A. With the district races just winding down, it's too early to know. Our Chamber of Commerce is already in touch with prospective playoff teams so there probably will be some played here.

Sheriff Patrick Toombs received the nod of Mitchell County Tuesday in the general election as he received 2,302 votes. Challenger George Oliver totaled 718 running on the Republican ticket.

Mitchell County turned out in large numbers as 68 percent of the registered voters expressed their opinion in this 1992 General Election.

There were 4,542 registered voters and 3,118 votes were cast according to County Clerk, Joan Beach.

Toombs polled 379 votes in precinct 1, 123 in precinct 2, 235 in precinct 025, 352 in precinct 3 and 286 in precinct 4. He added 176 votes in precinct 046 plus 751 votes in early balloting for a total of 2,302

Toombs issued a statement after all the ballots in which he thanked his supporters.

Toombs said "I would like to thank all of the citizens of Mitchell County who supported me over the past months from the March Primary till tonight. I was overwhelmed by the voter turnout. A special thanks goes to those who have stood by me and given words of encouragement when the going got rough. This includes my law enforcement peers. The Sheriff's Department employees and the deputies deserve a thank you for having to endure the undue criticism this election."

"I look forward to serving Mitchell County over the next four years and with the support you have shown, we can't go wrong".

Buddy Hertenberger received 558 votes for precinct three commissioner while George Walker tallied 215 on the Republican side. Hertenberger will be serving his first full term as a commissioner since being appointed to fill out an unexpired term.

TU names new manager

Linda Bean has been appointed as Sweetwater/Colorado City manager for TU Electric.

Ms. Bean succeeds Tim Fambrough, who has retired as District Manager of Sweetwater, and Ben Lancaster, who retired as the Colorado City Manager.

Linda began her career with TU Electric in 1967 in Fort Worth. She has held various positions in customer service and customer operations areas of the company. In 1983 she was promoted to Community manager in north Ft. Worth, where she worked with 5 towns providing service and support to those towns. In 1986, she was promoted to Arlington customer Operations Manager. In 1987, she was promoted to Region customer Service and Operations Manager in Sweetwater.

Linda grew up in Anson, Texas, and attended Hardin Simmons University and McMurry College.

Ms. Bean said, "I am looking forward to working with our customers and friends in this area. Convenience pay stations will be established so that our customers will be able to conduct their business, even more hours than is now available to them. We will continue to occupy our offices at 315 E. Broadway in Sweetwater, and 406 Walnut in Colorado City.

Addresses funding personnel problems

Day Care Center board meets

"No one wants to see the Mitchell County Day Care Center close" was the concensus of that organization's board of directors following a two-hour meeting Monday night which included a 35-minute executive session.

And the board is working to obtain funding to assure the continued operation of the Center.

This meeting was called by the Center's board Monday afternoon to try and squelsh rumors involving finances and personnel that had surfaced toward the end of last week.

Families which use the facility were told Friday that the Center would cease to operate "due to lack of funds". This prompted two other meetings Friday-one around 3 p.m. and then another at 5 p.m.

The agenda for the meeting Tuesday listed one action item-executive session for discussing the director of the Center, Brenda Hammond and two employees whose names were apparently listed on the agenda simply because they were the last two hired at the facility.

Hammond was not at the meeting Monday but the two employees, Julie Atkins and Brenda Taylor asked for an explaination of why their names were listed on the agenda and both told the board "if you are to discuss my work at the Center, then do it in open session".

They were told that their names should not have been listed and what the Board wanted to discuss was "hiring and firing policies in general".

When asked Tuesday morning why she was not in attendance at the meeting, Hammond stated "it was a mutual agreement between myself and the board-we both agreed it would be better that way".

"The board needed to establish authority-to clarify the by-laws", Hammond added.

"We have major personnel problems," Hammond went on to say, "and the board has given me the backing to straighten out all personnel problems-and to pursue all avenues that can help us"

"Basicaly, there are petty problems between the personnel", Hammond said.

When asked if she foresaw any changes in the employees, she replied, "I anticipate changes in personnel".

Ann Gregory has served the Center as the director and now as a board member, stated "the Center was doing fine financially until the Head Start program was added. It is a good program but it is killing us financially."

