VOLUME 3 — WICHITA FALLS, TEXAS. MONDAY SEPTEMBER 13, 1909 — NUMBER 105

SEPARATION OF COUNTY OFFICES

QUESTION OF ELECTION OF TAX COLLECTOR NEXT YEAR HAS BEEN RAISED.

NOW POPULOUS ENOUGH

But Still Has, Officially, Less Than Ten Thousand Population. Puzzling Situation.

An interesting question has been raised locally as to whether or not Wichita county will have the right to elect a sheriff and tax collector separately next year. At present, these two positions are held by one party, as this county had less than 10,000 population in 1900 and the constitution provides that in such counties the offices shall not be separated.

Next year, although no one will deny that the county has fully eighteen thousand population, this is not officially known. In other words, so far as the official records go, Wichita county has less than ten thousand population. The United States census is the method provided by the Constitution for determining the population in such cases.

The primaries take place in July and as the census does not begin until June it is hardly probable that the county's population will be known when the primaries are held. Formerly, when the cunsus was taken by counties, the result was officially known as soon as the enumerator filed his report with the county clerk. How this district system of census taking is employed, and it is not known how the county may be officially notified of its population. Texas courts have ruled on the matter under the county system, but not under the district system, and unless some means of clearing things up is suggested, Wichita county's sheriff must act tax collector until 1912.

If the result should become known after the primaries, but before the November election, it would furnish some republican or independent an opportunity to get in, as there would be no democratic nominee for the position.

TO ENFORCE SUNDAY LAW.

Arrests Made at San Antonio for Selling on Sabbath.

Texas News Service Special.

San Antonio, Tex., Sept. 13.—With the arrest today of Thomas Gomez for alleged violation of the Sunday closing law, the authorities revive the strict enforcement policy on the grounds that some of the saloonists have grown lax in the observance of the ordinance. Charges were preferred against Gomez after Louis Tamorie, aged fourteen, was seen leaving the side door with some bottled beer.

NOT FOR CONGRESS.

Judge Maxey Says He Will Not Be a Candidate.

Texas News Service Special.

Sherman, Tex., Sept. 13.—Judge Rice Maxey of Denison, while here today, announced postively that he will not be a democratic candidate for congress in the fourth congressional district, as reported he would. He says that at the proper time he will come out for a place on the court of criminal appeals bench.

RAINS IN NORTHWEST DEMORALIZE TRAFFIC

The through south bound Denver is eight hours late this afternoon as a result of another heavy rain in the Panhandle last night. There are several washouts between Dalhart and Amarillo, it is reported, and a very heavy rainfall accentuated the difficulties encountered by the roads.

Texas News Service Special.

Dalhart, Tex., Sept. 13.—The upper Panhandle was drenched by another tremendous rainfall continuing all last night and owing to the washouts, the Fort Worth and Denver railroad service is badly demoralized, trains being delayed fourteen hours by washouts between Dalhart and Trinidad.

SWEET THINGS.

For Persons With a Sweet Tooth at Madison Square.

New York, Sept. 13.—If the Golden Diana who graces the top of the Madison Square Garden Tower possesses a sweet tooth she will be tempted to descend into the big amphitheatre this week to visit the exhibition which has opened there today in the interest of the candy, ice cream and soda water trades. The exhibition is the first large affair of its kind to be held in America. Leading bakers and confectioners from all over the country, and even far-off Russia, are on hand to demonstrate the efficiency and possibilities of modern bread making, cake, ice cream and candy. One of the attractive exhibits is a bakery in full operation.

BANKERS AT CHICAGO.

By Associated Press.

Chicago, Ill., Sept. 13.—The American Bankers' Association opens its annual convention here tomorrow.

Many important questions are to be considered. The session lasts until Friday.

POWER PLANT DYNAMO CAUSE OF DELAY AGAIN

The refusal of the dynamo at the power plant to perform those functions, which a dynamo, in the ordinary course of events, may be expected to perform, rsulted in another delay in the starting of the street cars and further predictions are in order. A representative of the Westinghouse Company is expected to start the machine shortly. The engine has been started and found to work saeisfactorily, but the dynamo has been found subject to all the ills that dynamo flesh is heir to.

Mr. Kemp's party of guests who were to ride on the first car Saturday afternoon, waited until seven o'clock that afternoon and then gave it up in dispair, having missed their dinners. The starting date is indefinite and the Times, in view of past performances, declines to make any prediction.

