## Foodhandlers to Here Monday

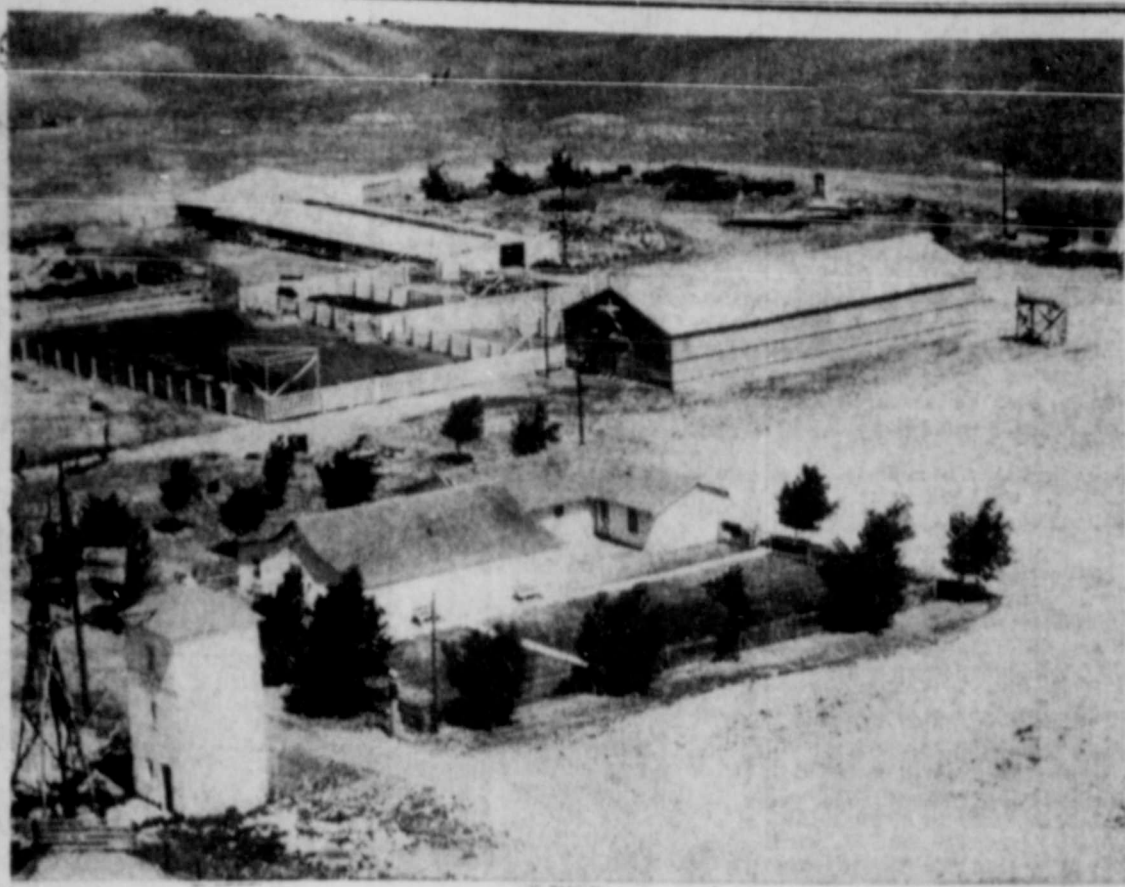

Foodhandlers' School, sponsored by the Business and Professional Women's Club in conjunction with the State Department of Health, will open Monday, July 13, continuing through July 17. The school will be held twice a week at the State Health Department, 1100 S. 10th St. The school will be held from 8:30 a. m. and from 7 to 9 p. m. The school is designed for foodhandlers in cafes, grocery stores, restaurants, drug stores, bakeries, and for housewives. The school has been held for several years because of the high incidence of food poisoning that can be traced to foodhandlers. Four out of five communicable diseases are transmitted through the food.

## Temporary Group at Meet

Temporary association, The State Water Users Assn., held Tuesday night at a meeting of farmers and ranchers at Spearman. Joe Hanson of Harlan county was president of the association. Harlan Hawk of Ochiltree was named vice president.

## Temporary Group at Meet

Temporary association was for the purpose of petitioning the State Board of Water Conservation to designate the boundary of the subsurface reservoir area, which is the first forming an Underground Water Conservation District. A reservoir is designated and must be held to find a majority of the owning resident voters to organize a district. If approved, it is financed by money and administered by a board of five local residents. The board assigns specific powers to the water conservation district, including prevention of water pollution, granting well permits, requiring reports, and setting up other rules.

MYSTERY FARM NO. 2—Here is the Herald Mystery Farm of the Air for this week. The first person correctly identifying this farm will receive a free subscription to the Herald. The owner of the farm will receive a mounted picture by calling at the Herald office for it. This farm will be harder to identify than the T. W. Gray farm which was identified by 112 persons last week and which won Vernie Lee Wilson a free Herald subscription.

## Matched Roping Contest Sunday

A matched roping contest between members of the Perryton and Canadian Roping Clubs will be held Sunday afternoon at the local rodeo arena, beginning at 2:30 p. m. Four outstanding ropers from each club will compete and the winners will be determined on total times for the calf roping. Perryton won a similar contest at Canadian last week. This is the first matched roping in the local arena for several years.

## PHS Ex-Students Plan Reunion On August 19

All ex-students and teachers of Perryton high school are invited to the PHS reunion at Ranger Field on Wednesday night, August 19. The date was set this week by the reunion committee composed of Mrs. Henry Richardson, Mrs. Sam Judice and Mrs. Clyce Ragdale. The program will be announced at a later date. This will be the first ex-student reunion of PHS and if it is successful, it will be made into an annual affair.

Committee chairmen of each class of PHS have been appointed and will attempt to contact members of their class regarding the reunion. These chairmen are: 1922, S. S. Dodson; 1923, Mrs. Nora Richardson; 1924, Mrs. Jewell Keith Cooper; 1925, Mrs. Chester Stump Grabeel; 1926, Mrs. Fern Leatherman LeMaster; 1927, Mrs. Leah Holland Ward.

