CONCRETE for permanence

THINK of the traffic in your town twenty years ago. Not much of a problem then, was it? But today's Times have changed and the streets of yesterday are as obsolete as a 1907 motor car. Now streets must be specially designed for durability, safety and uninterrupted use.

Resilience is built into the modern vehicle. Its roadway must be rigid, maintaining an even surface under impact, wear and temperature. The concrete street meets these requirements perfectly—and it is the safest pavement wet or dry.

Battle For League Leadership In Majors Thrills Fans

FRANK FRISCH PAVES WAY TO CARDINAL WIN

PIRATES, GIANTS AND CARDS CONTINUE TO FIGHT GRIMLY

(By The Associated Press) A three-cornered battle for the lead in the league and a duel for the top in batting provided fans with plenty of drama in their baseball today.

At Pittsburgh the Pirates and Cardinals—world champions respectively in 1925 and 1926—have been battling furiously. The Cardinals hold the league lead this morning, the Giants being second, Pirates third.

The race in the American league grew closer when the Yankees lost to the Athletics came within striking distance of the hard-slugging leader.

Cards Hit Hard
Batting power carried the Cards to an 8 to 3 victory over the Pirates yesterday, although three St. Louis batters bled. With two strikes for two runs, Frankie Frisch led the batting attack while Lester Bell banged out the only homer of the game. Frisch handled nine chances without an error.

Jose Halper had the rival batsmen paralyzed and he chalked up his fifth win of the season. Paul Wagner, was the only Pirate to connect consistently, making three of his team's eight hits.

Throwing off the Brooklyn franchise with a mighty effort in the ninth and extra tenth, the Cards took the up grade again after dropping three straight games to the Robins. Jumbo Elliott took the showers in the ninth under a chain of hits that brought in three runs and tied the count 2-2. Lindstrom came home with the winning run on Bentley's single in the extra frame.

The first was the winning inning for the Senators in their game with the Yankees. In their single session they pounded out seven runs and chased Frasier and Shawkey to the club house. After that they didn't score, but they didn't need to as the Yanks could make but four runs in the last of the game.

Joe Judge's men, however, seemed to get into a tie with their team mate, for circuit-breaking honors.

The chance for the Athletics to tie the Yanks in the percentage was lost, when, this afternoon they met with the Red Sox in the third with the Mackem leading 7 to 1.

Both Chicago teams found their opponents easy, the Cubs routing the Reds by 12 to 9 and the White Sox routing the Indians in three innings in the fifth in a rally which gave his team six of its runs.

SPRING GRID CARD BEGINS

Tuffies And Jellies' Are Clashing Today To Open Three-Ply Schedule

This afternoon at 4 o'clock the Tuffies and Jellies clash in a grid classic at the Matador gridiron. This will be the first of a three game schedule and after the series is finished will culminate in the spring training of football in the local high school which has been conducted under the direction of Henry Frick. The Tuffies and Jellies are two clubs chosen by Coach Frick from the spring training recruits who have been coached by Red Barton and Mark Cummings. Barton has had charge of the Tuffies and Cummings the Jellies.

The student body of the high school has already established intense sentiment in the affair and opinions have been expressed on this issue and from all indications the game will be one of much interest. A full mid-season program is promised and according to Coach Henry Frick full time as is used in regular scheduled games will be used.

Local A.B. Semmes Matador will call the game this afternoon.

New Grid Rulings Don't Hurt System

PRINCETON, N. J., May 5.—Style of Princeton football will not be changed because of new grid rules, Head Coach Bill Roper, who has already held spring practice, admits that he did not inaugurate any changes because of the lateral pass ruling.

The Princeton system has not made use of the lateral pass this spring and probably will not do so next year. We believe it is better to have a thing pass than a lateral pass system will remain.

Baseball Averages Often Prove Misleading

Catcher Shea, Who Cost Detroit Forty Grand, Shining Example

BY BILLY EVANS

In these days of frenzied finance in baseball, the outlay of a mere \$40,000 for a ball player is simply pin money stuff.

However, it is a lot of filthy lucre to try to save from what you snatch out of the weekly pay envelope before handing it over to the manager.

