people, but no thanks. It's not for me.

Donna visited at home last weekend.

The majority of you were pretty good during Halloween. Some got a talking to by the law enforcement, but no names please!

Now to the current items.

Happy Birthday this week goes to Brad Mason, Will Kirkpatrick, Patricia Craig Hair, Brad Sharp, Randy Teaff and Chuck Morris. You'll find one of them in the paper elsewhere with those fat little cheeks.

A whopping congrats to Jack Rylant for being selected to the All Area Choir. Jack was named to

the All Region Choir earlier along with Jimmy Ticer and Mark Stark. They tried out for the All Area honors this past weekend and out of 16 basses, Jack was one of the six selected to perform Dec. 6. All Region and All Area will both perform on this date in Lubbock.

The band received a 4 at contest last Wednesday at Jones Stadium and will march in the Tech Homecoming parade this Saturday at 10 a.m. and according to the TV schedule, the parade will be televised. Following the parade, the band will then attend the SMU-Tech game.

Amy Thuet and Jeff Lamb will have a report for us next week following their gymnastic clinic at Buffalo, New York. Yep, they will leave Thursday and will return home Sunday.

The Junior High pep rally will be held Thursday at the Jr. High gym and to celebrate, the kids will be dressed up in the 50's costumes with prizes to be given. Go out and support the Jr. High teams and enjoy their pep rally. The 8th grade team could win its district Thursday night, so we all need to get behind them and yell real loud at the rally Thursday.

It's been a long time since the Lopes have scored 66 points in one ball game, but they did it Friday night against Cooper and if time hadn't run out, no telling! And guess what, we're hoping to do the same thing to Slaton Friday night. We can beat them! Everyone just has to get fired up and do it. A lot of fans will help get the job done. So please go and yell real loud and make this a great finale for the season.

GO LOPES!!!

Kelly visited at home this past weekend from Hobbs, N.M., and Donna visited in Tahoka with her roommate, Melanie Tekell. They didn't bother to come to Post though. Also saw Larisa Shiver from Texas, Chuck Black, Randy Teaff, Kurk Stevens and Theresa Davis.

Wes Horton was released from the hospital last week and he is up and around and

Public Notice

NOTICE TO BIDDERS

The City of Post will accept bids for lease of 69.13 acres of land identified as B112, Garza County A.S.C., 45.4 acres consisting of lake pasture, located West of Post.

Bidding shall be by open bid, and the same shall be received by the City Secretary or the City Manager of the City of Post, Texas, up to and including 5:00 P.M., December 8, 1980. Bids will be opened at 7:30 P.M. on December 8, 1980.

The City Council reserves the right to reject any and all bids and waive formalities.

UNITED STATES DEPARTMENT OF AGRICULTURE

Rural Electrification Administration
Statement of Nondiscrimination

The Dickens Electric Cooperative, Inc. has filed with the Federal Government a Compliance Assurance in which it assures the Rural Electrification Administration that it will comply fully with all requirements of Title VI of the Civil Rights Act of 1964 and the Rules and Regulations of the Department of Agriculture issued thereunder, to the end that no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in the conduct of its program and the operation of its facilities. Under this Assurance, this organization is committed not to discriminate against any person on the ground of race, color or national origin in its policies and practices relating to applications for service or any other policies and practices relating to treatment of beneficiaries and participants including rates, conditions, and extension of service, use of any of its facilities, attendance at and participation in any meetings of beneficiaries and participants or the exercise of any rights of such beneficiaries and participants in the conduct of the operations of this organization.

Any person who believes himself, or any specific class of individuals, to be subjected by this organization to discrimination prohibited by Title VI of the Act and the Rules and Regulations issued thereunder, may, by himself or a representative, file with the Secretary of Agriculture, Washington, D.C. 20250, or the Rural Electrification Administration, Washington, D.C. 20250, or the Rural Electrification Administration, Washington, D.C. 20250, or this organization, or all, a written complaint. Such complaint must be filed not later than 180 days after the alleged discrimination, or by such letter date to which the Secretary of Agriculture or the Rural Electrification Administration extends the time for filing. Identity of complainants will be kept confidential except to the extent necessary to carry out the purposes of the Rules and Regulations.

