'Father Of Year' To Be Recognized

Want your father to be Olton's Father of the year?

Some lucky man, one living within the boundary of Olton Independent School District, will be chosen for the honor on the basis of a letter of nomination.

Anyone may submit an entry. It can be your own or someone else's father, the sole requirement is that the nominee be a resident of the area already described.

Write in your own words why you feel that your nominee deserves to be named Father of the Year. A panel of out of town judges will determine the winner.

Identity of the 1977 Father will be revealed in the Father's Day issue of The Olton Enterprise. Deadline for entering is Tuesday, June 14. Mailed in entries should be postmarked early enough to be sure they will arrive by that date.

(Editor's note: A Mother of the Year letter of nomination was received this year several days after the close of the contest and too late for consideration.)

With the honor will come valuable gifts from local merchants who make the contest possible. They will include a gift certificate, Duncan's 5 & 10; wash and lube job, Turner Oil Company; dinner for father, Circkle K Restaurant; $15 groceries, Don's Venture Foods; $5 gift certificate, High Plains Incorporated; $10 gift certificate, J Bar S; 10 gallons gas, Walker Texaco, $12 gift certificate, Thompson Chevrolet; $10 gift certificate, Country Lad in the Mini Mall Plus; $5 gas, Givens Texaco; set of points, Rube & Son Garage and Raymond's Auto; set of sockets, Thompson Implement and 11x14 family portrait in living color, Enterprise Studio.

'Celebrate Life' Musical To Be Presented Sunday

First Baptist Church's 26-voice youth choir will present "Celebrate Life" at 7:30 p.m. Sunday, June 5 in the sanctuary of First Baptist Church.

By Buryl Red and Reagan Courtney, the musical appeals to today's young people yet some part of it will appeal to everyone.

"It is comical in places," says Barry Feriend, FBC music director, "yet it presents the life of Christ, the life that is being celebrated in the musical."

"For the person who likes the more sacred selections, there is that. But primarily, it is the pop sound," he says.

Performed with a background of taped music and sound, the musical also features Mrs. Feriend at the piano; Carol Prentice at the organ and on the flute and Naomi Lewis with the guitar.

Technical director is Elmer Lewis.

The choir will leave at 8:30 a.m. Monday for a performance tour and will sing that evening in Hamilton. There will also be performances in Houston, Corpus Christi and San Antonio.

Traveling by bus, the youth will also have a free evening to spend at the beach during their stay in Corpus.

Beef Referendum Registration Begins Monday At ASCS Office

Registration for cattle producers who wish to vote on the beef referendum will get underway Monday and run through June 17.

Actual voting dates are July 5-15, but cattlemen are reminded that they MUST BE REGISTERED to be eligible to vote.

Registration will continue for the next two weeks at the ASCS office.

The program will be controlled by a board made up of cattlemen who have been recommended by fellow cattlemen. Every state or region will be represented in proportion to its beef production.

The investment needed for the program is provided by a collection of just three-tenths of one per cent on the sale of each animal. It's based on a "value added" system that guarantees each person pays only his fair share, according to a spokesman for the referendum.

The program is a comprehensive one. Part of the money will go for consumer education, some for foreign market development and some for production research. New product development and improving marketing and distribution, along with advertising and promotion will also be included in the program.

A voluntary program, the collection is automatic. For any person who does not wish to participate, a refund may be asked and it will be given promptly.

Those eligible to register to vote are 4-H youths, FFA members, men and women who own livestock.

There is no age limit or minimum requirement of number of cattle owned in order to qualify to vote.

Everything But The Kitchen Sink

By Mozelle Trotter

This column has been pre-written for publication at an earlier date, as they'd say in TV jargon. One week has made considerable change in its present literal detail but in effort to conserve the small amount of gray matter utilized in composing it, it shall be aired at this time:

Water, water every where! E'nuf yet!

I haven't been out riding around but the lakes must be filled to a level not equaled in some time. It should be a good year for frogs!