This was seconded by Kenneth Deckard, executive director of the Community Action Program in Abilene, which is the funding agent of this agency.

Cash flow has caused the Mitchell County Day Center to have many of its present problems.

And a lot of the problem apparently stems from Federal government "red tape". Money for the local Head Start program starts in Dallas, then passes through Coleman and Sweetwater before eventually landing here.

Deckard, in calling for unity on the board of the Center, stated "if there has been some things said in the past-put it to rest-ya'll have too good of a program to let one little thing jeopardize it".

"Employees should remember that they are hired by the director of this agency and not by the board. And if I find out that an employee has taken an administrative problem to the board-then I'll suggest to Brenda that she fire that person!"

Deckard added, "and if I find a board member that's out messing with the staff-I'm going to stop that too".

"I don't see anything major-except financiallly-and all programs like this have them", he went on to say.

Deckard said "some feelings have been hurt-some things have been said-if people had thought about those things a little longer and got proper advice at the time, I don't think this situation would have ever happened".

He summed up his thoughts on personnel by stating "I don't submit this idly-if any member of the staff is having problems with something, go to Brenda".

LORAINE PREPARES FOR IRA: Arthur Garcia rambles against Borden County last week in a losing effort. García scored twice in the game as Loraine hosts the Ira Bulldogs this Friday night with a 7:30 kickoff. The winner of this contest will represent the district as the runner-up.

Appreciation dinner set

Plans are well underway for the Hunter's Appreciation Dinner being sponsored by the Colorado City Chamber of Commerce and the Renderbrook Spade Ranch.

The dinner is set for Nov. 14 from 6:30 till 8 p.m. in the Middle School Cafeteria.

The dinner is being held to show this area's appreciation to the hundreds of hunters who stop in Colorado City and Mitchell County during the hunting seasons.

Tickets are going to be available for $5 to local residents.

Door prizes will be given throughout the night with the purchase of a $1 ticket.

The grand prize will be a .270 caliber rifle with mounted scope, sling, shooting glasses, hearing protectors and a box of cartridges.

Big Lake brings 9-0 record to town

The seventh-rated Reagan County Owls come to town Friday night and are bringing a high-powered offense into Wolf Stadium that has generated 320 points in their nine victories while allowing only 59 to be scored against them.

Last week, they defeated Sonora 42-6 in what was billed in September as the "game of the year in District 6-3A". Since early October though, the Owls have improved every week and Sonora finds themselves only a tie-game out of the cellar.

Head coach Mark Howeth of Colorado City said "Big Lake is an excellent ball club, well-coached and with excellent speed".

Speed and talent can describe the Owls and their coach, Sam Harrell was hard-pressed to name any standouts "because they're all outstanding" he said.

He did point out middle linebacker Nuno Rivero serves as the catalyst of his defensive team while his younger brother, Chino Rivero anchors the defensive line.

The offense is led by quarterback, Jackie Hill while Nuno Rivero runs from the fullback position.

Harrell is in his third year at Big Lake. His first year they went 5 and 4 while finishing a strong 9 and 2 last year.

The Wolves are coming off a loss to Midland Greenwood, 42-8.

The Wolves are expected to be near full strength for the Owls as only Brandon Oden is listed as questionable for the game with an ankle injury.

Kick off is at 7:30 p.m. for the last game of the year.

Ball keeps on rolling

Phil Ball is the winner of the Record's ninth week of the Football Guess Contest.

By coming in first with the fewest misses, he wins $30 in Football Bucks. Dawson McGuffin captured second place and he wins $20 in football money.

Enter this week's contest and make sure your entries are in the Record office by 5 p.m. or postmarked Friday.

CHIEF LONE WOLF

BY JIM BAUM

There's probably no disputing that A. M. K. Sowell grew the first bale of cotton in Mitchell County, but beyond that, very little is certain.

Two pioneers of the county, Judge R. H. Looney and Mayor C. M. Adams, both stalwarts of our town's earliest days, left us their recollections on cotton.

Looney came here in 1881 and Adams in 1883, so both men could speak with first hand knowledge.

Judge Looney said that the first bale was grown in 1888; Adams says it was 1890.

