

WHY DR. HATHAWAY CURES.

Reasons for His Marvelous Success—His New, Free Book.

Dr. Hathaway's method of treatment is no experiment. It is the result of twenty years of experience in the most extensive practice of any specialist in his line in the world. He was graduated from one of the best medical colleges in the country and perfected his medical and surgical education by extensive hospital practice.

Enjoying the largest practice of any specialist in the world he still maintains a system of nominal fees which makes it possible for all to obtain his services.

Dr. Hathaway treats and cures Loss of Vitality, Varicocele, Stricture, Blood Poisoning in its different stages, Rheumatism, Weak Back, Nervousness, all manner of Urinary Complaints, Ulcers, Sores and Skin Diseases, Bright's Disease and all forms of Kidney Troubles. His treatment for undernourished men restores lost vitality and makes the patient a strong, well, vigorous man.

Dr. Hathaway's success in the treatment of Varicocele and Stricture without the aid of knife or cautery is phenomenal. The patient is treated by this method at his own home without pain or loss of time from business.

It is positively the only treatment which cures without operation. Dr. Hathaway calls the particular attention of sufferers from Varicocele and Stricture to pages 27, 28, 29 and 30 of his new book, entitled, "Manliness, Vigor, Health," a copy of which will be sent free on application.

Write today for free book and symptom blank, mentioning your complaint.

MARKETS

FORT WORTH.
(Reported by the Fort Worth Live
Stock Commission Company.)

Fort Worth, July 16.—The receipts of hogs on our market today were about like the week previous; the total number of cars sold here were 26 of which we sold 18 cars. The top was practically \$4.90 for straight car lots. We sold two cars at this price and part of a car at \$4.55, several cars \$4.55 to \$4.75. Nearly every car coming to the market now has a few lights and half fat hogs and we are still advising our friends to hold them back as they are worth as much at home as here.

The demand is good for choice butchers' crows; they sell readily at \$2.75 to \$2.85; something strictly choice would bring \$3. We sold several bunches at the latter figure but 3c cows are the exception.

We quote our market as follows: Choice fat steers, \$3.75 to \$4.00, medium fat steers \$3.25 to \$3.50, choice fat cows \$2.75 to \$3.00, medium fat cows \$2.25 to \$2.50, bulls, stags and oxen \$2.00 to \$2.50, canners \$1.75 to \$2.25, choice fat hogs weighing 175 pounds up \$4.50 to \$4.80, light and rough heavies \$4.20 to \$4.55, pigs weighing 100 to 130, if fat, \$3.00 to \$4.00.

(Reported by National Live Stock
Commission Company.)

Fort Worth, July 16.—The cattle market during the past week ruled just about steady while receipts were more liberal than for some time past. There were no good steers offered for sale, but we sold quite a lot of choice cows at 3c, the common grades selling as usual at \$2.25 to \$2.75, according to flesh and quality. We are in need of choice steers and cows. Hog receipts for the week were light, only 25 carloads being received. We look for light receipts and a good market this week and advise you to let your good hogs come, holding back your thin, half-fat hogs and light pigs, as they are selling bad.

We quote our market to-day as follows: Choice fat steers \$3.75 to \$4.00, medium fat steers \$3.25 to \$3.50, choice fat cows \$2.75 to \$3.00, medium fat cows \$2.25 to \$2.50, bulls, stags and oxen \$2.00 to \$2.50, canners \$1.75 to \$2.25, choice fat hogs weighing 175 to 225 pounds \$4.50 to \$4.80, mixed corn fed hogs weighing 150 to 250 pounds \$4.70 to \$4.80, light and rough heavies \$4.00 to \$4.55.

DALLAS.

Dallas, July 16.—Not enough stock came in this week to supply the demand.

Armstrong Packing company quotes: Hogs, choice, heavy packers, \$4.10 to \$4.70; good mixed packing, \$4.30 to \$4.45; light and rough, \$3.70 to \$4.30; fat beef steers weight about 900 pounds, \$3.50 to \$3.75; extra fat cows, \$2.95 to \$3.20; good choice and heifers, \$2.85 to \$3.15; fat to good cows, \$2.70 to \$3.00; feeders, \$2.45 to 2.70; culls and canners, \$2.20 to 2.45; veal calves, light to heavy, \$4.00 to \$4.50; fat bulls, \$2.35 to \$2.60; fat to good bulls, \$2.10 to \$2.35; sheep, good fat wethers weighing 90 pounds and over, \$3.55 to \$4.25.

