Action Against Jews Protested

"ANTI - LIE CAMPAIGN" BEGUN IN GERMANY BY GOVERNMENT

(By The Associated Press)

Jews throughout the world watched today the situation of their brethren in Germany, where the government launched an "anti-lie campaign."

Alleged mistreatment of Jews in the Reich was protested at meetings last night in many parts of the world. In New York more than 22,000 packed Madison Square Garden, and there was an overflow crowd of many thousands.

Al Smith Speaks

Alfred E. Smith, addressing this meeting, said Jews are "a peace-loving class of citizens that have been helpful to every country they inhabit" and declared the only thing to do with anti-semitism "is to drag it out in the open sunlight and give it the same treatment we gave the Ku Klux Klan."

Twenty Jewish physicians were ousted last night from Berlin hospitals. Chancellor Hitler's Nazis announced a move to boycott Jewish business in Germany in answer to foreign threats of boycotts against German goods.

The Nazi minister of propaganda, Joseph Goebbels, announced "sharp counter-active measures" would be taken against those responsible for reports of anti-semite atrocities.

Exaggerations Claimed

A cable from Berlin said telegrams of indignation, declaring that reports of excesses in Germany were exaggerated, were sent to the United States by members of the protestant clergy, industrialists and Jewish organizations. Dr. K. O. Bertling, director of Amerika institut in Berlin, wired Dr. Nicholas Murray Butler he was "shocked at the gross misinterpretation of recent German events."

Wine Regulations Are To Be Drafted

WASHINGTON, Mar. 28. (AP)—The bureau of industrial alcohol expects to have regulations ready within a few days for the selling of 3.2 per cent wine after April 7.

While very little straight wine is expected by officials to be sold because of its alcoholic content runs well-above that permitted by the law, manufacturers of carbonated water have submitted plans to James M. Doran, commissioner of industrial alcohol for using wine as a flavoring.

Search Continued For Negro Slayers

HOUSTON Mar. 28. (AP)—Handicapped by meager clues to the identity of two negroes involved in the murder of William W. Porch, jr., 24, and the attack on his young woman companion, police today had made little headway in their efforts to track down the fugitives.

After questioning five negro suspects held here, police announced they had been unable to link them with the crime.

Millions Gained By Hoarding Ban

WASHINGTON, Mar. 28. (AP)—Federal Reserve banks gained $503,000,000 as a result of the ban on gold hoarding.

The time for returning the hoarded metal expired last night. Each of the twelve reserve banks has been directed to turn into the treasury names of those who have withdrawn large amounts of gold and failed to put it back.

What action the government will take against hoarders under the emergency banking law has not been announced.

HITLER ALLIES ARE ACCUSED

MORE THAN 1,350, ARE ARRESTED IN FIRST COUNTER-REVOLT

(By The Associated Press)

BRUNSWICK, Germany, March 28—The first counter-revolt plot within the ranks of supporters of the two-months old Hitler government was reported uncovered today with 1,350 men under arrest.

A state-wide ban on the Steel Helmet War Veterans, allies of the Nazi brown-shirted storm troops since the creation of the Hitler coalition cabinet, was declared. Dietrich Klagges, Nazi minister of the interior in Brunswick, declared members of the disbanded Reichsbanner, the republican defense organization, banded with Steel Helmeters "under orders to start a fight against the Nazi party."

Youths Arrested

Those arrested included 200 Steel Helmeters, who had been made auxiliary police along with the Nazi storm troops. The remainder under arrest were mostly youthful socialists and communists.

Franz Seldte, the one-armed leader of 1,000,000 Steel Helmeters throughout the country, stated in Berlin he was convinced of the trustworthiness of the organization's leaders in Brunswick. This leader, Dr. Schrader, however, was roused from bed early this morning in Wolfenbuettel, Brunswick, and placed under arrest.

The Steel Helmeters and leftists were arrested in a sensational raid last night on the former's headquarters here, in the municipal sick benefit administration building. Through the night blazing lights of the big building, where the prisoners were cooped up, drew citizens of this provincial capital who crowded the police lines tightly drawn around it.

POSTPONE TEST OF PRODUCTION

AUSTIN, March 28 (AP) — R. D. Parker, supervisor of the oil and gas division of the Texas railroad commission, said today that the proposed test on next Thursday of potential production in the East Texas oil field, has been postponed.

Parker pointed out that C. V Terrell and Ernest O. Thompson members of the commission, would not return from Washington until Thursday evening and that James V. Allred, attorney general, had held that the proposed order could not be issued in the absence from the state of a majority of the commissioners.

GASH IN HEAD BLAMED FOR THE DEATH

HUSBAND FINDS WIFE MURDERED IN BED AT THEIR HOME

(By The Associated Press)

DALLAS, March 28.—Mrs. Ora Anna Christi, 49, wife of William Christi, 69, a cotton mill worker, was beaten to death today as she lay in bed at her home here.

She was found by her husband who had been working in the back yard. A two-inch gash in the back of her head caused her death before physicians, called by neighbors who answered his calls for help, arrived.

Mrs. Christi was last seen alive by friends earlier in the day when she went to a nearby mail box to send a letter to her daughter, Mrs. Amanda Hobson at Knoxville, Tenn.

Christi worked three days a week at the mills but was off today.

Bloodstains on a pillow indicated she might have been struck the blow on her head while on the bed. There were no signs of a struggle.

Christi told police he had been in the house for some time before and his wife had told him she was going to write a letter to her daughter then mail it.

Courtmartial Case In Hands Of Jury

LONDON, March 28 (AP)—The courtmartial trying Lieutenant Norman Baillie-Stewart on a charge of selling military information to a foreign agent retired this afternoon to consider its verdict after the judge advocate had summed up the evidence.

It may be several days, perhaps weeks, before the verdict is published, in his summation the judge advocate directed the court to acquit the accused on three of the ten counts against him.

OPPOSE FEDERAL OIL REGULATION

WASHINGTON, March 28 (AP)—Opposition to any further federal regulation of the oil industry was presented today to Secretary Ickes by a group of independent oil producers who said they had formed an independent petroleum association "opposed to monopoly," headed by John B. Elliott.

The group which has withdrawn temporarily from the governors' oil conference, called in an effort to bring stabilization to the industry through federal cooperation, presented several resolutions to Secretary Ickes, one of which said:

"We ask the federal government to leave in the hands of the respective states the duty and rights of regulating their internal affairs as to the production of petroleum."

Extortionist Will Face Investigation

MIAMI, Fla., Mar. 28. (AP)—Assistant U. S. District Attorney Emory Akerman today said a grand jury which will assemble here April 10 will consider the case of Gilford Clobridge, 38, charged with writing a letter demanding $50,000 from Colonel Charles A. Lindbergh and mailing a pint of liquor to Federal Judge Halsted L. Ritter.

Clobridge, recently the subject of a hearing at which physicians declared him to be sane, was arrested March 23.

Edward G. Edwards Freed Of Charges

SINTON, March 28 (AP)—Edward G. Edwards, who surrendered after an eight years absence on a murder indictment, was a free man today.

A jury yesterday ordered a two-year suspended sentence for the slaying of John Lightbourn, a deputy sheriff, in 1919. Almost ten years ago Edwards was sentenced to five years for the officer's death but disappeared as an appeal from the conviction was being perfected. Edwards gave himself up at San Francisco more than a month ago.

Legal Beer Bill Is On Calendar Of Legislature

MEASURE IS NOT EXPECTED TO COME UP FOR HOUSE CONSIDERATION FOR ANOTHER WEEK

(By The Associated Press)

AUSTIN, March 28—A bill to legalize the manufacture and sale of 3.2 per cent beer was on the calendar of the legislature today.

The house state affairs committee last night reported favorably by a viva voce vote bills exempting liquors of that alcoholic content from provisions of the prohibition statutes and providing a method for the sale of such beverages.

Week's Delay Seen

It probably will be a week or longer before the bill comes before the house for floor consideration.

The hearing on the bills attracted a large crowd of prohibitionists and anti-prohibitionists, the spectators filling the floor and the galleries of the house of representatives. Speakers on each side were cheered.

Dr. Atticus Webb of Dallas, superintendent of the Texas Anti-Saloon league, and Bishop John M. Moore of the Methodist Episcopal church, South, of Dallas, were the chief opponents of the bill. Dr. H. K. Taylor of Dallas and the Rev. W. H. McKenzie of Austin also opposed legalization of 3.2 per cent beverages.

R. J. Boyle of San Antonio, George Slater, executive secretary of the Texas Federation of Labor, D. A. White of San Antonio, representing The Crusaders, and Representative P. L. Anderson of San Antonio advocated favorable reports on the bills.

Girl Strangled To Death Today

NEGROES FACE TRIAL AGAIN

SEVEN CHARGED WITH ASSAULTING TWO WHITE GIRLS

(By The Associated Press)

DECATUR, Ala., March 28—Retrial of seven negroes accused of assaulting two white girls proceeded today after their attorneys protested negroes had been excluded from the jury which originally sentenced them to death.

Patrols of national guardsmen were on hand to preserve order as the defendants in the so-called Scottsboro assault case, granted new trials by the United States supreme court, were brought here for the second hearing yesterday.

Attorneys Clash

Samuel S. Liebowitz of New York, chief of defense counsel, leading a move to have the indictments set aside on grounds the exclusion of negroes from the grand jury had denied the accused constitutional rights, clashed frequently with Attorney General Thomas E. Knight, jr., directing prosecution.

Several defense witnesses testified they had no knowledge of negroes ever being called for jury service in Alabama.

One of the two prosecuting witnesses, Mrs. Victoria Price, was in Decatur ready to testify. The whereabouts of the other, Ruby Bates, was not known.

The seven defendants, accused of attacking the white girls while bumming a ride on a freight train, are Haywood Patterson, Charlie Weems, Clarence Norris, Ozie Powell, Willie Roberson, Andy Wright and Olem Montgomery, ranging in age from 17 to 20.

SIX - YEAR - OLD CHILD CHOKED WITH ROPE; SUSPECT IS HELD

(By The Associated Press)

NEW YORK, March 28—Six-year-old Barbara Wiles was killed in the basement of her Brooklyn home today, strangled with her own skipping rope which she had unwittingly tossed ready to the slayer's hand, and within three hours police seized for questioning a man unable to explain his recent actions.

