The Terry County Herald

Not Neutral—Not On The Fence—A Paper With An Opinion And A Purpose

The Herald has grown with this section from strictly a ranch country. This area now consists of thriving towns and cities, supported by scientific farming and stock farming, augmented by huge oil fields, with the nation's largest known oil reserves.

VOLUME 44

16 PAGES

BROWNFIELD, TERRY COUNTY, TEXAS, MARCH 11, 1949

2 SECTIONS

NUMBER 33

BROWNFIELD CREW GETS TEXAS COMPANY BANNER

The men appearing in the picture above were present at the dinner given at the Hilton Hotel in Lubbock February 25 by the Texas Company, for the Brownfield crew of the Texaco Seismograph department. In the picture Bill Talley, crew

chief, is being awarded a banner for safety, in recognition of the crew safety record. The men are (from left to right) B. O. Smith, J. T. Robinson, R. L. Lay, E. L. McIntyre, H. C. Talley, E. F. Pechcek, and A. A. Hunzicker.

BURGLARS ROB, "GAS PRANK" IMPLEMENT HOUSE

First Request For Clean-up

Many Complaints of filthy stock pens have reached the office of the South Plains Health Unit in recent days, according to Dr. Frank P. Miller, Director.

The keeping of stock within certain areas of the city is controlled as to number, cleanliness and surroundings by City Ordinance, which requires the owners of stock to keep such premises clean and manure removed or be subject to terms of the ordinance, which declares unclean stock pens to be a nuisance to the public health in the area.

It is now time for complete cleaning of all pens and removal of manure from the city limits to prevent the breeding of flies. Moisture conditions favor the early production of flies unless strenuous clean up is used.

A check will be made in the near future and those owners found not complying with the ordinance will be requested to attend a hearing concerning the violation of the ordinance.

To clean up and spray with DDT now will mean good fly control and disease prevention, according to Doctor Miller.

Delegates Discuss Canadian River Damming Project

Delegates from some 14 towns of the Panhandle and South Plains met at Plainview, Monday, to consider the feasibility of damming the Canadian river in the vicinity of old Tascosa, to supply additional water to P-P towns and cities. Some of the larger places in the area are becoming a bit uneasy about future water supplies.

This is particularly true of the larger places like Lubbock and Amarillo, whose water sources seem on the way to become deficient. Of the many towns officially represented the host city seemed to be the least worried about future water. Indeed the Plainview Mayor stated that he felt his city had sufficient water to take care of their needs for years from their shallow underground water supply.

Owing to short notice, perhaps Brownfield, Seagraves, Seminole, Lamesa, Tahoka, Ralls and Crosbyton, had no representative. Towns represented from the south Plains were Levelland, Littlefield, Lubbock and Floydada.

New Chevrolet Has Fine Ventilation By Latest Duct Systems

Engineering studies of the 1949 Chevrolet ventilation system show that with windows closed and air duct valves open, car interior air is changed approximately two and one-half times each minute at 30 miles an hour. At 60 miles an hour, continues the report, the frequency of air changes is doubled.

According to the company, the fact will prove a worthwhile safety feature in certain types of damp spring weather when windshields and windows have a tendency to fog. Body glass will stay clear without the necessity of providing drafts from open ventipanes.

The new Chevrolet ventilation system includes screened openings behind the radiator grille leading through tubes to outlets under the dash. The volume of air issuing into the passenger compartment is controlled by knobs beneath the instrument panel. The system is standard equipment on all Chevrolet passenger cars.

BANK TO START NEW BUILDING LATER

Probably a lot of folks like the writer has seen a used car lot located on the building property of the Brownfield State Bank & Trust Co., and like us wondered if the bank had given up the notion of erecting their new building this year. We asked M. J. O. Gillham, the bank president about the matter.

"He stated, We have temporarily leased the lot for a used car lot with the distinct understanding that as soon as the weather gets warmer, we will want the lot cleared for the erection of our new building."

So, that should settle that.

Herald's Net Paid Circulation Breaks Territory Record

The Herald "Good Will" Circulation contest is going over better than our most optimistic hopes when the campaign started back early in February. In fact, some thought it was the wrong time of year, but the campaign manager, Mrs. Ola Taintor, thought different. There is more money in the fall, generally speaking, but the people are busier, too.

This week, we are printing slightly over 2,000 papers to meet this big paid circulation, and Mrs. Taintor said it will be around 2,300 by the last of the week. At the beginning of the drive, we had hoped to have 2,000 when the campaign was over.

The Herald not only has by far the greatest paid up circulation in this immediate area and Brownfield trade territory, but many of them are paid up from 3 to five years in advance.

We are glad to say that the contestants have had generous and courteous treatment during the campaign, which will go on till April 1.

Not only do we have a host of new readers, but a great majority of the old readers, some on the list since the birth of the Herald, have renewed years in advance to help a favorite contestant.

You will get your money's worth in advertising when you place it in the Herald. The Herald covers the trade area like ocean waves. We have always treated all our readers alike; they all pay for their paper. We have no favorites in that way.

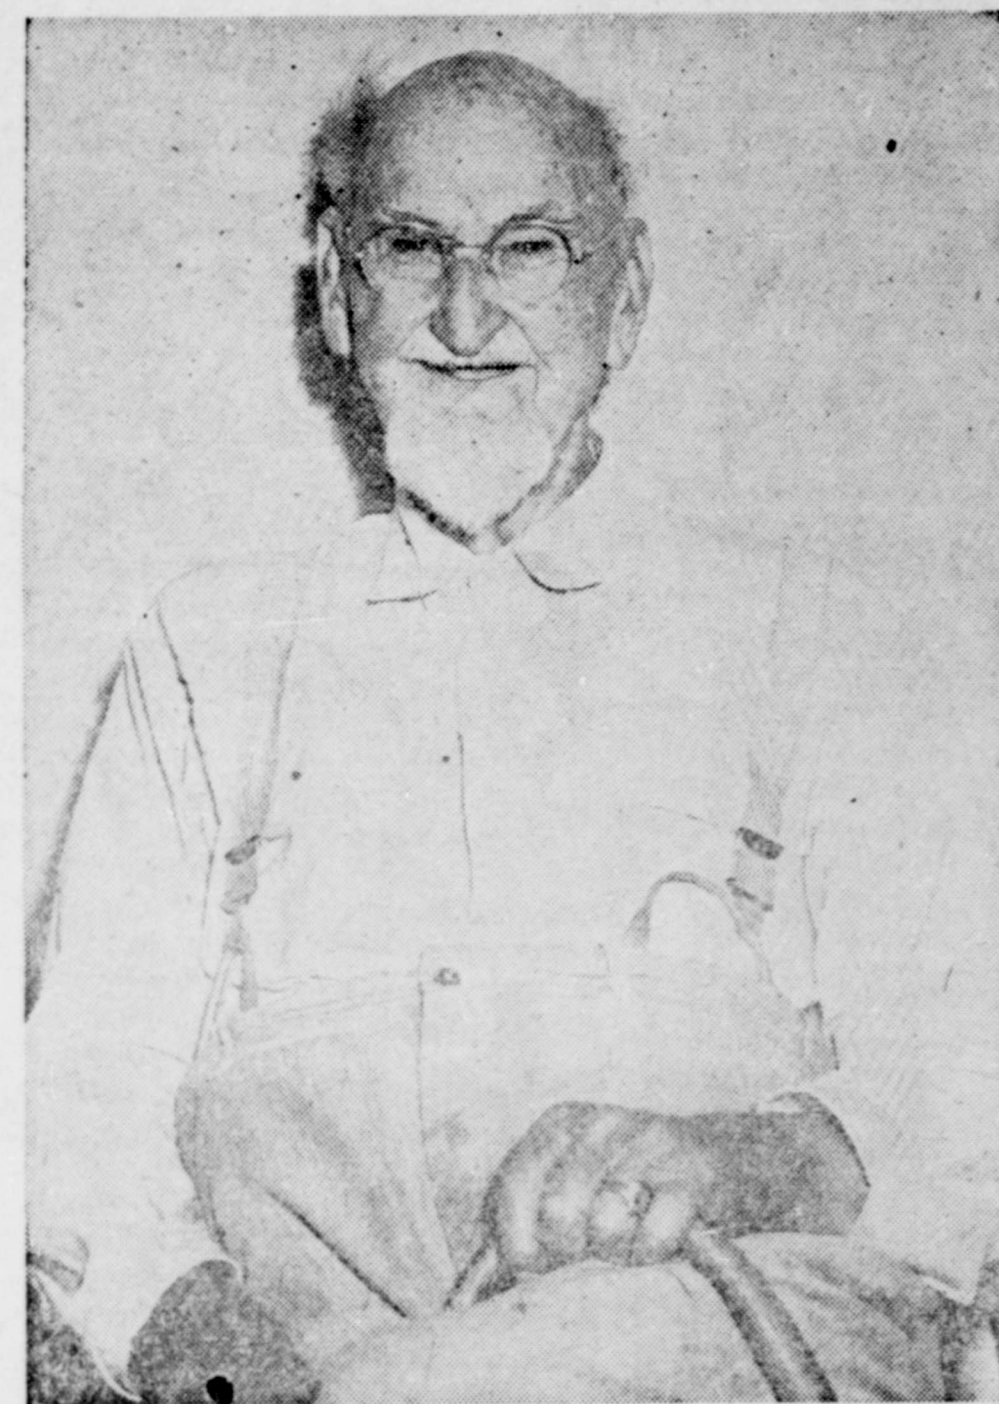

Perhaps 15 papers per week would cover complimentary papers, mostly to Terry county schools and kin folks, plus about 30 papers we have on our exchange list. The rest pay for their papers.

Chrysler Dealers Show Cars To Public Today

Chrysler dealers all over the country will hold their first showings of the "Silver Anniversary" models today (Friday, March 11) and the public will have a chance to see what this company has achieved by way of celebrating the completion of a quarter-century of business. It is understood that Chrysler will show more changes in design and engineering than in any previous model.

Among other things, the car has been made considerably more roomy in its passenger compartment, and it has four inches more wheelbase. Yet it is shorter overall, narrower and lower than its immediate predecessor. There are more than 50 engineering advances, including a higher-compression engine that increases horsepower and torque, while promoting gasoline economy.

Many dealers will stage elaborate programs in introducing the new line, including decoration of their show-rooms in a motif appropriate to the silver anniversary. The new Plymouth car, which also is sold by all Chrysler dealers, is scheduled to be introduced next week.

Stephen DuPuis, Civil War Veteran, Has 104th Birthday

Mr. Stephen DuPuis, father of Mrs. C. B. Worsham, celebrated his 104th birthday in Brownfield Wednesday, March 9. Mr. DuPuis has been living here with his daughter since 1941. He was born in Center Point, La. and served as a carrier dispatcher with the Confederate Army during the Civil War.

DuPuis enlisted at Center Point La. at the age of sixteen, and was called to service two years later. He was assigned to "B" company

of Gen. Taylor's escort and was stationed at posts throughout the Louisiana area. His memories of his war experiences are still vivid. He recalls many hard trips when he was forced to sleep in woods and swamps and had little if anything to eat.

After the war he chopped cord wood for the river boats until an injury to his foot forced him to quit. He returned to Center Point where he farmed until he retired in 1921.

We visited Mr. DuPuis at his daughter's home on the morning of his birthday. He said he was "feeling pretty good, and was planning on a quiet birthday celebration." Mrs. Worsham was preparing a birthday dinner, and Mr. DuPuis grandson and his wife, Mr. and Mrs. H. W. Hays of Lakeside, Ariz. and his great-granddaughter Mrs. H. F. Williams, her husband an daughter Sandra also of Lakeside, Ariz. were present for the celebration. Mr. J. C. A. Blankenship and children will also be present.

Mr. DuPuis has two daughters now living, Mrs. Bill Eden of San Francisco and Mrs. C. B. Worsham of Brownfield, and three sons, J. L. DuPuis of Center Point, La., S. T. DuPuis of Alexandria, La., and J. W. DuPuis of Algiers, La.

A considerable portion of highway 62 will get a new seal coat topping through Terry county, from the Hockley county line between Meadow and Ropes, to the Gaines county line just this side of Seagraves. The 12 mile stretch from Brownfield to Wellman was not included.

The State Senate has passed a bill forbidding the sale of horse meat for human consumption in Texas. The bill, if it becomes a law, will not only carry a heavy fine, but pretty stiff jail sentence.

While Brownfield city officials attended the meeting at Plainview Monday to discuss the feasibility of damming the Canadian River, to create a great body of water for municipalities, mentioned elsewhere, since then have endorsed the movement. Also the Lamesa officials likewise, says the Lubbock Avalanche.

AMONG THE GREAT

You never will be saved by works; but let us tell you most solemnly that you never will be saved without works. — T. L. Cuyler.

Tear Gas Bomb Is Left In Safe; Loss Not Tallied

The Farmers Implement Co., International Harvester Agency, owned and operated by Sam Privitt and Prentice Walker was burglarized and ransacked Wednesday night, March 9. Thieves entered through a window on the north side of the building.

When Alton Webb, bookkeeper, reported for work Thursday morning he discovered the office in

LATE REPORT FROM SHERIFF'S OFFICE

The Sheriff's office reported late Thursday afternoon that a tie-up had been found between the robbery of the Farmer's Implement Co., and a robbery in Meadow Wednesday night. Thieves broke into a service station operated by the Deputy Sheriff in Meadow and stole a '22 automatic. The magazine from this gun was found this morning near the Farmer's Implement Co. Comparison tests prove that it definitely belongs to the gun stolen in Meadow.

shambles. The safe had been moved from the front office into the parts room and the burglars had opened it there, using an acetylene torch belonging to the company. They moved the torch into the parts room from the shop in the back. They managed to cut through the door of the safe and in so doing exploded a tear gas bomb connected to the safe mechanism.

Apparently they managed to continue their search in spite of the tear gas, but when the company employees and owners attempted to clean up the debris it was necessary for them to obtain a gas mask from the national guard armory.

As yet no leads have been found in the crime but local authorities are making a thorough investigation and expect to locate evidence pointing to the thieves. It is assumed that the job was done by more than one man.

ALFRED GORE HOME IS BURGLARIZED

The home of Mr. and Mrs. Alfred Gore, south of Brownfield on the Seagraves Highway, was burglarized on Saturday night, March 5, between the hours of 7:30 p. m. and 9:30 p. m.

Mr. and Mrs. Gore were attending church and when they returned home they discovered that someone had been in their house.

A strong box was missing and all its contents. The box contained around a hundred dollars in cash, some \$600.00 in checks, and many valuable business and personal papers. Local authorities are working on the case.

Over 100 Attend Brotherhood Open House In Gomez

Over a hundred persons attended the open house meeting of the Brotherhood of the Gomez Baptist Church, Tuesday, March 1st. Guest speakers were: Dr. J. A. Hill former president of West Texas State Teachers College, at Canyon, now with the United Drys and Rev. C. T. Aly, pastor of the Tahoka Baptist Church. Other visitors were district president, W. A. Reddell, E. D. Hill, editor of the Tahoka paper, and A. L. Smith all of Tahoka. Roy Golden, Carl McIntyre, J. B. Hodaway, Mr. and Mrs. R. J. Rowden all from Foster Community.

Special music was rendered by a trio composed of Alton Webb, Eura Lee and Billie Ruth Burns. They sang "He is Mine." A men's quartet, composed of Garwin Smyl, Alton Webb, L. H. King, and Tom Doss also sang "Nailed to the Cross". Pie and Coffee were served during the fellowship hour.

VOTERS TO SELECT MAYOR TUESDAY

Primm, Parks On Ballot; Aldermen Vote Set April 5th

There will be a special election here next Tuesday to select a man for mayor to fill out the unexpired term of the late Tom May. This election will not however, interfere with the regular election on the first Tuesday of April, which is the fifth day of the month, for councilmen.

Only two men are up for election next Tuesday for Mayor, C. C. Primm and Hiram Parks. Both are excellent men; have done much for the city and community, and we don't believe the voter will go wrong no matter which of the men are elected.

Primm, practically reared here in Union community, has been in the drug business here for years. He has had considerable experience in city government, civic affairs and sports, a hard worker.

Mr. Hiram Parks has not been a resident here quite so long, but is a prime mover in civic affairs, and takes a great interest in city, county and state affairs. He is in the theatre business, being lessee and manager of the three theatres in the city.

Aldermen Election April 5
Coming up on the first Tuesday in April which is the 5th day, will be an election for three aldermen to fill out their own or other men's places. We understand that Jack Benton will not be a candidate for re-election. There are six men on the official ballot, as follows, as their names were filed:

Herman Chesshir, C. R. Lackey, Samuel J. Privitt, W. G. McDonald, Dr. W. A. Roberson and J. B. Knight

Let us add that you won't go wrong in electing any three of the above six men.

TOM ADAMS CAME OUT "SECOND BEST"

After winning the State Golden Gloves at Fort Worth for the second time, Tom Adams, Hardin Simmons University student had the old Jonah handled him at Chicago for the second time. Last year he got the flesh bursted on his face, and was not allowed to proceed.