When I visited the Detroit Tigers at San Antonio, Manager George Moriarty had as one of his problems the decision as to whether or not Catcher Merle Shea was worth that amount of money.

Last season Shea played with the Sacramento club of the Pacific Coast League. Figures in baseball do not always tell the true worth of a player. If they did, one would have a hard time reaching the conclusion that Shea was worth the expenditure of 40 grand.

The batting averages reveal that in 54 games he hit for the rather scant average of .251. In the field he was No. 20 in the list of catchers. Not much to enthuse over.

If baseball scouts picked major league prospects from mere figures, Shea would have had a tough time making an impression on the basis of his last year's showing.

On the contrary, figures play a very minor part in the deductions of a big league scout. He draws his conclusions almost entirely from personal observation. Every scout has a big league standard and the chances of a player to get a trial depends on how closely he measures up to the scout's requirements.

Merle Shea looked so good to one of the Detroit Ivory hunters that he informed Owner Frank Navin that the Sacramento backstop was worth a \$40,000 gamble.

Making \$10,000 decisions on ball players is simply one of the many incidents in the life of a major league manager. It is my belief that George Moriarty, pilot of the Tigers, will instruct Owner Navin to pay over that amount for Shea.

"He's a great looking prospect," was Moriarty's reply when I asked him about Shea. "Looks as if he would surely stick with the Tigers."

"I like his style. He has one of the greatest arms I have ever seen. He keeps up a line of conversation that takes you back to the old days when every great catcher was a 'pepper-pot'. The chattering catcher, who can also think, is a great asset to a ball club."

The question was raised as to whether or not Shea would make such headway against major league pitching in the role of batter.

"What Shea is able to do as a batter is giving me no concern," said Moriarty. "That is the least of my thoughts in sizing him up. There never was a more valuable catcher than Ray Schalk and his major league batting average is only about .250."

All of which makes it seem Detroit will shortly turn over \$40,000 for a catcher who boasts no great minor league record.

"Figgers" often lie in baseball.

REYNOLDS AND RELAY MEN OF CITY PRAISED

UNIVERSITY MEET IS BEGUN ON AUSTIN TRACK FIELD

(By Associated Press) AUSTIN, May 5.—The 220 yard dash and the shot put marks of the University Interscholastic league seem the most jeopardized records in the 14 track and field events listed for the 17th annual meet of the league beginning here today for three days.

This conclusion is based on showings made in 27 distance elimination meets.

Finals will be run off Saturday. More than 700 high school athletes from throughout the state are engaged in all events. Many of the 3,000 visitors expected arrived today, among them being contestants who will enter the tennis preliminaries today.

Reynolds Is Star
Reynolds, a Lubbock high school sprinter, offers the best bet for a probable shattered record in the 220 yard dash. He made it 1:21.9 in the district two meet, equalling the old record.

The next nearest approach to a new mark is seen in the showing of Hall of the Masonic home of Fort Worth, who put the shot 51 feet and 2 inches in the district meet. It is only half an inch short of the record established last year by Edmunds of Spout.

The 100 yard dash finds five sprinters, all from different districts, tied with a distance of showing of 16 seconds flat. They are Reynolds of Lubbock, Welborns of Quanah, K. Morgan of Baird, Davis of Preepert and Schofield of Eagle Pass.

R. G. Higginbotham, Brother Of Tech Coach, Joins A. & M. College Staff

(Special to the Journal) COLLEGE STATION, Texas, May 5.—R. G. Higginbotham, better known among A. and M. men as "Little Hig," will renew his connection with Texas Aggie athletics following a period of seven years in other fields, when he comes to the A. and M. college on September 1 as freshman coach.

Higginbotham's connection with A. and M. in the past was as student and star athlete. His return to the college as a member of the coaching staff will in a way be a homecoming event.

Announcement of Higginbotham's acceptance of the Texas Intercollegiate Athletic association basketball effective September 1, was made a few days ago by the A. and M. college athletic council. The former A. and M. man will succeed Coach J. R. Bender, who tendered his resignation as freshman coach to take effect in the fall, some time ago. Bender has been freshman coach at A. and M. college for

two years, having come to the college in 1925.

