Mexican Rebel Leader Slain By Troops

Cedillo Had Been Fugitive Since Revolt Was Quelled

MEXICO CITY, Jan. 12 (AP)—The war department announced today that General Saturnino Cedillo, agrarian leader who headed an unsuccessful revolt against the government last spring, was slain in battle with federal troops yesterday.

Since his revolt was quelled last May Cedillo had been a fugitive

in San Luis Potosi, in which state he was almost all-powerful before President Lazaro Cardenas moved his army against him.

Brigadier General Henriquez Guzman, military commander in San Luis Potosi, reported to the government that Cedillo's body, "fully identified," was found on the battlefield after a government column had dispersed a band personally commanded by the rebel leader.

The clash occurred near La Ventana, in San Luis Potosi, and Guzman reported that the outlaws fled after 35 minutes of firing, leaving three dead and one prisoner.

Cedillo, a Mexican Indian of about 46, had taken part in Mexico's wars since the revolution against the dictator Porfirio Diaz nearly three decades ago.

"Land for the landless" had been his battle cry. He became political dictator of San Luis Potosi and secretary of agriculture under Cardenas, but resigned the latter post after a break with the president in 1937 over agrarian policies.

The government has had several thousand troops in San Luis Potosi since the Cedillo revolt was driven into the hills. The war department ordered Guzman to send the body to Cedillo's family at his famous ranch, Las Palomas, where he raised the standard of revolt last year.

SCHOOL CLOSING IS SET BACK TO MAKE UP FOR LOST TIME

By a decision of trustees and teachers on a schedule to be followed in making up a week's work lost by an extended Christmas holiday, Big Spring schools will close on Saturday, May 27, this year.

Announcement of the date was made by Supt. W. C. Blankenship following a teachers' meeting. The closing day had been fixed for Wednesday, May 24, and the later date will give three days additional to make up for the lost time.

The Christmas holiday was extended a week because of repairs being done at the high school building.

FUND PROVIDES FOR 3,000 ADDITIONAL MILITARY PLANES

Sum, By Far The Largest In Peace Time, Divided Between Army, Navy

WASHINGTON, Jan. 12 (AP)—President Roosevelt asked congress today for an immediate appropriation of \$525,000,000 as the "minimum of requirements" for bulwarking the nation's defense against the "possibilities of present offense against us."

In a special message the president requested that the \$525,000,000 be appropriated at once to be divided between the army and navy.

The fund would include \$300,000,000 for a minimum increase of 3,000 in army plane strength.

He also asked for another \$27,000,000 to provide an adequate "peace garrison for the Panama Canal," of which \$5,000,000 would be for immediate use to begin necessary housing construction.

The total request, all of which would not be spent in one year, would boost the new budget for defense to \$1,661,558,000, largest by far of any peace-time outlay.

The minimum "Devoid of all hysteria," the president said, "this program is but the minimum of requirements."

"I trust, therefore, that the congress will quickly act on this emergency program for the strengthening of the defense of the United States."

Mr. Roosevelt said that after entry into the World War the United States "had more than a year of absolute peace at home without any threat of attack on this continent" to prepare its fighting forces.

"Calling attention to these facts," the president said, "does not remotely intimate that the congress or the president have any thought of taking part in any other war on European soil, but it does show that in 1917 we were not ready to conduct large-scale land or air operations."

"Relatively we are not much more ready to do so today than we were then—and we cannot guarantee a long period free from attack in which we could prepare."

Of the \$525,000,000 the president asked that \$450,000,000 be allocated for new needs of the army, \$65,000,000 for new requirements of the navy, and \$10,000,000 for training civil air pilots.

The \$300,000,000 of the army fund should provide a minimum increase of 3,000 planes, he said, adding it was hoped that orders placed on a large scale will "materially reduce the unit cost and actually provide many more planes."

(The present authorized plane strength for the army is 2,320. Mr. Roosevelt did not indicate whether the proposed 3,000 plane increase would consist entirely of fighting planes, or include also training and other types. He said details would be submitted to the appropriate committees by the war and navy departments.)

Of the \$150,000,000 balance for the navy, \$110,000,000 would go for "critical items" of equipment such as anti-aircraft artillery, semi-

FOUR ARE BURNED AS KEROSENE EXPLODES

NACOGDOCHES, Jan. 12 (AP)—

Four members of a Jamesville farm family were burned critically to death when kerosene used to build a fire exploded.

Flames were thrown on Lynn J. Pleasant, 26, the father; Lillian Ruth, 7, and Tommy Gene Pleasant, one year old. Mrs. Pleasant was burned seriously when she rushed in to the room to help her husband fight the blaze. They were brought to a hospital here.

Pleasant threw the baby on a featherbed when the fuel exploded. The flames burning the child's clothes caught the bed afire. Lillian Ruth, burned from head to foot, was in the most critical condition.

TRUCKER KILLED
NOCONA, Jan. 12 (AP)—Jack Zahn of Saint Joe was killed last night when his gasoline truck turned over west of his home town. Bob Aldridge, a passenger in the truck, was not seriously hurt.

Personnel of his committee will be Cliff Wiley, G. H. Hayward, H. E. Howie, C. S. Blomfield, T. W. Ashley, O. R. Bolinger, Bernard Fisher, R. T. Piner, R. S. Currie, L. S. McDowell, R. L. Cook, Dr. M. H. Bennett, and Dr. E. O. Ellington.

G. C. Dunham, chairman of the highway committee, completed his appointments with Ben Cole, R. L. Cook, J. L. LeBlanc, Joyce Fisher, Joe Edwards, T. S. Currie, Cliff Wiley, George White, A. S. Dabney, Steve Phillips, Charles Sullivan, H. E. Clay and Victor Mellinger as members.

The tourist development committee, headed by Dan Hudson, included J. C. Douglas, Cecil Westerman, R. W. Whippley, T. E. Jordan, L. E. Coleman, R. R. McEwen, W. G. Hayden, Grover Dunham, A. Sheets, J. Y. Robb, Harold Homan, L. L. Guiley and L. A. Eubanks.

R. W. Whippley, chairman of the publicity committee, had Joseph Hayden, Joe Finkle and E. K. L. Rice as members of his group. Cal Boykin, president, announced the appointment of an executive committee composed of Joe B. Harrison, V. A. Merrick, R. F. Schornerhorn, Ted Grobel and Dr. P. W. Malone. Boykin serves as an ex-officio member of all committees.

NO SPECIAL NUMBERS

Through the omission of one word, the impression was created in a story in Wednesday's Herald that the office of Tax Collector John F. Wolcott would issue special numbers to motorists this year. It has not and is not the policy of the office of the tax collector to give special numbers and none will, he said. He issued this year, Wolcott said, all numbers will be issued strictly in order.

Frankfurter's Nomination Advanced

Subcommittee OK's Him After He Gives Testimony

WASHINGTON, Jan. 12 (AP)—Felix Frankfurter's nomination for the supreme court was approved today by a senate judiciary subcommittee.

The nomination now goes to the full judiciary committee for expected action within a few days. The senate then will pass on it.

Frankfurter, liberal Harvard law professor was named to succeed the late Benjamin Cardozo.

The committee approval came after Frankfurter had just appeared in person before the senate subcommittee.

Senator Borah (R-Idaho), first of the subcommittee members to leave the executive session, said the vote approving Frankfurter was unanimous. Senator McCarran (D-Nev) did not attend the executive session, although he was present earlier in the day and questioned Frankfurter.

The nominee testified that he had supported the rights of Ku Klux Klan members and Nazi sympathizers to enjoy constitutional guarantees of free speech and free assembly.

The 56-year-old Harvard law professor outlined his connection with the American Civil Liberties Union and said he consistently had insisted that all should receive equal rights under the constitution.

Frequently lifting a long forefinger to emphasize a point, Frankfurter said the union frequently had consulted him on "major issues."

Under questioning by Senator Borah (R-Ida) he continued:

"Some time ago a question arose when members of the Ku Klux Klan attempted to hold a mass meeting and parade in my neighboring city of Boston and the officials sought to stop them."

"I said of course they were entitled to the right of free speech and the right of assembly."

"Civil liberties mean liberties for those we like and those we don't like or even detest."

The witness, speaking in a low voice into a battery of microphones, said that when the Nazi government rose to power in Germany there was a question whether the ACLU should give its aid to those professing allegiance to the Nazi regime.

"In several cities Nazi meetings were proposed," he continued, "I was quite clear about it—I said that so long as Nazis or non-Nazis claim their rights under the constitution it made no difference to the purposes of the union."

"It doesn't matter whether the constitution is invoked for ends I like or ends I don't like, so long as those who invoke it keep within the framework of the constitution."

TRINITY RIVER ON RISE AFTER RAINS

LIBERTY, Jan. 11 (AP)—Residents of this Southeast Texas town watched the Trinity river overflow its banks today as it rose slowly as the result of heavy rains in this section.

The 7.4 inches precipitation of Tuesday night brought a rise of more than a foot and a half as the river swelled above the six-foot mark last night with the current showing a steady increase. United States Weather Observer T. E. Lewis said the river threat would remain doubtful for 24 to 36 hours.

Hundreds of acres of land were under water in the Trinity lowlands south of here with water three feet deep in some places.

No livestock losses have yet been reported, however.

MRS. H. A. MAYER DIES IN HOSPITAL

Mrs. H. A. Mayer, 304 Benton street, died at 12:15 p. m. Thursday at a local hospital.

She was taken to the hospital when taken critically ill a few days ago.

Arrangements were pending the arrival of a son from Kermitt.

TO THE SUPERSTITIOUS: WATCH TOMORROW; ITS FRIDAY, 13TH

By MARY WHALEY

Do you cross your fingers, go clear out of your way to walk around a ladder, and turn back if a black cat crosses your path? If you do, then get in trim for a bad day tomorrow. It is not just an ordinary Friday, but Friday, the 13th.

There is only one way, some folks think, to get through this day and that is to go to bed and stay there. Well, then, the pessimist will tell you that the roof may fall in, or some other catastrophe will happen.

