Garner Scores Republican Administration In Reply To President's Speech

SOUND BUDGET IS NECESSITY, SPEAKER SAYS

Leader of House Accuses Administration Of Hiding Facts

SETS OUT PROGRAM

Texan Charges G. O. P. Failed to Assist in Balancing of Budget

NEW YORK, Oct. 14. (AP)—Replying to the Republican attacks, Speaker John N. Garner tonight charged the Hoover administration with concealing the true financial condition of the country during the crisis and declared the greatest need of the United States is a "budget balanced by careful economy and scientific revenue."

"We have at this moment every element to promote prosperity except one," the Democratic vice presidential nominee declared in a nation-wide radio address. He spoke from New York.

"That one thing is confidence in our credit structure. To my mind the most needful thing is to put our financial house in order. I want to see our budget balanced by careful economy and scientific revenue.

"I say, the mement that is done, money will flow here from all the world and from all domestic hands, seeking safety and employment."

Administration at Sea

The speaker said that during the recent budget-balancing efforts, the "record shows that the administration was either hopelessly at sea as to the actual treasury situation for two years or else deliberately concealed the true state of affairs.

"The aspect most disturbing to American credit was that this government had sat in concealment and inaction for two years and had allowed the world to believe that its finances were sound."

Declaring that in his opinion it is "the administration's murky, involved and obscure financial policy that is responsible for much of the continued uncertain condition," the veteran Texas congressman said:

"Now I submit that the record shows a Democratic congress determined and willing to go the limit for a balanced budget. It shows that the purpose has been frustrated by the same methods this administration has practiced for three consecutive years.

Budget Not Balanced

"The budget is not balanced. The whole job must be done over."

The speaker's address was considered by Democratic leaders as his first major pronouncement of the campaign.

It was devoted almost entirely to the activities of this congress.

The speaker set out the congressional emergency program in three parts—the balancing of the budget; the "purely financial measures" to support credit; and the measures to relieve unemployment "and insure against human misery."

"The cold print of the record," Speaker Garner said, "shows that on the very heart of the whole program—the balanced budget—the Democratic congress did all that it was possible to do and that the Republican administration frustrated their action by supplying misleading statements."

In the fight for the balanced budget, Garner added, "the Republican administration did not raise a finger to help."

The vice presidential nominee said the financial measures were "coalition enactments, passed through congress with perfect accord and practical unanimity. For these things neither the president nor congress is entitled to exclusive credit."

Hunger Loans Forced

"For the humanitarian part of this program," the speaker declared, "The administration has no credit. The provision for hunger loans and self-liquidating construction were exclusively of Democratic origin and literally forced through over the administration's stubborn resistance. . . .

"I say that if you balance the routine budget of ordinary expense and revenue, fairly and honestly and openly, and principally by the plan proposed in the Democratic platform of a 25 per cent reduction

Here are the boys and girls who will furnish a good part of the thrills and color slated today at the annual clash between the Quanah and Wichita Falls football teams. No. 1 is Burns McKinney, flashing halfback and an accurate tosser of passes. No. 2 shows Capt. Ed Greenwood, Coyote captain, this year playing the best football of his career. No. 3 is Preston Thompson, big bruising fullback, booting one high and far. Thompson, a first year squad man, will carry the brunt of the Coyote kicking and plunging attack.

No. 4, below is Cleo Creecy, fast-stepping halfback who is poison to tacklers once he gets free in a broken field. No. 5 is the diminutive but scrapping J. Z. Powell, Coyote quarterback, and the director of the Coyote strategy. No. 6 shows Charlie Hurd, outstanding recruit of the 1932 squad, in the act of grabbing a pass. Hurd is playing a great game at end and can pick the leather out of the air in no mean fashion. The Coyote "W" is being formed by 100 pretty girls of the high school pep squad—and they're half the show at any game. (Names of pep squad members, yell leaders and directors on page two today.)

TWO CONCERNS STAND FLATLY AGAINST HIKE

Standard of Indiana And New Jersey Refuse To Join New Price

CLAIM CHALLENGED

Midcontinent Newspapers Deny Statement Made By Stanolind

TULSA, Okla., Oct. 14. (AP)—Two major purchasing companies were aligned against the field today in what appeared to be a war to the finish over crude price making and the basic theory involved in upward or downward revision of the price structure.

The Standard Oil company of Indiana, through its purchasing unit, Stanolind Crude Oil Purchasing company, stated today that it would not agree to the current price advance that has gained recruit after recruit over the past four or five days.

Executives of the Carter Oil company, subsidiary of the Standard Oil company of New Jersey, while refusing direct quotation, declared their company was in much the same position as the Indiana Standard.

Others Join Raise

While these two companies, which purchase half the crude oil produced in the Midcontinent area, were withholding any advance, virtually every other company of consequence operating in the Midcontinent had announced it would pay increased prices for crude oil beginning at 7 a. m. tomorrow.

The basic theory of fixing crude prices involved is the question of whether the scale of prices shall be based on the cost of crude or whether crude prices shall be based on the price obtained from sale to gasoline and other derivatives.

The Continental Oil company of Ponca City set a precedent by its championing of the former practice last April, while the Standard of Indiana has been the chief exponent of the latter.

Sinclair Stands Pat

Learning of the Indiana Standard's statement this afternoon, officials of the Sinclair-Prairie Oil Marketing company, Consolidated Oil corporation purchasing agency, said the move would have no effect on their decision to advance crude prices.

Large companies that joined in the advance initiated Monday and Tuesday by Sun Oil company in Texas, and Sinclair-Prairie and Barnsdall Refineries, Inc., in Oklahoma and Kansas, today included the Magnolia Petroleum company of Dallas, a Socony-Vacuum unit, and the latter's Kansas subsidiary, the White Eagle Oil corporation of Pittsburgh.

Independents Go Up

Smaller companies continued to post increased prices today. The Skelly Oil company, which buys only in Kansas, announced it would pay the new scale of 88 cents to a $1.12 a barrel for all grades of crude.

Standard of Indiana's statement today declared business conditions in the oil world do not warrant even present prices and "will not support" an increase.

"Although producers are making commendable efforts to control their problems," said the statement, "crude still is being produced in excess of demand. Some is being run illegally and sold at prices that jeopardize the posted price structure. Refineries are manufacturing more gasoline than is needed. Many are dumping at cut prices."

NEWSPAPERS REPLY TO STANOLIND

DALLAS, Oct. 14. (UP)—Challenges of every statement made by the Standard Oil company of Indiana in its refusal today to meet the price of $1.10 per barrel for crude oil posted by a number of major companies will be published tomorrow morning in the Tulsa World, Tyler Telegraph and other newspapers in midcontinent and East Texas oil centers.

Notified of the refusal of the Standard of Indiana to meet the increase, posted first by Sun Oil company and followed by Sinclair, Gulf, Magnolia, Texas, Continental and others, Carl L. Estes, Tyler publish-

HIRAM JOHNSON WON'T SUPPORT G. O. P. NOMINEE

California Progressive To Stand by Principles Above Party

SAN FRANCISCO, Oct. 14. (UP)—Hiram Johnson, United States senator and for 21 years acknowledged leader of the progressive wing of the Republican party in California, flatly refused today to support the candidacy of President Hoover for re-election.

Democratic leaders, already cheered by Johnson's praise of Franklin D. Roosevelt's "progressivism," lost no time in declaring that his action today gave them added hope of carrying the president's home state for his Democratic opponent at the Nov. 8 election.

Schism Probable

Even with Democratic registration making phenomenal gains this year, Republican strength in California is in a vast majority. Johnson's action, Democratic campaign managers hoped, might create a schism between progressive and regular Republicans. The senato however, did not mention Roosevelt in his statement today.

"I cannot and will not support Mr. Hoover," Johnson wrote in a reply to a telegram from southern California editors, urging him to issue a statement in support of the Republican national and state tickets.

"I have publicly expressed my views upon national policies and concerning the present administration upon the floor of the senate and otherwise," he said. "I had assumed these were known, particularly to Californians, and that there was no necessity again to express them in this campaign.

Two Philosophies

"For many years in the politics of this nation two distinct political philosophies have constantly clashed and in the present economic crisis these two conflicting philosophies stand out one against the other in bold relief. On the one hand is the progressive, on the other, the ultra-conservative.

"I am a progressive Republican; Mr. Hoover is not."

Progressives, Johnson continued, "believe this government belongs to all its people, not to a favored few, and that it should be administered equally and impartially from all, high and low, rich and poor alike.

"The stand-patter, paying lip service to common humanity, makes a mock of his words, by his court of special classes, and his subserviency to special interests, and his

NORTH TEXAS RELIEF OKEHED

W. T. C. C. Turns Requests Over to R. F. C.

Special to The Record News.

AUSTIN, Oct. 14.—Gov. Ross S. Sterling today approved the $727,000 relief appropriation budget for 89 West Texas cities and counties, embracing 980,000 population, presented to him by officials of the West Texas Chamber of Commerce. The applications were turned over to Robert W. Kelso of the Reconstruction Finance corporation by President Wilbur C. Hawk, Amarillo, vice president Walter D. Cline, Wichita Falls, and Manager D. A. Bandeen, Stamford, of the West Texas Chamber of Commerce.

Cities and communities in the Wichita Falls area, and amounts asked in this budget included:

Wichita Falls, City, $50,000; Iowa Park, city, $20,000; Henrietta and Clay county, $8,080; Bowie, city, $5,000; Vernon and Wilbarger county, $11,800.

LOAN ALLOWED TO NINE COUNTIES

WASHINGTON, Oct. 14. (US)—The sum of $237,000 was loaned today by the Reconstruction Finance corporation to Texas to meet emergency relief needs in nine counties until Nov. 15.

In granting the loan the corporation warned Texas that this in no way diminished the state's responsibility in taking care of its own destitute citizens.

The counties are Harris, Tarrant, Jefferson, Travis, McLennan, Anderson, Robertson, Bexar and Potter.

COUNTY FAIR AT IOWA PARK CLOSES TODAY

Burkburnett and 4-H Club Day Observed Friday At Exposition

Special to The Record News.

IOWA PARK, Texas, Oct. 14.—Wichita county's annual fair is drawing increased interest as it progresses. Friday, the third day, drew even larger crowds than the preceding two days.

Citizens of Burkburnett and members of 4-H clubs of the county flocked to the fair, observing Burkburnett and 4-H club day. Club boys and girls and talent from Burkburnett provided the day's entertainment.

Cowboy Band Plays

A chief attraction was the Burkburnett 100-piece Cowboy band. Farm club boys and girls contributed a number of specialties.

New awards were announced Friday, including those in the agricultural and livestock divisions and the aged women's work and community exhibit divisions.

The fair will close Saturday. The morning has been designated negro day. The afternoon is Wichita county and special guests day.

With the conclusion of the exhibition, fair officials believe it will mark the most successful of the four fairs held here.

The booth of aged ladies' work, under the supervision of Mrs. L. N. Lochridge, held groups of interested visitors who inspected articles on display. A "four-patch" quilt, entered by Mrs. Melvina Mills, 92, of Iowa Park received second in the hand-pieced quilt class. Mrs. Mills recently finished this entry for display at the fair.

Knitted Lace Entries

First award for appliqued quilt was received by Mrs. F. S. Wiltshire, Burkburnett, who entered a French gingham, appliqued design of roses, in rose, yellow and green. Mrs. Alice Trice, Iowa Park, had

MEMPHIS BIDS FOR BRATTON

Fashionable Tenn. Church Invites Rector

The Rev. William DuBose Bratton of Wichita Falls, rector of the Church of the Good Shepherd, has been asked to become rector of the fashionable Grace Episcopal church of Memphis, Tenn., according to Associated Press dispatches to The Record News Friday night.

The Rev. Mr. Bratton could not be reached Friday night for comment on the invitation. He is scheduled to arrive in Wichita Falls Saturday from Dallas where he attended a supper for laymen of the diocese of Dallas Friday night. Mr. Bratton went to Memphis earlier this week to confer with leaders of the Grace church. He had asked time to consider the assignment, the dispatch said.

Phillips Petroleum Adopts Five-Day Week

BARTLESVILLE, Okla., Oct. 14. (AP)—The Phillips Petroleum company today announced it would adopt the five-day week plan, effective Nov. 1. Employes receiving less than $100 a month will not have their salary cut, while those receiving over $100 will get less pay in accordance with the reduction in hours.

All necessary new employes will be taken at 25 per cent less than the reduced rates. No salary will be cut more than 12 per cent. Each department will maintain skeleton organizations on Saturdays and Sundays.

The company announced that contractors it employs must agree to adopt the five-day plan.

Girl Carries On Show After Lion Claws Shoulder

DALLAS, Oct. 14. (UP)—Youthful Marjorie Kemp, dark-haired animal trainer, late today staged a performance in keeping with the old circus tradition—"the show must go on."

The girl, her shoulder ripped and bleeding after a lion had attacked her during an exhibition at the Texas state fair, aided in whipping the animal into submission.

"Don't leave, the show will go on," she told the terror-stricken audience of 100 persons. Although blood dripped from her torn shoulder, she assured them that "nothing is wrong."

Miss Kemp's exhibition was reaching the climax, where she rides with the lion in a miniature automobile around an upright motordrome, when the beast, named Sultan, suddenly went berserk.

The car had just started moving around the steep banks of the bowl when the lion struck.

Three times it struck with its mighty, flashing paw and claws The girl's shirt was partly torn away; her shoulder deeply gashed.

Assistants rushed to her aid. From one, she seized a whip and drove the maddened lion back into its cage.

Her wounds bandaged, she herded the beast into the car and proceeded to drive with him around the track.

Later, she was taken to the hospital. Her wounds are not dangerous unless infection sets in, physicians said tonight.

800 VISITORS EXPECTED FOR BIG CONTEST

Colorful Crowd to Witness Dedication of New Stadium Here

By FRED THOMPSON
Record News Sports Editor

The Indians, the Indians,
The Redskins brave and bold
Intend to fight
With main and might
And knock the Coyotes cold.

The Jefferies Pack aspires to smack
'Em right between the lamps
And sink the gridiron tomahawk
In Quanah's district champs.

Whether Brother Shakespeare is lurching in his grave at the above incantation cuts little ice around here. Whatever the literary merits of this gory composition, it represents to the last "W" and "Q" what the Indians and Coyotes hope to accomplish this afternoon as Quanah and Wichita Falls meet in their annual football game.

Aside from the little massacre, the event at Coyote stadium today will be significant and interesting in other respects. The stadium, a testimonial to Wichita Falls' loyalty to school athletics and sportsmanship, will be dedicated in a brief ceremony beginning at 2:30 o'clock. The game itself is the "homecoming game" for Wichita Falls ex-students, assembled in the city in their first annual reunion. The contest between the two teams will be the biggest and most bitterly-fought conference game this season on home grounds. And it will be the first championship game of the year for Dan Stallworth's boys, who romped off with the title last year.

All Roads Lead to Stadium

Wichita Falls is properly attuned to the spirit of "Let's Go Athletic," as the old town was last year when the Braves journeyed hither to mop up on Barry Holton's aggregation. The annual giant pep rally was

OIL PRICE WAR LINES FORMED

Standard Companies Defy Other Concerns

(Continued From Page One)

er immediately communicated with a number of Oil City publishers.

After a telephone conversation with Eugene Lorton, publisher of the Tulsa World, Estes said Lorton would carry a challenge statement in which he (Estes) and others concurred, in tomorrow morning's issue.

Deny Overproduction

The statement will say:

"Authorities entirely familiar with all angles of the oil situation challenge every statement made by the Standard of Indiana in stating the reason that company will not advance its posted prices. It is emphatically denied and official statistics will support the denial that crude is now being produced in excess of demand.

"With the heavy cut made in Texas, Oklahoma and Kansas, totaling more than 150,000 barrels daily, current production is actually below current refinery runs.

Illegal Runs Stopped

"It is also pointed out that illegal production in excess of allowabies has been completely stopped by energetic measures adopted in Texas and Oklahoma. The strict policing of the East Texas field under a special force of 50 has, it is stated, entirely removed this menace. Elimination of illegal production in Oklahoma is equally thorough. The immediate result has been shutting down of many small refineries that cannot operate except on cut priee crude.