A. C. Thomas' Stock Yards' report: Hogs, choice heavy packers, \$4.35 to \$4.65; good mixed hogs, \$4.05 to \$4.35; light and rough, \$3.55 to \$4.05; choice steers 1000 to 1200 pounds, \$3.70 to \$3.90; choice steers 800 to 900 pounds, \$3.50 to \$3.70; choice steers 600 to 750 pounds, \$3.00 to \$3.25; choice cows and heifers, \$2.50 to \$2.85; fat to good cows, \$2.35 to \$2.60; choice bulls, \$2.00 to \$2.25; fat to good bulls, \$1.50 to \$2.00; veal calves, \$3.75 to \$4.00; choice mutton, 90 to 110 pounds, \$3.75 to \$4.00; choice mutton, 65 to 85 pounds, \$3.25 to \$3.65.

HOUSTON.
(Quotations furnished by the Box-
Bell-Saunders Commission Co.)

Houston, July 13.—Choice beefs, \$3.55 to \$3.60; medium beefs, \$2.75 to \$3.00; choice cows, light, \$3.00 to \$3.25; choice cows, heavy, \$2.75 to \$3.00; medium cows, \$2.60 to \$2.75; common cows, \$2.25 to \$2.50; bulls and stags, \$1.75 to \$2.00; work oxen, \$2.25 to \$2.50; choice yearlings, \$3.00 to \$3.50; medium yearlings, \$2.75 to \$3.00; common yearlings, \$2.50 to \$2.75; choice calves, \$4.00 to \$4.25; common calves, \$3.25 to \$3.75; choice muttons, \$3.50 to \$3.75; corn fed hogs, tops, 150 pounds up, \$4.50 to \$4.75; mated fed hogs, \$2.75 to \$3.00.

SAN ANTONIO.

San Antonio, July 14.—Beef, \$3.25 to 3.75; cows, 2.50 to 3.00; yearlings, 3.00 to 3.00; calves, 3.25 to 3.60; stags, 2.25 to 3.00; bulls, 2.25 to 2.50; sheep, 3.25 to 3.60; goats, 2.25 to 2.50.

KANSAS CITY.

Kansas City Live Stock Exchange, July 14.—Cattle receipts this week 33,000; for the corresponding week last year 33,000. The constant increase in volume of grass cattle and liberal supply of dry lot kinds caused a slump in prices this week amounting to from 20 to 25c on steers, while butchers' cows and veal calves were in higher supply and the higher values established last week were fully maintained. HOUSTON, TEXAS.

quarantine division the supply was very heavy and prices decidedly lower. All classes of steers participated in the decline and prices are fully 20c and in many cases 25c lower. Slaughtering was fairly active, steady prices. Stockers and feeders continue slow sale at unchanged values.

Heavy native steers are bringing \$5.00 to \$5.60, light weight steers \$4.60 to \$5.30, stockers and feeders \$3.50 to \$4.55, butchers' heifers \$3.75 to \$5.00, butchers' cows \$3.20 to \$4.25, canners \$2.50 to \$3.25, westerns \$4.00 to \$5.30, fed Texans \$4.00 to \$4.85, grass Texans \$3.20 to \$4.00.

Hog receipts for the week 78,000; for the corresponding week last year 53,000. Heavy supplies for this time of the year; the quality is good; prices to-day were steady with last week's quotations and are now about \$1.00 per hundred higher than same time last year. Sales to-day: Heavy hogs \$3.20 to \$5.30, mixed \$5.12 to \$5.25, lights \$5.05 to \$5.20, pigs \$4.70 to \$5.05.

Sheep receipts for the week 10,000; for the corresponding week last year 16,000. The week's business was generally more satisfactory than for several weeks. Fat lambs show more strength than other grades and are 25c to 50c higher than last Saturday, while sheep are only about 10c higher. Stockers and feeders active and in good supply. Lambs \$5.25 to \$6.00, yearlings \$4.50 to \$4.60, Western muttons \$3.75 to \$4.25, Texans \$3.70 to \$4.00, feeders \$3.25 to \$4.00, culls \$2.50 to \$3.25.