MRS. HOUSTON HODGES VICTIM OF FATAL BURNS

News was deceived in Wichita Falls Saturday afternoon of the tragic death at Frederick of Mrs. Houston Hodges, the daughter-in-law of Judge S. H. Hodges, formerly of this city. Mrs. Hodges met her death by burning, as a result of a kerosene explosion on her her husband's farm, about ten miles from Frederick. She used coal oil to start a fire in the kitchen stove for dinner and some live coals ignited it, the explosion followed. Almost enveloped in flames, Mrs. Hodges ran from the house, her cries attracting the attention of her husband and his cousin, Walter Palmer, who were at work on a new house near the old one. Houston Hodges jumped from the roof of the house to go to his wife and the fall and excitement resulted in his fainting before he could reach her. Mr. Palmer managed to extinguish the flames ,tearing Mrs. Hodges clothes from her, but too late to prevent her being burned horribly. Her death occurred Friday afternoon. She had been married only six weeks when the accident occurred and this makes the tragedy an exceptionally regrettable one. She was eighteen years of age.

The sympathies of the family's many friends in this city have been extended to the bereaved ones, all of whom were well known in this city. Mrs. M. C. White and Piner Avis of this city attended the funeral, which took place Saturday afternoon

LIGHT THROWN ON PEARY'S BEHAVIOR

IT WAS HE WHO APPROPRIATED DR. COOK'S STORES FOR HIS OWN USE.

LETTER IS PUBLISHED

Dr. Cook Beaks His Claim With Best Evidence—Peary Starts Home Soon.

By Associated Press.

Copenhagen, Sept. 13.—That Peary not only took supplies from Dr. Cook's "cache," but took steps to prevent Cook using his own provisions, is the substance of an article which appears in a Copenhagen paper. The article is by Dr. Norman Hansen, who has conducted several expeditions into Greenland on scientific expeditions.

When Cook, half starved and exhausted, reached his store house on his return trip, he found a husky Greenlander in charge, with papers showing him placed there by Peary. It was necessary for the members of the party to use force in order that Dr. Cook might obtain access to his own stores.

Dr. Hansen says that Cook did not intend to make this fact public, but that he himself had seen fit to do so, in view of the way Peary is conducting himself.

By Associated Press.

Paris, Sept. 13.—Raymon Lestonnat, a member of the Superior Council of Navigation, says that the extreme difficulties in ascertaining one's position in polar latitudes, made it quite likely that both Peary and Cook have erred. He said the dash to the pole had little scientfic value, as the real secrets are found at the true magnetic pole.

By Associated Press.

Point Richenf, Sept. 13.—The Tug, Thomas, chartered by the Associated Press to meet Peary on the Steamer Roosevelt, was reported here at Benne Bay, N. F., last night. It is learned that Peary is still at Battle Harbor this afternoon.

Sydney, Sept. 13.—Peary is stil at Battle Harbor today, and there are no indications when the Roosevelt intends to sail from here. The family is awaiting the explorer's arrival.

RAIN IN PROSPECT.

Indications of Approaching Showers This Afternoon.

Cloudy skies during the day and the weather bureau's prediction indicate wet weather in this city by tonight. Rain is not particularly needed in the farming districts, but in the city something is needed to cool off the atmosphere. Lightning and thunder have been in evidence from the west all during the day.

This morning the west was illumited by a rainbow, while in the south and east, there was hardly a sign of rain. The phenomenon created some little attention.

NEW ROAD CHARTERED.

Fort Worth, Mineral Welsl and Western to Be Built.

Texas News Service Special.

Austin, Tex., Sept. 13.—The Fort Worth, Mineral Wells and Western Railroad was chartered today with a capital of one hundred thousand, with Fort Worth as headquarters. The road will soon be extended to Roswell, N. M., operated by electric and gas motors.

COUNTY ATTORNEY IS ASSASSINATED

NEGRO GAMBLER KILLS OFFICER AS LATTER COMES TO RAID HIS DEN.

POSSE NOW IN PURSUIT

Feeling is Very High and Summary Vengeance Will Probably be Taken.

Texas News Service Special.

Newton, Texas, Sept. 13.—County Attorney A. K. Nicks was shot and killed last night by Tom Wilson, one of a party of negro gamblers, at Turpentine Camp, in the northern part of Sabine county last night, and today a determined possee is in pursuit of the black. Deputy Sheriff Sharver and Judge Nicks went out to the camp to raid the gambling den which was reported in operation there and Wilson, who was "look-out" for the gamblers shot and killed the attorney as he approached the rendezvous, a shot gun being used.

News of the crime traveled quickly and in a remarkably short tife a posse was in close pursuit of the fleeing murderer. He is believed to have crossed the Sabine river into Louisana but this will not save him if the porse can effect his capture.

The whites here are greatly incensed over the assassination and every possible means is being exerted to effect the negro's arrest.

CASES COME UP THURSDAY.

Red Light Charges Will Again Be Considered Then.