This time a majority of the judges ruled him as second best, but they recommended that he be sent to New York for the National Golden Gloves contest.

Tom is the son of Mr. and Mrs. Will Adams of this city, and was born and reared in Brownfield.

CANDIDATES STANDING

Mrs. Jack Mason Gomez	65,180,000
Mrs. Mary D. (Price) Mason Brfld.	65,140,000

HERALD LIST KEEPS GROWING

Brownfield-Meadow Boys Win In Contests

Both the Brownfield and Meadow boys showed up well in the Future Farmers of America contests which were held at Lubbock last Saturday. There were 400 boys from 40 schools in the northwest Texas districts, the largest in the state.

Brownfield and Plainview FFA boys won three contest each for a tie, while Meadow shared honors with Tahoka for two each. The Meadow boys consisted of President Weldon Mason, Donald Bingham, Dan Roberts, Jessie Upton, Wendell Mason, Robert White, Herbert Hicks, Eddie Bingham and James Williams. Truett Babb served as advisor.

The Brownfield team consisted of Graham Swain, J. W. Richardson and Woodrow Bingham, James Cooper Bryce Wagner and Charles Cabiness. All team winners are eligible to later enter the State contest at Austin.

Clements New Sales Manager for Teague-Bailey Chevrolet Co.

R. J. Clements formerly of the Willis O'Donohue Motor Co. in El Paso now holds the position of Sales Manager at Teague and Bailey Chevrolet Co. Mr. Clements replaces Mr. Walter Hord, who is moving to Denver City he will operate the Hord Chevrolet Co.

Mr. Clements is no new-comer to the automobile business. He has been connected with the business since 1937.

Neither is he a newcomer to West Texas. Mr. Clements was born in Lubbock Texas and graduated from Texas Tech at Lubbock. He and his wife and daughter Sherri Sue have taken up residence at 801 East Buckley.

Contestants Balance Scales In Reaching For Valuable Prizes

By Ola Taintor

Mrs. Jack Mason of Gomez is holding that line but knows that its going to be rough and well aware of the fact that Mary Dee (Price) Mason and Mrs. Sawyer Graham are right on her heels. Mrs. Lillie McPherson has stepped up and she knows what she is after and definitely cannot be taken lightly. Alvin Stricklin isn't far behind and only needs a little time and a little more support to step out in front. That new Ford looks good to Alvin and he will be in there slugging. Mrs. Marguerite Adams of Plains may have a word to say when it comes to the awarding of the big prize, and her many friends are rooting for her. Mrs. Bill Williams of Meadow has been on the sick list and we hope to have her back with us next week. Etheline Alsop hasn't hit her stride yet but has plenty of time to make up.

Fourteen Entries Received In Youth Talent Contest

With only three days remaining until the deadline for entries in the youth talent contests to be staged March 16 in Lubbock Senior High School auditorium. At date fourteen contestants have entered.

The two top performers in the Lubbock contest will advance to compete in the regional event in Lamesa on April 1. The Lamesa winner will be given an addition with Horace Heidt when the famed bandleader tours the Southwest next fall with his nationally-broadcast "Youth Opportunity Program".

Of the fourteen so far entered, two Brownfield girls will compete. They are Patsy and Marjorie Scates, western singing duet, who are the daughters of Mr. and Mrs. Harmon Scates of Brownfield.

Fat Stock Readying For South Plains Fair

Lubbock, Mar. 1.—Entries are now being received for the Sixteenth Annual Junior Fat Stock Show, which is to be held in Lubbock during period of March 21, 22, 23, 1949.

The show which is held for 4-H Clubs and F. F. A. Chapters members of twenty-six South Plains Texas and New Mexico counties, is sponsored by the Lubbock Chamber of Commerce, Board of City Development and Panhandle Plains Fair Association.

A total of \$973.00 is offered as premiums to young livestock exhibitors, and new classes have been provided for Angus steers and Southdown lambs this year. In addition, an auction is held at the conclusion of the show, where business firms of Lubbock and the surrounding towns buy the livestock at prices well above market.

The 'Smoke-in-Bed' Habit Not So Hot—Or Is It, Sometimes?

Smoking in bed is one of the more prolific causes of fire—particularly fire which results in serious personal injury and loss of life. Those who have the habit would do well to read a list of "Instructions to Guests Preparing to Smoke in Bed" which has been posted in the rooms of a New York hotel. It says:

1. Call the office and notify the management where you wish your remains sent.
 2. Notify guests in adjoining rooms of your intention of endangering their lives, so that they may take necessary precautions to protect themselves.
 3. Go to the corridor and locate the nearest fire escape, so that if you are fortunate enough to escape your room, you may reach safety.
 4. Now sit down and think how foolish it is for you to take the risk you may enjoy your smoke while thinking it over.
- Business may be good, but we do not have guests to burn, so please—Help Us to Protect You.
- Those words cover a lethally serious problem. And what is true of hotels is equally true of the home. Remember these rules next time you feel like smoking in bed.

Send The Commies Back To Russia

You will recall a few years ago that a nationally famous commie was cured of these instincts by being deported to Russia for several months. Well, those two Russian officers who flew away from the Russian Army in order to escape Russian rule, recommends that all American commies be deported to live under the rule of the nation which they profess to love so much. This treatment would be good for commies who may live in Canyon, or be buried in the throne of New York.—Canyon News.

WHEN A GIRL GOES TO HER MOTHER—This is one of the many scenes from the Hollywood attraction, "Mom and Dad," which plays at the Hi-Ho Drive-In on Wednesday, one day only, March 16th.

Mr. Elliot Forbes, noted Hygienic Commentator, will make two appearances in conjunction

with the showing of this attraction. He will deliver his world famous lecture, "Secrets of Sensible Sex." This is the first time this attraction has been shown to mixed audiences.

Go out to the Hi-Ho early to assure yourself a place to witness this outstanding road-show.

TERMED "THREAT SYSTEM" FOR FEDERAL AID

LOCAL CONTROL OF PUBLIC SCHOOLS MENACED BY SENATE'S 'NO. 115' BILL

AUSTIN (Sp1)—Warning is sounded that Senate Bill 115 imperils local control of the schools, in an editorial in the Fort Worth Star-Telegram. Says the editorial: "As an example of the transfer of power to Austin, county boards and local trustees would be forbidden to enter into any agreement for federal aid for school lunch programs or school building construction, as they have been free to do in the past, except under such rules and regulations as might be prescribed by the central education agency."

Thus, opponents of Senate Bill 115 contend, it would permit the State Commissioner of Education at his will and pleasure, to force federal encroachment upon a community against its own wishes or to withhold federal aid entirely from a school district which wants it.

The bill would divide the State into nine districts for the election of members of the State Board and, as each district would contain one or more populous counties, the Star-Telegram declares, "This makes it likely, if not inevitable, that all the board members would be elected from the larger centers, with little chance that the smaller and rural counties ever would gain representation."

"The elections would be held in April of each year, coinciding with the election of local school trustees. Since the state board job is unremunerated and since the election would occur at a time apart from regular biennial elections, the likelihood is remote

that keen competition would develop among candidates or that great public interest would be aroused.

"This could result in only a small out-turn of voters to elect men for the highly important job of educational policy making and would give well-organized minority groups opportunity to elect the board members and thus exert great influence over the policies governing school operations."

"The new appointive commissioner of education would take office June 1, supplanting the elective State Superintendent. There is nothing that can be interpreted as a mandate from the people for abolishment of an office after the man elected to it has served only six months of a two-year term."

Opponents of Senate Bill 115 assert that the duties of the State Board of Education are highly technical, requiring years to train a member, and the terms made overlapping so a majority of the members will always be experienced but if the present appointive board is swept out, the new one would be made up entirely of untrained members.

World Beginning To Look On 'Care Bundles' As Benevolence of American; Is Great Aid

Even CARE's first food shipments arrived at Havre in May 1946 this non-profit, private relief agency has carved itself a bright and honorable and ever-widening place in communities the world over. It is a revered name to hundreds of thousands of individuals and families and orphanages in schools where its special food, blanket, wool, layette and linen packages—generously contributed by the American People—have meant the difference between health and sickness. Supported by twenty-six relief, religious, cooperative and labor organization and approved by the United States and European governments, CARE has come to be identified with the best traditions in American life—the will to help the needy, fulfilled by direct action.

Now CARE has added a new package to its growing list—one that literally goes to the roots of self-help, which is the best kind of relief. It is a seed package, containing twenty eight varieties or more than three pounds of tested vegetable seed, ranging (alphabetically) from beets and beans to turnips. Designed to give the greatest possible yields, the package will grow hundreds of pounds of vegetables—if they arrive in Europe in time for spring planting—or enough to feed a family of eight.

A special package, designed for Italy only, contains twenty pounds of hybrid seed corn. Planned by agricultural experts and approved by the United States Department of Agriculture, the seed package has remarkable possibilities.

Since the seeds must be in the ground by March for southern Europe and by early April for

northern Europe, immediate action is indicated. They can be ordered for all of Austria, Belgium, Italy, France, Greece, Poland, western Germany and all of Berlin. CARE points out that orders cannot be accepted after April 15. For \$4 delivery guaranteed, the "seed package" can give Europe "the green light". To switch it on, checks should be made out to CARE, mailed to 50 Broad Street, New York 4.—New York Times.

Tech Has 'David Story' Memorial Scholarship

LUBBOCK, March 1.—A new scholarship, the David C. Storey Memorial, has been established at Texas Technological college this year, and will be in effect at the close of the current semester.

Founders of the scholarship, Mr. and Mrs. W. D. T. Storey of Littlefield, specify the award of \$50 each semester is to be given the male student who in his junior year letters in tennis, has a 2 point or B average, and has proved himself a campus leader.

The fund has been set up in memory of their son, David who was graduated with a BS degree in agriculture from Texas Tech in 1943. He was a varsity tennis player, winner of a Double T, and was an outstanding student leader during his college career.

Pfc. David Storey was killed Feb. 26, 1945, in combat in the European theater.

Mr. and Mrs. Sammy Jones of Lubbock spent the week-end in the homes of their parents Mr. and Mrs. A. F. Dungan and Mr. and Mrs. W. T. Howze.

Dog Lover Writes Letter to 'Murderer'

I'm writing this to the murderer of my best friend, my dog, Huskie. Murderer is what I said, a low-down hit-and-run driver. Huskie was not a human but he was more human than the person who murdered him.

Huskie was run down by a kill-crazy speed demon, one who uses North Third as a race track. Huskie was given me when he was only a few weeks old and I grew very attached to him. He was a real Alaskan huskie, a dog of great beauty. His fur was a light chocolate with a touch of black down the middle of his back. He was built with good muscles, but now he is just a small, limp form—buried in peace in my back yard.

Mr. Murderer, if you knew him as I did—but I don't think one of your caliber would understand.

That dog was my happiness and my joy. I work long hours but he was always waiting for me. No matter what time of day or night. He ate and slept with me. Funny, he always slept on his back and snored like a human.

Some day, Mr. Murderer, you may understand the grief and lost emptiness I feel in my heart. The next time you feel like a speed demon, take it easy, for it may not be "just a dog", as you would say. It may be a child even your own child. C. J. Blick, 1334 North Third.—Salina Kans., Journal.

Mrs. L. D. Bailey and Mr. L. M. Pace were visitors in Lubbock Monday.

Now's The Time To Buy Good Seed

LUBBOCK, March 3—Now is the best time for farmers to buy or engaged seed for planting this year's crops, Dr. A. W. Young, head of the plant industry department at Texas Technological College advises.

By making arrangements now for this year's crop, farmers can be assured of a bigger selection and a chance at the best seed available, Dr. Young said.

Seed selected should be based on high quality, high germination rate and free from undesirable

weed seed. There is time yet to be "choosy," he suggested.

Those farmers planning to sow should have germination tests made immediately so if their seed is not the most desirable, they will have time to make other arrangements.

Germination tests are made at the State Seed laboratory in Austin, and at many of the grain exchanges in larger towns, Dr. Young said.

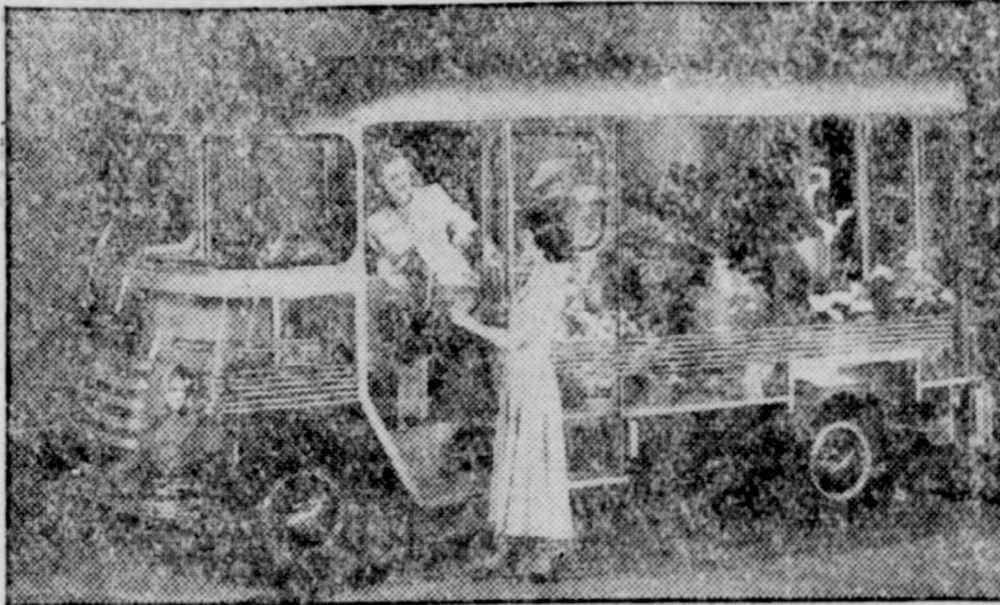

Another precaution concerning early seed purchase mentioned by Dr. Young is "buy enough to replant in case reseeding should become necessary."

Miss Curie, Publisher To Lecture At Tech

LUBBOCK, March 1—Eve Curie, author, newspaper publisher and lecturer, will be presented at Texas Technological college March 24 on the college recreational program.

Dean James G. Allen, director of the recreation programs, said Miss Curie is scheduled as the first speaker this semester on the recreation schedule. She is replacing Bennet Cerf who cancelled a previous personal appearance engagement.

Stars In Truck Shows

Created especially for display purposes, this strikingly beautiful vehicle is the hit of truck shows throughout the country. The unusual unit has a Plexiglas body mounted on a Chevrolet Forward-Control Cutaway Chassis showing the moving parts of the engine and is pictured here with a cargo of flowers and attractive Pat Matheson and Kathleen Doran. Forward-Control model trucks are used extensively by department stores, bakeries, florists, cleaners and other establishments in the delivery of many kinds of packaged goods.

Pontiac Division Expanding Fast

When the first automobile was built in what is now the Pontiac Motor Division, the plant measured 50,000 square feet, smaller than many Pontiac dealers today. As the division prepares to complete its three millionth car this week, the plant now measures approximately 5,000,000 square ft. or 100 times its original size.

Similarly, the number of employees has increased from approximately a dozen carriage makers to about 12,000 workers embracing hundreds of skills. During the same period the City of Pontiac has grown from a quiet village to a bustling industrial center of more than 75,000 persons.

Rail Shipments Of Fruits and Vegetables

AUSTIN, March 1—Rail shipments of fruits and vegetables in Texas rose 44 per cent from December to 8,852 carloads in January, the University of Texas Bureau of Business Research reported.

A VA will furnish you with no tools or farm equipment since these are articles with which the farm must be equipped to meet the provisions of the law. However, books and incidental supplies required for classroom work will be furnished you.

Stepped up shipments of broccoli, cabbage, carrots, lettuce, mixed vegetables, and grapefruit gave impetus to the increase over December levels.

Movements of lettuce, carrots, and beets gained over the 12 month period, while rail shipments of other fruits and vegetables declined from January 1948 figures.

G I QUESTIONS AND ANSWERS

Q I served more than 3 years in the U. S. Army during World War II. I now wish to take institutional on farm training and would like to know how much training I will be permitted to take?

A An institutional on-farm training course may be as long as, but no longer than, is necessary to meet your individual training need or until you have exhausted your four-year period of eligibility.

Q Do I have to meet any set standard if I am taking an on-farm training course?

A Yes. Once you start training, it is your responsibility to meet the standards of progress set by the institution in which you are enrolled. If you fail, your benefits will be discontinued.

Q What farming tools and implements do I get while I am taking an on-farm training course under the GI Bill?

A VA will furnish you with no tools or farm equipment since these are articles with which the farm must be equipped to meet the provisions of the law. However, books and incidental supplies required for classroom work will be furnished you.

Q I am a veteran of World War II. What is the latest date on which I can start on-farm training under the GI Bill?

A You may commence training within four years from July 25, 1947, or within four years from your discharge or separation from service whichever is later.

Corporation Charters Report In January

AUSTIN, March 1—Charters were granted to 236 businesses in Texas with a capitalization of \$7,080,000 in January 1949, the University of Texas Bureau of Business Research reported.