## Cattlemen of County Order 1,215 Tons Of Feed Under Disaster Aid Program

### Total of 146 Applications In PMA Office

A total of 146 applications for feed under the disaster aid program have been received at the county PMA office from local farmers and ranchers, reports PMA secretary Elliott Lee. These applications total 1,215 tons of feed.

To date, applications have been received for 79 tons of cottonseed meal; 430 tons of cottonseed pellets; 240 tons of corn; and 466 tons of oats, Lee said.

This feed is available at a reduced price from Commodity Credit Corporation stockpiles and is shipped into the drought areas under a reduced rail freight charge.

The feed is for foundation herds only, and may be used for cattle, sheep and goats. Hogs and poultry are not eligible for the feed.

The county committee has authority to approve feed for steers under certain conditions.

Recent rains have helped the feed outlook in Ochiltree county, but it will take much more moisture to revive parched pastures and row crop fields.

## Demand for Emergency Loans Remains High In Local Area

Demand for emergency drought disaster loans to farmers and cattlemen remains high at the local Farmers Home Administration office, according to supervisor Art Turner, and the total this month is expected to approach the \$200,000 mark.

Over 100 loan applications have been received since July 1, Turner said, and 47 loans have been processed in the amount of \$87,460.

Three field men have been sent in by the FHA to work in this area, and they are now covering Hemphill, Roberts, Lipscomb, Headquarters and Ochiltree counties, headquarters in Perryton.

John Barnes of Jacksonville; Ed D. Allen of Cleburne and Charles C. Bishop are the field men who were sent in to assist Turner with the emergency loans.

Turner said that he hasn't received any briefing on the emergency cattle loan program signed Wednesday by President Eisenhower. The Associated Press reported that emergency livestock loans will be made to established stockmen anywhere in the country who "have a reasonable chance of working out of their difficulties but cannot obtain the funds they need from private or cooperative credit sources."

## June Permits Low

June building permits in Perryton totaled only \$1,000, one permit being issued to H. R. Slaughter for an addition to his home at 618 S. Drake. There was only one building permit issued in May.

## Annual Scout Fund Drive to Open July 23

The annual Boy Scout fund drive for Perryton and Ochiltree county will get under way on Thursday, July 23, with Max W. Boyer as chairman of the drive. Goal for the county is \$2,800, the same figure as was reached a year ago.

Mason Anderson is chairman of the special gifts committee and will start solicitation at noon Friday.

Other committees include the prospects, general solicitation and follow-up groups. The general drive will begin with a breakfast Thursday morning and there will be a three-day solicitation, Boyer said.

Ochiltree county's portion of the budget for the Adobe Walls council was set after a meeting of Boy Scout district officers to determine the needs of Scouting within this district for the next year. Funds raised locally go to pay the expenses of the Adobe Walls Council administration and professional leadership for all Scouts in this area, including See No. 2, Page 6

NEW HIGHWAY TOPPING—Workmen of the Bell and Braden Construction Co. are shown putting a new seal coat topping on highway 117 east of Perryton. The highway was re-topped from Perryton east to the county line and the crew finished work Tuesday afternoon.

## Rainfall Totals 3.12 Inches In Perryton During Week

Rainfall in the Perryton area during the past week has totaled 3.12 inches, with all sections of the county receiving the moisture except the southwest corner which has remained dry.

The rain which fell on July 8 measured 1.28 inches; the fall on July 9 was .67 inch, and the rain on Saturday night, July 11, was 1.17 inches, making a total of 3.12 inches for the week in Perryton, according to Judge Jack Alton.

## Elevators Get Kansas Wheat For CCC Storage

Although the wheat crop locally was slim, Perryton Equity elevators in Ochiltree county are nearly full of wheat now, having received approximately 1,000,000 bushels of Commodity Credit Corporation wheat since June.

Aldon Bell, Equity general manager, said that Equity elevators have been receiving about 10 cars a day of CCC wheat until recently when storage reached the desired point.

The Perryton Equity received approximately 150,000 bushels of 1953 wheat and Huntoon received about 150,000 bushels, Bell said. The crop grew shorter to the west with Farnsworth receiving 20,000 bushels, Waka 10,000, Spearman 7,000 and Morse 6,000 bushels.

The CCC wheat that has been shipped in comes from Kansas, where a fair 1953 crop came into elevators already bulging with the record 1952 wheat crop.

CCC wheat was reported to have been shipped to the Batman Grain Co. at Farnsworth and the Berry Grain Co. at Waka.

The Ellis Grain Co. in Perryton has not taken any of the CCC wheat, preferring to save the space for a possible maize crop, according to manager J. H. Woodward.

## Malone's Plan Big Anniversary

In observance of their fourth anniversary Malone's is staging a store-wide price reduction in appreciation of patronage by customers of this area, Harold Malone, owner announced today.

Malone's features nationally known brands in shoes for the entire family and clothes and accessories for infants through 12 years. The big event opens this morning at 9.

## Retail Merchants To Meet Tonight

All retail merchants who are participating in the trades day promotion have been asked to attend a meeting called by the Retail Merchants committee of the Chamber of Commerce tonight. The meeting will begin at 8:30 p. m. in the county courtroom. Several matters concerning the promotion must be decided and all merchants are urged to attend, according to C. C. secretary John Mayfield.

## Blue Sox Meet Hooker Saturday

The Perryton Blue Sox will meet the Hooker Cardinals at the local park Saturday night in what promises to be one of the best games of the season. The Sox have beaten Hooker twice this season, 11-0 and 4-3, but the Oklahoma visitors are reported to have strengthened their team recently and intend to win this one.