"If the Indiana company is, as it states, sincerely desirous of seeing producers, receive a satisfactory price, it need only follow the example set by such large purchasers as Gulf, Texas, Magnolia, Sinclair, Continental, Phillips and many others including several Standard subsidiaries.

"At the present time the Standard of Indiana is the only important oil company that is in opposition to a measure universally believed vital to the salvation of the industry.

Refined Oil Situation

"It is admitted refined products are not selling for a price that justifies an increase in crude. On the other hand a fall in price of crude would inevitably mean further reductions in refined prices, while an increased price of crude will just as surely lead to a stabilization of prices of gasoline and other products.

"While agreeing with the Indiana company that fundamental conditions must be corrected, it is pointed out the company statement might have had some basis in fact two weeks ago but has none at all now in view of the stopping of illegally produced oil and the heavy cut in production.

"If it is found that the present production is in fact in excess of the demand, state authorities and the industry are thoroughly united on the proposition that further cuts should be made.

"Meanwhile that is regarded as misrepresentation of the facts of the situation in the Indiana company's statement have intensified the bitterness with which that company's attitude is viewed by practically all elements in the industry, small and large."

GULF, MAGNOLIA RAISE OIL PRICES

DALLAS, Oct. 14. (AP)—Two more major purchasing companies in Texas got behind the movement to raise oil prices today when the Gulf Production company at Houston and the Magnolia Petroleum company here announced they would meet the top price of $1.12 per barrel posted recently by other concerns.

Their action followed a similar price hike announced yesterday by the Texas company and earlier in the week by the Sun Oil company. Other major companies in Oklahoma and Kansas also have posted a new top.

The Gulf company announced a top of $1.12 in North Texas, an increase of 12 cents per barrel, with a minimum of 88 cents for 29 gravity and below. In East Texas the top was up 12 cents, at $1.10.

Other prices were as follows:

Carson and Hutchinson counties, up 10 cents, minimum of 75 cents for 35 gravity and below and maximum of 87 cents for 40 gravity and above.

Gray county, up 11 cents, 75 cents for 35 gravity and below and maximum of 99 cents for 40 gravity and above.

Smackover (Arkansas) crude, up 10 cents to 85 cents.

The Magnolia increases were the same with the following exceptions:

Carson and Hutchinson counties, up 9 cents, with the same minimum and maximum.

Gray county, up 11 cents, 87 cents for 35 gravity and below with the same maximum.

Smackover and Eldorado fields in Arkansas, up 10 to 75 cents.

Six districts in Louisiana and Arkansas, up 12 cents, 80 cents for 25 gravity and below and $1.12 for 40 gravity and above.

Lockport and Iowa-Louisiana fields in Louisiana, up 10 cents, 90 cents for 25 gravity and below and $1.10 for 40 gravity and above.

Cameron Meadow field, Louisiana, up 10 cents, 80 cents for 25 gravity and below and $1 for 40 gravity and above.

The Humble Oil and Refining company today again said it had taken no action.

HIRAM JOHNSON BOLTS HOOVER

California Progressive To Stand by Principles

(Continued From Page One)

indifferences, as in the instances of the power trust and the sale of foreign securities to trusting American investors by international bankers to the ruthless exploitation of our people.

"Human" Thinking

"The progressive thinks in terms of human beings; the stand-patter has little thought or concern for them."

Johnson declared the editors' telegram had stressed regularity.

"In this crisis I stress loyalty to the American people," he said. "You say you are the representative of 70 southern California newspapers. If you were the representatives of 7,000 newspapers or just one ordinary American citizen, my answer would be the same.

"I was elected by men and women of all shades of political opinion, Democrats, progressives and conservative Republicans.

"I would not taint my record nor stultify myself now by abandoning the principles for which I have battled during my career, the principles for which the people of California elected me in 1928.

Party Is Safe

"The Republican party is not at stake in this campaign. It is only that ambition of one man who but little more than a decade ago did not know which was his party, and who before that had no American party at all.

"In the present cataclysm, with 11,000,000 people unemployed, and suffering and want on every hand, the man who puts his party fealty and his hope of political preferment above the welfare of our people does the worst possible disservice to his country. I recognize that each individual, according as he sees the light, must make his choice. I make mine.

"I cannot and I will not support Mr. Hoover."

Johnson's political strength, enormous in other years, has not been tested at recent elections. In 1928 he was re-elected by the same voters who gave Mr. Hoover a huge majority and endorsed Republican candidates for other national and state offices.

Ran as "Bull Moose"

On his platform of progressivism he became governor of California 21 years ago. His political philosophy did not wreck his career when he bolted his party to run for vice president on Theodore Roosevelt's "Bull Moose" ticket.

Johnson, credited in some quarters with causing the re-election of Woodrow Wilson to the presidency because of his coldness to Charles Evans Hughes, and his refusal to endorse Hughes' candidacy, experienced continued political success after that performance.

That was the last actual test of Johnson as opposed to regularity. Upon whether he still had the enthusiastic and loyal following of earlier years, observers believed, depended to some extent the political result of today's pronouncement.

Musicale to Conclude Presyterian Jubilee

Announcement was made Friday of a special musicale which is to be presented at the First Presbyterian church Sunday night at 7:15 o'clock immediately preceding the final service in the golden jubilee celebration.

Mrs. A. H. Mahaffey, organist of the First Presbyterian church, will be assisted by Mrs. Flora Greenwood, violinist, and Mrs. S. P. Cunningham, pianist.

The program will begin promptly at 7:15 o'clock, and is being given for the congregation of the church and the general public. The following numbers will be heard:

"Fantasie," (Demarest), Mrs. Mahaffey, Mrs. Cunningham (repeated by request).

"Meditation," from "Thais," (Massenet), Mrs. Greenwood, Mrs. Mahaffey, Mrs. Cunningham.

"Grand Aria," (Demarest), Mrs. Mahaffey, Mrs. Cunningham.

RALLY DRAWS GREAT CROWD

"Let's Go Athletic" Sets Stage for Game

Playing before a house of some 3,000 persons, Dr. O. T. Kimbrough presented his annual city-wide pep rally, "Let's Go Athletic," in one of the peppiest football rallies in the city's history Friday night. The production was under the auspices of the athletic committee of the high school and junior college P.-T. A., with Miss Juanita Kinsey, head of the high school and college public speaking and dramatic department, directing the presentation.

"Our School Board," a take-off on the Wichita Falls school trustees by Dr. Kimbrough, marked one of the high spots of the entertainment. The cast for this skit included Billy Collins, Edward Silk, Paul Barnett, Bob Shelton, Karl ten Brink, Finis Crutchfield Jr., William McKenney, Anna Belle Farley, G. Allen Tennent, Minnie T. Baker and W. T. Falls.

Mary Frances Roch and George Robinson Jr. of Breckenridge, scored the hit of the evening in a novelty tap dance, with Marvin Lawler of New York, a former student of the local high school running a close second in his interpretation of the latest tap steps.

Members of the high school mixed chorus, under the direction of Mrs. Hermione Stewart Vaughan gave a premier presentation of the new high school song, "Wichita Forever." Lyric for the song was written by Anna Witherspoon, high school instructor, and the words were set to music by Charles Kiker.

A style show depicting the model high school girl's wardorbe rated as one of the outstanding features of the show. The cast was composed of Margaret Bone and Frederick Sehmann Jr., and the models included Mary Isabel Crowell, Patsy McGregor, Jean Hunter, Beverly Calhoun, Ruth Ferguson, Janelle Eichelberger, Marguerite Carter, Emogene Wagoner, Billie Leslie Stimson, Mildred Johnson, Helen Ruth Connelley, Maurine Adams, Irma and Dorothy Cline, Katherine Smith, Lucille Graham, Janell Lemon, Lois Campbell, Gladys Stevenson, Elizabeth Huff, Mary Sue Allen, Francys Marye Krauss, William Hamilton, Albert Owen, Ed Peterson, W. A. Bachman, Leon Deaton, and Thurman Conrey. Continuity was written by Miss Kinsey.

"The Awakening," a one act play by Julian Montgomery, was presented by Ellen Newby, Marvin Pierce, Joe Witherspoon Jr. and Arthur Davis.

Miss Lucille Snyder was mistress of ceremonies, presenting each episode in verse. Lines for this presentation were written by Ellen Newby. Accompanists were Charles Kiker, Helen Smith and Arthur Davis.

Preceding the show, the high school band under the direction of Tom McCarty presented a 30-minute concert of pep songs.

Police Jail Negro in Theft; Loot Recovered

Charges of theft were filed in county court Friday against Richard Anderson, negro, following a complaint by Charles Vinson of Brownwood to city police. Vinson told officers he lost a hat and shoes valued at $6. The property was recovered with the arrest of the negro in railroad yards Friday morning.

Recovery of a purse and $4.05 with the arrest of a youth Thursday night was reported by Officers George Garrett and C. C. Chapman. The property was returned to Lorene Lane, 203 Jalonic, but no charges were filed against the prisoner.

Description of five boys was given police Friday by Mrs. Ada Bell Burham, 504 Austin, for investigation in connection with the loss of two automobile wheels and tires. The boys were alleged to have been seen leaving the Burham yard at 2 o'clock Friday morning.

Mysterious Assailant Fires at Lawtonians

LAWTON, Okla., Oct. 14. (AP)—Officers of Comanche and Stephens counties today searched for a mysterious assailant who fired upon an automobile occupied by four Lawton citizens, injuring Mrs. G. L. Stanley.

Mrs. Stanley, her husband and Mr. and Mrs. J. W. Rieves, were riding in the car as it was fired upon near the city limits. They stopped but could find no trace of the assailant.

A bullet struck the windshield, shattering the glass, a piece of which injured Mrs. Stanley's eye and cut her face.

Bratton Offered Memphis Post

(Continued From Page One)

Good Shepherd have not been advised of the invitation, it was learned. The Grace church is one of the largest Episcopal assignments in Tennessee with more than 700 members.

The Rev. Mr. Bratton is the son of Bishop Theodore Dubose Bratton of Mississippi. He came to Wichita Falls almost five years ago from Houston where he had successfully conducted a parish. He went to Houston after his return from France where he served as a chapain in the A. E. F.

Mr. Bratton has been particularly successful in directing young people's work in his parish assignments and is a veteran minister of the Episcopal church. He is a graduate of the University of the South at Sewanee, Tenn., one of the leading educational institutions of the church.

Many friendships have been formed in Wichita Falls by the Rev. Mr. Bratton and he has established a successful record in this city. He has conducted one of the largest confirmation classes in the history of the church.

GARNER GIVES HOOVER REPLY

Texan Says Budget to Be Balanced Over Again

(Continued From Page One)

in expense, then you will establish the credit of our emergency needs in this depression."

After his resume of the congressional program, the speaker said:

"The Republicans claim the exclusive credit for the emergency laws of the last session. They list a lot of defeated bills and call them the 'Democratic program.' At Des Moines, it was said that the Democrats controlled the policy of both house and senate. Now on this state of facts, I have only one appeal to make to the common sense of the country and that is a question:

"If the Democrats controlled the policy of both houses, how could the enacted legislation be the exclusive program of the Republican administration and the defeated bills the exclusive program of the controlling Democratic congress?"

Plain Business Man

At the outset of his address, Garner characterized himself in this fashion:

"I know I have been represented in certain partisan argument as a dangerous radical, either without the disposition to understand great public questions or with a satanic desire to turn things topsy turvy with some wild idea of destruction. Actually, I am a plain business man who has happened to have had a long legislative experience as a representative of a conservative community."

The speaker prefaced his discussion of the budget by saying:

"Let me take up perhaps the most alarming declaration that was ever made by a president of the United States. Let me give it to you in the president's own words, at Des Moines:

"'The secretary of the treasury informed me' said Mr. Hoover, 'that unless we could put into effect a remedy, we could not hold the gold standard but two weeks longer because of inability to meet the demands of foreigners and our own citizens for gold. . . .'

"I can tell you without fear of contradiction that to say that we were within two weeks of the edge of the gold standard because of any lack of gold is a libel on the credit of the United States. . . .

Whole Thing Absurd

"Our country has been in a bad way. Like every other American who has faith in our institutions, I believe that we are on the way to recovery and that if we face the facts, that recovery will come much sooner than if we play a double game of subtlety and deception. Because of my position in the government I know there was never a warrant for saying that we were on the edge of financial collapse, world crash and government failure. The whole thing is absurd."

The first administration indictment against the Democrats, said Speaker Garner, is that the president proposed drastic economy and the Democrats forestalled it.

"...On Feb. 11, last," the speaker said, "Chairman Crisp of the house ways and means committee quoted the secretary of the treasury as saying the very limit of further economy was only $80,000,000 or two per cent. This was the time the president says the secretary told him the end of the gold standard was two weeks away."

The speaker said the Democratic leaders conferred with Treasurer Mills over the economy measure and that "in a few days we got a treasury revision downward of $450,000,000. From that moment, the whole subject went into a state of constant flux and uncertainty. One private expert authority after another went on record that the treasury figures were a billion dollars out even after this revision."

Quotes President

The speaker said his contention, concerning the nation's deficits, "is that the present administration has neither been efficient in its performance nor frank in its explanations."

"Who is responsible for these deficits?" he asked, "and how did it happen that we didn't hear about them until they were so dangerous? Let me quote from the president's budget message delivered in 1929, six weeks after the worst crash in history—an event mathematically certain to cut down federal revenue:

"'. . . Our finances are in sound condition . . . our estimated expenditures are well within our expected receipts.'"

By December, 1930, the Texan added, every source of federal revenue had diminished 25 per cent; "huge deficits were inevitable; but this administration estimated a two-year deficit of only $150,000,000 and said 'nor do I look with great concern upon this moderate deficit.'

"The deficit for 1931 has now been revealed as $900,000,000 . . . the annual message admitted a deficit of over two billions for 1932. Within seven months, that proved to be nearly a billion dollar error and the two-year's deficit originally estimated at $150,000,000 turned out to be nearly four billion dollars."

Tom Hunter to Represent South Texas Farmers

HOUSTON, Oct. 14. (AP)—Tom F. Hunter of Wichita Falls, unsuccessful candidate for governor in the recent first Democratic primary, has been named legislative representative for the South Texas Producers association, officers of the association announced today. Mr. Hunter previously had been appointed legislative representative of the state taxpayers association.

E. M. Biggers of the producers association said one of Hunter's first efforts in behalf of that organization would be to suggest legislation exempting farmers from drivers' license requirements.

Governor Murray Warns Miners in Speech

McAlester, Okla., Oct. 14. (INS)—Gov. W. H. (Alfalfa Bill) Murray today warned striking miners the state would not tolerate any violence whatever in the mine strike area centering around McAlester.

Addressing a gathering of 2,000 striking miners at Haileyville, 16 miles east of here, Murray said:

"Go ahead and organize, but don't get it into your heads you can break the law."

Yesterday the governor informed city and county officials the state troops would be called out at any time the situation warranted such action.

Rail Board to Hear Lone Star Gas Appeal

AUSTIN, Oct. 14. (AP)—The Texas Railroad commission today set for hearing at Fort Worth on Nov. 1 appeals of the Lone Star Gas company from rates to domestic consumers by ordinances of various cities served by the company's lines.

The commission recently completed an inventory of the company's properties, the evaluation to be used as a basis in determining fair rates charged by the company at city gates to distributing agencies.

Claiming rates charged were too high a number of cities arbitrarily reduced the charges by city ordinance and it was from this action the gas company appealed.

THE reason Cranberry Sauce goes so well with all meats and poultry is the delicious sweet-tart flavor of the berry itself. It's at its best made this way—

"10-Minute" Cranberry Sauce
(Stewed Cranberries)

Boil 2 cups of water and 1½ to 2 cups of sugar together 5 minutes, then add 4 cups Eatmor Cranberries. Boil without stirring (5 minutes is usually sufficient) until all the skins pop open. Remove from fire when the popping stops, and allow the sauce to remain in vessel undisturbed until cool.