The cases against the habitues of the flat, which were thrown out of court last week on a technicality, have been set for next Thursday in the county court. Following the quashing of the former charges, new complaints were immediately followed and the alleged offenders will be prosecuted under them.

THREE NEGROES KILL WHITE MAN IN BRAZORIA COUNTY---POSSE PURSUING

Texas News Service Special.

Houston, Tex., Sept. 13.—Tuck Hardin, a wealthy merchant and farmer of Chenango, Brazoria County, was murdered late last night by three negroes, who had escaped from jail after they had overpowered the jailer at Angleton.

Citizen posses with hounds are pursuing through the bottoms Charles Delaney, Otto Corbin and Frank Gordon, wanted for the various crimes, and if they are captured, lynching is almost certain for Hardin's death.

The fugitives escaped when the jailer served them with supper. They overpowered him and secured his revolver and keys. They also took his Winchester from the office. News of the escape spread and Hardin armed himself. He trailed the trio to the river bottoms when he encountered the negroes in the wooded section, demanding their surrender. He was shot through the abdomen and died at 7 o'clock this morning at home before the Houston physicians arrived there.

The entire country side is enraged over Hardin's murder and with the almost certain capture of the negroes extreme punishment will be inflicted.

Hightower-Robinet.

E. M. Hightower and Mrs. Maud Robinet, both of Electra, were united in marriage this morning by County Judge Yeager. They will make their future home at Electra.

GALVESTON'S WILY SLEUTH.

Dresses Himself Like a Woman and Finds Sunday Law Violators.

Texas News Service Special.

Galveston, Tex., Sept. 13.—Dressed in a woman's attire a policemtn yesterday discovered the Galveston lid still off, despite the state rangers. He entered a supposed rooming house in the business district where liquor was being sold over the bar. Today, on the strength of the evidence the policeman obtained, J. J. McGinnis was arrested charged with violating the Baskin-McGregor law and was bound over to the grand jury on a bond of $500.

SUIT FOR DAMAGES.

Lee Simmons Sues Proprietor of Tent Show.

Suit was filed in the county court recently by Lee Simmons against C. H. McAdams, proprietor of the tent theatre which has been here for several weeks, for damages in the sum of one thousand dollars. This suit is the outcome of the runaway accident in which Mr. Simmons was recently injured, his horse becoming frightened at the band employed by Mr. McAdams.

ONLY ONE NATIVE WAS WITH PEARY AT POLE

By Associated Press.

Batle Harbor, Sept. 13.—From the details of Peary's dash for the Pole, gleaned from members of the expedition on board the Roosevelt it is learned that only Peary and one Eskimo, Eging Wah, reached the Pole. The others turned back on the March north ward. The Pole was reached April 6. Peary remained there thirty-four hours taking observations. The temperature was 32 degrees below Fahrenheit. Marvin was drowned on March 26, when 45 miles from Cape Columbus. The Eskimos saw the body floating in the lead. They saved his records and observations, but would not touch the body.

FOUND NOT GUILTY.

Chicago Board of Trades' Wire Tapping Charges Unsustained.

By Associated Press.

Pittsburg, Sept. 13.—E. B. Saylor, former Superintendent of the Western Union and A. W. Smith, a furnisher of stock quotations, were found not guilty today on a charge of conspiracy in connection with the wire tapping scandal prosecuted by the Chicago Board of Trade.

EIGHT SOULS SAVED AT M. E. CHURCH REVIVAL

The revival of the Methodist Episcopal church, South, began yesterday at the church, services being held in the morning and evening. Beginning today, the services will be held at the tabernacle.

Rev. E. N. Parrish,, who will conduct the revival, preached two sermons yesterday, his text being from John xv.11: These things have I spoken unto you that my joy might remain in you and that your joy might be full.

There were eight conversions and reclamations during the day, which gives the meeting a good start in its work. At both services the church was filled to its capacity.

BROKE RECORD AGAIN.

Eight-twenty Paid Today for Hogs at Fort Worth.

Texas News Service Special.

Fort Worth, Tex., Sept. 13.—For the eighth time in three months the price of hogs in the Fort Worth market broke the record today, leaping up to $8.20 per hundred weight. A week ago hogs made the new record of $8.10, which was thought would seldom be equalled again. Today's price breaks all previous records for the entire southwest. The market is on a boom and it is reported may reach $8.50 The high price hogs were receiving from Yukon, Oklahoma, by Armours.

FALL RIVER STRIKE.

Cotton Mill Operatives Demand Ten Per Cent Raise.

By Associated Press.

Fall River, Sept. 13.—One thousand weavers employed by the Fall River Iron Works Cotton Mills, struck for higher wages today. They demand ten per cent increase. Unless an agreement is reached, all departments will close, throwing five thousand out of employment.