Several members of the Close City 4-H club have completed four leather craft project meetings under the instruction of Darrell Jones.

4-Hers complete leathercraft

During the meetings they have completed a coaster, billfold and also learned how to lace the leather work.

Those attending the meetings were Mark Tyler, Susan Sanders, Keith Peel, Debbie Ethridge, Tommy Payton and Robert Shults.

not supposed to be. Better be careful.

OK Lopes, grab that Tiger by the tail and eliminate that roar.

Chow

Students proud of their band

By MISTY WEST
Middle school students are very proud of the band and the good playing and marching at the games that they have attended. They have performed three times in Post and three times out of town.

On September 22, they went to the fair, and marched and spent the day doing whatever they wanted to do. They also went to Brownfield where they won second place in the Harvest Festival.

Their director, Mr. Steve Clary, has worked very hard with the band. Some of the songs they play are: "Escape", "My Sharona", "Night Beat" and "Star Wars."

The Middle School has just started playing with the high school band this year, but they are doing very well.

The estimated 17,600 fatalities linked to drunken drivers in 1975 will grow to approximately 26,600 in 1985.

Happy Birthday Charles Jr.!

Love,
Barry

Pipelines... make good neighbors

America has over 220,000 miles of petroleum pipelines carrying crude oil and products to refineries and storage terminals across the United States. Each day, more than 1.5 billion tons/miles of crude oil and products move through this network. These pipelines have a safety record second to none in the transportation industry... and we want you to help us keep it that way.

liquids on or a mist above the ground in the area of a pipeline.

- Flames originating from an opening in the ground.
- If you become aware of a pipeline leak...
- LEAVE THE LEAK AREA IMMEDIATELY.
- Avoid driving into vapor clouds.
- Avoid direct contact with the escaping liquids.

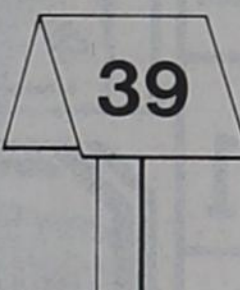

GROUND MARKER

GROUND MARKER

CASING VENT

AERIAL MARKER

When you see signs like those shown above, they tell you that there's a pipeline nearby. If it's underground, you can't see it, of course. But it's there, working quietly to provide energy for you and other consumers throughout this nation.

Some of these signs list the commodity transported in the pipeline, the name of the operator, and a telephone number where the operator's representative can be reached at all times.

Although pipelines have an exceptionally good safety record, once in a while a leak can occur. Indications of a leak might include:

- A strange or unusual odor in the vicinity of a pipeline.
- A hissing or roaring sound (caused by petroleum or product escaping from a pipeline).
- A dense white cloud or fog.
- A spot of dead or discolored vegetation.
- An accumulation of petroleum

- Avoid creating sparks or sources of heat which could cause the liquids or vapor to ignite and burn. If you find yourself in a suspected vapor area, do not light a match, start an engine or even switch on an electric light.
- Notify the pipeline operator as soon as you reach a safe area. Call collect. Give your name, a description of the leak and its location. If you do not know who the pipeline operator is, call your local fire, police or sheriff's department, or the state police. Advise them of the nature and location of the emergency.
- If you see someone digging near a pipeline or doing other construction work... or if you plan to do such work near a pipeline yourself... please call the telephone number shown on the sign and let the pipeline company know so damage can be avoided. It's in your interest... and the nation's.

America's Petroleum Pipelines

Pipelines are the safest way to move petroleum and products and you can help keep it that way!

LUBBOCK — With the addition of three new counties in 1981, the Federal Crop Insurance Corporation (FCIC) for the first time will be offering all-risk coverage on major crops in all of the 25 High Plains counties represented by Plains Cotton Growers, Inc., Lubbock.