## Commercial Exhibit Space Available

Commercial exhibit space for the second annual North Plains Fair is available now and reservations are being received at the Chamber of Commerce office, according to John Mayfield, secretary. See No. 6, Page 6

NEW PASTOR—Lloyd Willson, formerly of Elkhart, Kansas, is the new pastor of the Fellowship Baptist church. He was pastor at Elkhart for three years and has served churches in Missouri and other Kansas cities during his 11 years in the ministry. Rev. and Mrs. Willson have three children, Kathy, Bobby, and Tommy. He replaces Rev. Everett Cavin.

BOOSTER PUMP—Harold Bryan and Elza Kutch, city employees, are shown preparing to install the booster pump for the new city water well. This pump, installed at the city park well house, will pull water from the well into the city tower, boosting city water production for the hot days that lie ahead. See No. 4, Page 6

### Lance Speaks at Drouth Meeting For Allotments

W. H. Lance was one of about 20 farmers who spoke before about 3,000 cattlemen and six governors at Amarillo Friday.

Following President Eisenhower's address, the group representatives from the various drought-stricken states were invited to speak to the assembly and present their proposals for government aid for farmers and ranchers in the southwest.

Lance read a resolution passed by about 80 local farmers and ranchers before the Amarillo meeting. This resolution declared that farmers of this area are

in favor of price supports and marketing quotas and are opposed to any area, regardless of any declared emergency, seeding more than the allotted acres of wheat in 1954.

This view was in direct contrast to most other speakers from other Panhandle counties who declared that unlimited seeding of

wheat should be allowed in drought areas.

Others who attended the drought meeting in Amarillo were Hood Willis, H. P. F. son, Harold Hudson, L. Ellzey, Cliff Hernandez, Truax, Bob Schuster, Royland, Konrad Broomer, Urban.

Mr. and Mrs. Lem Vandeburgh and daughters visited in the home of Mr. and Mrs. Ottinger of Booker Sunday afternoon.

The Anthony Rural Progress group will meet Wednesday evening at 8:30 p. m.

Ted Lehman, technician of Soil Conservation in Beaver County will be the principal speaker for the evening.

A guest in the J. Leroy Bobbitt home from Saturday morning until Monday was Mr. Lee Hoffman of New Orleans. Lee is a brother of Mrs. Bobbitt.

Those from the Anthony neighborhood attending the baseball game between Beaver and Balco Sunday evening at Beaver, Okla. were Mr. and Mrs. Carl Carter, Cleta and Howard, who played on the Beaver team; Leon Morris and Jack; Leslie Bobbitt; Mr. and Mrs. Ralph Bobbitt and children. Balco defeated

NOW! Ford Master-Guide the last word in Power Steering!

Master-Guide applies hydraulic steering power automatically... and in varying degrees as required... right at the steering linkage, close to the wheels. At the same time the system serves as a hydraulic shock absorber to keep road jabs and jolts from your hands. As a result all you do is... guide the car... Master-Guide supplies the muscles.

WHO NEEDS MUSCLES?

HELPS YOU OUT OF "TIGHT SPOTS!" The tougher the going the more Master-Guide works for you. For example, if you go off the pavement onto a soft shoulder or a rough, rutted road, Master-Guide provides the muscles to hold a steady course. Master-Guide also absorbs the shock that might otherwise be transmitted to the steering wheel. All handling is easier with Master-Guide and parking requires only one-fourth the normal effort! Should Master-Guide ever lose its power, the standard steering mechanism will operate just as usual. Thus, Master-Guide provides new ease with full security, wherever you drive. Optional on all V-8 models of extra cost.

It's the newest in a long list of Ford advancements that make this Ford the outstanding car for '53!

No other car near Ford's price has ever offered you so much! Ford was the first in its field to bring you V-8 power. Today, Ford alone of all the low-priced cars offers you the smooth, unsurpassed performance of a V-8 engine. And Ford's Six with Overdrive, won the Sweepstakes in this year's Mobilgas Economy Run.

Ford first brought to the low-price field a completely automatic transmission that combines the smoothness of a torque converter and the gas-saving "go" of automatic gears. In all, Ford offers 41 "Worth More" features.

And now, in addition, Ford brings you the newest and finest in power steering... Master-Guide, a system exclusive in Ford's field! It's no wonder, then, that Ford is the "Worth More" car... worth more when you buy it... worth more when you sell it.

### ely Star Seen Reguiling Role

Vera Halston has one of the most bequiling roles in the thrilling drama "Hoodlum Empire" coming to the Ranger Theatre on Wednesday and Thursday.

She portrays an European girl who meets John Russell while he is an officer in the American army and marries him. They return to this country to start a new life in a small town and find things complicated by the fact that Russell's old New York racketeers get him back into the mob.

Payne and daughter June and Halie Payne attended these races at Raton, N. M., 11-12. Buddy Payne and Williamson returned home Sunday evening.

### Mitchum Star In Range Drama

Robert Mitchum, Barbara Bel Geddes and Robert Preston are starring in "Blood on the Moon," which comes Friday and Saturday to the Ranger Theatre.

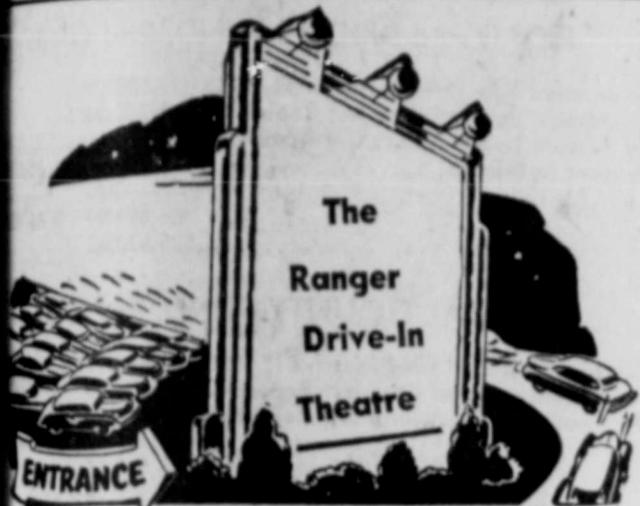

It is a drama of the Rocky Mountain cattle country, in the 1860's. Mitchum has the role of a roving cowpuncher who changes sides in the middle of a hot range war.