PURCHASE OF NEW ENGINE IS FIXED

SELECTION WILL BE MADE FROM COMPETING FIRMS ON THE 28th OF SEPTEMBER.

MAY BUILD NEW STATION

Some Agitation For One More Centrally Located—To Retain Hose Wagon.

The city council this morning decided upon the purchase of the automobile fire engine, as recommended by the chamber of commerce and September 28th was set as the date for the final decision on the kind to be bought. This will give the representatives of all the concerns manufacturing these engines an opportunity to be on hand and present the merits of their respective machines.

The new engine will cost somewhere between six and eight thousand dollars and will be the latest thing in fire equipment. The company selling it to the city will send a representative here to install it and instruct the department in its operation.

There is some agitation for building a new fire station for the engine, as it is believed that the present location, in the city hall, is too far south and east to be convenient to the residence portion of the city. Owing to the expense, however, it is not probable that any change will be made at this time.

The present fire wagon will either be sold or placed in a fire station somewhere in the residence section. The latter course is favored, for, although there is no pressing necessity for it at present, it will be but a short time, at the present growth of the city, before it will be needed.

BRYAN AT DALLAS.

Will Make Many Speeches In Texas During This Week.

Texas News Service Special.

Dallas, Sept. 13.—W. J. Bryan reached Dallas from Houston early this morning, being entertained by his friends today. He will lecture at Waxahachie, a delegation accompanying hime there this afternoon. He will return here tomorrow to discuss the tariff at the opera house, then go to Fort Worth Tuesday night. Bryan, today talked on every subject except politics preferring to express his political views in his public addresses.

CHANGES IT'S NAME.

Farmers Bank is Now First State Bank of Dichita Falls.

The red tape necessary to be unwound in the changing of a state ban's name has been unraveled and the Farmers Bank and Trust Company is now the First State Bank of Wichita Falls, the papers having been filed with the secretary of state Saturday. It was almost as much trouble for a bank to change its name as it is for an old maid.

MAKE ANOTHER ATTEMPT.

Yeggmen Again Try to Break Into a Safe at Paris.

Texas News Service Special.

Paris, Tex., Sept. 13.—The second dynamiting of the money safe of the North Texas Iron Works in this month was attempted last night, but the yeggmen were unsuccessful. Three in the party were frightened by the approach of the watchman and escaped. A small amount of cash was obtained a month ago.

JUDGE ROBERT LOVETT TO SUCCEED HARRIMAN

By Associated Press.

New York, Sept. 13.—The board of directors of the Union Pacific today elected Judge Robert E. Lovett to be chairman of the executive committee, succeeding E. H. Harriman. William Rockefeller and Jacob H. Schiff were elected directors succeeding Henry Rogers and E. H. Harriman. They were also appointed members of the executive committee.

With marked privacy and without suggestion of ostentation, the remains of the departed financier were laid to rest near Arden yesterday afternoon. Less than forty invited guests attended. The funeral sermon was preached by Dr. Holmes C. McGuiness.

AMUSEMENTS

Coming to Wichita Falls after its phenominal five months Chicago engagement, the revised edition of "The Alaskan," for which credit is given to Richard Carroll and Gus Weinburg, two exceptionally clever producing comedians, the Wichita will throw open its doors Tuesday, Sept. 21. The entire book of this meritorious musical comedy has been gone over by Carroll and Weinburg, while several interpolations and catchy music—not forgetting half a dozen original songs—have been interpolated.

The present presenting company is quite strong and includes Richard F. Carroll, who will be welcomed as the author-actor-manager; Walsingham Watts; Gus Weinburg as Professor Knicklebein, he of the "Laughing Powder" fame; Detmar Poppen, so well and favorably known here for his good work in the "Sho Gun" and who now assumes the part of "Totem Pole Peto;" Lawrence Coever, last seen here as Paul in "The Tenderfoot," who has been allotted the part of Richard Atwater; Jack Rose as "Snowball," the bear, while the ladies include Jessie Stoner as Arlee Easton; Marion Hall as Mrs. Good Better Best; Etta Lockhart as Kuko, and an exceptionally large and comely chorus of well behaved Esquimo girls, society buds, Snowball and Hi Hi Hi girls, tourists and Alaskan miners, not forgetting the genuine Alaskan dogs and coyotes. Two 70 foot baggage cars are required to properly transport this large organization around the country.

Maesjic Changes Hands.

Mr. E. N. Avery has purchased from J. M. Harrison the Majestic theatre, and in order to thoroughly renovate and repaint the place will be closed for a short time.

Mr. Avery was formerly manager of Edward's vaudeville troupe, and is an experienced showman, and when the Majestic opens under the new management he promises to give the people of Wichita Falls the best that can be had in high class vaudeville and life motion pictures regarless of expense, he having arranged with Swor and Franklin Bros. booking agency for the best and most expensive performers on their circuit for the coming season.