As more than 100 uniformed and plain clothes police swarmed around the Wiles tenement in the Bushwick section of Brooklyn a dark man in his early twenties came pushing through the crowd and elbowed his way into the building.

"Who are you?" detectives asked.

"I'm a barber," the man replied. "I've come to tend a sick man."

Has No Implements

But he had no barber implements with him and a quick check showed that no one was sick in the tenement's six apartments. The man was hustled away to a police station.

Barbara, the daughter of Harold Wiles, an unemployed mill worker known locally as a cricket player of unusual ability, was sent to the cellar this morning to get the baby carriage for her baby brother.

There she was strangled with a skipping rope she had tossed down the stairs yesterday for safe keeping. An iron spike had been used to tighten the rope about her neck.

Saw Man Run

A woman neighbor questioned in the early investigation told of seeing an excited man of about 20 dash into the vestibule of her tenement as though to hide about the time of the crime. She said she confronted him to demand the reason for his suspicious actions and with a mumbled excuse he ran down the street.

The Wiles live a mile or so from where five-year-old Florence Mc-

ROOSEVELT'S UNEMPLOYMENT RELIEF FUND IS REPORTED TO SENATE TODAY

(By The Associated Press)

WASHINGTON, Mar. 28.—The administration's bill to create a $500,000,000 unemployment relief fund was reported to the senate today by its banking committee for consideration immediately following the Roosevelt reforestation measure.

The committee gave unanimous approval to the bill at about the time debate begun on President Roosevelt's plan to put 250,000 men to work in the nation's forests.

Senator Wagner (D., N. Y.), one of the sponsors of the $500,000,000 bill said it would be taken up for consideration by the senate immediately after the forestration measure. He predicted its approval by the end of the week.

The bill would permit the federal government to make direct grants of relief funds to the states, instead of loaning money as under the Hoover administration.

The committee voted to limit to 15 per cent of the total the amount that any one state could receive but to repeal this limitation on the $68,000,000 remaining in the reconstruction corporation loan fund.

Repeal of this clause would permit Illinois, which has exhausted its quota, to obtain further money.

The reforestation bill was formally taken up by the senate at the request of Senator Robinson, of Arkansas, Democratic leader, although it was informally debated yesterday.

BILL SENT TO LOWER HOUSE BY SENATE

TECH WOULD RECEIVE $22,750 UNDER THE PROPOSED PLAN

(By The Associated Press)

AUSTIN, March 28. — The senate today passed and sent to the house a bill to appropriate $374,750 for support of summer schools this year in the state colleges. In addition, each college would be permitted to retain students' fees equal to $5 per student per six weeks term plus all laboratory fees.

The appropriations were as follows:

University of Texas $56,000; A. & M. $17,500; John Tarleton at Stephenville $11,900; North Texas Junior Agricultural college at Arlington $8,400; Prairie View school for negroes $4,200; College of Industrial Arts, Denton, $21,000; College of Arts and Industries, Kingsville, $17,500; Texas Tech, Lubbock, $22,750; East Texas Teachers, Commerce, $35,000; North Texas Teachers, Denton, $52,500; Sam Houston teachers, Huntsville, $24,500; Southwest Texas teachers, San Marcos, $30,500; Stephen F. Austin teachers, Nacogdoches, $24,500; Sul Ross teachers, Alpine, $17,500; West Texas teachers, Canyon, $24,500; and College of Mines, El Paso, $6,500.

30 Per Cent Lower

Senator T. J. Holbrook of Galveston, chairman of the senate finance committee, said that the proposed appropriations were approximately 30 per cent lower than the amounts used by the schools last summer.

Senator Will M. Martin of Hillsboro spoke against the bill, asserting that under existing economic conditions he was unwilling to vote for appropriating money to keep summer schools open.

The senate reconsidered the vote

APPROVAL GIVEN NEW FARM PLAN

WASHINGTON, March 28 (AP)—Full approval of the administration farm bill as passed by the house was expressed before the senate agriculture committee today by U. B. Bialock, president of the American Cotton Cooperative association, breaking the long parade of opponents of the measure.

Bialock testified after F. E. Mollin, of Denver, secretary of the American Livestock association, and C. D. Streeter, a farmer of Keokuk, Iowa, had opposed the bill.

Two Injured When Struck By Trains

AMARILLO, Mar. 28. (AP)—Two men were in hospitals here today suffering from similar injuries received when they fell beneath moving trains in local railroad yards late yesterday. Tht accidents happened within two hours of each other.

W. B. Plummer, 71, of Harlingen, lost his left foot. His son pulled him from beneath the train. T. W. Williams, 39, of Austin, suffered a broken leg. He was found early today after spending the night in the railroad yard. He said his companions refused to summons aid.

Farm Holiday Unit Talked For Texas

AUSTIN, March 28. (AP)—Delegates from several sections of Texas met here today at the call of George W. Armstrong of Fort Worth to organize a farmers' holiday association.

The Texas association proposed to affiliate with the national group, organized in Iowa several months ago.

Armstrong said a committee from the association would appear before the senate civil jurisprudence committee tonight to advocate a favorable report on the Greathouse bill proposing a moratorium on mortgage debts. The bill had already passed the house.

BLACKMAIL IS FRUSTRATED

YOUTH ARRESTED FOR PLOT AGAINST MRS. CHAS. LINDBERGH

(By The Associated Press)

AKRON, O., March 28—A crude attempt to blackmail Mrs. Charles A. Lindbergh for $25,000 was thwarted today with the arrest of a 15-year-old Hudson High school boy.

The lad, Postoffice Inspector Ernest D. Claggett said, admitted mailing two letters to the famous aviator's wife but said, "I don't know what I would have done with the money if I had got it. My father will kill me, though, when he hears of this."

Name Withheld

Detectives who captured him last night near the spot where the money was to have been sent said the boy probably would be turned over to juvenile authorities. They withheld his name.

He didn't know the Lindberghs' address "for sure," the boy said, so he addressed the letters to "Mrs Charles Lindberg, Delaware and New York," believing that if they lived in either state the missives would reach them.

One of the letters was mailed Feb 27. It was snatched by postoffice inspectors here. The second, dated March 14, was intercepted by Washington postal authorities. Neither was seen by Mrs. Lindbergh.

Lives Threatened

"We are watching you," the brief second message said. "Your lives are in danger. There are 30 in our gang. Send the money by parcel post to 'Dad', care of Bluebird Inn, route 8, Hudson."

Claggett said "Dad' was a 73-year-old recluse friend of the boy. He disclaimed any knowledge of the plot and, the inspector said, the boy did not implicate him.

MAN ADMITS AX SLAYING OF BOY

KALAMAZOO, Mich., March 28 (AP)—Daniel Smith, a 65-year-old celery grower who walked into police headquarters today saying "lock me up, I just killed a boy," is held for the slaying of 8-year-old George Badham, whose body was found in a shack this morning.

Smith is believed by police to have become temporarily insane. Police said Smith was unable to give a motive for the crime.

Huge Loss Caused In Roundhouse Fire

OKLAHOMA CITY, March 28 (AP)—A broken electric light bulb ignited a 250-gallon gasoline tank causing a fire which destroyed the Frisco railroad roundhouse with an estimated loss of $300,000 here today.

R. L. Bare, 29, sprayed with flaming gasoline, was rushed to a hospital. Bare said he was cleaning a trap under the gasoline tank on a motor car when the light bulb broke.

PLANE BURSTS INTO FLAMES IN MID-AIR

ELEVEN VICTIMS ARE ENGLISH; CRACKUP IS IN BELGIUM

(By The Associated Press)

BRUSSELS, Belgium, Mar. 28.—Fifteen persons were killed today in the wreck of an Imperial Airways passenger liner near Eesen.

Eleven of the victims were English.

The plane, bound from Cologne to Croydon, England, by way of Brussels, was the trimotored "City of Liverpool."

Crashes In Flames

She carried twelve passengers and a crew of three. All perished when the ship crashed in flames.

No Americans were aboard.

The cause of the accident was not immediately determined.

The plane had stopped at Haeren airdrome on the outskirts of Brussels, taking off at 3:36 p. m. for Croydon. The crash occurred less than 20 miles north of Dixmude.

Assistance arrived quickly, but too late to help the victims.

Bodies Recovered

The burned bodies of the pilot, mechanic and four passengers, one of them a woman were recovered from the wreckage.

Persons who saw the ship fall said it burst into flames and dropped like a spent rocket. It fell in a farmer's field.

The bodies of four of the dead were found at some distance from the plane. Apparently they had jumped.

Church Women Hear Programs, Elect Delegates, Install Officers, Watch Play Here Monday

Episcopal And Presbyterian Societies Vary Programs; Many Women Attend

Church women, meeting Monday afternoon, elected delegates to meetings, installed new officers heard Bible lessons and participated in a variety of other programs.

Programs for St. Paul's Episcopal and First Presbyterian auxiliaries varied from the usual Monday afternoon. Officers were installed in the Presbyterian meeting at the church. The Episcopal women witnessed a play showing the meaning of their united thank offering. This program was at Seaman hall.

Mrs. Carl L. Svensen told of the history of the united thank offering at the meeting in Seaman hall. This offering is given to the church during the Lenten season by Episcopal women all over the world.

Mrs. Wallace W. Rix directed a play, "The Spirit of the United Thank Offering." Those taking part were Mesdames M. V. Gray, Robert Strickland, Jack Barr, Misses Ann Dohoney, Helen Barstow, Sally Russell, Sue Michie, Mary Pauline Grote, Mary Thomas, Sue DeLafosse, Marjorie Johnston, Betty Jane Smith and Ada Monroe Williams.

Mrs. Barstow Presides

A silver tea offering was taken after the program. Mrs. J. L. Barstow, president of the auxiliary, poured tea. She was assisted in serving by Mesdames Edgar Lewis and Brete Ferguson.

Dr. Jack M. Lewis, pastor of the First Presbyterian church, presided at the installation service for auxiliary officers. Annual reports were read.

Mrs. T. R. Prideaux is the new president with Mrs. Roberta Doughtie as vice-president and Mrs. R. A. Studhalter, secretary.

Mrs. Prideaux was elected delegate to the El Paso Presbyterial meeting in El Paso on April 18. Mrs. Ed Ainsworth was elected as alternate delegate.

Mrs. J. A. Pressley, who is president of the Presbyterial, Dr. Lewis and Dr. W. K. Johnston are to attend the sessions, also.