If you are a worrier, there is only one ray of hope and that is there will be only one more Fri-

Citing Need Of Purge In WPA Rolls, House Committee Stands By Appropriations Slash

WASHINGTON, Jan. 12 (AP)—The house appropriations committee, contending that WPA rolls carry "thousands neither rightfully nor justifiably thereon," formally recommended today a \$725,000,000 appropriation to keep the relief agency going until June 30.

The full committee thus went along with a subcommittee in a revolt against the administration's spending program.

President Roosevelt had asked \$875,000,000 for WPA but that figure, the committee said, "pre-sages a continued degree of unemployment out of harmony with general recovery indications."

Four republican committee-men, asserting that "a national scandal requires immediate action," went even farther. They said in a minority report that funds should be appropriated now only to keep WPA operating until April 7.

By that date, they added, there should be a basis for future conduct of relief activities, "re-vamped and revised."

"The minority," they said, "condemns the administration of relief which stands charged with waste and extravagance, with the scandalous use for political purposes of money appropriated for those in need, and with the fostering of subversive propaganda against the government itself."

They added, however, that they realized that the "unfortunate mal-adjustment of relief funds" should not be used as a penalty on those in distress at this time.

Representative Woodrum (D-Va) opened debate by contending WPA could drop 500,000 from its rolls in the next five months because it expects private employment to increase by 1,500,000.

House leaders had arranged for debate to continue until tomorrow afternoon and said they would push the measure to passage by tomorrow night.

Woodrum, in charge of the relief bill in the house, said he had recognized the necessity of meeting relief needs and stimulating recovery, "but I have never subscribed to that school of thought that lavish public spending was sound business judgment or the way to economic stability."

Religious Songs

The choral section of the Music Study club entertained members and guests with a concert of religious and secular songs Wednesday evening at the Settles hotel.

The choral group was under direction of Mrs. G. C. Schurman, accompanied by Mrs. J. H. Kirkpatrick.

Mrs. G. H. Wood was in charge of the program for the evening and Mrs. Bill Dawes spoke on the history of the origin and growth of music.

Mrs. Harry Hunt, president of the club, opened the meeting and welcomed the guests. Each member was entitled to bring one guest.

Club Colors Used

Mrs. Ann Gibson Houser, president of the 9th District of Federated Music clubs, presided at the tea table. The club colors of green and gold were carried out in the appointments and refreshments.

Mrs. Houser was assisted by the social committee composed of Mrs.

H. G. Keaton, Mrs. R. P. Kountz and Mrs. V. H. Flewellen.

The musical program consisted of the "Doxology," sung by the entire gathering; "Holy, Holy, Holy," and the "Prayer to Largo" from Handel's opera "Xerxes." The male chorus sang "Calvary" by Rodney and solo parts were given by Bill Dawes and H. G. Keaton.

Women's Chorus

The choral section sang "Thanks Be to God" by Lucas and a women's three-part chorus gave "The Holy City" from the oratorio by Gounod. "Hark, Hark, My Soul," an anthem by Shelley, was given by the group with solos by Mrs. Keaton, Mrs. Bernard Lamun and Mrs. V. H. Flewellen.

The concluding number was the "Bells of St. Mary's," by Emmett Adams.

The choral section was composed of Miss Beatrice Peck, A. M. Lumbing, Mrs. Bernard Lamun, Mrs. Flewellen, Mrs. L. A. Eubanks, Mrs. Ann Gibson Houser, Mrs. H. Gibson, Mrs. Lillian Gilmer, Miss Ima Deason, Miss Juanita

It's Good For The Figure As Well As The Budget
To Start Cutting Down On Food After Holidays

Florida Nightcap, a cooling, frothy grapefruit-juice eggnog that's fine for stomachs that have been over-feasted

It's good for the figure as well as the budget to start cutting down on food when the holidays are over. You should eat enough to keep up your vitality, but not too much.

A long walk every day, regardless of the weather, won't be a bad idea, and you ought to drink at least eight glasses of water a day.

A good starter is to drink the juice of a lemon squeezed into a man-sized glass of hot water as soon as you get up.

Fruit Combinations

Your breakfast should be adequate, but carefully chosen. For instance, doubles in fruits will give zest to the day's first meal.

Try a combination of stewed prunes and pineapple juice, or half a grapefruit and a glass of orange juice, or fruit sauces, slightly sweetened and a generous glass of cranberry, apple or prune juice.

Between-Meals Snacks

Follow the fruits with eggs and toast (lightly buttered). Omit cereal with sugar and cream for a while. If you must have cream and sugar in your coffee, use them sparingly.

To satisfy that old demon, between-meals appetite, reach for a glass of buttermilk, sweet milk,

unsweetened fruit juices or a fresh apple or pear. Between-meal snacks really are necessary during this cutting down period.

For lunch you can have a large bowl of soup. If it's a thick cream soup, forego crackers but you can have a few of them or some toast if the soup is the clear or vegetable. A big salad is a must. Have it fruit or vegetable with French dressing. Tuna can stand a small amount of boiled salad dressing. For the beverage, select buttermilk, milk or tea with lemon.

For dinner, you really need not

feel cramped. You can eat almost anything, except, of course, rich heavy desserts. But do not indulge in seconds.

Lean meats, fish and fowl are preferred to the fat meats. Vegetables lightly seasoned are better than those hidden under rich sauces. You can even have a little jam on your bread or gravy on your potatoes. Better choose between bread or potatoes. One or the other is enough.

Another Salad

Since salads contain valuable toning up ingredients and are very filling add one also to the dinner menu. A large green salad is best. Or sliced tomatoes and cucumbers are refreshing.

Dessert can be fresh or canned fruits, gelatin made from fruit juices, custards or a tiny sliver of cake or pie. But never any rich sauces or whipped cream.

Then if that empty feeling turns up before bedtime, remember to cater to it with a glass of fruit juice or some fresh fruit.

After three days your willpower will be so strong that it can withstand almost any culinary temptation. You will feel better and the loss of pounds will quicken your step and brighten your eye.

West Texans Trio
To Sing In Austin
Before Notables

Members of the West Texans trio of Big Spring received quite an honor this week when they were asked to sing in Austin January 19 at the installation of State Land Commissioner Bascom Giles as pontificate of the Austin Shrine Temple.

The trio, which is composed of Ruby Bell, Mrs. R. E. Blount and Mrs. Willard Read, was asked by Giles at the chamber of commerce meeting in Wichita Falls to sing at his state installation but due to illness he accepted the office officially while still in bed.

This week he asked the girls to sing at the Shrine installation and stated that they would sing before the governor, senators, Imperial Potentate of the United States and other notables before returning home. They accepted the invitation and plan to leave here the morning of January 19.

Donald Collier, son of John Collier, commissioner of Indian affairs, is living with western tribes and doing research work for a doctor's degree in anthropology.

Mrs. Sneed Hostess
To Idle Art Club;
Plan Next Meeting

Mrs. Fletcher Sneed was hostess to the Idle Art Bridge club when it met yesterday afternoon and guests included Mrs. W. D. Scott, Mrs. Franklin Nugent and Mrs. H. C. Hamilton.

Miss Evelyn Merrill received high score. Mrs. Kelly Burns had bling and Vesp Lowndes Henshaw received low score.

Mrs. Searcy Whaley will be hostess to the club at the next meeting Jan. 26.

Others present were Mrs. Glenn Queen, Mrs. Ray McManan, Mrs. Maxine Reigle and Mrs. Hugh Willis Dunnagan.

Sew Awhile Club Meets
With Mrs. Leo Harg

Sew Awhile club members met with Mrs. Leo Harg for an afternoon of chatting and sewing.

Refreshments were served to Mrs. Briggs, who was a guest, and Mrs. Melvin King, Mrs. Lige Brotherton, Mrs. Rupert Wilson, Mrs. Charlie Pinkston, Mrs. Owen Faught, Mrs. Don Mason and Mrs. Joe Howell. Mrs. Faught is to be the next hostess.

Scot's Outlook Is Dark But He Carries On

Pitt Coach Is Still The Most Popular Grid Mentor

By BREW MIDDLETON

NEW YORK, Jan. 12 (AP)—Win, lose or draw, the most celebrated college football coach in the country is Dr. John Bain Sutherland of Pittsburgh.

Currently his prospects are being darkened by athletic reform but he is confident that, "whatever our record, I shall have the satisfaction of helping my young men and working with them."

The doctor is the kind of fellow who after a great victory goes back to the hotel to see if his boys are well covered up for the night. He has, beneath layers of Scotch

pride in personal achievement and Scotch reticence, a love for the boys he coaches and the game they play.

He is happy he will direct the eastern all stars but he makes no secret of the fact he expects a mediocre year at Pittsburgh.

"We lose ten of 11 very fine young men. Our schedule opens with the University of Washington. Then we have West Virginia and Duquesne. We have no regular training table. Our early practice will be sketchy because of faculty limitations and our material is below par. The new plan of athletics at Pitt has been in for three years and we feel it."

He referred to the Code Bowman, sponsored by John G. Bowman, chancellor of the university, which has cut athletic scholarships and is slowly pushing Pitt toward athletic mediocrity.

"I expect Wallace Wade's Duke team to beat us by four or five touchdowns. We have some good freshmen but not enough, although one boy, Jones, a back, will do well. He is the best passer we have had since Warren Heller."

WILLIAMS ADDS RBI RECORD TO HIS AA REIGN

CHICAGO, Jan. 12 (AP)—The American association statistics on runs batted in during the 1938 season, released today, add a final clincher to Ted Williams' claim on every major batting championship for the campaign.

The sensational young Minneapolis outfielder, property of the Boston Red Sox, drove in more runs than anyone else in the circuit—this accomplishment going hand in hand with his league-leading batting average and his leadership in total bases, home runs and runs scored. Williams batted .368, hit for 370 total bases, scored 130 runs and hit 42 homers.

Williams, in his only year in the association, slammed home 142 runs, 23 more than the total batted in by the runner-up in this department, Joe Gallagher of Kansas City. In third place, with 114 runs driven in, was Olie Bjelma of St. Paul.