Mr. Harrison wishes to thank the patrons of the Majestic for their liberal patronage during the past two years, and trusts they will continue the same under the new management.

Yours to please,
J. M. HARRISON,
E. N. AVERY, Prop.

CHRISTIAN REVIVAL IS ENDED--RESULTS GOOD

The Christian revival which has been in progress at the tabernacle for nearly four weeks came to and end last night, with Dr. Hamlin's sermon, "Excuses." One of the best crowds yet was in attenadnce and there was the same marked interest that has been noted throughout the revival. Dr. Hamlin delivered an exceptionally effective sermon, druing the course of which he took occasion to pay the Times some much-appreciated compliments.

The success of the revival has been substantial. It has lasted about three and one half weeks, during which time there have been seventy confessions of faith, to say nothing of the good that has been done others.

Rev. Hamlin now takes up his regular pastroate of the Christian church here and will hold regular services at the church hereafter, succeeding Rev. Bush. Leonard Dougherty, who has been conducting the singing for the meeting, goes to Bartlett to take part in a revival there, returning here later to assist Dr. Hamlin.

True Daughters of West Kill Coyote.

Kennewick, Wash.—Miss Marian Griffith and Miss Florine Bonn, two 14-year-old girls of White Bluffs, proved true daughters of the West when they clubbed to death a big coyote and carried their trophy home as testimony of their bravery.

The girls were strolling along the river near the Bonn ranch when the Griffith dog started from the sagegrass an unusually large coyote. With a fierceness rarely exhibited by his species the wolf attacked the dog and the two were soon rolling on the prairie in a deadly encounter. Seeing the plight of the faithful dog and calling her companion to her assistance, Miss Griffith armed herself with a stout club and rushed into the melee. Following the example of the other girl, Miss Bonn secured a cudgel and performed valiant service. The two brave lassies wielded their weapons with telling effect and soon dispatched the coyote.

With the carcass of their prey swinging between them, their nut-brown cheeks flushed with the excitement of battle and the old dog limping along behind, the plucky hunters arrived at the Bonn home, where they told the story of their novel experience.

Elsa Ryan and Her Baby Boy.

Seattle, Wash.—Although thousands of miles away from her home and baby, Elsa Ryan, staring in Clyde Fitch's play, "The Blue Mouse," is transported back to her child and home once each day.

All alone with her mother love and thoughts, Elsa Ryan goes to a ten-cent theater and pays the operator to run off several feet of moving picture film, showing the baby at paly on the lawn, in the house, with his toys, and in his mother's arms.

When the Shuberts asked Elsa Ryan to take the road in 'The Blue Mouse,' she refused, because she couldn't take baby along. And she declined to listen to the most tempting offers until the moving picture scheme was suggested as a compromise.

And now, at the hour when the theatre crowd has passed out, the little actress mother hires a ten-cent theatre. There all alone in the gloom, she sees projected on a white sheet a tiny object which, to her, is more than all the world.

EXHIBITS BEGIN.

Oregon State Fair Opens at Salem Today.

Salem, Ore., Sept. 14.—With a number of new buildings and enlarged facilities, the forty-eighth annual exhibition under the auspices of the Oregon State Board of Agriculture opened today under most favorable conditions and with very flattering prospects for the most successful State Fair ever held in the Northwest. Buildings and sheds are filled to overflowing with the choicest products of the stock farms, orchard, vineyard and field. The live stock display is the largest and best ever seen here, and the poultry show is also larger than in previous years. The races began today and will continue through the week.

NOTICE TO ADVERTISERS.

It is impossible for the Times to get display ads in the paper when they are not in the office by 9 a. m. Patrons of the paper will confer a favor and, at the same time, get better service by getting their ads in earlier than the hour above named.

WEATHER FORECAST.

For Wichita Falls and Vicinity —Tonight and Tuesday, partly cloudy weather and cooler. Showers tonight and Tuesday.

THE TIMES CORRECTED.

Iowa Park, Texas, Sept. 12.

The Wichita Times:

We feel you have been misled as to facts when your columns state that your cotton buyers have paid 12.25 for cotton and this is the highest price paid in Wichita county. Cotton sold on the streets of Iowa Park yesterday from 12.25 to 12.42½ and has brought as high as 12.60. These prices are made by buyers who pay cash and are not prices made by merchants collecting bad accounts. Respectfully,

CITIZEN.

While the Times has fixed ideas on the prohibition or local option question from which it cannot be shaken, it has no desire whatever to close its columns against the antis, and it will give just as much space in its columns to articles written by those who take the anti side of the question as it will to the pros, provided, of course, such articles are accompanied by names of the authors, which will not be divulged or published, unless so requested. There are two sides to this question, and it but right and proper it should be discussed.

