Q. Please resolve an argument at the local coffee shop, how many million does it take to make a billion?

A. It takes 1,000 millions to make a billion. You could also say it takes 10 hundred million to make a billion, if you prefer. By the same token, it takes 1,000 billion to make a trillion.

Russell, a 5'11" 150 pound senior, made 10 interceptions for the Wolves and returned one steal 100 yards on Abilene Wylie's field. Russell also recovered two fumbles and was in on 60 tackles. Two minor mishaps occur

Investigation reports on two minor accidents were filed by City Police the past week.

On Saturday, Jan. 14, at 6:40 p.m. a 1984 GMC pickup driven by John Berry Jackson of Colorado City was eastbound in the 1000 block of College. The pickup slowed to turn south on Waco Street and was hit in the rear by a 1975 Chevrolet 4-door driven by Adam Salas Salinas of Colorado City.

Tuesday, Jan. 24 at 3:15 p.m. a 1979 GMC pickup driven by Edward Morris of Colorado City was southbound on Hickory, made a left turn into the path of a 1977 Pontiac 2-door, driven by Jesusita Badillo Silva of Colorado City.

Damage was light in the accidents and there were no injuries.

Southwestern Bell proposes system update, rate freeze

Southwestern Bell Telephone proposes to install new digital switching equipment in Colorado City within the next five years, and freeze the basic local telephone rates during the period.

It is part of the company's "Texas First" plan to boost the state's economy. The plan would also eliminate four-party service and some long distance rates could be reduced.

"The 'Texas First' plan was presented to the Public Utility Commission January 19, 1989 and we hope the PUC would act quickly on our proposals," said Jim West Area Manager-External Affairs. "Southwestern Bell is committed to continue leadership in providing quality telecommunications service at reasonable rates to our customers. 'Texas First' meets this commitment and also will help stimulate economic development locally and statewide," West said.

"Our 'Texas First' proposal would provide Colorado City with the most advanced digital switching technology. Digital switching provides more accuracy with less likelihood of malfunction," West said.

In addition, digital technology can improve voice transmission and offers expanded services for both business and residence customers. "Digital switching would bring a full

range of Southwestern Bell's popular Custom Calling features to Colorado City including Call Forwarding, Call Waiting, Three-Way Calling and Speed Calling."

Colorado City is among 195 locations across Texas that would soon get the latest digital switching technology if Southwestern Bell's plan is approved. When those conversions are completed, every Southwestern Bell location in Texas would be totally served by digital or electronic switching systems," West said.

"Texas First would freeze Colorado City's one-party residential rates at \$8.15 and one-party business rates at \$19.15," West said.

"The five-year freeze on basic local rates would keep Southwestern Bell's local rates among the lowest in the nation. Out latest basic local rate increase in Texas was June 1, 1984—almost five years ago. Thus, by the end of another five-year freeze,

House and contents on Champion Creek destroyed by fire

A house owned by J. W. Hickland on south Champion Creek Lake was destroyed by fire last Sunday, Jan. 22.

Local firemen received the call about 9:51 a.m. The house was unoccupied but was filled with a lot of antique furniture.

As of Friday, Colorado City Volunteer Fire Department had answered 17 alarms this month. Most have been due to controlled burns and grass fires.

Truck hits bridge, driver passes out

An 18-wheel truck/tractor crashed into Morgan Creek bridge on IH 10 Saturday night after the driver suffered a catching spell and passed out.

The driver, James L. Robinson of Arlington, received some cuts and bruises, but was not seriously hurt. Trooper Tom Johnson said the truck veered off the highway across the center median, hit the guard rail of the bridge and the trailer overturned.

The mishap occurred at 6:59 p.m. Saturday, Jan. 21. The truck was owned by Carolina Western Express.

For The Record...

FROM THE SCRIPTURES—"A faithful witness does not lie; but a false witness will utter lies." Proverbs 14:5.

We newspaper folks carry on a lot about writing the truth. But sometimes, maybe we do varnish things up a bit, not to mention committing a few sins of omission. There was one West Texas editor, back around the turn of the century, who got tired of his readers bellyaching about occasional errors in his paper. He admitted that he had frequently been an editorial liar, but only to save somebody's feelings from being hurt. But he resolved to tell the truth and nothing but the truth, and he didn't pull any punches. Here are a few excerpts from his next issue:

* John Coyle, our grocery man, who voted with the Republicans and consumes more booze than any other member of the Baptist church, is doing a poor business. His store is dirty and dusty, it's a wonder he has any business at all.