Members of Circle 6 were hostesses during a social hour.

There were about sixty in attendance.

Elect Delegates

The First Methodist Women's Missionary society elected the president, Mrs. George R. Bean, as delegate to the annual spring meeting of the conference missionary society. This latter meeting will be in Vernon. An invitation is to be extended for the conference to meet here next year.

Mrs. J. D. Peters presided for the opening service. Miss Mary De Bardeleben led a devotional and Mesdames O. B. Trinkle and J. C. Reynolds sang a duet.

The society is to meet for study next Monday continuing a series of lessons taught by Mrs. R. T. Campbell.

First Methodist Mary Helm auxiliary members heard Mrs. T. C. Delaney talk on "Deaconesses and Their Work". Miss Flora McGee led a devotional. Mrs. Ethridge W. Eagan sang, accompanied by Mrs. C. G. Stinson.

Mesdames J. O. Haymes, B. E. Needles and Pascal Peek were elected as delegates to the annual spring meeting of the Northwest Texas Methodist conference Women's Missionary society in Vernon in April.

There were about fifty present.

Mrs. Welch Talks

There were 23 women at a meeting of the Central Baptist Women's Missionary society Monday afternoon at the church. Mrs. J. D. Welch talked on "How a Church Can Live and Grow." Plans were made for a delegation from the church to attend a meeting in Morton on April 5.

Sixty women heard a Bible lesson at the Church of Christ. Mrs. Roy A. Beard was the teacher.

The second lesson in a series from "Harmony of the Gospels" was heard by members of the First Baptist Women's Missionary society at the church. Dr. W. F. Fry is teaching the series. There were about 65 in attendance.

The Asbury Methodist Women's Missionary society is to have a silver tea next Tuesday afternoon in the home of Mr. and Mrs. O. H. Cline, 2113 Broadway. Plans were made for the affair at a meeting Monday.

Mrs. E. S. Fisher, president, presided for the meeting. She led a devotional lesson. The society is to begin a study of "Great Souls at Prayer", a book written by Miss Mary De Bardeleben.

Make-It-Yourself Is Now Popular

Organdie blouse with vest pattern in tucks.

The pendulum is swinging back to the era of sewing, and things made by milady's own dainty hands. You must "make it yourself" to be quite up-to-date.

Even the woman who would not quite dare to try her skill at making a whole dress or a suit, will feel competent to make up a pretty little blouse to wear with that suit. If she thinks it difficult to handle silken material, she can work with cotton, as nothing this season is smarter than the various cotton materials—prints, piques, ginghams and organdies. The blouse pictured is all hand-made in organdie with a unique vest pattern styled in tucks with a turn-over collar and tie and attractive short puffed sleeves.

Take fine stitches and use good thread is the sole warning to the inexperienced seamstress.

If you cannot afford to go away for the summer to the country, seashore or lake, it will be a good time to teach little daughter how to handle her needle and acquire skill in that good old-fashioned pastime of making her own clothes and various useful things for the house.

BRAZIL NUTS ACCUMULATE

PARA, Brazil (AP)—Low prices plus low water in rivers of Para state have caused slack trade in Brazil nuts, a principal commodity of this region. Huge stocks are piled along the upper Tocantins river in southern Para.

The lovely colorings of desert flowers are being used for spring clothes; the blue of the lupin, the pale pink of some cacti, the deep red of others; and the yellow shades found in desert poppies.

"Do You Know My Brother

He Lights The Street Lights!"

Old Rip meant, his Brother Was a Street-Lighter. What startling things have happened since Rip took his long nap—if he should have waked up today after his long sleep—he would surely be surprised at the many things that are done by Electricity—in fact he would be frightened at the very idea that he could go into a modern home, and flip the switch and get a light, without having to clean and service it every day.

...then too, he would be more startled when he found that a sweeper is run by electricity—and the Radio—and the Refrigerator—as well as hundreds of other things.

It's a lonesome world for "B.O." offenders
(body odor)

THEY just can't seem to make friends. And the pity of it is they seldom suspect the reason—"B.O." (*body odor*). Be extra careful now. For overheated rooms make it easy to offend. Bathe regularly with Lifebuoy. Notice how *clean* it smells. This pleasant, quickly-vanishing, hygienic scent tells you Lifebuoy is *different* from ordinary toilet soaps—gives *extra* protection. Its gentle, purifying lather deodorizes pores—stops "B.O." Removes germs—helps guard health.

Complexions aided, too

Lifebuoy's rich, abundant lather *deep-cleanses* pores of clogged impurities. Massage it well into the skin every night; then rinse. Dull, sallow complexions soon freshen—glow with the radiance of a healthy skin.

...AND ANOTHER WOMAN CHANGES TO CALUMET!

How foolish to use any but a tried and true baking powder! Saving a few pennies at the grocer's, but losing a reputation as a good cook!

After a man has once enjoyed the light, fluffy waffles, delicious cakes and biscuits that Calumet makes, it's pretty hard to get him used to ordinary baking.

Any way you look at it, Calumet is the *real* baking powder bargain! Reasonable price—perfect results—and you *use less!* Only one teaspoon to a cup of sifted flour—that's the thrifty standard proportion with Calumet.

This small proportion is made possible by Calumet's efficient Double-Action. For Calumet acts twice—first in the mixing bowl—and then in the oven. And it is this marvelous second action which holds your batter high and light all through the baking.

1st ACTION 2nd ACTION

GET PROOF! See Calumet act twice! These pictures illustrate the famous Calumet Double-Action Test. You'll find full directions for making this easy test inside every Calumet can. Try it! See for yourself how Calumet acts *twice* to make your baking better.

CALF SOLD TO TEXAS TECH

AGRICULTURE SCHOOL PURCHASES FROM POST C.-C.

The Texas Technological college school of agriculture Monday bought My Texas Baby, a registered Hereford calf, from the Post Chamber of Commerce. The calf, which will be added to the Technological college herd, was raised by Miss Mohota Morgan of Post, and was seventh place winner in the recent third annual Lubbock Quality Meat show.

Miss Morgan, daughter of Tom Morgan of Post, a well known Hereford breeder, fed the animal as her vocational agriculture project and entered him in the baby beef show here. She won seventh place in the junior division, out of a class of 115.

E. R. Wright, president of the Post Chamber of Commerce, negotiated the sale with the local institution. His organization had bid in the animal at the Hereford sale Friday, paying 14 cents a pound. The business men felt that they should support their local entrant in the local show, Mr. Wright explained.

VISITORS ATTEND LUNCHEON MONDAY

A luncheon in the Lubbock hotel Monday was attended by vocational agriculture teachers here for an eighth annual judging contest at Texas Technological college. About 28 men, most of them visiting teachers, were present.

Dean A. H. Leidigh of Technological college school of agriculture, Paul G. Haines, new director of vovational agriculture in the state, and Frank Wimberly, advisor of New Mexico vocational boys, of State College, N. M., spoke.

The teachers decided to hold the ninth annual contest during the next meat show, in 1934. Details of the plan are to be left to Tech officials and district officials.

Others speaking briefly were: R. A. Box, Littlefield; John W. Hulsey, Olton; C. J. Van Zandt, Post; George P. Grout, Panhandle, and Donald Hill, Tulia.

BEER BILL

(Continued From Page One)

would be obtained from the county judge. Varying license fees would be levied on manufacturers, jobbers wholesalers and retailers, should the liquor be consumed on the premises and retailers selling if for consumption elsewhere.

The bill would provide for sale of beer only in bottles. A tax of one half of one cent would be levied against each bottle and the county where the license was granted would be authorized to levy a tax equal to one half the state tax.

The sales tax bill, advocated by Governor Miriam A. Ferguson, was reported unfavorably by the house revenue and taxation committee. The vote was 10 to 8. An effort probably will be made to have the bill printed on minority report.

Jim Favors Bill

James E. Ferguson, husband and adviser of the governor, spoke to the committee. He pictured a deplorable condition for the state's finances unless the sales tax, or similar legislation, was enacted by the legislature. He made a strong plea and lengthy appeal for favorable committee action so as to place the bill properly before the house and allow consideration of its provisions on its merits.

The former chief executive and spokesman for the governor asserted it was folly for the state to rely for its revenues on ad valorem levies on real estate and declared that the sales tax was the most equitable assessment that could be levied and one which would hurt the least.

Ferguson pointed to the already large deficit and predicted that it would grow by several millions of dollars by the end of the next fiscal year if the state depended on ad valorem taxes.

"It is narrow sighted to let a condition prevail where the state is not worth 100 cents on the dollar," Ferguson stated. "This legislature has 44 days more in which to raise $45,000,000. It has no right to presume there will be a special session. There might be a special session and there might not be. It is the plain duty of the legislature to make provision for the state's needs right now."

GIRL STRANGLED

(Continued from Page One)

Donnell was found strangled in the basement of a vacant store a year ago and where six-year-old Helen Sterler was murdered in the cellar of her home early this year.

Confessed Slaying

Robert Smalls, a 15-year-old negro, signed a confession that he strangled the McDonnell girl, giving as reason that she had "snitched" on him when he played truant from school.

Lloyd Price, a 22-year-old negro, confessed that he strangled the Sterler girl, who had been assaulted before she was killed, as was the Wiles child.

Although police announced that the Wiler girl was dead doctors kept at work with respirators for several hours so that they would be sure that no slightest chance of reviving her had been overlooked. They acknowledged they had no hope.

DAILY MARKETS

Cotton Market

NEW ORLEANS REPORT

NEW ORLEANS, March 28 (AP) — Cotton opened steady and somewhat more active today with moderate trade buying and price fixing orders at the start. First trades here were one to four points up from yesterday's close and July advanced an additional point to 6.37.

After initial buying had been supplied, prices eased slightly on sympathy with an easier opening of stocks, May dropping to 6.19 July to 6.36 and October to 6.55, or one to four points down from yesterday's close.

Toward the end of the first hour the market steadied again, recovering a point of the reaction.

Trading was moderate during the morning most of the business being price fixing and straddle trades between Liverpool and the American markets. Prices eased off gradually in sympathy with stocks, May dropping to 6.14, July to 6.29 and October to 6.49, or 7 to 9 points down from the earl yhighs and 5 to 6 points under yesterday's close.

Near noon the market was steadier, rallying two points from the lows, mainly on short covering.