We will gladly mail to you free our new Eatmor Cranberry recipe book.

five entries, including crochet chair tidy, conventional rose design, and hand pieced flower garden quilt on which she received first premiums in their class. A couch spread, of zephyr crochet, in rose, green, orange, and black, conventional squares, was given second award, and a braided rag rug entered by Mrs. Trice received third.

Samples of knitted lace, entered by Mrs. Nancy Sharp, 87, received many compliments, as was a string "wheel" quilt, recently finished by Mrs. Nancy Shipman, 81. Mrs. L. N. Lockridge was showing a beautifully embroidered buffet set, of smooth finish and nice design, done in red, rose, orange, green and black. Mrs. Ella Kennedy, an Iowa Park pioneer, received first award on colored embroidery on an entry of cross-stitch pillow, blending soft tones of browns, tans, and rose. Mrs. Martha Johnson, Burkburnett, was showing an attractive "crab" design appliqued quilt done in red and white, joined by stripes and "nine patch." Mrs. M. J. Phillipps, 74, received first award on a beautifully crocheted rug made from silk stockings and lingerie. This was a lovely combination of blue, green, orange, taupe, lilac, purple, and shades of green, and was smooth and strong.

Hampshire Hogs

Carl Williamson, well-known Hampshire breeder, Iowa Park, who has been superintendent of the swine department of the Wichita county fair for the past two years, had the largest entry in the show. Mr. Williamson had on exhibit 18 head of Hampshires, ranging in age from junior gilts to aged sows. One aged brood sow shown was 6½ years old. Mr. Williamson has received premiums at Dallas, Lubbock and Amarillo as well as at Iowa Park, but is showing only at Iowa Park this year. He usually keeps 12 brood sows and young stock on hands at all times.

Mr. T. M. Beeler, who resides on Mr. Williamson's farm, on the Wichita Falls highway, received first on a junior boar pig. Other swine exhibited were Durocs entered by M. L. (Boss) Smith, of Iowa Park.

Bowie Club Wins

Bowie club was first winner in the community exhibits, with Pleasant Valley second; with Valley View, third, and City View, fourth. These entries were all attractive, and revealed the variety of products grown in Wichita county. Certain requirements as to number of entries having been met by the contestants, the awards are made upon the quality of products.

The winning club, located northeast of Iowa Park, near Petrolia, had the following individual exhibits: Twenty open bolls of cotton, stalk cotton, 10 ears yellow corn, 10 ears of white corn, 25 heads of hegari, 25 heads of darso, one gallon of oats, one bundle of oats, one bundle of peanuts, one bundle of alfalfa, one bundle of red top cane, one bundle of Johnson grass, one exhibit each of peaches, pecans, black walnuts, pop corn, and one gallon of peas, one dozen brown eggs, one exhibit each of squash, roasting ears, eggplant, and one gallon of green beans, one can of roast beef, one can of chili, one can of sausage, one can of liver, one can of baked chicken, one can of chicken and spaghetti, one quart each of blackberries, dewberries, melon rind preserves, and tomato preserves; one quart each of Irish potatoes, kraut, asparagus, beans, cucumber pickles, gerkin pickles, chow-chow and pepper relish.

Attractive Display

This made a very attractive display, and the winning communities will receive liberal prizes from the Iowa Park Chamber of Commerce. This is the second year this project has been promoted by the local chamber, and the response of the communities, both last year, and this year have been satisfactory.

The boys' 4-H club feed contest, supervised by County Agent G. C. McGown, listed 20 contestants. Ten heads of grain are required in each entry, and yellow milo, Manco maize, feterita, kafir, and hegari were on exhibit. Hegari carried 12 entries.

Winners are announced as follows:

First, Eldon Morris, Iowa Park; second, Carl Goetze, Iowa Park; third, William Stewart, Electra; fourth, Loyd Morris, Burkburnett; fifth, David Gates, Wichita Falls; sixth, Paul Knite, Iowa Park.

The Cotton club carried only one entry, that of Parker McBride, Wichita Falls.

Centipede Attacks Archer City Teacher

Special to The Record News.

ARCHER CITY, Texas, Oct. 14.—Mrs. G. R. McNeil, science teacher in the high school here, was painfully injured this morning when bitten several times by a centipede.

She was hearing a class when the poisonous insect dropped from the ceiling into her clothes. Before the centipede could be removed it had bitten Mrs. McNeil several times.

She was attended immediately by a physician who said that the bites probably would not prove serious.

INSULL WON'T BE A 'SCAMP'

Utility Head Refuses To Surrender Passport

ATHENS, Oct. 14. (AP)—Reiterating his refusal to surrender his passport, Samuel Insull, former utilities leader wanted in Chicago to answer an indictment, declared in a letter to the American consul today that he would not be turned "into a scamp who can neither stay anywhere nor go anywhere."

He said he was "very much surprised" at the American state department's attempt to take up the passport, an action he interpreted as cancellation of his citizenship.

Denies Report

To the press Mr. Insull denied reports that he was planning to leave for Istanbul, Turkey. He makes his plans from day to day, he said, and so he did not know what he would be doing the next few days.

"Sir," the Chicagoan wrote to the American consul, "I was very much surprised at your letter of yesterday, informing me that the state department had instructed you to take up my passport.

"It seems that they don't know in Washington that my passport is valuable until February, 1934, and that by its authority I can stay out of America in any country I choose.

"Since the passport is issued by the country of which I am a citizen, its withdrawal is impossible especially while I am traveling through foreign countries.

Speculation on Treaty

"Because a genuine citizen is transformed by his own country against every sense of its obligation, into a scamp who can neither stay anywhere nor go anywhere, withdrawal of a passport is equivalent to withdrawal of citizenship Therefore, it is unnecessary for me to add that I cannot recognize your right to cancel my citizenship by surrendering to you my passport before its expiration."

Denying reports that he had ordered Mr. Insull to leave Greece, the minister of interior said that on the contrary he had authorized the Chicagoan to remain here.

There was considerable speculation in Athens about the status of the Greco-American extradition treaty. Formal instruments of ratification of that treaty have not been exchanged by the two governments. It appeared that even if these instruments could be exchanged immediately there would be legal difficulties which might prevent making the treaty retroactive to cover the Insull case.

Special Program at Floral Heights Church

The Rev. Finis A. Crutchfield, pastor of the Floral Heights Methodist church at Tenth and Polk streets, will close his first year's work at this church within the next few days, and will attend the annual conference at Gainesville.

At the last meeting of the board of stewards reports from all departments of the church were given, every department showing a decided gain in attendance and activities. The financial report showed the church to be in good condition. The board, under the leadership of Merle Waggoner, chairman, named Sunday, Oct. 16, as "Pay-up Pledge day" and a special program has been arranged for the services on that day.

Noted South Texas Banker Succumbs

HOUSTON, Oct. 14. (AP)—Funeral services for Cyrus K. Clarke, 56, president of the La Porte, Texas, First National bank, will be held at 3 p. m., Sunday at La Porte, it was announced today.

Mr. Clarke died suddenly from a heart attack. He was the son of the late Bishop Calvin Kingsley Clarke of the Episcopal church in Cincinnati.

He was a graduate in civil engineering from the Rensslaer Polytechnic college of Troy, N. Y., and was a veteran of the Spanish-American war from Pittsburgh, Pa., where he was born.

Rocky Point P.-T. A. Net $12 From 'Tacky' Party

Special to The Record News.

ELECTRA, Texas, Oct. 14.—The Rocky Point Parent-Teacher association sponsored a tacky party at the schoolhouse Thursday night. Jett Hughes of Electra gave a humorous skit and served as auctioneer. Music was furnished by Mrs. Jack Wilkinson and her brother. Prizes were awarded for the tackiest costumes. Pop corn and candy were sold by the women. Approximately $12 was made. The proceeds will be used to purchase balls and other playground equipment for the school. Two hundred and fifty people were in attendance.

American Woman Saved From Crippled Seaplane

PARIS, Oct. 14. (AP)—Forced down in the English channel during a storm yesterday, an American woman and other passengers in a seaplane flying from England to Egypt were rescued by a passing steamer today after having spent the night on the water.

The woman passenger was identified as a Mrs. Praecillad, nee Jewitt James. The rescue vessel picked them up after the pilot of the airplane had sent up flares.

The number of buffalos in primitive times is estimated to have been between 50 and 75 million head.

Milk For Tuition

The old Mormon system of bartering goods for services has been revived in Ogden, Utah, where Weber college is accepting farm produce in exchange for tuition. The food then is used in the college cafeteria. Gay Wangsgaard, above, a Utah milkmaid, pays a part of her education bill with a can of milk.

Public Accountants In Meeting at Waco

DALLAS, Oct. 14. (AP)—Frank L. Wilcox of Waco stressed the threat which increasing governmental regulation of private business holds for the welfare of accountants at a meeting of the Texas Society of Certified Public Accountants here today.

Wilcox pointed out that newly-created governmental bureaus likely will turn to their own employes for audits rather than to members of the C. P. A. He suggested that the Texas society go on record against such a probability.

The annual banquet of the organization was scheduled for tonight.

DALLAS, Oct. 14. (AP)—E. A. Zirkel of San Antonio, president, and all other officers of the Memorial Craftsmen of Texas were re-elected by acclamation at the concluding session of a two-day meeting today.

THOMAS GAINS IN STRAW VOTE

Roosevelt Increases Lead Over Hoover

NEW YORK, Oct. 14. (UP)—Norman Thomas, Socialist candidate for president, is receiving comparatively heavy support from former Repjublicans, Democrats and non-voters of 1928, tabulations of nearly 2,000,000 votes in the Literary Digest poll showed today.

Thomas is credited with 106,253 votes against Gov. Franklin D. Roosevelt's 1,062,087 and President Hoover's 781,431.

The avowed Socialists supporting Thomas, however, are outnumbered more than 4 to 1 by voters listing themselves as former Republicans, and more than 2 to 1 by those who voted the Democratic ticket in 1928. Thomas also has the support of 21,364 persons who did not vote in 1928, most of them assumed to be new voters.

Of the 18 states reporting for the first time in the poll, only one Vermont, is Mr. Hoover's. Roosevelt's lead has been increased to a clear majority of 53.54 per cent, 39.64 per cent of his total strength coming from voters who were Hoover adherents in 1928.

Group Opposing Split Of Gas Tax Organizes

DALLAS, Oct. 14. (AP)—A statewide organization claiming to be non-political in nature to prevent diversion of any part of the state gasoline tax from the highway program in Texas was organized here today.

W. O. Huggins, editor of the Houston Chronicle, who called the meeting, was elected temporary chairman and T. V. Warden of Dallas was named temporary secretary. R. A. Thompson, highway commission engineer, was a speaker at the morning session.

Representatives attend from almost all sections of the state.

Aged Farm Laborer Ends Life at El Reno

EL RENO, Okla., Oct. 14. (UP)—Jim Burton, 60-year-old worker on the farm of H. H. Mason, 17 miles west of here, shot himself to death today.

His body was found near his tent home by fellow cotton pickers.

A note revealed the farm worker was despondent because of ill health and said "I have nothing more to live for." He is survived by a brother, P. J. Burton, Little Rock, Ark.

Wilson's Brother-in-Law Collapses During Talk

HOUSTON, Oct. 14. (UP)—Dr. Stockton Axson, brother-in-law of the late President Woodrow Wilson and head of the Rice Institute English department, collapsed today while lecturing before a class.

He was revived a few minutes later and taken to his home, where his physician said his condition was not serious

Californian Surrenders At Prison After Escape From Guard In 1898

LEAVENWORTH, Kan., Oct. 14. (AP)—W. Kirby Robinson, 65-year-old California business man, waited in the Leavenworth county jail today while federal authorities sought records of a four-year prison sentence he says was imposed on him 34 years ago.

Robinson went to the prison Wednesday night and related to Warden Fred Zerbst the story of more than three decades of burdened conscience after he escaped from a train en route from Fort Smith, Ark., to Leavenworth prison.

Hospital Bills

His voice broken with sobs, Robinson today said he desired the entire world to know his story, which loyal friends in the Imperial valley of California have known for years.

"I would have paid the debt I owed society many years ago if conditions had not prevented it," Robinson said. "There was so much sickness, operations and hospital bills in my family that I could pot pay my fine. That was the main reason why I escaped from the train down there in Indian territory. I wanted to have the money so I could pay off and start clean. I have made quite a lot of money, and with the depression, land values falling, and property being swept away, I talked the matter over with my wife, and we decided that I should come back and pay that debt while I still had the money."

Formerly Texan

Robinson said $1,000, the original amount of the fine, was available as soon as his commitment papers arrive. He declared Senator Samuel Shortridge and Congressman Phil D. Swing of California and the congressman from Fort Smith Ark., where he was sentenced, had agreed to help him.

After making his escape, Robinson changed his name to J. C. Sinclair, the name under which he has lived ever since in Galveston, Texas, Cheyenne, Wyo., Chicago, and finally the Imperial valley in California, where he settled down to farming, and once owned 1,000 acres of land and served as a deputy sheriff.

'Demo Rattlesnake' Makes Inroads On 'Hoover Prosperity'

Special to The Record News.

ARCHER CITY, Texas, Oct. 14.—With political interest frothing as it hasn't in many a year, now comes the "Democrat rattlesnake."

Joe Fish of the Baxter community tells the story, and he gives assurance it is no "fish" story. It's a barnyard yarn.

Mr. Fish was losing eggs from the nest of a bantam hen. "Hoover Prosperity," so called because of the abbreviated size of her products.

Mr. Fish blamed rats for the thefts and set a steel trap. The next morning a rattlesnake with 13 rattlers and a button was found in the trap.

All of which may or may not prove what a Democrat will do to throw discredit on a Republican.

Mr. Fish explains that his story by no means intends to convey the thought that a Democrat is a rattlesnake. He is a member of the Archer County Democratic executive committee.

The soot discharged into the atmosphere of England each year represents three days' coal output of the entire country.

Eldorado Beauty Contest Won by Edith Wey

Special to The Record News.

ELDORADO, Okla., Oct. 14.—In a beauty and personality contest held Wednesday night at the Rex theater here, Miss Edith Georgia Wey, daughter of Mr. and Mrs. C. C. Wey, won the title of "Miss Eldorado, 1932." Miss Evelyn Myers and Miss Clemma Cude each won titles of maids of honor.

Cash prizes were awarded to Miss Wey and the maids of honor.

Fifteen of Eldorado's prettiest girls participated, each representing one of the business firms who sponsored the review in cooperation with the theater.

Electra Clubs To Sell Grid Tickets

Special to The Record News.

ELECTRA, Texas, Oct. 14.—Announcement was made at the Lions club luncheon Thursday that the Lions and Rotarians would engage in a ticket selling contest for the game to be played Friday night, Oct. 21, between Temple and Electra on the local gridiron. The club who sells the greatest number of tickets will be given a "feed" by the losers. Every Lion will take part in the contest and the Lion managers will be J. P. Doherty, G. J. Gilles, T. E. Shaw and Sam Hill.

E. E. Rogers presided at the meeting. The singsong was led by J. G. Gilles and H. T. S. Totten. Dr. P. E. Fish and G. J. Gilles were in charge of the program and presented the Electra High school Choral club, directed by Miss Ruth Smith, in song numbers. Jack Rudy Jr. played the accompaniment.

"B.C." Relieves Headaches and Quiets Nerves

Realizing that no one drug can relieve all headaches, as they come from so many causes, a North Carolina pharmacist has developed a combination of several ingredients, so blended and proportioned as to relieve almost any headache in a few minutes. You can get this formula wherever drugs are sold under the name "B. C." 10c and 25c packages, and when you have one of those violent, nerve-racking headaches, from inorganic causes, "B. C." will give you soothing relief in three minutes. "B. C." should also be used for the relief of muscular aches and pains, common colds and neuralgia, reducing fever, and for quieting a distressed nervous system without opiates, narcotics or such habit forming drugs. —Adv.

COYOTES READY FOR BRAVES IN HOME COMING GAME TODAY

PACK FACES SEVERE TEST

District Champs Here For Dedication Tilt

(Continued From Page One)

staged last night at Memorial auditorium before a whooping crowd, a big school rally was held at the assembly period at the high school yesterday morning, and beginning early this afternoon, all roads will lead to the Coyote football emporium at the north end of Harrison street.