FORSAN DEFENDING CHAMP—Coahoma Cage Meet Scheduled Jan. 20

COAHOMA, Jan. 12—Coahoma's third annual invitational basketball tournament, scheduled Jan. 20-21, will attract at least 20 P.S.A.A. boys' teams as well as several other leading aggregations of this sector.

Besides Forsan, defending champion and a favorite to cop the honors again; Klondike, a powerful aggregation from Dawson county; Westbrook, a team that recently captured third place in the Sterling City meeting; Garden City, Moore, Garner, Ackerly and Coahoma are association quints that will try for the honors.

Coach Lloyd Devan, promoting the meeting, hopes to have eight boys and eight girls teams on hand for the tourney but indicated that as many as 12 boys quints may compete for the laurels.

Highland has already sent notice of entry.

Girls' teams of Forsan, Klondike, Westbrook, Garden City, Moore, Valley View and Coahoma will compete in that division of play. Both the girls' and boys' teams of Forsan sacked up championship honors in last year's meeting, the girls trimming Coahoma while the

boys were disposing of Ackerly. Two years ago Klondike was champion in boys' play while girls' honors went to Courtney. Coahoma girls have been runnersup the past two years.

Preliminaries will get underway Friday, 1 p. m., with the boys' championship game due Saturday at 8 p. m.

Carl Hubbell On The Air

"King" Carl Hubbell, renowned pitcher of the New York Giants, will make his first appearance before a microphone when he is interviewed Friday evening by Soes Vratil, sportscaster at KFJZ, Fort Worth, the interesting interview scheduled to be heard over station KEST from 6:35 to 6:45 o'clock.

Hubbell will discuss the coming baseball season, and in all probability, will enlighten his thousands of followers as to the condition of his pitching arm—operated upon at the end of last season.

One of the Texas State Network's newest programs, "Lonely Nights," is heard on KEST tonight at 9:45 o'clock. This Tuesday and Thursday night program features Tanya—colle singer of "torch" songs. A program of vocal interpretations accompanied by muted trumpet, clarinet, guitar, and organ. A "dreamy" bedtime program designed for meditation that makes a fine "night-cap" program.

Early mid-afternoon "dialers" on 1500 kilocycles are offered the unique Mutual feature, "The Johnson Family," with Jimmie Scribner. "The Johnson Family," conceded to be "radio's greatest one-man show," brings to KEST listeners each week-day afternoon at 4:15 a realistic dramatization of life in one of the small colored communities of the Deep South. Jimmie Scribner portrays all characters and produces all sound-effects as well as writing and presenting "radio's greatest one-man show"—"The Johnson Family."

The "Modern Robin Hood" who sets out to expose racketeering and crime, better known to KEST listeners as "The Green Hornet," forages forth tonight, at 7 from the Mutual network. Tonight's half-hour adventure is titled, "The Maak and Wig Fraud." "The Green Hornet" is a twice weekly program heard each Tuesday and Thursday night at 7 o'clock.

Ralph Guldahl's ability to repeat in the open or take the pro crown, but the odds are greatly against any player making it three in a row and in match play Ralph has yet to prove supremacy.

Both the youngsters and the veterans will have it added incentive of winning a place on the 1939 Ryder Cup team, which will meet the British in this country. The battle for places which began during 1938 will grow hotter during 1939. The dates and site of the international matches will be announced in the near future.

Of the amateurs, Willie Turnesa and Charlie Yates are by far the outstanding contenders for the amateur title, although there is a great possibility that an unknown may beat them out. As for the women's title, I would say there is a big chance it will be taken by a "dark horse" in 1939, but we cannot overlook the outstanding supremacy of Patty Berg and Mrs. Estelle Page.

Golf as a whole should be greatly stimulated by the upturn in general business. The game is no longer considered a luxury, and people who once thought they could not afford to play now find the game no more costly than other sports or amusements. Furthermore, the Professional Golfers' association has started a long-range program to acquaint the general public with the attraction, benefits and fine qualities of the game and, most important, to place it within the reach of more of our people of moderate means.

Of course, we cannot overlook

By GEORGE JACOBUS President Professional Golfers' Association

SARASOTA, Fla., Jan. 12 (AP)—Many of the young professional golfers who have been building up their games during the past few years will reach the top during 1939. They will be battling the long established stars for the "major" titles and I look for one of them to capture one or both of the two coveted crowns, the National Open and National P.G.A.

There are several who have proven they are not just flashes but have the shots, the courage and the endurance to weather the tests of these two major classics. I refer to such youngsters as Sam Snead, Dick Metz, Ben Hogan, Henry Picard, Byron Nelson, Victor Ghezzi and "Jug" McSpaden. There are others who may forge to the front during the year with mechanically improved games.

Ruppert A No. One Supporter Of His Team

Managed To See But 2 Games Last Year; Was Excitable

By GAYLE TALBOT

NEW YORK, Jan. 12 (AP)—It was a grim gathering in the office of Secretary Ed Barrow of the Yankees. Every now and then another caller came in quietly, removed his hat and asked: "Any thing new on the Colonel?"

To each Barrow gave the same answer: "No, nothing new. He's still alive."

Everyone knew that Colonel Jacob Ruppert, multi-millionaire owner of the Yankees, was making a hard fight for his life in his home up on Fifth avenue. It wasn't known whether he would live another hour or another day, but there was no hope that he would make a complete recovery.

"I was up to see him," said Barrow, "and the last thing he said to me was: 'Will the Yankees win another pennant this year, Ed?' I told him I would guarantee it."

Ruppert was able to get out to the Yankee stadium only twice last season, and Barrow recalled that he became too excited to sit through the second game.

Barrow himself over 70, has been associated with the Colonel longer than any of Ruppert's other baseball lieutenants. They always worked in the closest harmony, and the success of their collaboration is reflected in the glory of the present Yankee empire. Barrow supplied the baseball knowledge Ruppert the money.

Someone recalled the best of all Ruppert stories, the time Babe Ruth gave the Colonel a wide grin and told him he wanted \$50,000 to play the next season. The little owner was thunder-struck.

"What?" he exclaimed. "You must think I'm a millionaire."

Barrow said the greatest pleasure Ruppert had in life was his annual trips to St. Petersburg to watch the Yankees train, and his frequent visits to Yankee stadium to see them play. He liked to sign Ruth to those whopping contracts while the cameras clicked.

CONNALLY READY TO FIGHT LYNCH LAW

WASHINGTON, Jan. 12 (AP)—Taking cognizance of reports that anti-lynching legislation would be introduced again this year, Senator Connally (D-Tex.) said today that opponents would "discuss it at length." Connally led the southern filibuster which shelved the measure last session.

When the Coahoma Independent basketball team was beaten by Garner in an important Major City league game the other night, lost the loop leadership, all players were not on hand and Manager W. F. Talley felt that more than anything else their absence caused the Oilers' strength to be sapped, to absorb the licking since the Coahomans finished the game with but three men on the court. So he called the squad members together, managed them to pass upon a resolution whereby, should a player miss a game without what his mates think is a good reason, he must remain out of action until voted back by other members.

P.S.: Every member was on hand Wednesday evening when the Coahomans met the Big Spring Bankers.

Apparently Neil Rabe isn't very interested in operating a WT-NM league baseball franchise at Hobbs this year, especially since Detroit has withdrawn its support. Rabe, along with Joe Tate, last year's Wink manager, has been in Odessa the past several years trying to promote another club in that city. It's probably no dice, however, with the Odessians who were original members of the circuit.

NEW YORK, Jan. 12 (AP)—The late Phil Ball once turned down an offer of \$1,100,000 for the now hapless St. Louis Browns merely because he didn't like the guy who had the dough. And that's a fact. The baseball biz was so good around St. Looney at that time that Bob Quinn was paid \$67,000 in bonuses in the five and a half years he was general manager of the club. Those good old days we're always hearing about must have been fair to middling, at that.

Tony Canzoneri is personally assuring his friends that he isn't making a comeback because he isn't broke, but to keep his weight down. Best news of the day is that the Old Bam is not nearly as ill as first stories indicated and may be teeing off at St. Albans today. Just to keep the records straight, Tulane and Carnegie Tech have not signed a football contract.

Add recession notes: Addicts paid \$4,000,000 for golf balls last year and Madison Square Garden netted \$143,000 during the last three months of 1938. All of which is so much tin—like eggs...Nixon Denton of the Cincinnati Times-Star shot right up to the head of the class when he listed his three favorite composers as Mendelssohn, morphine and Joe Louis....

Here's a tip for football coaches: Most of them are content to let their lieutenants do the dirty work, but not Dutch Meyer of Texas Christian. He won't let anybody else fool with his centers and backs and he may have something there. Last year he came up with an all-America center and quarter and the year before he gave the world Sammy Baugh. Who's next, Dutch?

Constipated? You Should Get at the Cause!

Lots of people think they can't be "regular" without frequent trips to the medicine chest. "I just do up and get it over," they tell you. Now doctors know they don't "get it over" until they get at the cause of the trouble! Chances are it's simple to find the cause if you eat only what most people do—meat, bread, potatoes. It's likely you don't get enough "bulk." And "bulk" doesn't mean a lot of food. It's a kind of food that isn't consumed in the body, but leaves a soft "bulky" mass in the intestines and helps a bowel movement.

If that fits you, your ticket is a crunchy breakfast cereal—Kellogg's All-Bran. It contains the "bulk" you need plus the great intestinal tonic, vitamin B.

Eat All-Bran every day, drink plenty of water, and just watch the old world grow brighter! Made by Kellogg in Battle Creek.

The Sports Parade

By HANK HART

Do you ever stop to think how many junior and senior college football teams operate yearly in the state of Texas?

Your chronicler checked up on that very thing recently, found that no less than 27 senior, 14 junior institutions of higher learning support grid squads, a record of some sort. Say an average of 30 boys to each squad, and most teams carry many more, that would mean a total of about 1230 players who go in for the game. Most of them—probably about 99 percent—live in Texas, too.

