

Boy's Parents Abandon Hope For His Life

G-Men Push On In Search For Clues On Kidnaping

PRINCETON, Fla., June 4 (AP)—A week ago tonight kidnapers snatched slumbering James Bailey Cash, Jr., from his bed. His father, commenting publicly for the first time, said today he and his wife had abandoned hope they would see their only child alive again.

Agents of the federal bureau of investigation, with Director J. Edgar Hoover personally on the ground, doggedly pushed examination of clues.

M. F. Braxton, 50-year-old Princeton carpenter who was taken by G-men from a crowd near the Cash home Wednesday, had not returned to his bungalow here and his son-in-law, Ray Rayburn, was absent from Homestead. It was presumed they still were being held.

No Charges Filed

Willard Campbell, one of those questioned and released, told the Miami Daily News in a copyrighted interview that "the Braxtons figured they were being held because they had a little difficulty with Bailey Cash—it was something about a debt they owed Bailey."

Campbell also said all those questioned were subjected to lie detection tests.

Hoover emphasized that all persons questioned had been "voluntary witnesses," that no arrests had been made and no charges filed.

Search for the body and for possible clues went forward in the area north and south of here.

Planes and boats were used in addition to ground crews. Divers descended into rock pits and coastal waters.

The Cash boy, a blond, blue-eyed lad who would have been six years old Aug. 2, was taken from his bedroom by abductors who let themselves in the back door after splitting a screen. The father received three notes in which \$10,000 ransom was demanded and paid the money on a solitary drive Tuesday morning over a route mapped in a note.

Great Britain offered to mediate in both.

United States Secretary of State Cordell Hull's assertion yesterday the United States was ready to cooperate in broad moves toward better international understanding was cheering.

Two Major Tasks

British diplomacy was directed chiefly at assisting in solution of the Sudeten German minority question and smothering the Spanish war by reducing foreign intervention and then by seeking a truce.

The next step likely would be a renewed attempt to reach an understanding with Germany.

British leaders believed tension in Central Europe had relaxed sufficiently over the Sudeten German demands that a peaceful settlement was possible.

With the Spanish struggle virtually at a halt in Eastern Spain and an early insurgent victory discounted, prospects were improved for evacuation of foreign volunteers.

Soviet Russia agreed to a British plan for reviving 10,000 volunteers from each side but other issues remained to be settled and the subcommittee of the 27-nation "hand-off-Spain" group is scheduled to confer again Friday.

El Paso Man Dies In His Automobile

BRADY, June 4 (AP)—George S. Markley, about 64, of El Paso, died suddenly as he sat in his automobile in front of a drug store here today.

With his sister, Mrs. A. A. Harris, and two grand nieces, Markley was en route to San Antonio to visit relatives.

Mrs. Harris said he complained of indigestion and suffered a heart attack as she parked the automobile to get some medicine.

SONG CONVENTION SLATED JUNE 18-19

L. E. Raper, Plainview, president of the Plains-Panhandle singing convention, Saturday advised the chamber of commerce that the annual meeting of that organization would be held here June 18-19.

Some doubt had existed that the convention would come to Big Spring although designation previously had been given this city.

The convention normally attracts several thousand singers. It last was held in Brownfield.

KIDNAPERS DEMAND LESS—

Abductions Continue, But There Are Fewer Of The 'Big Money' Snatches

By JOHN FERRIS

NEW YORK, June 4 (AP)—Sensational as the Peter Levine and Jimmy Cash kidnappings are, the big money days of kidnaping, the \$100,000 and \$200,000 snatch days, which followed the collection of \$50,000 ransom in the Lindbergh crime, have declined.

The crime itself, however, has increased since congress, shocked like the rest of the world by the murder of the Lindbergh baby, passed a federal statute in June, 1932, designed to lessen the number of abductions.

This increase has continued although the federal bureau of investigation lists as unsolved only three of the 117 kidnappings, regarded as violations of the Lindbergh law, and hence within the bureau's jurisdiction.

In those lush days ransom like the \$10,000 paid by James Bailey Cash, of Princeton, Fla., this week in a vain attempt to have his son safely returned, would have been chicken feed.

For the safe return of William A. Hamm, Jr., wealthy St. Paul, Minn., banker, \$100,000 was paid to the Karpis-Barker gang. The same amount was paid to the abductors.

WPA Speeds Plans To Open More Jobs

Spending-Lending Attack On Depression Moves Ahead, Although Big-Money Bill Not Yet Passed

WASHINGTON, June 4 (AP)—The administration has started its lending-spending attack on the depression although congress still has a week's work on the \$3,723,000,000 bill that will supply most of the ammunition.

Officials disclosed today the WPA was using funds already on hand to create additional work relief jobs at the rate of approximately 30,000 a week.

If congress finally approves the \$1,425,000,000 which the lending-spending bill now carries for WPA, they said, they expected an average of 2,800,000 persons to be given work relief employment in the next seven months.

Most of the additional jobs provided since May 23, it was said, were in large industrial communities where the unemployment situation was most acute.

Secretary of Agriculture Wallace also has taken steps to put the administration's relief program into effect without waiting for congress to finish action on the big lending-spending bill.

Purchase of Surpluses

He directed the Federal Surplus Commodities corporation yesterday to canvass needs for food and clothing among persons on relief.

With funds already available, the corporation is to expand its purchases of surplus farm products for distribution free to the needy. If the pending bill goes through in its present senate-approved form, \$50,000,000 more of new WPA money may be used for such purchases.

The Reconstruction Finance corporation already is receiving applications for long-term loans for business and industry, and officials of the Public Works administration are getting ready to start new WPA projects swiftly as soon as the pending appropriation bill becomes law.

2,000 PWA Projects

PWA engineers said they intended to recommend allotment of funds for more than 2,000 projects estimated to cost in excess of \$500,000,000, at the outset of the new program. Only \$300,000,000 in federal grants and \$600,000,000 in federal loans would be required for these projects, the remainder of the cost being met by local contributions.

The engineers explained that the projects favored for immediate action were among 2,714 previously approved by PWA but held up when its activities were curtailed.

A joint conference committee is expected to meet Tuesday to begin adjusting differences between the senate and house bills.

Representative Rayburn of Texas, the democratic house leader, told newsmen he saw no reason why congress could not complete its work and go home by the end of next week.

What havoc the flood waters of the previous night failed to work on crops north of town, the wind accomplished in a brief but mighty gust. Reports Saturday indicated a general replanting.

Dense dust clouds rode on the crest of the gale, reducing the ceiling to zero and visibility to less than an eighth of a mile. However, the worst of it blew off rapidly, for a sprinkle at midnight served to partially clear the air.

At Sweetwater several hundreds of dollars damage was done to the municipal airport. A plane belonging to Ray Baumgardner, formerly of Big Spring, was battered.

East of Stamford a power line was blown down and hard rains set in. Damage estimated at \$50,000 resulted in the KMA field near Wichita Falls. Derricks were blown over and 10 people were injured, only one seriously. Homes and business houses were hit in Wichita Falls and several small fires broke out after an electrical display. A tornado struck Grandale, Oklahoma, with telling effect.

Chinese Lines Crumbling

Japs Making Broad Advance Along Rail Line

SHANGHAI, June 5 (Sunday) (AP)—Reports through foreign sources at Hankow said today Chinese resistance along the Lunghai railway in central China had collapsed.

A general withdrawal of Chinese troops was said to be under way. Japanese troops reported in occupation of Kaifeng, ancient capital of central China.

It was predicted Japanese troops would enter Chengchow, junction of the Lunghai and the Peiping-Hankow railway, within 48 hours. Kaifeng, 40 miles east of Chengchow, had been the objective of Japanese troops stalled temporarily at Lanfeng.

The Japanese plan has been to occupy Chengchow, then drive south along the Peiping-Hankow, approximately 200 miles to Hankow, one of China's provisional capitals.

CANTON, June 4 (AP)—Japanese air raiders continued heavy bombings of this city today with two devastating attacks.

Officials feared casualties would exceed those of a week ago when they estimated 750 persons were killed and 1,350 wounded.

Today's raids marked the sixth day of attacks on Canton in the last eight days.

For Hurried Readers

News Events In Brief

MEXICO CITY, June 4 (AP)—President Lazaro Cardenas told his people tonight that "this government has stretched out its hand to the humble and will triumph or fall with them."

In a nationwide broadcast Cardenas acknowledged the gravity of the country's present economic difficulties and said development of Mexico's natural resources was necessary to meet them.

AUSTIN, June 4 (AP)—Governor James V. Allred today called upon Texas citizens to alleviate the plight of East Texas tomato farmers who, he said, were suffering from a "terrible drop in price" for their product.

The governor urged the people to observe National Tomato Week next week by purchasing "at least 10 pounds per family."

AUSTIN, June 4 (AP)—Old age pension rolls increased 204 to a total of 112,204 from May to June, the old age assistance commission announced today.

FORT WORTH, June 4 (AP)—A program which would modernize and simplify Texas traffic laws will be proposed by the governor's traffic safety committee in its second annual session here June 15, C. J. Rutland, committee chairman, said today.

He said many of the present statutes were enacted a decade ago and, with major advancement in highway construction and safety development, of motor-vehicles, a number of the acts needed to be brought up to date.

BAIRD, June 4 (AP)—Mrs. Mary Ann Brightwell, 87, planned to attend a reunion of pioneer families tomorrow. She died today.

AUSTIN, June 4 (AP)—The railroad commission said today Texas oil production in April totaled 40,034,443 barrels of which 4,637,425 went to storage. Other disposals were 69,705 barrels to tank cars; 167,904 to trucks and 4,385 for fuel purposes. Miscellaneous distributions amounted to 28,496 barrels.

SHREVEPORT, La., June 4 (AP)—Mrs. Marguerite White, 29, died here today of a bullet wound which Coroner Willis Butler said was self-inflicted last Sunday.

Joe Pickle Reviews

The Big Spring Week

This weather proposition is getting a great deal like the wrath of God—it surpasses all understanding. The oldest of the guessers—and that's what they are now—are scratching their heads, trying to remember when such a stormy season plagued this area. It has been an unusual weather year. To start with the first two months were unusually wet. Then came the balmy winter and earliest spring on record in 25 years. This, however, was cut short by the severest spring blizzard in many, many seasons on April 7. That was the signal for a host of dust storms and continued drought. Then came record hail stones. Spotted showers would drench a small area and hail would rake another. Squally weather set in in the last of May and wind and showers worked damage. And last week the weather menu dish up sharp flood damage, followed in 24-hours by a choking dust storm and more wind damage. There's no telling what's next.

Incidentally, those who chuckled a year or so ago when city officials put in a bid for a flood control project evidently laughed too soon. Built, as Big Spring is, on steep slopes and in a draw that was once a river bed, the city occasionally feels the effect of brief, damaging floods. A good part of this might be overcome by a series of drainage and by-pass projects. Surveying the damage of last week, the city is again considering such measures.

Not the least of the current crop plagues is the grasshopper. While the menace has not reached the proportions of the locust infestation shown in the remarkable sequence of the "Good Earth" film, it is nevertheless very serious in northeastern part of the country. Already the insects have set upon mesquite trees, stripping the smaller brush of its leaves. Along Morgan creek valley the infestation is as heavy as County Agent O. P. Griffin has seen—and he went through a siege in Brown county where grasshoppers devoured all the leaves from pecan trees and ruined two pecan crops.

The 104-degree temperature here a week ago today should have been ample warning that summer is here, but a few political deadlines this month will serve as added reminders. Monday is the last day for filing for places on ballots for state and district offices. The county and precinct deadline is on June 19, and when this date is passed, the political pot will get hotter than the weather.

While Big Spring is at the edge of what is known as the nation's business white spot, it is not without its own spots, both white and dark. Records for May showed that building activity continues at an increased, steady pace. The total for the first five months amounted to \$237,000, a thousand dollars more than all of 1937. Postal receipts, too, were up, just as they have been all this year. But new car sales were sharply off, an item which indicates the temper of the public pretty well. People are still spending well here for necessities, but they are going light otherwise.

There have been several inquiries as to the occasion for banks closing Friday. It's a shantied question for good Southerners to ask, for the occasion was none other than the birthday of Jefferson Davis. And for those who have Yankee memories—Jeff Davis was president of the Confederacy.

From Martin county comes word from some of the civic leaders that the narrow margin on the \$46,000 road bond vote there May 21 likely will result in another ballot on the question. The issue failed in a two-thirds majority by 10 votes. If it is put up to the people again, it will be tackled on the July 23rd primary ballot.

The city police radio transmitter is now operating on a 24-hour schedule, making possible the instantaneous contact of patrol cars at any hour. More than that, it will afford a more complete means of combating crime in the general area. By way of illustration, last week the city handled a call for the sheriff's department on a man wanted for forgery. The call was put in about 9 p. m. and in three hours word came back from Elberta that the suspect had been taken to custody.

Rotten Eggs For Thomas

Socialist Leader Bombarded; Rally Is Broken Up

NEWARK, N. J., June 4 (AP)—Tom, gray-haired Norman Thomas, long-time leader of the socialist party in this country, was shelled by rotten eggs and cucumbers late today when about 100 men and a brass band broke up a socialist rally in Mid-City Military park.

Marching four abreast through a crowd of about 500 persons, the anti-Thomas contingent shouted Thomas down with the help of the band's blaring instruments and finally forced police to escort the former presidential candidate from the scene.

Many of the marchers wore war veterans' overseas caps and carried American flags. Others bore signs assailing "reds." Flies flew as Thomas sympathizers and foes clashed. Mounted police, uniformed patrolmen and detectives wielded night sticks to break up the melee.

The temporary American flag draped platform, on which Thomas stood, was smashed.

Police Chief Steps In

Thomas, his hair and face streaked with egg yolk, stood on a park bench during a drama-packed half hour and pleaded for a chance to speak. Whenever he started, the band played louder, the yells increased. Finally, Deputy Police

British Comedienne Joins Bing Crosby In The Crooner's Newest Musical Romance

'Doctor Rhythm' On Ritz Program Today, Monday

The inimitable Beatrice Lillie, one of Britain's greatest comedienne, appears in her first important screen role along with Bing Crosby, Mary Carlisle, Louis Armstrong and others in the gay "Doctor Rhythm." Paramount's tale as taken from O. Henry's "The Badge of Policeman O'Roon." "Doctor Rhythm" holds forth at the Ritz today and Monday.

Crosby has more than his usual quota of soothing songs, including "My Heart Is Taking Lessons" and "On the Sentimental Side," contributing a good performance on the side while Miss Lillie is said to strike the fancy of the American movie going public in her first attempt.

Paramount's version of the O. Henry tale has been pepped up. It relates the rollicking experiences encountered by a fashionable New York physician who masquerades as a policeman for a day to help a friend get out of trouble. He gets more than he expects when his first assignment is to be a personal bodyguard of a madcap society woman, Miss Lillie, who is also the favorite patroness of the New York police force.

Troubles pile up for the pseudo cop when Miss Lillie orders him to track her beautiful niece, Mary Carlisle, and see to it that she does not run away with a no-good racketeer, Fred Keating, with whom the niece fancies herself in love. When his borrowed uniform fails to impress the girls with his importance, Bing crosses her into submission. Singing music, under the leadership of Armstrong and his famed band, paces the comedy of the picture. Armstrong also played with Crosby in "Pennies From Heaven."

Martin Co. Woman Claimed By Death

Funeral services were held at the Eberley chapel Saturday afternoon at 2 o'clock for Mrs. Emma Jane Yell, 84-year-old Martin county woman who succumbed Friday afternoon. She died at the home of a son, J. B. Yell, seven miles north of Stanton, following a brief illness.