The game itself will start promptly at 3 o'clock. The dedication service will require no more than a few minutes. There will be no speakers. The dedication committee ruled them out. This is eleciton year and the committee feared the temptation to soar into partisan oratory would be too great.

The Kiwanis club, sponsor of the magnificent stadium project, will be in charge of the service. A bugle call at 2:30 will let the world know that it's about to start. Pep squads and bands will take the field and make their formations. A large board, with words stating the dedicatory message, will be unfurled; Kenneth Bebb, president of the Kiwanis club, will grasp mitts with C. H. Clark, president of the board of education; a band will play the national anthem; the Boy Scouts will hoist Old Glory on high, and then the boys from Wichita Falls and Quanah will go after a little glory on the gridiron.

All evidence points to a packed stadium for today's game. A special train bearing about 400 Quanah fans is due to roll in early in the afternoon. About that many additional Quanah patriots will make the trip in cars.

Coach Ted Jefferies' Coyotes received one of the stiffest tests of the season last week when they subdued the Electra Tigers, 7 to 0, in a night game. But it was an unexpected test and the Coyotes were just good enough to push over one touchdown against an Electra team that had been sadly underrated. The boys had entered the contest confident, perhaps overconfident.

Coyotes in Trim

Today they face their first real test of the year. The Pack has known for months in advance that the Quanah boys are tough. Any talk of overconfidence among the Coyotes would be foolish. Yet the team is confident it has a chance to win. If the Coyotes mix plenty of fight with that confidence, they may turn the trick.

Jefferies sent his charges through the last workout before the game yesterday. It was a light signal drill. The team is in the best of condition, physically and mentally, for the contest.

The Pack mentors have many men to choose from in selecting a starting lineup, but it is regarded as certain that the team used most in scrimmage sessions the past week will be the first to meet the Braves. The combination starts out with Captain Ed Greenwood at left end. The tall blonde is going great this year. He got a good test in the Electra game. The Tigers had his number most of the first quarter, but after that the elongated Coyote captain snapped out of it and treated facts to one of the best games in his career.

He's Hard to Handle

At left tackle will be Mr. Robert Decker, otherwise Bob, also a blonde, blue-eyed, smart, big, hard for enemy linesmen to handle, and a mean scrapper when he gets down to business. Decker is usually at his best when a member of the opposing team crunches down on his toes or in other ways makes him sore.

At left guard will be R. D. Foster, dark-haired scrapper, light but willing to mix.

The old reliable Charlie Rice, for whom it was difficult to find a pair of pants of sufficient length, will be at center. He never makes a bad pass from his position. On the defense he is a mean guy.

At right guard, Jefferies will in all likelihood start the young fellow who performed so nicely in both the Ardmore and Electra games—Vernon McDaniel. The boy is light, weighing only 155 pounds, but every pound contains a stick of dynamite. McDaniel will have to go some today. Opposing him will be a 225-pound guard by the name of Blue. He received two votes for all-district guard last year. His name does not reflect his temperament. He is far from downcast. His manner and methods are dangerous. Usually it is his opponent in the line who is blue after the game.

At right tackle, Jefferies has Leroy McBride or Bob Brandon. Brandon probably will get the call due to his weight. He is heavier than McBride.

Variety of Backs

Brandon was ousted from the right end post by Charlie Hurd, one of the outstanding players on the squad. Young Charlie has performed in great fashion to date. It remains to be seen whether his conduct on the field will be altered by Quanah's presence.

In the backfield, Jefferies has several combinations, but the one most generally expected to start includes Cleo (Crud) Creecy and Jasper McBride at halfback positions, J. Z. Powell at quarterback, and Preston Thompson at fullback. Other backfielders are certain to see service, however.

Creecy is fast of foot and doesn't mind punishment. McBride is also fast and is a good passer. Powell is at his best in a blocking role. Big Preston is a hefty line plunger and can punt that ball farther than any other member of the squad.

Burns McKinney is not expected to start, but he will be in there when he's needed. McKinney is the Pack's outstanding backfield man, being agile at running, passing and kicking. Cleve Pierson, reserve quarterback, also is certain to see service. Pierson is one of the best broken field runners in the bunch.

And there are others. Come on out and see 'em. It'll be a great game!

QUANAH TO "CLOSE UP" FOR GAME HERE

Special to The Record News.

QUANAH, Texas, Oct. 14.—Quanah will be a "dead town" from 10:30 Saturday morning until the return of the football fans, band, pep squad and players from the first conference game of the Indians to be played in the new stadium at Wichita Falls, from all indications and reports on the special train and the enthusiastic supporters who have announced they are going.

Town to Close Up

All utilities and railroad offices will be closed in time for their employes to make the special train, and every business house and office will be operated on a minimum of employes for caring for Saturday's country trade, while the rest of the town almost to an individual, will either go on the special, or in private autos to boost for the Indians, the 1931 district champions.

The team and traveling squad with the coaches will travel to Wichita Falls by bus, while the 35-piece band, inder the direction of J. M. Edwards, the 40 red-hot "peppers," and hundreds of citizens will be on the special train.

Team Ready

The Quanah Tribe rounded out their last day of hard scrimmage Thursday, and finished with a light workout Friday.

It will be a well-drilled, but bruised and battered bunch of Indians who play Saturday. They have had a terrific week of hard scrimmage under the driving hands of Coaches Stallworth and Washam in private practice on Athletic field. No spectators have been permitted on the field during the entire week, while new plays and changes in line during the workout has brought out splendid showing from the squad generally.

Willis Injured

It is thought that Willis, first string quarter, will not be able to play because of a leg injury. He will probably be out for two or three weeks. His position will be filled by Left Halfback Wheat, while Wheat's position will be filled by either L. Gregory or Benny Harper.

The new shakeup of the team by Coach Stallworth has made a vast improvement in the team. The ends are much stronger, and it also affords more reserves for the line where they were short before. Richardson and Bolton will be at tackle position; Blue and Folsom or Slaton at guard; Barnett at center; and the new ends, Page and Mitchell at the wing points. The starting backfield will probably be Jones, fullback; Hall Gregory or Harper, halves, and Wheat, quarter.

ROCKETS BEAT LEFORS, 12-6

Wellington Team Makes Promise Good

Special to The Record News.

WELLINGTON, Texas, Oct. 14.—Members of the Skyrocket football squad here were making arrangements to borrow dad's razor Friday night after defeating the Lefors High school, 12 to 6, this afternoon on the local gridiron. The team members announced early in the week they would go unshaven until a Skyrocket victory had been made. High winds handicapped both elevens and rendered ineffective the punting and pass attacks of the teams.

The Skyrockets chalked up 11 first downs to three for Lefors.

Get Late Start

The Lefors squad entered the game without the services of three first string backfield men and the team's offensive play did not function until late in the game, and then on a break in blocking a Skyrocket punt furnished the impetus.

The Skyrockets scored their first touchdown in the second quarter with J. N. Cook, fullback, almost muffed the ball but recovered and raced around left end for 32 yards and the Lefors goal. Cook carried the brunt of the Skyrocket attack and accounted for 75 per cent of his team's yardage gains in sweeping end runs and offtackle bucks.

Cook Scores

Wellington scored the second marker early in the fourth period when a 15-yard penalty gave the Skyrockets the ball on Lefors' two-yard line. Cook plunged over the counter.

Four minutes remained for play in the fourth period when Captain Bob Brown of Lefors blocked J. M. Strong's punt on the Skyrockets' 12-yard line, recovered the ball and scored the lone marker for his team.

Crowell Crushes Eldorado, 47 To 0

Special to The Record News.

CROWELL, Texas, Oct. 14.—The Crowell Wildcats swamped the Eldorado, Okla., High school, 47 to 0, here this afternoon in a non-conference game. D. Todd, Crowell captain and star backfield man, played about half of the game with his injured right arm heavily wrapped to protect it from further injury and stood out during the first half of play.

Captain Todd scored the first touchdown of the day on a beautiful 45-yard dash off tackle for the score. He contributed to the second with a 20-yard pass to Allee for the score. Todd who is usually a right-hander, southpawed the pass to Allee for one of the features of the game. A third chance to score was passed up when Todd fumbled on the Eldorado six-inch line, due largely to his sore arm.

These two touchdowns were the only scores for the first half, but 35 more points were piled up in the last half. Middleton proved to be the chief ground gainer of the last half and scored three of the touchdowns of this period. Gibson and Joy each scored one touchdown in the last half. All the touchdowns were scored on line plays.

The Crowell line worked as a unit and stood out from end to end in a spectacular manner throughout the game. Crowell amassed a grand total of 21 first downs to five for the Sooners. Crowell will play Megargel next week in a conference game, but the site of the battle has not yet been decided. The lineups:

CROWELL (47)	Pos.	ELDORADO (0)

Frederick Laces Hobart Crew, 33-0

Special to The Record News

FREDERICK, Okla., Oct. 14.—The Frederick Bearcats defeated Hobart, Okla., High school eleven Friday afternoon, 33 to 0, in a game at Hobart. Graham, Taylor and Hoyle led the Bearcat attack. The Frederick gains were made strictly on straight football and a majority of the game was played in Hobart territory.

Two Conference And Three Practice Battles On Southwest Slate Today

(By The Associated Press)

Two conference and three intersectional games formed the program Saturday for Southwest conference football teams.

Texas Christian university was matched against Texas A. & M. at College Station and Baylor university against Arkansas university at Little Rock for the conference contests.

The intersectional tilts were between Oklahoma university and the University of Texas at Dallas, Southern Methodist university and Syracuse university at Syracuse, N. Y., and Loyola university of New Orleans and Rice institute at Houston.

The Texas Aggies and the Horned Frogs were put through light workouts Friday. The Horned Frogs were reported at College Station to be in good condition, while four Aggies were on the injured list.

The Texas Longhorns and the Oklahoma Sooners also were in good condition, except for minor injuries to Ernie Koy, fullback, and Harrison Stafford, halfback, of the Longhorns. Both Koy and Stafford were slated to start the game.

Syracuse was picked by many persons to defeat the Southern Methodist team, largely on account of the Mustangs' poor showing to date. The Ponies have not won a game this season. They were tied by the North Texas Teachers and defeated by Texas Tech and Rice institute.

The Owls at Houston were favorites over Loyola. Baylor, considered one of the weaker teams of the conference, defeated the New Orleans eleven last week, while Rice was polishing off Southern Methodist.

Matador Eleven Whips Crosbyton Team, 75-0

Special to The Record News.

MATADOR, Texas, Oct. 14.—Matador overwhelmed Crosbyton here today 75 to 0. The feature of the game was Wedeman's 73-yard return of a kickoff for a touchdown.

EAGLES SHOW PLENTY CLASS

Panthers Pilfer Only Two First Downs

Special to The Record News

CHILLICOTHE, Texas, Oct. 14.—The Chillicothe Eagles smothered the Seymour Panthers beneath a topheavy 45 to 0 score here Friday afternoon. The plucky Seymour eleven put up a great battle through the first half, and only two of the touchdowns could be scored off them, but they showed signs of weakening in the closing half when the remaining 33 points were rung up.

The Eagles showed their class of the day with sweeping end runs and completed forward passes paving the way for the big gains of the day. J. B. Simmons, Leroy Davis, Lawrence Cook, S. D. Wiginton, Rat Ramsey and Richard Hutchens stood out in the Chillicothe attack. Howard Hooser and Hughes were outstanding in the backfield for Seymour.

While the Chillicothe scoring in the first half was far less than it was in the last half, six of their nine first downs were registered in this first session of play. The Seymour backs could find only enough holes in the powerful Chillicothe defense for two first downs, one in each half.

The lineups:

CHILLICOTHE	Pos.	SEYMOUR

Nocona Indians Scalp Decatur, 8-6

Special to The Record News.

NOCONA, Texas, Oct. 14.—The Nocona Indians downed the Decatur Eagles 8 to 6 here this afternoon to hang up their third conference victory in a row. The victory was gained without the services of "Little Smokey" Zachary, ace of the Indian backfield. Zachary was injured Thursday during practice when a punt caught him on the end of the finger and hurt the digit too much to allow him to go into the Decatur game.

There was no scoring done in the first quarter, but in the second period a bad pass from center over the goal line gave the Indians a safety and two points. The longest run of the day came in this period when Rice got away from his opponents for a 50-yard dash, but they failed to score.

In the third quarter, Nocona carried the ball down to the 10-yard line from where C. Knox carried it over for the touchdown. They failed to kick the extra point. Workman carried the ball over for Decatur in the fourth quarter for their lone tally.

Lynch and Workman were outstanding stars for Decatur while the ground gaining of Pribble, Rice and C. Knox stood out for Nocona. The two teams both showed a spirited line which played great ball all during the battle. The Indians will play Bowie at Bowie next Saturday in their fourth conference game. The lineups:

NOCONA (8)	Pos.	DECATUR (6)
Garrison	L. E.	Lynch

Star Graham Quarterback Receives Broken Leg In Bridgeport Contest

Special to The Record News

GRAHAM, Texas, Oct. 14.—Quarterback "Blackie" Nicklas of the Graham Steers received a broken left leg on the fifth play of the football game here Friday afternoon with Bridgeport. The Steers won the contest 30 to 6. Both bones in Nicklas' leg were broken and he was removed to a local hospital.

The loss of Nicklas was a blow to the Steer hopes for the 1932 season. The injury came before either team scored early in the first quarter. Nicklas was the star broken field runner for the Graham eleven and was looked to as a leader for the Steers in the approaching league games. The game Friday was a district contest.

Bridgeport kicked off to open the contest and the Steers gained a first down in three plays. Nicklas was injured on the next play. The Steers hit the Bridgeport line for their second first down in four plays and Halfback Kimbrel crushed off tackle for eight yards and the initial score.

Blow to Steers

Completion of the drive for the goal line and full realization that they were playing without the services of Nicklas resulted in a noticeable letdown for the Steers. The Bridgeport eleven opened a passed attack with Woodard on the tossing end of the game and marked up two first downs with Barnett, Hawkins and Erwin completing the aerial attack. Erwin took a short pass over the line for the lone touchdown for his team.

Bridgeport opened the second quarter with an aerial attack that carried them to Graham's 27-yard line. Woodward divided his tosses between Barnett, Hawkins and Erwin and in completing three long gains for three of their four first downs in the period.

On the next play Jack Wheeler intercepted Woodward's toss and ran 77 yards to cross the Bridgeport goal.

Graham kicked off after the score and Bingham took the ball and was downed deep in his own territory. Woodward renewed his aerial attack but on the first toss the Steers offered a new solution with John Wheeler intercepting on Bridgeport's 35-yard line and returning to their seven-yard stripe. John Wheeler carried the ball over on the third play.

Repass Makes Sprint

Repass, substitute back, rushed in close to intercept another Bridgeport pass late in the second period and took the ball on his own 25-yard line, racing 75 yards for the touchdown.

Both teams took to the air in the third period and the ball changed hands rapidly without either eleven gaining an appreciable advantage. Bridgeport accounted for three first downs in the period and Graham for two. Pass defenses of both elevens were clicking.

The Steers opened a drive in the fourth quarter on the 50-yard line when Bridgeport kicked out of bounds on a fourth down. Graham attempted two passes, completing the first for 10 yards. A Bridgeport back leaped high to intercept the second toss and return to his own 40-yard line. Whatley took the Bridgeport punt on their fourth down and on the next play Kimbrel gained 13 yards for a first down on his own 23-yard line. Kimbrel again took the ball and made a 38-yard gain carrying him to Bridgeport's 39-yard line.

A Bridgeport back intercepted the first toss of the Steers' new aerial game on his own 27-yard line. Woodward took to the air and Kimbrel intercepted the first heave on Bridgeport's 40-yard line and raced 35 yards to the five-yard stripe. Knight carried the ball over for the fourth and last Steer marker in three plays.

A last-minute threat by Bridgeport carried the visitors to the Steers one-yard line but the Graham line stiffened and held for downs. Jack Wheeler fumbled on Graham's 11-yard line to give the Bridgeport eleven the break. A five-yard gain through the line and a Steer penalty gave Bridgeport a first down on the Steers' one-yard line. Bigham kicked 40 yards out of danger as the game ended.