This compares with 273 charters issued in December and 398 in January 1948.

Merchandising establishments received the greatest number of charters in January—81; real estate, 42; manufacturing, 32; and construction, 22.

Firms with \$5,000 to \$100,000 capitalization were most numerous in January.

Advertising Linage Upped In 1949

AUSTIN, March 1—Newspaper advertising lineage for January 1949 rose 7 per cent over year-earlier levels, reports from 30 Texas newspapers to the University of Texas Bureau of Business Research showed.

In comparison with the previous month, newspaper lineage fell 23 per cent to 24,442,601 lines in January 1949.

Backs Farmers

J. T. Sanders, legislative counsel for the National Grange, tells the Senate Labor Committee that the Democrats are giving too much credit to labor's part in the 1948 election. Sanders said the farmers played fully as decisive a role as did any other group.

The Ref Packs a Punch

Jack Dempsey, former world's heavyweight boxing champ, cocks a mean-looking right as the Golden Terror makes menacing advances during a dispute over a ruling in wrestling matches at Atlanta, Ga. Referee Dempsey, who used to put able-bodied men away with the gloves, knows how to take care of himself among the groaners.

SLUR OF WAR HERO BRINGS ATTENTION TO SENATE BILL; AUTHOR IS CRITICIZED

AUSTIN March 1—Citizens over the State are asking, what is Senate Bill 115 that is being pushed and rushed in such a fashion that an innocent bystander, even though he is America's most decorated soldier of World War II, is not immune from attack?

The soldier, Audie Murphy, is a Texan, noted for his work on behalf of boys who haven't had a chance and he was to make a short address to the House of Representatives, the other day. At a suggestion that Senators go over and hear the speech, Senator James "Ivan" objected and said, "I've seen men buried who deserved more medals than Audie Murphy."

Senate Bill 115, of which Taylor is the author, was before the Senate at the time. Two days later, he apologized for his remark.

Taylor's bill proposed a radical revision of the State's central educational organization by sweeping out of office the present State Board of Education and also putting out State Superintendent L. A. Woods when he has served only a few months of the two-year term to which the people elected him.

This bill does not involve the plans for increased opportunities for school children nor more pay for teachers. There was already considerable opposition to Senate Bill 115, among those who had taken occasion to study it and since the Audie Murphy incident has focused attention on the measure, the opposition has greatly increased.

One thing that causes the hair to turn gray is a deficiency of vitamin B, says a physician. Another thing is old age.

A giant sign in Moscow says, "Buy Soviet Champagne." There's a choice?

Why Food Handlers Have Their Schools

AUSTIN March 1—In a vigorous campaign to elevate the State health level by preventing the spread of communicable diseases which might be transmitted by foods, the State Department of Health is conducting training schools for food handlers in all sections of Texas, according to Dr. Geo. W. Cox, State Health Officer. Food handlers are being instructed in sanitary methods of preparing, handling, and serving food for public consumption, Dr. Cox said. "Actual experience has shown that unsanitary eating establishments are one of the sure ways of spreading infection. The lack of proper sanitation in food handling is a definite menace to public health and our goal is the education of cooks, waiters, butchers, bakers, fountain men, and all other food handlers to such a level as will insure an elimination of this health hazard."

The training schools consist of elementary course in bacteriology, communicable disease, medical zoology, foods, disinfection, sterilization, personal hygiene, and sanitation.

Since the program was instituted about 8 years ago, more than 90 schools have been conducted, with a total of over 25,000 food handlers receiving their certificates of completion in the courses.

Arrangements for such a food school can be made through any county health unit, by requesting the service from the Division of Health Education, State Department of Health, Austin, Texas.

Economic Highlights

Happening That Affect the Dinner Pails Dividend checks and Tax Bills of Every Individual National and International Problems Inseparable From Local Welfare.

The attention of many members of Congress seems to be wavering from Mr. Truman's longrange legislative program, and turning to the immediate problem of just what current declines in prices, employment and business activity mean.

Some of the drop can be attributed to seasonal factors. But that doesn't account for all of it by quite a ways. Congress wants to get a clearer idea of what is going on before it does much law making.

The House-Senate Economic Committee recently called in a number of leading economists and asked for their opinions and advice. As was to be expected, there were many differences. But the majority of these experts were agreed that we have passed the peak of inflation, and that a leveling off period is now at hand. However, there was little talk to the effect that a severe recession is imminent.

One of them, representing a large life insurance company, anticipated a long period of good times, though he added that the buyers' market is back on the consumer will have to be induced to buy. Another, from a publishing house which issues magazines dealing with industrial questions, said he doesn't fear that a serious downturn is coming, and warned against raising taxes. The economist for a steel company argued that a big backlog of demand, left over from the war days, is still in evidence, and was optimistic as to the future. A pessimistic note was struck by the economist from a national research organization, who was none too sure that we have an easy road ahead.

The point on which most agreed was that there should be no tax increases, either on business or on individual. The reason: these burdens, they think, might prove to be sufficient to turn a moderate and temporary decline in business activity into a real recession. The President has said that nothing that has happened has changed his view on the tax problem, and Congress should approve his proposal for raising \$4,000,000,000 through new taxes. But there are many grave doubts among members of both parties.

Sentiment is increasing for making up possible budget deficits by reducing the cost of government. The Hoover Commission reports, which have been issued so far, have shown up serious waste which could be eliminated without touching any essential function. Duplication of bureaus, archaic procedures, the abuse of patronage—these are old vices which the Commission hopes may be cured. Mr. Hoover's idea is that the President should have far greater direct powers over the machinery of the government. It is not likely that all of the recommendations will be approved. But a start will be made.

A Spin Around The Area Sunday

As it has been some months since we had seen Seminole and area we decided to drive down there Sunday afternoon. In fact the warm, balmy afternoon partly decided us. It had not been but a few weeks since we had seen Seagraves, but several months since we had been in the Gaines county capitol. The we was the Old He and wife.

Seminole is making rapid strides in growth, much of it in a substantial way, but like many towns of this section particularly, it is stretching up and down the main highways, while property around the square seems to go begging. We have an idea that some of the owners have put stilted prices on their near-in property, and prospective builders have found what they wanted a bit further out.

We imagine that there is a way to kinder put a little fire under such owners, who have jacked up their prices, and refuse to improve the property themselves. Just hike the taxes quite a bit on vacant property. They won't pay it many years until they get a notion to sell at a reasonable price. This could be a three way game too; city, school and county-state taxes.

Seminole has nice residential section lying between highways 180 and 51. The only thing that would add to this residential section would be a lot more paying. Many of the owners are beautifying their premises. Tried to find the Ed Aryan residence, but had forgotten just where it was located, and property owners near where we thought they were located, said they didn't know.

Hence on to Denver City. Found that the Seminole pool is stretching out along the highway north-west much further than the last time we were over the road. Stopped at DC for a coke and some gas and on north to where the FM road to Wellman intersects with the Plains road; out the FM road some five miles, and decided on cutting across north on another F-M road from Bennett to an intersection with the Plains-Brownfield road.

This was our first trip over that road, and if we were not mistaken, we picked out the approximate well that was the first oil well brought in over in Yoakum county. At least there were several wells in a depression, and that was where we believe original well was brought in about 1934. Breezing along this highway toward home, we decided to turn off on another F-M road over to Johnson and visit a few moments with the Bernard Lays, who run the store there. Found there was other kin ahead of us, Mrs. Lay's brother, Elmer Roberts and wife of Seagraves. Got another drink, free this time.

After some gab with the kin and kin as well as some customers in the store, we were about ready to blow into town. Not, however before Lay and the Old He took up a loan proposition with Roberts. He has sold out his Sinclair oil agency and is now cashier of the Seagraves State Bank. We got little encouragement from Elmer. Indeed he informed us that it took a smart man to keep from making a loan.

So, home and to an engagement with the Sunday papers.

General Motors Sends Interesting Pamphlet

C. E. Ross, Pontiac dealer as well as agent for GMC trucks, had General Motors mail the Herald a little pamphlet, which we received considerable pleasure in reading. The booklet tells how GMC engineers and scientists are engaged to make their products even better and find new ones.

The title of the little booklet is "The Search That Never Ends." These men with a huge laboratory are working feverishly to find new and better appliances as well as motors that will be beneficial to humanity, and make conditions in our nation better.

Mr. Ross is the Public Relations Chairman for Brownfield, but the other dealers, Chevrolet, Oldsmobile, Buick and Cadillac, as well as dealer in GM Frigidaires and electric appliances, are co-operating with him.

Body Of San Angelo Man Brought Here For Burial

George S. Hunt, age 75, died Sunday, March 6, at 8:55 p. m. at his home in San Angelo. Mrs. Hunt is the former Miss Annie Hamilton, one-time Brownfield resident.

Funeral services were held Tuesday morning, March 8, in San Angelo and the body was brought overland to Brownfield for burial in the Terry County Memorial Cemetery Tuesday afternoon. The Brownfield Funeral Home was in charge of interment.

Mr. Hunt is survived by his wife and two brothers and two sisters.

Mrs. Hunt in Accident Returning to Angelo

Mrs. George S. Hunt, of San Angelo, whose husband was buried here Tuesday, March 8, was seriously injured while returning to San Angelo Tuesday after the burial. Other occupants of the car also injured were: Mr. Zuma Burke, of San Angelo, who was driving, and Mrs. Bill Mayo, also of San Angelo. Mrs. Mayo was hospitalized in Big Spring, and Mr. Burke and Mrs. Hunt were carried back to Brownfield by the Brownfield Funeral Home Ambulance. All three suffered serious injuries. Mrs. Hunt is being treated for severe cuts and a broken leg.

The automobile, driven by Mr. Burke, collided with a cattle truck about 12 miles south of Big Spring on the San Angelo highway. Mrs. Hunt's car was totally wrecked and the cattle truck, owned by a trucking company in San Antonio, was slightly damaged.

Jack Benton Sees The Grand Ole Opry

Jack Benton returned last week from Nashville, Tenn., where he attended an agents meeting of the National Life and Accident Insurance Company. Jack is a native west Texan, and that country is so very different from this that he stated he really got a thrill out of his visit back there, and he reports a great time in general.

By the way, radio station WSM, that carried the Grand Ole Opry every Saturday night, belongs to the above Insurance company, and of course all the visiting agents from Texas and many other states were given a pass to the show from 8 to 12 midnight, or as long as they wished to stay.

Jack stated that he had listened at this radio musical program many times, but that a person misses much if they never see it put on.

MOTOR VEHICLES MUST BE REGISTERED BY LAST OF MONTH

Those calling at the Tax Collectors office for car registration are requested to please bring in certificate of title and last years registration receipt. Herbert Chesshir, tax collector for Terry county makes this request and wants to remind all car owners that the deadline for registration is April 1st.

Those who remember to bring the necessary data with them will avoid wait in the office and greatly convenience the tax office workers.

City Barber Shop Gutted By Fire

Fire broke out in the City Barber Shop operated by L. A. Blair and located in a building owned by Mrs. R. L. Bowers, about 6:15 P. M. on Monday, March 7. The boy who cleans up the shop after closing hours had used gasoline in cleaning the lavatory, and his companion accidentally dropped a match in the gasoline.

Fire immediately blazed and spread when the boys attempted to stop it by using water. Fireman arrived and soon had the blaze under control. Only the interior of the building was damaged. No estimate has been made of the total loss.

MRS. REDFORD ENTERTAINS ON SON'S BIRTHDAY

Mrs. Terry Redford was hostess at a birthday party on March 7 at her home in Meadow celebrating her son, Tommy's, second birthday. Ice cream and oranges were served. Decorations were in an Easter theme. Tops and bubble gum were used as plate favors.

The following guests attended: Mark Turbow, Ronnie Hunt, Dave McCutcheon, LaWana Mc Elroy, Bennie Hester, D. L. Swafford, Terre Sue Redford and Tommy. Children's games were played.

KIRSCHNERS ATTEND EASTERN MARKETS

Mr. and Mrs. Sam Kirschner, owners and operators of the Brownfield Bargain Center, have been away during the past month visiting the markets in Kansas City, St. Louis, Chicago, Philadelphia and New York.

They are purchasing a wide variety of spring and summer stock for the Brownfield Bargain Center and for a new store they are opening in Plainview.

MRS. PRIMM HOSTESS TO PLEASURE CLUB

Mrs. C. C. Primm entertained the Pleasure Club at her home on Wednesday night, March 9. Mrs. Lee Brownfield and Mrs. Joe Shelton won high and second high. Mrs. John L. Cruce won bingo.

Moulded salad, toasted ham sandwiches and date cake were served to the following: Mmes. Jack Hamilton, Buell Price, Clyde Truly, R. R. Swanke, John L. Cruce, Lee Brownfield, George Germany, Tom Harris, Joe Shelton, Paul Bish, J. T. Bowman, and Edwin Sturges.

Bayless Jewelry Plans To Open in New Location March 19

Jim Bayless, owner and operator of the Bayless Jewelry, informs us that he hopes to have his official opening in his new location on March 19. His present location is at 418-A West Main, and he will move three doors east to 414 West Main.

The new quarters to be occupied by Bayless Jewelry offer three times the present space. Mr. Bayless is remodeling the building and constructing a modern jewelry store front with a great deal of display space.

The interior will be lined with Celestex, tile flooring will be laid and an entirely new lighting system installed. The new location will provide room for twice as many show cases. The stock will be increased to afford a much wider selection. Bayless Jewelry will be the official and exclusive agents for Gruen Watches.

Mr. Bayless hopes that with the greatly increased stock, and completely new and modern location he will have one of the most modern jewelry stores in West Texas.

Dial System Installed At Ropes and Meadow

The Southwestern Associated Telephone Co. has installed dial phones at both Ropesville and Meadow. These phones will be operated out of the Brownfield office. With the installation of the dial system the number of phones in both communities was doubled. The system was put into use around the 28th of February.

The Brownfield office has added several new circuits. One new circuit has been added to Tahoka, and two to Levelland. One has also been added to Lubbock, making the total number of circuits to Lubbock nine.

Twenty operators are now employed on the Brownfield staff, and several more will be added to take care of the addition work involved in handling the two dial systems.

HOSPITAL NEWS

The following patients have been hospitalized in the Treadaway-Daniell Hospital during the past week.

Medical: Mr. L. L. Blackstock, Mrs. Treadaway, Sr., Mrs. R. E. Durham, Mrs. M. C. Jones, Johnnie Doyle Rayburn, J. C. Day, and Mr. C. P. Buchanan.

Surgical: Mr. L. A. Agnew, Mrs. W. F. Rummels, Mrs. Richard Meil, Mr. Harmon Howze, Mrs. A. C. Camper, Mrs. E. D. Ballard, Mrs. C. W. Combs, Miss Opal Fitzgerald.

Obstetrics: Mrs. Ed Elliot, Mrs. R. R. Culbert, Mrs. J. F. Hamilton.

Purchase of Rodeo Grounds Cancelled

It has definitely been decided by the Jaycees not to purchase a new site for the rodeo grounds. High prices have been found to be prohibitive.

The present site west of town will be greatly improved and expanded. Permanent bleachers will be installed and any further additions necessary to make the grounds completely adequate will be made.

The Stock Show committee met Monday afternoon, March 7, and made tentative plans for the show to be held on April 9. Thirty or thirty-five fattened calves will be shown.

MR. AND MRS. JOHN A. BOST PARENT OF SON

Mr. and Mrs. John A. Bost are the proud parents of a son, Robert Mitchell Bost, born Monday, Feb. 28 at the Treadaway-Daniell Hospital. Young Robert weighed 8 lbs. 14 oz. at birth.

Cpl. Cecil B. Brown's Body to Be Returned

Mr. and Mrs. W. H. Brown of 312 North Second Street have received word that the body of their son, Cpl. Cecil B. (Pete) Brown is being returned to Brownfield for reburial, from Margraten, Holland.

Cpl. Brown was serving in Germany as a first gunner on a tank in Co. C, 740th Tank Battalion, 3rd Army on April 13, 1945, when he was killed just west of Aachen, Germany and buried in the American cemetery at Margraten.

After entering the army Feb. 27, 1943, he trained at Fort Knox, Ky, and went overseas July 27, 1944.

Brownfield had been Cecil's home since early childhood. His education was obtained here, graduating from Brownfield High School in 1938.

Many people of Brownfield will remember Cecil as "Little Pete Brown", star back on the Cub team in 1937 and 1938. Pete's teammates will remember him for his sense of fair play and his loyalty. He was loved not only by the fans who cheered him on, but by those who shared his victories and defeats on the team. He never criticized a fellow player because of a misplay.

Brown is survived by his parents, three sisters, Mrs. Glen Mason, Mrs. Willie Hyman and Mrs. B. C. Briscoe, all of Brownfield, and three brothers, W. H. Brown, Jr., of Sundown, L. K. Brown of Brownfield, and M. B. Brown of Dallas.

Don't forget the Delphian Study Club benefit bridge and "42" party this afternoon at the country club at 2:00 p. m.

School Trustee Election April 2

Virgil Burnett, who terms himself general flunky for the Brownfield school district, in addition to his duties as assessor-collector, was in this week and stated that the Brownfield school trustee election will come up April 2nd. That will be on Saturday.