The three new counties, Borden, Midland and Motley, were added to the FCIC program along with 42 other in Texas as a part of the FCIC expansion mandated by the Federal Crop Insurance Act of 1980. Midland County has been opened for loss coverage on cotton only, Borden coverage will extend to cotton and grain sorghum, and Motley producers will be offered policies on cotton, grain sorghum and peanuts, according to a local FCIC spokesman.

In other changes soybean coverage will be added in Lamb and Lubbock Counties in 1981, and 1982 policies on wheat will be available in Lamb, Lubbock, and Motley Counties. Also, FCIC insurance will be available for the first time in 1981 on dryland cotton in Gaines and Hale Counties. Dryland insurance is scheduled for six other PCG counties in 1982 and FCIC eventually plans to offer coverage on all dryland crops.

Premium costs for 1981 have not been released but the general expectation is that there will be few if any changes from those in effect for 1980. Premium rates and other actuarial details of the program as it will operate in "old" counties, officials say, will be released by December 15 of this year, but no deadline has been set for those counties where crops are being insured for the first time in 1981.

Producers, as previously reported, have three options in 1981. They can (1) insure crops against yield loss of 50 percent, 65 percent or 75 percent and accept a 30 percent premium subsidy on coverage up to the 65 percent level, in which case they will not be eligible for Agricultural Stabilization and Conservation Service (ASCS) disaster program payments, (2) take FCIC insurance against loss at any of the three levels, pay the entire FCIC premium

and retain eligibility for disaster program payments, or (3) participate in the ASCS disaster program and take no Federal crop insurance.

There is also provision for producers to carry hail and fire insurance with a private company along with FCIC coverage of other risks, thereby earning a reduction of not less than 15 percent nor more than 30 percent of the FCIC premium.

These are the general provisions of the new FCIC Act as now understood, all of which should be checked closely with area FCIC and ASCS officials before any producer makes final decisions.

Post team in forensics meet

Several members of the Posh High School participated in the Muleshoe Fall Forensics contest held in Muleshoe Saturday. The contest is similar to UIL contests, with the exception that it also includes duet acting and dramatic interpretation.

Tim Tatum and Lillian Cendalski won second place in duet acting from a field of approximately 50 teams from the South Plains area. Tim also won second in persuasive speaking.

The contest is by invitation only and is one of the most rugged competitions of the year. Attending and participating in the meet from Post High School were Lillian Cendalski in poetry; Greg Williams and Ronnie Compton in duet acting; Ronnie Compton, informative speaking; Mark Stark, poetry reading; Robert Shults, prose; Daria Sherril, poetry; Judy Morris, prose; Karon Hays, poetry and Kirk Thomas, poetry.

Miss McConnell is the director for the speech group, and she was accompanied to the meet by Christi Morris and bus driver Rosemary Rogers.

The first traffic slogan was written and used in 1599. William Shakespeare wrote "...Stir not until the signal." (Act V. Scene 1 of Julius Caesar)

FIVE GENERATIONS — Shown above are five generations of the family of Mrs. Joe Callis of Post. Left to right are Mrs. Joe Callis, and daughter Katherine Cathcart of Post, her daughter, Mrs. Darrell (Mary Eula) Eckols of Anson, her daughter, Mrs. Dickie (Phyllis) Hill and daughter Stephanie Renee of Temple. Previously Phyllis had made the fifth generation with Mrs. Callis' mother, the late Mrs. Myrtle Smith of Aspermont.

Select Christmas toys that help children learn.

For young children, play is their way of learning by trial and error to cope with the world in which they live. Play is also a stimulus for growth and development.

However, too many toys or poorly selected toys can hinder a child's creativity.

Therefore, select toy gifts for children to provide better "tools" for play activities.

Three basic questions for smart toy shoppers are:

Is it appropriate for the child's size, age, interest and abilities?

Is it safe and well made? Is it worth the cost in terms of how the child will use it and what benefits will be gained from the toy's use?

Consider more special characteristics when buying toys:

What muscle involvement is required?

What toys could be made at home and might even involve an older child's assistance?

What areas will toy use require?