RANGER THREAT BREAKS LEG

RANGER, Texas, Oct. 14. (AP)—The Ranger High Bulldogs won their first victory of the season here today, defeating Weatherford, 14 to 0, but it cost them the services of their best broken field threat. Cleo Gray, halfback, broke a leg in the fourth quarter when tackled after getting away to a good gain. Both bones were snapped below the knee in the right leg.

CYCLONE RIPS THROUGH GOULD

Memphis Eleven Piles Up 46-0 Score

Special to The Record News.

MEMPHIS, Texas, Oct. 14.—The Memphis High school Cyclone downed the Gould, Okla., eleven, 46 to 0, here this afternoon on the local gridiron. The Cyclone experienced little trouble in a scoring way and went over for their first touchdown in the first few minutes of the game. After Lesley had returned the opening kickoff 35 yards, Flannery went over for a touchdown on two more plays. Lesley went over for another touchdown early in the same quarter.

At the start of the second quarter, Flannery went over for another touchdown and Sanders added the extra point. Later in the same period, Oren plunged through the line for another touchdown. Lesley and Oren added still another touchdown each to their credit before the second stringers began to come into the game, while Flannery added another score to his big day's work before leaving.

Memphis scored 17 first downs to seven for Gould and kept the ball in their possession most of the day.

Grandfield Downs Waurika, 21 To 2

Special to The Record News.

GRANDFIELD, Okla., Oct. 14.—The Grandfield High school downed the Waurika High school here today in a football game by the score of 21 to 2. The two teams battled on even terms throughout the first half, but Grandfield came back strong in the last half to surge down the field for three touchdowns, each time adding the extra point.

Grandfield kicked off for the second half, and Waurika fumbled the ball, Grandfield recovering on the Waurika 30-yard line. They rushed the ball down to the nine-yard line from where Creighton plunged it over for the touchdown. Due added the extra point with an end run.

A 20-yard pass from Creighton to Miller carried the ball down to the Waurika 10-yard line later in the same quarter. Bailey hit the line for eight yards and McCullough carried it over from the two-yard line. Creighton passed to Due for the extra point.

In the fourth quarter a pass from Creighton to Dudenhoeffer put the ball on the Waurika 20-yard line from where Due carried it over in two plays through the line. Creighton went off tackle for the extra point. Waurika's two points came in the fourth quarter when Creighton fumbled a punt behind his own goal line and was downed for a safety. Grandfield made 21 first downs to four for Waurika.

Roach and Clark were the outstanding players for Waurika with Hasenmyer and Southerland standing out in the line for Grandfield while Bailey and Due were the leading ground gainers.

Newcastle Beats Bowie Eleven, 7-0

Special to The Record News

BOWIE, Texas, Oct. 14.—An intercepted Bowie pass in the middle of the fourth quarter which Dover, Newcastle halfback, ran back 80 yards for a touchdown, gave Newcastle a 7 to 0 victory over Bowie High school here today. The game was a conference affair.

The two teams battled on even terms through the first three quarters of the game and it was about the middle of the final period that the lone Bowie pass went astray. Cook kicked the extra point. The lineups:

ACKER'S CUBS WIN EASILY

Champs Use Straight Grid Game to Win

Special to The Record News

OLNEY, Texas, Oct. 14.—Olney used straight football here today to defeat the Megargel Bluebirds 32 to 0 in the second conference game for both teams. Neither team supplied any thrills for the fans with their orthodox play but the last minute drive of the Cubs for a score featured a series of brilliant runs by Raymond Kemp, a midget halfback, just out of grade school, which gave the fans their satisfaction.

With only a few minutes to play the Cubs got the ball on the enemy 34-yard line. From here Kemp, who weighs barely 80 pounds slid off tackle and around end and scored in exactly seven tries.

Late Starting

The first quarter found the visitors charging fast and hard and it was late in the period before the locals began gaining with any consistency. Graves, Elmore and St. John alternated in smashing the Megargel line and the former finally carried over for a score. Captain Gilmore kicked goal.

This lone drive in the first period featured some fine blocking by Gilmore and True. During this time the visitors offered little offensive threat, though Pitts kept the ends busy to keep him from getting loose. After an exchange of kicks the locals began a drive that sent St. John across for the second score. Gilmore kicked goal to put the 14th point on record. A series of long end runs by Elmore made this score possible. Megargel received and was forced to kick after a series of unsuccessful tries at the Olney line.

Linesmen Star

Hammond at tackle and Sloan at end were smashing the Bluebird offense. After a series of gains that put the ball inside the enemy 20-yard line Graves bowled over a flock of enemy tacklers for the final score in the first half. Gilmore's try for point hit the cross bar and came back in the field, unsuccessful. The score was 20 to 0 for Olney.

The third period found the Cub offense at its best. Elmore, Graves and St. John drove the Birds back with hard running and a pass to Sloan over the middle brought a first down after penalties had put Acker's boys in the hole. On the next play St. John wiggled past four would-be tacklers for a score from the 19-yard line. His attempted plunge for the point failed and the score was 26 to 0. A string of Cub substitutes poured in at this juncture. After a series of attempted passes the Olney boys were forced to punt. At this point of the game the visitors made their only first down with the aid of a five-yard penalty. After that the B line swept through to smear a series of spinners and crisscrosses by the Bluebirds. Hoyt Williams and Rhoades were leading this march.

Subs Play

The final period found neither team able to muster any concerted drive except the last minute rush of Kemp. The Cub B and C teams saw action most of this time but could not get a sustained drive started because of the stellar play of Kunkel, Clement, Captain Lovern and F. Walsh. During this period both teams punted frequently with Mercer of the locals having an edge over Captain Lovern. The Bluebirds tried a passing attack but found Hennig and Captain Gilmore on the job to make interceptions at the right time.

After an exchange of kicks Olney had the ball on the visitors 34-yard line from where Kemp made his debut to local fans and proceeded to march down the field for a score. His attempted place kick for the final point was blocked. With only a few seconds left to play the Birds received and after two attempted passes the game ended 32 to 0 for the Cubs.

Incidentally this closed the home season. The locals start a series of trips that take them to Burkburnett, Chillicothe, Archer City, Breckenridge, and Seymour in the order named. The only breathing spell is an open date Nov. 18 and a game is likely to be arranged at home at that time.

The lineups:

OLNEY	Pos.	MEGARGEL

Alvord Defeats St. Jo Tigers, 14-0

Special to The Record News.

ALVORD, Texas, Oct. 14.—Resorting to straight football when their passing attack failed to click, the Alvord Bulldogs marched down the field to a 14 to 0 victory of the St. Jo Tigers on the local field today. Both scores came in the second half on line plays with Clyde Smith, McClung and Thomas leading the attack. Twice the locals lost the ball within the 20-yard line before they hit their scoring stride, but once under way they marched straight down the field on power plays and end sweeps to count twice in the second half. The Tigers did not threaten seriously at any time but were able to hold the Bulldogs scoreless for one half. Brown's stellar play at end was probably the feature of the game the Bulldog wing man being especially effective on defense. McClung, Smith and Thomas stood out on the offense.

VERNON LIONS DEFEAT CHILDRESS 13-0 IN NIGHT BATTLE

BOBCATS FORCE FOES TO AIR

Absence of Rattican Hurts Childress Attack

Special to The Record News

CHILDRESS, Texas, Oct. 14.—The arc lights of the Childress fairgrounds failed to hamper the Vernon Lions Friday night in their clash with the Childress Bobcats, the Lions winning, 13 to 0. A determined Bobcat forward wall held at almost every point in the game and forced the Lions to take to the air for any consistent gain.

The Bobcats played without the services of Rattican, who was ruled ineligible Thursday, and the loss of the star back undermined the entire Childress attack. Plays of the Bobcats were built around Rattican and the Childress eleven offered a dogged defense with their attack plans disrupted on short notice.

New Vernon Star

The Lions offered a new back as their most consistent ground gainer in Miller, a substitute halfback who also plays the quarterback position. Miller accounted for most of the Lion gains, after replacing Garner in the second quarter.

The game was the first district clash for both teams. The first quarter was scoreless with Vernon securing one first down and Childress marking up two firsts. The Lions were deep in their own territory when they opened the initial scoring drive with Grogan passing 15 yards to Miller, who raced 45 yards down a broken field for the marker. Vernon made two first downs and Childress none in the period.

The Lions stopped a Childress offensive attack in the third period for the second touchdown, when a pass from Bradshaw was intercepted deep in Bobcat territory. The Lions advanced to the Bobcat six-yard line and Watson plunged over the goal for the counter. Garner place kicked for the extra point.

More than 3,000 fans overflowed the fair ground stands to view the night game. The defensive play of Watson with Grogan and Miller and Maney offering offensive quality placed the quartet as the outstanding Lions for the evening. Quarterback Raney of Childress with the pass-catching ends, Ivey and Hargrave, were stars for the Bobcats.

Many Passes Used

Vernon accounted for three first downs in the third period, while blanking the Bobcats. The Lions added three in the fourth quarter for a total of nine first downs to four for the Bobcats, who added two in the last period.

Bradshaw offered a passing attack for the Bobcats, completing two tosses to Ivey for a total of 25 yards and completing one to Hargrave for 10 yards. The Bobcats attempted 14 passes of which three were intercepted.

Vernon offered Grogan and Miller as the passing combination for the evening, completing two tosses for a total of 38 yards. Two additional passes were completed running the total Lion gain by air to 53 yards out of eight attempts.

Estelline Downs Acme Tigers, 26-0

Special to The Record News.

ESTELLINE, Texas, Oct. 14.—The Estelline Bear Cubs downed the Acme Tigers here this afternoon 26 to 0 in a game featured by perfect team work on the part of the local eleven. Fake plays, perfectly worked, were largely responsible for the scoring. Greer, Leatherwood, Berry and Davidson were outstanding for Estelline while H. Edmondson and Kennington starred for Acme.

Electra Runs Wild With Intercepted Passes To Defeat Henrietta, 45 To 7

Special to The Record News.

ELECTRA, Texas, Oct. 14.—The Electra Tigers snowed under the Henrietta High school here tonight by a 45 to 7 count. The game was a draggy affair with the Electra club running wild almost at will, intercepted passes playing a great part in the large score piled up by the locals. M. Stroud, Foy and McCracken were outstanding for the Tigers while Jackson, Sims and Brister were the shining stars on the Henrietta eleven.

Boutwell Scores

Electra scored early in the first quarter when Henrietta failed to make first down on their own 30-yard line. A triple lateral pass and two five-yard penalties carried the ball down the field and Boutwell carried it over. Curfman kicked the extra point.

In the second quarter, the Tigers carried the ball down to the five-yard line. M. Stroud carried the ball over the goal line. The attempt for the extra point failed. The third touchdown was scored after Foy had intercepted a Henrietta pass and with the assistance of Smith carried the ball down to the Henrietta 10-yard line. Smith then went through the center of the line for the touchdown. The extra point was made.

Sims passed 20 yards to King for the only Henrietta score in the third quarter of the game. The hard, overworked Henrietta passing attack added the extra point.

Smith Takes Gallop

After Electra had been held for downs they punted to Henrietta which in turn was held for downs. Henrietta punted back and Smith got loose for a beautiful 45-yard run for the touchdown. They failed for the extra point.

Another touchdown was added when a Henrietta pass was intercepted on the Henrietta 18-yard line from where McCracken went over for the touchdown. The extra point was made.

In the fourth quarter Electra scored two more when Foy intercepted a Henrietta pass and on the next play went over for the score. Curfman intercepted another pass a few minutes later and carried the ball over the goal line.

Electra scored 26 first downs to six for Henrietta. The Tigers completed five passes out of seven while Henrietta completed five out of 19 trials. The lineups:

HOLLIS STOMPS BRONCS, 31-0

Clarendon Boys No Match For Sooners

Special to The Record News.

HOLLIS, Okla., Oct. 14.—The Hollis Tigers gave their entire team a workout Friday night in defeating the Clarendon, Texas, Broncs, 31 to 0. The Broncs were apparently helpless before the Tiger attack and most of the game was played in the Texans' territory.

The Tigers opened the attack early with Vanderford and Abernathy conducting a 70-yard drive down the field from the kickoff with Abernathy crossing the Bobcat goal to climax a 50-yard race around end and through a broken field. Hollis marked up six first downs in the initial period.

Second Period Scoreless

Neither eleven scored in the second period and the Tigers added four first downs to their record.

Abernathy scored the second touchdown early in the third period on an end run for 40 yards. Most of the drives down the field carried the Tiger back through and over the Bronc forward wall almost at will. Burkett took a pass from Vanderford and dashed 30 yards past the Bronc defense for touchdown No. 3. Vanderford tossed a short pass to Barefoot for No. 4 with the runner racing 45 yards to the goal line.

Abernathy again took the lead in the Tiger scoring in the fourth period on another race around the Bronc left end for 50 yards and the final touchdown. The only extra point after a touchdown came at this point when Vanderford drop kicked, the ball striking Lineman Chapman on the headgear and bouncing over the cross bar for the tally.

21 First Downs

The Tiger second string eleven handled most of the play in the fourth period. Hollis accounted for 21 first downs while Clarendon was credited with three, two of which came by penalties.

Chapman was a leader for the Tiger defense and in opening holes in the line. He was ably assisted by Curry, Spradlin and others with Burkett, Vanderford, Abernathy and Barefoot handling the Tiger attack from the ends and backfield.

Duncan, Wilson Play 6-6 Draw

Special to The Record News

DUNCAN, Okla., Oct. 14.—The Duncan High school and the Wilson High school battled to a 6 to 6 draw here tonight before a crowd of about 2,500 people. The two teams were evenly matched in the first quarter with neither club making any serious threats.

Duncan scored in the second quarter when they line bucked the ball down to the two-foot line from where Johnson circled left end for the touchdown. Late in the third quarter Duncan carried the ball down to the Wilson four-yard line where they were held for downs in their last threat.

The Wilson warriors waged a great comeback in the last quarter and opened up with a desperate last-minute passing attack. A 12-yard pass from Straughn to Lynch netted the tying touchdown after they had carried the ball down the field from their own 30-yard line with passes doing most of the ground gaining. The lineups:

BURK WHIPS ARCHER CITY

Bulldogs Win 40-0 in First Night Game

Special to The Record-News

BURKBURNETT, Texas, Oct. 14.—The Burkburnett Bulldogs served notice on the Olney Cubs with a 40 to 0 victory here Friday night over Jot Hodges' Archer City Wildcats. It was the first night game of the season in Burkburnett's newly lighted home and was witnessed by a crowd of about 1,000 fans. Led by Joe Earl Bryarly, star Burkburnett fullback, the bulldogs scored three touchdowns in the second quarter, two in the third and one in the fourth period.

Archer City made their only threat in the first quarter when they kept the ball in Burkburnett territory almost all the time. The Archer City threat was short lived, however, when the Bulldogs settled down to business in the second quarter and the score soon piled up.

Coach Jess Johnson discovered a new threat among his second string backfield men in Sims. Sims played a great game for Burkburnett and scored one of the touchdowns. He broke loose many times for long gains in which he passed through the Archer City team only to be checked by the safety man. Sims scored his touchdown on the end of a long 40-yard gallop.

Bryarly scored two touchdowns on end runs, both for about 15 yards and passed once to Norvill for about 15 yards for a third touchdown. Aulds scored a touchdown on a line plunge while Goodlett intercepted a pass and ran for about 35 yards to a touchdown when the Archer City backs began to try desperately to score through the air.

It was the third time this year the Bulldog line has kept its goal line uncrossed and was their second conference victory, having beaten Seymour, their ancient rivals, last week. The Bulldogs meet the powerful Olney Cubs here Friday in a night game.

Mangum Juniors Beat Weatherford

Special to The Record News.

MANGUM, Okla., Oct. 14.—The Mangum Junior High school eleven defeated their second conference rival Friday night in shutting out the Weatherford Juniors, 58 to 0. The attack was led by Capt. Charlie Garrett, quarterback, who accounted for five touchdowns, plunged over for one extra point and kicked another extra point after touchdown. Garrett ran up a total of 257 yards in scoring the five markers. He accounted for 32 points of the total.