Wichita Times: A good way for a man to get lynched would be to go by a school house whistling "Dear Old School Days."

Verily, yes, and morvover. Much like the case of the colored person the drummer bribed to pass down Peachtree street in Atlanta playing "Marching Through Georgia" on a mouth organ.—Dallas News.

The spiritualists who convened at Galveston Saturday evidently did not have a mononpoly on all the ghost-walking in Texas. Saturday is pay-roll day in Wichita's factories and the $pectre $talked a$ u$ual.

The citizens of a town named West have endorsed Bascom Thomas for lieutenant-governor. Merely to keep the record straight. The Times will state that West is not in West Texas.

From the way the other papers in this county are advertising Wichita Falls they will be sending in their bills to the Chamber of Commerce and demanding payment soon.

Lower rates for upper Pullman berths are being agitated. It will be all right to lower upper berth rates, if they don't upper lower berth rates at the same time.

One hundred thousand dollars worth of jewels were stolen in Pittsburg recently. There certainly is some class to a robbery likt that, even in Pittsburg.

Taft has timed his trip with a nicety. He will reach Texas just about the time that opossums are ripe.

Look near the bottom of the third column on the front page of Saturday's Times and then dare the census man to give us less than ten thousand next year.

Go to all the County and State fairs this fall and enjoy yourself, but don't forget that the best and biggest of all will take place at Wichita Falls next year.

It's getting to that every time a big position is open, a Texas man is suggested to fill it. And this includes the vacancy in the White House in 1913.

The Times stated Saturday that the running of the cars was a matter of minutes. Correct; we didin't say how many minutes.

In a local restaurant yesterday a man eating Texas oysters sat next a man eating Texas watermelon. Come to Texas.

We suppose the next thing in order is a dispute over who takes the first street car ride in Wichita Falls.

Peary notified the navy department that he had heard about it.

BEGINS TRIP TUESDAY.

President Starts Tomorrow on His Tour of United States.

By Associated Press.

Beverly, Sept. 13.—When President Taft motors into Boston Tuesday afternoon to be the dinner guest of the Chamber of Commerce he will have actually started on one of the most notable trips ever taken by a Chief Magistrate of the United States. After spending the night at a hotel in Boston, the President will eave at 10 a. m. Wednesday on the first stage of his long journey, the first stopping place being Chicago, where Mr. Taft will be entertained part of the day by the Commercial Club and the remainder of the day by the Hamilton Club.

Leading through thirty states and both of the far Southwestern territories, the President's trip will reach its climax at El Paso, Tex., on Oct. 16, where he will meet President Diaz of Mexico. The meeting will be surrounded with all the pomp and dignity which such a rare ocacsion demands and after Mr. Taft has formally received President Diaz at El Paso he will cross the international border to Cuidad Juarez, officially to return the call of the Executive of the Southern Republic. During the evening of the 16th, Mr. Taft will be entertained at a state dinner on Mexican soil. President Diaz will be entertained at luncheon in El Paso.

The Olive Habit

Some people, possibly you, have to learn to like olives The taste of the olive does not appeal to every one at first but its taste everyone ought to learn to like for its a very wholesome food. So far as we know there never was a person with whom olives did not agree and that's more than can be said for some other foods. We have a fresh lot of fancy bottles olives, just now that we can sell at 12½c, 35c, 65c and 7lc. They are the largest and best kind and the quality is perfect.

Making Cold Vegetables Attractive

Do warmed vegetables ever go begging at your table? Supposeyou serve them without warming over—save time and fuel. Get a bottle of our Yacht Club salad dressing at 35c per 10-oz bottle and put the potatoes, peas, beans, corn or tomatoes, etc., all in one dish together (leave out any juice or gravy that may be on any of them) and after chopping up and mixing well stir in a generous supply of the salad dressing. It will improve to add some good olive oil. Monarch is a good one at 40c per pint bottle. This dish will not go begging.

TEACHES FARMERS MODERN SYSTEM

PROVES SEED SELECTION AND DOUBLE PLOWING ARE PROFITABLE.

MADE WEALTH ON FARM

Two Hundred Wichita Planters Following Work Mapped Out By J. L. McConkey.

Archer City, Texas, Sept 11.—The value of intensive methods in agriculture is having a concrete and effective demonstration up in the Little Wichita country, comprising portions of Clay, Archer and Wichita counties. By correct method the farmers of that section under the supervision of a practical and experienced expert in the employ of the United States department of agriculture are demonstrating for themselves the results and benefits of the so-called advanced methods in crop production.