Aren't we lucky, though, that those monster clouds have done no more damage than they have. As many tornado watches as we've had, we could have easily have been erased from this bit of the U.S. known as tornado alley.

I still don't appreciate these night callers! It isn't very conductive to sweet dreaming if lightning flashes and rumbling thunder come along after bedtime hours.

Moving from the farm to town before the days when I learned to drive a car, I've never mastered the knack of manuevering slick muddy roads. Thanks heaps for that good fortune. Lucky for me, our street was paved years ago. I could very easily get stuck in my own drive way.

Water across the road may not hold the same awe for today's country kids that it did for Yours Truly as a child.

When a lake below our "little house on the pasture" filled abundantly, it closed our direct route to town.

Inconvenient it was to go more than three miles out of the way but as a child I gave it no thought whatsoever.

A Sunday afternoon "adventure" is still vividly recalled and it was that water that got Yours Truly in proverbial "Hot Water".

Visiting neighbor children (we didn't consider ourselves children, however) and a cousin and I discovered a new pastime that day -- wading the "river".

No thought that the ditches to each side of the narrow road were deeper than our heighth! No concern that we had no knowledge of how to swim.

Spotted in mid-stream by my maternal grandfather, he called to us calmly yet with no uncertain authority, "Come on out of there!"

Unsuspecting any punishment other than a scolding, I had just stepped within reach of his outstretched arm when I was caught with a jet-propelled grasp. Hardly before I was aware of the events about to transpire, I was smartly patted on the lower portion of the backside of my anatomy with an old shingle that had floated with the run-off rain to the spot where Papa stood.

Of course an old shingle is far from the worst weapon he could have used. Probably its resounding "plop" was far greater than the sensation to my bottom. Yet it is a spanking never forgotten!

In later years, as a young woman, Papa confessed to me his terror-filled wait as we waded from the danger spots to safer ground. The "spanking" so indelibly recalled was just the anticlimatic action of a frightened grandparent.

The desired effect was, however, quite successful. Two of those muddy feet have never again waded another water-covered-road "river".

In The Mixing Bowl

She Feeds The Lions

For a little more than a year now, Mrs. Ira Limbocker has been cooking dinner one day each week for hungry men who may number from approximately 20 on "off" days to 40 when members turn out in good record. She is cook for Olton Lions Club.

Lillie, who more frequently answers to Lil, enjoys cooking and frequently gets new recipes from her daughters. The sausage casserole she shares is a new recipe which she got just last week on a visit with one of her daughters.

Natives of western Arkansas, the Limbockers moved to Olton in 1953 when Ira came searching in this agricultural area for work, believing that where there are farming operations, there was need for mechanics. He arrived here, liked what he saw, found employment and returned a week later with his family.

The Limbockers are parents of six children. Sharon (Mrs. Day) lives in Denver, Colo. Kenneth lives in Canyon. The next two children, Mary (Garrett) and Pat (Dalton) both live in Amarillo. Shelda (Stump) lives in Bethany near Oklahoma City and Clinton is in nearby Plainview. They have 11 grandchildren.

From childhood, Lil has enjoyed country and western music and gospel songs. She enjoys pastimes which she can share with her family and camping and fishing rank high.

Lil discounts having a knack with flowers but pot plants gracing the Limbocker front porch prove her "green thumb."

Re-doing furniture is another of Lil's hobbies. She has not only refinished and recovered her own living room furiture, she has done some of that work for others.

Lil attends the Church of the Nazarene.

SAUSAGE SOUFFLE CASSEROLE
8 slices bread, cubed
¾ lb cheddar cheese
1½ lb sausage, cooked and crumbled
4 eggs, whipped
2½ c milk
1 can mushroom soup
¼ t salt
1 T mustard

In large Pyrex baking dish, layer bread, cheese and sausage. Combine eggs, milk and seasonings. Pour over layers. Spread soup over top. Refrigerate overnight. Bake in 325 degree oven 1 hour.