NEW YORK REPORT

NEW YORK Mar. 28. (AP)—Cotton opened steady 1-2 higher on steady cables and trade buying. May 6.13; Jly 6.36; Oct. 6.56; Dec. 6.70; Jan. 6.78; Mch. 6.88 bid.

May sold up to 6.23 and October to 6.58 on early buyng or about 2 to 4 points net higher. It looked as if the decline of late yesterday had brought in overnight buying orders from the trade and there was a little demand through commission houses. This was supplied by southern, Wall Street and Liverpool selling, however, and prices sagged back to about or a shade below yesterday's close by the end of the first half hour.

Prices sagged later under additional liquidation of long accounts with May contracts working off to 6.16 and October to 6.51, or about 3 to 6 points net lower on the general list.

In addition to the liquidation there was some scattered selling but offerings were not heavy, while the decline seemed to bring in a little more trade buying. The market at midday was a point or two up from the lowest with the tone steady.

Grain Market

CHICAGO REPORT

CHICAGO, Mar. 28. (AP)—Grain values tended downward early today in the absence of any developments helping to remove uneasiness regarding agricultural legislative developments at Washington. Enlarged domestic receipts of wheat were also a bearish factor.

Opening unchanged to 3-8 lower, wheat afterward sagged all around. Corn started 1-8 to 3-8 off, and subsequently underwent a general setback.

Stock Market

WALL STREET REPORT

NEW YORK, March 28 (AP)—The stock market again moved horizontally in extreme listless trading today.

Ordering of the regular quarterly dividend by Allied Chemical gave the list a slight bulge just before midday, but it quickly flattened out again.

Allied Chemical rose more than 2 points, but lost much of its gain. American Telephone again encountered some selling, and lost about a point Rails were mostly steady, although Union Pacific pushed up as much as a point. Homestake Mining, normally a wide mover, pushed up about 4 points to a new high above 10. U. S. Steel and Consolidated Gas got up nearly a point, then slid off from the best. American Sugar was again firm, as raw sugar futures continued to work higher.

APPROPRIATIONS

by which the Sabine river bed bill was passed a few days ago and passed it by a majority sufficient to put it into immediate effect if given a two-thirds majority in the house. The bill would permit the state to reduce its royalties from oil wells in the state-owned Sabine river bed.

Debate Started

Debate on a bill to establish a combination public utilities and natural resources commission was started in the house of representatives today. The bill was offered as a substitute for one that would provide for establishment of a commission to regulate utilities only.

The proposal to form a combination commission originated in a group of members opposed to the practices observed by the Texas railroad commission, present oil and gas conservation agency, in the East Texas oil field. Representative R. J. Long of Wichita Falls, chairman of the house committee on oil, gas, and mining and one of the commission's most severe critics, explained provisions of the bill.

Long has charged the railroad commission was incompetent in handling the oil situation.

The proposed board would be charged with enforcement of the oil and gas conservation and proration laws now vested in the railroad commission.

APPROPRIATION FOR TECH IS REDUCED

The $22,750 appropriated for operation of summer school at Texas Technological college, as passed upon in the senate, is 30 per cent less than the amount expended at the last summer school here, Dr. J. M. Gordon, liberal arts dean at Technological college, said. The Technological college summer school used $32,500 in 1932, and $36,000 in 1931, he said. Dean Gordon said he understood about 75 per cent of last summer's appropriation had been asked for this summer's school. The senate bill granted 70 per cent.

POLICE BREAK THEFT RING

THREE MORE MEN ARE ARRESTED AND NINE AUTOS RECOVERED

DALLAS, March 28 (AP)—Continuing their drive against an automobile theft ring operating in north Texas, officers of several cities Monday arrested three men and recovered nine more stolen cars.

After weeks of investigation, officers swung into action Sunday by arresting the suspected leaders of the gang and seizing eleven cars.

The cars were found at Greenville, Paris, Sulphur Springs and other north Texas towns where they had been taken by the thieves for dismantling and rebuilding, with motor numbers changed and forged papers.

Detective Lieut. Rader of Dallas said that he expected the apprehension of every member of the gang and the recovery of at least forty more stolen cars in the next few days.

"We have the goods on the boys this time and expect to have one of the strongest and most successful anti-thieving drives in the last several years as a result of this campaign," Rader said.

The cars recovered have not yet been returned to Dallas, from where it was believed most of them were stolen. Officers also found automobile accessories and tires valued at several hundred dollars.

Houston Man Dies In Car Collision

HOUSTON, March 28 (AP)—Elmer Snyder, 27, garage man, was killed instantly last night when he was thrown from his automobile by the impact of a collision with another machine in the downtown area.

Jimmie Gluck, chief engineer aboard a vessel in port, was charged with driving while intoxicated, failing to stop and render aid and negligent homicide following the accident. Gluck, police said, was named as the driver of the machine in collision with Snyder's car.

Two Injured When Hit By Automobile

After undergoing emergency treatment of injuries suffered when they were hit by an automobile, two young women left West Texas hospital. The accident occurred Monday night at Main street and Avenue J. William C. Grimley of Tyler, driver of the car, helped put the women in an ambulance, reported to police, and then went to the hospital.

Miss Alma Clinton, about 22, of 1916 Avenue O, suffered bruises and scratches. Miss Edna Earl Chapman, 19, of 2308 Avenue U, suffered contusions of both ankles, the automobile running over them.

Among the refugees in Miami is former President Mario Menocal, who led the revolution against Machado in 1931.

Ohio River At New High-O

When the Ohio River went on a rampage recently, the waters rising five feet above flood level, many riverside dwellers woke up to find themselves in a situation somewhat resembling Venice. This picture, made from the air, shows how bungalows and houseboats on the waterfront at Pittsburgh, Pa., were completely cut off from the mainland. Large tracts in Pennsylvania, West Virginia and Ohio were inundated by the overflow from the river.

meeting in Buenos Aires, German nationalists threw petards and tear gas bombs and several persons were injured.

The New Jersey legislature passed a resolution protesting what it called death and imprisonment of Jewish nationals by the Hitler government.

At Albany, N. Y., Governor Herbert H. Lehman said he felt that American sentiment concerning the treatment of Jews in Germany was that the "great principles" of liberty should be maintained.

He said there was "no animosity to the great German nation." This point was also stressed by Rabbi Stephen S. Wise, at the New York meeting. Other speakers in New York were Bishop William T. Manning of the Protestant Episcopal church, Bishop Francis J. McConnell of the Methodist Episcopal church, and William Green, president of the American Federation of Labor.

UNIFORM RATE WILL BE AIM

LOWER INTEREST FOR FARMERS SOUGHT BY NEW FARM GROUP

WASHINGTON, March 28 (AP) — Lower and more uniform interest rates for farmers were fixed as the aim of the new Farm Credit Administration today.

The goal was sea by Henry Morgenthau, jr., chairman of the farm board, who will be head of the new administration with the title of "governor." A schedule of interest rates, which will vary with the type of service, and the term of the loans will be worked out as soon as possible, he said.

Morgenthau intends to have the functions of existing credit agencies centered in four divisions, the heads of which will be responsible directly to him. He also intends to merge regional offices maintained by the various agencies. The cities in which Federal Land banks now are located probably will be the sites for the new regional offices which, where room is available, will be housed with the banks.

These cities are Springfield, Mass.; Baltimore; Columbia, S. C.; Louisville, Ky.; New Orleans; St. Louis; St. Paul; Omaha; Wichita, Kas.; Houston; Berkeley, Calif., and Spokane.

Priest Attacked By Half-Crazed Negro

OPELOUSAS, La., March 28 (AP)—An apparently half-crazed negro identified only as "Bryant" today interrupted early morning mass at the St. Landry Catholic church here, assaulted the priest and was arrested only through the combined efforts of members of the congregation and police.

Rev. Father Colliard, who was conducting the service, was struck down in the melee, but was not seriously hurt.

DIES OF WOUNDS

TAYLOR, March 28 (AP)—Fred Chalupa, 43, died at his home near Taylor Monday, after members of his family found him with his throat slashed and with a rifle bullet wound.

Engaged To Prince

In face of persistent denials, reports continue that Senorita Elizarda Sampedro y Robato of Havana, Cuba, who is now in Lausanne, Switzerland, is engaged to marry the Prince of Austurias, also shown above, the former heir to the Spanish throne. Senorita Sampedro was educated at the Mr. St. Vincent school on the Hudson, New York.

Asks Stabilization For Coal Industry

WASHINGTON, Mar. 28. (AP)—A way to stabilize the coal industry is sought by President Roosevelt.

While an administration-sponsored conference looking to improvement of the oil industry was in progress yesterday, the president called in leaders of the United Mine workers and two cabinet members to see what could be done about coal.

Thought For Today

And many among them shall stumble, and fall, and be broken, and be snared, and be taken.—Isaiah 8:15.

The weak may be joked out of anything but their weakness.—Zimmerman.

Tension In Europe

One of the "frontier incidents" recently agitating Polish patriots along the Polish-German border in upper Silesia, according to current news dispatches, was the fact that a German flag, hoisted just two yards inside the German boundary persisted in blowing out across the line so that most of it—it was evidently a very big flag—floated over Polish soil.

Polish residents protested, and the Polish border patrol wired headquarters to find out what they could do about this German flag which, hoisted on German soil, was nevertheless flying over Polish territory.

It would be hard to imagine a more piffling cause for hard feelings. Yet the mere fact that an incident of this kind can actually arouse resentment gives a graphic picture of the extreme tension prevailing along the frontier. If a people can be stirred to indignation because the end of a flag is blown across an international boundary it is no wonder that Europe lives in deadly fear of another war.

Panhandler stopped us on the street this morning. Asked if we could spare nine cents.

Man stole a large quantity of raw rubber from an Akron tire factory the other day. Never mind. He'll probably be doing a stretch soon.

We don't mind paying the fiddler after our economic spree of the past few years, but are we going to have to pay the whole blooming orchestra?

A poet's work is but the reflection of his mind, says one of them. Maybe that accounts for all the blank verse.

In this spring a young man's fancy lightly turns to thoughts of unrestricted checking balances, double liability, and deductions for minor dependents.

France is perturbed over growing popularity of the accordion, which is displacing flutes and other native instruments among the peasants. They needn't be. Wait until they get the saxophone.

What if Little Willie does swear occasionally? Maybe he's just showing signs of becoming a great novelist.

* * *

PEOPLE of the Panhandle country north of here are really taking a big interest and a large dish in the proposal to carve out of Texas the new state of West Texas.