Was Aggie Star
Higginbotham, now a resident of Thurber, where he has been for the last two years, connected with the Texas Pacific Coal and Oil company, was an outstanding athlete at the A. and M. college from 1917 through 1922. He started on both the gridiron and the diamond, being a star punter and passer of the football eleven and a crack infielder in baseball. "Little Hig" played halfback on the 1917 and 1919 champion Aggie eleven and was an Aggie T man on the 1920 eleven. He was chosen as an all-Southwestern conference halfback in 1919 and 1920. In 1918, 1919 and 1920 he played at shortstop on the Aggie baseball team. He was a good student as well as athlete and made a good scholastic record during his enrollment at the A. and M. college. After leaving A. and M. Higginbotham coached for one year at Sherman high school. After that he became assistant football and head baseball coach at Austin college. While he was coach Austin college took the Texas Intercollegiate Athletic association basketball championship in 1924, and the T. I. A. A. football championship in 1923.

Played Pro Baseball
Higginbotham left coaching to spend two years in professional baseball. He was first with the Paris, Texas, team in the Texas-Oklahoma league, then with Fort Worth in the Texas league, and later with the St. Louis Cardinals in the National league. He left professional baseball for his connection with the Texas Pacific Coal and Oil company.

"Little Hig" will take up his duties at A. and M. on September 1 as freshman coach of football, basketball and baseball. He expects to spend the summer in preparation for his work, his schedule calling for attendance at the Rockne-Meanwell school for football and basketball coaches at Dallas June 6-18 and the Roper-Wittmer school at Princeton University July 11-23. The Rockne-Meanwell school will

be conducted by Knute Rockne, Notre Dame football coach, and Coach Meanwell, Wisconsin, basketball coach. This school will be held at S. M. U. in Dallas. Head Coach D. X. Bible of A. and M. will lecture there. The school at Princeton will be conducted by W. W. Roper, Princeton football coach, and Albert Wittmer, Jr., Princeton basketball coach. After attendance at the latter school Higginbotham will spend the rest of the time prior to the opening of A. and M. college in conference with Coach Bible at A. and M.

R. G. Higginbotham is a brother of Grady Higginbotham, assistant director of athletics at Texas Tech.

Present Champion Pacing Golf Play

LAUREL, Miss., May 5.—Miss Marion Turpie of New Orleans, present champion, was leading Mrs. Clarence Bruley of Atlanta, five up at the end of the first nine holes in the second round of match play in the Women's Southern Golf association's championship tournament today.

Mrs. David Gaut of Memphis was leading Mrs. H. S. Geisner of Birmingham, five up at the ninth hole.

Mrs. Dalton Raymond of Baton Rouge, was up on Mrs. Ed. Mason of Louisville and Mrs. J. W. Armstrong of Jackson was leading Mrs. Rufus Scott of Paris, Texas, three up.

Laurel Record Broken
LAUREL, Miss., May 5.—(AP)—Mrs. David Gaut of Memphis, three times southern woman champion, broke the Laurel Country club course record of women with a brilliant 53 today and went into the semi-finals of the Women's Southern Golf tournament by defeating Mrs. J. H. Cressmer of Birmingham, six and five. She negotiated the second nine in forty strokes, one under par, despite a seven on the 512 yard seventh hole.

BARBERS MEET LAUNDRY TEAM IN CITY LOOP

WILL PLAY FIRST TILT TODAY; UNDERTAKERS LOSE TO TAILORS

The City-Lubbock Laundry club clash with the Auto-Barbers this afternoon in their opening game of the Lubbock City league at the Tech park. Both managers, Chairman of the Auto-Barbers, and Sanders of the Laundry, have rounded up a good aggregation of men and will present their initial claims for the pennant this afternoon.

In a rugged game yesterday afternoon at the Tech park the Tailors took their initial go with the Undertakers, defeating them with a score of 12 to 7. "Lefty" Smith, undertaker southpaw, was pounded from the hill in the first frame and was relieved by another wrong handed, "Bud" Wright, for the rest of the game.

Blackburn Hits Homer

Blackburn, center fielder for the pressers and cleaners, pulled one for the full circuit against right in the last inning. The tailors score five runs in the last frame to win the game.