Besides Rice, Houston; Southern Methodist, Dallas; Texas Christian; Ft. Worth; Baylor, Waco; Texas A&M; College Station; and Texas university, Austin, of the Southwest conference, the senior college list includes Texas Mines, El Paso; Texas Tech, Lubbock; Texas Wesleyan, Ft. Worth; ACC, Hardin-Simmons and McMurry, all of Abilene; Howard Payne and Daniel Baker, both of Brownwood; Austin College, Sherman; Texas A&I, Kingsville; East Texas State Teachers college, Commerce; North Texas State, Denton; St. Edwards, Austin; St. Mary's, San Antonio; Sam Houston, Huntsville; Southwest Texas Teachers, San Marcos; Southwest, Georgetown; Sul Ross, Alpine; Stephen F. Austin, Nacogdoches; Trinity, Waco; and West Texas State, Canyon.

Junior colleges which can boast grid squads are Marshall, Corpus Christi, Decatur Baptist, John Tarleton, Stephenville, Kilgore, Lamar, Lon Morris, Jacksonville; NTAC, Arlington; Paris, Texarkana, Schreiner, Kerrville; Tyler, Weatherford and Wesley, Greenville.

Texas, however, is well capable of supplying material for the entire group since there are more than 2500 playing the game in Class A, B and C circles annually. Even Arkansas, a fertile field, came to Texas to get half its starting lineup while other natives are sprinkled prominently on such squads as Louisiana State, Tulane and Centenary.

When the Coahoma Independent basketball team was beaten by Garner in an important Major City league game the other night, lost the loop leadership, all players were not on hand and Manager W. F. Now doctors know they don't "get it over" until they get at the cause of the trouble! Chances are it's simple to find the cause if you eat only what most people do—meat, bread, potatoes. It's likely you don't get enough "bulk." And "bulk" doesn't mean a lot of food. It's a kind of food that isn't consumed in the body, but leaves a soft "bulky" mass in the intestines and helps a bowel movement.

If that fits you, your ticket is a crunchy breakfast cereal—Kellogg's All-Bran. It contains the "bulk" you need plus the great intestinal tonic, vitamin B.

Eat All-Bran every day, drink plenty of water, and just watch the old world grow brighter! Made by Kellogg in Battle Creek.

Constipated? You Should Get at the Cause!

Lots of people think they can't be "regular" without frequent trips to the medicine chest. "I just do up and get it over," they tell you. Nix To Bring Bisons Here Tomorrow

Powerful Forsan 5 To Oppose John Daniel's Team

Brady Nix brings his Forsan high school basketball representatives to town Friday evening to tangle with the Big Spring Bovines in the second game of the week for the locals. The fray will get underway at 7:45 o'clock.

The Bisons probably rate as slight favorites over the charges of John Daniel since their record has not been unimpressive to date. The herd, on the other hand, has cooled off after a fast start and is having difficulty in playing four quarters of basketball.

Nix will probably send Hollis Parker and Tommy McDonald, high scoring aces, in to start the game along with Orville Creelman, Carleton LaBeff and Fred Thieme.

Dallas Baseball Club May Back Pro Grid Team

DALLAS, Jan. 12 (AP)—The Dallas baseball club may trade balls and bats for mole skins and pigskins during the fall months.

The board of directors today will discuss a plan for operating a professional football team at Steer stadium, President George Schepps said.

The Steer prexy said if the directors felt the same way as he did he would attend the meeting in Atlanta next week of the Southern Baseball association, some of whose club owners would discuss a proposed southern pro football league.

A Wine Fountain, flowing with red and white "liquid gold" from California vineyards, will be a feature of the Wine Temple at the 1939 California World's Fair.

Hogs Must Win From Texas To Stay In Race

2-Game Series Opens Friday; Rice Meets A&M Quint Today

By the Associated Press

The first of a round of games this week that may see the defending champion Arkansas Razorbacks virtually eliminated from the Southwest conference basketball race is scheduled tonight at College Station.

The Texas Aggies, defeated in their opener by the surprising Owls, entertain the ambitious Baylor Bears, rated with the top teams of the current chase.

Tomorrow night Arkansas opens a two-game series with the Texas Longhorns. Defeat in one or both of the games means practical elimination for the Porkers who last week dropped two to the highly-rated Southern Methodist university Mustangs.

Texas went down before Rice and unless the Longhorns take both battles from Arkansas the Steers will be somewhere in the vicinity of the eight-ball.

The Mustangs go to Fort Worth Saturday night for a clash with the heretofore impotent Texas Christian university Horned Frogs.

Mrs. Oscar Lunsford of Wichita Falls, who has been a guest of her sister-in-law, Mrs. Valdeva Childers since Sunday, returned home Wednesday. Mrs. Lunsford accompanied Mrs. Childers' daughter, Valdeva Neil, to Big Spring after a visit in Wichita Falls. Valdeva Neil plans to attend school in Houston this year.

Bankers Rally Late To Defeat Coahoma Independents, 30-27

COAHOMA, Jan. 12.—Pulling away in the last four minutes of play with deliberate shooting, the First National Bank Major City league cage representatives scored their second major upset of the week here Wednesday by defeating the Coahoma Oilers, 30-27, in a thrilling exhibition.

The outcome was in doubt until the last minute of play when Red Womack sunk a free toss that enabled the Big Spring team to pull into a three-point lead. There was never more than four points difference in the score.

Dub Kelly sunk a two-pointer from in front of the basket a moment before the first quarter ended to tie the count at eight-all. He coupled two other field goals with a short toss by Maxie Beard to match goals tallied by the Bankers.

Dave Hopper, who had two, George Neel and Jack Oliver.

To start the second period Beard one in from the side only to have Oliver tie the count with two free pitches. Oliver and Hopper then dropped in field goals while Brewer was operating for one on the Coahoma ledger to post a 14-12 advantage at half time.

In the third period Brewer took a rebound to hit the basket and tie the score again and Lloyd Devan last one from out on the court to send Coahoma up front. The situation was unchanged as Hopper and Crouch dropped in successive two-pointers but Devan made good on a free toss after Bill Flowers' foul to give Coahoma a three-point lead.

Hopper dropped one to slice the advantage to a slender point, then after Bill Flowers deadlocked the count with a gratis throw, sent the Big Springers ahead with a nice toss from out front. Kelly, given the opportunity at three free tosses by Referee Les Lauderdale after Oliver of the visitors had protested a decision, could make but one but Crouch and Devan followed up with free pitches to send Coahoma into a 23-21 lead as the quarter ended.

Bill Flowers contributed a free toss to tie the count that was good until Kelly kicked in with a long toss. Hopper supplied a "reviver" for the Big Springers with two free throws to run the tally to 24-24. Big Spring went back into the lead on Oliver's field goal and Bob Flowers' free toss and, after Brewer had sunk a gratis offering, built the advantage to 29-25 on Hopper's field goal. Beard made a free throw and Kelly duplicated his feat but that was as far as they progressed. Wo ask contributed his toss to "ice" the decision.

Moore To Play Klondike Five

Loboes In 4th Loop Game; Stanton And Ackery To Meet

MOORE, Jan. 12.—The Moore cagers will meet Klondike's Gold Diggers in a PSAA basketball game here Friday evening. An added attraction on the program will be a clash between Stanton and Ackery.

The Loboes have dispensed with three conference games, having won over Stanton and Ackery and lost to Courtney. The Moore team will play Courtney again Jan. 14 at Moore and will enter the Coahoma tournament the following weekend.

Miss Anna Smith's junior girls and junior boys basketball teams played the Garner junior girls and the Big Spring Pioneers, respectively, Wednesday. The girls' contest went to a 9-9 draw while the Moore boys won, 9-6.

Free trials ml d—Brewer, Kelly 4, Devan 4, Hopper, Neel, Satterwhite 2, Oliver, W. Flowers, Womack.

CARDS DEPEND ON 2 TEXANS

ST. LOUIS, Jan. 12.—That old seer, Branch Rickey, crossed his fingers today and in a burst of optimism predicted his St. Louis Cardinals wouldn't be in the National league cellar when the 1939 baseball season closes.

"Anywhere from first place to seventh," he prophesied, reserving last place for Philadelphia's Phillies.

Wary of climbing out on limbs ever since the Gas House Gang shuffled home a weak sixth in 1938 to upset his rosy predictions, Rickey almost added an "if" to that wide-range forecast.

The Cardinal vice president pinned considerable hope on comebacking Paul "Daffy" Dean, Morton Cooper and Tom Sunkel—two right handers and one southpaw hurler, respectively.

"Those three men might convert our mound staff into a pennant winner," he ventured. "If they have good seasons, we should have one of the best pitching staffs in the business."

Transaction Tax Measure Is Delayed

Dallas Solon Holds Up His Bill Until O'Daniel Gives Idea

Herald Austin Bureau

AUSTIN, Jan. 12 — Introduction of a bill to pay \$30 a month pensions to all Texans over 65 by means of a transactions tax will be delayed until Governor-elect W. Lee O'Daniel delivers his pension message to the legislature. Representative L. C. McDaniels of Dallas said today.

"My bill which calls for a one-half of one percent tax on all transactions such as sales, salaries, and financial exchanges is ready to go, but I will not introduce it until Governor O'Daniel has outlined his plan for paying pensions," McDaniels declared.

McDaniels believes that the present session of congress will liberalize the present social security act to allow states to pay universal pensions without endangering federal aid. If the act is so amended, then Texas would pay \$15 and the federal government would contribute an equal amount to pay \$30 pensions to all Texans over 65, he pointed out.

McDaniels said that his transactions tax would raise approximately \$50,000,000 a year—more than enough to pay the state's share of \$30 a month pensions. He would prefer to have the tax administered locally by the county commissioners' courts.

WPA Purge

(Continued from Page 1)

Inviting "national disaster to our economic structure" if it continued to pile up expenditures beyond any hope of revenue to meet them.

The \$375,000,000 requested by Mr. Roosevelt contemplated keeping an average of 2,870,000 persons on WPA rosters for the five months starting February 1. The majority said \$25,000,000 would bring WPA employment down to an average of 2,377,049 per month.