Looney recalled that Sowell grew the cotton on "a few acres" of land northeast of Colorado City. Adams said "this initial bale (was) planted one acre to the crop on land which cost one dollar per acre."

Looney's memory was that Sowell's cotton was taken to Weatherford for ginning. Adams said it was ginned in Abilene.

Both men agreed the bale of cotton was displayed in a bank in Colorado City, but their recollection of which bank and for how long were at odds.

Looney said the bale was "placed in the Colorado First National Bank's window for several years."

Adams wrote that "the bale was returned to Colorado and placed on exhibition in a window of the Colorado National Bank for six weeks."

The remarks by Looney were made in a 1936 interview while Adams was sharing his memories during a 1925 speech in Big Spring. Obviously the two could be excused if their memories were a little foggy some three to four decades after the fact.

It is possible, however, to fine-tune the two versions. For instance, concerning the year the first bale was grown; it was probably 1888, as Looney remembered. Government figures show Mitchell County produced thirty-five bales in 1890, so we'll give the nod to 1888 on that one.

As for where the cotton was ginned, it would appear Abilene was the site, as Adams recalled, not Weatherford. That's based on the fact Abilene had a gin in 1888 and ginned 2000 bales of cotton that year. It just seems logical Sowell would have taken his cotton to the nearest gin, and that was in Abilene.

Speaking of gins, there's also a difference of opinion (or memory) of when Mitchell County got its first one.

"The first gin was erected in Colorado City by J.E. Hooper, the county clerk, in 1900," Looney wrote in 1930.

However, when the current city hall was under construction at Third and Oak, workers unearthed a foundation of what was referred to in the Record as El Hooper's gin. The newspaper stated that the gin had been constructed in 1892, or eight years before Looney remembered Mitchell County having a gin.

The Record offered further documentation when it explained that Hooper had "purchased a gin plant in east Texas and shipped it here."

"It is said," the paper continued, "that the Hooper Gin was the first plant of its kind in Texas to be built west of Abilene."

That sounds detailed enough to be official, so we'll go with 1892 as the date the first gin operated here.

To summarize, A. M. K. Sowell grew the first bale of cotton in Mitchell County in 1888 on land northeast of Colorado City which he purchased for a dollar an acre.

The cotton was taken to Abilene by Sowell where it was ginned and then returned to Colorado City where it was displayed in the window of a bank.

There were a couple of additional tidbits of interest mentioned by Looney and Adams.

Looney said "some cowmen bought the first bale and hired Sowell to take it" to be ginned. And Adams said after the cotton was exhibited in the bank window (for six weeks) "it was then expressed to New Orleans and sold at auction for charity, the sale netting $700."

So, as the gin dust flies again this year in Mitchell Country, it's interesting to look back on the history of the commodity which has been our number one industry for more than a hundred years.

No doubt about it; cotton keeps this county ginnin'.

KELLEY ELEMENTARY CELEBRATION: Kelley Elementary students presented a special program Thursday titled, "Columbus, Pledge of Allegiance Celebration, 1992". A large crowd was in attendance to hear the pre-kindergarten class sing "Our Flag", the kindergarten class sing "When Our Flag Goes By", and the first graders sing "The Flag Goes By". Small businesses can apply for low-interest loans

Businesses depending on farmers and ranchers in some Texas counties can now apply for low interest Economic Injury disaster Loans from the U.S. Small Business Administration (SBA). These loans are available to help businesses meet normal operating expenses that cannot be met due to the effects of a disaster. Excessive rain, hail and high winds which occurred May 1 through June 15, 1992 caused many farmers and ranchers to experience reduced incomes which may have had an adverse economic effect on businesses depending upon these producers. Farmers and ranchers are not eligible for this loan program but may be eligible for disaster assistance through other Federal agencies.

Businesses located in Castro, Crosby, Floyd, Hale, Hockley, Lamb, Lubbock and Swisher Counties affected by excessive rain and hail May 1 through May 31, 1992 have until May 22, 1993 to file an application. Businesses located in Borden, Dawson, Glasscock, Howard, Martin, Mitchell, Scurry and Sterling Counties affected by excessive rain, hail and high winds May 15 through June 15, 1992 also have until May 22, 1993 to file an application. To obtain an application or receive additional information, interested business owners may call the SBA toll-free at 1-800-366-6303 or TD 817-267-4688 for the hearing impaired.