Mr. and Mrs. A. C. Spangler, Portland, Ore., arrived this week for a visit with Mrs. Spangler's sister, Mrs. H. R. Brown, and other relatives. The Spanglers, former residents of Perryton, have been visiting in Missouri and Oklahoma. Enroute home they will visit their son, Sgt. Irvin D. Spangler, who is stationed in Amarillo.

### District Meeting Held July 7

The District 23 meeting of the Texas Nurses Association was held, July 7, in the Harvester Room of Hotel Perryton.

Hutchinson, Gray, Hemphill and Ochiltree counties were represented.

Mrs. Bertha McNally, Mrs. Flora Allen and Miss Kathleen Lee were hostesses for the occasion.

Reverend J. W. McKinney was the principal speaker of the evening and discussed the Revised Bible.

Angie Tevis, accompanied at the piano by Elaine Graves, sang "Indian Love Call" and "Tea for Two."

Theresa Hughes of Ft. Worth, a niece of Mrs. McNally, entertained with two tap dances.

Twenty registered nurses attended the meeting.

**HOME FROM OKINAWA** — Sgt. Donald W. Graves, son of Mr. and Mrs. J. A. Graves, returned to the U. S. on July 7 after a two-year tour of duty on Okinawa with the Air Force. He flew from San Francisco to Amarillo Saturday and will report after that time to Smokey Hilltop Air Base near Salina, Kansas.

### Outdoor Film Is Available

The film, "Water Wilderness," which has been chosen by the State Department as a U. S. entry in the International Film Festival at Locarno, Italy, is available in the Perryton area for showing to civic groups through the local Western Auto store.

Owner Tom Knighton has shown the picture to several local groups and will make it available to others who desire it.

It was filmed in the Florida Everglades and features Ed Dodd, creator of the "Mark Trail" comic strip. It shows a variety of fishing and wildlife incidents.

Mrs. S. P. Tevis was called to McKinney, Texas Tuesday morning to be at the bedside of her daughter, Anna Tevis, who is a patient in the Veteran's Hospital there. Miss Tevis will undergo heart surgery in the near future.

Mr. and Mrs. Buddy Dillingham and daughter Jan of Liberal, Kansas visited in the home of his parents, Mr. and Mrs. Kenneth Munger, and her father, Ross Mounds, over the week end.

### Walton Attends Florist Meet

FORT WORTH, July 13—Roger R. Walton of Perryton is attending the Annual Texas State Florists Association which has attracted more than 1,000 members and wives to Fort Worth.

Feature of the three-day meeting are different types of arrangements that can be displayed during the four seasons.

Miss Kay Caylor is a guest in the Ivan Lovett home at Iola, Kansas this week.

### Red Sox Go to Wolf Creek

It will be a home town deal at the Wolf Creek park Sunday afternoon when the Perryton Red Sox and the Wolf Creek Creepers clash in a Texas-Oklahoma league game.

Intense rivalry exists between the two teams, and while the Red Sox have the better season record, the Creepers intend to make a game of it Sunday afternoon.

### No Harvest North, Reports Rankin

M. M. Rankin of Boyd advises would-be harvesters to stay home this year, as the wheat harvest from Texas to Canada is below par and there is little work for custom combines or harvest hands.

He and John Anderson returned last week from a fruitless trip which took them into the Dakotas and Canada without finding work.

### Veterans Forum

Q. I am the widow of a World War I veteran, and I'm drawing Civil Service retirement benefits based on my husband's employment in the Government. Am I supposed to count this money, in figuring my annual income for the purpose of getting a VA pension?

A. Yes. The retirement benefits, which you get on the basis of your husband's employment must be considered in determining whether your annual income comes within the ceilings set by law for VA pension purposes.

Q. I've just gotten out of service and I've gone to work with an aircraft company as a test pilot. I plan to take out the special term insurance for Korean veterans, but first I want to know if the policy contains any restrictions as to hazardous occupations.

A. Your GI insurance policy contains no restrictions as to hazardous occupations. You may engage in any job, without altering the terms of your contract or the amount of your premiums.

Q. I understand that under the Korean GI Bill night law courses are counted as part-time training, and may not be measured as more than three-quarters time. Are there any exceptions?

A. Yes. Night law courses approved as full-time courses under standards set by the American Bar Association may be considered as full-time training for purposes of the Korean GI Bill.

Q. How much money will VA pay a veteran taking correspondence training under the Korean GI Bill?

A. VA will pay the established charge which the correspondence school requires nonveterans to pay for the same course.

# Perryton Woman Has Letter In Congressional Record

(Ed. note: This statement, "God Bless America," was written by Mrs. Emma Bennett Fowler of Perryton, mother of Mrs. F. B. Sumpter, and was inserted into the Congressional Record on June 30 by Rep. Walter Rogers of Pampa.)

God bless America has come ringing down the corridors of time ever since the Mayflowers landed on our shores, whence this Nation of beauty and power had its beginning by the direction of and under the all seeing eye of God.

The Bible is this Nation's foundation, for it is the word of God to His creatures; and "Blessed is that nation whose God is the Lord."

Our forefathers knew that it was only truth from God, through the freedom as in Christ Jesus, that they could build a free nation, with just laws interpreted by His commandments, that could ever make a free people. And that when one man's liberty came in contact or conflict with another's, the controversy could be settled by these just laws of Holy Scripture; and this is what is called democracy.

The secret of this great power would be liberty of freedom of speech, press, and religion. But liberty has not meant that mankind can grope about ignorant of the laws of God; or that it gives him the right to do as he pleases regardless of another's liberty. They must be converted to the law of life, as in Christ Jesus, which "frees them from the law of sin and death."

It was in this faith that our forefathers began to build, feeling their way and searching for religious truth. It was from the word of God that ideas were conceived and decisions were made that formed the destiny of men and institutions. It was here that men's minds were enriched, their hearts inspired, and their souls were enlightened with the divine truth from the pages of the New Testament.