How many kinds of creativity will use of the toy stimulate?

Do some toys encourage social interaction while

other allow for independent play?

What sort of "thinking and reasoning" is involved with use of the toy? What senses are involved?

Post cub pack in Scoutarama

Cub Scout Pack 314, consisting of Dens 1, 3, and 4, participated in the 1980 Scout-a-rama in Lubbock last Saturday.

Youngsters involved in scouting all over the South Plains area make up the annual Scout-a-rama and awards show. The Post Cubs entered a mini miniature golf course as their booth project this year.

For several weeks, the individual dens planned, constructed, painted and put together their holes for the course. These efforts brought them a ribbon for proficiency from the council. Jim Boles supplied the clubs and balls for this project.

The local boys also enjoyed other area booths such as the balloon twisting demonstration, leather crafting and painting booths.

Leaders are Jaynie Dickson, Nancy Thuet, Carol McDonald, Diane Poe and Julie Hudman.

Gun shot here brings fine

Donny Hair paid fine and court costs of \$52.50 in city court Monday for discharging a shot gun within the city limits. He was booked Sunday on the charge.

Raymond Ramundo, Jr., of Post was released on a \$60 cash bond in city court on a charge of drinking on Main street Saturday night.

Michael Roy Holly pleaded not guilty to a disorderly conduct charge in city court and was released on a \$100 cash bond. Mark O. Holly was released on a \$50 cash bond from city court also on a disorderly conduct charge. Both were arrested Saturday night.

Feddie Villa still faces a possession of marijuana under two ounces charge in county court after being ordered to pay fine and court costs of \$63.50 on a drunk charge in city court.

Lloyd David Reed was returned here from Sherman where he was arrested on a local felony warrant, charged with the unlawful taking of a child.

Congressman Stenholm says— Demo leadership must wake up

WASHINGTON, D.C. — Congressman Charles W. Stenholm, re-elected without opposition to the 17th Congressional seat, said Wednesday that the national Democratic leadership "has to awaken to the need for redirecting our priorities to fit the needs of a changing country," in light of recent election results.

Stenholm, a Stamford Democrat who will be serving his second term in Congress, said the sweep of conservative victories across the country "underlines what I have been saying through my voting record for the past two years. The American people want to see this country returned to a sound fiscally responsible economic policy, returned to a strong defensive posture, returned to the dreams and promises held out to them in our Constitution and returned to the Free Enterprise System."

Commenting on the Texas Congressional races, Stenholm said, "of course in a couple of the races, we will have to wait until the dust settles, but at this point the delegation seems to be holding its own. At the same time, the closeness of many of those races cannot be ignored."

Stenholm, taking a "wait

and see" but positive attitude about working with the Reagan Administration, said on general issues such as defense and the economy "we are not that far apart philosophically. Where we may differ is in how to best answer those needs, but the seriousness of the problems facing our country dictates the necessity for putting aside political differences and putting forth a united effort. Any partisan interests must be left behind with yesterday's newspapers."

Stenholm applauded the record voter turnout nationwide, saying, "no one can cry about voter apathy. The system worked the way the system was designed to work. Now it's time for those of us elected to do our part."

Cancer memorial gifts acceptable

Anyone in the Garza County area who would like to take advantage of the Memorial program for the American Cancer Society is asked to contact either Ruby Williams, at 495-2073 or Nelda Dalby at 495-3428.

Donations or memorials can be made through the society anytime and they are welcomed for this great cause.

Contracting peak passed

High Plains cotton acreage contracting slowed during October following September's peak volume.

An estimated 25,000 acres of High Plains cotton were contracted during October. This estimate was based on informal surveys of producers, merchants, ginners and others interested in cotton and cotton marketing by USDA's Agricultural Marketing Service. October's 25,000 acres contracted compares with the peak reached during September when an estimated 285,000 acres were booked.

October's prices ranged from around 3300 to 3600 points over 1980 loan rates. September's contracts were booked at about 3100 to 3700 points over 1980 loan rates. Both months ended with trading around 3500 over.