* The Reverend Sty preached last Sunday night at a local church. His sermon was punk and uninteresting, except some stuff he quoted from an author for which he failed to give any credit.

* Dave Chartier died at this home two miles north of

his place Thursday. Doc Holderness gave it out that Dave died of heart failure. But we all know he shot himself during a drunken rage.

* Tom Spadlin married Miss Cordie Meador. It ain't generally known, but the marriage was brought about mainly by a Remington shotgun manipulated by the bride's father.

* Roger Lloyd, cashier at the State Bank died and was buried with Odd Fellows honors. He had been taking this paper seven years and hadn't paid us a cent. We kept thinking a banker would pay some time.

* Married: Miss Susie Scruggs and Horace Guffin. The bride is a very ordinary town girl, who flirts with all the traveling men she meets and never helped her mother three days all put together in her whole life. She is anything but a beauty, resembling a gravel pit in the face and walks like a duck. The bridegroom is a natural born loafer and bum, who had never done a lick of work until his stepdaddy ran him off last fall.

Maybe we are guilty of some untruths or omissions.

THE LONE WOLF SAYS, "Don't call anyone a liar. Just say he lives on the wrong side of the facts."

Southwestern Bell's rates in Colorado City would not have changed for nearly a decade.

The freeze would apply only to basic local rates, and would not include federal subscriber line charges, taxes, or charges for any other services, such as Touch-tone or Custom Calling features.

Other elements of the 'Texas First' plan would:

- * Reduce Southwestern Bell's charges to long distance carriers for their access to the local network. We would expect those carriers to then reduce their rates for long distance service within Texas;

- * Offer four-party customers the opportunity to upgrade their service to two-party service at the same rate. If the customer chooses to upgrade

to one-party service, the present one-party rate would apply;

- * Expand optional toll-free calling scopes around Dallas, Fort Worth, Houston and San Antonio.

"Over a five-year span, these 'Texas First' proposals would require \$327 million in investment outlays, plus \$320 million in revenues that the company would forego," West said.

"By adopting this plan, Texas would be a leader in innovative telecommunications regulation.

"Under traditional planning, installation of many new switching centers such as the one proposed in Colorado City and other capital improvements would not have been completed for many years, perhaps 10 or more. However, our company

recognizes that an up-to-date telecommunications system is essential for all locations in the state to enjoy the fruits of economic development.

"The key to our plan to speed up installation of new technology and lock in local rates would be the PUC's agreement that an earnings range would replace the current fixed ceiling on Southwestern Bell's earnings," West said.

Currently, Southwestern Bell is limited to earnings of approximately 12 percent on investment. West pointed out that a fixed return does not provide an additional incentive for innovation. "Once a company reaches a certain level of earnings, the existing regulatory scheme calls a halt with is not practical in today's marketplace," West said.

"Under our proposal, we are asking that the PUC authorize a range of return on our investment from 11 to 13 percent. If the company's earnings should exceed 13 percent, Southwestern Bell would automatically credit half of the amount over 13 percent to customers' bills.

"Our goal is to enhance economic development in Colorado City and to provide quality telecommunications service," West said. "Texas first will allow us to achieve both goals."

County Oil and Gas Report

A new operator will seek to give a Mitchell County wildcat a new lease on life at a location about six miles southeast of Colorado City.

Baytech, Inc. of Midland will deepen the No. 1 Buchanan Estate which was labeled as a dry hole when originally completed in March of 1984. From the original TD of 7,372 feet, Baytech plans on adding about 200 more feet of hole.

Location is in an 80-acre drilling unit in the T&P Survey Section 72 Block 26.

Kohler Energy of Wichita Falls has hung the dry hole sign on an unsuccessful Mitchell County wildcat about 10 miles northwest of Westbrook. Designated as the No. 1 Wheeler, the well was spudded the latter part of September and probed to a dry bottom at 8,224 feet. It will be plugged and abandoned.

HMH Operators of Midland has abandoned an undrilled location in Mitchell County's portion of the Ruew-Cob Field, about 17 miles northwest of Westbrook. The well had been designated as

the No. 1 Oldham 'E'. Total drilling depth had been projected to 7,700 feet in a bid for Pennsylvanian Reef production.

Robert C. Wash, independent operator from Big Spring, is testing for potential at the No. 2 Nobles, a developmental try in the East Howard Field, Mitchell County, about six miles southwest of Westbrook. The well is bottomed at a depth of 3,200 feet and reportedly has logged the commercial shows of crude oil.

Mayo

We've all had one of those days that things just didn't seem to go right.

But, have you ever had a week that didn't go right, or for that matter, a year that didn't go right?