The Statue of Liberty and the dome of our Capitol Building in Washington, D. C., attest to this fact, and are enduring symbols of our country's greatness.

Early in the 17th century America began to give a glimpse of freedom to the persecuted people of the world, who realized there was on substitute for the Bible, that thoughts have power, and that when they conform with God's ideas it would conform one to God's image.

It is an old saying that necessity is the mother of invention. The immigrants coming to these shores to make a nation in which to shape their destiny were so lacking in so many things necessary for human life and protection, that they became an inventive people, going to God for wisdom which they themselves did not possess in experimenting with their ideas.

Isaac Watts invented the steam engine, revolutionizing travel and much industry. Eli Whitney invented the cotton gin that did the work of 50 men; and Seth Thomas and his partner Eli Terry saw that by mass production they could cut the costs on clocks, enabling more people to buy and making more money for themselves. And so it has been all through the years. Americans have invented thousands of machines, saving men and labor, enriching themselves and the Nation.

This free way of invention also made them skillful at whatever job they were doing, and by the blessing of reading God's word and worshipping Him, it lifted their hearts and minds and made them realize that "God had not given them the spirit of fear, but of power, love and sound minds" (2 Tim. 1:7). Recognition of human values was increased as a prerequisite of better living, and they knew the need of a universal moral conscience. Not one by the opinions of natural man, but one that only God could give: As men's minds were many times in enmity with God.

And that it might be known to be of God: "In God we trust" and lettered on our coin and printed on our \$1 bills, a "Pyramid under the all-seeing eye of God."

It is the common observation that our cause is the cause of all mankind; that we are fighting for their liberty by defending our own; and it seems we are experiencing this fighting and giving our own lifeblood for the world's freedom today in the Korean conflagration.

The traditions of America are

Inseparably linked with religion. Its faith inspired our highest achievements and it has sanctified our homes and fostered in them the solid virtue and strong faith which has molded our national character and shaped our course in world history. When schools and colleges were first built, the Bible was chief on the curriculum. This invoked blessings on homes and teachers.

Home, school and church are the three pillars of the power of our Nation, and must be in all the future relations with God and man.

The Lord requires so little of us. The prophet Micah says: "Do justly, love mercy, and walk humbly with thy God." If the savages who are overrunning the world today would only realize this, wars would cease and we could all have an understanding built upon a firm foundation. In the Book of Genesis we read how Sodom and Gomorrah wandered away into wickedness, and God in His holy wrath destroyed them. We can also see what modernism has done to us as a nation.

Modernism in the churches is to place our own reasoning above God's holy spirit in interpreting His word, making it conform to today's way of human reasoning. This has made churches lukewarm in the sight of God, and made them impotent in our own lives—churches that enriched our moral national character.

"We have refused to live under God's control, and now live under government control." The good for which we refused to give thanks has risen to exorbitant prices. The tithes we refused God we must now pay in taxes. God heard the prayers of our forefathers and the prayers of our mothers and comforted bereaved families. He heard the prayers of the boys in the foxholes, and fed those who were stranded at sea. There have been many dark nights in our human history where God heard prayer and relieved us.

In an attempt to bring culture of spiritual understanding and peace to the whole world, after two cruel bloody world wars had been fought, many nations gathered in San Francisco to organize a United Nations which would keep the peace of the world. When prayer was announced one high in our Nation suggested that a period of silence be instead, as there were many languages. But the prayer could have been audible and interpreted to each nationality in that august assembly, though some would pray to idols and some even to Satan.

This was like a stab in the

hearts of all Christians; as it seemed here was where ideas could be exchanged and decisions might be made whereby the course of our Nation's destiny and its institutions might be changed other than under God, the secret of their greatness.

By seating the representatives of Satan so highly, and giving them the power of veto in the organization, and having snubbed the Prince of Peace, we have taken ourselves from under God's protection; and Satan has been pushing us about ever since.

After the First World War Communists began infesting our Government, schools and churches, and have continued to do so; and our Nation with all its moral and spiritual culture, has been declining while that of the Communists has been ascending. This is because they have a weird creed which they spread by being fanatically inspired by Satan, whose disciples they are. It is with a missionary zeal they spread this poison all over the world; and we stand helpless, unless we repent as a Nation, and seek God's forgiveness. For we, by this national gesture, have placed ourselves where we cannot grow spiritually; nor can God answer our prayers. There have been sellouts before the U. N. Organization, but this national gesture has grieved God's holy spirit. And God stands outside the door knocking with His nail-pierced hand all these 8 years. Because there is no length or breadth, height, or depth, in God's love for His own; and it seems that a Barabbas has been chosen, and Christ again crucified.

On April 30, 1863 Abraham Lincoln, realizing that the people of this Nation had wandered far away from God and were being ripped asunder by evil forces, called upon it for a day of fasting and prayer. God heard their prayers and cemented this Nation by His grace when they repented and were willing to obey Him. Since we have folded so many enemies of God to our national bosom, we stand convicted.

And now the fate of this Nation, the U. N., and the world is hanging in the balance. The President can proclaim a day of fasting, confession and prayer. Also can the U. N., even though a minority might object. Our world is now divided into two groups: Communism with hammer and sickle, and America and Christians with cross of Christ. If we reinstate ourselves as a Nation with God, so that He may be on our side, we must not sin away our day of grace.

Our Nation is working on natural men's opinion, which many times is in enmity with God. There is no compassion or mercy in the power of Satan. It is not God who gives us the spirit of fear, but Satan, that might gain his own ends, which

# Vernie Wilson Is Winner In Farm Contest

Vernie Lee Wilson of Perryton was the first person to correctly identify the Herald Mystery Farm last week, calling at the Herald office at 8:27 o'clock Thursday morning with the information that the farm was owned by T. W. Gray. He receives a free subscription to the Herald.

There were over 100 persons who called during the day and identified the farm.