Kansas City, July 16.—Cattle: Good desirable killers steady; few green butchers a shade easier. Heavy native steers \$4.80 to \$5.30, stockers and feeders \$3.30 to \$4.50, butchers' cows and heifers \$3.20 to \$4.50, canners \$2.50 to \$3.25, Western \$4.00 to \$5.00, fed Texans \$3.95 to \$4.55, grass Texans \$2.90 to \$3.90. Hog market fair, active and steady to 5c lower. Heavy \$5.15 to \$5.25, light \$5.05 to \$5.12, pigs \$4.45 to \$5.00. Sheep supply mostly complete. Market steady to a shade lower. Lambs \$5.00 to \$6.00, muttons \$3.50 to \$4.20, Texans \$3.45 to \$4.00, feeders \$3.00 to \$4.00, culls \$2.50 to \$3.25.

(Reported by the Mallory Commission
Company.)

Kansas City, July 13.—Receipts of cattle in the Texas division have been very heavy this week. Bulk of the steer stuff selling at 40c per cent per hundred lower than last Monday. Good cow stuff is selling steady to a shade lower. Veal calves 25 to 50 cents per hundred lower than 10 days ago.

Receipts of hogs have increased quite a good deal over last week's record weather through portions of Kansas and Nebraska which is forcing hogs on the market, and if it continues dry through that section the country and the price of corn holds us up. We are inclined to think that the receipts will continue heavy for the next week or ten days, and we do not expect much of an advance if receipts continue heavy.

Among the sales of Texas cattle at Kansas City last Friday were the following: J. D. Jackson, Alpine, Tex., 23 bulls 114 pounds at \$2.60; E. F. Dawson, Odessa, Tex., 56 steers 700 pounds, 20 steers 671 pounds and 72 steers 734 pounds, all at \$2.75; Gage & Moore, Beville, Tex., 18 steers 880 pounds at \$2.80, 50 steers 869 pounds at \$4.10; 18 steers 800 pounds at \$3.15 and 17 cows 1085 pounds at \$3.05; R. L. Williams, Minco, I. T., 44 steers 833 pounds at \$3.25 and 11 cows 700 pounds at \$2.80; J. S. Todd, Checotah, I. T., 22 steers, 1146 pounds at \$4.15, 23 steers 1133 pounds at \$4.05 and 12 steers 1113 pounds at \$4.05; A. P. Rachal & Co., Caddo, I. T., 178 calves 174 pounds at \$4.75.

CHICAGO.

Chicago, July 16.—Cattle market generally steady to 5 to 10c lower. Butcher stock steady. Western range sold up to \$4.75. Natives, best on sale to-day, two cars, August, at \$5.70, good to prime steers \$5.00 to \$5.70, poor to medium \$4.50 to \$5.00, selected feeders steady at \$4.00 to \$4.75, mixed stockers \$3.00 to \$4.00, cows \$3.00 to \$4.70, heifers \$3.00 to \$4.00, canners \$2.00 to \$2.80, bulls \$2.30 to \$4.60; calves steady at \$4.50 to \$5.00. Texans, best on sale to-day, 17c cars, at \$4.50, Texas fed steers \$4.00 to \$5.00, Texas grass steers \$3.25 to \$4.00, Texas bulls \$2.50 to \$3.25. Hog market steady. Mixed and butchers \$5.05 to \$5.40, good to choice heavy \$5.10 to \$5.40, rough \$4.95 to \$5.05, light \$4.10 to \$4.50, bulk of sales \$5.25 to \$5.35. Sheep and lambs dull and 10 to 20c lower, except for choice lambs. Good to choice wethers \$4.00 to \$4.40, fair to choice mixed \$3.50 to \$4.00, Western sheep and lambs \$3.75 to \$4.50, Texas sheep \$3.00 to \$4.00, native lambs \$4.50 to \$5.85, western lambs \$5.00 to \$6.20.

ST. LOUIS.

St. Louis, July 16.—Cattle market steady to a shade lower. Natives and export steers \$4.60 to \$5.65, dressed beef and butcher steers \$4.55 to \$5.25, steers under 1000 pounds \$3.35 to \$4.80, stockers and feeders \$2.50 to \$4.80, cows and heifers \$2.00 to \$4.80, canners \$1.50 to \$2.50, bulls \$2.50 to \$4.50, Texas and Indian steers \$3.10 to \$4.85, cows and heifers \$2.50 to \$4.15. Hog market 5c lower. Pigs and lights \$5.20 to \$5.30, packers \$5.15 to \$5.30, butchers \$5.30 to \$5.27 1/2. Sheep steady; native muttons \$3.45 to \$3.50, lambs \$5.25 to \$6.25, culls and bucks \$2.00 to \$4.00, stockers \$3.50 to \$3.85.