Mrs. Yell had resided with her son for several years. The family formerly resided in the Center Point community of Howard county, moving to Martin county five years ago. Three other sons and a daughter survive: W. C. and M. I. Yell of Stanton; A. W. Yell of Brady, and Mrs. Ella Farrar of Wartrace, Tenn. Eighteen grandchildren and several great-grandchildren also survive.

Rev. B. G. Richbourg was in charge of the service. Pallbearers were W. W. Clements, Ira Echols, Henry Rayford, W. E. Kelly, Otis Davidson and A. T. Angel.

THE DOCTOR BECOMES A COP

Physician and policeman are all the same, in a gay fiction piece called "Doctor Rhythm" which brings Bing Crosby and Mary Carlisle to the Ritz screen Sunday and Monday. It's a musical romance in which Crooner Bing offers new popular songs and makes love to Miss Carlisle. Beatrice Lillie, the English comedienne and Andy Devine are among those assisting in the lighter moments.

Drifters Quitting Air After 16 Months On KBST; Comedy Team, Eb And Zeb, To Replace Them

Hundreds of persons, who during the past 16 months have become devoted fans of the program presented by the Drifters, will no doubt regret that this program has been discontinued, effective June 6. Sixteen months on a daily 15-minute program is a long time for talent to perform without rest. That is the way it has been with the Drifters—they're tired and need rest away from radio. They have done a mighty fine job of entertaining and the audience will welcome them back when they return to the air.

To replace the Drifters on the program spot, the sponsors made a wide search for another program which would prove just as entertaining. After several auditions it was decided that an entirely different type of show should be presented—a decision which calls for the presentation of Eb and Zeb, two famous comedy characters featured on the NBC network. In a vote taken on the Pacific coast, Eb and Zeb topped the list as the funniest serial on the air. What's the program like? Well, to begin with,

"Eb and Zeb" are two old codgers who run the general store in the little town of Corn Center. It is their mixups and misunderstandings—their daily flair for getting things wrong—that has kept many audiences rolling in laughter. If you're looking for human interest, heart throb stuff, pass by Eb and Zeb. But if you're looking for comedy, and two comedians, who can make you forget your troubles, then tune in for the first episode of "Eb and Zeb" Monday and every week day at 1 o'clock.

KBST listeners who like dance music will have full evenings of it during the coming week.

Beginning Monday night KBST microphones will pick up dance music from 8:30 to 10 o'clock each night from the Wally Simpson club on the east highway.

Mike Mullican and his orchestra will be featured in the broadcasts each night except Wednesday. On Wednesday night the station as usual will pick up the music of the Western Melodians playing for the regular weekly barn dance.

As a result of broadcasts by KBST Thursday and Friday and Saturday nights, Mike Mullican's orchestra already is developing a large following among dancers.

HOME AGENT FACES A BUSY WEEK

This will be a full week for Lora Farnsworth, county home demonstration agent.

Monday she will engage in a round-up of girls club work, visiting four clubs in various sections of the county. Tuesday she meets with the Luther home demonstration club, Wednesday with the girls and women's clubs of Highway. Thursday with the Center Point girls and women's clubs, and Saturday afternoon with the county home demonstration council.

FEW LICENSES

The past week was the lightest on record for the drivers license division of the highway patrol, figures released by E. B. Matthews showed Saturday. Only 25 chauffeurs and 39 operators licenses were issued. Four were refused. Ordinarily the total for the week amounts to 100 or more.

Abilenian Is Boosted For Legion Post

Daniel Offered As National Committeeman From Texas

LARRY DANIEL

ABILENE, June 4—Larry Daniel, commander of the fifth division, department of Texas, has been placed in the race for national committeeman from Texas by his home post of the American Legion, Abilene's Paramount No. 157.

Daniel is one of the most active legionnaires in the state. To accept the post of division commander he resigned the 17th district command, which he held from 1934 to 1937. He has held every office and served on every committee in his home post, except that of chaplain. He also served two years as Grand Chief of the 40 and S. He is now a trustee of the Taylor county veterans clubhouse.

Outstanding work marked Daniel's tenure as district commander. In 1936 the 17th district, one of two in Texas to exceed its membership quota, enrolled 1,900 members, 300 over the quota. Since then there's been a large loving cup. "The Larry Daniel Trophy," that is awarded each year to the post in the district with the best membership record.

Daniel entered service in headquarters company, 142nd Infantry, One day at the camp Y. M. C. A. he was talking about his ability to operate a motion picture machine. A superior heard him and he went on assignment to do just that. Later he was dispatch carrier for headquarters company at Camp MacArthur and, still later, a trainer in the messenger service.

Pioneers Are Honored In Lyric Film

Saga Of The West Is Told In Picture, 'Wells Fargo'

Another tribute to those hardy pioneers who were responsible for connecting the link between the eastern and western parts of the United States before and during the Civil war is "Wells Fargo," the Paramount epic coming to the Lyric theatre today and Monday.

Starring Joel McCrea, Frances Dee and Bob Burns, "Wells Fargo" traces the history of the opening of the West from time of the discovery of gold to California until the close of the great war between the north and south, with the express business of Henry Wells and William Fargo, which has developed into today's Railway Express Agency, forming the background.

For romance the picture follows the love story of a typical Western family, headed by McCrea and Miss Dee, who are married at the beginning of the picture. Their fortunes, closely linked with the expansion of the Wells Fargo business, forms the main theme of the picture.

The dangers McCrea and his partners encounter from Indians, bandits and nature supply the picture with cinema appeal as only a western can do.

Burns, who heretofore has played nothing but comedy in motion pictures, appears in his first "straight" role in "Wells Fargo," that of a philosophical Indian scout who befriends McCrea when he first comes into the West.

The cast also includes Lloyd Nolan, Henry O'Neill, Mary Nash, Ralph Morgan, John Mack Brown, Porter Hall, Robert Cummings and others.

More Attention On How To Interest Young People Suggested By Student As One Answer To Church Problem

Following is a paper on the topic, "How Can The Church Interest The Young People," written by Nancy Phillips, Big Spring girl who is now a student in Texas Tech, and read before a recent meeting of the City Church Federation. The Herald reprints the paper because of its thought-provoking content. Readers, whether or not they agree with the college student, will find material of interest.—Editor's Note.

Every Sunday, millions of people all over the world go to church, presumably to worship God. Unfortunately, there are other urgent motives that cause them to crawl reluctantly out of bed on a fine morning for sleeping.

They have noble but questionable motives. For instance, there is Type 1, who thinks his presence in a church will erase all doubts as to his destination after death. Type 2 is the gossip-and-style-authority of the neighborhood who always sits on the back row in order that no new dress or furive whisper can escape unseen, unheard and uncriticized. Type 3, repents by the week for every past Saturday night and the one to come. Type 4, is the overly fond mother who brings her children of two and three years of age respectively so that they may begin church training early by climbing over the furniture and congregation. Last and least, is Type 5, who goes for the sheer joy of singing his praises and offering thanks for the gifts He has seen fit to bestow.

Young People Missing Every Sunday morning, millions of young people fail to attempt the supreme efforts made by their parents, and sleep contentedly and unashamed, remaining unimpressed by the warnings of their elders concerning their susceptibility to the dangers of hell-fire. With the exception of Thanksgiving, Christmas, Easter and Mother's Day, the churches are rarely filled with young people. Older members sadly shake their heads and say we have no sense of responsibility or spiritual nature. We are, it seems, quite hopelessly beyond saving.

Everything Is Wrong Why don't young people attend church? The answer has been voiced and gone unheeded many times. We are tired of incessantly being told by churches that everything we do is wrong; that the younger generation have gone to the same dogs which devoured the generation before us. We dance, like thousands of others, conscious that it is considered a sin by many churches; we smoke and drink moderately, but not to such an extent as the church points the gruesome picture. Many go hopefully off Sunday mornings with eager faces, only to return, scornful and disgusted, vowing never to step inside a church again. The belief of some centers around their inability to accept the existence of a hell where the Devil reigns supreme, torturing lostsouls through eternity. Some are inclined to believe that each human being has a personal heaven and hell here on earth—following the old Adage, "Ye shall reap what ye sow."

If you step into a church filled with eager young people, you may be sure the preacher is tolerant and undemanding enough to remember the time when he was young; a little bit frivolous and foolish, and undecided as to just what life was all about.

Social Attractions Most church organizations have stiff social affairs that do not attract the young people due to their rot-always-unjustified fear that "anything churchy won't be fun." There are many exceptions that contradict this popular belief—I have one denomination in mind that gives such successful dances that many outsiders attend and are so impressed by the obvious and wholesome fun every one is having, that they even appear in church the following Sunday just to see the cause of their apparent enthusiasm. In addition to the usual League work, there seems to be a need for more novelty parties and picnics with a definite entertainment program.

Unfortunately, when one gets too old for Sunday School, there is a span of years when direct contact with the church is lost due to disbelief in some instances, and laziness in others. But when one is getting up in years, back he comes to the out-stretched arms of the church, afraid to ignore her doctrines any longer for fear of the after-life consequences.

That misleading period could be illumined if the just-out-of-Sunday-School-Age can be kept interested in the church by activities that will be both beneficial and

entertaining. If this can be accomplished, young people will cease to be referred to as "fugitives from religion."

Attorney, Leader In Law Reform, Is Taken By Death

GALVESTON, June 4 (AP)—John L. Darrouzet, 60, assistant general counsel of the American National Insurance company, and known in state political circles as a champion of laws he thought would help the poor, died suddenly here today.

Funeral services will be conducted at Austin Monday by Bishop C. E. Byrne of Galveston and Pastor J. J. O'Brien of St. Mary's church there.

Darrouzet, chairman of a committee seeking federal funds to match a legislative appropriation for a \$1,000,000 state courts building, was praised by Gov. James V. Allred.

He said: "Darrouzet was a man of the finest character, the cleanest moral habits, and a devout churchman. All who knew him will mourn his passing."

Known as a conservative in governmental matters, Darrouzet was active in efforts to improve the Texas bar and courts.

He had represented a number of corporations in legislative matters and was widely known among legislators and state employees.

LEGION EVENT TO BE HELD MONDAY

A combination business-social event will be staged at the country club Monday evening, beginning at 7 o'clock, by members of the Big Spring American Legion Post. Dutch lunch will be served, and a brief business session will be followed by a recreation period.

All legionnaires are urged to attend the affair, each bringing a friend.

GOSPEL SINGING

Special gospel singing is to be offered Monday at 8:30 p. m. at the Mount Bethel Negro Baptist church. Mrs. E. W. Townsend, Oklahoma City, one of the outstanding singers of the race, is to be featured in a program of songs.

Glamor Street Depicted In Photoplay

'52nd Street' Featured At Queen Today And Monday

Since Broadway and 42nd Street long since have taken their place in Hollywood, the cinema capital now steps forward to capture another side of Manhattan, that of the avenue of the night clubs. "52nd Street" bringing to the screen a picture by that same name, "52nd Street" returns here for showings at the Queen theatre today and Monday.

Walter Wanger, in this production, has interpreted the life and romance of the famous street and with it has brought a human story. Such stage and radio stars as Kenny Baker, Jack White, Jerry Colonna, Al Norman, Rocco and Sautter, Cook and Brown and George Tappa lend their talents toward making the picture an outstanding success. Then there are such Hollywood standbys as Leo Carillo, Maria Shelton, Pat Peterson, Zasu Pitta, Dorothy Peterson and Ian Hunter who contribute.

Songs heard include "Don't Save Your Love For A Rainy Day," "I Would Like To See Samos of Samos," "52nd Street," "Nothing Can Stop Me Now" and "I Still Love To Kiss You Goodnight."

Grover Jones wrote the story, while Harold Young handled the director's reins.

The annual consumption of wheat flour in China in normal times is 1,220,000,000 bags of 49 pounds each.

Si Nabors In Race For Peace Justice

S. C. (Si) Nabors Saturday was the latest candidate to announce for public office.

He will seek the democratic nomination for the office of justice of peace, precinct No. 1, in the primaries of July 23.

A resident of the county for 10 years, Nabors is well known here. He is married. This is his first time to ask for public office.

"I want the people to know that I will appreciate deeply their vote and influence for me, and that I will try to justify their confidence by faithfully discharging the duties of the office if elected," said Nabors.

GAS IS YOUR QUICK CLEAN ECONOMICAL SERVANT

Filing Deadline Near, Texas Soon To Know Who Candidates Will Be

AUSTIN, June 4 (AP)—Meeting growing interest of the electorate, candidates' voices boomed through Texas today in quest of votes, while lists of entries for the state's first big election show of the year, the democratic primary July 23, slowly crystallized.

With a few late comers yet expected to lay money on the barrel-head, 11 aspirants to the governorship and about 35 seekers of other

state offices had paid the fee of \$100 required by the party to get their names on the ballot.

Four had filed for lieutenant governor, five for attorney general, seven for railroad commissioner, two for comptroller, three for land commissioner, two for treasurer, three for state superintendent of public instruction, two for commissioner of agriculture, three for associate justice of the supreme court

and four for two places on the court of criminal appeals.

While Monday was the final day for candidates for state and district offices to file, those running for county and precinct jobs had until June 18 to comply with the requirement.

With the passing of those dates, the 1938 political picture in Texas, from the standpoint of matched contestants, will have been clearly etched.

Seek To Avert Recurrence Of Flood

Alteration Of Street Grades Studied By City Officials

City officials finished a check Saturday on damage done by the Thursday night downpour and resultant flood and pondered on means of averting a recurrence of the high waters in the low sections of town.

Alteration of street grades to funnel water into a dam in the western part of town was considered. Paving of 18th street from Lancaster to Goliad in order to by-pass water from the area south into the canyons south and east was talked. A levee north of the cemetery to handle the heavy waters north of town was another possibility.

City Manager E. V. Spence expressed the opinion that no little of the high water in the northeast corner of the town was due to trash and dirt collecting along a wire fence on the north side of the cemetery. Water was impounded until the fence collapsed, sending down a wall of water four feet high, as indicated by water marks on posts and trees in the cemetery.

Cemetery damage had been repaired Saturday and every available city laborer was at work on streets. Spence thought the major portion of the damage would be repaired by Monday with the exception of five bridges which washed out.

Freud Quits Vienna Home

To Work On Bible Psychoanalysis In London

LONDON, June 4 (AP)—Sigmund Freud, world-famed founder of psychoanalysis, is coming to London from nazified Vienna, determined at the age of 82 to complete his psychoanalysis of the Bible.

Friends said he was virtually penniless and "had a great shock" with Germany's absorption of Austria. They said he has remained in the seclusion of his Vienna home, "dreading insults if he emerged—because he is a Jew."

In London Freud intended to live with his daughter Anna and work on his partly completed Biblical analysis. This, it was said, explains "the sub-conscious wishes and fears of the people" of Biblical times.

Freud left a Vienna which had been his home since childhood, a city which he helped make famous as a center of modern scientific thought.

He left Austrian Germany to the accompaniment of Nazi press attacks against his work. Brief notices of his departure referred to his famed psychoanalytic school as "a pornographic Jewish specialty."

Freud's publishing house and "all his money" were confiscated, and although he was permitted to keep his own library, all new books in his Vienna publishing office were destroyed, friends said.

Freud left Vienna imploring journalists not to write of his departure until he had crossed the German border, fearing difficulties. He was due in London Wednesday or Thursday.

Job Seekers

(Continued from page 1)

bureaus throughout the country reflects the discouraging outlook facing the 148,000 graduates the U. S. education office says will leave colleges this June.