Judge H. E. Hoover, of Canadian, that famous attorney and cattleman who was the first member of the bar in the North Plains country, is taking the lead in the proposition and has made a number of public addresses on the subject.

The Judge favors the new state, he says, "not because I love the grand old state of Texas less, but because I love the Panhandle and West Texas more".

And his whole speech is convincing.

* * *

He winds it up with this thought, which is worth considering, especially in times like these:

"Hear me when I state, without fear of successful contradiction, that to create a new state out of this broad domain of ours will do no violence to the great fundamental principles of our state and national government—it is in full keeping with the purpose of the framers of our constitution and will add another and equally as bright a star to the victorious crown so heroically won in the unequal struggle for Texas liberty and personal freedom!"

Is he right?

* * *

THE Plainsman is in receipt of a letter from Everetta Love, formerly a reporter on The Journal later with the Houston Chronicle and more recently a worker in the publicity department of the Roosevelt-Garner campaign.

And if what Miss Love says after close association with President Roosevelt is true, we needn't any of us worry about what he'll do in the White House.

We needn't wonder if his great start is "just a flash in the pan".

* * *

Miss Love says this about America's new leader:

"I like Roosevelt. I didn't think I would when I first went to work in the Democratic campaign and really, I thought all of our publicity was just a bunch of hot air to put something over on the public in a big way.

"But that man is a real humanitarian, philanthropist and remarkable statesman — somebody who doesn't happen along once in a few centuries. It is my conviction, after studying him personally and through the record of his works, that he will be the salvation of the U. S., if he gets the right kind of cooperation."

The former Lubbock girl should have had a fairly good and connected close-up picture of Mr. Roosevelt, working in his Albany and Gotham headquarters. At any rate, let's hope and continue to believe she's got the right slant!

EVERYTHING is lovely and the goose is hanging high in the oldfashioned hymn singing bee that will be held here-abouts next Sunday.

Rev. Ben D. Johnson, formerly of Littlefield and now pastor of the new Fundamentalist Baptist church here, says his congregation will have the old time hymn singing next Sunday night from 7:15 to 8 p. m.—and on following Sunday nights, too. The congregation meets at 704 Broadway.

The Plainsman is also in receipt of two invitations to attend similar services—one from W. M. Peticolas jr., of the Fundamentalist tabernacle, Texas avenue at 16th street and another from Jeff D. Welch, of the Central Baptist church, 1311 18th street. Mr. Welch says his church regularly features a 30-minute singing of old symns.

War Between Professors And Politicians Becoming Hot; Fight May Reach Showdown But Standoff Is More Likely

BY RODNEY DUTCHER
NEA Service Writer

WASHINGTON, March 28—The war between the professors and the politicians is beginning to get hot.

It may reach a showdown with complete victory for one group or the other, but it's more likely to develop into a standoff which will last for a long time.

President Roosevelt has a large group of politicians here and a small group of professors, scientists, social workers and other non-political experts. The former are in Congress and the latter already have been packed thick into the administration branch of the government. Each group has a large thoroughgoing contempt for the other.

Dutcher

The professors have been helping frame the various emergency measures which Roosevelt has undertaken to jam through Congress and they have been standing ready to administer them with more granted authority than Congress ever let anyone have before.

* * *

The politicians helped grease the chute for Roosevelt and the professors at first, but they came to realize that the professors would keep them greasing the chute indefinitely if they called no halt. So there has been a growing surge of resentment against the speed with which legislation was rushing through their hands, the fact that they were having no part in it and the fact that power in carload lots was being delivered to the professors.

The politicians are really after them now. Fearing popular resentment they shoot at Roosevelt through his non-political aides.

* * *

The Hon. Mike Hart, a congressman from Michigan, sounded the first important battle cry against the professors when he charged in effect that one of Roosevelt's closest, most trusted advisers was a Communist.

Hart undertook to expose Rexford G. Tugwell, former professor of agricultural economics at Columbia university, who was recently made assistant secretary of agriculture, and Dr. Mordecai Ezekiel, economic adviser to the Department of Agriculture, charging them with radicalism.

* * *

Secretary of Agriculture Wallace himself is a scientist and a writer rather than a politician and there are many others like him already on the job.

Prof. Raymond A. Moley of Columbia is now assistant secretary of state and they'll be down on his neck as soon as that department begins to consider the recognition of Russia.

Secretary of the Treasury Will Woodin has gone in for the arts, music and literature rather than politics. Moley and Prof. Adolf Berle of Columbia advised with Roosevelt during the first days of the banking crisis.

At the Justice Department there's an excellent chance that Prof. Felix Frankfurter of Harvard will be attorney general or solicitor general. Frankfurter, thanks to his valiant defense of Sacco and Vanzetti, would be another target for the red-baiters.

Miss Frances Perkins, secretary of labor, is a sociologist—not a politician. She and Tugwell are behind the forestry-employment camp plan.

TAHOKA MAN ANSWERS CRITIC OF DOCTORS

Dear Plainsman: Please allow me to answer Mr. A Reader's criticism of the medical profession, through your columns.

Dear Mr. A Reader, I am not going to be as bashful as you. I will sign my name to my letter. You are probably ashamed of your letter else you would have signed your name. You ought to be so ashamed that you would crawl in a cave and pull the cave in after yourself.

You state that you are broad-minded, but I do not believe you. I have a mental picture of you, and I will bet that if a fellow tried to punch you between the eyes with his finger, he would punch both your eyes out at one punch. And if you are not bald-headed, I will bet that there is at least an inch of space between your eyebrows and your hair. And another thing, I will bet that you are so tight that an E fiddle string could not be drawn through your fingers with a locomotive. I notice you signed A Reader and not A Subscriber. You probably borrow the paper from your neighbor.

You should not blame the doctor for your renter's inability to earn more than approximately $.031 per hour or $.375 per day. The doctor would probably be doing little better had he not have spent $10,000 preparing himself. Now get out your pencil and figure awhile. You are so good at figures. Add to that several hundred dollars for office equipment, automobile, interest on investment, running expenses, etc.

Now, consider from high school on through his degree, the number of years that a doctor must labor in school, many of them working until late at night, working his way through school, very little of which you or your renter have doubtless ever done. Also, Mr. A Reader, M. D.'s are constantly beset with cranks like you who are watching every opportunity to drag the doctor into court. They must have some of your money to fight you with.

Now, let me get to this telephone call business. Many people consult the doctor over the telephone purposely to evade the expense of a doctor's call. If the doctor gives you helpful information, what matters it whether it be by telephone, telegraph, radio or personal consultation? He should be paid. In fact most people do not pay a doctor for a personal consultation. They think they must be in bed with their back broken before they are due to pay a doctor anything. Neither will the public pay a lawyer for answering a lot of questions, but that does not remove the fact that it is right to pay for such information.

Sure, 90 per cent of the public will take anything it can get free. Probably take the capitol were it not for the army.

In your letter to The Plainsman you hang an anchor on the doctor and sink him, then try to rescue yourself. You add insult to injury.

Don't tell the children that you are 100 per cent Democratic as that would be deception of the highest order. You are Socialistic.

Yours disgustedly,
C. T. Burnett,
Tahoka, Texas.

More than 14,000 telegrams pile in on President Roosevelt in 12 days. At least the telegraph companies are getting a new deal.

As Brought Over Associated Press Wires Today

Buried Together

SPRINGFIELD, Mo. — Mrs. Jennie Grace Magden and her parrot were pals. When the 69-year-old woman realized her death was near, she asked that the parrot die, too. Sunday the bird was chloroformed. A tiny casket containing the body of the parrot was placed inside the larger coffin.

New Insurance

CHICAGO—An insurance concern announced that it will wager from $25,000 to $50,000 that you won't be kidnapped and forced to pay ransom. The insured, however, must pass a strict examination, and be able to pay the premium.

She Wants A Ride

SEATTLE—Delbert Symes, 53, a merchant patrolman, refused his wife's request to ride with him as he covered his beat.

"Other policemen don't have their wives tagging along," he said at a divorce hearing. "I don't see why I should."

Mrs. Symes seeks a divorce on cruelty charges.

Leaves 64 Widows

VRYHEID, Natal — "Solomon," big chief of Zululand, has died. He was only 34 years old but he had 64 wives.

For Mrs. Roosevelt

CHICAGO—Mrs. Franklin D. Roosevelt is to receive a new hat for Easter from the Chicago Millinery Workers' union. Members said they wished to show appreciation for her attitude in wearing union-made garments at the inaugural.

Saving A Landmark

COBHAM, England—Men who were boys when Charles Dickens used to come to Cobham are rallying younger villagers and Dickens lovers the world over to save a landmark.

The death-watch beetle has damaged the village church which Dickens knew so well and money is being raised for reroofing.

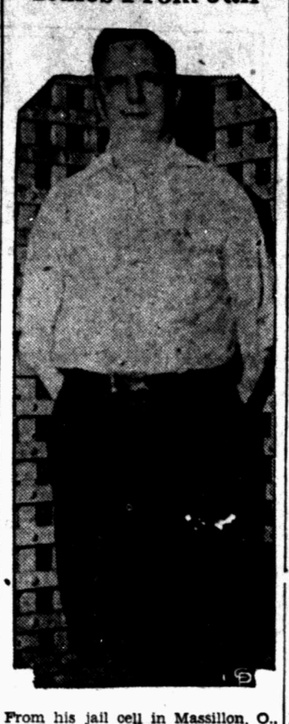

In Cobham they still talk of Dickens, the man, as though it would not surprise them if he walked suddenly out of the Leather Bottle inn, which he liked so well and made famous.

Dickens lived at Gad's Hill, near Rochester, and he used to walk to the village for lunch at the Leather Bottle inn, which stands opposite the church.

Why The Fuss?

KENOSHA, Wis.—Esther Kavisco, 6, watched curiously while firemen searched through ashes of her home for her body. Then she explained to the fire chief she hadn't been burned. She had been visiting a neighbor.

Rules From Jail

From his jail cell in Massillon, O., Safety Director Claude R. Kramer has been directing his police department. Kramer is sering a 7-day jail sentence on a charge of contempt of court because he refused to obey a court ruling ordering him to pay the wages of a patrolman whom he laid off in an economy measure.