GRAIN MARKET.

Dallas, July 16.—There has been little change in the grain situation this week. Wheat No. 2 is quoted at 65c; corn, Texas shelled 42 to 44c, ear 45c; oats 25 to 26c; hay, prairie, new \$6.00 to 7.00; Johnson grass \$6.00 to 7.00.

Galveston, Tex., July 16.—Wheat receipts this season 4011 cars; last season 1279; stock 2,235,412 bushels. No. 2 red 73c.

Chicago, July 17.—Wheat—There was a further early liquidation in wheat, induced partly by continued weakness in corn, which carried the prices down to the low point so far. Later it rallied sharply and is now fractionally better than last night's close. The cables only responded partially to the decline here yesterday. At the moment the market is much stronger and the decline ought to be over for the present. Demand for the new wheat in the Southwest markets is good and at a premium of one cent over September. In Minneapolis cash wheat is also selling at a premium on good milling wheat. The first car of new wheat is reported sold

to arrive in that market to-day from South Dakota. This is a very early arrival.

Receipts continue small in the Northwest and very liberal in the southwest. Primary receipts 744,000 against 1,120,000 last year; shipments 406,000 against 205,000 last year. Buist's report shows world's visible to decrease 2,900,000 bushels the past week. This is a decrease of nine millions in two weeks, or at a very rapid rate.

Porn—There was further liquidation of long corn to-day, which carried the price off sharply. This has been partially regained. Country acceptance of corn was again liberal and it seems to have given the market its upward tendency. There was again a good shipping demand, about 500,000 bushels being taken for export here. Total export sales yesterday were somewhere from 1,500,000 to 2,000,000 bushels here and there.

ed that the recent rains insure a good crop of corn everywhere. We are, however, receiving some mild suggestions from the Southwest and perhaps a part of the damage that has been done is irreparable. The liquidation has been general and heavy and with a continuation of the shipping demand that we have had the past month, the market should exhibit some improvement. Primary receipts 675,000 against 754,000 last year. The shipments 446,000 against 900,000 last year.

Stock.....152,252

PRODUCE MARKET.

Dallas, July 16.—Poultry—Chickens, per dozen, old hens \$2.50 to \$3.00; turkeys, \$2.00 to \$2.50; geese, per dozen, \$2.00 to \$2.50; ducks, per dozen, \$2.00 to \$2.50; eggs, fresh, 45c; butter, country, 40c to 42c.

Kansas City, July 16.—Eggs firm; fresh Missouri and Kansas stock 3 1/2c; Southern eggs 6c.

CROP CONDITIONS

Chicago, July 17.—The weather bureau report of crop conditions issued to-day says: Louisiana—Frequent showers interrupted and further delayed work of clearing fields; where clean cotton running to stalk and fruiting little, much still in weeds.

Texas—General showers from the 14th to 16th inclusive, excessive in places; cotton growing nicely; plant very uneven; some just out of ground; early planting of cotton, except in the scattered localities, Mexican weevil and boll worm doing some damage.

Arkansas—Light showers general; more rain needed; considerable progress made in clearing crops; cotton generally small, but promises fair where properly cultivated; much left in grass and weeds.

Mississippi—Favorable weather for cultivation; showers needed; cotton improved; color better; weevil and boll worm doing some damage.

Alabama—Temperature slightly deficient; too much rainfall in some middle and southern counties; cultivation progressing rapidly; outlook improving, though cotton small, poorly fruited and some shedding.

Georgia—Plenty of sunshine and scattered showers; cotton well benefited; cotton small, but improving and fruiting slowly; some fields still grassy.

Florida—Local heavy rains retarded and damaged cotton, which is less favorable; much complaint of slow growth and little fruitage.

South Carolina—Weather favored normal crop development, although some localities need rain; fields now generally clean; cotton improving slowly; yellow in light soil, but generally fruiting well, with few reports of shedding.

North Carolina—Insufficient showers Thursday; drought becoming serious throughout central and eastern portions; all crops deteriorating; cotton still healthy and setting fruit freely.

Tennessee—Week very favorable for growing and cleaning crops; weather generally fair, with temperature about normal; cotton worked and generally in promising condition.