If things don't soon change, 1989 could be the year that didn't go right for me.

Oh, the year started out good enough. But things started going down hill before 1989 even had a chance to be better than 1988.

I'm normally a healthy person, but I've already missed a day and a half of work this year because of illness. A cold or sinus infection or a combination of the two struck me this past week, making my life miserable for several days and prompting my absence from the office for a half a day. Needless to say, it made my family miserable and co-workers' lives miserable, too, since they had to put up with my coughing, sneezing and wheezing.

Of course, if it was a cold, I can trace its source to the Friday night a couple of weeks ago when it snowed.

The snow was beautiful, and it fell quickly. I was at a reception when it started to snow. About half way through the reception, my wife walks in the door with a sheepish look on her face.

"Guess what? I ran out of gas," she said, as she brushed the snowflakes from her hair.

I managed a smile on my face, but thought to myself "Why tonight of all nights to run out of gas?"

"Oh, really?" I said, concerned. "Did you have to walk here?"

"No, somebody gave me a ride."

"It's 8 o'clock at night. It's freezing. It's snowing. I told her two days ago that she had better fill her car up with gasoline," I'm thinking.

We leave the reception, head for the nearest gasoline station where we're told that they have no gasoline cans.

We slip and slide home. I trudge out to the storage building, find an empty can that normally has gasoline for the lawnmower, take the can back to the gas station, fill the can, find my wife's car (now covered in a blanket of snow), put gasoline in it to get it started and manage to get it home.

Since then, the water pump on my car died. The computer system at the newspaper dies and I come down with a cold, making me wish that I had died.

February should be a better month. After all, it only has 28 days.

Snider hosts homemakers

The "C" City Lake Extension Homemakers met Tuesday, Jan. 24, at 1:30 p.m. in the home of Belle Snider.

The meeting was called to order with Bobbie Norman leading the club prayer. Anne Myers had recreation and read minutes of the last meeting. Dorothy Sneed gave the treasurer's report. Vada Carlile reported on the stock show.

Helen Ogelsby presented the program on Arbor Day. It was noted that the idea of Arbor Day came from a man named J. Sterling Morton, who came from the treeless plains of Nebraska and who later became U.S. Secretary of Agriculture. He persuaded authorities of Nebraska to proclaim the first Arbor Day on April

10, 1872. In that first Arbor Day, more than a million trees were planted.

She noted that Nebraska is often called the "Tree Planters State". Arbor Day is now observed in all the states. In Nebraska it is April 22. This made the day a school festival and started the practice of planting trees as a memorial to the soldiers killed in World War I.

Refreshments of pimento cheese sandwiches, angel food cake with strawberries and cream, lemon chess pie, coffee and punch were served to Lily Farrar, Helen Ogelsby, Dorothy Sneed, Belle Snider, Bobbie Norman, Marie Harlow, Anne Myers and Vada Carlile.

Wolves swat Yellowjackets

The last time the Colorado City boys won a district basketball title-back in the 1983-84 school year-the Kermit Yellowjackets ended the Wolves' season with a bi-district whipping at Midland's Chaparral Center.

Tuesday night's contest at The Pit was the first rematch since that game. The Wolves powered past the Yellowjackets with strong second and third periods then used free throw shooting to hold on for a 79-61 victory. The win gave Colorado City second place in the first half of district play. The Wolves also broke .500 with the win. Now 11-10 for the year, the Wolves are 3-1 in district 7-AAA behind 4-0 Midland Greenwood. Kermit fell to 9-12 and to third place at 2-2 ahead of 1-3 Crane and 0-4 Coahoma.

Colorado City travels to Greenwood Tuesday with a possible district championship on the line. "I thought we played well," said first year varsity coach Chuck Claxton. "We got a slow start in the first half. I was sweating it with about three minutes to go."

Dane Hoover scored 23 points to lead four Wolves in double figures. Hoover came into the contest leading district 7-AAA with 29.6 points per game. The Wolves did little to damage their district-leading 68.3 points per game.

Chris Perkin kept the Wolves in the game during the first quarter with 8 points and 7 rebounds. A Perkin jumper made it 9-7 for Kermit with 4:30 left in the first quarter but the Yellowjackets scored 8 straight for a 17-7 lead. Perkin scored on two offensive rebounds late in the period which ended with Kermit leading 21-13. The Wolves were 6 of 22 from the floor in the period.

The second period was much different as the Wolves made 7 of 12 shots and 7 of 8 free throws with only 2 turnovers. The Wolves scored the first 8 points of the period with Bubba Bailey scoring six consecutive points.