STATE CAPITAL HIGHLIGHTS

By Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN—In a dramatic victory that has been a dream-come-true for some and a nightmare of reality for others, GOP candidate Ronald Reagan soundly whipped President Jimmy Carter with ticket-splitting Texas Democrats.

In state races, the GOP also made gains in the Legislature, but most Democratic incumbents were returned to office throughout the state.

At least one message from the voters to elected officials is clear: cut taxes like you've promised, or else. It's a message Reagan heard four years ago, and he out-promised Carter on the tax cut issue. Reagan wants a tax cut immediately, while Carter wanted to wait until next year.

In essence, Texas voters are signaling some officials that they have one more chance . . . then heads that spend too much shall fall, whether Democrat or Republican.

Texas named to Reagan's transition team are Gov. Bill Clements, U.S. Sen. John Tower, Houston attorney James Baker and former ambassador to Great Britain Anne Armstrong.

Senate Upsets

In the Texas Senate, three "Killer Bees" regarded as liberals were replaced by Republicans. Ron Clower of Garland fell, as did Gene Jones of Houston and Babe Schwartz of Galveston. Jones' re-election bid was plagued by courtroom battles over alleged misuse of state office funds, and

Schwartz was undoubtedly hurt by charges he used fist-cuffs in a non-political lawsuit meeting.

Another Senate vacancy will be created later when Raul Longoria of Edinburg, who won a district judge race, resigns.

Democrats managed to defeat one Republican senator, Bob Price of Pampa. Hereford businessman Bill Sarpaulis, a former aide to House Speaker Bill Clayton, won that race.

Texas House

If liberals had a bad time of it, longevity might also have been a factor with voters. Schwartz was dean of the Senate and his counterpart in the House, Richard Slack of Pecos, also fell in an upset. Slack had served 28 years.

Other House members defeated were Jimmy Mankins of Kilgore, Bob Hendricks of McKinney, Tip Hall of Denton, Mary Jane Bode of Austin, Bill Harrison of Corpus Christi, Al Brown of San Antonio and Bill Caraway of Houston.

Polarization

Traditionally, Texas politics at the state level has been divided into three factions: liberal Democrats, conservative Democrats and Republicans. Conservative Democrats have played the middle against both ends and generally came out ahead.

The rules of the game are changing. The rise of the GOP has caused the political demise of more conservatives than liberals. And conservatives know they are catching it from both ends now. When the middle becomes traumatized, there is always a chance its members will scatter for cover at either end. For conservative Democrats, it could well mean either working stronger within the party or converting to the GOP.

Clayton Running Solid
One conservative Demo-

AUSTIN — State Comptroller Bob Bullock Thursday said during the past year gasoline consumption in Texas took a nosedive at a time when the number of vehicles on the state's roads

increased.

He said during the state's past fiscal year, which ended August 31, Texas motorists consumed 8 billion gallons of gasoline.

Figures for the 1979 fiscal

year show that more than 8.5 billion gallons of gasoline were sold in Texas and about the same amount sold in 1978.

Bullock put total vehicle registration in Texas for the 1980 fiscal year at 11.9 million vehicles, compared to 10 million vehicles on Texas roads during 1979.

"A half billion gallon drop is significant at a time when the state's car and truck population is skyrocketing," Bullock said.

"Our analysis doesn't show whether people are driving less or getting better mileage, but they are definitely buying less gas," he said.

Texas motorists used between 600 and 700 million gallons of gasoline a month, Bullock said.

Bullock said his office collected \$399.4 million in gasoline taxes during the past year, compared to \$417 million turned into the state

during 1979.

He said three-quarters of the tax goes to the highway fund and one-quarter is put into the Available School Fund.

Gasoline is taxed at five cents a gallon and diesel fuel is taxed at six and a-half cents a gallon,

according to Bullock.

Diesel fuel tax revenues amounted to more than \$78 million during fiscal 1980, compared to \$70.7 million during 1979.

About 5 billion gallons of diesel fuel were sold in Texas last year, Bullock said.