The 148,000 is 3,000 more than last year but the college estimate a decrease in job demand as low as 75 per cent under last year.

Knowing that their age group represents 38 per cent of all the men on WPA rolls, workers over 40 years old are forming "protective" groups in some areas.

The "over forty project" has been incorporated in New York for the purpose of persuading employers to fill at least 40 per cent of their jobs with men over 40.

The "Life Begins at 40 League," has a similar purpose, as do the "Forty Onward League," and others.

This agitation has been effective to some degree.

The Massachusetts legislature has passed a law banning any contract which forbids employment of persons over 40.

The New York legislature has forbidden discrimination because of age in civil service jobs.

Youth Organized, Too

Resolutions of parallel portent have been introduced in congress to cover federal civil service positions.

Just as the "over 40's" are organized, so are the "under 25's."

The American Youth congress, which directly or indirectly reaches over a million youth of college age, carries on a continuous program in congress and elsewhere in support of the labor movement, social legislation and "betterment of economic conditions of American youth."

The American Student Union is active in the same field, carrying on pertinent surveys and distributing information to its members.

Partly because of these organizations, the man who leaves college now has no rosy illusions about how far his diploma will carry him.

He knows that many diplomas before his in recent years have led only to the WPA rolls.

Bronstein

(Continued from page 1)

body will be taken by train to Fort Worth Sunday evening and orthodox services will be held Monday. Burial will be beside a daughter, Bertha, buried there in 1927.

MARKET PRICES IN TEXAS ON DECLINE

AUSTIN, June 4 (AP)—Local market prices of farm products in Texas and the products' exchange value continued a decline during the month ending May 15, the Austin bureau of agricultural economics of the U. S. department of agriculture said today.

SANTONE WEEK'S BIGGEST BUILDER

By The Associated Press
San Antonio reported \$724,897 in building permits to lead Texas cities last week. Houston, with \$410,035, was second, and Lubbock reported \$309,635 for third place.

Last week's reports:

City	For Week	For Year
San Antonio	\$724,897	\$1,835,039
Houston	410,035	10,595,820
Lubbock	309,635	1,058,968
Corpus Christi	73,540	1,451,944
Fort Worth	73,169	2,588,838
Dallas	66,324	3,802,491
Austin	66,148	2,625,980
Amarillo	28,198	1,067,060
Wichita Falls	25,865	286,285
Galveston	19,044	1,231,009
Tyler	6,700	691,585
Palestine	5,385	165,791
Big Spring	4,575	283,053
Corpus Christi	1,880	55,391

LOCAL ASSOCIATION SHOWS DECLINE IN MORTGAGE LOANS

A static condition in total and decline in loans was reflected in May report of the First Federal Savings and Loan association here, Saturday.

While assets rose approximately \$100 during the month to \$192,117, first mortgage loans dropped from \$85,091 to \$82,752.

Cash on hand amounted to \$17,470, further indicating a meagre liquid condition.

Installment thrift shares totaled \$11,895 and local prepaid shares aggregated \$10,915, full paid income shares \$26,500, bringing the total subscriptions to \$52,185. This compares with \$48,000 government shares. Undivided profits amount to \$848 and current income less expenses, \$1,987.

Kidnapings

(Continued from page 1)

of John (Jake the Barber) Factor, of Chicago.

The release of Charles F. Urschel, Oklahoma City oil man, abducted by Machine Gun Kelly, his wife, Katherine, Harvey Bailey and others, cost Urschel \$200,000 in 1933.

The family of Edward G. Bremer, St. Paul banker, paid \$200,000 in January, 1934, to Karpis, Doc and Ma Barker and others.

Ransom in the kidnaping of Charles Boettcher, Denver investment banker, in February, 1933, was \$60,000.

George Weyerhaeuser, 9-year-old son of a Tacoma, Wash., lumber man, was seized in May, 1935, held seven days and then released unharmed when his father paid a gang \$200,000, of which \$157,319 was later recovered.

Mary McElroy, of Kansas City, was kidnaped, held for a day and released on payment of \$30,000 ransom to Walter McGee, later convicted.

Three Yet Unsolved

Mrs. Alice Speed Stoll, of Louisville, Ky., was freed on payment of \$50,000 to Thomas H. Robinson, Jr., now a lifer at Alcatraz.

There were numerous other kidnapings, of course.

The three checked by the FBI as unsolved are the kidnapings of Peter Levine, 12, of New Rochelle, N. Y.; Charles Mattson, 10, of Tacoma, Wash.; and Arthur Fried, 32, of White Plains, N. Y.

The Levine boy disappeared February 24 last while homeward bound from school. Last Sunday the boy's headless body was washed up from Long Island Sound.

The Mattson boy vanished December 26, 1936. The kidnaper spurned efforts to pay a \$28,000 ransom. The boy's body was found sixteen days later.

The Fried case lacked sensational elements. Office manager of a sand and stone company in Manhattan, Fried disappeared December 4 and is still missing. Figures on the ransom demanded vary from a low sum to \$100,000.

Thomas

(Continued from page 1)

Chief Phillip Sebald stood up beside Thomas inside a cordon of police and announced:

"On my advice, this meeting is disbanded."

Thomas said later the adjournment was at the police direction—not his.

Escorted by a big squad of police on horseback and foot, they marched down the middle of the street—Thomas went to socialist headquarters and there lashed out at the police and charged the opposition force was mobilized through the influence of Mayor Frank Hague of nearby Jersey City with whom he is engaged in a "free speech" controversy.

The police, he charged, were "either indifferent, or inefficient or in collusion with the small mob."

OFFICERS INSTALLED BY BUSINESS CLUB

Officers were installed for a six months term Friday at the meeting of the American Business club. Dr. Preston R. Sanders was installed for his second term as head of the organization.

Others taking office were Doyle Robinson, vice-president; J. F. Laney, secretary-treasurer; J. W. Joiner, bulletin editor; Charles Boyd, sergeant-at-arms; C. O. Nally, Bill Younger, R. E. Lee and Worth Peeler, board of governors.

Jean Kuykendall, accompanied by Mrs. Anne Houser, was heard in a song and dance number, and Frances Stamper, accompanied by Mary Vance Keneaster, favored with a vocal selection.

Roy McCullough was introduced as a new member. Mr. Kizzar and Mr. Freeman were visitors.

Mrs. J. W. McLaughlin of Austin is visiting here with Mrs. John Clarke.

THE SPORTS PARADE

BY HANK HART

The Baron park and field was heavily damaged by the rain storm Thursday evening. A lot of the soil in the infield was washed under the grandstand and out into Fifth street. The fence in right field was left standing high and dry when the under soil was carried away but Groundkeeper Duncan was hurriedly repairing the place Saturday and everything is expected to be ready by the time Lubbock and Big Spring take the field this afternoon. President Jack Hutchison's promise to have the lights up by the time the Barons returned from the road trip wasn't fulfilled but he was in Monahan Saturday dicker for the arrangements. The Baron pitching staff should be completely rested today. Up until Friday only two pitchers had worked and one of them, Marvin Keller, had gone but three innings. Wes Egan, the elongated left-hander who was cut loose by Manager Barnabe last week, is still in town. He intends to leave sometime this week for his home near Sheela, Wash. The Clovis Pioneer winning streak, which extended to eight before being snapped off by Cliff Neighbors and the Midland Cardinals Friday afternoon, was the longest in the WT-NM season. Allen Batte, speedy right-hander for the Continental Oilers, claims to be only 17 years old. There are still strong rumors of Forsan building a grandstand before the season is over.

Doug Jones and Shirley Robbins failed to solve the wind and tricky greens in their qualifying rounds in the West Texas Invitational golf tournament at Lubbock Thursday and landed in the first flight playoff. Doug had a first round 80, missing what he termed "a hundred putts". Shirley was three strokes back. Big Spring's two representatives in the championship flight, Jake Morgan and Obie Bristow, lost out in first round play, Jake falling before Owen Crump, Crosbyton, one up, while Obie was losing to Johnny Bell, Lubbock, 2 and 1. Such sterling golfers as Houston Cole, Ranger; E. R. Lovvorn, Sweetwater; Frank Stacey, Midland; J. C. Southworth, Sweetwater; Stewart Bonner, Wichita Falls; Alton Holton, Lubbock, skidded to the first flight along with Jones and Robbins. Morgan Neill and Al Strawn, Odessa's Band Belt league stick artists, were playing in the third flight and Pat Riley, Midland, and Lee Hubby, formerly of Big Spring and now of Lubbock, were way down in the fourth. Which shows the class of the field competing. Speaking of golf, Mrs. Obie Bristow and Elinor Jones, who played in the recent Big Spring's Women's Invitational, have gone to Tulsa, Okla., where they are to enter the Trans-Mississippi meeting, which begins there Monday. Elinor has a fair chance of landing in the championship flight if she gets back on her game.

Marvin House, Jr., left Friday to enter the Ft. Worth Invitational tennis tournament which begins in that city Monday and continues for five days. Wilmer Allison is expected to be on hand for a try at the laurels. Others due to be in action include the Hess boys, Jake and Wilbur, and several Southwest Conference stars. The Major softball league will be reorganized as soon as the first half is completed later in the month. T. Yarbo, Forsan, is requesting an opening for the Continental Oil Co. Seems that some of the boys playing basketball out in that direction can't get their fill of action. Recreational Director H. F. Malone says that both leagues (Major and Church) may be revised, throwing the stronger teams together in one pool and the weaker aggregations into the other. Whatever happened to Robert Moore's Brown Bombers? Active a month ago, they suddenly quit operations.

FORSAN-TEXON GAME CALLED OFF; OILERS BEATEN WED.

FORSAN, June 4.—Forsan's game with the Texon Oilers, scheduled to be played here Sunday afternoon, was postponed until a later date due to interference with the Lubbock-Big Spring fracas, Manager C. J. Reed said Saturday. The Forsanites were defeated by Crane in Crane last Wednesday night, 5-4, despite great pitching by Maxie Beard. The Oiler left-hander whiffed 15 batters and gave up

only seven hits but Crittenden dented the plate in the tenth for the winning tally. He came in on a single by Galloway. The Continental bunch collected seven hits off the offerings of Page, Crane twirler, including two by Loper. Reed said that he was attempting to line up games with General Crude, Hamlin, and the Colorado Independents.

Barons Open Against Hubbers Here Today

Frankie Jacot Or Johnny Soden Scheduled To Take Over On Hill

The Big Spring Barons, returning from a week's road trip, open up a six day stand here at 8 o'clock this afternoon with Lubbock forming the opposition.

BS Amateurs Win, Lose In S'Angelo

Bostick Drops His Opponent; Womack Loses Close One

Big Spring's team of amateur boxers split their matches in Don Legge's TAAF fights at San Angelo Friday night but, in the opinion of many, should have come away with a perfect record.

Ellis Read won a fight without even donning a glove. His proposed opponent wouldn't lace up the gloves and Ellis had to stand on the sidelines and watch his mates go through their paces. Alton Bostick apparently didn't need the two days workout he underwent here last week. He polished off a lad by the name of Glen Clark, San Angelo, in less than a minute of the first round, a straight right to the chin doing the job.

Red Womack received a black eye and an equally black decision in his bout with Noah Valdez. The Angelo Mexican scraped Womack's optic with a blow in the first round, bringing blood, but thereafter Red had clearly the better of the milling. His plodding jab time and again shook the Angelo off balance and he won hands down. However, Noah was given the decision. George Young, San Angelo featherweight, was given a decision over Johnny Owens of Big Spring but even a Standard-Times news representative admitted the ruling was wrong. Johnny had the edge in every round.

The Abilene team did not show up for the matches and Legge was forced to make several last minute substitutions.

Advisory Council To Meet Monday

Members of the advisory council of the recreational department have been urgently requested to attend the monthly meeting at the city hall Monday evening at 7:30 o'clock. A summer tennis tournament has been proposed and plans will be discussed toward promoting the affair.

The Big Springers will meet the Hubbers in a Ladies Day special again tomorrow, play Hobbs on Tuesday and Wednesday then close out with Wink Thursday and Friday.

Hampered by rain and sand through most of the week, the Barabachens have come dangerously close to dropping into the WT-NM league cellar.

Pitching chores this afternoon will fall either to Johnny Soden, ace right-hander, or to Frankie Jacot who was beaten by Lubbock last Tuesday.

Bill Terry or Charlie Bryan will probably get the pitching call for the visitors.

Donaldson In Batting Slump

Hobbs Slugger Still Leading WT-NM Loop, However

George Donaldson, Hobbs outfielder, lost 32 points that caused his average to drop to .534 during the week but he is still far ahead of the field. Outfielder Gagliardi of Clovis jumped his average up to .439 to take second place. Carr of Lubbock remained the home run leader with 12, and the RBI leader was McDonald, Clovis first baseman, with 43. The Lubbock team average dropped to .315, only one point ahead of Hobbs.

Averages through games of May 29 follow. (Averages on Wink at Hobbs, May 27, and Midland at Hobbs, May 28-29, have not been received by the league statistician, will be included next week if received.)

MAY WED IN FALL

Gopher Horton Smith said he and Miss Barbara Louise Bourne, heiress to part of the Singer Sewing machine fortune, probably would wed in the fall. The two are shown in Springfield, Mo., at the home of Smith's parents.

Britons Win First Cup Matches, 7-4

GOODMAN IS SMASHED BY THOMPSON

By SCOTTY RESTON

ST. ANDREWS, Scotland, June 4 (AP)—An ancient St. Andrews cad, his blue eyes swimming with tears, carried America's Walker cup into the historic front room of the Royal and Ancient Golf club tonight and set it up triumphantly. For sixteen years Great Britain had tried to win the trophy. Today it did—7 matches to 4. The facts of this victory—and it was decisive—can be dismissed summarily.

The British led at the end of each foursome play yesterday by 2 to 1, having halved the other match. Marvin (Bud) Ward of Olympia, Wash., squared it today by playing 25 holes in five under par to beat Frank Pennink, English amateur champion in 1937 and 1938, 13 and 11. Scotland's Hector Thomson thumped what was only a strange shadow of Johnny Goodman, 6 and 4, but irrepressible Charley Yates, who won the British amateur just a week ago, came back with a 2 and 1 victory over Jim Bruen, 18-year-old Irish prodigy, to tie it up again at 3 to 3.

Then, for a brief and brilliant period, the United States led at 4 to 3 as Johnny Fischer, playing one of the most heroic games of his life, reeled off sixteen holes in six under 4's to make up a four-hole deficit and beat a much-astonished Leonard Crawley, 3 and 2.

After that, however, America's resilience collapsed. Reynolds Smith lost six of the first nine holes on the afternoon round to go down before Scottish Gordon Peters, 9 and 8; Charles Stowe, a surprise winner, came from behind to nip Charles (Chuck) Kocis, 3 and 1, and Alex Kyle's 5 and 4 victory over slim Fred Haas, Jr., ended the struggle. Cecil Ewing's splendid one-up triumph over Ray Billows, which brought the final count to 7 to 4, was over-looked in the rush to see Britain at last get the trophy.

10,000 On Hand The presentation ceremony, made in front of the clubhouse with the great gallery of 10,000 spilling down over the first tee and onto the eighteenth green of the old course, really was historic.

Francis Ouimet, the U. S. team captain, told them of his sincere happiness over their winning the Frochauer, M. 15 35 1 4 300 Christopher, C. 17 28 1 4 300 Jones, C. 20 37 1 5 167

The first creamery in the United States was built in Orange county, N. Y., in 1856.