And Then--

he heard about the new GAS RANGE

IT had been just about the finest dinner he had ever eaten. The steak was "done to a turn". The bread had the freshness and flavor so characteristic of home baking. And the cake! It was feathery, fluffy and spiced in the most approved manner. And this nonchalant person who smiled at his compliments! Was this the wife who used to serve dinner with disheveled hair, flushed face and a worried expression of "I-hope-you'll-like-it"?

He became so extravagant in his praise that he found himself asking: "Alice, how in the world did you ever do it?" It was her cue. She led her humble husband to the kitchen and there it was—the Modern Gas Range that they "just couldn't afford". She showed him the Oven Heat Regulator, the touch-a-button lighter, the modern burners, the trim design and sparkling finish. "John", she said, "I found that it was a necessity instead of a luxury. We can afford to pay a few dollars each month to save you from indigestion."

This is not a True Story from Life, but there is much truth in the facts related. Stop in at your Gas Appliance dealer and see for yourself how much more Today's Gas Range offers in services that will help to improve your cooking.

UTILITY OUTFIELDER IS MAIN NEED OF CLEVELAND

Tech Golfers To Qualify In Annual Tournament

SPYING ON SPORTS

BY COLLIER PARRIS

The little town of Roswell, N. M., will render a definite decision tonight regarding its status in the West Texas-New Mexico professional baseball league.

* * *

It is freely predicted that Roswell will go over the top in its drive for funds to match a like sum staked by the owner of the club, Pete Wilson of Hale Center. Although it started the campaign only a week ago, Roswell already has enough money in the bank to assure a good start.

* * *

Roswell, if it succeeds tonight, may replace Lubbock in the four-team circuit. Unless a miracle happens, Lubbock won't be in any league, to the sorrow of hundreds of fans who had high hopes of seeing their own professional club this summer. If such a miracle should come to pass, a sixth town probably would be lined up to start the season. It would pay the league to carry a sixth town, but heaven forbid that Lubbock had to get its baseball that way. We couldn't, anyway, because we have no park. Had we a park, the league wouldn't have to carry us.

* * *

Spring football training started out at Texas Tech yesterday. It didn't look much like football practice, and won't for a few days. Indoor work, a lot of it on the basketball court, will concern the candidates and coaches for several days. Then there will be a siege of outdoor drills, still not on the football field, The shoulder pads and pigskins won't come in for use until next week.

* * *

Something different for local fans is coming up late next month. It is a regular college football game, a spring training game, in which Texas Tech will meet the West Texas State Teachers college Buffaloes. The date is April 28. It will be a night game.

* * *

Tech played two spring football games last year, losing to the Texas School of Mines at El Paso and defeating the Buffs at Canyon. While the game is dedicated principally to the boys themselves as a part of spring training, it is a regular contest, 60 minutes long, and official rules will apply. It ought to net the athletic department a neat little sum, perhaps enough to offset part of the spring training camp expenses.

* * *

The National and American league schedules for 1933 are out. It's another 154-game schedule with few changes. Again there are no Sunday games scheduled for the Athletics, Pirates and Phillies at home, which is something that was hoped would be overcome this year. Every other town in the big leagues have Sunday baseball, and it's tough on the Phils, Pirates and A's to be without it, simply because a state legislature don't want it. But that must be a pretty good reason.

* * *

We suggest that Connie Mack, George Gibson and Burt Shotton play a Sunday game at home, discover the amount of the fine, and, if it's not to high, play and pay. They'd come out ahead in the end. A lot of Texas picture show houses have done that.

* * *

Golf is taking hold by leaps and bounds. Where Bill McMillan expected about 25 to qualify in the Meadowbrook ladder tournament, more than 30 players turned in scores. Country club would have been pleased with 40. The total is 54 who will be playing matches all summer trying to gain the enviable top flight and one of the gold, silver or bronze golf ball trophies.

* * *

The South Plains Golf league starts next Sunday, the schedule shows. Lubbock's two entries open the season at home, and against each other. Meadowbrook goes over to the Country club. Littlefield opens at Slaton, and Brownfield goes to Plainview. The latter towns replace Tahoka and Post, who withdrew after one year in the loop.

* * *

And somebody suggests that name of a winner in a dash event in the county meet Saturday coincides with the title. The lad's name was Rush.

STEERS FACE TWO HARD WORKOUTS

DALLAS, March 28 (AP)—The Dallas Steers faced two hard workouts today after their one light practice yesterday. Manager Happ Morse was not entirely satisfied with his team's batting punch in last week's exhibition games against Fort Worth although the Steers won both. He planned plenty of batting practice.

Morse plans to play Sam Langford in right field now that Rip Radcliff has been suspended for failure to sign and report.

PECK IS WELL PLEASED BY PROSPECTS

MANAGER SAYS MOUND STAFF EQUAL TO ANY IN LOOP

BY RALPH WHEATLEY

NEW ORLEANS, March 28 (AP) — Give Roger Peckinpaugh one good utility outfielder and the Cleveland Indians can duel against the best of steel in the American league.

The club is well shod in all other quarters but an injury in the outfield would cause a situation that makes Peck shudder. Indian scouts are out looking for another outfielder.

Boss May Get Chance

If the need should arise, it is not an idle guess that Eddie Morgan might be sent to the outfield and turn over his present first base to E. H. Boss, the flashy fielding baseman that led the minors last year with Chattanooga. Such a shift, however, would be forced by emergency, as Boss has been hitting in practice like a ham from the sticks.

But the rivalry in the infield between Morgan and Boss is overshadowed by that between John Burnett, regular shortstop, and the 21-year-old William Knickerbocker, up from Toledo. Burnett has been handicapped by an arm ailment suffered during the winter layoff and for a time it looked as if the youngster would roll him, but the arm has improved lately and Burnett is slated for his old berth. Cissell has second base without dispute and Kamm is going strong on third.

Spencer Behind Bat

Averill, Porter and Vosmik will hold down the outfield as regulars and Roy Spencer, a Senator turned Indian this year, takes the place behind the bat left vacant by the trading of Luke Sewell to Washington. Myatt will continue as second string catcher.

All of this is well enough but the pitchers' battery is what really warms the cockles of old Peck's heart. He believes that ball games are won by pitchers and he has five starting pitchers, Brown, Ferrell Harder, Hudlin and Hildebrand whom he believes are the equal of any in the league.

He particularly likes to talk about Oral Hildebrand, Butler college star bought as a raw rookie from Indianapolis, as he believes the Hoosier is just beginning to reach the peak of his game. He had played baseball only four months when the Indians bought him in 1930 and kept him farmed out with Indianapolis until last year.

GRID WORK AT TECH STARTS

FIFTY - EIGHT REPORT FOR SPRING CAMP; OUTLOOK GOOD

Fifty-eight Texas Tech athletes reported to Head Coach Pete Cawthon yesterday afternoon as the annual siege of spring football training was opened.

A few laps around the track, following issuance of light uniforms, constituted the first day's workout. Due to the large number reporting on opening day and to the calibre of men reporting, the training season promises to be one of the finest ever held.

Cawthon Optimistic

Coach Cawthon was optimistic in his outlook for the 1933 gridiron season.

"We'll have some trouble locating men to take the places of Harold Crites, Speedy Moffett, Captain Ross Ayers and Bill Teal," the coach said, "but there's a big gang to pick from and we ought to have a fair year."

Spring training will be climaxed on April 28 with a regular game between the Matadors and the West Texas Teachers' Buffaloes.

Coach Cawthon outlined, in part, what is to be expected from the players in training. For the next two days the men will be divided up into basketball teams according to their football positions, and play a "round-robbin" schedule for the championship. The first game will begin this afternoon at 4 o'clock when the Guards and Tackles meet. There will be four games in all this afternoon, and the championship is to be played off tomorrow.

From the competition for each position, and the list of available material Texas Tech has possibilities of a really great team for this spring and ultimately for next fall.

The men out for each position are: Tackles: Baker, Eddleman, McWilliams, Young, Barlow, Crews, Cunningham, Marks, Williams, Wilson, and Vaught. Ends: Braxt Gilmore, Will Gilmore, Matt Hitchcock, Howell, Sam Jones, Lewis Jones, and West. Centers: Priddy, Barton, Fortner, Cross, Morris, and Williams. Guards: Greer, Eli Harris, Lacy Turner, Owen, Alford, Davis, Grigg, Nichols, May, and Hoyle. Fullbacks: Curfman, Dowell, Wilson, St. John, Marr, and Watters. Right Half-Backs: Walker, Sollis, Marion Harris, Archer, Scoggins, and Burrus. Left halfbacks: Cannon, McElroy, Fuqua, Gaylor, Powers, and Briscoe. Quarterbacks: J. V. Beauchamp, Johnnie Beauchamp, Adrian Clark, Forrest White, and Ed McKeever.

Ladder Tournament At Country Club Is Paced By Edmisson

Three over par for 27 holes, John Edmisson, city champion and one of the leading Country club golfers, took the lead in the Country club's ladder tournament with the neat score of 111, figures released late yesterday showed.

Fifty-five golfers qualified in the gold-silver-bronze golf ball tournament, which runs continuously through the summer season. Sunday was the final day of qualifying.

Three Full Flights

Eighteen golfers comprise the championship flight, 18 the first flight and 19 the second flight. Championship flight golfers possess gold, silver and bronze golf balls, subject to loss through the season to first and second flight players. Edgar Doherty, South Plains invitation tournament champion and winner Sunday in the "get acquainted" tournament at the Country club, turned in a 27-hole score of 114, and "Cotton" McAfee was third with 115.

V. O. Jennings, Bob Harvey and Sid Thrash, former Meadowbrook champion, receive gold balls along with Edmisson, Doherty and McAfee. Bays Bryant, Windy Watkins, Buster Fluke, J. T. Krueger, T. H. Buckingham and F. A. Finberg received silver balls. Peter Evans, Len McAllister, Joe Dick Slaughter, Frank Wright, Lewis Price and Ross McWhorter were others listed in the championship flight, who received bronze balls. McWhorter, however, was tied with E. W. Trotter with 133's for last place in the top flight. Trotter at present is listed as lead off man in the first flight.

Play 18-Hole Matches

Country club officials urge that players who are tied in the qualifying score get together and determine who shall stand where in the ladder. A nine-hole medal play-off is suggested, or a drawing or coin-flipping.

Through the summer months, matches of 18 holes are to be played between the qualifiers. To begin, it is planned that even-numbered players match odd-numbered qualifiers. At least one match must be played by all qualifiers each week, otherwise the non-player automatically slip a notch.