The appropriations committee approved the slash in the proposed WPA fund shortly before the bill was brought to the house floor for debate. Leaders had agreed to end the debate tomorrow afternoon and to attempt passage by tomorrow night.

In recommending a clause which would nullify, in effect, a presidential order to blanket WPA administrative employees into the civil service February 1, the committee said WPA was a temporary agency.

The administrative personnel—wards of \$5,000 individuals—the committee said should not be considered temporary workers. With reference recovery, the committee noted that President Roosevelt in messages to congress, had commented on substantial business and industrial improvement.

Furthermore, it said, Col. F. G. Harrington, WPA administrator, had stated that there had been "rapid and extensive" recovery since last July and that the number of workers in industry and agriculture had increased by more than 1,000,000 in the last six months.

Harrington, it said, also stated that a further increase of 1,500,000 in private employment was anticipated by June 30.

PERSONALLY SPEAKING

S. H. Chunley of Bronte, Texas, is a guest of his daughter, Mrs. Robert E. Lee.

Dr. Lee O. Rogers, president of the Kiwanis club, has returned from a school of instruction for Kiwanis officers at Denton.

Mrs. Sam Peak, Houston, is the guest of her mother, Mrs. Mary Ezell. She plans to be here for a few days.

Mr. and Mrs. Robert E. Lee and son have returned from Dallas where they attended a convention of the Southland Life Insurance. They left Saturday and returned Wednesday.

RIFLES STOLEN

Police Thursday were seeking thieves who stole two small calibre rifles from the car of A. L. Whitlock at 402 E. 6th street early Thursday morning. Missing were a .22 Remington long rifle and a .22 Savage rifle.

"To fully cover the subject 'Know Your Texas' would take days," Hutto stated, "however I know we are all happy to be Texans living in Texas and doing everything we can to make it a better place in which to live."

Paul McCrary, young Big Spring school student, offered two vocal selections, accompanied at the piano by Miss Helen Duley.

Calvin Jones of Stanton, W. F. Robinson of Amarillo, and J. B. Collins were guests today.

BACK FROM AUSTIN

County Superintendent Anne Martin, accompanied by Pauline Bulsterbaum, former Dawson county superintendent, returned Wednesday from a trip that took her to Austin for an administrators council, then to McAllen, Kingsville and Mountain Home for a visit with relatives.

RETURNS HOME

Mrs. Fox Stripling, 901 West Ninth street, who underwent a tonsillectomy at Malone & Hogan Clinic-Hospital Wednesday morning, has returned to her home.

MARKETS Wall Street

NEW YORK, Jan. 12 (AP)—The new year decline of the stock market gathered speed today after a brief pause for personal of President Roosevelt's message.

Even the aircraft shares—facing the presidential proposal for a \$300,000,000 increase in spending for army planes—resumed the downhill slide, when a forenoon rally failed to hold.

Selling was heavy at times. Transactions, approximating 1,300,000 shares, expanded appreciably over the previous session's figures.

Lantron

(Continued from Page 1)

Lantron, a farmer, has resided in this county since 1936.

He was a member of the Methodist church, and had been married for 52 years. His widow and eight children survive.

A daughter, Mrs. Mary Montgomery of Midland, was in the Malone & Hogan Clinic-Hospital, suffering a brain concussion and scalp lacerations.

A son, J. M. Lantron of Lees right arm, broken ribs and body bruises.

Other children surviving are Mrs. Jenny Tudor of Monahans; Mrs. Trudy Bell Griffin of Longview; J. H. Lantron, Broken Bow, Okla.; Tom Lantron of Monahans; J. L. Lantron of Lees and B. S. Lantron of Wichita Falls.

Occupants of another car figuring in the crash and under treatment at the Big Spring hospital, were Stephen G. Egan, retired pastor of Bethel, Conn., who had a leg fracture and scalp wounds, and Paul Krohs, his secretary, who had several fractured ribs and head and face lacerations.

E. L. Lantron of Borger, nephew of the elder Mr. Lantron, remained in a semi-conscious condition at the Big Spring hospital. He suffered a brain concussion, a back injury and cuts about the head.

Texas History Is Discussed For Club By John R. Hutto

On Kiwanis records for 1939 will go the name of John R. Hutto as the club's first guest speaker of the year. Today's program, in charge of George Gentry, brought this well-known Texas historian in an address titled "Know Your Texas."

In a most interesting style, Mr. Hutto told of earliest Texas days, the changes in its boundary lines, and developments of the state up to the present day.

"Texas, as most of you know, comes from the Spanish word 'Tejas,' and was settled by one of the state's two outstanding men—Stephen F. Austin. The other man was Sam Houston," the speaker said.

"To fully cover the subject 'Know Your Texas' would take days," Hutto stated, "however I know we are all happy to be Texans living in Texas and doing everything we can to make it a better place in which to live."

Paul McCrary, young Big Spring school student, offered two vocal selections, accompanied at the piano by Miss Helen Duley.

Calvin Jones of Stanton, W. F. Robinson of Amarillo, and J. B. Collins were guests today.

FLIERS KILLED

BREST, France, Jan. 12 (AP)—Three French navy fliers were killed and one injured when their airplane from the Lanveoc base crashed south of Brest. The cause of the accident was not immediately determined.

Mrs. J. M. Simmons has returned from Dallas where she had visited friends and relatives for the past two weeks.

SEASICK? Well, Dr. Richmond Goulden demonstrates a new type mask which allows the wearer to converse and eat—while fighting seasickness by inhalation of 100 per cent oxygen. Dr. Walter Boothby developed the mask.

Air Service Halted Until Weather Improves

Temporary suspension of service here by American Airlines, due to bad conditions at the airport, was announced by the company Thursday in a telegram to Mayor R. V. Jones. Fort Worth offices of the company said the rains had put the port in such condition that planes could not land and take off.

Resumption of service will depend, it was said, upon the weather. Schedules likely will be resumed by Sunday.

The local port is in unsatisfactory condition now largely because of construction work on new runways. Surfacing is underway, which, it is calculated, will overcome all moisture hazards in the future, giving Big Spring an all-weather port.

Other West Texas airports are facing similar temporary weather handicaps. Army planes have been grounded at Midland and Abilene for two days.

TO INSTALL VALVES ON WATER MAINS

As soon as the weather clears sufficiently to permit excavation work, sections of the city will be temporarily without water while workmen install valves for extension of a 12-inch main, B. J. McDaniel, city superintendent of operations, said Thursday.

The territory between 16th and 18th on Gregg, 13th and 16th on Main, 16th to 18th on Shepherd's Lane, and Shepherd's Lane to Runnels on 16th will be affected, said McDaniel.

Water customers to be without water will be notified prior to the cutoff which will be necessitated by arrangement for extension of a 12-inch line east to the filtration plant location.

MANY FARMERS ARE READY TO TERRACE IN WAKE OF RAIN

It never fails—the rain has produced another crop with miraculous rapidity.

It is a crop of applications for terrace and contour lines. County Agent O. P. Griffin said that before the rains he had only about a half week's work remaining in running lines requested for terraces and contour furrows.

But the rains reminded farmers that it is time for plowing, and time for plowing apparently reminded them that it is the right time to have terracing and contouring laid out.

So the agent Thursday had several additional applications and expected more. Although a little late, he was glad to receive them since it will aid materially in the achievement of a conservation goal in 1939.

TRUSTEE VOTE SET

An unofficial trustee election to determine sentiment for appointment of two members to the board will be held at Center Point Monday from 1 p. m. to 2 p. m. under the direction of Anna Martin, county superintendent. R. W. Blaw, who is moving from the district, resigned, and J. L. Nix submitted his resignation when he became a member of the county commissioners' court.

 Mrs. Frank B. Wilson, 214 North Johnson street, was admitted to the hospital Thursday afternoon.

Mrs. M. A. Cook of Midland underwent major surgery at the hospital Thursday morning. W. V. Jones of Stanton underwent ocular surgery Thursday morning.

FLIERS KILLED

BREST, France, Jan. 12 (AP)—Three French navy fliers were killed and one injured when their airplane from the Lanveoc base crashed south of Brest. The cause of the accident was not immediately determined.

Mrs. J. M. Simmons has returned from Dallas where she had visited friends and relatives for the past two weeks.

Suspended Sentences Granted On Pleas Of Guilty

Two suspended sentences were granted in the 70th district court Thursday on pleas of guilty entered during recess of a civil case. Both C. V. Popejoy and Dalton White, charged jointly with burglary, were given two year suspended terms by Judge Cecil Collings on their guilty pleas.

Martelle McDonald, district attorney, was ready to try the criminal docket next week, but Judge Collings will have to exchange benches with Judge A. S. Mauzey, Sweetwater, of the 32nd district court since several of the cases on the criminal docket were filed during Collings' tenure as district attorney.

The case of T. L. Woodson, at al versus Citizens Finance Co. for damages was still in the court as the judge prepared the charge to the jury. The suit of W. O. Raso versus the T. & P. Railway Co. for damages was due to be heard Friday.

The court granted Ruth Farley a divorce from Hal Farley, gave custody of a minor child to the plaintiff and ordered the defendant to pay \$25 monthly to the support of the child.

automatic rifles, anti-tank guns, tanks, light and heavy artillery, ammunition and gas masks—all to equip regular army and national guard units.

A total of \$32,000,000 would go for "educational orders" of the army—to "enable industry to prepare for quantity production in an emergency of those military items which are non-commercial in character and are so difficult of manufacture as to constitute what is known as 'bottlenecks' in the problem of procurement."

The balance of \$5,000,000 of the army fund was proposed for improving and strengthening the sea-coast defenses of Panama, Hawaii and the continental United States, including construction of a highway "outside the limits of the Panama Canal zone, important to the defense of the zone."

The \$65,000,000 for the navy would be divided as follows: \$44,000,000 for creation or strengthening of navy bases in both oceans, as recommended to congress last week by a special naval board, and about \$21,000,000 for additional navy planes and air material tests.

The \$10,000,000 for training of civil pilots in cooperation with military institutions will give "primary training to approximately 20,000 citizens," the president said, adding that this sum should be appropriated annually.