He stated that March 23 will be last day in which those who wish to run for trustee, can file. He said that he would be at the office all day the 23rd, during regular office hours, or could be contacted by phone up until any reasonable hour that day.

Virgil stated that he considered that they had a very good tax collection in the district this past collecting season, especially considering the poor crop. He stated that 92 percent of the taxes had been collected to date.

Tech Engineers' Show April 22-23

LUBBOCK, March 3—Preparations for the seventeenth Engineers' show at Texas Tech. college a high point in each school year since 1932, have started in the engineering departments.

The exhibits which are open to the public and annually attract a crowd of several thousands are scheduled for April 22-23 this year.

Student chairman include the following senior engineering students: General staff, Francis E. Miller of Sudan, general chairman; Riley Carlton, Alton Kendrick and Bill Wright of Lubbock, and Andrew Willingham of Rotan.

Departmental managers, Rex Brown of Tulsa, electrical engineering; Bill Millican, Slaton, civil; A. J. Smith, industrial, Bob Martin, mechanical, and Gardner Pittman, geology and petroleum, all of Lubbock; Gene Woods of Wichita Falls, chemical; William Riley of Fort Worth, architecture; Griff Neumeier of Hallettsville, textile; Lee McDuff of Crosbyton, geology and petroleum; Cecil Wise, Highlands, military science, and Derwood Amonett of Petersburg, physics.

James Stewart of Lubbock and Dick Wolf of San Antonio, both juniors, are serving on the general staff this year as they will become manager and publicity director of next year's show.

Lima, Peru, was founded by Pizarro more than 400 years ago.

Low Down From Hickory Grove

You know, you head down Main Street and talk to different ones you meet, you won't talk long until you get around to what in the heck we are coming to, if the Govt. don't stop its antics of buttin' in on everything, and go back to just oeing the umpire and seeing to it that the game is run square-- and our U.S.A. is where freedom rings.

But while good citizens relieve their blood pressure and pop-off local, they don't go on down to the telegraph office or postoffice and tell the new man they just shipped off to Congress. This new guy is most likely a nice kind of person, too--and would like ideas.

And as a first suggestion and sample--take the closed shop. Where are we coming out if each State cannot run its own affairs about labor. The Head Man there in the Labor Dept. in Wash., says let him run the shebang. Sisters and brothers, if you want to see your right to work where you choose go glimmering, just be quite--don't write--say nothing.

From old St Jo to the Chesapeake and from Mobile and Seattle to Utah and back, mamma and pappa better start scribblin' or their off-shoot, when he grows up, is in for some hard sledding.

Your with the low down

Rehabilitation of Amputees Aided by U.N.

Philippine amputees learn to use their new artificial limb by working in the garden of their hospital. This occupational therapy program was designed with the help of a United Nations consultant, who served in the Philippines under the United Nations international social service program, which is being expanded during 1949.

German Jokes Hit Occupation Powers

BERLIN—(AP)—More than one hundred miles behind the iron curtain, but protected by western occupying powers, survives a likely anti-Communist press which enjoys printing political jokes about the Russians and their satellites.

They call them "fluesterwitz" (whispered jokes)—whispered because of police state fears.

These newspapers also make jokes about the western powers, but nobody seems to mind them. In fact, frequently American here go around repeating witty cracks made about them by German cafe entertainers.

The weekly "Berliner Post" recently printed a collection of "fluesterwitz".

From Yugoslavia: Marshal Tito and his right hand man, Kardej, were on an inspection flight. As their plane soared over Belgrade 'to looked out and remarked: 'wish I had a box of candies now 'd toss them out and would certainly spread joy among those playing children.' Kardej's glance rested upon a group of young adies down below. He yearned: 'wish I had a box of nylon stockings. If I tossed those down I'd certainly make the girls happy.' But the pilot muttered to himself: 'Jove if could just throw these fellows out I'd make the entire Yugoslav people happy.'

The Army's Communist spy ring story from Japan has been called a public relations "faux pas." Congressional investigators will probably now paw through the case to find out what for.

The British Army Journal says, "The best defense against the atomic bomb is not to be there when it goes off." In other words, to remain conspicuous, your best bet is absence.

Veterans Affairs Service School

Austin, March 4, 1949.—The Veterans Affairs Commission of Texas announced today that it will hold a Service Officers School at Lubbock, Texas on Monday and Tuesday March 21-22, 1949 in the American Legion Home.

This school will be for all county Service Officers and Veterans Organizations Post and Chapter Service Officers within a radius of approximately seventy-five to one hundred miles of Lubbock. All persons interested in veterans affairs are cordially invited.

This is the second of a series of schools being held by the Veterans Commission throughout Texas, the first of the series having been held last winter and spring. The purpose, to stress instruction on insurance, education, deceased and living veterans benefits, hospitalization, out-patient treatment, state law, and new laws passed by the 80th Congress relating to veterans and their dependents.

Mr. Harry E. Rather, Education Director of the Commission, will conduct the school and will be assisted by representatives of the various veterans' organizations of Texas, the Federal and State Agencies and the Veterans Administration.

Shelburne In Fifth Armored Division

Recruit Jesse L. Shelburne son of Mrs. Ben F. Lee Brownfield, Texas, has been assigned to the Fifth Armored Division for eight weeks of basic training.

Reactivated July 6, 1948 the Fifth Armored "Victory" division hung up a brilliant war record in six European campaigns during World War II. Before the end of 1949 Camp Chaffee is expected to have 20,000 troops, making it the largest Army Training Center in the nation.

Before entering the Army, Recruit Shelburne was employed by small bands, as a musician. He is now assigned to company "A" 47th Armored Inf. Bn.

Saving Bonds 14 Years Old

U. S. Savings Bonds were 14 years old March the 4th.

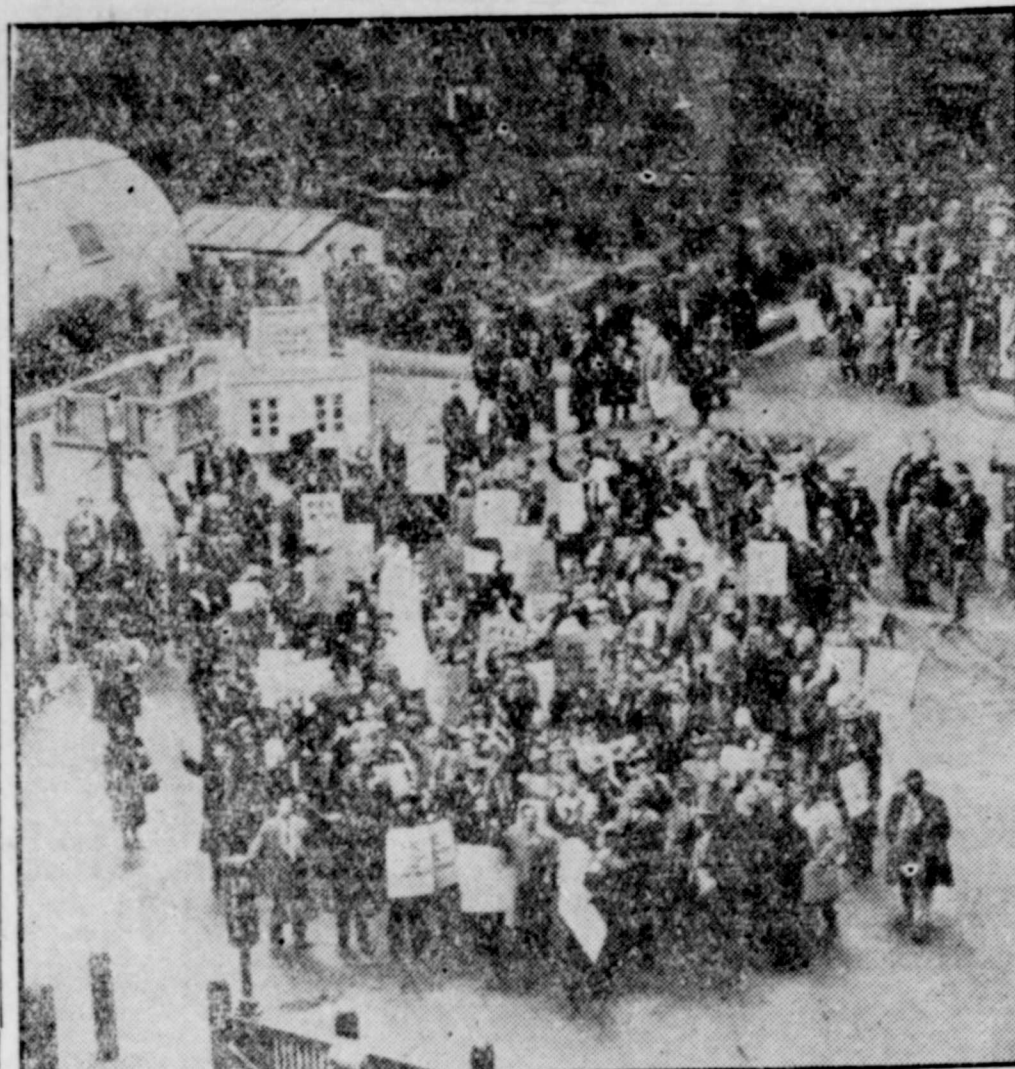

The first of these securities—then popularly known as "Baby Bonds"—was issued by the Treasury Department on March 1, 1935.

Since then more than 80 Million citizens have bought more than one billion bonds, worth \$83 billion. Today they still own \$55 billion worth of these bonds, or 66 percent of all that have been sold.

In citing these figures, Harry Owens of Dallas, State Director for Savings Bonds, recalled that the securities have been known by several popular names, varying since 1935 to meet changing circumstances caused by national and world events.

"When first issued they obtained the name of Baby Bonds from the fact that they were smaller in size and were available in lower denominations than other government securities," he said.

Philly Transit Workers Strike

Pickets hold a mass meeting in the courtyard of City Hall, Philadelphia, as union leaders and transport company officials attempt to settle their strike. The walkout paralyzed service on 110 trolley, bus, subway and elevated lines, and effectively grounded 2,000,000 residents of the City of Brotherly Love.

Health Unit Reports Some Cases Jaundice

Endemic-Acute Catarrhal Jaundice (Infectious Hepatitis) cases have been reported to Dr. Frank P. Miller, Director of the South Plains Health Unit.

The disease appears 21 to 35 days after exposure to the virus agent. The usual entrance by stomach, intestinal tract. The infection is not limited to any particular age groups. The past history of this disease occurred most commonly in rural areas and from institutions during fall and winter months.

The usual symptoms are fever, tired out feeling, headache, chills sensation, loss of appetite, nausea and vomiting, which symptoms appear three to five days prior to the appearance of jaundice.

Individuals having this disease should be isolated from others for the period of one to two weeks. All sanitary precautions should be taken to prevent the infection spreading to others. Bed rest should be taken until the jaundice disappears. Call your family physician early for the proper treatment.

Local Student In N. M. School Fraternity

Nine students at Eastern New Mexico College, Portales, have been made members of Tau Kappa Tau social fraternity following their period of pledging, according to Keith Creamer, Dora, president.

Those becoming members include Bill Lewis, Brownfield, Tex. freshman; Vic Herring, Brownfield, Texas, Sophomore; John Adams, Lovington, freshman; Johnny Ray, Lovington, junior; W. H. Graham, Jr., Farewell, Tex. Bob Kerby, Sundown, Texas, freshman; Bob Herron, Quay, freshman; Clyde Snow, Roswell, junior; and Norman Duncan, Muleshoe.

Two Boys Sentenced In Brownfield Court

Two boys, aged 14 and 16, were apprehended March 8th by the Sheriff's department for the theft of several guns and varied jewelry. The boys confessed to burglarizing six different homes and had in their possession four or five guns, three watches and other jewelry items.

They were tried and sentenced in Judge Homer Winston's Juvenile court, Thursday morning, March 10. The youngest was paroled to the care of his mother, and the older will leave for the P. Y's Training School in Gatesville Friday morning.

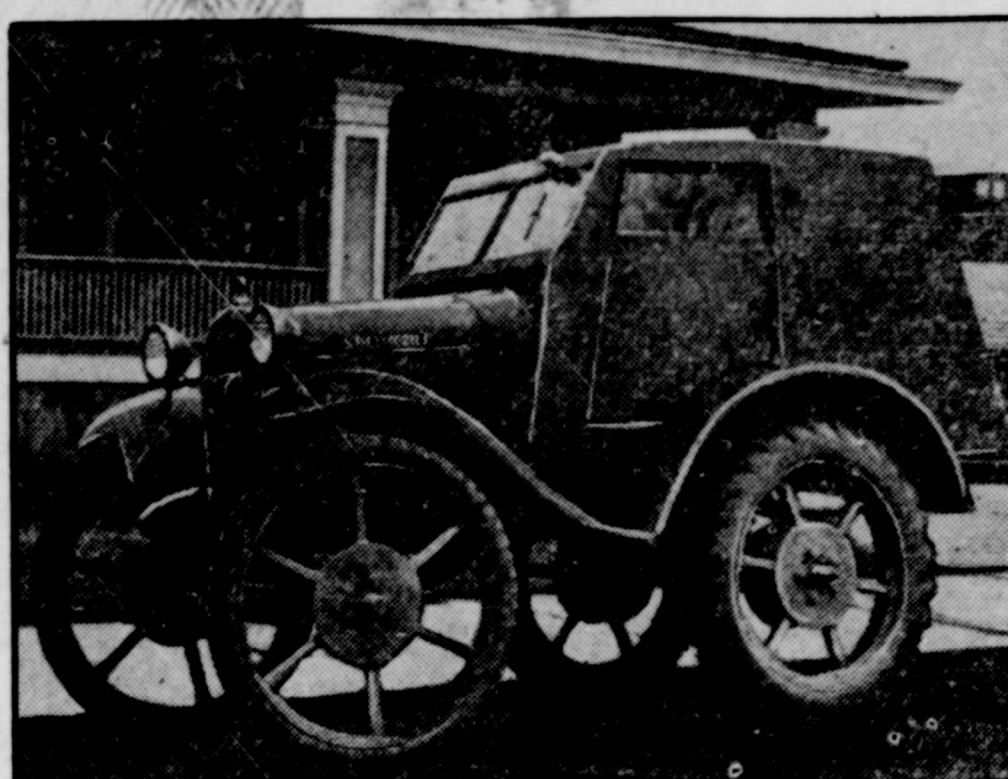

Get better commercial printing at the Herald.

Mr. and Mrs. C. M. Green of near Brownfield visited in the C. D. Parker home Sunday.

Rev. J. W. Arnett, district missionary of the Big Spring area, is to do the preaching in the revival at the Johnson Baptist church that is to begin March 20. Everyone is welcome to attend these services.

BROWNFIELD WOMEN ENTERTAINED IN LAMESA

Mrs. Martin Kirschner of Lamesa, a former Brownfield resident, was hostess at a luncheon on Thursday, March 10, at which time she entertained several local women.

The following were guests: Mmes. Jerry Kirschner, George Schwartz, Chad Tarpley, Prentice Walker, Sam Privitt, and Jack Shirley.

St. Clair's Open After Remodeling Store

Mr. L. G. Grimm, manager of St. Clair's Variety Store, is announcing in this issue of the paper the reopening of the store Saturday, March 12.

St. Clair's is owned by Mr. Irwin St. Clair of Muleshoe. Mr. St. Clair owns and operates stores in Andrews, Morton and Muleshoe. He is an old timer in the department and variety store business, and has operated the one in Brownfield for a good many years.

Mr. Grimm showed us with pride the improvements that have been made on the store. The store space now measures 25 by 140 feet, twice the former size. The entire interior has been repainted and all new fixtures have been installed. The whole store has been modernized. New show cases of blond modern construction have been installed throughout, and indirect lighting has been added. The amount of stock has been almost doubled. St. Clair's should now be one of the most modern variety stores in West Texas.

Mr. Grimm invites all his old and new friends and customers to come in Saturday for the official opening.

Homer Nelson Upped And Moved Back

Went over to the P-W store Wednesday morning, to get a coke and who should we run into in there shopping for household groceries. No other than Homer Nelson, late of Prescott, Ark.

Says we to him, who are you buying groceries for away out here? For myself, sez he. Moved back better than a week ago. Homer always keeps his home here as well as at Prescott. Mighty convenient.

Homer says the winter back there was nothing like as rough as here, or even as bad as it was there last winter.

Mrs. George Schwartz, mother of Mrs. Jerry Kirschner, is visiting here from Oklahoma city, Okla.

Country Club Auxiliary Advances Spanish Fiesta Plan

LUNCHEON PROGRAM TOUCHES ON PLANS TO FURTHER FIESTA

The Women's Auxiliary of the Brownfield Country Club held their monthly luncheon meeting at the club house on Wednesday, March 9.

The president opened the business meeting telling the group about plans for a birthday luncheon to be held at the club house on April 13. Members who have birthdays in each of the twelve months will be seated together at twelve tables decorated appropriately for each month. The plans were approved.