Holford, right guard, scored one touchdown on an intercepted pass and a 20-yard run. Dorrill, halfback, scored another counter on a 27-yard dash and Norris, half, scored two touchdowns on runs of 30 and 35 yards. McBrayer, fullback, plunged over for one extra counter as did Norris.

The Weatherford entry in the junior high conference was helpless before Mangum's attack and the local team is aiming to repeat in returning the conference title here. Mangum crossed the Weatherford goal four times on runs of more than 60 yards, but lost the counters on penalties.

Miss Norma Lee Tyler, daughter of Mr. and Mrs. Wade Tyler, was crowned football queen of the Mangum juniors in a ceremony at the half.

The lineups:

Progressive Texans, Inc. Conduct Discussions

DALLAS, Oct. 14. (AP)—Problems relating to the further industrial and agricultural development of Texas were discussed at a joint meeting of Progressive Texans, Inc.; the State Manufacturers association and the Texas club today.

Speakers stressed changes which have come with the present economic disturbance and expressed optimism over prospects for a better business day in the Southwest.

Dr. T. O. Walton, president of Texas A. & M. college; Albert T. Clifton of Waco, president of the manufacturers association; W. B. Munson Jr., of Denison, vice president of that organization, and R. L. Thornton, president of the Mercantile bank of Dallas, were speakers on the morning program.

Texas Solons Tell Roosevelt Of Vote

ALBANY, N. Y., Oct. 14. (AP)—Texas, which four years ago gave its electoral votes to the Republican presidential nominee, will give the Democratic ticket "a large plurality," this year, United States Senator Tom Connally of Marlin and Representative Marvin Jones of Amarillo, today told Governor Roosevelt, the party's presidential candidate.

The Texans were at the executive mansion for luncheon and to invite Mr. Roosevelt to extend his next campaign trip to Texas. Mr. Roosevelt will leave next Tuesday on an eight day trip to the Middle West and the South.

Senator Connally nominated Speaker Garner, the vice presidential nominee, for the presidency at Chicago.

Both Texans said Oklahoma will be in the Democratic column this year.

FUNDS ALLOTTED

WASHINGTON, Oct. 14. (AP)—Allotment of $508,338,600 of 3 per cent treasury notes for which subscriptions totaling $8,368,000,000 were received was announced today by the treasury. Allotments by federal reserve districts includes, Dallas, $3,-617,300.

Stamford Baptists to Attend Fort Worth Rites

Special to The Record News.

STAMFORD, Texas, Oct. 14.—There will be no preaching services at the First Baptist church at morning or evening hours Sunday. The pastor, Rev. Sam Morris, will take part in the opening service of the new auditorium for the First Baptist church in Fort Worth. A large delegation from the Stamford church plans to attend the 18-hour service which opens at 6 a. m.

Rev. Mr. Morris will remain in Fort Worth to teach in the Bible school for the next two weeks, but will return to Stamford to fill all of his regular appointments.

Answers to Questions

By FREDERIC J. HASKIN.

What do you need to know? Is there some point about your business or personal life that puzzles you; is there something you want to know without delay. Submit your question to Frederic J. Haskin, Director of our Washington information bureau. He is employed to help you. Address your inquiry to The Record News Information Bureau, Frederic J. Haskin, Director, Washington, D. C., and enclose three cents in coin or stamps for return postage.

Q.—How many secretaries has President Hoover. What salary does each receive?—H. H.

A.—He has three secretaries—Lawrence Richey, Walter H. Newton, and Theodore G. Joslin. The compensation is listed at $10,000 each.

Q.—Is it true that a Chinese dentist extracts teeth with his fingers, without the aid of forceps?—L. J. B.

A.—Until recently Chinese dentists were trained to extract any tooth from a patient's mouth without using instruments and solely by the strength in their fingers and were so trained for this by repeated extraction of wooden pegs driven into a board. The muscles of their hands and fingers were so developed that this was possible.

Q.—Why aren't the time zones bounded by straight lines north and south?—R. A.

A.—The boundaries depart from the half-way position between the standard meridians to suit the convenience of railroads or to meet the demands of the communities affected. The Interstate Commerce commission has jurisdiction in this matter.

Q.—How many kinds of vegetables are used for food in this country?—C. B.

A.—Most families use but 12 or 15 kinds, but the large markets have for sale through the year about 50 varieties.

Q.—How many negroes have attended West Point?—W. L. A.

A.—Three negroes have been graduated and 10 others have attended the academy for a period but have not completed the course.

Q.—How many salespeople were there in this country when the last census was taken?—M. F.

A.—There were 2,069,003. The number was divided as follows: Auctioneers, 4,281; canvassers, 63,769; demonstrators, 7,583; sales agents, 5,088; salesmen and saleswomen, 1,988,332.

Q.—What is the derivation of the word, kerosene?—N. M.

A.—It is derived from the Greek word, keros, meaning wax. Kerosene was formerly obtained from the distillation of mineral wax, bituminous shale, and similar substances, and was also called coal oil.

ruled Egypt?—B. O. M.

A.—They were, according to the Egyptian annals, a conquering nomadic race from the East, who, under Salatis, their first king, took Memphis and rendered the whole of Egypt tributary. Their name probably means foreign kings, the explanation shepherd kings, being of later origin. The date of their invasion and conquest was about 1700 B. C.; of their expulsion about 1600 B. C. The seat of their rule was the strongly garrisoned fortress of Avaris, on the northeastern border of the delta. They followed Egyptian customs, and their six monarchs took Egyptian names. It seems likely also that a great part of Syria was subject to them. The only detailed account of them in any ancient writer is an unreliable passage of a lost work of Manetho, cited by Josephus in his rejoinder to Apion.

Q.—Where were the pieces of eight coined?—C. S. M.

A.—They were coined early in the 17th century at Amsterdam, the Netherlands then being under Spanish rule. They were worth eight Spanish reals.

Q.—How long did Stephen A. Douglas live after he was defeated for the presidency in 1860?—T. S.

A.—Douglas, who was one of Lincoln's opponents in 1860, died June 3, 1861.

The Record News Offers Its Readers a Map of The World

Hundreds of questions of interest and of importance can be answered by reference to this splendid Map of the World and the data printed with it. School teachers everywhere are sending for it and urging students to send for it as a supplement to geographies and atlases that are no longer up-to-date. Business men find it an invaluable handy reference. Secretaries and stenographers have so many uses for it that they are wondering how they ever got along without it.

The Record News cannot recommend this map too highly.

In ordering a copy, use this coupon and enclose 10 cents in coin to cover cost-handling-postage.

A Kansas woman won a $1,000 prize for a short story. There ought to be another prize for the one who discovered a woman who could really tell a short story.

A manufacturer says it requires 1,500 nuts to hold an automobile together. And one nut to knock it apart.

Sooner or later we can match anything Europe produces. Their Kreuger; our Insull.

Misplaced Pity

IT IS a common charge that we Americans sentimentalize our crooks. The toughest gunman, dragged red-handed into court, can almost always be sure that some one will find reason to feel sorry for him. His attorney, as like as not, will build his whole defense on the effort to arouse the jury's sympathy. The court will be implored to feel sorry for a young man who "never had a chance."

All of this is perfectly familiar to everybody; but what we don't often realize is the fact that the trouble lies not in our wave of sentiment, but in the fact that it comes at the wrong time.

If we could project these recurrent impulses of pity, and translate them into action, a little earlier in the game, we might get somewhere.

Police Commissioner Mulrooney of New York City—an officer who has never yet been accused of being soft-hearted—pointed this out not long ago when he appealed to city governments not to let the present economic crisis serve as a reason for cutting down appropriations for playgrounds and other forms of juvenile welfare and recreation work.

"Life in a great city," remarked the commissioner, "is hard on children. Many of them live in tenements piled six feet deep or more on every block. The homes in them are not all they might be. Neither are the boys' parents; not always. . . .

"The children may be underfed, weak in body, discontented in spirit, and for relief where are they to go? No place for them but the street—where they are at the mercy of every bully if they are weak, apt to turn into bullies themselves if they are strong. That is the foundation of the gang spirit."

And it is right there, of course, that the playground, the boys' club, the ball field and the like are simply invaluable. They give youngsters the chance to escape from gang influence; they release their energies into constructive channels.

If we could take the maudlin sympathy we waste on hardened crooks and focus it on these lads who aren't yet lost, we might accomplish something. We might provide them all with a chance for decent recreation, decent fun—and save ourselves the necessity of getting sentimental over them later on.

Thievery in Chicago

IT IS common knowledge, of course, that the automobile industry has not been prospering in recent months. Nothing brings the fact home to one, however, quite as vividly as the recent announcement from Chicago that during September automobile thefts there actually exceeded automobile sales.

In Chicago during that month 3,375 automobiles were stolen. In Cook county as a whole, in the same months, automobile sales totaled 2,255.

All of this indicates that prosperity has not yet returned to the auto industry; but it also indicates that the Chicago police are singularly inefficient in protecting the property rights of automobile owners. Whether this amazingly high figure is due to the depression or to a new "crime wave," it is apparent that Chicago's fight against automobile thieves has become exceptionally lax and ineffective.

Reverence In Rockers

A GOOD many Americans, very likely, will feel a deep understanding for the parishioners of the church at Haines City, Fla., which has installed 300 hickory rocking chairs in its auditorium in place of the ordinary straight-backed pews.

It started, it seems, when an influential member of the congregation complained that he had "never yet been comfortable in church"; and while a rocking chair might seem to offer undue temptation to the man who has a tendency to go to sleep during the sermon, the idea nevertheless looks rather attractive.

Who has not suffered the extremes of physical discomfort in the old-fashioned pews? Who hasn't longed for a chance to be at ease during a sermon? Won't a minister whose flock is thoroughly comfortable and physically relaxed be able to get his message across better than one whose hearers are not?

The Ignominy Of Flight

THE spectacle of rich Americans finding asylum abroad when the atmosphere at home gets overheated has never been a really pleasant one. We got several examples of it during the turmoil following the Teapot Dome exposure; and now Samuel Insull has treated us to one more.

Insull's flight across Europe from Paris to Athens will hardly be the sort of thing to arouse sympathy for him on this side of the water. When his great financial empire crashed there is no doubt that the nation's frame of mind was, on the whole, sympathetic toward him. Later, when the grand jury acted, people were still willing to suspend judgment and give him the benefit of the doubt to which every accused man is entitled. But his scramble to get out of the reach of extradition treaties has not helped his cause.

EXPLANATION OF YESTERDAY'S CARTOON

THE LARGEST LANDOWNER OF NORTH AMERICA—This distinction belongs to Sir Robert G. Reid (1840-1908), a Scotchman, whose railroad contract with the government of Newfoundland is the most renowned event in the history of that country. This contract (1893) provided for the construction in three years of a transinsular railway from St. John to Port au Basque, to be paid for by a grant of land amounting to 5,000 acres for each mile constructed, in addition to other valuable considerations. In 1898 this contract was amended in a manner as to place Sir Robert in possession of an aggregate of 5,000,000 acres of land, as well as most of the mines, ores, minerals, railroads, steamships, docks, telegraph lines, and timber of the country. Sir Robert, who thus became the greatest financial power, was often referred to as the "Czar of Newfoundland."

BABES ON BROADWAY

By JANE DIXON (Copyright, 1932, Jane Dixon)

SYNOPSIS

When Tony Brookes was 18 her parents were killed in a motorcar accident in Centerville, their home town, and she was forced to work in a dress shop in New York. Her frankness in telling women what they should not wear soon cost her her job, the same day that Leslie (Lee) Moran, a model, was discharged. Lee had no money and Tony shared Mrs. Higgins' third floor back room with her. Lee became a taxi dancer at El Tango where she met middle-aged Adam Leonard, whom she called Uncle Lenny. Through Leonard, Tony met Donald Kemp, an out-of-town lawyer, and as they were leaving a night club Mrs. Leonard saw them and made a scene. Leonard, unhappily married, had Kemp arrange a divorce. Lee astonished Tony by announcing she was going to pose as the correspondent and expected to receive $5,000. Before Lee moved to an apartment, Tom Stewart, a young engineer who was in love with her, called at Mrs. Higgins'. Tony fell in love with him at once. The night before he was to be sent to New Mexico on a new job he waited for Tony outside the roominghouse, he took her in his arms, kissed her and was about to tell her of his love when the victim of a "ride" was tumbled out of a taxi at their feet. Fearing they would be involved as witnesses, Tom hurried Tony into the house and disappeared. She waited in vain for a letter from him. Previously, M. Montieu, a client of Kemp's, had given Tony a chance at dress designing in his studio and she went to art school at night. While on a day's outing with Kemp, Tony was injured and lost unconsciousness in an auto accident.

INSTALMENT XV

"Tony!" She ought to open her eyes, see who was calling her. Easier to sink. Down and down... "Oh my sweet .... Get some water. Use my hat. There's a stream down there, on the far side of the road. Tony, sweet ... if you've come to harm .... God!"

She could not sink. Not with that plea beating against her. She opened her eyes. Why was this man bending over her? Who was he ... his face blurred .... Tom. A trickle of water on her face. U-u-gh, it was cold. Drops of ice. Now her vision was clearing. She could distinguish the outlines of the man's face. His features were congealing.

"I don't think she's badly hurt. She must have tried to break the fall with her hand. Hold the arm in place. I'll bandage the wrist so it doesn't swell. Easy now."

She pressed her teeth, her lips tightly together so a moan would not escape them. What had happened? She was having a holiday, riding on a rolling-coaster, flying with Donald Kemp .... a great dark body hurtling toward them .... The moan escaped after all.

"Tony, darling, you're safe. You're fine, Tony. Just the shock. There, that will ease your wrist. Now then, how about opening your eyes. It will help you to concentrate. Don't try to sit up. Rest a while."

Donald Kemp. He had taken charge of her. She was all right, or would be all right as soon as this giddiness passed.

"Did it miss us, the juggernaut in the road?" Her lips were stiff and cold.

Kemp's arm, under her head, raising her ever so gently.

"Yes, dear. We managed to dodge it."

"And how you did it is too much for me," a voice behind her added. "I never see the likes of it in all my truckin'."

That would be the man who drove the juggernaut. Then he was alive, too.

"The Lord looks after fools and drunkards," Kemp said significantly. "I moved over to make that turn," the voice was keyed to a whine. "You shoulda blowed your horn."

"We won't go into that. Run the car back alongside the young lady. We'll get her in and drive to the nearest town. She may need a doctor."

Tony felt stronger. She sat up. The world stopped swaying. Down the road the maroon car was nosed into a ditch.

"It wasn't smashed?" she said, staring with unbelief.

"Nothing to speak of," Kemp depreciated. "A fender crumpled. We'll treat her to a new one. She's a sturdy little craft, to carry us through that jam."

Tony was bewildered. She said, "I thought I was thrown from the car. I felt myself flying through the air, hitting something ..."

"You did. The latch on the door must have been open. When we hit that curve and I had to make a sharp turn your momentum carried you right through the door. Lucky the grass grows close the road here. You landed in a soft spot."

"It didn't feel very soft." Tony smiled weakly. She was struggling to her feet, with Kemp's help.

"That truck driver ought to have his neck twisted. He was driving on the left side of the road. If anything serious had happened to you ..." Kemp's smouldering eyes watched the truckman maneuvering the car backward. Cords stood out on the back of his hands where he clenched them. "I ought to give him a good sound thrashing just for luck."

Tony pleaded: "Please don't. I'm fine, only had the breath jolted out of me for a minute."

"We must see a doctor about your wrist."

"Oh, no, it won't be necessary. Look, I can move it and it feels much better already with the bandage on." Her wrist did pain when she wriggled it, but she was not going to spoil her holiday for a sprained wrist. She was causing a great fuss to be made over a near-accident. Donald Kemp, by his unerring judgment and quick courage, had avoided a nasty smash and now he was calm enough. He had not been so calm a few moments ago when she was coming back from the borderland. His pleading "Tony, sweet" echoed in her consciousness. There had been love in his voice, love and passionate fear. He dropped the role of lover with her return to normalcy. He was again the kind, the thoughtful friend.