When they calmed down, Charley said, "Let's everybody sing a little song here." The crowd laughed

May Put On Semi-Pro Meet Here In July

E. W. Anderson Is Named District Commissioner By A. H. Kirksey

E. W. Anderson, local sporting goods dealer, Saturday was named district commissioner here to supervise a district tournament of the National Semi-Pro Baseball Congress either at Sweetwater or Big Spring in early July. A. H. Kirksey, state commissioner of semi-pro baseball, made the appointment.

This is the fourth district tournament established to precede the state finals at Waco, July 30 to 31, Kirksey said. Others have been assigned at Houston, Wills Point and Mount Pleasant.

District tournaments are uniform in operation, with district champions assured entrance in the state finals and awarded a trophy by the National Semi-Pro Baseball Congress. Leading teams share in prize money and all visiting entries receive mileage allowances, according to Kirksey.

Goes To Sweetwater Winner of the Texas semi-pro championship is guaranteed a minimum cash award of \$1,500 and is eligible to represent the state in the national championships at Wichita, Kas., August 12 to 24.

Anderson said that he would leave for Sweetwater to confer with interested parties there in regard to that city's possibilities. It is highly probable, however, that the meeting will be held in Baron park in early July. So many teams can be expected to enter that night play would be necessary and the Sweetwater field is not equipped for night.

Team from all Permian Basin league cities, parts of eastern New Mexico, the Concho river area and aggregations of this immediate vicinity would be invited here.

Feller Quits But Cleveland Wins

WASHINGTON, June 4 (AP)—Cleveland swamped the Senators 11 to 4 today. Neither Bob Feller, who started in the box for the Indians—nor Chief Hogsett, for Washington, finished. Cleveland scored 8 runs in the fourth inning. Cleveland . . . 000 830 000—11 11 1 Washington . . . 001 200 000—4 7 1 Feller, Galehouse and Fytlik; Hogsett, Weaver, Kelly, Kraskauskas and R. Ferrell.

MORGAN AND MILLION MOVE INTO 2ND ROUND AT MUNY

Only the Charley Watson-M. K. House, Sr., match remained to be played to decide the semi-finalists of the championship flight of the Muny Spring golf tournament at the Muny course. That 18-hole match will be played this morning. In first flight play Lawrence Robinson won over E. D. McDowell, 7 and 6. Pendleton had drawn a first round bye. All other first round matches must be completed by today, Pro Harold Akay said.

Michigan State's Borek Wins Mile With New Record

By ALAN GOULD

NEW YORK, June 4 (AP)—Rain and records fell today as Southern California's Trojans spread eagles in the 32nd intercollegiate A.A.A.A. championship meet at Randall's Island stadium.

Three meet marks were shattered, among them the classic one-mile record that has stood for 25 years.

Dean Cromwell's Trojans tallied in 10 of the 15 events, nearly doubled the point score of their nearest rivals, Michigan State, and won the championship for the eighth time since 1928.

Southern California tallied 47 1-2 points, Michigan State 24, and the University of California 22 1-2 to make it 1-2-3 for the invading forces from the west.

Woodruff Stars Double triumph for long John Woodruff, Pittsburgh's great negro runner, and Michigan State's crack hurdler, Harvey Woodstra, shared the individual spotlight with the record-breaking mile victory of Edward Howard Borek, slender Manhattan college star.

Borek came from behind in the mile with a beautifully timed finish to beat Alex Northrup, Harvard's favorite, by 20 yards, and set out the record of 4:14.4 set by John Paul Jones of Cornell at Cambridge in 1913. Borek clipped a half-second from the long-standing mark.

Long John Woodruff pulled away in a two-yard victory over Borek in a 280-yard final, timed in 1:52.5, equalling the meet record of 1:52.5 in capturing the 440-yard race.

Woodruff's time for the 440 equaled the meet record set in 1932 by "Little Bill" Carr of Pennsylvania.

Upsets Humphrey Woodstra's timber-topping double was marked by a record-equalling performance. He upset Southern California's favorite, Jim Humphrey, to capture the 120-yard high hurdles in 14 seconds. This equaled the meet record set by Earl Thomson of Dartmouth in 1930.

Woodstra came from behind to take the 220-yard low hurdles final in 1:10.4.

Political Announcements

The Daily Herald will make the following charges for political announcements (cash in advance):

District Offices \$25.00
County Offices 15.00
City Offices 8.00
Precinct Offices 5.00

The Daily Herald is authorized to announce the following candidates, subject to the action of the democratic primaries in July, 1938:

For Attorney General: GERALD C. MANN
For Representative 91st Legislative District: DORSEY B. HARDEMAN

For District Judge: (70th Judicial Dist.) CECIL COLLINGS
PAUL MOSS
CLYDE E. THOMAS

For District Attorney: (70th Judicial Dist.) MARTELLE McDONALD
WALTON MORRISON
BOYD LAUGHLIN
Donald D. (Don) Traynor

For District Clerk: HUGH DUBBERLY (Reelection)

For County Attorney: JOE A. FAUCETT
For Sheriff: JESS SLAUGHTER (Reelection)

W. D. (Walter) COFFEY
FLOYD (Pepper) MARTIN

For County Judge: CHARLIE SULLIVAN (Reelection)

For County Treasurer: T. F. SHEPLEY
MRS. J. L. COLLINS
R. A. (BOB) MARSHALL

For County Clerk: R. L. WARREN (Reelection)
LEE PORTER

For County Superintendent: ANNE MARTIN (Reelection)

For Tax Collector-Assessor: J. F. WOLCOTT (Reelection)

For Commissioner, Pct. 1: A. A. LANDERS
J. E. (Ed) BROWN (Reelection)

For Commissioner, Pct. 2: G. W. (Wyatt) EASON
ARCH THOMPSON (Reelection)

W. A. (LON) PRESCOTT
ELMO P. BIRKHEAD
H. T. (THAD) HALE

For Commissioner, Pct. 3: H. H. RUTHERFORD (Reelection)

J. S. "JIM" WINSLOW
For Commissioner Pct. 4: J. L. NIX
ED J. CARPENTER (Reelection)

Albert (Dutch) McKinney
For Constable, Prec. 1: JIM CRENSHAW (Reelection)

R. W. BLOW
A. C. (Andy) TUCKER
CARL MERCER
For Justice of Peace Pct. 1: D. E. BISHOP
ERROTT A. NANCE
J. H. "DAD" HEFLEY
S. C. (SI) NABORS

1:52 seconds, leading George Anderson of California by a stride. The remaining two record-smashers were Delos Thurber, Southern California's Olympic high-jumper, and Joe Mochair, who added to Manhattan's laurels by a whirlwind dash to victory in the two-mile run.

Thurber cleared 6 feet, 5 1/2 inches to wipe out the former meet mark of 6 feet, 6 1/4 inches, set by George Spitz of New York University, in 1933.

Mochair's two-mile time of 9:21.2 erased the former record of 9:22, established in 1929 by James Held of Harvard.

Methodists Lick East Fourth, 6-3

Scoring four runs in the initial frame the softball representatives of the First Methodist church coasted to a 6-3 victory over the East Fourth Baptist team Friday night on the Mundy diamond.

The scheduled game between the Montgomery-Ward and the First Baptists was postponed due to the fact that neither team had sufficient players to begin. However a practice affair was played with the Baptists winning, 9-0, H. C. Burrus pitching a no-hit game.

The East Fourth Streeters, in their battle, collected as many hits as did the Methodists but Bobby Savage, Methodist right-hander, appeared better in the clutches.

Van Ed Watson paced the victors attack with two singles. (First game.)

Score by innings:
Baptists 206 1-9 6 2
M-W 000 0-0 0 5

Burrus and Miller, Bryant, Cain, Savage and Myers.
(Second game.)

East Fourth 010 100 1-3 6 1
Methodists 400 020 2-6 6 1

Malone, Oliver and Coats; Savage and Smith.

BUCS WIN IN 11TH

PITTSBURGH, June 4 (AP)—The Pirates showed a run across in the 11th inning today on singles by Al Todd and Lee Handley and a double by Pep Young to take a pitching duel from the Brooklyn Dodgers 4 to 3.

Brooklyn 000 200 100 0-3 7 3
Pittsburgh 100 000 011 01-4 11 0

Pittsmons, Tamulis, Presnell and Phelps; Tobin, Brown, Swift and Todd.

LUCE, AHEARN IN FINALS

BEAUMONT, June 4 (AP)—Buck Luce, state junior champion, and Tom J. Ahearn, veteran Houston River Oaks star, will meet tomorrow in a 36-hole match for the Beaumont country club invitation golf championship.

Luce, slender Austin youngster, defeated Bobby Riegel, state amateur champion, 3 and 2, and Ahearn staged one of the greatest comebacks ever seen here to out Don Schumacher of Dallas, the Trans-Mississippi champion, 1 up in 19 holes.

The law of gravitation was discovered by Sir Isaac Newton in 1687.

Lubbockites Dominate WT Final

Jodie Bihl, Manson Allen Win In Semifinals

By FELIX R. MCKNIGHT

LUBBOCK, June 4 (AP)—Two wind-burned home towners, a pair of kids who play each other for fun day in and day out, shot into the finals of the fourteenth annual West Texas Golf association tournament today—mainly on nerve.

Tomorrow, over the 36-hole route, Joe Bihl, up from the caddy ranks, and Manson Allen, son of Sled Allen, old-time major league baseball player, play for the championship.

Odds were even, and both admitted "we play just about 50-50 in our usual time syndicate matches."

Stocky Allen, Texas Tech student, went to the home role before he eliminated the tourney's surprise player, Glen Smith, also of Lubbock, one up.

Both Missed Putts There Smith, who had previously eliminated Roy Fanning, tournament medalist, and J. T. Hammett of Rising Star, odds-on favorite, hooked his tee shot into thick rough. Allen was on the green in two and barely missed his birdie putt. Smith then missed by a scant inch his 20-foot putt that would have sent the match to extra holes.

Methodical green play gave Bihl a great two up decision over Billy Bob Coffey, Fort Worth star, in his semi-final match.

They halved the first hole and then took turn winning holes on the next eight as they turned all even at nine.

Coffey edged ahead at the tenth and they halved the eleventh and twelfth, but Bihl buried a 20-foot putt at the thirteenth to put the match level. Both skimped past the cup at the fifteenth for birdies and the sixteenth was halved in par four.

Clinches On 18th Bihl's putter won the seventeenth. His tee shot was seven feet from the hole and he dropped his downhill, but Coffey, only five feet away, missed. Bihl led the match at the home hole with a second that left him only 10 feet from the hole. Coffey, strong on his pitch, got down in three from the edge of the green.

In morning quarter final matches, Smith defeated Hammett, one up; Coffey disposed of Owen Crump of Crosbyton, 2 and 1; Allen eliminated Paul Gore of Amarillo, 4 and 3, and Bihl outlasted L. M. Montgomery of San Angelo, one up.

TO SAN FRANCISCO

Dr. and Mrs. George T. McMahon have gone to San Francisco where they will attend the convention of the American Medical association. Dr. McMahon is superintendent of the state hospital here.

DAUBER IS BEATEN	
NEW YORK, June 4 (AP)—The three year old championship picture was turned topsy turvy today when Dauber, winner of the Freshness and second in the Kentucky Derby, bowed to the flying hooves of Mrs. W. Plunket Stewart's Pasteurized in the 70th running of the classic Belmont stakes.	

Murphy Rites Said Saturday

Friends Pay Final Tribute To Local Carpenter

A host of friends gathered at the Fourth Street Baptist church Saturday afternoon to pay final tribute to C. O. Murphy, local carpenter who succumbed at his home Friday morning. Burial was made in the city cemetery following rites conducted by Rev. C. C. Mason, Rev. B. O. Richbourg, and Rev. Aubrey Short.

Mr. Murphy, 44, had resided in Big Spring for 11 years, coming here from Lamesa. He had been a member of the carpenters' union for 16 years.

Out-of-town relatives here for the funeral included Mr. and Mrs. A. D. Murphy and son of Texarkana; Mr. and Mrs. Arnold of Gateville, and Mr. and Mrs. W. L. Sims and Mrs. Jewel Avent of Tulsa.

Surviving are his widow, Mrs. Ruby Murphy, one daughter, Modena LaVerne Murphy. He also leaves these relatives: his father, Elihu R. Murphy of Big Spring, a brother, Roy E. Murphy, Pampa; a half-brother, A. D. Murphy, Texas City; a sister, Mrs. R. L. Addison, Fort Worth; four half-sisters, Mrs. R. D. Hull, Ira; Mrs. Jim Mitchell and Mrs. Earl Shanks, Jr., Big Spring, and Miss Sonora Murphy, Dunn.

Other survivors include Mr. and Mrs. O. H. McElroy, Hesse, Texas; Roy L. Addison, Fort Worth, and Earl Addison, Big Spring.

Active pallbearers were R. Richardson, F. B. Timmons, C. E. Shives, E. H. Josey, W. D. McClelland and L. C. Vann. Named as honorary pallbearers were B. C. Hardy, F. Y. Tate, Mack Tate, George Murphy, P. M. Bradley, L. W. Croft, H. H. Rutherford, B. A. Reagan, J. E. Miles, C. O. Smith, J. E. Smith, Lige Hull, Paul Looney, L. E. Jobe, W. E. Harper, Joe Tannehill, D. P. Day, Arthur Woodall, W. E. Sharr, B. W. Boyd, W. L. McCollister, V. W. Harwell, W. H. Flewellen, Gene Linck, L. E. Morrow, Ray Porter and Earl Parrish.

STUDIES POLICE WORK IN DALLAS

W. L. "Brownie" Handshaw is in Dallas where he has entered the Dallas police force under Chief R. L. Jones. He will study the different departments of the police work for several weeks through an arrangement effected with Hal Moseley, Dallas city manager.

Jerry O'Connell was forcibly removed from a Jersey City public park before scheduled anti-Hague speech. Here's view of park grandstand at time of O'Connell fracas.

ALL 'EYES' WAS VOTE for spectacular stunt at Oakland, Cal., where Frank Clarke (top) and Paul Mantz flew past grandstand, wheels almost touching, and a smoke trail behind. Event was in Pacific International air show.

COAL PILE is his chair as "Uncle Ben" Spurrlock, typical miner in Kentucky fields, eats lunch from clipped pail.

MEN AND MINES ARE BACKGROUND for Kentucky coal fields labor war now centered on Harlan conspiracy trial at London, Ky., where the government is trying 22 low officers, 22 coal company executives and 20 corporations on charges of conspiring to keep miners from organizing. Meanwhile, in the mine near Manchester, Tom Spurrlock (left) and Oscar England drill down.

TRIAL OR NO TRIAL, Harlan miners keep on working while workers' testimony of alleged intimidations go into the court record at London, Ky., trial. Down in the mine, Jay Depew (left) and "Uncle Ben" Spurrlock brace up ground.

Land Rushes And City Organization

If the State of Texas could have sold all the quarter of a billion of acres of public domain at \$5 an acre and placed the money in a sinking fund bearing 6% interest the returns produced would have been sufficient, properly managed from the beginning, to run the government. Of course that would have robbed the politician of that ever-present campaign promise to reduce the taxes in case of election. Our forefathers, however, looked at the matter from another angle. The element that seemed to determine their policy was to put settlers on the land rather than revenue from the land.

The public schools of the state, including county school grants, received 49,000,000 acres. The railroads that built into these vast unsettled areas and made possible its occupancy were granted 32,400,000 acres. They were allowed to survey the raw land and take every odd numbered section.