Due to the adverse weather, many producers experienced crop losses and were not able to purchase goods and services at normal levels. Businesses that are dependent upon these producers may have experienced decreased sales, reduced gross profit margins, increased accounts receivable or difficulty in moving inventories at normal levels. To the extent these problems have caused the business difficulty in meeting its normal obligations, these loans may be of assistance. The loan can help a business meet installments on long-term debt, accounts payable and overhead expenses that would have been met had the disaster not occurred. Refinancing of long-term debt, however, is not eligible under this program. The loan is designed for those businesses with substantial disaster-related needs and is intended to supplement monies the business owner can provide from other sources.

Loans may be approved for up to $500,000 for actual disaster-related financial needs of the business. Interest rates are four percent (4%) and terms may extend to thirty (30) years, depending upon the repayment ability of the individual applicant. To qualify, businesses must be small by SBA's size standard. Businesses which can meet their financial needs through other sources are not eligible.

How To Turn Six Numbers Into Six Figures.

Nowhere in the history of the world has there ever been any real significance to the number six.

There were never SIX Musketeers. There was never any movie entitled the Magnificent SIX. Nobody ever says, "Hey, homeboy, slap me SIX." There are no mentions of the big SIX automakers, and so on and so forth.

So, for the first time in the history of the world, lowly SIX is about to be elevated to a much higher level. Elevated, in fact, to millions, in a new type of game. Read on, it gets easier.

LOTTO Texas is a new game from the Texas Lottery. It's fun, it's exciting and it's easy to play.

You pick six numbers from one to fifty, and should you happen to pick the same six numbers that come up during the drawings, then you could win millions of dollars.

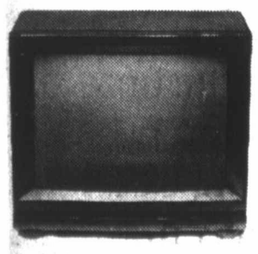

Now, the long version on how to play LOTTO Texas:

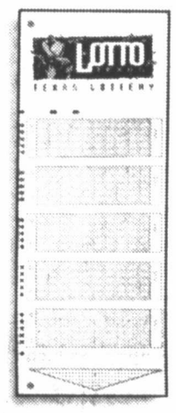

Step number one. *Go to your LOTTO Texas retailer. You can only play where you see the red and yellow sign that says LOTTO Texas. It shouldn't be a big problem. There are thousands of LOTTO Texas retailers all over the state. Look at the lower right-hand part of this page. That is our new logo. (We're quite proud.) Wherever you see that sign, you know you can play LOTTO Texas.*

Still with us? Great.

Step number two. *While you are at the retailer, pick up a playslip. There's a picture of it on this page. You may find the playslip in a*

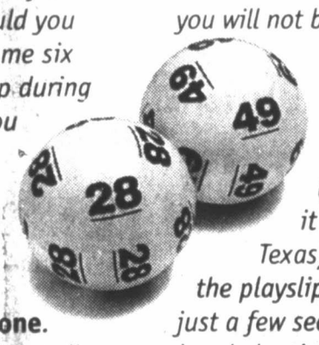

stand called a play station. If not, just ask for one.

Step number three. *(My, we are moving right along now, aren't we?) Choose SIX of the numbers on the playslip from one to fifty. You can also play up to five times on each playslip. You must completely fill in the numbers you choose on the playslip with a BLACK OR BLUE BALLPOINT PEN OR A PENCIL ONLY. The pencil below is free,*

and it will work quite nicely.

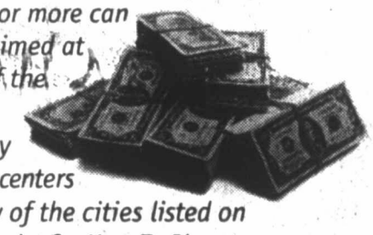

Also, do not erase any of the mistakes you make. Just fill in the VOID box on that play and you will not be charged for it.