This work is under the supervision of J. L. McConkey, a farmer who has lived and worked in the Little Wichita country for more than twenty years. More than 200 farmers are engaged in the demonstration work, each farmer having a small experiment or demonstration station on his farm.

The work is the outgrowth of a campaign inaugurated last winter by the Wichita Falls Chamber of Commerce. State Agent Quicksall, who has charge of the federal government's bureau of plant industry in Texas, was invited to come to Wichita Falls to advise in some such movement. Mr. Quicksall and Secretary Gohlke of the Chamber of Commerce, with others, made a week's tour of that section holding meetings with the farmers.

Interest was aroused and many of them volunteered to plant experiment patches in corn and cotton with seed furnished by the Chamber of Commerce. Then, under the direction of Mr. McConkey, the ground was broken deep, the seed bed thoroughly pulverized and planted with select seed of cotton and corn peculiarly adapted to the soil and climate of that section. When other seed on the ground not so well prepared lay dormant in the ground the seed planted on the demonstration tracts germinated and the plants grew and flourished. In the suceeding months when the drouths came the crops on the experiment tracts held their own, while those in fields adjoining were blasted under the scorching sun. This progress was noted throughout the entire season and the results speak for themselves in the larger yields on the demonstration tracts.

It is not to be inferred that the work stopped with the preparation of and planting of the seed. Every ten the seed beds and with the selection days or two weeks, Mr. McConkey made the rounds of the demonstration tracts encouraging the farmers with helpful suggestions in the cultivation of the crops and his suggestions were followed out with a spirit which brought success.

At first there were a few skeptics who said the old way was good enough for them, but today that kind of farmer is a considerable minority in the Little Wichita country, for which too much credit cannot be given to the demonstration work undertaken during the past summer.

The success attendant upon the experiment this season under rather adverse conditions in encouragement for the continuance of the work next season. Plans are already being made to that end.

J. L. McConkey, who is the leader in this work, is a man fitted by experience for the task. He came to Wichita Falls some twenty years ago from Missouri with less money than it takes to buy a meal ticket. Today he is rated at $50,000; is manager of the Farmers' Union Gin and Warehouse Company at Wichita Falls, a corporation which last January declared a 50 per cent dividend, and is a member of the executive committee of the Texas Farmers' Union. He is a business man in the broadest sense of the term and is one of the leaders in the development of the Wichita country.

When he began farming in the Wichita country he noted early that by a process of seed selection, followed through a period of years, that he could produce corn of almost any size or color he desired. This was before he made a trip to College Station and found that the agricultural experts there were doing the same thing.

He also discovered that by plowing in the fall and replowing in the spring and by constant, thorough cultivation his crop would resist the dry weather and that he could produce a fair yield when the dry weather dried up his neighborss' crops. If there has been any secret in McConkey's success as a farmer, the application of the observations made in his own fields have been that secret.

These 200 farmers who have volunteered in the demonstration work are seeing the same results worked out in their own fields and the lesson of intelligent methods in agriculture is being forced home to the concrete jingle of concrete dollars in their own pockets.

MALARIAL DISEASES.

How to Avoid Them and the Serious Consequences of Neglect.

"Fix me up something to knock the malaria, doctor," remarked a sallow-faced, sickly looking man, entering a prominent physician's office the other day.

The doctor stepped to his medicine case, took down a couple of bottles, mixed a preparation which he handed to the patient with the customary advice to 'shake well and follow directions,' and resumed his seat.

"Such cases are frequent," replied the doctor in answer to a question. "The warm days and damp, chilly nights are certain malaria breeders and are most serious in those who have neglected to keep their stomach, liver and bowels in good condition. Such persons are full of the impurities on which the malarial germ thrives, and it is from this class that typhoid fever, pneumonia, Bright's Disease, small pox and yellow fever claim most of their victims whenever these diseases are prevalent.

The proper way to guard against the malarial germ and the serious diseases which follow it is to get into good condition by taking a reliable remedy that will keep the bowels clear and the liver healthy, and to continue with it at frequent intervals during the sickly season.

A dose of Prickly Ash Bitters three or four times a week will do all of this, besides stimulating the digestion, improving the appetite and keeping the bodily energy at the highest pitch.

Prickly Ash Bitters is known everywhere as a system tonic and bowel regulator. It not only removes all traces of malarial poison from the system, but tones up the vital organs, gives new strength and vigor, makes the body strong and the brain active.

"Prickly Ash Bitters is the best all-around medicine for the family I ever used. During the past ten years I have always kept it in my house. Whenever any of my family show signs of malaria, kidney trouble, indigestion or constipation a few doses is all that is needed to make them well and hearty again.—W. H. McWILLIAMS, Pickering, La.