A comparison of vehicles and consumption of gasoline for 1980 shows the "average" automobile or truck used 680 gallons of gasoline during the 12-month period.

Registered vehicles and gasoline consumed during 1979 "averages" out to 843 gallons a year.

Ramsey rites in Tahoka

Funeral services for Oran Ramsey, 81, of Tahoka were held at 2:30 p.m. Wednesday in the First United Methodist Church of Tahoka, with the Rev. Newton Starnes, pastor, officiating.

Ramsey died at 7:30 a.m. Tuesday at his home.

Born April 29, 1899 in Shelby County, he moved to Lynn County in 1923. He married Wilma Pirtle, formerly of Post and an employee of the First National Bank here, in O'Donnell March 7, 1974.

Survivors include his wife; a nephew, J.E. Ramsey of Tahoka; and a niece, Hazel Baugh of Lindsey, Calif.

Pallbearers were Harold Green, Vernon Jones, Roland Clem, Raymond Ashbrook, Bishop Mathis, and Maurice Huffaker.

Burial was in the Tahoka Cemetery under direction of White Funeral Home.

Happy Birthday
Ray

It's True.

"After installing the heat pump in my own home and monitoring it very closely for two or three years, we were so impressed with the heat pump that we're using them in quite a few new homes that we are building. The heat pump is easy to adapt to different types of buildings and homes.

We've run detailed comparisons of other heating and cooling systems and are very satisfied with the efficiency of the heat pump. I feel like the heat pump is the product of the future and the advantage of it is that it is available now."

Harold C. Reed

The things said about the heat pump are true. Find out more about the heat pump. It can save for you.

SOUTHWESTERN PUBLIC SERVICE

Senior Citizens

By CLEAO SAPPINGTON
Hey, you senior citizens, we are having lots of fun down at the Algerita Center. We have blood pressure checks on the first and third Mondays from 11 to 12:30 a.m. then again on the first and third Thursdays.

A hearing aid man will also be at the center on the third Thursday of each month. If you need anything in the way of hearing aid supplies such as batteries, you can get them at this time. Please call 2998 if you need anything, or if you are not able to come to the center and we will give him your name and address.

We are trying to get some volunteers to come down, whatever your age, and help us get some arts and crafts started, such as needle point, latch hook, crochet, embroidery and others. This would be greatly appreciated. We prefer these to be in the afternoon. Call 2998 and let us know when you could come, so we can get members here to help.

We are having our Thanksgiving dinner here at the center Thursday, Nov. 20. Let us know if you can attend. We will be having dressing and all the trimmings. Call 2998 if you can be here.

Benton rites in Lubbock

Funeral services for Mrs. Allen (Jewel) Benton, 70, of Lubbock, aunt of Judge Giles Dalby, were held Friday, Nov. 7 in the First Baptist Church in Lubbock. Dr. D. L. Lowrie, pastor of the First Baptist Church officiated.

Entombment was in the Resthaven Mausoleum under the direction of Sanders Funeral Home.

Mrs. Benton died Wednesday Nov. 5, in her home following a lengthy illness. She had been under a doctor's care.

A native of Abilene, she had lived in Lubbock since 1932 and also was a former Post resident. She was a member of the First Baptist Church, the Junior League of Lubbock and Lubbock Symphony Guild.

She and Allen Benton were married Feb. 4, 1931, in Post. He died in December, 1969.

Survivors include a daughter, Mrs. Giles (Lynn) Forbess of Lubbock; two grandsons and her nephew.

\$75 winner not present

Post Chamber of Commerce members were treated to a preview of the entertainment for the upcoming annual Chamber of Commerce banquet at their quarterly breakfast in the community center Friday morning.

This was provided by the Levee Brothers, a western group.

Mayor Giles McCrary's name was drawn for the \$75 cash prize, but since he wasn't in attendance he did not get the money.

Door prizes were awarded from the Prescription Shop, Jae's, Tanner's Trends for Men, Handy Hardware, and Western Auto.