Prior to 1897 there was no particular system of handling the sale of public land. That year a law was enacted that required a person who fenced public land to pay \$25 a year for its use. At the same time a man was permitted to buy seven sections of land, and each member of the family was permitted to buy additional holdings. In this manner many West Texas ranchmen got their start in extensive holdings. In April, 1901, an act was passed by the Texas legislature providing that one man might secure four sections of land with the provision that he certify that he intended to make his home and take steps to improve it. The purchaser obligated himself to pay for the land, and one-fourth of the price was paid in cash. The rest was to be paid for within forty years at a low rate of interest. The county clerk was required to receive the application and indicate on the same the day and hour in which it was received. Such a probability was doubtless never anticipated by framers of the law, but the nature of the wording made it a matter of first come, first served and led to the "land rushes" which made it look like the land grabbing days in Oklahoma.

Howard county was one of twenty others that received an influx of homeseekers who came from various parts of Texas at the prospects of securing a home under such favorable conditions. It seemed that the cattleman, who for years had used every means possible to keep the country clear of farmers, was about to meet his Waterloo. But he had no idea of giving up. He simply shifted his strongest and most robust cowboys from the ranch to town with the same pay. Since he already occupied the land, he felt that he had priority rights that should be respected. And it was a general opinion that the land in the West could never be used for farming. As a result it was regarded that "the shoe and stocking" fellow—in contrast to the cattleman who always wore boots—was a usurper without rights. This accounts for the fact that the cattleman helped each other during the days of the rushes. Bill Evans, now of Kilgore, Texas, at that time was foreman of his father's ranch on Tobacco creek north of Big Spring. He states that he brought a number of his men here to help the slaughters. He later transferred them to Gail where they went through the same procedure. While some of the so-called "shoe and stocking" group probably desired the land for speculative purposes, many wanted it for a home, and the state was favorable to their position. Locally, however, the cattle-

Our County In The Making

man had more friends, was better known, and stood in better with local officers.

Weeks before the actual time of filing, that they might have a more favorable position, men began standing in line before the office door of the county clerk. Men slept and ate on the scene. To vacate meant to lose. The spirit of contest was high. In modern football language, it was a matter of "holding that line." All contestants were required by the officers to give up their arms, and most of them had them, and they were even deprived of their pocket knives. It thus became a matter of weight, brute strength, and nerve. Some of the smaller contestants were bodily lifted out of the line and sat upon while some others took their places in the line. The courthouse yard was the scene of many hard-fought tussles. To end a contest in a fight would have led to the imprisonment of all involved and the loss of any advantage already held.

When the clerk of Howard county, W. F. Dent, saw that standing room around his office door was being taken up weeks before the date of actual filing and that the performance of his duties was being made difficult by the presence of so many visitors, he announced that applications would be received only at the window. This led the slaughter cowboys to build a lumber chute on the west side of the courthouse which terminated at the window. This corridor shut out all competitors and offered protection from the weather. There they ate and slept in relays day after day. The slaughter boys won, but those who handed their applications in at the door brought suit on the ground that those handed in through the door in a regular way should receive priority. The court decided that the first applications received, regardless of how handed in, should be given the preference. It is easy to see that the county clerk at that time would make political enemies, and it is not strange that his opponent, J. I. Prichard, who announced that if he were elected that all applications would be handed in through the door, should win the election.

Not all cowboys sold their claims to the cattlemen. Jim Winslow of Big Spring who secured four sections, a part of which was located in Howard county, held his land. Adolph Miller states that his brother Bill sold two sections to Slaughter for \$2,000 and retained two sections. Mr. Evans states that Tom Goode retained all of his land. Since that date practically all that particular land has passed from the hands of the cattleman to the farmers. The "Great American Desert" has become an agricultural country. As novel and interesting as it was such a "land rush" could not take place again. Since 1915 it has been the duty of the commissioner of the general land office at Austin to fix dates for land to go on the market and to determine the procedure of the same. Everything in its time serves its purpose.

In the mad haste of the Texas and Pacific to reach El Paso ahead of the Southern Pacific, so we are told, the line was routed through Sulphur Draw rather than to blast the way through the mountains to the south and west. In any event, the builders could not steer too far from the spring that gave Big Spring its name. The draw seems to have formed in ages past, the bed of an ancient river. The soil is "made land," some good while some is of shale and rocks which is sterile in nature. Big Spring is a town of hills

which make possible many beautiful building sites. Time and cheaper water for irrigation is all that is needed to bring those natural advantages to their fullest values. Old-timers remember the decided elevation on the courthouse square, and we are only a few years removed from the decided peak that was on the site of the present city hall.

Cities do not grow of themselves, they are grown. From a town of tents, unsightly and unsanitary, Big Spring has developed into a little city of no small importance and possibilities. In the pioneer days, according to the words of the late William Fisher, citizens built fences to keep out the cows and not to keep them in. Hogs wandered at will, for several years after the town was founded, and busied themselves nosing around the grocery stores and rooting into packages of groceries and feed left within their reach. It is no wonder that we find a record in the nineties in which the town was incorporated. This incorporation must have been unpopular for it was soon done away with.

A petition dated Sept. 5, 1904, signed by an even 100 citizens praying that an election be held to determine whether or not the town of Big Spring should be incorporated, was presented to the commissioners' court on Dec. 27, 1906. The election, held on January 15th, thereafter, carried in favor of the issue by a vote of 132 to eighty-five. Among the one hundred signers we find the following: M. K. Burns, J. D. Biles, R. D. Mathews, W. R. Purser, Frank Lester, G. E. McNew, S. A. Hathcock, C. C. Powell, S. T. Eason, J. F. Crenshaw, P. G. Glenn, Harvey Rix, B. C. Rix, W. B. Allen, S. B. Stone, M. H. Morrison, J. W. Carpenter, Fox Stripling, R. T. Piner, Walter and A. J. Galimore, S. H. Spence, J. D. Birdwell, W. R. Cole, and Temp S. Currie. According to the minutes of the commissioners' court George D. Lee was elected the first mayor of the town. The first aldermen were W. H. Harmon, R. T. Piner, Buck Jackson, and C. C.

Hines. The first city marshal was Tom Sullivan.

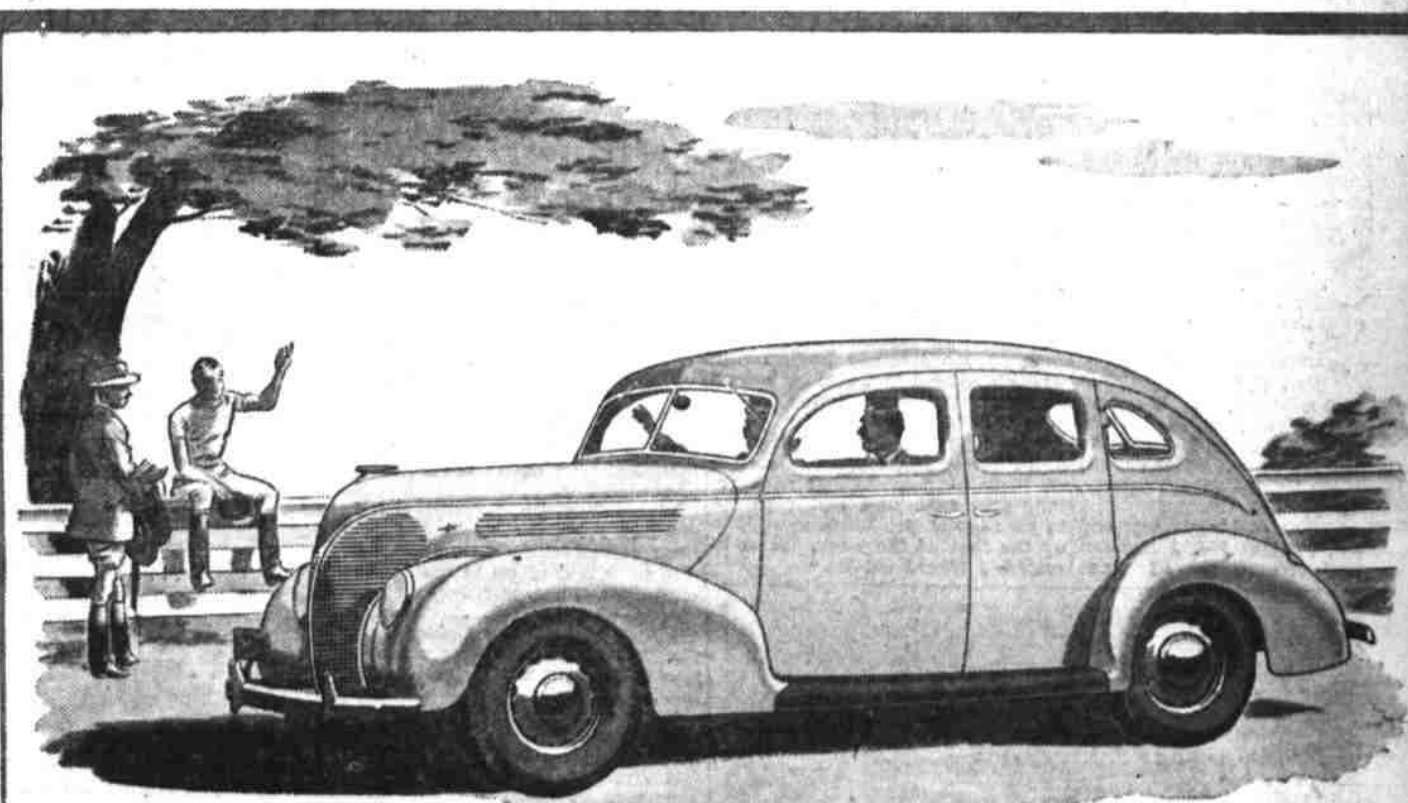

The city of Big Spring has had ten other mayors, and each has done his part to make the town a better place in which to live. In the order of their election they are listed as follows: L. T. Deats, James T. Brooks, O. T. Lacy, W. H. Purser, Clyde Thomas, R. D. Mathews, C. W. Cunningham, J. B. Pickle, C. E. Talbot and R. V. Jones.

In 1927 the commission form of government superseded the older aldermanic form instituted twenty years before. It was determined to adopt the city-management form of administration, and William V. Montin became the first city manager. In the short time of his incumbency he seems to have spent much time in improving the city's water supply. He was followed by V. R. Smitham who led out in street paving and in the campaign for a bond issue of \$200,000 for a city hall and other improvements. On July 21, 1931, E. V. Spence became the town's third city manager. Mr. Spence was graduated from the Texas Agricultural and Mechanical college with a major in science. He later returned to the same institution where he took courses in city management and was granted the master's degree. Many of the projects begun by his predecessors have been finished under Mr. Spence's administration. Street paving has been extended, and possibly as the chief undertaking, the city park system has been so improved and enlarged that there is none other in this part of Texas which equals it. The present city commissioners are R. V. Jones, Vic Mellinger, Grove C. Dunham, Elmer Cravens and Harvey Clay.

It is interesting to note that when the city was incorporated it was given the official name of "Big Springs." The town has had a phenomenal growth within the past years. In 1900 the population was 1,255, in 1910, 4,102, in 1920, 4,274, and in 1930, 13,735. The present population is placed beyond the 16,000 mark.

8 Cylinder Quality

ALL THE WAY THROUGH!

The De Luxe Ford Sedan

ONE important measure of a modern motor car is the number of its cylinders. Two cylinders were enough in the early days. Later on, most people were satisfied with four cylinders. But today, America's best cars have 8 cylinders or more. 8 or more cylinders mean a smoother flow of power, and more alert performance. They usually mean more money too. Only Ford has been able to build a fine 8-cylinder car at a low price—with low operating costs.

The extra value of its 8-cylinder

engine is reflected all through the Ford V-8. In riding comfort and driving ease. In handy instruments and handsome interiors. In gentle, positive brakes that win warm praise from owners. In clean, honest design from radiator to rear deck. In dozens of other details that you discover as you live with the car.

You'll like the Ford V-8—whether you choose the De Luxe for its added bigness and beauty—or the Standard "60" for its greater gasoline mileage. Both are priced low. And both are built on the same chassis—with 8-cylinder quality all the way through!

Joe A Friendly Cat, But Likes To Gnaw People

Two new members of the fire department are pictured above. A. D. Meadows, newest fireman on the city full-time staff, doesn't seem to be alarmed while Joe, the spotted cat, gnaws gently at his hand. Joe is an ocelot and is mascot for the fire department.

If he weren't the department's new mascot, Joe would be on every fireman's black list.

Joe happens to be an ocelot, one of the family of sleek, spotted cats native to Central America. All the inherent traits handed down from his forebears have not been left out of Joe's domesticated make-up.

He still likes to fish. Wednesday morning, before sunup, Joe finished the last of the fire department's fine collection of gold fish, including a beautiful fan-tail. Firemen found him splashing water all over the office of the fire station, a look of bewilderment on his face. Joe had been getting fish out of that bowl at odd intervals for a couple of weeks. He couldn't figure why there weren't more.

Gentle as a house cat, Joe loves to lounge around in the shady spots these hot days. He dislikes petting and loves to gnaw gently on any part of the human anatomy. Only once has he drawn blood. That was Friday when Des Foster played too enthusiastically.

Joe is a most difficult subject for photographers. The restlessness of the jungle is still in him. But he is an attraction in his own right for the general public. Several times entire families have turned out to "see that leopard."

The fire department acquired Joe from a man who stopped here when his car was wrecked near Big Spring. Firemen kept him temporarily, got so attached to him that they acquired him as a mascot for the department.

Big Spring Young Folk Desert College Campuses For Summer Days In The Hone Town

Households of Big Spring have been in a turmoil the past few days over the excited return of college students who plan to spend the summer months in the home town working, vacationing in other places at various times, or just resting. Several will return for summer school to continue their pursuit of knowledge.

Several outstanding campus honors have been bestowed upon Big Spring youth the past year including assistant professorship, president of student body, annual round-up sweetheart and dramatic roles.

Camille Koberg, student of Texas State College for Women, Denton, and Frederick Koberg, who attended the medical school of the University of Texas, Galveston, the past year, arrived home Saturday to spend the summer months with their parents, Mr. and Mrs. Charles Koberg.

Judith Pickle of the El Paso School of Mines is home for the summer with her parents, Mr. and Mrs. J. B. Pickle. Jake Pickle of the University of Texas will probably be home this weekend but he

plans to return for the summer sessions. Pickle was president of the study body at the university last year.

Ollie Cordill, sophomore of Rice Institute, arrived last week and will be here with her parents, Mr. and Mrs. O. D. Cordill for three months. He is to spend the summer working.

Mrs. J. P. Dodge and daughter, Jenn Elita, and Mrs. Charles Lozano left for T. S. C. W. Denton, where Mrs. Dodge was to attend the homecoming of her class of 1938 which is held every ten years. Her daughters, Zolite Mae and Mary Elizabeth, students of the col-

lege, will return to Big Spring with the party Monday to spend the summer.

Hazel Smith, daughter of Mr. and Mrs. N. C. Bell, is expected home June 11 for a short visit before returning to T. C. U. for summer school. Hazel was chosen as round-up sweetheart for T. C. U. and represented the school at the ninth annual round-up at University of Texas April 8-10.

Evelyn Clements, who has been studying with the Dallas Little Theatre for a year, arrived this weekend for a visit with her parents, Mr. and Mrs. J. A. Clements.

June 27 she plans to go to Albuquerque where the Dallas school is conducting a two months course. Miss Clements appeared in a presentation of "The Concert" in Dallas May 23-25, produced by the Little Theatre. The past week Miss Clements and her parents have been in Galveston.

Mr. and Mrs. J. L. Webb expect their daughter, Nina Rose, home from this weekend from S. M. U. Dallas. This was Miss Webb's first year in the university.