Step number four. *(Past the halfway mark.) Take a dollar (that's how much it costs to play LOTTO Texas) and give it and the playslip to the retailer. In just a few seconds, you will be handed a ticket that verifies which numbers you picked. Please remember: sign the back of your ticket so no one else can cash it in.*

Step number five. *You can tune in to the televised drawings on Wednesday and Saturday nights at 9:58 p.m. CST to see how well you did. If you picked all six of the numbers that are randomly chosen on the ball machine, then you could be a millionaire. If you miss the drawing, those numbers will be posted the next day at all LOTTO Texas retailers and in your local newspaper.*

The jackpots are paid out to the winners in 20 annual installments. You can also win second and third prizes by matching five out of six numbers or four out of six numbers. Match three out of six and you'll win $3 automatically. If you win up to $599, you can collect your prize at any LOTTO Texas retailer. All winnings of $600 or more can be claimed at any of the Texas Lottery claim centers in any of the cities listed on the back of a How To Play brochure for LOTTO Texas. (That list is a little long for this ad.) You will also find the odds printed in that brochure. You can claim prizes through the mail, as well, by using a claim form that you pick up from any Texas Lottery retailer. Please make copies of the front and the back of your ticket before you send it in. The Texas Lottery is not responsible for tickets lost in the mail. All prizes must be claimed within 180 days of the drawing.

Finally, LOTTO Texas can be played up to 10 drawings (five weeks) in advance. If you want to play the same numbers for several drawings in a row, fill in the multi-draw box on your playslip with however many drawings you would like to play.

You must be 18 years or older to play. And when you are watching the televised drawings, your heart may pound a little. Your palms may sweat. Please do remember to have fun.

LORAINE PERSONALS

BY LOIS PHILLIPS

Good morning to all at your house. Looks like we are going to have another nice windy day. I guess I'll just have to say to one and all, we need to be very careful about fires. They are very dangerous and spread fast, so don't gamble with one especially if it is a windy day. Call your fire people just as soon as you realize it is spreading too fast for you to control. After all it takes the fire people a few minutes to respond even tho' they rush as fast as they can.

Roy and Wilda McCowan of Abilene came to visit Julia Mathis last Sunday and brought lunch with them. Isn't that great? The McCowans are the late Tommy Mathis neice and her husband. Julia was very glad to see them and have lunch with them.

Cotton stripping is getting underway now. The gins are getting busy, puts more people to work and picks up the cafe business, gas stations, etc. Maybe this will make everything better in the cotton belt.

***

Deer season is here. We really hope everyone will be careful and no one gets hurt. Be sure what you aim at is a four legged deer and not a two legged dear.

***

Halloween has come and gone. We had the nicest bunch of trick or treaters. They were all young kids up to about the 4th or 5th grade. We didn't have any big kids this time. We always enjoy our little visitors.

We will have our last football game of the season this Friday night. I hope we have a large crowd to watch our guys in this game. Yes we know we lost last Friday but lets show them we still love them by being there to cheer them on. Borden county jsut had a very good team and we wish them the best, but we want to win Friday night. Good luck guys.

By the time you read this the election will all be over except there will probably a lot of people who are dissapointed because of the outcome. I feel sure there are a lot of unpaid bills not yet pick-up from it. Anyway whatever happens I'll be glad its over, I am so tired of mud slinging I am sick about it. It seems to me that name calling was about all it amounted to, at least you had to listen to a lot of it to hear any of the better parts of the speakers. Now, lets get busy and make our country the best its ever been. We need to work to make crime and law breaking etc., less than we have seen for years. We need to teach our children and grandchildren to obey the laws of the land, home rules, school rules and whatever else it takes to make a better country to live in and help our kids to want to be the best they can be.

LORAINE SENIOR CITIZENS CENTER

If you visited the center in October you know it was decorated in a cheerful and fun theme with fall colors and Halloween things. Suspended from the ceiling were mobiles of ghosts and skeletons and affixed to the walls were fat orange pumpkins, black cats, black bats and other kooky spooky creatures of midnight.