Sponsors of the breakfast were Higginbotham-Bartlett, McCrary-Franklin, Frances Camp — Texaco Wholesale, and Bryan Williams — Son.

Who was the real Red Baron? The World War I German flying ace—Baron Manfred Von Richthofen. He was dubbed the Red Baron because of the bright red plane he chose to fly as a challenge to opening airmen. When he was shot down over France in 1918, he was given a hero's burial by the Allies.

School board—

(Continued From Page One)
the school curriculum can be "mapped" from first grade through the entire system without too much difficulty so trustees would know what students are taught in various subjects and at what levels.

On the subject of oil and gas leasing of school property, the board decided to get an inventory of school property not under lease and decide at the December meeting whether or not to advertise it all for leasing bids.

The subject came up when Don Tonroy of Lubbock asked to lease 12 lots in Justiceburg now owned by the school for a \$900 bonus with three-sixteenths royalties for a three-year lease.

Due to consolidations in past years, the board has a few other properties which

Linda Malouf gives program

The Women's Culture Club met Nov. 5 in the Womens clubhouse and heard a program on "Lebanese and Syrian Texans" presented by Linda Malouf.

Mrs. Malouf presented the program and told of her native Texas roots and of other Lebanese and Syrians leaving their homelands and coming to Texas as early as 1880.

Maxine Marks, club president, presided over the meeting. Roll call was answered with "facts about the program topic."

A vote was taken and it was decided to contribute to the Garza County United Fund.

The social committee of the club decided the next meeting will be a covered dish luncheon to be held Nov. 19 at 1 p.m. in the clubhouse which will feature turkey and all the trimmings. Ruby Kirkpatrick and Buena Bouchier will be responsible for the turkey, and clubmembers will bring the "trimmings."

Estelle Davis and Sylvia Evans, hostesses, served refreshments to Maxine Marks, Ruby Kirkpatrick, Lillian Potts, Opal Pennell, Beulah Pickett, Buena Bouchier, Ruth Duckworth, Ruth Young and Linda Malouf.

Local group to district meet

Members of the Post Music Club attended the 20th annual district conference of the second district of Texas Federation of Music Clubs which was held in Plains, Tex. on Saturday.

Those attending from Post were Mrs. Jack Gordon, Mrs. Phil Alford, Mrs. Tom Evans, and daughter, Jeanette.

The fine Fine Arts club of Plains was the host club for clubs attending from Crosbyton, Lubbock, Post, Levelland, Seagraves, Seminole and Snyder.

Special honored guest and speaker for the board meeting was Mrs. Robert L. Moore, state president of the Texas Federation of Music Clubs. She presented a workshop to the group following the club reports and lunch.

might be put up for lease bid too.

Shiver said the school district is now receiving approximately \$6,000 annually for oil production on its school properties now under lease within the city.

In other actions, trustees: Boosted the reimbursement rate for the transportation fund for travel for extra curricular school activities from 50 cents to 70 cents per mile.

Heard a report that the expanded school lunchroom is now "filled from 10:30 a.m. on" and that both students and teachers like the improvements and use the lunchroom more.

Approved dividing a counselor half time each with the Southland schools at a cost of only half the travel expense or about \$1,200. The Education Service Center would pay the counselor's salary.

In answer to a question, Shiver said such a counselor probably would be a woman who would work in the middle school with girls on problems of delinquent behavior and grades. He said it may be next year before one can be secured.

Principal Dan Rankin was given permission to hire two more qualified teachers, one each for the fourth and fifth grades, to relieve overcrowded classroom conditions in those two grades.

Shiver called the board's attention to the receipt by the district of the \$20,453 last payment from the state on the Justiceburg school consolidation.

He pointed out that the state funds totaling over \$200,000 have been paid into the local district's bond and interest sinking fund as a result of the consolidation to help the district meet payments on its bonded indebtedness at a time when the district sorely needed such aid.

Cruise taken up Mississippi

Three Post couples returned home Sunday night from New Orleans after taking a seven-night cruise up the Mississippi River on

Sound waves used to detect track flaws

COLLEGE STATION — An improved technique using ultra-high frequency sound waves for detecting flaws in railroad tracks is being developed by engineering researchers at Texas A&M University.