Players are urged to challenge each other and set dates for 18-hole matches.

Here's the complete ladder with qualifying scores:

VINES NOT TO ENTER MEET

U. S. TO PLAY MEXICO WITHOUT SERVICES OF CHAMPION

NEW YORK, Mar. 28. (AP)—The United States probably will play its first round Davis Cup tennis series against Mexico without the services of Ellsworth Vines, national champion.

Word received while the Davis Cup committee of the United States Lawn Tennis association was meeting in executive session here last night was that Vines would not play against Mexico but would come east about May 1 to participate in the second round, assuming that the United States wins at Mexico City.

The Davis Cup committee meeting was called to choose the personnel of the selection committee which will pick the 1933 team and arrange definitely for the first round matches to be played in Mexico City May 5, 6 and 7. Announcement of the personnel was expected later.

Wilmer Allison, of Austin, Texas No. 2 in the national ranking, is expected to captain the team against Mexico. The other members of the squad probably will be chosen from among Frank Shields, Cliff Sutter Keith Gledhill, George Lott, John Van Ryn and Sidney B. Wood, jr.

ROUNDS TO BE TODAY AND TOMORROW

HOLMES WILL DEFEND COLLEGE TITLE IN MEADOWBROOK GO

Texas Tech golfers qualify today and tomorrow for the annual Tech championship tournament over the Meadowbrook layout, Manager Bill McMillan announced this morning.

The qualifying round consists of 18 holes, medal play. Billy Holmes, Shamrock, junior at the college and champion of the Green Belt Golf association, will defend his college championship this week.

All Tech golfers are urged to play the 18-hole qualifying round today or tomorrow.

Four changes in the standings of the Meadowbrook Golf club's ladder tournament were effected yesterday at the conclusion of seven 18-hole matches. The matches followed the qualifying round concluded last week.

Clinton Bussey, medalist and leader on the ladder, retained his position with a one-up victory over Doyce Clark. Bussey fired a 69, one under par, to Clark's 70 to retain his standing.

Pierce Magee lost his place on the ladder to W. B. Kelly, the latter winning, 3 and 2.

Vanzant Holds Place

Neil Vanzant protected his original rung with a 2-up victory over Jack Wilson.

A. C. Webb supplanted Guy Victory in the ladder, and Harold Crites, Tech golfer, defeated Dutch Wiginton to take a higher place in the standings.

Walker Stanton successfully defended his place against Bud Fisher, another Tech golfer, with a 2 and 1 victory. Red Randolph dropped down a notch, defeated, 3 and 2, by S. Parkinson.

Indians Divided Up For Practice Game

OKLAHOMA CITY, March 28 (AP)—Manager Fred Luderus divided his Oklahoma City Indians into two squads for a practice game today, their first of the season.

The tentative lineups listed Tesmer as first string catcher, with Taylor and Holmes, pitchers; Cholcher, first base; Holley, second base; McIsaac, shortstop; Moore, third base; Chadwick, left field; Summers, centerfield; Theiler, right field, while the yannigans included the first string outfield, Harvel Cloan, and Johnson; Coleman, catcher; Moreu and Kennedy pitchers; Jones, first base; McGlothlin, second base; Welch, shortstop; Hensen, third base.

FIGHTS LAST NIGHT

(By The Associated Press)

NEW YORK — Stanley Poreda, Jersey City, stopped Tom Heeney, New Zealand, (10). Tony Dominquez, Tampa, Fla., stopped Nick Lill, Beaumont, Tex., (3). Lou Foster, Pottstown, Pa., outpointed Eddie Malcolm, New York, (6). Phil McGraw, Detroit, stopped Irish Jimmy Thompson, Yonkers, N. Y. (5). Jimmy Martin, Connecticut, stopped Dominick Seda, New York (2).

MIAMI, Fla.—Eddie Shea, Chicago, outpointed Young Manuel, Tampa, (10).

PITTSBURGH — Tommy Paul, Buffalo, stopped Mose Butch, Pittsburgh, (9). Red Bruce, Pittsburgh, outpointed Bill Flanagan, Clearfield, Pa., (6).

Tom Heeney Fails To Last 10 Rounds

NEW YORK, Mar. 28. (AP)—Old Tom Heeney, once the hard rock from down under, now just a stepping stone for ambitious young heavyweights, failed to last ten rounds last night with Stanley Poreda, a young Jersey City warrior, in a ten round feature bout at St. Nicholas arena.

Heeney, who battled Gene Tunney for the heavyweight championship in 1928, struggled through nine rounds and one minute, 24 seconds of the tenth before Referee Jack Dorman led him to his corner.

Mrs. Heeney wept.

Tilden Wins Over German Net Player

OKLAHOMA CITY, Mar. 28. (AP)—Bill Tilden seven times national amateur tennis champion and now professional champion of the world put on a masterful exhibition to defeat Hans Nusslien, German star of Tilden's professional troupe, here last night. The scores were 4-6, 6-3, 6-3.

Tilden clowned through a doubles match of one set, Nusslien and Emmett Pare, national clay court ace, defeating "Big Bill" and Bruce Barnes, Texas star, 6-3.

A singles match between Pare and Barnes was not completed. Pare won the first set, 6-3, and Barnes the second, 9-7.

New Mound Rookies Of American League Outshine Nationals

BY ALAN GOULD
Associated Press Sports Editor

NEW YORK, March 28 (AP)—The prospective freshman pitching class for the 1933 major league pennant sessions looks to be much more strongly represented in the American league than the National, on the basis of training camp developments thus far.

Every club in the American league has at least one good young pitching recruit primed for the big test, and the probability is that a round dozen will retain their places on the payroll at the start of the season. It will be a surprise if as many as six newcomers make the grade in the National league, which may mean either that the clubs in the older circuit are satisfied with their sophomores and elder classmen or that they haven't found much talent among this spring's freshman candidates.

Hope To Duplicate

Washington and New York, keen pennant rivals in American league, each developed an outstanding freshman last year and may duplicate the stunt. The Senators will be extremely lucky if big Ed Linke, the strikeout king from Davenport (Iowa), follows the successful footsteps of Prof. Monte Weaver, who won 22 games last year, but the Yankees appear quite confident that burly Don Brennan from Newark will prove as effective as was Johnny Allen, a 1932 sensation.

The world champions have two other great prospects in Russell Van Atta, southpaw, and Marvin Duke, right hander. Each won 23 games in the minors last year, Van Atta with St. Paul and Duke with Erie, Pa.

Rowe Looks Good

Bucky Harris believes he has the prize pitching rookie of them all however, in Lynwood (Schoolboy) Rowe, pronounced ready to become a major league regular after winning 19 games with Beaumont in the Texas league. Rowe is only 21, a youthful giant standing four inches over six feet and weighing 205 pounds. Everyone who has seen him says he has class.

Connie Mack expects big Gowell Claset, a southpaw obtained from Montreal, to land a reserve job with his A's and may also keep Bill Dietrich, from Portland, Ore. Cleveland regards the former University of Iowa southpaw, Forrest Twogood, as a fixture and will give Belve Bean a thorough test on the strength of his good record with Toledo. Walter Brown, bought from Montreal by the Red Sox, and Jack Knott, taken from Milwaukee by the St. Louis Browns, appear to have clinched big league jobs. The White Sox may keep either George Murray, who won 23 for Dallas, or Clarence Feiber, southpaw from Oakland.

Beck To Remain

The only National league recruit who came up definitely tagged as a stayer is Walter Beck, big right-hander of the Brooklyn club, and he seems to have justified expectations. He won 27 games for Memphis last year.

The outstanding surprise is Ed Fallenstein of the Boston Braves. Having once had a trial with the Phillies, Fallenstein isn't exactly a novice, but his professional experience is brief. After playing with Jersey City and Scranton, he was out all last year with a broken hand. He stood the Yankee sluggers on their collective heads in his last exhibition appearance.

The Cubs hope to get much needed southpaw assistance from Beryl Richmond, obtained from Baltimore. The Phillies have a good prospect in Frank Pearce, right hander, who won 20 for Nashville. The Pirates have a pair of former Kansas City hurlers, Ralph Birkofer and Harold Smith, with chances to stick. But unless Alfred Smith, a southpaw, makes the grade, the Giants will have no freshmen in the box and neither will the Reds or Cardinals. The difference here is that the Cards don't need any more pitching whereas the Giants and the Reds do, quite badly.

75 MILES WITH an EMPTY CRANKCASE *is Not* Just "PUBLICITY STUFF"

Read the Words of a Former Skeptic, Mr. M. A. Strauss, Hartline, Washington:

"I had always considered Conoco Germ Processed motor oil a superior oil, but the *hidden quart as just publicity stuff. I am now convinced of the truth of your statements.

"On the outskirts of Wilber, the pan of my car struck some rocks. I gave it no particular thought and drove on into Spokane at 40 or 45 miles per hour. Returning from Spokane, out about 8 miles, I noticed the pump not working. I put in Conoco and saw it run out the bottom. I investigated and found a square-inch hole. Only at Wilber could the accident have occurred. I realized I had driven fully 75 miles without oil. In addition I drove the 8 miles back to Spokane for a new pan and more Conoco."

*THE GERM PROCESS (exclusive Conoco patent) imparts to this motor oil that peculiar ability to penetrate and combine with metal surfaces. Of the first filling about one quart will "hide" itself up in your motor's precious working parts. This hidden quart n-e-v-e-r drains away. It becomes a part of the motor itself; worth its weight in gold.

The Oil You Can Trust in Emergencies Is Safest to Use Every Day

We publish Mr. Strauss' experience (and there are hundreds like it) to prove this point: If emergency demands, it is possible to drive many miles on the *hidden quart alone. Conoco is the only oil with the *hidden quart advantage. An oil that meets big emergencies, so ably, will meet daily demands with a margin of safety to spare.

When starting, *unless* your motor is blessed with a *hidden quart, it must run a few minutes *without* oil. Ordinary oils drain back into the crankcase, overnight. 50% of motor wear occurs during the "warm-up," while lubrication waits on the pump. This loss is needless. Drain and refill with the *hidden-quart oil, today.

Rafter cutting, cup given by McLean, to Roby.

George P. Grout Guernsey cup, given by George P. Grout, of Panhandle, to McLean.

Sweepstake Banner Given

The sweepstake banner was presented by the Caprock Uniform and Embroidery company.