The census guessing contest will soon be closed by the official announcement of the result of the census. Send in your guess at once. It may mean \$15,000 to you.

Raising Swine.

SMALL BREEDER AND FEEDER.

Why is it that we read so little about the methods of the small breeders and feeders? They furnish the great bulk of live stock shipped to Chicago and the other great markets of the earth. Almost every journal we pick up has something in it about the men exclusively engaged in raising high bred animals to sell exclusively or breeding purposes. Their animals are high bred, high fed and are high priced, too high to sell in the common market for common purposes.

HORSE.

M. W. Warren of Rock Springs, Tex., recently sold all of his stock horses at \$15 a head.

J. L. Wade of Independence, Pecos county, bought 20 bred mares of J. W. Friend of Ozona, Tex., at \$20.

The day Young Sentinel was twenty years old he trotted an exhibition race at Hastings, Neb., against Counsellor, 2:22 1/4, and won.

The Kansas State Fair races having failed to fill properly, the management has opened a new list of purses, entries to which close Aug. 1.

Axtell gets a new 2:15 trotter, as well as a new standard performer, in the bay gelding Axtell, dam Netha by Combat, the gelding winning the 2:30 trot at Redville, July 2, in 2:15 1/4, 2:15, 2:15 1/4.

It is reported that the bay mare Valinda by Alcoe, with a pacing record of 2:14, is being prepared for a ringling expedition. She has had her tail banded and been shipped down the Ohio river.

The Electioneer stallion, Alta Vela, 2:14, whose record was secured at one of the best meetings of 1900, has been placed in active training, and is expected to secure a record of 2:15 or better before the season closes, as he has already worked miles in 2:15.

The horses in the stable of Hon. J. W. Bailey, in charge of Harry Benedict, were shipped to Tiffin, O., recently. Benedict has about a dozen head, among them the pacer Brady Russell, who was easily raised and quick to mature. He settled on Poland China slightly crossed with Chester White. And he must have concluded wisely for I know that his hogs for years have ranked among the very best in the country. I have heard shippers say his stock has topped the market again and again in Chicago. He breeds and feeds exclusively for the home market. He changes the sires only occasionally, believing that old sires get stronger pigs than young sires, but he never inbreeds, and he says there is no advantage in keeping old sows. The young sows will, while raising their pigs, gain enough to pay for care and feed, while the old ones will gain nothing, hence it is economy to put off the old and keep the young. He feeds principally corn and oats, especially clover hay, and John W. Henry, who considers oats the best milk producer. He is also very careful about the farrowing time, always arranging to have his sows bring forth their pigs between the first of April and the middle of May. He keeps the young pigs where they have access to clover pastures, with dry quarters to sleep, and does not let them run where there are mudholes for them to wallow in. During the thirty years he has been turning his attention to the raising of hogs he has watched closely the health and thinks much of the sickness among hogs is caused by allowing them to become contaminated. When he discovers the slightest indication of contamination he feeds wood ashes and salt liberally, and has always been successful in checking the disease, and he says he never fails when nine months old. Usually his hogs averaged 300 pounds at that age, and as a rule there is a carload of them, but to get such results he is diligently going among his hogs every day himself, never trusting them to hired men, and he does not keep the culls and sell the best, but selects the best always to breed from. Each year he has been guided by this idea of selection in the way he desires to go, and has at last reached what he desires and is satisfied with the quality and weight attained. He does not think it advisable to let them wallow much in mudholes. His young pigs always have access to clover pasture and dry sleeping quarters; has never had but one brood of motherless pigs to raise, then the mother's death was caused by her being shut out from her pigs during a whole day when they were only a day or two old. It is his opinion that the mother of pigs should never be allowed to get uneasy, but should be kept in as quiet a manner as possible. He cannot understand why any one observing the above rules should not be successful in raising swine.

The gray mare, Clara Winn, 2:20 1/4, by Silkwood, 2:07, is in the training stable of J. S. Hildreth, of Taylor, Tex., and is reported very fast. In the same stable is Stammer, 2:29 1/4, by Lord Russell, who will be raced again the present season with a view to reducing his record.

PATCHEN'S FAST MILE.—The fastest mile thus far made this season, and the fastest ever gone in Canada, was paced on the Windsor track, July 12 by Joe Patchen. The black stallion also went one of the fastest quarters ever seen, covering one of his last quarter miles in 29 1/2 seconds, a 1:58 gait. The match race between Patchen and John R. Geary