Mrs. Chad Tarpley, chairman of the shurbery committee reported on the progress they have made. Nineteen trees have been planted at a picnic sight south of the club house and definite arrangements have been made for the landscaping of the club house. Mr. C. E. Ross has donated sufficient rock for the construction of a out-door fireplace.

A wishing candle was contributed by Mrs. Hiram Parks that will be used in the club house. All money taken through this plan will go to the Women's Auxiliary.

Final plans were presented for the Spanish Fiesta to be held on March 24 and 25. Tickets were distributed to the club members and will go on sale immediately. The program was presented to the group and from all indications will be as good or better than the thoroughly enjoyable Gay Nineties show of last year. Tickets will be at a premium and the public is advised to get their's early.

Mrs. O. G. Cheek of Hobbs N. Mex. is spending the week with her parents Mr. and Mrs. E. D. Ballard.

Mr. and Mrs. Ben Monnett spent the weekend in Pampa.

So Fur, So Good

Model Joyce Russow finds this pearl gray stole of mutation mink is just enough to shield her from Florida breezes. The unusual fur—and Joyce—were displayed in a recent fashion show at Miami Beach.

UNION HD CLUB MEETS MARCH 2

The Union HD Club met Wednesday March 2nd, in the Home Economics building. Seven members were present. There were three new members, Jane Holman, Alma Baker and Peggy Kay. We had one visitor, Mrs. J. C. Moody. Miss Dunlap, County Home Demonstration Agent was in charge of the meeting.

Union 4-H Reporter
Mrs. Roy Adams.

MARCH 24-25 CHOSEN FOR FIESTA DATES; TICKET SALES SOON

Remember the excellent entertainment the Gay Nineties party and program of last year offered. This year the Women's Organization of the Brownfield Country Club will sponsor a Spanish Fiesta. The Fiesta will be presented on March 24 and 25 at 8:00 p. m. at the country club.

Tickets will go on sale in the immediate future and can be obtained from members of the Women's group. Attendance will not be limited to country club members. The Gay Nineties show last year you will recall it with pleasure, and the committee in charge of the Fiesta promises that it will come up to the high level of entertainment set last year.

Check your calendar now and make haste to get your tickets as soon as they become available.

MRS. COPELAND IS HOSTESS TO LAS AMIGAS

Mrs. Lal Copeland entertained the Las Amigas Club on Tuesday, night, March 8. Mrs. I. M. Bailey won high prize and bingo, and Mrs. Burton Hackney won second high. Mrs. Jerry Kirshner won bingo.

Ham, potato salad, beans, pineapple salad, and cokes were served to the following guests and members: Mmes. I. M. Bailey, Frank Ballard, Burton Hackney, O. L. Stice, Jack Shirley, Clovis Kendrick, Prentice Walker, Jerry Kirshner, Carr Austin, L. M. Wingerd, Jack Stricklin Jr., and Chad Tarpley.

Mrs. Henry Taintor, Herald campaign manager, spent Sunday in Littlefield visiting Mr. and Mrs. Morley B. Drake owners of the Lamb County Leader.

NURSERY RHYME DOESN'T APPLY—Miss Yula Ely, children's war nurse at Parkland Hospital, Dallas, Texas, has trouble applying the nursery rhyme about "This little piggy went to market" to the feet of

Mike Martin, 14 months old. He has six toes on each foot. Mike seems to enjoy the treatment however, from nurse Ely. Doctors plan an operation to make Mike's feet normal. (AP Wire-photo)

SUB DEBS HOLD INSTALLATION BANQUET

A banquet for the installation of officers in the Sub Deb club was held on Friday night, March 4 in the banquet room of the Esquire Cafe. The officers installed were as follows: President, Nancy Weir; Vice-President, Francis Price; Secretary, JoAnn Matchen; Treasurer, Patsy Johnson and Reporter, Charlie Gaston.

The entertainment was provided by Leah Dale Portwood and Jockie Allen. A dinner of ham, potato salad, fruit sauce, hot rolls, chocolate dessert and tea was served.

LIONS CLUB HAS GUEST SPEAKER

Geo. W. Neill introduced Lou Walker as speaker at the Lions Club luncheon meeting on Wednesday, March 9. Mr. Walker's subject was "The Good Old Days". Walker is president of the Speakers Club and makes talks for clubs in the surrounding area. The Speakers Club is composed of business and professional men in Lubbock. The members all specialize in guest speech-making. They are available to speak for any club but ask for two weeks notice before any engagement.

Texas Premier May Decide Movie Fate of Ten-Year-Old

PRIZE-WINNING drop biscuits won feature role in "The Green Promise" for Jeanne LaDuke (above) shown in the kitchen of her Mount Vernon, Indiana home.

LITTLE Jeanne LaDuke, a ten-year-old with a sparkling smile and tightly-plaited pigtails, has found the most unusual recipe to date for a motion picture contract. It's an easy method, too, according to Jeanne, who lives with her parents on a farm in Mount Vernon, Indiana.

All she did was to sift two cups of Swans Down Cake Flour, add three teaspoons of baking powder and one-half teaspoon of salt, sift again, cut in four tablespoons of shortening and add about one cup of milk. She dropped the dough on a greased pan and baked the biscuits in a hot oven for 10 to 15 minutes. The result? Just about the best drop biscuits anyone in the state of Indiana ever had tasted!

The delicious biscuits practically put Jeanne in the movies. They were judged the best in the Indiana state-wide 4-H contest. As a reward her photograph was submitted to Hollywood director William Russell for consideration for a feature role in "The Green Promise". She was selected over 12,000 other 4-H Club girls.

Jeanne's part in the Glenn McCarthy production, soon to be released by RKO Radio Pictures, Inc., proved easy for her, too. After all her work with Walter Brennan, Marguerite Chapman and Robert

Paige called for her to do many of the same things she did daily at home.

In the picture, for example, she lives on a farm similar to her own home. She cooks and keeps house for Walter Brennan, who plays the part of her father, and her three brothers and sisters.

Jeanne's role points up the tremendous accomplishments of the nation's farm youth and of the 4-H organization which has done so much to make rural America an attractive and vital part of our national life.

After she had finished the picture, Jeanne heard many people say she was another Margaret O'Brien. But she didn't pay any attention to the remarks. She'd learned that it's up to the American public to decide how good an actress she is. Today she is back home waiting to learn what people think of her performance after "The Green Promise" has had its world premier March 18th in Houston, Texas.

Jeanne's not too concerned about the future. She's attending classes in a two-room country schoolhouse. She can wear her favorite blue jeans . . . and, of course, there's plenty of time for her to putter around the kitchen making drop biscuits.

The women of the WSCS of the First Methodist Church, met jointly with WSCS members from Tahoka on Monday, March 7.

Some 34 members of both groups were entertained at a covered dish luncheon at the home of Mrs. Fred Busy at 12:00 noon. Members of the Faith circle came in at 1:30 for the program. Mrs. Richard Young entertained the luncheon guests with a selection of piano numbers.

Mrs. Roger Bell, president of

Luncheon Is Feature When 2 Groups Are Hosted by Mrs. Busy

the Tahoka WSCS opened the program with an address. Mrs. W. D. Smith also of Tahoka read from scripture. Miss Ethelene Busy, daughter of the hostess, sang "Bless This House", accompanied by Mrs. R. W. Baumgardner. Mrs.

Wayland Parker offered the vocal solo, "If I Can Plant A Rose Where Thorns Have Been", accompanied by Mrs. Richard Young.

Mrs. A. M. Bay of Tahoka, and Mrs. C. A. Holcomb also of Tahoka gave reports on missionary activities in the Hawaii. Mrs. Holcomb read several letters from Missionaries in the Islands. Mrs. Herschell offered a closing prayer.

About 50 members were present of both groups.

Price of Valves is up 43%

Five valves, one eight-inch, two three-inch and two three-quarter-inch, were used in the block gate, shown above, which was installed in West Texas Gas Company's transmission line in 1948. The three-inch valves have increased in price from \$25.48 each in 1940 to \$36.63 in 1948.

Yet Natural Gas Service Remains At the Same Low Pre-War Prices!

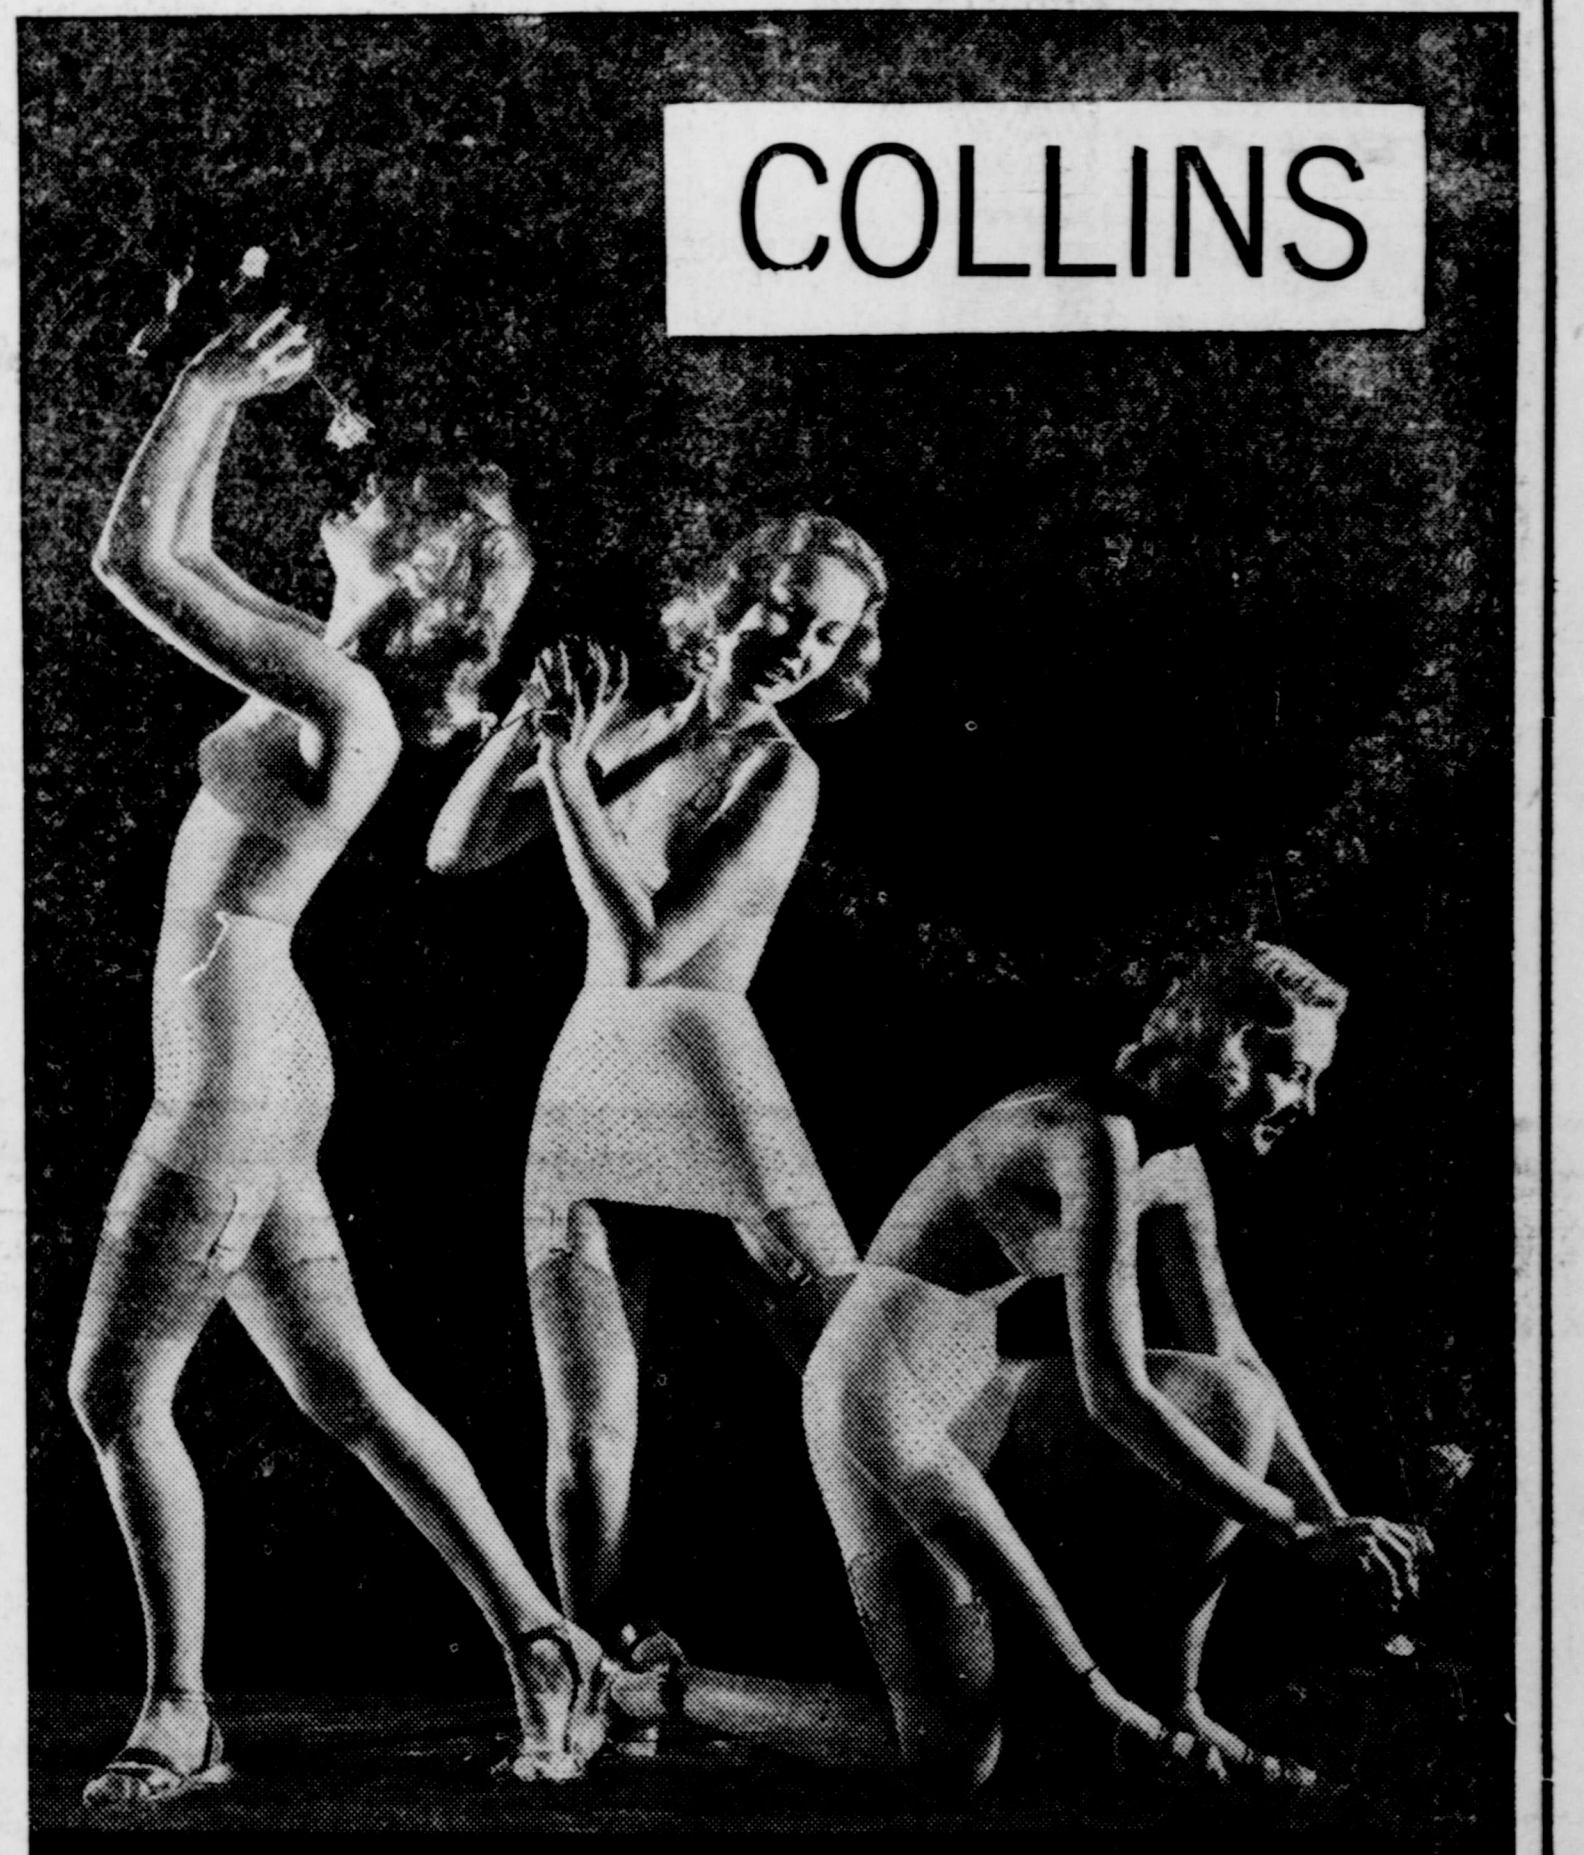

In cold weather scores of valves are opened and closed to meet your requirements for natural gas service.