CORNBREAD DRESSING
1 recipe cornbread
2 onions, diced (don't drain juice)
1 c celery, diced
4 eggs
3 t sage
salt & pepper to taste

Crumble cornbread. Add eggs, sage, celery and onion. Add turkey or chicken broth to consistency that dressing is almost runny. If you're making dressing without turkey or chicken, substitute ½ stick oleo in hot water for broth.

Bake in 350° oven. Lil says she likes to use up the less desirable pieces of turkey or chicken this way - the tiny bits of meat found on the bony parts.

JELLO CAKE
1 family size lemon Jello
1 c boiling water

Mix together and set aside to cool slightly.

1 Duncan Hines lemon supreme cake mix
1 c Wesson oil
4 eggs
1 t lemon extract

Mix oil and cake mix till smooth. Add eggs, one at a time, mix well after each addition. Add Jello and lemon flavoring. Bake in 350° oven till toothpick test says it's done. Make icing-glaze by mixing 3 T lemon juice (fresh or bottled) into 1½ c powdered sugar. Punch holes in hot cake with toothpick and pour icing over hot cake.

Aguirre-Hernandez Vows Exchanged Here

First United Methodist Church was the scene Saturday, May 28, for the exchange of wedding vows between Miss Esperanza (Pauli) Hernandez and Daniel M. Aguirre of Amarillo.

The bride is daughter of Mrs. Manuel Hernandez and the late Mr. Hernandez. Aguirre is the son of Mr. and Mrs. Gregorio Aguirre Sr., of Amarillo.

Double ring vows were directed by Joe Hernandez, minister, brother of the bride.

The altar area of the church was set with seven branch candelabra, fitted with white tapers, flanking an archway of greenery, tied with blue satin bows.

Miss Jennie Lynn Gunter, organist, presented traditional nuptial selections and accompanied Luis Rey, soloist, who sang "The Wedding Song", "More" and "The Lord's Prayer."

Presented in marriage by her brother, Ray Hernandez, the bride wore a formal wedding gown of white Chantilly lace. The sweetheart neckline of the fitted bodice was adorned with seed pearls. Long lace sleeves tapered to a point at the wrist. The full skirt swept to a Cathedral train. Her bouffant three-tiered veil edged in Chantilly lace was secured by a pearlized, petal headdress.

She carried an artificial bridal bouquet of white flowers satinized and adorned with seed pearls, tied with loops of white satin streamers.

For 'something old' the bride carried pennies given her by her brother, Ray. 'Borrowed' was the pearl necklace she wore, property of her sister Hilaria Garcia of Garland. She wore the traditional 'blue' garter.

Miss Maria Luisa Hernandez served as her sister's maid of honor. Matron of honor was Mrs. Jean Smith of Plainview. Bridal attendants were Misses Linda Miller and Corina Godsey, of Plainview. Little misses Cynthia and Isabel Contreras, Amarillo, were Gonzales flower girls.

Feminine honor attendants wore formal length dresses of white, other attendants wore identically styled dresses of blue dotted Swiss.

Gregorio Aguirre of Los Angeles, served as his brother's best man. Groomsmen were Allan Ray Smith of Plainview, Steve Banda, Amarillo and Martin Hernandez, brother of the bride. Guests were seated by Alonza Gallardo, Plainview and Martin Hernandez, who also lighted candles. Ring bearer was little master George Alirez, nephew of the bride.

For her daughter's wedding, Mrs. Hernandez chose an aqua blue formal length gown with lace trim. The mother of the groom was gowned in the same color.

A reception in Fellowship Hall of the church honored the young couple immediately following the ceremony. Covered with a white lace cloth accented with blue satin bows, the bride's table was centered with the bride's bouquet and white Bible. The three-tiered wedding cake, frosted in white was topped with a miniature bride and groom and accented with baby blue roses. Crystal and silver were used to serve the cake and reception punch.