***

Qwail Dobbs, a well known rodeo clown surprised us with a visit on the 7th. Prior to the noon meal Mr. Dobbs got into costume and face make up and gave out autographed pictures of himself and met the crowd. He showed an interesting video of what all he did during a rodeo to minimize the risks of cowboys getting gored by the bulls. He also did a stand up comic routine that was great fun. He made us laugh a lot and for sure clowns aren't just for kids. Laura and J.M. Lewis claimed Dobbs as one of their own since he lived with them for quite a while when he was a youngster. We hope he plans a return visit.

***

Out of towners visiting the center in October were James Barkley, Doris Hall, Lela Bowles, Qwail Dobbs, Sue Sims, Jack Compton, Larry Smith and Treva and James Quinney. Visitors from the Campaign trail were Patrick Toombs and George Oliver. Virginia Fuller and Erna Lou Burt along with nine other supporters introduced Sue Sims who spoke on behalf of her husband Senator Bill Sims.

Get well cards were mailed to Mary Coffee Audrey Beights and Jap Doyle recently. Sympathy cards were mailed to Camilla Paschalls and family. Their mother Marie Bassham passed away. Also one to the Atwood Sheffields as Billie's mother passed away. Thank you cards were sent to good friends, Irene Hester in Fort Worth and to Robert and Bess Hendricks Miller in Austin.

***

On the 19th our congratulations went to Ralph and Sue Lankford who were celebrating their 59th wedding anniversary. Ralph was quick to point out that Sue was seven and he was eight when they got married. In all honesty they were real young on their wedding day. Ralph and Sue are a fun couple to be around and they have been strong and faithful supporters of the center from the beginning.

***

A mock election was held on the 21st and results showed 12 votes cast for President Bush, 13 for Ross Perot and 48 for Bill Clinton. It was all just in fun and quite interesting.

***

Members having birthdays in October were Theron Henderson, Gus Armstrong, Mary Helen Price, Billie Powell, Howard Clark, Ray Smith and Bill Taylor. Billie Schroeder made the special cake for honorees. One hundred and fourteen people signed the attendance sheet on party day and enjoyed Turkey and Dressing, gravy, english peas, cranberry sauce, pumpkin pie and hot rolls.

'Seventy five seniors received flu shots the 23rd. We are grateful for the efforts of Dr. Kathleen Phillips and nurses Grace Rodriguez and Mary Ann Finch.

***

Now that winter is almost here, colds, flu, and sore throats can't be far behind. Here are some "old time remedies" you might want to try. (Or maybe not!) Some of the following remedies seem to have held up for todays use. Effie Wheeler says Watkins Liniment diluted with water is a good gargle for sore throats, still today. Pauline Smiley says long ago they used sugar and turpentine for coughs and colds. Most of us can relate to that and also to Verlie Liles' remedy of warm salty water for a gargle.

Laura Lewis said their remedy of long ago was an asfiditiz pouch on a string worn around the neck to ward off nearly anything. Willie Rose said her family used a Balmarial tea for internal cleansing.

Mary McMullin said she had a family member who drank hot pepper sauce for a sore throat. Wow! Other answers were hoar hound candy, Vicks salve, sassafrias tea, chicken soup, whiskey tea and lemon. Chest rubs, eating garlic and onions to keep away germs (and other people). And finally, the dreaded Black Draught. This black tea wouldn't cure a cold or flu but would keep you so busy you wouldn't have time to think about how bad you really felt!

If none of the above seemed to work long ago, and one was still sick, the answer seemed to be to hitch up the buggy and go to the doctor!

***

By the time you read this the election will be over and the results known. We hope who ever sits under the presidential seal for the next four years will have a goal for peace, harmony and prosperity, not just for senior citizens bur for all Americans and for the world. Take good care and see you at the center.

Bulldogs to battle for 2nd place in District 6-A

Coach Bob Loy's Loraine Bulldogs face their second big game in a row Friday night as they host the Bulldogs from Ira.

Loraine High School has scheduled a downtown pep rally-weather permitting-on Thursday, Nov. 5 at 6 p.m.

It will be the battle for second place in District 6-A and a playoff spot. Borden County clinched first place and their spot in the state race with a convincing 48-13 win over Loraine Friday.

Both Ira and Loraine have 3 and 1 district marks and share identical 6 and 3 season records.