Like other equipment, the price of valves is much higher today . . . but your gas rates are still at pre-war prices.

Yet . . . despite the increased costs of equipment, transmission, production, steel pipe and compressors . . . natural gas service is still furnished you at 1940 prices!

POLITICAL ANNOUNCEMENTS
Election to be held March 15, 1949.
FOR MAYOR CITY OF BROWNFIELD
C. C. Primm
Hiram Parks

According to the National Retail Lumber Dealers Association, the government is asking for a public housing plan, carrying with it an appropriation of 17 billion dollars to be used the next 3 1/2 years in home construction. One has to do but a little figuring to find that the 1 1/2 units the government expects to build in that time will cost the individual owner an average of \$17,000. This of course does not include the land, architect and other fees. Now let's compare that to the past 3 1/2 years of private building program. Of course the scarcity of materials, long waits, etc., was a headache both to the builder as well as the prospective owner, but that would have happened under most any circumstances, the two million, two hundred thousand units were built for an average of \$8,000, less than half the proposed government cost. You usually don't get any bargain prices when the government steps in.

The "Chicken of Tomorrow" is now not only all the rage with the boys and girls clubs, but with the Ag. colleges, the hatcheries and chicken fanciers in general. Not much more than a decade ago, the so-called "Baby Beef" type of turkey was all the rage, and that type of bird is here and to stay. In fact that type of turkey has a lot more white breast meat than the old galling type. The same thing is now in prospect for the chicken; bring out a distinctive type with much more white meat, and less legs, neck, etc. Just what will happen to such chickens as layers, we are not prepared to say.

The Denison Press very appropriately asks, why not weather regulations? We have just about reached the point that we want the government to wake and dress us morning, serve our meals put us to bed at night. So, why not a bureau to control the depredations of the weather when it takes a notion to act up like it did in January? Why not a gentle rain, or a soft falling snow, instead of glass slick ice? Let's change Mark Twain's idea that nobody does anything about the weather except talk.

Anent the episode of President Truman calling a veteran columnist a SOB recently, brought to mind another story. The story in question had to do with the piccolo solo which was offered as a feature of a Sunday evening service. During the rendition a man on the back seat, yelled: "Tell that SOB to stop." There was a pained pause. Then the pastor strode to the pulpit and thundered: "Who called our piccolo player a SOB?" Back came from the rear pew: "Who called the SOB a piccolo player?"

Up in Kansas during the frigid weather in January, it became necessary for two and three families to dwell together in one house where only one dwelt before. This was the result of a break in a natural gas line. So, folks just had to stay with people who had other means of heating, until the gas line break was repaired. Even the bath tub became a pretty

good bed for some of the smaller fry, and the people got to know each other as never before. As most of the town folks used gas for fuel, they were the ones that had to get out and visit the folks in the country, who either had fuel oil, or coal. By the way, Kansas has to put up with a lot of talk about their ugly weather from other states, just like the Panhandle and South Plains has to take it from the rest of Texas. But in January when it went below zero down in south, east and central Texas, while the temperature remained from 8 to 12 above in this section, the weather forecaster forgot us and began to talk about how cold it was at home.

In a recent editorial, we mentioned a pamphlet, "Why I Think Every Newspaper Should Sponsor a Chapter of Friends of the Land," by A. G. Pat Mayse of the Paris, Texas, News. We thought at first glance that Editor Mayse had pulled a boner on sorghum grain production, when he put Texas as standing 44th. But after re-reading we found that Mr. Mayse meant per acre production, and not total production. It is generally understood that Texas stand first in total grain sorghum production which we usually term maize, feterita or higer. He went on to elaborate on other farm products that Texas stands low in acre production, such as cotton, 16th place in 17 cotton producing states. Then there is the bad record of 42nd place in oats, 48th in wheat, 43rd in corn. Mr. Mayse as well as most others who have been in Texas as long as 40 years, know we once had a very fertile soil all over the state, but it has blown, washed into gullies, and not a little of it has been ruined by constantly planting cotton year after year on the same land. The cotton plant saps fertility rapidly, and leaves no plant food for the next crop. No Texas brags here.

General Eisenhower says that our nation's ability to produce what we need rapidly is our greatest weapon against foreign aggression. So, it is our free enterprise, that some of the self liberals like to mention in a sarcastic manner, is responsible alone for our great factories with their long assembly lines. And best of all they are free from government red tape. Let's try to keep our enterprise free instead of hindering it. And if Russia had the ability to admire instead of criticize, she would know that Wall Street as she terms our great business men, along with the teaming thousand of small business supplies the cash to bolster their country with weapons when Hitler was about to smash them. It was this help from Americans that made it possible for them to drive the Hitler hords out of Russia. Without the help of the USA, Russia would have been crushed and enslaved.

We have an idea that it will be many moons before Belton, Texas, invites Dr. Everett Smith of the University of Texas to address their Chamber of Commerce banquet. Yet, without doubt, Dr. Smith told the Beltonites the truth about their town. Dr. Smith frankly told the assembled people who came to eat and hear his address, that, "their town was drab commonplace, and totally devoid of any distinguishing marks." Well maybe, they will see themselves as other see them, and invite the distinguished doctor back sometime to eat his words, as well as a good banquet meal. He further told them to drop their blind complacency and make their town outstanding in some point or way. CAPS and lower case, a Dallas House organ, that published the story above, then goes on to say that the writer knows many fair sized towns between Dallas and Houston that do not have even one large sign anywhere telling the traveler the name of their town, or its outstanding features. Oh, perhaps the little sign under the eaves of the railroad station gives the name of the town, but passengers hardly ever see it. Such towns, says CAPS, will never draw new people. While the Herald does not think too much of highway signs as advertising matter, where people go by them at 50 miles per hour, we feel that the several signs on the highways approaching Brownfield are a very good investment. If the tourist sees nothing more than just the large letters, "You'll Like Brownfield, the Friendly Town," the signs are worth the money, whether the traveler can tell you the names of any of the surrounding sponsors or not. Then, too, on the two water towers the name "BROWNFIELD" is painted in letters several feet high, so he that runs may read.

Well, in the back shop they have asked us for an editorial about eight lines in length. It has to fill a place on the editorial page, and he stated there was no shorts back there. Well, we hope this fills the bill, and we believe it will. Wise guys know their okara.

Right Up to the Final Curtain

MEET CALLED IN LUBBOCK TO DISCUSS PRODUCTION OF LOW PRICED HOUSING

Plans for the much-discussed economy housing conference to be conducted in Lubbock, Texas to encourage production of lower-priced housing for rent or sale were discussed today at the Chamber of Commerce by A. B. Davis, Manager, and K. C. Smith, Assistant Director and J. A. Raley, Jr., Valuator of the Federal Housing Administration.

The industry meeting, which is scheduled for March 15, 1949 at 7:30 P. M. will have the fullest possible direct participation of representatives of all segments of the home construction industry. In addition, the discussions will include the various types of financing to builders and purchasers of the lower-cost housing.

The Lubbock meeting, which is a part of a board national program will be held in the District Courtroom of the County Courthouse. The District Director of the Federal Housing Administration and members of his staff will attend, as well as officials of the Veterans Administration and others directly interested in the Economy Housing Program. Discussing the program, Mr. Smith said:

"I can do no better than emphasize what Raymond M. Foley, Housing and Home Finance Administration, and Franklin D. Richards, FHA Commissioner, have pointedly said many times. This is that the construction of safe, livable homes at prices reasonably related to the incomes and financial resources of the vast majority of the people is a national necessity.

"We all know that private enterprises with Government support can and will meet this necessity and provide new housing in the lower-priced field on a scale commensurate with the great need. It is the hope of all of us to produce lower-cost homes in a volume never before attained. Every means at the disposal of the Federal Housing Administration is directed toward this objective. But it is a task for all. When we

realize that there will always be a market for lower-priced homes, we get some grasp of what a tremendous understanding it is, and that it can not be accomplished overnight. We must all work toward the success of this program which is not only the 1949 Economy Housing Program but one that must be continuing for many years to come."

Questions - Answers

Q I was honorably discharged from the Army in 1946, but have not applied for readjustment allowance yet. How long will this benefit remain available to me?

A Generally, this benefit must be claimed within two years from discharge or release from active service or two years from July 25, 1947, whichever is later.

Q As an honorably discharged veteran of World War II, I would like to know to what hospitalization I am entitled.

A If you have a service-connected disability, you have top priority for VA hospital care. If you suffer with a non-service-connected disability, you may be hospitalized under existing law if beds are available and you say you cannot afford treatment elsewhere.

Q I am at present receiving compensation for 30 percent disability. If I take a job carrying rural mail three hours a day, will my compensation be stopped?

A Compensation is not reduced because of your employment. Reduction in compensation is made only if your disability has lessened in degree.

Q Early last year I received an adjustment check on my compensation from the Veterans Administration. Do I have to pay income tax on this payment?

A No. By law, all payments made under laws relating to veterans are exempt from Federal income tax payments.

Who Will Fire L. A. Woods?

Judging from the furor raised about making the job of State Superintendent appointive, instead of elective, you might gain the impression that any board which was named would immediately fire L. A. Woods, and that every school house in Texas would cave in.

Who knows who will be on such an administrative board? Who knows what the board may do about a State Superintendent?

It looks like this furor is raised by Mr. Woods and his henchmen as an admission that he is not the proper man for the job, and that any new board would fire him for inefficiency. —Canyon News

Good Offer Ready For Trained Men

The United States Air Force has appointed teams of officers, under the jurisdiction of the Air Defense Command, to travel to college and universities throughout the country to procure applications for the Aviation Cadet Training Program. It was announced here today by Sgt. Carnes and Dobbins, in charge of the U. S. Army and U. S. Air Force Recruiting Station at Courthouse, Brownfield.

"Applicants who wish to apply for this training must be male citizens of the United States, between the ages of 20-26, married or unmarried at the time of application, and possess one-half or more of the necessary credits leading to a degree at an accredited college or university or be able to pass the Air Force Education," said Carnes.

"Enlisted men of the Regular Army, United States Air Force Army of the United States, Air Force of the United States Reserve officers, enlisted reservists, officers and enlisted men of the National Guard and civilians are eligible to apply for appointments in the Aviation Cadet Training Program."

Any applicant who submits an application for Aviation Cadet Pilot Training will not be eligible if he has completed, in a service flying school, a course of instruction leading to an aeronautical rating of pilot in any of the Armed Forces of the United States.

Full information may be obtained at the local U. S. Army and U. S. Air Force Recruiting Station at Courthouse Brownfield.

meet the "Busy Season"

Business Manager-

Mr. FARMER, during the "rush season" the job of looking after business matters falls entirely to many a wife. She is the "details accountant"—and even though she may be the young MRS. Farmer Wife who has had no experience in looking after business while the rush is on, you can merely mention the "FIRST NATIONAL BANK," and that means she will be given every aid at this bank in transacting business matters.

Send her in and we will help her—or if more convenient, use the mail and we assure you prompt attention.

Recognizing the great value of the work of farm boys and girls and their 4-H Club activities, we are at all times interested in furthering that work. Parents wishing to help their boys and girls in the work should contact us. Let's raise finer livestock and flocks. Attention to improvements guarantees greater profits from these projects.

LOCAL COUPLE ATTEND PETERSBURG FISH FRY

Mr. and Mrs. Les Newberry, Mr. and Mrs. N. A. Lindsey and daughter Jerry, and Mr. and Mrs. Dale George attended a fish fry at Petersburg Sunday, in the home of Mr. and Mrs. Bert Roberson.

Guests attended from various west Texas towns. Mr. and Mrs. Roberson had recently returned from a fishing trip in the valley, and old Mexico and had a wide variety of fish prepared for their guests.

Visitors in the J. W. Bell home Sunday were Mr. T. A. Brown of Smithville, Miss., Mr. R. P. Brown of Guntown, Miss., Mr. and Mrs. Lester Caswell of Loop, Mr. and Mrs. Hadley Kern and Loy and Rita of Morton, Mr. and Mrs. Alira Morris and Sharon and Mr. J. W. Brown.

Ona Faye Thornton of Monahans spent the past weekend in the home of her parents Mr. and Mrs. W. A. Tittle.

SOCIETY

Another Woman's Angle

We wonder why the Will Osborne dance sponsored by the Legion last Thursday night was so poorly attended. We ventured forth to hear the music of a popular name band and were well repaid for our efforts. Mr. Osborne's music was fine, and far above the caliber of music we usually find at local dances.

During the entire evening we kept wondering why the many people of Brownfield who claim to enjoy dancing, and dancing to good music, who belong to the local dance club, and who occasionally complain about the available orchestras, stayed home from this Legion sponsored dance. Perhaps they hated to attend a public dance. Let us say here and now that the behavior of the crowd at this dance was above criticism.

Legion dances in Brownfield are well run. The floor committee takes special efforts to insure a courteous and well behaved attitude among the dancers. We are not trying to urge constant attendance of Saturday night dances but surely when the Legion makes a special effort to bring good dance music to Brownfield they should be supported by those who include dancing in their plan of recreation.

Don't forget the Delphian Study Club Benefit Card Party, to be held this afternoon, March 11, at Country Club. A dessert will be 2:00 o'clock, at the Brownfield served and some lovely prizes offered. You still have time to call your foursome or go out alone as tables will be made up out there.

The Red Cross Fund Raising Drive is reported to be sadly lagging. We realize that those of you who may read this chatter grow tired of our constant talk of contributions. However, we want to ask once more for your support of this worthy cause. Give a little, then give a bit more, out of pure generosity and good will. You'll really never miss it and it will bring care to someone truly deserving. Your small contribution may aid some disaster victim who is in dire need. It may purchase food or clothing for some helpless child here in your own community. Hear the cry for help, and do not fail to heed it.

Parents, attention!! So far, Brownfield has been comparatively free from juvenile delinquency, but if you have been reading your local papers in the past few months, you will have noted that several cases have appeared in our juvenile court. This is indicative of the growing need in our community for youth activities.

Now is your opportunity. A group of civic minded people, eager to provide adequate recreation of teen agers is working on the organization of a canteen. All they ask is a little co-operation from the parents of the children interested. If you have a teen age child and want to provide him or her with a place, properly managed, that offers wholesome and enjoyable entertainment, get behind the canteen. Lend your support. Attend the meeting March 18 at the Legion Hall.

Country Club Women Work On Redecoration

The furniture and drapery committee of the Women's organization of the Brownfield Country Club has been busy the past week on a project to redecorate and furnish the women's lounge. This committee, under the chairmanship of Mrs. Buddy Tarbuton, has made considerable progress on this project.

Club members who have not had an occasion to visit the club house in the past month will note a great improvement brought about by the work of this committee. The group has applied perlatex tape to the walls of the lounge and will paint them a shade of dull green. Bamboo blinds have been ordered for the room and new drapes will be made. Eventually it is hoped that bamboo furniture can be purchased for the room to carry out the theme of decoration.

GOMEZ WMS MEETS WITH MRS. BURNS

The W. M. S. of the Gomez Baptist Church met in the home of Mrs. T. L. Burns Monday, Feb. 28 for an all day meeting to present the program for the week of Prayer for Home Missions.

The theme for the week will be "committed unto us". The meeting was opened with a hymn and prayer and a brief business meeting. The following parts were presented to members: Devotional, Mrs. T. L. Burns; "given in trust", Mrs. Tyler Martin; "sharing enthusiasm", Mrs. Britton; "the forward look", Mrs. Whitley; "servant unto all", Mrs. Bill Swain; "prayers and money", Mrs. T. L. Burns; "the first Americans", Mrs. Wade; "two million Spanish speaking people", Miss Nellie Carter; "the record of the southern Baptist", Mrs. A. B. Buchanan; "Examining our own church", Mrs. Bill Swain.

The meeting closed with the singing of "Take My Life and Let it Be Consecrated".

Mrs. Dick Fallis and mother Mrs. Minnie Patterson were business visitors in Lubbock Tuesday.

Peanut butter combined with a grated carrot and a little mayonnaise makes a good sandwich for a lunch box; spread on whole wheat or rye bread.

Back Fence Fire

The fire department was called out Tuesday afternoon to near the American Legion hall to put out a back fence fire. As it was quite windy the lady of the premises became uneasy.

The fire probably got into the fence from burning trash in the

back yard. We must keep all our back fences intact. Isn't that the place where the ladies are supposed to gossip?

Rev. Ed Tharp of Lubbock, was a visitor in our city, Monday. He stated they were getting about straightened out in their new home.

Winter Wonder

Helen Davidson of Dallas, Texas, does an inside spread eagle—and very handsomely, too—as the 1949 troupe of the Ice Capades works out during a stopover in Chicago. The spread eagle is a feature of Helen's solo number, "Winter Wonderland."