The Westerners, headed by their coach, L. J. Von Tungen, left for Slaton shortly after noon where they will meet the Tigers of the Slaton high school there today. This will be the fourth game with the Tigers this year. The Westerners have won two and lost one with the Millermen this season.

Coach Von Tungen will likely use either Kennedy, south paw, Nicholas or Ridge against the Slaton nine this afternoon. Kennedy, wrong handed of the crew, will lose his first game with the Westerners in event he is used against the Tigers.

McInnis Turns To Golf For Future

PHILADELPHIA, May 5.—"Stuffy" McInnis, manager of the Phillies, is likely to seek entrance into the rank of golf pros when his baseball days are over.

The famous first baseman is one of the best golfers following baseball for a living, and his score is always down in the low seventies. He made many a 72 in Florida this spring.

"Must admit I love this game called golf," McInnis has often said, "and I'm likely to quit baseball some day and seek a job as pro for some country club."

FLOOD REFUGEES

write hymns, their spirits undaunted by even the worst of the many floods they have survived.

With the marchers go horses, mules, cattle, pigs and many variety of dogs. But not all of the livestock will be saved. Many head will be caught in the flood to swim until exhaustion has made them a prey to the murky waters.

Still Work On Levees

As this fight for life proceeds to the northward other battles go for over wide fronts to the south and west. At the bottom of the funnel shaped flooded area engineers and laborers pit their wits and brawn against the great mass of water bearing down from the north in the effort to divert it back into the Mississippi and to save the rich sugar cane belt in the south central part of the state.

Northward, at Monroe and West Monroe, in Ouachita parish, another small army labors against a front and flanking foe—the swelling Ouachita itself and backwaters coming down from Arkansas to flood a swamp behind the town.

BAPTISTS LAY BATTLE LINES

Opposing Forces Ready For Debate On Changes In Administration

(By Associated Press)
LOUISVILLE, Ky., May 3.—Forces for and against the proposed changes in the business administration of the Southern Baptist convention were being lined up today in preparation for discussion at the afternoon session. The changes were recommended by the convention's efficiency committee.

The only business during the morning session was consideration of the problems of the denomination in increasing circulation of its various state-organ and the enlargement of receipts of the denomination for its general missionary, educational and benevolent budget.

Contribution Is Talked

An intensive campaign for enlistment of more churches and individual Baptists in systematic and proportionate contributions to mission, education and benevolence funds has been recommended by the cooperative program commission report presented by Dr. A. J. Barton of Nashville.

Plans for the anniversary program of the Women's Missionary Union were launched last night by Mrs. Carter Wright of Alabama. The object of this program, commemorating the fortieth year of the organization are:

Forty thousand new members in existing organizations before 1928. Forty per cent increase in organization of missionary societies and young people's organizations. Four million dollars as a total of all W. M. U. gifts for the year.

Since installing a radio for the entertainment of his customers, Fred Kornak, a Chicago barber, has more than doubled his business.

Women, You Need Strength

Beaumont, Texas—"When I was advised to try Dr. Pierce's Favorite Prescription" after all the other remedies which I had used for feminine weakness had failed to benefit me, I was just about past going. I had suffered so much. I began taking the "Favorite Prescription" and in a short time was feeling as well as I ever did in my life, and I am still enjoying good health."—Mrs. Mary J. Hall, 1353 Park St.

Lubbock Churches May Have Revival

Union services, which will be co-operated in by all denominations in the city, under present plans, will be conducted in Lubbock beginning July 31, it was agreed at a conference of different churches held Wednesday evening.

Dr. S. J. T. Williams, of the Will Hong Evangelistic Party, was present for the meet and Dr. Hogg and his party were invited to conduct the services here, under tentative arrangements.

Advisability of such a revival campaign has been under discussion by the pastor's association here for some time.

Magnolia Offers 10 Cent Hike In Crude

DALLAS, May 5.—(AP)—Magnolia Petroleum company today increased the price of crude oil cents a barrel in Oklahoma, Kansas and Texas fields in which it is purchasing on a gravity basis, restoring the schedule posted on April 7. Under 23 gravity oil is now \$1.05 a barrel, 32 gravity and above is \$1.45, and a differential of two cents for each degree of gravity obtained for the intervening grades. Crude was raised from 95 cents to \$1.00 a barrel.