"We have a splendid asset in the quality of our manhood," Mr. Roosevelt said. "But without modern weapons, and without adequate training, the men, however splendid the type, would be hopelessly handicapped if we were attacked."

Asserting the present garrison at the Panama canal was inadequate to "defend this vital link," the president said this deficiency could not be corrected with existing forces "without seriously jeopardizing the general defense by stripping the continental United States of harbor defense and anti-aircraft personnel."

REPORT GIVEN ON BEER SUSPENSIONS AND CANCELLATIONS

Herald Austin Bureau

AUSTIN, Jan. 12—Beer permits of 89 dealers in the Big Spring district were cancelled and 49 suspended by the Texas liquor control board during 1938, the board revealed today. The board's records indicated 80 per cent of the cancellations and all of the suspensions were for violation of the state's liquor regulations.

AGREED JUDGMENT

An agreed judgment was entered in 70th district court Thursday with the filing of a damage suit by Mrs. Beatrice Lane against the T. & P. Railway company. The \$8,000 award grew out of the death of G. D. Lane, T. & P. trainman, at Odessa last year.

DAUGHTER BORN

Mr. and Mrs. James S. Burton, who reside one mile southwest of Ross City, Thursday became the parents of a nine pound daughter. Mother and baby were reported doing well.

Oil Industry Eyes Trends Of Business

Operations Held Down Until Demand Improves

TULSA, Okla., Jan. 12 (AP)—Operating on a strictly conservative basis, the oil industry is displaying a disposition that it will have to be shown business is going to be better before it will believe it.

In the second week of the new year there was a distinct tendency among refiners and producers alike to hold the line and hold down operations until actual demand and consumption, not prospects, warrant some expansion of activity.

The Oil and Gas Journal reported last week's crude output was 3,206,352 barrels daily, down 435 barrels from the week before but still above the 3,000,000 barrel daily which the trade magazine advocated editorially as the advisable figure to be maintained until April 1.

Marketers agreed there was a slightly better tone to gasoline but refiners continued to feel that certainly hadn't translated itself into a better price for motor fuel. One observer went so far as to say that the biggest need of oil business today is better prices for refined products, especially gasoline.

The trend of field operations still was not defined clearly but it was apparent most companies were feeling their way and waiting to see how much exploratory work their budgets would justify.

Last week well completions in the nation totaled 449, compared to 386 the previous week and 522 for the same week a year ago.

To date this year field work already has established a trend below that of 1938, which in turn was far under that of 1937. To date this year 835 wells have been completed in the United States as against 979 for the same period last year.

Mrs. Schwab

cussing the proposal with his wife whom he always took into his confidence, he said:

"That is a big sum. Half of what I have is yours. What shall we do? If we sell your share in the estate at five percent it will bring you an income of more than \$100,000 a month for the rest of your life."

"We wouldn't sell for five times that much," Mrs. Schwab replied. "What would I do with the money and what would you do without your work?"

Mrs. Schwab has been a virtual invalid for several years, and their Riverside Drive, alone where great artists of the music world and the theater once gathered was closed.

THE LAW MAKERS ARE OFF AGAIN

Launched this week on a four-month session that is not expected to be a path strewn with roses, the Texas legislature is expected to spend thirty days in the introduction of bills, thirty days for committee hearings on bills and resolutions, and sixty days for legislative action on bills and resolutions.

That is part of the constitution, and if followed to the letter we might get a better class of legislation out of the statehouse. But the legislature doesn't follow it—at least, it never has up to now. There are loopholes big enough to drive a ten-ton truck through sideways. The governor can gum up the works by submitting emergency legislation—such as a pension bill, for instance. Or by fourth-fifths vote the legislature can chuck the whole constitutional provision out the window and do as it darn please. No other loopholes are needed, incidentally, these two have served the purpose of legislative dilatoriness admirably.

Big bone of contention at this session will be pensions. The point at issue is twofold: Whether to pay the full pension to persons over 65 without regard to need—in which case Uncle Sam would refuse to put in another nickel—and ways and means of raising sufficient revenue to pay even the present pension bill. Nobody but Mr. O'Daniel seriously believes Texas will be able to raise the \$45,000,000 a year necessary to pay the full pension to everybody of age without regard to need.

And while that system of payment is impossible, in addition to violating the federal code, it might have one good result if put to service. It would tend to take pensions out of politics; for if everybody of age got the pension whether he needed it or not, it would be possible to fire a lot of case workers and inspectors, and it would tend to reduce the continual yowl about more and bigger pensions. But on the other hand it would mean a lot of needy old people wouldn't get their share because a lot of old people who don't need it would be drawing pensions.

There is something ludicrous about the idea of paying a multimillionaire a state pension just because he happens to be sixty-five or over. But it ceases to be funny when you stop to think that if such persons did draw pensions, those who genuinely need the money would suffer for it—for the state cannot pay full pensions to all over sixty-five and stay in business. Pensions or no pensions, the current legislative session is likely to be long drawn out. It is the nature of the legislature to work with tantalizing deliberation—a product not so much of careful and profound thought as of dilatory tactics and the general blowing off of hot air.

Today And Tomorrow

By Walter Lippmann

(Mr. Lippmann's columns are published as an informational and news feature. His views are personal and are not to be construed as necessarily reflecting the editorial opinion of The Herald.—Editor's Note.)

THE PRESIDENT'S FISCAL THEORIES

A close examination of the fiscal theories propounded by the president in his address to congress will show that there were in fact two rather distinct and contradictory theories. It is not until one studies the figures he submitted in the budget message that one sees the reason for this contradiction.

In the address the president laid down two propositions, namely: 1. That the amount of the deficit should not be regarded as spending but as "federal investment." While the president was developing his thesis, he insisted that this part of the total outlay was really a substitute for the lack of private investment. He argued that federal investment was an "instrumentality" to be used in putting unemployed capital and unemployed labor to work. And in describing it as an "instrumentality," he implied that the government could use the instrument or not use it, could "invest" or not invest, depending on which seemed the wiser option.

But in his rebuttal against those who wish to curtail expenditures the president propounded a very different thesis, namely:

2. That "no great saving" is possible unless congress will reduce drastically the agricultural subsidy, veterans' pensions, flood control, highways and other public works, social security, unemployment relief, or national defense. And Mr. Roosevelt made it perfectly plain that he would not, and that he did not think congress would dare to, touch any of these items because, politically, it is impossible to touch them. In this part of the argument, therefore, the deficit is no longer an "instrumentality" which may or may not be employed; the deficit is a thing which it is politically impossible to touch.

Thus the proposition now, in regard to "federal investment," would appear to be a theory invented to make everyone, including the president, believe that they are freely choosing to do what they are in fact compelled to do.

The figures in the budget message show why this proposition, which was addressed to the politicians, is the hard-boiled truth, whereas proposition one is a half-truth to soften the impact. The president's own figures show that in this fiscal year which ends on July 1, the deficit is virtually 4,000 millions whereas the total of the outlays that even he can charitably classify as "investments" is not quite 2,500 millions. So even if we grant that everything is an investment which Mr. Roosevelt calls an investment, and forget it for the moment, we are still left with expenditures, which even he calls expenditures, of nearly 7,000 million dollars. It is clear from his own figures that the deficit is by no means due wholly to investments, and it is clear also that if we stoppet using this "instrumentality" petriety, we should still be spending at a level of seven billions a year.

As a matter of fact, however, one has only to look at the items in the investments to see that most of them are as firmly entrenched politically as the salaries of the senators or the interest on the public debt. Three-quarters of these investments consist of federal public works, roads, the C.C.C., and the new construction by the W.P.A. which the president values at one-third of the whole cost of W.P.A. New "investments," which are due to the needs of the unemployed and to local demands for public works may, and no doubt do, produce desirable products. But since it is politically impossible to reduce them by a free choice, it is a strain on the language to call them investments. They are, as the president made plain when he was challenging congress to reduce them, compulsory political contributions.

It is necessary to call a spade a spade in things of this sort. For the fundamental question in this budget or any other budget is the amount of irreducible expenditure. And the fact which we have to contemplate is that the apparently irreducible level of federal expenditure is now nearer nine billions than it is to the four billions of the post-war era.

For my own part I do not see how the level can, even if it were desirable, be substantially reduced. Thus we are left with two great questions. One of these the president discussed. The other he did not mention.

The first is how to increase the national income to a point where such a level of expenditure can be effectively sustained. The president says it can be sustained if the national income is increased from 60 billions to 80 billions. But the second question is no less important, and that is how to keep the level of expenditures from rising still higher. For then we should need a still larger national income to sustain it.

It is the failure to deal with this second question which should really cause anxiety. For the fact is that the political conditions which make real retrenchment impossible operate inexorably to increase expenditures. The whole system of pensions and subsidies is not only self-perpetuating, as the president

Man About

Manhattan

by GEORGE TUCKER

NEW YORK—Several years ago somebody wrote a book about South Street. It was a very dull book and not at all what it should have been, for few streets had the romantic appeal of this old center of Yankee trading in a day when white-bosomed square riggers dotted the waterfront.

But for all its glamorous bygone and maritime legends, I think it must take second place to West street today. Few streets anywhere have the meat that West street has. The scene of trading operations has shifted from East River to the Hudson. Here the big liners report and depart. Here are outlets for two eastern rail centers, the Erie and the Lackawanna. And here comes the produce from Jersey and New England.

Four-fifths of New York's green vegetables, apples, tomatoes, pears, cranberries, citrus fruits, potatoes, poultry, grapes—indeed everything that grows which New York uses in its daily cuisine is dumped in here in carload lots. These cargoes arrive after dark, when traffic is at low tide, and for several hours before and after midnight in the vicinity of Chambers street, which empties into West, the sidewalks are 20 feet high with tomorrow's green asides, fruits and vegetables.

Having witnessed these operations on frequent occasions, it never fails to astound me to find the street comparatively clear in the morning, with only a few crates of cranberries here, a few bags of potatoes there. They have been whisked by truck to thousands of confederate retail stores and shops throughout the city. And as completely as they have disappeared from the street, so in a few hours will they disappear from the shops—into the throats of New York's hungry seven millions.