He asked solicitously: "Shall we go on? Or would you rather return to town and rest up? It may be more of a shock than you realize."

"Let's go on by all means." Here was the car alongside. She stepped to the running board.

"A wise decision if you can make the grade," Kemp agreed. "It's like a rider being thrown by a horse. If he picks himself up, mounts and rides off again he banishes fear of the animal. Flyers do the same. After a crash they take off again at once. I believe your going on would tend to lessen any shock you may have suffered."

The truckman was still whining excuses when they drove away. Half an hour later they began a long climb toward the top of the highest hill.

"There's the Port of Missing Men at the top," Kemp pointed out. "Nestling in the trees. I'm glad the place didn't happen to be Journey's end."

"What a stunning location," Tony enthused. "Just right for the cottage."

"A hillside would be better. Closer to the valley. When we go too high, we lose all contact with people below."

"I suppose so. One wouldn't want to be forever coming down-hill to meet them."

The port itself was a treasure. Low and rambling and primitive, without being crude. Fires blazed in staunch stone chimneys, their ruddy warmth reflected from old blue china and polished copper on walls and in open cupboards. Gay hooked rugs were scattered over woven rag carpets and natural pine tables and chairs were mellowed with time and usage. The air was redolent of hickory logs, of pine cones and of savouries. Food was served country style in the old blue dishes and in pressed glass such as was relegated to the top shelves of cupboard in Centerville. A friendly setter came in and watched with melancholy eyes for tidbits from the table. He proved his skill as a beggar by advancing and putting his head in Tony's lap.

Tony forgot the throbbing pain in her wrist. The Port of Missing Men moved her to memories, to anticipations. Her grandmother had prized a set of these blue dishes. When the cottage came true it would have a rag carpet on the floor and a scattering of hooked rugs. The fireplace would be as big as this one and she would have her drawing things over in an alcove, all windows, so there would be plenty of light.

The table was cleared. Basking in the fragrant warmth of the fireplace, Donald Kemp reminded Tony he was to see her sketch. She brought it out with misgivings. He might not understand how she came to be in a muddle over so negligible a thing as a gown on a woman's figure. It looked so simply—a few lines, colors blocked in. Only one familiar with technique could appreciate the infinity of detail.

"The lady does not look unlike your friend, Miss Moran," was his first comment. "She is Miss Moran."

"Yes. I thought clothing on some one I knew and liked would make my treatment more sympathetic."

"You've caught her in rather a flattering mood." He placed the sketch on a table, regarded it from a distance. After a while he said frankly: "I don't think her dress fits her."

Tony was hurt. She had not thought he would be facetious.

"Perhaps I'd better tear it up and draw her a new dress."

"That would be a pity. The dress is charming. I doubt if you could or would do a better one. The trouble is that it's out of key with the lady. She is a very urban and sophisticated miss, judging by her eyes and the tilt of her chin. The dress might have grown on a tree in some leafy glade. That green is only seen on trees in springtime and the froth of cream with just that rosy hint suggests a burst of blossoms. Even the touches of brown have life in them like the bark of trees when the sap is flowing."

Tony seethed with excitement.

"Either you are too tremendously clever," she cried, "or I am a genius. The idea for the sketch was taken from a chestnut tree in bloom. You've seen it, the luxuriant fingered leaves, the tall flower spikes, palest cream, with a dash of carmine painted on the face of each tiny blossom. Do you really think I've caught the feeling?"

"You've caught it completely. No one except a person who loved trees could do it."

High spots of color glowed on Tony's cheeks. Like all true artists she was torn between the elation that praise brought her and impatience of her inability to merit such praise.

"Then what's wrong with it?" she demanded, picking up the sketch and turning it face down on the table. "There are merits, I know, but somehow it just doesn't click."

"I think it's as I told you. The dress doesn't suit the type of woman you've put into it. Any more than a background of woods would become Lee Moran. Why don't you try it on yourself? It should be perfect."

"Thanks, I'll have to find some one else. I'd be all tied up in inferiority complexes if I did myself. There's a girl I used to know, in Centerville...she was really lovely. Pale gold hair and brown eyes that turned golden in the sun. She had an elfin look, like a wood sprite. I could give her a smart new hairdress, a windblown one. Tony was all ardor for her vision. "I'll try the dress on her tomorrow. Maybe tonight if we've not had too much holiday.

"And the bad wrist?"

"It's the first time I've ever been thankful for being left-handed. The right wrist is the one that's slightly out of commission."

They rambled along a wooded trail leading from the Port to the very brow of the hill. Donald Kemp too, knew nature and appreciated it. He spoke the language of the woods. Tony found new reason for admiring him. She had always thought of him in terms of the city.

The drive home was leisurely. The first stars lit their candles before they could be blotted out by the eerie glare of the city and a white moon rode high in a frosty sky. Tony snuggled down in the seat of the maroon roadster. She felt safe and warm. Safe in body, warm in heart. If Donald Kemp loved her he was not going to annoy her with expressions of that love until she gave him reason to do so. Being with him gave one a sense of strength, of purpose. Why hadn't her heart flown to Donald Kemp, as it had poured itself out on the devastated altar of a love for Tom Stewart?

A Washington Bystander

By KIRKE SIMPSON

WASHINGTON, Oct. 14.—One man in particular among the important folk at the New York Democratic convention must have breathed a great sigh of relief when it was over.

ROBERT F. WAGNER

That convention and the days preceding it probably were to Senator Bob Wagner among the most personally troublesome he has known in his political career.

Not that Senator Wagner lacked for honors. Far from it. They were showered upon him with lavish hand—too lavish he must have thought sometimes.

He was keynoter and apparently enjoyed the job. Apparently he was given more serious consideration than any one else as a possible gubernatorial candidate in lieu of Lieutenant Governor Lehman.

Yet consider the case from the senator's own angle. Here is a man who long ago worked his way to high judicial service in his state and found it completely satisfying.

Most reluctantly and as Governor Smith's intimate friend he entered the senate race and was elected.

But He Liked It

Wagner came to Washington very dubious as to how he would like senate life. A surprise awaited him. He found it so congenial a job and received such a degree of national prominence for a new senator that he appears to like it now even better than he did his judicial role.

Conning over the senators up for re-election this year, Wagner seems among those of the "ins" who have least to fear.

More than that, Wagner likely will be considered for cabinet honors, possibly as labor secretary, in the event of a Democratic presidential success.

The New York senator was an important element in the preconvention strategy of the Roosevelt campaign.

So Wagner's Happy Too

Yet, with all this, Wagner was brought under pressure by the city chiefs at the state convention to run for the nomination for governor instead of senator, for a two-year instead of a six-year term, for an office he did not want instead of one he did; for a place that has no presidential possibilities for him, due to his German birth, instead of one that may give him refusal of a cabinet portfolio, Wagner must have been as happy as Lehman over the latter's nomination.

Electra Eastern Star Holds Open House

Special to The Record News.

ELECTRA, Texas, Oct. 14.—The local order of the Eastern Star observed open house in the lodge rooms Thursday night. Mrs. J. M. Knight was in charge of the program and presented Billy Rue Chowning in song numbers, accompanied by Miss Letrice Wofford and Mrs. C. F. Birkhead and Myrtle Russell in humorous monologues. Following the program refreshments were served to approximately 30 members and guests.

NEW YORK COTTON

NEW YORK, Oct. 14. (AP)—An early advance in cotton on trade buying and covering was followed by partial reactions today under southern selling and realizing.

December contracts after selling up to 6.63 on the forenoon advance closed at 6.47 with the general market steady at net advances of 6 to 10 points.

The opening was 2 to 8 points higher on the relatively steady cables and sharp falling off in southern hedging following yesterday's selling. Favorable domestic consumption figures combined with strength in the grain and stock markets stimulated buying and March sold up to 6.79, with the more active months showing net gains of about 20 to 25 points.

Closing quotations were 14 to 17 points below best on December and later deliveries.

Liverpool was lower but did not fully meet the local decline of Thursday. Private cables reported hedging and liquidation in that market on favorable weather. Houses with continental connections were among the early buyers here. Exports today 21,900 making 1,547,987 so far this season. Port receipts 134,597. U. S. port stocks 3,862,318.

Futures closed steady, 6-10 higher; spot quiet; middling, 6.55.

NEW ORLEANS COTTON

NEW ORLEANS, Oct. 14. (AP)—Although trading was only moderately active, cotton advanced strongly with stocks today but later eased from the best on hedging and lack of support, closing steady at net gains of 5 to 8 points. The census bureau report of 491,655 bales consumption by domestic mills in September was a decided stimulant on the upturn.

The opening was very steady although Liverpool cables came in only as due to 2 penny points better than due. Private cables said there was hedge selling and London, Manchester and Bombay liquidated on better weather in the South and fears of hedging pressure. Manchester cabled there was a larger turnover to India, China and South America.

First trades here showed gains of 3 points and although there was a slight reaction of 2 to 3 points right after the start, prices soon rallied on the domestic mill consumption total for September and shorts covering, prompted by a sharp upturn in stocks and prospects for unsettled weather. By the time the demand had been satisfied, December had advanced to 6.62 and March to 6.74, or 20 to 22 points above the previous close.

The market turned somewhat easier during the middle of the afternoon on realizing, hedge selling and lack of buying support and December eased off to 6.45 down 17 points from the high of the morning. There was a moderate recovery near the end and December closed 6.47 and March at 6.61, showing net gains for the day of 7 points on both active months.

Liverpool is due on New Orleans tomorrow 2 penny points down.

Port receipts 105,851, for week 322,465, for season 2,112,486, last season 2,340,192. Exports 23,621, for week 213,110, for season 1,542,625, last season 1,040,158. Port stock 3,830,046, last year 4,133,980. Combined shipboard stock at New Orleans, Galveston and Houston 141,214, last, year 173,490. Spot sales at southern markets 63,180, last year 48,644.

Futures closed steady at net gains of 5 to 8 points:

Liverpool Cotton

LIVERPOOL, Oct. 14. (INS)—Moderate business was done in spot cotton at the opening today with prices easier. Receipts totaled 1,000 bales, including 200 American bales.

At midday middling fair was quoted at 6.58d, strictly good middling 6.13d, good middling 5.58d, strictly middling 5.63d, middling 5.43d, strictly low middling 5.33d, low middling 5.18d, strictly good ordinary 4.98d, and good ordinary 4.68d.

Futures opened quiet with Oct. at 5.20d, Dec. 5.15d, Jan. 5.14d, March 5.13d, May 5.17d, and July 5.15d.

CHICAGO COTTON

CHICAGO, Oct. 14. (AP)—Cotton bulged nearly $1.00 per bale today but lost most of the advance before the close, which was steady, unchanged to 6 points net, higher on the board of trade. Cables were about 3 points better than due and American futures markets opened slightly higher; first prices at Chicago being 1 point up on the near months to four points down on distant months. After slight hesitation prices jumped 13-19 points when grain and stock displayed strength. A reaction followed when outside markets eased a bit. The census figures for consumption during September were 491,655 bales against 464,365 last year. The showing was better than expected.

BOSTON WOOL MARKET

BOSTON, Oct. 14. (AP)—The wool market is very quiet; practically the only sales are on clean up lots, or on sample lots. Generally the price situation in the wool market is mostly steady. Concessions are obtainable on odd lots, but the principal offerings are firmly held at prices recently secured on actual sales. Some interest is shown in 12 months Texas wool and several houses have sold sample lots at fully 17-3 secured basis.

Stock Market Swings Into Brisk Rally And Bears Scurry To Cover

By BROADAN WALL

NEW YORK, Oct. 14. (US)—Stocks rallied vigorously today. The rather "thin" market, quite apparent for a week or more, contributed materially to the sharpness of the rally, once the balance of trading favored the buying side.

It was reported that the strictly professional element had engaged in short-selling on a somewhat larger scale than generally appreciated. However, under the circumstances of a thin market on both sides, even a modest expansion in the short account would create a more favorable technical condition.

The market had opened irregularly, giving renewed strength to the position of the professional talent in their day-to-day bear speculations. The market developed sudden strength not long after the opening and soon a scramble was on among the teddy bears in the public ranks and also from the professionals, all seeking to cover.

Their competitive bidding resulted in vigorous advances among many issues, especially the leaders.

Yet the total trading for the day, 2,000,000 shares, discouraged thoughts of a major buying wave.

Under leadership of stock strength, other markets participated in the bullishness, wheat recovering a cent or so, cotton closing up for the day, and bonds showing fractional average advance.

A good deal of speculative buying was attracted by the announcement the Democratic standard-bearer would shortly announce his position on the veterans' bonus question. This apparently was interpreted as assurance of a statement frowning upon the bonus payment.

There is no news in the candidate's stand; as he himself recalled, months ago, he stated his opposition to anticipation of the bonus certificates maturity "until the national budget is balanced, in fact, not on paper."

Even if, as reported, there will be a reservation in his renewed opposition such as making provision for destitute veterans, such relief certainly would be in substitution rather than supplemental to other necessary relief. In other words, the total national relief would not be enlarged by allowing the needy veteran an opportunity to borrow further against the government's future maturity.

This anticipated rejection of full payment of the bonus, with its inevitable retirement as a prime political issue in the campaign, undoubtedly encouraged some buying.

Speculators were especially impressed by the reception such an opposition would have on European sentiment, though why so great importance constantly is attached to Europe's view remains a mystery.

The potential supply of investable money held right in the United States is far greater than all that Europe might be attracted to invest in our securities. The problem is to convince American investors of the desirability of our stocks or bonds.

The bears certainly were unprepared for so substantial a recovery. In American Telephone the recovery amounted to 10 points, from the low of the preceding day, and in many other prominent shares the recovery was relatively as sharp.

How much of the short account has been eliminated by reason of the recovery cannot be ascertained yet; the market will show the effects of a too-great reduction in the short account.

At the same time, the general news continued encouraging. Weekly trade reviews recounted continued expansion in general trade, with some lines experiencing better-than-seasonal improvement. Heavy industries, of course, continue at a low rate.

The hope is that tomorrow's weekly car loadings report will reveal another sizable expansion. Railroad reports today continued cheering, with several roads reported likely to report fixed charges covered in September for the first time in months.

Railroad shares again proved their value as a speculative guide. Their relatively greater resistance to selling on Thursday was commented upon as significant and today the group again enjoyed the largest percentage rise. From a purely technical angle, the market rallied virtually from the "perfect level" but the very vigor of the recovery was not at all to the liking of the more conservative element.

It was widely forecast that many pools would resume activities during the day and in numerous stocks such activity undoubtedly helped along the bear squeeze. The bull pools showed the white feather quickly on the last setback and it will take a period of impressive firmness, rather than spectacular strength, in prices to entice the public back into the market.

PRICE NAMED CHEST PREXY

Workers Arrange Programs At Meetings

Forty members of Col. E. M. Crump's sales army division of the community chest were present at a meeting of majors and captains Friday afternoon at chest headquarters. Jacob B. Price, named president of the chest to succeed C. E. Basham Friday morning, spoke at the meeting and complimented the workers on the 100 per cent attendance.

Other speakers were L. H. Estes, vice chairman of the drive, and Mr. Crump. Mrs. Guy Rogers, major in the sales division, announced her group of captains as Mesdames A. H. Owen, J. P. Bowen, E. E. Clair, C. H. Clark, C. W. Snider and Paul Barnett.

National Firms

A meeting of Col. J. M. Spoonts national firms division also was held Friday afternoon. The national firms drive will open Monday morning with members of the division contacting local managers of the firms. "The work must be started early in order to get returns on subscriptions from the firm headquarters in time for the reports to be made before the drive ends," Mr. Spoonts said. In many cases the matter must be taken up with firm officials in New York and Chicago.

Members of the committee expressed the opinion Friday that all local managers will be contacted and interested by Wednesday morning. The drive proper will be held Oct. 26-29. Members of the division include Jean Montgomery, vice chairman, and captains, E. A. Bebb, Jack Barnard, W. R. Creamer, Ralph DeShong, Walter Nelson Jr., C. H. Stewart and J. M. Williams.