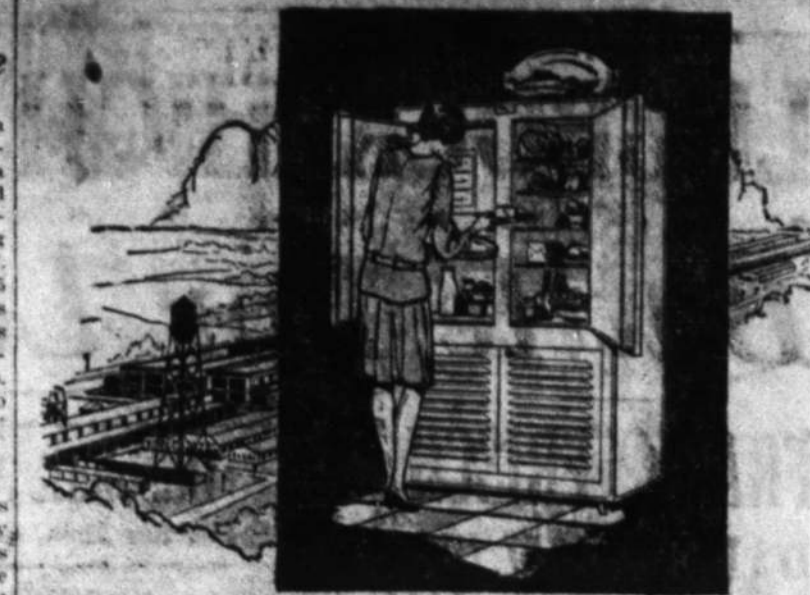

FALLS 200 FEET; LIVES

BINGHAM, Utah.—Hiding across a valley on an aerial tramway bucket, Glen Hixley, a miner, was thrown out by the awaying of the cable and fell 200 feet. He went head foremost into a deep snow-bank, was taken to a hospital, and was said to be only slightly injured.

ANDERSON BROS JEWELERS

Now two thousand FRIGIDAIREs a day.

Two thousand Frigidaires a day are now required to supply the enormous demand—a demand that has already placed more Frigidaires in use than all other electric refrigerators combined.

Two thousand more Frigidaires to provide careful economical refrigeration for homes and stores—to bring two thousand more users of refrigeration a new independence of outside ice supply.

The amazing growth in popularity of Frigidaire is conclusive proof that it is filling a real need—a need for better, more economical food preservation. Modern homes and stores find that Frigidaire pays for itself many times over in better refrigeration at low costs.

If you are not among the thousands of Frigidaire users, visit our salesroom and see Frigidaire demonstrated. Ask about prices, terms, and operating costs.

SAINT AND SINNER

BY ANNE AUSTIN

Next day, Tuesday, the day of the trial of Cherry Wiley for the murder of Bishop... the examination of a large army of relatively important necessary witnesses. The Rev. Mr. Arthur Ashburn, rector of St. Peter's, at which the trial was to have taken place... the body of Faith's arrival, disassembled at the church, to break the seal of Cherry's elopement. Chief Police Morehouse, three detectives and the coroner told their story of the discovery and examination of the body of the murdered woman as well as their search of the grounds for clues.

Churchill demanded. "Well, the right footprint was of the whole shoe, but the left one was of the toe half of the shoe only, the kind of footprint a man would make if he walked on tiptoes, with his heel held up." Moorehouse explained conscientiously. "Now, Mr. Morehouse, how many of these footprints were there altogether, or that you could discover?" Churchill urged him, with supreme satisfaction. "There were three sets of the footprints going each way." "Did you go out and measure these footprints?" Churchill went on triumphantly. "I did, but I lost the envelope I jotted the figures down on. Hathaway measured them, too." Morehouse explained apologetically. "Will you give the measurements from memory as accurately as possible?"

TOMORROW: Churchill's theory of the murder is cleverly introduced as he cross-examines Chief of Police Morehouse.