West Street, widest of Manhattan's thoroughfares and a scene of humming activity day and night, is not given entirely to produce. It has its shipping too. All the major liners creep past. Here all the great modern mechanized docks are located. From West street you may see buoys floating in the river's channel, and hear the wail of sirens, and the throaty bawl of fog horns.

The great river traffic of the Hudson plies to and fro 24 hours a day. On her piers the talk is of "anchors," "winds," "tides," "landings," "slips." There are seamen cafes which keep open all night just to accommodate the crews of French and British liners. There are great tea and coffee houses, warehouses and central offices of Eastern princes who deal in spiced merchandise from the Orient. And there are good-natured but iron-fisted Irish cops who keep an eye on the longshoremen, and the motorists, and street idlers.

West street is a bad place in which to engage in fistfights. The brass-knuckle and the jimmy are not unknown here. And the dock wallpapers know how to accommodate anyone looking for trouble.

Special experiments are being made for the Temple of Religion and Tower of Peace at the 1308 California World's Fair to be sure lighting will harmonize with the purpose of the building.

Hollywood

Sights And Sounds

by ROBBIN COONS

HOLLYWOOD—Actors should never complain. The dirtiest deal is likely as not to turn itself into a double-O on the roulette wheel of movie fortune.

Look at Walter Brennan. Two months ago I saw this young-old man of the movies and he was all fired up with plans for a picture called "Jesse James." If he got through in time—he was working then on "The Cowboy and the Lady"—he would get a choice part in the bandit's life story. Everything was set—practically. He could see himself in the saddle, riding on to bigger things.

But no, Goldwyn's factory didn't finish the picture in time. "Jesse James" took Henry Hull instead. Walter didn't know about it until the last minute. He was sore.

So he goes into an unpretentious little picture at 20th-Century-Fox. It's called "Kentucky" and Walter plays a fine old crotchety, feuding Colonel—and then it turns out to be a very fine, much ballyhooed picture and Walter runs away with the acting honors.

And Walter's boss Goldwyn is so impressed when he sees it that he plans to "include him in" in a large way hereafter in Goldwyn's plan!

The debonair George Sanders ("Lancer Spy," "Four Men and a Prayer," etc.) is now the Saint, replacing Louis Hayward who with "Duke of West Point" has gone on to better things.

Sanders is now in his third phase of Hollywood development. The first had him tabbed as "the hermit of Laurel Canyon," a lonely soul living apart from the world with his book and—presumably—his dog. The second sent him to live alone—presumably with book and dog—on a yacht in the harbor. The third:

"Since returning from London where I had a couple of films, I've lived in a hotel—and this is the bright lights-and-crowds phase, I suppose."

The English Mr. Sanders half-suspects that his Laurel Canyon hermitage was the device of a desperate publicist unable to find "color" in his quite normal life and therefore forced to invent it.

As the Saint, a wrong-avenger who hates crime, Sanders is engaged presently on "The Saint Strikes Back"—at what, however, he had no idea.

But what I started to relate was his whimsical idea, which any producer may have gratis, for assembling all the screen's series heroes and heroines into one gigantic series film.

Charlie Chan, Mr. Moto, the Thin Man, Bulldog Drummond, the Saint could combine splendid efforts, aided by Torchy Blaine and Nancy Drew, and cheered on by the Jones, Hardy, and Higgins families, with Bronx cheers from the Dead End Kids and the Little Tough Guys.

The manly art of self-defense, in Victor McLaglen's current play, includes giving Nelson Eddy lessons in how to knock him out.

McLaglen is a veteran of film punches, both on giving and receiving. In "Song of the West" he has to take it from the musical Eddy, who hasn't made pugilism his hobby.

The big dread of a professional movie fighter, tangle with an amateur, is that his opponent will forget to pull his punches.

That's what almost happened the first day Eddy and McLaglen "worked out" together. The over-eager Eddy zoomed an uppercut at Viv barely dodged. After that Viv turned tutor—showing his partner how to put him to sleep, for the movies, less painfully.

It's Moving Day For The Allreds

AUSTIN, Jan. 12 (AP)—This is moving day at the governor's mansion.

A van rolled up the drive, took on boxes, barrels and furniture—personal property of the James V. Allreds—and pulled out for Houston.

It was the beginning of the end of four years of life in the gracious old building for the retiring governor and his family.

Mrs. Allred went to Houston to supervise unpacking but will not supervise Monday to arrange the traditional post-inauguration luncheon Tuesday for the W. L. O'Daniel.

NEW YEAR'S LOVE

By Angela Lorden

Chapter 24

AN AWFUL IDIOT

Strangely enough, it was Elsie Greer who gave Noel some sense of comfort in the ensuing hectic days. Without realizing it, too, she advanced David's cause with Noel. On impulse, Noel called Denise's shop and invited Elsie to have dinner with her. Elsie was a different person than the dispirited young woman who had joined the Christmas party in Claiborne. She was blossoming—it was the new job. She was more smartly dressed, too.

"Security is a wonderful thing for a woman, isn't it?" Noel commented as they sat in her living room.

"I've you to thank for it all. I don't know how I'll ever repay you." Elsie's eyes were shining.

"You don't know what it is to be jobless—no wonder where your next week's rent is coming from," Elsie continued.

"Oh, don't let Noel be reminding the lean seasons with no calls from producers bolstering her courage. She found herself telling some of this to Elsie, of her own unhappy period at the Weymouth Club. "Are you still there?" she asked Elsie.

"Yes, I could afford something better, but I'm afraid not to save every dollar I can. I'll stay on a while longer until I'm sure my place is permanent with Madame Denise."

Noel could understand that, too. "Promise me one thing, Elsie—if you're ever in any difficulties, will you let me know at once? I'll have more than I need for myself."

She was thinking of David and his wealth. "I'm marrying David Norris in a few weeks. There, she'd said it with finality. "We'll be away for most of the summer but I'll keep in touch with you somehow."

Elsie was trying to wish Noel happiness with stumbling words. Her face had a strange look as though she were remembering some secret.

"Were you ever in love?" Noel asked unexpectedly. She was sorry the next moment when she saw Elsie's reaction. The thin young figure seemed to become tense in the low chair. Noel had a feeling Elsie resented the question.

"Yes," she finally admitted. "It wasn't pleasant."

"Don't talk about it then," Noel protested.

"I'd like to—it doesn't hurt any more." Her voice belied the words. "I was engaged to be married back home. A week before our wedding he eloped with the richest girl in town. That's why I came to New York."

Noel felt that Elsie's words were so different when you've been hurt so bitterly.

"I'm sorry," Noel felt her words so inadequate.

"I'd never trust any man again," Elsie spoke cynically.

"That's not fair to yourself," Noel suggested. "I hope you'll be married happily some day."

"If I do it will be for companionship—and security," Elsie retorted. Security, Noel was thinking—how would she forget to the word. She didn't tell Elsie that she who had first promised David—out of fear of the future and what it might hold for her.

But she thought about it continuously while she went to the theater. Love only brings misery—there was her own experience, and Elsie's.

It was out of this retrospection that she talked with David after the performance that night. He brought up the subject of the marriage ceremony where would they have it? Who would be there? Noel had a sense of closing every door behind her as she passively agreed with all his plans. David had a friend, a clergyman up in Westchester. They'd drive there in time to come back and board the Elana for his North Cape Cruise.

"If We Waited Awhile..."

"Aren't you afraid to marry me, David, knowing how I feel, knowing so much about me?" She interrupted his eagerly reported arrangements.

"If you mean..." Whatever he was going to say he didn't utter. Instead he looked at her steadily. "I know you think you don't love me now, dear. But I know, too, that you'll keep your promises. I'll teach you to love me," he said as though making a solemn pledge.

"Perhaps if we waited a while..." There she was again, asking for more time. Why? What would it bring her? She couldn't change anything!

David seemed frightened. He protested ardently. "No postponement, not that Noel!" Then, sympathetically, "You're tired, upset. The play's been a strain on you—and I can understand your reluctance in leaving the stage—that's been so important to you."

David was generous in strange ways. Noel thought as he promised her, "If some time in the future, you want to go back to your work, if you feel you can't do without it, I'll consent to that, too. And help if I can."

"That's good of you, David." The conversation settled something in Noel's mind, in her heart, also. She was reconciled now—instantly to herself she'd conquered her feeling for Allan. It was past, something beautiful she wouldn't want to forget, ever. But it was already in the past!

Noel told herself she was sure of her own emotions when she went back to the hospital to see Allan. "At last!" he exclaimed not too exuberantly when he saw her. "I thought you were never coming." He was cheerful, cordial and friendly. He didn't hold her hand this time nor ask her to draw her chair close to him.

"You'll soon be back at your desk," Noel suggested.

A dark frown crossed his face. "It won't be that quickly," he replied seriously, then smiled at her. "That's my very best friend," he was changing the subject. "It does things to your eyes."

And you're doing things to my heart, Noel thought. For all her determination she couldn't help it—she reached over and touched his hand.

"I've been thinking about you so much, Allan." She meant about their last meeting, the way he had called her darling, the way he had looked at her ardently.

"I'm glad you haven't forgotten our friendship, Noel." He said it slowly, keeping his voice even—and pleasant.

Noel drew back as though he had struck her. There was no mistaking the meaning of his remark. He was putting her in her place. He was trying to make her understand the last meeting had been nothing important—she was to forget it! Well, she would!

Kind About It

He turned his face away from her. "When?" he asked finally. "In a few weeks," was all she could manage. She didn't tell him this would be the last time she'd see him before that. She couldn't stand it again. She didn't want his calm, placid friendship. What then, did she want? Her emotions and reason were all entangled in intricate tangles not even she could understand.

The room was so still she could hear the small clock ticking on his table. "I'll miss you." Her voice was low, unsteady. He couldn't see that her lips were trembling.

He didn't answer. She couldn't bear the silence. "I'd better be going," she suggested.

"Not yet," as he turned. It was a plea, so insistent! "You've only just come," he protested. "Can't you stay a while longer?"