Student of Southwestern university at Georgetown, Mary Louise Wood came in this weekend accom-

panied by her mother, Mrs. J. L. Wood, and brother, J. L. Wood, Jr. Mrs. Wood and children visited in Houston before returning to Big Spring.

Fred Coleman of Schreiner is here for a few days and is thinking of returning for summer school. He is the son of Mr. and Mrs. F. L. Coleman.

Betty Jeanne Fisher of Purdue university is expected home June 13 to spend the summer with her parents, Mr. and Mrs. Joye M. Fisher.

Mrs. I. F. Keisling and daughter,

Margaret, are to return Sunday from Dallas where Margaret has been attending Miss Hockaday's School for Girls.

Mr. and Mrs. O. W. Cathey are looking for their son, Ralph, home from Pasadena Junior college, Pasadena, Calif., June 17.

Austin Burch of A. & M. is to arrive Sunday to spend the summer season with Mr. and Mrs. M. L. Burch, his parents.

This fall when Dorothy Rhoton returns to the Texas Woman's College campus, Fort Worth, she is to be assistant instructor in the sec-

ondary training department. She is the daughter of Mr. and Mrs. D. A. Rhoton.

Elizabeth Graves of Sul Ross and her brother, Good Graves of Howard-Payne, are home with their parents, Mr. and Mrs. G. C. Graves. Good is working here and Elizabeth and her sister, Emma Jo, plan to return to Sul Ross for summer school.

Steve Baker, Jr., arrived this weekend from Schreiner where he attended one year, lettering in basketball and football. He is the son of Mr. and Mrs. Steve Baker.

Janice Jacobs, freshman of the University of Missouri, Columbia, and her sister, Anna Pauline Jacobs, who spent the winter months in St. Louis, will be home for the summer June 7. They are daughters of Mr. and Mrs. Max Jacobs.

University of Texas sophomore, Charles McQuinn, came home Thursday to spend three months with his parents, Mr. and Mrs. Don McQuinn.

Mary Alice McNew of New Mexico State college, Las Cruces, is home for a visit with her mother, Mrs. Florence McNew, and two daughters, Margaret and Florence, and mother, Mrs. Schwarzenbach, attended the graduation exercises of the latter's son, Howard, at New Mexico State recently.

Arthur Kasech, son of Mr. and Mrs. A. P. Kasech, is on a two weeks vacation in Galveston. He returned from A. & M. the first of the week and left for Galveston Thursday.

Mr. and Mrs. Wm. Dehlinger will have with them this summer their

Rites For O.E.S. Are Planned

Officers To Be Installed Tuesday Evening

Mrs. Maude Brooks succeeds Mrs. Blanche Hall as worthy matron of the Order of Eastern Star, Big Spring chapter, and Mrs. Autry Boatler becomes associate matron Tuesday evening when installation services will be held at the Masonic hall, 7:30 o'clock.

Those to have charge of the ceremony include Mrs. Agnes Y. Young, installing officer; Mrs. Brownie Dunning, installing marshal; Mrs. Trule Jones, installing chaplain; and Mrs. Alma Blount, organist. Mrs. Francis Fisher is to preside at the registry.

Other officers to be installed are Lee Porter, worthy patron; Ludwig Grau, associate patron; Mrs. Martha Wade, secretary; Miss Marian McDonald, treasurer; Mrs. Rose Stringfellow, conductress; Mrs. Minnie Michael, associate conductress; Mrs. Kate Foster, chaplain; Mrs. Dorothy Sanders, marshal; Mrs. Joanna Winn, organist; Mrs. B. C. Moser, Adah; Mrs. Dorothy Hull, Ruth; Miss Elouise Haley, Esther; Mrs. Florence Grau, Martha; Mrs. Willie Mae McCormick, Electra; Mrs. Lucille Roberts, warder; Russell Stringfellow, sentinel.

Attends School

Roscoe Gillean, University of Texas student, is home for a few days with his parents before returning to Austin to attend summer school and receive his degree this summer.

Willis King left Thursday morning for Chillicothe, Mo., where he has entered Chillicothe Business college.

WORTHY MATRON AND INSTALLING OFFICERS OF EASTERN STAR

Eva Sanders Of West Africa Is Heard By Class

Sunday School Group Meets At Church For Social

Miss Eva Sanders, missionary of West Africa who has been a guest of Mrs. B. Reagan for several days, spoke of her work in the foreign fields before members and guests of the Homemakers' class of the First Baptist at the church Friday afternoon.

The meeting opened with the singing of "Bless Be the Tie" to an accompaniment by Mrs. R. C. Hatch. Mrs. T. J. Hogue gave the devotional and Mrs. J. J. Strickland offered a prayer. Business session was presided over by Mrs. W. F. Fries, president.

Ice cream and cake were served to Miss Sanders, Mrs. Reagan, Mrs. Hatch and Mrs. E. T. Sewell, all guests, and Mrs. Strickland, Mrs. G. C. Potts, Mrs. L. C. Taylor, Mrs. H. C. Jenkins, Mrs. Carl McDonald, Mrs. V. W. Fuglar, Mrs. R. C. Ryan, Mrs. T. A. Rogers, Mrs. C. E. Gray, Mrs. Booker, Mrs. Eva Phillips, Mrs. R. Millon, Mrs. Fries, Mrs. Hogue and Mrs. Paul Price.

Officers in charge of the installation service of the Order of Eastern Star Tuesday evening at the Masonic hall are pictured above along with the new worthy matron, Mrs. Maude Brooks (extreme left). To the right of Mrs. Brooks is Mrs. Agnes Y. Young, installing officer; Mrs. Alma Blount, organist; Mrs. Brownie Dunning, installing marshal; and Mrs. Trule Jones, (below), installing chaplain.

Stanton Eastern Star Officers Are Installed

Mrs. Keisling Is New Worthy Matron Of Chap

STANTON, June 3 (Sp.)—Installation of appointive and elective officers of Stanton Chapter No. 409, Order of Eastern Star, was held in the Masonic temple at 8 o'clock Tuesday evening with Mrs. Margaret Haney acting as installing officer.

Other installing officers were Mrs. Lenora Epley, marshal, and Mrs. Lula P. Metcalf, chaplain.

Officers installed were Mrs. Opal Keisling, worthy matron, Mr. Werner Haney, worthy patron, Mrs. Sally Olson, associate matron, Dr. P. M. Bristow, associate matron, Mrs. Margaret Haney, secretary, Mrs. Pearl Laws, treasurer, Mrs. Johnnie Zimmerman, conductress, Mrs. Vera McCoy, associate conductress, Miss Maude Alexander, chaplain, Mrs. Minnie Bassett, marshal.

Mrs. Leta Eldson, Adah; Mrs. Sue Houston, Ruth; Mrs. Vinnie Bristow, Esther; Mrs. Bertha Jones, Martha; Mrs. Georgia Zimmerman, Electra; Mrs. Lula P. Metcalf, warder, and Mrs. Gertrude Wilson, sentinel.

After the installation, a beautiful bouquet of roses was presented to the worthy matron as a special courtesy for her faithful performance in filling the chair, after the death of the beloved sister, Mrs. Vena Belle Laws.

A social hour was enjoyed by all when punch and cakes were served.

Mrs. C. Blomshield, Mrs. M. H. Bennett Give Informal Tea

Mrs. M. H. Bennett and Mrs. Carl Blomshield entertained a few friends Friday afternoon, 4:30 o'clock, with an informal tea at the Bennett home.

Calling during the afternoon were Mrs. W. W. Inkman and her sister, Mrs. Graham, of Fort Worth, Mrs. Harold Robb of Altadena, Calif., Mrs. Shine Phillips, Mrs. Ebb Hatch, Mrs. Harvey Williams, Mrs. J. Y. Robb, Mrs. George Oldham, Mrs. Trout of San Antonio, Mrs. George Garrette, Mrs. Fansford of Abilene, Mrs. Charlie Frost, Mrs. John Hodges, Mrs. Ben Carter, Mrs. M. M. Edwards, Mrs. H. W. Leeper, Mrs. Roy Carter, and Mrs. Robert Parks.

Homemakers Meet

Reta Mae Bigony, president of the Future Homemakers club, and Doris Bankson, reporter, met with Miss Freddie Adkins, Big Spring high school clothing teacher, recently to plan the year book for the club.

The theme of the year will be "Sing Your Way Home."

Mrs. G. T. Hall, who has been in Los Angeles for the past week, was expected to return Sunday morning.

NEW ALLURE FOR LIPS ENDS GREASY KISSES

Now... your lips can have a more exciting kind of luscious redness than ever before... and no greasy coating to spoil their charm. Liquid LIPSTONE puts nothing on your lips but color that positively won't come off unless you purposely remove it. And oh! how soft... how moist... how sweet it keeps your lips! Can't dry them. Select your shade today.

Local Students Occupy Places Of Honor On The Tech Campus

Big Spring has cause to be proud of her 24 students enrolled in Texas Technological college who have made outstanding scholastic records and received notable recognitions the past year. Many of the important campus offices are competently filled by Big Spring high school graduates.

Burgess Dixon, senior, nephew of Mr. and Mrs. J. C. Douglass, is editor of The Treador, college newspaper, president of the Press club and elected to the College Who's Who, 1937. Dixon moved to Big Spring in 1933 from Greenwood, Miss.

W. T. Bolt, freshman, is an assistant in the athletic department and E. P. Driver, junior, is president of the Silver Keys social club, and active member of the Men's Dormitory association. He is the son of Mr. and Mrs. Ira Driver.

J. C. Douglass, Jr., is a member of the Tech orchestra, vice-president of the Plainmen's club, member of the Applied Music department, publicity manager of Kappa Kappa Phi, national band fraternity, editor of the Band News, member of college chorus and Press club. He is the son of Mr. and Mrs. J. C. Douglass.

Harry Jordan, son of T. E. Jordan, is a member of the Press club and one of Tech's tennis stars. He is past captain of the tennis team and is noted for his consistent playing. He receives his degree this year.

Ford Sturdivant, sophomore, is a member of Tech's golf squad and has just recently returned from a tour with the linksters.

Jen-le Faye Felton, junior transfer from T. S. C. W. Denton, is a member of the college chorus.

Murray Patterson, sophomore is a member of the Wranglers club. He is the son of Mr. and Mrs. L. S. Patterson and is expected home June 5.

Mandy Phillips, freshman, daughter of Mr. and Mrs. Elmer Phillips, and Wynne Hall,

Party Is Given On 4th Birthday Of Beth McGinnis

Beth McGinnis celebrated her fourth birthday anniversary with a party Friday afternoon at her home. Various games were played and Maudie Mae Wilson and Billy Casey won contest prizes.

Pictures were made of the guests and the girls received toy wrist watches and the boys were given pipes for favors. The birthday cake which was in pink and white with candles, was cut while guests sang "Happy Birthday" to the honoree.

Present were Bobby Gene Lucas, Helen Montgomery, Billy Jo Bates, Billy Jene and Maxie Dee Younger, Mary and Ruth Hood, Emma Jeanne Slaughter, Beverly Stulting, Barbara Bodine, Ila Jeanne, Geraldine and Shirley McGinnis, Mildred Moore, Milton and Billy Casey, Roy and Ray McMillon, Betty Gene Richbourg, Maudie Mae Wilson, Betty Lou McGinnis and Sara Ann Crocker.

Others there were Mrs. J. E. Green, Mrs. W. R. McGinnis and Bill Bates, Susan Houser, Milton Knowles and Mrs. E. E. Scott sent gifts.

Mrs. J. D. Biles Is Hostess To Friday Contract Members

Contract club met with Mrs. J. D. Biles Friday afternoon and served an ice cream course following a session of bridge. The club decided to continue meeting during the summer months.

Mrs. Albert Fisher was awarded club high and Mrs. V. Van Gieson received guest high. Other guests were Mrs. E. E. Fahrenkamp and Miss Katherine Hamilton of Dallas. Mrs. Nell Hilliard, Mrs. C. W. Cunningham, Mrs. G. H. Wood and Mrs. Fisher were the members.

Mrs. Carter Is Hostess To Affair

Attractive Tea Given At Hotel Saturday

Gladioluses, calla lilies and tallman roses formed the floral setting for an attractive formal tea given by Mrs. Ben Carter Saturday afternoon from 4 o'clock to 6 o'clock at the Settles hotel.

Mrs. Frank Murchison and Mrs. Brann of Sweetwater and the hostess received the guests with Mrs. Y. Robb, Mrs. Carl Blomshield, Mrs. M. H. Bennett and Mrs. E. V. Spence alternating at the service table and receiving line.

Tea and coffee were poured from two antique English and French silver services. The centerpiece was of calla lilies in a crystal holder and placed on an oval reflector. Crystal candelabra on either end of the table supported two pink tapers flanked with bouquets of tallman roses. The table was covered with a handmade cut-work cloth.

Baskets of gladioluses were placed at vantage points about the tea room with a low bowl of roses on one of the tables.

Other members of the house party were Mrs. Harold Robb of Altadena, Calif., and Mrs. Roy Bardwell, mother of the hostess. Mrs. Carter wore an imported Swiss organdy with Spanish tile slippers. Mrs. Carl Blomshield was attractive in a printed floor-length pique of gold and green and Mrs. J. Y. Robb wore a white chiffon. Rose organdy was a frock selected by Mrs. Murchison. Mrs. Brann wore a blue lace, and Mrs. M. H. Bennett was attired in a white marquisette embroidered in pastel floral designs. Mrs. E. V. Spence was dressed in a pink embroidered organdy with blue velvet sash.

Guest List

Invited list included Mrs. T. W. Ashley, Mrs. Howard Barrett, Mrs. J. Gordon Bristow, Mrs. J. D. Biles, Mrs. Reba Baker, Mrs. B. T. Cardwell, Mrs. J. G. Carter, Mrs. Roy Carter, Mrs. John Clarke, Mrs. B. G. Cowper, Mrs. R. W. Currie, Mrs. W. B. Currie, Mrs. T. S. Currie, Mrs. G. C. Dunham, Mrs. Dave Eastbourne, Mrs. Charles Eberley, Mrs. J. Henry Edwards, Mrs. M. M. Edwards, Mrs. E. O. Ellington, Mrs. E. E. Fahrenkamp, Mrs. Joye Fisher, Mrs. M. S. Goldman, Mrs. J. H. Greene, Mrs. Ted Groehl, Mrs. Al Groehl, Mrs. G. T. Hall, Mrs. Lee Hanson, Mrs. R. F. Harris, Mrs. E. H. Hatch, Mrs. Dell Hatch, Mrs. J. T. Hayden, Mrs. John Hodges, Mrs. M. K. House, Mrs. Harry Hurt, Miss Nell Hatch, Mrs. J. E. Hogan, Mrs. W. W. Inkman.

Mrs. M. B. Howard of Sweetwater, Mrs. Pete Johnson, Mrs. Noel T. Lawson, Mrs. H. W. Leeper, Mrs. J. C. Loper, Mrs. W. D. McDonald, Mrs. E. D. McDowell, Mrs. L. S. McDowell, Mrs. R. S. McDowell, Mrs. Geo. T. McMahon, Mrs. Robert Middleton, Mrs. E. L. Murphy, Mrs. Marilyn Myers, Mrs. W. V. Nichols, Mrs. Geo. Oldham, Mrs. Beth Parsons, Mrs. Shine Phillips, Mrs. R. T. Piner, Mrs. A. E. Pistole, Mrs. Joe Pond, Mrs. Mabel Quinn, Mrs. R. Richardson.