Ira is seeking its third straight playoff berth in the tilt.

They defeated Trent last week, 68-36, as their senior quarterback Mike Hughes rushed for 223 yards and passed for 222 more.

Loy, in talking about the Borden County game, stated that the Bulldogs just gave up too many points to overcome in playing a team like the Coyotes.

"Borden County is a good ball club," Loy added, "but we didn't execute the way we should have either. Our offense was sluggish and our defense didn't react as they normally do."

Arthur Garcia scored twice-once on a 45-yard run in the third quarter and again with ten seconds left in the tilt.

The kickoff Friday night in Loraine is 7:30 p.m.

CONVERSATION CORNER

BY BARBIE LELEK

While at the water store the other day I saw this woman walking down the street with a bunch of kids following her. I thought I knew who she was but with that PINK hair it was hard to tell! It was Janie Lou Greenlee and her third grade class from Hutchinson Elementary. They were participating in RED ON THE HEAD day, which was part of the fun planned for Dare To Care week. Janie Lou won 1st place in the contest. Other happenings that week were a Stomp Out Drugs day, where the children brought construction paper footprints of their family members which were placed all over the campus. On Red Ribbon day each child tied a red ribbon and a representative from their class placed these all around the campus too. A pep rally was held Thursday in which every class, 3rd-5th participated. The classes either had a banner to show or a skit or cheer to say. Mrs. Seals third grade class banner said "Don't start or you will break my achey breaky heart!" They also lip-synched to the popular song by the same name! On Friday the parents were invited to eat lunch with their youngster and be there to witness the signing of the Pledge paper, where the kids pledged to be drug free.

I had the opportunity to substitute at the Middle School last Friday which was extra fun because it was "Munchie Day"!! All faculty members and other employees bring something good to eat on the last Friday of every month. Yum Yum Gooooooooood!! Because it was the day before Halloween everyone was allowed to dress up. There were so many cute costumes. I wish Mrs. Giddens had told me, I might have wore something goofy too! Gayle Younger was dressed as a little girl, she was cute. I liked Kim Merket's get up, she was a hippie, from her red, white and blue head band all the way to her bell bottom britches!

I know this is the last football game for the High School boys and the Middle School boys are already finished but there are still many mothers who have not yet picked up the buttons they ordered! Please try to do this as soon as possible so the Wolves Booster Club can close out that part of their business!! Thanks. If you didn't order a button of your child and would like one, there are still many pictures of the kids left over, so they could make you one. Please call me if you have any questions.

The Bible Circus at Calvary, the carnival at First Baptist and the Harvest Festival at Christian Fellowship all went very well. Thanks for having something fun that I could take my daughters to and not worry about them. Each place was basically the same with games and prizes for the children to enjoy. There were a few different things each had to offer as well. At Calvary Baptist everything was bible oriented, such as the Slay Goliath booth where one would throw nerf balls at the giant (Steve Manning). You had to hit him in the head to win a prize. There was a dunk for Eve's apple, Esau's wild game hunt too. They also served supper.

***

First Baptist had a hay ride that was always being rained out, a cookie decorating booth and a Little Debbie cake walk, which was run by Janet Mayo. Christian Fellowship entertained a crowd of approximately 50 with a pantamin skit. Those involved in the skit were Rachel Foster, J.J. McBroom, Amanda McBroom, Sarah Brown, Shannon Smith, Connie and Wes McDaniel and Decon (Jim) Magill as the Devil. A puppet skit was also performed.

It was COLD at the football game in Greenwood the other evening but there were still a good many fans that showed up to cheer on the Wolves. Tomorrow's game will be the last for the season (Boooo!) We're proud of ya boys and wish ya luck in Basketball. I don't want everyone to think that I slight the Volleyball girls on purpose, I just don't know what's happening with them, I wish someone would call and clue me in.

The Kelley Elementary kids performed for a large crowd of proud parents, grandparents and friends Thursday afternoon. They were celebrating the 500th anniversary of Columbus' discovery of the Americas and the 200th anniversary of the adoption of the American flag. They all did a marvelous job. Principal Juan Espinoza read the Pledge of Allegience pausing after each phrase. The children would then explain that phrase by singing or acting. It was very good.