But when she sat there he was quiet. She wanted to ask, "Am I boring you, Allan?" She couldn't understand his mood. It was so strange, for him. "How long will you be here?" She had to say something!

"They'll let me home soon. I'll go up to Claiborne, with mother," he replied. "There's not much more they can do for me here."

"Then back to your office?"

"I don't know when I'll go back." His tone closed the subject. Noel understood him to mean that when he did recover he would be marrying Elsie.

She stood by the bed, she had to get out, away from him. "I must be going!"

But she stood there as though she couldn't leave him—this last time.

Noel leaned down, brushed her lips against his. "Be a good patient and remember me, Allan," she said, struggling to keep the quaver out of her voice. His hand clutched her shoulder, holding her face close to his.

"I can't bear it!"

The choking words came out before she could stop them. Allan's arms tightened around her, pressed her face against his. "You mustn't cry, darling," his own voice was strange.

"I don't want to leave you, Allan."

His arms loosened their grasp. His hand touched her face, brushed away the tears under her eyes. "You're so sweet, Noel. You mustn't feel sorry for me." His voice seemed to come from far off.

"That's what it is."

She straightened up and walked to the window, took out her mirror to cover the marks of her crying. Why had she made such a fool of herself? He'd been kind about it.

"I'm sorry I was so silly!" She couldn't see her face in the tiny mirror, there was only a blur. By the time she turned from the window she could smile, a little shakily, and say with what passed for a laugh:

"I'm an awful idiot, Allan—about people I like."

"You're the loveliest person I've ever known," Allan's reply came slowly. His face was ghostly white, his lips were a straight, thin line across his face. I've hurt him, she thought frantically.

"Are you in pain?" She was thinking of his poor injured back.

"A little. I'll be all right when I rest." He spoke as though with effort. He was telling her to go, she believed.

Freight Rate Parley Called

WTCC To Outline Program At Session In Waco

ABILENE, Jan. 12—Campaign of the West Texas chamber of commerce for equalization of freight rates will be carried to the south-eastern district of the regional organization's far-flung territory with a meeting in Waco, Monday, January 16.

Plans for perfecting organization of the Freight Rate Equality Federation, which was launched at a WTCC district meeting in Amarillo last month, will be discussed at the Waco session. The meeting will open at 2 p. m. in Waco chamber of commerce building.

Scores of chambers of commerce, agricultural and consumers groups, women's clubs and other organizations have joined the federation in the last two weeks. Hundreds of other organizations are expected to affiliate within a short time.

WTCC directors, local chamber of commerce presidents and secretaries, newspaper editors and leadership shippers from all towns in district 4 and 5 are expected to attend the meeting in Waco.

Counties in district 10 are Erath, Coleman, Brown, Comanche, Hamilton, Bosque, Mills, McCulloch, San Saba, Lampasas, Coryell, Mason, Llano, Burnet, Gillespie, Blanco and McLennan.

Freight rate report recently issued by the WTCC traffic board, which charges that West Texas pays 72 to 85 per cent higher freight rates than eastern zones of the United States, will be discussed and explained by H. S. Hillburn, Plainview, president, and D. A. Bandoen, Abilene, manager.

Plan of organization of the Freight Rate Equality Federation, which has as its principal purpose the abolition of unequal freight rate zones, also will be explained.

YOU WILL NOT HAVE DANDRUFF, GRAY HAIR, FALLING OR DRY HAIR if you use FREACHER'S Hair Tonic according to directions. Start today and be happily convinced. Sold at Cunningham & Phillips Drug.

Believe-It Or Not, Texas Capitol Building Houses Two Apartments

AUSTIN, Jan. 12 (AP) — Texas' biggest apartment house in none other than its massive red granite capitol.

Tucked away—almost hidden in fact—is an apartment in either wing of the sprawling structure.

These are the respective, and comfortable, quarters of the speaker of the house and the lieutenant-governor and their families during sessions of the legislature.

How that came about, nobody seems to know exactly. There is no provision for them in the constitution or statutes. Lieutenant Governor-elect Coke Stevenson says they, like Topsy, just grew.

The respective branches usually appropriate funds for their maintenance and year by year they have become more spacious and modern.

Mrs. Stevenson, perhaps, can speak with more authority about these cozy quarters than anyone. Her husband was speaker of the house twice and now as wife of the lieutenant governor-elect she has switched to the other apartment.

Mrs. Stevenson can't compare housekeeping in the apartment with that of an ordinary apartment for she has never lived in one. Out at Junction, the Stevenson's home, people don't go in for limited quarters.

But as far as the housekeeping is concerned, it's pretty much a "holiday" by her own admission.

The quarters have kitchens with rather small cooking, refrigeration and other units, but cooking is out as far as the Stevensons are concerned.

They eat out.

Homer Martin Says He'll Take Fight To Union Members

DETROIT, Jan. 12 (AP)—President Homer Martin, unseated as editor of the United Automobile Workers' weekly newspaper, reiterated today that he would carry his fight to the rank and file of the union.

He has demanded that the UAW executive board, in session for the third day of its special meeting, call a special convention by March 1 for "a final decision" by the membership on the factional fight that has threatened to break up the union.

The board, supposedly divided 18 to 6 against Martin, removed him yesterday as editor of the United Automobile Worker and placed a publications committee of five in charge.

Martin said he would "press my demand for a special convention before the board and over the air or through letters to all UAW locals."

Mr. and Mrs. Ralph LaLonde have returned from Pasadena, Calif., where they have been for several weeks. They attended the Rose Bowl game New Year's and on route home stopped at El Paso for a visit with relatives.

Nelson Placed On Nine Committees

AUSTIN, Jan. 12—Selection of Senator G. H. Nelson of Lubbock as a member of nine senate committees was announced this week by Lieutenant Governor-elect Coke Stevenson.

Senator Nelson was named chairman of the judicial districts committee, and vice-chairman of the commerce and manufactures committee.

He was appointed a member of the highly important state affairs committee which will consider all old age pension bills, tax measures, liquor control, and other subjects of state-wide importance.

Nelson was appointed to the highways and motor traffic committee which will consider the question of raising the 7,000-pound load limit on trucks.

Other committees to which Nelson was appointed were counties and county boundaries, representative districts, senatorial districts, and state institutions and departments.

Germany Issues A Warning To Jews

BERLIN, Jan. 12 (AP)—Germany, angrily blaming Jews for mysterious shots fired at Nazi buildings in the Netherlands, warned today that Jews in Germany would be made to suffer if the incidents continued.

Nazi newspapers let loose a scathing blast against international Jewry, warning of the dire fate awaiting their German co-religionists if another attempt is made on the life of Germans.

DNE, official German news agency, said the German minister at The Hague had been instructed to make "energetic representations" to the Netherlands government over the alleged attacks.

(The German minister to the Netherlands called the incidents to the attention of the Dutch foreign minister in Amsterdam yesterday and a thorough investigation was promised.)

Writ Obtained To Halt The Arrest Of Truck Drivers

DALLAS, Jan. 12 (AP)—Four independent oil companies yesterday obtained a temporary court order restraining state and county officers from arresting their drivers on truck law violation charges.

District Judge Claude McCallum set Jan. 21 for the hearing on application for a temporary injunction.

Capt. John B. Draper of the state highway patrol, two patrolmen stationed at Terrell and four other peace officers were restrained from arresting drivers, holding trucks and cargo as evidence, refusing to weigh trucks and refusing to release property until after fines are paid.

The companies asked damages of \$600 for holding up their transfer of gasoline and oil from Longview to Tyler to Dallas and Denton. They charged drivers were fined at Terrell for overloading without the trucks having been weighed.

The companies are the Dixie Gas & Oil Co., Sharp Oil Co., and Odell Donoho, all of Dallas, and the Little Majors Oil Co. of Denton.

Other companies to which Nelson was appointed were counties and county boundaries, representative districts, senatorial districts, and state institutions and departments.

'BRONCHO BUSTERS' IN A NEW RADIO SHOW

A new program makes its bow to the local radio audience Thursday, at 7:45 p. m. when the "Broncho Busters" go on the air over KBST. This will be a weekly entertainment featuring the "Broncho Busters", five clever cowboys with fiddles, guitars, ten-gallon hats and very pleasing voices, and the "Bluebonnet Girl", Rose Marie, whose Helen Morganish voice will be heard in popular ballads and also in harmony with the "Broncho Busters" trio. This weekly revue of songs of the "round-up" is expected to be one of the most enjoyable of KBST's features. For their "premiere" the "Broncho Busters" will sing "Whistling Cowboy" and "Under A Texas Moon" while Rose Marie will offer "Exactly Like You" and will join the "Broncho Busters" trio in "Old Faithful". As master of ceremonies, Howard Carraway will call the shots.

Musica Brothers Are Re-Arrested On New Charges

NEW YORK, Jan. 12 (AP) — A move by District Attorney Thomas E. Dewey today blocked the road to freedom of two of the Musica brothers involved in the McKesson & Robbins drug company conspiracy case.

The third brother, George Verward-Arthur Musica, remained in federal jail because he reportedly could not raise \$5,000 bail.

Ironically, the Musica brothers—headed by the self-styled F. Donald Coster-Musica, president of McKesson & Robbins—are accused by government investigators of milking the huge firm of more than \$11,000,000.

Federal authorities released George Dietrich-Musica and Robert Dietrich-Musica yesterday after they provided bail of \$5,000 and \$3,000 respectively, but they were promptly re-arrested by District Attorney Dewey on charges of grand larceny. Dewey said their thefts in his jurisdiction might reach \$1,000,000. Bail of \$10,000 was set for George Musica and \$7,500 for Robert Musica. Dewey said the brothers would face possible maximum sentences of 25 years each if convicted.

VENIREMEN FACING PERJURY CHARGES

NEW YORK, Jan. 12 (AP) — Denouncing Brooklyn's jury selection system as "almost ridiculous and certainly shocking," Special Prosecutor John Harlan Amen today pressed perjury charges against nine veniremen.

The men were members of the same panel which supplied the extraordinary grand jury that indicted them late yesterday on charges of concealing criminal pasts in the hope of obtaining appointment to the jury.