These include Johnnie Ferguson, Mrs. Lewis Isley, Josephine Foote, Mrs. Letha Lawrence, Mrs. Mildred Stone, Elt Symons, Mrs. George Morris, C. F. Symons, Norma Baker, Mrs. Kenneth Cudd, Garland Daley, Harry Nail, Mrs. Wash Boren, LaRue Norris, T. P. McLain.

Dick Haar, Dr. Martin Duke, Mrs. Oliver Carter, Eileen Karber, Mrs. J. E. Kerns, Chellis Gidley, Paul George, Mabel Gatewood, Mrs. Charles Lovett, Mrs. Leland Fisher, Sammy Phelps, Laura George.

Byrl Hardy, J. P. Bostick, John Robbins, Elaine McCarty, Clifford Gyger, Mrs. B. R. Pletcher, Gayle Barnes, Mattie Allen, Dorothy Margrave, Gordon Wright, Frank Shaffer, D. C. Wilson.

we can plainly see he does. "God gives us the spirit of power, love, and sound minds, coupled with mercy" (II Timothy 1:7). If the U. N. is ever constructive it must be reorganized.

Besides traitors in our own Government everywhere, our allies are tricking us and selling goods and weapons to the enemy; and are beginning to ridicule us in the eyes of the whole world. Yet, in our present relations with God, there is little we can do about it. We cannot ignore the fact that it is our boys who have suffered all the atrocities only Satan can conceive, and that there are millions of Reds swarming all over the world. And the spending of our finance is such that it does little good. They have gnarled up conditions in Korea, so that many Solomons cannot untangle.

Why, is our friendly efforts for the peace of the world received by other nations as sinister offers of friendship?

As Jesus' nail-pierced hand still knocks, justice calls. Today if you will hear His voice harden not your hearts; for tomorrow God may draw the line between His patience and His wrath. "Though our sins be as scarlet, He can make them like snow." And "whoever cometh unto Him: He will in nowise cast out."

May God's richest blessings be upon us, and our Nation. Amen. EMMA BENNETT FOWLER

ERY FARM NO. 1—This farm was identified by at least 112 persons last week as the T. W. Gray and the owner called at the Herald office Thursday afternoon for his mounted photograph. "Mystery Farms" will be presented each week.

### Gray Is Owner of First 'Mystery Farm of Air'

Published in the Herald is T. W. Gray, one of the owners of Beaver county who has played a part in the building of the country.

T. W. GRAY

He has lived on this farm since 1902, when he homesteaded there as soon as the Indian Territory was opened for settlement.

When Mr. and Mrs. Gray moved there, they were alone on the bald expanse of prairie. It was not long before they had company, however, as settlers flocked to the townsite when the territory was opened for settlement.

Recalling the early days of farming, Gray said that he broke out his land with a "walking plow," about 40 acres per year. The principal cash crop was broomcorn, and this was marketed at Liberal. Maize and kaffir was fed to hogs and cattle.

Gray recalls that at one time they had four rural carriers working out of the Gray office. He bought his first automobile in 1911 and he has long been a booster for better roads. He has been for years an officer in the Great Plains Highway 83 Association, being Oklahoma president of this association at the present time.

He is a member of the Oddfellows, Baptist church, Farm Bureau and the Union Grange. He has been a subscriber to the Ochiltree County Herald since the paper was founded at Old Ochiltree, and has never missed an issue.

A firm believer in the future of this country, Gray says the area will recover from the present drought, as it has recovered from previous ones. "If I were younger, I'd try some irrigation at my place," he says. "I have a well that would furnish all the water I'd need, but I don't plan to put down an irrigation well now."

### Top 'o Texas Rodeo Opens August 4

Rodeo time is just around the corner in Pampa as the Top 'o Texas Rodeo Association prepares for its annual show August 4-8.

The Kid Pony Show, which is a miniature rodeo in every sense, will be held on Tuesday night, August 4. At this show kids from 4 to 16 will be competing in their respective age groups for the various cash prizes and trophies.

The big Top 'o Texas Rodeo will open with the first performance on Wednesday night, August 5, and will run through Saturday night, August 8. All performances will be held at night in the newly remodeled arena.

Goat Mayo, popular rodeo producer, will furnish the stock and direct the arena for the ninth straight year.

All purses have been increased for this year's show, and these prizes will approximate \$4,500. All rodeo events will be held including the popular Cowgirl's Contest and the Cutting Horse Contest.

As a special added attraction, Tex Ritter, "The World's Best Loved Cowboy," backed up by the Bobby Williamson RCA Recording Orchestra, will appear at each rodeo performance. Ritter and the Williamson Orchestra will also provide music for dancing at the Junior High School Gymnasium following the rodeo each night.

The Amarillo Air Force Band has been engaged to furnish music for all rodeo performances and will lead the Rodeo Parade at 4:00 p. m. on Wednesday, Aug. 5. Other special added attractions are being booked to insure

### Boyd, Okla.

By Mrs. Aldeen Rodgers

Almost every day of the past week was pleasant except Wednesday evening when we had a violent wind storm. Minor damage was done to many movable objects; some roofs were broken and many tree limbs were broken. A light shower of rain followed the wind. The rainfall in this community during the week was over 2 inches in some places.

Royce Rodgers spent a few days last week with Jerry Williamson.

W. H. Williams and son, Hugh, and grandson, Barty Lewis, have been fixing a new well on their grassland southeast of Boyd. Their windmill blew over during the recent storm and they plan to erect it over the new well.

James and Royce Rodgers spent Friday evening with Hugh Williams and Barty Lewis.

Mr. and Mrs. Albert Foster and family of Turpin visited her parents, Mr. and Mrs. Malone, north of Balco, Sunday.

Royce Rodgers called at the Emmitt Nichols home Friday morning.

Lee Schollenbarger and Don Gift of Beaver, Okla. called at the John Winter home early Monday morning.