Others invited

Mrs. Joe W. Ricker, Mrs. Willie Rix, Mrs. Lee Rogers, Mrs. Tom

Tech Topics

By Nancy Philips

LUBBOCK, June 4.—With the beginning of exams here at Tech comes that haggard, goin'-out-to-blaze-trail look unevenly spread on every miserable face that drags in to class. Even the doves in the roof of the Ad Building have ceased cooing and silently watch us with just a gleam of sympathy in their eyes. I only wish we could jump up, thumb our nose at the professor and fly out of the window. That idea has always strongly appealed to me. Even when I was small (I was never very little) I would climb up on the garage after carefully watching the antics of a bewildered sparrow, flap my arms vigorously, ruffle my make-believe feathers, run madly to the edge of the barn and, without a thought of the experiment failing, leap off, crowing and slinging my arms and legs with delight, only to drop breathlessly like a ton of lead. I shall never forget my disillusionment when I found practice doesn't make perfect.

Over-anxious students started packing last week and in the general confusion packed several belongings of other people as things are strung from one end of the dormitory to the other and when I miss something I look in the trunk across the hall and vice-versa.

Book selling is becoming an unexpected pleasure for things we were finding themselves low of funds. Students go in the bookstore laden with stacks of books and emerge waving folding money with glee and go immediately off to splurge on some extravagance that has been tempting them all year. Foolish fun.

College is officially out Tuesday and the day will be filled with last minute farewells and plans for summer reunions, promises to write and the prospect of going home, visiting friends and roommates. All in all it's been a grand year, and the gods be praised, I am no longer a green, ignorant fish!

Rosson, Mrs. A. E. Service, Mrs. Preston R. Sanders, Mrs. Ray Simmons, Mrs. Harry Stalcup, Mrs. Fred Stephens, Mrs. R. C. Strain, Mrs. Robert Stripling, Mrs. Carl Strom, Mrs. Adolph Swartz, Mrs. D. W. Seal, Mrs. Wm. T. Tate, Mrs. J. L. Terry, Mrs. Ira L. Thurman, Mrs. L. E. Trout of San Antonio, Mrs. V. Van Gieson, Mrs. Elmo Wasson, Mrs. Charles L. Watson, Mrs. R. W. Whipkey, Mrs. E. F. Willis, Mrs. Otto Wolfe, Mrs. G. H. Wood, Mrs. Noland G. Williams of Dallas, Mrs. J. L. Wood, Mrs. H. W. Wooten, Mrs. W. T. Wynn, Mrs. Webber of Houston, Mrs. Ellen Wood, Mrs. J. B. Young.

BY SPECIAL REQUEST

Miss Beatrice Whittaker Will Remain One More Week!

Learn the secrets of greater charm

with our compliments

Thousands of women have found radiant charm and loveliness by following Dorothy Perkins' rules of beauty. At considerable expense we have obtained a personal representative of Dorothy Perkins to explain this scientific method of beauty care to our customers.

This beautician will be at our store Monday, June 6 to Saturday, June 11. She will give a private consultation and advice on your personal skin problems.

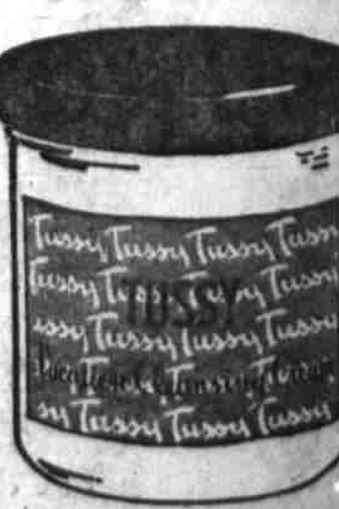

This service is complimentary. You will be amazed at the results. Phone now for an appointment.

BIG RESOURCE FOR WEST TEXAS

An impressive picture of the magnitude of the oil industry in West Texas—that area known as the Permian Basin—is pictured in an informational bulletin recently issued by the Odessa chamber of commerce. The pamphlet lists, by counties, the number of wells, daily potential and daily allowable in each of 20 counties, and it shows that West Texas has a tremendous amount of oil, important enough to warrant protection and orderly development.

In the 20-county Permian Basin, the bulletin reveals, are 72 fields, pools and producing areas. In the entire area are 7,931 producing wells, with a total daily potential of 8,544,000 barrels, a daily allowable of 2,122,000 barrels. It is noted that the fields of West Texas began producing their second billion barrels of oil last November. In that month, somewhere in this territory, the billionth barrel, like "the little pig," went to market.

In 1923—about the time oil exploration really was getting underway in this vast territory—West Texas produced 34,010 barrels of oil. In 1937 the area produced 70,601,200 barrels.

That the industry continues to exert a great force on West Texas business life is shown in a record of recent activity. Four hundred and seventy-two wells have been added in the Permian Basin during the first quarter of 1938, these accounting for a 275,307-barrel daily potential and a 20,249-barrel daily allowable.

While the flush production in the Permian Basin is in counties west of here, the Howard-Glascock area remains a significant sector in the oil affairs of West Texas. For this immediate area there are listed 1,055 wells, 36 of these having been added since January 1. The daily potential is \$35,387 for five pools in the two-county area, the daily allowable is 17,393. In the first quarter of this year, Howard county had only four dry holes. Here is a flow of "black gold" representing a vast factor in West Texas wealth and progress, bringing in money steadily to producers and land and royalty owners, and contributing to steady commerce through its effect on pipeline companies and refineries and all other associated industries that have a part in our commercial picture.

When West Texas has such a resource as this, a life-giving resource whose failure would damage irreparably the economic status of the territory, there is no wonder that sound thinking citizens are in favor of a proper limitation on its use to avoid a complete collapse of price structure. The oil industry is one of the major businesses which so far has felt the "recession" in only a small way. If it continues on an orderly basis of operation, West Texas need not have immediate fears of business calamity.

AIRLINE BRIEF WELL PRESENTED

There may not be immediate action on the application of several West Texas cities, including Big Spring, for establishment of a new north-south air line—federal government agencies ordinarily do not act with great speed—but The Herald believes groundwork of great value to Big Spring and other cities affected by the proposal has been laid by the committee which has been in Washington the past week.

In this day of never-ceasing demands on the government for every type of service and bounty, the community or area which wants something definite must go to the capital itself, contacting the proper officials, and show the need for its particular project. This is what the five-city committee has endeavored to do.

The brief as compiled by the cities was designed to show postal authorities that in West Texas there is a progressive, growing, expanding group of cities serving a large area and population entitled to better communication facilities. The brief was compiled on facts, because many from San Antonio to Austin that is entitled to this additional air service. It federal

Washington Daybook

By Preston Grover

WASHINGTON—So awesome is the picture of 16 superpower radio stations dominating the air that the federal communications commission has shunted aside any immediate solution of the problem and may meet it by inaction.

Weeks ago 16 radio stations asked to go on the air with 500,000 watts power, 10 times as powerful as the largest commercial station now in operation.

GROVER though WLW at Cincinnati has hit that high level experimentally for some time. Almost at once there were backstage repercussions on Capitol Hill among those members of congress who think federal operation is the ultimate solution of the radio problem. Needless to say the number of members advocating such control is not large, but one told us privately that he would begin plugging for government ownership if super-power permits were granted.

Hearing At Hand
The 16 requests for super-power are still pending before the commission, but an agreement was brought about to postpone action upon them until the commission could hear from all other operators as well as public agencies interested in radio operation.

That hearing, ordered to begin June 6, looks good to last at least 10 days. While the 16 requests for super-power are not directly involved in the hearing, the commission left itself an opening by which it could handle them without acting directly on each application.

Among the subjects for discussion at the hearing is the regulation which at present fixes 50,000 watts as the largest allowable commercial station power. One source pointed out that the commission might vote to retain the 50,000 watt limit, and so indirectly liquidate all the super-power applications except two requesting operation on an experimental basis.

Those two requests are WLW at Cincinnati and WWHO at Des Moines, which as yet has no license at all.

Sizing It Up
A three-phase problem faces the commission. It is:
1. ENGINEERING—Super-power stations raise international difficulties by crashing into wave bands used by foreign stations, especially in Canada and Mexico. Small stations in the United States complain also that big stations "blanket them out."
2. ECONOMIC—If the commission should grant a few super-power licenses, would these stations gobble up all the advertising, thus choking out the smaller stations sufficient to exist in monopoly?
3. SOCIAL AND POLITICAL—Should one owner be given control of such a "voice" as is represented in the potential nationwide spread of a 500,000 watt super-power station?

Accusations that the commission already is permitting an approach to monopoly in sanctioning chain systems such as National Broad-casting company, Mutual and Columbia have raised tender spots on the commission skin.

But an argument is advanced from the other side that radio engineering has advanced far enough to justify super-power systems, and as to this business of social and political abuse—well, can't the commission give any station at the end of six months by refusing to renew its license?

Winners Named In Camera Club Photo Contest

Winners were named in the first of a series of monthly print contests, at the regular meeting of the Big Spring Camera Club Friday night. With "Transportation" as the subject, 13 photographs were entered. Wadel Walsh took first place with a picture of a transport plane taken at the local airport. Dr. Lee Rogers won second with a picture of a passenger train and George Black of Colorado placed third with a picture of a freight train.

Subjects for future contests were announced, with the date the period ends for entry in each event: July 15, sports; August 19, candid shots; September 18, genres; October 21, architecture; November 18, pictorial; December 16, pictorial; January 20, still life.

Another contest for club members, in which prizes are being offered by the Cunningham and Phillips stores, closes on June 15, and early submission of entries was urged.

A new member, John Bainer, was received into the club Friday. Other members present were Jim Nummy, Charles Berger, Edward Disher, Varnell Fleming, Wadel Walsh, George Black, Lee Rogers, E. E. Roy and Avery Falkner. At the next meeting of the organization, on June 17, Falkner, secretary, will give a talk on "Personal Photography."

Man About Manhattan

by GEORGE TUCKER

NEW YORK — Perhaps you remember her in some tropic twilight on the beach at Waikiki, with a blossom in her hair.... You have seen her, I know, smiling at you from the Matson steamship line ads, in Vogue, in Colliers, in many, many other magazines.... If you have been to Honolulu you may even have seen her dance, for she is half-Scottish and half-Hawaiian, and dancing is her business.

You may even have glimpsed her hurrying into a shop on Fifth avenue, on one of those curious, endless shopping excursions which seem eternal to occupy the minds of young ladies.... But if you are really lucky.... If you are one of those to whom refreshing and enchanting things sometimes happen, you will have wandered into the Hawaiian room at the Lexington and seen her dance those ancient, native hulas of Hawaii.... You will have seen her in a raffia made of t- leaves, which she keeps every night in a tub of ice water, because the t- leaves are fresh and if they are not placed in water they will die. And, seeing her, you will have hailed the first passing waiter and inquired her name.

Let me beat the waiter to it. Let me tell you her name. It is Pualani, which in the land beyond old Diamond Head, means "Flower of Heaven."

They say she is the most photographed girl in the Islands.... Ray Kinney told me about her last year.... And then he went back to Honolulu to build his orchestra and arrange for the presentation of old gourd dances and hulas and fine tropic entertainment.... When he returned Pualani was with him, Pualani and two other girls, Napua (The Flower) and Mapuana (Warm Cares). Napua is considered one of the finest swimmers on the island; Mapuana is a dancer, and her mother is a famous singer. It is these three who do the ancient gourd dance, a throbbing, rhythmic chant against a background of thumping drums, high strings, and male voices.

After more than my rightful share of hours whiled away in this atmosphere of hurricanes and tropic bowers I am reminded of a coincidence in realism which first touched Fredric March some years ago when he did "The Royal Family" and thereby caricatured the eccentricities of John Barrymore. He was so perfect in the role that the wags were going around saying, "Barrymore gets more like March every day."

And that's what I mean. If things keep on the way they have been, The Hawaiians will have to come to New York for their native atmosphere, instead of New Yorkers boarding planes and ships for the Pacific. Indeed somebody, after a visit to Honolulu, may very well crack: "Strike me if Hawaii doesn't get more like the Hawaiian Room every day."

There is a restaurant on the east side in Manhattan where clovers are included in the flower decorations on each table. If you find a four-leaf clover in your flower vase, you automatically become the management's guest for dinner.

GRADUATION EVENT Held At Courtney

STANTON, June 4 (Sp.)—Commencement exercises for the senior class of Courtney high school were held at the high school auditorium Friday night.

Following the professional, the invocation was given by Mr. Stuart, after which a special feature, "Follow the Gleam" was presented by the seniors. Miss Josie Welch was salutatorian and gave the welcome address. J. E. Zimmerman of Big Lake delivered the address of the evening. He was introduced by Biggs Elmerpet, superintendent of the school. Noble Glaze was presented in a solo, "Adoration Waltz," after which Loretta Angel, valedictorian of the class, gave the farewell. A trio composed of Charles Springer, Jeanette Bullard, and Stanley Smith sang, "Have You Ever Been to Texas in the Spring?" Presentation of diplomas and awards was made by Mr. Shappard. Members of the class are: Stanley Smith, D. W. Chisholm, Jeanette

Hollywood

Sights And Sounds

by ROBBIN COONS

HOLLYWOOD — The average picture's life on the screen is finished in a year or less. The exceptional picture can expect a small taste of something like immortality.

Currently on the screens of the nation are 20-odd pictures that did well enough on first release to warrant a second life. Some others, however, are going forth in an effort to make up for what they failed to do on first showings.

Product shortage, result of Hollywood's recent production calm, is not entirely responsible for the revivals, although a contributing factor. The main reason is the confidence that the fans will welcome back their old movie friends.

"It Happened One Night," 1934's prize-winning picture, is probably the most popular revival. New Will Rogers films, two a year, RKO is playing in a first-run Broadway house, and in at least a dozen theaters of the Southern California area "It Happened One Night" is drawing patrons. To date this is Columbia's most profitable film.

The same studio is re-issuing "Man's Castle" on the strength of Spencer Tracy's victory in the academy awards, plus Loretta Young's growing popularity.

Some New Old Ones
"One Way Passage" was successfully revived by Warner Bros., but this studio has no current releases on the screens, unless in isolated spots. United Artists is profiting on new showings of "The Count of Monte Cristo"—here they even re-premiered it—and will revive "I Cover the Waterfront."

Metro's new "old ones" include "David Copperfield," "Treasure Island" and "Viva Villa," with "Mutiny on the Bounty" and "Captain Courageous" in prospect. Paramount has "Lives of a Bengal Lancer," "A Farewell to Arms" and "Ruggles of Red Gap," and Universal has put forth "Frankenstein," "Love Before Breakfast," "Dracula" and "Lady Tubbs."

Twentieth Century-Fox's only re-releases are the perennially popular Will Rogers films, two a year. RKO has frequent exhibitor calls for "King Kong," "Little Women" and "The Informer," but the re-releases are not yet on a national basis. Katharine Hepburn's early film, "Spitfire," is being shown in some spots with Bob Burns featured. He played a minor role in the picture.

The Case of "Ben-Hur"
Frequently a picture has to be revived to come "out of the red." Most notable recent example was "The Informer," a money-loser until the academy award and subsequent revivals put it in the black. Paramount may revive "Make Way for Tomorrow," which lost money but was building in popularity when withdrawn.

Perhaps the most notable instance of a long uphill struggle at the box-office was "Ben-Hur." Tremendously popular when re-released in 1926, the film had to clear its original cost of nearly \$4,000,000. Through continuous showings here and abroad, through a re-release in 1931, "Ben-Hur" not only left the red but is now on the credit side of the Metro ledger. "Hell's Angels" had a similar experience, cleared out more quickly.

Longest lived feature, however, is still "The Birth of a Nation." In 1915, it has played continuously—somewhere in the world—ever since synchronized for sound and music. It was re-released in 1930 with some success.