Each year rail failures are the single greatest cause of train derailments throughout the country. Many flaws in the rails remain undetected, despite a large fleet of flaw detector cars inspecting several hundred thousand miles of track annually, said researcher Dr. Don E. Bray, a Texas A&M mechanical engineering professor.

Present methods depend on a less sophisticated system to locate and identify dangerous weak points in the rails.

The new technique under study by Bray sends ultra-high frequency sound waves into the metal and measures their echoes, akin to the technique used in radar.

The study is funded by U.S. Department of Transportation and is a continuation of rail safety research conducted by Bray during the last 16 years.

Bride-elect is honored

A bridal shower honoring Gwen Landers, bride-elect of Tom Marrier of Post, was held Saturday morning, Nov. 8, from 10 to 11:30 a.m. in the First National Bank Community room.

The serving table was covered with an ecru lace cloth over blue, centered with a blue carnation and yellow daisy centerpiece.

Approximately 45 guests were served blueberry muffins, sausage balls, a fruit plate, spiced tea and coffee. Crystal and silver appointments were used in serving by Jana Middleton, Misty West, Jackie Wartes and Vicki Green.

Special guests for the occasion included Mrs. Buster Landers, mother of the bride-elect of Sweetwater, Mrs. Curtis Hudman, sister of the bride-elect and Jana and Lori Hudman, her nieces.

Hostesses for the event were Eydie Capps, Helen Gerner, Cindy Mitchell, Margie Pennell, Beulah Pickett and Delores Redman.

Sacred music concert held

The eleventh annual Post Music club's Sacred Music Concert was held Monday night in the First Methodist Church and was as usual a great success.

Phil Alford, of the First Baptist Church, coordinated the program and was congratulated for a superb job by Music Club president, Mary Ann Gordon. He spent many hours in the preparation of the program.

Don Travis, minister of the First Methodist Church, gave the welcome and invocation with Mary Ann Gordon, giving the introduction of those in the program.

Participating this year were the Covenant Ringers

the side-wheeler, the Mississippi Queen and spending three days in New Orleans.

They were on the cruise election day and enjoyed the Reagan sweep in an election night party aboard the boat.

Cruise stops were made a Baton Rouge, Saint Francisville, Natchez, and Vicksburg. During the stops they toured some of the restored southern mansions along the river.

Making the trip were Mr. and Mrs. A. C. Cash, Mr. and Mrs. Bill Carlisle, and Mr. and Mrs. George Miller.

Postings—

(Continued From Page One)
week they should be psychologically down, no matter how important the game is.

It's no even match. But give the Lopes a whole pocketfull of luck for a change and the upset could happen Friday night.

It's something to get really "stirred up" over. The Lopes have had a fine season considering the lack of depth. They will be no pressure whatsoever at Slaton. Maybe the football will bounce their way for a change. And wouldn't it be fun?

Census gains—

(Continued From Page One)
If errors were made, either up or down, they will be corrected by the computers and thus changes made in the final official census figure due in January.

The Bureau of Census Population Division will then make a careful analysis of both totals and come up with the final figure.

Whether anything but the correction of errors will be considered wasn't announced. Some have speculated that due to a judge's decision in a recent court suit over the census, the Bureau of Census may have to add a percentage to the actual count total to make up for the people who were missed.

In the big cities, this translates into a lot of federal dollars as many federal programs are partially based on population counts. Whether an adjustment will be made for small towns is problematical.

The census bureau took the position in court that the census law will not permit a percentage adjustment for missed persons.

of the First Methodist Church; the First Christian Church choir; First Church of the Nazarene, Sylvia Evans, soloist; Sisters in Song; the First Methodist Choir; the youth of the Calvary Baptist Church; the youth of the Pleasant Home Baptist Church; Church of God of Prophecy, Kenneth Cook and the First Baptist Church choir.

Almost all known geysers are located in the countries of the world—the United States, New Zealand and Iceland.