The groom's table was laid with a white cloth edged in lace. German Chocolate cake was served.

For travel the bride wore an aqua blue knit, street length dress.

The bride is a 1972 graduate of Olton High School, presently attending Wayland College she is employed by Plainview Public schools.

Aguirre has served in the U.S. marine corps and is presently attending Wayland Baptist College. He is employed by Tapp Office Supply in Plainview, where the couple is at home.

The Beef Referendum

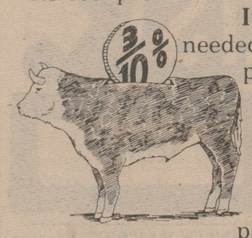

What it is.

Soon you'll have an opportunity to vote on the beef research and information plan. Here are some facts to consider.

It's a self-help program. If the beef business is going to get more profitable, producers themselves are going to have to make it more profitable. The beef referendum provides the tools—promotion, research, foreign market development, marketing information—to do the job.

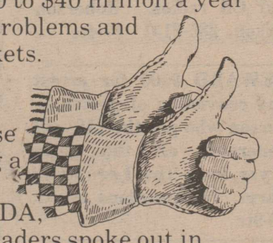

It's producer-controlled. The plan will be run by a Beef Board made up of cattlemen who have been recommended by their fellow cattlemen. Every state or region will be represented in proportion to its beef production.

It's fair. The investment needed for the program is provided by a collection of just 3/10's of 1% on the sale of each animal. It's based on a "value added" system that guarantees each person pays only his fair share.

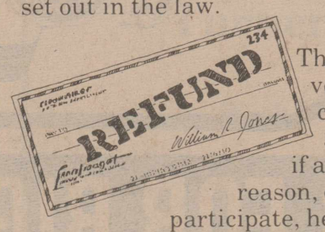

It's needed. The beef industry's present research and information effort is inadequate by any standard. We spend a small fraction of what many other, smaller commodity groups spend (e.g. cotton, citrus, dairy, soybeans). The referendum will generate the $30 to $40 million a year needed to solve our problems and strengthen our markets.

It's accepted. Nearly 90 producer organizations endorse the program. During a series of six public hearings held by USDA, 150 beef and dairy leaders spoke out in favor of the program; only 6 against.

What it isn't.

It's not a government program. This is a producer program. Producers wrote the law. Producers are paying for the referendum through voluntary donations. And producers will run the program from day one, once the referendum passes. The government's involvement is limited: The Secretary of Agriculture formally appoints the Beef Board members, who are nominated by producer organizations; he is also responsible for seeing that the money is spent according to producer wishes, as set out in the law.

It's not a tax. The program is voluntary. The collection is automatic. But if anyone, for any reason, doesn't want to participate, he can ask for a refund and get it promptly. With no red tape. That's the law.

It's not just an advertising program. The program is comprehensive. Some of the money will go for consumer education. Some for foreign market development. Some for production research. Some for new product development. Some for improving marketing and distribution. And some for advertising and promotion—whatever producers, through the Beef Board, decide they need.

It's not just for the big guy. Beef Board members will be both big producers and small, from all across the country. Cow-calf operators. Farmer-feeders. Stocker operators. Feedlot people. Dairymen (dairy cattle account for 20% of beef production). This program will help everybody.

Now, it's up to you. Register at your ASCS office. Then, vote "yes" in the beef referendum.

ENERGY EFFICIENCY RATIO and AIR CONDITIONING

Maybe you've heard mention of or read about EER . . . but didn't pay too much attention at the time. EER stands for ENERGY EFFICIENCY RATIO and is a measure of the efficiency of various appliances or equipment in using energy. Some do the same job using less energy than others.

We have a booklet in our offices that's free for the asking. It's called "The ABC's of EER," and it briefly and simply gives you an adequate explanation of what EER means to you if you're about to buy air conditioning equipment.

It's at your Public Service office . . . ask for one.