The Wolves went on for a 14-2 run that gave them a 27-23 lead. Hoover had 7 points in the period

but the Wolves hit cruise too soon. The two turnovers came in the last 1:30 of the half and allowed Kermit a 36-34 halftime lead.

Colorado City came out with a hustling defense for the second half of play. Point guard Pat Ridge sparked the Wolves in the third period. Ridge, who finished the game with 12 points, 4 steals and 3 assists, scored 7 in the third period and made 3 assists and 2 steals.

Ridge scored the first 8 points of the period with two shots being three-pointers. His third assist of the period scored Bailey for a 13 point, 57-44 lead with :15 left in the third quarter. The only shot the Wolves didn't contest in the third period was the final one which Kermit sank from three-point range to make it 57-47 for the Wolves.

Colorado City made 10 of 14 shots in the third period and appeared to have the game in the bag but make only 4 of 15 shots in the final quarter. Two free throws by Bailey kept the Wolves

up by 12 at 63-51 with 5:35 remaining in the game.

Kermit scored the next 10 points, however, to make it 63-61. That's was Kermit's final threat, though, as the Wolves scored the next 16 points to secure the win. Colorado City made 14 of 21 free throws in the final period. Mark Russell, who made only 1 of 6 free throws in the first three periods, sank 5 of 7 in the final period and Hoover put in 5 of 6. Darwin Jackson had four rebounds in the fourth quarter.

THE ROADS OF TEXAS is the culmination of a mammoth project that has involved many individuals for over two years. When you get your copy of THE ROADS OF TEXAS you'll wonder how you ever traveled the state without it.

Lady Wolves shoot Kermit

The Colorado City Lady Wolves stung the Kermit Yellow-jackets with a second half shooting performance here at The Pit Tuesday night. Sheila Monroe scored 21 points to lead four players in double figures as the Lady Wolves won 76-53.

Colorado City ran its season record to 7-13 and its district 7-AAA mark to 1-3. Kermit fell to 13-7 and 1-3. The Lady Wolves finished the first half of district play in a three-way tie for third with Kermit and Crane. Greenwood and Coahoma finished first and second, respectively.

"We've played pretty good since December," said Lady Wolves coach Wayne Alexander, "except for the Greenwood and Coahoma games."

The Lady Wolves trailed 32-31 at halftime but stormed past Kermit with 52% field goal and 84% free throw shooting in the second half. "I think the turning point was in the third quarter," said Alexander. "They had hit a couple of three-pointers so we matched up and then played a little press. They scouted us in Crane. We had a little trouble

with the press there but Kermit couldn't run it very well. We shot extremely well. I don't remember ever scoring that many points. We'll have to check to see if it's a record. Cami (Redwine) had one of her better games."

Redwine hit two consecutive three-pointers to give the Lady Wolves a 10-5 lead with 4:00 remaining in the first period. Denise Lowrance had five rebounds in the opening period which had three lead changes and ended with a 16-14 Colorado City lead. Brittany Bridgford scored six points in the period.

The lead changed hands five times in the second period. Kermit led by four at 23-19 with 6:00 left in the half but the Lady Wolves hung on with seven points by Monica Hamilton. The Lady Wolves committed ten turnovers in the second period but continued to control the boards and trailed only 32-31 at halftime as they began showing signs of their second half shooting.

After three lead changes early in the second half the Lady Wolves took the lead for good on a pair of free throws by Hamilton

that made it 39-38 with 4:00 remaining in the third period.

The Lady Wolves had only 5 turnovers in the third period and made 7 of 15 field goals and 8 of 11 free throws to lead 54-43 at the end of the quarter. Monroe scored 8 points in the period.

The Lady Wolves blistered the nets in the final period by making 4 of 6 field goal attempts and 14 of 15 free throws. Monroe had 7 points in the period and Redwine 8 on one goal and 6 of 6 free throw shooting-one of four players perfect from the line in the final period.

Five players fouled out in the final period. Colorado City was called for 19 fouls to 29 for Kermit.

Scoring: Colorado City-Monroe 21, Redwine 17, Bridgford 10, Hamilton 10, Amy Chitsey 8, Lowrance 6, Mendi Conner 4; Kermit-Versoza 25, Crouse 14.

Rebounding: Colorado City-Lowrance 15, Chitsey 12, Monroe 9, Bridgford 5. Steals: Hamilton 3.

JV: Colorado City 37 Kermit 24. Wolves: Bridgett Bridgford 14, Kendra Ritchey 7, Mandi Farris 6, Melissa Rivera 4, Bea Rivera 2, Priscilla Rivera 2, Jackie Smith 2.