John A. Beck and daughter, Helen, of Beaver, Okla. visited at the home of Mr. and Mrs. Aldeen Rodgers and family Sunday afternoon. James Rodgers went home with them to spend

the best show ever in the highly successful history of this big-time Amateur Rodeo.

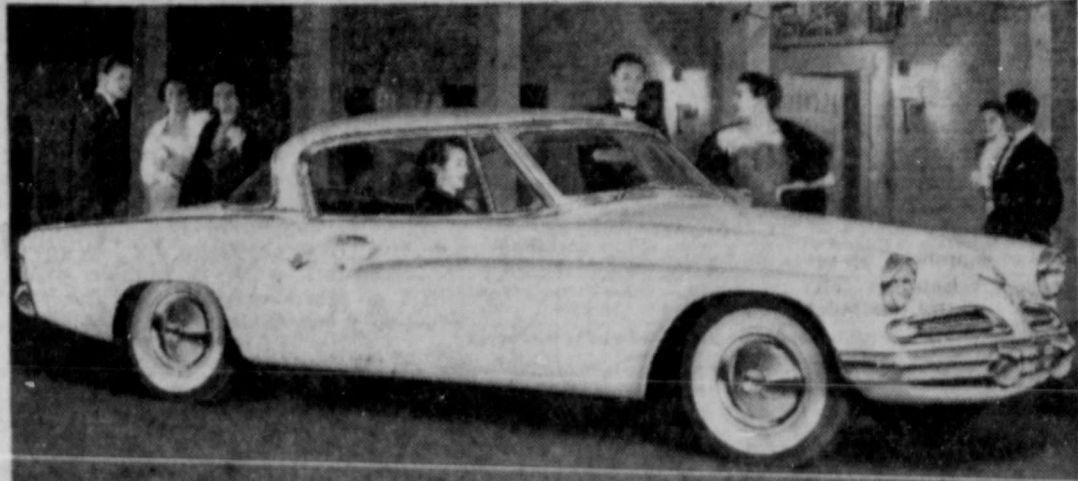

a few days.

Daily Vacation Bible School was held at the Palestine church and a Bible school program was

given Friday night after completion of a weeks work.

## No Depression Yet

We hear a great many people say "we are in for another depression," but the facts do not bear this out. Our trouble is dry weather and the depression we are experiencing is a local one.

The trouble with Texas at the moment is the serious drought in about 75 per cent of the state and the slump in cattle prices that has been going on since last year. That slump, in a great measure is due to drought in several cattle states forcing the animals on the market in large numbers.

If we had plenty of rain in Texas, good crops, lush pastures, etc., we would be in the middle of a boom just as great as in the automotive center of Detroit, where things were never better.

Things must be prosperous in other sections of the country where they make cars, appliances, clothing and groceries. The prices on these items are not going down—at least not like the prices of cattle and farm products.

## For Whom Bell Tolls

Most of us remember the days of the big-city political bosses, the big industrial bosses, and the big financial bosses. Now we have the big bosses of labor.

Whenever bosses become so powerful and venal that they rode roughshod over the general public's welfare, their dictatorial powers were curbed by law except in the case of the labor bosses. These labor bosses have not seemed to profit by the history of boss elimination. Not satisfied with using their powers to improve labor's wages and working conditions, they are following the pattern that eventually dooms all bosses and dictators, namely, a "public be damned" attitude to gain their ends—as witnessed in the paralyzing steel strikes, coal strikes, railroad strikes, public utility strikes and maritime strikes.

The same urge to safeguard the public interests that brought about anti-trust laws, "blue-sky" laws, public regulation of utilities and similar legislation, is going to bring about stiff curbs on labor bosses and their activities. The people have been long-suffering, but you can see the worm turning in the passage of state laws against labor excesses and in court decisions upholding them.

No group or combination can be allowed to take a "public be damned" attitude in this country. Yes, the bell now is tolling for the labor bosses.

## From the SIDELINE

with HAROLD HUDSON

We went to the drouth meeting in Amarillo Friday with Bill Lance, Hood Wills and Hank Richardson and it turned out to be quite a day. Never did we see so much brass in one spot since once in Belgium when we helped guard about 15 generals at a strategy conference. There were six governors, a U. S. senator, cabinet members and of course President Eisenhower in Amarillo.

We were fortunate in drawing a seat at the press table in the municipal auditorium for the President's speech and were about 15 feet from him, close enough to get a good look. We were impressed with his appearance (glowing with health) and his obvious sincerity. His personality enveloped the audience of several thousand people and the cheers nearly lifted the roof.

Bill Lance, as you know, has about as much brass as a government mule, and we must tell a little episode at the hearing which points this out. The President and the governors held their meeting on the ninth floor of the hearing Friday afternoon, and of course the hotel was jumping with Secret Service men. That floor of the hotel was strictly off limits and no visitors were allowed. So Bill insisted that we go up there. Charley Hobbs went too.

Upon stepping off the elevator at this sacred ninth floor, we were immediately stopped by a crew of Secret Service men who wanted to know what we wanted. "I want to see the Secretary of Agriculture," says Bill, bold as you please. "He's in conference and cannot be disturbed," said the government man. "Want to see him anyway," says Bill. "Personal friend of his?" asked the Secret Service man. "Well, not exactly, I doubt if he even knows I'm here," replied Bill.

Considerable conversation ensued, with Bill trying to convince the Secret Service men that he should be allowed in the conference but that didn't get very far, of course. Finally Bill wrote a note, signed his name, handed it to the government man and says, "Give this to Ezra—tell him to call me when he gets out of conference."

But Ezra never did call.

Over at the auditorium when various cattlemen and farmers got up to tell the governors what they needed in the way of government assistance, there were about as many different views as there were cattlemen. Seemed that most of them favored price supports on cattle, most wanted more hay, and most were in favor of the present efforts to provide cheaper feed and easier credit.

The drouth area was compared with the other disaster areas of the nation in recent years—such as the blizzard a couple of years ago in the western states when "Operation Haylift" was put into operation and the flooded areas of Missouri and Kansas last year when government aid was offered. Because a drouth slips in quietly and slower, it doesn't have the dramatic impact of other disasters, but the economic results are the same.