Child Health

Child Health is something to which we can be glad to turn our attention. It touches on a matter of the highest importance. Every physical child has always been an American ideal. The American of tradition is, and has been, a wiry, athletic chap, healthy and active. He is a noble figure, worth keeping as our national type.

But we must keep him without effort. Strong, healthy men don't develop from children that are undernourished, for example. They don't develop from youngsters with defective teeth, with faulty vision, otitis media, crooked spines or the like.

Will We Win? WE modern Americans have grown very proud of the way in which we have "tamed nature." We tamed through mountains, we fly through the air, we obliterate deserts with irrigation, we send music through the sky, and we feel that we have pretty well triumphed over the forces of nature.

Advice When the Ohio legislature recessed the other day newspaper correspondents, summarizing its work, agreed that its outstanding accomplishment was its failure to pass the countless bits of freak legislation that certain members had offered.

For Historians SCARFACE AL CAPONE, one of Chicago's most notorious gang leaders, is "brake." He says so himself.

THE PLAINSMAN

If Al Smith gets the democratic nomination look for a third major political party. There are too many dyed-in-the-wool democrats who will not "stand nitcheed" behind Tammany hall and Mr. Smith and who, at the same time will not support a republican candidate.

Ben Smith, veteran South Plains editor, who has recently moved to Elkhart, Hutchinson county, wrote a recent editorial in which he held Lubbock county up as a horrible example and painted, in vivid phrases, the "business depression and the hard times" here. The Plainsman remembers when Ben Smith used to take up 25 of the 26 columns available in his paper to lambast the South Plains, exaggerating, if it is possible to exaggerate the prosperity and future of the Plains) in his articles.

Old Master's WE meet beneath the sounding rattle. And the walls around are bare; As they shout back our peals of laughter.