BIDS ON CLUB HOUSE TO BE SET MARCH 28

Contractors wishing to present a bid on the construction of the woman's Club house which is to be built on their lots on East Broadway are asked to obtain a copy of the plans from Mrs. Bill McKinney at the Insurance agency down town.

These bids are to be opened March 28th at 3 o'clock. All bids must be accompanied by a certified check for \$200.00, and the successful contractor will be required to make surety bond for the performance of his work.

Mr. and Mrs. Walter Hord and Mr. and Mrs. Buell Price and Kathy were visitors in Denver City, and Lovington N. Mex. on Sunday.

Odd Fellows To Hold Advance Meeting

The Odd Fellows are having an advance meeting in Lubbock on March 26, to determine on what date the organization will meet in Brownfield in April. A crowd of between 400 and 900 people are expected here for this convention.

A parade is being planned and lodge members will take some degree work here. Local members of the Odd Fellows are urged to contact other members and find out the schedule on the docket. Degree work will be going on this month in preparation for the meeting.

Mr. and Mrs. Joe Price of Lovington, N. Mex. were business visitors in Brownfield on Saturday.

As the Girls Go---2000 A. D.

Guitar-strumming French amazons parade through the Place Massena during the famous Carnival of Nice. This was a gay time in Southern France, and costume designers, called upon for a peek at the year 2000, treated merrymakers to weird views of the future.

Another Big Year

Now is the time to Smooth Fields, Reclaim Land and Streamline your operation FOR PROFITABLE YEARS AHEAD

with an EVERSMAN AUTOMATIC LAND LEVELER and DIRT MOVER

Have you been planning to improve the surface of your fields? Eliminate humps and hollows, smooth out old fence rows, fill in small gullies or put new land under irrigation. Now is the best time to do this work. The best machine to handle the job is the EVERSMAN AUTOMATIC.

Only the EVERSMAN has the eccentric (crank) axle—when wheels go on a high place the blade AUTOMATICALLY lowers to gather a load—when wheels go into a low place the blade raises to release enough dirt to fill.

The EVERSMAN breaks clods, pulverizes the soil, smooths and packs the surface, forming a fine seed bed while AUTOMATICALLY LEVELING. Also excellent DIRT MOVER with patented wheel lift which raises and lowers the whole machine and gathers or releases a big load of dirt wherever you wish. After dirt is moved with the EVERSMAN it can be graded down and AUTOMATICALLY LEVELED with the same machine. One inexperienced man driving your present tractor handles this ALL-PURPOSE machine. Moves fast on rubber tired wheels. Comes in four sizes. Inexpensive to buy.

SCHOOL CONDITION FACTS

THESE FACTS ARE BROUGHT TO YOU IN ORDER TO BETTER ACQUAINT THE PEOPLE OF THIS SCHOOL DISTRICT WITH THE EXISTING CONDITIONS OF THE BROWNFIELD SCHOOLS

THESE FACTS ARE GIVEN FOR THE PURPOSE OF PROMOTING GOOD WILL AND UNDERSTANDING AMONG THE PEOPLE WHO ARE INTERESTED IN THE GROWTH AND DEVELOPMENT OF THE BROWNFIELD SCHOOLS

QUESTION:

What Is The Present Enrollment And Capacity Of Jessie G. Randal School?

ANSWER:

There Are Now 659 Pupils Enrolled; Maximum Capacity Is Only 350 Pupils.

QUESTION:

This Being The Case, How Do 659 Now Attend?

ANSWER:

Eight Classes Are On One-Half Day Schedules, Which Represent Approximately 240 Pupils.

QUESTION:

What Is The Present Enrollment And Capacity Of West Ward?

ANSWER:

There Are Now 593 Enrolled; Maximum Capacity Is Only 350 Pupils.

QUESTION:

This Being The Case How Do 593 Now Attend?

ANSWER:

State Requirements Are Not More Than 30 Pupils Per Room. We Now Have As High As 40 To 44 Pupils In Each Room.

QUESTION:

What Is The Enrollment And Capacity Of The High School?

ANSWER:

There Are Now 350 Students Enrolled; Maximum Capacity Is 350.

QUESTION:

Why Is There A Need For A High School Rather Than A Ward School?

ANSWER:

Because For The Next Three Years The Senior High School Will Receive Approximately 100 Additional Students Each Year.

This Is Brought About By The Addition Of The 12th Grade Which Has Created A Backlog Of Students In The Lower Grades.

QUESTION:

How Many Students Do We Now Have Enrolled In All The Schools And Their Combined Capacities?

ANSWER:

We Now Have 1752 Students Enrolled With A Capacity Of Only 1200.

QUESTION:

How Many Students Will Be Enrolled In Our Schools By 1952 At The Present Rate Of Increase?

ANSWER:

By The Present Rate Of Increase, There Will Be Approximately 2250 Pupils.

Price Control Not A New System

There is nothing new about price control. Attempts to fix prices by fiat can be traced back almost as far as recorded history. And in every case the result has been failure.

An example, the emperor Diocletian issued an edict fixing the price at which food and other commodities could be sold. He went whole hog in an effort to make the scheme work. In the words of the Chicago News, "The death penalty was prescribed for black-marketers, and a vast bureaucracy employed to enforce the decrees. The breakdown of economic order followed in due course; prices rose as production fell. The emperor's remedy was exorbitant taxation. This accelerated the economic breakdown, and helped to pave the way for easy conquest by the barbarians."

This has been the usual story of price control, in both ancient and modern times. And to believe that it would be any different in the future is to embrace a dangerous illusion. Under the competitive system, the price charged for anything in common use honestly reflects the cost of producing and selling it, plus a small profit. How, in the name of logic, could we force a man to make something at a loss—or a merchant to stock and sell it at less than his cost?

Worse than this, price control, with all its ramifications, must be followed by wage control, control of the allocation of anything and everything that affects the cost of doing business. A totalitarian economy is the inevitable result.

Notice has been received here that prices on Buick cars has been reduced from \$16 to \$30, owing to model. Tudor Sales personnel will be glad to explain the reductions.

Dodge Begins Winter Endurance Expedition To Fairbanks, Alaska

DETROIT—(Spl)—Dodge officials and test drivers in three new Dodge Coronet four-door sedans are now enroute on an 8,000 mile endurance test run to Fairbanks, Alaska, and return over the Alaskan Highway.

L. L. Colbert, president of the Dodge Division, Chrysler Corporation, said the purpose of the expedition was to demonstrate the durability and dependability of

modern motor cars under severely adverse weather and road conditions. The motorcade left the Dodge main plant in Detroit on Friday, February 25, the day the new Dodge models were publicly introduced in dealer showrooms across the country.

"This has been one of the worst winters in the recorded history of North America," he said. "We are asking for tough conditions, but we are confident of success."

Mr. and Mrs. Walter Hord spent Saturday in Slaton and Lubbock visiting relatives.

WEST TEXAS PRESS "CLINIC" ARRANGED

MIDLAND, March 7—A regional "clinic" of the West Texas Press Association will be held here March 18 and 19.

Jim Allison, publisher of the Midland Reporter-Telegram, and the Chamber of Commerce will be hosts to the meeting.

One Month Till The Dairy Show

The Panhandle-Plains Dairy Show is only a month away. It is time to begin preparing the cattle and making plans to attend. The plans have been changed some this year, and there will be an "Official" day for each breed. Each breed receives the same money. April 9th, at 6 p. m., all cattle must be in the barn. Monday will be production contest and PFA and 4-H club judging contests.

Tuesday is official Guernsey Day. Judging in the morning and auction sale of registered Guernseys in the afternoon. A banquet and business meeting in the evening.

Wednesday will be official Jersey Breeders Day. Breeders banquet and officers' election in the evening.

Thursday, official Shorthorn Day. Their sale will be Friday as usual.

Friday will be official Holstein Day, with judging in the morning and sale of registered stuff in the afternoon. They have a large consignment of good cattle. Friday will be the last day of the show.

Let's go and try to stimulate more interest in better cows.

Certainly the Statisticians can figure closely on national production and consumption ahead—

Individually, you, however, must be the one to plan and know. . . .

Your Ability to be

IN THE MARKET

While those Statisticians are figuring out unusually accurate reports on how many cars, tractors, homes, home appliances, furniture, and the many other things that you and your family will need for greater comfort and a higher standard of living—what figures can you make for 1949.

Will you be "In the Market" to buy anything? In fact you are making your year-end report right now; and you are also working on your 1950 and 1951 reports.

The answer is simple: you are either saving

some money for these future purchases—or, you are neglecting to put aside part of your earnings so you will "be in the market."

Let us make you an offer. We will pay part on the many things you want to buy, but you start it. Open a savings account, and let us add 2 percent while you're saving.

And a reminder: when you save, you make yourself known as a "good prospect" for loan aid. With money, you'll see a chance to make money. We want to work with you.

"YOU CAN DODGE RESPONSIBILITIES — BUT YOU CAN'T DODGE THE CONSEQUENCES!"

BASEBALL DIAMOND UNDER CONSTRUCTION

A baseball diamond is being constructed on the lots owned by the Brownfield School System, at the east end of Broadway. The cost of the diamond will be divided between the Oil Belt League, the American Legion sponsored Junior Baseball League, and the High School teams.

The three leagues mentioned above will all make use of the diamond the coming season. No bleachers or permanent fixtures will be installed as this is the site for the new school building.

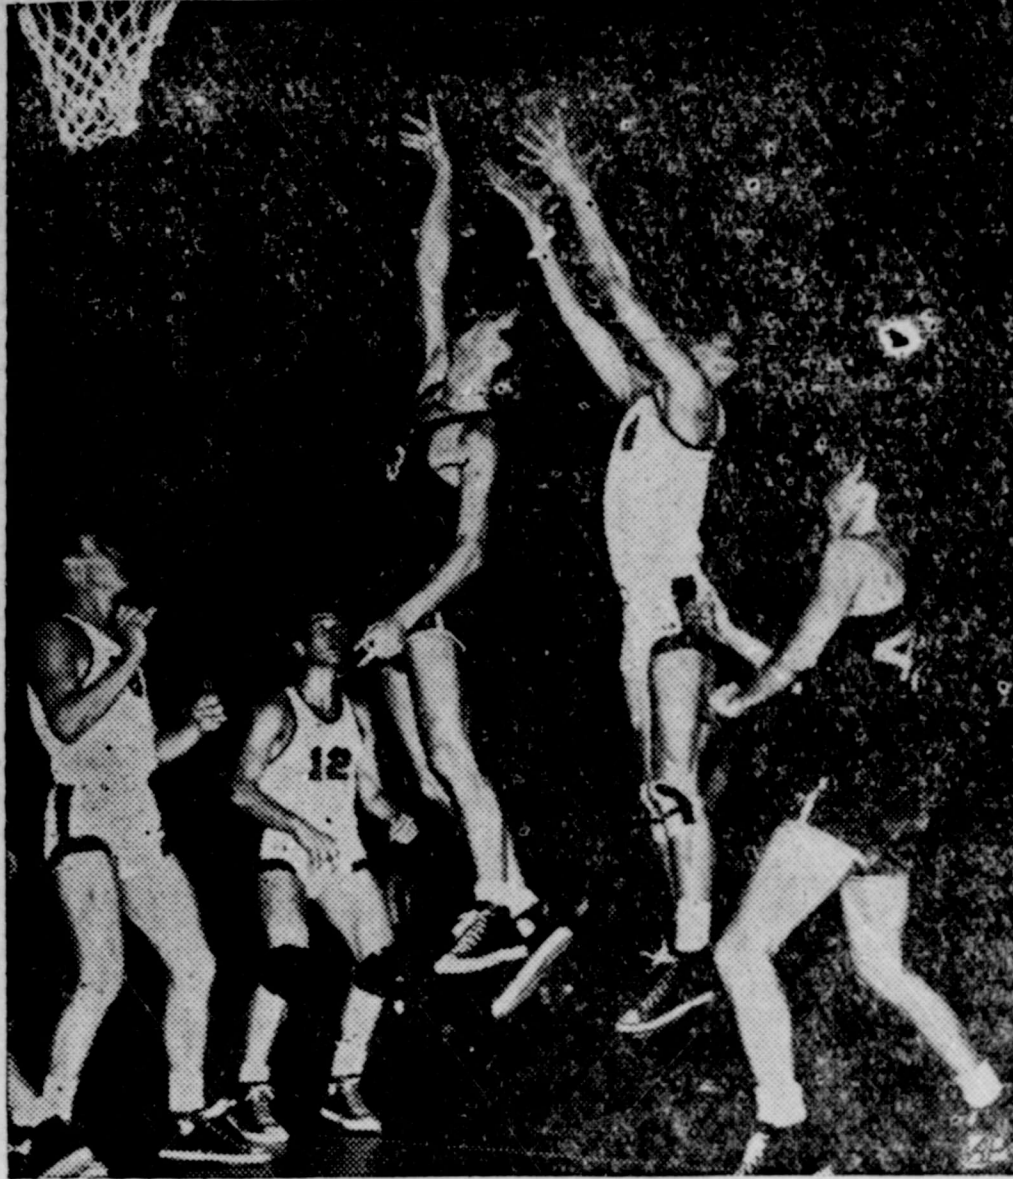

Social Security Representative Coming

Gerald L. Schantz, Social Security Administration Representative, will be in Brownfield at the Post Office at 9:00 a. m. on March 17, 1949 for the purpose of answering any questions you may have on social security; discussing possible benefits and taking claims from persons who seem to be entitled to benefits; and taking applications for social security account number cards.

EMPLOYERS—The payroll tax report which you make every calendar quarter, must include the name, social security account number, and the amount of wages paid to each employee. Every business firm that has ONE or more employees is covered by the Federal Social Security Act.

There are dark and mysterious things in the Bible now, but when we begin to trust Christ your eyes will be opened, and the Bible will be a new book to you. It will become the Book of books to you—Moody.

Senator Corbin Supports Amended School Bill

AUSTIN—Senator Kilmer Corbin of Lamesa strongly supported the second of a series of Gilmer-Aikin educational bills last week after the highly controversial measure was amended several times. Corbin and other West Texas senators added amendments to the bill that will provide for greater transportation aid to the sparsely settled areas that they represent, also guaranteeing at least as many teachers as the small schools now have.

Senator Corbin this week also introduced a bill that will set up a Commodity Distribution Agency for the purpose of aiding the school lunch program, dependent children, the aged, needy and blind. He voiced the opinion that this measure will meet with little opposition.

A bill that will benefit the rural areas of the state with more farm-to-market roads quickly passed the senate this week. It would provide \$1,250,000 a month for the next two years for rural roads. "I want to do my part to help set up some kind of definite policy on rural roads," Senator Corbin said in urging passage of the bill.

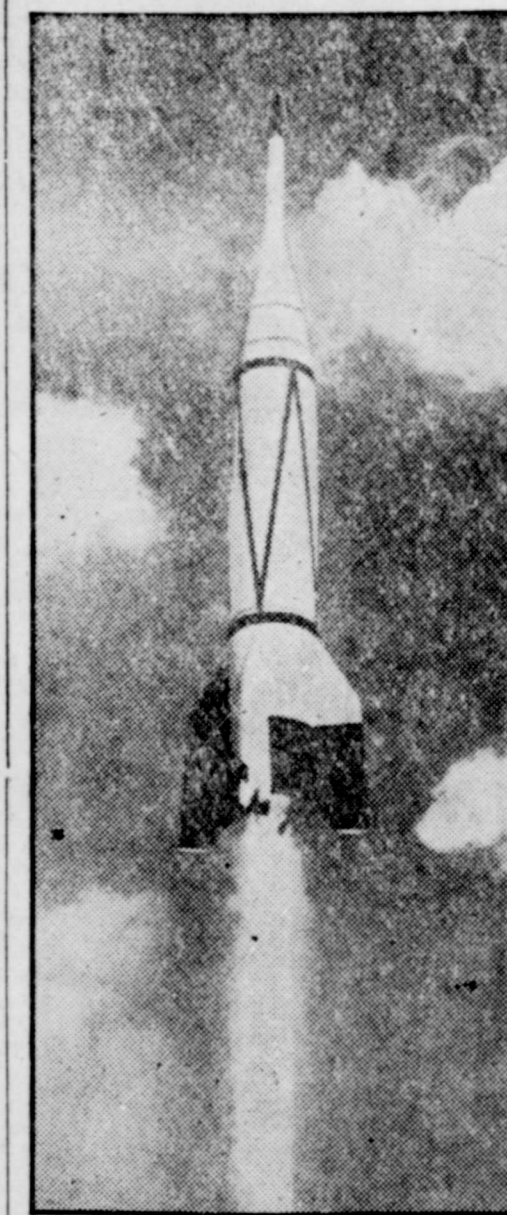

LIFE INSURANCE FOR JANUARY

AUSTIN, March 1—Life insurance sales in Texas fell 16 per cent from December to \$57,142,000 in January 1949, the University of Texas Bureau of Business Research reported.

In comparison with January 1948, sales in Texas were off 7 per cent.

For the United States as a whole life insurance sales dropped 14 per cent from December and 15 per cent from January 1948.

Zoo-o-m-m-m!