Some of these cattlemen were inclined to stretch things a bit, it appeared to us. One man got up and said he doubted if he could feed his family this winter without some help. Maybe so, but we noted that he took off a \$50 Stetson when he started to talk, and stood there in a pair of \$50 boots while he was talking. We noted that there were a lot of Cadillacs, Oldsmobiles and Chryslers parked around the auditorium, but probably they weren't driving.

## Booker Soldier Gets Promotion

ETA JIMA, Japan—James Lehman, son of Mr. and Mrs. Luther J. Lehman of Booker, Texas, was recently promoted to corporal at the Army's Eta Jima Specialist School in Japan.

Corporal Lehman entered the Army in September 1951 and is now an administrative assistant at the school.

Last stationed at Camp Gifu, Japan, Lehman attended the University of Texas in civilian life.

en there by cattlemen.

We received a copy of the Cripple Creek, Colo., newspaper this week, provided through the courtesy of O. C. Watson, the well-known, well-remembered former resident who is now living in the mountains. He marked a temperature story indicating that the high for the week was 78 degrees and the low 35. Wonder if Watson is trying to make us feel bad? He knows we can't afford to go to the mountains.

Flies have begun to show up around our house, in small numbers, and we asked city manager J. B. Whigham if the city has sprayed the alleys. He informed us that the city has sprayed with DDT four or five times already, but it seems that there are a few flies that have developed an immunity to DDT. Now they'll have to find something else.

Although some girls' bathing suits aren't as big as a postage stamp, they still deliver the mail.

Preach Loftin, who returned this week from the Lions Club international convention in Chicago, said that he was somewhat worried about tipping practices in the city, but had that solved in a hurry. The redcaps at the train station left no doubt as to what their tip would be—15 cents per bag then 25 cents tip or more, if desired.

Loftin also said that the elevators in such buildings as the Merchandise Mart, Board of Trade, etc., were not free. Prices ranged from 35 cents to 60 cents to ride the elevator. There is a city and state tax on meals and entertainment. Sounds like a right cheap place to go on vacation.

Since the motion of the earth is changed by the influence of the moon and by the other planets, it does not follow the same orbit around the sun in one year that it did in the previous year.

## Wolf Creek Philosopher Underfeeding Not Serious Offense

(Ed. note: The Wolf Creek Philosopher no doubt is unduly alarmed over the matter he discusses this week. Pay no attention to him.)

Dear editor:

Nearly every paper that turns up here on my farm lately, doesn't make any difference whether it gets here by whirlwind or falls out of my neighbor's mail box, for years I've had pretty good luck catchin my neighbor's papers as they fell out of his box, but lately he's straightened the post holdin it up and I have to worry with that paper for ten or fifteen minutes sometimes to get it to fall out, at any rate, as I started out to say, nearly every paper that turns up out here lately has had something in it about the government's new policy of "hard money."

I do not understand this. That is, I understand what hard money is, but I do not understand the talk about it's being a new policy.

I thought that was the policy we've had in effect for years. I've heard of easy money, but I thought it was mostly a campaign promise like reduced taxes. All the money I've ever earned was hard money, all the money I've ever borrowed was hard money, all the money I've ever repaid was even harder, and what I still owe is even harder than that.

To change the subject, I noticed in another paper yesterday where the Dallas Society for the Prevention of Cruelty to Animals filed a complaint against a man the other day for under-feeding a cow.

I did not pay much attention to this item until I got to thinkin about it and I want you to know that while I ain't in favor of bein cruel to dumb animals, I'm afraid this Society is up against a pretty big job if it has any plans for movin against every body in Texas who at the

moment is under-feeding his cows. Around here the Society would probably go crazy, and I have a pretty good idea of what they'd say if they came out here and gave a physical examination to some of my cows.

The way I look at it, you put a fine on a cattleman for not feedin his cows enough, on top of goin broke anyway on account of the price drop, and this country will wind up livin on vegetables.

Personally, with cattle bringin what they are now, I'm in favor of organizin a Society for the Prevention of Cruelty to Cattlemen. It's bad enough for a man not to feed his cows, but it's even worse for his cows not to feed him.

Yours faithfully,  
J. A.

## Local Student At Nebraska Camp

Fae Marie Beck of Perryton, a student of West Texas State College, is attending the Nebraska Methodist Work Camp being held at the University of Nebraska Wesleyan Foundation at Lincoln from June 24 through August 5.

The Nebraska Work Camp is one of ten camps in the U. S.

Cuba, Mexico and Europe. There are 13 college students representing as many different schools in nine states and Japan.

Those attending the camp are volunteering their services in various projects, including vacation church schools, special youth projects, building repairs, and other needed work in 25 churches around Lincoln.

Miss Beck, daughter of Mr. and Mrs. Clifford Beck, will make a tour of Nebraska and portions of South Dakota and Wyoming at the close of the camp.

Mrs. Wendell Cook and sons Mike and Gregg of Williston, N. Dakota are visiting relatives here and in Booker.

Slim Johnson, just back from a business trip, tells about a hotel he stayed at one night. "I hit town late and went right to the hotel. There was no clerk at the desk, but there was a sign that said: 'Gone to bed. Rooms \$3. Take a key. Pay when you leave. Sleep Well.' "Upstairs, the room was real clean, the bed comfortable, and I slept like a log. Came down in the morning—still no clerk. So I left three dollars at the desk and went on. Can you imagine folks that trustful!"

## ANNOUNCEMENT

I am pleased to announce the formulation of plans which, when carried out, will result in my being home practically all the time. As soon as possible I will move my office downtown and return my family to Perryton.

It will take a little more time to carry out these plans so to reduce client inconvenience I expect to be home definitely on Fridays, Saturdays and Sundays except those falling in the last week of the month. I will also try to be home as much as possible in between, especially during the first 11 days. During my absence I can usually be reached in Dallas at Logan 3477.