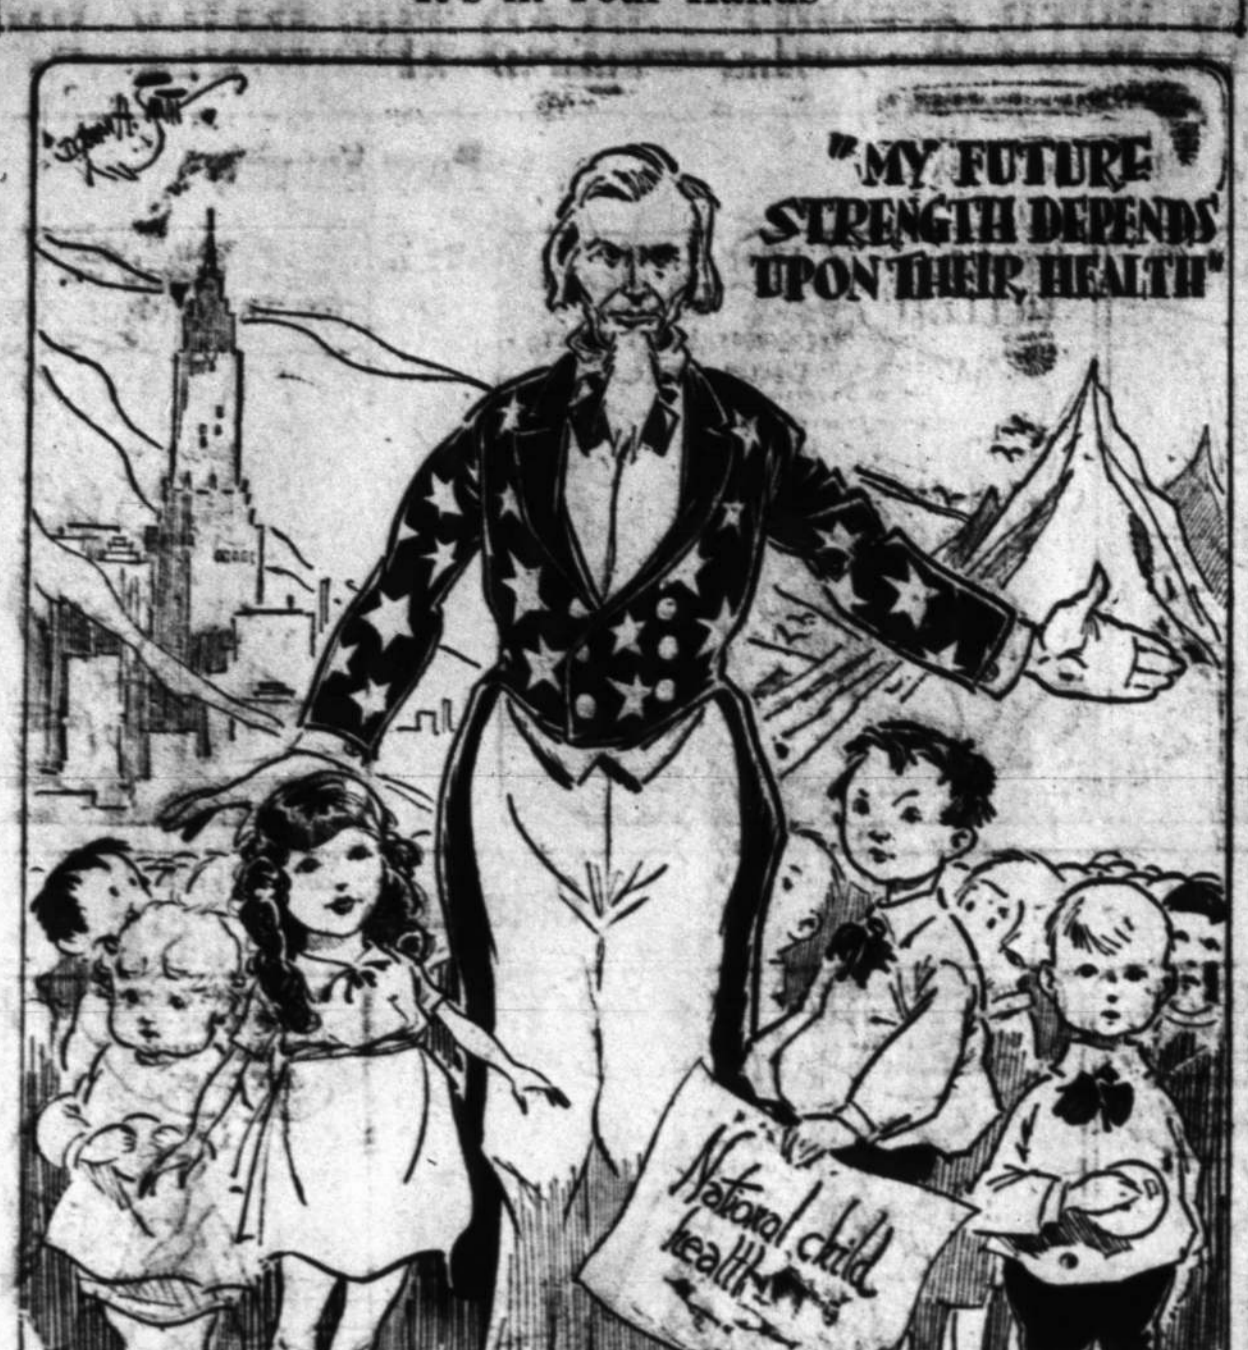

A Thought Unto the pure all things are pure—Titus 1:15. HE that has light within his own clear breast may sit in the center and enjoy bright day.—Milton.

IT DRIVES OUT WORMS

The strict sign of worms in children is paleness, lack of interest in play, fretfulness, variable appetite, picking at the nose and sudden starting in sleep. When these symptoms appear it is time to give White's Cream Vermifuge. A few doses drives out the worms and puts the little one on the road to health again. White's Cream Vermifuge has a record of fifty years of successful use. Price 25c. Sold by HALL-BENSON DRUG CO.

NEW YORK.—Receipt of "enormous" daily mail by Nicholas Murray Butler about prohibition is announced by Columbia university which describes some of the letters as from cranks threatening the doctor, but most of the correspondence is in praise of his views.