Most exhibitors seem to welcome revivals—especially if they can choose between a one-time hit and a new feature of uncertain quality. Many make re-showings a regular practice. What a revival, at least, they know what they're selling and how the public has "bought" it before.

Giant Wins at Log Bucking
SCOTIA, Cal. (UP)—A few of the reasons why Charlie Buck won the log-bucking championship of the California redwoods by sawing through a 32-inch redwood log in 2 minutes 48.4 seconds are that he weighs 264 pounds and stands 6 feet 8 inches in his stocking feet. He took 304 strokes with the saw to sever the log.

America Called Too Vague
LOS ANGELES (UP)—America suffers seriously from too much vagueness and especially from too many vague words, according to Fred W. Orth, visual education authority. The only solution he believes is education by the film which brings to the student reality and objectivity first and words afterward.

OCTAGON HOUSE

BY PHOEBE ATWOOD TAYLOR

Chapter 35
KNOCKED OUT
Once in the deepening shadow of the pines, Asay dropped his mantle of careless indifference. He had not actually seen anyone lurking around, but he felt sure that someone was lurking. There had to be. Someone had fired the barn, all right, and Asay was the first to admit that it was an excellent piece of work. Not just as a complete bit of demolishing, either. Someone had done a neat bit of thinking. There was no better way for someone to find out where Pan's anger was than to start a fire in the kitchen, and then see who ran back and watch to see who ran where.

And that person, Asay thought, would never know how he personally suffered, sitting there on the porch and spinning yarns, while he fairly itched to be hunting the Octagon House from attic to cellar. The woods were thicker than he had supposed existed any more, what with all the reforesting and deforesting that had taken place in the neighboring towns. The air was damp, and the tops of the tall pines cut out what twilight there was left. Not the sort of place, definitely, where Asay would care to meet up with those two muscle-bound servants that belonged to Reddy Strutt.

He stopped for a moment to tie a shoestring, and for the first time it occurred to him that he was being trailed. He couldn't hear any one—the carpet of pine needles was too thick to carry the sound of footsteps—but he knew. He could almost feel the presence of someone behind him.

"Ho-hum," he said aloud, and started back the way he had come. He couldn't see anyone hiding in the dense growth.

And then suddenly someone to his left started to run. Asay set off in pursuit.

Within 10 yards, he knew that he would never catch the figure that twisted and turned and sidestepped so nimbly ahead of him. It wasn't so much a question of speed. It was the combination of the slippery pine needles and his leather shoes. Those were the things that would lick him.

When he changed to his painting clothes, he'd climbed into an old pair of work shoes from the back shed. Each shoe weighed five pounds, he decided as he stumbled along, and the soles were so dry and brittle that they might have been made of wood.

"Where's everybody?"
Grabbing at a tree to save himself from a fall, Asay yanked the shoes off, and then dashed to catch up with the figure ahead. An unexpected patch of blackberry vines made him wince and wish that he had kept the old eldorado shoes. But he was gaining on the figure. If he could keep up, he'd get the fellow before he reached the edge of the clearing.

The man sidestepped, swung around suddenly and started off on a right angle course. Asay started to follow, and then stopped short. Before him on the ground lay Timothy Carr. He blinked as Asay leaned over him, and put a hand vaguely toward the lump on his forehead.

"Be back," Asay said briefly, and started off again.

"Back what?" Tim said, and struggled into a sitting position. The woods and the pines and the branches all danced dizzily inside his head, and he groped around for his glasses. But even after he found them and cleaned them twice, everything continued to spin.

Finally the scenery slipped back into its normal place, and Timothy got shakily to his feet.

"Hey, Aaron Frye, Aaron, where are you? Where's everybody gone? Hey—Asay! Asay, where'd you go, there you are—here, Asay! Here—"

But the man whose face he saw for the fraction of a second was not Asay.

"Hey, you!" Tim said, "Come back here—all right, then, I'll go after you! Hey, where'd you go? What's the big idea, anyway?"
The man slid away into the shadows. Tim couldn't even tell what direction he had taken.

I suppose it was our pal. Look when you feel up to it, we'd better seek out the bush where Aaron's probably stretched out. Or did you happen to find him?"
Asay sat up. "Aaron? Look, what's been going on here, anyway?"
"There are bad men in the woods," Tim told him, as he lit a cigarette. "They hit folks over the head. I don't quite understand the game, Asay. Aaron wandered away from Gran and me, just the way he kept wandering at that clambake. I went after him. I heard him call me. That's all I can tell you. En route to the noise, I got tagged. Then you showed me—do you know you were quints?"
You were. And then I came here and found you. I think he rubbed his forehead reflectively, "that the curtain has been lowered to denote a lapse of considerable time. It wasn't nearly as dark as this, when I got baffled. Look, we'll have to find Aaron before this trickle of grey light disappears. He ought to be in the vicinity. Let's scour."

But Aaron was not in the vicinity, nor could they find any trace of him.
(Copyright, 1938, Phoebe Atwood Taylor.)

Who is roaming the woods? Continued tomorrow.

New Lumber Firm Here

L & L Housing Co.
Locates Yard On San Jacinto St.

Newcomer to the ranks of Big Spring business enterprises is the L & L Housing and Lumber company, which now is open for business at 406 San Jacinto street. Newly constructed at the location are lumber sheds, office building and merchandise display room.

Besides a complete stock of lumber of all types, the L & L company is carrying a full line of paints and builders hardware.

H. R. Hoekendorf has moved to Big Spring to serve as manager of the new yard, and Cecil Snodgrass is the assistant manager. Hoekendorf formerly was associated with the A. & L. Housing and Lumber company of Midland, from which place he came to the city.

"In addition to handling complete supplies for all types of building," Hoekendorf said, "our yard will feature a plan service, available to all prospective builders who desire sample plans and arrangement-drawings which might be of value to them."

"We invite the public to inspect our new plant at any time," Hoekendorf continued, "and hope that we may be of service to any one interested in building or building materials."

Hospital Notes
Big Spring Hospital
Mrs. Joseph Hayden, 401 Lancaster street, underwent major surgery at the hospital Saturday morning.

Mrs. Sam Preston of Midland is in the hospital for treatment.

lease who underwent major surgery several days ago, returned to her home Saturday.

T. B. Birkhead of Coahoma, who has been in the hospital for several days for treatment, returned to his home Saturday.

Mrs. L. G. Malone, 607 State street, returned to her home Friday afternoon.

John Wayne Brown of Colorado A. & M., Fort Collins, Colo., came in last week to spend several months.

Mr. and Mrs. Fred Stephens and daughter, Rosella, will be here Sunday night from a trip to Belton and Dallas. Miss Stephens was a freshman at Mary Hardin-Baylor the past year.

Cornelia Frances Douglass, daughter of Mr. and Mrs. Walter Douglass, is to arrive Sunday night from Belton where she attended Mary Hardin-Baylor, Belton.

Wynell Woodall of Hardin-Simmons is remaining in Abilene for a visit with friends before coming to Big Spring. She is the daughter of Mr. and Mrs. Arthur Woodall.

Ethel Jenkins Is Initiated Into The Lone Star Lodge

Miss Ethel Jenkins was initiated into the Lone Star lodge Friday evening at a meeting over which Mrs. A. J. Cain, president, presided.

Mrs. Inez Byers and Mrs. W. L. Busbee, hostesses, served frozen meals to Mrs. C. A. Schull, Mrs. W. McCormick, Mrs. Cain, Mrs. J. P. Meador, Mrs. Leslie Jenkins, Mrs. N. R. Smith, Mrs. Tom Underhill, Mrs. E. Frazier, Mrs. Albert Smith, Mrs. R. O. McClintock, Mrs. M. C. Knowles, Mrs. George Pittman, Mrs. Frank Powell, Mrs. Herbert Fox, Mrs. W. O. Wasson, and Miss Edna Cochran.

Mr. and Mrs. Eddie Morgan of Odessa are expected to spend the weekend with their parents.

Woman Of The Week

Mrs. John N. Garner

A Clock As Congress Closes

By the AP Feature Service

No clock in Washington is watched so closely early in the summer as Mrs. John N. Garner, wife of the Vice President. The capital wants to see when she is going home to Uvalde, Tex. She always precedes her husband, but she has been such a faithful secretary to him for 30 years everybody knows that when she leaves congress is just about to adjourn.

Mrs. Garner is little, trim and quiet. Her deep blue eyes look straight and steady. She wears clothes that are simple and dark. She is a busy bee in the Garner office. Here are some of her duties: She tends the mail, answers the phone, smiles on visitors, keeps her husband's many appointments straight, keeps a pot of coffee bubbling for him in the office, prepares his lunch behind a screen.

And she never has made a kick because her husband goes "off the record" at 6 p. m. No trotting around to parties. She finds time to knit in between times. Her husband is proud of the blue dress she knit for herself. She said her clothes bill for the year is around \$100.

Mrs. John N. Garner

Mrs. Garner occasionally goes to afternoon parties. She has friends on both sides of the political fence. In her only public speech she summed up her married life this way: "Just after we married Mr. Garner said to me: 'Now, marriage is a partnership. Each has got to do his part. I'll do the talking, and you do the work.' So that's the way it's been."

Birthday Of George Bond Is Celebrated With Gay Party

STANTON, June 5 (Spl.)—Mrs. George Bond, Jr., entertained with a party Saturday afternoon honoring her son, George, III., on his third birthday.

The young guests participated in various games and contests on the lawn of the Bond residence. Balloons were given as favors. Refreshments consisted of a large birthday cake and pink lemonade.

Present were Don Forrest, Marijann Forrest, Gilbert Sadler Graves, Mary Sue Moffett, Jo Jon Hall, Jo Anne Jones, Danna Sue Daniels, Olga Joy Daniels, Ray Simpson, Jr., Bobby Bryan, Walter Page and Guy Merwyn Eiland, Belle and Herbert Jones, Helen Williamson, Peggy and Patsy Ellis, Janice Houston, Leslie Jean Tom, Joan Tom, Carol Yater, Gene Sadler, and Mary Lynn Hamilton and David McPherson.

Also present for the occasion were the grandparents of the honoree, Mr. and Mrs. George Bond, Sr., of San Angelo, and a great aunt, Mrs. A. T. Lloyd, of Big Spring.

Three Are Guests Of Mrs. B. F. Willis And Nueve Bridge

Mrs. J. B. Young, Mrs. W. D. McDonald and Mrs. Theo Andrews were guests of Mrs. B. F. Willis Friday afternoon when she entertained the Nueve Bridge club.

Members present were Mrs. R. C. Strain, Mrs. W. F. Cushing, Mrs. W. E. Hornbarger, Mrs. W. C. Henderson and Mrs. John Clarke.

Mrs. Young made guest high. Mrs. Andrews bingoed and Mrs. Clarke received club high.

Past Matrons Club Of Stanton Has Meeting

STANTON, June 5 (Spl.)—The Past Matrons club, Order of the Eastern Star, met for its regular monthly meeting at the home of Mrs. J. H. Burnam Wednesday afternoon.

Members finished quilting a butterfly quilt which is to be sold. Delicious refreshments consisting of sandwiches, mints and iced tea were served to Mrs. Bertha Bassett, Mrs. Pearl Law, Mrs. Busie Houston, Mrs. Inez Woody, Mrs. Clara Haney, Mrs. Margaret Haney, Mrs. Bertha Jones, Mrs. Georgia Zimmerman, Miss Maude Alexander, one guest, Mrs. Brandell, of Rising Star, and the hostess.

Mr. and Mrs. Bishop Bailey and sons, Bishop, Jr., and Billie, of El Paso were to arrive here Saturday evening for a visit with their parents, Mr. and Mrs. J. B. Pickle. Accompanying them was Judith Pickle, returning home after attending school at the Texas College of Mines.

Mrs. Hart Phillips, who has been visiting in Abilene, plans to return Sunday.

CALENDAR Of Tomorrow's Meetings

Monday

FIRST BAPTIST CIRCLES: Mary Willis, Mrs. H. H. Squires, 404 Douglas, 3 o'clock; Central, at the church, 3 o'clock; Christine Coffee, Mrs. G. H. Hayward, 1708 Main, 3:30 o'clock; Eva Sanders and Lucille Reagan circles meet Thursday and will not convene again; Florence Day will not meet.

Mrs. Frank Skiles Of Forsan Honored With A Shower

FORSAN, June 4—Mrs. Otis Griffith complimented Mrs. Frank Skiles with a shower Thursday afternoon with approximately a score of guests calling. Pink and white made up the chosen color scheme carried out in gift wrappings, name books and decorations. At games Mrs. C. J. Reed and Mrs. C. J. Lamb were prize winners. A refreshment course was served to the following: Mrs. M. C. Forbes, Mrs. C. J. Reed, Mrs. Jack Lamb, Mrs. J. R. Redmond, Mrs. P. Morgan, Mrs. W. F. Chambers, Mrs. D. W. Robertson, Mrs. H. Peary, Mrs. R. A. Chambers, Mrs. A. Hardwell, Mrs. C. L. Cunningham, Mrs. J. C. Skiles, Mrs. H. D. McElreath, Mrs. C. C. Wilson, Mrs. Bob Kneer, Mrs. Sam Rust, Mrs. N. Cunningham. Those sending gifts: Mrs. J. W. Griffith, Mrs. M. Elreath, Mrs. E. T. Chambers, Mrs. H. McElreath, Mrs. Pete Cowley, Mrs. F. Cranfill, Mrs. C. V. Wash, Mrs. Betty Jean Kilpatrick, and Mrs. W. B. Dunn.

Plans for the homemaking class are progressing nicely. Miss Freddie Adkins reports, and response to announcements concerning the project indicates an interested group of women will attend.

Miss Adkins' adult homemaking course will meet for the first time on Monday, from 3 to 4 p. m., and classes will be held on Mondays through Thursday for two weeks, concluding June 16. Homemaking problems, such as the management of money and time in the home, will be discussed as the class expresses its need for study and discussion.

All who are interested in the project are invited to attend.

Homemaking Class Expected To Draw Good Attendance

Plans for the homemaking class are progressing nicely. Miss Freddie Adkins reports, and response to announcements concerning the project indicates an interested group of women will attend.

Coloradoans Honored At Forsan Affair

FORSAN, June 4—The Pioneer Bridge club members were entertained with a luncheon in the home of Mrs. R. G. Thompson, who named Mrs. W. L. Reese, her mother, and Mrs. Clay Smith of Colorado as guests. Sweet peas and honeysuckle were used for flower decorations. At bridge Mrs. R. L. Carpenter was high scorer, Mrs. Lloyd Burkhardt second high and Miss Aquilla West bingoed. Mrs. Clay Smith was presented with the guest prize. Others attending the affair were: Mrs. C. E. Chittin, Mrs. M. M. Hines, Mrs. Frank Tate, Mrs. J. D. Leonard, Mrs. J. D. Galt, and Mrs. I. L. Watkins and Mrs. Paul Johnson.

Summer Activity Program Sponsored By Kermit School

KERMIT, June 4—Kermit Independent school, one of the wealthiest in the nation, is sponsoring a summer activity program for the benefit of the students during the month of June. This arrangement was made possible through the cooperation of B. F. Meek, superintendent, and the school board. The program, under the direction of G. E. Thompson, high school principal, and Joe Morris, grade school principal, includes a rhythm band of 75 pieces, high school band of 60 members, high school and grade school girls' choral clubs, tap dancing class consisting of 90 members, science hobby club, speech clinic, shop opportunity class for boys, homemaking project for girls and an extensive recreational program.

A well equipped library furnishes research and recreational reading.