We are Going to Give Twenty-six People an Opportunity to Own Their Own Homes by Paying a Small Cash Payment Down and Payments Monthly Without Interest

The Wichita Development Company owns twenty six modern bungalows on Burnett, Bluff and Austin Sts., between Third and Sixth Sts., which we have induced them to allow us to sell on easy terms, *Without Interest or Taxes*, and on which they will carry the insurance until forty-eight monthly payments have been made.

These houses are well built; have concrete foundations; all chimneys built from the ground, and are all pleasing in appearance. They are close in, the property beginning six blocks from the First National Bank. The ground is the highest of any portion of Wichita Falls which lies in the valley, as shown by the statement of City Engineer, Hinckley, which appears in this advertisement. Cement sidewalks are laid over nearly all the property, and every house has a sewer running down alley in rear. The Gas Company has laid its mains down the streets. Each house is connected with city water. Free mail delivery and a school house within two blocks of the farthest house are among the advantages. The soil is deep and fertile and trees and lawns can be grown better than in most parts of the city. When these houses have been sold, as they will be, under these extraordinary terms, and the property is occupied by owners, who will be interested in its development, property values will double.

These houses are practically new, and rent from $15 to $20 per month, and at that, are the cheapest rentals in the city. On a house renting for $15 you double the rent for 48 months and own the house without payment of interest, taxes or insurance, by paying a cash payment down of but $100.00. On a house renting for $20 per month you pay a larger cash payment but add only $10 per month to your rental.

A buys the first house listed, he pays, in cash,...	$100.00	48 month's rent saved at $15 per month.....	$720.00
He pays 48 payments of $27 each	1,296 00	Net cost of house.....	$676.00
Total cost.....	$1,396 00		

It is reasonable to suppose that with the growth of Wichita Falls the value of the property will have increased to $2000.00, in which event the purchaser will have made a net profit of $1324.00 on his investment.

Wichita Falls, Texas, Sept. 2, 1909.

The Wichita Development Co.,
Wichita Falls, Texas.

Gentlemen:

This is to certify that the property owned by your company, Blocks Numbers 121, 122, 123, 144, 145, 220, and 241 has an altitude of from 958 to 960 feet. The altitude of that portion of the city lying between Seventh St. and the Wichita Valley Ry., from North to South and between Lamar St. and Michigan Ave., from East to West, ranges from 951 to 957 feet; in other words, the property owned by your Company is from one to eight feet higher than any portion of the city, excepting such as is on the hill. Eor example, the altitude of Burnett and Third St. on your property is 960 feet. On the corner of 12th and Scott, which is in a good residence section of town, the altitude is 951 ft; consequently, should the city ever be inundated, the water would be 9 ft. in depth at the corner of Scott and 12th before it would begin to cover your property at Burnett and Third.

(Signed) L. C. Hinckley, City Engineer.

PRESIDENT DINED.

Boston to Banquet Taft Upon His Visit There.

Boston, Mass., Sept. 14.—The Boston Chamber of Commerce announced today the completion of all arrangements for the great banquet to be given tomorrow night in honor of President Taft. The address of the President will be the first of the series he will deliver on his long trip to the Pacific coast and back to Washington.

Mechanics building, the largest hall in New England, has been engaged for the banquet. About 1900 persons will dine with the President and seats for 1000 spectators have been provided in the gallery. Prior to the diner a reception will be held in the main exhibitioin hall.

Besides the addresses of the President, it is expected there will be brief speeches by Governor Draper of Massachusetts, Mayor Hibbard of Bos'on and President Storrow of the Chamber of Commerce.

In the list of invited guests are Government officials in Washington, New England members of congress, representatives of the United States and Massachusetts courts, presidents of local universities and colleges, distinguished clergymen and the presidents of commercial organizations in many parts of the country.

TO ALL WHOM IT MAY CONCERN:

I, Fred Mahaffey, have disposed of my electrical business to Will C. AMERICAN BANKERS.

Financiers Gather in Chicago in Thirty Fifth Convention.

Chicago, Sept. 13.—The influx of the leading bankers of the United States coming to this city to attend the Thirty-fifth Annual Convention of the American Bankers' Association, began in earnest today, and by tomorrow morning it is expected all of the delegates will have arrived. The leading hotels are thronged with the visitors, and it is estimated that the visiting bankers and their ladies will number close to 5,000.

Committee meetings and a session of the executive committee were held today to complete the final arrangements for the convention. The regular sessions of the association will begin in the Auditorium tomorrow morning and will continue until Friday, when officers for the ensuing year will be chosen.

Joseph G. Cannon, Speaker of the House of Representatives; President James J. Hill, of the Great Northern Railroad, and Lawrence O. Murray, Comptroller of the Currency, are to be the chief speakers.