CAT QUALIFIES AS HOBO

CHICAGO—A coal black cat here is a potential candidate for membership in a club of hoboes. The cat qualified by riding the rods between Union Pacific stops 1,500 miles from Ogden, Utah, here. During the 48 hour trip trainmen tried and failed to dislodge her and sympathetic passengers attempted unsuccessfully to coax her from the rods with food.

Upon arrival she was adopted by W. B. Jackson, negro porter, and named Miss A. No. 1.

NATION'S RICHES GROW

NEW YORK.—The national wealth of the United States amounted to \$325,930,000,000 in 1925, according to an estimate of the National Industrial Conference Board, an organization representing the major industries of the country. This was an increase of approximately 35 billions over 1922, when the last estimate was made.

PARIS—Abandoning conventional male attire, hundreds of men in the Anti-Fashion Society of Paris have declared war on stiff collars, handkerchiefs and long trousers. Even the president of the Paris tailors' association is included among the many notables who favor the return of knee breeches.

Sulphur Soothers Ugly, Itching Skin

The First Application Makes Skin Cool and Comfortable

If you are suffering from eczema or some other torturing, embarrassing skin trouble you may quickly be rid of it by using Mentho-Sulphur, declares a noted skin specialist. Mentho-Sulphur, because of its germ-destroying properties, seldom fails to quickly subdue itching, even of fiery eczema. The first application makes the skin cool and comfortable. Wash and blotchee are healed right up. Rowles Mentho-Sulphur is perfectly harmless. You can obtain a small jar from any good druggist.

Two Arrested For Chicken Stealing

With the arrest of May Bledsoe and L. O. LeCrese, near Plainview Wednesday, the activities of an alleged chicken theft ring, extensive enough in proportion to employ two automobiles for distribution, was halted, members of the sheriff's departments stated.

About twenty chickens said to have been sold in Lubbock and belonging to farmers in another county were recovered here, when a record of past sales, which reached extensive proportions, was secured by officers. One deputy opined that nearly a car-load of chickens have been stolen in the district by parties believed to be May Bledsoe and LeCrese.

The two were transferred from the Plainview jail to Otton for hearing Wednesday.

NEEDED DOUGH FOR KNEES
BISMARCK, S. D.—A North Dakota girl school teacher who froze her silk stockings knees on her way to school has been refused aid by the workmen's compensation bureau.

Another teacher who froze her hands starting a fire in the school house stove has had her claim granted.

The difference in the cases, the bureau held, was that one girl was on her way to work and the other was actually at work.

Frau Anna Gorken, wife of a clerk in Bremen, Germany, presented her husband with quadruplets, all four being boys.

NEW RECORDS SET BY GRAY

Army Balloonist Soars For 41,000 Foot Altitude Mark In Illinois

(By The Associated Press)
SCOTT FIELD, BELLEVILLE, Ill., May 3.—America apparently has captured another laurel in the contest of the air, through the ascension of Captain Hawthorne C. Gray, army aviator, yesterday to a height of approximately 41,000 feet. It is believed this is the highest altitude ever attained in a free balloon. From his basket he surveyed the earth from a distance of nearly eight miles.

While the sealed altimeter in Gray's balloon remained to be calibrated by the bureau of standards at Washington, Captain Gray said he checked his instruments at 40,000 feet and found them to be accurate.

Lands 100 Miles Away
Starting at 1:30 p. m., Captain Gray piloted his balloon to its maximum height until a pain in his chest forced him to descend after his instruments indicated he had reached his goal. He landed at 4 p. m., at Golden Gate, Ill., more than 100 miles away.

Descending to 8,000 feet and finding that his craft was headed for a swamp at more than 1,800 feet and finding that his craft was headed for a swamp at more than 1,800 feet per minute, Gray removed his oxygen mask and observed the balloon failed to "parachute." Gray then made a parachute jump to a muddy field within 200 yards of a creek.

An enormous aviation suit enabled him to withstand the temperature of sixty degrees below zero, while a specially designed oxygen mixer, equipped with an electric heater provided him with ample oxygen in the rarified atmosphere. Medical officers here said he had reached the limit of human endurance in rarified air.

EVIDENTLY MARRIED
CHICAGO—One candidate for mayor of Chicago at the recent election got but two of the 50,000 votes. He was George Koop, socialist.