A feature of drive activities will be staged at chest headquarters Saturday morning when a group of little tots from the day nursery will be placed in a window with playroom equipment. The organization has averaged caring for 75 children daily in the past year.

A report covering finances of the chest for the past year was presented by Mr. Price at the board meeting Friday morning. Mr. Price is retiring chairman of the finance committee. Outstanding pledges total $11,593.96, the report revealed.

A vote of thanks to the chest workers in 1932 and to Mrs. Orr Bentley, secretary, was given on motion of N. H. Martin, board member. Resignation of Leon Deaton from the board was accepted due to his position as treasurer for the Family Relief association.

Poisoned Candy Given Children by Maniac

WICHITA, Kan., Oct. 14. (UP)—Search for a maniac, believed responsible for placing poisoned candy in the hands of school children here, was sought tonight.

Five children had been made ill from eating jelly beans they found in a sack on the grounds of Sunnyside school. The candy obviously was hidden about the school where pupils would find it, officials said. All of the children will recover.

The candy, they said, had been coated with a dry, crystalline substance. A chemist's analysis was being made.

Total Wichita Tax Reductions Save Property Owners $545,000

Combined taxes assessed upon Wichita Falls property for 1932 will be approximately $545,000 less than the total assessment for 1931, according to figures compiled at the city offices Friday.

Tax rates have been reduced by both the county and state for the current year in addition to striking almost $5,000,000 off the taxable valuations in Wichita county. City, school, and irrigation district tax rates remain unchanged, but reductions in valuations averaging about 20 per cent have effected tremendous cuts in the amount of tax to be assessed.

The state tax rate was reduced for 1932 from 74 cents to 69 cents on each $100 of property valuation, and the county from 85 cents to 35 cents. Both these tax rolls are assessed upon a 60 per cent basis, the valuation representing 60 per cent of the appraised value. The city rate remains at $1.40, that of the Wichita Falls Independent school district at $1.00, and the irrigation district rate at 80 cents.

State taxes in Wichita county in 1931 were $240,323.83; for 1932 they will figure $190,440. County taxes, 1931, were $276,047.64; for 1932, $96,600 will be levied; the city total tax drops from $654,631.46 in 1931 to $522,565.82 for 1932; school taxes, from $516,678.30 to $413,988.90; and the irrigation district levy from $376,726.72 to $295,655.04. The average percentage of decrease is 26.4 per cent.

SERVICES OF FORUM TOLD

Women Explain Activities To Business Men

Operation of the Woman's Forum as a comprehensive community activity was pictured for members of the Wichita Falls Chamber of Commerce business council Friday at the first fall luncheon at the Kemp hotel. Council President Leon Deaton turned the meeting over to Mrs. Guy Rogers, forum president, for talks by leaders of the organization.

The meeting was opened with an invocation by Dr. O. L. Powers and announcements covering other activities of the week were made by representatives.

Mrs. Rogers introduced members of the forum board of directors as honor guests for the luncheon. Mrs. Ola Hamlin, first president of the forum, was the initial speaker and described the origin of the group with 75 members in January, 1925. Growth of the forum was covered in the address revealing a membership list of 400 for the first year that reached a peak of about 1,100 Wichita Falls women active in the nine departments within a few years. The forum organized with a threefold purpose of developing literary attainments, physical, intellectual and moral benefits and social activities, Mrs. Hamlin said.

Mrs. Newton Maer reviewed the department activities of the organization, listing the divisions as fine arts, literature, civic, garden, writers, health, drama, music and junior forum. The departments of the forum offer an activity for every type person, Mrs. Maer explained. Details of departmental activity were reviewed, culminating with the Garden club as the newest and fastest growing division.

Mrs. Rogers discussed the extension work of the forum in charge of Mrs. Marvin Smith. Enlistment of women in neighboring communities and the sponsoring of district gatherings by the organization was reviewed. Mrs. Rogers listed numerous attractions brought to Wichita Falls by the forum, offering the membership an imposing group of artists and leaders in widely varying fields of attainment.

Mrs. Ben G. Oneal closed the program with an impression of Wichita Falls as received by other cities throughout the state and nation through community efforts here as exemplified by the forum.

School Notes

By BETH PERKINS

A big pep rally was held at the high school Friday morning. Coyote players of the teams from 1919 to 1932, inclusive, were the guests of honor. The captains of most of these teams were present, and Ray Patton, of the 1919 Coyote squad, made a very impressive address. He challenged the 1932 squad to fight to defend their goal line at the new stadium and to keep it unmarred by the opposing teams. Miss Lona Spruiell gave statistics of the Coyote football record. To date, the Coyotes have made a total score of 995 points against opposing teams. Miss Spruiell challenged the team to make the total "1,000 or bust." Coach Jeferies made a short talk and congratulated the students on their excellent spirit. Miss Kinsey said that every one had already gone athletic and that the show Friday night is just another proof of the fact. W. T. Falls was in charge of the program.

Euclidean Club

The college Euclidean club held a regular meeting Thursday evening. Jean Hunter gave some interesting facts concerning the Hebrew number system. The group was entertained with several readings. Sarah Crutchee entertained with several readings, and Sara Bancroft sang popular selections accompanied by La Rue Simmons.

New Writers Club Members

The Writers club has admitted for full membership the following students: Marion Trevathan, Jewell Johnson, Laurie Glen Pattillo, and Annette Beeman. Clarice Gardner has been admitted as a reserve in the Blue Curtain club.

Last Rites Today for Leona Evelyn Pratt

Funeral services for Leona Evelyn Pratt, 12, daughter of Mr. and Mrs. T. A. Pratt, 1207 North Ninth, will be held at 2 o'clock Saturday afternoon from the North Side Baptist church with the Rev. Harold Diggs officiating. The Hines mortuary will direct burial in the Iowa Park cemetery. The girl died at the family home Thursday night.

Pallbearers will be the Misses Joyce and Evelyn Griffin, Louise King, Johnnie Piper, Lora Mae Anderson, Virginia Davis, Anna Feals and Bernice Stevens.

Survivors are the parents, a brother, Raymond Pratt; a sister, Genevieve Pratt; her grandfather, C. O. Simmons of Wheeler, Texas; an uncle, J. W. Simmons of Wheeler; and two aunts, Mrs. Altha Conner of Sherman and Mrs. W. R. Webb of Wheeler.

Murray Rebuffed in Frederick Bank Case

OKLAHOMA CITY, Oct. 14. (US)—The attorney general's office is "too busy" to heed a request from Gov. W. H. Murray that an assistant be sent to aid in prosecuting Charles E. McConnell, official of the defunct Security State bank of Frederick.

McConnell will go on trial Monday on a charge of accepting deposits after the bank was insolvent.

Murray telephoned his request yesterday from McAlester. Today Attorney General J. Berry King notified W. J. Barnett, state bank commissioner, that his assistants were all "busy with important case."

Duke To Preside As Toastmaster At Vets' Banquet

W. R. Duke was notified Friday by the committee on arrangements for a banquet honoring prominent Spanish war veterans to be held at Dallas Sunday evening at the Jefferson hotel roof garden that he had been selected as toastmaster for the occasion. The banquet will culminate a day of activities at the state fair designated to the recognition of the Spanish war veterans of Texas which will begin with a mass meeting and reunion of veterans at 10 o'clock Sunday morning in the big tent just inside the state fair grounds and will continue with meetings and conferences throughout the day.

Among notable Spanish war veterans expected to be on the program at the banquet are United States Senator Tom Connally, Commander-in-Chief Wm. J. Otjen, of the national organization of Washington, D. C., and state senator of Oklahoma; Lee Satterwhite, former speaker of the house of representatives of Texas, J. Lee Cramer, camp commander of the Spanish war veterans at Dallas and others. A large representation of the Spanish war veterans of the state of Texas is expected to be in attendance.

Women Sentenced for Theft of Chickens

After pleading guilty before Judge P. A. Martin in the 89th district court Friday to charges of stealing 27 chickens, Josie May Jones and Lavinia Jones were assessed 27 days each in the state penitentiary with their sentences dated back 27 days.

Each of the defendants had served several weeks in the Wichita county jail since their arrest. When the court indicated his intention to impose jail sentences of 27 days each on the two women, Assistant District Attorney Mike Anglin explained that such a sentence would necessitate the defendants' serving about 40 days' costs in the county jail. That expense to the county was avoided by substituting penitentiary terms.

Pleading guilty to charges of theft over $50 Henry Magee and O. D. James were given two-year suspended sentences.

Two Special Trains Go to Dallas Fair

Arrangement of two special trains to insure ample room for Wichitans and other residents of this area in attending the state fair of Texas at Dallas over the week-end was announced Friday by Division Agent W. A. Little of the M-K-T. Sunday will be observed as Wichita Falls day at the fair.

Four bands will be placed on the first train to leave Burkburnett at 12:01 a. m. Sunday and the second special will leave Wichita Falls directly behind it. Bands on the trip will include Paul Seeds' Los Caballeros, Triangle band of Iowa Park, Cowboy band of Burkburnett and a Frederick, Okla., organization. The second train will be placed on the tracks here for occupancy after 9:30 o'clock Saturday night.

LEADERS LIST DEMO RALLIES

Speakers to Urge Big Vote For Garner-Roosevelt

Democratic rallies throughout the 13th congressional district are to be staged during the ensuing three weeks under the direction of Luther Hoffman, chairman of the speakers' committee, according to Judge Harvey Harris, district chairman of the Roosevelt-Garner campaign.

Mr. Hoffman and Judge Harris conferred Friday, it was stated, and plans for rallies in all parts of the district in support of the Democratic national ticket are to be formulated and put into effect immediately.

Bellevue and Petrolia

L. B. Moore, Bellevue banker, and C. C. Bock, public school superintendent at Petrolia, assumed the duties of medallion drive chairmen in their respective communities Friday, it was announced. Julian McFall spent most of Friday in Clay county in the interest of the medallion drive, and reported that residents of that section are responding with enthusiasm in support of the Roosevelt-Garner ticket.

Mayor Walter Nelson Jr. left Friday for a tour which will engage him until Monday evening in campaign activities. For the purpose of furthering the medallion campaign, and to arrange for Democratic rallies in the near future, Mayor Nelson will visit Henrietta, Bellevue, Bowie, Decatur, Sunset, and Alvord on his trip into the eastern part of the 13th congressional district. He will return Monday by way of Denton and Gainesville, where he will effect similar arrangements.

W. D. McFarlane of Graham, Democratic congressional nominee from the 13th district, telephoned local Roosevelt-Garner headquarters Friday that the medallian campaign in Young county is going over with a rush.

Medallions are now on sale in 20 different places in Cooke county, according to Bert H. Davis of Gainesville, county chairman.

Wichita Workers

Shields Heyser announced Friday that the following list of workers will inaugurate an intensive campaign in Wichita Falls for the sale of medallions: H. W. Fillmore, J. E. Winegart, Ernest Robertson, Walter Friberg, George Gardner Ernest Fruechte, William Ballard, P. B. Cox, Mike Anglin, L. V. Abernathy, Henry Penix, Otis Nelson Don T. Haynes, Earle Kuntz, George L. Kelly, Bert Derden, Milburn Nutt, Ray Bland, Gerald Coffey, W. L. Bass, Lillard Jackson, Perry Browning, Wayne Somerville, H. M. Muse, John Martin, Solon R. Featherston, Walter Nelson Jr., W. E. George, Clyde Bonner, H. M Harris, T. A. Hicks, George H. Osborne and Temple Shell.

Mr. Heyser requested that these campaigners report at the campaign headquarters, Staley building, for instructions and medallions.

Pioneers And Their First Church Honored At Presbyterian Services

Greetings from the Long Ago, special music by the original choir of the old brown church, and roll call of Sunday school members of the early days featured the fifth night "Home Coming Night" of the 50th anniversary of the First Presbyterian church Friday night.

Services opened with the singing of the Doxology, followed with prayer by C. W. Beavers. Mrs. Flora Greenwood played "Home Sweet Home" on the violin, accompanied by Mrs. O. E. Maer at the piano as the next number.

History of Church

A "Short History of the Church" was read by Mrs. A. H. Carrigan. Mrs. Carrigan stated that the early church was blessed with the coming of such pastors as Dr. Henry S. Little, Brother F. O. Miller and other early pioneers who did so much toward the up-building of the kingdom through their religious activity and work in the church. The original church was built, organized and decidated all in one year. The church was organized in the home of Mr. and Mrs. T. L. Miller at 808 Austin street.

A special musical number, "Sweet Galilee," was given by the original choir composed of Mrs. J. M. Bell, Mrs. C. W. Beavers, Mrs. A. H. Carrigan, Miss Kate Haynes, J. C. Hunt and T. T. T. Reese.

The first library in Wichita Falls and the first used by the children of the city was organized in the rear room, the Christian Endeavor room, of the old church. Mrs. C. Joline who discussed this phase of the church history stated the library was well equipped with reading material suitable for the children, and that the works of James Whitcomb Riley, Louisa M. Alcott and others was on hand.

Greetings from Long Ago were brought by past members of the church and those now affiliated with the church. Those taking part and who brought many interesting incidents in the early days of the church and the city were Mrs. J. M. Hannah, Dallas, Texas; Judge J. H. Barwise Jr. of Fort Worth; Mrs. J. L. McKee, Kansas City, Mo.; Miss Mary Little, Dallas, Texas; Miss Kate Haynes, J. C. Hunt and Mrs. C. N. Cameron.

Services Close Sunday

The roll call of those who were members of the Sunday school years ago was called and a large number answered the roll.

The service closed with prayer by Dr. George Horst, present pastor of the church.

Mrs. A. H. Carrigan presided.

The golden jubilee celebration comes to a close Sunday, Dr. J. L. McKee of Kansas City, Mo., bringing the message at the 11 o'clock hour, and Dr. Nat F. Grafton, pastor of the Floral Heights Presbyterian church of this city, preaching at the evening hour.

THREE FIRE ALARMS

Three alarms were answered by units of the fire department Friday. A hull fire at the Jamison gin, 114 Scott, was controlled before trucks of the department arrived at 1:36 o'clock Friday morning. A discarded cigaret was believed to have caused the blaze. Trash fire alarms were answered at 10:30 a. m. at 1709 McGregor and at 3214 Cumberland at 12:55 p. m.

PLANES MOVE TO SHREVEPORT

California Unit Transfers To New Air Field

MARCH FIELD, RIVERSIDE, Calif., Oct. 14. (AP)—Men and planes of the abandoned Mather field, army flying post of Sacramento, started moving out of California today for their new base, Barksdale field, Shreveport, La.

Eleven of 35 planes which came here last night from Sacramento took off today for the East, expecting to stop either at El Paso or San Antonio overnight, possibly reaching Shreveport by late tomorrow.

The other planes will leave here some time tomorrow, expecting to be in Shreveport Sunday afternoon.

Five of the 35 planes are transport ships which will be used to return army pilots of Kelly, Randolph and March fields, who are "ferrying" the Mather planes to Shreveport, back to their own bases.

The seven planes leaving today were flown by Kelly and Randolph field pilots under command of Capt. T. S. Voss of Kelly filed. March field pilots will ferry those leaving tomorrow.

Meantime, 18 officers and 457 enlisted men from Mather field were due at San Francisco today to board the army transport ship U. S. Grant en route to New Orleans. Three officers and 140 enlisted men will be dropped off at Panama.

New Archer Well Makes 200 Bbls.

Topping the pay at 1,109 feet and swabbing at the rate of 200 barrels per day, King-Krahenbuhl and associates No. 1 M. B. Ray came in Friday night. The test was drilled in late last week and was shot with 70 quarts resulting in a flow estimated at 75 to 80 barrels per day.

The test is located 330 feet north and east of the Helena Oil and Gas company's No. 1 Ray producer in the William Henry survey, abstract 163, northeast of Archer City.

The bit took 20 feet of the sand to 1,120 feet and was still in the pay. The test is the second producer in the Helena-Kelly pool.

COUNTY COURT

Three pleas of guilty entered to misdemeanor charges before Judge Irvin J. Vogel in the county court at law Friday drew light penalties.

One man was given $1 and costs for theft, another 10 days in jail and costs on a theft charge, and the third was fined $1 and costs for violation of the narcotic laws.