Local Basketeers Place One On Second Team

The Cub Basketeers did not do so bad after all this season. One thing that can be said in their favor, that up to this year, Brownfield has not been too basketball conscious. Their main theme in life seemed to be football. And while we did not get a player on the first mythical team, we got one on the second.

Also, the Cubs did not finish this year in the cellar position. Plainview took that position, and we might remark right here that Plainview did not have a player on either the first or the second team. Our Glen Gorby was the lad placed on the second team, and fans here say he certainly deserves the honor.

Early in the season, it appeared the Cub basketball team was really going places, but failed to live up to their early start. The contest judging was by coaches and sport writers of districts 1-AA, under auspices of the Amarillo Times.

We hear that the Cubs are expecting a much better team for the 1949-50 contests.

Road Boosters Jam Tax Hearing

AUSTIN, March 7 (AP)—Between 2,500 and 3,000 rural roads backers jammed the House chamber to hear legislation to get Texas farmers out of the mud.

The biggest crowd of the session heard Rep. C. S. McLellan of Eagle Lake urge his bill levying a tax of one cent per 1,000 cubic feet on natural gas as the means of giving farmers hard-surfaced roads.

The crowd included hundreds of big-hatted, hard-handed farmers who had swarmed the capitol throughout the day demanding good roads legislation.

Bill Linder of Iran spent the past week-end with friends here.

Mr. and Mrs. Arthur Sawyer and Mrs. Tom May left Sunday morning for California, Idaho, and Canada. They will be gone about six weeks.

MOMENTO—Jackie Robertson displays a duplicate of the Olympic basketball jersey which he is giving to Baylor University Waco, Texas at the school's request.

Baylor also plans to retire his school number 8 which he is giving to Baylor University won two conference championships. (AP Wirephoto)

Health Department Says Much Pyorrhea Is Now Curable

AUSTIN—(Spl)—Contrary to the popular belief that pyorrhea is always incurable, this is only true in the most advanced cases, according to Dr. Geo. W. Cox, State Health Officer. His advice to persons who even suspect the presence of pyorrhea is to seek an early diagnosis from their dentist so that proper treatment can be instituted while the disease is still curable.

"Early detection and proper treatment of pyorrhea represents the formula for a successful cure. This means that the dentist must have an opportunity to discover the presence of the disease at the earliest possible moment. Since the symptoms are often so vague that the patient is unaware of having pyorrhea," Dr. Cox said, "regular visits to the family dentist are extremely important in the control of this disease."

SANTA FE CARLOADINGS

Santa Fe System carloadings for week ending March 5, 1949, were 21,632 compared with 27,559 for same week in 1948. Cars received from connections totaled 11,331 compared with 13,053 for same week in 1948. Total cars moved were 32,963 compared with 40,652 or same week in 1948. Santa Fe handled a total of 31,378 cars in receding week of this year.

The treatment of pyorrhea is not an involved procedure. In the average early case one of the main therapeutic features is the proper hygienic care of teeth and gums as outlined by any reputable dentist. Carelessness regarding mouth hygiene is usually the basic cause for the condition.

The family dentist can usually remove the cause of the trouble, Dr. Cox said, and when this has been done, intelligent routine care of the mouth by the patient will help to effect a fairly quick cure in the majority of early cases.

The Fighting Cubs Win Basketball Tournament Here

Brownfield High School defeated Union 53-23 last week to win the tournament held for boys eligible to play basketball next year.

Meadow was the third place winner with a 30-27 victory over Frenship. White had 11 points for Meadow, Swindford had nine for the losers.

Brownfield led 16-0 at the first period, 26-4 at the half, and 34-15 at the third period mark with re-serves playing. Sam Ritchey had 14 points for the winners, Bud Herring had eight for Union.

Trophies were presented the first three teams by S. P. Cowan, superintendent of Brownfield Schools and Faris Nowell, Brownfield coach, was tournament director.

Mr. and Mrs. Keller P. Greenfield of Waco were visitors in the homes of their parents, Mr. and Mrs. L. O. Greenfield Sr. and Mr. and Mrs. A. K. Tyler, this past week-end. Mr. Greenfield has just completed his pre-med studies at Baylor University in Waco, and has been accepted by Baylor Medical School in Houston. He will start in medical school this September.

Mrs. A. E. McCarver of Andrews visited her mother Mrs. John Walls Saturday.

Mr. and Mrs. L. M. Wingerd, Mr. and Mrs. Money Price, and Mr. and Mrs. Bill Williams spent the week-end in Possum Kingdom fishing.

Time for another love affair with your Buick

Any day now comes one of spring's biggest thrills—that first carefree cruise into the country on the wings of your Buick—with the air warm and full of promise, and you falling in love with your Buick all over again!

We want you to get the most out of this affair, because we've been around Buicks so much we have a deep and loving interest in them, too—so we've got everything all set in our shop to get your car all set for the season.

Changing your oil—flushing out your cooling system—these are only starting points for us! Any machine as fine as your Buick deserves a complete check-up and tune-up—and we have the men, the tools, the experience, to do it as no one else quite can!

Drop in this week and let us fix a time for bringing your Buick beauty up to its new-car thrill-level. For that magic Saturday morning, sometime soon, when there's a heady invitation in the air to get under way someplace—be ready!

STRICKLINLY SPEAKING

Did it ever dawn on you some week or other, that there was not a brain cell working, when you had a bit of space to fill? You could think of nothing serious, silly or even funny? That is the way this columnist feels this week. Blank is the word.

One thing that makes us feel good all over, though, is the fact that we had a letter from the Chrysler Corporation this week, stating that they were carrying the big load of their advertising in newspapers, and that the Herald was sharing this business.

Heretofore, most of the Chrysler advertising has gone to the big magazines and the dailies. Stands to reason that perhaps they have been hearing from their dealers about where the advertising should be spent. Anyway, here's one weekly newspaper that appreciates this departure from their usual course.

The large ad of Chrysler this week shows it to be a honey. But Marion Craig says you ain't seen nothing. See the real thing at his plant on Broadway today.

Careless handling of explosives and matches ruined one of the barber shops here Monday, and put the owner out of business temporarily. As reported to us, one boy was washing the lavatories with a gasoline cloth, while another youth smoking a pipe, decided to toss his match in the alvatory. Water turned on just scattered the fire.

In the first place, probably only one of the boys were supposed to be in the barber shop at the time.

Over in Germany where they

have been experts on making ersatz food and other substitute things for many years, they have developed milk and meat that is claimed to be both nutritious and good tasting. We'll take that with a grain of salt, however.

Out in California two years ago, we ate at an Adventist cafeteria. We got what appeared to be meat loaf, and to save us we could not tell it from the real McCoy.

When informed that those religionists use no animal fleas or grease, we wondered how it was made, and how that pungent beef and onion flavor got there. Cereal and vegetable oil was the base, we were told.

When free enterprise goes out the window, so will free press, free speech, right of assembly and trial by jury. And don't ever think that socialistic ideas are gaining fast in the USA. They are.

Folks, the past few days makes it appear that spring is just around the corner. Tuesday was especially spring like. But hold it, T. norther blew in Tuesday night, and the air was a bit nippy Wednesday. Freezing or near freezing weather promised, and by heck our lilacs and bridal wreaths are leaving out. More the reason for Bureau of Weather Control up at Washington.

In congratulating our centurion citizen this week on his 104th birthday, it makes us reflect back to the past century. Perhaps he can faintly remember a few things that happened in 1849; perhaps a lot more by 1850. He would have been five years old then.

But when he was born on March 9, 1845, that was just 42 years after the United States purchased Louisiana from France. Also makes one wonder, he being French des-

cent, if his folks came direct from France or perhaps Arcadia (Canada.)

When Mr. DuPuis was born, Texas had been a Republic just nine years, and became a state one year after his birth. There were perhaps fewer than a half dozen states west of the Mississippi river.

Some one has up with a machine that is said to be able to distinguish 10 million colors. And we didn't know there were more than 10.

Lower cotton consumption in January and prospects of a 16 million bale crop; more price cutting in rayon yarns last week, looks like cheaper cotton and a surplus for CCC.

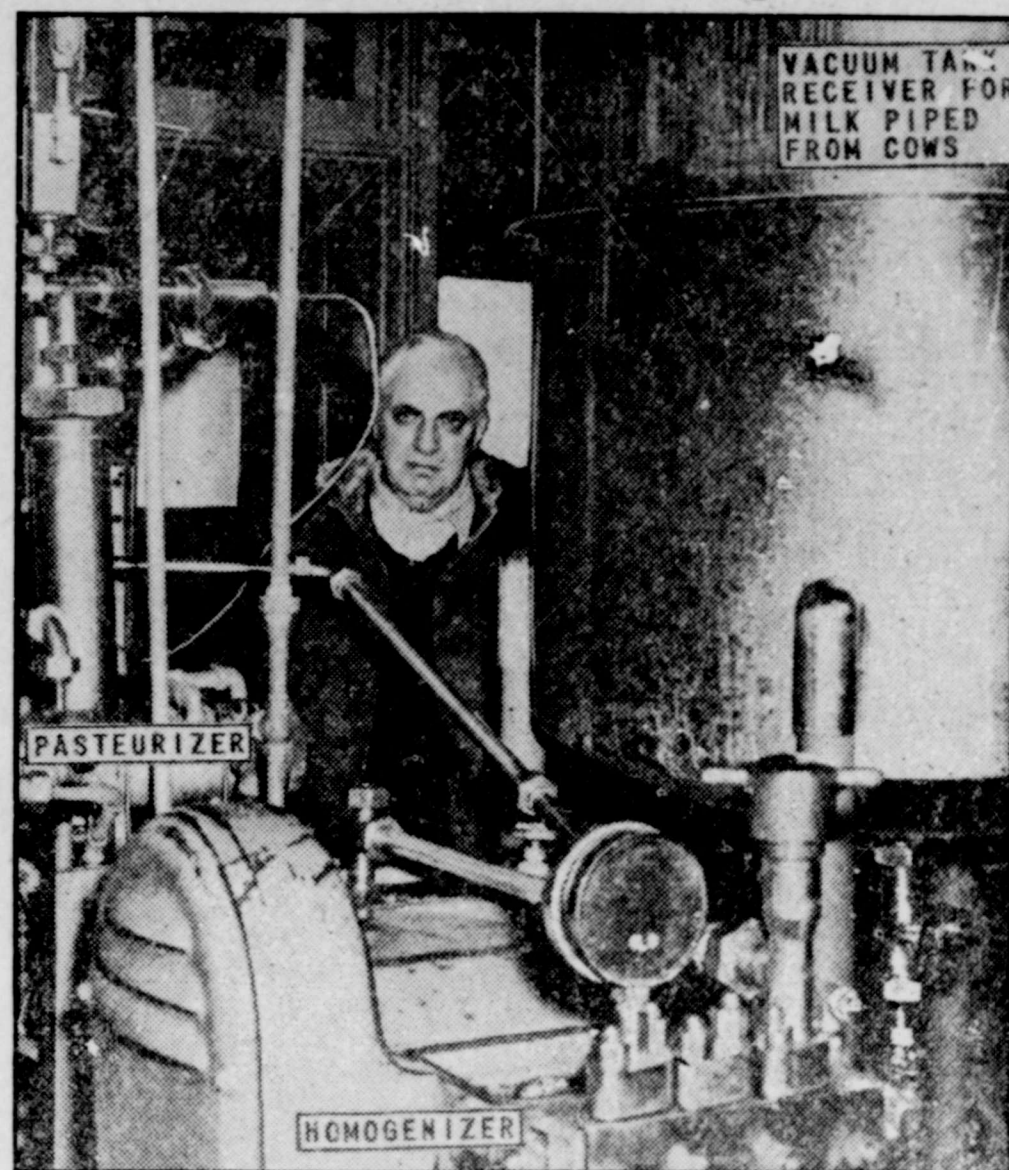

General Motors are said to be coming out with a new 900 pound farm freezer. A bell warns the owner if the temperature goes up 5 degrees.

SUPERINTENDENT COWAN REPORTS ON TRIP

Superintendent S. P. Cowan who recently returned from St. Louis reports that the convention he attended there was one of the finest he has ever been present at. There were nine sessions going on simultaneously and delegates could choose the session they wished to attend. The speakers assembled represented in all cases the best authority on the subject under consideration. The president of Harvard, college professors, superintendents of schools, and men from the School Bureau of Investigations were those included among the leading speakers.

The topics touched on all phases of school, including plant construction, reorganization, federal aid, and subjects pertinent to changing conditions and the schools of the future.

Milk Canner and Its Originator

Dr. Roy Graves, formerly a top scientist in the Department of Agriculture, inspects machinery for canning fresh milk on a dairy farm near Valparaiso, Ind. Dr. Graves developed his idea in conjunction with Roy Stambaugh, Valparaiso dairy farmer, and the two claim it could bring about an economic revolution in the dairy industry. Both said, however, much remains to be done on process.

"MAID OF COTTON" SPARKS EARLY DUSTING DRIVE

Texas cotton growers are being urged by a state committee on insect control to begin fighting crop pests early. Since dusting should be started when cotton plants are chopped and plowed, insecticide manufacturers have moved up Texas shipment dates. Production of one Texas-recommended insecticide, toxaphene, which had sales of more than 30,000,000 pounds over the nation last year, has been stepped up to meet all the farmers' needs in 1949, the makers report. This early dusting campaign is being watched with interest throughout the Cotton South. Pretty Sue Howell, 1949 Maid of Cotton, points to one reason why Texas cotton growers should think of "killing 'em before they get started."

Wellman FHA Attend Area 11 Meet

The Wellman Chapter of the Future Homemakers of America attended the Area 11 meeting at Whiteface Saturday, March 5. Twelve members, three club mothers, advisor, and several visitors attended the meeting. These were: Jimmie Sue Putty, Juanda Crews, Jo Marie Crowder, Linnie Hawkins, Juanice McBeth, Patsie Scales, Marjorie Scales, Velma Jean Bruce, Annie Ruth Livesay, Darlene Thornton, Frances Liles, Betty Briscoe, mothers were, Mrs. Melton Briscoe, Mrs. Leo Hawkins, Mrs. James Putty, and Miss Willie Mae Hines was advisor. Visitors were: Mrs. Dorothy Christopher, Mrs. J. K. Thomas, Patty Thomas, and Glenda Jane Christopher. An enjoyable time was had by all.

The next meeting will be held at Jayton. We hope to get to attend it. It takes place November 5, 1949.

Jimmie Sue Putty Wellman Chapter.

U OF T OFFERS HELP TO PROGRAM CHAIRMAN

AUSTIN, March—If you are a worried service club program chairman, who needs help, the University of Texas Speakers Bureau is at your service.

They can furnish, on request, faculty and student speakers to talk on broad or specialized subjects and they are interested in making standing arrangements to provide program speakers.

The organization is responsible only for the speaker's traveling expenses—five cents per mile—food and accommodations.

Director Guilford Jones can be contacted at the University for additional information.

CAST OUR VOTE AT THE CITY ELECTION

Votes will be cast Tuesday, March 15 for the purpose of electing the mayor of Brownfield. Two candidates have entered in the race. They are Hiram Parks and C. C. Primm.

The citizens of Brownfield cannot afford to be critical of city management unless the exert their right to vote. All the legal voters of this community are urged to cast their vote for the candidate of their choice.

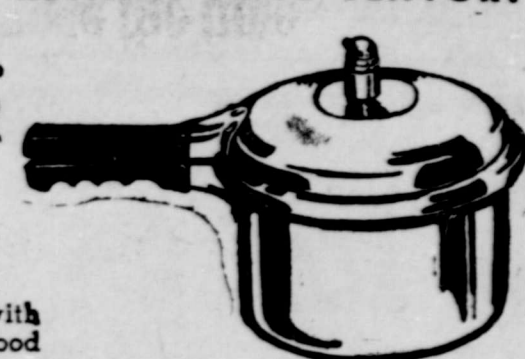

Miss Mary Jones of Nashville Arkansas will arrive here today (Friday) for a visit with her sister Misses Gertrude and Sue Jones.

HIRAM PARKS

WANTS TO BE OUR

MAYOR

His wish to be our Mayor is Based upon a sincere desire to give Brownfield an Administration of Progress and Development

We Want HIRAM PARKS For Our Mayor

BECAUSE WE BELIEVE THAT THE FUTURE IS DETERMINED BY WHAT IS DONE TODAY

Because Hiram's record in Brownfield clearly expresses a genuine interest in the future for Brownfield and upon his public and private declaration that he plans to be a part of it.

Because he believes that the deliberations and official acts of a city government should be supported by the expressed will of a majority of the

voters and upon his promise to submit every important issue for study and determination by the people.

Because it is well and positively known that he owes no allegiance or obligation to any group

with personal or selfish interests in our municipal affairs.

Upon our confidence that he will devote the time and energies necessary to do a good job for us.

And finally, because we believe these energies will be marked by high enthusiasm and a genuine desire to serve.

VOTE "HIRAM PARKS" TUESDAY MARCH 15 CITY HALL.

YOUR VOTE AND INFLUENCE APPRECIATED

(THIS POLITICAL AD PAID FOR BY FRIENDS OF HIRAM PARKS)