Dr. I. E. Barr, president of the Board of City Development, made the presentations of cups, with Paul G. Haines, director of vocational agriculture, presenting the sweepstake banner and George P. Grout presenting personally his cup.

A planting of trees, offered by the department of horticulture each year to the high team in plant propagation, was awarded to Dublin.

Dinner Is Served

A score of members of the chamber of commerce served a dinner to over 350 in the livestock pavilion at 6 o'clock. It was followed by an informal program. Dean A. H. Leidigh of the school of agriculture presided. He introduced Dr. I. E. Barr, who made a short talk of welcome. Others presented included Dean James M. Gordon of the college of liberal arts. Director Haines, Frank Wimberly, vocational advisor from New Mexico, and several others.

CROWD ESTIMATED AT 1,200 ATTENDS PRESENTATION OF "HENRY'S WEDDING" IN LUBBOCK HIGH SCHOOL LAST NIGHT

Attracting an audience estimated at 1,200 persons, a three-act comedy, "Henry's Wedding," was presented last night in Lubbock High school auditorium under auspices of the City Parent-Teacher council.

A school girl chorus, men who burlesqued belles as well as beaux of the gay 90's, and a black-face chorus of spirituals enlivened the production, which was a benefit for child welfare work.

Equal to the average amateur theatrical here, the comedy improved as the evening wore on, players gaining naturalness as the farcical score of Uncle Henry's attempt to marry was unwound. H. A. Welmaker, cast as Uncle Henry, and Mrs. F. A. Kleinschmidt, as the twice-married widow who had acquired him as her next bridegroom-elect, had the leading roles.

Ability of the seven persons having important supporting parts seemed nearly uniform. They were Durwood H. Bradley, Ruth Rylander, Mrs. R. L. Clinkscales Robert Stephenson, Jack Douglas Dr. Marshall Harvey, and Lena Grace Sanderson. If one must give top honors, perhaps they belong to Mrs. Clinkscales, Miss Rylander, and Mr. Douglas.

Others of the cast were Robert Ellison, Mrs. Marshall Harvey, Mrs. A. O. Thomas, Sam Leifeste, Overton Ribble, Jack Durham, Mat Hitchcock, Rufus Scarbrough, Nell Parmley and R. J. Cobb.

Mr. Durham and Mr. Hitchcock, with their Bowery swagger and automatic gats, were convincing thugs.

Fred Stokes and Daniel A. Blair, as a baseball player and an athletic girl, and Tom Carter and Dr. F. G. Harbaugh, as Gas House Harry and a New York Bowery girl, were among the beaux and belles to arouse more than the usual swell of handclaps.

Miss Geraldine Roberts directed the production.—B. McC.

NORTH PANHANDLE HAS DIVERSITY OF STOCK INTERESTS

DALHART, Mar. 28. (AP)—The north Panhandle has been agitating "diversification" for three years and now it has a diversity of interests.

While Jack Earl Collins, Channing 4-H club boy, was winning second with his junior yearling calf in the Fort Worth Fat Stock show, Samuel H. Roberts, Dalhart, was receiving congratulations on his horse, "Miss K. Y. Rex" winning championship honors in the American saddle horse blue-blooded brood mare class in that department of the Amarillo Fat Stock show. Its pedigree goes back to the famous Denmark family, now a requisite in all registrations.

Dalhart has a group of saddle horse enthusiasts. T. W. Turner, 84, city councilman rides horseback every day. Joe Langhorne has 13 fine blooded saddle horses in Dalhart. Mrs. John Schrader is picturesque on a side saddle.

Charles Giddings jr., Future Farmer of America, showed his two junior yearlings hereford calves in the Amarillo fat stock show, selling them well above the market price. Total cost on the calves, including their purchase price, feed, transportation and selling cost was $73.20, leaving a labor profit of $36.80. Charles put on a pound of beef for 4 cents, his figures show.

Signatures Of Old Settlers Collected

CANYON, Mar. 28. (AP)—Signatures of persons who lived in the Panhandle prior to 1900 are being collected by Miss Katherine Patrick of Clarendon, "sweetheart" of the Panhandle Old Settlers association, and will be presented to the Panhandle-Plains Historical society museum.

The signatures will be compiled and bound in book form. At the formal opening of the new museum on April 14, the volume will be presented as a gift from the old settlers association.

A new shipping company has been organized in Rotterdam, specializing only in tramp shipping service.

DISTRICT FUTURE FARMERS OF TEXAS UNIT TO BE FORMED AT PLAINVIEW

A district Future Farmers of Texas unit will be formed while a sixth annual Panhandle-South Plains Dairy show is under way at Plainview, April 10, it was decided Monday afternoon at a vocational agriculture contest here. J. W. Hulsey, president, of Olton presided at the meeting, which was in the Lubbock hotel.

V. S. Payne, Abernathy, was selected as counselor of the proposed group. Each school will send two or three delegates to Plainview during the vocational contest there on Monday. These delegates will select their officers and start their program.

A district public speaking and debate contest is to be held in Lubbock at Texas Tech, the first Saturday in May, it was decided. The contest will start at 10 a. m. and Tech will supply judges for the two groups.

Winner will be sent to the state contest at College Station. A small fee will be charged entrants and the money used to pay expenses of the winner and his coach.

The new director, Paul G. Haines, discussed with the teachers, problems concerning their work.

A message was sent to Taylor White, Odessa, formerly at Tahoka, who has been ill and in a hospital. He was active in the district until moving to Odessa.

Those present included: C. J. Van Zandt, Post; O. T. Williams, Floydada; W. C. Taylor, Crosbyton; V. S. Payne, Abernathy; J. H. Taylor, Ralls; R. H. Wells, Seagraves; R. A. Box, Littlefield; R. H. Maxwell, Hale Center, and Mr. Hulsey.

CHANGE DATES OF FESTIVAL

PANHANDLE EVENT TO START ON MARCH 30 AT AMARILLO

AMARILLO, Mar. 28. (AP)—The dates of the Panhandle Music festival, originally announced for the middle of March, have been moved up to March 30, 31 and April 1. It will be the tenth anniversary of the contests and the 25th of the festival.

More than 1,500 youthful music students in the Texas Panhandle, eastern New Mexico and western Oklahoma will gather here for the contests which will extend over the range of music taught to boys and girls of public school age. More than 200 entries have been received for piano solos alone in the various age classes.

Bands To Compete

High school bands, orchestras and glee clubs will swell the attendance. Individuals in these groups will compete in the various wind instrument contests. The Panhandle school band and orchestra directors' association will hold its annual convention during the festival.

Emil F. Myers, who founded the festival, will present the Amarillo civic chorus of more than 100 voices in Haydn's "Creation," and a group of Spanish dancers as entertainment features.

Services For Mrs. Amanda Smith Today

PETERSBURG, Mar. 28.—(Special)—The funeral of Mrs. Amanda C. Smith, 75, mother of Mrs. Lela Howard and Mrs. J. H. Corbin of Lubbock, was to be conducted at 10 o'clock this morning at the Baptist church by Rev. J. H. Partin, the pastor. Burial was to be in a Lockney cemetery. Mrs. Smith died at 5 a. m. Monday in the home of a son, Jess Smith, two miles south of Petersburg.

Mrs. Smith had lived here about nine years. Besides Mrs. Howard and Mrs. Corbin, Mrs. Smith is survived by three other daughters, Mrs. Rufus Martin and Mrs. Eva Snodgrass of Petersburg, and Mrs. Sadie Ueltzen of Okemah, Okla., and four sons, Jess, Cager and Roy Smith of Petersburg and E. V. Smith of Abilene.

LEVINE'S BALCONY!

HUNDREDS OF SOUTH PLAINS PERSONS JAM SIDEWALKS TO SEE NEW STYLES

Lubbock merchants in unveiling their windows last night to reveal the newest things in women's wear for spring, indicated the Easter parade will be white in many aspects this season, while hats and dresses alike will have perky bows.

Then just to show how milady's escort will look strutting along by her side, some of the store windows were done up in the conventional greys and tans that men will wear. But this part of the show was not as drab as it may sound, for there were sporty shoes striped and checked accessories to add a smart touch.

If this unveiling is an indication of spring in Lubbock, one may choose her colors as long as they are in pastel shades, and with almost anything white accessories will be the rule rather than the exception. There were small hats; large, straw hats and turbans in the array of women's wear. There were close-fitting little dresses with large bows tucked under the chin. There were long, trailing dresses of sheerest organdies with huge bows tied at the waist and fluffy sleeves that couldn't possibly be stuffed into an ordinary coat. There were gowns for evening, frocks for golf and just ordinary street clothes to make the feminine mouths water with desire.

There were even some clothes in the somber navy, but invariably there were starchy organdy blouses or bright accessories to match the mood of spring.

Windows, brilliantly lighted, formed a pleasing setting for these styles and almost every merchant in town had dressed up his display for the occasion. Tulips, Easter rabbits, roses and other spring flowers were placed to add color for the occason.

Spring is here, according to the merchants, and milady may wear the color she wishes. But from now on she must be perky if she keeps in step with spring.

Hundreds of South Plains and Lubbock residents jammed sidewalks and flowed into the streets as they window-shopped. Music of the Tech Matador and High school Westerner bands kept the huge crowd in lively spirits.

During the opening hour, crowds always were around show windows of almost all the downtown stores selling clothing. One store directed a two-ring style show with models.

WED AT LOVINGTON

SEMINOLE, (Special)—Thurman Sims, a stock farmer residing 15 miles southwest of Seminole, and Miss Ella Mae Hawkins, of near Lamesa, were married March 13 in Lovington, N. M. The bride is the daughter of Mrs. J. H. Hawkins and the groom the eldest son of Mrs. R. L. Sims, of near Lamesa.

Luckies Please!

Lake Louise, Canada

In every corner of the world, both here and overseas, wherever you find joy in life, 'tis always "Luckies Please"

Luckies are distinctive in character ...unique in mildness

The wide world over, people want a cigarette that has *character* . . . and *mildness* . . . That's why they choose Luckies.

The "Cream of the Crop"—in those four words, you have the reason for Luckies' *character*—a character that sets them apart from all other cigarettes. The choicest tobaccos are aged and mellowed for nearly three years . . . and *then* "Toasted" for *true mildness*. For these two reasons—Character and Mildness—"Luckies Please!"

because "It's toasted"
